NEW SECTION. Sec. 29. Notwithstanding any other provision of this act the following provisions apply:
The legislature recognizes that there are a great many types of expenditures which influence the outcome of elections over which the legislature has absolutely no authority.
The legislature recognizes that unless candidates are free to go outside of the limits of this act to raise the funds necessary to respond to expenditures made outside the limits of this act, the effect of this act will be to provide greater influence to those expenditures which are not regulated and not reported.
The contributions and expenditure limits of this act do not apply to contributions and expenditures made for the purpose of allowing a candidate to make a reasonable response to adverse communications which are not subject to this act and which a reasonable person would conclude might influence the election.
As an example of expenditures which are not and cannot be limited by the legislature, and not as a limitation on this section, if an interest group sends a mailing to 40,000 of its members suggesting that they should vote for candidate A, the expenditure is not reported as being for candidate A or against candidate B, the expenditure is considered a private communication between an organization and its members and is treated as if it never happened.

Ms. Bowman spoke in favor of adoption of the amendment, and Mr. Anderson spoke against.

Mr. D. sommers demanded an electric roll call vote, and the demand was sustained.

Ms. Morris spoke against adoption of the amendment.

distributed primarily to its members or for any communication with its members."

Mr. Anderson spoke in favor of adoption of the amendment, and it was adopted.

With consent of the House, Representative Vance, withdrew the following amendment:
On page 26, after line 8, insert:

PART I
FINDINGS AND INTENT
NEW SECTION. Sec. 1. FINDINGS. The legislature of the state of Washington find and declare that:
(1) The financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.
(2) Rapidly increasing political campaign costs have led many candidates to raise larger percentages of money from special interests with a specific financial stake in matters before state government. This has caused the public perception that decisions of elected officials are being improperly influenced by monetary contributions.
(3) Candidates are raising less money in small contributions from individuals and more money from special interests. This has created the public perception that individuals have an insignificant role to play in the political process.
NEW SECTION. Sec. 1. INTENT. By limiting campaign contributions, the legislature intends to:
(1) Ensure that individuals and interest groups have fair and equal opportunity to influence elective and governmental processes;
(2) Reduce the influence of large organizational contributors; and
(3) Restore public trust in governmental institutions and the electoral process.

PART II

However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

(10) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a candidate, to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the official. NEW SECTION. Sec. 1. A new section is added to chapter 15.36 RCW to read as follows:

There is levied on all milk processed in this state an assessment not to exceed one-half of one cent per hundredweight. The director shall determine, by rule, an assessment, that with contribution from the general fund, will support an inspection program to maintain compliance with the provisions of the pasteurized milk ordinance of the national conference on interstate milk shipment. All assessments shall be levied on the operator of the first milk plant receiving the milk for processing. This shall include milk plants that produce their own milk for processing and milk plants that receive milk from other sources. All moneys collected under this section shall be paid to the director by the twentieth day of the succeeding month for the previous month’s assessments. The director shall deposit the funds into the dairy inspection account hereby created within the agricultural local fund established in RCW 43.23.230. The funds shall be used only to provide inspection services to the dairy industry. If the operator of a milk plant fails to remit any assessments, that sum shall be a lien on any property owned by him or her, and shall be reported by the director and collected in the manner and with the same priority over other creditors as prescribed for the collection of delinquent taxes under chapters 84.60 and 84.64 RCW.

This section shall take effect July 1, 1992, and shall expire June 30, 1994.

NEW SECTION. Sec. 2. A new section is added to chapter 15.36 RCW to read as follows:

(1) There is created a dairy inspection program advisory committee. The committee shall consist of nine members. The committee shall be appointed by the director from names submitted by dairy producer organizations or from handlers of milk products. The committee shall consist of four members who are producers of milk or their representatives, and four members who are handlers or their representatives, and one member who must be a producer-handler.

(2) The purpose of this advisory committee is to assist the director by providing recommendations regarding the dairy inspection program, that are consistent with the pasteurized milk ordinance. The advisory committee shall (a) review and evaluate the program including the efficiency of the administration of the program, the adequacy of the level of inspection staff, the ratio of inspectors to number of dairy farm inspections per year, and the ratio of inspectors to management employees; and (b) consider alternatives to the state program, which may include privatization of various elements of the inspection program.

(3) The committee shall meet as necessary to complete its work. Meetings of the committee are subject to the open public meetings act.

(4) Not later than October 15, 1992, the advisory committee shall issue a preliminary report of its findings to the dairy industry. The committee shall solicit comments from the dairy industry which shall be reflected in the committee’s final report.

(5) Not later than December 1, 1992, the advisory committee shall report to the agricultural committees of the house of representatives and senate its recommendations for long-term structure and funding of the dairy inspection program.

Wherever a license holder wishes to engage in processing a type of food product that is different than the type specified on the application supporting the licensee's existing license and processing that type of food product would require a major addition to or modification of the licensee's processing facilities or has a high potential for harm, the licensee shall submit an amendment to the current license application. In such a case, the licensee may engage in processing the new type of food product only after the amendment has been approved by the department.

If upon investigation by the director, it is determined that a person is processing food for retail sale and is not under permit, license, or inspection by a local health authority, then that person may be considered a food processor and subject to the provisions of this chapter.

If the application for renewal of any license provided for under this chapter is not filed prior to the expiration date as established by rule by the director, an additional fee of ((fifteen dollars)) ten percent of the cost of the license shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license shall be issued: PROVIDED, That such additional fee shall not be charged if the applicant furnishes an affidavit certifying that he or she has not operated a food processing plant or processed foods subsequent to the expiration of his or her license.

NEW SECTION. Sec. 1. RESOLUTIONS

WHEREAS, The House of Representatives recognizes February as the celebration of Black History Month; and

WHEREAS, Alex Haley, the author of the noted book "Roots: The Saga of an American Family" died during a recent visit to Seattle; and

WHEREAS, The book "Roots" chronicled Haley's painstaking research into his African ancestry and inspired people of all races to explore their heritage; and
WHEREAS, We are saddened by the author and historian's death but grateful for the memory of a man who awakened this nation to the story of a portion of its population too long trampled underfoot; and

WHEREAS, Haley's book "Roots" told the gripping story of an African taken into slavery and of generations of his descendants, slave and free, in this country; and

WHEREAS, "Roots" won the Pulitzer Prize in 1977, sold 6 million hardcover copies, and became one of the most important works of late 20th century American literature by one of the most influential writers since World War II; and

WHEREAS, The twelve-hour television miniseries based on the book attracted the largest television audience of any show up to its broadcast in 1977; and

WHEREAS, Haley is credited with sensitizing many Americans, white and black, to the horrors endured by African Americans under slavery; and

WHEREAS, Television viewers were inspired by the struggle of Kunta Kinte and his progeny to maintain their humanity in the face of oppression through six generations; and

WHEREAS, The book and miniseries gave special meaning to millions of Americans of African ancestry, and also encouraged millions of other Americans to look differently at black history and better understand the crisscrossed paths of African and European experience in the United States; and

WHEREAS, Haley showed African Americans that they survived slavery because of the will of their ancestors to tell later generations that they were not born inferior and that slavery could not stop their struggle for freedom; and

WHEREAS, Haley's rich descriptions of his ancestors' lives set off a wave of interest in genealogy among all races that lasted long after the book faded from best-seller lists; and

WHEREAS, Haley's first book, "The Autobiography of Malcolm X" showed many African Americans that people born poor, on welfare, guilty of criminal acts, and sent to jail can still turn their lives around and make a positive difference in the world;

NOW, THEREFORE BE IT RESOLVED, That the House of Representatives recognize that Alex Haley's books went a long way to instilling pride in African Americans and helped raise their consciousness about their strong African heritage; and

BE IT FURTHER RESOLVED, That the House of Representatives acknowledge Alex Haley's significant contribution in enabling all Americans to come to grips with their past and because of this, future generations will be forever in his debt; and

BE IT FURTHER RESOLVED, That the House of Representatives believe Haley's greatest and longest lasting gift to the American people is teaching us all the importance of respecting racial diversity; and

WHEREAS, The process of selecting our public officials must be kept open and accessible to all people at all times; and
WHEREAS, In 1988, more than 200,000 Washington residents signed a petition calling for a Presidential primary election in this state, encouraging more people to participate in the process of selecting our President; and
WHEREAS, The initiative enacted by the 1989 Legislature to provide for that primary election specifically states that the presidential nominating caucus system in Washington state restricts voter participation "... in that it discriminates against the elderly, the infirm, women, the handicapped, evening workers, and others who are unable to attend caucuses ..."; and
WHEREAS, State law protects the right of all people to have access to public meetings, and that right should include people with physical handicaps who wish to attend neighborhood caucuses; and
WHEREAS, Our caucus system unfairly restricts people with physical handicaps; and

WHEREAS, In Olympia, we rely on the press to shine a questioning spotlight on our legislative actions, no matter how uncomfortable, unflattering, or unmerciful; and
WHEREAS, As legislators, it is our duty to answer the questions, and the duty of the press to question our answers; and
WHEREAS, When sometimes we utter the unprintable, the press still finds a way to print the unutterable; and
WHEREAS, The need to maintain a free, open, and sometimes painfully candid press in the legislative arena should always take precedence over our desire to hide our wrinkles and be quoted as geniuses; and
WHEREAS, Many say the press has a responsibility to comfort the afflicted and afflict the comfortable; and
WHEREAS, Even though the press occasionally gets the facts wrong, our quotes garbled, and our names misspelled;
NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of the State of Washington recognizes the value of a free, open, and forthright press to report our legislative activities, unchecked by government intervention or fears of criticism; and
BE IT FURTHER RESOLVED, That the House of Representatives acknowledges and commends the media for upholding the ideals of democracy and fostering a frank discussion of issues; and
BE IT FURTHER RESOLVED, That the House of Representatives supports and encourages judicious freedom of the press as a solid foundation for our democratic way of life.

In addition, college promise shall include the revised future teachers conditional scholarship program under chapter 28B.102 RCW, and may include a demonstration project to assist needy students whose parents did not attend an institution of higher education. College promise shall be implemented beginning in the 1993-94 academic year.

(2) By December 1, 1992, the higher education coordinating board, in consultation with the house of representatives and senate higher education and fiscal committees, and the institutions of higher education, shall develop a detailed implementation plan for college promise. In preparing the plan, the board shall follow the goals and priorities set forth in sections 3 and 4 of this act. The plan shall include, but not be limited to:

(a) Specific program eligibility measures and application procedures for the new populations of state financial aid recipients identified in section 3 of this act;

(b) Specific need analysis criteria and asset protection allowances;

(c) Estimates of how many state residents, both those who are currently enrolled in a college or university, and those not currently enrolled, who would be eligible and would apply for aid under the expanded eligibility criteria identified in section 3 of this act. The estimates shall take into account state economic and demographic factors and information obtained through a survey of potential new aid applicants;

(d) Estimates of where the new aid applicants identified under (c) of this subsection would choose to enroll by type of institution and level of program;

(e) Estimates of the costs for each state financial aid program, including the state need grant program under RCW 28B.10.790 through 28B.10.824; the state work study program under chapter 28B.12 RCW; the educational opportunity grant program under chapter 28B.101 RCW; and the future teachers conditional scholarship program under chapter 28B.102 RCW, to accommodate any new aid applicants estimated under (c) of this subsection, as offset by nonstate sources of aid. Separate cost estimates shall be made for each of the new aid populations identified under section 3 of this act;

(f) Estimates of the cost to increase budgeted levels of enrollment at public college and universities to accommodate the new aid applicants estimated under (d) of this subsection.

(3) The cost estimates completed under subsection (2) of this section shall be the basis for determining funding levels for state financial aid programs for each year of the 1993-95 biennium.

(4) The methodologies used to estimate costs under subsection (2) of this section shall be used for the annual cost estimates required under section 5 of this act.

(5) The plan completed under subsection (2) of this section shall be deemed approved on June 30, 1993, unless legislation is enacted to alter the policies set forth in the plan. The board shall also propose to the legislature any changes to the laws governing state financial aid programs that it deems necessary to accomplish the purposes of college promise.
NEW SECTION. Sec. 3. In restructuring the state's financial aid programs, the higher education coordinating board shall follow these goals:

1. For all need-based financial aid programs under RCW 28B.10.790 through 28B.10.824, chapter 28B.12 RCW, and chapter 28B.101 RCW:
   a. Through a mix of federal, state, and other resources:
      i. Limit student debt to no more than one-half of a student's cost of attendance; and
      ii. Provide more self-help opportunities than grant aid to middle-income students, and approximately equal amounts of self-help opportunities and grant aid to low-income and lower middle-income students. Self-help opportunities include work study and loans;
   b. In determining eligibility for state financial aid programs, shelter home equity on a family's principal place of residence, and shelter a reasonable portion of savings and farm or business net worth, each insofar as is permissible under state and federal law;
   c. Simplify the financial aid application process for low-income students with limited assets;
   d. Strive to preserve a range of educational options for needy students, including choice of institutions and programs;
   e. Recognize otherwise unfunded equipment and assistance needed to reasonably accommodate students with disabilities; and
   f. Deliver clear and timely information to current and future postsecondary students about the costs of attending college and available financial aid.

2. For the state need grant program under RCW 28B.10 790 through 28B.10.824: As funds are available, expand the program to include new populations of resident students in the following priority order:
   a. Low-income undergraduates;
   b. Lower middle-income undergraduates;
   c. Middle-income undergraduates; and
   d. Resident graduate and professional students, following the income priorities established for undergraduate students.

3. For the state work study program under chapter 28B.12 RCW: Increase employment opportunities including off-campus job opportunities with community service employers.

4. For the future teachers' conditional scholarship program under chapter 28B.102 RCW: Expand program eligibility to include teachers pursuing a master's degree for continuing certification.

5. For students whose parents did not attend college: Determine the feasibility of providing grants to needy first generation scholars.

NEW SECTION. Sec. 4. In implementing the goals for expanding financial aid to needy undergraduate students, the board shall be guided by the following matrix. The matrix defines income levels, and for each level, specifies the application requirement, the funding priority, and the assistance mix goal. Income levels shall be adjusted annually for family size and changes in the state's median income.

1. Define and assist additional populations of needy students as funding becomes available, in the priority order specified in section 3(2) of this act, and using income level classification definitions as described in section 4 of this act.

2. In calculating eligibility for aid, where not otherwise inconsistent with federal or state law, shelter home equity on a family’s principal place of residence and shelter a reasonable amount of savings and a reasonable portion of farm or business net worth, in order to equitably evaluate family ability to pay.

3. To the extent feasible, adjust the student budget of a needy student with disabilities to reflect otherwise unfunded equipment or assistance needed to reasonably accommodate the student in a postsecondary education or training program.

WHEREAS, The Washington State Capital Historical Association is celebrating its Fiftieth Anniversary during 1992;
NOW, THEREFORE, BE IT RESOLVED, That March 5, 1992, be declared Washington State Capital Museum Day and that the Washington State House of Representatives commend the Association for its fine work for the past fifty years and encourage our citizens to continue to support and visit the Washington State Capital Museum.

WHEREAS, The House of Representatives, by House Resolution No. 91-4714, unanimously adopted on June 28, 1991, a self-esteem resolution that focused on parents and schools and defined self-esteem as "appreciating my own worth and importance and having the character to be accountable for myself and to act responsibly toward others"; and
WHEREAS, House Resolution No. 91-4714 further declared that a lack of self-esteem to be central to most personal and social issues facing citizens of this state and a strong social vaccine against crime, violence, and substance abuse; and

WHEREAS, Families are the most crucial ingredient in nurturing a sense of self-esteem, and social service agencies or programs which provide support services can enhance family efforts to build self-esteem; and

WHEREAS, Being dependent on social services can be destructive to self-esteem, encourage learned helplessness, and undermine one’s efforts to be personally and socially responsible unless assistance is administered in a way that is sensitive to every person’s need for dignity and respect;

NOW, THEREFORE, BE IT RESOLVED, That every individual citizen, social service organization, school, family, and community, is strongly urged by the House of Representatives to make a commitment, both individually and collectively, to preventing delinquency and substance abuse among youth in this state and to actively contribute of ourselves, our time and our experience to this purpose; and

BE IT FURTHER RESOLVED, That communities and schools have a social responsibility to provide opportunities which enable youth to practice lawful behavior, achieve academic success, and engage in social and recreational activities that promote self-esteem, individual accomplishment and contribution, sportsmanship, and connection to community; and

Before utilization of any excise tax moneys collected under authorization of this section for acquisition of right of way or construction of a mass transit facility on a separate right of way the municipality shall adopt rules affording the public an opportunity for "corridor public hearings" and "design public hearings" as herein defined, which rule shall provide in detail the
procedures necessary for public participation in the following instances: (a) prior to adoption of location and design plans having a substantial social, economic or environmental effect upon the locality upon which they are to be constructed or (b) on such mass rapid transit systems operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the municipality shall adhere to the provisions of the Administrative Procedure Act.

(3) A "corridor public hearing" is a public hearing that: (a) is held before the municipality is committed to a specific mass transit route proposal, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the mass rapid transit system; (c) provides a public forum that affords a full opportunity for presenting views on the mass rapid transit system route location, and the social, economic and environmental effects on that location and alternate locations: PROVIDED, That such hearing shall not be deemed to be necessary before adoption of an overall mass rapid transit system plan by a vote of the electorate of the municipality.

(5) A municipality imposing a tax under subsection (1) or (2) of this section may also impose a sales and use tax, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the municipality that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The tax imposed under this section shall be deducted from the amount of tax otherwise due under RCW 82.08.020(2). The revenue collected under this subsection shall be distributed in the same manner as special excise taxes under subsections (1) and (2) of this section.

Sec. 12. RCW 81.100.060 and 1991 c 363 s 154 are each amended to read as follows:

A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county and on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.
An agency imposing a tax under subsection (1) of this section may also impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the agency’s jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection shall be used in the same manner as excise taxes under subsection (1) of this section.

COLLOQUIY

Mr. Speaker (R. Meyers presiding): Mr. Heavey for what purpose do you rise. Will Representative Belcher yield to some questions. Mr. Heavey, Representative Belcher will yield to your questions.

Mr. Hargrove: Representative Belcher, does Substitute House Bill No. 2990 in any way ensure that a resort will be built on a portion of the Diamond Point trust property?

Representative Belcher: Representative Hargrove, Substitute House Bill No. 2990 gives the Parks Commission the option of varying the boundaries of the Diamond Point property it acquires from DNR, but it does not in any way ensure that a resort will be built on a portion of the property.

Peninsula Partners, the resort developer, must secure approval from the Clallam County Board of Commissioners for the Preliminary Master Site Plan of the resort. The review process for the Preliminary Master Site Plan requires preparation of an environmental impact statement to address concerns about wildlife, water, traffic, and other associated impacts.

In addition, Peninsula Partners must secure additional permits before construction can proceed.

Representative Hargrove: Representative Belcher, does Substitute House Bill No. 2990, restrict opportunity for public review of the proposed resort or park to be developed at Diamond Point.

Representative Belcher: Representative Hargrove, Substitute House Bill No. 2990, does nothing to change public review of either the resort development or state park development. Peninsula Partners must prepare an environmental impact statement as part of the review of the resort Preliminary Master Site Plan. The EIS will be subject to public hearings as will any decisions by the county planning commission or county commissioners.

Likewise, State Parks must go through a public planning process, including preparation of an environmental impact statement prior to development of a state park on Diamond Point property.

In addition, before the Board of Natural Resources considers a land transfer to Peninsula Partners, or an intergrant exchange prior to transfer of land to State Parks, there will be a public hearing for each transfer, with the results of the hearings presented to the Board in a public meeting.

Representative Hargrove: Representative Belcher, how will the interests of State Parks be protected in the event that the developer, Peninsula Partners, is not for some reason, able to proceed with the development?
Representative Belcher: Representative Hargrove, both State Parks and Peninsula Partners have recently submitted letters that outline how State Parks will be protected in the event that resort development is terminated. State Parks and Peninsula partners will negotiate an agreement to specify the terms and conditions under which both parties will proceed. The parties have agreed that Peninsula Partners will provide State Parks with appropriate financial security such as performance bond or letter of credit ensuring that the improvements pertaining to park development will be completed.

The parties have further agreed that if the resort development is terminated, Parks will have a one year option to acquire the land originally deemed suitable for a park.

Mr. Hargrove spoke in favor of passage of the bill.

Representative Moyer: Mr. Speaker, will Representative Braddock, yield to a question?

Mr. Speaker: Representative Moyer, he does yield, please state your question.

Representative Moyer: Representative Braddock, what is the basic goal and purpose of this bill?

Representative Braddock: Representative Moyer, the purpose of the bill is simple. To allow physician's assistants to be legally supervised interchangably by both physicians and osteopathic physicians.

The goal is to improve access of physician's assistant services to the public. This is expected to be of particular benefit to patients in areas of the state experiencing a shortage of physicians, such as in rural areas or in nursing home settings.

Physician's assistants are an extension of the physician who work under the direction and supervision of a physician, although the physician need not be physically present. Because of the reluctance of many physician's to visit nursing home setting for a variety of reason's. The physician's assistant is an ideal extender of medical services in that practice setting.

Of special importance is the ability of the physician's assistant to provide a complete range of medical services to the nursing home patient on the physician's behalf. This includes even such simple procedures as routine foot care which is so often neglected. Although the law does not permit a physician's assistant to practice podiatry per se, this is not to be construed as to prevent the physician's assistant from providing the complete range of medical services that a physician can legally provide as the physician's legal extender.

(11)"

On page 3, after line 4, insert the following:

NEW SECTION. Sec. 2. A new section is added to chapter 15.35 RCW to read as follows:

(1) Not less than sixty days before a referendum creating a market area and pooling plan with quotas is to be conducted under RCW 15.35.110, the director shall notify each producer-dealer regarding the referendum. Any producer-dealer may choose to vote on the referendum and each choosing to do so shall notify the director in writing of this choice not later than thirty days before the referendum is conducted. Such a producer-dealer and any person who becomes a producer-dealer or producer by acquiring the quota of such a producer-dealer shall be a fully regulated producer under such an approved plan and shall receive a quota which is not less than the sales of milk in fluid form from the producer facilities during the reference period used by the director in determining quotas for producers. Such a producer-dealer shall also be a fully regulated dealer under the terms of such an approved plan. RCW 15.35.310(1) does not apply to a producer-dealer who is subject to regulation under this subsection.

(2) If a person was not a producer-dealer at the time the notice was provided to producer-dealers under subsection (1) of this section regarding a referendum on a proposed market area and pooling plan with quotas, the plan was approved by referendum, and the person subsequently became a producer-dealer (other than by virtue of the person's acquisition of the quota of a producer-dealer who is fully regulated under the plan), the person is subject to all of the terms of the plan for producers and dealers during the duration of the plan and RCW 15.35.310(1) does not apply to such a person with regard to that plan.

(3) This subsection applies: To a person who was a producer-dealer at the time the notice was provided to producer-dealers under subsection (1) of this section regarding a referendum which was approved and who did not notify the director under subsection (1) of this section to vote in that referendum; and to a person who acquires the quota of such a person.

If such a person's sales of milk in fluid form subsequent to the adoption of the plan increases such that those sales on an annual basis are more than fifty percent greater than the sales of milk in fluid form from the producer facilities during the reference period used by the director in determining quotas under the plan, RCW 15.35.310(1) does not apply to that person with regard to that plan. Such a producer-dealer shall be a fully regulated producer under such an approved plan and shall receive a quota which is not less than the producer-dealer's sales of milk in fluid form during the reference period used by the director in determining quotas for producers. Such a producer-dealer shall also be a fully regulated dealer under the terms of such an approved plan.

If changes are made, on a market area-wide basis, to the quotas established under the plan, the director shall by rule adjust the fifty percent limitation provided by this section by an equivalent amount.
Sec. 3. RCW 41.06.084 and 1990 c 37 s 2 are each amended to read as follows:
In addition to the exemptions set forth in RCW 41.06.070, the provisions of this chapter shall not apply in the department of agriculture to the director, the director's confidential secretary, the deputy director, not more than eight assistant directors, (and) the state veterinarian, and the milk pooling administrator employed under RCW 15.35.100.

Sec. 4. RCW 15.35.110 and 1991 c 239 s 8 are each amended to read as follows:
(1) The director, either upon his or her own motion or upon petition by ten percent of the producers in any proposed area, shall conduct a hearing to determine whether to establish or discontinue a market area pooling arrangement. Upon determination by the director that in order to satisfy the purposes of this chapter a pooling arrangement should be established, a referendum of affected individual producers and milk dealers shall be conducted by the department.

(2) In order for the director to establish a market area and pooling plan:
(a) Sixty-six and two-thirds percent of the producers and producer-dealers that vote must be in favor of establishing a market area and pooling plan; (and)
(b) Sixty-six and two-thirds percent of the milk dealers and producer-dealers that vote must be in favor of establishing a market area and pooling plan; and
(c) Producer-dealers providing notice to the director under section 2(1) of this act, shall be authorized to vote both as producers and as milk dealers.

The director, within sixty days from the date the results of the referendum are filed with the secretary of state, shall establish a market pool in the market area, as provided for in this chapter.

(3) If fifty-one percent of the producers and producer-dealers voting representing fifty-one percent of the milk produced in the market area vote to terminate a pooling plan, the director, within one hundred twenty days, shall terminate all the provisions of said market area and pooling arrangement.

(4) A referendum of affected producers, producer-dealers, and milk dealers shall be conducted only when a market area pooling arrangement is to be established (or terminated). Only producers and producer-dealers who are subject to the plan may vote on the termination of a pooling plan.

Sec. 5. RCW 15.35.150 and 1991 c 239 s 11 are each amended to read as follows:
(1) Under a market pool and as used in this section, "quota" means a producer's or producer-dealer's portion of the total sales of milk in fluid form in a market area plus a reserve determined by the director.

(2) The director may in each market area subject to a market plan establish each producer's and each producer-dealer's initial quota in the market area. Such initial quotas shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW. In making this determination, consideration shall be given to a history of the producer's production record. In no case shall a producer-dealer receive as a quota an amount which is less than his or her fluid milk sales for the reference period used by the director in determining quotas for other producers.

In any system of establishing quotas, provision shall be made for new producers to qualify for allocation of quota in a reasonable proportion and for old and new producers to participate in any new increase in fluid milk sales in a reasonable proportion. The director may establish a method to proportionately decrease quota allocations in the event decreases in fluid milk consumption occur.

All subsequent changes or new quotas issued shall be determined by the department after due notice and the opportunity for a hearing as provided in chapter 34.05 RCW.

Sec. 6. RCW 15.35.310 and 1991 c 239 s 16 are each amended to read as follows:
(1) Except as provided in section 2 of this act, the provisions of this chapter shall not apply to persons designated as producer-dealers, except that:
(a) The director may require pursuant to RCW 15.35.100 any information deemed necessary to verify a producer-dealer's status as a producer-dealer; and
(b) A producer-dealer shall comply with all requirements of this chapter applicable to milk dealers, except those which the director may deem unnecessary.

(2) The director shall upon request designate producer-dealers and adopt rules governing eligibility for designation of a producer-dealer and cancellation of such designation. To receive such designation, a producer-dealer shall, at a minimum:
(a) In its capacity as a handler, have and exercise complete and exclusive control over the operation and management of a plant at which it handles and processes milk received from its own milk production resources and facilities as designated in subsection (4)(a) of this section, the operation and management of which are under the complete and exclusive control of the producer-dealer in its capacity as a dairy farmer;

(e) Not handle fluid milk products derived from sources other than the designated milk production facilities and resources, except for fluid milk product purchased from pool plants which do not exceed in the aggregate a daily average during the month of one hundred pounds.

(3) Designation of any person as a producer-dealer following a cancellation of its prior designation shall be preceded by performance in accordance with subsection (2) of this section for a period of one month.

(4) Designation of a person as a producer-dealer shall include the determination and designation of the milk production, handling, processing, and distributing resources and facilities, all of which shall be deemed to constitute an integrated operation, as follows:

(a) As milk production resources and facilities: All resources and facilities, milking herd, buildings housing such herd, and the land on which such buildings are located, used for the production of milk:

However, for purposes of this item (4)(a)(iii) any such milk production resources and facilities which the producer-dealer proves to the satisfaction of the director do not constitute an actual or potential source of milk supply for the producer-dealer's operation as such shall not be considered a part of the producer-dealer's milk production resources and facilities; and

(b) As milk handling, processing, and distributing resources and facilities: All resources and facilities including store outlets used for handling, processing, and distributing any fluid milk product:

(i) Which are directly, indirectly, or partially owned, operated, or controlled by the producer-dealer; or

(ii) In which the producer-dealer in any way has an interest, including any contractual arrangement, or with respect to which the producer-dealer directly or indirectly exercises any degree of management or control.

(4) The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:

The department of licensing, with the assistance of the department of revenue, shall provide the office of financial management and the fiscal committees of the legislature with an updated estimate of the amount of revenue attributable to the taxes imposed in RCW 82.08.020(2), and the amount of revenue not collected as a result of section 8 of this act.

Sec. 11. RCW 35.58.273 and 1991 c 339 s 29 and 1991 c 309 s 1 are each reenacted and amended to read as follows:

(1) Through June 30, 1992, any municipality, as defined in this subsection, is authorized to levy and collect a special excise tax not exceeding .7824 percent and beginning July 1, 1992, .725 percent on the value, as determined under chapter 82.44 RCW, of every motor vehicle owned by a resident of such municipality for the privilege of using such motor vehicle provided that in no event shall the tax be less than one dollar and, subject to RCW 82.44.150 (3) and (4), the amount of such tax shall be credited against the amount of the excise tax levied by the state under RCW 82.44.020(1). As used in this subsection, the term "municipality" means a municipality that is located within (a) each county with a population of two hundred thousand or more and (b) each county with a population of one hundred twenty-five thousand to less than two hundred thousand except for those counties that do not border a county with a population as described under subsection (a) of this subsection.

(2) Through June 30, 1992, any other municipality is authorized to levy and collect a special excise tax not exceeding .815 percent, and beginning July 1, 1992, .725 percent on the value, as determined under chapter 82.44 RCW, of every motor vehicle owned by a resident of such municipality for the privilege of using such motor vehicle provided that in no event shall the tax be less than one dollar and, subject to RCW 82.44.150 (3) and (4), the amount of such tax shall be credited against the amount of the excise tax levied by the state under RCW 82.44.020(1). Before utilization of any excise tax moneys collected under authorization of this section for acquisition of right of way or construction of a mass transit facility on a separate right of way the municipality shall adopt rules affording the public an opportunity for "corridor public hearings" and "design public hearings" as herein defined, which rule shall provide in detail the procedures necessary for public participation in the following instances: (a) prior to adoption of location and design plans having a substantial social, economic or environmental effect upon the locality upon which they are to be constructed or (b) on such mass rapid transit systems operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the municipality shall adhere to the provisions of the Administrative Procedure Act.

(3) A "corridor public hearing" is a public hearing that: (a) is held before the municipality is committed to a specific mass transit route proposal, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the mass rapid transit system; (c) provides a public forum that affords a full opportunity for presenting views on the mass rapid transit system route location, and the social, economic and environmental effects on that location and alternate locations: PROVIDED, That such hearing shall not be deemed to be necessary before adoption of an overall mass rapid transit system plan by a vote of the electorate of the municipality.

(4) A "design public hearing" is a public hearing that: (a) is held after the location is established but before the design is adopted; and (b) is held to afford an opportunity for participation by those interested in the determination of major design features of the mass rapid transit system; and (c) provides a public forum to afford a full opportunity for presenting views on the mass rapid transit system design, and the social, economic, environmental effects of that design and alternate designs.

(5) A municipality imposing a tax under subsection (1) or (2) of this section may also impose a sales and use tax, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the municipality that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The tax imposed under this section shall be deducted from the amount of tax otherwise due under RCW 82.08.020(2). The revenue collected under this subsection shall be distributed in the same manner as special excise taxes under subsections (1) and (2) of this section.

Sec. 12. RCW 81.100.060 and 1991 c 363 s 154 are each amended to read as follows:
A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county and on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing the surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW shall, insofar as they are applicable to state sales and use taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from both tax sources imposed under this section and RCW 81.100.030 each year shall not exceed the maximum amount which could be collected under this section.

Sec. 13. RCW 81.104.160 and 1991 c 318 s 12 are each amended to read as follows:
(1) Any city that operates a transit system, county transportation authority, metropolitan municipal corporation, or public transportation benefit area, solely for the purpose of providing high capacity transportation service may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

(2) An agency imposing a tax under subsection (1) of this section may also impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the agency's jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection shall be used in the same manner as excise taxes under subsection (1) of this section.

NEW SECTION. Sec. 14. (1) Sections 1 through 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1992.

(2) Sections 4 through 13 of this act shall take effect January 1, 1993.

ENGROSSED SENATE BILL NO. 6089, by Senators West, M. Kreidler, Patterson, Bailey,
Vognild, Madsen, Talmadge, Johnson and McMullen; by request of Governor Gardner

Enacting comprehensive health care reform.
Mr. Braddock moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

"WASHINGTON HEALTH SERVICES ACT"

NEW SECTION. Sec. 1. FINDINGS, INTENT, AND PRINCIPLES. (1) The legislature finds that:

(a) Despite the significant strides Washington state has made in addressing the lack of access to health services and rising health service costs, major system deficiencies still exist. The number of persons without access or with increasingly limited access to health services continues to grow at an alarming rate, as health service costs continue to rise well above the rate of inflation;

(b) Problems relating to health service access, assurance of quality of care, and cost control are likely to have a detrimental effect on the state's ability to be competitive in the international economy. Further, growing health service costs and the inability to purchase insurance have had a particularly harmful effect on small businesses, families, and individuals;

(c) There are significant administrative inefficiencies in the structure of the current health system, which has numerous payers and administrators, involving excess paperwork and consuming much of a health provider's time on nonclinical matters; and that a more unified financing and administrative structure would reduce overall administrative costs and increase the amount of time a health service provider would have available for patient care; and

(d) Future reforms must be systemic, addressing total community as well as individual needs, and encompassing all major components of health service delivery and finance. Reforms must also result in appropriate health service coverage for all state residents, promote quality of care, and include effective cost controls.

(2) To address the problems set forth in subsection (1) of this section, it is the intent of the legislature to implement the following principles by means of this chapter:

(a) The fundamental purpose of the health system should be to maintain or improve the health of all Washington residents at a reasonable cost;

(b) Because the responsibility for a healthy society lies primarily with its citizenry, enlightened citizens should play a key role in the development and oversight of their health services system;

(c) Appropriate health services should be available within an integrated system to all residents of Washington state regardless of health condition, age, sex, marital status, ethnicity, race, geographic location, employment, or economic status;

(d) The financial burden for providing needed health services should be equitably shared by government, employers, individuals, and families;

(e) Citizens should have the freedom to choose their health service provider, with incentives to participate in cost-effective well-managed health service settings;

(f) Health service providers should receive fair compensation for their services in a timely and uncomplicated manner;

(g) Health service providers should have the freedom to choose their practice settings with incentives to participate in cost-effective well-managed health service settings and to practice in areas where there are shortages of providers;

(h) Health promotion and illness and injury prevention programs should be a major part of a health services system;

(i) A state health services budget, reflecting the cost of providing health services through certified health plans and established in a public and deliberative manner, is essential to controlling health costs;

(j) An efficient health services administrative structure is essential to reduce costs and streamline service delivery;

(k) Quality of care should be promoted through identification of the most effective health services, with the assistance of health service providers, health scientists, health economists, health policy experts and consumers, through implementation of acceptable standards for the education, credentialing, and disciplining of health service providers and the operation of health facilities, and through a process of continued quality improvement and total quality management;

(l) The health services system should be sensitive to cultural differences and recognize the need for access services in eliminating significant barriers to health services and give special consideration to the special needs of racial and ethnic minorities and underserved or inappropriately serviced populations;

(m) There should be explicit policy addressing critical issues related to medical ethics and acceptable use of health service rationing, which should be developed in an open manner reflecting community and societal values; and
of health services, and the organizational or supportive systems within which such services are provided. It also means deu:irnental to the health of an enrollee.

(1) The Washington health services commission is created with the responsibility of exercising strategies to control rapidly increasing health services expenditures and ensure universal access. The regulatory practices of the commission shall be limited to strategies that will reduce administrative waste, limit inefficient use of capital and technology, reduce defensive medical practices, structure payment mechanisms that provide incentives for efficient delivery of appropriate services, and define the uniform benefits package and the price that may be charged to provide that package to citizens of the state. The rate of increase in the price of the uniform benefits package is limited by this act. Implementation of these cost control strategies is necessary to meet the goal of universal access.

The commission’s regulatory efforts shall include regulation that aids market forces as an effective means of cost containment. Increasing the use of managed care systems to provide health services, and emphasizing preventive and primary care shall guide the commission’s regulatory activities.

(2) There is created an agency of state government to be known as the Washington health services commission. The commission shall consist of seven members appointed by the governor with the consent of the senate. One member shall be designated by the governor as chair and shall serve at the pleasure of the governor. The other six members shall serve five-year terms. In making such appointments the governor shall give consideration to the geographical exigencies, and the interests of consumers, purchasers, and ethnic groups. One member shall have experience as a health service provider, and one member shall have experience in health service administration. Of the initial members, two shall be appointed to a term of three years, two shall be appointed to a term of four years, and two shall be appointed to a term of five years. Thereafter, members shall be appointed to five-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

(4) Members of the commission shall occupy their positions on a full-time basis and are exempt from the provisions of chapter 41.06 RCW. Members shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. A majority of the members of the commission constitutes a quorum for the conduct of business.

NEW SECTION. Sec. 4. POWERS AND DUTIES OF THE CHAIR. The chair shall be the chief administrative officer and the appointing authority of the commission and has the following powers and duties:

(1) Direct and supervise the commission’s administrative and technical activities in accordance with the provisions of this chapter and rules and policies adopted by the commission;

(2) Employ personnel of the commission, not to exceed twenty-five full-time employees, in accordance with chapter 41.06 RCW, and prescribe their duties. With the approval of a majority of the commission, the chair may appoint persons to administer any entity established pursuant to subsection (8) of this section, and up to seven additional full-time employees, all of whom shall be exempt from the provisions of chapter 41.06 RCW;

(3) Enter into contracts on behalf of the commission;

(4) Accept and expend gifts, donations, grants, and other funds received by the commission;

(6) Subject to approval of the commission, appoint advisory committees and undertake studies, research, and analysis necessary to support activities of the commission;

(8) Consistent with policies and rules established by the commission, establish such administrative divisions, offices, or programs as are necessary to carry out the purposes of this chapter; and

(9) Perform such other administrative and technical duties as are consistent with this chapter and the rules and policies of the commission.

NEW SECTION. Sec. 5. POWERS AND DUTIES OF THE COMMISSION. The activities of the commission shall be limited to the following powers and duties:

(1) Establish a total state health services budget, as provided in section 13 of this act.

(2) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of this chapter, provided that an initial set of draft rules addressing, at a minimum, the uniform benefits package, limits on maximum
enrollee financial participation, methods for developing the state health services budget, standards for health plan certification, procedures for monitoring and enforcing health plans certification standards, and standards for certified health plan and commission grievance procedures, must be submitted to the legislature by December 1, 1993.

(3) Establish the uniform benefits package, as provided in section 8 of this act, which shall be offered to enrollees of a certified health plan. The uniform benefits package shall be provided at the premium specified in subsection (4) of this section.

(4) Establish for each year, a premium that a certified health plan may receive from the Washington health services trust fund to provide the uniform benefits package to enrollees. The premium shall be determined by the commission, after conducting an analysis of the cost experience of the state employee health benefit plans for 1992 and assuming cost savings that may result from: Reductions in cost shifting; managed health care approaches; cost savings as a result of the uniform benefits package design process pursuant to section 8(2) of this act; the continuous quality improvement and total quality management process set forth in section 24 of this act, and other cost reduction strategies set forth herein. Thereafter, the commission shall, as soon as possible, limit the rate of increase to no more than the rate of increase in the United States consumer price index. In no event shall the rate of increase in the premium be increased by more than the amount of actual growth in the cost of the uniform benefits package between 1991 and 1992, as determined by the commission, minus two percentage points per year for each succeeding year until the annual rate of increase is no greater than the growth in the United States consumer price index.

(5) Evaluate and monitor the extent to which racial and ethnic minorities have access to and receive health services within the state.

(6) Monitor the actual growth in total annual health services expenditures in the state.

(7) Establish a maximum annual budget for major capital expenditures that are included within the premium. A major capital expenditure is defined as any single expenditure for capital acquisitions, including medical technological equipment, as defined by the commission, costing more than one million dollars. Periodically the commission shall prioritize the proposed projects based on standards of cost-effectiveness and access. The commission shall then approve those projects in rank order that are within the limits of the capital budget.

(8) After consultation with certified health plans, health service providers, purchasers, and consumers of health services, adopt practice guidelines in specific practice areas, for providers participating in any certified health plan. Such practice guidelines shall be used to promote appropriate use of technology, services, drugs, and supplies, and for cost containment and quality assurance.

(9) Develop guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis related groupings and a resource-based relative value scale. Such guidelines shall be designed to promote improved management of health services, and improved efficiency and effectiveness within the health services delivery system.

(10) For services provided under the uniform benefits package, adopt standards for a single billing and claims payment procedure. Such standards shall ensure that these procedures are performed in a simplified, streamlined, and economical manner for all parties concerned. Except to the extent provided in section 7 of this act, nothing in this subsection authorizes the commission to require any specific claim or payment level or method.

(11) Adopt standards for personal health systems data and information systems as provided in section 17 of this act.

(12) Adopt standards that prevent conflict of interest by health service providers as provided in section 10 of this act.

(13) Certify certified health plans to provide the uniform benefits package.

(14) Contract with certified health plans to provide the uniform benefits package.

(15) When deemed necessary to ensure the availability of the uniform benefits package in a timely manner, contract directly with a local health department, a community/migrant health center, or any other private, nonprofit community-based health services agency for all or any part of the uniform benefits package.

(16) Ensure that no certified health plan may charge any additional fees or balance bill for services included in the uniform benefits package.

(17) Establish standards for certified health plan grievance and complaint procedures whereby an enrollee may file a complaint or grievance regarding any aspect of the plan and such grievance is addressed expeditiously.

(18) As of July 1, 1994, prohibit any disability group insurer, health care service contractor, or health maintenance organization from independently insuring, contracting for, or providing those health services provided through the uniform benefits package.

(19) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan by the federal government and its implications.

(20) Monitor certified health plans for compliance with standards established pursuant to this section.
(21) Establish standards for enrollment and prohibit discrimination based upon age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status in enrollment by certified health plans.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of health data pursuant to section 18 of this act, where the department of health shall have primary responsibility.

NEW SECTION. Sec. 6. CERTIFIED HEALTH PLANS—REQUIREMENTS FOR APPROVAL. The uniform benefits package established pursuant to section 8 of this act shall be provided through certified health plans. To participate, a plan must meet at least the following requirements:

(1) Provide or assure the provision of services in the uniform benefits package within a defined geographic area.
(2) Bear full financial risk and responsibility for the uniform benefits package provided to enrollees.
(3) Comply with commission standards regarding health data and certified health plan evaluation.
(4) Comply with all other standards established by the commission pursuant to section 5 of this act.

NEW SECTION. Sec. 7. COMMISSION CERTIFICATION ENFORCEMENT AUTHORITY. (1) Upon a determination by the commission that a certified health plan is failing, or is at imminent risk of failing, to meet its obligations to its enrollees or the state during a current certification or contractual period, the commission may intervene and assume those functions that are demonstrably necessary to protect the interests of the plan's enrollees and the state. Such actions may include, but are not limited to:

(a) Approval of provider or facility payment methods or levels;
(b) Approval of utilization management procedures or mechanisms to control the use of technology; and
(c) Administration of functions demonstrably related to the failure, or imminent risk of failure, of the certified health plan to meet its certification or contractual obligations.

(2) The assumption of any certified health plan function by the commission pursuant to this section shall not absolve such certified health plan from any of the financial obligations undertaken by it through its certification or contracts with enrollees.

(3) Actions taken by the commission pursuant to this section shall be limited in duration to the balance of time remaining in the current certification period of the certified health plan. At or before the expiration of such time period, the commission shall make a determination regarding renewal of the plan's certification. If the commission determines that the plan's certification should not be renewed, the commission shall make every effort to ensure that the plan's current enrollees experience as minimal a disruption as possible in their receipt of health services, and in their established relationships with health service providers. It shall, as soon as possible, contract with another certified health plan to assume these responsibilities.

NEW SECTION. Sec. 8. UNIFORM BENEFITS PACKAGE DESIGN. (1) The commission shall define the uniform benefits package, which shall include those health services, based on the best available scientific health information, deemed to be effective and necessary on a societal basis for the maintenance of the health of the residents of the state, giving consideration to the state health services budget established pursuant to section 13 of this act.

(a) The legislature intends that the uniform benefits package be sufficiently comprehensive to meet the needs of state residents. As guidance in developing the package, the commission shall include no significant reductions in the categories of coverage included in the state employees health benefits plans, and shall include access services as defined herein. However, the specific schedule of services shall be established through the process set forth in subsection (2) of this section. The categories of coverage shall, at least, include the following:

(i) Personal health services, including inpatient and outpatient services for physical, mental, and developmental illnesses and disabilities including:
(A) Diagnosis and assessment, and selection of treatment and care;
(B) Clinical preventive services;
(C) Emergency health services;
(D) Reproductive and maternity services;
(E) Clinical management and provision of treatment; and
(F) Therapeutic drugs, biologicals, supplies, and equipment.
(ii) Access services.

(b) The commission, through a public process, also shall determine which services will be excluded. These exclusions shall include at least the following:

(i) Cosmetic surgery except where deemed necessary for normal functioning or restorative purposes;
(ii) Examinations associated with life insurance applications or legal proceedings; and
(iii) Infertility services.
The commission shall establish limits on maximum enrollee financial participation, related to enrollee gross family income.

The commission shall evaluate the inclusion or exclusion of dental services in the uniform benefits package, and make such inclusions as are deemed appropriate.

The uniform benefits package may include other services determined by the commission to be effective, necessary, and consistent with the principles set forth in section 1 of this act.

The commission shall establish procedures to determine the specific schedule of health services to be included in the uniform benefits package categories of coverage. To assist the commission in this task, it may periodically establish health service review panels for specified periods of time to review existing information on need, efficacy, and cost-effectiveness of specific services and treatments. These panels shall consider the services outcome data provided under section 17 of this act. These panels also shall take into consideration available practice guidelines and appropriate use of expensive technology. Their review activities shall be consistent with the health service rationing policy set forth in section 20 of this act.

In establishing the uniform benefits package, the commission shall seek the opinions of, and information from, the public. The commission shall consider results of official public health assessment and policy development activities, including recommendations of the state board of health, the department of health, and the state health report in discharging its responsibilities under this section. It shall coordinate this activity with the state board of health in its development of the state health report pursuant to RCW 43.20.050.

NEW SECTION. Sec. 9. SUPPLEMENTAL BENEFITS. Nothing in this chapter shall preclude disability group insurers, health care service contractors, or health maintenance organizations from insuring, providing, or contracting for health services not included in the uniform benefits package, and nothing in this chapter shall restrict the right of an employer to offer, an employee representative to negotiate for, or an individual to purchase services not included in the uniform benefits package.

