SSB 5048 Prime Sponsor, Committee on Government Operations: Revising bidding practices of municipalities. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 39.04.155 and 1991 c 363 s 109 are each amended to read as follows:
(1) This section provides a uniform process to award contracts for public works projects by those ((counties)) municipalities that are authorized to use a small works roster in lieu of the requirements for formal sealed bidding. The state statutes governing ((counties)) a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the small works roster process, for the ((county)) municipality.

(2) ((Counties)) Such municipalities may create a single general small works roster, or may create a small works roster for different categories of anticipated work. The small works roster or rosters shall consist of all
responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. At least (once) twice a year, the (county) municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters.

The governing body of the (county) municipality shall establish a procedure for securing telephone or written quotations from the contractors on the general small works roster, or a specific small works roster for the appropriate category of work, to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 43.19.1191. Such invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Whenever possible at least five contractors shall be invited to submit bids. Once a contractor has been afforded an opportunity to submit a proposal, that contractor shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a proposal on a contract. Proposals may be invited from all appropriate contractors on the small works roster.

A contract awarded from a small works roster under this section need not be advertised.

Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

Sec. 2. RCW 39.04.190 and 1991 c 363 s 110 are each amended to read as follows:

(1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those (counties) municipalities that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing (counties) a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the awarding of contracts for purchases, for the (county) municipality.

(2) At least (once) twice per year, the (county) municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. (Counties) Municipalities shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in RCW 43.19.1191. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised.

Sec. 3. RCW 39.04.200 and 1991 c 363 s 111 are each amended to read as follows:

Any (county) municipality that utilizes the small works roster process established in RCW 39.04.155 to award contracts for public works projects, or the uniform process established in RCW 39.04.190 to award contracts for purchases, must post a list of the contracts awarded under RCW 39.04.155 and 39.04.190 at least once every two months. The list shall contain the name of the contractor or vendor awarded the contract, the amount of the contract, a brief description of the type of work performed or items purchased under the contract, and the date it was awarded. The list shall also state the location where the bid quotations for these contracts are available for public inspection.

Sec. 4. RCW 39.30.045 and 1991 c 363 s 112 are each amended to read as follows:

Any (county) municipality, as defined in RCW 39.04.010, may purchase any supplies, equipment, or materials at auctions conducted by the government of the United States or any agency thereof, any agency of the state of Washington, any municipality or other government agency, or any private party without being subject to public bidding requirements if the items can be obtained at a competitive price.

Sec. 5. RCW 36.32.240 and 1991 c 363 s 57 are each amended to read as follows:

In each county which exercises this option, the purchasing department shall contract on a competitive basis for all public works, enter into leases of personal property on a competitive basis, and purchase all supplies, materials, and equipment, on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases for the county hospital, or make purchases that are paid from the county road fund or equipment rental and revolving fund.

Sec. 6. RCW 36.32.253 and 1991 c 363 s 63 are each amended to read as follows:

No lease of personal property may be entered into by the county legislative authority or by any elected or appointed officer of the county (until after bids have been submitted to the county. The county shall use the same) except upon use of the procedures specified in (RCW 36.32.245 and 39.04.190) this chapter and chapter 39.04 RCW for awarding contracts for purchases when it leases personal property from the lowest responsible bidder.

Sec. 7. RCW 36.32.245 and 1991 c 363 s 62 are each amended to read as follows:
(1) No contract for the purchase of materials, equipment, or supplies may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county. Bid specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the official newspaper of the county stating the time and place where bids will be opened, the time after which bids will not be received, the materials, equipment, supplies, or services to be purchased, and that the specifications may be seen at the office of the clerk of the county legislative authority. The advertisement shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(2) The bids shall be in writing and filed with the clerk. The bids shall be opened and read in public at the time and place named in the advertisement. Contracts requiring competitive bidding under this section may be awarded only to the lowest responsible bidder. Immediately after the award is made, the bid quotations shall be recorded and open to public inspection and shall be available by telephone inquiry. Any or all bids may be rejected for good cause.

(3) For advertisement and formal sealed bidding to be dispensed with as to purchases between two thousand five hundred and twenty-five thousand dollars, the county legislative authority must use the uniform process to award contracts as provided in RCW 39.04.190. Advertisement and formal sealed bidding may be dispensed with as to purchases of less than two thousand five hundred dollars upon the order of the county legislative authority.

(4) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW; or contracts and purchases for the printing of election ballots, voting machine labels, and all other election material containing the names of candidates and ballot titles.

(5) Nothing in this section shall prohibit the legislative authority of any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 8. RCW 36.32.250 and 1991 c 363 s 58 are each amended to read as follows:

No contract for public works may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper shall be sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond accepted by the successful bidder is accepted by the county legislative authority. In the letting of any contract for public works involving less than ten thousand dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

For advertisement and competitive bidding to be dispensed with as to public works projects with an estimated value of ten thousand dollars up to one hundred thousand dollars, a county must use a small works roster process as provided in RCW 39.04.155.

This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

Sec. 9. RCW 35.22.620 and 1989 c 431 s 59 are each amended to read as follows:

(1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the
budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget period.

(6) When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use a small works roster process and award contracts ((under this subsection for contracts)) for public works projects with an estimated value of one hundred thousand dollars or less as provided in RCW 39.04.155.

((a) The city may maintain a small works roster comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.

(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less, and the city uses the small works roster, the city shall invite proposals from all appropriate contractors on the small works roster. PROVIDED, That not less than five separate appropriate contractors, if available, shall be invited to submit bids on any one contract. PROVIDED FURTHER, That) Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section. (Once a bidder on the small works roster has been offered an opportunity to bid, that bidder shall not be offered another opportunity until all other appropriate contractors on the small works roster have been afforded an opportunity to submit a bid. Invitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or less, the city shall award the contract to the contractor submitting the lowest responsible bid.)
The restrictions in this subsection do not permit the division of the project into units of work or
classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will
exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon
(publication of notice calling for sealed bids upon the work. The notice (thereof shall be posted in a public
place in the city or town and by publication)) shall be published in the official newspaper, or a newspaper of general
circulation most likely to bring responsive bids, (since each week for two consecutive weeks before)) at least thirteen
days prior to the (date fixed for opening the bids) last date upon which bids will be received. The notice shall
generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city
or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the
time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check,
postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount
of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or
commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution
to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the
successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished,
with surety satisfactory to the council or commission, in (the full amount of the contract price) according with RCW
39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten
days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money
order and the amount thereof shall be forfeited to the council or commission or the council or commission shall
recover the amount of the surety bond.

If no bid is received on the first call the council or commission may readvertise and make a second call, or
may enter into a contract without any further call or may purchase the supplies, material or equipment and perform
the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to
a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second or third class city or a town may use a
small works roster process and award public works contracts (under this subsection for contracts) with an estimated
value of one hundred thousand dollars or less as provided in RCW 39.04.155.

(a) The city or town may maintain a small works roster comprised of all contractors who have requested to
be on the roster and are, where required by law, properly licensed or registered to perform such work in this state.
(b) Whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less,
and the city uses the small works roster, the city or town shall invite proposals from all appropriate contractors on the
small works roster. PROVIDED That) Whenever possible, the city or town shall invite at least one proposal from a
minority or woman contractor who shall otherwise qualify under this section. ((The invitation shall include an estimate
of the scope and nature of the work to be performed, and materials and equipment to be furnished.
(c) When awarding such a contract for work, the estimated cost of which is one hundred thousand dollars or
less, the city or town shall award the contract to the contractor submitting the lowest responsible bid.))

(4) After September 1, 1987, each second class city, third class city, and town shall use the form required by
RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by
contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and
labor on that construction project.

(6) Any purchase of supplies, material, equipment or services other than professional services, except for
public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made
upon call for bids(Provided, That the limitations herein shall not apply to any purchases of materials at auctions
conducted by the government of the United States, any agency thereof or by the state of Washington or a political
subdivision thereof)).
(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper (published or) of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and (competitive) formal sealed bidding to be dispensed with as to purchases between seven thousand five hundred and fifteen thousand dollars, the city legislative authority must authorize by resolution (a), use of the uniform procedure (of securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding the contracts for purchase of materials, equipment, or services to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry) provided in RCW 39.04.190.

(9) These requirements for purchasing may be waived by resolution of the city or town council which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second or third class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

Sec. 11. RCW 52.14.110 and 1984 c 238 s 3 are each amended to read as follows:

Insofar as practicable, purchases and any public works by the district shall be based on competitive bids. A formal sealed bid procedure shall be used as standard procedure for purchases and contracts for purchases executed by the board of commissioners. Formal sealed bidding shall not be required for:

(1) Emergency purchases if the sealed bidding procedure would prevent or hinder the emergency from being addressed appropriately. The term emergency means an occurrence that creates an immediate threat to life or property;

(2) The purchase of any materials, supplies, or equipment if the cost will not exceed the sum of ([four] thousand five hundred dollars) (PROVIDED, That), However, whenever the estimated cost is from (forty-five hundred) four thousand five hundred dollars up to ten thousand dollars, the commissioners (shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal to assure establishment of a competitive price for such purchase) may by resolution use the process provided in RCW 39.04.190 to award contracts;

(3) Contracting for work to be done involving the construction or improvement of a fire station or other buildings where the estimated cost will not exceed the sum of two thousand five hundred dollars, which includes the costs of labor, material, and equipment. However, whenever the estimated cost is from two thousand five hundred dollars up to ten thousand dollars, the commissioner may by resolution use the small works roster process provided in RCW 39.04.155;

(4) Purchases which are clearly and legitimately limited to a single source of supply, or services, in which instances the purchase price may be best established by direct negotiation: PROVIded, That this subsection shall not apply to purchases or contracts relating to public works as defined in chapter 39.04 RCW; and

(5) Purchases of insurance and bonds.

Sec. 12. RCW 52.14.120 and 1984 c 238 s 4 are each amended to read as follows:

(1) Notice of the call for bids shall be given by (providing notice in three public places in the district and by publication once each week for two consecutive weeks. The posting and first publication shall be at least two weeks before the date fixed for opening of the bids, and the publication shall be) publishing the notice in a newspaper of general circulation within the district at least thirteen days before the last date upon which bids will be received. If no bid is received on the first call, the commissioners may readvertise and make a second call, or may enter into a contract without a further call.

(2) A public work involving three or more specialty contractors requires that the district retain the services of a general contractor as defined in RCW 18.27.010.

Sec. 13. RCW 53.08.120 and 1988 c 235 s 1 are each amended to read as follows:

All material required by a port district may be procured in the open market or by contract and all work ordered may be done by contract or day labor. All such contracts for work, the estimated cost of which exceeds one hundred thousand dollars, shall be let at public bidding upon notice published in a newspaper of general circulation in the district at least (two) thirteen days before the (last) last date upon which bids will be received, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder.

Each port district shall maintain a small works roster (which shall be comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington), as provided in RCW 39.04.155, and may use the small works roster process to award
contracts in lieu of calling for sealed bids whenever work is done by contract, the estimated cost of which is one hundred thousand dollars or less. When awarding such a contract for work, when utilizing proposals from the small works roster, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster.

Sec. 14. RCW 54.04.070 and 1990 c 251 s 1 are each amended to read as follows:

Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of five thousand dollars, exclusive of sales tax shall be by contract: PROVIDED, That a district may make purchases of the same kind of materials, equipment and supplies not exceeding five thousand dollars in any calendar month without a contract, purchasing any excess thereof over five thousand dollars by contract. Any work ordered by a district commission, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, shall be by contract, except that a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. Prudent utility management means performing work with regularly employed personnel utilizing material of a worth not exceeding fifty thousand dollars in value without a contract: PROVIDED, That such limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project. Before awarding such a contract, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least (twenty) thirteen days before the (letting of the contract) last date upon which bids will be received, inviting sealed proposals for the work or materials; plans and specifications of which shall at the time of the publication be on file at the office of the district subject to public inspection. Any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Notwithstanding any other provisions herein, all contract projects, the estimated cost of which is less than one hundred thousand dollars, may be awarded to a contractor (either) using the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The commission shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year. All contract projects equal to or in excess of one hundred thousand dollars shall be let by competitive bidding.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond. In the event of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the commission, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract, after having taken precautions to secure the lowest price practicable under the circumstances.

After determination by the commission during a public meeting that a particular purchase is available clearly and legitimately only from a single source of supply, the bidding requirements of this section may be waived by the commission.

Sec. 15. RCW 54.04.082 and 1977 ex.s. c 116 s 1 are each amended to read as follows:

For the awarding of a contract to purchase any item, or items of the same kind of materials, equipment, or supplies in an amount exceeding five thousand dollars, but less than fifteen thousand dollars, exclusive of sales tax, the commission may, in lieu of the procedure described in RCW 54.04.070 and 54.04.080 requiring public notice to invite sealed proposals for such materials, equipment, or supplies, (authorize by) pursuant to commission resolution (a staff procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year.)

All contract projects equal to or in excess of fifty thousand dollars shall be let by competitive bidding. At the time and place named such bids shall be publicly opened and read and the board of sewer commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications: PROVIDED, That no contract shall be let in excess of the cost of (\(\text{said}\)) the materials or work, or if in the opinion of the board of sewer commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of sewer commissioners in the full amount of the contract price between the bidder and the commission in accordance with bid. If (\(\text{said}\)) the bidder fails to enter into (\(\text{said}\)) the contract in accordance with (\(\text{said}\)) the bid and furnish such bond within ten days from the date at which (\(\text{bid}\)) the bidder is notified that he or she is the successful bidder, the (\(\text{said}\)) check, cash, or bid bonds and the amount thereof shall be forfeited to the sewer district.

(3) In the event of an emergency when the public interest or property of the sewer district would suffer material injury or damage by delay, upon resolution of the board of sewer commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract. In addition, these requirements may be waived for purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation.

Sec. 17. RCW 56.08.080 and 1989 c 308 s 5 are each amended to read as follows:

The board of commissioners of a sewer district may sell, at public or private sale, property belonging to the district if the board determines that the property is not and will not be needed for district purposes and if the board gives notice of intention to sell as in this section provided: PROVIDED, That no notice of intention is required to sell personal property of less than two thousand five hundred dollars in value.

The notice of intention to sell shall be published once a week for (\(\text{three}\)) two consecutive weeks in a newspaper of general circulation in the district. (8) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigative, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in

ESSB 5230 Prime Sponsor, Committee on Government Operations: Clarifying and extending dates established under the growth management act. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:
(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall (adopt comprehensive land use plans and development regulations under) conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.
Once a county meets either of these sets of criteria, the requirement to conform with (RCW 36.70A.040 through 36.70A.160) all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.
(2) The county legislative authority of any county that does not meet (the requirements of) either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall (adopt a comprehensive land use plan in accordance with) conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county (cannot remove itself from) and the cities located within the county remain subject to all of the requirements of this chapter.
under this chapter

(3) Any county or city that is initially required to (adopt a comprehensive land use plan) conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows:
(a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) the county and each city located within the county shall adopt (a comprehensive plan under this chapter) on or before (July 1, 1993) a date from January 1, 1994, through August 1, 1994, as specified by the department under RCW 36.70A.045; and (e) the county and each city located within the county shall adopt development regulations that are consistent with and implement its comprehensive plan by the same date it is required to adopt its comprehensive plan, but a county or city may obtain an extension for this deadline by the shorter of an additional six months or until December 31, 1994, by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

(4) Any county or city that is required to (adopt a comprehensive land use plan) conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt (a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than (three) four years one month from the date the county legislative (body takes action as required by subsection (2) of this section)) adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

((4))) (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the (requirements of) sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall (adopt) take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; ((4)) (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan (under this chapter) and development regulations that are consistent with and implement the comprehensive plan within ((three)) four years one month of the certification by the office of financial management( and (c) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan), but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter to the department of community development prior to the deadline for adopting both a comprehensive plan and development regulations stating its need for the extension, detailing reasons for the needed extension, and proposing a schedule of actions that will be taken leading to the adoption of the development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.045 and 1991 sp.s. c 32 s 15 are each amended to read as follows:
(1) By no later than June 1, 1993, the department (may) shall adopt a schedule (to permit) phasing (of) the dates, from January 1, 1994, through July 31, 1994, on or before which each county initially required to plan under all the requirements of this chapter by RCW 36.70A.040(1), and each city located within the county, must adopt a comprehensive plan (submitted for counties and cities planning under RCW 36.70A.040). This schedule shall not permit a comprehensive plan to be submitted greater than one hundred eighty days past the date that the plan was required to be submitted and shall be used) under this chapter.

To facilitate expeditious review and interjurisdictional coordination of comprehensive plans and development regulations, the date designated on or before which a county must adopt a comprehensive plan shall be the same date designated on or before which each city located in that county must adopt its comprehensive plan. Where a city
is located in more than one of such counties that have differing designated dates, the department shall designate which date applies to that city.

(2) The following criteria shall be used by the department in establishing this schedule: (a) How close the county and cities in the county are to adopting their comprehensive plans; (b) the extent of a consensus between the county and cities in the county over a date; (c) the relative financial burdens on the county and the cities in the county to prepare, consider, and adopt their comprehensive plans; and (d) the sufficiency of opportunities the public has had to provide input into the planning process in the county and the cities in the county. This schedule does not have to evenly spread the deadlines for counties over this period and may designate deadlines for all or most of these counties at the end of this period.

Sec. 3. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:

(1) Each county that is required or chooses to (adopt a comprehensive land use) plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county (required to designate urban growth areas) that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, every other county that is required or chooses to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall designate interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, each other county that is required or chooses to plan under RCW 36.70A.040 shall designate interim urban growth areas under this chapter. A permit or other authorization allowing land use activities not already vested shall not be issued or approved by a county or city after the county designates its interim urban growth areas if the permit or other authorization is inconsistent with these designations. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 4. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

(Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. These counties and cities) Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform (their) its activities and make capital budget decisions in conformity with (their) its comprehensive plan(s).

Sec. 5. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:
(a) No later than sixty calendar days from July 16, 1991, the legislative authority of (the) each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of (the) each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:
(a) Policies to implement RCW 36.70A.110;
(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
(c) Policies for siting public capital facilities of a county-wide or state-wide nature;
(d) Policies for county-wide transportation facilities and strategies;
(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
(f) Policies for joint county and city planning within urban growth areas;
(g) Policies for county-wide economic development and employment; and
(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

**NEW SECTION. Sec. 6.** A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.
Prior to imposing a sanction or sanctions on a county or city, the governor shall make a written finding that the county or city has not proceeded in good faith or has unreasonably delayed taking required action by the date such action was required to have been taken. A delay caused by an initiative or referendum on subjects covered in this act is not an unreasonable delay.

Sec. 7. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:
   (a) To ensure that adequate facilities are available to serve new growth and development;
   (b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and
   (c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:
   (a) Shall only be imposed for system improvements that are reasonably related to the new development;
   (b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and
   (c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After (July 1, 1993) the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:
   (a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;
   (b) Additional demands placed on existing public facilities by new development; and
   (c) Additional public facility improvements required to serve new development.

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 53.12.010 and 1992 c 146 s 1 are each amended to read as follows:

The powers of the port district shall be exercised through a port commission consisting of three or, when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into (three) the same number of commissioner districts as there are commissioner positions, each having approximately equal population. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port (district) commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the (petition proposing the formation of such a) port commission shall divide the port district ((shall describe three)) into commissioner districts ((each having approximately the same population and)) unless the commissioner districts have
been described pursuant to section 4 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary election to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

(In port districts having additional commissioners as authorized by RCW 53.12.120, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.)

NEW SECTION. Sec. 2. A new section is added to chapter 53.12 RCW to read as follows:
A ballot proposition authorizing the use of commissioner districts in a port district with a population of five hundred thousand or more shall be submitted to the voters of the port district if either the port commission adopts a resolution proposing the use of commissioner districts or a petition proposing the use of commissioner districts is submitted to the port commission that is signed by registered voters in the port district equal in number to at least ten percent of the number of voters who voted in the port district at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify the sufficiency of the petition. A ballot proposition shall be submitted to the voters of the port district at the next district general election occurring sixty or more days after a petition with sufficient valid signatures was submitted.

If the ballot proposition authorizing the use of commissioner districts is approved by a simple majority vote, the port commission shall divide the port district into either three or five commissioner districts, depending on the number of commissioners on the board of commissioners, each with approximately the same population. The creation of commissioner districts shall be completed by the first day of July in the year after the election at which the use of commissioner districts was approved. A single commissioner shall reside in each of the commissioner districts. Each of the current commissioners shall remain in office until his or her term expires and a successor shall be elected from the commissioner district in which the port commissioner resides.

NEW SECTION. Sec. 3. A new section is added to chapter 53.12 RCW to read as follows:
The commissioners of a port district may adopt a resolution authorizing a ballot proposition to be submitted to the voters of the port district that would eliminate the commissioner districts in the port district. A copy of the resolution shall be transmitted to the county auditor. The ballot proposition shall be submitted at the next district general election occurring sixty or more days after the adoption of the resolution by the port commissioners. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a port district that is divided into commissioner districts if a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted in the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted at the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port district to cease using commissioner districts is approved by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections. The port commission may adopt a resolution eliminating the use of commissioner districts in lieu of having the ballot proposition submitted to district voters.

NEW SECTION. Sec. 4. A new section is added to chapter 53.04 RCW to read as follows:
Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

The initial port commissioners shall be elected as provided in RCW 53.12.172.

Sec. 5. RCW 53.04.023 and 1992 c 147 s 2 are each amended to read as follows:
A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county bordering on saltwater that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.
The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county's official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW (53.12.172), but the election of commissioners shall be null and void if the port district is not created. (Commissioner districts shall not be used in the initial election of the port commissioners.) This section shall expire July 1, 1997.

Sec. 6. RCW 53.12.172 and 1992 c 146 s 2 are each reenacted and amended to read as follows:

(2) The initial port commissioners shall be elected at the same election as when the ballot proposition is submitted to voters authorizing the creation of the port district. If the port district is created the persons elected at this election shall serve as the initial port commission. No primary shall be held. The person receiving the greatest number of votes for commissioner from each commissioner district shall be elected as the commissioner of that district.

(3) The terms of office of the initial port commissioners shall be staggered as follows in a port district that is county-wide with a population of one hundred thousand or more: (((4))) (a) The two persons who are elected receiving the two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and shall hold office until successors are elected and qualified and assumes office in accordance with RCW 29.04.170; and (((5))) (b) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(4) The terms of office of the initial port commissioners in all other port districts shall be staggered as follows: (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or to a five-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; (b) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or to a three-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; and (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(5) The initial port commissioners shall take office immediately after being elected and qualified, but the length of their terms shall be calculated from the first day in January in the year following their elections.

Sec. 7. RCW 53.12.115 and 1992 c 146 s 7 are each amended to read as follows:

A ballot proposition shall be submitted to the voters of any port district authorizing an increase in the number of port commissioners to five whenever the port commission adopts a resolution proposing the increase in number of port commissioners or a petition (requesting) proposing such an increase has been submitted to the county auditor of the county in which the port district is located that has been signed by voters of the port district at least equal in number to ten percent of the number of voters in the port district who voted at the last general election. The ballot
proposition shall be submitted at the next general or special election occurring sixty or more days after the petition was submitted or resolution was adopted.

At the next general or special election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

Sec. 8. RCW 53.12.120 and 1992 c 146 s 8 are each amended to read as follows:

When the population of a port district that has three commissioners reaches five hundred thousand, in accordance with the latest United States regular or special census or with the official state population estimate, there shall be submitted to the voters of the district, at the next district general election or at a special port election called for that purpose, the proposition of increasing the number of commissioners to five. (At any general election thereafter, the same proposition may be submitted by resolution of the port commissioners, by filing a certified copy of the resolution with the county auditor at least four months prior to the general election. If the proposition is approved by the voters, the commission in that port district shall consist of five commissioners.)

At the next district general election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

If, as a result of redrawing the district boundaries two or three of the incumbent commissioners reside in one of the new commissioner districts, the commissioners who reside in the same commissioner district shall determine by lot which of the first three numbered commissioner districts they shall represent for the remainder of their respective terms. A primary shall be held to nominate candidates from districts four and five where necessary and commissioners shall be elected from commissioner districts four and five at the general election. The persons (receiving the highest number of votes for each position shall be elected to that position and) elected as commissioners from commissioner districts four and five shall take office immediately after qualification as defined under RCW 29.01.135.

In a port district where commissioners are elected to four-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a four-year term of office and the other additional commissioner thus elected shall be elected to a term of office of two years, if the election (was) held in an odd-numbered year, or the additional commissioner thus elected receiving the highest number of votes shall be elected to a term of office of three years and the other shall be elected to a term of office of one year, if the election (was) held in an even-numbered year. In a port district where the commissioners are elected to six-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a six-year term of office and the other additional commissioner shall be elected to a four-year term of office, if the election is held in an odd-numbered year, or the additional commissioner receiving the highest number of votes shall be elected to a term of office of five-years and the other shall be elected to a three-year term of office, if the election is held in an even-numbered year. The length of terms of office shall be computed from the first day of January in the year following this election.

(A successor to a commissioner holding position four or five whose term is about to expire, shall be elected at the general election next preceding such expiration, for a) Successor commissioners from districts four and five shall be elected to terms of either six or four years, depending on the length of terms of office to which commissioners of that port district are elected. (Positions four and five shall not be associated with a commissioner district and the elections to both nominate candidates for those positions and elect commissioners for those positions shall be held on a port district-wide basis.)

Sec. 10. RCW 53.12.175 and 1992 c 146 s 3 are each amended to read as follows:

A ballot proposition to reduce the terms of office of port commissioners from six years to four years shall be submitted to the voters of any port district that otherwise would have commissioners with six-year terms of office upon either resolution of the port commissioners or petition of voters of the port district proposing the reduction in terms of office, which petition has been signed by voters of the port district equal in number to at least ten percent of the number of voters in the port district voting at the last (district) general election. The petition shall be submitted to the county auditor. If the petition was signed by sufficient valid signatures, the ballot proposition shall be submitted at the next (district) general or special election that occurs sixty or more days after the adoption of the resolution or submission of the petition.
If the ballot proposition reducing the terms of office of port commissioners is approved by a simple majority vote of the voters voting on the proposition, the commissioner or commissioners who are elected at that election shall be elected to four-year terms of office. The terms of office of the other commissioners shall not be reduced, but each successor shall be elected to a four-year term of office.

The port commission of a port district that uses commissioner districts may redraw the commissioner district boundaries as provided in chapter 29.70 RCW at any time and submit the redrawn boundaries to the county auditor if the port district is not coterminous with a county that has the same number of county legislative authority districts as the port has port commissioners. The new commissioner districts shall be used at the next election at which a port commissioner is regularly elected that occurs at least one hundred eighty days after the redrawn boundaries have been submitted. Each commissioner district shall encompass as nearly as possible ((one-third of the population of the port district)) the same population.”

The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

An assessor who intends to put such plan into effect (in his county, he) shall inform the department of revenue and the county legislative authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. An employee may be appointed to a position covered by the plan only if the employee meets the employment qualifications established by the plan.

Sec. 5. RCW 46.44.175 and 1985 c 22 s 2 are each amended to read as follows:

Sec. 7. RCW 84.08.130 and 1992 c 206 s 10 are each amended to read as follows:
(1) Any taxpayer or taxing unit feeling aggrieved by the action of any county board of equalization may appeal to the board of tax appeals by filing with the (county auditor) board of tax appeals a notice of appeal (duplicate) within thirty days after the mailing of the decision of such board of equalization, which notice shall specify the actions complained of (and said auditor shall forthwith transmit one of said notices to the board of tax appeals); and in like manner any county assessor may appeal to the board of tax appeals from any action of any county board of equalization. There shall be no fee charged for the filing of an appeal. The petitioner shall (provide) serve a copy of the notice of appeal (to) on all named parties within the same thirty-day time period (provided in the rules of practice and procedure of the board of tax appeals). Appeals which are not filed and served as provided in this section shall be (continued or) dismissed. The board of tax appeals shall require the board appealed from to file a true and correct copy of its decision in such action and all evidence taken in connection therewith, and may receive further evidence, and shall make such order as in its judgment is just and proper. An appeal of an action by a county board of equalization shall be deemed to have been filed and served within the thirty-day period if it is postmarked on or before the thirtieth day after the mailing of the decision of the board of equalization.

(2) The board of tax appeals may enter an order, pursuant to subsection (1) of this section, that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Sec. 8. RCW 84.08.140 and 1975 1st ex.s. c 278 s 157 are each amended to read as follows:
Any taxpayer feeling aggrieved by the levy or levies of any taxing district except levies authorized by a vote of the (people) voters of the district may appeal therefrom to the department of revenue as hereinafter provided. Such taxpayer, upon the execution of a bond, with two or more sureties to be approved by the county auditor, payable to the state of Washington, in the penal sum of two hundred dollars and conditioned that if the petitioner shall fail in his appeal for a reduction of said levy or levies (he) the taxpayer will pay the taxable costs of the hearings hereinafter provided, not exceeding the amount of such bond, may file a written complaint with the county auditor wherein such taxing district is located not later than ten days after the making and entering of such levy or levies, setting forth in such form and detail as the department of revenue shall by general rule prescribe, (his) the taxpayer's objections to such levy or levies. Upon the filing of such complaint, the county auditor shall immediately transmit a certified copy thereof, together with a copy of the budget or estimates of such taxing district as finally adopted, including estimated revenues and such other information as the department of revenue shall by rule require, to the department of revenue. The department of revenue shall fix a date for a hearing on said complaint at the earliest convenient time after receipt of said record, which hearing shall be held in the county in which said taxing district is located, and notice of such hearing shall be given to the officials of such taxing district, charged with determining the amount of its levies, and to the taxpayer on said complaint by registered mail at least five days prior to the date of said hearing. At such hearings all interested parties may be heard and the department of revenue shall
receive all competent evidence. After such hearing, the department of revenue shall either affirm or decrease the
levy or levies complained of, in accordance with the evidence, and shall thereupon certify its action with respect
thereto to the county auditor, who, in turn, shall certify it to the taxing district or districts affected, and the action of the
department of revenue with respect to such levy or levies shall be final and conclusive.

