(c) Each institution of higher education receiving appropriations under sections 604 through 609 of this act may provide to instructional and research faculty, exempt professional staff, academic administrators, academic librarians, counselors, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under RCW 28B.16.015, an additional average salary increase of 1.0 percent on July 1, 1997, and an average salary increase of 2.0 percent on July 1, 1998. The plans, to be prepared at the direction of the board, shall be submitted by August 15, 1997 (for academic year 1997-98) and June 30, 1998 (for academic year 1998-99). The following measures and goals will be used for the 1997-99 biennium:

- **Goal**

  (i) Undergraduate graduation efficiency index:
  - For students beginning as freshmen 95%
  - For transfer students 90%

  (ii) Undergraduate student retention, defined as the percentage of all undergraduate students who return for the next year at the same institution, measured from fall to fall:
  - Research universities 95%
  - Comprehensive universities and college 90%

  (iii) Graduation rates, defined as the percentage of an entering freshmen class at each institution that graduates within five years:
  - Research universities 65%
  - Comprehensive universities and college 55%
(iv) A measure of faculty productivity, with goals and targets in accord with the legislative intent to achieve measurable and specific improvements, to be determined by the higher education coordinating board, in consultation with the institutions receiving appropriations under sections 604 through 609 of this act.

The higher education coordinating board shall set performance targets for closing the performance gap for each measure for each institution. Performance targets shall be set at levels that reflect meaningful and substantial progress towards the state-wide performance goals. Each institution shall report to the higher education coordinating board on its actual performance achievement for each measure for academic year 1997-98 by June 30, 1998, except that performance reporting for the student retention measure shall be completed by October 15, 1998.

(4) The state board for community and technical colleges shall develop an implementation plan for measurable and specific improvements in productivity, efficiency, and student retention in academic years 1997-98 and 1998-99 consistent with the performance management system developed by the workforce training and education coordinating board and for the following long-term performance goals:

The legislature recognizes that state laws and regulations may have the unintended effect of acting as barriers to efficient operation in some instances, and desires to encourage the institutions of higher education to think beyond the constraints of current law in identifying opportunities for improved efficiency. Accordingly, the legislature requests that the institutions of higher education, working together through the council of presidents' office and the state board for community and technical colleges, identify opportunities for changes in state law that would form the basis for a new efficiency compact with the state, for consideration no later than the 1999 legislative session.

NEW SECTION. Sec. 602. (17) Not more than $458,000 of the general fund--state appropriation may be expended for the operation of the Pacific northwest export assistance project. The department will continue to implement a plan for assessing fees for services provided by the project. It is the intent of the legislature that the revenues raised to defray the expenditures of this program will be increased to fifty percent of the expenditures in fiscal year 1996 and seventy-five percent of the expenditures in fiscal year 1997. Beginning in fiscal year 1998, the legislature intends that this program will be fully self-supporting.

(18) $4,804,000 of the public safety and education account appropriation is provided solely for contracts with qualified legal aid programs for civil indigent legal representation pursuant to RCW 43.08.260. It is the intent of the legislature to ensure that legal aid programs receiving funds appropriated in this act pursuant to RCW 43.08.260 comply with all applicable restrictions on use of these funds. To this end, during the 1995-97 fiscal biennium the department shall monitor compliance with the authorizing legislation, shall oversee the implementation of this subsection, and shall report directly to the appropriations committee of the house of representatives and the ways and means committee of the senate.

(a) It is the intent of the legislature to improve communications between legal aid programs and persons affected by the activities of legal aid programs. There is established for the 1995-97 fiscal biennium a task force on agricultural interests/legal aid relations. The task force shall promote better understanding and cooperation between agricultural interests and legal aid programs and shall provide a forum for discussion of issues of common concern. The task force shall not involve itself in pending litigation.

(i) The task force shall consist of the following sixteen members: Four representatives of agricultural organizations, to be appointed by the legislator members; two individuals who represent the corresponding interests of legal clients, to be appointed by organizations designated by the three
legal services programs; two representatives of Evergreen Legal Services, to be appointed by its board of directors; one representative each from Puget Sound Legal Assistance Foundation and Spokane Legal Services Center, each to be appointed by its directors; one member from each of the majority and minority caucuses of the house of representatives, to be appointed by the speaker of the house of representatives; one member from each of the majority and minority caucuses of the senate, to be appointed by the president of the senate; and two members of the supreme court-appointed access to justice board, to be appointed by the board. During fiscal year 1996, the task force shall be chaired by a legislative member, to be selected by the task force members. During fiscal year 1997, the committee shall be chaired by a nonlegislator member, to be selected by the task force members.

(ii) All costs associated with the meetings shall be borne by the individual task force members or by the organizations that the individuals represent. No task force member shall be eligible for reimbursement of expenses under RCW 43.03.050 or 43.03.060. Nothing in this subsection prevents the legal aid programs from using funds appropriated in this act to reimburse their representatives or the individuals representing legal clients.

(iii) The task force will meet at least four times during the first year of the biennium and as frequently as necessary thereafter at mutually agreed upon times and locations. Any member of the task force may place items on meeting agendas. Members present at the first two task force meetings shall agree upon a format for subsequent meetings.

(b) The legislature recognizes that farmworkers have the right to receive basic information and to consult with attorneys at farm labor camps without fear of intimidation or retaliation. It is the intent of the legislature and in the interest of the public to ensure the safety of all persons affected by legal aid programs’ farm labor camp outreach activities. Legal aid program employees have the legal right to enter the common areas of a labor camp or to request permission of employees to enter their dwellings. Employees living in grower supplied housing have the right to refuse entry to anyone including attorneys unless they have a warrant. Individual employees living in employer supplied housing do not have the right to force legal aid program employees to leave common areas of housing (outside) as long as one person who resides in the associated dwellings wants that person to be there. Any legal aid program employee wishing to visit employees housed on grower property has the right to enter the driveway commonly used by the housing occupants. This means that if agricultural employees must use a grower’s personal driveway to get to their housing, legal aid program employees also may use that driveway to access the housing without a warrant so long as at least some of the housing is occupied. When conducting outreach activities that involve entry onto labor camps, legal aid programs shall establish and abide by policies regarding conduct of outreach activities. The policies shall include a requirement that legal aid program employees identify themselves to persons whom they encounter at farm labor camps. The legal aid programs shall provide copies of their current outreach policies to known agricultural organizations and shall provide copies upon request to any owner of property on which farmworkers are housed. Legal aid program employees involved in outreach activities shall attempt to inform operators of licensed farm labor camps or their agents, and known grower organizations of the approximate time frame for outreach activities and shall cooperate with operators of farm labor camps at which farmworkers are housed in assuring compliance with all pertinent laws and ordinances, including those related to trespass and harassment. Employers who believe that Evergreen Legal Services Outreach Guidelines have been violated shall promptly provide all available information on the alleged violation to the director of Evergreen Legal Services and to the chair of the Task Force on Agricultural Interests/Legal Aid Relations. Evergreen Legal Services will promptly investigate any alleged violations of the outreach guidelines and inform the complaining party of the result. If the resolution of the investigation is not satisfactory to the complainant, the matter shall be placed on the Task Force agenda for discussion at the next scheduled meeting. Employers who believe that Evergreen Legal Services staff members have trespassed should immediately contact local law enforcement authorities.

(c) It is the intent of the legislature to provide the greatest amount of legal services to the largest number of clients by discouraging inefficient use of state funding for indigent legal representation. To this end, it is the intent of the legislature that, prior to the commencement of litigation against any private employer relating to the terms and conditions of employment legal aid programs receiving funds appropriated in this act make good faith written demand for the requested
relief, a good faith offer of settlement or an offer to submit to nonbinding arbitration prior to filing a lawsuit, unless the making of the offer is, in the opinion of the director of the legal services program or his/her designee, clearly prejudicial to: (i) The health, safety, or security of the client; or (ii) the timely availability of judicial relief. The director of the legal aid program may designate not more than two persons for purposes of making the determination of prejudice permitted by this section.

(d)(i) The legislature encourages legal aid programs to devote their state and nonstate funding to the basic, daily legal needs of indigent persons. No funds appropriated under this act may be used for legal representation and activities outside the scope of RCW 43.08.260.

(ii) No funds appropriated in this act may be used for lobbying as defined in RCW 43.08.260(3). Legal aid programs receiving funds appropriated in this act shall comply with all restrictions on lobbying contained in Federal Legal Services Corporation Act (P.L. 99-951) and regulations promulgated thereunder.

(e) No funds appropriated in this act may be used by legal aid programs for representation of undocumented aliens.

(f) The legislature recognizes the duty of legal aid programs to preserve inviolate and prevent the disclosure of, in the absence of knowing and voluntary client consent, client information protected by the United States Constitution, the Washington Constitution, the attorney-client privilege, or any applicable attorney rule of professional conduct. However, to the extent permitted by applicable law, legal aid programs receiving funds appropriated in this act shall, upon request, provide information on their activities to the department and to legislators for purposes of monitoring compliance with authorizing legislation and this subsection.

(g) Nothing in this subsection is intended to limit the authority of existing entities, including but not limited to the Washington state bar association, the public disclosure commission, and the Federal Legal Services Corporation, to resolve complaints or disputes within their jurisdiction.

(19) $839,000 of the general fund--state appropriation is provided solely for energy-related functions transferred by Fourth Substitute House Bill No. 2009 (state energy office). Of this amount:

General Fund Appropriation (FY 1997) $ ((3,261,992,000))

TOTAL APPROPRIATION $ ((6,428,005,000))

3,253,778,000

(2) Allocations for certificated staff salaries for the 1995-96 and 1996-97 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-
time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the
greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection.
Certificated staffing allocations shall be as follows:
(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-
time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through
(f) of this subsection:
(i) Four certificated administrative staff units per thousand full-time equivalent students in
grades K-12;
(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades
K-3; and
(iii) An additional 5.3 certificated instructional staff units for grades K-3. Any funds allocated
for these additional certificated units shall not be considered as basic education funding;
(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to
maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only
if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per
thousand full-time equivalent students in grades K-3. For any school district documenting a lower
certificated instructional staff ratio, the allocation shall be based on the district’s actual grades K-3
certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio
established under RCW 28A.150.260(2)(b), if greater;
(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time
equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional
classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of
documenting a district’s staff ratio under this section, funds used by the district to employ additional
classified instructional assistants shall be converted to a certificated staff equivalent and added to the
district’s actual certificated instructional staff ratio. Additional classified instructional assistants, for the
purposes of this subsection, shall be determined using the 1989-90 school year as the base year;
(C) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff
per thousand full-time equivalent students in grades K-3 may use allocations generated under this
subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW
28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified
instructional assistants in grades 4-6. Funds allocated under this subsection (2)(a)(iii) shall only be
expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding
ratio amount may be expended for provision of classified instructional assistants; and
(iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in
grades 4-12; and
(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose
full-time equivalent student enrollment count in a given month exceeds the first of the month full-time
equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that
such increased enrollment would have generated had such additional full-time equivalent students been
included in the normal enrollment count for that particular month;
(c) On the basis of full-time equivalent enrollment in:
(i) Vocational education programs approved by the superintendent of public instruction, 0.92
certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-
time equivalent vocational students;
(ii) Skills center programs approved by the superintendent of public instruction, 0.92
certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time
equivalent vocational students; and
(iii) Indirect cost charges to vocational-secondary programs shall not exceed 10 percent;
(d) For districts enrolling not more than twenty-five average annual full-time equivalent
students in grades K-8, and for small school plants within any school district which have been judged to
be remote and necessary by the state board of education and enroll not more than twenty-five average
annual full-time equivalent students in grades K-8:
(i) For those enrolling no students in grades seven and eight, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1995-96 and 1996-97 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 20.71 percent in the 1995-96 school year and 20.71 percent in the 1996-97 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 18.77 percent in the 1995-96 school year and 18.77 percent in the 1996-97 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance
benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent;

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $7,656 per certificated staff unit in the 1995-96 school year and a maximum of $7,786 per certificated staff unit in the 1996-97 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $14,587 per certificated staff unit in the 1995-96 school year and a maximum of $14,835 per certificated staff unit in the 1996-97 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of $341 for the 1995-96 school year and $341 per year for the 1996-97 school year per allocated classroom teacher excluding salary adjustments made in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1994-95 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $5,820,000 outside the basic education formula during fiscal years 1996 and 1997 as follows:

The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(10) For the purposes of RCW 84.52.0531, the increase per full-time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 2.2 percent from the 1994-95 school year to the 1995-96 school year, and 1.3 percent from the 1995-96 school year to the 1996-97 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

Sec. 1403. 1996 c 283 s 504 (uncodified) is amended to read as follows:

(a) The appropriation in this section includes the increased portion of salaries and incremental fringe benefits for all relevant state funded school programs in PART V of this act. Salary adjustments for state employees in the office of superintendent of public instruction and the education reform program are provided in the Special Appropriations sections of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in section 503 of this act. Increases for special education result from increases in each district’s basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in section 503 of this act.