NEW SECTION. Sec. 10. CONFLICT OF INTEREST STANDARDS. The commission shall establish standards prohibiting conflict of interest by health service providers. These standards shall be designed to control inappropriate behavior by health service providers that results in financial gain at the expense of consumers or certified health plans. These standards are not intended to inhibit the efficient operation of certified health plans.

NEW SECTION. Sec. 11. REPORTS OF HEALTH CARE COST CONTROL AND ACCESS COMMISSION. In carrying out its powers and duties under this chapter, including its responsibilities to develop recommendations regarding the health care liability system, design the uniform benefits package, and develop guidelines and standards, the commission shall consider the reports of the health care cost control and access commission established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990. Nothing in this chapter requires the commission, created by section 3 of this act, to follow any specific recommendation contained in those reports except as it may also be included in this chapter or other law.

NEW SECTION. Sec. 12. IMPROPER QUEUING PROTECTION. It is the intent of the legislature that all enrollees receive necessary health services in a timely manner and that every effort be made to avoid delays in service that could be detrimental to an enrollee's health. The commission shall develop strategies that will reduce or prevent improper queuing. Upon the adoption of such strategies in rules by the commission, funds from the improper queuing reserve account of the Washington health services trust fund may be used to implement such strategies.

NEW SECTION. Sec. 13. STATE HEALTH SERVICES BUDGET. The state health services budget shall reflect total expenditures for all health services included in the uniform benefits package and shall be derived from the following sources:

1. Medicare, parts A and B, Title XVIII of the federal social security act, as amended;
2. Medicaid, Title XIX of the federal social security act, as amended;
3. Other federal health services funds that are allocated for the purposes of health services included in the accounts established pursuant to section 16 of this act;
4. Legislative general fund--state appropriations;
5. Employer contribution, as determined in section 14 of this act;
6. Enrollee premium sharing, as determined in section 14 of this act; and
7. Enrollee point of service cost-sharing, as determined in section 14 of this act.

NEW SECTION. Sec. 14. UNIVERSAL ACCESS MECHANISMS. (1) The commission shall develop recommendations relating to the most effective and cost-efficient methods of providing and financing universal access to the uniform benefits package. Such methods shall ensure access to appropriate and effective health services for all residents of Washington state regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status. In developing recommended financing methods, the commission shall consider the financial sources enumerated in section 13 of this act.
(2) The commission shall use the following criteria as the basis for its determination:
(a) Provision of the uniform benefits package to all residents;
(b) Minimal shift of costs from payer to payer;
(c) Compliance with health data requirements as set forth in this chapter;
(d) Accessibility by all residents to the uniform benefits package;
(e) Efficiency through uniformity in billing, claims, and records procedures;
(f) Propensity to resist inflationary increases on cost;
(g) Public accountability;
(h) Portability of benefits, whereby a resident changing employment or traveling out-of-state continues to be covered;
(i) Equity in risk adjustment methods;
(j) Seamlessness;
(k) Simplicity and ease with which residents can comprehend the operation of the health services system; and
(l) Development of appropriate technology.
(3) The commission shall report its findings and recommended methods to the governor and appropriate committees of the legislature no later than December 1, 1993.

NEW SECTION. Sec. 15. ADVISORY COMMITTEES. In an effort to ensure effective participation in the commission's deliberations, the chair shall appoint an advisory committee with members representing consumers, business, government, labor, insurers, and health service providers. The chair may also appoint ad hoc and special committees for a specified time period.

Members of any committee shall serve without compensation for their services but shall be reimbursed for their expenses while attending meetings on behalf of the commission in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 16. TRUST FUND AND ACCOUNTS. The Washington health services trust fund is hereby established in the state treasury. Funds designated pursuant to section 14 of this act shall be deposited in the Washington health services trust fund. Disbursements from the trust fund shall be on authorization of the commission or a duly authorized representative thereof. In order to maintain an effective expenditure the Washington health services trust fund shall be subject in all respects to chapter 43.88 RCW. However, no appropriation shall be required to permit expenditures and payment of obligations from such fund. The trust fund shall consist of four accounts:

(1) The personal health services account from which funds shall be expended for contracts with certified health plans to deliver the uniform benefits package to enrollees, including access services, personal health services, capital development, and health professions education.

(2) The public health account from which funds shall be expended to maintain and improve the health of all Washington residents, by assuring adequate financing for a public health system to (a) assess and report on the population’s health status; (b) develop public policy which promotes and maintains health; and (c) assure the availability and delivery of appropriate and effective health interventions. This public system shall be composed of the state board of health, state department of health, and local public health departments and districts. The commission shall assure that no less than five percent of the state health services budget is used for these assessment, policy development, and assurance functions, as defined by the state board of health in rule. These funds may include fees, federal funds, and general or dedicated state or local tax revenue. The state board of health shall develop policies regarding the extent to which local revenue or fees may be used to meet the five percent requirement. The commission may appropriate funds under its direction in order to assure that five percent of the state health services budget is used as required by this subsection. None of the funds shall be used for any service reimbursable through the uniform benefits package. The commission shall consider the results of official public health assessment and policy development activities, including recommendations of the state board of health, the department of health, and the state health report in discharging its responsibilities, including the assurance of access to appropriate and effective health services and the determination of the actual percentage used for core public health functions. The percent of total health-expenditures required for expenditure on core public health functions shall be reviewed by the state board of health as part of its state health report and by the commission as part of any overall evaluation or assessment that may be required under this chapter.

(3) The improper queuing reserve account from which funds shall be expended to reduce unacceptable delays in the delivery of critical health care services as set forth in section 12 of this act.

(4) The health professions and research account from which funds shall be expended to:
(a) Retain needed health service providers in a manner consistent with the health professional shortage provisions set forth in chapter 332, Laws of 1991; and

(b) Conduct research relative to the commission's responsibilities:

NEW SECTION. Sec. 17. HEALTH DATA. The commission shall develop, in consultation with the department of health, the health data sources necessary to efficiently implement this chapter. The commission shall have access to all health data presently available to the secretary of health, however, the department of health shall be the designated depository agency for all health data collected pursuant to this chapter. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The following data sources shall be developed or made available:

1. The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

2. The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefits package under section 8 of this act.

3. The commission shall utilize the capability of the insurance commissioner's office in conducting actuarial analyses.

NEW SECTION. Sec. 18. A new section is added to chapter 70.170 RCW to read as follows:

DEPARTMENT OF HEALTH DATA REQUIREMENTS. (1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall coordinate the development of the system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges; and (f) amount paid. The department shall assist the commission in establishing reasonable time frames for the completion of system development and system implementation.

NEW SECTION. Sec. 19. LONG-TERM CARE. (1) In order to meet the health needs of the residents of Washington state, it is critical to organize the foundation for financing and providing community-based long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. This system shall be available, accessible, and responsive to all residents based upon an assessment of their functional disabilities. The legislature recognizes that families, volunteers, and community organizations are absolutely essential for delivery of effective and efficient community-based long-term care and support services, and that this private and public service infrastructure should be supported and strengthened. Further, it is important to provide secured benefits assurance in perpetuity without requiring family or program beneficiary impoverishment for service eligibility.

(2) Recognizing that financial stability is essential to the success of a comprehensive long-term care system and that current and future demands are exceeding available financial resources, a dedicated fund comprised of state general funds, matching federal funds, public insurance funds, and sliding fee contributions by program beneficiaries should be established.

(3) It is the intent of this chapter that the Washington state legislature develop a program and financial structure for the provision of community-based long-term care and support services for functionally disabled persons as suggested in this section and adopt the necessary legislation no later than the adjournment of the 1994 regular session of the legislature.

NEW SECTION. Sec. 20. HEALTH SERVICE RATIONING POLICY. (1) The commission shall establish an explicit policy regarding rationing of health services. This policy shall address rationing in relation to limitations on financial resources and the availability of anatomical gifts.

The health services rationing policy shall address the following factors:

(a) The effectiveness of the specific health service considered;

(b) The cost-effectiveness of such service;

(c) The service's ability to significantly improve quality of life;
(d) The service’s ability to improve functioning and independence;
(e) The equity in providing the service to some persons, but not others; and
(f) The service’s social value to the health of the community when weighed against other priorities.

(2) The commission shall establish regional health services ethics committees, composed of persons drawn from a broad cross-section of the community to provide, based on the health services rationing policy, guidance to certified health plans in making decisions about the rationing of health services.

NEW SECTION. Sec. 21. IMPLEMENTATION SCHEDULE. Consistent with the determinations made pursuant to section 14 of this act, this chapter shall be implemented in developmental phases as follows:

(1) By May 1, 1992, the director of the office of financial management shall constitute a transition team composed of staff of the department of social and health services, the Washington state health care authority, the health care cost control and access commission created by House Concurrent Resolution No. 4443 (1990), the department of health, the department of labor and industries, the Washington basic health plan, and the insurance commissioner’s office. The director may request participation of the appropriate legislative committee staff.

The transition team shall conduct analyses and identify:

(a) The necessary transfer and consolidation of responsibilities among state agencies to fully implement this chapter;
(b) State and federal laws that would need to be repealed, amended, or waived to fully implement this chapter; and
(c) Appropriate guidelines for administrative costs of the plan.

The transition team shall report its findings to the director of financial management, the commission, and appropriate committees of the legislature by January 1, 1993, and on that date be disbanded.

(2) By December 1, 1992, the commission shall be appointed. As soon as possible thereafter, the commission shall:

(a) Hire necessary staff;
(b) Develop necessary data sources;
(c) Appoint the initial health service review panel; and
(d) Develop necessary methods to establish the state health services budget.

(3) By September 1, 1993, the director of the office of financial management shall submit to appropriate committees of the legislature an agency transfer and consolidation report, which shall address staffing, equipment, facilities, and funds, along with any necessary proposed legislation.

(4) By September 1, 1993, the commission shall review the result of the studies conducted as required in section 23(1) of this act.

(5) By December 1, 1993, the commission shall submit to the governor and appropriate committees of the legislature:

(a) Draft rules, as provided in section 5(2) of this act;
(b) A report on the extent that federal waivers or exemptions have not been obtained or the extent to which this chapter can be implemented without receipt of all of such waivers;
(c) Recommended methods of providing and financing universal access to the uniform benefits package, as provided in section 14 of this act; and
(d) Proposed recommended uniform benefits package.

(6) By July 1, 1994, the commission shall have reviewed the recommendations of the initial health service review panel.

(7) By October 1, 1994, the commission shall have:

(a) Determined the uniform benefits package;
(b) Identified anti-improper queuing strategies; and
(c) Developed procedures regarding enrollment, premiums, enrollee financial participation, and certified health plan negotiations and payments.

(8) During its 1994 session, the legislature should consider the material submitted as identified in subsection (5) of this section in an expeditious manner, and shall submit any act or bill passed by the legislature related to methods of providing and financing universal access to the uniform benefits package to the people as a referendum, as provided in section 14(4) of this act.

(9) By July 1, 1995, consistent with specific appropriations, all health services provided to recipients of medical assistance, medical care services, and the limited casualty program, as defined in RCW 74.09.010, all enrollees in the Washington basic health plan, as established by chapter 70.47 RCW, all state employees eligible for employee health benefits plans pursuant to chapter 41.05 RCW, and all common school employees eligible for health insurance, or health

that currently constitute barriers to full implementation of provisions of sections 1 through 26 of this act related to access to health services for elderly and disabled residents of Washington state. Such provisions may include and are not limited to: Categorical eligibility restrictions related to age, disability, blindness, or family structure; income and resource limitations tied to financial eligibility requirements of the federal aid to families with dependent children and supplemental security income programs; and limitations on health service provider payment methods.

of the federal social security act, that currently constitute barriers to full implementation of provisions of sections 1 through 26 of this act related to access to health services for low-income residents of Washington state. Such provisions include and are not limited to: Beneficiary cost-sharing requirements; restrictions on scope of services and limitations on health service provider payment methods.

(d) Negotiate with the United States congress and the federal department of health and human services to obtain any statutory or regulatory waivers of provisions of the United States public health services act necessary to ensure integration of federally funded community health clinics and other health services funded through the public health services act into the health services system established pursuant to sections 1 through 26 of this act.

If the Washington health services commission fails to obtain approval for all necessary federal statutory changes or regulatory waivers necessary to fully implement sections 1 through 26 of this act by January 1, 1996, it shall report to the governor and appropriate committees of the legislature with a proposal for the implementation of sections 1 through 26 of this act to the extent possible without receipt of all of such waivers.

EVALUATIONS AND STUDIES: The legislative budget committee, in consultation with the health care policy committees of the legislature, shall conduct directly or by contract the following studies or evaluations:

(1) Studies to determine the desirability and feasibility of consolidating the following programs, services, and funding sources into the system established by sections 1 through 26 of this act:

(a) Medical services component of the worker's compensation program of the department of labor and industries;

(b) Developmental disabilities, mental health and aging and adult services institutional programs of the department of social and health services;

(c) State and federal veterans' health services; and

(d) Civilian health and medical program of the uniformed services of the federal department of defense and other federal agencies.

The report shall be made to the governor and the appropriate committees of the legislature and the commission by September 1, 1993.

(2) A study to evaluate the implementation of the provisions of sections 1 through 26 of this act. The study shall determine to what extent the plan has been implemented consistent with the principles and elements set forth in chapter 70.-- RCW (sections 1 through 17 and 19 through 21 of this act) and shall report its findings to the governor and appropriate committees of the legislature by July 1, 1998.

CONTINUOUS QUALITY IMPROVEMENT AND TOTAL QUALITY MANAGEMENT. To ensure the highest quality health services at the lowest total cost, the Washington health services commission shall establish a total quality management system of continuous quality improvement. Such endeavor shall be based upon the recognized quality science of continuous quality improvement. The commission shall impanel a
committee composed of persons from the private sector and related sciences who have broad knowledge and successful experience in continuous quality improvement and total quality management applications. It shall be the responsibility of the committee to develop standards for a Washington state health services supplier certification process and recommend such standards to the commission for review and adoption. Once adopted, the commission shall establish a schedule, with full compliance no later that July 1, 1995, whereby certified health plans must provide evidence that all health service providers and health service facilities have been reviewed and meet these standards prior to providing uniform benefits package services.

NEW SECTION. Sec. 25. HEALTH CARE LIABILITY. On or before December 1, 1994, the commission shall report the following information to the governor and appropriate committees of the legislature:

(1) The status of the commission’s development of practice guidelines, as provided in section 5(8) of this act;
(2) The feasibility of implementing a demonstration project in which practice guidelines in specific practice areas may be used as evidence in medical malpractice actions.

In preparing this report, the commission shall consider recommendations related to health care liability that have been developed by the health care cost control and access commission.

NEW SECTION. Sec. 26. RESERVATION OF LEGISLATIVE POWER. The legislature reserves the right to amend or repeal all or any part of sections 1 through 26 of this act at any time and there shall be no vested private right of any kind against such amendment or repeal. All rights, privileges, or immunities conferred by sections 1 through 25 of this act or any act done pursuant thereto shall exist subject to the power of the legislature to amend or repeal sections 1 through 25 of this act at any time.

"INSURANCE REFORM"

NEW SECTION. Sec. 27. The legislature finds that in order to make the cost of health coverage more affordable and accessible to individuals and to businesses and their employees, certain marketing and underwriting practices by disability insurers, health care service contractors, and health maintenance organizations must be reformed and more aggressively regulated. Such reforms work in the public interest and guarantee coverage to individuals, and businesses, their employees and employees’ dependents. Practices that hinder access to, affordability of, and equity in health insurance coverage are unacceptable.

It is the intent of the legislature to prohibit certain discriminatory practices, and to require that insurers use community rating methods, at least for individuals, and small business owners and their employees, that more broadly pool and distribute risk, which is a fundamental principle of health insurance coverage.

NEW SECTION. Sec. 28. A new section is added to Title 48 RCW to read as follows:

For the purposes of sections 29, 30, and 31 of this act “small business entity” means a business that employs less than one hundred individuals who reside in Washington state and are regularly scheduled to work at least twenty or more hours per week for at least twenty-six weeks per year. For purposes of determining the number of employees of an entity all employees, owners, or principals of all branches and divisions of the principal entity shall be included and may not be segregated by division, job responsibilities, employment status, or on any other basis.

NEW SECTION. Sec. 29. A new section is added to chapter 48.21 RCW to read as follows:

Every disability insurer that provides group disability insurance for health care services under this chapter shall make available to all individuals and business entities in this state the opportunity to enroll as an individual or a group in an insured plan without medical underwriting except as provided in this section. Such plan shall: (1) Allow all such individuals and groups to continue participation on a guaranteed renewable basis; (2) not exclude or discriminate in rate making or in any other way against any category of business, trade, occupation, employment skill, or vocational or professional training; and (3) not exclude or discriminate in rate making or in any other way against any individual, or employee or dependent within a group on any basis, including age, sex, or health status or condition. Disability insurers may adopt a differential rate based only upon actual costs of providing health care that are identifiable on a major geographical basis, such as east and west of the Cascades, and may adopt exclusions for preexisting conditions limited to not more than six months and applicable only to those individuals who have not been insured in the previous three months and have not been continuously insured long enough to satisfy a six-month waiting period. In addition, every disability insurer shall allow individuals and small business entities the opportunity to enroll as a group in an insured plan that uses community rating to establish the premium and may extend to larger sized businesses a similar opportunity to be included within a community rated pool.

An individual or family member who participates as an employee member of a group covered under this section for more than six consecutive months who then terminates his or her employment relationship and wishes to continue the same amount of health care coverage in the same plan shall be allowed that opportunity on an individual or family basis, depending on the coverage provided during active employment. The cost of such individual conversion or continuation coverage shall not exceed one hundred five percent of the rate for active members of the group.
NEW SECTION. Sec. 30. A new section is added to chapter 48.44 RCW to read as follows:

Every health care service contractor that provides coverage under group health care service contracts under this chapter shall make available to all individuals and business entities in this state the opportunity to enroll as an individual or a group in a health service contract without medical underwriting except as provided in this section. The health service contract shall: (1) Allow all such individuals and groups to continue participation on a guaranteed renewable basis; (2) not exclude or discriminate in rate making or in any other way against any category of business, trade, occupation, employment skill, or vocational or professional training; and (3) not exclude or discriminate in rate making or in any other way against any individual, or employee or employee's dependent within the group on any basis, including age, sex, or health status or condition. Health care service contractors may adopt a differential rate based only upon actual costs of providing health care that are identifiable on a major geographical basis, such as east and west of the Cascades, and may adopt exclusions for preexisting conditions limited to not more than six months and applicable only to those individuals who have not been insured in the previous three months and have not been continuously insured long enough to satisfy a six-month waiting period. In addition, every health care service contractor shall allow individuals and small business entities the opportunity to enroll as a group in an insured plan that uses community rating to establish the premium and may extend to larger sized businesses a similar opportunity to be included within a community rated pool.

An individual or family member who participates as an employee member of a group covered under this section for more than six consecutive months who then terminates his or her employment relationship and wishes to continue the same amount of health care coverage in the same plan shall be allowed that opportunity on an individual or family basis, depending on the coverage provided during active employment. The cost of such individual conversion or continuation coverage shall not exceed one hundred five percent of the rate for active members of the group.

NEW SECTION. Sec. 31. A new section is added to chapter 48.46 RCW to read as follows:

Every health maintenance organization that provides coverage under group health maintenance organization agreements under this chapter shall make available to all individuals and business entities in this state the opportunity to enroll as an individual or a group in a health maintenance organization agreement without medical underwriting except as provided in this section. Such agreements shall: (1) Allow all such individuals and groups to continue participation on a guaranteed renewable basis; (2) not exclude or discriminate in rate making or in any other way against any category of business, trade, occupation, employment skill, or vocational or professional training; and (3) not exclude or discriminate in rate making or in any other way against any individual, or employee or employee's dependent within the group on any basis, including age, sex, or health status or condition. Such health maintenance organizations may adopt a differential rate based only upon actual costs of providing health care that are identifiable on a major geographical basis, such as east and west of the Cascades, and may adopt exclusions for preexisting conditions limited to not more than six months and applicable only to those individuals who have not been insured in the previous three months and have not been continuously insured long enough to satisfy a six-month waiting period. In addition, every health maintenance organization shall allow individuals and small business entities the opportunity to enroll as a group in an insured plan that uses community rating to establish the premium and may extend to larger sized businesses a similar opportunity to be included within a community rated pool.

An individual or family member who participates as an employee member of a group covered under this section for more than six consecutive months who then terminates his or her employment relationship and wishes to continue the same amount of health care coverage in the same plan shall be allowed that opportunity on an individual or family basis, depending on the coverage provided during active employment. The cost of such continuation or conversion coverage shall not exceed one hundred five percent of the rate for active members of the group.

NEW SECTION. Sec. 32. A new section is added to chapter 48.21 RCW to read as follows:

Notwithstanding other sections of this chapter, the uniform benefits package adopted pursuant to section 5 of this act and from time to time revised by the Washington health services commission shall become the minimum benefits package required of any plan under this chapter. The maximum per capita rate determined and from time to time revised by the Washington health services commission shall become the maximum rate charged for this minimum benefits package.

NEW SECTION. Sec. 33. A new section is added to chapter 48.44 RCW to read as follows:

Notwithstanding other sections of this chapter, the uniform benefits package adopted pursuant to section 5 of this act and from time to time revised by the Washington health services commission shall become the minimum benefits package required of any plan under this chapter. The maximum per capita rate determined and from time to time revised by the Washington health services commission shall become the maximum rate charged for this minimum benefits package.

NEW SECTION. Sec. 34. A new section is added to chapter 48.46 RCW to read as follows:

Notwithstanding other sections of this chapter, the uniform benefits package adopted pursuant to section 5 of this act and from time to time revised by the Washington health services commission shall become the minimum benefits package.
NEW SECTION. Sec. 35. A new section is added to Title 48 RCW to read as follows:
The insurance commissioner shall develop a reinsurance mechanism for certified health plans that does not impact the enrollee, enables insurers to share risk, and allows those insurers that assume the entire risk for their enrollees to opt out of the mechanism. The reinsurance mechanism must support itself entirely from funds generated from the participating insurers.

"BASIC HEALTH PLAN MODIFICATIONS"

NEW SECTION. Sec. 36. A new section is added to chapter 70.47 RCW to read as follows:
The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. Sec. 37. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 38. All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 39. All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 40. The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 41. If apportionments of budgeted funds are required because of the transfers directed by sections 37 through 40 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 42. Nothing contained in sections 36 through 41 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 43. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

(1) The legislature finds that:
(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;
(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and
(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women who are an especially vulnerable population, along with their children, and who need greater access to managed health care.
The purpose of this chapter is to provide necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents under sixty-five years of age not otherwise eligible for Medicare with gross family income at or below two hundred percent of the Federal poverty guidelines who share in the cost of receiving basic health care services from a managed health care system.

It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost-benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income uninsured families are willing, indeed eager, to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public/private partnership as they configure their own professional and business relationships into a managed health care system.

(b) As a consequence, but always limited to the extent to which funds might be available to subsidize the costs of health services for those in need, enrollment limitations have been modified and the program shall be expanded to additional geographic areas of the state. In addition, the legislature intends to extend an option to enroll to certain citizens with income above two hundred percent of the Federal poverty guidelines who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan, if it is done at no cost to the state.

Sec. 44. RCW 70.47.020 and 1987 1st ex.s.c 5 s 4 are each amended to read as follows:

As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children, (all under the age of sixty-five and) not (otherwise) eligible for Medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the Federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. Nonsubsidized enrollees shall be considered enrollees unless otherwise specified.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse and/or dependent children not eligible for Medicare, who resides in an area of the state served by a managed health care system participating in the plan, who has a gross family income of less than three hundred percent of the Federal poverty level, and who chooses to obtain basic health care coverage from a particular managed health care system at no cost to the state in return for periodic payments to the plan. "Nonsubsidized enrollee" also includes any enrollee who originally enrolled subject to the income limitations specified in subsection (4) of this section, but who subsequently pays the full unsubsidized premium as set forth in RCW 70.47.060(9).

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes (from funds appropriated from the basic health plan trust account) to a managed health care system on behalf of an enrollee plus the administrative cost to the plan of providing the plan to that enrollee, and the amount determined to be the enrollee's responsibility under RCW 70.47.060(2).

(7) "Premium" means a periodic payment, based upon gross family income and determined under RCW 70.47.060(2), which an enrollee makes to the plan as consideration for enrollment in the plan.
enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule

(1) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. After July 1, 1991, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due under RCW 70.47.060 (10) and (11) shall be deposited into the account. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the moneys in the separate account created in this section or that any premiums paid by either subsidized or nonsubsidized enrollees are commingled in any way.

Sec. 46. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

(1) The Washington basic health plan is created as an independent program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator ((who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040)) of the Washington state health care authority. The administrator shall appoint a medical director. The ((administrator)) medical director and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law.

Sec. 47. RCW 70.47.060 and 1991 sp.s. c 4 s 2 and 1991 c 3 s 339 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule

(6) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of enrollees in the plan and in that system.
of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. With approval of the administrator, a third party may pay the premium, rate, or other amount determined by the administrator to be due to the plan on behalf of any enrollee, by arrangement with the enrollee, and through a mechanism approved by the administrator.

(b) Any premium, rate, or other amount determined to be due from nonsubsidized enrollees shall be in an amount equal to the amount negotiated by the administrator with the participating managed health care system for the plan plus the administrative cost of providing the plan to those enrollees.

(c) The administrator shall give consideration to any schedule of premiums, deductibles, copayments, and coinsurance that may be adopted by the Washington health services commission, but in particular reference to subsidized enrollees the powers, duties, and responsibilities of the administrator under this section and chapter shall not be superseded by action of the commission.

(3) To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;
(b) A modified fee-for-service payment schedule for providers;
(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and
(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1994, the administrator shall endeavor to secure participation contracts with managed health care systems in all congressional districts.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.
To receive periodic premiums from enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment (unless and until the enrollee’s gross family income has remained above twice the poverty level for six consecutive months) by making full payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled plus the administrative cost of providing the plan to that enrollee. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

To accept applications from small business owners on behalf of themselves and their employees who reside in an area served by the plan. Such businesses must have less than one hundred employees and enrollment shall be limited to those not eligible for medicare, who has a gross family income of less than three hundred percent of the federal poverty level, who wish to enroll in the plan at no cost to the state and choose to obtain basic health care coverage and services from a managed health care system participating in the plan. The administrator may require all or a substantial majority of the eligible employees, as determined by the administrator, of any such business to enroll in the plan and establish such other procedures as may be necessary to facilitate the orderly enrollment of such groups in the plan and into a managed health care system. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes. Any amounts due under this subsection shall be deposited in the basic health plan subscription account. No enrollee of a small business group shall be eligible for any subsidy from the plan and at no time shall the administrator allow the credit of the state or funds from the trust account to be used or extended on their behalf.

On and after July 1, 1994, to accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children not eligible for medicare who wish to enroll in the plan at no cost to the state and choose to obtain basic health care coverage and services from a managed health care system participating in the plan. Any such nonsubsidized enrollee must pay the plan whatever amount is negotiated by the administrator with the participating managed health care system and the administrative cost of providing the plan to such enrollees shall not be eligible for any subsidy from the plan. Any amounts due under this subsection shall be deposited in the basic health plan subscription account.

To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.
To develop a program of proven preventive health measures, and to integrate it into the plan wherever possible and consistent with this chapter.

To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

Sec. 48. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))

Thereafter, the average monthly enrollment of those eligible for subsidies during any biennium shall not exceed the number established by the legislature in any act appropriating funds to the plan, and total subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan.

Before July 1, 1994, the administrator shall endeavor to secure participation contracts from managed health care systems in all congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system.

The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

Sec. 49. RCW 70.47.120 and 1987 1st ex.s. c 5 s 14 are each amended to read as follows:

In addition to the powers and duties specified in RCW 70.47.040 and 70.47.060, the administrator has the power to enter into contracts for the following functions and services:

1. With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.

2. With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

3. With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance except that the administrator may purchase or arrange for the purchase of reinsurance, or self-insure for reinsurance, on behalf of its participating managed health care systems. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW.

The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the provider against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of the clerk. The sheriff shall then proceed in the same manner and with like effect as
prescribed by law with respect to execution or other process issued against rights or property upon judgments in the
superior court. The warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of
the department in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the
court shall be entitled to a filing fee of five dollars, which shall be added to the amount of the warrant. A copy of the

subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the
notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the
matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party
named and served with the notice and order, any property that may be subject to the claim of the department, such
property shall be delivered forthwith to the director or the director's authorized representative upon demand. If the party
served and named in the notice and order fails to answer the notice and order within the time prescribed in this section,
the court may, after the time to answer the order has expired, render judgment by default against the party named in the
notice for the full amount claimed by the director in the notice together with costs; and

(5) In all cases of probate, insolvency, assignment for the benefits of creditors, or bankruptcy, the claim of the
state for the payments due shall be a lien prior to all other liens or claims and on a parity with prior tax and liens, and
the mere existence of such cases or conditions shall be sufficient to create such lien without any prior or subsequent
action by the state. All administrators, receivers, or assignees for the benefit of creditors shall notify the department of
such administration, receivership, or assignment within thirty days from date of their appointment and qualification.

NEW SECTION. Sec. 15. Sections 1 through 14 of this act shall take effect July 1, 1992.

"PART I - JUVENILE JUSTICE"

NEW SECTION. Sec. 101. The legislature reaffirms the dual policies of the juvenile justice act of 1977 of punishment and rehabilitation. However, the legislature finds that confusion exists about the relative priority of the purposes enumerated in section 55, chapter 291, Laws of 1977 ex. sess. and that simplification and clarification is necessary to reduce that confusion. The legislature finds that the policies of rehabilitation; accountability; and flexibility in service delivery, sanctions, and placement options are equally important in ensuring public safety. The purpose of section 102 of this act is to clarify that these goals are equally important.

NEW SECTION. Sec. 102. A new section is added to chapter 13.40 RCW to read as follows:

The purpose of this chapter is to establish a juvenile justice system that both punishes and rehabilitates juvenile offenders. The legislature intends that juvenile offenders be held accountable for their offenses, are justly punished, but are provided necessary treatment, rehabilitation, and supervision. Active parental and community involvement is vital to ensure swift response to youthful offenders' needs. Flexibility in disposition, sanctions, placement, and treatment alternatives within a structured discretionary framework will enhance the system's ability to respond to individual offender's needs while ensuring proportionality and fairness. Community safety will be achieved by implementing the following equally important purposes:

(1) Accountability and just punishment proportional to the offense, juvenile's age, and offense history;

(2) Treatment, rehabilitation, and supervision through flexibility in options for disposition, treatment, custody, programming, and active parental and community involvement;

(3) Victim restitution; and
(4) Due process protection for juvenile offenders with a clear policy to determine which types of offenders shall receive punishment, treatment, or both, and to determine the jurisdictional limitations of the court, institutions, and community services.

JUVENILE SENTENCING STANDARDS
SCHEDULE D-1

This schedule may only be used for minor/first offenders. After the determination is made that a youth is a minor/first offender, the court has the discretion to select sentencing option A, B, or C. In addition, the court may select option D. A disposition order for a minor/first offender may not include an order of confinement except pursuant to option D.

The court shall not order option D if the court imposes a manifest injustice under option C and commits the juvenile to the department of social and health services.

OPTION B
STATUTORY OPTION

0-12 Months Community Supervision
0-150 Hours Community Service
0-100 Fine

A term of community supervision with a maximum of 150 hours, $100.00 fine, and 12 months supervision.

OR

OPTION C
MANIFEST INJUSTICE

When a term of community supervision would effectuate a manifest injustice, another disposition may be imposed. When a judge imposes a sentence of confinement exceeding 30 days, the court shall sentence the juvenile to a maximum term and the provisions of RCW 13.40.030(2), as now or hereafter amended, shall be used to determine the range.

AND

OPTION D
SUBSTANCE ABUSE TREATMENT

In addition to any disposition entered under option A, B, or C, following adjudication for an offense, but prior to disposition, the court may order the child to be evaluated for a substance abuse problem to determine whether inpatient or outpatient treatment for substance abuse is necessary. If the court finds that the child suffers from a substance abuse problem the court may order the child to participate in an outpatient treatment program as a condition of community supervision. If the evaluation recommends that the child be placed in treatment for a substance abuse problem, the court may order inpatient treatment if the commitment criteria are met for involuntary commitment of minors to inpatient drug and alcohol treatment pursuant to RCW 70.96A.140. The maximum period of time the court may order the offender into inpatient treatment is ninety days as a term of the disposition order for the offense. Placement in inpatient treatment or participation in outpatient treatment is subject to available funds.

Nothing in option D prevents the court from referring the juvenile to inpatient or outpatient treatment services that the juvenile may obtain on a voluntary basis. In addition, if the juvenile agrees to enter into inpatient or outpatient treatment on a voluntary basis, the court may include the agreement as part of the court’s order on disposition. Failure to enter into treatment pursuant to the terms of the agreement entered in the disposition shall not be grounds to impose sanctions for a violation of the disposition under RCW 13.40.200 but shall be grounds for the court to modify the disposition order and, if appropriate, order the juvenile into treatment on an involuntary basis pursuant to the commitment provisions of option D.

JUVENILE SENTENCING STANDARDS

0-150 Hours Community Service
0-100 Fine

The court may impose a determinate disposition of community supervision and/or up to 30 days confinement; in which case, if confinement has been imposed, the court shall state either aggravating or mitigating factors as set forth in RCW 13.40.150, as now or hereafter amended.

OR

**OPTION C**
**MANIFEST INJUSTICE**

If the court determines that a disposition under A or B would effectuate a manifest injustice, the court shall sentence the juvenile to a maximum term and the provisions of RCW (13.40.030(5)) 13.40.030(2), as now or hereafter amended, shall be used to determine range.

**OPTION D**
**SUBSTANCE ABUSE TREATMENT**
In addition to any disposition entered under option A, B, or C, following adjudication for an offense, but prior to disposition, the court may order the child to be evaluated for a substance abuse problem to determine whether inpatient or outpatient treatment for substance abuse is necessary. If the court finds that the child suffers from a substance abuse problem the court may order the child to participate in an outpatient treatment program as a condition of community supervision. If the evaluation recommends that the child be placed in treatment for a substance abuse problem, the court may order inpatient treatment if the commitment criteria are met for involuntary commitment of minors to inpatient drug and alcohol treatment pursuant to RCW 70.96A.140. The maximum period of time the court may order the offender into inpatient treatment is ninety days as a term of the disposition order for the offense. Placement in inpatient treatment or participation in outpatient treatment is subject to available funds.

The court shall not order option D if the court commits the juvenile to the department of social and health services under an option A standard range commitment for middle offenders or under an option C manifest injustice. The court may order option D if the court imposes option B on a juvenile who may be committed to the department under the standard range.

Nothing in option D prevents the court from referring the juvenile to inpatient or outpatient treatment services that the juvenile may obtain on a voluntary basis. In addition, if the juvenile agrees to enter into inpatient or outpatient treatment on a voluntary basis, the court may include the agreement as part of the court's order on disposition. Failure to enter into treatment pursuant to the terms of the agreement entered in the disposition shall not be grounds to impose sanctions for a violation of the disposition under RCW 13.40.200 but shall be grounds for the court to modify the disposition order and, if appropriate, order the juvenile into treatment on an involuntary basis pursuant to the commitment provisions of option D.

**SCHEDULE E**

**DEADLY WEAPON DISPOSITION ENHANCEMENT**

Sec. 106. RCW 13.40.038 and 1986 c 288 s 7 are each amended to read as follows:

It is the policy of this state that all county juvenile detention facilities provide a humane, safe, and rehabilitative environment and that unadjudicated youth remain in the community whenever possible, consistent with public safety and the provisions of chapter 13.40 RCW.

The counties shall develop and implement detention intake standards and risk assessment standards to determine whether detention is warranted and if so whether the juvenile should be placed in secure or nonsecure detention to implement the goals of this section. Inability to pay for a less restrictive detention placement shall not be a basis for denying a respondent a less restrictive placement in the community. The detention and risk assessment standards shall be developed and implemented no later than December 31, 1992.

Sec. 107. RCW 13.40.050 and 1979 c 155 s 58 are each amended to read as follows:

(1) When a juvenile taken into custody is held in detention:
   (a) An information, a community supervision modification or termination of diversion petition, or a parole modification petition shall be filed within seventy-two hours, Saturdays, Sundays, and holidays excluded, or the juvenile shall be released; and
   (b) A detention hearing, a community supervision modification or termination of diversion petition, or a parole modification petition shall be held within seventy-two hours, Saturdays, Sundays, and holidays excluded, from the time of filing the information or petition, to determine whether continued detention is necessary under RCW 13.40.040.

(2) Upon filing an information, a community supervision modification, or termination of diversion petition as required under subsection (1)(a) of this section, the clerk of the court shall issue a summons directed to the parent, guardian, or custodian, and such other persons as appears to the court to be proper or necessary parties to the proceedings, requiring them to appear personally before the court at the time fixed for the hearing required under subsection (1)(b) of this section. The summons shall include notice of the hearing, stating the time, place, and purpose of the hearing, and stating the right to counsel shall be given to the parent, guardian, or custodian if such person can be found and). Such notice shall also be given to the juvenile (if over twelve years of age) held in detention. When the custodian is summoned, the parent or guardian or both shall also be served with a summons.

(3) At the commencement of the detention hearing, the court shall advise the parties of their rights under this chapter and shall appoint counsel as specified in this chapter.

(4) The court shall, based upon the allegations in the information, determine whether the case is properly before it or whether the case should be treated as a diversion case under RCW 13.40.080. If the case is not properly before the court the juvenile shall be ordered released.

(5) Notwithstanding a determination that the case is properly before the court and that probable cause exists, a juvenile shall be released if the detention hearing be ordered released on the juvenile’s personal recognizance pending further hearing unless the court finds detention is necessary under RCW 13.40.040 as now or hereafter amended.

(6) If detention is not necessary under RCW 13.40.040, as now or hereafter amended, the court shall impose the most appropriate of the following conditions or, if necessary, any combination of the following conditions:
   (a) Place the juvenile in the custody of a designated person agreeing to supervise such juvenile;
   (b) Place restrictions on the travel of the juvenile during the period of release;
   (c) Require the juvenile to report regularly to and remain under the supervision of the juvenile court;
   (d) Impose any condition other than detention deemed reasonably necessary to assure appearance as required;
   (e) Place the juvenile under home monitoring; or
   (f) Require that the juvenile return to detention during specified hours.

(7) If the parent, guardian, or custodian of the juvenile in detention is available, the court shall consult with them prior to a determination to further detain or release the juvenile or treat the case as a diversion case under RCW 13.40.080.

Sec. 108. RCW 13.40.070 and 1989 c 407 s 9 are each amended to read as follows:
A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby
as possible.
and victim offender reconciliation programs shall be voluntary for victims.
the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that
the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after
a crime has been committed by the juvenile and the current status of the juvenile. Where a case involves victims of crimes against
persons, or any other offense listed in RCW 13.40.020(1) (b) or (c); or
(b) An alleged offender is accused of a felony and has a criminal history of at least one class A or class B felony, or two class C felonies, or at least two gross misdemeanors, or at least two misdemeanors and one additional misdemeanor or gross misdemeanor, or at least one class C felony and one misdemeanor or gross misdemeanor; or
(c) An alleged offender has previously been committed to the department; or
(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of
diversion; or
((f)) An alleged offender has three or more diversions on the alleged offender’s criminal history ((within
eighteen months of the current alleged offense)).
(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor
or gross misdemeanor or violation and the alleged offense(s) in combination with the alleged offender’s criminal history
do not exceed two offenses or violations and do not include any felonies: PROVIDED, That if the alleged offender is
charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this
subsection may also be filed.
(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed
or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the
length, seriousness, and recency of the alleged offender’s criminal history and the circumstances surrounding the
commission of the alleged offense.
(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversionary
interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made
against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or
victims whose property has not been recovered at the time a juvenile is referred to a diversionary unit, the victim shall
be notified of the referral and informed how to contact the unit.
(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed
by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense
which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile
court that the prosecutor will not review such complaints.
(10) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority
under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Mediation
and victim offender reconciliation programs shall be voluntary for victims.
Sec. 109. RCW 13.40.080 and 1985 c 73 s 2 are each amended to read as follows:
(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby
the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after
the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that
a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously
as possible.
(2) A diversion agreement shall be limited to:
(a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by the victim, and to an amount the juvenile has the means or potential means to pay;

(c) Attendance at up to (ten) ten hours of counseling and/or up to (twenty) twenty hours of educational or informational sessions at a community agency: PROVIDED, That the state shall not be liable for costs resulting from the diversionary unit exercising the option to permit diversion agreements to mandate attendance at up to (ten) ten hours of counseling and/or up to (twenty) twenty hours of educational or informational sessions; and

(d) A fine, not to exceed one hundred dollars. In determining the amount of the fine, the diversion unit shall consider only the juvenile’s financial resources and whether the juvenile has the means to pay the fine. The diversion unit shall not consider the financial resources of the juvenile’s parents, guardian, or custodian in determining the fine to be imposed.

(3) In assessing periods of community service to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with victims who have contacted the diversionary unit and, to the extent possible, involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(4) A diversion agreement may not exceed a period of six months (or one year for a felony) and may include a period extending beyond the eighteenth birthday of the divertee. Any restitution assessed during its term may not exceed an amount which the juvenile could be reasonably expected to pay during this period. If additional time is necessary for the juvenile to complete restitution to the victim, the time period limitations of this subsection may be extended by an additional six months.

(5) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(6) Divertees and potential divertees shall be afforded due process in all contacts with a diversionary unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(7) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(8) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter. ([§4]) (9) The diversion unit may refer a juvenile to treatment programs or the department’s family reconciliation services.

(10) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.
The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile’s criminal history as defined by RCW 13.40.020((6)) as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversionary unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;
(b) The fact that a diversion agreement was entered into;
(c) The juvenile’s obligations under such agreement;
(d) Whether the alleged offender performed his or her obligations under such agreement; and
(e) The facts of the alleged offense.

A diversionary unit may refuse to enter into a diversion agreement with a juvenile. When a diversionary unit refuses to enter into a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement.

A diversionary unit’s authority to counsel and release a juvenile under this subsection shall include the authority to refer the juvenile to local treatment programs or the department’s family reconciliation services. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile’s criminal history as defined by RCW 13.40.020((6)) as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

A juvenile determined to be eligible by a diversionary unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile’s eighteenth birthday and which includes a period extending beyond the divertee’s eighteenth birthday.

If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstances, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community service. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community service in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

Sec. 110. RCW 13.40.100 and 1979 c 155 s 62 are each amended to read as follows:

(1) Upon the filing of an information the alleged offender shall be notified by summons, warrant, or other method approved by the court of the next required court appearance.

(2) The clerk of the court shall issue a summons directed to the parents, guardian, or custodian, and such other persons as appear to the court to be proper or necessary parties to the proceedings, requiring them to appear personally before the court at the time fixed to hear the petition. Where the custodian is summoned, the parent or guardian or both shall also be served with a summons.

(3) A copy of the information shall be attached to each summons.

(4) The summons shall advise the parties of the right to counsel.

(5) The judge may endorse upon the summons an order directing the parents, guardian, or custodian having the custody or control of the juvenile to bring the juvenile to the hearing.
(6) If it appears from affidavit or sworn statement presented to the judge that there is probable cause for the issuance of a warrant of arrest or that the juvenile needs to be taken into custody pursuant to RCW 13.34.050, as now or hereafter amended, the judge may endorse upon the summons an order that an officer serving the summons shall at once take the juvenile into custody and take the juvenile to the place of detention or shelter designated by the court.

(7) Service of summons may be made under the direction of the court by any law enforcement officer or probation counselor.

(8) If the person summoned as herein provided fails without reasonable cause to appear and abide the order of the court, the person may be proceeded against as for contempt of court.

(9) When the clerk issues a summons to the parents, the clerk shall also serve with the summons a letter from the court directed to the parents. The letter shall encourage the parents to appear and participate in the juvenile court proceedings. The letter shall notify the parents that the parents: (a) Have a right to be advised of future court dates involving the juvenile if the parents appear at the next hearing; (b) have a right to give a statement to the court regarding the disposition to be imposed if the offender is found to have committed the offense; and (c) may obtain referrals for appropriate services from the court if the parent appears at the hearings. The letter shall notify the parent who is the assigned probation officer, if any, and if no probation officer is assigned, the letter shall provide a telephone number for the parent to use to call for information about hearings involving their child. If the child is in a detention facility, the letter shall provide the telephone number of the detention facility. The letter shall advise the parents that the court may hold the parent in contempt for failure to appear at the next hearing specified in the summons but that the court may excuse the parent’s attendance for a reasonable cause. The letter shall also advise the parents that the court may refer the child and family to other agencies for appropriate services such as counseling, appropriate classes, the department’s family reconciliation services, or to investigating agencies such as community mental health or drug and alcohol specialists or the attorney general for child protective services investigations.

The office of the administrator for the courts may develop a form letter for the court clerk’s use.

Subject to available funds and time constraints, the court clerk shall make a reasonable effort to determine if the juvenile is a dependent of the state of Washington, in which case, the juvenile court may waive all or part of the requirement to send the letter to the parents. If the juvenile is the subject of a dependency provision, the court may waive all or a portion of the requirement to send a letter, but the court clerk shall advise the department of social and health services of the pending matter.

Sec. 111. RCW 13.40.130 and 1981 c 299 s 10 are each amended to read as follows:

(1) The respondent shall be advised of the allegations in the information and shall be required to plead guilty or not guilty to the allegation(s). The state or the respondent may make preliminary motions up to the time of the plea.

(2) If the respondent pleads guilty, the court may proceed with disposition or may continue the case for a dispositional hearing. If the respondent denies guilt, an adjudicatory hearing date shall be set.

(3) At the adjudicatory hearing it shall be the burden of the prosecution to prove the allegations of the information beyond a reasonable doubt.

(4) The court shall record its findings of fact and shall enter its decision upon the record. Such findings shall set forth the evidence relied upon by the court in reaching its decision.

(5) If the respondent is found not guilty he or she shall be released from detention.

(6) If the respondent is found guilty the court may immediately proceed to disposition or may continue the case for a dispositional hearing. Notice of the time and place of the continued hearing may be given in open court. If notice is not given in open court to a party, the party shall be notified by mail of the time and place of the continued hearing.

(7) The court following an adjudicatory hearing may request that a predisposition study be prepared to aid the court in its evaluation of the matters relevant to disposition of the case.

(8) The disposition hearing shall be held within fourteen days after the adjudicatory hearing or plea of guilty unless good cause is shown for further delay, or within twenty-one days if the juvenile is not held in a detention facility, unless good cause is shown for further delay.

(9) In sentencing an offender, the court shall use the disposition standards in effect on the date of the offense.

(10) The court may require the probation officer conducting the predisposition study ordered under subsection (7) of this section, to investigate whether the juvenile’s parents require services to address family problems or substance abuse problems that may be adversely impacting the juvenile and may be contributing to the juvenile’s involvement with delinquency. If the court orders the investigation, the probation officer shall, within available funds, conduct an investigation and make a recommendation to the court regarding referral to services or to other investigatory agencies.

