SSB 5963 Prime Sponsor, Committee on Transportation: Providing for priority programming of multimodal solutions to address state highway deficiencies. Reported by Committee on Transportation

MAJORITY recommendation: Do pass with the following amendment:

"Sec. 1. RCW 47.05.010 and 1969 ex.s. c 39 s 1 are each amended to read as follows:

The legislature finds that (anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions) solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as its basis the rational selection of
projects and services according to factual need and an evaluation of life cycle costs and benefits and which are systematically scheduled to carry out defined objectives within available revenue.

The priority programming system shall ensure preservation of the existing state highway system, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system shall implement the state-owned highway component of the state-wide multimodal transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions which address identified state highway system deficiencies.

The priority programming system for improvements shall incorporate a broad range of solutions that are identified in the state-wide multimodal transportation plan as appropriate to address state highway system deficiencies including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs.

Sec. 2. RCW 47.05.021 and 1987 c 505 s 50 are each amended to read as follows:

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) Those state highways which perform no arterial or collector function, which serve only local access functions, and which lack essential state highway characteristics shall be designated "local access" highways.

(3) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission shall designate a system of state highways that have state-wide significance. This state-wide system shall include interstate highways and other state-wide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight
restrictions and road closures which affect the transportation of freight and goods. The first report is due by December 15, 1993, and biennially thereafter.

Sec. 3. RCW 47.05.030 and 1987 c 179 s 2 are each amended to read as follows:

The transportation commission shall adopt (and periodically revise, after consultation with the legislative transportation committee,) a comprehensive six-year (program and financial plan for highway improvements specifying program objectives for each of the highway categories, “A,” “B,” “C,” and “H,” defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs for state highways as determined by the department from time to time. With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission’s program objectives:

1. Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations), and improvements designated in subsections (2) through (4) of this section.

2. Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

3. Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network.

4. Category H shall consist of those improvements necessary to sustain the structural and operational integrity of existing bridges on the highway system (other than bridges on the interstate system or bridge work included in another category because of its association with a highway project in such category). Projects which are financed one hundred percent by federal funds or other agency funds shall, if the commission determines that such work will improve the state highway system, be managed separately from the above categories.) investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).

1. The preservation program shall consist of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The comprehensive six-year investment program for preservation shall identify projects for two years and an investment plan for the remaining four years.

2. The improvement program shall consist of investments needed to address identified deficiencies on the state highway system to improve mobility, safety, support for the economy, and protection of the environment. The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing.

The transportation commission shall approve and present the comprehensive six-year investment program to the legislature in support of the biennial budget request under RCW 44.40.070 and 44.40.080.

Sec. 4. RCW 47.05.035 and 1987 c 179 s 3 are each amended to read as follows:

The transportation commission, in preparing the comprehensive six-year program and financial plan for highway improvements, shall allocate the estimated funds among categories A, B, C, and H.) In developing program objectives and performance measures, the transportation commission shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the commission shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.
The commission shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

1. The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;
2. The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;
3. The continuity of future transportation development with those previously programmed; and
4. The availability of dedicated funds for a specific type of work.

The commission in preparing the comprehensive six-year program and financial plan shall establish program objectives for each of the highway categories, A, B, C, and H.)

Sec. 5. RCW 47.05.051 and 1987 c 179 s 5 are each amended to read as follows:

1. The comprehensive six-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(3) and priority selection of program objectives established for each category. The commission using the criteria set forth in RCW 47.05.030, as now or hereafter amended, shall determine the category of each highway improvement.

2. Selection of specific category A and H projects for the six-year systems that incorporate the following criteria:

(a) Extending the service life of the existing highway system;
(b) Ensuring the structural ability to carry loads imposed upon highways and bridges;
(c) Its capacity to move traffic at reasonable speeds without undue congestion;
(d) Its adequacy of alignment and related geometrics;
(e) Its accident experience; and
(f) Its fatal accident experience.

3. Selection of specific category B projects for the six-year program shall be based on commission established priorities for completion and preservation of the interstate system.

4. In selecting each category A and H project as provided in subsection (2) of this section, the following criteria following, not necessarily in order of importance, shall be taken into consideration:

(a) Support for the state's economy, including job creation and job preservation;
(b) The cost-effective movement of people and goods;
(c) Accident and accident risk reduction;
(d) Protection of the state's natural environment;
(e) Continuity and systematic development of the highway transportation network;
(f) Coordination with the development of other modes of transportation;
(g) The stated long range goals of the local area and its transportation plan;
(h) Its potential social, economic, and environmental impacts;
(i) Consistency with local comprehensive plans developed under chapter 36.70A RCW;
(j) Consistency with regional transportation plans developed under chapter 47.80 RCW;
(k) Public views concerning proposed improvements;
The conservation of energy resources (and the capacity of the transportation corridor to move people and goods safely and at reasonable speeds); Feasibility of financing the full proposed improvement; commitments established in previous legislative sessions; relative costs and benefits of candidate programs; major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding; and major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

The commission (in selecting any project for improvement in categories A, B, C, or H) may depart from the priority (of projects so) programming established under subsections (1) and (2) of this section: (a) the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority (of projects). The comprehensive six-year program and financial plan for highway improvements shall be revised biennially pursuant to RCW 47.05.040 as now or hereafter amended. The adopted program and plan shall be extended for an additional two years, to six years in the future, effective on July 1st of each odd-numbered year.

NEW SECTION. Sec. 6. A new section is added to chapter 47.05 RCW to read as follows:

(1) A seller shall collect the retail sales tax on all sales of services defined as retail sales, except sales of services defined as a retail sale under RCW 82.04.050(4) that are not made in this state. A sale is made in this state for purposes of this chapter if the benefit of the service is received in this state. The benefit of a service shall be presumed to be received in this state:
(a) If the service relates only to real property located in this state;
(b) If the service relates only to tangible personal property located in this state at the time the service is performed;
(c) If the service relates only to an individual residing in this state;
(d) If the service relates to any person doing business only in this state; or
(e) Any combination of the criteria in (a) through (d) of this subsection.
(2) If none of the provisions of subsection (1) of this section apply, the buyer may elect to remit the sales tax due on the receipt of the benefit of the service in this state after apportioning the tax in the manner provided under section 116 of this act. If the buyer makes this election, the buyer must provide the seller with a certificate stating that the buyer has made this election and remit the tax due with the buyer's next regularly scheduled return. The department shall adopt rules providing the form and information required to be on the certificates.
(3) Notwithstanding the provisions of subsection (1) or (2) of this section, the department may establish by rule the criteria by which a buyer may demonstrate that the benefit of a service is not received in this state.
(4) If a transaction involves both the sale of a service taxable under this chapter and the provision of a service not taxable under this chapter, the charges shall be separately identified and stated with respect to the
taxable and nontaxable portions of the transaction. Failure to separately state the charges shall create a presumption that the entire transaction is subject to the retail sales tax.

Sec. 114. RCW 82.12.010 and 1985 c 222 s 1 and 1985 c 132 s 1 are each reenacted and amended to read as follows:

USE TAX--DEFINITIONS. For the purposes of this chapter:

(1)(a) "Value of the article used" shall mean the consideration, whether money, credit, rights, or other property except trade-in property of like kind, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the article of tangible personal property, the use of which is taxable under this chapter. The term includes, in addition to the consideration paid or given or contracted to be paid or given, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used shall be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules ((and regulations)) as the department of revenue may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used shall be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules ((and regulations)) as the department of revenue may prescribe(( PROVIDED, That)). In case any such articles of tangible personal property are used in respect to the retail selling price when first offered for sale; or (((b)) (b)) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than ninety days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used shall be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW on the full value of the article used, as defined in (the first paragraph) (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used shall be determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used shall be determined by: (((a))) (i) The retail selling price of such new or improved product when first offered for sale; or (((b))) (b) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(2) "Value of the service used" shall mean the consideration, whether money, credit, rights, or other property, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the service, the value of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value of the service, the value of the service used shall be determined as nearly as possible according to the selling price at the place of use of similar services under rules prescribed by the department of revenue:

(3) "Use," "used," "using," or "put to use" shall have their ordinary meaning, and shall mean:

(a) With respect to tangible personal property, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within this state.

(b) With respect to a service defined as a retail sale, the receipt in this state by the taxpayer of any part of the benefit afforded the service:
Sec. 115. RCW 82.12.020 and 1983 c 7 s 7 are each amended to read as follows:

USE TAX. (1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of receiving the benefit of any service defined as a retail sale or of using within this state as a consumer any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280(( subsections)) (2) or (7). (This tax will not apply with respect to the use of any article of tangible personal property purchased, extracted, produced or manufactured outside this state until the transportation of such article has finally ended or until such article has become commingled with the general mass of property in this state.)

(2) This tax shall apply to the receipt of any service defined as a retail sale or the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) Except as provided in RCW 82.12.0252, payment by one purchaser or user of tangible personal property or service defined as a retail sale of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service defined as a retail sale from the taxes imposed by such chapters.

(4) The tax shall be levied and collected in an amount equal to the value of the article or service used by the taxpayer multiplied by the rate in effect for the retail sales tax under RCW 82.08.020(( as now or hereafter amended, in the county in which the article is used)).

NEW SECTION. Sec. 116. A new section is added to chapter 82.12 RCW to read as follows:

USE TAX--WHERE BENEFIT OF SERVICE OCCURS. (1) The receipt of the benefit of a service in this state occurs:

(a) If the service relates only to real property in this state; or
(b) If the service relates only to tangible personal property in this state at the time of the service; or
(c) If the service relates only to an individual residing in this state; or
(d) If the service relates to any person doing business only in this state; or
(e) Any combination of the criteria in (a) through (d) of this subsection.

(2) If the service relates to any person required to be registered to do business in this state, and the value of the service required to be apportioned to this state under subsection (3) of this section is less than the lesser of five percent of the total value of the service or twenty-five thousand dollars, the buyer shall not be required to calculate and remit the tax on that service.

(3) If subsection (1) or (2) of this section are not applicable, and the buyer of the service is doing business both inside and outside of this state, the service shall be presumed to be received in this state to the extent that the buyer is doing business in this state. The amount of the service that is taxable in this state shall be determined by multiplying the price of the service by a percentage that represents the extent of the buyer's business in this state. For purposes of determining the extent of the buyer's business in this state, the following apportionment formula shall be used:

(a) The value of the service shall be apportioned by an apportionment fraction composed of a sales factor representing fifty percent of the fraction, a property factor representing twenty-five percent of the fraction, and a payroll factor representing twenty-five percent of the fraction. If the denominator for any one of the factors is zero or are insignificant, the weighted percentage for the other denominators shall be increased proportionately; if the
denominators for any two of the factors are zero or are insignificant, the weighted percentage for the other denominator shall be one hundred percent;

(b) The property factor is a fraction the numerator of which is the average value of the buyer's real and tangible personal property owned or rented and used in this state during the taxable year or period and the denominator of which is the average value of such property owned or rented and used everywhere;

(i) Real and tangible personal property owned by the buyer shall be valued at original cost. Real and tangible personal property rented by the taxpayer shall be valued at eight times the net annual rental rate paid by the taxpayer less any annual rental rate received from subrentals;

(ii) The average value of real and tangible personal property shall be determined by averaging the value at the beginning and the end of the taxable year or period, unless the department determines that an averaging of monthly values during the taxable year or period is reasonably required to properly reflect the average value of the taxpayer's real and tangible personal property;

(c) The payroll factor is a fraction the numerator of which is the total amount paid in this state during the taxable year or period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the taxable year or period;

(i) As used in this subsection, the term "compensation" means wages, salaries, commissions, and any other form of remuneration paid to employees for personal services;

(ii) Compensation is paid in this state if:

(A) The employee's service is performed entirely within this state; or

(B) The employee's service is performed both within and without the state, but the service performed without the state is incidental to the employee's service within the state; or

(C) Some of the employee's service is performed in the state and the base of operations or the place from which the service is directed or controlled is within this state, or the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed and the employee's residence is in any state;

(d) The sales factor is a fraction the numerator of which is the total sales of the taxpayer in this state during the taxable year or period and the denominator of which is the total sales of the taxpayer everywhere during the taxable year or period.

(4) The department may, by rule, alter the components of the apportionment factors in subsection (3) of this section to be consistent with uniform rules for apportionment or allocation developed by the states for particular industries.

(5) The department may establish by rule the criteria by which a buyer may demonstrate that the benefit of a service is not received in this state.

NEW SECTION. Sec. 117. A new section is added to chapter 82.32 RCW to read as follows:

SALES BEFORE EFFECTIVE DATE. If a service is initially taxable as of the effective date of this section, and the service is received prior to that date, it is not subject to tax under chapter 82.08, 82.12, or 82.14 RCW, notwithstanding that compensation for the service is paid or payable on or after that date. If the service is received on or after the effective date of this section, the service shall be taxed unless it was paid in full before March 1, 1993. If the service is received over a period of time beginning prior to the effective date of this section and ending after that date, and full payment for the service has not been made before March 1, 1993, the service shall be taxed only upon that portion of the service received on or after the effective date of this section. If the service is performed under a contract signed prior to March 1, 1993, and such contract does not allow the seller to add the retail sales taxes imposed under chapter 82.08, 82.12, or 82.14 RCW to the contract price, the taxes imposed under those chapters on services may not be imposed on that contract. If the contract is signed between March 1, 1993, and July 1, 1993, and does not allow the seller to add retail sales taxes to the price or increase the price for use taxes due, and the seller can show by clear, cogent, and convincing evidence that the contract was not signed to avoid the sales and use taxes imposed by chapter . . . , Laws of 1993 (this act), no such taxes shall be imposed.

Sec. 118. RCW 82.04.480 and 1975 1st ex.s. c 278 s 44 are each amended to read as follows:

AGENT. Every consignee, bailee, factor, or auctioneer having either actual or constructive possession of tangible personal property, or having possession of the documents of title thereto, with power to sell such tangible personal property in his or its own name and actually so selling, and every agent with power to sell a service defined as a retail sale in the agent's own name and actually so selling, shall be deemed the seller of such tangible personal
property or service within the meaning of this chapter; and further, the consignor, bailor, principal, or owner shall be deemed a seller of such property or service to the consignee, bailee, factor, (or) auctioneer, or agent.

The burden shall be upon the taxpayer in every case to establish the fact that he or she is not engaged in the business of selling tangible personal property or service but is acting merely as broker or agent in promoting sales for a principal. Such claim will be allowed only when the taxpayer's accounting records are kept in such manner as the department of revenue shall by general ((regulation)) rule provide.

Sec. 119. RCW 82.08.090 and 1975 1st ex.s. c 278 s 49 are each amended to read as follows:
INSTALLMENT SALES AND LEASES. In the case of installment sales and leases of personal property or services defined as retail sales, the department of revenue, by ((regulation)) rule, may provide for the collection of taxes upon the installments of the purchase price, or amount of rental, as of the time the same fall due.

Sec. 120. RCW 82.12.0252 and 1980 c 37 s 52 are each amended to read as follows:
EXEMPTIONS--TAX PAID. The provisions of this chapter shall not apply in respect to the use of any article of tangible personal property or service defined as a retail sale purchased at retail or acquired by lease, gift or bailment if the sale thereof to, or the use thereof by, the present user or ((his)) the user's bailor or donor has already been subjected to the tax under chapter 82.08 or 82.12 RCW and such tax has been paid by the present user or by his bailor or donor; or in respect to the use of property acquired by bailment and such tax has once been paid based on reasonable rental as determined by RCW 82.12.060 measured by the value of the article at time of first use multiplied by the tax rate imposed by chapter 82.08 or 82.12 RCW as of the time of first use; or in respect to the use of any article of tangible personal property acquired by bailment, if the property was acquired by a previous bailee from the same bailor for use in the same general activity and such original bailment was prior to June 9, 1961.

Sec. 121. RCW 82.12.0255 and 1980 c 37 s 55 are each amended to read as follows:
EXEMPTIONS--NONTAXABLE SERVICE. The provisions of this chapter shall not apply in respect to the use of any article of tangible personal property or service defined as a retail sale which the state is prohibited from taxing under the Constitution of the state or under the Constitution or laws of the United States.

Sec. 122. RCW 82.12.0259 and 1980 c 37 s 59 are each amended to read as follows:
EXEMPTIONS--ARMED FORCES--AID AND RELIEF. The provisions of this chapter shall not apply in respect to the use of tangible personal property or services defined as retail sales by corporations which have been incorporated under any act of the congress of the United States and whose principal purposes are to furnish volunteer aid to members of the armed forces of the United States and also to carry on a system of national and international relief and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, flood, and other national calamities and to devise and carry on measures for preventing the same.

Sec. 123. RCW 82.12.035 and 1987 c 27 s 2 are each amended to read as follows:
USE TAX CREDIT--TAX PAID IN ANOTHER JURISDICTION. A credit shall be allowed against the taxes imposed by this chapter upon the use of tangible personal property or services defined as retail sales in the state of Washington in the amount that the present user thereof or his or her bailor or donor has paid a retail sales or use tax with respect to such property or service to any other state of the United States, any political subdivision thereof, the District of Columbia, and any foreign country or political subdivision thereof, prior to the use of such property or service in Washington.

Sec. 124. RCW 82.12.060 and 1975 1st ex.s. c 278 s 54 are each amended to read as follows:
INSTALLMENT SALES AND LEASES. (1) In the case of installment sales and leases of personal property or services defined as retail sales, the department, by ((regulation)) rule, may provide for the collection of taxes upon the installments of the purchase price, or amount of rental, as of the time the same fall due.

(2) In the case of property acquired by bailment, the department, by ((regulation)) rule, may provide for payment of the tax due in installments based on the reasonable rental for the property as determined under RCW 82.12.010(1).

Sec. 125. RCW 82.08.100 and 1982 1st ex.s. c 35 s 37 are each amended to read as follows:
REPORTING AND TAX RETURNS. (1) The department of revenue, by general ((regulation)) rule, shall provide that a taxpayer whose regular books of account are kept on a cash receipts basis may file returns based upon his or her cash receipts for each reporting period and pay the tax herein provided upon such basis in lieu of reporting and paying the tax on all sales made during such period. A taxpayer filing returns on a cash receipts basis is not required to pay such tax on debts which are deductible as worthless for federal income tax purposes. Absent regular books and records to substantiate the accounting method chosen, returns shall be reported in the same manner as reported for federal income tax purposes. (2) The accounting method for taxes administered under this section shall be uniform for all excise taxes unless a combined method is first approved by the department. (3) A taxpayer may convert its reporting method to a different method that has prior approval by the department if the conversion satisfies the requirement in the rules adopted by the department pertaining to adjustments necessary to account for all income. The department may not withhold its approval unless the taxpayer cannot, for whatever reason, make the necessary adjustments to account for all income. The department may permit adjustments that cause an increase in the income to be amortized over a period not to exceed twelve consecutive months.

NEW SECTION. Sec. 126. RECODIFICATION. RCW 82.08.100, as amended by this act, is recodified as a new section in chapter 82.32 RCW.

Sec. 127. RCW 82.14.030 and 1989 c 384 s 6 are each amended to read as follows:

LOCAL SALES AND USE TAX--EXEMPTIONS. (1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. Except as provided in RCW 82.14.230, this sales and use tax shall not apply to natural or manufactured gas. This sales and use tax shall not apply to the sales of services defined as retail sales under RCW 82.04.050(4). The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). In the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5, chapter 49, Laws of 1982 1st ex. sess., in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). In the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax. In the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 128. RCW 82.14.045 and 1991 c 363 s 158 are each amended to read as follows:

ADDITIONAL LOCAL SALES AND USE TAX--EXEMPTIONS. corporation within a county with a population of one million or more pursuant to chapter 35.58 RCW, may, by

public transportation systems and in lieu of the excise taxes authorized by RCW 35.95.040, submit an authorizing
proposition to the voters or include such authorization in a proposition to perform the function of public transportation
and if approved by a majority of persons voting thereon, fix and impose a sales and use tax in accordance with the
terms of this chapter((: PROVIDED, That)). No such legislative body shall impose such a sales and use tax without
submitting such an authorizing proposition to the voters and obtaining the approval of a majority of persons voting
thereon((: PROVIDED FURTHER, That)). Where such a proposition is submitted by a county on behalf of an
unincorporated transportation benefit area, it shall be voted upon by the voters residing within the boundaries of such
unincorporated transportation benefit area and, if approved, the sales and use tax shall be imposed only within such
area. Notwithstanding any provisions of this section to the contrary, any county in which a county public
transportation plan has been adopted pursuant to RCW 36.57.070 and the voters of such county have authorized the
imposition of a sales and use tax pursuant to the provisions of section 10, chapter 167, Laws of 1974 ex. sess., prior
to July 1, 1975, shall be authorized to fix and impose a sales and use tax as provided in this section at not to exceed

the occurrence of any taxable event within such city, public transportation benefit area, county, or metropolitan
municipal corporation as the case may be, except that no tax on services defined as retail sales under RCW
82.04.050(4) may be imposed under this section. The rate of such tax shall be one-tenth, two-tenths, three-tenths,
four-tenths, five-tenths, or six-tenths of one percent of the selling price (in the case of a sales tax) or value of the
article used (in the case of a use tax). The rate of such tax shall not exceed the rate authorized by the voters unless
such increase shall be similarly approved.

(2)(a) In the event a metropolitan municipal corporation shall impose a sales and use tax pursuant to this
chapter no city, county which has created an unincorporated transportation benefit area, public transportation benefit
area authority, or county transportation authority wholly within such metropolitan municipal corporation shall be
empowered to levy and/or collect taxes pursuant to RCW 35.58.273, 35.95.040, and/or 82.14.045, but nothing herein
shall prevent such city or county from imposing sales and use taxes pursuant to any other authorization.
(b) In the event a county transportation authority shall impose a sales and use tax pursuant to this section,
no city, county which has created an unincorporated transportation benefit area, public transportation benefit area, or
metropolitan municipal corporation, located within the territory of the authority, shall be empowered to levy or collect
taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045.
(c) In the event a public transportation benefit area shall impose a sales and use tax pursuant to this section,
no city, county which has created an unincorporated transportation benefit area, or metropolitan municipal
corporation, located wholly or partly within the territory of the public transportation benefit area, shall be empowered
to levy or collect taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045.
(3) Any local sales and use tax revenue collected pursuant to this section by any city or by any county for
transportation purposes pursuant to RCW 36.57.100 and 36.57.110 shall not be counted as locally generated tax
revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the
proceeds of the motor vehicle excise tax authorized pursuant to RCW 35.58.273.

Sec. 129. RCW 82.14.048 and 1991 c 207 s 1 are each amended to read as follows:
PUBLIC FACILITIES DISTRICT SALES AND USE TAX--EXEMPTION. The governing board of a public
facilities district under chapter 36.100 RCW may submit an authorizing proposition to the voters of the district, and if
the proposition is approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the
terms of this chapter.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be
collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the
occurrence of any taxable event within the public facilities district. This sales and use tax shall not apply to sales of

selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

Moneys received from any tax imposed under this section shall be used for the purpose of providing funds
for the costs associated with the financing, design, acquisition, construction, equipping, operating, maintaining, and
reequipping of sports or entertainment facilities and contiguous parking.
Sec. 130. RCW 82.14.340 and 1991 c 311 s 5 & 1991 c 301 s 16 are each reenacted and amended to read as follows:

LOCAL SALES AND USE TAX FOR CRIMINAL JUSTICE PURPOSES--EXEMPTIONS. The legislative authority of any county with a population of two hundred thousand or more, any county located east of the crest of the Cascade mountains with a population of one hundred fifty thousand or more, and any other county with a population of one hundred fifty thousand or more that has had its population increase by at least twenty-four percent during the preceding nine years, as certified by the office of financial management for the first day of April of each year, may and, if requested by resolution of the governing bodies of cities in the county with an aggregate population equal to or greater than fifty percent of the total population of the county, as last determined by the office of financial management, shall submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such county. This sales and use tax shall not apply to the sales of services defined as retail sales under RCW 82.04.050(4). The rate of tax shall equal one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

When distributing moneys collected under this section, the state treasurer shall distribute ten percent of the moneys to the county in which the tax was collected. The remainder of the moneys collected under this section shall be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county shall receive that proportion that the unincorporated population of the county bears to the total population of the county and each city shall receive that proportion that the city incorporated population bears to the total county population.

Moneys received from any tax imposed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures. Moneys received by the county and the cities within the county from any tax imposed under this section may be expended for domestic violence community advocates, as defined in RCW 70.123.020, if, prior to July 28, 1991, and prior to approval of the voters, the legislative authority of the county, which submitted an authorizing proposition to the voters of the county, adopted by ordinance a financial plan that included expenditure of a portion of the moneys received for domestic violence community advocates. 

((This section expires January 1, 1994.))

The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund.

(6) The taxes imposed in this section do not apply to:

NEW SECTION. Sec. 402. A new section is added to chapter 82.04 RCW to read as follows:

PART V

Sec. 501. RCW 82.04.470 and 1983 2nd ex.s. c 3 s 29 are each amended to read as follows:

RESALE CERTIFICATES. (1) Unless a seller has taken from the purchaser a resale certificate ((signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide)), the burden of proving that a sale of tangible personal property, or of ((telephone)) services ((as defined in RCW 82.04.065)), was not a sale at retail shall be upon the person who made it.

(2) If a seller does not receive a resale certificate at the time of the sale, have a resale certificate on file at the time of the sale, or obtain a resale certificate from the buyer within a reasonable time after the sale, the seller shall remain liable for the tax as provided in RCW 82.08.050, unless the seller can demonstrate according to rules adopted by the department of revenue that the sale was properly made without payment of sales tax.

(3) Resale certificates shall be valid for a period of four years from the date the certificate is provided to the seller.

(4) The department may provide by rule for suggested forms for resale certificates and the other documents containing the information that will be accepted as resale certificates. The department shall provide by rule the categories of items or services that must be specified on resale certificates and the business classifications that may use a blanket resale certificate.

(5) As used in this section, "resale certificate" means a document provided by a buyer to a seller at the time of sale stating that the purchase is for resale in the regular course of business, or that the buyer is exempt from retail sales tax, and containing the following information:

(a) The name and address of the buyer;
(b) The uniform business identifier or revenue registration number of the buyer, if the buyer is required to registered;
(c) The type of business engaged in;
(d) The categories of items or services to be purchased for resale or that are exempt, unless the buyer is in a business classification that may present a blanket resale certificate as provided by the department by rule;
(e) The date on which the certificate was provided;
(f) A statement that the items or services purchased either: (i) Are purchased for resale in the regular course of business; or (ii) are exempt from tax pursuant to statute;
(g) A statement that the buyer acknowledges that the buyer is solely responsible for purchasing within the categories specified on the certificate and that misuse of the resale or exemption privilege claimed on the certificate subjects the buyer to a penalty of fifty percent of the tax due, in addition to the tax, interest, and any other penalties imposed by law;

(h) The name of the individual authorized to sign the certificate, printed in a legible fashion;
(i) The signature of the authorized individual; and
(j) The name of the seller.

NEW SECTION. Sec. 502. A new section is added to chapter 82.08 RCW to read as follows:

RESALE CERTIFICATE--PURCHASE AND RESALE. If a buyer normally is engaged in both consuming and reselling certain types of articles of tangible personal property and is not able to determine at the time of purchase whether the particular property acquired will be consumed or resold, the buyer may use a resale certificate
for the entire purchase if the buyer principally resells the articles according to the general nature of the buyer's business. The buyer shall account for the value of any articles purchased with a resale certificate that are used by the buyer and remit the sales tax on the articles to the department.

A buyer who pays a tax on all purchases and subsequently resells an article at retail, without intervening use by the buyer, shall collect the tax from the purchaser as otherwise provided by law and is entitled to a deduction on the buyer's tax return equal to the cost to the buyer of the property resold. The deduction is allowed only if the taxpayer keeps and preserves records that show the names of the persons from whom the articles were purchased, the date of the purchase, the type of articles, the amount of the purchase, and the tax that was paid. The department shall provide by rule for the refund or credit of retail sales tax paid by a buyer for purchases that are later sold at wholesale without intervening use by the buyer.

**NEW SECTION. Sec. 503.** A new section is added to chapter 82.32 RCW to read as follows:

**PENALTY.** Any person who uses a resale certificate to purchase items without payment of sales tax and who is not entitled to use the certificate for the purchase shall be assessed a penalty of fifty percent of the tax due, in addition to all other taxes, penalties, and interest due, on the improperly purchased item. The department may waive the penalty imposed under this section if it finds that the use of the certificate was due to circumstances beyond the taxpayer's control or if the certificate was used for purchases for dual purposes. The department shall define by rule what circumstances are considered to be beyond the taxpayer's control.

**Sec. 504.** RCW 82.08.050 and 1992 c 206 s 2 are each amended to read as follows:

**SELLER TO COLLECT TAX.** The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax, unless the seller has taken from the buyer in good faith a properly executed resale certificate as provided in RCW 82.04.470.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.
NEW SECTION. Sec. 601. EXEMPTION OF AMOUNTS PAID TO POLITICAL SUBDIVISIONS FOR CAPITAL FACILITIES. RCW 82.04.417 and 1969 ex.s. c 156 s 1 are each repealed.

PART VII

CREDIT AGAINST PREMIUM TAX. Every member insurer (which during any calendar year) that prior to April 1, 1993, shall have paid one or more assessments levied pursuant to RCW 48.32.060(1)(c) ((as now or hereafter amended)) shall be entitled to take, as a credit against any premium tax falling due under RCW 48.14.020, one-fifth of the aggregate amount of such aggregate assessments during such calendar year for each of the five consecutive calendar years beginning with the calendar year following the calendar year in which such assessments are paid((PROVIDED, That)). Whenever an assessment or uncredited portion ((thereof)) of an assessment is or becomes less than one thousand dollars, the entire amount may be credited against the premium tax at the next time the premium tax is paid.

This section shall expire January 1, 1999.

Sec. 702. RCW 48.32A.090 and 1990 c 51 s 6 are each amended to read as follows:

(1) The association shall issue to each insurer paying an assessment under this chapter certificates of contribution, in appropriate form and terms as prescribed or approved by the commissioner, for the amounts so paid into the respective funds. All outstanding certificates against a particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution issued prior to April 1, 1993, shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve((PROVIDED, That)). Unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:
100% for the calendar year of issuance;
80% for the first calendar year after the year of issuance;
60% for the second calendar year after the year of issuance;
40% for the third calendar year after the year of issuance;
20% for the fourth calendar year after the year of issuance; and
0% for the fifth and subsequent calendar years after the year of issuance.
Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and then deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

There is hereby appropriated to Seattle community college district the sum of six hundred thousand dollars for building renovation at the Seattle vocational institute, and one hundred fifty thousand dollars for the purchase of equipment, to establish the Juddkins park community job skills center. The purpose of the community job skills center is to establish three programs for preparing the skilled work force anticipated to be needed to meet future transportation job openings in the Puget Sound region: apprenticeship preparation, vocational skill training, and basic skills and applied academics. It is the intent of the legislature that recruitment into the programs will focus on high school-age students; under-employed and unemployed adults, and those returning to the workforce; and people of color.

The appropriation in this section is contingent upon additional transportation revenue being available for this purpose, either from the federal intermodal surface transportation and efficiency act, or from enhanced state revenue enacted during the 1993 legislative session. General Fund--State Appropriation $11,394,000

The appropriation in this section is subject to the following conditions and limitations:

(1) $1,704,000 is provided solely to pay the increased retirement contributions resulting from House Bill No. 2128 (plan I postretirement adjustment). If House Bill No. 2128 (plan I postretirement adjustment), or substantially similar legislation providing for a postretirement adjustment of one dollar per month per year of service for certain members of plan I of the public employees' and teachers' retirement systems, is not enacted by June 30, 1993, the amount provided in this subsection shall lapse. If such legislation is enacted, the superintendent of public instruction shall adjust the retirement contribution rates for allocation purposes for the 1993-94 and 1994-95 school years by .0003 for the PERS rate, and by .0004 for the TRS rate.

(2) $8,883,000 is provided solely to pay the increased retirement contributions necessary to continue the cost of living adjustment for members of plan I of the teachers' and public employees' retirement systems that was provided in section 711, chapter 232, Laws of 1992 (uncodified). (3) $807,000 is provided solely to pay the increased retirement contributions resulting from House Bill No. 2122 (early retirement). If House Bill No. 2122, or substantially similar legislation providing for early retirement for certain members of plan I of the public employees' and teachers' retirement systems, is not enacted by June 30, 1993, the amount provided in this subsection shall lapse. If such legislation is enacted, the superintendent of public instruction shall adjust the retirement contribution rates for allocation purposes for the 1993-94 and 1994-95 school years by .0001 for the PERS rate, and by .0002 for the TRS rate.

NEW SECTION. Sec. 519. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

(1) The superintendent of public instruction shall reduce allocations to school districts by $8,609,000 to reflect the reduction in retirement contribution rates required for the teachers’ and public employees’ retirement systems pursuant to House Bill No. 2126 (pension contribution rates). If House Bill No. 2126 (pension contribution rates) is enacted, the superintendent shall adjust the retirement contribution rates for allocation purposes for the 1993-94 and 1994-95 school years by (.0028) for the PERS rate, and by (.0017) for the TRS rate.

(2) The superintendent of public instruction shall reduce allocations to school districts by $2,247,000 to reflect the administrative rate reduction contained in section 132 of this act. The superintendent shall adjust the retirement contribution rates for allocation purposes for the 1993-94 and 1994-95 school years by (.0005) for the department of retirement systems administration rate.

Sec. 520. RCW 28A.165.070 and 1990 c 33 s 150 are each amended to read as follows:

Each school district which has established an approved program shall be eligible, as determined by the superintendent of public instruction, for state funds made available for the purposes of such programs.

(1) For the 1993-94 and 1994-95 school years, the superintendent of public instruction shall distribute funds appropriated for the learning assistance program in accordance with the biennial appropriations act.

(2) For the 1995-96 school year and thereafter and unless modified under subsection (4) of this section, the superintendent of public instruction shall make use of data derived from the basic skills tests in determining the amount of funds for which a district may be eligible. Funds shall be distributed according to the district's total full-time equivalent enrollment in kindergarten through grade nine and the percentage of the district’s students taking the basic skills tests who scored in the lowest quartile as compared with national norms. In making this calculation, the superintendent of public instruction may use an average over the immediately preceding five or fewer years of the district's percentage scoring in the lowest quartile. The superintendent of public instruction shall also deduct the number of students at these age levels who are identified as specific learning disabled and are generating state funds for special education programs conducted pursuant to RCW 28A.155.010 through 28A.155.100, in distributing state funds for learning assistance.

(3) The distribution formula in this section is for allocation purposes only.

(4) The superintendent of public instruction shall recommend to the legislature a new allocation formula for use in the 1995-97 fiscal biennium that uses additional elements consistent with performance-based education and the new assessment system developed by the commission on student learning. The superintendent may request a delay in development of the new allocation formula if the commission's assessment system is not available for use in the 1995-97 biennium.

Sec. 521. RCW 28A.500.010 and 1992 c 49 s 2 are each amended to read as follows:
(1) Commencing with taxes assessed in (1988) 1993 to be collected in calendar year (1989) 1994 and thereafter, in addition to a school district's other general fund allocations, each eligible district shall be provided local effort assistance funds as provided in this section. Such funds are not part of the district's basic education allocation. For the first distribution of local effort assistance funds provided under this section in calendar years (1989) 1994 and 1995, state funds may be prorated (according to the formula in this section) as provided in the omnibus appropriations act.

(2) (a) "Prior tax collection year" shall mean the year immediately preceding the year in which the local effort assistance shall be allocated.

(b) The "state-wide average ((ten)) twelve percent levy rate" shall mean ((ten)) twelve percent of the total levy bases as defined in RCW 84.52.0531(4) summed for all school districts, and divided by the total assessed valuation for excess levy purposes in the prior tax collection year for all districts as adjusted to one hundred percent by the county indicated ratio established in RCW 84.48.075.

(c) The "((ten)) twelve percent levy rate" of a district shall mean:

(i) The district's (ten) percent of the district's levy base as defined in RCW 84.52.0531(4), plus one-half of any amount computed under RCW 84.52.0531(3)(b) in the case of nonhigh school districts; divided by

(ii) The district's assessed valuation for excess levy purposes for the prior tax collection year as adjusted to one hundred percent by the county indicated ratio.

(d) "Eligible districts" shall mean those districts with a ((ten)) twelve percent levy rate which exceeds the state-wide average ((ten)) twelve percent levy rate.

(3) Allocation of state matching funds to eligible districts for local effort assistance shall be determined as follows:

(a) Funds raised by the district through maintenance and operation levies during that tax collection year shall be matched with state funds using the following ratio of state funds to levy funds: (i) The difference between the district's (ten) percent levy rate and the state-wide average ((ten)) twelve percent levy rate; and (ii) the state-wide average ((ten)) twelve percent levy rate.

(b) The maximum amount of state matching funds for which a district may be eligible in any tax collection year shall be ((ten)) twelve percent of the district's levy base as defined in RCW 84.52.0531(4), multiplied by the following percentage: (i) The difference between the district's ((ten)) twelve percent levy rate and the state-wide average ((ten)) twelve percent levy rate; divided by (ii) the district's ((ten)) twelve percent levy rate.

(4) (a) Through tax collection year 1992, fifty-five percent of local effort assistance funds shall be distributed to qualifying districts during the applicable tax collection year on or before June 30 and forty-five percent shall be distributed on or before December 31 of any year.

(b) In tax collection year 1993 and thereafter, local effort assistance funds shall be distributed to qualifying districts as follows:

((ii)) (a) Thirty percent in April;

((ii)) (b) Twenty-three percent in May;

((ii)) (c) Two percent in June;

((ii)) (d) Twenty-six percent in October;

((ii)) (e) Seventeen percent in November; and

((ii)) (f) Two percent in December.

Sec. 522. RCW 28A.310.020 and 1990 c 33 s 270 are each amended to read as follows:

The state board of education upon its own initiative, or upon petition of any educational service district board, or upon petition of at least half of the district superintendents within an educational service district, or upon request of the superintendent of public instruction, may make changes in the number and boundaries of the educational service districts, including an equitable adjustment and transfer of any and all property, assets, and liabilities among the educational service districts whose boundaries and duties and responsibilities are increased and/or decreased by such changes, consistent with the purposes of RCW 28A.310.010(Provided. That no reduction in the number of educational service districts will take effect without a majority approval vote by the affected school directors voting in such election by mail ballot). Prior to making any such changes, the state board shall hold at least one public hearing on such proposed action and shall consider any recommendations on such proposed action.

The state board in making any change in boundaries shall give consideration to, but not be limited by, the following factors: (1) Size, population, topography, and climate of the proposed district; and (2) costs associated with the governance, administration, and operation of the educational service district system in whole or part.

The superintendent of public instruction shall furnish personnel, material, supplies, and information necessary to enable educational service district boards and superintendents to consider the proposed changes.

NEW SECTION. Sec. 523. A new section is added to chapter 28A.310 RCW to read as follows:

It is the intent of the legislature that the number of educational service districts in western Washington be reduced from five to four, and that the superintendent of public instruction study the desirability of reducing the number of eastern Washington districts. As soon as practicable, the superintendent of public instruction shall
develop a reorganization proposal and submit the proposal to the state board of education, together with a request under RCW 28A.310.020, that the number of western Washington educational service districts be reduced to four.

Sec. 524. RCW 84.52.0531 and 1992 c 49 s 1 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1992, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1991.

(2) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350: PROVIDED, That when determining the basic education allocation under subsection (4) of this section, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.545 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district's levy base as defined in subsection (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district's basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(i) Pupil transportation;

(ii) Handicapped education;

(iii) Education of highly capable students;

(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;

(v) Food services; and

(vi) State-wide block grant programs; and

(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For excess levies for collection in calendar year 1993 and thereafter, a district's maximum levy percentage shall be determined as follows:

(a) Multiply the district's maximum levy percentage for the prior year by the district's levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (6) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district's levy base to compute a new percentage;

((and))

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district's maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 and 1995, the maximum levy rate shall be the district's maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1996, the prior year shall mean 1993.

(6) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsection (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy
reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(7) For the purposes of this section, "prior school year" shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(8) For the purposes of this section, "current school year" shall mean the year immediately following the prior school year.

(9) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

PART VI
HIGHER EDUCATION

NEW SECTION. Sec. 601. HIGHER EDUCATION. The appropriations in sections 602 through 610 of this act are subject to the following conditions and limitations:

(1) "Institutions of higher education" means the institutions receiving appropriations under sections 602 through 608 of this act.

(2) The general fund--state appropriations in sections 602 through 608 of this act represent significant reductions in current funding levels. In order to provide each institution of higher education with the capability of effectively managing within their unique requirements, some flexibility in implementing these reductions is permitted. This will assure the continuation of the highest quality higher education system possible within available resources.

In establishing spending plans for the next biennium, each institution shall address the needs of its students in keeping with the following directives: (a) Establishing reductions of a permanent nature by avoiding short term solutions; (b) not reducing enrollments more than two percent below budgeted levels; (c) maintaining the current resident to nonresident student proportions; (d) protecting undergraduate programs and support services; (e) protecting assessment activities; (f) protecting minority recruitment and retention efforts; (g) protecting the state's investment in facilities; (h) using institutional strategic plans as a guide for reshaping institutional expenditures; and (i) increasing efficiencies through administrative staff reductions, program consolidation, the elimination of duplication, the use of other resources, and productivity improvements. At the four-year institutions of higher education, productivity improvements shall include increased teaching loads for faculty. Each institution of higher education and the state board for community and technical colleges shall submit a report to the legislative fiscal committees by July 1, 1993, on their spending plans for the 1993-95 biennium. The report should address the approach taken with respect to each of the directives in this subsection. A second report responding to the same directives shall be submitted by November 1, 1993, which describes the implementation of the spending plan and its effects. The July 1, 1993, report submitted by each four-year institution shall include information on faculty teaching loads for the 1992-93 academic year, and the institution's plan to increase teaching loads during the 1993-95 biennium. The November 1, 1993, report submitted by each four-year institution shall include information on the implementation of its increased faculty teaching load plan.

(3) The appropriations in sections 602 through 608 of this act provide state general fund support for student full time equivalent enrollments at each institution of higher education. The state general fund budget is further premised on a level of specific student tuition revenue collected into and expended from the institutions of higher education--general local accounts. Each institution shall enroll no less than two percent below its budgeted biennial average full time equivalent enrollments. If the estimated 1993-95 average biennial full time equivalent student enrollment of an institution as estimated on April 30, 1995, by the office of financial management using spring enrollment reports submitted by the institutions, is more than two percent below the biennial budgeted amount, then an amount equal to the student quality standard, as defined in the legislative budget notes, multiplied by the number of full time equivalent students below the two percent variance shall revert to the state general fund. Listed below are the annual full time equivalent student enrollments by institution assumed in this act.

"Part VIII
Limiting State Revenue

NEW SECTION. Sec. 801. FINDINGS AND DECLARATIONS. The legislature of the state of Washington finds and declares that:

(1) The continued growth in the burden of tax levies and other revenue generating assessments imposed on the citizens and businesses of the state of Washington and the corresponding growth in state government is contrary to the interests of the people of the state of Washington.

(2) It is necessary to reaffirm the people's will to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as required by Article IX, section 1 of the state Constitution.

(3) During periods of severe economic downturns or fiscal emergencies, receipts of state revenue collections may decline below the state revenue collection limit established in this chapter and, therefore, it is necessary and vital for the state of Washington to maintain an adequate reserve of state revenue collections to provide a resource for the stable financing of essential state services during such periods.

(4) A state tax limitation was passed by a vote of the people at the November 6, 1979, state general election. However, because of a high base calculation, that state tax limitation has not been effective in carrying out the intent of the people to limit revenues and the growth of state government.

NEW SECTION. Sec. 802. INTENT. It is the intent of the legislature of the state of Washington to:

(1) Establish a limitation that will assure that the growth rate of state revenue collections does not exceed an established percentage of the economy as represented by total state personal income;

(2) Reaffirm that the state shall not impose upon any political subdivision of the state the responsibility for new programs, programs previously offered by the state, or increased levels of service unless the costs of these programs or services are paid or reimbursed by the state;

(3) Provide for adjustment of the state revenue collection limit when the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease in state revenue collections;

(4) Establish a responsible and fiscally sound revenue reserve fund for use in severe economic downturns or fiscal emergencies;

(5) Establish procedures for the disposition of amounts gathered in excess of this limit;

(6) Establish procedures for use when estimated state revenues collections fall below the state revenue collection limit; and

(7) Establish procedures for exceeding this limit in emergency situations.

NEW SECTION. Sec. 803. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

funds maintained or deposited outside the state treasury. Unless otherwise stated to the contrary, the following shall not be included in this definition:

(a) Moneys received as a gift, grant, donation, aid, or assistance from any person, firm, or corporation, public or private, when the terms and conditions of such gift, grant, donation, aid, or assistance require the application and disbursement of such moneys otherwise than for the general purposes of the state of Washington;

(b) Moneys received as a gift, grant, donation, aid, or assistance from the United States or any department, agency, bureau, or corporation of the United States;

Upon computing the limitation factor, the economic and revenue forecast supervisor shall make and file with the secretary of state, a certificate containing the results of the computation and any amendment or adjustment thereof. Copies of the certificate shall be sent to each elected official of the state and each member of the legislature.

NEW SECTION. Sec. 805. STATE REVENUE COLLECTION LIMIT--CALCULATION. (1) Unless otherwise provided for in this chapter, the state revenue collection limit for the fiscal year beginning July 1, 1993, and for each fiscal year thereafter, shall be the limitation factor multiplied by the total state personal income for the fiscal year for which the limit is being calculated.

(2) To establish the revenue collection limit for the fiscal year beginning July 1, 1993, the economic and revenue forecast supervisor shall use total state personal income as published by the United States department of commerce, bureau of economic analysis, or its successor, and as reported in the November 1992 official economic and revenue forecast prepared under RCW 82.33.020. For each fiscal year thereafter, the state revenue collection limit shall be established by the economic and revenue forecast supervisor on November 20 of the year immediately preceding the fiscal year for which the limit is being calculated.

NEW SECTION. Sec. 806. REVENUE MEASURES--ESTIMATED STATE REVENUE COLLECTIONS TO BE WITHIN LIMIT. Except as otherwise provided for in this chapter, all state revenue measures from which state revenue collections are derived shall be imposed, levied, or set by law or rule in such a manner that estimated state revenue collections for each fiscal year will not exceed the state revenue collection limit established for the corresponding fiscal year.