(b) The appropriation in this section provides salary increase and incremental fringe benefit allocations for the following programs based on formula adjustments as follows:

(i) For pupil transportation, an increase of $0.77 per weighted pupil-mile for the 1995-96 school year and maintained for the 1996-97 school year;

(1) The appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) A maximum of $1,347,000 may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation
activity of each district. The 1994 travel time to contiguous school district study shall be continued and a report submitted to the fiscal committees of the legislature by December 1, 1995.

(3) A maximum of $40,000 is provided to complete the computerized state map project containing school bus routing information. The superintendent shall ensure that the conditions specified in RCW 28A.160.160(4) for state funding of hazardous walking conditions for any district are fully and strictly adhered to, and that no funds are allocated in any instance in which a district is not actively and to the greatest extent possible engaged in efforts to mitigate hazardous walking conditions.

(7) For the 1996-97 school year, a maximum of $13,546,000 may be allocated for transportation services in accordance with Senate Bill No. 6684 (student safety to and from school). A district’s allocation shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile from their assigned school multiplied by 1.29. "Enrolled students in grades kindergarten through five" for purposes of this section means the number of kindergarten through five students, living within one radius mile, who are enrolled during the week that each district’s bus ridership count is taken.

(8) The minimum load factor in the operations formula shall be calculated based on all students transported to and from school.

TOTAL APPROPRIATION $ (846,604,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriation includes such funds as are necessary for the remaining months of the 1994-95 school year.

(2) In recognition of the need for increased flexibility at the local district level to facilitate the provision of appropriate education to children in need of special education, and the need for substantive educational reform for a significant portion of the school population, the funding formula for special education is modified. These changes result from a 1994 study and recommendations by the institute for public policy and the legislative budget committee, aided by the office of the superintendent of public instruction and the statewide task force for the development of special education funding alternatives. The new formula is for allocation purposes only and is not intended to prescribe or imply any particular pattern of special education service delivery other than that contained in a properly formulated, locally determined, individualized education program.
(3) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the mandatory special education program for special education students ages three to twenty-one and the optional birth through age two program for developmentally delayed infants and toddlers. The superintendent shall review current state eligibility criteria for the fourteen special education categories and consider changes which would reduce assessment time and administrative costs associated with the special education program.

(4) For the 1995-96 and 1996-97 school years, the superintendent shall distribute state funds to each district based on the sum of:

(a) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district’s average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district’s annual average full-time equivalent basic education enrollment times the enrollment percent, times the district’s average basic education allocation per full-time equivalent student times 0.9309.

(5) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12), and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" shall mean the district’s resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district’s annual average full-time equivalent basic education enrollment. For the 1995-96 and the 1996-97 school years, each district’s enrollment percent shall be:

(i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district’s actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(ii) For districts whose enrollment percent for 1994-95 was above 12.7 percent, the lesser of:

(A) The district’s actual enrollment percent for the school year for which the special education allocation is being determined; or

(B) The district’s actual enrollment percent for the school year immediately prior to the school year for which the special education allocation is being determined if not less than 12.7 percent; or

(C) For 1995-96, the 1994-95 enrollment percent reduced by 25 percent of the difference between the district’s 1994-95 enrollment percent and 12.7. For 1996-97, the 1994-95 enrollment percent reduced by 50 percent of the difference between the district’s 1994-95 enrollment percent and 12.7.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be 12.7, and shall be calculated in the aggregate rather than individual district units. For purposes of subsection (5) of this section, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) A minimum of $4.5 million of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of individual special education students.

(8) From the general fund--state appropriation, $14,600,000 is provided for the 1995-96 school year, and ($15,850,000) a maximum of $12,000,000 for the 1996-97 school year, for safety net purposes for districts with demonstrable funding needs for special education beyond the combined amounts provided in subsection (4) of this section. The superintendent of public instruction shall, by rule, establish procedures and standards for allocation of safety net funds. In the 1995-96 school year, school districts shall submit their requests for safety net funds to the appropriate regional committee established by the superintendent of public instruction. Regional committees shall make
recommendations to the state oversight committee for approval. For the 1996-97 school year, requests for safety net funds under this subsection shall be submitted to the state oversight committee. The following conditions and limitations shall be applicable to school districts requesting safety net funds:

(a) For a school district requesting state safety net funds due to special characteristics of the district and costs of providing services which differ significantly from the assumptions contained in the funding formula, the procedures and standards shall permit relief only if a district can demonstrate at a minimum that:

(i) Individualized education plans are appropriate and are properly and efficiently prepared and formulated;

(ii) The district is making a reasonable effort to provide appropriate program services for special education students utilizing state funds generated by the apportionment and special education funding formulas;

"Sec. 1. RCW 79.64.020 and 1993 c 460 s 1 are each amended to read as follows:

A resource management cost account in the state treasury is hereby created to be used solely for the purpose of defraying the costs and expenses necessarily incurred by the department in managing and administering public lands and the making and administering of leases, sales, contracts, licenses, permits, easements, and rights of way on or with respect to such lands as authorized under the provisions of this title. Appropriations from the account to the department shall be expended for no other purposes. The resource management cost account may receive and accept funds that are to be used for such purposes from any source. Funds in the account produced by a trust may be appropriated or transferred by the legislature only for the benefit of (all of) the ((trusts from which the funds were derived)) trust.

Sec. 2. RCW 79.64.030 and 1993 c 460 s 2 are each amended to read as follows:

Funds in the account derived from the gross proceeds of leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, ((agricultural college lands,)) scientific school lands, normal school lands, capitol building lands, or institutional lands shall be ((pooled and)) expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering ((all of the trust lands enumerated in this section)) state lands of the same trust. Such funds may be used for similar costs and expenses in managing and administering other lands managed by the department provided that
such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at a rate determined by the board of natural resources.

Costs and expenses necessarily incurred in managing and administering agricultural college lands shall not be deducted from proceeds derived from the sale of agricultural college lands including the sale of resources that are part of those lands. The department shall use funds provided under section 3 of this act for the management and administration of agricultural college lands.

An accounting shall be made annually of the accrued expenditures from the trust funds in the account. In the event the accounting determines that expenditures have been made from moneys derived from trust lands for the benefit of another trust or other lands, such expenditure shall be considered a debt and an encumbrance against the property or trust funds benefited, including property held under chapter 76.12 RCW. The results of the accounting shall be reported to the legislature at the next regular session. The state treasurer is authorized, upon request of the department, to transfer funds between the forest development account and the resource management cost account solely for purpose of repaying loans pursuant to this section.

NEW SECTION. Sec. 3. A new section is added to chapter 79.64 RCW to read as follows:

(2) The board shall determine the amount necessary in order to achieve the purposes of this chapter for the agricultural college lands. The department shall bill the state of Washington for this amount. The billing authorized under this section shall in no event exceed twenty-two percent of the gross proceeds received by the beneficiary under subsection (1) of this section.

(3) The state of Washington shall pay the department for administering and managing the agricultural college lands. The state may choose the fund source to use to pay this cost, provided that the funds represent moneys from the treasury of the state. The state may not pay this cost using proceeds received by the beneficiary under subsection (1) of this section.

(4) The department shall deposit the moneys received from the state for the management and administration of the agricultural college lands into the account.

Sec. 4. RCW 79.64.040 and 1981 2nd ex.s. c 4 s 3 are each amended to read as follows:

Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.01.132 and 79.01.204 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section. The deductions authorized under this section shall in no event exceed twenty-five percent of the total sum received by the department in connection with any one transaction pertaining to public lands other than second class tide and shore lands and the beds of navigable waters, and fifty percent of the total gross proceeds received by the department pertaining to second class tide and shore lands and the beds of navigable waters.

Before any state lands are offered for sale, or lease, or are assigned, the department of natural resources may establish the fair market value of those authorized improvements not owned by the state. In the event that agreement cannot be reached between the state and the lessee on the fair market value, such valuation shall be submitted to a review board of appraisers. The board shall be as follows: One member to be selected by the lessee and his or her expense shall be borne by the lessee; one member selected by the state and his or her expense shall be borne by the state; these members so selected shall mutually select a third member and his or her expenses shall be shared equally by the lessee and the state. The majority decision of this appraisal review board shall be binding on both parties. For this purpose "fair market value" is defined as: The highest price in terms of money which a property will
bring in a competitive and open market under all conditions of a fair sale, the buyer and seller, each prudently knowledgeable and assuming the price is not affected by undue stimulus. All damages and wastes committed upon such lands and other obligations due from the lessee shall be deducted from the appraised value of the improvements (PROVIDED, That). However, the department of natural resources on behalf of the respective trust may purchase at fair market value those improvements if it appears to be in the best interest of the state (from the RMCA of the general fund). Payment for the improvements may be made with funds held on behalf of the trust in the resource management cost account established under RCW 79.64.020.

Mr. Speaker:
Mr. President:

We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE SENATE BILL NO. 5718, Protecting certain personal information in state motor vehicle and driver records, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and the striking amendment by the Conference Committee (see attached S-3300.1/97) be adopted, and

that the bill do pass as recommended by the Conference Committee.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This chapter may be cited as the Uniform Motor Vehicle and Driver Records Disclosure Act.

NEW SECTION. Sec. 2. The purpose of this chapter is to implement the federal Driver's Privacy Protection Act of 1994 (Title XXX P.L. 103-322). The legislature finds that the people of the state of Washington recognize the public benefit derived from motor vehicle registration and titling, driver licensing, and the issuance of identification documentation, and that the people recognize the need to provide personal information to the state of Washington and its agencies in order to properly maintain records on these activities.

The legislature further finds that the people have a right to expect that personal information maintained in motor vehicle and driver records will be used only for purposes relating to the ownership or operation of a motor vehicle, for purposes of public safety, and as otherwise expressly required or permitted by law.

It is the intent of this act to protect the interests of individuals in their personal privacy by prohibiting the disclosure and use of personal information contained in their motor vehicle and driver records, except as authorized by those individuals or by law.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Disclose" means to engage in any practice or conduct to make available and make known personal information contained in a motor vehicle or driver record about a person to any other person, organization, or entity, by any means of communication.

(5) "Personal information" means information that identifies a person, including an individual’s photograph or computerized image, social security number, driver identification number, name, address (but not the five-digit zip code), telephone number, and medical or disability information, but does not include information on vehicular accidents, driving or equipment-related violations, and driver’s license or registration status.

(6) "Record" includes all books, papers, photographs, photostats, cards, films, tapes, recordings, electronic data, printouts, or other documentary materials regardless of physical form or characteristics.