Sec. 112. RCW 13.40.150 and 1990 c 3 S 605 are each amended to read as follows:

(1) In disposition hearings all relevant and material evidence, including oral and written reports, may be received by the court and may be relied upon to the extent of its probative value, even though such evidence may not be admissible in a hearing on the information. The youth or the youth’s counsel and the prosecuting attorney shall be afforded an
opportunity to examine and controvert written reports so received and to cross-examine individuals making reports when such individuals are reasonably available, but sources of confidential information need not be disclosed. The prosecutor and counsel for the juvenile may submit recommendations for disposition.

(2) For purposes of disposition:
   (a) Violations which are current offenses count as misdemeanors;
   (b) Violations may not count as part of the offender's criminal history;
   (c) In no event may a disposition for a violation include confinement.

(3) Before entering a dispositional order as to a respondent found to have committed an offense, the court shall hold a dispositional hearing, at which the court shall:
   (a) Consider the facts supporting the allegations of criminal conduct by the respondent;
   (b) Consider information and arguments offered by parties and their counsel;
   (c) Consider any predisposition reports;
   (d) Consult with the respondent’s parent, guardian, or custodian on the appropriateness of dispositional options under consideration and afford the respondent and the respondent’s parent, guardian, or custodian an opportunity to speak in the respondent’s behalf;
   (e) Allow the victim or a representative of the victim and an investigative law enforcement officer to speak;
   (f) Determine the amount of restitution owing to the victim, if any;
   (g) Determine whether the respondent is a serious offender, a middle offender, or a minor or first offender;
   (h) Consider whether or not any of the following mitigating factors exist:
      (i) The respondent’s conduct neither caused nor threatened serious bodily injury or the respondent did not contemplate that his or her conduct would cause or threaten serious bodily injury;
      (ii) The respondent acted under strong and immediate provocation;
      (iii) The respondent was suffering from a mental or physical condition that significantly reduced his or her culpability for the offense though failing to establish a defense;
      (iv) Prior to his or her detection, the respondent compensated or made a good faith attempt to compensate the victim for the injury or loss sustained; and
   (v) There has been at least one year between the respondent’s current offense and any prior criminal offense;
   (i) Consider whether or not any of the following aggravating factors exist:
      (i) In the commission of the offense, or in flight therefrom, the respondent inflicted or attempted to inflict serious bodily injury to another;
      (ii) The offense was committed in an especially heinous, cruel, or depraved manner;
      (iii) The victim or victims were particularly vulnerable;
      (iv) The respondent has a recent criminal history or has failed to comply with conditions of a recent dispositional order or diversion agreement;
   (v) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.127;
   (vi) The respondent was the leader of a criminal enterprise involving several persons; and
   (vii) There are other complaints which have resulted in diversion or a finding or plea of guilty but which are not included as criminal history.

(4) The following factors may not be considered in determining the punishment to be imposed:
   (a) The sex of the respondent;
   (b) The race or color of the respondent or the respondent’s family;
   (c) The creed or religion of the respondent or the respondent’s family;
   (d) The economic or social class of the respondent or the respondent’s family; and
   (e) Factors indicating that the respondent may be or is a dependent child within the meaning of this chapter.

(5) A court may not commit a juvenile to a state institution solely because of the lack of facilities, including treatment facilities, existing in the community.

NEW SECTION. Sec. 113. A new section is added to chapter 13.40 RCW to read as follows:

At the disposition hearing, the court shall consider any recommendations in the presentence report regarding referrals of the parents to services or agencies designed to address any family problems or any parental substance abuse problems that may be adversely impacting the juvenile and may be contributing to the juvenile’s involvement with delinquency. The parents may respond to the recommendations at the disposition hearing. If the court determines that referral to other services or to another investigatory agency is appropriate the court shall enter findings of fact in the disposition order. The court shall make or cause appropriate referrals to be made. The referral of the parents to services or to other agencies shall not be a condition of the juvenile’s disposition for the offense. A finding by the court that the parent’s family problems or substance abuse problems may be adversely impacting the juvenile or may be contributing to the juvenile’s involvement with delinquency shall not be a mitigating factor in setting the disposition.
The purpose of this section is solely to provide the court express authority to refer parents to services and other
investigatory agencies. Nothing in this section shall be construed to require addition of new facilities, expansion of
programs, or expenditure of funds beyond existing resources nor does it affect the department of social and health
services', the counties', and private vendors' authority to determine the uses of those existing programs and facilities.

Sec. 114. RCW 13.40.200 and 1986 c 288 s 5 are each amended to read as follows:
(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or
confine of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order
after a hearing on the violation.
(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult
probationer. The court may issue a summons or a warrant to compel the respondent's appearance. The state shall have
the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden
of showing that the violation was not a wilful refusal to comply with the terms of the order. If a respondent has failed
to pay a fine, penalty assessments, or restitution or to perform community service hours, as required by the court, it shall
be the respondent's burden to show that he or she did not have the means and could not reasonably have acquired the
means to pay the fine, penalty assessments, or restitution or perform community service.
(3) (a) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections
(1) and (2) of this section, it may impose a penalty of up to thirty days' confinement. Penalties for multiple violations
occurring prior to the hearing shall not be aggregated to exceed thirty days' confinement. Regardless of the number of
times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number
of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced
for the underlying offense.
(b) If the violation of the terms of the order under (a) of this subsection is failure to pay fines, penalty
assessments, complete community service, or make restitution, the term of confinement imposed under (a) of this
subsection shall be assessed at a rate of one day of confinement for each twenty-five dollars or eight hours owed.
(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance
cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or
monetary penalty be converted to community service. The number of hours of community service in lieu of a monetary
penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties
or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection
shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided
in this section.
(5) Nothing in this section prohibits filing of escape charges if the juvenile escapes from confinement except
that no escape charges may be filed if the juvenile leaves an inpatient treatment facility without permission in violation
of a court order pursuant to option D of RCW 13.40.0357. Failure to comply with an order pursuant to option D of RCW
13.40.0357 shall be a basis for modification under this section.

NEW SECTION. Sec. 115. A new section is added to chapter 13.40 RCW to read as follows:
The legislature finds that the purposes of this chapter are best implemented by regionally based facilities.
Consistent with this finding, the department, in cooperation and consultation with local communities and
affected agencies, shall develop a plan to reduce its reliance on large institutional facilities for juvenile offenders
committed to the department by redistributing a portion of its institutional beds to secure regionally based facilities. The
department's plan shall: (1) Provide sufficient beds to house all committed offenders at security levels commensurate
with the offender's risk to public safety; (2) redistribute to secure regional facilities up to two hundred forty beds from
the five existing institutions for juvenile offenders between July 1, 1993, and June 30, 1997; (3) include a specific risk
assessment tool for determining which offenders may be placed in various security levels which will ensure offenders
posing the greatest risk are held in more secure settings than offenders posing lesser risk; (4) include a sitting plan and
schedule for the timely sitting and development of smaller secure and semisecure regional facilities to ensure the most
effective rehabilitation efforts; (5) include a specific plan ensuring offenders will be housed in regional facilities close
to their home communities unless such placement is contrary to the best interests of the offender, their family, or public
safety; (6) include a cost analysis of the construction and renovation, if any, and operation of the facilities.
The department shall submit the plan no later than September 1, 1992, to the appropriate policy and fiscal
committees of the house of representatives and the senate. The department shall incorporate the plan into the
department's budget proposal for the 1993-95 biennium. No reduction in secure beds shall occur until, and then only
to the extent that, regional secure beds are substituted on at least a one-to-one ratio.

NEW SECTION. Sec. 116. The department of social and health services shall investigate mechanisms for
increasing the use of federal funds throughout the juvenile justice system. The department shall identify ways to increase
federal funding for these programs in concert with the office of financial management, the counties, and juvenile court
administrators. The department shall report the results of its investigation to the appropriate fiscal committees of the senate and house of representatives by December 1, 1992.

Sec. 203. RCW 28A.225.090 and 1990 c 33 s 226 are each amended to read as follows:
Any person violating any of the provisions of either RCW 28A.225.010 or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. However, a child found to be in violation of RCW 28A.225.010 shall be required to attend school and shall not be fined. If the child fails to comply with the court order to attend school, the court may order the child be punished by detention or may impose alternatives to detention such as community service hours or participation in dropout prevention programs or referral to a community truancy board, if available. Failure by a child to comply with an order issued under this section shall not be punishable by detention for a period greater than that permitted pursuant to a contempt proceeding against a child under chapter 13.32A RCW. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the juvenile's school did not perform its duties as required in RCW 28A.225.020. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the juvenile in a supervised plan for the juvenile's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

Attendance officers shall make complaint for violation of the provisions of RCW 28A.225.010 through 28A.225.140 to a judge of the superior or district court.

Sec. 204. RCW 28A.225.150 and 1990 c 33 s 232 are each amended to read as follows:
The school district attendance officer shall report biannually to the educational service district superintendent, in the instance of petitions filed alleging a violation by a child under RCW 28A.225.030:
(1) The number of petitions filed by a school district or by a parent;
(2) The frequency of each action taken under RCW 28A.225.020 prior to the filing of such petition;
(3) When deemed appropriate under RCW 28A.225.020, the frequency of delivery of supplemental services; and
(4) Disposition of cases filed with the juvenile court, including the frequency of contempt orders issued to enforce a court's order under RCW 28A.225.090.
The educational service district superintendent shall compile such information and report annually to the superintendent of public instruction. The superintendent of public instruction shall compile such information and report to the committees of the house of representatives and the senate by (January 1, 1988) September 1 of each year.

Sec. 206. RCW 13.32A.140 and 1990 c 276 s 9 are each amended to read as follows:

A child admitted to a crisis residential center under this chapter who is not returned to the home of his or her parent or who is not placed in an alternative residential placement under an agreement between the parent and child, shall, except as provided for by RCW 13.32A.140 and 13.32A.160(2), reside in such placement under the rules and regulations established for the center for a period not to exceed ((seventy-two-hour period)) five consecutive days from the time of intake, except as otherwise provided by this chapter. Crisis residential center staff shall make a concerted effort to achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours((excluding Saturdays, Sundays, and holidays,)) from the time of intake, and if the person in charge of the center does not consider it likely that reconciliation will be achieved within the ((seventy-two-hour period)), then the person in charge shall inform the parent and child of (1) the availability of counseling services; (2) the right to file a petition for an alternative residential placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; and (3) the right to request a review of any alternative residential placement: PROVIDED, That at no time shall information regarding a parent’s or child’s rights be withheld if requested: PROVIDED FURTHER, That the department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating such services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or responsible adult with whom the child is placed with a copy of such statement. In addition, the administrator of the facility or his or her designee shall provide every resident and parent with a copy of such statement.

Sec. 207. RCW 13.32A.150 and 1990 c 276 s 10 are each amended to read as follows:

An agreement between parent and child made pursuant to RCW 13.32A.090(2)(e) or pursuant to RCW 13.32A.120(1) is no longer acceptable to parent or child, and:

(a) The party to whom the arrangement is no longer acceptable has so notified the department; and
(b) ((Seventy-two-hour period)) Five consecutive days have passed since such notification;
(c) No new agreement between parent and child as to where the child shall live has been reached; and
(d) No petition requesting approval of an alternative residential placement has been filed by either the child or parent or legal custodian;
(e) The parent has not filed an at-risk youth petition; and
(f) The child has no suitable place to live other than the home of his or her parent.

(2) The child has been admitted to a crisis residential center and:
(a) ((Seventy-two-hour period)) Five consecutive days have passed since such placement;
(b) The staff, after searching with due diligence, have been unable to contact the parent of such child; and
(c) The child has no suitable place to live other than the home of his or her parent.

(3) An agreement between parent and child made pursuant to RCW 13.32A.090(2)(e) or pursuant to RCW 13.32A.120(1) is no longer acceptable to parent or child, and:
(a) The party to whom the arrangement is no longer acceptable has so notified the department; and
(b) ((Seventy-two-hour period)) Five consecutive days have passed since such notification;
(c) No new agreement between parent and child as to where the child shall live has been reached; and
(d) No petition requesting approval of an alternative residential placement has been filed by either the child or the parent;
(e) The parent has not filed an at-risk youth petition; and
(f) The child has no suitable place to live other than the home of his or her parent.

Under the circumstances of subsections (1), (2), or (3) of this section, the child shall remain in a licensed child care facility, including but not limited to a crisis residential center, or in any other suitable residence to be determined by the department until an alternative residential placement petition filed by the department on behalf of the child is reviewed by the juvenile court and is resolved by such court. The department may authorize emergency medical or dental care for a child placed under this section. The state, when the department files a petition for alternative residential placement under this section, shall be represented as provided for in RCW 13.04.093.
(1) Except as otherwise provided in this section the juvenile court shall not accept the filing of an alternative residential placement petition by the child or the parents or the filing of an at-risk youth petition by the parent, unless verification is provided that a family assessment has been completed by the department. The family assessment shall be aimed at family reconciliation and avoidance of the out-of-home placement of the child. If the department is unable to complete an assessment within two working days following a request for assessment the child or the parents may proceed under subsection (2) of this section or the parent may proceed under subsection (3) of this section.

(2) A child or a child's parent may file with the juvenile court a petition to approve an alternative residential placement for the child outside the parent's home. The department shall, when requested, assist either a parent or child in the filing of the petition. The petition shall only ask that the placement of a child outside the home of his or her parent be approved. The filing of a petition to approve such placement is not dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent, and confers upon the court a special jurisdiction to approve or disapprove an alternative residential placement.

(3) A child's parent may file with the juvenile court a petition in the interest of a child alleged to be an at-risk youth. The department shall, when requested, assist the parent in filing the petition. The petition shall be filed in the county where the petitioning parent resides. The petition shall set forth the name, age, and residence of the child and the names and residence of the child's parents and shall allege that:
   (a) The child is an at-risk youth as defined in this chapter;
   (b) The petitioning parent has the right to legal custody of the child;
   (c) Court intervention and supervision are necessary to assist the parent to maintain the care, custody, and control of the child; and
   (d) Alternatives to court intervention have been attempted or there is good cause why such alternatives have not been attempted.

The petition shall set forth facts that support the allegations in this subsection and shall generally request relief available under this chapter. The petition need not specify any proposed disposition following adjudication of the petition. The filing of an at-risk youth petition is not dependent upon the court's having obtained any prior jurisdiction over the child or his or her parent and confers upon the court the special jurisdiction to approve or disapprove an alternative residential placement petition regarding the child or if the child is the subject of a proceeding under chapter 13.34 RCW. A petition may be accepted for filing only if alternatives to court intervention have been attempted ((or if there is good cause why they were not attempted)). Juvenile court personnel may screen all at-risk youth petitions and may refuse to allow the filing of any petition that lacks merit, fails to comply with the requirements of this section, or fails to allege sufficient facts in support of allegations in the petition.

NEW SECTION. Sec. 208. To the extent possible, the department of social and health services shall transfer children who are inappropriately housed in crisis residential centers to residential and treatment services designed to meet their specific, unique needs by June 30, 1993.

The department shall prepare a budget request for the 1993-95 biennium that ensures all children inappropriately housed in crisis residential centers are transferred to appropriate residential and treatment services. The budget request shall be included in the governor's proposed expenditure plan for the 1993-95 biennium.

NEW SECTION. Sec. 209. A new section is added to chapter 13.32A RCW to read as follows:
The department of social and health services shall not administratively split-code staff responsible for family reconciliation services between separate and distinct functions, except in remote rural offices where to do otherwise proves impractical.

NEW SECTION. Sec. 210. A new section is added to chapter 13.32A RCW to read as follows:
All placements into crisis residential centers shall be approved by and coordinated through the family reconciliation services supervisor. The department of social and health services shall establish uniform procedures for the use of crisis residential centers, which shall be adhered to by all family reconciliation services supervisors. The department shall ensure procedures established under this section will facilitate and complement law enforcement officer's existing responsibility to pick up and transport children to crisis residential centers and other places authorized by law under this chapter.

Sec. 211. RCW 74.13.032 and 1979 c 155 s 78 are each amended to read as follows:
(1) The department shall establish, by contracts with private vendors, ((not less than eight regional)) crisis residential centers, which shall be structured group care facilities licensed under rules adopted by the department. Each ((regional)) center shall have ((an average of at least four adult staff members and in no event less than)) three adult staff members to every ((eight)) nine children. The staff shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities outlined in RCW 13.32A.090.
(2) The department shall, in addition to the (regional) facilities established under subsection (1) of this section, establish (not less than thirty) additional crisis residential centers pursuant to contract with licensed (private group care or) specialized foster home facilities. The staff at the facilities shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities stated in RCW 13.32A.090. The responsibilities stated in RCW 13.32A.090 may, in any of the centers, be carried out by the department.

Crisis residential facilities shall be operated as semi-secure facilities. A child placed in group care or specialized foster care facilities designated as crisis residential centers under this section, may be placed in a certified secure detention facility as authorized by RCW 74.13.034.

Sec. 212. RCW 74.13.033 and 1979 c 155 s 79 are each amended to read as follows:
(1) If a resident of a center becomes by his or her behavior disruptive to the facility's program, such resident may be immediately removed to a separate area within the facility and counseled on an individual basis until such time as the child regains his or her composure. The department may set rules and regulations establishing additional procedures for dealing with severely disruptive children on the premises, which procedures are consistent with the federal juvenile justice and delinquency prevention act of 1974 and regulations and clarifying instructions promulgated thereunder. Nothing in this section shall prohibit a center from referring any child who, as the result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive or seriously destructive toward others, or otherwise similarly evidences an immediate need for emergency medical evaluation and possible care, (to a community mental health center) for evaluation pursuant to chapter 71.34 RCW ((72.23.070)) or to a mental health professional pursuant to chapter 71.05 RCW whenever such action is deemed appropriate and consistent with law.

(2) When the juvenile resides in this facility, all services deemed necessary to the juvenile's reentry to normal family life shall be made available to the juvenile as required by chapter 13.32A RCW. In providing these services, the facility shall:
(a) Interview the juvenile as soon as possible;
(b) Contact the juvenile’s parents and arrange for a counseling interview with the juvenile and his or her parents as soon as possible;
(c) Conduct counseling interviews with the juvenile and his or her parents, to the end that resolution of the child/parent conflict is attained and the child is returned home as soon as possible; and
(d) Provide additional crisis counseling as needed, to the end that placement of the child in the crisis residential center will be required for the shortest time possible, but not to exceed ((seventy-two hours)) five consecutive days.

(3) A juvenile taking unauthorized leave from this residence may be apprehended and returned to it by law enforcement officers or other persons designated as having this authority as provided in RCW 13.32A.050. If returned to the facility after having taken unauthorized leave for a period of more than twenty-four hours a juvenile may be supervised by such a facility for a period, pursuant to this chapter, which, unless otherwise provided, may not exceed ((seventy-two hours)) five consecutive days on the premises. Costs of housing juveniles admitted to crisis residential centers shall be assumed by the department for a period not to exceed ((seventy-two hours)) five consecutive days.

Sec. 213. RCW 74.13.034 and 1991 c 364 s 5 are each amended to read as follows:
(1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 74.13.032(2) may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center ((or the nearest regional crisis residential center)). Placement in both centers shall not exceed ((seventy-two hours)) five consecutive days from the point of intake as provided in RCW 13.32A.130.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department or the department’s designee and, at departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of ((forty-eight)) twenty-four hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department or the department’s designee, which shall include the services defined in RCW 74.13.033(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child’s admission, the child shall be taken at the department’s expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed ((seventy-two hours)) five consecutive days from the point of intake as provided in RCW 13.32A.130.
(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

(5) It is the intent of the legislature that by July 1, 1982, crisis residential centers, supplemented by community mental health programs and mental health professionals, will be able to respond appropriately to children admitted to centers under this chapter and will be able to respond to the needs of such children with appropriate treatment, supervision, and structure.

Sec. 214. RCW 74.13.035 and 1979 c 155 s 81 are each amended to read as follows:
Crisis residential centers shall compile yearly records which shall be transmitted to the department and which shall contain information regarding population profiles of the children admitted to the centers during each past calendar year. Such information shall include but shall not be limited to the following:

(1) The number, age, and sex of children admitted to custody;
(2) Who brought the children to the center;
(3) Services provided to children admitted to the center;
(4) The circumstances which necessitated the children being brought to the center;
(5) The ultimate disposition of cases;
(6) The number of children admitted to custody who ran away from the center and their ultimate disposition, if any;
(7) Length of stay.

The department may require the provision of additional information and may require each center to provide all such necessary information in a uniform manner.

(A center may, in addition to being licensed as such, also be licensed as a family foster home or group care facility and may house on the premises juveniles assigned for foster or group care.))

NEW SECTION. Sec. 215. Sections 205, 206, 211, 213, and 214 of this act shall take effect July 1, 1993.

"PART III - INVOLUNTARY COMMITMENT AND TREATMENT"

Sec. 301. RCW 74.04.055 and 1991 c 126 s 2 are each amended to read as follows:
In furtherance of the policy of this state to cooperate with the federal government in the programs included in this title the secretary shall issue such rules and regulations as may become necessary to entitle this state to participate in federal grants-in-aid, goods, commodities and services unless the same be expressly prohibited by this title. The secretary shall ensure that the department's services and programs are designed and implemented to maximize the allocation of federal funds to the state.

Any section or provision of this title which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to satisfy federal laws entitling this state to receive federal matching or other funds for the various programs of public assistance. If any part of this chapter is found to be in conflict with federal requirements which are a prescribed condition to the receipt of federal funds to the state, the conflicting part of this chapter is hereby inoperative solely to the extent of the conflict with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter.

Sec. 302. RCW 71.34.020 and 1985 c 354 s 1 are each amended to read as follows:
It is the purpose of this ((legislation)) chapter to ensure that minors in need of mental health care and treatment receive an appropriate continuum of culturally relevant care and treatment, ((and to enable treatment decisions to be made in response to clinical needs and in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their minor children, and to protect minors against needless hospitalization and deprivations of liberty)) from prevention and early intervention to involuntary treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide mental health services to minors shall jointly plan and deliver those services.

It is also the purpose of this chapter to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment. The mental health care and treatment providers shall encourage the use of voluntary services and, whenever clinically appropriate, the providers shall offer less restrictive alternatives to inpatient treatment. Additionally, all mental health care and treatment providers shall ensure that minors' parents are given an opportunity to participate in the treatment decisions for their children. The mental health care and treatment providers shall, to the extent possible, offer services that involve minors' parents or family.

Sec. 303. RCW 71.34.020 and 1985 c 354 s 2 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(5) "Department" means the department of social and health services.

A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

(7) "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

(8) "Gravely disabled minor" means a minor who, as a result of a mental disorder, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

In assessing risk of harm, the frame of reference shall include all relevant history and shall not be limited to the minor's behavior when assessed by a mental health professional.

(12) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or mental retardation alone is insufficient to justify a finding of "mental disorder" within the meaning of this section. A mental disorder shall include any illness, impairment, or disorder identified as such by the American psychiatric association by and through its published Diagnostic and Statistical Manual as now in existence or hereafter revised.

(13) "Mental health professional" means a psychiatrist, psychologist, psychiatric nurse, or social worker, and such other mental health professionals as may be defined by rules adopted by the secretary under this chapter.

"Psychiatric nurse" shall also mean any other registered nurse who has three years of such experience.

(19) "Psychiatrist" means a person having a license as a physician in this state who has completed residency training in psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and is board eligible or board certified in psychiatry.

(20) "Psychologist" means a person licensed as a psychologist under chapter 18.83 RCW.

(21) "Responsible other" means the minor, the minor's parent or estate, or any other person legally responsible for support of the minor.

(22) "Secretary" means the secretary of the department or secretary's designee.

(23) "Start of initial detention" means the time of arrival of the minor at the first evaluation and treatment facility offering inpatient treatment if the minor is being involuntarily detained at the time. With regard to voluntary patients, "start of initial detention" means the time at which the minor gives notice of intent to leave under the provisions of this chapter.

NEW SECTION. Sec. 304. A new section is added to chapter 71.34 RCW to read as follows:

(1) Provide written notice to the minor's parent of the parent's right to file petitions and obtain services available under chapter 13.32A RCW;

(2) Provide written notice to the minor's parent of the parent's right to file a petition, as provided in section 307 of this act, to seek a review of the decision not to detain the minor at an evaluation and treatment facility;

(3) Provide a written evaluation to the minor's parent detailing the county-designated mental health professional's reasons for not detaining the minor at an evaluation and treatment facility. The evaluation shall include the specific facts investigated, the credibility of the person or persons providing the information, and the criteria for an involuntary detention; and

(4) Refer the minor and the parents to other available services.

NEW SECTION. Sec. 307. A new section is added to chapter 71.34 RCW to read as follows:

(1) The following documents shall be filed with the petition:

(a) An affidavit of the parent which states the reasons why the parent disagrees with the evaluation conducted by the county-designated mental health professional and includes the specific facts alleged which indicate the need for the minor's detention;

(b) Any other relevant affidavits signed by persons with knowledge of the specific facts alleged that indicate the need for the minor's detention at an evaluation and treatment facility; and

(c) The county-designated mental health professional's written evaluation provided under section 306(3) of this act.

(2) The following documents shall be filed with the petition:

(a) Any other relevant affidavits signed by persons with knowledge of the specific facts alleged which indicate the need for the minor's detention at an evaluation and treatment facility.

(3) If after reviewing the petition, affidavits, and supporting documentation, the court finds that the minor, as a result of a mental disorder, presents a likelihood of serious harm or is gravely disabled, the court shall issue a warrant for the detention of the minor at an evaluation and treatment facility. The warrant shall be served with a statement of the minor's rights as delineated in RCW 71.34.050(3), which includes the immediate right to an attorney.

(4) All other provisions contained in this chapter relating to the detention, evaluation, and treatment shall apply.

NEW SECTION. Sec. 308. A new section is added to chapter 70.96A RCW to read as follows:
The department shall ensure that the provisions of this chapter are applied by the counties in a consistent and uniform manner. The department shall also ensure that the county-designated chemical dependency specialists are specifically trained in adolescent chemical dependency issues, the chemical dependency commitment laws, and the criteria for commitment.

The evaluation shall include the specific facts investigated, the credibility of the person or persons providing the information, and the criteria for a commitment to a chemical dependency treatment program; and
(4) Refer the minor and the parents to other available services.

NEW SECTION. Sec. 310. A new section is added to chapter 70.96A RCW to read as follows:

(2) The following documents shall be filed with the petition:

Ms. H. Myers moved adoption of the following amendment to the committee amendment by Representatives H. Myers, Brumsickle, Leonard and Bowman:

On page 16, after line 9 of the amendment, insert the following:

NEW SECTION. Sec. 15. (1) The legislature finds that a significant number of school age children in the state of Washington are not under the care and supervision of an adult during the hours before and after school while their parents work or are engaged in job training and professional preparation programs. The legislature finds that these children are at risk and that the provision of before-and-after-school child care will promote not only the safety and welfare of these children, but their ability to learn and develop into healthy and productive citizens.

(2) It is the intent of the legislature to promote the growth, development, and safety of school age children by supporting the establishment of high quality before-and-after-school child care programs, in partnership with local governments and the private sector.

Sec. 16. RCW 74.13.085 and 1989 c 381 s 2 are each amended to read as follows:

It shall be the policy of the state of Washington to:

(1) Recognize the family as the most important social and economic unit of society and support the central role parents play in child rearing. All parents are encouraged to care for and nurture their children through the traditional methods of parental care at home. However, there has been a dramatic increase in participation of women in the workforce which has made the availability of quality, affordable child care a critical concern for the state and its citizens. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and child care facilities are not located conveniently to work places and neighborhoods. Parents are encouraged to participate fully in the effort to improve the quality of child care services.

(2) Promote a variety of culturally and developmentally appropriate child care settings and services of the highest possible quality in accordance with the basic principle of continuity of care. These settings and services shall include, but not be limited to, family day care homes, (mini-centers), centers and before-and-after-school child care programs located in or near public school(s) buildings.

(3) Promote the growth, development and safety of children by working with community groups including providers and parents to establish standards for quality service, training of child care providers, fair and equitable monitoring, and salary levels commensurate with provider responsibilities and support services.

(4) Promote equal access to quality, affordable, socio-economically integrated child care for all children and families.

(5) Facilitate broad community and private sector involvement in the provision of quality child care services to foster economic development and assist industry.

NEW SECTION. Sec. 17. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within available federal funds the department may award before-and-after-school child care facility grants subject to the following conditions and limitations:
(a)  Before-and-after-school child care facility grant requests may be for expanding existing before-and-after-
school child care programs or establishing new programs located in or near public elementary schools.
(b)  Grantees under this section may include public school districts, educational service districts, or other
governmental or nongovernmental not-for-profit organizations.
(c)  Grants may be used for any of the following purposes:
   (i)  Planning and design of facilities and programs;
   (ii) Equipment, supplies, and materials of a noncapital nature, including but not limited to toys, office supplies,
        art supplies, and kitchen utensils; and
   (iii) Operating expenses for the first six months of operation of a new before-and-after-school child care
        program.
(d)  A grant under this section may be used to support no more than seventy-five percent of the costs of
    establishing a before-and-after-school child care program. A grantee may meet the local matching requirement
    under this subsection through contributions by private or public entities of materials, supplies, in-kind services,
    or physical facilities.

NEW SECTION.  Sec. 18.  A new section is added to chapter 41.04 RCW to read as follows:
In order to implement the state’s child care policy established by RCW 41.04.385, the director of personnel shall:
(1)  Provide technical assistance to state agencies for addressing employee child care needs;
(2)  Conduct periodic needs assessments to determine the demand for specific child care services and facilities
    by state employees and to determine the availability and costs of child care services accessible to employees within
    a surveyed community.  In lieu of conducting new needs assessments, the department may use similar assessments
    completed by other organizations, provided that the assessments conform to standards established by the department;
(3)  Assist state employees with establishing nonprofit employee organizations to contract for the provision of
    child care services;
(4)  Develop, in consultation with the department of general administration, model contracts for agencies to use
    when contracting with nonprofit employee organizations to use state-owned or state-leased buildings for child care
    services;
(5)  Develop, in consultation with the departments of general administration, social and health services, and the
    office of financial management, model contracts and quality standards for nonprofit employee organizations to use
    when contracting with child care providers;
(6)  Inform state employees of the child care and family services available to them through state programs,
    policies, or merit system rules;
(7)  Assist state agencies and employees with developing alternatives to state employee child care centers for
    meeting child care needs;
(8)  In consultation with the state employee child care advisory committee, establish general policies for the
    distribution of state employee child care facility grants by the department of social and health services;
(9)  Conduct research and develop pilot programs to measure changes in employee productivity, recruitment,
    retention, and absenteeism, associated with state-supported child care services; and
(10) Establish policies, subject to the approval of the director of financial management, for the development
    of partnerships with private employers for the provision of child care services.

The policies established under this section shall apply to all state agencies subject to chapter 41.06 RCW that
provide, or assist with the provision of, child care services for state employees.  The cost of department of personnel
services provided to agencies exempted by RCW 41.06.070 from the provisions of chapter 41.06 RCW shall be
reimbursed in accordance with RCW 41.06.080.

NEW SECTION.  Sec. 19.  A new section is added to chapter 41.04 RCW to read as follows:
The director of personnel shall attempt to develop a program of flexible child care and family policies and services so
that state employees may choose among those that best meet their needs.

NEW SECTION.  Sec. 20.  By June 30, 1993, the director of personnel shall provide a plan for the development
of a child care program that includes objective, quantifiable, and measurable standards and goals to be achieved.  Such
goals shall be established in consultation with the state employee child care advisory committee.

The director shall report to the governor by September 1996 describing the results achieved through the child
care program compared to original performance standards and goals.

Sec. 21.  RCW 41.04.370 and 1984 c 162 s 1 are each amended to read as follows:
The legislature recognizes that (see note) supporting child (see note) care for employees of public and private organizations
is a worthwhile pursuit.  To further the goals of affordable, accessible, and quality child care for working parents, the
The legislature intends to establish a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management.

The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care; (2) working parents and their children benefit when the employees’ child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care.

The legislature finds that resolution of child care needs benefits the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer’s position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs.

The legislature intends to provide for the development of self-supporting child care programs for employees of state government. (The legislature recognizes that appropriate child day care services may enhance productivity and lower absenteeism among state employees.)

Sec. 22. RCW 41.04.375 and 1984 c 162 s 2 are each amended to read as follows:

Subsequent to the completion of needs assessments indicating a demand for additional accessible center-based child care, and at the request of the director of personnel, the department of general administration shall identify (an amount of) the availability of suitable space (in state-owned or state-leased buildings in the Olympia area) for use as child care centers for the children of state employees.

If suitable space is identified in state-owned or state-leased buildings, the department of general administration shall establish a (fair) rental rate for (the) organizations to pay for the space used by persons who are not state employees.

Sec. 23. RCW 41.04.380 and 1984 c 162 s 3 are each amended to read as follows:

After the department of personnel has conducted a needs assessment under section 18 of this act to determine the need for and interest in child care facilities for the children of state employees;

The department of personnel shall determine the number of children which may participate in the demonstration project required under RCW 41.04.370 through 41.04.380.

If the assessment has indicated a need for additional child care services accessible to state employees and suitable space has been determined to be available, the department of personnel may assist state employees with establishing nonprofit organizations in order to contract with one or more providers to operate child care facilities. Such facilities may be located in one or more buildings as identified under RCW 41.04.375.

Subject to the approval of the director of financial management, suitable space for child care centers may be provided to nonprofit organizations of state employees without charge or at reduced charge for rent or services solely for the purpose of reducing employee child care costs.

NEW SECTION. Sec. 24. A new section is added to chapter 41.04 RCW to read as follows:

In order to qualify for services under RCW 41.04.380, state employee child care organizations shall be organized under chapter 24.03 RCW. Such organizations shall be subject to the policies established under section 18 of this act when contracting for space in state-owned or state-leased buildings.

Sec. 25. RCW 41.04.385 and 1986 c 135 s 1 are each amended to read as follows:

If suitable space is identified in state-owned or state-leased buildings in the Olympia area for use as child care centers for the children of state employees.

Subsequent to the completion of needs assessments indicating a demand for additional accessible center-based child care, and at the request of the director of personnel, the department of general administration shall identify (an amount of) the availability of suitable space (in state-owned or state-leased buildings in the Olympia area) for use as child care centers for the children of state employees.

If suitable space is identified in state-owned or state-leased buildings, the department of general administration shall establish a (fair) rental rate for (the) organizations to pay for the space used by persons who are not state employees.

Sec. 26. RCW 43.88.160 and 1991 c 358 s 4 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management to determine the need for and interest in child care facilities for the children of state employees; (2) working parents and their children benefit when the employees’ child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care.

The legislature finds that resolution of child care needs benefits the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer’s position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs.

Sec. 22. RCW 41.04.375 and 1984 c 162 s 2 are each amended to read as follows:

If suitable space is identified in state-owned or state-leased buildings, the department of general administration shall establish a (fair) rental rate for (the) organizations to pay for the space used by persons who are not state employees.

Sec. 23. RCW 41.04.380 and 1984 c 162 s 3 are each amended to read as follows:

After the department of personnel has conducted a needs assessment under section 18 of this act to determine the need for and interest in child care facilities for the children of state employees;

The department of personnel shall determine the number of children which may participate in the demonstration project required under RCW 41.04.370 through 41.04.380.

If the assessment has indicated a need for additional child care services accessible to state employees and suitable space has been determined to be available, the department of personnel may assist state employees with establishing nonprofit organizations in order to contract with one or more providers to operate child care facilities. Such facilities may be located in one or more buildings as identified under RCW 41.04.375.

Subject to the approval of the director of financial management, suitable space for child care centers may be provided to nonprofit organizations of state employees without charge or at reduced charge for rent or services solely for the purpose of reducing employee child care costs.

NEW SECTION. Sec. 24. A new section is added to chapter 41.04 RCW to read as follows:

In order to qualify for services under RCW 41.04.380, state employee child care organizations shall be organized under chapter 24.03 RCW. Such organizations shall be subject to the policies established under section 18 of this act when contracting for space in state-owned or state-leased buildings.

Sec. 25. RCW 41.04.385 and 1986 c 135 s 1 are each amended to read as follows:

If suitable space is identified in state-owned or state-leased buildings, the department of general administration shall establish a (fair) rental rate for (the) organization to pay for the space used by persons who are not state employees.

Sec. 26. RCW 43.88.160 and 1991 c 358 s 4 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. each agency; to this end the auditor may, in the auditor’s discretion, examine the books and accounts of any agency,

official or employee charged with the receipt, custody or safekeeping of public funds. The current post audit of each

POINT OF INQUIRY

Representative Bray: Would Representative Grant yield to a question?

Representative Grant: Yes, I yield to Representative Bray's question?

Representative Bray: Representative Grant, is it the intent of Substitute Senate Bill No. 6494 not to in any way affect the written agreement between the state and Benton County to forward to Benton county all rent payment--minus the sum of the state's rent payment to the federal government--that U.S. Ecology pays and will pay throughout the remainder of its sublease.

Sec. 2. RCW 10.95.030 and 1981 c 138 s 3 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, any person convicted of the crime of aggravated first degree murder shall be sentenced to life imprisonment without possibility of release or parole. A person sentenced to life imprisonment under this section shall not have that sentence suspended, deferred, or commuted by any judicial officer and the indeterminate sentence review board or its successor may not parole such prisoner nor reduce the period of confinement in any manner whatsoever including but not limited to any sort of good-time calculation. The department of social and health services or its successor or any executive official may not permit such prisoner to participate in any sort of release or furlough program.

(2) If, pursuant to a special sentencing proceeding held under RCW 10.95.050, the trier of fact finds that there are not sufficient mitigating circumstances to merit leniency, the sentence shall be death. In no case, however, shall a person be sentenced to death if the person was mentally retarded at the time the crime was committed, under the definition of mental retardation set forth in (a) of this subsection. A diagnosis of mental retardation shall be documented by a licensed psychiatrist or licensed psychologist expert in the diagnosis and evaluation of mental retardation. The defense must establish mental retardation by a preponderance of the evidence.

(a) "Mentally retarded" means the individual has: (i) significantly subaverage general intellectual functioning; (ii) existing concurrently with deficits in adaptive behavior; and (iii) both significantly subaverage general intellectual functioning and deficits in adaptive behavior were manifested during the developmental period.

(b) "General intellectual functioning" means the results obtained by assessment with one or more of the individually administered general intelligence tests developed for the purpose of assessing intellectual functioning.

(c) "Significantly subaverage general intellectual functioning" means intelligence quotient seventy or below.

(d) "Adaptive behavior" means the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected for age and cultural group.

(e) "Developmental period" means the period of time between conception and the eighteenth birthday.

Sec. 3. RCW 10.95.070 and 1981 c 138 s 7 are each amended to read as follows:

In deciding the question posed by RCW 10.95.060(4), the jury, or the court if a jury is waived, may consider any relevant factors, including but not limited to the following:

(1) Whether the defendant has or does not have a significant history, either as a juvenile or an adult, of prior criminal activity;

(2) Whether the murder was committed while the defendant was under the influence of extreme mental disturbance;

(3) Whether the victim consented to the act of murder;
(4) Whether the defendant was an accomplice to a murder committed by another person where the defendant's participation in the murder was relatively minor;
(5) Whether the defendant acted under duress or domination of another person;
(6) Whether, at the time of the murder, the capacity of the defendant to appreciate the wrongfulness of his or her conduct or to conform his or her conduct to the requirements of law was substantially impaired as a result of mental disease or defect. However, a person found to be mentally retarded under RCW 10.95.030(2) may in no case be sentenced to death;
(7) Whether the age of the defendant at the time of the crime calls for leniency; and
(8) Whether there is a likelihood that the defendant will pose a danger to others in the future.

Sec. 4. RCW 10.95.130 and 1981 c 138 s 13 are each amended to read as follows:
(1) The sentence review required by RCW 10.95.100 shall be in addition to any appeal. The sentence review and an appeal shall be consolidated for consideration. The defendant and the prosecuting attorney may submit briefs within the time prescribed by the court and present oral argument to the court.
(2) With regard to the sentence review required by this act, the supreme court of Washington shall determine:
   (a) Whether there was sufficient evidence to justify the affirmative finding to the question posed by RCW 10.95.060(4); and
   (b) Whether the sentence of death is excessive or disproportionate to the penalty imposed in similar cases, considering both the crime and the defendant. For the purposes of this subsection, "similar cases" means cases reported in the Washington Reports or Washington Appellate Reports since January 1, 1965, in which the judge or jury considered the imposition of capital punishment regardless of whether it was imposed or executed, and cases in which reports have been filed with the supreme court under RCW 10.95.120;
   (c) Whether the sentence of death was brought about through passion or prejudice; and
   (d) Whether the defendant was mentally retarded within the meaning of RCW 10.95.030(2).

Sec. 5. RCW 10.95.140 and 1981 c 138 s 14 are each amended to read as follows:
Upon completion of a sentence review:
(1) The supreme court of Washington shall invalidate the sentence of death and remand the case to the trial court for resentencing in accordance with RCW 10.95.090 if:
   (a) The court makes a negative determination as to the question posed by RCW 10.95.130(2)(a); or
   (b) The court makes an affirmative determination as to ((either)) any of the questions posed by RCW 10.95.130(2)(b), (c), or (d).

Mr. Peery moved adoption of the following amendment, by Representatives Peery, Brough, Betrozoff and G. Fisher:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the educational needs of students when they leave the public school system have increased dramatically in the past two decades. If young people are to prosper in our democracy and if our nation is to grow economically, it is imperative that the overall level of learning achieved by students be significantly increased.

To achieve this higher level of learning, the legislature finds that the state of Washington needs to develop a performance-based school system. Instead of maintaining burdensome state accountability laws and rules that dictate educational offerings, the state needs to hold schools accountable for their performance based on what their students learn.

The legislature further finds moving toward a performance-based accountability system will require repealing state laws and rules that inhibit the freedom of school boards and professional educators to carry out their work, and also will require that significantly more decisions be made at the school district and school building levels. In addition, it will
be necessary to set high expectations for students, to identify what is expected of all students, and to develop a rigorous academic assessment system to determine if these expectations have been achieved.

The legislature further finds that the governor's council on education reform and funding will, by December 1992, identify broad student learning goals. Subject to decisions made by the 1993 legislature, the legislature finds that it is critical that an organization be established to continue the council's work in identifying necessary student skills and knowledge, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system.

The legislature further finds that there is a need for high quality professional development as the state implements a performance-based system. Professional development must be available to schools and school districts to maintain quality control and to assure access to proven research on effective teaching.

"PART I
ENHANCING THE TEACHING PROFESSION"

Sec. 101. RCW 28A.410.040 and 1990 c 33 s 406 are each amended to read as follows:

The state board of education shall adopt rules providing that, except as provided in this section, all individuals qualifying for an initial-level teaching certificate after August 31, 1992, shall possess a baccalaureate degree in the arts, sciences, and/or humanities and have fulfilled the requirements for teacher certification pursuant to RCW 28A.305.130 (1) and (2). The state board of education shall develop and adopt rules establishing baccalaureate degree equivalency standards for certification of vocational instructors performing instructional duties and acquiring initial-level certification after August 31, 1992. However, candidates for grades preschool through eight certificates shall have fulfilled the requirements for a major as part of their baccalaureate degree. If the major is in early childhood education, elementary education, or special education, the candidate must have at least thirty quarter hours or twenty semester hours in one academic field.

The state board of education shall study the impact of eliminating the major in education under subsection (1) of this section and submit a report to the legislature by January 15, 1990. The report shall include a recommendation on whether the major in education under subsection (1) of this section should be eliminated.

The initial certificate shall be valid for two years.

Certificate holders may renew the certificate for a three-year period by providing proof of acceptance and enrollment in an approved masters degree program. A second renewal, for a period of two years, may be granted upon recommendation of the degree-granting institution and if the certificate holder can demonstrate substantial progress toward the completion of the masters degree and that the degree will be completed within the two year extension period. Under no circumstances may an initial certificate be valid for a period of more than seven years.

Sec. 102. RCW 28A.410.050 and 1989 c 29 s 2 are each amended to read as follows:

The state board of education shall implement rules providing that all teachers performing instructional duties and acquiring professional-level certificate status after August 31, 1992, shall possess a masters degree in teaching, or a masters degree in the arts, sciences, and/or humanities.

The state board of education shall develop and adopt rules establishing baccalaureate and masters degree equivalency standards for vocational instructors performing instructional duties and acquiring (professional-level) certification after August 31, 1992.

Sec. 103. RCW 28A.405.220 and 1990 c 33 s 391 are each amended to read as follows:

Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first two years of employment by such district, unless the employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting
shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent’s determination was based and to make any argument in support of his or her request for reconsideration.

Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. (2) "Essential academic learning requirements" means the academic and technical knowledge and skills identified by the commission on student learning, as reviewed and amended by the legislature and state board of education, that students are expected to know and be able to do at specified intervals in their schooling. The essential academic learning requirements, at a minimum, shall include knowledge and skills in reading, writing, speaking, science, history, geography, mathematics, and critical thinking.

NEW SECTION. Sec. 202. A new section is added to chapter 28A.630 RCW to read as follows:

(1) The governor’s council on education reform and funding shall submit its proposed student learning goals to the appropriate committees of the legislature by December 1, 1992. If both houses of the legislature do not adopt a joint memorial or legislation ratifying, or ratifying with amendment, the student learning goals by July 1, 1993, section 202 and sections 501 through 507 of this act shall be null and void.

(2) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify what all students need to know and be able to do based on the student learning goals of the governor’s council on education reform and funding, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and three members appointed no later than February 1, 1993, by the governor elected in the November 1992 election. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the cultural diversity of the state’s K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a
positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(3) The commission shall begin its substantive work subject to subsection (1) of this section.

(4) The commission shall establish technical advisory committees. Membership of the technical advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(5) The commission, with the assistance of the technical advisory committees, shall:

In developing these essential academic learning requirements, the commission shall incorporate the student learning goals identified by the council on education reform and funding;

(b) By December 1, 1995, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary grades designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the academic assessment system, as needed, in subsequent school years;

(c) By December 1, 1996, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the secondary grades designed to determine if each student has mastered the essential academic learning requirements identified for secondary students in (a) of this subsection. The academic assessment system shall use a variety of methodologies, including performance-based measures. The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the secondary academic assessment system beginning in the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. (h) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. instruction a state-wide accountability system to evaluate accurately and fairly the level of learning occurring in individual

Sec. 302. RCW 28A.305.140 and 1990 c 33 s 267 are each amended
to read as follows:

((The state board of education may grant waivers to school districts from the provisions of)) (1) The self-study process
requirements under RCW 28A.320.200, the teacher classroom contact requirements under RCW 28A.150.260(4), and the
program hour offerings requirements under RCW 28A.150.200 through 28A.150.220 ((on the basis that such waiver or
waivers are necessary to implement successfully a local plan to provide for all students in the district an effective
education system that is designed to enhance the educational program for each student. The local plan may include
alternative ways to provide effective educational programs for students who experience difficulty with the regular
education program.

