(b) The employer provides employees with a written statement delineating differential rates used by insurance
 carriers.

(3) It is not unlawful or an unfair employment practice under this section for an employer to refuse to hire, to
discharge, or otherwise disadvantage an individual with respect to compensation, terms, conditions, or privileges of
employment if that decision is based on:
(a) The individual’s failure to meet job-related standards set by the employer;
(b) An employer’s legitimate conflict of interest policy reasonably designed to protect the employer’s trade
secrets, proprietary information, or other proprietary interests;
(c) A bona fide occupational qualification or requirement, including qualifications or requirements implemented
by the employer to screen for respiratory diseases in occupations where the individual will be exposed to smoke and
noxious fumes; or
(d) The employer’s drug and alcohol free workplace program, including those adopted in response to federal
requirements.

(4) The court shall award the prevailing party in an action under this section court costs and reasonable
attorneys’ fees.

(5) The remedy for any individual claiming to be aggrieved by a violation of this section is a civil action for
damages for all wages and benefits deprived the individual by reason of the violation.

(6) An individual aggrieved by a violation of this section must file the civil action within six months after the
alleged unlawful or unfair employment practice or the discovery of that practice.

(7) Nothing in this section shall be applied to any matter that is also subject to collective bargaining between
the employer and the affected employee.

NEW SECTION. Sec. 2. A new section is added to chapter 49.44 RCW to read as follows:
Nothing in section 1 of this act precludes a religious or health organization whose tenets prohibit the use of an otherwise
lawful product or a company or nonprofit organization whose primary business purpose is the prevention of heart and
lung disease, from refusing to employ an individual who uses an otherwise lawful product.

NEW SECTION. Sec. 3. A new section is added to chapter 49.44 RCW to read as follows:
Sections 1 and 2 of this act do not apply to businesses with twenty-five employees or less.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held
invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "privacy;" strike the remainder of the title and insert "and adding new
sections to chapter 49.44 RCW."

and that the bill do pass as recommended by the Conference Committee.

Representatives R. Fisher and Betrozoff spoke in favor of passage of the bill as recommended by the Conference Committee.

Representative Belcher: Mr. Speaker, will Representative R. Fisher yield to a question?

Mr. Speaker: Representative Belcher, Representative R. Fisher does yield, state your question.

Representative Belcher: Representative R. Fisher, with regard to the language in subsection (6) on page 13, line 21 of the Senate striking amendment, is it your understanding that the prohibition on mitigating additional wetlands, beyond what is required by the 1987 manual, applies only to DOT's Program B - Interstate construction and 4-R projects?

Representative R. Fisher: Representative Belcher, Yes -- It applies only to projects on the Interstate highway system.

Representative Belcher: Representative R. Fisher, is the language intended in any way to require cities and counties to adopt the 1987 manual for wetlands mitigation?

Representative R. Fisher: Representative Belcher, No, this language in no way restricts the ability of cities and counties to adopt whatever ordinances they choose with regard to wetlands mitigation.

Representatives Belcher, Betrozoff and Kremen spoke in favor of passage of the bill as recommended by the Conference Committee.

SPEAKER’S RULING

The Speaker: (For previous action, see Journal, 58th Day, March 10, 1992.) Ruling on Point of Order raised by Representative Wang to the Senate amendments to House Bill No. 2514.
The House Bill was rather straightforward and dealt with an act relating to averaging income for senior citizens property tax exemption on the death of a spouse. The Senate in a procedural move not often used in the House opted to amended the title. This is a pretty good signal that when you have amend the title of the bill, that the amendment is not within the scope and object of the bill. The amendment offered tries to also amend property tax exemption for death in loss when determining disposal income. I fine Representative Wang your point is well taken, that the amendment offered by the Senate is outside the scope and object of the original bill.

MOTION

Mr. Wang moved that the House refuse to concur in the Senate amendments to House Bill No. 2514 and ask the Senate to recede therefrom. The motion was carried.

SPEAKER’S RULING

Mr. Speaker: (For previous action, see Journal, today, March 11, 1992.) Ruling on point of order by Representative Nelson, ruling on the scope and object of the Senate amendments to House Bill No. 2398. The original House Bill No. 2398 an act relating to volunteer fire fighter relief and pension fund increases annual contributions to the volunteer fire fighters pension and relief fund. The Senate amendments extends benefits, death, disability and pension benefits to volunteer emergency medical service personnel. The Speaker finds that the amendment broadens the purpose of the original bill. Representative Nelson, the Speaker finds that your point is well taken, the amendment is outside the scope and object of the bill.

Ms. Spanel moved that the House insist on its position regarding the Senate amendments to House Bill No. 2398 and ask the Senate to recede therefrom.

MOTION

Mr. Ebersole moved that the House revert to fourth order of business.

Mr. Ebersole moved that the rules be suspended, that Engrossed Substitute Senate Bill No. 6180 and Engrossed Senate Bill No. 6285 on today’s Introduction sheet be advanced to second reading Second reading and read the second time in full. The motion was carried.

There being no objection, the House advanced to the eleventh order of business.

MOTION

On motion of Mr. Ebersole, the House adjourned until 9:30 a. m., Thursday, March 12, 1992.

JOSEPH E. KING, Speaker

ALAN THOMPSON, Chief Clerk
The House was called to order at 9:30 a.m. by the Speaker (Mr. O'Brien presiding). The Clerk called the roll and all members were present except Representatives Carlson and Chandler. On motion of Ms. Casada, Representatives Carlson and Chandler were excused.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Lonnie Franklin and Emily Reiter. Prayer was offered by Reverend Joe Mason, Faith Lutheran Church of Lacey.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

Mr. Speaker:

Mr. President:
We of your Conference Committee, to whom was referred SUBSTITUTE SENATE BILL NO. 6428, relating to at-risk families, have had the same under consideration and we recommend that:

H-5148.2/92 be adopted; and

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that a primary goal of public involvement in the lives of children has been to strengthen the family unit.

However, the legislature recognizes that traditional two-parent families with one parent routinely at home are now in the minority. In addition, extended family and natural community supports have eroded drastically. The legislature recognizes that public policy assumptions must be altered to account for this new social reality. Public effort must be redirected to expand, support, strengthen, and help refashion family and community associations to care for children.

The legislature finds that a broad variety of services for children and families has been independently designed over the years and that the coordination and cost-effectiveness of these services will be enhanced through the adoption of a common approach to their delivery. The legislature further finds that the most successful programs for reaching and working with at-risk families and children treat individuals' problems in the context of the family, offer a broad spectrum of services, are flexible in the use of program resources, and use staff who are trained in crossing traditional program categories in order to broker services necessary to fully meet a family's needs.

The legislature further finds that eligibility criteria, expenditure restrictions, and reporting requirements of state and federal categorical programs often create barriers toward the effective use of resources for addressing the multiple problems of at-risk families and children.

The purposes of this chapter are (1) to modify public policy and programs to empower communities to support and respond to the needs of individual families and children and (2) to improve the responsiveness of services for children and families at risk by facilitating greater coordination and flexibility in the use of funds by state and local service agencies.

NEW SECTION. Sec. 2. A new section is added to chapter 74.14A RCW to read as follows:

To update, specify, and expand the policy stated in RCW 74.14A.020, the following is declared:

It is the policy of the state of Washington to promote:

(1) Family-oriented services and supports that:
(a) Respond to the changing nature of families; and
(b) Respond to what individuals and families say they need, and meet those needs in a way that maintains their dignity and respects their choices;

(2) Culturally relevant services and supports that:
(a) Explicitly recognize the culture and beliefs of each family and use these as resources on behalf of the family;
(b) Provide equal access to culturally unique communities in planning and programs, and day-to-day work, and actively address instances where clearly disproportionate needs exist; and
(c) Enhance every culture's ability to achieve self-sufficiency and contribute in a productive way to the larger community;

(3) Coordinated services that:
(a) Develop strategies and skills for collaborative planning, problem solving, and service delivery;
(b) Encourage coordination and innovation by providing both formal and informal ways for people to communicate and collaborate in planning and programs;
(c) Allow clients, vendors, community people, and other agencies to creatively provide the most effective, responsive, and flexible services; and
(d) Commit to an open exchange of skills and information; and expect people throughout the system to treat each other with respect, dignity, and understanding;

(4) Locally planned services and supports that:
(a) Operate on the belief that each community has special characteristics, needs, and strengths;
(b) Include a cross-section of local community partners from the public and private sectors, in the planning and delivery of services and supports; and
(c) Support these partners in addressing the needs of their communities through both short-range and long-range planning and in establishing priorities within state and federal standards;

(5) Community-based prevention that encourages and supports state residents to create positive conditions in their communities to promote the well-being of families and reduce crises and the need for future services;
(6) Outcome-based services and supports that:
   (a) Include a fair and realistic system for measuring both short-range and long-range progress and determining whether efforts make a difference;
   (b) Use outcomes and indicators that reflect the goals that communities establish for themselves and their children;
   (c) Work towards these goals and outcomes at all staff levels and in every agency; and
   (d) Provide a mechanism for informing the development of program policies;
(7) Customer service that:
   (a) Provides a climate that empowers staff to deliver quality programs and services;
   (b) Is provided by courteous, sensitive, and competent professionals; and
   (c) Upholds the dignity and respect of individuals and families by providing appropriate staff recognition, information, training, skills, and support;
(8) Creativity that:
   (a) Increases the flexibility of funding and programs to promote innovation in planning, development, and provision of quality services; and
   (b) Simplifies and reduces or eliminates rules that are barriers to coordination and quality services.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Comprehensive plan” means a two-year plan that examines available resources and unmet needs for a county or multicounty area, barriers that limit the effective use of resources, and a plan to address these issues that is broadly supported.

(2) "Participating state agencies” means the office of the superintendent of public instruction, the department of social and health services, the department of health, the employment security department, the department of community development, and such other departments as may be specifically designated by the governor.

(3) "Family policy council” or "council" means the superintendent of public instruction, the secretary of social and health services, the secretary of health, the commissioner of the employment security department, and the director of the department of community development or their designees, one legislator from each caucus of the senate and house of representatives, and one representative of the governor.

(4) "Outcome based” means defined and measurable outcomes and indicators that make it possible for communities to evaluate progress in meeting their goals and whether systems are fulfilling their responsibilities.

(5) "Matching funds” means an amount no less than twenty-five percent of the amount budgeted for a consortium’s project. Up to half of the consortium’s matching funds may be in-kind goods and services. Funding sources allowable for match include appropriate federal or local levy funds, private charitable funding, and other charitable giving. Basic education funds shall not be used as a match.

(6) "Consortium” means a diverse group of individuals that includes at least representatives of local service providers, service recipients, local government administering or funding children or family service programs, participating state agencies, school districts, existing children's commissions, ethnic and racial minority populations, and other interested persons organized for the purpose of designing and providing collaborative and coordinated services under this chapter. Consortiums shall represent a county, multicounty, or municipal service area. In addition, consortiums may represent Indian tribes applying either individually or collectively.

NEW SECTION. Sec. 4. To the extent that any power or duty of the council created according to this act may duplicate efforts of existing councils, commissions, advisory committees, or other entities, the governor is authorized to take necessary actions to eliminate such duplication. This shall include authority to consolidate similar councils or activities in a manner consistent with the goals of this act.

NEW SECTION. Sec. 5. (1) The family policy council shall annually solicit from consortiums proposals to facilitate greater flexibility, coordination, and responsiveness of services at the community level. The council shall consider such proposals only if:
   (a) A comprehensive plan has been prepared by the consortium; and
   (b) The consortium has identified and agreed to contribute matching funds as specified in section 3 of this act; and
   (c) An interagency agreement has been prepared by the family policy council and the participating local service and support agencies that governs the use of funds, specifies the relationship of the project to the principles listed in section 2 of this act, and identifies specific outcomes and indicators; and
   (d) Funds are to be used to provide support or services needed to implement a family’s or child’s case plan that are not otherwise adequately available through existing categorical services or community programs;
The consortium has provided written agreements that identify a lead agency that will assume fiscal and programmatic responsibility for the project, and identify participants in a consortium council with broad participation and that shall have responsibility for ensuring effective coordination of resources; and

(f) The consortium has designed into its comprehensive plan standards for accountability. Accountability standards include, but are not limited to, the public hearing process eliciting public comment about the appropriateness of the proposed comprehensive plan. The consortium must submit reports to the family policy council outlining the public response regarding the appropriateness and effectiveness of the comprehensive plan.

(2) The family policy council may submit a prioritized list of projects recommended for funding in the governor's budget document.

(3) The participating state agencies shall identify funds to implement the proposed projects from budget requests or existing appropriations for services to children and their families.

Sec. 6. RCW 28A.300.040 and 1991 c 116 s 2 are each amended to read as follows:

In addition to any other powers and duties as provided by law, the powers and duties of the superintendent of public instruction shall be:

(1) To have supervision over all matters pertaining to the public schools of the state.
(2) To report to the governor and the legislature such information and data as may be required for the management and improvement of the schools.
(3) To prepare and have printed such forms, registers, courses of study, rules and regulations for the government of the common schools, questions prepared for the examination of persons as provided for in RCW 28A.305.130(9), and such other material and books as may be necessary for the discharge of the duties of teachers and officials charged with the administration of the laws relating to the common schools, and to distribute the same to educational service district superintendents.
(4) To travel, without neglecting his or her other official duties as superintendent of public instruction, for the purpose of attending educational meetings or conventions, of visiting schools, of consulting educational service district superintendents or other school officials.
(5) To prepare and from time to time to revise a manual of the Washington state common school code, copies of which shall be provided in such numbers as determined by the superintendent of public instruction at no cost to those public agencies within the common school system and which shall be sold at approximate actual cost of publication and distribution per volume to all other public and nonpublic agencies or individuals, said manual to contain Titles 28A and 28C RCW, rules and regulations related to the common schools, and such other matter as the state superintendent or the state board of education shall determine. Proceeds of the sale of such code shall be transmitted to the public printer who shall credit the state superintendent's account within the state printing plant revolving fund by a like amount.
(6) To act as ex officio member and the chief executive officer of the state board of education.
(7) To file all papers, reports and public documents transmitted to the superintendent by the school officials of the several counties or districts of the state, each year separately. Copies of all papers filed in the superintendent's office, and the superintendent's official acts, may, or upon request, shall be certified by the superintendent and attested by the superintendent's official seal, and when so certified shall be evidence of the papers or acts so certified.
(8) To require annually, on or before the 15th day of August, of the president, manager, or principal of every educational institution in this state, a report as required by the superintendent of public instruction; and it is the duty of every president, manager or principal, to complete and return such forms within such time as the superintendent of public instruction shall direct.
(9) To keep in the superintendent's office a record of all teachers receiving certificates to teach in the common schools of this state.
(10) To issue certificates as provided by law.
(11) To keep in the superintendent's office at the capital of the state, all books and papers pertaining to the business of the superintendent's office, and to keep and preserve in the superintendent's office a complete record of statistics, as well as a record of the meetings of the state board of education.
(12) With the assistance of the office of the attorney general, to decide all points of law which may be submitted to the superintendent in writing by any educational service district superintendent, or that may be submitted to the superintendent by any other person, upon appeal from the decision of any educational service district superintendent; and the superintendent shall publish his or her rulings and decisions from time to time for the information of school officials and teachers; and the superintendent's decision shall be final unless set aside by a court of competent jurisdiction.
(13) To administer oaths and affirmations in the discharge of the superintendent's official duties.
To deliver to his or her successor, at the expiration of the superintendent's term of office, all records, books, maps, documents and papers of whatever kind belonging to the superintendent's office or which may have been received by the superintendent's for the use of the superintendent's office.

(15) To administer family services and programs to promote the state's policy as provided in section 2 of this act.

(16) To perform such other duties as may be required by law.

Sec. 7. RCW 43.63A.065 and 1990 1st ex.s. c 17 s 70 are each amended to read as follows:

The department shall have the following functions and responsibilities:

(1) Cooperate with and provide technical and financial assistance to the local governments and to the local agencies serving the communities of the state for the purpose of aiding and encouraging orderly, productive, and coordinated development of the state, and, unless stipulated otherwise, give priority to local communities with the greatest relative need and the fewest resources.

(2) Administer state and federal grants and programs which are assigned to the department by the governor or the legislature.

(3) Administer community services programs through private, nonprofit organizations and units of general purpose local government; these programs are directed to the poor and infirm and include community-based efforts to foster self-sufficiency and self-reliance, energy assistance programs, head start, and weatherization.

(4) Study issues affecting the structure, operation, and financing of local government as well as those state activities which involve relations with local government and report the results and recommendations to the governor, legislature, local government, and citizens of the state.

(5) Assist the governor in coordinating the activities of state agencies which have an impact on local governments and communities.

(6) Provide technical assistance to the governor and the legislature on community development policies for the state.

(7) Assist in the production, development, rehabilitation, and operation of owner-occupied or rental housing for low and moderate income persons, and qualify as a participating state agency for all programs of the Department of Housing and Urban Development or its successor.

(8) Support and coordinate local efforts to promote volunteer activities throughout the state.

(9) Participate with other states or subdivisions thereof in interstate programs and assist cities, counties, municipal corporations, governmental conferences or councils, and regional planning commissions to participate with other states or their subdivisions.

(10) Hold public hearings and meetings to carry out the purposes of this chapter.

(11) Provide a comprehensive state-level focus for state fire protection services, funding, and policy.

(12) Administer a program to identify, evaluate, and protect properties which reflect outstanding elements of the state's cultural heritage.

(13) Coordinate a comprehensive state program for mitigating, preparing for, responding to, and recovering from emergencies and disasters.

(14) Administer family services and programs to promote the state's policy as provided in section 2 of this act.

Sec. 8. RCW 43.70.020 and 1989 1st ex.s. c 9 s 103 are each amended to read as follows:

(1) There is hereby created a department of state government to be known as the department of health. The department shall be vested with all powers and duties transferred to it by this act and such other powers and duties as may be authorized by law. The main administrative office of the department shall be located in the city of Olympia. The secretary may establish administrative facilities in other locations, if deemed necessary for the efficient operation of the department, and if consistent with the principles set forth in subsection (2) of this section.

(2) The department of health shall be organized consistent with the goals of providing state government with a focus in health and serving the people of this state. The legislature recognizes that the secretary needs sufficient organizational flexibility to carry out the department's various duties. To the extent practical, the secretary shall consider the following organizational principles:

(a) Clear lines of authority which avoid functional duplication within and between subelements of the department;

(b) A clear and simplified organizational design promoting accessibility, responsiveness, and accountability to the legislature, the consumer, and the general public;

(c) Maximum span of control without jeopardizing adequate supervision;

(d) A substate or regional organizational structure for the department's health service delivery programs and activities that encourages joint working agreements with local health departments and that is consistent between programs;

(e) Decentralized authority and responsibility, with clear accountability;
(f) A single point of access for persons receiving like services from the department which would limit the number of referrals between divisions.

(3) The department shall provide leadership and coordination in identifying and resolving threats to the public health by:

(a) Working with local health departments and local governments to strengthen the state and local governmental partnership in providing public protection;
(b) Developing intervention strategies;
(c) Providing expert advice to the executive and legislative branches of state government;
(d) Providing active and fair enforcement of rules;
(e) Working with other federal, state, and local agencies and facilitating their involvement in planning and implementing health preservation measures;
(f) Providing information to the public; and
(g) Carrying out such other related actions as may be appropriate to this purpose.

(4) In accordance with the administrative procedure act, chapter 34.05 RCW, the department shall ensure an opportunity for consultation, review, and comment by the department’s clients before the adoption of standards, guidelines, and rules.

(5) Consistent with the principles set forth in subsection (2) of this section, the secretary may create such administrative divisions, offices, bureaus, and programs within the department as the secretary deems necessary. The secretary shall have complete charge of and supervisory powers over the department, except where the secretary’s authority is specifically limited by law.

(6) The secretary shall appoint such personnel as are necessary to carry out the duties of the department in accordance with chapter 41.06 RCW.

(7) The secretary shall appoint the state health officer and such deputy secretaries, assistant secretaries, and other administrative positions as deemed necessary consistent with the principles set forth in subsection (2) of this section. All persons who administer the necessary divisions, offices, bureaus, and programs, and five additional employees shall be exempt from the provisions of chapter 41.06 RCW. The officers and employees appointed under this subsection shall be paid salaries to be fixed by the governor in accordance with the procedure established by law for the fixing of salaries for officers exempt from the state civil service law.

(8) The secretary shall administer family services and programs to promote the state’s policy as provided in section 2 of this act.

NEW SECTION. Sec. 9. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall administer family services and programs to promote the state’s policy as provided in section 2 of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 50.08 RCW to read as follows:

The commissioner shall administer family services and programs to promote the state’s policy as provided in section 2 of this act.

NEW SECTION. Sec. 11. By June 30, 1995, the family policy council shall report to the appropriate committees of the legislature on the expenditures made, outcomes attained, and other pertinent aspects of its experience in the implementation of section 5 of this act.

NEW SECTION. Sec. 12. The juvenile issues task force reauthorized under chapter --, Laws of 1992 (either Engrossed Substitute House Bill No. 2466 or Second Substitute Senate Bill No. 6041), or the entity given the duties of the task force created in chapter 234, Laws of 1991, shall conduct a study to determine whether a network of consortia on children, youth, and families may be authorized to receive a transfer of authority to administer: (1) The program funds from council agencies including at least: (a) The prevention and early intervention programs that the department of social and health services contracted for with private agencies on January 1, 1992; (b) consolidated juvenile services within the department of social and health services; (c) all residential and foster care services within the department of social and health services; (d) drug and alcohol prevention under chapter 28A.170 RCW; (e) the Fair Start program from the superintendent of public instruction; (f) school psychological and social counseling services from the superintendent of public instruction; (g) school health and nutrition services from the superintendent of public instruction; (h) the early childhood education and assistance program in the department of community development; and (i) the first steps program and for other department of health funded health education and health promotion programs where the primary target population is children; (2) a requirement that consortia prepare two-year plans that respond at a minimum to needs assessments, interagency service plans, and the goals of local school districts, public health departments, juvenile courts, and children’s protective services; and (3) ways in which consortia can improve access to assistance that will strengthen the healthy family unit or community organizations, including at a minimum ways to reduce abuse of alcohol and illegal substances by children and their parents, and interpersonal violence and intentional injury to children. The study should
recommend specific financial incentives to encourage the transfer of authority as outlined under this section. The juvenile issues task force shall also assess existing resources and institutes on children and family services and recommend whether an institute on children and family services affiliated with a college or university be established, or, if existing, modified or expanded.

**NEW SECTION.** Sec. 13. A new section is added to chapter 74.14A RCW to read as follows:
The implementation of council, consortia, and institute, shall be included in all federal and state plans affecting the state’s children, youth, and families, including at least those required by this chapter and applicable federal law. These plans shall be consistent with the intent and requirements of this chapter.

**NEW SECTION.** Sec. 14. The legislature finds that there is an urgent and substantial need to:
(1) Enhance the development of infants and toddlers with disabilities in the state of Washington in order to minimize developmental delay and maximize individual potential and enhance the capability of families to meet the needs of their infants and toddlers with disabilities and maintain family integrity;
(2) Coordinate and enhance the state’s existing early intervention services to ensure a state-wide, community-based, coordinated, interagency program of early intervention services for infants and toddlers with disabilities and their families; and
(3) Facilitate the coordination of payment for early intervention services from federal, state, local, and private sources including public and private insurance coverage.

**NEW SECTION.** Sec. 15. For the purposes of implementing this chapter, the governor shall appoint a state birth-to-six interagency coordinating council and ensure that state agencies involved in the provision of, or payment for, early intervention services to infants and toddlers with disabilities and their families shall coordinate and collaborate in the planning and delivery of such services. The coordinating council shall report to the appropriate committees of the legislature on the implementation of this chapter by January 15, 1993.

No state or local agency currently providing early intervention services to infants and toddlers with disabilities may use funds appropriated for early intervention services for infants and toddlers with disabilities to supplant funds from other sources.

All state and local agencies shall ensure that the implementation of this chapter will not cause any interruption in existing early intervention services for infants and toddlers with disabilities.

Nothing in this chapter shall be construed to permit the restriction or reduction of eligibility under Title V of the Social Security Act, P.L. 90-248, relating to maternal and child health or Title XIX of the Social Security Act, P.L. 89-97, relating to medicaid for infants and toddlers with disabilities.

