WHEREAS, The mission statement of the Lewis County Sesquicentennial Committee is "Celebrating the one hundredth fiftieth anniversary of Lewis County by revisiting the past and exploring the future"; and

WHEREAS, Throughout 1995, the citizens of Lewis County are celebrating their heritage as Washington's first county. WHEREAS, Lewis County, Washington's first county, was created by the Oregon Territorial Legislature on December 21, 1845. The legislature proclaimed "That all that portion of Oregon Territory lying north of the Columbia River and west of the Cowlitz up to 54° 40" north latitude be and the same is hereby created and organized into a separate county by the name of Lewis County." Because of its size, Lewis was known as "The Mother of All Counties"; and
WHEREAS, The county’s current borders were established shortly before Washington became a state in 1889. Today, it is Washington’s sixth largest county in land area. With 2,423 square miles, it is the largest county west of the Cascade Mountains; and

WHEREAS, Lewis County is named for Meriwether Lewis, the great explorer of the Lewis and Clark Expedition. His explorations were key in claiming this part of North America for the United States and residents are proud to live in a county bearing his name; and

WHEREAS, Lewis County is home to many of Washington “firsts”: The first United States District Court north of San Francisco was held at the Jackson Courthouse, a building that still stands today. SENATE AMENDMENTS TO HOUSE BILL

April 13, 1995

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1027 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in order to improve student learning in Washington’s public schools, school districts and the state need to take actions to use the maximum amount of available funding and resources to improve student achievement. The legislature intends to study the state-level education governance system to improve student learning and to reduce unnecessary regulatory oversight. The legislature also finds that if school districts are encouraged to review their expenditures, school districts can develop strategies that will increase the amount of resources used in the classroom."
NEW SECTION. Sec. 2. (1) The joint select committee on education restructuring established in RCW 28A.630.950 shall review the current constitutional and statutory roles and responsibilities of the office of the superintendent of public instruction, the state board of education, the work force training and education coordinating board, the commission on student learning, and educational service districts, and by December 15, 1996, develop a recommendation to the legislature for creating a revised state-level education governance system. The new state-level governance system shall: (a) Focus on the improvement of student learning; (b) result in a reduction of state-level administrative expenditures; (c) provide school district staff and parents technical assistance and leadership; (d) result in minimal regulatory oversight; and (e) have clear lines of authority and accountability.

(2) The select committee may continue its review of laws that inhibit, or do not enhance, student learning.

(3) This section shall expire December 31, 1997.

NEW SECTION. Sec. 3. (1) School district boards of directors are strongly encouraged to review school district expenditures, and to take actions that will increase the percentage of district funds that are used to support the classroom. In order to assist school districts in this effort, the school district financial review program is created. The purpose of the program is to provide funding to school districts to conduct financial reviews and to develop strategies that will increase the amount of resources that are used in the classroom.

(2) The program shall be administered by the superintendent of public instruction, or a public, nonprofit, or private contractor as designated by the superintendent.

(3) The superintendent, or his or her designee, shall establish application and approval requirements for the program. A minimum fifty percent financial match shall be required of school districts. Districts with enrollments larger than five hundred full-time equivalent students that expended less than two-thirds of their total general fund expenditures on teaching and teaching support during the 1993-94 fiscal year shall receive priority in the allocation of funds.

(4) School districts that receive grants shall submit a report to the superintendent, or his or her designee, by December 31, 1995, of actions that the district has taken, or plans to take, to increase classroom expenditures. The superintendent, or his or her designee, shall summarize the information submitted by the districts and present a summary to the fiscal and education policy committees of the legislature before January 15, 1996. If one or more of the fiscal or policy committees find that adequate progress is not being made in redirecting resources to the classroom, the committee or committees shall recommend to the legislature additional measures that should be taken.

(5) The process established in subsections (1) through (4) of this section shall be repeated during calendar year 1997, with the summary in subsection (4) of this section being submitted to the legislature before December 31, 1997.

(6) This section shall expire December 31, 1997.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect May 1, 1995."

On page 1, line 1 of the title, after "classroom;" strike the remainder of the title and insert "creating new sections; providing an effective date; and declaring an emergency."

and the same are herewith transmitted.

**SENATE AMENDMENTS TO HOUSE BILL**

April 7, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1206 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that teachers, principals, and district administrators need the ability to make transitions to other public or private sector careers, and that the
retirement system should not be a barrier to exercise of employee choice. The legislature also recognizes that teachers, principals, and district administrators need a secure and viable retirement benefit, not only for their own financial protection, but also that public funds are spent prudently for their intended purpose.

It is the legislative intent to create a new public retirement system that balances flexibility with stability, provides both increased employee control of investments and responsible protection of the public’s investment in employee benefits, and encourages the pursuit of public sector careers without preventing employees from transitioning into other public or private sector employment.

Therefore, the purpose of chapter . . ., Laws of 1995 (this act) is to continue to provide teachers, principals, and district administrators with a guaranteed pension at retirement age based on years of public service with an element of inflation protection. It is further the purpose of chapter . . ., Laws of 1995 (this act) to create a parallel retirement plan where employees have options regarding the investment of their retirement contributions and have the opportunity, along with the accompanying risk, to receive a full rate of return on their investments and where employees who leave public employment prior to retirement receive a fair and reasonable value from the retirement system.

PART I
DEFINED BENEFIT--TRS III

Sec. 101. RCW 41.32.005 and 1992 c 72 s 4 are each amended to read as follows:

(A) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation and the individual shall receive the equivalent service credit.

(B) If a leave of absence, without pay, is taken by a member for the purpose of serving as a member of the state legislature, and such member has served in the legislature five or more years, the salary which would have been received for the position from which the leave of absence was taken shall be considered as compensation earnable if the employee's contribution thereon is paid by the employee. In addition, where a member has been a member of the state legislature for five or more years, earnable compensation for the member's two highest compensated consecutive years of service shall include a sum not to exceed thirty-six hundred dollars for each of such two consecutive years, regardless of whether or not legislative service was rendered during those two years.

If there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike. The allowance shall be calculated with the assumption that the age of the spouse and member were equal at the time of the member's death.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1995

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1282, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.12.265 and 1987 c 506 s 35 are each amended to read as follows:

The owner, the owner's immediate family member, the owner's documented employee, or tenant of real property may trap or kill on that property, without the licenses required under RCW 77.32.010, wild animals or wild birds, other than an endangered species, that are damaging crops, domestic animals, fowl, or other property. Except in emergency situations, deer, elk, and protected wildlife shall not be killed without a permit issued and conditioned by the director. The director may delegate this authority.

For the purposes of this section, "emergency" means an unforeseen circumstance beyond the control of the landowner or tenant that presents a real and immediate threat to crops, domestic animals, fowl, or other property.

Alternatively, when sufficient time for the issuance of a permit by the director is not available, verbal permission may be given by the appropriate department regional administrator to owners or tenants of real property to trap or kill on that property any deer, elk, or protected wildlife which is damaging crops, domestic animals, fowl, or other property. Except in emergency situations, deer, elk, and protected wildlife shall not be killed without a permit issued and conditioned by the director. The regional administrator may delegate, in writing, a member of the regional staff to give the required permission in these emergency situations. Nothing in this section authorizes in any situation the trapping, hunting, or killing of an endangered species.

Except for coyotes and Columbian ground squirrels, wildlife trapped or killed under this section remain the property of the state, and the person trapping or killing the wildlife shall notify the department immediately. The director shall dispose of wildlife so taken within three working days of receiving such a notification.

If the department receives recurring complaints regarding property being damaged as described in this section from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall consider conducting a special hunt or special hunts to reduce the potential for such damage.
For purposes of this section, "crop" means an agricultural or horticultural product growing or harvested and includes wild shrubs and range land vegetation on privately owned cattle ranching lands. On such lands, the land owner or lessee may declare an emergency when the department has not responded within forty-eight hours after having been contacted by the land owner or lessee regarding crop damage by wild animals or wild birds. However, the department shall not allow claims for damage to wild shrubs or range land vegetation on such lands.

Deer and elk shall not be killed under the authority of this section on privately owned cattle ranching lands that were closed to public hunting during the previous hunting season, except for land closures which are coordinated with the department to protect property and livestock.

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, or to kill the animals when no other practical means of damage control is feasible.

For the purposes of this section, "immediate family member" means spouse, brother, sister, grandparent, parent, child, or grandchild.

On page 1, line 2 of the title, after "crops;" strike the remainder of the title and insert "and amending RCW 77.12.265."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1995

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1342 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that during the past fourteen years, the Washington state parks and recreation commission has endured a steady erosion of general fund operating support, which has caused park closures, staff reductions, and growing backlog of deferred maintenance projects. The legislature also finds that the growth of parks revenue has been constrained by staff limitations and by transfers of that revenue into the general fund.

The legislature intends to reverse the decline in operating support to its state parks, stabilize the system's level of general fund support, and inspire system employees and park visitors to enhance these irreplaceable resources and ensure their continuing availability to current and future state citizens and visitors. To achieve these goals, the legislature intends to dedicate park revenues to park operations, developing and renovating park facilities, undertaking deferred maintenance, and improving park stewardship. The legislature clearly intends that such revenues shall complement, not supplant, future general fund support.

Sec. 2. RCW 43.51.047 and 1984 c 82 s 3 are each amended to read as follows:

Only timber which qualifies for cutting or removal under RCW 43.51.045(2) may be sold. Timber shall be sold only when surplus to the needs of the park.

Net revenue derived from timber sales shall be deposited in the ((trust land)) parks renewal and stewardship account created in section 7 of this act.

Sec. 3. RCW 43.51.060 and 1993 c 156 s 1 are each amended to read as follows:

The commission may:

(2) Accept any grants of funds made with or without a matching requirement by the United States, or any agency thereof, for purposes in keeping with the purposes of this chapter; accept gifts, bequests, devises and endowments for purposes in keeping with such purposes; enter into cooperative agreements with and provide for private nonprofit groups to use state park property and facilities to raise money to contribute gifts, grants, and support to the commission for the purposes of this chapter. The commission may assist the nonprofit group in a cooperative effort by providing necessary agency personnel and services, if available. However, none of the moneys raised may inure to the benefit of the nonprofit group, except in furtherance of its purposes to benefit the commission as provided in this chapter. The agency and the private nonprofit group shall agree on the nature of any project to be supported by such gift or grant prior to the use of any agency property or facilities for raising money. Any such gifts may be in the form of recreational facilities developed or built in part or in whole for public use on agency property, provided that the facility is consistent with the purposes of the agency;

(3) Require certification by the commission of all parks and recreation workers employed in state aided or state controlled programs;
(4) Act jointly, when advisable, with the United States, any other state agencies, institutions, departments, boards, or commissions in order to carry out the objectives and responsibilities of this chapter;

(5) Grant franchises and easements for any legitimate purpose on parks or parkways, for such terms and subject to such conditions and considerations as the commission shall specify;

(6) Charge such fees for services, utilities, and use of facilities as the commission shall deem proper ((All fees received by the commission shall be deposited with the state treasurer in the state general fund));

(7) Enter into agreements whereby individuals or companies may rent undeveloped parks or parkway land for grazing, agricultural, or mineral development purposes upon such terms and conditions as the commission shall deem proper, for a term not to exceed ten years;

(8) Determine the qualifications of and employ a director of parks and recreation who shall receive a salary as fixed by the governor in accordance with the provisions of RCW 43.03.040, and upon his recommendation, a supervisor of recreation, and determine the qualifications and salary of and employ such other persons as may be needed to carry out the provisions hereof; and

(9) Without being limited to the powers hereinbefore enumerated, the commission shall have such other powers as in the judgment of a majority of its members are deemed necessary to effectuate the purposes of this chapter: PROVIDED, That the commission shall not have power to supervise directly any local park or recreation district, and no funds shall be made available for such purpose.

Sec. 4. RCW 43.51.270 and 1992 c 185 s 1 are each amended to read as follows:

Modifying provision of the basic health plan.

The bill was read the second time.

Representative Dyer moved adoption of the following amendment by Representative Dyer:

Strike everything after the enacting clause and insert the following:

*Sec. 1. RCW 70.47.060 and 1994 c 309 s 5 are each amended to read as follows:*

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care (**which**). In addition, the administrator may offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of
services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. (On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to RCW 43.72.130 shall be implemented by the administrator as the schedule of covered basic health care services.)

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(d) To develop, as an offering by all health carriers providing coverage identical to the basic health plan, a model plan benefits package with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of ((copayments)) enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. (On and after July 1, 1995, the administrator shall endeavor to make the copayments structure of the plan consistent with enrollee point of service cost-sharing levels adopted by the Washington health services commission, giving consideration to funding available to the plan.)

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option,
continue to receive services from their existing providers within the managed health care system if such
providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees,
deposit them in the basic health plan operating account, keep records of enrollee status, and authorize
periodic payments to managed health care systems on the basis of the number of enrollees participating
in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of
themselves and their spouses and dependent children, for enrollment in the Washington basic health
plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for
enrollees as may be necessary, and to determine, upon application and ((at least semiannually thereafter)) on
a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current
gross family income for sliding scale premiums. No subsidy may be paid with respect to any enrollee whose
current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an
eligibility review, the administrator determines that a subsidized enrollee’s income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee’s behalf during the period of time that the enrollee’s income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good
cause, the administrator may establish appropriate rules or requirements that are applicable to such
individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees,
souses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area
served by the plan. The administrator may require all or the substantial majority of the eligible
employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate
the orderly enrollment of groups in the plan and into a managed health care system. The administrator
((shall)) may require that a business owner pay at least ((fifty percent of the nonsubsidized)) an amount
equal to what the employee pays after the state pays its portion of the subsidized premium cost of the
plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for
medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and
services from a managed care system participating in the plan. The administrator shall adjust the
amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated
by the administrator with the participating managed health care system or systems is modified or the
administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return
for the provision of covered basic health care services to enrollees in the system. Although the
schedule of covered basic health care services will be the same for similar enrollees, the rates
negotiated with participating managed health care systems may vary among the systems. In negotiating
rates with participating systems, the administrator shall consider the characteristics of the populations
served by the respective systems, economic circumstances of the local area, the need to conserve the
resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health
care systems in order to assure enrollee access to good quality basic health care, to require periodic
data reports concerning the utilization of health care services rendered to enrollees in order to provide
adequate information for evaluation, and to inspect the books and records of participating managed
health care systems to assure compliance with the purposes of this chapter. In requiring reports from
participating managed health care systems, including data on services rendered enrollees, the
administrator shall endeavor to minimize costs, both to the managed health care systems and to the
plan. The administrator shall coordinate any such reporting requirements with other state agencies,
such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage
and to take appropriate measures consistent with state and federal statutes that will discourage the
reduction of such coverage in the state.
To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

To provide, consistent with available funding, assistance for rural residents, undeserved populations, and persons of color.

Sec. 2. RCW 70.47.020 and 1994 c 309 s 4 are each amended to read as follows:

As used in this chapter:

1. "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

2. "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

3. "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. ((On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in RCW 43.72.010.))

4. "Subsidized enrollee" means an individual, or an individual plus the individual’s spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, ((who the administrator determines shall not have, or shall not have voluntarily relinquished health insurance more comprehensive than that offered by the plan as of the effective date of enrollment,)) and who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

5. "Nonsubsidized enrollee" means an individual, or an individual plus the individual’s spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, ((who the administrator determines shall not have, or shall not have voluntarily relinquished health insurance more comprehensive than that offered by the plan as of the effective date of enrollment,)) and who chooses to obtain basic health care coverage from a particular managed health care system, and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

6. "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee’s responsibility under RCW 70.47.060(2).

7. "Premium" means a periodic payment, based upon gross family income which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

8. "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

NEW SECTION. Sec. 3. A new section is added to chapter 70.47 RCW to read as follows:

1. The legislature recognizes that every individual possesses a fundamental right to exercise their religious beliefs and conscience. The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. Therefore, while recognizing the right of conscientious objection to participating in specific health services, the state shall also recognize the right of individuals enrolled with the basic health plan to receive the full range of services covered under the basic health plan.

2. (a) No individual health care provider, religiously sponsored health carrier, or health care facility may be required by law or contract in any circumstances to participate in the provision of or payment for a specific service if they object to so doing for reason of conscience or religion. No
person may be discriminated against in employment or professional privileges because of such objection.

(b) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the basic health plan. Each health carrier shall:

(i) Provide written notice to enrollees, upon enrollment with the plan, listing services that the carrier refuses to cover for reason of conscience or religion;

(ii) Provide written information describing how an enrollee may directly access services in an expeditious manner; and

(iii) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b)(ii) of this subsection.

(c) The administrator shall establish a mechanism or mechanisms to recognize the right to exercise conscience while ensuring enrollees timely access to services and to assure prompt payment to service providers.

(3)(a) No individual or organization with a religious or moral tenet opposed to a specific service may be required to purchase coverage for that service or services if they object to doing so for reason of conscience or religion.

(b) The provisions of this section shall not result in an enrollee being denied coverage of, and timely access to, any service or services excluded from their benefits package as a result of their employer’s or another individual’s exercise of the conscience clause in (a) of this subsection.

(c) The administrator shall define the process through which health carriers may offer the basic health plan to individuals and organizations identified in (a) and (b) of this subsection in accordance with the provisions of subsection (2)(c) of this section.

(4) Nothing in this section requires the health care authority, health carriers, health care facilities, or health care providers to provide any basic health plan service without payment of appropriate premium share or enrollee cost sharing.

NEW SECTION. Sec. 4. RCW 70.47.065 and 1993 c 494 s 6 are each repealed.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

**SENATE AMENDMENTS TO HOUSE BILL**

April 14, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1010 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) One of its fundamental responsibilities, to the benefit of all the citizens of the state, is the protection of public health and safety, including health and safety in the workplace, and the preservation of the extraordinary natural environment with which Washington is endowed;"
(b) Essential to this mission is the delegation of authority to state agencies to implement the policies established by the legislature; and that the adoption of administrative rules by these agencies helps assure that these policies are clearly understood, fairly applied, and uniformly enforced;

(c) Despite its importance, Washington's regulatory system must not impose excessive, unreasonable, or unnecessary obligations; to do so serves only to discredit government, makes enforcement of essential regulations more difficult, and detrimentally affects the economy of the state and the well-being of our citizens.

(2) The legislature therefore enacts chapter . . ., Laws of 1995 (this act), to be known as the regulatory reform act of 1995, to ensure that the citizens and environment of this state receive the highest level of protection, in an effective and efficient manner, without stifling legitimate activities and responsible economic growth. To that end, it is the intent of the legislature, in the adoption of this act, that:

(a) Unless otherwise authorized, substantial policy decisions affecting the public be made by those directly accountable to the public, namely the legislature, and that state agencies not use their administrative authority to create or amend regulatory programs;

(b) When an agency is authorized to adopt rules imposing obligations on the public, that it do so responsibly: The rules it adopts should be justified and reasonable, with the agency having determined, based on common sense criteria established by the legislature, that the obligations imposed are truly in the public interest;

(c) Governments at all levels better coordinate their regulatory efforts to avoid confusing and frustrating the public with overlapping or contradictory requirements;

(d) The public respect the process whereby administrative rules are adopted, whether or not they agree with the result: Members of the public affected by administrative rules must have the opportunity for a meaningful role in their development; the bases for agency action must be legitimate and clearly articulated;

(e) Members of the public have adequate opportunity to challenge administrative rules with which they have legitimate concerns through meaningful review of the rule by the executive, the legislature, and the judiciary. While it is the intent of the legislature that upon judicial review of a rule, a court should not substitute its judgment for that of an administrative agency, the court should determine whether the agency decision making was rigorous and deliberative; whether the agency reached its result through a process of reason; and whether the agency took a hard look at the rule before its adoption;

(f) In order to achieve greater compliance with administrative rules at less cost, that a cooperative partnership exist between agencies and regulated parties that emphasizes education and assistance before the imposition of penalties; and

(g) Workplace safety and health in this state not be diminished, whether provided by constitution, by statute, or by rule.

(iv) Establishing guidelines to encourage consideration of all pertinent issues, to set reasonable completion deadlines, and to provide fair and objective settlement of disputes that may arise;
(v) Agreeing on a reasonable time period during which the agency will be bound to the rule resulting from the negotiations without substantive amendment; and
(vi) Providing a mechanism by which one or more parties may withdraw from the process or the negotiations may be terminated if it appears that consensus cannot be reached on a draft rule that accommodates the needs of the agency, interested parties, and the general public and conforms to the legislative intent of the statute that the rule is intended to implement)) by which representatives of an agency and of the interests that are affected by a subject of rule making, including, where appropriate, county and city representatives, seek to reach consensus on the terms of the proposed rule and on the process by which it is negotiated; and
(b) Pilot rule making which includes testing the ((draft of a proposed rule)) feasibility of complying with or administering draft new rules or draft amendments to existing rules through the use of volunteer pilot ((study)) groups in various areas and circumstances, as provided in RCW 34.05.313 or as otherwise provided by the agency.

(3)(a) An agency must make a determination whether negotiated rule making, pilot rule making, or another process for generating participation from interested parties prior to development of the rule is appropriate.
(b) An agency must include a written justification in the rule-making file if an opportunity for interested parties to participate in the rule-making process prior to publication of the proposed rule has not been provided.

(4) This section does not apply to:
(a) Emergency rules adopted under RCW 34.05.350;
(b) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;
(c) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master

(e) Rules the content of which is explicitly and specifically dictated by statute;

(f) Rules that set or adjust fees or rates pursuant to legislative standards; or

(g) Rules that adopt, amend, or repeal:

(i) A procedure, practice, or requirement relating to agency hearings; or

(ii) A filing or related process requirement for applying to an agency for a license or permit.

Sec. 302. RCW 34.05.320 and 1994 c 249 s 14 are each amended to read as follows:

(1) At least twenty days before the rule-making hearing at which the agency receives public comment regarding adoption of a rule, the agency shall cause notice of the hearing to be published in the state register. The publication constitutes the proposal of a rule. The notice shall include all of the following:

(2) Upon filing notice of the proposed rule with the code reviser, the adopting agency shall have copies of the notice on file and available for public inspection and shall forward three copies of the notice to the rules review committee.

(3) No later than three days after its publication in the state register, the agency shall cause a copy of the notice of proposed rule adoption to be mailed to each person ((who

(4) In addition to the notice required by subsections (1) and (2) of this section, an institution of higher education shall cause the notice to be published in the campus or standard newspaper of the institution at least seven days before the rule-making hearing.

Sec. 303. RCW 34.05.313 and 1993 c 202 s 4 are each amended to read as follows:

(1) During the development of a rule or after its adoption, an agency ((determines that implementation may produce unreasonable economic, procedural, or technical burdens, agencies are encouraged to)) may develop methods for measuring or testing the feasibility of ((compliance))

((Measuring and testing methods should emphasize)) A pilot project shall include public notice, participation by ((persons who have a recognized interest in or are significantly affected by the adoption of the proposed rule)) volunteers who are or will be subject to the rule, a high level of involvement from agency management, ((consensus on issues and procedures among participants in the pilot group, assurance of fairness, and)) reasonable completion dates, and a process by which one or more parties may withdraw from the process or the process may be terminated ((if consensus cannot be reached on the rule)). Volunteers who agree to test a rule and attempt to meet the requirements of the draft rule, to report periodically to the proposing agency on the extent of their ability to meet the requirements of the draft rule, and to make recommendations for improving the draft rule shall not be obligated to comply fully with the rule being tested nor be subject to any enforcement action or other sanction for failing to comply with the requirements of the draft rule.

(2) An agency conducting a pilot rule project authorized under subsection (1) of this section may waive one or more provisions of agency rules otherwise applicable to participants in such a pilot project if the agency first determines that such a waiver is in the public interest and necessary to conduct the project. Such a waiver may be only for a stated period of time, not to exceed the duration of the project.

(3) The findings of the pilot project should be widely shared and, where appropriate, adopted as amendments to the rule.

(4) If an agency conducts a pilot rule project in lieu of meeting the requirements of the regulatory fairness act, chapter 19.85 RCW, the agency shall ensure the following conditions are met:
(a) If over ten small businesses are affected, there shall be at least ten small businesses in the test group and at least one-half of the volunteers participating in the pilot test group shall be small businesses.
(b)(i) If there are at least one hundred businesses affected, the participation by small businesses in the test group shall be as follows:
(A) Not less than twenty percent of the small businesses must employ twenty-six to fifty employees;
(B) Not less than twenty percent of the small businesses must employ eleven to twenty-six employees, and
(C) Not less than twenty percent of the small businesses must employ zero to ten employees.
(ii) If there do not exist a sufficient number of small businesses in each size category set forth in (b)(i) of this subsection willing to participate in the pilot project to meet the minimum requirements of that subsection, then the agency must comply with this section to the maximum extent practicable.
(c) The agency may not terminate the pilot project before completion.
(d) Before filing the notice of proposed rule making pursuant to RCW 34.05.320, the agency must prepare a report of the pilot rule project that includes:
(i) A description of the difficulties small businesses had in complying with the pilot rule;
(ii) A list of the recommended revisions to the rule to make compliance with the rule easier or to reduce the cost of compliance with the rule by the small businesses participating in the pilot rule project;
(iii) A written statement explaining the options it considered to resolve each of the difficulties described and a statement explaining its reasons for not including a recommendation by the pilot test group to revise the rule; and
(iv) If the agency was unable to meet the requirements set forth in (b)(i) of this subsection, a written explanation of why it was unable to do so and the steps the agency took to include small businesses in the pilot project.

Sec. 304. RCW 34.05.325 and 1994 c 249 s 7 are each amended to read as follows:
(1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written comment about a proposed rule, including supporting data,
shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.

(2) The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.

(3) If the agency possesses equipment capable of receiving telefacsimile transmissions or recorded telephonic communications, the agency may provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency chooses to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission comments and on the minutes of tape recorded comments. The agency shall accept comments received by these means for inclusion in the official record if the comments are made in accordance with the agency’s instructions.

(4) The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Unless the agency head presides or is present at substantially all the hearings, the presiding official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing. The summarizing memorandum is a public document and shall be made available to any person in accordance with chapter 42.17 RCW.

(5) Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.

(6) (Before the adoption of a final rule) (a) Before it files an adopted rule with the code reviser, an agency shall prepare a concise explanatory statement of the rule:
(i) Identifying the agency’s reasons for adopting the rule;
(ii) Describing differences between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editing changes, stating the reasons for differences; and
(iii) Summarizing all comments received regarding the proposed rule, and responding to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so.
(b) The agency shall provide the concise explanatory statement to any person upon request or from whom the agency received comment.

NEW SECTION. Sec. 305. RCW 34.05.355 and 1994 c 249 s 8 & 1988 c 288 s 310 are each repealed.

PART IV

REGULATORY FAIRNESS ACT

NEW SECTION. Sec. 401. A new section is added to chapter 19.85 RCW to read as follows:
(1) Unless an agency receives a written objection to the expedited repeal of a rule, this chapter does not apply to a rule proposed for expedited repeal pursuant to section 701 of this act. If an agency receives a written objection to expedited repeal of the rule, this chapter applies to the rule-making proceeding.

(2) This chapter does not apply to the adoption of a rule described in RCW 34.05.310(4).

(3) An agency is not required to prepare a separate small business economic impact statement under RCW 19.85.040 if it prepared an analysis under section 201 of this act that meets the requirements of a small business economic impact statement, and if the agency reduced the costs imposed by the rule on small business to the extent required by RCW 19.85.030(3). The portion of the analysis that meets the requirements of RCW 19.85.040 shall be filed with the code reviser and provided to any person requesting it in lieu of a separate small business economic impact statement.
Sec. 402. RCW 19.85.030 and 1994 c 249 s 11 are each amended to read as follows:

(1) (In the adoption of any rule pursuant to RCW 34.05.320 that will impose more than minor costs on more than twenty percent of all industries, or more than ten percent of any one industry, the adopting agency:

(a) Shall reduce the economic impact of the rule on small business by doing one or more of the following when it is legal and feasible in meeting the stated objective of the statutes which are the basis of the proposed rule:

(i) Establish differing compliance or reporting requirements or timetables for small businesses;
(ii) Clarify, consolidate, or simplify the compliance and reporting requirements under the rule for small businesses;
(iii) Establish performance rather than design standards;
(iv) Exempt small businesses from any or all requirements of the rule;
(v) Reduce or modify fine schedules for noncompliance; and
(vi) Other mitigation techniques;

(b) Before filing notice of a proposed rule, shall prepare a small business economic impact statement in accordance with RCW 19.85.040 and file notice of how the person can obtain the statement with the code reviser as part of the notice required under RCW 34.05.320.

(2) If requested to do so by a majority vote of the joint administrative rules review committee within thirty days after notice of the proposed rule is published in the state register, an agency shall prepare a small business economic impact statement on the proposed rule before adoption of the rule. Upon completion, an agency shall provide a copy of the small business economic impact statement to any person requesting it.

(3) In the adoption of a rule under chapter 34.05 RCW, an agency shall prepare a small business economic impact statement:

(a) If the proposed rule will impose more than minor costs on businesses in an industry; or
(b) If requested to do so by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320. However, if the agency has completed the pilot rule process as defined by RCW 34.05.313 before filing the notice of a proposed rule, the agency is not required to prepare a small business economic impact statement.

An agency shall prepare the small business economic impact statement in accordance with RCW 19.85.040, and file it with the code reviser along with the notice required under RCW 34.05.320. An agency shall file a statement prepared at the request of the joint administrative rules review committee with the code reviser upon its completion before the adoption of the rule. An agency shall provide a copy of the small business economic impact statement to any person requesting it.

An agency may request assistance from the business assistance center in the preparation of the small business economic impact statement.

(4)) (2) The business assistance center shall develop guidelines to assist agencies in determining whether a proposed rule will impose more than minor costs on businesses in an industry and therefore require preparation of a small business economic impact statement. The business assistance center may review an agency determination that a proposed rule will not impose such costs, and shall advise the joint administrative rules review committee on disputes involving agency determinations under this section.

(3) Based upon the extent of disproportionate impact on small business identified in the statement prepared under RCW 19.85.040, the agency shall, where legal and feasible in meeting the stated objectives of the statutes upon which the rule is based, reduce the costs imposed by the rule on small businesses. Methods to reduce the costs on small businesses may include:

(a) Reducing, modifying, or eliminating substantive regulatory requirements;
(b) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;
(c) Reducing the frequency of inspections;
(d) Delaying compliance timetables;
(e) Reducing or modifying fine schedules for noncompliance; or
(f) Any other mitigation techniques.

Sec. 403. RCW 19.85.040 and 1994 c 249 s 12 are each amended to read as follows:
(1) A small business economic impact statement must include a brief description of the reporting, recordkeeping, and other compliance requirements of the proposed rule, and the kinds of professional services that a small business is likely to need in order to comply with such requirements. It shall analyze the costs of compliance for businesses required to comply with the proposed rule adopted pursuant to RCW 34.05.320, including costs of equipment, supplies, labor, and increased administrative costs. It shall consider, based on input received, whether compliance with the rule will cause businesses to lose sales or revenue. To determine whether the proposed rule will have a disproportionate impact on small businesses, the impact statement must compare the cost of compliance for small business with the cost of compliance for the ten percent of businesses that are the largest businesses required to comply with the proposed rules using one or more of the following as a basis for comparing costs:
   (a) Cost per employee;
   (b) Cost per hour of labor; or
   (c) Cost per one hundred dollars of sales.

(2) A small business economic impact statement must also include:
   (a) A statement of the steps taken by the agency to reduce the costs of the rule on small businesses as required by RCW 19.85.030((1) (3)), or reasonable justification for not doing so, addressing the options listed in RCW 19.85.030((1) (3));
   (b) A description of how the agency will involve small businesses in the development of the rule; and
   (c) A list of industries that will be required to comply with the rule. However, this subsection (2)(c) shall not be construed to preclude application of the rule to any business or industry to which it would otherwise apply.

(3) To obtain information for purposes of this section, an agency may survey a representative sample of affected businesses or trade associations and should, whenever possible, appoint a committee under RCW 34.05.310(2) to assist in the accurate assessment of the costs of a proposed rule, and the means to reduce the costs imposed on small business.

NEW SECTION. Sec. 404. A new section is added to chapter 19.85 RCW to read as follows:
Unless so requested by a majority vote of the joint administrative rules review committee under RCW 19.85.030, an agency is not required to comply with this chapter when adopting any rule solely for the purpose of conformity or compliance, or both, with federal statute or regulations. In lieu of the statement required under RCW 19.85.030, the agency shall file a statement citing, with specificity, the federal statute or regulation with which the rule is being adopted to conform or comply, and describing the consequences to the state if the rule is not adopted.

NEW SECTION. Sec. 405. RCW 19.85.060 and 1989 c 374 s 5 are each repealed.

PART V
STRENGTHENED LEGISLATIVE OVERSIGHT

NEW SECTION. Sec. 501. A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:
The joint administrative rules review committee shall not render a decision on a rule unless a quorum is present. A quorum shall consist of at least five members of the committee. Once a quorum is established, a majority of the quorum may render any decision except a suspension recommendation. A recommendation to suspend a rule under RCW 34.05.640 shall require a majority vote of the entire membership of the rules review committee.

NEW SECTION. Sec. 502. A new section is added to chapter 34.05 RCW under the subchapter heading Part VI to read as follows:
(1) Any person may petition the rules review committee for a review of that rule. Within thirty days of the receipt of the petition, the rules review committee shall acknowledge receipt of the petition
and describe any initial action taken. If the rules review committee rejects the petition, a written
statement of the reasons for rejection shall be included.

(2) Within ninety days of receipt of the petition, the rules review committee shall make a final
decision on the rule for which the petition for review was not previously rejected.

NEW SECTION. Sec. 503. A new section is added to chapter 34.05 RCW under the
subchapter heading Part VI to read as follows:
Any individual employed or holding office in any department or agency of state government
may submit rules warranting review to the rules review committee. Any such state employee is
protected under chapter 42.40 RCW.

Sec. 504. RCW 34.05.660 and 1988 c 288 s 606 are each amended to read as follows:
(1) Except as provided in subsection (2) of this section, it is the express policy of the legislature
that establishment of procedures for review of administrative rules by the legislature and the notice of
objection required by RCW 34.05.630(2) and 34.05.640(2) in no way serves to establish a presumption
as to the legality or constitutionality of a rule in any subsequent judicial proceedings interpreting such
rules.

(2) If the joint administrative rules review committee recommends to the governor that an
existing rule be suspended because it does not conform with the intent of the legislature, the
recommendation shall establish a rebuttable presumption in any proceeding challenging the validity of
the rule that the rule is invalid. The burden of demonstrating the rule’s validity is then on the adopting
agency.

NEW SECTION. Sec. 505. A new section is added to chapter 34.05 RCW under the
subchapter heading Part VI to read as follows:
(1) The rules review committee may make reports from time to time to the members of the
legislature and to the public with respect to any of its findings or recommendations. The committee
shall keep complete minutes of its meetings.

(2) The committee may establish ad hoc advisory boards, including but not limited to, ad hoc
economics or science advisory boards to assist the committee in its rules review functions.

(3) The committee may hire staff as needed to perform functions under this chapter.

NEW SECTION. Sec. 506. A new section is added to chapter 34.05 RCW under the
subchapter heading Part VI to read as follows:
In the discharge of any duty imposed under this chapter, the rules review committee may
examine and inspect all properties, equipment, facilities, files, records, and accounts of any state
office, department, institution, board, committee, commission, or agency, and administer oaths, issue
subpoenas, compel the attendance of witnesses and the production of any papers, books, accounts,
documents, and testimony, and cause the deposition of witnesses, either residing within or without the
state, to be taken in the manner prescribed by law for taking depositions in civil actions in the superior
courts.

NEW SECTION. Sec. 507. A new section is added to chapter 34.05 RCW under the
subchapter heading Part VI to read as follows:
In case of the failure on the part of any person to comply with any subpoena issued in behalf of
the rules review committee, or on the refusal of any witness to testify to any matters regarding which
he or she may be lawfully interrogated, it is the duty of the superior court of any county, or of the
judge thereof, on application of the committee, to compel obedience by proceedings for contempt, as in
the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify
in the court.

Sec. 508. RCW 42.40.010 and 1982 c 208 s 1 are each amended to read as follows:
It is the policy of the legislature that employees should be encouraged to disclose, to the extent
not expressly prohibited by law, improper governmental actions, and it is the intent of the legislature to
protect the rights of state employees making these disclosures. It is also the policy of the legislature that employees should be encouraged to identify rules warranting review or provide information to the rules review committee, and it is the intent of the legislature to protect the rights of these employees.

Sec. 509. RCW 42.40.020 and 1992 c 118 s 1 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(1) "Auditor" means the office of the state auditor.

(2) "Employee" means any individual employed or holding office in any department or agency of state government.

(3)(a) "Improper governmental action" means any action by an employee:

(i) Which is undertaken in the performance of the employee's official duties, whether or not the action is within the scope of the employee's employment; and

(ii) Which is in violation of any state law or rule, is an abuse of authority, is of substantial and specific danger to the public health or safety, or is a gross waste of public funds.

(b) "Improper governmental action" does not include personnel actions including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, or any action which may be taken under chapter 41.06 ((or 28B.16)) RCW, or other disciplinary action except as provided in RCW 42.40.030.

(4) "Use of official authority or influence" includes taking, directing others to take, recommending, processing, or approving any personnel action such as an appointment, promotion, transfer, assignment, reassignment, reinstatement, restoration, reemployment, performance evaluation, or any adverse action under chapter 41.06 ((or 28B.16)) RCW, or other disciplinary action.

(5) "Whistleblower" means an employee who in good faith reports alleged improper governmental action to the auditor, initiating an investigation under RCW 42.40.040. For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means: (a) An employee who in good faith provides information to the auditor in connection with an investigation under RCW 42.40.040 and an employee who is believed to have reported alleged improper governmental action to the auditor or to have provided information to the auditor in connection with an investigation under RCW 42.40.040 but who, in fact, has not reported such action or provided such information; or (b) an employee who in good faith identifies rules warranting review or provides information to the rules review committee, and an employee who is believed to have identified rules warranting review or provided information to the rules review committee but who, in fact, has not done so.

Sec. 510. RCW 42.40.030 and 1989 c 284 s 2 are each amended to read as follows:

(1) An employee shall not directly or indirectly use or attempt to use the employee's official authority or influence for the purpose of intimidating, threatening, coercing, commanding, influencing, or attempting to intimidate, threaten, coerce, command, or influence any individual for the purpose of interfering with the right of the individual to: (a) Disclose to the auditor (or representative thereof) information concerning improper governmental action; or (b) identify rules warranting review or provide information to the rules review committee.

(2) Nothing in this section authorizes an individual to disclose information otherwise prohibited by law.

NEW SECTION. Sec. 511. Before the 1996 legislative session, the appropriate standing committees of the legislature shall study alternative means to provide effective, objective oversight of state agency rule making, and make a recommendation whether the joint administrative rules review committee should be continued or replaced.

PART VI
TECHNICAL ASSISTANCE
NEW SECTION.  Sec. 601. The legislature finds that, due to the volume and complexity of laws and rules it is appropriate for regulatory agencies to adopt programs and policies that encourage voluntary compliance by those affected by specific rules. The legislature recognizes that a cooperative partnership between agencies and regulated parties that emphasizes education and assistance before the imposition of penalties will achieve greater compliance with laws and rules and that most individuals and businesses who are subject to regulation will attempt to comply with the law, particularly if they are given sufficient information. In this context, enforcement should assure that the majority of a regulated community that complies with the law are not placed at a competitive disadvantage and that a continuing failure to comply that is within the control of a party who has received technical assistance is considered by an agency when it determines the amount of any civil penalty that is issued.

NEW SECTION.  Sec. 602. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Civil penalty" means a monetary penalty administratively issued by a regulatory agency for noncompliance with state or federal law or rules. The term does not include any criminal penalty, damage assessments, wages, premiums, or taxes owed, or interest or late fees on any existing obligation.

(2) "Regulatory agency" means an agency as defined in RCW 34.05.010 that has the authority to issue civil penalties. The term does not include the state patrol or any institution of higher education as defined in RCW 28B.10.016.

(3) "Technical assistance" includes:
   (a) Information on the laws, rules, and compliance methods and technologies applicable to the regulatory agency’s programs;
   (b) Information on methods to avoid compliance problems;
   (c) Assistance in applying for permits; and
   (d) Information on the mission, goals, and objectives of the program.

NEW SECTION.  Sec. 603. All regulatory agencies shall develop programs to encourage voluntary compliance by providing technical assistance consistent with statutory requirements. The programs shall include but are not limited to technical assistance visits, printed information, information and assistance by telephone, training meetings, and other appropriate methods to provide technical assistance. In addition, all regulatory agencies shall provide upon request a list of organizations, including private companies, that provide technical assistance. This list shall be compiled by the agencies from information submitted by the organizations and shall not constitute an endorsement by an agency of any organization.

NEW SECTION.  Sec. 604. (1) For the purposes of this chapter, a technical assistance visit is a visit by a regulatory agency to a facility, business, or other location that:
   (a) Has been requested or is voluntarily accepted; and
   (b) Is declared by the regulatory agency at the beginning of the visit to be a technical assistance visit.

(2) A technical assistance visit also includes a consultative visit pursuant to RCW 49.17.250.

(3) During a technical assistance visit, or within a reasonable time thereafter, a regulatory agency shall inform the owner or operator of the facility of any violations of law or agency rules identified by the agency as follows:
   (a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;
   (b) A statement of what is required to achieve compliance;
   (c) The date by which the agency requires compliance to be achieved;
   (d) Notice of the means to contact any technical assistance services provided by the agency or others; and
   (e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the agency.
NEW SECTION.  Sec. 605. The owner and operator shall be given a reasonable period of time to correct violations identified during a technical assistance visit before any civil penalty provided for by law is imposed for those violations. A regulatory agency may revisit a facility, business, or other location after a technical assistance visit and a reasonable period of time has passed to correct violations identified by the agency in writing and issue civil penalties as provided for by law for any uncorrected violations.

NEW SECTION.  Sec. 606. A regulatory agency that observes a violation during a technical assistance visit may issue a civil penalty as provided for by law if: (1) The individual or business has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) the issue involves sales taxes due to the state and the individual or business is not remitting previously collected sales taxes to the state; or (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars.

NEW SECTION.  Sec. 607. (1) If in the course of any site inspection or visit that is not a technical assistance visit, the department of ecology becomes aware of conditions that are not in compliance with applicable laws and rules enforced by the department and are not subject to civil penalties as provided for in section 608 of this act, the department may issue a notice of correction to the responsible party that shall include:
   (a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;
   (b) A statement of what is required to achieve compliance;
   (c) The date by which the department requires compliance to be achieved;
   (d) Notice of the means to contact any technical assistance services provided by the department or others; and
   (e) Notice of when, where, and to whom a request to extend the time to achieve compliance for good cause may be filed with the department.

   (2) A notice of correction is not a formal enforcement action, is not subject to appeal, and is a public record.

   (3) If the department issues a notice of correction, it shall not issue a civil penalty for the violations identified in the notice of correction unless the responsible party fails to comply with the notice.

NEW SECTION.  Sec. 608. The department of ecology may issue a civil penalty provided for by law without first issuing a notice of correction if: (1) The person has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) compliance is not achieved by the date established by the department in a previously issued notice of correction, if the department has responded to any request for review of such date by reaffirming the original date or establishing a new date; or (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars.

NEW SECTION.  Sec. 609. The provisions of sections 607 and 608 of this act affecting civil penalties issued by the department of ecology shall not apply to civil penalties for negligent discharge of oil as authorized under RCW 90.56.330 or to civil penalties as authorized under RCW 90.03.600 for unlawful use of water in violation of RCW 90.03.250 or 90.44.050.
NEW SECTION.  Sec. 610.  (1) Following a consultative visit pursuant to RCW 49.17.250, the department of labor and industries shall issue a report to the employer that the employer shall make available to its employees. The report shall contain:

(2) Following a compliance inspection pursuant to RCW 49.17.120, the department of labor and industries shall issue a citation for violations of industrial safety and health standards. The citation shall not assess a penalty if the violations:
(a) Are determined not to be of a serious nature;
(b) Have not been previously cited;
(c) Are not willful; and
(d) Do not have a mandatory penalty under chapter 49.17 RCW.

NEW SECTION.  Sec. 611.  (1) If in the course of any inspection or visit that is not a technical assistance visit, the department of agriculture, fish and wildlife, health, licensing, or natural resources becomes aware of conditions that are not in compliance with applicable laws and rules enforced by the department and are not subject to civil penalties as provided for in section 612 of this act, the department may issue a notice of correction to the responsible party that shall include:
(a) A description of the condition that is not in compliance and a specific citation to the applicable law or rule;

(3) If the department issues a notice of correction, it shall not issue a civil penalty for the violations identified in the notice of correction unless the responsible party fails to comply with the notice.

NEW SECTION.  Sec. 612.  The department of agriculture, fish and wildlife, health, licensing, or natural resources may issue a civil penalty provided for by law without first issuing a notice of correction if: (1) The person has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule or has been given previous notice of the same or similar type of violation of the same statute or rule; or (2) compliance is not achieved by the date established by the department in a previously issued notice of correction, if the department has responded to any request for review of such date by reaffirming the original date or establishing a new date; (3) the violation has a probability of placing a person in danger of death or bodily harm, has a probability of causing more than minor environmental harm, or has a probability of causing physical damage to the property of another in an amount exceeding one thousand dollars; or (4) the violation was committed by a business that employed fifty or more employees on at least one day in each of the preceding twelve months. In addition, the department of fish and wildlife may issue a civil penalty provided for by law without first issuing a notice of correction for a violation of any rule dealing with seasons, catch or bag limits, gear types, or geographical areas for fish or wildlife removal, reporting, or disposal.
NEW SECTION. Sec. 613. The date for compliance established by the department of ecology, labor and industries, agriculture, fish and wildlife, health, licensing, or natural resources pursuant to section 607, 610, or 611 of this act respectively shall provide for a reasonable time to achieve compliance. Any person receiving a notice of correction pursuant to section 607 or 611 of this act or a report or citation pursuant to section 610 of this act may request an extension of time to achieve compliance for good cause from the issuing department. Requests shall be submitted to the issuing department and responded to by the issuing department in writing in accordance with procedures specified by the issuing department in the notice, report, or citation.

NEW SECTION. Sec. 614. The departments of revenue and labor and industries and the employment security department shall undertake an educational program directed at those who have the most difficulty in determining their tax or premium liability. The departments may rely on information from internal data, trade associations, and businesses to determine which entities should be selected. The educational programs may include, but not be limited to, targeted informational fact sheets, self-audits, or workshops, and may be presented individually by the agency or in conjunction with other agencies.

NEW SECTION. Sec. 615. The department of revenue, the department of labor and industries in respect to its duties in Title 51 RCW, and the employment security department shall develop and administer a pilot voluntary audit program. Voluntary audits can be requested by businesses from any of these agencies according to guidelines established by each agency. No penalty assessments may be made against participants in such a program except when the agency determines that either a good faith effort has not been made by the taxpayer or premium payer to comply with the law or that the taxpayer has failed to remit previously collected sales taxes to the state. The persons conducting the voluntary audit shall provide the business undergoing the voluntary audit an audit report that describes errors or omissions found and future reporting instructions. This program does not relieve a business from past or future tax or premium obligations.