The state board of education may grant waivers to school districts or individual schools within a district if the school district submits to the state board of education a plan for
restructuring its educational program, or the educational program of individual schools within the district that includes:

(a) Specific standards for increased student learning that the district expects to achieve;

(b) How the district plans to achieve the higher standards, including timelines for implementation;

(c) How the district plans to determine if the higher standards are met;

(d) Evidence that the board of directors, teachers, administrators, and classified employees are committed to
working cooperatively in implementing the plan;
(c) Evidence that opportunities were provided for parents and citizens to be involved in the development of the plan; and

(f) Identification of the state requirements that will be waived.

(2) Waivers granted by the state board of education under this section shall be renewed every three years upon the state board of education receiving a renewal request from the school district board of directors. Before filing the request, the school district shall conduct at least one public meeting to evaluate the educational programs that were implemented as a result of the waivers. The request to the state board of education shall include information regarding the activities and programs implemented as a result of the waivers, whether the higher standards for students are being achieved, and a summary of the comments received at the public meeting or meetings.

(3) If a school district intends to waive the program hour offerings under RCW 28A.150.220, it shall make available to students enrolled in kindergarten at least a total instructional offering of four hundred fifty hours. Each school district also shall make available to students enrolled in grades one through twelve at least a district-wide annual average total instructional hour offering of one thousand hours. A school district may schedule the last thirty instructional hours of any school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as full-time equivalent students to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260. The state board of education may define alternatives to classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences.

The state board of education shall establish rules to determine annual average instructional hours for districts having fewer than twelve grades. The program shall include instruction in the essential academic learning requirements under section 202 of this act and other subjects and activities the school district determines to be appropriate.

(4) "Instructional hours" means those hours students are provided the opportunity to engage in educational activity planned by and under the direction of school district staff, as directed by the administration and board of directors of the district, inclusive of intermissions for class changes, recess, and teacher/parent-guardian conferences that are planned and scheduled by the district for the purpose of discussing students' educational needs or progress, and exclusive of time actually spent for meals.

Sec. 303. RCW 28A.150.260 and 1991 c 116 s 10 are each amended to read as follows:

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

(a) Certificated instructional staff and their related costs;
(b) Certificated administrative staff and their related costs;
(c) Classified staff and their related costs;
(d) Nonsalary costs;
(e) Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and

(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district.

(2)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

(b) (Commencing with the 1988-89 school year) The formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That
the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.150.350, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under RCW 28A.155.010 through 28A.155.100. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3)(a) Certificated instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

(4) Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent-guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.150.220((((4))) (4)) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record-keeping by classroom teachers as a means of accounting for contact hours shall not be required. (However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced, and (b) the teacher's expertise is critical to the success of the local plan for excellence.) Waivers from contact hours may be requested under RCW 28A.305.140.

NEW SECTION. Sec. 506. RCW 28A.320.200 and 1990 c 33 s 333, 1989 c 83 s 1, 1988 c 256 s 2, & 1985 c 349 s 2 are each repealed.

Sec. 507. RCW 28A.150.260 and 1992 c ... s 303 (section 303 of this act) are each amended to read as follows: The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

(a) Certificated instructional staff and their related costs;
(b) Certificated administrative staff and their related costs;
(c) Classified staff and their related costs;
(d) Nonsalary costs;
(e) Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and
(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250, who do not reside within the servicing school district.

(2)(a) The distribution formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

(b) The formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.150.350, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under RCW 28A.155.010 through 28A.155.100. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: PROVIDED, That the definition shall be included as part of the superintendent's biennial budget request: PROVIDED, FURTHER, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: PROVIDED, FURTHER, That the office of financial management shall make
a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

(3)(a) Certificated instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

((4) Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.150.220(4) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The teachers' classroom instructional time will not be reduced, and (b) the teacher's expertise is critical to the success of the local plan for excellence. Waivers from contact-hour requirements may be requested under RCW 28A.305.140.

Mr. R. King: Thank you Mr. Speaker. This amendment was not on the desk a sufficient amount of time for the members to prepare amendments to it. Mr. Braddock ask for a ruling on the scope and object of this amendment.

**SPEAKER'S RULING**

The Speaker: Representative Braddock, the Speaker has examined Engrossed Senate Bill No. 6273 and the striking amendment. The bill clearly deals with the authority of local governments to regulate the use of pesticides, the amendment by Representative R. Johnson clearly deals with

SENATE AMENDMENTS TO HOUSE BILL

March 6, 1992

MR. SPEAKER:

The Senate adopted the attached amendment to Substitute House Bill No. 2695 but failed to pass the bill.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) A student's ability to learn can be adversely impacted by a number of factors, including but not limited to: Lack of parent involvement and support; child abuse and neglect; poverty, including parental unemployment or underemployment; family transiency and homelessness; drug and alcohol abuse; poor health and nutrition; crime; and negative peer influence. Such factors can be manifested in behavior such as underachievement and failure, absenteeism and truancy, drug and alcohol abuse, delinquency, suicide, disruption of the classroom learning environment, dropping out, and, later in life, unemployment, a need for public assistance, treatment or institutionalization for mental health reasons, involvement with the judicial system, and possible imprisonment for criminal convictions.

(2) The legislature finds that:

(a) Prevention and intervention services at the elementary school level can offer early identification, support, and follow-up of each child's special interests, creative talents, and particular abilities as well as identification of and cooperative assistance with learning, emotional, environmental, social, or physical obstacles to normal child growth and development; and

(b) Counseling and related prevention and intervention services at the elementary school level can contribute to enhancement of the classroom environment for students and teachers, and better enable students to realize their academic and personal potential.

(3) The legislature finds that early intervention and prevention services should be provided through a comprehensive system that uses school-based and community-based service providers.

(4) The purpose of this act is to establish the fair start program to assist school districts in developing comprehensive programs for prevention and intervention services. School districts must collaborate with community-based service providers in developing the fair start program and must enter into written agreements with community-based service providers to deliver appropriate services to elementary students. Services provided may include, but are not limited to, school counseling, school-based social services, case management, referrals, family support efforts, mental health services, and health services.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 2 through 9 of this act.

(1) "Early grades," "elementary grades," and "elementary level" mean kindergarten through grade six and may include preschool age children served by the school district.

(2) "Elementary grades prevention and intervention program" means a program of early detection, prevention, and intervention of learning, emotional, environmental, social, or physical problems of elementary students.

(3) "Superintendent" means the superintendent of public instruction.

NEW SECTION. Sec. 3. (1) From funds appropriated by the legislature, the superintendent shall establish the fair start program to assist school districts in providing prevention and intervention programs for elementary grade students. The fair start program shall not become a part of the state's basic program of education obligation as set forth under Article IX of the state Constitution.

(2) The superintendent shall distribute funds equitably to all school districts based on the districts' enrollment in grades kindergarten through six. Fair start funds shall not be used to replace funding for activities existing on the effective date of this section. However, any district providing elementary students with prevention and intervention services on the effective date of this section that loses the source of funding for those services for reasons beyond the control of the district, may use fair start funds to continue or enhance the level of prevention and intervention services.

(3) Funds from the fair start program shall not be used for providing services, referrals, or information regarding abortions, contraceptives, or birth control.
(4) Two or more school districts may cooperatively administer a prevention and intervention program for elementary grades students. An educational service district may administer a prevention and intervention program on behalf of one or more school districts.

NEW SECTION. Sec. 4. (1) School districts and educational service districts accepting fair start funds shall submit not later than June 1, 1993, the following information to the superintendent of public instruction:

(a) District goals relating to prevention and early intervention services for elementary students and the district’s plan, based on the goals, for providing prevention and early intervention services to students. To ensure delivery of appropriate services to students through a coordinated network of service providers, districts shall document that community-based public or private human service providers, district level and building level staff and administrators, and parents participated in developing the goals and plan;

(b) Documentation of any written interagency agreement or contract between school districts or educational service districts, and public or private community-based human service providers to provide prevention and early intervention services to students;

(c) Procedures for notifying parents or guardians regarding the referral of students for prevention and intervention services and liability issues relating to providing prevention and intervention services to students outside school buildings;

(d) Use of grant funds for prevention and intervention-related inservice purposes including, as necessary and appropriate, multicultural inservice training; and

(e) Other information as requested by the superintendent.

(2) To the greatest extent possible, the delivery of prevention and early intervention services to students:

(a) Shall not be duplicative of other programs;

(b) Shall be consistent with applicable children’s mental health delivery system developed under chapter 71.36 RCW;

(c) Shall emphasize the most efficient and cost-effective use of fair start funds; and

(d) Shall be provided on a twelve-month basis.

(3) When using school personnel to provide prevention and intervention services, school districts are encouraged to utilize paraprofessionals.

(4) School districts and educational service districts accepting fair start funds shall enter into written interagency agreements with community-based service providers to deliver appropriate services to elementary students.

NEW SECTION. Sec. 5. Nothing under sections 2 through 9 of this act precludes a district from incorporating a primary intervention program model, a children’s mental health delivery system developed under chapter 71.36 RCW, or a family support worker model as part of the district’s fair start program.

NEW SECTION. Sec. 6. The superintendent shall develop specific measures to evaluate the success of the grant projects and the fair start program. The department of social and health services shall provide the superintendent with information the superintendent may use in developing measures to evaluate the fair start program and projects.

NEW SECTION. Sec. 7. The superintendent of public instruction shall adopt rules as necessary under chapter 34.05 RCW to implement sections 3 through 9 of this act. The rules shall permit school districts to provide prevention and intervention services through the local educational service district.

NEW SECTION. Sec. 8. The department of social and health services shall, to the extent practical, assist with the development of school district elementary grades prevention and intervention programs by rotating or loaning department employees to schools to serve as prevention and early intervention service providers.

NEW SECTION. Sec. 9. (1) School districts and educational service districts shall submit biennially to the superintendent a report on their fair start programs. The reports shall include updated information as required in section 4(1) of this act. The reports shall be submitted not later than June 1, 1994, and in even-numbered years thereafter.

(2) The superintendent shall submit biennially a report to the governor and the legislature on the fair start program established under section 3 of this act. The first report shall be submitted not later than December 30, 1993. Subsequent reports shall be submitted not later than December 30, 1994, and in even-numbered years thereafter. The reports shall include information on school district efforts to maximize the use of community-based service providers and to provide services on a twelve-month basis.

NEW SECTION. Sec. 10. Sections 2 through 9 of this act are each added to chapter 28A.600 RCW.

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "adding new sections to chapter 28A.600 RCW; and creating a new section."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

Sec. 1. RCW 53.12.010 and 1991 c 363 s 128 are each amended to read as follows:

The powers of the port district shall be exercised through a port commission consisting of three members. (In any port district with boundaries that are coextensive with the boundaries of a county with a population of five hundred thousand or more the members shall be residents of the county in which the port district is located. In all other port districts, three commissioner districts, numbered consecutively, having approximately equal population and boundaries following ward and precinct lines, shall be described in the petition for the formation of the port district, and one commissioner shall be elected from each of said commissioner districts.) Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into three commissioner districts each having approximately equal population. Where a port district is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port district commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the petition proposing the formation of such a port district shall describe three commissioner districts each having approximately the same population and the commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary election to nominate candidates for a commissioner of the commissioner district. Sec. 2. RCW 53.12.172 and 1979 ex.s. c 126 s 34 are each amended to read as follows:

In every (such) port district the term of office of each port commissioner shall be four years in each port district that is county-wide with a population of one hundred thousand or more, or either six or four years in all other port districts as provided in section 3 of this act, and until ((she or he)) a successor is elected and qualified, ((and one commissioner shall be elected at the time of the general election in each odd numbered year for the term of six years beginning in accordance with RCW 29.04.170. PROVIDED, That the terms of office of the port commissioners shall be staggered in any district hereafter organized as follows: (1) The candidate residing in the first commissioner district receiving the highest number of votes in the port district at the election organizing the district shall hold office until a successor assumes office who is elected from the election held in the sixth year after the organizational election, if such organizational election was held in an odd numbered year, or from the election held in the fifth year after the organizational election if such organizational election was held in an even numbered year; (2) the candidate residing in the second commissioner district receiving the highest number of votes in the port district at such organizational election shall hold office until a successor assumes office who is elected from the election held in the fourth year after the organizational election, if such organizational election was held in an odd numbered year, or from the election held in the third year after the organizational election if such organizational election was held in an even numbered year; and (3) the candidate residing in the third commissioner district receiving the highest number of votes in the port district at such organizational election shall hold office until a successor assumes office who is elected from the election held in the second year after the organizational election, if such organizational election was held in an odd numbered year, or from the election held in the first year after the organizational election if such organizational election was held in an even numbered year)) and assumes office in accordance with RCW 29.04.170. The initial port commissioners shall be elected at the same election as when the ballot proposition is submitted to voters authorizing the creation of the port district. If the port district is created the persons elected at this election shall serve as the initial port commission. No primary shall be held. The person receiving the greatest number of votes for commissioner from each commissioner district shall be elected as the commissioner of that district.
The terms of office of the initial port commissioners shall be staggered as follows in a port district that is county-wide with a population of one hundred thousand or more: (1) The two persons who are elected receiving the two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and shall hold office until successors are elected and qualified and assume office in accordance with RCW 29.04.170; and (2) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170. The terms of office of the initial port commissioners in all other port districts shall be staggered as follows: (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or to a five-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170, (b) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or to a three-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170, and (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

The initial port commissioners shall take office immediately after being elected and qualified, but the length of their terms shall be calculated from the first day in January in the year following their elections.

NEW SECTION. Sec. 3. A new section is added to chapter 53.12 RCW to read as follows:
A ballot proposition to reduce the terms of office of port commissioners from six years to four years shall be submitted to the voters of any port district that otherwise would have commissioners with six-year terms of office upon either resolution of the port commissioners or petition of voters of the port district proposing the reduction in terms of office, which petition has been signed by voters of the port district equal in number to at least ten percent of the number of voters in the port district voting at the last district general election. The petition shall be submitted to the county auditor. If the petition was signed by sufficient valid signatures, the ballot proposition shall be submitted at the next district general election that occurs sixty or more days after the adoption of the resolution or submission of the petition.

If the ballot proposition reducing the terms of office of port commissioners is approved by a simple majority vote of the voters voting on the proposition, the commissioner or commissioners who are elected at that election shall be elected to four-year terms of office. The terms of office of the other commissioners shall not be reduced, but each successor shall be elected to a four-year term of office.

NEW SECTION. Sec. 4. A new section is added to chapter 53.12 RCW to read as follows:
Port commissioners of county-wide port districts with populations of one hundred thousand or more who are holding office as of the effective date of this act shall retain their positions for the remainder of their terms until their successors are elected and qualified, and assume office in accordance with RCW 29.04.170. Their successors shall be elected to four-year terms of office except as otherwise provided in RCW 53.12.130.

NEW SECTION. Sec. 5. A new section is added to chapter 53.12 RCW to read as follows:
All elections relating to a port district shall conform with general election law, except as expressly provided in Title 53 RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 53.12 RCW to read as follows:
A candidate for the office of port commissioner may withdraw his or her declaration of candidacy at any time before the close of business on the Thursday following the last day for candidates to file by filing, with the officer with whom the declaration of candidacy was filed, a signed request that his or her name not be printed on the ballot. There shall be no withdrawal period for declarations of candidacy filed during special filing periods. The filing officer may permit the withdrawal of a filing for the office of port commissioner at the request of the candidate at any time before a primary if the primary ballots for that election have not been ordered. No filing fee may be refunded to any candidate who withdraws under this section. Notice of the deadline for withdrawal of candidacy and that the filing fee is not refundable shall be given to each candidate at the time he or she files.

NEW SECTION. Sec. 7. A new section is added to chapter 53.12 RCW to read as follows:
A ballot proposition shall be submitted to the voters of any port district authorizing an increase in the number of port commissioners to five whenever a petition requesting such an increase has been submitted to the county auditor of the county in which the port district is located that has been signed by voters of the port district at least equal in number to ten percent of the number of voters in the port district who voted at the last general election. The ballot proposition shall be submitted at the next general election occurring sixty or more days after the petition was submitted.
At the next general election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

Sec. 8. RCW 53.12.120 and 1982 c 219 s 1 are each amended to read as follows:
When the population of a port district reaches five hundred thousand, in accordance with the latest United States regular or special census or with the official state population estimate, there shall be submitted to the voters of the district, at the next general election or at a special port election called for that purpose, the proposition of increasing the number of commissioners to five. At any general election thereafter, the same proposition may be submitted by resolution of the port commissioners, by filing a certified copy of the resolution with the county auditor at least four months prior to the general election. If the proposition is (adopted) approved by the voters, the commission in that port district shall consist of five commissioners (in positions numbered as specified in RCW 53.12.035, the additional commissioners to take office five days after the election).

Sec. 9. RCW 53.12.130 and 1965 c 51 s 8 are each amended to read as follows:
Two additional port commissioners shall be elected at the (same) next general election (the names of the candidates for the additional port commissioner positions numbered four and five shall be printed on the ballot and voted on, but the election of such additional commissioners shall be contingent upon the adoption of the proposition for a commission of five members) following the election at which voters authorized the increase in port commissioners to five members. The two additional positions shall be numbered positions four and five. A primary shall be held to nominate candidates where necessary. The (candidate for each additional numbered position) person receiving the highest number of votes for each position shall be elected (to that position and shall take office (five days after the election)) immediately after qualification as defined under RCW 29.01.135. In a port district where commissioners are elected to four-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall ((hold office for six years and the other shall hold office for four years from the date provided for by law for port commissioners to next commence their terms of office)) be elected to a four-year term of office and the other additional commissioner thus elected shall be elected to a term of office of two years, if the election were held in an odd-numbered year, or the additional commissioner thus elected receiving the highest number of votes shall be elected to a term of office of three years and the other shall be elected to a term of office of one year, if the election were held in an even-numbered year. In a port district where the commissioners are elected to six-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a six-year term of office and the other additional commissioner shall be elected to a four-year term of office, if the election is held in an odd-numbered year, or the additional commissioner receiving the highest number of votes shall be elected to a term of office of five-years and the other shall be elected to a three-year term of office, if the election is held in an even-numbered year. The length of terms of office shall be computed from the first day of January in the year following this election.

A successor to a commissioner holding position four or five whose term is about to expire, shall be elected at the general election next preceding such expiration, for a term of either six or four years, depending on the length of terms of office to which commissioners of that port district are elected. Positions four and five shall not be associated with a commissioner district and the elections to both nominate candidates for those positions and elect commissioners for these positions shall be held on a port district-wide basis.

NEW SECTION. Sec. 10. A new section is added to chapter 53.16 RCW to read as follows:
In a port district that is not coterminous with a county that has three county legislative authority districts and that has port commissioner districts, the port commission may redraw the commissioner district boundaries as provided in chapter 29.70 RCW at any time and submit the redrawn boundaries to the county auditor. The new commissioner districts shall be used at the next election at which a port commissioner is regularly elected that occurs at least one hundred eighty days after the redrawn boundaries have been submitted. NEW SECTION. Sec. 1. (1) The legislature finds that improving the quality of education is essential to improving the ability of students to prosper in a changing work force. Today's employers have a tremendous need for technically skilled people whether they are graduating from high school, a community college, a four-year university, or a technical college.

(2) The legislature further finds that student motivation can be greatly increased by demonstration of practical application of course work content and relevancy to student career interests.

(3) The legislature further finds that our rapidly changing work force demands improving basic competencies and skills by challenging and motivating our students to compete in a global economy.

(4) The legislature further finds that students should have access to both academic and vocational education in accordance with their interests, needs, and abilities. The elimination of rigid tracking into educational programs will increase students post high school options and expose students to a wide range of vocational and academic opportunities.

The projects shall combine academic and vocational education into a single instructional system that is responsive to the educational needs of all students in secondary schools. Goals of the projects within the program shall include at a minimum:

(1) Integration of vocational and academic instructional curriculum into a single curriculum;

(2) Emphasis on increased vocational, personal, and academic guidance and counseling for students as an essential component of the student's high school experience;

(3) Active participation of educators in the planning, implementation, and operation of the project, including increased opportunities for professional development and in-service training; and

On page 6, after line 20, insert the following:

Sec. 2. RCW 9.41.040 and 1983 c 232 s 2 are each amended to read as follows:

1. A person is guilty of the crime of unlawful possession of a short firearm or pistol, if, having previously been convicted in this state or elsewhere of a crime of violence or of a felony in which a firearm was used or displayed, the person owns or has in his possession any short firearm or pistol.

2. Unlawful possession of a short firearm or pistol shall be punished as a class C felony under chapter 9A.20 RCW.

3. As used in this section, a person has been "convicted" at such time as a plea of guilty has been accepted or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing, post-trial motions, and appeals. A person shall not be precluded from possession if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

4. Except as provided in subsection (5) of this section, a person is guilty of the crime of unlawful possession of a short firearm or pistol if, after having been convicted of any felony violation of the uniform controlled substances act, chapter 69.50 RCW, or equivalent statutes of another jurisdiction, (or after any period of confinement under RCW 71.05.320 or an equivalent statute of another jurisdiction, or following a record of commitment pursuant to chapter 10.77 RCW or equivalent statute of another jurisdiction, he) the person owns or has in his or her possession or under his or her control any short firearm or pistol.

5. Notwithstanding subsection (1) of this section, a person convicted of an offense other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401(a) and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from ownership, possession, or control of a firearm as a result of the conviction.

6. (a) A person who has been committed by court order for treatment of mental illness under RCW 71.05.320 or chapter 10.77 RCW, or equivalent statute of another jurisdiction, may not possess, in any manner, a firearm as defined in RCW 9.41.010.

(b) At the time of commitment, the court shall specifically state to the person under (a) of this subsection and give the person notice in writing that the person is barred from possession of firearms.

(c) The secretary of social and health services shall develop appropriate rules to create an approval process under this subsection. The rules must provide for the immediate restoration of the right to possess a firearm upon a showing in a court of competent jurisdiction that a person no longer is required to participate in an inpatient or outpatient treatment program, and is no longer required to take medication to treat any condition related to the commitment. Unlawful possession of a firearm under this subsection shall be punished as a class C felony under chapter 9A.20 RCW.

Sec. 3. RCW 71.05.240 and 1987 c 439 s 5 are each amended to read as follows:

If a petition is filed for fourteen day involuntary treatment or ninety days of less restrictive alternative treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, as now or hereafter amended. If requested by the detained person or his or her attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely
disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department of social and health services. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm to others or himself or herself, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed ninety days.

The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period or beyond the ninety days of less restrictive treatment is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. The court shall also provide written notice that the person is barred from the possession of firearms.

NEW SECTION  Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SENATE AMENDMENTS TO HOUSE BILL

March 3, 3992

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2495 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that maintaining the viability of health care service delivery in rural areas of Washington is a primary goal of state health policy. The legislature also finds that most hospitals located in rural Washington are operated by public hospital districts authorized under chapter 70.44 RCW and declares that it is not cost-effective, practical, or desirable to provide quality health and hospital care services in rural areas on a competitive basis because of limited patient volume and geographic isolation. It is the intent of this act to foster the development of cooperative and collaborative arrangements among rural public hospital districts by specifically authorizing cooperative agreements and contracts for these entities under the interlocal cooperation act.

NEW SECTION. Sec. 2. A new section is added to chapter 70.44 RCW to read as follows:

Unless the context clearly requires otherwise, the definition in this section applies throughout section 3 of this act.

"Rural public hospital district" means a public hospital district authorized under chapter 70.44 RCW whose geographic boundaries do not include a city with a population greater than thirty thousand.

NEW SECTION. Sec. 3. A new section is added to chapter 70.44 RCW to read as follows:

In addition to other powers granted to public hospital districts by chapter 39.34 RCW, rural public hospital districts may enter into cooperative agreements and contracts with other rural public hospital districts in order to provide for the health care needs of the people served by the hospital districts. These agreements and contracts are specifically authorized to include:

1. Allocation of health care services among the different facilities owned and operated by the districts;
2. Combined purchases and allocations of medical equipment and technologies;
3. Joint agreements and contracts for health care service delivery and payment with public and private entities; and
4. Other cooperative arrangements consistent with the intent of chapter ---, Laws of 1992 (this act). The provisions of chapter 39.34 RCW shall apply to the development and implementation of the cooperative contracts and agreements.

Sec. 4. RCW 39.34.030 and 1990 c 33 s 568 are each amended to read as follows:

(1) Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised and enjoyed jointly with any other public agency of this state having the power or powers, privilege or
authority, and jointly with any public agency of any other state or of the United States to the extent that laws of such
other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government when
acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by this
chapter upon a public agency.

(2) Any two or more public agencies may enter into agreements with one another for joint or cooperative action
pursuant to the provisions of this chapter: PROVIDED, That any such joint or cooperative action by public agencies
which are educational service districts and/or school districts shall comply with the provisions of RCW 28A.320.080.
Appropriate action by ordinance, resolution or otherwise pursuant to law of the governing bodies of the participating
public agencies shall be necessary before any such agreement may enter into force.

(3) Any such agreement shall specify the following:
(a) Its duration;
(b) The precise organization, composition and nature of any separate legal or administrative entity created
thereby together with the powers delegated thereto, provided such entity may be legally created. Such entity may include
a nonprofit corporation organized pursuant to chapter 24.03 or 24.06 RCW, whose membership is limited solely to the
participating public agencies or a partnership organized pursuant to chapter 25.04 RCW whose partners are limited solely
to participating public agencies and the funds of any such corporation or partnership shall be subject to audit in the
manner provided by law for the auditing of public funds;
(c) Its purpose or purposes;
(d) The manner of financing the joint or cooperative undertaking and of establishing and maintaining a budget
therefor;
(e) The permissible method or methods to be employed in accomplishing the partial or complete termination
of the agreement and for disposing of property upon such partial or complete termination;
(f) Any other necessary and proper matters.

(4) In the event that the agreement does not establish a separate legal entity to conduct the joint or cooperative
undertaking, the agreement shall, in addition to items (a), (c), (d), (e) and (f) enumerated in subdivision (3) hereof, contain
the following:
(a) Provision for an administrator or a joint board responsible for administering the joint or cooperative
undertaking. In the case of a joint board, public agencies party to the agreement shall be represented;
(b) The manner of acquiring, holding and disposing of real and personal property used in the joint or
cooperative undertaking. Any joint board is authorized to establish a special fund with a state, county, city, or district
treasurer servicing an involved public agency designated "Operating fund of .......... joint board".

(5) No agreement made pursuant to this chapter shall relieve any public agency of any obligation or
responsibility imposed upon it by law except that to the extent of actual and timely performance thereof by a joint board
or other legal or administrative entity created by an agreement made hereunder, the performance may be offered
in satisfaction of the obligation or responsibility.

(6) Financing of joint projects by agreement shall be as provided by law.

Sec. 5. RCW 39.34.040 and 1967 c 239 s 5 are each amended to read as follows:
Prior to its entry into force, an agreement made pursuant to this chapter shall be filed with the (((city clerk and))) county
auditor and with the secretary of state. In the event that an agreement entered into pursuant to this chapter is between
or among one or more public agencies of this state and one or more public agencies of another state or of the United
States (((and))) the agreement shall have the status of an interstate compact, but in any case or controversy involving
performance or interpretation thereof or liability thereunder, the public agencies party thereto shall be real parties in
interest and the state may maintain an action to recoup or otherwise make itself whole for any damages or liability which
it may incur by reason of being joined as a party therein. Such action shall be maintainable against any public agency
or agencies whose default, failure of performance, or other conduct caused or contributed to the incurring of damage or
liability by the state.

Sec. 6. RCW 39.34.050 and 1967 c 239 s 6 are each amended to read as follows:
In the event that an agreement made pursuant to this chapter shall deal in whole or in part with the provision of services
or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of
control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency
having such power of control (((and))) The agreement shall be approved or disapproved by (((him or it as to all matters
within his or its jurisdiction))) the state officer or agency with regard to matters within his, her, or its jurisdiction within
ninety days after receipt of the agreement. If a state officer or agency fails to act within the ninety-day time limit, the
agreement shall be deemed approved by that state officer or agency.

House Bill No. 2554 as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENT TO HOUSE BILL

March 3, 1992

MR. SPEAKER:

The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 2594 with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. SHORT TITLE. This chapter shall be known as the state wildlife and recreation lands management act.

NEW SECTION. Sec. 2. FINDINGS AND PURPOSE. (1) The legislature finds that:
(a) The state of Washington owns and maintains a wide variety of fish and wildlife habitat, natural areas, parks, and other recreation lands;
(b) The state of Washington is responsible for managing these lands for the benefit of the citizens, wildlife, and other natural resources of the state;
(c) The state of Washington has recently significantly enhanced its efforts to acquire critical habitat, natural areas, parks, and other recreation lands and to transfer suitable lands from school trust to conservation and park purposes;
(d) Recent unprecedented population growth has greatly increased the threat to the state’s fish and wildlife habitat and the demands placed on the lands under (a) of this subsection;
(e) The importance of this habitat and these lands to the state is continuing to increase as more people depend on them to satisfy their needs and more plant and animal species require state-owned lands for their survival;
(f) By itself, public ownership cannot guarantee that resources will be protected, or that appropriate recreational opportunities will be provided;
(g) Only through ongoing, responsible management can fish and wildlife habitat, sensitive ecosystems, and recreational values be protected;
(h) The operation and maintenance funding for state-owned fish and wildlife habitat, natural areas, parks, and other recreation lands has not kept pace with increasing demands placed upon such lands;
(i) Many needed operation and maintenance projects have been deferred due to insufficient funding, resulting in increased costs when the projects are finally undertaken; and
(j) An increase in operation and maintenance funding is necessary to bring state-owned lands and facilities up to acceptable standards and to protect the state’s investment in its fish and wildlife habitat, natural areas, parks, and other recreation lands.
(2) Therefore, it is the policy of the state to provide adequate and continuing funding for operation and maintenance needs of state-owned fish and wildlife habitat, natural areas, parks, and other recreation lands to protect the state’s investment in such lands, and it is the purpose of this chapter to create a mechanism for doing so.

NEW SECTION. Sec. 3. DEFINITIONS. The definitions set forth in this section apply throughout this chapter.

(1) "Basic stewardship" means the costs associated with holding and protecting property to maintain the functions for which the property was acquired. It includes, but is not limited to, costs associated with statutorily required in-lieu property taxes, weed and pest control, fire protection, fence maintenance, cultural and archaeological site protection, basic research related to maintenance of natural area preserves and natural resource conservation areas, basic resource and environmental protection, and meeting applicable legal requirements.

(2) "Improved or developed resources" means the costs associated with the built or manipulated environment. It includes, but is not limited to, costs associated with maintaining buildings, grounds, roads, trails, water access sites, and utility systems. Also included are improvements to habitat such as bank stabilization, range rehabilitation, and food and water sources.

(3) "Human use management" means the costs associated with visitor management, education, and protection.

(4) "Administration" means state agency costs necessary to support subsections (1) through (3) of this section. It includes, but is not limited to, budget and accounting, personnel support services, volunteer programs, and training.
NEW SECTION. Sec. 4. STATE WILDLIFE AND RECREATION LANDS MANAGEMENT ACCOUNT.

There is created the state wildlife and recreation lands management account in the state treasury.

(1) Moneys accumulated under this chapter shall be used exclusively for the purposes specified in this chapter. Those purposes are to support operation and maintenance activities and costs associated with owning and managing state fish and wildlife habitat, natural areas such as natural area preserves and natural resource conservation areas, parks, and other recreation lands and include:

(a) Basic stewardship;
(b) Improved or developed resources;
(c) Human use management; and
(d) Administration.

Land acquisition, facility development or replacement, major renovation projects, improvement or rehabilitation projects normally funded through the capital budget, and operation and maintenance of state fish hatcheries are excluded.

(2) No expenditures may be made from this account without legislative appropriation.

NEW SECTION. Sec. 5. ALLOCATION AND DISTRIBUTION OF MONEYS.

(1) Moneys appropriated for this chapter from the state wildlife and recreation lands management account shall be expended in the following manner:

(a) Not less than thirty percent for basic stewardship;
(b) Not less than twenty percent for improved or developed resources;
(c) Not less than fifteen percent for human use management; and
(d) Not more than fifteen percent for administration.

(e) The remaining twenty to thirty-five percent shall be considered unallocated.

(2) In the event that moneys appropriated for this chapter to the state wildlife and recreation lands management account under the initial allocation prove insufficient to meet basic stewardship needs, the unallocated amount shall be used to fund basic stewardship needs.

(3) Each eligible agency is not required to meet this specific percentage distribution. However, funding across agencies should meet these percentages during each biennium.

(4) It is intended that moneys disbursed from this account not replace existing operation and maintenance funding levels from other state sources.

(5) Agencies eligible to receive funds from this account are the departments of fisheries, natural resources, and wildlife, and the state parks and recreation commission.

(6) Moneys appropriated for this chapter from the state wildlife and recreation lands management account shall be distributed in the following manner:

(a) Not less than twenty-five percent to the state parks and recreation commission.
(b) Not less than twenty-five percent to the department of natural resources.
(c) Not less than twenty-five percent to the department of wildlife.
(d) The remaining funds shall be allocated to eligible agencies based upon an evaluation of remaining unfunded needs.

(7) The office of financial management shall review eligible state agency requests and make recommendations on the allocation of funds provided under this chapter as part of the governor’s operating budget request to the legislature.

NEW SECTION. Sec. 6. STATE WILDLIFE AND RECREATION LANDS MANAGEMENT TASK FORCE.

(1) A state wildlife and recreation lands management task force is hereby created to develop recommendations regarding a new long-term funding source or sources to meet the requirements of this chapter. The task force shall investigate possible opportunities for the use of future appropriations for habitat conservation and outdoor recreation lands under chapter 43.98A RCW in meeting major operations and maintenance funding needs. The task force shall also report on funding needed to assist counties with the required police, fire protection, and other local services provided to protect state-owned fish and wildlife habitat, natural areas, parks, and other recreation lands.

(2)(a) The task force shall be composed of seven voting members, appointed by the governor, representing different regions of the state.

(b) The task force shall include as ex officio, nonvoting members, one member from each of the departments of fisheries, wildlife, and natural resources, the state parks and recreation commission, and the office of financial management appointed by the respective directors. The president of the senate and the speaker of the house of representatives shall each appoint one nonvoting member from each caucus of their respective legislative bodies.

(3) The chair of the task force shall be a citizen member and shall be chosen by the governor.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 1992

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2660 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 46.16.006 and 1983 c 27 s 1 are each amended to read as follows:

(1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW means the effective period of a vehicle license issued by the department. Such year commences at 12:01 a.m. on the date of the calendar year designated by the department and ends at 12:01 a.m. on the same date of the next succeeding calendar year. If a vehicle license previously issued in this state has (been) expired (for more than thirty days) and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be usable for a full twelve-month period.

(2) Each registration year may be divided into twelve registration months. Each registration month commences on the day numerically corresponding to the day of the calendar month on which the registration year begins, and terminates on the numerically corresponding day of the next succeeding calendar month.

(3) Where the term "last day of the month" is used in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it means the last day of such calendar month or months irrespective of the numerical designation of that day.

(4) If the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday, such period extends through the end of the next business day.

Sec. 2. RCW 46.70.090 and 1991 c 140 s 1 are each amended to read as follows:

(1) The department shall issue a vehicle dealer license plate which shall be attached to the rear of the vehicle only and which is capable of distinguishing the classification of the dealer, to vehicle dealers properly licensed pursuant to this chapter and shall, upon application, issue manufacturer's license plates to manufacturers properly licensed pursuant to this chapter.

(2) The department shall (not issue a vehicle dealer license plate to any vehicle dealer selling fewer than five vehicles annually) issue to a vehicle dealer up to three vehicle dealer license plates. After the (first) third dealer plate is issued, the department shall limit the number of dealer plates to six percent of the vehicles sold during the preceding license period. For an original license the vehicle dealer license applicant shall estimate the first year's sales. The director or director's designee may waive these dealer plate issuance restrictions for a vehicle dealer if the waiver both serves the purposes of this chapter and is essential to the continuation of the business. The director shall adopt rules to implement this waiver.

(3) Motor vehicle dealer license plates may be used:

(a) To demonstrate motor vehicles held for sale when operated by an individual holding a valid operator's license, if a dated demonstration permit, valid for no more than seventy-two hours, is carried in the vehicle at all times it is operated by any such individual.

(b) On motor vehicles owned, held for sale, and which are in fact available for sale by the firm when operated by an officer of the corporation, partnership, or proprietorship or by their spouses, or by a bona fide full-time employee of the firm, if a card so identifying any such individual is carried in the vehicle at all times it is operated by such individual. Any such vehicle so operated may be used to transport the dealer's own tools, parts, and equipment of a total weight not to exceed five hundred pounds.

(c) On motor vehicles being tested for repair.

(d) On motor vehicles being moved to or from a motor vehicle dealer's place of business for sale.
(e) On motor vehicles being moved to or from motor vehicle service and repair facilities before sale.
(f) On motor vehicles being moved to or from motor vehicle exhibitions within the state of Washington, if any such exhibition does not exceed a period of twenty days.

(4) Mobile home and travel trailer dealer license plates may be used:
(a) On units hauled to or from the place of business of the manufacturer and the place of business of the dealer or to and from places of business of the dealer.
(b) On mobile homes hauled to a customer's location for set-up after sale.
(c) On travel trailers held for sale to demonstrate the towing capability of the vehicle if a dated demonstration permit, valid for not more than seventy-two hours, is carried with the vehicle at all times.
(d) On mobile homes being hauled from a customer's location if the requirements of RCW 46.44.170 and 46.44.175 are met.
(e) On any motor vehicle owned by the dealer which is used only to move vehicles legally bearing mobile home and travel trailer dealer license plates of the dealer so owning any such motor vehicle.
(f) On vehicles being moved to or from vehicle exhibitions within the state of Washington, if any such exhibition does not exceed a period of twenty days.

(5) Miscellaneous vehicle dealer license plates may be used:
(a) To demonstrate any miscellaneous vehicle: PROVIDED, That:
(i) No such vehicle may be demonstrated on a public highway unless the customer has an appropriate endorsement on his driver's license, if such endorsement is required to operate such vehicle; and
(ii) A dated demonstration permit, valid for no more than seventy-two hours, is carried with the vehicle at all times it is operated by any such individual.
(b) On vehicles owned, held for sale, and which are in fact available for sale, by the firm when operated by an officer of the corporation, partnership, or proprietorship or by a bona fide full-time employee of the firm, if a card so identifying such individual is carried in the vehicle at all times it is operated by him.
(c) On vehicles being tested for repair.
(d) On vehicles being transported to or from the place of business of the manufacturer and the place of business of the dealer or to and from places of business of the dealer.
(e) On vehicles on which any other item sold or to be sold by the dealer is transported from the place of business of the manufacturer to the place of business of the dealer or to and from places of business of the dealer if such vehicle and such item are purchased or sold as one package.

(6) Manufacturers properly licensed pursuant to this chapter may apply for and obtain manufacturer license plates and may be used:
(a) On vehicles being moved to or from the place of business of a manufacturer to a vehicle dealer within this state who is properly licensed pursuant to this chapter.
(b) To test vehicles for repair.

(7) Vehicle dealer license plates and manufacturer license plates shall not be used for any purpose other than set forth in this section and specifically shall not be:
(a) Used on any vehicle not within the class for which the vehicle dealer or manufacturer license plates are issued unless specifically provided for in this section.
(b) Loaned to any person for any reason not specifically provided for in this section.
(c) Used on any vehicles for the transportation of any person, produce, freight, or commodities unless specifically provided for in this section, except there shall be permitted the use of such vehicle dealer license plates on a vehicle transporting commodities in the course of a demonstration over a period not to exceed seventy-two consecutive hours from the commencement of such demonstration, if a representative of the dealer is present and accompanies such vehicle during the course of the demonstration.
(d) Used on any vehicle sold to a resident of another state to transport such vehicle to that other state in lieu of a trip permit or in lieu of vehicle license plates obtained from that other state.
(e) Used on any new vehicle unless the vehicle dealer has provided the department a current service agreement with the manufacturer or distributor of that vehicle as provided in RCW 46.70.041(1)(k).

(8) In addition to or in lieu of any sanction imposed by the director pursuant to RCW 46.70.101 for unauthorized use of vehicle dealer license plates or manufacturer license plates, the director may order that any or all vehicle dealer license plates or manufacturer license plates issued pursuant to this chapter be confiscated for such period as he deems appropriate.

Sec. 3. RCW 82.80.020 and 1991 c 318 s 13 are each amended to read as follows:
(1) The legislative authority of a county may fix and impose an additional fee, not to exceed fifteen dollars per vehicle, for each vehicle that is subject to license fees under RCW 46.16.060 and is determined by the department of licensing to be registered within the boundaries of the county.

(2) The department of licensing shall administer and collect the fee. The department shall deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds shall be remitted to the custody of the state treasurer for monthly distribution under RCW 82.80.080.

(3) The proceeds of this fee shall be used strictly for transportation purposes in accordance with RCW 82.80.070.

(4) A county imposing this fee shall delay the effective date at least six months from the date the ordinance is enacted to allow the department of licensing to implement administration and collection of the fee.

The Senate has passed HOUSE BILL NO. 2727 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 82.48.020 and 1987 c 220 s 6 are each amended to read as follows:

An annual excise tax is hereby imposed for the privilege of using any aircraft in the state. A current certificate of air worthiness with a current inspection date from the appropriate federal agency and/or the purchase of aviation fuel shall constitute the necessary evidence of aircraft use or intended use. The tax shall be collected annually or under a staggered collection schedule as required by the secretary by rule. No additional tax shall be imposed under this chapter upon any aircraft upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such aircraft has already been paid for the year in which transfer of ownership occurs. Persons who are required to register aircraft under chapter 47.68 RCW and who register aircraft in another state or foreign country and avoid the Washington aircraft excise tax are liable for such unpaid excise tax. The department of revenue may assess and collect the unpaid excise tax under chapter 82.32 RCW, including the penalties and interest provided in chapter 82.32 RCW. A violation of this chapter is a misdemeanor punishable as provided in chapter 9A.20 RCW.

Sec. 2. RCW 82.48.090 and 1989 c 378 s 25 are each amended to read as follows:

In case a claim is made by any person that the person has paid an erroneously excessive amount of excise tax under this chapter, the person may apply to the department of transportation for a refund of the claimed excessive amount together with interest at the rate specified in RCW 82.32.060. The department of transportation shall review such application, and if it determines that an excess amount of tax has actually been paid by the taxpayer, such excess amount and interest at the rate specified in RCW 82.32.060 shall be refunded to the taxpayer by means of a voucher approved by the department of transportation and by the issuance of a state warrant drawn upon and payable from such funds as the legislature may provide for that purpose. No refund shall be allowed, however, unless application for the refund is filed with the department of transportation within ninety days after the claimed excessive excise tax was paid and the amount of the overpayment exceeds five dollars.

Sec. 3. RCW 82.49.010 and 1983 2nd ex.s. c 3 s 42 are each amended to read as follows:

An excise tax is imposed for the privilege of using a vessel upon the waters of this state, except vessels exempt under RCW 82.49.020. The annual amount of the excise tax is one-half of one percent of fair market value, as determined under this chapter, or five dollars, whichever is greater. Persons who are required under chapter 88.02 RCW to register a vessel in this state and who register the vessel in another state or foreign country and avoid the Washington watercraft excise tax are liable for such unpaid excise tax. The department of revenue may assess and collect the unpaid excise tax under chapter 82.32 RCW, including the penalties and interest provided in chapter 82.32 RCW.

The excise tax upon a vessel registered for the first time in this state shall be imposed for a twelve-month period, including the month in which the vessel is registered, unless the director of licensing extends or diminishes vessel registration periods for the purpose of staggered renewal periods under RCW 88.02.050. A vessel is registered for the first time in this state when the vessel was not registered in this state for the immediately preceding registration year, or when the vessel was registered in another jurisdiction for the immediately preceding year. The excise tax on vessels required to be registered in this state on June 30, 1983, shall be paid by June 30, 1983.

Sec. 4. RCW 82.49.065 and 1989 c 68 s 3 are each amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

MARCH 4, 1992
MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2833 with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the opportunity to use reclaimed water as soon as is practicable, the legislature encourages the cooperative efforts of the public and private sectors and the use of pilot projects to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. “Greywater” means sewage having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

2. “Land application” means application of treated effluent for purposes of irrigation or landscape enhancement for residential, business, and governmental purposes.

3. “Person” means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

4. “Reclaimed water” means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a direct beneficial use or a controlled use that would not otherwise occur.

5. “Sewage” means water-carried human wastes, including kitchen, bath, and laundry waste from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

7. “Wastewater” means water and wastes discharged from homes, businesses, and industry to the sewer system.

NEW SECTION. Sec. 3. (1) The department of ecology shall, in coordination with the department of health, develop interim standards for pilot projects under subsection (3) of this section on or before July 1, 1992, for the use of reclaimed water in land applications.

(2) The department of health shall, in coordination with the department of ecology, develop interim standards for pilot projects under subsection (3) of this section on or before November 15, 1992, for the use of reclaimed water in commercial and industrial activities.

(3) The department of ecology and the department of health shall assist interested parties in the development of pilot projects to aid in achieving the purposes of this chapter.

NEW SECTION. Sec. 4. (1) The department of health shall, in coordination with the department of ecology, adopt a single set of standards, procedures, and guidelines on or before August 1, 1993, for the industrial and commercial use of reclaimed water.

(2) The department of health may issue a reclaimed water permit for industrial and commercial uses of reclaimed water to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purposes of use.

(3) The department of health in consultation with the advisory committee established in section 6 of this act, shall develop recommendations for a fee structure for permits issued under subsection (2) of this section. Fees shall be established in amounts to fully recover, and not exceed, expenses incurred by the department of health in processing permit applications and modifications, monitoring and evaluating compliance with permits, and conducting inspections and supporting the reasonable overhead expenses that are directly related to these activities. Permit fees may not be used for research or enforcement activities. The department of health shall not issue permits under this section until a fee structure has been established.

(4) A permit under this section for use of reclaimed water may be issued only to a municipal, quasi-municipal, or other governmental entity or to the holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law with regard to sewage and wastewater collection, treatment, and disposal for the protection of health and safety of the state’s waters. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.
NEW SECTION. Sec. 5. (1) The department of ecology shall, in coordination with the department of health, adopt a single set of standards, procedures, and guidelines, on or before August 1, 1993, for land applications of reclaimed water.

(2) A permit is required for any land application of reclaimed water. The department of ecology may issue a reclaimed water permit under chapter 90.48 RCW to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purpose of use. The department of ecology shall not issue more than one permit for any individual land application of reclaimed water to a single generator.

(3) In cases where the department of ecology determines, in land applications of reclaimed water, that a significant risk to the public health exists, the department shall refer the application to the department of health for review and consultation and the department of health may require fees appropriate for review and consultation from the applicant pursuant to RCW 43.70.250.

(4) A permit under this section for use of reclaimed water may be issued only to a municipal, quasi-municipal, or other governmental entity or to the holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

NEW SECTION. Sec. 6. (1) The department of health shall, before May 1, 1992, form an advisory committee, in coordination with the department of ecology and the department of agriculture, which will provide technical assistance in the development of standards, procedures, and guidelines required by this chapter. Such committee shall be composed of individuals from the public wastewater utilities, landscaping enhancement industry, commercial and industrial application community, and any other persons deemed technically helpful by the department of health.

(2) The department of health shall report to the joint select committee on water resource policy by December 1, 1992, on the fee structure which has been recommended under section 4(3) of this act and review fees authorized under section 5(3) of this act.