NEW SECTION. Sec. 807. EXPENDITURE REQUIREMENTS. (1) The state shall not expend funds derived from state revenue collections for any fiscal year in excess of the state revenue collection limit established for the corresponding fiscal year.
(2) Except pursuant to an appropriation provided for a declaration of emergency under section 810 of this act, the state treasurer shall not issue or redeem any check, warrant, or voucher from funds derived from state revenue collections that would result in an expenditure for any fiscal year in excess of the state revenue collection limit for the corresponding fiscal year. A violation of this subsection constitutes a violation of RCW 43.88.290.

(3) In addition to the penalties provided in RCW 43.88.300 for a judgment against the state treasurer for violating RCW 43.88.290, the attorney general may take civil action for such violations.

NEW SECTION.  Sec. 808.  REVENUE RESERVE FUND.  (1) A revenue reserve fund is created in the custody of the state treasurer. Only the state treasurer may transfer moneys to or from the fund as provided in this chapter. On the effective date of sections 801 through 816 and section 819 of this section, all funds currently contained, or on deposit, in the budget stabilization account created under RCW 43.88.525 shall be transferred into the revenue reserve fund.

(2) The state treasurer is authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any state revenue collections in excess of the state revenue collection limit. Deposits authorized under this subsection shall be made on the last day of each fiscal year based on estimated state revenue collections for that fiscal year.

(3) Upon the completion of any fiscal year for which there is an undesignated fund balance, the state treasurer is hereby authorized to and shall transfer to the revenue reserve fund a sum equal to the amount of any undesignated fund balance.

(4) The state treasurer is authorized to and shall transfer to the revenue reserve fund any other amounts the legislature may from time to time direct to be deposited or transferred into the fund.

(5) The balance of the revenue reserve fund at the end of a fiscal year shall not exceed two and one-half percent of the immediately preceding fiscal year's state revenue collection limit. Any amount in excess of this two and one-half percent limit shall be transferred by the state treasurer to the general obligation debt reduction account.

NEW SECTION.  Sec. 809.  ESTIMATED STATE REVENUE COLLECTIONS BELOW LIMIT--PROCEDURES FOR IMPOSITION OF REVENUE MEASURES.  (1) If, at the time the state revenue collection limit is established as required by section 805(2) of this act, the estimated state revenue collections for the corresponding fiscal year are projected to be below the state revenue collection limit, the state treasurer shall immediately transfer to the state general fund from amounts available in the revenue reserve fund a sum equal to the difference between estimated state revenue collections and the state revenue collection limit for use during such fiscal year.

(2) If the procedure required under subsection (1) of this section has been implemented and there remains a difference between the state revenue collection limit and estimated revenue collections, the legislature may, by an affirmative vote of sixty percent of each house, enact revenue measures necessary to generate any sum that is equal to or below the state revenue collection limit less the state revenue collections.

(3) Any revenue measure enacted pursuant to subsection (2) of this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of such revenue measure.

NEW SECTION.  Sec. 810.  WHEN STATE REVENUE COLLECTION LIMIT MAY BE EXCEEDED--CONDITIONS.  (1) The state revenue collection limit may be exceeded upon declaration of an emergency by the governor and a law approved by an affirmative vote of seventy-five percent of each house of the legislature. The declaration of emergency shall set forth the circumstances constituting the emergency and the amount of state revenue collections in excess of the applicable state revenue collection limit necessary to meet the emergency.

(2) A declaration of emergency for the purposes of exceeding the state revenue collection limit shall not exceed twenty-four months.

(3) The state revenue collection limit may be exceeded by an amount no greater than that indicated by the governor in his or her emergency declaration.

(4) The amount of state revenue collections authorized under this section in excess of the state revenue collection limit is not subject to the provisions of section 808(2) of this act.

(5) Revenue measures enacted to meet the costs of an emergency under this section may be imposed, levied, or set by law or rule for a period not to exceed twenty-four months from the effective date of the revenue measures. However, all revenue measures enacted to meet the cost of an emergency under this section shall expire immediately upon the expiration of the declaration of emergency.

NEW SECTION.  Sec. 811.  STATE REVENUE COLLECTION LIMIT--ADJUSTMENTS.  (1) If by order of any court, the costs of a federal, state, or political subdivision program, service, project, facility, or activity are transferred in such a manner that the result is an increase or decrease in state revenue collections, the limitation factor shall be adjusted and the state revenue collection limit recalculated as provided in this section. The office of financial management shall determine the total dollar amount of any increase or decrease in state revenue collections caused by such a transfer.
(2) For the purpose of this section, "adjusted limitation factor" means the total dollar amount of any such increase or decrease in state revenue collections for the fiscal year in which the increase or decrease is effective divided by the corresponding fiscal year's total state personal income plus or minus the limitation factor or the most recent adjusted limitation factor.

(3) For the fiscal year in which any such increase or decrease is effective and for each fiscal year thereafter, the state revenue collection limit shall be the adjusted limitation factor multiplied by total state personal income for the fiscal year for which the limit is being recalculated or calculated.

(4) For the fiscal year in which any state revenue collections increase or decrease required by subsection (1) of this section become effective, the state revenue collection limit as adjusted in this section shall be recalculated by the economic and revenue forecast supervisor prior to the beginning of that fiscal year. For the fiscal years thereafter, the state revenue collection limit shall be established by the economic and revenue forecast supervisor on November 20 of the year immediately preceding the fiscal year for which the state revenue collection limit is being calculated.

POINT OF ORDER

Representative Locke: Thank you, Mr. Speaker. I ask that you remind the gentleman to speak to this particular amendment which is talking about a roll back where limitation on revenue and not about collectability of a sales tax on professional services.

SPEAKER'S RULING

I would remind all members to make their remarks germane to the amendment before us.

POINT OF INQUIRY

Representative Mielke yielded to a question by Representative Heavey.

Representative Heavey: Thank you, Mr. Speaker. Representative Mielke stated that this is a rather straightforward proposal. Referring to page 9, line 18, with the Speaker's permission, it says for the purpose of this section, "adjusted limitation factor" means the total dollar amount in any such increase or decrease in state revenue collection for the fiscal year which the increase or decrease is in effect divided by the corresponding fiscal year total personal income plus or minus the limitation factor or the most recent adjusted limitation factor. It's all one sentence. Could you in a rather straightforward manner explain to me what that means.

Representative Mielke: Absolutely, Mr. Heavey. It's really quite straightforward, in fact if you look at the history of the State of Washington we actually did a really good job of tracking the growth in gross personal income in the state for a long time. The problem is about four years ago we decided not to track it any longer, we decided to raise revenue and spend far in excess of what was going on with gross personal income. This simply goes back and ties the amount of money that this state can collect through all its revenues to gross personal income. I hope that's clear enough.

Representative Fuhrman demanded an electronic roll call vote and the demand was sustained.

ROLL CALL

The Clerk called the roll on adoption of the amendment on page 61, after line 34 of the committee amendment to Second Engrossed Substitute Senate Bill No. 5967 and the amendment was not adopted by the following vote: Yeas - 35, Nays - 63, Absent - 0, Excused - 0.

Representative Jones: Thank you, Representative G. Fisher. On page 6, line 26 subsection (M) of the Revenue committee amendment, it states that rental equipment with an operator will be subject to a sales tax on services. Is it the intent of this language to apply the sales tax when the person hires a commercial freight hauling truck to haul the freight?

Representative G. Fisher: No, it is not.

Representative Jones: Representative Fisher, is it the intent of the amendment to apply sales tax to the circumstance when the person has freight delivered to the person by commercial freight hauling truck?

Representative G. Fisher: No.

Representative Jones: Thank you, Representative G. Fisher.

POINT OF INQUIRY

Representative Dorn yielded to a question by Representative G. Fisher.

Representative G. Fisher: Representative Dorn. The learned Representative from the 12th District in his speech mentioned that this was not the right tax package and for us to come in with a better one. When you talk to him, would you ask him which one it is that he would find more acceptable.

Representative Dorn: I would surely do that, if he would allow me to ask the question.

Representative G. Fisher: And will you also ask the gentleman from the 49th District who said that this tax isn't collectable so we won't bring in enough revenue to fund the budget. How much he believes we need to actually increase revenue to fund the budget.

Representative Dorn: Thank you, Representative G. Fisher for these questions.
POINT OF INQUIRY

Representative Foreman yielded to a question by Representative Dorn.

Representative Dorn: The minority leader has suggested that you write the package. I wonder what tax would be in that package.

Representative Foreman: We need predictability in the tax system, we need a fair tax system and right now we need lower taxes, cut spending, less government, we do not have a deficit, we do not need any tax increase.

- SUBSTITUTE SENATE BILL NO. 5878

With the consent of the House, the House considered the Speaker's ruling on the point of order to Engrossed Senate Bill No. 5508.

SPEAKER'S RULING

In ruling on the point of order raised by Representative Appelwick to the scope and object of amendment 327 offered by Representative Vance and others the Speaker finds that:

Engrossed Senate Bill No. 5508 is an act "relating to child dependency cases" which specifies the criteria for determining when child support may be ordered for children placed in foster care.

Amendment 327 changes provisions governing when child support may be ordered in cases of marriage dissolution.

The Speaker finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.
With the consent of the House, the House considered the Speaker's ruling on the point of order to Engrossed Senate Bill No. 5280.

SPEAKER'S RULING

Representative Vance has raised a point of order to the scope and object of amendment 439, an amendment offered by Representative Dorn and others to the proposed Commerce & Labor committee amendment to Engrossed Senate Bill No. 5280.

The Speaker finds that Engrossed Senate Bill No. 5280 is a measure relating to certificates of competency for registered contractors. It establishes a voluntary certification program for general and specialty contractors, provides for fees, and establishes an advisory committee to assist the Department of Labor & Industries in development, implementation and administration of the program.

Amendment 439 broadens the underlying bill by creating a mandatory certification program for paint and coating applicators, establishing monetary penalties for violation, providing for an appeal process under the administrative procedures act and creating a new account in the custody of the state treasurer.

The Speaker therefore finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

With the consent of the House, the House considered the Speaker's ruling on the point of order to Senate Bill No. 5791.

SPEAKER'S RULING

In ruling on the point of order raised by Representative Appelwick to the scope and object of amendment 417 offered by Representative Vance and others, the Speaker finds that:

Senate Bill No. 5791 is an act relating to "mandatory provisions in child support orders." It is limited to specifying additional provisions that a court must include in every child support order to comply with federal law. Amendment 417 relates to postsecondary educational support for children over the age of eighteen. Postsecondary educational support is not a mandatory provision in child support orders. In addition, the amendment is broader than the underlying bill because it brings in issues that federal law does not require to be included in child support orders.

The Speaker therefore finds that the proposed amendment does change the scope and object of the underlying bill and that the point of order is well taken.

POINT OF PARLIAMENTARY INQUIRY

Representative Miller: Mr. Speaker and members of the House, House rule 19 D, which is based on the requirements of Article II Section 30 of our state constitution, requires any member who has a private interest in a bill before the House to disclose that interest and to be excused from voting on the measure.

Mr. Speaker and members of the House, should Senate Bill No. 5352 as amended by the House become law, a member of my immediate family would be one of what I believe to be between 30 and 100 retirees who would benefit from the act.

Mr. Speaker, under the circumstances, that I have just described, should I be excused from voting on Senate Bill No. 5352?

SPEAKER'S RULING

No, Representative Miller, you should not be excused from voting on Senate Bill No. 5352. House Rule 19 (d) and Article II, Section 30 of the state constitution prohibits members from voting on legislation which affects them individually and uniquely, not as members of a group.

Since the bill in question applies to a category of Washington citizens, and not uniquely to a member of your family, you do not have a private interest within the meaning of our state constitution which would disqualify you from voting.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the proportion of the state budget dedicated to postsecondary educational programs has decreased for two decades. At the same time, major technological, economic, and demographic changes have exacerbated the need for improved training and education to maintain a high-quality, competitive work force, and a well-educated populace to meet the challenges of the twenty-first century. Therefore, the legislature finds that there is increasing need for postsecondary educational opportunities for citizens of the state of Washington.

The legislature declares that the policy of the state of Washington shall be to improve the access to, and the quality of, this state's postsecondary educational system. The budgetary policy of the state of Washington shall be to provide a level of protection and commitment to the state's postsecondary educational system commensurate with the responsibility of this state to the educational and professional improvement of its citizens and work force.

NEW SECTION. Sec. 2. It is the policy of the state of Washington that the essential requirements level budget calculation for institutions of higher education include enrollment levels necessary to maintain, by educational sector, the participation rate funded in the 1993 fiscal year. The participation rate shall be based on the state's estimated population ages seventeen and above by appropriate age groups.

NEW SECTION. Sec. 3. It is the policy of the state of Washington that the governor and legislature, in their budget deliberations, consider adding sufficient incremental enrollment increases to achieve, by the year 2010, the goals, by educational sector, adopted by the higher education coordinating board in its enrollment plan entitled "Design for the 21st Century: Expanding Higher Education Opportunities in Washington." In the biennial operating budget documents submitted to the legislature, the governor shall display information on the number of additional students necessary and the amount of money needed to fund these incremental enrollment increases.

NEW SECTION. Sec. 4. The participation rate used to calculate enrollment levels under sections 2 and 3 of this act shall be based on fall enrollment reported in the higher education enrollment report as maintained by the office of financial management, fall enrollment as reported in the management information system of the state board for community and technical colleges, and the corresponding fall population forecast by the office of financial management. Formal estimates of the state participation rates and enrollment levels necessary to fulfill the requirements of sections 2 and 3 of this act shall be determined by the office of financial management as part of its
responsibility to develop and maintain student enrollment forecasts for colleges and universities under RCW 43.62.050. Formal estimates of the state participation rates and enrollment levels required by this section shall be based on procedures and standards established by a technical work group consisting of staff from the higher education coordinating board, the state board for community and technical colleges, the fiscal and higher education committees of the house of representatives and the senate, and the office of financial management. Formal estimates of the state participation rates and enrollment levels required by this section shall be submitted to the fiscal committees of the house of representatives and senate on or before November 15th of each even-numbered year. The higher education coordinating board shall periodically review the enrollment goals set forth in sections 2 and 3 of this act and submit recommendations concerning modification of these goals to the governor and to the higher education committees of the house of representatives and the senate.

NEW SECTION. Sec. 5. It is the policy of the state of Washington that financial need not be a barrier to participation in the state higher education system. In order to implement that policy, the higher education coordinating board shall restructure the state's financial aid programs into a comprehensive program known as college promise. In restructuring the programs, the board shall follow these goals:

1. For all need-based financial aid programs under RCW 28B.10.790 through 28B.10.824 and chapters 28B.12 and 28B.101 RCW:
   a. Through a mix of federal, state, and other resources:
      i. Limit the debt of an undergraduate student to no more than one-half of a student's cost of attendance; and
      ii. Provide more self-help opportunities than grant aid to middle-income students, and approximately equal amounts of self-help opportunities and grant aid to low-income and lower middle-income students. Self-help opportunities include work study and loans;
   b. In determining eligibility for state financial aid programs, shelter home equity on a family's principal place of residence, and shelter a reasonable portion of savings and farm or business net worth, each insofar as is permissible under state and federal law;
   c. Consistent with federal law, simplify the financial aid application process;
   d. Strive to preserve a range of educational options for needy students, including choice of institutions and programs;
   e. Recognize otherwise unfunded equipment and assistance needed to accommodate students with disabilities reasonably;
   f. Deliver clear and timely information to current and future postsecondary students about the costs of attending college and available financial aid; and
   g. Classify needy students by family income levels based on the state's median income for a family of four, adjusted annually for family size and changes in the state's median income. The classification system shall be as follows:
      i. Low income means zero to fifty percent of the state's median income;
      ii. Lower middle income means fifty-one to seventy-five percent of the state's median income; and
      iii. Middle income means seventy-six to one hundred twenty-five percent of the state's median income.
   2. For the state need grant program under RCW 28B.10.790 through 28B.10.824: As funds are available, expand the program to include new populations of resident students in the following priority order, ensuring that undergraduate students with the most demonstrated financial need receive full grants before less needy students receive any grant:
      a. Low-income undergraduates;
      b. Lower middle-income undergraduates;
      c. Middle-income undergraduates; and
      d. Resident graduate and professional students, following the income priorities established for undergraduate students.
   3. For the state work study program under chapter 28B.12 RCW: Increase employment opportunities including off-campus job opportunities with off-campus community service employers.
   4. For students whose parents did not complete a higher education degree or certificate: Determine the feasibility of providing grants to needy first generation scholars.

Sec. 6. RCW 28B.15.515 and 1991 c 353 s 1 are each amended to read as follows:

1. The boards of trustees of the community college districts may operate summer schools on either a self-supporting or a state-funded basis. If summer school is operated on a self-supporting basis, the fees charged shall be retained by the colleges, and shall be sufficient to cover the direct costs, which are instructional salaries and related benefits, supplies, publications, and records.

Community colleges that have self-supporting summer schools shall continue to receive general fund state support for vocational programs that require that students enroll in a four quarter sequence of courses that includes summer quarter due to clinical or laboratory requirements and for ungraded courses limited to adult basic education,
vocational apprenticeship, aging and retirement, small business management, industrial first aid, and parent education.

(2) The board of trustees of a community college district may permit the district's state-funded, full-time equivalent enrollment level, as provided in the operating budget appropriations act, to vary (by plus or minus two percent each fiscal year unless otherwise authorized in the operating budget appropriations act). If the variance is above the state-funded level, the district may charge those students above the state-funded level a fee equivalent to the amount of tuition and fees that are charged students enrolled in state-funded courses. These fees shall be retained by the colleges.

(b) Any community college that in 1990-91 has an enrollment above the state-funded level but below the authorized variance may increase its excess enrollments to within the variance.

(c) Community colleges that currently have excess enrollments more than the authorized variance, by means of enrollments that would have otherwise been eligible for state funding, shall reduce those excess enrollments to within the authorized variance by September 1, 1995, in at least equal annual reductions, commencing with the 1991-92 fiscal year.

(d) Except as permitted by (c) of this subsection, should the number of student-supported, full-time equivalent enrollments in any fiscal year fall outside the authorized variance, the college shall return by September 1st to the state general fund an amount equal to the college's full average state appropriations per full-time equivalent student for such student-funded full-time equivalent outside the variance, unless otherwise provided in the operating budget appropriations act.)

(3) The state board for community and technical colleges (education) shall ensure compliance with this section.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act are each added to chapter 28B.10 RCW.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993."

POINT OF PERSONAL PRIVILEGE

Representative Anderson: Thank you Mr. Speaker, I would like to make some personal remarks: My remarks are inspired by the Ecclesiastes, a book of the Bible which deals with reflection and reasoning about life. The mood of the Ecclesiastes is generally one of sadness, the phrase, "vexation of spirit" appears nine times, and the words "oppression", grief and "mourning" are prominent too. And I have much to mourn today. I believe we all do. I think back to the hearing before the committee on State Government and to the stories of discrimination we heard. The story of the school principal chased out of his job, not because of anything he did, but simply because he is gay. The story of the lesbian couple, denied an apartment, not because they couldn't pay the rent, but simply because they are lesbian. Ad the stories, youth suicides, children whose self esteem has been so damaged by bigotry, bias and discrimination based solely on their sexual orientation that they see no way out of the pain but to take there own lives. I grieve for this loss. I also grieve because I must now go around this state and tell lesbians and gay men that they still can't enjoy equal rights or equal justice under the laws of our state simply because they are lesbian or gay. For sixteen years House Bill No. 1443 or similar civil rights bills have been before this legislature and twice this wonderful House of Representatives has passed this civil rights legislation, and I want to acknowledge and thank you Mr. Speaker and my colleagues here in the House on both sides of the aisle for the moral courage you all have exhibited for this legislation, But as it is written in the Ecclesiastes to everything there is a season. I'm saddened that once again this does not seem to be the season for this legislation despite the strong leadership shown by this House. Sadly a fiscal note has clouded the real issues of the bill, and despite support in the Senate Law & Justice Committee and support by the Chair and many members of the Senate Ways & Means Committee we couldn't get the bill moving again. It hurts, it hurts deeply. We could amend this Senate Bill but I'm afraid it would jeopardize the effort to bring our states law in compliance with the Americans with Disabilities Act and I don't want to do that. A brief final thought. Martin Luther King had a dream. He dreamed that his four children would one day live in a nation where they would be judged, not by the color of their skin, but by the content of their character. I too have a dream, that one day gay men and lesbians will be judged not by their sexual orientation but by their ability to do the job, and pay the rent and contribute to our society. I believe Mr. Speaker, that it should always be the season to do justice but sadly it does not seem to be the season for my dream. Thank you.

POINT OF PERSONAL PRIVILEGE

Representative Fuhrman: Thank you Mr. Speaker, I would like to make some remarks on the gay rights issue on House Bill No. 1443. Probably the best thing I could do and the best thing for all of us would be for me to give Cal's speech and for Cal to give my speech. If each of us in the nation and in the State of Washington on the extreme sides of this issue could do that we'd probably be better off, but in this case I'm going to give my one page of thoughts. I'm going to stick to it as best as I can so I don't get off track and on the extreme issues. It's not normal anymore than adultery is normal. Homosexuals should be treated with respect and are definitely deserving of compassion on a personal basis. The compassion is not shown by pretending that the behavior is normal or is healthy; compassion is shown by treating them as responsible moral people who can change their behavior. Now I don't mean change their being, or change who they are, but change the sexual act that they carry out. I'm not trying to talk about who or what they are but the act itself. Recent studies under substantial clinical evidence have shown that homosexuality is not a permanent condition, homosexuals can change what they do, not who they are, but what they do, and it's not others in this room or across this state or nation to judge them, but the widespread acceptance of homosexuality is the worst thing that could happen since this ignores something that homosexuals themselves know—that it's not normal anymore than adultery is normal. It is not compassionate to encourage people to take pride in either adultery or homosexuality; to teach children that adultery or homosexuality is healthy and normal is not compassionate nor is it responsible. Homosexual rights, laws, create a dangerous precedent. That's my second point. It protects a class of people on a basis of their conduct, what they do and not who they are, that's what House Bill No. 1443 would do. Other civil rights laws are based on what people believe or who they are, not what they do. If House Bill No. 1443 would have passed it would have amounted to special rights. I must mention that the act of homosexuality was illegal in every state in the union until 1961 and that wasn't that long ago and I must mention also the U. S. Supreme Court has specially ruled there is no constitutional right for homosexuals to engage in the sex act in homosexuality. Special homosexual rights are not necessary, House Bill No. 1443 was something that was not needed, homosexuals have identical rights and protection under the American Constitutional system that are afforded to all Americans. I thank you for allowing me to say this.

On page 3, after line 2, insert the following: “(4) Whenever implementation by the state or any of its political subdivisions of a policy or practice directly or indirectly regulating the use of land operates to reduce the value of a parcel of real property immediately prior to such implementation, the parcel is deemed to be taken for public use.”

POINT OF ORDER

Representative G. Fisher: I would ask the Speaker to make a ruling on the scope and object of the amendment.

SPEAKER'S RULING

In ruling on the point of order raised by Representative G. Fisher to the scope and object of amendment 420 offered by Representative Sheldon, the Speaker finds that:

Senate Bill No. 5638 is a measure specifying criteria to be used in appraisals of real property for taxation purposes.

Amendment 420 would change the circumstances under which the constitution requires compensation for the taking of property.

The Speaker therefore finds that the proposed amendment does change the scope and object of the bill and that the point of order is well taken.

Representative Stevens moved adoption of the following amendment by Representative Stevens:

On page 3, after line 2, insert the following:

“NEW SECTION. Sec. 2. Local governments shall provide prior notice to private property owners, in clear language that is understandable to the average reader, of proposed land use actions by local governments that will affect the existing use of property and operate to reduce the value of the property. The notice shall describe the potential impact on specific property taxes and overall tax revenues of local governments, and the potential impact on the affordability of local housing. The notice shall also include a clear statement of “standing,” an explanation of the effect on the property owner of having and of not having standing, what the property owner must do to ensure that he or she has standing, including the procedure for obtaining standing, and the address and deadline for submitting written statements to the local government concerning any proposed land use action.

A person has standing to contest a land use action if the person submits a written statement to a city or county legislative body that concerns the action being considered or taken by the legislative body or expresses a desire or demand for standing with respect to the action.

Land use actions subject to the requirements of this section include, but are not limited to, adoption or amendment of comprehensive land use plans, development regulations, building codes, zoning actions, designations
of open space or wetlands, environmental determinations, and any other governmental policies or practices regarding
land use that affect the use of property and operate to reduce the value of the property."

POINT OF ORDER

Representative G. Fisher: I would ask the Speaker to make a ruling on the scope and object of the
amendment.

SPEAKER'S RULING

In ruling on the point of order raised by Representative G. Fisher to the scope and object of amendment 428
offered by Representative Stevens and others, the Speaker finds that:

specifies criteria for property appraisals for property tax purposes.
Amendment 428 adds a new section requiring detailed notice from local governments to property owners of
any proposed land use action affecting the use of property and changes the circumstances under which persons
have standing to legally contest such actions.
The Speaker therefore finds that the proposed amendment does change the scope and object of the bill and
that the point of order is well taken.

Representative Forner moved adoption of the following amendment by Representative Forner:

On page 2, after line 22, insert the following:
"The appraisal shall also take into consideration any reduction in property values or highest and best use
that are the result of a direct government action. If notified by a real property owner or by a state, county, or city
authority of a change in permitted use of a parcel of real property, the county assessor shall review the impact of the

1) The legislative authority of any county or city shall identify in the adopted budget the capital projects funded in whole or in part from the proceeds of the tax authorized in this section, and shall indicate that such tax is intended to be in addition to other funds that may be reasonably available for such capital projects.

2) The legislative authority of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price. The revenues from this tax shall be used by the respective jurisdictions for (local) capital improvements, including those listed in RCW 35.43.040.

Revenues received under this subsection may not be used for public aid or services to persons in need, other than housing relocation assistance under RCW 59.18.440 and 59.18.450. However, revenues (a) pledged by such counties and cities to debt retirement prior to April 30, 1992, may continue to be used for that purpose until the original debt for which the revenues were pledged is retired, or (b) committed prior to April 30, 1992, by such counties or cities to a project may continue to be used for that purpose until the project is completed.

3) In lieu of imposing the tax authorized in RCW 82.14.030(2), the legislative authority of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

4) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

5) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

MOTION

Representative Padden moved that the House refer Senate Bill No. 5723 to the Committee on Revenue. The motion was ruled out of order.

POINT OF PERSONAL PRIVILEGE

Representative Miller: Thank you Mr. Speaker, members of the House. Not speaking directly on this particular bill, but talking about all of these bills that came over from the Senate. About eighteen to twenty of them, that came here, arrived on the floor, never had a chance to go through committee. We have tried our very best. This has been a very frustrating two days. And I know there was frustration on the other side of the aisle too. Because it was extremely difficult to understand exactly what these bills were, how many different issues were in the bills, and what we needed to understand so that we could vote on these and realize what we were voting on. My suggestion would be that in the future we try very hard to ask the Senate to send us these kinds of bills early enough so that at least the staff people in our committee can research the bills so that when we go into caucus to try and go through the materials in the bills we have a better understanding. I think we've lost a lot of time because of this and it may be that all of these bills may be something we want to support. But it has not been a very productive two days and I more or less hold the Senate responsible for that. Thank you.

On motion of Representative J. Kohl, Representative Leonard was excused.

On motion of Representative Wood, Representatives Ballasiotes and Mielke was excused.

POINT OF PERSONAL PRIVILEGE

Representative Dyer: Thank you, Mr. Speaker. Being a freshman, I've only been here three months, I thought that in the rules we're not supposed to be talking about the other side of the rotunda as justification for legislation in this separate free-standing body. And I just wanted to comment that the justification for this bill being passed on this side as a result of the action of the other side appears to be in conflict with our own rules and I've been cautioned on that before and I just wanted to see if we were being consistent.

The Speaker assumed the chair.

POINT OF PARLIAMENTARY INQUIRY

Representative Vance: Mr. Speaker, Rule 10, reading of bills under third reading, states that on third reading bills may be referred or recommitted for purpose of amendment. The gentleman from Spokane made such a motion on this bill and it was ruled out of order by the Speaker Pro Tempore. I believe a mistake was made.

Earlier in the debate, Mr. Speaker, the gentleman from Spokane moved to recommit the bill to committee. He was ruled out of order by the Speaker Pro Tempore. Rule 10, paragraph D, specifically says such a motion is in order.

SPEAKER'S RULING

Representative Vance: It is my understanding that the gentleman from Spokane, in making his earlier motion, did not move to refer the bill for the purpose of amendment as provided in House Rule 10. If he would care to make such a motion now, the House will consider it.
Representative Padden moved that Senate Bill No. 5723 be referred to the Committee on Revenue for the purpose of amendment.

SPEAKER'S RULING

Representative Conway has raised a point of order to the scope and object of amendment 442 offered by Representative Morris and others. Amendment 442 is an amendment to the proposed Trade, Economic Development & Housing committee amendment to Senate Bill No. 5584.

The Speaker finds that Senate Bill No. 5584 is limited to defining terms and setting general goals for state housing policy, and adds a new chapter to title 43 RCW.

Amendment 442 includes changes to health and safety standards for residential construction. It amends chapter 49.17 RCW, the Washington Industrial Safety and Health Act, to require the Department of Labor and Industries to adopt new rules and regulations residential construction and to establish an advisory committee to assist in the rule-making process.

The Speaker therefore finds that the proposed amendment does change the scope and object of the underlying bill and that the point of order is well taken.

Representative Reams moved adoption of the following amendment to the committee amendment:

On page 15, after line 9 of the amendment, insert the following:

"NEW SECTION, Sec. 17. A new section is added to chapter 43.63A RCW to read as follows:

(1) The legislature finds that:
   (a) The trend toward smaller household sizes will continue into the foreseeable future;
   (b) Many of these households are in housing units that contain more bedrooms than occupants;
   (c) There are older homeowners on relatively low, fixed income who are experiencing difficulties maintaining their homes; and
   (d) There are single parents, recently widowed persons, people in the midst of divorce or separation, and handicapped that are faced with displacement due to the high cost of housing.

(2) The legislature declares that the purpose of section 18 of this act is to develop a pilot program designed to:
(a) Provide home-matching services that can enable people to continue living in their homes while promoting continuity of home ownership and community stability; and
(b) Counter the problem of displacement among people on relatively low, fixed incomes by linking people offering living space with people seeking housing.

NEW SECTION. Sec. 18. A new section is added to chapter 43.63A RCW to read as follows:
(1) The department may develop and administer a home-matching program for the purpose of providing grants and technical assistance to eligible organizations to operate local home-matching programs. For purposes of this section, "eligible organizations" are those organizations eligible to receive assistance through the Washington housing trust fund, chapter 43.185 RCW.
(2) The department may select up to five eligible organizations for the purpose of implementing a local home-matching program. The local home-matching programs are designed to facilitate: (a) Intergenerational homesharing involving older homeowners sharing homes with younger persons; (b) homesharing arrangements that involve an exchange of services such as cooking, housework, gardening, or babysitting for room and board or some financial consideration such as rent; and (c) the more efficient use of available housing.
(3) In selecting local pilot programs under this section, the department shall consider:
(a) The eligible organization's ability, stability, and resources to implement the local home-matching program;
(b) The eligible organization's efforts to coordinate other support services needed by the individual or family participating in the local home-matching program; and
(c) Other factors the department deems appropriate.
(4) The eligible organizations shall establish criteria for participation in the local home-matching program. The eligible organization shall make a determination of eligibility regarding the individuals' or families' participation in the local home-matching program. The determination shall include, but is not limited to a verification of the individual's or family's history of making rent payments in a consistent and timely manner."

Financing state and local government.

SPEAKER'S RULING

Representative Zellinsky has raised a point of order to the scope and object of amendment 584 offered by Representative Ogden to Substitute Senate Bill No. 5837.

The Speaker finds that Substitute Senate Bill No. 5837 is an act relating to "state and local government finance." Although the measure has a broad title, the bill is limited to authorizing payment agreements involving swaps of interest.

Amendment 584 authorizes local governments to use a portion of the real estate excise tax for housing projects.

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5502, by Senate Committee on Ways & Means (originally sponsored by Senators Sutherland and Prentice)

Revising mining reclamation laws.

The bill was read the second time.

Representative Pruitt moved adoption of the following amendment by Representative Pruitt and others:
On page 1, strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that the extraction of minerals through surface mining has historically included regulatory involvement by both state and local governments.
It is the intent of the legislature to clarify that surface mining is an appropriate land use, subject to reclamation authority exercised by the department of natural resources and land use and operation regulatory authority by counties, cities, and towns.

Sec. 2. RCW 78.44.010 and 1970 ex.s. c 64 s 2 are each amended to read as follows:
The legislature recognizes that the extraction of minerals by surface mining is (a basic and) an essential activity making an important contribution to the economic well-being of the state and nation. (At the same time, proper reclamation of surface) It is not possible to extract minerals without producing some environmental impacts. At the same time, comprehensive regulation of mining and thorough reclamation of mined land is necessary to prevent (undesirable land and water) or mitigate conditions that would be detrimental to the environment and to protect the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. (It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land.) Therefore, the legislature finds that a balance between appropriate environmental regulation and the production and conservation of minerals is in the best interests of the citizens of the state.

Sec. 3. RCW 78.44.020 and 1970 ex.s. c 64 s 3 are each amended to read as follows:
The purposes of this chapter (of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect) are to:
(1) Provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and (reclamation. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect) reclamation at the earliest opportunity following completion of surface mining;
(2) Provide for the greatest practical degree of state-wide consistency in the regulation of surface mines;
(3) Apportion regulatory authority between state and local governments in order to minimize redundant regulation of mining;
(4) Ensure that reclamation is consistent with local land use plans; and
(5) Ensure the power of local government to regulate land use and operations pursuant to section 16 of this act.

NEW SECTION. Sec. 4. DEFINITIONS. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.
(1) "Approved subsequent use" means the post-surface-mining land use contained in an approved reclamation plan and approved by the local land use authority.
(2) "Completion of surface mining" means the cessation of mining and directly related activities in any segment of a surface mine that occurs when essentially all minerals that can be taken under the terms of the reclamation permit have been depleted except minerals required to accomplish reclamation according to the approved reclamation plan.
(3) "Department" means the department of natural resources.
(4) "Determination" means any action by the department including permit issuance, reporting, reclamation plan approval or modification, permit transfers, orders, fines, or refusal to issue permits.
(5) "Disturbed area" means any place where activities clearly in preparation for, or during, surface mining have physically disrupted, covered, compacted, moved, or otherwise altered the characteristics of soil, bedrock, vegetation, or topography that existed prior to such activity. Disturbed areas may include but are not limited to: Working faces, water bodies created by mine-related excavation, pit floors, the land beneath processing plant and stock pile sites, spoil pile sites, and equipment staging areas. Disturbed areas do not include:
(a) Surface mine access roads unless these have characteristics of topography, drainage, slope stability, or ownership that, in the opinion of the department, make reclamation necessary; and
(b) Lands that have been reclaimed to all standards outlined in this chapter, rules of the department, any applicable SEPA document, and the approved reclamation plan.
(6) "Miner" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, including every public or governmental agency engaged in mining from the surface.
(7) "Minerals" means clay, coal, gravel, industrial minerals, metallic substances, peat, sand, stone, topsoil, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction use.
(8) "Operations means all mine-related activities, exclusive of reclamation, that include, but are not limited to activities that affect noise generation, air quality, surface and ground water quality, quantity, and flow, glare,
pollution, traffic safety, ground vibrations, and/or significant or substantial impacts commonly regulated under provisions of land use or other permits of local government and local ordinances, or other state laws.

Operations specifically include:
(a) The mining or extraction of rock, stone, gravel, sand, earth, and other minerals;
(b) Blasting, equipment maintenance, sorting, crushing, and loading;
(c) On-site mineral processing including asphalt or concrete batching, concrete recycling, and other aggregate recycling;
(d) Transporting minerals to and from the mine, on site road maintenance, road maintenance for roads used extensively for surface mining activities, traffic safety, and traffic control.

"Overburden" means the earth, rock, soil, and topsoil that lie above mineral deposits.

"Permit holder" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining and/or the operation of surface mines, whether individually, jointly, or through subsidiaries, agents, employees, operators, or contractors who holds a state reclamation permit.

"Reclamation" means rehabilitation for the appropriate future use of disturbed areas resulting from surface mining including areas under associated mineral processing equipment and areas under stockpiled materials. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific surface mine, the basic objective shall be to reestablish on a perpetual basis the chapter's terms and provisions

"Recycling" means the reuse of minerals or rock products.

"Screening" consists of vegetation, berms or other topography, fencing, and/or other screens that may be required to mitigate impacts of surface mining on adjacent properties and/or the environment.

"Segment" means any portion of the surface mine that, in the opinion of the department:
(a) Has characteristics of topography, drainage, slope stability, ownership, mining development, or mineral distribution, that make reclamation necessary;
(b) Is not in use as part of surface mining and/or related activities; and
(c) Is larger than seven acres and has more than five hundred linear feet of working face except as provided in a segmental reclamation agreement approved by the department.

"SEPA" means the state environmental policy act, chapter 43.21C RCW and rules adopted thereunder.

"Surface mine" means any area or areas in close proximity to each other, as determined by the department, where extraction of minerals from the surface results in:
(i) More than three acres of disturbed area;
(ii) Mined slopes greater than thirty feet high and steeper than 1.0 foot horizontal to 1.0 foot vertical; or
(iii) More than one acre of disturbed area within an eight acre area, when the disturbed area results from mineral prospecting or exploration activities.

Surface mining includes areas where mineral extraction from the surface occurs by the auger method or by reworking mine refuse or tailings, when these activities exceed the size or height thresholds listed in (a) of this subsection.

"Topsoil" means the naturally occurring upper part of a soil profile, including the soil horizon that is rich in humus and capable of supporting vegetation together with other sediments within four vertical feet of the ground surface.

NEW SECTION, Sec. 5. SEGMENTAL RECLAMATION. The permit holder shall reclaim each segment of the mine within two years of completion of surface mining on that segment except as provided in a segmental reclamation agreement approved in writing by the department. The primary objective of a segmental reclamation agreement should be to enhance final reclamation.

Sec. 6. RCW 78.44.040 and 1984 c 215 s 2 are each amended to read as follows:
The department of natural resources is charged with the administration of reclamation under this chapter. In order to implement ((the chapter's terms and provisions)) and enforce this chapter, the department, under the
(provisions of the) administrative procedure act (chapter 34.05 RCW), (as now or hereafter amended,) may from time to time (promulgate) adopt those rules ((and regulations)) necessary to carry out the purposes of this chapter.

Sec. 7. RCW 78.44.050 and 1970 ex.s.c 64 s 6 are each amended to read as follows:

The department shall have the exclusive authority to regulate surface mine reclamation except that, by contractual agreement, the department may delegate some or all of its enforcement authority to a county, city, or town. All counties, cities, or towns shall have the authority to zone surface mines and adopt ordinances regulating operations pursuant to section 16 of this act, except that county, city, or town operations ordinances may be preempted by the department during the emergencies outlined in section 27 of this act and related rules.

This chapter shall not ((affect)) alter or preempt any ((of the)) provisions of the state fisheries laws (Title 75 RCW), the state water allocation and use laws (chapters 90.03 and 90.44 RCW), the state water pollution control laws ((Title 90)) chapter 90.48 RCW), the state ((game)) wildlife laws (Title 77 RCW), ((or any other state laws, and shall be cumulative and nonexclusive)) state noise laws or air quality laws (Title 70 RCW), shoreline management (chapter 90.58 RCW), the state environmental policy act (chapter 43.21C RCW), state growth management (chapter 36.70A RCW), state drinking water laws (chapters 43.20 and 70.119A ROW), or any other state statutes.

Sec. 8. RCW 78.44.060 and 1970 ex.s.c 64 s 7 are each amended to read as follows:

The department shall have the authority to conduct ((or)), authorize, and/or participate in investigations, research, experiments, and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands.

Sec. 9. RCW 78.44.070 and 1970 ex.s.c 64 s 8 are each amended to read as follows:

The department may cooperate with other governmental and private agencies ((in this state and other states)) and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060.

NEW SECTION. Sec. 10. SURFACE MINING RECLAMATION ACCOUNT. The surface mining reclamation account is created in the state treasury. Annual mining fees, funds received by the department from state, local, or federal agencies for research purposes, as well as other mine-related funds and fines received by the department shall be deposited into this account. The surface mine reclamation account may be used by the department only to:

(1) Administer its regulatory program pursuant to this chapter;
(2) Undertake research relating to surface mine regulation, reclamation of surface mine lands, and related issues; and
(3) Cover costs arising from appeals from determinations made under this chapter.

Fines, interest, and other penalties collected by the department under the provisions of this chapter shall be used to reclaim surface mines abandoned prior to 1971.

NEW SECTION. Sec. 11. RECLAMATION PERMITS REQUIRED--APPLICATIONS. After July 1, 1993, no miner or permit holder may engage in surface mining without having first obtained a reclamation permit from the department. Operating permits issued by the department between January 1, 1971, and June 30, 1993, shall be considered reclamation permits provided such permits substantially meet the protections, mitigations, and reclamation goals of sections 12 and 20 of this act within five years after the effective date of this section. State agencies and local government shall be exempt from this time limit for inactive sites. Prior to the use of an inactive site, the reclamation plan must be brought up to current standards. A separate permit shall be required for each noncontiguous surface mine. The reclamation permit shall consist of the permit forms and any exhibits attached thereto. The permit holder shall comply with the provisions of the reclamation permit unless waived and explained in writing by the department.

Prior to receiving a reclamation permit, an applicant must submit an application on forms provided by the department that shall contain the following information and shall be considered part of the reclamation permit:

1. Name and address of the legal landowner, or purchaser of the land under a real estate contract;
2. The name of the applicant and, if the applicants are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;
3. A reasonably accurate description of the minerals to be surface mined;
4. Type of surface mining to be performed;
5. Estimated starting date, date of completion, and date of completed reclamation of surface mining;
6. Size and legal description of the permit area and maximum lateral and vertical extent of the disturbed area;
NEW SECTION. Sec. 12. RECLAMATION PLANS. An applicant shall provide a reclamation plan and copies acceptable to the department prior to obtaining a reclamation permit. The department shall have the sole authority to approve reclamation plans. Reclamation plans or modified reclamation plans submitted to the department after June 30, 1993, shall meet or exceed the minimum reclamation standards set forth in this chapter and by the department in rule. Each applicant shall also supply copies of the proposed plans and final reclamation plan approved by the department to the county, city, or town in which the mine will be located. The department shall solicit comment from local government prior to approving a reclamation plan. The reclamation plan shall include:

(1) A written narrative describing the proposed mining and reclamation scheme with:
   (a) A statement of a proposed subsequent use of the land after reclamation that is consistent with the local land use designation. Approval of the reclamation plan shall not vest the proposed subsequent use of the land;
   (b) If the permit holder is not the sole landowner, a copy of the conveyance or a written statement that expressly grants or reserves the right to extract minerals by surface mining methods;
   (c) A simple and accurate legal description of the permit area and disturbed areas;
   (d) The maximum depth of mining;
   (e) A reasonably accurate description of the minerals to be mined;
   (f) A description of the method of mining;
   (g) A description of the sequence of mining that will provide, within limits of normal procedures of the industry, for completion of surface mining and associated disturbance on each portion of the permit area so that reclamation can be initiated at the earliest possible time on each segment of the mine;
   (h) A schedule for progressive reclamation of each segment of the mine;
   (i) Where mining on flood plains or in river or stream channels is contemplated, a thoroughly documented hydrogeologic evaluation that will outline measures that would protect against or would mitigate avulsion and erosion as determined by the department;
   (j) Where mining is contemplated within critical aquifer recharge areas, special protection areas as defined by chapter 90.48 RCW and implementing rules, public water supply watersheds, sole source aquifers, wellhead protection areas, and designated aquifer protection areas as set forth in chapter 36.36 RCW, a thoroughly documented hydrogeologic analysis of the reclamation plan may be required; and
   (k) Additional information as required by the department including but not limited to: The positions of reclamation setbacks and screening, conservation of topsoil, interim reclamation, revegetation, postmining erosion control, drainage control, slope stability, disposal of mine wastes, control of fill material, development of wetlands, ponds, lakes, and impoundments, and rehabilitation of topography.

(2) Maps of the surface mine showing:
   (a) All applicable data required in the narrative portion of the reclamation plan;
   (b) Existing topographic contours;
   (c) Contours depicting specifications for surface gradient restoration appropriate to the proposed subsequent use of the land and meeting the minimum reclamation standards;
   (d) Locations and names of all roads, railroads, and utility lines on or adjacent to the area;
   (e) Locations and types of proposed access roads to be built in conjunction with the surface mining;
   (f) Detailed and accurate boundaries of the permit area, screening, reclamation setbacks, and maximum extent of the disturbed area; and
   (g) Estimated depth to ground water and the locations of surface water bodies and wetlands both prior to and after mining.

(3) At least two cross sections of the mine including all applicable data required in the narrative and map portions of the reclamation plan.

(4) Evidence that the proposed surface mine has been approved under local zoning and land use regulations.

(5) Written approval of the reclamation plan by the landowner for mines permitted after June 30, 1993.

(6) Other supporting data and documents regarding the surface mine as reasonably required by the department.

If the department refuses to approve a reclamation plan in the form submitted by an applicant or permit holder, it shall notify the applicant or permit holder stating the reasons for its determination and describe such additional requirements to the applicant or permit holder's reclamation plan as are necessary for the approval of the plan by the department. If the department refuses to approve a complete reclamation plan within one hundred twenty days, the miner or permit holder may appeal this determination under the provisions of this chapter.
Only insignificant deviations may occur from the approved reclamation plan without prior written approval by the department for the proposed change.

The department retains the authority to require that the reclamation plan be updated to the satisfaction of the department at least every ten years.

NEW SECTION. Sec. 13. JOINT RECLAMATION PLANS. Where two or more surface mines join along a common boundary, the department may require submission of a joint reclamation plan in order to provide for optimum reclamation or to avoid waste of mineral resources. Such joint reclamation plans may be in the form of a single collaborative plan submitted by all affected permit holders or as individual reclamation plans in which the schedule of reclamation, finished contours, and revegetation match reclamation plans of adjacent permit holders.

NEW SECTION. Sec. 14. FEES. (1) An applicant for a public or private reclamation permit shall pay an application fee to the department before being granted a surface mining permit. The amount of the application fee shall be six hundred fifty dollars.

(2) After June 30, 1993, each public or private permit holder shall pay an annual permit fee of six hundred fifty dollars. The annual permit fee shall be payable to the department on the first anniversary of the permit date and each year thereafter. Annual fees paid by a county for small mines used exclusively for public works projects shall be paid on those small mines from which the county elects to extract minerals in the next calendar year and shall not exceed one thousand dollars.