NEW SECTION. Sec. 4. Notwithstanding chapter 42.17 RCW to the contrary, except as provided in section 5, 6, or 7 of this act, the department and any officer, employee, agent, or contractor thereof shall not disclose personal information about any person obtained by the department in connection with a motor vehicle or driver record.

NEW SECTION. Sec. 6. NEW SECTION. Sec. 7. Personal information referred to in section 4 of this act may be disclosed as otherwise permitted by law to any person by the department, its officers, employees, or contractors, on proof of the identity of the person requesting a record or records and representation by such person that the use of the personal information will be strictly limited to one or more of the following described uses:

NEW SECTION. Sec. 9. In addition to provisions for payment of applicable fees, the department may, prior to the disclosure of personal information as permitted under sections 5 through 7 of this act, require the meeting of conditions by the requesting person for the purposes of obtaining reasonable assurance concerning the identity of such requesting person, and, to the extent required, that the use will be only as authorized, or the consent of the person who is the subject of the information has been obtained. Such conditions may include, but need not be limited to, the making and filing of a written application in such form and containing such information and certification requirements as the department may prescribe.

NEW SECTION. Sec. 10. An authorized recipient of personal information may resell or redisclose the information for any use permitted under section 7 of this act if such resale or redisclosure is otherwise permitted by law, and subject to any applicable agreement with the department.

(1) Notwithstanding the provisions of chapter 42.17 RCW, the name or address of an individual vehicle owner shall not be released by the department, county auditor, or agency or firm authorized by the department except as provided in section 5, 6, or 7 of this act and under the following circumstances:
(a) The requesting party is a business entity that requests the information for use in the course of business;
(b) The request is a written request that is signed by the person requesting disclosure that contains the full legal name and address of the requesting party, that specifies the purpose for which the information will be used; and
(c) The requesting party enters into a disclosure agreement with the department in which the party promises that the party will use the information only for the purpose stated in the request for the information; and that the party does not intend to use, or facilitate the use of, the information for the purpose of making any unsolicited business contact with a person named in the disclosed information. The term "unsolicited business contact" means a contact that is intended to result in, or promote, the sale of any goods or services to a person named in the disclosed information. The term does not apply to situations where the requesting party and such person have been involved in a business transaction prior to the date of the disclosure request and where the request is made in connection with the transaction.
(2) The disclosing entity shall retain the request for disclosure for three years.
(3) Whenever the disclosing entity grants a request for information under this section by an attorney or private investigator, the disclosing entity shall provide notice to the vehicle owner, to whom the information applies, that the request has been granted. The notice also shall contain the name and address of the requesting party.
(4) Any person who is furnished vehicle owner information under this section shall be responsible for assuring that the information furnished is not used for a purpose contrary to the agreement between the person and the department.
(5) This section shall not apply to requests for information by governmental entities or requests that may be granted under any other provision of this title expressly authorizing the disclosure of the names or addresses of vehicle owners. Governmental entities that are exempt from the prohibition on receiving the name or address of an individual vehicle owner under this subsection, may disclose such information to any person, as defined under section 3 of this act, based on information demonstrating a reasonable suspicion of serious threat to person or property in relation to any person's operation of a motor vehicle or public safety.
(6) This section shall not apply to title history information under RCW 19.118.170.

Sec. 17. RCW 46.52.060 and 1979 c 158 s 161 are each amended to read as follows:
It shall be the duty of the chief of the Washington state patrol to file, tabulate, and analyze all accident reports and to publish annually, immediately following the close of each fiscal year, and monthly during the course of the year, statistical information based thereon showing the number of accidents, the location, the frequency and circumstances thereof and other statistical information which may prove of assistance in determining the cause of vehicular accidents.
Such accident reports and analysis or reports thereof shall be available to the director of licensing, the department of transportation, the utilities and transportation commission, or their duly authorized representatives, for further tabulation and analysis for pertinent data relating to the regulation of highway traffic, highway construction, vehicle operators and all other purposes, and to
publish information so derived as may be deemed of publication value, within the constraints of section 4 of this act.

Sec. 18. RCW 46.52.120 and 1993 c 501 s 12 are each amended to read as follows:

(1) The director shall keep a case record on every motor vehicle driver licensed under the laws of this state, together with information on each driver, showing all the convictions and findings of traffic infractions certified by the courts, together with an index cross-reference record of each accident reported relating to such individual with a brief statement of the cause of the accident. The chief of the Washington state patrol shall furnish the index cross-reference record to the director, with reference to each driver involved in the reported accidents.

(2) The records shall be for the confidential use of the director, the chief of the Washington state patrol, the director of the Washington traffic safety commission, and for such police officers or other cognizant public officials as may be designated by law, and shall not be disclosed except as permitted under section 5, 6, or 7 of this act and as otherwise permitted by law. Such case records shall not be offered as evidence in any court except in case appeal is taken from the order of the director, suspending, revoking, canceling, or refusing a vehicle driver's license.

(3) The director shall tabulate and analyze vehicle driver's case records and suspend, revoke, cancel, or refuse a vehicle driver's license to a person when it is deemed from facts contained in the case record of such person that it is for the best interest of public safety that such person be denied the privilege of operating a motor vehicle. Whenever the director orders the vehicle driver's license of any such person suspended, revoked, or canceled, or refuses the issuance of a vehicle driver's license, such suspension, revocation, cancellation, or refusal is final and effective unless appeal from the decision of the director is taken as provided by law.

Sec. 19. RCW 46.52.130 and 1996 c 307 s 4 and 1996 c 183 s 2 are each reenacted and amended to read as follows:

A certified abstract of the driving record shall be furnished only to the individual named in the abstract, an employer or prospective employer or an agent acting on behalf of an employer or prospective employer if the named individual's employment involves the operation of a motor vehicle, the insurance carrier that has insurance in effect covering the employer or a prospective employer, the insurance carrier that has insurance in effect covering the named individual, the insurance carrier to which the named individual has applied, an alcohol/drug assessment or treatment agency approved by the department of social and health services, to which the named individual has applied or been assigned for evaluation or treatment, or city and county prosecuting attorneys. For purposes of section 7(11) of this act, the disclosure of personal information contained in the abstract of the driving record to an alcohol/drug assessment or treatment agency shall be authorized for purposes of public safety. City attorneys and county prosecuting attorneys may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment. The director, upon proper request, shall furnish a certified abstract covering the period of not more than the last three years to insurance companies. Upon proper request, the director shall furnish a certified abstract covering a period of not more than the last five years to state approved alcohol/drug assessment or treatment agencies, except that the certified abstract shall also include records of alcohol-related offenses as defined in RCW 46.01.260(2) covering a period of not more than the last ten years. Upon proper request, a certified abstract of the full driving record maintained by the department shall be furnished to a city or county prosecuting attorney, to the individual named in the abstract or to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual. The abstract, whenever possible, shall include an enumeration of motor vehicle accidents in which the person was driving; the total number of vehicles involved; whether the vehicles were legally parked or moving; whether the vehicles were occupied at the time of the accident; any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law; and the status of the person's driving privilege in this state. The enumeration shall include any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer. Certified
abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)((a)(i)) (b)(i).

The abstract provided to the insurance company shall exclude any information, except that related to the commission of misdemeanors or felonies by the individual, pertaining to law enforcement officers or fire fighters as defined in RCW 41.26.030, or any officer of the Washington state patrol, while driving official vehicles in the performance of occupational duty. The abstract provided to the insurance company shall include convictions for RCW 46.61.525 (1) and (2) except that the abstract shall report them only as negligent driving without reference to whether they are for first or second degree negligent driving. The abstract provided to the insurance company shall exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract shall show the deferred prosecution as well as the removal.

The director shall collect for each abstract the sum of four dollars and fifty cents which shall be deposited in the highway safety fund.

Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, denied, or have the rate increased on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person’s operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person’s operation of commercial motor vehicles.

Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer receiving the certified abstract shall use it exclusively for his or her own purpose to determine whether the licensee should be permitted to operate a commercial vehicle or school bus upon the public highways of this state and shall not divulge any information contained in it to a third party.

Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

Release of a certified abstract of the driving record of an employee or prospective employee requires a statement signed by: (1) The employee or prospective employee that authorizes the release of the record, and (2) the employer attesting that the information is necessary to determine whether the licensee should be employed to operate a commercial vehicle or school bus upon the public highways of this state. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

Any violation of this section is a gross misdemeanor.

NEW SECTION. Sec. 21. A new section is added to Title 46 RCW to read as follows:
(1) In order to ensure the integrity of the driver license and identicard to enhance motorist privacy in the personal information contained in driver records, by February 1, 1998, the department shall enter into a contract for the procurement of a new driver’s license and identicard. The new driver’s license and identicard shall only incorporate the following security features designed to protect against fraudulent access to personal information:
(a) A central issuance system that requires issuance of permanent licenses and identicards from one central, secure location. Upon verification of eligibility, the license or identicard will be mailed to the resident;
(b) A digital imaging system that permits a person’s photograph and signature to be stored and displayed by computer, which allows for improved file management, flexibility, responsiveness, and fraud protection;
(c) Machine-readable technologies, including a one-dimensional bar code, two-dimensional bar code, and a magnetic stripe to provide for rapid and accurate verification that the license or identicard is genuine. Through encryption, both the magnetic stripe and two-dimensional bar code offer additional levels of security against alteration and counterfeiting; and
(d) An optical variable device that is not readily available to the general public. The image or color change of the optical variable device must prevent fraudulent duplication by making attempts at alteration apparent by distortion or destruction of the license or identicard. The optical variable device must prevent the license or identicard from being accurately copied by color photography or a color copier. The optical variable device must utilize the most secure technology available to prevent tampering, fraudulent duplication, separation, and alteration. Additionally, the department may provide for a second picture of the card holder printed on the license or identicard in ultraviolet ink. The digital printing must enable the applicant’s ultraviolet picture to be added to the license or identicard at the time of issuance for presentation of information that is uniquely tied to the card holder.
(2)(a) Upon issuance of an identicard under this section, there is imposed a six dollar fee in addition to the fee imposed under RCW 46.20.117.
(b) Upon issuance of a driver’s license under this section, there is imposed a six dollar fee in addition to the fee imposed under RCW 46.20.161.

(c) Upon issuance of a renewed driver’s license under this section, there is imposed a six dollar fee in addition to the fee under RCW 46.20.181.

Sec. 22. RCW 46.70.180 and 1997 c... (HB 1198) s 1 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale agreement any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold to a person for a consideration and upon further consideration that the purchaser agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer of a vehicle a written order or offer to purchase, or a contract document signed by the buyer, which:

(a) Is subject to the dealer’s, or his or her authorized representative’s future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer, either (i) to deliver to the buyer the dealer’s signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer as part of the purchase price, for any reason except:

(i) Failure to disclose that the vehicle’s certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle’s odometer, between the
(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer’s temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;
(b) The dealer has satisfied the lien; and
(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesman, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesman, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, that a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales agreement signed by the seller and buyer.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer’s agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer’s agent, gratuity, or reward in connection with the purchase or sale of a new motor vehicle.

(12) For a buyer’s agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase or sale of a new motor vehicle. In addition, it is unlawful for any buyer’s agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer’s agent;
(b) Signing any vehicle purchase orders, sales contract, odometer statements, or title documents, or having the name of the buyer’s agent appear on the vehicle purchase order, sales contract, or title; or

c) Signing any other documentation relating to the purchase, sale, or transfer of any new motor vehicle.

It is unlawful for a buyer’s agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer’s agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer’s agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer’s agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer’s agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. In addition, it is unlawful for any buyer’s agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties’ agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer’s agent for the agent’s services; and (c) further discloses whether the fee or any portion of the fee is refundable. The department of licensing shall by December 31, 1996, in rule, adopt standard disclosure language for buyer’s agent agreements under RCW 46.70.011, 46.70.070, and this section.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer’s possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer’s franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer’s order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser of any new or unused vehicle that has been sold, distributed for sale, or transferred into this state for resale by the vehicle
manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

NEW SECTION. Sec. 23. For the purposes of sections 24 through 30 of this act, it is the intent of the legislature to delineate between legitimate business use of public records and inappropriate commercial use. It is also the intent of the legislature to protect the privacy of citizens from inappropriate commercial use of public records by providing disincentives for such use. Furthermore, the legislature seeks to encourage public-private cooperation in ways that further the public mission of the state and to maintain and enhance public access to public records for the purpose of encouraging public oversight and facilitating other desirable social and economic benefits.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:
(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:
(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and
(b) Make available for public inspection and copying all indexes maintained for agency use.
(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:
(a) All records issued before July 1, 1990, for which the agency has maintained an index;

State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.
(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:
(a) It has been indexed in an index available to the public; or
(b) Parties affected have timely notice (actual or constructive) of the terms thereof.
(7) Each agency shall establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any.
(a) In determining the actual per page cost for providing photocopies of public records, an agency may include all costs directly incident to copying such public records including the actual cost of the paper and the per page cost for use of agency copying equipment. Staff time to copy and mail the requested public records may be included in an agency’s costs.

(8) An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.

(9) Except under an agreement for business use in RCW 42.17.300, this chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge (thereafter), in compliance with RCW 42.17.300(2): PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act.

Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page.

(2) An agency may provide information for business use of public records for which disclosure is otherwise permitted by law, and may enter into agreements for access to public information for business use as provided in subsection (3) of this section. (g) The contractor agrees that the agency may provide “control” or “salted” data as a portion of provided information as a means to ensure that any personally identifiable information is utilized only for the specific purposes allowed under the terms of the agreement;
(h) The contractor shall not gain any proprietary right to or interest in any information provided by the agency and shall not assign its interest in the agreement or any portion thereof to any person, corporation, partnership, association, or organization of any kind;
(i) The contractor accepts full responsibility and liability for any violations of the agreement by the contractor or any officer, employee, or agent of the contractor and any such violation shall result in immediate termination by the agency of all information provided to the contractor or any officer, employee, or agent of the contractor in any form and immediate forfeiture to the agency of any agency-provided information, in any form, held by the contractor or any officer, employee, or agent of the contractor; and
(j) The agency reserves the right to seek or impose all other lawful remedies and penalties for any violation of this agreement by the contractor, or any officer, employee, or agent of the contractor.

Representative Reams moved the adoption of the following striking amendment by Representative Reams: (773)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

In enacting the section 7(5), chapter ... Laws of 1997 (section 7(5) of this act) amendments to RCW 36.70A.070(5), the legislature finds that chapter 36.70A RCW is intended to recognize the importance of agriculture, forestry, and rural lands and rural character to Washington’s economy, its people, and its environment, while respecting regional differences and, in accordance with one of the goals of the growth management act, protecting the property rights of landowners from arbitrary and discriminatory actions. Rural lands and rural-based economies, including agriculture and forest uses that are located outside of designated resource lands, enhance the economic desirability of the state, help to preserve traditional economic activities, and contribute to the state’s overall quality of life. The legislature also finds that in developing its rural element under RCW 36.70A.070(5), a county should foster land use patterns and develop a local vision of rural character that: Will help preserve rural-based economies and traditional rural lifestyles; will encourage the economic prosperity of rural residents; will foster opportunities for small-scale, rural-based employment and self-employment; will permit the operation of rural-based agricultural, commercial, recreational, and tourist businesses that are consistent with existing and planned land use patterns; will foster the private stewardship of the land and preservation of open space; and will enhance the rural sense of community and quality of life. The legislature recognizes that there will be a variety of interpretations by counties of how best to implement a rural element, reflecting the diverse needs and local circumstances found across the state. RCW 36.70A.070(5) provides a framework for local elected officials to make these determinations. References to both wildlife and water are intended in RCW 36.70A.030 and 36.70A.070 to acknowledge their importance as features or components of rural character. It is expected that these matters will be addressed in comprehensive plans, but that counties may not necessarily need to adopt new regulations to account adequately for them in establishing a pattern of land use and development for rural areas."
NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

In amending RCW 36.70A.320(3) by section 20(3), chapter . . . , Laws of 1997 (section 20(3) of this act), the legislature intends that the boards apply a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the boards to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning goals of this chapter, and implementing a county's or city's future rests with that community.

Sec. 3. RCW 36.70A.030 and 1995 c 382 s 9 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

2. "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

3. "City" means any city or town, including a code city.

4. "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

5. "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

6. "Department" means the department of community, trade, and economic development.

7. "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

8. "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

9. "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

10. "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

11. "Minerals" include gravel, sand, and valuable metallic substances.
(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:
(a) In which open space, the natural landscape, and vegetation predominate over the built environment;
(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;
(c) That provide visual landscapes that are traditionally found in rural areas and communities;
(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;
(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;
(f) That generally do not require the extension of urban governmental services; and
(g) That are consistent with the protection of natural surface water flows and ground water and surface water recharge and discharge areas.

(15) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(16) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(17) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of (such) land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(18) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(19) "Urban governmental services" or "urban services" include those governmental public services and public facilities at an intensity historically and typically (delivered by) provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with (nonurban) rural areas.

(20) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.
NEW SECTION. Sec. 4. A new section is added to chapter 36.70A RCW to read as follows:
(1) A county, after conferring with its cities, may develop alternative methods of achieving the planning goals established by RCW 36.70A.020.
(2) The authority provided by this section may not be used to modify:
(a) Requirements for the designation and protection of critical areas or for the designation of natural resource lands under RCW 36.70A.060(2), 36.70A.170, and 36.70A.172;
(b) The requirement that wetlands be delineated consistent with the requirements of RCW 36.70A.175; or
(c) The requirement to establish a process for the siting of essential public facilities pursuant to RCW 36.70A.200.
(3) Before adopting any alternative methods of achieving the planning goals established by RCW 36.70A.020, a county shall provide an opportunity for public review and comment. An ordinance or resolution proposing or adopting alternative methods must be submitted to the department in the same manner as provided in RCW 36.70A.106 for submittal of proposed and adopted comprehensive plans and development regulations.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:
The legislature finds that it is the goal of the state of Washington to achieve no overall net loss of wetland functions. Wetlands can provide public benefits related to flood control, groundwater recharge, water quality, and wildlife habitat. The legislature further finds that consideration should be given to the functions wetlands provide and to the needs of private property owners to assure that wetlands regulations both reflect the impact to wetland functions and allow for a reasonable use of property. In adopting critical areas development regulations, counties and cities should consider and balance all of the goals under RCW 36.70A.020. The legislature intends that no goal takes precedence over any of the others, but that counties and cities may prioritize the goals in accordance with local history, conditions, circumstances, and choice.

Sec. 6. RCW 36.70A.060 and 1991 sp.s. c 32 s 21 are each amended to read as follows:
(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.
(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.
(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.
(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.
(5) Counties and cities may exempt the following from critical areas development regulations:
(a) Emergency activities; and
Activities with minor impacts on critical areas.

Sec. 7. RCW 36.70A.070 and 1996 c 239 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

1. A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

2. A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

3. A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

4. A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

5. Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

   a. Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

   b. Rural development. The rural element shall permit (appropriate land uses that are compatible with the rural character of such lands and) rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities (and may also provide), essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

   c. Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

      i. Containing or otherwise controlling rural development;

      ii. Assuring visual compatibility of rural development with the surrounding rural area;
(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;
(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and
(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county’s population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;
(b) Facilities and services needs, including:
(i) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning;
(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;
(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;
(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;
(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;
(c) Finance, including:
(i) An analysis of funding capability to judge needs against probable funding resources;
(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

NEW SECTION. Sec. 8. A new section is added to chapter 36.70A RCW to read as follows:
(1) Except as otherwise provided in this chapter, residential and nonresidential uses in the rural element shall not require urban services and nonresidential rural development shall be principally designed to serve and provide jobs for the existing and projected rural population or serve existing nonresidential uses.
(2) This section applies to a county with a population of ninety-five thousand or more that has committed five percent or more of its land base to urban growth areas under RCW 36.70A.110 and that has no more than eighty percent of its land base in public ownership or resource lands of long-term commercial significance designated under RCW 36.70A.170.

NEW SECTION. Sec. 9. A new section is added to chapter 36.70A RCW to read as follows:
(1) The public participation requirements of this chapter shall include notice procedures that are reasonably calculated to provide notice to property owners and other affected and interested individuals, tribes, government agencies, businesses, and organizations of proposed amendments to comprehensive plans and development regulation. Examples of reasonable notice provisions include:
(a) Posting the property for site-specific proposals;
(b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located or that will be affected by the proposal;
(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
(d) Placing notices in appropriate regional, neighborhood, ethnic, or trade journals; and
(e) Publishing notice in agency newsletters or sending notice to agency mailing lists, including general lists or lists for specific proposals or subject areas.

(2)(a) Except as otherwise provided in (b) of this subsection, if the legislative body for a county or city chooses to consider a change to an amendment to a comprehensive plan or development regulation, and the change is proposed after the opportunity for review and comment has passed under the county’s or city’s procedures, an opportunity for review and comment on the proposed change shall be provided before the local legislative body votes on the proposed change.
(b) An additional opportunity for public review and comment is not required under (a) of this subsection if:
(i) An environmental impact statement has been prepared under chapter 43.21C RCW for the pending resolution or ordinance and the proposed change is within the range of alternatives considered in the environmental impact statement;
(ii) The proposed change is within the scope of the alternatives available for public comment;
(iii) The proposed change only corrects typographical errors, corrects cross-references, makes address or name changes, or clarifies language of a proposed ordinance or resolution without changing its effect;
(iv) The proposed change is to a resolution or ordinance making a capital budget decision as provided in RCW 36.70A.120; or
(v) The proposed change is to a resolution or ordinance enacting a moratorium or interim control adopted under RCW 36.70A.390.

(3) This section is prospective in effect and does not apply to a comprehensive plan, development regulation, or amendment adopted before the effective date of this section.

Sec. 10. RCW 36.70A.130 and 1995 c 347 s 106 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Not later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:
(i) The initial adoption of a subarea plan; 
(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and
(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.
(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county
has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by section 25 of this act.

Sec. 11. RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board’s principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.
(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Sec. 12. RCW 36.70A.290 and 1995 c 347 s 109 are each amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board. The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government’s shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the case heard in superior court as provided in section 13 of this act, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

NEW SECTION. Sec. 13. A new section is added to chapter 36.70A RCW to read as follows:

(1) The superior court may directly review a petition for review filed under RCW 36.70A.290 if all parties to the proceeding before the board have agreed to direct review in the superior court. The agreement of the parties shall be in writing and signed by all of the parties to the proceeding or their designated representatives. The agreement shall include the parties’ agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. With the certificate of agreement the board shall also file the petition for review, any orders entered by the board, all other documents in the board’s files regarding the action, and the written agreement of the parties.
For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(4)(a) Except as otherwise provided in (b) and (c) of this subsection, the provisions of RCW 36.70A.280 through 36.70A.330, which specify the nature and extent of board review, shall apply to the superior court's review.

(b) The superior court:
   (i) Shall not have jurisdiction to directly review or modify an office of financial management population projection;
   (ii) Except as otherwise provided in RCW 36.70A.300(2)(b), shall render its decision on the petition within one hundred eighty days of receiving the certification of agreement; and
   (iii) Shall give a compliance hearing under RCW 36.70A.330(2) the highest priority of all civil matters before the court.

(c) An aggrieved party may secure appellate review of a final judgment of the superior court under this section by the supreme court or the court of appeals. The review shall be secured in the manner provided by law for review of superior court decisions in other civil cases.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court's prior order, the court may use its remedial and contempt powers to enforce compliance.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if a board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section.

Sec. 14. RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

(1) The board shall issue a final order (within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order) that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, (adopted) under RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:
   (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter (adopted) chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or
   (b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter (adopted) chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city (and). The board shall specify a
reasonable time not in excess of one hundred eighty days, or such longer period as determined by the board in cases of unusual scope or complexity, within which the state agency, county, or city shall comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

(4) Unless the board makes a determination of invalidity as provided in section 16 of this act, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand, unless the board’s final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board’s order; and

(b) Subject any development application that would otherwise vest after the date of the board’s order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board.

NEW SECTION. Sec. 15. A new section is added to chapter 36.70A RCW to read as follows:

After the effective date of this section, all appeals of a decision taken from a final decision of a board shall be filed in the court of appeals for assignment by the chief presiding judge.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:

(1) A board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board’s order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board’s order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt of the board’s order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board’s order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board’s order, except as otherwise specifically provided in the board’s order to protect the public health and safety;
(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board’s order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board’s order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

NEW SECTION. Sec. 17. A board shall determine that part or all of a comprehensive plan or development regulations, or amendments thereto, are invalid only if, in addition to the requirements of section 16 of this act, the board finds that in adopting plans or development regulations, or amendments thereto, the county or city acted in an arbitrary and capricious manner.

Sec. 18. RCW 36.70A.305 and 1996 c 325 s 4 are each amended to read as follows:

(1) The court shall provide expedited review of ((a determination of invalidity or an order effectuating)) that includes a determination of invalidity made or issued under RCW 36.70A.300 and section 16 of this act. The matter must be set for hearing within sixty days of the date set for submitting the board’s record, absent a showing of good cause for a different date or a stipulation of the parties.

(2) A determination of substantial interference under this chapter must be based on evidence of actual development or development permit applications that would substantially interfere with the goals of this chapter, and not on hypothetical or speculative development potential.

NEW SECTION. Sec. 19. A new section is added to chapter 36.70A RCW to read as follows:

A court, in reviewing an order of the board, may:

(1) Affirm the board’s order;

(2) Set aside the board’s order, enjoin or stay the board’s order, remand the matter for further proceedings, order the board to rescind or modify an order; or

(3) Enter a declaratory judgment order of compliance or noncompliance, which may include a determination of invalidity if (a) the determination is supported by findings of fact and conclusions of law that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter and (b) the court’s order specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.
**Sec. 20.** RCW 36.70A.320 and 1995 c 347 s 111 are each amended to read as follows:

(1) Except as provided in subsection ((2)) (5) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption.

(2) Except as otherwise provided in subsection (4) of this section, the burden is on the petitioner to demonstrate that any action taken by a state agency, county, or city under this chapter is not in compliance with the requirements of this chapter.

(3) In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it ((finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter)) determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of this chapter.

(4) A county or city subject to a determination of invalidity made under RCW 36.70A.300 or section 16 of this act has the burden of demonstrating that the ordinance or resolution it has enacted in response to the determination of invalidity will no longer substantially interfere with the fulfillment of the goals of this chapter under the standard in section 16(1) of this act.

(5) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

**Sec. 21.** RCW 36.70A.330 and 1995 c 347 s 112 are each amended to read as follows:

(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board’s final order may participate in the hearing along with the petitioner and the state agency, county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.

(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county’s or city’s efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.

(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide((

(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or

(b)) if no determination of invalidity has been made, whether one now should be made ((under the standards in RCW 36.70A.300(3))) under section 16 of this act.

(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

**NEW SECTION. Sec. 22.** A new section is added to chapter 36.70A RCW to read as follows:

A county or city subject to an order of invalidity issued before the effective date of section 14 of this act, by motion may request the board to review the order of invalidity in light of the section 14, chapter . . . , Laws of 1997 (section 14 of this act) amendments to RCW 36.70A.300, the section 21, chapter . . . , Laws of 1997 (section 21 of this act) amendments to RCW 36.70A.330, and section 16 of this act. If a request is made, the board shall rescind or modify the order of invalidity as necessary to make it consistent with the section 14, chapter . . . , Laws of 1997 (section 14 of this act) amendments
NEW SECTION. Sec. 23. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county or a city may use a variety of innovative zoning techniques in areas designated as agricultural lands of long-term commercial significance under RCW 36.70A.170. The innovative zoning techniques should be designed to conserve agricultural lands and encourage the agricultural economy. A county or city should encourage nonagricultural uses to be limited to lands with poor soils or otherwise not suitable for agricultural purposes.

(2) Innovative zoning techniques a county or city may consider include, but are not limited to:

(a) Agricultural zoning, which limits the density of development and restricts or prohibits nonfarm uses of agricultural land;

(b) Cluster zoning, which allows new development on one portion of the land, leaving the remainder in agricultural or open space uses;

(c) Large lot zoning, which establishes as a minimum lot size the amount of land necessary to achieve a successful farming practice;

(d) Quarter/quarter zoning, which permits one residential dwelling on a one-acre minimum lot for each one-sixteenth of a section of land; and

(e) Sliding scale zoning, which allows the number of lots for single-family residential purposes with a minimum lot size of one acre to increase inversely as the size of the total acreage increases.

Sec. 24. RCW 36.70A.110 and 1995 c 400 s 2 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the urban growth areas in the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas.
Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

NEW SECTION. Sec. 25. A new section is added to chapter 36.70A RCW to read as follows:

(1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, county-wide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the county-wide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection every five years as provided in subsection (3) of this section. The first evaluation shall be completed not later than September 1, 2002. The county and its cities may establish in the county-wide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the county-wide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the county-wide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the county-wide population projection established for the county pursuant to RCW 43.62.035 and the subsequent population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and
Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the county-wide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to county-wide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the county-wide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

NEW SECTION, Sec. 26. A new section is added to chapter 42.17 RCW to read as follows:

(1) Notwithstanding other provisions of this chapter, a county or city that provides customized maps, products, or services relating to the review and evaluation program required by section 25 of this act from an electronic geographic information system may establish fees by ordinance for providing the customized maps, products, or services.

(2) A county or city shall by ordinance establish standards for the waiver of the fees provided for in subsection (1) of this section if the customized maps, services, or products to persons who request them. The county or city shall not impose fees in excess of an amount necessary to recover the actual cost to the county or city of providing the customized maps, products, or services.

(3) A county or city shall not recover through fees authorized by this section costs paid for by another governmental entity.

Sec. 27. RCW 43.62.035 and 1995 c 162 s 1 are each amended to read as follows:

The office of financial management shall determine the population of each county of the state annually as of April 1st of each year and on or before July 1st of each year shall file a certificate with the secretary of state showing its determination of the population for each county. The office of financial management also shall determine the percentage increase in population for each county over the preceding ten-year period, as of April 1st, and shall file a certificate with the secretary of state by July 1st showing its determination. At least once every ((ten)) five years or upon the availability of decennial census data, whichever is later, the office of financial management shall prepare twenty-year growth management planning population projections required by RCW 36.70A.110 for each county that adopts a comprehensive plan under RCW 36.70A.040 and shall review these projections with such
counties and the cities in those counties before final adoption. The county and its cities may provide to
the office such information as they deem relevant to the office’s projection, and the office shall
consider and comment on such information before adoption. Each projection shall be expressed as a
reasonable range developed within the standard state high and low projection. The middle range shall
represent the office’s estimate of the most likely population projection for the county. If any city or
county believes that a projection will not accurately reflect actual population growth in a county, it may
petition the office to revise the projection accordingly. The office shall complete the first set of ranges
for every county by December 31, 1995.

A comprehensive plan adopted or amended before December 31, 1995, shall not be considered
to be in noncompliance with the twenty-year growth management planning population projection if the
projection used in the comprehensive plan is in compliance with the range later adopted under this
section.

NEW SECTION. Sec. 28. In order to ensure that there will be no unfunded responsibilities
imposed on counties and cities, if specific funding for the purposes of section 25 of this act, referencing
this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act,
sections 25 and 26 of this act are null and void.

Sec. 29. RCW 36.70A.500 and 1995 c 347 s 116 are each amended to read as follows:
(1) The department of community, trade, and economic development shall provide management
services for the fund created by RCW 36.70A.490. The department ((by rule)) shall establish
procedures for fund management. The department shall encourage participation in the grant program
by other public agencies. The department shall develop the grant criteria, monitor the grant program,
and select grant recipients in consultation with state agencies participating in the grant program through
the provision of grant funds or technical assistance.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under
RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a
county or city in paying for the cost of preparing (a detailed environmental impact statement) an
environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan
(subarea plan, plan element, county-wide planning policy, development regulation, monitoring program,
or other planning activity adopted under or implementing this chapter that:
(a) Improves the process for project permit review while maintaining environmental quality; or
(b) Encourages use of plans and information developed for purposes of complying with this
chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant, a county or city shall:
(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C
RCW and subsection (2) of this section that is integrated with a comprehensive plan, subarea plan
plan element, county-wide planning policy, development regulations, monitoring program,
or other planning activity adopted under or implementing this chapter;
(b) Address environmental impacts and consequences, alternatives, and mitigation measures in
sufficient detail to allow the analysis to be adopted in whole or in part by (subsequent) applicants for
development permits within the geographic area analyzed in the plan;
(c) Demonstrate that procedures for review of development permit applications will be based
on the integrated plans and environmental analysis;
(d) Include mechanisms (in the plan) to monitor the consequences of growth as it occurs in
the plan area and (provide ongoing) to use the resulting data to update the plan, policy, or
implementing mechanisms and associated environmental analysis;
(e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a
requirement of this chapter is deemed not to be making substantial progress towards compliance; and
(f) Provide local funding, which may include financial participation by the private
sector.
(4) In awarding grants, the department shall give preference to proposals that include one or
more of the following elements:
(a) Financial participation by the private sector, or a public/private partnering approach;
Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Coordination with state, federal, and tribal governments in project review;

(d) Furtherance of important state objectives related to economic development, protection of areas of state-wide significance, and siting of essential public facilities;

(e) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans and prospective environmental analysis;

((e)) (f) Programs for effective citizen and neighborhood involvement that contribute to greater (certainty) likelihood that planning decisions (will) can be implemented with community support; and

((e) Plans that) (g) Programs to identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant recipients to facilitate state and local project review processes that will implement the projects receiving grants under this section.

Sec. 30. RCW 43.155.070 and 1996 c 168 s 3 are each amended to read as follows:

(1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs;

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and

(d) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(h) Other criteria that the board considers advisable.
(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (7) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction’s critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsection (5) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (7) of this section.

(7)(a) Loans made for the purpose of capital facilities plans shall be exempted from subsection (5) of this section. In no case shall the total amount of funds utilized for capital facilities plans and emergency loans exceed the limitation in RCW 43.155.065.

(b) For the purposes of this section "capital facilities plans" means those plans required by the growth management act, chapter 36.70A RCW, and plans required by the public works board for local governments not subject to the growth management act.

(8) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

Sec. 31. RCW 70.146.070 and 1991 sp.s. c 32 s 24 are each amended to read as follows:

When making grants or loans for water pollution control facilities, the department shall consider the following:

(1) The protection of water quality and public health;
(2) The cost to residential ratepayers if they had to finance water pollution control facilities without state assistance;
(3) Actions required under federal and state permits and compliance orders;
(4) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;
(5) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and
(6) The recommendations of the Puget Sound ((water quality authority)) action team and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town that is required or chooses to plan under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

Sec. 32. RCW 84.34.020 and 1992 c 69 s 4 are each amended to read as follows:

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly((e)); or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means ((either))

(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres

(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes((a));

(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture((e)); or

(iii) Other similar commercial activities as may be established by rule ((following consultation with the advisory committee established in section 19 of this act));

(b) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993((e));

(i) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993((e)); and

(ii) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of;

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993((e)); and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter.

Parcels of land described in (b)(i) and (c)(i) of this subsection shall, upon any transfer of the property excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and (c)(ii) of this subsection.

Agricultural lands shall also include such incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products.

Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands"; ((or))

(d) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes;

(e) Any parcel of land designated as agricultural land under RCW 36.70A.170; or

(f) Any parcel of land not within an urban growth area zoned as agricultural land under a comprehensive plan adopted under chapter 36.70A RCW.
(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of forest crops for commercial purposes. A timber management plan shall be filed with the county legislative authority at the time (a) an application is made for classification as timber land pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed. Timber land means the land only.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" shall mean the contract vendee.

(6) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, shall be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

Sec. 33. RCW 84.34.060 and 1992 c 69 s 8 are each amended to read as follows:

In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

Sec. 34. RCW 84.34.065 and 1992 c 69 s 9 are each amended to read as follows:

The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the "net cash rental", capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(d) shall be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This shall not be interpreted to require the assessor to list improvements to the land with the value of the land.

In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

For the purposes of the above computation:

(1) The term "net cash rental" shall mean the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not
available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The "rate of interest" shall be determined annually by a rule adopted by the department of revenue and such rule shall be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(3) The "component for property taxes" shall be a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred.

Sec. 35. RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:
All property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

(4) In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

Sec. 36. RCW 90.60.030 and 1995 c 347 s 603 are each amended to read as follows:
The permit assistance center is established within the department. The center shall:
(1) Publish and keep current one or more handbooks containing lists and explanations of all
permit laws. (The center shall coordinate with the business assistance center in providing and
maintaining this information to applicants and others.) To the extent possible, the handbook shall
include relevant federal and tribal laws. A state agency or local government shall provide a reasonable

90.60.020(6)(a) to serve on a rotating basis in staffing the center; (and)
(5) Collect and disseminate information to public and private entities on federal, state, local,
and tribal government programs that rely on private professional expertise to assist governmental
agencies in project permit review; and

inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing
committees of the house of representatives and senate by December 1, 1996.

A petition for annexation of an area contiguous to a city or town may be made in writing
addressed to and filed with the legislative body of the municipality to which annexation is desired. Except
where all the property sought to be annexed is property of a school district, and the school
directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, and except where
the property to be annexed is within an urban growth area designated under RCW 36.70A.110, the

to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall
be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the
legislative body has required the assumption of all or of any portion of city or town indebtedness by the
area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts,
together with a quotation of the minute entry of such requirement or requirements shall be set forth in
the petition.

urban growth area designated under RCW 36.70A.110, and the city was planning under chapter
36.70A RCW as of June 30, 1994.
(2) The resolution shall describe the boundaries of the area to be annexed, state the number of
voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for
annexation. Notice of the hearing shall be given by publication of the resolution at least once a week
for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed.

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW.

Sec. 42. RCW 84.14.010 and 1995 c 375 s 3 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means either (a) a city or town with a population of at least one hundred thousand, or (b) the largest city or town, if there is no city or town with a population of at least one hundred thousand, located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(8) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(9) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(10) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

NEW SECTION. Sec. 43. A new section is added to chapter 36.70A RCW to read as follows:

The legislature recognizes that the preservation of urban greenbelts is an integral part of comprehensive growth management in Washington. The legislature further recognizes that certain greenbelts are subject to adverse possession action which, if carried out, threaten the comprehensive nature of this chapter. Therefore, a party shall not acquire by adverse possession property that is designated as a plat greenbelt or open space area or that is dedicated as open space to a public agency or to a bona fide homeowner's association.

Sec. 44. RCW 84.14.030 and 1995 c 375 s 6 are each amended to read as follows:

An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, low-income or moderate-income occupancy requirements, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that has been vacant for twelve months or more does not have to provide additional multifamily units;
New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application; (5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more standards of the applicable state or local building or housing codes on or after July 23, 1995; and (6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

Sec. 45. RCW 84.14.050 and 1995 c 375 s 8 are each amended to read as follows: An owner of property seeking tax incentives under this chapter must complete the following procedures:

1. In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;
2. In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:
   a. Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;
   b. A description of the project and site plan, including the floor plan of units and other information requested;
   c. A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;
3. The applicant must verify the application by oath or affirmation; and
4. The application must be made on or before April 1 of each year, and must be accompanied by the application fee, if any, required under RCW (84.14.070) 84.14.080. The governing authority may permit the applicant to revise an application before final action by the governing authority.

Sec. 46. RCW 90.61.020 and 1995 c 347 s 802 are each amended to read as follows: The commission shall consist of not more than twenty-two members. Fifteen members of the commission shall be appointed by the governor. The commission members appointed by the governor shall reflect the interests of business, operators of small businesses, owners of small property holdings, livestock producers, irrigated agriculture, dryland farmers or major crop commodity producers, labor, the environment, neighborhood groups, other citizens, the legislature, cities, counties, and federally recognized Indian tribes. The commission members appointed by the governor shall have substantial experience in matters relating to land use and environmental planning and regulation, and shall have the ability to work toward cooperative solutions among diverse interests. The director of the department of community, trade, and economic development, or the director’s designee, shall be a member and shall serve as chair of the commission. The director of the department of ecology, or the director’s designee, and the secretary of the department of transportation, or the secretary’s designee, shall also be members of the commission. Two members of the commission shall be members of the senate, one from each caucus appointed by the president of the senate, and two members of the commission shall be members of the house of representatives, one from each caucus appointed by the speaker of the house of representatives. Staff for the commission shall be provided by the department of community, trade, and economic development, with additional staff to be provided by other state agencies and the legislature, as may be required. State agencies shall provide the commission with information and assistance as needed. This section expires June 30, 1998.

Sec. 47. RCW 90.61.040 and 1995 c 347 s 804 are each amended to read as follows: The commission shall:
1. Consider the effectiveness of state and local government efforts to consolidate and integrate the growth management act, the state environmental policy act, the shoreline management act, and other land use, planning, environmental, and permitting laws.
(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development regulations, and growth, and to reduce the time and cost of obtaining project permits.

(3) Draft a consolidated land use procedure, following these guidelines:
   (a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects;
   (b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making;
   (c) Recognize that different questions need to be answered and different levels of detail applied at each planning phase, from the initial development of plan concepts or plan elements to implementation programs;
   (d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community’s quality of life;
   (e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process;
   (f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed;
   (g) Use environmental review on projects to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;
   (h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyzes with improved state and local planning and permitting processes;
   (i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and
   (j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.

(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board’s order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under RCW 90.61.030.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by RCW 36.70B.090. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.70B RCW.

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project’s compliance with certain state and
local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.

(8) Review long-term approaches for resolving disputes that arise under the growth management act, chapter 36.70A RCW; the shoreline management act, chapter 90.58 RCW; and other environmental laws. In particular, in the commission’s recommendations on a consolidated land use procedure and integration and consolidation of Washington’s land use and environmental laws, identify needed changes to the structure of the boards that hear environmental appeals as well as the extent to which quasi-judicial bodies are needed to provide continued oversight of matters currently brought before the growth management hearings board and other boards that hear such appeals.

(9) If the commission finds that there is no longer a need for the growth management hearings boards and recommends sunset of the boards, include in its recommendations a plan for implementing the sunset process. Alternatively, if the boards are to become advisory bodies with the primary duty of mediating disputes and making advisory decisions, the commission shall make recommendations as to how such a change in the board’s authority should be implemented. If the commission makes other recommendations with respect to the boards, it shall make recommendations to implement any needed changes.

(10) Evaluate the effect of the 1997 amendments to this chapter that raise the standard of review of agency, county, and city actions by the growth management hearings boards and make changes with respect to board determinations of invalidity, and make recommendations as to whether the latitude of the boards should be further curtailed and greater deference given to local decisions by raising the standard of review, limiting the authority of the board to make determinations of invalidity, or making other changes.

These guidelines are intended to guide the work of the commission, without limiting its charge to integrate and consolidate Washington’s land use and environmental laws into a single, manageable statutory framework.

This section expires June 30, 1998.

Sec. 48. RCW 36.70B.040 and 1995 c 347 s 405 are each amended to read as follows:

(1) A proposed project’s consistency with a local government’s development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan ((or subarea plan)) adopted under chapter 36.70A RCW shall be ((determined)) decided by the local government during project review by consideration of:

(a) The type of land use;
(b) The level of development, such as units per acre or other measures of density;
(c) Infrastructure, including public facilities and services needed to serve the development; and
(d) The ((character)) characteristics of the development, such as development standards.

(2) In ((determining consistency)) deciding whether a project is consistent, the determinations made pursuant to RCW 36.70B.030(2) shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency’s procedures for considering consistency, or limits a ((unit of government)) city or county from asking more specific or related questions with respect to any of the four main categories listed in subsection (1)(a) through (d) of this section.

(5) The department of community, trade, and economic development is authorized to develop and adopt by rule criteria to assist local governments planning under RCW 36.70A.040 to analyze the consistency of project actions. These criteria shall be jointly developed with the department of ecology.

Sec. 49. RCW 43.21C.110 and 1995 c 347 s 206 are each amended to read as follows:

It shall be the duty and function of the department of ecology:

(1) To adopt and amend thereafter rules of interpretation and implementation of this chapter, subject to the requirements of chapter 34.05 RCW, for the purpose of providing uniform rules and guidelines to all branches of government including state agencies, political subdivisions, public and municipal corporations, and counties. The proposed rules shall be subject to full public hearings requirements associated with rule promulgation. Suggestions for modifications of the proposed rules
shall be considered on their merits, and the department shall have the authority and responsibility for full and appropriate independent promulgation and adoption of rules, assuring consistency with this chapter as amended and with the preservation of protections afforded by this chapter. The rule-making powers authorized in this section shall include, but shall not be limited to, the following phases of interpretation and implementation of this chapter:

(a) Categories of governmental actions which are not to be considered as potential major actions significantly affecting the quality of the environment, including categories pertaining to applications for water right permits pursuant to chapters 90.03 and 90.44 RCW. The types of actions included as categorical exemptions in the rules shall be limited to those types which are not major actions significantly affecting the quality of the environment. The rules shall provide for certain circumstances where actions which potentially are categorically exempt require environmental review. An action that is categorically exempt under the rules adopted by the department may not be conditioned or denied under this chapter.

(b) Rules for criteria and procedures applicable to the determination of when an act of a branch of government is a major action significantly affecting the quality of the environment for which a detailed statement is required to be prepared pursuant to RCW 43.21C.030.

(c) Rules and procedures applicable to the preparation of detailed statements and other environmental documents, including but not limited to rules for timing of environmental review, obtaining comments, data and other information, and providing for and determining areas of public participation which shall include the scope and review of draft environmental impact statements.

(d) Scope of coverage and contents of detailed statements assuring that such statements are simple, uniform, and as short as practicable; statements are required to analyze only reasonable alternatives and probable adverse environmental impacts which are significant, and may analyze beneficial impacts.

(e) Rules and procedures for public notification of actions taken and documents prepared.

(f) Definition of terms relevant to the implementation of this chapter including the establishment of a list of elements of the environment. Analysis of environmental considerations under RCW 43.21C.030(2) may be required only for those subjects listed as elements of the environment (or portions thereof). The list of elements of the environment shall consist of the "natural" and "built" environment. The elements of the built environment shall consist of public services and utilities (such as water, sewer, schools, fire and police protection), transportation, environmental health (such as explosive materials and toxic waste), and land and shoreline use (including housing, and a description of the relationships with land use and shoreline plans and designations, including population).

(g) Rules for determining the obligations and powers under this chapter of two or more branches of government involved in the same project significantly affecting the quality of the environment.

(h) Methods to assure adequate public awareness of the preparation and issuance of detailed statements required by RCW 43.21C.030(2).

(i) To prepare rules for projects setting forth the time limits within which the governmental entity responsible for the action shall comply with the provisions of this chapter.

(j) Rules for utilization of a detailed statement for more than one action and rules improving environmental analysis of nonproject proposals and encouraging better interagency coordination and integration between this chapter and other environmental laws.

(k) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(l) Rules relating to actions which shall be exempt from the provisions of this chapter in situations of emergency.

(m) Rules and procedures that provide for the integration of environmental review with project review as provided in RCW 43.21C.240. The rules and procedures shall be jointly developed with the department of community, trade, and economic development and shall be applicable to the preparation of environmental documents for actions in counties, cities, and towns planning under RCW 36.70A.040. The rules and procedures shall also include procedures and criteria to analyze ((the consistency of project actions, including)) planned actions under RCW 43.21C.031(2)((, with development regulations adopted under chapter 36.70A RCW, or in the absence of applicable development regulations, the appropriate elements of a comprehensive plan or subarea plan adopted under chapter 36.70A RCW)) and revisions to the rules adopted under this section to ensure that they
are compatible with the requirements and authorizations of chapter 347, Laws of 1995, as amended by chapter . . ., Laws of 1997 (this act). Ordinances or procedures adopted by a county, city, or town to implement the provisions of ((RCW 43.21C.240)) chapter 347, Laws of 1995 prior to the effective date of rules adopted under this subsection (1)(m) shall continue to be effective until the adoption of any new or revised ordinances or procedures that may be required. If any revisions are required as a result of rules adopted under this subsection (1)(m), those revisions shall be made within the time limits specified in RCW 43.21C.120.

(2) In exercising its powers, functions, and duties under this section, the department may:
(a) Consult with the state agencies and with representatives of science, industry, agriculture, labor, conservation organizations, state and local governments, and other groups, as it deems advisable; and
(b) Utilize, to the fullest extent possible, the services, facilities, and information (including statistical information) of public and private agencies, organizations, and individuals, in order to avoid duplication of effort and expense, overlap, or conflict with similar activities authorized by law and performed by established agencies.

(3) Rules adopted pursuant to this section shall be subject to the review procedures of chapter 34.05 RCW.

Sec. 50. RCW 36.70B.110 and 1995 c 347 s 415 are each amended to read as follows:

(1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application. Nothing in this section or this chapter prevents a determination of significance and scoping notice from being issued prior to the notice of application. Nothing in this section or this chapter prevents a determination of significance and scoping notice from being issued prior to the notice of application.

(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and, except as limited by the provisions of subsection (4)(b) of this section, shall include the following in whatever sequence or format the local government deems appropriate:
(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;
(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or 36.70B.090;
(c) The identification of other permits not included in the application to the extent known by the local government;
(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;
(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;
(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;
(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW 36.70B.030(2); and
(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government
may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;
(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the notice of application required by subsection (2) of this section and the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;
(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
(d) Notifying the news media;
(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;
(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and
(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless ((a public comment period or)) an open record predecision hearing is required or an open record appeal hearing is allowed on the project permit decision.

(6) A local government shall integrate the permit procedures in this section with its environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance and except as otherwise expressly allowed in this section, the local government may not issue its threshold determination((, or issue a decision or a recommendation on a project permit)) until the expiration of the public comment period on the notice of application.
(b) If an open record predecision hearing is required ((and the local government’s threshold determination requires public notice under chapter 43.21C RCW)), the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.
(c) Comments shall be as specific as possible.
(d) A local government is not required to provide for administrative appeals of its threshold determination. If provided, an administrative appeal shall be filed within fourteen days after notice that the determination has been made and is appealable. Except as otherwise expressly provided in this section, the appeal hearing on a determination of nonsignificance shall be consolidated with any open record hearing on the project permit.

(7) At the request of the applicant, a local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency ((provided that)), if:

(a) The hearing is held within the geographic boundary of the local government((. Hearings shall be combined if requested by an applicant, as long as));
(b) The joint hearing can be held within the time periods specified in RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;
(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and
(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision((, combined with)) and of any environmental determination((s)) issued at the same time as the project decision, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable.
The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of nonsignificance issued as part of the appealable project permit decision.

10. The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

11. Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations.

**Sec. 51.** RCW 43.21C.075 and 1995 c 347 s 204 are each amended to read as follows:

1. Because a major purpose of this chapter is to combine environmental considerations with public decisions, any appeal brought under this chapter shall be linked to a specific governmental action. The State Environmental Policy Act provides a basis for challenging whether governmental action is in compliance with the substantive and procedural provisions of this chapter. The State Environmental Policy Act is not intended to create a cause of action unrelated to a specific governmental action.

2. Unless otherwise provided by this section:
   (a) Appeals under this chapter shall be of the governmental action together with its accompanying environmental determinations.
   (b) Appeals of environmental determinations made (or lacking) under this chapter shall be commenced within the time required to appeal the governmental action which is subject to environmental review.

3. If an agency has a procedure for appeals of agency environmental determinations made under this chapter, such procedure:
   (a) Shall (not) allow no more than one agency appeal proceeding on (each) each procedural determination (the adequacy of a determination of significance/nonsignificance or of a final environmental impact statement)(.. The appeal proceeding on a determination of significance may occur before the agency’s final decision on a proposed action. The appeal proceeding on a determination of nonsignificance may occur before the agency’s final decision on a proposed action only if the appeal is heard at a proceeding where the hearing body or officer will render a final recommendation or decision on the proposed underlying governmental action. Such appeals shall also be allowed for a determination of significance/nonsignificance which may be issued by the agency after supplemental review);
   (b) Shall consolidate an appeal of procedural issues and of substantive determinations made under this chapter (such as a decision to require particular mitigation measures or to deny a proposal) with a hearing or appeal on the underlying governmental action by providing for a single simultaneous hearing before one hearing officer or body to consider the agency decision or recommendation on a proposal and any environmental determinations made under this chapter, with the exception of (the);
      (i) An appeal (if any) of a determination of significance (as provided in (a) of this subsection);
      (ii) An appeal of a procedural determination made by an agency when the agency is a project proponent, or is funding a project, and chooses to conduct its review under this chapter, including any appeals of its procedural determinations, prior to submitting an application for a project permit;
      (iii) An appeal of a procedural determination made by an agency on a nonproject action; or
      (iv) An appeal to the local legislative authority under RCW 43.21C.060 or other applicable state statutes;
   (c) Shall provide for the preparation of a record for use in any subsequent appeal proceedings, and shall provide for any subsequent appeal proceedings to be conducted on the record, consistent with other applicable law. An adequate record consists of findings and conclusions, testimony under oath, and taped or written transcript. An electronically recorded transcript will suffice for purposes of review under this subsection; and
   (d) Shall provide that procedural determinations made by the responsible official shall be entitled to substantial weight.

4. If a person aggrieved by an agency action has the right to judicial appeal and if an agency has an administrative appeal procedure, such person shall, prior to seeking any judicial review, use such agency procedure if any such procedure is available, unless expressly provided otherwise by state statute.
Some statutes and ordinances contain time periods for challenging governmental actions which are subject to review under this chapter, such as various local land use approvals (the "underlying governmental action"). RCW 43.21C.080 establishes an optional "notice of action" procedure which, if used, imposes a time period for appealing decisions under this chapter. This subsection does not modify any such time periods. In this subsection, the term "appeal" refers to a judicial appeal only.

(a) If there is a time period for appealing the underlying governmental action, appeals under this chapter shall be commenced within such time period. The agency shall give official notice stating the date and place for commencing an appeal.

(b) If there is no time period for appealing the underlying governmental action, and a notice of action under RCW 43.21C.080 is used, appeals shall be commenced within the time period specified by RCW 43.21C.080.

Judicial review under subsection (5) of this section of an appeal decision made by an agency under subsection (3) of this section shall be on the record, consistent with other applicable law.

(b) A taped or written transcript may be used. If a taped transcript is to be reviewed, a record shall identify the location on the taped transcript of testimony and evidence to be reviewed. Parties are encouraged to designate only those portions of the testimony necessary to present the issues raised on review, but if a party alleges that a finding of fact is not supported by evidence, the party should include in the record all evidence relevant to the disputed finding. Any other party may designate additional portions of the taped transcript relating to issues raised on review. A party may provide a written transcript of portions of the testimony at the party’s own expense or apply to that court for an order requiring the party seeking review to pay for additional portions of the written transcript.

(c) Judicial review under this chapter shall without exception be of the governmental action together with its accompanying environmental determinations.

Jurisdiction over the review of determinations under this chapter in an appeal before an agency or superior court shall upon consent of the parties be transferred in whole or part to the shorelines hearings board. The shorelines hearings board shall hear the matter and sign the final order expeditiously. The superior court shall certify the final order of the shorelines hearings board and the certified final order may only be appealed to an appellate court. In the case of an appeal under this chapter regarding a project or other matter that is also the subject of an appeal to the shorelines hearings board under chapter 90.58 RCW, the shorelines hearings board shall have sole jurisdiction over both the appeal under this section and the appeal under chapter 90.58 RCW, shall consider them together, and shall issue a final order within one hundred eighty days as provided in RCW 90.58.180.

For purposes of this section and RCW 43.21C.080, the words "action", "decision", and "determination" mean substantive agency action including any accompanying procedural determinations under this chapter (except where the word "action" means "appeal" in RCW 43.21C.080(2)). The word "action" in this section and RCW 43.21C.080 does not mean a procedural determination by itself made under this chapter. The word "determination" includes any environmental document required by this chapter and state or local implementing rules. The word "agency" refers to any state or local unit of government. Except as provided in subsection (5) of this section, the word "appeal" refers to administrative, legislative, or judicial appeals.

The court in its discretion may award reasonable attorneys' fees of up to one thousand dollars in the aggregate to the prevailing party, including a governmental agency, on issues arising out of this chapter if the court makes specific findings that the legal position of a party is frivolous and without reasonable basis.

Sec. 52. RCW 90.58.090 and 1995 c 347 s 306 are each amended to read as follows:

(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:
(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a

Sec. 52.
specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve those segments of the master program relating to shorelines of state-wide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the state-wide interest. If the department does not approve a segment of a local government master program relating to a shoreline of state-wide significance, the department may develop and by rule adopt an alternative to the local government's proposal.

(5) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines. Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(6) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

Sec. 53. RCW 90.58.143 and 1996 c 62 s 1 are each amended to read as follows:

(1) The time requirements of this section shall apply to all substantial development permits and to any development authorized pursuant to a variance or conditional use permit authorized under this chapter. Upon a finding of good cause, based on the requirements and circumstances of the project proposed and consistent with the policy and provisions of the master program and this chapter, local government may adopt different time limits from those set forth in subsections (2) and (3) of this section as a part of action on a substantial development permit.

(2) Construction activities shall be commenced or, where no construction activities are involved, the use or activity shall be commenced within two years of the effective date of a substantial
development permit. However, local government may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record on the substantial development permit and to the department.

(3) Authorization to conduct construction activities shall terminate five years after the effective date of a substantial development permit. However, local government may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record and to the department.

(4) The effective date of a substantial development permit shall be the date of ((the last action required on the substantial development permit and all)) filing as provided in RCW 90.58.140(6). The permit time periods in subsections (2) and (3) of this section do not include the time during which a use or activity was not actually pursued due to the pendency of administrative appeals or legal actions or due to the need to obtain any other government permits and approvals for the development that authorize the development to proceed, including all reasonably related administrative ((and)) or legal actions on any such permits or approvals.