**NEW SECTION.** Sec. 16. State agencies providing or paying for early intervention services shall enter into formal interagency agreements with each other and with school districts, counties, and other providers, to define their relationships and financial and service responsibilities. Local agencies or entities, including local school districts, counties, and service providers receiving public money for providing or paying for early intervention services shall enter into formal interagency agreements with each other that define their relationships and financial responsibilities to provide services within each county. In establishing priorities, school districts, counties, and other service providers shall give due regard to the needs of children birth to three years of age and shall ensure that they continue to participate in providing services and collaborate with each other. The interagency agreements shall include procedures for resolving disputes, provisions for establishing maintenance requirements, and all additional components necessary to ensure collaboration and coordination.

**NEW SECTION.** Sec. 17. The state birth-to-six interagency coordinating council shall identify and work with county early childhood interagency coordinating councils to coordinate and enhance existing early intervention services and assist each community to meet the needs of infants and toddlers with disabilities and their families.

**NEW SECTION.** Sec. 18. Sections 14 through 17 of this act shall constitute a new chapter in Title 70 RCW.

**NEW SECTION.** Sec. 19. Sections 1 and 8 through 5 of this act shall constitute a new chapter in Title 70 RCW.

**NEW SECTION.** Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION.** Sec. 21. Sections 1 through 13 of this act shall take effect July 1, 1992.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2025, and passed the bill as amended by the Conference Committee,
and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

ESHB 2025

March 11, 1992

Includes "NEW ITEM": YES

Permitting employee payroll deductions to be deposited into banks or savings banks.
MR. PRESIDENT:
MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2025, Employee payroll deductions, have had the same under consideration and we recommend that:

The Senate Committee on Governmental Operations amendment(s) (2025-S.E AAS 3/3/92) not be adopted;

The Conference Committee striking amendment(s) (2025-S.E AMC CONF S4679.1) be adopted.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 41.04.230 and 1988 c 107 s 19 are each amended to read as follows:

Any official of the state authorized to disburse funds in payment of salaries and wages of public officers or employees is authorized, upon written request of the officer or employee, to deduct from the salaries or wages of the officers or employees, the amount or amounts of subscription payments, premiums, contributions, or continuation thereof, for payment of the following:

(1) Credit union deductions: PROVIDED, (That the credit union is organized solely for public employees: AND PROVIDED FURTHER,)) That twenty-five or more employees of a single state agency or a total of one hundred or more state employees of several agencies have authorized such a deduction for payment to the same credit union. An agency may, in its own discretion, establish a minimum participation requirement of fewer than twenty-five employees.

(2) Parking fee deductions: PROVIDED, That payment is made for parking facilities furnished by the agency or by the department of general administration.

(3) U.S. savings bond deductions: PROVIDED, That a person within the particular agency shall be appointed to act as trustee. The trustee will receive all contributions; purchase and deliver all bond certificates; and keep such records and furnish such bond or security as will render full accountability for all bond contributions.

(4) Board, lodging or uniform deductions when such board, lodging and uniforms are furnished by the state, or deductions for academic tuitions or fees or scholarship contributions payable to the employing institution.

(5) Dues and other fees deductions: PROVIDED, That the deduction is for payment of membership dues to any professional organization formed primarily for public employees or college and university professors: AND PROVIDED, FURTHER, That twenty-five or more employees of a single state agency, or a total of one hundred or more state employees of several agencies have authorized such a deduction for payment to the same professional organization.

(6) Labor or employee organization dues may be deducted in the event that a payroll deduction is not provided under a collective bargaining agreement under the provisions of RCW 41.06.150; PROVIDED, That twenty-five or more officers or employees of a single agency, or a total of one hundred or more officers or employees of several agencies have authorized such a deduction for payment to the same labor or employee organization: PROVIDED, FURTHER, That labor or employee organizations with five hundred or more members in state government may have payroll deduction for employee benefit programs.

(7) Voluntary deductions for political committees duly registered with the public disclosure commission and/or the federal election commission: PROVIDED, That twenty-five or more officers or employees of a single agency or a total of one hundred or more officers or employees of several agencies have authorized such a deduction for payment to the same political committee.

(8) Insurance contributions to the authority for payment of premiums under contracts authorized by the state health care authority.

(9) Deductions to a bank, savings bank, or savings and loan association if (a) the bank, savings bank, or savings and loan association is authorized to do business in this state; and (b) twenty-five or more employees of a single agency, or fewer, if a lesser number is established by such agency, or a total of one hundred or more state employees of several agencies have authorized a deduction for payment to the same bank, savings bank, or savings and loan association.

Deductions from salaries and wages of public officers and employees other than those enumerated in this section or by other law, may be authorized by the director of financial management for purposes clearly related to state employment or goals and objectives of the agency and for plans authorized by the state health care authority.
The authority to make deductions from the salaries and wages of public officers and employees as provided for in this section shall be in addition to such other authority as may be provided by law: PROVIDED, That the state or any department, division, or separate agency of the state shall not be liable to any insurance carrier or contractor for the failure to make or transmit any such deduction.

NEW SECTION. Sec. 2. A new section is added to chapter 41.04 RCW to read as follows:
Any official of any local political subdivision of the state, municipal corporation, or quasi-municipal corporation authorized to disburse funds in payment of salaries and wages of employees is authorized upon written request of any employee; to deduct all or part of such employee's salary or wages for payment to any bank, savings bank, credit union, or savings and loan association if (1) the bank, savings bank, credit union, or savings and loan association is authorized to do business in this state; and (2) twenty-five or more employees of a single local political subdivision, or fewer, if a lesser number is established by such local political subdivision, authorize such a deduction for payment to the same bank, savings bank, credit union, or savings and loan association.

On page 1, line 1 of the title, after "deductions;" strike the remainder of the title and insert "amending RCW 41.04.230; and adding a new section to chapter 41.04 RCW."

and that the bill do pass as recommended by the Conference Committee.

Signed by Senators Amondson, McMullen; Representatives Anderson, Spane!, Brumsickle.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2025 as recommended by the Conference Committee, and the bill passed the House by the following vote: Yeas - 97, Nays - 0, Absent - 0, Excused - 1.

Excused: Representative Chandler - 01.

Engrossed Substitute House Bill No. 2025 as recommended by the Conference Committee, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

Under suspension of rules, the Senate has adopted the report of the Conference Committee to:

ENGROSSED HOUSE BILL NO. 2680, and passed the bill as amended by the Conference Committee.

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.
Modifying provisions for the assessment and collection of taxes.

MR. PRESIDENT:

MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED HOUSE BILL NO. 2680, Tax assessment/collection, have had the same under consideration and we recommend that:

The amended Committee on Ways & Means amendment(s) (2680.E AAS 3/5/92) not be adopted;

The Conference Committee striking amendment(s) (2680.E AMC CONF S4642.3) be adopted,

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 82.04.170 and 1985 c 135 s 1 are each amended to read as follows:
"Tuition fee" includes library, laboratory, health service and other special fees, and amounts charged for room and board by an educational institution when the property or service for which such charges are made is furnished exclusively to the students or faculty of such institution. "Educational institution," as used in this section, means only those institutions created or generally accredited as such by the state, or defined as a degree granting institution under RCW (28B.85.010(3)) and accredited by an accrediting association recognized by the United States secretary of education, and offering to students an educational program of a general academic nature or those institutions which are not operated for profit and which are privately endowed under a deed of trust to offer instruction in trade, industry, and agriculture, but not including specialty schools, business colleges, other trade schools, or similar institutions.

Sec. 2. RCW 82.08.050 and 1986 c 36 s 1 are each amended to read as follows:
The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall
be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the ((fifteenth)) twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

Sec. 3. RCW 82.32.090 and 1991 c 142 s 11 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(5) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(6) The aggregate of penalties imposed under this section for failure to pay a tax due on a return by the due date, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed thirty-five percent of the tax due, or twenty dollars, whichever is greater.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

Sec. 4. RCW 82.32.180 and 1989 c 378 s 23 are each amended to read as follows:

Any person, except one who has failed to keep and preserve books, records, and invoices as required in this chapter and chapter 82.24 RCW, having paid any tax as required and feeling aggrieved by the amount of the tax may appeal to the superior court of Thurston county, within the time limitation for a refund provided in chapter 82.32 RCW or, if an application for refund has been made to the department within that time limitation, then within thirty days after rejection of the application, whichever time limitation is later. In the appeal the taxpayer shall set forth the amount of the tax imposed upon the taxpayer which the taxpayer concedes to be the correct tax and the reason why the tax should be reduced or abated. The appeal shall be perfected by serving a copy of the notice of appeal upon the department within the time herein specified and by filing the original thereof with proof of service with the clerk of the superior court of Thurston county. ((Within ten days after filing the notice of appeal, the taxpayer shall file with the clerk of the superior court a good and sufficient surety bond payable to the state in the sum of two hundred dollars, conditioned to diligently prosecute the appeal and pay the state all costs that may be awarded if the appeal of the taxpayer is not sustained.))

The trial in the superior court on appeal shall be de novo and without the necessity of any pleadings other than the notice of appeal. The burden shall rest upon the taxpayer to prove that the tax as paid by the taxpayer is incorrect, either in whole or in part, and to establish the correct amount of the tax. In such proceeding the taxpayer shall be deemed the plaintiff, and the state, the defendant; and both parties shall be entitled to subpoena the attendance of witnesses as
in other civil actions and to produce evidence that is competent, relevant, and material to determine the correct amount of the tax that should be paid by the taxpayer. Either party may seek appellate review in the same manner as other civil actions are appealed to the appellate courts.

It shall not be necessary for the taxpayer to protest against the payment of any tax or to make any demand to have the same refunded or to petition the director for a hearing in order to appeal to the superior court, but no court action or proceeding of any kind shall be maintained by the taxpayer to recover any tax paid, or any part thereof, except as herein provided.

The provisions of this section shall not apply to any tax payment which has been the subject of an appeal to the board of tax appeals with respect to which appeal a formal hearing has been elected.

Sec. 5. RCW 67.28.183 and 1988 c 61 s 2 are each amended to read as follows:

(1) The taxes levied under RCW 67.28.180 and 67.28.182) under this chapter shall not apply to emergency lodging provided for homeless persons for a period of less than thirty consecutive days under a shelter voucher program administered by an eligible organization.

(2) For the purposes of this exemption, an eligible organization includes only cities, towns, and counties, or their respective agencies, and groups providing emergency food and shelter services.

Sec. 6. RCW 82.29A.050 and 1975-'76 2nd ex.s. c 61 s 5 are each amended to read as follows:

(1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 shall be paid by the lessee to the lessor and the lessee shall collect such tax and remit the same to the department of revenue. The tax shall be payable at the same time as payments are due to the lessor for the use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment shall be accompanied by such information as the department of revenue may require. In the case of prepaid contract rent the payment may be prorated in accordance with instructions of the department of revenue and the prorated portion of the tax shall be due, one-half not later than May 31 and the other half not later than November 30 each year.

(2) The lessor receiving taxes payable under the provisions of this chapter shall remit the same together with a return provided by the department, to the department of revenue on or before the last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year. The lessee shall be fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessee shall constitute a debt from the lessee to the lessor. The tax required by this chapter shall be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax. PROVIDED, That taxes due where contract rent has not been paid shall be reported by the lessor to the department and the lessee alone shall be liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands shall report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessor would be required to report and remit the tax if such lessor were a state public entity.

Sec. 7. RCW 82.04.300 and 1983 c 3 s 213 are each amended to read as follows:

This chapter shall apply to any person engaging in any business activity taxable under RCW 82.04.230, 82.04.240, 82.04.250, 82.04.260, 82.04.270, 82.04.280 and 82.04.290 other than those whose gross income is less than one thousand dollars per month: PROVIDED, That one person engages in more than one business activity and the combined measures of the tax applicable to such businesses equal or exceed one thousand dollars per month, no exemption or deduction from the amount of tax is allowed by this section.

Any person claiming exemption under the provisions of this section may be required, according to rules adopted by the department, to file returns even though no tax may be due. PROVIDED, FURTHER, That the department of revenue may allow exemptions, by general rule or regulation, in those instances in which quarterly, semiannual, or annual returns are permitted. Exemptions for such periods shall be equivalent in amount to the total of exemptions for each month of a reporting period.

Sec. 8. RCW 82.32.030 and 1982 1st ex.s. c 4 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she shall, (whether taxable or not,) under such rules (and regulations) as the department of revenue shall prescribe, apply for and obtain from the department a registration certificate upon payment of fifteen dollars. Such registration certificate shall be personal and nontransferable and shall be valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted
at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is
transacted with the public shall be required, but, for such additional certificates no additional payment shall be required.
Each certificate shall be numbered and shall show the name, residence, and place and character of business of the
taxpayer and such other information as the department of revenue deems necessary and shall be posted in a conspicuous
place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer
must return to the department the existing certificate, and a new certificate will be issued for the new place of business
free of charge. No person required to be registered under this section shall engage in any business taxable hereunder
without first being so registered. The department, by rule, may provide for the issuance of certificates of registration, without requiring payment, to temporary places of business or to persons who are exempt from tax under RCW 82.04.300.
(2) Registration under this section is not required if the following conditions are met:
(a) A person's value of products, gross proceeds of sales, or gross income of the business is below the tax
reporting threshold provided in RCW 82.04.300;
(b) The person is not required to collect or pay to the department of revenue any other tax which the department
is authorized to collect; and
(c) The person is not otherwise required to obtain a license subject to the master application procedure provided
in chapter 19.02 RCW.
Sec. 9. RCW 82.03.130 and 1989 c 378 s 4 are each amended to read as follows:
The board shall have jurisdiction to decide the following types of appeals:
(1) Appeals taken pursuant to RCW 82.03.190.
(2) Appeals from a county board of equalization pursuant to RCW 84.08.130.
(3) Appeals by an assessor or landowner from an order of the director of revenue made pursuant to RCW
84.08.010 and 84.08.060, if filed with the board of tax appeals within thirty days after the mailing of the order, the right
to such an appeal being hereby established.
(4) Appeals by an assessor or owner of an intercounty public utility or private car company from determinations
by the director of revenue of equalized assessed valuation of property and the apportionment thereof to a county made
pursuant to chapter 84.12 RCW and 84.16 RCW, if filed with the board of tax appeals within thirty days after mailing
of the determination, the right to such appeal being hereby established.
(5) Appeals by an assessor, landowner, or owner of an intercounty public utility or private car company from
a determination of any county indicated ratio for such county compiled by the department of revenue pursuant to RCW
84.48.075: PROVIDED, That
(a) Said appeal be filed after review of the ratio under RCW 84.48.075(3) and not later than fifteen days after
the mailing of the certification; and
(b) The hearing before the board shall be expeditiously held in accordance with rules prescribed by the board
and shall take precedence over all matters of the same character.
(6) Appeals from the decisions of sale price of second class shorelands on navigable lakes by the department
of natural resources pursuant to RCW 79.94.210.
(7) Appeals from urban redevelopment property tax apportionment district proposals established by governmental
ordinances pursuant to RCW 39.88.060.
(8) Appeals from interest rates as determined by the department of revenue for use in valuing farmland under
current use assessment pursuant to RCW 84.34.065.
(9) Appeals from revisions to stumpage value tables used to determine value by the department of revenue
pursuant to RCW 84.33.091.
(10) Appeals from denial of tax exemption application by the department of revenue pursuant to RCW
84.36.850.
(11) Appeals pursuant to RCW 84.40.038(2).
Sec. 10. RCW 84.08.130 and 1989 c 378 s 7 are each amended to read as follows:
Any taxpayer or taxing unit feeling aggrieved by the action of any county board of equalization may appeal to the board
of tax appeals by filing with the county auditor a notice of appeal in duplicate within thirty days after the mailing of the
decision of such board of equalization, which notice shall specify the actions complained of, and said auditor shall
forthwith transmit one of said notices to the board of tax appeals; and in like manner any county assessor may appeal to the
board of tax appeals from any action of any county board of equalization. There shall be no fee charged for the
filing of an appeal. The petitioner shall provide a copy of the notice of appeal to all named parties within the time period
provided in the rules of practice and procedure of the board of tax appeals. Appeals which are not filed as provided in
this section shall be continued or dismissed. The board of tax appeals shall require the board appealed from to file a true
and correct copy of its decision in such action and all evidence taken in connection therewith, and may receive further
Sec. 1. RCW 84.40.038 and 1988 c 222 s 19 are each amended to read as follows:

(1) The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment or within thirty days after the date an assessment or value change notice has been mailed, whichever is later.

(2) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board.

Sec. 12. RCW 84.48.065 and 1989 c 378 s 14 are each amended to read as follows:

(1) The county assessor or treasurer may cancel or correct assessments on the assessment or tax rolls which are erroneous due to manifest errors in description, double assessments, clerical errors in extending the rolls, and such manifest errors in the listing of the property which do not involve a revaluation of property, such as the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county assessor cancels or corrects an assessment, the assessor shall send a notice to the taxpayer in accordance with RCW 84.40.045, advising the taxpayer that the action (of the county assessor is not final and shall be considered by the county board of equalization, and that such notice shall constitute legal notice of such fact) has been taken and notifying the taxpayer of the right to appeal the cancellation or correction to the county board of equalization, in accordance with RCW 84.40.038. When the county assessor or treasurer cancels or corrects an assessment, a record of such action shall be prepared (and filed with the county board of equalization), setting forth therein the facts relating to the error. The record shall also set forth by legal description all property belonging exclusively to the state, any county, or any municipal corporation whose property is exempt from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county

Sec. 13. RCW 84.36.385 and 1988 c 222 s 10 are each amended to read as follows:

The county board of equalization shall convene on a day fixed by the board for the purpose of considering such matters as appear in the record filed by the county assessor or treasurer.)

(2) An assessor shall make corrections that involve a revaluation of property to the assessment roll when:

(a) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and

(b) The following conditions are met:

(i) The assessment roll has previously been certified in accordance with RCW 84.40.320;

(ii) The taxpayer has timely filed a petition with the county board of equalization pursuant to RCW 84.40.038 for the current assessment year;

(iii) The county board of equalization has not yet held a hearing on the merits of the taxpayer's petition;

(3) The assessor shall issue a supplementary roll or rolls including such cancellations and corrections, and the assessment and levy shall have the same force and effect as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified.

The county board of equalization shall convene on a day fixed by the board for the purpose of considering such matters as appear in the record filed by the county assessor or treasurer.)

(2) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board.
(1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, shall be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished by the department of revenue. However, an exemption from tax under RCW 84.36.381 shall continue for no more than four years unless a renewal application is filed as provided in subsection (3) of this section. The county assessor may also require, by written notice, a renewal application following an amendment of the income requirements set forth in RCW 84.36.381. Renewal applications shall be on forms prescribed and furnished by the department of revenue.

(2) A person granted an exemption under RCW 84.36.381 shall inform the county assessor of any change in status affecting the person’s entitlement to the exemption on forms prescribed and furnished by the department of revenue.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter, shall file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of the requirement to file the renewal application.

(4) Beginning in 1992 and in each of the three succeeding years, the county assessor shall notify approximately one-fourth of those persons exempt from taxes under RCW 84.36.381 in the current year who have not filed a renewal application within the previous four years, of the requirement to file a renewal application.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption shall be denied but such denial shall be subject to appeal under the provisions of RCW 84.48.010(5). If the applicant had received exemption in prior years based on erroneous information, the taxes shall be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed three years.

(6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information shall be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties.

Sec. 14. RCW 84.36.387 and 1980 c 185 s 6 are each amended to read as follows:

(1) All claims for exemption shall be made and signed by the person entitled to the exemption, by his or her attorney in fact or in the event the residence of such person is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, by such holder or by the owner, either before two witnesses or the county assessor or his deputy in the county where the real property is located: PROVIDED, That if a claim for exemption is made by a person living in a cooperative housing association, corporation, or partnership, such claim shall be made and signed by the person entitled to the exemption and by the authorized agent of such cooperative.

(2) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption shall be denied but such denial shall be subject to appeal under the provisions of RCW 84.48.010(5). If the applicant had received exemption in prior years based on erroneous information, the taxes shall be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed three years.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter, shall file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of the requirement to file the renewal application.

(4) Beginning in 1992 and in each of the three succeeding years, the county assessor shall notify approximately one-fourth of those persons exempt from taxes under RCW 84.36.381 in the current year who have not filed a renewal application within the previous four years, of the requirement to file a renewal application.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption shall be denied but such denial shall be subject to appeal under the provisions of RCW 84.48.010(5). If the applicant had received exemption in prior years based on erroneous information, the taxes shall be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed three years.

(6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information shall be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties.

Sec. 15. RCW 82.32.040 and 1971 ex.s. c 299 s 15 & 1961 c 15 s 82.32.040 are each repealed.

NEW SECTION. Sec. 16. This act shall take effect July 1, 1992, except sections 7 and 8 of this act which shall take effect January 1, 1993, and sections 9 through 12 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1992.

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The Senate has adopted the report of the Conference Committee on:

SUBSTITUTE HOUSE BILL NO. 2720, and passed the bill as amended by the Conference Committee,

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

SHB 2720

March 11, 1992

Includes "NEW ITEM": YES

Studying longshore and harbor worker's insurance needs.
MR. PRESIDENT:
MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE HOUSE BILL NO. 2720, Longshore and harbor workers, have had the same under consideration and we recommend that:

The Senate Commerce & Labor Committee amendment(s) (2720-S AAS 3/6/92) not be adopted, and

The Conference Committee amendment(s) (2720-S AMC CONF S4676.1) be adopted,

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that the continued existence of a strong and healthy maritime industry in this state is threatened by the unavailability and excessive cost of workers' compensation coverage required by the United States longshoreman's and harbor worker's compensation act. The legislature, therefore, acting under its authority to protect industry and employment in this state hereby establishes a commission to devise and implement both a near and long-term solution to this problem, for the purpose of maintaining employment for Washington workers and a vigorous maritime industry.

NEW SECTION. Sec. 2. A new section is added to chapter 48.22 RCW to read as follows:
(1) Before July 1, 1992, the commissioner shall adopt rules establishing a reasonable plan to insure that workers' compensation coverage as required by the United States longshoreman's and harbor worker's compensation act, 33 U.S.C. Secs. 901 through 950, and maritime employer's liability coverage incidental to the workers' compensation coverage is available to those unable to purchase it through the normal insurance market. This plan shall require the participation of all authorized insurers writing primary and excess workers' compensation insurance or reinsurance and the Washington state industrial insurance fund as defined in RCW 51.08.175 which is authorized to participate in the plan and to make payments in support of the plan in accordance with this section. Any underwriting losses incurred by the plan shall be shared by plan participants in accordance with the following ratios: The state industrial insurance fund, fifty percent; authorized insurers writing United States longshoreman's and harbor workers' compensation insurance, forty-eight percent; and authorized insurers writing excess workers' compensation insurance or reinsurance, two percent.

(2) The Washington state industrial insurance fund shall obtain or provide coverage for the plan created under subsection (1) of this section on an excess of loss basis that would cover plan losses exceeding the net earned and retained premiums written including investment income of the plan as negotiated between the state fund and the plan. If such coverage is not provided by July 1, 1992, or if the commissioner determines that the premium to be charged for such coverage would result in unaffordable rates for coverage provided by the plan, the industrial insurance fund shall be relieved of responsibility for obtaining or providing excess of loss coverage. In considering whether excess of loss coverage premiums would result in unaffordable rates for workers' compensation coverage provided by the plan, the commissioner shall compare the resulting plan rates to those provided under any similar pool or plan of other states in existence prior to July 1, 1992.

(3) An applicant for plan insurance, a person insured under the plan, or an insurer, affected by a ruling or decision of the manager or committee designated to operate the plan may appeal to the commissioner for resolution of a dispute. In adopting rules under this section, the commissioner shall require that the plan use generally accepted actuarial principles for rate making.

NEW SECTION. Sec. 3. A new section is added to chapter 48.22 RCW to read as follows:
Before April 15, 1992, the commissioner shall appoint a committee to provide assistance in drafting the rules required by section 2 of this act. After July 1, 1992, the committee shall assist the commissioner in overseeing the operation of the plan. The committee shall consist of at least eight members. The commissioner and the director of the department of labor and industries shall be members. The remaining members shall be selected to insure equal representation of authorized insurers writing primary or excess workers' compensation insurance, insurance producers, organized labor, and maritime employers.