NEW SECTION. Sec. 616. The departments of revenue and labor and industries and the employment security department shall each review the penalties it issues related to taxes or premiums to determine if they are consistent and provide for waivers in appropriate circumstances. Each department shall report the results of its review to the legislature no later than December 1, 1995.

NEW SECTION. Sec. 617. Nothing in this chapter obligates a regulatory agency to conduct a technical assistance visit. The state and officers or employees of the state shall not be liable for damages to a person to the extent that liability is asserted to arise from providing technical assistance, or if liability is asserted to arise from the failure of the state or officers or employees of the state to provide technical assistance. This chapter does not limit the authority of any regulatory agency to take any enforcement action, other than a civil penalty, authorized by law. This chapter shall not limit a regulatory agency’s authority to issue a civil penalty as authorized by law based upon a person’s failure to comply with specific terms and conditions of any permit or license issued by the agency to that person.

NEW SECTION. Sec. 618. Agency rules, guidelines, and procedures necessary to implement sections 601 through 615, 617, and 619 through 621 of this act shall be established and implemented expeditiously and not later than July 1, 1996.

NEW SECTION. Sec. 619. If a regulatory agency determines any part of this chapter to be in conflict with federal law or program requirements, in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, or in conflict with the requirements for eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this chapter shall be inoperative solely to the extent of the conflict. Any rules under this chapter shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.
NEW SECTION. Sec. 620. If notified by responsible federal officials of any conflict of this chapter with federal law or program requirements or with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the regulatory agency notified of the conflict shall actively seek to resolve the conflict. If the agency determines that the conflict cannot be resolved without loss of benefits or authority to the state, the agency shall notify the governor, the president of the senate, and the speaker of the house of representatives in writing within thirty days of making that determination.

NEW SECTION. Sec. 621. (1) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state regulatory agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of sections 601 through 615, 617, and 619 through 621 of this act on the regulatory system in this state. The report shall document:
   (a) Technical assistance, including but not limited to technical assistance visits, provided by state regulatory agencies consistent with this chapter;
   (b) Any rules adopted, guidelines developed, or training conducted to implement this chapter;
   (c) Any changes in the appropriation, allocation, or expenditure of regulatory agency resources to implement this chapter;
   (d) Any legal action against state regulatory agencies for any alleged failure to comply with this chapter, the costs to the state of the action, and the result;
   (e) The extent to which this chapter has resulted in either an increase or decrease in regulatory agency use of civil penalties;
   (f) The extent to which this chapter has contributed to any change in voluntary compliance with state statutes or rules;
   (g) The extent to which this chapter has improved the acceptability or effectiveness of state regulatory procedures; and
   (h) Any other information considered by the office of financial management to be useful in evaluating the effect of this chapter.
(2) This section shall expire June 30, 2000.

(2) There shall be three categories of violations: Minor, serious, and major.
   (a) A minor violation is a violation that does not seriously threaten public health, safety, and the environment. Minor violations include, but are not limited to:

   (c) The penalty for a major violation shall be not less than five thousand dollars and not more than ten thousand dollars.

(7) Penalties collected by the department pursuant to this section shall be deposited in the reclamation account established by chapter 89.16 RCW. Subject to legislative appropriation, the penalties may be spent only for purposes related to the restoration and enhancement of ground water resources in the state.

Sec. 629. RCW 49.17.180 and 1991 c 108 s 1 are each amended to read as follows:
(1) Except as provided in section 610 of this act, any employer who willfully or repeatedly violates the requirements of RCW 49.17.060, of any safety or health standard promulgated under the authority of this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or
49.17.090 may be assessed a civil penalty not to exceed seventy thousand dollars for each violation. A minimum penalty of five thousand dollars shall be assessed for a willful violation.

(3) Any employer who has received a citation for a violation of the requirements of RCW 49.17.060, of any safety or health standard promulgated under this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090, where such violation is specifically determined not to be of a serious nature as provided in subsection (6) of this section, may be assessed a civil penalty not to exceed seven thousand dollars for each such violation, unless such violation is determined to be de minimis.

(4) Any employer who fails to correct a violation for which a citation has been issued under RCW 49.17.120 or 49.17.130 within the period permitted for its correction, which period shall not begin to run until the date of the final order of the board of industrial insurance appeals in the case of any review proceedings under this chapter initiated by the employer in good faith and not solely for delay or avoidance of penalties, may be assessed a civil penalty of not more than seven thousand dollars for each day during which such failure or violation continues.

(5) Any employer who violates any of the posting requirements of this chapter, or any of the posting requirements of rules promulgated by the department pursuant to this chapter related to employee or employee representative’s rights to notice, including but not limited to those employee rights to notice set forth in RCW 49.17.080, 49.17.090, 49.17.120, 49.17.130, 49.17.220(1) and 49.17.240(2), shall be assessed a penalty not to exceed seven thousand dollars for each such violation. Any employer who violates any of the posting requirements for the posting of informational, educational, or training materials under the authority of RCW 49.17.050(7), may be assessed a penalty not to exceed seven thousand dollars for each such violation.

(6) For the purposes of this section, a serious violation shall be deemed to exist in a work place if there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use in such work place, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(7) The director, or his authorized representatives, shall have authority to assess all civil penalties provided in this section, giving due consideration to the appropriateness of the penalty with respect to the number of affected employees of the employer being charged, the gravity of the violation, the size of the employer’s business, the good faith of the employer, and the history of previous violations.

(8) Civil penalties imposed under this chapter shall be paid to the director for deposit in the supplemental pension fund established by RCW 51.44.033. Civil penalties may be recovered in a civil action in the name of the department brought in the superior court of the county where the violation is alleged to have occurred, or the department may utilize the procedures for collection of civil penalties as set forth in RCW 51.48.120 through 51.48.150.

Any person who fails to take action as specified by an order issued pursuant to this chapter shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued noncompliance.

(2) Penalties incurred but not paid shall accrue interest, beginning on the ninety-first day following the date that the penalty becomes due and payable, at the highest rate allowed by RCW 19.52.020 on the date that the penalty becomes due and payable. If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan.

In case of continuing violation, every day’s continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review by the hearings board is filed. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or any county in which such violator may do business, to recover such penalty. (2) Any person who fails to comply with this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each violation or each day of noncompliance shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) Any penalty imposed pursuant to this section by the department shall be subject to review by the pollution control hearings board. Any penalty imposed pursuant to this section by local government shall be subject to review by the local government legislative authority. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day’s continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. (1) Except as provided in sections 607 through 609 and 617 of this act, the attorney general or the attorney for the local government shall bring such injunctive, declaratory, or other actions as are necessary to insure that no uses are made of the shorelines of the state in conflict with the provisions and programs of this chapter, and to otherwise enforce the provisions of this chapter.

(2) Any person who shall fail to conform to the terms of a permit issued under this chapter or who shall undertake development on the shorelines of the state without first obtaining any permit required under this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each permit violation or each day of continued development without a required permit shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) Within thirty days after the notice is received, the person incurring the penalty may apply in writing to the department for remission or mitigation of such penalty. Upon receipt of the application, the department or local government may remit or mitigate the penalty upon whatever terms the department or local government in its discretion deems proper. Any penalty imposed pursuant to this section by the department shall be subject to review by the shorelines hearings board. Any penalty imposed pursuant to this section by local government shall be subject to review by the local government legislative authority. Any penalty jointly imposed by the department and local government shall be appealed to the shorelines hearings board.

Sec. 638. RCW 90.58.560 and 1983 c 138 s 2 are each amended to read as follows:

(1) Except as provided in sections 607 through 609 and 617 of this act, a person who violates RCW 90.58.550, or any rule adopted thereunder, is subject to a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day’s continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(2) The penalty shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the director or the director’s representative describing such violation with reasonable particularity. The director or the director’s representative may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed to carry out the
purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he or she deems proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he or she may deem proper.

(3) Any person incurring any penalty under this section may appeal the penalty to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or the director's representative setting forth the disposition of the application. Any penalty imposed under this section shall become due and payable thirty days after receipt of notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred under this section is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund.

Sec. 639. RCW 90.76.080 and 1989 c 346 s 9 are each amended to read as follows:

(1) Except as provided in sections 607 through 609 and 617 of this act, a person who fails to notify the department pursuant to tank notification requirements or who submits false information is subject to a civil penalty not to exceed five thousand dollars per violation.

(2) Except as provided in sections 607 through 609 and 617 of this act, a person who violates this chapter is subject to a civil penalty not to exceed five thousand dollars for each tank per day of violation.

PART VII
RULES REVIEW

NEW SECTION. Sec. 701. A new section is added to chapter 34.05 RCW under the subchapter heading Part III to read as follows:

(1) Not later than June 30th of each year, each agency shall submit to the code reviser, according to procedures and time lines established by the code reviser, rules that it determines should be repealed by the expedited repeal procedures provided for in this section. An agency shall file a copy of a preproposal notice of inquiry, as provided in RCW 34.05.310(1), that identifies the rule as one that is proposed for expedited repeal.

(2) An agency may propose the expedited repeal of rules meeting one or more of the following criteria:

(a) The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;

(b) The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;

(c) The rule is no longer necessary because of changed circumstances; or

(d) Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

(3) The agency shall also send a copy of the preproposal notice of inquiry to any person who has requested notification of copies of proposals for the expedited repeal of rules or of agency rule
making. The preproposal notice of inquiry shall include a statement that any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after the preproposal notice of inquiry is published. The notice of inquiry shall also include an explanation of the reasons the agency believes the expedited repeal of the rule is appropriate.

(4) The code reviser shall publish all rules proposed for expedited repeal in a separate section of a regular edition of the Washington state register or in a special edition of the Washington state register. The publication shall be not later than July 31st of each year, or in the first register published after that date.

(5) Any person may file a written objection to the expedited repeal of a rule. The notice shall be filed with the agency rules coordinator within thirty days after the notice of inquiry has been published in the Washington state register. The written objection need not state any reason for objecting to the expedited repeal of the rule.

(6) If no written objections to the expedited repeal of a rule are filed with the agency within thirty days after the preproposal notice of inquiry is published, the agency may enter an order repealing the rule without further notice or an opportunity for a public hearing. The order shall be published in the manner required by this chapter for any other order of the agency adopting, amending, or repealing a rule. If a written objection to the expedited repeal of the rule is filed with the agency within thirty days after the notice of inquiry has been published, the preproposal notice of inquiry published pursuant to this section shall be considered a preproposal notice of inquiry for the purposes of RCW 34.05.310(1) and the agency may initiate rule adoption proceedings in accordance with the provisions of this chapter.

Sec. 702. RCW 34.05.230 and 1988 c 288 s 203 are each amended to read as follows:

(1) If the adoption of rules is not feasible and practicable, an agency is encouraged to advise the public of its current opinions, approaches, and likely courses of action by means of interpretive or policy statements. Current interpretive and policy statements are advisory only. An agency is encouraged to convert long-standing interpretive and policy statements into rules.

(2) A person may petition an agency requesting the conversion of interpretive and policy statements into rules. Upon submission, the agency shall notify the joint administrative rules review committee of the petition. Within sixty days after submission of a petition, the agency shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with this chapter.

(3) Each agency shall maintain a roster of interested persons, consisting of persons who have requested in writing to be notified of all interpretive and policy statements issued by that agency. Each agency shall update the roster once each year and eliminate persons who do not indicate a desire to continue on the roster. Whenever an agency issues an interpretive or policy statement, it shall send a copy of the statement to each person listed on the roster. The agency may charge a nominal fee to the interested person for this service.

Sec. 703. RCW 34.05.330 and 1988 c 288 s 305 are each amended to read as follows:

(1) Any person may petition an agency requesting the adoption, amendment, or repeal of any rule. (Each agency may) The office of financial management shall prescribe by rule the format for such petitions and the procedure for their submission, consideration, and disposition and provide a standard form that may be used to petition any agency. Within sixty days after submission of a petition, the agency shall either (a) deny the petition in writing, stating its reasons for the denial, specifically addressing the concerns raised by the petitioner, or (b) initiate rule-making proceedings in accordance with this chapter.

(2) If an agency denies a petition to repeal or amend a rule submitted under subsection (1) of this section, the petitioner, within thirty days of the denial, may appeal the denial to the governor. The governor shall immediately file notice of the appeal with the code reviser for publication in the Washington state register. Within forty-five days after receiving the appeal, the governor shall either (a) deny the petition in writing, stating his or her reasons for the denial, specifically addressing the concerns raised by the petitioner, or (b) initiate rule-making proceedings in accordance with this chapter.
will address the concerns raised by the petitioner; (b) for agencies listed in RCW 43.17.010, direct the agency to initiate rule-making proceedings in accordance with this chapter; or (c) for agencies not listed in RCW 43.17.010, recommend that the agency initiate rule-making proceedings in accordance with this chapter. The governor’s response to the appeal shall be published in the Washington state register and copies shall be submitted to the chief clerk of the house of representatives and the secretary of the senate.

(3) In petitioning for repeal or amendment of a rule under this section, a person is encouraged to address, among other concerns:

(a) Whether the rule is authorized;
(b) Whether the rule is needed;
(c) Whether the rule conflicts with or duplicates other federal, state, or local laws;
(d) Whether alternatives to the rule exist that will serve the same purpose at less cost;
(e) Whether the rule applies differently to public and private entities;
(f) Whether the rule serves the purposes for which it was adopted;
(g) Whether the costs imposed by the rule are unreasonable;
(h) Whether the rule is clearly and simply stated; and
(i) Whether the rule is different than a federal law applicable to the same activity or subject matter without adequate justification.

(4) The business assistance center and the office of financial management shall coordinate efforts among agencies to inform the public about the existence of this rules review process.

(5) The office of financial management shall initiate the rule making required by subsection (1) of this section by September 1, 1995.

NEW SECTION. Sec. 704. A new section is added to chapter 1.08 RCW to read as follows:
(1) The code reviser shall compile and publish on a quarterly basis a report on state agency rule-making activity. The report shall summarize the following information by agency and by type of activity for new, amended, and repealed rules adopted by state agencies pursuant to chapter 34.05 RCW:

(a) The number adopted, proposed for adoption, and withdrawn;
(b) The number adopted as emergency rules;
(c) The number adopted in order to comply with federal statute, with federal rules or standards, and with recently enacted state statutes;
(d) The number adopted at the request of a nongovernmental entity;
(e) The number adopted on an agency’s own initiative;
(f) The number adopted in order to clarify, streamline, or reform agency procedures;
(g) The number of petitions for review of rules received by agencies;
(h) The number of rules appealed to superior court; and
(i) The number adopted using negotiated rule making, pilot rule making, or other alternative rule-making mechanisms.

(2) For purposes of the report required by this section, each Washington State Register filing section shall be considered as a separate rule. The code reviser may adopt rules necessary to implement this section. To the maximum extent practicable, the code reviser shall use information supplied on forms provided by state agencies pursuant to chapter 34.05 RCW to prepare the report required by this section.

PART VIII
JUDICIAL REVIEW

Sec. 801. RCW 34.05.370 and 1994 c 249 s 2 are each amended to read as follows:
(1) Each agency shall maintain an official rule-making file for each rule that it (a) proposes by publication in the state register, or (b) adopts. The file and materials incorporated by reference shall be available for public inspection.
(2) The agency rule-making file shall contain all of the following:
(a) Copies of all publications in the state register with respect to the rule or the proceeding upon which the rule is based;

(b) Copies of any portions of the agency’s public rule-making docket containing entries relating to the rule or the proceeding on which the rule is based;

(c) All written petitions, requests, submissions, and comments received by the agency and all other written material regarded by the agency as important to adoption of the rule or the proceeding on which the rule is based;

(d) Any official transcript of oral presentations made in the proceeding on which the rule is based or, if not transcribed, any tape recording or stenographic record of them, and any memorandum prepared by a presiding official summarizing the contents of those presentations;

(e) The concise explanatory statement required by RCW 34.05.355;

(f) All petitions for exceptions to, amendment of, or repeal or suspension of, the rule;

(g) Citations to data, factual information, studies, or reports on which the agency relies in the adoption of the rule, indicating where such data, factual information, studies, or reports are available for review by the public, but this subsection (2)(f) does not require the agency to include in the rule-making file any data, factual information, studies, or reports gathered pursuant to chapter 19.85 RCW that can be identified to a particular business;

(h) The concise explanatory statement required by RCW 34.05.325(6); and

(i) Any other material placed in the file by the agency.

(3) Internal agency documents are exempt from inclusion in the rule-making file under subsection (2) of this section to the extent they constitute preliminary drafts, notes, recommendations, and intra-agency memoranda in which opinions are expressed or policies formulated or recommended, except that a specific document is not exempt from inclusion when it is publicly cited by an agency in connection with its decision.

(4) Upon judicial review, the file required by this section constitutes the official agency rule-making file with respect to that rule. Unless otherwise required by another provision of law, the official agency rule-making file need not be the exclusive basis for agency action on that rule.

Sec. 802. RCW 34.05.570 and 1989 c 175 s 27 are each amended to read as follows:

(1) Generally. Except to the extent that this chapter or another statute provides otherwise:

(a) The burden of demonstrating the invalidity of agency action is on the party asserting invalidity;

(b) The validity of agency action shall be determined in accordance with the standards of review provided in this section, as applied to the agency action at the time it was taken;

(c) The court shall make a separate and distinct ruling on each material issue on which the court’s decision is based; and

(d) The court shall grant relief only if it determines that a person seeking judicial relief has been substantially prejudiced by the action complained of.

(2) Review of rules. (a) A rule may be reviewed by petition for declaratory judgment filed pursuant to this subsection or in the context of any other review proceeding under this section. In an action challenging a rule, the agency shall be made a party to the proceeding.

(b) The validity of any rule may be determined upon petition for a declaratory judgment addressed to the superior court of Thurston county, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair the legal rights or privileges of the petitioner. The declaratory judgment order may be entered whether or not the petitioner has first requested the agency to pass upon the validity of the rule in question.

(c) In a proceeding involving review of a rule, the court shall declare the rule invalid only if it finds that: ((it)) The rule violates constitutional provisions; the rule exceeds the statutory authority of the agency; the rule was adopted without compliance with statutory rule-making procedures or could not conceivably have been the product of a rational decision-maker; or the rule is arbitrary and capricious.

(3) Review of agency orders in adjudicative proceedings. The court shall grant relief from an agency order in an adjudicative proceeding only if it determines that:
(a) The order, or the statute or rule on which the order is based, is in violation of constitutional provisions on its face or as applied;
(b) The order is outside the statutory authority or jurisdiction of the agency conferred by any provision of law;
(c) The agency has engaged in unlawful procedure or decision-making process, or has failed to follow a prescribed procedure;
(d) The agency has erroneously interpreted or applied the law;
(e) The order is not supported by evidence that is substantial when viewed in light of the whole record before the court, which includes the agency record for judicial review, supplemented by any additional evidence received by the court under this chapter;
(f) The agency has not decided all issues requiring resolution by the agency;
(g) A motion for disqualification under RCW 34.05.425 or 34.12.050 was made and was improperly denied or, if no motion was made, facts are shown to support the grant of such a motion that were not known and were not reasonably discoverable by the challenging party at the appropriate time for making such a motion;
(h) The order is inconsistent with a rule of the agency unless the agency explains the inconsistency by stating facts and reasons to demonstrate a rational basis for inconsistency; or
(i) The order is arbitrary or capricious.

4) Review of other agency action.

(a) All agency action not reviewable under subsection (2) or (3) of this section shall be reviewed under this subsection.
(b) A person whose rights are violated by an agency’s failure to perform a duty that is required by law to be performed may file a petition for review pursuant to RCW 34.05.514, seeking an order requiring performance. Within twenty days after service of the petition for review, the agency shall file and serve an answer to the petition, made in the same manner as an answer to a complaint in a civil action. The court may hear evidence, pursuant to RCW 34.05.562, on material issues of fact raised by the petition and answer.
(c) Relief for persons aggrieved by the performance of an agency action, including the exercise of discretion, or an action under (b) of this subsection can be granted only if the court determines that the action is:
(i) Unconstitutional;
(ii) Outside the statutory authority of the agency or the authority conferred by a provision of law;
(iii) Arbitrary or capricious; or
(iv) Taken by persons who were not properly constituted as agency officials lawfully entitled to take such action.

Sec. 803. RCW 34.05.534 and 1988 c 288 s 507 are each amended to read as follows:
A person may file a petition for judicial review under this chapter only after exhausting all administrative remedies available within the agency whose action is being challenged, or available within any other agency authorized to exercise administrative review, except:
(1) A petitioner for judicial review of a rule need not have participated in the rule-making proceeding upon which that rule is based, ((or)) have petitioned for its amendment or repeal, or have appealed a petition for amendment or repeal to the governor;
(2) A petitioner for judicial review need not exhaust administrative remedies to the extent that this chapter or any other statute states that exhaustion is not required; or
(3) The court may relieve a petitioner of the requirement to exhaust any or all administrative remedies upon a showing that:
(a) The remedies would be patently inadequate;
(b) The exhaustion of remedies would be futile; or
(c) The grave irreparable harm that would result from having to exhaust administrative remedies would clearly outweigh the public policy requiring exhaustion of administrative remedies.

PART IX
EQUAL ACCESS TO JUSTICE

NEW SECTION. Sec. 901. The legislature finds that certain individuals, smaller partnerships, smaller corporations, and other organizations may be deterred from seeking review of or defending against an unreasonable agency action because of the expense involved in securing the vindication of their rights in administrative proceedings. The legislature further finds that because of the greater resources and expertise of the state of Washington, individuals, smaller partnerships, smaller corporations, and other organizations are often deterred from seeking review of or defending against state agency actions because of the costs for attorneys, expert witnesses, and other costs. The legislature therefore adopts this equal access to justice act to ensure that these parties have a greater opportunity to defend themselves from inappropriate state agency actions and to protect their rights.

NEW SECTION. Sec. 902. A new section is added to chapter 4.84 RCW to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout sections 902 through 904 of this act.

(1) "Agency" means any state board, commission, department, institution of higher education, or officer, authorized by law to make rules or to conduct adjudicative proceedings, except those in the legislative or judicial branches, the governor, or the attorney general except to the extent otherwise required by law.

(2) "Agency action" means agency action as defined by chapter 34.05 RCW.

(3) "Fees and other expenses" includes the reasonable expenses of expert witnesses, the reasonable cost of a study, analysis, engineering report, test, or project that is found by the court to be necessary for the preparation of the party’s case, and reasonable attorneys’ fees. Reasonable attorneys’ fees shall be based on the prevailing market rates for the kind and quality of services furnished, except that (a) no expert witness shall be compensated at a rate in excess of the highest rates of compensation for expert witnesses paid by the state of Washington, and (b) attorneys’ fees shall not be awarded in excess of one hundred fifty dollars per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceedings involved, justifies a higher fee.

(4) "Judicial review" means a judicial review as defined by chapter 34.05 RCW.

(5) "Qualified party" means (a) an individual whose net worth did not exceed one million dollars at the time the initial petition for judicial review was filed or (b) a sole owner of an unincorporated business, or a partnership, corporation, association, or organization whose net worth did not exceed five million dollars at the time the initial petition for judicial review was filed, except that an organization described in section 501(c)(3) of the federal internal revenue code of 1954 as exempt from taxation under section 501(a) of the code and a cooperative association as defined in section 15(a) of the agricultural marketing act (12 U.S.C. 1141J(a)), may be a party regardless of the net worth of such organization or cooperative association.

NEW SECTION. Sec. 903. A new section is added to chapter 4.84 RCW to read as follows:

(1) Except as otherwise specifically provided by statute, a court shall award a qualified party that prevails in a judicial review of an agency action fees and other expenses, including reasonable attorneys’ fees, unless the court finds that the agency action was substantially justified or that circumstances make an award unjust. A qualified party shall be considered to have prevailed if the qualified party obtained relief on a significant issue that achieves some benefit that the qualified party sought.

(2) The amount awarded a qualified party under subsection (1) of this section shall not exceed twenty-five thousand dollars. Subsection (1) of this section shall not apply unless all parties challenging the agency action are qualified parties. If two or more qualified parties join in an action, the award in total shall not exceed twenty-five thousand dollars. The court, in its discretion, may reduce the amount to be awarded pursuant to subsection (1) of this section, or deny any award, to the extent that a qualified party during the course of the proceedings engaged in conduct that unduly or unnecessarily protracted the final resolution of the matter in controversy.
NEW SECTION. Sec. 904. A new section is added to chapter 4.84 RCW to read as follows: Fees and other expenses awarded under sections 902 and 903 of this act shall be paid by the agency over which the party prevails from operating funds appropriated to the agency within sixty days. Agencies paying fees and other expenses pursuant to sections 902 and 903 of this act shall report all payments to the office of financial management within five days of paying the fees and other expenses. Fees and other expenses awarded by the court shall be subject to the provisions of chapter 39.76 RCW and shall be deemed payable on the date the court announces the award.

NEW SECTION. Sec. 905. A new section is added to chapter 43.88 RCW to read as follows: The office of financial management shall report annually to the legislature on the amount of fees and other expenses awarded during the preceding fiscal year pursuant to sections 902 through 904 of this act. The report shall describe the number, nature, and amount of the awards, the claims involved in the controversy, and other relevant information that may aid the legislature in evaluating the scope and impact of the awards.

PART X

(2) Analysis of the costs and benefits, as well as funding sources, staffing levels, and technological issues involved in completing the project;
(3) The use of the state unified business identifier as the key number for identifying persons and businesses, for licensing purposes, throughout local, state and, if appropriate, federal levels of government;
(4) Steps leading to the expansion of the department's master license automated system, to be used for combined licensing processes at selected local service jurisdictions;

(4) Provide the ability for local jurisdictions to access, store, and update the license requirements data of their own jurisdiction; and
(5) Provide training to all organizations providing services using the master license information management system.

NEW SECTION. Sec. 1006. A new section is added to chapter 19.02 RCW to read as follows:

(1) By June 30, 1997, the department shall have a pilot combined licensing project fully operational in at least two cities within the state of Washington, with at least one city west of the Cascade mountains and at least one city east of the Cascade mountains.
(2) By January 31, 1997, the department shall make an interim report to the legislature on the progress of the pilot combined licensing project.
(3) By January 31, 1998, the department shall have evaluated the pilot combined licensing project and reported to the legislature with a plan for transition of the pilot project into an ongoing program. The transition plan shall include cost, funding sources, and staffing needs for the ongoing program.

(4) Upon approval and continued funding of the transition plan by the legislature under this section, the master license system shall implement a transition from the pilot program to the ongoing program.

MOTION

Representative Reams moved that the House concur in the Senate amendments to Engrossed Substitute House Bill No. 1010 and pass the bill as amended by the Senate. The motion was carried.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

The Speaker stated the question before the House to be final passage of Engrossed Substitute House Bill No. 1010 as amended by the Senate.
Representatives Reams, Rust, Patterson, Conway and Clements spoke in favor of passage of the bill.

Representative Chopp spoke against passage of the bill.

**POINT OF INQUIRY**

Representative Reams yielded to a question by Representative Chandler.

Representative Chandler: The U. S. Environmental Protection Agency is developing an unprecedented volume of rules to implement the federal clean air act. Washington also has a complex state clean air act, with provisions which may be construed as authority to develop regulations more stringent than, or in advance of, similar federal requirements. Is it the intention of the procedures required by Section 113 to provide a respite from state rule making, so that deferral requirements can be implemented and evaluated before the state imposes burdens sooner than, or more stringent than, the federal regulations?

Representative Reams: Yes. It is the intent of this Section that the Department of Ecology may adopt or amend an air quality regulation that imposes burdens sooner than, or more stringent than, similar federal requirements only after complying with the analysis outlined in this Section.

**POINT OF INQUIRY**

Representative Reams yielded to a question by Representative Hickel.

Representative Hickel: The striking amendment replaces the existing standard for Judicial review of agency rules with the arbitrary and capricious standard. What is your intent in using this standard?

Representative Chandler: It is our intent in replacing the existing standard with the arbitrary and capricious standard to affirm the direction taking by the majority of our State’s Supreme Court in 1992 decision Neha Bay Chambers of Commerce versus the Department of Fisheries, that is that when reviewing an agency rule, although a court should not substitute its judgment for that of the agency. It should engage in a thorough probing, in depth review to determine whether the agency reached its result through a process of reason and took a hard look at the rule before adopting it.

**ROLL CALL**

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 1010 as amended by the Senate, and the bill passed the House by the following vote: Yea - 89, Nay - 8, Absent - 0, Excused - 1.

Excused: Representative Benton - 1.
Engrossed Substitute House Bill No. 1010, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the House reverted to the fourth order of business.

"NEW SECTION. Sec. 1. The legislature finds that the responsibility for criminal activity should fall squarely on the criminal. To the greatest extent possible society should not be expected to have to pay the price for crimes twice, once for the criminal activity and again by feeding, clothing, and housing the criminal. The corrections system should be the first place criminals are given the opportunity to be responsible for paying for their criminal act, not just through the loss of their personal freedom, but by making financial contributions to alleviate the pain and suffering of victims of crime.

NEW SECTION. Sec. 2. A new section is added to chapter 72.09 RCW to read as follows:
Each year the department shall transfer twenty-five percent of the total annual revenues and receipts received in each institutional betterment fund subaccount to the department of labor and industries for the purpose of providing direct benefits to crime victims through the crime victims' compensation program as outlined in chapter 7.68 RCW. This transfer takes priority over any expenditure of betterment funds and shall be reflected on the monthly financial statements of each institution's betterment fund subaccount.
Any funds so transferred to the department of labor and industries shall be in addition to the crime victims' compensation amount provided in an omnibus appropriation bill. It is the intent of the legislature that the funds forecasted or transferred pursuant to this section shall not reduce the funding levels provided by appropriation.

The director shall establish such fund or funds, separate from existing funds, necessary to administer this chapter, and payment to these funds shall be from legislative appropriation, statutory provision, reimbursement and subrogation as provided in this chapter, and from any contributions or grants specifically so directed."

On page 11, after line 31, insert the following:

"Sec. 9. RCW 66.28.180 and 1985 c 226 s 4 are each amended to read as follows:
It is unlawful for a person, firm, or corporation holding a certificate of approval issued under RCW 66.24.270 or 66.24.206, a beer wholesaler’s license, a brewer’s license, a beer importer’s license, a domestic winery license, a wine importer’s license, or a wine wholesaler’s license within the state of Washington to modify any prices without prior notification to and approval of the board.

(1) Intent. This section is enacted, pursuant to the authority of this state under the twenty-first amendment to the United States Constitution, to promote the public’s interest in fostering the orderly and responsible distribution of malt beverages and wine towards effective control of consumption; to promote the fair and efficient three-tier system of distribution of such beverages; and to confirm existing board rules as the clear expression of state policy to regulate the manner of selling and pricing of wine and malt beverages by licensed suppliers and wholesalers.
(2) Beer and wine wholesale price posting. (a) Every beer or wine wholesaler shall file with the board at its office in Olympia a price posting showing the wholesale prices at which any and all brands of beer and wine sold by such beer and/or wine wholesaler shall be sold to retailers within the state.

(b) Each price posting shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and shall set forth:

(i) All brands, types, packages, and containers of beer offered for sale by such beer and/or wine wholesaler;

(ii) The wholesale prices thereof to retail licensees, including allowances, if any, for returned empty containers.

(c) No beer and/or wine wholesaler may sell or offer to sell any package or container of beer or wine to any retail licensee at a price differing from the price for such package or container as shown in the price posting filed by the beer and/or wine wholesaler and then in effect, according to rules adopted by the board.

(d) Quantity discounts are prohibited. No price may be posted that is below acquisition cost plus ten percent of acquisition cost. However, the board is empowered to review periodically, as it may deem appropriate, the amount of the percentage of acquisition cost as a minimum mark-up over cost and to modify such percentage by rule of the board, except such percentage shall be not less than ten percent.

(e) Wholesale prices on a "close-out" item shall be accepted by the board if the item to be discontinued has been listed on the state market for a period of at least six months, and upon the further condition that the wholesaler who posts such a close-out price shall not restock the item for a period of one year following the first effective date of such close-out price.

(f) The board may reject any price posting that it deems to be in violation of this section or any rule, or portion thereof, or that would tend to disrupt the orderly sale and distribution of beer and wine. Whenever the board rejects any posting, the licensee submitting the posting may be heard by the board and shall have the burden of showing that the posting is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer and wine. If the posting is accepted, it shall become effective at the time fixed by the board. If the posting is rejected, the last effective posting shall remain in effect until such time as an amended posting is filed and approved, in accordance with the provisions of this section.

(g) All price postings filed as required by this section shall at all times be open to inspection to all trade buyers within the state of Washington and shall not in any sense be considered confidential.

(h) Any beer and/or wine wholesaler or employee authorized by the wholesaler-employer may sell beer and/or wine at the wholesaler’s posted prices to any class A, B, C, D, E, F, H, G, or J licensee upon presentation to the wholesaler or employee at the time of purchase of a special permit issued by the board to such licensee.

(i) Every class A, B, C, D, E, F, H, G, or J licensee, upon purchasing any beer and/or wine from a wholesaler, shall immediately cause such beer or wine to be delivered to the licensed premises, and the licensee shall not thereafter permit such beer to be disposed of in any manner except as authorized by the license.

(ii) Beer and wine sold as provided in this section shall be delivered by the wholesaler or an authorized employee either to the retailer’s licensed premises or directly to the retailer at the wholesaler’s licensed premises. A wholesaler’s prices to retail licensees shall be the same at both such places of delivery.

(3) Beer and wine suppliers’ price filings, contracts, and memoranda. (a) Every brewery and winery offering beer and/or wine for sale within the state shall file with the board at its office in Olympia a copy of every written contract and a memorandum of every oral agreement which such brewery or winery may have with any beer or wine wholesaler, which contracts or memorandum shall contain a schedule of prices charged to wholesalers for all items and all terms of sale, including all regular and special discounts; all advertising, sales and trade allowances, and incentive programs; and all commissions, bonuses or gifts, and any and all other discounts or allowances. Whenever changed or modified, such revised contracts or memoranda shall forthwith be filed with the board as provided for by rule. The provisions of this section also apply to certificate of approval holders, beer and/or wine importers, and beer and/or wine wholesalers who sell to other beer and/or wine wholesalers.

Each price schedule shall be made on a form prepared and furnished by the board, or a reasonable facsimile thereof, and shall set forth all brands, types, packages, and containers of beer or
wine offered for sale by such licensed brewery or winery; all additional information required may be filed as a supplement to the price schedule forms.

(b) Prices filed by a brewery or winery shall be uniform prices to all wholesalers on a state-wide basis less bona fide allowances for freight differentials. Quantity discounts are prohibited. No price shall be filed that is below acquisition/production cost plus ten percent of that cost, except that acquisition cost plus ten percent of acquisition cost does not apply to sales of beer or wine between a beer or wine importer who sells beer or wine to another beer or wine importer or to a beer or wine wholesaler, or to a beer or wine wholesaler who sells beer or wine to another beer or wine wholesaler. However, the board is empowered to review periodically, as it may deem appropriate, the amount of the percentage of acquisition/production cost as a minimum mark-up over cost and to modify such percentage by rule of the board, except such percentage shall be not less than ten percent.

(c) No brewery, winery, certificate of approval holder, wine importer, or wine wholesaler may sell or offer to sell any beer or wine to any persons whatsoever in this state until copies of such written contracts or memoranda of such oral agreements are on file with the board.

(d) No brewery or winery may sell or offer to sell any package or container of beer or wine to any wholesaler at a price differing from the price for such package or container as shown in the schedule of prices filed by the brewer or domestic winery and then in effect, according to rules adopted by the board.

(e) The board may reject any supplier's price filing, contract, or memorandum of oral agreement, or portion thereof that it deems to be in violation of this section or any rule or that would tend to disrupt the orderly sale and distribution of beer or wine. Whenever the board rejects any such price filing, contract, or memorandum, the licensee submitting the price filing, contract, or memorandum may be heard by the board and shall have the burden of showing that the price filing, contract, or memorandum is not in violation of this section or a rule or does not tend to disrupt the orderly sale and distribution of beer or wine. If the price filing, contract, or memorandum is accepted, it shall become effective at a time fixed by the board. If the price filing, contract, or memorandum, or portion thereof, is rejected, the last effective price filing, contract, or memorandum shall remain in effect until such time as an amended price filing, contract, or memorandum is filed and approved, in accordance with the provisions of this section.

(f) All prices, contracts, and memoranda filed as required by this section shall at all times be open to inspection to all trade buyers within the state of Washington and shall not in any sense be considered confidential."

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1630 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 18.27 RCW to read as follows: The purposes of this chapter are to protect the general welfare of the residents of this state who purchase construction services and the general economic welfare of business in compliance with this chapter, to enhance state revenue collections, and to promote compliance and enforcement of this chapter by providing swift and meaningful penalties for those failing to register as required by this chapter.

This chapter shall be strictly enforced to accomplish these purposes. Therefore, the doctrine of substantial compliance shall not be used by the department in the application and construction of this chapter. Anyone engaged in the activities of a contractor is presumed to know the requirements of this chapter.

Sec. 2. RCW 18.27.010 and 1993 c 454 s 2 are each amended to read as follows: Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "General contractor" means a contractor whose business operations require the use of more than two unrelated building trades or crafts whose work the contractor shall superintend or do in whole or in part. "General contractor" shall not include an individual who does all work personally without employees or other "specialty contractors" as defined (herein) in this section. The terms "general contractor" and "builder" are synonymous.

(3) "Specialty contractor" means a contractor whose operations (as such) do not fall within the foregoing definition of "general contractor".

(4) "Unregistered contractor" means a person, firm, or corporation doing work as a contractor without being registered in compliance with this chapter. "Unregistered contractor" includes contractors whose registration is expired for more than thirty days beyond the renewal date or has been suspended.

(5) "Department" means the department of labor and industries.

((6))) (6) "Director" means the director of the department of labor and industries.

((6))) (7) "Verification" means the receipt and duplication by the city, town, or county of a contractor registration card that is current on its face.

Sec. 3. RCW 18.27.020 and 1993 c 454 s 6 are each amended to read as follows:

(2) It is a misdemeanor for any contractor to:
(a) Advertise, offer to do work, submit a bid, or perform any work as a contractor without being registered as required by this chapter;

(d) Transfer a valid registration to an unregistered contractor or allow an unregistered contractor to work under a registration issued to another contractor; or

(3) All misdemeanor actions under this chapter shall be prosecuted in the county where the (infraction) violation occurs.
(4) The director by rule shall establish a two-year audit and monitoring program for a contractor not registered under this chapter who becomes registered after receiving an infraction or conviction under this chapter as an unregistered contractor. The director shall notify the department of revenue and the employment security department of such infractions or convictions and shall cooperate with such departments in determining whether any taxes or registration, license, or other fees or penalties are owed the state.

Sec. 4. RCW 18.27.030 and 1992 c 217 s 1 are each amended to read as follows:

Sec. 5. RCW 18.27.040 and 1988 c 139 s 1 are each amended to read as follows:

(1) Each applicant shall(( at the time of applying for or renewing a certificate of registration, file with the department a surety bond issued by a surety insurer who meets the requirements of chapter 48.28 RCW in a form acceptable to the department running to the state of Washington if a general contractor, in the sum of six thousand dollars; if a specialty contractor, in the sum of four thousand dollars.)) accompany the application for a certificate of registration with a surety bond or continuation certificate issued by a surety insurer who meets the requirements of chapter 48.28 RCW in the sum of fifteen thousand dollars if the applicant is a general contractor and ten thousand dollars if the applicant is a specialty contractor. The bond shall have the state of Washington named as obligee with good and sufficient surety in a form to be approved by the department. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. A cancellation or revocation of the bond or withdrawal of the surety from the bond suspends the registration issued to the registrant until a new bond or reinstatement notice has been filed and approved as provided in this section. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or a portion thereof, at two or more points in time be added together in determining the surety’s liability. The bond shall be conditioned that the applicant will pay all persons performing labor, including employee benefits, for the contractor, will pay all taxes and contributions due to the state of Washington, and will pay all persons furnishing labor or material or renting or supplying equipment to the contractor and will pay all amounts that may be adjudged against the contractor by reason of ((negligent or improper work or)) breach of contract including negligent or improper work in the conduct of the contracting business. A change in the name of a business or a change in the type of business entity shall not impair a bond for the purposes of this section so long as one of the original applicants for such bond maintains partial ownership in the business covered by the bond.

(2) Any contractor registered as of ((the effective date of this 1983 act)) July 1, 1995, who maintains such registration in accordance with this chapter shall be in compliance with this chapter until the next annual renewal of the contractor’s certificate of registration. At that time, the contractor shall provide a bond, cash deposit, or other security deposit as required by this chapter and comply with all of the other provisions of this chapter before the department shall renew the contractor’s certificate of registration.

(3) Any person, firm, or corporation having a claim against the contractor for any of the items referred to in this section may bring suit upon ((such)) the bond or deposit in the superior court of the county in which the work was done or of any county in which jurisdiction of the contractor may be had. The surety issuing the bond shall be named as a party to any suit upon the bond. Action upon ((such)) the bond or deposit shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court within one year from the date of expiration of the certificate of registration in force at the time the claimed labor was performed and benefits accrued, taxes and contributions owing the state of Washington became due, materials and equipment were furnished, or the claimed contract work was completed or abandoned. Service of process in an action against the
contractor, the contractor’s bond, or the deposit shall be exclusively by service upon the department. Three copies of the summons and complaint and a fee of ten dollars to cover the handling costs shall be served by registered or certified mail upon the department at the time suit is started and the department shall maintain a record, available for public inspection, of all suits so commenced. Service is not complete until the department receives the ten-dollar fee and three copies of the summons and complaint. (Such) The service shall constitute service on the registrant and the surety for suit upon the bond or deposit and the department shall transmit the summons and complaint or a copy thereof to the registrant at the address listed in his or her application and to the surety within forty-eight hours after it shall have been received.

(4) The surety upon the bond shall not be liable in an aggregate amount in excess of the amount named in the bond nor for any monetary penalty assessed pursuant to this chapter for an infraction. The liability of the surety shall not cumulate where the bond has been renewed, continued, reinstated, reissued or otherwise extended. The surety upon the bond may, upon notice to the department and the parties, tender to the clerk of the court having jurisdiction of the action an amount equal to the claims thereunder or the amount of the bond less the amount of judgments, if any, previously satisfied therefrom and to the extent of such tender the surety upon the bond shall be exonerated but if the actions commenced and pending at any one time exceed the amount of the bond then unimpaired, claims shall be satisfied from the bond in the following order:

(a) Employee labor, including employee benefits;
(b) Claims for breach of contract by a party to the construction contract;
(c) Material and equipment;
(d) Taxes and contributions due the state of Washington;
(e) Any court costs, interest, and attorney’s fees plaintiff may be entitled to recover. The prevailing party in a bond claim action against the contractor and the contractor’s bond, as required by this section, for breach of a construction contract is entitled to costs, interest, and reasonable attorneys’ fees. In no event, however, may the combined costs, interest, attorneys’ fees, and bond loss exceed the penal limit of the bond.

The total amount paid from a bond or deposit to claimants other than those asserting a claim for breach of construction contract shall not exceed in the aggregate six thousand dollars for a general contractor and four thousand dollars for a specialty contractor.

A payment made by the surety in good faith shall exonerate the bond to extent of any payment made by the surety.

(5) (In the event that any) If a final judgment (shall) impairs the liability of the surety upon the bond so furnished that there shall not be in effect a bond undertaking in the full amount prescribed in this section, the department shall suspend the registration of (such) the contractor until the bond liability in the required amount unimpaired by unsatisfied judgment claims (shall have been) is furnished. If (such) the bond becomes fully impaired, a new bond must be furnished at the (increased) rates prescribed by this section (as now or hereafter amended).

(6) In lieu of the surety bond required by this section the contractor may file with the department a deposit consisting of cash or other security acceptable to the department.

(7) Any person having filed and served a summons and complaint as required by this section having an unsatisfied final judgment against the registrant for any items referred to in this section may execute upon the security held by the department by serving a certified copy of the unsatisfied final judgment by registered or certified mail upon the department within one year of the date of entry of such judgment. Upon the receipt of service of (such) the certified copy the department shall pay or order paid from the deposit, through the registry of the superior court which rendered judgment, towards the amount of the unsatisfied judgment. The priority of payment by the department shall be the order of receipt by the department, but the department shall have no liability for payment in excess of the amount of the deposit.

(8) The director may (promulgate) adopt rules necessary for the proper administration of the security.

Sec. 6. RCW 18.27.060 and 1983 1st ex.s. c 2 s 19 are each amended to read as follows:

(1) A certificate of registration shall be valid for one year and shall be renewed on or before the expiration date. The department shall issue to the applicant a certificate of registration upon compliance with the registration requirements of this chapter.
(2) If the department approves an application, it shall issue a certificate of registration to the applicant. The certificate shall be valid for:
   (a) One year;
   (b) Until the bond expires; or
   (c) Until the insurance expires, whichever comes first. The department shall place the expiration date on the certificate.
(3) A contractor may supply a short-term bond or insurance policy to bring its registration period to the full one year.
(4) If a contractor’s surety bond or other security has an unsatisfied judgment against it or is canceled, or if the contractor’s insurance policy is canceled, the contractor’s registration shall be automatically suspended on the effective date of the impairment or cancellation. The department shall give notice of the suspension to the contractor by certified and by first class mail within forty-eight hours after suspension.
(5) Renewal of registration shall be considered valid upon the date the department receives the required fee and proof of bond and liability insurance, if sent by certified mail or other means requiring proof of delivery. The receipt or proof of delivery shall serve as the contractor’s proof of renewed registration until he or she receives verification from the department.

SENATE AMENDMENTS TO HOUSE BILL

April 5, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1821 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 50.04.320 and 1986 c 21 s 1 are each amended to read as follows:
(1) For the purpose of payment of contributions, "wages" means the remuneration paid by one employer during any calendar year to an individual in its employment under this title or the unemployment compensation law of any other state in the amount specified in RCW 50.24.010. If an employer (hereinafter referred to as a successor employer) during any calendar year acquires substantially all the operating assets of another employer (hereinafter referred to as a predecessor employer) or assets used in a separate unit of a trade or business of a predecessor employer, and immediately after the acquisition employs in the individual's trade or business an individual who immediately before the acquisition was employed in the trade or business of the predecessor employer, then, for the purposes of determining the amount of remuneration paid by the successor employer to the individual during the calendar year which is subject to contributions, any remuneration paid to the individual by the predecessor employer during that calendar year and before the acquisition shall be considered as having been paid by the successor employer.
(2) For the purpose of payment of benefits, "wages" means the remuneration paid by one or more employers to an individual for employment under this title during his base year: PROVIDED, That at the request of a claimant, wages may be calculated on the basis of remuneration payable. The department shall notify each claimant that wages are calculated on the basis of remuneration paid, but at the claimant's request a redetermination may be performed and based on remuneration payable.
(3) For the purpose of payment of benefits and payment of contributions, the term "wages" includes tips which are received after January 1, 1987, while performing services which constitute employment, and which are reported to the employer for federal income tax purposes.
(4)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash. The reasonable cash value of compensation paid in any medium other than cash and the reasonable value of gratuities shall be estimated and determined in accordance with rules prescribed by the commissioner. Remuneration does not include payments to members of a reserve component of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.
(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, shall be considered remuneration for the period to which it is assigned.
Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an employment contract with a public agency prior to its expiration date shall be considered remuneration. The proceeds shall be deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Except as provided in (c) of this subsection, the provisions of this subsection (4) pertaining to the assignment of previously accrued compensation shall not apply to individuals subject to RCW 50.44.050.