NEW SECTION. Sec. 7. The secretary of health has all of the enforcement powers granted to the secretary of health under chapter 43.70 RCW to enforce this chapter.

NEW SECTION. Sec. 8. Any person lawfully using reclaimed water before the effective date of this act may continue to do so and is not required to comply with the standards, procedures, and guidelines under chapter 90.48 RCW (sections 1 through 8 of this act) before July 1, 1995.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act shall constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 10. The department of health shall report to the legislature on progress, compliance, and overall participation in the use of reclaimed water in the state of Washington and, to the extent possible, on the resulting savings of water. The report shall also review and evaluate all uses of reclaimed water as of the effective date of this act, with recommendations as to the application of standards, procedures, and guidelines by the department of health to such existing uses, including guidelines and government agency approvals necessary to assure an adequate supply of safe, high quality food products for both domestic and export markets. The report shall further consider potential uses of greywater, including potential health impacts, and provide recommendations for such uses. The department of health shall prepare the report in coordination with the department of ecology, state building code council, and state board of health. The report under this subsection is due August 1, 1994.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 1 of the title, after "reclamation;" strike the remainder of the title and insert "adding a new chapter to Title 90 RCW; creating a new section; and declaring an emergency."

2. "Native ornamental trees and shrubs" shall mean any trees or shrubs which are not nursery grown and which have been removed from the ground with the roots intact.

3. "Cut or picked evergreen foliage," commonly known as brush, shall mean evergreen boughs, huckleberry, salal, fern, Oregon grape, rhododendron, and other cut or picked evergreen products.

4. "Cedar products" shall mean cedar shakeboards, shake and shingle bolts, and rounds one to three feet in length.

5. "Cedar salvage" shall mean cedar chunks, slabs, stumps, and logs having a volume greater than one cubic foot and being harvested or transported from areas not associated with the concurrent logging of timber stands (a) under a forest practices application approved or notification received by the department of natural resources, or (b) under a contract or permit issued by an agency of the United States government.

6. "Processed cedar products" shall mean cedar shakes, shingles, fence posts, hop poles, pickets, stakes, or rails; or rounds less than one foot in length.

7. "Cedar processor" shall mean any person who purchases and/or takes or retains possession of cedar products or cedar salvage, for later sale in the same or modified form, following their removal and delivery from the land where harvested.

8. "Cascara bark" shall mean the bark of a Cascara tree.

9. "Wild edible mushrooms" means edible mushrooms not cultivated or propagated by artificial means.

10. "Specialized forest products" shall mean Christmas trees, native ornamental trees and shrubs, cut or picked evergreen foliage, cedar products, cedar salvage, processed cedar products, wild edible mushrooms, and Cascara bark.

"Person" shall include the plural and all corporations foreign or domestic, copartnerships, firms, and associations of persons.

"Transportation" means the physical conveyance of specialized forest products outside or off of a harvest site, including but not limited to conveyance by a motorized vehicle designed for use on improved roadways, or by vessel, barge, raft, or other waterborne conveyance. "Transportation" also means any conveyance of specialized forest products by helicopter.

"Landowner" means, with regard to any real property, the private owner thereof, the state of Washington or any political subdivision thereof, the federal government, or any person who by deed, contract, or lease has authority to harvest and sell forest products of the property. "Landowner" does not include the purchaser or successful high bidder at any public or private timber sale.

"Authorization" means a properly completed preprinted form authorizing the transportation or possession of Christmas trees, which form contains the information required by RCW 76.48.080, and a sample of which is filed before the harvesting occurs with the sheriff of the county in which the harvesting is to occur.

A true copy will be effective until the expiration date of the specialized forest products permit unless the permittee or the permittee and permittor specify an earlier date. A permittee may require the actual signatures of both the permittee and permittor for execution of a true copy by so indicating in the space provided on the original copy of the specialized forest products permit. A permittee, or, if so indicated, the permittee and permittor, may condition the use of the true copy to harvesting only, transportation only, possession only, or any combination thereof.

A permit form shall be completed in triplicate for each permittee's property on which a permittee harvests specialized forest products. Before a permit form is validated by the sheriff, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct such other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff is reasonably satisfied as to the truth of such information, the form shall be validated with the sheriff's validation stamp provided by the department of natural resources, or true copy thereof, signed by a landowner or his duly authorized agent or representative.

MR. SPEAKER:

The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 1481 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.122.010 and 1979 c 112 s 2 are each amended to read as follows:

The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their own health care, including the decision to have life-sustaining treatment withheld or withdrawn in instances of a terminal condition or permanent unconscious condition.

The legislature further finds that modern medical technology has made possible the artificial prolongation of human life beyond natural limits.

The legislature further finds that, in the interest of protecting individual autonomy, such prolongation of life for persons with a terminal condition or permanent unconscious condition may cause loss of patient dignity, and unnecessary pain and suffering, while providing nothing medically necessary or beneficial to the patient. The legislature further believes that physicians and nurses should not withhold or unreasonably diminish pain medication for patients in a terminal condition where the primary intent of providing such medication is to alleviate pain and maintain or increase the patient's comfort.

The legislature further finds that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining treatment where the patient has the capacity to make health care decisions has voluntarily evidenced a desire that such treatment be withheld or withdrawn.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person’s physician to withhold or withdraw life-sustaining treatment in the event of a terminal condition or permanent unconscious condition. The legislature also recognizes that a person's right to control his or her health care may be exercised by an authorized representative who validly holds the person's durable power of attorney for health care.

Sec. 2. RCW 70.122.020 and 1979 c 112 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) "Adult person" means a person who has attained the age of majority as defined in RCW 26.28.010 and 26.28.015, and who has the capacity to make health care decisions.

(2) "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

(3) "Directive" means a written document voluntarily executed by the declarer generally consistent with the guidelines of RCW 70.122.030.

(4) "Health facility" means a hospital as defined in RCW 70.41.020 or a nursing home as defined in RCW 18.51.010, a home health agency or hospice agency as defined in RCW 70.126.010, or a boarding home as defined in RCW 18.20.020.

(5) "Life-sustaining treatment" means any medical or surgical intervention that uses mechanical or other artificial means, including artificially provided nutrition and
hydration, to sustain, restore, or (artificially) replace a vital function, which, when applied to a qualified patient, would serve only to (artificially) prolong the (moment of death and where, in the judgment of the attending physician, death is imminent whether or not such procedures are utilized) process of dying. "Life-sustaining (procedure) treatment" shall not include the administration of medication or the performance of any medical (procedure) or surgical intervention deemed necessary solely to alleviate pain.

(6) "Permanent unconscious condition" means an incurable and irreversible condition in which the patient is medically assessed within reasonable medical judgment as having no reasonable probability of recovery from an irreversible coma or a persistent vegetative state.

Sec. 3. RCW 70.122.030 and 1979 c 112 s 4 are each amended to read as follows:

(1) Any adult person may execute a directive directing the withholding or withdrawal of life-sustaining (procedure) treatment in a terminal condition or permanent unconscious condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer’s decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, a patient who is a patient diagnosed in writing to have a terminal condition by (two physicians, one of whom shall be) the patient’s attending physician, or a patient who is diagnosed in writing to be in a permanent unconscious condition in accordance with accepted medical standards by two physicians, one of whom is the patient’s attending physician, and both of whom have personally examined the patient.

Directives made this ___ day of _______ (month, year).

I ________, (being of sound mind) having the capacity to make health care decisions, willingly, and voluntarily make known my desire that my (life) dying shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should have an incurable injury, disease, or illness certified) be diagnosed in writing to be in a terminal condition by (two physicians) the attending physician, or in a permanent unconscious condition by two physicians, and where the application of life-sustaining (procedures) treatment would serve only to artificially prolong the (moment of my death and where my physician determines that my death is imminent whether or not life-sustaining procedures are utilized) process of my dying, I instruct that such (procedures) treatment be withheld or withdrawn, and that I be permitted to die naturally. I understand by using this form that a terminal condition means an incurable and irreversible condition caused by injury, disease, or illness, (which, regardless of the application of life-sustaining procedures, would) that, within reasonable medical judgment, (proceed) will cause death within a reasonable period of time in accordance with accepted medical standards, and where the application of life-sustaining (procedures) treatment serves only to (postpone the moment of death of the patient) prolong the process of dying.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining (procedures) treatment, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences (from) of such refusal. If another person is appointed to make these decisions for me, whether through a durable power of attorney or otherwise, I request that the person be guided by this directive and any other clear expressions of my desires.
shall make a good faith effort to transfer the qualifies patient to another physician who will effectuate the directive of circumstances to participate in the withholding or withdrawal of life-sustaining treatment if such person objects to so of the qualified patient pursuant to this subsection. 

If the physician refuses or health personnel acting in good faith with the directive or in accordance with actions should the patient's medical status change so that the directive would become operative. The physician or facility has an obligation to explain the medical risks of an immediate discharge to the qualified patient. If the provider or facility complies with the written plan required under this subsection, there shall be no civil or criminal liability for claims arising from such discharge.

A directive executed in another political jurisdiction is valid to the extent permitted by Washington state law and federal constitutional law.

NEW SECTION. Sec. 4. If a qualified patient capable of making health care decisions indicates that he or she wishes to die at home, the patient shall be discharged as soon as reasonably possible. The health care provider or facility has an obligation to explain the medical risks of an immediate discharge to the qualified patient. If the provider or facility complies with the obligation to explain the medical risks of an immediate discharge to a qualified patient, there shall be no civil or criminal liability for claims arising from such discharge.

NEW SECTION. Sec. 5. Any physician, health care provider acting under the direction of a physician, or health facility and its personnel who participate in good faith in the withholding or withdrawal of life-sustaining treatment from a qualified patient in accordance with the requirements of this chapter, shall be immune from legal liability, including civil, criminal, or professional conduct sanctions, unless otherwise negligent.

Sec. 6. RCW 70.122.060 and 1979 c 112 s 7 are each amended to read as follows:

(1) Prior to the withholding or withdrawal of life-sustaining treatment from a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is capable of making health care decisions, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The attending physician or health facility shall inform a patient or patient's authorized representative of the existence of any policy or practice that would preclude the honoring of the patient's directive at the time the physician or facility becomes aware of the existence of such a directive. If the patient, after being informed of such policy or practice, chooses to retain the physician or facility, the physician or facility with the patient or the patient's representative shall prepare a written plan to be filed with the patient's medical records.

(3) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining treatment. No physician, health facility, or health personnel acting in good faith with the directive or in accordance with the written plan in subsection (2) of this section shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to subsection (2) of this section. (If the physician refuses to effectuate the directive, such physician shall make a good faith effort to transfer the qualified patient to another physician who will effectuate the directive of the qualified patient.)

(4) No nurse, physician, or other health care practitioner may be required by law or contract in any circumstances to participate in the withholding or withdrawal of life-sustaining treatment if such person objects to so

doing. No person may be discriminated against in employment or professional privileges because of the person's participation or refusal to participate in the withholding or withdrawal of life-sustaining treatment.

Sec. 7. RCW 70.122.070 and 1979 c 112 s 8 are each amended to read as follows:

(1) The withholding or withdrawal of life-sustaining (treatment) from a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide or a homicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining (treatment) from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services.

Sec. 8. RCW 70.122.080 and 1979 c 112 s 10 are each amended to read as follows:

The act of withholding or withdrawing life-sustaining (treatment), when done pursuant to a directive described in RCW 70.122.030 and which (causes) results in the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of ((any person)) anyone that placed the declarer in a terminal condition or a permanent unconscious condition and the death of the declarer.

Sec. 9. RCW 70.122.090 and 1979 c 112 s 9 are each amended to read as follows:

Any person who willfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent shall be guilty of a gross misdemeanor. Any person who falsifies or forges the directive of another, or willfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040 with the intent to cause a withholding or withdrawal of life-sustaining (treatment) contrary to the wishes of the declarer, and thereby, because of any such act, directly causes life-sustaining (treatment) to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030.

Sec. 10. RCW 70.122.100 and 1979 c 112 s 11 are each amended to read as follows:

Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing or physician-assisted suicide, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying.

NEW SECTION. Sec. 11. This chapter shall not be construed as providing the exclusive means by which individuals may make decisions regarding their health treatment, including but not limited to, the withholding or withdrawal of life-sustaining treatment, nor limiting the means provided by case law more expansive than this act.

NEW SECTION. Sec. 12. Any person or health facility may assume that a directive complies with this chapter and is valid.

NEW SECTION. Sec. 13. A directive executed anytime before the effective date of this act which generally complies with this act is effective under this act.

NEW SECTION. Sec. 14. A new section is added to chapter 43.70 RCW to read as follows:

The department of health shall adopt guidelines and protocols for how emergency medical personnel shall respond when summoned to the site of an injury or illness for the treatment of a person who has signed a written directive or durable power of attorney requesting that he or she not receive futile emergency medical treatment.

When an applicant is found to be unqualified for a certificate because of a lack of good character, the board shall furnish the applicant a statement containing the findings of the board and a notice of the applicant's right of appeal;

(b)) Who has met ((such)) the educational standards established by rule as the board determines to be appropriate; ((and))

(c) Who has passed a written examination ((in accounting, auditing, and related subjects the board determines to be appropriate)).

(2) The examination described in subsection (1)(c) of this section shall be ((held by the board and shall take place as often as the board determines to be desirable, but at least once a year. The board shall prescribe by rule the methods of applying for and taking the examination, including methods for grading papers and determining a passing grade required of an applicant for a certificate. The board shall to the extent possible see to it that the grading of the examination, and the passing grades, are uniform with those applicable to all other states.
The board may make use of all or a part of the uniform certified public accountant examination and advisory grading service of the American Institute of Certified Public Accountants and may contract with third parties to perform administrative services with respect to the examination as the board deems appropriate to assist it in performing its duties under this chapter.

(3) The board may, by rule, provide for granting credit to a person for satisfactory completion of a written examination in any one or more of the subjects specified in subsection (1)(c) of this section given by the licensing authority in any other state. These rules shall include requirements the board determines to be appropriate in order that any examination approved as a basis for any credit shall, in the judgment of the board, be at least as thorough as the most recent examination given by the board at the time credit is granted. An applicant is required to pass all sections of the examination provided for in subsection (2) of this section in order to qualify for a certificate. If at a given sitting of the examination an applicant passes two or more but not all sections, then the applicant shall be given credit for those sections that he or she passed, and need not take those sections again: PROVIDED, That:

(d) At each subsequent sitting at which the applicant seeks to pass additional sections, the applicant takes all sections not yet passed; and

(e) In order to receive credit for passing additional sections in a subsequent sitting, the applicant attains a minimum grade of fifty on sections written but not passed on the sitting.

(4) The board may, by rule, prescribe the terms and conditions under which a person who passes the examination in one or more of the subjects indicated in subsection (1)(c) of this section may be reexamined in only the remaining subjects, giving credit for the subjects previously passed. It may also provide by rule for a reasonable waiting period for a person’s reexamination in a subject he or she has failed. A person is entitled to any number of reexaminations subject to this subsection and any other rules adopted by the board.

(5) A person passing the examination in any one or more subjects specified in subsection (1)(c) of this section shall meet the educational requirements of subsection (1)(b) of this section in effect on the date the person successfully completes the requirements of subsection (1)(c) of this section. The board may provide, by rule, for exceptions to prevent what it determines to be undue hardship to applicants. The board may waive or defer any of the requirements of subsection (3) of this section for candidates transferring conditional CPA exam credits from other states or for qualifying reciprocity certification applicants who met the conditioning requirements of the state or foreign jurisdiction issuing their original certificate.

No person shall use the term “licensed public accountant” or the designation “LPA.”

SENATE AMENDMENTS TO HOUSE BILL

MR. SPEAKER: March 3, 3992
The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 2635 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.93.010 and 1979 c 94 § 1 are each amended to read as follows:

((Recognizing the rapid population growth of the state of Washington and the ever-increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing the need to conserve energy and natural resources; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control and recovery and recycle waste materials related to litter with the subsequent conservation of resources and energy, there is hereby enacted this)) (1) The legislature finds:

(a) Washington state is experiencing rapid population growth and its citizens are increasingly mobile;
(b) There is a fundamental need for a healthful, clean, and beautiful environment;
(c) The proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard;
(d) There is a need to conserve energy and natural resources, and the effective litter control and recovery and recycling of litter materials will serve to accomplish such conservation;
(e) In addition to effective litter control, there must be effective programs to accomplish waste reduction, the state's highest waste management priority; and
(f) There must also be effective systems to accomplish all components of recycling, including collection, processing, and the marketing of recyclable materials and recycled content products.

(2) Recognizing the multifaceted nature of the state's solid waste management problems, the legislation enacted in 1971 and entitled the "Model Litter Control and Recycling Act" is hereby renamed the "waste reduction, recycling, and model litter control act".

Sec. 2. RCW 70.93.020 and 1991 c 319 § 101 are each amended to read as follows:

The purpose of this chapter is to accomplish litter control, increase waste reduction, and stimulate (private) all components of recycling (programs) throughout this state by delegating to the department of ecology the authority to:

(1) Conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible;
(2) Recover and recycle waste materials related to litter and littering;
(3) Foster public and private recycling (and markets for) of recyclable materials; and
(4) Increase public awareness of the need for recycling and litter control.

It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts.

Sec. 3. RCW 70.93.120 and 1971 ex.s. c 307 § 12 are each amended to read as follows:

In addition to any other taxes there is hereby levied and there shall be collected by the department of revenue from every person for the privilege of engaging within this state in business as a manufacturer ((and/or making sales at wholesale and/or making sales at retail)), as a wholesaler, or as a retailer, an annual litter (assessment) tax equal to the value of products listed in RCW 82.10. (RCW 70.93.130 as rescinded by section 10 of this act), including byproducts, manufactured (and sold) within this state (including by products), multiplied by ((one and one half hundredths)) fifteen one-thousandths of one percent in the case of manufacturers, and equal to the gross proceeds of ((the)) sales of the (business)) products listed in RCW 82.10. (RCW 70.93.130 as rescinded by section 10 of this act) that are sold within this state multiplied by ((one and one half hundredths)) fifteen one-thousandths of one percent in the case of ((sales at wholesale and/or at retail)) wholesalers and retailers.

Sec. 4. RCW 70.93.130 and 1971 ex.s. c 307 § 13 are each amended to read as follows:

((Because it is the express purpose of this chapter)) To accomplish effective litter control within the state ((of Washington)) and ((because it is a further purpose of this chapter)) to allocate a portion of the cost of administering ((the)) this chapter to those industries whose products, including the packages, wrappings, and containers thereof, are reasonably related to the litter problem, ((in arriving at the amount upon which the assessment is to be calculated)) the tax imposed
in this chapter shall only apply to the value of products or the gross proceeds of sales of products falling into the following categories (shall be included):

(b) It is the purpose of this chapter to allocate a portion of the cost of administration of this chapter to those industries manufacturing and/or selling products and the packages, wrappings, or containers thereof which are reasonably related to the litter problem within this state.

(2) Instead of requiring each business to separately account for taxable and nontaxable products under this chapter, the department may provide, by rule, that the tax imposed in this chapter be reported and paid based on a percentage of total sales for a particular type of business if the department determines that the percentage reasonably approximates the taxable activity of the particular type of business.

Sec. 6. RCW 70.93.160 and 1971 ex.s. c 307 s 16 are each amended to read as follows:

(1) To the extent applicable, all of the provisions of chapters 82.04 and 82.32 RCW (such as they apply are incorporated herein) apply to the tax imposed in this chapter, except RCW 82.04.220 through 82.04.290, and 82.04.330.

(1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". (2) For purposes of this section, payment shall be timely if:

(a) Except as provided otherwise in this subsection, a check or warrant is mailed or is available on the date specified for the amount specified in the applicable contract documents but not later than thirty days of receipt of a properly completed invoice or receipt of goods or services, whichever is later. If a contract is funded by grant or federal money, the public body shall pay the prime contractor for satisfactory performance within thirty calendar days of the date the public body receives a payment request that complies with the contract or within thirty calendar days of the date the public body actually receives the grant or federal money, whichever is later.

(B) Give the contracting officer of the public body a copy of the notice furnished to the subcontractor under (e)(i)(A) of this subsection; and

(C) Pay the subcontractor within eight working days after the subcontractor satisfactorily completes the remedial action identified in the notice.

(ii) If the prime contractor does not comply with the notice and payment requirements of (e)(i) of this subsection, the contractor shall pay the subcontractor interest on the withheld amount from the eighth working day at an interest rate that is equal to the amount set forth in subsection (1) of this section.

(3) For the purposes of this section:

(a) A payment is considered to be made when mailed or personally delivered to the party being paid.

(b) An invoice is considered to be received when it is date-stamped or otherwise marked as delivered. If the invoice is not date-stamped or otherwise marked as delivered, the date of the invoice is considered to be the date when the invoice is received.

NEW SECTION. Sec. 2. (1) Contracts for public improvements or work, other than for professional services, by the state, or any county, city, town, school district, commission, district, board, or other public body, herein referred to as "public body", shall provide, and there shall be reserved by the public body from the moneys earned by the contractor on estimates during the progress of the improvement or work, a sum not to exceed five percent of the moneys earned, this sum to be retained by the state, county, city, town, district, board, or other public body, as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or materialman who performs any labor upon such a contract or the doing of the work, and all persons who supply such a person or persons or subcontractors with provisions and supplies for the carrying on of the work, and the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from the contractor. A public body may not, for any purpose, reserve or retain from the moneys earned by a contractor under a public improvement contract any sum exceeding the five percent amount permitted in this subsection. Every person performing labor or furnishing supplies toward the completion of the work has a lien upon the moneys so reserved; PROVIDED, That the notice of the lien of the claimant is given within forty-five days of completion of all of the contract work other than landscaping, and in the manner provided in RCW 39.08.030: PROVIDED FURTHER, That if the board, council, commission, trustees, officer, or body acting for the state, county, or municipality or other public body:

(a) At any time after fifty percent of the original contract work has been completed, finds that satisfactory progress is being made, may make any of the partial payments which would otherwise be subsequently made in full; but in no event may the amount to be retained be reduced to less than five percent of the amount of the moneys earned by the contractor;

(b) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW; and

(c) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(2) The moneys reserved under the provisions of subsection (1) of this section, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on the account shall be paid to the contractor; or

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(3) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(4) With the consent of the public body the contractor may submit a bond for all or any portion of the amount of funds retained by the public body in a form acceptable to the public body. This bond and any proceeds therefrom are
subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier. (5) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of forty-five days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and supersed all provisions and regulations in conflict herewith. (6) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of this chapter and chapter 39.12 RCW: PROVIDED, That the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of forty-five days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims. (7) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (6) of this section. NEW SECTION. Sec. 3. After the expiration of the forty-five day period for filing a lien provided in section 2(1) of this act, and after receipt of the department of revenue's certificate, and the public body is satisfied that the taxes certified as due or to become due by the department of revenue are discharged, and the claims of materialmen and laborers who have filed their claims, together with a sum sufficient to defray the cost of foreclosing the liens of such claims, and to pay attorneys' fees, have been paid, the public body may withhold from the remaining retained amounts for claims the public body may have against the contractor and shall pay the balance, if any, to the contractor the fund retained by it or release to the contractor the securities and bonds held in escrow. If such taxes have not been discharged or the claims, expenses, and fees have not been paid, the public body shall either retain in its fund, or in an interest bearing account, or retain in escrow, at the option of the contractor, an amount equal to such unpaid taxes and unpaid claims together with a sum sufficient to defray the costs and attorney fees incurred in foreclosing the lien of such claims, and shall pay, or release from escrow, the remainder to the contractor. NEW SECTION. Sec. 4. Upon completion of a contract, the state, county or other municipal officer charged with the duty of disbursing or authorizing disbursement or payment of such contracts shall forthwith notify the department of revenue of the completion of contracts over twenty thousand dollars. Such officer shall not make any payment from the retained percentage fund or release any retained percentage escrow account to any person, until he has received from the department of revenue a certificate that all taxes, increases and penalties due from the contractor, and all taxes due and to become due with respect to such contract have been paid in full or that they are, in the department's opinion, readily collectible without recourse to the state's lien on the retained percentage. NEW SECTION. Sec. 5. A new section is added to chapter 39.04 RCW to read as follows: (1) When payment is received by a contractor or subcontractor for work performed on a public work, the contractor or subcontractor shall pay to any subcontractor not later than ten days after the receipt of the payment, amounts allowed the subcontractor on account of the work performed by the subcontractor, to the extent of each subcontractor's interest therein. (2) In the event of a good faith dispute over all or any portion of the amount due on a payment from the state or a municipality to the prime contractor, or from the prime contractor or subcontractor to a subcontractor, then the state or the municipality, or the prime contractor or subcontractor, may withhold no more than one hundred fifty percent of the disputed amount. Those not a party to a dispute are entitled to full and prompt payment of their portion of a draw, progress payment, final payment, or released retainage. (3) In addition to all other remedies, any person from whom funds have been withheld in violation of this section shall be entitled to receive from the person wrongfully withholding the funds, for every month and portion thereof
that payment including retainage is not made, interest at the highest rate allowed under RCW 19.52.025. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to costs of suit and reasonable attorneys’ fees.

NEW SECTION. Sec. 6. (1) The rights provided in this act may not be waived by the parties and a contract provision that provides for waiver of the rights provided in this act is void as against public policy.

(2) This act is to be liberally construed to provide security for all parties intended to be protected by its provisions.

NEW SECTION. Sec. 7. (1) Sections 1 through 6 of this act are applicable to all public works contracts entered into on or after September 1, 1992, relating to the construction of any work of improvement.

(2) RCW 39.76.010, 60.28.010, 60.28.020, and 60.28.050 are applicable to all public works contracts entered into prior to September 1, 1992, relating to the construction of any work of improvement.

NEW SECTION. Sec. 8. Sections 2 through 4 of this act are each added to chapter 60.28 RCW.

NEW SECTION. Sec. 9. This act shall take effect September 1, 1992.

(26) Pike Place Market: For a grant to the city of Seattle (the "city") for the Pike Place Market preservation and development authority (the "authority") to acquire the interests of what is known as the urban group partnerships (the "partnerships") in eleven properties located in the Pike Place Market historical district (the "district")

(a) No portion of the appropriation in this subsection may be expended until the (city) authority certifies to the department that:

(i) The settlement proposal agreement dated June 6, 1991, concerning the properties in the district is confirmed, including but not limited to provisions that:

(A) The partnerships will receive not more than a total of $2,250,000 under the agreement;

(B) All rights, clear title, and interest in the market property will be relinquished by the partnerships and conveyed to the authority; and

(C) All pending litigation and related disputes will be dismissed with prejudice or otherwise finally resolved;

(ii) The city has amended the authority's charter to preclude any future sales of interests in authority properties in the district that could result in loss of authority management responsibilities;

(iii) The authority has executed and recorded a conservation easement, which has been approved by the department, providing protection for the character-defining features of the district. The term of the easement shall extend until the year 2012 or until the bonds sold to provide for this appropriation are retired, whichever is later. The easement shall inure to the benefit of the state.
(b) No portion of the appropriation in this subsection may be expended until the authority has executed an agreement with the department on behalf of the state to preclude any future sales of interest in the authority properties in the district that could result in loss of authority management responsibilities, except for reasonable encumbrances necessary for market-related purposes consistent with generally accepted management principles. Such agreement shall expire upon the termination of the conservation easement as provided in (a)(ii) of this subsection or the amendment of the authority's charter as provided in (c) of this subsection, whichever is earlier.

(c) The city shall, pursuant to RCW 35.21.745, amend the authority's charter to preclude any future sales of the interests in authority properties in the district that could result in loss of authority management responsibilities, except for reasonable encumbrances necessary for market-related purposes. If the authority and its chartered constituency have not proposed to the office of the mayor by June 30, 1992, a jointly approved charter amendment, the mayor shall, in his sole discretion, promulgate such charter amendments as he deems necessary and appropriate to fulfill the intent of this subsection and protect the public interest in the Pike Place Market. If the city, through the office of the mayor, has not amended the charter by July 31, 1992, the appropriation shall be repaid by the city to the department in full, plus interest at the rate specified for the payment of delinquent property taxes. As a condition of accepting the grant provided in this subsection, the city agrees to make any repayment not later than August 31, 1992. The mayor shall, by July 31, 1992, provide the department a copy of the charter amendment and a certification that such amendment precludes any sale of any interest in the authority properties in the historic district that could result in the loss of authority management responsibilities.

(d) The appropriation in this subsection shall be matched by at least $750,000 provided from nonstate sources for the same purpose as this appropriation.

Sec. 16. 1991 sp.s c 14 s 26 (uncodified) is amended to read as follows:
FOR THE PARKS AND RECREATION COMMISSION: TIMBERLAND PURCHASES AND COMMON SCHOOL PURCHASES

The appropriation in this section is subject to the following conditions and limitations:

(1) This appropriation is provided to the state parks and recreation commission ("commission") solely to acquire trust lands that have been identified by the department of natural resources ("department") as appropriate for state park use and development. Except as specifically otherwise provided in this section, the commission shall acquire the following parcels:

(a) Lord Hill, in Snohomish county, west of Monroe;
(b) Beacon Rock, in Skamania county, adjacent to Beacon Rock State Park;
(c) Larrabee Addition, (1 and 2) in Whatcom county, northeast of Larrabee State Park and Chuckanut Mountain;
(d) South Whidbey, in Island county, adjacent to South Whidbey State Park;
(e) Wallace Falls Addition, in Snohomish county, adjacent to Wallace Falls State Park;
(f) Soleduck corridor, in Clallam county, on the Soleduck river at Sappho;
(g) Dugualia Bay property, in Island county, on the northeast shore of Whidbey Island;
(h) Rasar property, in Skagit county, west of Birdview, near the Skagit river;
(i) Wallace Falls Addition (Northwest) property, in Snohomish county, adjacent to the northwestern side of the designated park property;
(j) Wallace Falls Addition (Southwest) property, in Snohomish county, adjacent to the southwestern side of Wallace Falls State Park;
(k) Hoypus Hill in Island county south of Hoypus Point Natural Forest Area at Deception Pass State Park;
(l) Lake Easton in Eaton in Kittitas county west of Lake Easton State park near the town of Easton;
(m) Diamond Point, in Clallam county, on the Strait of Juan de Fuca; and
(n) Skykomish river property, along Highway 2, near Index.

(2) The commission may expend moneys from this appropriation for acquisition of the Skykomish river property under subsection (l)(n) of this section only to the extent that moneys remain available after the commission has made all reasonable efforts to acquire the other properties identified in this subsection. If funds remain available after all properties in (a) through (n) of this subsection have been purchased, the commission may purchase additional trust properties for park purposes. The purchases of additional properties shall be conducted in a manner that provides substantial benefit to the common school construction fund.

(3) To achieve the purposes of this section, intergrant exchanges between common school trust lands and parcels of noncommon-school trust lands shall occur on an equal-value basis.

(4) Proceeds from the transfer of the timber shall be deposited by the department in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The proceeds from the transfer of the land shall be used by the department to acquire timber land of equal value to be managed as common school trust land and to maintain a sustainable yield.

(5) The department shall attempt to maintain an aggregate ratio of approximately 85:15 timber-to-land value in these transactions. (If the aggregate value of timber to land varies by more than plus or minus five percent of that ratio, individual land acquisitions may be dropped in order to maintain the approximate ratio.)

(6) It is the intent of the legislature that, insofar as feasible, the full parcels identified in subsection (1) of this section be acquired for park purposes. However, to the extent authorized by the commission, House Bill No. 2990, or Senate Bill No. 6509, the boundaries of the Diamond Point property under subsection (l)(m) of this section may vary from the property boundaries as described in the joint study conducted by the commission and the department under section 4, chapter 163, Laws of 1985.

(b) Station improvements;

(c) Resumption of service between Seattle, Washington, and Vancouver, British Columbia; and

(d) New or additional service on other routes for which there is adequate demand and reasonable opportunity for cost recovery. 

The transportation fund--state appropriation contained in this section includes up to $5,000,000 to implement the recommendations contained in the 1991 Amtrak study for capital improvements to stations and crossings. Improvements may be made to those locations where Amtrak services are currently provided. The expenditure of state moneys for station and crossing improvements at locations where Amtrak services are not currently provided, is conditioned on a prior commitment in writing by Amtrak to the department of transportation to expand service to
additional Washington state locations. Prior to the expenditure of state moneys for capital improvements, the department of transportation shall seek additional funding from federal, local government and private sources, which includes, but is not limited to, in-kind and cash contributions. Funding priorities for station improvements shall be based on the level of local in-kind and cash contributions.

(2) (Funds are provided for acquisition of rail rights of way under RCW 47.76.140. PROVIDED, That funds expended for the Stampede Pass corridor connecting Ravensdale in King County and Cle Elum in Kittitas County may be expended only if the corridor is acquired jointly with the city of Tacoma. The department shall enter into an agreement with the City of Tacoma to develop appropriate restrictions on the use of the right of way designed to protect Tacoma's Green River water supply. Following acquisition, the department may not expend or authorize the expenditure of funds for improvements to tracks, bridges, and associated elements without prior legislative approval. Funds may be expended for necessary maintenance and preservation, such as fire and weed control. This appropriation shall lapse if $1,100,000 is not reappropriated for the purchase of corridors from the essential rail banking account.

(3)) Moneys in this appropriation for the Spokane intermodal transportation center may be expended only after the Washington state transportation commission has received funding commitments from all other project participants.

((4))) (3) Of the amount provided for regional transportation planning organizations, funds not allocated to such organizations may be used for a discretionary grant program for special regional planning projects, to be administered by the department of transportation.

((5))) (4) The amount provided for implementation of the universal bus pass program at the University of Washington shall be expended solely for one-time infrastructure costs for modification of roads to accommodate buses, modification of parking facilities, bus shelters, security lighting for night shuttle programs, and bike storage facilities. It is the intent of the legislature that comparable comprehensive programs be developed in the near future for all universities and colleges within the greater Seattle area. To that end, Metro, community transit and Pierce transit, and Seattle area colleges and universities shall work together and submit a plan to the legislative transportation committee identifying potential services, costs and implementation schedules. The plan shall be submitted by November 1992.

(5) In order to accommodate the federal 1991 intermodal surface transportation efficiency act (P.L. 101-240; 105 Stat. 1914) the department of transportation may transfer dollar for dollar from the motor vehicle fund--state appropriation to the motor vehicle fund--federal appropriation.

(6) The legislature finds that there is a significant state interest in transportation systems and facilities that serve regional and state-wide travel. Further, the state growth management act gives local governments significant authority to develop plans for all transportation systems, including regional and state-wide facilities. While the department of transportation and the transportation commission have broad authority to develop state-wide transportation plans, the relationship between these plans and local growth management plans is unclear.

The department of transportation is directed to report to the 1993 legislature on a proposed definition of transportation issues of state-wide significance, the recommended role of the state, regions, and local governments in addressing these issues, and a proposed process for their inclusion in local comprehensive plans. The department shall involve local governments, regional transportation planning organizations, and the department of community development in the development of these recommendations.

(7) Up to $415,000 of the appropriation in this section is provided for funding of the demonstration projects specified in the federal 1991 intermodal surface transportation efficiency act (P.L. 101-240; 105 Stat. 1914).

(8) Up to $300,000 of the public transportation systems account--state appropriation in this section is provided for grants to transit agencies with populations of less than 200,000 to assist in preparation of the agencies' transit development plans, due June 1, 1993, pursuant to RCW 35.85.2795.

(9) In order to fulfill the purposes of the 1991 federal intermodal surface transportation efficiency act (P.L. 101-240; 105 Stat. 1914) the Central Puget Sound Public Transportation Account--State Appropriation is to fund a study on the interrelationships of land-use planning and zoning to transit ridership. The study shall be conducted by a county of more than 1,000,000 persons: PROVIDED, That the county provide matching funds of $50,000: AND PROVIDED FURTHER, That this appropriation be contingent on the passage of Senate Bill No. 6209 (Chapter --, Laws of 1992) or Engrossed House Bill No. 2830. A report on the findings shall be provided to the legislative transportation committee, the department of transportation, and the office of the governor no later than November 30, 1993.

Sec. 23. 1991 sp.s. c 15 s 38 (uncodified) is amended to read as follows:

The department of transportation shall revise these projects to reconcile them with the 1989-91 actual expenditures within sixty days of the beginning of the biennium. The department shall also reevaluate such projects, based on the findings and recommendations of the April 5, 1991, Final Report by Booz Allen, Hamilton and M. Rosenblatt and Son, Inc. on the Washington State Ferries’ Vessel Refurbishment Programs, and, if appropriate, make the necessary project revisions, after consultation with the legislative transportation committee, prior to September 1, 1991.

The Puget Sound capital construction account—state appropriation includes the reappropriation of $18,965,000 and $15,000,000 in proceeds from the sale of bonds authorized by RCW 47.60.560 and $10,000,000 in proceeds from the sale of bonds authorized by House Bill No. 2896, Laws of 1992, which shall be used toward the completion of an auto passenger vessel or vessels-jumbo class: PROVIDED, That the department of transportation may use current revenues available to the Puget Sound capital construction account in lieu of bond proceeds for any part of the state appropriation.

The legislature intends that the construction and assembly of any auto passenger vessel or vessels-jumbo class resulting from bond sale proceeds authorized by House Bill No. 2896, Laws of 1992, occur within Washington state.

The appropriation in this section contains an amount for prerefurbishment inspections as identified in Recommendation 8 of the April 5, 1991, Final Report by Booz Allen, Hamilton and M. Rosenblatt and Son, Inc. on the Washington State Ferries’ Vessel Refurbishment Programs.

$300,000 of the Puget Sound capital construction account—state appropriation is provided to implement Recommendation Numbers 7 and 19 of the April 5, 1991, Final Report by Booz Allen, Hamilton and M. Rosenblatt and Son, Inc. on the Washington State Ferries’ Vessel Refurbishment Programs. Of that amount $200,000 is provided for implementing a formal hazardous materials program and $100,000 is provided for audiogauge steel testing.

The department of transportation shall establish a task force to assess and oversee the implementation of the recommendations contained in the April 5, 1991, Final Report by Booz Allen, Hamilton and M. Rosenblatt and Son, Inc. on the Washington State Ferries’ Vessel Refurbishment Programs. The task force shall be comprised of department of transportation management, representatives of Washington state ferry system employee organizations, the shipbuilding industry, the legislative transportation committee, and any other entity or individual as deemed appropriate by the department. The task force shall provide a progress report to the legislative transportation committee by December 1, 1991 and December 1, 1992.

In order to accommodate the federal 1991 intermodal surface transportation efficiency act (P.L. 101-240; 105 Stat. 1914), the department may transfer on a dollar for dollar basis, motor vehicle fund—Puget Sound capital construction account—state appropriation to the motor vehicle fund—Puget Sound capital construction account—federal appropriation.

The state patrol and the department of licensing shall coordinate their activities when siting facilities. This coordination shall result in the colocatiun of driver and vehicle licensing and vehicle inspection service facilities whenever possible.

The department and state patrol shall explore alternative state services, such as vehicle emission testing, that would be feasible to colocate in these joint facilities. The department and state patrol shall reach agreement with the department of transportation for the purposes of offering department of transportation permits at these one-stop transportation centers. All services provided by the department or the state patrol at these transportation service facilities shall be provided at cost to the participating agencies.

In those instances where the community need or the agencies needs do not warrant colocation this proviso shall not apply.

The state patrol shall examine, whenever possible, the colocatiun of the emergency response activities of the state patrol and other agencies responsible for emergency response activities. The examination shall include an evaluation of the Camp Murray site. The state patrol shall report to the legislature by December 1, 1992 on the examination.

Sec. 27. 1991 sp.s. c 14 s 29 (uncodified) is amended to read as follows:

FOR THE WASHINGTON STATE PATROL

(1) Crime laboratory, Tacoma: To design and construct a new eight thousand-square foot crime lab facility in Tacoma, to be co-located with the Washington State Patrol/Department of Licensing District headquarters (92-1-008)

Appropriation:
NEW SECTION. Sec. 28. A new section is added to 1991 sp.s. c 15 to read as follows:

FOR DEPARTMENT OF TRANSPORTATION

Motor Vehicle Fund--State Appropriation Transfer:
For transfer to transportation equipment fund .......... $ 146,000

This appropriation is provided to replace equipment lost and other associated costs in the Kent maintenance facility fire.

NEW SECTION. Sec. 29. A new section is added to 1991 sp.s. c 15 to read as follows:

The office of financial management shall conduct a study, in conjunction with the department of transportation, the department of licensing, and the Washington state patrol, of the methods used by the revolving fund agencies to determine actual services provided to the transportation agencies. The study shall determine whether or not allocation methodologies used to assign these costs to transportation agencies are consistent with accepted accounting principles.

NEW SECTION. Sec. 30. A new section is added to 1991 sp.s. c 15 to read as follows:

Agencies shall comply with the following requirements regarding information technology projects if directed to do so by specific appropriation proviso within this act.

It is the intent of the legislature that information technology projects in state government be managed and completed successfully. Information technology projects should be divided into distinct phases. Each phase of a project should be
successfully completed before subsequent phases are commenced. In addition to the post-implementation review, project reviews and quality assurance measures are to be conducted throughout the project.

The legislature, department of information services and office of financial management, should evaluate each project’s scope, duration, and risk in determining whether appropriations should be for a fiscal year or a biennium, and whether specific phases or the entire project can be accomplished within a specified time period.

Work shall not commence on any task in a subsequent phase of a project after a key decision point review unless there is approval to proceed, based upon approval of the deliverables from the preceding phase and approval of the updated project management plan for the subsequent phase, by the project agreement participants and written notification to the legislative transportation committee.

(1) Prior to requesting moneys from the legislature, or as a condition of receiving an appropriation for planning or development of information technology projects, an agency shall complete a project needs assessment process. The needs assessment process shall detail the key issues to be addressed by the information technology project. The needs assessment process shall precede the feasibility study.

The needs assessment process must include: The project’s scope; key business and technical issues to be addressed; major business objectives; alternative project approaches; project justifications; project management approach including phases necessary to complete the project; and evaluation of initial feasibility of the project. The purpose of the needs assessment process is to provide the legislature, office of financial management, and the department of information services with the high level information that is needed to grant approval to proceed with the project.

(2) The agency shall produce a feasibility study for each information systems project in accordance with published department of information services instructions. The study shall examine and evaluate the costs and benefits of maintaining the current technology or process versus the costs and benefits of the proposed system. The study shall identify if and in what amounts any fiscal savings, costs, and benefits will occur, and what programs or fund sources will be affected. Benefits of information technology projects shall not be limited to future fiscal savings, but may include maintenance of, or improvements in service delivery by the agency to the citizens of the state. The feasibility study shall be an evolving document. The feasibility study shall be accompanied by the project management plan described in subsection (3) of this section.

(3) The agency shall produce a project management plan which shall document how the agency will manage the project identified in the feasibility study. The plan shall be an evolving document. Each subsequent phase of the project shall have an updated project management plan submitted as a prerequisite for approval to begin the next phase.

The project management plan shall cover all factors critical to the entire project; shall specifically address management plans for successfully completing the subsequent phase; and shall address all factors critical to the overall project, including, but not limited to, the following elements:

(a) Project organization: Define agency executive personnel accountable for project success; define oversight and management committee structures; identify key personnel including key project positions that are not yet filled; address agency and vendor staffing requirements, including backfilling requirements; and other key resources needed for successful project implementation.

(b) A description of scope change and cost control procedures.
(c) A risk assessment and risk mitigation plan.
(d) A description of project oversight and quality assurance procedures.
(e) A project workplan: Explaining the appropriately defined phases, key management decision points, scheduling of other activities, estimated costs for the next phase or phases to be conducted in a specified time period, a description of project management procedures including communication strategies, documentation control, and issues management.

(4) A project agreement shall be prepared by the sponsoring agency, in a format prescribed by the department of information services, following approval of the project management plan and feasibility study by the department of information services, the office of financial management, and appropriation by the legislature.

The project agreement shall address all pertinent information included in the needs assessment, project management plan, feasibility study, and the budget request information submitted to the office of financial management and the legislature.

The agency head, the director of the department of information services, and the director of the office of financial management shall evaluate and approve the project agreement. A copy of the final project agreement shall be provided to the legislative transportation committee. Any changes to the agreement shall be made with the mutual written consent of the parties. The legislative transportation committee shall receive written prior notification of all proposed changes in a timely manner and may provide written comments on such proposed changes.

(5) Prior to reaching key decision points identified in the project management plan a project status report shall be submitted to the department of information services, the office of financial management, and the legislative transportation...
committee for each project. Project status reports shall examine and evaluate project management, accomplishments, budget, action to address variances, risk management, and other significant issues critical to completion of a project.

(6) In instances where a project review is requested in accordance with department of information services policies, the review shall examine and evaluate: System requirements specifications; scope; executive commitment and project management procedures; system architecture; change controls; documentation; user involvement; training; availability and capability of resources; programming languages and techniques; system inputs and outputs; plans for testing, conversion, implementation, and post-implementation; and other aspects critical to successful construction, integration, and implementation of information technology projects as appropriate. Copies of written project review reports shall be forwarded to the office of financial management and the legislative transportation committee by the agency.

(7) The agency and the department of information services shall provide the legislative transportation committee and the office of financial management with a written bi-monthly project oversight and risk assessment report for each project. The report shall include, but not be limited to, the following: Project name, agency undertaking the project, a description of the project, key project activities during the next sixty to ninety days, base-line cost data, costs to date, schedule to date, risk assessments, risk management, and recommendations.

(8) A written post-implementation review report shall be prepared by the agency for each information systems project in accordance with published department of information services instructions. In addition to the information requested pursuant to the department of information services instructions, post-implementation reports shall evaluate the degree to which a project accomplished its major objectives including, but not limited to, a comparison of original cost and benefit estimates to actual costs and benefits achieved. Copies of post-implementation review reports shall be provided to the department of information services, the office of financial management, and the legislative transportation committee.

(9) Where major variances in project scope, cost, or risk occur, the sponsoring agency shall inform the department of information services of the change. The director of the sponsoring agency and the director of the department of information services shall jointly report such findings in writing to the legislative transportation committee and office of financial management. A major variance is defined as a budget change in excess of $1,000,000 or ten percent, whichever is lower; an increase in risk category to high; or a change in scope that could result in major change in budget or risk.

NEW SECTION. Sec. 31. 1991 c 342 s 15 is repealed.
NEW SECTION. Sec. 32. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

"Tuition fee" includes library, laboratory, health service and other special fees, and amounts charged for room and board by an educational institution when the property or service for which such charges are made is furnished exclusively to the students or faculty of such institution. "Educational institution," as used in this section, means only those institutions created or generally accredited as such by the state, or defined as a degree granting institution under RCW 28B.85.010(3) and accredited by an accrediting association recognized by the United States secretary of education, and offering to students an educational program of a general academic nature or those institutions which are not operated for profit and which are privately endowed under a deed of trust to offer instruction in trade, industry, and agriculture, but not including specialty schools, business colleges, other trade schools, or similar institutions.

Sec. 2. RCW 82.08.050 and 1986 c 36 s 1 are each amended to read as follows:

The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

Sec. 3. RCW 82.32.090 and 1991 c 142 s 11 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be assessed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than five dollars.
(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(5) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(6) The aggregate of penalties imposed under this section for failure to pay a tax due on a return by the due date, late payment of any tax, increase, or penalty, or issuance of a warrant shall not exceed thirty-five percent of the tax due, or twenty dollars, whichever is greater.