(3) After July 1, 1995, the department may modify annual permit fees by rule if:

(a) The total annual permit fees are reasonably related to the approximate costs of administering the department's surface mining regulatory program;

(b) The annual fee does not exceed five thousand dollars; and

(c) The mines are small mines in remote areas that are used primarily for public service, then lower annual permit fees may be established.

(4) Appeals from any determination of the department shall not stay the requirement to pay any annual permit fee. Failure to pay the annual fee may constitute grounds for an order to suspend surface mining or cancellation of the reclamation permit as provided in this chapter.

(5) All fees collected by the department shall be deposited into the surface mining reclamation account.

(6) If the department delegates enforcement responsibilities to a county, city, or town, the department may allocate funds collected under this section to such county, city, or town.

NEW SECTION. Sec. 15. PERFORMANCE SECURITY. The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state, local, or federal agency.

This performance security may be:

(1) Bank letters of credit acceptable to the department;

(2) A cash deposit;

(3) Negotiable securities acceptable to the department;

(4) An assignment of a savings account;

(5) A savings certificate in a Washington bank on an assignment form prescribed by the department;

(6) Assignments of interests in real property within the state of Washington; or

(7) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The
liability of the surety shall not exceed the amount of security required by this section and the department’s reasonable legal fees to recover the security.

Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

No other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

Notwithstanding any other provision of this section, nothing shall preclude the department of ecology from requiring a separate performance security for metallic minerals or uranium surface mines under any authority if any that may be presently vested in the department of ecology relating to such mines.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:

(1) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in section 4 of this act, shall be established as an allowed use in local development regulations subject to the permit process described in this section.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

For purposes of this section, “long-term commercial significance” includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land’s proximity to population areas, product markets, and the possibility of more intense uses of the land.

(2)(a) Counties, cities, and towns may only regulate surface mining operations by ordinance and only in accordance with the requirements and limitations of this subsection.

(b) Local surface mining operating standards shall:

(i) Address only:

(A) Traffic;
(B) Light emission;
(C) Visual screening;
(D) Noise emission; and

(E) Other significant or substantial mining impacts that are not covered by a subject area of regulation embodied in any other state or federal law, including among others the subject areas pertaining to water allocation, use, and control and fisheries and wildlife habitat set forth in section 19 of this act.

(ii) Be performance-based, objective standards that:

(A) Are directly and proportionately related to limiting surface mining impacts;
(B) Are reasonable and generally capable of being achieved;
(C) Take into account existing and available technologies; and

(D) May be met by any lawful means selected by the applicant or operator that, in the judgment of the county, city, or town, achieve compliance with the standard.

(iii) Limit application and monitoring fees to the amount necessary to pay the costs of administering, processing, monitoring, and enforcing the regulation of surface mining in accordance with this section.

(iv) Except as otherwise provided in this section, implement the ordinance through an operating plan review and approval process. Such approval process shall:

(A) Require submittal of sufficient, complete, and accurate information, as specified by the local ordinance, to allow the decision maker to review the plan for compliance with local standards;
(B) At the option of the county, city, or town, provide for administrative approval subject to appeal or for initial consideration through a public hearing process; and

(C) Require that project-specific conditions or restrictions be based upon written findings of facts demonstrating their need to achieve compliance with local standards.

(v) Subject to subsection (3) of this section, provide that approvals issued will be valid for fifty years.

(3) Operating regulations and amendments thereto adopted pursuant to this section may be applied to lawfully preexisting mining operations only if the local ordinance:

(a) Limits application of subsection (2)(b)(i)(A) of this section relating to traffic to the designation of approved haul routes;

(b) Exempts such preexisting operations from any operating plan review and approval process;
NEW SECTION. Sec. 17. A surface mining model ordinance advisory committee is hereby created. The committee shall be composed of representatives of local government, state agencies, surface mining interests, and the environmental community. The department of natural resources shall appoint the members of the committee and the department shall staff the committee. This temporary advisory committee shall draft model ordinances for different surface-mining settings and shall assist counties, cities, and towns in developing ordinances. The committee shall complete its work and shall expire by December 31, 1994. Participants on the committee shall pay their own expenses, and the department of natural resources shall fund the department's involvement.

NEW SECTION. Sec. 18. RECLAMATION SETBACKS. Reclamation setbacks shall be as follows unless waived by the department:

1. The reclamation setback for unconsolidated deposits within mines permitted after June 30, 1993, shall be equal to the maximum anticipated height of the adjacent working face or as determined by the department. Setbacks and buffers may be destroyed as part of final reclamation of each segment if approved by the department.

2. The minimum reclamation setback for consolidated materials within mines permitted after June 30, 1993, shall be thirty feet or as determined by the department.

3. An exemption from this section may be granted by the department following a written request. The department may consider submission of a plan for backfilling acceptable to the department, a geotechnical slope-stability study, proof of a dedicated source of fill materials, written approval of contiguous landowners, and other information before granting an exemption.

NEW SECTION. Sec. 19. WATER CONTROL. (1) Water control as regulated by the department shall be limited to those provisions necessary to effect surface mine reclamation and to protect ground and surface water resources after reclamation is complete and shall be consistent with existing water control laws. The department shall solicit recommendations from all agencies with expertise in relevant water control laws when evaluating reclamation plans for surface mines in or near water.

(2) As to surface mining projects, control of surface mine water shall be pursuant to chapter 90.48 RCW; water availability, hydraulic continuity, allocation, and use shall be pursuant to chapters 90.03, 90.44, and 90.54 RCW; regulation of drinking water shall be pursuant to Titles 43 and 70 RCW; and protection of fisheries and wildlife shall be regulated pursuant to Title 75 RCW (fisheries laws) and Title 77 RCW (wildlife laws) as well as chapters 90.03, 90.44, 90.48, and 90.54 RCW, federal storm water regulations, and/or national pollutant discharge elimination system regulations. The department of ecology upon request by a county, city, or town, may consult with the affected parties and incorporate additional site-specific requirements into individual surface mine national pollutant discharge elimination system permits where such requirements are appropriate.

A county, city, or town may regulate the impacts on water through local ordinances and regulations that:

(a) Cover significant or substantial impacts that are not covered by a subject area of regulation embodied in any other state or federal law; or

(b) Implement regulatory and/or enforcement authority that has been expressly authorized to it by a state agency.

NEW SECTION. Sec. 20. RECLAMATION. The need for, and the practicability of, reclamation shall control the type and degree of reclamation in any specific instance. However, the basic objective of reclamation is to reestablish on a continuing basis the vegetative cover, slope stability, water conditions, and safety conditions suitable to the proposed subsequent use consistent with local land use plans for the surface mine site.

Each permit holder shall comply with the minimum reclamation standards in effect on the date the permit was issued and any additional reclamation standards set forth in the approved reclamation plan.

Reclamation activities, particularly those relating to control of erosion and mitigation of impacts of mining to adjacent areas, shall, to the extent feasible, be conducted simultaneously with surface mining, and in any case shall be initiated at the earliest possible time after completion of surface mining on any segment of the permit area.

All reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a reclamation permit is in force.

The department may by contract delegate enforcement of provisions of reclamation plans to counties, cities, and towns. A county, city, or town performing enforcement functions may not impose any additional fees on permit holders.
NEW SECTION. Sec. 21. MINIMUM RECLAMATION STANDARDS. Reclamation of surface mines permitted after June 30, 1993, and reclamation of surface mine segments addressed by reclamation plans modified after June 30, 1994, shall meet the following minimum standards except as waived by the department.

(1) Prior to surface mining, permit holders shall carefully stockpile all topsoil on the site for use in reclamation, or immediately move topsoil to reclaim adjacent segments, except when the approved subsequent use does not require replacing the topsoil. Topsoil needed for reclamation shall not be sold as a mineral nor mixed with sterile soils. Stockpiled materials used as screening shall not be used for reclamation until such time as the appropriate county or municipal government has given its approval.

(2) The department may require that clearly visible, permanent monuments delineating the permit boundaries and maximum extent of the disturbed area be set at appropriate places around the mine site. The permit holder shall maintain the monuments until termination of the reclamation permit.

(3) All minimum reclamation standards may be waived in writing by the department in order to accommodate unique and beneficial reclamation schemes such as parks, swimming facilities, buildings, and wildlife reserves. Such waivers shall be granted only after written approval by the department of a reclamation plan describing the variances to the minimum reclamation standards, receipt of documentation of SEPA compliance, and written approvals from the landowner and by the local land use authority.

(4) All surface-mined slopes shall be reclaimed to the following minimum standards:
   (a) In surface mines in soil, sand, gravel, and other unconsolidated materials, all reclaimed slopes shall:
      (i) Have varied steepness;
      (ii) Have a sinuous appearance in both profile and plan view;
      (iii) Have no large rectilinear topographic elements;
      (iv) Generally have slopes of between 2.0 and 3.0 feet horizontal to 1.0 foot vertical or flatter except in limited areas where steeper slopes are necessary in order to create sinuous topography and to control drainage;
      (v) Not exceed 1.5 feet horizontal to 1.0 foot vertical except as necessary to blend with adjacent natural slopes;
      (vi) Be compacted if significant backfilling is required to produce the final reclaimed slopes and if the department determines that compaction is necessary.
   (b) Slopes in consolidated materials shall have no prescribed slope angle or height, but where a severely hazardous condition is created by mining and that is not indigenous to the immediate area, the slopes shall not exceed 2.0 feet horizontal to 1.0 foot vertical. Steeper slopes shall be acceptable in areas where evidence is submitted that demonstrates that the geologic or topographic characteristics of the site preclude reclamation of slopes to such angle or height or that such slopes constitute an acceptable subsequent use under local land use regulations.
   (c) Surface mines in which the seasonal or permanent water tables have been penetrated, thereby creating swamps, ponds, or lakes useful for recreational, wildlife habitat, water quality control, or other beneficial wetland purposes shall be reclaimed in the following manner:
      (i) For slopes that are below the permanent water table in soil, sand, gravel, and other unconsolidated materials, the slope angle shall be no steeper than 1.5 feet horizontal to 1.0 foot vertical;
      (ii) Generally, solid rock banks shall be shaped so that a person can escape from the water, however steeper slopes and lack of water egress shall be acceptable in rural, forest, or mountainous areas or where evidence is provided that such slopes would constitute an acceptable subsequent use under local land use regulations;
      (iii) Both standpipes and armored spillways or other measures to prevent undesirable overflow or seepage shall be provided to stabilize all such water bodies within the disturbed area; and
      (iv) Where lakes, ponds, or swamps are created, the permit holder shall provide measures to establish a beneficial wetland by developing natural wildlife habitat and incorporating such measures as irregular shoreline configurations, sinuous bathymetry and shorelines, varied water depths, peninsulas, islands, and subaqueous areas less than 1.5 foot deep during summer low-water levels. Clay-bearing material placed below water level may be required to avoid creating sterile wetlands.
   (d) Final topography shall generally comprise sinuous contours, chutes and buttresses, spurs, and rolling mounds and hills, all of which shall blend with adjacent topography to a reasonable extent. Straight planar slopes and right angles should be avoided.
   (e) The floors of mines shall generally grade gently into postmining drainages to preclude sheet-wash erosion during intense precipitation, except where backgrading is appropriate for drainage control, to establish wetlands, or to trap sediment.
   (f) Topsoil shall be restored as necessary to promote effective revegetation and to stabilize slopes and mine floors. Where limited topsoil is available, topsoil shall be placed and revegetated in such a way as to ensure that little topsoil is lost to erosion.
   (g) Where surface mining has exposed natural materials that may create polluting conditions, including but not limited to acid-forming coals and metalliferous rock or soil, such conditions shall be addressed according to a method approved by the department. The final ground surface shall be graded so that surface water drains away from these materials.
(h) All grading and backfilling shall be made with nonnoxious, noncombustible, and relatively incompactible solids unless the permit holder provides:
(i) Written approval from all appropriate solid waste regulatory agencies; and
(ii) Any and all revisions to such written approval during the entire time the reclamation permit is in force.
(i) Final reclaimed slopes should be left roughly graded, preserving equipment tracks, depressions, and small mounds to trap clay-bearing soil and promote natural revegetation. Where reasonable, final equipment tracks should be oriented in order to trap soil and seeds and to inhibit erosion.
(j) Pit floors should be bulldozed or ripped to foster revegetation.
(5) Drainages shall be graded and contain adequate energy dissipation devices so that essentially natural conditions of water velocity, volume, and turbidity are reestablished within six months of reclamation of each segment of the mine. Ditches and other artificial drainages shall be constructed on each reclaimed segment to control surface water, erosion, and siltation and to direct runoff to a safe outlet. Diversion ditches including but not limited to channels, flumes, and retention ponds shall be capable of carrying the peak flow at the mine site that has the probable recurrence frequency of once in twenty-five years as determined from data for the twenty-five year, twenty-four hour precipitation event published by the national oceanic and atmospheric administration. The grade of such ditches and channels shall be constructed to limit erosion and siltation. Natural and other drainage channels shall be kept free of equipment, wastes, stockpiles, and overburden.
(6) Impoundment of water shall be an acceptable reclamation technique provided that approvals of other agencies with jurisdiction are obtained and:
(a) Proper measures are taken to prevent undesirable seepage that could cause flooding outside the permitted area or adversely affect the stability of impoundment dikes or adjacent slopes;
(b) Both standpipes and armored spillways or other measures necessary to control overflow are provided.
(7) Revegetation shall be required as appropriate to stabilize slopes, generate new topsoil, reduce erosion and turbidity, mask rectilinear contours, and restore the scenic value of the land to the extent feasible as appropriate to the approved subsequent use. Although the scope of and necessity for revegetation will vary according to the geography, precipitation, and approved subsequent use of the site, the objective of segmental revegetation is to reestablish self-sustaining vegetation and conditions of slope stability, surface water quality, and appearance before release of the reclamation permit. Revegetation shall normally meet the following standards:
(a) Revegetation shall commence during the first proper growing season following restoration of slopes on each segment unless the department has granted the permit holder a written time extension.
(b) In eastern Washington, the permit holder may not be able to achieve continuous ground cover owing to arid conditions or sparse topsoil. However, revegetation shall be as continuous as reasonably possible as determined by the department.
(c) Revegetation generally shall include but not be limited to diverse evergreen and deciduous trees, shrubs, grasses, and deep-rooted ground cover.
(i) For western Washington, nitrogen-fixing species including but not limited to alder, white clover, and lupine should be included in dry areas. In wet areas, tubers, sedges, wetland grasses, willow, cottonwood, cedar, and alder are appropriate.
(ii) In eastern Washington, lupine, white clover, Russian olive, black locust, junipers, and pines are among appropriate plants. In wet areas, cottonwood, tubers, and sedges are appropriate.
(d) The requirements for revegetation may be reduced or waived by the department where erosion will not be a problem in rural areas where precipitation exceeds thirty inches per annum, or where revegetation is inappropriate for the approved subsequent use of the surface mine.
(e) In areas where revegetation is critical and conditions are harsh, the department may require irrigation, fertilization, and importation of clay or humus-bearing soils to establish effective vegetation.
(f) The department may refuse to release a reclamation permit or performance security until it deems that effective revegetation has commenced.

NEW SECTION. Sec. 22. PERMIT TRANSFERS. Reclamation permits shall be transferred to a subsequent permit holder and the department shall release the former permit holder from the duties imposed by this chapter if:
(1) Both permit holders comply with all rules of the department addressing requirements for transferring a permit; and
(2) Unless waived by the department, the mine and all others operated by both the former and subsequent permit holders and their principal officers or owners are in compliance with this chapter and rules.

NEW SECTION. Sec. 23. MODIFICATION OF RECLAMATION PLANS. The department and the permit holder may modify the reclamation plan at any time during the term of the permit for any of the following reasons:
(1) To modify the requirements so that they do not conflict with existing or new laws;
(2) If the department determines that the previously adopted reclamation plan is impossible or impracticable to implement and maintain; or
The previously approved reclamation plan is not accomplishing the intent of this chapter as determined by the department. Modified reclamation plans shall be reviewed by the department as lead agency under SEPA. Such SEPA analyses shall consider only those impacts relating directly to the proposed modifications. Copies of proposed and approved modifications shall be sent to the appropriate county, city, or town.

NEW SECTION. Sec. 24. REPORTS. On the anniversary date of the reclamation permit and each year thereafter until reclamation is completed and approved, the permit holder shall file a report of activities completed during the preceding year. The report shall be on a form prescribed by the department.

NEW SECTION. Sec. 25. INSPECTION OF PERMIT AREA. The department may order at any time an inspection of the disturbed area to determine if the miner or permit holder has complied with the reclamation permit, rules, and this chapter.

NEW SECTION. Sec. 26. ORDER TO RECTIFY DEFICIENCIES. The department may issue an order to rectify deficiencies when a miner or permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;
(2) The rules adopted by the department;
(3) The approved reclamation plan; or
(4) The reclamation permit.

The order shall describe the deficiencies and shall require that the miner or permit holder correct all deficiencies no later than sixty days from issuance of the order. The department may extend the period for correction for delays clearly beyond the miner or permit holder's control, but only when the miner or permit holder is, in the opinion of the department, making every reasonable effort to comply.

NEW SECTION. Sec. 27. EMERGENCY NOTICE AND ORDER TO RECTIFY DEFICIENCIES--EMERGENCY ORDER TO SUSPEND SURFACE MINING. When the department finds that a permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;
(2) The rules adopted by the department;
(3) The approved reclamation plan; or
(4) The reclamation permit;

and that activity has created a situation involving an immediate danger to the public health, safety, welfare, or environment requiring immediate action, the department may issue an emergency notice and order to rectify deficiencies, and/or an emergency order to suspend surface mining. These orders shall be effective when entered. The department may take such action as is necessary to prevent or avoid the danger to the public health, safety, welfare, or environment that justifies use of emergency adjudication. The department shall give such notice as is practicable to the permit holder or miner who is required to comply with the order. The order shall comply with the requirements of the administrative procedure act.

Regulations of surface mining operations administered by other state and local agencies shall be preempted by this section to the extent that the time schedule and procedures necessary to rectify the emergency situation, as determined by the department, conflict with such local regulation.

NEW SECTION. Sec. 28. ORDER TO SUSPEND SURFACE MINING. Upon the failure of a miner or permit holder to comply with a department order to rectify deficiencies, the department may issue an order to suspend surface mining when a miner or permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;
(2) The rules adopted by the department;
(3) The approved reclamation plan; or
(4) The reclamation permit;

(5) If the miner or permit holder fails to comply with any final order of the department.

The order to suspend surface mining shall require the miner or permit holder to suspend part or all of the miner's or permit holder's mining operations until the conditions resulting in the issuance of the order have been mitigated to the satisfaction of the department.

The attorney general may take the necessary legal action to enjoin, or otherwise cause to be stopped, surface mining in violation of an order to suspend surface mining.

NEW SECTION. Sec. 29. DECLARATION OF ABANDONMENT. The department may issue a declaration of abandonment when it determines that all surface mining has ceased for a period of one hundred eighty consecutive days not set forth in the permit holder's reclamation plan or when, by reason of inspection of the permit area, or by any other means, the department determines that the mine has in fact been abandoned by the permit
holder except that abandonment shall not include normal interruptions of surface mining resulting from labor disputes, economic conditions associated with lack of smelting capacity or availability of appropriate transportation, war, social unrest, demand for minerals, maintenance and repairs, and acts of God.

Following a declaration of abandonment, the department shall require the permit holder to complete reclamation in accordance with this chapter. If the permit holder fails to do so, the department shall proceed to do the necessary reclamation work pursuant to section 31 of this act.

If another miner applies for a permit on a site that has been declared abandoned, the department may, in its discretion, cancel the reclamation permit of the permit holder and issue a new reclamation permit to the applicant. The department shall not issue a new permit unless it determines that such issuance will be an effective means of assuring that the site will ultimately be reclaimed. The applicant must agree to assume the reclamation responsibilities left unfinished by the first miner, in addition to meeting all requirements for issuance of a new permit.

NEW SECTION. Sec. 30. CANCELLATION OF THE RECLAMATION PERMIT. When the department determines that a surface mine has been abandoned, it may cancel the reclamation permit. The permit holder shall be informed of such actions by a department notification of illegal abandonment and cancellation of the reclamation permit.

NEW SECTION. Sec. 31. ORDER TO SUBMIT PERFORMANCE SECURITY--RECLAMATION BY THE DEPARTMENT. The department may, with the staff, equipment, and material under its control, or by contract with others, reclaim the disturbed areas when it finds that reclamation has not occurred in any segment of a surface mine within two years of completion of mining or of declaration of abandonment and the permit holder is not actively pursuing reclamation.

If the department intends to undertake the reclamation, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to section 15 of this act. If the amount specified in the order to submit performance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security with reclamation of the site according to the approved reclamation plan or according to a plan developed by the department that meets the minimum reclamation standards.

The department shall keep a record of all expenses incurred in carrying out any reclamation project or activity authorized under this section, including:

1. Reclamation;
2. A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and
3. Administrative and legal expenses related to reclamation of the surface mine.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

NEW SECTION. Sec. 32. FINES. Each order of the department may impose a fine or fines in the event that a miner or permit holder fails to obey the order of the department. When a miner or permit holder fails to comply with an order of the department, the miner or permit holder shall be subject to a civil penalty in an amount not more than ten thousand dollars for each violation plus interest based upon a schedule of fines set forth by the department in rule. Procedures for imposing a penalty and setting the amount of the penalty shall be as provided in RCW 90.48.144. Each day on which a miner or permit holder continues to disobey any order of the department shall constitute a separate violation. If the penalty and interest is not paid to the department after it becomes due and payable, the attorney general, upon the request of the department, may bring an action in the name of the state of Washington to recover the penalty, interest, mitigation for environmental damages, and associated legal fees. Decisions of the department are subject to review by the pollution control hearings board.

All fines, interest, penalties, and other damage recovery costs from mines regulated by the department shall be credited to the surface mining reclamation account.

NEW SECTION. Sec. 33. REFUSAL TO ISSUE PERMITS. The department shall refuse to issue a reclamation permit if it is determined during the SEPA process that the impacts of a proposed surface mine cannot be adequately mitigated.

The department or county, city, or town may refuse to issue any other permit at any other location to any miner or permit holder who fails to rectify deficiencies set forth in an order of the department within the requisite time schedule. However, the department or county, city, or town shall issue all appropriate permits when all deficiencies are corrected at each surface mining site.
Sec. 34. RCW 78.44.150 and 1970 ex.s. c 64 s 16 are each amended to read as follows:
Any (operator) miner or permit holder conducting surface mining within the state of Washington without a valid (operating) reclamation permit shall be guilty of a gross misdemeanor. Surface mining outside of the permitted area shall constitute illegal mining without a valid reclamation permit. Each day of (operation) mining without a valid reclamation permit shall constitute a separate offense.

Sec. 35. RCW 78.44.170 and 1989 c 175 s 166 are each amended to read as follows:
Appeals from department determinations under this chapter shall be made as follows:
Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

Sec. 36. RCW 78.44.910 and 1970 ex.s. c 64 s 22 are each amended to read as follows:
(This act shall not direct itself to the reclamation of land mined) Miners and permit holders shall not be required to reclaim any segment where all surface mining was completed prior to January 1, 1971. However, the department shall make an effort to reclaim previously abandoned or completed surface mining segments.

NEW SECTION. Sec. 37. RECLAMATION AWARDS ESTABLISHED. The department shall create reclamation awards in recognition of excellence in reclamation or reclamation research. Such awards shall be presented to individuals, miners, operators, companies, or government agencies performing exemplary surface mining reclamation in the state of Washington. The department shall designate a percent of the state annual fees as funding of the awards.

NEW SECTION. Sec. 38. RECLAMATION SERVICE ESTABLISHED. The department may establish a no-cost consulting service within the department to assist miners, permit holders, local government, and the public in technical matters related to mine regulation, mine operations, and reclamation. The department may prepare concise, printed information for the public explaining surface mining activities, timelines for permits and reviews, laws, and the role of governmental agencies involved in surface mining, including how to contact all regulators. The department shall not be held liable for any negligent advice.

NEW SECTION. Sec. 39. The following acts or parts of acts are each repealed:

The Speaker (Representative R. Meyers presiding) called upon Representative King to preside.

POINT OF PERSONAL PRIVILEGE

Representative Morton: Thank you, Mr. Speaker. I'd like to display to the House, some photographs that pertain to our wildlife and I would like to explain that. Mr. Speaker and ladies and gentlemen of the House, the other evening we had a little discussion concerning our deer migration up in the Okanagan country and the need to train those deer. So we have put together a little display that I'd like permission to circulate throughout the floor so that you may see the process of the deer training. You'll see in the top photograph here on the Dean and Albania Bote Ranch that the deer are pretty well scattered, this was in the early part of the season, then you'll see one little towheaded deer here in the middle that was really a rascal and got into even the shed itself. In the lower left hand corner you'll note that they are beginning to conform and become a little better behaved and finally in the right hand corner you'll see that they are properly lined up for their breakfast.

The Speaker assumed the chair.

With the consent of the House, the House considered Engrossed Substitute Senate Bill No. 5966.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5966, by Senate Committee on Ways & Means (originally sponsored by Senators Rinehart, Haugen and M. Rasmussen; by request of Department of Veterans Affairs)

Concerning the state veterans' homes.

The bill was read the second time.

Representative R. Meyers moved adoption of the following amendment by Representative R. Meyers, Sommers and Pruitt:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that continued operation of state veterans' homes is necessary to meet the needs of eligible veterans for shelter, personal and nursing care, and related services; that certain residents of veterans' homes or services provided to them may be eligible for participation in the state's medicaid reimbursement system; and that authorizing medicaid participation is appropriate to address the homes' long-term funding needs. The legislature also finds that it is important to maintain the dignity and self-respect of residents of veterans' homes, by providing for continued resident involvement in the homes' operation, and through retention of current law guaranteeing a minimum amount of allowable personal income necessary to meet the greater costs for these residents of transportation, communication, and participation in family and community activities that are vitally important to their maintenance and rehabilitation.

NEW SECTION. Sec. 2. A new section is added to chapter 72.36 RCW to read as follows: Qualifying operations at state veterans' homes operated by the department of veterans affairs, may be provided under the state's medicaid reimbursement system as administered by the department of social and health services.

The department of veterans affairs may contract with the department of social and health services under the authority of RCW 74.09.120 but the provisions of RCW 74.46.420 through 74.46.590 shall not apply to the medicaid rate-setting and reimbursement systems. The nursing care operations at the state veterans' homes shall be subject to inspection by the department of social and health services. This includes every part of the state veterans' home's premises, an examination of all records, including financial records, methods of administration, general and special dietary programs, the disbursement of drugs, methods of supply, and any other records the department deems relevant.

NEW SECTION. Sec. 3. A new section is added to chapter 72.36 RCW to read as follows: The department of veterans affairs shall provide by rule for the annual election of a resident council for each state veterans' home. The council shall annually elect a chair from among its members, who shall call and preside at council meetings. The resident council shall serve in an advisory capacity to the director of the department of veterans affairs and to the superintendent in all matters related to policy and operational decisions affecting resident care and life in the home."
By October 31, 1993, the department shall adopt rules that provide for specific duties and procedures of the resident council which create an appropriate and effective relationship between residents and the administration. These rules shall be adopted after consultation with the resident councils and the state long-term care ombuds, and shall include, but not be limited to the following:

(1) Provision of staff technical assistance to the councils;
(2) Provision of an active role for residents in developing choices regarding activities, foods, living arrangements, personal care, and other aspects of resident life;
(3) A procedure for resolving resident grievances; and
(4) The role of the councils in assuring that resident rights are observed.

The development of these rules should include consultation with all residents through the use of both questionnaires and group discussions.

The resident council for each state veterans' home shall annually review the proposed expenditures from the benefit fund that shall contain all private donations to the home, all bequeaths, and gifts. Disbursements from each benefit fund shall be for the benefit and welfare of the residents of the state veteran's homes. Disbursements form the benefits funds shall be on the authorization of the superintendent or his or her authorized representative after approval has been received from the home's resident council.

The superintendent or his or her designated representative shall meet with the resident council at least monthly. The director of the department of veterans affairs shall meet with each resident council at least three times each year.

Sec. 4. RCW 72.36.020 and 1977 c 31 s 2 are each amended to read as follows:

The superintendent shall exercise management and control of the institution in accordance with either policies and/or procedures promulgated by the director of the department of veterans affairs, or both; and rules and regulations of the department. In accordance with chapter 18.52 RCW, the individual appointed as superintendent for either state veterans' home shall be a licensed nursing home administrator. The department may request a waiver to, or seek an alternate method of compliance with, the federal requirement for a licensed on-site administrator during a transition phase from July 1, 1993, to June 30, 1994.

Sec. 5. RCW 72.36.030 and 1977 ex.s. c 186 s 1 are each amended to read as follows:

(e) In any case provided for in this section, where a Washington state vehicle registration or vehicle license is to be confiscated, the confiscation shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the confiscation takes effect as of the date that the conviction becomes effective for other purposes.

(2)(a) On a third or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period the motor vehicle the person was driving at the time of the violation, if the person is the owner of the vehicle, shall be seized by a law enforcement officer of this state upon process issued by the court issuing the conviction.

The notice of seizure may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen-day period following the seizure.

(c) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the vehicle seized shall be deemed forfeited.

(d) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the vehicle within forty-five days of the seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The court to which the matter is to be removed shall be the district court when the value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon
a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof.

(ii) Sell the vehicle; or

(iii) Remove it for disposition in accordance with law.

(f) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(i) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(ii) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(iv) The quarterly report need not include a record of forfeited vehicles that are still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(g) Forfeited vehicles and net proceeds shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1761 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall (adopt comprehensive land use plans and development regulations under)) conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with ((RCW 36.70A.040 through 36.70A.160)) all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria."
(2) The county legislative authority of any county that does not meet ((the requirements of)) either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall ((adopt a comprehensive land use plan in accordance with)) conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county ((cannot remove itself from)) and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to ((adopt a comprehensive land use plan)) conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and governing body of each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) the county legislative authority and governing body of each city located within the county shall adopt ((the)) a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, ((1993)) 1994, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to ((adopt a comprehensive land use plan)) conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and governing body of each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county legislative authority and governing body of each city that is located within the county shall adopt ((the)) a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than ((three)) four years from the date the county legislative ((body takes action as required by subsection (2) of this section)) authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(((((4))) 5. If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the ((requirements of)) sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall ((adopt)) take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county legislative authority and each city governing body shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (((((4))) (c) the county legislative authority shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county legislative authority and each city governing body shall adopt a comprehensive land use plan ((under this chapter)) and development regulations that are consistent with and implement the comprehensive plan within ((three)) four years of the certification by the office of financial management(((((4))) (d) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan)), but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

6. A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.110 and 1991 sp.s. c 32 s 29 are each amended to read as follows:
(1) Each county that is required or chooses to (adopt a comprehensive land use) plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county (required to designate urban growth areas) that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall designate urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall designate urban growth areas under this chapter. A permit or other authorization allowing land use activities not already vested shall not be issued or approved by a county or city after the county designates its urban growth areas if the permit or other authorization is inconsistent with these designations.

(5) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.120 and 1990 1st ex.s. c 17 s 12 are each amended to read as follows:

((Within one year of the adoption of its comprehensive plan, each county and city that is required or chooses to plan under RCW 36.70A.040 shall enact development regulations that are consistent with and implement the comprehensive plan. Those counties and cities)) Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform its activities and make capital budget decisions in conformity with its comprehensive plan(s).

Sec. 4. RCW 36.70A.210 and 1991 sp.s. c 32 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a “county-wide planning policy” is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities. The exercise of the right of the people to petition for referendum is protected under RCW 4.24.500 through 4.24.520.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of (each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040) shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will
provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;
(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
(c) Policies for siting public capital facilities of a county-wide or state-wide nature;
(d) Policies for county-wide transportation facilities and strategies;
(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
(f) Policies for joint county and city planning within urban growth areas;
(g) Policies for county-wide economic development and employment; and
(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth planning board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

The governor may impose upon any county or city that is required or that chooses to plan under RCW 35.70A.040 a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate
critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of sanctions under this section shall be preceded by written findings by the governor that the county or city is not proceeding in good faith to meet the requirements of the act and that adequate state funding has been provided to the county or city to accomplish the goals of the act. A delay caused by an initiative or referendum on subjects covered in chapter ..., Laws of 1993 (this act) is not an unreasonable delay.

Sec. 6. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

(1) It is the intent of the legislature:
(a) To ensure that adequate facilities are available to serve new growth and development;
(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and
(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:
(a) Shall only be imposed for system improvements that are reasonably related to the new development;
(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and
(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After (July 1, 1993) the date a county, city, or town is required to adopt its comprehensive plan and development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:
(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;
(b) Additional demands placed on existing public facilities by new development; and
(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1993."
Representative Edmondson spoke in favor of the motion and it was carried.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1818, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that military base expansions, closures, and defense procurement contract cancellations may have extreme economic impacts on communities and firms. The legislature began to address this concern in 1990 by establishing the community diversification program in the department of community development. While this program has helped military dependent communities begin the long road to diversification, base expansions or closures or major procurement contract reductions in the near future will find these communities unable to respond adequately, endangering the health, safety, and welfare of the community. The legislature intends to target emergency state assistance to military dependent communities significantly impacted by defense spending. The emergency state assistance and the long-term strategy should be driven by the impacted community and consistent with the state plan for diversification required under RCW 43.63A.450(4).

NEW SECTION. Sec. 2. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may, by executive order, after consultation with the executive-legislative committee on economic development created by chapter ... (Senate Bill No. 5300), Laws of 1993, declare a community to be a "military impacted area." A "military impacted area" means a community or communities, as identified in the executive order, that experience serious social and economic hardships because of a change in defense spending by the federal government in that community or communities.

(2) If the governor executes an order under subsection (1) of this section, the governor shall establish a response team to coordinate state efforts to assist the military impacted community. The response team may include, but not be limited to, one member from each of the following agencies: (a) The department of community development; (b) the department of trade and economic development; (c) the department of social and health services; (d) the employment security department; (e) the state board for community and technical colleges; (f) the higher education coordinating board; (g) the department of transportation; and (h) the Washington energy office. The governor may appoint a response team coordinator. The governor shall seek to actively involve the impacted community or communities in planning and implementing a response to the crisis. The governor may seek input or assistance from the community diversification advisory committee, and the governor may establish task forces in the community or communities to assist in the coordination and delivery of services to the local community. The state and community response shall consider economic development, human service, and training needs of the community or communities impacted.

(3) The governor shall report at the beginning of the next legislative session to the legislature and the executive-legislative committee on economic development created by chapter ... (Senate Bill No. 5300), Laws of 1993, as to the designation of a military impacted area. The report shall include recommendations regarding whether a military impacted area should become eligible for (a) funding provided by the community economic revitalization board, public facilities construction loan revolving account, Washington state development loan fund, basic health plan, the public works assistance account, department of trade and economic development, employment security department, and department of transportation; (b) training for dislocated defense workers; or (c) services for dislocated defense workers.

On page 1, line 1 of the title, after "communities;" strike the remainder of the title and insert "adding a new section to chapter 43.06 RCW; and creating a new section."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2067, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that reducing the number of commute trips to work is an effective way of reducing automobile-related air pollution, traffic congestion, and energy use. The legislature intends that state agencies shall assume a leadership role in implementing programs to reduce vehicle miles traveled and single-occupant vehicle commuting, under RCW 70.94.521 through 70.94.551."
The legislature has established and directed an interagency task force to consider mechanisms for funding state agency commute trip reduction programs; and to consider and recommend policies for employee incentives for commuting by other than single-occupant vehicles, and policies for the use of state-owned vehicles.

It is the purpose of this act to provide state agencies with the authority to provide employee incentives, including subsidies for use of high occupancy vehicles to meet commute trip reduction goals, and to remove existing statutory barriers for state agencies to use public funds, including parking revenue, to operate, maintain, lease, or construct parking facilities at state-owned and leased facilities, to reduce parking subsidies, and to support commute trip reduction programs.

It is also the purpose of this act to revise other portions of state law that will assist state agencies in meeting their commute trip reduction requirements. A revision to the requirement for motor vehicle tax exemptions for owners of ride-sharing vehicles is one cost-effective and practical incentive that encourages state employees to commute by carpool and vanpool.

NEW SECTION. Sec. 2. A new section is added to chapter 43.01 RCW to read as follows:
The definitions in this section apply throughout this chapter.
(1) "Guaranteed ride home" means an assured ride home for commuters participating in a commute trip reduction program who are not able to use their normal commute mode because of personal emergencies.
(2) "Pledged" means parking revenue designated through any means, including moneys received from the natural resource building, which is used for the debt service payment of bonds issued for parking facilities.

Sec. 3. RCW 43.41.140 and 1979 c 151 s 119 are each amended to read as follows:
Pursuant to policies and regulations promulgated by the office of financial management (after consultation with and approval by the automotive policy board), an elected state officer (his delegate or a state agency director or (his) delegate may permit an employee (commuting) to commute in a state-owned or leased vehicle (only) if such travel is on official business, as determined in accordance with RCW 43.41.130, and is determined to be economical and advantageous to the state, or as part of a commute trip reduction program as required by RCW 70.94.551.

Sec. 4. RCW 46.08.172 and 1991 sp.s. c 31 s 12 and 1991 sp.s. c 13 s 41 are each reenacted and amended to read as follows:
(There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account.") The director of the department of general administration shall establish equitable and consistent parking rental fees for state-owned or leased property, to be charged to employees, visitors, clients, service providers, and others, that reflect the legislature's intent to reduce state subsidization of parking. The department shall solicit representatives from affected state agencies, employees, and state employee bargaining units to meet as regional committees. These regional committees will advise the director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. In the event that such fees become part of a collective bargaining agreement and there is a conflict between the agency and the collective bargaining unit, the terms of the collective bargaining agreement shall prevail. All fees shall take into account the market rate of comparable privately owned rental parking, as determined by the director. (All unpledged parking rental income collected by the department of general administration from rental of parking space on the capitol grounds and the east capitol site shall be deposited in the "state capitol vehicle parking account.") However, parking rental fees are not to exceed the local market rate of comparable privately owned rental parking.

The director may delegate the responsibility for the collection of parking fees to other agencies of state government when cost-effective.
(The "state capitol vehicle parking account" shall be used to pay costs incurred in the operation, maintenance, regulation and enforcement of vehicle parking and parking facilities.)

NEW SECTION. Sec. 5. A new section is added to chapter 43.01 RCW to read as follows:
There is hereby established an account in the state treasury to be known as the "state capitol vehicle parking account." All parking rental income collected from rental of parking space at state-owned or leased property shall be deposited in the "state capitol vehicle parking account." Revenue deposited in the "state capitol vehicle parking account" shall be first applied to pledged purposes. Unpledged parking revenues deposited in the "state capitol vehicle parking account" may be used to:
(1) Pay costs incurred in the operation, maintenance, regulation, and enforcement of vehicle parking and parking facilities on state-owned or leased properties;
(2) Support the lease costs and/or capital investment costs of vehicle parking and parking facilities at agency-owned and leased facilities off the capitol campus; and
(3) Support commute trip reduction programs under RCW 70.94.521 through 70.94.551.
Distribution of funds from the "state capitol vehicle parking account" are subject to appropriation by the legislature and will be made by the office of financial management after considering recommendations from the director of general administration and the interagency task force for commute trip reduction, under RCW 70.94.551.

NEW SECTION.  Sec. 6. A new section is added to chapter 43.01 RCW to read as follows:
State agencies may, subject to appropriation and under the internal revenue code rules, use public funds to financially assist agency-approved incentives for alternative commute modes, including but not limited to carpools, vanpools, purchase of transit and ferry passes, and guaranteed ride home programs, if the financial assistance is an element of the agency's commute trip reduction program as required under RCW 70.94.521 through 70.94.551. This section does not permit any payment for the use of state-owned vehicles for commuter ride sharing.

NEW SECTION.  Sec. 7. A new section is added to chapter 43.01 RCW to read as follows:
All state higher education institutions are exempt from section 5 of this act.

Sec. 8. RCW 82.44.015 and 1982 c 142 s 1 are each amended to read as follows:
For the purposes of this chapter, in addition to the exclusions under RCW 82.44.010, "motor vehicle" shall not include: (1) (Vane) Passenger motor vehicles used (regularly) primarily as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not fewer than (seven) four persons, including passengers and driver((, or not fewer than five persons including the driver, when at least three of those persons are confined to wheelchairs when riding))); or (2) vehicles with a seating capacity greater than fifteen persons which otherwise qualify as ride-sharing vehicles under RCW 46.74.010(3) used exclusively for ride sharing for the elderly or the handicapped by not fewer than seven persons, including driver. The registered owner of one of these vehicles shall notify the department of licensing upon termination of (regular) primary use of the vehicle as a ride-sharing vehicle and shall be liable for the tax imposed by this chapter, prorated on the remaining months for which the vehicle is licensed.

Sec. 9. RCW 46.16.023 and 1987 c 175 s 2 are each amended to read as follows:
(1) (Every owner or lessee of a vehicle seeking to apply for an excise tax exemption under RCW 82.08.0287, 82.12.0282, or 82.44.015 shall apply to the director for, and upon satisfactory showing of eligibility, receive in lieu of the regular motor vehicle license plates for that vehicle, special plates of a distinguishing separate numerical series or design, as the director shall prescribe. In addition to paying all other initial fees required by law, each applicant for the special license plates shall pay an additional license fee of twenty-five dollars upon the issuance of such plates. The special fee shall be deposited in the motor vehicle fund. Application for renewal of the license plates shall be as prescribed for the renewal of other vehicle licenses. No renewal is required for vehicles exempted under RCW 46.16.020.
(2) Whenever the ownership of a vehicle receiving special plates under subsection (1) of this section is transferred or assigned, the plates shall be removed from the motor vehicle, and if another vehicle qualifying for special plates is acquired, the plates shall be transferred to that vehicle for a fee of five dollars, and the director shall be immediately notified of the transfer of the plates. Otherwise the removed plates shall be immediately forwarded to the director to be canceled. Whenever the owner or lessee of a vehicle receiving special plates under subsection (1) of this section is for any reason relieved of the tax-exempt status, the special plates shall immediately be forwarded to the director along with an application for replacement plates and the required fee. Upon receipt the director shall issue the license plates that are otherwise provided by law.
(3) Any person who shall knowingly make any false statement of a material fact in the application for a special plate under subsection (1) of this section shall be guilty of a gross misdemeanor."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 43.41.140, 82.44.015, and 46.16.023; reenacting and amending RCW 46.08.172; adding new sections to chapter 43.01 RCW; creating a new section; and prescribing penalties." and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1209 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. This act may be known and cited as the performance-based education act.

NEW SECTION.  Sec. 2. (1)(a) The mission of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive lives. To these ends, schools, together with parents and communities, shall strive to help all students develop the knowledge, skills, and attributes essential to function effectively and lead successful lives. Although schools, parents, and communities shall strive together in this mission, the legislature still believes that the primary functions of school and home differ: Ideally, school is where children learn to learn; home is where they learn to live.

(b) This mission is based on the recognition that our education system needs to keep pace with societal changes, changes in workplace environments, and an ever-changing international community. Finally, the mission recognizes that the education must be improved to prepare students better to meet the challenges of their future, including acquisition of certain skills and knowledge and the ability to act on information and conclusions once they have assimilated and analyzed information.

(c) This mission can be accomplished through a restructured system of world-class, performance-based education requiring all the elements in chapter . . . , Laws of 1993 (this act).

(2) For all parents, greater involvement in their child's education is critical to their child's success. It is the intent of chapter . . . , Laws of 1993 (this act) that parents be primary partners in the education of their children. Parents should also play a significant role in local school decision making affecting instruction at the school level.

(3) Creating a performance-based education system will require different ways of making decisions and completing work. Additional improvements envisioned will be brought about through different practices at the local level. Collaboration among parents, students, educators, community members, and elected officials will become a strong part of everyday effort. All systems and programs will be focused on what is best for increasing student achievement. In addition to a focused mission, other areas of paramount concern in school shall be the maintenance of order; the spending of time on the tasks; and maintenance of high expectations for all students. The purpose is to strive to help all students master the essential learning requirements.

(4) It is the intent of the legislature that all children will have the opportunity to achieve at significantly higher levels. This will require setting high expectations for all students. For all students, learning shall be the constant. Time spent on learning and gaining competence shall be the variable. The education system, from the schoolhouse to the state house, must be responsible and accountable to citizens for meeting specific goals and outcomes.

(5) Students will learn more when:

(a) Each student exercises fully his or her share of the responsibility for his or her educational experience and performance, given positive support from parents and community, and instructional guidance from the schools;

(b) Parents take more responsibility for their child's education;

(c) Businesses assume greater responsibility for supporting schools; and
Educators take responsibility for meeting the diverse educational needs of all students.

It is the intent of the legislature to provide students the opportunity for an ample educational experience and an educational environment that fosters mutually respectful interactions in an atmosphere of collaboration and cooperation, and in which students develop awareness, understanding, and sensitivity to differences among people, including but not limited to gender, race, color, national origin, and religion.

(a) It is the intent of the legislature that any student, from those at-risk to students who may be developmentally delayed or disabled, who is having difficulty meeting the student learning goals under section 202 of this act be provided with instructional opportunities to help him or her meet the goals.

(b) Similarly, in support of subsection (6) of this section, it is the intent of the legislature that any highly capable student who has met or exceeded the student learning goals under section 202 of this act be provided with instructional opportunities to help him or her advance his or her educational experience.

PART I
COMMUNITY SELECTION OF LOCAL EDUCATION PROGRAM

NEW SECTION. Sec. 101. (1) Each school district in the state shall develop educational programs designed to provide each student in the district with the opportunity to achieve the student learning goals under section 202 of this act.

(2) Each school district board of directors may authorize a school or schools in the district to participate in the performance-based education system developed under RCW 28A.630.885, following a public hearing by the school board and adoption of a motion stating the intent and scope of participation. The adopted motion shall require that schools authorized and choosing to participate in the performance-based education system shall administer the tests required under RCW 28A.230.190, 28A.230.230, and 28A.230.240 for at least five school years following the date of first participation in the performance-based system. A copy of the adopted motion shall be transmitted to the superintendent of public instruction by the district board of directors. After a public hearing, the school board may repeal the motion stating the intent and scope of participation and shall transmit a copy of the motion repealing the intent and scope of participation to the superintendent of public instruction.

(3) The state schools for the deaf and blind, pursuant to subsection (2) of this section, may participate in the performance-based education system developed under RCW 28A.630.885 and may apply for grants under section 401 of this act.

(4) Each school district board of directors may adopt procedures to permit parents to remove their children from courses of instruction offered primarily to meet student learning goal number four listed under section 201 of this act.