NEW SECTION. Sec. 4. A new section is added to chapter 48.22 RCW to read as follows:
The committee appointed pursuant to section 3 of this act shall submit a report to the legislature no later than January 1, 1993, that examines all aspects of the United States longshoreman's and harbor worker's act, 22 U.S.C. Secs. 901 through 950, coverage, and incidental maritime liability coverage, as it applies to Washington workers and employers.
This study shall include but not be limited to the ability of private insurers to provide affordable coverage to eligible employers; whether the Washington state industrial insurance fund should participate in the plan adopted pursuant to section 2 of this act; whether there are methods that will satisfy the intent of chapter ... Laws of 1992 (this act) that will not involve the Washington state industrial insurance fund; and the feasibility of requiring that this coverage be made directly available through the Washington state industrial insurance fund.

NEW SECTION. Sec. 5. A new section is added to chapter 48.15 RCW to read as follows:

An unauthorized insurer shall not solicit or provide federally required longshore and harbor workers' insurance on subjects located, resident, or to be performed within the state.

NEW SECTION. Sec. 6. This act shall expire on July 1, 1993.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 2 of the title, after "insurance;" strike the remainder of the title and insert "adding new sections to chapter 48.22 RCW; adding a new section to chapter 48.15 RCW; creating a new section; providing an expiration date; and declaring an emergency."

and that the bill do pass as recommended by the Conference Committee.

Signed by Senators McMullen, Sellar; Representatives R. Meyers, Dellwo, Broback.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 2720 as recommended by the Conference Committee, and the bill passed the House by the following vote:

Yeas - 95, Nays - 2, Absent - 0, Excused - 1.
Excused: Representative Chandler - 01.

Substitute House Bill No. 2720 as recommended by the Conference Committee, having received the constitutional majority, was declared passed.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6180, by Senate Committee on Education (originally sponsored by Senators Bailey, Erwin, Oke, Barr, Nelson and Skratek)

Protecting education programs.

The bill was read the second time.

The following amendment to Engrossed Substitute Senate Bill No. 6180, by Representatives G. Fisher, Brough and Peery was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) A student's ability to learn can be adversely impacted by a number of factors, including but not limited to: Lack of parent involvement and support; child abuse and neglect; poverty, including parental
unemployment or underemployment; family transiency and homelessness; drug and alcohol abuse; poor health and nutrition; crime; and peer influence.

(2) The legislature finds that:
(a) Prevention and intervention services at the elementary school level can offer early identification, encouragement, and follow-up of each child's special interests, creative talents, and particular abilities as well as identification of and cooperative assistance with learning, emotional, environmental, social, or physical obstacles to normal child growth and development; and
(b) The provision of counseling and related prevention and intervention services at the elementary school level can contribute to enhancement of the classroom environment for students and teachers, and better enable students to realize their academic and personal potential.
(c) The legislature finds that services should be provided to the extent possible by public or private human service agencies.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 7 of this act.
(1) "Child intervention specialist" or "community-based public or private human service provider" means a person who provides early intervention and prevention services and includes but is not limited to services provided by licensed mental health professionals, child psychiatrists, health care providers, social service caseworkers or social workers, school counselors, school psychologists, school nurses, and school social workers.
(2) "Early grades," "elementary grades," and "elementary level" mean kindergarten through grade six and may include preschool age children served by the school district.
(3) "Elementary grades prevention and intervention program" means a district-wide program or plan of early detection, prevention, and intervention of learning, emotional, environmental, social, or physical problems of elementary students, that addresses student and family needs; the appropriate use and roles of child intervention specialists, including training and necessary supervision; interprofessional cooperation; and interagency, public and private, collaboration and coordination of the planning, delivery, and evaluation of programs and services.
(4) "Early intervention services" means services that are provided to address social and emotional factors that can affect student performance and behavior and that are provided when problems just begin to emerge.
(5) "Prevention services" means services that are provided to address social and emotional factors that can affect student performance and behavior and that are provided to students before problems occur.
(6) "Superintendent" means the superintendent of public instruction.

NEW SECTION. Sec. 3. (1) From funds appropriated by the legislature, the superintendent shall establish the fair start program to assist school districts in providing prevention and intervention programs for elementary grade students. The fair start program shall not become a part of the state's basic program of education obligation as set forth under Article IX of the state Constitution.
(2) The superintendent shall distribute funds equitably to all school districts based on the district's enrollment in grades kindergarten through six. However, the allocations for school districts enrolling fewer than one thousand full-time equivalent students shall be distributed to the educational service district in which the district is located. The educational service district shall use the allocation to provide early intervention and prevention services under a cooperative agreement between the district and the educational service district. Educational service districts shall coordinate the use of staff and resources to serve school districts. Fair start funds shall not be used to replace funding for existing activities. However, any district currently providing elementary students with prevention and intervention services that loses the source of funding for those services, for reasons beyond the control of the district, may use fair start funds to continue or enhance the existing level of prevention and intervention services.
(3) Two or more school districts may cooperatively administer an elementary prevention and intervention program. An educational service district may administer a program on behalf of one or more school districts.

NEW SECTION. Sec. 4. (1) School districts and educational service districts accepting fair start funds shall submit not later than June 1, 1993, the following information to the superintendent:
(a) District goals relating to prevention and early intervention services for elementary students and the district's plan, based on the goals, for providing prevention and early intervention services to students. To ensure delivery of appropriate services to students through a coordinated network of service providers, districts shall document that community-based public and/or private human service providers, district-level and building-level staff and administrators, and parents participated in developing the goals and plan;
(b) Documentation of written interagency agreements or contracts between school and educational service districts, and public and/or private community-based human service providers to provide prevention and early intervention services to students;
(c) Procedures for notifying parents or guardians regarding the referral of students for prevention and intervention services and liability issues relating to the provision of prevention and intervention services to students outside school buildings;
(d) Use of grant funds for prevention and intervention-related inservice purposes, including as necessary and appropriate, multicultural inservice training; and
(e) Other information as requested by the superintendent.
(2) To the greatest extent possible, the delivery of prevention and early intervention services to students:
(a) Shall not be duplicative of other programs;
(b) Shall be consistent with the applicable children's mental health delivery system developed under chapter 71.36 RCW;
(c) Shall emphasize the most efficient and cost-effective use of fair start funds; and
(d) Shall be provided on a twelve-month basis.
(3) When using school personnel to provide prevention and intervention services, school districts are encouraged to utilize para-professionals.
(4) School districts and educational service districts accepting fair start funds shall enter into written interagency agreements with community-based public and/or private human service providers to assure delivery of appropriate services to students.

NEW SECTION. Sec. 5. (1) Districts shall use fair start funds to provide prevention and intervention services to students with priority given to students based on need. Districts shall establish the criteria determining need.
(2) Funds from the fair start program regarding health care shall be used only for services and information relating to nutrition and poor health.
(3) Nothing under sections 2 through 7 of this act precludes a district from incorporating a primary intervention program model or a family support worker model as part of the district's fair start program.

NEW SECTION. Sec. 6. The superintendent of public instruction may adopt rules as necessary under chapter 34.05 RCW to implement sections 2 through 5 of this act.

NEW SECTION. Sec. 7. Upon request, the superintendent shall provide information to districts regarding how other districts have used fair start funds locally or how other districts have established interagency agreements with community-based public and/or private human service providers under section 4 of this act.

NEW SECTION. Sec. 8. Sections 2 through 7 of this act are each added to chapter 28A.600 RCW.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "adding new sections to chapter 28A.600 RCW; and creating a new section."

SIXTIETH DAY, MARCH 12, 1992

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

Under suspension of rules, the Senate has adopted the report of the Conference Committee on:

HOUSE BILL NO. 2932, and passed the bill as amended by the Conference Committee, and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

HB 2932

March 11, 1992

Includes "NEW ITEM": YES

Revising the Washington technology center.

MR. PRESIDENT:
MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred HOUSE BILL NO. 2932, Washington technology center, have had the same under consideration and we recommend that:

The Senate Committee on Commerce & Labor striking amendment(s) (2932 AAS 3/5/92) not be adopted, and

The Conference Committee striking amendment(s) (2932 AMC CONF S4693.1) be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the development and commercialization of new technology is a vital part of economic development.

The legislature also finds that it is in the interests of the state of Washington to provide a mechanism to transfer and apply research and technology developed at the institutions of higher education to the private sector in order to create new products and technologies which provide job opportunities in advanced technology for the citizens of this state.

It is the intent of the legislature that the University of Washington, the Washington State University, and the department of trade and economic development work cooperatively with the private sector in the development and implementation of a world class technology transfer program.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28B.20.285 and sections 3 through 8 of this act.

(1) "Technology center" means the Washington technology center, including the affiliated staff, faculty, facilities, and research centers operated by the technology center.

(2) "Board" means the board of directors of the Washington technology center.

(3) "High technology" or "technology" includes but is not limited to the modernization, miniaturization, integration, and computerization of electronic, hydraulic, pneumatic, laser, mechanical, robotics, nuclear, chemical,
telecommunication, and other technological applications to enhance productivity in areas including but not limited to manufacturing, communications, medicine, bioengineering, and commerce.

Sec. 3. RCW 28B.20.285 and 1983 1st ex.s. c 72 s 11 are each amended to read as follows:

A Washington technology center is created at the University of Washington. The Washington high-technology center shall provide: (1) An interdisciplinary program to support major high technology education and research initiatives within the state; (2) the resources necessary for research and development programs in high technology; (3) quality training for advanced undergraduate and graduate students in high technology; and (4) interdisciplinary approaches to instruction and research in high technology fields.

The Washington high-technology center shall be administered by the board of regents with the advice of the high-technology coordinating board. The University of Washington shall make the facilities of the Washington high-technology center available to other institutions of higher education when specific program needs so require) to be a collaborative effort between the state's universities, private industry, and government. The technology center shall be headquartered at the University of Washington. The mission of the technology center shall be to perform and commercialize research on a state-wide basis that benefits the intermediate and long-term economic vitality of the state of Washington, and to develop and strengthen university-industry relationships through the conduct of research that is primarily of interest to Washington-based companies or state economic development programs. The technology center shall:

1. Perform and/or facilitate research supportive of state science and technology objectives, particularly as they relate to state industries;
2. Provide leading edge collaborative research and technology transfer opportunities primarily to state industries;
3. Provide substantial opportunities for training undergraduate and graduate students through direct involvement in research and industry interactions;
4. Emphasize and develop nonstate support of the technology center's research activities; and
5. Provide a forum for effective interaction between the state's technology-based industries and its academic research institutions through promotion of faculty collaboration with industry, particularly within the state.

NEW SECTION. Sec. 4. (1) The technology center shall be administered by the board of directors of the technology center.

(2) The board shall consist of the following members: Fourteen members from among individuals who are associated with or employed by technology-based industries and have broad business experience and an understanding of high technology; eight members from the state's universities with graduate science and engineering programs; the executive director of the Spokane Intercollegiate Research and Technology Institute or his or her designated representative; the provost of the University of Washington or his or her designated representative; the provost of the Washington State University or his or her designated representative; and the director of the state department of trade and economic development or his or her designated representative. The term of office for each board member, excluding the executive director of the Spokane Intercollegiate Research and Technology Institute, the provost of the University of Washington, the provost of the Washington State University, and the director of the state department of trade and economic development, shall be three years. The executive director of the technology center shall be an ex officio, nonvoting member of the board. The board shall meet at least quarterly. Board members shall be appointed by the governor based on the recommendations of the existing board of the technology center, and the research universities. The governor shall stagger the terms of the first group of appointees to ensure the long term continuity of the board.

(3) The duties of the board include:
(a) Developing the general operating policies for the technology center;
(b) Appointing the executive director of the technology center;
(c) Approving the annual operating budget of the technology center;
(d) Establishing priorities for the selection and funding of research projects that guarantee the greatest potential return on the state's investment;
(e) Approving and allocating funding for research projects conducted by the technology center, based on the recommendations of the advisory committees for each of the research centers;
(f) In cooperation with the department of trade and economic development, developing a biennial work plan and five-year strategic plan for the technology center that are consistent with the state-wide technology development and commercialization goals;
(g) Coordinating with the University of Washington, Washington State University, and other participating institutions of higher education in the development of training, research, and development programs to be conducted at the technology center that shall be targeted to meet industrial needs;
(h) Assisting the department of trade and economic development in the department’s efforts to develop state science and technology public policies and coordinate publicly funded programs;

(i) Reviewing annual progress reports on funded research projects that are prepared by the advisory committees for each of the research centers;

(j) Providing an annual report to the governor and the legislature detailing the activities and performance of the technology center; and

(k) Submitting annually to the department of trade and economic development an updated strategic plan and a statement of performance measured against the mission, roles, and contractual obligations of the technology center.

NEW SECTION. Sec. 5. The University of Washington, Washington State University, and other participating institutions of higher education shall provide the affiliated staff, faculty, and facilities required to support the operation of the technology center.

NEW SECTION. Sec. 6. The department of trade and economic development shall contract with the University of Washington for the expenditure of state-appropriated funds for the operation of the Washington technology center. The department of trade and economic development shall provide guidance to the technology center regarding expenditure of state-appropriated funds and the development of the center’s strategic plan. The director of the department of trade and economic development shall not withhold funds appropriated for the technology center if the technology center complies with the provisions of its contract with the department of trade and economic development. The department shall be responsible to the legislature for the contractual performance of the center.

NEW SECTION. Sec. 7. The facilities of the technology center shall be made available to other institutions of higher education within the state when this would benefit specific program needs.

NEW SECTION. Sec. 8. Sections 1, 2, and 4 through 7 of this act are each added to chapter 28B.20 RCW.

On page 1, line 1 of the title, after "center;" strike the remainder of the title and insert "amending RCW 28B.20.285; and adding new sections to chapter 28B.20 RCW."

and that the bill do pass as recommended by the Conference Committee.

Signed by Senators Bluechel, Gaspard, Sellar: Representatives Cantwell, Jacobsen, Forner.

RESOLUTION

WHEREAS, The people of Burien have voted overwhelmingly to incorporate their community and create a city of 27,700 residents. Burien is now the twenty-second largest city in the State of Washington; and

WHEREAS, The move to incorporate will help retain the identity of the community of Burien, preventing the community from being carved up and divided between other cities or being swallowed up by King County; and

WHEREAS, Community identity is increasingly important for responsive local government as well as a sense of well-being and a feeling of mutual interest and interdependence; and

WHEREAS, The people of Burien are living under the threat of the expansion of Sea-Tac Airport and the construction of cross-Sound bridges from Seahurst near Burien to Vashon Island. Either project could have deleterious impacts on the quality of life for the residents of Burien; and

WHEREAS, The creation of a city that is more responsive to the concerns of residents who would be seriously affected by such huge projects with undesirable local impacts may be the best strategy for getting a full and fair hearing of those concerns by the decision-makers involved with these proposals; and

WHEREAS, The long-running struggle to incorporate in Burien, an effort which has seen four setbacks at the polls, has finally been successful and has shown the vision and dedication of the local leadership; and

WHEREAS, There is every reason to expect that better government services and a stronger sense of community will combine to produce a brighter future and an improved quality of life for Burien residents;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the State of Washington welcome the city of Burien to the ranks of incorporated cities of the state; and

BE IT FURTHER RESOLVED, That its residents be recognized as a part of the newest city in Washington.

Representatives Valle, Mitchell, Haugen and Brough moved adoption of the resolution, and spoke in favor.

House Resolution No. 92-4778 was adopted.
With consent of the House, we will revert to the fourth order of business.

Mr. Ebersole moved that the rules be suspended that Substitute Senate Bill No. 6483, be advanced to second reading and read the second time in full. The motion was carried.

SUBSTITUTE SENATE BILL NO. 6483, by Senate Committee on Ways & Means (originally sponsored by Senators Matson, Murray and Bluechel)

Modifying provisions relating to weights and measures.

The bill was read the second time.

With consent of the House we will advance Substitute Senate Bill No. 6483 to third, and final passage.

Representatives Wang, Wynn and Brumsickel spoke in favor of the passage of the bill. Representatives McLean and Nealey spoke against.

Mr. Zellinsky demanded the previous question. The demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 6483, and the bill passed the House by the following vote: Yeas - 72, Nays - 25, Absent - 0, Excused - 1.

Excused: Representative Chandler - 01.

Substitute Senate Bill No. 6483, having received the constitutional majority, was declared passed.

STATEMENT FOR THE JOURNAL

I had intended to vote NO on Substitute Senate Bill No. 6483, but was inadvertently counted as a YES.

State facilities planning: To develop designs and plans to accommodate agency housing needs in Thurston county (92-5-100) (92-5-101) (92-5-108) (92-5-102)

Of the appropriation in this subsection:
(a) $750,000 is provided (solely) to develop master plans for satellite campuses to be located in the cities of Lacey and Tumwater, and a facility plan, developed in consultation with the city of Olympia, which includes mixed use in the downtown Olympia area. The plans shall provide for the siting of consumer services within walking distance of the major areas of concentration of state employees;
(b) $300,000 is provided (solely) to develop a facility implementation strategy for Thurston county. The implementation strategy shall include, but not be limited to, identification of agency space requirements and opportunities for co-location with other agencies, and an organizational process for developing specific project proposals and establishing implementation timelines;
(c) $250,000 is provided (solely) to develop a master plan for light industrial facility needs in Thurston county; and
(d) $200,000 is provided (solely) for a geotechnical and hydrological survey of the Capitol Campus.

The (master) plans and implementation strategy developed under this subsection shall incorporate transportation management and housing density principles designed to reduce commuter congestion and reliance on single-occupancy automobiles.
### Appropriation:

NEW SECTION. Sec. 4. A new section is added to chapter 14, Laws of 1991 sp.s. to read as follows:

FOR THE DEPARTMENT OF INFORMATION SERVICES

(1) Data center and office building: To plan for and design a new data center and office building (93-2-001)

The appropriation in this subsection shall not be expended for building design until:
(a) The site has been recommended by the capitol campus design advisory committee and approved by the state capitol committee; and
(b) The project predesign documents have been reviewed and approved by the office of financial management under section 33 of this act. During the review and approval of predesign and design documents for this project, the office of financial management shall ensure that the sizing and design of the data center minimizes construction costs, provides for flexible facility use, and is consistent with the state’s long-term requirements for centralized mainframe-based computing.

(2) Grays Harbor dredging (88-3-006)

The appropriation in this subsection is subject to the following conditions and limitations:

(a) The appropriation is provided solely for the state's share of costs for Grays Harbor dredging, dike construction, bridge relocation, and related expenses.

(b) Expenditure of moneys from this appropriation is contingent on the authorization of $40,000,000 and an initial appropriation of at least $13,000,000 from the United States army corps of engineers and the authorization of at least $10,000,000 from the local government for the project. Up to $3,500,000 of the local government contribution for the first year on the project may be composed of property, easements, rent adjustments, and other expenditures specifically for the purposes of this appropriation if approved by the army corps of engineers. State funds shall be disbursed at a rate not to exceed one dollar for every four dollars of federal funds expended by the army corps of engineers and one dollar from other nonstate sources.

(c) Expenditure of moneys from this appropriation is contingent on a cost-sharing arrangement and the execution of a local cooperation agreement between the Port of Grays Harbor and the army corps of engineers pursuant to Public Law 99-662, the federal water resources development act of 1986, whereby the corps of engineers will construct the project as authorized by that federal act.

(d) The Port of Grays Harbor shall make the best possible effort to acquire additional project funding from nonstate public grants and/or other governmental sources other than those in (b) of this subsection. Any money, up to $10,000,000 provided from such sources other than those in (b) of this subsection, shall be used to reimburse or replace state building construction account money. In the event the project cost is reduced, any resulting reduction or reimbursement of nonfederal costs realized by the Port of Grays Harbor shall be shared proportionally with the state.

(3) Housing capital programs: To construct, acquire, and rehabilitate low-income housing (88-5-015)

The appropriation in this subsection is subject to the following conditions and limitations:

(a) $8,000,000 is provided solely for the affordable housing program. The department may not approve a request for assistance under this subsection for projects located in cities and counties that do not have an affordable housing needs assessment approved by the department. The department shall by rule establish the content of the affordable housing needs assessment and criteria for the approval of the affordable housing needs assessment.

(b) $8,000,000 is provided solely for the low-income weatherization program under chapter 70.164 RCW.

(c) $34,000,000 is provided solely for the housing assistance program. Effective July 1, 1992, the department may not approve loan or grant requests for projects under this subsection that are inconsistent with the city’s or county’s and state’s comprehensive housing affordability strategy, as required under Title I, section 105, of the National Affordable Housing Act of 1990.

(d) The Washington housing trust fund appropriation is provided solely for the department to contract with the University of Washington college of architecture for: (i) A study of regulatory impediments to affordable housing; (ii) a study on various innovative design techniques that can be used to increase housing density; (iii) a recommendation to the legislature for a new building code and associated regulations that will substantially reduce the cost of housing. (7) Tall ships tourist attraction: To design and construct a tall ship tourist attraction

The reappropriation in this subsection is subject to the following conditions and limitations:

(a) The reappropriation is provided solely to contract with the Grays Harbor Historical Seaport Authority to design and construct a tall ship tourist attraction.

(b) The reappropriation shall be matched by at least $513,105 from nonstate sources provided solely for capital costs of the project. The match may include cash and in-kind contributions, but may not include cash or in-kind contributions used to match other state moneys provided to the Grays Harbor Historical Seaport Authority.

(c) The department shall ensure that the state's interest is protected by requiring that if the tall ship tourist attraction is sold or its use is changed, the Grays Harbor Historical Seaport Authority shall return to the state of Washington an amount equal to the state's total contribution to the project.

(27) Pike Place Market: For a grant to the city of Seattle (the "city") for the Pike Place Market preservation and development authority (the "authority") to acquire the interests of what is known as the urban group partnerships (the "partnerships") in eleven properties located in the Pike Place Market historical district (the "district")

(a) No portion of the appropriation in this subsection may be expended until the (citizen) authority certifies to the department that:

(i) The settlement proposal agreement dated June 6, 1991, concerning the properties in the district is confirmed, including but not limited to provisions that:
   (A) The partnerships will receive not more than a total of $2,250,000 under the agreement;
   (B) All rights, clear title, and interest in the market property will be relinquished by the partnerships and conveyed to the authority; and
   (C) All pending litigation and related disputes will be dismissed with prejudice or otherwise finally resolved;

(ii) The city has amended the authority's charter to preclude any future sales of interests in authority properties in the district that could result in loss of authority management responsibilities;

(iii) The authority has executed and recorded a conservation easement, which has been approved by the department, providing protection for the character-defining features of the district. The term of the easement shall extend until the year 2012 or until the bonds sold to provide for this appropriation are retired, whichever is later. The easement shall inure to the benefit of the state.

(b) No portion of the appropriation in this subsection may be expended until:

(i) The authority has executed an agreement with the department on behalf of the state to preclude any future sales of interest in the authority properties in the district that could result in loss of authority management responsibilities, except for reasonable encumbrances necessary for market-related purposes such as (A) repair, renovation, rehabilitation, or improvement of Pike Place Market historical district properties; (B) furthering a public market purpose as defined in the authority charter, the Pike Place Market historical district ordinance, the Pike Place Market urban renewal plan, or other applicable Seattle or state law; (C) fulfilling a requirement of federal, state, or city law; or (D) such other market-related purpose, as approved by the mayor. Such agreement shall expire when the authority's charter is amended as provided in (b)(ii) of this subsection; or

(ii) The city amends the authority's charter to preclude any future sales of the interests in authority properties in the district that could result in loss of authority management responsibilities, except for reasonable encumbrances necessary for market-related purposes such as (A) repair, renovation, rehabilitation, or improvement of Pike Place Market historical district properties; (B) furthering a public market purpose as defined in the authority charter, the Pike Place Market historical district ordinance, the Pike Place Market urban renewal plan, or other applicable Seattle or state law; (C) fulfilling a requirement of federal, state, or city law; or (D) such other market-related purpose, as approved by the mayor. However, should the authority's council or its constituency fail to recommend such amendments to the mayor by June 1, 1992, or if the council and its constituency recommend different amendments, the mayor shall, in his sole discretion, promulgate charter amendments as he deems necessary to fulfill the requirements of this subsection (27)(b)(ii).