Sec. 9. RCW 84.12.270 and 1975 1st ex.s. c 278 s 165 are each amended to read as follows:
The department of revenue shall annually make an assessment of the operating property of all companies;
and between the fifteenth day of March and the first day of July of each of said years shall prepare an assessment
roll upon which it shall enter and assess the true (\textit{cash}) and fair value of all the operating property of each of such
companies as of the first day of January of the year in which the assessment is made. For the purpose of
determining the true (\textit{cash}) and fair value of such property the department of revenue may inspect the property
belonging to said companies and may take into consideration any information or knowledge obtained by it from such
examination and inspection of such property, or of the books, records and accounts of such companies, the
statements filed as required by this chapter, the reports, statements or returns of such companies filed in the office of
any board, office or commission of this state or any county thereof, the earnings and earning power of such
companies, the franchises owned or used by such companies, the assessed valuation of any and all property of such
companies, whether operating or nonoperating property, and whether situated within or outside the state, and any
other facts, evidence or information that may be obtainable bearing upon the value of the operating property:
PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive
upon the department of revenue in determining the amount, character and true (\textit{cash}) and fair value of the
operating property of such company.

Sec. 10. RCW 84.12.310 and 1975 1st ex.s. c 278 s 167 are each amended to read as follows:
For the purpose of determining the system value of the operating property of any such company, the
department of revenue shall deduct from the actual cash value of the total assets of such company, the (\textit{actual
cash}) true and fair value of all nonoperating property owned by such company. For such purpose the department of
revenue may require of the assessors of the various counties within this state a detailed list of such company's
properties assessed by them, together with the assessable or assessed value thereof: PROVIDED, That such
assessed or assessable value shall be advisory only and not conclusive on the department of revenue as to the value
thereof.

Sec. 11. RCW 84.12.330 and 1975 1st ex.s. c 278 s 168 are each amended to read as follows:
Upon the assessment roll shall be placed after the name of each company a general description of the
operating property of the company, which shall be considered sufficient if described in the language of subdivision
(17) of RCW 84.12.200, as applied to said company, following which shall be entered the (\textit{actual cash}) true and fair
value of the operating property as determined by the department of revenue. No assessment shall be invalidated by
reason of a mistake in the name of the company assessed, or the omission of the name of the owner or by the entry
as owner of a name other than that of the true owner. When the department of revenue shall have prepared the
assessment roll and entered thereon the (\textit{actual cash}) true and fair value of the operating property of the company,
as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll.

Sec. 12. RCW 84.12.350 and 1967 ex.s. c 26 s 17 are each amended to read as follows:
Upon determination by the department of revenue of the true and (\textit{correct actual cash}) fair value of the
property appearing on such rolls it shall apportion such value to the respective counties entitled thereto, as
hereinafter provided, and shall determine the equalized assessed valuation of such property in each such county and
in the several taxing districts therein, by applying to such actual apportioned value the same ratio as the ratio of
assessed to actual value of the general property in such county: PROVIDED, That, whenever the amount of the true
and correct value of the operating property of any company otherwise apportionable to any county or other taxing
district shall be less than two hundred fifty dollars, such amount need not be apportioned to such county or taxing
district but may be added to the amount apportioned to an adjacent county or taxing district.

Sec. 13. RCW 84.12.360 and 1987 c 153 s 3 are each amended to read as follows:
The (\textit{actual cash}) true and fair value of the operating property assessed to a company, as fixed and
determined by the (\textit{state board} department of (\textit{equalization}) revenue, shall be apportioned by the department of
revenue to the respective counties and to the taxing districts thereof wherein such property is located in the following
manner:
(1) Property of (\textit{steam, suburban, and interurban}) all railroad companies other than street railway
companies, telegraph companies and pipe line companies—upon the basis of that proportion of the value of the total
operating property within the state which the mileage of track, as classified by the department of revenue (in case of
railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line
companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

(2) Property of street railroad companies, telephone companies, electric light and power companies, gas companies, water companies, heating companies and toll bridge companies--upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

(3) Planes or other aircraft of airplane companies and watercraft of steamboat companies--upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies and steamboat companies--upon the basis set forth in ((subsection)) subsection (2) ((hereof)) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof.

Sec. 14. RCW 84.12.370 and 1975 1st ex.s. c 278 s 171 are each amended to read as follows:

When the ((state board)) department of ((equalization)) revenue shall have determined the equalized assessed value of the operating property of each company in each of the respective counties and in the taxing districts thereof, as hereinabove provided, the department of revenue shall certify such equalized assessed value to the county assessor of the proper county. The county assessor shall enter the company's real operating property upon the real property tax rolls and the company's personal operating property upon the personal property tax rolls of ((his)) the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating property of the company in such county and the taxing districts therein for that year, upon which taxes shall be levied and collected in the same manner as on the general property of such county.

Sec. 15. RCW 84.16.040 and 1975 1st ex.s. c 278 s 179 are each amended to read as follows:

The department of revenue may, in determining the ((actual cash)) true and fair value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state.

Sec. 16. RCW 84.16.050 and 1975 1st ex.s. c 278 s 180 are each amended to read as follows:

The department of revenue may, in determining the ((actual cash)) true and fair value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state.

Sec. 17. RCW 84.16.090 and 1975 1st ex.s. c 278 s 181 are each amended to read as follows:

Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of ((subsection)) subsection (3) of RCW 84.16.010 or otherwise, following which shall be entered the ((actual cash)) true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake
in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the true and fair value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon said roll; and thereupon such valuation shall become the true and fair value of the operating property of the company, subject to revision or correction by the department of equalization revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the department of equalization revenue as hereinafter provided, the taxes of such company shall be based and computed.

Sec. 18. RCW 84.16.110 and 1967 ex.s c 26 s 18 are each amended to read as follows:
Upon determination by the department of revenue of the true and fair value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property of the respective counties: PROVIDED, That, whenever the amount of the true and correct value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county.

Sec. 19. RCW 84.16.120 and 1961 c 15 s 84.16.120 are each amended to read as follows:
The true and fair value of the property of each company as fixed and determined by the department of equalization revenue as herein provided shall be apportioned to the respective counties in the following manner:
(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situate, located and operated.
(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.
(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair.

Sec. 20. RCW 84.16.130 and 1975 1st ex.s c 278 s 183 are each amended to read as follows:
When the department of equalization revenue shall have determined the equalized or assessed value of the operating property of each company in the respective counties as hereinabove provided, the department of revenue shall certify such equalized or assessed value to the county assessor of the proper county; and the county assessor shall apportion and distribute such assessed or equalized valuation to and between the several taxing districts of the county entitled to a proportionate value thereof in the manner prescribed in RCW 84.16.120 for apportionment of values between counties. The county assessor shall enter such assessment upon the personal property tax rolls of the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating company in such county for that year, upon which taxes shall be levied and collected the same as on general property of the county.

Sec. 21. RCW 84.33.130 and 1986 c 100 s 57 are each amended to read as follows:
(1) An owner of land desiring that it be designated as forest land and valued pursuant to RCW 84.33.120 as of January 1 of any year (commencing with 1972) shall make application to the county assessor before such January 1.

(e) If so, the nature and extent of implementation of such plan;
(f) Whether such land is used for grazing;
(g) Whether such land has been divided and a map filed with respect thereto;
(h) Whether such land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;
   (i) Whether such land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:
   (a) The land does not contain either a “merchantable stand of timber” or an “adequate stocking” as defined ((in RCW 76.08.010, or any laws or regulations adopted to replace such minimum standards)) by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;
   (b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;
   (c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, ((the)) the assessor shall notify the applicant in writing of the extent to which the application is denied.

   c) The residence is rented for the purpose of paying nursing home or hospital costs;

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

Sec. 26. RCW 84.40.0301 and 1971 ex.s. c 288 s 2 are each amended to read as follows:

Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.

In any administrative or judicial proceeding pending upon May 21, 1971 or arising from the property revaluation under the provisions of section 4, chapter 282, Laws of 1969 ex. sess., and section 1, chapter 95, Laws of 1970 ex. sess., the provisions of this section will apply. The assessor shall give notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal: PROVIDED, That no such notice shall be mailed during the period from January 15 to February 15 of each year: PROVIDED FURTHER, That no notice need be sent with respect to changes in valuation of forest land made pursuant to chapter 84.33 RCW.
The notice shall contain a statement of both the prior and the new true and fair value and the ratio of the assessed value to the true and fair value on which the assessment of the property is based, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

The notice shall be mailed by the assessor to the taxpayer.

If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer shall, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person shall also receive a copy of the notice provided for in this section. The penalties provided for herein shall be recoverable in an action by the county prosecutor, and when recovered shall be deposited in the county current expense fund. (Where improvements have not been valued and assessed as a part of the real estate upon which the same may be located, as evidenced by the assessment rolls, they may be separately valued and assessed as omitted property under this section) When any improvement has not been placed on an assessment roll as a part of the real estate upon which it is located, the improvement may, subject to RCW 84.40.085, be subsequently placed upon the assessment roll regardless of whether any other improvement on the real estate is listed on the assessment roll. For purposes of this section it is immaterial whether an assessment roll lists each improvement separately: PROVIDED, That no such assessment shall be made in any case where a bona fide purchaser (encumbrancer) or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest: AND PROVIDED FURTHER, That in the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor.

Sec. 29. RCW 84.40.090 and 1961 c 15 s 84.40.090 are each amended to read as follows:

When the real and personal property of any person is assessable in several taxing districts (and road districts), the amount in each shall be assessed (on separate detail and assessment lists, and all property assessable in incorporated cities or towns shall be assessed in consecutive books, where more than one book is necessary, separate from outside property and separately, and the name of the owner, if known, together with his post office address, placed opposite each amount) separately.

Sec. 30. RCW 84.40.170 and 1961 c 15 s 84.40.170 are each amended to read as follows:

In case the owner of such tracts or lots neglects or refuses to have the same surveyed (or platted) and mapped, the county assessor shall notify the (board of) county (commissioners) legislative authority in and for the county, who may order and direct the county engineer to make the proper survey and (map) the tracts and lots. A (map) shall be made on which said tracts or lots of land shall be accurately described by lines, and numbered (or lettered), which numbers (or letters) together with number of the section, township and range shall be distinctly marked on (each plat) the map, and the field notes of all such tracts or lots of land shall describe each tract or lot according to the survey, and such tract or lot shall be numbered (or lettered) to correspond with its number (or letter) on the map. authority, the ((plat)) map and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in ((said plat)) the map by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes other than a division of land under chapter 58.17 RCW.

(2) Upon the request of eighty percent of the owners of the property to be surveyed and the approval of the county legislative authority, the county assessor may charge for actual costs and file a lien against the subject property if the costs are not repaid within ninety days of notice of completion, which may be collected as if such charges had been levied as a property tax.

If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, ((or is not proceeding for any reason with sufficient rapidity to be completed before June 1, 1958,)) the department of revenue shall advise both the ((board of)) county ((commissioners)) legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the ((board of)) county ((commissioners)) legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county’s revaluation program.

Unless a county legislative ((authorities as such)) authority sits as a board of equalization, a county legislative authority shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person.

Sec. 34. RCW 84.48.050 and 1961 c 15 s 84.48.050 are each amended to read as follows:

The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres ((of land) that have been assessed((the)) and the total value of ((such land)) the real property, including the structures ((thereon; the value of town and city lots, including structures)) on the real property; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing district purposes, for that year. Should the assessor of any county fail to transmit to the ((state board)) department of ((equalization)) revenue the abstract provided for in RCW 84.48.010 by the (time the state board of equalization convenes)) eighteenth of August, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the ((state board)) department of (equalization)) revenue shall, at its next annual session, ascertain what amount of state tax said county has failed to collect, and certify the same to the state auditor, who shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the current expense fund of said county.

Sec. 35. RCW 84.48.080 and 1990 c 283 s 1 are each amended to read as follows:

Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

The department shall levy the state taxes authorized by law: PROVIDED. That the amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED. That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax
rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

After the completion of the duties hereinabove prescribed, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

Sec. 36. RCW 84.48.110 and 1987 c 168 s 1 are each amended to read as follows:

Within three days after the record of the proceedings of the department of equalization revenue is certified by the director of the department, the department shall transmit to each county assessor a copy of the record of the proceedings of the department, specifying the amount to be levied and collected for state purposes for such year, and in addition thereto it shall certify to each county assessor the amount due to each state fund and unpaid from such county for the fifth preceding year, and such delinquent state taxes shall be added to the amount levied for the current year. The department shall close the account of each county for the fifth preceding year and charge the amount of such delinquency to the tax levy of the current year. These delinquent taxes shall not be subject to chapter 84.55 RCW. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the fifth preceding year shall belong to the county and by the county treasurer be credited to the current expense fund of the county in which collected.

Sec. 37. RCW 84.48.120 and 1987 c 168 s 2 are each amended to read as follows:

It shall be the duty of the county assessor of each county, when he shall have received from the department of revenue the assessed valuation of the property of railroad and other companies assessed by the department of revenue and apportioned to the county, and placed the same on the tax rolls and, received the report of the department of revenue of the amount of taxes levied for state purposes, to compute the required percent on the assessed value of property in the county, and such state taxes shall be extended on the tax rolls in the proper column: PROVIDED, That the rates so computed shall not be such as to raise a surplus of more than five percent over the total amount required by the department of equalization revenue: PROVIDED FURTHER, That any surplus raised shall be remitted to the state in accordance with RCW 84.56.280.

Sec. 38. RCW 84.48.150 and 1973 1st ex.s. c 30 s 1 are each amended to read as follows:

The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within sixty days of such request but at least fifteen business days prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria and/or comparable(s) sales which shall not be subsequently changed by the assessor (during review or appeal proceedings) unless the assessor has found new evidence supporting the assessor's valuation, in which situation the assessor shall provide such additional evidence to the taxpayer and the board of equalization at least fifteen business days prior to the hearing (on appeal or review proceedings) at the board of equalization. A taxpayer who lists comparable sales on a notice of appeal (shall not thereafter use other comparables during the review of appeal proceedings): PROVIDED, That the taxpayer may change the comparable sales he is using in proceedings subsequent to the county board of equalization only if he provides a listing of such different comparables to the assessor at least five business days prior to such subsequent proceedings: PROVIDED FURTHER, That the board of equalization may waive the requirements contained in the preceding proviso or allow the assessor a continuance of reasonable duration to check the comparables furnished by the taxpayer shall not subsequently change such sales unless the taxpayer has found new evidence supporting the taxpayer's proposed valuation in which case the taxpayer shall provide such additional evidence to the assessor and board of equalization at least ten business days prior to the hearing. If either the assessor or taxpayer does not meet the requirements of this section the board of equalization may continue the hearing to provide the parties an opportunity to review all evidence or, upon objection, refuse to consider sales not submitted in a timely manner.

NEW SECTION. Sec. 39. A new section is added to chapter 84.48 RCW to read as follows:

The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the assessed value during that time.

Sec. 40. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:
Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

NEW SECTION. Sec. 48. A new section is added to chapter 35.21 RCW to read as follows:

The council of a city or town that has territory included in two counties may adopt an ordinance creating an urban emergency medical service district in all of the portion of the city or town that is located in one of the two counties if: (1) The county in which the urban emergency medical service district is located does not impose an emergency medical service levy authorized under RCW 84.52.069; and (2) the other county in which the city or town is located does impose an emergency medical service levy authorized under RCW 84.52.069. The ordinance creating the district may only be adopted after a public hearing has been held on the creation of the district and the council makes a finding that it is in the public interest to create the district. The members of the city or town council, acting in an ex officio capacity and independently, shall compose the governing body of the urban emergency medical service district. The voters of an urban emergency medical service district shall be all registered voters residing within the urban emergency medical service district.

registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty per centum of the total (votes cast) number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111.

(3) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(4) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(7) No taxing district may levy under this section more than twenty-five cents per thousand dollars of assessed value of property if reductions under RCW 84.52.010(2) are made for the year within the boundaries of the taxing district.

SSB 5736 Prime Sponsor, Committee on Labor & Commerce: Regulating chiropractic care for industrial insurance. As Reported by Committee on Commerce & Labor:

MAJORITY recommendation: Do pass with the following amendment by Committee on Commerce & Labor:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.04.030 and 1989 c 189 s 1 are each amended to read as follows:

The director shall, through the division of industrial insurance, supervise the providing of prompt and efficient care and treatment, including care provided by physicians’ assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, and including chiropractic care, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That, the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the
department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as state-wide access to quality service is maintained for injured workers.

The director shall make and, from time to time, change as may be, and promulgate a fee bill of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, physicians’ assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee bill, and no contract providing for greater fees shall be valid as to the excess.

The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the promulgated rules, regulations, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules and regulations promulgated under it.

NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:
The director shall appoint an associate medical director for chiropractic. The associate medical director must be eligible to be licensed under chapter 18.25 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 51.36 RCW to read as follows:
(1) The health services that are available to an injured worker under RCW 51.36.010 include chiropractic treatment in appropriate cases within the scope of practice under chapter 18.25 RCW. As appropriate, and subject to the requirements for examinations of workers specified in this title, a worker may be required by the department to undergo chiropractic examination by a chiropractor licensed under chapter 18.25 RCW for the purpose of assisting the department in making determinations for the closure of a claim, in assessing the necessity and appropriateness of chiropractic care, or in making other determinations within the scope of chiropractic practice related to the worker’s industrial injury.

(2) The department may establish treatment and utilization standards for chiropractic treatment in consultation with representatives of the chiropractic profession. The standards, if any, may be developed in conjunction with the department of health. The standards should include some or all of the following:
(a) Standards designed to assure quality treatment and to maximize recovery from the industrial injury;
(b) Standards designed to contain costs, consistent with assured access to medically necessary treatment;
(c) Standards that permit review of an injured worker’s progress toward recovery after a stated number of chiropractic treatments. The standards may require review of chiropractic treatment based on a specified number of treatments, but the standards may not require termination of treatment based solely on the number of treatments;
(d) Standards for requesting consultation with chiropractors by the department or other health services providers on the necessity or appropriateness of chiropractic care or other subjects within the chiropractic scope of practice.

Sec. 4. RCW 51.32.112 and 1988 c 114 s 2 are each amended to read as follows:
(1) The department shall develop standards for the conduct of special medical examinations to determine permanent disabilities, including, but not limited to:
(a) The qualifications of persons conducting the examinations;
(b) The criteria for conducting the examinations, including guidelines for the appropriate treatment of injured workers during the examination; and
(c) The content of examination reports.
(2) Within the appropriate scope of practice, chiropractors licensed under chapter 18.25 RCW may conduct special medical examinations to determine permanent disabilities in consultation with physicians licensed under chapter 18.57 or 18.71 RCW. The department, in its discretion, may request that a special medical examination be conducted by a single chiropractor if the department determines that the sole issues involved in the examination are within the scope of practice under chapter 18.25 RCW. However, nothing in this section authorizes the use as evidence before the board of a chiropractor’s determination of the extent of a worker’s permanent disability if the determination is not requested by the department.
(3) The department shall investigate the amount of examination fees received by persons conducting special medical examinations to determine permanent disabilities, including total compensation received for examinations of department and self-insured claimants, and establish compensation guidelines and compensation reporting criteria.
(4) The department shall investigate the level of compliance of self-insurers with the requirement of full reporting of claims information to the department, particularly with respect to medical examinations, and develop effective enforcement procedures or recommendations for legislation if needed.

Sec. 5. RCW 51.36.100 and 1986 c 200 s 1 are each amended to read as follows:
The legislature finds and declares it to be in the public interest of the residents of the state of Washington that a proper regulatory and inspection program be instituted in connection with the provision of medical, chiropractic, dental, vocational, and other health services to industrially injured workers pursuant to Title 51 RCW. In order to effectively accomplish such purpose and to assure that the industrially injured worker receives such services as are paid for by the state of Washington, the acceptance by the industrially injured worker of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department of labor and industries or the director's authorized representative to inspect and audit all records in connection with the provision of such services.

Sec. 6. RCW 51.36.110 and 1986 c 200 s 2 are each amended to read as follows:

The director of the department of labor and industries or the director's authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director's authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.22.040, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW."

ESB 5843 Prime Sponsor, Moyer: Authorizing local governments to exceed statutory property tax limitations for the purpose of financing affordable housing for very low-income households. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendment:

On page 1, after the enacting clause, strike the remainder of the bill and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:
(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;
(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;
(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and
(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns.

NEW SECTION. Sec. 2. A new section is added to chapter 84.52 RCW to read as follows:
(1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.
(2) The additional property tax levies may not be imposed until:
(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and
(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.
(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

Sec. 3. RCW 84.52.043 and 1990 c 234 s 1 are each amended to read as follows:
Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:
(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.
(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The limitations provided in this subsection shall not apply to: (a) Levies at the rates provided by existing law by or for any port or public utility district; (b) excess property tax levies authorized in Article VII, section 2 of the state Constitution; (c) levies for acquiring conservation futures as authorized under RCW 84.34.230; (d) levies for emergency medical care or emergency medical services imposed under RCW 84.52.069; and (e) levies to finance affordable housing for very low-income housing imposed under section 2 of this act.

Sec. 4. RCW 84.52.010 and 1990 c 234 s 4 are each amended to read as follows:
Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts. The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the
limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, as now or hereafter amended, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

1. The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however, any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010; however, if as a result of the levies imposed under RCW 84.52.069, 84.34.230, and section 2 of this act, the combined rates of regular property tax levies exceed one percent of the true and fair value of any property, then these levies shall be reduced on a pro rata basis or eliminated until the combined rates of regular property tax levies no longer exceed one percent of the true and fair value of any property; and

2. The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:
   a. First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;
   b. Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;
   c. Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;
   d. Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and
   e. Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

Sec. 5. RCW 84.52.069 and 1991 c 175 s 1 are each amended to read as follows:

1. As used in this section, “taxing district” means a county, emergency medical service district, city or town, public hospital district, or fire protection district.

2. A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting “yes” on the proposition shall constitute three-fifths of a number equal to forty per centum of the total votes cast in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty per centum of the total votes cast in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty per centum of the total votes cast in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111.

3. Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

4. If a county levies a tax under this section, no taxation district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency
medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(7) No taxing district may levy under this section more than twenty-five cents per thousand dollars of assessed value of property if reductions under RCW 84.52.010(2) are made for the year within the boundaries of the taxing district.)

ESSB 5948 Prime Sponsor, Committee on Health & Human Services: Modifying process and procedures for disciplining of health care professionals. Reported by Committee on Health Care

MAJORITY recommendation: Do pass with the following amendment:

Strike everything after the enacting clause and insert the following: *Sec. 1. RCW 18.130.090 and 1986 c 259 s 6 are each amended to read as follows:

(1) If the disciplining authority determines, upon investigation, that there is reason to believe a violation of RCW 18.130.180 has occurred, a statement of charge or charges shall be prepared and served upon the license holder or applicant at the earliest practical time. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the disciplining authority within twenty days after being served the statement of charges. If the twenty-day limit results in a hardship upon the license holder or applicant, he or she may request for good cause an extension not to exceed sixty additional days. If the disciplining authority finds that there is good cause, it shall grant the extension. The failure to request a hearing constitutes a default, whereupon the disciplining authority may enter a decision on the basis of the facts available to it.

(2) If a hearing is requested, the time of the hearing shall be fixed by the disciplining authority as soon as convenient, but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. (A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing. The notice shall also notify the license holder or applicant that a record of the proceeding will be kept, that he or she will have the opportunity to appear personally and to have counsel present, with the right to produce witnesses, who will be subject to cross-examination, and evidence in his or her own behalf, to cross-examine witnesses testifying against him or her, to examine such documentary evidence as may be produced against him or her, to conduct depositions, and to have subpoenas issued by the disciplining authority.)

NEW SECTION. Sec. 2. A new section is added to chapter 18.130 RCW to read as follows: REQUIRED UNIFORM PROCEDURES. (1) The secretary shall develop uniform procedural rules to respond to public inquiries concerning complaints and their disposition, active investigations, statement of charges, findings of fact, and final orders involving a licensee, applicant, or unlicensed person. The uniform procedural rules adopted under this subsection apply to all adjudicative proceedings conducted under this chapter and shall include provisions for the establishing time lines for discovery, settlement, and scheduling hearings.

(2) The uniform procedures for conducting investigations shall provide that prior to taking a written statement:

(a) For violation of this chapter, the investigator shall inform such person, in writing of: (i) The nature of the complaint; (ii) that the person may consult with legal counsel at his or her expense prior to making a statement; and (iii) that any statement that the person makes may be used in an adjudicative proceeding conducted under this chapter; and

(b) From a witness or potential witness in an investigation under this chapter, the investigator shall inform the person, in writing, that the statement may be released to the licensee, applicant, or unlicensed person under investigation if a statement of charges is issued.
In order to assure the uniform application of the procedural rules developed by the secretary, the secretary or his or her designee shall serve as presiding officer for all proceedings under this chapter, including those conducted by disciplinary authorities identified in RCW 18.130.040(2)(b), other than the board of funeral directors and embalmers, and shall perform all functions of the presiding officer under chapter 34.05 RCW. In those areas where the disciplining authority is a board, the secretary or his or her designee, shall not vote on the final decision.

Sec. 3. RCW 18.130.175 and 1991 c 3 s 270 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or drug treatment shall be provided by approved treatment facilities programs under RCW 70.96A.020: PROVIDED, That nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or drug treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from RCW 42.17.250 through 42.17.450 and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

(i) An approved monitoring treatment program;

(ii) The professional association operating the program;

(iii) Members, employees, or agents of the program or association;

(iv) Persons reporting a license holder as being impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.
(b) The immunity provided in this section is in addition to any other immunity provided by law.

(II) In addition to health care professionals governed by this chapter, this section also applies to pharmacists under chapter 18.64 RCW and pharmacy assistants under chapter 18.64A RCW. For that purpose, the board of pharmacy shall be deemed to be the disciplining authority and the substance abuse monitoring program shall be in lieu of disciplinary action under RCW 18.64.160 or 18.64A.050. The board of pharmacy shall adjust license fees to offset the costs of this program.)

The assurance shall consist of a statement of the law in question and an agreement to not violate the stated provision. Violation of an assurance under this subsection is grounds for disciplinary action;
(15)) To designate individuals authorized to sign subpoenas and statements of charges.

Sec. 6. RCW 18.130.160 and 1986 c 259 s 8 are each amended to read as follows:
Upon a finding, after hearing, that a license holder or applicant has committed unprofessional conduct or is unable to practice with reasonable skill and safety due to a physical or mental condition, the disciplining authority may issue an order providing for one or any combination of the following:

(10) Corrective action;
(11) Refund of fees billed to and collected from the consumer.
Any of the actions under this section may be totally or partly stayed by the disciplining authority. In determining what action is appropriate, the disciplining authority must first consider what sanctions are necessary to protect or compensate the public. Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

The licensee or applicant may enter into a stipulated disposition of charges that includes one or more of the sanctions of this section, but only after a statement of charges has been issued and the licensee has been afforded the opportunity for a hearing and has elected on the record to forego such a hearing. The stipulation shall either contain one or more specific findings of unprofessional conduct or inability to practice, or a statement by the licensee acknowledging that evidence is sufficient to justify one or more specified findings of unprofessional conduct or inability to practice. The stipulation entered into pursuant to this subsection shall be considered formal disciplinary action for all purposes.

NEW SECTION. Sec. 7. A new section is added to chapter 18.130 RCW to read as follows:
(1) Prior to serving a statement of charges under RCW 18.130.090 or 18.130.170, the disciplinary authority may furnish a statement of allegations to the licensee or applicant along with a detailed summary of the evidence relied upon to establish the allegations and a proposed stipulation for informal resolution of the allegations. These documents shall be exempt from public disclosure until such time as the allegations are resolved either by stipulation or otherwise.

(2) The disciplinary authority and the applicant or licensee may stipulate that the allegations may be disposed of informally in accordance with this subsection. The stipulation shall contain a statement of the facts leading to the filing of the complaint; the act or acts of unprofessional conduct alleged to have been committed or the alleged basis for determining that the applicant or licensee is unable to practice with reasonable skill and safety; a statement that the stipulation is not to be construed as a finding of either unprofessional conduct or inability to practice; an acknowledgement that a finding of unprofessional conduct or inability to practice, if proven, constitutes grounds for discipline under this chapter; and an agreement on the part of the licensee or applicant that the sanctions set forth in RCW 18.130.160, except RCW 18.130.160 (1), (2), (6), and (8), may be imposed as part of the stipulation, except that no fine may be imposed but the licensee or applicant may agree to reimburse the disciplinary authority the costs of investigation and processing the complaint up to an amount not exceeding one thousand dollars per allegation; and an agreement on the part of the disciplinary authority to forego further disciplinary proceedings concerning the allegations. A stipulation entered into pursuant to this subsection shall not be considered formal disciplinary action.

(3) If the licensee or applicant declines to agree to disposition of the charges by means of a stipulation pursuant to subsection (2) of this section, the disciplinary authority may proceed to formal disciplinary action pursuant to RCW 18.130.090 or 18.130.170.

(4) Upon execution of a stipulation under subsection (2) of this section by both the licensee or applicant and the disciplinary authority, the complaint is deemed disposed of and shall become subject to public disclosure on the same basis and to the same extent as other records of the disciplinary authority. Should the licensee or applicant fail to pay any agreed reimbursement within thirty days of the date specified in the stipulation for payment, the disciplinary authority may seek collection of the amount agreed to be paid in the same manner as enforcement of a fine under RCW 18.130.165.