(7) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

Sec. 4. RCW 82.32.180 and 1989 c 378 s 23 are each amended to read as follows:

Any person, except one who has failed to keep and preserve books, records, and invoices as required in this chapter and chapter 82.24 RCW, having paid any tax as required and feeling aggrieved by the amount of the tax may appeal to the superior court of Thurston county, within the time limitation for a refund provided in chapter 82.32 RCW or, if an application for refund has been made to the department within that time limitation, then within thirty days after rejection of the application, whichever time limitation is later. In the appeal the taxpayer shall set forth the amount of the tax imposed upon the taxpayer which the taxpayer concedes to be the correct tax and the reason why the tax should be reduced or abated. The appeal shall be perfected by serving a copy of the notice of appeal upon the department within the time herein specified and by filing the original thereof with proof of service with the clerk of the superior court of Thurston county. (Within ten days after filing the notice of appeal, the taxpayer shall file with the clerk of the superior court a good and sufficient surety bond payable to the state in the sum of two hundred dollars, conditioned to diligently prosecute the appeal and pay the state all costs that may be awarded if the appeal of the taxpayer is not sustained.)

The trial in the superior court on appeal shall be de novo and without the necessity of any pleadings other than the notice of appeal. The burden shall rest upon the taxpayer to prove that the tax as paid by the taxpayer is incorrect, either in whole or in part, and to establish the correct amount of the tax. In such proceeding the taxpayer shall be deemed the plaintiff, and the state, the defendant; and both parties shall be entitled to subpoena the attendance of witnesses as in other civil actions and to produce evidence that is competent, relevant, and material to determine the correct amount of the tax that should be paid by the taxpayer. Either party may seek appellate review in the same manner as other civil actions are appealed to the appellate courts.

It shall not be necessary for the taxpayer to protest against the payment of any tax or to make any demand to have the same refunded or to petition the director for a hearing in order to appeal to the superior court, but no court action or proceeding of any kind shall be maintained by the taxpayer to recover any tax paid, or any part thereof, except as herein provided.

The provisions of this section shall not apply to any tax payment which has been the subject of an appeal to the board of tax appeals with respect to which appeal a formal hearing has been elected.

Sec. 5. RCW 67.28.183 and 1988 c 61 s 2 are each amended to read as follows:

(1) The ((taxes)) taxes levied ((by RCW 67.28.180 and 67.28.182)) under this chapter shall not apply to emergency lodging provided for homeless persons for a period of less than thirty consecutive days under a shelter voucher program administered by an eligible organization.

(2) For the purposes of this exemption, an eligible organization includes only cities, towns, and counties, or their respective agencies, and groups providing emergency food and shelter services.

Sec. 6. RCW 82.29A.020 and 1986 c 283 s 1 are each amended to read as follows:
As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. PROVIDED. That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall include the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites. The term "leasehold interest" shall not include road or utility easements or rights of access, occupancy or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. PROVIDED. That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including:

The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessee's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest shall be part of contract rent.

"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee’s accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by
lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement, except that a lease for ten years or longer that calls for changes in rent on a set schedule of at least every five years shall be considered a renegotiated lease, if the change in rent is based on a standard state or federal index such as the consumer price index. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

Sec. 7. RCW 82.29A.130 and 1975-76 2nd ex.s. c 61 s 13 are each amended to read as follows:
The following leasehold interests shall be exempt from taxes imposed pursuant to RCW 82.29A.030 and 82.29A.040:

(1) All leasehold interests constituting a part of the operating properties of any public utility which is assessed and taxed as a public utility pursuant to chapter 84.12 RCW.

(2) All leasehold interests in facilities owned or used by a school, college or university which leasehold provides housing for students and which is otherwise exempt from taxation under provisions of RCW 84.36.010 and 84.36.050.

(3) All leasehold interests of subsidized housing where the fee ownership of such property is vested in the government of the United States, or the state of Washington or any political subdivision thereof but only if income qualification exists for such housing.

(4) All leasehold interests used for fair purposes of a nonprofit fair association that sponsors or conducts a fair or fairs which receive support from revenues collected pursuant to RCW 67.16.100 and allocated by the director of the department of agriculture where the fee ownership of such property is vested in the government of the United States, the state of Washington or any of its political subdivisions: PROVIDED, That this exemption shall not apply to the leasehold interest of any sublessee of such nonprofit fair association if such leasehold interest would be taxable if it were the primary lease.

(5) All leasehold interests in any property of any public entity used as a residence by an employee of that public entity who is required as a condition of employment to live in the publicly owned property.

(6) All leasehold interests held by enrolled Indians of lands owned or held by any Indian or Indian tribe where the fee ownership of such property is vested in or held in trust by the United States and which are not subleased to other than to a lessee which would qualify pursuant to this chapter, RCW 84.36.451 and 84.40.175.

(7) All leasehold interests in any real property of any Indian or Indian tribe, band, or community that is held in trust by the United States or is subject to a restriction against alienation imposed by the United States: PROVIDED, That this exemption shall apply only where it is determined that contract rent paid is greater than or equal to ninety percent of fair market rental, to be determined by the department of revenue using the same criteria used to establish taxable rent in RCW 82.29A.020(2)(b).

(8) All leasehold interests for which annual taxable rent is less than two hundred fifty dollars per year. For purposes of this subsection leasehold interests held by the same lessee in contiguous properties owned by the same lessor shall be deemed a single leasehold interest.

(9) All leasehold interests which give use or possession of the leased property for a continuous period of less than thirty days: PROVIDED, That for purposes of this subsection, successive leases or lease renewals giving substantially continuous use of possession of the same property to the same lessee shall be deemed a single leasehold interest: PROVIDED FURTHER, That no leasehold interest shall be deemed to give use or possession for a period of less than thirty days solely by virtue of the reservation by the public lessor of the right to use the property or to allow third parties to use the property on an occasional, temporary basis.

(10) All leasehold interests under month-to-month leases in residential units rented for residential purposes of the lessee pending destruction or removal for the purpose of constructing a public highway or building.

(11) All leasehold interests in any publicly owned real or personal property to the extent such leasehold interests arise solely by virtue of a contract for public improvements or work executed under the public works statutes of this state or of the United States between the public owner of the property and a contractor.
sec. 8. RCW 82.29A.050 and 1975-76 2nd ex.s. c 61 s 5 are each amended to read as follows:

(1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 shall be paid by the lessee to the lessor and the lessee shall collect such tax and remit the same to the department of revenue. The tax shall be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment shall be accompanied by such information as the department of revenue may require.

(2) The lessee receiving taxes payable under the provisions of this chapter shall remit the same together with a return provided by the department, to the department of revenue on or before the ((fifteenth)) last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year. The lessor shall be fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor shall constitute a debt from the lessee to the lessor. The tax required by this chapter shall be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax: PROVIDED, That taxes due where contract rent has not been paid shall be reported by the lessor to the department and the lessee alone shall be liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands shall report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessee would be required to report and remit the tax if such lessor were a state public entity.

Sec. 9. RCW 82.04.300 and 1983 c 3 s 213 are each amended to read as follows:

This chapter shall apply to any person engaging in any business activity taxable under RCW 82.04.230, 82.04.240, 82.04.250, 82.04.260, 82.04.270, 82.04.280 and 82.04.290 other than those whose value of products, gross proceeds of sales, or gross income of the business is less than one thousand dollars per month: PROVIDED, That where one person engages in more than one business activity and the combined measures of the tax applicable to such businesses equal or exceed one thousand dollars per month, no exemption or deduction from the amount of tax is allowed by this section.

Any person claiming exemption under the provisions of this section may be required, according to rules adopted by the department, to file returns even though no tax may be due: PROVIDED, FURTHER, That the department of revenue may allow exemptions, by general rule or regulation, in those instances in which quarterly, semiannual, or annual returns are permitted. Exemptions for such periods shall be equivalent in amount to the total of exemptions for each month of a reporting period.

Sec. 10. RCW 82.32.030 and 1982 1st ex.s. c 4 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she shall, ((whether taxable or not)) under such rules (and regulations) as the department of revenue shall prescribe, apply for and obtain from the department a registration certificate upon payment of fifteen dollars. Such registration certificate shall be personal and nontransferable and shall be valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public shall be required, but, for such additional certificates no additional payment shall be required. Each certificate shall be numbered and shall show the name, residence, and place and character of business of the
taxpayer and such other information as the department of revenue deems necessary and shall be posted in a conspicuous
place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer
must return to the department the existing certificate, and a new certificate will be issued for the new place of business
free of charge. No person required to be registered under this section shall engage in any business taxable hereunder
without first being so registered ((in compliance with the provisions of this section, except that)). The department, by
((general regulation)) rule, may provide for the issuance of certificates of registration, without requiring payment, to
temporary places of business ((without requiring payment)) or to persons who are exempt from tax under RCW 82.04.300.
(2) Registration under this section is not required if the following conditions are met:
(a) A person's value of products, gross proceeds of sales, or gross income of the business is below the tax
reporting threshold provided in RCW 82.04.300;
(b) The person is not required to collect or pay to the department of revenue any other tax which the department
is authorized to collect; and
(c) The person is not otherwise required to obtain a license subject to the master application procedure provided
in chapter 19.02 RCW.

POINT OF ORDER

Mr. Wang: I would like to ask for a ruling on the scope and object of the Senate amendments to Engrossed House Bill No. 2680.

SPEAKER'S RULING

The Speaker: Representative Wang, the Speaker has examined Engrossed House Bill No. 2680, find that the title in this bill is fairly straight forward, an act relating to the improvement of the administration of assessment and collection of taxes. The Senate amendments adds, four or five, at least five new taxes exemptions. I find Representative Wang your point is well taken. The amendment is clearly outside the scope and object.

Sec. 1. RCW 53.04.020 and 1990 c 259 s 15 are each amended to read as follows:

At any general election or at any special election which may be called for that purpose, the county legislative authority of any county in this state may, or on petition of ten percent of the registered voters of such county based on the total vote cast in the last general county election, shall, by resolution submit to the voters of such county the proposition of creating a port district (which may: (1) be coextensive with the limits of such county (as now or hereafter established; or (2) be under the provisions of RCW 53.04.022)). Such petition shall be filed with the county auditor, who shall within fifteen days examine the signatures thereof and certify to the sufficiency or insufficiency thereof, and for such purpose the county auditor shall have access to all registration books in the possession of the officers of any incorporated city or town in such proposed port district. If such petition be found to be insufficient, it shall be returned to the persons filing the same, who may amend or add names thereto for ten days, when the same shall be returned to the county auditor, who shall have an additional fifteen days to examine the same and attach his or her certificate thereto. No person having signed such petition shall be allowed to withdraw his or her name therefrom after the filing of the same with the county auditor. Whenever such petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his or her certificate of sufficiency attached thereto, to the legislative authority of the county, who shall submit such proposition at the next general election or, if such petition so requests, the county legislative authority shall, at their first meeting after the date of such certificate, by resolution, call a special election to be held in accordance with RCW 29.13.010 and 29.13.020. The notice of election shall state the boundaries of the proposed port district and the object of such election. In submitting the question to the voters for their approval or rejection, the proposition shall be expressed on the ballot substantially in the following terms:

"Port of .......... , Yes." (giving the name of the principal seaport city within such proposed port district, or if there be more than one city of the same class within such district, such name as may be determined by the legislative authority of the county).

"Port of .......... , No." (giving the name of the principal seaport city within such port district, or if there be more than one city of the same class within such district, such name as may be determined by the legislative authority of the county).

NEW SECTION. Sec. 2. A new section is added to chapter 53.04 RCW to read as follows:

A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county bordering on saltwater that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election as provided in RCW 53.12.050,
but the election of commissioners shall be null and void if the port district is not created. Commissioner districts shall not be used in the initial election of the port commissioners.

This section shall expire July 1, 1997.

NEW SECTION. Sec. 3. A new section is added to chapter 53.04 RCW to read as follows:
A port district that is less than county-wide may annex adjacently located territory that is located in another less than county-wide port district in the same county, if the territory proposed to be annexed is located in a city the name of which is included as part of the name of the annexing port district. A port district proposing to annex territory under this section shall by resolution cause a ballot proposition on the issue of annexation to be submitted to the voters of the area proposed to be annexed. The annexation is authorized when the ballot proposition is approved of by over fifty percent of the ballots cast. The territory that is annexed shall be removed from the other port district.

This section shall expire January 1, 1995.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 5. A new section is added to chapter 53.12 RCW to read as follows:
For purposes of this chapter, "gross operating revenue" means the total of all revenues received by a port district.

On page 1, line 1 of the title, after "districts;" strike the remainder of the title and insert "amending RCW 53.04.020; adding new sections to chapter 53.04 RCW; and adding a new section to chapter 53.12 RCW."

(2) The board shall elect a chair from among its number; however, neither the secretary of state nor the state director of elections nor their designees may serve as the chair of the board. A majority of the members appointed to the board constitutes a quorum for conducting the business of the board. Chapter 42.30 RCW, the open public meetings act, and RCW 42.32.030 regarding minutes of meetings, apply to the meetings of the board.

(3) Members of the board shall serve without compensation. (b) The policies and procedures for conducting election reviews under section 9 of this act; and
(c) The policies and standards to be used by the board in reviewing and rendering decisions regarding appeals filed under section 9 of this act.

The initial policies and standards adopted under (c) of this subsection shall be adopted concurrently with adoption of the initial policies and procedures adopted under (b) of this subsection.

(2) The board created in section 3 of this act shall review appeals filed under section 7 or 9 of this act. A decision of the board regarding such an appeal shall be supported by not less than a majority of the members appointed to the board. A decision of the board regarding an appeal filed under section 9 of this act concerning an election review conducted under that section is final. If a decision of the board regarding an appeal filed under section 7 of this act includes a recommendation that a certificate be issued, the certificate shall be issued by the secretary of state as recommended by the board.

(3) The board created in section 3 of this act may adopt rules governing its procedures.

NEW SECTION. Sec. 5. The secretary of state shall:

NEW SECTION. Sec. 6. A person having responsibility for the administration or conduct of elections, other than precinct election officers, shall, within eighteen months of undertaking those responsibilities or within eighteen months of the effective date of this section, whichever is later, receive general training regarding the conduct of elections

1. Secretary of state elections division personnel;
2. County elections administrators under section 12 of this act;
3. County canvassing board members;

The secretary of state shall reimburse election observers in accordance with RCW 43.03.050 and 43.03.060 for travel expenses incurred to receive training required under subsection (4) of this section.

Neither this section nor section 5 of this act may be construed as requiring an elected official to receive training or a certificate of training as a condition for seeking or holding elective office or as a condition for carrying out constitutional duties.

NEW SECTION. Sec. 7. (1) A decision of the secretary of state to deny certification under section 5 of this act shall be entered in the manner specified for orders under the administrative procedure act, chapter 34.05 RCW. Such a decision shall be effective for a period of twenty days following the date of the decision, during which time the person denied certification may file a petition with the secretary of state requesting the secretary to reconsider the decision and to grant certification. The petitioner shall include, in the petition, an explanation of the reasons why the initial decision is incorrect and certification should be granted, and may include a request for a hearing on the matter. The secretary of state shall reconsider the matter if the petition is filed in a proper and timely manner. If a hearing is requested, the secretary of state shall conduct the hearing within sixty days after the date on which the petition is filed. The secretary of state shall render a final decision on the matter within ninety days after the date on which the petition is filed.

(2) Within twenty days after the date on which the secretary of state makes a final decision denying a petition under this section, the petitioner may appeal the denial to the board created in section 3 of this act. In deciding appeals, the board shall restrict its review to the record established when the matter was before the secretary of state. The board shall affirm the decision if it finds that the record supports the decision and that the decision is not inconsistent with other decisions of the secretary of state in which the same standards were applied and certification was granted. Similarly, the board shall reverse the decision and recommend to the secretary of state that certification be granted if the board finds that such support is lacking or that such inconsistency exists.

(3) Judicial review of certification decisions shall be as prescribed under RCW 34.05.510 through 34.05.598, but shall be limited to the review of board decisions denying certification.

NEW SECTION. Sec. 8. An election review section is established in the elections division of the office of the secretary of state. Permanent staff of the elections division, trained and certified as required by section 6 of this act, shall perform the election review functions prescribed by section 9 of this act. The staff may also be required to assist in training, certification, and other duties as may be assigned by the secretary of state to ensure the uniform and orderly conduct of elections in this state.

NEW SECTION. Sec. 9. (1)(a) The election review staff of the office of the secretary of state shall conduct a review of election-related policies, procedures, and practices in an affected county or counties:

(i) If the unofficial returns of a primary or general election for a position in the state legislature indicate that a mandatory recount is likely for that position; or

(ii) If unofficial returns indicate a mandatory recount is likely in a state-wide election or an election for federal office.

Reviews conducted under (ii) of this subsection shall be performed in as many selected counties as time and staffing permit. Reviews conducted as a result of mandatory recounts shall be performed between the time the unofficial returns are complete and the time the recount is to take place, if possible.

(b) In addition to conducting reviews under (a) of this subsection, the election review staff shall also conduct such a review in a county periodically after a county primary or special or general election at the direction of the secretary of state or at the request of the county auditor. If any resident of this state believes that an aspect of a primary or election has been conducted inappropriately in a county, the resident may file a complaint with the secretary of state. The secretary shall consider such complaints in scheduling periodic reviews under this section.

(c) Each county shall be reviewed under this section not less than once every four years. Before an election review is conducted in a county, the secretary of state shall provide the county auditor of the affected county and the chair of the state central committee of each major political party with notice that the review is to be conducted. When a periodic review is to be conducted in a county at the direction of the secretary of state under (b) of this subsection, the secretary shall provide the affected county auditor not less than thirty days' notice.
(2) Reviews shall be conducted in conformance with rules adopted under section 4 of this act. In performing a review in a county under this chapter, the election review staff shall evaluate the policies and procedures established for conducting the primary or election in the county and the practices of those conducting it. As part of the review, the election review staff shall issue to the county auditor and the members of the county canvassing board a report of its findings and recommendations regarding such policies, procedures, and practices. A review conducted under this chapter shall not include any evaluation, finding, or recommendation regarding the validity of the outcome of a primary or election or the validity of any canvass of returns nor does the election review staff have any jurisdiction to make such an evaluation, finding, or recommendation under this title.

(3) The county auditor of the county in which a review is conducted under this section or a member of the canvassing board of the county may appeal the findings or recommendations of the election review staff regarding the review by filing an appeal with the board created under section 3 of this act.

NEW SECTION. Sec. 10. The county auditor may designate any person who has been certified under this chapter, other than the auditor, to participate in a review conducted in the county under this chapter. Each county auditor and canvassing board shall cooperate fully during an election review by making available to the reviewing staff any material requested by the staff. The reviewing staff shall have full access to ballot pages, absentee voting materials, any other election material normally kept in a secure environment after the election, and other requested material. If ballots are reviewed by the staff, they shall be reviewed in the presence of the canvassing board or its designees. Ballots shall not leave the custody of the canvassing board. During the review and after its completion, the review staff may make appropriate recommendations to the county auditor or canvassing board, or both, to bring the county into compliance with the training required under this chapter, and the laws or rules of the state of Washington, to safeguard election material or to preserve the integrity of the elections process.

NEW SECTION. Sec. 11. The secretary of state shall establish within the elections division an election assistance and clearinghouse program, which shall provide regular communication between the secretary of state, local election officials, and major and minor political parties regarding newly enacted elections legislation, relevant judicial decisions affecting the administration of elections, and applicable attorney general opinions, and which shall respond to inquiries from elections administrators, political parties, and others regarding election information. This section does not empower the secretary of state to offer legal advice or opinions, but the secretary may discuss the construction or interpretation of election law, case law, or legal opinions from the attorney general or other competent legal authority.

NEW SECTION. Sec. 12. A new section is added to chapter 36.22 RCW to read as follows:

Substitute House Bill No. 2319 as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

March 6, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2337, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. There are a number of retired physicians who wish to provide, or are providing, health care services to low-income patients without compensation. However, the cost of obtaining malpractice insurance is a burden that is deterring them from donating their time and services in treating the health problems of the poor. The necessity of maintaining malpractice insurance for those in practice is a significant reality in today's litigious society.

A program to alleviate the onerous costs of malpractice insurance for retired physicians providing uncompensated health care services to low-income patients will encourage philanthropy and augment state resources in providing for the health care needs of those who have no access to basic health care services.

An estimated sixteen percent of the nonelderly population do not have health insurance and lack access to even basic health care services. This is especially problematic for low-income persons who are young and who are either unemployed or have entry-level jobs without health care benefits. The majority of the uninsured, however, are working adults, and some twenty-nine percent are children.

The legislature declares that this act will increase the availability of primary care to low-income persons and is in the interest of the public health and safety.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:
The department may establish a program to purchase and maintain liability malpractice insurance for retired physicians who provide primary health care services at community clinics. The following conditions apply to the program:

(a) Primary health care services shall be provided at community clinics that are public or private tax-exempt corporations;

(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired physicians providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and section 3 of this act shall not be interpreted to require a liability insurer to provide coverage to a physician should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and section 3 of this act. This protection of immunity shall not extend to any clinic or physician participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under this act only to the extent funds are provided for this purpose by the legislature.

NEW SECTION. Sec. 3. A new section is added to chapter 43.70 RCW to read as follows:

The department may establish by rule the conditions of participation in the liability insurance program by retired physicians at clinics utilizing retired physicians for the purposes of this section and section 2 of this act. These conditions shall include, but not be limited to, the following:

(1) The participating physician associated with the clinic shall hold a valid license to practice medicine and surgery in this state and otherwise be in conformity with current requirements for licensure as a retired physician, including continuing education requirements;

(2) The participating physician shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and section 2 of this act;

(4) The participating physician shall limit the provision of health care services to low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating physician shall not accept compensation for providing health care services from patients served pursuant to this section and section 2 of this act, nor from clinics serving these patients. “Compensation” shall mean any remuneration of value to the participating physician for services provided by the physician, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating physician authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

On page 1, line 3 of the title, after "compensation," strike the remainder of the title and insert "adding new sections to chapter 43.70 RCW; and creating new sections."

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SENATE AMENDMENTS TO HOUSE BILL

March 6, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2610, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature recognizes that existing transportation facilities in the central Puget Sound area are inadequate to address mobility needs of the area. The geography of the region, travel demand growth, and public resistance to new roadways combine to further necessitate the rapid development of alternative modes of travel.
The legislature finds that local governments have been effective in cooperatively planning a multicounty, high capacity transportation system. However, a continued multijurisdictional approach to funding, construction, and operation of a multicounty high capacity transportation system may impair the successful implementation of such a system.

The legislature finds that a single agency will be more effective than several local jurisdictions working collectively at planning, developing, operating, and funding a high capacity transportation system. The single agency’s services must be carefully integrated and coordinated with public transportation services currently provided. As the single agency’s services are established, any public transportation services currently provided that are duplicative should be eliminated. Further, the single agency must coordinate its activities with other agencies providing local and state roadway services, implementing comprehensive planning, and implementing transportation demand management programs and assist in developing infrastructure to support high capacity systems including but not limited to feeder systems, park and ride facilities, intermodal centers, and related roadway and operational facilities. Coordination can be best achieved through common governance, such as integrated governing boards.

It is therefore the policy of the state of Washington to empower counties in the state’s most populous region to create a local agency for planning and implementing a high capacity transportation system within that region. The authorization for such an agency, except as specifically provided in this chapter, is not intended to limit the powers of existing transit agencies.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Authority" means a regional transit authority authorized under this chapter.
(2) "Board" means the board of a regional transit authority.
(3) "Service area" or "area" means the area included within the boundaries of a regional transit authority.
(4) "System" means a regional transit system authorized under this chapter and under the jurisdiction of a regional transit authority.
(5) "Facilities" means any lands, interest in land, air rights over lands, and improvements thereto including vessel terminals, and any equipment, vehicles, vessels, and other components necessary to support the system.

NEW SECTION. Sec. 3. REGIONAL TRANSIT AUTHORITY. Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:
(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.
(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan.
(3) If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative authorities for their decision as to whether to participate. This action shall be completed within forty-five days following receipt of the redefined plan.
(4) Each county that chooses to participate in the authority shall appoint its board members as set forth in section 4 of this act and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county’s decision to participate in the authority.
(5) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.
(6) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies’ plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services.
(7) The authority shall place on the ballot within two years of the authority’s formation, a single ballot proposition to ratify formation of the authority, approve the system and finance plan, and authorize the imposition of the
taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority’s boundaries;
(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and
(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(8) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

NEW SECTION. Sec. 4. GOVERNANCE. (1) The regional transit authority shall be governed by a board consisting of representatives appointed by the county executive and confirmed by the council or other legislative authority of each member county. Membership shall be based on population from that portion of each county which lies within the service area. Board members shall be appointed initially on the basis of one for each one hundred forty-five thousand population within the county. Such appointments shall be made following consultation with city and town jurisdictions within the service area. In addition, the secretary of transportation or the secretary’s designee shall serve as a member of the board and may have voting status with approval of a majority of the other members of the board.

Each member of the board except the secretary of transportation or the secretary’s designee shall be an elected official who serves on the legislative authority of or as mayor of a city within the boundaries of the authority, or on the legislative authority of the county and fifty percent of the population of whose district is within the authority boundaries. When making appointments, each county executive shall ensure that representation on the board includes an elected city official representing the largest city in each county and assures proportional representation from other cities, and representation from unincorporated areas of each county within the service area. At least one-half of all appointees from each county shall serve on the governing authority of a public transportation system.

Members appointed from each county shall serve staggered four-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

The governing board shall be reconstituted, with regard to the number of representatives from each county, on a population basis, using the official office of financial management population estimates, five years after its initial formation and, at minimum, in the year following each official federal census. The board membership may be reduced, maintained, or expanded to reflect population changes but under no circumstances may the board membership exceed twenty-five.

(2) Major decisions of the authority shall require a favorable vote of two-thirds of the entire membership of the voting members. "Major decisions" include at least the following: System plan adoption and amendment; system phasing decisions; annual budget adoption; authorization of annexations; modification of board composition; and executive director employment.

(3) Each member of the board is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation as provided in RCW 43.03.250.

NEW SECTION. Sec. 5. AREA INCLUDED. (1) At the time of formation, the area to be included within the boundary of the authority shall be that area set forth in the system plan adopted by the joint regional policy committee. Prior to submitting the system and financing plan to the voters, the authority may make adjustments to the boundaries as deemed appropriate but must assure that, to the extent possible, the boundaries: (a) Include the largest-population urban growth area designated by each county under chapter 36.70A RCW; and (b) follow election precinct boundaries. If a portion of any city is determined to be within the service area, the entire city must be included within the boundaries of the authority.

(2) After voters within the authority boundaries have approved the system and financing plan, elections to add areas contiguous to the authority boundaries may be called by resolution of the regional transit authority, after consultation with affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is
incorporated, or with the concurrence of the county legislative authority if the area is unincorporated. Only those areas that would benefit from the services provided by the authority may be included and services or projects proposed for the area must be consistent with the regional transportation plan. The election may include a single ballot proposition providing for annexation to the authority boundaries and imposition of the taxes at rates already imposed within the authority boundaries.

NEW SECTION. Sec. 6. AUTHORITY POWERS. An authority shall have the following powers:

1. To establish offices, departments, boards, and commissions that are necessary to carry out the purposes of the authority, and to prescribe the functions, powers, and duties thereof.

2. To appoint or provide for the appointment of, and to remove or to provide for the removal of, all officers and employees of the authority.

3. To fix the salaries, wages, and other compensation of all officers and employees of the authority.

4. To employ such engineering, legal, financial, or other specialized personnel as may be necessary to accomplish the purposes of the authority.

NEW SECTION. Sec. 7. GENERAL POWERS. In addition to the powers specifically granted by this chapter an authority shall have all powers necessary to implement a high capacity transportation system and to develop revenues for system support. An authority may contract with the United States or any agency thereof, any state or agency thereof, any public transportation benefit area, any county, county transportation authority, city, metropolitan municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm, or corporation for: (1) The purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies; (2) the design, construction, or operation of high capacity transportation system facilities; or (3) the provision or receipt of services, facilities, or property rights to provide revenues for the system. An authority shall have the power to contract pursuant to RCW 39.33.050. In addition, an authority may contract with any governmental agency or with any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands and rights of way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, constructing, or operating any facility or performing any service that the authority may be authorized to operate or perform, on such terms as may be agreed upon by the contracting parties. Before any contract for the lease or operation of any authority facilities is let to any private person, firm, or corporation, a general schedule of rental rates for equipment with or without operators applicable to all private certificated carriers shall be publicly posted, and for other facilities competitive bids shall first be called upon such notice, bidder qualifications, and bid conditions as the board shall determine. This shall allow use of negotiated procurements.

NEW SECTION. Sec. 8. ADDITIONAL POWERS--ACQUISITION OF FACILITIES. An authority shall have the following powers in addition to the general powers granted by this chapter:

1. To carry out the planning processes set forth in RCW 81.104.100;

2. To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, repair, maintain, operate, and regulate the use of high capacity transportation facilities and properties within authority boundaries including surface, underground, or overhead railways, trams, buses, bus sets, entrained and linked buses, ferries, or other means of local transportation except taxis, and including escalators, moving sidewalks, personal rapid transit systems or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger, vehicular, and vessel access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights of way, property, equipment, and accessories necessary for such high capacity transportation systems. When developing specifications for high capacity transportation system operating equipment, an authority shall take into account efforts to establish or sustain a domestic manufacturing capacity for such equipment. The right of eminent domain shall be exercised by an authority in the same manner and by the same procedure as or may be provided by law for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter. Public transportation facilities and properties which are owned by any city, county, county transportation authority, public transportation benefit area, or metropolitan municipal corporation may be acquired or used by an authority only with the consent of the agency owning such facilities. Such agencies are hereby authorized to convey or lease such facilities to an authority or to contract for their joint use on such terms as may be fixed by agreement between the agency and the authority.

The facilities and properties of an authority whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings that are required by RCW 35.58.273 for mass transit facilities operating on a separate right of way.

3. To dispose of any real or personal property acquired in connection with any authority function and that is no longer required for the purposes of the authority, in the same manner as provided for cities of the first class. When an authority determines that a facility or any part thereof that has been acquired from any public agency without
compensation is no longer required for authority purposes, but is required by the agency from which it was acquired, the
authority shall by resolution transfer it to such agency.

(4) To fix rates, tolls, fares, and charges for the use of such facilities and to establish various routes and classes of service. Fares or charges may be adjusted or eliminated for any distinguishable class of users.

NEW SECTION. Sec. 9. AGREEMENTS WITH OPERATORS OF HIGH CAPACITY TRANSPORTATION SERVICES. Except in accordance with an agreement made as provided in this section, upon the date an authority begins high capacity transportation service, no person or private corporation may operate a high capacity transportation service within the authority boundary with the exception of services owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

The authority and any person or corporation legally operating a high capacity transportation service wholly within or partly within and partly without the authority boundary on the date an authority begins high capacity transportation service may enter into an agreement under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such high capacity transportation service will be required to cease to operate within the authority boundary, the authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, an authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with this chapter.

Wherever a privately owned public carrier operates wholly or partly within an authority boundary, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law.

NEW SECTION. Sec. 10. TRANSFER OF LOCAL GOVERNMENT POWERS TO AUTHORITY. An authority shall have and exercise all rights with respect to the construction, acquisition, maintenance, operation, extension, alteration, repair, control and management of high capacity transportation system facilities that are identified in the system plan developed pursuant to RCW 81.104.100 that any city, county, county transportation authority, metropolitan municipal corporation, or public transportation benefit area within the authority boundary has been previously empowered to exercise such powers shall not thereafter be exercised by such agencies without the consent of the authority. Nothing in this chapter shall restrict development, construction, or operation of a personal rapid transit system by a city or county.

An authority may adopt, in whole or in part, and may complete, modify, or terminate any planning, environmental review, or procurement processes related to the high capacity transportation system that had been commenced by a joint regional policy committee or a city, county, county transportation authority, metropolitan municipality, or public transportation benefit area prior to the formation of the authority.

NEW SECTION. Sec. 11. ACQUISITION OF EXISTING SYSTEM. If an authority acquires any existing components of a high capacity transportation system, it shall assume and observe all existing labor contracts relating to the transportation system and, to the extent necessary for operation of facilities, all of the employees of such acquired transportation system whose duties are necessary to operate efficiently the facilities acquired shall be appointed to comparable positions to those which they held at the time of such transfer, and no employee or retired or pensioned employee of such transportation systems shall be placed in any worse position with respect to pension seniority, wages, sick leave, vacation or other benefits that he or she enjoyed as an employee of the transportation system prior to such acquisition. At such times as may be required by such contracts, the authority shall engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired transportation system and may enter into labor contracts with such employee labor organization. Facilities and equipment which are acquired after July 1, 1993, related to high capacity transportation services which are to be assumed by the authority as specifically identified in the adopted system plan shall be acquired by the authority in a manner consistent with sections 7 through 10 of this act.

NEW SECTION. Sec. 12. AUTHORITY FINANCES. The board of an authority, by resolution, shall designate a person having experience in financial or fiscal matters as treasurer of the authority. The board may designate, with the concurrence of the treasurer, the treasurer of a county within which the authority is located. Such a treasurer shall possess all of the powers, responsibilities, and duties the county treasurer possesses for a public transportation benefit area authority related to investing surplus authority funds. The board shall require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions the board, by resolution, from time to time finds will protect the authority against loss. The premium on any such bond shall be paid by the authority.

All authority funds shall be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the authority upon orders or vouchers approved by the board.
The treasurer shall establish a special fund, into which shall be paid all authority funds, and the treasurer shall maintain such special accounts as may be created by the authority into which shall be placed all money as the board may, by resolution, direct.

If the treasurer of the authority is the treasurer of a county, all authority funds shall be deposited with the county depository under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the authority is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state that have qualified for insured deposits under any federal deposit insurance act as the board, by resolution, shall designate.

The authority may by resolution designate a person having experience in financial or fiscal matters, as the auditor of the authority. Such auditor shall possess all of the powers, responsibilities, and duties related to creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The board may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond.

NEW SECTION. Sec. 13. BONDING. Notwithstanding RCW 39.36.020(1), an authority may at any time contract indebtedness or borrow money for authority purposes and may issue general obligation bonds in an amount not exceeding, together with any existing indebtedness of the authority not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the authority; and with the assent of three-fifths of the voters therein voting at an election called for that purpose, may contract indebtedness or borrow money for authority purposes and may issue general obligation bonds therefor, provided the total indebtedness of the authority shall not exceed five percent of the value of the taxable property therein. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW.

The term "value of the taxable property" shall have the meaning set forth in RCW 39.36.015.

NEW SECTION. Sec. 14. REVENUE BONDS. (1) An authority may issue revenue bonds to provide funds to carry out its authorized functions without submitting the matter to the voters of the authority. The authority shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the authority may obligate itself to pay such amounts of the gross revenue of the high capacity transportation system constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the authority shall determine and may obligate the authority to pay such amounts out of otherwise unpledged revenue that may be derived from the ownership, use, or operation of properties or facilities owned, used, or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes, or other sources of payment lawfully authorized for such purpose, as the authority shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of the high capacity transportation system or any other revenue, fees, tolls, charges, tariffs, fares, special taxes, or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the authority.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 15. LOCAL IMPROVEMENT DISTRICTS AUTHORIZED. (1) An authority may form a local improvement district to provide any transportation improvement it has the authority to provide, impose special assessments on all property specially benefited by the transportation improvements, and issue special assessment bonds or revenue bonds to fund the costs of the transportation improvement. Local improvement districts shall be created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.51, 35.53, and 35.54 RCW.

(2) The board shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissue of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the authority issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund that the authority has created.
The owner or bearer of a special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the authority arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the authority has created. The authority issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) Assessments shall reflect any credits given by the authority for real property or property right donations made pursuant to RCW 47.14.030.

(4) The board may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the authority.

NEW SECTION. Sec. 16. COUNTY ASSESSOR'S DUTIES. It shall be the duty of the assessor of each component county to certify annually to a regional transit authority the aggregate assessed valuation of all taxable property within the boundaries of the authority as the same appears from the last assessment roll of the county.

NEW SECTION. Sec. 17. INTERIM FINANCING. A regional transit authority may apply for high capacity transportation account funds and for central Puget Sound account funds for high capacity transit planning and system development.

Transit agencies contained wholly or partly within a regional transit authority may make grants or loans to the authority for high capacity transportation planning and system development.

Sec. 18. RCW 81.104.010 and 1991 c 318 s 1 are each amended to read as follows:

Increasing congestion on Washington's roadways calls for identification and implementation of high capacity transportation system alternatives. ("High capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including high occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose roadways.) The legislature believes that local jurisdictions should coordinate and be responsible for high capacity transportation policy development, program planning, and implementation. The state should assist by working with local agencies on issues involving rights of way, partially financing projects meeting established state criteria including development and completion of the high occupancy vehicle lane system, authorizing local jurisdictions to finance high capacity transportation systems through voter-approved tax options, and providing technical assistance and information.

NEW SECTION. Sec. 19. A new section is added to chapter 81.104 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1) "High capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including intercity express services and high occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose roadways.

2) "Regional transit system" means a high capacity transportation system under the jurisdiction of one or more transit agencies except where a regional transit authority created under chapter 81. Some RCW (sections 1 through 17 of this act) exists, in which case "regional transit system" means the high capacity transportation system under the jurisdiction of a regional transit authority.

3) "Transit agency" means city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas.

Sec. 20. RCW 81.104.030 and 1991 c 318 s 3 and 1991 c 309 s 2 are each reenacted and amended to read as follows:

1) In any county with a population of from two hundred ten thousand to less than one million that is not bordered by a county with a population of one million or more, and in each county with a population of less than two hundred ten thousand, ((city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas) transit agencies may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation, or such agencies may use the designated metropolitan planning organization as the regional policy committee.

((City-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas) Transit agencies participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and financing plan.)
(2) ((City owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas)) Transit agencies in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or Canadian province.

Sec. 21. RCW 81.104.040 and 1991 c 318 s 4 are each amended to read as follows:

(((h))) Transit agencies in each county with a population of one million or more, and in each county with a population of from two hundred ten thousand to less than one million bordering a county with a population of one million or more that are (currently) authorized on January 1, 1991, to provide high capacity transportation planning and operating services (including but not limited to city owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas) must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(((e))) (1) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(((b))) (2) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation implementation program, which shall include the system plan, project plans, and a financing plan. This program shall be in conformity with the regional transportation planning organization's regional transportation plan and consistent with RCW 81.104.080.

(((e))) (3) The joint regional policy committee shall present (is) an adopted high capacity transportation system plan and financing plan to the boards of directors of the transit agencies within the service area (for adoption).

(d) Transit agencies shall present the adopted high capacity transportation system plan and financing plan for voter approval within four years of the execution of the interlocal agreements. A simple majority vote is required for approval of the high capacity transportation system plan and financing plan in any service district within each county. The implementation program may proceed in any service area approving the system and financing plans.

(2) High capacity transportation planning, construction, operations, and funding shall be governed through the interlocal agreement process, including but not limited to provision for a cost allocation and distribution formula, service corridors, station area locations, right of way transfers, and feeder transportation systems. Interlocal agreements shall include a mechanism for resolving conflicts among parties to the agreement or to the regional transit authority, if such authority has been formed. The authority shall proceed as prescribed in section 3 of this act.

Sec. 22. RCW 81.104.050 and 1991 c 318 s 5 are each amended to read as follows:

Regional high capacity transportation service (boundaries) may be expanded beyond the established (service) district boundaries through interlocal agreements among the transit agencies and (the local jurisdictions within which such expanded service is proposed) any regional transit authorities in existence.

Sec. 23. RCW 81.104.100 and 1991 sp.s. c 15 s 68 are each amended to read as follows:

To assure development of an effective high capacity transportation system, local authorities shall follow the following planning process:

(1) Regional, multimodal transportation planning is the ongoing urban transportation planning process conducted in each urbanized area by its regional transportation planning organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The process provides a comprehensive view of the region's transportation needs but does not select specified modes to serve those needs. The process shall identify a priority corridor or corridors for further study of high capacity transportation facilities if it is deemed feasible by local officials.

(2) High capacity transportation system planning is the detailed evaluation of a range of high capacity transportation system options, including: Do nothing, low capital, and ranges of higher capital facilities. To the extent possible this evaluation shall take into account the urban mass transportation administration's requirements identified in subsection (3) of this section.

High capacity transportation system planning shall proceed as follows:

(a) Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the system planning process.

(b) Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider a range of capital expenditures for several candidate technologies shall be developed.
Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

(d) The system plan submitted to the voters pursuant to RCW 81.104.140 shall address, but is not limited to the following issues:

(i) Identification of level and types of high capacity transportation services to be provided;
(ii) A plan of high occupancy vehicle lanes to be constructed;
(iii) Identification of route alignments and station locations with sufficient specificity to permit calculation of costs, ridership, and system impacts;
(iv) Performance characteristics of technologies in the system plan;
(v) Patronage forecasts;
(vi) A financing plan describing: Phasing of investments; capital and operating costs and expected revenues; cost-effectiveness represented by a total cost per system rider and new rider estimate; estimated ridership and the cost of service for each individual high capacity line ([lane]); and identification of the operating revenue to operating expense ratio.

The financing plan shall specifically differentiate the proposed use of funds between high capacity transportation facilities and services, and high occupancy vehicle facilities ((, and expanded local/feeder service));

(vii) Description of the relationship between the high capacity transportation system plan and adopted land use plans;

(viii) An assessment of social, economic, and environmental impacts; and
(ix) Mobility characteristics of the system presented, including but not limited to: Qualitative description of system/service philosophy and impacts; qualitative system reliability; travel time and number of transfers between selected residential, employment, and activity centers; and system and activity center mode splits.

3) High capacity transportation project planning is the detailed identification of alignments, station locations, equipment and systems, construction schedules, environmental effects, and costs. High capacity transportation project planning shall proceed as follows: The local transit agency shall analyze and produce information needed for the preparation of environmental impact statements. The impact statements shall address the impact that development of such a system will have on abutting or nearby property owners. The process of identification of alignments and station locations shall include notification of affected property owners by normal legal publication. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

In order to increase the likelihood of future federal funding, the project planning processes shall follow the urban mass transportation administration's requirements as described in 'Procedures and Technical Methods for Transit Project Planning', published by the United States department of transportation, urban mass transportation administration, September 1986, or the most recent edition. Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.

The department of transportation shall provide system and project planning review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies.

Sec. 24. RCW 81.104.120 and 1990 c 43 s 33 are each amended to read as follows:

1) Transit agencies and regional transit authorities may operate or contract for commuter rail service where it is deemed to be a reasonable alternative transit mode. A reasonable alternative is one whose passenger costs per mile, including costs of trackage, equipment, maintenance, operations, and administration are equal to or less than comparable bus, entrained bus, trolley, or personal rapid transit systems.

2) A county may use funds collected under RCW 81.100.030 or 81.100.060 to contract with one or more transit agencies or regional transit authorities for planning, operation, and maintenance of commuter rail projects which (a) are consistent with the regional transportation plan; (b) have met the project planning and oversight requirements of RCW 81.104.100 and 81.104.110; and (c) have been approved by the voters within the service area of each transit agency or regional transit authority participating in the project. The phrase "approved by the voters" includes specific funding authorization for the commuter rail project.

3) The utilities and transportation commission shall maintain safety responsibility for passenger rail service operating on freight rail lines. Agencies providing passenger rail service on lines other than freight rail lines shall maintain safety responsibility for that service.
Sec. 25. RCW 81.104.140 and 1991 c 318 s 11 and 1991 c 309 s 4 are each reenacted and amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including (city owned transit systems, county transportation authorities, metropolitan municipal corporations and public transportation benefit areas) transit agencies and regional transit authorities, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:
   (a) Acceptability;
   (b) Ease of administration;
   (c) Equity;
   (d) Implementation feasibility;
   (e) Revenue reliability; and
   (f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development ((through interlocal agreements)) are authorized to levy and collect the following voter-approved local option funding sources:
   (a) Employer tax as provided in RCW 81.104.150;
   (b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
   (c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of ((existing)) transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title shall reference the document identified in subsection (8) of this section.

(8) Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter’s pamphlet shall be produced as provided in chapter 29.81A RCW.

(10) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems((and feeder transportation systems)) personal rapid transit, busways, bus sets, and entrained and linked buses.

Sec. 26. RCW 81.104.150 and 1990 c 43 s 41 are each amended to read as follows:
Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, (and) public transportation benefit areas, (solely for the purpose of providing high capacity transportation service) and regional transit authorities may submit an authorizing proposition to the voters and if approved may impose an excise tax of up to two dollars per month per employee on all employers located within the agency's jurisdiction, measured by the number of full-time equivalent employees, solely for the purpose of providing high capacity transportation service. The rate of tax shall be approved by the voters. This tax may not be imposed by (i) a transit agency when the county within which it is located is imposing an excise tax pursuant to RCW 81.100.030; or (ii) a regional transit authority when any county within the authority's boundaries is imposing an excise tax pursuant to RCW 81.100.030. The agency imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Sec. 27. RCW 81.104.160 and 1991 c 318 s 12 are each amended to read as follows:

((Any city that operates a)) Cities that operate transit systems, county transportation ((authority)) authorities, metropolitan municipal corporations, (or) ((public transportation benefit areas, (solely for the purpose of providing high capacity transportation service)) and regional transit authorities may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty-one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of ((such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area)) the taxing district, solely for the purpose of providing high capacity transportation service. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty-one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. This rate shall not apply to vehicles licensed under RCW 46.16.079 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.080, 46.16.085, or 46.16.090.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within ((such city, county transportation authority, metropolitan municipal corporation, or public transportation benefit area, as the case may be)) the taxing district. The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent (((if)) any county that imposes a tax ((is imposed in the county)) under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340.

It shall further assure that at least fifty percent of the county and city local elected officials who serve on the executive board also serve on transit agency boards or on a regional transit authority.

MR. SPEAKER:

The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 2551, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 28A.630.820 and 1991 c 265 s 1 are each amended to read as follows:

It is the intent of the legislature to (1) encourage school districts, individually and cooperatively, to develop innovative special services demonstration projects that use resources efficiently and increase student learning; (2) promote noncategorical approaches to special services program design, funding, and administration; (3) develop efficient and cost-effective means for identifying students as specific learning disabled, in order to increase the proportion of resources devoted to classroom instruction; (4) avoid unnecessary labeling of students while still providing state funding for needed services; and (5) provide a means to grant waivers from state rules.

Sec. 2. RCW 28A.630.840 and 1991 c 265 s 5 are each amended to read as follows:

(1) Project funding may include state, federal, and local funds, as specified by the district in its approved project proposal. (The superintendent of public instruction shall include all project funding for a participating district in a project contract and disburse the funds as contract payments.)

(2) As a general guideline, subject to refinements in the district proposal and approval by the superintendent of public instruction, the portion of state handicapped funding included as project funding shall be determined as follows:

(a) If the district serves specific learning disabled students in the project, the portion of the handicapped allocation attributed to specific learning disabled students shall be included, with proportional adjustments if the project serves only part of the district’s specific learning disabled population;

(b) If other handicapped students are served in the project, the portions of the handicapped allocation attributed to those students shall be included, with proportional adjustments if the project serves only part of the district’s population in those categories of handicapped students.