NEW SECTION. Sec. 6. A new section is added to chapter 14, Laws of 1991 sp.s to read as follows:

(1) The department of community development shall issue grants to counties from moneys transferred to the department from the department of ecology under section 12(11) of this act to implement a property owner wetland notification program based on existing or upgraded wetland maps. Counties shall be eligible for these grant funds if they agree to provide notice by mail, either prior to the adoption of regulations adopted pursuant to RCW 36.70A.060 or prior to the final adoption of regulations under RCW 36.70A.120, to property owners that can reasonably be determined by the maps to be affected by the wetland regulations. Adequate notification shall be provided to other interested persons affected by these regulations. Grants shall be issued so as to maximize county participation and notification.

(2) The department of community development shall develop, in consultation with county assessors and the department of revenue, recommended guidelines for valuing property affected by development regulations protecting critical areas. The department shall convene a task force including, but not limited to, assessors, property owners, technical experts, and local government officials to develop these guidelines and to provide recommendations for better coordination of land-use information and property tax administration. County assessors are encouraged to use the guidelines in the next property revaluation. $25,000 of the moneys transferred to the department of community development from the department of ecology under section 12(11) of this act may be used for the purpose of this subsection (2).

NEW SECTION. Sec. 7. A new section is added to chapter 14, Laws of 1991 sp.s to read as follows:

(14) Snohomish county: Mental health evaluation and treatment facility (90-2-033)

The reappropriation in this subsection is subject to the following conditions and limitations:

(a) The reappropriation is provided solely for a mental health evaluation and treatment facility in Snohomish county.

(b) No moneys from the reappropriation may be expended until the department enters into an agreement with Snohomish county or a group of counties for the facility. The payments under the agreement shall be either at least equal to the facility component of the state average rate-per-patient day paid by the department to community mental health providers for comparable services, or at least equal to the amount of this reappropriation amortized over fifteen years.

(c) No moneys from the reappropriation may be expended before adoption of a plan to provide mental health services through a regional support network as required by chapter 205, Laws of 1989.

(d) Other counties or regions that adopt plans for mental health services as required by chapter 205, Laws of 1989, shall be eligible for application to the state for future evaluation and treatment facility moneys under the same conditions as are provided in subsections (a) and (b) of this subsection, as long as no applicant receives appropriated moneys from state sources exceeding one million dollars.

(5) Water quality account (86-5-007)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) In awarding grants, extending grant payments, or making loans from these appropriations for facilities that discharge directly into marine waters, the department shall:
(i) Give first priority to secondary wastewater treatment facilities that are mandated by both federal and state law;

(ii) Give second priority to projects that reduce combined sewer overflows; and

(iii) Encourage economies that are derived from any simultaneous projects that achieve the purposes of both
(a) and (b) of this subsection.

(b) The following limitations shall apply to the department's total distribution of funds appropriated under this section:

(i) Not more than fifty percent for water pollution control facilities that discharge directly into marine waters;

(ii) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie aquifer;

(iii) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(iv) Not more than ten percent for activities that control nonpoint source water pollution;

(v) Ten percent and such sums as may be remaining from the categories specified in (i) through (iv) of this subsection for water pollution control activities or facilities as determined by the department.

(c) In determining compliance schedules for the greatest reasonable reduction of combined sewer overflows, the department shall consider the amount of grant or loan moneys available to assist local governments in the planning, design, acquisition, construction, and improvement of combined sewer overflow facilities.

(d) $330,000 of the water quality account appropriation is provided solely for the department to evaluate water quality, solid and hazardous waste, and toxics cleanup needs of the state. The amount provided in this subsection represents the water quality account share of funding the evaluation. The department shall include in the evaluation information regarding existing needs and recommendations on how to address those needs within existing state financial assistance programs. The evaluation shall include options that rely solely on existing tax sources. The department shall also evaluate long-range financial options, including a greater reliance on loans, which take into account local financial resources. The evaluation shall be done in coordination with the state agency coordinating council established in Engrossed Substitute House Bill No. 1025 (Growth Management Strategies). If the bill is not enacted by July 31, 1991, the director of the department shall coordinate with the department of community development, the department of health, and the Puget Sound water quality authority as well as with other appropriate state and local agencies. By November 1, 1991, the department shall submit to the chairs of the house capital facilities and financing committee and the senate ways and means committee, a detailed work plan, budget, and schedule for completion of the evaluation.

NEW SECTION. Sec. 14. A new section is added to chapter 14, Laws of 1991 sp.s. to read as follows:
FOR THE STATE PARKS AND RECREATION COMMISSION

The appropriation in this section is provided to make payment for timber in Bogachiel, Scenic Beach, and Rockport state parks, which payment remains as an obligation from the transfers of trust lands to the state parks and recreation commission. It is the intent of the legislature that all moneys expended under this section result in revenue to the common school construction fund. The department of natural resources may use intergrant exchanges to accomplish the intent of this section. Any moneys from this appropriation that remain unexpended on December 31, 1992, shall be deposited in the common school construction fund.

(c) Larrabee Addition, (1 and 2) in Whatcom county, northeast of Larrabee State Park and Chuckanut Mountain;
(d) South Whidbey, in Island county, adjacent to South Whidbey State Park;
(e) Wallace Falls Addition, in Snohomish county, adjacent to Wallace Falls State Park;
(f) Soleduck corridor, in Clallam county, on the Soleduck river at Sappho;
(g) Dugualia Bay property, in Island county, on the northeast shore of Whidbey Island;
(h) Rasar property, in Skagit county, west of Birdsview, near the Skagit river;
(i) Wallace Falls Addition (Northwest) property, in Snohomish county, adjacent to the northwestern side
of the designated park property;
(j) Wallace Falls Addition (Southwest) property, in Snohomish county, adjacent to the southwestern side
of Wallace Falls State Park;
(k) Hoypus Hill in Island county south of Hoypus Point Natural Forest Area at Deception Pass State Park;
(l) Lake Eaton in Easton in Kittitas county west of Lake Easton State park near the town of Easton;
(m) Diamond Point, in Clallam county, on the Strait of Juan de Fuca; and
(n) Skykomish river property, along Highway 2, near Index.

(2) The commission may expend moneys from this appropriation for acquisition of the Skykomish river
property under subsection (1)(n) of this section only to the extent that moneys remain available after the commission
has made all reasonable efforts to acquire the other properties identified in this subsection. If funds remain available
after all properties in subsections (1)(a) through (1)(n) of this section have been purchased, the commission may
purchase additional properties from the following list:
(a) Squak Mountain trust property, King county, south of existing Squak Mountain State Park;
(b) Doug's Beach trust property, Klickitat county, east of Lyle on the Columbia river;
(c) Point Lawrence Addition trust property, San Juan county, adjacent to designated park property on the
eastern most point of Orcas Island;
(d) Obstruction Pass trust property, San Juan county near Obstruction Island on the southeast point of Orcas
Island;
(e) Bottle Beach trust property, Grays Harbor county, southeast of Westport along the Ocosta-Bay City
Road; and
(f) R.F. Kennedy Recreation Site trust property, Pierce county, on Whitman Cove along Case Inlet.

(3) To achieve the purposes of this section, intergrant exchanges between common school trust lands and
parcels of noncommon school trust lands shall occur on an equal-value basis.

(4) Proceeds from the transfer of the timber shall be deposited by the department in the same manner as
timber revenues from other common school trust lands. No deduction may be made for the resource management
cost account under RCW 79.64.040. The proceeds from the transfer of the land shall be used by the department to
acquire timber land of equal value to be managed as common school trust land and to maintain a sustainable yield.

(5) The department shall attempt to maintain an aggregate ratio of ((approximately)) 85:15 timber-to-land
value in these transactions. If the aggregate value of timber-to-land varies by more than plus or minus five percent
of that ratio, individual land acquisitions ((may)) shall be dropped in order to maintain ((the approximate)) a ratio
in this range.

(6) It is the intent of the legislature that, insofar as feasible, the full parcels identified in subsection (1) of
this section be acquired for park purposes. However, to the extent authorized by the commission, House Bill No.
2990, or Senate Bill No. 6509, the boundaries of the Diamond Point property under subsection (1)(m) of this section
may vary from the property boundaries as described in the joint study conducted by the commission and the

Future Biennia (Projected Costs) $0

TOTAL $408,527,000

(8) Public school building construction (91-2-001)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) A maximum of $1,200,000 may be spent for state administration of school construction funding.
(b) A maximum of $225,000 may be expended for two full-time equivalent field staff with construction/architectural experience to assist in evaluating project requests and reviewing information reported by school districts.
(c) A maximum of $100,000 may be expended for development of a new priority system pursuant to (f) of this subsection.
(d) Funding (for common-school-construction-and-modernization) is provided first for projects approved for state assistance by the state board as of January 26, 1991, and ready to receive a commitment of state funds.
on July 1, 1992. The remaining funding is provided for projects approved for state assistance by the state board after January 26, 1991, subject to (e) of this subsection. (Of the funds available for obligation by the state board after state administration costs and after the costs incurred under (b) and (c) of this subsection, fifty-eight percent is provided solely for approved new construction projects to serve unhoused students, four percent is provided solely for approved condemnation projects, and thirty-four percent is provided solely for approved modernization projects. The remaining funds shall be allocated at the discretion of the state board.)

(e) Projects approved for state assistance by the state board after January 26, 1991, pursuant to WAC 180-25-040((c)), shall be placed on a new priority system developed by the state board pursuant to (f) of this subsection. In approving projects for construction of new school facilities to meet enrollment growth, after July 1, 1992, the board shall give priority to districts that have implemented a modified school calendar or schedule that is designed to increase the pupil capacity of the district's school buildings. The state board may allocate funds for financial assistance to school districts for capital planning related to the implementation of a modified school calendar or schedule as authorized in Engrossed Substitute House Bill No. 2631.

(f)(i) The state board shall develop a new priority system for allocating state assistance for school construction and modernization projects. The priority system shall include evaluation of projects according to objective criteria established by the state board and a process for review of data submitted by school districts. In developing the system and the criteria, the state board shall consider the following factors: Type of space requested; current space availability, age, and condition; cost benefit considerations of new construction as compared to modernization; impacts of maintenance on the condition of facilities; impacts of delay of receipt of state assistance; and short and long-range demographic projections.

(ii) The state board shall present a progress report and implementation plan to the governor and the appropriate fiscal committees of the legislature by February 15, 1992.

(g) The common school reimbursable construction account appropriation in this section serves as compensation to the common school construction fund for any obligation owed the fund as a result of vocational technical institutes being transferred from the authority of a local school district and the superintendent of public instruction to the state board for community and technical colleges as directed by chapter 238, Laws of 1991 (Engrossed Substitute Senate Bill No. 5184, workforce training and education).

**New Section.** Sec. 25. A new section is added to chapter 14, Laws of 1991 sp.s. to read as follows:
FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
(1) Before-and-after-school child care facility grants: To establish or expand before-and-after-school child care programs housed within public elementary schools (93-5-001)

The appropriation in this subsection is subject to the following conditions and limitations:
(a) Grants shall be awarded to public school districts on a competitive basis, and shall be used to support the capital costs of establishing or expanding a before-and-after-school child care program. Eligible capital costs shall include facility improvements and acquisition of equipment with a long-term useful life.
(b) The superintendent of public instruction shall, in consultation with the child care coordinating committee under RCW 74.13.090, establish criteria for the awarding of grants. Such criteria shall include, but not be limited to, the percentage of nonstate funding to be contributed to the project, the number of children to be served, the cost per child care slot, and the projected lifespan of the before-and-after-school child care program. The operation of child care programs conducted in facilities funded by this appropriation shall be contracted through private or not-for-profit child care providers.

Sec. 32. 1991 sp.s. c 14 s 54 (uncodified) is amended to read as follows:

Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditure of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs. This section shall not apply to section 10(5), chapter 14, Laws of 1991 sp.s. as amended by section (14(5)) 5(5) of this act.
Sec. 33. 1991 sp.s. c 14 s 59 (uncodified) is amended to read as follows:

To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's programmatic preplanning or predesign document and approved continuation of or made changes to the project. The program preplanning document shall include but not be limited to projected workload, site conditions, user requirements, current space available, and an overall budget and cost estimate breakdown in a form prescribed by the office of financial management. The predesign document shall be prepared in accordance with the predesign standards adopted by the office of financial management. The office of financial management shall report to the house of representatives capital facilities committee, the senate ways and means committee, and the legislative transportation committee a listing of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

NEW SECTION. Sec. 34. In recognition of the services provided to the beneficiaries of state trust lands by county public safety agencies, lease payments for public safety communication systems located on trust lands in any county with a population of less than five thousand shall be twenty-five percent of the fair market value as determined by the department of natural resources.

NEW SECTION. Sec. 35. A new section is added to chapter 14, Laws of 1991 sp.s. (uncodified) to read as follows:

As used in this act, the following phrases have the following meanings:

"Data Processing Bldg Constr Acct" means Data Processing Building Construction Account;

"Nat Res Prop Repl Acct" means Natural Resources Property Replacement Account.

St Conv & Trade Ctr Acct" means State Convention and Trade Center Account.

"Water Pollution Cont Rev Fund" means the Water Pollution Control Revolving Fund.

NEW SECTION. Sec. 36. This act is subject to the provisions, definitions, conditions, and limitations of chapter 14, Laws of 1991 sp. sess., as amended by this act.

"PART 6
SEVERABILITY AND EFFECTIVE DATE"

NEW SECTION. Sec. 37. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 38. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 1 of the title, after "budget;" strike the remainder of the title and insert "amending 1991 sp.s. c 14 ss 6, 7, 10, 13, 16, 18, 20, 26, 30, 34, 35, 44, 47, 54, and 59 (uncodified); adding new sections to chapter 14, Laws of 1991 sp.s.; creating new sections; making appropriations and authorizing expenditures for the capital improvements; and declaring an emergency."

Changing the authorization for general obligation bonds.

The bill was read the second time.

On motion of Ms. H. Sommers, Substitute House Bill No. 2950 was substituted for House Bill No. 2950, and the substitute bill was placed on the second reading calendar.

Substitute House Bill No. 2950 was read the second time.

Ms. H. Sommers moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 43.991.010 and 1991 sp.s. c 31 s 1 are each amended to read as follows:

The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one billion ((ninety five)) two hundred eighty-four million dollars, or so much thereof as may be required, to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 1991-1993 fiscal biennium and subsequent fiscal biennia, and all costs incidental thereto.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative
appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance, letters of
credit, or other credit enhancements and may authorize the execution and delivery of agreements, promissory notes, and
other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this
section. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting
of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the
failure of the state to pay the principal of or interest on the bonds with respect to which the same relate.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations
for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose
of retiring the bonds during the life of the project for which they were issued.

Sec. 2. RCW 43.991.020 and 1991 sp.s c 31 s 2 are each amended to read as follows:

Bonds issued under RCW 43.991.010 are subject to the following conditions and limitations:

General obligation bonds of the state of Washington in the sum of one billion ((ninety-five)) two hundred
eighty-four million dollars, or so much thereof as may be required, shall be issued for the purposes described and
authorized by the legislature in the capital and operating appropriations acts for the 1991-93 fiscal biennium and
subsequent fiscal biennia, and to provide for the administrative cost of such projects, including costs of bond issuance
and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement
agreements, and other expenses incidental to the administration of capital projects. Subject to such changes as may be
required in the appropriations acts, the proceeds from the sale of the bonds issued for the purposes of this subsection shall
be deposited in the state building construction account created by RCW 43.83.020 and transferred as follows:

(1) Eight hundred thirty-five thousand dollars to the state higher education construction account created by RCW
28B.10.851;
(2) Eight hundred ((twenty-three)) seventy-one million dollars to the state building construction account created
by RCW 43.83.020;
(3) Fifteen million dollars to the energy efficiency construction account created by RCW 39.35C.100;
(4) Three million fifty thousand dollars to the energy efficiency services account created by RCW 39.35C.110;
(5) ((One hundred twenty)) Two hundred fifty-five million five hundred thousand dollars to the common school
reimbursable construction account hereby created in the state treasury;
(6) Ninety-eight million six hundred forty-eight thousand dollars to the higher education reimbursable
construction account hereby created in the state treasury; ((and))
(7) ((Two million four hundred fifty thousand dollars to the wildlife reimbursable construction account hereby
created in the state treasury)) Three million two hundred eighty-four thousand dollars to the data processing building
construction account created in section 7 of this act; and
(8) Nine hundred thousand dollars to the Washington state dairy products commission facility account created
in section 8 of this act.

These proceeds shall be used exclusively for the purposes specified in this subsection, and for the payment of
expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered
by the office of financial management, subject to legislative appropriation.

Sec. 3. RCW 43.991.040 and 1991 sp.s c 31 s 4 are each amended to read as follows:

(1) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW
43.991.020 (3) and (4), the state treasurer shall transfer from the energy efficiency construction account created in RCW
39.35C.100 to the general fund of the state treasury the amount computed in RCW 43.991.030 for the bonds issued for
the purposes of RCW 43.991.020 (3) and (4).

(2) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW
43.991.020(5), the state treasurer shall transfer from property taxes in the state general fund levied for this
support of the common schools under RCW 84.52.065 to the general fund of the state treasury for unrestricted use the
amount computed in RCW 43.991.030 for the bonds issued for the purposes of RCW 43.991.020(5).

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW
43.991.020(6), the state treasurer shall transfer from higher education operating fees deposited in the general fund
to the general fund of the state treasury for unrestricted use, or if chapter ... Laws of 1992 (Senate Bill No. 6285)
becomes law and changes the disposition of higher education operating fees from the general fund to another account,
the state treasurer shall transfer the proportional share from the University of Washington operating fees account, the
Washington State University operating fees account, and the Central Washington University operating fees account the
amount computed in RCW 43.991.030 for the bonds issued for the purposes of RCW 43.991.020((6)) (2).

(4) (On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW
43.991.020(7), the state treasurer shall transfer from the state wildlife fund to the general fund of the
state treasury the amount computed in RCW 43.991.030 for the bonds issued for the purpose of RCW 43.991.020(7)).
On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of RCW 43.991.020(7), the state treasurer shall transfer from the data processing revolving account created in RCW 43.105.080 to the general fund of the state treasury the amount computed in RCW 43.991.030 for the bonds issued for the purposes of RCW 43.991.020(7).

(5) On each date on which any interest or principal and interest payment is due on bonds issued for the purpose of RCW 43.991.020(8), the Washington state dairy products commission shall cause the amount computed in RCW 43.991.030 for the bonds issued for the purposes of RCW 43.991.020(8) to be paid out of the commission's general operating fund to the state treasurer for deposit into the general fund of the state treasury.

Sec. 4. RCW 43.84.092 and 1991 sp.s. c 13 s 57 are each amended to read as follows:

(1) All earnings of investments of surplus balances in the state treasury shall be deposited to the treasury income account, which account is hereby established in the state treasury.

(2) Monthly, the state treasurer shall distribute the earnings credited to the treasury income account. The state treasurer shall credit the general fund with all the earnings credited to the treasury income account except:

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The Senate has passed:

SECOND ENGROSSED SUBSTITUTE HOUSE BILL NO. 1378, with the (attached) following amendment(s):

Strike everything after the enacting clause and insert the following:
Sec. I. RCW 36.18.020 and 1989 c 342 s 1 are each amended to read as follows:
Clerks of superior courts shall collect the following fees for their official services:
(1) The party filing the first or initial paper in any civil action, including an action for restitution, or change of name, shall pay, at the time said paper is filed, a fee of \( \text{((seventy-eight)) one hundred ten dollars} \) except in proceedings filed under RCW 26.50.030 or 49.60.227 where the petitioner shall pay a filing fee of twenty dollars, or an unlawful detainer action under chapter 59.18 or 59.20 RCW where the plaintiff shall pay a filing fee of thirty dollars. If the defendant serves or files an answer to an unlawful detainer complaint under chapter 59.18 or 59.20 RCW, the plaintiff shall pay, prior to proceeding with the unlawful detainer action, an additional \( \text{((forty-eight)) eighty dollars} \) which shall be considered part of the filing fee. The thirty dollar filing fee under this subsection for an unlawful detainer action shall not include an order to show cause or any other order or judgment except a default order or default judgment in an unlawful detainer action.

(2) Any party, except a defendant in a criminal case, filing the first or initial paper on an appeal from a court of limited jurisdiction or any party on any civil appeal, shall pay, when said paper is filed, a fee of \( \text{((seventy-eight)) one hundred ten dollars} \).

(3) The party filing a transcript or abstract of judgment or verdict from a United States court held in this state, or from the superior court of another county or from a district court in the county of issuance, shall pay at the time of filing, a fee of fifteen dollars.

(4) For the filing of a tax warrant by the department of revenue of the state of Washington, a fee of five dollars shall be paid.

(5) For the filing of a petition for modification of a decree of dissolution, a fee of twenty dollars shall be paid.

(6) The party filing a demand for jury of six in a civil action, shall pay, at the time of filing, a fee of \( \text{((twenty-five)) fifty dollars} \); if the demand is for a jury of twelve the fee shall be \( \text{((fifty)) one hundred dollars} \). If, after the party files a demand for a jury of six and pays the required fee, any other party to the action requests a jury of twelve, an additional \( \text{((twenty-five)) fifty-dollar fee} \) will be required of the party demanding the increased number of jurors.

(7) For filing any paper, not related to or a part of any proceeding, civil or criminal, or any probate matter, required or permitted to be filed in the clerk's office for which no other charge is provided by law, or for filing a petition, written agreement, or memorandum as provided in RCW 11.96.170, the clerk shall collect two dollars.

(8) For preparing, transcribing or certifying any instrument on file or of record in the clerk's office, with or without seal, for the first page or portion thereof, a fee of two dollars, and for each additional page or portion thereof, a fee of one dollar. For authenticating or exemplifying any instrument, a fee of one dollar for each additional seal affixed.

(9) For executing a certificate, with or without a seal, a fee of two dollars shall be charged.

(10) For each garnishee defendant named in an affidavit for garnishment and for each writ of attachment, a fee of five dollars shall be charged.

(11) For approving a bond, including justification thereon, in other than civil actions and probate proceedings, a fee of two dollars shall be charged.

(12) In probate proceedings, the party instituting such proceedings, shall pay at the time of filing the first paper therein, a fee of \( \text{((seventy-eight)) one hundred ten dollars} \): PROVIDED, HOWEVER, A fee of two dollars shall be charged for filing a will only, when no probate of the will is contemplated. Except as provided for in subsection (13) of this section a fee of two dollars shall be charged for filing a petition, written agreement, or memorandum as provided in RCW 11.96.170.

(13) For filing any petition to contest a will admitted to probate or a petition to admit a will which has been rejected, or a petition objecting to a written agreement or memorandum as provided in RCW 11.96.170, there shall be paid a fee of \( \text{((seventy-eight)) one hundred ten dollars} \).

(14) For the issuance of each certificate of qualification and each certified copy of letters of administration, letters testamentary or letters of guardianship there shall be a fee of two dollars.

(15) For the preparation of a passport application there shall be a fee of four dollars.

(16) For searching records for which a written report is issued there shall be a fee of eight dollars per hour.

(17) Upon conviction or plea of guilty, upon failure to prosecute an appeal from a court of limited jurisdiction as provided by law, or upon affirmance of a conviction by a court of limited jurisdiction, a defendant in a criminal case shall be liable for a fee of \( \text{((seventy)) one hundred ten dollars} \).

(18) With the exception of demands for jury hereafter made and garnishments hereafter issued, civil actions and probate proceedings filed prior to midnight, July 1, 1972, shall be completed and governed by the fee schedule in effect as of January 1, 1972: PROVIDED, That no fee shall be assessed if an order of dismissal on the clerk's record be filed as provided by rule of the supreme court.

(19) No fee shall be collected when a petition for relinquishment of parental rights is filed pursuant to RCW 26.33.080 or for forms and instructional brochures provided under RCW 26.50.030.
Sec. 3. RCW 43.08.250 and 1991 sp.s. c 16 s 919 and 1991 sp.s. c 13 s 25 are each reenacted and amended to read as follows:
The money received by the state treasurer from fees, fines, forfeitures, penalties, reimbursements or assessments by any court organized under Title 3 or 35 RCW, or chapter 2.08 RCW, shall be deposited in the public safety and education account which is hereby created in the state treasury. The legislature shall appropriate the funds in the account to promote traffic safety education, highway safety, criminal justice training, crime victims’ compensation, judicial education, the judicial information system, civil representation of indigent persons, winter recreation parking, and state game programs. During the fiscal biennium ending June 30, 1993, the legislature may appropriate moneys from the public safety and education account for the purposes of local jail population data collection under RCW 10.98.130, the department of corrections’ county partnership program under RCW 72.09.300, the treatment alternatives to street crimes program, the criminal litigation unit of the attorney general’s office, and contracts with county officials to provide support enforcement services.