The injunction shall not relieve the offender from criminal prosecution, but the remedy by injunction shall be in addition to the liability of the offender to criminal prosecution and disciplinary action.

Sec. 9. RCW 18.130.186 and 1989 c 125 s 3 are each amended to read as follows:
(1) To implement a substance abuse monitoring program for license holders specified under RCW 18.130.040, who are impaired by substance abuse, the disciplinary authority may enter into a contract with a voluntary substance abuse program under RCW 18.130.175. These moneys shall be placed in the health professions account to be used solely for the implementation of the program.

Sec. 10. RCW 18.130.300 and 1984 c 279 s 21 are each amended to read as follows:

(1) His or her license was procured through fraud, misrepresentation, or deceit;
(2) He or she has been convicted of a felony relating to his or her practice as a pharmacist;
(3) He or she has committed any act involving moral turpitude, dishonesty, or corruption, if the act committed directly relates to the pharmacist's fitness to practice pharmacy. Upon such conviction, however, the judgment and sentence shall be conclusive evidence at the ensuing disciplinary hearing of the guilt of the respondent pharmacist of the crime described in the indictment or information, and of his or her violation of the statute upon which it is based;
(4) He or she is unfit to practice pharmacy because of habitual intemperance in the use of alcoholic beverages, drugs, controlled substances, or any other substance which impairs the performance of professional duties;

(9) He or she has knowingly violated or permitted the violation of any provision of any state or federal law, rule, or regulation governing the possession, use, distribution, or dispensing of drugs, including, but not limited to, the violation of any provision of this chapter, Title 69 RCW, or rule or regulation of the board;
(10) He or she has knowingly allowed any unlicensed person to take charge of a pharmacy or engage in the practice of pharmacy, except a pharmacy intern or pharmacy assistant acting as authorized in this chapter or chapter 18.64A RCW in the presence of and under the immediate supervision of a licensed pharmacist;
(11) He or she has compounded, dispensed, or caused the compounding or dispensing of any drug or device which contains more or less than the equivalent quantity of ingredient or ingredients specified by the person who prescribed such drug or device: PROVIDED, HOWEVER, That nothing herein shall be construed to prevent the pharmacist from exercising professional judgment in the preparation or providing of such drugs or devices.

NEW SECTION. Sec. 14. A new section is added to chapter 18.64 RCW to read as follows:
The uniform disciplinary act, chapter 18.130 RCW, governs unlicensed practice, the issuance and denial of licenses of pharmacists and pharmacy interns, and the discipline of licensed pharmacists and pharmacy interns under this chapter.

(5) He or she has willfully or repeatedly performed duties beyond the scope of his or her certificate in violation of the provisions of this chapter; or

(6) He or she has impersonated a licensed pharmacist.

In any case of the refusal, suspension or revocation of a certificate by the board, a hearing shall be conducted in accordance with RCW 18.64.160, as now or hereafter amended, and appeal may be taken in accordance with the Administrative Procedure Act, chapter 34.05 RCW.

NEW SECTION. Sec. 16. A new section is added to chapter 18.64A RCW to read as follows:

The uniform disciplinary act, chapter 18.130 RCW, governs the issuance and denial of certificates and the discipline of certificants under this chapter.

Sec. 17. RCW 18.72.340 and 1986 c 300 s 6 are each amended to read as follows:

(1) Every institution or organization providing professional liability insurance to physicians shall send a complete report to the medical disciplinary board of all malpractice settlements, awards, or payments in excess of 

(twenty) one hundred thousand dollars as a result of a claim or action for damages alleged to have been caused by an insured physician's incompetency or negligence in the practice of medicine. Such institution or organization shall also report the award, settlement, or payment of three or more claims during a 

(five-year) five-year time period as the result of the alleged physician's incompetency or negligence in the practice of medicine regardless of the dollar amount of the award or payment.

(2) Reports required by this section shall be made within sixty days of the date of the settlement or verdict. Failure to comply with this section is punishable by a civil penalty not to exceed two hundred fifty dollars.

Sec. 18. RCW 18.72.380 and 1991 c 3 s 170 are each amended to read as follows:

There is hereby levied to be collected by the department of health from every physician and surgeon licensed pursuant to chapter 18.71 RCW and every physician assistant licensed pursuant to chapter 18.71A RCW an annual medical disciplinary assessment equal to the license renewal fee established under RCW 43.70.250. The assessment levied pursuant to this subsection section is in addition to any license renewal fee established under RCW 43.70.250.

Sec. 19. RCW 18.130.190 and 1991 c 3 s 271 are each amended to read as follows:

(1) The secretary shall investigate complaints concerning practice by unlicensed persons of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. In the investigation of the complaints, the secretary shall have the same authority as provided the secretary under RCW 18.130.050. (The secretary shall issue a cease and desist order to a person after notice and hearing and upon a determination that the person has violated this subsection.)

(2) The secretary may issue a notice of intention to issue a cease and desist order to any person whom the secretary has reason to believe is engaged in the unlicensed practice of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. The person to whom such notice is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intention to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.

(3) If the secretary makes a final determination that a person has engaged or is engaging in unlicensed practice, the secretary may issue a cease and desist order. In addition, the secretary may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed practice of a business or profession for which a license is required by one or more of the chapters specified in RCW 18.130.040. The proceeds of such fines shall be deposited to the health professions account.

(4) If the secretary makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the secretary may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the secretary. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine.

(5) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so practicing or operating a business without a license from criminal prosecution therefor, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed practice and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.
The attorney general, a county prosecuting attorney, the secretary, a board, or any person may in accordance with the laws of this state governing injunctions, maintain an action in the name of this state to enjoin any person practicing a profession or business for which a license is required by the chapters specified in RCW 18.130.040 without a license from engaging in such practice or operating such business until the required license is secured. However, the injunction shall not relieve the person so practicing or operating a business without a license from criminal prosecution therefor, but the remedy by injunction shall be in addition to any criminal liability.

Unlicensed practice of a profession or operating a business for which a license is required by the chapters specified in RCW 18.130.040, unless otherwise exempted by law, constitutes a gross misdemeanor. All fees, fines, forfeitures, and penalties collected or assessed by a court because of a violation of this section shall be remitted to the health professions account.

Sec. 20. RCW 18.130.165 and 1987 c 150 s 4 are each amended to read as follows:
Where an order for payment of a fine is made as a result of a hearing under RCW 18.130.100 or 18.130.190 and timely payment is not made as directed in the final order, the disciplining authority may enforce the order for payment in the superior court in the county in which the hearing was held. This right of enforcement shall be in addition to any other rights the disciplining authority may have as to any licensee ordered to pay a fine but shall not be construed to limit a licensee's ability to seek judicial review under RCW 18.130.140.
In any action for enforcement of an order of payment of a fine, the disciplining authority's order is conclusive proof of the validity of the order of payment of a fine and the terms of payment.

Sec. 21. RCW 18.130.050 and 1987 c 150 s 2 are each amended to read as follows:
The disciplining authority has the following authority:
(1) To adopt, amend, and rescind such rules as are deemed necessary to carry out this chapter;

(7) To take emergency action ordering summary suspension of a license, or restriction or limitation of the licensee's practice pending proceedings by the disciplining authority;
(8) To use the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings.
However, the disciplining authority shall make the final decision regarding disposition of the license;
(9) To use individual members of the boards to direct investigations. However, the member of the board shall not subsequently participate in the hearing of the case;
(10) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;
(11) To contract with licensees or other persons or organizations to provide services necessary for the monitoring and supervision of licensees who are placed on probation, whose professional activities are restricted, or who are for any authorized purpose subject to monitoring by the disciplining authority;

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

(8) Failure to cooperate with the disciplining authority by:

(a) Not furnishing any papers or documents;

(b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or

(c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;

(9) Failure to comply with an order issued by the ((disciplinary)) disciplinary authority or ((an assurance of discontinuance)) a stipulation for informal disposition entered into with the ((disciplinary)) disciplinary authority;

(10) Aiding or abetting an unlicensed person to practice when a license is required;

(11) Violations of rules established by any health agency;

(12) Practice beyond the scope of practice as defined by law or rule;

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

(14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;

(15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;

(16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(18) Theprocuring, or aiding or abetting in procuring, a criminal abortion;

(19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;

(20) The willful betrayal of a practitioner-patient privilege as recognized by law;

(21) Violation of chapter 19.68 RCW;

(22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;

(23) Current misuse of:

(a) Alcohol;

(b) Controlled substances; or

(c) Legend drugs;

(24) Abuse of a client or patient or sexual contact with a client or patient;
(25) Acceptance of more than a nominal gratuity, hospitality, or subsidy offered by a representative or vendor of medical or health-related products or services intended for patients, in contemplation of a sale or for use in research publishable in professional journals, where a conflict of interest is presented, as defined by rules of the disciplining authority, in consultation with the department, based on recognized professional ethical standards.

NEW SECTION. Sec. 2. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates.

MAJORITY recommendation: Do pass with the following amendment by Committee on Revenue and without amendment by Committee on Health Care.

Strike everything after the enacting clause and insert the following:

PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for medical care and by current medical insurance and medical system practices. Current medical system practices encourage public demand for unneeded, ineffective, and sometimes dangerous medical treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total medical and health care expenditure rates should be sufficient to provide access to essential health and medical care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without medical insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate medical insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that persons of color have significantly higher rates of mortality, poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than general population. It is intended that chapter . . ., Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for medical care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in medical treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonmedical care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of general economic inflation within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinically efficacious;
(c) State residents be able to choose health services from the full range of health care providers, as defined in section 402(12) of this act, in a manner consistent with good health service management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health or medical services they may choose in addition to those contained in the uniform benefits package;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services and to protect individuals from impoverishment because of health care costs;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) That a policy of facilitating communication and networking in the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter . . . , Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter . . . , Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION MEASURES
A. BASIC HEALTH PLAN EXPANSION

NEW SECTION. Sec. 201. A new section is added to chapter 70.47 RCW to read as follows:
TRANSFER OF POWER AND DUTIES TO WASHINGTON STATE HEALTH CARE AUTHORITY. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. Sec. 202. TRANSFER OF RECORDS, EQUIPMENT, FUNDS. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees, or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 203. TRANSFER OF EMPLOYEES. All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 204. RULES AND BUSINESS. All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 205. VALIDITY OF PRIOR ACTS. The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 206. APPORTIONMENT OF BUDGETED FUNDS. If apportionments of budgeted funds are required because of the transfers directed by sections 201 through 205 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer.
Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 207. COLLECTIVE BARGAINING. Nothing contained in sections 201 through 206 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 208. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:
(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;
(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and
(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (who are an especially vulnerable population, along with their children), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (under sixty-five years of age) not (otherwise) eligible for medicare (with gross family income at or below two hundred percent of the federal poverty guidelines) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program. It is also the intent of the legislature to condition access to this plan for nonsubsidized enrollees upon the prior placement of subsidized enrollees, to the extent funding is available.

(c) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 209. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:
(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.
(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.
(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides
directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in section 402 of this act.

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse (and/or) or dependent children, (all under the age of sixty-five and) not (otherwise) eligible for medicare or medical assistance, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan, and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes (from funds appropriated from the basic health plan trust account) to a managed health care system on behalf of (a) a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(7) "Premium" means a periodic payment, based upon gross family income (and determined under RCW 70.47.060(2)) which an (enrollee) individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

(8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 210. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. (All) Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. (After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.)

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nongeneral enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nongeneral enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 211. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN–PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as (an independent agency of the state) a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator (who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor). The salary for this office shall be set by the governor pursuant to RCW 43.03.040(1) of the Washington state health care authority. The administrator shall appoint a medical director. The (administrator) medical director(, and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW. (2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.
(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) (In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report, except as it may also be included in this chapter or other law.) Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the health plan and employee health plans.

Sec. 212. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:
ADMINISTRATOR’S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, (for the period ending June 30, 1993,)) with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for (prenatal or postnatal) such services (that are provided under the medical assistance program under chapter 74.09 RCW)) except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider, (or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992)). The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to section 448 of this act shall be implemented by the administrator as the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size (as well as) and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed ninety-five percent of the total premiums due from the enrollee.

(d) On and after July 1, 1995, the administrator shall comply with any schedule of premiums that may be adopted by the Washington health services commission.

(3) To design and implement a structure of (nominal) copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary
health care services. On and after July 1, 1995, the administrator shall comply with schedules of enrollee point of service cost-sharing adopted by the Washington health services commission.

(4) (((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;
(b) A modified fee-for-services payment schedule for providers;
(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and
(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5)) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(6) (In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.))

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ((annually)) semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. (An enrollee who remains current in payment of the sliding-scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.) No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the
administrator may bill the enrollee for the subsidy paid on the enrollee’s behalf during the period of time that the enrollee’s income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from small business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. Prior to July 1, 1997, the administrator shall require that a small business owner pay at least fifty percent but not more than ninety-five percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. Effective on and after July 1, 1997, the employer participation levels established by the health services commission pursuant to section 455 of this act shall govern employer participation levels under this section. For the purposes of this subsection, an employee means an individual who regularly works for the small business for at least twenty hours per week. The businesses may have no more than one hundred employees at the time of initial enrollment and enrollment is limited to those not eligible for medicare or medical assistance, who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the (administrator) plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To endeavor to expand enrollment as much as possible to correspond to the proportion of persons of color in the community served using the best available data that estimates representation of persons of color and describe these efforts in its annual report.

Sec. 213. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. (The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.)

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4)) subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is
appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

B. EXPANDED MANAGED CARE FOR STATE EMPLOYEES

Sec. 214. RCW 41.05.011 and 1990 c 222 s 2 are each amended to read as follows:

The school district board of directors may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers, and state government as consistent with the intent of chapter . . . Laws of 1993 (this act) ((chapter)). The department shall identify a set of ((hospital)) health care data elements and report specifications which satisfy these needs. The ((council)) Washington health services commission, created by section 403 of this act, shall review the design of the data system and may ((direct the department to)) establish a technical advisory committee on health data and shall, if deemed cost-effective and efficient, recommend that the department contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section. The data elements, specifications, and other ((design)) distinguishing features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by ((January 1, 1990)) July 1, 1994.

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered ((through the department's development of a biennial data plan, as proposed to,)) with the oversight and policy guidance of the Washington health services commission or its technical advisory committee and funded by((the)) the legislature through the biennial appropriations process with funds appropriated to the health services account. ((Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.))

(3) In designing the state-wide ((hospital)) health care data system and any data plans, the department shall identify ((hospital)) health care data elements relating to ((both hospital finances)) health care costs, the quality of health care services, the outcomes of health care services, and ((the)) use of ((services by patients)) health care by consumers. Data elements ((relating to hospital finances)) shall be reported ((by hospitals)) as the Washington health services commission directs by reporters in conformance with a uniform ((system of)) reporting ((as specified by the department and shall)) system established by the department, which shall be adopted by reporters. "Reporter" means an individual or business entity, other than a hospital, required to be registered with the department of revenue for payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that is primarily engaged in furnishing or insuring for medical, surgical, and other health services to persons. In the case of hospitals this includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of chapter . . . Laws of 1993 (this ((chapter)) act), for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts ((and reported to the Washington state hospital commission)). The commission and the department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

((44)) (3) The state-wide ((hospital)) health care data system shall be uniform in its identification of reporting requirements for ((hospitals)) reporters across the state to the extent that such uniformity is ((necessary)) useful to fulfill the purposes of chapter . . . Laws of 1993 (this ((chapter)) act). Data reporting requirements may reflect differences ((in hospital size, urban or rural location; scope, type, and method of providing service; financial structure; or other pertinent distinguishing factors)) that involve pertinent distinguishing features as determined by the Washington health services commission by rule. So far as ((possible)) is practical, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, ((and)) the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on ((hospitals)) reporters.

((5)) (4) In identifying financial reporting requirements under the state-wide ((hospital)) health care data system, the department may require both annual reports and condensed quarterly reports from reporters, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of reporters.

((6)) (5) In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to
determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

(7) Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.

(6) [....]

(5) The [....] health care data collected [....], maintained, and studied by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

(6) All persons subject to chapter . . . Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.

RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each amended to read as follows:

HEALTH CARE DATA--STUDIES, ANALYSES, OR REPORTS. The department shall provide, or may contract with a private entity to provide, (hospital) analyses and reports or any studies it chooses to conduct consistent with the purposes of chapter . . . Laws of 1993 (this (chapter) act). Subject to the availability of funds and any policy direction that may be given by the Washington health services commission. (Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.) These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing (hospital care services and) or consuming health care and publications providing verifiable and useful aggregate comparative information to (consumers on hospitals and hospital services) the public on health care services, their cost, and the quality of health care providers who participate in certified health plans;

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; (and)

(3) Reports on relevant (hospital) health care policy (issues) including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; (hospital) provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of (hospital) health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of certified health plan services.

NEW SECTION. Sec. 257. A new section is added to chapter 70.170 RCW to read as follows:

CONFIDENTIALITY OF DATA. Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (1) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (2) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information which may, in any manner, identify individual persons.

NEW SECTION. Sec. 258. A new section is added to chapter 70.170 RCW to read as follows:

HEALTH SERVICES COMMISSION ACCESS TO DATA. The Washington health services commission shall have access to all health data presently available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data pursuant to chapter . . . Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.
(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefit package under chapter . . . , Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) amount paid. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

(4) The commission shall coordinate with the area Indian health service, reservation Indian health service units, tribal clinics, and any urban Indian health service organizations the design, development, implementation, and maintenance of an American Indian-specific health data, statistics information system. The commission rules regarding the confidentiality to safeguard the information from inappropriate use or release shall apply.

NEW SECTION. Sec. 260. A new section is added to chapter 70.170 RCW to read as follows:
PERSONAL HEALTH SERVICES DATA AND INFORMATION SYSTEM. (1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) amount paid. The department shall assist the commission in establishing reasonable time frames for the completion of the system development and system implementation.

NEW SECTION. Sec. 261. HEALTH CARE ENTITY REPORTING REQUIREMENTS. The commission shall determine, by January 1, 1995, the necessity, if any, of reporting requirements by the following health care entities: Health care providers, health care facilities, insuring entities, and certified health plans. The reporting requirements, if any, shall be for the purposes of determining whether the health care system is operating as efficiently as possible. Information reported pursuant to this section shall be made available to interested parties upon request. The commission shall report its findings to the legislature by January 1, 1995.

G. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 262. A new section is added to chapter 70.41 RCW to read as follows:
SPIRALING COSTS--HOSPITALS. (1) The legislature finds that the spiraling costs of health care continue to surmount efforts to control them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 263. A new section is added to chapter 18.68 RCW to read as follows:
SPIRALING COSTS--PRESCRIPTION MEDICATIONS. The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

NEW SECTION. Sec. 264. A new section is added to chapter 18.68 RCW to read as follows:

COST OF PRESCRIPTIVE MEDICATIONS. The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These charges should be made available on at least a quarterly basis for all requested patients and should include medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts should be made to utilize the existing computerized records and software to provide this information in the least costly format.

NEW SECTION. Sec. 265. A new section is added to chapter 18.51 RCW to read as follows:

SPIRALING COSTS--NURSING HOMES. (1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs. (2) All nursing home administrators in facilities licensed under this chapter shall be required to develop and maintain a written procedure for disclosing patient charges to attending physicians with admitting privileges. The nursing home administrator shall have the capability to provide an itemized list of the charges for all health care services that may be ordered by a physician. The information shall be made available on request of consumers, or the physicians or other appropriate health care providers responsible for prescribing care.

NEW SECTION. Sec. 266. DEPARTMENT OF HEALTH--REPORT ON EFFORTS TO CONTAIN COSTS. The department of health shall report to the legislature by December 31, 1994, with recommendations on any necessary revisions to sections 262 through 265 of this act, including their continued necessity and the appropriateness of their repeal.

H. HEALTH PROFESSIONAL SHORTAGES

NEW SECTION. Sec. 267. LEGISLATIVE INTENT. The legislature finds that the successful implementation of health care reform will depend on a sufficient supply of primary health care providers throughout the state. Many rural and medically underserved urban areas lack primary health care providers and because of this, basic health care services are limited or unavailable to populations living in these areas. The legislature has in recent years initiated new programs to address these provider shortages but funding has been insufficient and additional specific provider shortages remain.

Sec. 268. RCW 28B.125.010 and 1991 c 332 s 5 are each amended to read as follows:

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN--PERSONS OF COLOR--INDIAN HEALTH. (1) The higher education coordinating board, the state board for community ((college education)) and technical colleges, the superintendent of public instruction, the state department of health, the Washington health services commission, and the state department of social and health services, to be known for the purposes of this section as the committee, shall establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher
education institutions, the governor shall grant membership on the committee to such agency or agencies and remove the member or members it replaces.

The committee shall appoint subcommittees for the purpose of assisting in the development of the institutional plans required under this chapter. Such subcommittees shall at least include those committee members that have statutory responsibility for planning, coordination, or administration of the training and education institutions for which the institutional plans are being developed. In preparing the institutional plans for four-year institutes of higher education, the subcommittee shall be composed of at least the higher education coordinating board and the state’s four-year higher education institutions. The appointment of subcommittees to develop portions of the state-wide plan shall not relinquish the committee’s responsibility for assuring overall coordination, integration, and consistency of the state-wide plan

In establishing and implementing the state-wide health personnel resource plan the committee shall, to the extent possible, utilize existing data and information, personnel, equipment, and facilities and shall minimize travel and take such other steps necessary to reduce the administrative costs associated with the preparation and implementation of the plan.

(2) The state-wide health resource plan shall include at least the following:

(a)(i) Identification of the type, number, and location of the health care professional work force necessary to meet health care needs of the state.

(ii) A description and analysis of the composition and numbers of the potential work force available for meeting health care service needs of the population to be used for recruitment purposes. This should include a description of the data, methodology, and process used to make such determinations.

(b) A centralized inventory of the numbers of student applications to higher education and vocational-technical training and education programs, yearly enrollments, yearly degrees awarded, and numbers on waiting lists for all the state’s publicly funded health care training and education programs. The committee shall request similar information for incorporation into the inventory from private higher education and vocational-technical training and education programs.

(c) A description of state-wide and local specialized provider training needs to meet the health care needs of target populations and a plan to meet such needs in a cost-effective and accessible manner.

(d) A description of how innovative, cost-effective technologies such as telecommunications can and will be used to provide higher education, vocational-technical, continued competency, and skill maintenance and enhancement education and training to placebound students who need flexible programs and who are unable to attend institutions for training.

(e) A strategy for assuring higher education and vocational-technical educational and training programming is sensitive to the changing work force such as reentry workers, women, minorities, and the disabled.

(f) Strategies for promoting an increase in the use of persons of color in the health professions including adequate resources to train and utilize persons of color in the full spectrum of health professions, to include physicians, licensed physicians who are foreign medical graduates, nurses, administrators, planners, education, technicians, outreach workers, and dentists.

(g) A strategy that includes the incorporation of federal assistance programs for health career development with an emphasis on the national Indian health service programs targeting the American Indian population and other federal and state education and training assistance programs for the economically disadvantaged, physically challenged, and persons of color in all health professions.

(h) A strategy and coordinated state-wide policy developed by the subcommittees authorized in subsection (1) of this section for increasing the number of graduates intending to serve in shortage areas after graduation, including such strategies as the establishment of preferential admissions and designated enrollment slots.

(i) Guidelines and policies developed by the subcommittees authorized in subsection (1) of this section for allowing academic credit for on-the-job experience such as internships, volunteer experience, apprenticeships, and community service programs.

(j) A strategy developed by the subcommittees authorized in subsection (1) of this section for making required internships and residency programs available that are geographically accessible and sufficiently diverse to meet both general and specialized training needs as identified in the plan when such programs are required.

(k) A description of the need for multiskilled health care professionals and an implementation plan to restructure educational and training programming to meet these needs.

(l) An analysis of the types and estimated numbers of health care personnel that will need to be recruited from out-of-state to meet the health professional needs not met by in-state trained personnel.

(m) An analysis of the need for educational articulation within the various health care disciplines and a plan for addressing the need.

(n) An analysis of the training needs of those members of the long-term care profession that are not regulated and that have no formal training requirements. Programs to meet these needs should be developed in a cost-effective and a state-wide accessible manner that provide for the basic training needs of these individuals.

(o) A designation of the professions and geographic locations in which loan repayment and scholarships should be available based upon objective data-based forecasts of health professional shortages. A
description of the criteria used to select professions and geographic locations shall be included. Designations of professions and geographic locations may be amended by the department of health when circumstances warrant as provided for in RCW 28B.115.070.

((###)) (q) A plan to implement the recommendations of the state-wide nursing plan authorized by RCW 74.39.040.

((###)) (r) A description of criteria and standards that institutional plans provided for in this section must address in order to meet the requirements of the state-wide health personnel resource plan, including funding requirements to implement the plans. The committee shall also when practical identify specific outcome measures to measure progress in meeting the requirements of this plan. The criteria and standards shall be established in a manner as to provide flexibility to the institutions in meeting state-wide plan requirements. The committee shall establish required submission dates for the institutional plans that permit inclusion of funding requests into the institutions budget requests to the state.

### (s) A description of how the higher education coordinating board, state board for community colleges, superintendent of public instruction, department of health, and department of social and health services coordinated in the creation and implementation of the state plan including the areas of responsibility each agency shall assume. The plan should also include a description of the steps taken to assure participation by the groups that are to be consulted with.

((###)) (t) A description of the estimated fiscal requirements for implementation of the state-wide health resource plan that include a description of cost saving activities that reduce potential costs by avoiding administrative duplication, coordinating programming activities, and other such actions to control costs.

(3) The committee may call upon other agencies of the state to provide available information to assist the committee in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(4) State agencies involved in the development and implementation of the plan shall to the extent possible utilize existing personnel and financial resources in the development and implementation of the state-wide health personnel resource plan.

(5) The state-wide health personnel resource plan shall be submitted to the governor by July 1, 1992, and updated by July 1 of each even-numbered year. The governor, no later than December 1 of that year, shall approve, approve with modifications, or disapprove the state-wide health resource plan.

(6) The approved state-wide health resource plan shall be submitted to the senate and house of representatives committees on health care, higher education, and ways and means or appropriations by December 1 of each even-numbered year.

(7) Implementation of the state-wide plan shall begin by July 1, 1993.

(8) Notwithstanding subsections (5) and (7) of this section, the committee shall prepare and submit to the higher education coordinating board by June 1, 1992, the analysis necessary for the initial implementation of the health professional loan repayment and scholarship program created in chapter 28B.115 RCW.

(9) Each publicly funded two-year and four-year college of higher education authorized under Title 28B RCW and vocational-technical institution authorized under Title 28A RCW that offers health training and education programs shall biennially prepare and submit an institutional plan to the committee. The institutional plan shall identify specific programming and activities of the institution that meet the requirements of the state-wide health professional resource plan.

The committee shall review and assess whether the institutional plans meet the requirements of the state-wide health personnel resource plan and shall prepare a report with its determination. The report shall become part of the institutional plan and shall be submitted to the governor and the legislature.

The institutional plan shall be included with the institution's biennial budget submission. The institution's budget shall identify proposed spending to meet the requirements of the institutional plan. Each vocational-technical institution, college, or university shall be responsible for implementing its institutional plan.

Sec. 269. RCW 28B.115.080 and 1991 c 332 s 21 are each amended to read as follows:

ANNUAL AWARD AMOUNT. After June 1, 1992, the board, in consultation with the department and the department of social and health services, shall:

(1) Establish the annual award amount for each credentialed health care profession which shall be based upon an assessment of reasonable annual eligible expenses involved in training and education for each credentialed health care profession. The annual award amount may be established at a level less than annual eligible expenses. The annual award amount shall ((not be more than fifteen thousand dollars per year)) be established by the board for each eligible health profession. The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients to declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to
students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. The required service obligation may be based upon the amount of the scholarship or loan repayment award such that higher awards involve longer service obligations on behalf of the participant;

(4) Determine eligible education and training programs for purposes of the scholarship portion of the program;

(5) Honor loan repayment and scholarship contract terms negotiated between the board and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter (18.150) 28B.115, 28B.104, or 70.180 RCW.

NEW SECTION. Sec. 270. A new section is added to chapter 43.70 RCW to read as follows:
MULTICULTURAL HEALTH CARE TECHNICAL ASSISTANCE PROGRAM. (1) Consistent with funds appropriated specifically for this purpose, the department shall provide matching grants to support a community-based multicultural health care technical assistance program. Its purpose shall be to promote technical assistance to community and migrant health clinics and other appropriate health care providers who serve principally the underserved and persons of color.

The technical assistance provided shall include, but is not limited to: (a) Collaborative research and data analysis on health care outcomes that disproportionately affect persons of color; (b) design and development of model health education and promotion strategies aimed at modifying unhealthy health behaviors or enhancing the use of the health care delivery system by persons of color; (c) provision of technical information and assistance on program planning and financial management; (d) administration, public policy development, and analysis in health care issues affecting people of color; and (e) enhancement and promotion of health care career opportunities for persons of color.

(2) Consistent with appropriated funds, the programs shall be available on a state-wide basis.

Sec. 271. RCW 70.185.030 and 1991 c 332 s 9 are each amended to read as follows:

COMMUNITY-BASED RECRUITMENT AND RETENTION—UNDERSERVED URBAN AREAS. (1) The department (shall) may, subject to funding, establish (up to three) community-based recruitment and retention project sites to provide financial and technical assistance to participating communities. The goal of the project is to help assure the availability of health care providers in rural and underserved urban areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(5) In designing and implementing the project the secretary shall coordinate the project with the Washington rural health system project as authorized under chapter 70.175 RCW to consolidate administrative duties and reduce costs.

