We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE HOUSE BILL NO. 1069, Seizure of property, have had the same under consideration and we recommend that:

The Senate Committee on Law and Justice amendments adopted as amended on April 12, 1993, not be adopted; and

The Conference Committee striking amendments (1069-S AMC CONF H2669.1) be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This chapter does not apply to property subject to forfeiture under chapter 66.32 RCW, RCW 69.50.505, 9.41.098, 9.46.230, 9A.82.100, 9A.83.030, 7.48.090, or 77.12.101.

NEW SECTION. Sec. 2. (1) The following are subject to seizure and forfeiture and no property right exists in them: All personal property, including, but not limited to, any item, object, tool, substance, device, weapon, machine, vehicle of any kind, money, security, or negotiable instrument, which has been or was actually employed as an instrumentality in the commission of, or in aiding or abetting in the commission of any felony, or which was furnished or was intended to be furnished by any person in the commission of, as a result of, or as compensation for the commission of, any felony, or which was acquired in whole or in part with proceeds traceable to the commission of a felony. No property may be forfeited under this section until after there has been a superior court conviction of the owner of the property for the felony in connection with which the property was employed, furnished, or acquired.

A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if at the time the security interest was created, the secured party neither had knowledge of nor consented to the commission of the felony.

(2) Personal property subject to forfeiture under this chapter may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of personal property without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant;
(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding;
(c) A law enforcement officer has probable cause to believe that the property is directly dangerous to health or safety; or
(d) The law enforcement officer has probable cause to believe that the property was used or is intended to be used in the commission of a felony.

(3) In the event of seizure pursuant to this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof.
and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. The notice of seizure may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the seizure, the item seized shall be deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized property within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer’s designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the property involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. The seizing law enforcement agency shall promptly return the property to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property.

(6) When property is forfeited under this chapter, after satisfying any court-ordered victim restitution, the seizing law enforcement agency may:
   (a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the criminal law;
   (b) Sell that which is not required to be destroyed by law and which is not harmful to the public.

(7) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

   (a) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

   (b) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

   (c) Retained property and net proceeds not required to be paid to the state treasurer, or otherwise required to be spent under this section, shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

**NEW SECTION. Sec. 3.** The legislature finds compelling state interests in compensating the victims of crime and in preventing criminals from profiting from their crimes. Sections 4 through 7 of this act are intended to advance both of these interests.

**NEW SECTION. Sec. 4.** The following are subject to seizure and forfeiture and no property right exists in them:

1. All tangible or intangible property, including any right or interest in such property, acquired by a person convicted of a crime for which there is a victim of the crime and to the extent the acquisition is the direct or indirect result of the convicted person having committed the crime. Such property includes but is not limited to the convicted person's remuneration for, or contract interest in, any reenactment or depiction or account of the crime in a movie,
book, magazine, newspaper or other publication, audio recording, radio or television presentation, live entertainment of any kind, or any expression of the convicted person's thoughts, feelings, opinions, or emotions regarding the crime. 

(2) Any property acquired through the traceable proceeds of property described in subsection (1) of this section.

NEW SECTION. Sec. 5. (1) Any property subject to seizure and forfeiture under section 4 of this act may be seized by the prosecuting attorney of the county in which the convicted person was convicted upon process issued by any superior court having jurisdiction over the property. 

(2) Proceedings for forfeiture are commenced by a seizure. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later, except that such real property seized may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. 

(3) The prosecuting attorney who seized the property shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen-day period following the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party's assignee at the address shown on the financing statement or the certificate of title. 

(4) If no person notifies the seizing prosecuting attorney in writing of the person's claim of ownership or right to possession of the property within forty-five days for personal property or ninety days for real property, the property seized shall be deemed forfeited. 

(5) If any person notifies the seizing prosecuting attorney in writing of the person's claim of ownership or right to possession of the property within forty-five days for personal property or ninety days for real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The prosecuting attorney shall file the case into a court of competent jurisdiction. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. In cases involving personal property, the burden of producing evidence shall be by a preponderance and upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be by a preponderance and upon the prosecuting attorney. The seizing prosecuting attorney shall promptly return the property to the claimant upon a determination by the prosecuting attorney or court that the claimant is the present lawful owner or is lawfully entitled to possession of the property. 

(6) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the county auditor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. 

(7) A forfeiture action under this section may be brought at any time from the date of conviction until the expiration of the statutory maximum period of incarceration that could have been imposed for the crime involved. 

(8) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if at the time the security interest was created, the secured party did not know that the property was subject to seizure and forfeiture. 

NEW SECTION. Sec. 6. (1) The proceeds of any forfeiture action brought under section 5 of this act shall be distributed as follows: 

(a) First, to the victim or to the plaintiff in a wrongful death action brought as a result of the victim's death, to satisfy any money judgment against the convicted person, or to satisfy any restitution ordered as part of the convicted person's sentence; 

(b) Second, to the reasonable legal expenses of bringing the action; 

(c) Third, to the crime victims' compensation fund under RCW 7.68.090. 

(2) A court may establish such escrow accounts or other arrangements as it deems necessary and appropriate in order to distribute proceeds in accordance with this section. 

NEW SECTION. Sec. 7. (1) Any action taken by or on behalf of a convicted person including but not limited to executing a power of attorney or creating a corporation for the purpose of defeating the provisions of sections 3 through 6 of this act is null and void as against the public policy of this state.
(2) Sections 3 through 6 of this act are supplemental and do not limit rights or remedies otherwise available to the victims of crimes and do not limit actions otherwise available against persons convicted of crimes.

NEW SECTION. Sec. 8. (1) Sections 1 and 2 of this act shall constitute a new chapter in Title 10 RCW.
(2) Sections 3 through 7 of this act are each added to chapter 7.68 RCW."

Changing financial aid provisions.

Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED HOUSE BILL NO. 1748, Higher ed financial aid, have had the same under consideration and we recommend that:

The Senate Committee on Higher Education amendments adopted April 13, 1993, not be adopted, and that the (attached) Conference Committee striking amendments (1748.E AMC CONF H-2649.2) be adopted

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.15.820 and 1985 c 390 s 35 are each amended to read as follows:

(1) Each institution of higher education, except technical colleges, shall deposit two and one-half percent of revenues collected from tuition and services and activities fees in an institutional ((long-term loan)) financial aid fund ((which)) that is hereby created and which shall be held locally. Moneys in ((such)) the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students ((except as provided for)) as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; or (c) to provide financial aid to needy students as provided in subsection (10) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through (28B.15.013), and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the guaranteed long-term loans made under ((subsection (1) of)) this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S.C. Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program."
(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under \((\text{subsection (1) of this section})\) this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under \((\text{subsection (1) of this section})\) this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges \((\text{(education)})\) and shall be conducted under procedures adopted by \((\text{such})\) the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, \((\text{which})\) that are paid by or on behalf of borrowers of funds under subsections \((\text{(4) through (8) of this section})\) shall be deposited in each institution's \((\text{general})\) financial aid fund and shall be used to recover the costs of making the guaranteed long-term loans under \((\text{subsection (1) of this section})\) this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan \((\text{(principal)})\) principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be \((\text{used for the support of the institution's operating budget})\) deposited in the institution's financial aid fund.

(7) The governing boards \((\text{(of regents)})\) of the state universities, \((\text{the boards of trustees of})\) the regional universities, and The Evergreen State College, and the state board for community and technical colleges \((\text{(education)})\), on behalf of the community colleges, shall each adopt necessary rules and regulations to implement this section.

(8) \((\text{(Lending activities)})\) First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term \((\text{(interim)})\) loans, not to exceed one \((\text{hundred twenty days})\) year, may be made from the institutional \((\text{long-term loan})\) financial aid fund to students \((\text{eligible for guaranteed student loans and whose receipt of such loans is pending})\). Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section \((\text{enrolled in the institution})\). No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional \((\text{long-term loan})\) financial aid fund \((\text{which})\) that are not used in making \((\text{loans})\) long-term or short-term loans \((\text{for transferred to institutional operating budgets})\) may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee \((\text{scholarship or grant programs})\) programs. These funds shall be used in addition to and not to replace institutional funds \((\text{which})\) that would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study.

Sec. 2. RCW 28B.101.040 and 1990 c 288 s 6 are each amended to read as follows:
Grants may be used by eligible participants to attend any public or private college or university in the state of Washington that is accredited by an accrediting association recognized by rule of the higher education coordinating board and that has an existing unused capacity. Grants shall not be used to attend any branch campus or educational program established under chapter 28B.45 RCW. The participant shall not be eligible for a grant if it will be used for any programs that include religious worship, exercise, or instruction or to pursue a degree in theology. Each participating student may receive up to two thousand five hundred dollars per academic year, not to exceed the student's demonstrated financial need for the course of study.

Sec. 3. RCW 28B.12.040 and 1985 c 370 s 58 are each amended to read as follows:
The higher education coordinating board shall develop and administer the college work-study program and shall be authorized to enter into agreements with employers and eligible institutions for the operation of the program. These agreements shall include such provisions as the higher education coordinating board may deem necessary or appropriate to carry out the purposes of this chapter.
With the exception of off-campus community service placements, the share from (funds) moneys disbursed under the college work-study program of the compensation of students employed under such program in accordance with such agreements shall not exceed eighty percent of the total such compensation paid such students.

By rule, the board shall define community service placements and may determine any salary matching requirements for any community service employers."

Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE HOUSE BILL NO. 1931, Steamboat operators, have had the same under consideration and we recommend that:

The Senate Transportation Committee amendments adopted as amended on April 14, 1993, be not adopted; and The Conference Committee striking amendments (1931-S AMC CONF S3452.1) be adopted,

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 47.60.120 and 1984 c 7 s 307 are each amended to read as follows:

(1) If the department acquires or constructs, maintains, and operates any ferry crossings upon or toll bridges over Puget Sound or any of its tributary or connecting waters, there shall not be constructed, operated, or maintained any other ferry crossing upon or bridge over any such waters within ten miles of any such crossing or bridge operated or maintained by the department excepting such bridges or ferry crossings in existence, and being operated and maintained under a lawfully issued franchise at the time of the location of the ferry crossing or construction of the toll bridge by the department.

(2) The ten-mile distance in subsection (1) of this section means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.

(3) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.

(4) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in existence and being exercised at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise.

While any revenue bonds issued by the department under the provisions of this chapter are outstanding no additional bonds may be issued for the purposes of acquiring, constructing, operating, or maintaining any ferries or toll bridges within the aforesaid ten mile distance by the department unless the revenues of any such additional ferries or toll bridges are pledged to the bonds then outstanding to the extent provided by the resolution authorizing the issue of the outstanding bonds. The provisions of this section are binding upon the state, and all of its departments, agencies, and instrumentalities, as well as any and all private, political, municipal, and public corporations and subdivisions, including cities, towns, counties, and other political subdivisions, and the prohibitions of this section shall restrict and limit the powers of the legislature of the state in respect to the matters herein mentioned so long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds.

Sec. 2. RCW 81.84.010 and 1961 c 14 s 81.84.010 are each amended to read as follows:

(1) No (steamboat company shall) commercial ferry may hereafter operate any vessel or ferry for the public use for hire between fixed termini or over a regular route upon the waters within this state, including the rivers and lakes and Puget Sound, without first applying for and obtaining from the commission a certificate declaring that public convenience and necessity require such operation. Service authorized by certificates issued before or after the effective date of this act to a commercial ferry operator shall be exercised by the operator in a manner consistent with the conditions established in the certificate or tariffs: PROVIDED, That no certificate shall be required for a vessel primarily engaged in transporting freight other than vehicles, whose gross earnings from the transportation of passengers and/or vehicles, are not more than ten percent of the total gross annual earnings of such vessel: PROVIDED, That nothing herein shall be construed to affect the right of any county, public transportation benefit area or other public agency within this state to construct, condemn, purchase, operate, or maintain, itself or by contract, agreement, or lease, with any person, firm, or corporation, ferries or boats across or wharfs at or upon the waters within this state, including rivers and lakes and Puget Sound, provided such operation is not over the same route or between the same districts, being served by a certificate (carrier) holder without first acquiring the rights granted to the certificate holder under the certificate, nor shall this chapter be construed to affect, amend, or invalidate any contract entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, which was entered into in good faith by any county with any person, firm, or corporation, except that in case of the operation or maintenance by any county, city, town, port district, or other political subdivision by contract, agreement, or lease with any person, firm, or corporation, of ferries or boats across or wharfs at or upon the waters within this state, the terms of such contract or lease shall be the same as though the contract were in effect prior to January 15, 1927, and if the contract or lease is for a term of less than five years, shall be extended for such term and for an additional term of five years unless the public transportation benefit area, county, city, town, port district, or other political subdivision shall, prior to the expiration of the five-year term, give notice in writing to the carrier of its intention not to renew the contract or lease for the subsequent five-year term; and the provisions of the act shall not apply to contracts entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, and any contract entered into after that date for the operation of ferries or boats upon the waters within this state, including the rivers and lakes and Puget Sound, shall be subject to the provisions of the act unless both parties to the agreement shall elect to be governed by the act. contracts entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, including the rivers and lakes and Puget Sound, shall be subject to the provisions of the act unless both parties to the agreement shall elect to be governed by the act. The division of the act shall not take effect until the expiration of five years after the date of this act and no certificate shall be issued to a commercial ferry operator for any vessel or ferry operating on the date of this act.

Provided, That the provisions of this act shall apply to contracts entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, provided, however, that the provisions of this act shall not apply to contracts entered into after that date for the operation of ferries or boats upon the waters within this state, including the rivers and lakes and Puget Sound, shall be subject to the provisions of the act unless both parties to the agreement shall elect to be governed by the act. contracts entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, including the rivers and lakes and Puget Sound, shall be subject to the provisions of the act unless both parties to the agreement shall elect to be governed by the act. The division of the act shall not take effect until the expiration of five years after the date of this act and no certificate shall be issued to a commercial ferry operator for any vessel or ferry operating on the date of this act.

Sec. 3. This act is necessary for the operation of ferries or boats upon the waters within this state, and shall take effect immediately.
state, including rivers and lakes and Puget Sound, the commission shall have power and authority to regulate rates and services of such operation or maintenance of ferries, boats, or wharfs, to make, fix, alter, or amend said rates, and to regulate service and safety of operations thereof, in the manner and to the same extent as it is empowered to regulate a (steamboat company) commercial ferry, notwithstanding the provisions of any act or parts of acts inconsistent herewith.

(2) The holder of a certificate of public convenience and necessity granted under this chapter must initiate service within five years of obtaining the certificate. The certificate holder shall report to the commission every six months after the certificate is granted on the progress of the certificated route. The reports shall include, but not be limited to, the progress of environmental impact, parking, local government land use, docking, and financing considerations. However, if service has not been initiated within five years of obtaining the certificate, the commission may extend the certificate on a twelve-month basis for up to three years if the six-month progress reports indicate there is significant advancement toward initiating service.

(3) The commission shall review certificates in existence as of the effective date of this act, where service is not being provided on any or any portion of the route or routes certificated. Based on progress reports required under subsection (2) of this section, the commission may grant an extension beyond that provided in subsection (2) of this section. Such additional extension may not exceed a total of two years.

Sec. 3. RCW 81.84.020 and 1961 c 14 s 81.84.020 are each amended to read as follows:

Upon the filing of an application the commission shall give reasonable notice to the department, affected cities and counties, and any common carrier which might be adversely affected, of the time and place for hearing on such application. The commission shall have power after hearing, to issue the certificate as prayed for, or to refuse to issue it, or to issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require; but the commission shall not have power to grant a certificate to operate between districts and/or into any territory prohibited by RCW 47.60.120 or already served by an existing certificate holder, unless such existing certificate holder (shall fail and refuse) has failed or refused to furnish reasonable and adequate service or has failed to provide the service described in its certificate or tariffs after the time period allowed to initiate service has elapsed: PROVIDED, A certificate shall be granted when it shall appear to the satisfaction of the commission that the commercial ferry was actually operating in good faith over the route for which such certificate shall be sought, on January 15, 1927: PROVIDED, FURTHER, That in case two or more commercial ferries shall upon said date have been operating vessels upon the same route, or between the same districts the commission shall determine after public hearing whether one or more certificates shall issue, and in determining to whom a certificate or certificates shall be issued, the commission shall consider all material facts and circumstances including the prior operation, schedules, and services rendered by either of the said companies the ferries, and in case more than one certificate shall issue, the commission shall fix and determine the schedules and services of the ferries to which the certificates are issued to the end that duplication of service be eliminated and public convenience be furthered.

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. Issuance of a certificate shall be determined upon, but not limited to, the following factors: Ridership and revenue forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; a statement of the total assets on hand of the applicant that will be expended on the proposed operation; and a statement of prior experience, if any, in such field by the applicant. The documentation required of the applicant under this section shall comply with the provisions of RCW 9A.72.085.

Sec. 4. A new section is added to chapter 81.84 RCW to read as follows:

The commission, in granting a certificate to operate as a commercial ferry, shall require the operator to first obtain liability and property damage insurance from a company licensed to write liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each vessel or ferry to be used, in the amount of not less than one hundred thousand dollars for any recovery for personal injury by one person, and not less than one million dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury and property damage by reason of one act of negligence, and not less than fifty thousand dollars for damage to property of any person other than the insured; or combined bodily injury and property damage liability insurance of not less than one million dollars, and to maintain such liability and property damage insurance or surety bond in force on each vessel or ferry while so used. Each policy for liability or property damage insurance or surety bond required by this section must be filed with the commission and kept in full force and effect, and failure to do so is cause for revocation of the operator’s certificate.
No certificate or any right or privilege thereunder held, owned, or obtained under the provisions of this chapter shall be sold, assigned, leased, mortgaged, or in any manner transferred, either by the act of the parties or by operation of law, except upon authorization by the commission first obtained. (The commission may at any time by its order duly entered after hearing had upon notice to the holder of any certificate hereunder and an opportunity to such holder to be heard, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, if the holder thereof wilfully violates or fails to observe the provisions or conditions of the certificate, or the orders, rules or regulations of the commission, or the provisions of this title.)

Sec. 6. RCW 81.84.050 and 1961 c 14 s 81.84.050 are each amended to read as follows:
Every commercial ferry and every officer, agent, or employee of any commercial ferry who violates or who procures, aids, or abets in the violation of any provision of this title, or any order, rule, regulation, or decision of the commission shall incur a penalty of one hundred dollars for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day’s continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for.
The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the commission describing such violation with reasonable particularity and advising such person that the penalty is due.
The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as it in its discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper.
If the amount of such penalty is not paid to the commission within fifteen days after receipt of notice imposing the same or, if application for remission or mitigation has not been made, within fifteen days after the violator has received notice of the disposition of such application, the attorney general shall bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or of some other county in which such violator may do business. In all such actions the procedure and rules of evidence shall be the same as in ordinary civil actions except as otherwise herein provided. All penalties recovered by the state under this chapter shall be paid into the state treasury and credited to the public service revolving fund.

NEW SECTION. Sec. 7. A new section is added to chapter 81.84 RCW to read as follows:
The commission, upon complaint by an interested party, or upon its own motion after notice and opportunity for hearing, may cancel, revoke, suspend, alter, or amend a certificate issued under this chapter on any of the following grounds:
(1) Failure of the certificate holder to initiate service by the conclusion of the fifth year after the certificate has been granted or by the conclusion of an extension granted under RCW 81.84.010 (2) or (3), if the commission has considered the progress report information required under RCW 81.84.010 (2) or (3);
(2) Failure of the certificate holder to file an annual report;
(3) The filing by a certificate holder of an annual report that shows no revenue in the previous twelve-month period after service has been initiated;
(4) The violation of any provision of this chapter;
(5) The violation of or failure to observe the provisions or conditions of the certificate or tariffs;
(6) The violation of an order, decision, rule, regulation, or requirement established by the commission under this chapter;
(7) Failure of a certificate holder to maintain the required insurance coverage in full force and effect; or
(8) Failure or refusal to furnish reasonable and adequate service after initiating service.
The commission shall take appropriate action within thirty days upon a complaint by an interested party or of its own finding that a provision of this section has been violated.

NEW SECTION. Sec. 8. A new section is added to chapter 81.84 RCW to read as follows:
The commission may, with or without a hearing, issue temporary certificates to operate under this chapter, but only after it finds that the issuance of the temporary certificate is necessary due to an immediate and urgent need and is otherwise consistent with the public interest. The certificate may be issued for a period of up to one hundred eighty days. The commission may prescribe such special rules and impose special terms and conditions on the granting of the certificate as in its judgment are reasonable and necessary in carrying out this chapter. The commission shall collect a filing fee, not to exceed two hundred dollars, for each application for a temporary certificate. The commission shall not issue a temporary certificate to operate on a route for which a certificate has been issued or for which an application by another commercial ferry operator is pending.

MESSAGE FROM THE SENATE

April 24, 1993

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 2026 and passed the bill as recommended by the Conference Committee, and the same are herewith transmitted.

Brad Hendrickson, Deputy Secretary

REPORT OF CONFERENCE COMMITTEE

ESHB 2026 April 23, 1993

Includes "NEW ITEM": YES

Requiring notice about fetal alcohol syndrome.

Mr. President:
Mr. Speaker:
We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2026, Fetal alcohol syndrome, have had the same under consideration and we recommend that: The Senate amendments to page 1, lines 13, 14 and 16, and the title amendment adopted April 18, 1993, not be adopted; and

The Conference Committee striking amendments (2026-S.E AMC CONF S3440.4) be adopted,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The United States surgeon general warns that women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. The legislature finds that these defects include fetal alcohol syndrome, a birth defect that causes permanent antisocial behavior in the sufferer, disrupts the functions of his or her family, and, at an alarmingly increasing rate, extracts a safety and fiscal toll on society.

NEW SECTION. Sec. 2. A new section is added to chapter 66.08 RCW to read as follows: The board shall cause to be posted in conspicuous places, in a number determined by the board, within each state liquor store, notices in print not less than one inch high warning persons that consumption of alcohol shortly before conception or during pregnancy may cause birth defects, including fetal alcohol syndrome and fetal alcohol effects.

NEW SECTION. Sec. 3. The legislature recognizes that the use of alcohol and other drugs during pregnancy can cause medical, psychological, and social problems for women and infants. The legislature further recognizes that communities are increasingly concerned about this problem and the associated costs to the mothers, infants, and society as a whole. The legislature recognizes that the department of health and other agencies are focusing on primary prevention activities to reduce the use of alcohol or drugs during pregnancy but few efforts have focused on secondary prevention efforts aimed at intervening in the lives of women already involved in the use of alcohol or other drugs during pregnancy. The legislature recognizes that the best way to prevent problems for chemically dependent pregnant women and their resulting children is to engage the women in alcohol or drug treatment. The legislature acknowledges that treatment professionals find pretreatment services to clients to be important in engaging women in alcohol or drug treatment. The legislature further recognizes that pretreatment services should be provided at locations where chemically dependent women are likely to be found, including public health clinics and domestic violence or homeless shelters. Therefore the legislature intends to prevent the detrimental effects of alcohol or other drug use to women and their resulting infants by promoting the establishment of local programs to help facilitate a woman's entry into alcohol or other drug treatment. These programs shall provide secondary prevention services and provision of opportunities for immediate treatment so that women who seek help are welcomed rather than ostracized.

NEW SECTION. Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1) "Alcoholism" means a disease, characterized by a dependency on alcoholic beverages, loss of control over the amount and circumstances of alcohol use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruption of social or economic functioning.

2) "Approved treatment program" means a discrete program of chemical dependency treatment provided by a treatment program certified by the department of social and health services as meeting standards adopted under this chapter.

3) "Assessment" means an interview with an individual to determine if he or she is chemically dependent and in need of referral to an approved treatment program.

4) "Chemically dependent individual" means someone suffering from alcoholism or drug addiction, or dependence on alcohol or one or more psychoactive chemicals.

5) "Department" means the department of social and health services.

6) "Domestic violence" is a categorization of offenses, as defined in RCW 10.99.020, committed by one family or household member against another.

7) "Domestic violence program" means a shelter or other program which provides services to victims of domestic violence.

8) "Drug addiction" means a disease characterized by a dependency on psychoactive chemicals, loss of control over the amount and circumstances of use, symptoms of tolerance, physiological or psychological withdrawal, or both, if use is reduced or discontinued, and impairment of health or disruptions of social or economic functioning.