(5) Nothing under chapter . . . . , Laws of 1993 (this act) shall affect the provisions of RCW 28A.230.070(4) that allow students not to participate in AIDS prevention education, and state board of education rules that allow students an excusal from planned instruction in sex education or human sexuality.

(6) For schools not authorized or choosing to participate in the performance-based education system developed under RCW 28A.630.885, sections 501 through 507, chapter 141, Laws of 1992 shall not apply.

PART II
STUDENT LEARNING GOALS

NEW SECTION. Sec. 201. The following student learning goals for Washington's primary and secondary students, as recommended by the governor's council on education reform and funding, are supported by the legislature:

The ultimate goal of Washington's K-12 education system is to enable people to be responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives. To these ends, schools, together with parents and communities, shall help all students develop the knowledge, skills, and attributes essential to:

(1) Communicate effectively and responsibly in a variety of ways and settings;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; arts; humanities; and health and fitness;

(3) Think critically and creatively and integrate experience and knowledge to form reasoned judgments, solve problems, and resolve conflicts;
(4) Function as caring and responsible individuals and contributing members of families, work groups, and communities.

NEW SECTION. Sec. 202. The state board of education shall by rule adopt the final student learning goals in section 201 of this act recommended by the governor’s council on education reform and funding. Of these goals, goal two, in section 201(2) of this act, shall be primary. The legislature finds that from achievement of goal two, achievement of the other goals might follow. The legislature finds that students must above all else achieve mastery of knowledge and skills in core areas of reading, writing, speaking, science, history, geography, and mathematics. The legislature also finds that families and communities bear the primary responsibility for seeing that children function as caring and responsible members of families, work groups, and communities. The student learning goals shall be effective for all school districts beginning with the 1993-94 school year. The state board shall review the goals at least once every ten years and update them as necessary. Local school districts may add goals to the student learning goals in section 201 of this act.

NEW SECTION. Sec. 203. It is the intent of the legislature that instruction in the broad subject areas of mathematics, social sciences, physical sciences, life sciences, arts, humanities, and health and fitness identified under student learning goal number two under section 201(2) of this act will continue to be offered in ways that emphasize the importance of these basic areas of knowledge to the future success of students after they graduate.

PART III
COMMISSION ON STUDENT LEARNING

Sec. 301. RCW 28A.630.884 and 1992 c 141 s 201 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.630.884, 28A.630.885, and sections 101, 201, 202, 401, 502, 701, 801, 902, 903, 1201, and 1301 of this act.

(1) “Academic assessment system” or “assessment system” means a series of academic examinations and performance-based assessments developed by the commission on student learning to determine if students have mastered the methods of assessing student achievement that require demonstration of the essential learning requirements.

(2) “Commission” means the commission on student learning created in RCW 28A.630.885(1).

However, the superintendent of public instruction shall adopt rules to waive all or part of the match requirement for districts that can demonstrate, based on the district's relative property tax wealth, that they would not be able to apply for the grant unless all or part of the match requirement was waived. A district capital levy for technology will satisfy the local match requirement under this section.

All transfer fees must be paid over to the county treasurer within thirty days of its collection for the credit of the district in which such students attend.})\) Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

PART XIV
SCHOOL-TO-WORK TRANSITIONS

NEW SECTION. Sec. 1401. (1) The legislature finds that demonstrated relevancy and practical application of school work is essential to improving student learning and to increasing the ability of students to transition successfully to the world of work. Employers have an increasing need for highly skilled people whether they are graduating from high school, a community college, a four-year university, or a technical college.

(2) The legislature further finds that the school experience must prepare students to make informed career direction decisions at appropriate intervals in their educational progress. The elimination of rigid tracking into educational programs will increase students' posthigh school options and will expose students to a broad range of interrelated career and educational opportunities.

(3) The legislature further finds that student motivation and performance can be greatly increased by the demonstration of practical application of course work content and its relevancy to potential career directions.

(4) The legislature further finds that secondary schools should provide students with multiple, flexible educational pathways. Each educational pathway should:

(a) Prepare students to demonstrate both core competencies common for all students and competencies in a career or interest area;

(b) Integrate academic and vocational education into a single curriculum; and

(c) Provide both classroom and workplace experience.

(5) The purpose of RCW 28A.630.862 through 28A.630.880 and section 1411 of this act is to equip students with improved school-to-work transition opportunities through the establishment of school-to-work transition model projects throughout the state.

Instruction shall include a combination of classroom and actual workplace learning. Workplace experience shall account for a minimum of forty percent of the total instruction provided over the life of the school-to-work transition program. Yearly percentages may vary during the program. Goals of the projects within the program shall include at a minimum:

(1) Integration of vocational and academic instructional curriculum into a single curriculum;

(2) Providing each student with a choice of multiple, flexible educational pathways based on the student's career or interest area;
Sec. 1403. RCW 28A.630.864 and 1992 c 137 s 3 are each amended to read as follows:

(5) The superintendent of public instruction, in selecting projects for grant awards, shall give additional consideration to schools or school districts whose proposals are consistent with the state comprehensive plan for work force training and education prepared by the work force training and education coordinating board.

(6) The superintendent of public instruction and the state board of education may develop a process for teacher certification programs to apply to participate in the school-to-work transitions program. The office of the superintendent of public instruction and the state board for community and technical colleges may review and select projects for grant awards. Teacher preparation grants shall be used to improve teacher preparation in school-to-work transitions, including course work related to integrated curriculum, tech prep concepts, updating technical skills, improving school and private sector partnerships, and assessing students.

(2) The ((academic and vocational integration development)) school-to-work transitions program account is hereby established in the custody of the state treasurer. The superintendent of public instruction shall deposit in the account all moneys received under this section. SENATE AMENDMENTS TO HOUSE BILL

April 1, 1993

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1260 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 81.04.130 and 1984 c 143 s 1 are each amended to read as follows:
Whenever any public service company, other than a railroad company, files with the commission any schedule, classification, rule, or regulation, the effect of which is to change any rate, fare, charge, rental, or toll previously charged, the commission has power, either upon its own motion or upon complaint, upon notice, to hold a hearing concerning the proposed change and the reasonableness and justness of it. Pending the hearing and the decision the commission may suspend the operation of the rate, fare, charge, rental, or toll, if the change is proposed by a common carrier subject to the jurisdiction of the commission, other than a solid waste collection company, for a period not exceeding seven months, and, if proposed by a (public service company other than such a common carrier) solid waste collection company, for a period not exceeding ten months from the time the change would otherwise go into effect. After a full hearing the commission may make such order in reference to the change as would be provided in a hearing initiated after the change had become effective.

At any hearing involving any change in any schedule, classification, rule, or regulation the effect of which is to increase any rate, fare, charge, rental, or toll theretofore charged, the burden of proof to show that such increase is just and reasonable is upon the public service company. When any common carrier subject to the jurisdiction of the commission files any tariff, classification, rule, or regulation the effect of which is to decrease any rate, fare, or charge, the burden of proof to show that such decrease is just and reasonable is upon the common carrier.

Sec. 2. RCW 81.28.050 and 1984 c 143 s 5 are each amended to read as follows:

Unless the commission otherwise orders, no change may be made in any classification, rate, fare, charge, rule, or regulation filed and published by a common carrier other than a railroad carrier, except after thirty days' notice to the commission and to the public. In the case of a solid waste collection company, no such change may be made except after forty-five days' notice to the commission and to the public. The notice shall be published as provided in RCW 81.28.040 and shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rate, classification, fare, or charge will go into effect. All proposed changes shall be shown by printing, filing, and publishing new schedules or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. In the case of a change proposed by a rail carrier, except for changes to rail contracts between a rail carrier and a shipper authorized under RCW 81.34.070, which changes become effective in accordance with that section, a proposal resulting in a rate increase or a new rate shall not become effective for twenty days after the notice is published, and a proposal resulting in a rate decrease shall not become effective for ten days after the notice is published. The commission, for good cause shown, may by order allow changes in rates without requiring the notice and the publication time periods specified in this section. When any change is made in any rate, fare, charge, classification, rule, or regulation, attention shall be directed to the change by some character on the schedule. The character and its placement shall be designated by the commission. The commission may, by order, for good cause shown, allow changes in any rate, fare, charge, classification, rule, or regulation without requiring any character to indicate each and every change to be made.
NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW to read as follows:

To provide solid waste collection companies with sufficient time to prepare and submit tariffs and rate filings for public comment and commission approval, the owner or operator of a transfer station, landfill, or facility used to burn solid waste shall provide seventy-five days' notice to solid waste collection companies of any change in tipping fees and disposal rate schedules. The notice period shall begin on the date individual notice to a collection company is delivered to the company or is postmarked.

A collection company may agree to a shorter notice period: PROVIDED, That such agreement by a company shall not affect the notice requirements for rate filings under RCW 81.28.050.

The owner of a transfer station, landfill or facility used to burn solid waste may agree to provide companies with a longer notice period.

"Solid waste collection companies" as used in this section means the companies regulated by the commission pursuant to chapter 81.77 RCW.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993
Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1748 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.15.820 and 1985 c 390 s 35 are each amended to read as follows:

(1) Each institution of higher education shall deposit two and one-half percent of revenues collected from tuition and services and activities fees in an institutional long-term loan fund which is hereby created and which shall be held locally. Moneys in such fund shall be used to make guaranteed loans to eligible students except as provided for in subsections (9) and (10) of this section.

(2) With the exception of subsection (9) of this section, an "eligible student" for the purposes of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 through 28B.15.015, and who is a "needy student" as defined in RCW 28B.10.802.

(3) The amount of the loans made under subsection (1) of this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program. Twenty percent of the total institutional long-term loan fund shall be used for the sole purpose of long-term loans repayable by the borrower and twenty percent of the institutional long-term loan fund shall be used for the sole purpose of short-term loans repayable by the borrower.

(4) Before approving a guaranteed loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of loans made under subsection (1) of this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of loans under subsection (1) of this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges ((education)) and shall be conducted under procedures adopted by such state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, which are paid by or on behalf of borrowers of funds under subsection (1) of this section, shall be deposited in each institution's general local fund and shall be used to cover the costs of making the loans under subsection (1) of this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan principle. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be used for the support of the institution's operating budget.

(7) The boards of regents of the state universities, the boards of trustees of the regional universities and The Evergreen State College, and the state board for community and technical colleges ((education)), on behalf of the community colleges, shall each adopt necessary rules and regulations to implement this section.

(8) Lending activities under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term (interim) loans, not to exceed one ((hundred twenty days)) year, may be made from the institutional long-term loan fund to students (eligible for guaranteed student loans and whose receipt of such loans is pending. Such short-term loans shall not be subject to the guarantee restrictions or the constraints of federal law imposed by subsection (3) of this section) enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term
loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional long-term loan fund which are not used in making long or short term loans or transferred to institutional operating budgets may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee waiver programs. These funds shall be used in addition to and not to replace institutional funds which would otherwise support these locally-administered financial aid programs. Priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study."

and the same are herewith transmitted.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1128, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.515 and 1985 c 352 s 1 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the
mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of a second or subsequent conviction, the driver is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. The report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment (facilities) program or approved drug treatment center.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, be revoked by the department for one year. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, be revoked by the department for two years.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

(5)(a) In addition to penalties set forth in this section, a one hundred twenty-five dollar fee shall be assessed to a person who is either convicted, sentenced to a lesser charge, or given deferred prosecution, as a result of an arrest for violating RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522. This fee is for the purpose of funding the Washington state toxicology laboratory and the Washington state patrol breath test program.

(b) Upon a verified petition by the person assessed the fee, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender for an offense which, if committed by an adult, would constitute a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, the court shall assess the one hundred twenty-five dollar fee under (a) of this subsection. Upon a verified petition by a minor assessed the fee, the court may suspend payment of all or part of the fee if it finds that the minor does not have the ability to pay the fee.

(6) The fee assessed under subsection (5) of this section shall be collected by the clerk of the court and distributed as follows:

(a) Forty percent shall be subject to distribution under RCW 3.62.020, 3.62.040, or 10.82.040.

(b) If the case involves a blood test by the state toxicology laboratory, the remainder of the fee shall be forwarded to the state treasurer for deposit in the death investigations account to be used solely for funding the state toxicology laboratory blood testing program.

(c) Otherwise, the remainder of the fee shall be forwarded to the state treasurer for deposit in the state patrol highway account to be used solely for funding the Washington state patrol breath test program.

NEW SECTION. Sec. 2. The Washington state patrol in conjunction with the traffic safety commission shall use a small percentage of the revenues generated under the 1993 amendments to RCW 46.61.515 contained in
section 1, chapter ..., Laws of 1993 (section 1 of this act), to perform a study to determine a mechanism for evaluating
the best practice for increasing the conviction rate for persons driving under the influence of alcohol or drugs. The
study must be completed and a report made to the appropriate committees of the legislature by June 30, 1995.

NEW SECTION. Sec. 3. The 1993 amendments to section 1 of this act expire June 30, 1995.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health,
or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.”

On page 1, line 2 of the title, after “testing;” strike the remainder of the title and insert “amending RCW
46.61.515; creating a new section; prescribing penalties; providing an effective date; providing an expiration date; and
declaring an emergency.” and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1993
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1012, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:
(1) The demand for donor organs and body parts exceeds the available supply for transplant.
(2) The discussion regarding advance directives including anatomical gifts is most appropriate with the primary care provider during an office visit.
(3) Federal law requires hospitals, skilled nursing facilities, home health agencies, and hospice programs to provide information regarding advance directives.
(4) Discretion and sensitivity must be used in discussion and requests for anatomical gifts.

The legislature declares that it is in the best interest of the citizens of Washington to provide a program that will increase the number of anatomical gifts available for donation, and the legislature further declares that wherever possible policies and procedures required in this chapter shall be consistent with the federal requirements.

NEW SECTION. Sec. 2. Unless the context requires otherwise, the definitions in this section apply throughout sections 1 through 16 of this act.
(1) "Anatomical gift" means a donation of all or part of a human body to take effect upon or after death.
(2) "Decedent" means a deceased individual.
(3) "Document of gift" means a card, a statement attached to or imprinted on a motor vehicle operator's license, a will, or other writing used to make an anatomical gift.
(4) "Donor" means an individual who makes an anatomical gift of all or part of the individual's body.
(5) "Enucleator" means an individual who is qualified to remove or process eyes or parts of eyes.
(6) "Hospital" means a facility licensed under chapter 70.41 RCW, or as a hospital under the law of any state or a facility operated as a hospital by the United States government, a state, or a subdivision of a state.
(7) "Part" means an organ, tissue, eye, bone, artery, blood, fluid, or other portion of a human body.
(8) "Person" means an individual, corporation, business trust, estate, trust, partnership, joint venture, association, government, governmental subdivision or agency, or any other legal or commercial entity.
(9) "Physician" or "surgeon" means an individual licensed or otherwise authorized to practice medicine and surgery or osteopathy and surgery under chapters 18.71 and 18.57 RCW.
(10) "Procurement organization" means a person licensed, accredited, or approved under the laws of any state for procurement, distribution, or storage of human bodies or parts.
(11) "State" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
(12) "Technician" means an individual who is qualified to remove or process a part.

NEW SECTION. Sec. 3. (1) An individual who is at least eighteen years of age may (a) make an anatomical gift for any of the purposes stated in section 6(1) of this act, (b) limit an anatomical gift to one or more of those purposes, or (c) refuse to make an anatomical gift.
(2) An anatomical gift may be made by a document of gift signed by the donor. If the donor cannot sign, the document of gift must be signed by another individual and by two witnesses, all of whom have signed at the direction and in the presence of the donor and of each other and state that it has been so signed.
(3) If a document of gift is attached to or imprinted on a donor's motor vehicle operator's license, the document of gift must comply with subsection (2) of this section. Revocation, suspension, expiration, or cancellation of the license does not invalidate the anatomical gift.
(4) The donee or other person authorized to accept the anatomical gift may employ or authorize a physician, surgeon, technician, or enucleator to carry out the appropriate procedures.
(5) An anatomical gift by will takes effect upon death of the testator, whether or not the will is probated. If, after death, the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.
(6) A donor may amend or revoke an anatomical gift, not made by will, by:
(a) A signed statement;
(b) An oral statement made in the presence of two individuals;
(c) Any form of communication during a terminal illness or injury; or
(d) The delivery of a signed statement to a specified donee to whom a document of gift had been delivered.

(7) The donor of an anatomical gift made by will may amend or revoke the gift in the manner provided for amendment or revocation of wills, or as provided in subsection (6) of this section.

(8) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of a person after the donor's death.

(9) An individual may refuse to make an anatomical gift of the individual's body or part by (a) a writing signed in the same manner as a document of gift, (b) a statement attached to or imprinted on a donor's motor vehicle operator's license, or (c) another writing used to identify the individual as refusing to make an anatomical gift. During a terminal illness or injury, the refusal may be an oral statement or other form of communication.

(10) In the absence of contrary indications by the donor, an anatomical gift of a part is neither a refusal to give other parts nor a limitation on an anatomical gift under section 4 of this act.

(11) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal pursuant to subsection (9) of this section.

NEW SECTION. Sec. 4. (1) A member of the following classes of persons, in the order of priority listed, absent contrary instructions by the decedent, may make an anatomical gift of all or a part of the decedent's body for an authorized purpose, unless the decedent, at the time of death, had made an unrevoke d refusal to make that anatomical gift:

(a) The appointed guardian of the person of the decedent at the time of death;
(b) The individual, if any, to whom the decedent had given a durable power of attorney that encompassed the authority to make health care decisions;
(c) The spouse of the decedent;
(d) A son or daughter of the decedent who is at least eighteen years of age;
(e) Either parent of the decedent;
(f) A brother or sister of the decedent who is at least eighteen years of age;
(g) A grandparent of the decedent.

(2) An anatomical gift may not be made by a person listed in subsection (1) of this section if:

(a) A person in a prior class is available at the time of death to make an anatomical gift;

(b) The person proposing to make an anatomical gift knows of a refusal or contrary indications by the decedent; or

(c) The person proposing to make an anatomical gift knows of an objection to making an anatomical gift by a member of the person's class or a prior class.

(3) An anatomical gift by a person authorized under subsection (1) of this section must be made by (a) a document of gift signed by the person or (b) the person's telegraphic, recorded telephonic, or other recorded message, or other form of communication from the person that is contemporaneously reduced to writing and signed by the recipient of the communication.

(4) An anatomical gift by a person authorized under subsection (1) of this section may be revoked by a member of the same or a prior class if, before procedures have begun for the removal of a part from the body of the decedent, the physician, surgeon, technician, or enucleator removing the part knows of the revocation.

(5) A failure to make an anatomical gift under subsection (1) of this section is not an objection to the making of an anatomical gift.

NEW SECTION. Sec. 5. (1) On or before admission to a hospital, or as soon as possible thereafter, a person designated by the hospital shall ask each patient who is at least eighteen years of age: “Are you an organ or tissue donor?” If the answer is affirmative the person shall request a copy of the document of gift. If the answer is negative or there is no answer, the person designated shall provide the patient information about the right to make a gift and shall ask the patient if he or she wishes to become an anatomical parts donor. If the answer is affirmative, the person designated shall provide a document of gift to the patient. The answer to the questions, an available copy of any document of gift or refusal to make an anatomical gift, and any other relevant information shall be placed in the patient's medical record.

(2) If, at or near the time of death of a patient, there is no medical record that the patient has made or refused to make an anatomical gift, the hospital administrator or a representative designated by the administrator shall discuss the option to make or refuse to make an anatomical gift and request the making of an anatomical gift.
under section 4(1) of this act. The request shall be made with reasonable discretion and sensitivity to the circumstances of the family. A request is not required if the gift is not suitable, based upon accepted medical standards, for a purpose specified in section 6 of this act. An entry shall be made in the medical record of the patient, stating the name and affiliation of the individual making the request, and of the name, response, and relationship to the patient of the person to whom the request was made. The secretary of the department of health shall adopt rules to implement this subsection.

(3) The following persons shall make a reasonable search of the individual and his or her personal effects for a document of gift or other information identifying the bearer as a donor or as an individual who has refused to make an anatomical gift:
   (a) The agency assuming jurisdiction over the decedent, such as the coroner or medical examiner; or
   (b) A hospital, upon the admission of an individual at or near the time of death, if there is not immediately available another source of that information.

(4) If a document of gift or evidence of refusal to make an anatomical gift is located by the search required by subsection (3)(a) of this section, and the individual or body to whom it relates is taken to a hospital, the hospital shall be notified of the contents and the document or other evidence shall be sent to the hospital.

(5) If, at or near the time of death of a patient, a hospital knows that an anatomical gift has been made under section 4(1) of this act, or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital; if not, it shall notify an appropriate procurement organization. The hospital shall cooperate in the procurement of the anatomical gift or release and removal of a part.

(6) A person who fails to discharge the duties imposed by this section is not subject to criminal or civil liability.

(7) Hospitals shall develop policies and procedures to implement this section.

NEW SECTION. Sec. 6. (1) The following persons may become donees of anatomical gifts for the purposes stated:
   (a) A hospital, physician, surgeon, or procurement organization for transplantation, therapy, medical or dental education, research, or advancement of medical or dental science;
   (b) An accredited medical or dental school, college, or university for education, research, or advancement of medical or dental science; or
   (c) A designated individual for transplantation or therapy needed by that individual.

(2) An anatomical gift may be made to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, the anatomical gift may be accepted by any hospital.

(3) If the donee knows of the decedent's refusal or contrary indications to make an anatomical gift or that an anatomical gift made by a member of a class having priority to act is opposed by a member of the same class or a prior class under section 4(1) of this act, the donee may not accept the anatomical gift.

NEW SECTION. Sec. 7. (1) Delivery of a document of gift during the donor's lifetime is not required for the validity of an anatomical gift.

(2) If an anatomical gift is made to a designated donee, the document of gift, or a copy, may be delivered to the donee to expedite the appropriate procedures after death. The document of gift, or a copy, may be deposited in a hospital, procurement organization, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of an interested person, upon or after the donor's death, the person in possession shall allow the interested person to examine or copy the document of gift.

NEW SECTION. Sec. 8. (1) Rights of a donee created by an anatomical gift are superior to rights of others except when under the jurisdiction of the coroner or medical examiner. A donee may accept or reject an anatomical gift. If a donee accepts an anatomical gift of an entire body, the donee, subject to the terms of the gift, may allow embalming and use of the body in funeral services. If the gift is of a part of a body, the donee, upon the death of the donor and before embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the person under obligation to dispose of the body.

(2) The time of death must be determined by a physician or surgeon who attends the donor at death or, if none, the physician or surgeon who certifies the death. Neither the physician or surgeon who attends the donor at
death nor the physician or surgeon who determines the time of death may participate in the procedures for removing or transplanting a part.

(3) If there has been an anatomical gift, a technician may remove any donated parts and an enucleator may remove any donated eyes or parts of eyes, after determination of death by a physician or surgeon.

NEW SECTION. Sec. 9. Each hospital in this state, after consultation with other hospitals and procurement organizations, shall establish agreements or affiliations for coordination of procurement and use of human bodies and parts.

NEW SECTION. Sec. 10. (1) A person may not knowingly, for valuable consideration, purchase or sell a part for transplantation or therapy, if removal of the part is intended to occur after the death of the decedent.

(2) Valuable consideration does not include reasonable payment for the removal, processing, disposal, preservation, quality control, storage, transportation, or implantation of a part.

(3) A person who violates this section is guilty of a felony and upon conviction is subject to a fine not exceeding fifty thousand dollars or imprisonment not exceeding five years, or both.

NEW SECTION. Sec. 11. (1) An anatomical gift authorizes reasonable examination necessary to assure medical acceptability of the gift for the purposes intended.

(2) The provisions of sections 1 through 16 of this act are subject to the laws of this state governing the jurisdiction of the coroner or medical examiner.

(3) A hospital, physician, surgeon, coroner, medical examiner, local public health officer, enucleator, technician, or other person, who acts in accordance with sections 1 through 16 of this act or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so, is not liable for that act in a civil action or criminal proceeding.

(4) An individual who makes an anatomical gift under section 3 or 4 of this act and the individual's estate are not liable for injury or damage that may result from the making or the use of the anatomical gift.

NEW SECTION. Sec. 12. Sections 1 through 16 of this act apply to a document of gift, revocation, or refusal to make an anatomical gift signed by the donor or a person authorized to make or object to making an anatomical gift before, on, or after the effective date of this section.

NEW SECTION. Sec. 13. This act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this act among states enacting it.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. In any case where a patient is in need of corneal tissue for a transplantation, corneal tissue may be provided by eye banks licensed by the secretary of health under rules promulgated by the department of health.

NEW SECTION. Sec. 17. Sections 1 through 16 of this act are each added to chapter 68.50 RCW.

Sec. 18. RCW 46.20.113 and 1987 c 331 s 81 are each amended to read as follows:
The department of licensing shall provide a statement whereby the licensee may certify ((in the presence of two witnesses)) his or her willingness to make an anatomical gift under ((RCW 68.50.370)) section 3 of this act, as now or hereafter amended. The department shall provide the statement in at least one of the following ways:

(1) On each driver's license; or

Costs shall be borne by the county.

Sec. 20. RCW 68.50.500 and 1987 c 331 s 71 are each amended to read as follows:

The procedures shall require that any deceased individual’s next of kin or other individual, as set forth in (RCW 68.50.350) section 4 of this act, and the medical record does not specify the deceased as a donor, at or near the time of notification of death be asked whether the deceased was (an organ) a part donor. If not, the family shall be informed of the option to donate (organs and tissues) parts pursuant to the uniform anatomical gift act. With the approval of the designated next of kin or other individual, as set forth in (RCW 68.50.350) section 4 of this act, the hospital shall then notify an established (eye bank, tissue bank, or organ procurement agency) procurement organization including those organ procurement agencies associated with a national organ procurement transportation network or other eligible donee, as specified in (RCW 68.50.360) section 6 of this act, and cooperate in the procurement of the anatomical gift or gifts. NEW SECTION. Sec. 21. The following acts or parts of acts are each repealed:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.21 RCW to read as follows:

(1) It is the purpose of this section to provide a means whereby all cities and towns may obtain, through a single source, information regarding ordinances of other cities and towns that may be of assistance to them in enacting appropriate local legislation.

(2) For the purposes of this section, (a) "clerk" means the city or town clerk or other person who is lawfully designated to perform the recordkeeping function of that office, and (b) "municipal research council" means the municipal research council created by chapter 43.110 RCW.

(3) The clerk of every city and town is directed to provide to the municipal research council or its designee, after adoption, a copy of each of its regulatory ordinances and such other ordinances or kinds of ordinances as may be described in a list or lists promulgated by the municipal research council or its designee from time to time, and may provide such copies without charge. The municipal research council may provide that information to the entity with which it contracts for the provision of municipal research and services, in order to provide a pool of information for all cities and towns in the state of Washington.

(4) This section is intended to be directory and not mandatory.

Sec. 2. RCW 35.27.320 and 1965 c 7 s 35.27.320 are each amended to read as follows:

The violation of an ordinance of a town shall be a misdemeanor or a civil violation subject to a monetary penalty, and may be prosecuted by the authorities thereof in the name of the people of the state of Washington (or may be redressed by civil action)).

Any person sentenced to imprisonment may be imprisoned in the town jail, or if the council by ordinance shall so prescribe and if the county (commissioners) legislative authority have consented thereto, he or she may be imprisoned in the county jail, the expense thereof to be a charge against the town and in favor of the county.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1993

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1033 with the following amendments:

"NEW SECTION. Sec. 1. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program standards state-wide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a state-wide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the state-wide jail industries board of directors.
(2) "City" means any city, town, or code city.
(3) "Cost accounting center" means a specific industry program operated under the private sector prison industry enhancement certification program as specified in 18 U.S.C. Sec. 1761.
(4) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior, district, or municipal court of the state of Washington for payment of restitution to a victim, a statutorily imposed crime victims compensation fee, court costs, a county or interlocal drug fund, court appointed attorneys' fees and costs of defense, fines, and other legal financial obligations that are assessed as a result of a felony or misdemeanor conviction.
(5) "Free venture industries" means types of industries which produce products, goods, or services through two modalities: (a) Employer model: An agreement between city or county and a private sector business or industry or nonprofit organization to produce goods or services to both public and private sectors; (b) customer model: An industry operated and managed to provide Washington state manufacturers or businesses with products or services currently produced, provided, and assembled by out-of-state or foreign suppliers.
(6) "Jail inmate" means a preconviction or postconviction resident of a city or county jail who is determined to be eligible to participate in jail inmate work programs according to the eligibility criteria of the work program.
NEW SECTION. Sec. 3. A state-wide jail industries board of directors is established. The board shall consist of the following members:

(1) One sheriff and one police chief, to be selected by the Washington association of sheriffs and police chiefs;

(2) One county commissioner or one county councilmember to be selected by the Washington state association of counties;

(3) One city official to be selected by the association of Washington cities;

(4) Two jail administrators to be selected by the Washington state jail association, one of whom shall be from a county or a city with an established jail industries program;

(5) One prosecuting attorney to be selected by the Washington association of prosecuting attorneys;

(6) One administrator from a city or county corrections department to be selected by the Washington correctional association;

(7) One county clerk to be selected by the Washington association of county clerks;

(8) Three representatives from labor to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide labor organizations representing a cross-section of trade organizations;

(9) Three representatives from business to be selected by the governor. The representatives may be chosen from a list of nominations provided by state-wide business organizations representing a cross-section of businesses, industries, and all sizes of employers;

(10) The governor's representative from the employment security department;

(11) One member representing crime victims, to be selected by the governor;

(12) One member representing on-line law enforcement officers, to be selected by the governor;

(13) One member from the department of trade and economic development to be selected by the governor;

(14) One member representing higher education, vocational education, or adult basic education to be selected by the governor; and

(15) The governor's representative from the correctional industries division of the state department of corrections shall be an ex officio member for the purpose of coordination and cooperation between prison and jail industries and to further a positive relationship between state and local government offender programs.

NEW SECTION. Sec. 4. The board shall, at the request of a city or county, offer advice in developing, promoting, and implementing consistent, safe, and efficient offender work programs. The board may also develop guidelines and provide technical assistance for the coordination of jail industries programs with basic educational programs.

NEW SECTION. Sec. 5. The board shall require a city or a county that establishes a jail industries program to develop a local advisory group, or to use an existing advisory group of the appropriate composition, to advise and guide jail industries program operations. Such an advisory group shall include an equal number of representatives from labor and business. Representation from a sheltered workshop, as defined in RCW 82.04.385, and a crime victim advocacy group, if existing in the local area, should also be included.

A local advisory group shall have among its tasks the responsibility of ensuring that a jail industry has minimal negative impact on existing private industries or the labor force in the locale where the industry operates and that a jail industry does not negatively affect employment opportunities for people with developmental disabilities contracted through the operation of sheltered workshops as defined in RCW 82.04.385. In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to section 6 of this act.

NEW SECTION. Sec. 6. The board, in accordance with chapter 34.05 RCW, shall:

(1) Establish an arbitration process for resolving conflicts arising among the local business community and labor organizations concerning new industries programs, products, services, or wages;

(2) Encourage the development of the collection and analysis of jail industries program data, including long-term tracking information on offender recidivism;
(3) Determine, by applying established federal guidelines and criteria, whether a city or a county jail free venture industries program complies with the private sector prison industry enhancement certification program. In so doing, also determine if that industry should be designated as a cost accounting center for the purposes of the federal certification program; and

(4) Provide technical assistance with product marketing.

NEW SECTION. Sec. 7. The board may receive funds from local, county, state, or federal sources and may receive grants to support its activities. The board may establish a reasonable schedule of suggested fees that will support state-wide efforts to promote and facilitate jail industries that would be presented to cities and counties that have established jail industries programs.

NEW SECTION. Sec. 8. The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after the effective date of this act. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.

The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter.

NEW SECTION. Sec. 9. A city or a county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program.

NEW SECTION. Sec. 10. Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100.

NEW SECTION. Sec. 11. When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.145.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member.

NEW SECTION. Sec. 12. A jail inmate who works in a free venture industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW. However, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is employed in a nonfree venture industry.
NEW SECTION. Sec. 13. In the event of failure or discontinuance of a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of such free venture industry, as if the city or county had been the employing agency.

NEW SECTION. Sec. 14. To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes.

NEW SECTION. Sec. 15. Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections.

NEW SECTION. Sec. 16. Sections 1 through 15 of this act shall constitute a new chapter in Title 36 RCW.

NEW SECTION. Sec. 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "industries;" strike the remainder of the title and insert "and adding a new chapter to Title 36 RCW." and the same are herewith transmitted.

Engrossed House Bill No. 1033, as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1051, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a public agency incurs expenses in an emergency response. It is the intent of the legislature to allow a public agency to recover the expenses of an emergency response to an incident involving persons who operate a motor vehicle, boat or vessel, or a civil aircraft while under the influence of an alcoholic beverage or a drug, or the combined influence of an alcoholic beverage and a drug. It is the intent of the legislature that the recovery of expenses of an emergency response under this act shall supplement and shall not supplant other provisions of law relating to the recovery of those expenses.

NEW SECTION. Sec. 2. A new section is added to chapter 38.52 RCW to read as follows:

A person whose intoxication causes an incident resulting in an appropriate emergency response, and who, in connection with the incident, has been found guilty of or has had their prosecution deferred for (1) driving while under the influence of intoxicating liquor or any drug, RCW 46.61.502; (2) operating an aircraft under the influence of intoxicants or drugs, RCW 47.68.220; (3) use of a vessel while under the influence of alcohol or drugs, RCW 88.12.100; (4) vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a); or (5) vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), is liable for the expense of an emergency response by a public agency to the incident.

The expense of an emergency response is a charge against the person liable for expenses under this section. The charge constitutes a debt of that person and is collectible by the public agency incurring those costs in the same manner as in the case of an obligation under a contract, expressed or implied.

In no event shall a person's liability under this section for the expense of an emergency response exceed one thousand dollars for a particular incident.

If more than one public agency makes a claim for payment from an individual for an emergency response to a single incident under the provisions of this section, and the sum of the claims exceeds the amount recovered, the division of the amount recovered shall be determined by an interlocal agreement consistent with the requirements of chapter 39.34 RCW.

Sec. 3. RCW 9.95.210 and 1992 c 86 s 1 are each amended to read as follows:

In granting probation, the court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

In the order granting probation and as a condition thereof, the court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the court shall require the payment of the penalty assessment required by RCW 7.68.035. The court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary (1) to comply with any order of the court for the payment of family support, (2) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement, (3) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required, (4) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation, (5) to contribute to a county or interlocal drug fund, and (6) to make restitution to a public agency for the costs of an emergency response under section 2 of this act, and may require bonds for the faithful observance of any and all conditions imposed in the probation. The court shall order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow implicitly the instructions of the secretary. If the probationer has been ordered to make restitution, the officer supervising the probationer shall make
a reasonable effort to ascertain whether restitution has been made. If restitution has not been made as ordered, the
officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the
termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct
of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary
performs in regard to probation may be performed by probation officers employed for that purpose by the county
legislative authority of the county wherein the court is located.

**Sec. 4.** RCW 9.94A.030 and 1992 c 145 s 6 and 1992 c 75 s 1 are each reenacted and amended to read as
follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference
to the department of corrections, means that the department is responsible for monitoring and enforcing the
offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and,
consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a
departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying
out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early
release time served in the community subject to controls placed on the inmate's movement and activities by the
department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of
community custody and/or postrelease supervision, which begins either upon completion of the term of confinement
(postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early
release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a
combination of the two.

(6) "Community service" means compulsory service, without compensation, performed for the benefit of the
community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-
related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 46.61.524.
For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant
to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and
probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be
considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of
guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Court-ordered legal financial obligation" means a sum of money that is ordered by a superior court of
the state of Washington for legal financial obligations which may include restitution to the victim, statutorily imposed
crime victims' compensation fees as assessed pursuant to RCW 7.68.035, court costs, county or interlocal drug
funds, court-appointed attorneys' fees, and costs of defense, fines, and any other financial obligation that is assessed
to the offender as a result of a felony conviction. Upon conviction for vehicular assault while under the influence of
intoxicating liquor or any drug, RCW 46.61.522(1)(b), or vehicular homicide while under the influence of intoxicating
liquor or any drug, RCW 46.61.520(1)(a), legal financial obligations may also include payment to a public agency of
the expense of an emergency response to the incident resulting in the conviction, subject to the provisions in section
2 of this act.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the
circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders
directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct.

(12)(a) "Criminal history" means the list of a defendant's prior convictions, whether in this state, in federal
court, or elsewhere. The history shall include, where known, for each conviction (i) whether the defendant has been
placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the
length of incarceration.
(b) "Criminal history" shall always include juvenile convictions for sex offenses and shall also include a defendant's other prior convictions in juvenile court if: (i) The conviction was for an offense which is a felony or a serious traffic offense and is criminal history as defined in RCW 13.40.020(6)(a); (ii) the defendant was fifteen years of age or older at the time the offense was committed; and (iii) with respect to prior juvenile class B and C felonies or serious traffic offenses, the defendant was less than twenty-three years of age at the time the offense for which he or she is being sentenced was committed.

(13) "Department" means the department of corrections.

(14) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community service work, or dollars or terms of a legal financial obligation. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(15) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(16) "Drug offense" means:
(a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403);
(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or
(c) Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(17) "Escape" means:
(a) Escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), willful failure to return from furlough (RCW 72.66.060), willful failure to return from work release (RCW 72.65.070), or willful failure to be available for supervision by the department while in community custody (RCW 72.09.310); or

(18) "Felony traffic offense" means:
(a) Vehicular homicide (RCW 46.61.520), vehicular assault (RCW 46.61.522), eluding a police officer (RCW 46.61.024), or felony hit-and-run injury-accident (RCW 46.52.020(4)); or
(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a felony traffic offense under (a) of this subsection.

(19) "Fines" means the requirement that the offender pay a specific sum of money over a specific period of time to the court.

(20)(a) "First-time offender" means any person who is convicted of a felony (i) not classified as a violent offense or a sex offense under this chapter, or (ii) that is not the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in schedule I or II that is a narcotic drug or the selling for profit [of] any controlled substance or counterfeit substance classified in schedule I, RCW 69.50.204, except leaves and flowering tops of marihuana, and except as provided in (b) of this subsection, who previously has never been convicted of a felony in this state, federal court, or another state, and who has never participated in a program of deferred prosecution for a felony offense.
(b) For purposes of (a) of this subsection, a juvenile adjudication for an offense committed before the age of fifteen years is not a previous felony conviction except for adjudications of sex offenses.

(21) "Nonviolent offense" means an offense which is not a violent offense.

(22) "Offender" means a person who has committed a felony established by state law and is eighteen years of age or older or is less than eighteen years of age but whose case has been transferred by the appropriate juvenile court to a criminal court pursuant to RCW 13.40.110. Throughout this chapter, the terms "offender" and "defendant" are used interchangeably.
"Partial confinement" means confinement for no more than one year in a facility or institution operated or utilized under contract by the state or any other unit of government, or, if home detention or work crew has been ordered by the court, in an approved residence, for a substantial portion of each day with the balance of the day spent in the community. Partial confinement includes work release, home detention, work crew, and a combination of work crew and home detention as defined in this section.

"Postrelease supervision" is that portion of an offender's community placement that is not community custody.

"Restitution" means the requirement that the offender pay a specific sum of money over a specific period of time to the court as payment of damages. The sum may include both public and private costs. The imposition of a restitution order does not preclude civil redress.

"Serious traffic offense" means:
(a) Driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502), actual physical control while under the influence of intoxicating liquor or any drug (RCW 46.61.504), reckless driving (RCW 46.61.500), or hit-and-run an attended vehicle (RCW 46.52.020(5)); or
(b) Any federal, out-of-state, county, or municipal conviction for an offense that under the laws of this state would be classified as a serious traffic offense under (a) of this subsection.

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1068, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Beneficiary form" means a registration of a security that indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner, referred to as a "beneficiary."

(2) "Devises" means any person designated in a will to receive a disposition of real or personal property.

(3) "Heirs" means those persons, including the surviving spouse, who are entitled under the statutes of intestate succession to the property of a decedent.

(4) "Person" means an individual, a corporation, an organization, or other legal entity.

(5) "Personal representative" includes executor, administrator, successor personal representative, special administrator, and persons who perform substantially the same function under the law governing their status.

(6) "Property" includes both real and personal property or any interest therein and means anything that may be the subject of ownership.

(7) "Register," including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.

(8) "Registering entity" means a person who originates or transfers a security title by registration, and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.

(9) "Security" means a share, participation, or other interest in property, in a business, or in an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, and a security account.

(10) "Security account" means (a) a reinvestment account associated with a security; a securities account with a broker; a cash balance in a brokerage account; or cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the owner's death; or (b) a cash balance or other property held for or due to the owner of a security as a replacement for or product of an account security, whether or not credited to the account before the owner's death.

(11) "State" includes any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any territory or possession subject to the legislative authority of the United States.

NEW SECTION. Sec. 2. Only individuals whose registration of a security shows sole ownership by one individual or multiple ownership by two or more with right of survivorship, rather than as tenants in common, may obtain registration in beneficiary form. Multiple owners of a security registered in beneficiary form shall hold the security as joint tenants with right of survivorship either as separate property or as community property, and not as tenants in common.

NEW SECTION. Sec. 3. A registering entity may register a security in beneficiary form if the form is authorized by this chapter or a substantially identical statute of another state if the state is: (1) The state of organization of the issuer or registering entity, (2) the location of the registering entity's principal office, (3) the location of the office of its transfer agent or its office making the registration, or (4) the location of the owner's listed address at the time of registration. A registration governed by the law of a jurisdiction in which this or substantially identical legislation is not in force or was not in force when a registration in beneficiary form was made is nevertheless presumed to be valid and authorized as a matter of contract law.

NEW SECTION. Sec. 4. A security, whether evidenced by certificate or account, is registered in beneficiary form when the registration includes a designation of a beneficiary to take the ownership at the death of a sole owner or at the death of the last to die of multiple owners.
NEW SECTION. Sec. 5. Registration in beneficiary form may be shown by the words "transfer on death" or the abbreviation "TOD," or by the words "pay on death" or the abbreviation "POD," after the name of the registered owner or owners and before the name of a beneficiary.

NEW SECTION. Sec. 6. The designation of a TOD or POD beneficiary on a registration in beneficiary form has no effect on ownership of the security until the owner's death, or on community property rights and obligations of owners. A registration of a security in beneficiary form may be canceled or changed at any time by the sole owner or all then surviving owners, without the consent of the beneficiary.

NEW SECTION. Sec. 7. On death of a sole owner or the last to die of all multiple owners, ownership of securities registered in beneficiary form passes to the beneficiary or beneficiaries who survive all owners. On proof of death of all owners and compliance with any applicable requirements of the registering entity, a security registered in beneficiary form may be reregistered in the name of the beneficiary or beneficiaries who survived the death of all owners. Until division of the security after the death of all owners, multiple beneficiaries surviving the death of all owners hold their interests as tenants in common. If no beneficiary survives the death of all owners, the security belongs to the estate of the deceased sole owner or the estate of the last to die of all multiple owners.

NEW SECTION. Sec. 8. (1) A registering entity is not required to offer or to accept a request for security registration in beneficiary form. If a registration in beneficiary form is offered by a registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this chapter.

(2) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented on death of the deceased owner as provided in this chapter.

(3) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devices of a deceased owner if it registers a transfer of a security in accordance with section 7 of this act and does so in good faith reliance (a) on the registration, (b) on this chapter, and (c) on information provided to it by affidavit of the personal representative of the deceased owner, or by the surviving beneficiary or by the surviving beneficiary's representatives, or other information available to the registering entity. The protections of this chapter do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity affects its right to protection under this chapter.

(4) The protection provided by this chapter to a registering entity affects its right to protection under this chapter.

NEW SECTION. Sec. 9. (1) A transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this chapter and is not testamentary.

(2) This chapter does not limit the rights of creditors of security owners against beneficiaries and other transferees under other laws of this state.

NEW SECTION. Sec. 10. (1) A registering entity offering to accept registrations in beneficiary form may establish the terms and conditions under which it will receive requests (a) for registrations in beneficiary form, and (b) for implementation of registrations in beneficiary form, including requests for cancellation of previously registered TOD beneficiary designations and requests for reregistration to effect a change of beneficiary. The terms and conditions so established may provide for proving death, avoiding or resolving any problems concerning fractional shares, and designating beneficiaries. Other rules for providing proofs and assurances needed to satisfy reasonable concerns by registering entities regarding conditions and identities relevant to accurate implementation of registrations in beneficiary form may be contained in a registering entity's terms and conditions.

(2) The following are illustrations of registrations in beneficiary form that a registering entity may authorize:

(a) Sole owner-sole beneficiary: John S. Brown TOD (or POD) John S. Brown Jr.

(b) Multiple owners-sole beneficiary: John S. Brown Mary B. Brown JT TEN TOD John S. Brown Jr.

NEW SECTION. Sec. 11. (1) This chapter shall be known as and may be cited as the uniform TOD security registration act. 
(2) This chapter shall be liberally construed and applied to promote its underlying purposes and policy and to make uniform the laws with respect to the subject of this chapter among states enacting it. 
(3) Unless displaced by the particular provisions of this chapter, the principles of law and equity supplement the provisions of this chapter.

NEW SECTION. Sec. 12. This chapter applies to registrations of securities in beneficiary form made before or after the effective date of this act, by decedents dying on or after the effective date of this act.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act shall constitute a new chapter in Title 21 RCW."

and the same are herewith transmitted.

(1) It is unlawful to use, operate, or maintain a gill net which exceeds 250 fathoms in length or a drag seine in the waters of the Columbia river for catching salmon.

(2) It is unlawful to construct, install, use, operate, or maintain within state waters a pound net, round haul net, lampara net, fish trap, fish wheel, scow fish wheel, set net, weir, or fixed appliance for catching salmon. The director may authorize the use of this gear for scientific investigations.

(3) The department (of fisheries), in coordination with the Oregon department of fish and wildlife, shall adopt rules to regulate the use of monofilament in gill net webbing on the Columbia river.

Sec. 28. RCW 75.20.005 and 1991 c 322 s 21 are each amended to read as follows:

The department of (fisheries, the department of) fish and wildlife, the department of ecology, and the department of natural resources shall jointly develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommends ways to best proceed through the various regulatory permitting processes.

Sec. 29. RCW 75.20.050 and 1988 c 36 s 32 are each amended to read as follows:

It is the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state.

The director of ecology shall give the director (of fisheries and the director of wildlife) notice of each application for a permit to divert or store water. The director (of fisheries and director of wildlife have) has thirty days after receiving the notice to state (their) his or her objections to the application. The permit shall not be issued until the thirty-day period has elapsed.