Sec. 2. RCW 50.44.050 and 1990 c 33 s 587 are each amended to read as follows:

Except as otherwise provided in subsections (1) through (4) of this section, benefits based on services in employment covered by or pursuant to this chapter shall be payable on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this title.

(1) Benefits based on service in an instructional, research or principal administrative capacity for an educational institution shall not be paid to an individual for any week of unemployment which commences during the period between two successive academic years or terms within an academic year (or, when an agreement provides instead for a similar period between two regular but not successive terms within an academic year, during such period) if such individual performs such services in the first of such academic years or terms and if there is a contract or reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms. Any employee of a common school district who is presumed to be reemployed pursuant to RCW 28A.405.210 shall be deemed to have a contract for the ensuing term.

(2) Benefits shall not be paid based on services in any other capacity for an educational institution for any week of unemployment which commences during the period between two successive academic years or terms within an academic year, if such individual performs such services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms: PROVIDED, That if benefits are denied to any individual under this subsection and that individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, the individual is entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this subsection.

(3) Benefits shall not be paid based on any services described in subsections (1) and (2) of this section for any week of unemployment which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(4) Benefits shall not be paid (as specified in subsections (1), (2), or (3) of this section) based on any services described in subsections (1) or (2) of this section to any individual who performed such services in an educational institution while in the employ of an educational service district which is established pursuant to chapter 28A.310 RCW and exists to provide services to local school districts.

(5) As used in subsections (1) and (2) of this section, "academic year" includes fall, winter, spring, and summer quarters and comparable semesters unless, based upon objective criteria including enrollment and staffing, the quarter or comparable semester is not in fact a part of the academic year for the particular institution.

Sec. 3. RCW 50.44.053 and 1985 ex.s. c 5 s 9 are each amended to read as follows:

The term "reasonable assurance," as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term, provided that the agreement is not contingent on enrollment, funding, or program changes. A person shall not be deemed to be performing services "in the same capacity" unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."
On page 1, line 2 of the title, after "contracts;" strike the remainder of the title and insert "amending RCW 50.04.320, 50.44.050, and 50.44.053; and declaring an emergency."

and the same are herewith transmitted.

(b) "Emergency" as used in RCW 38.52.430 means an incident that requires a normal police, coroner, fire, rescue, emergency medical services, or utility response as a result of a violation of one of the statutes enumerated in RCW 38.52.430.

Sec. 3. RCW 38.52.090 and 1987 c 185 s 6 are each amended to read as follows:

(1) The director of each local organization for emergency management may, in collaboration with other public and private agencies within this state, develop or cause to be developed mutual aid arrangements for reciprocal emergency management aid and assistance in case of disaster too great to be dealt with unassisted. Such arrangements shall be consistent with the state emergency management plan and program, and in time of emergency it shall be the duty of each local organization for emergency management to render assistance in accordance with the provisions of such mutual aid arrangements. The ((director of community development)) adjutant general shall adopt and distribute a standard form of contract for use by local organizations in understanding and carrying out said mutual aid arrangements.

(2) The ((director of community development)) adjutant general and the director of each local organization for emergency management may, subject to the approval of the governor, enter into mutual aid arrangements with emergency management agencies or organizations in other states for reciprocal emergency management aid and assistance in case of disaster too great to be dealt with unassisted. All such arrangements shall be pursuant to either of the compacts contained in subsection (2) (a) or (b) of this section.

(a) The legislature recognizes that the compact language contained in this subsection is inadequate to meet many forms of emergencies. For this reason, after June 7, 1984, the state may not enter into any additional compacts under this subsection (2)(a).

INTERSTATE CIVIL DEFENSE
AND DISASTER COMPACT

The contracting States solemnly agree:
Article 1. The purpose of this compact is to provide mutual aid among the States in meeting any emergency or disaster from enemy attack or other cause (natural or otherwise) including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full and effective utilization of the resources of the respective States, including such resources as may be available from the United States Government or any other source, are essential to the safety, care and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the States that are parties hereto. The Directors of Civil Defense (Emergency Services) of all party States shall constitute a committee to formulate plans and take all necessary steps for the implementation of this compact.

Article 2. It shall be the duty of each party State to formulate civil defense plans and programs for application within such State. There shall be frequent consultation between the representatives of the States and with the United States Government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party States shall so far as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;
(b) Blackouts and practice blackouts, air raid drills, mobilization of civil defense forces and other tests and exercises;
(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;
(d) The effective screening or extinguishing of all lights and lighting devices and appliances;
(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;
(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party State;
(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during, and subsequent to drills or attacks;
(h) The safety of public meetings or gatherings; and
(i) Mobile support units.

Article 3. Any party State requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the State rendering aid may withhold resources to the extent necessary to provide reasonable protection for such State. Each party State shall extend to the civil defense forces of any other party State, while operating within its State limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving State), duties, rights, privileges and immunities as if they were performing their duties in the State in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the State receiving assistance.

Article 4. Whenever any person holds a license, certificate or other permit issued by any State evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party State to meet an emergency or disaster and such State shall give due recognition to such license, certificate or other permit as if issued in the State in which aid is rendered.

Article 5. No party State or its officers or employees rendering aid in another State pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

Article 6. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other States party hereto, this instrument contains elements of a broad base common to all States, and nothing herein contained shall preclude any State from entering into supplementary agreements with another State or States. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and
reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

Article 7. Each party State shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that State and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such State.

Article 8. Any party State rendering aid in another State pursuant to this compact shall be reimbursed by the party State receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding State may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party State without charge or cost; and provided further that any two or more party States may enter into supplementary agreements establishing a different allocation of costs as among those States. The United States Government may relieve the party State receiving aid from any liability and reimburse the party State supplying civil defense forces for the compensation paid to and the transportation, subsistence and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the State and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment or facilities so utilized or consumed.

Article 9. Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party States and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party State receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care and like items. Such expenditures shall be reimbursed by the party State of which the evacuees are residents, or by the United States Government under plans approved by it. After the termination of the emergency or disaster the party State of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

Article 10. This compact shall be available to any State, territory or possession of the United States, and the District of Columbia. The term "State" may also include any neighboring foreign country or province or state thereof.

Article 11. The committee established pursuant to Article 1 of this compact may request the Civil Defense Agency of the United States Government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States Government may attend meetings of such committee.

Article 12. This compact shall become operative immediately upon its ratification by any State as between it and any other State or States so ratifying and shall be subject to approval by Congress unless prior Congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party States and with the Civil Defense Agency and other appropriate agencies of the United States Government.

Article 13. This compact shall continue in force and remain binding on each party State until the legislature or the Governor of such party State takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the Governor of the party State desiring to withdraw to the Governors of all other party States.

Article 14. This compact shall be construed to effectuate the purposes stated in Article 1 hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be effected thereby.

Article 15. (a) This Article shall be in effect only as among those states which have enacted it into law or in which the Governors have adopted it pursuant to constitutional or statutory authority sufficient to give it the force of law as part of this compact. Nothing contained in this Article or in any
supplementary agreement made in implementation thereof shall be construed to abridge, impair or supersede any other provision of this compact or any obligation undertaken by a State pursuant thereto, except that if its terms so provide, a supplementary agreement in implementation of this Article may modify, expand or add to any such obligation as among the parties to the supplementary agreement.

(b) In addition to the occurrences, circumstances and subject matters to which preceding articles of this compact make it applicable, this compact and the authorizations, entitlements and procedures thereof shall apply to:
   1. Searches for and rescue of person who are lost, marooned, or otherwise in danger.
   2. Action useful in coping with disasters arising from any cause or designed to increase the capability to cope with any such disasters.
   3. Incidents, or the imminence thereof, which endanger the health or safety of the public and which require the use of special equipment, trained personnel or personnel in larger numbers than are locally available in order to reduce, counteract or remove the danger.
   4. The giving and receiving of aid by subdivisions of party States.
   5. Exercises, drills or other training or practice activities designed to aid personnel to prepare for, cope with or prevent any disaster or other emergency to which this compact applies.

(c) Except as expressly limited by this compact or a supplementary agreement in force pursuant thereto, any aid authorized by this compact or such supplementary agreement may be furnished by any agency of a party State, a subdivision of such State, or by a joint agency providing such aid shall be entitled to reimbursement therefor to the same extent and in the same manner as a State. The personnel of such a joint agency, when rendering aid pursuant to this compact shall have the same rights, authority and immunity as personnel of party States.

(d) Nothing in this Article shall be construed to exclude from the coverage of Articles 1-15 of this compact any matter which, in the absence of this Article, could reasonably be construed to be covered thereby.

(b) The compact language contained in this subsection (2)(b) is intended to deal comprehensively with emergencies requiring assistance from other states.

INTERSTATE MUTUAL AID COMPACT

Purpose

The purpose of this Compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster, that over extends the ability of local and state governments to reduce, counteract or remove the danger. Assistance may include, but not be limited to, rescue, fire, police, medical, communication, transportation services and facilities to cope with problems which require use of special equipment, trained personnel or personnel in large numbers not locally available.

Authorization

Article I, Section 10 of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of Congress. Congress, through enactment of Title 50 U.S.C. Sections 2281(g), 2283 and the Executive Department, by issuance of Executive Orders No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster and civil defense mutual aid agreements or pacts.

Implementation

It is agreed by participating states that the following conditions will guide implementation of the Compact:

1. Participating states through their designated officials are authorized to request and to receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency, and other resources are not immediately available.

2. Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it shall be confirmed in writing as soon as practical after the request. A written request shall provide an itemization of equipment and operators, types of expertise, personnel or other resources needed. Each request must be signed by an authorized official.
3. Personnel and equipment of the aiding party made available to the requesting party shall, whenever possible, remain under the control and direction of the aiding party. The activities of personnel and equipment of the aiding party must be coordinated by the requesting party.

4. An aiding state shall have the right to withdraw some or all of their personnel and/or equipment whenever the personnel or equipment are needed by that state. Notice of intention to withdraw should be communicated to the requesting party as soon as possible.

General Fiscal Provisions

The state government of the requesting party shall reimburse the state government of the aiding party. It is understood that reimbursement shall be made as soon as possible after the receipt by the requesting party of an itemized voucher requesting reimbursement of costs.

1. Any party rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

2. Any state rendering aid pursuant to this Agreement shall be reimbursed by the state receiving such aid for the cost of payment of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives in the event such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement, provided that such payments are made in the same manner and on the same terms as if the injury or death were sustained within such state.

Privileges and Immunities

1. All privileges and immunities from liability, exemptions from law, ordinances, rules, all pension, relief disability, workers' compensation, and other benefits which apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions, shall apply to them to the same degree and extent while engaged in the performance of any of their functions and duties extra-territorially under the provisions of this Agreement.

2. All privileges and immunities from liability, exemptions from law, ordinances, and rules, workers' compensation and other benefits which apply to duly enrolled or registered volunteers when performing their respective functions at the request of their state and within its territorial limits, shall apply to them to the same degree and extent while performing their functions extra-territorially under the provisions of this Agreement. Volunteers may include, but not be limited to, physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

3. The signatory states, their political subdivisions, municipal corporations and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other state with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.

4. Nothing in this arrangement shall be construed as repealing or impairing any existing Interstate Mutual Aid Agreements.

5. Upon enactment of this Agreement by two or more states, and by January 1, annually thereafter, the participating states will exchange with each other the names of officials designated to request and/or provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it shall be permissible and desirable for the parties to exchange operational procedures to be followed in requesting assistance and reimbursing expenses.

6. This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

7. This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. An actual withdrawal shall not take effect until the thirtieth consecutive day after the notice provided in the statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal.
Sec. 4. RCW 38.52.420 and 1994 c 264 s 11 are each amended to read as follows:

(1) The department ((of community, trade, and economic development)), in consultation with appropriate federal agencies, the departments of natural resources, fish and wildlife, and ecology, representatives of local government, and any other person the director may deem appropriate, shall develop a model contingency plan, consistent with other plans required for hazardous materials by federal and state law, to serve as a draft plan for local governments which may be incorporated into the state and local emergency management plans.

(2) The model contingency plan shall:
   (a) Include specific recommendations for pollution control facilities which are deemed to be most appropriate for the control, collection, storage, treatment, disposal, and recycling of oil and other spilled material and furthering the prevention and mitigation of such pollution;
   (b) Include recommendations for the training of local personnel consistent with other training proposed, funded, or required by federal or state laws for hazardous materials;
   (c) Suggest cooperative training exercises between the public and private sector consistent with other training proposed, funded, or required by federal or state laws for hazardous materials;
   (d) Identify federal and state laws requiring contingency or management plans applicable or related to prevention of pollution, emergency response capabilities, and hazardous waste management, together with a list of funding sources that local governments may use in development of their specific plans;
   (e) Promote formal agreements between the department ((of community, trade, and economic development)) and local entities for effective spill response; and
   (f) Develop policies and procedures for the augmentation of emergency services and agency spill response personnel through the use of volunteers: PROVIDED, That no contingency plan may require the use of volunteers by a responding responsible party without that party’s consent.

Sec. 5. RCW 38.54.010 and 1992 c 117 s 9 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of community, trade, and economic development.

(2) "Director" means the director of the department of community, trade, and economic development.

(3) "State fire marshal" means the assistant director of the division of fire protection services in the department of community, trade, and economic development.

(4) "Fire chief" includes the chief officer of a statutorily authorized fire agency, or the fire chief’s authorized representative. Also included are the department of natural resources fire control chief, and the department of natural resources regional managers.

(5) "Jurisdiction" means state, county, city, fire district, or port district ((fire)) fire fighting units, or other units covered by this chapter.

(6) "Mobilization" means that fire fighting resources beyond those available through existing agreements will be requested and, when available, sent ((to fight a fire)) in response to an emergency or disaster situation that has ((or soon will exceed)) exceeded the capabilities of available local resources. During a large scale ((fire)) emergency, mobilization includes the redistribution of regional or state-wide fire fighting resources to either direct ((fire fighting)) emergency incident assignments or to assignment in communities where fire fighting resources are needed.

When mobilization is declared and authorized as provided in this chapter, all fire fighting resources except those of the host fire protection authorities, i.e. incident jurisdiction, shall be deemed as mobilized under this chapter, including those that responded earlier under existing mutual aid or other agreement. All nonhost fire protection authorities providing fire fighting resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter from the time of the mobilization declaration.

This chapter shall not reduce or suspend the authority or responsibility of the department of natural resources under chapter 76.04 RCW.

(7) "Mutual aid" means emergency interagency assistance provided without compensation under ((an)) an agreement between jurisdictions under chapter 39.34 RCW.

Sec. 6. RCW 38.54.020 and 1992 c 117 s 10 are each amended to read as follows:
Because of the possibility of the occurrence of disastrous fires or other disasters of unprecedented size and destructiveness, the need to insure that the state is adequately prepared to respond to such a fire or disaster, the need to establish a mechanism and a procedure to provide for reimbursement to fire fighting agencies that respond to help others in time of need or to a host fire district that experiences expenses beyond the resources of the fire district, and generally to protect the public peace, health, safety, lives, and property of the people of Washington, it is hereby declared necessary to:

1. Provide the policy and organizational structure for large scale mobilization of fire fighting resources in the state through creation of the Washington state fire services mobilization plan;
2. Confer upon the director (of the department of community development) the powers provided herein; and
3. Provide a means for reimbursement to fire jurisdictions that incur expenses when mobilized by the director under the Washington state fire services mobilization plan; and
4. Provide for reimbursement of host district fire fighting resources when the local district has: (a) Exhausted all of its resources; and (b) invoked its local mutual aid network and exhausted those resources. Upon implementation of state fire mobilization, the host district resources shall become state fire mobilization resources consistent with the fire mobilization plan.

It is the intent of the legislature that mutual aid and other interlocal agreements providing for enhanced emergency response be encouraged as essential to the public peace, safety, health, and welfare, and for the protection of the lives and property of the people of the state of Washington. If possible, mutual aid agreements should be without stated limitations as to resources available, time, or area. Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost fire protection authority for reimbursement of expenses incurred in providing fire fighting resources for mobilization.

Sec. 7. RCW 38.54.050 and 1992 c 117 s 13 are each amended to read as follows:
The department (of community development) in consultation with the office of financial management shall develop procedures to facilitate reimbursement to jurisdictions from appropriate federal and state funds when jurisdictions are mobilized by the director under the Washington state fire services mobilization plan. The department shall ensure that these procedures provide reimbursement to the host district in as timely a manner as possible.

Sec. 8. RCW 46.16.340 and 1986 c 266 s 49 are each amended to read as follows:
The director, from time to time, shall furnish the state military department, the department of community, trade, and economic development, the Washington state patrol, and all county sheriffs a list of the names, addresses, and license plate or radio station call letters of each person possessing the special amateur radio station license plates so that the facilities of such radio stations may be utilized to the fullest extent in the work of these governmental agencies.

Sec. 9. RCW 88.46.100 and 1991 c 200 s 423 are each amended to read as follows:
1. In order to assist the state in identifying areas of the navigable waters of the state needing special attention, the owner or operator of a covered vessel shall notify the coast guard within one hour:
   (a) Of the disability of the covered vessel if the disabled vessel is within twelve miles of the shore of the state; and
   (b) Of a collision or a near miss incident within twelve miles of the shore of the state.
2. The (division of emergency management of the) state military department (of community development) and the office shall request the coast guard to notify the (division of emergency management) state military department as soon as possible after the coast guard receives notice of a disabled covered vessel or of a collision or near miss incident within twelve miles of the shore of the state. The office shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.
3. The office shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.
4. For the purposes of this section:
   (a) A tank vessel or cargo vessel is considered disabled if any of the following occur:
(i) Any accidental or intentional grounding;
(ii) The total or partial failure of the main propulsion or primary steering or any component or
control system that causes a reduction in the maneuvering capabilities of the vessel;
(iii) An occurrence materially and adversely affecting the vessel’s seaworthiness or fitness for
service, including but not limited to, fire, flooding, or collision with another vessel;
(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence
that may result in such a spill.
(b) A barge is considered disabled if any of the following occur:
(i) The towing mechanism becomes disabled;
(ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this
subsection.
(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to
take evasive actions or make significant course corrections in order to avoid a collision with another
ship or to avoid a grounding as required by the international rules of the road.
(5) Failure of any person to make a report under this section shall not be used as the basis for
the imposition of any fine or penalty.

NEW SECTION.  Sec. 10. A new section is added to chapter 38.52 RCW to read as follows:
All powers, duties, and functions of the department of community, trade, and economic
development pertaining to emergency management are transferred to the state military department. All
references to the director or the department of community development or the department of
community, trade, and economic development in the Revised Code of Washington shall be construed to

this section.

NEW SECTION.  Sec. 11. All reports, documents, surveys, books, records, files, papers, or
written material in the possession of the department of community, trade, and economic development

and the performance of the duties and functions transferred, the director of financial management shall
make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION.  Sec. 12. All rules and all pending business before the department of
community, trade, and economic development engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the state military department. All employees classified under chapter
41.06 RCW, the state civil service law, are assigned to the state military department to perform their
usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may
be appropriate thereafter in accordance with the laws and rules governing state civil service. All
employees of the department of community, trade, and economic development exempted under chapter
41.06 RCW shall retain such exemption after transfer.

NEW SECTION.  Sec. 13. All rules and all pending business before the department of
community, trade, and economic development pertaining to the powers, functions, and duties
transferred shall be continued and acted upon by the state military department. All existing contracts
and obligations shall remain in full force and shall be performed by the state military department.
NEW SECTION. Sec. 14. The transfer of the powers, duties, functions, and personnel of the department of community, trade, and economic development shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 15. If apportionments of budgeted funds are required because of the transfers directed by sections 11 through 14 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 16. (1) The military department, in cooperation with the Washington state patrol and the emergency management council, shall by December 31, 1995, develop a strategic plan to enhance the coordination and efficiency and decrease the costs of the military department's emergency management programs and services.    (b) Develop new and innovative techniques for the administration of programs and delivery of services;

   (d) Assess the use of private sector equipment, materials, and services.
(2) A summary of the strategic plan shall be delivered to the appropriate committees of the legislature no later than July 10, 1996.

NEW SECTION. Sec. 17. Nothing contained in sections 10 through 15 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

NEW SECTION. Sec. 18. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1298 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.96A.400 and 1989 c 270 s 20 are each amended to read as follows:

The state of Washington declares that there is no fundamental right to (methadone) opiate substitution treatment. The state of Washington further declares that while methadone (is an) and other like pharmacological drugs, used in the treatment of opiate dependency are addictive substances, that (they nevertheless) have several legal, important, and justified uses and that one of (their) appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons addicted to or habituated to opioids.

Because methadone (is) and other like pharmacological drugs, used in the treatment of opiate dependency are addictive and (are) listed as a schedule II controlled substance in chapter 69.50 RCW, the state of Washington and authorizing counties on behalf of their citizens have the legal obligation and right to regulate the use of (methadone) opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in cooperation with the authorizing counties, all clinical uses of methadone and other pharmacological drugs used in the treatment of (opium) opiate addiction.

Further, the state declares that the primary goal of (methadone) opiate substitution treatment is (drug-free living) total abstinence from chemical dependency for the individuals who participate in the treatment program. The state recognizes that a small percentage of persons who participate in opiate substitute treatment programs require treatment for an extended period of time. Opiate substitution treatment programs shall provide a comprehensive transition program to eliminate chemical dependency; including opiate and opiate substitute addiction of program participants."
Sec. 2. RCW 70.96A.410 and 1989 c 270 s 21 are each amended to read as follows:

(1) A county legislative authority may prohibit (a) opiate substitution treatment in that county. The department shall not certify (b) an opiate substitution treatment program in a county where the county legislative authority has prohibited (a) opiate substitution treatment. If a county legislative authority authorizes (c) opiate substitution treatment programs, it shall limit by ordinance the number of (c) opiate substitution treatment programs operating in that county by limiting the number of licenses granted in that county. If a county has authorized (d) opiate substitution treatment programs in that county, it shall only license (d) opiate substitution treatment programs that comply with the department’s operating and treatment standards under this section and RCW 70.96A.420. A county that authorizes (e) opiate substitution treatment may operate the programs directly or through a local health department or health district or it may authorize certified (f) opiate substitution treatment programs that the county licenses to provide the services within the county. Counties shall monitor (g) opiate substitution treatment programs for compliance with the department’s operating and treatment regulations under this section and RCW 70.96A.420.

(2) A county that authorizes (h) opiate substitution treatment programs shall develop and enact by ordinance licensing standards, consistent with this chapter and the operating and treatment standards adopted under this chapter, that govern the application for, issuance of, renewal of, and revocation of the licenses. Certified programs existing before May 18, 1987, applying for renewal of licensure in subsequent years, that maintain certification and meet all other requirements for licensure, shall be given preference.

(3) In certifying programs, the department shall not discriminate against (i) an opiate substitution treatment program on the basis of its corporate structure. In licensing programs, the county shall not discriminate against (i) an opiate substitution treatment program on the basis of its corporate structure.

(4) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial. A program applying for a license or a contract from a county that has been denied the license or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

(5) A license is effective for one calendar year from the date of issuance. The license shall be renewed in accordance with the provisions of this section for initial approval (and in accordance with); the goals for treatment programs under RCW 70.96A.400; the standards set forth in RCW 70.96A.420; and the rules adopted by the secretary.

(6) For the purpose of this chapter, opiate substitution treatment means dispensing an opiate substitution drug approved by the Federal Drug Administration for the treatment of opiate addiction and providing a comprehensive range of medical and rehabilitative services.

Sec. 3. RCW 70.96A.420 and 1989 c 270 s 22 are each amended to read as follows:

(1) The department, in consultation with (m) opiate substitution treatment service providers and counties authorizing (n) opiate substitution treatment programs, shall establish state-wide treatment standards for (n) opiate substitution treatment programs. The department and counties that authorize (n) opiate substitution treatment programs shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter ((m) and the treatment standard authorized by this chapter)). A (n) opiate substitution treatment program shall not have a caseload in excess of three hundred fifty persons.

(2) The department, in consultation with (m) opiate substitution treatment programs and counties authorizing (n) opiate substitution treatment programs, shall establish state-wide operating standards for (n) opiate substitution treatment programs. The department and counties that authorize (n) opiate substitution treatment programs shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and authorizing counties to monitor certified and licensed (n) opiate substitution treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the (n) opiate substitution treatment programs upon the business and residential neighborhoods in which the program is located.
(3) The department shall establish criteria for evaluating the compliance of opiate substitute treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislative authority, including data as specified by the department necessary for outcome analysis. The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter. Before January 1 of each year, the department shall submit an annual report to the legislature, including the outcome analysis of each treatment program.

On page 1, line 1 of the title, after "treatment:" strike the remainder of the title and insert "and amending RCW 70.96A.400, 70.96A.410, and 70.96A.420."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:

The legislature finds that some college students who have recently graduated from high school must immediately enroll in one or more precollege classes before they can proceed successfully through college. The legislature also finds that these students should have received basic skills in English, reading, spelling, grammar, and mathematics before graduating from high school. It is the intent of the legislature that colleges and universities provide information to school districts about recent graduates who enroll in precollege classes. It is also the intent of the legislature to encourage institutions of higher education and the common schools to work together to solve problems of common concern.

The definitions adopted by the board shall be rigorous, challenging students to come to college well prepared to engage in college and university work, and shall be adopted by each institution of higher education as defined in RCW 28B.10.016.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1995

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1296 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that:
(1) Since enactment of chapter 227, Laws of 1984 most employers that participate in state retirement systems have been responsible for ensuring that member retirement contributions are transferred to the retirement trust funds, even in situations where service credit is being established on a retroactive basis for a member who is no longer employed by the employer.
(2) It is the responsibility of employers to accurately report their employees' compensation and service, and to ensure that all required member and employer contributions are transferred to the department of retirement systems. However, in situations where an employer determines that a former employee should have had contributions transferred, it is more reasonable and efficient to bill the employee for the past due member contributions than to make the employer responsible for them.

NEW SECTION.  Sec. 2. A new section is added to chapter 41.50 RCW to read as follows:
(1) If an employer, pursuant to RCW 41.50.140(2), does not transfer member contributions for a former employee’s prior period of service, the member shall not receive service credit for the period of service unless the member pays the required member contributions as provided in this section. In such cases the member shall have the option, but shall not be obligated, to pay the member contributions necessary to receive credit for the period of service. As provided by RCW 41.50.140(1), the department shall collect from the employer all employer contributions due for periods of service, regardless of whether the member elects to pay the member contributions necessary to receive credit for the period of service.
The department shall adopt, by rule, a process by which separated and active members may pay member contributions needed to establish service credit for prior periods of service for which their employers did not transmit member contributions.

Sec. 3. RCW 41.50.140 and 1982 1st ex.s. c 52 s 33 are each amended to read as follows:
(1) Every employer participating in one or more of the retirement systems listed in RCW 41.50.030 shall fully cooperate in the administration of the systems in which its employees participate, including the distribution of information to employees, and shall accept and carry out all other duties as required by law, regulation, or administrative instruction. Every employer shall transmit to the department all member and employer contributions due for periods of service rendered in the retirement systems, except as provided in subsection (2) of this section.
(2) When the department bills an employer for member and employer contributions owed for a prior period of service, the employer shall transmit the required contributions if the member is still an employee of the employer at the time of the billing. The employer shall have no duty to transfer member contributions for persons who are not employees on the date the department bills the employer but shall transfer the required employer contributions for the prior service.
(3) Members for whom member contributions for a prior period of service are not transferred by the employer pursuant to subsection (2) of this section shall have the option of paying the required member contributions pursuant to section 2 of this act.
(4) If an employee is entitled to retroactive service credit which was not previously established through no fault of the employee, or through an employer error which has caused a member’s compensation or contributions to be understated or overstated so as to cause a loss to the retirement funds, the director may bill the employer for the loss, to include interest, if applicable. The employer contributions, with interest thereon, will be treated as if in fact the interest was part of the normal employer contribution and no distribution of interest received shall be required.
(5) Employer-paid employee contributions will not be credited to a member’s account until the employer notifies the director in writing that the employer has been reimbursed by the employee or beneficiary for the payment. The employer shall have the right to collect from the employee the amount of the employee’s obligation. Failure on the part of the employer to collect all or any part of the sums which may be due from the employee or beneficiary shall in no way cause the employer obligation for the total liability to be lessened.
(6) If an employer transfers member contributions which were not paid by the member, the employer shall have the right to collect the amount of the employee’s obligation from the employee.

Sec. 4. RCW 41.54.020 and 1994 c 197 s 32 are each amended to read as follows:
(1) Those persons who are dual members on or after July 1, 1988, shall not receive a retirement benefit from any prior system while dual members without the loss of all benefits under this chapter. Retroactive retirement in any prior system will cancel membership in any subsequent systems except as allowed under RCW 41.04.270 and will result in the refund of all employee and employer contributions made to such systems.
(2) If a member has withdrawn contributions from a prior system, the member may restore the contributions, together with interest since the date of withdrawal as determined by the system, and recover the service represented by the contributions. Such restoration must be completed within two years of establishing dual membership or prior to retirement, whichever occurs first.
(3) If a member does not meet the time limitation under subsection (2) of this section, the member, prior to retirement, may restore the service credit destroyed by the withdrawn contributions by paying the amount required under RCW 41.50.165(2). However, if a member failed to meet the applicable statutory deadline and filed a petition with the director of the department of retirement systems prior to January 1, 1995, requesting an extension of the applicable period; and if the director’s findings in denying the petition affirmatively show that the failure was due to the fact that the department’s customary bulletins and other notifications that were furnished to the member’s employer for distribution were not furnished to the member by the employer, and that the member did not otherwise receive notice through other channels of communication and was not at fault, the member may elect to restore the required contributions and interest and regain service credit under subsection (2) of this section under the same terms and conditions and without further liability as if the election had been made on a timely basis. The election must be made not later than July 1, 1995, or prior to retirement, whichever comes first. The department shall provide written notice and an application...
directly to the affected members, and any further assistance as may be necessary to implement this section.

(4) Any service accrued in one system by the member shall not accrue in any other system.

NEW SECTION.  Sec. 5. If specific funding for the purposes of sections 1 through 4 of this act, referencing sections 1 through 4 of this act by bill and section number, is not provided by June 30, 1995, in the omnibus appropriations act, sections 1 through 4 of this act shall be null and void.

NEW SECTION.  Sec. 6. This act shall take effect July 1, 1996."

MOTION

Representative Carlson moved that the House insists on its position regarding the Senate amendments to House Bill No. 1296 and ask the Senate to recede therefrom.

Representatives Carlson and Sommers spoke in favor of the motion and it was carried.

Sec. 1403. RCW 43.19.19052 and 1986 c 158 s 9 are each amended to read as follows:
Initial policy determinations for the functions described in RCW 43.19.1905 shall be developed and published within the 1975-77 biennium by the director((, after consultation with the supply management advisory board)) for guidance and compliance by all state agencies, including educational institutions, involved in purchasing and material control. Modifications to these initial supply management policies established during the 1975-77 biennium shall be instituted by the director((, after consultation with the advisory board,)) in future biennia as required to maintain an efficient and up-to-date state supply management system. The director shall transmit to the governor and the legislature in June 1976 and June 1977 a progress report which indicates the degree of accomplishment of each of these assigned duties, and which summarizes specific achievements obtained in increased effectiveness and dollar savings or cost avoidance within the overall state purchasing and material control system. The second progress report in June 1977 shall include a comprehensive supply management plan which includes the recommended organization of a state-wide purchasing and material control system and development of an orderly schedule for implementing such recommendation. In the interim between these annual progress reports, the director shall furnish periodic reports to the office of financial management for review of progress being accomplished in achieving increased efficiencies and dollar savings or cost avoidance.

It is the intention of the legislature that measurable improvements in the effectiveness and economy of supply management in state government shall be achieved during the 1975-77 biennium, and each biennium thereafter. All agencies, departments, offices, divisions, boards, and commissions and educational, correctional, and other types of institutions are required to cooperate with and support the development and implementation of improved efficiency and economy in purchasing and material control. To effectuate this legislative intention, the director, ((in consultation with the supply management advisory board, and)) through the state purchasing and material control director, shall have the authority to direct and require the submittal of data from all state organizations concerning purchasing and material control matters.

Sec. 1404. RCW 43.19.1906 and 1994 c 300 s 1 are each amended to read as follows:
Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:
(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;
(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full
disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars ((with the approval of at least ten of the members of the state supply management advisory board)), if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state’s vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans’ institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium’s limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 1405. RCW 43.19.1937 and 1975-'76 2nd ex.s. c 21 s 13 are each amended to read as follows:

No ((member of the state supply management advisory board or)) state employee whose duties performed for the state include:

(1) Advising on or drawing specifications for supplies, equipment, commodities, or services;

(2) Suggesting or determining vendors to be placed upon a bid list;

(3) Drawing requisitions for supplies, equipment, commodities, or services;

(4) Evaluating specifications or bids and suggesting or determining awards; or

Violation of this section shall be considered a malfeasance and may cause loss of position, and the violator shall be liable to the state upon his official bond for all damages sustained by the state. Contracts involved may be canceled at the option of the state. Penalties provided in this section are not exclusive, and shall not bar action under any other statute penalizing the same act or omission.

Sec. 1406. RCW 43.19A.020 and 1991 c 297 s 3 are each amended to read as follows:

(1) The director shall adopt standards specifying the minimum content of recycled materials in products or product categories. The standards shall:
   (a) Be consistent with the USEPA product standards, unless the director finds that a different standard would significantly increase recycled product availability or competition;
   (b) Consider the standards of other states, to encourage consistency of manufacturing standards;
   (c) Consider regional product manufacturing capability;
   (d) Address specific products or classes of products; and
   (e) Consider postconsumer waste content and the recyclability of the product.

(2) The director shall consult with the department of ecology prior to adopting the recycled content standards.

(4) The standards required by this section shall be applied to recycled product purchasing by the department and other state agencies. The standards may be adopted or applied by any other local government in product procurement. The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards.

There is created an environmental hearings office of the state of Washington. The environmental hearings office shall consist of the pollution control hearings board created in RCW 43.21B.010, the forest practices appeals board created in RCW 76.09.210, and the shorelines hearings board created in RCW 90.58.170. The chairman of the pollution control hearings board shall be the chief executive officer of the environmental hearings office. Membership, powers, functions, and duties of the pollution control hearings board, the forest practices appeals board, and the shorelines hearings board shall be as provided by law.

The chief executive officer of the environmental hearings office may appoint an administrative appeals judge who shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, in cases before the boards comprising the office. Sec. 1902. RCW 75.20.103 and 1993 sp.s. c 2 s 32 are each amended to read as follows:
In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001, the department shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual
or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. (Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision.) The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. (A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision.) The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 1903. RCW 75.20.160 and 1991 c 279 s 1 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of hydraulic permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a hydraulic permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing; however, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations;

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and
(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic permit approval under this section may formally appeal the decision to the hydraulic appeals board pursuant to this chapter. The director shall establish an advisory committee to develop new and review existing technical provisions for hydraulic project permit conditions that would commonly apply to bulkhead construction. The purpose of the advisory committee shall be to develop recommendations for legislative and rule changes that (a) protect against the loss of property of waterfront shoreline owners; (b) facilitate the timely issuance of hydraulic permits and the prompt completion of projects; (c) reduce subjective project approval decisions by the department; and (d) foster better working relationships between bulkhead contractors, landowners, and the department. These recommendations shall be based on scientific evidence that demonstrates the association of project activities with impacts on fish life. The advisory committee shall be comprised of technical experts in the field of bulkhead construction, civil engineering, hydrology, and fish biology. By January 1, 1996, the committee shall submit recommendations to the director and the natural resources committees of the house of representatives and senate. The advisory committee shall expire on December 31, 1996.

MOTION
Representative Reams moved that the House concur in the Senate amendments to Engrossed Substitute House Bill No. 1107 and pass the bill as amended by the Senate.

POINT OF ORDER

Representative Chandler: Thank you Mr. Speaker. I would request a ruling on the scope and object on the Senate amendments to Engrossed Substitute House Bill No. 1107.

SPEAKER’S RULING

Representative Chandler, the Speaker is prepared to Rule on your Point of Order which challenges the Senate Amendment to Engrossed Substitute House Bill No. 1107 as being beyond the Scope and Object of the bill.

The title of Engrossed Substitute House Bill No. 1107 is "AN ACT Relating to the elimination and consolidation of boards and commissions.

The title is narrow.

The title clearly limits the scope of the bill to the elimination and consolidation of various boards and commissions.

The Senate Amendment would:

(1) Direct the Department of Fish and Wildlife to establish an advisory committee to develop new provisions for hydraulic project permit conditions; and

(2) Continue the Puget Sound Water Quality Authority for seven more years; and

(3) Remove 128 gubernatorial appointments from existing senate confirmation requirements.

The Amendment creates rather than eliminates another board or commission, continues rather than eliminating an agency that will sunset under existing law on June 30, 1995, and removes current Senate oversight responsibility from various appointments made by the Governor. The Amendment clearly goes beyond the scope of the title to Engrossed Substitute House Bill No. 1107.

The Speaker finds that the Senate Amendment is beyond the scope and object of the bill.

Representative Chandler, Your Point of Order is well taken.

MOTION

Representative Reams moved that the House not concur in the Senate amendments to Engrossed Substitute House Bill No. 1107 and ask the Senate to recede therefrom. The motion was carried.

Compensation that a member receives for being in standby status is also compensation earnable, subject to the conditions of this subsection. A member is in standby status when not being paid for time actually worked and only when both of the following conditions exist: (i) The member is required to be present at, or in the immediate vicinity of, a specified location; and (ii) the employer requires the member to be prepared to report immediately for work, if the need arises, although the need may not arise. Standby compensation is regular salary for the purposes of RCW 41.50.150(2).

Except as qualified by RCW 41.40.023, for employers that were admitted into the retirement system before the effective date of this act, membership service may be established for the employer’s former employees who are active members of the system if the member or member’s former employer pays an amount equal to the employer and member contributions which would have been paid to the retirement system on account of such service to the retirement system. Payment shall be made prior to the retirement of such member.
Payments submitted by the member under this section shall be placed in the member’s individual account in the members’ savings fund and be treated as any other contribution made by the member, with the exception that the contributions submitted by the member in payment of the employer’s obligation, together with the interest the director may apply to the employer’s contribution, shall be excluded from the calculation of the member’s annuity in the event the member selects a benefit with an annuity option.

NEW SECTION. Sec. 3. A new section is added to chapter 41.40 RCW under the subchapter heading "PROVISIONS APPLICABLE TO PLAN I AND PLAN II" to read as follows:
(1) This section applies to the establishment of membership service with employers admitted to the retirement system after the effective date of this act.
For current employees, membership service may be established for periods of employment with an employer prior to the employer’s admission into the retirement system by making the payments required by this section.

(a) Option A: The employer makes all the required payments within fifteen years from the date of the employer’s admission.

(b) Option B: The employer makes a portion of the required payments and the member pays the balance. The employer shall not be required to make its payments until the member has made his or her payments. Each member shall have the option to purchase the membership service.

(c) Option C: The member makes all of the required payments. Each member shall have the option to purchase the membership service.

All payments under options B and C of this subsection must be completed within five years from the date of the employer’s admission, or prior to the retirement of the member, whichever occurs sooner. If the employer does not purchase the membership credit under this subsection, the member may purchase the membership service under subsection (3) of this section.

The department may also alter any dates mentioned in this chapter for the purpose of making the provisions of the chapter applicable to the entry of any political subdivisions into the system. Any member transferring employment to another employer which is covered by the retirement system may continue as a member without loss of previously earned pension and annuity benefits. The department shall keep accounts as are necessary to show the contributions of each political subdivision to the benefit account fund and shall have the power to debit and credit the various accounts in accordance with the transfer of the members from one employer to another.

(4) Employees of a political subdivision, maintaining its own retirement system, who have been transferred to a health district formed pursuant to chapter 70.46 RCW, but who have been allowed to remain members of the political subdivision’s retirement system may be transferred as a group to the Washington public employees’ retirement system. SENATE AMENDMENTS TO HOUSE BILL

April 4, 1995

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1517 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this act is to assist community and economic development by clarifying the authority of all cities, towns, counties, and public corporations to engage in federally guaranteed "conduit financings" and to specify procedures that may be used for such conduit financings. Generally, in such a conduit financing a municipality borrows funds from the federal government or from private sources with the help of federal guarantees, without pledging the credit or tax revenues of the municipality, and then lends the proceeds for private projects that both fulfill public purposes, such as community and economic development, and provide the revenues to retire the municipal borrowings. Such conduit financings include issuance by municipalities of federally guaranteed notes under section 108 of the housing and community development act of 1974, as amended, to finance projects eligible under federal community development block grant regulations.

Sec. 2. RCW 35.21.735 and 1985 c 332 s 3 are each amended to read as follows:

(1) The legislature hereby declares that carrying out the purposes of federal grants or programs is both a public purpose and an appropriate function for (such) a city, town, county, or public corporation. The provisions of RCW 35.21.730 through 35.21.755 and RCW 35.21.660 and 35.21.670 and the enabling authority herein conferred to implement these provisions shall be construed to accomplish the purposes of RCW 35.21.730 through 35.21.755.

(2) All cities, towns, counties, and public corporations shall have the power and authority to enter into agreements with the United States or any agency or department thereof, or any agency of the state government or its political subdivisions, and pursuant to such agreements may receive and expend, or cause to be received and expended by a custodian or trustee, federal or private funds for any lawful public purpose. Pursuant to any such agreement, a city, town, county, or public corporation may issue bonds, notes, or other evidences of indebtedness that are guaranteed or otherwise secured by funds or other instruments provided by or through the federal government or by the federal government or an agency or instrumentality thereof under section 108 of the housing and community development act of 1974 (42 U.S.C. Sec. 5308), as amended, or its successor, and may agree to repay and reimburse for any liability thereon any guarantor of any such bonds, notes, or other evidences of indebtedness issued by such jurisdiction or public corporation. For purposes of this subsection federal housing mortgage insurance shall not constitute a federal guarantee or security.

(3) A city, town, county, or public corporation may pledge, as security for any such bonds, notes, or other evidences of indebtedness or for its obligations to repay or reimburse any guarantor thereof, its right, title, and interest in and to any or all of the following: (a) Any federal grants or payments received or that may be received in the future; (b) any of the following that may be obtained directly or indirectly from the use of any federal or private funds received as authorized in this section: (i) Property and interests therein, and (ii) revenues; (c) any payments received or owing from any person resulting from the lending of any federal or private funds received as authorized in this
section; (d) any proceeds under (a), (b), or (c) of this subsection and any securities or investments in which (a), (b), or (c) of this subsection or proceeds thereof may be invested; (e) any interest or other earnings on (a), (b), (c), or (d) of this subsection.

(4) A city, town, county, or public corporation may establish one or more special funds relating to any or all of the sources listed in subsection (3)(a) through (e) of this section and pay or cause to be paid from such fund the principal, interest, premium if any, and other amounts payable on any bonds, notes, or other evidences of indebtedness authorized under this section, and pay or cause to be paid any amounts owing on any obligations for repayment or reimbursement of guarantors of any such bonds, notes, or other evidences of indebtedness. A city, town, county, or public corporation may contract with a financial institution either to act as trustee or custodian to receive, administer, and expend any federal or private funds, or to collect, administer, and make payments from any special fund as authorized under this section, or both, and to perform other duties and functions in connection with the transactions authorized under this section. If the bonds, notes, or other evidences of indebtedness and related agreements comply with subsection (6) of this section, then any such funds held by any such trustee or custodian, or by a public corporation, shall not constitute public moneys or funds of any city, town, or county and at all times shall be kept segregated and set apart from other funds.

(5) For purposes of this section, "lawful public purpose" includes, without limitation, any use of funds, including loans thereof to public or private parties, authorized by the agreements with the United States or any department or agency thereof under which federal or private funds are obtained, or authorized under the federal laws and regulations pertinent to such agreements.

(6) If any such federal or private funds are loaned or granted to any private party or used to guarantee any obligations of any private party, then any bonds, notes, other evidences of indebtedness issued or entered into for the purpose of receiving or causing the receipt of such federal or private funds, and any agreements to repay or reimburse guarantors, shall not be obligations of any city, town, or county and shall be payable only from a special fund as authorized in this section or from any of the security pledged pursuant to the authority of this section, or both. Any bonds, notes, or other evidences of indebtedness to which this subsection applies shall contain a recital to the effect that they are not obligations of the city, town, or county or the state of Washington and that neither the faith and credit nor the taxing power of the state or any municipal corporation or subdivision of the state or any agency of any of the foregoing, is pledged to the payment of principal, interest, or premium, if any, thereon. Any bonds, notes, other evidences of indebtedness, or other obligations to which this subsection applies shall not be included in any computation for purposes of limitations on indebtedness. To the extent expressly agreed in writing by a city, town, county, or public corporation, this subsection shall not apply to bonds, notes, or other evidences of indebtedness issued for, or obligations incurred for, the necessary support of the poor and infirm by that city, town, county, or public corporation.

SENATE AMENDMENTS TO HOUSE BILL

April 10, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1557, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the business of insurance is one affected by the public interest, requiring that all persons be actuated by good faith, abstain from deception, and practice honesty and equity in all insurance matters. The payment of kickbacks, bribes, or rebates for
referrals to service providers, as has been occurring with increasing regularity in this state, results in inflated or fraudulent insurance claims, results in greater insurance costs for all citizens, and is contrary to the public interest. In particular, the process whereby "cappers" buy and sell insurance claims without the controls of professional licensing and discipline creates a fertile ground for illegal activity and has, in this state, resulted in frauds committed against injured claimants, insurance companies, and the public. Operations that engage in this practice have some or all of the following characteristics: Cappers, acting under an agreement or understanding that they will receive a pecuniary benefit, refer claimants with real or imaginary claims, injuries, or property damage to service providers. This sets off a chain of events that corrupts both the provision of services and casualty or property insurance for all citizens. This chain of events includes false claims for services through the use of false estimates of repair; false prescriptions of care or rehabilitative therapy; services that either do not occur or are provided by persons unqualified to provide the services; submission of false claims; submission of and demands for fraudulent costs, lost wages, pain and suffering, and the like; and other devices meant to result in false claims under casualty or property insurance policies or contracts, whether insured or self-insured, and either directly or through subrogation.

The legislature finds that combating these practices requires laws carefully fashioned to identify practices that mimic customary business practices. The legislature does not intend this law to be used against medical and other business referral practices that are otherwise legal, customary, and unrelated to the furtherance of any or all of the corrupt practices identified in this chapter.