9) "Family or household members" means a family or household member as defined in RCW 10.99.020.

10) "Pretreatment" means the period of time prior to an individual's enrollment in alcohol or drug treatment.

11) "Pretreatment services" means activities taking place prior to treatment that include identification of individuals using alcohol or drugs, education, assessment of their use, evaluation of need for treatment, referral to an approved treatment program, and advocacy on a client's behalf with social service agencies or others to ensure and coordinate a client's entry into treatment.
"Primary prevention" means providing information about the effects of alcohol or drug use to individuals so they will avoid using these substances.

"Secondary prevention" means identifying and obtaining an assessment on individuals using alcohol or other drugs for referral to treatment when indicated.

"Secretary" means the secretary of the department of social and health services.

"Treatment" means the broad range of emergency detoxification, residential, and outpatient services and care, including diagnostic evaluation, chemical dependency education and counseling, medical, psychiatric, psychological, and social service care, vocational rehabilitation, and career counseling, that may be extended to chemically dependent individuals and their families.

"Treatment program" means an organization, institution, or corporation, public or private, engaged in the care, treatment, or rehabilitation of chemically dependent individuals.

NEW SECTION. Sec. 5. The secretary shall develop and promote state-wide secondary prevention strategies designed to increase the use of alcohol and drug treatment services by women of child-bearing age, before, during, and immediately after pregnancy. These efforts are conducted through the division of alcohol and substance abuse. The secretary shall:

1. Promote development of three pilot demonstration projects in the state to be called pretreatment projects for women of child bearing age.
2. Ensure that two of the projects are located in public health department clinics that provide maternity services and one is located with a domestic violence program.
3. Hire three certified chemical dependency counselors to work as substance abuse educators in each of the three demonstration projects. The counselors may rotate between more than one clinic or domestic violence program. The chemical dependency counselor for the domestic violence program shall also be trained in domestic violence issues.
4. Ensure that the duties and activities of the certified chemical dependency counselors include, at a minimum, the following:
   a. Identifying substance-using pregnant women in the health clinics and domestic violence programs;
   b. Educating the women and agency staff on the effects of alcohol or drugs on health, pregnancy, and unborn children;
   c. Determining the extent of the women's substance use;
   d. Evaluating the women's need for treatment;
   e. Making referrals for chemical dependency treatment if indicated;
   f. Facilitating the women's entry into treatment; and
   g. Advocating on the client's behalf with other social service agencies or others to ensure and coordinate clients into treatment.
5. Ensure that administrative costs of the department are limited to ten percent of the funds appropriated for the project.

NEW SECTION. Sec. 6. If specific funding for the purposes of sections 3, 4, and 5 of this act, referencing these sections by bill and section number, is not provided by June 30, 1993, in the omnibus appropriations act, sections 3, 4, and 5 of this act shall be null and void.

NEW SECTION. Sec. 7. Sections 4 and 5 of this act are each added to Title 70 RCW.

Signed by Senators Wojahn, Erwin, Pelz; Representatives Heavey, Wood, Karahalios.

MOTION

Representative Heavey moved that the House adopt the Report of Conference the Committee on Engrossed Substitute House Bill No. 2026 and pass the bill as recommended by the Conference Committee.

Representative Heavey spoke in favor of the motion and it was carried.

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 2026, as recommended by the Conference Committee, and the bill passed the House by the following vote: Yeas - 93, Nays - 1, Absent - 0, Excused - 4.

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 2067 and passed the bill as recommended by the Conference Committee, and the same are herewith transmitted.

Brad Hendrickson, Deputy Secretary

REPORT OF CONFERENCE COMMITTEE

ESHB 2067 April 23, 1993

Includes "NEW ITEM": YES

Encouraging commute trip reduction programs.

Mr. President:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 2067, Commute trip reduction program, have had the same under consideration and we recommend that:

The Senate amendment by Senators Drew, Nelson and Vognild adopted on 4/13/93, not be adopted; and

The Conference Committee amendments (2067-S.E AMC CONF S3438.1) be adopted

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that reducing the number of commute trips to work is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. The legislature intends that state agencies shall assume a leadership role in implementing programs to reduce vehicle miles traveled and single-occupant vehicle commuting, under RCW 70.94.521 through 70.94.551.

The legislature has established and directed an interagency task force to consider mechanisms for funding state agency commute trip reduction programs; and to consider and recommend policies for employee incentives for commuting by other than single-occupant vehicles, and policies for the use of state-owned vehicles.

It is the purpose of this act to provide state agencies with the authority to provide employee incentives, including subsidies for use of high occupancy vehicles to meet commute trip reduction goals, and to remove existing
statutory barriers for state agencies to use public funds, including parking revenue, to operate, maintain, lease, or construct parking facilities at state-owned and leased facilities, to reduce parking subsidies, and to support commute trip reduction programs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.01 RCW to read as follows:
The definitions in this section apply throughout this chapter.
(1) “Guaranteed ride home” means an assured ride home for commuters participating in a commute trip reduction program who are not able to use their normal commute mode because of personal emergencies.
(2) “Pledged” means parking revenue designated through any means, including moneys received from the natural resource building, which is used for the debt service payment of bonds issued for parking facilities.

Sec. 3. RCW 43.41.140 and 1979 c 151 s 119 are each amended to read as follows:
Pursuant to policies and regulations promulgated by the office of financial management ((after consultation with and approval by the automotive policy board)), an elected state officer or ((he)) delegate or a state agency director or ((his)) delegate may permit an employee ((commuting)) to commute in a state-owned or leased vehicle ((only)) if such travel is on official business, as determined in accordance with RCW 43.41.130, and is determined to be economical and advantageous to the state, or as part of a commute trip reduction program as required by RCW 70.94.551.

Sec. 4. RCW 46.08.172 and 1991 sp.s. c 31 s 12 and 1991 sp.s. c 13 s 41 are each reenacted and amended to read as follows:
(There is hereby established an account in the state treasury to be known as the “state capitol vehicle parking account.”) The director of the department of general administration shall establish equitable and consistent parking rental fees for state-owned or leased property, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature’s intent to reduce state subsidization of parking. The department shall solicit representatives from affected state agencies, employees, and state employee bargaining units to meet as regional committees. These regional committees will advise the director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. In the event that such fees become part of a collective bargaining agreement and there is a conflict between the agency and the collective bargaining unit, the terms of the collective bargaining agreement shall prevail. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. ((All unpledged parking rental income collected by the department of general administration from rental of parking space on the capitol grounds and the east capitol site shall be deposited in the “state capitol vehicle parking account.”)) However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.
The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.
(The “state capitol vehicle parking account” shall be used to pay costs incurred in the operation, maintenance, regulation and enforcement of vehicle parking and parking facilities.)

NEW SECTION. Sec. 5. A new section is added to chapter 43.01 RCW to read as follows:
There is hereby established an account in the state treasury to be known as the “state capitol vehicle parking account.” All parking rental income collected from rental of parking space at state-owned or leased property shall be deposited in the “state capitol vehicle parking account.” Revenue deposited in the “state capitol vehicle parking account” shall be first applied to pledged purposes. Unpledged parking revenues deposited in the “state capitol vehicle parking account” may be used to:
(1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities on state-owned or leased properties;
(2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities at agency-owned and leased facilities off the capitol campus; and
(3) Support commute trip reduction programs under RCW 70.94.521 through 70.94.551.
Distribution of funds from the “state capitol vehicle parking account” are subject to appropriation by the legislature and will be made by the office of financial management after considering recommendations from the director of general administration and the interagency task force for commute trip reduction, under RCW 70.94.551.

NEW SECTION. Sec. 6. A new section is added to chapter 43.01 RCW to read as follows:
State agencies may, subject to appropriation and under the internal revenue code rules, use public funds to financially assist agency-approved incentives for alternative commute modes, including but not limited to carpools, vanpools, purchase of transit and ferry passes, and guaranteed ride home programs, if the financial assistance is an element of the agency’s commute trip reduction program as required under RCW 70.94.521 through 70.94.551. This section does not permit any payment for the use of state-owned vehicles for commuter ride sharing.
NEW SECTION, Sec. 7. A new section is added to chapter 43.01 RCW to read as follows:
All state higher education institutions are exempt from section 5 of this act.”

CONFERENCE COMMITTEE REPORT
ESSB 5815 Date: April 22, 1993
Includes "new item": Yes

Mr. Speaker:
Mr. President:
We of your Conference Committee, to whom was referred ENGROSSED SUBSTITUTE SENATE BILL NO.
5815, concerning seizure and forfeiture, have had the same under consideration and we recommend that:
All previous amendments not be adopted, and the striking amendment by the Conference Committee
(attached 5815-S.E AMC CONF H2654.1) be adopted;

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 69.50.505 and 1992 c 211 s 1 are each amended to read as follows:
(a) The following are subject to seizure and forfeiture and no property right exists in them:
(1) All controlled substances which have been manufactured, distributed, dispensed, acquired, or possessed in violation of this chapter or chapter 69.41 or 69.52 RCW, and all hazardous chemicals, as defined in RCW 64.44.010, used or intended to be used in the manufacture of controlled substances;

(2) All raw materials, products, and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW;

(3) All property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate the sale, delivery, or receipt of property described in paragraphs (1) or (2), except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) No conveyance is subject to forfeiture under this section if used in the receipt of only an amount of marijuana for which possession constitutes a misdemeanor under RCW 69.50.401(e); and

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(5) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter or chapter 69.41 or 69.52 RCW;

(6) All drug paraphernalia;

(7) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of this chapter or chapter 69.41 or 69.52 RCW(A(5) PROVIDED, That)). A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission(A(5) PROVIDED FURTHER, That)). No personal property may be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(8) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivering, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial production or sale of the controlled substance and the real property(A(5) PROVIDED, That)). However:

(i) No property may be forfeited pursuant to this subsection, to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, and other evidence which demonstrates the offender's intent to engage in commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission. However:

(b) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized
under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deeds in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(1) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(2) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(3) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(c) In the event of seizure pursuant to subsection (b), proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party to the secured party’s assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction ((if the aggregate value of the article or articles involved is more than five hundred dollars)). Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(2) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.
(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(l) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(2) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;
(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant’s property seized and forfeited under subsection (f)(2) of this section; and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant’s property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord’s claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant’s contract are subrogated to the law enforcement agency.

NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party subject to a security interest in the vehicle at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer’s designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person’s claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney’s fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.
(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

NEW SECTION. Sec. 3. A new section is added to chapter 46.61 RCW to read as follows:

(1) Whenever a person is charged with a violation of RCW 46.61.502 or 46.61.504 and that person has been previously convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, the court shall instruct the person charged of the provisions of section 5 of this act and shall immediately forward notice of the charge to the director.

(2) Upon the conviction or acquittal of the person charged or if a pending charge is otherwise terminated, the court shall immediately forward notice of the conviction, acquittal, or other termination of charge to the director.

NEW SECTION. Sec. 4. A new section is added to chapter 46.12 RCW to read as follows:

Upon receiving notice of a charge under section 3 of this act, the director shall withhold the issuance of a certificate of ownership on a vehicle subject to section 5 of this act unless the applicant is included in the exceptions listed in that section or until receiving notice of acquittal or other termination of the charge under section 3 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 46.12 RCW to read as follows:

It is unlawful to convey, sell, or transfer the ownership of a motor vehicle that was driven by or was under the actual physical control of the owner of the vehicle who has previously been convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period and is currently charged with a violation of RCW 46.61.502 or 46.61.504, except that:

(1) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party; and

(2) A leased vehicle may be transferred to the lessor or to a person designated by the lessor.

CONFERENCE COMMITTEE REPORT

2SSB 5836 Date: April 22, 1993

Includes "new item": Yes

Mr. Speaker:
Mr. President:

We of your Conference Committee, to whom was referred SECOND SUBSTITUTE SENATE BILL 5836, redefining the relationship between the state and its postsecondary institutions, have had the same under consideration and we recommend that the House Higher Education Committee amendments not be adopted, and that the bill be amended as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds a need to redefine the relationship between the state and its postsecondary education institutions through a compact based on trust, evidence, and a new alignment of responsibilities. As the proportion of the state budget dedicated to postsecondary education programs has continued to decrease and the opportunity for this state's citizens to participate in such programs also has declined, the state institutions of higher education have increasingly less flexibility to respond to emerging challenges through innovative management and programming. The legislature finds that this state has not provided its institutions of higher education with the ability to effectively achieve state-wide goals and objectives to increase access to, improve the quality of, and enhance the accountability for its postsecondary education system.

Therefore, the legislature declares that the policy of the state of Washington is to create an environment in which the state institutions of higher education have the authority and flexibility to enhance attainment of state-wide goals and objectives for the state's postsecondary education system through decisions and actions at the local level. The policy shall have the following attributes:

(1) The accomplishment of equitable and adequate enrollment by significantly raising enrollment lids, adequately funding those increases, and providing sufficient financial aid for the neediest students;

(2) The development and use of a new definition of quality measured by effective operations and clear results; the efficient use of funds to achieve well-educated students;

(3) The attainment of a new resource management relationship that removes the state from micromanagement, allows institutions greater management autonomy to focus resources on essential functions, and encourages innovation; and

(4) The development of a system of coordinated planning and sufficient feedback to assure policymakers and citizens that students are succeeding and resources are being prudently deployed.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

(1) At the local level, the higher education institutional responsibilities include but are not limited to:
(a) Development and provision of strategic plans under the guidelines established by the higher education coordinating board. In developing their strategic plans, the research universities shall consider the feasibility of significantly increasing the number of evening graduate classes;
(b) For the four-year institutions of higher education, timely provision of information required by the higher education coordinating board to report to the governor, the legislature, and the citizens;
(c) Provision of local student financial aid delivery systems to achieve both state-wide goals and institutional objectives in concert with state-wide policy; and
(d) Operating as efficiently as feasible within institutional missions and goals.
(2) At the state level, the higher education coordinating board shall be responsible for:
(a) Delineation and coordination of strategic plans to be prepared by the institutions;
(b) Preparation of reports to the governor, the legislature, and the citizens on program accomplishments and use of resources by the institutions;
(c) Administration and policy implementation for state-wide student financial aid programs; and
(d) Assistance to institutions in improving operational efficiency through measures that include periodic review of program efficiencies.
(3) At the state level, on behalf of community colleges and technical colleges, the state board for community and technical colleges shall coordinate and report on the system's strategic plans and shall provide any information required of its colleges by the higher education coordinating board.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.80 RCW to read as follows:
In cooperation with institutions of higher education, the state board for community and technical colleges, and appropriate state and local agencies, the higher education coordinating board may identify methods to reduce administrative barriers to efficient institutional operations. These methods may include waivers of statutory requirements and administrative rules. The higher education coordinating board shall report to the governor and appropriate legislative committees its recommendations for any statutory changes necessary to enhance institutional efficiencies. In cooperation with affected institutions, the board shall work with appropriate agencies to reduce administrative barriers that do not require statutory changes.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.80 RCW to read as follows:
The higher education coordinating board, in cooperation with the four-year institutions of higher education, shall conduct a study of higher education system operations to identify efficiencies to increase access to, improve the quality of, and reduce the cost of higher education. This study shall include but not be limited to:
(1) Examining potential unnecessary duplicative and low-productivity programs for possible consolidation or termination;
(2) Developing criteria for and conducting an evaluation of faculty productivity;
(3) Reviewing and developing recommendations on appropriate institutional roles for providing remedial instruction;
(4) Exploring the potential for greater use of the public higher education system physical plant and other resources through such means as expanded operations during summer terms, evenings, and weekends;
(5) Examining the effectiveness of proposals on variable tuition rates and faculty salary incentives; and
(6) Identifying ways for institutions to share resources, faculty, and curricula through collaboration with other public and private postsecondary institutions and common school districts in their service areas to increase student opportunities and reduce costs. Analyses shall include clear articulation of functions among institutions, means to reduce duplication, and policies to facilitate student movement among institutions.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.80 RCW to read as follows:
The higher education coordinating board, in conjunction with the state board for community and technical colleges and the institutions of higher education, shall report regularly to the legislature and the citizens the accomplishments of, expenditures for, and requirements of the postsecondary educational system in the state of Washington. The state board for community and technical colleges and the state institutions of higher education shall report uniformly to the higher education coordinating board, on an annual basis, the information necessary to prepare the report. Independent colleges and universities are encouraged to cooperate with this effort and to provide to the board information in a uniform format developed by the board, in cooperation with the institutions. Examples of performance measures that could be included are:
(1) Retention and graduation rates;
(2) Average time to a degree;
(3) Credit hours per degree awarded;
(4) Degrees awarded by discipline and by level;
(5) Multiple degrees;
(6) Measures taken to reduce duplicative courses, programs, and requirements;
(7) Student-faculty contact hours;
(8) Placement rates;
(9) Success in recruiting and graduating underrepresented groups;
(10) Various fiscal and management measures; and
(11) Demographic information on enrolled students, including but not limited to socioeconomic and ethnic backgrounds.

Sec. 6. RCW 28B.80.330 and 1985 c 370 s 4 are each amended to read as follows:

The board shall perform the following planning duties in consultation with the four-year institutions, the community and technical college system, and when appropriate the (commission for vocational education) work force training and education coordinating board, the superintendent of public instruction ((for the vocational-technical institutes)), and the independent higher educational institutions:

(1) Develop and establish role and mission statements for each of the four-year institutions and for the community and technical college system;
(2) Identify the state's higher education goals, objectives, and priorities;
(3) Prepare a comprehensive master plan which includes but is not limited to:
   (a) Assessments of the state's higher education needs. These assessments may include, but are not limited to: The basic and continuing needs of various age groups; business and industrial needs for a skilled workforce; analyses of demographic, social, and economic trends; consideration of the changing ethnic composition of the population and the special needs arising from such trends; college attendance, retention, and dropout rates, and the needs of recent high school graduates and placebound adults. The board should consider the needs of residents of all geographic regions, but its initial priorities should be applied to heavily populated areas underserved by public institutions;
   (b) Recommendations on enrollment and other policies and actions to meet those needs;
   (c) Guidelines for continuing education, adult education, public service, and other higher education programs.

The initial plan shall be submitted to the governor and the legislature by December 1, 1987. Comments on the plan from the board's advisory committees and the institutions shall be submitted with the plan.

The plan shall be updated ((biennially)) every four years, and presented to the governor and the appropriate legislative policy committees. Following public hearings, the legislature shall, by concurrent resolution, approve or recommend changes to the initial plan, and the ((biennial)) updates. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan;

(4) Review, evaluate, and make recommendations on operating and capital budget requests from four-year institutions and the community and technical college system, based on the elements outlined in subsections (1), (2), and (3) of this section, and on guidelines which outline the board's fiscal priorities. These guidelines shall be distributed to the institutions and the community college board by December of each odd-numbered year. The institutions and the community college board shall submit an outline of their proposed budgets, identifying major components, to the board no later than August 1 of each even-numbered year. The board shall submit recommendations on the proposed budgets and on the board's budget priorities to the office of financial management before October 15 of each even-numbered year, and to the legislature by January 1 of each odd-numbered year;

   (5) Recommend legislation affecting higher education;
   (6) Recommend tuition and fees policies and levels based on comparisons with peer institutions;
   (7) Establish priorities and develop recommendations on financial aid based on comparisons with peer institutions;
   (8) Prepare recommendations on merging or closing institutions; and
   (9) Develop criteria for identifying the need for new baccalaureate institutions.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.* and that the bill do pass as recommended by the Conference Committee.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1197 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Public assistance is intended to be a temporary financial relief program, recognizing that families can be confronted with a financial crisis at any time in life. Successful public assistance programs depend on the availability of adequate resources to assist individuals deemed eligible for the benefits of such a program. In this way, eligible families are given sufficient assistance to reenter productive employment in a minimal time period.

(2) The current public assistance system requires a reduction in grant standards when income is received. In most cases, family income is limited to levels substantially below the standard of need. This is a strong disincentive to work. To remove this disincentive, the legislature intends to allow families to retain a greater percentage of income before it results in the reduction or termination of benefits;

(3) Employment, training, and education services provided to employable recipients of public assistance are effective tools in achieving economic self-sufficiency. Support services that are targeted to the specific needs of the individual offer the best hope of achieving economic self-sufficiency in a cost-effective manner;

(4) State welfare-to-work programs, which move individuals from dependence to economic independence, must be operated cooperatively and collaboratively between state agencies and programs. They also must include public assistance recipients as active partners in self-sufficiency planning activities. Participants in economic independence programs and services will benefit from the concepts of personal empowerment, self-motivation, and self-esteem;

(5) Many barriers to economic independence are found in federal statutes and rules, and provide states with limited options for restructuring existing programs in order to create incentives for employment over continued dependence;

(6) The legislature finds that the personal and societal costs of teenage childbearing are substantial. Teen parents are less likely to finish high school and more likely to depend upon public assistance than women who delay childbearing until adulthood; and

(7) The legislature intends that an effort be made to ensure that each teenage parent who is a public assistance recipient live in a setting that increases the likelihood that the teen parent will complete high school and achieve economic independence.

NEW SECTION. Sec. 2. For purposes of determining the amount of grant payments to recipients of aid to families with dependent children, all countable nonexempt earned income shall be subtracted from an amount equal to fifty-five percent of the need standard. The department shall adopt rules necessary to implement the intent of this section."
NEW SECTION. Sec. 3. The department shall amend the state plan to eliminate the one hundred hour work rule for recipients of aid to families with dependent children-employable. The department shall seek federal approval for the amendment to the state plan and report on federal action to the appropriate standing committees of the legislature by December 1, 1993.

NEW SECTION. Sec. 4. The department shall initiate a pilot project using electronic benefit transfer technology for the food stamp, aid to families with dependent children, and women, infant, and children programs. The department shall report to the appropriate standing committees of the legislature on the project implementation status by December 1, 1994.

Sec. 5. RCW 74.04.005 and 1992 c 165 s 1 and 1992 c 136 s 1 are each reenacted and amended to read as follows:

For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

1) “Public assistance” or “assistance”—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

2) “Department”—The department of social and health services.

3) “County or local office”—The administrative office for one or more counties or designated service areas.

4) “Director” or “secretary” means the secretary of social and health services.

5) “General assistance”—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

6)(a) “General assistance”—Aid to persons in need who:

(i) Are not eligible to receive federal-aid assistance, other than food stamps and medical assistance; however, an individual who refuses or fails to cooperate in obtaining federal-aid assistance, without good cause, is not eligible for general assistance;

(ii) Meet one of the following conditions:

(A) Pregnant: PROVIDED, That need is based on the current income and resource requirements of the federal aid to families with dependent children program: PROVIDED FURTHER, That during any period in which an aid for dependent children employable program is not in operation, only those pregnant women who are categorically eligible for medicaid are eligible for general assistance; (ee)

(B) Under twenty years of age and ineligible for aid to families with dependent children solely due to federal age requirements, and are full-time students reasonably expected to complete a program of secondary school or the equivalent level of vocational or technical training before the end of the month in which the person reaches age twenty. Reasonably expected to complete a program of secondary school or the equivalent level of vocational or technical training means maintaining a grade point average equal to or greater than a 2.5. For purposes of determining payment amount, the student is considered a member of the aid to families with dependent children household of which the student would be a member but for the federal age requirement. In determining eligibility, earnings of a full-time student shall be disregarded, in accordance with department standards, notwithstanding the earnings limitation imposed by RCW 74.04.266;

(C) Subject to chapter 165, Laws of 1992, incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department(\(\text{EE}\)); or

(D) Persons who are unemployable due to alcohol or drug addiction are not eligible for general assistance. Persons receiving general assistance on July 26, 1987, or becoming eligible for such assistance thereafter, due to an alcohol or drug-related incapacity, shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. Alcoholic and drug addicted clients who are receiving general assistance on July 26, 1987, may remain on general assistance if they otherwise retain their eligibility until they are assessed for services under chapter 74.50 RCW. Subsection (6)(a)(i)(\(\text{EF}\))(C) of this section shall not be construed to prohibit the department from granting general assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the general assistance program;

(iii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law; and

(iv) Have furnished the department their social security account number. If the social security account number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of assistance, and the social security number shall be provided to the department upon receipt.