The director of ecology may refuse to issue a permit if, in the opinion of the director (of fisheries or director of wildlife), issuing the permit might result in lowering the flow of water in a stream below the flow necessary to adequately support food fish and game fish populations in the stream.
The provisions of this section shall in no way affect existing water rights.

Sec. 30. RCW 75.20.100 and 1991 c 322 s 30 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department (of fisheries or the department of wildlife) as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department (of fisheries or the department of wildlife) shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department (of fisheries or the department of wildlife) shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If (either) the department (of fisheries or the department of wildlife) denies approval, (that) the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department (of fisheries or the department of wildlife) as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For the purposes of this section and RCW 75.20.103, “bed” shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase “to construct any form of hydraulic project or perform other work” shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.)

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department (of fisheries or department of wildlife), through (their) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.
This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Sec. 31. RCW 75.20.1001 and 1991 c 322 s 12 are each amended to read as follows:
The department ((of fisheries and the department of wildlife)) shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990.

Sec. 32. RCW 75.20.103 and 1991 c 322 s 31 are each amended to read as follows:
In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department ((of fisheries and the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department ((of fisheries or the department of wildlife)) shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department ((of fisheries or the department of wildlife)) shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If ((either)) the department ((of fisheries or the department of wildlife)) denies approval, ((that)) the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department ((of fisheries or the department of wildlife)) to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department ((granting approval)) may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department ((issuing the approval)) to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department ((that issued the approval)) may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.
If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department ((of fisheries or the department of wildlife)) as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

(For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.)

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department ((of fisheries or department of wildlife)), through ((their)) its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 33. RCW 75.20.104 and 1991 c 322 s 18 are each amended to read as follows:
Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department ((of fisheries and the department of wildlife)), upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant.

Sec. 34. RCW 75.20.1041 and 1991 c 322 s 19 are each amended to read as follows:
The department ((of fisheries, the department of wildlife)) and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met.

Sec. 35. RCW 75.20.106 and 1988 c 36 s 35 are each amended to read as follows:
The department ((of fisheries and the department of wildlife)) may ((each)) levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director ((of the appropriate department)) or ((that)) the director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director ((of the department levying the penalty)). Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director ((of the department of fisheries or the department of wildlife)) shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 36. RCW 75.20.110 and 1988 c 36 s 36 are each amended to read as follows:
(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:
(a) It is unlawful to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as (jointly) determined by the director (of fisheries and the director of wildlife).
(b) Except by (concurrent) order of the director (of fisheries and director of wildlife), it is unlawful to divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.
(c) The director ((of fisheries and the director of wildlife)) may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.
(d) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

Sec. 37. RCW 75.20.130 and 1989 c 175 s 160 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.
(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.
(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.
(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.
(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by either the department (of fisheries or the department of wildlife) under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.
(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 38. RCW 75.20.300 and 1989 c 213 s 3 are each amended to read as follows:
(1) The legislature intends to expedite flood-control, acquisition of sites for sediment retention, and dredging operations in those rivers affected by the May 1980 eruption of Mt. St. Helens, while continuing to protect the fish resources of these rivers.
(2) The director ((of fisheries and director of wildlife)) shall process hydraulic project applications submitted under RCW 75.20.100 within fifteen working days of receipt of the application. This requirement is only applicable to flood control and dredging projects located in the Cowlitz river from mile 22 to the confluence with the Columbia, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile 12, and to river mile 3 on the South Fork Toutle river, and volcano-affected areas of the Columbia river.
(3) For the purposes of this section, the emergency provisions of RCW 75.20.100 may be initiated by the county legislative authority if the project is necessary to protect human life or property from flood hazards, including:
(a) Flood fight measures necessary to provide protection during a flood event; or
(b) Measures necessary to reduce or eliminate a potential flood threat when other alternative measures are not available or cannot be completed prior to the expected flood threat season; or
(c) Measures which must be initiated and completed within an immediate period of time and for which processing of the request through normal methods would cause a delay to the project and such delay would significantly increase the potential for damages from a flood event.

(4) This section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

(5) This section expires on June 30, 1995.

Sec. 39. RCW 75.20.310 and 1988 c 36 s 39 are each amended to read as follows:
The legislature recognizes the need to mitigate the effects of sedimentary build-up and resultant damage to fish population in the Toutle river resulting from the Mt. St. Helens eruption. The state has entered into a contractual agreement with the United States army corps of engineers designed to minimize fish habitat disruption created by the sediment retention structure on the Toutle river, under which the corps has agreed to construct a fish collection facility at the sediment retention structure site conditional upon the state assuming the maintenance and operation costs of the facility. The department (((of wildlife and the department of fisheries)) shall ((cooperatively)) operate and maintain a fish collection facility on the Toutle river. (Each agency shall share in the cost of operating and maintaining the facility.))

Sec. 40. RCW 75.24.065 and 1985 c 256 s 2 are each amended to read as follows:
The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The department (of fisheries) shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state.

Sec. 41. RCW 75.25.005 and 1989 c 305 s 1 are each amended to read as follows:
The following recreational fishing licenses are administered and issued by the department (of fisheries) under authority of the director (of fisheries):
(1) Hood Canal shrimp license;
(2) Razor clam license;
(3) Personal use fishing license;
(4) Salmon license; and
(5) Sturgeon license.

Sec. 42. RCW 75.25.080 and 1989 c 305 s 4 are each amended to read as follows:
(1) It is lawful to dig the personal-use daily bag limit of razor clams for another person if that person has in possession a physical disability permit issued by the director.
(2) An application for a physical disability permit must be submitted on a department (of fisheries) official form and must be accompanied by a licensed medical doctor's certification of disability.

Sec. 43. RCW 75.25.170 and 1989 c 305 s 16 are each amended to read as follows:
Fees received for recreational licenses required under this chapter shall be deposited in the general fund and shall be appropriated for management, enhancement, research, and enforcement purposes of the shellfish, salmon, and marine fish programs of the department (of fisheries).

Sec. 44. RCW 75.25.180 and 1989 c 305 s 14 are each amended to read as follows:
Recreational licenses issued by the department (of fisheries) under this chapter are valid for the following periods:
(1) Recreational licenses issued without charge to persons designated by this chapter are valid:
(a) For life for blind persons;
(b) For the period of continued state residency for qualified disabled veterans;
(c) For the period of continued state residency for persons sixty-five years of age or more;
(d) For the period of the disability for persons with a developmental disability;
(e) For life for handicapped persons confined to a wheelchair who have been issued a permanent disability card; and
(f) Until a child reaches fifteen years of age.
(2) Two-consecutive-day personal use licenses expire at midnight on the day following the validation date written on the license by the license dealer, except two-consecutive-day personal use licenses validated for December 31 expire at midnight on that date.

(3) An annual salmon license is valid for a maximum catch of fifteen salmon, after which another salmon license may be purchased. A salmon license is valid only for the calendar year for which it is issued.

(4) An annual sturgeon license is valid for a maximum catch of fifteen sturgeon. A sturgeon license is valid only for the calendar year for which it is issued.

(5) All other recreational licenses are valid for the calendar year for which they are issued.

Sec. 45. RCW 75.50.010 and 1985 c 458 s 1 are each amended to read as follows:
Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department (of fisheries) is directed to dedicate its efforts to making increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program.

Sec. 46. RCW 75.50.070 and 1989 c 426 s 1 are each amended to read as follows:
The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department (of fisheries). The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state.

Sec. 47. RCW 75.50.080 and 1989 c 426 s 4 are each amended to read as follows:
Regional fisheries enhancement groups, consistent with the long-term regional policy statements developed under RCW 75.50.020, shall seek to:
(1) Enhance the salmon resource of the state;
(2) Maximize volunteer efforts and private donations to improve the salmon resource for all citizens;
(3) Assist the department in achieving the goal to double the state-wide salmon catch by the year 2000 under chapter 214, Laws of 1988; and
(4) Develop projects designed to supplement the fishery enhancement capability of the department (of fisheries).

Sec. 48. RCW 75.50.130 and 1992 c 88 s 1 are each amended to read as follows:
The director (of fisheries) shall prepare a salmon recovery plan for the Skagit river. The plan shall include strategies for employing displaced timber workers to conduct salmon restoration and other tasks identified in the plan. The plan shall incorporate the best available technology in order to achieve maximum restoration of depressed salmon stocks. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program.
Sec. 49. RCW 75.52.010 and 1988 c 36 s 41 are each amended to read as follows:

The fish and (game) wildlife resources of the state benefit by the contribution of volunteer recreational and commercial fishing organizations, schools, and other volunteer groups in cooperative projects under agreement with the department ((of fisheries or the department of wildlife)). These projects provide educational opportunities, improve the communication between the natural resources agencies and the public, and increase the fish and game resources of the state. In an effort to increase these benefits and realize the full potential of cooperative projects, the department ((of fisheries and the department of wildlife each)) shall administer a cooperative fish and wildlife enhancement program and enter agreements with volunteer groups relating to the operation of cooperative projects.

Sec. 50. RCW 75.52.020 and 1988 c 36 s 42 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department ((of fisheries or the department of wildlife)) relating to a cooperative fish or ((game)) wildlife project.

(2) "Cooperative project" means a project conducted by a volunteer group that will benefit the fish, shellfish, game bird, nongame wildlife, or game animal resources of the state and for which the benefits of the project, including fish and ((game)) wildlife reared and released, are available to all citizens of the state. Indian tribes may elect to participate in cooperative fish and wildlife projects with the department.

(3) "Department" means (either) the department of ((fisheries or the department of)) fish and wildlife((, whichever is responsible for managing the species of fish or game most affected by the cooperative project)).

Sec. 51. RCW 75.52.035 and 1987 c 48 s 1 are each amended to read as follows:

The department ((of fisheries)) may authorize the sale of surplus salmon eggs and carcasses by permitted cooperative projects for the purposes of defraying the expenses of the cooperative project. In no instance shall the department allow a profit to be realized through such sales. The department shall adopt rules to implement this section pursuant to chapter 34.05 RCW.

Sec. 52. RCW 75.52.100 and 1989 c 85 s 3 are each amended to read as follows:

A salmon spawning channel shall be constructed on the Cedar river with the assistance and cooperation of the ((state)) department ((of fisheries)). The department shall use existing personnel and the volunteer fisheries enhancement program outlined under chapter 75.52 RCW to assist in the planning, construction, and operation of the spawning channel.

Sec. 53. RCW 75.52.110 and 1989 c 85 s 4 are each amended to read as follows:

The department ((of fisheries)) shall chair a technical committee, which shall review the preparation of enhancement plans and construction designs for a Cedar river sockeye spawning channel. The technical committee shall consist of not more than eight members: One representative each from the department ((of fisheries)), national marine fisheries service, United States fish and wildlife service, and Muckleshoot Indian tribe; and four representatives from the public utility described in RCW 75.52.130. The technical committee will be guided by a policy committee, also to be chaired by the department ((of fisheries)), which shall consist of not more than six members: One representative from the department ((of fisheries)), one from the Muckleshoot Indian tribe, and one from either the national marine fisheries service or the United States fish and wildlife service; and three representatives from the public utility described in RCW 75.52.130. The policy committee shall present a progress report to the senate and house of representatives natural resources and environment committees by January 1, 1990, and shall oversee the operation and evaluation of the spawning channel. The policy committee will continue its oversight until the policy committee concludes that the channel is meeting the production goals specified in RCW 75.52.120.

Sec. 54. RCW 75.52.160 and 1989 c 85 s 10 are each amended to read as follows:

Should the requirements of RCW 75.52.100 through 75.52.160 not be met, the department ((of fisheries)) shall seek immediate legal clarification of the steps which must be taken to fully mitigate water diversion projects on the Cedar river.

The sport fishing program administrator shall be an advocate for increasing recreational salmon and marine bottomfish harvesting opportunities through programs specifically designed to improve recreational fishing in south Puget Sound, central Puget Sound, north Puget Sound, Hood Canal, and Lake Washington.

NEW SECTION. Sec. 85. The duties of the sport fishing program administrator are to use resources within the department to: Develop a short-term program of hatchery-based salmon enhancement using freshwater pond sites for the final rearing phase; solicit support from cooperative projects, regional enhancement groups, and other supporting organizations; conduct comprehensive research on resident and migratory salmon production opportunities; and conduct research on marine bottomfish production limitations and on methods for artificial propagation of marine bottomfish.

Long-term duties of the sport fishing program administrator are to: Fully implement enhancement efforts for Puget Sound and Hood Canal resident salmon and marine bottomfish; identify opportunities to reestablish salmon runs into areas where they no longer exist; encourage naturally spawning salmon populations to develop to their fullest extent; and fully utilize hatchery programs to improve recreational fishing.

NEW SECTION. Sec. 86. The department shall seek recommendations from persons who are expert on the planning and operation of programs for enhancement of recreational fisheries. The department shall fully use the expertise of the University of Washington college of fisheries and the sea grant program to develop research and enhancement programs.

NEW SECTION. Sec. 87. The department shall develop new locations for the freshwater rearing of delayed-release chinook salmon. In calendar year 1994, at least one freshwater pond chinook salmon rearing site shall be developed and begin production in each of the following areas: South Puget Sound, central Puget Sound, north Puget Sound, and Hood Canal. Natural or artificial pond sites shall be preferred to net pens due to higher
survival rates experienced from pond rearing. Rigorous predatory bird control measures shall be implemented. The goal of the program is to increase the production and planting of delayed release chinook salmon to a level of three million fish annually by the year 2000.

**NEW SECTION.** Sec. 88. The department shall conduct research, develop methods, and implement programs for the artificial rearing and release of marine bottomfish species. Lingcod, halibut, rockfish, and Pacific cod shall be the species of primary emphasis due to their importance in the recreational fishery.

**NEW SECTION.** Sec. 89. The department shall undertake additional research to more fully evaluate improved enhancement techniques, hooking mortality rates, methods of mass marking, improvement of catch models, and sources of marine bottomfish mortality. Research shall be designed to give the best opportunity to provide information that can be applied to real-world recreational fishing needs.

**NEW SECTION.** Sec. 90. The department shall work with the department of ecology, the department of wildlife, and local government entities to streamline the siting process for new enhancement projects. The department is encouraged to work with the legislature to develop statutory changes that enable expeditious processing and granting of permits for fish enhancement projects.

**NEW SECTION.** Sec. 91. The department's information and education section shall develop a public awareness program designed to educate the public on the elements of the recreational fishing program and to recruit volunteers to assist the department in implementing recreational fishing projects. Economic benefits of the program shall be emphasized.

**NEW SECTION.** Sec. 92. The department shall increase efforts to document the effects of bird predators, harbor seals, sea lions, and predatory fish upon the salmon and marine fish resource. Every opportunity shall be explored to convince the federal government to amend the marine mammal protection act to allow for lethal removal of predatory marine mammals, as well as to work with the United States fish and wildlife service to achieve workable control measures for predatory birds.

**NEW SECTION.** Sec. 93. Indian tribal fishing interests and non-Indian commercial fishing groups shall be invited to participate in development of plans for selective fisheries that target hatchery-produced fish and minimize catch of naturally spawned fish. In addition, talks shall be initiated on the feasibility of altering the rearing programs of department hatcheries to achieve higher survival and greater production of chinook and coho salmon.

**NEW SECTION.** Sec. 94. The department shall coordinate the sport fishing program with the wild stock initiative to assure that the two programs are compatible and potential conflicts are avoided.

**NEW SECTION.** Sec. 95. The department shall develop plans for increased recreational access to salmon and marine fish resources. Proposals for new boat launching ramps and pier fishing access shall be developed.

**NEW SECTION.** Sec. 96. The department shall contract with private consultants, aquatic farms, or construction firms, where appropriate, to achieve the highest benefit-to-cost ratio for recreational fishing projects.

**NEW SECTION.** Sec. 97. The requirements and provisions of this chapter are to be performed in addition to and not at the expense of existing salmon programs of the department. Nothing in this chapter shall be construed to authorize the department to advocate or to improve recreational fishing at the expense of commercial fishing or to increase recreational enhancement to the detriment of commercial enhancement.

**NEW SECTION.** Sec. 98. Beginning January 1, 1994, persons who recreationally fish for salmon or marine bottomfish in marine area codes 5 through 13 shall be assessed an annual recreational surcharge of ten dollars, in addition to other licensing requirements. Funds from the surcharge shall be deposited in the recreational fisheries enhancement account created in section 99 of this act, except that the first five hundred thousand dollars shall be deposited in the general fund before June 30, 1995, to repay the appropriation made by section 102, chapter . . . . , Laws of 1993 (section 102 of this act).
NEW SECTION. Sec. 99. The recreational fisheries enhancement account is created in the state treasury. All receipts from section 98 of this act shall be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for recreational fisheries enhancement programs.

NEW SECTION. Sec. 100. The department shall develop and present to the legislature, no later than January 1, 1994, proposed legislation for a recreational fishing capital facilities improvement program financed through general obligation bonds.

NEW SECTION. Sec. 101. Sections 84 through 99 of this act shall constitute a new chapter in Title 75 RCW.

NEW SECTION. Sec. 102. The sum of five hundred thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1995, from the general fund to the recreational fisheries enhancement account created in section 99 of this act for the purpose of achieving early implementation of this act. Funds appropriated by this section shall be repaid to the general fund from the proceeds of the surcharge established in section 98 of this act. Repayment shall occur before June 30, 1995.

NEW SECTION. Sec. 103. Sections 83 through 102 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

NEW SECTION. Sec. 104. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:
The Senate has passed SUBSTITUTE HOUSE BILL NO. 1077, with the following amendment:

Strike everything after the enacting clause and insert the following:

**NEW SECTION.** Sec. 1. (1) This section applies to all nonprobate assets, wherever situated, held at the time of entry by a superior court of this state of a decree of dissolution of marriage or a declaration of invalidity.

(2)(a) If a marriage is dissolved or invalidated, a provision made prior to that event that relates to the payment or transfer at death of the decedent's interest in a nonprobate asset in favor of or granting an interest or power to the decedent's former spouse is revoked. A provision affected by this section must be interpreted, and the nonprobate asset affected passes, as if the former spouse failed to survive the decedent, having died at the time of entry of the decree of dissolution or declaration of invalidity.

(b) This subsection does not apply if and to the extent that:

(i) The instrument governing disposition of the nonprobate asset expressly provides otherwise;

(ii) The decree of dissolution or declaration of invalidity requires that the decedent maintain a nonprobate asset for the benefit of a former spouse or children of the marriage, payable on the decedent's death either outright or in trust, and other nonprobate assets of the decedent fulfilling such a requirement for the benefit of the former spouse or children of the marriage do not exist at the decedent's death; or

(iii) If not for this subsection, the decedent could not have effected the revocation by unilateral action because of the terms of the decree or declaration, or for any other reason, immediately after the entry of the decree of dissolution or declaration of invalidity.

(3)(a) A payor or other third party in possession or control of a nonprobate asset at the time of the decedent's death is not liable for making a payment or transferring an interest in a nonprobate asset to a decedent's former spouse whose interest in the nonprobate asset is revoked under this section, or for taking another action in reliance on the validity of the instrument governing disposition of the nonprobate asset, before the payor or other third party has actual knowledge of the dissolution or other invalidation of marriage. A payor or other third party is liable for a payment or transfer made or other action taken after the payor or other third party has actual knowledge of a revocation under this section.

(b) This section does not require a payor or other third party to pay or transfer a nonprobate asset to a beneficiary designated in a governing instrument affected by the dissolution or other invalidation of marriage, or to another person claiming an interest in the nonprobate asset, if the payor or third party has actual knowledge of the existence of a dispute between the former spouse and the beneficiaries or other persons concerning rights of ownership of the nonprobate asset as a result of the application of this section among the former spouse and the beneficiaries or among other persons, or if the payor or third party is otherwise uncertain as to who is entitled to the nonprobate asset under this section. In such a case, the payor or third party may, without liability, notify in writing all beneficiaries or other persons claiming an interest in the nonprobate asset of either the existence of the dispute or its uncertainty as to who is entitled to payment or transfer of the nonprobate asset. The payor or third party may also, without liability, refuse to pay or transfer a nonprobate asset in such a circumstance to a beneficiary or other person claiming an interest until the time that either:

(i) All beneficiaries and other interested persons claiming an interest have consented in writing to the payment or transfer; or

(ii) The payment or transfer is authorized or directed by a court of proper jurisdiction.

(c) Notwithstanding subsections (1) and (2) of this section and (a) and (b) of this subsection, a payor or other third party having actual knowledge of the existence of a dispute between beneficiaries or other persons concerning rights to a nonprobate asset as a result of the application of this section may condition the payment or transfer of the nonprobate asset on execution, in a form and with security acceptable to the payor or other third party, of a bond in an amount that is double the fair market value of the nonprobate asset at the time of the decedent's death or the amount of an adverse claim, whichever is the lesser, or of a similar instrument to provide security to the payor or other third party, indemnifying the payor or other third party for any liability, loss, damage, costs, and expenses for and on account of payment or transfer of the nonprobate asset.

(d) As used in this subsection, "actual knowledge" means, for a payor or other third party in possession or control of the nonprobate asset at or following the decedent's death, written notice to the payor or other third party, or to an officer of a payor or third party in the course of his or her employment, received after the decedent's death and...
within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge. The notice must identify the nonprobate asset with reasonable specificity. The notice also must be sufficient to inform the payor or other third party of the revocation of the provisions in favor of the decedent's spouse by reason of the dissolution or invalidation of marriage, or to inform the payor or third party of a dispute concerning rights to a nonprobate asset as a result of the application of this section. Receipt of the notice for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(4)(a) A person who purchases a nonprobate asset from a former spouse or other person, for value and without actual knowledge, or who receives from a former spouse or other person payment or transfer of a nonprobate asset without actual knowledge and in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, property, or benefit nor is liable under this section for the amount of the payment or the value of the nonprobate asset. However, a former spouse or other person who, with actual knowledge, not for value, or not in satisfaction of a legally enforceable obligation, receives payment or transfer of a nonprobate asset to which that person is not entitled under this section is obligated to return the payment or nonprobate asset, or is personally liable for the amount of the payment or value of the nonprobate asset, to the person who is entitled to it under this section.

(b) As used in this subsection, "actual knowledge" means, for a person described in (a) of this subsection who purchases or receives a nonprobate asset from a former spouse or other person, personal knowledge or possession of documents relating to the revocation upon dissolution or invalidation of marriage of provisions relating to the payment or transfer at the decedent's death of the nonprobate asset, received within a time after the decedent's death and before the purchase or receipt that is sufficient to afford the person purchasing or receiving the nonprobate asset reasonable opportunity to act upon the knowledge. Receipt of the personal knowledge or possession of the documents for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(5) As used in this section, "nonprobate asset" means those rights and interests of a person having beneficial ownership of an asset that pass on the person's death under only the following written instruments or arrangements other than the decedent's will:

(a) A payable-on-death provision of a life insurance policy, employee benefit plan, annuity or similar contract, or individual retirement account;
(b) A payable-on-death, trust, or joint with right of survivorship bank account;
(c) A trust of which the person is a grantor and that becomes effective or irrevocable only upon the person's death; or
(d) Transfer on death beneficiary designations of a transfer on death or pay on death security, if such designations are authorized under Washington law.

**NEW SECTION. Sec. 2.** Section 1 of this act shall constitute a new chapter in Title 11 RCW.

**Sec. 3.** RCW 41.26.510 and 1991 c 365 s 31 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 11.62.010 and 1988 c 64 s 25 and 1988 c 29 s 2 are each reenacted and amended to read as follows:

(1) At any time after forty days from the date of a decedent's death, any person who is indebted to or who has possession of any personal property belonging to the decedent or to the decedent and his or her surviving spouse as a community, which debt or personal property is an asset which is subject to probate, shall pay such indebtedness or deliver such personal property, or so much of either as is claimed, to a person claiming to be a successor of the decedent upon receipt of proof of death and of an affidavit made by said person which meets the requirements of subsection (2) of this section.

(2) An affidavit which is to be made pursuant to this section shall state:

(a) The claiming successor's name and address, and that the claiming successor is a "successor" as defined in RCW 11.62.005;

(b) That the decedent was a resident of the state of Washington on the date of his death;

(c) That the value of the decedent's entire estate subject to probate, not including the surviving spouse's community property interest in any assets which are subject to probate in the decedent's estate, wherever located, less liens and encumbrances, does not exceed (the amount specified in RCW 6.13.030) sixty thousand dollars;

(d) That forty days have elapsed since the death of the decedent;

(e) That no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction;

(f) That all debts of the decedent including funeral and burial expenses have been paid or provided for;

(g) A description of the personal property and the portion thereof claimed, together with a statement that such personal property is subject to probate;

(h) That the claiming successor has given written notice, either by personal service or by mail, identifying his or her claim, and describing the property claimed, to all other successors of the decedent, and that at least ten days have elapsed since the service or mailing of such notice; and
(i) That the claiming successor is either personally entitled to full payment or delivery of the property claimed or is entitled to full payment or delivery thereof on the behalf and with the written authority of all other successors who have an interest therein.

(3) A transfer agent of any security shall change the registered ownership of the security claimed from the decedent to the person claiming to be the successor with respect to such security upon the presentation of proof of death and of an affidavit made by such person which meets the requirements of subsection (2) of this section. Any governmental agency required to issue certificates of ownership or of license registration to personal property shall issue a new certificate of ownership or of license registration to a person claiming to be a successor of the decedent upon receipt of proof of death and of an affidavit made by such person which meets the requirements of subsection (2) of this section.

(4) No release from any Washington state or local taxing authority may be required before any assets or debts are paid or delivered to a successor of a decedent as required under this section.

NEW SECTION. Sec. 2. (1) An otherwise effective written instrument of transfer may not be deemed testamentary solely because of a provision for a nonprobate transfer at death in the instrument.

(2) "Provision for a nonprobate transfer at death" as used in subsection (1) of this section includes, but is not limited to, a written provision that:

(a) Money or another benefit up to that time due to, controlled, or owned by a decedent before death must be paid after the decedent's death to a person whom the decedent designates either in the instrument or a separate writing, including a will, executed at any time;

(b) Money or another benefit due or to become due under the instrument ceases to be payable in the event of the death of the promisee or the promisor before payment or demand; or

(c) Property, controlled by or owned by the decedent before death, that is the subject of the instrument passes to a person the decedent designates either in the instrument or in a separate writing, including a will, executed at any time.

(3) "Otherwise effective written instrument of transfer" as used in subsection (1) of this section means:

- An insurance policy;
- A contract of employment;
- A bond;
- A mortgage;
- A promissory note;
- A certified or uncertified security;
- An account agreement;
- A compensation plan;
- A pension plan;
- An employee benefit plan;
- A joint tenancy;
- A community property agreement;
- A trust;
- A conveyance;
- A deed of gift;
- A contract;
- Or another written instrument of a similar nature that would be effective if it did not contain provision for a nonprobate transfer at death.

(4) This section only eliminates a requirement that instruments of transfer comply with formalities for executing wills under chapter 11.12 RCW. This section does not make a written instrument effective as a contract, gift, conveyance, deed, or trust that would not otherwise be effective as such for reasons other than failure to comply with chapter 11.12 RCW.

(5) This section does not limit the rights of a creditor under other laws of this state.

NEW SECTION. Sec. 3. A provision in a lease of a safety deposit repository to the effect that two or more persons have access to the repository, or that purports to create a joint tenancy in the repository or in the contents of the repository, or that purports to vest ownership of the contents of the repository in the surviving lessee, is ineffective to create joint ownership of the contents of the repository or to transfer ownership at death of one of the lessees to the survivor. Ownership of the contents of the repository and devolution of title to those contents is determined according to rules of law without regard to the lease provisions.

NEW SECTION. Sec. 4. RCW 11.02.090 and 1974 ex.s. c 117 s 54 are each repealed.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act are each added to chapter 11.02 RCW." On page 1, line 2 of the title, after "death;" strike the remainder of the title and insert "amending RCW 11.62.010; adding new sections to chapter 11.02 RCW; and repealing RCW 11.02.090."

and the same are herewith transmitted.

NEW SECTION. Sec. 3. A new section is added to chapter 2.36 RCW to read as follows:

Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the department of information services not later than March 1 of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the department of information services. The department of information services shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicard holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the department of information services shall be in an electronic format mutually agreed upon by the superior court requesting it and the department of information services. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicard holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the department of information services or by a county.
(2) Persons on the lists of registered voters and driver’s license and identicard holders shall be identified by a minimum of last name, first name, middle initial where available, date of birth, gender, and county of residence. (3) The department of information services shall provide counties that elect to receive a jury source list merged by department of information services with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared.

The judges shall review the process from time to time and shall cause to be kept on file with the county clerk a description of the jury selection process. Any person who desires may inspect this description in said office.

Nothing in this chapter shall be construed as requiring uniform equipment or method throughout the state, so long as fair and random selection of the master jury list and jury panels is achieved.

(3) The department shall investigate any referrals that allege that a child is a sexually aggressive youth. The purpose of the investigation shall be to determine whether the child is abused or neglected, as defined in this chapter, and whether the child or the child's parents are in need of services or treatment. (3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall
report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used,

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;
(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(3) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter;
(4) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

Sec. 2. RCW 13.34.100 and 1988 c 232 s 1 are each amended to read as follows:

(1) The court shall in all contested cases appoint ((an attorney and/or)) a guardian ad litem for a child who is ((a party to the proceedings in all contested proceedings)) the subject of an action under this chapter, unless a court((i))) for good cause((,))) finds the appointment unnecessary. ((An attorney and/or)) A guardian ad litem may be appointed at the discretion of the court in uncontested proceedings (((PROVIDED That))) The requirement of a guardian ad litem shall be deemed satisfied if the child is represented by independent counsel in the proceedings. ((A)))
If the court does not have available to it a guardian ad litem program with a sufficient number of volunteers, the court may appoint a suitable person to act as guardian ad litem for the child under this chapter. Another party to the proceeding or the party's employee or representative shall not be so appointed.

Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background file shall include, but is not limited to, the following information:

The background information report shall be updated annually. As a condition of appointment, the guardian ad litem's background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program the person shall provide the background information to the court.

The appointment of the guardian ad litem shall remain in effect until the court discharges the appointment or no longer has jurisdiction, whichever comes first. The guardian ad litem may also be discharged upon entry of an order of guardianship.

A guardian ad litem through counsel, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

If the child requests legal counsel and is age twelve or older, or if the court determines that the child needs to be independently represented by counsel, the court may appoint an attorney to represent the child's position.

For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93-247, or any related state or federal legislation, a person appointed pursuant to RCW 13.34.100 shall be deemed a guardian ad litem to represent the best interests of the minor in proceedings before the court.

NEW SECTION. Sec. 3. A new section is added to chapter 13.34 RCW to read as follows:

(1) Unless otherwise directed by the court, the duties of the guardian ad litem include but are not limited to the following:
(a) To represent and be an advocate for the best interests of the child;

(3) Except for information or records specified in RCW 13.50.100(4), the guardian ad litem shall have access to all information available to the state or agency on the case. Upon presentation of the order of appointment by the guardian ad litem, any agency, hospital, school organization, division or department of the state, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the guardian ad litem to inspect and copy any records relating to the child or children involved in the case, without the consent of the parent or guardian of the child, or of the child if the child is under the age of thirteen years, unless such access is otherwise specifically prohibited by law.

(4) The guardian ad litem shall release case information in accordance with the provisions of RCW 13.50.100.

Sec. 4. RCW 26.44.053 and 1987 c 524 s 11 and 1987 c 206 s 7 are each reenacted and amended to read as follows:
In any contested judicial proceeding in which it is alleged that a child has been subjected to child abuse or neglect, the court shall appoint a guardian ad litem for the child: PROVIDED, That the requirement of a guardian ad litem ((shall)) may be deemed satisfied if the child is represented by counsel in the proceedings.

At any time prior to or during a hearing in such a case, the court may, on its own motion, or the motion of the guardian ad litem, or other parties, order the examination by a physician, psychologist, or psychiatrist, of any parent or child or other person having custody of the child at the time of the alleged child abuse or neglect, if the court finds such an examination is necessary to the proper determination of the case. The hearing may be continued pending the completion of such examination. The physician, psychologist, or psychiatrist conducting such an examination may be required to testify concerning the results of such examination and may be asked to give his or her opinion as to whether the protection of the child requires that he or she not be returned to the custody of his or her parents or other persons having custody of him or her at the time of the alleged child abuse or neglect. Persons so testifying shall be subject to cross-examination as are other witnesses. No information given at any such examination of the parent or any other person having custody of the child may be used against such person in any subsequent criminal proceedings against such person or custodian concerning the abuse or neglect of the child.

A parent or other person having legal custody of a child alleged to be ((a child subjected to abuse or neglect)) abused or neglected shall be a party to any proceeding that may ((as a practical matter)) impair or impede such person's interest in and custody or control of ((his or her)) the child.

NEW SECTION, Sec. 5. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

On page 1, line 1 of the title, after “litem;” strike the remainder of the title and insert “amending RCW 13.34.030 and 13.34.100; reenacting and amending RCW 26.44.053; adding a new section to chapter 13.34 RCW; and creating a new section.”

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1326 with the following amendment:

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The ability of utilities to acquire cost effective conservation measures is instrumental in assuring that Washington citizens have reasonable energy rates and that utilities have adequate energy resources to meet future energy demands;

(b) Customers may be more willing to accept investments in energy efficiency and conservation if real and perceived impediments to property transactions are avoided;

(c) Potential purchasers of real property should be notified of any utility conservation charges at the earliest point possible in the sale.

(2) It is the intent of the legislature to encourage utilities to develop innovative approaches designed to promote energy efficiency and conservation that have limited rate impacts on utility customers. It is not the intent of the legislature to restrict the authority of the utilities and transportation commission to approve tariff schedules.

(3) It is also the intent of the legislature that utilities which establish conservation tariffs should undertake measures to assure that potential purchasers of property are aware of the existence of any conservation tariffs. Measures that may be considered include, but are not limited to:

(a) Recording a notice of a conservation tariff payment obligation, containing a legal description, with the county property records;

(b) Annually notifying customers who have entered agreements of the conservation tariff obligation;

(c) Working with the real estate industry to provide for disclosure of conservation tariff obligations in standardized listing agreements and earnest money agreements; and

(d) Working with title insurers to provide recorded conservation tariff obligations as an informational note to the preliminary commitment for policy of title insurance.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:
(1) Upon request by an electrical or gas company, the commission may approve a tariff schedule that contains rates or charges for energy conservation measures, services, or payments provided to individual property owners or customers. The tariff schedule shall require the electrical or gas company to enter into an agreement with the property owner or customer receiving services at the time the conservation measures, services, or payments are initially provided. The tariff schedule may allow for the payment of the rates or charges over a period of time and for the application of the payment obligation to successive property owners or customers at the premises where the conservation measures or services were installed or performed or with respect to which the conservation payments were made.

(2) The electrical or gas company shall record a notice of a payment obligation, containing a legal description, resulting from an agreement under this section with the county auditor or recording officer as provided in RCW 65.04.030.

(3) The commission may prescribe by rule other methods by which an electrical or gas company shall notify property owners or customers of any such payment obligation.

NEW SECTION. Sec. 3. A new section is added to chapter 64.04 RCW to read as follows:
Prior to closing, the seller of real property subject to a rate or charge for energy conservation measures, services, or payments provided under a tariff approved by the utilities and transportation commission pursuant to section 2 of this act shall disclose to the purchaser of the real property the existence of the obligation and the possibility that the purchaser may be responsible for the payment obligation.

NEW SECTION. Sec. 4. A new section is added to chapter 48.29 RCW to read as follows:
The existence of notices of payment obligations in section 2 of this act may be disclosed as an informational note to a preliminary commitment for policy of title insurance. Neither the inclusion nor the exclusion of any such informational note shall create any liability against such title insurer under any preliminary commitment for title insurance, policy or otherwise."

On page 1, line 2 of the title, after "owners;" strike the remainder of the title and insert "adding a new section to chapter 80.28 RCW; adding a new section to chapter 64.04 RCW; adding a new section to chapter 48.29 RCW; and creating a new section."

SENATE AMENDMENTS TO HOUSE BILL

April 9, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1333, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school drop-out rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled work force, this high school drop-out rate threatens the economic welfare of our future work force, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a firsthand knowledge of youth gangs and at-risk youth; and

(6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs.

NEW SECTION. Sec. 2. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs.

NEW SECTION. Sec. 3. Unless the context otherwise requires, the following definitions shall apply throughout sections 1 through 11 of this act:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.
"Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

"Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.
(b) Establishing ties, at an early age, between youth and community organizations.
(c) Committing local business and community resources to positive programming for youth.
(d) Committing state resources to assist in creating the gang risk prevention and intervention pilot programs.

"Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes.

NEW SECTION. Sec. 4. (1) The department of community development may recommend existing programs or contract with either school districts or community organizations, or both, through a request for proposal process for the development, administration, and implementation in the county of community-based gang risk prevention and intervention pilot programs.

(2) Proposals by the school district for gang risk prevention and intervention pilot program grant funding shall begin with school years no sooner than the 1994-95 session, and last for a duration of two years.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the department of community development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.
(b) A description of the individual school or schools and the geographic area to be affected by the program.
(c) A demonstration of broad-based support for the program from business and community organizations.
(d) A clear description of the experience, expertise, and other qualifications of the community organizations to conduct an effective prevention and intervention program in cooperation with a school or a group of schools.
(e) A proposed budget for expenditure of the grant.

(4) Grants awarded under this section may not be used for the administrative costs of the school district or the individual school.

NEW SECTION. Sec. 5. (1) A school district in a county with a population of over one hundred ninety thousand may request proposals for establishing gang risk prevention and intervention pilot programs from either public entities that apply jointly with individual schools or community organizations. The proposals shall be reviewed and recommendations for awarding grants shall be made by a committee made up of: (a) A representative from the school district taking the proposal, appointed by the school district’s board of directors; (b) a representative appointed by the director of the department of community development or designate; and (c) a representative from the local juvenile court administration.

(2) A school district or community organization, upon its election to enter into a contract pursuant to section 4 of this act, shall, no later than March 1, 1994, submit a standard request for proposals.

(3) Proposals made to the department of community development must comply with the conditions of the grant.

(4) The department of community development shall additionally monitor and evaluate the gang risk prevention and intervention pilot programs pursuant to the following criteria:

(a) Success in obtaining stated goals.
(b) Reduction in drop-out rates.
(c) Reduction in violence among students, on and off campus.
(d) Development of techniques for early identification of at-risk youth.

(5) The school district or community organization shall report to the department of community development the results of the program.

(6) Grants awarded under this section may not be used for administrative costs of the school district or the individual school.
NEW SECTION. Sec. 6. Gang risk prevention and intervention pilot programs shall include, but are not limited to:

1. Counseling for targeted at-risk students, parents, and families, individually and collectively.
2. Exposure to positive sports and cultural activities, promoting affiliations between youth and the local community.
3. Job training, which may include apprentice programs in coordination with local businesses, job skills development at the school, or information about vocational opportunities in the community.
4. Positive interaction with local law enforcement personnel.
5. The use of local organizations to provide job search training skills.
6. Cultural awareness retreats.
7. The use of specified state resources, as requested.
8. Full service schools under section 9 of this act.
9. Community service such as volunteerism and citizenship.

NEW SECTION. Sec. 7. (1) Upon request from the local community organization receiving an award under section 5 of this act or the granting local school district, or both, the employment security department shall provide a job counselor or counselors to assist at cultural awareness retreats. The counselor shall provide assistance with the following:

(a) Testing for job occupation preferences.
(b) Information on the skills needed for different occupations.
(c) Coordinating the personal appearance of small business owners or corporate managers to explain the type of skills and characteristics businesses currently need in prospective employees, as well as those of prospective future employees.
(d) Establishing a business mentor program between the small business owners or corporate managers and the youth who are willing to participate.
(e) Establishing a specific program that provides help with employment opportunities for youth who attend cultural awareness retreats.

The department may provide other services than those specified.

(2) Upon request from the local community organization awarded the grant, the local school district, or both, the department may provide those services specified in subsection (1) of this section for the youth who are receiving services from the local community organization.

NEW SECTION. Sec. 8. Upon request from the local community organization receiving an award under section 5 of this act or the granting local school district, or both, the department of labor and industries shall:

Upon request from the local community organization receiving the award under section 5 of this act or the local school district, or both, the department shall provide the services in this section either at the grant-receiving school or at the cultural awareness retreat, or both.

NEW SECTION. Sec. 9. (1) The purpose of a full service school shall be to increase the interaction between youth and the community at large. A full service school shall provide a wide range of opportunities for all citizens, including goals under RCW 28A.620.010 (1), (2), (3), and (6), and subsection (2) of this section.

(2) Either the local school district or the local community organization, or both, that received a grant under section 5 of this act shall work with other community organizations, the superintendent of public instruction, and...

Sec. 5. RCW 10.31.100 and 1988 c 190 s 1 are each amended to read as follows: A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through ((9)) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270 shall have the authority to arrest the person.

When the officer has probable cause to believe that spouses, former spouses, or other persons who reside together or formerly resided together have assaulted each other, the officer is not required to arrest both persons. (e) RCW 46.61.525, relating to operating a motor vehicle in a negligent manner.

(f) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(9) Any police officer having probable cause to believe that a person has, within twenty-four hours of the alleged violation, committed a violation of section 3 of this act may arrest such person.
Except as specifically provided in subsections (2), (3), (4), and (6) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

No police officer may be held criminally or civilly liable for making an arrest pursuant to RCW 10.31.100(2) or (8) if the police officer acts in good faith and without malice.

NEW SECTION. Sec. 6. (1) A person or health care facility aggrieved by the actions prohibited by section 3 of this act may seek civil damages from those who committed the prohibited acts and those acting in concert with them. A plaintiff in an action brought under this chapter shall not recover more than his or her actual damages and additional sums authorized in section 7 of this act. Once a plaintiff recovers his or her actual damages and any additional sums authorized under this chapter, additional damages shall not be recovered. A person does not have to be criminally convicted of violating section 3 of this act to be held civilly liable under this section. It is not necessary to prove actual damages to recover the additional sums authorized under section 7 of this act, costs, and attorneys' fees. The prevailing party is entitled to recover costs and attorneys' fees.

(2) The superior courts of this state shall have authority to grant temporary, preliminary, and permanent injunctive relief to enjoin violations of this chapter.

In appropriate circumstances, any superior court having personal jurisdiction over one or more defendants may issue injunctive relief that shall have binding effect on the original defendants and persons acting in concert with the original defendants, in any county in the state.

The state and its political subdivisions shall cooperate in the enforcement of court injunctions that seek to protect against acts prohibited by this chapter.

NEW SECTION. Sec. 7. In a civil action brought under this chapter, an individual plaintiff aggrieved by the actions prohibited by section 3 of this act may be entitled to recover up to five hundred dollars for each day that the actions occurred, or up to five thousand dollars for each day that the actions occurred if the plaintiff aggrieved by the actions prohibited under section 3 of this act is a health care facility.

NEW SECTION. Sec. 8. Nothing in section 3 of this act shall prohibit either lawful picketing or other publicity for the purpose of providing the public with information.

NEW SECTION. Sec. 9. A court having jurisdiction over a criminal or civil proceeding under this chapter shall take all steps reasonably necessary to safeguard the individual privacy and prevent harassment of a health care patient or health care provider who is a party or witness in a proceeding, including granting protective orders and orders in limine.

Sec. 10. RCW 10.97.070 and 1977 ex.s. c 314 s 7 are each amended to read as follows:

(1) Criminal justice agencies may, in their discretion, disclose to persons who have suffered physical loss, property damage, or injury compensable through civil action, the identity of persons suspected as being responsible for such loss, damage, or injury together with such information as the agency reasonably believes may be of assistance to the victim in obtaining civil redress. Such disclosure may be made without regard to whether the suspected offender is an adult or a juvenile, whether charges have or have not been filed, or a prosecuting authority has declined to file a charge or a charge has been dismissed.

(2) Unless the agency determines release would interfere with an ongoing criminal investigation, in any action brought pursuant to this chapter, criminal justice agencies shall disclose identifying information, including photographs of suspects, if the acts are alleged by the plaintiff or victim to be a violation of section 3 of this act.

(3) The disclosure by a criminal justice agency of investigative information pursuant to subsection (1) of this section shall not establish a duty to disclose any additional information concerning the same incident or make any subsequent disclosure of investigative information, except to the extent an additional disclosure is compelled by legal process.

NEW SECTION. Sec. 11. Nothing in this chapter shall be construed to limit the right to seek other available criminal or civil remedies. The remedies provided in this chapter are cumulative, not exclusive.
NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 13. Sections 2 through 4, 6 through 9, and 11 of this act shall constitute a new chapter in Title 9A RCW.

NEW SECTION. Sec. 14. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

MOTION

Representative Rust moved that the House do concur in the Senate amendment to Substitute House Bill No. 1356 and pass the bill as amended by the Senate. The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be final passage of Substitute House Bill No. 1356 as amended by the Senate.

Representatives Rust and Horn spoke in favor of passage of the bill.

ROLL CALL

The Clerk called the roll on the final passage of Substitute House Bill No. 1356 as amended by the Senate, and the bill passed the House by the following vote:  Yeas - 93, Nays - 2, Absent - 0, Excused - 3.

Voting nay: Representatives Karahalios and Sehlin - 2.

Excused: Representatives Leonard, Patterson and Riley - 3.

Substitute House Bill No. 1356, as amended by the Senate, having received the constitutional majority, was declared passed.

SIGNED BY THE SPEAKER

The Speaker announced he was signing:

SUBSTITUTE SENATE BILL NO. 5066,
SUBSTITUTE SENATE BILL NO. 5068,
POINT OF PARLIAMENTARY INQUIRY

Representative Padden: Mr. Speaker, earlier today on a Conference Committee dealing with the education reform bill you appointed, and that's Engrossed Substitute House Bill No. 1209, you appointed three individuals all who have voted yes on the bill to be House members of the Conference Committee. Under Joint Rule 23 we are required to appoint two in the majority and one in the minority position. On that bill there were twelve individuals who voted nay, two from the majority party and ten from the minority party, and one of those individuals should have been appointed to the Conference Committee.

Mr. Speaker: I believe Representative Padden, the rules states two from the majority party and one from the minority party and to the extent possible to reflect the position of the members of the bill, is that your interpretation?

Representative Padden: Mr. Speaker, if I might respectfully suggest it actually says that the majority and minority positions to the extent possible. I have the rule right here Mr. Speaker, I'll read it. The presiding officer of each House shall appoint on each Conference Committee three members selecting them so as to represent in each case the majority and minority positions to the extent possible as it relates to the subject matter and the majority and minority political parties. Since there were individuals from both political parties who voted no to the extent possible, it is possible to appoint members who voted no, on that Conference Committee according to our rules.