NEW SECTION. Sec. 4. A new section is added to chapter 43.08 RCW to read as follows:
(1) Any money appropriated from the public safety and education account pursuant to RCW 43.08.250 for civil representation of indigent persons shall be used solely for the purpose of contracting with qualified legal aid programs for legal representation of indigent persons in matters relating to: (a) Domestic relations and family law matters, (b) public assistance, health care, and entitlement programs, (c) public housing and utilities, and (d) unemployment compensation. For purposes of this section, a "qualified legal aid program" means a not-for-profit corporation incorporated and operating exclusively in Washington which has received basic field funding for the provision of civil legal services to indigents under Public Law 101-515.
(2) Funds distributed to qualified legal aid programs under this section shall be distributed on a basis proportionate to the number of individuals with incomes below the official federal poverty income guidelines who reside within the counties in the geographic service areas of such programs. The department of community development shall use the same formula for determining this distribution as is used by the legal services corporation in allocating funds for basic field services in the state of Washington.
(3)(a) Funds distributed to qualified legal aid programs under this section may not be used directly or indirectly for lobbying or in class action suits. Further, these funds are subject to all limitations and conditions imposed on use of funds made available to legal aid programs under the legal services corporation act of 1974 (P.L. 93-355; P.L. 95-222) as currently in effect or hereafter amended.
(b)(i) For purposes of this section, "lobbying" means any personal service, advertisement, telegram, telephone communication, letter, printed or written matter, or other device directly or indirectly intended to influence any member of congress or any other federal, state, or local nonjudicial official, whether elected or appointed:
(A) In connection with any act, bill, resolution, or similar legislation by the congress of the United States or by any state or local legislative body, or any administrative rule, standard, rate, or other enactment by any federal, state, or local administrative agency;
(B) In connection with any referendum, initiative, constitutional amendment, or any similar procedure of the congress, any state legislature, any local council, or any similar governing body acting in a legislative capacity; or
(C) In connection with inclusion of any provision in a legislative measure appropriating funds to, or defining or limiting the functions or authority of, the recipient of funds pursuant to this act.
(ii) "Lobbying" does not include the response of an employee of a legal aid program to a written request from a governmental agency, an elected or appointed official, or committee on a specific matter. This exception does not authorize communication with anyone other than the requesting party, or agent or employee of such agency, official, or committee.

NEW SECTION. Sec. 5. A new section is added to chapter 36.18 RCW to read as follows:
The court may waive the filing fees provided for under RCW 36.18.020 (1) and (2) upon affidavit by a party that the party is unable to pay the fee due to financial hardship.

Sec. 6. RCW 27.24.070 and 1985 c 389 s 2 are each amended to read as follows:
In each county to which this chapter applies, the county treasurer shall deposit in the county or regional law library fund a sum equal to ((seven)) twelve dollars for every new probate or civil filing fee, including appeals, collected by the clerk of the superior court and ((three)) six dollars for every fee collected for the commencement of a civil action in district court for the support of the law library in that county or the regional law library to which the county belongs: PROVIDED, That upon a showing of need the ((seven)) twelve dollar contribution may be increased up to ((thirteen)) fifteen dollars upon the request of the law library board of trustees and with the approval of the county legislative body or bodies.
NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect April 1, 1992.

On page 1, line 1 of the title, after “fees;” strike the remainder of the title and insert “amending RCW 36.18.020, 36.18.025, and 27.24.070; reenacting and amending RCW 43.08.250; adding a new section to chapter 43.08 RCW; adding a new section to chapter 36.18 RCW; providing an effective date; and declaring an emergency.”

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

POINT OF ORDER

Mr. Speaker (Mr. R. Meyers presiding): Mr. Padden, for what purpose do you rise?

Mr. Padden: Mr. Speaker (Mr. R. Meyers presiding), Point of Order.

Mr. Speaker (Mr. R. Meyers presiding): Mr. Padden, state your Point of Order.

Mr. Padden: Mr. Speaker (Mr. R. Meyers presiding): I would request a ruling on the Scope and Object of the Senate amendment to Second Engrossed Substitute House Bill No. 1378.

With consent of the House we will defer further consideration of Second Engrossed Substitute House Bill No. 1378. The motion was carried.

MESSAGE FROM THE SENATE

March 10, 1992

MR. SPEAKER:

The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 2284, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 27.24.010 and 1919 c 84 s 1 are each amended to read as follows:

((Each county with a population of eight thousand or more shall have a county law library, which shall be governed and maintained as hereinafter provided.))

Sec. 2. RCW 27.24.020 and 1919 c 84 s 2 are each amended to read as follows:

((Every county with a population of three hundred thousand or more must have a board of law library trustees consisting of five members to be constituted as follows: The chairman of the county legislative authority is an ex officio trustee, the judges of the superior court of the county shall choose two of their number to be trustees, and the members of the county bar association shall choose two members of the bar of the county to be trustees.))

(2) Every county with a population of eight thousand or more but less than three hundred thousand must have a board of law library trustees consisting of five members to be constituted as follows: The chairman of the county legislative authority is an ex officio trustee, the judges of the superior court of the county shall choose one of their number to be a trustee, and the members of the county bar association shall choose three members of the county to be
trustees. If there is no county bar association, then the lawyers of the county shall choose three of their number to be trustees.

(3) If a county has a population of less than eight thousand, then the provisions contained in RCW 27.24.068 shall apply to the establishment and operation of the county law library.

(4) If a regional law library is created pursuant to RCW 27.24.062, then it shall be governed by one board of trustees. The board shall consist of the following representatives from each county: The judges of the superior court of the county shall choose one of their number to be a trustee, the county legislative authority shall choose one of their number to be a trustee, and the members of the county bar association shall choose one member of the bar of the county to be a trustee. If there is no county bar association, then the lawyers of the county shall choose one of their number to be a trustee.

(5) The term of office of a member of the board who is a judge is for as long as he or she continues to be a judge, and the term of a member who is from the bar is four years. Vacancies shall be filled as they occur and in the manner directed in this section. The office of trustee shall be without salary or other compensation. The board shall elect one of their number president and the librarian shall act as secretary, except that in counties with a population of eight thousand or more but less than three hundred thousand, the board shall elect one of their number to act as secretary if no librarian is appointed. Meetings shall be held at least once per year, and if more often, then at such times as may be prescribed by rule.

Sec. 3. RCW 27.24.040 and 1919 c 84 s 4 are each amended to read as follows:

The board of law library trustees shall, on or before the first Monday in September of each year, make a report to the legislative authority of their county giving the condition of their trust, with a full statement of all property received and how used, the number of books and other publications on hand, the number added by purchase, gift or otherwise during the preceding year, the number lost or missing, and such other information as may be of public interest, together with a financial report showing all receipts and disbursements of money.

Sec. 4. RCW 27.24.062 and 1991 c 363 s 18 are each amended to read as follows:

((In each county with a population of from eight thousand to less than one hundred twenty-five thousand, there shall be a county law library which shall be established and maintained as hereinafter provided.)

Two or more counties each with a population of from eight thousand to less than one hundred twenty-five thousand may, by agreement of the respective law library boards of trustees, create a regional law library and establish and maintain one principal law library at such location as the regional board of trustees may determine will best suit the needs of the users: PROVIDED, HOWEVER, That there shall be at all times a law library in such size as the board of trustees may determine necessary to be located at the courthouse where each superior court is located.

Sec. 5. RCW 27.24.066 and 1933 c 167 s 3 are each amended to read as follows:

The legislative authority of each county, (to which this act is applicable,) that is required to maintain a county law library shall upon demand by the board of law library trustees, provide a room suitable for the law library, ((adequately heated, lighted)) with adequate heat, light, and janitor service.

Sec. 6. RCW 27.24.067 and 1933 c 167 s 3 are each amended to read as follows:

The use of the county law library shall be free to the judges of the state, to state and county officials, and to members of the bar, and to such others as the board of trustees may by rule provide. Residents of counties with a population of three hundred thousand or more shall have free use of the law library.

NEW SECTION. Séc. 7. A new section is added to chapter 3.62 RCW to read as follows:

All courts organized under Title 3 or 35 RCW may charge fees as prescribed in RCW 3.62.060. The fees or charges imposed under this section shall be allowed as court costs whenever a judgment for costs is awarded.

Sec. 8. RCW 3.62.060 and 1990 c 172 s 2 are each amended to read as follows:

Clerks of the district courts shall collect the following fees for their official services;

1. In any civil action commenced before or transferred to a district court, the plaintiff shall, at the time of such commencement or transfer, pay to such court a filing fee of thirty-one dollars plus any surcharge authorized by RCW 7.75.035. No party shall be compelled to pay to the court any other fees or charges up to and including the rendition of judgment in the action other than those listed.

2. For issuing a writ of garnishment or other writ a fee of six dollars.

3. For filing a supplemental proceeding a fee of twelve dollars.

4. For demanding a jury in a civil case a fee of fifty dollars to be paid by the person demanding a jury.

5. For preparing a transcript of a judgment a fee of six dollars.

6. For certifying any document on file or of record in the clerk's office a fee of five dollars.

7. For preparing the record of a case for appeal to superior court a fee of forty dollars including any costs of tape duplication as governed by the rules of appeal for courts of limited jurisdiction (RALJ).

8. For duplication of part or all of the electronic tape or tapes of a proceeding ten dollars per tape.
The fees or charges imposed under this section shall be allowed as court costs whenever a judgment for costs is awarded.

NEW SECTION. Sec. 9. The following acts or parts of acts are each repealed:
(1) RCW 27.24.050 and 1919 c 84 s 5;
(2) RCW 27.24.060 and 1919 c 84 s 6;
(3) RCW 27.24.063 and 1971 ex.s. c 141 s 2 & 1933 c 167 s 3;
(4) RCW 27.24.064 and 1933 c 167 s 3; and
(5) RCW 27.24.065 and 1933 c 167 s 3.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect April 1, 1992.

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

MESSAGE FROM THE SENATE

March 10, 1992

MR. SPEAKER:

Under suspension of rules, ENGROSSED HOUSE BILL NO. 2812 was returned to second reading. The Senate reconsidered the vote by which the Committee on Commerce & Labor
amendment(s) (2812.E AS 3/6/92) were adopted, adopted an amendment to the committee amendment, and passed the bill with the (attached) committee amendment as amended:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the creation of new jobs is crucial to the economic well-being of the state and its residents. As several commercial airlines are considering establishing major aircraft maintenance facilities in the state, it is important for the state to demonstrate the ability to provide a skilled work force with the technical skills essential for such a facility. Providing additional state assistance to vocational training programs on aircraft maintenance will ease job displacement in the state and offer an incentive for economic development.

NEW SECTION. Sec. 2. From biennial appropriations to the work force training and education coordinating board for the job skills training program, the board shall allocate the sum of five hundred thousand dollars for the 1991-93 biennium and the sum of one million dollars for the 1993-95 biennium to a state technical or community college for the purpose of a vocational training program for the maintenance of commercial aircraft. The board shall allocate the moneys under this section only after the governor determines that a commercial airline will establish a new facility in this state for the maintenance of commercial aircraft. If no determination is made by January 1, 1993, or if the governor determines before January 1, 1993, that no facility will be established, this section has no effect and the board may allocate these moneys for other purposes of the job skills training program.

Sec. 3. RCW 28C.04.420 and 1983 1st ex. s. c 21 § 4 are each amended to read as follows:

The commission may, subject to appropriation from the legislature or from funds made available from any other public or private source and pursuant to rules adopted by the commission, provide job skills grants to educational institutions. The job skills grants shall be used exclusively for programs which are consistent with the job skills program. A job skills grant may be awarded only after:

(1) Receipt of an application from an educational institution which contains a proposal for a program of skills training and education, including a description of the program, the type of skills training or education to be provided, a statement of the total cost of the program and a breakdown of the costs associated with equipment, personnel, facilities, and materials, a statement of the employment needs for the program and evidence in support thereof, demonstrates that the program does not unnecessarily duplicate existing programs in the area and is provided at a reasonable cost, a statement of the technical assistance and financial support for the program received or to be received from business and industry, and such other information as the commission requests; and

(2) The commission, based on the application submitted by the educational institution and such additional investigation as the staff of the commission shall make, finds that:

(a) The program is within the scope of the job skills program under this chapter and may reasonably be expected to succeed and thereby increase employment within the state;

(b) Provision has been made to use any available alternative funding from local, state, and federal sources;

(c) The job skills grant will only be used to cover the costs associated with the program;

(d) The program will not unnecessarily duplicate existing programs and could not be provided by another educational institution more effectively or efficiently;

(e) The program involves an area of skills training and education for which there is a demonstrable need;

(f) The applicant has made provisions for the use of existing federal and state resources for student financial assistance;

(g) The job skills grant is essential to the success of the program as the resources of the applicant are inadequate to attract the technical assistance and financial support necessary for the program from business and industry;

(h) The commitment of financial support from business and industry shall be equal to or greater than the amount of the requested job skills grant, except that no commitment is necessary for grants under section 2 of this act;

(i) Binding commitments have been made to the commission by the applicant for adequate reporting of information and data regarding the program to the commission, particularly information concerning the recruitment and employment of trainees and students, and including a requirement for an annual or other periodic audit of the books of the applicant directly related to the program, and for such control on the part of the commission as it considers prudent over the management of the program, so as to protect the use of public funds, including, in the discretion of the commission and without limitation, right of access to financial and other records of the applicant directly related to the programs;

(j) Provision has been made by the applicant to work, in cooperation with the employment security department, to identify and screen potential trainees and that provision has been made by the applicant of persons who are victims of economic dislocation and persons from minority and economically disadvantaged groups to participate in the program; and
(k) Binding commitments have been made to the commission by the applicant for compliance with the monitoring and evaluation rules of the commission.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

In line 1 of the title, after "training," strike the remainder of the title and insert "amending RCW 28C.04.420; creating new sections; and declaring an emergency."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

MOTION

Ms. Cantwell moved that the House insist on its position regarding the Senate amendments to Engrossed House Bill No. 2812 and again ask the Senate to recede therefrom. The motion was carried.

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The Senate has adopted the report of the Conference Committee on:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2470, and passed the bill as recommended by the Conference Committee.

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

REPORT OF CONFERENCE COMMITTEE

ESHB 2470

March 11, 1992

Includes "NEW ITEM": YES

Making supplemental appropriations.

MR. PRESIDENT:
MR. SPEAKER:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2470, Supplemental operating budget, have had the same under consideration and we recommend that:
The Senate Committee on Ways & Means amendment(s) (2470-S.E AAS 2/16/92) NOT BE ADOPTED, and

The Conference Committee striking amendment(s) (2470-S.E AMC CONF S4688.1) Be Adopted with the following amendment(s):

On page 103, line 11 of the Conference Committee amendment (S4688.1), strike "general fund--state" and insert "weights and measures account"

On page 203, beginning on line 23 of the Conference Committee amendment (S4688.1), strike all material down to and including line 23 on page 204. Renumber the sections consecutively and correct any internal references accordingly.

On page 209, in the Conference Committee title amendment (S4688.1), strike ", 86.26.007, and 75.30.120;" and insert "and 86.26.007;"

and that the bill do pass as recommended by the Conference Committee.

Signed by Senators McDonald, West: Representatives Inslee, Locke.

MOTION

Mr. Locke moved that the House adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 2470. The motion was carried.

FINAL PASSAGE OF HOUSE BILL
AS RECOMMENDED BY CONFERENCE COMMITTEE

The Speaker stated the question before the House to be final passage of Engrossed Substitute House Bill No. 2470 as recommended by the Conference Committee.

Mr. Locke spoke in favor of passage of the bill. Ms. Silver spoke against.

COLLOQUIY

Representative Haugen: Mr. Speaker, will the gentleman from the 37th district (Mr. Locke) yield to a question?

Mr. Speaker: Representative Haugen, he does.

Representative Haugen: Representative Locke, my question concerns the total amount in the Department of Community Development’s budget for growth management grants to local governments.

On page 60, line 1 of the Conference Committee amendment, subsection 10 provides $12,095,000 solely for growth management grants.
On page 60, line 10 of the Conference Committee amendment, subsection 11(a) provides $2,433,000 solely for growth management grants in addition to the dollars provided in subsection 10.

My question is this: Is that all the money there is in this SECTION for growth management grants to local governments?

Representative Locke: Representative Haugen, No, there are additional dollars for growth management grants to local governments. Built into the general fund--state appropriation for the Department of Community Development, on page 57, line 11, is not only the total of the two provisos you just mentioned, but also an additional $1.5 million for growth management grants to local governments. This makes a total of $16,028,000 appropriated in this section for growth management grants to local governments, as the budget spread sheets distributed with Conference budget make clear.

Mr. Zellinsky demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2470 as recommended by the Conference Committee, and the bill passed the House by the following vote: Yeas - 56, Nays - 41, Absent - 0,Excused - 1.

Excused: Representative Chandler - 01.

Engrossed Substitute House Bill No. 2470 as recommended by the Conference Committee, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED SENATE BILL NO. 5961.
and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

Relating to fiscal matters.

**ESSB 6286** by Senate Committee on Ways & Means (originally sponsored by Senators McDonald and Niemi; by request of Governor Gardner)

Adjusting pension contribution rates.

**ESB 6284** by Senators McDonald and Niemi; by request of Governor Gardner

Transferring money from the budget stabilization account.

**MOTION**

Mr. Ebersole moved that the rules be suspended, that Engrossed Senate Bill No. 5961, be advanced to second reading and read the second time in full. The motion was carried.

**SECOND READING**

**ESB 5961** by Senator McDonald

Relating to fiscal matters.

The bill was read the second time.

On motion of Mr. Ebersole, the rules were suspended, the second reading considered the third, and the bill was placed on final passage. The motion was carried.

Representatives Locke and Silver spoke in favor of the passage of the bill.

**ROLL CALL**

The Clerk called the roll on the final passage of Engrossed Senate Bill No. 5961, and the bill passed the House by the following vote: Yeas - 96, Nays - 1, Absent - 0, Excused - 1.

Voting yea: Representatives Anderson, Appelwick, Ballard, Basich, Beck, Belcher, Betrozoff, Bowman, Braddock, Bray, Brekke, Bruback, Brough, Brumsickle, Cantwell, Carlson, Casada, Cole, G., Cooper, Day, Dellwo, Dorn, Ebersole, Edmondson, Ferguson, Fisher, G., Fisher, R., Forner, Franklin, Fraser, Fuhrman, Grant, Hargrove, Haugen,
MOTION

Mr. Ebersole moved that the rules be suspended, that Engrossed Substitute Senate Bill No. 6286, be advanced to second reading and read the second time in full. The motion was carried.

ENGROSSED SUBSTITUTE SENATE BILL NO. 6286, by Senate Committee on Ways & Means (originally sponsored by Senators McDonald and Niemi; by request of Governor Gardner)

Adjusting pension contribution rates.

The bill was read the second time.

Mr. Ballard moved adoption of the following amendment:

On page 2, after line 4, insert:

"NEW SECTION. 2. A new section is added to chapter 41.45 RCW as follows:
Contributions made after June 30, 1993 which are in excess of the amount necessary to fund the systems may be used only for the purposes of cost of living increases for members of the public employees' retirement system and members of the teachers' retirement system or for improvements to the law enforcement officers' and fire fighters' retirement system II. Any cost of living increase or the LEOFF II retirement system improvement must be made by a legislative act and appropriation."

POINT OF ORDER

Mr. Speaker: Representative Locke state your point of order.

Representative Locke: Mr. Speaker, I question whether this amendment comes within the scope and object of the bill?

Mr. Speaker: Representative Locke, the Speaker has examined Engrossed Substitute Senate Bill No. 6286 and the amendment by Representative Ballard. Engrossed Substitute Senate Bill No. 6286 is an act relating to adjusting pension contributions rates, the bill adjust certain contribution rates for the PERS, TERS and the LEOFF retirement systems. The amendment by Representative Ballard does not deal with contribution rates, rather it deals with increasing pension benefits for cost of living increases. The Speaker finds that the amendment expands the scope and object Engrossed Substitute Senate Bill No. 6286. Mr. Locke your point in well taken, the amendment is out of order.

On motion of Mr. Ebersole, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.
Mr. McLean spoke against passage of the bill. Ms. Hine spoke in favor.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute Senate Bill No. 6286, and the bill passed the House by the following vote: Yeas - 56, Nays - 41, Absent - 0, Excused - 1.

Excused: Representative Chandler - 0.

Engrossed Substitute Senate Bill No. 6286, having received the constitutional majority, was declared passed.

MOTION

RESOLUTIONS

HOUSE RESOLUTION NO. 92-4779, by Representatives Cantwell, Rasmussen, J. King, McLean Ballard, Ogden, Prince, Ebersole and Inslee

WHEREAS, Sterling Munro served former United States Senator Henry Jackson for twenty-five years, rising to the position of administrative assistant; and

WHEREAS, Sterling Munro was appointed by former President Carter as the administrator of the Bonneville Power Administration and later became known as the Northwest’s “Energy Czar”; and

WHEREAS, Sterling Munro, as the Bonneville Power Administration chief, sought legislation creating the Northwest Power Planning Council, which is responsible for developing regional electric power and conservation plans and fish and wildlife enhancement programs; and

WHEREAS, Sterling Munro cared deeply about the preservation of our environment and was essential in the creation of the North Cascades National Park; and

WHEREAS, Sterling Munro was instrumental in the passage of the National Environmental Policy Act and the Columbia River treaty with Canada; and

WHEREAS, Sterling Munro served for many years as a dedicated trustee of Central Washington University; and

WHEREAS, Sterling Munro was known for his outstanding wit and sage advice; and
WHEREAS, Sterling Munro shared with United States Senator Jackson a deep-seated conviction regarding the fundamental importance of public service, individual integrity, and human dignity; and

WHEREAS, Sterling Munro died March 9, 1992, at the age of 60, leaving his wife Gene, seven children and thirteen grandchildren;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives recognizes Sterling Munro’s life-long dedication to public service and his selfless contributions for the betterment of Washington state and its people; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of Representatives to Sterling Munro’s wife, Gene, and to the members of his family.

Ms. Cantwell moved adoption of the resolution. Representatives Cantwell and Ballard spoke in favor of the adoption of the resolution.

House Resolution No. 92-4779 was adopted.

WHEREAS, In September 1962, Fitzgerald Beaver first published The Facts, which was at the time the only newspaper published by and for Seattle’s African American community; and

WHEREAS, In the ensuing thirty years of publication, The Facts became the Northwest’s largest African American-owned publication and was recognized as the official voice of the Northwest African American community; and

WHEREAS, Through his pioneering journalism efforts, Fitzgerald Beaver became known as the godfather of black media; and

WHEREAS, On September 7, 1983, The Facts grew into a sixteen-page, "metro-size" chronicle on African American heritage, reporting on the growth and success of the African American community; and

WHEREAS, During his thirty-two years of residence in Seattle, Fitzgerald Beaver was recognized as a community servant and leader, receiving more than one hundred community service awards; and

WHEREAS, Fitzgerald Beaver served as a role model to other African American journalists and entrepreneurs, and a scholarship fund has been established in his name that will award scholarships to students whose academic and community commitment exemplify the qualities that Fitzgerald Beaver stood for; and

WHEREAS, The African American community, the journalism industry, and residents of the state of Washington lost a friend and leader with the January 1, 1992, passing of Fitzgerald Beaver; and

WHEREAS, This is Black History Month and there is no more appropriate time to pay tribute to this man;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives honor the life and work of Fitzgerald Beaver and pays its respect to the memory of this special man.
Mr. Wineberry moved adoption of the resolution. Mr. Wineberry spoke in favor of the adoption of the resolution.

House Resolution No. 92-4781 was adopted.