(b) Notwithstanding the provisions of subsection (6)(a)(i), (ii), and (c) of this section, general assistance shall be provided to the following recipients of federal-aid assistance:
(i) Recipients of supplemental security income whose need, as defined in this section, is not met by such supplemental security income grant because of separation from a spouse; or

(ii) (To the extent authorized by the legislature in the biennial appropriations act to)) Recipients of aid to families with dependent children whose needs are not being met because of a temporary reduction in monthly income below the entitled benefit payment level caused by loss or reduction of wages or unemployment compensation benefits or some other unforeseen circumstances. The amount of general assistance authorized shall not exceed the difference between the entitled benefit payment level and the amount of income actually received. Payment shall be made within fifteen days of the request.

(c) General assistance shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in subsection (6)(a)(ii)(A) and (b) of this section, and will accept available services which can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(d) Persons found eligible for general assistance based on incapacity from gainful employment may, if otherwise eligible, receive general assistance pending application for federal supplemental security income benefits. Any general assistance that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(e) The department shall adopt by rule medical criteria for general assistance eligibility to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information.

(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall not have their benefits terminated absent a clear showing of material improvement in their medical or mental condition or specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal aid to families with dependent children program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient's child falls. Recipients of the federal aid to families with dependent children program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

(h) Students with earnings shall not be eligible for the essential persons program unless the earnings are disregarded.

(7) "Applicant"—Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient"—Any person receiving assistance and in addition those dependents whose needs are included in the recipient's assistance.

(9) "Standards of assistance"—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: PROVIDED, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources:

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as a resource which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons or a natural disaster, shall raise a rebuttable presumption of abandonment: PROVIDED, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as a resource which can be made available to meet need.

(b) Household furnishings and personal effects and other personal property having great sentimental value to the applicant or recipient, as limited by the department consistent with limitations on resources and exemptions for federal aid assistance.

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed one thousand five hundred dollars.
(d) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance.

(e) Applicants for or recipients of general assistance shall have their eligibility based on resource limitations consistent with the aid to families with dependent children program rules adopted by the department.

(f) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant's or recipient's restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(11) "Income"—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In determining the amount of assistance to which an applicant or recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income the earned income exemptions consistent with federal requirements. The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants and recipients of public assistance, but consistent with federal requirements. In formulating rules and regulations pursuant to this chapter, the department shall define income and resources and the availability thereof, consistent with federal requirements. All resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"—The difference between the applicant's or recipient's standards of assistance for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

NEW SECTION. Sec. 6. A new section is added to chapter 74.04 RCW to read as follows:

The department shall amend the state plan to include an aid to families with dependent children essential persons program that would, to the extent permitted under federal law, allow eighteen to twenty year old students to be eligible for federal aid to families with dependent children matching grants.

Sec. 7. RCW 74.25.020 and 1992 c 165 s 3 are each amended to read as follows:

(1) The department of social and health services is authorized to contract with public and private employment and training agencies and other public service entities to provide services prescribed or allowed under the federal social security act, as amended, to carry out the purposes of the jobs training program. The department
of social and health services has sole authority and responsibility to carry out the job opportunities and basic skills training program. No contracting entity shall have the authority to review, change, or disapprove any administrative decision, or otherwise substitute its judgment for that of the department of social and health services as to the application of policies and rules adopted by the department of social and health services.

(2) To the extent feasible under federal law, the department of social and health services and all entities contracting with it shall give first priority of service to individuals volunteering for program participation(NEW)

That the department shall require nonexempt parents under age twenty-four to actively participate in orientation, assessment, and either education, vocational training, or employment programs. At least one nonexempt parent in the aid to families with dependent children employable program shall actively participate in orientation, assessment, and either job search, education, training, or employment. Social services shall be offered to participants in accordance with federal law. The department shall adopt appropriate sanctions to ensure compliance with the requirements and policies of this chapter).

(3) The department of social and health services shall adopt rules under chapter 34.05 RCW establishing criteria constituting circumstances of good cause for an individual failing or refusing to participate in an assigned program component, or failing or refusing to accept or retain employment. These criteria shall include, but not be limited to, the following circumstances: (a) If the individual is a parent or other relative personally providing care for a child under age six years, and the employment would require the individual to work more than twenty hours per week; (b) if child care, or day care for an incapacitated individual living in the same home as a dependent child, is necessary for an individual to participate or continue participation in the program or accept employment, and such care is not available, and the department of social and health services fails to provide such care; (c) the employment would result in the family of the participant experiencing a net loss of cash income; or (d) circumstances that are beyond the control of the individual's household, either on a short-term or an ongoing basis.

(4) The department of social and health services shall adopt rules under chapter 34.05 RCW as necessary to effectuate the intent and purpose of this chapter.

NEW SECTION. Sec. 8. The department may provide grants to community action agencies or other local nonprofit organizations to provide job opportunities and basic skills training program participants with transitional support services, one-to-one assistance, and job retention services.

NEW SECTION. Sec. 9. The department of social and health services shall design a program for implementation involving recipients of aid to families with dependent children. A goal of this program is to develop a system that segments the aid to families with dependent children recipient population and identifies subgroups, matches services to the needs of the subgroup, and priorities available services. The department shall specify the services to be offered in each population segment. The general focus of the services offered shall be on job training, work force preparedness, and job retention.

The program shall be designed for state-wide implementation on July 1, 1994. A proposal for implementation may include phasing certain components over time or geographic area. The department shall submit this program to the appropriate committees of the senate and house of representatives by December 1, 1993.

NEW SECTION. Sec. 10. A new section is added to chapter 74.12 RCW to read as follows:
(1) As part of the orientation and assessment conducted pursuant to RCW 74.25.020, the department shall assist the family of the recipient in determining, in the following order of priority, the most appropriate living situation that will best ensure the safety and well-being for each recipient of aid to families with dependent children who is receiving those benefits as a head of household and is under age eighteen. Appropriate living situations may include, but are not limited to:
(a) The parent's home;
(b) The home of a relative;
(c) A group living situation with adult supervision and guidance;
(d) Living independently; and
(e) Payment of the recipient's grant to another as provided in RCW 74.12.250.
(2) In conducting the assessment, the department shall consider all relevant factors, including but not limited to:
(a) Whether the recipient is enrolled in and attending school;
(b) Whether the recipient is employed;

(3) If less than two members of a governing body remain in office, the county legislative authority of the county in which all or the largest geographic portion of the city, town, or special district is located shall appoint a qualified person or persons to the governing body until the governing body has two members.

(4) If a governing body fails to appoint a qualified person to fill a vacancy within ninety days of the occurrence of the vacancy, the authority of the governing body to fill the vacancy shall cease and the county legislative authority of the county in which all or the largest geographic portion of the city, town, or special district is located shall appoint a qualified person to fill the vacancy.

Sec. 31. RCW 35A.02.050 and 1979 ex.s. c 18 s 7 are each amended to read as follows:

The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with RCW 29.13.020. In the event that the first election of officers (as herein provided) is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to RCW 29.21.010 and 29.13.070. In the event that the first election of all officers (as herein provided) is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29.13.010: PROVIDED, That in the event the
ordinances calling for reclassification or reclassification and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in (chapter 35A.20 RCW) general election law.

Upon reorganization, candidates for all offices shall file or be nominated for and successful candidates shall be elected to specific council positions((and as)). The initial terms ((of)) of office for those elected at a first election of all officers ((to positions one and two for a five member council, or positions one through three for a seven member council, shall if the election occurs at a general municipal election be only until the second Monday in January first following the next general municipal election two years hence, and if the election occurs at a special election, the duration of these initial terms shall be until the second Monday in January in the first even-numbered year that follows the next general municipal election. The duration of the initial term attaching to the remaining councilmanic positions shall be until the second Monday in January two years next thereafter, so that staggered regular four year terms will ultimately result. Any declarations of candidacy for any primary or other election held pursuant to this section shall be filed as provided in RCW 35A.29.110 as now or hereafter amended) shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of January in the year following the election. Thereafter, each person elected as a councilmember or mayor in a city with a mayor-council plan of government shall be elected to a four-year term of office. Each councilmember and mayor in a city with a mayor-council plan of government shall serve until a successor is elected and qualified and assumes office as provided in RCW 29.04.170.

The former officers shall, upon the election and qualification of new officers, deliver to the proper officers of the reorganized noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before the reorganization thereof. ((Officers elected at the first election of officers held pursuant to this amendatory act shall assume office as soon as the election returns have been certified.))

Sec. 32. RCW 35A.02.130 and 1967 ex.s. c 119 s 35A.02.130 are each amended to read as follows:

Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election.

Sec. 33. RCW 35A.06.020 and 1967 ex.s. c 119 s 35A.06.020 are each amended to read as follows:

The classifications of municipalities which existed prior to the time this title goes into effect--first class city, second class city, third class (and fourth class) city, town, and unclassified city--and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city changes its plan of government to the provisions of either chapter 35A.12 or 35A.13 RCW.

Sec. 34. RCW 35A.06.030 and 1979 ex.s. c 18 s 14 are each amended to read as follows:

By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city ((or may reclassify and adopt a plan of government authorized by the general law for municipalities of the highest class for which the population of such city qualifies it, or authorized for the class to which such city belonged immediately prior to becoming a noncharter code city, if any)):

Provided, that these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall all be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those
authorized under Title 35A RCW, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law.

Sec. 35. RCW 35A.06.050 and 1979 ex.s.c 18 s 15 are each amended to read as follows:

The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120((as now or hereafter amended). If the plan proposed in the petition is not a plan authorized for noncharter code cities by this title, the ballot statement shall clearly set forth that adoption of such plan by the voters would require abandonment of the classification of noncharter code city and that government would be under the general law relating to cities of the class specified in the resolution or petition. If the plan proposed in the petition is a plan authorized for noncharter code cities the ballot statement shall clearly set forth that adoption of such plan by the voters would not affect the eligibility of the noncharter code city to be governed under this optional municipal code).

Sec. 36. RCW 35A.12.010 and 1985 c 106 s 1 are each amended to read as follows:

The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of ((councilmen)) councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the enumeration of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

Sec. 37. RCW 35A.12.040 and 1979 ex.s.c 18 s 21 are each amended to read as follows:

Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the ((councilmen)) councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified((except that at any first election three councilmen in cities having seven councilmen, and two councilmen in cities having five councilmen, shall be elected for two year terms and the remaining councilmen shall be elected for four year terms)) and assume office in accordance with RCW 29.04.170. At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of ((councilmen)) councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes((as provided in RCW 35A.29.105)). In any city which holds its first election under this title in the calendar year 1970, candidates elected for two year terms shall hold office until their successors are elected and qualified at the general municipal election to be held in November, 1973 and candidates elected for four year terms shall hold office until their successors are elected and qualified at the general municipal election to be held in November, 1975). Election to positions on the council shall be by majority vote from the city at large, unless provision is made by charter or ordinance for election by wards. ((The city council shall be the judge of the qualifications of its members and determine contested elections of city officers, subject to review by certiorari as provided by law.)) The mayor and
(councilmen) councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance.

Sec. 38. RCW 35A.12.050 and 1967 ex.s. c 119 s 35A.12.050 are each amended to read as follows:

The office of a mayor or (councilman) councilmember shall become vacant if (he) the person who is elected or appointed to that position fails to qualify as provided by law (i.e.), fails to enter upon the duties of that office at the time fixed by law without a justifiable reason, (on his death, resignation, removal from office by recall as provided by law, or when his office is forfeited) or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled (for the remainder of the unexpired term, if any, at the next regular municipal election but the council, or the remaining members thereof, by majority vote shall appoint a qualified person to fill the vacancy until the person elected to serve the remainder of the unexpired term takes office. If at any time the membership of the council is reduced below the number required for a quorum, the remaining members, nevertheless, by majority action may appoint additional members to fill the vacancies until persons are elected to serve the remainder of the unexpired terms. If, after thirty days have passed since the occurrence of a vacancy, the council are unable to agree upon a person to be appointed to fill a vacancy in the council, the mayor may make the appointment from among the persons nominated by members of the council) as provided in chapter 42.12 RCW.

Sec. 39. RCW 35A.12.060 and 1967 ex.s. c 119 s 35A.12.060 are each amended to read as follows:

A councilman shall forfeit his office, creating a vacancy, if he ceases to have the qualifications prescribed for such office by law, charter, or ordinance, or if he is convicted of a crime involving moral turpitude or an offense involving a violation of his oath of office. A councilman also shall forfeit his office if he) In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council.

Sec. 40. RCW 35A.12.180 and 1967 ex.s. c 119 s 35A.12.180 are each amended to read as follows:

(1) At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any (councilman, but he) councilmember, and councilmembers shall serve out (he) their term in the wards of (he) their residences at the time of (he) their elections: PROVIDED. That if this results in one ward being represented by more (councilmen) councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable. (When the city has been divided into wards no person shall be eligible to the office of councilman unless he resides in the ward for which he is elected on the date of his election, and removal of his residence from the ward for which he was elected renders his office vacant.)

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (a) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (b) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1993, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so.

(2) If on the effective date of this section or thereafter, a ward represented by more than one councilmember does not have at least one councilmember elected to office at each municipal election, then the council may change the terms of or renumber councilmember positions to be filled at the next general election if necessary, so that at least one councilmember within the ward is elected to office at each municipal general election, and the city complies with RCW 35A.12.040. The council shall determine by lot which councilmember positions shall be renumbered or terms changed prior to the date for filing declarations of candidacy for election to councilmember positions.

Sec. 41. RCW 35A.13.010 and 1987 c 3 s 16 are each amended to read as follows:

The (councilmen) councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants the council shall consist of seven members: PROVIDED. That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a council-manager code city its population
increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the council-manager plan of government set forth in this chapter may provide for an uneven number of (councilmen) councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040. However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government.

Sec. 42. RCW 35A.13.020 and 1975 1st ex.s. c 155 s 1 are each amended to read as follows:

An urban emergency medical service district shall have the authority to contract under chapter 39.34 RCW with a county, city, town, fire protection district, public hospital district, or emergency medical service district to have emergency medical services provided within its boundaries.

 Territory located in the same county as an urban emergency medical service district that is annexed by the city or town shall automatically be annexed to the urban emergency medical service district.

**Sec. 98.** RCW 84.52.069 and 1991 c 175 s 1 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty per centum of the total number of voters voting in such taxing district at the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty per centum of the total number of voters voting in such taxing district at the last preceding general election. Ballot propositions shall conform with RCW 29.30.111.

(3) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment,
supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(4) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is authorized subsequent to a county emergency medical service levy, shall expire concurrently with the county emergency medical service levy.

(5) The tax levy authorized in this section is in addition to the tax levy authorized in RCW 84.52.043.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(7) No taxing district may levy under this section more than twenty-five cents per thousand dollars of assessed value of property if reductions under RCW 84.52.010(2) are made for the year within the boundaries of the taxing district.

Sec. 99. RCW 53.12.010 and 1992 c 146 s 1 are each amended to read as follows:

The powers of the port district shall be exercised through a port commission consisting of three or when permitted by this title, five members. Every port district that is not coextensive with a county having a population of five hundred thousand or more shall be divided into (three) the same number of commissioner districts as there are commissioner positions, each having approximately equal population. Where a port district with three commissioner positions is coextensive with the boundaries of a county that has a population of less than five hundred thousand and the county has three county legislative authority districts, the port (district) commissioner districts shall be the county legislative authority districts. In other instances where a port district is divided into commissioner districts, the (petition proposing the formation of such a) port commission shall divide the port district (shall describe three) into commissioner districts (each having approximately the same population and) unless the commissioner districts have been described pursuant to section 101 of this act. The commissioner districts shall be altered as provided in chapter 53.16 RCW.

Commissioner districts shall be used as follows: (1) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district; and (2) only the voters of a commissioner district may vote at a primary (election) to nominate candidates for a commissioner of the commissioner district. Voters of the entire port district may vote at a general election to elect a person as a commissioner of the commissioner district.

(In port districts having additional commissioners as authorized by RCW 53.12.120, 53.12.130, and 53.12.115, the powers of the port district shall be exercised through a port commission consisting of five members constituted as provided therein.)

NEW SECTION. Sec. 100. A new section is added to chapter 53.12 RCW to read as follows:

Any less than county-wide port district that uses commissioner districts may cease using commissioner districts as provided in this section.

The commissioners of a less than county-wide port district that is divided into commissioner districts may adopt a resolution eliminating the use of commissioner districts in the port district. A copy of the resolution shall be transmitted to the county auditor. Commissioner districts shall not be used in that port district commencing at the next district election occurring one hundred twenty or more days after the county auditor receives a copy of the resolution.

A ballot proposition authorizing the elimination of commissioner districts shall be submitted to the voters of a less than county-wide port district that is divided into commissioner districts if a petition is submitted to the port commission proposing that the port district cease using commissioner districts, that is signed by registered voters of the port district equal in number to at least ten percent of the number of voters who voted at the last district general election. The port commission shall transfer the petition immediately to the county auditor who shall review the signatures and certify its sufficiency. A ballot proposition authorizing the elimination of commissioner districts shall be submitted at the next district general election occurring sixty or more days after a petition with sufficient signatures was submitted. If the ballot proposition authorizing the port district to cease using commissioner districts is approved
by a simple majority vote, the port district shall cease using commissioner districts at all subsequent elections. The port commission may adopt a resolution eliminating the use of commissioner districts in lieu of having the ballot proposition submitted to district voters.

NEW SECTION. Sec. 101. A new section is added to chapter 53.04 RCW to read as follows:

Three commissioner districts, each with approximately the same population, shall be described in the petition proposing the creation of a port district under RCW 53.04.020, if the process to create the port district was initiated by voter petition, or shall be described by the county legislative authority, if the process to initiate the creation of the port district was by action of the county legislative authority. However, commissioner districts shall not be described if the commissioner districts of the proposed port district shall be the same as the county legislative authority districts.

The initial port commissioners shall be elected as provided in RCW 53.12.172.

Sec. 102. RCW 53.04.023 and 1992 c 147 s 2 are each amended to read as follows:

A less than county-wide port district with an assessed valuation of at least seventy-five million dollars may be created in a county (bordering on saltwater) that already has a less than county-wide port district located within its boundaries. Except as provided in this section, such a port district shall be created in accordance with the procedure to create a county-wide port district.

The effort to create such a port district is initiated by the filing of a petition with the county auditor calling for the creation of such a port district, describing the boundaries of the proposed port district, designating either three or five commissioner positions, describing commissioner districts if the petitioners propose that the commissioners represent districts, and providing a name for the proposed port district. The petition must be signed by voters residing within the proposed port district equal in number to at least ten percent of such voters who voted at the last county general election.

A public hearing on creation of the proposed port district shall be held by the county legislative authority if the county auditor certifies that the petition contained sufficient valid signatures. Notice of the public hearing must be published in the county’s official newspaper at least ten days prior to the date of the public hearing. After taking testimony, the county legislative authority may make changes in the boundaries of the proposed port district if it finds that such changes are in the public interest and shall determine if the creation of the port district is in the public interest. No area may be added to the boundaries unless a subsequent public hearing is held on the proposed port district.

The county legislative authority shall submit a ballot proposition authorizing the creation of the proposed port district to the voters of the proposed port district, at any special election date provided in RCW 29.13.020, if it finds the creation of the port district to be in the public interest.

The port district shall be created if a majority of the voters voting on the ballot proposition favor the creation of the port district. The initial port commissioners shall be elected at the same election, from districts or at large, as provided in the petition initiating the creation of the port district. The election shall be otherwise conducted as provided in RCW (§53.12.050) 53.12.172, but the election of commissioners shall be null and void if the port district is not created. (Commissioner districts shall not be used in the initial election of the port commissioners.)

This section shall expire July 1, 1997.

Sec. 103. RCW 53.12.172 and 1992 c 146 s 2 are each reenacted and amended to read as follows:

(1) In every port district the term of office of each port commissioner shall be four years in each port district that is county-wide with a population of one hundred thousand or more, or either six or four years in all other port districts as provided in RCW 53.12.175, and until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(2) The initial port commissioners shall be elected at the same election as when the ballot proposition is submitted to voters authorizing the creation of the port district. If the port district is created the persons elected at this election shall serve as the initial port commission. No primary shall be held. The person receiving the greatest number of votes for commissioner from each commissioner district shall be elected as the commissioner of that district.

(3) The terms of office of the initial port commissioners shall be staggered as follows in a port district that is county-wide with a population of one hundred thousand or more: ((4+)) (a) The two persons who are elected receiving the two greatest numbers of votes shall be elected to four-year terms of office if the election is held in an odd-numbered year, or three-year terms of office if the election is held in an even-numbered year, and shall hold office until successors are elected and qualified and assume office in accordance with RCW 29.04.170; and (22) (b) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year, or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170.

(4) The terms of office of the initial port commissioners in all other port districts shall be staggered as follows: (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or to a five-year term of office if the election is held in an even-
numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; (b) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or to a three-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170; and (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year, and shall hold office until a successor is elected and qualified and assumes office in accordance with RCW 29.04.170. 

(5) The initial port commissioners shall take office immediately after being elected and qualified, but the length of their terms shall be calculated from the first day in January in the year following their elections.

Sec. 104. RCW 53.12.115 and 1992 c 146 s 7 are each amended to read as follows:

A ballot proposition shall be submitted to the voters of any port district authorizing an increase in the number of port commissioners to five whenever the port commission adopts a resolution proposing the increase in number of port commissioners or a petition (requesting) proposing such an increase has been submitted to the county auditor of the county in which the port district is located that has been signed by voters of the port district at least equal in number to ten percent of the number of voters in the port district who voted at the last general election. The ballot proposition shall be submitted at the next general or special election occurring sixty or more days after the petition was submitted or resolution was adopted.

At the next general or special election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

Sec. 105. RCW 53.12.120 and 1992 c 146 s 8 are each amended to read as follows:

When the population of a port district that has three commissioners reaches five hundred thousand, in accordance with the latest United States regular or special census or with the official state population estimate, there shall be submitted to the voters of the district, at the next district general election or at a special port election called for that purpose, the proposition of increasing the number of commissioners to five. (At any general election thereafter, the same proposition may be submitted by resolution of the port commissioners, by filing a certified copy of the resolution with the county auditor at least four months prior to the general election. If the proposition is approved by the voters, the commission in that port district shall consist of five commissioners.)

At the next district general election following the election in which an increase in the number of port commissioners was authorized, candidates for the two additional port commissioner positions shall be elected as provided in RCW 53.12.130.

Sec. 106. RCW 53.12.130 and 1992 c 146 s 9 are each amended to read as follows:

Two additional port commissioners shall be elected at the next district general election following the election at which voters authorized the increase in port commissioners to five members. (The two additional positions shall be numbered positions four and five.)

The port commissioners shall divide the port district into five commissioner districts prior to the first day of June in the year in which the two additional commissioners shall be elected. The new commissioner districts shall be numbered one through five and the three incumbent commissioners shall represent commissioner districts one through three. If, as a result of redrawing the district boundaries two or three of the incumbent commissioners reside in one of the new commissioner districts, the commissioners who reside in the same commissioner district shall determine by lot which of the first three numbered commissioner districts they shall represent for the remainder of their respective terms. A primary shall be held to nominate candidates from districts four and five where necessary and commissioners shall be elected from commissioner districts four and five at the general election. The persons (receiving the highest number of votes for each position shall be elected to that position and) elected as commissioners from commissioner districts four and five shall take office immediately after qualification as defined under RCW 29.01.135.

In a port district where commissioners are elected to four-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a four-year term of office and the other additional commissioner thus elected shall be elected to a term of office of two years, if the election (were) is held in an odd-numbered year, or the additional commissioner thus elected receiving the highest number of votes shall be elected to a term of office of three years and the other shall be elected to a term of office of one year, if the election (were) is held in an even-numbered year. In a port district where the commissioners are elected to six-year terms of office, the additional commissioner thus elected receiving the highest number of votes shall be elected to a six-year term of office and the other additional commissioner shall be elected to a four-year term of office, if the election is held in an odd-numbered year, or the additional commissioner receiving the highest number of votes shall be elected to a term of office of five-years and the other shall be elected to a three-year term of office, if the election is held in an even-numbered year. The length of terms of office shall be computed from the first day of January in the year following this election.
(A successor to a commissioner holding position four or five whose term is about to expire, shall be elected at the general election next preceding such expiration, for a) Successor commissioners from districts four and five shall be elected to terms of either six or four years, depending on the length of terms of office to which commissioners of that port district are elected. (Positions four and five shall not be associated with a commissioner district and the elections to both nominate candidates for those positions and elect commissioners for these positions shall be held on a port district-wide basis.)