Mr. Speaker: Representative Padden, the Speaker followed the recommendation of the minority leader in making the Republican appointment. If you would take up your issue with the minority leader maybe we can work it out.

With the consent of the House, the House resumed consideration of Substitute House Bill No. 1275.

SPEAKER'S RULING

Representative Rust has raised a point of order to the scope and object of Senate amendment #561 to Substitute House Bill No. 1275.

In ruling on the Point of Order, the Speaker finds that Substitute House Bill No. 1275 is a measure which exempts site exploration and investigation activities that meet certain criteria from the requirements of substantial development permits.

Senate amendment #561 (on page 6, after line 21) merely adds an alternative to one of the criteria specified in the bill.

The Speaker therefore finds that Senate Amendment #561 does not change the scope and object of the bill and that the Point of Order is not well taken.

MOTION

Representative Rust moved that the House do not concur with the Senate amendment #561 and ask the Senate to recede therefrom. The motion was carried.
With the consent of the House, the House resumed consideration of Substitute House Bill No. 1350.

SPEAKER'S RULING

Representative Rust has raised a Point of Order to the scope and object of Senate amendment #754 to Substitute House Bill No. 1350.

The Speaker finds that Substitute House Bill No. 1350 is a measure which relates solely to the regulation of commercial fishing of ocean pink shrimp, a species identified in the bill as "Pandalus Jordani".

Senate amendment #754 (on page 5, after line 11) relates to burrowing shrimp on registered aquatic farms. The Speaker therefore finds that Senate amendment #754 does change the scope and object of the bill and that the Point of Order is well taken.

With the consent of the House, the House resumed consideration of House Bill No. 1984.

SPEAKER'S RULING

Representative Rust has raised a Point of Order to the scope and object of the Senate amendment to page 2 of House Bill No. 1984.

In ruling on the Point of Order, the Speaker finds that House Bill No. 1984 is a measure revising pilotage law. Among other provisions, it addresses the membership of the board of pilotage commissioners.

The Senate amendments to page 2 merely take away the voting privileges of two of the existing board members. The Speaker therefore finds that the Senate amendments do not change the scope and object of the bill and that the Point of Order is not well taken.

MOTION

Representative R. Fisher moved that the House do not concur in the Senate amendments to House Bill No. 1984 and ask the Senate to recede therefrom.

Representative Schmidt spoke against the motion.

A division was called. The Speaker called on the House to divide. The results of the division was: 61-YEAS; 34-NAYS. The motion was carried.

With the consent of the House, the House resumed consideration of Substitute House Bill No. 1350.

MOTION

Representative King moved that the House do not concur in the Senate amendments to Substitute House Bill No. 1350 on page 4, line 13 and ask the Senate to recede therefrom.

Representative King spoke in favor of the motion and Representative Fuhrman spoke against it. The motion was carried.

STATEMENT FOR THE JOURNAL

Had I been present I would have voted as follows on the roll call votes taken today.

SUBSTITUTE HOUSE BILL NO. 1128 YES
SUBSTITUTE HOUSE BILL NO. 1012 YES
HOUSE BILL NO. 1024 YES
HOUSE BILL NO. 1025 YES
SUBSTITUTE HOUSE BILL NO. 1026 YES

BRIAN EBERSOLE, Speaker
The House was called to order at 9:00 a.m. by the Speaker (Representative Jacobsen presiding). The Clerk called the roll and a quorum was present.

The Speaker assumed the chair.

The flag was escorted to the rostrum by a Sergeant at Arms Color Guard, Pages Collin Conway and Sarah Scott. Prayer was offered by Reverend Kenneth Bates, First Baptist Church of Napavine.

(2) The term "blasting agent" shall be held to mean and include any material or mixture consisting of a fuel and oxidizer, intended for blasting, not otherwise classified as an explosive, and in which none of the ingredients are classified as an explosive, provided that the finished product, as mixed and packaged for use or shipment, cannot be detonated when unconfined by means of a No. 8 test blasting cap.

(3) The term "explosive" or "explosives" whenever used in this chapter, shall be held to mean and include any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion, that contains any oxidizing and combustible units, or other ingredients, in such proportions, quantities or packing, that an ignition by fire, by friction, by concussion, by percussion, or by detonation of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects or of destroying life or limb. In addition, the term "explosives" shall include all material which is classified as class A, class B, and class C explosives by the federal department of transportation. (For the purposes of this chapter small arms ammunition, small arms ammunition primers, smokeless powder not exceeding fifty pounds, and black powder not exceeding five pounds shall not be defined as explosives, unless possessed or used for a purpose inconsistent with small arms use or other lawful purpose.

Violation of this section is a gross misdemeanor punishable under chapter 9A.20 RCW.

NEW SECTION. Sec. Unless otherwise allowed to do so under this chapter, a person who exhibits a device designed, assembled, fabricated, or manufactured, to convey the appearance of an explosive or improvised device, and who intends to, and does, intimidate or harass a person, is guilty of a class C felony.
RCW 70.74.191 and 1985 c 191 s 2 are each amended to read as follows:
The laws contained in this chapter and the ensuing regulations prescribed by the department of labor and industries shall not apply to:

2. The laboratories of schools, colleges and similar institutions if confined to the purpose of instruction or research and if not exceeding the quantity of one pound;

3. Explosives in the forms prescribed by the official United States Pharmacopoeia;

4. Every person who maliciously places any explosive (substance or material) or improvised device in, upon, under, against, or near any building, car, vessel, railroad track, airplane, public utility transmission system, or structure, in such manner or under such circumstances as to destroy or injure it if exploded, shall be punished as follows:

1. If the circumstances and surroundings are such that the safety of any person might be endangered by the explosion, by imprisonment in a state correctional facility for not more than twenty years;

2. In every other case by imprisonment in a state correctional facility for not more than five years.

RCW 70.74.295 and 1972 ex.s. c 88 s 3 are each amended to read as follows:
It shall be unlawful for any person to abandon explosives or improvised devices. Violation of this section is a gross misdemeanor punishable under chapter 9A.20 RCW.

NEW SECTION. Sec. (1) Explosives, improvised devices, and components of explosives and improvised devices that are possessed, manufactured, stored, sold, purchased, transported, abandoned, detonated, or used in violation of a provision of this chapter are subject to seizure and forfeiture by a law enforcement agency and no property right exists in them.

(2) Seizure of explosives, improvised devices, and components of explosives and improvised devices under subsection (1) of this section may be made if:

(a) The seizure is incident to arrest or a search under a search warrant;

(b) The explosives, improvised devices, or components have been the subject of a prior judgment in favor of the state in an injunction or forfeiture proceeding based upon this chapter;

(c) A law enforcement officer has probable cause to believe that the explosives, improvised devices, or components are directly or indirectly dangerous to health or safety; or

(d) The law enforcement officer has probable cause to believe that the explosives, improvised devices, or components were used or were intended to be used in violation of this chapter.

(3) A law enforcement agency shall destroy explosives seized under this chapter when it is necessary to protect the public safety and welfare. When destruction is not necessary to protect the public safety and welfare, and the explosives are not being held for evidence, a seizure pursuant to this section commences proceedings for forfeiture.

(4) The law enforcement agency under whose authority the seizure was made shall issue a written notice of the seizure and commencement of the forfeiture proceedings to the person from whom the explosives were seized, to any known owner of the explosives, and to any person who has a known interest in the explosives. The notice shall be issued within fifteen days of the seizure. The notice of seizure and commencement of the forfeiture proceedings shall be served in the same manner as provided in RCW 4.28.080 for service of a summons. The law enforcement agency shall provide a form by which the person or persons may request a hearing before the law enforcement agency to contest the seizure.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the explosives, improvised devices, or components within thirty days of the date the notice was issued, the seized explosives, devices, or components shall be deemed forfeited.

(6) If, within thirty days of the issuance of the notice, any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items seized, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement or the officer's designee of the seizing agency, except that the person asserting the claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the items seized is more than five hundred dollars. The hearing and any appeal shall be conducted...
according to chapter 34.05 RCW. The seizing law enforcement agency shall bear the burden of proving that the person (a) has no lawful right of ownership or possession and (b) that the items seized were possessed, manufactured, stored, sold, purchased, transported, abandoned, detonated, or used in violation of a provision of this chapter with the person's knowledge or consent.

(7) The seizing law enforcement agency shall promptly return the items seized to the claimant upon a determination that the claimant is entitled to possession of the items seized.

(8) If the items seized are forfeited under this statute, the agency shall destroy the explosives. When explosives are destroyed either to protect public safety or because the explosives were forfeited, the person from whom the explosives were seized loses all rights of action against the law enforcement agency or its employees acting within the scope of their employment, or other governmental entity or employee involved with the seizure and destruction of explosives.

(9) This section is not intended to change the seizure and forfeiture powers, enforcement, and penalties available to the department of labor and industries pursuant to chapter 49.17 RCW as provided in RCW 70.74.390.

NEW SECTION. Sec. A person who knows of a theft or loss of explosives for which that person is responsible under this chapter shall report the theft or loss to the local law enforcement agency within twenty-four hours of discovery of the theft or loss. The local law enforcement agency shall immediately report the theft or loss to the department of labor and industries.

NEW SECTION. Sec. Sections 4, 8, and 9 of this act are each added to chapter 70.74 RCW.

Any proceeds of an auction or trade may be retained by the legislative authority. This subsection (2)(a) applies only to firearms that come into the possession of the law enforcement agency after June 30, 1993, and applies only if the law enforcement agency has complied with (b) of this subsection.

By midnight, June 30, 1993, every law enforcement agency shall prepare an inventory, under oath, of every firearm that has been judicially forfeited, has been seized and may be subject to judicial forfeiture, or that has been, or may be, forfeited due to a failure to make a claim under RCW 63.32.010 or 63.40.010.

(b) Except as provided in (c) of this subsection, of the inventoried firearms a law enforcement agency shall destroy illegal firearms, may retain a maximum of ten percent of legal forfeited firearms for agency use, and shall either:
(i) Comply with the provisions for the auction of firearms in RCW 9.41.098 that were in effect immediately preceding the effective date of this act; or

The state treasurer shall credit the fees to the firearms range account established in RCW 77.12.720. All trades or auctions of firearms under this subsection shall be to commercial sellers. Proceeds of any auction less costs, including actual costs of storage and sale, shall be forwarded to the firearms range account established in RCW 77.12.720.

The Washington state patrol may retain any proceeds of an auction or trade.

(3) The court shall order the firearm returned to the owner upon a showing that there is no probable cause to believe a violation of subsection (1) of this section existed or the firearm was stolen from the owner or the owner neither had knowledge of nor consented to the act or omission involving the firearm which resulted in its forfeiture.

(4) A law enforcement officer of the state or of any county or municipality may confiscate a firearm found to be in the possession of a person under circumstances specified in subsection (1) of this section. After confiscation, the firearm shall not be surrendered except: (a) To the prosecuting attorney for use in subsequent legal proceedings; (b) for disposition according to an order of a court having jurisdiction as provided in subsection (1) of this section; or (c) to the owner if the proceedings are dismissed or as directed in subsection (3) of this section.

The department, if satisfied from the statements upon the application that the applicant is the legal owner of the vehicle or otherwise entitled to have (thereof) a certificate of ownership thereof in the applicant's name, shall (thereupon) issue an appropriate electronic record of ownership or a written certificate of ownership, over the director's signature, authenticated by seal, and if required, a new written certificate of license registration if certificate of license registration is required.

(Effective) The certificates of ownership and the certificates of license registration shall contain upon the face thereof, the date of application, the registration number assigned to the registered owner and to the vehicle, the name and address of the registered owner and legal owner, the vehicle identification number, and such other description of the vehicle and facts as the department shall require, and in addition thereto, if the vehicle described in such certificates shall have ever been licensed and operated as an exempt vehicle or a taxicab, or if it is less than four years old and has been rebuilt after having been totaled out by an insurance carrier, such fact shall be clearly shown thereon.

All certificates of ownership of motor vehicles issued after April 30, 1990, shall reflect the odometer reading as provided by the odometer disclosure statement submitted with the title application involving a ((change of registration)) transfer of ownership.

A blank space shall be provided on the face of the certificate of license registration for the signature of the registered owner.

Upon issuance of the certificate of license registration and certificate of ownership and upon any reissue thereof, the department shall deliver the certificate of license registration to the registered owner and the certificate of ownership to the legal owner or both to the person who is both the registered owner and legal owner.

Sec. 2. RCW 46.68.010 and 1989 c 68 s 1 are each amended to read as follows:

Whenever any license fee, paid under the provisions of this title, has been erroneously paid, either wholly or in part, the payor is entitled to have refunded the amount so erroneously paid. A renewal license fee paid prior to the actual expiration date of the license being renewed shall be deemed to be erroneously paid if the vehicle for which the renewal license ((is being)) was purchased is destroyed or permanently removed from the state prior to the beginning date of the registration period for which the renewal fee ((is being)) was paid. Upon such refund being certified to the state treasurer by the director as correct and being claimed in the time required by law the state treasurer shall mail or deliver the amount of each refund to the person entitled thereto((provided, that)) No claim for refund shall be allowed for such erroneous payments unless filed with the director within three years after such claimed erroneous payment was made.

If due to error a person has been required to pay a vehicle license fee under this title and an excise tax ((which)) under Title 82 RCW that amounts to an overpayment of ten dollars or more, that person shall be entitled to a refund of the entire amount of the overpayment, regardless of whether a refund of the overpayment has been requested. If due to error the department or its agent has failed to collect the full amount of the license fee and excise tax due and the underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax and fees.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor.

Sec. 3. RCW 82.44.120 and 1990 c 42 s 307 are each amended to read as follows:
Whenever any person has paid a motor vehicle license fee, and together therewith has paid an excise tax imposed under the provisions of this chapter, and the director ((of licensing)) determines that the payor is entitled to a refund of the entire amount of the license fee as provided by law, then the payor shall also be entitled to a refund of the entire excise tax collected under the provisions of this chapter. In case the director determines that any person is entitled to a refund of only a part of the license fee so paid, the payor shall be entitled to a refund of the difference, if any, between the excise tax collected and that which should have been collected.

In case no claim is to be made for the refund of the license fee or any part thereof, but claim is made by any person that he or she has paid an erroneously excessive amount of excise tax, the department shall determine in the manner generally provided in this chapter the amount of such excess, if any, that has been paid and shall certify to the state treasurer that such person is entitled to a refund in such amount.

In any case where due to error, a person has been required to pay an excise tax pursuant to this chapter and a vehicle license fee pursuant to Title 46 RCW which amounts to an overpayment of ten dollars or more, such person shall be entitled to a refund of the entire amount of such overpayment, regardless of whether or not a refund of the overpayment has been requested. Conversely, if due to error, the department or its agents has failed to collect the full amount of the license fee and excise tax due, which underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax.

Any claim for refund of an erroneously excessive amount of excise tax or overpayment of excise tax with a motor vehicle license fee must be filed with the director within three years after the claimed erroneous payment was made.

If the department approves the claim it shall notify the state treasurer to that effect, and the treasurer shall make such approved refunds (and the other refunds herein provided for) from the general fund and shall mail or deliver the same to the person entitled thereto.

Any person making any false statement with regard to which he or she obtains any amount of refund to which he or she is not entitled under the provisions of this section is guilty of a gross misdemeanor.

Sec.  RCW 46.70.021 and 1988 c 287 s 2 are each amended to read as follows:

It is unlawful for any person, firm, or association to act as a vehicle dealer or vehicle manufacturer, to engage in business as such, serve in the capacity of such, advertise himself, herself, or themselves as such, solicit sales as such, or distribute or transfer vehicles for resale in this state, without first obtaining and holding a current license as provided in this chapter, unless the title of the vehicle is in the name of the seller. It is unlawful for any person other than a licensed vehicle dealer to display a vehicle for sale unless the registered owner or legal owner is the displayer or holds a notarized power of attorney. A person or firm engaged in buying and offering for sale, or buying and selling five or more vehicles in a twelve-month period, or in any other way engaged in dealer activity without holding a vehicle dealer license, is guilty of a gross misdemeanor, and upon conviction is subject to a fine of up to ((one) five thousand dollars for each violation and up to one year in jail. A second offense is a class C felony punishable under chapter 9A.20 RCW. A violation of this section is also a per se violation of chapter 19.86 RCW and is considered a deceptive practice. The department of licensing, the Washington state patrol, the attorney general's office, and the department of revenue shall cooperate in the enforcement of this section. A distributor, factory branch, or factory representative shall not be required to have a vehicle manufacturer license so long as the vehicle manufacturer so represents is properly licensed pursuant to this chapter. Nothing in this chapter prohibits financial institutions from cooperating with vehicle dealers licensed under this chapter in dealer sales or leases. However, financial institutions shall not broker vehicles and cooperation is limited to organizing, promoting, and financing of such dealer sales or leases.

Sec.  RCW 46.70.023 and 1991 c 339 s 28 are each amended to read as follows:

(1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. An established place of business shall have an improved display area of not less than three thousand square feet in or immediately adjoining the building, or a display area large enough to display six or more vehicles of the type the dealer is licensed to sell, whichever area is larger. The business of a vehicle dealer, including the display (and repair) of vehicles, may be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. The dealer shall keep the building open to the public so that they may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. In no event may a room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.
(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. A wholesale dealer need not maintain a display area as required in this section. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

(11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity.

Sec.  RCW 46.70.041 and 1990 c 250 s 64 are each amended to read as follows:

(1) Every application for a vehicle dealer license shall contain the following information to the extent it applies to the applicant:

The certificate shall include proof of the applicant's ownership or lease of the real property where the applicant's principal place of business is established;
A copy of a current service agreement with a manufacturer, or distributor for a foreign manufacturer, requiring the applicant, upon demand of any customer receiving a new vehicle warranty to perform or arrange for, within a reasonable distance of his established place of business, the service repair and replacement work required of the manufacturer or distributor by such vehicle warranty. This requirement applies only to applicants seeking to sell, to exchange, to offer, to auction, to solicit, or to advertise new or current-model vehicles with factory or distributor warranties;

Sec.  RCW 46.70.051 and 1989 c 301 s 3 are each amended to read as follows:

(1) After the application has been filed, the fee paid, and bond posted, if required the department shall, if no denial order is in effect and no proceeding is pending under RCW (46.70.180 or 46.70.200) 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

Sec.  RCW 46.70.083 and 1991 c 140 s 2 are each amended to read as follows:

The license of a vehicle dealer or a vehicle manufacturer expires on the date that is twelve consecutive months from the date of issuance. The license may be renewed by filing with the department prior to the expiration of the license, a renewal application containing such information as the department may require to indicate the number of vehicle sales transacted during the past year, and any material change in the information contained in the original application. Failure by the dealer to comply is grounds for denial of the renewal application or dealer license plate renewal.

The dealer's established place of business shall be certified by a representative of the department at least once every thirty-six months, or more frequently as determined necessary by the department. The certification will verify compliance with the requirements of this chapter for an established place of business. Failure by the dealer to comply at any time is grounds for license suspension or revocation, denial of the renewal application, or monetary assessment.

Sec.  RCW 46.70.140 and 1973 1st ex.s. c 132 s 17 are each amended to read as follows:

Any vehicle dealer who ((shall)) knowingly or with reason to know, buys or receives, sells or disposes of, conceals or ((have in his possession)) has in the dealer's possession, any vehicle from which the motor or serial number has been removed, defaced, covered, altered, or destroyed, or any dealer, who ((shall)) removes from or installs in any motor vehicle registered with the department by motor block number, a new or used motor block without immediately notifying the department of such fact upon a form provided by the department, or any vehicle dealer who ((shall)) loans or permits the use of vehicle dealer license plates by any person not entitled to the use thereof, ((shall be)) is guilty of a gross misdemeanor.

Sec.  RCW 46.70.290 and 1971 ex.s. c 231 s 23 are each amended to read as follows:

The provisions of chapter 46.70 RCW shall apply to the distribution and sale of mobile homes and to mobile home dealers, ((salesmen)) distributors, manufacturers, factory representatives, or other persons engaged in such distribution and sale to the same extent as for motor vehicles.

Sec.  RCW 46.70.300 and 1981 c 152 s 2 are each amended to read as follows:
(1) The provisions of this chapter relating to the licensing and regulation of vehicle dealers and manufacturers shall be exclusive and no county, city, or other political subdivision of this state shall enact any laws, rules, or regulations licensing or regulating vehicle dealers or manufacturers.

(2) This section shall not be construed to prevent a political subdivision of this state from levying a business and occupation tax upon vehicle dealers or manufacturers maintaining an office within that political subdivision if a business and occupation tax is levied by such a political subdivision upon other types of businesses within its boundaries.

Sec.  RCW 46.87.020 and 1991 c 163 s 4 are each amended to read as follows:

Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), the Uniform Vehicle Registration, Proration, and Reciprocity Agreement (Western Compact), chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP and the Western Compact, as applicable, shall prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles. For IRP jurisdictions that require the registration of nonmotor vehicles, this term may include trailers, semitrailers, and pole trailers as applicable, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle by the registering jurisdiction under the Western Compact. Under the IRP, it is a certificate of registration issued by the base jurisdiction for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Commercial vehicle" is a term used by the Western Compact and means any vehicle except recreational vehicles, vehicles displaying restricted plates, and government owned or leased vehicles, that is operated and registered in more than one jurisdiction and is used or maintained for the transportation of persons for hire, compensation, or profit, or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a motor vehicle having a declared gross weight in excess of twenty-six thousand pounds;

(b) Is a motor vehicle having three or more axles with a declared gross weight in excess of twelve thousand pounds;

(c) Is a motor vehicle, trailer, pole trailer, or semitrailer used in combination when the gross weight or declared gross weight of the combination exceeds twenty-six thousand pounds combined gross weight. The nonmotor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Although a two-axle motor vehicle, trailer, pole trailer, semitrailer, or any combination of such vehicles with an actual or declared gross weight or declared combined gross weight exceeding twelve thousand pounds but not more than twenty-six thousand is not considered to be a commercial vehicle, at the option of the owner, such vehicles may be considered as "commercial vehicles" for the purpose of proportional registration. The nonmotor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Commercial vehicles include trucks, tractors, truck tractors, road tractors, and buses. Trailers, pole trailers, and semitrailers, will also be considered as commercial vehicles for those jurisdictions who require registration of such vehicles.

(4) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(5) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(6) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying vehicle, the seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver's seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(7) "Department" means the department of licensing.

(8) "Fleet" means one or more commercial vehicles in the Western Compact and one or more apportionable vehicles in the IRP.

(9) "In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

(10) "IRP" means the International Registration Plan.

(11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(12) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.
(13) "Preceding year" means the period of twelve consecutive months ((immediately prior to July 1st of the year immediately preceding the commencement of)) ending three months before the registration or license year for which proportional registration is sought.

(14) "Properly registered," as applied to the place of registration under the provisions of the Western Compact, means:
   (a) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which the vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from that place of business, and the vehicle has been assigned to that place of business; or
   (b) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by that jurisdiction.

In case of doubt or dispute as to the proper place of registration of a commercial vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(15) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(16) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(17) "Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction. ((The "registration year" for Washington is the period from January 1st through December 31st of each calendar year.))

(18) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

(19) "Western Compact" means the Uniform Vehicle Registration, Proration, and Reciprocity Agreement.

Sec. RCW 46.87.030 and 1987 c 244 s 18 are each amended to read as follows:

(1) When application to register an apportionable or commercial vehicle is made after ((March 31st of a)) the third month of the owner's registration year, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. ((The filing of any application with the department incurs liability for the fees and taxes applicable to the vehicles contained in the application.)) If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. If a motor vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the fleet registrant, the unused portion of the licensing fee paid under RCW 46.16.070 with respect to the vehicle reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current registration year in which the vehicle was registered and the date the notice of withdrawal, accompanied by such credentials as may be required, is received in the department, shall be credited to the fleet proportional registration account of the registrant. Credit shall be applied against the licensing fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional licensing fees due under RCW 46.16.070 or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the licensing fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund.

Sec. RCW 46.87.080 and 1987 c 244 s 23 are each amended to read as follows:

(1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department shall issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle and one such plate for each trailer, semitrailer, pole trailer, or converter gear listed on the application. License plates shall be displayed on vehicles as required by RCW 46.16.240. The number and plate shall be of a design, size, and color determined by the department. The plates shall be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card shall contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card shall be signed by the registrant, or a designated person if the registrant is a business firm, and shall at all times be carried in or on the vehicle to which it was issued. In the case of nonpowered vehicles, the cab card may be carried in or on the vehicle supplying the motive power instead of in or on the nonpowered vehicle.
(3) The apportioned license plates are not transferrable from vehicle to vehicle unless otherwise determined by rule and shall be used only on the vehicle to which they are assigned by the department for as long as they are legible or until such time as the department requires them to be removed and returned to the department.

(4) ((A)) Distinctive validation tabs(s) of a design, size, and color determined by the department shall be affixed to the apportioned license plate(s) as prescribed by the department to indicate the month, if necessary, and year for which the vehicle is registered. Foreign-based vehicles proportionally registered in this state under the provisions of the Western Compact shall display the validation tab on a backing plate or as otherwise prescribed by the department.

(5) Renewals shall be effected by the issuance and display of such tabs(s) after making satisfactory application and payment of applicable fees and taxes.

(6) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation. However, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle may be operated in interstate or intrastate commerce in this state unless the owner has been granted interstate operating authority by the interstate commerce commission in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless the vehicle is being operated in conformity with that authority.

(7) The department may issue temporary authorization permits (TAPs) to qualify operating owners of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee shall be collected for each permit issued. The permit fee shall be deposited in the motor vehicle fund, and the filing fee shall be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subdivider for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW and has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW which has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department shall grant the applicant a hearing and at least ten days written notice of the time and place of the hearing.

Sec.  RCW 46.87.310 and 1987 c 244 s 44 are each amended to read as follows:

Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four years following the preceding year or period upon which the application is based. These records shall be complete and shall include, but not be limited to, the following: Copies of proportional registration applications and supplements for all jurisdictions in which the fleet is prorated; proof of proportional or full registration with other jurisdictions; vehicle license or trip permits; temporary authorization permits; documents establishing the latest purchase year and cost of each fleet vehicle in ready-for-the-road condition; weight certificates indicating the unladen, ready-for-the-road, weight of each vehicle in the fleet; periodic summaries of mileage by fleet and by individual vehicles; individual trip reports, driver's daily logs, or other source documents maintained for each individual trip that provide trip dates, points of origin and destinations, total miles traveled, miles traveled in each jurisdiction, routes traveled, vehicle equipment number, driver's full name, and all other information pertinent to each trip. Upon request of the department, the owner shall make the records available to the department at its designated office for audit as to accuracy of records, computations, and payments. The department shall assess and collect any unpaid fees and taxes found to be due the state and provide credits or refunds for overpayments of Washington fees and taxes as determined in accordance with formulas and other requirements prescribed in this chapter. If the owner fails to maintain complete records as required by this section, the department shall attempt to reconstruct or reestablish such records. However, if the department is unable to do so and the missing or incomplete records involve mileages accrued by vehicles while they are part of the fleet, the department may assess an amount not to exceed the difference between the Washington proportional fees and taxes paid and one hundred percent of the fees and taxes. Further, if the owner fails to maintain complete records as required by this section, or if the department determines that the owner should have registered more vehicles in this state under this chapter, the department may deny the owner the right of any further benefits provided by this chapter until any final audit or assessment made under this chapter has been satisfied.

The department may audit the records of any owner and may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest found to be due and owing the state upon audit shall bear interest at ((twelve percent per annum from the date on which the deficiency is incurred)) the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount should have been paid until the date of payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent shall also be assessed.
If the audit discloses that an overpayment to the state in excess of five dollars has been made, the department shall certify the overpayment to the state treasurer who shall issue a warrant for the overpayment to the vehicle operator. Overpayments shall bear interest at the rate of eight percent per annum from the date on which the overpayment is incurred until the date of payment.

**Sec.** RCW 46.87.340 and 1987 c 244 s 47 are each amended to read as follows:
If an owner of proportionally registered vehicles liable for the remittance of fees and taxes imposed by this chapter (for which an assessment has become final) fails to pay the fees and taxes, the amount thereof, including any interest, penalty, or addition to the fees and taxes together with any additional costs that may accrue, constitutes a lien in favor of the state upon all franchises, property, and rights to property, whether the property is employed by the person for personal or business use or is in the hands of a trustee, receiver, or assignee for the benefit of creditors, from the date the fees and taxes were due and payable until the amount of the lien is paid or the property is sold to pay the lien. The lien has priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that the lien is not valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached before the time the department has filed and recorded notice of the lien as provided in this chapter.

In order to avail itself of the lien created by this section, the department shall file with any county auditor a statement of claim and lien specifying the amount of delinquent fees and taxes, penalties, and interest claimed by the department. From the time of filing for record, the amount required to be paid constitutes a lien upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by the person in the county. Any lien as provided in this section may also be filed in the office of the secretary of state. Filing in the office of the secretary of state is of no effect, however, until the lien or a copy of it has been filed with the county auditor in the county where the property is located. When a lien is filed in compliance with this section and with the secretary of state, the filing has the same effect as if the lien had been duly filed for record in the office of each county auditor of this state.

**NEW SECTION.** Sec. A new section is added to chapter 46.87 RCW to read as follows:
The department may extend or diminish vehicle license registration periods for the purpose of staggering renewal periods. The extension or diminishment of a vehicle license registration period must be by rule of the department. The rule shall provide for the collection of proportionally increased or decreased vehicle license registration fees and of excise or other taxes required to be paid at the time of registration.
It is the intent of the legislature that there shall be neither a significant net gain nor loss of revenue to the state general fund or the motor vehicle fund as the result of implementing and maintaining a staggered vehicle registration system.

**NEW SECTION.** Sec. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.
(2) "Owner" means a person who has a lawful right to possession of a vessel by purchase, exchange, gift, lease, inheritance, or legal action whether or not the vessel is subject to a security interest.

(b) On vessels owned or consigned for sale that are in fact available for sale and being used only for vessel dealer business purposes by an officer of the corporation, a partner, a proprietor, or by a bona fide employee of the firm if a card so identifying the individual is carried in the vessel at all times it is so operated.
(2) A violation of this section and the rules adopted by the department under this section is a misdemeanor punishable only by a fine not to exceed one hundred dollars per vessel for the first violation. Subsequent violations in the same year are subject to the following fines:
(a) For the second violation, a fine of two hundred dollars per vessel;
(b) For the third and successive violations, a fine of four hundred dollars per vessel.
(3) After subtraction of court costs and administrative collection fees, moneys collected under this section shall be credited to the current expense fund of the arresting jurisdiction.
(4) All law enforcement officers have the authority to enforce this section and the rules adopted by the department under this section.

**NEW SECTION.** Sec. (1) Vessel dealers shall maintain an established place of business as follows:
(a) A place of business in the state of Washington, in an area where vessel dealer business may be lawfully conducted in accordance with the terms of all applicable building code, zoning, and other land use regulatory ordinances;
(b) Display of a sign, permanently affixed to the land or building, clearly visible to the public, identifying the nature of the business as marine sales, service, repair, or manufacturing;

(c) The dealer shall keep the place of business open or maintain a telecommunications system so that the public and representatives of the department may contact the vessel dealer or dealer's salesperson at reasonable times;

(d) The books, records, and files necessary to conduct the business shall be kept and maintained at the place of business listed on the vessel dealer's registration, and shall be available for inspection by representatives of the department at reasonable times.

(2) The department may waive any requirements pertaining to a vessel dealer's established place of business if the waiver both serves the purposes of this chapter and is necessary due to unique circumstances such as a highly specialized business or impediments to displaying a sign.

NEW SECTION. Sec. For the purposes of an investigation or proceeding under this chapter the director or an officer designated by the director may administer oaths and affirmations, subpoena witnesses and records, compel their attendance, take evidence, and require the production of documents or records that the director deems relevant or material to the inquiry.

A vessel dealer who receives cash or a negotiable instrument of deposit in excess of one thousand dollars, or a deposit of any amount that will be held for more than fourteen calendar days, shall place the funds in a separate trust account. Only cash or negotiable instruments from a retail purchaser are required to be placed in a trust account.

(1) Upon receipt, the cash or negotiable instrument must be immediately set aside and endorsed to the trust account.

(2) The dealer shall deposit the cash or negotiable instrument in the trust account by the close of banking hours on the day after receipt.

(3) After delivery of the purchaser's vessel the vessel dealer shall remove the deposited funds from the trust account.

(4) The dealer shall not commingle the trust account funds with any other funds.

(5) The funds must remain in the trust account until the delivery of the purchased vessel. However, upon written agreement from the purchaser, the vessel dealer may remove and release trust funds before delivery.

NEW SECTION. Sec. If it appears that a person has engaged or is about to engage in an act or practice constituting a violation of this chapter, or a rule adopted or an order issued under this chapter, the director may issue an order directing the person to cease and desist from continuing the act or practice. The director shall give reasonable notice of an opportunity for hearing. The director may issue a temporary order pending a hearing. The temporary order remains in effect until ten days after the hearing is held and becomes final if the person to whom notice is addressed does not request a hearing within twenty days after receipt of this notice.

NEW SECTION. Sec. The department may adopt rules under chapter 34.05 RCW to ensure the implementation, proper operation, and enforcement of this chapter.

NEW SECTION. Sec. RCW 46.12.120 and 46.12.140 are each recodified as sections in chapter 46.70 RCW.

NEW SECTION. Sec. Sections 18 through 24 of this act and the following sections, upon recodification, shall constitute a new chapter in Title 88 RCW: RCW 88.02.060, 88.02.112, 88.02.115, 88.02.118, 88.02.125, 88.02.184, 88.02.188, 88.02.210, and 88.02.230.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:
The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1408 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. FINDINGS AND STATE POLICY. (1) The legislature finds that:
(a) Each year in Washington approximately fifteen thousand teenage girls become pregnant;
(b) The public cost of adolescent pregnancy is substantial. Eighty percent of teen prenatal care and deliveries are publicly funded. Over fifty percent of the women on public assistance became mothers as teenagers; and
(c) The personal costs of adolescent pregnancy can be socially and economically overwhelming. These too young mothers are often unable to finish high school. Their economic potential is diminished, their probability of dependence on public assistance increases, and their children are more likely to grow up in poverty. The cycle of teen mothers raising children in poverty jeopardizes their future educational opportunity and economic viability of future generations.
(2) The legislature therefore declares that in the interest of health, welfare, and economics, it is the policy of the state to reduce the incidence of unplanned teen pregnancy. To reduce the rate of teen pregnancy in Washington, the legislature hereby:
(a) Establishes four-year projects to prevent teen pregnancy;
(b) Initiates a teen pregnancy prevention media campaign;
(c) Increases funding for family planning education, outreach, and services; and
(d) Expands medicaid eligibility for postpartum family planning services.

NEW SECTION. Sec. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Community" means an individual political subdivision of the state, a group of such political subdivisions, or a geographic area within a political subdivision.
(2) "Department" means the department of health.

NEW SECTION. Sec. TEEN PREGNANCY PREVENTION PROJECTS. There is established in the department a program to coordinate and fund community-based teen pregnancy prevention projects. Selection of projects shall be made competitively based upon compliance with the requirements of sections 4 and 5 of this act. To the extent practicable, the projects shall be geographically distributed throughout the state. Criteria shall be established by the department in consultation with other state agencies and groups involved in teen pregnancy prevention.

NEW SECTION. Sec. TEEN PREGNANCY PREVENTION PROJECTS--REQUIREMENTS. (1) Each project shall be designed to reduce the incidence of unplanned teen pregnancy in the defined community, and may include preteens.
(2) At least fifty percent of the funding for teen pregnancy prevention projects shall be community matching funds provided by private or public entities. In-kind contributions such as, but not limited to, staff, materials, supplies, or physical facilities may be considered as all or part of the funding provided by the communities.
(3) The department shall perform evaluations of the projects. Each project shall be evaluated solely on the rate by which the teen pregnancy rates in the community are reduced, measured from the rates prior to the implementation of the project. Projects that demonstrate by empirical evidence that they have been successful in reducing the teen pregnancy rate in their community shall be eligible for consideration if reauthorized funding becomes available.

NEW SECTION. Sec. TEEN PREGNANCY PREVENTION PROJECTS--APPLICATIONS. Applications for teen pregnancy prevention project funding shall:
(1) Define the community requesting funding;
(2) Designate a lead agency or organization for the project;
(3) Contain evidence of the active participation of entities in the community that will participate in the project;
(4) Demonstrate the participation of teens in the development of the project;
(5) Describe the specific activities that will be undertaken by the project;
(6) Identify the community matching funds required under section 4 of this act;
(7) Include statistics on teen pregnancy rates in the community over at least the past five years;
(8) Include components that will demonstrate sensitivity to religious, cultural, and socioeconomic differences; and
(9) Include components giving emphasis to the importance of sexual abstinence as a method of pregnancy prevention, as provided in RCW 28A.230.070 and 70.24.210.

The department shall not discriminate against applicants for teen pregnancy prevention project funding based on the type of pregnancy prevention strategies and services included in the applicant's proposal.

NEW SECTION. Sec. REPORT. The department shall submit an annual report on the state's teen pregnancy rates over the previous five years, both state-wide and in the specific communities in which teen pregnancy prevention projects are located, to the appropriate standing committees of the legislature in the years 1995 through 1999.

NEW SECTION. Sec. TEEN PREGNANCY PREVENTION MEDIA CAMPAIGN. The department shall develop a teen pregnancy prevention media campaign in collaboration with major media organizations and other organizations and corporations interested in playing a positive and constructive role in their communities. The media campaign shall be designed to reduce the incidence of teen pregnancies. The media campaign shall be directed to teens, their parents, and individuals and organizations working with teens. The department may subcontract all or part of the activities associated with the media campaign to qualified private, nonprofit organizations.

NEW SECTION. Sec. Sections 1 through 7 of this act shall expire June 30, 1999.

Sec. RCW 74.09.790 and 1990 c 151 s 4 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 74.09.760 through 74.09.820 and 74.09.510:
(1) "At-risk eligible person" means an eligible person determined by the department to need special assistance in applying for and obtaining maternity care, including pregnant women who are substance abusers, pregnant and parenting adolescents, pregnant minority women, and other eligible persons who need special assistance in gaining access to the maternity care system.

(3) "Department" means the department of social and health services.
(4) "Eligible person" means a woman in need of maternity care or a child, who is eligible for medical assistance pursuant to this chapter or the prenatal care program administered by the department.
(5) "Maternity care services" means inpatient and outpatient medical care, case management, and support services necessary during prenatal, delivery, and postpartum periods.
(6) "Support services" means, at least, public health nursing assessment and follow-up, health and childbirth education, psychological assessment and counseling, outreach services, nutritional assessment and counseling, needed vitamin and nonprescriptive drugs, transportation, family planning services, and child care. Support services may include alcohol and substance abuse treatment for pregnant women who are addicted or at risk of being addicted to alcohol or drugs to the extent funds are made available for that purpose.
(7) "Family planning services" means planning the number of one's children by use of contraceptive techniques.

Sec. RCW 74.09.800 and 1989 1st ex.s c 10 s 5 are each amended to read as follows:
The department shall, consistent with the state budget act, develop a maternity care access program designed to ensure healthy birth outcomes as follows:
(1) Provide maternity care services to low-income pregnant women and health care services to children in poverty to the maximum extent allowable under the medical assistance program, Title XIX of the federal social security act;
(2) Provide maternity care services to low-income women who are not eligible to receive such services under the medical assistance program, Title XIX of the federal social security act;
(3) By January 1, 1990, have the following procedures in place to improve access to maternity care services and eligibility determinations for pregnant women applying for maternity care services under the medical assistance program, Title XIX of the federal social security act:
   (a) Use of a shortened and simplified application form;
   (b) Outstationing department staff to make eligibility determinations;
   (c) Establishing local plans at the county and regional level, coordinated by the department; and
   (d) Conducting an interview for the purpose of determining medical assistance eligibility within five working days of the date of application by a pregnant woman and making an eligibility determination within fifteen working days of the date of application by a pregnant woman;
(4) Establish a maternity care case management system that shall assist at-risk eligible persons with obtaining medical assistance benefits and receiving maternity care services, including transportation and child care services;
(5) Within available resources, establish appropriate reimbursement levels for maternity care providers;
(6) Implement a broad-based public education program that stresses the importance of obtaining maternity care early during pregnancy;
(7) Study the desirability and feasibility of implementing the presumptive eligibility provisions set forth in section 9407 of the federal omnibus budget reconciliation act of 1986 and report to the appropriate committees of the legislature by December 1, 1989; and
(8) Refer persons eligible for maternity care services under the program established by this section to persons, agencies, or organizations with maternity care service practices that primarily emphasize healthy birth outcomes;
(8) Provide family planning services including information about the synthetic progestin capsule implant form of contraception, for twelve months immediately following a pregnancy to women who were eligible for medical assistance under the maternity care access program during that pregnancy or who were eligible only for emergency labor and delivery services during that pregnancy; and
(9) Within available resources, provide family planning services to women who meet the financial eligibility requirements for services under subsections (1) and (2) of this section.

NEW SECTION. Sec. Sections 1 through 7 of this act shall constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. Captions as used in this act constitute no part of the law.

NEW SECTION. Sec. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1993, in the omnibus appropriations act, this act shall be null and void.”

(5) No person licensed under this chapter may assume the responsibility for more than two trainees at any one time, except that the department may approve one additional trainee if none of the trainees is within the initial ninety-day period of direct supervision and the licensee demonstrates to the department's satisfaction that adequate supervision will be provided for all trainees.

Sec. RCW 18.35.110 and 1987 c 150 s 22 are each amended to read as follows:

In addition to causes specified under RCW 18.130.170 and 18.130.180, any person licensed under this chapter may be subject to disciplinary action by the board for any of the following causes:

(1) For unethical conduct in dealing in hearing aids. Unethical conduct shall include, but not be limited to:

(a) Using or causing or promoting the use of, in any advertising matter, promotional literature, testimonial, guarantee, warranty, label, brand, insignia, or any other representation, however disseminated or published, which is false, misleading or deceptive;

(b) Failing or refusing to honor or to perform as represented any representation, promise, agreement, or warranty in connection with the promotion, sale, dispensing, or fitting of the hearing aid;

(c) Advertising a particular model, type, or kind of hearing aid for sale which purchasers or prospective purchasers responding to the advertisement cannot purchase or are dissuaded from purchasing and where it is established that the purpose of the advertisement is to obtain prospects for the sale of a different model, type, or kind than that advertised;

(d) Falsifying hearing test or evaluation results;

(e) Whenever any of the following conditions are found or should have been found to exist either from observations by the licensee or on the basis of information furnished by the prospective hearing aid user prior to fitting and dispensing a hearing aid to any such prospective hearing aid user, failing to advise that prospective hearing aid user in writing that the user should first consult a licensed physician specializing in diseases of the ear or if no such licensed physician is available in the community then to any duly licensed physician:

(A) Visible congenital or traumatic deformity of the ear, including perforation of the eardrum;

(B) History of, or active drainage from the ear within the previous ninety days;

(C) History of sudden or rapidly progressive hearing loss within the previous ninety days;

(D) Acute or chronic dizziness;

(E) Any unilateral hearing loss;

(F) Significant air-bone gap when generally acceptable standards have been established as defined by the food and drug administration;

(G) Visible evidence of significant cerumen accumulation or a foreign body in the ear canal;

(H) Pain or discomfort in the ear; or

(I) Any other conditions that the board may by rule establish. It is a violation of this subsection for any licensee or that licensee's employees and putative agents upon making such required referral for medical opinion to in any manner whatsoever disparage or discourage a prospective hearing aid user from seeking such medical opinion prior to the fitting and dispensing of a hearing aid. No such referral for medical opinion need be made by any licensee in the instance of replacement only of a hearing aid which has been lost or damaged beyond repair within six months of the date of purchase. The licensee or the licensee's employees or putative agents shall obtain a signed statement from the hearing aid user documenting the waiver of medical clearance and the waiver shall inform the prospective user that signing the waiver is not in the user's best health interest: PROVIDED, That the licensee shall maintain a copy of either the physician's statement showing that the prospective hearing aid user has had a medical evaluation or the statement waiving medical evaluation, for a period of three years after the purchaser's receipt of a hearing aid. Nothing in this section required to be performed by a licensee shall mean that the licensee is engaged in the diagnosis of illness or the practice of medicine or any other activity prohibited under the laws of this state;
(ii) Fitting and dispensing a hearing aid to any person under eighteen years of age who has not been examined and cleared for hearing aid use within the previous six months by a physician specializing in otolaryngology except in the case of replacement instruments or except in the case of the parents or guardian of such person refusing, for good cause, to seek medical opinion: PROVIDED, That should the parents or guardian of such person refuse, for good cause, to seek medical opinion, the licensee shall obtain from such parents or guardian a certificate to that effect in a form as prescribed by the department;

(iii) Fitting and dispensing a hearing aid to any person under eighteen years of age who has not been examined by an audiologist who holds at least a master's degree in audiology for recommendations during the previous six months, without first advising such person or his or her parents or guardian in writing that he or she should first consult an audiologist who holds at least a master's degree in audiology, except in cases of hearing aids replaced within six months of their purchase;

(f) Representing that the services or advice of a person licensed to practice medicine and surgery under chapter 18.71 RCW or osteopathy and surgery under chapter 18.57 RCW or of a clinical audiologist will be used or made available in the selection, fitting, adjustment, maintenance, or repair of hearing aids when that is not true, or using the word "doctor," "clinic," or other like words, abbreviations, or symbols which tend to connote a medical or osteopathic profession when such use is not accurate;

(g) Permitting another to use his or her license;

(h) Stating or implying that the use of any hearing aid will restore normal hearing, preserve hearing, prevent or retard progression of a hearing impairment, or any other false, misleading, or medically or audiologically unsupportable claim regarding the efficiency of a hearing aid;

(i) Representing or implying that a hearing aid is or will be "custom-made," "made to order," "prescription made," or in any other sense specially fabricated for an individual when that is not the case; or

(j) Directly or indirectly offering, giving, permitting, or causing to be given, money or anything of value to any person who advised another in a professional capacity as an inducement to influence that person, or to have that person influence others to purchase or contract to purchase any product sold or offered for sale by the licensee, or to influence any person to refrain from dealing in the products of competitors.

(2) Engaging in any unfair or deceptive practice or unfair method of competition in trade within the meaning of RCW 19.86.020 (as now or hereafter amended).

(3) Aiding or abetting any violation of the rebating laws as stated in chapter 19.68 RCW.

Sec. RCW 18.35.140 and 1983 c 39 s 11 are each amended to read as follows:

The powers and duties of the department, in addition to the powers and duties provided under other sections of this chapter, are as follows:

(1) To purchase and maintain or rent audiometric equipment and facilities necessary to carry out the examination of applicants for license.