NEW SECTION. Sec. 2. The definitions set forth in this section apply throughout this chapter unless the context clearly indicates otherwise.

(1) "Casualty or property insurance" includes both the insurance under which a claim is filed and insurance that receives a claim through subrogation, and means insurance as defined in RCW 48.11.040 and 48.11.070 and includes self-insurance arrangements.

(2) "Claimant" means a person who has or is believed by an actor to have an insurance claim.

(3) "Group-buying arrangement" means an arrangement made by a membership organization having one hundred or more members in which the organization asks for or receives valuable consideration in exchange for referring its members to a service provider; the consideration asked for or received will be or is used to benefit the entire organization, not just one or more individuals in positions of power or influence in the organization; and reasonable efforts are made to disclose to affected members of the organization the nature of the referral relationship, including the nature, extent, amount, and use of the consideration.

(4) "Health care services" means a service provided to a claimant for treatment of physical or mental illness or injury arising in whole or substantial part from trauma.

(5) "Insurance claim" means a claim for payment, benefits, or damages under a contract, plan, or policy of casualty or property insurance.

(6) "Legal provider" means an active member in good standing of the Washington state bar association, and any other person authorized by the Washington state supreme court to engage in full or limited practice of law.

(7) "Service provider" means a person who directly or indirectly provides, advertises, or otherwise claims to provide services.

(8) "Services" means health care services, motor vehicle body or other motor vehicle repair, and preparing, processing, presenting, or negotiating an insurance claim.

(9) "Trauma" means a physical injury or wound caused by external force or violence.

NEW SECTION. Sec. 3. (1) It is unlawful for a person:

(a) Knowing that the payment is for the referral of a claimant to a service provider, either to accept payment from a service provider or, being a service provider, to pay another; or

(b) To provide or claim or represent to have provided services to a claimant, knowing the claimant was referred in violation of (a) of this subsection.

(2) It is unlawful for a service provider to engage in a regular practice of waiving, rebating, giving, paying, or offering to waive, rebate, give, or pay all or any part of a claimant’s casualty or property insurance deductible.

NEW SECTION. Sec. 4. In a proceeding under this chapter, it is a defense if proven by the defendant by a preponderance of the evidence that, at the time of the offense:
The conduct alleged was authorized by the Rules of Professional Conduct or the Admission to Practice Rules for lawyers as adopted by the state supreme court, Washington business and professions licensing statutes, or rules adopted by the secretary of health or the director of licensing;
(2) The payment was an incidental nonmonetary gift or gratuity, or was purely social in nature;
(3) The conduct alleged was an exercise of a group-buying arrangement;
(4) The conduct alleged was a legal provider paying a service provider’s bills from the proceeds of an insurance claim that included the bills;
(5) The conduct alleged was a legal provider paying for services of an expert witness, including reports, consultation, and testimony; or
(6) The conduct alleged was a service provider’s purchase of advertising from an unrelated business that provides referrals from advertising for groups of ten or more service providers that are not related to the advertising business and not related to each other.

NEW SECTION. Sec. 5. A violation of section 3 of this act constitutes trafficking in insurance claims. A single violation is a gross misdemeanor. Each subsequent violation, whether alleged in the same or in subsequent prosecutions, is a class C felony.

NEW SECTION. Sec. 6. Independent of authority granted to the attorney general, the prosecuting attorney may petition the superior court for an injunction against a person who has violated this chapter. Remedies in an injunctive action brought by a prosecuting attorney are limited to an order enjoining, restraining, or preventing the doing of any act or practice that constitutes a violation of this chapter and imposing a civil penalty of up to five thousand dollars for each violation. The prevailing party in the action may, in the discretion of the court, recover its reasonable investigatory costs and the costs of the action including a reasonable attorney’s fee. The degree of proof required in an action brought under this section is a preponderance of the evidence. An action under this section must be brought within three years after the violation of this chapter occurred.

NEW SECTION. Sec. 7. Whenever a service provider or a person licensed by the state in a business or profession is convicted, enjoined, or found liable for damages or a civil penalty or other equitable relief under section 6 of this act, the attorney general or the prosecuting attorney shall provide written notification of the judgment to the appropriate regulatory or disciplinary body or agency.

NEW SECTION. Sec. 8. A violation of this chapter is cause for discipline and constitutes unprofessional conduct that could result in any regulatory penalty provided by law, including refusal, revocation, or suspension of a business or professional license, or right or admission to practice. Conduct that constitutes a violation of this chapter is unprofessional conduct in violation of RCW 18.130.180.

NEW SECTION. Sec. 9. Each insurer licensed to write direct insurance in this state shall institute and maintain an insurance antifraud plan. An insurer licensed on the effective date of this act shall file its antifraud plan with the insurance commissioner no later than December 31, 1995. An insurer licensed after the effective date of this act shall file its antifraud plan within six months of licensure. An insurer shall file any change to the antifraud plan with the insurance commissioner within thirty days after the plan has been modified.

NEW SECTION. Sec. 10. An insurer’s antifraud plan must establish specific procedures to:
(1) Prevent insurance fraud, including internal fraud involving employees or company representatives, fraud resulting from misrepresentation on applications for insurance coverage, and claims fraud;
(2) Review claims in order to detect evidence of possible insurance fraud and to investigate claims where fraud is suspected;
(3) Report fraud to appropriate law enforcement agencies and cooperate with those agencies in their prosecution of fraud cases;
(4) Undertake civil actions against persons who have engaged in fraudulent activities;
(5) Train company employees and agents in the detection and prevention of fraud.
NEW SECTION. Sec. 11. If after review of an insurer's antifraud plan, the commissioner finds that the plan does not comply with section 10 of this act, the commissioner may disapprove the antifraud plan. Notice of disapproval must include a statement of the specific reasons for disapproval. The insurer shall refile a plan disapproved by the commissioner within sixty days of the date of the notice of disapproval. The commissioner may audit insurers to ensure compliance with antifraud plans.

NEW SECTION. Sec. 12. Each insurer shall annually provide to the insurance commissioner a summary report on actions taken under its antifraud plan to prevent and combat insurance fraud. The report must also include, but not be limited to, measures taken to protect and ensure the integrity of electronic data-processing-generated data and manually compiled data, statistical data on the amount of resources committed to combating fraud, and the amount of fraud identified and recovered during the reporting period. The antifraud plans and summary of the insurer's antifraud activities are not public records and are exempt from chapter 42.17 RCW, are proprietary, are not subject to public examination, and are not discoverable or admissible in civil litigation.

NEW SECTION. Sec. 13. An insurer that fails to file a timely antifraud plan or who does not make a good faith attempt to file an antifraud plan that complies with section 10 of this act, is subject to the penalty provisions of RCW 48.01.080, but no penalty may be imposed for the first filing made by an insurer under this chapter. An insurer that fails to follow the antifraud plan is subject to a civil penalty not to exceed ten thousand dollars for each violation, at the discretion of the commissioner after consideration of all relevant factors, including the willfulness of the violation.

NEW SECTION. Sec. 14. It is the duty of all peace officers, law enforcement officers, and law enforcement agencies within this state to investigate, enforce, and prosecute all violations of this chapter.

NEW SECTION. Sec. 15. A new section is added to chapter 42.17 RCW to read as follows:

(1) The secretary shall investigate complaints concerning practice by unlicensed persons of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. In the investigation of the complaints, the secretary shall have the same authority as provided the secretary under RCW 18.130.050.
(2) The secretary may issue a notice of intention to issue a cease and desist order to any person whom the secretary has reason to believe is engaged in the unlicensed practice of a profession or business for which a license is required by the chapters specified in RCW 18.130.040. The person to whom such notice is issued may request an adjudicative proceeding to contest the charges. The request for hearing must be filed within twenty days after service of the notice of intention to issue a cease and desist order. The failure to request a hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine. All proceedings shall be conducted in accordance with chapter 34.05 RCW.
(3) If the secretary makes a final determination that a person has engaged or is engaging in unlicensed practice, the secretary may issue a cease and desist order. In addition, the secretary may impose a civil fine in an amount not exceeding one thousand dollars for each day upon which the person engaged in unlicensed practice of a business or profession for which a license is required by one or more of the chapters specified in RCW 18.130.040. The proceeds of such fines shall be deposited to the health professions account.
(4) If the secretary makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the secretary may issue a temporary cease and desist order. The person receiving a temporary cease and desist order shall be provided an opportunity for a prompt hearing. The temporary cease and desist order shall remain in effect until further order of the secretary. The failure to request a prompt or regularly scheduled hearing constitutes a default, whereupon the secretary may enter a permanent cease and desist order, which may include a civil fine.
(5) Neither the issuance of a cease and desist order nor payment of a civil fine shall relieve the person so practicing or operating a business without a license from criminal prosecution therefor, but the remedy of a cease and desist order or civil fine shall be in addition to any criminal liability. The cease and desist order is conclusive proof of unlicensed practice and may be enforced under RCW 7.21.060. This method of enforcement of the cease and desist order or civil fine may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.
(6) The attorney general, a county prosecuting attorney, the secretary, a board, or any person may in accordance with the laws of this state governing injunctions, maintain an action in the name of this state to enjoin any person practicing a profession or business for which a license is required by the chapters specified in RCW 18.130.040 without a license from engaging in such practice or operating such business until the required license is secured. However, the injunction shall not relieve the person...
so practicing or operating a business without a license from criminal prosecution therefor, but the
remedy by injunction shall be in addition to any criminal liability.

(7) Unlicensed practice of a profession or operating a business for which a license is required
by the chapters specified in RCW 18.130.040, unless otherwise exempted by law, constitutes a gross
misdemeanor for a single violation. Each subsequent violation, whether alleged in the same or in
subsequent prosecutions, is a class C felony. All fees, fines, forfeitures, and penalties collected or
assessed by a court because of a violation of this section shall be remitted to the health professions
account.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1995

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1756 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.110 and 1993 c 412 s 7 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing if the parties, their attorneys, the

Brad Hendrickson, Deputy Secretary
guardian ad litem, and court-appointed special advocates, if any, are all in agreement. The court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. Unless the court states on the record the reasons to disallow attendance, the court shall allow a child's relatives and, if a child resides in foster care, the child's foster parent to attend all hearings and proceedings pertaining to the child for the sole purpose of providing oral and written information about the child and the child's welfare to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec. 2. RCW 13.34.130 and 1994 c 288 s 4 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services and a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a grandparent, brother, sister, stepbrother, stepsister, uncle, aunt, or first cousin with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iii) A manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family
because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child’s parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child’s other parent, sibling, or another child;
(e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
(f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.

(3) Whenever a child is ordered removed from the child’s home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child’s parent, guardian, or legal custodian; adoption; guardianship; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child’s health, safety, or welfare.

(iii) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(4) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court
orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(5) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;
   (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
   (iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;
   (v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;
   (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
   (vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and
   (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed."

On page 1, line 1 of the title, after "children;" strike the remainder of the title and insert "and amending RCW 13.34.110 and 13.34.130."

and the same are herewith transmitted.

April 10, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1820 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 46.37 RCW to read as follows:
   (1) "Safety chains" means flexible tension members connected from the front portion of the
towed vehicle to the rear portion of the towing vehicle for the purpose of retaining connection between
towed and towing vehicle in the event of failure of the connection provided by the primary connecting
system, as prescribed by rule of the Washington state patrol.
   (2) The term "safety chains" includes chains, cables, or wire ropes, or an equivalent flexible
member meeting the strength requirements prescribed by rule of the Washington state patrol.
   (3) A tow truck towing a vehicle and a vehicle towing a trailer must use safety chains. Failure
to comply with this section is a class 1 civil infraction punishable under RCW 7.80.120.

NEW SECTION. Sec. 2. A new section is added to chapter 46.55 RCW to read as follows:
A vehicle engaging in the business of recovery of disabled vehicles for monetary compensation,
from or on a public road or highway must either be operated by a registered tow truck operator, or
someone who at a minimum has insurance in a like manner and amount as prescribed in RCW
46.55.030(3), and have had their tow trucks inspected in a like manner as prescribed by RCW
46.55.040(1). The department shall adopt rules to enforce this section. Failure to comply with this
section is a class 1 civil infraction punishable under RCW 7.80.120.

Sec. 3. RCW 46.55.063 and 1989 c 111 s 7 are each amended to read as follows:
(1) An operator shall file a fee schedule with the department. All filed fees must be adequate
to cover the costs of service provided. No fees may exceed those filed with the department. At least
ten days before the effective date of any change in an operator’s fee schedule, the registered tow truck
operator shall file the revised fee schedule with the department.
   (2) Towing contracts with private property owners shall be in written form and state the hours
of authorization to impound, the persons empowered to authorize the impounds, and the present charge
of a private impound for the classes of tow trucks to be used in the impound, and must be retained in
the files of the registered tow truck operator for three years.
(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) ((A)) Fees that ((is)) are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time the vehicle arrived at the secure storage area. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernable.

Sec. 4. RCW 46.55.090 and 1989 c 178 s 25 are each amended to read as follows:

(1) All vehicles impounded shall be taken to the nearest storage location that has been inspected and is listed on the application filed with the department.

(2) All vehicles shall be handled and returned in substantially the same condition as they existed before being towed.

(3) All personal belongings and contents in the vehicle, with the exception of those items of personal property that are registered or titled with the department, shall be kept intact, and shall be returned to the vehicle's owner or agent during normal business hours upon request and presentation of a driver's license or other sufficient identification. Personal belongings, with the exception of those items of personal property that are registered or titled with the department, shall not be sold at auction to fulfill a lien against the vehicle.

(4) All personal belongings, with the exception of those items of personal property that are registered or titled with the department, not claimed before the auction shall be turned over to the local law enforcement agency to which the initial notification of impoundment was given. Such personal belongings shall be disposed of pursuant to chapter 63.32 or 63.40 RCW.

(5) Tow truck drivers shall have a Washington state driver's license endorsed for the appropriate classification under chapter 46.25 RCW or the equivalent issued by another state.

(6) Any person who shows proof of ownership or written authorization from the impounded vehicle's registered or legal owner or the vehicle's insurer may view the vehicle without charge during normal business hours.

Sec. 5. RCW 46.55.100 and 1991 c 20 s 1 are each amended to read as follows:

(1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the ninety-six hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fifteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned
vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle’s or other property’s owners.

Sec. 6. RCW 46.55.110 and 1989 c 111 s 10 are each amended to read as follows:

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the vehicle owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

Sec. 7. RCW 46.55.120 and 1993 c 121 s 3 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle’s insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer’s bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this
section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The district court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 8. RCW 46.55.140 and 1992 c 200 s 1 are each amended to read as follows:

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of ((three)) five hundred dollars ((less)) after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars ((less)) after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer’s fee be added to the amount charged for the vehicle at the auction, the vehicle’s lien, or the overage due. A registered owner who has completed and filed with the department the seller’s report as provided for by RCW 46.12.101 and has timely and properly filed the seller’s report is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed seller’s report shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

Sec. 9. RCW 46.20.435 and 1985 c 391 s 1 are each amended to read as follows:

(1) Upon determining that a person is operating a motor vehicle without a valid driver’s license in violation of RCW 46.20.021 or with a license that has been expired for ninety days or more, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420, a law enforcement officer may immediately impound the vehicle that the person is operating.

(2) (If the driver of the vehicle is the owner of the vehicle.) The officer shall not release the vehicle impounded under subsection (1) of this section until the owner of the vehicle:

(a) Establishes that any penalties, fines, or forfeitures owed by the ((person driving)) registered owner of the vehicle ((when it)) that was impounded have been satisfied; and

(b) Pays the reasonable costs of such impoundment and storage.

(3) (If the driver of the vehicle is not the owner of the vehicle, the driver shall be responsible for any penalties, fines, or forfeitures owed or due and for the costs of impoundment and storage. The vehicle shall be released to the owner immediately upon proof of such ownership.

(4)) Whenever a vehicle has been impounded by a law enforcement officer, the officer shall immediately serve upon the driver of the impounded vehicle a notice informing the recipient of his or her right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing or the amount of towing and storage charges. A request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date of the impound. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the driver is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

((5))) (4)(a) The district court, within five days after the request for a hearing, shall notify the driver in writing of the hearing date and time.
(b) At the hearing, the person requesting the hearing may produce any relevant evidence to show that the impoundment was not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the driver was responsible for any penalties, fines, or forfeitures owed or due at the time of the impoundment, and whether they have been satisfied.

(d) A certified transcript or abstract of the driving record of the driver, as maintained by the department, is admissible in evidence in any hearing and is prima facie evidence of the status of the driving privilege of the person named in it at the time of the impoundment and whether there were penalties, fines, or forfeitures due and owing by the person named in it at the time the impoundment occurred.

Sec. 10. RCW 46.61.625 and 1965 ex.s. c 155 s 73 are each amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1995

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1879 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.40.220 and 1994 sp.s. c 7 s 529 are each amended to read as follows:

(1) Whenever legal custody of a child is vested in someone other than his or her parents, under this chapter, and not vested in the department of social and health services, after due notice to the parents or other persons legally obligated to care for and support the child, and after a hearing, the court may order and decree that the parent or other legally obligated person shall pay in such a manner as the court may direct a reasonable sum representing in whole or in part the costs of support, treatment, and confinement of the child after the decree is entered.

(2) If the parent or other legally obligated person willfully fails or refuses to pay such sum, the court may proceed against such person for contempt.

(3) Whenever legal custody of a child is vested in the department under this chapter, the parents or other persons legally obligated to care for and support the child shall be liable for the costs of support, treatment, and confinement of the child, in accordance with the department’s reimbursement of cost schedule. The department shall adopt a reimbursement of cost schedule based on the costs of providing such services, and shall determine an obligation based on the responsible parents’ or other legally obligated person’s ability to pay. The department is authorized to adopt additional rules as appropriate to enforce this section.

(4) To enforce subsection (3) of this section, the department shall serve on the parents or other person legally obligated to care for and support the child a notice and finding of financial responsibility requiring the parents or other legally obligated person to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect and should not be ordered. This notice and finding shall relate to the costs of support, treatment, and confinement of the child in accordance with the department’s reimbursement of cost schedule adopted under this section, including periodic payments to be made in the future. The hearing shall be held pursuant to chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(5) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the parent or legally obligated person by certified mail, return receipt requested. The receipt shall be prima facie evidence of service.

(6) If the parents or other legally obligated person objects to the notice and finding of financial responsibility, then an application for an adjudicative hearing may be filed within twenty days of the date of service of the notice. If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the parents or other legally obligated person and shall also determine the amount of periodic payments to be made in the future. If the parents or other legally responsible person fails to file an application within twenty days, the notice and finding of financial responsibility shall become a final administrative order.

(7) Debts determined pursuant to this section are subject to collection action without further necessity of action by a presiding or reviewing officer. The department may collect the debt in accordance with RCW 43.20B.635, 43.20B.640, 74.20A.060, and 74.20A.070. The department shall
exempt from payment parents receiving adoption support under RCW 74.13.100 through 74.13.145, 
((and)) parents eligible to receive adoption support under RCW 74.13.150, and a parent or other 
legally obligated person when the parent or other legally obligated person, or such person’s child, 
spouse, or spouse’s child, was the victim of the offense for which the child was committed.

(8) An administrative order entered pursuant to this section shall supersede any court order 
entered prior to June 13, 1994.

(9) The department shall be subrogated to the right of the child and his or her parents or other 
legally responsible person to receive support payments for the benefit of the child from any parent or 
legally obligated person pursuant to a support order established by a superior court or pursuant to RCW 
74.20A.055. The department’s right of subrogation under this section is limited to the liability 
established in accordance with its cost schedule for support, treatment, and confinement, except as 
addressed in subsection (10) of this section.

(10) Nothing in this section precludes the department from recouping such additional support 
payments from the child’s parents or other legally obligated person as required to qualify for receipt of 
federal funds. The department may adopt such rules dealing with liability for recoupment of support, 
treatment, or confinement costs as may become necessary to entitle the state to participate in federal 
funds unless such rules would be expressly prohibited by law. If any law dealing with liability for 
recoupment of support, treatment, or confinement costs is ruled to be in conflict with federal 
requirements which are a prescribed condition of the allocation of federal funds, such conflicting law is 
declared to be inoperative solely to the extent of the conflict.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public 
peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "offenders;" strike the remainder of the title and insert 
amending RCW 13.40.220; and declaring an emergency."

and the same are herewith transmitted.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1906 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of children, including those who receive care away from their own homes. The legislature further declares that no person or agency has a right to be licensed under this chapter to provide care for children. The health, safety, and well-being of children must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, and whether to take other licensing action. The legislature intends, through the provisions of this act, to provide the department of social and health services with additional enforcement authority to carry out the purpose and provisions of this act. Furthermore, administrative law judges should receive specialized training so that they have the specialized expertise required to appropriately review licensing decisions of the department.

Children placed in foster care are particularly vulnerable and have a special need for placement in an environment that is stable, safe, and nurturing. For this reason, foster homes should be held to a high standard of care, and department decisions regarding denial, suspension, or revocation of foster care licenses should be upheld on review if there are reasonable grounds for such action.

Sec. 2. RCW 74.15.010 and 1983 c 3 s 192 are each amended to read as follows:

The purpose of chapter 74.15 RCW and RCW 74.13.031 is:

(1) To safeguard the health, safety, and well-being of children, expectant mothers and developmentally disabled persons receiving care away from their own homes, which is paramount over the right of any person to provide care;

(2) To strengthen and encourage family unity and to sustain parental rights and responsibilities to the end that foster care is provided only when a child’s family, through the use of all available resources, is unable to provide necessary care;

(3) To promote the development of a sufficient number and variety of adequate child-care and maternity-care facilities, both public and private, through the cooperative efforts of public and voluntary agencies and related groups;

(4) To provide consultation to agencies caring for children, expectant mothers or developmentally disabled persons in order to help them to improve their methods of and facilities for care;

(5) To license agencies as defined in RCW 74.15.020 and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all agencies caring for children, expectant mothers and developmentally disabled persons.

Sec. 3. RCW 74.15.020 and 1994 c 273 s 21 are each amended to read as follows:

Sec. 4. RCW 74.15.030 and 1988 c 189 s 3 are each amended to read as follows:

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have
unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with the child care coordinating committee and other affected groups for child day-care requirements and with the children’s services advisory committee for requirements for other agencies; and

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

Sec. 5. RCW 74.15.130 and 1989 c 175 s 149 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205
governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department’s decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care;
(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or
(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department’s decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

NEW SECTION. Sec. 6. A new section is added to chapter 74.15 RCW to read as follows:
(1) The office of administrative hearings shall not assign nor allow an administrative law judge to preside over an adjudicative hearing regarding denial, modification, suspension, or revocation of any license to provide child care, including foster care, under this chapter, unless such judge has received training related to state and federal laws and department policies and procedures regarding:
(a) Child abuse, neglect, and maltreatment;
(b) Child protective services investigations and standards;
(c) Licensing activities and standards;
(d) Child development; and
(e) Parenting skills.
(2) The office of administrative hearings shall develop and implement a training program that carries out the requirements of this section. The office of administrative hearings shall consult and coordinate with the department in developing the training program. The department may assist the office of administrative hearings in developing and providing training to administrative law judges.

NEW SECTION. Sec. 7. A new section is added to chapter 74.15 RCW to read as follows:
(1) The department may issue a probationary license to a licensee who has had a license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:
(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and
(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.
(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(3) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(4) An existing license is invalidated when a probationary license is issued.

(5) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(6) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license.

Sec. 8. RCW 74.15.100 and 1982 c 118 s 11 are each amended to read as follows:

Each agency shall make application for a license or renewal of license to the department of social and health services on forms prescribed by the department. A licensed agency having foster-family homes under its supervision may make application for a license on behalf of any such foster-family home. Such a foster home license shall cease to be valid when the home is no longer under the supervision of that agency. Upon receipt of such application, the department shall either grant or deny a license within ninety days unless the application is for licensure as a foster-family home, in which case RCW 74.15.040 shall govern. A license shall be granted if the agency meets the minimum requirements set forth in chapter 74.15 RCW and RCW 74.13.031 and the departmental requirements consistent herewith, except that an initial license may be issued as provided in RCW 74.15.120. Licenses provided for in chapter 74.15 RCW and RCW 74.13.031 shall be issued for a period of three years. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed foster-family and family day-care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move, except that for the foster-family home this will apply only if the family remains intact.

Sec. 9. RCW 74.15.120 and 1979 c 141 s 361 are each amended to read as follows:

The secretary of social and health services may, at his or her discretion, issue an initial license instead of a full license to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license except as provided in rules adopted by the department.

On page 1, line 1 of the title, after "licensing;" strike the remainder of the title and insert "amending RCW 74.15.010, 74.15.020, 74.15.030, 74.15.130, 74.15.100, and 74.15.120; adding new sections to chapter 74.15 RCW; creating a new section; and prescribing penalties."

and the same are herewith transmitted.

NEW SECTION. Sec. 802. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid for from operating revenues, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements, or financial contracts using certificates of participation. The director of general administration shall ensure that the clustering of state facilities and the collocation and consolidation of state agencies take place where such configurations are economical and consistent with agency space needs. Agencies shall assist the department of general administration with facility collocation and consolidation efforts. Prior to the finalization of a financing contract authorized under this act there shall be placed on file with the office of financial management an amortization statement which provides a schedule of contracted payments by source of fund. In addition, the contracting agency shall provide to the office of financial management a condition statement regarding any existing facility which is acquired listing the expected renovation or improvement costs which shall be incurred within five years of occupancy. The office of financial management shall provide annual reports to the appropriate legislative committees summarizing the information regarding the payment schedule and facility condition.

State agencies may enter into agreements with the department of general administration and the state treasurer’s office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

(1) Department of general administration:
(a) Lease-develop with an option to purchase or lease-purchase an approximately 125,000 square foot office building. This facility is the first phase of an office complex in Spokane at the metropolitan summit office center project. This facility will collocate several state agencies. Alternatively, the project may be financed by entering into a financing contract on behalf of the department of general administration in the amount of $17,000,000 and reserves pursuant to chapter 39.94 RCW. A financial plan identifying facility occupants, all costs related to this project, and the sources and amounts of payments to cover these costs, shall be submitted for approval to the office of financial management prior to the execution of any contract. Copies of the financial plan shall also be
provided to the senate ways and means committee and the house of representatives capital budget committee; and

(b) Long-term lease with an option to purchase or lease-purchase for office space and associated parking in downtown Tacoma. A financial plan identifying all costs related to this project, and the sources and amounts of payments to cover these costs, shall be submitted for approval to the office of financial management prior to the execution of any contract. Copies of the financial plan shall also be provided to the senate ways and means committee and the house of representatives capital budget committee.

(2) Liquor control board:
Lease-develop with an option to purchase a new liquor distribution center and materials handling center costing approximately $30,000,000 to replace the current Seattle facility. A financial plan identifying all costs related to this project, and the sources and amounts of payments to cover these costs, shall be submitted for approval to the office of financial management prior to the execution of any contract. Copies of the financial plan shall also be provided to the senate ways and means committee and the house of representatives capital budget committee.

(3) Department of corrections:
(a) Lease-purchase property from the department of natural resources on which Cedar Creek, Larch, and Olympic correctional centers are located for up to $1,000,000;

(c) Enter into a financing agreement on behalf of the department of corrections in the amount of $10,000,000 and reserves pursuant to chapter 39.94 RCW, to construct a new correctional industries dairy and creamery. It is the intent of the legislature that inmate labor be used to reduce costs so that as much as $2,000,000 in project costs savings may be realized. The department shall reevaluate costs using inmate labor and submit new estimates to the office of financial management before entering into any agreements. Milk and other products of the dairy shall be sold exclusively to correctional facilities and jails.

(4) Community and technical colleges:
(a) Enter into a financing contract on behalf of Clark College in the amount of $4,200,000 and reserves pursuant to chapter 39.94 RCW, to purchase 12 acres and a 60,000 square foot building as an expansion site for the main campus;

These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

(a) Acceptability;
(b) Ease of administration;
(c) Equity;
(d) Implementation feasibility;
(e) Revenue reliability; and
(f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources.

Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter’s pamphlet shall be produced as provided in chapter 29.81A RCW.

Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Revenues deposited in the fund are considered taxes levied for transportation purposes, and may not be used for general government purposes.

(b) Moneys in the fund may be spent only after appropriation. Expenditures from the fund may be used only for transportation purposes and activities and operations of the Washington state patrol not directly related to the policing of public highways and that are not authorized under Article II, section 40 of the state Constitution.

(c) All bonds obligating principal and interest payments from transportation fund revenues shall not constitute an indebtedness of the state of Washington within the meaning of the debt limitation contained in Article VIII, section 1 of the Washington state Constitution, as amended by a vote of the people pursuant to HJR 52, 1971.

(d) No transportation bonds, notes, or other evidences of indebtedness for borrowed money shall be issued that will cause the aggregate debt contract by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of transportation fund revenues for the three immediately preceding fiscal years as certified by the treasurer.

(2) There is hereby created the central Puget Sound public transportation account within the transportation fund. Moneys deposited into the account under RCW 82.44.150(2)(b) shall be appropriated to the department of transportation and allocated by the multimodal transportation programs and projects selection committee created in RCW 47.66.020 to public transportation projects within the region from which the funds are derived, solely for:

NEW SECTION. Sec. 528. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Representatives Sheahan and Costa spoke in favor of the motion and it was carried.

There being no objection, the House resumed consideration of Substitute House Bill No. 1140.

SPEAKER'S RULING

Representative Sheahan, the Speaker is prepared to Rule on your Point of Order which challenges the Senate Amendment to Substitute House Bill No. 1140 as being beyond the Scope and Object of the bill.

The title of Substitute House Bill No. 1140 is "AN ACT Relating to the use of criminal history in sentencing of offenders.

The title is narrow. The bill amends RCW 9.94A.390, reenacts and amends RCW 9.94A.360, and prescribes penalties.

The title clearly limits the scope of the bill to the use of past criminal history when making certain determinations pertaining to the sentencing of criminal offenders.

Senate Amendments 328 and 332 would allow judges to impose exceptional sentences longer than the standard range for certain current offenders without regard to the prior criminal history of the defendant.

The Amendment clearly goes beyond the scope of the title to Substitute House Bill No. 1140.

The Speaker finds that the Senate Amendments is beyond the scope and object of the bill.

Representative Sheahan, Your Point of Order is well taken.

The motion to not concur in the Senate amendments to Substitute House Bill No. 1140 was carried.
There being no objection, the House deferred consideration of Engrossed Substitute House Bill No. 1165.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1995

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1173 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.13.118 and 1985 c 7 s 138 are each amended to read as follows:

At least (annually) once every five years, the secretary shall review the need of any adoptive parent or parents receiving continuing support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145, or the need of any parent who is to receive more than one lump sum payment where such payments are to be spaced more than one year apart. (Such review shall be made not later than the anniversary date of the adoption support agreement.)

At the time of such (annual) review and at other times (during the year) when changed conditions, including variations in medical opinions, prognosis and costs, are deemed by the secretary to warrant such action, appropriate adjustments in payments shall be made based upon changes in the needs of the child, in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance.

Any parent who is a party to such an agreement may at any time in writing request, for reasons set forth in such request, a review of the amount of any payment or the level of continuing payments. Such review shall be begun not later than thirty days from the receipt of such request. Any adjustment may be made retroactive to the date such request was received by the secretary. If such request is not acted on within thirty days after it has been received by the secretary, such parent may invoke his rights under the hearing provisions set forth in RCW 74.13.127.

Sec. 2. RCW 74.13.121 and 1985 c 7 s 139 are each amended to read as follows:

So long as any adoptive parent is receiving support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 he or she shall, (not later than two weeks after it is filed with the United States government) upon request, file with the secretary a copy of his or her federal income tax return. Such return and any information thereon shall be marked by the secretary "confidential", shall be used by the secretary solely for the purposes of RCW 26.33.320 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution or agency, public or private, including agencies of the United States government, other than a superior court, judge or commissioner before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 is then pending.

In carrying on the review process authorized by RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may require the adoptive parent or parents to disclose such additional financial information, not privileged, as may enable him or her to make determinations and adjustments in support to the end that the purposes and policies of this state expressed in RCW 74.13.100 may be carried out, provided that no adoptive parent or parents shall be obliged, by virtue of this section, to sign any agreement or other writing waiving any constitutional right or privilege nor to admit to his or her home any agent, employee, or official of any department of this state, or of the United States government.

Such information shall be marked "confidential" by the secretary, shall be used by him or her solely for the purposes of RCW 26.33.320 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution, or agency, public or private, including agencies of the United States government."
government other than a superior court judge or commission before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 is then pending.

NEW SECTION. Sec. 3. The legislature recognizes that some prospective adoptive parents may not have finalized the adoption of a foster child in their care because the adoption support program as it is presently structured may offer special children with complex needs fewer necessary services than the foster care program provides them through exceptional cost plans. Enhancement of the adoption support program could increase the likelihood that such special needs children could be adopted.

The department of social and health services is directed to conduct a study to determine the costs, program impact, and appropriateness of extending exceptional cost rate foster care plans for special needs children to the adoption support program. The department of social and health services shall complete the study and report its findings to the legislature no later than September 1, 1995."

On page 1, line 1 of the title, after "support;" strike the remainder of the title and insert "amending RCW 74.13.118 and 74.13.121; and creating a new section."

and the same are herewith transmitted.

If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

Upon such refund being certified to the state treasurer by the director as correct and being claimed in the time required by law the state treasurer shall mail or deliver the amount of each refund to the person entitled thereto. No claim for refund shall be allowed for such erroneous payments unless filed with the director within three years after such claimed erroneous payment was made.

If due to error a person has been required to pay a vehicle license fee under this title and an excise tax under Title 82 RCW that amounts to an overpayment of ten dollars or more, that person shall be entitled to a refund of the entire amount of the overpayment, regardless of whether a refund of the overpayment has been requested. If due to error the department or its agent has failed to collect the full amount of the license fee and excise tax due and the underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax and fees.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor."

On page 1, line 1 of the title, after "46.12.030," insert "46.68.010," and the same are herewith transmitted.

MOTION

Representative K. Schmidt moved that the House not concur in the Senate amendments to House Bill No. 1225.

POINT OF ORDER

Representative K. Schmidt: Thank you Mr. Speaker. I would request a ruling on the scope and object on the Senate amendments to House Bill No. 1225.

There being no objection, the House deferred further consideration of House Bill No. 1225 and the bill held it’s place on the third reading calendar.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1724 with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes by this act that the growth management act is a fundamental building block of regulatory reform. The state and local governments have invested considerable resources in an act that should serve as the integrating framework for all other land-use related laws. The growth management act provides the means to effectively combine certainty for development decisions, reasonable environmental protection, long-range planning for cost-effective infrastructure, and orderly growth and development.

PART I - GROWTH MANAGEMENT ACT
NEW SECTION. Sec. 101. The legislature finds that during project review, a county or city planning under RCW 36.70A.040 is likely to discover the need to make various improvements in comprehensive plans and development regulations. There is no current requirement or process for applicants, citizens, or agency staff to ensure that these improvements are considered in the plan review process. The legislature also finds that in the past environmental review and permitting of proposed projects have been used to reopen and make land use planning decisions that should have been made through the comprehensive planning process, in part because agency staff and hearing examiners have not been able to ensure consideration of all issues in the local planning process. The legislature further finds that, while plans and regulations should be improved and refined over time, it is unfair to penalize applicants that have submitted permit applications that meet current requirements. It is the intent of the legislature in enacting section 102 of this act to establish a means by which cities and counties will docket suggested plan or development regulation amendments and ensure their consideration during the planning process.

NEW SECTION. Sec. 102. A new section is added to chapter 36.70A RCW to read as follows:

(1) Project review, which shall be conducted pursuant to the provisions of chapter 36.-- RCW (the new chapter created in section 431 of this act), shall be used to make individual project decisions, not land use planning decisions. If, during project review, a county or city planning under RCW 36.70A.040 identifies deficiencies in plans or regulations:
   (a) The permitting process shall not be used as a comprehensive planning process;
   (b) Project review shall continue; and
   (c) The identified deficiencies shall be docketed for possible future plan or development regulation amendments.

(2) Each county and city planning under RCW 36.70A.040 shall include in its development regulations a procedure for any interested person, including applicants, citizens, hearing examiners, and staff of other agencies, to suggest plan or development regulation amendments. The suggested amendments shall be docketed and considered on at least an annual basis, consistent with the provisions of RCW 36.70A.130.

(3) For purposes of this section, a deficiency in a comprehensive plan or development regulation refers to the absence of required or potentially desirable contents of a comprehensive plan or development regulation. It does not refer to whether a development regulation addresses a project’s probable specific adverse environmental impacts which the permitting agency could mitigate in the normal project review process.

(4) For purposes of this section, docketing refers to compiling and maintaining a list of suggested changes to the comprehensive plan or development regulations in a manner that will ensure such suggested changes will be considered by the county or city and will be available for review by the public.

Sec. 103. RCW 36.70A.030 and 1994 c 307 s 2 and 1994 c 257 s 5 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.
(6) "Department" means the department of community, trade, and economic development.
(7) "For purposes of RCW 36.70A.065 and 36.70A.440, "development permit application" means any application for a development proposal for a use that could be permitted under a plan adopted pursuant to this chapter and is consistent with the underlying land use and zoning, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses or other applications pertaining to land uses, but shall not include rezones, proposed amendments to comprehensive plans or the adoption or amendment of development regulations.
(8) "Development regulations" means (any) the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in section 402 of this act, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(((9))) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(((10))) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(((11))) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(((12))) "Minerals" include gravel, sand, and valuable metallic substances.

(((13))) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(((14))) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(((15))) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(((16))) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(((17))) "Urban governmental services" include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

(((18))) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. ((However,)) Wetlands may include those artificial
wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands (if permitted by the county or city)).

**NEW SECTION.** Sec. 104. A new section is added to chapter 36.70A RCW to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city’s comprehensive plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city’s development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

**NEW SECTION.** Sec. 105. A new section is added to chapter 36.70A RCW to read as follows:

(1) In designating and protecting critical areas under this chapter, counties and cities shall include the best available science in developing policies and development regulations to protect the functions and values of critical areas. In addition, counties and cities shall give special consideration to conservation or protection measures necessary to preserve or enhance anadromous fisheries.

(2) If it determines that advice from scientific or other experts is necessary or will be of substantial assistance in reaching its decision, a growth management hearings board may retain scientific or other expert advice to assist in reviewing a petition under RCW 36.70A.290 that involves critical areas.

**Sec. 106.** RCW 36.70A.130 and 1990 1st ex. s. c 17 s 13 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; and

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW.

(b) All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.

**Sec. 107.** RCW 36.70A.140 and 1990 1st ex. s. c 17 s 14 are each amended to read as follows:
Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish and broadly disseminate to the public a public participation program identifying procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. In enacting legislation in response to the board’s decision pursuant to RCW 36.70A.300 declaring part or all of a comprehensive plan or development regulation invalid, the county or city shall provide for public participation that is appropriate and effective under the circumstances presented by the board’s order. Errors in exact compliance with the established program and procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the program and procedures is observed.

Sec. 108. RCW 36.70A.280 and 1994 c 249 s 31 are each amended to read as follows:

(1) A growth management hearings board shall hear and determine only those petitions alleging either:

(a) That a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto; or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by the state, a county or city that plans under this chapter, a person who has either appeared before the county or city regarding the matter on which a review is being requested or is certified by the governor within sixty days of filing the request with the board, or a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

Sec. 109. RCW 36.70A.290 and 1994 c 257 s 2 and 1994 c 249 s 26 are each reenacted and amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.
(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government's shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

Sec. 110. RCW 36.70A.300 and 1991 sp.s. c 32 s 11 are each amended to read as follows:

(1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to plans, development regulations, and amendments thereto, adopted under RCW 36.70A.040 or chapter 90.58 RCW. In the final order, the board shall either: (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs; or (b) find that the state agency, county, or city is not in compliance with the requirements of this chapter or chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, in which case the board shall remand the matter to the affected state agency, county, or city and specify a reasonable time not in excess of one hundred eighty days within which the state agency, county, or city shall comply with the requirements of this chapter.

(2) A finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand, unless the board’s final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board’s order; and

(b) Subject any development application that would otherwise vest after the date of the board’s order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.

Sec. 111. RCW 36.70A.320 and 1991 sp.s. c 32 s 13 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption. In
any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter.

(2) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

Sec. 112. RCW 36.70A.330 and 1991 sp. s. c 32 s 14 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board((, on its own motion or motion of the petitioner,)) shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, city, or county. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board.

(3) If the board finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed.

(4) The board shall also reconsider its final order and decide:
   (a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or
   (b) If no determination of invalidity has been made, whether one now should be made under the standards in RCW 36.70A.300(2).

The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

Sec. 113. RCW 34.05.514 and 1994 c 257 s 23 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section ((and RCW 36.70A.300(3))), proceedings for review under this chapter shall be instituted by filing a petition in the superior court, at the petitioner's option, for (a) Thurston county, (b) the county of the petitioner's residence or principal place of business, or (c) in any county where the property owned by the petitioner and affected by the contested decision is located.

(2) For proceedings involving institutions of higher education, the petition shall be filed either in the county in which the principal office of the institution involved is located or in the county of a branch campus if the action involves such branch.

NEW SECTION. Sec. 114. (1) The legislature finds that:
   (a) As of the effective date of this section, twenty-nine counties and two hundred eight cities are conducting comprehensive planning under the growth management act, chapter 36.70A RCW, which together comprise over ninety percent of the state's population;
   (b) Comprehensive plans for many of the jurisdictions were due by July 1, 1994, and the remaining jurisdictions must complete plans under due dates ranging from October 1994 to September 1997;
   (c) Concurrently with these comprehensive planning activities, local governments must conduct several other planning requirements under the growth management act, such as the adoption of capital facilities plans, urban growth areas, and development regulations;
   (d) Local governments must also comply with the state environmental policy act, chapter 43.21C RCW, in the development of comprehensive plans and development regulations;
   (e) The combined activities of comprehensive planning and the state environmental policy act present a serious fiscal burden upon local governments; and
(f) Detailed environmental analysis integrated with comprehensive plans, subarea plans, and
development regulations will facilitate planning for and managing growth, allow greater protection of
the environment, and benefit both the general public and private property owners.

(2) In order to provide financial assistance to cities and counties planning under chapter 36.70A
RCW and to improve the usefulness of plans and integrated environmental analyses, the legislature has
created the fund described in section 115 of this act.

NEW SECTION. Sec. 115. A new section is added to chapter 36.70A RCW to read as
follows:
The growth management planning and environmental review fund is hereby established in the
state treasury. Moneys may be placed in the fund from the proceeds of bond sales, tax revenues,
budget transfers, federal appropriations, gifts, or any other lawful source. Moneys in the fund may be
spent only after appropriation. Moneys in the fund shall be used to make grants to local governments
for the purposes set forth in section 202 of this act, RCW 43.21C.031, or section 116 of this act.

NEW SECTION. Sec. 116. A new section is added to chapter 36.70A RCW to read as
follows:

(1) The department of community, trade, and economic development shall provide management
services for the fund created by section 115 of this act. The department by rule shall establish
procedures for fund management.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under
RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a
county or city in paying for the cost of preparing a detailed environmental impact statement that is
integrated with a comprehensive plan or subarea plan and development regulations.

(3) In order to qualify for a grant, a county or city shall:
(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C
RCW that is integrated with a comprehensive plan or subarea plan and development regulations;
(b) Address environmental impacts and consequences, alternatives, and mitigation measures in
sufficient detail to allow the analysis to be adopted in whole or in part by subsequent applicants for
development permits within the geographic area analyzed in the plan;
(c) Include mechanisms in the plan to monitor the consequences of growth as it occurs in the
plan area and provide ongoing data to update the plan and environmental analysis;
(d) Be making substantial progress towards compliance with the requirements of this chapter.
A county or city that is more than six months out of compliance with a requirement of this chapter is
deemed not to be making substantial progress towards compliance; and
(e) Provide local funding, which may include financial participation by the private sector.
(4) In awarding grants, the department shall give preference to proposals that include one or
more of the following elements:
(a) Financial participation by the private sector, or a public/private partnering approach;
(b) Comprehensive and subarea plan proposals that are designed to identify and monitor system
capacities for elements of the built environment, and to the extent appropriate, of the natural
environment;
(c) Programs to improve the efficiency and effectiveness of the permitting process by greater
reliance on integrated plans;
(d) Programs for effective citizen and neighborhood involvement that contribute to greater
certainty that planning decisions will be implemented; and
(e) Plans that identify environmental impacts and establish mitigation measures that provide
effective means to satisfy concurrency requirements and establish project consistency with the plans.
(5) If the local funding includes funding provided by other state functional planning programs,
including open space planning and watershed or basin planning, the functional plan shall be integrated
into and be consistent with the comprehensive plan.

PART II - STATE ENVIRONMENTAL POLICY ACT

NEW SECTION. Sec. 201. (1) The legislature finds in adopting section 202 of this act that:
(a) Comprehensive plans and development regulations adopted by counties, cities, and towns
under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal
government have addressed a wide range of environmental subjects and impacts. These plans, regulations, rules, and laws often provide environmental analysis and mitigation measures for project actions without the need for an environmental impact statement or further project mitigation.

(b) Existing plans, regulations, rules, or laws provide environmental analysis and measures that avoid or otherwise mitigate the probable specific adverse environmental impacts of proposed projects should be integrated with, and should not be duplicated by, environmental review under chapter 43.21C RCW.

(c) Proposed projects should continue to receive environmental review, which should be conducted in a manner that is integrated with and does not duplicate other requirements. Project-level environmental review should be used to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by government agencies and the public on compliance with applicable environmental laws and plans, including mitigation for specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures.

(d) When a project permit application is filed, an agency should analyze the proposal’s environmental impacts, as required by applicable regulations and the environmental review process required by this chapter, in one project review process. The project review process should include land use, environmental, public, and governmental review, as provided by the applicable regulations and the rules adopted under this chapter, so that documents prepared under different requirements can be reviewed together by the public and other agencies. This project review will provide an agency with the information necessary to make a decision on the proposed project.

(e) Through this project review process: (i) If the applicable regulations require studies that adequately analyze all of the project’s specific probable adverse environmental impacts, additional studies under this chapter will not be necessary on those impacts; (ii) if the applicable regulations require measures that adequately address such environmental impacts, additional measures would likewise not be required under this chapter; and (iii) if the applicable regulations do not adequately analyze or address a proposal’s specific probable adverse environmental impacts, this chapter provides the authority and procedures for additional review.

NEW SECTION. Sec. 202. A new section is added to chapter 43.21C RCW to read as follows:

(1) If the requirements of subsection (2) of this section are satisfied, a county, city, or town reviewing a project action may determine that the requirements for environmental analysis, protection, and mitigation measures in the county, city, or town’s development regulations and comprehensive plans adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws and rules provide adequate analysis of and mitigation for the specific adverse environmental impacts of the project action to which the requirements apply.

(2) A county, city, or town may make the determination provided for in subsection (1) of this section if:

(a) In the course of project review, including any required environmental analysis, the local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, or other local, state, or federal rules or laws; and

(b) The local government bases or conditions its approval on compliance with these requirements or mitigation measures.

(3) If a county, city, or town’s comprehensive plans, subarea plans, and development regulations adequately address a project’s probable specific adverse environmental impacts, as determined under subsections (1) and (2) of this section, the county, city, or town shall not impose additional mitigation under this chapter during project review. Project review shall be integrated with environmental analysis under this chapter.
(4) A comprehensive plan, subarea plan, or development regulation shall be considered to adequately address an impact if the county, city, or town, through the planning and environmental review process under chapter 36.70A RCW and this chapter, has identified the specific adverse environmental impacts and:
   (a) The impacts have been avoided or otherwise mitigated; or
   (b) The legislative body of the county, city, or town has designated as acceptable certain levels of service, land use designations, development standards, or other land use planning required or allowed by chapter 36.70A RCW.

(5) In deciding whether a specific adverse environmental impact has been addressed by an existing rule or law of another agency with jurisdiction with environmental expertise with regard to a specific environmental impact, the county, city, or town shall consult orally or in writing with that agency and may expressly defer to that agency. In making this deferral, the county, city, or town shall base or condition its project approval on compliance with these other existing rules or laws.

(6) Nothing in this section limits the authority of an agency in its review or mitigation of a project to adopt or otherwise rely on environmental analyses and requirements under other laws, as provided by this chapter.

(7) This section shall apply only to a county, city, or town planning under RCW 36.70A.040.

Sec. 203. RCW 43.21C.031 and 1983 c 117 s 1 are each amended to read as follows:
(1) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. The environmental impact statement may be combined with the recommendation or report on the proposal or issued as a separate document. The substantive decisions or recommendations shall be clearly identifiable in the combined document. Actions categorically exempt under RCW 43.21C.110(1)(a) do not require environmental review or the preparation of an environmental impact statement under this chapter. In a county, city, or town planning under RCW 36.70A.040, a planned action, as provided for in subsection (2) of this section, does not require a threshold determination or the preparation of an environmental impact statement under this chapter, but is subject to environmental review and mitigation as provided in this chapter.

An environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement. The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

(2)(a) For purposes of this section, a planned action means one or more types of project action that:
   (i) Are designated planned actions by an ordinance or resolution adopted by a county, city, or town planning under RCW 36.70A.040;
   (ii) Have had the significant impacts adequately addressed in an environmental impact statement prepared in conjunction with (A) a comprehensive plan or subarea plan adopted under chapter 36.70A RCW, or (B) a fully contained community, a master planned resort, a master planned development, or a phased project;
   (iii) Are subsequent or implementing projects for the proposals listed in (a)(ii) of this subsection;
   (iv) Are located within an urban growth area, as defined in RCW 36.70A.030;
   (v) Are not essential public facilities, as defined in RCW 36.70A.200; and
   (vi) Are consistent with a comprehensive plan adopted under chapter 36.70A RCW.

   (b) A county, city, or town shall limit planned actions to certain types of development or to specific geographical areas that are less extensive than the jurisdictional boundaries of the county, city, or town and may limit a planned action to a time period identified in the environmental impact statement or the ordinance or resolution adopted under this subsection.

Sec. 204. RCW 43.21C.075 and 1994 c 253 s 4 are each amended to read as follows:
(1) Because a major purpose of this chapter is to combine environmental considerations with public decisions, any appeal brought under this chapter shall be linked to a specific governmental action. The State Environmental Policy Act provides a basis for challenging whether governmental action is in compliance with the substantive and procedural provisions of this chapter. The State Environmental Policy Act is not intended to create a cause of action unrelated to a specific governmental action.

(2) Unless otherwise provided by this section:
   (a) Appeals under this chapter shall be of the governmental action together with its accompanying environmental determinations.
   (b) Appeals of environmental determinations made (or lacking) under this chapter shall be commenced within the time required to appeal the governmental action which is subject to environmental review.

(3) If an agency has a procedure for appeals of agency environmental determinations made under this chapter, such procedure:
   (a) Shall not allow more than one agency appeal proceeding on a procedural determination (the adequacy of a determination of significance/nonsignificance or of a final environmental impact statement) (consistent with any state statutory requirements for appeals to local legislative bodies). The appeal proceeding on a determination of significance/nonsignificance may occur before the agency’s final decision on a proposed action. The appeal proceeding on a determination of nonsignificance may occur before the agency’s final decision on a proposed action only if the appeal is heard at a proceeding where the hearing body or officer will render a final recommendation or decision on the proposed underlying governmental action. Such appeals shall also be allowed for a determination of significance/nonsignificance which may be issued by the agency after supplemental review;
   (b) Shall consolidate an appeal of procedural issues and of substantive determinations made under this chapter (such as a decision to require particular mitigation measures or to deny a proposal) with a hearing or appeal on the underlying governmental action by providing for a single simultaneous appeal proceeding before one hearing officer or body to consider the agency decision on a proposal and any environmental determinations made under this chapter, with the exception of the appeal, if any, of a determination of significance as provided in (a) of this subsection or an appeal to the local legislative authority under RCW 43.21C.060 or other applicable state statutes;
   (c) Shall provide for the preparation of a record for use in any subsequent appeal proceedings, and shall provide for any subsequent appeal proceedings to be conducted on the record, consistent with other applicable law. An adequate record consists of findings and conclusions, testimony under oath, and taped or written transcript. An electronically recorded transcript will suffice for purposes of review under this subsection; and
   (d) Shall provide that procedural determinations made by the responsible official shall be entitled to substantial weight.

(4) If a person aggrieved by an agency action has the right to judicial appeal and if an agency has an appeal procedure, such person shall, prior to seeking any judicial review, use such agency procedure if any such procedure is available, unless expressly provided otherwise by state statute.

(5) ((RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter.) Some statutes and ordinances contain time periods for challenging governmental actions which are subject to review under this chapter, such as various local land use approvals (the "underlying governmental action"). RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter. This subsection does not modify any such time periods. ((This section governs when a judicial appeal must be brought under this chapter where a "notice of action" is used, and/or where there is another time period which is required by statute or ordinance for challenging the underlying governmental action.) In this subsection, the term "appeal" refers to a judicial appeal only.

   (a) If there is a time period for appealing the underlying governmental action, appeals under this chapter shall be commenced within (thirty days) such time period. The agency shall give official notice stating the date and place for commencing an appeal. ((If there is an agency proceeding under subsection (3) of this section, the appellant shall, prior to commencing a judicial appeal, submit to the...
responsible official a notice of intent to commence a judicial appeal. This notice of intent shall be
given within the time period for commencing a judicial appeal on the underlying governmental action.))
(b) If there is no time period for appealing the underlying governmental action, and a notice of
action under RCW 43.21C.080 ((may be used. If a notice of action)) is used, ((judicial)) appeals shall
be commenced within the time period specified by RCW 43.21C.080((, unless there is a time period
for appealing the underlying governmental action in which case (a) of this subsection shall apply.
(e) Notwithstanding RCW 43.21C.080(1), if there is a time period for appealing the underlying
governmental action, a notice of action may be published within such time period)).
(6)(a) Judicial review under subsection (5) of this section of an appeal decision made by an
agency under ((RCW 43.21C.075(5))) subsection (3) of this section shall be on the record, consistent
with other applicable law.
(b) A taped or written transcript may be used. If a taped transcript is to be reviewed, a record
shall identify the location on the taped transcript of testimony and evidence to be reviewed. Parties
are encouraged to designate only those portions of the testimony necessary to present the issues raised on
review, but if a party alleges that a finding of fact is not supported by evidence, the party should
include in the record all evidence relevant to the disputed finding. Any other party may designate
additional portions of the taped transcript relating to issues raised on review. A party may provide a
written transcript of portions of the testimony at the party's own expense or apply to that court for an
order requiring the party seeking review to pay for additional portions of the written transcript.
(c) Judicial review under this chapter shall without exception be of the governmental action
(7) Jurisdiction over the review of determinations under this chapter in an appeal before an
agency or superior court shall upon consent of the parties be transferred in whole or part to the
shorelines hearings board. The shorelines hearings board shall hear the matter and sign the final order
expeditiously. The superior court shall certify the final order of the shorelines hearings board and said
certified final order may only be appealed to an appellate court. In the case of an appeal under this
chapter regarding a project or other matter that is also the subject of an appeal to the shorelines
hearings board under chapter 90.58 RCW, the shorelines hearings board shall have sole jurisdiction
over both the appeal under this section and the appeal under chapter 90.58 RCW, shall consider them
together, and shall issue a final order within one hundred eighty days as provided in RCW 90.58.180.
(8) For purposes of this section and RCW 43.21C.080, the words "action", "decision", and
"determination" mean substantive agency action including any accompanying procedural determinations
under this chapter (except where the word "action" means "appeal" in RCW 43.21C.080(2) ((and
(3)))). The word "action" in this section and RCW 43.21C.080 does not mean a procedural
determination by itself made under this chapter. The word "determination" includes any environmental
document required by this chapter and state or local implementing rules. The word "agency" refers to
any state or local unit of government. Except as provided in subsection (5) of this section, the word
"appeal" refers to administrative, legislative, or judicial appeals.
(9) The court in its discretion may award reasonable attorney's fees of up to one thousand
dollars in the aggregate to the prevailing party, including a governmental agency, on issues arising out
of this chapter if the court makes specific findings that the legal position of a party is frivolous and
without reasonable basis.
Sec. 205. RCW 43.21C.080 and 1977 ex.s. c 278 s 1 are each amended to read as follows:
(1) Notice of any action taken by a governmental agency may be publicized by the acting
governmental agency, the applicant for, or the proponent of such action, in substantially the form as set
forth in ((subsection (3) of this section and in the following manner)) rules adopted under RCW
43.21C.110:
(a) By publishing notice on the same day of each week for two consecutive weeks in a legal
newspaper of general circulation in the area where the property which is the subject of the action is
located;
(b) By filing notice of such action with the department of ecology at its main office in Olympia
prior to the date of the last newspaper publication; and
(c) Except for those actions which are of a nonproject nature, by one of the following methods
which shall be accomplished prior to the date of ((last)) first newspaper publication;
(i) Mailing to the latest recorded real property owners, as shown by the records of the county treasurer, who share a common boundary line with the property upon which the project is proposed through United States mail, first class, postage prepaid.

(ii) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed.

(2)(a) Except as otherwise provided in RCW 43.21C.075(5)(a), any action to set aside, enjoin, review, or otherwise challenge any such governmental action or subsequent governmental action for which notice is given as provided in subsection (1) of this section on grounds of noncompliance with the provisions of this chapter shall be commenced within ((thirty)) twenty-one days from the date of last newspaper publication of the notice pursuant to subsection (1) of this section, or be barred. PROVIDED HOWEVER, That the time period within which an action shall be commenced shall be ninety days ((i) for projects to be performed by a governmental agency or to be performed under government contract, or (ii) for thermal power plant projects: PROVIDED FURTHER, That).

(b) Any subsequent governmental action on the proposal for which notice has been given as provided in subsection (1) of this section shall not be set aside, enjoined, reviewed, or otherwise challenged on grounds of noncompliance with the provisions of RCW 43.21C.030(2)(a) through (h) unless there has been a substantial change in the proposal between the time of the first governmental action and the subsequent governmental action that is likely to have adverse environmental impacts beyond the range of impacts previously analyzed, or unless the action now being considered was identified in an earlier detailed statement or declaration of nonsignificance as being one which would require further environmental evaluation.

(3) The form for such notice of action shall be issued by the department of ecology and shall be made available by the governmental agency taking an action subject to being publicized pursuant to this section, by the county auditor, and/or the city clerk to the project applicant or proposer. The form of such notice shall be substantially as follows:

SECRETARY OF THE (Government agency or entity)

Pursuant to the provisions of chapter 43.21C RCW, notice is hereby given that:

The (Government agency or entity) did on (date), take the action described below.

The action taken by (Government agency or entity), notice of which is hereby given, was as follows:

(1) (Here insert description of action taken such as: Adoption Ordinance No. ______; Issued Building Permit; Approved preliminary (or final) plat, etc.)

(2) (Here insert brief description of the complete project or proposal.)

(3) Said action pertained to property commonly known as:

(Sufficient description to locate property, but complete legal description not required)

(4) Pertinent documents may be examined during regular business hours at the office of: located at:

(Location, including room number)
Sec. 206. RCW 43.21C.110 and 1983 c 117 s 7 are each amended to read as follows:

It shall be the duty and function of the department of ecology((, which may utilize proposed rules developed by the environmental policy commission)):

1. To adopt and amend thereafter rules of interpretation and implementation of this chapter (((the state environmental policy act of 1971)), subject to the requirements of chapter 34.05 RCW, for the purpose of providing uniform rules and guidelines to all branches of government including state agencies, political subdivisions, public and municipal corporations, and counties. The proposed rules shall be subject to full public hearings requirements associated with rule promulgation. Suggestions for modifications of the proposed rules shall be considered on their merits, and the department shall have the authority and responsibility for full and appropriate independent promulgation and adoption of rules, assuring consistency with this chapter as amended and with the preservation of protections afforded by this chapter. The rule making powers authorized in this section shall include, but shall not be limited to, the following phases of interpretation and implementation of this chapter (((the state environmental policy act of 1971))):

(a) Categories of governmental actions which are not to be considered as potential major actions significantly affecting the quality of the environment, including categories pertaining to applications for water right permits pursuant to chapters 90.03 and 90.44 RCW. The types of actions included as categorical exemptions in the rules shall be limited to those types which are not major actions significantly affecting the quality of the environment. The rules shall provide for certain circumstances where actions which potentially are categorically exempt require environmental review. An action that is categorically exempt under the rules adopted by the department may not be conditioned or denied under this chapter.

(b) Rules for criteria and procedures applicable to the determination of when an act of a branch of government is a major action significantly affecting the quality of the environment for which a detailed statement is required to be prepared pursuant to RCW 43.21C.030.

(c) Rules and procedures applicable to the preparation of detailed statements and other environmental documents, including but not limited to rules for timing of environmental review, obtaining comments, data and other information, and providing for and determining areas of public participation which shall include the scope and review of draft environmental impact statements.

(d) Scope of coverage and contents of detailed statements assuring that such statements are simple, uniform, and as short as practicable; statements are required to analyze only reasonable alternatives and probable adverse environmental impacts which are significant, and may analyze beneficial impacts.

(e) Rules and procedures for public notification of actions taken and documents prepared.

(f) Definition of terms relevant to the implementation of this chapter including the establishment of a list of elements of the environment. Analysis of environmental considerations under RCW 43.21C.030(2) may be required only for those subjects listed as elements of the environment (or portions thereof). The list of elements of the environment shall consist of the "natural" and "built" environment. The elements of the built environment shall consist of public services and utilities (such as water, sewer, schools, fire and police protection), transportation, environmental health (such as explosive materials and toxic waste), and land and shoreline use (including housing, and a description of the relationships with land use and shoreline plans and designations, including population).

(g) Rules for determining the obligations and powers under this chapter of two or more branches of government involved in the same project significantly affecting the quality of the environment.

(h) Methods to assure adequate public awareness of the preparation and issuance of detailed statements required by RCW 43.21C.030(2)(c).

(i) To prepare rules for projects setting forth the time limits within which the governmental entity responsible for the action shall comply with the provisions of this chapter.

(j) Rules for utilization of a detailed statement for more than one action and rules improving environmental analysis of nonproject proposals and encouraging better interagency coordination and integration between this chapter and other environmental laws.
(k) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(l) Rules relating to the use of environmental documents in planning and decision making and the implementation of the substantive policies and requirements of this chapter, including procedures for appeals under this chapter.

(m) Rules and procedures that provide for the integration of environmental review with project review as provided in section 202 of this act. The rules and procedures shall be jointly developed with the department of community, trade, and economic development and shall be applicable to the preparation of environmental documents for actions in counties, cities, and towns planning under RCW 36.70A.040. The rules and procedures shall also include criteria to analyze the consistency of project actions, including planned actions under RCW 43.21C.031(2), with development regulations adopted under chapter 36.70A RCW, or in the absence of applicable development regulations, the appropriate elements of a comprehensive plan or subarea plan adopted under chapter 36.70A RCW. Ordinances or procedures adopted by a county, city, or town to implement the provisions of section 202 of this act prior to the effective date of rules adopted under this subsection (1)(m) shall continue to be effective until the adoption of any new or revised ordinances or procedures that may be required. If any revisions are required as a result of rules adopted under this subsection (1)(m), those revisions shall be made within the time limits specified in RCW 43.21C.120.

(2) In exercising its powers, functions, and duties under this section, the department may:
(a) Consult with the state agencies and with representatives of science, industry, agriculture, labor, conservation organizations, state and local governments and other groups, as it deems advisable; and
(b) Utilize, to the fullest extent possible, the services, facilities, and information (including statistical information) of public and private agencies, organizations, and individuals, in order to avoid duplication of effort and expense, overlap, or conflict with similar activities authorized by law and performed by established agencies.

(3) Rules adopted pursuant to this section shall be subject to the review procedures of chapter 34.05 RCW (34.05.538 and 34.05.240).

Sec. 207. RCW 43.21C.900 and 1971 ex.s. c 109 s 7 are each amended to read as follows:
This chapter shall be known and may be cited as the "State Environmental Policy Act (of 1971)" or "SEPA".

PART III - SHORELINE MANAGEMENT ACT

Sec. 301. RCW 90.58.020 and 1992 c 105 s 1 are each amended to read as follows:
The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefore, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for
shorelines of state-wide significance, and local government, in developing master programs for
shorelines of state-wide significance, shall give preference to uses in the following order of preference
which:

1. Recognize and protect the state-wide interest over local interest;
2. Preserve the natural character of the shoreline;
3. Result in long term over short term benefit;
4. Protect the resources and ecology of the shoreline;
5. Increase public access to publicly owned areas of the shorelines;
6. Increase recreational opportunities for the public in the shoreline;
7. Provide for any other element as defined in RCW 90.58.100 deemed appropriate or
necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic
qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent
with the overall best interest of the state and the people generally. To this end uses shall be preferred
which are consistent with control of pollution and prevention of damage to the natural environment, or
are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the
shorelines of the state, in those limited instances when authorized, shall be given priority for single
family residences and their appurtenant structures, ports, shoreline recreational uses including but not
limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the
state, industrial and commercial developments which are particularly dependent on their location on or
use of the shorelines of the state and other development that will provide an opportunity for substantial
numbers of the people to enjoy the shorelines of the state. Alterations of the natural condition of the
shorelines and (wetlands) shorelands of the state shall be recognized by the department. Shorelines
and (wetlands) shorelands of the state shall be appropriately classified and these classifications shall
be revised when circumstances warrant regardless of whether the change in circumstances occurs
through man-made causes or natural causes. Any areas resulting from alterations of the natural
condition of the shorelines and (wetlands) shorelands of the state no longer meeting the definition of
"shorelines of the state" shall not be subject to the provisions of chapter 90.58 RCW.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to
minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline
area and any interference with the public's use of the water.

Sec. 302. RCW 90.58.030 and 1987 c 474 s 1 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the following definitions and
concepts apply:

1. Administration:
   (a) "Department" means the department of ecology;
   (b) "Director" means the director of the department of ecology;
   (c) "Local government" means any county, incorporated city, or town which contains within its
       boundaries any lands or waters subject to this chapter;
   (d) "Person" means an individual, partnership, corporation, association, organization,
       cooperative, public or municipal corporation, or agency of the state or local governmental unit however
designated;
   (e) "Hearing board" means the shoreline hearings board established by this chapter.
2. Geographical:
   (a) "Extreme low tide" means the lowest line on the land reached by a receding tide;
   (b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be
       found by examining the bed and banks and ascertaining where the presence and action of waters are so
       common and usual, and so long continued in all ordinary years, as to mark upon the soil a character
       distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1,
       1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits
       issued by a local government or the department: PROVIDED, That in any area where the ordinary
       high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of
       mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean
       high water;
   (c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of state-wide
       significance" within the state;
(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of state-wide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of state-wide significance" means the following shorelines of the state:

(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

(ii) Those areas of Puget Sound and adjacent salt waters and the Strait of Juan de Fuca between the ordinary high water mark and the line of extreme low tide as follows:

(A) Nisqually Delta--from DelWolf Bight to Tatsolo Point,
(B) Birch Bay--from Point Whitehorn to Birch Point,
(C) Hood Canal--from Tala Point to Foulweather Bluff,
(D) Skagit Bay and adjacent area--from Brown Point to Yokeko Point, and
(E) Padilla Bay--from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those shorelands associated with (i), (ii), (iv), and (v) of this subsection (2)(e);

(f) "((Wetlands)) Shorelands" or "((wetlands)) shorelands areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all ((marshes, bogs, swamps,)) wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology((: PROVIDED, That)). Any county or city may determine that portion of a one-hundred-year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therewith;

(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;

(h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

Sec. 303. RCW 90.58.050 and 1971 ex.s. c 286 s 5 are each amended to read as follows:

This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating the planning required by this chapter and administering the regulatory program consistent with the policy and provisions of this chapter. The department shall act primarily in a supportive and review capacity with an emphasis on providing assistance to local government and on insuring compliance with the policy and provisions of this chapter.

Sec. 304. RCW 90.58.060 and 1971 ex.s. c 286 s 6 are each amended to read as follows:

(1) Within one hundred twenty days from June 1, 1971, the department shall periodically review and adopt guidelines consistent with RCW 90.58.020, containing the elements specified in RCW 90.58.100 for:
   (a) Development of master programs for regulation of the uses of shorelines; and
   (b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:
   (a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes, and to any other person who has requested a copy, and shall publish the proposed guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from receipt of such proposed guidelines, local governments shall submit to the department in writing proposed changes, if any, and comments upon the proposed guidelines.
   (3) Thereafter and within one hundred twenty days from the submission of such proposed guidelines to local governments, the department, after review and consideration of the comments and suggestions submitted to it, shall resubmit final proposed guidelines.
   (4) Within sixty days thereafter public hearings shall be held by the date the proposal has been published in the register.

   (b) The department shall hold at least four public hearings on the proposal in different locations throughout the state to provide a reasonable opportunity for residents in all parts of the state to present statements and views on the proposed guidelines. Notice of the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

   (c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal, consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

   (5) Within ninety days following such public hearings, the department shall adopt guidelines.

(3) The department may propose amendments to the guidelines not more than once each year. At least once every five years the department shall conduct a review of the guidelines pursuant to the procedures outlined in subsection (2) of this section.

Sec. 305. RCW 90.58.080 and 1974 ex.s. c 61 s 1 are each amended to read as follows:

Local governments are directed with regard to shorelines of the state within their various jurisdictions as follows:

(1) To complete within eighteen months after June 1, 1971, a comprehensive inventory of such shorelines. Such inventory shall include but not be limited to the general ownership patterns of the lands located therein in terms of public and private ownership, a survey of the general natural characteristics thereof, present uses conducted therein and initial projected uses thereof.

(2) To develop or amend, within twenty-four months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department.
Sec. 306. RCW 90.58.090 and 1971 ex.s.c 286 s 9 are each amended to read as follows:

(1) A master program (or segments thereof), segment of a master program, or an amendment to a master program shall become effective when (adopted or) approved by the department ((as appropriate)). Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department’s discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

((4) As to those segments of the master program relating to shorelines, they shall be approved by))

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines. ((If approval is denied, the department shall state within ninety days from the date of submission in detail the precise facts upon which that decision is based, and shall submit to the local government suggested modifications to the program to make it consistent with said policy and guidelines. The local government shall have ninety days after it receives recommendations from the department to make modifications designed to eliminate the inconsistencies and to resubmit the program to the department for approval. Any resubmitted program shall take effect when and in such form and content as is approved by the department.

(2) As to)) (4) The department shall approve those segments of the master program relating to shorelines of state-wide significance ((the department shall have full authority following review and evaluation of the submission by local government to develop and adopt an alternative to the local government’s proposal if in the department’s opinion the program submitted does not)) only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the state-wide interest. ((If the submission by local government is not approved, the department shall suggest modifications to the local government within ninety days from receipt of the submission. The local government shall have ninety days after it receives said modifications to consider the same and resubmit a master program to the department. Thereafter, the department shall adopt the resubmitted program or, if the department determines that said program does not provide for optimum
implementation, it may develop and adopt an alternative as hereinbefore provided.) If the department
does not approve a segment of a local government master program relating to a shoreline of state-wide
significance, the department may develop and by rule adopt an alternative to the local governments
proposal.

((3)) (5) In the event a local government has not complied with the requirements of RCW
90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for
the shorelines within its jurisdiction, in which event it shall comply with the provisions established by
this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master
program as may have been adopted by the department for such shorelines.

(6) A master program or amendment to a master program takes effect when and in such form
as approved or adopted by the department. The department shall maintain a record of each master
program, the action taken on any proposal for adoption or amendment of the master program, and any
appeal of the department's action. The department's approved document of record constitutes the
official master program.

Sec. 307. RCW 90.58.100 and 1992 c 105 s 2 are each amended to read as follows:

(1) The master programs provided for in this chapter, when adopted ((and)) or approved by the
department((, as appropriate,)) shall constitute use regulations for the various shorelines of the state.

In preparing the master programs, and any amendments thereto, the department and local governments
shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the
natural and social sciences and the environmental design arts;
(b) Consult with and obtain the comments of any federal, state, regional, or local agency
having any special expertise with respect to any environmental impact;
(c) Consider all plans, studies, surveys, inventories, and systems of classification made or
being made by federal, state, regional, or local agencies, by private individuals, or by organizations
dealing with pertinent shorelines of the state;
(d) Conduct or support such further research, studies, surveys, and interviews as are deemed
necessary;
(e) Utilize all available information regarding hydrology, geography, topography, ecology,
economics, and other pertinent data;
(f) Employ, when feasible, all appropriate, modern scientific data processing and computer
techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, transportation
facilities, port facilities, tourist facilities, commerce and other developments that are particularly
dependent on their location on or use of the shorelines of the state;
(b) A public access element making provision for public access to publicly owned areas;
(c) A recreational element for the preservation and enlargement of recreational opportunities,
including but not limited to parks, tidelands, beaches, and recreational areas;
(d) A circulation element consisting of the general location and extent of existing and proposed
major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all
related with the shoreline use element;
(e) A use element which considers the proposed general distribution and general location and
extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation,
agriculture, natural resources, recreation, education, public buildings and grounds, and other categories
of public and private uses of the land;
(f) A conservation element for the preservation of natural resources, including but not limited
to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;
(g) An historic, cultural, scientific, and educational element for the protection and restoration
of buildings, sites, and areas having historic, cultural, scientific, or educational values;
(h) An element that gives consideration to the state-wide interest in the prevention and
minimization of flood damages; and
(i) Any other element deemed appropriate or necessary to effectuate the policy of this chapter.

(3) The master programs shall include such map or maps, descriptive text, diagrams and
charts, or other descriptive material as are necessary to provide for ease of understanding.
(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single family residences and appurtenant structures against damage or loss due to shoreline erosion. The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The standards shall provide for methods which achieve effective and timely protection against loss or damage to single family residences and appurtenant structures due to shoreline erosion. The standards shall provide a preference for permit issuance for measures to protect single family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment.

Sec. 308. RCW 90.58.120 and 1989 c 175 s 182 are each amended to read as follows:
All rules, regulations, ((master programs,)) designations, and guidelines, issued by the department, and master programs and amendments adopted by the department pursuant to RCW 90.58.070(2) or 90.58.090(4) shall be adopted or approved in accordance with the provisions of RCW 34.05.310 through 34.05.395 insofar as such provisions are not inconsistent with the provisions of this chapter. In addition:
(1) Prior to the ((approval or)) adoption by the department of a master program, or portion thereof pursuant to RCW 90.58.070(2) or 90.58.090(4), at least one public hearing shall be held in each county affected by a program or portion thereof for the purpose of obtaining the views and comments of the public. Notice of each such hearing shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in the county in which the hearing is to be held.
(2) All guidelines, regulations, designations, or master programs adopted or approved under this chapter shall be available for public inspection at the office of the department or the appropriate county ((auditor)) and city ((clerk)). The terms "adopt" and "approve" for purposes of this section, shall include modifications and rescission of guidelines.

Sec. 309. RCW 90.58.140 and 1992 c 105 s 3 are each amended to read as follows:
(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.
(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.
A permit shall be granted:
(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;
(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and ((the provisions of)) this chapter ((90.58 RCW)).
(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.
(4) Except as otherwise specifically provided in subsection (((13))) (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that(}
(a) A notice of such an application is published at least once a week for two consecutive weeks in a legal newspaper of general circulation within the area in which the development is proposed; and
(b) Additional notice of such an application is given by at least one of the following methods:
(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;
(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or
(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.
The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive a copy of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is published. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.
If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.
(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date of filing as defined in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;
(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW; the permittee may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction may begin pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing construction pursuant to the approved or revised permit as the court deems appropriate. The court may require the permittee to post bonds, in the name of the local government that issued the permit, sufficient to remove the substantial development or to restore the environment if the permit is ultimately disapproved by the courts, or to alter the substantial development if the alteration is ultimately ordered by the courts; until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;
(c) If a permit is granted by the local government and the granting of the permit is appealed directly to the superior court for judicial review pursuant to the proviso in RCW 90.58.180(1), the permittee may request the court to remand the appeal to the shorelines hearings board, in which case the appeal shall be so remanded and construction pursuant to such a permit shall be governed by the
provisions of subsection (b) of this subsection or may otherwise begin after review proceedings before the hearings board are terminated if judicial review is not thereafter requested pursuant to chapter 34.05 RCW.

(d) If the permit is for a substantial development meeting the requirements of subsection (((13))) (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the ((final order)) permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervenor.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. With regard to a permit other than a permit governed by subsection (((42))) (10) of this section, "date of filing" as used herein means the date of actual receipt by the department. With regard to a permit for a variance or a conditional use, "date of filing" means the date a decision of the department rendered on the permit pursuant to subsection (((42))) (10) of this section is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) (A) A permit shall not be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government before April 1, 1971, if:

(a) The final plat was approved after April 13, 1961, or the preliminary plat was approved after April 30, 1969; and

(b) The development is completed within two years after June 1, 1971.

(11) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a preliminary plat approved after April 30, 1969, and before April 1, 1971: PROVIDED, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (10) of this section, or does not require a permit because of substantial development occurred before June 1, 1971.

(42)) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

(((13))) (11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may
obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state.

Sec. 310. RCW 90.58.180 and 1994 c 253 s 3 are each amended to read as follows:

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a petition for review within ((thirty)) twenty-one days of the date of filing as defined in RCW 90.58.140(6).

(Concurrently with) Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department and the office of the attorney general. If it appears to the department or the attorney general that the requestor has valid reasons to seek review, either the department or the attorney general may certify the request within thirty days after its receipt to the shorelines hearings board following which the board shall, but not otherwise, review the matter covered by the requestor. The failure to obtain such certification shall not preclude the requestor from obtaining a review in the superior court under any right to review otherwise available to the requestor. The department and the attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall initially schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired, unless such review is to begin within thirty days of such scheduling. If at the end of the thirty day period for certification neither the department nor the attorney general has certified a request for review, the hearings board shall remove the request from its review schedule.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within ((thirty)) twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) ((A local government may appeal to the shorelines hearings board)) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(If the board) (5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:
(a) If clearly erroneous in light of the policy of this chapter; or
(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
(c) Is arbitrary and capricious; or
(d) Was developed without fully considering and evaluating all material submitted to the department (by the local government) during public review and comment; or
(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5) (a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board’s decision. ((Unless the board makes one or more of the determinations as hereinbefore provided, the board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect.

(5) Rules, regulations, and guidelines) (7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to (RCW 34.05.570(2). No review shall be granted by a superior court on petition from a local government unless the local government shall first have obtained review under subsection (4) of this section and the petition for court review is filed within ((three months)) thirty days after the date of final decision by the shorelines hearings board.

Sec. 311. RCW 90.58.190 and 1989 c 175 s 184 are each amended to read as follows:

(1) (The department and each local government shall periodically review any master programs under its jurisdiction and make such adjustments thereto as are necessary. Any adjustments proposed by a local government to its master program shall be forwarded to the department for review. The department shall approve, reject, or propose modification to the adjustment. If the department either rejects or proposes modification to the master program adjustment, it shall provide substantive written comments as to why the proposal is being rejected or modified.) The appeal of the department’s decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(4) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department’s decision to approve, reject, or modify a proposed master program or amendment adopted by a local government under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment and, after full consideration of the
presentations of the local government and the department, shall determine the validity of the local
governments' ([adjustment]) master program or amendment in light of the policy of RCW 90.58.020
and the applicable guidelines.

(c) In an appeal relating to shorelines of state-wide significance, the shorelines hearings board
shall uphold the decision by the department unless ([a local government shall]) the board determines,
by clear and convincing evidence ([and argument, persuade the board]) that the decision of the
department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding
under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall
have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the
county where the land subject to the proposed master program or master program ([adjustment])
amendment is primarily located. The department and any local government aggrieved by a final
decision of the hearings board may appeal the decision to ([the]) superior court ([of Thurston county])
as provided in chapter 34.05 RCW.

((3)) (4) A master program amendment shall become effective after the approval of the
department or after the decision of the shorelines hearings board to uphold the master program or
master program ([adjustment]) amendment, provided that the board may remand the master program to
the local government or the department for modification prior to the final adoption of the master program or master program ([adjustment]) amendment.

Sec. 312. RCW 34.05.461 and 1989 c 175 s 19 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section:

(a) If the presiding officer is the agency head or one or more members of the agency head, the
presiding officer may enter an initial order if further review is available within the agency, or a final
order if further review is not available;

(b) If the presiding officer is a person designated by the agency to make the final decision and
enter the final order, the presiding officer shall enter a final order; and

(c) If the presiding officer is one or more administrative law judges, the presiding officer shall
enter an initial order.

(2) With respect to agencies exempt from chapter 34.12 RCW or an institution of higher
education, the presiding officer shall transmit a full and complete record of the proceedings, including
such comments upon demeanor of witnesses as the presiding officer deems relevant, to each agency
official who is to enter a final or initial order after considering the record and evidence so transmitted.

(3) Initial and final orders shall include a statement of findings and conclusions, and the reasons
and basis therefor, on all the material issues of fact, law, or discretion presented on the record,
including the remedy or sanction and, if applicable, the action taken on a petition for a stay of
effectiveness. Any findings based substantially on credibility of evidence or demeanor of witnesses
shall be so identified. Findings set forth in language that is essentially a repetition or paraphrase of the
relevant provision of law shall be accompanied by a concise and explicit statement of the underlying
evidence of record to support the findings. The order shall also include a statement of the available
procedures and time limits for seeking reconsideration or other administrative relief. An initial order
shall include a statement of any circumstances under which the initial order, without further notice,
may become a final order.

(4) Findings of fact shall be based exclusively on the evidence of record in the adjudicative
proceeding and on matters officially noticed in that proceeding. Findings shall be based on the kind of
evidence on which reasonably prudent persons are accustomed to rely in the conduct of their affairs.
Findings may be based on such evidence even if it would be inadmissible in a civil trial. However, the
presiding officer shall not base a finding exclusively on such inadmissible evidence unless the presiding
officer determines that doing so would not unduly abridge the parties’ opportunities to confront
witnesses and rebut evidence. The basis for this determination shall appear in the order.

(5) Where it bears on the issues presented, the agency’s experience, technical competency, and
specialized knowledge may be used in the evaluation of evidence.

(6) If a person serving or designated to serve as presiding officer becomes unavailable for any
reason before entry of the order, a substitute presiding officer shall be appointed as provided in RCW
34.05.425. The substitute presiding officer shall use any existing record and may conduct any further
proceedings appropriate in the interests of justice.
(7) The presiding officer may allow the parties a designated time after conclusion of the hearing for the submission of memos, briefs, or proposed findings.

(8)(a) Except as otherwise provided in (b) of this subsection, initial or final orders shall be served in writing within ninety days after conclusion of the hearing or after submission of memos, briefs, or proposed findings in accordance with subsection (7) of this section unless this period is waived or extended for good cause shown.

(b) This subsection does not apply to the final order of the shorelines hearings board on appeal under RCW 90.58.180(3).

(9) The presiding officer shall cause copies of the order to be served on each party and the agency.

NEW SECTION. Sec. 313. RCW 90.58.145 and 1979 ex.s. c 84 s 4 are each repealed.

PART IV - LOCAL PERMIT PROCESS

NEW SECTION. Sec. 401. The legislature finds and declares the following:

(1) As the number of environmental laws and development regulations has increased for land uses and development, so has the number of required local land use permits, each with its own separate approval process.

(2) The increasing number of local and state land use permits and separate environmental review processes required by agencies has generated continuing potential for conflict, overlap, and duplication between the various permit and review processes.

(3) This regulatory burden has significantly added to the cost and time needed to obtain local and state land use permits and has made it difficult for the public to know how and when to provide timely comments on land use proposals that require multiple permits and have separate environmental review processes.

NEW SECTION. Sec. 402. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Closed record appeal" means an administrative appeal on the record to a local government body or officer, including the legislative body, following an open record hearing on a project permit application when the appeal is on the record with no or limited new evidence or information allowed to be submitted and only appeal argument allowed.

(2) "Local government" means a county, city, or town.

(3) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the local government to conduct such hearings, that creates the local government’s record through testimony and submission of evidence and information, under procedures prescribed by the local government by ordinance or resolution. An open record hearing may be held prior to a local government’s decision on a project permit to be known as an “open record predecision hearing.” An open record hearing may be held on an appeal, to be known as an “open record appeal hearing,” if no open record predecision hearing has been held on the project permit.

(4) "Project permit" or "project permit application" means any land use or environmental permit or license required from a local government for a project action, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones authorized by a comprehensive plan or subarea plan, but excluding the adoption or amendment of a comprehensive plan, subarea plan, or development regulations except as otherwise specifically included in this subsection.

(5) "Public meeting" means an informal meeting, hearing, workshop, or other public gathering of people to obtain comments from the public or other agencies on a proposed project permit prior to the local government’s decision. A public meeting may include, but is not limited to, a design review or architectural control board meeting, a special review district or community council meeting, or a scoping meeting on a draft environmental impact statement. A public meeting does not include an open record hearing. The proceedings at a public meeting may be recorded and a report or recommendation may be included in the local governments project permit application file.
NEW SECTION. Sec. 403. In enacting sections 404 and 405 of this act, the legislature intends to establish a mechanism for implementing the provisions of chapter 36.70A RCW regarding compliance, conformity, and consistency of proposed projects with adopted comprehensive plans and development regulations. In order to achieve this purpose the legislature finds that:

(1) Given the extensive investment that public agencies and a broad spectrum of the public are making and will continue to make in comprehensive plans and development regulations for their communities, it is essential that project review start from the fundamental land use planning choices made in these plans and regulations. If the applicable regulations or plans identify the type of land use, specify residential density in urban growth areas, and identify and provide for funding of public facilities needed to serve the proposed development and site, these decisions at a minimum provide the foundation for further project review unless there is a question of code interpretation. The project review process, including the environmental review process under chapter 43.21C RCW and the consideration of consistency, should start from this point and should not reanalyze these land use planning decisions in making a permit decision.

(2) Comprehensive plans and development regulations adopted by local governments under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These provisions typically require environmental studies and contain specific standards to address various impacts associated with a proposed development, such as building size and location, drainage, transportation requirements, and protection of critical areas. When a permitting agency applies these existing requirements to a proposed project, some or all of a project's potential environmental impacts will be avoided or otherwise mitigated. Through the integrated project review process described in subsection (1) of this section, the local government will determine whether existing requirements, including the applicable regulations or plans, adequately analyze and address a project's environmental impacts. Section 202 of this act provides that project review should not require additional studies or mitigation under chapter 43.21C RCW where existing regulations have adequately addressed a proposed project's probable specific adverse environmental impacts.

(3) Given the hundreds of jurisdictions and agencies in the state and the numerous communities and applicants affected by development regulations and comprehensive plans adopted under chapter 36.70A RCW, it is essential to establish a uniform framework for considering the consistency of a proposed project with the applicable regulations or plan. Consistency should be determined in the project review process by considering four factors found in applicable regulations or plans: The type of land use allowed; the level of development allowed, such as units per acre or other measures of density; infrastructure, such as the adequacy of public facilities and services to serve the proposed project; and the character of the proposed development, such as compliance with specific development standards. This uniform approach corresponds to existing project review practices and will not place a burden on applicants or local government. The legislature intends that this approach should be largely a matter of checking compliance with existing requirements for most projects, which are simple or routine, while more complex projects may require more analysis. Sections 202 and 404 of this act establish this uniform framework and also direct state agencies to consult with local government and the public to develop a better format than the current environmental checklist to meet this objective.

(4) When an applicant applies for a project permit, consistency between the proposed project and applicable regulations or plan should be determined through a project review process that integrates land use and environmental impact analysis, so that governmental and public review of the proposed project as required by this chapter, by development regulations under chapter 36.70A RCW, and by the environmental process under chapter 43.21C RCW run concurrently and not separately.

(5) Sections 404 and 405 of this act address three related needs with respect to how the project review process should address consistency between a proposed project and the applicable regulations or plan:

(a) A uniform framework for the meaning of consistency;
(b) An emphasis on relying on existing requirements and adopted standards, with the use of supplemental authority as specified by chapter 43.21C RCW to the extent that existing requirements do not adequately address a project's specific probable adverse environmental impacts; and
(c) The identification of three basic land use planning choices made in applicable regulations or plans that, at a minimum, serve as a foundation for project review and that should not be reanalyzed during project permitting.
NEW SECTION. Sec. 404. (1) Fundamental land use planning choices made in adopted comprehensive plans and development regulations shall serve as the foundation for project review. The review of a proposed project’s consistency with applicable development regulations, or in the absence of applicable regulations the adopted comprehensive plan, under section 405 of this act shall incorporate the determinations under this section.

(2) During project review, a local government or any subsequent reviewing body shall determine whether the items listed in this subsection are defined in the development regulations applicable to the proposed project or, in the absence of applicable regulations the adopted comprehensive plan. At a minimum, such applicable regulations or plans shall be determinative of:

(a) Type of land use permitted at the site, including uses that may be allowed under certain circumstances, such as planned unit developments and conditional and special uses, if the criteria for their approval have been satisfied;

(b) Density of residential development in urban growth areas; and

(c) Availability and adequacy of public facilities identified in the comprehensive plan, if the plan or development regulations provide for funding of these facilities as required by chapter 36.70A RCW.

(3) During project review, the local government or any subsequent reviewing body shall not reexamine alternatives to or hear appeals on the items identified in subsection (2) of this section, except for issues of code interpretation. As part of its project review process, a local government shall provide a procedure for obtaining a code interpretation as provided in section 415 of this act.

(4) Pursuant to section 202 of this act, a local government may determine that the requirements for environmental analysis and mitigation measures in development regulations and other applicable laws provide adequate mitigation for some or all of the project’s specific adverse environmental impacts to which the requirements apply.

(5) Nothing in this section limits the authority of a permitting agency to approve, condition, or deny a project as provided in its development regulations adopted under chapter 36.70A RCW and in its policies adopted under RCW 43.21C.060. Project review shall be used to identify specific project design and conditions relating to the character of development, such as the details of site plans, curb cuts, drainage swales, transportation demand management, the payment of impact fees, or other measures to mitigate a proposal’s probable adverse environmental impacts, if applicable.

(6) Subsections (1) through (4) of this section apply only to local governments planning under RCW 36.70A.040.

NEW SECTION. Sec. 405. (1) A proposed project’s consistency with a local government’s development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan or subarea plan adopted under chapter 36.70A RCW shall be determined by consideration of:

(a) The type of land use;

(b) The level of development, such as units per acre or other measures of density;

(c) Infrastructure, including public facilities and services needed to serve the development; and

(d) The character of the development, such as development standards.

(2) In determining consistency, the determinations made pursuant to section 404(2) of this act shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency’s procedures for considering consistency, or limits a unit of government from asking more specific or related questions with respect to any of the four main categories listed in subsection (1) (a) through (d) of this section.

NEW SECTION. Sec. 406. Not later than March 31, 1996, each local government shall provide by ordinance or resolution for review of project permit applications to achieve the following objectives:

(1) Combine the environmental review process, both procedural and substantive, with the procedure for review of project permits; and

(2) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, provide for no more than one open record hearing and one closed record appeal.
NEW SECTION. Sec. 407. Not later than March 31, 1996, each local government planning under RCW 36.70A.040 shall establish by ordinance or resolution an integrated and consolidated project permit process that may be included in its development regulations. In addition to the elements required by section 406 of this act, the process shall include the following elements:

1. A determination of completeness to the applicant as required by RCW 36.70A.440 (as recodified by this act);
2. A notice of application to the public and agencies with jurisdiction as required by section 415 of this act;
3. Except as provided in section 418 of this act, an optional consolidated project permit review process as provided in section 416 of this act. The review process shall provide for no more than one consolidated open record hearing and one closed record appeal. If an open record predecision hearing is provided prior to the decision on a project permit, the process shall not allow a subsequent open record appeal hearing;
4. Provision allowing for any public meeting or required open record hearing to be combined with any public meeting or open record hearing that may be held on the project by another local, state, regional, federal, or other agency, in accordance with provisions of sections 413 and 415 of this act;
5. A single report stating all the decisions made as of the date of the report on all project permits included in the consolidated permit process that do not require an open record predecision hearing and any recommendations on project permits that do not require an open record predecision hearing. The report shall state any mitigation required or proposed under the development regulations or the agency’s authority under RCW 43.21C.060. The report may be the local permit. If a threshold determination other than a determination of significance has not been issued previously by the local government, the report shall include or append this determination.
6. Except for the appeal of a determination of significance as provided in RCW 43.21C.075, if a local government elects to provide an appeal of its threshold determinations or project permit decisions, the local government shall provide for no more than one consolidated open record hearing on such appeal. The local government need not provide for any further appeal and may provide an appeal for some but not all project permit decisions. If an appeal is provided after the open record hearing, it shall be a closed record appeal before a single decision-making body or officer;
7. A notice of decision as required by section 417 of this act and issued within the time period provided in RCW 36.70A.065 (as recodified by this act) and section 413 of this act;
8. Completion of project review by the local government, including environmental review and public review and any appeals to the local government, within any applicable time periods under section 413 of this act; and
9. Any other provisions not inconsistent with the requirements of this chapter or chapter 43.21C RCW.

Sec. 408. RCW 36.70A.440 and 1994 c 257 s 4 are each amended to read as follows:

((Each city and county)) (1) Within twenty-eight days after receiving a project permit application, a local government planning pursuant to RCW 36.70A.040 shall((, within twenty working days of receiving a development permit application as defined in RCW 36.70A.030(7),)) mail or provide in person a written ((notice)) determination to the applicant, stating either:

(a) That the application is complete; or
(b) That the application is incomplete and what is necessary to make the application complete.
To the extent known by the ((city or county)) local government, the ((notice)) local government shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application.

(2) A project permit application is complete for purposes of this section when it meets the procedural submission requirements of the local government and is sufficient for continued processing even though additional information may be required or project modifications may be undertaken subsequently. The determination of completeness shall not preclude the local government from requesting additional information or studies either at the time of the notice of completeness or subsequently if new information is required or substantial changes in the proposed action occur.

(3) The determination of completeness may include the following as optional information:

(a) A preliminary determination of those development regulations that will be used for project mitigation;
(b) A preliminary determination of consistency, as provided under section 405 of this act; or
(c) Other information the local government chooses to include.

(4)(a) An application shall be deemed complete under this section if the local government does not provide a written determination to the applicant that the application is incomplete as provided in subsection (1)(b) of this section.

(b) Within fourteen days after an applicant has submitted to a local government additional information identified by the local government as being necessary for a complete application, the local government shall notify the applicant whether the application is complete or what additional information is necessary.

Sec. 409. RCW 36.70A.065 and 1994 c 257 s 3 are each amended to read as follows:

Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods consistent with section 413 of this act for local government actions on specific (development) project permit applications and provide timely and predictable procedures to determine whether a completed (development) project permit application meets the requirements of those development regulations. Such development regulations shall specify the contents of a completed (development) project permit application necessary for the application of such time periods and procedures.

Sec. 410. RCW 36.70A.065 and 1994 c 257 s 3 are each amended to read as follows:

Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods for local government actions on specific (development) project permit applications and provide timely and predictable procedures to determine whether a completed (development) project permit application meets the requirements of those development regulations. Such development regulations shall specify the contents of a completed (development) project permit application necessary for the application of such time periods and procedures.

NEW SECTION. Sec. 411. The amendments to RCW 36.70A.065 contained in section 409 of this act shall expire July 1, 1998.

NEW SECTION. Sec. 412. Section 410 of this act shall take effect July 1, 1998.

NEW SECTION. Sec. 413. (1) Except as otherwise provided in subsection (2) of this section, a local government planning under RCW 36.70A.040 shall issue its notice of final decision on a project permit application within one hundred twenty days after the local government notifies the applicant that the application is complete, as provided in RCW 36.70A.440 (as recodified by this act). In determining the number of days that have elapsed after the local government has notified the applicant that the application is complete, the following periods shall be excluded:

(a)(i) Any period during which the applicant has been requested by the local government to correct plans, perform required studies, or provide additional required information. The period shall be calculated from the date the local government notifies the applicant of the need for additional information until the earlier of the date the local government determines whether the additional information satisfies the request for information or fourteen days after the date the information has been provided to the local government.

(ii) If the local government determines that the information submitted by the applicant under (a)(i) of this subsection is insufficient, it shall notify the applicant of the deficiencies and the procedures under (a)(i) of this subsection shall apply as if a new request for studies had been made;

(b) Any period during which an environmental impact statement is being prepared following a determination of significance pursuant to chapter 43.21C RCW, if the local government by ordinance or resolution has established time periods for completion of environmental impact statements, or if the local government and the applicant in writing agree to a time period for completion of an environmental impact statement;

(c) Any period for administrative appeals of project permits, if an open record appeal hearing or a closed record appeal, or both, are allowed. The local government by ordinance or resolution shall establish a time period to consider and decide such appeals. The time period shall not exceed: (i) Ninety days for an open record appeal hearing; and (ii) sixty days for a closed record appeal. The parties to an appeal may agree to extend these time periods; and

(d) Any extension of time mutually agreed upon by the applicant and the local government.
(2) The time limits established by subsection (1) of this section do not apply if a project permit application:
(a) Requires an amendment to the comprehensive plan or a development regulation;
(b) Requires approval of a new fully contained community as provided in RCW 36.70A.350, a master planned resort as provided in RCW 36.70A.360, or the siting of an essential public facility as provided in RCW 36.70A.200; or
(c) Is substantially revised by the applicant, in which case the time period shall start from the date at which the revised project application is determined to be complete under RCW 36.70A.440 (as recodified by this act).

(3) If the local government is unable to issue its final decision within the time limits provided for in this section, it shall provide written notice of this fact to the project applicant. The notice shall include a statement of reasons why the time limits have not been met and an estimated date for issuance of the notice of final decision.

(4) This section shall apply to project permit applications filed on or after April 1, 1996.

NEW SECTION. Sec. 414. A local government may require the applicant for a project permit to designate a single person or entity to receive determinations and notices required by this chapter.

NEW SECTION. Sec. 415. (1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70A.440 (as recodified by this act) and include the following in whatever sequence or format the local government deems appropriate:
(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;
(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70A.440 (as recodified by this act) or section 413 of this act;
(c) The identification of other permits not included in the application to the extent known by the local government;
(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;
(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;
(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;
(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in section 405 of this act; and
(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local
government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;
(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;
(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
(d) Notifying the news media;
(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;
(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and
(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless a public comment period or an open record predecision hearing is required.

(6) A local government shall integrate the permit procedures in this section with environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance, the local government may not issue its threshold determination, or issue a decision or a recommendation on a project permit until the expiration of the public comment period on the notice of application.
(b) If an open record predecision hearing is required and the local government's threshold determination requires public notice under chapter 43.21C RCW, the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.
(c) Comments shall be as specific as possible.

(7) A local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency provided that the hearing is held within the geographic boundary of the local government. Hearings shall be combined if requested by an applicant, as long as the joint hearing can be held within the time periods specified in section 413 of this act or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;
(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and
(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision, combined with any environmental determinations, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations.

NEW SECTION. Sec. 416. (1) Each local government planning under RCW 36.70A.040 shall establish a permit review process that provides for the integrated and consolidated review and decision on two or more project permits relating to a proposed project action, including a single application review and approval process covering all project permits requested by an applicant for all
or part of a project action and a designated permit coordinator. If an applicant elects the consolidated permit review process, the determination of completeness, notice of application, and notice of final decision must include all project permits being reviewed through the consolidated permit review process.

(2) Consolidated permit review may provide different procedures for different categories of project permits, but if a project action requires project permits from more than one category, the local government shall provide for consolidated permit review with a single open record hearing and no more than one closed record appeal as provided in section 407 of this act. Each local government shall determine which project permits are subject to an open record hearing and a closed record appeal. Examples of categories of project permits include but are not limited to:

(a) Proposals that are categorically exempt from chapter 43.21C RCW, such as construction permits, that do not require environmental review or public notice;
(b) Permits that require environmental review, but no open record predecision hearing; and
(c) Permits that require a threshold determination and an open record predecision hearing and may provide for a closed record appeal to a hearing body or officer or to the local government legislative body.

(3) A local government may provide by ordinance or resolution for the same or a different decision maker or hearing body or officer for different categories of project permits. In the case of consolidated project permit review, the local government shall specify which decision makers shall make the decision or recommendation, conduct the hearing, or decide the appeal to ensure that consolidated permit review occurs as provided in this section. The consolidated permit review may combine an open record predecision hearing on one or more permits with an open record appeal hearing on other permits. In such cases, the local government by ordinance or resolution shall specify which project permits, if any, shall be subject to a closed record appeal.

NEW SECTION.  Sec. 417. A local government planning under RCW 36.70A.040 shall provide a notice of decision that also includes a statement of any threshold determination made under chapter 43.21C RCW and the procedures for administrative appeal, if any. The notice of decision may be a copy of the report or decision on the project permit application. The notice shall be provided to the applicant and to any person who, prior to the rendering of the decision, requested notice of the decision or submitted substantive comments on the application. The local government shall provide for notice of its decision as provided in section 415(4) of this act.

NEW SECTION.  Sec. 418. (1) A local government by ordinance or resolution may exclude the following project permits from the provisions of RCW 36.70A.440 (as recodified by this act), 36.70A.065 (as recodified by this act), and sections 407, 413, and 415 through 417 of this act: Landmark designations, street vacations, or other approvals relating to the use of public areas or facilities, or other project permits, whether administrative or quasi-judicial, that the local government by ordinance or resolution has determined present special circumstances that warrant a review process different from that provided in RCW 36.70A.440 (as recodified by this act), 36.70A.065 (as recodified by this act), and sections 407, 413, and 415 through 417 of this act.

(2) A local government by ordinance or resolution also may exclude the following project permits from the provisions of sections 407 and 415 through 417 of this act: Lot line or boundary adjustments and building and other construction permits, or similar administrative approvals, categorically exempt from environmental review under chapter 43.21C RCW, or for which environmental review has been completed in connection with other project permits.

NEW SECTION.  Sec. 419. A local government not planning under RCW 36.70A.040 may incorporate some or all of the provisions of sections 407, 413, and 415 through 417 of this act and RCW 36.70A.065 and 36.70A.440 (as recodified by this act) into its procedures for review of project permits or other project actions.

NEW SECTION.  Sec. 420. (1) Each local government is encouraged to adopt further project review provisions to provide prompt, coordinated review and ensure accountability to applicants and the public, including expedited review for project permit applications for projects that are consistent with adopted development regulations and within the capacity of system-wide infrastructure improvements.
Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution.

Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a project permit issued by a local government.

NEW SECTION. Sec. 421. A new section is added to chapter 64.40 RCW to read as follows:
A local government is not liable for damages under this chapter due to the local government's failure to make a final decision within the time limits established in section 413 of this act.

Sec. 422. RCW 43.21C.033 and 1992 c 208 s 1 are each amended to read as follows:
(1) Except as provided in subsection (2) of this section, the responsible official shall make a threshold determination on a completed application within ninety days after the application and supporting documentation are complete. The applicant may request an additional thirty days for the threshold determination. The governmental entity responsible for making the threshold determination shall by rule, resolution, or ordinance adopt standards, consistent with rules adopted by the department to implement this chapter, for determining when an application and supporting documentation are complete.
(2) This section shall not apply to a city, town, or county that:
(a) By ordinance adopted prior to April 1, 1992, has adopted procedures to integrate permit and land use decisions with the requirements of this chapter; or
(b) Is planning under RCW 36.70A.040 and is subject to the requirements of section 413 of this act.

Sec. 423. RCW 35.63.130 and 1994 c 257 s 8 are each amended to read as follows:
(1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city or county may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:
(a) Applications for conditional uses, variances, subdivisions, shoreline permits, or any other class of applications for or pertaining to development of land or land use((s which the legislative body believes should be reviewed and decided by a hearing examiner));
(b) Appeals of administrative decisions or determinations; and
(c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW. The legislative body shall prescribe procedures to be followed by the hearing examiner.
(2) Each city or county legislative body electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. ((Except as provided in subsection (2) of this section,)) The legal effect of such decisions may vary for the different classes of applications decided by the examiner but shall include one of the following:
(a) The decision may be given the effect of a recommendation to the legislative body;
(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body(();
(c) The legislative body may specify the legal effect of a hearing examiner's procedural determination under the state environmental policy act, as defined in RCW 43.21C.075(3)(a). It may have the effect under subsection (1) (a) or (b) of this section, or)
(c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative body.
(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city's or county's comprehensive plan and the city's or county's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the
hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

Sec. 424. RCW 35A.63.170 and 1994 c 257 s 7 are each amended to read as follows:

(1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:

(c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW.

The legislative body shall prescribe procedures to be followed by a hearing examiner. If the legislative authority vests in a hearing examiner the authority to hear and decide variances, then the provisions of RCW 35A.63.110 shall not apply to the city.

(2) Each city legislative body electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. (c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW, The legislative authority shall prescribe procedures to be followed by a hearing examiner.

Any county which vests in a hearing examiner the authority to hear and decide conditional uses and variances shall not be required to have a zoning adjustor or board of adjustment.

(2) Each county legislative authority electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. (Except as provided
in subsection (2) of this section.) Such legal effect may vary for the different classes of applications decided by the examiner but shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative authority;
(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative authority.

(2) The legislative authority may specify the legal effect of a hearing examiner's procedural determination under the state environmental policy act, as defined in RCW 43.21C.075(3)(a). It may have the effect under subsection (1) (a) or (b) of this section, or:
(c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative authority.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the county's comprehensive plan and the county's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

Sec. 426. RCW 58.17.090 and 1981 c 293 s 5 are each amended to read as follows:

(1) Upon receipt of an application for preliminary plat approval the administrative officer charged by ordinance with responsibility for administration of regulations pertaining to platting and subdivisions shall provide public notice and set a date for a public hearing. Except as provided in section 415 of this act, at a minimum, notice of the hearing shall be given in the following manner:

(b) Special notice of the hearing shall be given to adjacent landowners by any other reasonable method local authorities deem necessary. Adjacent landowners are the owners of real property, as shown by the records of the county assessor, located within three hundred feet of any portion of the boundary of the proposed subdivision. If the owner of the real property which is proposed to be subdivided owns another parcel or parcels of real property which lie adjacent to the real property proposed to be subdivided, notice under this subsection (1)(b) shall be given to owners of real property located within three hundred feet of any portion of the boundaries of such adjacently located parcels of real property owned by the owner of the real property proposed to be subdivided.

(2) All hearings shall be public. All hearing notices shall include a description of the location of the proposed subdivision. The description may be in the form of either a vicinity location sketch or a written description other than a legal description.

Sec. 427. RCW 58.17.092 and 1988 c 168 s 12 are each amended to read as follows:

Any notice made under chapter 58.17 or 36.-- (the new chapter created in section 431 of this act) RCW that identifies affected property may identify this affected property without using a legal description of the property including, but not limited to, identification by an address, written description, vicinity sketch, or other reasonable means.

Sec. 428. RCW 58.17.100 and 1981 c 293 s 6 are each amended to read as follows:

If a city, town or county has established a planning commission or planning agency in accordance with state law or local charter, such commission or agency shall review all preliminary plats and make recommendations thereon to the city, town or county legislative body to assure conformance of the proposed subdivision to the general purposes of the comprehensive plan and to planning standards and specifications as adopted by the city, town or county. Reports of the planning commission or agency shall be advisory only: PROVIDED, That the legislative body of the city, town or county may, by ordinance, assign to such commission or agency, or any department official or group of officials, such administrative functions, powers and duties as may be appropriate, including the holding of hearings, and recommendations for approval or disapproval of preliminary plats of proposed subdivisions.

Such recommendation shall be submitted to the legislative body not later than fourteen days following action by the hearing body. Upon receipt of the recommendation on any preliminary plat the legislative body shall at its next public meeting set the date for the public meeting where it shall
consider the recommendations of the hearing body and may adopt or reject the recommendations of such hearing body based on the record established at the public hearing. If, after considering the matter at a public meeting, the legislative body deems a change in the planning commission’s or planning agency’s recommendation approving or disapproving any preliminary plat is necessary, ((the change of the recommendation shall not be made until)) the legislative body shall ((conduct a public hearing and thereupon)) adopt its own recommendations and approve or disapprove the preliminary plat. ((Such public hearing may be held before a committee constituting a majority of the legislative body. If the hearing is before a committee, the committee shall report its recommendations on the matter to the legislative body for final action.))

Every decision or recommendation made under this section shall be in writing and shall include findings of fact and conclusions to support the decision or recommendation. A record of all public meetings and public hearings shall be kept by the appropriate city, town or county authority and shall be open to public inspection.

Sole authority to approve final plats, and to adopt or amend platting ordinances shall reside in the legislative bodies.

Sec. 429. RCW 58.17.330 and 1994 c 257 s 6 are each amended to read as follows:

(1) As an alternative to those provisions of this chapter requiring a planning commission to hear and issue recommendations for plat approval, the county or city legislative body may adopt a hearing examiner system and shall specify by ordinance the legal effect of the decisions made by the examiner. ((Except as provided in subsection (2) of this section,)) The legal effect of such decisions shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body;
(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or
(c) The decision may be given the effect of a final decision of the legislative body.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

(2) ((The legislative body shall specify the legal effect of a hearing examiner’s procedural determination under the state environmental policy act, as defined in RCW 43.21C.075(3)(a). It may have the effect under subsection (1) (a) or (b) of this section, or may be given the effect of a final decision of the legislative body.

(3)) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Each final decision of a hearing examiner, unless a longer period is mutually agreed to by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings.

NEW SECTION. Sec. 430. The department of community, trade, and economic development shall provide training and technical assistance to counties and cities to assist them in fulfilling the requirements of chapter 36.-- RCW (the new chapter created in section 431 of this act).

NEW SECTION. Sec. 431. Sections 401, 402, 404 through 407, 413 through 420, and 502 through 506 of this act shall constitute a new chapter in Title 36 RCW.

NEW SECTION. Sec. 432. RCW 36.70A.065 and 36.70A.440 are recodified as sections within the new chapter created in section 431 of this act.

NEW SECTION. Sec. 433. Sections 413 and 421 of this act shall expire June 30, 1998. The provisions of sections 413 and 421 of this act shall apply to project permit applications determined to be complete pursuant to RCW 36.70A.440 (as recodified by this act) on or before June 30, 1998.

PART V - DEVELOPMENT AGREEMENTS

NEW SECTION. Sec. 501. The legislature finds that the lack of certainty in the approval of development projects can result in a waste of public and private resources, escalate housing costs for consumers and discourage the commitment to comprehensive planning which would make maximum efficient use of resources at the least economic cost to the public. Assurance to a development project applicant that upon government approval the project may proceed in accordance with existing policies
and regulations, and subject to conditions of approval, all as set forth in a development agreement, will strengthen the public planning process, encourage private participation and comprehensive planning, and reduce the economic costs of development. Further, the lack of public facilities and services is a serious impediment to development of new housing and commercial uses. Project applicants and local governments may include provisions and agreements whereby applicants are reimbursed over time for financing public facilities. It is the intent of the legislature by sections 502 through 506 of this act to allow local governments and owners and developers of real property to enter into development agreements.

NEW SECTION. Sec. 502. (1) A local government may enter into a development agreement with a person having ownership or control of real property within its jurisdiction. A city may enter into a development agreement for real property outside its boundaries as part of a proposed annexation or a service agreement. A development agreement must set forth the development standards and other provisions that shall apply to and govern and vest the development, use, and mitigation of the development of the real property for the duration specified in the agreement. A development agreement shall be consistent with applicable development regulations adopted by a local government planning under chapter 36.70A RCW.

(2) Sections 501 through 504 of this act do not affect the validity of a contract rezone, concomitant agreement, annexation agreement, or other agreement in existence on the effective date of sections 501 through 504 of this act, or adopted under separate authority, that includes some or all of the development standards provided in subsection (3) of this section.

(3) For the purposes of this section, "development standards" includes, but is not limited to:

(a) Project elements such as permitted uses, residential densities, and nonresidential densities and intensities or building sizes;

(b) The amount and payment of impact fees imposed or agreed to in accordance with any applicable provisions of state law, any reimbursement provisions, other financial contributions by the property owner, inspection fees, or dedications;

(c) Mitigation measures, development conditions, and other requirements under chapter 43.21C RCW;

(d) Design standards such as maximum heights, setbacks, drainage and water quality requirements, landscaping, and other development features;

(e) Affordable housing;

(f) Parks and open space preservation;

(g) Phasing;

(h) Review procedures and standards for implementing decisions;

(i) A build-out or vesting period for applicable standards; and

(j) Any other appropriate development requirement or procedure.

(4) The execution of a development agreement is a proper exercise of county and city police power and contract authority. A development agreement may obligate a party to fund or provide services, infrastructure, or other facilities. A development agreement shall reserve authority to impose new or different regulations to the extent required by a serious threat to public health and safety.

NEW SECTION. Sec. 503. Unless amended or terminated, a development agreement is enforceable during its term by a party to the agreement. A development agreement and the development standards in the agreement govern during the term of the agreement, or for all or that part of the build-out period specified in the agreement, and may not be subject to an amendment to a zoning ordinance or development standard or regulation or a new zoning ordinance or development standard or regulation adopted after the effective date of the agreement. A permit or approval issued by the county or city after the execution of the development agreement must be consistent with the development agreement.

NEW SECTION. Sec. 504. A development agreement shall be recorded with the real property records of the county in which the property is located. During the term of the development agreement, the agreement is binding on the parties and their successors, including a city that assumes jurisdiction through incorporation or annexation of the area covering the property covered by the development agreement.
NEW SECTION. Sec. 505. A county or city shall only approve a development agreement by ordinance or resolution after a public hearing. The county or city legislative body or a planning commission, hearing examiner, or other body designated by the legislative body to conduct the public hearing may conduct the hearing. If the development agreement relates to a project permit application, the provisions of chapter 36.-- RCW (sections 701 through 715 of this act) shall apply to the appeal of the decision on the development agreement.

NEW SECTION. Sec. 506. Nothing in sections 501 through 505 of this act is intended to authorize local governments to impose impact fees, inspection fees, or dedications or to require any other financial contributions or mitigation measures except as expressly authorized by other applicable provisions of state law.

PART VI - STATE PERMIT COORDINATION

NEW SECTION. Sec. 601. The legislature hereby finds and declares:
(1) Washington's environmental protection programs have established strict standards to reduce pollution and protect the public health and safety and the environment. The single-purpose programs instituted to achieve these standards have been successful in many respects, and have produced significant gains in protecting Washington's environment in the face of substantial population growth.
(2) Continued progress to achieve the environmental standards in the face of continued population growth will require greater coordination between the single-purpose environmental programs and more efficient operation of these programs overall. Pollution must be prevented and controlled and not simply transferred to another media or another place. This goal can only be achieved by maintaining the current environmental protection standards and by greater integration of the existing programs.
(3) As the number of environmental laws and regulations have grown in Washington, so have the number of permits required of business and government. This regulatory burden has significantly added to the cost and time needed to obtain essential permits in Washington. The increasing number of individual permits and permit authorities has generated the continuing potential for conflict, overlap, and duplication between the various state, local, and federal permits.
(4) The purpose of this chapter is to institute new, efficient procedures that will assist businesses and public agencies in complying with the environmental quality laws in an expedited fashion, without reducing protection of public health and safety and the environment.
(5) Those procedures need to provide a permit process that promotes effective dialogue and ensures ease in the transfer and clarification of technical information, while preventing duplication. It is necessary that the procedures establish a process for preliminary and ongoing meetings between the applicant, the coordinating permit agency, and the participating permit agencies, but do not preclude the applicant or participating permit agencies from individually coordinating with each other.
(6) It is necessary, to the maximum extent practicable, that the procedures established in this chapter ensure that the coordinated permit agency process and applicable permit requirements and criteria are integrated and run concurrently, rather than consecutively.
(7) It is necessary to provide a reliable and consolidated source of information concerning federal, state, and local environmental and land-use laws and procedures that apply to any given proposal.
(8) It is the intent of this chapter to provide an optional process by which a project proponent may obtain active coordination of all applicable regulatory and land-use permitting procedures. This process is not to replace individual laws, or diminish the substantive decision-making role of individual jurisdictions. Rather it is to provide predictability, administrative consolidation, and, where possible, consolidation of appeal processes.
(9) It is also the intent of this chapter to provide consolidated, effective, and easier opportunities for members of the public to receive information and present their views about proposed projects.

NEW SECTION. Sec. 602. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Center" means the permit assistance center established in the commission by section 603 of this act.
(2) "Coordinating permit agency" means the permit agency that has the greatest overall jurisdiction over a project.
(3) "Department" means the department of ecology.
(4) "Participating permit agency" means a permit agency, other than the coordinating permit agency, that is responsible for the issuance of a permit for a project.
(5) "Permit" means any license, certificate, registration, permit, or other form of authorization required by a permit agency to engage in a particular activity.
(6) "Permit agency" means:
(a) The department of ecology, an air pollution control authority, the department of natural resources, the department of fish and wildlife, and the department of health; and
(b) Any other state or federal agency or county, city, or town that participates at the request of the permit applicant and upon the agency's agreement to be subject to this chapter.
(7) "Project" means an activity, the conduct of which requires permits from one or more permit agencies.

NEW SECTION. Sec. 603. The permit assistance center is established within the department. The center shall:
(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others. To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;
(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;
(3) Work closely and cooperatively with the business license center and the business assistance center in providing efficient and nonduplicative service to the public;
(4) Seek the assignment of employees from the permit agencies listed under section 602(6)(a) of this act to serve on a rotating basis in staffing the center; and
(5) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996.

NEW SECTION. Sec. 604. (1) Not later than January 1, 1996, the center shall establish by rule an administrative process for the designation of a coordinating permit agency for a project.
(2) The administrative process shall consist of the establishment of guidelines for designating the coordinating permit agency for a project. If a permit agency is the lead agency for purposes of chapter 43.21C RCW, that permit agency shall be the coordinating permit agency. In other cases, the guidelines shall require that at least the following factors be considered in determining which permit agency has the greatest overall jurisdiction over the project:
(a) The types of facilities or activities that make up the project;
(b) The types of public health and safety and environmental concerns that should be considered in issuing permits for the project;
(c) The environmental medium that may be affected by the project, the extent of those potential effects, and the environmental protection measures that may be taken to prevent the occurrence of, or to mitigate, those potential effects;
(d) The regulatory activity that is of greatest importance in preventing or mitigating the effects that the project may have on public health and safety or the environment; and
(e) The statutory and regulatory requirements that apply to the project and the complexity of those requirements.

NEW SECTION. Sec. 605. Upon the request of a project applicant, the center shall appoint a project facilitator to assist the applicant in determining which regulatory requirements, processes, and permits may be required for development and operation of the proposed project. The project facilitator shall provide the information to the applicant and explain the options available to the applicant in
obtaining the required permits. If the applicant requests, the center shall designate a coordinating permit agency as provided in section 606 of this act.

NEW SECTION. Sec. 606. (1) A permit applicant who requests the designation of a coordinating permit agency shall provide the center with a description of the project, a preliminary list of the permits that the project may require, the identity of any public agency that has been designated the lead agency for the project pursuant to chapter 43.21C RCW, and the identity of the participating permit agencies. The center may request any information from the permit applicant that is necessary to make the designation under this section, and may convene a scoping meeting of the likely coordinating permit agency and participating permit agencies in order to make that designation.

(2) The coordinating permit agency shall serve as the main point of contact for the permit applicant with regard to the coordinated permit process for the project and shall manage the procedural aspects of that processing consistent with existing laws governing the coordinating permit agency and participating permit agencies, and with the procedures agreed to by those agencies in accordance with section 607 of this act. In carrying out these responsibilities, the coordinating permit agency shall ensure that the permit applicant has all the information needed to apply for all the component permits that are incorporated in the coordinated permit process for the project, coordinate the review of those permits by the respective participating permit agencies, ensure that timely permit decisions are made by the participating permit agencies, and assist in resolving any conflict or inconsistency among the permit requirements and conditions that are to be imposed by the participating permit agencies with regard to the project. The coordinating permit agency shall keep in contact with the applicant as well as other permit agencies in order to assure that the process is progressing as scheduled. The coordinating permit agency shall also make contact, at least once, with any local jurisdiction that is responsible for issuing a permit for the project if the local jurisdiction has not agreed to be a participating permit agency as provided in section 602(6) of this act.

(3) This chapter shall not be construed to limit or abridge the powers and duties granted to a participating permit agency under the law that authorizes or requires the agency to issue a permit for a project. Each participating permit agency shall retain its authority to make all decisions on all nonprocedural matters with regard to the respective component permit that is within its scope of its responsibility, including, but not limited to, the determination of permit application completeness, permit approval or approval with conditions, or permit denial. The coordinating permit agency may not substitute its judgment for that of a participating permit agency on any such nonprocedural matters.

NEW SECTION. Sec. 607. (1) Within twenty-one days of the date that the coordinating permit agency is designated, it shall convene a meeting with the permit applicant for the project and the participating permit agencies. The meeting agenda shall include at least all of the following matters:

(a) A determination of the permits that are required for the project;

(b) A review of the permit application forms and other application requirements of the agencies that are participating in the coordinated permit process;

(c)(i) A determination of the timelines that will be used by the coordinating permit agency and each participating permit agency to make permit decisions, including the time periods required to determine if the permit applications are complete, to review the application or applications, and to process the component permits. In the development of this timeline, full attention shall be given to achieving the maximum efficiencies possible through concurrent studies, consolidated applications, hearings, and comment periods. Except as provided in (c)(ii) of this subsection, the timelines established under this subsection, with the assent of the coordinating permit agency and each participating permit agency, shall commit the coordinating permit agency and each participating permit agency to act on the component permit within time periods that are different than those required by other applicable provisions of law.

(ii) An accelerated time period for the consideration of a permit application may not be set if that accelerated time period would be inconsistent with, or in conflict with, any time period or series of time periods set by statute for that consideration, or with any statute, rule, or regulation, or adopted state policy, standard, or guideline that requires any of the following:

(A) Other agencies, interested persons, federally recognized Indian tribes, or the public to be given adequate notice of the application;

(B) Other agencies to be given a role in, or be allowed to participate in, the decision to approve or disapprove the application; or
(C) Interested persons or the public to be provided the opportunity to challenge, comment on, or otherwise voice their concerns regarding the application;

(d) The scheduling of any public hearings that are required to issue permits for the project and a determination of the feasibility of coordinating or consolidating any of those required public hearings; and

(e) A discussion of fee arrangements for the coordinated permit process, including an estimate of the costs allowed under section 610 of this act and the billing schedule.

(2) Each agency shall send at least one representative qualified to make decisions concerning the applicability and timelines associated with all permits administered by that jurisdiction. At the request of the applicant, the coordinating permit agency shall notify any relevant federal agency or federally recognized tribe of the date of the meeting and invite that agency's participation in the process.

(3) If a permit agency or the applicant foresees, at any time, that it will be unable to meet its obligations under the agreement, it shall notify the coordinating permit agency of the problem. The coordinating permit agency shall notify the participating permit agencies and the applicant and, upon agreement of all parties, adjust the schedule, or, if necessary, schedule another work plan meeting.

(4) The coordinating permit agency may request any information from the applicant that is necessary to comply with its obligations under this section, consistent with the timelines set pursuant to this section.

(5) A summary of the decisions made under this section shall be made available for public review upon the filing of the coordinated permit process application or permit applications.

NEW SECTION. Sec. 608. (1) The permit applicant may withdraw from the coordinated permit process by submitting to the coordinating permit agency a written request that the process be terminated. Upon receipt of the request, the coordinating permit agency shall notify the center and each participating permit agency that a coordinated permit process is no longer applicable to the project.

(2) The permit applicant may submit a written request to the coordinating permit agency that the permit applicant wishes a participating permit agency to withdraw from participation on the basis of a reasonable belief that the issuance of the coordinated permit process would be accelerated if the participating permit agency withdraws. In that event, the participating permit agency shall withdraw from participation if the coordinating permit agency approves the request.

NEW SECTION. Sec. 609. The coordinating permit agency shall ensure that the participating permit agencies make all the permit decisions that are necessary for the incorporation of the permits into the coordinated permit process and act on the component permits within the time periods established pursuant to section 607 of this act.

NEW SECTION. Sec. 610. (1) The coordinating permit agency may enter into a written agreement with the applicant to recover from the applicant the reasonable costs incurred by the coordinating permit agency in carrying out the requirements of this chapter.

(2) The coordinating permit agency may recover only the costs of performing those coordinated permit services and shall be negotiated with the permit applicant in the meeting required pursuant to section 607 of this act. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

NEW SECTION. Sec. 611. A petition by the permit applicant for review of an agency action in issuing, denying, or amending a permit, or any portion of a coordinating permit agency permit, shall be submitted by the permit applicant to the coordinating permit agency or the participating permit agency having jurisdiction over that permit and shall be processed in accordance with the procedures of that permit agency. Within thirty days of receiving the petition, the coordinating permit agency shall notify the other environmental agencies participating in the original coordinated permit process.

NEW SECTION. Sec. 612. If an applicant petitions for a significant amendment or modification to a coordinated permit process application or any of its component permit applications, the coordinating permit agency shall reconvene a meeting of the participating permit agencies, conducted in accordance with section 607 of this act.
NEW SECTION. Sec. 613. If an applicant fails to provide information required for the processing of the component permit applications for a coordinated permit process or for the designation of a coordinating permit agency, the time requirements of this chapter shall be held in abeyance until such time as the information is provided.

NEW SECTION. Sec. 614. (1) The center, by rule, shall establish an expedited appeals process by which a petitioner or applicant may appeal any failure by a permit agency to take timely action on the issuance or denial of a permit in accordance with the time limits established under this chapter.

(2) If the center finds that the time limits under appeal have been violated without good cause, it shall establish a date certain by which the permit agency shall act on the permit application with adequate provision for the requirements of section 607(1)(c)(i) (A) through (C) of this act, and provide for the full reimbursement of any filing or permit processing fees paid by the applicant to the permit agency for the permit application under appeal.

NEW SECTION. Sec. 615. Nothing in this chapter affects the jurisdiction of the energy facility site evaluation council as provided in chapter 80.50 RCW.

NEW SECTION. Sec. 616. By December 1, 1997, the center shall submit a report to the appropriate committees of both houses of the legislature detailing the following information:

(1) The number of instances in which a coordinating permit agency has been requested and used, and the disposition of those cases;

(2) The amount of time elapsed between an initial request by a permit applicant for a coordinated permit process and the ultimate approval or disapproval of the permits included in the process;

(3) The number of instances in which the expedited appeals process was requested, and the disposition of those cases.

NEW SECTION. Sec. 617. A new section is added to chapter 43.131 RCW to read as follows:

The permit assistance center and its powers and duties shall be terminated June 30, 1999, as provided in section 618 of this act.

NEW SECTION. Sec. 618. A new section is added to chapter 43.131 RCW to read as follows:

PART VII - APPEALS

NEW SECTION.  Sec. 701. This chapter may be known and cited as the land use petition act.

NEW SECTION.  Sec. 702. The purpose of this chapter is to reform the process for judicial review of land use decisions made by local jurisdictions, by establishing uniform, expedited appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely judicial review.

NEW SECTION.  Sec. 703. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Land use decision" means a final determination by a local jurisdiction's body or officer with the highest level of authority to make the determination, including those with authority to hear appeals, on:

(a) An application for a project permit or other governmental approval required by law before real property may be improved, developed, modified, sold, transferred, or used, but excluding applications for permits or approvals to use, vacate, or transfer streets, parks, and similar types of public property; excluding applications for legislative approvals such as area-wide rezones and annexations; and excluding applications for business licenses;

(b) An interpretative or declaratory decision regarding the application to a specific property of zoning or other ordinances or rules regulating the improvement, development, modification, maintenance, or use of real property; and

(c) The enforcement by a local jurisdiction of ordinances regulating the improvement, development, modification, maintenance, or use of real property.

(2) "Local jurisdiction" means a county, city, or incorporated town.

(3) "Person" means an individual, partnership, corporation, association, public or private organization, or governmental entity or agency.

NEW SECTION.  Sec. 704. (1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:
(a) Judicial review of:
(i) Land use decisions made by bodies that are not part of a local jurisdiction;
(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board or the growth management hearings board;
(b) Judicial review of applications for a writ of mandamus or prohibition; or
(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.
(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

NEW SECTION. Sec. 705. (1) Proceedings for review under this chapter shall be commenced by filing a land use petition in superior court.
(2) A land use petition is barred, and the court may not grant review, unless the petition is timely filed with the court and timely served on the following persons who shall be parties to the review of the land use petition:
(a) The local jurisdiction, which for purposes of the petition shall be the jurisdiction's corporate entity and not an individual decision maker or department;
(b) Each of the following persons if the person is not the petitioner:
(i) Each person identified by name and address in the local jurisdiction's written decision as an applicant for the permit or approval at issue; and
(ii) Each person identified by name and address in the local jurisdiction's written decision as an owner of the property at issue;
(c) If no person is identified in a written decision as provided in (b) of this subsection, each person identified by name and address as a taxpayer for the property at issue in the records of the county assessor, based upon the description of the property in the application; and
(d) Each person named in the written decision who filed an appeal to a local jurisdiction quasi-judicial decision maker regarding the land use decision at issue, unless the person has abandoned the appeal or the person's claims were dismissed before the quasi-judicial decision was rendered. Persons who later intervened or joined in the appeal are not required to be made parties under this subsection.
(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance of the land use decision.
(4) For the purposes of this section, the date on which a land use decision is issued is:
(a) Three days after a written decision is mailed by the local jurisdiction or, if not mailed, the date on which the local jurisdiction provides notice that a written decision is publicly available;
(b) If the land use decision is made by ordinance or resolution by a legislative body sitting in a quasi-judicial capacity, the date the body passes the ordinance or resolution; or
(c) If neither (a) nor (b) of this subsection applies, the date the decision is entered into the public record.
(5) Service on the local jurisdiction must be by delivery of a copy of the petition to the persons identified by or pursuant to RCW 4.28.080 to receive service of process. Service on other parties must be in accordance with the superior court civil rules or by first class mail to:
(a) The address stated in the written decision of the local jurisdiction for each party made a party under subsection (2)(b) of this section;
(b) The address stated in the records of the county assessor for each person made a party under subsection (2)(c) of this section; and
(c) The address stated in the appeal to the quasi-judicial decision maker for each person made a party under subsection (2)(d) of this section.
(6) Service by mail is effective on the date of mailing and proof of service shall be by affidavit or declaration under penalty of perjury.

NEW SECTION. Sec. 706. If the applicant for the land use approval is not the owner of the real property at issue, and if the owner is not accurately identified in the records referred to in section 705(2) (b) and (c) of this act, the applicant shall be responsible for promptly securing the joinder of the owners. In addition, within fourteen days after service each party initially named by the petitioner
shall disclose to the other parties the name and address of any person whom such party knows may be
needed for just adjudication of the petition, and the petitioner shall promptly name and serve any such
person whom the petitioner agrees may be needed for just adjudication. If such a person is named and
served before the initial hearing, leave of court for the joinder is not required, and the petitioner shall
provide the newly joined party with copies of the pleadings filed before the party’s joinder. Failure by
the petitioner to name or serve, within the time required by section 705(3) of this act, persons who are
needed for just adjudication but who are not identified in the records referred to in section 705(2)(b) of
this act, or in section 705(2)(c) of this act if applicable, shall not deprive the court of jurisdiction to
hear the land use petition.

NEW SECTION. Sec. 707. Standing to bring a land use petition under this chapter is limited
to the following persons:
(1) The applicant and the owner of property to which the land use decision is directed;
(2) Another person aggrieved or adversely affected by the land use decision, or who would be
aggrieved or adversely affected by a reversal or modification of the land use decision. A person is
aggrieved or adversely affected within the meaning of this section only when all of the following
conditions are present:
(a) The land use decision has prejudiced or is likely to prejudice that person;
(b) That person’s asserted interests are among those that the local jurisdiction was required to
consider when it made the land use decision;
(c) A judgment in favor of that person would substantially eliminate or redress the prejudice to
that person caused or likely to be caused by the land use decision; and
(d) The petitioner has exhausted his or her administrative remedies to the extent required by
law.

NEW SECTION. Sec. 708. A land use petition must set forth:
(1) The name and mailing address of the petitioner;
(2) The name and mailing address of the petitioner’s attorney, if any;
(3) The name and mailing address of the local jurisdiction whose land use decision is at issue;
(4) Identification of the decision-making body or officer, together with a duplicate copy of the
decision, or, if not a written decision, a summary or brief description of it;
(5) Identification of each person to be made a party under section 705(2)(b) through (d) of this
act;
(6) Facts demonstrating that the petitioner has standing to seek judicial review under section
707 of this act;
(7) A separate and concise statement of each error alleged to have been committed;
(8) A concise statement of facts upon which the petitioner relies to sustain the statement of
error; and
(9) A request for relief, specifying the type and extent of relief requested.

NEW SECTION. Sec. 709. (1) Within seven days after the petition is served on the parties
identified in section 705(2) of this act, the petitioner shall note, according to the local rules of superior
court, an initial hearing on jurisdictional and preliminary matters. This initial hearing shall be set no
sooner than thirty-five days and no later than fifty days after the petition is served on the parties
identified in section 705(2) of this act.
(2) The parties shall note all motions on jurisdictional and procedural issues for resolution at
the initial hearing, except that a motion to allow discovery may be brought sooner. Where
confirmation of motions is required, each party shall be responsible for confirming its own motions.
(3) The defenses of lack of standing, untimely filing or service of the petition, and failure to
join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at
the initial hearing, unless the court allows discovery on such issues.
(4) The petitioner shall move the court for an order at the initial hearing that sets the date on
which the record must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is
to be allowed, and sets a date for the hearing or trial on the merits.
(5) The parties may waive the initial hearing by scheduling with the court a date for the hearing
or trial on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues
raised by the petition, including the issues identified in subsections (3) and (4) of this section.
(6) A party need not file an answer to the petition.

NEW SECTION. Sec. 710. The court shall provide expedited review of petitions filed under this chapter. The matter must be set for hearing within sixty days of the date set for submitting the local jurisdiction’s record, absent a showing of good cause for a different date or a stipulation of the parties.

NEW SECTION. Sec. 711. (1) A petitioner or other party may request the court to stay or suspend an action by the local jurisdiction or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) A court may grant a stay only if the court finds that:
   (a) The party requesting the stay is likely to prevail on the merits;
   (b) Without the stay the party requesting it will suffer irreparable harm;
   (c) The grant of a stay will not substantially harm other parties to the proceedings; and
   (d) The request for the stay is timely in light of the circumstances of the case.

(3) The court may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 712. (1) Within forty-five days after entry of an order to submit the record, or within such a further time as the court allows or as the parties agree, the local jurisdiction shall submit to the court a certified copy of the record for judicial review of the land use decision, except that the petitioner shall prepare at the petitioner’s expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court.

(3) The petitioner shall pay the local jurisdiction the cost of preparing the record before the local jurisdiction submits the record to the court. Failure by the petitioner to timely pay the local jurisdiction relieves the local jurisdiction of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the court shall equitably assess the cost of preparing the record among the parties. In assessing costs the court shall take into account the extent to which each party prevailed and the reasonableness of the parties’ conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

NEW SECTION. Sec. 713. (1) When the land use decision being reviewed was made by a quasi-judicial body or officer who made factual determinations in support of the decision and the parties to the quasi-judicial proceeding had an opportunity consistent with due process to make a record on the factual issues, judicial review of factual issues and the conclusions drawn from the factual issues shall be confined to the record created by the quasi-judicial body or officer, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the record may be supplemented by additional evidence only if the additional evidence relates to:
   (a) Grounds for disqualification of a member of the body or of the officer that made the land use decision, when such grounds were unknown by the petitioner at the time the record was created;
   (b) Matters that were improperly excluded from the record after being offered by a party to the quasi-judicial proceeding; or
   (c) Matters that were outside the jurisdiction of the body or officer that made the land use decision.

(3) For land use decisions other than those described in subsection (1) of this section, the record for judicial review may be supplemented by evidence of material facts that were not made part of the local jurisdiction’s record.

(4) The court may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5) The parties may not conduct pretrial discovery except with the prior permission of the court, which may be sought by motion at any time after service of the petition. The court shall not grant permission unless the party requesting it makes a prima facie showing of need. The court shall
strictly limit discovery to what is necessary for equitable and timely review of the issues that are raised under subsections (2) and (3) of this section. If the court allows the record to be supplemented, the court shall require the parties to disclose before the hearing or trial on the merits the specific evidence they intend to offer. If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties and the court shall take such request into account in fashioning an equitable discovery order under this section.

NEW SECTION. Sec. 714. (1) The superior court, acting without a jury, shall review the record and such supplemental evidence as is permitted under section 713 of this act. The court may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the land use decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;
(b) The land use decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by a local jurisdiction with expertise;
(c) The land use decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;
(d) The land use decision is a clearly erroneous application of the law to the facts;
(e) The land use decision is outside the authority or jurisdiction of the body or officer making the decision; or
(f) The land use decision violates the constitutional rights of the party seeking relief.

(2) In order to grant relief under this chapter, it is not necessary for the court to find that the local jurisdiction engaged in arbitrary and capricious conduct. A grant of relief by itself may not be deemed to establish liability for monetary damages or compensation.

NEW SECTION. Sec. 715. The court may affirm or reverse the land use decision under review or remand it for modification or further proceedings. If the decision is remanded for modification or further proceedings, the court may make such an order as it finds necessary to preserve the interests of the parties and the public, pending further proceedings or action by the local jurisdiction.

Sec. 716. RCW 7.16.360 and 1989 c 175 s 38 are each amended to read as follows:
This chapter does not apply to state agency action reviewable under chapter 34.05 RCW or to land use decisions of local jurisdictions reviewable under chapter 36.-- RCW (sections 701 through 715 of this act).

Sec. 717. RCW 58.17.180 and 1983 c 121 s 5 are each amended to read as follows:
Any decision approving or disapproving any plat shall be reviewable ((for unlawful, arbitrary, capricious or corrupt action or nonaction by writ of review before the superior court of the county in which such matter is pending. Standing to bring the action is limited to the following parties:

(1) The applicant or owner of the property on which the subdivision is proposed;
(2) Any property owner entitled to special notice under RCW 58.17.090;
(3) Any property owner who deems himself aggrieved thereby and who will suffer direct and substantial impacts from the proposed subdivision.

Application for a writ of review shall be made to the court within thirty days from any decision so to be reviewed. The cost of transcription of all records ordered certified by the court for such review shall be borne by the appellant)) under chapter 36.-- RCW (sections 701 through 715 of this act).

NEW SECTION. Sec. 718. A new section is added to chapter 4.84 RCW to read as follows:
(1) Notwithstanding any other provisions of this chapter, reasonable attorneys' fees and costs shall be awarded to the prevailing party or substantially prevailing party on appeal before the court of appeals or the supreme court of a decision by a county, city, or town to issue, condition, or deny a development permit involving a site-specific rezone, zoning, plat, conditional use, variance, shoreline permit, building permit, site plan, or similar land use approval or decision. The court shall award and determine the amount of reasonable attorneys' fees and costs under this section if:
(a) The prevailing party on appeal was the prevailing or substantially prevailing party before the county, city, or town, or in a decision involving a substantial development permit under chapter 90.58 RCW, the prevailing party on appeal was the prevailing party or the substantially prevailing party before the shoreline hearings board; and
(b) The prevailing party on appeal was the prevailing party or substantially prevailing party in all prior judicial proceedings.
(2) In addition to the prevailing party under subsection (1) of this section, the county, city, or town whose decision is on appeal is considered a prevailing party if its decision is upheld at superior court and on appeal.

NEW SECTION. Sec. 719. Sections 701 through 715 of this act shall constitute a new chapter in Title 36 RCW.

(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development regulations, and growth, and to reduce the time and cost of obtaining project permits.
(3) Draft a consolidated land use procedure, following these guidelines:
(a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects;
(b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making;
(c) Recognize that different questions need to be answered and different levels of detail applied at each planning phase, from the initial development of plan concepts or plan elements to implementation programs;

(d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community’s quality of life;

(e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process;

(f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed;

(g) Use environmental review on projects to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;

(h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyses with improved state and local planning and permitting processes;

(i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and

(j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.

(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board’s order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under section 803 of this act.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by section 413 of this act. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.-- RCW (the new chapter created in section 431 of this act).

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project’s compliance with certain state and local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.

These guidelines are intended to guide the work of the commission, without limiting its charge to integrate and consolidate Washington’s land use and environmental laws into a single, manageable statutory framework.

NEW SECTION. Sec. 805. Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 806. Sections 801 through 805 of this act shall expire June 30, 1998.
NEW SECTION. Sec. 901. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 902. Part headings and the table of contents as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 903. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 904. Sections 801 through 806 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1995."

The provisions of this section shall not operate to more than double the fine or imprisonment otherwise authorized by this chapter for an offense.

(b) It is not a defense to a prosecution for a violation of this section that the person was unaware that the prohibited conduct took place while in a school or school bus or within one thousand feet of the school or school bus route stop, in a public park, on a public transit vehicle, ((or)) in a public transit stop shelter, or in a public housing project designated by a local governing authority as a drug-free zone.

(c) It is not a defense to a prosecution for a violation of this section or any other prosecution under this chapter that persons under the age of eighteen were not present in the school, the school bus, the public park, the public transit vehicle, or at the school bus route stop or the public transit vehicle stop shelter, or in a public housing project designated by a local governing authority as a drug-free zone at the time of the offense or that school was not in session.

(e) In a prosecution under this section, a map produced or reproduced by any ((municipal)) municipality, school district, county, ((or)) transit authority engineer, or public housing authority for the purpose of depicting the location and boundaries of the area on or within one thousand feet of any property used for a school, school bus route stop, public park, ((or)) public transit vehicle stop shelter, or public housing project designated by a local governing authority as a drug-free zone, or a true copy of such a map, shall under proper authentication, be admissible and shall constitute prima facie evidence of the location and boundaries of those areas if the governing body of the municipality, school district, county, or transit authority has adopted a resolution or ordinance approving the map as the official location and record of the location and boundaries of the area on or within one thousand feet of the school, school bus route stop, public park, ((or)) public transit vehicle stop shelter, or public housing project designated by a local governing authority as a drug-free zone. Any map approved under this section or a true copy of the map shall be filed with the clerk of the municipality or county, and shall be maintained as an official record of the municipality or county. This section shall not be construed as excluding the prosecution from introducing or relying upon any other evidence or testimony to establish any element of the offense. This section shall not be construed as precluding the use or admissibility of any map or diagram other than the one which has been approved by the governing body of a municipality, school district, county, ((or)) transit authority, or public housing authority if the map or diagram is otherwise admissible under court rule.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2010 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the increasing number of inmates incarcerated in state correctional institutions, and the expenses associated with their incarceration, require expanded efforts to contain corrections costs. Cost containment requires improved planning and oversight, and increased accountability and responsibility on the part of both inmates and the department.

The legislature further finds that motivating inmates to participate in meaningful education and work programs in order to learn transferable skills and earn basic privileges is an effective and efficient way to meet the penological objectives of the corrections system.

The purpose of this act is to assist the department in fulfilling its mission, specifically to reduce offender recidivism, to mirror the values of the community by clearly linking inmate behavior to the receipt of privileges, and to prudently manage the resources it receives through the tax dollars of law-abiding citizens. This purpose is accomplished through the implementation of specific cost-control measures and the creation of a planning and oversight process that will improve the department's effectiveness and efficiency.

Sec. 2. RCW 72.09.010 and 1981 c 136 s 2 are each amended to read as follows:

It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.

(1) The system should ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.

(2) The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.

(3) The system should positively impact offenders by stressing personal responsibility and accountability and by discouraging recidivism.

(4) The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.

((4))) (5) The system, as much as possible, should reflect the values of the community including:
(a) Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.
(b) Adoption of the work ethic. It is the community expectation that all citizens should work and through their efforts benefit both themselves and the community.
(c) Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.
(d) ((Providing tangible rewards for accomplishment.)) Linking the receipt or denial of privileges to responsible behavior and accomplishments. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.
(e) Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

(6) The system should provide for prudent management of resources. The avoidance of unnecessary or inefficient public expenditures on the part of offenders and the department is essential. Offenders must be accountable to the department, and the department must be accountable to the public and the legislature. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since virtually all offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

(7) The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

(8) The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

The system should meet those national standards which the state determines to be appropriate.

Sec. 3. RCW 72.09.015 and 1987 c 312 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Department" means the department of corrections.
(2) "Secretary" means the secretary of corrections.
(3) "County" refers to a county or combination of counties.
(4) "Base level of correctional services" means the minimum level of field services the department of corrections is required by statute to provide for the supervision and monitoring of offenders.
(5) "Contraband" means any object or communication that the secretary determines shall not be allowed to be (a) brought into; (b) possessed while on the grounds of; or (c) sent from any institution under the control of the secretary.
(6) "County" refers to a county or combination of counties.
(7) "Department" means the department of corrections.
(8) "Earned early release" means earned early release as authorized by RCW 9.94A.150.
(9) "Extended family visit" means an authorized visit between an inmate and a member of his or her immediate family that occurs in a private visiting unit located at the correctional facility where the inmate is confined.
(10) "Good conduct" means compliance with department rules and standards.
(11) "Good performance" means successful completion of any program required by the department, including an education, work, or other program.
(12) "Immediate family" means the inmate's children, stepchildren, grandchildren, great grandchildren, parents, stepparents, grandparents, great grandparents, siblings, and a person legally married to an inmate. "Immediate family" does not include an inmate adopted by another inmate or the immediate family of the adopted or adopting inmate.
(13) "Privilege" means any goods or services, education or work programs, or earned early release days, the receipt of which is directly linked to the good conduct or good performance of an inmate confined in an institution under the jurisdiction of the department. Privileges do not include any goods or services that the department is required to provide under the state or federal Constitution or under state or federal law.
(14) "Secretary" means the secretary of corrections.
(15) "Work programs" means all classes of correctional industries jobs authorized by RCW 72.09.100.

Sec. 4. RCW 72.09.020 and 1988 c 153 s 7 are each amended to read as follows:

For purposes of this chapter, "inmate" means any person committed to the custody of the department, including but not limited to persons residing in a correctional institution or facility, persons released on furlough, work release, or community custody, and persons received from another state, state agency, county, or federal jurisdiction.
NEW SECTION. Sec. 5. A new section is added to chapter 72.09 RCW to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted from participation under subsection (2) of this section. Eligible inmates who refuse to participate in available education or work programs shall lose inmate privileges according to the system established under RCW 72.09.130. The legislature recognizes that more inmates may agree to participate in education and work programs than are currently available. Accordingly, the department must give priority to placing inmates in available education and work programs who will be most likely to achieve significant personal and public benefit from the programs, and the department must prioritize available resources to work toward the goal of full participation as soon as possible.

(2) The department shall establish, in rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines that an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section. When the department determines that an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical conditions of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(3) The department shall establish, in rule, the standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their educational history, basic skills and literacy level, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate's entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the corrections system, are returning to the corrections system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall periodically reassess the basic skills, literacy level, and vocational or work skills of inmates to ensure that they are participating in programming appropriate to their level of academic and technical competency.

(b) Placement. The department shall place inmates in appropriate education and work programs utilizing criteria to evaluate an inmate's likelihood of achieving significant benefit from the programming. The placement criteria shall include at least the following factors:

(i) An inmate's release date and custody level;

(ii) An inmate's educational history, basic skills, and literacy level;

(iii) An inmate's work history, and vocational or work skills;

(iv) An inmate's economic circumstances, including but not limited to an inmate's family support obligations; and

(v) Where applicable, an inmate's prior performance in department-approved education or work programs.

(c) Performance and goals. The department shall establish inmate behavior standards and program goals for all education or work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals.

(d) Financial responsibility. The department shall establish a formula by which inmates will pay all or a portion of the costs of participating in community college associate of arts degree programs, baccalaureate degree programs, and postbaccalaureate degree programs, including tuition, books, and fees. The formula will consider the inmates' ability to pay and the department's efforts to maintain a cost-efficient level of enrollment in programs for which it contracts with community colleges. When an inmate voluntarily chooses to participate in a postsecondary education program into which he or she has not been placed by the department under (b) of this subsection, the inmate must pay the full tuition costs of the postsecondary education program charged by the community colleges under contract with the department.

(e) An inmate sentenced to life without the possibility of release may participate in education programs, including English as a second language, adult basic education, general equivalency degree, high school diploma, or any associate, baccalaureate, or post-baccalaureate degree, only if he or she
pays all tuition costs and fees of the program and only if space is available in the program after all
other eligible inmates have been offered the opportunity to participate, except that inmates sentenced to
life without the possibility of release who require vocational training to participate in a correctional
industries job may participate in the vocational training under the same placement, performance, and
financial responsibility standards as other inmates.

(4) The department shall coordinate educational and work programming opportunities among
its several institutions, to the greatest extent possible, to facilitate continuity of programming for
inmates who are transferred between institutions. Prior to transferring inmates enrolled in programs,
the department shall consider the effect the transfer will have on an inmate’s ability to continue or
complete a program. This subsection shall not be used to delay or prohibit any transfer that is
necessary for legitimate safety or security reasons.

(5) Before the construction of any new correctional institution or the expansion of any existing
correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and
satellite television will be used for educational and training purposes in the institution. The plan shall
specify how the use of television in the educational and training programs will improve inmates’
preparedness for available correctional industries jobs and job opportunities for which inmates may
qualify upon release.

Sec. 6. RCW 72.09.130 and 1981 c 136 s 17 are each amended to read as follows:

(1) The department shall adopt, in rule, a system ((providing incentives for good conduct and
disincentives for poor conduct)) that clearly links an inmate’s behavior and participation in available
education and work programs with the receipt or denial of earned early release days and other
privileges. The system ((may)) shall include increases or decreases in the degree of liberty granted the
inmate within the programs operated by the department, access to or withholding of privileges available
within correctional institutions, and recommended increases or decreases in the number of earned early
release days that an inmate can earn for good conduct and good performance.

(2) Earned early release days shall be recommended by the department as a form of tangible
reward for accomplishment. The system shall be fair, measurable, and understandable to offenders,
staff, and the public. At least once in each twelve-month period, the department shall inform the
offender in writing as to his or her conduct and performance. This written evaluation shall include
reasons for awarding or not awarding recommended earned early release days for good conduct and
good performance. ((The term “good performance” as used in this section means successfully
performing a work, work training, or educational task to levels of expectation as specified in writing by
the department. The term “good conduct” as used in this section refers to compliance with department
rules.

Within one year after July 1, 1981, the department shall adopt, and provide a written
description of, the system.)) An inmate is not eligible to receive earned early release days during any
time in which he or she refuses to participate in an available education or work program into which he
or she has been placed by the department pursuant to section 5 of this act.

(3) The department shall provide a ((copy of this)) written description of the system to each
offender in its custody.

NEW SECTION. Sec. 7. A new section is added to chapter 72.09 RCW to read as follows:

To the greatest extent practical, all inmates shall contribute to the cost of inmate privileges
provided by the department. The department shall establish standards by which inmates will pay a
significant portion of the department’s capital and operating costs of providing all inmate privileges,
including but not limited to television cable access, extended family visitation, weight lifting and other
recreational sports equipment and supplies, and associated staff supervision costs. Inmate contributions
may be in the form of individual user fees assessed against an inmate’s institution account, deductions
from an inmate’s gross wages or gratuities, or inmates’ collective contributions to the institutional
welfare/betterment fund. The contribution standards shall consider the assets available to inmates, the
costs of administering compliance with the contribution requirements, and shall not be unduly
destructive of the work ethic.

NEW SECTION. Sec. 8. A new section is added to chapter 72.09 RCW to read as follows:

The secretary shall adopt in rule a uniform policy that prohibits receipt or possession of
anything that is determined to be contraband. The rule shall provide maximum protection of legitimate
penological interests, including prison security and order. The rule shall protect the legitimate interests of the public and inmates in the exchange of ideas. The secretary shall establish a method of reviewing all incoming and outgoing material, consistent with constitutional constraints, for the purpose of confiscating anything determined to be contraband.

NEW SECTION. Sec. 9. A new section is added to chapter 72.09 RCW to read as follows:

(1) The extended family visitation program is a privilege that the department may allow an inmate to participate in only after the superintendent determines an inmate is eligible. All extended family visits must be approved in advance by the superintendent or the superintendent’s designee, who may cancel, interrupt, suspend, or terminate any visit for good cause.

(2) The department shall adopt, in rule, standards for participation in the extended family visitation program. The standards shall provide eligible inmates the opportunity, subject to the approval of the superintendent or the superintendent’s designee, to maintain relationships with authorized family members, to maintain marriages and relationships that existed prior to incarceration, and to provide an incentive for inmates to maintain positive attitudes and behaviors while incarcerated. The standards shall address at least the following areas:

(a) Eligibility. The eligibility standards for inmates and their proposed visitors shall include at least the following factors for consideration:

(i) An inmate’s release date and custody level. An inmate confined in maximum or close custody, in an intensive management unit, or in disciplinary or administrative segregation is not eligible to participate in an extended family visit;
(ii) An inmate’s infraction history while incarcerated;
(iii) An inmate’s prior criminal offense history;
(iv) The nature of the offense for which the inmate is incarcerated and whether the proposed visitor was a victim of the inmate’s offense;
(v) When available, the opinion of a licensed medical practitioner or mental health professional as to the appropriateness of an extended family visit between an inmate and the proposed visitor or visitors;

(b) Conduct during visits. The department shall establish standards for the conduct of inmates and visitors participating in the extended family visitation program that protect the safety of visitors and preserve the orderly operation of the correctional institution.

Sec. 10. RCW 4.24.130 and 1992 c 30 s 1 are each amended to read as follows:

(1) Any person desiring a change of his or her name or that of his or her child or ward, may apply therefor to the district court of the judicial district in which he or she resides, by petition setting forth the reasons for such change; thereupon such court in its discretion may order a change of the name and thenceforth the new name shall be in place of the former.

(2) An offender under the jurisdiction of the department of corrections who applies to change his or her name under subsection (1) of this section shall submit a copy of the application to the department of corrections no less than five days prior to the entry of an order granting the name change. No offender under the jurisdiction of the department of corrections at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate penological goals, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. An offender under the jurisdiction of the department of corrections who receives an order changing his or her name shall submit a copy of the order to the department of corrections within five days of the entry of the order. Violation of this subsection is a misdemeanor.

(3) The district court shall collect the fees authorized by RCW 36.18.010 for filing and recording a name change order, and transmit the fee and the order to the county auditor. The court may collect a reasonable fee to cover the cost of transmitting the order to the county auditor.

NEW SECTION. Sec. 11. A new section is added to chapter 72.09 RCW to read as follows:

The department may require an offender who obtains an order under RCW 4.24.130 changing his or her name to use the name under which he or she was committed to the department during all
NEW SECTION.  Sec. 12. A new section is added to chapter 72.09 RCW to read as follows:
(1) Milk and milk products produced by correctional industries shall be consumed or used, to
the greatest extent possible, within the correctional system. Milk and milk products surplus to such
consumption or use may be sold to local correctional facilities. Raw, bulk milk may be disposed of as
prescribed in RCW 72.09.100.
(2) In order for correctional industries to dispose of milk or milk products in a manner other
than provided for in subsection (1) of this section, correctional industries shall: (a) Market milk in
accordance with the provisions applicable to producers under the federal milk marketing order of the
United States department of agriculture, or its successor marketing arrangement; and, (b) dispose of
milk and milk products processed by correctional industries as a fully regulated handler under the
federal order, or its successor marketing arrangement.

Sec. 13.  RCW 72.10.020 and 1989 c 157 s 3 are each amended to read as follows:
(1) The department may develop and implement a health services plan for the delivery of health
care services to ((inmates)) offenders in the department’s ((custody)) correctional facilities, at the
discretion of the secretary, and in conformity with state and federal law.
(2) In order to discourage the unwarranted use of health care services caused by unnecessary
visits to health care providers, offenders shall participate in the costs of their health care services by
paying a nominal amount of no less than three dollars per visit, determined by the secretary. Pursuant
to the authority granted in RCW 72.01.050(2), the secretary may authorize the superintendent to collect
this amount for health care services directly from an offender’s institution account. All copayments
collected from offenders’ institution accounts shall be deposited into the general fund.
(3) Offenders are required to make copayments for health care visits that are offender initiated.
Offenders are not required to pay for emergency treatment or for visits initiated by health care staff or
treatment of those conditions that constitute a serious health care need.
(4) No offender may be refused any health care service because of indigence.
(5) At no time shall the withdrawal of funds for the payment of a medical service copayment
result in reducing an offender’s institution account to an amount less than the defined level of indigency
as determined by the department. When an offender’s institution account contains less money than the
defined level of indigency at the time a copayment is assessed, the assessment shall be recorded as an
outstanding debt and may be collected from an offender’s institution account at any time sufficient
funds become available.

Sec. 14.  RCW 72.10.010 and 1989 c 157 s 2 are each amended to read as follows:
As used in this chapter:
(1) "Department" means the department of corrections.
(2) "Health care practitioner" means an individual or firm licensed or certified to actively
engage in a regulated health profession.

(4) "Health care facility" means any hospital, hospice care center, licensed or certified health
care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified
health maintenance organization, federally approved renal dialysis center or facility (federally
approved under 42 CFR 405.2100), or federally licensed blood bank (federally licensed under 21
CFR 607).
(5) "Health care services" means ((and includes)) medical, dental, and mental health care
services.
(6) "Secretary" means the secretary of the department of corrections.
(7) "Superintendent" means the superintendent of a correctional facility under the jurisdiction
of the Washington state department of corrections.

NEW SECTION.  Sec. 15. A new section is added to chapter 72.10 RCW to read as follows:
No later than October 1, 1996, and every year thereafter, the department shall report to the
legislature the following information for the preceding fiscal year: (1) The total number of health care
visits made by offenders; (2) the total number of copayments assessed; (3) the total dollar amount of copayments collected; (4) the total number of copayments that were not assessed or collected due to an offender’s indigence; and (5) the total number of copayments that were not assessed due to the serious or emergent nature of the health care treatment, or because the health care visit was not offender initiated. The first report prepared by the department shall include, at a minimum, all available information collected during the second half of fiscal year 1996.

NEW SECTION. Sec. 16. A new section is added to chapter 72.10 RCW to read as follows:
Upon entry into the adult correctional system, offenders shall receive an initial medical examination. The department shall prepare a health profile for each offender that includes at least the following information: (1) An identification of the offender’s serious medical and dental needs; (2) an evaluation of the offender’s capacity for work and recreation; and (3) a financial assessment of the offender’s ability to pay for all or a portion of his or her health care services from personal resources or private insurance.

NEW SECTION. Sec. 17. The department shall adopt rules to implement sections 13 through 16 of this act.

Sec. 18. RCW 72.10.030 and 1989 c 157 s 4 are each amended to read as follows:
(1) Notwithstanding any other provisions of law, the secretary may enter into contracts with health care practitioners, health care facilities, and other entities or agents as may be necessary to provide basic medical care to inmates. The contracts shall not cause the termination of classified employees of the department rendering the services at the time the contract is executed.

(2) In contracting for services, the secretary is authorized to provide for indemnification of health care practitioners who cannot obtain professional liability insurance through reasonable effort, from liability on any action, claim, or proceeding instituted against them arising out of the good faith performance or failure of performance of services on behalf of the department. The contracts may provide that for the purposes of chapter 4.92 RCW only, those health care practitioners with whom the department has contracted shall be considered state employees. The Washington state health care authority shall contract with a private research company to conduct a review of corrections health services to determine if certain components of the health services system such as dental care, eye care, or laboratory work, could be provided more efficiently by contracting out for the services. The review shall be submitted to the legislature by December 1, 1996. The decision to implement any recommendations made in the report regarding contracting out any or all components of the health services system shall be made by the legislature and not by the secretary.

Sec. 19. RCW 9.94A.137 and 1993 c 338 s 4 are each amended to read as follows:
(1)(a) An offender is eligible to be sentenced to a work ethic camp if the offender:

(i) Is sentenced to a term of total confinement of not less than sixteen months or more than thirty-six months;

(ii) Is between the ages of eighteen and twenty years of age or older;

(iii) Has no current or prior convictions for any sex offenses or for violent offenses other than drug offenses for manufacturing, possession, delivery, or intent to deliver a controlled substance.

(b) An offender is not eligible to participate in the work ethic camp if the offender is found, at any time, to be an illegal alien or the subject of a hard detainer or deportation order. Any offender who is found to be an illegal alien or becomes the subject of a hard detainer or deportation order after being sentenced to or beginning the work ethic camp shall be immediately removed from the work ethic camp program.

(c) The length of the work ethic camp program shall be at least one hundred twenty days and not more than one hundred eighty days. Because of the conversion ratio, earned early release time shall not accrue to offenders who successfully complete the program.

(2) If the sentencing judge determines that the offender is eligible for the work ethic camp and is likely to qualify under subsection (3) of this section, the judge shall impose a sentence within the standard range and may recommend that the offender serve the sentence at a work ethic camp. The sentence shall provide that if the offender successfully completes the program, the department shall convert the period of work ethic camp confinement at the rate of one day of work ethic camp confinement to three days of total standard confinement. (The court shall also provide that upon
completion of the work ethic camp program, the offender shall be released on community custody for any remaining time of total confinement. In sentencing an offender to the work ethic camp, the court shall specify: (i) That upon completion of the work ethic camp program, the offender shall be released on community custody for any remaining time of total confinement; (ii) the applicable conditions of supervision on community custody status as authorized by RCW 9.94A.120(8)(b) and (c); and (iii) which conditions, if violated, may result in a return to total confinement for the balance of the offender’s remaining time of confinement. The department may identify offenders who are eligible for the work ethic camp and, with concurrence from the sentencing judge, may refer the offender to the work ethic camp and adjust time served and community custody requirements as prescribed in this section.

(3) The department shall place the offender in the work ethic camp program, subject to capacity, unless (a) the department determines that the offender has physical or mental impairments that would prevent participation and completion of the program, (b) the department determines that the offender’s custody level prevents placement in the program, or (c) the offender refuses to agree to the terms and conditions of the program.

(5) An offender who fails to complete the work ethic camp program, who is administratively terminated from the program, or who otherwise violates any conditions of supervision, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing judge and shall be subject to all rules relating to earned early release time.

(6) During the last two weeks prior to release from the work ethic camp program the department shall provide the offender with comprehensive transition training.

Sec. 20. RCW 9.94A.120 and 1994 c 1 s 2 (Initiative Measure No. 593) and 1993 c 31 s 3 are each reenacted and amended to read as follows:

When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), and (7) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for life without the possibility of parole or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a
facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;
(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;
(c) Pursue a prescribed, secular course of study or vocational training;
(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;
(e) Report as directed to the court and a community corrections officer; or
(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service work.

(6) If a sentence range has not been established for the defendant’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community service work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(7)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment. The report of the examination shall include at a minimum the following: The defendant’s version of the facts and the official version of the facts, the defendant’s offense history, an assessment of problems in addition to alleged deviant behaviors, the offender’s social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the defendant’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;
(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(D) Anticipated length of treatment; and
(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sexual offender sentencing alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eight years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community supervision for the length of the suspended sentence or three years, whichever is greater; and
(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community
corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

1. Devote time to a specific employment or occupation;
2. Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;
3. Report as directed to the court and a community corrections officer;
4. Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service work, or any combination thereof; or
5. Make recoupment to the victim for the cost of any counseling required as a result of the offender’s crime.

(iii) The sex offender therapist shall submit quarterly reports on the defendant’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant’s compliance with requirements, treatment activities, the defendant’s relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community supervision, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community supervision.

(v) The court may revoke the suspended sentence at any time during the period of community supervision and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in treatment. All confinement time served during the period of community supervision shall be credited to the offender if the suspended sentence is revoked.

(vi) Except as provided in (a)(vii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(vii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (7) and the rules adopted by the department of health.

For purposes of this subsection, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(b) When an offender is convicted of any felony sex offense committed before July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, order the offender committed for up to thirty days to the custody of the secretary of social and health services for evaluation and report to the court on the offender’s amenability to treatment at these facilities. If the secretary of social and health services cannot begin the evaluation within thirty days of the court’s order of commitment, the offender shall be transferred to the state for confinement pending an opportunity to be evaluated at the appropriate facility. The court shall review the reports and may order that the term of confinement imposed be served in the sexual offender treatment program at the
location determined by the secretary of social and health services or the secretary’s designee, only if
the report indicates that the offender is amenable to the treatment program provided at these facilities.
The offender shall be transferred to the state pending placement in the treatment program. Any
offender who has escaped from the treatment program shall be referred back to the sentencing court.
If the offender does not comply with the conditions of the treatment program, the secretary of
social and health services may refer the matter to the sentencing court. The sentencing court shall
commit the offender to the department of corrections to serve the balance of the term of confinement.
If the offender successfully completes the treatment program before the expiration of the term
of confinement, the court may convert the balance of confinement to community supervision and may
place conditions on the offender including crime-related prohibitions and requirements that the offender
perform any one or more of the following:
(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community
corrections officer prior to any change in the offender’s address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.
If the offender violates any of the terms of community supervision, the court may order the
offender to serve out the balance of the community supervision term in confinement in the custody of
the department of corrections.
After June 30, 1993, this subsection (b) shall cease to have effect.
(c) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced
to a term of confinement of more than one year but less than six years, the sentencing court may, on its
own motion or on the motion of the offender or the state, request the department of corrections to
evaluate whether the offender is amenable to treatment and the department may place the offender in a
treatment program within a correctional facility operated by the department.
Except for an offender who has been convicted of a violation of RCW 9A.44.040 or
9A.44.050, if the offender completes the treatment program before the expiration of his or her term of
confinement, the department of corrections may request the court to convert the balance of confinement
to community supervision and to place conditions on the offender including crime-related prohibitions
and requirements that the offender perform any one or more of the following:
(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community
corrections officer prior to any change in the offender’s address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.
If the offender violates any of the terms of his or her community supervision, the court may
order the offender to serve out the balance of his or her community supervision term in confinement in
the custody of the department of corrections.
Nothing in (c) of this subsection shall confer eligibility for such programs for offenders
convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (c) does
not apply to any crime committed after July 1, 1990.
(d) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may,
subject to available funds, request an evaluation by the department of corrections to determine whether
they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender
may request placement in a treatment program within a correctional facility operated by the
department. Placement in such treatment program is subject to available funds.
(8)(a) When a court sentences a person to a term of total confinement to the custody of the
department of corrections for an offense categorized as a sex offense or a serious violent offense
committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child
in the second degree, any crime against a person where it is determined in accordance with RCW
9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of
commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1,
1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year
term of community placement beginning either upon completion of the term of confinement or at such
time as the offender is transferred to community custody in lieu of earned early release in accordance
with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the
statutory maximum period of confinement then the community placement portion of the sentence shall
consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or serious violent offense committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence the offender to community placement for two years or up to the period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the court sentences an offender under this subsection to the statutory maximum period of confinement then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Unless a condition is waived by the court, the terms of community placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community corrections officer as directed;

(ii) The offender shall work at department of corrections-approved education, employment, and/or community service;

(iii) The offender shall not consume controlled substances except pursuant to lawfully issued prescriptions;

(iv) An offender in community custody shall not unlawfully possess controlled substances;

(v) The offender shall pay supervision fees as determined by the department of corrections; and

(vi) The residence location and living arrangements are subject to the prior approval of the department of corrections during the period of community placement.

(c) The court may also order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;

(ii) The offender shall not have direct or indirect contact with the victim of the crime or a specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol; or

(v) The offender shall comply with any crime-related prohibitions.

(d) As a part of any sentence providing for conversion from total confinement to community custody pursuant to RCW 9.94A.137(2) after successful completion of a work ethic camp program, the court shall impose and enforce the conditions enumerated in (b) of this subsection and may order any of the special conditions enumerated in (c) of this subsection, including a prohibition against new felony convictions. The court shall specify which of the conditions, if violated, may result in a return to total confinement for the balance of the offender's remaining term of confinement.

(e) Prior to transfer to, or during, community placement, any conditions of community placement may be removed or modified so as not to be more restrictive by the sentencing court, upon recommendation of the department of corrections.

(f) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(g) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender's compliance with payment of legal financial obligations shall be supervised by the department. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees,
agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(11) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(12) All offenders sentenced to terms involving community supervision, community service, community placement, or legal financial obligation shall be under the supervision of the secretary of the department of corrections or such person as the secretary may designate and shall follow explicitly the instructions of the secretary including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender’s address or employment, and paying the supervision fee assessment. The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

(13) All offenders sentenced to terms involving community supervision, community service, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(14) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(15) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(16) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court’s judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(17) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender’s term of community supervision or community placement.

(18) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(19) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

NEW SECTION. Sec. 21. A new section is added to chapter 72.09 RCW to read as follows:

(1) The department shall establish an illegal alien offender transition camp and be ready to assign inmates to the camp no later than July 1, 1996. The secretary shall locate the illegal alien offender transition camp within an already existing department compound or facility.

(2) The department shall develop all aspects of the illegal alien offender transition camp program including, but not limited to, residential arrangements, program standards, conduct standards, individual and team work goals, and measures to hold the offender accountable for his or her behavior. The secretary shall define successful completion of the program, based on successful attendance, participation, and performance. The illegal alien offender transition camp shall be designed and implemented so that offenders are engaged in work activities and unstructured time is
kept to a minimum. The standards for work performance, physical work activities, and offenders' rights and responsibilities shall be equivalent to those of the work ethic camp for general inmates.

NEW SECTION. Sec. 22. A new section is added to chapter 9.94A RCW to read as follows:

(1) An offender is eligible to be sentenced to an illegal alien offender transition camp if the offender:

    (b) Is sentenced to a term of total confinement of not less than sixteen or more than thirty-six months;
    (c) Is eighteen years of age or older;
    (d) Has no current or prior convictions for any sex offenses or violent offenses other than drug offenses for manufacturing, possession, delivery, or intent to deliver a controlled substance; and
    (e) Agrees in writing as required by subsection (5) of this section to the terms and conditions for participation.

(2) The length of the illegal alien offender transition camp program shall be at least one hundred twenty days and not more than one hundred eighty days.

(3) If the sentencing judge determines that an offender is potentially eligible for the illegal alien offender transition camp and is likely to meet the requirements of subsection (6) of this section, the judge shall impose a sentence of total standard confinement within the standard range and shall recommend that the offender serve the sentence at an illegal alien offender transition camp. The sentence shall provide that the offender shall serve one day in the transition camp for every three days of total standard confinement. In sentencing an offender to the illegal alien offender transition camp, the court shall specify that: (a) Upon completion of the illegal alien offender transition camp program, the offender shall be released within ten days to the custody of the immigration and naturalization service to be deported to his or her native country; and (b) in the event an offender cannot be released to the custody of the immigration and naturalization service within ten days, the department may detain the offender in the illegal alien offender transition camp for up to sixty days.

(4) The department may identify offenders under its jurisdiction who are or become eligible for the illegal alien offender transition camp and, with concurrence from the sentencing judge and the prosecuting attorney, may refer the offenders to the illegal alien offender transition camp and adjust time served as prescribed in subsection (2) of this section.

(5) The department shall notify the immigration and naturalization service of all suspected illegal alien offenders under its jurisdiction and request that the immigration and naturalization service begin deportation proceedings as expeditiously as possible. The department, in cooperation with the immigration and naturalization service, shall seek accelerated hearings for all suspected illegal aliens under its jurisdiction to facilitate their removal from the country upon their release by the department as soon as possible.

(6) An illegal alien offender who meets the eligibility requirements of subsection (1)(a) through (d) of this section shall be informed by the sentencing court or the department of his or her potential for participating in the illegal alien offender transition camp. The terms and conditions of the illegal alien offender transition camp shall be provided to the illegal alien offender, both verbally and in writing, in his or her native language. An illegal alien offender must agree in writing to the terms and conditions of the illegal alien offender transition camp at the time of sentencing or at the time of transfer to the camp.

NEW SECTION. Sec. 23. A new section is added to chapter 72.09 RCW to read as follows:

(1) The secretary shall establish, at each institution with an inmate population of more than one hundred, a corrections advisory team. The team shall consist of two representatives from management personnel, two representatives from personnel represented by an exclusive bargaining unit selected by those personnel, and not more than three persons from among the education or work programs operating within the institution. The secretary shall invite other groups to select a representative to serve on the team, including but not limited to the following:
    (a) The superior court judges in the county in which the institution is located;
    (b) The prosecuting attorney for the county in which the institution is located;
    (c) An organization whose primary purpose is legal representation of persons accused or convicted of crimes;

(c) Identify cost-saving opportunities in institution operations.

(3) The superintendent of each institution identified in this section shall annually prepare a report to the secretary on the work of the team in his or her institution. The report shall include the superintendent's response to recommendations made by the team. The secretary shall collect and forward the reports to the legislature not later than December 1 of each year, together with such recommendations as the secretary finds appropriate.

(4) The joint committee on corrections oversight shall terminate on July 1, 1997.

NEW SECTION. Sec. 25. The legislature finds that the responsibility for criminal activity should fall squarely on the criminal. To the greatest extent possible society should not be expected to have to pay the price for crimes twice, once for the criminal activity and again by feeding, clothing, and housing the criminal. The corrections system should be the first place criminals are given the opportunity to be responsible for paying for their criminal act, not just through the loss of their personal freedom, but by making financial contributions to alleviate the pain and suffering of victims of crime.

NEW SECTION. Sec. 26. A new section is added to chapter 72.09 RCW to read as follows:
Each year the department shall transfer twenty-five percent of the total annual revenues and receipts received in each institutional betterment fund subaccount to the department of labor and industries for the purpose of providing direct benefits to crime victims through the crime victims' compensation program as outlined in chapter 7.68 RCW. This transfer takes priority over any expenditure of betterment funds and shall be reflected on the monthly financial statements of each institution's betterment fund subaccount.
Any funds so transferred to the department of labor and industries shall be in addition to the crime victims' compensation amount provided in an omnibus appropriation bill. It is the intent of the legislature that the funds forecasted or transferred pursuant to this section shall not reduce the funding levels provided by appropriation.

Sec. 27. RCW 7.68.090 and 1973 1st ex.s. c 122 s 9 are each amended to read as follows: The director shall establish such fund or funds, separate from existing funds, necessary to administer this chapter, and payment to these funds shall be from legislative appropriation, statutory provision, reimbursement and subrogation as provided in this chapter, and from any contributions or grants specifically so directed.

Sec. 28. RCW 43.17.200 and 1983 c 204 s 4 are each amended to read as follows: All state agencies including all state departments, boards, councils, commissions, and quasi public corporations shall allocate, as a nondeductible item, out of any moneys appropriated for the original construction of any public building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission for the acquisition of works of art created by Washington state artists. The works of art may be placed on public lands, integral to or attached to a public building or structure, detached within or outside a public building or structure, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities. In addition to the cost of the works of art the one-half of one percent of the appropriation as provided herein shall be used to provide for the administration of the visual arts program by the Washington state arts commission and all costs for installation of the works of art. For the purpose of this section building shall not include highway construction sheds, warehouses, or other buildings of a temporary nature.

NEW SECTION. Sec. 29. The department of corrections shall conduct the following reviews and prepare the following reports:

(1) The secretary shall review the feasibility and desirability of reducing the use of paid educational and vocational instructors by increasing the use of volunteer instructors and implementing technological efficiencies. Upon completion of the review, the secretary shall submit a report of the secretary's findings and recommendations to the legislature and the joint committee on corrections cost-efficiencies oversight by December 1, 1995.

(2) The secretary shall seek federal funding for the incarceration of undocumented felons. The secretary shall also pursue amendments to the federal transfer treaty program to facilitate deportation of undocumented alien offenders, specifically current treaties that require voluntary participation by the offender and loss of jurisdiction by the sending agency. The secretary shall seek enforcement of and pursue amendments to current federal sanctions for alien reentry, specifically amendments to the allowance of at least two prior felony convictions and at least two prior deportations before indictment for reentry is considered. The secretary shall submit a report on the secretary's progress to the legislature and the joint committee on corrections cost-efficiencies oversight by December 1, 1995.

(3) The secretary shall review current perimeter security technologies and designs that could minimize or eliminate the need for staffed perimeter guard towers at medium and maximum custody correctional institutions. Upon completion of the review, the secretary shall submit a report to the legislature and the joint committee on corrections cost-efficiencies oversight on the secretary's findings and recommendations by December 1, 1995.

(4) The secretary shall review the feasibility and desirability of implementing a "hot bunking" or "stacking" system that would allow prison beds to be used on a rotational basis. The review shall include at least the following: (a) A fiscal analysis of the capital and operating costs of implementing a twelve-hour scheduled rotation where each prison cell and bed could be used by multiple inmates; and (b) an analysis of how the department would address safety issues that might arise from a rotation system that increases the amount of time inmates would spend out of their cells. Upon completion of the review, the secretary shall submit a report to the legislature and the joint committee on corrections cost-efficiencies oversight on the secretary's findings and recommendations by December 1, 1995.

NEW SECTION. Sec. 30. The department shall cooperate in the preparation of the following reviews and reports:

If specific funding for the purpose of this subsection is not provided by June 30, 1995, in the omnibus appropriations act, this section is null and void.

(3) The correctional industries board of directors and the secretary shall jointly review all current and proposed education and vocational training programs provided by the department. The review shall identify whether the curriculum corresponds to current and proposed correctional industries jobs and whether the curriculum teaches skills relevant to employment opportunities inmates may qualify for after they are released. Upon completion of the review, the board and the secretary shall submit a joint report of their findings and recommendations to the legislature and the secretary by December 1, 1995.

(4) The correctional industries board of directors shall review the feasibility and desirability of establishing a recreational, health, and fitness program that employs inmates to support department recreational, health, and fitness activities. Upon completion of the review, the board shall submit a report of its findings and recommendations to the legislature and the secretary by December 1, 1995.

The review shall include a comparison of department employee salaries with equivalent private marine positions salaries. Upon completion of the review, the department of transportation shall submit a report of its findings and recommendations to the legislature and the advisory team by December 1, 1995.

(6) The office of financial management and the department of general administration shall jointly review the food planning model developed by the department of corrections for possible extrapolation to a uniform, state-wide planning, purchasing, and distribution of food and food products for state institutions, including but not limited to prisons, juvenile correctional institutions, and state hospitals. Upon completion of the review, the office of financial management and the department of general administration shall submit a joint report of their findings and recommendations to the legislature and the advisory team by December 1, 1995.

Upon completion of the review, the center shall submit a report of its findings and recommendations to the legislature and the secretary by December 1, 1995.

NEW SECTION. Sec. 31. This act shall be known as the department of corrections cost-efficiency and inmate responsibility and accountability omnibus act.

NEW SECTION. Sec. 32. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 33. If specific funding for the purpose of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act shall be null and void."

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1589 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.70 RCW to read as follows:
QUALITY ASSURANCE--INTERAGENCY COOPERATION--ELIMINATION AND COORDINATION OF DUPLICATE STATE PROGRAMS. No later than July 1, 1995, the department of health together with the health care authority, the department of social and health services, the office of the insurance commissioner, and the department of labor and industries shall form an interagency group for coordination and consultation on quality assurance activities. By December 31, 1996, the group shall review all state agency programs governing health service quality assurance and shall recommend to the legislature, the consolidation, coordination, or elimination of rules and programs that would be made unnecessary pursuant to the development of a uniform quality assurance and improvement program.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:
No public or private health care payer subject to the jurisdiction of the state of Washington shall propose, issue, sign, or renew a provider agreement or enrollee service agreement that contains a clause whose effect, in any way, is to disclaim liability for the care delivered or not delivered to an enrollee because of a decision of the payer as to whether the care was a covered service, medically necessary, economically provided, medically appropriate, or similar consideration. Similarly, no clause shall attempt to shift liability for harm caused by such payer decision as to whether care should be delivered, as opposed to paid for, is between the provider and patient alone as if the fact of whether or not care is paid for played little or no role in a patient’s decision to obtain care. Nothing in this section shall be inferred to result in liability to anyone for the payer’s payment decisions that are consistent with the language of the applicable service agreement or consistent with the cost-effective delivery of health care. The intent of this section is only to prevent payers from shifting their liability for payment decisions to either providers, or enrollees, or both.

NEW SECTION. Sec. 3. MANAGED COMPETITION--FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to develop economies of scale or to provide the most cost-efficient and efficacious service; that health carriers face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter that might otherwise be constrained by such laws and intends to displace competition in the health care market: To contain the aggregate cost of health care services; to promote the development
of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, standard package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter 492, Laws of 1993, by any person or entity created or regulated by chapter 492, Laws of 1993, are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with section 4 of this act or under rules adopted pursuant to chapter 492, Laws of 1993, does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;
(b) Among health carriers as to the price or level of reimbursement for health care services;
(c) Among health carriers to boycott a group or class of health care service providers;
(d) Among purchasers of health plans to boycott a particular carrier or class of carriers;
(e) Among health carriers to divide the market for health care coverage; or
(f) Among health carriers and purchasers to attract or discourage enrollment of any Washington resident or group of residents in a health carrier based upon the perceived or actual risk of loss in including such resident or group of residents in a health carrier or subscriber purchasing group.

NEW SECTION.  Sec.  4. MANAGED COMPETITION--COMPETITIVE OVERSIGHT--ATTORNEY GENERAL DUTIES--ANTI-TRUST IMMUNITY.  (1) A health carrier, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or health plans may request, in writing, that the insurance commissioner obtain an informal opinion from the attorney general as to whether particular conduct is lawful under federal and state anti-trust and similar statutes. Trade secret or proprietary information contained in a request for informal opinion shall be identified as such and shall not be disclosed other than to an authorized employee of the insurance commissioner or attorney general without the consent of the party making the request, except that information in summary or aggregate form and market share data may be contained in the informal opinion issued by the attorney general. The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion unless extended by the attorney general for good cause shown. If the attorney general concludes that such conduct is not lawful, the person or organization making the request may petition the commissioner for review and approval of such conduct in accordance with subsection (3) of this section.

(2) After obtaining the written opinion of the attorney general and subject to the approval of the attorney general, the insurance commissioner:

(a) May authorize conduct by a health carrier, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of health care reform and a more competitive alternative is impractical;
(b) Shall adopt rules governing conduct among providers, health care facilities, and health carriers including rules governing provider and facility contracts with health carriers, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that health carriers offering managed care health plans in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;
(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with the carrier including the ability of providers to meet and communicate for the purposes of these negotiations; and
(d) Shall adopt rules governing cooperative activities among health care facilities and providers.
(3) A health carrier, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health services or health plans may file a written petition with the insurance commissioner requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the insurance commissioner. Trade secret or proprietary information contained in a written petition shall be identified as such and shall not be disclosed other than to an authorized employee of the commissioner or the attorney general without the consent of the party filing the written petition, except that information in summary or aggregate form and market share data may be contained in the written decision issued by the commissioner.

Subject to the approval of the attorney general, the insurance commissioner shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition unless extended by the commissioner for good cause shown. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4)(a) In authorizing conduct and adopting rules of conduct under this section, the insurance commissioner with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:
   (i) Enhancement of the quality of health services to consumers;
   (ii) Gains in cost-efficiency of health services;
   (iii) Improvements in utilization of health services and equipment;
   (iv) Avoidance of duplication of health services resources; or
   (v) And as to (a) (ii) and (iii) of this subsection: (A) Facilitates the exchange of information relating to performance expectations; (B) simplifies the negotiation of delivery arrangements and relationships; and (C) reduces the transactions costs on the part of health carriers and providers in negotiating more cost-effective delivery arrangements.

(b) These benefits must outweigh disadvantages including and not limited to:
   (i) Reduced competition among health carriers, health care providers, or health care facilities;
   (ii) Adverse impact on quality, availability, or price of health care services to consumers; or
   (iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the insurance commissioner shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the insurance commissioner shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The commissioner shall periodically review petitioned conduct through, at least, annual progress reports from petitioners, annual or more frequent reviews by the commissioner that evaluate whether the conduct is consistent with the petition, and whether the benefits continue to outweigh any disadvantages. Subject to the advice and approval of the attorney general, the commissioner may determine that the likely benefits of any conduct approved through rule, petition, or otherwise by the commissioner no longer outweigh the disadvantages attributable to potential reduction in competition and the commissioner shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the commissioner shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in this act is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW.

NEW SECTION. Sec. 5. RCW 70.170.080 and 1993 sp.s c 24 s 925, 1991 sp.s c 13 s 71, & 1989 1st ex.s c 9 s 508 are each repealed.

NEW SECTION. Sec. 6. If specific funding through the health services account to continue the comprehensive hospital abstract reporting system is not provided by June 30, 1995, in the omnibus appropriations act, section 5 of this act is null and void.

NEW SECTION. Sec. 7. CAPTIONS. Captions as used in this act constitute no part of the law.
NEW SECTION.  Sec. 8. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION.  Sec. 9. EMERGENCY CLAUSE--EFFECTIVE DATE. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

On page 1, line 1 of the title, after "assurance;" strike the remainder of the title and insert "adding a new section to chapter 43.70 RCW; adding a new section to chapter 48.43 RCW; creating new sections; repealing RCW 70.170.080; providing an effective date; and declaring an emergency."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 13, 1995

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1387 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.108.040 and 1991 c 3 s 255 are each amended to read as follows:

It shall be unlawful to advertise the practice of massage using the term massage or any other term that implies a massage technique or method in any public or private publication or communication by a person not licensed by the secretary as a massage practitioner or without printing in display advertisement the license number of the massage practitioner. Any person who holds a license to practice as a massage practitioner in this state may use the title "licensed massage practitioner" and the abbreviation "L.M.P." No other persons may assume such title or use such abbreviation or any other word, letters, signs, or figures to indicate that the person using the title is a licensed massage practitioner.

Sec. 2. RCW 18.108.085 and 1991 c 3 s 259 are each amended to read as follows:

(1) In addition to any other authority provided by law, the secretary may:
(a) Adopt rules, in accordance with chapter 34.05 RCW necessary to implement this chapter;
(b) Set all license, examination, and renewal fees in accordance with RCW 43.70.250;
(c) Establish forms and procedures necessary to administer this chapter;
(d) Issue a license to any applicant who has met the education, training, and examination requirements for licensure; and
(e) Hire clerical, administrative, and investigative staff as necessary to implement this chapter, and hire individuals licensed under this chapter to serve as examiners for any practical examinations.

(2) Excluding the penalty provisions of this section, the section may be enforced through the provisions of chapter 34.60 RCW.
(2) The uniform disciplinary act, chapter 18.130 RCW, governs the issuance and denial of licenses and the disciplining of persons under this chapter. The secretary shall be the disciplining authority under this chapter.

(3) Any license issued under this chapter to a person who is or has been convicted of violating RCW 9A.88.030, 9A.88.070, 9A.88.080, or 9A.88.090 or equivalent local ordinances shall automatically be revoked by the secretary upon receipt of a certified copy of the court documents reflecting such conviction. No further hearing or procedure is required, and the secretary has no discretion with regard to the revocation of the license. The revocation shall be effective even though such conviction may be under appeal, or the time period for such appeal has not elapsed. However, upon presentation of a final appellate decision overturning such conviction or upon completion of a prostitution prevention and intervention program under sections 7 through 15 of this act, the license shall be reinstated, unless grounds for disciplinary action have been found pursuant to chapter 18.130 RCW. Unless an applicant demonstrates that he or she has completed a prostitution prevention and intervention program under sections 7 through 15 of this act, no license may be granted under this chapter to any person who has been convicted of violating RCW 9A.88.030, 9A.88.070, 9A.88.080, or 9A.88.090 or equivalent local ordinances within the eight years immediately preceding the date of application. For purposes of this subsection, "convicted" does not include a conviction that has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence, but does include convictions for offenses for which the defendant received a deferred or suspended sentence, unless the record has been expunged according to law.

(4) The secretary shall keep an official record of all proceedings under this chapter, a part of which record shall consist of a register of all applicants for licensure under this chapter, with the result of each application.

NEW SECTION. Sec. 3. A new section is added to chapter 18.130 RCW to read as follows: RCW 18.108.085 shall govern the issuance and revocation of licenses issued or applied for under chapter 18.108 RCW to or by persons convicted of violating RCW 9A.88.030, 9A.88.070, 9A.88.080, or 9A.88.090 or equivalent local ordinances.

Sec. 4. RCW 35.21.692 and 1991 c 182 s 1 are each amended to read as follows:

(1) A state licensed massage practitioner seeking a city or town license to operate a massage business must provide verification of his or her state massage license as provided for in RCW 18.108.030.

(2) The city or town may charge a licensing or operating fee, but the fee charged a state licensed massage practitioner shall not exceed the licensing or operating fee imposed on ((similar health care providers, such as physical therapists or occupational therapists,)) other licensees operating within the same city or town and such fees shall be reasonable and shall not exceed the costs of the processing and administration of the licensing procedure.

(3) A state licensed massage practitioner ((is not)) may be subject to additional licensing requirements ((not currently imposed on similar health care providers, such as physical therapists or occupational therapists)) under RCW 18.108.100.

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1471 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The intent of this chapter is to provide consistent laws regarding the formation and legal administration of homeowners' associations.

NEW SECTION. Sec. 2. For purposes of this chapter:
(1) "Homeowners' association" or "association" means a corporation, unincorporated association, or other legal entity, each member of which is an owner of residential real property located within the association's jurisdiction, as described in the governing documents, and by virtue of membership or ownership of property is obligated to pay real property taxes, insurance premiums, maintenance costs, or for improvement of real property other than that which is owned by the member. "Homeowners' association" does not mean an association created under chapter 64.32 or 64.34 RCW.
(2) "Governing documents" means the articles of incorporation, bylaws, plat, declaration of covenants, conditions, and restrictions, rules and regulations of the association, or other written instrument by which the association has the authority to exercise any of the powers provided for in this chapter or to manage, maintain, or otherwise affect the property under its jurisdiction.
(3) "Board of directors" or "board" means the body, regardless of name, with primary authority to manage the affairs of the association.
(4) "Common areas" means property owned, or otherwise maintained, repaired or administered by the association.
(5) "Common expense" means the costs incurred by the association to exercise any of the powers provided for in this chapter.
(6) "Residential real property" means any real property, the use of which is limited by law, covenant or otherwise to primarily residential or recreational purposes.

NEW SECTION. Sec. 3. The membership of an association at all times shall consist exclusively of the owners of all real property over which the association has jurisdiction, both developed and undeveloped.

NEW SECTION. Sec. 4. Unless otherwise provided in the governing documents, an association may:
(1) Adopt and amend bylaws, rules, and regulations;
(2) Adopt and amend budgets for revenues, expenditures, and reserves, and impose and collect assessments for common expenses from owners;
(3) Hire and discharge or contract with managing agents and other employees, agents, and independent contractors;
(4) Institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more owners on matters affecting the homeowners' association, but not on behalf of owners involved in disputes that are not the responsibility of the association;
(5) Make contracts and incur liabilities;
(6) Regulate the use, maintenance, repair, replacement, and modification of common areas;
(7) Cause additional improvements to be made as a part of the common areas;
(8) Acquire, hold, encumber, and convey in its own name any right, title, or interest to real or personal property;
(9) Grant easements, leases, licenses, and concessions through or over the common areas and petition for or consent to the vacation of streets and alleys;
(10) Impose and collect any payments, fees, or charges for the use, rental, or operation of the common areas;
(11) Impose and collect charges for late payments of assessments and, after notice and an opportunity to be heard by the board of directors or by the representative designated by the board of directors and in accordance with the procedures as provided in the bylaws or rules and regulations adopted by the board of directors, levy reasonable fines in accordance with a previously established schedule adopted by the board of directors and furnished to the owners for violation of the bylaws, rules, and regulations of the association;
(12) Exercise any other powers conferred by the bylaws;
(13) Exercise all other powers that may be exercised in this state by the same type of corporation as the association; and
(14) Exercise any other powers necessary and proper for the governance and operation of the association.

NEW SECTION. Sec. 5. (1) Except as provided in the association’s governing documents or this chapter, the board of directors shall act in all instances on behalf of the association. In the performance of their duties, the officers and members of the board of directors shall exercise the degree of care and loyalty required of an officer or director of a corporation organized under chapter 24.03 RCW.
(2) The board of directors shall not act on behalf of the association to amend the articles of incorporation, to take any action that requires the vote or approval of the owners, to terminate the association, to elect members of the board of directors, or to determine the qualifications, powers, and duties, or terms of office of members of the board of directors; but the board of directors may fill vacancies in its membership of the unexpired portion of any term.
(3) Within thirty days after adoption by the board of directors of any proposed regular or special budget of the association, the board shall set a date for a meeting of the owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of the summary. Unless at that meeting the owners of a majority of the votes in the association are allocated or any larger percentage specified in the governing documents reject the budget, in person or by proxy, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the owners shall be continued until such time as the owners ratify a subsequent budget proposed by the board of directors.
(4) The owners by a majority vote of the voting power in the association present, in person or by proxy, and entitled to vote at any meeting of the owners at which a quorum is present, may remove any member of the board of directors with or without cause.

NEW SECTION. Sec. 6. Unless provided for in the governing documents, the bylaws of the association shall provide for:
(1) The number, qualifications, powers and duties, terms of office, and manner of electing and removing the board of directors and officers and filling vacancies;
(2) Election by the board of directors of the officers of the association as the bylaws specify;
(3) Which, if any, of its powers the board of directors or officers may delegate to other persons or to a managing agent;
(4) Which of its officers may prepare, execute, certify, and record amendments to the governing documents on behalf of the association;
(5) The method of amending the bylaws; and
(6) Subject to the provisions of the governing documents, any other matters the association deems necessary and appropriate.

NEW SECTION. Sec. 7. (1) A meeting of the association must be held at least once each year. Special meetings of the association may be called by the president, a majority of the board of directors, or by owners having ten percent of the votes in the association. Not less than fourteen nor more than sixty days in advance of any meeting, the secretary or other officers specified in the bylaws shall cause notice to be hand-delivered or sent prepaid by first class United States mail to the mailing address of each owner or to any other mailing address designated in writing by the owner. The notice of any meeting shall state the time and place of the meeting and the business to be placed on the agenda by the board of directors for a vote by the owners, including the general nature of any proposed amendment to the articles of incorporation, bylaws, any budget or changes in the previously approved budget that result in a change in assessment obligation, and any proposal to remove a director.
(2) Except as provided in this subsection, all meetings of the board of directors shall be open for observation by all owners of record and their authorized agents. The board of directors shall keep minutes of all actions taken by the board, which shall be available to all owners. Upon the affirmative vote in open meeting to assemble in closed session, the board of directors may convene in closed executive session to consider personnel matters; consult with legal counsel or consider communications with legal counsel; and discuss likely or pending litigation, matters involving possible violations of the governing documents of the association, and matters involving the possible liability of an owner to the association. The motion shall state specifically the purpose for the closed session. Reference to the motion and the stated purpose for the closed session shall be included in the minutes. The board of directors shall restrict the consideration of matters during the closed portions of meetings only to those purposes specifically exempted and stated in the motion. No motion, or other action adopted, passed, or agreed to in closed session may become effective unless the board of directors, following the closed session, reconvenes in open meeting and votes in the open meeting on such motion, or other action which is reasonably identified. The requirements of this subsection shall not require the disclosure of information in violation of law or which is otherwise exempt from disclosure.

NEW SECTION. Sec. 8. Unless the governing documents specify a different percentage, a quorum is present throughout any meeting of the association if the owners to which thirty-four percent of the votes of the association are allocated are present in person or by proxy at the beginning of the meeting.

NEW SECTION. Sec. 9. (1) The association or its managing agent shall keep financial and other records sufficiently detailed to enable the association to fully declare to each owner the true statement of its financial status. All financial and other records of the association, including but not limited to checks, bank records, and invoices, in whatever form they are kept, are the property of the association. Each association managing agent shall turn over all original books and records to the association immediately upon termination of the management relationship with the association, or upon such other demand as is made by the board of directors. An association managing agent is entitled to keep copies of association records. All records which the managing agent has turned over to the association shall be made reasonably available for the examination and copying by the managing agent.

(2) All records of the association, including the names and addresses of owners and other occupants of the lots, shall be available for examination by all owners, holders of mortgages on the lots, and their respective authorized agents on reasonable advance notice during normal working hours at the offices of the association or its managing agent. The association shall not release the unlisted telephone number of any owner. The association may impose and collect a reasonable charge for copies and any reasonable costs incurred by the association in providing access to records.

(3) At least annually, the association shall prepare, or cause to be prepared, a financial statement of the association. The financial statements of associations with annual assessments of fifty thousand dollars or more shall be audited at least annually by an independent certified public accountant, but the audit may be waived if sixty-seven percent of the votes cast by owners, in person or by proxy, at a meeting of the association at which a quorum is present, vote each year to waive the audit.

(4) The funds of the association shall be kept in accounts in the name of the association and shall not be commingled with the funds of any other association, nor with the funds of any manager of the association or any other person responsible for the custody of such funds.

NEW SECTION. Sec. 10. (1) Except as otherwise provided under subsection (2) of this section, any violation of the provisions of this chapter entitles an aggrieved party to any remedy provided by law or in equity. The court, in an appropriate case, may award reasonable attorneys' fees to the prevailing party.

(2) Claims based on any violation of this chapter shall be brought within six months from the occurrence of the violation.

NEW SECTION. Sec. 11. Sections 1 through 10 of this act constitute a new chapter in Title 64 RCW.

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this"
subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing
the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31,
1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976,
and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the
harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and
(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975,
and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the
harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and
(c) Adjust the forest land values contained in subsection (1) of this section by a percentage
equal to one-half of the percentage change in the average values of harvested timber reflected by
comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year
thereafter, the same procedure shall be followed as described in this subsection utilizing harvester
excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be
made to the prior year’s adjusted value, and the five-year periods for calculating average harvested
timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter
as the true and fair value of each parcel of forest land the appropriate grade value certified to him or
her by the department of revenue, and he or she shall compute the assessed value of such land by using
the same assessment ratio he or she applies generally in computing the assessed value of other property
in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor
shall assess and value as classified forest land all forest land that is not then designated pursuant to
RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment
and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor
shall mail notice by certified mail to the owner that such land has been classified as forest land and is
subject to the compensating tax imposed by this section. If the owner desires not to have such land
assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on
or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the
classification notation entered pursuant to this subsection, and shall thereafter assess and value such
land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the
assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which
has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may
appeal to the county board of equalization by filing an application with the board in the manner
prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an
opportunity to be heard if the application so requests and shall act upon the application in the manner
prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing
with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of
classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;
(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
(c) Determination by the assessor, after giving the owner written notice and an opportunity to
be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and
used for growing and harvesting timber. However, land shall not be removed from classification if a
governmental agency, organization, or other recipient identified in subsection (9) of this section as
exempt from the payment of compensating tax has manifested its intent in writing or by other official
action to acquire a property interest in classified forest land by means of a transaction that qualifies for
an exemption under subsection (9) of this section. The governmental agency, organization, or recipient
shall annually provide the assessor of the county in which the land is located reasonable evidence in
writing of the intent to acquire the classified land as long as the intent continues or within sixty days of
a request by the assessor. The assessor may not request this evidence more than once in a calendar
year;
(d) Determination that a higher and better use exists for such land than growing and harvesting
timber after giving the owner written notice and an opportunity to be heard;
(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance (RCW 82.45.120, as now or hereafter amended), except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to ((subsections) (c) or (d)) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of ((subsection)) (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of ((subsection)) (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsections (5)(e) and (9) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to: (b) the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by (c) a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;
(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes.

(10) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

Sec. 2. RCW 84.33.140 and 1992 c 69 s 2 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor’s tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.120, as now or hereafter amended. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale.

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that: (i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same
application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.41.070 and 1994 sp.s. c 7 s 407 and 1994 c 190 s 2 are each reenacted and amended to read as follows:

(1) The (judge of a court of record, the) chief of police of a municipality((,)) or the sheriff of a county((,)) shall within thirty days after the filing of an application of any person, issue a license to such person to carry a pistol concealed on his or her person within this state for ((four)) five years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid permanent Washington driver’s license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. The issuing authority shall not refuse to accept completed applications for concealed pistol licenses during regular business hours.

The applicant’s constitutional right to bear arms shall not be denied, unless ((he or she)):

(a) He or she is ineligible to possess a firearm under the provisions of RCW 9.41.040 or 9.41.045;

(b) The applicant’s concealed pistol license is in a revoked status;

(c) He or she is under twenty-one years of age;

(d) He or she is subject to a court order or injunction regarding firearms pursuant to RCW 9A.46.080, 10.14.080, 10.99.040, 10.99.045, 26.09.050, 26.09.060, 26.10.040, 26.10.115, 26.26.130, 26.26.137, 26.50.060, or 26.50.070;

(e) He or she is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense;

(f) He or she has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor;"
(g) He or she has been ordered to forfeit a firearm under RCW 9.41.098(1)(e) within one year before filing an application to carry a pistol concealed on his or her person; or

(h)(i) He or she has been convicted of any crime against a child or other person listed in RCW 43.43.830(5).

(ii) Except as provided in ((g)) (h)(iii) of this subsection, any person who becomes ineligible for a concealed pistol license as a result of a conviction for a crime listed in ((g)) (h)(i) of this subsection and then successfully completes all terms of his or her sentence, as evidenced by a certificate of discharge issued under RCW 9.94A.220 in the case of a sentence under chapter 9.94A RCW, and has not again been convicted of any crime and is not under indictment for any crime, may, one year or longer after such successful sentence completion, petition a court of record for a declaration that the person is no longer ineligible for a concealed pistol license under ((g)) (h)(i) of this subsection.

(iii) No person convicted of a serious offense as defined in RCW 9.41.010 may have his or her right to possess firearms restored, unless the person has been granted relief from disabilities by the secretary of the treasury under 18 U.S.C. Sec. 925(c), or RCW 9.41.040 (3) or (4) applies.

(2) The issuing authority shall check with the national crime information center, the Washington state patrol electronic data base, the department of social and health services electronic data base, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 or 9.41.045 to possess a firearm and therefore ineligible for a concealed pistol license. This subsection applies whether the applicant is applying for a new concealed pistol license or to renew a concealed pistol license.

(3) Any person whose firearms rights have been restricted and who has been granted relief from disabilities by the secretary of the treasury under 18 U.S.C. Sec. 925(c) or who is exempt under 18 U.S.C. The license and application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license (application) shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law. The application shall contain questions about the applicant’s eligibility under RCW 9.41.040 to possess a pistol, the applicant’s place of birth, and whether the applicant is a United States citizen (and whether he or she has been required to register with the state or federal government and has an identification or registration number). The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall meet the additional requirements of RCW 9.41.170 and produce proof of compliance with RCW 9.41.170 upon application. The license shall be in triplicate and in a form to be prescribed by the department of licensing.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent by registered mail to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing the license.
The department of licensing shall make available to law enforcement and corrections agencies, in an on-line format, all information received under this subsection.

A licensee renewing after the expiration date of the license must pay a late renewal penalty of ((twenty)) ten dollars in addition to the renewal fee specified in subsection (6) of this section. The fee shall be distributed as follows:

The pamphlet shall be given to each applicant for a license; and
(b) ((Seven)) Seven dollars shall be paid to the issuing authority for the purpose of enforcing this chapter.

(10) Notwithstanding the requirements of subsections (1) through ((9)) of this section, the chief of police of the municipality or the sheriff of the county of the applicant’s residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section.

(11) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section.

(12) A person who knowingly makes a false statement regarding citizenship or identity on an application for a concealed pistol license is guilty of false swearing under RCW 9A.72.040. In addition to any other penalty provided for by law, the concealed pistol license of a person who knowingly makes a false statement shall be revoked, and the person shall be permanently ineligible for a concealed pistol license.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1995

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1305 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1993 sp.s. c 6 s 1 are each amended to read as follows:
(1) Each county that has both a population of fifty thousand or more and, until the effective date of this section, has had its population increase by more than ten percent in the previous ten years or, on or after the effective date of this section, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development.
regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all of the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office
of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Sec. 2. RCW 36.70A.110 and 1994 c 249 s 27 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the population growth management population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, (and) second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350. (Further, it is)

(4) In general, cities are the units of local government most appropriate to provide urban governmental services (be provided by cities, and). In general, it is not appropriate that urban governmental services (should not) be (provided) extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

((4))) (5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all
other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(((5)))  (6) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 3. RCW 36.70A.070 and 1990 1st ex.s.c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses and may also provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural uses not characterized by urban growth.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;
(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;
(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;
(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;
(c) Finance, including:
(i) An analysis of funding capability to judge needs against probable funding resources;
(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

NEW SECTION. Sec. 4. A comprehensive plan adopted or amended before the effective date of this act shall be considered to be in compliance with RCW 36.70A.070 or 36.70A.110, as in effect before their amendment by this act, if the comprehensive plan is in compliance with RCW 36.70A.070 and 36.70A.110 as amended by this act. This section shall not be construed to alter the relationship between a county-wide planning policy and comprehensive plans as specified under RCW 36.70A.210.

As to any appeal relating to compliance with RCW 36.70A.070 or 36.70A.110 pending before a growth management hearings board on the effective date of this act, the board may take up to an additional ninety days to resolve such appeal. By mutual agreement of all parties to the appeal, this additional ninety-day period may be extended.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:
Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in RCW 78.44.031, shall be established as an allowed use in local development regulations.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

The county-wide need and proximity provisions of this section do not apply to metals mining and milling operations as defined in RCW 78.56.020.

For the purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration
with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

On page 1, line 1 of the title, after "management:" strike the remainder of the title and insert "amending RCW 36.70A.040, 36.70A.110, and 36.70A.070; adding a new section to chapter 36.70A RCW; creating a new section; and declaring an emergency."

and the same are herewith transmitted.

These state weights and measures standards shall be submitted at least once every ten years to the national institute of standards and technology or any successor organization for certification or be maintained in such calibration as prescribed by the national institute of standards and technology or any successor organization.

Sec. 3. RCW 19.94.165 and 1992 c 237 s 6 are each amended to read as follows:
(1) Unless otherwise provided by ((the department, all weighing or measuring instruments or devices used for commercial purposes within this state shall be inspected and tested for accuracy by the director or city sealer at least once every two years)) law, the director or city sealer, shall have the power to inspect and test all weighing or measuring instruments or devices to ascertain if they are correct. It shall be the duty of the director or city sealer, as often as they deem necessary, to inspect and test for accuracy all weighing or measuring instruments or devices used for commercial purposes within this state and, if found to be correct, the director or city sealer shall issue an official seal of approval for each such instrument or device.

(2) Beginning fiscal year 1993, the schedule of inspection and testing shall be staggered so as one half of the weighing or measuring instruments or devices under the jurisdiction of the inspecting and testing authority are approved in odd fiscal years and the remaining one half are inspected and tested in even fiscal years.

(3) The department may provide, as needed, uniform, official seals of approval to city sealers for the purposes expressed in this section.

NEW SECTION. Sec. 4. A new section is added to chapter 19.94 RCW to read as follows:
(1) No person shall operate a weighing or measuring instrument or device for commercial purposes within this state without annually registering the instrument or device with the department unless the instrument or device is within a city that has a city sealer and a program for testing and inspecting weighing and measuring instruments and devices. If the commercial use is within a city having a city sealer and a program for testing and inspecting weighing or measuring instruments and devices, the instrument or device may be registered with the city.

(2) A city with such a sealer and program may establish an annual fee for registering the commercial use of such an instrument or device with the city. The annual fee shall not exceed the fee established in RCW 19.94.175 for registering the use of a similar instrument or device with the department.

(3) Any person applying with the department for registration of an instrument or device used commercially shall make such application through the master licensing system. The application shall be accompanied by the fees established in RCW 19.94.175. A separate application must be submitted for each business location. Application for weighing or measuring device registration shall be made upon a form prescribed by the department and shall contain such information as the department may require. The fees required by RCW 19.94.175 are in addition to any other fee or license required by law.

(4) The registration fee that must accompany an application for a new license or annual renewal shall be based upon the number and type of weighing or measuring devices at each business location.
Device registrations shall expire on the master license expiration date unless the registration is revoked or suspended prior to that date. The master license shall be displayed in a conspicuous place in the location for which it was issued.

The department may, during normal business hours, compare the number of devices listed on the master license with the number of devices at the business location to determine that appropriate registration fees have been paid.

Sec. 5. RCW 19.94.175 and 1992 c 237 s 7 are each amended to read as follows:

(1) The department shall establish reasonable, biennial inspection and testing fees for each type or class of weighing or measuring instrument or device required to be inspected and tested under this chapter. These inspection and testing fees shall be equitably prorated within each such type or class and shall be limited to those amounts necessary for the department to cover, to the extent possible, the direct costs associated with the inspection and testing of each type or class of weighing or measuring instrument or device.

(2) Prior to the establishment and each amendment of the fees authorized under this chapter, a weights and measures fee task force shall be convened under the direction of the department. The task force shall be composed of a representative from the department who shall serve as chair and one representative from each of the following: City sealers, service agents, service stations, grocery stores, retailers, food processors/dealers, oil heat dealers, the agricultural community, and liquid propane dealers. The task force shall recommend the appropriate level of fees to be assessed by the department pursuant to subsection (1) of this section, based upon the level necessary to cover the direct costs of administering and enforcing the provisions of this chapter and to the extent possible be consistent with fees reasonably and customarily charged in the private sector for similar services.

(3) The fees authorized under this chapter may be billed only after the director or a city sealer has issued an official seal of approval for a weighing or measuring instrument or device or a weight or measure standard.

(4) All fees shall become due and payable thirty days after billing by the department or a city sealer. A late penalty of one and one-half percent per month may be assessed on the unpaid balance more than thirty days in arrears.

(5) The following annual registration fees shall be charged for weighing or measuring instruments or devices required to be inspected and tested under this chapter:

(a) Weighing devices:
   (i) Small scales "zero to four hundred pounds capacity" $ 5.00
   (ii) Intermediate scales "four hundred one pounds to five thousand pounds capacity" $ 20.00

(f) Mass flow meters $ 14.00

(g) Taxi meters $ 5.00

(2) Fees upon weighing or measuring instruments or devices within the jurisdiction of the city that are collected under this section by city sealers shall be deposited into the general fund, or other account, of the city as directed by the governing body of the city. (On the thirtieth day of each month, city sealers shall, pursuant to procedures established and upon forms provided by the director, remit to the department for administrative costs ten percent of the total fees collected.

(3) With the exception of subsection (((7)) (4) of this section, no person shall be required to pay more than the established ((inspection and testing)) annual registration fee adopted under this
section for any weighing or measuring instrument or device ((in any two year period)) when the same has been found to be correct.

(7) Whenever a special request is made by the owner for the inspection and testing of a weighing or measuring instrument or device, the fee prescribed by the director for such a weighing or measuring instrument or device shall be paid by the owner.

(4) The department or a city sealer may establish reasonable inspection and testing fees for each type or class of weighing or measuring instrument or device specially requested to be inspected or tested by the device owner. These inspection and testing fees shall be limited to those amounts necessary for the department or city sealer to cover the direct costs associated with such inspection and testing. The fees established under this subsection shall not be set so as to compete with service agents normally engaged in such services.

Sec. 6. RCW 19.94.185 and 1992 c 237 s 8 are each amended to read as follows:

(1) All moneys collected under this chapter shall be paid to the director and placed in the weights and measures account hereby established in the ((state treasury)) agricultural local fund. Moneys deposited in this account ((may be spent only following appropriation by law and)) shall be used solely for the purposes ((of weighing or measuring instrument or device inspection and testing)) relating to the enforcement or implementation of this chapter. No appropriation is required for the disbursement of moneys from the account by the director.

(2) By January 1st of each odd-numbered year, the department shall provide a written report on the amount of revenues by major category received under this chapter for the administration of the weights and measures program by the department. The report shall include the amount of revenue generated for the two previous biennium, an estimate of the amount of funds to be received during the current biennium, and an estimate of the amount of funds to be generated during the next ensuing biennium. The report shall be submitted to the office of financial management and to each committee in the legislature with jurisdiction over programs administered by the department in the house and the senate.

The report shall also provide a summary that shows how the metrology laboratory is funded.

Sec. 7. RCW 19.94.190 and 1992 c 237 s 9 are each amended to read as follows:

(1) The director and duly appointed city sealers shall enforce the provisions of this chapter. The director shall adopt rules for enforcing and carrying out the purposes of this chapter including but not limited to the following:

(a) Establishing state standards of weight, measure, or count, and reasonable standards of fill for any commodity in package form;

(b) The establishment of technical and reporting procedures to be followed, any necessary report and record forms, and marks of rejection to be used by the director and city sealers in the discharge of their official duties as required by this chapter;

(c) The establishment of technical test procedures, reporting procedures, and any necessary record and reporting forms to be used by service agents when installing, repairing, inspecting, or standardizing the graduations of any weighing or measuring instruments or devices;

(d) The establishment of fee payment and reporting procedures and any necessary report and record forms to be used by city sealers when remitting the percentage of total fees collected as required under this chapter;

(e)) The establishment of exemptions from the sealing or marking inspection and testing requirements of RCW 19.94.250 with respect to weighing or measuring instruments or devices of such character or size that such sealing or marking would be inappropriate, impracticable, or damaging to the apparatus in question;

((((e))) (e) The establishment of exemptions from the inspection and testing requirements of RCW 19.94.165 with respect to classes of weighing or measuring instruments or devices found to be of such character that periodic inspection and testing is unnecessary to ensure continued accuracy; and

(((e))) (f) The establishment of inspection and approval techniques, if any, to be used with respect to classes of weighing or measuring instruments or devices that are designed specifically to be used commercially only once and then discarded, or are uniformly mass-produced by means of a mold or die and are not individually adjustable.

(2) These rules shall also include specifications and tolerances for the acceptable range of accuracy required of weighing or measuring instruments or devices and shall be designed to eliminate
from use, without prejudice to weighing or measuring instruments or devices that conform as closely as
practicable to official specifications and tolerances, those (a) that are of such construction that they are
faulty, that is, that are not reasonably permanent in their adjustment or will not repeat their indications
correctly, or (b) that facilitate the perpetration of fraud.

Sec. 8. RCW 19.94.216 and 1992 c 237 s 12 are each amended to read as follows:
The department shall:
(1) Biennially inspect and test the secondary weights and measures standards of any city for
which the appointment of a city sealer is provided by this chapter and shall issue an official seal of
approval for same when found to be correct. The department shall((, by rule, establish a reasonable
fee)) charge an hourly fee of sixty dollars per hour for ((such)) this and any other inspection and
testing services performed ((by)) at the department's metrology laboratory. Inspection and testing
services performed at other than the metrology laboratory will be charged an hourly rate of sixty
dollars per hour plus the current mileage and per diem rates established by the office of financial
management.
(2) Inspect, test, and, if found to be correct, issue an official seal of approval for
any weighing or measuring instrument or device used in an agency or institution to which moneys are
appropriated by the legislature or of the federal government and shall report any findings in writing to
the executive officer of the agency or institution concerned. The department shall collect a reasonable
fee, to be set by rule, for testing any such weighing or measuring instrument or device.
(3) Inspect, test, and, if found to be correct, issue a seal of approval for classes of weighing or
measuring instruments or devices found to be few in number, highly complex, and of such character
that differential inspection and testing frequency is necessary including, but not limited to, railroad
track scales and grain elevator scales. The department shall develop rules regarding the inspection and
testing procedures to be used for such weighing or measuring instruments or devices which shall
include requirements for the provision, maintenance, and transport of any weight or measure standard
necessary for inspection and testing at no expense to the state. ((The department may collect a
reasonable fee, to be set by rule, for inspecting and testing any such weighing and measuring
instruments or devices. This fee shall not be unduly burdensome and shall cover, to the extent
possible, the direct costs of performing such service.)

Sec. 9. RCW 19.94.255 and 1992 c 237 s 17 are each amended to read as follows:
(1) Weighing or measuring instruments or devices that have been rejected under the authority
of the director or a city sealer shall remain subject to the control of the rejecting authority until such
time as suitable repair or disposition thereof has been made as required by this section.
(2) The owner of any weighing or measuring instrument or device that has been marked or
tagged as rejected by the director or a city sealer shall cause the same to be made correct within thirty
days or such longer period as may be authorized by the rejecting authority. In lieu of correction, the
owner of such weighing and measuring instrument or device may dispose of the same, but only in the
manner specifically authorized by the rejecting authority.
(3) Weighing and measuring instruments or devices that have been rejected shall not again be
used commercially until they have been ((officially)) reexamined and((, if)) found to be correct((, had
an official seal of approval placed upon or issued for such weighing or measuring instrument or device
by the rejecting authority)) by the department, city sealer, or a service agent registered with the
department.
(4) If a weighing or measuring instrument or device marked or tagged as rejected is found to be
correct by a service agent registered with the department, the agent shall provide a signed certification
to the owner or operator of the instrument or device so indicating and shall report to the rejecting
authority as provided by rule under RCW 19.94.190(1)(c).

NEW SECTION. Sec. 10. A new section is added to chapter 19.94 RCW to read as follows:
(1) Except as authorized by the department, a service agent who intends to provide the
examination that permits a weighing or measuring instrument or device to be placed back into
commercial service under RCW 19.94.255(3) shall receive an official registration certificate from the
director prior to performing such a service. This registration requirement does not apply to the
department or a city sealer.

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a person who either elects or is required under RCW (84.64.030 or 84.64.050) to defer payment of the special assessments and/or real property taxes accrued on the claimant’s residence by filing a declaration to defer as provided by this chapter.

When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

(2) "Department" means the state department of revenue.

(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year.

(5) "Residence" has the meaning given in RCW 84.36.383, except that a residence includes any additional property up to a total of five acres that comprises the residential parcel if this larger parcel size is required under land use regulations.

(6) "Special assessment" means the charge or obligation imposed by a city, town, county, or other municipal corporation upon property specially benefitted by a local improvement, including
assessments under chapters 35.44, 36.88, 36.94, 53.08, 54.16, 56.20, 57.16, 86.09, and 87.03 RCW and any other relevant chapter.

A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

1. The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.

2. The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.

3. The claimant must have a combined disposable income, as defined in RCW 84.36.383, of thirty-four thousand dollars or less.

4. The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

5. The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred shall not exceed one hundred percent of the claimant's equity value in the land or lot only.

6. In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1995

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1810 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The department of ecology shall establish a policy advisory committee to provide advice to the legislature and the department on administrative and legislative actions to more effectively implement the model toxics control act, chapter 70.105D RCW. The committee shall consist of the following members:

(a) Four legislative members selected as provided in subsection (2) of this section;
(b) Four representatives of citizen and environmental organizations;
(c) Four representatives of business, including two representatives of small business and two representatives of large business;
(d) One representative of counties;
(e) One representative of cities;
(f) One representative of ports;
(g) One member of the scientific advisory board created under RCW 70.105D.030(4);
(h) One representative of an environmental consulting firm engaged in the remediation of contaminated sites;
(i) Not more than three additional members selected by the department from recommendations provided by the committee; and
(j) The directors of the departments of ecology and health or their designees.

(2) The president of the senate and the speaker of the house of representatives may each appoint one member from each major caucus in the senate and the house of representatives, respectively, to serve as members of the committee.

(3) In making appointments under subsection (1) (b), (c), (d), (e), (f), (g), and (h) of this section, the department shall select from the lists of recommendations submitted by recognized regional or state-wide organizations representing the interests of that category.

(4) The initial meeting of the committee shall be scheduled no later than August 1, 1995. At the initial meeting the members shall select a presiding officer and adopt procedures for carrying out their duties under sections 2 and 3 of this act. In conducting its review the committee shall, wherever possible, operate on a consensus basis and, when consensus is not possible to achieve, the committee
should encourage the development of recommendations that are broadly supported within the committee. Where consensus is not achieved, other views within the committee shall be included in any reports required by sections 2 and 3 this act.

(5) The committee may divide itself into subcommittees. The committee should seek input from people who are interested in its work and who will, in the committee’s view, bring experience or technical or interdisciplinary insight to a thoughtful consideration of the issues before the committee.

(6) The department shall provide staffing and other assistance to the committee, including facilitators from within or outside of state government if requested. Such assistance shall include information in response to reasonable requests from the committee, provided that the information is not protected by attorney-client privilege.

(7) Legislative members of the committee shall be reimbursed for travel expenses as provided in RCW 44.04.120. If other members would not be able to participate in the committee's activities because of travel expenses or other financial limitations on the ability to participate fully, the department shall certify the members as entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(8) At the initial meeting attended by a committee member, the member shall identify the nature of his or her interest in the outcome of matters before the committee. This information shall include the type of organization to which the member belongs and the general nature of the membership and/or business interest of that organization. Thereafter, a committee member shall disclose any potential conflicts of interest or bias that subsequently arise or of which the committee member subsequently becomes aware. A member shall refrain from participating in any matter that the member for any reason cannot act fairly, objectively, and in the public interest with regard to that matter.

NEW SECTION. Sec. 2. (1) The policy advisory committee shall review, provide advice, and develop recommendations on the following subjects, at a minimum:
(a) Clean-up standards and clean-up levels, including the use of site-specific risk assessment;
(b) Policies, rules, and procedures, including the use of cost, current and future land use, and other criteria in the selection of clean-up remedies;
(c) How the department carries out the clean-up program in practice, including training, and accountability for clean-up decisions and their implementation;
(d) Improving the clean-up process to provide additional incentives to potentially liable parties to fully and expeditiously fund cleanups;
(e) The need for adoption of and recommended levels for ecologically based clean-up standards; and
(f) A review of the effectiveness of independent cleanups.

(2) The committee shall begin meeting no later than August 1, 1995, to review the model toxics control act and its implementation to date. The committee is encouraged to submit recommendations on policies of state-wide or regional significance to the department at any point during its review. The committee shall submit a preliminary report not later than December 15, 1995, to the appropriate legislative committees, that identifies priority questions and issues that the committee intends to address. The preliminary report shall identify the schedule and approach planned for analyzing these priority issues. The committee shall develop a procedure to allow other interested parties to propose additional questions and issues for review. Any questions and issues the committee chooses to address shall be of regional or state-wide significance. It is not the intent that this committee become engaged in site-specific clean-up decisions at pilot projects or any other sites.

(3) The committee shall submit a final report to the department and the appropriate legislative committees not later than December 15, 1996, on the priority issues it has identified for review. In addition to action recommendations, the final report may identify issues and priorities for further study, including a recommendation as to whether the committee should continue in existence.

(4) The department shall assist the committee’s review under this section by preparing case studies of a variety of site cleanups involving differing contaminants, quantities of contaminants, media affected, populations exposed, present and future land and resource uses, and other factors. The committee shall seek input from the affected community, potentially liable persons involved in the cleanup and other participants in the clean-up process at the site and include this input in the information included on the case study. The case studies, along with the other information gathered in
the review, shall be used by the committee to provide advice and develop recommendations on the questions and issues addressed by the committee.

NEW SECTION. Sec. 3. (1) Not later than October 1, 1995, the policy advisory committee shall select two pilot projects from a list of proposed pilot project sites provided by the department. The purpose of the pilot projects is to evaluate alternative methods for accomplishing faster, less-expensive, and an equally protective degree of cleanup at complex sites, within the framework provided by the model toxics control act and the rules adopted under the model toxics control act. Pilot projects shall comply with the model toxics control act and the rules adopted under the model toxics control act. Public participation in the clean-up process for these sites shall be as provided in such rules. In order to be eligible for a pilot project, a site shall be conducting remedial actions under an order, agreed order, or consent decree under the model toxics control act and there shall not be significant opposition from the public potentially affected by the site. In addition, the following criteria shall be used by the department and the committee when recommending and selecting a site as a pilot project site:

(a) The presence of multiple parties at the site and the willingness of these persons to participate in a pilot project;

(b) The source of contamination at the site. Sites contaminated as a result of current or past industrial activities shall be given a preference over other sites;

(c) The stage of cleanup at the site. Sites that are in the process of preparing or for which there is recently completed a remedial investigation/feasibility study shall be given preference over other sites; and

(d) The degree of community support for selecting a site as a pilot project site. To determine the degree of community support, the department shall first consult with interested community and environmental groups. Thereafter, before proposing a site as a pilot project the department shall issue a public notice identifying the site and seeking public comment on the potential for the site to be a pilot project site.

(2) In the pilot projects the department shall include with the remedial investigation/feasibility study required under the model toxics control act any additional or alternative risk assessments or other analyses that potentially liable persons may wish to prepare at their expense for the purpose of exploration of improved methods to accomplish cleanup under the model toxics control act. The department shall provide technical assistance to identify an appropriate scope for such supplemental analyses, so that the analyses may prove useful in considering improvements to existing practices, policies, rules, and procedures. The department may establish a reasonable schedule for the preparation of any supplemental analyses. The preparation and evaluation of any supplemental analyses shall not result in a delay in remedial actions at the pilot sites. The analyses shall be included in the remedial investigation/feasibility study regardless of whether the department fully concurred in their scope. The department may simultaneously prepare or commission its own supplemental analyses at its own expense, as distinct from department-conducted or department-commissioned or contracted technical review of supplemental analyses prepared by potentially liable persons, which shall remain subject to cost recovery under the model toxics control act.

(3) In consultation with the potentially liable persons and affected public for each site, the department’s site managers shall to the fullest extent possible use the administrative principles set forth, for both the clean-up process and for clean-up standards, as well as other flexible tools available in the rules adopted under the model toxics control act.

(4) In order to avoid misunderstanding and promote constructive dialogue, the public participation plan for each site shall be designed or revised to educate and involve the public on the nature of the pilot project, the specific issues being explored at the site, and the purpose and scope of any alternative or supplemental analyses.

(5) The department shall prepare a report on each pilot project highlighting any policy issues raised as a result of the pilot project and providing a copy of the remedial investigation/feasibility study and any supplemental analyses and public comments received for each pilot project to the policy advisory committee. The report shall be submitted to the committee within ninety days after the comment period ends on the remedial investigation/feasibility study for that site. The department shall also keep the committee informed about decisions made regarding the pilot project sites and progress made in implementation of cleanup at these sites. The intent is for the committee to use the information acquired from the pilot projects to supplement other information used in developing policy
recommendations under section 2 of this act. The department shall submit a status report to the policy advisory committee no later than March 31, 1996, including an estimated schedule for reporting on each pilot project.

(6) Nothing in this act shall be construed to prevent or limit the department from fully employing all procedures and standards available under the model toxics control act or the rules adopted to implement the model toxics control act with respect to any site, whether or not it is being considered as a possible pilot project under this section.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1995, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 5. This act shall expire January 15, 1997."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same are herewith transmitted.

(1) Any person or entity may petition for the appointment of a qualified person, trust company, national bank, or nonprofit corporation authorized in RCW 11.88.020 as now or hereafter amended as the guardian or limited guardian of an incapacitated person. No liability for filing a petition for guardianship or limited guardianship shall attach to a petitioner acting in good faith and upon reasonable basis. A petition for guardianship or limited guardianship shall state:

(a) The name, age, residence, and post office address of the alleged incapacitated person;
(b) The nature of the alleged incapacity in accordance with RCW 11.88.010;
(c) The approximate value and description of property, including any compensation, pension, insurance, or allowance, to which the alleged incapacitated person may be entitled;

(2)(a) The attorney general may petition for the appointment of a guardian or limited guardian in any case in which there is cause to believe that a guardianship is necessary and no private party is able and willing to petition.
(b) Prepayment of a filing fee shall not be required in any guardianship or limited guardianship brought by the attorney general. Payment of the filing fee shall be ordered from the estate of the incapacitated person at the hearing on the merits of the petition, unless in the judgment of the court, such payment would impose a hardship upon the incapacitated person, in which case the filing shall be waived."
No filing fee shall be charged by the court for filing either a petition for guardianship or a petition for limited guardianship if the petition alleges that the alleged incapacitated person has total assets of a value of less than three thousand dollars.

Notice that a guardianship proceeding has been commenced shall be personally served upon the alleged incapacitated person and the guardian ad litem along with a copy of the petition for appointment of a guardian. Such notice shall be served not more than five court days after the petition has been filed.

(5) All petitions filed under the provisions of this section shall be heard within sixty days unless an extension of time is requested by a party within such sixty day period and granted for good cause shown. If an extension is granted, the court shall set a new hearing date.

Sec. 2. RCW 11.88.040 and 1991 c 289 s 3 are each amended to read as follows:

Before appointing a guardian or a limited guardian, notice of a hearing, to be held not less than ten days after service thereof, shall be served personally upon the alleged incapacitated person, if over fourteen years of age, and served upon the guardian ad litem.

Before appointing a guardian or a limited guardian, notice of a hearing, to be held not less than ten days after service thereof, shall be given by registered or certified mail to the last known address requesting a return receipt signed by the addressee or an agent appointed by the addressee, or by personal service in the manner provided for services of summons, to the following:

1. The alleged incapacitated person, or minor, if under fourteen years of age;
2. A parent, if the alleged incapacitated person is a minor, all known children not residing with a notified person, and the spouse of the alleged incapacitated person if any;
Any other person who has been appointed as guardian or limited guardian, or the person with whom the alleged incapacitated person resides. No notice need be given to those persons named in subsections (2) and (3) of this section if they have signed the petition for the appointment of the guardian or limited guardian or have waived notice of the hearing.

If the petition is by a parent asking for appointment as guardian or limited guardian of a minor child under the age of fourteen years, or if the petition is accompanied by the written consent of a minor of the age of fourteen years or upward, who consents to the appointment of the guardian or limited guardian asked for, or if the petition is by a nonresident guardian of any minor or incapacitated person, then the court may appoint the guardian without notice of the hearing. The court for good cause may reduce the number of days of notice, but in every case, at least three days notice shall be given.

The alleged incapacitated person shall be present in court at the final hearing on the petition: PROVIDED, That this requirement may be waived at the discretion of the court for good cause other than mere inconvenience shown in the report to be provided by the guardian ad litem pursuant to RCW 11.88.090 as now or hereafter amended, or if no guardian ad litem is required to be appointed pursuant to RCW 11.88.090, as now or hereafter amended, at the discretion of the court for good cause shown by a party. Alternatively, the court may remove itself to the place of residence of the alleged incapacitated person and conduct the final hearing in the presence of the alleged incapacitated person. Final hearings on the petition may be held in closed court without admittance of any person other than those necessary to the action or proceeding.

If presence of the alleged incapacitated person is waived and the court does not remove itself to the place of residence of such person, the guardian ad litem shall appear in person at the final hearing on the petition.

Sec. 3. RCW 11.88.045 and 1991 c 289 s 4 are each amended to read as follows:

(1)(a) Alleged incapacitated individuals shall have the right to be represented by counsel at any stage in guardianship proceedings. The court shall provide counsel to represent any alleged incapacitated person at public expense when either: (i) The individual is unable to afford counsel, or (ii) the expense of counsel would result in substantial hardship to the individual, or (iii) the individual does not have practical access to funds with which to pay counsel. If the individual can afford counsel but lacks practical access to funds, the court shall provide counsel and may impose a reimbursement requirement as part of a final order. When, in the opinion of the court, the rights and interests of an alleged or adjudicated incapacitated person cannot otherwise be adequately protected and represented, the court on its own motion shall appoint an attorney at any time to represent such person. Counsel shall be provided as soon as practicable after a petition is filed and long enough before any final hearing to allow adequate time for consultation and preparation. Absent a convincing showing in the record to the contrary, a period of less than three weeks shall be presumed by a reviewing court to be inadequate time for consultation and preparation.

(b) Counsel for an alleged incapacitated individual shall act as an advocate for the client and shall not substitute counsel’s own judgment for that of the client on the subject of what may be in the client’s best interests. Counsel’s role shall be distinct from that of the guardian ad litem, who is expected to promote the best interest of the alleged incapacitated individual, rather than the alleged incapacitated individual’s expressed preferences.

(c) If an alleged incapacitated person is represented by counsel and does not communicate with counsel, counsel may ask the court for leave to withdraw for that reason. If satisfied, after affording the alleged incapacitated person an opportunity for a hearing, that the request is justified, the court may grant the request and allow the case to proceed with the alleged incapacitated person unrepresented.

(2) During the pendency of any guardianship, any attorney purporting to represent a person alleged or adjudicated to be incapacitated shall petition to be appointed to represent the incapacitated or alleged incapacitated person. Fees for representation described in this section shall be subject to approval by the court pursuant to the provisions of RCW 11.92.180.

(3) The alleged incapacitated person is further entitled upon request to a jury trial on the issues of his or her alleged incapacity. The standard of proof to be applied in a contested case, whether before a jury or the court, shall be that of clear, cogent, and convincing evidence.

(4) In all proceedings for appointment of a guardian or limited guardian, the court must be presented with a written report from a physician licensed to practice under chapter 18.71 or 18.57 RCW or licensed or certified psychologist selected by the guardian ad litem. The physician or
psychologist shall have personally examined and interviewed the alleged incapacitated person within thirty days of preparation of the report to the court and shall have expertise in the type of disorder or incapacity the alleged incapacitated person is believed to have. The report shall contain the following information and shall be set forth in substantially the following format:

(a) The name and address of the examining physician or psychologist;
(b) The education and experience of the physician or psychologist pertinent to the case;
(c) The dates of examinations of the alleged incapacitated person;
(d) A summary of the relevant medical, functional, neurological, psychological, or psychiatric history of the alleged incapacitated person as known to the examining physician or psychologist;
(e) The findings of the examining physician or psychologist as to the condition of the alleged incapacitated person;
(f) Current medications;
(g) The effect of current medications on the alleged incapacitated person's ability to understand or participate in guardianship proceedings;
(h) Opinions on the specific assistance the alleged incapacitated person needs;
(i) Identification of persons with whom the physician or psychologist has met or spoken regarding the alleged incapacitated person.

The court shall not enter an order appointing a guardian or limited guardian until a medical or psychological report meeting the above requirements is filed. The requirement of filing a medical report is waived if the basis of the guardianship is minority.

Sec. 4. RCW 11.88.090 and 1991 c 289 s 5 are each amended to read as follows:

(1) Nothing contained in RCW 11.88.080 through 11.88.120, 11.92.010 through 11.92.040, 11.92.060 through 11.92.120, 11.92.170, and 11.92.180, as now or hereafter amended, shall affect or impair the power of any court to appoint a guardian ad litem to defend the interests of any incapacitated person interested in any suit or matter pending therein, or to commence and prosecute any suit in his behalf.

(2) Upon receipt of a petition for appointment of guardian or limited guardian, except as provided herein, the court shall appoint a guardian ad litem to represent the best interests of the alleged incapacitated person, who shall be a person found or known by the court to

(a) be free of influence from anyone interested in the result of the proceeding;
(b) have the requisite knowledge, training, or expertise to perform the duties required by this section.