Sec. 272. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:

RETIR ED PRIMARY CARE PROVIDERS—MALPRACTICE INSURANCE. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired (physicians) primary care providers who provide primary health care services at community clinics. The following conditions apply to the program:

(a) Primary health care services shall be provided at community clinics that are public or private tax-exempt corporations;

(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired (physicians) primary care providers providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.
including establishing a goal that assures that no less than forty Washington residents serving as primary care physicians in rural and medically underserved areas following:

small proportion of medical s and well respected resource to the people of this state in the training of primary care physicians.

due to the increased demand for primary care services will only contribute further to these shortages.

The legislature further finds that the medical training program at the University of Washington is an important and well respected resource to the people of this state in the training of primary care physicians. Currently, only a small proportion of medical school graduates are Washington residents who serve as primary care practitioners in certain parts of this state.

NEW SECTION. Sec. 275. MEDICAL SCHOOL PRIMARY CARE PHYSICIAN SHORTAGE PLAN DEVELOPMENT. (1) The University of Washington shall prepare a primary care shortage plan that accomplishes the following:

(a) Identifies specific activities that the school of medicine shall pursue to increase the number of Washington residents serving as primary care physicians in rural and medically underserved areas of the state, including establishing a goal that assures that no less than forty-five percent of medical school graduates who are
Washington state residents at the time of matriculation will enter into primary care residencies in Washington state by the year 2000;

(b) Assures that the school of medicine shall establish among its highest training priorities the distribution of its primary care physician graduates from the school and associated postgraduate residency programs into rural and medically underserved areas;

(c) Establishes the goal of assuring that the annual number of graduates from the family practice residency network entering rural or medically underserved practice shall be increased by forty percent over a baseline period from 1985 through 1990 by 1995;

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993.

I. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 276. INTENT--INCREASE ACCESS TO COVERAGE. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 277. A new section is added to chapter 48.18 RCW to read as follows:

CANCELLATIONS, DENIALS--WRITTEN COMMUNICATION. Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 278. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

REDUCTIONS OR REFUSAL OF BENEFITS. (1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state (after September 8, 1975) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any individual disability insurance policy, or under any individual health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons (insured) covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;
The effect of such a provision on the benefits provided;

(d) Establishment of the order of benefit determination; and

(e) Exceptions necessary to maintain the integrity of policies, contracts, and agreements that may require the use of particular health care facilities or providers; and

DISABILITY INSURER--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994.

The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall...

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 282. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE ORGANIZATIONS--PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

Sec. 283. RCW 48.30.300 and 1975-76 2nd ex.s. c 119 s 7 are each amended to read as follows:

UNFAIR PRACTICES. Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on and after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.
NEW SECTION. Sec. 284. A new section is added to chapter 48.44 RCW to read as follows:

HEALTH CARE SERVICE CONTRACTS--UNFAIR PRACTICES. (1) With respect to all health care service contracts issued or renewed on and after July 1, 1994, except limited health care service contracts as defined in RCW 48.44.035:

(a) Contracts shall guarantee continuity of coverage. Such provision, which shall be included in every contract, shall provide that:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor which have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and

(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the contractor has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a contractor to modify the coverage provided or rates applying to an in-force contract and to fail to make such modification in all such issued and outstanding contracts.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health care service contractor to:

(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all subscribers covered under such discontinued contract the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects subscribers to rate increases on discontinued contract forms unless such subscribers are offered the opportunity to purchase comparable coverage without health screening.

(2) The health care service contractor may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 285. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE AGREEMENTS--UNFAIR PRACTICES. (1) With respect to all health maintenance agreements issued or renewed on and after July 1, 1994, and in addition to the restrictions and limitations contained in RCW 48.46.060(4):

(a) Agreements shall guarantee continuity of coverage. Such provision, which shall be included in every agreement, shall provide that the agreement may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:

(i) Cease the sale of an agreement form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.

(2) The health maintenance organization may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

(6) The taxes imposed in this section do not apply to:

NEW SECTION. Sec. 406. POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . , Laws of 1993 (this act). An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, enrollee and employer financial participation, levels of and standards for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 458 of this act a uniform set of health services based on the recommendations of the health care cost control and access commission.

(5) Establish and modify as necessary, the uniform benefits package and supplemental benefits packages, as provided in sections 448 and 449 of this act, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package. The premium cost of the uniform benefits package in 1995 shall be based upon an actuarial determination of the costs of providing the uniform benefits package, assuming cost impacts that may result from reductions in cost shifting, the use of managed care, identification of cost-effective and clinically efficacious services, and any other factors deemed relevant by the commission. Beginning in 1996, the growth rate of the uniform benefits package shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than growth in Washington per capita personal income, as determined by the office of financial management.
(b) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(7) In order to promote price competition, establish annual premium shares and amounts that shall be paid by employers, government sponsors, and enrollees defined in relation to the price of the lowest priced plan in the region providing the uniform benefits package in a manner that ensures adequate quality of services. Enrollee premium share levels shall be related to enrollee household income and shall not apply to enrollees with income less than the federal poverty level. The commission shall develop mechanisms through which enrollees whose premium share levels are reduced as a result of low household income can obtain subsidies necessary for enrollment in a certified health plan. The availability of subsidies shall be conditioned upon the appropriation of funds specifically for this purpose.

(8) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection and (b) consider the development of a system that creates a risk profile of each certified health plan’s enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 450 of this act.

(9) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(10) Monitor the actual growth in total annual health services costs.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports from providers and shall report to the legislature regarding major capital expenditures by providers on at least an annual basis. The Washington health care facilities authority authorized in chapter 70.37 RCW may not approve financing for a major capital expenditure unless it has been approved by the commission under this subsection.

(12) Establish maximum enrollee participation levels. The levels shall be related to enrollee household income and shall not result in household income being reduced below the federal poverty level.

(13) For health services provided under the uniform benefits package, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Suggest that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of this act for these purposes.

(15) Suggest other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of this act.

(18) Consider the extent to which medical research activities should be included within the health service system set forth in this chapter . . ., Laws of 1993 (this act).

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans to provide the uniform benefits package, according to the provisions for certified health plans under chapter . . ., Laws of 1993 (this act).

(21) Develop rules for implementation of individual and employer participation under sections 454 and 455 of this act specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.
(22) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(23) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(24) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(25) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these joint employee-employer entities are organized; and make appropriate recommendations to the governor and the legislature about how these trusts can be brought under the provisions of chapter . . . . Laws of 1993 (this act) when it is fully implemented.

(26) Evaluate whether Washington is experiencing a higher percentage in in-migration of residents from other states and territories than would be expected by normal trends as a result of the availability of comprehensive subsidized health care benefits for all residents and report to the governor and the legislature their findings.

(27) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

(28) Evaluate the effect of reforms under chapter . . . . Laws of 1993 (this act) on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

 NEW SECTION. Sec. 407. MODIFICATION OF MAXIMUM PREMIUM. Upon the recommendation of the insurance commissioner, and on the basis of evidence established by independent actuarial analysis, if the commission finds that the economic viability of a significant number of the state's certified health plans is seriously threatened, the commission may increase the maximum premium to the extent mandated by the Constitution, and must immediately thereafter submit to the legislature a proposal for a new formula for adjusting the maximum premium that must be approved in law by each house of the legislature by a sixty percent vote.

 NEW SECTION. Sec. 408. A new section is added to chapter 18.130 RCW to read as follows: CONFLICT OF INTEREST STANDARDS. The Washington health services commission established by section 403 of this act, in consultation with the secretary of health, and the health care disciplinary authorities under RCW 18.130.040(2)(b), shall establish standards and monetary penalties in rule prohibiting provider investments and referrals that present a conflict of interest resulting from inappropriate financial gain for the provider or his or her immediate family. These standards are not intended to inhibit the efficient operation of managed health care systems or certified health plans. The commission shall report to the health policy committees of the senate and house of representatives by December 1, 1994, on the development of the standards and any recommended statutory changes necessary to implement the standards.

 NEW SECTION. Sec. 409. CONTINUOUS QUALITY IMPROVEMENT AND TOTAL QUALITY MANAGEMENT. To ensure the highest quality health services at the lowest total cost, the commission shall establish a total quality management system of continuous quality improvement. Such endeavor shall be based upon the recognized quality science for continuous quality improvement. The commission shall impanel a committee composed of persons from the private sector and related sciences who have broad knowledge and successful experiences in continuous quality improvement and total quality management applications. It shall be the responsibility of the committee to develop standards for a Washington state health services supplier certification process and recommend such standards to the commission for review and adoption. Once adopted, the commission shall establish a schedule, with full compliance no later than July 1, 1996, whereby all health service providers and health service facilities shall be certified prior to providing uniform benefits package services.

 B. PRACTICE INDICATORS

 NEW SECTION. Sec. 410. A new section is added to chapter 43.70 RCW to read as follows:
PRACTICE INDICATORS. The department of health shall consult with health care providers, purchasers, health professional regulatory authorities under RCW 18.130.040, appropriate research and clinical experts, and consumers of health care services to identify specific practice areas where practice indicators and risk management protocols have been developed, including those that have been demonstrated to be effective among persons of color. Practice indicators shall be based upon expert consensus and best available scientific evidence. The department shall:

1. Develop a definition of expert consensus and best available scientific evidence so that practice indicators can serve as a standard for excellence in the provision of health care services.
2. Establish a process to identify and evaluate practice indicators and risk management protocols as they are developed by the appropriate professional, scientific, and clinical communities.
3. Recommend the use of practice indicators and risk management protocols in quality assurance, utilization review, or provider payment to the health services commission.

On or before January 1, 1994, the department shall designate by rule:

For purposes of this section, "independent health care practitioners" means those health care practitioner licensing classifications designated by the department of health in rule pursuant to section 412 of this act.

The risk management training shall provide information related to avoiding adverse health outcomes resulting from substandard practice and minimizing damages associated with those adverse health outcomes that do occur. For purposes of this section, "independent health care practitioner" means those health care practitioner licensing classifications designated by the department of health in rule pursuant to section 412 of this act.

All such programs, whether complying with the requirement set forth in RCW 70.41.200(1)(a) or in the form of an alternative program, must be approved by the department before the discovery limitations provided in subsections (3) and (4) of this section shall apply. In reviewing plans submitted by licensed entities that are associated with physicians' offices, the department shall ensure that the discovery limitations of this section are applied only to information and documents related specifically to quality improvement activities undertaken by the licensed entity.

(2) Health care provider groups of ten or more providers may maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice as set forth in RCW 70.41.200. All such programs shall comply with the requirements of RCW 70.41.200(1)(a), (c), (d), (e), (f), (g), and (h) as modified to reflect the structural organization of the health care provider group. All such programs must be approved by the department before the discovery limitations provided in subsections (3) and (4) of this section shall apply.

(3) Any person who, in substantial good faith, provides information to further the purposes of the quality improvement and medical malpractice prevention program or who, in substantial good faith, participates on the quality improvement committee shall not be subject to an action for civil damages or other relief as a result of such activity.

NEW SECTION. Sec. 421. A new section is added to chapter 7.70 RCW to read as follows: MANDATORY MEDIATION OF HEALTH CARE MALPRACTICE CLAIMS. Section 419 of this act may not be construed to abridge the right to trial by jury following an unsuccessful attempt at mediation.

Sec. 422. RCW 5.60.070 and 1991 c 321 s 1 are each amended to read as follows: MEDIATION--COMMUNICATIONS PRIVILEGED. (a) When all parties to the mediation agree, in writing, to disclosure;
(b) When the written materials or tangible evidence are otherwise subject to discovery, and were not prepared specifically for use in and actually used in the mediation proceeding;
(c) When a written agreement to mediate permits disclosure;
(d) When disclosure is mandated by statute;
(e) When the written materials consist of a written settlement agreement or other agreement signed by the parties resulting from a mediation proceeding;
(f) When those communications or written materials pertain solely to administrative matters incidental to the mediation proceeding, including the agreement to mediate; or

Sec. 423. RCW 4.22.070 and 1986 c 305 s 401 are each amended to read as follows: PERCENTAGE OF FAULT--JOINT AND SEVERAL LIABILITY. (1) Except as provided in subsection (4) of this section, in all actions involving fault of more than one entity, the trier of fact shall determine the percentage of the
total fault which is attributable to every entity which caused the claimant's damages, including the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities released by the claimant, entities immune from liability to the claimant and entities with any other individual defense against the claimant. Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount which represents that party's proportionate share of the claimant's total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimants total damages.

(2) If a defendant is jointly and severally liable under one of the exceptions listed in subsection((a)) (1)(a) or (1)(b) or (4) (a) or (b) of this section, such defendant's rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

(3)(a) Nothing in this section affects any cause of action relating to hazardous wastes or substances or solid waste disposal sites.

(b) Nothing in this section shall affect a cause of action arising from the tortious interference with contracts or business relations.

(c) Nothing in this section shall affect any cause of action arising from the manufacture or marketing of a fungible product in a generic form which contains no clearly identifiable shape, color, or marking.

(4) In all actions governed by chapter 7.70 RCW involving fault of more than one entity, the trier of fact shall determine the percentage of the total fault that is attributable to every entity that caused the claimant's damages, including the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities released by the claimant, entities immune from liability to the claimant, and entities with any other individual defense against the claimant. Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount that represents that party's proportionate share of the claimant's total damages. The total damages shall first be reduced by any amount paid to the claimant by a released entity. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimant's total damages.

(c) A defendant shall be responsible to the claimant for any fault of an entity released by the claimant. The total damages shall first be reduced by any amount paid to the claimant by a released entity, and, where some fault has been attributed to the claimant, by the claimant’s proportionate share of his or her total damages.

D. HEALTH INSURANCE PURCHASING COOPERATIVES

NEW SECTION. Sec. 424. HEALTH INSURANCE PURCHASING COOPERATIVES--DESIGNATION OF REGIONS BY COMMISSION, INFORMATION SYSTEMS, MINIMUM STANDARDS, AND RULES. (1) The commission shall designate large geographic regions within the state in which health insurance purchasing cooperatives may operate, based upon population, assuming that each cooperative must serve no less than one hundred fifty thousand persons; geographic factors; market conditions; and other factors deemed appropriate by the commission. The commission shall designate one health insurance purchasing cooperative per region. However, the commission may designate certain regions of the state as areas where more than one cooperative may operate upon a determination that a sufficient population base exists within such region to efficiently support more than one cooperative.

(2) In coordination with the commission and consistent with the provisions of chapter 70.170 RCW, the department of health shall establish an information clearinghouse for the collection and dissemination of information necessary for the efficient operation of cooperatives, including the establishment of a risk profile information system related to certified health plan enrollees that would permit the equitable distribution of losses among plans in accordance with section 406(8) of this act.

(3) Every health insurance purchasing cooperative shall:

(a) Admit all individuals, employers, or other groups wishing to participate in the cooperative;

(b) Make available for purchase by cooperative members every health care program offered by every certified health plan operating within the cooperative's region;

(c) Be operated as a member-governed and owned, nonprofit cooperative in which no certified health plan, health maintenance organization, health care service contractor, independent practice association, independent
physician organization, or any individual with a pecuniary interest in any such organization, shall have any pecuniary interest in or management control of the cooperative;

(d) Provide for centralized enrollment and premium collection and distribution among certified health plans; and

(e) Serve as an ombudsman for its members to resolve inquiries, complaints, or other concerns with certified health plans.

(4) Every health insurance purchasing cooperative shall assist members in selecting certified health plans and for this purpose may devise a rating system or similar system to judge the quality and cost-effectiveness of certified health plans consistent with guidelines established by the commission. For this purpose, each cooperative and directors, officers, and other employees of the cooperative are immune from liability in any civil action or suit arising from the publication of any report, brochure, or guide, or dissemination of information related to the services, quality, price, or cost-effectiveness of certified plans unless actual malice, fraud, or bad faith is shown. Such immunity is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity.

(5) Every health insurance purchasing cooperative shall bear the full cost of its operations, including the costs of participating in the information clearinghouse, through assessments upon its members. Such assessments shall be billed and accounted for separately from premiums collected and distributed for the purchase of the uniform benefits package or any other supplemental insurance or health services program.

(6) No health insurance purchasing cooperative may bear any financial risk for the delivery of uniform benefits package services, or for any other supplemental insurance or health services program.

(7) No health insurance purchasing cooperative may directly broker, sell, contract for, or provide any insurance or health services program. However, nothing contained in this section shall be deemed to prohibit the use or employment of insurance agents or brokers by the cooperative for other purposes or to prohibit the facilitation of the sale and purchase by members of supplemental insurance or health services programs.

(8) The commission may adopt rules necessary for the implementation of this section including rules governing charter and bylaw provisions of cooperatives and may adopt rules prohibiting or permitting other activities by cooperatives.

(9) The commission shall consider ways in which cooperatives can develop, encourage, and provide incentives for employee wellness programs.

NEW SECTION. Sec. 425. LICENSING AND REGULATION OF HEALTH INSURANCE PURCHASING COOPERATIVES BY THE INSURANCE COMMISSIONER. (1) No person may establish or operate a health insurance purchasing cooperative without having first obtained a certificate of authority from the insurance commissioner.

(2) Every proposed cooperative shall furnish notice to the insurance commissioner that shall:

(b) Furnish the names and addresses of the initial officers of the cooperative;
(c) Include copies of letters of agreement for participation in the cooperative including minimum term of participation;
(d) Furnish copies of its proposed articles and bylaws; and
(e) Provide other information as prescribed by the insurance commissioner in consultation with the health services commission to verify that the cooperative is qualified and is managed by competent and trustworthy individuals.

(3)(a) The commissioner shall approve applications for certificates in accordance with the order received.
(b) The commissioner shall establish by rule a fee to be paid by cooperatives in an amount necessary to review and approve applications for a certificate of authority. Such fee shall accompany the application and no certificate may be issued until such fee is paid. Fees collected for such purpose shall be deposited in the insurance commissioner’s regulatory account in the state treasury.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(5) Every cooperative shall keep at its principal address, a record of all transactions it has consummated on behalf of its members with certified health plans. All such records shall be kept available and open to the inspection of the insurance commissioner at any business time during a five-year period immediately after the date of completion of the transaction.

E. CERTIFIED HEALTH PLANS

NEW SECTION. Sec. 426. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--Penalty. (1) On and after July 1, 1995, no person or entity in this state shall provide the uniform benefits package and supplemental benefits as defined in section 402 of this act without being certified as a certified health plan by the insurance commissioner.
NEW SECTION. Sec. 427. HEALTH PLAN CERTIFICATION STANDARDS. A certified health plan shall:

(1) Provide the benefits included in the uniform benefits package and offer supplemental benefits packages to enrolled Washington residents for a prepaid per capita community-rated premium not to exceed the maximum premium established by the commission and provide such benefits through managed care in accordance with rules adopted by the commission;

(2) Accept for enrollment any state resident within the plan's service area and provide or assure the provision of all services within the uniform benefits package and offer supplemental benefits packages regardless of factors referenced in RCW 49.60.020, including age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, or other condition or situation, however, the insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a certified health plan, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a certified health plan is required to continue enrollment of additional eligible individuals;

(3) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the benefits prescribed in the uniform benefits package and offer supplemental benefits packages to enrolled Washington residents, and that it is financially capable of providing such residents with, or has made adequate contractual arrangements with health care providers and facilities to provide enrollees with such benefits;

(4) Comply with portability of benefits requirements prescribed by the commission;

(5) Comply with administrative rules prescribed by the commission, the insurance commissioner, and other state agencies governing certified health plans;

(6) Provide all enrollees with instruction and informational materials to increase individual and family awareness of injury and illness prevention; encourage assumption of personal responsibility for protecting personal health; and stimulate discussion about the use and limits of medical care in improving the health of individuals and communities;

(8) Include in all of its contracts with health care providers and health care facilities a provision prohibiting such providers and facilities from billing enrollees for any amounts in excess of applicable enrollee point of service cost-sharing obligations for services included in the uniform benefits package and the supplemental benefits package;

(9) Include in all of its contracts issued for uniform benefits package and supplemental benefits package coverage a subrogation provision that allows the certified health plan to recover the costs of uniform benefits package and supplemental benefits package services incurred to care for an enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee’s costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys’ fees and costs or its proportionate share;

(b) If the certified health plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less;

(10) Establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrollees concerning any matter relating to the provision of benefits under the uniform benefits package and supplemental benefits, access to health care services, and quality of services. (a) The provision of such health services or care is within the health care providers' permitted scope of practice; and

(b) The providers agree to abide by standards related to:

(i) Provision, utilization review, and cost containment of health services;

(ii) Management and administrative procedures; and

(iii) Provision of cost-effective and clinically efficacious health services.

NEW SECTION. Sec. 428. LIMITED CERTIFIED HEALTH PLAN FOR DENTAL SERVICES. (1) For the purposes of this section "limited certified dental plan" or "dental plan" means a certified health plan offering coverage for dental services only and that complies with all certified health plan requirements for managed care, community rating, portability, and nondiscrimination.

(2) A dental plan may provide coverage for dental services directly to individuals or to employers for the benefit of employees. If an individual or an employer purchases uniform dental services from a dental plan, the certified health plan covering the individual or the employees need not provide dental services required under the uniform benefits package. A certified health plan may subcontract with a dental plan to provide the dental benefits required under the uniform benefits package.

(3) The commission shall establish maximum premiums and maximum enrollee financial participation amounts that may be charged by dental plans and shall adopt rules defining the minimum, uniform dental services that must be offered by dental plans. The commission shall also establish maximum premiums and maximum enrollee financial participation amounts for certified health plans not providing dental benefits by virtue of the individual's or employee's coverage by a dental plan, and rules governing the percentage change in the premium charged by a dental plan subcontracting with a certified health plan when the maximum premiums are changed by the commission.

(4) Rules governing dental plan premiums and financial participation amounts, and rules defining minimum, uniform dental services shall be adopted and shall apply to dental plans in accordance with the implementation dates applicable to certified health plans with respect to similar requirements.

NEW SECTION. Sec. 429. CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH SERVICE PROVIDERS. (1) The legislature finds that not all health service providers, individually or as a class, provide the most cost-effective, efficacious health services for every health need. A fundamental goal of health care reform is to contain the growth in health care costs and related costs in purchasing coverage for health services. In order to achieve this goal, health service providers must either adjust their practice to achieve necessary levels of quality and cost-effectiveness or risk exclusion from certified health plans.

Balancing the need for health care reform and the need to protect health service providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health service providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the insurance commissioner in developing rules in accordance with this section and the attorney general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health service providers and classes of health service providers in managed care programs developed by certified health plans. All licensed health service providers, irrespective of the type or kind of practice licensed by the state, should be afforded the opportunity to compete for inclusion in certified health plans consistent with the goals of health care reform.

(2) The insurance commissioner shall adopt rules requiring certified health plans to publish general criteria for the plan's selection of health service providers. In adopting such rules, the commissioner shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. If the commissioner and the plan disagree as to whether criteria is proprietary or its disclosure is anticompetitive, the plan shall be entitled to a hearing and the hearing shall be conducted in a manner that affords the protection of such disputed information from public disclosure. In part, disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health service providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

(3) If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health service provider's practice under any specific program within the plan, the plan may not terminate the provider participating in that program based upon such criteria until the provider has been informed that his or her practice fails to meet such criteria and is given a reasonable opportunity to conform to such criteria.

(4) In consultation with the attorney general's office, the insurance commissioner shall adopt rules:
(a) Prescribing the terms, conditions, and procedures for binding resolution of contractual disputes between providers and certified health plans to be included in all contracts between providers and plans; and
(b) Prescribing the terms, conditions, and procedures for provider appeal to the plan of a decision by the plan not to include the services of the provider.

(5) The attorney general with the assistance of the insurance commissioner shall analyze the market power of certified health plans and develop a standard for determining when the market share of any program of a certified health plan reaches a point where the plan’s exclusion of health service providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. Whenever, as a result of this analysis, the attorney general determines that a program’s share of the market would have the tendency to substantially lessen competition for health services in the relevant market, the certified health plan must allow all providers within the affected market to participate in the program of the certified health plan subject to the following conditions:
   (a) The provider must meet all published criteria of the program pertaining to the selection of providers;
   (b) The provider must agree to abide by all published requirements of the program pertaining to utilization review, quality review, and cost containment; and
   (c) The provider must agree to abide by all administrative and management procedures of the program.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan’s ability to control health care costs and that the plan’s procedures for selection of providers are not improperly exclusive of providers, the plan need not include additional providers within the plan’s program.

(6) Nothing contained in this section shall be construed to require a plan to allow or to continue the participation of a provider:
   (a) Who violates the terms and conditions of a contract with the plan;
   (b) Whose provision of health services is inefficient or of poor quality when compared to a provider’s peer group which group is objectively determined;
   (c) Whose health services violate any statute or regulation governing the provider’s profession;
   (d) Whose services are unnecessary because the uniform benefits package does not provide coverage for such services or with respect to a supplemental benefit program, because a supplemental benefit program does not provide coverage for such services; or
   (e) If the plan is a federally qualified health maintenance organization and the participation of the provider or providers would prevent the health maintenance organization from operating as a health maintenance organization in accordance with 42 U.S.C Sec. 300e.

NEW SECTION. Sec. 430. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1) No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by section 402 of this act without being registered as a certified health plan with the insurance commissioner.

(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION. Sec. 431. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:
   (1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;
   (2) Meets the minimum net worth requirements set forth in section 438 of this act;
   (3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION. Sec. 432. ISSUANCE OF CERTIFICATE--GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:

(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;
(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants. In making this determination, the commissioner shall consider among other relevant factors:

(a) Any agreements with a casualty insurer, a government agency, or any other organization paying or insuring payment for health care services;

(b) Any agreements with providers for the provision of health care services; and

(c) Any arrangements for liability and malpractice insurance coverage.

(4) The procedures for offering health care services are reasonable and equitable; and

(5) Procedures have been established to:

(a) Monitor the quality of care provided by the certified health plan including standards and guidelines provided by the health services commission and other appropriate state agencies;

(b) Operate internal peer review mechanisms; and

(c) Resolve complaints and grievances in accordance with section 442 of this act and rules established by the insurance commissioner in consultation with the commission.

NEW SECTION. Sec. 433. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the certified health plan and its providers are charging no more than the maximum premiums and enrollee financial participation amounts during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.

(2) The certified health plans shall file the premium schedules including employer contributions, enrollee premium sharing, and enrollee point of service cost sharing amounts with the insurance commissioner, within thirty days of establishment by the health services commission.

(3) No certified health plan or its provider may charge any fees, assessments, or charges in addition to the premium amount or in excess of the maximum enrollee financial participation limits established by the health services commission. The certified health plan that directly provides health care services may charge and collect the enrollee point of service cost sharing fees as established in the uniform benefits package or other approved benefit plan.

NEW SECTION. Sec. 434. ANNUAL STATEMENT FILING--CONTENTS--PENALTY FOR FAILURE TO FILE--ACCURACY REQUIRED. (1) Every certified health plan shall annually not later than March 1 of the calendar year, file with the insurance commissioner a statement verified by at least two of its principal officers showing its financial condition as of December 31 of the preceding year.

(2) Such annual report shall be in such form as the insurance commissioner shall prescribe and shall include:

(a) A financial statement of the certified health plan, including its balance sheet and receipts and disbursements for the preceding year, which reflects at a minimum;

(i) All prepayments and other payments received for health care services rendered pursuant to certified health plan benefit packages;

(ii) Expenditures to all categories of health care facilities, providers, and organizations with which the plan has contracted to fulfill obligations to enrolled residents arising out of the uniform benefits package and other approved supplemental benefit agreements, together with all other direct expenses including depreciation, enrollment, and commission; and

(iii) Expenditures for capital improvements, or additions thereto, including but not limited to construction, renovation, or purchase of facilities and capital equipment;

(b) A report of the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals. For partnership and professional service corporations, a report shall be made for partners or shareholders as to any compensation or expense reimbursement received by them for services, other than for services and expenses relating directly for patient care;

(c) The number of residents enrolled and terminated during the report period. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to demonstrate compliance with the open enrollment and free access requirements of chapter . . . . Laws of 1993 (this act). The insurance commissioner shall specify additional information to be reported, which may include but not be limited to age, sex, location, and health status information;

(d) Such other information relating to the performance of the certified health plan or the health care facilities or providers with which it has contracted as reasonably necessary to the proper and effective administration of this chapter in accordance with rules;

(e) Disclosure of any financial interests held by officers and directors in any providers associated with the certified health plan or provider of the certified health plan.

(3) The commissioner may require quarterly reporting of financial information, such information to be furnished in a format prescribed by the commissioner in consultation with the commission.
The commissioner may for good reason allow a reasonable extension of time within which such annual statement shall be filed.

(5) The commissioner may suspend or revoke the certificate of a certified health plan for failing to file its annual statement when due or during any extension of time therefor that the commissioner, for good cause, may grant.

(6) The commissioner shall publish and make available to the health services commission and the major newspapers of the state an annual summary report of at least the information required in subsections (2) and (3) of this section.

(7) No person may knowingly file with any public official or knowingly make, publish, or disseminate any financial statement of a certified health plan that does not accurately state the certified health plan's financial condition.

NEW SECTION. Sec. 435. PENALTY FOR VIOLATIONS. A certified health plan that, or person who, violates any provision of this chapter is guilty of a gross misdemeanor, unless the penalty is otherwise specifically provided.

NEW SECTION. Sec. 436. PROVIDER CONTRACTS--ENROLLED RESIDENT'S LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of this section, every contract between a certified health plan and its providers of health care services shall be in writing and shall set forth that in the event the certified health plan fails to pay for health care services as set forth in the uniform benefits package, the enrollee is not liable to the provider for any sums owed by the certified health plan. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a contracting provider with the certified health plan, or to emergent and urgently needed out-of-area services.