HOUSE RESOLUTION NO. 92-4777, by Representatives Hine and Prince

WHEREAS, The regular session of the 1992 Legislature is drawing to a close; and
WHEREAS, It is particularly challenging to complete our work in a short 60 day session; and
WHEREAS, Our legislative staff is essential to the accomplishment of that task; and
WHEREAS, Our professional nonpartisan staff has once again provided excellent research and assistance, working long hours perfecting our creative ideas into workable proposals; and
WHEREAS, Our own personal staff manage to keep track of our mail, our phone calls, our visitors, our constituents, and sometimes even us; and
WHEREAS, Our Chief Clerk and rostrum workers keep papers moving in a mysterious way that somehow results in good laws for the people of the State of Washington; and
WHEREAS, Our workroom and bill room staff work tirelessly behind the scenes at all hours to feed our insatiable appetite for bill reports, bill books, amendments, resolutions, and other both digestible and indigestible paper products; and
WHEREAS, The tour guides proudly show many thousands of visitors our beautiful capitol building; and
WHEREAS, Our respective caucus staffs carry out their work with enthusiasm and eagerness; and
WHEREAS, The session workers have assisted in all their many tasks; and
WHEREAS, The tremendous support from all our staff contributed significantly to our ability to perform our duties as state legislators;
NOW, THEREFORE, BE IT RESOLVED, That the members of the House of Representatives express our sincere thanks to all those who have given so much of their personal time and considerable skills to help us complete a successful session; and
BE IT FURTHER RESOLVED, That copies of this resolution be distributed to all staff offices and work areas as a sign of our sincere appreciation.

Ms. Hine moved adoption of the resolution. Representatives Hine, Prince, Rasmussen and Wineberry spoke in favor of adoption of the resolution.

House Resolution No. 92-4777 was adopted.

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED HOUSE BILL NO. 2053, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 19.28.200 and 1980 c 30 s 15 are each amended to read as follows:

(1) No license under the provision of this chapter shall be required from any utility or any person, firm, partnership, corporation, or other entity employed by a utility because of work in connection with the installation (and/or) repair, or maintenance of lines (and) wires, apparatus, or equipment owned by or under the control of a utility and used for
transmission or distribution of electricity from the source of supply to the point of contact at the premises and/or property to be supplied, and service connections and meters and other apparatus or appliances used in the measurement of the consumption of electricity by the customer and located outside the building or structure: PROVIDED, That a utility does not initiate the sale of services to perform such work.

(c) Lines and wires, together with ancillary apparatus, and equipment, owned by a customer that is an independent power producer who has entered into an agreement for the sale of electricity to a utility and that are used in transmitting electricity from an electrical generating unit located on premises used by such customer to the point of interconnection with the utility's system.

(3) Any person, firm, partnership, corporation, or other entity licensed under RCW 19.28.120 may enter into a contract with a utility for the performance of work under subsection (2) of this section.

(4) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of the work of installing and repairing ignition or lighting systems for motor vehicles.

(5) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of work in connection with the installation, repair, or maintenance of wires and equipment, and installations thereof, exempted in RCW 19.28.010.

Sec. 2. RCW 19.28.210 and 1989 c 344 s 1 are each amended to read as follows:

(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(2).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

(3) Whenever the installation of any wiring, device, appliance, or equipment is not in accordance with this chapter, or is in such a condition as to be dangerous to life or property, the person, firm, partnership, corporation, or other entity owning, using, or operating it shall be notified by the department and shall within fifteen days, or such further reasonable time as may upon request be granted, make such repairs and changes as are required to remove the danger to life or property and to make it conform to this chapter. The director, through the inspector, is hereby empowered to disconnect or order the discontinuance of electrical service to conductors or equipment that are found to be in a dangerous or unsafe condition and not in accordance with this chapter. Upon making a disconnection the inspector shall attach a notice stating that the conductors have been found dangerous to life or property and are not in accordance with this chapter. It is unlawful for any person to reconnect such defective conductors or equipment without the approval of the department, and until the conductors and equipment have been placed in a safe and secure condition, and in a condition that complies with this chapter.

(4) The director, through the electrical inspector, has the right during reasonable hours to enter into and upon any building or premises in the discharge of his or her official duties for the purpose of making any inspection or test of the installation of new construction or altered electrical wiring, electrical devices, equipment, or material contained in or on the buildings or premises. No electrical wiring or equipment subject to this chapter may be concealed until it has been approved by the inspector making the inspection.

(5) Persons, firms, partnerships, corporations, or other entities making electrical installations shall obtain inspection and approval from an authorized representative of the department as required by this chapter before requesting
the electric utility to connect to the installations. Electric utilities may connect to the installations if approval is clearly indicated by certification of the electrical work permit required to be affixed to each installation or by equivalent means, except that increased or relocated services may be reconnected immediately at the discretion of the utility before approval if an electrical work permit is displayed. The permits shall be furnished upon payment of the fee to the department.

(6) The director, subject to the recommendations and approval of the board, shall set by rule a schedule of license and electrical work permit fees that will cover the costs of administration and enforcement of this chapter. The rules shall be adopted in accordance with the administrative procedure act, chapter 34.05 RCW. No fee may be charged for plug-in mobile homes, recreational vehicles, or portable appliances.

(7) Nothing in this chapter shall authorize the inspection of any wiring, appliance, device, or equipment, or installations thereof, by any utility or by any person, firm, partnership, corporation, or other entity employed by a utility in connection with the installation, repair, or maintenance of lines, wires, apparatus, or equipment owned by or under the control of the utility. All work covered by the national electric code not exempted by the 1981 edition of the national electric code 90-2(B)(5) shall be inspected by the department.

Sec. 3. RCW 19.28.610 and 1986 c 156 s 16 are each amended to read as follows:

Nothing in RCW 19.28.510 through 19.28.620 shall be construed to require that a person obtain a license or a certified electrician in order to do electrical work at his or her residence or farm or place of business or on other property owned by him: PROVIDED, HOWEVER, That nothing in RCW 19.28.510 through 19.28.620 shall be intended to derogate from or dispense with the requirements of any valid electrical code enacted by a city or town pursuant to RCW 19.28.010(2), except that no code shall require the holder of a certificate of competency to demonstrate any additional proof of competency or obtain any other license or pay any fee in order to engage in the electrical construction trade: AND PROVIDED FURTHER, That RCW 19.28.510 through 19.28.620 shall not apply to common carriers subject to Part I of the Interstate Commerce Act, nor to their officers and employees: AND PROVIDED FURTHER, That nothing in RCW 19.28.510 through 19.28.620 shall be deemed to apply to the installation or maintenance of telephone, telegraph, radio, or television wires and equipment; nor to any electrical utility or its employees((i))) in the installation((i))) repair, and maintenance of electrical wiring, circuits, and equipment by or for the utility, or comprising a part of its plants, lines or systems. The licensing provisions of RCW 19.28.510 through 19.28.620 shall not apply to:

(1) Persons making electrical installations on their own property ((or to)))
(2) Regularly employed employees working on the premises of their employer; or
(3) Employees of an employer while the employer is performing utility type work of the nature described in RCW 19.28.200 so long as such employees have registered in the state of Washington with or graduated from a state-approved outside lineman apprenticeship course that is recognized by the department and that qualifies a person to perform such work:

AND PROVIDED FURTHER, That nothing in RCW 19.28.510 through 19.28.620 shall be construed to restrict the right of any householder to assist or receive assistance from a friend, neighbor, relative or other person when none of the individuals doing the electrical installation hold themselves out as engaged in the trade or business of electrical installations. Nothing precludes any person who is exempt from the licensing requirements of this chapter under this section from obtaining a journeyman or specialty certificate of competency if they otherwise meet the requirements of this chapter.

On page 1, line 1 of the title, after "exemptions;" strike the remainder of the title and insert "and amending RCW 19.28.200, 19.28.210, and 19.28.610."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SIGNED BY THE SPEAKER

The Speaker announced that he had signed the following bill.

ENGROSSED HOUSE BILL NO. 2053,

MESSAGE FROM THE SENATE

March 12, 1992

MR. SPEAKER:

The President has signed:

ENGROSSED HOUSE BILL NO. 2053,

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

POINT OF PERSONAL PRIVILEGE

Ms. Hine: Mr. Speaker with your permission, Representatives Ballard, Ebersole, Prince and I, would like to approach the rostrum?

Mr. Speaker: Ms. Hine, with consent of the Houses that's alright.

Ms. Hine: Mr. Speaker, thank you for your cooperation. The first order of business, is for us as a group to acknowledge Mary King, Joe's wife. We have talked about throwing a special party for you two, all during session. But the Speaker kept us so busy that we did not have time to do that, but with permission Mr. Speaker may I introduce your wife Mary King and wish you both congratulations from all of us. Now Mr. Speaker we do have something for you, we were
going to get a card to go along with our gift, but then we decided that this signed picture was more appropriate. So, we give that to you with are sincere appreciation and thanks for the many years you have served. Now we will give you the present and then we will each have something more to say.

Ms. Hine: Mr. Speaker these are genuine Spafford murals and we all chipped in, to get it for you. Some offered to chip in lots more if we would give you the real thing. We all are proud and honored Mr. Speaker, to have served with you. We came in the same class, he has improved since then, although there are some who may question that statement. You have indeed been a vigorous leader who never ever have any of us been bored, your style, your daring ideas, but most of all your friendship and your belief in this institution, your willingness to give so much of yourself to the good of all of us. You will, I know go on and do much better, greater things and that gives shivers to everybody, some for different reasons. But on behalf of the caucus and all of us who work with you, we wish you well and thank you very much for your years of service and I especially thank you for the great friendship.

Mr. Prince: Joe, Mary, on behalf of the Republican Caucus we want to wish you both the best in your life together, we are very pleased to see you both here on the rostrum tonight. We have enjoyed working with you, we don't wish you the greatest luck. But you have been a good friend, we have enjoyed it, so on behalf of our caucus, the best.

Mr. Ballard: It's been interesting as we've been involved in this process, and I remember Joe when you became Mr. Speaker and we became the loyal opposition. We have had a lot of interesting times, and I think probably the most unique part of this place is that we come here as strangers, we come here with different ideas, we come here with different agendas and we leave here as life long friends, that is hard to express, unless you are a part of this process. We really appreciate being able to work with you and we didn't always agree, but we always agreed to disagree and in a fashion that I think is good for the whole institution, our best to you.

Mr. Ebersole: Joe has been my roommate in Olympia, the past four or five years and some of the houses we have had, have not been all that great. So Joe I am hoping you can find a house near by, for the next Legislative session and I would like that room in the upper left hand corner on the second floor, when I visit.

Mr. Speaker: Well, thank you Representative Ebersole and maybe with a decent roommate now I can get invited back to the same place twice in a row. Thank you for the wonderful words, thank you for the pictures, but I refuse to turn this gavel over to anybody, unless there is a commitment that these murals will last longer than I do. Thank you all, I will have no higher honor in my life, than the honor I have had, in leading this bunch of wonderful people. I came into this state dead broke, in the back of a pickup, less than twenty years ago, ran for the Legislature, came to this institution as green as anybody has ever come to Olympia. I can remember, early in my career, that somebody suggesting in committee that I should offer an amendment that would benefit my district. It was somewhere in the middle of my first year up here, I had no idea where the window was where they passed out amendments, wandered around looking for two days trying to figure out who it was who was to get this amendment that I was suppose to offer up to somebody. I came absolutely green to this place, twelve years later, I am here saying goodbye to many friends. With a chance to move into the other-fine house in which Representative Ebersole has said. Coming to this state twenty years ago broke, making this many friends, with a chance to take a major step. Nobody has to tell me, about the American dream. You all have helped me live that American dream. In the process as your leader, I have learned a few things, about this place and about people. One of the things I didn't understand when I came here, that I gradually have come to understand as your leader, is that the process, this legislative process is probably more important than any particular piece of legislation that we pass. That between the committee hearing rooms
and the debate on the floor, the debate in the Senate, in that process we hold the Democratic
tradition. The clash of forces here, the clash of opponents, and those opponents of legislation, and
the relationships spelled out in that clash, literally governs our future. The quality of those
relationships, are as important to this institution as the quality of the relationships in our own lives.
As Speaker it has been my goal to try to deal with stability and grace and improve on the quality
of those relationships. I haven't always been successful in that as many of you will tell me. To
those that I have offended, I apologize, and I learned, I have also learned that in this place that
people who seem, appear to be very ordinary, in times of crises are capable of extraordinary
courage and leadership. I think we have learned together, we have had some wonderful successes,
I think we have showed the state, that we can make the legislature as an institution run and run
well, in spite of that we are laboring under a divided government. I think the public and the press
don’t understand the difficulties of trying to run with a divided government, with the chambers in
opposite control. I am enormously proud of the work we have done, my only counsel that I leave
to my friends behind, is to remember what a high honor and a sacred trust, has been granted to us
from the public, to those of you that I have leaned on, thank you for your strength and to those that
I have learned from and that includes nearly everybody in here, thank you for your wisdom and to
all the members, to the Chief Clerk, to the staff, thank you for the honor of allowing me the honor
of leading you. Thank you very very much.

SENATE CONCURRENT RESOLUTION NO. 8427,

POINT OF PERSONAL PRIVILEGE

Representative Ballard: Mr. Speaker, Ladies and Gentlemen of the House, there is one additional thing I would like to take just a moment and say. We wish the Speaker good luck in his future, and I also wanted to point out that there is a large number of the members on both sides of the aisle that are going to be going on to new endeavors. Looking for new and higher and greater things to do and places to have more fun than we do here. I want to say on behalf of the Republican Caucus and I am sure I speak for all of us, that we have truly, formed some incredible friendships, what places can you go, in which people get up and appear to everyone around that we want to do battle, including our former expressions tonight between the two Ways and Means chairs and then have us sit down and have good friendships, break bread together, and be concerned about each other, and later on to walk up to somebody and no matter what party or what kind of debate we have had and to express that we care for one another. So we would like to say good luck to all of you who we will not have the privilege of serving with in the future, we have enjoyed this very much. Thank you.

REPORT OF SPECIAL COMMITTEE FROM SENATE

GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED AND PARTIALLY VETOED

Fifty-Second Legislature
1992 Regular Session

April 2, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Engrossed Substitute House Bill No. 1495 entitled:

"AN ACT Relating to the protection of consumers in the sale of lands."

Section 3 of Engrossed Substitute House Bill No. 1495 provides conditions under which developers are exempt from complying with the consumer protections afforded under the land development act. Section 3(16) exempts from regulation certain developments in cities and counties with comprehensive land use plans and development regulations under the Growth Management Act. It is inappropriate to replace a consumer protection law with an environmental protection law. This provides an opportunity for unscrupulous developers to circumvent the entire chapter just because the property being sold is located in a county with a comprehensive plan. Additional unacceptable opportunities for circumventing the provisions of this chapter exist in section 3(15).

For these reasons, I have vetoed section 3 of Engrossed Substitute House Bill No. 1495. With the exception of section 3, Engrossed Substitute House Bill No. 1495 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval Engrossed Substitute House Bill No. 2274 entitled:

"AN ACT Relating to employee privacy."

Engrossed Substitute House Bill No. 2274 addresses a problem that does not presently exist in Washington State. The purpose of the bill is to prevent employers from unfairly discriminating against an employee because of the consumption of lawful product outside of the workplace. There is no evidence that employers are abusing their authority under current law.

In contrast, if signed, the bill would draw into question the authority of employers to offer incentives for their employees to end unhealthy forms of behavior, such as the consumption of alcohol or tobacco. For example, this state's Executive Order 88-06, which bans smoking in state buildings and offers assistance to state employees who wish to quit smoking, could be called into
question. Given the health hazards associated with tobacco use, the current authority of employers to provide incentives for employees to quit smoking is good public policy. Employers should be encouraged to exercise this authority.

The bill does allow employers to distinguish between employees if their insurance policy carries a differential rate between smokers and nonsmokers. However, it is not clear whether employers who currently lack such policies would be prohibited from obtaining them in the future. To date, the legislature hasn't stepped up to the task of controlling health care costs, and I believe businesses should not be prohibited from exploring options for keeping their employee health insurance plans affordable. In addition, section (1) seems to prohibit employers from discriminating against an individual for smoking on premises during nonworking hours, or for smoking off premises during working hours. This raises troubling issues. For example, it is unclear whether an employer could prohibit a child care employee from smoking around children or whether an employer could prohibit an employee from smoking in a customer's home.

I am concerned that this bill, if it were to become law, would significantly increase employment litigation based on the argument that an employee was dismissed or disadvantaged because of the consumption of a legal product off premises during nonworking hours.

This veto does not affect existing laws that constrain employers from inquiring into their employee's private lives. But because there is no evidence that employers are abusing their current authority, the concerns created by the bill outweigh its possible merits.

For these reasons, I have vetoed House Bill No. 2274 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

April 1, 1992

To the Honorable, the House.
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 16, Substitute House Bill No. 2319 entitled:

"AN ACT Relating to election administration."

Substitute House Bill No. 2319 creates the Election Administration and Certification Board to assure that elections are fair and efficient and that persons who work on elections are trained and well qualified.

Section 16 puts this program in jeopardy by providing that if specific funding is not included in the 1993 appropriations act, this act will become null and void. In recognition of the importance of this new program, I am eliminating this "null and void" provision.

For this reason, I have vetoed section 16 of Substitute House Bill No. 2319.

With the exception of section 16, Substitute House Bill No. 2319 is approved.

Respectfully submitted,
Booth Gardner, Governor.
To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 2344 entitled: "AN ACT Relating to participation in criminal street gangs."

Substitute House Bill No. 2344 creates an aggravated exceptional sentence standard for crimes committed with the intent to promote, further, or assist any criminal conduct by criminal street gang members.

I agree that criminal activity motivated by the desire to further the illegal objectives of a gang should be severely punished. However, any measure that enhances a court’s ability to punish people for illegal behavior must be adequately defined so as to be enforceable and equitably applied. These amendments are vague, making it unclear what circumstances would justify an exceptional sentence.

RCW 9.94A.390 illustrates aggravating circumstances a court may currently consider for imposing an exceptional sentence. These circumstances represent egregious situations when a court can determine that the purposes of the state’s sentencing system would not be met by a sentence within the standard range. When criminal street gang activity represents egregious circumstances or unique criminal activity the court already has the authority to impose exceptional sentences.

Substitute House Bill No. 2344 singles out criminal street gangs as particularly dangerous associations. The term "street gang" itself conjures up specific stereotypical images in the public’s eye - images of minority youth wearing common clothing. Unfortunately, despite efforts of the sentencing reform act to remove racial and ethnic disparity in sentencing practices, minority youth are disproportionately affected by the criminal justice system. This is particularly true with respect to exceptional sentences. I do not wish to further this disparity.

Including the term "criminal street gang," especially as vaguely defined, will send the message that one particular type of criminal association, one most often associated with minority youth, is more dangerous to society than other criminal organizations.

For these reasons, I have vetoed Substitute House Bill No. 2344 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3, 4 and 5, Substitute House Bill No. 2348 entitled: "AN ACT Relating to the confidentiality of victim-identifying information in cases of child victims of sexual abuse."

The legislature should be applauded for advocating for the protection of privacy interests of child victims of sexual assault. Substitute House Bill No. 2348 is an attempt to regulate access to, and dissemination of, the names and identifying information of child victims of sexual assault. We have a moral obligation to protect our children from the impact of insensitive disclosure of this
information. Child victims are often stigmatized by peers or traumatized by public knowledge of the events that have occurred. This traumatization makes recovery from the effects of the crime more difficult and creates a sense of continuing victimization. Victims may fear public knowledge about the events and may be reluctant to step forward and report the crime to law enforcement.

This bill takes necessary steps to assure that information on child victims of sexual assault is not disseminated. It sets a very high standard for protecting the privacy interests of child victims. Despite the improvements made by the legislature, I am forced to veto sections 3, 4 and 5, because of the unconstitutional prior restraint placed upon the press in its efforts to publish information about sexual assault victims. The courts have consistently said that prior restraint on speech and publication is the most serious and least tolerable infringement on First Amendment rights. The courts have also stated that there may be no prior restraint on reporting what transpires in open court, whether before or during trial.

Were I to sign this bill into law in its entirety, there is no doubt that major provisions of this Act would be found unconstitutional.

Other provisions of Substitute House Bill No. 2348 address two areas that will strongly protect the privacy interests of child victims of sexual assault. First, none of the information about the identity of the sexual assault victim shall be disclosed. This includes information gathered by law enforcement, social service entities, and the courts. Further, the courts have the authority to close their courtrooms for good cause. Section 9 specifically says that "the court shall ensure that information identifying the child victim is not disclosed to the press or public." The court shall also "order that any portion of any court records, transcripts or recordings of court proceedings that contain information identifying the child victim shall be sealed and not opened to public inspection."

The strength of these directives prohibits the disclosure of identifying information and sends a very strong message --- a message that says we will not tolerate the infringement on the rights of child victims of sexual assault.

For these reasons, I have vetoed sections 3, 4 and 5, of Substitute House Bill No. 2348. With the exception of sections 3, 4 and 5, Substitute House Bill No. 2348 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 31, 1992

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 5, Substitute House Bill No. 2359 entitled:

"AN ACT Relating to academic, vocational, and technological education."

Substitute House Bill No. 2359 establishes pilot projects to integrate vocational and academic education in secondary schools. Section 5 would set certain requirements for the pilot project applications submitted to the Superintendent of Public Instruction. Section 5 references requests for waivers even though the original language specifying such waivers does not appear in the substitute bill. A veto of this section is necessary to eliminate confusion with waivers.

For this reason, I have vetoed section 5 of Substitute House Bill No. 2359. With the exception of section 5, Substitute House Bill No. 2359 is approved.
To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 3 and 4, House Bill No. 2374 entitled:

"AN ACT Relating to senior volunteers."

House Bill No. 2374 establishes a statutory formula for distributing funds to local retired senior volunteer programs. The legislation will provide a solid framework for funding these activities. Senior volunteer programs provide important assistance to respond to a wide range of social concerns and local needs.

I am concerned, however, with the possible confusion which may occur with the enactment of sections 3 and 4. These sections direct the Department of Community of Development to act immediately to implement the bill, delay implementation of sections 1 and 2 until July 1 of this year, and enact section 3 of the bill at an intermediate date. While I believe it is important to implement this legislation rapidly, the language in these sections is contradictory and unnecessary.

For this reason, I have vetoed sections 3 and 4 of House Bill No. 2374.

With the exception of sections 3 and 4, House Bill No. 2374 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 26, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 2, Substitute House Bill No. 2457 entitled:

"AN ACT Relating to agricultural nuisances."

Substitute House Bill No. 2457 clarifies that a normal agricultural practice does not constitute a nuisance. Section 2 exempts vehicles hauling live farm animals from laws requiring loads to be secure while those vehicles are crossing certain ferries. This section is aimed at allowing the continued transport of livestock across the Keller Ferry on Lake Roosevelt without regard to animal waste which falls from transport vehicles.

It is my understanding that the Department of Transportation has given assurances to livestock transporters that the use of the Keller Ferry will not be denied to vehicles hauling live farm animals. As a result, section 2 is unnecessary. I urge continued cooperation between the Department of Transportation and affected parties to address any concerns about the use of the Keller Ferry.

For the reason stated above, I have vetoed section 2 of Substitute House Bill No. 2457.

With the exception of section 2, I have approved Substitute House Bill No. 2457.

Respectfully submitted,
Booth Gardner, Governor.

April 1, 1992
To the Honorable, the House
of Representatives of the
State of Washington:
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 102, 104, 110, 111, 112, 113, 114, 207, 210, 211, 212, 301, 305, 307, 403, 404, 407 and 408, Engrossed Substitute House Bill No. 2466 entitled:

"AN ACT Relating to recommendations of the juvenile issues task force."

Engrossed Substitute House Bill No. 2466 originated from the deliberations of the Juvenile Issues Task Force. The Task Force was comprised of individuals representing a broad range of interests. It attempted a comprehensive review of the juvenile justice system and the programs provided for troubled youth and their families. The Task Force focused on three substantive areas: juvenile offenders, families at risk, and involuntary commitment and treatment.

These issues are of paramount concern. I applaud the work of the Juvenile Issues Task Force. Its job was not an easy one. Unfortunately, the job was not completed. Many provisions of Engrossed Substitute House Bill No. 2466 were left unfunded, and the burden of making the tough choices to fund these new programs was left to the next legislature.

I cannot mislead the citizens of the state into believing that Substitute House Bill No. 2466 will make important and needed changes in the lives of youths. My hope is that the newly created Joint Select Committee will address these issues with legislation and appropriate funding in the 1993 legislative session. For that reason, I find it necessary to veto the following sections of Engrossed Substitute House Bill No. 2466:

Section 102

This section redefines terms of the state’s Juvenile Justice Act. I am concerned that the definition of "community based rehabilitation" could result in placing youths in residential or inpatient substance abuse programs as a condition of their sentence. This would limit their liberty without adequate due process as required by the state’s involuntary commitment statutes. Substance abuse treatment during community based rehabilitation should be limited to outpatient programs. For this reason, I have vetoed section 102.