Sec. 107. RCW 53.12.175 and 1992 c 146 s 3 are each amended to read as follows:
A ballot proposition to reduce the terms of office of port commissioners from six years to four years shall be submitted to the voters of any port district that otherwise would have commissioners with six-year terms of office upon either resolution of the port commissioners or petition of voters of the port district proposing the reduction in terms of office, which petition has been signed by voters of the port district equal in number to at least ten percent of the number of voters in the port district voting at the last (district) general election. The petition shall be submitted to the county auditor. If the petition was signed by sufficient valid signatures, the ballot proposition shall be submitted at the next (district) general or special election that occurs sixty or more days after the adoption of the resolution or submission of the petition.

If the ballot proposition reducing the terms of office of port commissioners is approved by a simple majority vote of the voters voting on the proposition, the commissioner or commissioners who are elected at that election shall be elected to four-year terms of office. The terms of office of the other commissioners shall not be reduced, but each successor shall be elected to a four-year term of office.

Sec. 108. RCW 53.16.015 and 1992 c 146 s 10 are each amended to read as follows:
(In a port district that is not coterminous with a county that has three county legislative authority districts and that has port commissioner districts,) The port commission of a port district that uses commissioner districts may redraw the commissioner district boundaries as provided in chapter 29.70 RCW at any time and submit the redrawn boundaries to the county auditor if the port district is not coterminous with a county that has the same number of county legislative authority districts as the port has port commissioners. The new commissioner districts shall be used at the next election at which a port commissioner is regularly elected that occurs at least one hundred eighty days after the redrawn boundaries have been submitted. Each commissioner district shall encompass as nearly as possible (one-third of the population of the port district) the same population.

Reforming education.
Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1209, Education reform, have had the same under consideration and we recommend that:

The Senate Committee on Education striking amendments adopted as amended on April 13, 1993, be not adopted; and

The Conference Committee striking amendments (1209-S.E AMC CONF S3409.5) be adopted,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that student achievement in Washington must be improved to keep pace with societal changes, changes in the workplace, and an increasingly competitive international economy.

To increase student achievement, the legislature finds that the state of Washington needs to develop a public school system that focuses more on the educational performance of students, that includes high expectations for all students, and that provides more flexibility for school boards and educators in how instruction is provided.

The legislature further finds that improving student achievement will require:

(1) Establishing what is expected of students, with standards set at internationally competitive levels;
(2) Parents to be primary partners in the education of their children, and to play a significantly greater role in local school decision making;
(3) Students taking more responsibility for their education;
(4) Time and resources for educators to collaboratively develop and implement strategies for improved student learning;
(5) Making instructional programs more relevant to students' future plans;
(6) All parties responsible for education to focus more on what is best for students; and
(7) An educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation.

It is the intent of the legislature to provide students the opportunity to achieve at significantly higher levels, and to provide alternative or additional instructional opportunities to help students who are having difficulty meeting the essential academic learning requirements in RCW 28A.630.885.

It is also the intent of the legislature that students who have met or exceeded the essential academic learning requirements be provided with alternative or additional instructional opportunities to help advance their educational experience.

The provisions of chapter . . . . Laws of 1993 (this act) shall not be construed to change current state requirements for students who receive home-based instruction under chapter 28A.200 RCW, or for students who attend state-approved private schools under chapter 28A.195 RCW.

PART I
STUDENT LEARNING GOALS

Sec. 101. RCW 28A.150.210 and 1977 ex.s. c 359 s 2 are each amended to read as follows:

The goal of the Basic Education Act for the schools of the state of Washington set forth in this ((1977 amendatory act)) chapter shall be to provide students with the opportunity to ((achieve those skills which are generally recognized as requisite to learning. Those skills shall include the ability:

(1) To distinguish, interpret and make use of words, numbers and other symbols, including sound, colors, shapes and textures;
(2) To organize words and other symbols into acceptable verbal and nonverbal forms of expression, and numbers into their appropriate functions;
(3) To perform intellectual functions such as problem solving, decision making, goal setting, selecting, planning, predicting, experimenting, ordering and evaluating; and
(4) To use various muscles necessary for coordinating physical and mental functions)) become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for all students to develop the knowledge and skills essential to:

(1) Read with comprehension, write with skill, and communicate effectively and responsibly in a variety of ways and settings;
(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics and history; geography; arts; and health and fitness;
NEW SECTION. Sec. 102. Section 101 of this act shall take effect September 1, 1994.

PART II
COMMISSION ON STUDENT LEARNING

NEW SECTION. Sec. 201. A new section is added to chapter 28A.630 RCW to read as follows:

(1) "Commission" means the commission on student learning created in RCW 28A.630.885.

(2) "Student learning goals" mean the goals established in RCW 28A.150.210.

(3) "Essential academic learning requirements" means more specific academic and technical skills and knowledge, based on the student learning goals, as determined under RCW 28A.630.885(3)(a). Essential academic learning requirements shall not limit the instructional strategies used by schools or school districts or require the use of specific curriculum.

(4) "Performance standards" or "standards" means the criteria used to determine if a student has successfully learned the specific knowledge or skill being assessed as determined under RCW 28A.630.885(3)(b). The standards should be set at internationally competitive levels.

(5) "Assessment system" or "student assessment system" means a series of assessments used to determine if students have successfully learned the essential academic learning requirements. The assessment system shall be developed under RCW 28A.630.885(3)(b).

(6) "Performance-based education system" means an education system in which a significantly greater emphasis is placed on how well students are learning, and significantly less emphasis is placed on state-level laws and rules that dictate how instruction is to be provided. The performance-based education system does not require that schools use an outcome-based instructional model. Decisions regarding how instruction is provided are to be made, to the greatest extent possible, by schools and school districts, not by the state.

Sec. 202. RCW 28A.630.885 and 1992 c 141 s 202 are each amended to read as follows:

(1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify (what) the knowledge and skills all public school students need to know and be able to do based on the student learning goals (of the governor's council on education reform and funding) in RCW 28A.150.210, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and (three) five members appointed no later than (February) June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the (cultural) racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish ((technical)) advisory committees. Membership of the ((technical)) advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the ((technical)) advisory committees, shall:

(a) Develop essential academic learning requirements ((shall include reading, writing, speaking, science, history, geography, mathematics, and critical thinking). In developing these essential academic learning requirements, the commission shall incorporate based on the student learning goals (identified by the council on education reform and funding) in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic
learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements:

(b) ((By December 1, 1995.)) (i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary ((grades)), middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of ((methodologies)); assessment methods, including performance-based measures that are criterion-referenced. Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who ((do)) have not ((mastered)) mastered the essential academic learning requirements at the appropriate periods in the student's educational development. ((Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.))

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the superintendent of public instruction in a manner determined by the superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

(v) The state board of education and superintendent of public instruction may modify the essential academic learning requirements and academic assessment system, as needed, in subsequent school years.

(vi) The commission shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender:

(c) ((By December 1, 1996, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the secondary grades designed to determine if each student has mastered the essential academic learning requirements identified for secondary students in (a) of this subsection. The academic assessment system shall use a variety of methodologies, including performance-based measures, to determine if students have mastered the essential academic learning requirements.)) After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessment shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. ((The assessment system shall be designed so that the results are used by educators to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements.)) The commission shall ((recommend)) make recommendations to the state board of education ((whether the certificate of mastery should take the place of the graduation requirements or be required for graduation in addition to graduation requirements. The state board of education and superintendent of public instruction shall implement the secondary academic assessment system beginning in the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the assessment system, as needed, in subsequent school years)) regarding the relationship between the certificate of mastery and high school graduation requirements. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education;
(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) (Develop strategies that will assist educators in helping students master the essential academic learning requirements;

(i) Establish a center the primary role of which is to plan, implement, and evaluate a high quality professional development process. (4) (g) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements for public school students that ((would assist schools in adopting strategies designed to help students achieve the essential learning requirements)) are consistent with the essential academic learning requirements and the certificate of mastery;

(i) A state-wide accountability system to monitor and evaluate accurately and fairly the level of learning occurring in individual schools and school districts. ((The commission also shall recommend to the legislature steps that should be taken to assist school districts and schools in which learning is significantly below expected levels of performance as measured by the academic assessment systems established under this section)). The accountability system shall be designed to recognize the characteristics of the student population of schools and school districts such as gender, race, ethnicity, socioeconomic status, and other factors. The system shall include school-site, school district, and state-level accountability reports;

(ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements;

PRIVATE SCHOOL AND HOME SCHOOL STUDENT EXEMPTIONS

Sec. 1101. RCW 28A.195.010 and 1990 c 33 s 176 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum program hour offerings as prescribed in RCW 28A.150.220.
(2) The school day shall be the same as that required in RCW 28A.150.030 and 28A.150.220, except that the percentages of total program hour offerings as prescribed in RCW 28A.150.220 for basic skills, work skills, and optional subjects and activities shall not apply to private schools or private sectarian schools.

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:
   (a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.
   (b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:
   (a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;
   (b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;
   (c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;
   (d) Each student’s progress be evaluated by the certified person; and
   (e) The certified employee shall not supervise more than thirty students enrolled in the approved private school’s extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. However, the state board shall not require private school students to meet the student learning goals, obtain a certificate of mastery to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.630.885. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take these assessments, and obtain certificates of mastery. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) above provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

NEW SECTION. Sec. 1102. 1992 c 141 s 505 is repealed.

Sec. 1103. RCW 28A.200.010 and 1990 c 33 s 178 are each amended to read as follows:
Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

(1) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction. Each parent shall file the statement by September 15 of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the parent resides;

(2) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child’s records; and

(3) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student’s academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of mastery pursuant to RCW 28A.630.885. The standardized test administered or the annual academic progress assessment written shall be made a part of the child's permanent
records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent's child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010(4).

Signed by Senators Pelz, McAuliffe; Representatives Dorn, Brough, Cothern.

MOTION

Representative Dorn moved that the House adopt the Report of the Conference Committee on Engrossed Substitute House Bill No. 1209 and pass the bill as recommended by the Conference Committee. The motion was carried.

Representatives Dorn, Brough, Pruitt, Carlson, Cothern, Karahalios, Brumsickle, G. Cole, Leonard, Vance, Basich, Conway, Shin, Zellinsky, Eide, J. Kohl, Quall and Flemming spoke in favor of the motion and Representative Stevens spoke against it. The motion was carried.

POINT OF INQUIRY

Representative Dorn yielded to a question by Representative Pruitt.

Representative Pruitt: Representative Dorn, in the Conference report, goal number five was removed and civics was added to goal number two. As you recall, goal number five would have required that school districts provide opportunities so students could function as responsible individuals and contributing members of family workgroups and communities. In the first school funding case, a court ruled that the state's constitutional duty goes beyond reading, writing and arithmetic and also includes broad educational opportunities needed to equip our children for their role as citizens. Does the removal of goal five mean that schools will not be required to provide educational opportunities regarding citizenship or that the commission on student learning does not need to include citizenship in the student assessment and school accountability systems?

Representative Dorn: No, the removal of goal five should not imply that citizenship should no longer be a goal of our educational system. Citizenship was considered by the Conference Committee as a component of civics and therefore schools will need to continue to provide instruction in citizenship and the commission on student learning will need to include citizenship in the student assessment and school accountability system.

FINAL PASSAGE OF HOUSE BILL
Representatives Miller, Brough, Wineberry, Thomas, Cooke and Dorn spoke in favor of passage of the bill.

The Speaker stated the question before the House to be final passage of Engrossed Substitute House Bill No. 1209 as recommended by the Conference Committee.

- ENGROSSED SUBSTITUTE HOUSE BILL NO. 1785,
- SUBSTITUTE HOUSE BILL NO. 1855,
The Senate has passed SUBSTITUTE HOUSE BILL NO. 2098 with the following amendments:

"NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the aging of the population and advanced medical technology have resulted in a growing number of persons who require assistance. The primary resource for long-term care continues to be family and friends. However, these traditional caregivers are increasingly employed outside the home. There is a growing demand for improvement and expansion of home and community-based long-term care services to support and complement the services provided by these informal caregivers.

The legislature further finds that the public interest would best be served by a broad array of long-term care services that support persons who need such services at home or in the community whenever practicable and that promote individual autonomy, dignity, and choice.

The legislature finds that as other long-term care options become more available, the relative need for nursing home beds is likely to decline. The legislature recognizes, however, that nursing home care will continue to be a critical part of the state's long-term care options, and that such services should promote individual dignity, autonomy, and a homelike environment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT. It is the legislature's intent that:

(1) Long-term care services administered by the department of social and health services include a balanced array of health, social, and supportive services that promote individual choice, dignity, and the highest practicable level of independence;

(2) Home and community-based services be developed, expanded, or maintained in order to meet the needs of consumers and to maximize effective use of limited resources;

(3) Long-term care services be responsive and appropriate to individual need and also cost-effective for the state;

(4) Nursing home care is provided in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident and timely discharge to a less restrictive care setting when appropriate; and

(5) State health planning for nursing home bed supply take into account increased availability of other home and community-based service options.

NEW SECTION. Sec. 3. ASSISTED LIVING. To the extent of available funding, the department of social and health services may contract with licensed boarding homes for assisted living services. The department shall develop rules that ensure that the contracted services:

(1) Recognize individual needs, privacy, and autonomy;

(2) Include, but not be limited to, personal care, nursing services, medication administration, and supportive services that promote independence and self-sufficiency;

(3) Are of sufficient scope to assure that each resident who chooses to remain in assisted living may do so, unless nursing care needs exceed the level of care defined by the department;

(4) Are directed first to those persons most likely, in the absence of assisted living services, to need hospital, nursing facility, or other out-of-home placement; and

(5) Are provided in compliance with applicable department of health facility and professional licensing laws and rules.

Sec. 4. RCW 74.42.010 and 1979 ex.s. c 211 s 1 are each amended to read as follows:

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

   (b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and
(c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

REPORT OF CONFERENCE COMMITTEE

Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1372, Emergency communic/privacy, have had the same under consideration and we recommend that:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many of the systems currently in place for assuring accountability in state government programs are not operated comprehensively, do not take advantage of modern management techniques, and do not contribute adequately to the optimum use of scarce resources. Critical variables that are not always taken into account include whether stated goals and objectives are being achieved, and whether desired results are being accomplished.

Agency executives need more accurate information for setting policy, determining whether new or existing programs are effective, and improving internal controls for agency management. These needs must be met at all levels of operation, and must be clearly communicated to the legislature and all interested parties.

Ensuring accountability in government involves a long-term commitment to policy planning, quality management, and results-oriented evaluation. It is the intent of the legislature to facilitate program evaluations and performance audits of selected state agencies and programs through the coordinated resources of the executive and legislative branches of state government.

The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that
all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriately sized capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

c) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

d) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

e) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(f) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

g) Promulgate regulations to effectuate provisions contained in (a) through ((e)) (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and
certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include (at least the following: determinations as to whether agencies, in making expenditures, complied with the laws of this state; That nothing in this section may be construed to grant. The state auditor (the right) is authorized to perform or participate in performance audits only as expressly authorized by the legislature in the omnibus biennial appropriations acts. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. (The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.) The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW, may report to the legislative budget committee or other appropriate committees of the legislature, in a manner prescribed by the legislative budget committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and
(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION. Sec. 5. A new section is added to chapter 44.28 RCW to read as follows:

(1) In conducting program evaluations as defined in RCW 43.88.020, the legislative budget committee may establish a biennial work plan that identifies state agency programs for which formal evaluation appears necessary. Among the factors to be considered in preparing the work plan are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree.

(2) The project description for each program evaluation shall include start and completion dates, the proposed research approach, and cost estimates.

(3) The overall plan may include proposals to employ contract evaluators. As conditions warrant, the program evaluation work plan may be amended from time to time. All biennial work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives.

Sec. 6. RCW 44.28.085 and 1975 1st ex.s. c 293 s 15 are each amended to read as follows:

The legislative budget committee shall make management surveys and program reviews as to every public body, officer or employee subject to the provisions of RCW 43.09.290 through 43.09.340. The legislative budget committee may also make management surveys and program reviews of local school districts, intermediate school districts, and other units of local government receiving state funds as grants-in-aid or as shared revenues. Management surveys for the purposes of this section shall be an independent examination for the purpose of providing the legislature with an evaluation and report of the manner in which any public agency, officer, administrator, or employee has discharged the responsibility to faithfully, efficiently, and effectively administer any legislative purpose of the state. Program reviews for the purpose of this section shall be an examination of state or local government programs to ascertain whether or not such programs continue to serve their intended purposes, are conducted in an efficient and effective manner, or require modification or elimination (\(\text{PROVIDED, That}\)). Nothing in this section shall limit the power or duty of the state auditor to report to the legislature as directed by (subsection (3) of) RCW 43.88.160 (\(\text{as now or hereafter amended. The authority in this section conferred excludes a like authority in the state auditor}\)).

The legislative budget committee shall receive a copy of each report of examination issued by the state auditor under RCW 43.09.310, shall review all such reports, and shall make such recommendations to the legislature and to the state auditor as it deems appropriate.

Increasing the membership of the commission on student learning.

Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED HOUSE BILL NO. 1708, Student learning commission, have had the same under consideration and we recommend that:

The Senate Committee on Education amendments adopted as amended on April 9, 1993, not be adopted;

and

The Conference Committee striking amendments (1708.E AMC CONF S3456.1) be adopted,

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 28A.630.885 and 1992 c 141 s 202 are each amended to read as follows:

((1)) (1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify what all students need to know and be able to do based on the student learning goals of the governor's council on education reform and funding, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and ((three)) five members appointed no later than ((February)) June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies of gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of
education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the cultural diversity of the state’s K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

The commission shall begin its substantive work subject to subsection (1) of this section.

The commission shall establish technical advisory committees. Membership of the technical advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

The commission, with the assistance of the technical advisory committees, shall:

(a) Identify what all elementary and secondary students need to know and be able to do. At a minimum, these essential academic learning requirements shall include reading, writing, speaking, science, history, geography, mathematics, and critical thinking. In developing these essential academic learning requirements, the commission shall incorporate the student learning goals identified by the council on education reform and funding;

(b) By December 1, 1995, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary grades designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of methodologies, including performance-based measures. The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. Mastery of each component of the essential academic learning requirements shall be required before students progress in subsequent components of the essential academic learning requirements. The state board of education and superintendent of public instruction shall implement the elementary academic assessment system beginning in the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the academic assessment system, as needed, in subsequent school years;

(c) By December 1, 1996, present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the secondary grades designed to determine if each student has mastered the essential academic learning requirements identified for secondary students in (a) of this subsection. The academic assessment system shall use a variety of methodologies, including performance-based measures, to determine if students have mastered the essential academic learning requirements, and shall lead to a certificate of mastery. The certificate of mastery shall be required for graduation. The assessment system shall be designed so that the results are used by educators to evaluate instructional practices, and to initiate appropriate educational support for students who do not master the essential academic learning requirements. The commission shall recommend to the state board of education whether the certificate of mastery should take the place of the graduation requirements or be required for graduation in addition to graduation requirements. The state board of education and superintendent of public instruction shall implement the secondary academic assessment system beginning in the 1997-98 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. The state board of education and superintendent of public instruction may modify the assessment system, as needed, in subsequent school years;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Develop strategies that will assist educators in helping students master the essential academic learning requirements;

(f) Establish a center the primary role of which is to plan, implement, and evaluate a high quality professional development process. The quality schools center shall: Have an advisory council composed of educators, parents, and community and business leaders; use best practices research regarding instruction, management, curriculum development, and assessment; coordinate its activities with the office of the superintendent of public instruction and the state board of education; employ and contract with individuals who have a commitment to quality reform; prepare a six-year plan to be updated every two years; and be able to accept resources and funding from private and public sources;

(g) Develop recommendations for the repeal or amendment of federal, state, and local laws, rules, budgetary language, regulations, and other factors that inhibit schools from adopting strategies designed to help students achieve the essential academic learning requirements;

(h) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on
the expected cost of implementing the elementary and secondary academic assessment systems during the 1995-97 biennium and beyond;

(i) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements that would assist schools in adopting strategies designed to help students achieve the essential academic learning requirements;

(j) By December 1, 1996, recommend to the legislature, state board of education, and superintendent of public instruction a state-wide accountability system to evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The commission also shall recommend to the legislature steps that should be taken to assist school districts and schools in which learning is significantly below expected levels of performance as measured by the academic assessment systems established under this section;

(k) Report annually by December 1st to the legislature and the state board of education on the progress, findings, and recommendations of the commission; and

(l) Complete other tasks, as appropriate.

The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.

The commission shall select an entity to provide staff support and the office of financial management shall contract with that entity. The commission may direct the office of financial management to enter into subcontracts with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

MESSAGE FROM THE SENATE

April 25, 1993

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1785 and passed the bill as recommended by the Conference Committee, and the same are herewith transmitted.

Brad Hendrickson, Deputy Secretary

REPORT OF CONFERENCE COMMITTEE

ESHB 1785 April 24, 1993

Includes "NEW ITEM": YES

Creating jobs to restore and enhance Washington’s estuaries, waterways, forests, and watersheds.

Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1785, Waterway/watershed restoratn, have had the same under consideration and we recommend that:
The Senate Committee on Trade, Technology & Economic Development striking amendments adopted as amended on April 12, 1993, not be adopted; and
The Conference Committee striking amendments (1785 - S.E AMC CONF S3501.2) be adopted,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS. (1) The legislature finds that the long-term health of the economy of Washington state depends on the sustainable management of its natural resources. Washington’s forests, estuaries, waterways, and watersheds provide a livelihood for thousands of citizens of Washington state and millions of dollars of income and tax revenues every year from forests, fisheries, shellfisheries, recreation, tourism, and other water-dependent industries. (2) The legislature further finds that the livelihoods and revenues produced by Washington’s forests, estuaries, waterways, and watersheds would be enhanced by immediate investments in clean water infrastructure and habitat restoration. (3) The legislature further finds that an insufficiency in financial resources, especially in timber-dependent communities, has resulted in investments in clean water and habitat restoration too low to ensure the long-term economic and environmental health of Washington’s forests, estuaries, waterways, and watersheds. (4) The legislature further finds that unemployed workers and Washington’s economically distressed communities, especially timber-dependent areas, can benefit from opportunities for employment in environmental restoration projects. (5) The legislature therefore declares that immediate investments in a variety of environmental restoration projects, based on sound principles of watershed management and environmental and forest restoration, are necessary to rehabilitate damaged watersheds and to assist dislocated workers and the unemployed gain job skills necessary for long-term employment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT--DEFINITIONS. (1) It is the intent of this chapter to provide financial resources to make substantial progress toward: (a) Implementing the Puget Sound water quality management plan and other watershed-based management strategies and plans; (b) ameliorating degradation to watersheds; and (c) keeping and creating stable, environmentally sound, good wage employment in Washington state. The legislature intends that employment under this chapter is not to result in the displacement or partial displacement, whether by the reduction of hours of nonovertime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services. (2) It is the purpose of this chapter to:
(a) Implement clean water, forest, and habitat restoration projects that will produce measurable improvements in water and habitat quality, that rate highly when existing environmental ranking systems are applied, and that provide economic stability.

(b) Facilitate the coordination and consistency of federal, state, tribal, local, and private water and habitat protection and enhancement programs in the state's watersheds.

(c) Fund necessary projects for which a public planning process has been completed.

(d) Provide immediate funding to create jobs and training for environmental restoration and enhancement jobs for unemployed workers and displaced workers in impact areas, especially timber-dependent communities.

(3) For purposes of this chapter, "impact areas" means: (a) Distressed counties as defined in RCW 43.165.010(3)(a); (b) subcounty areas in those counties not covered under (a) of this subsection that are timber impact areas as defined in RCW 43.31.601; (c) urban subcounty areas as defined in RCW 43.165.010(3)(c); and (d) areas that the task force determines are likely to experience dislocations in the near future from downturns in natural resource-based industries.