(3) The certified health plan shall file the contracts with the insurance commissioner for approval thirty days prior to use.

NEW SECTION. Sec. 437. MINIMUM NET WORTH--REQUIREMENTS TO MAINTAIN--DETERMINATION OF AMOUNT. (1) Every certified health plan must maintain a minimum net worth equal to the greater of:
   (a) One million dollars; or
   (b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the insurance commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or
   (c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2) In determining net worth, no debt may be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(3) The interest expenses relating to the repayment of a fully subordinated debt may not be considered uncovered expenditures.

(4) A subordinated debt incurred by a note meeting the requirements of this section, and otherwise acceptable to the insurance commissioner, may not be considered a liability and shall be recorded as equity.

(5) Every certified health plan shall, in determining liabilities, include an amount estimated in the aggregate to provide for unearned premiums and for the payment of claims for health care expenditures that have been incurred, whether reported or unreported, that are unpaid and for which such organization is or may be liable and to provide for the expense of adjustment or settlement of such claims. The claims shall be computed in accordance with rules adopted by the insurance commissioner in consultation with the health services commission.

NEW SECTION. Sec. 438. FUNDED RESERVE REQUIREMENTS. (1) Each certified health plan obtaining certification from the insurance commissioner under sections 426 through 443 of this act shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the insurance commissioner or with any organization acceptable to the commissioner in the form of cash, securities eligible for investment under chapter 48.13 RCW, approved surety bond, or any combination of these, and must be equal to or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditures obligations of the certified health plan to the enrolled Washington residents shall be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing certified health plan and shall be paid to it as it becomes available.

(3) Funded reserves required by this section shall be considered an asset in determining the plan's net worth.
NEW SECTION. Sec. 439. EXAMINATION OF CERTIFIED HEALTH PLANS, POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS. (1) The insurance commissioner shall make an examination of the operations of a certified health plan as often as the commissioner deems it necessary in order to assure the financial security and health and safety of the enrolled residents. The insurance commissioner shall make an examination of a certified health plan not less than once every three calendar years.

(2) Every certified health plan shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of medical services and systems shall be examined by the department of health except that the insurance commissioner may review such areas to the extent that such items impact the financial condition or the market conduct of the certified health plan. For the purpose of the examinations the insurance commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the certified health plans concerning their business.

(3) The insurance commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the certified health plan in the course of that part of the insurance commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(4) Certified health plans shall be equitably assessed to cover the cost of financial condition and market conduct examinations, the costs of adopting rules, and the costs of enforcing the provisions of this chapter. The assessments shall be levied not less frequently than once every twelve months and shall be in an amount expected to fund the examinations, adoption of rules, and enforcement of the provisions of this chapter including a reasonable margin for cost variations. The assessments shall be established by rules adopted by the commissioner in consultation with the health services commission but may not exceed five and one-half cents per month per resident enrolled in the certified health plan. The minimum assessment shall be one thousand dollars. Assessment receipts shall be deposited in the insurance commissioner's regulatory account in the state treasury and shall be used for the purpose of funding the examinations authorized in subsection (1) of this section. Assessments received shall be used to pay a pro rata share of the costs, including overhead of regulating certified health plans. Amounts remaining in the separate account at the end of a biennium shall be applied to reduce the assessments in succeeding biennia.

NEW SECTION. Sec. 440. INSOLVENCY--COMMISSIONER'S DUTIES, CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE. (1) In the event of insolvency of a certified health plan and upon order of the commissioner, all other certified health plans shall offer the enrolled Washington residents of the insolvent certified health plan the opportunity to enroll in a solvent certified health plan. Enrollment shall be without prejudice for any preexisting condition and shall be continuous provided the resident enrolls in the new certified health plan within thirty days of the date of insolvency and otherwise complies with the certified health plan's managed care procedures within the thirty-day open enrollment period.

(2) The insurance commissioner, in consultation with the health services commission, shall establish guidelines for the equitable distribution of the insolvent certified health plan's enrollees to the remaining certified health plans. The guidelines may include limitations to enrollment based on financial conditions, provider delivery network, administrative capabilities of the certified health plan, and other reasonable measures of the certified health plan's ability to provide benefits to the newly enrolled residents.

(3) Each certified health plan shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the coverage period for which premiums have been paid and continuation of benefits to enrolled Washington residents who are confined on the date of insolvency in an inpatient facility until their discharge or transfer to a new certified health plan as provided in subsection (1) of this section. The plan shall be approved by the insurance commissioner at the time of certification and shall be submitted for review and approval on an annual basis. The commissioner shall approve such a plan if it includes:

(a) Insurance to cover the expenses to be paid for continued benefits after insolvency;
(b) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the certified health plan's insolvency for which premium payment has been made and until the enrolled participant is transferred to a new certified health plan in accordance with subsection (1) of this section. Such extension of coverage shall not obligate the provider of service beyond thirty days following the date of insolvency;
(c) Use of the funded reserve requirements as provided under section 438 of this act;
(d) Acceptable letters of credit or approved surety bonds; or
(e) Other arrangements the insurance commissioner and certified health plan mutually agree are appropriate to assure that benefits are continued.

NEW SECTION. Sec. 441. FINANCIAL FAILURE, SUPERVISION OF COMMISSIONER--PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any rehabilitation, liquidation, or conservation of a certified health plan shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the insurance commissioner under the law governing the rehabilitation, liquidation, or conservation of insurance companies. The insurance commissioner may apply for an order directing the insurance commissioner to rehabilitate, liquidate, or conserve a certified health plan upon one or more of the grounds set forth in RCW
48.31.030, 48.31.050, and 48.31.080. Enrolled residents shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) For purposes of determining the priority of distribution of general assets, claims of enrolled residents and their dependents shall have the same priority as established by RCW 48.31.280 for policyholders and their dependents of insurance companies. If an enrolled resident is liable to a provider for services under and covered by a certified health plan, that liability shall have the status of an enrolled resident claim for distribution of general assets.

(3) A provider who is obligated by statute or agreement to hold enrolled residents harmless from liability for services provided under and covered by a certified health plan shall have a priority of distribution of the general assets immediately following that of enrolled residents and enrolled residents' dependents as described in this section, and immediately proceeding the priority of distribution described in RCW 48.31.280(2)(e).

NEW SECTION. Sec. 442. GRIEVANCE PROCEDURE. A certified health plan shall establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrolled Washington residents concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within twenty working days. The insurance commissioner in consultation with the health care commission shall establish standards for grievance procedures and resolution.

NEW SECTION. Sec. 443. EXEMPTION. The provisions of sections 431 through 442 of this act do not apply to any disability insurance company, health care service contractor, or health maintenance organization authorized to do business in Washington.

NEW SECTION. Sec. 444. ENFORCEMENT AUTHORITY OF COMMISSIONER. For the purposes of chapter . . ., Laws of 1993 (this act), the insurance commissioner shall have the same powers and duties of enforcement as are provided in Title 48 RCW.

NEW SECTION. Sec. 445. ANNUAL REPORT BY THE INSURANCE COMMISSIONER TO THE HEALTH SERVICES COMMISSION. Beginning January 1, 1997, the insurance commissioner shall report annually to the health services commission on the compliance of certified health plans and health insurance purchasing cooperatives with the provisions of chapter . . ., Laws of 1993 (this act). The report shall include information on (1) compliance with chapter . . ., Laws of 1993 (this act) open enrollment and antidiscrimination provisions, (2) financial solvency requirements, (3) the mix of enrollee characteristics within and among plans and groups including age, sex, ethnicity, and any easily obtainable information related to medical risk, (4) the geographic distribution of plans and groups, and (5) other information which the commission may request consistent with the goals of chapter . . ., Laws of 1993 (this act).

F. MANAGED COMPETITION AND LIMITED ANTI-TRUST IMMUNITY

NEW SECTION. Sec. 446. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that providers of health care coverage face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to dispel competition in the health care market to the extent necessary to contain the aggregate cost of health care services; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, and Washington residents.

To these ends, any lawful action taken pursuant to chapter . . ., Laws of 1993 (this act) by any person or entity created or regulated by chapter . . ., Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with section 447 of this act or under rules adopted pursuant to chapter . . ., Laws of 1993 (this act), does not authorize any person or entity to
engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies to agree or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the terms and conditions of their services;
(b) Among certified health plans as to the price or level of reimbursement for health care services;
(c) Among certified health plans to boycott a group or class of health care service providers;
(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;
(e) Among certified health plans to divide the market for health care coverage; or
(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 447. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development or marketing of health care or certified health plans may request, in writing, that the attorney general issue an informal opinion as to whether particular conduct is authorized by chapter . . . , Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion. If the attorney general concludes that such conduct is not authorized by chapter . . . , Laws of 1993 (this act), the person or organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (2) of this section.

(2) After consultation with and subject to the approval of the attorney general, the health services commission may authorize conduct requested by petition of a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a clear and convincing showing that the conduct is necessary to achieve the policy goals of chapter . . . , Laws of 1993 (this act) and a more competitive alternative is unavailable or impractical. Such petition shall be filed in a form and manner prescribed by rule of the commission.

After a public hearing, the commission shall issue a written decision approving or denying a petition filed in accordance with this section. The decision shall set forth findings as to benefits and disadvantages and explaining whether the benefits clearly outweigh the disadvantages. Upon the advice of the attorney general, the commission shall consider whether one or more of the following benefits may result:

(a) Enhancement of the quality of health services to consumers;
(b) Gains in cost-efficiency of health services;
(c) Improvements in utilization of health services and equipment; or
(d) Avoidance of duplication of health services resources.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities;
(ii) Adverse impact on quality, availability or price of health care services to consumers; or
(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(3) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(4) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section and shall periodically review such conduct to determine whether such conduct should be continued and whether a more competitive alternative is available or practical. If the commission determines that the likely benefits of conduct approved by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct and such conduct shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(5) The commission may adopt all rules necessary to implement this section.

(6) After consultation with and subject to the approval of the attorney general, the commission shall adopt rules:

(a) Governing conduct among providers, health care facilities, and certified health plans including but not limited to the use of "most favored nation" clauses and exclusive dealing clauses in provider contracts;
(b) Permitting health service providers within the service area of a plan to collectively negotiate terms and conditions of contracts with a certified health plan; and
(c) Governing the merger of health care facilities.

NEW SECTION. Sec. 448. UNIFORM BENEFITS PACKAGE DESIGN. (1) The commission shall define the uniform benefits package, which shall include those health services that, consistent with the goals and intent of chapter . . . , Laws of 1993 (this act), are effective and necessary on a societal basis for the maintenance of the health
of citizens of the state, weighed against the need to control state health services expenditures. As the future rate of 
increase in health services expenditures is controlled, the commission shall consider whether the uniform benefits 
package should be revised to enhance the services or level of services included in the package.

(2) The schedule of covered health services shall emphasize proven preventive and primary health care and 
shall include primary and specialty health services; inpatient and outpatient hospital services; prescription drugs and 
medications; reproductive services; services necessary for maternity and well-child care, including preventive dental 
services for children; case managed mental health services; short-term skilled nursing facility, home health, and 
home hospice services, subject to preapproval; and other services deemed necessary by the commission. The commission 
shall determine the specific schedule of health services within the uniform benefits package, including limitations on 
scope and duration of services. The commission shall consider the recommendations of health services 
effectiveness panels established pursuant to section 404 of this act in defining the uniform benefits package.

(3) The uniform benefits package shall not limit coverage for preexisting or prior conditions, except that the 
commission shall establish exclusions for preexisting or prior conditions to the extent necessary to prevent residents 
from waiting until health services are needed before enrolling in a certified health plan.

(4) The commission shall establish a schedule of enrollee point of service cost-sharing for nonpreventive 
health services, related to enrollee household income, such that financial considerations are not a barrier to access 
for low-income persons, but that, for those of means, the uniform benefits package provides for moderate point of 
service cost-sharing. All point of service cost-sharing and cost control requirements shall apply uniformly to all health 
care providers providing substantially similar uniform benefits package services. The schedule shall provide for an 
alternate and lower schedule of cost-sharing applicable to enrollees with household income below the federal poverty 
level.

(5) The commission shall adopt rules related to coordination of benefits where a resident has duplicate 
coverage. The rules shall not have the effect of eliminating enrollee premium sharing or point of service cost-
sharing. The commission shall endeavor to assure an equitable distribution, among both employers and employees, 
of the costs of coverage for those households composed of more than one member in the work force.

(6) In determining the uniform benefits package, the commission shall endeavor to seek the opinions of and 
information from the public. The commission shall consider the results of official public health assessment and policy 
development activities including recommendations of the department of health in discharging its responsibilities under 
this section.

(7) The commission shall submit the following to the legislature by December 1, 1994, and annually 
thereafter: (a) The uniform benefits package and any changes it may wish to make; (b) an independent actuarial 
analysis of the cost of the proposed package giving consideration to the factors enumerated in section 406(6) of this 
act; (c) a small business economic impact statement, to be prepared in consultation with the small business advisory 
committee, describing the economic impact on small business of providing the uniform benefits package to 
employees and dependents; and (d) if the small business economic impact statement indicates a need for assistance 

to small businesses, recommended mechanisms to offer such assistance. In developing its recommendations, the 
commission shall evaluate the potential effectiveness of business and occupation tax credits, a small business 
assistance fund, and any other mechanism deemed appropriate by the commission.

NEW SECTION. Sec. 449. SUPPLEMENTAL BENEFIT PACKAGES DESIGN. The commission shall 
define several supplemental benefits packages, which shall include those health services that, consistent with the 
goals and intent of chapter . . . . Laws of 1993 (this act), are desirable to expand the available health services defined 
in the uniform benefits package. Such supplemental benefit packages must be offered only by certified health plans 
and must be designed in conformance with the procedures and requirements for the design of the uniform benefits 
package under section 406 of this act.

(1) Such packages may not combine medical and dental services together, but the commission may design 
complementary packages that include each kind of service and that may be offered together by a certified health 
plan. A certified health plan that offers a supplemental benefits package containing only dental services is subject to 
section 427 of this act only in the sale of such package to the Washington state health care authority.

(2) In designing such supplemental benefits packages, the commission shall consider the approach taken 
by congress and federal agencies in regulating the offering and design of medicare supplemental health insurance 
policies and the commission shall develop a regulatory method to ensure that pricing of such supplemental benefits 
packages is consistent with the maximum premium requirements for the uniform benefits package under section 
406(6) of this act.

NEW SECTION. Sec. 450. The legislature may disapprove of the packages developed under sections 448 
and 449 of this act and medical risk adjustment mechanisms developed under section 406(8) of this act by an act of 
law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, 
the commission shall resubmit modified packages to the legislature within fifteen days of the disapproval. If the 
legislature does not disapprove the packages or modify them by an act of law by the end of that regular session, they 
are deemed approved.
NEW SECTION. Sec. 451. LONG-TERM CARE INTEGRATION PLAN. (1) To meet the health needs of the residents of Washington state, it is critical to finance and provide long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. This system shall be available, accessible, and responsive to all residents based upon an assessment of their functional disabilities. The governor and the legislature recognize that families, volunteers, and community organizations are essential for the delivery of effective and efficient long-term care and support services, and that this private and public service infrastructure should be supported and strengthened. Further, it is important to provide benefits without requiring family or program beneficiary impoverishment for service eligibility.

(2) To realize the need for a strong long-term care system and to carry out the November 30, 1992, final recommendations of the Washington health care commission related to long-term care, the commission shall:

(a) Engage in a planning process, in conjunction with an advisory committee appointed for this purpose, for the inclusion of long-term care services in the uniform benefits package established in chapter . . ., Laws of 1993 (this act) as soon as practicable, but not later than July 1998;

(b) Include in its planning process consideration of the scope of services to be covered, the cost of and financing of such coverage, and the means through which existing long-term care programs and delivery systems can be coordinated and integrated.

(3) The commission shall submit recommendations concerning any necessary statutory changes or modifications of public policy to the governor and the legislature by January 1, 1995.

(4) The departments of health, retirement systems, revenue, social and health services, and veterans' affairs, the offices of financial management, insurance commissioner, and state actuary, along with the health care authority, shall participate in the review of the long-term care needs enumerated in this section and provide necessary supporting documentation and staff expertise as requested by the commission.

(5) The commission shall include in its planning process, the development of two social health maintenance organization long-term care pilot projects. The two pilot projects shall be referred to as the Washington life care pilot projects. Each life care pilot program shall be a single-entry system administered by an individual organization that is responsible for bringing together a full range of medical and long-term care services. The commission, in coordination with the appropriate agencies and departments, shall establish a Washington life care benefits package that shall include the uniform benefits package established in chapter . . ., Laws of 1993 (this act) and long-term care services. The Washington life care benefits package shall include, but not be limited to, the following long-term care services: Case management, intake and assessment, nursing home care, adult family home care, home health and home health aide care, hospice, chore services/homemaker/personal care, adult day care, respite care, and appropriate social services. The pilot project shall develop assessment and case management protocol that emphasize home and community-based care long-term care options.

(a) In designing the pilot projects, the commission shall address the following issues: Costs for the long-term care benefits, a projected case-mix based upon disability, the required federal waiver package, reimbursement, capitation methodology, marketing and enrollment, management information systems, identification of the most appropriate case management models, provider contracts, and the preferred organizational design that will serve as a functioning model for efficiently and effectively transitioning long-term care services into the uniform benefits package established in chapter . . ., Laws of 1993 (this act). The commission shall also be responsible for establishing the size of the two membership pools.

(b) Each program shall enroll applicants based on their level of functional disability and personal care needs. The distribution of these functional level categories and ethnicity within the enrolled program population shall be representative of their distribution within the community, using the best available data to estimate the community distributions.

(c) The two sites selected for the Washington life care pilot program shall be drawn from the largest urban areas and include one site in the eastern part of the state and one site in the western part of the state. The two organizations selected to manage and coordinate the life care services shall have the proven ability to provide ambulatory care, personal care/chore services, dental care, case management and referral services, must be accredited and licensed to provide long-term care for home health services, and may be licensed to provide nursing home care.

(d) The report on the development and establishment date of the two social health maintenance organizations shall be submitted to the governor and appropriate committees of the legislature by September 16, 1994. If the necessary federal waivers cannot be secured by January 1, 1995, the commission may elect to not establish the two pilot programs.

NEW SECTION. Sec. 452. SUPPLEMENTAL AND ADDITIONAL BENEFITS NEGOTIATION. (1) Nothing in chapter . . ., Laws of 1993 (this act) shall preclude insurers, health care service contractors, health maintenance organizations, or certified health plans from insuring, providing, or contracting for additional benefits not included in the uniform benefits package or in supplemental benefits packages designed by the commission.

(2) Nothing in chapter . . ., Laws of 1993 (this act) shall restrict the right of an employer to offer, an employee representative to negotiate for, or an individual to purchase supplemental or additional benefits not included in the uniform benefits package.
(3) Nothing in chapter . . ., Laws of 1993 (this act) shall restrict the right of an employer to offer or an employee representative to negotiate for payment of up to one hundred percent of the premium of the lowest priced uniform benefits package available in the geographic area where the employer is located.

(4) Pending receipt of necessary federal waivers, nothing in chapter . . ., Laws of 1993 (this act) shall be construed to limit the collective bargaining rights of employee organizations under state or federal law.

NEW SECTION. Sec. 453. CONSCIENCE OR RELIGION. (1) No certified health plan or health care provider may be required by law or contract in any circumstances to participate in the provision of any uniform benefit if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(2) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the uniform benefits package. Each certified health plan shall:

(a) Provide written notice to certified health plan enrollees, upon enrollment with the plan and upon enrollee request thereafter, listing, by provider, services that any provider refuses to perform for reason of conscience or religion;

(b) Develop written information describing how an enrollee may directly access, in an expeditious manner, services that a provider refuses to perform; and

(c) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b) of this subsection.

H. STATE RESIDENT AND EMPLOYER PARTICIPATION

NEW SECTION. Sec. 454. INDIVIDUAL PARTICIPATION. (1) All residents of the state of Washington are required to purchase a uniform benefits package from a certified health plan no later than July 1, 1998. This participation requirement may be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions set forth in the First Amendment, United States Constitution and Article I, section 11 of the state Constitution. Residents of the state of Washington who work in another state for an out-of-state employer shall be deemed to have satisfied the requirements of this section if they receive health insurance coverage through such employer.

(2) The commission shall monitor the enrollment of individuals into certified health plans and shall make public periodic reports concerning the number of persons enrolled and not enrolled, the reasons why individuals are not enrolled, recommendations to reduce the number of persons not enrolled, and recommendations regarding enforcement of this provision.

NEW SECTION. Sec. 455. EMPLOYER PARTICIPATION. (1) The legislature recognizes that small businesses play an essential and increasingly important role in the state’s economy. The legislature further recognizes that many of the state’s small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . ., Laws of 1993 (this act) make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) In defining the level of mandated employer participation under this section, the commission shall consider the impact of such participation on the financial well-being of the state’s employers. In its deliberations, the commission shall evaluate the following:

(a) Whether employers’ premium payments should be related to the number of qualified employees the business employs;

(b) Whether different levels of employer premium payments should be applied to employees and dependents;

(c) The profitability of small businesses in Washington state; and

(d) Any other factors deemed necessary by the commission.

(3) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package within their geographic region as determined by the commission. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic region as determined by the commission.
For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

By July 1, 1997, every employer shall:
(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package as determined by the commission. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic area as determined by the commission.
(b) For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.
(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

By July 1, 1997, every employer shall:
(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent and no more than ninety-five percent of the premium cost of the lowest cost available package as determined by the commission. On July 1, 1998, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent and no more than ninety-five percent of the premium of the lowest cost package within their geographic area as determined by the commission.
(b) For employees who work less than thirty hours during a week or one hundred twenty hours during a calendar month, and their dependents, pay the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.
(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

This employer participation requirement may be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution and Article I, section 11, of the state Constitution. In such case the employer shall, pursuant to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 426 and 427 of this act.

The commission shall submit its employer contribution levels and any changes it may wish to make to the legislature by December 1, 1994, and annually thereafter.

NEW SECTION. Sec. 456. LEGISLATIVE DISAPPROVAL OF EMPLOYER PARTICIPATION LEVELS. The legislature may disapprove of the levels under section 455 of this act by an act of law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, the commission shall resubmit regular modified employer contribution levels to the legislature within fifteen days of the disapproval. If the legislature does not disapprove the levels or modify them by an act of law by the end of that regular session they shall be deemed approved.

NEW SECTION. Sec. 457. SMALL FIRM FINANCIAL ASSISTANCE. (1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (1) New firms, (2) employers with low average wages, (3) employers with low profits, and (4) firms in economically distressed areas.
(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall not exceed one hundred million dollars for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of this act, shall develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

I. PUBLIC HEALTH SERVICES IMPROVEMENT PLAN

NEW SECTION. Sec. 458. A new section is added to chapter 43.70 RCW to read as follows:

PUBLIC HEALTH SERVICES IMPROVEMENT PLAN. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan should provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances;

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

   (7) Recommendations on elimination or consolidation of unnecessary or duplicative regulatory activities that would not result in a reduction in the health and safety objectives.

NEW SECTION. Sec. 471. NURSING HOME DOCUMENTATION STUDY. The department of social and health services aging and adult services administration shall, to the extent that resources are available, review all federal and state laws, and departmental rules that require health care providers in nursing homes to submit documentation. The departmental review shall be conducted to determine what documentation or protocols are redundant and can be modified or eliminated without jeopardizing the health and safety of residents or violating federal regulations. The review shall result in an itemized evaluation of the number of forms requiring physician's review and signature together with a citation of their origin. In addition, the department shall review and suggest efficiencies that could be realized through the development of standardized physicians' protocols for repetitive but nonlifethreatening conditions, such as but not limited to, skin tears, early stage decubiti, bowel and bladder care, and other common and predictable nursing home patient conditions. Whenever possible, source documentation should be enabled to allow multiple attestations to be consolidated into a single document. The department shall conduct this review in coordination with different nursing home care constituent groups and professions, including but not
limited to, a gerontologist to be selected by the Washington state medical association and the Washington osteopathic medical association, a nurse to be selected by the Washington state nurses association, one representative from each of the two largest nursing home associations, and a representative of a nursing home residency advocacy group to be selected by the department. The department shall make appropriate regulatory changes, or recommend appropriate regulatory changes to the appropriate regulatory agency, resulting from this review and report its actions and any statutory changes needed to further the goal of regulatory simplification to the chair of the house of representatives health care committee and the chair of the senate health and human services committee by December 12, 1994.

NEW SECTION. Sec. 472. CERTIFIED HEALTH PLAN LICENSING STUDY. The insurance commissioner shall undertake a study of the feasibility and benefits of developing a single licensing category for certified health plans that would replace current statutes licensing disability insurers, health care service contractors, and health maintenance organizations. The commissioner shall report his or her findings and recommendations to the legislature by January 1, 1994. In conducting such study, the commissioner shall:

1. Consider standards for the regulation and inclusion of preferred provider organizations, independent practice associations, and independent physician organizations under such new certified health plan statute;
2. Review existing capital and reserve statutes governing insurers, contractors, and health maintenance organizations to determine the appropriate level of capital and reserve for licensing of certified health plans to protect consumers while encouraging competition in the certified health plan market from new entrants into the market;
3. Review existing rate regulation of disability insurance policies, health care service contracts, and health maintenance agreements and propose a uniform approach for regulation of rates that balances the need of certified health plans to freely compete and the need to protect consumers from inadequate, excessive, or unfairly discriminatory rates;
4. Consider regulatory methods to ensure the adequate provision of and contracting with health care facilities and providers by certified health plans to meet the health care needs of enrollees of certified health plans;
5. Consider the need to modify existing insurance statutes and regulations to govern the integration, development, and marketing of health care coverage that would supplement the uniform benefits package; and
6. Consult with health care service contractors, health maintenance organizations, disability insurance companies, and other health care service providers who would be affected by such changes.

NEW SECTION. Sec. 473. CRIME VICTIMS' COMPENSATION MEDICAL BENEFITS. (1) On or before January 1, 1995, the department of labor and industries shall coordinate with the commission, shall complete a study related to the medical services component of the crime victims’ compensation program of the department of labor and industries. The goal of the study shall be to determine whether and how the medical services component of the crime victims’ compensation program can be modified to provide appropriate medical services to crime victims in a more cost-effective matter. In conducting the study, consideration shall be given to at least the following factors:

Required benefit design, necessary statutory changes, and the use of managed care to provide services to crime victims. The study shall evaluate at least the following options:

(a) Whether the medical services component of the crime victims’ compensation program should be maintained within the department of labor and industries, and its purchasing and other practices modified to control costs and increase efficacy of health services provided to crime victims;
(b) Whether the medical services component of the crime victims’ compensation program should be administered by the health care authority as the state health care purchasing agent;
(c) Whether the medical services component of the crime victims’ compensation program should be included in the services offered by certified health plans.

(2) The department of labor and industries shall present the recommendations to the governor and the appropriate committees of the legislature by January 1, 1995.

NEW SECTION. Sec. 474. WORKERS' COMPENSATION MEDICAL BENEFITS. (1) An employer who self-insures for employee medical benefits or workers' compensation benefits and who meets the requirements for a certified health plan under section 427 of this act, may apply to the department of labor and industries for an exemption from the requirements of Title 51 RCW regarding the medical portion of the workers' compensation program.

(2) The director of the department of labor and industries shall grant such an exemption if he or she finds that (a) the applicant employer has a record of no less than two years of compliance with the requirements to be a certified health plan, (b) the uniform benefit package provided by the certified health plan that would assume workers' compensation responsibilities include medically necessary services available under the workers' compensation program in 1992, including payments for disability determinations, (c) the state has achieved access by no less than ninety-seven percent of all state residents to coverage for the uniform benefit package, (d) there is no reasonable
expectation that granting such an exemption will result in a reduction in needed time loss awards or rehabilitative services, (e) the employees' share of workers' compensation medical aid fund contributions are returned to the employee as increased wages, and (f) a majority of employees in the employer's company do not object to the exemption.

(3) If, after periodic review of exemptions granted under this section, the director of labor and industries finds that the conditions in subsection (2) of this section are not present, he or she may withdraw the exemption and immediately require the employer to reestablish a separate workers' compensation medical aid fund program.

(4) In consultation with representatives of organized labor and the large and small business communities of the state, and consistent with chapter . . . . Laws of 1993 (this act), the statutory workers' compensation advisory committee and the department of labor and industries shall propose a plan and timeline for including the medical services of the workers' compensation program of the department of labor and industries in the services offered by certified health plans. No plan or timeline may take effect until at least ninety-seven percent of state residents have access to the uniform benefit package as required in chapter . . . . Laws of 1993 (this act). No plan or timeline may be proposed that does not assure that (a) the uniform benefit package provides benefits which are medically necessary under the workers' compensation program in 1993, including payment for medical determinations of disability under chapter . . . . RCW, (b) statutory assurances are provided that time loss benefits and rehabilitative services will not be reduced as a result of the transfer, (c) employers who self-fund for health insurance or workers' compensation and who do not choose to become certified health plans under chapter . . . . Laws of 1993 (this act), will continue to be required to provide workers' compensation benefits as required under 1993 law, (d) the employees' share of the workers' compensation medical aid fund contribution is returned to employees as increased wages, and (e) a majority of employees in the employer's company do not object to the change.

The medical aid fund portion of the workers' compensation program affected by this section shall not be less than the percentage of the medical aid portion of the workers' compensation program in 1992.

To help in developing this plan the department of labor and industries may immediately implement pilot projects to assess the effects of this consolidation on the cost, quality comparability, and employer/employee satisfaction with various consolidation proposals.