(2) To provide facilities necessary to carry out the examination of applicants for license.

(3) To require the periodic examination of the audiometric testing equipment and to carry out the periodic inspection of facilities of persons who deal in hearing aids, as reasonably required within the discretion of the department.

Sec. RCW 18.35.150 and 1989 c 198 s 7 are each amended to read as follows:

(1) There is created hereby the (council) board on fitting and dispensing of hearing aids. The (council) board shall consist of (seven) seven members to be appointed by the governor.

(2) Members of the (council) board shall be residents of this state. (Five) Two members shall represent the public. Two members shall be persons experienced in the fitting of hearing aids who shall hold valid licenses under this chapter and who do not have a masters level college degree in audiology. One advisory nonvoting member shall be a medical (doctor) or osteopathic physician specializing in diseases of the ear. (One member shall be a nondispensing audiologist. Two members shall represent the public.) Two members must be experienced in the fitting of hearing aids, must be licensed under this chapter, and shall have received at a minimum a masters level college degree in audiology.

(3) The term of office of a member is three years. No member shall be appointed to serve more than two consecutive terms. A member shall continue to serve until a successor has been appointed. The governor shall either reappoint the member or appoint a successor to assume the member's duties at the expiration of his or her predecessor's term. A vacancy in the office of a member shall be filled by appointment for the unexpired term.

(4) The (chairman) chair of the (council) board shall be elected from the membership of the (council) board at the beginning of each year. In event of a tie, the issue shall be brought to a second vote and the chair shall refrain from voting.

(5) The (council) board shall meet at least once each year, at a place, day and hour determined by the (council) board, unless otherwise directed by a majority of (council) board members. The (council) board shall also meet at such other times and places as are requested by the department or by three members of the (council) board.

(6) Members of the (council) board shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

Sec. RCW 18.35.161 and 1987 c 150 s 23 are each amended to read as follows:

The (council) board shall have the following powers and duties:

(1) To establish by rule such minimum standards and procedures in the fitting and dispensing of hearing aids as deemed appropriate and in the public interest;
(2) To develop guidelines on the training and supervision of trainees;
(3) To adopt any other rules (or regulations) necessary to implement this chapter and which are not inconsistent with it;
(4) To develop, approve, and administer all licensing examinations required by this chapter; and
(5) To require a licensee to make restitution to any individual injured by a violation of this chapter or chapter 18.130 RCW, the uniform disciplinary act. The authority to require restitution does not limit the (council's) board's authority to take other action deemed appropriate and provided for in this chapter or chapter 18.130 RCW.

Sec. RCW 18.35.170 and 1973 1st ex.s. c 106 s 17 are each amended to read as follows:
A member of the ((council)) board on fitting and dispensing of hearing aids shall not be permitted to take the examination provided under this chapter unless he or she has first satisfied the department that adequate precautions have been taken to assure that he or she does not and will not have any knowledge, not available to the members of the public at large, as to the contents of the examination.

Sec. RCW 18.35.185 and 1989 c 198 s 12 are each amended to read as follows:
(1) In addition to any other rights and remedies a purchaser may have, the purchaser of a hearing aid shall have the right to rescind the transaction for other than the ((seller's)) licensee's breach if:
(a) The purchaser, for reasonable cause, returns the hearing aid or holds it at the ((seller's)) licensee's disposal, if the hearing aid is in its original condition less normal wear and tear. "Reasonable cause" shall be defined by the ((council)) board but shall not include a mere change of mind on the part of the purchaser or a change of mind related to cosmetic concerns of the purchaser about wearing a hearing aid; and
(b) The purchaser sends notice of the cancellation ((to the licensee at the licensee's place of business)) by certified mail, return receipt requested, to the establishment employing the licensee at the time the hearing aid was originally purchased, and the notice is posted not later than thirty days following the date of delivery, but the purchaser and the ((seller)) licensee may extend the deadline for posting of the notice of rescission by mutual, written agreement. In the event the hearing aid is in the possession of the ((seller)) licensee or the ((seller's)) licensee's representative during the thirty days following the date of delivery, the deadline for posting the notice of rescission shall be extended by an equal number of days that the aid is in the possession of the ((seller)) licensee or the ((seller's)) licensee's representative. Where the hearing aid is returned to the ((seller)) licensee for any inspection for modification or repair, and the ((seller)) licensee has notified the purchaser that the hearing aid is available for redelivery, and where the purchaser has not responded by either taking possession of the hearing aid or instructing the ((seller)) licensee to forward it to the purchaser, then the deadline for giving notice of the rescission shall begin seven working days after this notice.
(2) If the transaction is rescinded under this section or as otherwise provided by law and the hearing aid is returned to the licensee, the licensee shall refund to the purchaser any payments or deposits for that hearing aid. However, the licensee may retain, for each hearing aid, fifteen percent of the total purchase price or one hundred dollars, whichever is less. The licensee shall also return any goods traded in contemplation of the sale, less any costs incurred by the licensee in making those goods ready for resale. The refund shall be made within ten days after the rescission. The buyer shall incur no additional liability for such rescission.
(3) For the purposes of this section, the purchaser shall have recourse against the bond held by the establishment entering into a purchase agreement with the buyer, as provided by RCW 18.35.240.

Sec. RCW 18.35.220 and 1987 c 150 s 25 are each amended to read as follows:
(1) If the ((council)) board determines following notice and hearing, or following notice if no hearing was timely requested, that a person has:
(a) Violated any provisions of this chapter or chapter 18.130 RCW; or
(b) Violated any lawful order, or rule of the ((council)) board
an order may be issued by the ((council)) board requiring the person to cease and desist from the unlawful practice. The ((council)) board shall then take affirmative action as is necessary to carry out the purposes of this chapter.
(2) If the ((council)) board makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, a temporary cease and desist order may be issued. Prior to issuing a temporary cease and desist order, the ((council)) board, whenever possible, shall give notice by telephone or otherwise of the proposal to issue a temporary cease and desist order to the person to whom the order would be directed. Every temporary cease and desist order shall include in its terms a provision that upon request a hearing will be held to determine whether the order becomes permanent.
(3) The department, with or without prior administrative proceedings, may bring an action in the superior court to enjoin the acts or practices and to enforce compliance with this chapter, or rule or order under this chapter. Upon proper showing, injunctive relief or temporary restraining orders shall be granted and a receiver or conservator may be appointed. The department shall not be required to post a bond in any court proceedings.

Sec. RCW 18.35.240 and 1991 c 3 s 85 are each amended to read as follows:
(1) Every establishment engaged in the fitting and dispensing of hearing aids shall file with the department a surety bond in the sum of ten thousand dollars, running to the state of Washington, for the benefit of any person injured or damaged as a
result of any violation by the establishment's employees or agents of any of the provisions of this chapter or rules adopted by the secretary.

(2) In lieu of the surety bond required by this section, the establishment may file with the department a cash deposit or other negotiable security acceptable to the department. All obligations and remedies relating to surety bonds shall apply to deposits and security filed in lieu of surety bonds.

(3) If a cash deposit is filed, the department shall deposit the funds with the state treasurer. The cash or other negotiable security deposited with the department shall be returned to the depositor one year after the establishment has discontinued the fitting and dispensing of hearing aids if no legal action has been instituted against the establishment, its agents or employees, or the cash deposit or other security. The establishment owners shall notify the department if the establishment is sold or has discontinued the fitting and dispensing of hearing aids in order that the cash deposit or other security may be released at the end of one year from that date.

(4) A surety may file with the department notice of withdrawal of the bond of the establishment. Upon filing a new bond, or upon the expiration of sixty days after the filing of notice of withdrawal by the surety, the liability of the former surety for all future acts of the establishment terminates.

(5) Upon the filing with the department notice by a surety of withdrawal of the surety on the bond of an establishment or upon the cancellation by the department of the bond of a surety under this section, the department shall immediately give notice to the establishment by certified or registered mail with return receipt requested addressed to the establishment's last place of business as filed with the department.

(6) The department shall immediately cancel the bond given by a surety company upon being advised that the surety company's license to transact business in this state has been revoked.

(7) Each invoice for the purchase of a hearing aid provided to a customer must clearly display on the first page the bond number of the establishment or the licensee selling the hearing aid.

NEW SECTION. Sec. A new section is added to chapter 18.35 RCW to read as follows:

(1) A person licensed under this chapter and not actively fitting and dispensing hearing aids may be placed on inactive status by the department at the written request of the licensee. The board shall define by rule the conditions for inactive status licensure. In addition to the requirements of RCW 43.24.086, the licensing fee for a licensee on inactive status shall be directly related to the costs of administering an inactive license by the department. A person on inactive status may be voluntarily placed on active status by notifying the department in writing, paying the remainder of the licensing fee for the licensing year, and complying with subsection (2) of this section.

(2) Inactive licensees applying for active licensure shall comply with the following: A licensee who has not fitted or dispensed hearing aids for more than five years from the expiration of the licensee's full fee license shall retake the practical examinations required under this chapter and shall have completed continuing education requirements within the previous twelve-month period. Persons who have been on inactive status from two to five years must have within the previous twelve months completed continuing education requirements. Persons who have been on inactive status for one year or less shall upon application be reinstated as active licensees. Persons who have inactive status in this state but who are actively licensed and in good standing in any other state shall not be required to meet continuing education requirements or to take the practical examinations, but must submit an affidavit attesting to their knowledge of the current Washington Administrative Code rules and Revised Code of Washington statutes pertaining to the fitting and dispensing of hearing aids. On page 7, after line 16, insert the following:

```
NEW SECTION. Sec. A new section is added to chapter 18.27 RCW to read as follows:
(1) By July 1, 1994, the department shall develop and implement a voluntary certificate of competency program for general and specialty contractors registered under this chapter.
(2) The department shall prepare appropriate examinations for general and specialty contractors' certificates of competency to be administered to eligible applicants. The examination must be constructed to determine:
   (a) Whether the applicant possesses varied general knowledge of the technical information and practical procedures identified with the construction trade; and
   (b) Whether the applicant is familiar with the applicable building codes, statutory requirements, and administrative rules pertaining to the construction trade.
(3)(a) An applicant for a contractor certificate of competency shall submit the required fee and, except as otherwise provided in subsection (4) of this section, an application to take the competency examination on the form and in the manner prescribed by the department. The applicant must be a registered contractor, and, except as otherwise provided in subsection (4) of this section, must provide written evidence that he or she has completed a course of study in the construction trade for general or specialty contractors, as appropriate, at a school or training program approved by the department. If the director determines that the applicant is eligible to take the examination, the director shall notify the applicant of the time and place of the examination. The director shall establish reasonable rules for the conduct of examinations.
   (b) The department shall certify the results of the examination and shall notify the applicant in writing whether he or she has passed or failed. An applicant who has failed the examination may retake the examination, on the terms and after a period of time determined by the department by rule. The number of times that an applicant may take the examination may not be limited.
(4) The department shall issue a certificate of competency to an applicant who has passed the examination and has paid all appropriate fees, or to a registered contractor engaged in a bona fide contracting business with at least two years of experience, who has paid all appropriate fees. The certificate must bear the date of issuance, and must expire on the birthdate of the holder immediately following the date of issuance. The certificate is renewable every other year, upon application and payment of a fee, on or before the holder's birthdate. A doubled fee shall be charged for failure to renew the certificate by the renewal date. A holder shall retake the examination and pay the examination fee if he or she fails to renew the certificate within ninety days of the renewal date in order to renew the certificate.
(5) The department shall establish certification fees that cover the full cost of processing applications for certification, developing and administering the examination, and issuing and renewing certification.
(6) The holder of a certificate of competency may verbally represent that he or she holds a certificate of competency and may include the information that he or she holds the certificate in documents, including but not limited to advertising, contracts, business cards, and signs. A making of a claim by a contractor that he or she holds a certificate of competency when such a certificate has not been lawfully issued to the contractor or is not in force under this chapter is an infraction and the contractor is subject to having his or her registration suspended for up to two years.
```

NEW SECTION. Sec. A new section is added to chapter 18.27 RCW to read as follows:
(1) There is created a state advisory committee of construction contractors, comprised of seven members appointed by the director. One member shall be from each of the following construction classifications: (a) Commercial/retail construction; (b) highway/industrial construction; (c) municipal/utility construction; (d) marine construction; (e) residential single-family

The director shall appoint or reappoint committee members to fill vacancies created by the completion of terms. In the case of a vacancy on the committee for any other reason, the director shall appoint a successor from the same construction classification to serve out the term of the person whose position has become vacant.

(3) It shall be the purpose and function of the committee to advise the department on all matters pertaining to the development, implementation, and enforcement of the voluntary certificate of competency program for general and specialty contractors registered under this chapter.

(4) Each member of the committee shall be reimbursed for travel expenses and paid special per diem rates in accordance with RCW 43.03.050 and 43.03.060 for each day such member is engaged in bona fide business of the advisory committee.

NEW SECTION. Sec. Sections 12 and 13 of this act shall take effect January 1, 1994.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1993
Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1644, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. RCW 29.36.120 and 1983 1st ex.s. c 71 s 1 are each amended to read as follows:

At any primary or election, general or special, the county auditor may, in any precinct having fewer than ((one)) two hundred registered voters at the time of closing of voter registration as provided in RCW 29.07.160, conduct the voting in that precinct by mail ballot. For any precinct having fewer than ((one)) two hundred registered voters where voting at a primary or a general election is conducted by mail ballot, the county auditor shall, not less than fifteen days prior to the date of that primary or general election, mail or deliver to each registered voter within that precinct a notice that the voting in that precinct will be by mail ballot, an application form for a mail ballot, and a postage prepaid envelope, preaddressed to the issuing officer. A mail ballot shall be issued to each voter who returns a properly executed application to the county auditor no later than the day of that primary or general election. Such application is valid for all subsequent mail ballot elections in that precinct so long as the voter remains qualified to vote.

(At any nonpartisan special election not being held in conjunction with a state primary or general election, the county, city, town, or district requesting the election pursuant to RCW 29.13.010 or 29.13.020 may also request that the election be conducted by mail ballot. The county auditor may honor the request or may determine that the election is not to be conducted by mail ballot. The decision of the county auditor in this regard is final.

In no instance shall any special election be conducted by mail ballot in any precinct with more than one hundred registered voters if candidates for partisan office are to be voted upon.)

For all special elections not being held in conjunction with a state primary or state general election where voting is conducted by mail ballot, the county auditor shall, not less than fifteen days prior to the date of such election, mail or deliver to each registered voter a mail ballot and an envelope, preaddressed to the issuing officer.

NEW SECTION. Sec. A new section is added to chapter 29.36 RCW to read as follows:

(1) At any nonpartisan special election not being held in conjunction with a state primary or general election, the county, city, town, or district requesting the election pursuant to RCW 29.13.010 or 29.13.020 may also request that the election be conducted by mail ballot. The county auditor may honor the request or may determine that the election is not to be conducted by mail ballot. The decision of the county auditor in this regard is final.

In no instance shall any special election be conducted by mail ballot in any precinct with two hundred or more registered voters if candidates for partisan office are to be voted upon.

(2) In an odd-numbered year, the county auditor may conduct by mail ballot a primary or a special election concurrently with the primary:

(a) For any office or ballot measure of a special purpose district which is entirely within the county;

(b) For any office or ballot measure of a special purpose district which lies in the county and one or more other counties if the auditor first secures the concurrence of the county auditors of those other counties to conduct the primary in this manner district-wide; and

(c) For any ballot measure or nonpartisan office of a county, city, or town if the auditor first secures the concurrence of the legislative authority of the county, city, or town involved.

A primary in an odd-numbered year may not be conducted by mail ballot in any precinct with two hundred or more registered voters if a partisan office or state office or state ballot measure is to be voted upon at that primary in the precinct.

(3) For all special elections not being held in conjunction with a state primary or state general election where voting is conducted by mail ballot, the county auditor shall, not less than fifteen days before the date of such election, mail or deliver to each registered voter a mail ballot and an envelope, preaddressed to the issuing officer. The county auditor shall notify an election jurisdiction for which a primary is to be held that the primary will be conducted by mail ballot.

(4) To the extent they are not inconsistent with subsections (1) through (3) of this section, the laws governing the conduct of mail ballot special elections apply to nonpartisan primaries conducted by mail ballot.

Sec. RCW 29.36.122 and 1983 1st ex.s. c 71 s 2 are each amended to read as follows:

For any special election conducted by mail, the county auditor shall send a mail ballot with a return identification envelope to each registered voter of the district in which the special election is being conducted not sooner than the twenty-fifth day before the date of the election and not later than the fifteenth day before the date of the election. The envelope in which the ballot is mailed (shall be clearly marked "Do Not Forward - Return to Sender - Return Postage Guaranteed") must clearly indicate that the ballot is not to be forwarded and is to be returned to the sender with return postage guaranteed.

Sec. RCW 29.36.126 and 1983 1st ex.s. c 71 s 4 are each amended to read as follows:

Upon receipt of the mail ballot, the voter shall mark it, sign the return identification envelope supplied with the ballot, and comply with the instructions provided with the ballot. The voter may return the marked ballot to the county auditor ((by United States mail or to any other place of deposit designated by the county auditor)). The ballot must be returned in the return identification envelope. If mailed, a ballot must be postmarked not later than the date of the election. Otherwise, the ballot must
be deposited at the office of the county auditor or the designated place of deposit not later than 8:00 p.m. on the date of the election.

Sec. RCW 29.36.130 and 1990 c 59 s 76 are each amended to read as follows:

All mail ballots authorized by RCW 29.36.120 or section 2 of this act shall contain the same offices, names of candidates, and propositions to be voted upon, including precinct offices, as if the ballot had been voted in person at the polling place. Except as otherwise provided in (RCW 29.36.122 through 29.36.126 and 29.36.130, such)) this chapter, mail ballots shall be issued and canvassed in the same manner as absentee ballots issued pursuant to the request of the voter. The county canvassing board, at the request of the county auditor, may direct that mail ballots be counted on the day of the election. If such count is made, it must be done in secrecy in the presence of (at least three election officials) the canvassing board or their authorized representatives and the results not revealed to any unauthorized person until ((the polls have closed)) 8:00 p.m. or later if the auditor so directs. If electronic vote tallying devices are used, political party observers shall be afforded the opportunity to be present, and a test of the equipment must be performed as required by RCW 29.33.350 prior to the count of ballots. Political party observers (shall be allowed to count by hand ballots from up to ten precincts selected by the observers)) may select at random ballots to be counted manually as provided by RCW 29.54.025. Any violation of the secrecy of such count shall be subject to the same penalties as provided for in RCW 29.85.225.

Sec. RCW 29.36.139 and 1983 1st ex.s. c 71 s 6 are each amended to read as follows:

(1) A mail ballot shall be counted only if it is returned in the return identification envelope, if the envelope is signed by the registered voter to whom the ballot is issued, and if the signature is verified as provided in this subsection. The county auditor shall verify the signature of each voter on the return identification envelope with the signature on the voter's registration record. (If the county auditor determines that a registered voter to whom a replacement ballot has been issued has voted more than once, the county auditor shall not count any ballot cast by that voter. The county auditor must notify both the county prosecuting attorney and the state attorney general of every instance in which a voter has voted more than once.) A person who votes or attempts to vote more than once in a mail ballot election is subject to the penalties provided in chapter 29.85 RCW.

(2) Any mail ballot may be challenged in the same manner as an absentee ballot.

Sec. RCW 29.36.150 and 1987 c 346 s 19 are each amended to read as follows:

The secretary of state shall adopt rules (not inconsistent with the provisions of this chapter)) to:

(1) Establish standards and procedures to prevent fraud and to facilitate the accurate processing and canvassing of absentee ballots and mail ballots;
(2) Establish standards and procedures to guarantee the secrecy of absentee ballots and mail ballots;
(3) Provide uniformity among the counties of the state in the conduct of absentee voting and mail ballot elections; and
(4) Facilitate the operation of the provisions of this chapter regarding out-of-state voters, overseas voters, and service voters.

The secretary of state shall produce and furnish envelopes and instructions for out-of-state voters, overseas voters, and service voters to the county auditors.

Sec. RCW 29.10.180 and 1991 c 363 s 31 are each amended to read as follows:

(1) The county auditor may enter one or more contracts with the United States postal service, or its licensee, which permit the auditor to use postal service change-of-address information. If the auditor finds that information received under such a contract gives the appearance that a voter has changed his or her residence address, the auditor shall notify the voter concerning the requirements of state and federal laws governing voter registration and residence.

(2) Whenever any vote-by-mail ballot, notification to voters following reprecincting of the county, notification to voters of selection to serve on jury duty, notification under subsection (1) of this section, or initial voter identification card is returned by the postal service as undeliverable, the county auditor shall, in every instance, inquire into the validity of the registration of that voter.

(3) The county auditor shall initiate his or her inquiry by sending, by first-class mail, a written notice to the challenged voter at the address indicated on the voter's permanent registration record and to any other address at which the county auditor could reasonably expect mail to be received by the voter. The county auditor shall not request any restriction on the forwarding of such notice by the postal service. The notice shall contain the nature of the inquiry and provide a suitable form for reply. The notice shall also contain a warning that the county auditor must receive a response within ninety days from the date of mailing the notice of inquiry in a case resulting from a returned vote-by-mail ballot or forty-five days from the date of mailing in all other cases or the individual's voter registration will be canceled.

(4) The voter, in person or in writing, may state that the information on the permanent voter registration record is correct or may request a change in the address information on the permanent registration record no later than the ninetieth day or forty-fifth day, as appropriate, after the date of mailing the inquiry.

(5) Upon the timely receipt of a response signed by the voter, the county auditor shall consider the inquiry satisfied and will make any address corrections requested by the voter on the permanent registration record. The county auditor shall cancel the registration of a voter who fails to respond to the notice of inquiry within ninety days after the date of mailing the notice in a case resulting from a returned vote-by-mail ballot, or, in all other cases, within forty-five days after the date of mailing.
(6) The county auditor shall notify any voter whose registration has been canceled by sending, by first class mail, a written notice to the address indicated on the voter's permanent registration record and to any other address to which the original inquiry was sent. Upon receipt of a satisfactory voter response, the auditor shall reinstate the voter.

(7) A voter whose registration has been canceled under this section and who offers to vote at the next ensuing election shall be issued a questioned ballot. Upon receipt of such a questioned ballot the auditor shall investigate the circumstances surrounding the original cancellation. If he or she determines that the cancellation was in error, the voter's registration shall be immediately reinstated, and the voter's questioned ballot shall be counted. If the original cancellation was not in error, the voter shall be afforded the opportunity to reregister at his or her correct address, and the voter's questioned ballot shall not be counted.

NEW SECTION. Sec. A new section is added to chapter 10.64 RCW to read as follows:

Within fourteen days of the entry of a judgment of conviction of an individual for an infamous crime, the clerk of the court shall send a notice of the conviction including the full name of the defendant and his or her residential address to the county auditor or custodian of voting records in the county of the defendant's residence.

NEW SECTION. Sec. A new section is added to chapter 29.10 RCW to read as follows:

Upon receiving notice under section 9 of this act, if the convicted person is a registered voter in the county, the county auditor or custodian of voting records shall strike the name of the defendant from the roll of registered voters.

POINT OF ORDER

Representative Anderson: Mr. Speaker, I would like a ruling on scope and object of the amendment to House Bill No. 1644.

SPEAKER'S RULING

Representative Anderson has raised a point of order to the scope and object of the Senate amendment to House Bill No. 1644. In ruling on the point of order, the Speaker finds that House Bill No. 1644 is a measure which relates solely to voting by mail.

The Senate amendment includes a provision relating to canceling the voter registration of certain convicted felons. The Speaker therefore finds that the Senate amendment does change the scope and object of the bill and the point of order is well taken.

MOTION

Representative Anderson moved that the House do not concur in the Senate amendment to House Bill No. 1644 and ask the Senate to recede therefrom. The motion was carried.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1993

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1648 with the following amendment:

On page 2, after line 21, insert the following:

"Sec. RCW 29.13.047 and 1985 c 45 s 2 are each amended to read as follows:

(1) Whenever state officers or measures are voted upon at a state primary or general election held in an odd-numbered year under RCW 29.13.010, the state of Washington shall assume a prorated share of the costs of that state primary or general election.

(2) Whenever a primary or vacancy election is held to fill a vacancy in the position of United States senator or United States representative under chapter 29.68 RCW, the state of Washington shall assume a prorated share of the costs of that primary or vacancy election."
Whenever a presidential preference primary election is held under chapter 29.19 RCW, the state of Washington shall assume all costs of holding the election if it is held alone. If any other election or elections are held at the same time, the state is liable only for its prorated share.

The county auditor shall apportion the state's share of these expenses when prorating election costs under RCW 29.13.045 and shall file such expense claims with the secretary of state.

The secretary of state shall include in his or her biennial budget requests sufficient funds to carry out this section. Reimbursements for election costs shall be from appropriations specifically provided by law for that purpose.

Sec. 29.19.050 and 1989 c 4 s 5 are each amended to read as follows:

Insofar as is practicable, and where the provisions of this chapter do not specifically indicate otherwise, the presidential preference primary shall be conducted in the same manner as a state partisan primary, including the certification of the election returns by the secretary of state. The requirement of rotation of names on the ballot does not apply to the candidates listed on the presidential preference primary ballot. County auditors may combine and consolidate two or more precincts for the purpose of conducting the presidential preference primary only if precinct vote totals for the primary can still be made available and the consolidation does not require a voter to go to a location different from that of the last regular election.

Each person desiring to vote in the presidential preference primary shall (receive a ballot request form on which the voter shall sign his or her name and address and declare) orally request the ballot for the party primary in which he or she wishes to participate. No record may be made of which party's ballot a voter receives and no voter may receive more than one ballot.

The signed ballot request forms shall be maintained in the centralized containers by the county auditor for a period of time as specified by rule of the secretary of state, after which time they shall be destroyed, unless otherwise directed by federal law.

At a presidential preference primary, a voter may cast no more than one vote on a ballot. Any presidential preference primary ballot with more than one vote is void, and notice to this effect, couched in clear, simple language, and printed in large type, shall appear on the face of each presidential preference primary ballot. Where voting machines or electronic voting devices are in use, the notice shall be displayed on or about each machine or device.”

On page 1, line 1 of the title, after “29.07.160” insert “, 29.13.047, and 29.19.050” and the same are herewith transmitted.

Brad Hendrickson, Deputy Secretary

POINT OF ORDER

Representative Anderson: Mr. Speaker, I would request ruling on scope and object of the Senate amendment to House Bill No. 1648.

SPEAKER’S RULING

Representative Anderson has raised a point of order to the scope and object of the Senate amendment to House Bill No. 1648. In ruling on the point of order, the Speaker finds that House Bill No. 1648 is a measure which relates to voter registration periods.

The Senate amendment relates to the costs and procedures of presidential preference primary elections. The Speaker therefore finds that the Senate amendment does change the scope and object of the bill and the point of order is well taken.

MOTION

Representative Anderson moved that the House do not concur in the Senate amendment to House Bill No. 1648 and ask the Senate to recede therefrom.

Representative Carlson spoke against the motion.

The motion not to concur was carried.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1993

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1372, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. The legislature finds that many of the systems currently in place for assuring accountability in state government programs are not operated comprehensively, do not take advantage of modern management techniques, and do not contribute adequately to the optimum use of scarce resources. Critical variables that are not always taken into account include whether stated goals and objectives are being achieved, and whether desired results are being accomplished."
Agency executives need more accurate information for setting policy, determining whether new or existing programs are effective, and improving internal controls for agency management. These needs must be met at all levels of operation, and must be clearly communicated to the legislature and all interested parties.

Ensuring accountability in government involves a long-term commitment to policy planning, quality management, and results-oriented evaluation. It is the intent of this act to facilitate program evaluations and performance audits of selected state agencies and programs through the coordinated resources of the executive and legislative branches of state government.

Sec. RCW 43.88.020 and 1991 c 358 s 6 are each amended to read as follows:

(6) "Regulations" means the policies, standards, and requirements, stated in writing, designed to carry out the purposes of this chapter, as issued by the governor or the governor's designated agent, and which shall have the force and effect of law.

(9) "Revolving fund" means a fund in the state treasury, established by law, from which is paid the cost of goods or services furnished to or by a state agency, and which is replenished through charges made for such goods or services or through transfers from other accounts or funds.

(10) "Trust fund" means a fund in the state treasury in which designated persons or classes of persons have a vested beneficial interest or equitable ownership, or which was created or established by a gift, grant, contribution, devise, or bequest that limits the use of the fund to designated objects or purposes.

(16) "Primary budget driver" means the primary determinant of a budget level, other than a price variable, which causes or is associated with the major expenditure of an agency or budget unit within an agency, such as a caseload, enrollment, workload, or population statistic.

(17) "Stabilization account" means the budget stabilization account created under RCW 43.88.525 as an account in the general fund of the state treasury.

The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

(2) ((Estimates from each agency shall include goals and objectives for each program administered by the agency. The goals and objectives shall, whenever possible, be stated in terms of objective measurable results.)) For the purpose of assessing program performance, each state agency shall establish results-oriented goals and objectives, and develop success measures based on these goals and objectives, for each major program in its budget. Each agency shall express the success measures in an objective, quantifiable, and measurable form unless permitted by the office of financial management to adopt a different standard. The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110.

Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Sec. 43.88.160 and 1992 c 118 s 8 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The
accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:
(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency which will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.
Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal controls following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(d) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(e) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(f) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

(g) Adopt rules to effectuate provisions contained in (a) through ((e)(i)) (f) of this subsection.

(5) The treasurer shall:
(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;
(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;
(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;
(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such
individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head’s designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:
   (a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor’s discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.
   (b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.
   (c) Make the auditor’s official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include ((at least the following:)) determinations as to whether agencies, in making expenditures, complied with the laws of this state(((PROVIDED, That nothing in this section may be construed to grant)), The state auditor ((the right)) is authorized to perform or participate in performance audits only as expressly authorized by the legislature in the omnibus biennial appropriations acts. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. ((The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.)) The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW, may report to the legislative budget committee or other appropriate committees of the legislature, in a manner prescribed by the legislative budget committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit: PROVIDED, That the auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts.
   (d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency’s financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.
   (e) Promptly report any irregularities to the attorney general.
   (f) Investigate improper governmental activity under chapter 42.40 RCW.
   (7) The legislative budget committee may:
   (a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as well as performance audits and program evaluations. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.
   (b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.
   (c) Make a report to the legislature which shall include at least the following:
      (i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and
      (ii) Such plans as it deems expedient for the support of the state’s credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION. Sec. A new section is added to chapter 44.28 RCW to read as follows:
(1) In conducting program evaluations as defined in RCW 43.88.020, the legislative budget committee shall establish a biennial work plan that identifies state agency programs for which formal evaluation appears necessary. Among the factors to be considered in preparing the work plan are:
   (a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;
   (b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree.
(2) The project description for each program evaluation shall include start and completion dates, the proposed research approach, and cost estimates.

(3) The overall plan may include proposals to employ contract evaluators. As conditions warrant, the program evaluation work plan may be amended from time to time. All biennial work plans shall be transmitted to the appropriate fiscal and policy committees of the senate and the house of representatives.

**Sec.** RCW 44.28.085 and 1975 1st ex.s. c 293 s 15 are each amended to read as follows:

The legislative budget committee shall make management surveys and program reviews as to every public body, officer or employee subject to the provisions of RCW 43.09.290 through 43.09.340. The legislative budget committee may also make management surveys and program reviews of local school districts, intermediate school districts, and other units of local government receiving state funds as grants-in-aid or as shared revenues. Management surveys for the purposes of this section shall be an independent examination for the purpose of providing the legislature with an evaluation and report of the manner in which any public agency, officer, administrator, or employee has discharged the responsibility to faithfully, efficiently, and effectively administer any legislative purpose of the state. Program reviews for the purpose of this section shall be an examination of state or local government programs to ascertain whether or not such programs continue to serve their intended purposes, are conducted in an efficient and effective manner, or require modification or elimination: PROVIDED, That nothing in this section shall limit the power or duty of the state auditor to report to the legislature as directed by ((subsection (3) of)) RCW 43.88.160 ((as now or hereafter amended. The authority in this section conferred excludes a like authority in the state auditor)).

The legislative budget committee shall receive a copy of each report of examination issued by the state auditor under RCW 43.09.310, shall review all such reports, and shall make such recommendations to the legislature and to the state auditor as it deems appropriate."

On page 1, line 1 of the title, after "government;" strike the remainder of the title and insert "amending RCW 43.88.020, 43.88.090, 43.88.160, and 44.28.085; adding a new section to chapter 44.28 RCW; and creating a new section."

Any institution of higher education that chooses to exercise independent purchasing authority for a commodity or group of commodities shall notify the director of general administration. (4) Have authority to delegate to state agencies authorization to purchase or sell, which authorization shall specify restrictions as to dollar amount or to specific types of material, equipment, services, and supplies: PROVIDED, That acceptance of the purchasing authorization by a state agency does not relieve such agency from conformance with other sections of RCW 43.19.190 through 43.19.1939, (as now or hereafter amended) or from policies established by the director after consultation with the state supply management advisory board: PROVIDED FURTHER, That delegation of such authorization to a state agency, including an educational institution to which this section applies; to purchase or sell material, equipment, services, and supplies shall not be granted, or otherwise continued under a previous authorization, if such agency is not in substantial compliance with overall state purchasing and material control policies as established herein;

Sec.  RCW 43.19.1906 and 1992 c 85 s 1 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under section 101 of this act. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies(s), including purchases of specialized equipment, instructional, and research equipment and materials by colleges and universities, if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from enough vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes on a standard state form approved by the forms management center under the provisions of RCW 43.19.510. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars with the approval of at least ten of the members of the state supply management advisory board, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital ((service)) group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding fifteen thousand dollars (that are funded by research grant or contract funds, or other non-state appropriated funds): PROVIDED, That for purchases between two thousand five hundred dollars and fifteen thousand dollars quotations shall be secured from enough vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. A record of competition for all such purchases made from two thousand five hundred to fifteen thousand dollars shall be documented for audit purposes;

(8) Beginning on July 1, (1989) 1995, and on July 1 of each succeeding odd-numbered year, the (five thousand) dollar limits specified in (subsection (2) of) this section shall be adjusted as follows: The office of financial management shall calculate such limit by adjusting the previous biennium's limit by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec.  RCW 43.78.030 and 1988 c 102 s 1 are each amended to read as follows:
The public printer shall print and bind the session laws, the journals of the two houses of the legislature, all bills, resolutions, documents, and other printing and binding of either the senate or house, as the same may be ordered by the legislature; and such forms, blanks, record books, and printing and binding of every description as may be ordered by all state officers, boards, commissions, and institutions, and the supreme court, and the court of appeals and officers thereof, as the same may be ordered on requisition, from time to time, by the proper authorities. This section shall not apply to the printing of the supreme court and the court of appeals reports, (((or)) or to the printing of bond certificates or bond offering disclosure documents, or to any printing done or contracted for by institutions of higher education: PROVIDED, That institutions of higher education, in consultation with the public printer, develop vendor selection procedures comparable to those used by the public printer for contracted printing jobs. Where any institution or institution of higher learning of the state is or may become equipped with facilities for doing such work, it may do any printing: (1) For itself, or (2) for any other state institution when such printing is done as part of a course of study relative to the profession of printer. Any printing and binding of whatever description as may be needed by any ("institution of higher learning") institution or agency of the state department of social and health services not at Olympia, or the supreme court or the court of appeals or any officer thereof, the estimated cost of which shall not exceed one thousand dollars, may be done by any private printing company in the general vicinity within the state of Washington so ordering, if in the judgment of the officer of the agency so ordering, the saving in time and processing justifies the award to such local private printing concern. (Further, where any printing or binding needed by an institution of higher education is to be paid for from research grant or contract funds, short course revenues, or other nonstate appropriated funding source, such printing or binding may be done by any private printing company in the state of Washington, irrespective of the dollar limit specified in this section, when in the judgment of the officer of the institution so ordering, the saving in time or cost justifies the award to such local private printing concern.)

Such amounts shall be rounded to the nearest fifty dollars.

("The public printer shall notify day training centers, group training homes, and sheltered workshops of the opportunity to bid on the provision of such work or supplies under this section.") In event any work or supplies are secured on behalf of the state under this section the state printing plant shall be entitled to add up to five percent to the cost thereof to cover the handling of the orders which shall be added to the bills and charged to the respective authorities ordering the work or supplies. With respect to building, improvements, or repairs, or other work, where the estimated cost exceeds ("fifteen") twenty-five thousand dollars, complete plans and specifications for such work shall be prepared ("and such work shall be prepared") and such work shall be put out for public bids and the contract shall be awarded to the lowest responsible bidder if in accordance with the bid specifications: PROVIDED, That when such building, construction, renovation, remodeling, or demolition involves one trade or craft area and the estimated cost exceeds ten thousand dollars, complete plans and specifications for such work shall be prepared and such work shall be put out for public bids, and the contract shall be awarded to the lowest responsible bidder if in accordance with the bid specifications. This subsection shall not
apply when a contract is awarded by the small works procedure authorized in RCW 39.04.150: PROVIDED FURTHER, That any project regardless of dollar amount may be put to public bid.

Where the estimated cost to any college of any building, improvements, or repairs, or other work, is less than ((five)) twenty-five thousand dollars, the publication requirements of RCW 39.04.020 ((and 39.04.020)) shall be inapplicable.

Sec. 28B.10.350 and 1985 c 152 s 1 are each amended to read as follows:

(1) When the cost to The Evergreen State College, any regional university, or state university, of any building, construction, renovation, remodeling, or demolition other than maintenance or repairs will equal or exceed the sum of twenty-five thousand dollars, complete plans and specifications for such work shall be prepared and such work shall be put out for public bids and the contract shall be awarded to the lowest responsible bidder if in accordance with the bid specifications: PROVIDED, That when the estimated cost of such building, construction, renovation, remodeling, or demolition equals or exceeds the sum of twenty-five thousand dollars, such project shall be deemed a public works and "the prevailing rate of wage," under chapter 39.12 RCW shall be applicable thereto: PROVIDED FURTHER, That when such building, construction, renovation, remodeling, or demolition involves one trade or craft area and the estimated cost exceeds ten thousand dollars, complete plans and specifications for such work shall be prepared and such work shall be put out for public bids, and the contract shall be awarded to the lowest responsible bidder if in accordance with the bid specifications. This subsection shall not apply when a contract is awarded by the small works procedure authorized in RCW 28B.10.355.

(2) The Evergreen State College, any regional university, or state university may require a project to be put to public bid even when it is not required to do so under subsection (1) of this section.

(3) Where the estimated cost to The Evergreen State College, any regional university, or state university of any building, construction, renovation, remodeling, or demolition is less than twenty-five thousand dollars or the contract is awarded by the small works procedure authorized in RCW 28B.10.355, the publication requirements of RCW 39.04.020 ((and 39.04.020)) shall be inapplicable.

(4) In the event of any emergency when the public interest or property of The Evergreen State College, regional university, or state university would suffer material injury or damage by delay, the president of such college or university may declare the existence of such an emergency and reciting the facts constituting the same may waive the requirements of this section with reference to any contract in order to correct the condition causing the emergency: PROVIDED, That an "emergency," for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of such college or university in the absence of prompt remedial action or a condition which immediately impairs the institution's ability to perform its educational obligations.

Sec. 28B.10.355 and 1985 c 152 s 2 are each amended to read as follows:

Each board of regents of the state universities and each board of trustees of the regional universities and The Evergreen State College may establish a small works roster. The small works roster authorized by this section may be used for any public works project for which the estimated cost is less than ((five)) one hundred thousand dollars. Each board shall adopt rules to implement this section.

The roster shall be composed of all responsible contractors who have requested to be on the list. Each board shall establish a procedure for securing telephone or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. This procedure shall require either that a good faith effort be made to request quotations from all contractors on the small works roster who have indicated the capability of performing the kind of public works being contracted or that the board shall solicit quotations from at least five contractors in a manner that will equitably distribute the opportunity among contractors on the roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection and available by telephone inquiry. Each board may adopt a procedure to prequalify contractors for inclusion on the small works roster. No board may be required to make available for public inspection or copying under chapter 42.17 RCW financial information required to be provided by the prequalification procedure.

The small works roster shall be revised at least once each year by publishing notice of such opportunity in at least one newspaper of general circulation in the state. Responsible contractors shall be added to the list at any time they submit a written request.

Sec. 39.04.020 and 1986 c 282 s 2 are each amended to read as follows:

Whenever the state((s)) or any municipality shall determine that any public work is necessary to be done, it shall cause plans, specifications, or both thereof and an estimate of the cost of such work to be made and filed in the office of the director, supervisor, commissioner, trustee, board, or agency having by law the authority to require such work to be done. The plans, specifications, and estimates of cost shall be approved by the director, supervisor, commissioner, trustee, board, or agency and the original draft or a certified copy filed in such office before further action is taken.

If the state((s)) or such municipality shall determine that it is necessary or advisable that such work shall be executed by any means or method other than by contract or by a small works roster process, and it shall appear by such estimate that the probable cost of executing such work will exceed the sum of fifteen thousand dollars or the amounts specified in RCW 28B.10.350 or 28B.10.355 for colleges and universities, or the amounts specified in RCW 28B.50.330 or 39.04.150 for community colleges and technical colleges, then the state or such municipality shall at least fifteen days before beginning work cause such estimate, together with a description of the work, to be published at least once in a legal newspaper of general
circulation published in or as near as possible to that part of the county in which such work is to be done: PROVIDED, That when any emergency shall require the immediate execution of such public work, upon a finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work.

Sec. 39.04.150 and 1988 c 36 s 12 are each amended to read as follows:
(1) As used in this section, “agency” means the department of general administration, the department of fisheries, the department of wildlife, and the state parks and recreation commission.
(2) In addition to any other power or authority that an agency may have, each agency, alone or in concert, may establish a small works roster consisting of all qualified contractors who have requested to be included on the roster.
(3) The small works roster may make distinctions between contractors based on the geographic areas served and the nature of the work the contractor is qualified to perform. At least once every year, the agency shall advertise in a newspaper of general circulation the existence of the small works roster and shall add to the roster those contractors who request to be included on the roster.
(4) Construction, repair, or alteration projects estimated to cost less than fifty thousand dollars, or less than one hundred thousand dollars for projects managed by the department of general administration for community colleges and technical colleges, as defined under chapter 28B.50 RCW, are exempt from the requirement that the contracts be awarded after advertisement and competitive bid as defined by RCW 39.04.010. In lieu of advertisement and competitive bid, the agency shall solicit at least five quotations, confirmed in writing, from contractors chosen by random number generated by computer from the contractors on the small works roster for the category of job type involved and shall award the work to the party with the lowest quotation or reject all quotations. If the agency is unable to solicit quotations from five qualified contractors on the small works roster for a particular project, then the project shall be advertised and competitively bid. The agency shall solicit quotations randomly from contractors on the small works roster in a manner which will equitably distribute the opportunity for these contracts among contractors on the roster: PROVIDED, That whenever possible, the agency shall invite at least one proposal from a minority contractor who shall otherwise qualify to perform such work. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone request.
(5) The breaking down of any public work or improvement into units or accomplishing any public work or improvement by phases for the purpose of avoiding the minimum dollar amount for bidding is contrary to public policy and is prohibited.
(6) The director of general administration shall adopt by rule a procedure to prequalify contractors for inclusion on the small works roster. Each agency shall follow the procedure adopted by the director of general administration. No agency shall be required to make available for public inspection or copying under chapter 42.17 RCW financial information required to be provided by the prequalification procedure.
(7) An agency may adopt by rule procedures to implement this section which shall not be inconsistent with the procedures adopted by the director of the department of general administration pursuant to subsection (6) of this section.

(1) It shall be the duty of the commission, in order to prevent or minimize interruptions growing out of labor disputes, to assist employers and employees to settle such disputes through mediation and fact-finding.
(2) The commission, through the director, may proffer its services in any labor dispute ((involving a political subdivision, municipal corporation, or the community college system of the state)) arising under a collective bargaining statute administered by the commission, either upon its own motion or upon the request of one or more of the parties to the dispute, whenever in its judgment such dispute threatens to cause a substantial disruption to the public welfare.
(3) If the director is not able to bring the parties to agreement by mediation within a reasonable time, the director shall seek to induce the parties to voluntarily seek other means of settling the dispute without resort to strike or other coercion, including submission to the employees in the bargaining unit of the employer's last offer of settlement for approval or rejection in a secret ballot. The failure or refusal of either party to agree to any procedure suggested by the director shall not be deemed a violation of any duty or obligation imposed by this chapter.
(4) Final adjustment by a method agreed upon by the parties is declared to be the desirable method for settlement of grievance disputes arising over the application or interpretation of an existing collective bargaining agreement. The commission is directed to make its mediation and fact-finding services available in the settlement of such grievance disputes only as a last resort.
NEW SECTION. Sec. A new section is added to chapter 41.56 RCW to read as follows:

(1) At any time after July 1, 1993, an institution of higher education and the exclusive bargaining representative of a bargaining unit of employees classified under chapter 28B.16 or 41.06 RCW as appropriate may exercise their option to have their relationship and corresponding obligations governed entirely by the provisions of this chapter by complying with the following:

   (a) The parties will file notice of the parties' intent to so govern, subject to the mutual adoption of a collective bargaining agreement permitted by this section recognizing the notice of intent. The parties shall provide the notice to the higher education personnel board or its successor and the commission;

   (b) During the negotiation of an initial contract between the parties under this chapter, the parties' scope of bargaining shall be governed by this chapter and any disputes arising out of the collective bargaining rights and obligations under this subsection shall be determined by the commission. If the commission finds that the parties are at impasse, the notice filed under (a) of this subsection shall be void and have no effect; and

   (c) On the first day of the month following the month during which the institution of higher education and the exclusive bargaining representative provide notice to the higher education personnel board or its successor and the commission that they have executed an initial collective bargaining agreement recognizing the notice of intent filed under (a) of this subsection, chapter 28B.16 or 41.06 RCW as appropriate shall cease to apply to all employees in the bargaining unit covered by the agreement.

(2) All collective bargaining rights and obligations concerning relations between an institution of higher education and the exclusive bargaining representative of its employees who have agreed to exercise the option permitted by this section shall be determined under this chapter, subject to the following:

   (a) The commission shall recognize, in its current form, the bargaining unit as certified by the higher education personnel board or its successor and the limitations on collective bargaining contained in RCW 41.56.100 shall not apply to that bargaining unit.

   (b) If, on the date of filing the notice under subsection (1)(a) of this section, there is a union shop authorized for the bargaining unit under rules adopted by the higher education personnel board or its successor, the union shop requirement shall continue in effect for the bargaining unit and shall be deemed incorporated into the collective bargaining agreement applicable to the bargaining unit.