(4) For purposes of this chapter, "high-risk youth" means youth eligible for Washington conservation corps programs under chapter 43.220 RCW or Washington service corps programs under chapter 50.65 RCW.

(5) For purposes of this chapter, "dislocated forest products worker" has the meaning set forth in RCW 50.70.010.

(6) For purposes of this chapter, "task force" means the environmental enhancement and job creation task force created under section 5 of this act.

NEW SECTION. Sec. 3. ENVIRONMENTAL AND FOREST RESTORATION ACCOUNT. (1) The environmental and forest restoration account is established in the state treasury. Money in the account may be spent only after appropriation by the legislature and in a manner consistent with this chapter. Private nonprofit organizations and state, local, and tribal entities are eligible for funds under this chapter. Money in the account may be used to make grants, loans, or interagency contracts as needed to implement environmental and forest restoration projects.

(2) For fiscal years 1994 through 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and enhancement projects in rural communities impacted by the decline in timber harvest levels as defined in chapter 50.70 RCW and that employ displaced timber workers. These projects may include watershed restoration such as removing or upgrading roads to reduce erosion and sedimentation, and improvements in forest habitat such as thinning and pruning. Beginning July 1, 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and enhancement projects in counties with unemployment rates above the state average.

(3) The environmental and forest restoration account shall consist of funds appropriated by law, principal and interest from the repayment of loans granted under this chapter, and federal and other money received by the state for deposit in the account.

(4) At least ten percent of the funds distributed from the environmental and forest restoration account annually shall be allocated to the Washington conservation corps established under chapter 43.220 RCW to employ high-risk youth on projects consistent with this chapter and to fund administrative support services required by the senior environmental corps established under chapter 43.63A RCW.

(5) At least five percent of the funds distributed from the environmental and forest restoration account annually shall be used for contracts with nonprofit corporations to fund or finance projects, including those that increase private sector investments in pollution prevention activities and equipment and that are consistent with the provisions of this section and section 4 of this act.

(6) No more than five percent of the annual revenues to the environmental and forest restoration account may be expended for administrative purposes by any state agency or project administration; however, funds expended by the Washington conservation corps shall be subject solely to the limitations set forth in RCW 43.220.230.

(7) Except for essential administrative and supervisory purposes, funds in the environmental and forest restoration account may not be used for hiring permanent state employees.

NEW SECTION. Sec. 4. GRANTS OR LOANS FOR ENVIRONMENTAL AND FOREST RESTORATION PROJECTS—CRITERIA. (1) Subject to the limitations of section 3 of this act, the task force shall award funds from the environmental and forest restoration account on a competitive basis. The task force shall evaluate and rate environmental enhancement and restoration project proposals using the following criteria:

(a) The ability of the project to produce measurable improvements in water and habitat quality;

(b) The cost-effectiveness of the project based on: (i) Projected costs and benefits of the project; (ii) past costs and environmental benefits of similar projects; and (iii) the ability of the project to achieve cost efficiencies through its design to meet multiple policy objectives;

(c) The inclusion of the project as a high priority in a federal, state, tribal, or local government plan relating to environmental or forest restoration, including but not limited to a local watershed action plan, storm water
management plan, capital facility plan, growth management plan, or a flood control plan; or the ranking of the project by conservation districts as a high priority for water quality and habitat improvements;
(d) The number of jobs to be created by the project for dislocated forest products workers, high-risk youth, and residents of impact areas;
(e) Participation in the project by environmental businesses to provide training, cosponsor projects, and employ or jointly employ project participants;
(f) The ease with which the project can be administered from the community the project serves;
(g) The extent to which the project will either augment existing efforts by organizations and governmental entities involved in environmental and forest restoration in the community or receive matching funds, resources, or in-kind contributions; and
(h) The capacity of the project to produce jobs and job-related training that will pay market rate wages and impart marketable skills to workers hired under this chapter.
(2) The following types of projects and programs shall be given top priority in the first fiscal year after the effective date of this act:
(a) Projects that are highly ranked in and implement adopted or approved watershed action plans, such as those developed pursuant to Puget Sound water quality authority rules adopted for local planning and management of nonpoint source pollution;
(b) Conservation district projects that provide water quality and habitat improvements;
(c) Indian tribe projects that provide water quality and habitat improvements; or
(d) Projects that implement actions approved by a shellfish protection district under chapter 100, Laws of 1992.
(3) Funds shall not be awarded for the following activities:
(a) Administrative rule making;
(b) Planning; or
(c) Public education.

NEW SECTION. Sec. 5. ENVIRONMENTAL ENHANCEMENT AND JOB CREATION TASK FORCE. (1) There is created the environmental enhancement and job creation task force within the office of the governor. The purpose of the task force is to provide a coordinated and comprehensive approach to implementation of chapter . . ., Laws of 1993 (this act). The task force shall consist of the commissioner of public lands, the director of the department of wildlife, the director of the department of fisheries, the director of the department of ecology, the director of the parks and recreation commission, the timber team coordinator, the executive director of the work force training and education coordinating board, and the executive director of the Puget sound water quality authority, or their designees. The task force may seek the advice of the following agencies and organizations: The department of community development, the department of trade and economic development, the conservation commission, the employment security department, the interagency committee for outdoor recreation, appropriate federal agencies, appropriate special districts, the Washington state association of counties, the association of Washington cities, labor organizations, business organizations, timber-dependent communities, environmental organizations, and Indian tribes. The governor shall appoint the task force chair. Members of the task force shall serve without additional pay.
Participation in the work of the committee by agency members shall be considered in performance of their employment. The governor shall designate staff and administrative support to the task force and shall solicit the participation of agency personnel to assist the task force.
(2) The task force shall have the following responsibilities:
(a) Soliciting and evaluating, in accordance with the criteria set forth in section 4 of this act, requests for funds from the environmental and forest restoration account and making distributions from the account. The task force shall award funds for projects and training programs it approves and may allocate the funds to state agencies for disbursement and contract administration;
(b) Coordinating a process to assist state agencies and local governments to implement effective environmental and forest restoration projects funded under this chapter;
(c) Considering unemployment profile data provided by the employment security department;
(d) No later than December 31, 1993, providing recommendations to the appropriate standing committees of the legislature for improving the administration of grants for projects or training programs funded under this chapter that prevent habitat and environmental degradation or provide for its restoration;
(e) Submitting to the appropriate standing committees of the legislature a biennial report summarizing the jobs and the environmental benefits created by the projects funded under this chapter.
(3) Beginning July 1, 1994, the task force shall have the following responsibilities:
(a) To solicit and evaluate proposals from state and local agencies, private nonprofit organizations, and tribes for environmental and forest restoration projects;
(b) To rank the proposals based on criteria developed by the task force in accordance with section 4 of this act; and
(c) To determine funding allocations for projects to be funded from the account created in section 3 of this act and for projects or programs as designated in the omnibus operating and capital appropriations acts.
NEW SECTION. Sec. 6. FIRST YEAR PROJECT FUNDING. The legislature recognizes the need for immediate job creation and environmental and forest restoration, especially in timber-dependent communities. For fiscal year 1994, funding to implement the purposes of this chapter shall be provided through individual agency appropriations as specified in the omnibus operating and capital appropriations acts.

NEW SECTION. Sec. 7. UNANTICIPATED FEDERAL FUNDS. When an agency submits an unanticipated federal receipt under RCW 43.79.270, the governor shall consider placing these funds into the environmental and forest restoration account or requiring that the funds be used in a manner consistent with the criteria established in section 4 of this act.

NEW SECTION. Sec. 8. RECRUITMENT AND EMPLOYMENT. (1) Eligibility for training or employment in projects funded through the environmental and forest restoration account shall, to the extent practicable, be for workers who are currently unemployed.

(2) To the greatest extent practicable, the following groups of individuals shall be given preference for training or employment in projects funded through the environmental and forest restoration account:

(a) Dislocated workers who are receiving unemployment benefits or have exhausted unemployment benefits; and

(b) High-risk youth.

(3) Projects funded for forest restoration shall be for workers whose employment was terminated in the Washington forest products industry within the previous four years.

(4) The task force shall submit a list to private industry councils and the employment security department of projects receiving funds under the provisions of this chapter. The list shall include the number, location, and types of jobs expected to be provided by each project. The employment security department shall recruit workers for these jobs by:

(a) Notifying dislocated forest workers who meet the definitions in chapter 50.70 RCW, who are receiving unemployment benefits or who have exhausted unemployment benefits, of their eligibility for the programs;

(b) Notifying other unemployed workers;

(c) Developing a pool of unemployed workers including high-risk youth eligible to enroll in the program; and

(d) Establishing procedures for workers to apply to the programs.

(5) The employment security department shall refer eligible workers to employers hiring under the environmental and forest restoration account programs. Recipients of funds shall consider the list of eligible workers developed by the employment security department before conducting interviews or making hiring decisions. Recipients of funds shall ensure that workers are aware of whatever opportunities for vocational training, job placement, and remedial education are available from the employment security department.

(6) An individual is eligible for applicable employment security benefits while participating in training related to this chapter. Eligibility shall be confirmed by the commissioner of employment security by submitting a commissioner-approved training waiver.

(7) Persons receiving funds from the environmental and forest restoration account shall not be considered state employees for the purposes of existing provisions of law with respect to hours of work, sick leave, vacation, and civil service but shall receive health benefits. Persons receiving funds from this account who are hired by a state agency, except for Washington conservation and service corps enrollees, shall receive medical and dental benefits as provided under chapter 41.05 RCW and industrial insurance coverage under Title 51 RCW, but are exempt from the provisions of chapter 41.06 RCW.

(8) Compensation for employees, except for Washington conservation and service corps enrollees, hired under the program established by this chapter shall be based on market rates in accordance with the required skill and complexity of the jobs created. Remuneration paid to employees under this chapter shall be considered covered employment for purposes of chapter 50.04 RCW.

(9) Employment under this program shall not result in the displacement or partial displacement, whether by the reduction of hours of nonovertime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services.

NEW SECTION. Sec. 9. An individual shall be considered to be in training with the approval of the commissioner as defined in ROW 50.20.043, and be eligible for applicable unemployment insurance benefits while participating in and making satisfactory progress in training related to this chapter.

NEW SECTION. Sec. 10. For the purpose of providing the protection of the unemployment compensation system to individuals at the conclusion of training or employment obtained as a result of this chapter, a special base year and benefit year are established.

(1) Only individuals who have entered training or employment provided by the environmental and forest restoration account, and whose employment or training under such account was not considered covered under chapter 50.04 RCW, shall be allowed the special benefit provisions of this chapter.
An application for initial determination made under this chapter must be filed in writing with the employment security department within twenty-six weeks following the week in which the individual commenced employment or training obtained as a result of this chapter. Notice from the individual, from the employing entity, or notice of hire from employment security department administrative records shall satisfy this requirement.

For the purpose of this chapter, a special base year is established for an individual consisting of the first four of the last five completed calendar quarters, or if a benefit year is not established using the first four of the last five completed calendar quarters as the base year, the last four completed calendar quarters immediately prior to the first day of the calendar week in which the individual began employment or training provided by the environmental and forest restoration account.

A special individual benefit year is established consisting of the entire period of training or employment provided by the environmental and forest restoration account and a fifty-two consecutive week period commencing with the first day of the calendar week in which the individual last participated in such employment or training. No special benefit year shall have a duration in excess of three hundred twelve calendar weeks. Such special benefit year will not be established unless the criteria contained in RCW 50.04.030 has been met, except that an individual meeting the requirements of this chapter and who has an unexpired benefit year established which would overlap the special benefit year may elect to establish a special benefit year under this chapter, notwithstanding the provisions in RCW 50.04.030 relating to establishment of a subsequent benefit year, and RCW 50.40.010 relating to waiver of rights. Such unexpired benefit year shall be terminated with the beginning of the special benefit year if the individual elects to establish a special benefit year under this chapter.

The individual's weekly benefit amount and maximum amount payable during the special benefit year shall be governed by the provisions contained in RCW 50.20.120. The individual's basic and continuing right to benefits shall be governed by the general laws and rules relating to the payment of unemployment compensation benefits to the extent that they are not in conflict with the provisions of this chapter.

The fact that wages, hours, or weeks worked during the special base year may have been used in computation of a prior valid claim for unemployment compensation shall not affect a claim for benefits made under the provisions of this chapter. However, wages, hours, and weeks worked used in computing entitlement on a claim filed under this chapter shall not be available or used for establishing entitlement or amount of benefits in any succeeding benefit year.

Benefits paid to an individual filing under the provisions of this section shall not be charged to the experience rating account of any contribution paying employer.

NEW SECTION. Sec. 11. On or before June 30, 1998, the legislative budget committee shall prepare a report to the legislature evaluating the implementation of the environmental restoration jobs act of 1993, chapter . . . , Laws of 1993 (this act).

NEW SECTION. Sec. 12. RCW 43.220.900 and 1987 c 367 s 5 & 1983 1st ex.s. c 40 s 22 are each repealed.

NEW SECTION. Sec. 13. A new section is added to chapter 43.131 RCW to read as follows:
The Washington conservation corps and its powers and duties shall be terminated on June 30, 1999, as provided in section 14 of this act.

Mr. Speaker:

The Senate has adopted the report of the Conference Committee on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1512 and passed the bill as recommended by the Conference Committee, and the same is herewith transmitted.

Brad Hendrickson, Deputy Secretary

REPORT OF CONFERENCE COMMITTEE

ESHB 1512 April 24, 1993

Includes "NEW ITEM": YES

Changing provisions relating to dependent children.

Mr. President:

We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1512. Dependent children, have had the same under consideration and we recommend that:

1. The Senate striking amendments by Senators Talmadge, Hargrove, Fraser and Roach adopted on April 16, 1993, not be adopted; and
2. The Conference Committee striking amendments (1512- S.E AMC CONF S3505.2) be adopted,

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.145 and 1989 1st ex.s. c 17 s 18 are each amended to read as follows:

(1) In all cases where a child has been placed in substitute care for at least fifteen months, the agency having custody of the child shall prepare a permanency plan and present it in a hearing held before the court no later than eighteen months following commencement of the placement episode.

(2) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130. In addition the court shall: (a) Approve a permanency plan which shall include one of the following: Adoption, guardianship, placement of the child in the home of the child's parent, relative placement with written permanency plan, or family foster care with written permanency agreement; (b) require filing of a petition for termination of parental rights; or (c) dismiss the dependency, unless the court finds, based on clear, cogent, and convincing evidence, that it is in the best interest of the child to continue the dependency beyond eighteen months, based on the permanency plan. Extensions may only be granted in increments of twelve months or less.

Sec. 2. RCW 13.34.180 and 1990 c 246 s 7 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(7), and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(2); and
(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and
(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(2); and
(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and

(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:
   (a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts; or
   (b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; and

(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; and

(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found.

A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the petitioner makes a showing that all necessary services reasonably capable of correcting the parental deficiencies within the foreseeable future have been offered or provided.

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

A petition for termination of parental rights has been filed against you. You have important legal rights and you must take steps to protect your interests. This petition could result in permanent loss of your parental rights.

1. You have the right to a fact-finding hearing before a judge.
2. You have the right to have a lawyer represent you at the hearing. A lawyer can look at the files in your case, talk to the department of social and health services and other agencies, tell you about the law, help you understand your rights, and help you at hearings. If you cannot afford a lawyer, the court will appoint one to represent you. To get a court-appointed lawyer you must contact: [explain local procedure].
3. At the hearing, you have the right to speak on your own behalf, to introduce evidence, to examine witnesses, and to receive a decision based solely on the evidence presented to the judge.

You should be present at this hearing.
You may call [insert agency] for more information about your child. The agency's name and telephone number are [insert name and telephone number]."

Sec. 3. RCW 13.34.190 and 1992 c 145 s 15 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:

(1) The allegations contained in the petition as provided in RCW 13.34.180 (1) through (6) are established by clear, cogent, and convincing evidence; or
(2) RCW 13.34.180 (3) and (4) may be waived because the allegations under RCW 13.34.180 (1), (2), (5), and (6) are established beyond a reasonable doubt; or
(3) The allegation under RCW 13.34.180(7) is established beyond a reasonable doubt. In determining whether RCW 13.34.180 (5) and (6) are established beyond a reasonable doubt, the court shall consider whether one or more of the ((following:)
   (a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
   (b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 or 9A.42.030;
   (c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim; and

(4) Such an order is in the best interests of the child.

Sec. 4. RCW 13.34.232 and 1981 c 195 s 3 are each amended to read as follows:

If the court has made a finding under RCW 13.34.231, it shall enter an order establishing a guardianship for the child. The order shall:

(1) Appoint a person or agency to serve as guardian;

(2) Specify the guardian's rights and responsibilities concerning the care, custody, and control of the child. A guardian shall not have the authority to consent to the child's adoption;

(3) Specify an appropriate frequency of visitation between the parent and the child; and

(4) Specify the need for any continued involvement of the supervising agency and the nature of that involvement, if any.

The order shall not affect the child's status as a dependent child, and the child shall remain dependent for the duration of the guardianship.

NEW SECTION. Sec. 5. A new section is added to chapter 13.34 RCW to read as follows:

(1) The provisions of this section shall apply when a court orders a party to undergo an alcohol or substance abuse diagnostic investigation and evaluation.

(2) The facility conducting the investigation and evaluation shall make a written report to the court stating its findings and recommendations including family-based services or treatment when appropriate. If its findings and recommendations support treatment, it shall also recommend a treatment plan setting out:

(a) Type of treatment;
(b) Nature of treatment;
(c) Length of treatment;
(d) A treatment time schedule; and
(e) Approximate cost of the treatment.

The affected person shall be included in developing the appropriate plan of treatment. The plan of treatment must be signed by treatment provider and the affected person. The initial written report based on the treatment plan and response to treatment shall be sent to appropriate persons six weeks after initiation of treatment, and after three months, after six months, after twelve months, and thereafter every six months if treatment exceeds twelve months. Reports are to be filed in a timely manner. Close-out of the treatment record must include summary of pretreatment and posttreatment, with final outcome and disposition. The report shall also include recommendations for ongoing stability and decrease in destructive behavior.

The report with the treatment plan shall be filed with the court and a copy given to the person evaluated and the person's counsel. A copy of the treatment plan shall also be given to the department's caseworker and to the guardian ad litem. Any program for chemical dependency shall meet the program requirements contained in chapter 70.96A RCW.

(3) If the court has ordered treatment pursuant to a dependency proceeding it shall also require the treatment program to provide, in the reports required by subsection (2) of this section, status reports to the court, the department, the supervising child-placing agency if any, and the person or person's counsel regarding:

(a) The person's cooperation with the treatment plan proposed; and
(b) The person's progress in treatment.

(4) In addition, if the party fails or neglects to carry out and fulfill any term or condition of the treatment plan, the program or agency administering the treatment shall report such breach to the court, the department, the guardian ad litem, the supervising child-placing agency if any, and the person or person's counsel, within twenty-four hours, together with its recommendation. These reports shall be made as a declaration by the person who is personally responsible for providing the treatment.

(5) Nothing in this chapter may be construed as allowing the court to require the department to pay for the cost of any alcohol or substance abuse evaluation or treatment program.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:

(1) The court or the department, upon receiving a report under section 5(4) of this act, may schedule a show cause hearing to determine whether the person is in violation of the treatment conditions. All parties shall be given notice of the hearing. The court shall hold the hearing within ten days of the request for a hearing. At the hearing, testimony, declarations, reports, or other relevant information may be presented on the person's alleged failure to comply with the treatment plan and the person shall have the right to present similar information on his or her own behalf.
(2) If the court finds that there has been a violation of the treatment conditions it shall modify the dependency order, as necessary, to ensure the safety of the child. The modified order shall remain in effect until the party is in full compliance with the treatment requirements.

Sec. 7. RCW 13.34.110 and 1991 c 340 s 3 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the guardian ad litem, and court-appointed special advocates, any, are in agreement. The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. If a child resides in foster care or in the home of a relative pursuant to a disposition order entered under RCW 13.34.130, the court may allow the child's foster parent or relative care provider to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec. 8. RCW 13.34.120 and 1987 c 524 s 5 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file, social study, guardian ad litem report, the court-appointed special advocates report, if any, and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(2) (c) shall contain the following information:

(a) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered;

(b) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; and the parents' attitude toward placement of the child;

(d) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and

(c) The report shall be made at the first opportunity, but ; and in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department.

If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department ((of social and health services)) shall((within funds appropriated for this purpose.)) use a risk assessment ((tool)) process when investigating child abuse and neglect referrals. ((The tool shall be used, on a pilot basis, in three local office service areas.)) The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the ((ways and means)) appropriate committees of the senate and house of representatives on the ((use)) effectiveness of the ((tool by December 1, 1989. The report shall include recommendations on the continued use and possible expanded use of the tool)) risk assessment process.

(14) Upon receipt of ((such)) a report of abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

An immediate oral report shall be made by telephone or otherwise to the proper law enforcement agency or the department of social and health services and, upon request, shall be followed by a report in writing. Such reports shall contain the following information, if known:

Sec. 15. RCW 26.44.063 and 1988 c 190 s 3 are each amended to read as follows:
(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged offender, rather than the child, shall be removed from the home and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, 13.34.130, this section, and RCW 26.44.130.
(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:
(a) Molesting or disturbing the peace of the alleged victim;
(b) Entering the family home of the alleged victim except as specifically authorized by the court; or
(c) Having any contact with the alleged victim, except as specifically authorized by the court.
(3) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.
(4) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.
(5) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.
(6) A temporary restraining order or preliminary injunction:
(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and
(b) May be revoked or modified.
(7) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.
(8) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW; is also subject to contempt proceedings, and will subject a violator to arrest."

Sec. 16. RCW 26.44.067 and 1989 c 373 s 23 are each amended to read as follows:
(1) Any person having had actual notice of the existence of a restraining order issued by a court of competent jurisdiction pursuant to RCW 26.44.063 who refuses to comply with the provisions of such order ((when requested by any peace officer of the state)) shall be guilty of a misdemeanor.
(2) The notice requirements of subsection (1) of this section may be satisfied by the peace officer giving oral or written evidence to the person subject to the order by reading from or handing to that person a copy certified by a notary public or the clerk of the court to be an accurate copy of the original court order which is on file. The copy may be supplied by the court or any party.
(3) The remedies provided in this section shall not apply unless restraining orders subject to this section shall bear this legend: "VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.44 RCW AND IS ALSO SUBJECT TO CONTEMPT PROCEEDINGS."
(4) It is a defense to prosecution under subsection (1) of this section that the court order was issued contrary to law or court rule. No right of action shall accrue against any peace officer acting upon a properly certified copy of a court order lawful on its face if such officer employs otherwise lawful means to effect the arrest.

Sec. 17. RCW 26.44.100 and 1985 c 183 s 1 are each amended to read as follows:
The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific
NEW SECTION. Sec. 18. A new section is added to chapter 26.44 RCW to read as follows:

(1) If a person who has unsupervised visitation rights with a minor child pursuant to a court order is accused of sexually or physically abusing a child and the alleged abuse has been reported to the proper authorities for investigation, the law enforcement officer conducting the investigation may file an affidavit with the prosecuting attorney stating that the person is currently under investigation for sexual or physical abuse of a child and that there is a risk of harm to the child if a temporary restraining order is not entered. Upon receipt of the affidavit, the prosecuting attorney shall determine whether there is a risk of harm to the child if a temporary restraining order is not entered. If the prosecutor determines there is a risk of harm, the prosecutor shall immediately file a motion for an order to show cause seeking to restrict visitation with the child, and seek a temporary restraining order. The restraining order shall be issued for up to ninety days or until the investigation has been concluded in favor of the alleged abuser, whichever is shorter.

(2) Willful violation of a court order entered under this section is a misdemeanor.