Section 104

The sentence range increases contained in this section will result in a significant caseload increase for county detention facilities. While the language would imply that this increase is optional, it is only optional for the court at the time of sentencing. Therefore, the detention facilities will have no real control over the increased sentences and the resulting caseload. The fiscal impact of this section is estimated to be $11 million for the community supervision expansion alone. The fiscal impact for detention increase would be of the same magnitude. Local governments lack the fiscal resources to accommodate this increase at this time. In addition, local governments lack the physical resources (beds) to accommodate this increased caseload. Currently, many detention facilities are facing critical overcrowding problems. This section would only add to this crisis. For this reason, I have vetoed section 104.

April 2, 1992

Respectfully submitted,
Booth Gardner, Governor.
Sections 110 through 114

These sections authorize counties to implement and operate youthful offender discipline programs, popularly known as "boot camps." Section 110 limits the programs to children between the ages of 14 and 18 who have been committed to the Department as serious offenders or as minor or first offenders. I believe section 110 contains a drafting error. Minor or first offenders should not be in confinement. They should instead be placed in community supervision programs. Furthermore, serious offenders are generally placed in total confinement settings separate from minor offenders. Sections 111 through 114 implement section 110. Because of the confusion created by the drafting error in section 110, I have vetoed sections 110 through 114.

Section 207

This section addresses alternative residential placements for children following placement in a crisis residential center. This section increases the waiting period for the Department of Social and Health Services prior to filing an alternative residential placement petition from 72 hours to 5 days. Under requirements of this section, the Department's authority to retain a child in a crisis residential center can expire before the petition can be filed. I have vetoed this section in order to maintain the Department's current authority to file a petition before the authority to retain a child expires.

Section 210

This section requires that the Department of Social and Health Services not administratively split code staff that provide family reconciliation services. Although the Department is in the process of accomplishing this action, I believe it is inappropriate to place such administrative requirements in statute. I have vetoed this section to allow the Department to handle such matters administratively.

Section 211

This section requires that all placements into crisis residential centers be approved and coordinated through the family reconciliation supervisor. This administrative requirement needs flexibility and, thus, is inappropriate for inclusion in statute. I have vetoed this section to ensure that this level of administrative detail be left to the agency.

Section 212

This section reduces the staffing in regional crisis residential centers from an average of one staff member for every two children to an average of one staff member for every three children. Children housed in crisis residential centers may pose a threat to themselves and others. This change in the staffing ratio creates a dangerous situation for both residents and staff. I have vetoed this section in order to retain a higher ratio of staff to residents and to ensure greater safety and quality of care within the crisis residential centers.

Section 301

This section requires the Department of Social and Health Services to design and implement its services and programs to maximize receipt of federal funds. The Department has federal funding for numerous programs and has contributed toward saving millions of dollars for the state's General Fund. But, in some circumstances maximizing federal funding would result in denying needed services to many of our state's vulnerable persons. I have vetoed this section in order to allow the Department to manage its programs and services in a more flexible manner.
Section 305

This section would require county designated mental health professionals to provide a written notice and evaluation report to parents of a minor who does not meet involuntary detention criteria. This would create an unnecessary and burdensome workload. For this reason, I have vetoed this section.

Section 307

This section requires a county designated chemical dependency specialist to provide a written notice and evaluation report to parents of a minor who does not meet the criteria for a commitment to a chemical dependency program. This requirement will generate an unnecessary and burdensome workload. In addition, it appears this language is in direct violation of federal confidentiality rules. For these reasons, I have vetoed this section.

Section 403

This section requires the Department to produce a study and report by a specified date. The Legislature did not provide funds to accomplish this mandate. The phrase "within existing funds" requires the Department to divert funding from other priorities in order to accomplish this study. In a period of diminishing fiscal resources, this only degrades the Department's ability to complete existing tasks and requirements. For this reason, I have vetoed this section.

Section 404

Section 404 refers to section 111 through 114. I have vetoed this section because, otherwise, it would have no meaning.

Section 407

This section declares that the purposes of this Act are solely to provide counties and the Department of Social and Health Services with authority to provide these new or expanded services within existing funds unless otherwise funded in the 1992 supplemental appropriations act. This section implies that substantive reform can be achieved without expending resources. It is inappropriate to require or force new programs on the Department or the local governments without making the conscious decision to fund them. For this reason, I have vetoed this section.

Section 408

This section establishes a July 1, 1993, implementation date for numerous provisions of the Act. I believe that this precedent is an unwise one. The 1992 legislature should take responsibility for its own actions and not place the burden of funding these new requirements on the next legislature. I have vetoed this section in order to allow those referenced sections that have not been vetoed to take effect earlier.

For the reasons stated above, I have vetoed sections 102, 104, 110, 111, 112, 113, 114, 207, 210, 211, 212, 301, 305, 307, 403, 404, 407 and 408 of Engrossed Substitute House Bill No. 2466.
With the exception of sections 102, 104, 110, 111, 112, 113, 114, 207, 210, 211, 212, 301, 305, 307, 403, 404, 407 and 408, Engrossed Substitute House Bill No. 2466 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House
of Representatives of the
State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 111 (page 5, line 8), 117 (page 8, lines 20-23), 124 (page 10, line 26), 125, 127, 128, 129(3), 136(5), 141(6), 142(3), 154, 201 (page 26, lines 6 and 7), 203(3), 205(1)(g), 205(2)(c), 210(10), 210(11), 211(5), 211(6), 222 (page 58, lines 10 and 11), 222 (page 61, lines 15 through 18), 222(3), 222(32), 223, 227, 229 (page 72, lines 23 and 24), 303 (page 83, lines 14 and 15), 303 (page 83, line 18), 307 (page 91, lines 19 and 20), 307(9), 311 (page 96, lines 3 and 4), 610(3)(a), 704, 802 (page 194, lines 15-17), 802 (page 195, lines 17, 18, 19 and 20), 903, 906, 909 and 910, Engrossed Substitute House Bill No. 2470 entitled:

"AN ACT Relating to fiscal matters."

My reasons for vetoing these sections are as follows:

Section 111, page 5, line 8, Court of Appeals

This section reduces the appropriation for the Court of Appeals by $371,000 from the level included in section 111, chapter 16, Laws of 1991, 1st special session, and includes language (also present in sections 109 (Supreme Court) and 113 (Administrator for the Courts)) that allows the Supreme Court, the Court of Appeals, and the Administrator for the Courts, by mutual agreement to utilize their state General Fund appropriations "to make efficient and effective use of available financial resources within the entire judicial branch." I am convinced that the total state General Fund appropriations to these agencies is insufficient to allow the performance of the essential functions of these agencies. I have vetoed only the appropriation in this section, restoring $371,000 in appropriations to be used, pursuant to the retained proviso language, to meet the financial requirements of the three judicial agencies.

Section 117, page 8, lines 20-23, Gratuity Tracking System (Public Disclosure Commission)

The proviso in this section requires the agency to expend $25,000 to implement a gratuity tracking system. I accept the legislature's decision to reduce the appropriation to the agency by $122,000. Because this reduction is $25,000 greater than my recommendation, I have vetoed this proviso and directed the agency to determine how much, if any, of its appropriation can be made available for this system.

Shellfish Litigation

Section 124, page 10, line 26 (Attorney General)
Section 125, page 12, (Attorney General)
Section 311, page 96, lines 3 and 4 (Department of Fisheries)

The General Fund-State appropriation for the Attorney General includes $915,000 for legal costs related to tribal shellfish litigation. I have returned the Attorney General's General Fund-State
appropriation to the $6.3 million originally provided by section 124, chapter 16, Laws of 1991, 1st special session.

Section 125 provides $915,000 in the Attorney General’s budget for shellfish litigation expenses. While resolution of the issue of tribal shellfish rights is important, it is unlikely that the full $915,000 will be required for litigation expenses this biennium. Placing this appropriation directly in the Attorney General’s budget greatly reduces the ability of the other members of the state shellfish caucus to participate and influence the litigation decisions of the Attorney General. Members of the State Shellfish Caucus include the Department of Fisheries, Department of Health, State Parks and Recreation Commission, Department of Natural Resources, as well as the Attorney General. It is for these reasons that I have vetoed section 125.

In order to restore litigation funding to the Department of Fisheries, I have also vetoed the Department’s General Fund-State appropriation. This will provide $4,771,000 in additional appropriation authority to the agency. I have directed the Department to place $3,856,000 in reserve and use $450,000 to cover the costs of shellfish litigation for this biennium. The remaining $465,000 will be used by the Department to cover additional litigation costs and the cost of the mediation process begun by the U.S. Fish and Wildlife Service.

Section 127, pages 12 and 13, Office of Financial Management

This section reduces the Office of Financial Management’s total appropriation by $4,090,000 and requires the Office of Financial Management to absorb the $300,000 cost of the Commission on Student Learning. These changes impose an unmanageable 13.9 percent reduction in the state’s central financial management agency, substantially weakening its ability to support the development and monitor the implementation of budgets and substantive policy in a period when constant vigilance regarding revenues and expenditures will be needed. My veto of this section restores $4,090,000 in appropriation authority. I have directed that $1,218,000 of that restored appropriation be placed in reserve, thus imposing the same state General Fund percentage reduction on the Office of Financial Management (7.4 percent before providing for the Commission on Student Learning) that the supplemental budget imposed on the legislature. My veto also eliminates the increased Savings Recovery Account appropriation to the Office of Financial Management, consistent with my veto of the increase in revenue to the account provided in section 906.

Section 128, page 13, Revolving Fund (Office of Administrative Hearings)

This section reduces funding for the Office of Administrative Hearings by $293,000. Much of the hearings workload handled by the agency is nondiscretionary and supported by nonstate General Fund sources. A reduction in funding will not reduce the demand for hearings services nor limit the number of hearings agencies need. It would only create more need for interagency agreements as a way to fund hearing services in excess of the appropriation. This veto allows the agency to bill for hearings services up to the level of its original appropriation without the need to use resources to create interagency agreements.

Section 129(3), page 14, Data Processing Revolving Fund (Department of Personnel)

This subsection reduces expenditure allotment authority from Fund 419, the Data Processing Revolving Fund, by the Department of Personnel. This reduction in expenditure authority would significantly decrease the Department’s ability to develop ad hoc management reports, meet agency requests for software enhancements, and modify the payroll system to meet new requirements. In addition, this language represents an unprecedented intrusion on the Governor’s authority to control
expenditures from nonappropriated funds through the allotment process as established in RCW 43.88.110.

Section 136(5), page 17, Study of Nonprofit Homes (Department of Revenue)

This subsection provisos $57,400 solely for the implementation of Substitute House Bill No. 2639 (Study of Non-Profit Homes for the Aged) from the Department’s existing General Fund-State. While this study would yield information concerning the equity of tax laws as applied to homes for the aged, there were no additional funds provided to conduct the study. I have vetoed the proviso in order to give the Department flexibility. I have directed the Department to undertake a study which satisfies the essential requirements of Substitute House Bill No. 2639, within existing resources, without compromising other necessary revenue collection functions.

Section 141(6), page 20, Facility Support for Tenants of the Labor and Industries and the Natural Resources Buildings (Department of General Administration)

Subsection 6 provides $849,000 of the General Administration Facilities and Services Revolving Fund appropriation for maintenance services to the Department of Labor and Industries and the Department of Natural Resources, subject to negotiations to determine the levels and prices of services. The levels and prices of facility and support services are negotiated between the Department of General Administration and the Office of Financial Management in order to provide a reasonable and equitable level of service among all state agencies. Allowing agencies to negotiate their own service levels and rates would create administrative confusion and subject agencies with less flexibility in funding to substandard service. I have vetoed this proviso and have directed the Department of General Administration to ensure that $849,000 of the Facilities and Services Revolving Fund appropriation is employed solely in support of all of the tenants of the Department of Labor and Industries and the Department of Natural Resources buildings.

Section 142(3), page 21, Reduced Expenditures in the Data Processing Revolving Fund (Department of Information Services)

This subsection reduces by 2.5 percent the agencies’ expenditures on information technology provided by the Department of Information Services, reduces the Department of Information Services’ administrative and operations personnel by 21 FTEs, and directs the $950,000 saved from the reduced staffing level to be placed in the Savings Recovery Account. I have vetoed this subsection because no savings will result from reducing the Department of Information Services staff. Agency demand for computer services creates the need for the positions, and it is the agency use of the positions which generates the billing for the services rendered. I have also vetoed section 906, which adds "savings" from these staff reductions as a revenue source to the Savings Recovery Account. I have asked the Office of Financial Management to work with agencies and the Department of Information Services to attempt to reduce agency computer service expenditures by 2.5 percent.

Section 154, page 25, Repealer Clause for Sections 101 through 152 of Chapter 16, Laws of 1991 Special Session

Engrossed Substitute House Bill No. 2470 amends appropriations originally made for the 1991-93 Biennium in 1991 special session, chapter 16, the biennial operating budget. The longstanding tradition of the legislature has been to draft supplemental appropriation measures, such as this one, in amendatory form. Thus, the legislature historically has set forth the original appropriations and amendments to them. This historical practice not only reflects the true nature of such measures, it also clearly identifies and makes visible to each member of the legislature
intended changes in original biennial appropriation levels. In Part I of Engrossed Substitute House Bill No. 2470, the legislature has abandoned this longstanding practice by repealing numerous original biennial appropriations and replacing them with new appropriations.

As the Governor of this state and a former legislator, I strongly oppose the drafting method employed by the legislature in Part I. It does not provide a clear representation of proposed amendments to biennial appropriation levels and thus, does a disservice to citizens of the state and to the legislative process in which this office participates.

Moreover, the veto authority granted to the Governor by the Constitution of this state is intended to allow the Governor to object to changes in laws, including appropriation measures. By use of this untoward drafting mechanism, the legislature has attempted to thwart the very purpose of the constitutional veto authority of the Governor. Absent veto of section 154, which purports to repeal numerous sections in the 1991-93 biennial operating budget, I would have little choice but to accept the appropriations set forth in Part I of this enactment. The alternative, vetoing any or all of the appropriations in Part I of this enactment, would leave affected offices and agencies wholly without appropriations.

For these reasons, I have vetoed section 154, thereby preventing the repeal of the original appropriations in the biennial operating budget, 1991 special session, chapter 16, identified specifically in section 154 of this enactment.

For reasons fully explained elsewhere in this message, I also have vetoed certain appropriations made in Part I of this enactment. Where I have done so, the appropriation for the affected agency or office will be the original biennial appropriation for that agency or office, appearing in 1991 special session laws, chapter 16. Where I have not vetoed an appropriation contained in Part I of this enactment, the appropriation in Part I will constitute the biennial appropriation for the affected agency or office.

Section 201, page 26, lines 6 and 7, Lease Increases (Children and Family Services, Department of Social and Health Services)

This subsection provides the General Fund-State funding for Children and Family Services within the Department of Social and Health Services. The section eliminates $2.1 million General Fund-State monies necessary to fund existing leases of local and regional Children and Family Services offices. These lease payments are unavoidable and, if left unfunded, must be paid with existing funds. A reduction of Child Protective Services/Child Welfare Services caseworkers and/or cuts in contracted services would be necessary to pay the unfunded leases. Therefore, I have directed the Department to allot $2.1 million to fund these mandatory leases. Of the $11,087,000 General Fund-State in additional appropriation authority, I have directed the Department to place $8,987,000 in reserve.

Section 203(3), page 33, Civil Commitment Center (Mental Health, Department of Social and Health Services)

This subsection provides funds for the Civil Commitment Center operated within the Special Offenders Unit at the Monroe Reformatory. I believe the funds appropriated are insufficient to meet the Center’s programmatic needs and may compromise the facility’s ability to provide legally mandated treatment. The veto of this subsection will provide $569,000 in additional appropriation authority. I have directed the Department of Social and Health Services to place $273,000 in reserve and use the remaining $296,000 to adequately fund the Civil Commitment Center.

Section 205(1)(g), pages 37 and 38; Medicaid Tax Expenditures (Developmental Disabilities, Department of Social and Health Services)
This subsection provides appropriations to fund prospective rate increases for intermediate care facilities for the mentally retarded to cover the Medicaid share of the tax levied in Engrossed Substitute House Bill No. 2967. I have vetoed this proviso to avoid potential legal entanglements with the Health Care Financing Administration. This action will not jeopardize the provisions of Engrossed Substitute House Bill No. 2967.

Section 205(2)(c), page 38, Medicaid Tax Expenditures (Developmental Disabilities, Department of Social and Health Services)

This subsection provides appropriations to fund prospective rate increases for intermediate care facilities for the mentally retarded to cover the Medicaid share of the tax levied in Engrossed Substitute House Bill No. 2967. I have vetoed this proviso to avoid potential legal entanglements with the Health Care Financing Administration. This action will not jeopardize the provisions of Engrossed Substitute House Bill No. 2967.

Section 210(10), pages 43 and 44, Personal Care Program (Long Term Care, Department of Social and Health Services)

This subsection directs the Department of Social and Health Services to transfer eligible clients from the chore services program to the personal care program. The clients who are currently served within chore services receive care from family members, which is not permissible under the federally-matched personal care program. Although the subsection provides for geographic exceptions, it fails to recognize the importance of family care for those with developmental disabilities, cultural needs, and situations in which spouses provide care. Although this veto does not restore funding cuts, the Department should not be required to transfer all of these chore services clients without regard for individual circumstances.

Section 210(11), page 44, Nursing Home Study (Long Term Care, Department of Social and Health Services)

This subsection directs the Department of Social and Health Services to analyze and identify any exceptional fiscal needs of nursing facilities whose Medicaid-paying clients number greater than 90 percent, and subsequently report the findings to the legislature. This directive creates an unnecessary and burdensome workload, especially in light of the additional staffing cuts imposed by this budget.

Section 211(5), page 45, State Supplementary Income Payments (Income Assistance, Department of Social and Health Services)

This subsection reduces the state supplement of federal Supplemental Security Income payments to 71,000 blind, disabled, and aged people. I believe the legislature did not intend to reduce the supplemental benefits provided to these most vulnerable citizens. Therefore, I have directed the Department of Social and Health Services to allocate these funds according to the policy currently in existence.

Section 211(6), page 46, Public Assistance Job Training (Income Assistance, Department of Social and Health Services)

This subsection directs the Department of Social and Health Services to implement a pilot community work experience program for clients in the General Assistance-Unemployable program. I support a community work experience program that incorporates vocational rehabilitation, job preparedness services, and medical treatment. The legislature did not, however, fund the $1.5 million to implement the pilot program as the budget document implies. Consequently, I have
vetoed this subsection and have directed the Department to implement a pilot community work experience program to the extent possible within available funds.

Section 222, page 58, lines 10 and 11, and, page 61, lines 15 through 18, General Fund-State Appropriation (Department of Community Development)

I have vetoed section 222, lines 10 and 11, the General Fund-State appropriation for the Department of Community Development, in order to aid the implementation of the Growth Management Act. Funding for the Growth Management Hearings Boards was reduced to such a degree that the Boards would not be implemented until February, 1993. The success of the Growth Management provisions enacted in 1990 and 1991 depends on these new Hearings Boards playing an effective role. The ability of these Boards to resolve disputes fairly and in a timely fashion will be critical to the success of growth management. The $1,036,000 freed up by this veto plus the $750,000 already included in the budget, will allow implementation of the Boards beginning May 15. The veto of section 222, lines 15 through 18, expands the spending limits for the Boards to the original level and allows the Department to spend the amount necessary to implement the Boards in May.

The reduction in funds provided to assist local government planning activities is unjustified and short-sighted. When the legislature passed growth management legislation in 1990 and again in 1991, it was clear that we were giving local governments a difficult job with a tough time line and that adequate funding was essential. I am directing the Department to use the amount that remains in the base budget, $1.5 million, for grants to local governments.

Section 222(3), page 59, Mortgage Assistance (Department of Community Development)

I have vetoed the new language which restricts the Department to spending no more than 5 percent on administration. The effect of the 5 percent restriction is to further reduce the Department's budget. The proviso language fails to recognize the cost of delivering service.

Section 222(32), page 67, Wetlands Notification and Mapping (Department of Community Development)

The veto of this section is technical in nature. The appropriation is contingent on passage of Substitute Senate Bill No. 6255, Wetlands Notification. Since Senate Bill No. 6255 did not pass, this appropriation will lapse. I have vetoed this proviso to avoid confusion.

Section 223, page 67, Human Rights Commission

This section provides $4,021,000 General Fund-State for the Human Rights Commission, $271,000 less than the General Fund-State appropriation provided in section 221, chapter 16, Laws of 1991, 1st special session. This will result in a 33 percent reduction in travel for this agency. The ability for the Commissioners to meet in different locations to address discrimination issues and for staff to investigate complaints is too severely hampered by a cut of this magnitude. I have vetoed this section to allow the agency to restore $26,000 for travel (a 20 percent reduction). I have requested that the balance of the restored appropriation, $245,000, be placed in reserve.

Section 227, page 71, Indeterminate Sentence Review Board

Reductions to personal service contracts and travel will impair the Indeterminate Sentence Review Boards ability to provide statutorily mandated service levels. The only manner for the Board to accomplish these reductions would be to eliminate one Board member. While recent actions by the Board will likely reduce the Board's size in the ensuing biennium, it is not prudent, nor cost effective, at this time.
The Board has initiated two different proposals to reduce the number of parolees returning to prison. The Board has a greater than anticipated workload in order to successfully implement these proposals. Delays in this implementation could result in additional prison populations and higher operational costs to the Department of Corrections which will far exceed the amount saved in the Board's appropriation.

Of the $229,000 restored, I have directed the Board to place $168,000 in reserve. The additional $61,000 restores the Board to the level recommended in my original supplemental budget request.

Section 229, page 72, lines 23 and 24, Women, Infants, and Children Program (Department of Health)

The supplemental General Fund-State appropriation for the Department of Health includes a reduction of $2,552,000 for the Women, Infants, and Children program. This program provides food and nutritional counseling to needy families throughout the state. The $2,552,000, combined with newly available federal funds, will result in an additional 12,300 persons per month being served. Beyond serving more clients, restoration of this cut will enable us to take immediate advantage of anticipated additional increases in federal funding and will further my goal to improve the health of Washington's children. Children lose without adequate state support for the Women, Infants, and Children program support.

In order to restore these funds, I have vetoed the supplemental appropriation. Of the $10,803,000 in additional appropriation authority, I have directed the Department of Health to place $8,251,000 in reserve and use the remaining $2,552,000 for the Women, Infants, and Children program.

Section 303, page 83, lines 14 and 15, General Fund-State Appropriation (Department of Ecology)

I have vetoed this subsection in order to restore funding to the Department of Ecology's Water Resources Program. The Water Resources Program has continued to make progress in addressing the backlog of water rights applications and in the formulation of a statewide policy for water resources administration through the Chelan Agreement. The reductions to the Department's budget would have reduced enforcement activity and crippled the Water Resources Program's ability to continue addressing the water rights application backlog. In addition, it would seriously curtail efforts in the development of a statewide water resources policy.

The veto of this subsection will increase the Department of Ecology's appropriation authority by $7,515,000. This will enable the Department to restore $785,000 to the Water Resources Program. I have directed the Department of Ecology to place the remaining $6,730,000 in reserve.

Section 303, page 83, line 18, Flood Control Assistance Account (Department of Ecology)
Section 802, page 195 lines 17 and 18, General Fund transfer to Flood Control Assistance Account (Treasurer's Transfer)
Section 910, pages 205 and 206, Flood Control Assistance Account (Department of Ecology)

These sections transfer funds for the Flood Control Assistance Program from the Flood Control Assistance Account to the General Fund. Funding for this program is transferred from the operating budget to the capital budget, with an appropriation from the State Building Construction Account. While I am supportive of providing grant dollars to local communities for flood mitigation plans and projects, $2.65 million is clearly for operating activities and should be funded from the operating budget. The proviso in section 12(9), page 70, of the capital budget precludes
spending any of the appropriated funds from the State Building Construction Account on operating activities. Without funds for operating costs, the Department would not be able to provide planning grants or technical assistance to local communities, nor would the Department be able to administer the grants for flood mitigation projects which are eligible under the proviso. Without the ability to administer the grants, there would be no state oversight of the expenditure of these grant dollars.