(3) State handicapped allocations shall be calculated for project districts according to the handicapped funding formula in use for other districts, except for the provisions of section 3 of this act and with the following changes:

(a) Except as provided in (b) of this subsection, funding in each school year for specific learning disabled and other handicapped students served in a project shall be based on the average percentage of the kindergarten through twelfth grade enrollment in the particular handicapped category during the prior three years.

(b) Project funding for school districts that had pilot projects approved under section 13, chapter 233, Laws of 1989, and that were participating in projects under this section on January 31, 1992, shall be based for the duration of a project under RCW 28A.630.820 through 28A.630.840 on four percent of the kindergarten through twelfth grade enrollment considered as specific learning disabled, without regard to the actual number of students so identified. The legislature recognizes the importance of continuing and developing the pilot projects.

(b) School districts with approved projects as of January 31, 1992, may receive funding in each school year for handicapped students served in the project based on the average percentage of the kindergarten through twelfth grade enrollment in the particular handicapped category during the prior three years. School districts that wish to exercise this option shall notify the selection advisory committee and the superintendent of public instruction by May 1, 1992.

(c) The funding percentages for demonstration projects specified in (a) of this subsection shall be used to adjust basic education allocations under RCW 28A.150.260 and learning assistance program allocations under RCW 28A.165.070.

(d) State handicapped allocations under subsection (2) of this section up to the level required by federal maintenance of effort rules shall be expended for services to handicapped students in the project. Allocations greater than the amount needed to comply with federal maintenance of effort rules may at the option of the district be designated as noncategorical project funds and may be expended on services to any student served in the project.

(4) Federal handicapped allocations may be designated in whole or in part for project use (if the amounts are included in the district’s approved cost proposal and the project contract).

(5) Learning assistance program allocations may be designated in whole or in part for project use (if the amounts are included in the district’s approved cost proposal and the project contract). These allocations shall be
calculated for project districts according to the funding formula in use for other districts, except that any increases in the
district allocation above the fiscal year 1991 amount shall be designated as noncategorical project funds and may be
expended on services to any student served in the project.

(6) Transitional bilingual program allocations may be designated in whole or in part for project use((...)). These allocations shall be
calculated for project districts according to the funding formula in use for other districts, except that any increases in the
district allocation above the fiscal year 1991 amount shall be designated as noncategorical project funds and may be
expended on services to any student served in the project.

(7) Funding under the federal remediation program allocations may be designated in whole or in part for project
use((...)).

(8) Funding from local sources may be designated for project use((...)).

(9) Expenditures of noncategorical project funds under subsections (3)(d), (5), and (6) of this section shall be
accounted for in new and discrete program or subprogram codes designated by the superintendent of public instruction.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.630 RCW to read as follows:

(1) The legislature finds that the state system of funding handicapped education has fiscal incentives to label children as
handicapped and that unnecessary labeling can be detrimental to children. The legislature encourages demonstration
projects that provide needed services without unnecessary labeling. To test this approach, the legislature intends to
maintain the funding level for innovative special services programs that reduce the incidence of unnecessary labeling.

(2) School districts may propose demonstration projects under this section to provide needed services and
achieve major reductions in the percentage of district students labeled as handicapped in one or more specified categories.
State handicapped funding for districts with such projects shall be based for the duration of the project and for two years
after the end of the project on the average percentage of the kindergarten through twelfth grade enrollment in the specified
categories during the 1991-92 school year or, for projects approved after the effective date of this section, during the
school year before the start of the project.

(3) Funding under subsection (2) of this section is contingent on the following: (a) The funding is spent on
children needing special services; and (b) the overall percentage of first through twelfth grade students in the district
labeled as handicapped declines each year of the project after the 1991-92 school year, excluding handicapped students
who transfer into the district.

(4) School districts with approved demonstration projects that wish to convert to a project under this section
shall by May 1, 1992, notify the selection advisory committee and the superintendent of public instruction and propose
appropriate modifications to the project.

(5) This section expires September 1, 1997.

**NEW SECTION. Sec. 4.** Sections 1 and 2 of this act shall expire January 1, 1996.

**NEW SECTION. Sec. 5.** This act is necessary for the immediate preservation of the public peace, health, or
safety, or support of the state government and its existing public institutions, and shall take effect immediately.

28A.630.820 and 28A.630.840; adding a new section to chapter 28A.630 RCW; providing an expiration date; and

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SENATE AMENDMENTS TO HOUSE BILL

March 3, 1992

MR. SPEAKER:

The Senate has passed:

HOUSE BILL NO. 2681 with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 82.32.050 and 1991 c 142 s 9 are each amended to read as follows:

(1) If upon examination of any returns or from other information obtained by the department it appears that a tax or penalty has been paid less than that properly due, the department shall assess against the taxpayer such additional amount found to be due and shall add thereto interest at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until the date of payment for tax liabilities arising before January 1, 1992. For tax liabilities arising after December 31, 1991, until the date of payment, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(2) For the purposes of this section, the rate of interest to be charged to the taxpayer shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States secretary of the treasury.

(3) No assessment or correction of an assessment for additional taxes, penalties, or interest due may be made by the department more than four years after the close of the tax year, except (a) against a taxpayer who has not registered as required by this chapter, (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (c) where a taxpayer has executed a written waiver of such limitation. The execution of a written waiver shall also extend the period for making a refund or credit as provided in RCW 82.32.060(2).

Sec. 2. RCW 82.32.060 and 1991 c 142 s 10 are each amended to read as follows:

(1) If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer's records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050 ((a)) any amount of tax, penalty, or interest has been paid in excess of that properly due, the excess amount paid within, or attributable to, such period shall be credited to the taxpayer's account or shall be refunded to the taxpayer, at the taxpayer's option. Except as provided in subsections (2) and (3) of this section, no refund or credit shall be made for taxes, penalties, or interest paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

(2) The execution of a written waiver under RCW 82.32.050 or 82.32.100 shall extend the time for making a refund or credit of any taxes paid during, or attributable to, the years covered by the waiver if, prior to the expiration of the waiver period, an application for refund of such taxes is made by the taxpayer or the department discovers a refund or credit is due.

(3) Notwithstanding the foregoing limitations there shall be refunded or credited to taxpayers engaged in the performance of United States government contracts or subcontracts the amount of any tax paid, measured by that portion of the amounts received from the United States, which the taxpayer is required by contract or applicable federal statute to refund or credit to the United States, if claim for such refund is filed by the taxpayer with the department within one
year of the date that the amount of the refund or credit due to the United States is finally determined and filed within 
four years of the date on which the tax was paid: PROVIDED, That no interest shall be allowed on such refund.

(4) Any such refunds shall be made by means of vouchers approved by the department and by the issuance of 
state warrants drawn upon and payable from such funds as the legislature may provide. However, taxpayers who are 
required to pay taxes by electronic funds transfer under RCW 82.32.080 shall have any refunds paid by electronic funds transfer.

(5) Any judgment for which a recovery is granted by any court of competent jurisdiction, not appealed from, 
for tax, penalties, and interest which were paid by the taxpayer, and costs, in a suit by any taxpayer shall be paid in 
\((\text{like})\) the same manner, as provided in subsection (4) of this section, upon the filing with the department of a certified 
copy of the order or judgment of the court. Except as to the credits in computing tax authorized by RCW 82.04.435, 
interest at the rate of three percent per annum shall be allowed by the department and by any court on the amount of any refund, credit, or other recovery allowed to a taxpayer for taxes, penalties, or interest paid by the taxpayer before January 1, 1992. For refunds or credits of amounts paid or other recovery allowed to a taxpayer after December 31, 1991, the rate of interest shall be the rate as computed for assessments under RCW 82.32.050(2), less one percentage point.

Sec. 3. RCW 82.32.100 and 1989 c 378 s 21 are each amended to read as follows:

(1) If any person fails or refuses to make any return or to make available for examination the records required by this 
chapter, the department shall proceed, in such manner as it may deem best, to obtain facts and information on which to 
based its estimate of the tax; and to this end the department may examine the ((books,)) records((and papers)) of any such 
person ((and may take evidence, on oath, of any person, relating to the subject of inquiry)) as provided in RCW 
82.32.110.

(2) As soon as the department procures such facts and information as it is able to obtain upon which to base 
the assessment of any tax payable by any person who has failed or refused to make a return, it shall proceed to determine 
and assess against such person the tax and any applicable penalties or interest due, but such action shall not deprive such 
person from appealing ((to the superior court as hereinafter provided. To the assessment the department shall add the 
penalties provided in RCW 82.32.090)) the assessment as provided in this chapter. The department shall notify the 
taxpayer by mail of the total amount of such tax, penalties, and interest, and the total amount shall become due and shall 
be paid within thirty days from the date of such notice.

(3) No assessment or correction of an assessment may be made by the department more than four years after 
the close of the tax year, except (((f))) (a) against a taxpayer who has not registered as required by this chapter, (((f))) 
(b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (((f))) (c) where a taxpayer 
has executed a written waiver of such limitation. The execution of a written waiver shall also extend the period for 
making a refund or credit as provided in RCW 82.32.060(2).

SENATE AMENDMENTS TO HOUSE BILL

March 6, 1992

MR. SPEAKER:

The Senate has passed:

SUBSTITUTE HOUSE BILL NO. 2720 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that the continued existence of a strong and health maritime industry in this state is threatened by the unavailability and excessive cost of workers' compensation coverage required by the United States Longshoreman's and Harbor Worker's Compensation Act. The legislature, therefore, acting under its authority to protect industry and employment in this state hereby establishes a commission to devise and implement both a near and long term solution to this problem, for the purpose of maintaining employment for Washington workers and a vigorous maritime industry.

Sec. 2. RCW 48.32.020 and 1987 c 185 s 29 are each amended to read as follows:

This chapter shall apply to all kinds of direct insurance, except life, title, surety, disability, credit, mortgage guaranty, workers' compensation included in the state of Washington industrial insurance fund defined in RCW 51.08.175, and ocean marine insurance. However, this chapter applies to workers' compensation insurance only if the applicable order of liquidation is adjudicated on or after July 1, 1992.

NEW SECTION. Sec. 3. A new section is added to chapter 48.22 RCW to read as follows:

Before July 1, 1992, the commissioner shall adopt rules establishing a reasonable plan to insure that workers' compensation coverage as required by the United States Longshoreman's and Harbor Worker's Compensation Act, 33 U.S.C. Secs. 901 through 950, and maritime employer's liability coverage incidental to the workers' compensation coverage is available to those unable to purchase it through the normal insurance market. This plan shall require the participation of all authorized insurers writing primary and excess workers' compensation insurance or reinsurance and the Washington state industrial insurance fund as defined in RCW 51.08.175 in amounts proportional to the premiums written by each of these entities. The Washington state industrial insurance fund is authorized to participate in the plan and to make payments in support of the plan in accordance with rules adopted by the commissioner pursuant to this section. The rules shall require that the plan use generally accepted actuarial principles for rate making. An applicant for such insurance, a person insured under the plan, an insurer, or the Washington state industrial insurance fund affected by a ruling or decision of the manager or committee designated to operate the plan may appeal to the commissioner for resolution of a dispute.
NEW SECTION. Sec. 4. A new section is added to chapter 48.22 RCW to read as follows:
Before April 15, 1992, the commissioner shall appoint a committee to provide assistance in drafting the rules required by section 3 of this act. After July 1, 1992, the committee shall assist the commissioner in overseeing the operation of the plan. The committee shall consist of at least eight members. The commissioner and the director of the department of labor and industries shall be members. The remaining members shall be selected to insure equal representation of authorized insurers writing primary or excess workers compensation insurance, insurance producers, organized labor, and maritime employers.

NEW SECTION. Sec. 5. A new section is added to chapter 48.22 RCW to read as follows:
The committee appointed pursuant to section 4 of this act shall submit a report to the legislature no later than January 1, 1993, that examines all aspects of the United States Longshoreman’s and Harbors Worker’s Act (22 U.S.C. Secs. 901 through 950) coverage, and incidental maritime liability coverage, as it applies to Washington workers and employers. This study shall include but not be limited to the ability of private insurers to provide affordable coverage to eligible employers; whether the Washington state industrial insurance fund should participate in the plan adopted pursuant to section 3 of this act; whether there are methods that will satisfy the intent of this act that will not involve the Washington state industrial insurance fund; and the feasibility of requiring that this coverage be made directly available through the Washington state industrial insurance fund.

NEW SECTION. Sec. 6. A new section is added to chapter 48.22 RCW to read as follows:
The plan adopted pursuant to section 3 of this act shall terminate on July 1, 1993.

NEW SECTION. Sec. 7. Sections 3 and 4 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

In line 2 of the title, after "insurance;" strike the remainder of the title and insert "amending RCW 48.32.020; adding new sections to chapter 48.22 RCW; creating a new section; and declaring an emergency."

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 18.52.020 and 1991 c 3 s 116 are each amended to read as follows:

When used in this chapter, unless the context otherwise clearly requires:
(1) "Board" means the state board (of examiners for the licensing) of nursing home administrators representative of the professions and institutions concerned with the care of the chronically ill and infirm aged patients.
(2) "Secretary" means the secretary of health or the secretary's designee.
(3) "Nursing home" means any facility or portion thereof licensed under state law as a nursing home.

A nursing home administrator administering a nursing home must be in active administrative charge as defined by the board. Nothing in this definition or this chapter shall be construed to prevent any person, so long as he or she is otherwise qualified, from obtaining and maintaining a license even though he or she has not administered or does not continue to administer a nursing home.

NEW SECTION. Sec. 2. A new section is added to chapter 18.52 RCW to read as follows:
In addition to any other authority provided by law, the secretary shall have the following authority:
(1) To set all fees required in this chapter in accordance with RCW 43.70.250 which may include fees for approval of continuing competency, supervision of practical experience, all applications, verification, renewal, examination, and late penalties;
(2) To establish forms necessary to administer this chapter;
(3) To issue a license to any applicant who has met the education, training, and examination requirements for licensure and deny a license to applicants who do not meet the minimum qualifications for licensure, except that proceedings concerning the denial of licenses based on unprofessional conduct or impaired practice shall be governed by the uniform disciplinary act, chapter 18.130 RCW;

No person acting in any capacity, unless (he-is) the holder of a nursing home administrator's license issued under this chapter, shall be charged with the overall responsibility to make decisions or direct actions involved in managing the internal operation of a nursing home, except as specifically delegated in writing by the administrator to identify a responsible person to act on the administrator's behalf when the administrator is absent. The administrator shall review the decisions upon the administrator's return and amend the decisions if necessary. The board shall define by rule the parameters for on-site full-time administrators in nursing homes with small resident populations and nursing homes in rural areas, or separately licensed facilities collocated on the same campus, as well as provide for the administrative requirements for nursing homes that are temporarily without administrators.

Sec. 4. RCW 18.52.040 and 1975 1st ex.s. c 97 s 1 are each amended to read as follows:

**SENATE AMENDMENTS TO HOUSE BILL**

March 6, 1992

MR. SPEAKER:

The Senate has passed:

**SUBSTITUTE HOUSE BILL NO. 2344 with the following amendment(s):**

On page 14, line 14, after "by" strike "gang members" and insert "the criminal street gang"

On page 14, after line 14, insert the following:

NEW SECTION. Sec. 3. The legislature finds and declares that:

1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

3) Among youth gang members the high school drop-out rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled work force, this high school drop-out rate threatens the economic welfare of our future work force, as well as the future economic growth of our state;

4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a firsthand knowledge of youth gangs and at-risk youth; and
A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs.

NEW SECTION. Sec. 4. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs.

NEW SECTION. Sec. 5. Unless the context otherwise requires, the following definitions shall apply throughout sections 3 through 14 of this act:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over three hundred fifty thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.
(b) Establishing ties, at an early age, between youth and community organizations.
(c) Committing local business and community resources to positive programming for youth.
(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes.

(5) "Criminal street gang" or "street gang" means the same as defined in RCW 9.94A.030 or a similar gang that has engaged in a pattern of violence.

NEW SECTION. Sec. 6. (1) The department of community development may contract with school districts for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin with school years no sooner than the 1993-94 session, and last for a duration of two years.

(3) The school district proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the school district. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.

(e) A proposed budget for expenditure of the grant.

NEW SECTION. Sec. 7. (1) A school district in a county with a population of over three hundred fifty thousand may request proposals for establishing gang risk prevention and intervention pilot programs from either public entities that apply jointly with individual schools or community organizations. The proposals shall be reviewed and recommendations for awarding grants shall be made by a committee made up of: (a) A representative from the school district taking the proposal, appointed by the school district’s board of directors; (b) a representative appointed by the director of the department of community development or designee; and (c) a representative from the local juvenile court administration.

(2) A school district, upon its election to enter into a contract pursuant to section 6 of this act, shall, no later than March 1, 1993, distribute a standard request for proposals.

(3) Proposals made to the school district must comply with the conditions of the grant.

(4) The school district shall additionally monitor and evaluate the gang risk prevention and intervention pilot programs pursuant to the following criteria:

(a) Success in obtaining stated goals.
(b) Reduction in drop-out rates.

(5) The use of local organizations to provide job search training skills.
(6) Cultural awareness retreats.
(7) The use of specified state resources, as requested.
(8) Full service schools under section 11 of this act.
(9) Community service such as volunteerism and citizenship.

NEW SECTION. Sec. 9. The counselor shall provide assistance with the following:

(a) Testing for job occupation preferences.

chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under
the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused
by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the
governmental entity under whose authority the law enforcement agency operates;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the
date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the
expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the
agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or
(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(I) The landlord’s claim for damages under subsection (k) of this section may not include a claim for loss of business and is limited to:

1. Damage to tangible property and clean-up costs;
2. The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;
3. The proceeds from the sale of the specific tenant’s property seized and forfeited under subsection (f)(2) of this section; and
4. The proceeds available after the seizing law enforcement agency satisfies all its expenses and costs related to the seizure and forfeiture of the tenant’s property as provided by subsection (f)(2)(i) of this section.

(m) Subsections (k) and (l) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord’s claim under subsection (k) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant’s contract are subrogated to the law enforcement agency.

Mr. Nelson moved that the House refuse to concur in the Senate amendments to Substitute House Bill No. 2501 and ask the Senate for a conference thereon. The motion was carried.

SENATE AMENDMENTS TO HOUSE BILL

March 5, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2518, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that additional safeguards are necessary to ensure the safety of Washington’s school children. The legislature further finds that the results from state patrol record checks are more complete when fingerprints of individuals are provided, and that information from the federal bureau of investigation also is necessary to obtain information on out-of-state criminal records. The legislature further finds that confidentiality safeguards in state law are in place to ensure that the rights of applicants for certification or jobs and newly hired employees are protected.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.400 RCW to read as follows:

School districts, educational service districts, and their contractors hiring employees who will have regularly scheduled unsupervised access to children shall require a record check through the Washington state patrol criminal identification system under RCW 43.43.830 through 43.43.834, 10.97.030, and 10.97.050 and through the federal bureau of investigation before hiring an employee. The record check shall include a fingerprint check using a complete Washington state criminal identification fingerprint card. The requesting entity shall provide a copy of the record report to the applicant. When necessary, applicants may be employed on a conditional basis pending completion of the investigation. If the applicant has had a record check within the previous two years, the district or contractor may waive the
requirement. The district, pursuant to chapter 41.59 or 41.56 RCW, or contractor hiring the employee shall determine who shall pay costs associated with the record check.

Sec. 3. RCW 28A.410.010 and 1988 c 172 s 3 and 1988 c 97 s 1 are each reenacted and amended to read as follows:

The state board of education shall establish, publish, and enforce rules and regulations determining eligibility for and certification of personnel employed in the common schools of this state, including certification for emergency or temporary, substitute or provisional duty and under such certificates or permits as the board shall deem proper or as otherwise prescribed by law. (Except for applicants who are applying for certificates which restrict the holder of the certificate to the teaching of students who are sixteen years of age or older.) The rules shall require that the initial application for certification shall require a background record check of the applicant through the Washington state patrol criminal identification system and through the federal bureau of investigation at the applicant's expense. The record check shall include a fingerprint check using a complete Washington state criminal identification fingerprint card. The superintendent of public instruction may waive the record check for any applicant who has had a record check within the two years before application.

In establishing rules pertaining to the qualifications of instructors of sign language the state board shall consult with the national association of the deaf, "sign instructors guidance network" (s.i.g.n.), and the Washington state association of the deaf for evaluation and certification of sign language instructors.

The superintendent of public instruction shall act as the administrator of any such rules and regulations and have the power to issue any certificates or permits and revoke the same in accordance with board rules and regulations.

Sec. 4. RCW 28A.410.090 and 1990 c 33 s 408 are each amended to read as follows:

(1) Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules and regulations promulgated thereunder may be revoked or suspended by the authority authorized to grant the same upon complaint of any school district superintendent, educational service district superintendent, or private school administrator for immorality, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state.

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred, but no complaint has been filed pursuant to this chapter, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction of any felony crime involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (excepting motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction. The person whose certificate is in question shall be given an opportunity to be heard. Mandatory permanent revocation upon a guilty plea or the conviction of felony crimes specified under this subsection shall apply to such convictions or guilty pleas which occur after July 23, 1989. Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The superintendent of public instruction may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it. For the purpose of any investigation or proceeding under this chapter, the superintendent or any officer designated by the superintendent may administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the superintendent deems relevant and material to the inquiry.

(2) If any person fails to obey a subpoena or obeys a subpoena but refuses to give evidence, any court of competent jurisdiction, upon application by the superintendent, may issue to that person an order requiring him or her to appear before the court and to show cause why he or she should not be compelled to obey the subpoena, and give evidence material to the matter under investigation. The failure to obey an order of the court may be punishable as contempt.

Sec. 6. RCW 28A.410.100 and 1990 c 33 s 409 are each amended to read as follows:
Any teacher whose certificate to teach has been questioned (by the filing of a complaint by a school district superintendent or educational service district superintendent) under RCW 28A.410.090 shall have a right to be heard by the issuing authority before his or her certificate is revoked. Any teacher whose certificate to teach has been revoked shall have a right of appeal to the state board of education if notice of appeal is given by written affidavit to the board within thirty days after the certificate is revoked.

An appeal to the state board of education within the time specified shall operate as a stay of revocation proceedings until the next regular or special meeting of said board and until the board's decision has been rendered.

Sec. 7. RCW 43.43.838 and 1990 c 3 s 1104 are each amended to read as follows:

(1) After January 1, 1988, and notwithstanding any provision of RCW 43.43.700 through 43.43.810 to the contrary, the state patrol shall furnish a transcript of the conviction record, disciplinary board final decision and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision, or civil adjudication record pertaining to any person for whom the state patrol or the federal bureau of investigation has a record upon the written request of:

(a) The subject of the inquiry;
(b) Any business or organization for the purpose of conducting evaluations under RCW 43.43.832;
(c) The department of social and health services;
(d) Any law enforcement agency, prosecuting authority, or the office of the attorney general; or
(e) The department of social and health services for the purpose of meeting responsibilities set forth in chapter 74.15, 18.51, 18.20, or 72.23 RCW, or any later-enacted statute which purpose is to regulate or license a facility which handles vulnerable adults. However, access to conviction records pursuant to this subsection (1)(e) does not limit or restrict the ability of the department to obtain additional information regarding conviction records and pending charges as set forth in RCW 74.15.030(2)(b).

After processing the request, if the conviction record, disciplinary board final decision and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision, or adjudication record shows no evidence of a crime against children or other persons or, in the case of vulnerable adults, no evidence of crimes relating to financial exploitation in which the victim was a vulnerable adult, an identification declaring the showing of no evidence shall be issued to the applicant by the state patrol and shall be issued within fourteen working days of the request. Possession of such identification shall satisfy future record check requirements for the applicant for a two-year period unless the prospective employee is any current school district employee who has applied for a position in another school district.

(2) The state patrol shall by rule establish fees for disseminating records under this section to recipients identified in subsection (1)(a) and (b) of this section. The state patrol shall also by rule establish fees for disseminating records in the custody of the national crime information center. The revenue from the fees shall cover, as nearly as practicable, the direct and indirect costs to the state patrol of disseminating the records: PROVIDED, That no fee shall be charged to a nonprofit organization((including school districts and educational service districts)) for the records check: PROVIDED FURTHER, That in the case of record checks using fingerprints requested by school districts and educational service districts, the state patrol shall charge only for the incremental costs associated with checking fingerprints in addition to name and date of birth. Record checks requested by school districts and educational service districts using only name and date of birth shall continue to be provided free of charge.

(3) No employee of the state, employee of a business or organization, or the business or organization is liable for defamation, invasion of privacy, negligence, or any other claim in connection with any lawful dissemination of information under RCW 43.43.830 through 43.43.840 or 43.43.760.

(4) Before July 26, 1987, the state patrol shall adopt rules and forms to implement this section and to provide for security and privacy of information disseminated under this section, giving first priority to the criminal justice requirements of this chapter. The rules may include requirements for users, audits of users, and other procedures to prevent use of civil adjudication record information or criminal history record information inconsistent with this chapter.

(5) Nothing in RCW 43.43.830 through 43.43.840 shall authorize an employer to make an inquiry not specifically authorized by this chapter, or be construed to affect the policy of the state declared in chapter 9.96A RCW.

NEW SECTION. Sec. 8. A new section is added to chapter 43.43 RCW to read as follows:

The fingerprint identification account is created in the custody of the state treasurer. All receipts from incremental charges of fingerprint checks requested by school districts shall be deposited in the account. Receipts for fingerprint checks by the federal bureau of investigation may also be deposited in the account. Expenditures from the account may be used only for the cost of record checks. Only the chief of the state patrol or the chief's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. No appropriation is required for expenditures prior to July 1, 1995. After June 30, 1995, the account shall be subject to appropriation.
NEW SECTION. Sec. 9. A new section is added to chapter 28A.400 RCW to read as follows:

The state patrol shall accept fingerprints obtained under this chapter only if it can ensure that the patrol will not retain a record of the fingerprints after the check is complete. It shall not forward fingerprints obtained under this chapter to the federal bureau of investigation unless it can ensure that the federal bureau of investigation will not retain a record of the fingerprints after the check is complete. The state patrol shall report to the house of representatives appropriations committee and the senate ways and means committee on measures taken to implement this section before accepting any fingerprints obtained under this chapter.

SENATE AMENDMENTS TO HOUSE BILL

March 6, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2876, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 42.17.020 and 1991 sp.s. c 18 s 1 are each amended to read as follows:

(1) "Agency" includes all state agencies and all local agencies. "State agency" includes every state office, department, division, bureau, board, commission, or other state agency. "Local agency" includes every county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district, or any office, department, division, bureau, board, commission, or agency thereof, or other local public agency.

(2) "Ballot proposition" means any "measure" as defined by RCW 29.01.110, or any initiative, recall, or referendum proposition proposed to be submitted to the voters of the state or any municipal corporation, political subdivision, or other voting constituency from and after the time when the proposition has been initially filed with the appropriate election officer of that constituency prior to its circulation for signatures.

(3) "Depository" means a bank designated by a candidate or political committee pursuant to RCW 42.17.050.
(4) "Treasurer" and "deputy treasurer" mean the individuals appointed by a candidate or political committee, pursuant to RCW 42.17.050, to perform the duties specified in that section.

(5) "Candidate" means any individual who seeks election to public office. An individual shall be deemed to seek election when he first:
   (a) Receives contributions or makes expenditures or reserves space or facilities with intent to promote his candidacy for office; or
   (b) Announces publicly or files for office.

(6) "Commercial advertiser" means any person who sells the service of communicating messages or producing printed material for broadcast or distribution to the general public or segments of the general public whether through the use of newspapers, magazines, television and radio stations, billboard companies, direct mail advertising companies, printing companies, or otherwise.

(7) "Commission" means the agency established under RCW 42.17.350.

(8) "Compensation" unless the context requires a narrower meaning, includes payment in any form for real or personal property or services of any kind: PROVIDED. That for the purpose of compliance with RCW 42.17.241, the term "compensation" shall not include per diem allowances or other payments made by a governmental entity to reimburse a public official for expenses incurred while the official is engaged in the official business of the governmental entity.

(9) "Continuing political committee" means a political committee that is an organization of continuing existence not established in anticipation of any particular election campaign.

(10) "Contribution" includes a loan, gift, deposit, subscription, forgiveness of indebtedness, donation, advance, pledge, payment, transfer of funds between political committees, or transfer of anything of value, including personal and professional services for less than full consideration, but does not include interest on moneys deposited in a political committee's account, ordinary home hospitality and the rendering of personal services of the sort commonly performed by volunteer campaign workers, or incidental expenses personally incurred by volunteer campaign workers not in excess of fifty dollars personally paid for by the worker. Volunteer services, for the purposes of this chapter, means services or labor for which the individual is not compensated by any person. For the purposes of this chapter, contributions other than money or its equivalents shall be deemed to have a money value equivalent to the fair market value of the contribution. Sums paid for tickets to fund-raising events such as dinners and parties are contributions; however, the amount of any such contribution may be reduced for the purpose of complying with the reporting requirements of this chapter, by the actual cost of consumables furnished in connection with the purchase of the tickets, and only the excess over the actual cost of the consumables shall be deemed a contribution.

(11) "Elected official" means any person elected at a general or special election to any public office, and any person appointed to fill a vacancy in any such office.

(12) "Election" includes any primary, general, or special election for public office and any election in which a ballot proposition is submitted to the voters: PROVIDED. That an election in which the qualifications for voting include other than those requirements set forth in Article VI, section 1 (Amendment 63) of the Constitution of the state of Washington shall not be considered an election for purposes of this chapter.

(13) "Election campaign" means any campaign in support of or in opposition to a candidate for election to public office and any campaign in support of, or in opposition to, a ballot proposition.

(14) "Expenditure" includes a payment, contribution, subscription, distribution, loan, advance, deposit, or gift of money or anything of value, and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure. The term "expenditure" also includes a promise to pay, a payment, or a transfer of anything of value in exchange for goods, services, property, facilities, or anything of value for the purpose of assisting, benefiting, or honoring any public official or candidate, or assisting in furthering or opposing any election campaign. For the purposes of this chapter, agreements to make expenditures, contracts, and promises to pay may be reported as estimated obligations until actual payment is made. The term "expenditure" shall not include the partial or complete repayment by a candidate or political committee of the principal of a loan, the receipt of which loan has been properly reported.

(15) "Final report" means the report described as a final report in RCW 42.17.080(2).

(16) "Gift," for the purposes of RCW 42.17.170 and 42.17.2415, means a rendering of anything of value in return for which reasonable consideration is not given and received and includes a rendering of money, property, services, discount, loan forgiveness, payment of indebtedness, or reimbursements from or payments by persons (other than the federal government, or the state of Washington or any agency or political subdivision thereof) for travel or anything else of value. The term "reasonable consideration" refers to the approximate range of consideration that exists in transactions not involving donative intent. However, the value of the gift of partaking in a single hosted reception shall be determined by dividing the total amount of the cost of conducting the reception by the total number of persons partaking in the reception. "Gift" for the purposes of RCW 42.17.170 and 42.17.2415 does not include:
FIFTY-EIGHTH DAY, MARCH 10, 1992

(a) A gift, other than a gift of partaking in a hosted reception, with a value of fifty dollars or less;
(b) The gift of partaking in a hosted reception if the value of the gift is one hundred dollars or less;
(c) A contribution that is required to be reported under RCW 42.17.090 or 42.17.243;
(d) Informational material that is transferred for the purpose of informing the recipient about matters pertaining
to official business of the governmental entity of which the recipient is an official or officer, and that is not intended to
confer on that recipient any commercial, proprietary, financial, economic, or monetary advantage, or the avoidance of
any commercial, proprietary, financial, economic, or monetary disadvantage;
(e) A gift that is not used and that, within thirty days after receipt, is returned to the donor or delivered to a
charitable organization. However, this exclusion from the definition does not apply if the recipient of the gift delivers
the gift to a charitable organization and claims the delivery as a charitable contribution for tax purposes;
(f) A gift given under circumstances where it is clear beyond any doubt that the gift was not made as part of
any design to gain or maintain influence in the governmental entity of which the recipient is an officer or official or with
respect to any legislative matter or matters of that governmental entity; or
(g) A gift given prior to September 29, 1991.

(17) "Immediate family" includes the spouse, dependent children, and other dependent relatives, if living in the
household.

(18) "Legislation" means bills, resolutions, motions, amendments, nominations, and other matters pending or
proposed in either house of the state legislature, and includes any other matter that may be the subject of action by either
house or any committee of the legislature and all bills and resolutions that, having passed both houses, are pending
approval by the governor.

(19) "Lobby" and "lobbying" each mean attempting to influence the passage or defeat of any legislation by the
legislature of the state of Washington, or the adoption or rejection of any rule, standard, rate, or other legislative
enactment of any state agency under the state Administrative Procedure Act, chapter 34.05 RCW. Neither "lobby" nor
"lobbying" includes an association's or other organization's act of communicating with the members of that association
or organization.

(20) "Lobbyist" includes any person who lobbies either in his own or another's behalf.

(21) "Lobbyist's employer" means the person or persons by whom a lobbyist is employed and all persons by

political party, executive committee thereof, or any other organization or group of persons, however organized.

(23) "Person in interest" means the person who is the subject of a record or any representative designated by
that person, except that if that person is under a legal disability, the term "person in interest" means and includes the
parent or duly appointed legal representative.

(24) "Political advertising" includes any advertising displays, newspaper ads, billboards, signs, brochures,
articles, tabloids, flyers, letters, radio or television presentations, or other means of mass communication, used for the
purpose of appealing, directly or indirectly, for votes or for financial or other support in any election campaign.

(25) "Political committee" means any person (except a candidate or an individual dealing with his own funds
or property) having the expectation of receiving contributions or making expenditures in support of, or opposition to, any
candidate or any ballot proposition.

(26) "Public office" means any federal, state, county, city, town, school district, port district, special district,
or other state political subdivision elective office.

(27) "Public record" includes any writing containing information relating to the conduct of government or the
performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency
regardless of physical form or characteristics.

(28) "Surplus funds" mean, in the case of a political committee or candidate, the balance of contributions that
remain in the possession or control of that committee or candidate subsequent to the election for which the contributions
were received, and that are in excess of the amount necessary to pay remaining debts incurred by the committee or
candidate prior to that election. In the case of a continuing political committee, "surplus funds" mean those contributions
remaining in the possession or control of the committee that are in excess of the amount necessary to pay all remaining
debts when it makes its final report under RCW 42.17.065.

(29) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means
of recording any form of communication or representation, including, but not limited to, letters, words, pictures, sounds,
or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, motion
picture, film and video recordings, magnetic or punched cards, discs, drums, diskettes, sound recordings, and other
documents including existing data compilations from which information may be obtained or translated.
NEW SECTION. Sec. 2. A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:

The people of this state do not yield their sovereignty to the agencies that serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may maintain control over the instruments that they have created. The public records subdivision of this chapter shall be liberally construed and its exemptions narrowly construed to promote this public policy.

Sec. 3. RCW 42.17.260 and 1989 c 175 s 36 are each amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (((5))) (6) of this section, RCW 42.17.310, 42.17.315, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by RCW 42.17.310 and 42.17.315, an agency shall delete identifying details in a manner consistent with RCW 42.17.310 and 42.17.315 when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(1) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(((4)) (4)) Each state agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(((4) By July 1, 1990.)) (5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010(1) and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010(8) that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010(14) that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.
A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or
(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

This chapter shall not be construed as giving authority to any agency to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act.

Sec. 4. RCW 42.17.290 and 1975 1st ex.s. c 294 s 16 are each amended to read as follows:

Agencies shall adopt and enforce reasonable rules and regulations, consonant with the intent of this chapter to provide full public access to public records, to protect public records from damage or disorganization, and to prevent excessive interference with other essential functions of the agency. Such rules and regulations shall provide for the fullest assistance to inquirers and the most timely possible action on requests for information. Nothing in this section shall relieve agencies from honoring requests received by mail for copies of identifiable public records.

If a public record request is made at a time when such record exists but is scheduled for destruction in the near future, the agency shall retain possession of the record, and may not destroy or erase the record until the request is resolved.

Sec. 5. RCW 42.17.310 and 1991 c 301 s 13, 1991 c 87 s 13, and 1991 c 23 s 10 are each reenacted and amended to read as follows:

(1) The following are exempt from public inspection and copying:

(a) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, or welfare recipients.

(b) Personal information in files maintained for employees, appointees, or elected officials of any public agency to the extent that disclosure would violate their right to privacy.

(c) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would (i) be prohibited to such persons by RCW 82.32.330 or (ii) violate the taxpayer’s right to privacy or result in unfair competitive disadvantage to the taxpayer.

(d) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person’s right to privacy.

(e) Information revealing the identity of persons who are witnesses to or victims of crime or who file complaints with investigative, law enforcement, or penology agencies, other than the public disclosure commission, if disclosure would endanger any person’s life, physical safety, or property. If at the time ((the) a complaint is filed the complainant, victim or witness indicates a desire for disclosure or nondisclosure, such desire shall govern. However, all complaints filed with the public disclosure commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath.

(f) Test questions, scoring keys, and other examination data used to administer a license, employment, or academic examination.

(g) Except as provided by chapter 8.26 RCW, the contents of real estate appraisals, made for or by any agency relative to the acquisition or sale of property, until the project or prospective sale is abandoned or until such time as all of the property has been acquired or the property to which the sale appraisal relates is sold, but in no event shall disclosure be denied for more than three years after the appraisal.

(h) Valuable formulae, designs, drawings, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss.

(i) Preliminary drafts, notes, recommendations, and intra-agency memorandums in which opinions are expressed or policies formulated or recommended except that a specific record shall not be exempt when publicly cited by an agency in connection with any agency action.

(j) Records which are relevant to a controversy to which an agency is a party but which records would not be available to another party under the rules of pretrial discovery for causes pending in the superior courts.

(k) Records, maps, or other information identifying the location of archaeological sites in order to avoid the looting or depredation of such sites.
Any library record, the primary purpose of which is to maintain control of library materials, or to gain access to information, which discloses or could be used to disclose the identity of a library user.

Railroad company contracts filed prior to July 28, 1991, with the utilities and transportation commission under RCW 81.34.070, except that the summaries of the contracts are open to public inspection and copying as otherwise provided by this chapter.

Financial and commercial information and records supplied by private persons pertaining to export services provided pursuant to chapter 43.163 RCW and chapter 53.31 RCW.

Financial disclosures filed by private vocational schools under chapter 28C.10 RCW.

Records filed with the utilities and transportation commission or attorney general under RCW 80.04.095 that a court has determined are confidential under RCW 80.04.095.

Except for information described in subsection (1)(c)(i) of this section and confidential income data exempted from public inspection pursuant to RCW 84.40.020, the exemptions of this section are inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interests, can be deleted from the specific records sought. No exemption may be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

Inspection or copying of any specific records exempt under the provisions of this section may be permitted if the superior court in the county in which the record is maintained finds, after a hearing with notice thereof to every person in interest and the agency, that the exemption of such records is clearly unnecessary to protect any individual's right of privacy or any vital governmental function.

Agency responses refusing, in whole or in part, inspection of any public record shall include a statement of the specific exemption authorizing the withholding of the record (or part) and a brief explanation of how the exemption applies to the record withheld.

Sec. 6. RCW 42.17.320 and 1975 1st ex.s. c 294 s 18 are each amended to read as follows:
Responses to requests for public records shall be made promptly by agencies. Within five business days of receiving a public record request, an agency must respond by either (1) providing the record; (2) acknowledging that the agency has received the request and providing a reasonable estimate of the time the agency will require to respond to the request; or (3) denying the public record request. Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request. In acknowledging receipt of a public record request that is unclear, an agency may ask the requestor to clarify what information the requestor is seeking. If the requestor fails to clarify the request, the agency need not respond to it. Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action for the purposes of judicial review.

Sec. 7. RCW 42.17.330 and 1975 1st ex.s. c 294 s 19 are each amended to read as follows:
The examination of any specific public record may be enjoined if, upon motion and affidavit by an agency or its representative or a person who is named in the record or to whom the record specifically pertains, the superior court for the county in which the movant resides or in which the record is maintained, finds that such examination would clearly not be in the public interest and would substantially and irreparably damage any person, or would substantially and irreparably damage vital governmental functions. An agency has the option of notifying persons named in the record or to whom a record specifically pertains, that release of a record has been requested. However, this option does not exist where the agency is required by law to provide such notice.

Sec. 8. RCW 42.17.340 and 1987 c 403 s 5 are each amended to read as follows:
(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.
(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.
(3) Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

NEW SECTION. Sec. 9. A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:
The attorney general's office shall publish, and update when appropriate, a pamphlet, written in plain language, explaining the provisions of the public records subdivision of this chapter.

NEW SECTION. Sec. 10. A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:
Whenever a state agency concludes that a public record is exempt from disclosure and denies a person opportunity to inspect or copy a public record for that reason, the person may request the attorney general to review the matter. The attorney general shall provide the person with his or her written opinion on whether the record is exempt.
Nothing in this section shall be deemed to establish an attorney-client relationship between the attorney general and a person making a request under this section.

NEW SECTION. Sec. 11. A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:
No public agency, public official, public employee, or custodian shall be liable, nor shall a cause of action exist, for any loss or damage based upon the release of a public record if the public agency, public official, public employee, or custodian acted in good faith in attempting to comply with the provisions of this chapter.
NEW SECTION. Sec. 12. The legislature finds that electronic data and electronic records pose a number of challenging public disclosure questions. Included in these challenging questions are how to provide public access to electronic records while balancing personal privacy and vital governmental interests; how to best address requests for electronic records which require agencies to manipulate data; how to open electronic records to public inspection; how to calculate charges for data or products from electronic records, particularly if that data or product is to be used for a commercial purpose; and how public agencies and employees should handle the personal privacy issues associated with electronic mail.

The legislature finds that there is a large and growing number of exemptions of records from public disclosure. The legislature finds that certain types of information are treated inconsistently under current disclosure laws. The legislature further finds that there may be opportunities for consolidation of many individual record exemptions into fewer, broader exemptions. There is a need to thoroughly review both the content and organization of such exemptions.

The legislature recognizes that there is legal uncertainty regarding the status of investigative records under the open records law. It is important that clear statutory direction be provided in this area to ensure reasonable access to such records while protecting the integrity of the investigatory process and privacy interests.

The legislature also finds that certain entities that may have substantial impacts on public policy are not covered by the open public meetings act. Such entities include certain boards, councils, committees, or other groups of similar nomenclature that serve in an advisory capacity. To ensure that public agencies comply with the intent of the open public meetings act, it is important for the legislature to determine which categories of such groups should be covered by the open public meetings act.

The legislature shall investigate special meetings and notice procedures, emergency meetings, executive sessions and matters that may be properly addressed in an executive session, publication of and provision to the public a regular meeting agenda, and penalties related to failure to comply with open meeting violations.

Finally, while the open public meetings act authorizes agencies to use closed executive sessions to consider certain matters specified in the act, agencies when in closed executive session are required to restrict their consideration to those matters. The act’s provisions may need to be amended to prevent or deter public agencies from considering matters in closed executive session that they are not entitled to consider.

The joint select committee on open government shall examine these five issues and shall report back to the legislature with any recommendations for statutory changes by January 1, 1993. In examining these issues, the committee shall provide ample opportunity for input from all interested parties.

On page 1, line 1 of the title, after “government;” strike the remainder of the title and insert “amending RCW 42.17.020, 42.17.260, 42.17.290, 42.17.320, 42.17.330, and 42.17.340; reenacting and amending RCW 42.17.310; adding new sections to chapter 42.17 RCW; and creating a new section.”

and the same is herewith transmitted.

W. D. Naismith, Deputy Secretary.

SENATE AMENDMENTS TO HOUSE BILL
March 6, 1992

MR. SPEAKER:

The Senate has passed:

ENGROSSED HOUSE BILL NO. 2812 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the creation of new jobs is crucial to the economic well-being of the state and its residents. As several commercial airlines are considering establishing major aircraft maintenance facilities in the state, it is important for the state to demonstrate the ability to provide a skilled work force with the technical skills essential for such a facility. Providing additional state assistance to vocational training programs on aircraft maintenance will ease job displacement in the state and offer an incentive for economic development.

NEW SECTION. Sec. 2. From biennial appropriations to the work force training and education coordinating board for the job skills training program, the board shall allocate the sum of five hundred thousand dollars for the 1991-93 biennium and the sum of one million dollars for the 1993-95 biennium to a state technical or community college for the purpose of a vocational training program for the maintenance of commercial aircraft. The board shall allocate the moneys under this section only after the governor determines that a commercial airline will establish a new facility in this state for the maintenance of commercial aircraft. If no determination is made by January 1, 1993, or if the governor determines before January 1, 1993, that no facility will be established, this section has no effect and the board may allocate these moneys for other purposes of the job skills training program.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

In line 1 of the title, after "training;" strike the remainder of the title and insert "creating new sections; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

March 10, 1992

MR. SPEAKER:

Under suspension of rules, SUBSTITUTE HOUSE BILL NO. 1736 was returned to second reading. The Senate reconsidered the vote by which the Senate striking amendment(s) (1736-S AAS 3/5/91) were adopted, and did not adopt the striking amendment(s). The Senate passed the bill with the attached striking amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 39.76 RCW to read as follows:

(1) Except as provided in RCW 39.76.020, every state agency, county, city, town, school district, board, commission, or any other public body shall pay interest at a rate of one percent per month, but at least one dollar per month, on amounts
due on written contracts for public works, personal services, goods and services, equipment, and travel, whenever the public body fails to make timely payment.

(2) For purposes of this section, payment shall be timely if:

(a) Except as provided otherwise in this subsection, a check or warrant is mailed or is available on the date specified for the amount specified in the applicable contract documents but not later than thirty days of receipt of a properly completed invoice or receipt of goods or services, whichever is later. If a contract is funded by grant or federal money, the public body shall pay the prime contractor for satisfactory performance within thirty calendar days of the date the public body receives a payment request that complies with the contract or within thirty calendar days of the date the public body actually receives the grant or federal money, whichever is later.

(b) On written contracts for public works, when part or all of a payment is going to be withheld for unsatisfactory performance or if the payment request made does not comply with the requirements of the contract, the public body shall notify the prime contractor in writing within eight working days after receipt of the payment request stating specifically why part or all of the payment is being withheld and what remedial actions must be taken by the prime contractor to receive the withheld amount.

(c) If the notification by the public body required by (b) of this subsection does not comply with the notice contents required under (b) of this subsection, the public body shall pay the interest under subsection (1) of this section from the ninth working day after receipt of the initial payment request until the contractor receives notice that does comply with the notice contents required under (b) of this subsection.

(d) If part or all of a payment is withheld under (b) of this subsection, the public body shall pay the withheld amount within thirty calendar days after the prime contractor satisfactorily completes the remedial actions identified in the notice. If the withheld amount is not paid within the thirty calendar days, the public body shall pay interest under subsection (1) of this section from the thirty-first calendar day until the date paid.