Mr. Speaker:
We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SUBSTITUTE HOUSE BILL NO. 1862, Pasco hotel/motel tax, have had the same under consideration and we recommend that:
The Senate Committee on Ways & Means amendments and the amendments by Senators Deccio, Loveland and Jesernig to page 2, after line 19, and the corresponding title amendments to page 1, line 2, adopted on April 6, 1993, not be adopted; and

"NEW SECTION. Sec. 1. A new section is added to chapter 67.28 RCW to read as follows:
(1) The legislative body of a city with a population of over ten thousand in a county that is the smallest county in a metropolitan statistical area as defined on the effective date of this act that has a population of between thirty-eight thousand and fifty thousand may levy and collect a special excise tax not to exceed two percent on the sale of or charge made for the furnishing of lodging by a hotel, roominghouse, tourist court, motel, trailer camp, and the granting of a similar license to use real property, as distinguished from the renting or leasing of real property. For the purposes of this tax, it is presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the property.

(2) The tax authorized in subsection (1) of this section is in addition to any other tax authorized by law.
(3) A seller, as defined in RCW 82.08.010, who is required to collect a tax under this section, shall pay the tax to the city as provided in RCW 67.28.200. The deduction from state taxes under RCW 67.28.190 does not apply to taxes imposed under this section.
(4) The tax levied and collected under this section must be credited to a special fund of the city. The taxes may be levied only for the purpose of paying any part of the cost of siting, acquisition, construction, operation, and maintenance of a trade recreation agricultural center, which facility includes an exhibition hall, a meeting and convention center, and an agricultural arena, in the city and may be used for and pledged to the payment of bonds, leases, or other obligations incurred for these purposes.
(5) The tax imposed under this section shall expire when all obligations for which the taxes have been pledged are satisfied.

Sec. 2. RCW 67.28.200 and 1991 c 331 s 2 are each amended to read as follows:
The legislative body of any county or city may establish reasonable exemptions and may adopt such reasonable rules and regulations as may be necessary for the levy and collection of the taxes authorized (by RCW 67.28.180, 67.28.182, and 67.28.230 through 67.28.250, and 67.28.260) under this chapter. The department of revenue shall perform the collection of such taxes on behalf of such county or city at no cost to such county or city.

On page 1, line 2 of the title, after "charges;" strike the remainder of the title and insert "amending RCW 67.28.200; and adding a new section to chapter 67.28 RCW."

MOTION
On motion of Representative Sommers, the rules were suspended and Second Substitute Senate Bill No. 5781 was returned to second reading for the purpose of amendment.

Representative Sommers moved adoption of the following amendment by Representative Sommers, Brumsickle and Jacobsen:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that the essential requirements level budget calculation for state institutions of higher education include a funding level per full-time equivalent student that is, each biennium, at a minimum, equal to the rate assumed in the omnibus appropriations act for the last fiscal year of the previous biennium for the instructional, primary support, and library programs plus an inflation factor. The inflation factor should be equivalent to the inflation factor used to calculate basic education in the common school system budget request submitted by the governor.
NEW SECTION. Sec. 4. It is the policy of the state of Washington that budget documents display the number of students necessary and the amount of money needed to increase enrollments in regular increments in order to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington."

NEW SECTION. Sec. 5. The participation rate used to calculate enrollment levels under sections 2 and 4 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 4 of this act shall be determined by the office of financial management as part of its responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 4 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 6. It is the policy of the state of Washington that financial need not be a barrier to participation in higher education. It is also the policy of the state of Washington that the essential requirements level budget calculation include funding for state student financial aid programs. The calculation should, at a minimum, include a funding level equal to the amount provided in the second year of the previous biennium in the omnibus appropriations act, adjusted for the percentage of needy resident students, by educational sector, likely to be included in any enrollment increases necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The calculation should also be adjusted to reflect, by educational sector, any increases in cost of attendance. The cost of attendance figures should be calculated by the higher education coordinating board and provided to the office of financial management and appropriate legislative committees by June 30th of each even numbered year.

Sec. 7. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:
(1) The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis.
If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.
Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education, vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.
(2) The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act. If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.
(b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.
(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.
(d) Except as permitted by (c) of this subsection, should the number of student-supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund, an amount equal to the college's full average state appropriations per full-time equivalent student for each student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)
(3) The state board for community and technical colleges (education) shall ensure compliance with this section.

NEW SECTION. Sec. 8. Sections 2 through 6 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

SENATE AMENDMENTS TO HOUSE BILL

April 25, 1993

Mr. Speaker:

The Senate again refuses to grant the request of the House for a Conference on SUBSTITUTE HOUSE BILL NO. 1808. On suspension of rules, said bill was returned to second reading for reconsideration of the Senate amendments (1808-S AAS 4/16/93). The Senate adopted amendment #001021 by Senator Skratek to the previously adopted amendments, and passed the bill as further amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the expansion of international trade is vital to the economy of Washington state. International trade-related activities currently account for approximately twenty percent of employment in this state even though only a small percentage of businesses do extensive exporting. Washington's long-term economic prosperity depends on the creation and retention of jobs that international trade provides through providing an expanded marketplace for goods and services produced in this state. Increasing the number of businesses exporting and the foreign markets accessed helps diversify the state economy and make the state's businesses more competitive by providing experience in the international marketplace. There are many international markets that offer export potential for Washington businesses that are not currently being accessed, particularly several Pacific Rim countries. The legislature also finds that there presently exists several programs and initiatives by federal, state, and local governments that have to be coordinated effectively within and among economic development organizations, state agencies, academic institutions, and businesses so as to enhance the sale of goods and services in foreign markets.

The legislature further finds that a strategy to expand international trade must be integrated into a comprehensive long-term economic development plan, and that the expertise of the private sector can enhance the joint strategic planning efforts of the governor, executive agencies, and the legislature.

Therefore, the legislature declares that an important public purpose can be accomplished through an international trade council that, through coordination and advice, can facilitate increased exporting by Washington businesses.

NEW SECTION. Sec. 2. A new section is added to chapter 44.52 RCW to read as follows:

(1) The council on international trade is established. The council shall consist of fifteen members as follows:
   (a) Two members of trade organizations, appointed by the governor;
   (b) Two representatives of ports, appointed by the governor;
   (c) Two representatives of businesses active in exporting goods, appointed by the governor;
   (d) Three representatives from the executive-legislative committee on economic development created in chapter . . . (Senate Bill No. 5300), Laws of 1993;
   (e) Two members with experience in foreign marketing, appointed by the governor;
   (f) Two experts in financing export transactions, appointed by the governor;
   (g) The director of the department of trade and economic development or the director's designee; and
   (h) The director of the department of agriculture or the director's designee.
   (2) Nonlegislative members may receive reimbursement from the governor's office for travel under RCW 43.03.050 and 43.03.060. Legislative members may be reimbursed under RCW 41.04.300.
(3) The council shall:
   (a) Advise the executive-legislative committee on economic development regarding policies, programs, and activities to enhance the exporting of Washington goods and services to international markets;
   (b) Review current state export targeting efforts and advise the executive-legislative committee on economic development regarding markets with potential that currently are not being emphasized;
   (c) Assist in the coordination of public export programs state-wide;
   (d) Identify for the executive-legislative committee on economic development current and long-term international trade issues that need to be addressed by the state in its long-term economic development plan;
   (e) Recommend methods to increase the awareness of international trade, especially its opportunities and its importance, throughout the state;
   (f) Study the impact of the Uruguay round of the general agreement on tariffs and trade and the north american free trade agreement on the state's small manufacturing and export firms, focusing on the competitive threats and opportunities presented by the trade agreements to the state's six most significant traded sectors as measured by the number of employees in the sector and the aggregate dollar volume of goods and services traded in the sector. The counsel shall identify and utilize existing analyses, studies, and data from the federal government, national and state business and labor organizations, and educational and policy institutes.
NEW SECTION. Sec. 3. The council may accept gifts, grants, donations, devises, and bequests to facilitate the work of the council.

NEW SECTION. Sec. 4. The council shall make a preliminary report to the executive-legislative committee on economic development on its activities by June 1, 1994, and make a final report by December 1, 1994.

NEW SECTION. Sec. 5. This act shall expire on June 30, 1995.

On page 1, line 1 of the title, after "trade;" strike the remainder of the title and insert "adding a new section to chapter 44.52 RCW; creating new sections; and providing an expiration date."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1309, by House Committee on Fisheries & Wildlife (originally sponsored by Representatives King, Orr, Scott, G. Cole, Basich, Lemmon, Morris, Jones, Rust, Holm, R. Meyers, Johanson, J. Kohl, Jacobsen and Leonard)

Protecting and recovering wild salmonids.

The bill was read the second time.

Representative King moved adoption of the following amendment by Representatives King and Fuhrman:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many wild stocks of salmonids in the state of Washington are in a state of decline. Stocks of salmon on the Columbia and Snake rivers have been listed under the federal endangered species act, and the bull trout has been petitioned for listing. Some scientists believe that numerous other stocks of salmonids in the Pacific Northwest are in decline or possibly extinct. The legislature declares that to lose wild stocks is detrimental to the genetic diversity of the fisheries resource and the economy, and will represent the loss of a vital component of Washington's aquatic ecosystems. The legislature further finds that there is a continuing loss of habitat for fish and wildlife. The legislature declares that steps must be taken in the areas of wildlife and fish habitat management, water conservation, wild salmonid stock protection, and education to prevent further losses of Washington's fish and wildlife heritage from a number of causes including urban and rural subdivisions, shopping centers, industrial park, and other land use activities.

The legislature finds that the maintenance and restoration of Washington's rangelands and shrub-steppe vegetation is vital to the long-term benefit of the people of the state. The legislature finds that approximately one-fourth of the state is open range or open-canopied grazing woodland. The legislature finds that these lands provide forage for livestock, habitat for wildlife, and innumerable recreational opportunities including hunting, hiking, and fishing."
The legislature finds that the development of coordinated resource management plans, that take into consideration the needs of wildlife, fish, livestock, timber production, water quality protection, and rangeland conservation on all state-owned grazing lands will improve the stewardship of these lands and allow for the increased development and maintenance of fish and wildlife habitat and other multipurpose benefits the public derives from these lands.

The legislature finds that the state currently provides insufficient technical support for coordinated resource management plans to be developed for all state-owned lands and for many of the private lands desiring to develop such plans. As a consequence of this lack of technical assistance, our state grazing lands, including fish and wildlife habitat and other resources provided by these lands, are not achieving their potential. The legislature also finds that with many state lands being intermixed with private grazing lands, development of coordinated resource management plans on state-owned and managed lands provides an opportunity to improve the management and enhance the conditions of adjacent private lands.

A purpose of this act is to establish state grazing lands as the model in the state for the development and implementation of standards that can be used in coordinated resource management plans and to thereby assist the timely development of coordinated resource management plans for all state-owned grazing lands. Every lessee of state lands who wishes to participate in the development and implementation of a coordinated resource management plan shall have the opportunity to do so.

NEW SECTION. Sec. 2. By July 1, 1994, the departments of fisheries and wildlife jointly with the appropriate Indian tribes, shall each establish a wild salmonid policy. The policy shall ensure that department actions and programs are consistent with the goals of rebuilding wild stock populations to levels that permit commercial and recreational fishing opportunities.

NEW SECTION. Sec. 3. By July 1, 1994, the department of fisheries and the department of wildlife shall jointly, with input from the Indian tribes and after coordination with California, Oregon, Idaho, Montana, Alaska, British Columbia, and appropriate federal agencies, report to the appropriate legislative committees on the feasibility of implementing selective marking techniques that can be used to minimize impacts of fishing on wild or natural stocks of salmonids. The report shall address costs, benefits, and risks associated with marking.

NEW SECTION. Sec. 4. A new section is added to chapter 75.28 RCW to read as follows:
The department of fisheries shall evaluate and recommend, in consultation with the Indian tribes, salmon fishery management strategies and gear types, as well as a schedule for implementation, that will minimize the impact of commercial and recreational fishing in the mixed stock fishery on critical and depressed wild stocks of salmonids. As part of this evaluation, the department, in conjunction with the commercial and recreational fishing industries, shall evaluate commercial and recreational salmon fishing gear types developed by these industries. The department of fisheries shall present status reports to the appropriate committees of the legislature by December 31 of each year in 1993, 1994, and 1995, and shall present the final evaluation and recommendations by December 31, 1996.

NEW SECTION. Sec. 5. A new section is added to chapter 79.01 RCW to read as follows:
(1) By December 31, 1993, the department of wildlife and the department of fisheries shall each develop goals for the wildlife and fish that these agencies respectively manage, to preserve, protect, and perpetuate wildlife and fish on shrub steppe habitat or on lands that are presently agricultural lands, rangelands, or grazable woodlands. These goals shall be consistent with the maintenance of a healthy ecosystem.

(2) By July 31, 1993, the conservation commission shall appoint a technical advisory committee to develop standards that achieve the goals developed in subsection (1) of this section. The committee members shall include but not be limited to technical experts representing the following interests: Agriculture, academia, range management, utilities, environmental groups, commercial and recreational fishing interests, the Washington rangelands committee, Indian tribes, the department of wildlife, the department of fisheries, the department of natural resources, the department of ecology, conservation districts, and the department of agriculture. A member of the conservation commission shall chair the committee.

(3) By December 31, 1994, the committee shall develop standards to meet the goals developed under subsection (1) of this section. These standards shall not conflict with the recovery of wildlife or fish species that are listed or proposed for listing under the federal endangered species act. These standards shall be utilized to the extent possible in development of coordinated resource management plans to provide a level of management that sustains and perpetuates renewable resources, including fish and wildlife, riparian areas, soil, water, timber, and forage for livestock and wildlife. Furthermore, the standards are recommended for application to model watersheds designated by the Northwest power planning council in conjunction with the conservation commission. The maintenance and restoration of sufficient habitat to preserve, protect, and perpetuate wildlife and fish shall be a major component included in the standards and coordinated resource management plans. Application of standards to
privately owned lands is voluntary and may be dependent on funds to provide technical assistance through conservation districts.

(4) The conservation commission shall approve the standards and shall provide them to the departments of natural resources and wildlife, each of the conservation districts, Washington State University cooperative extension service, and the appropriate committees of the legislature. The conservation districts shall make these standards available to the public and for coordinated resource management planning. Application to private lands is voluntary.

(5) The department of natural resources shall implement practices necessary to meet the standards developed pursuant to this section on department managed agricultural and grazing lands, consistent with the trust mandate of the Washington state Constitution and Title 79 RCW. The standards may be modified on a site-specific basis as needed to achieve the fish and wildlife goals, and as determined by the department of fisheries or wildlife, and the department of natural resources. Existing lessees shall be provided an opportunity to participate in any site-specific field review. Department agricultural and grazing leases issued after December 31, 1994, shall be subject to practices to achieve the standards that meet those developed pursuant to this section.

NEW SECTION. Sec. 6. A new section is added to chapter 77.12 RCW to read as follows:
The department of wildlife shall implement practices necessary to meet the standards developed under section 5 of this act on agency-owned and managed agricultural and grazing lands. The standards may be modified on a site-specific basis as necessary and as determined by the department of fisheries or wildlife, for species that these agencies respectively manage, to achieve the goals established under section 5(1) of this act. Existing lessees shall be provided an opportunity to participate in any site-specific field review. Department agricultural and grazing leases issued after December 31, 1994, shall be subject to practices to achieve the standards that meet those developed pursuant to section 5 of this act.

This section shall in no way prevent the department of wildlife from managing its lands to accomplish its statutory mandate pursuant to RCW 77.12.010, nor shall it prevent the department from managing its lands according to the provisions of RCW 77.12.210 or rules adopted pursuant to this chapter.

NEW SECTION. Sec. 7. Washington State University shall report to the appropriate legislative committees by December 31, 1993, on how to best integrate fish and wildlife considerations with the existing curriculum in the university's agriculture department and with the university cooperative extension service. The university shall also report on the feasibility and cost of creating a rotational assignment with the department of wildlife to accomplish cross-training in wildlife and fish habitat management and farm and grazing management.

NEW SECTION. Sec. 8. By July 1, 1993, the departments of fisheries and wildlife shall provide information on salmonid stock status, by individual stock, to the department of ecology, the Washington association of cities, the Washington state association of counties, and water purveyors.

Sec. 9. RCW 43.20.230 and 1989 c 348 s 12 are each amended to read as follows:
Consistent with the water resource planning process of the department of ecology, the department of ((social and)) health (services) shall ((contingent on the availability of funds)):
(1) Develop procedures and guidelines relating to water use efficiency, as defined in section 4(3) ((of this act)), chapter 348, Laws of 1989, to be included in the development and approval of cost-efficient water system plans required under RCW 43.20.050;
(2) Develop criteria, with input from technical experts, with the objective of encouraging the cost-effective reuse of greywater and other water recycling practices, consistent with protection of public health and water quality;
((and))
(3) Provide advice and technical assistance upon request in the development of water use efficiency plans;
and
(4) Provide advice and technical assistance on request for development of model ((rate setting formulas)) conservation rate structures for public water systems. Subsections (1), (2), and (3) of this section are subject to the availability of funding.

NEW SECTION. Sec. 10. A new section is added to chapter 43.20 RCW to read as follows:
Water purveyors required to develop a water system plan pursuant to RCW 43.20.230 shall evaluate the feasibility of adopting and implementing water delivery rate structures that encourage water conservation. This information shall be included in water system plans submitted to the department of health for approval after July 1, 1993. The department shall evaluate the following:
(1) Rate structures currently used by public water systems in Washington; and
(2) Economic and institutional constraints to implementing conservation rate structures.
The department shall provide its findings to the appropriate committees of the legislature no later than December 31, 1995.
NEW SECTION. Sec. 11. A new section is added to chapter 90.54 RCW to read as follows:
The department, in cooperation with the Washington state water resources association, shall accomplish the following:
(1) Determine and evaluate rate structures currently used by irrigation districts in the state of Washington;
(2) Identify economic and institutional constraints to implementing conservation rate structures; and
(3) Develop model conservation rate structures for consideration by irrigation districts.
The department shall provide its findings to the appropriate legislative committees no later than December 31, 1993.

Sec. 12. RCW 90.03.360 and 1989 c 348 s 6 are each amended to read as follows:
(1) The owner or owners of any ((ditch or canal)) water diversion shall maintain, to the satisfaction of the department of ecology, substantial controlling works((as)) and a measuring device ((at the point where the water is diverted, and these shall be so)) constructed and maintained ((as)) to permit accurate measurement and practical regulation of the flow of water diverted ((into said ditch or canal)). Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the department, any measuring device necessary to ascertain the natural flow into and out of said reservoir.

   Metering of diversions or measurement by other approved methods shall be required as a condition for all new surface water right permits, and except as provided in subsection (2) of this section, may be required as a condition for all ((new)) previously existing surface water ((right permits)) rights. The department may also require, as a condition for ((such permits)) all water rights, metering of diversions, and reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

   (2) Where water diversions are from waters in which the salmonid stock status is depressed or critical, as determined by the departments of fisheries and wildlife, or where the volume of water being diverted exceeds one cubic foot per second, the department shall require metering or measurement by other approved methods as a condition for all new and previously existing water rights or claims. The department shall attempt to integrate the requirements of this subsection into its existing compliance workload priorities, but shall prioritize the requirements of this subsection ahead of the existing compliance workload where a delay may cause the decline of wild salmonids. The department shall notify the departments of fisheries and wildlife of the status of fish screens associated with these diversions.

   This subsection (2) shall not apply to diversions for public or private hatcheries or fish rearing facilities if the diverted water is returned directly to the waters from which it was diverted.

NEW SECTION. Sec. 13. A new section is added to chapter 90.22 RCW to read as follows:
By December 31, 1993, the department of ecology shall, in cooperation with the Indian tribes, and the departments of fisheries and wildlife, establish a state-wide list of priorities for evaluation of instream flows. In establishing these priorities, the department shall consider the achievement of wild salmonid production as its primary goal.

The priority list shall be presented to the appropriate legislative committees and to the water resources forum by December 31, 1993.

Sec. 14. RCW 90.42.010 and 1991 c 347 s 5 are each amended to read as follows:
(1) The legislature finds that a need exists to develop and test a means to facilitate the voluntary transfer of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation activities have the potential of affecting the quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter.

   The purpose of this chapter is to provide the mechanism for accomplishing this in a manner that will not impair existing rights to water and to test the mechanism in two pilot planning areas designated pursuant to RCW 90.54.045(2) and in the water resource inventory areas designated under subsection (2) of this section.

   (2) The department may designate up to four water resource inventory areas west of the crest of the Cascade mountains and up to four water resource inventory areas east of the crest of the Cascade mountains, as identified pursuant to chapter 90.54 RCW. The areas designated shall contain critical water supply problems and shall provide an opportunity to test and evaluate a variety of applications of RCW 90.42.010 through 90.42.090, including application to municipal, industrial, and agricultural use. The department shall seek advice from appropriate state agencies, Indian tribes, local governments, representatives of water right holders, and interested parties before identifying such water resource inventory areas.

(1) The director may enter into agreements with and receive funds from the United States for the construction, maintenance, and operation of fish cultural stations, laboratories, and devices in the Columbia River basin for improvement of feeding and spawning conditions for fish, for the protection of migratory fish from irrigation projects and for facilitating free migration of fish over obstructions.

(2) The director and the department may acquire by gift, purchase, lease, easement, or condemnation the use of lands where the construction or improvement is to be carried on by the United States.

Sec. 24. RCW 75.08.400 and 1989 c 336 s 1 are each amended to read as follows:

The legislature finds that:

(1) The fishery resources of Washington are critical to the social and economic needs of the citizens of the state;

(2) Salmon production is dependent on both wild and artificial production;
(3) The department ((of fisheries)) is directed to enhance Washington's salmon runs; and
(4) Full utilization of the state's salmon rearing facilities is necessary to enhance commercial and
recreational fisheries.

Sec. 25. RCW 75.10.010 and 1985 c 155 s 1 are each amended to read as follows:
(1) Fisheries patrol officers and ex officio fisheries patrol officers within their respective jurisdictions, shall
enforce this title, rules of the director, and other statutes as prescribed by the legislature.
(2) When acting within the scope of subsection (1) of this section and when an offense occurs in the
presence of the fisheries patrol officer who is not an ex officio fisheries patrol officer, the fisheries patrol officer may
enforce all criminal laws of the state. The fisheries patrol officer must have successfully completed the basic law
enforcement academy course sponsored by the criminal justice training commission, or a supplemental course in
criminal law enforcement as approved by the department and the criminal justice training commission and provided
by the department or the criminal justice training commission, prior to enforcing the criminal laws of the state.

(3) Any liability or claim of liability which arises out of the exercise or alleged exercise of authority by a

direction and control of another agency or unless the liability is otherwise assumed under a written agreement
between the department ((of fisheries)) and another agency.
(4) Fisheries patrol officers may serve and execute warrants and processes issued by the courts.

Sec. 26. RCW 75.10.200 and 1990 c 144 s 3 are each amended to read as follows:
Persons who violate this title or the rules of the director shall be subject to the following penalties:
(1) The following violations are gross misdemeanors and are punishable under RCW 9.92.020:

(2) The following violations are a class C felony and are punishable under RCW 9A.20.021(1)(c):
(a) Discharging explosives in waters that contain adult salmon or sturgeon: PROVIDED, That lawful
discharge of devices for the purpose of frightening or killing marine mammals or for the lawful removal of snags or for
actions approved under RCW 75.20.100 or 75.12.070(2) are exempt from this subsection; and
(b) To knowingly purchase food fish or shellfish with a wholesale value greater than two hundred fifty dollars
that were taken by methods or during times not authorized by department ((of fisheries)) rules, or were taken by
someone who does not have a valid commercial fishing license, a valid fish buyer's license, or a valid wholesale
dealer's license, or were taken with fishing gear authorized for personal use.

Sec. 27. RCW 75.12.040 and 1985 c 147 s 1 are each amended to read as follows:
(1) It is unlawful to use, operate, or maintain a gill net which exceeds 250 fathoms in length or a drag seine
in the waters of the Columbia river for catching salmon.
(2) It is unlawful to construct, install, use, operate, or maintain within state waters a pound net, round haul
net, lampara net, fish trap, fish wheel, scow fish wheel, set net, weir, or fixed appliance for catching salmon. The
director may authorize the use of this gear for scientific investigations.
(3) The department ((of fisheries)), in coordination with the Oregon department of fish and wildlife, shall
adopt rules to regulate the use of monofilament in gill net webbing on the Columbia river.

Sec. 28. RCW 75.20.005 and 1991 c 322 s 21 are each amended to read as follows:
The department of ((fisheries, the department of)) fish and wildlife, the department of ecology, and the
department of natural resources shall jointly develop an informational brochure that describes when permits and any
other authorizations are required for flood damage prevention and reduction projects, and recommends ways to best
proceed through the various regulatory permitting processes.