The plan and timeline required under this subsection shall be presented to the governor and the appropriate committees of the legislature by January 1, 1995. The timeline shall include full implementation of needed rules by July 1, 1998.

NEW SECTION. Sec. 475. MANAGED CARE PILOT PROJECTS. (1) The department of labor and industries, in consultation with the workers' compensation advisory committee, may implement pilot projects to purchase medical services for injured workers through managed care arrangements. The projects shall assess the effects of managed care on the cost and quality of, and employer and employee satisfaction with, medical services provided to injured workers.

(2) The pilot projects may be limited to specific employers. The implementation of a pilot project shall be conditioned upon a participating employer's and a majority of its employees, or the employees' representative, if a collective bargaining agreement exists, voluntarily agreeing to the terms of the pilot. Both the employer and employees are bound by the project agreements for the duration of the project.

(3) For participating employers and for the purpose of completing these pilot projects, the projects shall be exempt from the requirements of Title 51 RCW that would prohibit implementation of the pilot projects. Such exemption relates solely to the purpose and duration of the study. Managed care arrangements for the pilot projects may include the designation of doctors responsible for the care delivered to injured workers participating in the projects.

(4) The projects shall conclude no later than January 1, 1996. The department shall present the results of the pilot projects and any recommendations related to the projects to the governor and appropriate committees of the legislature on or before October 1, 1996.

POINT OF INQUIRY

Representative Pruitt yielded to a question by Representative Sheldon.

Representative Sheldon: Thank you Mr. Speaker. Major policy change in this bill provides DNR the administrative authority to disapprove forest practice permits for up to one year, if a person has failed to comply with the final order or final decision or has failed to pay civil penalties issued under statutes. Currently the authority to disapprove all subsequent forest practice applications requires court action. Why is this change necessary?

Representative Pruitt: The commissioner of Public Lands, Jennifer Belcher, and DNR officials testified in our committee that this administrative authority was necessary to fully enforce notices to comply with stop work orders and civil penalties issued by the Department. It is targeted at chronic violators, taking an offending party to court takes time, and without this disapproval authority DNR has no choice but to approve subsequent forest practices applications, even if previous violations have not been corrected or civil penalties paid.

Representative Sheldon: Thank you, so this section of Substitute Senate Bill No. 5688 along with increasing the maximum civil penalty from 500 dollars to 10,000 dollars per violation is intended to provide a strong deterrent and enforcement authority, not a separate punitive action against the land owner or operator after they have complied with the final order or final decision, paid the civil penalty or received relief on administrative or judicial appeal.

Representative Pruitt: The authority disapproves subsequent forest practice applications for up to one year, but ends immediately once the applicant is in compliance with the final order or the final decision or pays the civil penalty which was the basis of DNR written notice initiating the disapproval period.

Beginning in 1996, the growth rate of the premium cost of the uniform benefits package for each certified health plan shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than the five-year rolling average of growth in Washington per capita personal income, as determined by the office of financial management."

POINT OF INQUIRY

Representative Appelwick yielded to a question by Representative Dyer.

Representative Dyer: Thank you Mr. Speaker. This is the first time, I've hadn't had a chance to review it much. I've to have been concerned about this issue and appreciate the Representative's attempt to fix it. However, I'm confused as to how this would work with relation to the community rated maximum premiums how the commissions direction is going to action of the employer under the employer mandate. Could you explain?

Representative Appelwick: This is going to make premium recommendation, and it's going to make recommendation as to the percentage that the employer will pay under the mandate under the current bill. Basically, we are asking the commission when they are looking at that to consider the differential between the employer premium, if it recommends a separate employee premium and a separate dependent premium or whether they recommend a combined employer-dependent premium, so that they are looking at what a differential might be in those circumstances and trying to be neutral in its effect in employment practices.

Representative Dellwo moved adoption of the following amendment to the committee amendment:

On page 129, line 30, strike Section 429 in its entirety and insert the following:

"NEW SECTION. Sec. 429. CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH CARE PROVIDERS. (1) Balancing the need for health care reform and the need to protect health care providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health care providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the health services commission in developing rules in accordance with this section and the attorney general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health care providers and classes of health care providers in managed care programs developed by certified health plans.

(2) All licensed health care providers licensed by the state, irrespective of the type or kind of practice, should be afforded the opportunity for inclusion in certified health plans consistent with the goals of health care reform.

The health services commission shall adopt rules requiring certified health plans to publish general criteria for the plan's selection or termination of health care providers. Such rules shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. Disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health care providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health care provider's practice under any specific program within the plan, the plan may not reject or terminate the provider participating in that program based upon such criteria until the provider has been informed of the criteria that his or her practice fails to meet and is given a reasonable opportunity to conform to such criteria.

(3)(a) Whenever a determination is made under subsection (b) that a plan's share of the market reaches a point where the plan's exclusion of health care providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services or whenever a certified health plan is the only plan within the relevant market, the certified health plan must allow all providers within the affected market to participate in the programs of the certified health plan. All such providers must meet the published criteria and requirements of the programs.

(b) The attorney general with the assistance of the insurance commissioner shall periodically analyze the market power of certified health plans to determine when the market share of any program of a certified health plan reaches a point where the plan's exclusion of health care providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. In analyzing the market power of a certified health plan, the attorney general shall consider:

(i) The ease with which providers may obtain contracts with other plans;
(ii) The amount of the private pay and government employer business that is controlled by the certified health plan taking into account the selling of its provider network to self-insured employer plans;
(iii) The difficulty in establishing new competing plans in the relevant geographic market; and
(iv) The sufficiency of the number or type of providers under contract with the plan available to meet the needs of plan enrollees.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan's ability to control health care costs and that the plan's
Representatives Dellwo and Dyer spoke in favor of adoption of the amendment and it was adopted.

Representative Dellwo moved adoption of the following amendment to the committee amendment:

Beginning on page 142, line 6, strike sections 446 and 447 in their entirety and insert the following:

"NEW SECTION. Sec. 446. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that health insurers, contractors, and health maintenance organizations face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter which might otherwise be constrained by such laws and intends to displace competition in the health care market; to contain the aggregate cost of health care services; to promote the development of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter . . ., Laws of 1993 (this act) by any person or entity created or regulated by chapter . . ., Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance section 447 of this act or under rules adopted pursuant to chapter . . ., Laws of 1993 (this act), does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;
(b) Among certified health plans as to the price or level of reimbursement for health care services;
(c) Among certified health plans to boycott a group or class of health care service providers;
(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;
(e) Among certified health plans to divide the market for health care coverage; or
(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 447. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or certified health plans may request, in writing, that the attorney general issue an informal opinion as to whether particular conduct is authorized by chapter . . ., Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion. If the attorney general concludes that such conduct is not authorized by chapter . . ., Laws of 1993 (this act), the person or
organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (3) of this section.

(2) With the approval of the attorney general, the health services commission:

(a) May authorize conduct by a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of chapter . . ., Laws of 1993 (this act) and a more competitive alternative is impractical;

(b) Shall adopt rules governing conduct among providers, health care facilities, and certified health plans including rules governing provider and facility contracts with certified health plans, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that certified health plans in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;

(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with a certified health plan including the ability of providers to meet and communicate for the purposes of these negotiations; and

(d) Shall adopt rules governing cooperative activities among health care facilities and providers.

(3) A certified health plan, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health services or certified health plans may file a written petition with the commission requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the commission.

The commission shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4) In authorizing conduct and adopting rules of conduct under this section, the commission with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:

(a) Enhancement of the quality of health services to consumers,

(b) Gains in cost efficiency of health services,

(c) Improvements in utilization of health services and equipment,

(d) Avoidance of duplication of health services resources; or

(e) And as to subsections (2)(b) and (c), (i) facilitates the exchange of information relating to performance expectations; (ii) simplifies the negotiation of delivery arrangements and relationships, and (iii) reduces the transactions costs on the part of certified health plans and providers in negotiating more cost effective delivery arrangements.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities,

(ii) Adverse impact on quality, availability or price of health care services to consumers, or

(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The commission shall periodically review petitioned conduct through at least, annual progress reports from petitioners, annual or more frequent reviews by the commission which evaluate whether the conduct is consistent with the petition and whether the benefits continue to outweigh any disadvantages. If the commission determines that the likely benefits of any conduct approved through rule, petition, or otherwise by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the commission shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in chapter . . ., Laws of 1993 (this act) is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW.

"PART I. FINDINGS, GOALS, AND INTENT"

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for medical care and by current medical insurance and medical system practices. Current medical system practices encourage public demand for unneeded, ineffective, and sometimes dangerous medical treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total medical and health care expenditure rates should be sufficient to provide access to essential health and medical care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without medical insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate medical insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for medical insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable medical insurance burden.
The legislature finds that persons of color have significantly higher rates of mortality, poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than general population. It is intended that chapter ..., Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for medical care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in medical treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonmedical care businesses.

(2) The legislature intends that:
(a) Total health services costs be stabilized and controlled within a managed, competitive marketplace;
(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and comprehensiveness;
(c) State residents be able to choose health services in a manner consistent with good health service management, quality assurance, and cost effectiveness;
(d) Individuals and businesses have the option to purchase any health or medical services they may choose in addition to those contained in the uniform benefits package;
(e) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans; and
(f) That a policy of facilitating communication and networking in the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter ..., Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter ..., Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION
A. BASIC HEALTH PLAN EXPANSION

Sec. 201. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:
BASIC HEALTH PLAN--FINDINGS. (1) The legislature finds that:
(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;
(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and
(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women ((who are an especially vulnerable population, along with their children)), and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents ((under sixty-five years of age)) not ((otherwise)) eligible for medicare ((with gross family income at or below two hundred percent of the federal poverty guidelines)) or medical assistance who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) ((The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.))

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families...
are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens below three hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program. It is also the intent of the legislature to condition access to this plan for nonsubsidized enrollees upon the prior placement of subsidized enrollees to the extent funding is available.

(c) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 202. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN--DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides direct or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system.

(4) "Subsidized enrollee" means an individual, or an individual's spouse (and/or) or dependent children, (all under the age of sixty-five and) not (otherwise) eligible for medicare or medical assistance, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who chooses to obtain basic health care coverage from a particular managed health care system and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(7) "Premium" means a periodic payment, based upon gross family income (and determined under RCW 70.47.060(2)), which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

Sec. 203. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. (All) Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. (After July 1, 1992, the administrator shall not expend or encumber an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.)

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.
The administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 204. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN–PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as an independent agency of the state. The administrative head and appointing authority of the plan shall be the administrator who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040. The administrator shall appoint a medical director. The (administrator) medical director((administer)) and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law. Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.

Sec. 205. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, (for the period ending June 30, 1993) with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for (prenatal or postnatal) such services (that are provided under the medical assistance program under chapter 74.09 RCW) except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider((or except to provide any such services associated with pregnancy diagnosed by the managed care provider before July 1, 1992)). The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ((as well as)) and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section.
(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(3) To design and implement a structure of (nominal) copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;
(b) A modified fee-for-services payment schedule for providers;
(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and
(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

(5) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medicaid, may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least (annually) semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. (An enrollee who remains current in payment of the sliding scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross
family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.) No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(11) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(12) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(13) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(14) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state.

(15) To endeavor to expand enrollment as much as possible to correspond to the proportion of persons of color in the community served using the best available data that estimates representation of persons of color and describe these efforts in its annual report.

Sec. 206. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. (The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.)

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4)). Subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated.

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

B. EXPANDED MANAGED CARE FOR STATE EMPLOYEES

Sec. 207. RCW 41.05.011 and 1990 c 222 s 2 are each amended to read as follows:

C. HEALTH CARE PROVIDER CONFLICT OF INTEREST STANDARDS

Sec. 208. RCW 19.68.010 and 1973 1st ex.s. c 26 s 1 are each amended to read as follows:

It shall be unlawful for any person, firm, corporation or association, whether organized as a cooperative, or for profit or nonprofit, to pay, or offer to pay or allow, directly or indirectly, to any person licensed by the state of Washington to engage in the practice of medicine and surgery, drugless treatment in any form, dentistry, or pharmacy and it shall be unlawful for such person to request, receive or allow, directly or indirectly, a rebate, refund, commission, unearned discount or profit by means of a credit or other valuable consideration in connection with the referral of patients to any person, firm, corporation or association, or in connection with the furnishings of medical, surgical or dental care, diagnosis, treatment or service, on the sale, rental, furnishing or supplying of clinical laboratory supplies or services of any kind, drugs, medication, or medical supplies, or any other goods, services or supplies prescribed for medical diagnosis, care or treatment: PROVIDED, That ownership of a financial interest in any firm, corporation or association which furnishes any kind of clinical laboratory or other services prescribed for medical, surgical, or dental diagnosis shall not be prohibited under this section where (1) the referring practitioner affirmatively discloses to the patient in writing, the fact that such practitioner has a financial interest in such firm, corporation, or association; and (2) the referring practitioner provides the patient with a list of effective alternative facilities, informs the patient that he or she has the option to use one of the alternative facilities, and assures the patient that he or she will not be treated differently by the referring practitioner if the patient chooses one of the alternative facilities.

Any person violating the provisions of this section is guilty of a misdemeanor.

D. DATA COLLECTION

Sec. 209. RCW 70.170.100 and 1990 c 269 s 12 are each amended to read as follows:

(1) To promote the public interest consistent with the purposes of chapter . . ., Laws of 1993 (this act), the department is responsible for the development, implementation, and custody of a state-wide ((hospital)) health care data system, with policy direction and oversight to be provided by the Washington health services commission. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers, and state government as consistent with the intent of chapter . . ., Laws of 1993 (this act) ((chapter)). The department shall identify a set of ((hospital)) health care data elements and report specifications which satisfy these needs. The (council) Washington health services commission, created by section 301 of this act, shall review the design of the data system and ((may direct the department to)) establish a technical advisory committee on health data. The department shall contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section. The data elements, specifications, and
The state-wide (hospital) health care data system shall be uniform in its identification of reporting requirements for (hospital) reporters across the state to the extent that such uniformity is necessary to fulfill the purposes of chapter . . ., Laws of 1993 (this chapter) act. Data reporting requirements may reflect differences (in hospital size, urban or rural location, scope, type, and method of providing service, financial structure, or other pertinent distinguishing factors) that involve pertinent distinguishing features as determined by the Washington health services commission by rule. So far as is practical, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, (and) the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on (hospital) reporters.

In identifying financial reporting requirements under the state-wide (hospital) health care data system, the department may require both annual reports and condensed quarterly reports from reporters, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data burdens of reporters.

In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in the state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.

The (hospital) health care data collected (and), maintained, and studied by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

6. All persons subject to chapter . . ., Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.
((chapter)) act. Subject to the availability of funds and any policy direction that may be given by the Washington health services commission, (Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.) These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing ((hospital care services and)) or consuming health care and publications providing verifiable and useful aggregate comparative information to ((consumers on hospitals and hospital services)) the public on health care services, their cost, and the quality of health care providers who participate in certified health plans:

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; ((and))

(3) Reports on relevant ((hospital health care policy (issues)) including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; ((hospital)) provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of ((hospital)) health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of all health services.

NEW SECTION. Sec. 211. A new section is added to chapter 70.170 RCW to read as follows:

Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (1) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (2) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information which may, in any manner, identify individual persons.

NEW SECTION. Sec. 212. A new section is added to chapter 70.170 RCW to read as follows:

The Washington health services commission shall have access to all health data presently available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data collected pursuant to chapter . . . , Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefit package under chapter . . . , Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee demographic data, including age, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) aggregated paid data. For the purposes of this subsection (3)(f), the commission shall assure that all data relating to amounts paid for health care services must be collected, compiled, and evaluated in a state-wide aggregated form. To protect a managed competitive health care market, the commission may not identify purchaser-specific or payer-specific information relating to amounts paid for health care services. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

NEW SECTION. Sec. 213. A new section is added to chapter 70.170 RCW to read as follows:

(1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission. The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include, but not be limited to: (a) Enrollee demographic data, including age,
sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) aggregated paid data. For the purposes of this subsection (2)(f), the commission shall assure that all data relating to amounts paid for health care services must be collected, compiled, and evaluated in a state-wide aggregated form. To protect a managed competitive health care market, the commission may not identify purchaser-specific or payer-specific information relating to amounts paid for health care services. The commission shall establish by rule, confidentiality standards to safeguard the information from inappropriate use or release. The department shall assist the commission in establishing reasonable time frames for the completion of the system development and system implementation.

E. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 214. A new section is added to chapter 70.41 RCW to read as follows:

(1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 215. A new section is added to chapter 71.12 RCW to read as follows:

(1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 216. A new section is added to chapter 18.68 RCW to read as follows:

The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.
NEW SECTION. Sec. 217. A new section is added to chapter 18.68 RCW to read as follows:
The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing
to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost
and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These
charges should be made available on at least a quarterly basis for all requested patients and should include
medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in
a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts
should be made to utilize the existing computerized records and software to provide this information in the least costly
format.

NEW SECTION. Sec. 218. A new section is added to chapter 18.51 RCW to read as follows:
(1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain
them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By
making nursing home facilities and care providers more aware of the cost consequences of care services for
consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-
beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the
nursing home to inform physicians, consumers, and other care providers of the charges of the services that they
order may have a positive effect on containing health costs.
(2) The chief executive officer of a nursing home licensed under this chapter shall establish and maintain a
procedure for disclosing to physicians, consumers, and other care providers the charges of all services to be ordered
for residents. These charges shall be posted on the resident's bill and shall include total charges to date and an
itemization of charges for each month.

NEW SECTION. Sec. 219. The department of health shall report to the legislature by December 31, 1994,
with recommendations on any necessary revisions to sections 214 through 218 of this act, including their continued
necessity and the appropriateness of their repeal.

F. HEALTH PROFESSIONAL SHORTAGES

Sec. 220. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:
RETIRED PRIMARY CARE PROVIDERS--MALPRACTICE INSURANCE. (1) The department may
establish a program to purchase and maintain liability malpractice insurance for retired primary care
providers who provide primary health care services at community clinics. The following conditions apply to the
program:
(a) Primary health care services shall be provided at community clinics that are public or private tax-
exempt corporations;
(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their
ability to pay;
(c) Retired primary care providers providing health care services shall not receive compensation for their services; and
(d) The department shall contract only with liability insurers authorized to offer liability malpractice insurance
in the state.
(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage
to a primary care provider should the insurer determine that coverage should not be offered to a
physician because of past claims experience or for other appropriate reasons.
(3) The state and its employees who operate the program shall be immune from any civil or criminal action
involving claims against clinics or physicians that provided health care services under this section and RCW
43.70.470. This protection of immunity shall not extend to any clinic or primary care provider participating in the program.
(4) The department may monitor the claims experience of retired physicians covered by liability insurers
contracting with the department.
(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds
are provided for this purpose by the legislature.

Sec. 221. RCW 43.70.470 and 1992 c 113 s 3 are each amended to read as follows:
RETIRED PRIMARY CARE PROVIDERS--CONDITIONS. The department may establish by rule the
conditions of participation in the liability insurance program by retired physicians at clinics utilizing retired physicians
for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the
following:
(1) The participating physician associated with the clinic shall hold a valid license to practice medicine and
surgery as a physician under chapter 18.71 or 18.57 RCW, a physician assistant under chapter 18.36A, 18.71A, or
18.57A RCW, or an advanced registered nurse practitioner under chapter 18.88 RCW in this state and otherwise be in conformity with current requirements for licensure as a retired physician, including continuing education requirements;

(2) The participating physician shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating physician shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating physician shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating physician for services provided by the physician, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating physician authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

G. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 222. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 223. A new section is added to chapter 48.18 RCW to read as follows:

Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 224. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

(1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state ((after September 8, 1975)) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any (((individual))) disability insurance policy, (((or under any individual))) health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons ((insured)) covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;

(c) The effect of such a provision on the benefits provided;

(d) Establishment of the order of benefit determination; ((and))

(e) Exceptions necessary to maintain the integrity of policies, contracts, and agreements that may require the use of particular health care facilities or providers; and
(f) Reasonable claim administration procedures to expedite claim payments and prevent duplication of payments or benefits under such a provision. PROVIDED, HOWEVER, That any group disability insurance policy which is issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3) may exclude all or part of any deductible amounts from the definition of total allowable expenses for purposes of coordination of benefits within the plan and between such plan and other applicable group coverages. AND PROVIDED FURTHER, That any group disability insurance policy providing coverage for persons in this state may exclude all or part of any deductible amounts required by a group disability insurance policy from the definition of total allowable expenses for purposes of coordination of benefits between such policy and a group disability insurance policy issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3).

(3) The provisions of this section shall apply to health care service contractor contracts and health maintenance organization agreements).

NEW SECTION. Sec. 225. A new section is added to chapter 48.20 RCW to read as follows:

(1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No disability insurer may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

NEW SECTION. Sec. 226. A new section is added to chapter 48.21 RCW to read as follows:

(1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No disability insurer may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

NEW SECTION. Sec. 227. A new section is added to chapter 48.44 RCW to read as follows:

(1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.
NEW SECTION. Sec. 228. A new section is added to chapter 48.46 RCW to read as follows:

(1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the one-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall provide recommendations to the legislature on findings no later than January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

(3) No health maintenance organization may waive or exclude any preexisting condition from coverage for more than a twelve-month period.

Sec. 229. RCW 48.30.300 and 1975-76 2nd ex.s. c 119 s 7 are each amended to read as follows:

Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on or after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy in order not to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening.

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 230. A new section is added to chapter 48.44 RCW to read as follows:

(1) With respect to all health care service contracts issued or renewed on or after July 1, 1994, except limited health care service contracts as defined in RCW 48.44.035:

(a) Contracts shall guarantee continuity of coverage. Such provision, which shall be included in every contract, shall provide that:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor which have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or
copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and
(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the contractor has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.
(b) It is an unfair practice for a contractor to modify the coverage provided or rates applying to an in-force contract and to fail to make such modification in all such issued and outstanding contracts.
(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health care service contractor to:
(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all subscribers covered under such discontinued contract the opportunity to purchase comparable coverage without health screening; or
(ii) Engage in a practice that subjects subscribers to rate increases on discontinued contract forms unless such subscribers are offered the opportunity to purchase comparable coverage without health screening.
(2) The health care service contractor may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 231. A new section is added to chapter 48.46 RCW to read as follows:
(1) With respect to all health maintenance agreements issued or renewed on or after July 1, 1994, and in addition to the restrictions and limitations contained in RCW 48.46.060(4):
(a) Agreements shall guarantee continuity of coverage. Such provision, which shall be included in every agreement, shall provide that the agreement may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.
(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.
(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:
(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or
(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.
(2) The health maintenance organization may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

Sec. 232. RCW 48.44.260 and 1979 c 133 s 3 are each amended to read as follows:
Every authorized health care service contractor, upon canceling, denying, or refusing to renew any individual health care service contract, shall, upon written request, directly notify in writing the applicant or ((insured)) subscriber, as the case may be, of the reasons for the action by the health care service contractor. Any benefits, terms, rates, or conditions of such a contract which are restricted, excluded, modified, increased, or reduced ((because of the presence of a sensory, mental, or physical handicap)) shall, upon written request, be set forth in writing and supplied to the ((insured)) subscriber. The written communications required by this section shall be phrased in simple language which is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 233. RCW 48.46.380 and 1983 c 106 s 16 are each amended to read as follows:
Every authorized health maintenance organization, upon canceling, denying, or refusing to renew any individual health maintenance agreement, shall, upon written request, directly notify in writing the applicant or enrolled participant as appropriate, of the reasons for the action by the health maintenance organization. Any benefits, terms, rates, or conditions of such agreement which are restricted, excluded, modified, increased, or reduced ((because of the presence of a sensory, mental, or physical handicap)) shall, upon written request, be set forth in writing and supplied to the individual. The written communications required by this section shall be phrased in simple language which is readily understandable to a person of average intelligence, education, and reading ability.

NEW SECTION. Sec. 234. The following acts or parts of acts are each repealed:
Whenever the provisions of this chapter governing the sale and content of health care service contracts conflict with the provision of sections 301 through 306 and 328 through 347 of this act, sections 301 through 306 and 328 through 347 of this act shall control.

NEW SECTION. Sec. 238. A new section is added to chapter 48.44 RCW to read as follows:
Whenever the provisions of this chapter governing the sale and content of health care service contracts conflict with the provision of sections 301 through 306 and 328 through 347 of this act, sections 301 through 306 and 328 through 347 of this act shall control.

NEW SECTION. Sec. 239. A new section is added to chapter 48.46 RCW to read as follows:
Whenever the provisions of this chapter governing the sale and content of health maintenance agreements conflict with the provision of sections 301 through 306 and 327 through 346 of this act, sections 301 through 306 and 327 through 346 of this act shall control.

H. LONG-TERM HEALTH CARE PARTNERSHIP

NEW SECTION. Sec. 240. The legislature recognizes that the elderly are the fastest-growing age group nation-wide and in Washington state, increasing in absolute terms and as a percentage of the total population. In addition, the older population itself is aging. The over eighty-five years of age group of elderly are growing faster than any other group. This is in large part due to the substantial advances in medical technology that have increased the elderly's life expectancy and have changed their prevalent causes of death. Living longer has meant that chronic conditions have become major causes of death, disability, and functional dependency. These conditions can effect the individual for years, impairing their ability to function and necessitating high use of long-term care and health care resources to manage, not cure, the conditions. On the average, the elderly's health care and long-term care utilization and expenditures are much greater than those of the nonelderly. While the elderly spend nearly three times the amount the population as a whole spends on health care, per capita, their largest source of out-of-pocket expenditures is for nursing home care. Currently, almost half of all the nursing home expenditures in the United States are financed by public tax dollars through the medicaid program. Almost all of the remaining expenditures nation-wide for nursing homes are financed privately and are primarily paid directly by individual out-of-pocket payments. Since private health insurance for long-term care has not been a major component of the financing for long-term care, the majority of the aged in our state face the risk of financial ruin from an extended nursing home stay.

The legislature finds that the aged in nursing homes often "spend down" their income and become dependent on tax-supported medicaid nursing home care. Approximately half of the people that medicaid pays for in nursing homes were not initially poor, but spent down their assets as a result of catastrophic nursing home bills. The current financing dilemma is likely to worsen. Additional demands are expected to be made on the long-term care system. At the same time, the public sector's ability to finance increased long-term care needs through tax-supported programs, will decline. The lack of elderly persons protected by private insurance further encourages them to seek medicaid eligibility, often by transferring their assets to family members. As a result, assets are lost that might be used advantageously to add to their income, for more appropriate housing, or for health and social services, to improve the quality of their lives, to prevent or delay institutional placement, and to prevent their becoming indigent.

The legislature further finds that the private long-term care insurance, as regulated and provided in this state, provides a proven and viable option for protecting many of our state's elderly from the devastating financial impact of a nursing home admission. If a sufficient quantity of long-term care policies were purchased, it could also reduce the state's large and growing burden for financing long-term care.

It is the purpose and intent of this chapter to provide a realistic approach to financing needed long-term care to the elderly by encouraging the private market to be an appealing and effective partner in long-term care financing and structuring linkages between private insurance options and access to an improved medicaid system. The approach will build upon the significant responsibilities and experience that we have developed in the finance and
NEW SECTION. Sec. 241. The office of insurance commissioner shall, from July 1, 1993, to July 1, 2000, coordinate a pilot program entitled the Washington long-term care partnership, whereby private insurance and medicaid funds shall be combined to finance long-term care. This program will allow an individual to purchase a precertified long-term care insurance policy in an amount commensurate with his or her assets. Notwithstanding any provision of law, the resources of such an individual, to the extent such resources are equal to the amount of long-term care insurance benefit payments as provided in this section, shall not be considered by the department of social and health services in a determination of: (1) His or her eligibility for medicaid, (2) the amount of any medicaid payment, or (3) in any subsequent recovery by the state of a payment for medical services.

NEW SECTION. Sec. 242. The department of social and health services shall seek appropriate amendments to its medicaid regulations or any other regulations to allow protection of resources and income pursuant to section 240 of this act. The protection assets shall be provided, to the extent approved by the federal health care financing administration, for any purchaser of a precertified long-term care policy delivered, issued for delivery, or renewed from January 1, 1994, to December 31, 1999, inclusive, or the termination of the program, whichever is sooner. The projections shall last for the life of the purchaser. The department of social and health services shall count insurance benefit payments toward resource exclusion to the extent such payments are for: (1) Services medicaid approves or covers for its recipients; (2) the lower of the actual charge and the amount paid by the insurance company; (3) nursing home care or formal services delivered to those insured in the community as part of a care plan approved by a coordination assessment and monitoring agency approved by the department of social and health services; and (4) services provided after the individual meets the coverage requirements for long-term care benefits established by the department of social and health services for this program. The secretary of social and health services shall adopt rules, in accordance with current law, to implement the provisions of this chapter relating to determining eligibility of applicants for medicaid and the coverage requirements for long-term care benefits.

NEW SECTION. Sec. 243. The insurance commissioner may precertify only those long-term care insurance policies that: (1) Alert the purchaser to the availability of consumer information and public education provided by the department on aging and adult services pursuant to section 244 of this act; (2) offer the option of home and community-based services in lieu of nursing home care; (3) in all home care plans, offer case management services delivered by a coordination, assessment, and monitoring agency, approved by the department of social and health services or by a home health care agency separately licensed as a coordination, assessment, and monitoring agency under this chapter; (4) offer automatic inflation protection or optional periodic per diem upgrades until the insured begins to receive long-term care benefits; (5) provide for the keeping of records and an explanation of benefit reports on insurance payments that count toward medicaid resource exclusion; and (6) provide the management information and reports necessary to document the extent of medicaid resource protection offered and to evaluate the Washington long-term care partnership. No policy may be precertified if it requires prior hospitalization or a prior stay in a nursing home as a condition of providing long-term care benefits. The insurance commissioner shall adopt rules to carry out the precertification provisions of this chapter.