The Department would be faced with one of two options: either redirect General Fund dollars from other programs or eliminate the Flood Control Assistance Program. Given the severity of the reductions to the Department of Ecology's budget, this program would be eliminated. Therefore, I have vetoed these sections in order to restore $4 million to the Flood Control Assistance Account and continue this important program.

Section 307, page 91, lines 19 and 20, General Fund-State Appropriation (Department of Trade and Economic Development)

I have vetoed the General Fund-State appropriation for the Department in order to address serious shortfalls created by this budget. Of the additional $3,671,000 in appropriation authority created by this veto, I have directed the Department of Trade and Economic Development to spend $810,000 on timber programs, $200,000 on tourism, and to place the remaining $2,661,000 in reserve. The restoration of $610,000 in the value-added program will allow continuation of the concentrated effort to increase value-added manufacturing capacity that is necessary as small wood products manufacturers are threatened with closure.

I have also directed expenditure of $200,000 for restoration of full funding for the Timber Team Office. The Timber Team serves an important function as the central coordination point for diverse state programs which assist timber dependent communities. In addition, the Timber Team coordinates this administration's position and represents the state's interest in federal timber supply and endangered species issues. Almost 40 percent of the Timber Team budget represents pass-through funding required to replace a small portion of federal cutbacks in dislocated worker programs. It is unacceptable to eliminate the Timber Team six months before the close of the biennium. Strategically, this would put the state in a poor position to respond to federal actions that critically affect the state and would hamper coordination efforts vital to good service delivery.

Finally, I have directed the expenditure of $200,000 to partially offset reductions to the Department's tourism program. At a time when many of our communities are struggling to strengthen and diversify their economies, adequate support for tourism development is a practical requirement. The Department will use these additional resources to bolster cooperative marketing and regional tourism assessments which are the cornerstones of its strategic plan for tourism development.

Section 307(9), pages 93 and 94, Business Network Grants (Department of Trade and Economic Development)

While I believe that business network grants that build capacity are an excellent way to provide the advantages of larger scale timber firms to many small manufacturing concerns, I have vetoed the language that requires the Department of Trade and Economic Development to spend $500,000 to that end. The language does not give the Department the flexibility necessary to determine the viability of networks for value-added manufacturing given Washington's forest products manufacturing industry makeup. However, I have asked the Department of Trade and Economic Development to intensify efforts to pursue business network grants as an important element for promoting value-added manufacturing. I have directed the Department to spend the majority of available grant funds on business networks, if feasible.
Section 311, page 96, lines 3 and 4, Shellfish Litigation (Department of Fisheries)

As discussed previously, I have vetoed the General Fund-State appropriation revision in the Department of Fisheries in order to restore shellfish litigation funds. This veto has the effect of adding $4,771,000 in appropriation authority. I have directed the Department to place $3,856,000 of this amount in reserve, and use $450,000 to cover the costs of shellfish litigation. The remaining $465,000 will be used to cover additional litigation costs and the cost of the mediation process begun by the U.S. Fish and Wildlife Service.

Section 610(3)(a), page 171, Financial Aid and Grant Program (Higher Education Coordinating Board)

This subsection caps the state need grant award to students of private schools. The cap is equal to the amount of an award receivable by a student of a state research university. However, the cap applies only to the grants from the increment of $1,430,000 available for need grant awards due to the 1993 tuition increase.

I have vetoed this subsection because it creates an inequity of financial aid benefits between private school students receiving need grants from the state need grant base budget and students receiving need grant from the 1993 need grant increment due to the tuition increase. In addition, a cap on such a small portion of the state need grant unnecessarily complicates the administration of the state financial aid program. This veto frees up $127,000 of appropriation, which will be placed in reserve.

Section 704, pages 178-179, Governor’s Emergency Fund

This section reduces the appropriation for emergency uses to $862,000 for the biennium. The $1.5 million appropriation provided in the original budget was $500,000 below the $2 million initially appropriated for emergency purposes in each of several previous biennial budgets. This reduction, combined with allocations already made, would leave an Emergency Fund balance of $140,400, with 15 months remaining in the biennium. The inability to respond to emergency situations (like fires, floods, windstorm damage, major equipment failure, etc.) imposed by this reduction is unacceptable. This veto restores $638,000 in appropriation authority to the Emergency Fund. This veto also restores the 2.5 percent allotment reduction to preserve an Emergency Fund balance at $778,400. This is still a small balance with so much of the biennium still before us.

Section 802, page 194, lines 15, 16 and 17 (Treasurer’s Transfers)
Section 802, page 195, lines 19 and 20 (Treasurer’s Transfers)
Section 909, page 204 and 205, Water Quality Account (Department of Ecology)

These sections reduce the transfer of General Fund dollars to the Water Quality Account by $12,753,000. Washington state is facing increasing threats to one of its most vital resources, the state’s waters. If we are to continue to make progress toward protecting Washington’s surface and ground waters, it is essential that a consistent and reliable funding level be available. The Water Quality Account is a primary source of funding for local governments in addressing water quality issues. Solutions to tough pollution problems require planning, prevention, and intervention strategies, which may take years to implement. In order to dedicate sizable portions of their own resources to these strategies, local governments need to know that state funding will continue at levels that will enable them to achieve mandated state and federal water pollution requirements. Therefore, I have vetoed these sections in order to restore the statutory funding level to the Water Quality Account.
Section 903, page 196, Minimization of the Essential Requirements Level for the 1993-95 Biennium

Section 903 requires agencies (with the exception of the Department of Corrections) to make 1991-93 FTE reductions permanent, rather than assuming the positions will be funded in 1993-95. The purpose of this section is to minimize the growth of the state’s budget base for the 1993-95 Biennium. While it is likely that I will consider this requirement when my 1993-95 budget is developed, I want to preserve the Governor’s flexibility for the construction of its budget.

Furthermore, from a practical standpoint, it appears that this section was constructed in isolation without knowledge of the program implications of denying agencies the ability to use temporary or deferred hiring to achieve their FTE budget reductions. There may be some programs in state government that cannot provide an appropriate level of service if held to this requirement.

Section 906, pages 197 and 198, Savings Recovery Account

This amendatory section increases the amounts to be withheld from agency appropriations deposited in the Savings Recovery Account by $5,088,000 and it includes “savings” from the Department of Information Services’ rate reductions resulting from staff reductions as a source of Savings Recovery Account revenue. I have vetoed this section for two reasons. First, all but $950,000 of the $5,088,000 in increased revenue to the account would be drawn from savings of Efficiency Commission, Brainstorm, and Teamwork Incentive Program projects presently retained by agencies as a partial incentive to participate in such projects. The incentives and benefits to the participating agencies for the extra effort involved in the projects are stripped away by this action with the probable consequence that these worthwhile efforts will disappear. Second, staff reductions in the Department of Information Services do not create rate reductions. These proprietary positions are used to provide customers needed computing related services for which the customers are then billed. Vacated positions provide no service which can be billed, thus there can be no savings.

For these reasons, I have vetoed sections 111 (page 5, line 8), 117 (page 8, lines 20-23), 124 (page 10, line 26), 125, 127, 128, 129(3), 136(5), 141(6), 142(3), 154, 201 (page 26, lines 6 and 7), 203(3), 205(1)(g), 205(2)(c), 210(10), 210(11), 211(5), 211(6), 222 (page 58, lines 10 and 11), 222 (page 61, lines 15 through 18), 222(3), 222(32), 223, 227, 229 (page 72, lines 23 and 24), 303 (page 83, lines 14 and 15), 303 (page 83, line 18), 307 (page 91, lines 19 and 20), 307(9), 311 (page 96, lines 3 and 4), 610(3)(a), 704, 802 (page 194, lines 15-17), 802 (page 195, lines 17, 18, 19 and 20), 903, 906, 909 and 910, of Engrossed Substitute House Bill No. 2470.

With the exception of sections 111 (page 5, line 8), 117 (page 8, lines 20-23), 124 (page 10, line 26), 125, 127, 128, 129(3), 136(5), 141(6), 142(3), 154, 201 (page 26, lines 6 and 7), 203(3), 205(1)(g), 205(2)(c), 210(10), 210(11), 211(5), 211(6), 222 (page 58, lines 10 and 11), 222 (page 61, lines 15 through 18), 222(3), 222(32), 223, 227, 229 (page 72, lines 23 and 24), 303 (page 83, lines 14 and 15), 303 (page 83, line 18), 307 (page 91, lines 19 and 20), 307(9), 311 (page 96, lines 3 and 4), 610(3)(a), 704, 802 (page 194, lines 15-17), 802 (page 195, lines 17, 18, 19 and 20), 903, 906, 909 and 910, Engrossed Substitute House Bill No. 2470 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992
To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to section 7, Substitute House Bill No. 2498 entitled:
"AN ACT Relating to regulatory fairness."
Substitute House Bill No. 2498 amends a number of statutes to increase procedural protections for small business in the regulatory process.
Section 7 has a drafting error. Section 7 is applicable only to requirements included in an earlier draft. This faulty reference renders the provision moot.
Because of this technical flaw, I have vetoed section 7 of this bill.
With the exception of section 7, Substitute House Bill No. 2498 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to sections 6, 12(5), 12(9), 12(11), 13(4), 15, 24(8)(e), and 31(3)(z) of Engrossed Substitute House Bill No. 2552 entitled:
"AN ACT Relating to the capital budget."
My reasons for vetoing these sections are as follows:
Section 6, Department of Community Development and Section 12(11), Transfer to Department of Community Development

These sections direct the Department of Ecology to transfer $350,000 from the Water Quality Account to the Department of Community Development to implement a wetland notification program. This is an improper use of funds from the Water Quality Account. RCW 70.146.030(2) states that "the Department may use or permit the use of any monies in the account to make grants to public bodies ... for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement...." The property owner notification program does not meet these criteria. Also, the transfer of funds from Ecology to the department of Community Development, which in turn is directed to make grants to local governments, clearly indicates that the Department of Community Development and not Ecology will be administering these funds. This is contrary to RCW 70.146.030, which states that the "Water Quality Account may be used only in a manner consistent with this chapter. Monies deposited in the account shall be administered by the Department of Ecology...."

While the legislature could have amended chapter 70.146 RCW to allow these actions, the legislature's failure to do so renders this budget item legally suspect.

Given the legal questions surrounding this issue, I have vetoed these items.

I do, however, agree that local efforts to implement the Growth Management Act will not be successful unless critical area activities, such as wetland designation and protection, are accomplished with extensive notification and involvement of all affected parties and the public-at-
large. I have, therefore, directed the Department of Community Development to provide technical assistance relating to such notification and involvement and, if necessary, to develop procedural criteria under the Growth Management Act to ensure that this occurs.

Section 12(5), Water Quality Account

This section reduces the appropriation to the Department of Ecology’s Water Quality Account by $12,921,000. Washington State is facing increasing threats to one of our most vital resources, our state’s waters. If we are to continue to make progress toward protecting Washington’s surface and ground waters, it is essential that a consistent and reliable funding level be available, particularly for local governments. Solutions to tough pollution problems require planning, prevention, and intervention strategies, which may take years to implement. In order to dedicate sizable portions of their own resources to these long-term strategies, local governments need to know that state funding will continue at levels that will enable them to achieve mandated state and federal water pollution requirements. Therefore, I have vetoed this section in order to restore the funding level to the Water Quality Account.

The amended proviso language in this section implies that the needs assessment should consider only the existing source of revenues for the Water Quality Account. When the Water Quality Account was established, the legislature specifically included the General Fund subsidy because revenues from the tax on tobacco products were projected to be inadequate. The General Fund subsidy is necessary in order to provide a stable funding source to address water quality needs. Therefore, I have vetoed the new language in this proviso.

Section 12(9), Flood Control Assistance Account

This section appropriates $4 million to the Flood Control Assistance program from the State Building Construction Account. This program was transferred from the operating budget to the capital budget. While I support this program, which provides grant dollars to local communities for flood mitigation plans and projects, most are operating activities and should be funded from the operating budget. The proviso in this section precludes spending any of these funds on operating activities. The Department of Ecology would not be able to effectively administer this program and would either have to redirect funds from other General Fund programs or be forced to eliminate the program. Given the severity of the budget reductions to the Department of Ecology, this program would need to be eliminated. Therefore, I have vetoed this section, along with the corresponding sections related to fund transfers in the operating budget. I have directed the Department to continue this program with funds that are made available by corresponding vetoes in the operating budget.

Section 13(4), State Parks and Recreation Commission/Bogachiel State Park

While I recognize that the facilities at Bogachiel State Park have suffered significant damage from storms, an additional appropriation to the State Parks and Recreation Commission is not required to effect needed repairs. The Commission received a $350,000 appropriation in section 19(41) of the 1991-93 capital budget for emergency and unforeseen needs. I have asked the agency to rely on this appropriation to make the necessary repairs at Bogachiel State Park.

Section 15, State Parks and Recreation Commission

The language in this section is neither practical nor necessary at the present time. The legislature restored funding to operate all state parks during the remainder of the 1991-93 Biennium. Interpretive centers may close, but practical considerations would prevent the sale of these facilities to local governments. Interpretive centers are physically situated within existing state park.
boundaries. The ability to sell a portion of an operating state park is not addressed in the section. Furthermore, I have been assured by the State Parks and Recreation Commission that they will cooperate with any local government which desires to operate a closed interpretive facility. Should future budgetary constraints force the closure of state park facilities, the option of transferring operation and ownership to local governments can be revisited.

Section 24(8)(e), page 86, sentence beginning on line 32 through line 37, beginning with the word "The" and ending "No. 2631." Public School Building Construction

The sentence beginning on page 86, line 32 through line 37, is unnecessary. The language allows the State Board of Education to allocate funds for financial assistance to school districts for capital planning related to the implementation of a modified school calendar or schedule as authorized in Engrossed Substitute House Bill No. 2631. The State Board currently (by WAC 180-25-030) allocates funds to school districts for capital planning. These planning grants may be for studies and surveys and include such other matters as the Superintendent of Public Instruction deems pertinent to a decision by the State Board of Education in the allocation of funds for school facilities. Therefore, the authority referenced in Engrossed Substitute House Bill No. 2631 already exists.

Section 31(3)(z), Lease or Lease Purchase of a Computing and Telecommunications Center for the Community and Technical College System

This subsection authorizes the Computing and Telecommunications Center to find a facility to lease, lease/purchase, or lease/develop. It is not clear whether the $5 million authorized is sufficient to accomplish the agency’s space needs. No documentation has been provided explaining the scope, size, or cost of the proposed facility. The effect of this project on the operating budgets of the community colleges supporting the Computing and Telecommunications Center is not explained. The existing lease for the current Computing and Telecommunications Center expires in the fall of 1996, providing ample time for the Computing and Telecommunications Center to request and fully document the need for a permanent facility in the normal capital budget process.

For the reasons stated above, I have vetoed sections 6, 12(5), 12(9), 12(11), 13(4), 15, 24(8)(e), and 31(3)(z) of Engrossed Substitute House Bill No. 2552.

With the exception of sections 6, 12(5), 12(9), 12(11), 13(4), 15, 24(8)(e), and 31(3)(z), Engrossed Substitute House Bill No. 2552 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 1, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:
I am returning herewith, without my approval as to sections 15(6), 22 (page 20 lines 12 and 13), 22(9), and 29 of Engrossed Substitute House Bill No. 2553 entitled:
"AN ACT Relating to Transportation Appropriations."

Section 15(6), Highway Construction - Program B
Section 15(6) requires the Department of Transportation to adhere to the 1987 federal delineation of wetlands for mitigation purposes. As drafted, this proviso only applies to the interstate construction program rather than the non-interstate new construction program.

Since local jurisdictions may require the Department of Transportation to adhere to more stringent guidelines than those set forth in the 1987 federal delineation manual, this language could confuse the delivery of necessary interstate projects. Further, it is inappropriate to adopt state wetland standards on a piecemeal basis within a budget document.

Section 22 (page 20 lines 12 and 13), and Section 22(9), Planning, Research, and Public Transportation - Program T

This $100,000 appropriation and proviso fund a study on the interrelationship of land use planning and zoning to transit ridership. The study funding is contingent on the enactment of the METRO Municipal Corporation bill (Senate Bill No. 6209) or the Transportation Authorities bill (Engrossed House Bill No. 2830). The Legislature did not pass either of these bills. Therefore, the study and funding are no longer appropriate.

Section 29, Office of Financial Management Study of General Administration Charges

Section 29 requires the Office of Financial Management to conduct a study of the methods used by the revolving fund agencies to charge for services provided to the transportation agencies. Such a review is currently underway. Therefore, this study is not necessary. My staff will coordinate the transportation agencies and the revolving fund agencies to discuss services provided, allocation methodologies, and rate charges.

For these reasons, I have vetoed sections 15(6), 22 (page 20 lines 12 and 13), 22(9), and 29 of Engrossed Substitute House Bill No. 2553.

With the exception of sections 15(6), 22 (page 20 lines 12 and 13), 22(9), and 29, Engrossed Substitute House Bill No. 2553 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 2659 entitled: "AN ACT Relating to the retained percentage from a public works contract held in trust for labor and material liens and for the protection of the owner."

Substitute House Bill No. 2659 clarifies the language on contract retainage in Chapter 60.28. Subsequent to the passage of this bill, the legislature passed Substitute House Bill No. 1736 which also amended Chapter 60.28. Substitute House Bill No. 1736 makes additional improvements to ensure prompt return of retainage once a contractor has completed a public works contract. The language in that bill regarding contract retainage is preferable to the language in Substitute House Bill No. 2659.
For this reason, I have vetoed Substitute House Bill No. 2659 in its entirety.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 3, Substitute House Bill No. 2660 entitled:

"AN ACT Relating to vehicle licenses."

In 1990, the legislature authorized counties to fix and impose a vehicle license fee in addition to the fee charged by the state. In 1991, the legislature authorized county legislative authorities to refund this fee to all senior citizens who were at least 61 years old and who had household incomes of $18,000 or less or who were physically disabled. Section 3 was intended to change this refund mechanism to an outright exemption. The eligibility requirements of this exemption are established by reference to RCW 84.36.381, relating to senior citizen property tax exemptions. Unfortunately, in drafting the section in this manner, only those who own real property would be eligible for the exemption. I urge the Department of Licensing and the affected counties to remedy this oversight and submit the appropriate legislation in the next session.

For this reason, I have vetoed section 3 of Substitute House Bill No. 2660.

With the exception of section 3, Substitute House Bill No. 2660 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 2676 entitled:

"AN ACT Relating to economic development related projects of regional or state-wide significance."

Sections 1 through 4 of Substitute House Bill No. 2676 would authorize local governments to identify economic development projects of regional or state-wide significance during their planning activities under the Growth Management Act. Local governments may then seek both state financial assistance to offset the impacts of the project and state technical assistance.

These sections appear to be based on the assumption that the local impacts of significant economic development projects will outweigh the benefits to the local jurisdiction in which the project is sited. Local governments would be ill-advised to site a project that would not provide a future benefit to the area.

These provisions state that a local jurisdiction may seek state financial assistance to mitigate state impacts of economic development projects, but do not provide funds or a process for
requesting such assistance. Absent the appropriation of funds or a process for allocating them, these provisions will not result in real help to local jurisdictions.

Section 5 provides a process for local governments planning under the Growth Management Act to site industrial and commercial development outside of urban growth areas.

A major goal of growth management is to make key decisions on the location of jobs, housing, and open space up front, in order to make later siting and building decisions easier. That means our actions should, to the extent possible, encourage planning for growth, rather than continue to make land use decisions on a case-by-case or haphazard basis.

The Growth Management Act establishes an extensive appeals process. If local governments do not provide adequate land for industrial or commercial growth, the issue can be raised at local hearings. If local comprehensive plans do not include enough land, they can be challenged before new regional growth planning hearings boards. The state also has the authority to bring such challenges. We should support the process envisioned in the Growth Management Act, rather than establish a parallel process for industrial and commercial siting.

It is premature to amend the Growth Management Act for this purpose. Local governments have just begun to develop the comprehensive plans required under the Act. Urban growth areas have not yet been set, nor have decisions been made as to how much industrial or commercial development is to be accommodated, or where such activities should be located.

For these reasons, I have vetoed Substitute House Bill No. 2676 in its entirety.

Respectfully submitted,

Booth Gardner, Governor.

April 2, 1992

To the Honorable, the House of Representatives of the State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to section 5, Substitute House Bill No. 2720 entitled:

"AN ACT Relating to longshore and harbor workers’ compensation act insurance."

The purpose of Substitute House Bill No. 2720 is to create a temporary insurance plan so that workers’ compensation coverage, as required by the United States Longshoremen’s and Harbor Worker’s Compensation Act, is available in our state.

Section 5 would close the Washington market to all but certain insurers. If this section were to become law, it would further limit the availability of insurance, and it could limit the availability of reinsurance. Section 5 could also lead to reciprocal actions by other states against Washington insurers and could violate federal statutes preempting state authority in this area. Section 5 would be subject to likely court challenge and could place the temporary plan in jeopardy.

While I am supportive of the need to retain the viability of our longshore and harbor workers’ insurance, I believe this legislation is a poor solution to the potential loss of United States Longshoreman’s and Harbor Worker’s Compensation Act coverage. The involvement of the state workers’ compensation fund is inappropriately designed.

However, I must sign the remainder of the bill into law since this is the only solution now certain to provide the necessary workers’ compensation coverage to our maritime industry. During the next year, a better solution needs to be found before the temporary plan expires.

For these reasons, I have vetoed section 5 of Substitute House Bill No. 2720.
With the exception of section 5, Substitute House Bill No. 2720 is approved.

Respectfully submitted,
Booth Gardner, Governor.

March 26, 1992

I am returning herewith, without my approval as to section 19, Engrossed Substitute House Bill No. 2928 entitled:
"AN ACT Relating to open spaces."

Engrossed Substitute House Bill No. 2928 modifies and improves the administration of open space taxation programs. Section 19 requires the creation of an advisory committee to recommend changes to rules implementing open space taxation laws, including an expansion of land uses consistent with classification as farm and agricultural land open space. The committee is to be composed of county assessors, agricultural and forestry interests, natural resource protection interests, and members of the public. Although I concur with the need to involve affected parties in the implementation of state and local programs, I do not support such advisory committees being established by statute. I encourage the Director of the Department of Revenue to use existing authority to establish a broad based open space advisory committee composed not only of the members identified in section 19, but additional members representing conservation interests.

For this reason, I have vetoed section 19 of Engrossed Substitute House Bill No. 2928.

With the exception of section 19, Engrossed Substitute House Bill No. 2928 is approved.

Respectfully submitted,
Booth Gardner, Governor.

April 2, 1992

I am returning herewith, without my approval as to section 3, House Bill No. 2944 entitled:
"AN ACT Relating to consumer credit transactions."

Section 3 of House Bill No. 2944 establishes a legislative joint select committee to study and make recommendations on the issue of consumer credit. I wholeheartedly concur with the need for such a study. However, the creation of such a committee does not require legislation. Rule 25 of the Joint Rules of the Senate and House of Representatives provides that such committee be created via concurrent resolution. Rule 24 gives broad discretionary authority to standing committees to undertake such studies.

For this reason, I have vetoed section 3 of House Bill No. 2944.

With the exception of section 3, House Bill No. 2944 is approved.

Respectfully submitted,
To the Honorable, the House
of Representatives of the
State of Washington
Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 4 and 5, Substitute House Bill No. 2983, entitled:

"AN ACT Relating to job training or work experience for public assistance recipients."

Substitute House Bill No. 2983 contains a null and void clause that refers to an unfunded proviso in the budget, requiring the Department of Social and Health Services to expend at least $1.5 million on the newly created work experience pilot program. Since the proviso is unfunded, I am vetoing the null and void clause (section 4) and directing the department to implement this program within available funds. I believe this program will provide an opportunity to learn ways to benefit persons with long-term incapacities.

Section 5 contains an effective date of April 1st that is impossible to meet. It will take time to promulgate rules in accordance with the Administrative Procedures Act and it will take a reasonable period of time to contract with agencies for the work experience program.

For these reasons, I have vetoed sections 4 and 5 of Substitute House bill No. 2983. With the exception of sections 4 and 5, Substitute House Bill No. 2983 is approved.

Respectfully submitted,
Booth Gardner, Governor.