   (c) Salary increases negotiated for the employees in the bargaining unit shall be subject to the following:

      (i) Salary increases shall continue to be appropriated by the legislature. The exclusive bargaining representative shall meet before a legislative session with the governor or governor's designee and the representative of the institution of higher education concerning the total dollar amount for salary increases and health care contributions that will be contained in the appropriations proposed by the governor under RCW 43.88.060;

      (ii) The collective bargaining agreements may provide for salary increases from local efficiency savings that are different from or that exceed the amount or percentage for salary increases provided by the legislature in the omnibus appropriations act for the institution of higher education or allocated to the board of trustees by the state board for community and technical colleges, but the base for salary increases provided by the legislature under (c)(i) of this subsection shall include only those amounts appropriated by the legislature, and the base shall not include any additional salary increases provided under this subsection (2)(c)(ii);

      (iii) Any provisions of the collective bargaining agreements pertaining to salary increases provided under (c)(i) of this subsection shall be subject to modification by the legislature. If any provision of a salary increase provided under (c)(i) of this subsection is changed by subsequent modification of the appropriations act by the legislature, both parties shall immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the modified provision.

(3) Nothing in this section may be construed to permit an institution of higher education to bargain collectively with an exclusive bargaining representative concerning any matter covered by: (a) Chapter 41.05 RCW, except for the related cost or dollar contributions or additional or supplemental benefits as permitted by chapter ... (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993; or (b) chapter 41.32 or 41.40 RCW.

Sec. RCW 28B.16.040 and 1990 c 60 s 201 are each amended to read as follows:

The following classifications, positions, and employees of institutions of higher education and related boards are hereby exempted from coverage of this chapter:

(1) Members of the governing board of each institution and related boards, all presidents, vice presidents and their confidential secretaries, administrative and personal assistants; deans, directors, and (chairperson) chairpersons; academic personnel; and executive heads of major administrative or academic divisions employed by institutions of higher education; principal assistants to executive heads of major administrative or academic divisions; other managerial or professional employees in an institution or related board having substantial responsibility for directing or controlling program operations and accountable for allocation of resources and program results, or for the formulation of institutional policy, or for carrying out personnel administration or labor relations functions, legislative relations, public information, development, senior computer systems and network programming, or internal audits and investigations; and any employee of a community college district whose place of work is one which is physically located outside the state of Washington and who is employed pursuant to RCW 28B.50.092 and assigned to an educational program operating outside of the state of Washington.

(2) Student, part time, or temporary employees, and part time professional consultants, as defined by the higher education personnel board, employed by institutions of higher education and related boards.
(3) The director, his confidential secretary, assistant directors, and professional education employees of the state board for community and technical colleges shall have the right of reversion to the highest class of position previously held, or to a position of similar nature and salary.

A person occupying an exempt position who is terminated from the position for gross misconduct or malfeasance does not have the right of reversion to a classified position as provided for in this section.

Sec. RCW 28B.16.200 and 1979 c 151 s 18 are each amended to read as follows:

(1) There is hereby created a fund within the state treasury, designated as the "higher education personnel board service fund," to be used by the board as a revolving fund for the payment of salaries, wages, and operations required for the administration of the provisions of this chapter, the budget for which shall be subject to review and approval and appropriation by the legislature. Subject to the requirements of subsection (2) of this section, an amount not to exceed one-half of one percent of the salaries and wages for all positions in the classified service shall be contributed from the operations appropriations of each institution and the state board for community and technical colleges and credited to the higher education personnel board service fund as such allotments are approved pursuant to chapter 43.88 RCW. Subject to the above limitations, such amount shall be charged against the allotments pro rata, at a rate to be fixed by the director of financial management from time to time, which will provide the board with funds to meet its anticipated expenditures during the allotment period.

(2) If employees cease to be classified under this chapter pursuant to an agreement authorized by section 304 of this act, each institution of higher education and the state board for community and technical colleges shall continue, for six months after the effective date of the agreement, to make contributions to the higher education personnel board service fund based on employee salaries and wages that includes the employees under the agreement. At the expiration of the six-month period, the director of financial management shall make across-the-board reductions in allotments of the higher education personnel board service fund for the remainder of the biennium so that the charge to the institutions of higher education and state board based on the salaries and wages of the remaining employees classified under this chapter does not increase during the biennium, unless an increase is authorized by the legislature. The director of financial management shall report the amount and impact of any across-the-board reductions made under this section to the appropriations committee of the house of representatives and the ways and means committee of the senate, or appropriate successor committees, within thirty days of making the reductions.

(3) Moneys from the higher education personnel board service fund shall be disbursed by the state treasurer by warrants on vouchers duly authorized by the board.

NEW SECTION. Sec. A new section is added to chapter 28B.16 RCW to read as follows:

At any time after July 1, 1993, an institution of higher education and the exclusive bargaining representative of a bargaining unit of employees classified under this chapter or chapter 41.06 RCW as appropriate may exercise their option to have their relationship and corresponding obligations governed entirely by the provisions of chapter 41.56 RCW, by filing notice of the parties’ intent to be so governed, subject to the mutual adoption of a collective bargaining agreement recognizing the notice of intent. The parties shall provide the notice to the board or its successor and the public employment relations commission. On the first day of the month following the month during which the institution of higher education and the exclusive bargaining representative provide notice to the board or its successor and the public employment relations commission that they have executed an initial collective bargaining agreement recognizing the notice of intent, this chapter shall cease to apply to all employees in the bargaining unit covered by the agreement, and all labor relations functions of the board or its successor with respect to these employees shall be transferred to the public employment relations commission.

APPOINTMENT OF CONFEREES

The Speaker (Representative R. Meyers presiding) appointed Representatives Locke, Sommers and Brumsickle as conferees on Engrossed Substitute House Bill No. 1509.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1993

Mr. Speaker:
The Senate has passed SUBSTITUTE HOUSE BILL NO. 1931 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. RCW 47.60.120 and 1984 c 7 s 307 are each amended to read as follows:

(1) If the department acquires or constructs, maintains, and operates any ferry crossings upon or toll bridges over Puget Sound or any of its tributary or connecting waters, there shall not be constructed, operated, or maintained any other ferry crossing upon or bridge over any such waters within ten miles of any such crossing or bridge operated or maintained by the department excepting such bridges or ferry crossings in existence, and being operated and maintained under a lawfully issued franchise at the time of the location of the ferry crossing or construction of the toll bridge by the department.

(2) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.

(3) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in existence (and being exercised) at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise.

(While any revenue bonds issued by the department under the provisions of this chapter are outstanding no additional bonds may be issued for the purposes of acquiring, constructing, operating, or maintaining any ferry or toll bridges within the aforesaid ten mile distance by the department unless the revenues of any such additional ferries or toll bridges are pledged to the bonds then outstanding to the extent provided by the resolution authorizing the issue of the outstanding bonds. The provisions of this section are binding upon the state, and all of its departments, agencies, and instrumentalities, as well as any and all private, political, municipal, and public corporations and subdivisions, including cities, towns, counties, and other political subdivisions, and the prohibitions of this section shall restrict and limit the powers of the legislature of the state in respect to the matters herein mentioned so long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds.)"

NEW SECTION. Sec. A new section is added to chapter 47.60 RCW to read as follows:

The ten-mile distance in RCW 47.60.120 means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.
Sec. RCW 81.84.010 and 1961 c 14 s 81.84.010 are each amended to read as follows:

(1) No (steamboat company shall) commercial ferry may hereafter operate any vessel or ferry for the public use for hire between fixed termini or over a regular route upon the waters within this state, including the rivers and lakes and Puget Sound, without first applying for and obtaining from the commission a certificate declaring that public convenience and necessity require such operation. Service authorized by certificates issued before or after the effective date of this act to a commercial ferry operator shall be exercised by the operator in a manner consistent with the conditions established in the certificate or tariffs:

PROVIDED, That no certificate shall be required for a vessel primarily engaged in transporting freight other than vehicles, whose gross earnings from the transportation of passengers and/or vehicles, are not more than ten percent of the total gross annual earnings of such vessel: PROVIDED, That nothing herein shall be construed to affect the right of any county public transportation benefit area or other public agency within this state to construct, condemn, purchase, operate, or maintain, itself or by contract, agreement, or lease, with any person, firm, or corporation, ferries or boats across or wharfs at or upon the waters within this state, including rivers and lakes and Puget Sound, provided such operation is not over the same route or between the same districts, (being served) held by a certificate carrier without first acquiring the rights granted to such certificate holder under the certificate, nor shall this chapter be construed to affect, amend, or invalidate any contract entered into prior to January 15, 1927, for the operation of ferries or boats upon the waters within this state, which was entered into in good faith by any county with any person, firm, or corporation, except that in case of the operation or maintenance by any county, city, town, port district, or other political subdivision by contract, agreement, or lease with any person, firm, or corporation, of ferries or boats across or wharfs at or upon the waters within this state, including rivers and lakes and Puget Sound, the commission shall have power and authority to regulate rates and services of such operation or maintenance of ferries, boats, or wharfs, to make, fix, alter, or amend said rates, and to regulate service and safety of operations thereof, in the manner and to the same extent as it is empowered to regulate a (steamboat company) commercial ferry, notwithstanding the provisions of any act or parts of acts inconsistent herewith.

(2) The holder of a certificate of public convenience and necessity granted under this chapter must initiate service within five years of obtaining the certificate. The certificate holder shall report to the commission every six months after the certificate is granted on the progress of the certificated route. The reports shall include, but not be limited to, the progress of environmental impact, parking, local government land use, docking, and financing considerations. However, if service has not been initiated within five years of obtaining the certificate, the commission may extend the certificate on a twelve-month basis for up to three years if the six-month progress reports indicate there is significant advancement toward initiating service.

(3) The commission shall review certificates in existence as of the effective date of this act, where service is not being provided on all or any portion of the route or routes certificated. Based on progress reports required under subsection (2) of this section, the commission may grant an extension beyond that provided in subsection (2) of this section. Such additional extension may not exceed a total of two years.

Sec. RCW 81.84.020 and 1961 c 14 s 81.84.020 are each amended to read as follows:

(1) Upon the filing of an application the commission shall give reasonable notice to the department, affected cities and counties, and any common carrier which might be adversely affected, of the time and place for hearing on such application. The commission shall have power after hearing, to issue the certificate as prayed for, or to refuse to issue it, or to issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require; but the commission shall not have power to grant a certificate to operate between districts and/or into any territory prohibited by RCW 47.60.120 or already served by an existing certificate holder, unless such existing certificate holder (shall fail and refuse) has failed or refused to furnish reasonable and adequate service or has failed to provide the service described in its certificate or tariffs after the time period allowed to initiate service has elapsed: PROVIDED, A certificate shall be granted when it shall appear to the satisfaction of the commission that (steamboat company) the commercial ferry was actually operating in good faith over the route for which such certificate shall be sought, on January 15, 1927: PROVIDED, FURTHER, That in case two or more (steamboat companies) commercial ferries shall upon said date have been operating vessels upon the same route, or between the same districts the commission shall determine after public hearing whether one or more certificates shall issue, and in determining to whom a certificate or certificates shall be issued, the commission shall consider all material facts and circumstances including the prior operation, schedules, and services rendered by either of (said companies) the ferries, and in case more than one certificate shall issue, the commission shall fix and determine the schedules and services of the (companies to whom such) ferries to which the certificates are issued to the end that duplication of service be eliminated and public convenience be furthered.

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. Issuance of a certificate shall be determined upon, but not limited to, the following factors: Ridership and revenue forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; a statement of the total assets on hand of the applicant that will be expended on the proposed operation; and a statement of prior experience, if any, in such field by the applicant. The documentation required of the applicant under this section shall comply with the provisions of RCW 9A.72.085.

(3) Subsection (2) of this section does not apply to an application for a certificate that is pending as of the effective date of this act.

NEW SECTION. Sec. A new section is added to chapter 81.84 RCW to read as follows:
The commission, in granting a certificate to operate as a commercial ferry, shall require the operator to first obtain liability and property damage insurance from a company licensed to write liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each vessel or ferry to be used, in the amount of not less than one hundred thousand dollars for any recovery for personal injury by one person, and not less than one million dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury and property damage by reason of one act of negligence, and not less than fifty thousand dollars for damage to property of any person other than the insured, or combined bodily injury and property damage liability insurance of not less than one million dollars, and to maintain such liability and property damage insurance or surety bond in force on each vessel or ferry while so used. Each policy for liability or property damage insurance or surety bond required by this section must be filed with the commission and kept in full force and effect, and failure to do so is cause for revocation of the operator's certificate.

Sec. RCW 81.84.030 and 1961 c 14 s 81.84.030 are each amended to read as follows:

No certificate or any right or privilege thereunder held, owned, or obtained under the provisions of this chapter shall be sold, assigned, leased, mortgaged, or in any manner transferred, either by the act of the parties or by operation of law, except upon authorization by the commission first obtained. (The commission may at any time by its order duly entered after hearing had upon notice to the holder of any certificate hereunder and an opportunity to such holder to be heard, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, if the holder thereof wilfully violates or fails to observe the provisions or conditions of the certificate, or the orders, rules or regulations of the commission, or the provisions of this title.)

Sec. RCW 81.84.050 and 1961 c 14 s 81.84.050 are each amended to read as follows:

Every commercial ferry who violates or who procures, aids, or abets in the violation of any provision of this title, or any order, rule, regulation, or decision of the commission shall incur a penalty of one hundred dollars for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for.

The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the commission describing such violation with reasonable particularity and advising such person that the penalty is due. The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as it in its discretion shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper.

If the amount of such penalty is not paid to the commission within fifteen days after receipt of notice imposing the same or, if application for remission or mitigation has not been made, within fifteen days after the violator has received notice of the disposition of such application, the attorney general shall bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or of some other county in which such violator may do business. In all such actions the procedure and rules of evidence shall be the same as in ordinary civil actions except as otherwise herein provided. All penalties recovered by the state under this chapter shall be paid into the state treasury and credited to the public service revolving fund.

NEW SECTION. Sec. A new section is added to chapter 81.84 RCW to read as follows:

The commission, upon complaint by an interested party, or upon its own motion after notice and opportunity for hearing, may cancel, revoke, suspend, alter, or amend a certificate issued under this chapter on any of the following grounds:

1) Failure of the certificate holder to initiate service by the conclusion of the fifth year after the certificate has been granted or by the conclusion of an extension granted under RCW 81.84.010 (2) or (3), if the commission has considered the progress report information required under RCW 81.84.010 (2) or (3);

2) Failure of the certificate holder to file an annual report;

3) The filing by a certificate holder of an annual report that shows no revenue in the previous twelve-month period after service has been initiated;

4) The violation of any provision of this chapter;

5) The violation of failure to observe the provisions or conditions of the certificate or tariffs;

6) The violation of an order, decision, rule, regulation, or requirement established by the commission under this chapter;

7) Failure of a certificate holder to maintain the required insurance coverage in full force and effect; or

8) Failure or refusal to furnish reasonable and adequate service after initiating service.

The commission shall take appropriate action within thirty days upon a complaint by an interested party or of its own finding that a provision of this section has been violated.

NEW SECTION. Sec. A new section is added to chapter 81.84 RCW to read as follows:
The commission may, with or without a hearing, issue temporary certificates to operate under this chapter, but only after it finds that the issuance of the temporary certificate is necessary due to an immediate and urgent need and is otherwise consistent with the public interest. The certificate may be issued for a period of up to one hundred eighty days. The commission may prescribe such special rules and impose special terms and conditions on the granting of the certificate as in its judgment are reasonable and necessary in carrying out this chapter. The commission shall collect a filing fee, not to exceed two hundred dollars, for each application for a temporary certificate. The commission shall not issue a temporary certificate to operate on a route for which a certificate has been issued or for which an application by another commercial ferry operator is pending.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1993

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1175, with the following amendment:

have the option of including grade nine within the program hour offering requirements of grades seven and eight so long as such
requirements for grades seven through nine are increased to two thousand nine hundred seventy hours and such requirements for
grades ten through twelve are decreased to three thousand two hundred forty hours.

(3) In order to provide flexibility to the local school districts in the setting of their curricula, and in order to maintain
the intent of this legislation, which is to stress the instruction of basic skills and work skills, any local school district may
establish minimum course mix percentages that deviate by up to five percentage points above or below those minimums required
by subsection (2) of this section, so long as the total program hour requirement is still met.

(4) Nothing contained in subsection (2) of this section shall be construed to require individual students to attend school

case of students who are graduating from high school, including, but not limited to, the observance of graduation and early
release from school upon the request of a student, and all such students may be claimed as a full time equivalent student to the
extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(6) The state board of education shall adopt rules to implement and ensure compliance with the program requirements
imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as
the state board may establish: PROVIDED, That each school district board of directors shall establish the basis and means for
determining and monitoring the district's compliance with the basic skills and work skills percentage and course requirements of
this section. The certification of the board of directors and the superintendent of a school district that the district is in compliance
with such basic skills and work skills requirements may be accepted by the superintendent of public instruction and the state
board of education.

(7) Handicapped education programs, vocational-technical institute programs, state institution and state residential
school programs, all of which programs are conducted for the common school age, kindergarten through secondary school
program students encompassed by this section, shall be exempt from the basic skills and work skills percentage and course
requirements of this section in order that the unique needs, abilities or limitations of such students may be met.

(8) Any school district may petition the state board of education for a reduction in the total program hour offering
requirements for one or more of the grade level groupings specified in this section. The state board of education shall grant all
such petitions that are accompanied by an assurance that the minimum total program hour offering requirements in one or more
other grade level groupings will be exceeded concurrently by no less than the number of hours of the reduction.

Sec.  RCW 28A.150.220 and 1992 c 141 s 503 are each amended to read as follows:

(1) Satisfaction of the basic education program requirements identified in RCW 28A.150.210 shall be considered to be

four hundred fifty hours. The program shall include instruction in the essential academic learning requirements under RCW
28A.630.885 and such other subjects and activities as the school district shall determine to be appropriate for the education of
the school district's students enrolled in such program;

(b) Each school district shall make available to students enrolled in grades one through twelve, at least a district-wide
annual average total instructional hour offering of one thousand hours. The state board of education may define alternatives to
classroom instructional time for students in grades nine through twelve enrolled in alternative learning experiences. The state
board of education shall establish rules to determine annual average instructional hours for districts including fewer than twelve
grades. The program shall include the essential academic learning requirements under RCW 28A.630.885 and such other
subjects and such activities as the school district shall determine to be appropriate for the education of the school district's
students enrolled in such group;

(c) If the essential academic learning requirements include a foreign language requirement, the requirement may be met
by students receiving instruction in one or more American Indian languages.

(2) Nothing contained in subsection (1) of this section shall be construed to require individual students to attend school
for any particular number of hours per day or to take any particular courses.

(3) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all
students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of
a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one
hundred eighty half-days of instruction, or equivalent, in kindergarten: PROVIDED, That effective May 1, 1979, a school
district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the
case of students who are graduating from high school, including, but not limited to, the observance of graduation and early
release from school upon the request of a student, and all such students may be claimed as a full time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(4) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec.  RCW 28A.230.090 and 1992 c 141 s 402 and 1992 c 60 s 1 are each reenacted and amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students. Any course in Washington state history and government used to fulfill high school graduation requirements is encouraged to include information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(3) Pursuant to any foreign language requirement established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district foreign language graduation requirement.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit. Subsection (4) of this section shall also apply to students enrolled in high school on April 11, 1990, who took the courses before attending high school.

Sec.  RCW 28A.600.060 and 1991 c 116 s 22 are each amended to read as follows:

The recipients of the Washington state honors awards shall be selected based on student achievement in both verbal and quantitative areas, as measured by a test or tests of general achievement selected by the superintendent of public instruction, and shall include student performance in the academic core areas of English, mathematics, science, social studies, and foreign languages, which may be American Indian languages. The performance level in such academic core subjects shall be determined by grade point averages, numbers of credits earned, and courses enrolled in during the beginning of the senior year.

NEW SECTION.  Sec.  Section 2 of this act shall take effect September 1, 1998.  However, section 2 of this act shall not take effect if, by September 1, 1998, a law is enacted stating that a school accountability and academic assessment system is not in place."

On page 1, line 1 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28A.150.220, 28A.150.220, and 28A.600.060; reenacting and amending RCW 28A.230.090; and providing a contingent effective date." and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1993
Strike everything after the enacting clause and insert the following:

"Sec.  RCW 13.34.145 and 1989 1st ex.s. c 17 s 18 are each amended to read as follows:

(1) In all cases where a child has been placed in substitute care for at least fifteen months, the agency having custody of the child shall prepare a permanency plan and present it in a hearing held before the court no later than eighteen months following commencement of the placement episode.

(2) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(5). In addition the court shall: (a) Approve a permanency plan which shall include one of the following: Adoption, guardianship, placement of the child in the home of the child's parent, relative placement with written permanency plan, or family foster care with written permanency agreement; (b) require filing of a petition for termination of parental rights; or (c) dismiss the dependency, unless the court finds, based on clear, cogent, and convincing evidence, that it is in the best interest of the child to continue the dependency beyond eighteen months, based on

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1512 with the following amendment:

"Sec.  RCW 13.34.180 and 1990 c 246 s 7 are each amended to read as follows:

A petition seeking termination of a parent and child relationship may be filed in juvenile court by any party to the dependency proceedings concerning that child. Such petition shall conform to the requirements of RCW 13.34.040, shall be served upon the parties as provided in RCW 13.34.070(7), and shall allege:

(1) That the child has been found to be a dependent child under RCW 13.34.030(2); and
(2) That the court has entered a dispositional order pursuant to RCW 13.34.130; and
(3) That the child has been removed or will, at the time of the hearing, have been removed from the custody of the parent for a period of at least six months pursuant to a finding of dependency under RCW 13.34.030(2); and
(4) That the services ordered under RCW 13.34.130 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided; and
(5) That there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. In determining whether the conditions will be remedied the court may consider, but is not limited to, the following factors:

(a) Use of intoxicating or controlled substances so as to render the parent incapable of providing proper care for the child for extended periods of time and documented unwillingness of the parent to receive and complete treatment or documented multiple failed treatment attempts;
(b) Psychological incapacity or mental deficiency of the parent that is so severe and chronic as to render the parent incapable of providing proper care for the child for extended periods of time, and documented unwillingness of the parent to receive and complete treatment or documentation that there is no treatment that can render the parent capable of providing proper care for the child in the near future; or
(c) Severe abuse of a child under age thirteen inflicted by a parent, or by any person known by the parent, if the parent:
(i) Knew or should have known that the person was abusing the child; (ii) did not intervene to protect the child; and (iii) was able to protect the child. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness; and
(6) That continuation of the parent and child relationship clearly diminishes the child's prospects for early integration into a stable and permanent home; or
(7) In lieu of the allegations in subsections (1) through (6) of this section, the petition may allege that the child was found under such circumstances that the whereabouts of the child's parent are unknown and no person has acknowledged paternity or maternity and requested custody of the child within two months after the child was found. A parent's failure to substantially improve parental deficiencies within twelve months following entry of the dispositional order shall give rise to a rebuttable presumption that there is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future. The presumption shall not arise unless the state ensures that family reconciliation and other necessary services have been provided to the parent.

Notice of rights shall be served upon the parent, guardian, or legal custodian with the petition and shall be in substantially the following form:

"NOTICE

Sec. RCW 13.34.190 and 1992 c 145 s 15 are each amended to read as follows:

After hearings pursuant to RCW 13.34.110, the court may enter an order terminating all parental rights to a child if the court finds that:

(1) The allegations contained in the petition as provided in RCW 13.34.180 (1) through (6) are established by clear, cogent, and convincing evidence; or

(2) RCW 13.34.180 (3) and (4) may be waived because the allegations under RCW 13.34.180 (1), (2), (5), and (6) are established beyond a reasonable doubt; or

(3) The allegation under RCW 13.34.180(7) is established beyond a reasonable doubt. In determining whether RCW 13.34.180 (5) and (6) are established beyond a reasonable doubt, the court shall consider whether one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.44.020 or 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.34.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim);

(g) Aggravated circumstances listed in RCW 13.34.130(2) exist; and

(4) Such an order is in the best interests of the child.

Sec. RCW 13.34.232 and 1981 c 195 s 3 are each amended to read as follows:

If the court has made a finding under RCW 13.34.231, it shall enter an order establishing a guardianship for the child. The order shall:

(1) Appoint a person or agency to serve as guardian;

(2) Specify the guardian's rights and responsibilities concerning the care, custody, and control of the child. A guardian shall not have the authority to consent to the child's adoption;

(3) Specify an appropriate frequency of visitation between the parent and the child; and

(4) Specify the need for any continued involvement of the supervising agency and the nature of that involvement, if any.

The order shall not affect the child's status as a dependent child, and the child shall remain dependent for the duration of the guardianship.

Sec. RCW 26.09.191 and 1989 c 375 s 1 are each reenacted and amended to read as follows:

(1) The permanent parenting plan shall not require mutual decision-making or designation of a dispute resolution process other than court action if it is found that a parent has engaged in any of the following conduct: (a) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (b) physical, sexual, or a pattern of emotional abuse of a child; or (c) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm.

(2) (a) If there is a conviction in a criminal action, or if a court in an action under this chapter finds by clear and convincing evidence, that a parent requesting residential time has sexually abused a child living in the parent's household at any time during the parent's life or any other child within the previous ten years, then there is a rebuttable presumption that the court shall not allow residential time to a parent and shall enter a permanent restraining order prohibiting the parent from contacting the child directly or indirectly.

(b) The presumption may be rebutted only after a finding that:

(i) The offending parent has successfully engaged in court-approved treatment for sexual offenders or is engaged in and making progress in such treatment and the treatment provider believes such contact is appropriate and poses minimal risk to the child;

(ii) If the child was sexually abused by the parent requesting residential time and if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest; and
(iii) An adequate plan for supervision of such residential time in accordance with the provisions of this chapter has been approved by the court.

(c) If the court finds that the presumption has been rebutted, the court may allow a parent who has been found to have sexually abused a child to have residential time with the child supervised by a neutral and independent adult. Unless the nonoffending parent approves the supervisor, the court shall make a finding that the proposed supervisor is neutral, independent, willing to supervise, and capable of intervening between the child and the parent if necessary. The court shall enter findings of fact regarding the qualifications of the appointed supervisor and shall notify the supervisor of the court's requirements regarding supervision. The court may immediately remove the supervisor from the supervisory role upon evidence being presented that the supervisor failed to supervise the residential time adequately.

(d) The parent's residential time with the child shall be limited if it is found that the parent has engaged in any of the following conduct: (i) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (ii) physical, sexual, or a pattern of emotional abuse of a child; or (iii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm.

(((ii))) (e) The limitations imposed by the court shall be reasonably calculated to protect the child from physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting residential time. If the court expressly finds limitation on the residential time with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting residential time, the court shall restrain the parent requesting residential time from all contact with the child. If the parent requesting residential time is currently residing with another person who has a history of physical or sexual abuse of a child, whether that person is an adult or a juvenile, the court shall order that all residential time take place outside the presence of that person.

(((ii))) (f) Except as provided in (a), (b), and (c) of this subsection, if the court expressly finds that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (((a) and (b))) (d) and (e) of this subsection, or if the court expressly finds the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (((a) and (b))) (d) and (e) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court.

(3) A parent's involvement or conduct may have an adverse effect on the child's best interests, and the court may preclude or limit any provisions of the parenting plan, if any of the following factors exist:

(a) A parent's neglect or substantial nonperformance of parenting functions;

(b) A long-term emotional or physical impairment which interferes with the parent's performance of parenting functions as defined in RCW 26.09.004;

(c) A long-term impairment resulting from drug, alcohol, or other substance abuse that interferes with the performance of parenting functions;

(d) The absence or substantial impairment of emotional ties between the parent and the child;

(e) The abusive use of conflict by the parent which creates the danger of serious damage to the child's psychological development;

(f) A parent has withheld from the other parent access to the child for a protracted period without good cause; or

(g) Such other factors or conduct as the court expressly finds adverse to the best interests of the child.

(4) In entering a permanent parenting plan, the court shall not draw any presumptions from the provisions of the temporary parenting plan.

(5) In determining whether any of the conduct described in this section has occurred, the court shall apply the civil rules of evidence, proof, and procedure.

See. RCW 26.10.160 and 1989 c 326 s 2 are each amended to read as follows:

(1) A parent not granted custody of the child is entitled to reasonable visitation rights except as provided in subsection (2) of this section.

(2)(a) If there is a conviction in a criminal action, or if a court in an action under this chapter finds by clear and convincing evidence, that a parent requesting visitation has sexually abused a child living in the parent's household at any time during the parent's life or any other child within the previous ten years, then there is a rebuttable presumption that the court shall not allow visitation to a parent and shall enter a permanent restraining order prohibiting the parent from contacting the child directly or indirectly.

(b) The presumption may be rebutted only after a finding that:

(i) The offending parent has successfully engaged in court-approved treatment for sexual offenders or is engaged in and making progress in such treatment and the treatment provider believes such contact is appropriate and poses minimal risk to the child;

(ii) If the child was sexually abused by the parent requesting visitation and if the child is in or has been in therapy for victims of sexual abuse, the child's counselor believes such contact between the child and the offending parent is in the child's best interest; and

(iii) An adequate plan for supervision of such visitation in accordance with the provisions of this chapter has been approved by the court.

(c) If the court finds that the presumption has been rebutted, the court may allow a parent who has been found to have sexually abused a child to have visitation with the child supervised by a neutral and independent adult. Unless the nonoffending
parent approves the supervisor, the court must make a finding that the proposed supervisor is neutral, independent, willing to supervise, and capable of intervening between the child and the parent if necessary. The court shall enter findings of fact regarding the qualifications of the appointed supervisor and shall notify the supervisor of the court's requirements regarding supervision. The court may immediately remove the supervisor from the supervisory role upon evidence being presented that the supervisor failed to supervise the residential time adequately.

(d) Visitation with the child shall be limited if it is found that the parent seeking visitation has engaged in any of the following conduct: (i) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (ii) physical, sexual, or a pattern of emotional abuse of a child; or (iii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm.

((d)(e)) (e) The limitations imposed by the court shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting visitation. If the court expressly finds limitations on visitation with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting visitation, the court shall restrain the person seeking visitation from all contact with the child. If the parent requesting visitation is currently residing with another person who has a history of physical or sexual abuse of a child, whether that person is an adult or a juvenile, the court shall order that all visitation take place outside the presence of that person.

((f)) (f) Except as provided in (a), (b), and (c) of this subsection, if the court expressly finds that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent's harmful or abusive conduct will recur is so remote that it would not be in the child's best interests to apply the limitations of (((c) and (e)))) (d) and (e) of this subsection, or if the court expressly finds the parent's conduct did not have an impact on the child, then the court need not apply the limitations of (((c) and (e)))) (d) and (e) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court.

((g))) (g) Any person may petition the court for visitation rights at any time including, but not limited to, custody proceedings. The court may order visitation rights for any person when visitation may serve the best interest of the child whether or not there has been any change of circumstances.

((h))) (h) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child. Modification of a parent's visitation rights shall be subject to the requirements of subsection (2) of this section.

NEW SECTION  Sec. A new section is added to chapter 13.34 RCW to read as follows:

(1) The provisions of this section shall apply when a court orders a party to undergo an alcohol or substance abuse diagnostic investigation and evaluation.

(2) The facility conducting the investigation and evaluation shall make a written report to the court stating its findings and recommendations including family-based services or treatment when appropriate. If its findings and recommendations support treatment, it shall also recommend a treatment plan setting out:

(a) Type of treatment;
(b) Nature of treatment;
(c) Length of treatment;
(d) A treatment time schedule; and
(e) Approximate cost of the treatment.

The affected person shall be included in developing the appropriate plan of treatment. The plan of treatment must be signed by treatment provider and the affected person. The initial written report based on the treatment plan and response to treatment shall be sent to appropriate persons six weeks after initiation of treatment, and after three months, after six months, after twelve months, and thereafter every six months if treatment exceeds twelve months. Reports are to be filed in a timely manner. Close-out of the treatment record must include summary of pretreatment and posttreatment, with final outcome and disposition. The report shall also include recommendations for ongoing stability and decrease in destructive behavior.

The report with the treatment plan shall be filed with the court and a copy given to the person evaluated and the person's counsel. A copy of the treatment plan shall also be given to the department's caseworker and to the guardian ad litem. Any program for alcoholism shall meet the program requirements contained in RCW 10.05.150.

(3) If the court has ordered treatment pursuant to a dependency proceeding it shall also require the treatment program to provide, in the reports required by subsection (2) of this section, status reports to the court, the department, the supervising child-placing agency if any, and the person or person's counsel regarding: (a) The person's cooperation with the treatment plan proposed; and (b) the person's progress in treatment.

(4) In addition, if the party fails or neglects to carry out and fulfill any term or condition of the treatment plan, the program or agency administering the treatment shall report such breach to the court, the department, the guardian ad litem, the supervising child-placing agency if any, and the person or person's counsel, within twenty-four hours, together with its recommendation. These reports shall be made as a declaration by the person who is personally responsible for providing the treatment.

(5) Nothing in this chapter may be construed as allowing the court to require the department to pay for the cost of any alcohol or substance abuse treatment program.

NEW SECTION  Sec. A new section is added to chapter 13.34 RCW to read as follows:
(1) The court or the department, upon receiving a report under section 7(4) of this act, may schedule a show cause hearing to determine whether the person is in violation of the treatment conditions. All parties shall be given notice of the hearing. The court shall hold the hearing within ten days of the request for a hearing. At the hearing, testimony, declarations, reports, or other relevant information may be presented on the person's alleged failure to comply with the treatment plan and the person shall have the right to present similar information on his or her own behalf.

(2) If the court finds that there has been a violation of the treatment conditions it shall modify the dependency order, as necessary, to ensure the safety of the child. The modified order shall remain in effect until the party is in full compliance with the treatment requirements.

Sec.  RCW 13.34.110 and 1991 c 340 s 3 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing of that hearing. The guardian ad litem, and court-appointed special advocates are all in agreement((and)) The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. If a child resides in foster care or in the home of a relative pursuant to a disposition order entered under RCW 13.34.130, the court may allow the child's foster parent or relative care provider to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec.  RCW 13.34.120 and 1987 c 524 s 5 are each amended to read as follows:

(1) To aid the court in its decision on disposition, a social study, consisting of a written evaluation of matters relevant to the disposition of the case, shall be made by the person or agency filing the petition. The study shall include all social records and may also include facts relating to the child's cultural heritage, and shall be made available to the court. The court shall consider the social file, social study, guardian ad litem report, the court-appointed special advocates report and any reports filed by a party at the disposition hearing in addition to evidence produced at the fact-finding hearing. At least ten working days before the disposition hearing, the department shall mail to the parent and his or her attorney a copy of the agency's social study and proposed service plan, which shall be in writing or in a form understandable to the parents or custodians. In addition, the department shall provide an opportunity for parents to review and comment on the plan at the community service office. If the parents disagree with the agency's plan or any part thereof, the parents shall submit to the court at least twenty-four hours before the hearing, in writing, or signed oral statement, an alternative plan to correct the problems which led to the finding of dependency. This section shall not interfere with the right of the parents or custodians to submit oral arguments regarding the disposition plan at the hearing.

(2) In addition to the requirements set forth in subsection (1) of this section, a predisposition study to the court in cases of dependency alleged pursuant to RCW 13.34.030(2) shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;
(b) A description of the specific programs, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such programs are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered;
(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs which have been considered and rejected; and the parents' attitude toward placement of the child;
(d) A statement of the likely harms the child will suffer as a result of removal. This section should include an exploration of the nature of the parent-child attachment and the meaning of separation and loss to both the parents and the child;
(e) A description of the steps that will be taken to minimize harm to the child that may result if separation occurs; and
(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. RCW 26.44.030 and 1991 c 111 s 1 are each amended to read as follows:

(1) When any practitioner, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, or juvenile probation officer has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040. The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child or adult dependent or developmentally disabled person, who resides with them, has suffered abuse or neglect.

The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.
(10) Upon receiving reports of abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of incidents, conditions, or circumstances of child abuse and neglect, the department shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department (of social and health services) shall use a risk assessment tool when investigating child abuse and neglect referrals. The tool shall be used on a pilot basis in three local office service areas. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the (appropriate committees of the) senate and house of representatives on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

Sec. RCW 26.44.040 and 1987 c 206 s 4 are each amended to read as follows:

An immediate oral report shall be made by telephone or otherwise to the proper law enforcement agency or the department of social and health services and, upon request, shall be followed by a report in writing. Such reports shall contain the following information, if known:

(1) The name, address, and age of the child or adult dependent or developmentally disabled person;
(2) The name and address of the child's parents, stepparents, guardians, or other persons having custody of the child or the residence of the adult dependent or developmentally disabled person;
(3) The nature and extent of the injury or injuries;
(4) The nature and extent of the neglect;
(5) The nature and extent of the sexual abuse;
(6) Any evidence of previous injuries, including their nature and extent; and
(7) Any other information which may be helpful in establishing the cause of the child's or adult dependent or developmentally disabled person's death, injury, or injuries and the identity of the perpetrator or perpetrators.

Sec. RCW 26.44.063 and 1988 c 190 s 3 are each amended to read as follows:

(1) It is the intent of the legislature to minimize trauma to a child involved in an allegation of sexual or physical abuse. The legislature declares that removing the child from the home often has the effect of further traumatizing the child. It is, therefore, the legislature's intent that the alleged offender, rather than the child, shall be removed from the home and that this should be done at the earliest possible point of intervention in accordance with RCW 10.31.100, 13.34.130, this section, and RCW 26.44.130.

(2) In any judicial proceeding in which it is alleged that a child has been subjected to sexual or physical abuse, if the court finds reasonable grounds to believe that an incident of sexual or physical abuse has occurred, the court may, on its own motion, or the motion of the guardian ad litem or other parties, issue a temporary restraining order or preliminary injunction restraining or enjoining the person accused of committing the abuse from:
(a) Molesting or disturbing the peace of the alleged victim;
(b) Entering the family home of the alleged victim except as specifically authorized by the court; or
(c) Having any contact with the alleged victim, except as specifically authorized by the court.

(3) In issuing a temporary restraining order or preliminary injunction, the court may impose any additional restrictions that the court in its discretion determines are necessary to protect the child from further abuse or emotional trauma pending final resolution of the abuse allegations.

(4) The court shall issue a temporary restraining order prohibiting a person from entering the family home if the court finds that the order would eliminate the need for an out-of-home placement to protect the child's right to nurturance, health, and safety and is sufficient to protect the child from further sexual or physical abuse or coercion.

(5) The court may issue a temporary restraining order without requiring notice to the party to be restrained or other parties only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(6) A temporary restraining order or preliminary injunction:
(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding; and
(b) May be revoked or modified.

(7) The person having physical custody of the child shall have an affirmative duty to assist in the enforcement of the restraining order including but not limited to a duty to notify the court as soon as practicable of any violation of the order, a duty to request the assistance of law enforcement officers to enforce the order, and a duty to notify the department of social and health services of any violation of the order as soon as practicable if the department is a party to the action. Failure by the custodial party to discharge these affirmative duties shall be subject to contempt proceedings.

(8) Willful violation of a court order entered under this section is a misdemeanor. A written order shall contain the court's directive and shall bear the legend: "Violation of this order with actual notice of its terms is a criminal offense under chapter 26.44 RCW, is also subject to contempt proceedings, and will subject a violator to arrest."

Sec.  RCW 26.44.067 and 1989 c 373 s 23 are each amended to read as follows:

(1) Any person having had actual notice of the existence of a restraining order issued by a court of competent jurisdiction pursuant to RCW 26.44.063 who refuses to comply with the provisions of such order ((when requested by any peace officer of the state)) shall be guilty of a misdemeanor.

(2) The notice requirements of subsection (1) of this section may be satisfied by the peace officer giving oral or written evidence to the person subject to the order by reading from or handing to that person a copy certified by a notary public or the clerk of the court to be an accurate copy of the original court order which is on file. The copy may be supplied by the court or any party.

(3) The remedies provided in this section shall not apply unless restraining orders subject to this section shall bear this legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.44 RCW AND IS ALSO SUBJECT TO CONTEMPT PROCEEDINGS.

(4) It is a defense to prosecution under subsection (1) of this section that the court order was issued contrary to law or court rule. No right of action shall accrue against any peace officer acting upon a properly certified copy of a court order lawful in its face if such officer employs otherwise lawful means to effect the arrest.

Sec.  RCW 26.44.100 and 1985 c 183 s 1 are each amended to read as follows:

The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to assure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this ((act)) chapter, provided that nothing contained in this ((act)) chapter shall cause any delay in protective custody action.

NEW SECTION. Sec. A new section is added to chapter 26.44 RCW to read as follows:

(1) If a person who has unsupervised visitation rights with a minor child pursuant to a court order is accused of sexually or physically abusing a child and the alleged abuse has been reported to the proper authorities for investigation, the law enforcement officer conducting the investigation may file a motion with the court for a temporary restraining order to restrain the alleged abuser's visitation rights during the investigation. The investigating law enforcement officer shall submit an affidavit stating that the person is currently under investigation for sexual or physical abuse of a child, that there is a risk of harm to the child if a temporary restraining order is not entered, and that the prosecuting attorney has informed the officer that the attorney does not have enough information at the time to determine whether prosecution is warranted. The restraining order shall be issued for up to ninety days or until the investigation has been concluded in favor of the alleged abuser, whichever is shorter.

(2) Willful violation of a court order entered under this section is a misdemeanor. The court order shall state: "Violation of this order is a criminal offense under chapter 26.44 RCW and will subject the violator to arrest."

NEW SECTION. Sec. A new section is added to chapter 74.14A RCW to read as follows:

The secretary shall:

(1) (a) Consult with relevant qualified professionals to develop a set of minimum guidelines to be used for identifying all children who are in a state-assisted support system, whether at-home or out-of-home, who are likely to need long-term care or assistance, because they face physical, emotional, medical, mental, or other long-term challenges.

(b) The guidelines must, at a minimum, consider the following criteria for identifying children in need of long-term care or assistance:

(i) Placement within the foster care system for two years or more;

(ii) Multiple foster care placements;

(iii) Repeated unsuccessful efforts to be placed with a permanent adoptive family;

(iv) Chronic behavioral or educational problems;

(v) Repetitive criminal acts or offenses;

(vi) Failure to comply with court-ordered disciplinary actions and other imposed guidelines of behavior, including drug and alcohol rehabilitation; and

(vii) Chronic physical, emotional, medical, mental, or other similar conditions necessitating long-term care or assistance;
(2) Develop programs that are necessary for the long-term care of children and youth that are identified for the purposes of this section. Programs must: (a) Effectively address the educational, physical, emotional, mental, and medical needs of children and youth; and (b) incorporate an array of family support options, to individual needs and choices of the child and family. The programs must be ready for implementation by January 1, 1995;

(3) Conduct an evaluation of all children currently within the foster care agency caseload to identify those children who meet the criteria set forth in this section. The evaluation shall be completed by January 1, 1994. All children entering the foster care system after January 1, 1994, must be evaluated for identification of long-term needs within thirty days of placement;

(4) Study and develop a comprehensive plan for the evaluation and identification of all children and youth in need of long-term care or assistance, including, but not limited to, the mentally ill, developmentally disabled, medically fragile, seriously emotionally or behaviorally disabled, and physically impaired;

(5) Study and develop a plan for the children and youth in need of long-term care or assistance to ensure the coordination of services between the department's divisions and between other state agencies who are involved with the child or youth.

(6) Study and develop guidelines for transitional services, between long-term care programs, based on the person's age or mental, physical, emotional, or medical condition; and

(7) Study and develop a statutory proposal for the emancipation of minors and report its findings and recommendations to the legislature by January 1, 1994.

NEW SECTION. Sec. Sections 5 and 6 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

   (b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12A.

(2) For the purposes of this section:

(5) The increase for each classified staff unit provided under section 502 of this act shall be the 1990-91 state-wide average classified salary increased by 4.0 percent for the 1991-92 school year and further increased by 3.0 percent for the 1992-93 school year, as shown on LEAP Document 12A.

(6) Increases for certificated instructional staff units provided under section 502 of this act shall be the difference between the salary allocation specified in subsection (1)(a) of this section and the salary allocation specified as follows:

(a) For the 1991-92 school year, the allocation for each certificated instructional staff unit shall be the 1991-92 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1991-92 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

(b) For the 1992-93 school year, the allocation for each certificated instructional staff unit shall be the 1992-93 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1992-93 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

NEW SECTION. Sec. A new section is added to chapter 16, Laws of 1991 sp.s. to read as follows:

SPENDING CONTROLS. (1) All agencies, including those headed by elected officials and appointed boards or commissions, shall control costs to ensure that operating expenditures for capital outlays and noncapitalized fixed assets for the period beginning April 1, 1993, and ending June 30, 1993, will not exceed the sum of that agency's monthly allotments for capital outlays and noncapitalized fixed assets for that same time period.

(2) All agencies, including those headed by elected officials and appointed boards or commissions, shall control costs to ensure that expenditures of state general fund appropriations for the period beginning April 1, 1993, and ending June 30, 1993, will not exceed the sum of that agency's monthly allotments of state general fund expenditures for that same time period.

(3) All agencies over one hundred employees, including those headed by elected officials and appointed boards or commissions, are directed to place into reserve status one percent of their April through June allotments for salaries. It is intended that these savings be achieved through the fiscal limitations imposed in the Governor's January 13, 1993, directive. Expenditure control mechanisms are assumed to include attrition, administrative efficiencies, and reductions in nonessential travel and purchases. The office of financial management shall issue agency savings targets and instructions for allotment amendment submittals.

Exceptions for the limitations described in subsections (1) through (3) of this section may be granted by the office of financial management only in cases of preexisting legal obligations or emergency conditions.

For the purposes of this section, "allotments" are considered to be the January 31, 1993, office of financial management approved expenditure plan as revised for any 1993 supplemental appropriations.

NEW SECTION. Sec. A new section is added to chapter 43.105 RCW to read as follows:

UNAUTHORIZED DATA PROCESSING EXPENDITURES. A violation of this section constitutes a violation of RCW 43.88.290 and shall subject the head of the agency to forfeiture of office and other civil penalties as provided under RCW 43.88.300. In addition to the penalties under RCW 43.88.300, the agency head shall be subject to a civil penalty of up to ten percent of the unauthorized expenditure.

If the department of information services approved an expenditure in violation of this section, or had responsibility to approve the expenditure, then all sanctions described in this section and RCW 43.88.300 shall also apply to the director of information services.

NEW SECTION. Sec. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. EMERGENCY CLAUSE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.