Sec. 29. RCW 75.20.050 and 1988 c 36 s 32 are each amended to read as follows:
It is the policy of this state that a flow of water sufficient to support game fish and food fish populations be
maintained at all times in the streams of this state.
The director of ecology shall give the director ((of fisheries and the director of wildlife)) notice of each
application for a permit to divert or store water. The director ((of fisheries and director of wildlife have)) has thirty
days after receiving the notice to state ((their)) his or her objections to the application. The permit shall not be issued
until the thirty-day period has elapsed.
The director of ecology may refuse to issue a permit if, in the opinion of the director ((of fisheries or director
of wildlife)), issuing the permit might result in lowering the flow of water in a stream below the flow necessary to
adequately support food fish and game fish populations in the stream.
The provisions of this section shall in no way affect existing water rights.

Sec. 30. RCW 75.20.100 and 1991 c 322 s 30 are each amended to read as follows:
In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department ((of fisheries or the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department ((of fisheries or the department of wildlife)) shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department ((of fisheries or the department of wildlife)) shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If ((either)) the department ((of fisheries or the department of wildlife)) denies approval, (((that))) the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department ((of fisheries or the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval. (For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.)

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department ((of fisheries or department of wildlife)), through ((their)) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

**Sec. 31.** RCW 75.20.1001 and 1991 c 322 s 12 are each amended to read as follows: The department ((of fisheries and the department of wildlife)) shall process hydraulic project applications submitted under RCW 75.20.1001 or 75.20.1003 within thirty days of receipt of the application. This requirement is only applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990.
Sec. 32. RCW 75.20.103 and 1991 c 322 s 31 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department ((of fisheries or the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department ((of fisheries or the department of wildlife)) shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department ((of fisheries or the department of wildlife)) shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If ((either)) the department ((of fisheries or the department of wildlife)) denies approval, ((that)) the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department ((of fisheries or the department of wildlife)) to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department ((granting approval)) may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department ((issuing the approval)) to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department ((that issued the approval)) may be appealed to the hydraulic appeals board within thirty days of the notice of decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department ((of fisheries or the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

(For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.)

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department ((of fisheries or department of wildlife)), through ((their)) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.
For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

**Sec. 33.** RCW 75.20.104 and 1991 c 322 s 18 are each amended to read as follows:
Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department ((of fisheries and the department of wildlife)), upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

**Sec. 34.** RCW 75.20.1041 and 1991 c 322 s 19 are each amended to read as follows:
The department ((of fisheries, the department of wildlife)) and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met.

**Sec. 35.** RCW 75.20.106 and 1988 c 36 s 35 are each amended to read as follows:
The department ((of fisheries and the department of wildlife)) may ((each)) levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director ((of the appropriate department)) or ((that)) the director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director ((of the department levying the penalty)). Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director ((of the department of fisheries or the department of wildlife)) shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

**Sec. 36.** RCW 75.20.110 and 1988 c 36 s 36 are each amended to read as follows:
(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:
(a) It is unlawful to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as ((jointly)) determined by the director ((of fisheries and the director of wildlife)).
(b) Except by ((concurrent)) order of the director ((of fisheries and director of wildlife)), it is unlawful to divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The director ((of fisheries and the director of wildlife)) may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

**Sec. 37.** RCW 75.20.130 and 1989 c 175 s 160 are each amended to read as follows:
(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.
(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by (either) the department (of fisheries or the department of wildlife) under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(5)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 38. RCW 75.20.300 and 1989 c 213 s 3 are each amended to read as follows:
(1) The legislature intends to expedite flood-control, acquisition of sites for sediment retention, and dredging operations in those rivers affected by the May 1980 eruption of Mt. St. Helens, while continuing to protect the fish resources of these rivers.
(2) The director (of fisheries and director of wildlife) shall process hydraulic project applications submitted under RCW 75.20.100 within fifteen working days of receipt of the application. This requirement is only applicable to flood control and dredging projects located in the Cowlitz river from mile 22 to the confluence with the Columbia, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile 12, and to river mile 3 on the South Fork Toutle river, and volcano-affected areas of the Columbia river.
(3) For the purposes of this section, the emergency provisions of RCW 75.20.100 may be initiated by the county legislative authority if the project is necessary to protect human life or property from flood hazards, including:
(a) Flood fight measures necessary to provide protection during a flood event; or
(b) Measures necessary to reduce or eliminate a potential flood threat when other alternative measures are not available or cannot be completed prior to the expected flood threat season; or
(c) Measures which must be initiated and completed within an immediate period of time and for which processing of the request through normal methods would cause a delay to the project and such delay would significantly increase the potential for damages from a flood event.
(4) This section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.
(5) This section expires on June 30, 1995.

Sec. 39. RCW 75.20.310 and 1988 c 36 s 39 are each amended to read as follows:
The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The department (of fisheries) shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 40. RCW 75.24.065 and 1985 c 256 s 2 are each amended to read as follows:
The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The department (of fisheries) shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 41. RCW 75.25.005 and 1989 c 305 s 1 are each amended to read as follows:
The following recreational fishing licenses are administered and issued by the department (of fisheries) under authority of the director (of fisheries):
(1) Hood Canal shrimp license;
(2) Razor clam license;
(3) Personal use fishing license;
(4) Salmon license; and
(5) Sturgeon license.

Sec. 42. RCW 75.25.080 and 1989 c 305 s 4 are each amended to read as follows:
(1) It is lawful to dig the personal-use daily bag limit of razor clams for another person if that person has in possession a physical disability permit issued by the director.

(2) An application for a physical disability permit must be submitted on a department (of fisheries) official form and must be accompanied by a licensed medical doctor's certification of disability.

Sec. 43. RCW 75.25.170 and 1989 c 305 s 16 are each amended to read as follows:
Fees received for recreational licenses required under this chapter shall be deposited in the general fund and shall be appropriated for management, enhancement, research, and enforcement purposes of the shellfish, salmon, and marine fish programs of the department (of fisheries).

Sec. 44. RCW 75.25.180 and 1989 c 305 s 14 are each amended to read as follows:
Recreational licenses issued by the department (of fisheries) under this chapter are valid for the following periods:

(1) Recreational licenses issued without charge to persons designated by this chapter are valid:
(a) For life for blind persons;
(b) For the period of continued state residency for qualified disabled veterans;
(c) For the period of continued state residency for persons sixty-five years of age or more;
(d) For the period of the disability for persons with a developmental disability;
(e) For life for handicapped persons confined to a wheelchair who have been issued a permanent disability card; and
(f) Until a child reaches fifteen years of age.

(2) Two-consecutive-day personal use licenses expire at midnight on the day following the validation date written on the license by the license dealer, except two-consecutive-day personal use licenses validated for December 31 expire at midnight on that date.

(3) An annual salmon license is valid for a maximum catch of fifteen salmon, after which another salmon license may be purchased. A salmon license is valid only for the calendar year for which it is issued.

(4) An annual sturgeon license is valid for a maximum catch of fifteen sturgeon. A sturgeon license is valid only for the calendar year for which it is issued.

(5) All other recreational licenses are valid for the calendar year for which they are issued.

Sec. 45. RCW 75.50.010 and 1985 c 458 s 1 are each amended to read as follows:
Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department (of fisheries) is directed to dedicate its efforts (to make increasing the productivity of the salmon resource a first priority and) to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

Sec. 46. RCW 75.50.070 and 1989 c 426 s 1 are each amended to read as follows:
The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department (of fisheries). The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state.

Sec. 47. RCW 75.50.080 and 1989 c 426 s 4 are each amended to read as follows:
Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:
Sec. 48. RCW 75.50.130 and 1992 c 88 s 1 are each amended to read as follows:

The director shall prepare a salmon recovery plan for the Skagit river. The plan shall include strategies for employing displaced timber workers to conduct salmon restoration and other tasks identified in the plan. The plan shall incorporate the best available technology in order to achieve maximum restoration of depressed salmon stocks. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program.

Sec. 49. RCW 75.52.010 and 1988 c 36 s 41 are each amended to read as follows:

The fish and wildlife resources of the state benefit by the contribution of volunteer recreational and commercial fishing organizations, schools, and other volunteer groups in cooperative projects under agreement with the department. These projects provide educational opportunities, improve the communication between the natural resources agencies and the public, and increase the fish and game resources of the state. In an effort to increase these benefits and realize the full potential of cooperative projects, the department shall administer a cooperative fish and wildlife enhancement program and enter agreements with volunteer groups relating to the operation of cooperative projects.

Sec. 50. RCW 75.52.020 and 1988 c 36 s 42 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Long-term responsibilities of the department are to: Fully implement enhancement efforts for Puget Sound and Hood Canal resident salmon and marine bottomfish; identify opportunities to reestablish salmon runs into areas where they no longer exist; encourage naturally spawning salmon populations to develop to their fullest extent; and fully utilize hatchery programs to improve recreational fishing.

NEW SECTION. Sec. 85. The department shall seek recommendations from persons who are expert on the planning and operation of programs for enhancement of recreational fisheries. The department shall fully use the
expertise of the University of Washington college of fisheries and the sea grant program to develop research and enhancement programs.

Natural or artificial pond sites shall be preferred to net pens due to higher survival rates experienced from pond rearing. Rigorous predatory bird control measures shall be implemented. The goal of the program is to increase the production and planting of delayed release chinook salmon to a level of three million fish annually by the year 2000.

NEW SECTION, Sec. 87. The department shall conduct research, develop methods, and implement programs for the artificial rearing and release of marine bottomfish species. NEW SECTION, Sec. 92. Indian tribal fishing interests and non-Indian commercial fishing groups shall be invited to participate in development of plans for selective fisheries that target hatchery-produced fish and minimize catch of naturally spawned fish. In addition, talks shall be initiated on the feasibility of altering the rearing programs of department hatcheries to achieve higher survival and greater production of chinook and coho salmon.

NEW SECTION, Sec. 93. The department shall coordinate the sport fishing program with the wild stock initiative to assure that the two programs are compatible and potential conflicts are avoided.

NEW SECTION. Sec. 502. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR GENERAL APPORTIONMENT (BASIC EDUCATION)

The appropriation in this section is subject to the following conditions and limitations:

(1) The general fund appropriation includes such funds as are necessary for the remaining months of the 1992-93 school year.

(2) Allocations for certificated staff salaries for the 1993-94 and 1994-95 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full time equivalent enrollments, excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units for grades K-12, excluding full time equivalent handicapped enrollment recognized for funding purposes under section 509 of this act;

(ii) 49 certificated instructional staff units, as required in RCW 28A.150.260(2)(b), for grades K-3, excluding full time equivalent handicapped students ages six through eight;

(iii) An additional 5.3 certificated instructional staff units for grades K-3;

(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater.

(B) Districts at or above 51.0 certificated instructional staff per one thousand full time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year.

(C) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. Funds allocated under this subsection (2)(a)(iii) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants; and

(iv) Forty-six certificated instructional staff units for grades 4-12, excluding full time equivalent handicapped students ages nine and above; and

(b) For school districts with a minimum enrollment of 250 full time equivalent students whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month;
(c) On the basis of full time equivalent enrollment in vocational education programs and skill center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(d) For districts enrolling not more than twenty-five average annual full time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full time equivalent students in grades K-8:

(i) For those enrolling no students in grades seven and eight, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled.

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units.

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(h) For each nonhigh school district having an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1993-94 and 1994-95 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating classified staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections.

(b) For all other enrollment in grades K-12, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(c) For each nonhigh school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 21.13 percent in the 1993-94 school year and 21.13 percent in the 1994-95 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 18.86 percent in the 1993-94 school year and 18.86 percent in the 1994-95 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 504 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $7,251 per certificated staff unit in the 1993-94 school year and a maximum of $7,468 per certificated staff unit in the 1994-95 school year.
(b) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $13,817 per certificated staff unit in the 1993-94 school year and a maximum of $14,231 per certificated staff unit in the 1994-95 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of $341 for the 1993-94 school year and $341 per year for the 1994-95 school year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1992-93 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $4,945,000 outside the basic education formula during fiscal years 1994 and 1995 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $409,000 may be expended in fiscal year 1994 and a maximum of $410,000 may be expended in fiscal year 1995.

(b) For summer vocational programs at skills centers, a maximum of $1,905,000 may be expended in fiscal year 1994 and a maximum of $1,924,000 may be expended in fiscal year 1995.

(c) A maximum of $297,000 may be expended for school district emergencies.

(10) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 1.0 percent from the 1992-93 school year to the 1993-94 school year, and 1.0 percent from the 1993-94 school year to the 1994-95 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION. (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district’s certificated instructional derived base salary shown on LEAP Document 12B, by the district’s average staff mix factor for basic education certificated instructional staff in that school year, computed using LEAP Document 1A.

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district’s certificated administrative and classified salary allocation amounts shown on LEAP Document 12B.

(2) For the purposes of this section:

(a) "Basic education certificated instructional staff" is defined as provided in RCW 28A.150.100.

(c) "LEAP Document 12B" means the computerized tabulation of 1992-93, 1993-94, and 1994-95 school year salary allocations for basic education certificated administrative staff and basic education classified staff and derived base salaries for basic education certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 5, 1993, at 04:19 hours.

(3)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations for the 1993-94 and 1994-95 school years:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(4) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 or as hereafter amended.

(5) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(6) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).
(7) It is the intent of the legislature to freeze salaries for all employees above a certain salary level during the 1993-95 biennium. In order to maintain equity and fairness across all employee groups, the legislature encourages school districts and educational service districts not to grant salary increases to administrative employees who earn more than $45,000 a year.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage;

((and))

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 and 1995, the maximum levy rate shall be the district's maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1996, the prior year shall mean 1993.

PART VI
HIGHER EDUCATION

NEW SECTION. Sec. 601. HIGHER EDUCATION. The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

(1) "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.

(2) The general fund--state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources. In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) using institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.

(3) The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

NEW SECTION, Sec. 1006. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION, Sec. 1007. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial appropriations for each project.

NEW SECTION, Sec. 1008. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION, Sec. 1009. As part of the annual update to the state facilities and capital plan, agencies shall provide information on lease-development and lease-purchase projects to the office of financial management.

NEW SECTION, Sec. 1010. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with moneys available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives committee on capital budget.

NEW SECTION, Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION, Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION, Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION, Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.
A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review.

NEW SECTION. Sec. 1016. (2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 1017. The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

The funds shall be subject to the conditions and limitations set forth in section 408 of this act.

NEW SECTION. Sec. 1020. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state
agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION. Sec. 1021. As of the effective date of this act, each state agency is prohibited from using any state funds, regardless of the source, for the construction, remodel, repair, maintenance, or equipping of any recreational facilities such as gymnasiums, weight rooms, exercise rooms, swimming pools, spas, saunas, basketball courts, running tracks, or any similar type facilities, unless a specific detailed request is made in a funding request to the legislature and is specifically and expressly granted in a legislative appropriation that clearly describes and limits the authorized use.

NEW SECTION. Sec. 1022. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall [(adopt comprehensive land use plans and development regulations under)] conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with [(RCW 36.70A.040 through 36.70A.180)] all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet [(the requirements of)] either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall [(adopt a comprehensive land use plan in accordance with)] conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county [(cannot remove itself from)] and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to [(adopt a comprehensive land use plan)] conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows:
(a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt [(the)] a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, [(1993)] 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county ((required to designate urban growth areas)) that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth planning hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a “county-wide planning policy” is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of (the) each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy((i)). In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith((i)).

(c) If the county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340((i)).

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction((i)).

(e) No later than July 1, 1992, the legislative authority of (the) each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a county-wide or state-wide nature;

(d) Policies for county-wide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for county-wide economic development and employment; and

(h) An analysis of the fiscal impact.
Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. 
Adopted county-wide planning policies shall be adhered to by state agencies.
(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.
(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning hearings board within sixty days of the adoption of the county-wide planning policy. 
(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act, or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the appropriate growth planning hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided.

Sec. 6. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:
(1) It is the intent of the legislature:
(a) To ensure that adequate facilities are available to serve new growth and development;
(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and
(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.
(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.
(3) The impact fees:
(a) Shall only be imposed for system improvements that are reasonably related to the new development;
(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and
(c) Shall be used for system improvements that will reasonably benefit the new development.
(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After ((July 1, 1993)) the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:
(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;
(b) Additional demands placed on existing public facilities by new development; and
(c) Additional public facility improvements required to serve new development.
If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.
NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1993. On page 1, line 2 of the title, after "years;" strike the remainder of the title and insert "amending RCW 36.70A.040, 36.70A.110, 36.70A.120, 36.70A.210, and 82.02.050; adding a new section to chapter 36.70A RCW; providing an effective date; and declaring an emergency." and the same are herewith transmitted.

Representative Edmondson: Are the goals of the growth management act that are codified in RCW 36.70A.020 applicable to interim urban growth areas?

Representative H. Myers: Yes, they are. The goals that codified in RCW 36.70A.020 guide the development and adoption of conferencive plans and development regulation adopted under the growth management act. These goals are applicable since the counties adopted all the regulations designated urban growth areas.

Representative Edmondson: Do the amendments to the RCW 36.78.110 alter the planning and zoning powers of the city?

Myers: No. Interim means temporarily, counties will adopt development regulations designated "interim urban growth areas" and later adopt full urban growth areas as part of the comprehensive plan. As under existing laws county has flexibility to craft its own development regulations. The final urban growth areas that the county adopts could be the same as the interim growth area or could differ from its interim growth areas.

NEW SECTION. Sec. 43. The motor vehicle fund revenues are received at a relatively even flow throughout the year. Expenditures exceed the revenue during the accelerated summer and fall highway construction season, creating a negative cash balance during the heavy construction season. Negative cash balances also may result from the use of state funds to finance federal advance construction projects prior to conversion to federal funding. The governor and the legislature recognize that the department of transportation may require interfund loans or other short-term financing to meet temporary seasonal cash requirements and additional cash requirements to fund federal advance construction projects.

NEW SECTION. Sec. 44. NEW SECTION. Sec. 46. A new section is added to chapter 46.01 RCW to read as follows:
The state patrol and the department of licensing shall coordinate their activities when siting facilities. This coordination shall result in the collocation of driver and vehicle licensing and vehicle inspection service facilities whenever possible.
The department and state patrol shall explore alternative state services, such as vehicle emission testing, that would be feasible to collocate in these joint facilities. The department and state patrol shall reach agreement with the department of transportation for the purposes of offering department of transportation permits at these one-stop transportation centers. NEW SECTION. Sec. 50. The legislature supports the proposed reduction by the governor of state agency, middle management level employees and recognizes that such reduction is essential to achieve more efficient and effective delivery of state services. Further, the legislature finds that employee reductions in agencies providing state transportation programs and services are necessary to the extent such reductions do not jeopardize transportation program and service delivery.

NEW SECTION. Sec. 51. To maximize the use of transportation revenues, it is the intent of the legislature to encourage sharing of technology, information, and systems where appropriate between transportation agencies.

The study shall determine whether or not allocation methodologies used to assign these costs to transportation agencies are consistent with accepted accounting principles and represent a pro rata share in relation to all other agencies.

NEW SECTION. Sec. 54. Beginning July 1, 1993, and until June 30, 1995, no state agency may provide the following to employees whose monthly salary on or after July 1, 1993, exceeds $3,750:

The office of financial management shall reduce allotments to all transportation agencies to reflect the elimination of these salary increases.

NEW SECTION. Sec. 55. The department of licensing shall review the pricing of fees related to the licensing and operation of motor vehicles to determine whether any such fees should be eliminated to reduce costs, whether the pricing of any fees should be adjusted to cover costs of administration or to be more equitable, and whether any other related modifications may be justified, and make recommendations to the governor and the legislative transportation committee by October 15, 1993, as to any price-setting policies or guidelines, pricing changes, or other statutory modifications pertaining to such fees.

Sec. 62. RCW 81.112.030 and 1992 c 101 s 3 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may
establish a regional transit authority to develop and operate a high capacity transportation system as defined in
chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and
financing plan, including the definition of the service area. This action shall be completed by September 1, 1992,
contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan
shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative authorities for their decision as to whether to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(4) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county’s decision to participate in the authority.

(5) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(6) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies’ plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(7) If the authority determines that major modifications to the plan are necessary before being submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to confirm or rescind their continued participation in the authority.

(8) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority’s board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(9) The authority shall place on the ballot within two years of the authority’s formation, a single ballot proposition to (ratiﬁcation of the authority) approve the system and ﬁnance plan and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority’s boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will beneﬁt the residents of that county, and identiﬁes when such beneﬁts will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is afﬁrmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(10) If the vote fails, the board may redelegate the system and ﬁnancing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and ﬁnancing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the ﬁrst election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

Representative Heavey: In section 62, the sentence beginning on page 32, line 32, requires that a High Capacity Transit system and finance plan and the taxes to fund the plan be presented to the voters as a single ballot proposition. Is this language intended to prohibit the proposed plan and taxes from being presented to the voters in phases or stages?

Representative R. Fisher: No, the statutory language is intended to insure that approval of the system and finance plan authorization to impose the taxes to support the plan be drafted as a single ballot proposition each time a proposition is submitted to the voters within the Regional Transit Authority. The system plan and plan funding could certainly be submitted to the voters in phases.

POINT OF PARLIAMENTARY INQUIRY

Representative Foreman: Mr. Speaker, House Rule 19D and Article II Section 30 of our state constitution requires a member to disclose any private interest in a bill and to refrain from voting on the bill. Mr. Speaker, I am currently a named plaintiff in a suit filed as a class action that may be adversely impacted by the retroactive nature of this legislation. Mr. Speaker, should I be excused from voting on Substitute House Bill No. 1458?

Speaker Ebersole: No, Representative Foreman, you should not be excused from voting on Substitute House Bill No. 1458. House Rule 19 D and Article II, Section 30 of the state constitution prohibits members from voting on legislation which affects them individually and uniquely, not as members of a group. Because the bill in question will affect the legal remedies available to a large number of Washington citizens, and not uniquely to you, you do not have a private interest within the meaning of our state constitution which would disqualify you from voting.

(1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose. The appropriations in sections 201 through 218 of chapter 16, Laws of 1991 1st sp. sess., as amended, shall be expended for the programs and in the amounts listed in those sections. However, after May 1, 1993, unless specifically prohibited by this act, the department may transfer moneys among programs and among amounts provided under conditions and limitations after approval by the director of financial management. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any deviation from the appropriation levels and any deviation from conditions and limitations.
(2) The department of social and health services shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law, or unless the services were provided on March 1, 1991. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act, and an equal amount of appropriated state general fund moneys shall lapse. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The department shall transfer rate increase funds among child care programs as necessary to maintain a uniform rate policy.

(b) $1,000,000 is provided solely to contract with eligible providers for specialized child care and respite care for children of homeless parents. Providers shall demonstrate that licensed child-care facilities are available to provide specialized child care for children under six years of age. Respite child-care providers shall demonstrate that respite child care is available for children under six years of age and shall submit to a felony background check through the state patrol. Child-care services provided by shelters shall be subject to department of community development rules on applicant eligibility criteria. The total allocation to providers within a county shall be not less than twenty-five thousand dollars per fiscal year in counties that had at least one hundred children under the age of five served in emergency shelters for the preceding year as reported by the department of community development and not less than ten thousand dollars for all other counties. through grade six shall generate funding under (a) of this subsection, and shall not generate allocations under (d) and (e) of this subsection, if the staffing allocations generated under (a) of this subsection exceed those generated under (d) and (e) of this subsection. The certificated staffing allocations shall be as follows:

(2) For those enrolling students in grades seven or eight, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled.
(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education:

(2) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated instructional staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.
Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.
(g) For each nonhigh school district having an enrollment of more than seventy annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(b) For all other enrollment in grades kindergarten through twelve, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(4) Fringe benefit allocations shall be calculated at a rate of ((21.11)) 21.25 percent in the 1991-92 school year and ((22.30)) 20.75 percent in the 1992-93 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of ((18.54)) 19.09 percent in the 1991-92 school year and ((18.53)) 18.66 percent in the 1992-93 school year of certificated salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 505 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $6,848 per certificated staff unit in the 1991-92 school year and a maximum of $7,060 per certificated staff unit in the 1992-93 school year.