NEW SECTION. Sec. 244. The insurance commissioner shall require its senior health insurance department advisors program to educate consumers as to: (1) The need for long-term care; (2) mechanisms for financing such care; (3) the availability of long-term care insurance; and (4) the asset protection provided under this chapter. In addition the department of social and health services shall provide to the extent possible public information to assist individuals in choosing appropriate insurance coverage.

NEW SECTION. Sec. 245. The department of social and health services and the insurance commissioner shall seek the federal approvals necessary to carry out the purposes of this chapter. Each year, on January 1st, the insurance commissioner shall report to the legislature on the progress of the program. Notwithstanding the opinion of the state supreme court in Sofie v. For purposes of determining the maximum amount allowable for noneconomic damages, a claimant's life expectancy shall not be less than fifteen years. The limitation contained in this subsection applies to all claims for noneconomic damages made by a claimant who incurred bodily
injury. Claims for loss of consortium, loss of society and companionship, destruction of the parent-child relationship, and all other derivative claims asserted by persons who did not sustain bodily injury are to be included within the limitation on claims for noneconomic damages arising from the same bodily injury.

(e) That the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action.

(3) Where a certificate is required under this section, and where there are multiple defendants, the certificate or certificates must state the attorney's conclusion that on the basis of review and expert consultation, there is reasonable and meritorious cause for the filing of such action as to each defendant.

(4) The provisions of this section are not applicable to a plaintiff who is not represented by an attorney.

(5) Violation of this section is grounds for either dismissal of the case or sanctions against the attorney, which may include an order to pay to the defendant or defendants the amount of reasonable expense incurred including a reasonable attorneys' fee, or both, as the court deems appropriate.

Sec. 310. RCW 18.72.400 and 1991 c 3 s 171 are each amended to read as follows:

A mediator shall have experience or expertise related to actions arising from injury occurring as a result of health care, and be a member of the state bar association who has been admitted to the bar for a minimum of five years or who is a retired judge. The parties may stipulate to a nonlawyer mediator. The court may prescribe additional qualifications of mediators. The making of a written, good faith request for mediation of a dispute related to damages for injury occurring as a result of health care provided prior to filing a cause of action under this chapter shall toll the statute of limitations provided in RCW 4.16.350.

NEW SECTION. Sec. 323. A new section is added to chapter 7.70 RCW to read as follows:
MANDATORY MEDIATION OF HEALTH CARE MALPRACTICE CLAIMS. Section 321 of this act may not be construed to abridge the right to trial by jury following an unsuccessful attempt at mediation.

Sec. 324. RCW 5.60.070 and 1991 c 321 s 1 are each amended to read as follows:
(1) If there is a court order to mediate ((or)), a written agreement between the parties to mediate, or if mediation is mandated under section 321 of this act, then any communication made or materials submitted in, or in connection with, the mediation proceeding, whether made or submitted to or by the mediator, a mediation organization, a party, or any person present, are privileged and confidential and are not subject to disclosure in any judicial or administrative proceeding except:
(a) When all parties to the mediation agree, in writing, to disclosure;
(b) When the written materials or tangible evidence are otherwise subject to discovery, and were not prepared specifically for use in and actually used in the mediation proceeding;
(c) When a written agreement to mediate permits disclosure;
(d) When disclosure is mandated by statute;
(e) When the written materials consist of a written settlement agreement or other agreement signed by the parties resulting from a mediation proceeding;
(f) When those communications or written materials pertain solely to administrative matters incidental to the mediation proceeding, including the agreement to mediate; or

(2) When there is a court order ((or)), a written agreement to mediate, or when mediation is mandated under section 321 of this act, as described in subsection (1) of this section, the mediator or a representative of a mediation organization shall not testify in any judicial or administrative proceeding unless:

(a) All parties to the mediation and the mediator agree in writing; or

(b) In an action described in subsection (1)(g) of this section.

NEW SECTION. Sec. 325. The legislature finds that in Sofie v. Fibreboard Corp., 112 Wn.2d 636 (1989), the Washington state supreme court struck down the limit on noneconomic damages enacted by the legislature in 1986, because the court found that the statutory limitation on noneconomic damages interfered with the jury's province to determine damages, and thus violated a plaintiff's constitutionally protected right to trial by jury.

The legislature further finds that reforms in existing law for actions involving fault are necessary and proper to avoid catastrophic economic consequences for state and local governmental entities as well as private individuals and businesses.

Therefore, the legislature declares that to remedy the economic inequities which may arise from Sofie, defendants in actions involving fault should be held financially liable in closer proportion to their respective degree of fault. To treat them differently is unfair and inequitable.

It is further the intent of the legislature to partially eliminate causes of action based on joint and several liability as provided by this act for the purpose of reducing costs associated with the civil justice system.

Sec. 326. RCW 4.22.070 and 1986 c 305 s 401 are each amended to read as follows:

(1) For the purposes of this section, the term "economic damages" means objectively verifiable monetary losses, including medical expenses, loss of earnings, burial costs, loss of use of property, cost of replacement or repair, cost of obtaining substitute domestic services, loss of employment, and loss of business or employment opportunities. "Economic damages" does not include subjective, nonmonetary losses such as pain and suffering, mental anguish, emotional distress, disability and disfigurement, inconvenience, injury to reputation, humiliation, destruction of the parent-child relationship, the nature and extent of an injury, loss of consortium, society, companionship, support, love, affection, care, services, guidance, training, instruction, and protection.

(2) In all actions involving fault of more than one entity, the trier of fact shall determine the percentage of the total fault which is attributable to every entity that caused the claimant's damages, including the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities released by the claimant, entities immune from liability to the claimant and entities with any other individual defense against the claimant. Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount which represents that party's proportionate share of the claimant's total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the total fault which is attributable to every entity which caused the claimant's economic damages.

(c) If a defendant is jointly and severally liable under one of the exceptions listed in subsections (1)(a) or (1)(b) of this section, such defendant's rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

NEW SECTION. Sec. 327. A new section is added to chapter 4.24 RCW to read as follows:

No person may maintain a cause of action relating to hazardous wastes or substances or solid waste disposal sites.

(b) Nothing in this section shall affect a cause of action arising from the tortious interference with contracts or business relations.

(c) Nothing in this section shall affect any cause of action arising from the manufacture or marketing of a fungible product in a generic form which contains no clearly identifiable shape, color, or marking.
handicap. Nothing in this section shall preclude a medical malpractice cause of action otherwise based on the intentional, reckless, or negligent conduct of another. Abortion shall not be considered a contraceptive method or a means of preventing, curing, or ameliorating a disease, defect, deficiency, or handicap.

D. HEALTH INSURANCE PURCHASING COOPERATIVES

NEW SECTION. Sec. 328. HEALTH INSURANCE PURCHASING COOPERATIVES--DESIGNATION OF REGIONS BY COMMISSION, INFORMATION SYSTEMS, MINIMUM STANDARDS, AND RULES. (1) The health service commission shall designate regions within the state in which competing health insurance purchasing cooperatives shall operate, based upon population, assuming that each cooperative must serve no less than one hundred thousand persons; geographic factors; market conditions; and other factors deemed appropriate by the commission. The commission may designate certain regions of the state as areas where only one cooperative may operate upon a determination that an insufficient population base exists within such region to efficiently support more than one cooperative.

(2) Every health insurance purchasing cooperative shall:
(a) Admit all individuals, public or private employers, or other groups wishing to participate in the cooperative consistent with the charter and bylaws of the cooperative as approved by the insurance commissioner;
(b) Make available for purchase by cooperative members health care programs offered by certified health plans operating within the cooperative's region;
(c) Be operated as a member-governed and owned, nonprofit cooperative;
(d) Provide for centralized enrollment and premium collection and distribution among certified health plans;
(e) Serve as an ombudsman for its members to resolve inquiries, complaints, or other concerns with certified health plans; and
(f) Consider ways in which they can develop, encourage, and provide incentives for employee wellness programs.

(3) Every health insurance purchasing cooperative may assist members in selecting certified health plans and for this purpose may devise a rating system or similar system to judge the quality and cost-effectiveness of certified health plans.

(4) Every health insurance purchasing cooperative shall bear the full cost of its operations, including the costs of participating in the information clearinghouse, through assessments upon its members. Such assessments shall be billed and accounted for separately from premiums collected and distributed for the purchase of the uniform benefits package or any other supplemental insurance or health services program.

(5) No health insurance purchasing cooperative may bear any financial risk for the delivery of uniform benefits package services, or for any other supplemental insurance or health services program.

(6) The commission may adopt rules necessary for the implementation of this section.

NEW SECTION. Sec. 329. LICENSING AND REGULATION OF HEALTH INSURANCE PURCHASING COOPERATIVES BY THE INSURANCE COMMISSIONER. (1) No person may operate a health insurance purchasing cooperative without having first obtained a certificate of authority from the insurance commissioner.

(2) Every proposed cooperative shall furnish notice to the insurance commissioner that shall:
(a) Identify the principal name and address of the cooperative;
(b) Furnish the names and addresses of the initial officers of the cooperative;
(c) Include copies of letters of agreement for participation in the cooperative including minimum term of participation;
(d) Furnish copies of its proposed articles and bylaws; and
(e) Provide other information as prescribed by the insurance commissioner in consultation with the health services commission to verify that the cooperative is qualified and is managed by competent and trustworthy individuals.

(3) The commissioner shall approve applications for certificates in accordance with the order received. Once the maximum number of cooperatives have been issued certificates of authority in each region in accordance with the rules adopted by the health services commission, the insurance commissioner may not issue any new certificate until or unless a previously authorized cooperative surrenders or loses its certificate of authority.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(5) Every cooperative shall keep at its principal address, a record of all transactions it has consummated on behalf of its members with certified health plans. All such records shall be kept available and open to the inspection of the insurance commissioner at any business time during a five-year period immediately after the date of completion of the transaction.

E. CERTIFIED HEALTH PLANS
NEW SECTION. Sec. 330. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1) On or after July 1, 1997, no person or entity in this state shall, by mail or otherwise, sell the uniform benefits package as defined by the commission without being certified as a certified health plan by the insurance commissioner.

(2) On or after July 1, 1997, the uniform benefits package shall be purchased only from entities certified as certified health plans.

(3) On or after July 1, 1997, the uniform benefits package shall be the minimum benefits package of any certified health plan.

NEW SECTION. Sec. 331. HEALTH PLAN CERTIFICATION STANDARDS. A certified health plan shall:

(1) Provide the benefits included in the uniform benefits package to enrolled Washington residents for a premium not to exceed the maximum established by the commission, or provider charges that exceed the maximum charges established by the commission. Certified health plans shall utilize community-rating principles in determining rates and premiums for the uniform benefits package. The community-rating principles required by this section shall allow adjustments for age, geography, and gender. Certified health plans may also allow favorable premium adjustments attributable to wellness and preventive programs, nonsmoking, and other factors approved by the commission;

(2) Accept for enrollment any state resident within the plan's service area and provide or assure the provision of all services within the uniform benefits package regardless of factors referenced in RCW 49.60.020, including age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, or other condition or situation;

(3) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the benefits prescribed in the uniform benefits package to enrolled Washington residents, and that it is financially capable of providing such residents with, or has made adequate contractual arrangements with health care providers and facilities to provide enrollees with such benefits. Nothing in this chapter prohibits a certified health plan from offering the uniform benefits package where such obligations are protected by the Washington life and disability insurance guaranty association in place of the provider contracts otherwise required under section 338 of this act;

(4) Comply with portability of benefits requirements prescribed by the insurance commissioner;

(5) Provide all enrollees with instruction and informational materials to increase individual and family awareness of injury and illness prevention; encourage assumption of personal responsibility for protecting personal health; and stimulate discussion about the use and limits of medical care in improving the health of individuals and communities;

(6) Include in all of its contracts issued for uniform benefits package coverage a subrogation provision that allows the certified health plan to recover the costs of uniform benefits package services incurred to care for an enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(b) If the certified health plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less;

(7) Establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrollees concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within fifteen working days. The insurance commissioner in consultation with the commission shall establish standards for grievance procedures and resolution; and

(8) Comply with the provisions of chapter 48.30 RCW prohibiting unfair and deceptive acts and practices to the extent such provisions are not modified or superseded by the provisions of chapter . . . , Laws of 1993 (this act) and be prohibited from offering or supplying incentives that would have the effect of avoiding the requirements of subsection (2) of this section.

NEW SECTION. Sec. 332. CERTIFIED HEALTH PLANS--REGISTRATION REQUIRED--PENALTY. (1) No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by the commission without being registered with the insurance commissioner.
(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION, Sec. 333. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION--APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:
(1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;
(2) Meets the minimum net worth requirements set forth in section 339 of this act and the funding reserve requirements set forth in section 340 of this act;
(3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION, Sec. 334. ISSUANCE OF CERTIFICATE--GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:
(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;
(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;
(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants.

NEW SECTION, Sec. 335. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS--ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the certified health plans charge no more than the maximum premium during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.
(2) The certified health plans shall file the premium schedules with the insurance commissioner, within thirty days of establishment by the health services commission.

NEW SECTION, Sec. 336. ANNUAL STATEMENT FILING--CONTENTS--PENALTY FOR FAILURE TO FILE--ACCURACY REQUIRED. "Sec. 1. RCW 9.94A.030 and 1992 c 145 s 6 and 1992 c 75 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time or imposed pursuant to RCW 9.94A.120(7) served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confine" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior court of the state of Washington for legal financial obligations which may include restitution to the victim, statutorily imposed crime victims' compensation fees as assessed pursuant to RCW 7.68.035, court costs, county or interlocal drug funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed to the offender as a result of a felony conviction.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(12) (a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal court, or elsewhere. Sec. 2. RCW 9.94A.120 and 1992 c 145 s 7, 1992 c 75 s 2, and 1992 c 45 s 5 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2)(a), (4)(d), (5), (6), (7), and (9) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for the statutory maximum for the offense, but if the statutory maximum for the offense is life imprisonment, then to a term of ninety-nine years. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years, and shall not be eligible for furlough, work release or other authorized leave of absence from the correctional facility during such minimum five-year term except for the purpose of commitment to an inpatient treatment facility. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section.

(5) In sentencing a first-time offender with a sentence range of more than ninety days the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to (i) one year(s) of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following: (a) Devote time to a specific employment or occupation; (b) Undergo available outpatient treatment for up to (i) one year(s), or inpatient treatment not to exceed the standard range of confinement for that offense; (c) Pursue a prescribed, secular course of study or vocational training; (d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment: (e) Report as directed to the court and a community corrections officer; or (f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6)(a) When sentencing an offender who is not a violent offender or a sex offender and whose presumptive sentence is twelve months or less, the court shall first determine if it is appropriate that such sentence be served primarily or exclusively under one or more of the sentencing options set forth in (c) of this subsection. If the court determines that a period of total confinement is appropriate in order to adequately punish the offender and to serve the best interest of society, the court shall order total confinement for the minimum time necessary to carry out the goals of this chapter.

(b) To impose a sentence consisting of sentencing options, the court shall determine the standard range for the offender and then convert that amount of total confinement as is necessary into the sentencing options the court finds appropriate for the offender. Sentencing options that are imposed under this section may be used in any combination and may also be combined with total confinement. Conversions of total confinement to sentencing options shall be clearly indicated on the judgment and sentence.
Sentencing options available to a court include:

(i) Approved adult education;

(ii) Approved vocational-technical training;

(iii) Community service;

(iv) Day fines;

(v) Day reporting;

(vi) Drug or alcohol monitoring;

(vii) Home detention;

(viii) Inpatient treatment;

(ix) Outpatient treatment;

(x) Partial confinement;

(xi) Work crews;

(xii) Work release; and

(xiii) Any other nonincarcerative option that is consistent with the purposes of this chapter.

An offender may also be placed on a term of community supervision not to exceed one year. At any time after the successful completion of sentencing options and other conditions imposed, the offender or the department may petition the court to terminate community supervision.

(a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in schedule I or II that is a narcotic drug and the violation does not involve a sentence enhancement under RCW 9.94A.310(3);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States;

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, the offender must be involved in substance abuse treatment provided by the department. No more than three months of the sentence may be served in a work release status. The court shall also impose one year of community custody that must include crime-related prohibitions, a condition to not use illegal controlled substances, and to submit to urinalysis or other testing to monitor that status. The department may require the offender to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court may impose any of the following conditions:

(i) Devote time to a specific employment or training;

(ii) Participate in outpatient substance abuse treatment;

(iii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(iv) Report as directed to a community corrections officer;

(v) Pay all court-ordered legal financial obligations;

(vi) Perform community service work;

(vii) Pay a day fine;

(viii) Stay out of areas designated by the sentencing judge;

(ix) Undergo day supervision.

(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department of corrections, or as a result of a violation found by the court.

(8) If a sentence range has not been established for the defendant's crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. All or any part of the confinement may be converted to community service, work crew, work release, home detention, day reporting, day fine, or education or training, at the rates provided in RCW 9.94A.380. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(9)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony...
sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment.

The report of the examination shall include at a minimum the following: The defendant's version of the facts and the official version of the facts, the defendant's offense history, an assessment of problems in addition to alleged deviant behaviors, the offender's social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;
(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(D) Anticipated length of treatment; and
(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and
(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or
(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community supervision, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) Except as provided in (a)(vii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.
(vii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (((3))) (9) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender's home; and (C) the evaluation and treatment plan comply with this subsection (((3))) (9) and the rules adopted by the department of health.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender's amenability to treatment at these facilities. If the secretary of social and health services cannot begin the evaluation within thirty days of the court's order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the location determined by the secretary of social and health services or the secretary's designee, only if the report indicates that the offender is amenable to the treatment program provided at these facilities. The offender shall be transferred to the state pending placement in the treatment program. Any offender who has escaped from the treatment program shall be referred back to the sentencing court.

If the offender does not comply with the conditions of the treatment program, the secretary of social and health services may refer the matter to the sentencing court. The sentencing court shall commit the offender to the department of corrections to serve the balance of the term of confinement.

If the offender successfully completes the treatment program before the expiration of the term of confinement, the court may convert the balance of confinement to community supervision and may place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of community supervision, the court may order the offender to serve out the balance of the community supervision term in confinement in the custody of the department of corrections.

After June 30, 1993, this subsection (b) shall cease to have effect.

(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in (c) of this subsection shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does not apply to any crime committed after July 1, 1990.

(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.
(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) or (7) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;
(iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;
(iv) An offender in community custody shall not unlawfully possess controlled substances;
(v) The offender shall pay supervision fees as determined by the department of corrections; and
(vi) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement.

(c) The court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;
(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;
(iv) The offender shall not consume alcohol; or
(v) The offender shall comply with any crime-related prohibitions.

(d) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

((9))) (11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

((44))) (12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.
Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender's address or employment, and paying the supervision fee assessment.

All offenders sentenced to terms involving community supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court's judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender's term of community supervision or community placement.

In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 3. RCW 9.94A.040 and 1986 c 257 s 18 are each amended to read as follows:

1. A sentencing guidelines commission is established as an agency of state government.
2. The commission shall, following a public hearing or hearings:
   a. Devise a series of recommended standard sentence ranges for all felony offenses and a system for determining which range of punishment applies to each offender based on the extent and nature of the offender's criminal history, if any;
   b. Devise recommended prosecuting standards in respect to charging of offenses and plea agreements; and
   c. Devise recommended standards to govern whether sentences are to be served consecutively or concurrently.
3. Each of the commission's recommended standard sentence ranges shall include one or more of the following: Total confinement, partial confinement, community supervision, community service, and a fine.
4. In devising the standard sentence ranges of total and partial confinement under this section, the commission is subject to the following limitations:
   a. If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one-third of the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less than one-third of the maximum;
   b. If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than seventy-five percent of the maximum term in the range; and
   c. The maximum term of confinement in a range may not exceed the statutory maximum for the crime as provided in RCW 9A.20.020.
5. In carrying out its duties under subsection (2) of this section, the commission shall give consideration to the existing guidelines adopted by the association of superior court judges and the Washington association of prosecuting attorneys and the experience gained through use of those guidelines. The commission shall emphasize confinement for the violent offender and alternatives to total confinement for the nonviolent offender.
(6) [(Th) ](Th) e commission shall biennially conduct a study to determine the capacity of correctional facilities and programs which are or will be available. [(W(hile the commission need not consider such capacity in arriving at its recommendations,)](W(hile the commission need not consider such capacity in arriving at its recommendations,)] The commission shall project whether the implementation of [(its recommendations)](the standard sentence ranges) would result in exceeding such capacity. If the commission finds that this result would probably occur, then the commission shall prepare an additional list of standard sentence ranges which shall be consistent with such capacity.

(7) The commission may recommend to the legislature revisions or modifications to the standard sentence ranges and other standards. [(If implementation of the revisions or modifications would result in exceeding the capacity of correctional facilities, then the commission shall accompany its recommendation with an additional list of standard sentence ranges which are consistent with correction capacity)](The commission shall prepare a report that updates the most recent capacity study of correctional facilities and programs, and includes projections on whether the implementation of the standard sentence ranges will exceed this capacity. This report shall be submitted to the legislature by December 1, 1993.)

(8) The sentencing reform act has been in effect since July 1, 1984, and several modifications to sentences have occurred. The sentencing guidelines commission shall reevaluate the proportionality and fairness of sentences contained in RCW 9.94A.120, as well as practical workability of sentences and ranges. The commission shall evaluate the impact of revisions to RCW 9.94A.120 (6) and (7). The commission shall submit preliminary findings to the legislature by December 1, 1994, and shall submit the final report to the legislature by December 1, 1995. The report shall describe the changes in sentencing practices related to the use of alternatives to total confinement for nonviolent offenders and include the impact of sentencing alternatives on state prisons and county jail population, the savings in state and local resources, and the impact on recidivism rates. The commission shall establish a baseline for evaluating recidivism of all felony offenders whether under the jurisdiction of the department or counties.

(9) The commission shall study the existing criminal code and from time to time make recommendations to the legislature for modification.

Sec. 4. RCW 9.94A.190 and 1991 c 181 s 5 are each amended to read as follows:

1. A sentence that includes a term or terms of confinement totaling more than one year shall be served in a facility or institution operated, or utilized under contract, by the state. Except as provided for in subsection (3) or (4) of this section, a sentence of not more than one year of confinement shall be served in a facility operated, licensed, or utilized under contract, by the county, or if home detention or work crew has been ordered by the court, in the residence of either the defendant or a member of the defendant's immediate family.

2. If a county uses a state partial confinement facility for the partial confinement of a person sentenced to confinement for not more than one year, the county shall reimburse the state for the use of the facility as provided for in this subsection. The office of financial management shall set the rate of reimbursement based upon the average per diem cost per offender in the facility. The office of financial management shall determine to what extent, if any, reimbursement shall be reduced or eliminated because of funds provided by the legislature to the department of corrections for the purpose of covering the cost of county use of state partial confinement facilities. The office of financial management shall reestablish reimbursement rates each even-numbered year.

3. A person who is sentenced for a felony to a term of not more than one year, and who is committed or returned to incarceration in a state facility on another felony conviction, either under the indeterminate sentencing laws, chapter 9.95 RCW, or under this chapter shall serve all terms of confinement, including a sentence of not more than one year, in a facility or institution operated, or utilized under contract, by the state, consistent with the provisions of RCW 9.94A.400.

4. For sentences imposed pursuant to RCW 9.94A.120(7) which are over one year before converting all or part of the sentence to authorized sentencing options, notwithstanding any other provision of this section, all such sentences regardless of length shall be served in a facility or institution operated, or utilized under contract, by the state.

Sec. 5. RCW 9.94A.200 and 1989 c 252 s 7 are each amended to read as follows:

1. If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

2. If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

   a. The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

   b. The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed sixty days for each violation. The total amount of confinement time the court may order for all violations that occur during a term of community supervision shall not exceed the high end of the sentence range for the offense. The court may (i)
convert a term of partial confinement to total confinement, (ii) convert community service obligation to total or partial confinement, (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community service hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community service, or (iv) convert to other sentencing alternatives as authorized in RCW 9.94A.380. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court; and

(c) If the court finds that the violation was not willful, the court may modify its previous order regarding payment of legal financial obligations and regarding community service obligations.

(3) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 6. RCW 9.94A.320 and 1992 c 145 s 4 and 1992 c 75 s 3 are each reenacted and amended to read as follows:

Sec. 7. RCW 9.94A.360 and 1992 c 145 s 10 and 1992 c 75 s 4 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.

(2) Except as provided in subsection (4) of this section, class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without being convicted of any felonies. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without being convicted of any felonies. Serious traffic convictions
shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without being convicted of any serious traffic or felony traffic offenses. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law.

(4) Always include juvenile convictions for sex offenses. Include other class A juvenile felonies only if the offender was 15 or older at the time the juvenile offense was committed. Include other class B and C juvenile felony convictions only if the offender was 15 or older at the time the juvenile offense was committed and the offender was less than 23 at the time the offense for which he or she is being sentenced was committed.

(5) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(6) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(a) Prior adult offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently whether those offenses shall be counted as one offense or as separate offenses, and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used;

(b) Juvenile prior convictions entered or sentenced on the same date shall count as one offense, the offense that yields the highest offender score, except for juvenile prior convictions for violent offenses with separate victims, which shall count as separate offenses; and

(c) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(7) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense.

(8) If the present conviction is for a nonviolent offense and not covered by subsection (12) or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(9) If the present conviction is for a violent offense and not covered in subsection (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Murder 1 or 2, Assault 1, Assault of a Child 1, Kidnapping 1, Homicide by Abuse, or Rape 1, count three points for prior adult and juvenile convictions for crimes in these categories, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(11) If the present conviction is for Burglary 1, count prior convictions as in subsection (9) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(12) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense or serious traffic offense, count one point for each adult and 1/2 point for each juvenile prior conviction.

(13) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (9) of this section if the current drug offense is violent, or as in subsection (8) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.
(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (8) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (8) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for an offense committed while the offender was under community placement, add one point.

(19) If the present conviction is for motor vehicle theft, count two points for each prior adult conviction for motor vehicle theft, and one point for each juvenile prior conviction for motor vehicle theft.

Sec. 8. RCW 9.94A.380 and 1988 c 157 s 4 and 1988 c 155 s 3 are each reenacted and amended to read as follows:

The council shall design the elements and scope of the plan, subject to final approval by the county legislative authority. The plan shall include seeking means to maximize local resources, reduce duplication of services, and share resources between local and state government. The plan may include a section on jail management. This section may include the following elements:

(a) Description of current jail conditions, including whether the jail is overcrowded;

The plan may include a section in accordance with chapter 9.94A RCW regarding alternatives to incarceration in jail and prison to be submitted to the department for funding. This section shall include: Identification of the target offender population; description of services to be provided; strategies to be employed to use the
sentencing alternative service to reduce jail and prison populations; and evaluation procedures to determine impact of alternatives in managing jail and prison populations.

Units of local government may develop and operate an alternative, contract with a for profit, or nonprofit organization to provide the service, or may contract with the department to provide the service.

The plan may request up to seventy-five percent of the cost of alternatives to confinement without replacing or supplanting existing funding for current level services provided by either local jurisdictions or the department. Counties shall be responsible for funding at least twenty-five percent of the costs of alternatives to confinement that serve county offenders and may assume fines, fees, and recoveries of cost from offenders who participate in these programs. Counties may provide services to state offenders as part of their match funds.

The plan may include a section that identifies state policies that have resulted in implementation difficulties in the county. The plan may also include a section regarding local problems that require state policy changes to solve.

The committee shall include representatives of the county sheriffs, the police chiefs, the county prosecuting attorneys, the county and city legislative authorities, and the jail administrators. The secretary may contract with other state and local agencies and provide funding in order to provide the assistance requested by counties.

(7) The department, in conjunction with the office of financial management, shall establish a pool of funding for grants to counties for offender placement in alternatives to incarceration. This pool of funding shall only be used by the department for alternatives to incarceration and the planning for these alternatives, as requested by counties via local law and justice councils. Alternatives to incarceration provided through this fund may provide services to felons, nontraffic misdemeanant offenders and pretrial offenders. However, a minimum of fifty percent of the funds must serve felons. In addition, alternatives that are multijurisdictional and/or that serve multiple categories of offenders shall receive a higher priority.

State funding for implementation of the proposals approved by the department is subject to the availability of funds appropriated to the department. Moneys distributed under this section shall not be used to replace or supplant existing funding for current level services provided by either local jurisdictions or the department.

(8) The department (shall establish a base level of state correctional services, which shall be determined and distributed in a consistent manner state-wide. The department's contributions to any local government, approved pursuant to this section, shall not operate to reduce this base level of services), in conjunction with the office of financial management, with the advice of the partnership advisory board, shall develop guidelines and criteria in addition to subsection (7) of this section for counties to develop plans for alternative sentence placements that may be implemented by the county or by the department. The partnership advisory board shall establish guidelines for monitoring and evaluating the impact of such alternative programs.

The guidelines and criteria shall be in effect by October 1, 1993, and counties may submit their plans immediately thereafter.

NEW SECTION. Sec. 13. A new section is added to chapter 72.02
RCW to read as follows:
The secretary shall review the classification structure for establishing the custody levels of inmates in state
correctional facilities. The review shall take place every three years beginning in 1993. As part of the review, the

placement of inmates in state correctional facilities. The secretary shall report on the inmate classification system to
the house of representatives committee on corrections and the senate committee on law and justice, every third
legislative session beginning with the 1997 legislature.