(e)(i) If the prime contractor on a public works contract, after making a request for payment to the public body but before paying a subcontractor for the subcontractor's performance covered by the payment request, discovers that part or all of the payment otherwise due to the subcontractor is subject to withholding from the subcontractor under the subcontract for unsatisfactory performance, the prime contractor may withhold the amount as allowed under the subcontract. If the prime contractor withholds an amount under this subsection, the prime contractor shall:

(A) Give the subcontractor notice of the remedial actions that must be taken as soon as practicable after determining the cause for the withholding but before the due date for the subcontractor payment;

(B) Give the contracting officer of the public body a copy of the notice furnished to the subcontractor under (e)(i)(A) of this subsection; and

(C) Pay the subcontractor within eight working days after the subcontractor satisfactorily completes the remedial action identified in the notice.

(ii) If the prime contractor does not comply with the notice and payment requirements of (e)(i) of this subsection, the contractor shall pay the subcontractor interest on the withheld amount from the eighth working day at an interest rate that is equal to the amount set forth in subsection (1) of this section.

(3) For the purposes of this section:

(a) A payment is considered to be made when mailed or personally delivered to the party being paid.

(b) An invoice is considered to be received when it is date-stamped or otherwise marked as delivered. If the invoice is not date-stamped or otherwise marked as delivered, the date of the invoice is considered to be the date when the invoice is received.

NEW SECTION. Sec. 2. (1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract: PROVIDED, That the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.
(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:
   (a) Retained in a fund by the public body;
   (b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;
   (c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) With the consent of the public body the contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW: PROVIDED, That the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.
   (a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.
   (b) "Person" means a person or persons, mechanic, subcontractor, or materialperson who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.
(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services.

NEW SECTION. Sec. 3. After the expiration of the forty-five day period for giving notice of lien provided in section 2(2) of this act, and after receipt of the department of revenue's certificate, and the public body is satisfied that the taxes certified as due or to become due by the department of revenue are discharged, and the claims of materialmen and laborers who have filed their claims, together with a sum sufficient to defray the cost of foreclosing the liens of such claims, and to pay attorneys' fees, have been paid, the public body may withhold from the remaining retained amounts for claims the public body may have against the contractor and shall pay the balance, if any, to the contractor the fund retained by it or release to the contractor the securities and bonds held in escrow.

If such taxes have not been discharged or the claims, expenses, and fees have not been paid, the public body shall either retain in its fund, or in an interest bearing account, or retain in escrow, at the option of the contractor, an amount equal to such unpaid taxes and unpaid claims together with a sum sufficient to defray the costs and attorney fees incurred in foreclosing the lien of such claims, and shall pay, or release from escrow, the remainder to the contractor.

NEW SECTION. Sec. 4. Upon completion of a contract, the state, county or other municipal officer charged with the duty of disbursing or authorizing disbursement or payment of such contracts shall forthwith notify the department of revenue of the completion of contracts over twenty thousand dollars. Such officer shall not make any payment from the retained percentage fund or release any retained percentage escrow account to any person, until he has received from the department of revenue a certificate that all taxes, increases and penalties due from the contractor, and all taxes due and to become due with respect to such contract have been paid in full or that they are, in the department's opinion, readily collectible without recourse to the state's lien on the retained percentage.

NEW SECTION. Sec. 5. A new section is added to chapter 39.04 RCW to read as follows:

(1) When payment is received by a contractor or subcontractor for work performed on a public work, the contractor or subcontractor shall pay to any subcontractor not later than ten days after the receipt of the payment, amounts allowed the contractor on account of the work performed by the subcontractor, to the extent of each subcontractor's interest therein.

(2) In the event of a good faith dispute over all or any portion of the amount due on a payment from the state or a municipality to the prime contractor, or from the prime contractor or subcontractor to a subcontractor, then the state or the municipality, or the prime contractor or subcontractor, may withhold no more than one hundred fifty percent of the disputed amount. Those not a party to a dispute are entitled to full and prompt payment of their portion of a draw, progress payment, final payment, or retained retainage.

(3) In addition to all other remedies, any person from whom funds have been withheld in violation of this section shall be entitled to receive from the person wrongfully withholding the funds, for every month and portion thereof that payment including retainage is not made, interest at the highest rate allowed under RCW 19.52.025. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to costs of suit and reasonable attorneys' fees.

NEW SECTION. Sec. 6. (1) The rights provided in this act may not be waived by the parties and a contract provision that provides for waiver of the rights provided in this act is void as against public policy.

(2) This act is to be liberally construed to provide security for all parties intended to be protected by its provisions.

NEW SECTION. Sec. 7. (1) Sections 1 through 6 of this act are applicable to all public works contracts entered into on or after September 1, 1992, relating to the construction of any work of improvement.

(2) RCW 39.76.010, 60.28.010, 60.28.020, and 60.28.050 are applicable to all public works contracts entered into prior to September 1, 1992, relating to the construction of any work of improvement.

NEW SECTION. Sec. 8. Sections 2 through 4 of this act are each added to chapter 60.28 RCW.

NEW SECTION. Sec. 9. This act shall take effect September 1, 1992.

On page 1, line 2 of the title, after "property;" strike the remainder of the title and insert "adding a new section to chapter 39.76 RCW; adding new sections to chapter 60.28 RCW; adding a new section to chapter 39.04 RCW; creating new sections; prescribing penalties; and providing an effective date."

and the same is herewith transmitted.

COLLOQUY

Representative Fraser: Mr. Speaker, will Representative Hine yield to a question?

Mr. Speaker: Representative Fraser, Representative Hine does yield.

Representative Fraser: Representative Hine, The Port of Olympia and the Olympia airport are working to establish commuter airline service here. If it passes, would the amendment not permitting initiation of new service prohibit the Olympia port and airport from obtaining commuter service?

Representative Hine: Representative Fraser, No, it would not. If the Port of Olympia and Olympia Airport want to invite commuter services, they may do so. This amendment would prohibit commercial airline service at airports which do not now have commercial service. Commuter services would not be effected. I have spoken with the Senate sponsors, and they concur with this interpretation of the amendment.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 19.85 RCW to read as follows:

When any rule is proposed for which a small business economic impact statement is required, the adopting agency shall provide notice to small businesses of the proposed rule through any of the following:

1) Direct notification of known interested small businesses or trade organizations affected by the proposed rule; or

2) Providing information of the proposed rule making to publications likely to be obtained by small businesses of the types affected by the proposed rule.

NEW SECTION. Sec. 2. A new section is added to chapter 19.85 RCW to read as follows:

When feasible, the adopting agency may appoint a committee, as provided in RCW 34.05.310, to comment on the subject of the possible rule making before the publication of notice of proposed rule adoption under RCW 34.05.320.

NEW SECTION. Sec. 3. A new section is added to chapter 34.05 RCW to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

March 10, 1992
MR. SPEAKER:

Under suspension of rules, ENGROSSED HOUSE BILL NO. 2812 was returned to second reading. The Senate reconsidered the vote by which the Committee on Commerce & Labor amendment(s) (2812.E AS 3/6/92) were adopted, adopted an amendment to the committee amendment, and passed the bill with the (attached) committee amendment as amended:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the creation of new jobs is crucial to the economic well-being of the state and its residents. As several commercial airlines are considering establishing major aircraft maintenance facilities in the state, it is important for the state to demonstrate the ability to provide a skilled work force with the technical skills essential for such a facility. Providing additional state assistance to vocational training programs on aircraft maintenance will ease job displacement in the state and offer an incentive for economic development.

NEW SECTION. Sec. 2. From biennial appropriations to the work force training and education coordinating board for the job skills training program, the board shall allocate the sum of five hundred thousand dollars for the 1991-93 biennium and the sum of one million dollars for the 1993-95 biennium to a state technical or community college for the purpose of a vocational training program for the maintenance of commercial aircraft. The board shall allocate the moneys under this section only after the governor determines that a commercial airline will establish a new facility in this state for the maintenance of commercial aircraft. If no determination is made by January 1, 1993, or if the governor determines before January 1, 1993, that no facility will be established, this section has no effect and the board may allocate these moneys for other purposes of the job skills training program.

Sec. 3. RCW 28C.04.420 and 1983 1st ex. s. c 21 § 4 are each amended to read as follows:
The commission may, subject to appropriation from the legislature or from funds made available from any other public or private source and pursuant to rules adopted by the commission, provide job skills grants to educational institutions. The job skills grants shall be used exclusively for programs which are consistent with the job skills program. A job skills grant may be awarded only after:

(1) Receipt of an application from an educational institution which contains a proposal for a program of skills training and education, including a description of the program, the type of skills training or education to be provided, a statement of the total cost of the program and a breakdown of the costs associated with equipment, personnel, facilities, and materials, a statement of the employment needs for the program and evidence in support thereof, demonstrates that the program does not unnecessarily duplicate existing programs in the area and is provided at a reasonable cost, a statement of the technical assistance and financial support for the program received or to be received from business and industry, and such other information as the commission requests; and

(2) The commission, based on the application submitted by the educational institution and such additional investigation as the staff of the commission shall make, finds that:

(a) The program is within the scope of the job skills program under this chapter and may reasonably be expected to succeed and thereby increase employment within the state;
(b) Provision has been made to use any available alternative funding from local, state, and federal sources;
(c) The job skills grant will only be used to cover the costs associated with the program;
(d) The program will not unnecessarily duplicate existing programs and could not be provided by another educational institution more effectively or efficiently;
(e) The program involves an area of skills training and education for which there is a demonstrable need;
(f) The applicant has made provisions for the use of existing federal and state resources for student financial assistance;
(g) The job skills grant is essential to the success of the program as the resources of the applicant are inadequate to attract the technical assistance and financial support necessary for the program from business and industry;
(h) The commitment of financial support from business and industry shall be equal to or greater than the amount of the requested job skills grant, except that no commitment is necessary for grants under section 2 of this act;
(i) Binding commitments have been made to the commission by the applicant for adequate reporting of information and data regarding the program to the commission, particularly information concerning the recruitment and employment of trainees and students, and including a requirement for an annual or other periodic audit of the books of the applicant directly related to the program, and for such control on the part of the commission as it considers prudent over the management of the program, so as to protect the use of public funds, including, in the discretion of the commission and without limitation, right of access to financial and other records of the applicant directly related to the programs;
(j) Provision has been made by the applicant to work, in cooperation with the employment security department, to identify and screen potential trainees and that provision has been made by the applicant of persons who are victims of economic dislocation and persons from minority and economically disadvantaged groups to participate in the program; and

(k) Binding commitments have been made to the commission by the applicant for compliance with the monitoring and evaluation rules of the commission.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

In line 1 of the title, after "training;" strike the remainder of the title and insert "amending RCW 28C.04.420; creating new sections; and declaring an emergency."

Secs. 6000-6083 (1975), (as amended), and the protection and advocacy for mentally ill individuals act of 1986, 100 Stat. 478; 42 U.S.C. Secs. 10801-10851.

The protection and advocacy programs for persons with developmental disabilities and persons who are mentally ill shall be terminated on June 30, 1997, as provided in section 11 of this act.

NEW SECTION. Sec. 11. A new section is added to chapter 43.131 RCW to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 1998:

1. RCW 71A.10.080 and 1992 c ... s 3 (section 4 of this act) & 1991 c 333 s 1;
2. RCW 71.05.--- and 1992 c ... s 4 (section 5 of this act);
3. RCW 71A.10.--- and 1992 c ... s 5 (section 6 of this act);
4. RCW 71.05.--- and 1992 c ... s 6 (section 7 of this act); and
5. RCW 43.63A.--- and 1992 c ... s 7 (section 8 of this act).

Sec. 12. RCW 70.96A.140 and 1991 c 364 s 10 are each amended to read as follows:

1. When a designated chemical dependency specialist receives information alleging that a person is incapacitated as a result of ((alcoholism, or in the case of a minor incapacitated by alcoholism and/or other drug addiction)) chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is ((an alcoholic who)) chemically dependent and is incapacitated by alcoholism or in the case of a minor incapacitated by alcoholism and/or other drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification or chemical dependency treatment ((for alcoholism)) pursuant to RCW 70.96A.110, (or in the case of a minor, detoxification or treatment for alcohol or drug addiction,)) and is in need of a more sustained treatment program, or that the person is ((an alcoholic, or in the case of a minor, an alcoholic or other drug addict, who)) chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician’s findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

2. Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.050, as now or hereafter amended, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a
parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of
the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be
telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the
detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine
whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records
of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain
opinions as to whether the detained person is ((an alcoholic, or in the case of a minor incapacitated by alcoholism and/or
other drug addiction, must)) chemically dependent shall be deleted from the records unless the person offering the
opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence
is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to
represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom.

If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined
by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations
of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary
order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds
that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an
order of commitment to a approved treatment program. It shall not order commitment of a person unless it determines
that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days
unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the
program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in
subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed
because he or she is ((an alcoholic, or, in the case of a minor, incapacitated by alcoholism and/or
other drug addiction,)) chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date
for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the
court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the
hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by
the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under
subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her
legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the
hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed
to its custody. A person committed under this section may be transferred from one approved public treatment program
to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the
end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either
of the following conditions are met:

(a) In case of ((an alcoholic)) a chemically dependent person committed on the grounds of likelihood of
infliction of physical harm upon himself, herself, or another, ((or, in the case of a minor, incapacitated by alcoholism and/or
other drug addiction,)) the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement
in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of ((an alcoholic)) a chemically dependent person committed on the grounds of the need of treatment
and incapacity ((or, in the case of a minor, incapacitated by alcoholism and/or other drug addiction)), that the incapacity
no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to
contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment
and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient’s functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient’s functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

NEW SECTION. Sec. 13. The purpose of section 12 of this act is solely to provide authority for the involuntary commitment of persons suffering from chemical dependency within available funds and current programs and facilities. Nothing in this act shall be construed to require the addition of new facilities nor affect the department of social and health services’ authority for the uses of existing programs and facilities authorized by law.

OPTION B
MANIFEST INJUSTICE

A disposition outside the standard range shall be determined and shall be comprised of confinement or community supervision or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding 30 days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW ((13.40.030(5))) 13.40.030(2), as now or hereafter amended, shall be used to determine the range.

Sec. 105. RCW 13.40.038 and 1986 c 288 s 7 are each amended to read as follows:
It is the policy of this state that all county juvenile detention facilities provide a humane, safe, and rehabilitative environment and that unadjudicated youth remain in the community whenever possible, consistent with public safety and the provisions of chapter 13.40 RCW.

The counties shall develop and implement detention intake standards and risk assessment standards to determine whether detention is warranted and if so whether the juvenile should be placed in secure, nonsecure, or home detention to implement the goals of this section. Inability to pay for a less restrictive detention placement shall not be a basis for denying a respondent a less restrictive placement in the community. The detention and risk assessment standards shall be developed and implemented no later than December 31, 1992.

Sec. 106. RCW 13.40.050 and 1979 c 155 s 58 are each amended to read as follows:

1. When a juvenile taken into custody is held in detention:
   a. An information, a community supervision modification or termination of diversion petition, or a parole modification petition shall be filed within seventy-two hours, Saturdays, Sundays, and holidays excluded, or the juvenile shall be released; and
   b. A detention hearing, a community supervision modification or termination of diversion petition, or a parole modification petition shall be held within seventy-two hours, Saturdays, Sundays, and holidays excluded, from the time of filing the information or petition, to determine whether continued detention is necessary under RCW 13.40.040.

2. Notice of the detention hearing, stating the time, place, and purpose of the hearing, and stating the right to counsel, shall be given to the parent, guardian, or custodian if such person can be found and shall also be given to the juvenile if over twelve years of age.

3. At the commencement of the detention hearing, the court shall advise the parties of their rights under this chapter and shall appoint counsel as specified in this chapter.

4. The court shall, based upon the allegations in the information, determine whether the case is properly before it or whether the case should be treated as a diversion case under RCW 13.40.080. If the case is not properly before the court the juvenile shall be ordered released.

5. Notwithstanding a determination that the case is properly before the court and that probable cause exists, a juvenile shall at the detention hearing be ordered released on the juvenile's personal recognizance pending further hearing unless the court finds detention is necessary under RCW 13.40.040.

6. If detention is not necessary under RCW 13.40.040, as now or hereafter amended, the court shall impose the most appropriate of the following conditions or, if necessary, any combination of the following conditions:
   a. Place the juvenile in the custody of a designated person agreeing to supervise such juvenile;
   b. Place restrictions on the travel of the juvenile during the period of release;
   c. Require the juvenile to report regularly to and remain under the supervision of the juvenile court;
   d. Impose any condition other than detention deemed reasonably necessary to assure appearance as required;
   e. Require that the juvenile return to detention during specified hours.

7. If the parent, guardian, or custodian of the juvenile in detention is available, the court shall consult with them prior to a determination to further detain or release the juvenile or treat the case as a diversion case under RCW 13.40.080.

Sec. 107. RCW 13.40.070 and 1989 c 407 s 9 are each amended to read as follows:

1. Complaints referred to the juvenile court alleging the commission of an offense shall be referred directly to the prosecutor. The prosecutor, upon receipt of a complaint, shall screen the complaint to determine whether:
   a. The alleged facts bring the case within the jurisdiction of the court; and
   b. On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

2. If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

3. If the requirements of subsections (1) (a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (7) of this section. If the prosecutor finds that the requirements of subsection (1) (a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

4. An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

5. Where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:
(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.440(2) as a crime against persons, or any other offense listed in RCW 13.40.020(1) (b) or (c); or

(b) An alleged offender is accused of a felony and has a criminal history of at least one class A or class B felony, or two class C felonies, or at least two gross misdemeanors, or at least two misdemeanors and one additional misdemeanor or gross misdemeanor, or at least one class C felony and one misdemeanor or gross misdemeanor; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

((e) An alleged offender has three or more diversions on the alleged offender’s criminal history ((within eighteen months of the current alleged offense)).

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense(s) in combination with the alleged offender’s criminal history do not exceed two offenses or violations and do not include any felonies: PROVIDED, That if the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (7) of this section, a case under this subsection may also be filed.

(7) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender’s criminal history and the circumstances surrounding the commission of the alleged offense.

(8) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversionary interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversionary unit, the victim shall be notified of the referral and informed how to contact the unit.

(9) The responsibilities of the prosecutor under subsections (1) through (8) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(10) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

**Sec. 108.** RCW 13.40.080 and 1985 c 73 s 2 are each amended to read as follows:

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to:

(a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by the victim, and to an amount the juvenile has the means or potential means to pay;

(c) Attendance at up to ((two)) ten hours of counseling and/or up to ((ten)) twenty hours of educational or informational sessions at a community agency: PROVIDED, That the state shall not be liable for costs resulting from the diversionary unit exercising the option to permit diversion agreements to mandate attendance at up to ((two)) ten hours of counseling and/or up to ((ten)) twenty hours of educational or informational sessions; and

(d) A fine, not to exceed one hundred dollars. In determining the amount of the fine, the diversion unit shall consider only the juvenile’s financial resources and whether the juvenile has the means to pay the fine. The diversion unit shall not consider the financial resources of the juvenile’s parents, guardian, or custodian in determining the fine to be imposed.

(3) In assessing periods of community service to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with victims who have contacted the diversionary unit and, to the extent possible, involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.
(4) A diversion agreement may not exceed a period of six months (for a misdemeanor or gross misdemeanor or one year for a felony) and may include a period extending beyond the eighteenth birthday of the divertee. Any restitution assessed during its term may not exceed an amount which the juvenile could be reasonably expected to pay during this period. If additional time is necessary for the juvenile to complete restitution to the victim, the time period limitations of this subsection may be extended by an additional six months.

(5) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(6) Divertees and potential divertees shall be afforded due process in all contacts with a diversionary unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;
(b) Violation of the terms of the agreement shall be the only grounds for termination;
(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:
   (i) Written notice of alleged violations of the conditions of the diversion program; and
   (ii) Disclosure of all evidence to be offered against the divertee;
(d) The hearing shall be conducted by the juvenile court and shall include:
   (i) Opportunity to be heard in person and to present evidence;
   (ii) The right to confront and cross-examine all adverse witnesses;
   (iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and
   (iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.

(e) The prosecutor may file an information on the offense for which the divertee was diverted:
   (i) In juvenile court if the divertee is under eighteen years of age; or
   (ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(7) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(8) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(9) The diversion unit may refer a juvenile to community-based counseling or treatment programs.

(10) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(12) of this chapter as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(11) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;
(b) The fact that a diversion agreement was entered into;
(c) The juvenile's obligations under such agreement;
(d) Whether the alleged offender performed his or her obligations under such agreement; and
(e) The facts of the alleged offense.

(12) A diversionary unit may refuse to enter into a diversion agreement with a juvenile. When a diversionary unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(13) A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no
prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical
harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the
person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a
diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection shall include
the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020((4))) as now or hereafter amended. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

A juvenile determined to be eligible by a diversionary unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community service. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community service in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

(2) The frequency of each action taken under RCW 28A.225.020 prior to the filing of such petition;
(3) When deemed appropriate under RCW 28A.225.020, the frequency of delivery of supplemental services; and

Sec. 206. RCW 13.32A.130 and 1990 c 276 s 8 are each amended to read as follows:

A child admitted to a crisis residential center under this chapter who is not returned to the home of his or her parent or who is not placed in an alternative residential placement under an agreement between the parent and child, shall, except as provided for by RCW 13.32A.140 and 13.32A.160(2), reside in such placement under the rules and regulations established for the center for a period not to exceed ((twenty-two hours, excluding Saturdays, Sundays and holidays)) five consecutive days from the time of intake, except as otherwise provided by this chapter. Crisis residential center staff shall make a concerted effort to achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of intake, and if the person in charge of the center does not consider it likely that reconciliation will be achieved within the ((twenty-two hours)) five-day period, then the person in charge shall inform the parent and child of (1) the availability of counseling services; (2) the right to file a petition for an alternative residential placement, the right of a parent to file
an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; and (3) the right
to request a review of any alternative residential placement. PROVIDED, That at no time shall information regarding
a parent’s or child’s rights be withheld if requested; PROVIDED FURTHER, That the department shall develop and
distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating
such services and rights. Every officer taking a child into custody shall provide the child and his or her parent(s) or
responsible adult with whom the child is placed with a copy of such statement. In addition, the administrator of the
facility or his or her designee shall provide every resident and parent with a copy of such statement.
Sec. 207. RCW 13.32A.140 and 1990 c 276 s 9 are each amended to read as follows:
The department shall file a petition to approve an alternative residential placement on behalf of a child under any of the
following sets of circumstances:
(1) The child has been admitted to a crisis residential center or has been placed with a responsible person other
than his or her parent, and:
(a) The parent has been notified that the child was so admitted or placed;
(b) (Seventy-two hours, including Saturdays, Sundays, and holidays,) Five consecutive days have passed since
such notification;
(c) No agreement between the parent and the child as to where the child shall live has been reached;
(d) No petition requesting approval of an alternative residential placement has been filed by either the child or
parent or legal custodian;
(e) The parent has not filed an at-risk youth petition; and
(f) The child has no suitable place to live other than the home of his or her parent.
(2) The child has been admitted to a crisis residential center and:
(a) (Seventy-two hours, including Saturdays, Sundays, and holidays,) Five consecutive days have passed since
such placement;
(b) The staff, after searching with due diligence, have been unable to contact the parent of such child; and
(c) The child has no suitable place to live other than the home of his or her parent.
(3) An agreement between parent and child made pursuant to RCW 13.32A.090(2)(e) or pursuant to RCW
13.32A.120(1) is no longer acceptable to parent or child, and:
(a) (Seventy-two hours, including Saturdays, Sundays, and holidays,) Five consecutive days have passed since
such notification;
(b) No new agreement between parent and child as to where the child shall live has been reached;
(c) No petition requesting approval of an alternative residential placement has been filed by either the child or
the parent;
(e) The parent has not filed an at-risk youth petition; and
(f) The child has no suitable place to live other than the home of his or her parent.
Under the circumstances of subsections (1), (2), or (3) of this section, the child shall remain in a licensed child
care facility, including but not limited to a crisis residential center, or in any other suitable residence to be determined
by the department until an alternative residential placement petition filed by the department on behalf of the child is
reviewed by the juvenile court and is resolved by such court. The department may authorize emergency medical or dental
for a child placed under this section. The state, when the department files a petition for alternative residential
placement under this section, shall be represented as provided for in RCW 13.04.093.
Sec. 208. RCW 13.32A.150 and 1990 c 276 s 10 are each amended to read as follows:
(1) Except as otherwise provided in this section the juvenile court shall not accept the filing of an alternative residential
placement petition by the child or the parents or the filing of an at-risk youth petition by the parent, unless verification
is provided that a family assessment has been completed by the department. The family assessment shall be aimed at
family reconciliation and avoidance of the out-of-home placement of the child. If the department is unable to complete
an assessment within two working days following a request for assessment the child or the parents may proceed under
subsection (2) of this section or the parent may proceed under subsection (3) of this section.
(2) A child or a child’s parent may file with the juvenile court a petition to approve an alternative residential
placement for the child outside the parent’s home. The department shall, when requested, assist either a parent or child
in the filing of the petition. The petition shall only ask that the placement of a child outside the home of his or her parent
be approved. The filing of a petition to approve such placement is not dependent upon the court’s having obtained any
prior jurisdiction over the child or his or her parent, and confers upon the court a special jurisdiction to approve or
disapprove an alternative residential placement.
(3) A child’s parent may file with the juvenile court a petition in the interest of a child alleged to be an at-risk
youth. The department shall, when requested, assist the parent in filing the petition. The petition shall be filed in the
county where the petitioning parent resides. The petition shall set forth the name, age, and residence of the child and
the names and residence of the child’s parents and shall allege that:
(a) The child is an at-risk youth as defined in this chapter;
(b) The petitioning parent has the right to legal custody of the child;
(c) Court intervention and supervision are necessary to assist the parent to maintain the care, custody, and
control of the child; and
(d) Alternatives to court intervention have been attempted or there is good cause why such alternatives have
not been attempted.

The petition shall set forth facts that support the allegations in this subsection and shall generally request relief
available under this chapter. The petition need not specify any proposed disposition following adjudication of the petition.
The filing of an at-risk youth petition is not dependent upon the court’s having obtained any prior jurisdiction over the
child or his or her parent and confers upon the court the special jurisdiction to assist the parent in maintaining parental
authority and responsibility for the child. An at-risk youth petition may not be filed if the court has approved an
alternative residential placement petition regarding the child or if the child is the subject of a proceeding under chapter
13.34 RCW. A petition may be accepted for filing only if alternatives to court intervention have been attempted ((or if
there is good cause why they were not attempted)). Juvenile court personnel may screen all at-risk youth petitions and
may refuse to allow the filing of any petition that lacks merit, fails to comply with the requirements of this section, or
fails to allege sufficient facts in support of allegations in the petition.

NEW SECTION, Sec. 209. To the extent possible within existing funds, the department of social and health
services shall transfer children who are inappropriately housed in crisis residential centers to residential and treatment
services designed to meet their specific, unique needs by June 30, 1993.

NEW SECTION, Sec. 210. A new section is added to chapter 13.32A RCW to read as follows:
The department of social and health services shall not administratively split-code staff responsible for family reconciliation
services between separate and distinct functions, except in remote rural offices where to do otherwise proves impractical.

NEW SECTION, Sec. 211. A new section is added to chapter 13.32A RCW to read as follows:
All placements into crisis residential centers shall be approved by and coordinated through the family reconciliation
services supervisor. The department of social and health services shall establish uniform procedures for the use of crisis
residential centers, which shall be adhered to by all family reconciliation services supervisors. The department shall
ensure procedures established under this section will facilitate and complement law enforcement officer’s existing
responsibility to pick up and transport children to crisis residential centers and other places authorized by law under this
chapter.

Sec. 212. RCW 74.13.032 and 1979 c 155 s 78 are each amended to read as follows:
(1) The department (shall establish, by contracts with private vendors,) may operate or contract to operate not less than
eight regional crisis residential centers, which shall be structured group care facilities licensed under rules adopted by the
department. Each regional center shall have (an average of at least four adult staff members and in no event less than)
three adult staff members to every ((eight)) nine children. The staff shall be trained so that they may effectively counsel
juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the
responsibilities outlined in RCW 13.32A.090.

(2) The department shall, in addition to the regional facilities established under subsection (1) of this section,
establish not less than thirty additional crisis residential centers pursuant to contract with licensed private group care or
specialized foster home facilities. The staff at the facilities shall be trained so that they may effectively counsel juveniles
admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities
stated in RCW 13.32A.090. The responsibilities stated in RCW 13.32A.090 may, in any of the centers, be carried out
by the department.

Crisis residential facilities shall be operated as semi-secure facilities.

Sec. 213. RCW 74.13.033 and 1979 c 155 s 79 are each amended to read as follows:
(1) If a resident of a center becomes by his or her behavior disruptive to the facility’s program, such resident may be
immediately removed to a separate area within the facility and counseled on an individual basis until such time as the
child regains his or her composure. The department may set rules and regulations establishing additional procedures for
dealing with severely disruptive children on the premises, which procedures are consistent with the federal juvenile justice
delinquency prevention act of 1974 and regulations and clarifying instructions promulgated thereunder. Nothing in
this section shall prohibit a center from referring any child who, as a result of a mental or emotional disorder, or
intoxication by alcohol or other drugs, is suicidal, seriously assaultive or seriously destructive toward others, or otherwise
similarly evidences an immediate need for emergency medical evaluation and possible care, (to a community mental
health center) for evaluation pursuant to chapter 71.34 RCW (72.23.020) or to a mental health professional pursuant
to chapter 71.05 RCW whenever such action is deemed appropriate and consistent with law.
Sec. 301. RCW 74.04.055 and 1991 c 126 s 2 are each amended to read as follows:

In furtherance of the policy of this state to cooperate with the federal government in the programs included in this title the secretary shall issue such rules and regulations as may become necessary to entitle this state to participate in federal grants-in-aid, goods, commodities and services unless the same be expressly prohibited by this title. The secretary shall ensure that the department's services and programs are designed and implemented to maximize the allocation of federal funds to the state.

Any section or provision of this title which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to satisfy federal laws entitling this state to receive federal matching or other funds for the various programs of public assistance. If any part of this chapter is found to be in conflict with federal requirements which are a prescribed condition to the receipts of federal funds to the state, the conflicting part of
this chapter is hereby inoperative solely to the extent of the conflict with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter.

Sec. 302. RCW 71.34.010 and 1985 c 354 s 1 are each amended to read as follows:

It is the purpose of this ((legislation)) chapter to ensure that minors in need of mental health care and treatment receive an appropriate continuum of culturally relevant care and treatment, ((and to enable treatment decisions to be made in response to clinical needs and in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their minor children, and to protect minors against needless hospitalization and deprivations of liberty)) from prevention and early intervention to involuntary treatment. To facilitate the continuum of care and treatment to minors in out-of-home placements, all divisions of the department that provide mental health services to minors shall jointly plan and deliver those services.

It is also the purpose of this chapter to protect the rights of minors against needless hospitalization and deprivations of liberty and to enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment. The mental health care and treatment providers shall encourage the use of voluntary services and, whenever clinically appropriate, the providers shall offer less restrictive alternatives to inpatient treatment. Additionally, all mental health care and treatment providers shall ensure that minors' parents are given an opportunity to participate in the treatment decisions for their minor children. The mental health care and treatment providers shall, to the extent possible, offer services that involve minors' parents or family.

NEW SECTION. Sec. 303. A new section is added to chapter 71.34 RCW to read as follows:

For the purpose of encouraging the expansion of existing evaluation and treatment facilities and the creation of new facilities, the department shall endeavor to redirect federal Title XIX funds which are expended on out-of-state placements to fund placements within the state.

NEW SECTION. Sec. 304. A new section is added to chapter 71.34 RCW to read as follows:

The department shall ensure that the provisions of this chapter are applied by the counties in a consistent and uniform manner. The department shall also ensure that, to the extent possible within available funds, the county-designated mental health professionals are specifically trained in adolescent mental health issues, the mental health civil commitment laws, and the criteria for civil commitment.

NEW SECTION. Sec. 305. A new section is added to chapter 71.34 RCW to read as follows:

Whenever a county-designated mental health professional makes a determination under RCW 71.34.050 that a minor, thirteen years or older, does not meet the criteria for an involuntary detention at an evaluation and treatment facility, the county-designated mental health professional shall:

(1) Provide written notice to the minor's parent of the parent's right to file petitions and obtain services available under chapter 13.32A RCW;
(2) Provide a written evaluation to the minor's parent detailing the county-designated mental health professional's reasons for not detaining the minor at an evaluation and treatment facility. The evaluation shall include the specific facts investigated, the credibility of the person or persons providing the information, and the criteria for an involuntary detention; and
(3) Refer the minor and the parents to other available services.

NEW SECTION. Sec. 306. A new section is added to chapter 70.96A RCW to read as follows:

The department shall ensure that the provisions of this chapter are applied by the counties in a consistent and uniform manner. The department shall also ensure that, to the extent possible within available funds, the county-designated chemical dependency specialists are specifically trained in adolescent chemical dependency issues, the chemical dependency commitment laws, and the criteria for commitment.

NEW SECTION. Sec. 307. A new section is added to chapter 70.96A RCW to read as follows:

Whenever a county-designated chemical dependency specialist makes a determination under RCW 70.96A.140 that a minor does not meet the criteria for a commitment to a chemical dependency program, the county-designated chemical dependency specialist shall:

(1) Provide written notice to the minor's parent of the parent's right to file petitions and obtain services available under chapter 13.32A RCW;
(2) Provide a written evaluation to the minor's parent detailing the county-designated chemical dependency specialist's reasons for not committing the minor in a chemical dependency program. The evaluation shall include the specific facts investigated, the credibility of the person or persons providing the information, and the criteria for a commitment to a chemical dependency treatment program; and
(3) Refer the minor and the parents to other available services.

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender’s prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender’s intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(b) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. 4. The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

In the event of seizure pursuant to subsection (b), proceedings for forfeiture shall be commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars. The court to which the matter is to be removed shall be the district court when (in the aggregate) the article described is ten thousand dollars or less) of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

When property is forfeited under this chapter the board or seizing law enforcement agency may:

1. Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;
2. Sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds and all money forfeited under this title shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after the payment of all expenses shall be distributed as follows:
or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate substance listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

Any person who possesses, transfers, sells, or offers for sale in violation of this chapter controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(A) Twenty-five percent of the money derived from the forfeiture of real property and seventy-five percent of the money derived from the forfeiture of personal property shall be deposited in the general fund of the state, county, and/or city of the seizing law enforcement agency and shall be used exclusively for the expansion or improvement of law enforcement services. These services may include the creation of reward funds for the purpose of rewarding informants who supply information leading to the arrest, prosecution and conviction of persons who violate laws relating to controlled substances. Such moneys shall not supplant pre-existing funding sources;

(B) Twenty-five percent of money derived from the forfeiture of real property and twenty-five percent of money derived from the forfeiture of personal property shall be remitted to the state treasurer for deposit in the public safety and education account established in RCW 43.08.250;

(C) Until July 1, 1995, fifty percent of money derived from the forfeiture of real property shall be remitted to the state treasurer for deposit in the drug enforcement and education account under RCW 69.50.520, and on and after July 1, 1995, the fifty percent of the money shall be remitted in the same manner as the twenty-five percent of the money remitted under (2)(i)(A) of this subsection; and

(D) If an investigation involves a seizure of moneys and proceeds having an aggregate value of less than five thousand dollars, the moneys and proceeds may be deposited in total in the general fund of the governmental unit of the seizing law enforcement agency and shall be appropriated exclusively for the expansion of narcotics enforcement services. (ii) Money deposited according to this section must be deposited within ninety days of the date of final disposition of either the administrative seizure or the judicial seizure;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.

(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord’s claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant pre-existing funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

((hh)(k)) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners’ or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(((h)(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.
Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor’s records in the county in which the real property is located.

(a) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(1) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord’s property while executing a search of a tenant’s residence; and

(2) The landlord has applied any funds remaining in the tenant’s deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord’s claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period;

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity;

(b) The landlord’s claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;

(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant’s property seized and forfeited under subsection (f)(2) of this section; and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant’s property and costs related to sale of the tenant’s property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord’s claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant’s contract are subrogated to the law enforcement agency.

MR. SPEAKER:

The Senate has passed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2640, with the following (attached) amendment(s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Municipal sewage sludge is an unavoidable byproduct of the wastewater treatment process;
(b) Population increases and technological improvements in wastewater treatment processes will double the amount of sludge generated within the next ten years;
(c) Sludge management is often a financial burden to municipalities and to ratepayers;
(d) Properly managed municipal sewage sludge is a valuable commodity and can be beneficially used in agriculture, silviculture, and in landscapes as a soil conditioner; and
(e) Municipal sewage sludge can contain metals and microorganisms that, under certain circumstances, may pose a risk to public health.

(2) The legislature declares that a program shall be established to manage municipal sewage sludge and that the program shall, to the maximum extent possible, ensure that municipal sewage sludge is reused as a beneficial commodity and is managed in a manner that minimizes risk to public health and the environment.

NEW SECTION. Sec. 2. The purpose of this chapter is to provide the department of ecology and local governments with the authority and direction to meet federal regulatory requirements for municipal sewage sludge. The department of ecology may seek delegation and administer the sludge permit program required by the federal clean water act as it existed February 4, 1987.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Biosolids" means municipal sewage sludge that is a primarily organic, semisolid product resulting from the waste water treatment process, that can be beneficially recycled and meets all requirements under this chapter. For the purposes of this chapter, "biosolids" includes septic tank sludge, also known as septage, that can be beneficially recycled and meets all requirements under this chapter.

(2) "Department" means the department of ecology.

(3) "Local health department" has the same meaning as "jurisdictional health department" in RCW 70.95.030.

NEW SECTION. Sec. 4. (1) The department shall adopt rules to implement a biosolid management program within twelve months of the adoption of federal rules, 40 C.F.R. Sec. 503, relating to technical standards for the use and disposal of sewage sludge. The biosolid management program shall, at a minimum, conform with all applicable federal rules adopted pursuant to the federal clean water act as it existed on February 4, 1987.

(2) In addition to any federal requirements, the state biosolid management program may include, but not be limited to, an education program to provide relevant legal and scientific information to local governments and citizen groups.

(3) Rules adopted by the department under this section shall provide for public input and involvement for all state and local permits.

(4) Materials that have received a permit as a biosolid shall be regulated pursuant to this chapter.

Certificates issued by the utilities and transportation commission before the effective date of this section that include or authorize transportation of municipal sewage sludge shall continue in force and effect and be interpreted to include biosolids.

NEW SECTION. Sec. 5. The department may work with all appropriate state agencies, local governments, and private entities to establish beneficial uses for biosolids and classifiable sewage sludge.

NEW SECTION. Sec. 6. If a person violates any provision of this chapter, or a permit issued or rule adopted pursuant to this chapter, the department may issue an appropriate order to assure compliance with the chapter, permit, or rule.

A person who willfully violates, without sufficient cause, any of the provisions of this chapter, or a permit or order issued pursuant to this chapter, is guilty of a gross misdemeanor. Willful violation of this chapter, or a permit or order issued pursuant to this chapter is a gross misdemeanor punishable by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment for up to one year, or by both. Each day of violation may be deemed a separate violation.

NEW SECTION. Sec. 9. In addition to any other penalty provided by law, a person who violates this chapter or rules or orders adopted or issued pursuant to it shall be subject to a penalty in an amount of up to five thousand dollars a day for each violation. Each violation shall be a separate violation. In the case of a continuing violation, each day of violation is a separate violation. An act of commission or omission that procures, aids, or abets in the violation shall be considered a violation under this section.

NEW SECTION. Sec. 10. The department may delegate to a local health department the powers necessary to issue and enforce permits to use or dispose of biosolids. A delegation may be withdrawn if the department finds that a local health department is not effectively administering the permit program.

NEW SECTION. Sec. 11. (1) Any permit issued by a local health department under section 10 of this act may be reviewed by the department to ensure that the proposed site or facility conforms with all applicable laws, rules, and standards under this chapter.

(22) "Vehicle" includes every device physically capable of being moved upon a public or private highway, road, street, or watercourse and in, upon, or by which any person or property is or may be transported or drawn upon a public or private highway, road, street, or watercourse, except devices moved by human or animal power or used exclusively upon stationary rails or tracks.

This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(25) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(26) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(27) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, ((aR4)) 90.48.260, and sections 4 through 11 of this act.

A county required or choosing to plan under RCW 36.70A.040 may establish, in consultation with cities, a process for reviewing proposals to authorize siting of major industrial developments outside urban growth areas.

1. "Major industrial development" means a master planned location for a specific manufacturing, industrial, or commercial business that: (a) Requires a parcel of land devoid of critical areas and so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent. The major industrial development shall not be for the purpose of retail shopping developments.

2. A major industrial development may be approved outside an urban growth area in a county planning under this chapter if criteria including, but not limited to the following, are met:
   (a) New infrastructure is provided for and impact fees are established consistent with the requirements of RCW 82.02.060;
   (b) Transit-oriented site planning and traffic demand management programs are implemented;
   (c) Buffers are provided between the major industrial development and adjacent nonurban areas;
   (d) Environmental protection including air and water quality has been addressed and provided for;
   (e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be final passage of Substitute House Bill No. 2676 as amended by the Senate.

Representatives Sheldon, Forner, Riley, Betrozoff and R. Meyers spoke in favor of passage of the bill. Representatives Brough and Haugen spoke against passage of the bill.

COLLOQUY

Representative Cantwell: Mr. Speaker, will Representative Riley yield to a question?
Mr. Speaker: Representative Cantwell, Representative Riley does yield, state your question?

Representative Cantwell: Representative Riley, can the process for siting major industrial developments allow office parks or speculative projects outside urban growth areas?

Representative Riley: Representative Cantwell, No. Currently, the Growth Management Act does not allow development that is urban in nature outside counties and cities to develop a process for siting large manufacturing, industrial, or commercial developments in rural areas as an exception to urban growth areas when there are compelling reasons for not siting these developments in urban growth areas. Office parks should not be considered major industrial developments under this legislation. In addition, it is not the intent of this legislation to allow speculative development in rural areas as major industrial developments.

Ms. Cantwell spoke in favor of passage of the bill.

The department shall (periodically) report its efforts to the health and long-term care ((and corrections)) committee of the senate and the human services committee of the house of representatives by January 1993.

(19) ([The]secretary shall establish a task force to examine the recruitment, training, and compensation of qualified mental health professionals in the community, which shall include the advantages and disadvantages of establishing a training academy, loan forgiveness program, or educational stipends offered in exchange for commitments of employment in mental health. The task force shall report back to the appropriate committees of the legislature by January 1, 1990.) In the case of a child, day treatment includes age appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;
(d) Screening for patients being considered for admission to state mental health facilities to determine appropriateness of admission;
(e) Employment services which may include supported employment, transitional work, placement in competitive employment, and other work-related services that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work;
(f) Consultation and education services;
(g) Residential and inpatient services if the county chooses to provide such optional services; and
(h) Community support services.

The county shall develop the biennial needs assessment based on clients to be served, services to be provided, and the cost of those services, and may include input from the public, clients, and licensed service providers. Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority.

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(1) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective;

(2) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of service delivery as established by the department;

(3) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(4) Maintain patient tracking information in a central location as required for resource management services;

(5) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(6) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

Sec. 7. RCW 71.24.300 and 1991 c 295 s 3, 1991 c 262 s 2, and 1991 c 29 s 3 are each reenacted and amended to read as follows:

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. The roles and responsibilities of county authorities
shall be determined by the terms of that agreement and the provisions of law. The state mental health authority may not
determine the roles and responsibilities of county authorities as to each other under regional support networks by rule,
except to assure that all duties required of regional support networks are assigned and that a single authority has final
responsibility for all available resources and performance under the regional support network’s contract with the secretary.

(1) Regional support networks shall within three months of recognition submit an overall six-year operating and
capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to
assume within available resources all of the following duties by July 1, 1995, instead of those presently assigned to
counties under RCW 71.24.045(1):
(a) Administer and provide for the availability of all resource management services, residential services, and
community support services.
(b) Administer and provide for the availability of all investigation, transportation, court-related, and other
services provided by the state or counties pursuant to chapter 71.05 RCW.
(c) By July 1, 1993, provide within the boundaries of each regional support network evaluation and treatment
services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to
chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract
to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in
the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement
to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions
are limited to contracts with neighboring or contiguous regions. For regional support networks that are created after June
30, 1991, the requirements of (c) of this subsection must be met by July 1, 1995.
(d) By July 1, 1993, administer a portion of funds appropriated by the legislature to house mentally ill persons
in state institutions from counties within the boundaries of any regional support network, with the exception of mentally
ill offenders, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen
days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The
regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the
legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs.
The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the
responsibilities assigned to regional support networks under this section. For regional support networks that are created
after June 30, 1991, the requirements of (d) of this subsection must be met by July 1, 1995.
(e) Administer and provide for the availability of all other mental health services, which shall include patient
counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and
mental health services to children as provided in this chapter.
(f) Establish standards and procedures for reviewing individual service plans and determining when that person
may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter
71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset
which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the
boundaries of a regional support network be made available to support the operations of the regional support network.
State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide
comments on plans and policies developed under this chapter. The composition of the board shall be broadly
representative of the demographic character of the region and the mentally ill persons served therein. Length of terms
of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements
through biennial contractual agreements with the secretary. Such contracts may include agreements to provide periods
of stable community living and work or other day activities for specific chronically mentally ill persons who have
completed commitments at state hospitals on ninety-day or one hundred eighty-day civil commitments or who have been
residents at state hospitals for no less than one hundred eighty days within the previous year. Periods of stable
community living may involve acute care in local evaluation and treatment facilities but may not involve use of state
hospitals.

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(7).
The office of financial management shall consider information gathered in studies required in this chapter and
information about the experience of other states to propose a mental health services administrative cost lid to the
((1991)) 1993 legislature which shall include administrative costs of licensed service providers, the state psychiatric
hospitals and the department.
(7) (The first regional support network contract may include a pilot project to: Establish standards and procedures for (a) making referrals for comprehensive medical examinations and treatment programs for those whose mental illness is caused or exacerbated by organic disease, and (b) training staff in recognizing the relationship between mental illness and organic disease.

(8)) By November 1, 1991, and as part of each biennial plan thereafter, each regional support network shall establish and submit to the state, procedures and agreements to assure access to sufficient additional local evaluation and treatment facilities to meet the requirements of this chapter while reducing short-term admissions to state hospitals. These shall be commitments to construct and operate, or contract for the operation of, freestanding evaluation and treatment facilities or agreements with local evaluation and treatment facilities which shall include (a) required admission and treatment for short-term inpatient care for any person enrolled in community support or residential services, (b) discharge planning procedures, (c) limitations on admissions or transfers to state hospitals, (d) adequate psychiatric supervision, (e) prospective payment methods, and (f) contractual assurances regarding referrals to local evaluation and treatment facilities from regional support networks.

((18))] Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

(1) It is unlawful for an employer to refuse to hire or to discharge any individual, or otherwise disadvantage any individual, with respect to compensation, terms, conditions, or privileges of employment because the individual engages in the consumption of lawful products off the premises of the employer during nonworking hours, provided the individual complies with applicable laws or policies regulating that consumption of lawful products on the premises of the employer during working hours.