(b) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $13,049 per certificated staff unit in the 1991-92 school year and a maximum of $13,454 per certificated staff unit in the 1992-93 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of $318 for the 1991-92 school year and $318 per year for the 1992-93 school year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1990-91 school year.

(8) The superintendent may distribute a maximum of $4,690,000 outside the basic education formula during fiscal years 1992 and 1993 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $386,000 may be expended in fiscal year 1992 and a maximum of $398,000 may be expended in fiscal year 1993.

(b) For summer vocational programs at skills centers, a maximum of $1,766,000 may be expended in fiscal year 1992 and a maximum of $1,856,000 may be expended in fiscal year 1993.

(c) A maximum of $284,000 may be expended for school district emergencies.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 5.6 percent from the 1990-91 school year to the 1991-92 school year, and 5.0 percent from the 1991-92 school year to the 1992-93 school year.

(10) A maximum of $2,450,000 may be expended in the 1991-92 fiscal year and a maximum of $2,450,000 may be expended in the 1992-93 fiscal year for high technology vocational equipment for secondary vocational education programs and skill centers.

(11)(a) Funds provided under subsection (2)(a)(ii) of this section in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(c), shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(c), if greater.

(b) Districts at or above 51.0 certificated instructional staff per one thousand full time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district's staff ratio under subsection (11)(a) and (c) of this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year.

(c) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3 may use allocations generated under subsection (2)(a)(ii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(c) to employ additional basic education certificated staff or classified instructional assistants in grades 4-6. Funds allocated under this section shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants.
(12) The superintendent of public instruction shall study the rate of staff per student if current levels of certificated instructional staffing and paraprofessionals are counted together as "classroom resources." A report identifying "classroom resource" per pupil rates shall be provided to the appropriate fiscal and policy committees of the house of representatives and senate by January 10, 1992.

(c) On the basis of full time equivalent enrollment in vocational education programs and skill center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(b) For all other enrollment in grades K-12, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(c) For each nonhigh school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 21.29 percent in the 1993-94 school year and 21.29 percent in the 1993-94 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 18.73 percent in the 1993-94 school year and 18.73 percent in the 1994-95 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 504 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $7,251 per certificated staff unit in the 1993-94 school year and a maximum of $7,468 per certificated staff unit in the 1994-95 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1992-93 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $4,945,000 outside the basic education formula during fiscal years 1994 and 1995 as follows:

(b) Offer comprehensive export assistance and counseling to manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars. As close to ninety percent as possible of each year's new cadre of clients must have gross annual revenues of less than five million dollars at the time of their initial contract. At least fifty percent of each year's new cadre of clients shall be from timber impact areas as defined in RCW 43.31.601. Counseling may include, but not be limited to, helping clients obtain debt or equity financing, in constructing competent proposals, and assessing federal guarantee and/or insurance programs that underwrite exporting risk; assisting clients in evaluating their international marketplace by developing marketing materials, assessing and selecting targeted markets; assisting firms in finding foreign customers by conducting foreign market research, evaluating distribution systems, selecting and assisting in identification of and/or negotiations with foreign agents, distributors, retailers, and by promoting products through attending trade shows abroad; advising companies on their products, guarantees, and after sales service requirements necessary to compete effectively in a foreign market; designing a competitive strategy for a firm's products in targeted markets and methods of minimizing their commercial and political risks; securing for clients specific assistance as needed, outside the center's field of
expertise, by referrals to other public or private organizations. The Pacific Northwest export assistance project shall focus its efforts on facilitating export transactions for its clients, and in doing so, provide such technical services as are appropriate to accomplish its mission either with staff or outside consultants;

(c) Sign three-year counseling agreements with its clients that provide for termination if adequate funding for the Pacific Northwest export assistance project is not provided in future appropriations. Counseling agreements shall not be renewed unless there are compelling reasons to do so, and under no circumstances shall they be renewed for more than two additional years. A counseling agreement may not be renewed more than once. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the president of the small business export finance assistance center determines there are compelling reasons to release a client from the provisions of the counseling agreement;

(d) May contract with private or public international trade education services to provide Pacific Northwest export assistance project clients with training in international business. The president and board of directors shall decide the amount of funding allocated for educational services based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(e) May contract with the Washington state international trade fair to provide services for Pacific Northwest export assistance project clients to participate in one trade show annually. The president and board of directors shall decide the amount of funding allocated for trade fair assistance based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(f) Provide biennial assessments of its performance. Project personnel shall work with the department of revenue and employment security department to confidentially track the performance of the project's clients in increasing tax revenues to the state, increasing gross sales revenues and volume of products destined to foreign clients, and in creating new jobs for Washington citizens. A biennial report shall be prepared for the governor and legislature to assess the costs and benefits to the state from creating the project. The president of the small business export finance assistance center shall design an appropriate methodology for biennial assessments in consultation with the director of the department of trade and economic development and the director of the Washington state department of agriculture. The department of revenue and the employment security department shall provide data necessary to complete this biennial evaluation, if the data being requested is available from existing data bases. Client-specific information generated from the files of the department of revenue and the employment security department for the purposes of this evaluation shall be kept strictly confidential by each department and the small business export finance assistance center;

(g) Take whatever action may be necessary to accomplish the purposes set forth in RCW 43.210.070 and 43.210.100 through 43.210.120; and

(h) Limit its assistance to promoting the exportation of value-added manufactured goods. The project shall not provide counseling or assistance, under any circumstances, for the importation of foreign made goods into the United States.

(2) The Pacific Northwest export assistance project shall not, under any circumstances, assume ownership or take title to the goods of its clients.

(3) The Pacific Northwest export assistance project may not use any Washington state funds which come from the public treasury of the state of Washington to make loans or to make any payment under a loan guarantee agreement. Under no circumstances may the center use any funds received under RCW 43.210.050 to make or assist in making any loan or to pay or assist in paying any amount under a loan guarantee agreement. Debts of the center shall be center debts only and may be satisfied only from the resources of the center. The state of Washington shall not in any way be liable for such debts.

(4) The Pacific Northwest export assistance project shall make every effort to seek nonstate funds to supplement its operations.

(5) The Pacific Northwest export assistance project shall take whatever steps are necessary to provide its services, if requested, to the states of Oregon, Idaho, Montana, Alaska, and the Canadian provinces of British Columbia and Alberta. Interstate services shall not be provided by the Pacific Northwest export assistance project during its first biennium of operation. The provision of services may be temporary and subject to the payment of fees, or each state may request permanent services contingent upon a level of permanent funding adequate for services provided. Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the
purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund. However, during the 1993-95 fiscal biennium, the receipts of the project shall be deposited into the small business export finance assistance center fund under RCW 43.210.070.

PART V
REAL ESTATE EXCISE TAX

NEW SECTION. Sec. 501. FINDINGS--INTENT. (1) The legislature finds that transfers of ownership of entities may be essentially equivalent to the sale of real property held by the entity. The legislature further finds that all transfers of possession or use of real property should be subject to the same excise tax burdens.
(2) The legislature intends to apply the real estate excise tax of chapter 82.45 RCW to transfers of entity ownership when the transfer of entity ownership is comparable to the sale of real property. The legislature intends to equate the excise tax burdens on all sales of real property and transfers of entity ownership essentially equivalent to a sale of real property under chapter 82.45 RCW.

Sec. 502. RCW 82.45.010 and 1981 c 93 s 1 are each amended to read as follows:
SALE--DEFINED. (1) As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person ((by his) at the purchaser's direction, ((which) and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration. For purposes of this subsection, all acquisitions of persons acting in concert shall be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department of revenue shall adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department shall consider the following:

(a) Persons shall be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(b) When persons are not commonly owned or controlled, they shall be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions shall be considered separate acquisitions.

(3) The term "sale" shall not include:

(a) A transfer by gift, devise, or inheritance((i));

(b) A transfer of any leasehold interest other than of the type mentioned above((i));

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage ((or the assumption by a grantee of the balance owing on an obligation which is secured by a mortgage or deed in lieu of foreclosure of the vendee's interest in a contract of sale where no consideration passes otherwise or ((i)));

(d) The partition of property by tenants in common by agreement or as the result of a court decree((any transfer, conveyance, or));

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation((i));

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof((i));

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration((i));

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed((i));

(l) The sale of any grave or lot in an established cemetery((i));

(m) A sale by ((to the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(The term sale shall further not include)) (n) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or children: PROVIDED, That if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferee, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (1) the transferor and/or the transferor's spouse or children, (2) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (3) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or children, within ((three)) three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes shall become due and payable on the original transfer as otherwise provided by law.
(o) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of section 332, 337, 351, 368(a)(1), 721, or 731 of the Internal Revenue Code of 1986, as amended.

Sec. 503. RCW 82.45.030 and 1969 ex.s. c 223 s 28A.45.030 are each amended to read as follows:

SELLING PRICE--DEFINED. (1) As used in this chapter, the term "selling price" means the true and fair value of the property conveyed. If property has been conveyed in an arm's length transaction between unrelated persons for a valuable consideration, a rebuttable presumption exists that the selling price is equal to the total consideration paid or contracted to be paid to the transferor, or to another for the transferor's benefit.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

(The term) Total consideration shall not include the amount of any outstanding lien or encumbrance in favor of the United States, the state, or a municipal corporation for taxes, special benefits, or improvements.

(4) If the total consideration for the sale cannot be ascertained or the true and fair value of the property to be valued at the time of the sale cannot reasonably be determined, the market value assessment for the property maintained on the county property tax rolls at the time of the sale shall be used as the selling price.

Sec. 504. RCW 82.45.032 and 1986 c 211 s 1 are each amended to read as follows:

REAL ESTATE--REAL PROPERTY--DEFINED. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

The term includes used mobile homes, used floating homes, and improvements constructed upon leased land.

(2) "Used mobile home" means a mobile home which has been previously sold at retail and has been subjected to tax under chapter 82.08 RCW, or which has been previously used and has been subjected to tax under chapter 82.12 RCW, and which has substantially lost its identity as a mobile unit at the time of sale by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe connections with sewer, water, and other utilities.

(3) "Mobile home" means a mobile home as defined by RCW 46.04.302, as now or hereafter amended.

Sec. 602.  RCW 48.14.080 and 1993 c ...(Engrossed Second Substitute Senate Bill No. 5304) s 302 are each amended to read as follows:

**Sec. 603.** 1993 c ... (Engrossed Second Substitute Senate Bill No. 5304) s 495 (uncodified) is amended to read as follows:

2. Sections 301 through 303 of this act, which shall take effect January 1, 1994.

**PART VII**

**RESALE CERTIFICATE ABUSE CURTAILED**

**Sec. 701.** RCW 82.04.470 and 1983 2nd ex.s. c 3 s 29 are each amended to read as follows:

**RESALE CERTIFICATES.** (1) Unless a seller has taken from the (purchaser) buyer a resale certificate (signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide), the burden of proving that a sale of tangible personal property, or of (telephone) service (as defined in RCW 82.04.065), was not a sale at retail shall be upon the person who made it.

2. If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate facts and circumstances according to rules adopted by the department of revenue that show the sale was properly made without payment of sales tax.

3. Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.

4. The department may provide by rule for suggested forms for resale certificates or equivalent documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

5. As used in this section, "resale certificate" means documentation provided by a buyer to a seller stating that the purchase is for resale in the regular course of business, or that the buyer is exempt from retail sales tax, and containing the following information:

   a. The name and address of the buyer;
   b. The uniform business identifier or revenue registration number of the buyer, if the buyer is required to registered;
   c. The type of business engaged in;
   d. The categories of items or services to be purchased for resale or that are exempt, unless the buyer is in a business classification that may present a blanket resale certificate as provided by the department by rule;
   e. The date on which the certificate was provided;
   f. A statement that the items or services purchased either: (i) Are purchased for resale in the regular course of business; or (ii) are exempt from tax pursuant to statute;
   g. A statement that the buyer acknowledges that the buyer is solely responsible for purchasing within the categories specified on the certificate and that misuse of the resale or exemption privilege claimed on the certificate subjects the buyer to a penalty of fifty percent of the tax due, in addition to the tax, interest, and any other penalties imposed by law;
   h. The name of the individual authorized to sign the certificate, printed in a legible fashion;
   i. The signature of the authorized individual; and
   j. The name of the seller.

**NEW SECTION. Sec. 702.** A new section is added to chapter 82.08 RCW to read as follows:

**RESALE CERTIFICATE--PURCHASE AND RESALE.** If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on
the buyer's tax return equal to the cost to the buyer of the property resold upon which retail sales tax has been paid. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

NEW SECTION. Sec. 703. A new section is added to chapter 82.32 RCW to read as follows:

**PENALTY.** Any person who uses a resale certificate to purchase items or services without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item or service. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was properly used for purchases for dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

Sec. 704. RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

**SELLER TO COLLECT TAX.** The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate under RCW 82.04.470.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer.

For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

**PART VIII**

BUSINESS & OCCUPATION AND PUBLIC UTILITY TAX

**DEDUCTIONS FOR CAPITAL CONTRIBUTIONS REPEALED**

NEW SECTION. Sec. 801. EXEMPTION OF AMOUNTS PAID TO POLITICAL SUBDIVISIONS FOR CAPITAL FACILITIES. RCW 82.04.417 and 1969 ex.s.s. c 156 s 1 are each repealed.

**PART IX**

REPEAL OF INSURANCE PREMIUMS TAX CREDIT FOR PAYMENTS TO GUARANTY ASSOCIATIONS

Sec. 901. RCW 48.32.145 and 1977 ex.s.s. c 183 s 1 are each amended to read as follows:

**CREDIT AGAINST PREMIUM TAX.** Every member insurer (which during any calendar year) that prior to April 1, 1993, shall have paid one or more assessments levied pursuant to RCW 48.32.060(1)(c) (as now or hereafter amended) shall be entitled to take, as a credit against any premium tax falling due under RCW 48.14.020, one-fifth of the aggregate amount of such aggregate assessments during such calendar year for each of the five
consecutive calendar years beginning with the calendar year following the calendar year in which such assessments are paid (provided that). Whenever an assessment or uncredited portion (thereof) of an assessment is or becomes less than one thousand dollars, the entire amount may be credited against the premium tax at the next time the premium tax is paid.

This section shall expire January 1, 1999.

Sec. 902. RCW 48.32A.090 and 1990 c 51 s 6 are each amended to read as follows:

CERTIFICATES OF CONTRIBUTION. (1) The association shall issue to each insurer paying an assessment under this chapter certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve (provided that). Unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

100% for the calendar year of issuance;
80% for the first calendar year after the year of issuance;
60% for the second calendar year after the year of issuance;
40% for the third calendar year after the year of issuance;
20% for the fourth calendar year after the year of issuance; and
0% for the fifth and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and (by him) then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

MOTION

Representative G. Fisher moved that the House adopt the Report of the Conference Committee on Second Engrossed Substitute Senate Bill No. 5967 and pass the bill as recommended by the Conference Committee. The motion was carried.

FINAL PASSAGE OF SENATE BILL
AS RECOMMENDED BY CONFERENCE COMMITTEE

The Speaker stated the question before the House to be final passage of Second Engrossed Substitute Senate Bill No. 5967 as recommended by the Conference Committee.

Representative Reams again spoke against the bill.

Representative Miller demanded an oral roll call vote and the demand was sustained.

POINT OF INQUIRY

Representative Silver yielded to a question by Representative Locke.

Representative Locke: Representative Silver, You indicated earlier that through your scrubbing of the budget you could find 900 million dollars of savings and that therefore the 668 million tax package is unnecessary. My question to you is, how much were you proposing to cut from the Department of Agriculture.

Representative Silver: Representative from the 37th District, you know you could have asked me this question in Conference Committee and I would have been delighted to answer it for you. We could have asked a lot of other questions and you and I could of had a really good response along with Nita, and I think we probably would have been a big help to Nita. Senator McDonald and I might have been a big help with Nita in the negotiations with you. We would have had many questions we could probably have resolved. Well, you just think of that for next time and we'll all be in the conference, not just omitting two people.

Representative Locke: Representative Silver, how much were you proposing to cut from the Department of Trade and Economic Development? Representative Silver, how much were you proposing to cut from the State Patrol? Representative Silver, how much were you proposing to cut from higher education and our colleges and universities.

POINT OF INQUIRY

Representative G. Fisher yielded to a question by Representative King

Representative King: Is it your understanding that the cost of the business and occupation tax increase that is collected on payments made by the state on behalf of medicaid patients in nursing homes will be "current funded"?

Representative G. Fisher: Yes, this increase as it relates to medicaid patients will be "current funded". This will insure that the federal government will pay their component of the increased cost.

The rate enhancement increase shall be effective July 1, 1993. To the extent possible, the increase shall recognize the 1982 fair market value of the nursing home's assets as determined by an appraisal contracted by the department of general administration. If necessary, the increase shall be granted from state funds only. In no case shall the annual value of the rate increase exceed $50,000. The rate adjustment in this section shall not be implemented if it jeopardizes federal matching funds for qualifying facilities or the long-term care program in general. Funds may be disbursed on a monthly basis."

On page 1, beginning on line 5 of the title, after "creating" strike "a new section" and insert "new sections"

Centennial Clean Water Fund: Water Quality Account (86-2-007)

The appropriations in this section are subject to the following conditions and limitations:

(1) In awarding grants, extending grant payments, or making loans from these appropriations for facilities that discharge directly into marine waters, the department shall:

(a) Give first priority to secondary wastewater treatment facilities that are mandated by both federal and state law;

(b) Give second priority to projects that reduce combined sewer overflows; and

(c) Encourage economies that are derived from any simultaneous projects that achieve the purposes of both subsections (1) and (2) of this section.

(2) The following limitations shall apply to the department’s total distribution of funds appropriated under this section:

(a) Not more than fifty percent for water pollution control facilities that discharge directly into marine waters;

(b) Not more than twenty percent for water pollution control activities that prevent or mitigate pollution of underground waters and facilities that protect federally designated sole source aquifers with at least two-thirds for the Spokane-Rathdrum Prairie aquifer;

(c) Not more than ten percent for water pollution control activities that protect freshwater lakes and rivers including but not limited to Lake Chelan and the Yakima and Columbia rivers;

(e) Ten percent and such sums as may be remaining from the categories specified in (a) through (d) of this subsection for water pollution control activities or facilities as determined by the department.

(4) The department shall develop and implement a strategy for increasing the percentage of loans from the centennial clean water program.

(5) No later than December 1, 1993, the department of ecology shall provide to the appropriate committees of the legislature an implementation plan for making administrative efficiencies and service improvements to the grant and loan programs currently administered by the department. for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 shall be spent solely for direct acquisition of  
works of art.

**NEW SECTION. Sec. 1006.** The amounts shown under the headings "Prior Biennia," "Future Biennia," and  
"Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

**NEW SECTION. Sec. 1007.** "Reappropriations" in this act are appropriations and, unless the context  
clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations.  
Reappropriations shall be limited to the unexpended balances remaining June 30, 1993, in the 1991-93 biennial  
appropriations for each project.

**NEW SECTION. Sec. 1008.** To carry out the provisions of this act, the governor may assign responsibility  
for predesign, design, construction, and other related activities to any appropriate agency.

**NEW SECTION. Sec. 1009.** As part of the annual update to the state facilities and capital plan, agencies  
shall provide information on lease-development and lease-purchase projects to the office of financial management.

**NEW SECTION. Sec. 1010.** If any federal moneys appropriated by this act for capital projects are not  
received by the state, the department or agency to which the moneys were appropriated may replace the federal  
moneys with moneys available from private or local sources. No replacement may occur under this section without  
the prior approval of the director of financial management in consultation with the senate committee on ways and  
means and the house of representatives committee on capital budget.
NEW SECTION. Sec. 1011. Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

NEW SECTION. Sec. 1012. Notwithstanding any other provisions of law, for the 1993-95 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continuing obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 1013. Any capital improvements or capital project involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the office of financial management and the department of general administration for possible consolidation, collocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 1014. The governor, through the director of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if (1) the project as defined in the notes to the budget document is substantially complete and there are funds remaining or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the director of financial management at least thirty days before the date the transfer is effected, and shall report all transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 1015. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section shall not be expended until the office of financial management has reviewed the agency's predesign and other documents and approved the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management.

The office of financial management shall provide to the house of representatives capital budget committee and the senate ways and means committee a list of the program documents the office has reviewed and approved, changes made to the documents resulting from the review, and the estimated cost changes resulting from the review. Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management.

NEW SECTION. Sec. 1016. Appropriations for design and construction of facilities on higher education branch campuses shall be allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time
equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

**NEW SECTION. Sec. 1017.** (1) Agencies shall expedite the expenditure of reappropriations and appropriations in order to: (a) Rehabilitate infrastructure in a timely manner and prevent further deterioration of public facilities and resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(2) In order to meet the goals of this section, the following conditions apply to appropriations which reference this section:

(a) To the extent feasible, agencies are directed to manage accelerated expenditure rates at the current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(b) Reappropriations which reference this subsection (2)(b) shall lapse on June 30, 1994. In developing the 1995-97 capital budget, the office of financial management shall consider all project requests which have been an element of an appropriation which references this section as a request for a new appropriation.

(3) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 1995:

(a) A listing of reappropriations in the governor's 1995-97 capital budget recommendation that have been reappropriated one or more times and have ten percent or more of the original appropriation unexpended; and

(b) An explanation of why the appropriation remains unexpended.

**NEW SECTION. Sec. 1018.** The higher education coordinating board shall develop and maintain an inventory system to account for all space in the state's higher education system. The institutions of higher education shall provide to the higher education coordinating board a complete inventory of space in the form determined by the higher education coordinating board.

**NEW SECTION. Sec. 1019.** DEPARTMENT OF FISH AND WILDLIFE. On July 1, 1994, all appropriations and all conditions and limitations in this act for the department of fisheries and the department of wildlife shall be provided for the department of fish and wildlife. If Substitute House Bill No. 2055 or substantially similar legislation creating a department of fish and wildlife is not enacted by July 1, 1994, this section shall have no effect.

**NEW SECTION. Sec. 1020.** $1,200,000 of the state and local improvement revolving account--waste disposal facilities and $6,300,000 of the state and local improvement revolving account--waste disposal facilities 1980 are transferred to the water quality account, and shall be used for extended grant payments for public waste disposal facilities that discharge directly into marine waters. The funds shall be subject to the conditions and limitations set forth in section 406 of this act. These funds shall qualify as tax receipts in any calculation under RCW 70.146.080.

**NEW SECTION. Sec. 1021.** The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. No agency may spend any portion of any appropriation in this act for new video telecommunications equipment, new video telecommunications transmission, or new video telecommunications systems without first complying with chapter 43.105 RCW, including but not limited to RCW 43.105.041(2), and without first submitting a video telecommunications equipment expenditure plan, in accordance with the policies of the department of information services, for review and assessment by the department of information services under RCW 43.105.052. Before any such expenditure by a public school, a video telecommunications expenditure plan shall be approved by the superintendent of public instruction. The office of the superintendent of public instruction shall submit the plans to the department of information services in a form prescribed by the department. The office of the superintendent of public instruction shall coordinate the use of the video telecommunications in public schools by providing educational information to local school districts and shall assist local school districts and educational service districts in telecommunications planning and curriculum development. Before any such expenditure by a public institution of postsecondary education, a telecommunications expenditure plan shall be approved by the higher education coordinating board. The higher education coordinating
board shall coordinate the use of video telecommunications for instruction and instructional support in postsecondary education, including the review and approval of instructional telecommunications course offerings.

NEW SECTION, Sec. 1022. The state investment board shall evaluate the feasibility of investing in office buildings expressly built for use by state agencies. The evaluation shall be performed in cooperation with the office of financial management, the department of general administration, and other appropriate state agencies and shall consider financing and construction alternatives to ensure cost-effective facilities for the state and an acceptable return on the investment for the state investment board. The evaluation shall also consider opportunities for collocating and consolidating state agencies under section 1013 of this act. Upon completion of the evaluation, the state investment board shall report its findings to the senate ways and means and house capital budget committees.

Sec. 1023. RCW 90.70.011 and 1990 c 115 s 2 are each amended to read as follows:
