“(16)(a) To develop and implement a three-year pilot program to provide group health insurance coverage that is attractive and affordable for employers seeking to offer health insurance benefits for employees and their dependents, and that addresses the employers’ administrative needs,
The goal of the pilot program is to encourage employers in Washington state to provide employee health benefits, with particular focus on small businesses and employers that are uninsured. By October 1, 1998, the health care authority shall make available group insurance coverage for purchase by employers, with ten or fewer employees, who apply and are selected to participate in the pilot program. Coverage provided under the pilot program shall replace group coverage currently offered for employers, including home care agencies, through the basic health plan. The health care authority may contract with managed health care systems or other health insurance carriers to provide group coverage under this program. The health care authority may establish enrollment limits for the employer group pilot program, based on available funding, and may adopt rules to implement the pilot program consistent with this subsection. Participation of employers and home care agencies in the pilot program is subject to reasonable guidelines and eligibility rules established by the health care authority.

(b) To establish a technical advisory committee to advise the health care authority on the development of the employer group pilot program under this subsection, including administrative policies and procedures, eligibility criteria, structure of premium subsidies, and benefit design. The technical advisory committee shall include, but is not limited to, representatives of small businesses both those that have not participated in basic health plan coverage as well as those that have; home care agencies; employees; licensed insurance agents and brokers with expertise in employee health benefit programs; and managed health care plans. The technical advisory committee shall review current barriers to providing employer group coverage through the basic health plan, including issues regarding the administration of state premium funding for low-income group enrollees. The committee shall study alternative strategies for encouraging employers to offer employee health insurance coverage, including but not limited to: Incentives such as reduced premiums and tax credits for employers providing coverage; alternative eligibility criteria and benefit designs for the employer group product; strategies and requirements for marketing to employer groups; and policies on commissions for licensed agents and brokers for sale of the employer group coverage. The committee shall consider ways to prevent undue competition with private insurance carriers; prevent impacts on access to health care coverage; and ensure compliance with applicable state and federal laws and regulations. The health care authority may contract with consultants with expertise in group products to assist the technical advisory committee in developing and evaluating alternatives.

(c) To submit to the legislature by December 1, 1997, a report that summarizes the work of the technical advisory committee and provides a plan for implementing the employer group pilot program. The report must include recommended statutory changes, if any, and must outline the proposed design of the employer group coverage and other administrative policies for implementation of the pilot program.

(d) To monitor and evaluate the effectiveness of the employer group pilot program established under this subsection. By December 1, 2000, the health care authority shall submit a report to the legislature on the preliminary results of the pilot program. The report must include recommendations on whether to continue the program beyond the three-year pilot period."

"NEW SECTION. Sec. 213. A new section is added to chapter 48.01 RCW to read as follows:

(1) The commissioner may disapprove a health care service contractor or health maintenance organization's health benefit plan if the benefits provided in the plan are unreasonable in relation to the amount charged for the contract. A rate is reasonable in relation to benefits if it is based on the following elements and is at or above the minimum loss ratio in subsection (2) of this section:

(a) An actuarially sound estimate of all future claims costs associated with the filing for the rate renewal period. Claims costs and capitation expenses used in the actuarial estimate should recognize, as applicable, the savings and costs associated with managed care provisions of the contracts included in the filing;

(b) An actuarially sound estimate of all prudently incurred claims settlement, operational, and administrative expenses that are allocated to the filing on the basis of a reasonable and consistent method;

(c) A reasonable, expected cost of capital or contribution to surplus to the extent not offset by investment income and other income, and considering the level of unassigned surplus available to the carrier.

When a carrier files rates with the commissioner, it must demonstrate that it has accounted for and allocated each of these costs in a well-supported and verifiable manner so that the commissioner can determine whether the proposed rates satisfy the requirements of RCW 48.44.020 and 48.46.060.

(2) For purposes of this section, equity, net worth, or unassigned surplus shall be computed according to statutory accounting principles that must be reconciled to the books and records of the company. In the absence of a means to allocate equity or unassigned surplus to specific products or groups of products, the equity calculation and the related cost of capital calculation or required contribution to surplus shall be made on a total company basis. The rate derived shall be assigned to the contract filing at issue.

(a) The anticipated loss ratio for each contract included in a filing shall be at or above the following:

Individual contracts 75%
Small employer contracts 75%
Merit pool 85%
Negotiated contracts 85%

(b) Negotiated contracts for which the anticipated loss ratio is as great as shown in (a) of this subsection shall be deemed reasonable in relation to the amount charged, except in the case of extraordinary circumstances.

(c) The loss ratio shall be calculated on the basis of the projected incurred claims divided by the anticipated total earned premium for the contract or grouping of contracts in the filing for the
projected renewal period; but in no case shall the loss ratio for any contract included in the filing be less than that shown in (a) of this subsection."

NEW SECTION. Sec 401. A new section is added to chapter 48.43 RCW to read as follows:

(1) No public or private health carrier subject to the jurisdiction of the state of Washington may propose, issue, sign, or renew an agreement of any kind, including an enrollee service agreement, that contains a clause or language whose effect, in any way, is to disclaim liability for the care delivered or not delivered to an enrollee because of a decision of the health carrier as to whether the care was a covered service, medically necessary, economically provided, medically appropriate, or similar consideration.

(2) No public or private health carrier subject to the jurisdiction of the state of Washington may propose, issue, sign, or renew an agreement of any kind, including an enrollee service agreement, that contains a clause or language whose effect, in any way, is to shift liability to the provider or the patient, or both, for the care delivered or not delivered in material part because of a payment or other related decision of the health carrier. A clause is a violation of this subsection if, by way of illustration and not limitation, it says that the decision to obtain care is between the provider and the patient, failing to acknowledge the role of payment in such decisions."

Representative Dyer moved the adoption of the following amendment (342) to the amendment by Representative Dyer: (313)

On page 49 of the amendment, after line 37, insert the following:

"NEW SECTION. Sec. 401. WICKLINE CLAUSE STUDY. (1) There is some question regarding who should be liable when a health carrier or other third party-payer refuses to pay for or provide health services recommended by a health care provider and the patient suffers injury as a result of not receiving the recommended care. This issue typically arises in managed care systems, which integrate the financing and delivery of health care services to covered persons through selected providers. Contracts between health carriers and providers may address potential liability issues regarding the relationships between the carriers and the providers. Some contracts shift potential liability for a health carrier’s decision not to pay for recommended health services to the provider or patient through what are commonly referred to as "Wickline clauses". These clauses generally state it is a medical decision between the provider and patient as to whether the patient receives services that the carrier refuses to cover; this ignores the fact that the decision not to provide coverage influences the decision of the patient whether to receive the recommended care. The legislature intends to review the policy questions raised by this issue, particularly to what extent the carrier should be able to avoid liability for its decisions by insulating itself through its contracts with providers.

(2) A joint task force on Wickline clauses shall review the practice of contractually assigning or avoiding potential liability for decisions by health carriers or other third-party payers not to pay for health care services recommended by a health care provider. The task force shall be comprised of two members of the house of representatives appointed by the speaker of the house, one from each major caucus, two members of the senate appointed by the
president of the senate, one from each major caucus, and eight persons appointed by the legislative members of the task force. The eight non-legislative persons on the task force shall consist of: 2 representatives of health care providers; 2 representatives of health care consumers; 2 representatives of health carriers; and 2 representatives of self-funded health plans. The legislative members shall organize and administer the task force. Staffing shall be provided by the office of program research and senate committee services.

(3) The task force shall report to the health care committees of the legislature by December 1, 1997. The report shall discuss the policy issues regarding Wickline clauses and the more general issue of potential liability for decisions of health carriers and others not to cover health care recommended by the provider. The report may contain recommendations for the legislature to consider.

Representative Conway moved the adoption of the following amendment (349) to the amendment by Representative Dyer: (313)

"NEW SECTION. Sec. 401. The legislature intends that health care insurers have open pharmacy networks. Insurers must offer contractual agreements to all pharmacies willing to meet applicable terms and conditions of the policy contract. Insurers may not impose upon a beneficiary a copay, deductible, coinsurance, or prescription quantity limit that is not imposed upon all beneficiaries in the plan. Pharmacy services are known to be a necessary component in the overall health care system. Therefore, the legislature intends to promote access to ensure the citizens of Washington state can easily obtain their pharmacy services.

NEW SECTION. Sec. 402. Every health plan delivered, issued for delivery, or renewed by a health carrier on and after January 1, 1998, that provides for payment of all or a portion of prescription costs, or reimbursement of prescription costs, must:

1. Not limit the purchase of prescription medicines to specific pharmacies;
2. Not discriminate between different providers of pharmacy services by requiring the payment of different copayments, coinsurance levels, deductibles, or prescription quantity limits by the covered pharmacy patient depending on the identity or nature of the provider of pharmacy services;
3. Not prohibit a qualified provider of pharmacy services from becoming a provider under the policy if the applicant pharmacy indicates a desire to be recognized as a provider and meets all the applicable terms and conditions of the policy contract; and
4. Offer a provider of pharmacy services the same terms and conditions.

NEW SECTION. Sec. 403. Section 402 of this act does not apply to:

1. A provider of pharmacy services if that provider cannot or will not meet all of the applicable terms and conditions of the policy contract; or
2. A health maintenance organization that provides pharmaceutical services through pharmacists it employs at pharmacies it owns. A health maintenance organization is exempt in geographic areas in which it owns the pharmacy or pharmacies, but is not exempt in other geographic areas in which the health maintenance organization does not provide pharmacy services through its own pharmacy and employees.

NEW SECTION. Sec. 404. (1) A health carrier, as defined in this chapter, who violates section 402 of this act or a rule adopted under that section may be subject to a penalty of not less than one thousand dollars nor more than fifty thousand dollars for each violation, payable to the health services account.
(2) A person may bring action against a carrier to recover damages suffered as the result of a violation of section 402 of this act or a rule adopted under that section. Proof of a violation constitutes prima facie evidence of damages.

**NEW SECTION. Sec. 405.** Sections 402 through 404 of this act are each added to chapter 48.43 RCW."

NULL AND VOID CLAUSE.** If specific funding for the purpose of subsidizing the enrollment of not less than two hundred thousand residents in the basic health plan, pursuant to chapter 70.47 RCW, is not provided by June 30, 1997, in the omnibus appropriations act, this act is null and void."

Representative Wood spoke in favor of the adoption of the amendment to the amendment.

**POINT OF ORDER**

Representative Dyer: Mr. Speaker, I request a ruling on Scope and Object on amendment 303 to the amendment.

**SPEAKER’S RULING**

Mr. Speaker: Representative Dyer, the Speaker is ready to rule on your Scope and Object request.

The subject portion of the title to Substitute House Bill No. 2018 is: "AN ACT Relating to health insurance reform;"

The Scope of the bill, as measured by the title of the act, is broad. The Act is a comprehensive reform of health related insurance code provisions found in title 48 RCW.

Amendment 303 by Representative Wood proposes to add a null and void clause to the bill unless the budget document provides monies for subsidizing enrollment in the basic health care plan under Chapter 70.47 RCW.

While both the bill and the amendment deal with health care, the bill addresses reform of insurance laws, and the amendment simply requires additional funding of a current law plan and does not propose any changes to insurance law.

The Speaker finds that Amendment 303 is not within in the Scope of Substitute House Bill No. 2018.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 401. (1) In P.L. 104-199; 110 Stat. 219, the Defense of Marriage Act, Congress granted authority to the individual states to either grant or deny recognition of same-sex marriages recognized as valid in another state. The Defense of Marriage Act defines marriage for purposes of federal law as a legal union between one man and one woman as husband and wife and provides that a state shall not be required to give effect to any public act or judicial proceeding of any other state respecting marriage between persons of the same sex if the state has determined that it will not recognize same-sex marriages.

(2) The legislature and the people of the state of Washington find that matters pertaining to marriage are matters reserved to the sovereign states and, therefore, such matters should be determined by the people within each individual state and not by the people or courts of a different state.

NEW SECTION. Sec. 402. (1) It is a compelling interest of the state of Washington to reaffirm its historical commitment to the institution of marriage as a union between a man and a woman as husband and wife and to protect that institution.

(2) The court in Singer v. Hara, 11 Wn. App. 247 (1974) held that the Washington state marriage statute does not allow marriage between persons of the same sex. It is the intent of the legislature by this act to codify the Singer opinion and to fully exercise the authority granted the individual states by Congress in P.L. 104-199; 110 Stat. 219, the Defense of Marriage Act, to establish public policy against same-sex marriage in statutory law that clearly and definitively declares same-sex marriages will not be recognized in Washington, even if they are made legal in other states.

Sec. 403. RCW 26.04.010 and 1973 1st ex.s. c 154 s 26 are each amended to read as follows:

(1) Marriage is a civil contract (which may be entered into by persons of) between a male and a female who have each attained the age of eighteen years, and who are otherwise capable(Provided, That).

(2) Every marriage entered into in which either (party shall not have) the husband or the wife has not attained the age of seventeen years (shall be) is void except where this section has been waived by a superior court judge of the county in which one of the parties resides on a showing of necessity.
Sec. 404. RCW 26.04.020 and 1927 c 189 s 1 are each amended to read as follows:

(1) Marriages in the following cases are prohibited:

((())) (a) When either party thereto has a wife or husband living at the time of such marriage; or

((2)) (b) When the parties thereto are nearer of kin to each other than second cousins, whether of the whole or half blood computing by the rules of the civil law; or

(c) When the parties are persons other than a male and a female.

((3)) (2) It is unlawful for any man to marry his father’s sister, mother’s sister, daughter, sister, son’s daughter, daughter’s daughter, brother’s daughter or sister’s daughter; it is unlawful for any woman to marry her father’s brother, mother’s brother, son, brother, son’s son, daughter’s son, brother’s son or sister’s son.

(3) A marriage between two persons that is recognized as valid in another jurisdiction is valid in this state only if the marriage is not prohibited or made unlawful under this section.

NEW SECTION. Sec. 405. A new section is added to chapter 9A.04 RCW to read as follows:

The legislature finds that political speech is one of the highest forms of protected speech under the state and federal constitutions and that persons who are engaged in public debate on a political issue whether before the legislature or on the ballot as an initiative or referendum deserve the highest protections of the law. The legislature further finds that it is egregious when individuals commit criminal acts against other persons for any reason and that it is especially egregious when individuals commit criminal acts against other persons who are engaged in public debate simply because they disagree with the political speech or stance of the victim. The legislature hereby declares that individuals who commit such criminal acts against the person or property of others must be expeditiously prosecuted and appropriately punished in order to maintain public safety, protect law-abiding persons, and ensure the guarantee of free speech for every citizen.

NEW SECTION. Sec. 406. In recognition of the fact that it has been the sole and continuous policy of both the territory and the state of Washington to limit the definition of legal marriage to a civil contract between a male and female and that Washington case law has long upheld the right of the state to limit the definition of legal marriage so as to not include same-sex marriages, this act is remedial in nature and takes effect retroactively as of January 1, 1997, as it applies to cases involving same-sex marriage.

NEW SECTION. Sec. 407. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 408. This act shall be submitted to the people for their adoption and ratification, or rejection, in accordance with Article II, section 1, of the state Constitution, and the laws adopted to facilitate the operation thereof, at a state-wide special election ordered by the legislature to be held in this state on the date specified for a state primary in RCW 29.13.070.”

COLLOQUY

Representative Regala: Will the gentleman from District 48th yield to a question?

Representative Chandler, as I understand it, Substitute House Bill No. 2051 is designed in part to change existing Department of Revenue policy. Is that correct?

Representative Chandler: Yes. The bill modifies a 1989 Department of Revenue policy that treated hazardous waste cleanup differently for tax purposes, depending on whether or not the activity took place on sites that were officially designated as cleanup sites. If the cleanup was undertaken voluntarily and independently, the Department policy results in higher taxes than in cases where an agency cleanup order was issued. This bill would equalize the tax treatment on such cleanups.

Representative Regala: Was this policy based on a law that made such a distinction?

Representative Chandler: No, the legislature had not explicitly addressed the question of how to tax this activity. In fact, in testimony presented to our committee, it was made quite clear that the distinction made in the policy was discriminatory.

Representative Regala: And this bill applies prospectively only?
Representative Chandler: Yes, Substitute House Bill No. 2051 is being enacted to make it clear that the law only addresses cleanup actions in the future. However, while the bill does not fix the problem retroactively, it is intended to do nothing to sanction the Department’s prior policy.

The Speaker (Representative Pennington presiding) stated the question before the House to be final passage of Substitute House Bill No. 2051.

NEW SECTION. Sec. 17. A new section is added to chapter 70.124 RCW to read as follows:
(1) An employee who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW, RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, negligent treatment, financial exploitation, or abandonment, as defined in RCW 74.34.020, by any person in a nursing home, state hospital, or adult family home, may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to expel a resident from a nursing home, state hospital, or adult family home, or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint, if the department substantiates the complaint.

(b) The presumption in (a) of this subsection is rebutted by credible evidence establishing the alleged retaliatory action was initiated before the complaint, or by a functional assessment conducted by the department that shows the resident’s physical or mental health needs cannot be met through reasonable accommodations by the facility.

(3) For the purposes of this section:
(a) "Whistleblower" means a resident or employee of a nursing home, state hospital, or adult family home, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse or neglect to the department or to a law enforcement agency; and

(b) "Workplace reprisal or retaliatory action" means, but is not limited to, an unwarranted or unsubstantiated: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; or denial of employment. It also includes a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, or adult family home from: (i) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (ii) for facilities with fewer than six residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases in which a whistleblower has been terminated or had hours of employment reduced because of the inability of a facility to meet payroll.

(4) This section does not prohibit a nursing home, state hospital, or adult family home from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, or adult family home from terminating, suspending, reducing the hours of employment, or disciplining a whistleblower for other lawful purposes.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

NEW SECTION. Sec. 18. A new section is added to chapter 74.34 RCW to read as follows: A person who is required to make or cause to be made a report under RCW 74.34.030 or 74.34.040 and who knowingly fails to make the report or fails to cause the report to be made is guilty of a gross misdemeanor.

NEW SECTION. Sec. 19. A new section is added to chapter 74.34 RCW to read as follows:

The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, exploitation, or abandonment by any person in a boarding home licensed or required to be licensed pursuant to chapter 18.20 RCW may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to expel a resident from a boarding home, or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint, if the department substantiates the complaint.

(b) The presumption in (a) of this subsection is rebutted by credible evidence establishing the alleged retaliatory action was initiated before the complaint, or by a functional assessment conducted by the department that shows the resident’s physical or mental health needs cannot be met through reasonable accommodations by the facility.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or employee of a boarding home, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse or neglect to the department or to a law enforcement agency; and

RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; or denial of employment. It also includes a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a boarding home from: (i) Terminating, suspending, reducing the hours of employment, or disciplining a whistleblower for other lawful purposes; or (ii) for facilities with fewer than six residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases in which a whistleblower has been terminated or had hours of employment reduced because of the inability of a facility to meet payroll.

(4) This section does not prohibit a boarding home from exercising its authority to terminate, suspend, or discipline any employee who engages in workplace reprisal or retaliatory action against a whistleblower.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter. The protections provided to whistleblowers under this chapter shall not prevent a boarding home from terminating, suspending, or disciplining a whistleblower for other lawful purposes.

(6) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

Representative Cooper moved the adoption of the following amendment by Representative Cooper: (240)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.21I.005 and 1991 c 200 s 401 are each amended to read as follows:
(1) The legislature declares that Washington’s waters have irreplaceable value for the citizens of the state. These waters are vital habitat for numerous and diverse marine life and wildlife and the source of recreation, aesthetic pleasure, and pride for Washington’s citizens. These waters are also vital for much of Washington’s economic vitality.

The legislature finds that the transportation of oil on these waters creates a great potential hazard to these important natural resources. The legislature also finds that there is no state agency responsible for maritime safety to ensure this state’s interest in preserving these resources.

The legislature therefore finds that in order to protect these waters it is necessary to establish an office of marine safety which will have the responsibility to promote the safety of marine transportation in Washington.

(2) The legislature finds that adequate funding is necessary for the state to continue its priority focus on the prevention of oil spills, as well as maintain a strong oil spill response, planning, and environmental restoration capability. The legislature further finds that long-term environmental health of the state’s waters depends upon the strength and vitality of its oil spill prevention and response program that fosters planning, coordination, and incident command. To that end, the merger of the office of marine safety with the department of ecology shall: Ensure coordination via streamlining the marine safety functions of two agencies into one; provide a focused prevention and response program under a single administration; generate efficient incident command response capability and continue to meet the challenges threatening marine safety and the environment; and increase accountability to the public, the executive branch, and the legislature.

(3) It is the intent of the legislature that the state’s oil spill prevention, response, planning, and environmental restoration activities be sufficiently funded to maintain a strong prevention and response program. It is further the intent of the legislature that the merger of the office of marine safety with the department of ecology be accomplished in an organizational manner that maintains a priority focus and position for the oil spill prevention and response program. The merger shall allow for ready identification of the program by the public and ensure no diminution in the state’s commitment to marine safety and environmental protection as follows:

(a) The director of the department of ecology shall consolidate all of the existing oil spill prevention, planning, and response programs and personnel into a division or equivalent unit of organization within the department. The division shall be managed by a single administrator who is an assistant director or person of equivalent status in the department’s organization. The administrator shall report directly to the director.

(b) The consolidated oil spill program unit within the department shall maintain prevention of oil spills as a specific program.

(c) The department shall identify and participate in resolving threats to safety of marine transportation and the impact of marine transportation on the environment.

Sec. 2. RCW 82.23B.020 and 1995 c 399 s 214 are each amended to read as follows:
(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of $(\text{one cent})$ per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately
after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of ((three)) four cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person’s own acts or the result of acts or conditions beyond the person’s control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department’s judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ((twenty-five)) ten million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ((fifteen)) nine million dollars.

((11) The office of marine safety, the department of revenue, and the department of community, trade, and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992.))

Sec. 3. RCW 90.56.510 and 1995 2nd sp.s. c 14 s 525 are each amended to read as follows:
The oil spill administration account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. On July 1 of each odd-numbered year, if receipts deposited in the account from the tax imposed by RCW 82.23B.020(2) for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account. If, on the first day of any calendar month, the balance of the oil spill response account is greater than $(25$ million dollars and the balance of the oil spill administration account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1997, the state treasurer may transfer up to $1,718,000 from the oil spill response account to the oil spill administration account to support appropriations made from the oil spill administration account in the omnibus and transportation appropriations acts adopted not later than June 30, 1997.

Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill administration account. Costs of administration include the costs of:

(b) Management and staff development activities;
(c) Development of rules and policies and the state-wide plan provided for in RCW 90.56.060;
(d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
(e) Interagency coordination and public outreach and education;
(f) Collection and administration of the tax provided for in chapter 82.23B RCW; and
(g) Appropriate travel, goods and services, contracts, and equipment.

All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the department of ecology to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 5. (1) An oil spill prevention and response advisory committee is created within the department of ecology. The committee shall consist of ten members as follows: Four legislators, one from each caucus; one member each to represent the marine oil transportation industry, the marine cargo transportation industry, the fishing industry, the shellfish industry, an environmental organization, and the department of ecology. "NEW SECTION. Sec. 16. LEGISLATIVE FINDINGS. The legislature finds and declares that:

(1) The Puget Sound region is experiencing rapid growth, which is already straining transportation capacity, and threatening the economic viability of the area. The Puget Sound region is the state’s largest urban area and most important economic region, and it is in the interest of the state to establish policies that facilitate preservation and enhancement of the economic viability of this region.

(2) The state has the primary responsibility for providing state highway capacity throughout the state, including the Puget Sound region. However, state, regional, and local policies do not envision construction of general purpose highway facilities to accommodate future growth in the Puget Sound region, but instead rely on a number of factors, especially attraction of single-occupant automobile
users to transit and ride-sharing alternatives. As a result, the state has a substantial and direct interest in the success of these policies to substitute alternative modes of transport, including public transit.

(3) Regional and local authorities have, in accordance with state and federal requirements, adopted a metropolitan transportation plan that forecasts a significant increase in transit ridership both within the constraints of existing resources and with expanded resources.

(4) The ridership trend of transit operators within the Puget Sound region falls short of the rate necessary to achieve the long-term transit ridership forecasts. Correction of this trend will require substantial increases in service, to be achieved, in part, within current resource constraints. However, these service increases are unlikely to occur without a performance program that provides transit operators with incentives to improve their cost-effectiveness.

(5) Transit agencies receive a substantial amount of state and local funding, including funds from the motor vehicle excise tax, which is declared to be a state tax, and local taxes authorized under state law. The state has an interest in ensuring that these funds are used cost-effectively. It is in the state’s interest to establish a transit performance program for the Puget Sound region.

NEW SECTION. Sec. 17. DEFINITIONS. The definitions set forth in this section apply throughout this chapter.

(1) "Basic resource targets" mean ridership and service level targets based upon the Puget Sound regional council metropolitan transportation plan "financially constrained" strategy 2020 forecast in effect as of January 1, 1996.

(2) "Bus" means a motor bus or trolley bus.

(3) "Expanded resource targets" mean the ridership and service level targets based upon the Puget Sound regional council metropolitan transportation plan "preferred" strategy forecast in effect as of January 1, 1996.

(4) "Inflation adjustment" means adjustment of financial data using the Consumer Price Index: Urban Wage Earners and Clerical Workers (CPI-W) for Seattle-Tacoma, Washington, as published by the United States department of labor.

(5) "Operating cost" means all operating costs reported through the federal transit administration national transit data base as defined on January 1, 1994, or its successor, including vehicle operations, vehicle maintenance, nonvehicle maintenance, and general and administrative costs.

(6) "Puget Sound region" means the area consisting of a county with a population greater than one million persons, any counties abutting it that have populations greater than four hundred thousand persons, and any counties abutting it that have populations greater than two hundred thousand persons and are served by the Washington state ferry system.

(7) "Puget Sound regional council" means the metropolitan planning organization for the county having the largest population in the Puget Sound region.

(8) "Unlinked passenger trip" has the meaning as defined under the United States department of transportation, federal transit administration national transit data base as of January 1, 1994.

(9) "Vehicle hour" has the meaning as defined under the United States department of transportation, federal transit administration national transit data base as of January 1, 1994.

NEW SECTION. Sec. 18. PUGET SOUND TRANSIT PERFORMANCE PROGRAM. A Puget Sound transit performance program is established and applies to the transit operations of all municipalities as defined in RCW 35.58.272 and the regional transit authority established under chapter 81.112 RCW in the Puget Sound region. The program consists of the following:

(1) Unit cost, ridership, and service level performance targets for the Puget Sound region and transit operators as provided by sections 19 through 26 of this act;

(2) Unit cost regulation as provided by sections 27 through 33 of this act;

(3) The Puget Sound transit expansion account established by section 34 of this act;

(4) Truth in planning reporting as provided by section 35 of this act; and

(5) Related reporting requirements.

NEW SECTION. Sec. 19. PERFORMANCE TARGETS. The initial performance targets for 2020 are:

(1) A unit cost target for each transit operator of $56.00 operating cost per vehicle hour in 1994 dollars, converted to 1999 dollars through inflation adjustment. This cost per hour target is an
estimate of the cost level required to achieve the 2020 basic resource ridership target under the assumptions of the metropolitan transportation plan "financially constrained" strategy;

(2) Basic resource targets for ridership and service level as defined in section 17 of this act;

(3) A ridership target of 185,000,000 unlinked passenger trips annually, exclusive of services funded by the regional transit authority.

NEW SECTION. Sec. 20. INTERIM RIDERSHIP TARGETS. The Puget Sound regional council, in cooperation with and with the unanimous consent of the transit operators, shall establish annual unlinked passenger trip forecasts, allocated by transit operator. The annual forecasts must be based upon achievement of the 2020 target of this chapter, and the total unlinked passenger trip targets allocated to the operators must balance to the total Puget Sound region unlinked passenger trip forecasts. The total Puget Sound region ridership target in each year must represent no less than eighty percent of the increase from the base year that would be required under the "straight line default" targets of section 21 of this act. The council shall forward notice of interim target adoption to the state auditor, who upon certifying consistency with the requirements of this chapter, shall use these targets in administering unit cost regulation and in "truth in planning" reporting.

NEW SECTION. Sec. 21. RIDERSHIP STRAIGHT LINE DEFAULT TARGETS. (1) Until such time as interim ridership targets are certified by the state auditor under section 20 of this act, the auditor shall use straight line default targets in administering unit cost regulation and "truth in planning" requirements. The unlinked passenger trip target will be increased each year by 1/23 of the difference between the base year 1997 unlinked trips and the 2020 target. The auditor shall allocate individual operator targets for each year based upon the percentage of base year Puget Sound region unlinked trips carried by the operator.

(2) Straight line default targets apply to any year for which the cooperative process in section 20 of this act did not result in certification of the interim target before the commencement of that year.

NEW SECTION. Sec. 22. SERVICE LEVEL TARGETS. (1) The Puget Sound regional council shall establish a basic resource service level target of 8,360,000 bus vehicle hours annually for 2020.

(2) The Puget Sound regional council, in cooperation with and with the unanimous consent of the transit operators, shall establish annual vehicle hour targets, allocated by transit operator. The annual targets must be based upon achievement of the 2020 target in this chapter, and the total annual vehicle hour targets allocated to the operators must balance to the total Puget Sound region annual vehicle hour targets. The total Puget Sound region ridership target in each year must represent no less than eighty percent of the increase from the base year that would be required under the "straight line default" scenario of section 23 of this act. The council shall forward notice of interim target adoption to the state auditor, who upon certifying consistency with the requirements of this chapter, shall use these targets in administering unit cost regulation and in "truth in planning" reporting.

NEW SECTION. Sec. 23. UNIT STRAIGHT LINE DEFAULT TARGETS. Until such time as interim service level targets are certified by the state auditor under section 22 of this act, the state auditor shall use straight line default targets in administering unit cost regulation and "truth in planning" requirements. The vehicle hours target will be increased each year by 1/23 of the difference between base year 1997 vehicle hours and the 2020 target. The auditor shall allocate individual operator targets for each year based upon the percentage of base year Puget Sound region vehicle hours provided by the operator.

NEW SECTION. Sec. 24. The state auditor shall revise future annual service level targets for an operator to reflect any revision in future cost per vehicle hour targets under section 30 of this act. The new vehicle hour target in any year must be equal to the existing vehicle hour target for the year multiplied by the preexisting cost per vehicle hour target divided by the revised cost per vehicle hour targets for the corresponding year. The auditor shall revise total Puget Sound region service level targets to reflect the revised transit operator service level targets.

NEW SECTION. Sec. 25. The Puget Sound regional council shall establish interim expanded resource targets as defined in section 17 of this act for the year 2020. The ridership target for the year
2020 is 295 million unlinked passenger trips annually. Following the general procedures in sections 20 and 21 of this act, interim annual targets must be established, submitted, and certified.

NEW SECTION, Sec. 26. In establishing the 2020 expanded service level target, the Puget Sound regional council shall provide the 2020 incremental service level forecast using the metropolitan transportation plan "preferred strategy" service level minus the "financially constrained strategy" service level. Rail service must be converted to bus equivalents using the federal transit administration formula used in its latest biennial "needs" report to the United States Congress, or its successor. The target is the incremental service level plus the basic service level, stated in bus vehicle hours, including bus vehicle hour equivalents of rail service. Following the general procedures in sections 22 through 24 of this act, interim annual targets must be established, submitted, and certified.

NEW SECTION, Sec. 27. UNIT COST REGULATION. (1) Each transit operator in the Puget Sound region is subject to unit cost regulation or CPI-X factor, as set forth in section 28 of this act.

(2) The state auditor shall administer unit cost regulation and apply it to bus operating costs per vehicle hour of fixed route service open to the general public. The auditor shall perform all calculations and certifications required under this chapter in compliance with the provisions of this chapter.

NEW SECTION, Sec. 28. CALCULATION OF INITIAL CPI-X FACTOR. (1) The auditor shall calculate an initial CPI-X factor for each operator. The CPI-X factor is the annual percentage decline in inflation adjusted cost per vehicle hour necessary to reach the initial 2020 operating cost per vehicle hour target in 2020 established in section 19(1) of this act.

(2) The auditor shall calculate a schedule of annual cost per vehicle hour targets for each year from the base year to 2020, with each year’s target reduced by the operator’s CPI-X factor. The first year’s target is the base year actual cost per vehicle hour reduced by the CPI-X factor. The targets must be expressed in inflation-adjusted 1999 dollars.

(3) The operating cost per vehicle hour target for each transit operator will continue to decline by the CPI-X factor determined in this section until the initial 2020 cost per vehicle hour target established in section 19(1) of this act is met. Thereafter the cost per vehicle hour target equals the initial 2020 cost per vehicle hour target.

(4) The auditor shall assess these targets and provide a report to the legislature not later than December 1, 2006.

NEW SECTION, Sec. 29. COMPLIANCE. (1) In any year, an operator is in compliance if its bus operating cost per vehicle hour is equal to or less than its operating cost per vehicle hour target and its unlinked passenger trips are equal to or greater than its basic resource unlinked passenger trips target.

(2) Each transit operator in compliance is not subject to the reductions in motor vehicle excise tax provided for in section 32 of this act.

NEW SECTION, Sec. 30. REVISION OF A TRANSIT OPERATOR’S CPI-X FACTOR. (1) If an operator is in compliance with both its operating cost per vehicle hour target and its unlinked passenger trips target, the state auditor shall reduce the operator’s CPI-X standard for future years by ten percent of the operator’s initial CPI-X factor.

(2) The auditor may not reduce an operator’s CPI-X regulation factor by more than fifty percent from the operator’s initial CPI-X factor.

(3) If an operator is not in compliance with both its operating cost per vehicle hour target and its unlinked passenger trips target, the auditor shall increase the operator’s CPI-X factor for future years by ten percent of the operator’s initial CPI-X factor, not to exceed the initial CPI-X factor.

(4) The auditor shall credit toward reducing the operating cost per vehicle hour, the amount of fares received for any commuter service that receives in fares, at least forty percent of the costs of operating that service.

(5) The auditor shall recalculate future operating cost per vehicle hour targets based upon any revision in an operator’s CPI-X factor following the approach of section 28(2) of this act.
NEW SECTION. Sec. 31. No arbitrator, administrative law judge, or any other officer or authority may impose a labor contract award that causes a transit operator to be out of compliance with its operating cost per vehicle hour target at any point during the period of the award. An operator aggrieved by an arbitration decision in violation of this section may appeal the decision to a court of competent jurisdiction.

NEW SECTION. Sec. 32. With respect to a year in which a transit operator fails to achieve its operating cost per vehicle hour target:
(1) The state auditor shall reduce the operator’s maximum level of motor vehicle excise tax to be distributed to that municipality by the product of the total vehicle hours operated in the subject year multiplied by the extent to which the operating cost per vehicle hour target is missed. This reduction takes effect in the first full fiscal year after the due date of the transit operator’s annual report applying to the year in which the target is missed. The state auditor shall annually determine the compliance or noncompliance of each transit operator with unit cost regulation within ninety days of the due date of the transit operator annual reports.
(2) Upon order of the auditor, the state treasurer shall hold in escrow the amount by which the transit operator’s excise tax eligibility is reduced.
(3) If the transit operator achieves its operating cost per vehicle hour target in the next year, the auditor shall restore the operator’s excise tax eligibility to the previous year’s level, and shall notify the treasurer to grant to the transit operator the funding that was placed in escrow.
(4) If the transit operator fails to achieve its operating cost per vehicle hour target in the next year, the auditor shall calculate a factor by which the maximum rate of motor vehicle excise tax that the municipality may impose under RCW 35.58.273 will be permanently reduced, which must reflect the amount in escrow. In each year, the auditor shall deposit this amount in the Puget Sound transit expansion account created in section 34 of this act.
(5) Failure to achieve the operating cost per vehicle hour target will disqualify the transit agency from receiving funds from the central Puget Sound public transportation account.

NEW SECTION. Sec. 33. (1) The regional transit authority may not award service contracts to a designated transit operator not in compliance with its most recent annual unit cost target, as determined by the state auditor, at the time of contract award.
(2) A regional transit authority may award service contracts to a transit operator or company whose unit costs are equal to or less than unit costs established for designated Puget Sound transit operators during the term of the contract.
(3) Bus services directly operated at any time by the regional transit authority are subject to the initial 2020 cost per vehicle hour standard established in section 19(1) of this act.

NEW SECTION. Sec. 34. A new section is added to chapter 47.26 RCW to read as follows:
PUGET SOUND TRANSIT EXPANSION ACCOUNT. (1) The Puget Sound transit expansion account is created in the custody of the state treasurer. All receipts from section 32(4) of this act must be deposited into the account. Expenditures from the account may be used only for transit projects selected under this section.
(2) The transportation improvement board shall administer a competitive grant program to provide funds for eligible agencies within the Puget Sound region to expand transit services using the Puget Sound transit expansion account.
(3) The criteria for projects to be funded from this account include, but are not limited to:
(a) The projects must be within the Puget Sound region;
(b) Eligible projects are limited to general purpose transit service and improvements to the high-occupancy vehicle lane system;
(c) Priority will be given to projects that maximize transit ridership and minimize operating costs;
(d) To the extent feasible, and consistent with other criteria, allocations should reflect the general distribution of state funding reduction by county jurisdiction.
(4) Eligible agencies include:
(a) Municipalities operating public transit services that are in compliance with their operating cost per vehicle hour targets;
(b) Any other unit of government in the region, including state agencies, counties, municipalities, school districts, special districts, or a combination of them.

NEW SECTION. Sec. 35. TRUTH IN PLANNING REQUIREMENT. The state auditor shall produce a "truth in planning" report to the governor and the legislature by November 30th of each even-numbered year. The report must provide the following information through the most recent fiscal year for which data is available:

1. Required findings. The findings in this subsection are based upon the metropolitan transportation plan as in effect on January 1, 1996, for both the financially constrained and preferred strategies, the basic resource and expanded resource targets. Separate findings need to be made under each strategy for the Puget Sound region in total and for each of the transit operators:
   a. Percentage variance of total unlinked passenger trips relative to the forecast;
   b. Percentage variance of change in unlinked passenger trips from the base year compared to the forecast;
   c. Percentage variance of change in unlinked passenger trips during the latest biennium compared to the forecast;
   d. Percentage variance of total bus vehicle hours relative to the forecast;
   e. Percentage variance of the change in bus vehicle hours from the base year compared to the forecast;
   f. Percentage variance of the change in bus vehicle hours during the latest biennium compared to the forecast;

2. Summary tables for the Puget Sound region and each operator, showing the following information under the metropolitan transportation plan "financially constrained" and "preferred" strategies:
   a. Total forecast unlinked passenger trips, actual unlinked passenger trips, the difference between forecast and actual, and the percentage of variance;
   b. Total forecast change in unlinked passenger trips since the base year, the actual change, the difference between forecast and actual, and the percentage of variance;
   c. Total forecast change in unlinked passenger trips during the last biennium, the actual change, the difference between forecast and actual, and the percentage of variance;
   d. Total forecast bus vehicle hours, actual bus vehicle hours, the difference between forecast and actual, and the percentage of variance;
   e. Total forecast change in bus vehicle hours since the base year, the actual change, the difference between forecast and actual, and the percentage of variance;
   f. Total forecast change in bus vehicle hours during the last biennium, the actual change, the difference between forecast and actual, and the percentage of variance;

3. Detailed versions of all tables required as summary tables under subsection (2) of this section for each year from 1997 to 2020, to the extent available, for the Puget Sound region and each transit operator;

4. Charts with graphics that clearly and effectively depict short-term (base year to present) and long-term trends (base year to 2020) in unlinked passenger trips and bus vehicle hours for the Puget Sound region and each transit operator.

By June 1st of each year, all designated Puget Sound transit operators shall submit to the department of transportation an estimate of the number and percentage of discretionary passengers who rode their systems during the previous year and an estimate of the percentage of all vehicular trips made on transit within their service territories during the previous year. The department shall publish this data in its annual public transportation report as provided in RCW 35.58.2796. A discretionary passenger is a person with access to a single occupant vehicle who has chosen to ride transit instead of driving alone in an automobile.

NEW SECTION. Sec. 36. A new section is added to chapter 47.80 RCW to read as follows: A regional transportation planning organization for a county with a population of at least one million persons has the following duties:

1. Prepare and periodically update a transportation strategy for the region. The strategy must address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy serves as a guide in preparation of the regional transportation plan.
At minimum, the regional strategy must address, at least every two years, a regional public transportation strategy addressing short-range (six-year) transportation system needs and deficiencies, as further described in this section, must be prepared, approved, and submitted to the department by December 15, 1997. The strategy must contain at least the following components: (a) Documentation of biennial progress implementing regionally significant public transportation system service, facility, and program improvements addressing regional public transportation system needs and deficiencies identified in the previous regional transportation strategy report; (b) documentation and evaluation, using the most recently available data, of the current performance of the regional public transportation system, summarized for the overall regional transportation system and also reported by mode for people movement; and (c) a component identifying priority regional public transportation corridor and subarea transportation system needs and deficiencies that should be addressed by public transportation providers in their subsequent six-year transportation improvement programs. The performance component of the regional strategy report must further specifically describe, at least for the public transportation element, how the most recent monitoring data available for actual transportation system performance compares with intended transportation system performance objectives developed for the regional transportation system consistent with strategies and policies adopted in the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if those policies have been adopted under chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans. The plan must also be developed and updated to consider public transportation mobility needs for people in the regional transportation plans prepared by regional transportation planning organizations whose designated planning areas abut that area.

(3) Certify by December 31, 1998, that the six-year transit development plans prepared under RCW 35.58.2795 by municipalities defined in RCW 35.58.272 are consistent with the adopted regional transportation plan. Every two years thereafter, the certification must be reviewed for currency and consistency with subsequent updates of six-year transit development plans for such municipalities, and the executive board of the regional transportation planning organization shall either recertify or decertify each municipality based upon a determination of consistency between updated six-year transit development plans and the adopted regional transportation plan and the regional transportation system needs identified in regional transportation strategy reports. After December 31, 1998, certification or recertification of six-year transit development plans is a minimum requirement for municipalities defined in RCW 35.58.272 to be eligible to apply for discretionary fund account programs managed by the transportation improvement board.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department, operators of public transportation services, and local governments within the region, a six-year regional transportation improvement program that proposes regionally significant projects and programs and transportation demand management measures. The regional transportation improvement program must be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties under RCW 35.58.2795, 35.77.010, and 36.81.121, respectively, and that address and support the priority regional transportation system needs and deficiencies identified in regional transportation strategy reports prepared under RCW 47.80.023(1). The program must include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program must be updated at least every two years for the ensuing six-year period.

(6) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate department district office.

Sec. 37. RCW 47.80.023 and 1994 c 158 s 2 are each amended to read as follows:
Each regional transportation planning organization (shall have) that does not contain a county with a population of more than one million persons has the following duties:
(1) Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this act is to create a voluntary program authorizing environmental excellence program agreements with persons regulated under the environmental laws of the state of Washington, and directing agencies of the state of Washington to solicit and support the development of agreements that use innovative environmental measures or strategies to achieve environmental results more effectively or efficiently.

Agencies shall encourage environmental excellence program agreements that favor or promote pollution prevention, source reduction, or improvements in practices that are transferable to other interested entities or that can achieve better overall environmental results than required by otherwise applicable rules and requirements.

In enacting this chapter it is not the intent of the legislature that agencies apply state environmental standards inconsistently in conducting remedial actions for hazardous waste under state
law, such that these state standards could be waived under section 121 of the federal comprehensive environmental response, compensation and liability act (42 U.S.C. Sec. 9261).

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agency of the state of Washington" or "state, regional, or local agency" means an agency, board, department, authority, or commission that administers environmental laws.

(2) "Coordinating agency" means the state, regional, or local agency with the primary regulatory responsibility for the proposed environmental excellence program agreement. If multiple agencies have jurisdiction to administer state environmental laws affected by an environmental excellence agreement, the department of ecology shall designate or act as the coordinating agency.

(3) "Director" means the individual or body of individuals in whom the ultimate legal authority of an agency is vested by any provision of law. If the agency head is a body of individuals, a majority of those individuals constitutes the director.

(4) "Environmental laws" means chapters 43.21A, 70.94, 70.95, 70.95B, 70.105, 70.119A, 75.20, 90.48, 90.52, 90.58, 90.64, and 90.71 RCW, and RCW 90.54.020 and rules adopted under those chapters and section. The term environmental laws as used in this chapter does not include any provision of the Revised Code of Washington, or of any municipal ordinance or enactment, that regulates the selection of a location for a new facility.

(5) "Facility" means a site or activity that is regulated under any of the provisions of the environmental laws.

(6) "Legal requirement" includes any statute, rule, order, or environmental permit.

(7) "Sponsor" means the owner or operator of a facility, including a municipal corporation, subject to regulation under the environmental laws of the state of Washington, or an authorized representative of the owner or operator, that submits a proposal for an environmental excellence program agreement.

(8) "Stakeholder" means a person who has a direct interest in the proposed environmental excellence program agreement or who represents a public interest in the proposed environmental excellence program agreement. Stakeholders may include communities near the project, local or state governments, permittees, businesses, environmental and other public interest groups, or similar entities.

NEW SECTION. Sec. 3. An environmental excellence program agreement entered into under this chapter must achieve more effective or efficient environmental results. More effective environmental results are results that are better overall than those that would be achieved when compared to the legal requirements superseded or replaced by the agreement. More efficient environmental results are results that are achieved at reduced cost but do not decrease the overall environmental results achieved by the participating facility. The basis for comparison shall be a reasonable estimate of the overall impact of the facility on the environment prior to an environmental excellence program agreement. With a reasonable allowance for an increase in production or for facility expansion or modification, an environmental excellence agreement may not authorize a decrease in the overall environmental results achieved by the participating facility over a representative period prior to the date on which the agreement is proposed by the sponsor.

NEW SECTION. Sec. 4. (1) The director of a state, regional, or local agency may enter into an environmental excellence program agreement with any sponsor, even if one or more of the terms of the environmental excellence program agreement would be inconsistent with an otherwise applicable legal requirement. An environmental excellence program agreement must meet the requirements of section 3 of this act. Otherwise applicable legal requirements inconsistent with the terms of an environmental excellence program agreement shall be superseded and replaced in accordance with section 9 of this act.

(2) The director of a state, regional, or local agency may enter into an environmental excellence program agreement only to the extent the state, regional, or local agency has jurisdiction to administer state environmental laws either directly or indirectly through the adoption of rules.

(3) Where a sponsor proposes an environmental excellence program agreement that would affect environmental requirements applicable to the covered facility that are administered by more than one state, regional, or local agency, the coordinating agency shall take the lead in developing the
environmental excellence program agreement with the sponsor and other agencies administering legal requirements applicable to the covered facility and affected by the agreement. To be effective, the environmental excellence program agreement must be signed by the director of each agency administering legal requirements affected by the agreement and applicable to the covered facility.

(4) No director may enter into an environmental excellence program agreement applicable to a remedial action conducted under the Washington model toxics control act, chapter 70.105D RCW, or the federal comprehensive environmental response, compensation and liability act (42 U.S.C. Sec. 9601 et seq). No action taken under this chapter shall be deemed a waiver of any applicable, relevant, or appropriate requirements for any remedial action conducted under the Washington model toxics control act or the federal comprehensive environmental response, compensation and liability act.

(5) The directors of state, regional, or local agencies shall not enter into an environmental excellence program agreement or a modification of an environmental excellence program agreement containing terms affecting legal requirements adopted to comply with provisions of a federal regulatory program and to which the responsible federal agency objects after notice under the terms of section 8(4) of this act.

NEW SECTION. Sec. 5. (1) A sponsor may propose an environmental excellence program agreement. A trade association or other authorized representative of a sponsor or sponsors may propose a programmatic environmental excellence program agreement for multiple facilities.

(2) A sponsor must submit, at a minimum, the following information and other information that may be requested by the director or directors required to sign the agreement:

(a) A statement that describes how the proposal is consistent with the purpose of this chapter and the project approval criteria in section 3 of this act;

(b)(i) For a site-specific proposal, a comprehensive description of the proposed environmental excellence project that includes the nature of the facility and the operations that will be affected, how the facility or operations will achieve results more effectively or efficiently, and the nature of the results anticipated; or

(ii) For a programmatic proposal, a comprehensive description of the proposed environmental excellence project that identifies the facilities and the operations that are expected to participate, how participating facilities or operations will achieve environmental results more effectively or efficiently, the nature of the results anticipated, and the method to identify and document the commitments made by individual participants;

(c) An environmental checklist, containing sufficient information to reasonably inform the public of the nature of the proposed environmental excellence program agreement and describing probable significant adverse environmental impacts and environmental benefits expected from implementation of the proposal;

(d) A draft environmental excellence program agreement;

(e) A description of the stakeholder process as provided in section 6 of this act;

(f) A preliminary identification of the permit amendments or modifications that may be necessary to implement the proposed environmental excellence program agreement.

NEW SECTION. Sec. 6. (1) Stakeholder participation in and support for an environmental excellence program agreement is vital to the integrity of the environmental excellence program agreement and helps to inform the decision whether an environmental excellence program agreement can be approved.

(2) A proposal for an environmental excellence program agreement shall include the sponsor's plan to identify and contact stakeholders, to advise stakeholders of the facts and nature of the project, and to request stakeholder participation and review. Stakeholder participation and review shall occur during the development, consideration, and implementation stages of the proposed environmental excellence program agreement. The plan shall include notice to the employees of the facility to be covered by the proposed environmental excellence program agreement and public notice in the area of the covered facility.

(3) The coordinating agency will identify any additional provisions for the stakeholder process that the director of the coordinating agency, in the director's sole discretion, considers appropriate to the success of the stakeholder process, and provide for notice to the United States environmental protection agency or other responsible federal agency of each proposed environmental excellence program agreement that may affect legal requirements of any program administered by that agency.
NEW SECTION. Sec. 7. An environmental excellence program agreement must contain the following terms and conditions:

(1) An identification of all legal requirements that are superseded or replaced by the environmental excellence program agreement;

(2) A description of all legal requirements that are enforceable as provided in section 13(2) of this act that are different from those legal requirements applicable in the absence of the environmental excellence program agreement;

(3) A description of the voluntary goals that are or will be pursued by the sponsor;

(4) A statement describing how the environmental excellence program agreement will achieve the purposes of this chapter;

(5) A statement describing how the environmental excellence program agreement will be implemented, including a list of steps and an implementation schedule;

(6) A statement that the proposed environmental excellence program agreement will not increase overall worker safety risks or cause an unjust or disproportionate and inequitable distribution of environmental risks among diverse economic and cultural communities;

(7) A summary of the stakeholder process that was followed in the development of the environmental excellence program agreement;

(8) A statement describing how any participating facility shall measure and demonstrate its compliance with the environmental excellence program agreement including, without limitation, a description of the methods to be used to monitor performance, criteria that represent acceptable performance, and the method of reporting performance to the public and local communities;

(9) A description of and plan for public participation in the implementation of the environmental excellence program agreement and for public access to information needed to assess the benefits of the environmental excellence program agreement and the sponsor’s compliance with the environmental excellence program agreement;

(10) A schedule of periodic performance review of the environmental excellence program agreement by the directors that signed the agreement;

(11) Provisions for voluntary and involuntary termination of the agreement;

(12) The duration of the environmental excellence program agreement and provisions for renewal;

(13) Statements approving the environmental excellence program agreement made by the sponsor and by or on behalf of directors of each state, regional, or local agency administering legal requirements that are affected by the agreement and are applicable to the covered facility;

(14) Additional terms as requested by the directors signing the environmental excellence program agreement and consistent with this chapter;

(15) Draft permits or permit modifications as needed to implement the environmental excellence program agreement;

(16) With respect to a programmatic environmental excellence program agreement, state the method with which to identify and document the specific commitments to be made by individual participants.

NEW SECTION. Sec. 8. (1) The coordinating agency shall provide at least thirty days after notice has been published in a newspaper under subsection (2) of this section for public comment on a proposal to enter into or modify an environmental excellence program agreement. The coordinating agency may provide for an additional period of public comment if required by the complexity of the proposed environmental excellence program agreement and the degree of public interest. Before the start of the comment period, the coordinating agency shall prepare a proposed agreement, a public notice and a fact sheet. The fact sheet shall: (a) Briefly describe the principal facts and the significant factual, legal, methodological and policy questions considered by the directors signing the agreement, and the directors' proposed decisions; and (b) briefly describe how the proposed action meets the requirements of section 3 of this act.

(2) The coordinating agency shall publish notice of the proposed agreement in the Washington State Register and in a newspaper of general circulation in the vicinity of the facility or facilities covered by the proposed environmental excellence program agreement. The notice shall generally describe the agreement or modification; the facilities to be covered; summarize the changes in legal requirements that will result from the agreement; summarize the reasons for approving the agreement or modifications; identify an agency person to contact for additional information; state that the
proposed agreement or modification and fact sheet are available on request; and state that comments
can be submitted to the agency during the comment period. The coordinating agency may order a
public informational meeting or a public hearing to receive oral comments if the written comments
during the comment period demonstrate considerable public interest in the proposed agreement.

(3) The coordinating agency shall prepare and make available a responsiveness summary indicating
the agencies’ actions taken in response to comments and the reasons for those actions.

(4) With respect to an environmental excellence program agreement that affects legal
requirements adopted to comply with provisions of a federal regulatory program, the coordinating
agency shall provide a copy of the environmental excellence program agreement, and a copy of the
notice required by subsection (1) of this section, to the federal agency that is responsible for
administering that program at least thirty days before entering into or modifying the environmental
excellence program agreement, and shall afford the federal agency the opportunity to object to those
terms of the environmental excellence program agreement or modification of an environmental
excellence program agreement affecting the legal requirements.

NEW SECTION. Sec. 9. (1) Notwithstanding any other provision of law, any legal
requirement identified under section 6(1) of this act shall be superseded in accordance with the terms of
the environmental excellence program agreement. Legal requirements contained in a permit that are
affected by an environmental excellence program agreement will continue to be enforceable until such
time as the permit is revised in accordance with subsection (2) of this section. With respect to any other
legal requirements, the legal requirements contained in the environmental excellence program
agreement, are effective as provided by the environmental excellence program agreement, and the
facility or facilities covered by an environmental excellence program agreement shall comply with the
terms of the environmental excellence program agreement in lieu of the legal requirements that are
superseded and replaced by the approved environmental excellence program agreement.

(2) Any permits affected by an environmental excellence program agreement shall be revised to
conform to the environmental excellence program agreement by the agency with jurisdiction. The
permit revisions will be completed within one hundred twenty days of the effective date of the
agreement in accordance with otherwise applicable procedural requirements, including, where
applicable, public notice and the opportunity for comment, and the opportunity for review and
objection by federal agencies.

(3) Other than as revised, superseded, or replaced as provided in an approved environmental
excellence program agreement, any existing permit requirements remain in effect and are enforceable.

(4) A programmatic environmental excellence program agreement shall become applicable to
an individual facility when the director or directors entering into the programmatic agreement approve
the owner or operator’s commitment to comply with the agreement. A programmatic agreement may
not take effect, however, until notice and an opportunity to comment for the individual facility has been
provided in accordance with the requirements of section 8 (1) through (3) of this act.

NEW SECTION. Sec. 10. (1) A decision by the directors of state, regional, or local agencies
to approve a proposed environmental excellence program agreement, or to terminate or modify an
approved environmental excellence program agreement, is subject to judicial review in superior court.
For purposes of judicial review, the court may grant relief from the decision to approve or modify an
environmental excellence program agreement only if it determines that the action: (a) Violates
constitutional provisions; (b) exceeds the statutory authority of the agency; (c) was arbitrary and
capricious; or (d) was taken without compliance with the procedures provided by this chapter.
However, the decision of the director or directors shall be accorded substantial deference by the court.
A decision not to enter into or modify an environmental excellence program agreement and a decision
not to accept a commitment under section 9(4) of this act to comply with the terms of a programmatic
environmental excellence agreement are within the sole discretion of the directors of the state, regional,
or local agencies and are not subject to review.

(2) An appeal from a decision to approve or modify a facility specific or a programmatic
environmental excellence program agreement is not timely unless filed with the superior court and
served on the parties to the environmental excellence program agreement within thirty days of the date
on which the agreement or modification is signed by the director. For an environmental excellence
program agreement or modification signed by more than one director, there is only one appeal, and the
time for appeal shall run from the last date on which the agreement or modification is signed by a
director.

(3) A decision to accept the commitment of a specific facility to comply with the terms of a
programmatic environmental excellence program agreement, or to modify the application of an
agreement to a specific facility, is subject to judicial review as described in subsection (1) of this
section. An appeal is not timely unless filed with the superior court and served on the directors signing
the agreement, the sponsor, and the owner or operator of the specific facility within thirty days of the
date the director or directors that signed the programmatic agreement approve the owner or operator’s
commitment to comply with the agreement. For a programmatic environmental excellence program
agreement or modification signed by more than one director, there shall be only one appeal and the
time for appeal shall run from the last date on which a director approves the commitment.

(4) The issuance of permits and permit modifications is subject to review under otherwise
applicable law.

(5) An appeal of a decision by a director under section 11 of this act to terminate in whole or in
part a facility specific or programmatic environmental excellence program agreement is not timely
unless filed with the superior court and served on the director within thirty days of the date on which
notice of the termination is issued under section 11(2) of this act.

NEW SECTION. Sec. 11. (1) In addition to any termination provisions contained in an
environmental excellence program agreement, a director of an agency may terminate an environmental
excellence program agreement in whole or in part with respect to a legal requirement administered by
that agency, if the director finds: (a) That after notice and a reasonable opportunity to cure, the covered
facility is in violation of a material requirement of the agreement; (b) that the facility has repeatedly
violated any requirements of the agreement; (c) that the operation of the facility under the agreement
has caused an imminent and substantial endangerment to public health that cannot be remedied by
modification of the agreement; or (d) the facility has failed to make substantial progress in achieving
the voluntary goals identified under section 6(3) of this act, and these goals are material to the overall
objectives of the agreement.

(2) A director of an agency terminating an environmental excellence program agreement in any
respect shall provide each of the parties to the agreement with a written notice of that action specifying
the extent to which the environmental excellence program agreement is to be terminated, the factual
and legal basis for termination, and a description of the opportunity for judicial review of the decision
to terminate the environmental excellence program agreement.

(3) If a director terminates less than the entire environmental excellence program agreement,
the owner or operator of the covered facility may elect to terminate the entire agreement as it applies to
the facility.

(4) If a director decides to terminate an environmental excellence program agreement because
the facility has not been able to meet the legal requirements established under the agreement, or
because operation of the facility under the agreement has caused an imminent and substantial
endangerment to public health, as provided in subsection (1)(c) of this section, the director may
establish in the notice of termination: (a) Practical interim requirements for the facility that are no less
stringent than the legal requirements that would apply to the facility in the absence of the agreement;
and (b) a practical schedule of compliance for meeting the interim requirements. The interim
requirements and schedule of compliance shall be subject to judicial review under the provisions of
section 10(5) of this act. The facility shall comply with the interim requirements established under this
subsection after they are final and no longer subject to judicial review until applicable permits or permit
modifications have been issued under section 12 of this act.

NEW SECTION. Sec. 12. After a termination under section 11 of this act is final and no
longer subject to judicial review, the sponsor has sixty days in which to apply for any permit or
approval affected by any terminated portion of the environmental excellence program agreement. An
application filed during the sixty-day period shall be deemed a timely application for renewal of a
permit under the terms of any applicable law. Except as provided in section 11(4) of this act, the terms
and conditions of the environmental excellence program agreement and of permits issued will continue
in effect until a final permit or approval is issued. If the sponsor fails to submit a timely or complete
application, any affected permit or approval may be modified at any time that is consistent with
applicable law.
NEW SECTION. Sec. 13. (1) The legal requirements contained in the environmental excellence program agreement in accordance with section 7(2) of this act are enforceable commitments of the facility covered by the agreement. Any violation of these legal requirements is subject to penalties and remedies to the same extent as the legal requirements that they superseded or replaced.

(2) The voluntary goals stated in the environmental excellence program agreement in accordance with section 7(3) of this act are voluntary commitments of the facility covered by the agreement. If the facility fails to meet these goals, it shall not be subject to any form of enforcement action, including penalties, orders, or any form of injunctive relief. The failure to make substantial progress in meeting these goals may be a basis on which to terminate the environmental excellence program agreement under section 11 of this act.

(3) Nothing in this chapter limits the authority of an agency, the attorney general, or a prosecuting attorney to initiate an enforcement action for violation of any applicable legal requirement. However, no civil, criminal, or administrative action may be brought with respect to any legal requirement that is superseded or replaced under the terms of an environmental excellence program agreement.

(4) This chapter does not create any new authority for citizen suits, and does not alter or amend other statutory provisions authorizing citizen suits.

NEW SECTION. Sec. 14. An environmental excellence program agreement may contain a reduced fee schedule with respect to a program applicable to the covered facility or facilities.

NEW SECTION. Sec. 15. A decision to approve an environmental excellence program agreement is not subject to the requirements of the state environmental policy act, chapter 43.21C RCW, including the requirement to prepare an environmental impact statement under RCW 43.21C.031. However, the consideration of a proposed environmental excellence program agreement will integrate an assessment of environmental impacts.

NEW SECTION. Sec. 16. Any state, regional, or local agency administering programs under an environmental law may adopt rules or ordinances to implement this chapter. However, it is not necessary that an agency adopt rules or ordinances in order to consider or enter into environmental excellence program agreements.

NEW SECTION. Sec. 17. The director of the department of ecology shall appoint an advisory committee to review the effectiveness of the environmental excellence program agreement program and to make a recommendation to the legislature concerning the continuation, termination, or modification of the program. The committee also may make recommendations it considers appropriate for revision of any regulatory program that is affected by an environmental excellence program agreement. The committee shall be composed of one representative each from two state agencies, two representatives of the regulated community, and two representatives of environmental organizations or other public interest groups. The committee must submit a report and its recommendation to the legislature not later than October 31, 2001. The department of ecology shall provide the advisory committee with such support as they may require.

NEW SECTION. Sec. 18. (1) Agencies authorized to enter into environmental excellence program agreements may assess and collect a fee to recover the costs of processing environmental excellence program agreement proposals. The amount of the fee may not exceed the direct and indirect costs of processing the environmental excellence program agreement proposal. Processing includes, but is not limited to: Working with the sponsor to develop the agreement, meeting with stakeholder groups, conducting public meetings and hearings, and preparing a record of the decision to enter into or modify an agreement.

(2) Agencies assessing fees may graduate the initial fees for processing an environmental excellence program agreement proposal to account for the size of the sponsor and to make the environmental excellence program agreement program more available to small businesses. An agency may exercise its discretion to waive all or any part of the fees.

(3) Sponsors may voluntarily contribute funds to the administration of an agency's environmental excellence program agreement program.
NEW SECTION. Sec. 19. The authority of a director to enter into a new environmental excellence program agreement program shall be terminated June 30, 2002. Environmental excellence program agreements entered into before June 30, 2002, shall remain in force and effect subject to the provisions of this chapter.

NEW SECTION. Sec. 20. A new section is added to chapter 43.21A RCW to read as follows: Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.-- RCW (sections 2 through 19 of this act).

Sec. 32. RCW 90.54.020 and 1989 c 348 s 1 are each amended to read as follows: Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(5) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.
(6) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency and conservation shall be emphasized in the management of the state’s water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state.

(7) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public.

(8) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and ground waters.

(9) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(10) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

(11) Notwithstanding any other provision of law, any legal requirement under this section, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.

NEW SECTION, Sec. 33. The environmental excellence account is hereby created in the state treasury. All fees and voluntary contributions collected by state agencies under section 18 of this act shall be deposited into the account. Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes consistent with the environmental excellence program created under sections 2 through 19 of this act.

NEW SECTION, Sec. 34. Sections 2 through 19 of this act constitute a new chapter in Title 43 RCW.

If a request is made, the board shall rescind or modify the order of invalidity as necessary to make it consistent with the section 11, chapter . . . , Laws of 1997 (section 11 of this act) amendments to RCW 36.70A.300, the section 14, chapter . . . , Laws of 1997 (section 14 of this act) amendments to RCW 36.70A.330, and section 16 of this act.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:
(1) A board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:
   (a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;
   (b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and
   (c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.
   (d) A determination of invalidity shall take effect immediately and shall remain in effect for no longer than thirty days unless otherwise ordered by a reviewing court as provided in RCW 36.70A.305.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt by the city or county. The determination of invalidity does not apply to a completed development permit application and related construction permits for a project that vested under state or local law on or before the date of the board’s order.

(3) (a) Except as otherwise provided in (b) of this subsection, a completed development permit application not vested under state or local law on or before the date of the board’s determination of invalidity vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.
   (b) Even though it is not vested under state or local law before receipt by the county or city of the board’s order, a determination of invalidity does not apply to a completed development permit application for:
      (i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board’s order, except as otherwise specifically provided in the board’s order to protect the public health and safety;
      (ii) A building permit and related construction permits for remodeling or expansion of an existing structure on a lot existing before receipt by the county or city; and
      (iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.
(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

"Sec. 17. RCW 36.70A.110 and 1995 c 400 s 2 are each amended to read as follows:
(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is
characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities within urban growth areas sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

Sec. 18. RCW 36.70A.130 and 1995 c 347 s 106 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing ((evaluation and)) review and evaluation by the county or city that adopted them. Not later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section.
Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; and

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW.

(b) All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required in this subsection may be combined with the review and evaluation required in section 19 of this act.

NEW SECTION. Sec. 19. A new section is added to chapter 36.70A RCW to read as follows:

(1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, county-wide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets and objectives contained in the county-wide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection every five years as provided in subsection (3) of this section. The first evaluation shall be completed not later than September 1, 2002. The county and its cities may establish in the county-wide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the county-wide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the county-wide policies and county and city comprehensive plans as needed to remedy inconsistencies identified through the evaluation required by this section, or to bring these policies into compliance with this chapter.
(3) At a minimum, the evaluation component of the program required in subsection (1) of this section shall:
   (a) Determine whether there is sufficient suitable land to accommodate the county-wide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;
   (b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and
   (c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required in subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the county-wide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to county-wide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.
   (b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the county-wide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) This section applies to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

Sec. 20. RCW 43.62.035 and 1995 c 162 s 1 are each amended to read as follows:
The office of financial management shall determine the population of each county of the state annually as of April 1st of each year and on or before July 1st of each year shall file a certificate with the secretary of state showing its determination of the population for each county. The office of financial management also shall determine the percentage increase in population for each county over the preceding ten-year period, as of April 1st, and shall file a certificate with the secretary of state by July 1st showing its determination. At least once every ((ten)) five years or upon the availability of decennial census data, whichever is later, the office of financial management shall prepare twenty-year growth management planning population projections required by RCW 36.70A.110 for each county that adopts a comprehensive plan under RCW 36.70A.040 and shall review these projections with such counties and the cities in those counties before final adoption. The county and its cities may provide to the office such information as they deem relevant to the office’s projection, and the office shall consider and comment on such information before adoption. Each projection shall be expressed as a reasonable range developed within the standard state high and low projection. The middle range shall represent the office’s estimate of the most likely population projection for the county. If any city or county believes that a projection will not accurately reflect actual population growth in a county, it may
petition the office to revise the projection accordingly. The office shall complete the first set of ranges for every county by December 31, 1995.

A comprehensive plan adopted or amended before December 31, 1995, shall not be considered to be in noncompliance with the twenty-year growth management planning population projection if the projection used in the comprehensive plan is in compliance with the range later adopted under this section.

NEW SECTION. Sec. 21. A new section is added to chapter 42.17 RCW to read as follows:

(1) Notwithstanding other provisions of this chapter, a county or city that provides maps or other standard or customized products from an electronic geographic information system may establish fees by ordinance or resolution for providing the services and products to persons who request them. The county or city shall base the fees on the recovery of the actual cost of providing the electronic services and products and a reasonable portion of the cost of developing and maintaining them.

(2) A county or city may by ordinance or resolution establish standards for the reduction or waiver of the fees if the services and products are to be used for noncommercial public purposes, including but not limited to the support of other agencies, the support of public benefit nonprofit activities, public information or education, academic research, or other purposes that the county or city determines are beneficial to the public. The county or city shall apply the fee reductions or waivers uniformly for each noncommercial use.

(3) A county or city shall not recover through fees authorized by this section costs paid for by another governmental entity.

NEW SECTION. Sec. 22. To ensure that there will be no unfunded mandates imposed on counties and cities, if funds for the purposes of section 21 of this act are not provided in the 1997-99 biennial budget by June 30, 1997, referencing this act by bill or chapter number, section number, and subject matter, section 21 of this act is null and void.

Renumber the remaining sections consecutively and correct any internal references accordingly.

Correct the title.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In enacting the section 4(5), chapter . . ., Laws of 1997 (section 4(5) of this act) amendments to RCW 36.70A.070(5), the legislature finds that chapter 36.70A RCW is intended to recognize the importance of rural lands and rural character to Washington's economy, its people, and its environment, while respecting regional differences. Rural lands and rural-based economies enhance the economic desirability of the state, help to preserve traditional economic activities, and contribute to the state's overall quality of life. The legislature also finds that in developing its rural element under RCW 36.70A.070(5), a county should foster land use patterns and develop a local vision of rural character that: Will help preserve rural-based economies and traditional rural lifestyles; will foster opportunities for small-scale, rural-based employment and self-employment; will permit the operation of rural-based commercial, recreational, and tour businesses that are consistent with existing and planned land use patterns; be compatible with the use of the land by wildlife and for fish and wildlife habitat; will foster the private stewardship of the land and preservation of open space; and will enhance the rural sense of community and quality of life.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:
In amending RCW 36.70A.320(3) by section 16(3), chapter . . . , Laws of 1997 (section 16(3) of this act), the legislature intends that the boards apply a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the boards to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning and implementing a county’s or city’s future rests with that community.

Sec. 3. RCW 36.70A.030 and 1995 c 382 s 9 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land’s proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.
"Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

"Rural character" refers to the patterns of land use and development established by a county:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;
(b) That foster traditional rural lifestyles and rural-based economies, including small-scale raising of livestock, production of food for local consumption, cottage industries, and handcrafts;
(c) That provide visual landscapes that are traditionally found in rural areas and communities;
(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;
(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;
(f) That generally do not require the extension of urban governmental services; and
(g) That are consistent with the protection of natural surface water flows and ground water and surface water recharge and discharge areas.

"Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element.

"Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

"Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of (such) land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

"Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

"Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

"Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

Sec. 4. RCW 36.70A.070 and 1996 c 239 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document.
and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

1. A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

2. A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

3. A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

4. A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

5. Rural development. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

   a. Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

   b. Rural development. The rural element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. Except as otherwise specifically provided in this chapter, residential and nonresidential uses shall not require urban services and nonresidential uses shall be principally designed to serve the existing and projected rural population and existing nonresidential uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

   c. Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

      (i) Containing or otherwise controlling rural development;

      (ii) Assuring visual compatibility of rural development with the surrounding rural area;

      (iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

      (iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and
Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall have been in existence before July 1, 1990, and shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population as required by (b) of this subsection;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population as required by (b) of this subsection. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses that are not principally designed to serve the existing and projected rural population and nonresidential uses and that were in existence before the date by which the county was required to have adopted a comprehensive plan under RCW 36.70A.040. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that, as of July 1, 1990, are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl.

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:
(i) An analysis of funding capability to judge needs against probable funding resources;
(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

Sec. 5. RCW 36.70A.160 and 1992 c 227 s 1 are each amended to read as follows:

(1) Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in RCW 36.70A.030.
(2) Identification of a corridor under this section by a county or city shall not restrict the use or management of lands within the corridor for agricultural or forest purposes. Restrictions on the use or management of such lands for agricultural or forest purposes imposed after identification solely to maintain or enhance the value of such lands as a corridor may occur only if:
   (a) The county or city acquires sufficient interest to prevent development of the lands or to control the resource development of the lands; or
   (b) A private or public nonprofit organization acquires sufficient interest to prevent development of the lands or to control the resource development of the lands.
(3) The requirement for acquisition of sufficient interest does not include those corridors regulated by the interstate commerce commission, under provisions of 16 U.S.C. Sec. 1247(d), 16 U.S.C. Sec. 1248, or 43 U.S.C. Sec. 912. Nothing in this section shall be interpreted to alter the authority of the state, or a county or city, to regulate land use activities.
(4) The city or county may acquire by donation or purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources.

Sec. 6. RCW 36.70A.190 and 1991 sp.s. c 32 s 3 are each amended to read as follows:

(1) The department shall establish a program of technical and financial assistance and incentives to counties and cities to encourage and facilitate the adoption, evaluation, refinement, and implementation of comprehensive plans and development regulations throughout the state. The department may provide information and technical assistance to the public to encourage an informed process leading to the adoption and implementation of comprehensive plans and development regulations.
(2) The department shall develop a priority list and establish funding levels for planning and technical assistance grants both for counties and cities that plan under RCW 36.70A.040. Priority for assistance shall be based on a county’s or city’s population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, and other relevant factors.
(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for the preparation of comprehensive plans under this chapter. The department may establish provisions for county and city matching funds to conduct activities under this subsection. Grants may be expended for any purpose directly related to the preparation of a county or city comprehensive plan as the county or city and the department may agree, including, without limitation, the conducting of surveys, inventories and other data gathering and management activities, the retention of planning consultants, contracts with regional councils for planning and related services, and other related purposes.

(4) The department shall establish a program of technical assistance:
   (a) Utilizing department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories; and
   (b) Adopting by rule procedural criteria to assist counties and cities in adopting comprehensive plans and development regulations that meet the goals and requirements of this chapter. These criteria shall reflect regional and local variations and the diversity that exists among different counties and cities that plan under this chapter.

(5) The department shall provide mediation services to resolve disputes between counties and cities regarding, among other things, coordination of regional issues and designation of urban growth areas.

(6) The department shall provide planning grants to enhance citizen participation under RCW 36.70A.140.

**NEW SECTION, Sec. 7.** A new section is added to chapter 36.70A RCW to read as follows:

(1) The public participation requirements of this chapter shall include notice procedures that are reasonably calculated to provide notice to property owners and other affected and interested individuals, tribes, government agencies, businesses, and organizations of proposed amendments to comprehensive plans and development regulation. Examples of reasonable notice provisions include:
   (a) Posting the property for site-specific proposals;
   (b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located or that will be affected by the proposal;
   (c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
   (d) Placing notices in appropriate regional, neighborhood, ethnic, or trade journals; and
   (e) Publishing notice in agency newsletters or sending notice to agency mailing lists, including general lists or lists for specific proposals or subject areas.

(2)(a) Except as otherwise provided in (b) of this subsection, if the legislative body for a county or city chooses to consider a change to an amendment to a comprehensive plan or development regulation, and the change is proposed after the opportunity for review and comment has passed under the county's or city's procedures, an opportunity for review and comment on the proposed change shall be provided before the local legislative body votes on the proposed change.
   (b) An additional opportunity for public review and comment is not required under (a) of this subsection if:
      (i) An environmental impact statement has been prepared under chapter 43.21C RCW for the pending resolution or ordinance and the proposed change is within the range of alternatives considered in the environmental impact statement;
      (ii) The proposed change is within the scope of the alternatives available for public comment;
      (iii) The proposed change only corrects typographical errors, corrects cross-references, makes address or name changes, or clarifies language of a proposed ordinance or resolution without changing its effect;
      (iv) The proposed change is to a resolution or ordinance making a capital budget decision as provided in RCW 36.70A.120; or
      (v) The proposed change is to a resolution or ordinance enacting a moratorium or interim control adopted under RCW 36.70A.390.

(3) This section is prospective in effect and does not apply to a comprehensive plan, development regulation, or amendment adopted before the effective date of this section.
Sec. 8. RCW 36.70A.130 and 1995 c 347 s 106 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; (and)

(ii) The adoption or amendment of a shoreline master plan under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.

Sec. 9. RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings
and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board’s principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

NEW SECTION. Sec. 10. A new section is added to chapter 36.70A RCW to read as follows:

(1) A growth management hearings board may only take official notice of:
   (a) Any judicially cognizable facts, including adopted resolutions or ordinances of a county or city;
   (b) Technical or scientific facts within the board’s specialized knowledge; and

NEW SECTION. Sec. 12. A new section is added to chapter 36.70A RCW to read as follows:

The agreement shall include the parties’ agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. The board shall file the certificate of agreement, the petition for review, and other required documents with the designated superior court and any orders entered by the board, all other documents in the board’s files regarding the action, and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the superior court’s subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court’s prior order, the court may use its remedial and contempt powers to enforce compliance.
(6) The superior court shall transmit a copy of its decision and order to the board, the
department, and the governor. If the court has determined that a county or city is not in compliance
with the provisions of this chapter, the governor may impose sanctions against the county or city in the
same manner as if a board had recommended the imposition of sanctions as provided in RCW
36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the
superior court civil rules govern a request for intervention and all other procedural matters not
specifically provided for in this section.

Sec. 13. RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

(1) The board shall issue a final order (within one hundred eighty days of receipt of the
petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of
the last petition that is consolidated. Such a final order) that shall be based exclusively on whether or
not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58
RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as
it relates to adoption of plans, development regulations, and amendments thereto, ((adopted)) under
RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one
hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one
hundred eighty days of receipt of the last petition that is consolidated.

the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by
all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines
that a negotiated settlement between the remaining parties could resolve significant issues in dispute.
The request must be filed with the board not later than seven days before the date scheduled for the
hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety
days each, subject to the requirements of this section.

(3) In the final order, the board shall either:

(a) Find that the state agency, county, or city is in compliance with the requirements of this
chapter ((or)), chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master
programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and
amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) Find that the state agency, county, or city is not in compliance with the requirements of this
chapter ((or)), chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master
programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and
amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall
remand the matter to the affected state agency, county, or city ((and)). The board shall specify a
reasonable time not in excess of one hundred eighty days, or such longer period as determined by the
board in cases of unusual scope or complexity, within which the state agency, county, or city shall
comply with the requirements of this chapter. The board may require periodic reports to the board on
the progress the jurisdiction is making towards compliance.

(4) Unless the board makes a determination of invalidity as provided in section 14 of this
act, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive
plans and development regulations during the period of remand((, unless the board's final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the
continued validity of the plan or regulation would substantially interfere with the fulfillment of the
goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be
invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law
before the date of the board's order; and

(b) Subject any development application that would otherwise vest after the date of the board's
order to the local ordinance or resolution that both is enacted in response to the order of remand and
determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this
chapter.
(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.

NEW SECTION. Sec. 14. A new section is added to chapter 36.70A RCW to read as follows:

(1) A board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:
   (a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;
   (b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and
   (c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board’s order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board’s order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt by the county or city of the board’s determination of invalidity vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.
   (b) Even though the application is not vested under state or local law before receipt by the county or city of the board’s order, a determination of invalidity does not apply to a development permit application for:
      (i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board’s order, except as otherwise specifically provided in the board’s order to protect the public health and safety;
      (ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board’s order by the county or city; and
      (iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board’s order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in
subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

Sec. 15. RCW 36.70A.305 and 1996 c 325 s 4 are each amended to read as follows:

The court shall provide expedited review of ((a determination of invalidity or)) an order ((effectuating)) that includes a determination of invalidity made or issued under RCW 36.70A.300 and section 14 of this act. The matter must be set for hearing within sixty days of the date set for submitting the board’s record, absent a showing of good cause for a different date or a stipulation of the parties.

Sec. 16. RCW 36.70A.320 and 1995 c 347 s 111 are each amended to read as follows:

(1) Except as provided in subsection ((2)) (5) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption.

(2) Except as otherwise provided in subsection (4) of this section, the burden is on the petitioner to demonstrate that any action taken by a state agency, county, or city under this chapter is not in compliance with the requirements of this chapter.

(3) In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it ((finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter)) determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of this chapter.

(4) A county or city subject to a determination of invalidity made under RCW 36.70A.300 or section 14 of this act has the burden of demonstrating that the ordinance or resolution it has enacted in response to the determination of invalidity will no longer substantially interfere with the goals of chapter . . . , Laws of 1997 (this act) under the standard in section 14(1) of this act.

(5) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

Sec. 17. RCW 36.70A.330 and 1995 c 347 s 112 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board’s final order may participate in the hearing along with the petitioner and the state agency, county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county’s or city’s efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.
(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide:

(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or

(b) If no determination of invalidity has been made, whether one now should be made under the standards in RCW 36.70A.300(2)) under section 14 of this act.

(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

NEW SECTION. Sec. 18. A new section is added to chapter 36.70A RCW to read as follows:

A county or city subject to an order of invalidity issued before the effective date of section 13 of this act, by motion may request the board to review the order of invalidity in light of the section 13, chapter . . . , Laws of 1997 (section 13 of this act) amendments to RCW 36.70A.300, the section 17, chapter . . . , Laws of 1997 (section 17 of this act) amendments to RCW 36.70A.330, and section 14 of this act. If a request is made, the board shall rescind or modify the order of invalidity as necessary to make it consistent with the section 13, chapter . . . , Laws of 1997 (section 13 of this act) amendments to RCW 36.70A.300, and to the section 17, chapter . . . , Laws of 1997 (section 17 of this act) amendments to RCW 36.70A.330, and section 14 of this act.

(1) A county or a city may use a variety of innovative zoning techniques in areas designated as agricultural lands of long-term commercial significance under RCW 36.70A.170. The innovative zoning techniques should be designed to conserve agricultural lands and encourage the agricultural economy. A county or city should encourage nonagricultural uses to be limited to lands with poor soils or otherwise not suitable for agricultural purposes.

(2) Innovative zoning techniques a county or city may consider include, but are not limited to:

(a) Agricultural zoning, which limits the density of development and restricts or prohibits nonfarm uses of agricultural land;

(b) Cluster zoning, which allows new development on one portion of the land, leaving the remainder in agricultural or open space uses;

(c) Large lot zoning, which establishes as a minimum lot size the amount of land necessary to achieve a successful farming practice;

(d) Quarter/quarter zoning, which permits one residential dwelling on a one-acre minimum lot for each one-sixteenth of a section of land; and

(e) Sliding scale zoning, which allows the number of lots for single-family residential purposes with a minimum lot size of one acre to increase inversely as the size of the total acreage increases.

NEW SECTION. Sec. 20. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county and its cities, as provided in subsection (7) of this section, shall establish a monitoring and evaluation program to determine their progress towards meeting the goals of this chapter.

The county and its cities shall use the county-wide planning policy process to work cooperatively among themselves and with state agencies, neighboring counties, regional planning organizations, tribes, and special purpose districts to develop and implement the monitoring required by this section.

(3) The evaluation component of the program required by subsection (1) of this section requires an evaluation of at least the land use elements, critical area protections, and capital facilities elements of the county-wide planning policies and county and city comprehensive plans in meeting the goals of this chapter and the policies established in the county-wide planning policy process, specifically including an analysis of the success of the county-wide planning policies and comprehensive plan towards meeting residential densities and uses. (4) If the evaluation required by subsection (3) of this section shows that the county or one or more of its cities are not making satisfactory progress towards meeting the goals of this chapter, the county and the cities shall consider and implement measures that will be effective in making progress
towards meeting the goals of this chapter and the policies established in the county-wide planning policies. The county and its cities shall annually monitor the measures that have been adopted to determine whether they are successful.

(5)(a) If, after three years of the annual monitoring required by subsection (3) of this section, the county and its cities demonstrate that the measures have not been effective in making progress towards meeting the goals of this chapter and the county-wide planning policy goals, the county may make adjustments to one or more urban growth areas that the county and its cities demonstrate are necessary to make progress towards the goals of this chapter and the county-wide planning policies.

(b) If, after the evaluation required by subsection (3) of this section, the county and its cities demonstrate that they have explored available measures and that those measures would not be effective in making progress towards meeting the goals of this chapter and the county-wide planning policies, the county may make adjustments to one or more urban growth areas that the county and its cities demonstrate are necessary to make satisfactory progress towards the goals of this chapter and the county-wide planning policies.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations to conduct the monitoring and perform the evaluation required by this section.

(7) This section applies to the counties, and the cities within those counties, of Snohomish, King, Pierce, Kitsap, Thurston, and Clark.

(c) Demonstrate that procedures for review of development permit applications will be based on the integrated plans and environmental analysis;

(d) Include mechanisms ((in the plan)) to monitor the consequences of growth as it occurs in the plan area and ((provide ongoing)) to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;

Sec. 24. RCW 84.34.060 and 1992 c 69 s 8 are each amended to read as follows:

In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED
FURTHER, That timber land shall be valued according to chapter 84.33 RCW. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

Sec. 25. RCW 84.34.065 and 1992 c 69 s 9 are each amended to read as follows:

The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the "net cash rental", capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(d) shall be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This shall not be interpreted to require the assessor to list improvements to the land with the value of the land. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

For the purposes of the above computation:

(1) The term "net cash rental" shall mean the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The "rate of interest" shall be determined annually by a rule adopted by the department of revenue and such rule shall be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(3) The "component for property taxes" shall be a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred.

Sec. 26. RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:

All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:
(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

(4) In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

Sec. 27. RCW 90.60.030 and 1995 c 347 s 603 are each amended to read as follows:
The permit assistance center is established within the department. The center shall:
(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. (The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others.) To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;
(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;
(3) Work closely and cooperatively with the business license center (and the business assistance center) in providing efficient and nonduplicative service to the public;
(4) Seek the assignment of employees from the permit agencies listed under RCW 90.60.020(6)(a) to serve on a rotating basis in staffing the center; (and)
(5) Collect and disseminate information to public and private entities on federal, state, local, and tribal government programs that rely on private professional expertise to assist governmental agencies in project permit review; and
(6) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996.

Sec. 28. RCW 35.13.130 and 1990 c 33 s 566 are each amended to read as follows:
A petition for annexation of an area contiguous to a city or town may be made in writing addressed to and filed with the legislative body of the municipality to which annexation is desired. Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, and except where the property to be annexed is within an urban growth area designated under RCW 36.70A.110, the petition must be signed by the owners of not less than seventy-five percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned. When the property to be annexed is within an urban growth area designated under RCW 36.70A.110, the petition
must be signed by the owners of not less than sixty percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned: PROVIDED, That in cities and towns with populations greater than one hundred sixty thousand located east of the Cascade mountains, the owner of tax exempt property may sign an annexation petition and have the tax exempt property annexed into the city or town, but the value of the tax exempt property shall not be used in calculating the sufficiency of the required property owner signatures unless only tax exempt property is proposed to be annexed into the city or town. The petition shall set forth a description of the property according to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or of any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements shall be set forth in the petition.

Sec. 29. RCW 35A.14.295 and 1967 ex.s. c 119 s 35A.14.295 are each amended to read as follows:

((When there is, within)) (1) The legislative body of a code city may resolve to annex territory containing residential property owners to the city if there is within the city, unincorporated territory:

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the code city; or

2. Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

3. The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW.

(1) The board is authorized to create corporations under Title 23B RCW, limited liability companies under chapter 25.15 RCW, and limited partnerships under chapter 25.10 RCW, of which it may or may not be the general partner, for the purposes of transferring, acquiring, holding, overseeing, operating, or disposing of real estate or other not readily marketable assets. The liability of each entity created by the board is limited to the assets or properties of that entity. No creditor or other person has any right of action against the board, its members or employees, or the state of Washington on account of any debts, obligations, or liabilities of the entity. Directors of entities created under this section must be appointed by the board. Officers and other principals of entities created under this section are appointed by the directors.
(3) A public corporation, limited liability company, or limited partnership created under this section has the same immunity or exemption from taxation as that of the state. (1) The director may ([if deemed necessary]) require a credit union to establish a liquidity reserve of up to five percent of ([unimpaired capital]) total shares, deposits, and capital. The liquidity reserve ([shall]) must be in cash or investments with maturities of one year or less.
(2) The director may require a credit union to charge off or set up a special reserve fund for delinquent loans or other assets.

Sec. 40. RCW 31.12.695 and 1994 c 256 s 91 and 1994 c 92 s 220 are each reenacted and amended to read as follows:
(1) For purposes of this section, the merging credit union is the credit union whose charter ceases to exist upon ([merging]) merger with the continuing credit union. The continuing credit union is the credit union whose charter continues upon ([merging]) merger with the merging credit union.
(2) A credit union may be merged with another credit union with the approval of the director and in accordance with requirements the director may prescribe. The merger ([shall]) must be approved by a two-thirds majority vote of the board of each credit union and a two-thirds majority vote of those members of the merging credit union voting on the merger at a ([special]) membership meeting ([called by the merging credit union board or by mail ballot]). The requirement of approval by the members of the merging credit union may be waived by the director if ([in the director’s opinion]) the merging credit union is in imminent danger of insolvency.
(3) The property, rights, and interests of the merging credit union transfer to and vest in the continuing credit union without deed, endorsement, or instrument of transfer, although instruments of transfer may be used if their use is deemed appropriate. The debts and obligations of the merging credit union that are known or reasonably should be known are assumed by the continuing credit union. The continuing credit union shall cause to be published notice of merger once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the merging credit union is located. The notice of merger (shall) must also inform creditors of the merging credit union how to make a claim on the continuing credit union and that if a claim is not made upon the continuing credit union within thirty days of the last date of publication, creditors' claims that are not known by the continuing credit union may be barred. Unless a claim is filed as requested by the notice, or unless the debt or obligation is known or reasonably should be known by the continuing credit union, the debts and obligations of the merging credit union are discharged. Upon merger, the charter of the merging credit union ceases to exist.

Sec. 41. RCW 31.12.705 and 1994 c 92 s 221 are each amended to read as follows:

(1) A credit union ((chartered under the laws of this state)) may convert ((itself)) into a federal credit union ((chartered under the laws of the United States)) as authorized by the federal credit union act. The conversion ((shall)) must be approved by a two-thirds majority vote of ((the)) those members ((present)) voting at ((any regular or special)) a membership meeting ((called for that purpose by the board. The meeting shall be held within thirty days of being called and the secretary shall notify the members and the director of the meeting and its purpose as provided by the bylaws at least twenty days prior to the meeting)).

(2) If the conversion is approved by the members, a copy of the resolution certified by the board ((shall)) must be filed with the director within ten days of approval. The board may effect the conversion ((from a state chartered credit union to a federal chartered credit union)) upon terms agreed by the board and the ((proper)) federal ((authorities as provided by federal laws, rules, and regulations)) regulator.

(3) A certified copy of the federal credit union charter or authorization issued ((to the credit union)) by the ((proper)) federal ((authority shall)) regulator must be filed ((in)) with the ((director's office)) director and thereupon the ((state chartered)) credit union ceases to exist except for the purpose of winding up its affairs and prosecuting or defending any litigation by or against the ((state chartered)) credit union. For all other purposes, the credit union is converted into a ((federal chartered)) federal credit union and the ((state chartered)) credit union may execute, acknowledge, and deliver to the successor federal credit union the instruments of transfer, conveyance, and assignment that are necessary or desirable to complete the conversion, and the property, tangible or intangible, and all rights, titles, and interests that are agreed to by the board and the ((proper federal authorities)) regulator.

(4) Procedures, similar to those contained in subsections (1) through (3) of this section, prescribed by the director ((shall)) must be followed when a credit union ((chartered under the laws of this state)) merges ((with)) or converts ((to a credit union chartered under the laws of another state)) into an out-of-state or foreign credit union.

Sec. 42. RCW 31.12.715 and 1994 c 92 s 222 are each amended to read as follows:

(1) A federal credit union located and conducting business in this state ((which becomes inactive because of a change in the laws under which it is chartered or which is authorized to dissolve or convert to a state chartered credit union in accordance with federal law)) may convert into a ((state chartered)) credit union organized and operating under this chapter.

(2) The board of the federal credit union shall file with the director proposed articles of incorporation and ((proposed)) bylaws, as provided by this chapter for organizing a new ((state chartered)) credit union. If approved by the director, the ((federal chartered)) federal credit union ((shall)) becomes a ((state chartered)) credit union under the laws of this state, and the assets and liabilities of the federal credit union will vest in and become the property of the successor ((state chartered)) credit union subject to all existing liabilities against the ((federal chartered)) federal credit union. (Shareholders and) Members of the federal credit union may become ((shareholders and)) members of the successor ((state chartered)) credit union.

(3) Procedures, similar to those contained in subsections (1) and (2) of this section, prescribed by the director ((shall)) must be followed when ((a)) an out-of-state or foreign credit union ((chartered

Sec. 43. RCW 31.12.526 and 1994 c 256 s 88 and 1994 c 92 s 205 are each reenacted and amended to read as follows:

(1) An out-of-state or foreign credit union organized and qualified as a credit union in another state which has not had its authority to operate in another state suspended or revoked may operate as a credit union under this chapter if it may not operate a branch in Washington unless:

(a) The director has approved its application to do business in this state;

(b) A credit union organized and permitted to do business in the state or jurisdiction in which the applicant is organized;

(c) The interest rate charged by the applicant on loans made to members residing in this state does not exceed the maximum interest rate permitted in the state or jurisdiction in which the applicant is organized, or exceed the maximum interest rate that a credit union organized and operating under this chapter is permitted to charge on similar loans, whichever is lower;

(d) The applicant has secured surety bond and fidelity bond coverages satisfactory to the director;

(e) The applicant's share and deposit accounts (or its members insurance or other surety satisfaction to the director) are insured under the federal share insurance program or an equivalent share insurance program in compliance with RCW 31.12.039 (as recodified by this act);

(f) The applicant submits to the director an annual examination report of its most recently completed fiscal year;

(g) The applicant has not had its authority to operate in another state or jurisdiction suspended or revoked;

(h) If the applicant is a foreign credit union:

(i) A treaty or agreement between the United States and the jurisdiction where the applicant is organized requires the director to permit the applicant to operate a branch in Washington; and

(ii) The director determines that the applicant has substantially the same characteristics as a credit union organized and operating under this chapter;

(i) The applicant complies with all other provisions of this chapter and rules adopted by the director, except as otherwise permitted by this section.

(2) The director shall deny an application filed under this section or, upon notice and an opportunity for hearing, suspend or revoke the approval of an application, if the director finds that the standards of organization, operation, and regulation of the applicant do not reasonably conform with the standards under this chapter (or that at least fifty percent of the members of the credit union are, or are reasonably expected to be, residents of this state). In considering the standards of organization, operation, and regulation of the applicant, the director may consider the laws of the state in which the applicant is organized. A decision under this subsection may be appealed under chapter 34.05 RCW.

(3) In implementing this section, the director may cooperate with credit union regulators in other states and may share with the regulators the information received in the administration of this chapter.

(4) The director may enter into supervisory agreements with out-of-state and foreign credit unions and their regulators to prescribe the applicable laws governing the powers and authorities of Washington branches of the out-of-state or foreign credit unions. The director may also enter into supervisory agreements with the credit union regulators in other states or jurisdictions to prescribe the applicable laws governing the powers and authorities of out-of-state or foreign branches and other facilities of credit unions.

The agreements may address, but are not limited to, corporate governance and operational matters. The agreements may resolve any conflict of laws, and specify the manner in which examinations, supervision, and application processes must be coordinated with the regulators. The director may adopt rules for the periodic examination and investigation of the affairs of an out-of-state or foreign credit union operating in this state. The costs of examination and supervision must be fully borne by the out-of-state or foreign credit union.
Sec. 44. RCW 31.12.725 and 1994 c 92 s 223 are each amended to read as follows:
(1) At a special board meeting (specially) called for the purpose of liquidation, and upon the recommendation of at least two-thirds of the total members of the board of a credit union, the members of a credit union may elect to liquidate the credit union by a two-thirds majority vote of (the) those members (present elect to liquidate the credit union) voting.
(2) Upon a vote to liquidate under subsection (1) of this section, a three-person liquidating committee ((of three shall)) must be elected to liquidate the assets of the credit union. The committee shall act ((under the direction)) in accordance with any requirements of the director and may be reasonably compensated by the board of the credit union. Each share ((of)) account holder and depositor at the credit union ((shall be)) is entitled to his, her, or its proportionate part of the assets in liquidation after all shares, deposits, and debts have been paid. The proportionate allocation shall be based on account balances as of a date determined by the board. For the purposes of liquidation, shares and deposits are equivalent. The assets of the liquidating credit union ((shall)) are not ((be)) subject to contingent liabilities. Upon distribution of the assets, the credit union ((shall)) ceases to exist except for the purpose of discharging existing liabilities and obligations.
(3) Funds representing unclaimed dividends in liquidation and remaining in the hands of the liquidating committee for six months after the date of the final dividend ((shall)) must be deposited, together with all the books and papers of the credit union, with the director. The director may, one year after receipt, destroy such records, books, and papers as, in the director's judgment, are obsolete or unnecessary for future reference. The funds may be deposited in one or more (trust companies, mutual savings banks, savings and loan associations, or national or state banks) financial institutions to the credit of the director, in trust for the members of the (liquidating) credit union entitled to the funds. The director may pay ((to)) a (person entitled to it that person's) portion of the funds to a person upon ((the)) receipt of satisfactory evidence that the person is entitled to ((a portion of)) the funds. In case of doubt or ((of)) conflicting claims, the director may require an order of the superior court of the county in which the principal place of business of the credit union was located, authorizing and directing the payment of the funds. The director may apply the interest earned by the funds toward defraying the expenses incurred in the holding and paying of the funds. Five years after the receipt of the funds, the funds still remaining with the director ((shall)) must be (escheated) remitted to the state as unclaimed property.

Sec. 45. RCW 31.12.516 and 1994 c 92 s 204 are each amended to read as follows:
(1) The powers of supervision and examination of credit unions and other persons subject to this chapter and chapters 31.12A and 31.13 RCW are vested in the director. The director shall require each credit union to conduct business in compliance with this chapter and other laws that apply to credit unions, and has the power to commence and prosecute actions and proceedings, to enjoin violations, and to collect sums due the state of Washington from a credit union (authorized to conduct business under this chapter).
(2) The director may adopt such rules as are reasonable or necessary to carry out the purposes of this chapter and chapters 31.12A and 31.13 RCW. Chapter 34.05 RCW will, whenever applicable, govern the rights, remedies, and procedures respecting the administration of this chapter.
(3) The director shall have the power and broad administrative discretion to administer and interpret the provisions of this chapter and chapters 31.12A and 31.13 RCW, to facilitate the delivery of financial services to the members of a credit union.
(4) The director may charge fees to credit unions and other persons subject to this chapter and chapters 31.12A and 31.13 RCW, in order to cover the costs of the operation of the division of credit unions, and to establish a reasonable reserve for the division. The director may waive all or a portion of such fees.

Sec. 46. RCW 31.12.545 and 1994 c 92 s 207 are each amended to read as follows:
(1) The director shall make an examination and (full) investigation into the affairs of each credit union at least once every eighteen months, unless the director determines with respect to a credit union, that a less frequent examination schedule will satisfactorily protect the financial stability of the credit union and will satisfactorily assure compliance with the provisions of this chapter. (The actual cost of examination and supervision shall be paid by the credit union examined. The director may waive all or a portion of the examination costs payable by the credit union, in light of the time and expense of the examination and the ability of the credit union to pay the costs. The examination costs...
with respect to the first examination of a credit union with assets under two hundred thousand dollars shall not be payable by that credit union.)

(2) The director may accept in lieu of an examination under subsection (1) of this section the report of an examiner authorized to examine (an out-of-state, federal, or foreign credit union ((under the laws of the United States or another state)), or the report of an accountant, satisfactory to the director, who has made and submitted a report of the condition of the affairs of a credit union ((and, if approved)). The director may accept such a report in lieu of part or all of an examination. If accepted, the report ((shall have)) has the same force and effect as an examination under subsection (1) of this section.

(3) Communications from the director to the board of a credit union regarding an examination or report shall be read before the board at its first meeting following the receipt of the communication and the fact that the communication was read before the board shall be noted in the minutes of the meeting. The board shall promptly respond to the director either by stating that steps have been taken to comply with the communication or by stating that the board objects to the communication and stating the reasons for the objection.)

Sec. 47. RCW 31.12.555 and 1994 c 256 s 89 and 1994 c 92 s 208 are each reenacted and amended to read as follows:

(1) The director may examine the affairs of:
(a) A credit union service organization in which a credit union has an interest; (b) A person ((or an entity)) that is not a credit union, out-of-state credit union, federal credit union, or foreign credit union, and that has an interest in a credit union service organization in which a credit union has an interest ((is deemed to have consented to the examination. For the purposes of this section and RCW 31.12.565, a sole proprietorship, partnership, or corporation that is primarily in the business of managing one or more credit unions shall be considered to be a credit union service organization)); and (c) A sole proprietorship or organization primarily in the business of managing one or more credit unions.

(2) Persons subject to examination under this section are deemed to have consented to the examination.

(3) The director will establish the appropriate frequency of regular examinations under this section, but no more frequently than once every eighteen months. The cost of the examinations will be borne fully by the person examined.

Sec. 48. RCW 31.12.565 and 1994 c 256 s 90 and 1994 c 92 s 209 are each reenacted and amended to read as follows:

(1) The following are confidential and privileged and not subject to public disclosure under chapter 42.17 RCW:
(a) Examination reports and information obtained by the ((director's staff)) director in conducting examinations ((of credit unions and credit union service organizations which are confidential and privileged information and not subject to public disclosure under chapter 42.17 RCW)) and investigations under this chapter and chapters 31.12A and 31.13 RCW; (b) Examination reports and related information from other financial institution regulators obtained by the director; and (c) Business plans and other proprietary information obtained by the director in connection with a credit union’s application or notice to the director.

(2) Notwithstanding subsection (1) of this section, the director may furnish examination reports prepared by the ((director's office)) director to:
(a) Federal agencies empowered to examine ((state chartered)) credit unions; (b) Officials empowered to investigate criminal charges. The director may furnish only that part of the report which is necessary and pertinent to the investigation, and only after notifying the affected credit union and members of the credit union who are named in that part of the examination report, or other person examined, that the report is being furnished to the officials, unless the officials requesting the report obtain a waiver of the notice requirement for good cause from a court of competent jurisdiction; (c) The examined credit union or other person examined, solely for its confidential use; (d) The attorney general in his or her role as legal advisor to the director;
(e) Prospective merger partners or conservators, receivers, or liquidating agents of a distressed credit union;

(f) Credit union (administrators) regulators in other states or jurisdictions regarding an out-of-state (chartered) or foreign credit union (doing) conducting business in this state under this chapter, or regarding a credit union (chartered under this chapter doing) conducting business in (another) the other state or jurisdiction;

(g) A person (or organization) officially connected with the credit union or other person examined, as officer, director, supervisory committee member, attorney, auditor, accountant, independent attorney, independent auditor, or independent accountant;

(h) Organizations that have bonded the credit union to the extent that information is relevant to the renewal of the bond coverage or to a claim under the bond coverage;

(i) Organizations insuring or guaranteeing the shares of, or deposits in, the credit union; or

(j) Other persons (or organizations) as the director may determine necessary to protect the public interest and confidence.

(3) Examination reports furnished under subsection (2) of this section remain the property of the director and no person, agency, or authority to whom reports are furnished or any officer, director, or employee thereof may disclose or make public the reports or information contained in the reports except in published statistical information that does not disclose the affairs of a person, except that nothing prevents the use in a criminal prosecution of reports furnished under subsection (2)(b) of this section.

(4) In a civil action in which the reports or information are sought to be discovered or used as evidence, a party upon notice to the director, may petition the court for an in-camera review of the reports or information. The court may permit discovery and introduction of only those portions of the report or information which are relevant and otherwise unobtainable by the requesting party. This subsection does not apply to an action brought or defended by the director.

(5) This section does not apply to investigation reports prepared by the director concerning an application for a new credit union or a notice of intent to establish or relocate a branch of a credit union, except that the director may adopt rules making portions of the reports confidential, if in the director’s opinion the public disclosure of that portion of the report would impair the ability to obtain information the director considers necessary to fully evaluate the application.

(6) Any person who knowingly violates a provision of this section is guilty of a gross misdemeanor.

NEW SECTION.  Sec. 49. A new section is added to chapter 31.12 RCW to read as follows:
A credit union shall make at least two regular reports each year to the director showing the assets and liabilities of the credit union. Each report must be certified by the principal operating officer of the credit union. The director shall designate the form, the due dates of, and the period covered by the reports.

NEW SECTION.  Sec. 50. A new section is added to chapter 31.12 RCW to read as follows:
Credit unions will comply with the provisions of generally accepted accounting principles as identified by rule of the director. In adopting rules to implement this section, the director shall consider, among other relevant factors, whether to transition small credit unions to generally accepted accounting principles over a period of time.

Sec. 51. RCW 31.12.215 and 1994 c 92 s 190 are each amended to read as follows:
A credit union desiring to establish a branch shall submit to the director a notice of intent to establish a branch (on a form provided by the director) at least thirty days before conducting business at the branch.

Sec. 52. RCW 31.12.575 and 1994 c 92 s 210 are each amended to read as follows:
(1) The director may suspend a director or the principal operating officer of a credit union if, in the opinion of the director, the director or principal operating officer is dishonest, inefficient, incompetent, is willfully disobeying orders of the director, or is in any way violating this chapter or the
bys of the credit union. The director shall give prompt notice of and the reasons for the suspension
to the board of the affected credit union.

(2) Unless the director specifically provides otherwise in the order of suspension, an order of
suspension shall take effect immediately. The suspended person shall be prohibited from all aspects of
the operation of the credit union. The suspended person shall be barred from the credit union premises
and shall surrender the possession of all property and records of the credit union. A person who
knowingly violates an order of suspension or who knowingly aids in the violation of an order of
suspension shall be guilty of a gross misdemeanor.

(3) Upon receipt of the notice of suspension, the board shall within twenty days call a meeting
of its members to consider the causes of the suspension. The board shall give at least seven days' notice
of the time and place of the meeting to the director unless the director agrees to accept shorter notice.
If the board finds the director's objection to be well founded, the board shall remove the suspended
person immediately.

(4) If the board fails to remove the suspended person as provided in subsection (3) of this
section, the director may remove that person after reasonable notice and an opportunity to be heard
under chapter 34.05 RCW. The suspension shall remain in effect for twenty days after the board
meeting at which the board considers the suspension, during which time the director may call a hearing
under this subsection. If the director calls a hearing, the suspension shall remain in effect until the time
of the hearing. The director may serve a credit union director, supervisory committee member,
officer, or employee with written notice of the director's intent to remove the person from office or to
prohibit the person from participating in the conduct of the affairs of the credit union whenever, in the
opinion of the director:

(a) The person has committed a material violation of law or an unsafe or unsound practice;
(b)(i) The credit union has suffered or is likely to suffer substantial financial loss or other
damage; or
(ii) The interests of the credit union's share account holders and depositors could be seriously
prejudiced by reason of the violation or practice; and
(c) The violation or practice involves personal dishonesty, recklessness, or incompetence.

(2) The notice must contain a statement of the facts constituting the alleged violation or practice
and must fix a time and place at which a hearing will be held to determine whether a removal or
prohibition order should be issued against the person. The hearing must be set not earlier than ten days
nor later than thirty days after service of the notice, unless a later date is set by the director at the
request of any of the parties.

Unless the person appears at the hearing, the person will be deemed to have consented to the
issuance of the removal or prohibition order. In the event of this consent, or if upon the record made at
the hearing the director finds that any violation or practice specified in the notice of intention has been
established, the director may issue and serve upon the person an order removing the person from office or
an order prohibiting the person from participating in the conduct of the affairs of the credit union.

(3) A removal order or prohibition order becomes effective at the expiration of ten days after
the service of the order upon the person, except that a removal order or prohibition order issued upon
consent becomes effective at the time specified in the order. An order remains effective unless it is
stayed, modified, terminated, or set aside by action of the director or a reviewing court.

Sec. 53. RCW 31.12.585 and 1994 c 92 s 211 are each amended to read as follows:

(1) The director may issue and serve ( upon )) a credit union with a notice of charges if, in the
opinion of the director, the credit union has committed or is about to commit:

(a) (Is engaging or has engaged in an unsafe or unsound practice in conducting the business of
the credit union;)) A material violation of law; or
(b) (Is violating or has violated a material provision of any law, rule, or any condition
imposed in writing by the director in connection with the granting of any application or other request
by the credit union or any written agreement made with the director; or
(c) Is about to do the acts prohibited in (a) or (b) of this subsection if the opinion that the threat
exists is based upon reasonable cause.) An unsafe or unsound practice.

(2) The notice ( shall)) must contain a statement of the facts constituting the alleged violation or
the practice and ( shall)) must fix a time and place at which a hearing will be held to determine whether
an order to cease and desist should issue against the credit union. The hearing ( shall)) must be set not
earlier than ten days nor later than thirty days after service of the notice, unless a later date is set by the director at the request of the credit union or any of the parties.

Unless the credit union appears at the hearing by a duly authorized representative, it shall be deemed to have consented to the issuance of the cease and desist order. In the event of this consent, or if upon the record made at the hearing the director finds that any violation or practice specified in the notice of charges has been established, the director may issue and serve upon the credit union an order to cease and desist from the violation or practice. The order may require the credit union and its directors, supervisory committee members, officers, employees, and agents to cease and desist from the violation or practice and may require the credit union to take affirmative action to correct the conditions resulting from the violation or practice.

(3) A cease and desist order (as provided therein) unless it is stayed, modified, terminated, or set aside by action of the director or a reviewing court.

Sec. 54. RCW 31.12.595 and 1994 c 92 s 212 are each amended to read as follows:

If the director determines that the (as recodified by this act) is likely to cause an unsafe or unsound condition at the credit union, the director may issue a temporary order requiring the credit union to cease and desist from the violation or practice. The order (as recodified by this act) pending the completion of the administrative proceedings under the notice and until the director dismisses the charges specified in the notice or until the effective date of a cease and desist order issued against the credit union under RCW 31.12.585 (as recodified by this act).

Sec. 55. RCW 31.12.605 and 1984 c 31 s 62 are each amended to read as follows:

Within ten days after a credit union has been served with a temporary cease and desist order, the credit union may apply to the superior court in the county of its principal place of business for an injunction setting aside, limiting, or suspending the order pending the completion of the administrative proceedings under RCW 31.12.585 (as recodified by this act). The superior court (as recodified by this act) has jurisdiction to issue the injunction.

Sec. 56. RCW 31.12.625 and 1994 c 92 s 214 are each amended to read as follows:

(1) An administrative hearing provided for in RCW 31.12.575 or 31.12.585 (as recodified by this act) may be held at such place as is designated by the director and must be conducted in accordance with chapter 34.05 RCW. The hearing shall be private unless the director determines that a public hearing is necessary to protect the public interest after fully considering the views of the party afforded the hearing.

(2) Within sixty days after the hearing, the director shall render a decision which includes findings of fact upon which the decision is based. The director shall issue and serve upon each party to the proceeding an order or orders consistent with RCW 31.12.575 or 31.12.585 (as recodified by this act).

(3) Unless a petition for review is timely filed in the superior court of the county in which the principal place of business of the credit union is located, and until the record in the proceeding has been filed as provided therein, the director may at any time modify, terminate, or set aside any order upon such notice and in such manner as the director may deem proper. Upon filing the record, the director may modify, terminate, or set aside an order only with the permission of the court or the party or parties to the proceeding.

The judicial review provided in this section will be exclusive for orders issued under RCW 31.12.575 and 31.12.585 (as recodified by this act).

(4) Any party to the proceeding, or any person subject to an order, temporary order, or injunction issued under RCW 31.12.575, 31.12.585, 31.12.595, or 31.12.615 (as recodified by this act), may obtain a review of any order issued and served under subsection (1) of this section, other than an order issued upon consent, by filing a written petition requesting that the order be modified,
terminated, or set aside, in the superior court of the county in which the principal place of business of the affected credit union is located. The petition must be filed within ten days after the date of service of the order. A copy of the petition must be immediately served upon the director and the director must then file the record of the proceeding in court. The court has jurisdiction, upon the filing of the petition, to affirm, modify, terminate, or set aside, in whole or in part, the order of the director. The jurisdiction of the court becomes exclusive upon the filing of the record. However, the director may modify, terminate, or set aside the order with the permission of the court. The judgment and decree of the court is final subject to appellate review under the rules of the court.

(5) The commencement of proceedings for judicial review under subsection (4) of this section may not operate as a stay of any order issued by the director unless specifically ordered by the court.

(6) Service of any notice or order required to be served under RCW 31.12.575, 31.12.585, or 31.12.595 (as recodified by this act), must be accomplished in the same manner as required for the service of process in civil actions in superior courts of this state.

NEW SECTION. Sec. 57. A new section is added to chapter 31.12 RCW to read as follows:

The director may apply to the superior court of the county in which the principal place of business of the affected credit union is located for the enforcement of any effective and outstanding order issued under RCW 31.12.575, 31.12.585, 31.12.595, and 31.12.615 (as recodified by this act), and the court has jurisdiction to order compliance therewith. No court has jurisdiction to affect by injunction or otherwise the issuance or enforcement of any such order, or to review, modify, suspend, terminate, or set aside any such order, except as provided in RCW 31.12.605, 31.12.615, and 31.12.625 (as recodified by this act).

Sec. 58. RCW 31.12.655 and 1994 c 92 s 216 are each amended to read as follows:

The director may request a special meeting of the board of a credit union if the director believes that a special meeting is necessary for the welfare of the credit union or the purposes of this chapter. The director’s request for a special board meeting (shall) must be made in writing to the secretary of the board and the request (shall) must be handled in the same manner as a call for a special meeting under RCW 31.12.195 (as recodified by this act). The director may require the attendance of all of the directors (of the board) at the special board meeting, and an absence (of a director) unexcused by the director constitutes a violation of this chapter.

Sec. 59. RCW 31.12.665 and 1994 c 92 s 217 are each amended to read as follows:

(1) The director may attend a (regular or special) meeting of the board of a credit union if the director believes that attendance at the meeting is necessary for the welfare of the credit union or the purposes of this chapter, or if the board has requested the director’s attendance. The director shall provide reasonable notice to the board before attending a meeting.

(2) A communication from the director to the board shall upon the request of the director be read to the board at its next meeting and the fact that the communication was read shall be noted in the minutes.

NEW SECTION. Sec. 60. A new section is added to chapter 31.12 RCW to read as follows:

The director may place a credit union under supervisory direction in accordance with sections 61 through 63 of this act, appoint a conservator for a credit union in accordance with sections 64 through 67 of this act, appoint a liquidating agent for a credit union in accordance with RCW 31.12.675 and 31.12.685 (as recodified by this act), or appoint a receiver for a credit union in accordance with sections 70 through 86 of this act, if the credit union:

(1) Consents to the action;
(2) Has failed to comply with the requirements of the director while the credit union is under supervisory direction;
(3) Has committed or is about to commit a material violation of law or an unsafe or unsound practice, and such violation or practice has caused or is likely to cause an unsafe or unsound condition at the credit union; or
(4) Is in an unsafe or unsound condition.

NEW SECTION. Sec. 61. A new section is added to chapter 31.12 RCW to read as follows:
As authorized by section 60 of this act, the director may determine to place a credit union under supervisory direction. Upon such a determination, the director shall notify the credit union in writing of:

(a) The director's determination; and
(b) Any requirements that must be satisfied before the director shall terminate the supervisory direction.

The credit union must comply with the requirements of the director as provided in the notice. If the credit union fails to comply with the requirements, the director may appoint a conservator, liquidating agent, or receiver for the credit union, in accordance with this chapter. The director may appoint a representative to supervise the credit union during the period of supervisory direction.

All costs incident to supervisory direction will be a charge against the assets of the credit union to be allowed and paid as the director may determine.

NEW SECTION. Sec. 62. A new section is added to chapter 31.12 RCW to read as follows:
During the period of supervisory direction, the director may prohibit the credit union from engaging in any of the following acts without prior approval:

(6) Incurring any debt, obligation, or liability.

NEW SECTION. Sec. 63. A new section is added to chapter 31.12 RCW to read as follows:
During the period of supervisory direction, the credit union may request the director to review an action taken or proposed to be taken by the representative, specifying how the action is not in the best interests of the credit union. The request stays the action, pending the director's review of the request.

NEW SECTION. Sec. 64. A new section is added to chapter 31.12 RCW to read as follows:
(1) As authorized by section 60 of this act, the director may, upon due notice and hearing, appoint a conservator for a credit union. The director may appoint himself or herself or another qualified party as conservator of the credit union. The conservator shall immediately take charge of the credit union and all of its property, books, records, and effects.
(2) The conservator shall conduct the business of the credit union and take such steps toward the removal of the causes and conditions that have necessitated the appointment of a conservator, as the director may direct. The conservator is authorized to, without limitation:
(a) Take all necessary measures to preserve, protect, and recover any assets or property of the credit union, including any claim or cause of action belonging to or which may be asserted by the credit union, and administer the same in his or her own name as conservator; and
(b) File, prosecute, and defend any suit that has been filed or may be filed by or against the credit union that is deemed by the conservator to be necessary to protect all of the interested parties or a property affected thereby.

The conservator shall make such reports to the director from time to time as may be required by the director.
(3) All costs incident to conservatorship will be a charge against the assets of the credit union to be allowed and paid as the director may determine.
(4) If at any time the director determines that the credit union is not in condition to continue business under the conservator in the interest of its share account holders, depositors, or creditors, and grounds exist under section 60 of this act, the director may proceed with appointment of a liquidating agent or receiver in accordance with this chapter.

NEW SECTION. Sec. 65. A new section is added to chapter 31.12 RCW to read as follows:
During the period of conservatorship, the credit union may request the director to review an action taken or proposed to be taken by the conservator, specifying how the action is not in the best interest of the credit union. The request stays the action, pending the director's review of the request.
NEW SECTION. Sec. 66. A new section is added to chapter 31.12 RCW to read as follows:
Any suit filed against a credit union or its conservator, during the period of conservatorship, must be brought in the superior court of Thurston county. A conservator for a credit union may file suit in any superior court or other court of competent jurisdiction against any person for the purpose of preserving, protecting, or recovering any asset or property of the credit union, including, but not limited to, any claims or causes of action belonging to or asserted by the credit union.

NEW SECTION. Sec. 67. A new section is added to chapter 31.12 RCW to read as follows:
The conservator shall serve until the purposes of the conservatorship have been accomplished. If rehabilitated, the credit union must be returned to management or new management under such conditions as the director may determine.

Sec. 68. RCW 31.12.675 and 1994 c 92 s 218 are each amended to read as follows:
(1) (The articles of incorporation may be suspended or revoked, the credit union placed in involuntary liquidation, and a liquidating agent appointed upon a finding by the director that the credit union is insolvent.
(2) Except as otherwise provided in this chapter), (As authorized by section 60 of this act, the director may appoint a liquidating agent for a credit union. Before appointing a liquidating agent, the director (before suspending or revoking the articles of incorporation of a credit union and placing the credit union in liquidation) shall issue and serve notice on the credit union (concerned of the intention to suspend or revoke the articles and) an order directing the credit union to show cause why its articles of incorporation should not be suspended or revoked, in accordance with chapter 34.05 RCW.

(3) (If the (directors find that the credit union is insolvent and the) credit union fails to adequately show cause, the (articles of incorporation shall be suspended or revoked and the credit union placed in involuntary liquidation. The) director shall serve ((on)) the credit union with an order directing the suspension or revocation (and an order directing the) of the articles of incorporation, placing the credit union in involuntary liquidation (and appointment of), appointing a liquidating agent under this section and RCW 31.12.685 (as recodified by this act), and providing a statement of the findings on which the order is based.

(4) (The suspension or revocation (shall)) must be immediate and complete. Once the articles of incorporation are suspended or revoked, the credit union shall cease conducting business. The credit union may not accept any payment (to share) or deposit((s)) accounts, may not grant or pay out any new or previously approved loans, may not invest any of its assets, and may not declare or pay out any previously declared dividends. The liquidating agent of a credit union whose articles have been suspended or revoked may accept payments on loans previously paid out and may accept income from investments already made.

Sec. 69. RCW 31.12.685 and 1994 c 92 s 219 are each amended to read as follows:
(1) (The director shall designate the liquidating agent in the order directing the involuntary liquidation of the credit union under RCW 31.12.675.) On receipt of the order placing the credit union in involuntary liquidation, the officers and directors of the credit union ((concerned)) shall deliver to the liquidating agent possession and control of all books, records, assets, and property of the credit union.

(2) The liquidating agent shall proceed to convert the assets to cash, collect all debts due to the credit union and wind up its affairs in accordance with the instructions and procedures issued by the director. If a liquidating agent agrees to absorb and serve the membership of (a distressed) the credit union, the director may approve a pooling of assets and liabilities rather than a distribution of assets.

(3) Each share account holder and depositor at the credit union is entitled to a proportionate allocation of the assets in liquidation after all shares, deposits, and debts have been paid.

The proportionate allocation shall be based on account balances as of a date determined by the board. For the purposes of liquidation, shares and deposits are equivalent.

(4) The liquidating agent shall cause a notice of liquidation to be published (notice of liquidation) once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the credit union is located. The notice of liquidation (shall) must inform creditors of the (credit union) credit union on how to make a claim
upon the liquidating agent and that if a claim is not made upon the liquidating agent within thirty days of the last date of publication, the creditor’s claim is barred. The liquidating agent shall provide personal notice of liquidation to the creditors of record informing them that if they fail to make a claim upon the liquidating agent within thirty days of the service of the notice, the creditor’s claim is barred. If a creditor fails to make a claim upon the liquidating agent within the times required to be specified in the notices of liquidation, the creditor’s claim is barred. All contingent liabilities of the credit union are discharged upon the director’s order to liquidate the credit union. The liquidating agent shall, upon completion, certify to the director that the distribution or pooling of assets of the credit union is complete.

NEW SECTION, Sec. 70. A new section is added to chapter 31.12 RCW to read as follows:
As authorized by section 60 of this act, the director may without prior notice appoint a receiver to take possession of a credit union. The director may appoint the national credit union administration or other qualified party as receiver. Upon appointment, the receiver is authorized to act without bond. Upon acceptance of the appointment, the receiver shall have and possess all the powers and privileges provided by the laws of this state with respect to the receivership of a credit union, and be subject to all the duties of and restrictions applicable to such a receiver, except to such powers, privileges, duties, or restrictions are in conflict with any applicable provision of the federal credit union act.
Upon taking possession of the credit union, the receiver shall give written notice to the directors of the credit union and to all persons having possession of any assets of the credit union. No person with knowledge of the taking of possession by the receiver shall have a lien or charge for any payment advanced, clearance made, or liability incurred against any of the assets of the credit union, after the receiver takes possession, unless approved by the receiver.

NEW SECTION, Sec. 71. A new section is added to chapter 31.12 RCW to read as follows:
Within ten days after the receiver takes possession of a credit union’s assets, the credit union may serve notice upon the receiver to appear before the superior court of the county in which the principal place of business of the credit union is located and at a time to be fixed by the court, which may not be less than five or more than fifteen days from the date of the service of the notice, to show cause why the credit union should not be restored to the possession of its assets.
The court shall summarily hear and dismiss the complaint if it finds that the receiver was appointed for cause. However, if the court finds that no cause existed for appointment of the receiver, the court shall require the receiver to restore the credit union to possession of its assets and enjoin the director from further appointment of a receiver for the credit union without cause.

NEW SECTION, Sec. 72. A new section is added to chapter 31.12 RCW to read as follows:
Upon taking possession of a credit union, the receiver shall proceed to collect the assets of the credit union and preserve, administer, and liquidate its business and assets.
With the approval of the Thurston county superior court or the superior court of the county in which the principal place of business of the credit union is located, the receiver may sell, compound, or compromise bad or doubtful debts, and upon such terms as the court may direct, borrow, mortgage, pledge, or sell all or any part of the real and personal property of the credit union. The receiver may deliver to each purchaser or lender an appropriate deed, mortgage, agreement of pledge, or other instrument of title or security. The receiver may employ an attorney or other assistants to assist in carrying out the receivership, subject to such surety bond as the director may require. The premium for any such bond must be paid out of the assets of the credit union.
In carrying out the receivership, the receiver may without limitation arrange for the merger or consolidation of the credit union in receivership with another credit union, out-of-state credit union, or federal credit union, or may arrange for the purchase of the credit union’s assets and the assumption of its liabilities by such a credit union, in whole or in part, or may arrange for such a transaction with another type of financial institution as may be otherwise permitted by law. The receiver shall give preference to transactions with a credit union or a federal credit union that has its principal place of business in this state.

NEW SECTION, Sec. 73. A new section is added to chapter 31.12 RCW to read as follows:
The receiver shall publish once a week for four consecutive weeks in a newspaper of general circulation in the county where the credit union’s principal place of business is located, a notice
requiring all persons having claims against the credit union to file proof of claim not later than ninety
days from the date of the first publication of the notice. The receiver shall mail similar notices to all
persons whose names appear as creditors upon the books of the credit union. The assets of the credit
union are not subject to contingent claims.

After the expiration of the time fixed in the notice, the receiver has no power to accept any
claim except the claim of a depositor or share account holder, and all other claims are barred. Claims
of depositors or share account holders may be presented after the expiration of the time fixed in the
notice and may be approved by the receiver. If such a claim is approved, the depositor or share account
holder is entitled to its proportion of prior liquidation dividends, if sufficient funds are available for it,
and will share in the distribution of the remaining assets.

The receiver may approve or reject any claim, but shall serve notice of rejection upon the
claimant by mail or personally. An affidavit of service of the notice of rejection will serve as prima
facie evidence that notice was given. No action may be brought on any claim after three months from
the date of service of the notice of rejection.

**NEW SECTION. Sec. 74.** A new section is added to chapter 31.12 RCW to read as follows:
Upon taking possession of the credit union, the receiver shall make an inventory of the assets
and file the list in the office of the county clerk. Upon the expiration of the time fixed for the
presentation of claims, the receiver shall make a list of claims presented, segregating those approved
and those rejected, to be filed in the office of the county clerk. The receiver shall also make and file
with the office of the county clerk a supplemental list of claims at least fifteen days before the
declaration of any liquidation dividend, and in any event at least every six months.

Objection may be made by any interested person to any claim approved by the receiver. Objections
to claims approved by the receiver will be resolved by the court after providing notice to
both the claimant and objector, as the court may prescribe.

**NEW SECTION. Sec. 75.** A new section is added to chapter 31.12 RCW to read as follows:
All expenses incurred by the receiver in relation to the receivership of a credit union,
including, but not limited to, reasonable attorneys' fees, become a first charge upon the assets of the
credit union. The charges shall be fixed and determined by the receiver, subject to the approval of the
court.

**NEW SECTION. Sec. 76.** A new section is added to chapter 31.12 RCW to read as follows:
At any time after the expiration of the date fixed for the presentation of claims, the receiver,
subject to the approval of the court, may declare one or more liquidation dividends out of the funds
remaining after the payment of expenses.

**NEW SECTION. Sec. 77.** A new section is added to chapter 31.12 RCW to read as follows:
When all expenses of the receivership have been paid, as well as all proper claims of share
account holders, depositors, and other creditors, and proper provision has been made for unclaimed or
unpaid debts and liquidation dividends, and assets of the credit union still remain, the receiver shall
wind up the affairs of the credit union and distribute its assets to those entitled to them. Each share
account holder and depositor at the credit union is entitled to a proportionate share of the assets
remaining. The proportionate allocation shall be based on account balances as of a date determined by
the board. For the purposes of liquidation, shares and deposits are equivalent.

**NEW SECTION. Sec. 78.** A new section is added to chapter 31.12 RCW to read as follows:
Any liquidation dividends to share account holders, depositors, or other creditors of the credit
union remaining uncalled for and unpaid in the hands of the receiver for six months after the order of
final distribution, must be deposited in a financial institution to each share account holder's,
depositor's, or creditor's credit. The funds must be held in trust for the benefit of the persons entitled
to the funds and, subject to the supervision of the court, must be paid by the receiver to them upon
presentation of satisfactory evidence of their right to the funds.

**NEW SECTION. Sec. 79.** A new section is added to chapter 31.12 RCW to read as follows:
(1) The receiver shall inventory, package, and seal uncalled for and unclaimed personal
property left with the credit union, including, but not limited to, property held in safe deposit boxes,
and arrange for the packages to be held in safekeeping. The credit union, its directors and officers, and the receiver, shall be relieved of responsibility and liability for the property held in safekeeping. The receiver shall promptly send to each person in whose name the property stood on the books of the credit union, at the person's last known address, a registered letter notifying the person that the property will be held in the person's name for a period of not less than two years.

(2) After the expiration of two years from the date of mailing the notice, the receiver shall promptly send to each person in whose name the property stood on the books of the credit union, at the person's last known address, a registered letter providing notice of sale. The letter must indicate that the receiver will sell the property set out in the notice, at a public auction at a specified time and place, not less than thirty days after the date of mailing the letter. The receiver may sell the property unless the person, prior to the sale, presents satisfactory evidence of the person's right to the property. A notice of the time and place of the sale must be published once within ten days prior to the sale in a newspaper of general circulation in the county where the sale is to be held.

(3) Any property, for which the address of the owner or owners is not known, may be sold at public auction after it has been held by the receiver for two years. A notice of the time and place of the sale must be published once within ten days prior to the sale in a newspaper of general circulation in the county where the sale is to be held.

(4) Whenever the personal property left with the credit union consists either wholly or in part, of documents, letters, or other papers of a private nature, the documents, letters, or papers may not be sold, but must be retained by the receiver and may be destroyed after a period of five years.

NEW SECTION. Sec. 80. A new section is added to chapter 31.12 RCW to read as follows:

The proceeds of the sale less any amounts for costs and charges incurred in safekeeping and sale must be deposited by the receiver in a financial institution, in trust for the benefit of the person entitled to the property. The sale proceeds must be paid by the receiver to the person upon presentation of satisfactory evidence of the person's right to the funds.

NEW SECTION. Sec. 81. A new section is added to chapter 31.12 RCW to read as follows:

Upon the completion of a receivership through merger, purchase of assets and assumption of liabilities, or liquidation, the director shall terminate the credit union's authority to conduct business and certify that fact to the secretary of state. Upon certification, the credit union shall cease to exist and the secretary of state shall note that fact upon his or her records.

NEW SECTION. Sec. 82. A new section is added to chapter 31.12 RCW to read as follows:

If at any time after a receiver is appointed, the director determines that all material deficiencies at the credit union have been corrected, and that the credit union is in a safe and sound condition to resume conducting business, the director may terminate the receivership and permit the credit union to reopen upon such terms and conditions as the director may prescribe. Before being permitted to reopen, the credit union must pay all of the expenses of the receiver.

NEW SECTION. Sec. 83. A new section is added to chapter 31.12 RCW to read as follows:

The receiver or director, as appropriate, may at any time after the expiration of one year from the order of final distribution, or from the date when the receivership has been completed, destroy any of the remaining files, records, documents, books of account, or other papers of the credit union that appear to be obsolete or unnecessary for future reference as part of the receivership files.

NEW SECTION. Sec. 84. A new section is added to chapter 31.12 RCW to read as follows:

The pendency of any proceedings for judicial review of the appointment of a receiver may not operate to prevent the payment or acquisition of the share and deposit liabilities of the credit union by the national credit union administration or other insurer or guarantor of the share and deposit liabilities of the credit union. During the pendency of the proceedings, the receiver shall make credit union facilities, books, records, and other relevant credit union data available to the insurer or guarantor as may be necessary or appropriate to enable the insurer or guarantor to pay out or to acquire the insured or guaranteed share and deposit liabilities of the credit union. The national credit union administration and any other insurer or guarantor of the credit union's share and deposit liabilities, together with their directors, officers, agents, and employees, and the director and receiver and their agents and
employees, will be free from liability to the credit union, its directors, members, and creditors, for or on account of any action taken in connection with the receivership.

**NEW SECTION, Sec. 85.** A new section is added to chapter 31.12 RCW to read as follows:
No receiver may be appointed by any court for any credit union, except that a court otherwise having jurisdiction may in case of imminent necessity appoint a temporary receiver to take possession of and preserve the assets of the credit union. Immediately upon appointment, the clerk of the court shall notify the director in writing of the appointment and the director shall appoint a receiver to take possession of the credit union and the temporary receiver shall upon demand surrender possession of the assets of the credit union to the receiver. The receiver may in due course pay the temporary receiver out of the assets of the credit union, subject to the approval of the court.

**NEW SECTION, Sec. 86.** A new section is added to chapter 31.12 RCW to read as follows:
Every transfer of a credit union's property or assets, and every assignment by a credit union for the benefit of creditors, made in contemplation of insolvency, or after it has become insolvent, to intentionally prefer one creditor over another, or to intentionally prevent the equal distribution of its property and assets among its creditors, is void. Every credit union director, officer, or employee making any such transfer is guilty of a felony.

An officer, director, or employee of a credit union who fraudulently receives any share or deposit on behalf of the credit union, knowing that the credit union is insolvent, is guilty of a felony.

**Sec. 87.** RCW 31.12.635 and 1994 c 92 s 215 are each amended to read as follows:

(c) To knowingly exhibit a false or fictitious paper, instrument, or security to a person authorized to examine a credit union.
((2))) A violation of this (section) subsection is a class C felony under chapter 9A.20 RCW.

SSB 5028 Prime Sponsor, Committee on Government Operations: Modifying county treasury management. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.50.030 and 1983 c 303 s 18 are each amended to read as follows:

If on the first day of January in any year, two installments of any local improvement assessment are delinquent, or if the final installment thereof has been delinquent for more than one year, the city or town shall proceed with the foreclosure of the delinquent assessment or delinquent installments thereof by proceedings brought in its own name in the superior court of the county in which the city or town is situate.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the tax rolls of the county assessor as owner of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. This affidavit shall be conclusive proof of compliance with the requirements of this section.

Sec. 2. RCW 35.50.040 and 1965 c 7 s 35.50.040 are each amended to read as follows:

When the local improvement assessment is payable in installments, the enforcement of the lien of any installment shall not prevent the enforcement of the lien of any subsequent installment.

A city or town may by general ordinance provide that upon failure to pay any installment due the entire assessment shall become due and payable and the collection thereof enforced by foreclosure: PROVIDED, That the payment of all delinquent installments together with interest, penalty, and administrative costs at any time before entry of judgment in foreclosure shall extend the time of payment on the remainder of the assessments as if there had been no delinquency or foreclosure.
Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, administrative costs, and charges is paid at any time before sale.

**Sec. 3.** RCW 35.50.260 and 1983 c 303 s 21 are each amended to read as follows:

In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic’s, laborer’s, materialmen’s, or vendor’s lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic’s, laborer’s, materialmen’s, or vendor’s lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080.

**Sec. 4.** RCW 36.29.020 and 1991 c 245 s 5 are each amended to read as follows:

The county treasurer shall keep all moneys belonging to the state, or to any county, in his or her own possession until disbursed according to law. The county treasurer shall not place the same in the possession of any person to be used for any purpose; nor shall he or she loan or in any manner use or permit any person to use the same; but it shall be lawful for a county treasurer to deposit any such moneys in any regularly designated qualified public depositary. Any municipal corporation may by action of its governing body authorize any of its funds which are not required for immediate expenditure, and which are in the custody of the county treasurer or other municipal corporation treasurer, to be invested by such treasurer. The county treasurer may invest in savings or time accounts in designated qualified public depositaries or in certificates, notes, or bonds of the United States, or other obligations of the United States or its agencies, or of any corporation wholly owned by the government of the United States; in bankers' acceptances purchased on the secondary market, in federal home loan bank notes and bonds, federal land bank bonds and federal national mortgage association notes, debentures and guaranteed certificates of participation, or the obligations of any other government sponsored corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the board of governors of the federal reserve system or deposit such funds or any portion thereof in investment deposits as defined in RCW 39.58.010 secured by collateral in accordance with the provisions of chapters 39.58 and 39.59 RCW: PROVIDED, Five percent of the earnings, with an annual maximum of fifty dollars, on each transaction authorized by the governing body shall be paid as an investment service fee to the office of the county treasurer or other municipal corporation treasurer when the earnings become available to the governing body:
PROVIDED FURTHER, That if such investment service fee amounts to five dollars or less the county treasurer or other municipal corporation treasurer may waive such fee.

Whenever the funds of any municipal corporation which are not required for immediate expenditure are in the custody or control of the county treasurer, and the governing body of such municipal corporation has not taken any action pertaining to the investment of any such funds, the county finance committee shall direct the county treasurer, under the investment policy of the county finance committee, to invest, to the maximum prudent extent, such funds or any portion thereof in savings or time accounts in designated qualified public depositaries or in certificates, notes, or bonds of the United States, or other obligations of the United States or its agencies, or of any corporation wholly owned by the government of the United States, in bankers' acceptances purchased on the secondary market, in federal home loan bank notes and bonds, federal land bank bonds and federal national mortgage association notes, debentures and guaranteed certificates of participation, or the obligations of any other government sponsored corporation whose obligations are or may become eligible as collateral for advances to member banks as determined by the board of governors of the federal reserve system or deposit such funds or any portion thereof in investment deposits as defined in RCW 39.58.010 secured by collateral in accordance with the provisions of chapters 39.58 and 39.59 RCW.

PROVIDED, That the county treasurer shall have the power to select the specific qualified financial institution in which the funds may be invested. The interest or other earnings from such investments or deposits shall be deposited in the current expense fund of the county and may be used for general county purposes. The investment or deposit and disposition of the interest or other earnings therefrom authorized by this paragraph shall not apply to such funds as may be prohibited by the state Constitution from being so invested or deposited.

Sec. 5. RCW 36.34.090 and 1991 c 363 s 69 are each amended to read as follows:

Whenever county property is to be sold at public auction, consignment auction, or sealed bid, the county ((auditor)) treasurer or the county treasurer’s designee shall publish notice thereof once during each of two successive calendar weeks in a newspaper of general circulation in the county. Notice thereof must also be posted in a conspicuous place in the courthouse. The posting and date of first publication must be at least ten days before the day fixed for the sale.

Sec. 6. RCW 36.36.045 and 1987 c 381 s 2 are each amended to read as follows:

The county shall have a lien for any delinquent fees imposed for the withdrawal of subterranean water or on-site sewage disposal, which shall attach to the property to which the fees were imposed, if the following conditions are met:

(1) At least eighteen months have passed since the first billing for a delinquent fee installment; and

(2) At least three billing notices and a letter have been mailed to the property owner, within the period specified in subsection (1) of this section, explaining that a lien may be imposed for any delinquent fee installment that has not been paid in that period.

The lien shall otherwise be subject to the provisions of chapter 36.94 RCW related to liens for delinquent charges. The county shall record liens for any delinquent fees in the office of the county auditor. Failure on the part of the county to record the lien does not affect the validity of the lien.

Sec. 7. RCW 36.88.220 and 1967 ex.s. c 145 s 63 are each amended to read as follows:

All counties may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its road improvement district bonds and warrants issued to pay for any road improvement ordered under this chapter. If the ((board of county commissioners)) county legislative authority shall determine to establish such fund it shall be designated "... county road improvement guaranty fund" and from moneys available for road purposes such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in ((obligations of the government of the United States or of this state)) accordance with the laws relating to county investments.

Sec. 8. RCW 36.88.230 and 1983 c 167 s 96 are each amended to read as follows:
Whenever there shall be paid out of a guaranty fund any sum on account of principal or interest of a road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from ((bank deposits or government securities)) investment of the fund, as well as any surplus remaining in any local improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such road improvement fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against a guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for road purposes for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. Said fund shall be subrogated to the rights of the county, and the county, acting on behalf of said fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative body, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund.

**Sec. 9.** RCW 36.94.150 and 1975 1st ex.s. c 188 s 3 are each amended to read as follows:

All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, and penalties and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the ((treasurer)) auditor of the county at which time the lien shall attach.

Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. Costs associated with the foreclosure of the lien, including but not limited to advertising, title report, and personnel costs, shall be added to the lien upon filing of the foreclosure action. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney’s fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens.

**Sec. 10.** RCW 53.36.050 and 1959 c 52 s 2 are each amended to read as follows:

The county treasurer acting as port treasurer shall create a fund to be known as the "Port of . . . . . . Fund," into which shall be paid all money received by him from the collection of taxes in behalf of such port district, and shall also maintain such other special funds as may be created by the port commission into which shall be placed such moneys as the port commission may by its resolution direct. All such port funds shall be deposited with the county depositories under the same restrictions, contracts and security as is provided by statute for county depositories and all interest collected on such port funds shall belong to such port district and shall be deposited to its credit in the proper port funds: PROVIDED, That any portion of such port moneys determined by the port commission to be in excess
of the current needs of the port district may be invested (in certificates, notes, bonds, or other obligations of the United States of America, or any agency or instrumentality thereof) by the county treasurer in accordance with RCW 36.29.020, RCW 36.29.022, and chapter 39.59 RCW, and all interest collected thereon shall likewise belong to such port district and shall be deposited to its credit in the proper port funds.

Sec. 11. RCW 58.08.040 and 1994 c 301 s 16 are each amended to read as follows:
Prior to any person (filing) recording a plat, replat, altered plat, or binding site plan subsequent to May 31st in any year and prior to the date of the collection of taxes in the ensuing year, the person shall deposit with the county treasurer a sum equal to the product of the county assessor’s latest valuation on the property less improvements in such subdivision multiplied by the current year’s dollar rate increased by twenty-five percent on the property platted. The treasurer’s receipt shall be evidence of the payment. The treasurer shall appropriate so much of the deposit as will pay the taxes and assessments on the property when the levy rates are certified by the assessor using the value of the property at the time of filing a plat, replat, altered plat, or binding site plan, and in case the sum deposited is in excess of the amount necessary for the payment of the taxes and assessments, the treasurer shall return, to the party depositing, the amount of excess.

Sec. 16. RCW 84.56.340 and 1996 c 153 s 2 are each amended to read as follows:
Any person desiring to pay taxes upon any part or parts of real property heretofore or hereafter assessed as one parcel, or tract, or upon such person’s undivided fractional interest in such a property, may do so by applying to the county assessor, who must carefully investigate and ascertain the relative or proportionate value said part or part interest bears to the whole tract assessed, on which basis the assessment must be divided, and the assessor shall forthwith certify such proportionate value to the county treasurer: PROVIDED, That excepting when property is being acquired for public use, or where a person or financial institution desires to pay the taxes and any penalties and interest on a mobile home upon which they have a lien by mortgage or otherwise, no segregation of property for tax purposes shall be made under this section unless all (current year and) delinquent taxes and assessments on the entire tract have been paid in full. (The county assessor shall duly certify the proportionate value to the county treasurer.) The county treasurer, upon receipt of certification, shall duly accept payment and issue receipt on the apportionment certified by the county assessor. In cases where protest is filed to said division appeal shall be made to the county legislative authority at its next regular session for final division, and the county treasurer shall accept and receipt for said taxes as determined and ordered by the county legislative authority. Any person desiring to pay on an undivided interest in any real property may do so by paying to the county treasurer a sum equal to such proportion of the entire taxes charged on the entire tract as interest paid on bears to the whole.
NEW SECTION. Sec. 17. A new section is added to chapter 84.40 RCW to read as follows:
(1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.
   (a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30 of the year following the recording of the plat, replat, altered plat, or binding site plan. The value established shall be the value of the lot as of January 1 of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.
   (b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.
   (c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030. For purposes of this section, "current year taxes" means taxes that are collectable under RCW 84.56.010 subsequent to February 14.
(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after the effective date of this section as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after the effective date of this section as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

Sec. 18. RCW 84.69.020 and 1996 c 296 s 2 are each amended to read as follows:
On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:
(1) Paid more than once; or
(2) Paid as a result of manifest error in description; or
(3) Paid as a result of a clerical error in extending the tax rolls; or
(4) Paid as a result of other clerical errors in listing property; or
(5) Paid with respect to improvements which did not exist on assessment date; or
(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional; or
(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended; or
(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest; or
(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board; or
(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board’s order; or
(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;
(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of
tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding; or
(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2); or
(14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund.

Sec. 19. RCW 36.29.190 and 1996 c 153 s 3 are each amended to read as follows:
County treasurers are authorized to accept credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, and automatic clearinghouse system transactions, or other electronic communication, for any payment of any kind including, but not limited to, taxes, fines, interest, penalties, special assessments, fees, rates, charges, or moneys due counties. A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the county legislative authority finds that it is in the best interests of the county to not charge transaction processing costs for all payment transactions made for a specific category of non-tax payments due the county, including, but not limited to, fines, interest not associated with taxes, penalties not associated with taxes, special assessments, fees, rates, and charges. (Such) The treasurer's cost determination shall be based upon costs incurred by the treasurer (including handling, collecting, discounting, disbursing, and accounting for the transaction) and may not, in any event, exceed the additional direct costs incurred by the county to accept the specific form of payment utilized by the payer.

Sec. 20. RCW 84.55.005 and 1994 c 301 s 49 are each amended to read as follows:
As used in this chapter, the term "regular property taxes" has the meaning given it in RCW 84.04.140, and also includes amounts received in lieu of regular property taxes.

NEW SECTION. Sec. 21. The following acts or parts of acts are each repealed:
(1) RCW 36.29.150 and 1963 c 4 s 36.29.150; and

"Sec. 1. RCW 11.02.005 and 1994 c 221 s 1 are each amended to read as follows:
When used in this title, unless otherwise required from the context:
(1) "Personal representative" includes executor, administrator, special administrator, and
guardian or limited guardian and special representative.
(2) "Net estate" refers to the real and personal property of a decedent exclusive of homestead
rights, exempt property, the family allowance and enforceable claims against, and debts of, the
deceased or the estate.
(3) "Representation" refers to a method of determining distribution in which the takers are in
unequal degrees of kinship with respect to the intestate, and is accomplished as follows: After first
determining who, of those entitled to share in the estate, are in the nearest degree of kinship, the estate
is divided into equal shares, the number of shares being the sum of the number of persons who survive
the intestate who are in the nearest degree of kinship and the number of persons in the same degree of
kinship who died before the intestate but who left issue surviving the intestate; each share of a deceased
person in the nearest degree shall be divided among those of the deceased person’s issue who survive
the intestate and have no ancestor then living who is in the line of relationship between them and the
intestate, those more remote in degree taking together the share which their ancestor would have taken
had he or she survived the intestate. Posthumous children are considered as living at the death of their
parent.
(4) "Issue" includes all the lawful lineal descendants of the ancestor and all lawfully adopted
children.
(5) "Degree of kinship" means the degree of kinship as computed according to the rules of the
civil law; that is, by counting upward from the intestate to the nearest common ancestor and then
downward to the relative, the degree of kinship being the sum of these two counts.
(6) "Heirs" denotes those persons, including the surviving spouse, who are entitled under the
statutes of intestate succession to the real and personal property of a decedent on the decedent’s death
intestate.
(7) "Real estate" includes, except as otherwise specifically provided herein, all lands,
tenements, and hereditaments, and all rights thereto, and all interest therein possessed and claimed in
fee simple, or for the life of a third person.
(8) "Will" means an instrument validly executed as required by RCW 11.12.020.
(9) "Codicil" means a will that modifies or partially revokes an existing earlier will. A codicil
need not refer to or be attached to the earlier will.
(10) "Guardian" or "limited guardian" means a personal representative of the person or estate
of an incompetent or disabled person as defined in RCW 11.88.010 and the term may be used in lieu of
"personal representative" wherever required by context.
(11) "Administrator" means a personal representative of the estate of a decedent and the term
may be used in lieu of "personal representative" wherever required by context.
(12) "Executor" means a personal representative of the estate of a decedent appointed by will
and the term may be used in lieu of "personal representative" wherever required by context.
(13) "Special administrator" means a personal representative of the estate of a decedent
appointed for limited purposes and the term may be used in lieu of "personal representative" wherever
required by context.
(14) "Trustee" means an original, added, or successor trustee and includes the state, or any
agency thereof, when it is acting as the trustee of a trust to which chapter 11.98 RCW applies.
(15) "Nonprobate asset" means those rights and interests of a person having beneficial
ownership of an asset that pass on the person’s death under a written instrument or arrangement other
than the person’s will. "Nonprobate asset" includes, but is not limited to, a right or interest passing
under a joint tenancy with right of survivorship, joint bank account with right of survivorship, payable
on death or trust bank account, transfer on death security or security account, deed or conveyance if
possession has been postponed until the death of the person, trust of which the person is grantor and
that becomes effective or irrevocable only upon the person’s death, community property agreement,
individual retirement account or bond, or note or other contract the payment or performance of which
is affected by the death of the person. "Nonprobate asset" does not include: A payable-on-death
provision of a life insurance policy, annuity, or other similar contract, or of an employee benefit plan; a right or interest passing by descent and distribution under chapter 11.04 RCW; a right or interest if, before death, the person has irrevocably transferred the right or interest, the person has waived the power to transfer it or, in the case of contractual arrangement, the person has waived the unilateral right to rescind or modify the arrangement; or a right or interest held by the person solely in a fiduciary capacity. For the definition of "nonprobate asset" relating to revocation of a provision for a former spouse upon dissolution of marriage or declaration of invalidity of marriage, RCW 11.07.010(5) applies.

Words that import the singular number may also be applied to the plural of persons and things. Words importing the masculine gender only may be extended to females also.

Sec. 2. RCW 11.07.010 and 1994 c 221 s 2 are each amended to read as follows:

(1) This section applies to all nonprobate assets, wherever situated, held at the time of entry by a superior court of this state of a decree of dissolution of marriage or a declaration of invalidity.

(2)(a) If a marriage is dissolved or invalidated, a provision made prior to that event that relates to the payment or transfer at death of the decedent’s interest in a nonprobate asset in favor of or granting an interest or power to the decedent’s former spouse is revoked. A provision affected by this section must be interpreted, and the nonprobate asset affected passes, as if the former spouse failed to survive the decedent, having died at the time of entry of the decree of dissolution or declaration of invalidity.

(b) This subsection does not apply if and to the extent that:

(i) The instrument governing disposition of the nonprobate asset expressly provides otherwise;

(ii) The decree of dissolution or declaration of invalidity requires that the decedent maintain a nonprobate asset for the benefit of a former spouse or children of the marriage, payable on the decedent’s death either outright or in trust, and other nonprobate assets of the decedent fulfilling such a requirement for the benefit of the former spouse or children of the marriage do not exist at the decedent’s death; or

(iii) If not for this subsection, the decedent could not have effected the revocation by unilateral action because of the terms of the decree or declaration, or for any other reason, immediately after the entry of the decree of dissolution or declaration of invalidity.

(3)(a) A payor or other third party in possession or control of a nonprobate asset at the time of the decedent’s death is not liable for making a payment or transferring an interest in a nonprobate asset to a decedent’s former spouse whose interest in the nonprobate asset is revoked under this section, or for taking another action in reliance on the validity of the instrument governing disposition of the nonprobate asset, before the payor or other third party has actual knowledge of the dissolution or other invalidation of marriage. A payor or other third party is liable for a payment or transfer made or other action taken after the payor or other third party has actual knowledge of a revocation under this section.

(b) This section does not require a payor or other third party to pay or transfer a nonprobate asset to a beneficiary designated in a governing instrument affected by the dissolution or other invalidation of marriage, or to another person claiming an interest in the nonprobate asset, if the payor or third party has actual knowledge of the existence of a dispute between the former spouse and the beneficiaries or other persons concerning rights of ownership of the nonprobate asset as a result of the application of this section among the former spouse and the beneficiaries or among other persons, or if the payor or third party is otherwise uncertain as to who is entitled to the nonprobate asset under this section. In such a case, the payor or third party may, without liability, notify in writing all beneficiaries or other persons claiming an interest in the nonprobate asset of either the existence of the dispute or its uncertainty as to who is entitled to payment or transfer of the nonprobate asset. The payor or third party may also, without liability, refuse to pay or transfer a nonprobate asset in such a circumstance to a beneficiary or other person claiming an interest until the time that either:

(i) All beneficiaries and other interested persons claiming an interest have consented in writing to the payment or transfer; or

(ii) The payment or transfer is authorized or directed by a court of proper jurisdiction.

(c) Notwithstanding subsections (1) and (2) of this section and (a) and (b) of this subsection, a payor or other third party having actual knowledge of the existence of a dispute between beneficiaries
or other persons concerning rights to a nonprobate asset as a result of the application of this section may condition the payment or transfer of the nonprobate asset on execution, in a form and with security acceptable to the payor or other third party, of a bond in an amount that is double the fair market value of the nonprobate asset at the time of the decedent’s death or the amount of an adverse claim, whichever is the lesser, or of a similar instrument to provide security to the payor or other third party, indemnifying the payor or other third party for any liability, loss, damage, costs, and expenses for and on account of payment or transfer of the nonprobate asset.

(d) As used in this subsection, "actual knowledge" means, for a payor or other third party in possession or control of the nonprobate asset at or following the decedent’s death, written notice to the payor or other third party, or to an officer of a payor or third party in the course of his or her employment, received after the decedent’s death and within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge. The notice must identify the nonprobate asset with reasonable specificity. The notice also must be sufficient to inform the payor or other third party of the revocation of the provisions in favor of the decedent’s spouse by reason of the dissolution or invalidation of marriage, or to inform the payor or third party of a dispute concerning rights to a nonprobate asset as a result of the application of this section. Receipt of the notice for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(4) (a) A person who purchases a nonprobate asset from a former spouse or other person, for value and without actual knowledge, or who receives from a former spouse or other person payment or transfer of a nonprobate asset without actual knowledge and in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, property, or benefit nor is liable under this section for the amount of the payment or the value of the nonprobate asset. However, a former spouse or other person who, with actual knowledge, not for value, or not in satisfaction of a legally enforceable obligation, receives payment or transfer of a nonprobate asset to which that person is not entitled under this section is obligated to return the payment or nonprobate asset, or is personally liable for the amount of the payment or value of the nonprobate asset, to the person who is entitled to it under this section.

(b) As used in this subsection, "actual knowledge" means, for a person described in (a) of this subsection who purchases or receives a nonprobate asset from a former spouse or other person, personal knowledge or possession of documents relating to the revocation upon dissolution or invalidation of marriage of provisions relating to the payment or transfer at the decedent’s death of the nonprobate asset, received within a time after the decedent’s death and before the purchase or receipt that is sufficient to afford the person purchasing or receiving the nonprobate asset reasonable opportunity to act upon the knowledge. Receipt of the personal knowledge or possession of the documents for a period of more than thirty days is presumed to be received within a time that is sufficient to afford the payor or third party a reasonable opportunity to act upon the knowledge, but receipt of the notice for a period of less than five business days is presumed not to be a sufficient time for these purposes. These presumptions may be rebutted only by clear and convincing evidence to the contrary.

(5) As used in this section, "nonprobate asset" means those rights and interests of a person having beneficial ownership of an asset that pass on the person’s death under only the following written instruments or arrangements other than the decedent’s will:

(a) A payable-on-death provision of a life insurance policy, employee benefit plan, annuity or similar contract, or individual retirement account;

(b) A payable-on-death, trust, or joint with right of survivorship bank account;

(c) A trust of which the person is a grantor and that becomes effective or irrevocable only upon the person’s death; or

(d) Transfer on death beneficiary designations of a transfer on death or pay on death security, if such designations are authorized under Washington law.

However, for the general definition of "nonprobate asset" in this title, RCW 11.02.005 applies.

(6) This section is remedial in nature and applies as of July 25, 1993, to decrees of dissolution and declarations of invalidity entered after July 24, 1993, and this section applies as of January 1, 1995, to decrees of dissolution and declarations of invalidity entered before July 25, 1993.
Sec. 3. RCW 11.18.200 and 1994 c 221 s 19 are each amended to read as follows:

(1) Unless expressly exempted by statute, a beneficiary of a nonprobate asset that was subject to satisfaction of the decedent’s general liabilities immediately before the decedent’s death takes the asset subject to liabilities, claims, estate taxes, and the fair share of expenses of administration reasonably incurred by the personal representative in the transfer of or administration upon the asset. The beneficiary of such an asset is liable to account to the personal representative to the extent necessary to satisfy liabilities, claims, the asset’s fair share of expenses of administration, and the asset’s share of estate taxes under chapter 83.110 RCW. Before making demand that a beneficiary of a nonprobate asset account to the personal representative, the personal representative shall give notice to the beneficiary, in the manner provided in chapter 11.96 RCW, that the beneficiary is liable to account under this section.

(2) The following rules govern in applying subsection (1) of this section:

(a) A beneficiary of property passing at death under a community property agreement takes the property subject to the decedent’s liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section. However, assets existing as community or separate property immediately before the decedent’s death under the community property agreement are subject to the decedent’s liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(b) A beneficiary of property held in joint tenancy form with right of survivorship, including without limitation United States savings bonds or similar obligations, takes the property subject to the decedent’s liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section to the extent of the decedent’s beneficial ownership interest in the property immediately before death.

(c) A beneficiary of payable-on-death or trust bank accounts, bonds, securities, or similar obligations, including without limitation United States bonds or similar obligations, takes the property subject to the decedent’s liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section, to the extent of the decedent’s beneficial ownership interest in the property immediately before death.

(d) A beneficiary of deeds or conveyances made by the decedent if possession has been postponed until the death of the decedent takes the property subject to the decedent’s liabilities, claims, estate taxes, and administration expenses as described in subsection (1) of this section to the same extent as the trust was subject to claims of the decedent’s creditors immediately before death.

(e) A trust for the decedent’s use of which the decedent is the grantor is subject to the decedent’s liabilities, claims, estate taxes, and expenses of administration as described in subsection (1) of this section to the same extent that the trust would have been had they been assets of the probate estate.

(f) A trust not for the use of the grantor but of which the decedent is the grantor and that becomes effective or irrevocable only upon the decedent’s death is subject to the decedent’s liabilities, claims, estate taxes, and expenses of administration as described in subsection (1) of this section.

(g) Anything in this section to the contrary notwithstanding, nonprobate assets that existed as community property immediately before the decedent’s death are subject to the decedent’s liabilities and claims to the same extent that they would have been had they been assets of the probate estate.

(h) The liability of a beneficiary of life insurance is governed by chapter 48.18 RCW.

(i) The liability of a beneficiary of pension or retirement employee benefits is governed by chapter 6.15 RCW.

(j) An inference may not be drawn from (a) through (i) of this subsection that a beneficiary of nonprobate assets other than those assets specifically described in (a) through (i) of this subsection does or does not take the assets subject to claims, liabilities, estate taxes, and administration expenses as described in subsection (1) of this section.

(3) Nothing in this section derogates from the rights of a person interested in the estate to recover tax under chapter 83.110 RCW or from the liability of any beneficiary for estate tax under chapter 83.110 RCW.

(4) Nonprobate assets that may be responsible for the satisfaction of the decedent’s general liabilities and claims abate together with the probate assets of the estate in accord with chapter 11.10 RCW.

Sec. 4. RCW 11.28.240 and 1985 c 30 s 5 are each amended to read as follows:
(1) At any time after the issuance of letters testamentary or of administration or certificate of qualification upon the estate of any decedent, any person interested in the estate as an heir, devisee, distributee, legatee or creditor whose claim has been duly served and filed, or the lawyer for the heir, devisee, distributee, legatee, or creditor may serve upon the personal representative or upon the lawyer for the personal representative, and file with the clerk of the court wherein the administration of the estate is pending, a written request stating that the person desires special notice of any or all of the following named matters, steps or proceedings in the administration of the estate, to wit:

((43)) (a) Filing of petitions for sales, leases, exchanges or mortgages of any property of the estate.

((42)) (b) Petitions for any order of solvency or for nonintervention powers.

((43)) (c) Filing of accounts.

((44)) (d) Filing of petitions for distribution.

((45)) (e) Petitions by the personal representative for family allowances and homesteads.

((46)) (f) The filing of a declaration of completion.

((47)) (g) The filing of the inventory.

((48)) (h) Notice of presentation of personal representative’s claim against the estate.

((49)) (i) Petition to continue a going business.

((44)) (j) Petition to borrow upon the general credit of the estate.

((45)) (k) Petition for judicial proceedings under chapter 11.96 RCW.

((42)) (l) Petition to reopen an estate.

((44)) (m) Intent to distribute estate assets, other than distributions in satisfaction of specific bequests or legacies of specific dollar amounts.

((43)) (n) Intent to pay attorney’s or personal representative’s fees.

The requests shall state the post office address of the heir, devisee, distributee, legatee or creditor, or his or her lawyer, and thereafter a brief notice of the filing of any of the petitions, accounts, declaration, inventory or claim, except petitions for sale of perishable property, or other tangible personal property which will incur expense or loss by keeping, shall be addressed to the heir, devisee, distributee, legatee or creditor, or his or her lawyer, at the post office address stated in the request, and deposited in the United States post office, with prepaid postage, at least ten days before the hearing of the petition, account or claim or of the proposed distribution or payment of fees; or personal service of the notices may be made on the heir, devisee, distributee, legatee or creditor, or his or her lawyer, not less than five days before the hearing, and the personal service shall have the same effect as deposit in the post office, and proof of mailing or of personal service must be filed with the clerk before the hearing of the petition, account or claim or of the proposed distribution or payment of fees. If the notice has been regularly given, any distribution or payment of fees and any order or judgment, made in accord therewith is final and conclusive.

(2) Notwithstanding subsection (1) of this section, a request for special notice may not be made by a person, and any request for special notice previously made by a person becomes null and void, when:

(a) That person qualifies to request special notice solely by reason of being a specific legatee, all of the property that person is entitled to receive from the decedent’s estate has been distributed to that person, and that person’s bequest is not subject to any subsequent abatement for the payment of the decedent’s debts, expenses, or taxes;

(b) That person qualifies to request special notice solely by reason of being an heir of the decedent, none of the decedent’s property is subject to the laws of descent and distribution, the decedent’s will has been probated, and the time for contesting the probate of that will has expired; or

(c) That person qualifies to request special notice solely by reason of being a creditor of the decedent and that person has received all of the property that the person is entitled to receive from the decedent’s estate.

Sec. 5. RCW 11.28.270 and 1965 c 145 s 11.28.270 are each amended to read as follows:

If (there be) more than one personal representative of an estate((, and)) is serving when the letters to (any of them ((be)) are revoked or surrendered(( or (a part))) when any part of them die or in any way becomes disqualified, those who remain shall perform all the duties required by law unless the decedent provided otherwise in a duly probated will or unless the court orders otherwise.

Sec. 6. RCW 11.28.280 and 1974 ex.s. c 117 s 26 are each amended to read as follows:
Except as otherwise provided in RCW 11.28.270, if ((the)) a personal representative of an estate dies((() or resigns, or the letters are revoked before the settlement of the estate, letters testamentary or letters of administration of the estate remaining unadministered shall be granted to those to whom (((administration)) the letters would have been granted if the original letters had not been obtained, or the person obtaining them had renounced administration, and the (((administrator de bonis non)) successor personal representative shall perform like duties and incur like liabilities as the ((former personal representative, and shall serve as administrator with will annexed de bonis non in the event a will has been admitted to probate. Said administrator de bonis non may, upon satisfying the requirements and complying with the procedures provided in chapter 11.68 RCW, administer the estate of the decedent without the intervention of court)) preceding personal representative, unless the decedent provided otherwise in a duly probated will or unless the court orders otherwise. A succeeding personal representative may petition for nonintervention powers under chapter 11.68 RCW.

Sec. 7. RCW 11.40.010 and 1995 1st sp.s. c 18 s 58 are each amended to read as follows:

((Every personal representative shall, after appointment and qualification, give a notice to the creditors of the deceased, stating such appointment and qualification as personal representative and requiring all persons having claims against the deceased to serve the same on the personal representative or the estate's attorney of record, and file an executed copy thereof with the clerk of the court, within four months after the date of the first publication of such notice described in this section or within four months after the date of the filing of the copy of such notice with the clerk of the court, whichever is the later, or within the time otherwise provided in RCW 11.40.013. The four-month time period after the later of the date of the first publication of the notice to creditors or the date of the filing of such notice with the clerk of the court is referred to in this chapter as the "four-month time limitation." Such notice shall be given as follows:

(1) The personal representative shall give actual notice, as provided in RCW 11.40.013, to such creditors who become known to the personal representative within such four-month time limitation;

(2) The personal representative shall cause such notice to be published once in each week for three successive weeks in the county in which the estate is being administered;

(3) The personal representative shall file a copy of such notice with the clerk of the court; and

(4) The personal representative shall mail a copy of the notice, including the decedent's social security number, to the state of Washington, department of social and health services, office of financial recovery.

Except as otherwise provided in RCW 11.40.011 or 11.40.013, any claim not filed within the four-month time limitation shall be forever barred, if not already barred by any otherwise applicable statute of limitations. This bar is effective as to claims against both the decedent's probate assets and nonprobate assets as described in RCW 11.18.200. Proof of affidavit of the giving and publication of such notice shall be filed with the court by the personal representative.

Acts of a notice agent in complying with chapter 221, Laws of 1994 may be adopted and ratified by the personal representative as if done by the personal representative in complying with this chapter, except that if at the time of the appointment and qualification of the personal representative a notice agent had commenced nonprobate notice to creditors under chapter 11.42 RCW, the personal representative shall give published notice as provided in RCW 11.42.180.) A person having a claim against the decedent may not maintain an action on the claim unless a personal representative has been appointed and the claimant has presented the claim as set forth in this chapter. However, this chapter does not affect the notice under RCW 82.32.240 or the ability to maintain an action against a notice agent under chapter 11.42 RCW.

Sec. 8. RCW 11.40.020 and 1974 ex.s. c 117 s 34 are each amended to read as follows:

((Every claim shall be signed by the claimant, or his attorney, or any person who is authorized to sign claims on his, her, or its behalf, and shall contain the following information:

(1) The name and address of the claimant;

(2) The name, business address (if different from that of the claimant), and nature of authority of any person signing the claim on behalf of the claimant;

(3) A written statement of the facts or circumstances constituting the basis upon which the claim is submitted;

(4) The amount of the claim;
If the claim is secured, unliquidated or contingent, or not yet due, the nature of the security, the nature of the uncertainty, and due date of the claim: PROVIDED HOWEVER, That failure to describe correctly the security, nature of any uncertainty, or the due date of a claim not yet due, if such failure is not substantially misleading, does not invalidate the presentation made.

Claims need not be supported by affidavit.) A personal representative may give notice to the creditors of the decedent, as directed in RCW 11.40.030, announcing the personal representative's appointment and requiring that persons having claims against the decedent present their claims within the time specified in section 11 of this act or be forever barred as to claims against the decedent's probate and nonprobate assets. If notice is given:

(1) The personal representative shall first file the original of the notice with the court;
(2) The personal representative shall then cause the notice to be published once each week for three successive weeks in a legal newspaper in the county in which the estate is being administered;
(3) The personal representative may, at any time during the probate proceeding, give actual notice to creditors who become known to the personal representative by serving the notice on the creditor or mailing the notice to the creditor at the creditor's last known address, by regular first class mail, postage prepaid; and
(4) The personal representative shall also mail a copy of the notice, including the decedent's social security number, to the state of Washington department of social and health services office of financial recovery.

The personal representative shall file with the court proof by affidavit of the giving and publication of the notice.

Sec. 9. RCW 11.40.030 and 1989 c 333 s 7 are each amended to read as follows:

(1) Unless the personal representative shall, within two months after the expiration of the four-month time limitation, or within two months after receipt of an otherwise timely claim filed after expiration of the four-month time limitation, whichever is later, have obtained an order extending the time for his allowance or rejection of claims timely and properly served and filed, all claims not exceeding one thousand dollars presented within the time and in the manner provided in RCW 11.40.010, 11.40.013, or 11.40.020 as now or hereafter amended, shall be deemed allowed and may not thereafter be rejected, unless the personal representative shall, within two months after the expiration of the four-month time limitation, or as to an otherwise timely claim filed after expiration of the four-month time limitation, within two months after receipt of such claim, or within any extended time, notify the claimant of its rejection, in whole or in part.

(2) When a claim exceeding one thousand dollars is presented within the time and in the manner provided in RCW 11.40.010 and 11.40.020 as now or hereafter amended, it shall be the duty of the personal representative to indorse thereon his allowance or rejection. A claimant after a claim has been on file for at least thirty days may notify the personal representative that he will petition the court to have the claim allowed. If the personal representative fails to file an allowance or rejection of such claim twenty days after the receipt of such notice, the claimant may note the matter up for hearing and the court shall hear the matter and determine whether the claim should be allowed or rejected, in whole or in part. If at the hearing the claim is substantially allowed the court may allow petitioner reasonable attorney's fees of not less than one hundred dollars chargeable against the estate.

(3) If the personal representative shall reject the claim, in whole or in part, he shall notify the claimant of said rejection and file in the office of the clerk, an affidavit showing such notification and the date thereof. Said notification shall be by personal service or certified mail addressed to the claimant at his address as stated in the claim; if a person other than the claimant shall have signed said claim for or on behalf of the claimant, and said person's business address as stated in said claim is different from that of the claimant, notification of rejection shall also be made by personal service or certified mail upon said person; the date of the postmark shall be the date of notification. The notification of rejection shall advise the claimant, and the person making claim on his, her, or its behalf, if any, that the claimant must bring suit in the proper court against the personal representative within thirty days after notification of rejection or before expiration of the time for serving and filing claims against the estate, whichever period is longer, and that otherwise the claim will be forever barred.

(4) The personal representative may, either before or after rejection of any claim compromise said claim, whether due or not, absolute or contingent, liquidated or unliquidated, if it appears to the
personal representative that such compromise is in the best interests of the estate. Notice under RCW 11.40.020 must contain the following elements in substantially the following form:

CAPTION  ) No.

The claim must be presented within the later of: (1) Thirty days after the personal representative served or mailed the notice to the creditor as provided under RCW 11.40.020(3); or (2) four months after the date of first publication of the notice. If the claim is not presented within this time frame, the claim is forever barred, except as otherwise provided in section 11 of this act and RCW 11.40.060. Sec. 10. RCW 11.40.040 and 1994 c 221 s 28 are each amended to read as follows:

Every claim which has been allowed by the personal representative shall be ranked among the acknowledged debts of the estate to be paid expeditiously in the course of administration. (1) For purposes of section 11 of this act, a "reasonably ascertainable" creditor of the decedent is one that the personal representative would discover upon exercise of reasonable diligence. The personal representative is deemed to have exercised reasonable diligence upon conducting a reasonable review of the decedent’s correspondence, including correspondence received after the date of death, and financial records, including personal financial statements, loan documents, checks, bank statements, and income tax returns, that are in the possession of or reasonably available to the personal representative.

(2) If the personal representative conducts the review, the personal representative is presumed to have exercised reasonable diligence to ascertain creditors of the decedent and any creditor not ascertained in the review is presumed not reasonably ascertainable within the meaning of section 11 of this act. These presumptions may be rebutted only by clear, cogent, and convincing evidence.

(3) The personal representative may evidence the review and resulting presumption by filing with the court an affidavit regarding the facts referred to in this section. The personal representative may petition the court for an order declaring that the personal representative has made a review and that any creditors not known to the personal representative are not reasonably ascertainable. The petition must be filed under RCW 11.96.070 and the notice specified under RCW 11.96.100 must also be given by publication.

NEW SECTION. Sec. 11. A new section is added to chapter 11.40 RCW to read as follows:

Whether or not notice is provided under RCW 11.40.020, a person having a claim against the decedent is forever barred from making a claim or commencing an action against the decedent, if the claim or action is not already barred by an otherwise applicable statute of limitations, unless the creditor presents the claim in the manner provided in RCW 11.40.070 within the following time limitations:
(a) If the personal representative provided notice under RCW 11.40.020 (1) and (2) and the creditor was given actual notice as provided in RCW 11.40.020(3), the creditor must present the claim within the later of: (i) Thirty days after the personal representative’s service or mailing of notice to the creditor; and (ii) four months after the date of first publication of the notice;

(b) If the personal representative provided notice under RCW 11.40.020 (1) and (2) and the creditor was not given actual notice as provided in RCW 11.40.020(3):
   (i) If the creditor was not reasonably ascertainable, as defined in RCW 11.40.040, the creditor must present the claim within four months after the date of first publication of notice;
   (ii) If the creditor was reasonably ascertainable, as defined in RCW 11.40.040, the creditor must present the claim within twenty-four months after the decedent’s date of death; and
   (c) If notice was not provided under this chapter or chapter 11.42 RCW, the creditor must present the claim within twenty-four months after the decedent’s date of death.

(2) An otherwise applicable statute of limitations applies without regard to the tolling provisions of RCW 4.16.190.

(3) This bar is effective as to claims against both the decedent’s probate and nonprobate assets.

Sec. 12. RCW 11.40.060 and 1974 ex.s. c 117 s 37 are each amended to read as follows:

(When a claim is rejected by the personal representative, the holder must bring suit in the proper court against the personal representative within thirty days after notification of the rejection or before expiration of the time for serving and filing claims against the estate, whichever period is longer, otherwise the claim shall be forever barred.) The time limitations for presenting claims under this chapter do not accrue to the benefit of any liability or casualty insurer. Claims against the decedent or the decedent’s marital community that can be fully satisfied by applicable insurance coverage or proceeds need not be presented within the time limitation of section 11 of this act, but the amount of recovery cannot exceed the amount of the insurance. The claims may at any time be presented as provided in RCW 11.40.070, subject to the otherwise relevant statutes of limitations, and do not constitute a cloud, lien, or encumbrance upon the title to the decedent’s probate or nonprobate assets nor delay or prevent the conclusion of probate proceedings or the transfer or distribution of assets of the estate. This section does not serve to extend any otherwise relevant statutes of limitations.

Sec. 13. RCW 11.40.070 and 1965 c 145 s 11.40.070 are each amended to read as follows:

(No claim shall be allowed by the personal representative or court which is barred by the statute of limitations.) (1) The claimant, the claimant’s attorney, or the claimant’s agent shall sign the claim and include in the claim the following information:

   (a) The name and address of the claimant;
   (b) The name, address, if different from that of the claimant, and nature of authority of an agent signing the claim on behalf of the claimant;
   (c) A statement of the facts or circumstances constituting the basis of the claim;
   (d) The amount of the claim; and
   (e) If the claim is secured, unliquidated, contingent, or not yet due, the nature of the security, the nature of the uncertainty, or the date when it will become due.

   Failure to describe correctly the information in (c), (d), or (e) of this subsection, if the failure is not substantially misleading, does not invalidate the claim.

   (2) A claim does not need to be supported by affidavit.

   (3) A claim must be presented within the time limits set forth in section 11 of this act by: (a) Serving on or mailing to, by regular first class mail, the personal representative or the personal representative’s attorney a copy of the signed claim; and (b) filing the original of the signed claim with the court. A claim is deemed presented upon the later of the date of postmark or service on the personal representative, or the personal representative’s attorney, and filing with the court.

   (4) Notwithstanding any other provision of this chapter, if a claimant makes a written demand for payment within the time limits set forth in section 11 of this act, the personal representative may waive formal defects and elect to treat the demand as a claim properly filed under this chapter if: (a) The claim was due; (b) the amount paid is the amount of indebtedness over and above all payments and offsets; (c) the estate is solvent; and (d) the payment is made in good faith. Nothing in this chapter
limits application of the doctrines of waiver, estoppel, or detrimental claims or any other equitable principle.

Sec. 14. RCW 11.40.080 and 1994 c 221 s 29 are each amended to read as follows:
((No holder of any claim against a decedent shall maintain an action thereon, unless the claim shall have been first presented as provided in this chapter. Nothing in this chapter affects RCW 82.32.240.)) (1) The personal representative shall allow or reject all claims presented in the manner provided in RCW 11.40.070. The personal representative may allow or reject a claim in whole or in part.

(2) If the personal representative has not allowed or rejected a claim within the later of four months from the date of first publication of the notice to creditors or thirty days from presentation of the claim, the claimant may serve written notice on the personal representative that the claimant will petition the court to have the claim allowed. If the personal representative fails to notify the claimant of the allowance or rejection of the claim within twenty days after the personal representative’s receipt of the claimant’s notice, the claimant may petition the court for a hearing to determine whether the claim should be allowed or rejected, in whole or in part. If the court substantially allows the claim, the court may allow the petitioner reasonable attorneys’ fees chargeable against the estate.

Sec. 15. RCW 11.40.090 and 1965 c 145 s 11.40.090 are each amended to read as follows:
(The time during which there shall be a vacancy in the administration shall not be included in any limitations herein prescribed.) (1) If the personal representative allows a claim, the personal representative shall notify the claimant of the allowance by personal service or regular first class mail to the address stated on the claim.

(2) A claim that on its face does not exceed one thousand dollars presented in the manner provided in RCW 11.40.070 must be deemed allowed and may not thereafter be rejected unless the personal representative has notified the claimant of rejection of the claim within the later of six months from the date of first publication of the notice to creditors and two months from the personal representative’s receipt of the claim. The personal representative may petition for an order extending the period for automatic allowance of the claims.

(3) Allowed claims must be ranked among the acknowledged debts of the estate to be paid expeditiously in the course of administration.

(4) A claim may not be allowed if it is barred by a statute of limitations.

Sec. 16. RCW 11.40.100 and 1974 ex.s. c 117 s 47 are each amended to read as follows:
(If any action be pending against the testator or intestate at the time of his death, the plaintiff shall within four months after first publication of notice to creditors, or the filing of a copy of such notice, whichever is later, serve on the personal representative a motion to have such personal representative, as such, substituted as defendant in such action, and, upon the hearing of such motion, such personal representative shall be so substituted, unless, at or prior to such hearing, the claim of plaintiff, together with costs, be allowed by the personal representative and court. After the substitution of such personal representative, the court shall proceed to hear and determine the action as in other civil cases.) (1) If the personal representative rejects a claim, in whole or in part, the claimant must bring suit against the personal representative within thirty days after notification of rejection or the claim is forever barred. The personal representative shall notify the claimant of the rejection and file an affidavit with the court showing the notification and the date of the notification. The personal representative shall notify the claimant of the rejection by personal service or certified mail addressed to the claimant or the claimant’s agent, if applicable, at the address stated in the claim. The date of service or of the postmark is the date of notification. The notification must advise the claimant that the claimant must bring suit in the proper court against the personal representative within thirty days after notification of rejection or the claim will be forever barred.

(2) The personal representative may, before or after rejection of any claim, compromise the claim, whether due or not, absolute or contingent, liquidated, or unliquidated, if it appears to the personal representative that the compromise is in the best interests of the estate.
Sec. 17. RCW 11.40.110 and 1974 ex.s. c 117 s 38 are each amended to read as follows:

((Whenever any claim shall have been filed and presented to a personal representative, and a part thereof shall be allowed, the amount of such allowance shall be stated in the indorsement. If the creditor shall refuse to accept the amount so allowed in satisfaction of his claim, he shall recover no costs in any action he may bring against the personal representative unless he shall recover a greater amount than that offered to be allowed, exclusive of interest and costs.)) If an action is pending against the decedent at the time of the decedent’s death, the plaintiff shall, within four months after appointment of the personal representative, serve on the personal representative a petition to have the personal representative substituted as defendant in the action. Upon hearing on the petition, the personal representative shall be substituted, unless, at or before the hearing, the claim of the plaintiff, together with costs, is allowed.

Sec. 18. RCW 11.40.120 and 1965 c 145 s 11.40.120 are each amended to read as follows:

The effect of any judgment rendered against ((any)) a personal representative shall be only to establish the amount of the judgment as an allowed claim.

Sec. 19. RCW 11.40.130 and 1965 c 145 s 11.40.130 are each amended to read as follows:

When any judgment has been rendered against the testator or intestate in his lifetime, no execution shall issue thereon after his death, but it shall be presented to the personal representative, as any other claim, but need not be supported by the affidavit of the claimant, and if justly due and unsatisfied, shall be paid in due course of administration: PROVIDED, HOWEVER, That if it be a lien on any property of the deceased, the same may be sold for the satisfaction thereof, and the officer making the sale shall account to the personal representative for any surplus in his hands. If a judgment was entered against the decedent during the decedent’s lifetime, an execution may not issue on the judgment after the death of the decedent. The judgment must be presented in the manner provided in RCW 11.40.070, but if the judgment is a lien on any property of the decedent, the property may be sold for the satisfaction of the judgment and the officer making the sale shall account to the personal representative for any surplus.

NEW SECTtION. Sec. 20. A new section is added to chapter 11.40 RCW to read as follows:

If a creditor’s claim is secured by any property of the decedent, this chapter does not affect the right of a creditor to realize on the creditor’s security, whether or not the creditor presented the claim in the manner provided in RCW 11.40.070.

Sec. 21. RCW 11.40.140 and 1965 c 145 s 11.40.140 are each amended to read as follows:

((If the personal representative is himself a creditor of the testator or intestate in his lifetime, no execution shall issue thereon after his death, but it shall be presented to the personal representative, as any other claim, but need not be supported by the affidavit of the claimant, and if justly due and unsatisfied, shall be paid in due course of administration: PROVIDED, HOWEVER, That if it be a lien on any property of the deceased, the same may be sold for the satisfaction thereof, and the officer making the sale shall account to the personal representative for any surplus in his hands.)) If the personal representative has a claim against the decedent, the personal representative must present the claim in the manner provided in RCW 11.40.070 and petition the court for allowance or rejection. The petition must be filed under RCW 11.96.070. This section applies whether or not the personal representative is acting under nonintervention powers.

Sec. 22. RCW 11.40.150 and 1965 c 145 s 11.40.150 are each amended to read as follows:

((In case of resignation, death or removal for any cause of any personal representative, and the appointment of another or others, after notice has been given by publication as required by RCW 11.40.010, by such personal representative first appointed, to persons to file their claims against the decedent, it shall be the duty of the successor or personal representative to cause notice of such resignation, death or removal and such new appointment to be published two successive weeks in a legal newspaper published in the county in which the estate is being administered, but the time between the resignation, death or removal and such publication shall be added to the time within which claims shall be filed as fixed by the published notice to creditors unless such time shall have expired before such resignation or removal or death: PROVIDED, HOWEVER, That no such notice shall be required if the period for filing claims was fully expired during the time that the former personal representative...))
(1) If a personal representative has given notice under RCW 11.40.020 and then resigns, dies, or is removed, the successor personal representative shall:

(a) Publish notice of the vacancy and succession for two successive weeks in the legal newspaper in which notice was published under RCW 11.40.020 if the vacancy occurred within twenty-four months after the decedent’s date of death; and

(b) Provide actual notice of the vacancy and succession to a creditor if: (i) The creditor filed a claim and the claim had not been accepted or rejected by the prior personal representative; or (ii) the creditor’s claim was rejected and the vacancy occurred within thirty days after rejection of the claim.

(2) The time between the resignation, death, or removal and first publication of the vacancy and succession or, in the case of actual notice, the mailing of the notice of vacancy and succession must be added to the time within which a claim must be presented or a suit on a rejected claim must be filed. This section does not extend the twenty-four month self-executing bar under section 11 of this act.

NEW SECTION. Sec. 23. A new section is added to chapter 11.40 RCW to read as follows:

If a notice agent had commenced nonprobate notice to creditors under chapter 11.42 RCW, the appointment of the personal representative does not affect the filing and publication of notice to creditors and does not affect actual notice to creditors given by the notice agent. The personal representative is presumed to have adopted or ratified all acts of the notice agent unless, within thirty days of appointment, the personal representative provides notice of rejection or nullification to the affected claimant or claimants by personal service or certified mail addressed to the claimant or claimant’s agent, if applicable, at the address stated on the claim. The personal representative shall also provide notice under RCW 11.42.150.

Sec. 24. RCW 11.42.010 and 1994 c 221 s 31 are each amended to read as follows:

(1) Subject to the conditions stated in this section, and if no personal representative has been appointed and qualified in the decedent’s estate in Washington, the following members of a group, defined as the "qualified group," are qualified to give "nonprobate notice to creditors" of the decedent:

(b) Has been received, or is entitled to be received, either under chapter 11.62 RCW or by the personal representative of the decedent’s probate estate administered outside the state of Washington, or both.

(a) The person in the qualified group who has received, or is entitled to receive, by reason of the decedent’s death, all, or substantially all, of the included property; or

(b) If there is no person in (a) of this subsection, then the person who has been appointed by those persons, including any successors of those persons, in the qualified group who have received, or are entitled to receive, by reason of the decedent’s death, all, or substantially all, of the included property.

(4) The requirement in subsection (3) of this section of the receipt of all, or substantially all, of the included property is satisfied if:

(a) The person described in subsection (3)(a) of this section at the time of the filing of the declaration and oath referred to in subsection (5) of this section in reasonable good faith believed that the person had received, or was entitled to receive, by reason of the decedent’s death, all, or substantially all, of the included property; or
(b) The persons described in subsection (3)(b) of this section at the time of their entry into the agreement under chapter 11.96 RCW in which they appoint the person to give the nonprobate notice to creditors in reasonable good faith believed that they had received, or were entitled to receive, by reason of the decedent’s death, all, or substantially all, of the included property.

(6) The following persons may not act as notice agent:

   (c) Persons of unsound mind; or
   (d) Persons who have been convicted of a felony or of a misdemeanor involving moral turpitude.

(7) A person who has given notice under this chapter and who thereafter becomes of unsound mind or is convicted of a crime or misdemeanor involving moral turpitude is no longer qualified to act as notice agent under this chapter. The disqualification does not bar another person, otherwise qualified, from acting as notice agent under this chapter.

(8) A nonresident may act as notice agent if the nonresident appoints an agent who is a resident of the notice county or who is attorney of record for the notice agent upon whom service of all papers may be made. The appointment must be made in writing and filed by the clerk of the notice county with the other papers relating to the notice given under this chapter.

(9) The powers and authority of a notice agent cease, and the office of notice agent becomes vacant, upon the appointment and qualification of a personal representative for the estate of the decedent. Except as provided in RCW 11.42.180, the cessation of the powers and authority does not affect a published notice under this chapter if the publication commenced before the cessation and does not affect actual notice to creditors given by the notice agent before the cessation.) this state, a beneficiary or trustee who has received or is entitled to receive by reason of the decedent’s death substantially all of the decedent’s probate and nonprobate assets, is qualified to give nonprobate notice to creditors under this chapter.

If no one beneficiary or trustee has received or is entitled to receive substantially all of the assets, may, under an agreement under RCW 11.96.170, appoint a person who is then qualified to give nonprobate notice to creditors under this chapter.

(2) A person or group of persons is deemed to have received substantially all of the decedent’s probate and nonprobate assets if the person or the group, at the time of the filing of the declaration and oath referred to in subsection (3) of this section, in reasonable good faith believed that the person or the group had received, or was entitled to receive by reason of the decedent’s death, substantially all of the decedent’s probate and nonprobate assets.

(3)(a) The "notice agent" means the qualified person who:
   (i) Pays a filing fee to the clerk of the superior court in a county in which probate may be commenced regarding the decedent, the "notice county", and receives a cause number; and
   (ii) Files a declaration and oath with the clerk.
(b) The declaration and oath must be made in affidavit form or under penalty of perjury and must state that the person making the declaration believes in reasonable good faith that the person is qualified under this chapter to act as the notice agent and that the person will faithfully execute the duties of the notice agent as provided in this chapter.

(4) The following persons are not qualified to act as notice agent:
(a) Corporations, trust companies, and national banks, except: (i) Such entities as are authorized to do trust business in this state; and (ii) professional service corporations that are regularly organized under the laws of this state whose shareholder or shareholders are exclusively attorneys;
(b) Minors;
(c) Persons of unsound mind;
(d) Persons who have been convicted of a felony or of a misdemeanor involving moral turpitude; and
(e) Persons who have given notice under this chapter and who thereafter become of unsound mind or are convicted of a felony or misdemeanor involving moral turpitude. This disqualification does not bar another person, otherwise qualified, from acting as successor notice agent.

(5) A nonresident may act as notice agent if the nonresident appoints an agent who is a resident of the notice county or who is attorney of record for the notice agent upon whom service of all papers may be made. The appointment must be made in writing and filed with the court.

Sec. 25. RCW 11.42.020 and 1995 1st sp.s. c 18 s 59 are each amended to read as follows:
(1) The notice agent may give nonprobate notice to the creditors of the decedent if:
(a) As of the date of the filing (of a copy) of the notice to creditors with the (clerk of the superior court) for the notice county, the notice agent has no knowledge of another person acting as notice agent or of the appointment (and qualification) of a personal representative in the decedent’s estate in the state of Washington (or of another person becoming a notice agent); and
(b) According to the records of the (clerk of the superior court) for the notice county as of 8:00 a.m. as are available on the date of the filing of the notice to creditors, no cause number regarding the decedent has been issued to any other notice agent and no personal representative of the decedent’s estate had been appointed (and qualified and no cause number regarding the decedent had been issued to any other notice agent by the clerk under RCW 11.42.010).

(2) (The notice must state that all persons having claims against the decedent shall: (a) Serve the same on the notice agent if the notice agent is a resident of the state of Washington upon whom service of all papers may be made, or on the nonprobate resident agent for the notice agent, if any; or on the attorneys of record of the notice agent at their respective address in the state of Washington; and (b) file an executed copy of the notice with the clerk of the superior court for the notice county, within: (i)(A) Four months after the date of the first publication of the notice described in this section; or (B) four months after the date of the filing of the copy of the notice with the clerk of the superior court for the notice county, whichever is later; or (ii) the time otherwise provided in RCW 11.42.050. The four-month time period after the later of the date of the first publication of the notice to creditors or the date of the filing of the notice with the clerk of the court is referred to in this chapter as the "four-month time limitation."

(3) The notice agent shall declare in the notice in affidavit form or under the penalty of perjury under the laws of the state of Washington as provided in RCW 9A.72.085 that: (a) The notice agent is entitled to give the nonprobate notice under subsection (1) of this section; and (b) the notice is being given by the notice agent as permitted by this section.

(4) The notice agent shall sign the notice and file it with the clerk of the superior court for the notice county. The notice must be given as follows:
(a) The notice agent shall give actual notice as to creditors of the decedent who become known to the notice agent within the four-month time limitation as required in RCW 11.42.050;
(b) The notice agent shall cause the notice to be published once in each week for three successive weeks in the notice county;
(c) The notice agent shall file a copy of the notice with the clerk of the superior court for the notice county; and
(d) The notice agent shall mail a copy of the notice, including the decedent’s social security number, to the state of Washington, department of social and health services, office of financial recovery.

(5) A claim not filed within the four-month time limitation is forever barred, if not already barred by an otherwise applicable statute of limitations, except as provided in RCW 11.42.030 or 11.42.050. The bar is effective to bar claims against both the probate estate of the decedent and nonprobate assets that were subject to satisfaction of the decedent’s general liabilities immediately before the decedent’s death. If a notice to the creditors of a decedent is published by more than one notice agent and the notice agents are not acting jointly, the four-month time limitation that applies to the notice agent who first publishes the notice. Proof by affidavit or perjury declaration made under RCW 9A.72.085 of the giving and publication of the notice must be filed with the clerk of the superior court for the notice county by the notice agent.)) The notice agent must give notice to the creditors of the decedent, as directed in RCW 11.42.030, announcing that the notice agent has elected to give nonprobate notice to creditors and requiring that persons having claims against the decedent present their claims within the time specified in RCW 11.42.050 or be forever barred as to claims against the decedent’s probate and nonprobate assets.

(a) The notice agent shall first file the original of the notice with the court.

(b) The notice agent shall then cause the notice to be published once each week for three successive weeks in a legal newspaper in the notice county.

(c) The notice agent may at any time give actual notice to creditors who become known to the notice agent by serving the notice on the creditor or mailing the notice to the creditor at the creditor’s last known address, by regular first class mail, postage prepaid.

(d) The notice agent shall also mail a copy of the notice, including the decedent’s social security number, to the state of Washington department of social and health services' office of financial recovery.

The notice agent shall file with the court proof by affidavit of the giving and publication of the notice.

Sec. 26. RCW 11.42.030 and 1994 c 221 s 33 are each amended to read as follows:

(The time limitations under this chapter for serving and filing claims do not accrue to the benefit of a liability or casualty insurer as to claims against either the decedent or the marital community of which the decedent was a member, or both, and:

(1) The claims, subject to applicable statutes of limitation, may at any time be: (a) Served on the duly acting notice agent, the duly acting resident agent for the notice agent, or on the attorney for either of them; and (b) filed with the clerk of the superior court for the notice county; or

(2) If there is no duly acting notice agent or resident agent for the notice agent, the claimant as a creditor shall proceed as provided in chapter 11.40 RCW. However, if no personal representative ever has been appointed for the decedent, a personal representative must be appointed as provided in chapter 11.28 RCW and the estate opened, in which case the claimant then shall proceed as provided in chapter 11.40 RCW.

A claim may be served and filed as provided in this section, notwithstanding that there is no duly acting notice agent and that no personal representative previously has been appointed. However, the amount of recovery under the claim may not exceed the amount of applicable insurance coverages and proceeds, and the claim so served and filed may not constitute a cloud or lien upon the title to the assets of the decedent or delay or prevent the transfer or distribution of assets of the decedent. This section does not serve to extend the applicable statute of limitations regardless of whether a declaration and oath has been filed by a notice agent as provided in RCW 11.42.010.)) Notice under RCW 11.42.020 must contain the following elements in substantially the following form:

\[
\text{CAPTION}\quad \text{No.}

\[
\text{NOTICE TO CREDITORS}

The notice agent named below has elected to give notice to creditors of the above-named decedent. As of the date of the filing of a copy of this notice with the court, the notice agent has no knowledge of any other person acting as notice agent or of the appointment of a personal representative of the decedent's estate in the state of Washington. According to the records of the court as are available on the date of the filing of this notice with the court, a cause number regarding the decedent has not been issued to any other notice agent and a personal representative of the decedent's estate has not been appointed.

Any person having a claim against the decedent must, before the time the claim would be barred by any otherwise applicable statute of limitations, present the claim in the manner as provided in RCW 11.42.070 by serving on or mailing to the notice agent or the notice agent's attorney at the address stated below a copy of the claim and filing the original of the claim with the court. The claim must be presented within the later of: (1) Thirty days after the notice agent served or mailed the notice to the creditor as provided under RCW 11.42.020(2)(c); or (2) four months after the date of first publication of the notice. If the claim is not presented within this time frame, the claim is forever barred, except as otherwise provided in RCW 11.42.050 and 11.42.060. This bar is effective as to claims against both the decedent's probate and nonprobate assets.

Sec. 27. RCW 11.42.040 and 1994 c 221 s 34 are each amended to read as follows:

(1) The notice agent shall exercise reasonable diligence to discover, within the four-month time limitation, reasonably ascertainable creditors of the decedent. The notice agent is deemed to have exercised reasonable diligence to ascertain the creditors upon:

(1) Conducting, within the four-month time limitation, a reasonable review of the decedent's correspondence including correspondence received after the date of death and financial records including checkbooks, bank statements, income tax returns, and similar materials, that are in the possession of, or reasonably available to, the notice agent; and

(2) Having made, with regard to claimants, inquiry of the nonprobate takers of the decedent's property and of the presumptive heirs, devisees, and legatees of the decedent, all of whose names and addresses are known, or in the exercise of reasonable diligence should have been known, to the notice agent.

If the notice agent conducts the review and makes an inquiry, the notice agent is presumed to have exercised reasonable diligence to ascertain creditors of the decedent, and creditors not ascertained in the review or in an inquiry are presumed not reasonably ascertainable. These presumptions may be rebutted only by clear, cogent, and convincing evidence. The notice agent may evidence the review and inquiry by filing an affidavit or declaration under penalty of perjury form as provided in RCW 9A.72.085 to the effect in the nonprobate proceeding in the notice county. The notice agent also may petition the superior court of the notice county for an order declaring that the notice agent has made a review and inquiry and that only creditors known to the notice agent after the review and inquiry are reasonably ascertainable. The petition and hearing must be under the procedures provided in chapter 11.96 RCW, and the notice specified under RCW 11.96.100 must also be given by publication.)
For purposes of RCW 11.42.050, a "reasonably ascertainable" creditor of the decedent is one that the notice agent would discover upon exercise of reasonable diligence. The notice agent is deemed to have exercised reasonable diligence upon conducting a reasonable review of the decedent’s correspondence, including correspondence received after the date of death, and financial records, including personal financial statements, loan documents, checkbooks, bank statements, and income tax returns, that are in the possession of or reasonably available to the notice agent.

(2) If the notice agent conducts the review, the notice agent is presumed to have exercised reasonable diligence to ascertain creditors of the decedent and any creditor not ascertained in the review is presumed not reasonably ascertainable within the meaning of RCW 11.42.050. These presumptions may be rebutted only by clear, cogent, and convincing evidence.

(3) The notice agent may evidence the review and resulting presumption by filing with the court an affidavit regarding the facts referred to in this section. The notice agent may petition the court for an order declaring that the notice agent has made a review and that any creditors not known to the notice agent are not reasonably ascertainable. The petition must be filed under RCW 11.96.070, and the notice specified under RCW 11.96.100 must also be given by publication.

Sec. 28. RCW 11.42.050 and 1994 c 221 s 35 are each amended to read as follows:

((The actual notice described in RCW 11.42.020(4)(a), as to a creditor becoming known to the notice agent within the four-month time limitation, must be given the creditor by personal service or regular first class mail, addressed to the creditor’s last known address, postage prepaid. The actual notice must be given before the later of the expiration of the four-month time limitation or thirty days after a creditor became known to the notice agent within the four-month time limitation. A known creditor is barred unless the creditor has filed a claim, as provided in this chapter, within the four-month time limitation or within thirty days following the date of actual notice to that creditor, whichever is later. If notice is given by mail, the date of mailing is the date of notice. This bar is effective as to claims against the included property as defined in RCW 11.42.010.)) (1) If a notice agent provides notice under RCW 11.42.020, any person having a claim against the decedent is forever barred from making a claim or commencing an action against the decedent if the claim or action is not already barred by an otherwise applicable statute of limitations, unless the creditor presents the claim in the manner provided in RCW 11.42.070 within the following time limitations:

(a) If the notice agent provided notice under RCW 11.42.020(2) (a) and (b) and the creditor was given actual notice as provided in RCW 11.42.020(2)(c), the creditor must present the claim within the later of: (i) Thirty days after the notice agent’s service or mailing of notice to the creditor; and (ii) four months after the date of first publication of the notice;

(b) If the notice agent provided notice under RCW 11.42.020(2) (a) and (b) and the creditor was not given actual notice as provided in RCW 11.42.020(2)(c):

(i) If the creditor was not reasonably ascertainable, as defined in RCW 11.42.040, the creditor must present the claim within four months after the date of first publication of the notice;

(ii) If the creditor was reasonably ascertainable, as defined in RCW 11.42.040, the creditor must present the claim within twenty-four months after the decedent’s date of death.

(2) Any otherwise applicable statute of limitations applies without regard to the tolling provisions of RCW 4.16.190.

(3) This bar is effective as to claims against both the decedent’s probate and nonprobate assets.

Sec. 29. RCW 11.42.060 and 1994 c 221 s 36 are each amended to read as follows:

((Whether or not notice under RCW 11.42.020 has been given or should have been given, if no personal representative has been appointed and qualified, a person having a claim against the decedent who has not filed the claim within eighteen months from the date of the decedent’s death is forever barred from making a claim against the decedent, or commencing an action against the decedent, if the claim or action is not already barred by any otherwise applicable statute of limitations. However, this eighteen-month limitation does not apply to:

(a) Claims described in RCW 11.42.030;}}
(b) A claim if, during the eighteen-month period following the date of death, partial performance has been made on the obligation underlying the claim, and the notice agent has not given the actual notice described in RCW 11.42.020(4)(a); or

c) Claims if, within twelve months after the date of death:

(i) No notice agent has given the published notice described in RCW 11.42.020(4)(b); and

(ii) No personal representative has given the published notice described in RCW 11.40.010(2).

Any otherwise applicable statute of limitations applies without regard to the tolling provisions of RCW 4.16.190.

(2) Claims referred to in this section must be filed if there is no duly appointed, qualified, and acting personal representative and there is a duly declared and acting notice agent or resident agent for the notice agent. The claims, subject to applicable statutes of limitation, may at any time be served on the duly declared and acting notice agent or resident agent for the notice agent, or on the attorney for either of them.

(3) A claim to be filed under this chapter if there is no duly appointed, qualified, and acting personal representative but there is a duly declared and acting notice agent or resident agent for the notice agent and which claim is not otherwise barred under this chapter must be made in the form and manner provided under RCW 11.42.020, as if the notice under that section had been given.

The time limitations for presenting claims under this chapter do not accrue to the benefit of any liability or casualty insurer. Claims against the decedent or the decedent’s marital community that can be fully satisfied by applicable insurance coverage or proceeds need not be presented within the time limitation of RCW 11.42.050, but the amount of recovery cannot exceed the amount of the insurance. If a notice agent provides notice under RCW 11.42.020, the claims may at any time be presented as provided in RCW 11.42.070, subject to the otherwise relevant statutes of limitations, and does not constitute a cloud, lien, or encumbrance upon the title to the decedent’s probate or nonprobate assets nor delay or prevent the transfer or distribution of the decedent’s assets. This section does not serve to extend any otherwise relevant statutes of limitations.

Sec. 30. RCW 11.42.070 and 1994 c 221 s 37 are each amended to read as follows:

((Notice under RCW 11.42.020 must be in substantially the following form:

((RCW 11.40.020 applies to claims subject to this chapter.)) (1) The notice agent shall allow or reject all claims presented in the manner provided in RCW 11.42.070. The notice agent may allow or reject a claim, in whole or in part.

(2) If the notice agent has not allowed or rejected a claim within the later of four months from the date of first publication of the notice to creditors and thirty days from presentation of the claim, the claimant may serve written notice on the notice agent that the claimant will petition the court to have the claim allowed. If the notice agent fails to notify the claimant of the allowance or rejection of the claim within twenty days after the notice agent’s receipt of the claimant’s notice, the claimant may petition the court for a hearing to determine whether the claim should be allowed or rejected, in whole

(1) The decedent’s nonprobate and probate assets that were subject to the satisfaction of the decedent’s general liabilities immediately before the decedent’s death are liable for claims. The decedent’s probate assets may be liable, whether or not there is a probate administration of the decedent’s estate.

(2) The notice agent may pay a claim allowed by the notice agent or a judgment on a claim first prosecuted against a notice agent only out of assets received as a result of the death of the decedent by the notice agent or by those appointing the notice agent, except as may be provided by agreement under RCW 11.96.170 or by court order under RCW 11.96.070.

2) A claim approved by the notice agent, and a judgment on a claim first prosecuted against a notice agent, may be paid only out of assets received as a result of the death of the decedent by the notice agent or by those appointing the notice agent under chapter 11.96 RCW, except as may be provided by agreement under RCW 11.96.170 or by court order under RCW 11.96.070.))

(1) If the notice agent allows a claim, the notice agent shall notify the claimant of the allowance by personal service or regular first class mail to the address stated on the claim. A claim may not be allowed if it is barred by a statute of limitations.

at the claimant’s address as stated in the claim. If a person other than the claimant signed the claim for or on behalf of the claimant, and the person’s business address as stated in the claim is different from that of the claimant, notification of the rejection also must be made by personal service or certified mail upon that person. The date of the postmark is the date of the notification. The notification of the rejection must advise the claimant, and the person making claim on his, her, or its behalf, if any, that the claimant must bring suit in the proper court in the notice county against the notice agent: (a) Within thirty days after notification of rejection if the notification is made during or after the review period; or (b) before expiration of thirty days after the end of the four month time limitation, if the notification is made during the four-month time limitation, and that otherwise the claim is forever barred.

(4) A claimant whose claim either has been rejected by the notice agent or has not been acted upon within twenty days of written demand for the action having been given to the notice agent by the claimant during or after the review period must commence an action against the notice agent in the proper court in the notice county to enforce the claim of the claimant within the earlier of:
(a) If the notice of the rejection of the claim has been sent as provided in subsection (3) of this section: The time for filing an action on a rejected claim is as provided in subsection (3) of this section; or
(b) If written demand for approval or rejection is made on the notice agent before the claim is rejected: Within thirty days following the end of the twenty-day written demand period where the demand period ends during or after the review period; otherwise the claim is forever barred.

(5) The notice agent may, either before or after rejection of a claim, compromise the claim, whether due or not, absolute or contingent, liquidated or unliquidated.

(6) A personal representative of the decedent’s estate may revoke either or both of: (a) The rejection of a claim that has been rejected by the notice agent; or (b) the approval of a claim that has been either approved or compromised by the notice agent, or both.

(7) If a notice agent pays a claim that subsequently is revoked by a personal representative of the decedent, the notice agent may file a claim in the decedent’s estate for the notice agent’s payment, and the claim may be allowed or rejected as other claims, at the election of the personal representative.

(8) If the notice agent has not received substantially all assets of the decedent that are liable for claims, then although an action may be commenced on a rejected claim by a creditor against the notice agent, the notice agent, notwithstanding any provision in this chapter, may only make an appearance in the litigation. The notice agent may not answer the action, but must, instead, cause a petition to be filed for the appointment of a personal representative of the decedent within thirty days of the service of the creditor’s summons and complaint on the notice agent. A judgment may not be entered in an action brought by a creditor against the notice agent earlier than twenty days after the duly appointed, qualified, and acting personal representative of the decedent has been substituted in that action for the notice agent.)

(1) If the notice agent rejects a claim, in whole or in part, the claimant must bring suit against the notice agent within thirty days after notification of rejection or the claim is forever barred. The notice agent shall notify the claimant of the rejection and file an affidavit with the court showing the notification and the date of the notification. The notice agent shall notify the claimant of the rejection by personal service or certified mail addressed to the claimant or claimant’s agent, if applicable, at the address stated in the claim. The date of service or of the postmark is the date of notification. The notification must advise the claimant that the claimant must bring suit in the proper court against the notice agent within thirty days after notification of rejection or the claim will be forever barred.

(2) If a claimant brings suit against the notice agent on a rejected claim and the notice agent has not received substantially all assets of the decedent that are liable for claims, the notice agent may only make an appearance in the action and may not answer the action but must cause a petition to be filed for the appointment of a personal representative within thirty days after service of the creditor’s action on the notice agent. Under these circumstances, a judgment may not be entered in an action brought by a creditor against the notice agent earlier than twenty days after the personal representative has been substituted in that action for the notice agent.

(3) The notice agent may, before or after rejection of any claim, compromise the claim, whether due or not, absolute or contingent, liquidated, or unliquidated.
Sec. 35. RCW 11.42.110 and 1994 c 221 s 41 are each amended to read as follows:

((If a claim has been filed and presented to a notice agent, and a part of the claim is allowed, the amount of the allowance must be stated in the indorsement. If the creditor refuses to accept the amount so allowed in satisfaction of the claim, the creditor may not recover costs in an action the creditor may bring against the notice agent and against any substituted personal representative unless the creditor recovers a greater amount than that offered to be allowed, exclusive of interest and costs.)) The effect of a judgment rendered against the notice agent shall be only to establish the amount of the judgment as an allowed claim.

Sec. 36. RCW 11.42.120 and 1994 c 221 s 42 are each amended to read as follows:

((A debt of a decedent for whose estate no personal representative has been appointed must be paid in the following order by the notice agent from the assets of the decedent that are subject to the payment of claims as provided in RCW 11.42.090:

1. Costs of administering the assets subject to the payment of claims, including a reasonable fee to the notice agent, the resident agent for the notice agent, if any, reasonable attorneys' fees for the attorney for each of them, filing fees, publication costs, mailing costs, and similar costs and fees.
2. Funeral expenses in a reasonable amount.
3. Expenses of the last sickness in a reasonable amount.
4. Wages due for labor performed within sixty days immediately preceding the death of the decedent.
5. Debts having preference by the laws of the United States.
6. Taxes or any debts or dues owing to the state.
7. Judgments rendered against the decedent in the decedent's lifetime that are liens upon real estate on which executions might have been issued at the time of the death of the decedent and debts secured by mortgages in the order of their priority. However, the real estate is subject to the payment of claims as provided in RCW 11.42.100.
8. All other demands against the assets subject to the payment of claims as provided in RCW 11.42.100.

A claim of the notice agent or other person who has received property by reason of the decedent's death may not be paid by the notice agent unless all other claims that have been filed under this chapter, and all debts having priority to the claim, are paid in full or otherwise settled by agreement, regardless of whether the other claims are allowed or rejected, or partly allowed or partly rejected. In the event of the probate of the decedent's estate, the personal representative's payment from estate assets of the claim of the notice agent or other person who has received property by reason of the decedent's death is not affected by the priority payment provisions of this section.))

If a judgment was entered against the decedent during the decedent's lifetime, an execution may not issue on the judgment after the death of the decedent. If a notice agent is acting, the judgment must be presented in the manner provided in RCW 11.42.070, but if the judgment is a lien on any property of the decedent, the property may be sold for the satisfaction of the judgment and the officer making the sale shall account to the notice agent for any surplus.

NEW SECTION. Sec. 37. A new section is added to chapter 11.42 RCW to read as follows:
If a creditor's claim is secured by any property of the decedent, this chapter does not affect the right of the creditor to realize on the creditor's security, whether or not the creditor presented the claim in the manner provided in RCW 11.42.070.

Sec. 38. RCW 11.42.130 and 1994 c 221 s 43 are each amended to read as follows:

((The notice agent may not allow a claim that is barred by the statute of limitations.)) A claim of the notice agent or other person who has received property by reason of the decedent's death must be paid as set forth in RCW 11.42.090(3).

Sec. 39. RCW 11.42.140 and 1994 c 221 s 45 are each amended to read as follows:

((The time during which there is a vacancy in the office of notice agent is not included in a limitation prescribed in this chapter.)) (1) If a notice agent has given notice under RCW 11.42.020 and
the notice agent resigns, dies, or is removed or a personal representative is appointed, the successor notice agent or the personal representative shall:

(a) Publish notice of the vacancy and succession for two successive weeks in the legal newspaper in which notice was published under RCW 11.42.020, if the vacancy occurred within twenty-four months after the decedent’s date of death; and

(b) Provide actual notice of the vacancy and succession to a creditor if: (i) The creditor filed a claim and the claim had not been allowed or rejected by the prior notice agent; or (ii) the creditor’s claim was rejected and the vacancy occurred within thirty days after rejection of the claim.

(2) The time between the resignation, death, or removal of the notice agent or appointment of a personal representative and the first publication of the vacancy and succession or, in the case of actual notice, the mailing of the notice of vacancy and succession must be added to the time within which a claim must be presented or a suit on a rejected claim must be filed. This section does not extend the twenty-four-month self-executing bar under RCW 11.42.050.

Sec. 40. RCW 11.42.150 and 1994 c 221 s 44 are each amended to read as follows:

((A holder of a claim against a decedent may not maintain an action on the claim against a notice agent, unless the claim has been first presented as provided in this chapter. This chapter does not affect RCW 82.32.240-(2)) (1) The powers and authority of a notice agent immediately cease, and the office of notice agent becomes vacant, upon appointment of a personal representative for the estate of the decedent. Except as provided in RCW 11.42.140(2), the cessation of the powers and authority does not affect the filing and publication of notice to creditors and does not affect actual notice to creditors given by the notice agent.

(2) As set forth in section 23 of this act, a personal representative may adopt, ratify, nullify, or reject any actions of the notice agent.

(3) If a personal representative is appointed and the personal representative does not nullify the allowance of a claim that the notice agent allowed and paid, the person or persons whose assets were used to pay the claim may petition for reimbursement from the estate to the extent the payment was not in accordance with chapter 11.10 RCW.

Sec. 41. RCW 11.44.015 and 1967 c 168 s 9 are each amended to read as follows:

(1) Within three months after ((his)) appointment, unless a longer time shall be granted by the court, every personal representative shall make and ((return upon oath into the court)) verify by affidavit a true inventory and appraisement of all of the property of the estate passing under the will or by laws of intestacy and which shall have come to ((his)) the personal representative’s possession or knowledge, including a statement of all encumbrances, liens, or other secured charges against any item. The personal representative shall determine the fair net value, as of the date of the decedent’s death, of each item contained in the inventory after deducting the encumbrances, liens, and other secured charges on the item. Such property shall be classified as follows:

((4))) (a) Real property, by legal description ((and assessed valuation of land and improvements thereon));

((2))) (b) Stocks and bonds;

((3))) (c) Mortgages, notes, and other written evidences of debt;

((4))) (d) Bank accounts and money;

((5))) (e) Furniture and household goods;

((6))) (f) All other personal property accurately identified, including the decedent’s proportionate share in any partnership, but no inventory of the partnership property shall be required of the personal representative.

(2) The inventory and appraisement may, but need not be, filed in the probate cause, but upon receipt of a written request for a copy of the inventory and appraisement from any heir, legatee, devisee, unpaid creditor who has filed a claim, or beneficiary of a nonprobate asset from whom contribution is sought under RCW 11.18.200, or from the department of revenue, the personal representative shall furnish to the person, within ten days of receipt of a request, a true and correct copy of the inventory and appraisement.
Sec. 42. RCW 11.44.025 and 1974 ex.s. c 117 s 48 are each amended to read as follows:
Whenever any property of the estate not mentioned in the inventory and appraisement comes to the knowledge of a personal representative, the personal representative shall cause the property to be inventoried and appraised and shall make and verify by affidavit a true inventory and appraisement of the property within thirty days after the discovery thereof, unless a longer time shall be granted by the court, and shall provide a copy of the inventory and appraisement to every person who has properly requested a copy of the inventory and appraisement under RCW 11.44.015(2).

Sec. 43. RCW 11.44.035 and 1965 c 145 s 11.44.035 are each amended to read as follows:
In an action against the personal representative where the administration of the estate, or any part thereof, is put in issue and the inventory and appraisement of the estate by him, or the appraisal thereof, the personal representative is given in evidence, the same may be contradicted or avoided by evidence. Any party in interest in the estate may challenge the inventory (or) and appraisement at any stage of the probate proceedings.

Sec. 44. RCW 11.44.050 and 1965 c 145 s 11.44.050 are each amended to read as follows:
If any personal representative shall neglect or refuse to make the inventory and appraisement within the period prescribed, or within such further time as the court may allow, or to provide a copy as provided under RCW 11.44.015, 11.44.025, or 11.44.035, the court may revoke the letters testamentary or of administration; and the personal representative shall be liable on his or her bond to any party interested for the injury sustained by the estate through his or her neglect.

Sec. 45. RCW 11.44.070 and 1974 ex.s. c 117 s 50 are each amended to read as follows:
The personal representative may employ a qualified and disinterested person to assist in ascertaining the fair market value as of the date of the decedent’s death of any asset the value of which may be subject to reasonable doubt. Different persons may be employed to appraise different kinds of assets included in the estate. The amount of the fee to be paid to any persons assisting the personal representative in any appraisement shall be determined by the personal representative: PROVIDED HOWEVER, That the reasonableness of any such compensation shall, at the time of hearing on any final account as provided in chapter 11.76 RCW or on a request or petition under RCW 11.68.100 or 11.68.110, be reviewed by the court in accordance with the provisions of RCW 11.68.100, and if the court determines the compensation to be unreasonable, a personal representative may be ordered to make appropriate refund.

Sec. 46. RCW 11.44.085 and 1965 c 145 s 11.44.085 are each amended to read as follows:
The naming or the appointment of any person as personal representative shall not operate as a discharge from any just claim which the testator or intestate had against the personal representative, but the claim shall be included in the inventory and appraisement and the personal representative shall be liable to the same extent as the personal representative would have been had he or she not been appointed personal representative.

Sec. 47. RCW 11.44.090 and 1965 c 145 s 11.44.090 are each amended to read as follows:
The discharge or bequest in a will of any debt or demand of the testator against any executor named in the testator’s will or against any person shall not be valid against the creditors of the deceased, but shall be construed as a specific bequest of such debt or demand, and the amount thereof shall be included in the inventory and appraisement, and shall, if necessary, be applied in payment of the testator’s debts; if not necessary for that purpose, it shall be paid in the same manner and proportions as other specific legacies.

NEW SECTION. Sec. 48. (1) Subject to section 50 of this act, the surviving spouse of a decedent may petition the court for an award from the property of the decedent. If the decedent is survived by children of the decedent who are not also the children of the surviving spouse, on petition of such a child the court may divide the award between the surviving spouse and all or any of such
children as it deems appropriate. If there is not a surviving spouse, the minor children of the decedent may petition for an award.

(2) The award may be made from either the community property or separate property of the decedent. Unless otherwise ordered by the court, the probate and nonprobate assets of the decedent abate in accordance with chapter 11.10 RCW in satisfaction of the award.

(3) The award may be made whether or not probate proceedings have been commenced in the state of Washington. The court may not make this award unless the petition for the award is filed before the earliest of:

(a) Eighteen months from the date of the decedent’s death if within twelve months of the decedent’s death either:
   (i) A personal representative has been appointed; or
   (ii) A notice agent has filed a declaration and oath as required in RCW 11.42.010(3)(a)(ii); or
   (b) The termination of any probate proceeding for the decedent’s estate that has been commenced in the state of Washington; or
   (c) Six years from the date of the death of the decedent.

NEW SECTION, Sec. 49. The amount of the basic award shall be the amount specified in RCW 6.13.030(2) with regard to lands. If an award is divided between a surviving spouse and the decedent’s children who are not the children of the surviving spouse, the aggregate amount awarded to all the claimants under this section shall be the amount specified in RCW 6.13.030(2) with respect to lands. The amount of the basic award may be increased or decreased in accordance with sections 51 and 52 of this act.

NEW SECTION, Sec. 50. (1) The court may not make an award unless the court finds that the funeral expenses, expenses of last sickness, and expenses of administration have been paid or provided for.

(2) The court may not make an award to a surviving spouse or child who has participated, either as a principal or as an accessory before the fact, in the willful and unlawful killing of the decedent.

NEW SECTION, Sec. 51. (1) If it is demonstrated to the satisfaction of the court with clear, cogent, and convincing evidence that a claimant’s present and reasonably anticipated future needs during the pendency of any probate proceedings in the state of Washington with respect to basic maintenance and support will not otherwise be provided for from other resources, and that the award would not be inconsistent with the decedent’s intentions, the amount of the award may be increased in an amount the court determines to be appropriate.

(2) In determining the needs of the claimant, the court shall consider, without limitation, the resources available to the claimant and the claimant’s dependents, and the resources reasonably expected to be available to the claimant and the claimant’s dependents during the pendency of the probate, including income related to present or future employment and benefits flowing from the decedent’s probate and nonprobate estate.

(3) In determining the intentions of the decedent, the court shall consider, without limitation:

(a) Provisions made for the claimant by the decedent under the terms of the decedent’s will or otherwise;

(b) Provisions made for third parties or other entities under the decedent’s will or otherwise that would be affected by an increased award;

(c) If the claimant is the surviving spouse, the duration and status of the marriage of the decedent to the claimant at the time of the decedent’s death;

(d) The effect of any award on the availability of any other resources or benefits to the claimant;

(e) The size and nature of the decedent’s estate; and

(f) Oral or written statements made by the decedent that are otherwise admissible as evidence.
The fact that the decedent has named beneficiaries other than the claimant as recipients of the decedent’s estate is not of itself adequate to evidence such an intent as would prevent the award of an amount in excess of that provided for in RCW 6.13.030(2) with respect to lands.

(4)(a) A petition for an increased award may only be made if a petition for an award has been granted under section 48 of this act. The request for an increased award may be made in conjunction with the petition for an award under section 48 of this act.

(b) Subject to (a) of this subsection, a request for an increased award may be made at any time during the pendency of the probate proceedings. A request to modify an increased award may also be made at any time during the pendency of the probate proceedings by a person having an interest in the decedent’s estate that will be directly affected by the requested modification.

NEW SECTION. Sec. 52. (1) The court may decrease the amount of the award below the amount provided in section 49 of this act in the exercise of its discretion if the recipient is entitled to receive probate or nonprobate property, including insurance, by reason of the death of the decedent. In such a case the award must be decreased by no more than the value of such other property as is received by reason of the death of the decedent. The court shall consider the factors presented in section 51(2) of this act in determining the propriety of the award and the proper amount of the award, if any.

(2) An award to a surviving spouse is also discretionary and the amount otherwise allowable may be reduced if: (a) The decedent is survived by children who are not the children of the surviving spouse and the award would decrease amounts otherwise distributable to such children; or (b) the award would have the effect of reducing amounts otherwise distributable to any of the decedent’s minor children. In either case the court shall consider the factors presented in section 51 (2) and (3) of this act and whether the needs of the minor children with respect to basic maintenance and support are and will be adequately provided for, both during and after the pendency of any probate proceedings if such proceedings are pending, considering support from any source, including support from the surviving spouse.

NEW SECTION. Sec. 53. (1) The award has priority over all other claims made in the estate. In determining which assets must be made available to satisfy the award, the claimant is to be treated as a general creditor of the estate, and unless otherwise ordered by the court the assets shall abate in satisfaction of the award in accordance with chapter 11.10 RCW.

(2) If the property awarded is being purchased on contract or is subject to any encumbrance, for purposes of the award the property must be valued net of the balance due on the contract and the amount of the encumbrance. The property awarded will continue to be subject to any such contract or encumbrance, and any award in excess of the basic award under section 48 of this act, whether of community property or the decedent’s separate property, is not immune from any lien for costs of medical expenses recoverable under RCW 43.20B.080.

NEW SECTION. Sec. 54. (1) Except as provided in subsection (2) of this section, property awarded and cash paid under this chapter is immune from all debts, including judgments and judgment liens, of the decedent and of the surviving spouse existing at the time of death.

(2) Both the decedent’s and the surviving spouse’s interests in any community property awarded to the spouse under this chapter are immune from the claims of creditors.

NEW SECTION. Sec. 55. (1) This section applies if the party entitled to petition for an award holds exempt property that is in an aggregate amount less than that specified in RCW 6.13.030(2) with respect to lands.

(2) For purposes of this section, the party entitled to petition for an award is referred to as the "claimant." If multiple parties are entitled to petition for an award, all of them are deemed a "claimant" and may petition for an exemption of additional assets as provided in this section, if the aggregate amount of exempt property to be held by all the claimants after the making of the award does not exceed the amount specified in RCW 6.13.030(2) with respect to lands.
(3) A claimant may petition the court for an order exempting other assets from the claims of creditors so that the aggregate amount of exempt property held by the claimants equals the amount specified in RCW 6.13.030(2) with respect to lands. The petition must:
   (a) Set forth facts to establish that the petitioner is entitled to petition for an award under section 48 of this act;
   (b) State the nature and value of those assets then held by all claimants that are exempt from the claims of creditors; and
   (c) Describe the nonexempt assets then held by the claimants, including any interest the claimants may have in any probate or nonprobate property of the decedent.

(4) Notice of a petition for an order exempting assets from the claims of creditors must be given in accordance with RCW 11.96.100.

(5) At the hearing on the petition, the court shall order that certain assets of the claimants are exempt from the claims of creditors so that the aggregate amount of exempt property held by the claimants after the entry of the order is in the amount specified in RCW 6.13.030(2) with respect to lands. In the order the court shall designate those assets of the claimants that are so exempt.

NEW SECTION. Sec. 56. The petition for an award, for an increased or modified award, or for the exemption of assets from the claims of creditors as authorized by this chapter must be made to the court of the county in which the probate is being administered. If probate proceedings have not been commenced in the state of Washington, the petition must be made to the court of a county in which the decedent’s estate could be administered under RCW 11.96.050 if the decedent held personal property subject to probate in the county of the decedent’s domicile. The petition and the hearing must conform to RCW 11.96.070. Notice of the hearing on the petition must be given in accordance with RCW 11.96.100.

NEW SECTION. Sec. 57. If an award provided by this chapter will exhaust the estate, and probate proceedings have been commenced in the state of Washington, the court in the order of award or allowance shall order the estate closed, discharge the personal representative, and exonerate the personal representative’s bond, if any.

Sec. 58. RCW 11.48.130 and 1965 c 145 s 11.48.130 are each amended to read as follows:

The court ((shall have power to)) may authorize the personal representative, without the necessary nonintervention powers, to compromise and compound any claim owing the estate. Unless the court has restricted the power to compromise or compound claims owing to the estate, a personal representative with nonintervention powers may compromise and compound a claim owing the estate without the intervention of the court.

NEW SECTION. Sec. 59. A new section is added to chapter 11.68 RCW to read as follows:

(1) A personal representative may petition the court for nonintervention powers, whether the decedent died testate or intestate.

(2) Unless the decedent has specified in the decedent’s will, if any, that the court not grant nonintervention powers to the personal representative, the court shall grant nonintervention powers to a personal representative who petitions for the powers if the court determines that the decedent’s estate is solvent, taking into account probate and nonprobate assets, and that:
   (a) The petitioning personal representative was named in the decedent’s probated will as the personal representative;
   (b) The decedent died intestate, the petitioning personal representative is the decedent’s surviving spouse, the decedent’s estate is composed of community property only, and the decedent had no issue: (i) Who is living or in gestation on the date of the petition; (ii) whose identity is reasonably ascertainable on the date of the petition; and (iii) who is not also the issue of the petitioning spouse; or
   (c) The personal representative was not a creditor of the decedent at the time of the decedent’s death and the administration and settlement of the decedent’s will or estate with nonintervention powers would be in the best interests of the decedent’s beneficiaries and creditors. However, the administration and settlement of the decedent’s will or estate with nonintervention powers will be presumed to be in
the beneficiaries' and creditors' best interest until a person entitled to notice under section 61 of this act rebuts that presumption by coming forward with evidence that the grant of nonintervention powers would not be in the beneficiaries’ or creditors' best interests.

(3) The court may base its findings of facts necessary for the grant of nonintervention powers on: (a) Statements of witnesses appearing before the court; (b) representations contained in a verified petition for nonintervention powers, in an inventory made and returned upon oath into the court, or in an affidavit filed with the court; or (c) other proof submitted to the court.

NEW SECTION. Sec. 60. A new section is added to chapter 11.68 RCW to read as follows:
A hearing on a petition for nonintervention powers may be held at the time of the appointment of the personal representative or at any later time.

NEW SECTION. Sec. 61. A new section is added to chapter 11.68 RCW to read as follows:
(1) Advance notice of the hearing on a petition for nonintervention powers referred to in section 59 of this act is not required in those circumstances in which the court is required to grant nonintervention powers under section 59(2) (a) and (b) of this act.

(2) In all other cases, if the petitioner wishes to obtain nonintervention powers, the personal representative shall give notice of the petitioner's intention to apply to the court for nonintervention powers to all heirs, all beneficiaries of a gift under the decedent's will, and all persons who have requested, and who are entitled to, notice under RCW 11.28.240, except that:
(a) A person is not entitled to notice if the person has, in writing, either waived notice of the hearing or consented to the grant of nonintervention powers; and
(b) An heir who is not also a beneficiary of a gift under a will is not entitled to notice if the will has been probated and the time for contesting the validity of the will has expired.

(3) The notice required by this section must be either personally served or sent by regular mail at least ten days before the date of the hearing, and proof of mailing of the notice must be by affidavit filed in the cause. The notice must contain the decedent's name, the probate cause number, the name and address of the personal representative, and must state in substance as follows:
(a) The personal representative has petitioned the superior court of the state of Washington for . . . . . county, for the entry of an order granting nonintervention powers and a hearing on that petition will be held on . . . . ., the . . . . . day of . . . . . at . . . . o'clock . . M.;
(b) The petition for an order granting nonintervention powers has been filed with the court;
(c) Following the entry by the court of an order granting nonintervention powers, the personal representative is entitled to administer and close the decedent's estate without further court intervention or supervision; and
(d) A person entitled to notice has the right to appear at the time of the hearing on the petition for an order granting nonintervention powers and to object to the granting of nonintervention powers to the personal representative.

(4) If notice is not required, or all persons entitled to notice have either waived notice of the hearing or consented to the entry of an order granting nonintervention powers as provided in this section, the court may hear the petition for an order granting nonintervention powers at any time.

Sec. 62. RCW 11.68.050 and 1977 ex.s. c 234 s 21 are each amended to read as follows:
(1) If at the time set for the hearing upon ((the entry of an order of solvency)) a petition for nonintervention powers, any person entitled to notice of the hearing on the petition under ((the provisions of RCW 11.68.040 as now or hereafter amended.)) section 61 of this act shall appear and object to the granting of nonintervention powers to the personal representative of the estate, the court shall consider ((said objections, if any, and the entry of an order of solvency shall be discretionary with the court upon being satisfied by proof as required in RCW 11.68.010 as now or hereafter amended. If an order of solvency is entered)) the objections, if any, in connection with its determination under section 59(2)(c) of this act of whether a grant of nonintervention powers would be in the best interests of the decedent's beneficiaries.

(2) The nonintervention powers of a personal representative may not be restricted at a hearing on a petition for nonintervention powers in which the court is required to grant nonintervention powers
under section 59(2) (a) and (b) of this act, unless a will specifies that the nonintervention powers of a personal representative may be restricted when the powers are initially granted. In all other cases, including without limitation any hearing on a petition that alleges that the personal representative has breached its duties to the beneficiaries of the estate, the court may restrict the powers of the personal representative in such manner as the court determines(If no objection is made at the time of the hearing by any person entitled to notice thereof, the court shall enter an order of solvency upon being satisfied by proof as required in RCW 11.68.010 as now or hereafter amended) to be in the best interests of the decedent’s beneficiaries.

Sec. 63. RCW 11.68.060 and 1977 ex.s. c 234 s 22 are each amended to read as follows:

If any personal representative of the estate of the decedent (shall) dies, resigns, or otherwise becomes disabled from any cause from acting as the nonintervention personal representative, the successor personal representative, other than a creditor of a decedent not designated as a personal representative in the decedent’s will, shall administer the estate of the decedent without the intervention of court after notice and hearing as required by RCW 11.68.040 and 11.68.050 as now or hereafter amended, unless at the time of said hearing objections to the granting of nonintervention powers to such successor personal representative shall be made by an heir, legatee, devisee, or other person entitled to notice pursuant to RCW 11.28.240 as now existing or hereafter amended, and unless the court, after hearing said objections shall refuse to grant nonintervention powers to such successor personal representative. If no heir, legatee, devisee, or other person entitled to notice shall appear at the time of the hearing to object to the granting of nonintervention powers to such successor personal representative, the court shall enter an order granting nonintervention powers to such successor personal representative, or a person who has petitioned to be appointed as a successor personal representative, may petition the court for nonintervention powers, and the court shall act, in accordance with sections 59 through 61 of this act and RCW 11.68.050.

NEW SECTION. Sec. 64. A new section is added to chapter 11.68 RCW to read as follows:

A beneficiary whose interest in an estate has not been fully paid or distributed may petition the court for an order directing the personal representative to deliver a report of the affairs of the estate signed and verified by the personal representative. The petition may be filed at any time after one year from the day on which the report was last delivered, or, if none, then one year after the order appointing the personal representative. Upon hearing of the petition after due notice as required in chapter 11.96 RCW, the court may, for good cause shown, order the personal representative to deliver to the petitioner the report for any period not covered by a previous report. The report for the period shall include such of the following as the court may order: A description of the amount and nature of all property, real and personal, that has come into the hands of the personal representative; a statement of all property collected and paid out or distributed by the personal representative; a statement of claims filed and allowed against the estate and those rejected; any estate, inheritance, or fiduciary income tax returns filed by the personal representative; and such other information as the order may require. This subsection does not limit any power the court might otherwise have at any time during the administration of the estate to require the personal representative to account or furnish other information to any person interested in the estate.

Sec. 65. RCW 11.68.080 and 1977 ex.s. c 234 s 24 are each amended to read as follows:

(After such notice as the court may require, the order of solvency shall be vacated or restricted upon the petition of any personal representative, heir, legatee, devisee, or creditor, if supported by proof satisfactory to the court that said estate has become insolvent.) (1) Within ten days after the personal representative has received from alleged creditors under chapter 11.40 RCW claims that have an aggregate face value that, when added to the other debts and to the taxes and expenses of greater priority under applicable law, would appear to cause the estate to be insolvent, the personal representative shall notify in writing all beneficiaries under the decedent’s will and, if any of
the decedent's property will pass according to the laws of intestate succession, all heirs, together with
any unpaid creditors, other than a creditor whose claim is then barred under chapter 11.40 RCW or the
otherwise applicable statute of limitations, that the estate might be insolvent. The personal
representative shall file a copy of the written notice with the court.

(2) Within ten days after an estate becomes insolvent, the personal representative shall petition
under chapter 11.96 RCW for a determination of whether the court should reaffirm, rescind, or restrict
in whole or in part any prior grant of nonintervention powers. Notice of the hearing must be given in
accordance with RCW 11.96.100 and 11.96.110.

(3) If, upon a petition under chapter 11.96 RCW of any personal representative, beneficiary
under the decedent's will, heir if any of the decedent's property passes according to the laws of
intestate succession, or any unpaid creditor with a claim that has been accepted or judicially determined
to be enforceable, the court determines that the decedent's estate is insolvent, the court shall reaffirm,
rescind, or restrict in whole or in part any prior grant of nonintervention powers to the extent necessary
to protect the best interests of the beneficiaries and creditors of the estate.

(4) If the court rescinds or restricts a prior grant of nonintervention powers, the court shall
endorse the term "powers rescinded" or "powers restricted" upon the prior order together with the date
of ((said)) the endorsement.

Sec. 66. RCW 11.68.090 and 1988 c 29 s 3 are each amended to read as follows:
(1) Any personal representative acting under nonintervention powers may borrow money on the
general credit of the estate and may mortgage, encumber, lease, sell, exchange, convey, and otherwise
((do anything a trustee may do)) have the same powers, and be subject to the same limitations of
liability, that a trustee has under RCW 11.98.070 and chapters 11.100 and 11.102 RCW with regard to
the assets of the estate, both real and personal, all without an order of court and without notice,
approval, or confirmation, and in all other respects administer and settle the estate of the decedent
without intervention of court. ((Any party to any such transaction and his or her successors in interest
shall be entitled to have it conclusively presumed that the transaction is necessary for the administration
of the decedent's estate.) Except as otherwise specifically provided in this ((chapter)) title or by order
of court, ((chapter 11.76 RCW shall not apply to the administration of an estate by)) a personal
representative acting under nonintervention powers may exercise the powers granted to a personal
representative under chapter 11.76 RCW but is not obligated to comply with the duties imposed on
personal representatives by that chapter. A party to such a transaction and the party's successors in
interest are entitled to have it conclusively presumed that the transaction is necessary for the
administration of the decedent's estate.

(2) Except as otherwise provided in chapter 11.108 RCW or elsewhere in order to preserve a
marital deduction from estate taxes, a testator may by a will relieve the personal representative from
any or all of the duties, restrictions, and liabilities imposed: Under common law; by chapters 11.--
(sections 48 through 57 of this act), 11.56, 11.100, 11.102, and 11.104 RCW; or by RCW 11.28.270
and 11.28.280, section 67 of this act, and RCW 11.98.070. In addition, a testator may likewise alter or
deny any or all of the privileges and powers conferred by this title, and may add duties, restrictions,
liabilities, privileges, or powers to those imposed or granted by this title. If any common law or any
statute referenced earlier in this subsection is in conflict with a will, the will controls whether or not
specific reference is made in the will to this section. However, notwithstanding the rest of this
subsection, a personal representative may not be relieved of the duty to act in good faith and with
honest judgment.

NEW SECTION. Sec. 67. A new section is added to chapter 11.68 RCW to read as follows:
All of the provisions of RCW 11.98.016 regarding the exercise of powers by co-trustees of a
trust shall apply to the co-personal representatives of an estate in which the co-personal representatives
have been granted nonintervention powers, as if, for purposes of the interpretation of that law, co-
personal representatives were co-trustees and an estate were a trust.

Sec. 68. RCW 11.68.110 and 1990 c 180 s 5 are each amended to read as follows:
(1) If a personal representative who has acquired nonintervention powers does not apply to the court for either of the final decrees provided for in RCW 11.68.100 as now or hereafter amended, the personal representative shall, when the administration of the estate has been completed, file a declaration (to that effect, which declaration shall) that must state as follows:

((4)) (a) The date of the decedent’s death(1) and the decedent’s residence at the time of death(2);
(b) Whether or not the decedent died testate or intestate(3);
(c) If the decedent died testate, the date of the decedent’s last will and testament and the date of the order (admitting the will to probate) probating the will;
((2)) (d) That each creditor’s claim which was justly due and properly presented as required by law has been paid or otherwise disposed of by agreement with the creditor, and that the amount of estate taxes due as the result of the decedent’s death has been determined, settled, and paid;
((44)) (e) That the personal representative has completed the administration of the decedent’s estate without court intervention, and the estate is ready to be closed;
((4)) (f) If the decedent died intestate, the names, addresses (if known), and relationship of each heir of the decedent, together with the distributive share of each heir; and
((5)) (g) The amount of fees paid or to be paid to each of the following: ((4)) (i) Personal representative or representatives(4); (ii) lawyer or lawyers(5); (iii) appraiser or appraiser or appraisers(6); and ((4)) (iv) accountant or accountants; and that the personal representative believes the fees to be reasonable and does not intend to obtain court approval of the amount of the fees or to submit an estate accounting to the court for approval.

(2) Subject to the requirement of notice as provided in this section, unless an heir, devisee, or legatee of a decedent petitions the court either for an order requiring the personal representative to obtain court approval of the amount of fees paid or to be paid to the personal representative, lawyers, appraisers, or accountants, or for an order requiring an accounting, or both, within thirty days from the date of filing a declaration of completion of probate, the personal representative will be automatically discharged without further order of the court and the representative’s powers will cease thirty days after the filing of the declaration of completion of probate, and the declaration of completion of probate shall, at that time, be the equivalent of the entry of a decree of distribution in accordance with chapter 11.76 RCW for all legal intents and purposes.

(3) Within five days of the date of the filing of the declaration of completion, the personal representative or the personal representative’s lawyer shall mail a copy of the declaration of completion to each heir, legatee, or devisee of the decedent ((7)), who has not waived notice of (8) the filing, in writing, filed in the cause((9)) or who, not having waived notice, either has not received the full amount of the distribution to which the heir, legatee, or devisee is entitled or has a property right that might be affected adversely by the discharge of the personal representative under this section, together with a notice which shall be substantially as follows:

CAPTION NOTICE OF FILING OF  
OF DECLARATION OF COMPLETION  
CASE OF PROBATE

NOTICE IS GIVEN that the attached Declaration of Completion of Probate was filed by the undersigned in the above-entitled court on the . . . day of . . . . ., 19 . ; unless you shall file a petition in the above-entitled court requesting the court to approve the reasonableness of the fees, or for an accounting, or both, and serve a copy thereof upon the personal representative or the personal representative’s lawyer, within thirty days after the date of the filing, the amount of fees paid or to be paid will be deemed reasonable, the acts of the personal representative will be deemed approved, the personal representative will be automatically discharged without further order of the court, and the Declaration of Completion of Probate will be final and deemed the equivalent of a Decree of Distribution entered under chapter 11.76 RCW.

If you file and serve a petition within the period specified, the undersigned will request the court to fix a time and place for the hearing of your petition, and you will be notified of the time and place thereof, by mail, or personal service, not less than ten days before the hearing on the petition.
Dated this . . . . day of . . . . . , 19. .

Personal Representative

(4) If all heirs, devisees, and legatees of the decedent entitled to notice under this section waive, in writing, the notice required by this section, the personal representative will be automatically discharged without further order of the court and the declaration of completion of probate will become effective as a decree of distribution upon the date of filing thereof. In those instances where the personal representative has been required to furnish bond, and a declaration of completion is filed pursuant to this section, any bond furnished by the personal representative shall be automatically discharged upon the discharge of the personal representative.

NEW SECTION. Sec. 69. A new section is added to chapter 11.68 RCW to read as follows:

If the declaration of completion of probate and the notice of filing of declaration of completion of probate state that the personal representative intends to make final distribution within five business days after the final date on which a beneficiary could petition for an order to approve fees or to require an accounting, which date is referred to in this section as the "effective date of the declaration of completion," and if the notice of filing of declaration of completion of probate sent to each beneficiary who has not received everything to which that beneficiary is entitled from the decedent's estate specifies the amount of the minimum distribution to be made to that beneficiary, the personal representative retains, for five business days following the effective date of the declaration of completion, the power to make the stated minimum distributions. In this case, the personal representative is discharged from all claims other than those relating to the actual distribution of the reserve, at the effective date of the declaration of completion. The personal representative is only discharged from liability for the distribution of the reserve when the whole reserve has been distributed and each beneficiary has received at least the distribution which that beneficiary's notice stated that the beneficiary would receive.

NEW SECTION. Sec. 70. A new section is added to chapter 11.68 RCW to read as follows:

(1) The personal representative retains the powers to: Deal with the taxing authority of any federal, state, or local government; hold a reserve in an amount not to exceed three thousand dollars, for the determination and payment of any additional taxes, interest, and penalties, and of all reasonable expenses related directly or indirectly to such determination or payment; pay from the reserve the reasonable expenses, including compensation for services rendered or goods provided by the personal representative or by the personal representative's employees, independent contractors, and other agents, in addition to any taxes, interest, or penalties assessed by a taxing authority; receive and hold any credit, including interest, from any taxing authority; and distribute the residue of the reserve to the intended beneficiaries of the reserve; if:

(a) In lieu of the statement set forth in RCW 11.68.110(1)(e), the declaration of completion of probate states that:

The personal representative has completed the administration of the decedent’s estate without court intervention, and the estate is ready to be closed, except for the determination of taxes and of interest and penalties thereon as permitted under this section;

and

(b) The notice of the filing of declaration of completion of probate must be in substantially the following form:

CAPTION NOTICE OF FILING OF
OF DECLARATION OF COMPLETION
CASE OF PROBATE
NOTICE IS GIVEN that the attached Declaration of Completion of Probate was filed by the undersigned in the above-entitled court on the . . . day of . . . . . . . . . ; unless you file a petition in the above-entitled court requesting the court to approve the reasonableness of the fees, or for an accounting, or both, and serve a copy thereof upon the personal representative or the personal representative's lawyer, within thirty days after the date of the filing:

(i) The schedule of fees set forth in the Declaration of Completion of Probate will be deemed reasonable;
(ii) The Declaration of Completion of Probate will be final and deemed the equivalent of a Decree of Distribution entered under chapter 11.76 RCW;
(iii) The acts that the personal representative performed before the Declaration of Completion of Probate was filed will be deemed approved, and the personal representative will be automatically discharged without further order of the court with respect to all such acts; and
(iv) The personal representative will retain the power to deal with the taxing authorities, together with $. . . . for the determination and payment of all remaining tax obligations. Only that portion of the reserve that remains after the settlement of any tax liability, and the payment of any expenses associated with such settlement, will be distributed to the persons legally entitled to the reserve.

(2) If the requirements in subsection (1) of this section are met, the personal representative is discharged from all claims other than those relating to the settlement of any tax obligations and the actual distribution of the reserve, at the effective date of the declaration of completion. The personal representative is discharged from liability from the settlement of any tax obligations and the distribution of the reserve, and the personal representative’s powers cease, thirty days after the personal representative:

(a) Has mailed to those persons who would have shared in the distribution of the reserve had the reserve remained intact; and
(b) Has filed with the court copies of checks or receipts showing how the reserve was in fact distributed, unless a person with an interest in the reserve petitions the court earlier within the thirty-day period for an order requiring an accounting of the reserve or an order determining the reasonableness, or lack of reasonableness, of distributions made from the reserve. If the personal representative has been required to furnish a bond, any bond furnished by the personal representative is automatically discharged upon the final discharge of the personal representative.

Sec. 71. RCW 11.76.080 and 1977 ex.s. c 80 s 15 are each amended to read as follows:

If there be any alleged ((incompetent or disabled)) incapacitated person as defined in RCW 11.88.010 interested in the estate who has no legally appointed guardian or limited guardian, the court:

Sec. 72. RCW 11.76.095 and 1991 c 193 s 28 are each amended to read as follows:

(6) In the case of a disclaimer that results in property passing to a trust over which the disclaimant has any power to direct the beneficial enjoyment of the disclaimed property, the disclaimant shall also be deemed to have disclaimed any power to direct the beneficial enjoyment of the disclaimed property, unless the power is limited by an ascertainable standard for the health, education, support, or maintenance of any person as described in section 2041 or 2514 of the Internal Revenue Code and the applicable regulations adopted under those sections. This subsection applies unless the disclaimer specifically refers to this subsection and states to the contrary. (26) Pay reasonable compensation to the trustee or co-trustees considering all circumstances including the time, effort, skill, and responsibility involved in the performance of services by the trustee;

(27) Employ persons, including lawyers, accountants, investment advisors, or agents, even if they are associated with the trustee, to advise or assist the trustee in the performance of the trustee's duties or to perform any act, regardless of whether the act is discretionary, and to act without independent investigation upon their recommendations, except that:

(a) A trustee may not delegate all of the trustee's duties and responsibilities (and except that this employment does not relieve the trustee of liability for the discretionary acts of a person, which if done by the trustee, would result in liability to the trustee, or of the duty to select and retain a person with reasonable care);

(b) This power to employ and to delegate duties does not relieve the trustee of liability for such person's discretionary acts, that, if done by the trustee, would result in liability to the trustee;

(c) This power to employ and to delegate duties does not relieve the trustee of the duty to select and retain a person with reasonable care;

(d) The trustee, or a successor trustee, may sue the person to collect any damages suffered by the trust estate even though the trustee might not be personally liable for those damages, subject to the statutes of limitation that would have applied had the claim been one against the trustee who was serving when the act or failure to act occurred;

(28) Appoint an ancillary trustee or agent to facilitate management of assets located in another state or foreign country;

(29) Retain and store such items of tangible personal property as the trustee selects and pay reasonable storage charges thereon from the trust estate;

(30) Issue proxies to any adult beneficiary of a trust for the purpose of voting stock of a corporation acting as the trustee of the trust;

(31) Place all or any part of the securities at any time held by the trustee in the care and custody of any bank, trust company, or member firm of the New York Stock Exchange with no obligation while the securities are so deposited to inspect or verify the same and with no responsibility for any loss or misapplication by the bank, trust company, or firm, so long as the bank, trust company, or firm was selected and retained with reasonable care, and have all stocks and registered securities placed in the name of the bank, trust company, or firm, or in the name of its nominee, and to appoint such bank, trust company, or firm agent as attorney to collect, receive, receipt for, and disburse any income, and generally may perform, but is under no requirement to perform, the duties and services incident to a so-called "custodian" account;

(32) Determine at any time that the corpus of any trust is insufficient to implement the intent of the trust, and upon this determination by the trustee, terminate the trust by distribution of the trust to
the current income beneficiary or beneficiaries of the trust or their legal representatives, except that
this determination may only be made by the trustee if the trustee is neither the grantor nor the
beneficiary of the trust, and if the trust has no charitable beneficiary; and
(33) (Rely with acquittance on advice of counsel on questions of law; and
(34)) Continue to be a party to any existing voting trust agreement or enter into any new
voting trust agreement or renew an existing voting trust agreement with respect to any assets contained
in trust.

Sec. 76. RCW 11.98.240 and 1994 c 221 s 66 are each amended to read as follows:
(1)(a)((i)) RCW 11.98.200 and 11.98.210 respectively apply to;
(i) A trust established under a will, codicil, trust agreement, declaration of trust, deed, or other
instrument executed after July 25, 1993, unless the instrument’s terms refer specifically to RCW
11.98.200 or 11.98.210 respectively and provide expressly to the contrary. However, except for RCW
11.98.200(3), the 1994 c 221 amendments to RCW 11.98.200 apply to a trust established under a will,
codicil, trust agreement, declaration of trust, deed, or other instrument executed after January 1, 1995,
unless the instrument’s terms refer specifically to RCW 11.98.200 and provide expressly to the contrary.

(ii) (Notwithstanding (a)(i) of this subsection, for the purposes of this subsection a codicil to a
will or an amendment to a trust does not cause that instrument to be executed after July 25, 1993,
unless the codicil or amendment clearly shows an intent to have RCW 11.98.200 or 11.98.210 apply.)
A trust created under a will, codicil, trust agreement, declaration of trust, deed, or other instrument
executed before July 25, 1993, unless:
(A) The trust is revoked or amended and the terms of the amendment refer specifically to RCW
11.98.200 and provide expressly to the contrary;
(B) All parties in interest, as defined in subsection (3) of this section elect affirmatively, in the
manner prescribed in subsection (4) of this section, not to be subject to the application of this
subsection. The election must be made by the later of September 1, 2000, or three years after the date
on which the trust becomes irrevocable; or
(C) A person entitled to judicial proceedings for a declaration of rights or legal relations under
RCW 11.96.070 obtains a judicial determination, under chapter 11.96 RCW, that the application of this
subsection (1)(a)(ii) to the trust is inconsistent with the provisions or purposes of the will or trust.
(b) Notwithstanding (a) of this subsection, RCW 11.98.200 and 11.98.210 respectively apply to
a trust established under a will or codicil of a decedent dying on or after July 25, 1993, and to an inter
vivos trust to which the trustor had on or after July 25, 1993, the power to terminate, revoke, amend,
or modify, unless:
(i) The terms of the instrument specifically refer to RCW 11.98.200 or 11.98.210 respectively
and provide expressly to the contrary; or
(ii) The decedent or the trustor was not competent, on July 25, 1993, to change the disposition
of his or her property, or to terminate, revoke, amend, or modify the trust, and did not regain his or
her competence to dispose, terminate, revoke, amend, or modify before the date of the decedent’s
death or before the trust could not otherwise be revoked, terminated, amended, or modified by the
decedent or trustor.
(2) RCW 11.98.200 neither creates a new cause of action nor impairs an existing cause of
action that, in either case, relates to a power proscribed under RCW 11.98.200 that was exercised
before July 25, 1993. RCW 11.98.210 neither creates a new cause of action nor impairs an existing
cause of action that, in either case, relates to a power proscribed, limited, or qualified under RCW
(3) For the purpose of subsection (1)(a)(ii) of this section, "parties in interest" means those
persons identified as "required parties to the dispute" under RCW 11.96.170(6)(b).

As used in this chapter:
(1) "Income beneficiary" means the person to whom income is presently payable or for whom it is accumulated for distribution as income;
(2) Except as provided in RCW 11.104.110, "inventory value" means the cost of property purchased by the trustee and the cost or adjusted basis for federal income tax purposes of other property at the time it became subject to the trust, but in the case of a trust asset that is included on any death tax return the trustee may, but need not, use the value finally determined for the purposes of the federal estate tax if applicable, otherwise for another estate or inheritance tax;
(3) "Remainderman" means the person entitled to principal, including income which has been accumulated and added to principal.

NEW SECTION. Sec. 79. A new section is added to chapter 11.104 RCW to read as follows:
(1) Notwithstanding any contrary provision of this chapter, if the trust instrument adopts this section by specific reference, an increase in the value of the following investments, over the value of the investments at the time of acquisition by the trust, is distributable as income when it becomes available for distribution:
   (a) A zero coupon bond;
   (b) An annuity contract before annuitization;
   (c) A life insurance contract before the death of the insured;
   (d) An interest in a common trust fund as defined in section 584 of the Internal Revenue Code;
   (e) An interest in a partnership as defined in section 7701 of the Internal Revenue Code; or
   (f) Any other obligation for the payment of money that is payable at a future time in accordance with a fixed, variable, or discretionary schedule of appreciation in excess of the price at which it was issued.

(2) The increase in value of the investments described in subsection (1) of this section is allocable to the beneficiary who is the beneficiary to whom income may be distributed at the time when the trustee receives cash on account of the investment, notwithstanding RCW 11.104.070.

(3) For purposes of this section, the increase in value of an investment described in subsection (1) of this section is available for distribution only when the trustee receives cash on account of the investment.

Sec. 80. RCW 11.104.110 and 1971 c 74 s 11 are each amended to read as follows:
(Except as provided in RCW 11.104.090 and 11.104.100, if the principal consists of property subject to depletion, including leaseholds, patents, copyrights, royalty rights, and rights to receive
payments on a contract for deferred compensation, receipts from the property, not in excess of five percent per year of its inventory value, are income, and the balance is principal.\) (1) Subject to subsection (3) of this section, if the principal of a trust includes a deferred payment right including the right to receive deferred compensation, the proceeds of the right or the amount of deferred compensation, on receipt, are income to the extent determinable without reference to this section, or if not so determinable, are income up to five percent of the inventory value of the right or amount, determined separately for each year in which the right or amount is subject to the trust. The remainder of the proceeds or amount is principal. If not otherwise determinable, the allocation to income is computed in the same manner in which interest under a loan of the initial inventory amount would be computed, at five percent interest compounded annually, as if annual payments were made by the borrower to the lender.

(2) If income is determined under this section, for the first year, inventory value is determined as provided by this chapter or by this section for deferred compensation. For each year after the first year, the inventory value is:

(a) Reduced to the extent that the proceeds of the right or amount received during the preceding year were allocated to principal; and

(b) Increased to the extent that the proceeds received during the preceding year were less than five percent of the inventory value of that year.

(3) While the deferred payment right is under administration in a decedent's estate, income and principal are determined by using the fiscal year of the estate and ending on the date the trust is funded with the right. After the administration of the estate, the fiscal year of the trust is used. The five percent allocation to income is prorated for any year that is less than twelve months.

(4) The proceeds of a deferred payment right include all receipts relating to the right, whether or not the receipts are periodic. After the proceeds are received by the trustee and allocated in accordance with this section, this section does not apply to the proceeds except to the extent the proceeds include a continuing deferred payment right or right to receive deferred compensation.

(5) In this section:

(i) Of benefits under a nonqualified plan of deferred compensation or similar arrangement or agreement; or

(ii) Of benefits under an employee benefit plan as defined in this section;

(b) "Deferred payment right" means a depletable asset, other than natural resources governed by RCW 11.104.090 or timber governed by RCW 11.104.100, consisting of the right to property under a contract, account, or other arrangement that is payable not earlier than twelve months after the date the right becomes subject to the trust. A deferred payment right includes the right to receive a periodic, annuity, installment, or single-sum future payment:

(i) Under a leasehold, patent, copyright, or royalty;

(ii) Of income in respect of a decedent under section 691 of the Internal Revenue Code of 1986; or

(iii) Of death benefits;

(c) "Employee benefit plan" means any of the following, whether funded by a trust, custodian account, annuity, or retirement bond:

(i) A plan, individual retirement account, or deferred compensation plan or arrangement that is described in RCW 49.64.020, section 401(a), 403(a), 403(b), 408, or 457 of the Internal Revenue Code of 1986, as amended, or in section 409 of the Internal Revenue Code in effect before January 1, 1984; or

(ii) An employee benefit plan established or maintained by:

(A) The government of the United States;

(B) The state of Washington;

(C) A state or territory of the United States;

(D) The District of Columbia; or
(E) A political subdivision, agency, or instrumentality of the entities in (c)(ii)(A) through (D)
of this subsection; and

(d) "Year" means the fiscal year of the estate or trust for federal income tax purposes.

(6) The deferred compensation payable consisting of the account balance or accrued benefit as
of the date of death of the owner of such amount receivable or, if elected, the alternate valuation date
for federal estate tax purposes, shall be the inventory value of the deferred compensation as used in this
chapter as of that date.

Sec. 81. RCW 11.108.010 and 1993 c 73 s 2 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout
this chapter.

(1) The term "pecuniary bequest" means a gift in a governing instrument which either is expressly stated as a fixed dollar amount or is a gift of a dollar amount determinable by the governing instrument, and a gift expressed in terms of a "sum" or an "amount," unless the context dictates otherwise, is a gift of a dollar amount.

(2) As the context might require, the term "marital deduction" means either the federal estate tax deduction or the federal gift tax deduction allowed for transfers to spouses under the Internal Revenue Code.

(3) The term "maximum marital deduction" means the maximum amount qualifying for the marital deduction.

(4) The term "marital deduction gift" means a gift intended to qualify for the marital deduction as indicated by a preponderance of the evidence including the governing instrument and extrinsic evidence whether or not the governing instrument is found to be ambiguous.

(5) The term "governing instrument" includes ((a)), but is not limited to: Will and codicils((r)); ((irrevocable, and)) revocable trusts and amendments or addenda to revocable trusts; irrevocable trusts; beneficiary designations under life insurance policies, annuities, employee benefit plans, and individual retirement accounts; payable-on-death, trust, or joint with right of survivorship bank or brokerage accounts; transfer on death designations or transfer on death or pay on death securities; and documents exercising powers of appointment.

(6) The term "fiduciary" means trustee or personal representative. Reference to a fiduciary in the singular includes the plural where the context requires.

(7) The term "gift" refers to all legacies, devises, and bequests made in a governing instrument.

(8) The term "transferor" means the testator, grantor, or other person making a gift.

(9) The term "spouse" includes the transferor's surviving spouse in the case of a deceased transferor.

Sec. 82. RCW 11.108.020 and 1993 c 73 s 3 are each amended to read as follows:

(1) If a governing instrument contains a marital deduction gift, the governing instrument shall be construed to comply with the marital deduction provisions of the Internal Revenue Code in every respect.

(2) If a governing instrument contains a marital deduction gift, the governing instrument, including any power, duty, or discretionary authority given to the fiduciary, shall be construed to comply with the marital deduction provisions of the Internal Revenue Code in order to conform to that intent. Whether the governing instrument contains a marital deduction gift depends upon the intent of the testator, grantor, or other transferor at the time the governing instrument is executed. If the testator, grantor, or other transferor has adequately evidenced an intention to make a marital deduction gift, the fiduciary shall not take any action or have any power that may impair that deduction, but this does not require the fiduciary to make the election under section 2056(b)(7) of the Internal Revenue Code that is referred to in RCW 11.108.025((a))) any fiduciary operating under the governing instrument has all the powers, duties, and discretionary authority necessary to comply with the marital deduction provisions of the Internal Revenue Code. The fiduciary shall not take any action or have any power that may impair that deduction, but this does not require the fiduciary to make the elections under
either section 2056(b)(7) or 2523(f) of the Internal Revenue Code that is referred to in RCW 11.108.025.

Sec. 83. RCW 11.108.025 and 1993 c 73 s 4 are each amended to read as follows:

Unless a governing instrument directs to the contrary:

(1) The fiduciary shall have the power to make elections, in whole or in part, to qualify property for the marital deduction as qualified terminable interest property under section 2056(b)(7) or 2523(f) of the Internal Revenue Code or, if the surviving spouse is not a citizen of the United States, under section 2056A of the Internal Revenue Code. Further, the fiduciary shall have the power to make generation-skipping transfer tax allocations under section 2632 of the Internal Revenue Code.

(2) The fiduciary making an election under section 2056(b)(7), 2523(f), or 2056A of the Internal Revenue Code or making an allocation under section 2632 of the Internal Revenue Code may benefit personally from the election or allocation, with no duty to reimburse any other person interested in the election or allocation. The fiduciary shall have no duty to make any equitable adjustment and shall have no duty to treat interested persons impartially in respect of the election or allocation.

(3) The fiduciary of a trust, if an election is made under section 2056(b)(7), 2523(f), or 2056A of the Internal Revenue Code, if an allocation is made under section 2632 of the Internal Revenue Code, or if division of a trust is of benefit to the persons interested in the trust, may divide the trust into two or more separate trusts, of equal or unequal value, if:

(a) The terms of the separate trusts which result are substantially identical to the terms of the trust before division;

(b) In the case of a trust otherwise qualifying for the marital deduction under the Internal Revenue Code, the division shall not prevent a separate trust for which the election is made from qualifying for the marital deduction; and

(c) The allocation of assets shall be based upon the fair market value of the assets at the time of the division.

Sec. 84. RCW 11.108.050 and 1993 c 73 s 5 are each amended to read as follows:

If a governing instrument contains a marital deduction gift in trust, then in addition to the other provisions of this chapter, each of the following applies to the trust:

(a) The only income beneficiary of a marital deduction trust is the testator’s surviving spouse;

(b) The income beneficiary is entitled to all of the trust income until the trust terminates;

(c) The trust income is payable to the income beneficiary not less frequently than annually; and

(d) Except in the case of a marital deduction gift in trust, described in subsection (2) of this section, or property that has or would otherwise have qualified for the marital deduction only as the result of an election under section 2056(b)(7) of the Internal Revenue Code, upon termination of the trust, all of the remaining trust assets, including accrued or undistributed income, pass either to the income beneficiary or under the exercise of a general power of appointment granted to the income beneficiary in favor of the income beneficiary’s estate or to any other person or entity in trust or outright. The general power of appointment is exercisable by the income beneficiary alone and in all events.

(2) If a governing instrument indicates the testator’s intention to make a marital deduction gift in trust and the surviving spouse is not a citizen of the United States, subsection (1)(a), (b), and (e) of this section and each of the following shall apply to the trust:

(a) At least one trustee of the trust shall be an individual citizen of the United States or a domestic corporation, and no distribution, other than a distribution of income, may be made from the trust unless a trustee who is an individual citizen of the United States or a domestic corporation has the right to withhold from the distribution the tax imposed under section 2056A of the Internal Revenue Code on the distribution;
(b) The trust shall meet such requirements as the secretary of the treasury of the United States may by regulations prescribe to ensure collection of estate tax, under section 2056A(b) of the Internal Revenue Code; and

(e) (a) and (b) of this subsection shall no longer apply to the trust if the surviving spouse becomes a citizen of the United States and (i) the surviving spouse is a resident of the United States at all times after the testator's death and before becoming a citizen, or (ii) no tax has been imposed on the trust under section 2056A(b)(1)(A) of the Internal Revenue Code before the surviving spouse becomes a citizen, or (iii) the surviving spouse makes an election under section 2056A(b)(12)(C) of the Internal Revenue Code regarding tax imposed on distributions from the trust before becoming a citizen.

(3) The exercise of the general power of appointment provided in this section shall be done only by the income beneficiary in the manner provided by RCW 11.95.060) to the extent necessary to qualify the gift for the marital deduction:

(1) If the transferor's spouse is a citizen of the United States at the time of the transfer:
   (a) The transferor's spouse is entitled to all of the income from the trust, payable annually or at more frequent intervals, during the spouse's life;
   (b) During the life of the transferor's spouse, a person may not appoint or distribute any part of the trust property to a person other than the transferor's spouse;
   (c) The transferor's spouse may compel the trustee of the trust to make any unproductive property of the trust productive, or to convert the unproductive property into productive property, within a reasonable time; and
   (d) The transferor's spouse may, alone and in all events, dispose of all of the trust property, including accrued or undistributed income, remaining after the spouse's death under a testamentary general power of appointment, as defined in section 2041 of the Internal Revenue Code. However, this subsection (1)(d) does not apply to: (i) A marital deduction gift in trust which is described in subsection (2) of this section; (ii) that portion of a marital deduction gift in trust that has qualified for the marital deduction as a result of an election under section 2056(b)(7) or 2523(f) of the Internal Revenue Code; and (iii) that portion of marital deduction gift in trust that would have qualified for the marital deduction but for the fiduciary's decision not to make the election under section 2056(b)(7) or 2523(f) of the Internal Revenue Code;

(2) If the transferor's spouse is not a citizen of the United States at the time of the transfer, then to the extent necessary to qualify the gift for the marital deduction, subsection (1)(a), (b), and (c) of this section and each of the following applies to the trust:
   (a) At least one trustee of the trust must be an individual citizen of the United States or a domestic corporation, and a distribution, other than a distribution of income, may not be made from the trust unless a trustee who is an individual citizen of the United States or a domestic corporation has the right to withhold from the distribution the tax imposed under section 2056A of the Internal Revenue Code on the distribution;
   (b) The trust must meet such requirements as the secretary of the treasury of the United States by regulations prescribes to ensure collection of estate tax, under section 2056A(b) of the Internal Revenue Code; and
   (c) Subsection (2)(a) and (b) of this section no longer apply to the trust if the transferor's spouse becomes a citizen of the United States and: (i) The transferor's spouse was a resident of the United States at all times after the transferor's death and before becoming a citizen; (ii) tax has not been imposed on the trust under section 2056A(b)(1)(A) of the Internal Revenue Code before the transferor's spouse becomes a citizen; or (iii) the transferor's spouse makes an election under section 2056A(b)(12)(C) of the Internal Revenue Code regarding tax imposed on distributions from the trust before becoming a citizen; and

(3) Subsection (1) of this section does not apply to:
   (a) A trust: (i) That provides for a life estate or term of years for the exclusive benefit of the transferor's spouse, with the remainder payable to the such spouse's estate; or (ii) created exclusively for the benefit of the estate of the transferor's spouse; and
   (b) An interest of the transferor's spouse in a charitable remainder annuity trust or charitable remainder unitrust described in section 664 of the Internal Revenue Code, if the transferor's spouse is the only noncharitable beneficiary.
Sec. 85. RCW 11.28.237 and 1994 c 221 s 24 are each amended to read as follows:

(1) Within twenty days after appointment, the personal representative of the estate of a decedent shall cause written notice of his or her appointment and the pendency of said probate proceedings, to be served personally or by mail to each heir, legatee and devisee of the estate and each beneficiary or transferee of a nonprobate asset of the decedent whose names and addresses are known to him or her, and proof of such mailing or service shall be made by affidavit and filed in the cause.

(2) If the personal representative does not otherwise give notice to creditors under chapter 11.40 RCW within thirty days after appointment, the personal representative shall cause written notice of his or her appointment and the pendency of the probate proceedings to be mailed to the state of Washington department of social and health services office of financial recovery, and proof of the mailing shall be made by affidavit and filed in the cause.

(If a governing instrument contains a marital deduction gift, whether outright or in trust and whether there is a specific reference to this section, any survivorship requirement expressed in the governing instrument in excess of six months, other than survival by a spouse of a common disaster resulting in the death of the decedent, does not apply to property passing under a marital deduction gift, and in addition, is limited to a six-month period beginning with the testator’s death.) (2) The property that is the subject of the marital deduction gift must be held in a trust meeting the requirements of section 2056(b)(7) of the Internal Revenue Code the corpus of which must: (a) Pass as though the spouse failed to survive the transferor if the spouse, in fact, fails to survive the term specified in the governing instrument; and (b) pass to the spouse under the terms of the governing instrument if the spouse, in fact, survives the term specified in the governing instrument.

Each board of trustees:
(1) Shall operate all existing community and technical colleges in its district;
(2) Shall create comprehensive programs of community and technical college education and training and maintain an open-door policy in accordance with the provisions of RCW 28B.50.090(3). However, technical colleges, and college districts containing only technical colleges, shall maintain programs solely for occupational education, basic skills, and literacy purposes. For as long as a need exists, technical colleges may continue those programs, activities, and services they offered during the twelve-month period preceding September 1, 1991;
(3) Shall employ for a period to be fixed by the board a college president for each community and technical college and, may appoint a president for the district, and fix their duties and compensation, which may include elements other than salary. Compensation under this subsection shall not affect but may supplement retirement, health care, and other benefits that are otherwise applicable to the presidents as state employees. The board shall also employ for a period to be fixed by the board members of the faculty and such other administrative officers and other employees as may be necessary or appropriate and fix their salaries and duties. Compensation and salary increases under this subsection shall not exceed the amount or percentage established for those purposes in the state appropriations act by the legislature as allocated to the board of trustees by the state board for community and technical colleges. The state board for community and technical colleges shall adopt rules defining the permissible elements of compensation under this subsection;
(4) May establish, under the approval and direction of the college board, new facilities as community needs and interests demand. (6) May, with the approval of the college board, borrow money and issue and sell revenue bonds or other evidences of indebtedness for the construction, reconstruction, erection, equipping with permanent fixtures, demolition and major alteration of buildings or other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances, for dormitories, food service facilities, and other self-supporting facilities connected with the operation of the community and technical college in accordance with the provisions of RCW 28B.10.300 through 28B.10.330 where applicable;
(7) May establish fees and charges for the facilities authorized hereunder, including reasonable rules and regulations for the government thereof, not inconsistent with the rules and regulations of the college board; each board of trustees operating a community and technical college may enter into agreements, subject to rules and regulations of the college board, with owners of facilities to be used..."
for housing regarding the management, operation, and government of such facilities, and any board entering into such an agreement may:

(a) Make rules and regulations for the government, management and operation of such housing facilities deemed necessary or advisable; and

(b) Employ necessary employees to govern, manage and operate the same;

(8) May receive such gifts, grants, conveyances, devises and bequests of real or personal property from private sources, as may be made from time to time, in trust or otherwise, whenever the terms and conditions thereof will aid in carrying out the community and technical college programs as specified by law and the regulations of the state college board; sell, lease or exchange, invest or expend the same or the proceeds, rents, profits and income thereof according to the terms and conditions thereof; and adopt regulations to govern the receipt and expenditure of the proceeds, rents, profits and income thereof;

(Technical colleges shall offer only nonbaccalaureate technical degrees, certificates, or diplomas for occupational courses of study under rules of the college board. Technical colleges in districts twenty-eight and twenty-nine may offer nonbaccalaureate associate of technical or applied arts degrees only in conjunction with a community college the district of which overlaps with the district of the technical college, and these degrees may only be offered after a contract or agreement is executed between the technical college and the community college. The authority and responsibility to offer transfer level academic support and general education for students of districts twenty-one and twenty-five shall reside exclusively with Whatcom Community College.) Technical colleges shall offer only nonbaccalaureate technical degrees under the rules of the state board for community and technical colleges that are appropriate to their work force education and training mission. The primary purpose of this degree is to lead the individual directly to employment in a specific occupation. Technical colleges may not offer transfer degrees. The board, upon recommendation of the faculty, may also confer honorary associate of arts degrees upon persons other than graduates of the community college, in recognition of their learning or devotion to education, literature, art, or science. No degree may be conferred in consideration of the payment of money or the donation of any kind of property;

(13) Shall enforce the rules and regulations prescribed by the state board for community and technical colleges for the government of community and technical colleges, students and teachers, and promulgate such rules and regulations and perform all other acts not inconsistent with law or rules and regulations of the state board for community and technical colleges as the board of trustees may in its discretion deem necessary or appropriate to the administration of college districts: PROVIDED, That such rules and regulations shall include, but not be limited to, rules and regulations relating to housing, scholarships, conduct at the various community and technical college facilities, and discipline: PROVIDED, FURTHER, That the board of trustees may suspend or expel from community and technical colleges students who refuse to obey any of the duly promulgated rules and regulations;

(14) May, by written order filed in its office, delegate to the president or district president any of the powers and duties vested in or imposed upon it by this chapter. Such delegated powers and duties may be exercised in the name of the district board;

(15) May perform such other activities consistent with this chapter and not in conflict with the directives of the college board;

(16) Notwithstanding any other provision of law, may offer educational services on a contractual basis other than the tuition and fee basis set forth in chapter 28B.15 RCW for a special fee
to private or governmental entities, consistent with rules and regulations adopted by the state board for community and technical colleges: PROVIDED, That the whole of such special fee shall go to the college district and be not less than the full instructional costs of such services including any salary increases authorized by the legislature for community and technical college employees during the term of the agreement: PROVIDED FURTHER, That enrollments generated hereunder shall not be counted toward the official enrollment level of the college district for state funding purposes;

(17) Notwithstanding any other provision of law, may offer educational services on a contractual basis, charging tuition and fees as set forth in chapter 28B.15 RCW, counting such enrollments for state funding purposes, and may additionally charge a special supplemental fee when necessary to cover the full instructional costs of such services: PROVIDED, That such contracts shall be subject to review by the state board for community and technical colleges and to such rules as the state board may adopt for that purpose in order to assure that the sum of the supplemental fee and the normal state funding shall not exceed the projected total cost of offering the educational service: PROVIDED FURTHER, That enrollments generated by courses offered on the basis of contracts requiring payment of a share of the normal costs of the course will be discounted to the percentage provided by the college;

(18) Shall be authorized to pay dues to any association of trustees that may be formed by the various boards of trustees; such association may expend any or all of such funds to submit biennially, or more often if necessary, to the governor and to the legislature, the recommendations of the association regarding changes which would affect the efficiency of such association;

(19) Subject to the approval of the higher education coordinating board pursuant to RCW 28B.80.340(4), may participate in higher education centers and consortia that involve any four-year public or independent college or university; and

(20) Shall perform any other duties and responsibilities imposed by law or rule and regulation of the state board.

Sec. 2. RCW 28B.50.215 and 1991 c 238 s 144 are each amended to read as follows:

The colleges in each overlapping service area shall jointly submit for approval to the state board for community and technical colleges ((not later than December 1, 1991,)) a regional planning agreement. The agreement shall provide for the ongoing interinstitutional coordination of community and technical college programs and services operated in the overlapping service area. The agreement shall include the means for the adjudication of issues arising from overlapping service areas. The agreement shall include a definitive statement of mission, scope, and purpose for each college including the nature of courses, programs, and services to be offered by each college. ((The statement shall include a provision that the technical colleges shall not offer courses designed for transfer to baccalaureate granting institutions. This shall not preclude such offerings provided through contracts or agreements with a community college in the service area.))

Technical colleges may, under the rules of the state board for community and technical colleges, offer all specific academic support courses that may be at a transfer level that are required of all students to earn a particular certificate or degree. This shall not be interpreted to mean that their mission may be expanded to include transfer preparation, nor does it preclude technical colleges from voluntarily and cooperatively using available community college courses as components of technical college programs.

Any part of the agreement that is not approved by all the colleges in the service area, shall be determined by the state board for community and technical colleges. Approved regional planning agreements shall be enforced by the full authority of the state board for community and technical colleges. Changes to the agreement are subject to state board approval.

For the purpose of creating and adopting a regional planning agreement, the trustees of the colleges in Pierce county shall form a county coordinating committee. The county coordinating committee shall consist of eight members. Each college board of trustees in Pierce county shall select two of its members to serve on the county coordinating committee. The county coordinating committee shall not employ its own staff, but shall instead utilize staff of the colleges in the county. The regional planning agreement adopted by the county coordinating committee shall include, but shall not be limited to: The items listed in this section, the transfer of credits between technical and community
colleges, program articulation, and the avoidance of unnecessary duplication in programs, activities, and services."

The county auditor of each county shall ((draw his warrant on the treasurer of such county on the first Monday of each month for the amount of salary due for the previous month from such county to the judge of the superior court thereof, and said warrant shall be paid by said treasurer out of the salary fund of said county: PROVIDED, That no such warrant shall be issued until the judge who is to receive the same shall have made an affidavit, in the manner provided by law, that no cause in his court remains pending and undecided contrary to the provisions of RCW 2.08.240 and of section 20, Article 4, Constitution of the state of Washington)) pay superior court judges in the same means and manner provided for all other elected officials.

Sec. 2. RCW 36.40.200 and 1963 c 4 s 36.40.200 are each amended to read as follows:
All appropriations shall lapse at the end of the fiscal year: PROVIDED, That the appropriation accounts ((shall)) may remain open for a period of thirty days, and may, at the auditor’s discretion, remain open for a period not to exceed sixty days thereafter for the payment of claims incurred against such appropriations prior to the close of the fiscal year.
After such period has expired all appropriations shall become null and void and any claim presented thereafter against any such appropriation shall be provided for in the next ensuing budget: PROVIDED, That this shall not prevent payments upon uncompleted improvements in progress at the close of the fiscal year.

Sec. 3. RCW 36.40.250 and 1995 c 193 s 1 are each amended to read as follows:
In lieu of adopting an annual budget, the county legislative authority of any county may adopt an ordinance or a resolution providing for biennial budgets with a mid-biennium review and modification for the second year of the biennium. The county legislative authority may repeal such an ordinance or resolution and revert to adopting annual budgets for a period commencing after the end of a biennial budget cycle. The county legislative authority of a county with a biennial budget cycle may adopt supplemental and emergency budgets in the same manner and subject to the same conditions as the county legislative authority in a county with an annual budget cycle.
The procedure and steps for adopting a biennial budget shall conform with the procedure and steps for adopting an annual budget and with requirements established by the state auditor. The state auditor shall establish requirements for preparing and adopting the mid-biennial review and modification for the second year of the biennium.
Expenditures included in the biennial budget, mid-term modification budget, supplemental budget, or emergency budget shall constitute the appropriations for the county during the applicable
period of the budget and every county official shall be limited in making expenditures or incurring liabilities to the amount of the detailed appropriation item or classes in the budget.

In lieu of adopting an annual budget or a biennial budget with a mid-biennium review for all funds, the legislative authority of any county may adopt an ordinance or a resolution providing for a biennial budget or budgets for any one or more funds of the county, with a mid-biennium review and modification for the second year of the biennium, with the other funds remaining on an annual budget. The county legislative authority of a county with a biennial budget cycle may adopt supplemental and emergency budgets in the same manner and subject to the same conditions as the county legislative authority in a county with an annual budget cycle.

The county legislative authority shall hold a public hearing on the proposed county property taxes and proposed road district property taxes prior to imposing the property tax levies.

NEW SECTION. Sec. 4. A new section is added to chapter 36.40 RCW to read as follows: In addition to the supplemental appropriations provided in RCW 36.40.100 and 36.40.140, the county legislative authority may provide by ordinance or resolution a policy for supplemental appropriations as a result of unanticipated funds from local, state, or federal revenue sources.

Sec. 5. RCW 35.42.010 and 1965 c 7 s 35.42.010 are each amended to read as follows: It is the purpose of RCW 35.42.010 through 35.42.090 to supplement existing law for the leasing of space by counties, cities, and towns to provide for the leasing of such space through leases with an option to purchase and the acquisition of buildings erected upon land owned by a county, city, or town upon the expiration of a lease of such land.

Sec. 6. RCW 35.42.020 and 1965 c 7 s 35.42.020 are each amended to read as follows: The term "building" as used in RCW 35.42.010 through 35.42.090 shall be construed to mean any building or buildings used as a part of, or in connection with, the operation of a county, city, or town, and shall include the site and appurtenances, including but not limited to, heating facilities, water supply, sewage disposal, landscaping, walks, and drives.

Sec. 8. RCW 35.42.040 and 1965 c 7 s 35.42.040 are each amended to read as follows: A lease of a building executed pursuant to RCW 35.42.010 through 35.42.090 may grant the lessee county, city, or town an option to renew for a further term on like conditions, or an option to purchase the building covered by the lease at any time prior to the expiration of the term. A lease with an option to purchase shall provide that all sums paid as rent up to the time of exercising the option shall be credited toward the payment of the purchase price as of the date of payment. No lease shall provide, nor be construed to provide, that any county, city, or town shall be under any obligation to purchase the leased building.

Sec. 9. RCW 35.42.050 and 1965 c 7 s 35.42.050 are each amended to read as follows: A lease of a building may provide that as a part of the rental, the lessee county, city, or town may pay taxes and assessments on the leased building, maintain insurance thereon for the benefit of the lessor, and assume responsibilities for repair, replacement, alterations, and improvements during the term of the lease.

Sec. 10. RCW 35.42.060 and 1965 c 7 s 35.42.060 are each amended to read as follows: A county, city, or town may, in anticipation of the acquisition of a site and the construction of a building, execute a lease, as lessee, prior to the actual acquisition of a site and the construction of a building, but the lease shall not require payment of rental by the lessee until the building is ready for occupancy. The lessor shall furnish a bond satisfactory to the lessee conditioned on the delivery of possession of the completed building to the lessee county, city, or town at the time prescribed in the
lease, unavoidable delay excepted. The lease shall provide that no part of the cost of construction of the building shall ever become an obligation of the lessee county, city or town.

Sec. 11. RCW 35.42.070 and 1965 c 7 s 35.42.070 are each amended to read as follows:

Any county, city or town desiring to have a building for its use erected on land owned, or to be acquired, by it, may, as lessor, lease the land for a reasonable rental for a term of not to exceed fifty years: PROVIDED, That the county, city or town shall lease Backlund the building or a portion thereof for the same term. The leases shall contain terms as agreed upon between the parties, and shall include the following provisions:

(1) No part of the cost of construction of the building shall ever be or become an obligation of the county, city or town.

(2) The county, city or town shall have a prior right to occupy any or all of the building upon payment of rental as agreed upon by the parties, which rental shall not exceed prevailing rates for comparable space.

(3) During any time that all or any portion of the building is not required for occupancy by the county, city or town, the lessee of the land may rent the unneeded portion to suitable tenants approved by the county, city or town.

(4) Upon the expiration of the lease, all buildings and improvements on the land shall become the property of the county, city or town.

Sec. 12. RCW 35.42.080 and 1985 c 469 s 28 are each amended to read as follows:
A lease and lease Backlund agreement requiring a lessee to build on county, city or town property shall be made pursuant to a call for bids upon terms most advantageous to the county, city or town. The city council or commission of the city or town, or county legislative authority, may by resolution reject all bids and make further calls for bids in the same manner as the original call. If no bid is received on the first call, the city council or commission or county legislative authority may readvertise and make a second call, or may execute a lease without any further call for bids.

Sec. 13. RCW 35.42.200 and 1990 c 205 s 1 are each amended to read as follows:
Any county, city or town may execute leases for a period of years with or without an option to purchase with the state or any of its political subdivisions, with the government of the United States, or with any private party for the lease of any real or personal property, or property rights: PROVIDED, That with respect only to leases that finance the acquisition of property by the lessee, the aggregated portions of lease payments over the term of the lease which are allocable to principal shall constitute debt, which shall not result in a total indebtedness in excess of one and one-half percent of the taxable property of such county, city or town computed in accordance with RCW 39.36.030, unless a proposition in regard to whether or not such a lease may be executed is submitted to the voters for their approval or rejection in the same manner that bond issues for capital purposes are submitted, and the voters approve the same.

Sec. 14. RCW 35.42.210 and 1965 c 7 s 35.42.210 are each amended to read as follows:
If at the time an option to purchase is exercised the remaining amount to be paid in order to purchase the real or personal property leased after crediting the rental payments toward the total purchase price therefor does not result in a total indebtedness in excess of one and one-half percent of the taxable property of such county, city or town computed in accordance with RCW 39.36.030, such a county, city or town may exercise its option to purchase such property. If such remaining amount to be paid to purchase such leased property will result in a total indebtedness in excess of one and one-half percent of the taxable property of such county, city or town, a proposition in regard to whether or not to purchase the property shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters.

Sec. 15. RCW 35.42.220 and 1965 c 7 s 35.42.220 are each amended to read as follows:
The annual budget of a county, city or town shall provide for the payment of rental that falls due in the year for which the budget is applicable: PROVIDED, That if the cost of the real or personal
property to be leased exceeds the amounts specified in RCW 36.32.235, 35.22.620, or 35.23.352 prior to the execution of a lease with option to purchase therefor, the county, city, or town shall call for bids in accordance with RCW 36.32.235, 35.22.620, or 35.23.352: PROVIDED, That if at the expiration of a lease with option to purchase a county, city, or town exercises such an option, the fact that the rental payments theretofore made equal the amount of the purchase price of the real or personal property involved in such lease shall not preclude the agreement from being a lease with option to purchase up to the date of the exercising of the option.

SB 5650 Prime Sponsor, Senator McDonald: Allowing cities to assume jurisdiction over water or sewer districts. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.13A RCW to read as follows: The board of commissioners of a water-sewer district may by resolution declare that it is in the best interests of the district for a city to assume jurisdiction of the district. None of the territory or assessed valuation of the district need be included within the corporate boundaries of the city. If the city legislative body agrees to assume jurisdiction of the district, the district and the city shall enter into a contract under RCW 35.13A.070, acceptable to both the district and the city, to carry out the assumption. The contract must provide for the transfer to the city of all real and personal property, franchises, rights, assets, taxes levied but not collected for the district for other than indebtedness, water and sewer lines, and all other facilities and equipment of the district. The transfers are subject to all financial, statutory, or contractual obligations of the district for the security or performance of which the property may have been pledged. The city may manage, control, maintain, and operate the property, facilities, and equipment and fix and collect service and other charges from owners and occupants of properties so served by the city. However, the actions of the city are subject to any
outstanding indebtedness, bonded or otherwise, of the district payable from taxes, assessments, or revenues of any kind or nature and to any other contractual obligations of the district, including but not limited to the contract entered into by the city and the district under RCW 35.13A.070.

Under the contract, the city may assume the obligation of paying the district indebtedness and of levying and collecting or causing to be collected the district taxes, assessments, and utility rates and charges of any kind or nature to pay and secure the payment of the indebtedness, according to all terms, conditions, and covenants incident to the indebtedness. The city shall assume and perform all other outstanding contractual obligations of the district in accordance with all of their terms, conditions, and covenants. The assumption does not impair the obligation of any indebtedness or other contractual obligation entered into after the effective date of this act. Until the outstanding indebtedness of the district has been discharged, the territory of the district and the owners and occupants of property in it, continue to be liable for its and their proportionate share of the indebtedness, including outstanding assessments levied by a local improvement district or utility local improvement district within the water-sewer district. The city shall assume the obligation of paying the indebtedness, collecting the assessments and charges, and observing and performing the other district contractual obligations. The legislative body of the city shall act as the officers of the district for the purpose of certifying the amount of any property tax to be levied and collected in the district, and causing service and other charges and assessments to be collected from the property or owners or occupants of it, enforcing the collection, and performing all other acts necessary to insure performance of the district’s contractual obligations.

When the city assumes the obligation of paying the outstanding indebtedness, and if property taxes or assessments have been levied and service or other charges have accrued for that purpose but have not been collected by the district before the assumption, the taxes, assessments, and charges collected belong and must be paid to the city and used by the city so far as necessary for payment of indebtedness of the district that existed and was unpaid on the date the city elected to assume the indebtedness. Funds received by the city that have been collected for the purpose of paying bonded or other indebtedness of the district must be used for the purpose for which they were collected and for no other purpose. Outstanding indebtedness must be paid as provided in the bond covenants. The city shall use funds of the district on deposit with the county treasurer at the time of title transfer solely for the benefit of the utility, and shall not transfer them to or use them for the benefit of the city’s general fund.

Sec. 2. RCW 35.13A.070 and 1971 ex.s. c 95 s 7 are each amended to read as follows:

Notwithstanding any provision of this chapter to the contrary, one or more cities and one or more (water districts or sewer) water-sewer districts may, through their legislative authorities, authorize a contract with respect to the rights, powers, duties, and obligation of such cities, or districts with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, allocation of cost, financing and construction of new facilities, application and use of assets, disposition of liabilities and debts, the performance of contractual obligations, and any other matters arising out of the inclusion, in whole or in part, of the district or districts within any city or cities, or the assumption by the city of jurisdiction of a district under section 1 of this act. The contract may provide for the furnishing of services by any party thereto and the use of city or district facilities or real estate for such purpose, and may also provide for the time during which such district or districts may continue to exercise any rights, privileges, powers, and functions provided by law for such district or districts as if the district or districts or portions thereof were not included within a city or were not subject to an assumption of jurisdiction under section 1 of this act, including not by way of limitation, the right to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges, and connection fees, (and) to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law. The contract may provide for the transfer to a city of district facilities, property, rights, and powers as provided in RCW 35.13A.050 (and) 35.13A.050, and section 1 of this act, whether or not sixty percent or any of the area or assessed valuation of real estate lying within the district or districts is included within such city. The contract may provide that any party thereto may authorize, issue, and sell revenue bonds to provide funds for new water or sewer improvements or to refund any water revenue, sewer revenue, or combined water and sewer revenue bonds outstanding of any city, or district which is a party to such contract if such refunding is deemed necessary, providing such refunding will not increase interest
costs. The contract may provide that any party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions, and covenants as the outstanding bonds of any other party to the contract, and such new bonds may be substituted or exchanged for such outstanding bonds (PROVIDED, That). However, no such exchange or substitution shall be effected in such a manner as to impair the obligation or security of any such outstanding bonds.

Sec. 3. RCW 35.13A.080 and 1971 ex.s. c 95 s 8 are each amended to read as follows:

In any of the cases provided for in RCW 35.13A.020, 35.13A.030, (and) 35.13A.050, and section 1 of this act, and notwithstanding any other method of dissolution provided by law, dissolution proceedings may be initiated by either the city or the district, or both, when the legislative body of the city and the governing body of the district agree to, and petition for, dissolution of the district.

The petition for dissolution shall be signed by the chief administrative officer of the city and the district, upon authorization of the legislative body of the city and the governing body of the district, respectively and such petition shall be presented to the superior court of the county in which the city is situated.

If the petition is thus authorized by both the city and district, and title to the property, facilities, and equipment of the district has passed to the city pursuant to action taken under this chapter, all indebtedness and local improvement district or utility local improvement district assessments of the district have been discharged or assumed by and transferred to the city, and the petition contains a statement of the distribution of assets and liabilities mutually agreed upon by the city and the district and a copy of the agreement between such city and the district is attached thereto, a hearing shall not be required and the court shall, if the interests of all interested parties have been protected, enter an order dissolving the district.

In any of the cases provided for in RCW 35.13A.020 (and) 35.13A.030, and section 1 of this act, if the petition for an order of dissolution is signed on behalf of the city alone or the district alone, or there is no mutual agreement on the distribution of assets and liabilities, the superior court shall enter an order fixing a hearing date not less than sixty days from the day the petition is filed, and the clerk of the court of the county shall give notice of such hearing by publication in a newspaper of general circulation in the district once a week for three successive weeks and by posting in three public places in the district at least twenty-one days before the hearing. The notice shall set forth the filing of the petition, its purposes, and the date and place of hearing thereon.

After the hearing the court shall enter its order with respect to the dissolution of the district. If the court finds that such district should be dissolved and the functions performed by the city, the court shall provide for the transfer of assets and liabilities to the city. The court may provide for the dissolution of the district upon such conditions as the court may deem appropriate. A certified copy of the court order dissolving the district shall be filed with the county auditor. If the court does not dissolve the district, it shall state the reasons for declining to do so."

SSB 5030 Prime Sponsor, Committee on Agriculture & Environment: Establishing procedures by which owners of single-family residences may use lake water for noncommercial landscape irrigation. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that as demands on water resources increase, water must be used in a manner that is most beneficial to the natural resources of the state, while avoiding unnecessary capital costs and public infrastructure expenditures. The legislature also finds that in appropriate circumstances, use of water from lakes and reservoirs by shoreland owners will allow more water to remain in rivers and streams for stockwater, fish, wildlife, municipal drinking water, and recreation. The legislature also finds that use of municipally treated drinking water for garden and landscape irrigation may in some cases be an unnecessary use of the public infrastructure, creating the need for additional public facilities to meet the demands of growing populations.

(2) The legislature finds that while there may be numerous benefits to using lake water in urban settings to water lawns and noncommercial gardens, the legislature also finds that great caution must be exercised when establishing a new exemption from the standard permit processing system for appropriating increasingly scarce water resources. The legislature therefore declares that any appropriations made under chapter . . ., Laws of 1997 (this act) shall be limited to lakes and reservoirs in western Washington that are equal to or greater than twenty thousand surface acres.

NEW SECTION. Sec. 2. A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall determine whether there is sufficient water in a lake or reservoir with a surface area of twenty thousand acres or more to allow owners of single-family residences that abut the lake or reservoir of twenty thousand acres or more located west of the crest of the Cascade mountains to use water for noncommercial garden and landscape irrigation.

(2) In making the determination provided for in subsection (1) of this section, the department shall consider at least the following factors:

(a) Whether there is water available to be appropriated;

(b) Whether allowing additional appropriation from the lake or reservoir may have an adverse impact on existing water right holders;

(c) The existing uses and applications for uses of water from the lake or reservoir;

(d) The effect on stockwater, fish, wildlife, and other instream resources of allowing or not allowing withdrawal from the lake or reservoir; and
(e) The lake’s or reservoir’s physical characteristics, including depth, volume, surface area, inflows, outflows, and surface level control features.

(3) If the department determines that there may be sufficient water in the lake or reservoir to allow use of water for single-family residential noncommercial garden and landscape irrigation, it shall hold one or more public hearings in the area affected by the proposal. At the public hearing, the department shall report on the factors described in subsection (2) of this section, any additional factors it has used to evaluate the proposal, and options for use of the available water that will satisfy requirements for efficiency.

(4) After reviewing comments received at the public hearing, the department shall make a final determination whether there is sufficient water available for single-family residential noncommercial garden and landscape irrigation purposes. If the department determines there is sufficient water it shall, by rule:

(a) Establish the maximum quantity of water that may be withdrawn from the lake or reservoir on a yearly basis for single-family noncommercial garden and landscape irrigation under this section;

(b) Establish conditions and limitations on withdrawal by individual property owners. The conditions and limitations may include, but are not limited to: Time of day and year, maximum area that may be watered, maximum flow and annual water usage allowed, protection for existing water right holders who may be affected by the withdrawal, and conservation and efficiency measures to be used. In adopting the terms and conditions, the department shall encourage water use efficiency and conservation; and

(c) Establish screening requirements to protect fish life.

(5) A person withdrawing water under a rule adopted under subsection (4) of this section may, but shall not be required to, apply for a water right permit as otherwise provided by this chapter. The right to withdraw water under this section shall have a priority date of the effective date of the rule adopted pursuant to this section.

(6) The department may suspend temporarily the authority to withdraw water granted under this section if the department determines:

(a) Under chapter 43.83B RCW that drought conditions exist in the geographical area including a lake or reservoir for which the department has established water withdrawal standards under subsection (4) of this section; or

(b) By rule that continued withdrawal of water under this section will have an adverse impact on flows or lake levels below essential minimums necessary to assure the maintenance of existing water rights or claims, fisheries requirements, or to protect federal or state interests including, but not limited to, power generation, navigation, and shoreline facilities.

(7) The department may temporarily suspend or impose conditions on the withdrawal of water authorized under this section if there is a water shortage in the geographical area including the lake or reservoir and a public water system with a water right affected by the withdrawal authorized under this section has imposed use restrictions and has requested similar restrictions for water withdrawn under this section.

(8) The department shall conduct the analysis required by subsection (1) of this section for lakes and reservoirs of twenty thousand acres or more located west of the crest of the Cascade mountains and, if it determines water is available, adopt the rule required by subsection (4) of this section not later than June 1, 1998.

(9) If requested by a public water system that may be affected by the withdrawal of water authorized under subsection (4) of this section, the department shall notify the system of use restrictions that the department has established and shall consult with the system on methods to enforce the restrictions imposed under subsection (4) of this section.

(10) Any person withdrawing water under the provisions of this section who uses an irrigation system that has connections to both the supply from the lake or reservoir and a potable drinking water supply system shall assure that the irrigation system complies with all health, safety, and building code requirements.

NEW SECTION. Sec. 3. (1) If water is appropriated as authorized in chapter . . . ., Laws of 1997 (this act), the department of ecology shall evaluate the advantages and disadvantages of allowing similar appropriations in other urban lakes and reservoirs and report its findings to the appropriate standing committees of the legislature by June 1, 2000.

(2) This section expires June 30, 2000."

SSB 5079 Prime Sponsor, Committee on Agriculture & Environment: Providing an alternative means to comply with wastewater discharge permit requirements. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

*NEW SECTION. Sec. 1. The purpose of this act is to encourage environmental permit program efficiency and pollution prevention through increased private sector participation in the preparation of wastewater discharge permits currently administered by the department of ecology. The legislature recognizes that pollution prevention can often be accomplished through cooperative partnerships between government and industry and through voluntary changes in industrial production methods. By using expertise available in the private sector, the permit preparation option provided in this act is intended to reduce the time required to issue wastewater discharge permits and better protect the water quality of the state.*

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:
(1) Within fifteen days of receipt of an application for the issuance of a new permit or modification of an existing permit under RCW 90.48.160 or 90.48.260, the department shall determine whether it is likely that the permit will be processed within one hundred eighty days. If the department determines that a permit will not be processed within one hundred eighty days, the applicant shall be notified. Upon receipt of this notification, an applicant may choose to proceed with the draft permit preparation option in subsection (2) of this section.
(2) Any person applying for the issuance of a new permit or modification of an existing permit under RCW 90.48.160 or 90.48.260 may submit an application with a draft permit and fact sheet if the department cannot process the permit within the timeline provided in subsection (1) of this section.
(3) The department shall approve or deny the permit proposal within forty-five days of submission if no public hearing is required, or within ninety days of submission if a public hearing is
required. The department or the applicant may negotiate a permit proposal if both parties agree to a
timeline. The department retains full authority under this chapter to approve, modify, or disapprove
any draft permit or fact sheet submitted under this section.

(4) The department shall make available guidelines specifying the elements of a complete draft
permit and fact sheet.”

ESSB 5273 Prime Sponsor, Committee on Agriculture & Environment: Regulating compensatory
mitigation. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. (1) The legislature finds that:
   (a) The state lacks a clear policy relating to the mitigation of wetlands and aquatic habitat for infrastructure development;
   (b) Regulatory agencies have generally required project proponents to use compensatory mitigation only at the site of the project's impacts and to mitigate narrowly for the habitat or biological functions impacted by a project;
   (c) This practice of considering traditional on-site, in-kind mitigation may provide fewer environmental benefits when compared to innovative mitigation proposals that provide benefits in advance of a project's planned impacts and that restore functions or habitat other than those impacted at a project site; and
   (d) Regulatory decisions on development proposals that attempt to incorporate innovative mitigation measures take an unreasonably long period of time and are subject to a great deal of uncertainty and additional expenses.

   (2) The legislature therefore declares that it is the policy of the state to authorize innovative mitigation measures by requiring state regulatory agencies to consider mitigation proposals for infrastructure projects that are timed, designed, and located in a manner to provide equal or better biological functions and values compared to traditional on-site, in-kind mitigation proposals.

   (3) It is the intent of the legislature to authorize local governments to accommodate the goals of this chapter. It is not the intent of the legislature to: (a) Restrict the ability of a project proponent to pursue project specific mitigation; or (b) create any new authority for regulating wetlands or aquatic habitat beyond what is specifically provided for in this chapter.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

   (1) "Mitigation" means sequentially avoiding impacts, minimizing impacts, or compensating for remaining unavoidable impacts.

   (2) "Compensatory mitigation" means the restoration, creation, enhancement, or preservation of uplands, wetlands, or other aquatic resources for the purposes of compensating for unavoidable adverse impacts that remain after all appropriate and practicable avoidance and minimization has been achieved. "Compensatory mitigation" includes mitigation that:
      (a) Occurs at the same time as, or in advance of, a project's planned environmental impacts;
      (b) Is located in a site either on, near, or distant from the project's impacts; and
      (c) Provides either the same or different biological functions and values as the functions and values impacted by the project.

   (3) "Infrastructure development" means an action that is critical for the maintenance or expansion of an existing infrastructure feature such as a highway, rail line, airport, marine terminal, utility corridor, harbor area, or hydroelectric facility and is consistent with an approved land use planning process. This planning process may include the growth management act, chapter 36.70A RCW, or the shoreline management act, chapter 90.58 RCW, in areas covered by those chapters.

   (4) "Mitigation plan" means a document or set of documents developed through joint discussions between a project proponent and environmental regulatory agencies that describe the unavoidable wetland or aquatic resource impacts of the proposed infrastructure development and the proposed compensatory mitigation for those impacts.

   (5) "Project proponent" means a public or private entity responsible for preparing a mitigation plan.

   (6) "Watershed" means an area identified as a state of Washington water resource inventory area under WAC 173-500-040 as it exists on the effective date of this section.

NEW SECTION. Sec. 3. (1) Project proponents may use a mitigation plan to propose compensatory mitigation within a watershed. A mitigation plan shall:
   (a) Contain provisions that guarantee the long-term viability of the created, restored, enhanced, or preserved habitat, including assurances for protecting any essential biological functions and values defined in the mitigation plan;
   (b) Contain provisions for long-term monitoring of any created, restored, or enhanced mitigation site; and
   (c) Be consistent with the local comprehensive land use plan and any other applicable planning process in effect for the development area, such as an adopted subbasin or watershed plan.
(2) The departments of ecology and fish and wildlife may not limit the scope of options in a mitigation plan to areas on or near the project site, or to habitat types of the same type as contained on the project site. The departments of ecology and fish and wildlife shall fully review and give due consideration to compensatory mitigation proposals that improve the overall biological functions and values of the watershed or bay and accommodate the mitigation needs of infrastructure development.

The departments of ecology and fish and wildlife are not required to grant approval to a mitigation plan that the departments find does not provide equal or better biological functions and values within the watershed or bay.

(3) When making a permit or other regulatory decision under the guidance of this chapter, the departments of ecology and fish and wildlife shall consider whether the mitigation plan provides equal or better biological functions and values, compared to the existing conditions, for the target resources or species identified in the mitigation plan. This consideration shall be based upon the following factors:

(a) The relative value of the mitigation for the target resources, in terms of the quality and quantity of biological functions and values provided;
(b) The compatibility of the proposal with the intent of broader resource management and habitat management objectives and plans, such as existing resource management plans, watershed plans, critical areas ordinances, and shoreline master programs;
(c) The ability of the mitigation to address scarce functions or values within a watershed;
(d) The benefits of the proposal to broader watershed landscape, including the benefits of connecting various habitat units or providing population-limiting habitats or functions for target species;
(e) The benefits of early implementation of habitat mitigation for projects that provide compensatory mitigation in advance of the project’s planned impacts; and
(f) The significance of any negative impacts to nontarget species or resources.

(4) A mitigation plan may be approved through a memorandum of agreement between the project proponent and either the department of ecology or the department of fish and wildlife, or both.

NEW SECTION. Sec. 4. (1) In making regulatory decisions relating to wetland or aquatic resource mitigation, the departments of ecology and fish and wildlife shall, at the request of the project proponent, follow the guidance of sections 1 through 3 of this act.

(2) If the department of ecology or the department of fish and wildlife receives multiple requests for review of mitigation plans, each department may schedule its review of these proposals to conform to available budgetary resources.

NEW SECTION. Sec. 5. A new section is added to chapter 75.20 RCW to read as follows:

The department shall not require mitigation for sediment dredging or capping actions that result in a cleaner aquatic environment and equal or better habitat functions and values, if the actions are taken under a state or federal cleanup action.

This chapter shall not be construed to require habitat mitigation for navigation and maintenance dredging of existing channels and berthing areas.

NEW SECTION. Sec. 6. A new section is added to chapter 75.20 RCW to read as follows:

When reviewing a mitigation plan under RCW 75.20.100 or RCW 75.20.103, the department shall, at the request of the project proponent, follow the guidance contained in sections 1 through 4 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 90.48 RCW to read as follows:

When exercising its powers under RCW 90.48.260, the department shall, at the request of the project proponent, follow the guidance contained in sections 1 through 4 of this act.

NEW SECTION. Sec. 8. Sections 1 through 4 of this act constitute a new chapter in Title 90 RCW.

(ii) A cost-based system in which payment to a facility shall be the facility's allowable cost per case mix unit adjusted for case mix up to a ceiling. The ceiling, per peer group, shall be established at the median direct care cost per case mix unit.

(iii) A pricing system in which payment to a facility shall be based on a price multiplied by each facility's medicaid case mix. The benchmark will be based on more than one facility.

General Fund Appropriation (FY 1999) $3,511,119,000
TOTAL APPROPRIATION $6,940,816,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriation for fiscal year 1998 includes such funds as are necessary for the remaining months of the 1996-97 school year.

(2) Allocations for certificated staff salaries for the 1997-98 and 1998-99 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection.

Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;
(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;
(iii) An additional 5.3 certificated instructional staff units for grades K-3. Any funds allocated for these additional certificated units shall not be considered as basic education funding;

(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full-time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district’s actual grades K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district’s staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district’s actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full-time equivalent students in grades K-3 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. (iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c) On the basis of full-time equivalent enrollment in:
(i) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-time equivalent vocational students. (ii) Skills center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;

(iii) Indirect cost charges as defined by the superintendent of public instruction to vocational-secondary programs shall not exceed 10 percent; and

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty average annual full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty average annual full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1997-98 and 1998-99 school years shall be calculated using formula-generated classified staff units determined as follows:
(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;
(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and
(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 20.22 percent in the 1997-98 and 1998-99 school years for certificated salary allocations provided under subsection (2) of this section, and a rate of 18.65 percent in the 1997-98 and 1998-99 school years for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:
(a) The number of certificated staff units determined in subsection (2) of this section; and
(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $7,950 per certificated staff unit in the 1997-98 school year and a maximum of $8,165 per certificated staff unit in the 1998-99 school year.
(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $15,147 per certificated staff unit in the 1997-98 school year and a maximum of $15,556 per certificated staff unit in the 1998-99 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $354.64 per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1996-97 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $6,124,000 outside the basic education formula during fiscal years 1998 and 1999 as follows:
(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52A.04 RCW, a maximum of $447,000 may be expended in fiscal year 1998 and a maximum of $459,000 may be expended in fiscal year 1999;
(b) For summer vocational programs at skills centers, a maximum of $1,948,000 may be expended each fiscal year;
(c) A maximum of $321,000 may be expended for school district emergencies; and
(d) A maximum of $500,000 per fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. (10) For the purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits
increases, is 2.5 percent from the 1996-97 school year to the 1997-98 school year, and 1.1 percent from the 1997-98 school year to the 1998-99 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

(12) Amounts appropriated within this section are sufficient to fund Substitute House Bill No. 1034 (parents’ rights).

(2) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(3) For the 1997-98 and 1998-99 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district’s average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district’s annual average full-time equivalent basic education enrollment times the funded enrollment percent determined pursuant to subsection (4)(c) of this section, times the district’s average basic education allocation per full-time equivalent student times 0.9309.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12) and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(6) Prior to June 1st of each year, the superintendent shall make available to each school district from available data:

This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(11) A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(12) A school district may carry over up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(13) Beginning in the 1997-98 school year, the superintendent shall increase the percentage of federal flow-through to school districts to at least 84 percent. In addition to other purposes, school districts may use increased federal funds for high cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) Up to one percent of the general fund--federal appropriation shall be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The court may, in addition to or in lieu of part or all of the cleanup fee, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property.

NEW SECTION. Sec. 8. A new section is added to chapter 70.95 RCW to read as follows:

(1) The department shall issue written approval to the department of agriculture that a material defined as solid waste in RCW 70.95.030 should be used as a commercial fertilizer distributed under a commercial fertilizer license under RCW 15.54.275, or registered as packaged fertilizer under RCW 15.54.325, if the material characteristics and management methods will not pose unacceptable hazards to human health and the environment. SSB 5071 Prime Sponsor, Committee on Education: Changing provisions relating to territory included in city and town boundary extensions. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds the following:
(1) The existing statutory provisions requiring an automatic transfer of territory from one school district to another when a city or town extends its boundaries through annexation of unincorporated territory is archaic, and that such school district transfers should not be automatic;
(2) Some current procedural requirements unduly restrict the ability of the state board of education to respond more flexibly to any given proposed transfer of territory;
(3) Consistent with the goal of growth management that public services and facilities necessary to support development be available without a decrease in service levels, citizens should have the opportunity to be heard on whether all land in a planned community that includes industrial, commercial, and residential sites should be in the same school district; and
(4) The current laws and rules governing school district organization are outdated and in need of a comprehensive review.

Sec. 2. RCW 28A.315.250 and 1985 c 385 s 19 are each amended to read as follows:
(1) Each incorporated city or town in the state shall be comprised in one school district:

NEW SECTION. Sec. 1. The legislature finds that:

(1) The current statutes pertaining to municipal officers' beneficial interest in contracts are quite confusing and have resulted in some inadvertent violations of the law.

(2) The dollar thresholds for many of the exemptions have not been changed in over thirty-five years, and the restrictions apply to the total amount of the contract instead of the portion of the contract that pertains to the business operated by the municipal officer.

(3) The confusion existing over these current statutes discourages some municipalities from accessing some efficiencies available to them.

Therefore, it is the intent of the legislature to clarify the statutes pertaining to municipal officers and contracts and to enact reasonable protections against inappropriate conflicts of interest.

Sec. 2. RCW 42.23.030 and 1996 c 246 s 1 are each amended to read as follows:

No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his or her office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

(1) The furnishing of electrical, water or other utility services by a municipality engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality, other than a county with a population of one hundred twenty-five thousand or more, a city of the first or second class, an irrigation district encompassing in excess of fifty thousand acres, or a first class school district, for unskilled day labor at wages not exceeding (two hundred dollars in any calendar month. The exception provided in this subsection does not apply to a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing more than fifty thousand acres, or a first class school district;

(6a) The letting of any other contract, except a sale or lease as seller or lessor, by a municipality, other than a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing in excess of fifty thousand acres, to a particular officer is interested, singly or in the aggregate, as measured by the dollar amount of the municipality's liability thereunder, shall) amount received under the contract or contracts by the municipal officer or the municipal officer's business does not exceed (seven thousand five hundred (fifty) dollars in any calendar month;

(b) However, in the case of a particular officer of a second class city or town, or a noncharter optional code city, or a member of any county fair board in a county which has not established a county purchasing department pursuant to RCW 36.32.240, the total amount of such contract or contracts authorized in this subsection (6) may exceed (seven thousand five hundred (fifty) dollars in any calendar month but shall not exceed (eighteen thousand dollars in any calendar year).
(c) The exceptions provided in this subsection (6) do not apply to a sale or lease by the municipality as the seller or lessor. The exceptions provided in this subsection (6) also do not apply to the letting of any contract by a county with a population of one hundred twenty-five thousand or more, a city with a population of ten thousand or more, or an irrigation district encompassing more than fifty thousand acres;

(d) The municipality shall maintain a list of (all such purchases or) all contracts, and if the supplier or contractor is an official of the municipality, he or she shall not vote on the authorization:

PROVIDED FURTHER, That in the case of a first class school district, there shall be notice of the proposed contract by publication given in one or more newspapers of general circulation within the district) that are awarded pursuant to this subsection (6). The list must be made available for public inspection and copying:

(e) Beginning January 1, 1998, and each January 1st thereafter, the dollar amounts in subsection (6) of this section shall be adjusted annually by the department of revenue based on the governmental price index established by the department of revenue under RCW 82.14.200. The adjusted dollar amounts shall be published in the Washington State Register;

(7) The leasing by a port district as lessor of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers shall find and the court finds that all terms and conditions of such lease are fair to the port district and are in the public interest. The appraisers must be appointed from members of the American institute of real estate appraisers by the presiding judge of the superior court;

(8) The letting of any employment contract for the driving of a school bus in a second class school district if the terms of such contract are commensurate with the pay plan or collective bargaining agreement operating in the district;

(9) The letting of any employment contract to the spouse of an officer of a second class school district in which less than two hundred full time equivalent students are enrolled at the start of the school year as defined in RCW 28A.150.040, when such contract is solely for employment as a certificated or classified employee of the school district, or the letting of any contract to the spouse of an officer of a) school district, when such contract is solely for employment as a substitute teacher for the school district. This exception applies only if the terms of the contract are commensurate with the pay plan or collective bargaining agreement applicable to all district employees and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(10) The letting of any employment contract to the spouse of an officer of a school district if the spouse was under contract as a certificated or classified employee with the school district before the date in which the officer assumes office and the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district. However, in a second class school district that has less than two hundred full time equivalent students enrolled at the start of the school year as defined in RCW 28A.150.040, the spouse is not required to be under contract as a certificated or classified employee before the date on which the officer assumes office;

(11) The authorization, approval, or ratification of any employment contract with the spouse of a public hospital district commissioner if: (a) The spouse was employed by the public hospital district before the date the commissioner was initially elected; (b) the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district for similar employees; (c) the interest of the commissioner is disclosed to the board of commissioners and noted in the official minutes or similar records of the public hospital district prior to the letting or continuation of the contract; (d) and the commissioner does not vote on the authorization, approval, or ratification of the contract or any conditions in the contract.

A municipal officer may not vote in the authorization, approval, or ratification of any contract in which he or she is beneficially interested even though one of the exemptions allowing the awarding of such a contract applies. The interest of the municipal officer must be disclosed to the governing body of the municipality and noted in the official minutes or similar records of the municipality prior to the formation of the contract.
Sec. 3. RCW 42.23.040 and 1961 c 268 s 5 are each amended to read as follows:

A municipal officer (shall) is not (be deemed to be) interested in a contract, within the meaning of RCW 42.23.030, if (the) the officer has only a remote interest in the contract and (if) the (fact and) extent of (such) the interest is disclosed to the governing body of the municipality of which (he) the officer is an officer and noted in the official minutes or similar records of the municipality prior to the formation of the contract, and thereafter the governing body authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer having the remote interest. As used in this section "remote interest" means:

1. That of a nonsalaried officer of a nonprofit corporation;
2. That of an employee or agent of a contracting party where the compensation of such employee or agent consists entirely of fixed wages or salary;
3. That of a landlord or tenant of a contracting party;
4. That of a holder of less than one percent of the shares of a corporation or cooperative which is a contracting party.

None of the provisions of this section (shall be) are applicable to any officer interested in a contract, (though his) even if the officer's interest (is) only remote, (who) if the officer influences or attempts to influence any other officer of the municipality of which he or she is an officer to enter into the contract.

Sec. 4. RCW 42.23.050 and 1961 c 268 s 6 are each amended to read as follows:

Any contract made in violation of the provisions of this (act shall be) chapter is void and the performance thereof, in full or in part, by a contracting party shall not be the basis of any claim against the municipality. Any officer violating the provisions of this (act shall be) chapter is liable to the municipality of which he or she is an officer for a penalty in the amount of (three) five hundred dollars, in addition to such other civil or criminal liability or penalty as may otherwise be imposed upon (him) the officer by law.

In addition to all other penalties, civil or criminal, the violation by any officer of the provisions of this (act shall work a) chapter may be grounds for forfeiture of his or her office.

Sec. 5. RCW 42.23.060 and 1961 c 268 s 16 are each amended to read as follows:

If any provision of this (act) chapter conflicts with any provision of a city or county charter, or with any provision of a city-county charter, the (city) charter shall control if it contains stricter requirements than this chapter. The provisions of this chapter shall be considered as minimum standards to be enforced by municipalities."

V.

The above-described real property will be sold to satisfy the expense of sale and the obligation secured by the Deed of Trust as provided by statute. The sale will be made without warranty, express or implied, regarding title, possession, or encumbrances on the . . . . day of . . . . . , 19. . . . The default(s) referred to in paragraph III must be cured by the . . . . day of . . . . . , 19. . . (11 days before the sale date), to cause a discontinuance of the sale. The sale will be discontinued and terminated if at any time on or before the . . . . day of . . . . . , 19. . . , (11 days before the sale date),
the default(s) as set forth in paragraph III is/are cured and the Trustee’s fees and costs are paid. The sale may be terminated any time after the . . . . day of . . . . . ., 19 . . . VIII.

The effect of the sale will be to deprive the Grantor and all those who hold by, through or under the Grantor of all their interest in the above-described property.

IX.

Anyone having any objection to the sale on any grounds whatsoever will be afforded an opportunity to be heard as to those objections if they bring a lawsuit to restrain the sale pursuant to RCW 61.24.130. Failure to bring such a lawsuit may result in a waiver of any proper grounds for invalidating the Trustee’s sale.

the postponed sale in the manner and to the persons specified in RCW 61.24.040(1) (b), (c), (d), and (e) and publishing a copy of such notice once in the newspaper(s) described in RCW 61.24.040(3), more than seven days before the date fixed for sale in the notice of sale. No other notice of the postponed sale need be given:

(7) The purchaser shall forthwith pay the price bid and on payment the trustee shall execute to the purchaser its deed; the deed shall recite the facts showing that the sale was conducted in compliance with all of the requirements of this chapter and of the deed of trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value, except that these recitals shall not affect the lien or interest of any person entitled to notice under RCW 61.24.040(1), if the trustee fails to give the required notice to such person. In such case, the lien or interest of such omitted person shall not be affected by the sale and such omitted person shall be treated as if such person was the holder of the same lien or interest and was omitted as a party defendant in a judicial foreclosure proceeding;

(8) The sale as authorized under this chapter shall not take place less than one hundred ninety days from the date of default in any of the obligations secured.

Sec. 3. RCW 61.24.050 and 1965 c 74 s 5 are each amended to read as follows:

The trustee’s sale shall be deemed final when the bidding is closed and either: (1) The beneficiary is the successful bidder or (2) the trustee holds cash, a certified check, a cashier’s check, a money order, or funds received by electronic transfer, or any combination thereof, payable to the trustee or the beneficiary in the amount of the successful bid. The deed of the trustee, executed and delivered to the purchaser, shall convey all of the right, title, and interest in the property which the grantor had or had the power to convey at the time of the execution by him of the deed of trust, and such as he may have thereafter acquired. After sale, as in this chapter provided, no person shall have any right by statute or otherwise to redeem from the deed of trust or from the sale.

Sec. 4. RCW 61.24.070 and 1965 c 74 s 7 are each amended to read as follows:

(1) The trustee may not bid at the trustee’s sale. Any other person including the beneficiary under the deed of trust may bid at the trustee’s sale.

(2) The beneficiary may credit bid all or any part of the obligations secured by the deed of trust. If the beneficiary is the purchaser, any amount bid in excess of the obligations secured by the deed of trust shall be paid to the trustee in the form of cash, certified check, cashier’s check, or money order, or any combination thereof. If the purchaser is not the beneficiary, the entire bid shall be paid to the trustee in the form of cash, certified check, cashier’s check, money order, or funds received by electronic transfer, or any combination thereof.

Sec. 5. RCW 61.24.080 and 1981 c 161 s 5 are each amended to read as follows:

The trustee shall apply the proceeds of the sale as follows:

(1) To the expense of sale, including a reasonable charge by the trustee and by his attorney: PROVIDED, That the aggregate of the charges by the trustee and his attorney, for their services in the sale, shall not exceed the amount which would, by the superior court of the county in which the trustee’s sale occurred, have been deemed a reasonable attorney fee, had the trust deed been foreclosed as a mortgage in a noncontested action in the said court;

(2) To the obligation secured by the deed of trust; and

(3) The surplus, if any, less the clerk’s filing fee shall be deposited together with written notice of the amount of the surplus, a copy of the recorded notice of sale, and an affidavit of mailing as provided below with the clerk of the superior court of the county in which the sale took place. The trustee shall mail copies of the notice of the surplus, the notice of sale, and the affidavit of mailing to each party to whom the notice of sale was sent pursuant to RCW 61.24.040(1). The clerk shall index such funds under the name of the grantor as set out in the recorded notice. Upon ((depositing such surplus) compliance with the foregoing), the trustee shall be discharged from all further responsibilities (thereof) for the surplus. Interests in, or liens or claims of liens against the property eliminated by sale under this section shall attach to such surplus in the order of priority that it had attached to the property. A party seeking disbursement of funds shall file a motion requesting disbursement and shall
mail notice of the motion to all parties to whom the trustee mailed notice of the surplus and any other party who has entered an appearance in the proceeding established by the notice of surplus at least ten days prior to the hearing of the motion. The clerk shall not disburse such surplus except upon order of the superior court of such county.

Sec. 6. RCW 61.24.090 and 1987 c 352 s 4 are each amended to read as follows:

1. At any time prior to the eleventh day before the date set by the trustee for the sale in the recorded notice of sale, or in the event the trustee continues the sale pursuant to RCW 61.24.040(6), at any time prior to the eleventh day before the actual sale, the grantor or his successor in interest, any beneficiary under a subordinate deed of trust or any person having a subordinate lien or encumbrance of record on the trust property or any part thereof, shall be entitled to cause a discontinuance of the sale proceedings by curing the default or defaults set forth in the notice, which in the case of a default by failure to pay, shall be by paying to the trustee:

   a) The entire amount then due under the terms of the deed of trust and the obligation secured thereby, other than such portion of the principal as would not then be due had no default occurred, and
   b) The expenses actually incurred by the trustee enforcing the terms of the note and deed of trust, including a reasonable trustee’s fee, together with the trustee’s reasonable attorney’s fees, together with costs of recording the notice of discontinuance of notice of trustee’s sale.

2. Any person entitled to cause a discontinuance of the sale proceedings shall have the right, before or after reinstatement, to request any court, excluding a small claims court, for disputes within the jurisdictional limits of that court, to determine the reasonableness of any fees demanded or paid as a condition to reinstatement. The court shall make such determination as it deems appropriate, which may include an award to the prevailing party of its costs and reasonable attorneys’ fees, and render judgment accordingly. An action to determine fees shall not forestall any sale or affect its validity.

3. Upon receipt of such payment the proceedings shall be discontinued, the deed of trust shall be reinstated and the obligation shall remain as though no acceleration had taken place.

4. In the case of a default which is occasioned by other than failure to make payments, the person or persons causing the said default shall pay the expenses incurred by the trustee and the trustee’s fees as set forth in subsection (1)(b) of this section.

5. Any person having a subordinate lien of record on the trust property and who has cured the default or defaults pursuant to this section shall thereafter have included in his lien all payments made to cure any defaults, including interest thereon at eight percent per annum, payments made for trustees' costs and fees incurred as authorized herein, and his reasonable attorney’s fees and costs incurred resulting from any judicial action commenced to enforce his rights to advances under this section.

6. If the default is cured and the obligation and the deed of trust reinstated in the manner hereinafore provided, the trustee shall properly execute, acknowledge and cause to be recorded a notice of discontinuance of trustee’s sale under such deed of trust. A notice of discontinuance of trustee’s sale when so executed and acknowledged is entitled to be recorded and shall be sufficient if it sets forth a record of the deed of trust and the auditor’s file number under which the deed of trust is recorded, and a reference to the notice of sale and the auditor’s file number under which the notice of sale is recorded, and a notice that such sale is discontinued.

7. Any payments required under this section as a condition precedent to reinstatement of the deed of trust shall be tendered to the trustee in the form of cash, certified check, cashier’s check, money order, or funds received by electronic transfer, or any combination thereof.

Sec. 7. RCW 61.24.100 and 1990 c 111 s 2 are each amended to read as follows:

Foreclosure, as in this chapter provided, shall satisfy the obligation secured by the deed of trust foreclosed, regardless of the sale price or fair value, and no deficiency decree or other judgment shall thereafter be obtained on such obligation, except that if such obligation was not incurred primarily for personal, family, or household purposes, such foreclosure shall not preclude any judicial or nonjudicial foreclosure of any other deeds of trust, mortgages, security agreements, or other security interests or liens covering any real or personal property granted to secure such obligation or an action on any guaranty of such obligation. Where foreclosure is not made under this chapter, the beneficiary shall not
be precluded from enforcing the security as a mortgage nor from enforcing the obligation by any means provided by law.

**Sec. 8.** RCW 61.24.130 and 1987 c 352 s 5 are each amended to read as follows:

1. Nothing contained in this chapter shall prejudice the right of the grantor, the grantor’s successor in interest, or any person who has an interest in, lien, or claim of lien against the property or some part thereof, to restrain, on any proper ground, a trustee’s sale. The court shall require as a condition of granting the restraining order or injunction that the applicant pay to the clerk of the court the sums that would be due on the obligation secured by the deed of trust if the deed of trust was not being foreclosed:

(a) In the case of default in making the periodic payment of principal, interest, and reserves, such sums shall be the periodic payment of principal, interest, and reserves paid to the clerk of the court every thirty days.

(b) In the case of default in making payment of an obligation then fully payable by its terms, such sums shall be the amount of interest accruing monthly on said obligation at the nondefault rate, paid to the clerk of the court every thirty days.

In the case of default in performance of any nonmonetary obligation secured by the deed of trust, the court shall impose such conditions as it deems just.

In addition, the court may condition granting the restraining order or injunction upon the giving of security by the applicant, in such form and amount as the court deems proper, for the payment of such costs and damages, including attorneys’ fees, as may be later found by the court to have been incurred or suffered by any party by reason of the restraining order or injunction. The court may consider, upon proper showing, the grantor’s equity in the property in determining the amount of said security.

2. No court may grant a restraining order or injunction to restrain a trustee’s sale except as provided in this section. The person seeking the restraint shall give((s)) five court days notice to the trustee and the beneficiary of the time when, place where, and the judge before whom the application for the restraining order or injunction is to be made. No judge may act upon such application unless it is accompanied by proof, evidenced by return of a sheriff, the sheriff’s deputy, or by any person eighteen years of age or over who is competent to be a witness, that the notice has been timely served on the trustee.

3. If the restraining order or injunction is dissolved after the date of the trustee’s sale set forth in the notice as provided in RCW 61.24.040(1)(f) (and after the period for continuing sale as allowed by RCW 61.24.040(6)), the court granting such restraining order or injunction, or before whom the order or injunction is returnable, has the right to set a new sale date which shall be not less than forty-five days from the date of the order dissolving the restraining order. (At least thirty days before the new sale date.) The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice of trustee’s sale as provided in RCW 61.24.040(1)(f) to be published ((once weekly during the three weeks preceding the time of sale)) in a legal newspaper in each county in which the property or any part thereof is situated, once between the thirty-fifth and twenty-eighth day before the sale and once between the fourteenth and seventh day before the sale.

4. If a trustee’s sale has been stayed as a result of the filing of a petition in federal bankruptcy court and((, after the period for continuing sale as allowed by RCW 61.24.040(6),)) an order is entered in federal bankruptcy court granting relief from the stay or closing or dismissing the case, or discharging the debtor with the effect of removing the stay, the trustee may set a new sale date which shall not be less than forty-five days after the date of the bankruptcy court’s order. The trustee shall:

(a) Comply with the requirements of RCW 61.24.040(1) (a) through (f) at least thirty days before the new sale date; and

(b) Cause a copy of the notice as provided in RCW 61.24.040(1)(f) to be published in a legal newspaper in each county in which the property or any part thereof is situated, once between the ((thirty-second)) thirty-fifth and twenty-eighth day before the sale and once between the ((eleventh)) fourteenth and seventh day before the sale.
(5) The provisions of subsections (3) and (4) of this section are permissive only and may not be interpreted to prohibit the trustee from proceeding with a trustee’s sale following termination of any injunction or stay on any date to which such sale has been properly continued in accordance with RCW 61.24.040(6).

NEW SECTION. Sec. 9. A new section is added to chapter 61.24 RCW to read as follows:

(1) It is unlawful for a person, acting alone or in concert with others to (a) offer, offer to accept, or accept from another any consideration of any type not to bid; or (b) fix or restrain bidding in any manner, at a sale of property conducted pursuant to a power of sale in a deed of trust. However, it is not unlawful for a person, including a trustee, to state that a property subject to a recorded notice of trustee’s sale or subject to a sale conducted pursuant to this chapter is being sold in an "as-is" condition or for the beneficiary to arrange to provide financing for a particular bidder.

(2) A violation of this section is punishable as a gross misdemeanor according to chapter 9A.20 RCW."

**SSB 5768** Prime Sponsor, Committee on Commerce & Labor: Creating supported employment programs. Reported by Committee on Government Administration

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the rate of unemployment among persons with developmental disabilities is high due to the limited employment opportunities available to disabled persons. Given that persons with disabilities are capable of filling employment positions in the general work force population, supported employment is an effective way of integrating such individuals into the general work force population. The creation of supported employment programs can increase the types and availability of employment positions for persons with developmental disabilities.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise the definitions in this section apply throughout sections 3 through 5 of this act.

(1) "Developmental disability" means a disability as defined in RCW 71A.10.020.

(2) "Supported employment" means employment for individuals with developmental disabilities who may require on-the-job training and long-term support in order to fulfill their job duties successfully. Supported employment offers the same wages and benefits as similar nonsupported employment positions.

(3) "State agency" means any office, department, division, bureau, board, commission, community college or institution of higher education, or agency of the state of Washington.

NEW SECTION. Sec. 3. State agencies are encouraged to participate in supported employment activities. The department of social and health services, in conjunction with the department of personnel and the office of financial management, shall identify agencies that have positions and funding conducive to implementing supported employment. An agency may only participate in supported employment activities pursuant to this section if the agency is able to operate the program within its existing budget. These agencies shall:

(1) Designate a coordinator who will be responsible for information and resource referral regarding the agency’s supported employment program. The coordinator shall serve as a liaison between the agency and the department of personnel regarding supported employment;
(2) Submit an annual update to the department of social and health services, the department of personnel, and the office of financial management. The annual update shall include: A description of the agency’s supported employment efforts, the number of persons placed in supported employment positions, recommendations concerning expanding the supported employment program to include people with mental disabilities or other disabilities, and an overall evaluation of the effectiveness of supported employment for the agency.

NEW SECTION. Sec. 4. The department of social and health services and the department of personnel shall, after consultation with supported employment provider associations and other interested parties, encourage, educate, and assist state agencies in implementing supported employment programs. The department of personnel shall provide human resources technical assistance to agencies implementing supported employment programs. The department of personnel shall make available, upon request of the legislature, an annual report that evaluates the overall progress of supported employment in state government.

NEW SECTION. Sec. 5. The creation of supported employment positions under sections 3 and 4 of this act shall not count against an agency’s allotted full-time equivalent employee positions. Supported employment programs are not intended to displace employees or abrogate any reduction-in-force rights.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act are each added to chapter 41.04 RCW."

Agencies that have the capacity to transmit electronically may ask persons who are on mailing lists or rosters for copies of interpretive statements, policy statements, preproposal statements of inquiry, and other similar notices whether they would like to receive the notices electronically.
(2) Electronic distribution to persons who request it may substitute for mailed copies related to rule making or policy or interpretive statements. If a notice is distributed electronically, the agency is not required to transmit the actual notice form but must send all the information contained in the notice.

E2SSB 5927 Prime Sponsor, Committee on Ways & Means: Changing higher education financing. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 3. (1) The legislature finds that:
(a) Each of the state’s public baccalaureate institutions plays different but complementary roles in the state’s system of higher education;
(b) Although each community college has different strengths and special programs, the community colleges as a whole have a common role and mission;
(c) College and university governing boards are in a unique position to assess the special needs of their institutions’ students, faculty, staff, programs, and facilities;
(d) State and institutional financial aid programs should help needy low and middle-income students pay the costs of tuition increases;
(e) The primary purpose of the state’s public system of higher education is the education and training of resident undergraduate students; and
(f) The ability to manage institutional resources in order to meet demand is critical to meeting present and future needs for access to higher education.
(2) Therefore, the legislature intends to:
(a) Provide some new financial tools to the governing boards of the baccalaureate institutions by allowing the boards to adjust tuition rates, within specified limits, for different categories of students and for graduate programs;
(b) Permit the state board for community and technical colleges to adjust tuition rates, within specified limits, for the community colleges as a whole;
(c) Revise the statutory funding mechanism for the state’s financial aid programs in order to substantially increase the amount of state funding for programs that assist needy low and middle-income students;
(d) Ensure that any tuition increases for resident undergraduate students are limited, and, in conjunction with state financial aid programs, do not obstruct access to higher education for low and middle-income students; and
(e) Direct the colleges and universities to use part of the revenue from tuition increases over a specified level to help needy low and middle-income resident students pay the costs associated with the tuition increase.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.15 RCW to read as follows:
(1) As used in this section, "excess credit" means any credit taken by either a resident undergraduate student or a resident student who is not enrolled in a first professional, graduate, or law program if the student has accumulated more than one hundred twenty-five percent of the number of credits required to complete the student’s baccalaureate degree program.
(2)(a) Except as provided in (b) of this subsection, state universities, regional universities, and The Evergreen State College may collect a surcharge from any resident student who is enrolled for excess credit. The amount of the surcharge may vary by credit or percentage thresholds, or may be based on special circumstances, each as established by the institution.
(b) Students who are required to take continuing education credits as a condition of licensure or state law are exempt from the excess credit surcharge for any credits taken as a result of the requirements.
(3) A surcharge for excess credits shall not exceed twenty-five percent of the tuition fees rates for full-time resident undergraduate students at the college or university.

Sec. 5. RCW 28B.15.031 and 1996 c 142 s 2 are each amended to read as follows:
The term "operating fees" as used in this chapter shall include the fees, other than building fees, charged all students registering at the state's colleges and universities but shall not include surcharges for excess credit under section 2 of this act, or fees for short courses, self-supporting degree credit programs and courses, marine station work, experimental station work, correspondence or extension courses, and individual instruction and student deposits or rentals, disciplinary and library fines, which colleges and universities shall have the right to impose, laboratory, gymnasium, health, technology and student activity fees, or fees, charges, rentals, and other income derived from any or all revenue producing lands, buildings and facilities of the colleges or universities heretofore or hereafter acquired, constructed or installed, including but not limited to income from rooms, dormitories, dining rooms, hospitals, infirmaries, housing or student activity buildings, vehicular parking facilities, land, or the appurtenances thereon, or such other special fees as may be established by any college or university board of trustees or regents from time to time. All moneys received as operating fees at any institution of higher education shall be deposited in a local account containing only operating fees revenue and related interest: PROVIDED, That a minimum of three and one-half percent of operating fees shall be retained by the institutions, except the technical colleges, for the purposes of RCW 28B.15.820. Local operating fee accounts shall not be subject to appropriation by the legislature or allotment procedures under chapter 43.88 RCW.

Sec. 6. RCW 28B.15.065 and 1977 ex.s. c 322 s 6 are each amended to read as follows:
It is the intent of the legislature that needy students not be deprived of access to higher education due to increases in educational costs or consequent increases in tuition and fees. It is the sense of the legislature that state appropriations for student financial aid be adjusted in an amount which together with funds estimated to be available in the form of basic educational opportunity grants as authorized under Section 411 of the federal Higher Education Act of 1965 as now or hereafter amended will equal ((twenty-four)) or exceed thirty percent of any change in revenue estimated to occur as a result of revisions in tuition and fee levels under the provisions of ((this 1977 amendatory act)) chapter 322, Laws of 1977 ex. sess.

Sec. 7. RCW 28B.15.066 and 1995 1st sp.s. c 9 s 3 are each amended to read as follows:
It is the intent of the legislature that:
In making appropriations from the state's general fund to institutions of higher education, each appropriation shall conform to the following:
(1) The appropriation shall not be reduced by the amount of operating fees revenue estimated to be collected from students enrolled at the state-funded enrollment level specified in the omnibus biennial operating appropriations act;
(2) The appropriation shall not be reduced by the amount of operating fees revenue collected from students enrolled above the state-funded level, but within the over-enrollment limitations, specified in the omnibus biennial operating appropriations act; ((and))
(3) The general fund state appropriation shall not be reduced by the amount of operating fees revenue collected as a result of waiving less operating fees revenue than the amounts authorized under RCW 28B.15.910; and
(4) The appropriation shall not be reduced or increased as a result of adjustments during the 1997-98 and 1998-99 academic years of tuition fees rates above or below the forecasted growth rate of the implicit price deflator as reported by the forecast council in the November 1996 revenue and economic forecast.

(3) Charter schools may rent, lease, or own property, but may not acquire property by eminent domain. All charters and charter school contracts with other public and private entities must include provisions regarding the disposition of the property if the charter school fails to open as planned, closes, or the charter is revoked or not renewed. Charter schools may accept gifts and donations from other governmental and private entities, excluding sectarian or religious organizations. Charter schools may not accept any gifts or donations the conditions of which violate this chapter.

(4) Charter schools may not charge tuition, levy taxes, or issue bonds, however they may charge fees to the same extent as other public schools and school districts.

NEW SECTION. Sec. 4. LEGAL STATUS. A charter school is a public school including one or more of grades kindergarten through twelve, operated according to the terms of a renewable five-year contract granted by a sponsor or an alternate sponsor.

Students must be selected through an equitable selection process, such as a lottery, to fill any remaining spaces.
(2) A charter school may not limit admission based on race, religion, ethnicity, national origin, gender, income level, intellectual ability, disabling condition, proficiency in the English language, or athletic ability. The alternate sponsor must comply with the procedures specified in the guidelines established by the superintendent of public instruction as provided under section 8 of this act for consideration of the charter application. (6) The superintendent of public instruction shall maintain copies of all approved charter applications. An applicant may obtain copies of those applications from the office of the superintendent of public instruction.
NEW SECTION. Sec. 8. GUIDELINES FOR ALTERNATE SPONSORS. By November 1, 1998, the superintendent of public instruction must develop guidelines to implement the provisions of this chapter that authorize alternate sponsors to sponsor charter schools on or after July 1, 1999. The guidelines must be developed by November 1, 1997.

NEW SECTION. Sec. 11. APPEAL TO THE SUPERINTENDENT OF PUBLIC INSTRUCTION. If a sponsor or an alternate sponsor rejects a charter application, the applicant may submit a motion for appeal within thirty days to the superintendent of public instruction. The superintendent of public instruction may select and convene a review panel to review the appeal, to work with the sponsor or alternate sponsor and the applicant to reach an agreement, to provide assistance to the applicant to improve the application, and to make a recommendation to the superintendent regarding the appeal. The superintendent shall conduct the review using the substantial evidence test. If the superintendent of public instruction approves an application to a school district sponsor, the school district sponsor shall enter into a charter with the applicant. If the superintendent denies an appeal from a rejection of the application by a school district, the applicant may not apply to an alternate sponsor. The superintendent of public instruction may not require an alternate sponsor to enter into a charter with an applicant.

NEW SECTION. Sec. 12. STUDY OF CHARTER SCHOOLS. The Washington institute of public policy shall study the implementation and effectiveness of this act. The institute shall make recommendations to the legislature about the effectiveness of charter schools and the impact of charter schools. (2) A charter may be amended during its term at the request of either party and on the mutual approval of both the charter school board of directors and the sponsor or the alternate sponsor.

NEW SECTION. Sec. 14. CHARTER RENEWAL AND REVOCATION. (1) An approved plan to establish a charter school is effective for five years from the first day of operation. At the conclusion of the first three and one-half years of operation, the charter school may apply to the sponsor or alternate sponsor, as applicable, for renewal. A request for renewal must be submitted no later than six months before the expiration of the charter.

(2) A charter school renewal application must include:

(4) A sponsor or alternate sponsor shall give written notice of its intent not to renew the charter school’s request for renewal to the charter school within one month of the request for renewal to allow the charter school an opportunity to correct identified deficiencies in its operation. At the request of the board of directors of the charter school, the sponsor or alternate sponsor shall review its decision for nonrenewal after the charter school has corrected any identified deficiencies. The sponsor or alternate sponsor must issue a decision within sixty days.

(5) The sponsor or alternate sponsor may revoke a previously approved charter before the expiration of the term of the charter, and before application for renewal, for any of the reasons specified in subsection (3) of this section. Except in cases of emergency where the health and safety of children are at risk, a charter may not be revoked unless the sponsor or alternate sponsor first provides written notice of the specific violations alleged, a public hearing, and a reasonable opportunity for the charter school to correct the identified areas of concern. The sponsor or alternate sponsor of a charter school shall provide for an appeal process upon a determination by the sponsor or alternate sponsor that grounds exist to revoke a charter.

NEW SECTION. Sec. 15. FUNDING. (1) When the sponsor is a school district:
(a) For purposes of funding, students in charter schools shall be considered students of the sponsoring district for general fund apportionment purposes. The sponsoring school district shall provide funding for charter schools on a per student basis in amounts the schools would have received if the students were enrolled in a noncharter school in the district except that a charter school shall not generate eligibility for small school assistance. Funding for charter schools shall include regular apportionment, categorical, nonbasic education, and maintenance and operating levy funds, as appropriate;
(b) No local levy moneys approved by the voters before the effective date of a charter between a school district and an applicant may be allocated to a charter school unless the sponsoring school district determines it has received sufficient authority from voters to allocate maintenance and operation excess tax levy money to the charter school. For levies approved after the effective date of a charter, charter schools shall be included in levy planning, budgets, and funding distribution in the same manner as other schools in the district; and
(c) A charter school is eligible for state matching funds for common school construction if a sponsoring school district determines it has received voter approval of local capital funds for the project.

(2) (a) The superintendent of public instruction shall develop recommendations for funding charter schools sponsored by alternate sponsors. The superintendent shall submit the recommendations to the education and fiscal committees of the house of representatives and senate by November 1, 1998.

Except for the administration fee in this section, no other offsets or deductions are allowed, whether for central administration or other off-site support services, from a charter school’s per-pupil share of state appropriations, local levies, or other funds, unless the charter school has contracted with a school district to obtain specific additional services.

NEW SECTION. Sec. 17. CHARTER SCHOOL LOAN ACCOUNT. (1) The charter school loan account is created in the custody of the state treasurer. All receipts from appropriations shall be deposited into the account. Expenditures from the account may be used only to provide financial loans to approved charter schools for start-up costs. Charter schools may receive up to two hundred fifty dollars per student for start-up costs. Only the superintendent of public instruction or the superintendent’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(2) Start-up moneys shall be distributed to schools with approved charters on a first-come, first-served basis. The charter school must repay the loan within five years. Interest shall be fixed at one-half percentage point above the United States thirty-year treasury bill rate in effect at the time of the loan.

NEW SECTION. Sec. 19. LEAVES OF ABSENCE. If a school district employee makes a written request for an extended leave of absence to work at a charter school, the school district shall grant the request. The school district may require that the request for a leave be made up to ninety days before the employee would otherwise have to report for duty. The leave shall be granted for up to three years. If the employee returns to the school district within the three-year period, the employee shall be hired before the district hires anyone else with fewer years of service, with respect to any position for which the returning employee is certificated or otherwise qualified.

NEW SECTION. Sec. 20. CAPS ON CHARTER SCHOOLS. (2) The cap on charter schools shall not apply to public schools that convert to charter schools.

(3) Neither a school district nor an alternate sponsor may sponsor a charter school in a school district with a student enrollment of less than one thousand students until June 1, 2000.

(4) For purposes of monitoring compliance with this section and providing information to new charter school applicants, the superintendent of public instruction shall maintain a running total of the projected and actual enrollment at charter schools and the number of charters granted.

(5) For purposes of implementing this subsection, a sponsor or alternate sponsor shall notify the office of the superintendent of public instruction when it receives a charter school application, when it approves a charter school, and when a charter school is terminated. Once fifty charter schools are approved, the office of the superintendent of public instruction shall notify all school districts and potential alternate sponsors. The office of the superintendent of public instruction shall notify all school districts and potential alternate sponsors when additional charter schools may be approved due to charter school contract terminations.

SSB 5227 Prime Sponsor, Committee on Health & Long-Term Care: Regulating the sales of nonprofit hospitals. Reported by Committee on Health Care

April 1, 1997
MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The health of the people of our state is a most important public concern. The state has an interest in assuring the continued existence of accessible, affordable health care facilities that are responsive to the needs of the communities in which they exist. The state also has a responsibility to protect the public interest in nonprofit hospitals and to clarify the responsibilities of local public hospital district boards with respect to public hospital district assets by making certain that the charitable and public assets of those hospitals are managed prudently and safeguarded consistent with their mission under the laws governing nonprofit and municipal corporations.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the Washington state department of health.
(2) "Hospital" means any entity that is: (a) Defined as a hospital in RCW 70.41.020 and is required to obtain a license under RCW 70.41.090; or (b) a psychiatric hospital required to obtain a license under chapter 71.12 RCW.
(3) "Acquisition" means an acquisition by a person of an interest in a nonprofit hospital, whether by purchase, merger, lease, gift, joint venture, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of the hospital, or that results in the acquiring person holding or controlling fifty percent or more of the assets of the hospital, but acquisition does not include an acquisition if the acquiring person: (a) Is a nonprofit corporation having a substantially similar charitable health care purpose as the nonprofit corporation from whom the hospital is being acquired, or is a government entity; (b) is exempt from federal income tax under section 501(c)(3) of the internal revenue code or as a government entity; and (c) will maintain representation from the affected community on the local board of the hospital.
(4) "Nonprofit hospital" means a hospital owned by a nonprofit corporation organized under Title 24 RCW.
(5) "Person" means an individual, a trust or estate, a partnership, a corporation including associations, limited liability companies, joint stock companies, and insurance companies.

NEW SECTION. Sec. 3. (1) A person may not engage in the acquisition of a nonprofit hospital without first having applied for and received the approval of the department under this chapter.
(2) An application must be submitted to the department on forms provided by the department, and at a minimum must include: The name of the hospital being acquired, the name of the acquiring person or other parties to the acquisition, the acquisition price, a copy of the acquisition agreement, a financial and economic analysis and report from an independent expert or consultant of the effect of the acquisition under the criteria in section 7 of this act, and all other related documents. The applications and all related documents are considered public records for purposes of chapter 42.17 RCW.
(3) The department shall charge an applicant fees sufficient to cover the costs of implementing this chapter. The fees must include the cost of the attorney general’s opinion under section 6 of this act. The department shall transfer this portion of the fee, upon receipt, to the attorney general.

NEW SECTION. Sec. 4. (1) The department, in consultation with the attorney general, shall determine if the application is complete for the purposes of review. The department may find that an application is incomplete if a question on the application form has not been answered in whole or in part, or has been answered in a manner that does not fairly meet the question addressed, or if the application does not include attachments of supporting documents as required by section 3 of this act. If the department determines that an application is incomplete, it shall notify the applicant within fifteen working days after the date the application was received stating the reasons for its determination of incompleteness, with reference to the particular questions for which a deficiency is noted.
(2) Within five working days after receipt of a completed application, the department shall publish notice of the application in a newspaper of general circulation in the county or counties where the hospital is located and shall notify by first class United States mail, electronic mail, or facsimile transmission, any person who has requested notice of the filing of such applications. The notice must state that an application has been received, state the names of the parties to the agreement, describe the
NEW SECTION. **Sec. 5.** During the course of review under this chapter, the department shall conduct one or more public hearings, at least one of which must be in the county where the hospital to be acquired is located. At the hearings, anyone may file written comments and exhibits or appear and make a statement. The department may subpoena additional information or witnesses, require and administer oaths, require sworn statements, take depositions, and use related discovery procedures for purposes of the hearing and at any time prior to making a decision on the application.

A hearing must be held not later than forty-five days after receipt of a completed application. At least ten days’ public notice must be given before the holding of a hearing.

NEW SECTION. **Sec. 6.** (1) The department shall provide the attorney general with a copy of a completed application upon receiving it. The attorney general shall review the completed application, and within forty-five days of the first public hearing held under section 5 of this act shall provide a written opinion to the department as to whether or not the acquisition meets the requirements for approval in section 7 of this act.

(2) The department shall review the completed application to determine whether or not the acquisition meets the requirements for approval in sections 7 and 8 of this act. Within thirty days after receiving the written opinion of the attorney general under subsection (1) of this section, the department shall:

(a) Approve the acquisition, with or without any specific modifications or conditions; or
(b) Disapprove the acquisition.

(3) The department may not make its decision subject to any condition not directly related to requirements in section 7 or 8 of this act, and any condition or modification must bear a direct and rational relationship to the application under review.

(4) A person engaged in an acquisition and affected by a final decision of the department has the right to an adjudicative proceeding under chapter 34.05 RCW. The opinion of the attorney general provided under subsection (1) of this section may not constitute a final decision for purposes of review.

(5) The department or the attorney general may extend, by not more than thirty days, any deadline established under this chapter one time during consideration of any application, for good cause.

NEW SECTION. **Sec. 7.** The department shall only approve an application if the parties to the acquisition have taken the proper steps to safeguard the value of charitable assets and ensure that any proceeds from the acquisition are used for appropriate charitable health purposes. To this end, the department may not approve an application unless, at a minimum, it determines that:

(1) The acquisition is permitted under chapter 24.03 RCW, the Washington nonprofit corporation act, and other laws governing nonprofit entities, trusts, or charities;

(2) The nonprofit corporation that owns the hospital being acquired has exercised due diligence in authorizing the acquisition, selecting the acquiring person, and negotiating the terms and conditions of the acquisition;

(3) The procedures used by the nonprofit corporation’s board of trustees and officers in making its decision fulfilled their fiduciary duties, that the board and officers were sufficiently informed about the proposed acquisition and possible alternatives, and that they used appropriate expert assistance;

(4) No conflict of interest exists related to the acquisition, including, but not limited to, conflicts of interest related to board members of, executives of, and experts retained by the nonprofit corporation, acquiring person, or other parties to the acquisition;

(5) The nonprofit corporation will receive fair market value for its assets. The attorney general or the department may employ, at the expense of the acquiring person, reasonably necessary expert assistance in making this determination. This expense must be in addition to the fees charged under section 3 of this act;

(6) Charitable funds will not be placed at unreasonable risk, if the acquisition is financed in part by the nonprofit corporation;

(7) Any management contract under the acquisition will be for fair market value;

(8) The proceeds from the acquisition will be controlled as charitable funds independently of the acquiring person or parties to the acquisition, and will be used for charitable health purposes.
consistent with the nonprofit corporation's original purpose, including providing health care to the disadvantaged, the uninsured, and the underinsured and providing benefits to promote improved health in the affected community;

(9) Any charitable entity established to hold the proceeds of the acquisition will be broadly based in and representative of the community where the hospital to be acquired is located, taking into consideration the structure and governance of such entity; and

(10) A right of first refusal to repurchase the assets by a successor nonprofit corporation or foundation has been retained if the hospital is subsequently sold to, acquired by, or merged with another entity.

NEW SECTION. Sec. 8. The department shall only approve an application if the acquisition in question will not detrimentally affect the continued existence of accessible, affordable health care that is responsive to the needs of the community in which the hospital to be acquired is located. To this end, the department shall not approve an application unless, at a minimum, it determines that:

(1) Sufficient safeguards are included to assure the affected community continued access to affordable care, and that alternative sources of care are available in the community should the acquisition result in a reduction or elimination of particular health services;

(2) The acquisition will not result in the revocation of hospital privileges;

(3) Sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;

(4) The acquiring person and parties to the acquisition are committed to providing health care to the disadvantaged, the uninsured, and the underinsured and to providing benefits to promote improved health in the affected community. Activities and funding provided under section 7(8) of this act may be considered in evaluating compliance with this commitment; and

(5) Sufficient safeguards are included to avoid conflict of interest in patient referral.

NEW SECTION. Sec. 9. (1) The secretary of state may not accept any forms or documents in connection with any acquisition of a nonprofit hospital until the acquisition has been approved by the department under this chapter.

(2) The attorney general may seek an injunction to prevent any acquisition not approved by the department under this chapter.

NEW SECTION. Sec. 10. The department shall require periodic reports from the nonprofit corporation or its successor nonprofit corporation or foundation and from the acquiring person or other parties to the acquisition to ensure compliance with commitments made. The department may subpoena information and documents and may conduct onsite compliance audits at the acquiring person's expense.

If the department receives information indicating that the acquiring person is not fulfilling commitments to the affected community under section 8 of this act, the department shall hold a hearing upon ten days' notice to the affected parties. If after the hearing the department determines that the information is true, it may revoke or suspend the hospital license issued to the acquiring person pursuant to the procedure established under RCW 70.41.130, refer the matter to the attorney general for appropriate action, or both. The attorney general may seek a court order compelling the acquiring person to fulfill its commitments under section 8 of this act.

NEW SECTION. Sec. 12. An acquisition of a hospital completed before the effective date of this act and an acquisition in which an application for a certificate of need under chapter 70.38 RCW has been granted by the department before the effective date of this act is not subject to this chapter.

NEW SECTION. Sec. 13. No provision of this chapter derogates from the common law or statutory authority of the attorney general.

Sec. 17. RCW 70.44.300 and 1984 c 103 s 4 are each amended to read as follows:
1. (1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district ((which)) if the board ((has determined)) determines by resolution that the property is no longer required for public hospital district purposes or determines by resolution that the sale of the property will further the purposes of the public hospital district. (Such sale and conveyance may be by deed or real estate contract.)
2. Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 or three independent experts in valuing health care property, selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.
3. When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.
4. If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraisers as defined in RCW 74.46.020 or independent expert in valuing health care property selected by the board to appraise the market value of a parcel of property
to be sold may be a party to any contract with the public hospital district to sell such property for a period of three years after the appraisal.

NEW SECTION. Sec. 18. A new section is added to chapter 70.44 RCW to read as follows:

(1) When evaluating a potential acquisition, the commissioners shall determine their compliance with the following requirements:

(a) That the acquisition is authorized under chapter 70.44 RCW and other laws governing public hospital districts;
(b) That the procedures used in the decision-making process allowed district officials to thoroughly fulfill their due diligence responsibilities as municipal officers, including those covered under chapter 42.23 RCW governing conflicts of interest and chapter 42.20 RCW prohibiting malfeasance of public officials;
(c) That the acquisition will not result in the revocation of hospital privileges;
(d) That sufficient safeguards are included to maintain appropriate capacity for health science research and health care provider education;
(e) That the acquisition is allowed under Article VIII, section 7 of the state Constitution, which prohibits gifts of public funds or lending of credit and Article XI, section 14, prohibiting private use of public funds;
(f) That the public hospital district will retain control over district functions as required under chapter 70.44 RCW and other laws governing hospital districts;
(g) That the activities related to the acquisition process complied with chapters 42.17 and 42.32 RCW, governing disclosure of public records, and chapter 42.30 RCW, governing public meetings;
(h) That the acquisition complies with the requirements of RCW 70.44.300 relating to fair market value; and
(i) Other state laws affecting the proposed acquisition.

(2) The commissioners shall also determine whether the public hospital district should retain a right of first refusal to repurchase the assets by the public hospital district if the hospital is subsequently sold to, acquired by, or merged with another entity.

(3)(a) Prior to approving the acquisition of a district hospital, the board of commissioners of the hospital district shall obtain a written opinion from a qualified independent expert or the Washington state department of health as to whether or not the acquisition meets the standards set forth in section 8 of this act.

(b) Upon request, the hospital district and the person seeking to acquire its hospital shall provide the department or independent expert with any needed information and documents. The department shall charge the hospital district for any costs the department incurs in preparing an opinion under this section. The hospital district may recover from the acquiring person any costs it incurs in obtaining the opinion from either the department or the independent expert. The opinion shall be delivered to the board of commissioners no later than ninety days after it is requested.

(c) Within ten working days after it receives the opinion, the board of commissioners shall publish notice of the opinion in at least one newspaper of general circulation within the hospital district, stating how a person may obtain a copy, and giving the time and location of the hearing required under (d) of this subsection. It shall make a copy of the report and the opinion available to anyone upon request.

(d) Within thirty days after it received the opinion, the board of commissioners shall hold a public hearing regarding the proposed acquisition. The board of commissioners may vote to approve the acquisition no sooner than thirty days following the public hearing.

(4)(a) For purposes of this section, "acquisition" means an acquisition by a person of any interest in a hospital owned by a public hospital district, whether by purchase, merger, lease, or otherwise, that results in a change of ownership or control of twenty percent or more of the assets of a hospital currently licensed and operating under RCW 70.41.090. Acquisition does not include an acquisition where the other party or parties to the acquisition are nonprofit corporations having a substantially similar charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or governmental entities. Acquisition does not include an acquisition where the other party is an organization that is a limited liability corporation, a partnership, or any other legal entity and the members, partners, or otherwise designated controlling parties of the organization are all nonprofit corporations having a charitable health care purpose, organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code, or

SB 5340 Prime Sponsor, Senator Hochstatter: Changing probation provisions for certificated educational employees. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.405.100 and 1994 c 115 s 1 are each amended to read as follows:
(1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

At any time after October 15th, an employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement ((on or before February 1st of each year)). During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established ((beginning on or before February 1st and ending no later than May 1st)). The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be
removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement (shall be) during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee’s compensation or benefits for the remainder of the employee’s contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee’s professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator’s contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) of this section may be used as a basis for determining that an employee’s work is unsatisfactory under subsection (1) of this section or as probable cause for the nonrenewal of an employee’s contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.”

Sec. 2. RCW 43.163.210 and 1996 c 310 s 1 are each amended to read as follows:
For the purpose of facilitating economic development in the state of Washington and encouraging the employment of Washington workers at meaningful wages:

(1) The authority may develop and conduct a program or programs to provide nonrecourse revenue bond financing ((for the project costs for no more than five economic development activities, per fiscal year, included under the authority’s general plan of economic development finance objectives. In addition, the authority may issue tax-exempt bonds to finance ten manufacturing or processing activities, per fiscal year, for which the total project cost is less than one million dollars per project)).

(2) The authority may ((also)) develop and conduct a program that will stimulate and encourage the development of new products within Washington state by the infusion of financial aid for invention and innovation in situations in which the financial aid would not otherwise be reasonably available from commercial sources. The authority is authorized to provide nonrecourse revenue bond financing for this program.
(a) For the purposes of this program, the authority shall have the following powers and duties:

(i) To enter into financing agreements with eligible persons doing business in Washington state, upon terms and on conditions consistent with the purposes of this chapter, for the advancement of financial and other assistance to the persons for the development of specific products, procedures, and techniques, to be developed and produced in this state, and to condition the agreements upon contractual assurances that the benefits of increasing or maintaining employment and tax revenues shall remain in this state and accrue to it;

An investigation and report concerning the advisability of approving an application for assistance shall be completed by the staff of the authority. The investigation and report may include, but is not limited to, facts about the company under consideration as its history, wage standards, job opportunities, stability of employment, past and present financial condition and structure, pro forma income statements, present and future markets and prospects, integrity of management as well as the feasibility of the proposed product and invention to be granted financial aid, including the state of development of the product as well as the likelihood of its commercial feasibility. After receipt and consideration of the report set out in this subsection and after other action as is deemed appropriate, the application shall be approved or denied by the authority. The applicant shall be promptly notified of action by the authority. In making the decision as to approval or denial of an application, priority shall be given to those persons operating or planning to operate businesses of special importance to Washington’s economy, including, but not limited to: (i) Existing resource-based industries of agriculture, forestry, and fisheries; (ii) existing advanced technology industries of electronics, computer and instrument manufacturing, computer software, and information and design; and (iii) emerging industries such as environmental technology, biotechnology, biomedical sciences, materials sciences, and optics.

SSB 5361 Prime Sponsor, Senator Wood: Regulating charter use of Washington state ferries. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that when established route operations and normal user requirements are not disrupted Washington state ferries may be used for the transportation of hazardous materials under the chartering procedures and rates described in section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 47.60 RCW to read as follows:
(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible.
(2) Consistent with the policy as established in subsection (1) of this section, the general manager of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:
(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington state ferries.
(b) Charter rates for vessels must be established at actual vessel operating costs plus fifty percent of such actual costs rounded to the nearest fifty dollars. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.
(c) Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one-year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.
(d) All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.
(e) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage.

"CHARTER CRUISE AGREEMENT

1. WSF agrees to supply the vessel . . . . . (subject to change) for the use of the Lessee from the period from . . . . . to . . . . . on . . . . . (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is . . . . . . This number MAY NOT be exceeded.

The Lessee remains responsible for property damage in excess of $350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.

8. WSF is not obligated to provide shoreside parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross-Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. This indemnity provision does not require the Lessee to defend or indemnify WSF against any action based solely on the alleged negligence of WSF.

Beginning October 1, 1987, the accident-reporting threshold for property damage accidents shall be five hundred dollars. The accident-reporting threshold for property damage accidents shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision.

3. "Appraisal assignment" means an engagement for which an appraiser is employed or retained to act, or would be perceived by third parties or the public as acting, as a disinterested third party in rendering an unbiased analysis, opinion, or conclusion relating to the value of specified interests in, or aspects of, identified real estate. The term "appraisal assignment" may apply to valuation work and analysis work.

4. "Brokers price opinion" means an oral or written report of property value that is prepared by a real estate broker or salesperson licensed under chapter 18.85 RCW (for listing, sale, purchase, or rental purposes).

5. "Certified appraisal" means an appraisal prepared or signed by a state-certified real estate appraiser. A certified appraisal represents to the public that it meets the appraisal standards defined in this chapter.

7. "Committee" means the real estate appraiser advisory committee of the state of Washington.

8. "Comparative market analysis" means a brokers price opinion.

9. "Department" means the department of licensing.

10. "Director" means the director of the department of licensing.

(2) No person, other than a state-certified or state-licensed real estate appraiser, may assume or use that title or any title, designation, or abbreviation likely to create the impression of certification or licensure as a real estate appraiser by this state.

(3) A person who is not certified or licensed under this chapter shall not prepare any appraisal of real estate located in this state, except as provided under subsection (1) of this section.

(4) This section does not preclude a staff employee of a governmental entity from performing an appraisal or an appraisal assignment within the scope of his or her employment insofar as the
performance of official duties for the governmental entity are concerned. Such an activity for the benefit of the governmental entity is exempt from the requirements of this chapter.

(5) This chapter does not preclude an individual person licensed by the state of Washington as a real estate broker or as a real estate salesperson (and who performs) from issuing a brokers price opinion (as a service to a prospective seller, buyer, lessor, or lessee as the only intended user, and not for dissemination to a third party, within the scope of his or her employment or agency. Such an activity for the sole benefit of the prospective seller, buyer, lessor, or lessee is exempt from the requirements of this chapter). However, if the brokers price opinion is written, or given as evidence in any legal proceeding, and is issued to a person who is not a prospective seller, buyer, lessor, or lessee as the only intended user, then the brokers price opinion shall contain a statement, in an obvious location within the written document or specifically and affirmatively in spoken testimony, that substantially states: "This brokers price opinion is not an appraisal as defined in chapter 18.140 RCW and has been prepared by a real estate licensee, licensed under chapter 18.85 RCW, who . . . . . (is/is not) also state certified or state licensed as a real estate appraiser under chapter 18.140 RCW." However, the brokers price opinion issued under this subsection may not be used as an appraisal in conjunction with a federally related transaction.

(6) This section does not apply to an appraisal or an appraisal review performed for a financial institution or mortgage broker (whether conducted) by an employee (or third party), when such appraisal or appraisal review is not required to be performed by a state-certified or state-licensed real estate appraiser by the appropriate federal financial institutions regulatory agency.

(7) This section does not apply to an attorney licensed to practice law in this state or to a certified public accountant, as defined in RCW 18.04.025, who evaluates real property in the normal scope of his or her professional services.

ESSB 5762 Prime Sponsor, Committee on Commerce & Labor: Benefitting the equine industry.
Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washington's equine racing industry creates economic, environmental, and recreational impacts across the state affecting agriculture, horse breeding, the horse training industry, agricultural fairs and youth programs, and tourism and employment opportunities. The Washington equine industry has incurred a financial decline coinciding with increased competition from the gaming industry in the state and from the lack of a class 1 racing facility in western Washington from 1993 through 1995. This act is necessary to preserve, restore, and revitalize the equine breeding and racing industries and to preserve in Washington the economic and
social impacts associated with these industries. Preserving Washington's equine breeding and racing industries, and in particular those sectors of the industries that are dependent upon live horse racing, is in the public interest of the state. The purpose of this act is to preserve Washington's equine breeding and racing industries and to protect these industries from adverse economic impacts. This act does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before the effective date of this act. Therefore, this act does not allow gaming of any nature or scope that was prohibited before the effective date of this act.

Sec. 2. RCW 67.16.050 and 1985 c 146 s 3 are each amended to read as follows:
Every person making application for license to hold a race meet, under the provisions of this chapter shall file an application with the commission which shall set forth the time, the place, the number of days such meet will continue, and such other information as the commission may require. The commission shall be the sole judge of whether or not the race meet shall be licensed and the number of days the meet shall continue. No person who has been convicted of any crime involving moral turpitude shall be issued a license, nor shall any license be issued to any person who has violated the terms or provisions of this chapter, or any of the rules and regulations of the commission made pursuant thereto, or who has failed to pay to the commission any or all sums required under the provisions of this chapter. The license shall specify the number of days the race meet shall continue and the number of races per day, which shall (be) include not less than six nor more than eleven live races per day, and for which a fee shall be paid daily in advance of five hundred dollars for each live race day for those (meets) licensees which had gross receipts from parimutuel machines in excess of fifty million dollars in the previous year and two hundred dollars for each day for meets which had gross receipts from parimutuel machines at or below fifty million dollars in the previous year; in addition any newly authorized live race meets shall pay two hundred dollars per day for the first year: PROVIDED, That if unforeseen obstacles arise, which prevent the holding, or completion of any race meet, the license fee for the meet, or for a portion which cannot be held may be refunded the licensee, if the commission deems the reasons for failure to hold or complete the race meet sufficient. Any unexpired license held by any person who violates any of the provisions of this chapter, or any of the rules or regulations of the commission made pursuant thereto, or who fails to pay to the commission any and all sums required under the provisions of this chapter, shall be subject to cancellation and revocation by the commission. Such cancellation shall be made only after a summary hearing before the commission, of which three days' notice, in writing, shall be given the licensee, specifying the grounds for the proposed cancellation, and at which hearing the licensee shall be given an opportunity to be heard in opposition to the proposed cancellation.

Sec. 3. RCW 67.16.105 and 1995 c 173 s 2 are each amended to read as follows:
(1) Licensees of race meets that are nonprofit in nature, are of ten days or less, and have an average daily handle of one hundred twenty thousand dollars or less shall withhold and pay to the commission daily for each authorized day of racing one-half percent of the daily gross receipts from all parimutuel machines at each race meet.
(2) Licensees (of race meets) that do not fall under subsection (1) of this section shall withhold and pay to the commission (daily for each authorized day of racing) the following applicable percentage of all daily gross receipts from (its in-state parimutuel machines (at each race meet)):
(a) If the daily gross receipts of all its in-state parimutuel machines are more than two hundred fifty thousand dollars, the licensee shall withhold and pay to the commission daily two and one-half percent of the daily gross receipts; and
(b) If the daily gross receipts of all its in-state parimutuel machines are two hundred fifty thousand dollars or less, the licensee shall withhold and pay to the commission daily one percent of the daily gross receipts.
(3) In addition to those amounts in subsections (1) and (2) of this section, (all) a licensees(s) shall forward one-tenth of one percent of the daily gross receipts of all its in-state parimutuel machines to the commission (daily) for payment to those nonprofit race meets as set forth in RCW 67.16.130 and subsection (1) of this section, but said percentage shall not be charged against the licensee's...
total of such payments shall not exceed one hundred fifty thousand dollars in any one year and any amount in excess of one hundred fifty thousand dollars shall be remitted to the general fund).

Payments to nonprofit race meets under this subsection shall be distributed on a pro rata per-race-day basis and used only for purses at race tracks that have been operating under RCW 67.16.130 and subsection (1) of this section for the five consecutive years immediately preceding the year of payment.

In addition to those sums paid to the commission in subsection (2) of this section, licensees who are nonprofit corporations and have race meets of thirty days or more shall retain and dedicate: (a) An amount equal to one and one quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be used solely for the purpose of increasing purses; and (b) an amount equal to one and one quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be deposited in an escrow or trust account and used solely for construction of a new thoroughbred race track facility in western Washington. Said percentages shall come from that amount the licensee is authorized to retain under RCW 67.16.170(2). The commission shall adopt such rules as may be necessary to enforce this subsection.

In the event the new race track is not constructed before January 1, 2001, all funds including interest, remaining in the escrow or trust account established in subsection (4) of this section, shall revert to the state general fund.)

Sec. 4. RCW 67.16.200 and 1991 c 270 s 10 are each amended to read as follows:

(1) A racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering on its program at a satellite location or locations within the state of Washington. The sale of parimutuel pools at satellite locations shall be conducted only during the licensee’s race meet and simultaneous to all parimutuel wagering activity conducted at the licensee’s live racing facility in the state of Washington. The commission’s authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location.

(b) The commission shall not allow a licensee to conduct satellite wagering at a satellite location within twenty ground miles of the licensee’s racing facility. For purposes of this section, "ground miles" means miles measured from point to point in a straight line.

(c)(i) The commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ground miles of the racing facility of another licensee who conducts race meets of thirty days or more, but only if the satellite location is the racing facility of another licensee who conducts race meets of thirty days or more and only if the licensee seeking to conduct satellite wagering suspends its program during the conduct of the meets of all licensees within fifty ground miles; except that the commission may allow a licensee that conducts satellite wagering at another track, pursuant to this subsection, to use other satellite locations, used by that track with the approval of the owner of that track, even though those satellite locations are within a fifty ground mile radius.

(ii) Subject to subsection (1)(c)(i) of this section, the commission may allow a licensee to conduct satellite wagering at a satellite location within fifty ground miles of the racing facility of another licensee who conducts race meets of under thirty days, but only if the licensee seeking to conduct satellite wagering suspends its satellite program during the conduct of the meets of all licensees within fifty ground miles). A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and
67.16.175. A satellite extension of the licensee’s racing facility shall be subject to the same application of the rules of racing as the licensee’s racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen’s purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen’s purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen’s purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in an interstate common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) During the conduct of its race meeting, a class 1 racing association may be allowed to import no more than one simulcast race card program during each live race day. A licensed racing association may also be approved to import one simulcast race of regional or national interest on each live race day. A class 1 racing association may be permitted to import two simulcast programs on two nonlive race days per each week during its live meet. A licensee shall not operate parimutuel wagering on more than five days per week. Parimutuel wagering on imported simulcast programs shall only be conducted at the live racing facility of a class 1 racing association.

(c) The commission may allow simulcast races of regional or national interest to be sent to satellite locations. The simulcasts shall be limited to one per day except for Breeder’s Cup special events day.

(d) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(e) When not conducting a live race meeting, a class 1 racing association may be approved to conduct simulcast parimutuel wagering on imported simulcast races. The conduct of simulcast parimutuel wagering on the simulcast races shall be for not more than twelve hours during any twenty-four hour period, for not more than five days per week and only at its live racing facility.

(f) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen’s purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing the race.

(7) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission which conducts during each twelve-month period at least forty days of live racing
within four successive calendar months. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status.

(8) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before the effective date of this act. Therefore, this section does not allow gaming of any nature or scope that was prohibited before the effective date of this act. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.

SSB 5965 Prime Sponsor, Committee on Commerce & Labor: Providing for changes in agency experience ratings for industrial insurance. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.44.170 and 1991 sp.s. c 13 s 29 are each amended to read as follows:

The industrial insurance premium refund account is created in the custody of the treasurer. All industrial insurance refunds earned by state agencies or institutions of higher education under the state fund retrospective rating program shall be deposited into the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account. Only the executive head of the agency or institution of higher education, or designee, may authorize expenditures from the account. No agency or institution of higher education may make an expenditure from the account for an amount greater than the refund earned by the agency. If the agency or institution of higher education has staff dedicated to workers' compensation claims management, expenditures from the account must be used to pay for that staff, but additional expenditure from the account may be used for any program within an agency or institution of higher education that promotes or provides incentives for employee workplace safety and health and early, appropriate return-to-work for injured employees.

Sec. 2. 1990 c 204 s 1 (uncodified) is amended to read as follows:

The legislature finds that workplace safety in state employment is of paramount importance in maintaining a productive and committed state work force. The legislature also finds that recognition in state agencies and institutions of higher education of industrial insurance programs that provide safe working environments and promote early return-to-work for injured employees will encourage agencies and institutions of higher education to develop these programs. A purpose of this act is to provide incentives for agencies and institutions of higher education to participate in industrial insurance safety programs and return-to-work programs by authorizing use of the industrial insurance premium refunds earned by agencies or institutions of higher education participating in industrial insurance retrospective rating programs. Since agency and institution of higher education retrospective rating refunds are generated from safety performance and cannot be set at predictable levels determined by the budget process, the incentive awards should not impact an agency's or institution of higher education's legislatively approved budget."

Passed to Rules Committee for second reading.

The appropriations in this section for the Washington wildlife and recreation program under chapter 43.98A RCW are subject to the following conditions and limitations:

(1) $22,500,000 of the state building construction account appropriation shall be deposited in the outdoor recreation account and is hereby appropriated from the outdoor recreation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW.

(2) $19,500,000 of the state building account appropriation and $3,000,000 from the aquatic lands enhancement account appropriation shall be deposited in the habitat conservation account, and $22,500,000 is hereby appropriated from the habitat conservation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW. Funds from the aquatic lands enhancement account appropriation shall be distributed to eligible water access projects under RCW 43.98A.050.

(3) The new appropriations in this section are provided for the approved list of projects included in LEAP CAPITAL DOCUMENT NO. 98-3 as developed on March 26, 1997, at 9:00 p.m., the pilot watershed plan implementation program under subsection (5) of this section, and for other projects approved by the legislature under RCW 43.98A.080 referencing this section.

(4) The legislature finds that, since the inception of the Washington wildlife and recreation program, over eighty-five percent of the moneys provided for the state parks category has been used for acquisition of property, and that demands for recreational facilities in state parks require that increased funding be devoted to development projects. The committee and the state parks and recreation commission shall ensure that at least forty percent of new funding provided for the state parks category during the 1997-99 biennium be allocated to development projects.

(5) $4,000,000 of the habitat conservation account appropriation from the unallocated portion of the fund distribution under RCW 43.98A.040(1)(d) is provided solely for matching grants for riparian zone habitat protection projects that implement watershed plans pursuant to this subsection. The interagency committee for outdoor recreation shall develop a pilot watershed plan implementation program within the Washington wildlife and recreation program. The program shall provide matching grants to eligible agencies for implementation of riparian zone habitat protection projects within watershed restoration plans under RCW 89.08.460(1), watershed action plans developed pursuant to rules adopted by the Puget Sound water quality action team, or plans developed pursuant to chapter . . . ., Laws of 1997 (Second Substitute House Bill No. 2054). Projects shall have a useful life of at least thirty years. Eligible agencies include conservation districts, counties, cities, and private nonprofit land trust or nature conservancy organizations. Projects eligible for funding under this section include acquisition of land using less-than-fee-simple instruments such as conservation easements and purchase of development rights; and habitat restoration and enhancement projects on such lands including fencing and revegetation of native trees and shrubs that enhance the long-term habitat values of protected lands. The committee shall develop an application process and project eligibility and evaluation criteria in consultation with the state conservation commission. The committee shall report to the appropriate committees of the legislature on the implementation of the pilot matching grant program. A preliminary status report shall be submitted by January 1, 1998, and a final report by January 1, 1999.

(6) Up to $400,000 of the reappropriations in this section is provided to develop an inventory of all lands in the state owned by federal agencies, state agencies, local governments, and Indian tribes. The committee shall develop the inventory in a computer database format that will facilitate the sharing and reporting of inventory data and provide options for future updates. The inventory shall include, at a minimum, the following information: Owner, location, acreage, and principal use. The inventory shall also include resource-based information for state and federally-owned recreation and habitat lands. The committee shall submit a status report on the inventory to the appropriate committees of the legislature by January 1, 1999, and a final report by January 1, 2000.

(7) All land acquired by a state agency with moneys from these appropriations shall comply with class A, B, and C weed control provisions of chapter 17.10 RCW.

NEW SECTION. Sec. 389. FOR SPECIAL LAND PURCHASES AND COMMON SCHOOL CONSTRUCTION

Special land purchases and common school construction (98-2-015)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided to the department of natural resources solely for the purposes of transferring from trust status certain trust lands of state-wide significance to state park, wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes, acquiring replacement timber trust lands, and providing funding for common school construction.

(2) The appropriation in this section is provided solely for the transfer of the following list of trust properties to the identified agency:
   (a) Iron Horse/Bandera, King county, to the state parks and recreation commission;
   (b) Kitsap Forest, Kitsap county, to the department of natural resources for natural area preserve purposes;
   (c) Upper Sultan Basin, Snohomish county, to the department of natural resources for natural resource conservation area purposes;
   (d) West Tiger Mountain, King county, to the department of natural resources for natural resource conservation area purposes.

The department shall transfer the first trust property and then allocate the remaining funds to the remaining properties in roughly equal shares.

(3) Land and timber transferred under this section shall be appraised and transferred at full market value. The department of natural resources shall attempt to maintain a minimum aggregate ratio of 85:15 timber-to-land value in these transactions. The value of the timber transferred shall be deposited by the department of natural resources in the same manner as timber revenues from other common school trust lands, except that no deduction shall be made for the resource management cost account. The value of the land transferred, not to exceed $3,000,000, shall be deposited in the natural resources real property replacement account to be used for the acquisition of replacement timber lands solely to benefit the common school trust.

(4) All reasonable costs incurred by the department of natural resources to implement this section may be paid out of this appropriation, except that the costs of acquiring replacement timber lands shall be paid out of appropriations from the natural resources real property replacement account.

(5) The department shall use intergrant exchanges between common school and other trust lands of equal value to effect the purposes of this section if the exchange is in the interest of each trust, as determined by the board of natural resources.
(6) The department of natural resources and receiving agencies shall work in good faith to carry out the intent of this section. However, the board of natural resources or a receiving agency may reject a transfer of property if it is determined that the transfer is not in the interest of either the common school trust or the receiving agency.

(7) On June 30, 1999, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

NEW SECTION. Sec. 704. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 705. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 1997, from the 1995-97 biennial appropriations for each project.

NEW SECTION. Sec. 706. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 707. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives capital budget committee.

NEW SECTION. Sec. 708. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 709. Notwithstanding any other provisions of law, for the 1997-99 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continued obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.

NEW SECTION. Sec. 710. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.
NEW SECTION, Sec. 711. The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes which govern the grants.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (1) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION, Sec. 712. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section or in excess of $5,000,000 shall not be expended until the office of financial management has reviewed and approved the agency’s predesign and other documents and approved an allotment for the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house and senate. Reports will be submitted on July 1 and December 31 each year in a format to be developed by the office of financial management.

NEW SECTION, Sec. 713. Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations referring to this section until the allotment of the funds to be expended has been approved by the office of financial management. Projects that will be employing alternative public works construction procedures, under chapter 39.10 RCW, are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

NEW SECTION, Sec. 714. Appropriations for design and construction of facilities on higher education branch campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment.

When cost-effective and ecologically beneficial, the acquisition and development of environmental mitigation sites and activities, including but not limited to wetland banks and advance mitigation, should be provided in a manner that benefits both the department of transportation sites and activities and other agency sites and activities. The coordination of environmental mitigation shall also take into consideration the acquisitions and activities of local watershed groups. The coordination of environmental mitigation sites and activities is intended to improve ecological benefits gained from state expenditures, provide greater emphasis on shared natural resource management, and increase mitigation credit opportunities for the department of transportation. The activities of this section shall be carried out in a manner consistent with recommendations developed by a work group consisting of state agencies with substantial environmental mitigation related responsibilities. The office of financial management shall report to the fiscal committees of the senate and house of representatives and to the legislative transportation committee by December 1, 1998, on the results of the coordination of these environmental mitigation activities and make recommendations to further improve the coordination among state agencies to achieve better cost-efficiencies and ecological benefits.

SSB 5750 Prime Sponsor, Committee on FinIn/Ins/Hs: Allowing commercial property casualty policies to be issued prior to filing the form or rate with the insurance commissioner. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. A new section is added to chapter 48.18 RCW to read as follows:
(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.
(2) Commercial property casualty policies may be issued prior to filing the forms. All commercial property casualty forms shall be filed with the commissioner within thirty days after an insurer issues any policy using them.
(3) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period..."
thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for
review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-
day period.

(4) Upon a final determination of a disapproval of a policy form under subsection (3) of this
section, the insurer shall amend any previously issued disapproved form by endorsement to comply
with the commissioner’s disapproval.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to
a business, profession, or occupation for the lines of property and casualty insurance defined in RCW
48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any
contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of
this section, the burden of proof shall be on the commissioner.

NEW SECTION. Sec. 2. A new section is added to chapter 48.19 RCW to read as follows:
(1) It is the intent of the legislature to assist the purchasers of commercial property casualty
insurance by allowing policies to be issued more expeditiously and provide a more competitive market
for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty
policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed
with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the
commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall
disapprove the filing and give notice to the insurer or rating organization that made the filing,
specifying how the filing fails to meet the requirements and stating when, within a reasonable period
thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for
review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-
day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this
section, the insurer shall issue an endorsement changing the rate to comply with the commissioner’s
disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to
a business, profession, or occupation for the lines of property and casualty insurance defined in RCW
48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any
contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of
this section, the burden of proof shall be on the commissioner.

Sec. 3. RCW 48.18.100 and 1989 c 25 s 1 are each amended to read as follows:
(1) No insurance policy form other than surety bond forms, forms exempt under section 1 of
this act, or application form where written application is required and is to be attached to the policy, or
printed life or disability rider or endorsement form shall be issued, delivered, or used unless it has been
filed with and approved by the commissioner. This section shall not apply to policies, riders or
endorsements of unique character designed for and used with relation to insurance upon a particular
subject.

(2) Every such filing containing a certification, in a form approved by the commissioner, by
either the chief executive officer of the insurer or by an actuary who is a member of the American
academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the
Washington Administrative Code, may be used by such insurer immediately after filing with the
commissioner. The commissioner may order an insurer to cease using a certified form upon the
grounds set forth in RCW 48.18.110. This subsection shall not apply to certain types of policy forms
designated by the commissioner by rule.
(3) Except as provided in section 1 of this act, every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may so affirmatively approve or disapprove any such form, by giving notice of such extension before expiration of the initial thirty-day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may withdraw any such approval at any time for cause. By approval of any such form for immediate use, the commissioner may waive any unexpired portion of such initial thirty-day waiting period.

(4) The commissioner’s order disapproving any such form or withdrawing a previous approval shall state the grounds therefor.

(5) No such form shall knowingly be so issued or delivered as to which the commissioner’s approval does not then exist.

(6) The commissioner may, by order, exempt from the requirements of this section for so long as he or she deems proper, any insurance document or form or type thereof as specified in such order, to which in his or her opinion this section may not practicably be applied, or the filing and approval of which are, in his or her opinion, not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization shall adhere to the form filings made on its behalf by the organization. Deviations from such organization are permitted only when filed with the commissioner in accordance with this chapter.

Sec. 4. RCW 48.19.060 and 1989 c 25 s 5 are each amended to read as follows:

(1) The commissioner shall review a filing as soon as reasonably possible after made, to determine whether it meets the requirements of this chapter.

(2) Except as provided in RCW 48.19.070 and section 2 of this act:

(a) No such filing shall become effective within thirty days after the date of filing with the commissioner, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he or she gives notice within such waiting period to the insurer or rating organization which made the filing that he or she needs such additional time for the consideration of the filing. The commissioner may, upon application and for cause shown, waive such waiting period or part thereof as to a filing that he or she has not disapproved.

(b) A filing shall be deemed to meet the requirements of this chapter unless disapproved by the commissioner within the waiting period or any extension thereof."

SSB 5077 Prime Sponsor, Committee on Agriculture & Environment: Requiring integrated pest management. Reported by Committee on Agriculture & Ecology

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that it is the policy of the state of Washington to require all state agencies that have pest control responsibilities to follow the principles of integrated pest management.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

(1) "Integrated pest management" means a coordinated decision-making and action process that uses the most appropriate pest control methods and strategy in an environmentally and economically sound manner to meet agency programmatic pest management objectives. The elements of integrated pest management include:
   (a) Preventing pest problems;
   (b) Monitoring for the presence of pests and pest damage;
   (c) Establishing the density of the pest population, that may be set at zero, that can be tolerated or correlated with a damage level sufficient to warrant treatment of the problem based on health, public safety, economic, or aesthetic thresholds;
   (d) Treating pest problems to reduce populations below those levels established by damage thresholds using strategies that may include biological, cultural, mechanical, and chemical control methods and that must consider human health, ecological impact, feasibility, and cost-effectiveness; and
   (e) Evaluating the effects and efficacy of pest treatments.

(2) "Pest" means, but is not limited to, any insect, rodent, nematode, snail, slug, weed, and any form of plant or animal life or virus, except virus, bacteria, or other microorganisms on or in a living person or other animal or in or on processed food or beverages or pharmaceuticals, which is normally considered to be a pest, or which the director of the department of agriculture may declare to be a pest.

NEW SECTION. Sec. 3. Each of the following state agencies or institutions shall implement integrated pest management practices when carrying out the agency's or institution's duties related to pest control:

(1) The department of agriculture;
(2) The state noxious weed control board;
(3) The department of ecology;
(4) The department of fish and wildlife;
(5) The department of transportation;
(6) The parks and recreation commission;
(7) The department of natural resources;
(8) The department of corrections;
NEW SECTION. Sec. 4. (1) A state agency or institution listed in section 3 of this act shall provide integrated pest management training for employees responsible for pest management. The training programs shall be developed in cooperation with the interagency integrated pest management coordinating committee created under section 5 of this act.

(2) A state agency or institution listed in section 3 of this act shall designate an integrated pest management coordinator and the department of labor and industries and the office of the superintendent of public instruction shall each designate one representative to serve on the committee established in section 5 of this act.

NEW SECTION. Sec. 5. (1) The interagency integrated pest management coordinating committee is created. The committee is composed of the integrated pest management coordinator from each agency or institution listed under section 3 of this act and the representatives designated under section 4 of this act. The coordinator from the department of agriculture shall serve as chair of the committee.

(2) The interagency integrated pest management coordinating committee shall share information among the state agencies and institutions and facilitate interagency coordination.

(3) The interagency integrated pest management coordinating committee shall meet at least two times a year. All meetings of the committee must be open to the public. The committee shall give public notice of each meeting.

(4) By November 30th of each odd-numbered year up to and including November 30th, 2001, the department of agriculture, with the advice of the interagency integrated pest management coordinating committee, shall prepare a report on the progress of integrated pest management programs. The report is to be made available through the state library and placed on the legislative alert list.

NEW SECTION. Sec. 6. If specific funding for the purposes of sections 3, 4, and 5 of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, sections 3, 4, and 5 of this act are null and void.

ESB 5086 Prime Sponsor, Senator Roach: Prohibiting mandatory child support for postsecondary education of adult children. Reported by Committee on Law & Justice

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:
Sec. 1. RCW 26.19.090 and 1991 sp.s. c 28 s 7 are each amended to read as follows:

1. The child support schedule shall be advisory and not mandatory for awards of postsecondary educational support.

2. The court shall not order either or both parents to pay postsecondary educational support if both parents agree not to pay postsecondary educational expenses. The court may not enter an initial order of child support if the child is no longer dependent before the petition is filed.

3. When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. Except as limited in subsections (4) and (5) of this section, the court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together. If the parents have other children who are dependent upon the parents for support, the court shall ensure that adequate provision is made for such children in determining whether and for how long to award postsecondary support.

4. Unless the parents have entered into an agreement otherwise, postsecondary educational support shall not be awarded beyond the child's twenty-third birthday; beyond the child's completion of a four-year undergraduate college degree program; or during periods of nonenrollment. Regularly scheduled summer and vacation breaks are not periods of nonenrollment.

5(a) Postsecondary educational support shall not be awarded for amounts in excess of the highest cost at a Washington state public university for resident students for: (i) Tuition; (ii) books, fees, education supplies; and (iii) dormitory room and board when the child will actually incur dormitory room and board expenses.

(b) This subsection shall not apply when: (i) Parents have agreed to exceed these costs; or (ii) the child wishes to attend a private postsecondary educational institution, and the parents have agreed that the child should attend a private postsecondary educational institution, or either or both parents attended private postsecondary educational institutions, and either or both parents have the financial capability to pay for a private postsecondary education.

6. The student shall have an affirmative obligation to seek financial aid through the postsecondary educational institution. The court shall consider any aid obtained in determining the parents' support obligation.

7. The amount of support established may be apportioned between the parents on the basis of net income in the same manner as if the child was under age eighteen and receiving child support under this chapter.

8. The court may adjust support for earnings of a child in excess of the amount necessary to support the child during periods of nonenrollment. The court may require the child to contribute financially to his or her educational expenses and support commensurate with the child's abilities and academic schedule.

9. The court may order the child to notify each parent paying postsecondary educational support in writing regarding the child's academic plans, progress, and changes in academic schedule.

10. Upon finding that the child willfully failed to provide the information required under subsection (12) of this section, the court may terminate or suspend support.

11. The child must enroll in an accredited academic or vocational school, must be actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution. The court-ordered postsecondary educational support shall be automatically suspended during the period or periods the child fails to comply with these conditions. For purposes of this subsection, "actively pursuing a course of study" means that the child completes the period of enrollment for which the parents have paid support. If the child fails for whatever reason to complete the academic period, the parents shall have no obligation to resume payment of support until the child has made up the incomplete period.
The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW 26.09.225.

The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

The court shall direct that either or both parents' payments for postsecondary educational expenses be made directly to the educational institution if feasible. If direct payments are not feasible, then the court in its discretion may order that either or both parents' payments be made directly to the child if the child does not reside with either parent. If the child resides with one of the parents the court may direct that the parent making the support transfer payments make the payments to the child or to the parent who has been receiving the support transfer payments.

NEW SECTION. Sec. 2. This act applies prospectively only and not retroactively. It applies only to causes of action that are commenced on or after the effective date of this act.

2SSB 5120 Prime Sponsor, Committee on Ways & Means: Providing for fish enhancement with remote 
ite incubators. Reported by Committee on Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that trout and salmon population levels are 
greatly below the carrying capacity of many state waters, and that reintroduction of both trout and 
salmon can be accomplished with the use of remote site incubators. Remote site incubators have been 
shown to be a cost-effective means of bypassing the early period of high mortality that is often 
experienced by salmonid eggs that are naturally spawned in streams with degraded habitat. In addition, 
remote site incubators provide an efficient method for reintroduction of fish into areas that are not fully 
seeded by natural spawn. The technology for remote site incubators is well developed, and their 
application is easily accomplished in a wide variety of habitat by persons with a moderate level of 
training.

It is a goal of the remote site incubator program to assist reestablishment of sustainable fish 
populations so that the populations may become naturally spawning in many cases. In other cases, 
primarily where spawning conditions are not optimal or where numbers of spawners are chronically 
low, the remote site incubator program may become a cost-effective long-term solution for 
supplementation and restoration of fish populations.

Another goal of the remote site incubator program is to provide a means of utilizing excess or 
surplus salmonid eggs which in the past would have been destroyed or not used in a way that would 
have rebuilt fish populations.

NEW SECTION. Sec. 2. (1) The department shall identify potential sites throughout the state 
and potential fish species for each site that are suitable for remote site incubators. The initial selection 
of sites shall be completed by July 1, 1998. Thereafter the site selection list shall be updated at least on 
an annual basis.

(2)(a) The director may use employees of the fish and wildlife construction crew to construct 
remote site incubators.

(b) The director shall purchase commercially available remote site incubators in cases in which 
it would be more economical to purchase remote site incubators rather than to build them with the 
construction crew.

(c) The director of fish and wildlife and the secretary of the department of corrections shall 
jointly investigate the potential of producing remote site incubators through the prison industries 
program of the department of corrections, and shall jointly report their finding to the natural resources 
committees of the house of representatives and the senate by December 1, 1998.
NEW SECTION. Sec. 3. (1) The department shall coordinate the implementation of the remote site incubator program throughout the state and shall make annual reports to the fish and wildlife commission on the progress of the program.

(2) The department shall fully involve and depend chiefly upon volunteer efforts to implement the remote site incubator program through the regional fisheries enhancement groups, volunteer cooperative groups, private nonprofit groups, treaty Indian tribes, and interested individuals.

(3) The director shall approve a remote site incubator project unless it is a direct threat to the salmonid resource. The director may prioritize remote site incubator projects within regional enhancement areas.

NEW SECTION. Sec. 4. (1) The director shall make every effort to utilize appropriate salmonid eggs in remote site incubators if the eggs are not allocated for other fish culture uses or would otherwise be sold or donated.

(2) The director may purchase or accept as a gift to the state viable salmonid eggs from private fish farmers for purposes of stocking remote site incubators and for the stocking of all public waters.

(3) As required to carry out the purposes of this chapter, the director shall contact the treaty Indian tribes, the federal fish and wildlife service, and the state fish management agencies of Oregon and Idaho for the purpose of obtaining donations of viable salmonid eggs for stocking remote site incubators.

NEW SECTION. Sec. 5. The director shall direct the warm water fish enhancement program of the department to investigate ways for applying the remote site incubator technology to the production of warm water fish.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act constitute a new chapter in Title 75 RCW.

(a) Appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) Outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by, or under the direction of, health care providers with expertise in diabetes. Nothing in this section prevents the health care services contractor from restricting patients to seeing only health care providers who have signed participating provider agreements with the health care services contractor or an insuring entity under contract with the health care services contractor.

(3) Coverage required under this section may be subject to normal health plan structures and benefits offered by the health care service contractor and the associated normal cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

(6) The health care service contractor need not include the coverage required in this section in a group contract offered to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefits status under this title that does not offer coverage similar to that mandated under this section.

(7) This section does not apply to the health benefit plans that provide benefits identical to the schedule of services covered by the basic health plan, as required by RCW 48.44.022 and 48.44.023.

NEW SECTION. Sec. 5. A new section is added to chapter 48.46 RCW to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All health benefit plans offered by health maintenance organizations, issued or renewed after the effective date of this act, shall provide benefits for at least the following services and supplies for persons with diabetes to the extent that benefits are available under the health benefit plan for similar services or supplies for other common illnesses and diseases:

(a) Appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) Outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by, or under the direction of, health care providers with expertise in diabetes. Nothing in this section prevents the health maintenance organization from restricting patients to seeing
only health care providers who have signed participating provider agreements with the health
maintenance organization or an insuring entity under contract with the health maintenance organization.

(3) Coverage required under this section may be subject to normal health plan structures and
benefits options offered by health maintenance organizations and the associated normal cost-sharing
provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by
the medical director, or his or her designee, subject to any referral and formulary requirements.

(6) The health maintenance organization need not include the coverage required in this section
in a group contract offered to an employer or other group that offers to its eligible enrollees a self-
insured health plan not subject to mandated benefits status under this title that does not offer coverage
similar to that mandated under this section.

(7) This section does not apply to the health benefit plans that provide benefits identical to the
schedule of services covered by the basic health plan, as required by RCW 48.46.064 and 48.46.066.

ESB 5185 Prime Sponsor, Senator Horn: Revising procedures for growth management hearings
boards. Reported by Committee on Government Reform & Land Use

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:
Each growth management hearings board shall be governed by the following rules on conduct
and procedure:
(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) Each board may appoint one or more hearing examiners to assist the board in its hearing function, to make findings of fact and, if requested by the board, to make recommendations to the board for advisory decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that advisory decisions be made within one hundred eighty days of board receipt of a petition. Each board may mediate disputes between counties or cities, over whether their comprehensive plans are coordinated or consistent, by using one or more of its own members, hiring staff to provide mediation, or contracting for the provision of mediation.

(6) Each board shall make findings of fact and prepare a written advisory decision in each case decided by it, and such findings and advisory decisions shall be effective upon being signed by two or more members of the board and upon being filed at the board’s principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.
The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Sec. 2. RCW 36.70A.280 and 1996 c 325 s 2 are each amended to read as follows:

(1) A growth management hearings board shall hear and (determine only those) render advisory decisions in response to petitions alleging either:

(a) That a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW.

(b) That a county or city planning under this chapter has not taken an action required under this chapter by the time the action is required to have been taken.

(c) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(d) That the shoreline master program or amendment thereto, or chapter 43.21C RCW as it relates thereto, are not in compliance with the requirements of chapter 90.58 RCW.

(2) A petition alleging that a county or city has not addressed issues associated with an action required under this chapter, or that the comprehensive plan of a county or city is not coordinated with, or consistent with, the comprehensive plan of another county or city, as required under RCW 36.70A.100; or

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.