Sec. 14. RCW 9.94A.160 and 1984 c 246 s 1 are each amended to read as follows:
(1) If the governor finds that an emergency exists in that the population of a state residential correctional
facility exceeds its reasonable, maximum capacity, then the governor may do any one or more of the following:
Call the sentencing guidelines commission into an emergency meeting for the purpose of evaluating the
standard ranges and other standards. The commission may adopt any revision or amendment to the standard
ranges or other standards that it believes appropriate to deal with the emergency situation. The revision or
amendment shall be adopted in conformity with chapter 34.05 RCW and shall take effect on the date prescribed by
the commission. The legislature shall approve or modify the commission’s revision or amendment at the next
legislative session after the revision or amendment takes effect. Failure of the legislature to act shall be deemed as
approval of the revision or amendment;
(2) If the emergency occurs prior to July 1, 1988, call the board of prison terms and paroles into an
emergency meeting for the purpose of evaluating its guidelines and procedures for release of prisoners under its
jurisdiction. The board shall adopt guidelines for the reduction of inmate population to be used in the event the
governor calls the board into an emergency meeting under this section. The board shall not, under this subsection,
reduce the prison term of an inmate serving a mandatory minimum term under RCW 9.95.040, an inmate confined for treason, an inmate confined for any violent offense as defined by RCW 9.94A.030, or an inmate who has been found to be a sexual psychopath under chapter 71.06 RCW. In establishing these guidelines, the board shall give priority to sentence reductions for inmates confined for nonviolent offenses, inmates who are within six months of a scheduled parole, and inmates with the best records of conduct during confinement. The board shall consider the public safety, the detrimental effect of overcrowding upon inmate rehabilitation, and the best allocation of limited correctional facility resources. Guidelines adopted under this subsection shall be submitted to the Senate institutions and house of representatives social and health services committees for their review. This subsection does not require the board to reduce inmate population to or below any certain number. The board may also take any other action authorized by law to modify the terms of prisoners under its jurisdiction:

(3) Call the clemency and pardons board into an emergency meeting for the purpose of recommending whether the governor's commutation or pardon power should be exercised to meet the present emergency.)

The sentencing guidelines commission shall ensure that the inmate population of the state's residential correctional facilities does not exceed the reasonable operational capacity.

(1) When the population of state residential correctional facilities exceeds reasonable operational capacity for sixty or more consecutive days, the governor may declare that an emergency exists.

(2) Upon certification by the director of financial management that emergency conditions exist, the sentencing guidelines commission shall convene into an emergency meeting for the purpose of adopting sentencing adjustments that will reduce the inmate population to reasonable operational capacity. Sentence reductions shall be restricted to nonviolent offenders, shall not exceed four months, and shall be effective at the end of the term of confinement. Sentence reductions shall be applied to offenders who have been previously sentenced.

(3) Sentence adjustments made under subsection (2) of this section shall be adopted in conformity with chapter 34.05 RCW and shall take effect on the date prescribed by the commission. The legislature shall approve or modify the commission's revision or amendment at the next legislative session after the sentencing adjustments take effect. Failure of the legislature to act shall be deemed as approval of the sentencing adjustments.

Sec. 15. RCW 9.92.151 and 1990 c 3 s 201 are each amended to read as follows:

The sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In no other case may the aggregate earned early release time exceed ((one-third)) forty-five percent of the total sentence.

(1) In the case of an offender convicted of a violent offense committed on or after July 1, 1993, or an offender sentenced pursuant to RCW 9.94A.120(7), the aggregate earned early release time may not exceed one-third of the sentence. (2) In the case of an offender convicted of an offense on or after July 1, 1996, the aggregate earned early release time may not exceed one-third of the total sentence.

Sec. 16. RCW 9.94A.150 and 1992 c 145 s 8 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department, may be reduced by earned early release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned early release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an
offender is transferred from a county jail to the department of corrections, the county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned early release time. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence.

(a) In the case of an offender convicted of a violent offense committed on or after July 1, 1993, or an offender sentenced pursuant to RCW 9.94A.120(7), the aggregate earned early release time may not exceed one-third of the sentence. In no other case shall the aggregate earned early release time exceed ((one-third)) forty-five percent of the total sentence. This subsection (1)(a) applies to an offender convicted of an offense before July 1, 1996:

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;

(4) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(5) No more than the final six months of the sentence may be served in partial confinement designed to aid the offender in finding work and reestablishing him or herself in the community;

(6) The governor may pardon any offender;

(7) The department of corrections may release an offender from confinement any time within ten days before a release date calculated under this section; and

(8) An offender may leave a correctional facility prior to completion of his sentence if the sentence has been reduced as provided in RCW 9.94A.160.

(1) All cities and counties are authorized to establish and maintain farms, camps, and work release programs and facilities, as well as special detention facilities. The facilities shall meet the requirements of chapter 70.48 RCW and any rules adopted thereunder.

(2) Farms and camps may be established either inside or outside the territorial limits of a city or county. A sentence of confinement in a city or county jail may include placement in a farm or camp. Unless directed otherwise by court order, the chief law enforcement officer or department of corrections, may transfer the prisoner to a farm or camp. The sentencing court, chief law enforcement officer, or department of corrections may not transfer to a farm or camp a greater number of prisoners than can be furnished with constructive employment and can be reasonably accommodated.

(3) The city or county may establish a city or county work release program and housing facilities for the prisoners in the program. In such regard, factors such as employment conditions and the condition of jail facilities should be considered. When a work release program is established the following provisions apply:

(a) A person convicted of a felony and placed in a city or county jail is eligible for the work release program. A person sentenced to a city or county jail is eligible for the work release program. The program may be used as a condition of probation for a criminal offense. Good conduct is a condition of participation in the program.

(b) The court may permit a person who is currently, regularly employed to continue his or her employment. The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible. The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail unless authorized to be absent from the facility for program-related purposes, unless the court directs otherwise.
(d) Each work release prisoner's earnings may be collected by the chief law enforcement officer or a designee. The chief law enforcement officer or a designee may deduct from the earnings moneys for the payments for the prisoner's board, personal expenses inside and outside the jail, a share of the administrative expenses of this section, court-ordered victim compensation, and court-ordered restitution. Support payments for the prisoner's dependents, if any, shall be made as directed by the court. With the prisoner's consent, the remaining funds may be used to pay the prisoner's preexisting debts. Any remaining balance shall be returned to the prisoner.

(e) The prisoner's sentence may be reduced by earned early release time in accordance with procedures that shall be developed and promulgated by the work release facility. The earned early release time shall be for good behavior and good performance as determined by the facility. The facility shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence.

(i) In the case of an offender convicted of a violent offense committed on or after July 1, 1993, or an offender sentenced pursuant to RCW 9.94A.120(7), the aggregate earned early release time may not exceed one-third of the sentence. In no other case may the aggregate earned early release time exceed \( \left( \frac{1}{3} \right) \times \text{sentence} \).

(ii) In the case of an offender convicted of an offense on or after July 1, 1996, the aggregate earned early release time may not exceed one-third of the total sentence.

(f) If the work release prisoner violates the conditions of custody or employment, the prisoner shall be returned to the sentencing court. The sentencing court may require the prisoner to spend the remainder of the sentence in actual confinement and may cancel any earned reduction of the sentence.

(4) A special detention facility may be operated by a noncorrectional agency or by noncorrectional personnel by contract with the governing unit. The employees shall meet the standards of training and education established by the criminal justice training commission as authorized by RCW 43.101.080. The special detention facility may use combinations of features including, but not limited to, low-security or honor prisoner status, work farm, work release, community review, prisoner facility maintenance and food preparation, training programs, or alcohol or drug rehabilitation programs. Special detention facilities may establish a reasonable fee schedule to cover the cost of facility housing and programs. The schedule shall be on a sliding basis that reflects the person's ability to pay.

NEW SECTION. Sec. 18. The legislature finds that high crime rates and a heightened sense of vulnerability have led to increased public pressure on criminal justice officials to increase offender punishment and remove the most dangerous criminals from the streets. As a result, there is unprecedented growth in the corrections populations and overcrowding of prisons and local jails. Skyrocketing costs and high rates of recidivism have become issues of major public concern. Attention must be directed towards implementing a long-range corrections strategy that focuses on inmate responsibility through intensive work ethic training.

The legislature finds that many offenders lack basic life skills and have been largely unaffected by traditional correctional philosophies and programs. In addition, many first-time offenders who enter the prison system learn more about how to be criminals than the important qualities, values, and skills needed to successfully adapt to a life without crime.

The legislature finds that opportunities for offenders to improve themselves are extremely limited and there has not been adequate emphasis on alternatives to total confinement for nonviolent offenders.

The legislature finds that the explosion of drug crimes since the inception of the sentencing reform act and the response of the criminal justice system have resulted in a much higher proportion of substance abuse-affected offenders in the state's prisons and jails. The needs of this population differ from those of other offenders and present a great challenge to the system. The problems are exacerbated by the shortage of drug treatment and counseling programs both in and outside of prisons.

The legislature finds that the concept of a work ethic camp that requires the offender to complete an appropriate and balanced combination of highly structured and goal-oriented work programs such as correctional industries based work camps and/or class I and class II work projects, drug rehabilitation, and intensive life management work ethic training, can successfully reduce offender recidivism and lower the overall cost of incarceration.

It is the purpose and intent of sections 18 through 23 of this act to implement a regimented work ethic camp that is designed to directly address the high rate of recidivism, reduce upwardly spiraling prison costs, preserve
scarce and high cost prison space for the most dangerous offenders, and provide judges with a tough and sound alternative to traditional incarceration without compromising public safety.

NEW SECTION. Sec. 19. Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 18 through 23 of this act.

(1) "Department" means the department of corrections.
(2) "Secretary" means the secretary of corrections.
(3) "Transition training" means written and verbal instructions and assistance provided by the department to the offender during the two weeks prior to the offender's successful completion of the work ethic camp program. The transition training shall include instructions in the offender's requirements and obligations during the offender's period of postrelease supervision.
(4) "First-time drug offender" means any person who is convicted of a felony for the first time in violation of chapter 69.50 RCW, or of any offense defined as a felony under federal law that relates to the possession, manufacture, or delivery of a controlled substance, or any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under current statute.
(5) "Work ethic camp" means an alternative incarceration program designed to reduce recidivism and lower the cost of corrections by requiring offenders to complete a comprehensive array of real-world job and vocational experiences, character-building work ethics training, life management skills development, substance abuse rehabilitation, counseling, literacy training, and basic adult education.
(6) "Incarceration program" means the work ethic camp.

NEW SECTION. Sec. 20. The department of corrections shall establish one work ethic camp. The secretary shall locate the incarceration program within an already existing department compound or facility, or in a facility that is scheduled to come on line within the initial implementation date outlined in this section. The facility selected for an incarceration program shall appropriately accommodate the logistical and cost-effective objectives contained in sections 18 through 23 of this act. The department shall be ready to assign inmates to the incarceration program one hundred twenty days after the effective date of this act. The facility selected for an incarceration program shall appropriately accommodate the logistical and cost-effective objectives contained in sections 18 through 23 of this act. The department shall establish the work ethic program cycle to last from one hundred twenty to one hundred eighty days. The department shall develop all aspects of the incarceration program including, but not limited to, program standards, conduct standards, educational components including general education development test achievement, offender incentives, drug rehabilitation program parameters, individual and team work goals, techniques for improving the offender's self-esteem, citizenship skills for successful living in the community, measures to hold the offender accountable for his or her behavior, and the successful completion of the incarceration program granted to the offender based on successful attendance, participation, and performance as defined by the secretary. The work ethic camp shall be designed and implemented so that offenders are continually engaged in meaningful activities and unstructured time is kept to a minimum. In addition, the department is encouraged to explore the integration and overlay of a military style approach to the work ethic camp.

NEW SECTION. Sec. 21. (1) Offenders shall be recommended for consideration to participate in the incarceration program at the time of their sentencing by the sentencing judge. Upon sentencing an offender to work ethic camp, the sentencing judge shall convert the period of work ethic camp confinement at a rate of one day of work ethic camp confinement to three days of total standard confinement. Only those offenders who successfully complete their sentence in work ethic camp, as defined by the department, shall be eligible to convert their sentence at this ratio. The court shall, as a component of any sentence regarding work ethic camp, also impose a term of community placement. The total time spent in the work ethic program and community placement shall not exceed the initial sentence imposed. During the last two weeks prior to release from work ethic camp the department shall provide the offender with comprehensive transition training. The court shall send a copy of the offender's sentence to the department within five working days of sentencing. The department shall arrange to take custody of the offender within its established customary time frame after the documents have been provided to the department by the court. The department shall then be responsible for determining if the offender is eligible for the incarceration program based on the following criteria:

(a) The offender is between the ages of eighteen and twenty-eight years.
(b) The offender has no known physical or mental impairments that would prevent his or her ability to perform the challenging physical and mental activities associated with this program.
(c) The offender is a first-time drug offender or an offender who is sentenced for not more than thirty-six months or less than twenty-two months.

(d) The offender has not been convicted of any sex offenses or violent offenses.

(e) The offender agrees to and signs the terms and conditions of the program designated by the secretary.

The department shall develop written incarceration program offender eligibility criteria and make the information available to the appropriate sentencing courts.

(2) The secretary shall prescribe the form and content of the agreement to be signed by the eligible offender before entering the incarceration program.

(3) The department may place inmates eligible for the work ethic camp incarceration program in program beds that have not been utilized by the court. The secretary shall ensure that court-referred inmates receive priority placement in the program.

(4) An inmate who fails to complete the incarceration program, who is administratively terminated from the incarceration program, or who otherwise violates any conditions of community placement, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and subject to all rules relating to earned early release time.

(5) An inmate who is sentenced or transferred to the incarceration program shall serve no less than one hundred twenty or more than one hundred eighty days as defined by the department to be considered a successful graduate of the incarceration program. Because of the conversion ratio, earned early release time shall not accrue to offenders sentenced to the work ethic camp.

**NEW SECTION.** Sec. 22. The department work ethic program facility shall employ one hundred percent of all inmates. The employment options available for inmates shall include meaningful work opportunities that provide the offender with real-world skills that help the offender find employment when he or she successfully completes the incarceration program. The department shall include in the incarceration program, without limitation, class I, class II, and class IV correctional programs. No more than thirty-five percent of the total inmate population in the facility shall be employed in class III correctional industries programs in the first year and thereafter ten percent less per year until a maximum of ten percent of the inmates are working in this employment class. In addition, work options shall also include department-supervised work crews as defined by the department. These work crews shall have the ability to work on public roads conducting litter control, minor emergency repair or other minor tasks that do not negatively impact employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385, or have a negative impact on the local labor market or local business community as assessed by the department correctional industries advisory board of directors. The department shall establish, to the extent possible, programs that will positively impact our natural environment such as, but not limited to, recycling programs and minor environmental cleanup programs. If the department is directed by the legislature to increase the percentage of inmates employed in correctional industries programs, inmates employed through work ethic camps shall not be counted towards this total percentage.

**NEW SECTION.** Sec. 23. The incarceration program established in sections 18 through 23 of this act shall be considered a pilot alternative incarceration program and remain in effect until July 1, 1998. The department and the office of financial management shall monitor and analyze the effectiveness of the incarceration program and complete a final outcome evaluation study by January 15, 1998. Based on the findings of this final outcome evaluation study, the legislature may extend the program. The study shall include: The recidivism rates of successful program graduates, analysis of the overall program costs, the ability to maintain public safety, and any other pertinent data established by the department. The department may encourage interested universities to participate in studies that will enhance the effectiveness of the program.

The department of corrections shall seek the availability of federal funds for the planning, implementation, evaluation, and training of staff for work ethic camp programs, substance abuse programs, and offender education programs.

**NEW SECTION.** Sec. 24. Sections 18 through 23 of this act are each added to chapter 72.09 RCW.

**NEW SECTION.** Sec. 25. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.
NEW SECTION. Sec. 26. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

NEW SECTION. Sec. 27. The sum of two million dollars, or as much thereof as may be necessary, is appropriated for the biennium ending July 1, 1995, from the state general fund to the department of corrections for the purposes of RCW 72.09.300. Expenditure of each three dollars from this appropriation shall be matched by at least one dollar from other funding sources available to counties.”

POINT OF INQUIRY

Representative Pruitt yielded to a question by Representative Morton.

Representative Morton: Thank you, Mr. Speaker. Does this bill remove the liability of this state acting through the Department of Natural Resources as a land owner and a fire fighter.

Representative Pruitt: No. The Department of Natural Resources would continue that responsibility as the land owner to prevent the spread of a fire from its land on to lands of another. As a fire fighter D&R would be liable for damages caused by negligent fighting a fire in fire suppressant effort to the same extent of all other fire departments. The intent of this bill is to direct the departments efforts to fighting a fire for the common good of the resources and citizens in general rather than determined who is paying for the fire protection assessments. The bill establishes that the assessments do not establish a special relationship to a particular forest land owner amongst specific promise that has been made for that individual.

Representative Morton: Does the department now intend to take major pieces of equipment that could impact the livelihood of its owners?

Representative Pruitt: No. This bill would not change the way the department collects evidence related to large equipment, such as trains or farm equipment. The Department of Natural Resources has never confiscated such equipment and does not plan to. However, the Department needs to be able to take parts of equipment that may be related to the cause of the fire such as a faulty spark arrestor from a tractor.

(1) "Crime" means an act punishable as a felony, gross misdemeanor, or misdemeanor under the laws of this state or equivalent federal or local law.

(2) "Survivor" or "survivors" of a victim of crime means a spouse, child, parent, legal guardian, sibling, or grandparent. If there is more than one survivor of a victim of crime, one survivor shall be designated by the prosecutor to represent all survivors for purposes of providing the notice to survivors required by this chapter.

(3) "Victim" means a person against whom a crime has been committed or the representative of a person against whom a crime has been committed.

(4) "Victim impact statement" means a statement submitted to the court by the victim or a survivor, individually or with the assistance of the prosecuting attorney if assistance is requested by the victim or survivor, which may include but is not limited to information assessing the financial, medical, social, and psychological impact of the offense upon the victim or survivors."
(5) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness for the prosecution, whether or not an action or proceeding has been commenced.

(6) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

Sec. 5. RCW 7.69.030 and 1985 c 443 s 3 are each amended to read as follows:
There shall be a reasonable effort made to ensure that victims, survivors of victims, and witnesses of crimes have the following rights:

1. With respect to victims of violent or sex crimes, to receive, at the time of reporting the crime to law enforcement officials, a written statement of the rights of crime victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a program exists in the county.

2. To be notified by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim, survivor, or witness is involved.

3. To receive protection from harm and threats of harm arising out of cooperation with law enforcement and prosecution efforts, and to be provided with information as to the level of protection available.

6. To have any stolen or other personal property expeditiously returned by law enforcement agencies or the superior court when no longer needed as evidence. When feasible, all such property, except weapons, currency, contraband, property subject to evidentiary analysis, and property of which ownership is disputed, shall be photographed and returned to the owner within ten days of being taken.

7. To be provided with appropriate employer intercession services to ensure that employers of victims, survivors of victims, and witnesses of crime will cooperate with the criminal justice process in order to minimize an employee's loss of pay and other benefits resulting from court appearance.

8. To be accessed to immediate medical assistance and not to be detained for an unreasonable length of time by a law enforcement agency before having such assistance administered. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance.

9. With respect to victims of violent or sex crimes, to have a crime victim advocate from a crime victim/witness program present at any prosecutorial or defense interviews with the victim. This subsection applies if practical and if the presence of the crime victim advocate does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate is to provide emotional support to the crime victim.

10. With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified.

11. With respect to victims and survivors of victims, to be included in all presentence reports and permanently included in the files and records accompanying the offender committed to the custody of a state agency or institution.

12. With respect to victims and survivors of victims, to present a statement personally or by representation, at the sentencing hearing for felony convictions; and

(1) "Commission" means the commission appointed by the governor to develop a program to educate, test, and certify paint or coating applicators. The commission shall also advise the department on the application and administration of any regulations applicable to the paint and coating application industry as may be required by federal or state legislative or regulatory actions.

(2) "Paint or coating application" means the application of a substance in atomized, liquid, or particulate form that will adhere to or coat a surface and generally protect or preserve the surface, or the removal of paint or coatings. For the purposes of sections 2 through 14 of this act, paint and coating application includes applying or removing paints, pigments, extenders, metal primers and metal pigments, clear pigments, binders, thinners, and dryers, primers and sealers, oil paints and enamels, clear coatings, oils, stains, varnishes, lacquers, polyurethanes, chemical and epoxy coatings, emulsions, acrylic coatings, industrial coatings, and other materials commonly used in the paint and coating trade, preparation of surfaces to which paint or coatings will be applied or removed, and cleanup work in connection with painting.

(3) "Paint or coating applicator" means a person directly engaged in painting or coating application, removal, or treatment of painted or coated surfaces for compensation, including those employees directly supervising such employees. For the purposes of sections 2 through 14 of this act, paint or coating applicator means a person who offers paint or coating application or removal as his or her primary business activity or whose job description or employment activity is primarily that of paint or coating application or removal. A person primarily engaged in roofing,
printing, or the application of cosmetics is not considered a paint or coating applicator for the purpose of sections 2 through 14 of this act. A person engaged in the buying, selling, or leasing of industrial equipment, including agricultural, logging, or construction equipment, is not considered a paint or coating applicator for the purpose of sections 2 through 14 of this act and is exempted from the requirements of sections 2 through 14 of this act.

It is the intent of the legislature that every effort be made to combine training requirements applicable to the application of paint and coating materials from all departments of state government in order to consolidate and reduce the regulatory burden and reduce the associated costs to the state.

NEW SECTION. Sec. 5. There is created a painting safety commission comprised of nine members:

Subsequent employee, employer, and at-large representatives shall serve for three years each. The governor shall consider recommendations from paint or coating organizations or associations whose primary purpose is to represent paint or coating employees and employers. (ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender’s prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender’s intent to engage in commercial activity;

(b) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: Provided, That real property seized under this section may be transferred

(2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;
(3) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or
(4) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter;
(c) In the event of seizure pursuant to subsection (b), proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.
(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ((of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property)) within ninety days, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.
(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession ((of items specified in subsection (a)(4), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property)) within ninety days, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. ((The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars.) The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is ((to be removed)) filed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. ((A hearing before the seizing agency and any appeal therefore shall be under Title 34 RCW.)) In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the ((administrative law judge or)) court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.
(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:
(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;
(2) Sell that which is not required to be destroyed by law and which is not harmful to the public;
(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or
(4) Forward it to the drug enforcement administration for disposition.
(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.
(2) Each seizing agency shall retain records of forfeited property for at least seven years.
(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.
(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.
(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.
(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.
(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.
(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.
(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.
(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.
(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.
(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.
(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:
(i) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and
(ii) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;
(j) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;
(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period.
Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.
(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:
(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or
(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.
(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:
(1) Damage to tangible property and clean-up costs;
(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;
(3) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (f)(2) of this section; and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency."

On page 11 of the amendment, after line 20 add the following:

"NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the vehicle is deemed forfeited. A perfected security interest of a secured party may be extinguished only after a contested hearing or agreement by the secured party.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within ninety days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The prosecuting attorney shall file the case into a court of competent jurisdiction. The court to which the matter is file shall be the district court when the value of the vehicle is within the jurisdictional limit of the district court. In a court hearing between two or more claimants to the vehicle involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence is upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the chief law enforcement officer, of the seizing agency, the chief law enforcement officer's designee, or the court that the claimant neither knew of nor consented to the violation leading to seizure and is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.
(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

(3) Educational records of postsecondary educational institutions are limited to enrollment and academic records necessary to determine, establish, or continue support ordered pursuant to RCW 26.19.090 before the effective date of this act.

Sec. 3. RCW 26.18.210 and 1990 1st ex.s. c 2 s 22 are each amended to read as follows:
(1) The administrator for the courts shall develop a child support order summary report form to provide for the reporting of summary information in every case in which a child support order is entered or modified either judicially or administratively. The administrator for the courts shall attempt to the greatest extent possible to make the form simple and understandable by the parties. The form shall indicate the following:
(a) The county in which the order was entered and the cause number;
(b) Whether it was a judicial or administrative order;
(c) Whether the order is an original order or from a modification;

Sec. 4. RCW 26.19.035 and 1992 c 229 s 6 are each amended to read as follows:

(1) Application of the child support schedule. The child support schedule shall be applied:

(a) In each county of the state;

(f) In addition to proceedings in which child support is determined for minors, to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100. However, child support shall not be made mandatory for postsecondary education of a child over eighteen years of age.

Sec. 5. RCW 26.19.075 and 1991 sp.s. c 28 s 6 are each amended to read as follows:

(1) Reasons for deviation from the standard calculation shall be applied in the same manner by the court, presiding officers, and reviewing officers.

(2) Written findings of fact supported by the evidence. An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation and reasons for denial of a party’s request for deviation from the standard calculation. The court shall enter written findings of fact in all cases whether or not the court:

(a) Sets the support at the presumptive amount, for combined monthly net incomes below five thousand dollars; (b) sets the support at an advisory amount, for combined monthly net incomes between five thousand and seven thousand dollars; or (c) deviates from the presumptive or advisory amounts.

(3) Completion of worksheets. Worksheets in the form developed by the office of the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the office of the administrator for the courts.

(4) Court review of the worksheets and order. The court shall review the worksheets and the order setting support for the adequacy of the reasons set forth for any deviation or denial of any request for deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Worksheets shall be attached to the decree or order or if filed separately shall be initialed or signed by the judge and filed with the order.
(b) **Nonrecurring income.** The court may deviate from the standard calculation based on a finding that a particular source of income included in the calculation of the basic support obligation is not a recurring source of income. Depending on the circumstances, nonrecurring income may include overtime, contract-related benefits, bonuses, or income from second jobs. Deviations for nonrecurring income shall be based on a review of the nonrecurring income received in the previous two calendar years.

(c) **Debt and high expenses.** The court may deviate from the standard calculation after consideration of the following expenses:

(i) Extraordinary debt not voluntarily incurred;

(ii) A significant disparity in the living costs of the parents due to conditions beyond their control;

(iii) Special needs of disabled children; or

(iv) Special medical, educational, or psychological needs of the children. Special educational needs do not include postsecondary education of a child over eighteen years of age.

(d) **Residential schedule.** The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the household receiving the support to meet the basic needs of the child or if the child is receiving aid to families with dependent children. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(e) **Children from other relationships.** The court may deviate from the standard calculation when either or both of the parents before the court have children from other relationships to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from other relationships shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children from other relationships, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments of child support for children from other relationships only to the extent that the support is actually paid.

(iv) When the court has determined that either or both parents have children from other relationships, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses, and other adults in the households shall be disclosed and considered as provided in this section. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or any denial of a party's request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviations from the standard calculation.

**Sec. 6.** RCW 26.19.090 and 1991 sp.s. c 28 s 7 are each amended to read as follows:

(1) The child support schedule shall (be advisory and not mandatory) not be used for postsecondary educational support of a child over eighteen years of age.

(2) When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects; desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together.

(3) The child must enroll in an accredited academic or vocational school, must be actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution. The court ordered postsecondary educational support shall be automatically suspended during the period or periods the child fails to comply with these conditions.
(4) The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW 26.09.225.

(5) The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

(6) The court shall direct that either or both parents' payments for postsecondary educational expenses be made directly to the educational institution if feasible. If direct payments are not feasible, then the court in its discretion may order that either or both parents' payments be made directly to the child if the child does not reside with either parent. If the child resides with one of the parents, the court may direct that the parent making the support transfer payments make the payments to the child or to the parent who has been receiving the support transfer payments.

Centennial Clean Water Fund: Water Quality Account (86-2-007)
The appropriations in this section are subject to the following conditions and limitations:

(1) In awarding grants, extending grant payments, or making loans from these appropriations for facilities that discharge directly into marine waters, the department shall:
   (a) Give first priority to secondary wastewater treatment facilities that are mandated by both federal and state law;
   (b) Give second priority to projects that reduce combined sewer overflows; and
   (c) Encourage economies that are derived from any simultaneous projects that achieve the purposes of both subsections (1) and (2) of this section.
(2) The following limitations shall apply to the department’s total distribution of funds appropriated under this section:
   
   (a) Not more than fifty percent for water pollution control facilities that discharge directly into marine waters;
   
   (b) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie aquifer;
   
   (c) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;
   
   (d) Not more than ten percent for activities that control nonpoint source water pollution;
   
   (e) Ten percent and such sums as may be remaining from the categories specified in (a) through (d) of this subsection for water pollution control activities or facilities as determined by the department.
   
   (3) In determining compliance schedules for the greatest reasonable reduction of combined sewer overflows, the department shall consider the amount of grant or loan moneys available to assist local governments in the planning, design, acquisition, construction, and improvement of combined sewer overflow facilities.
   
   (4) The department shall develop and implement a strategy for increasing the percentage of loans from the centennial clean water program.
   
   (5) The appropriation in this section from the water pollution control revolving account shall be used in a manner consistent with chapter 70.146 RCW.
   
   (6) No later than December 1, 1993, the department of ecology shall provide to the appropriate committees of the legislature an implementation plan for making administrative efficiencies and service improvements to the grant and loan programs currently administered by the department. The plan shall include but not be limited to actions which: (a) Simplify application and funding cycle procedures; (b) eliminate duplicative oversight functions; (c) consolidate planning requirements as appropriate to be consistent with the growth management act; (d) reduce state and local administrative costs; (e) encourage demand management strategies; and (f) develop watershed or regional mechanisms for solving as completely as possible a community's environmental needs through coordinated cross program prioritization and administration of funding programs. The plan shall identify actions which the department has taken to implement administrative efficiencies and service improvements to the grant and loan programs. NEW SECTION. Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION. Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION. Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. NEW SECTION. Sec. 1013. For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.