Sec. 54. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:
   (a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;
   (b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;
   (c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and
   (d) The appellate court’s determination in the proceeding would have significant precedential value.

   Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 ((and growth management hearings boards as identified in RCW 36.70A.250)).

   (b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:
      (i) Fundamental and urgent state-wide or regional issues are raised; or
      (ii) The proceeding is likely to have significant precedential value.

   (4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

   (5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section.

   (6) The procedures for direct review of final decisions of environmental boards include:
      (a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

      (b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.
(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

NEW SECTION. Sec. 55. Except as otherwise specifically provided in section 22 of this act, sections 1 through 21, chapter . . . , Laws of 1997 (sections 1 through 21 of this act) are prospective in effect and shall not affect the validity of actions taken or decisions made before the effective date of this section.

NEW SECTION. Sec. 56. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 57. Sections 30 and 31 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately."

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:
In enacting the section 4(5), chapter . . . ., Laws of 1997 (section 4(5) of this act) amendments to RCW 36.70A.070(5), the legislature finds that chapter 36.70A RCW is intended to recognize the importance of agriculture, forestry, and rural lands and rural character to Washington's economy, its people, and its environment, while respecting regional differences. Rural lands and rural-based economies, including agriculture and forest uses that are located outside of designated resource lands enhance the economic desirability of the state, help to preserve traditional economic activities, and contribute to the state's overall quality of life. The legislature also finds that in developing its rural element under RCW 36.70A.070(5), a county should foster land use patterns and develop a local vision of rural character that: Will help preserve rural-based economies and traditional rural lifestyles; will encourage the economic prosperity of rural residents; will foster opportunities for small-scale, rural-based employment and self-employment; will permit the operation of rural-based agricultural, commercial, recreational, and tourist businesses that are consistent with existing and planned land use patterns; be compatible with the use of the land by wildlife and for fish and wildlife habitat; will foster the private stewardship of the land and preservation of open space; and will enhance the rural sense of community and quality of life. The legislature recognizes that there will be a variety of interpretations by counties of how best to implement a rural element, reflecting the diverse needs and local circumstances found across the state. RCW 36.70A.070(5) provides a framework for local elected officials to make these determinations. References to both wildlife and water are intended in RCW 36.70A.030 and 36.70A.070 to acknowledge their importance as features or components of rural character. It is expected that these matters will be addressed in comprehensive plans, but that counties may not necessarily need to adopt new regulations to account adequately for them in establishing a pattern of land use and development for rural areas.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:
In amending RCW 36.70A.320(3) by section 14(3), chapter . . . ., Laws of 1997 (section 14(3) of this act), the legislature intends that the boards apply a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the boards to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning goals of this chapter, and implementing a county's or city's future rests with that community.

Sec. 3. RCW 36.70A.030 and 1995 c 382 s 9 are each amended to read as follows:
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land’s proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and
(g) That are consistent with the protection of natural surface water flows and ground water and surface water recharge and discharge areas.

(15) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas.

(16) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4).

(17) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of ((such)) land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(18) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(19) "Urban governmental services" or "urban services" include those (governmental) public services and public facilities at an intensity historically and typically (delivered by) provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

(20) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

Sec. 4. RCW 36.70A.070 and 1996 c 239 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

1. A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.
(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit appropriate land uses that are compatible with the rural character of such lands and) rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities and uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. Except as otherwise specifically provided in this chapter, residential and nonresidential uses shall not require urban services and nonresidential rural development, other than cottage industries, shall be principally designed to serve and provide jobs for the existing and projected rural population or serve existing nonresidential uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An
industrial area is not required to be principally designed to serve the existing and projected rural population as required by (b) of this subsection;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population as required by (b) of this subsection. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county’s population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program
required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

Sec. 5. RCW 36.70A.190 and 1991 sp.s. c 32 s 3 are each amended to read as follows:

(1) The department shall establish a program of technical and financial assistance and incentives to counties and cities to encourage and facilitate the adoption, evaluation, refinement, and implementation of comprehensive plans and development regulations throughout the state. The department may provide technical assistance to neighborhood and community organizations to encourage and facilitate the adoption and implementation of comprehensive plans and development regulations.

(2) The department shall develop a priority list and establish funding levels for planning and technical assistance grants both for counties and cities that plan under RCW 36.70A.040. Priority for assistance shall be based on a county's or city's population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, and other relevant factors.

(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for the preparation of comprehensive plans under this chapter. The department may establish provisions for county and city matching funds to conduct activities under this subsection. Grants may be expended for any purpose directly related to the preparation of a county or city comprehensive plan as the county or city and the department may agree, including, without limitation, the conducting of surveys, inventories and other data gathering and management activities, the retention of planning consultants, contracts with regional councils for planning and related services, and other related purposes.

(4) The department shall establish a program of technical assistance:

(a) Utilizing department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories; and

(b) Adopting by rule procedural criteria to assist counties and cities in adopting comprehensive plans and development regulations that meet the goals and requirements of this chapter. These criteria shall reflect regional and local variations and the diversity that exists among different counties and cities that plan under this chapter.

(5) The department shall provide mediation services to resolve disputes between counties and cities regarding, among other things, coordination of regional issues and designation of urban growth areas.

(6) The department shall provide planning grants to enhance citizen participation under RCW 36.70A.140.
NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

(1) The public participation requirements of this chapter shall include notice procedures that are reasonably calculated to provide notice to property owners and other affected and interested individuals, tribes, government agencies, businesses, and organizations of proposed amendments to comprehensive plans and development regulation. Examples of reasonable notice provisions include:

(a) Posting the property for site-specific proposals;
(b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the proposal is located or that will be affected by the proposal;
(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;
(d) Placing notices in appropriate regional, neighborhood, ethnic, or trade journals; and
(e) Publishing notice in agency newsletters or sending notice to agency mailing lists, including general lists or lists for specific proposals or subject areas.

(2)(a) Except as otherwise provided in (b) of this subsection, if the legislative body for a county or city chooses to consider a change to an amendment to a comprehensive plan or development regulation, and the change is proposed after the opportunity for review and comment has passed under the county’s or city’s procedures, an opportunity for review and comment on the proposed change shall be provided before the local legislative body votes on the proposed change.

(b) An additional opportunity for public review and comment is not required under (a) of this subsection if:

(i) An environmental impact statement has been prepared under chapter 43.21C RCW for the pending resolution or ordinance and the proposed change is within the range of alternatives considered in the environmental impact statement;
(ii) The proposed change is within the scope of the alternatives available for public comment;
(iii) The proposed change only corrects typographical errors, corrects cross-references, makes address or name changes, or clarifies language of a proposed ordinance or resolution without changing its effect;
(iv) The proposed change is to a resolution or ordinance making a capital budget decision as provided in RCW 36.70A.120; or
(v) The proposed change is to a resolution or ordinance enacting a moratorium or interim control adopted under RCW 36.70A.390.

(3) This section is prospective in effect and does not apply to a comprehensive plan, development regulation, or amendment adopted before the effective date of this section.

Sec. 7. RCW 36.70A.130 and 1995 c 347 s 106 are each amended to read as follows:

(1) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Not later than September 1, 2002, and at least every five years thereafter, a county or city shall take action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure that the plan and regulations are complying with the requirements of this chapter. The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; 
(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and
(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained.
However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by section 19 of this act.

Sec. 8. RCW 36.70A.270 and 1996 c 325 s 1 are each amended to read as follows:

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board’s principal office, and shall be open for public inspection at all reasonable times.
(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Sec. 9. RCW 36.70A.290 and 1995 c 347 s 109 are each amended to read as follows:

(1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board. The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

   (a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

   (b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto. Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

   (c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government’s shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the case heard in superior court as provided in section 10 of this act, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

NEW SECTION. Sec. 10. A new section is added to chapter 36.70A RCW to read as follows:

A petition filed under RCW 36.70A.290 may be directly reviewed by the superior court upon certification by the growth management hearings board that all the parties to the proceeding before the board have agreed in writing to have the petition directly reviewed by the superior court. The agreement shall be filed with the board within ten days after the petition has been filed, or if multiple petitions have been filed and the board has consolidated the appeals under RCW 36.70A.300, within ten days after the date the last petition is filed. The provisions of RCW 36.70A.280 through
36.70A.340 as they relate to review of actions by a state agency or a county or city under this chapter apply to the review conducted by the superior court.

**Sec. 11.** RCW 36.70A.300 and 1995 c 347 s 110 are each amended to read as follows:

1. The board shall issue a final order (within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order) that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, (adopted) under RCW 36.70A.040 or chapter 90.58 RCW.

2. (a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

   (b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

3. In the final order, the board shall either:

   (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or

   (b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city. The board shall specify a reasonable time not in excess of one hundred eighty days, or such longer period as determined by the board in cases of unusual scope or complexity, within which the state agency, county, or city shall comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

4. Unless the board makes a determination of invalidity as provided in section 12 of this act, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand (unless the board's final order also:

   (a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

   (b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

5. A determination of invalidity shall:

   (a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and

   (b) Subject any development application that would otherwise vest after the date of the board's order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.320 to comply with the requirements of this chapter.

6. If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand).

7. Any party aggrieved by a final decision of the hearings board may appeal the decision (to the superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board) directly to the court of appeals for assignment by the chief presiding judge.
NEW SECTION. Sec. 12. A new section is added to chapter 36.70A RCW to read as follows:

(1) A board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;
(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and
(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board’s order by the city or county. The determination of invalidity does not apply to a completed development permit application and related construction permits for a project that vested under state or local law on or before the date of the board’s order.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a completed development permit application not vested under state or local law on or before the date of the board’s determination of invalidity vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board’s order, a determination of invalidity does not apply to a completed development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board’s order, except as otherwise specifically provided in the board’s order to protect the public health and safety;
(ii) A building permit and related construction permits for remodeling or expansion of an existing structure on a lot existing before receipt of the board’s order by the county or city; and
(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board’s order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

Sec. 13. RCW 36.70A.305 and 1996 c 325 s 4 are each amended to read as follows:
The court shall provide expedited review of (a determination of invalidity or an order (effectuating)) that includes a determination of invalidity made or issued under RCW 36.70A.300 and section 12 of this act. The matter must be set for hearing within sixty days of the date set for submitting the board's record, absent a showing of good cause for a different date or a stipulation of the parties.

Sec. 14. RCW 36.70A.320 and 1995 c 347 s 111 are each amended to read as follows:
(1) Except as provided in subsection ((2)) (5) of this section, comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption.
(2) Except as otherwise provided in subsection (4) of this section, the burden is on the petitioner to demonstrate that any action taken by a state agency, county, or city under this chapter is not in compliance with the requirements of this chapter.
(3) In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it ((finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter)) determines that the action by the state agency, county, or city is clearly erroneous in view of the entire record before the board and in light of the goals and requirements of this chapter.
(4) A county or city subject to a determination of invalidity made under RCW 36.70A.300 or section 12 of this act has the burden of demonstrating that the ordinance or resolution it has enacted in response to the determination of invalidity will no longer substantially interfere with the fulfillment of the goals of this chapter under the standard in section 12(1) of this act.
(5) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW.

Sec. 15. RCW 36.70A.330 and 1995 c 347 s 112 are each amended to read as follows:
(1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.
(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter and with any compliance schedule established by the board in its final order. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, county, or city. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board. The board shall issue any order necessary to make adjustments to the compliance schedule and set additional hearings as provided in subsection (5) of this section.
(3) If the board after a compliance hearing finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. The board shall take into consideration the county's or city's efforts to meet its compliance schedule in making the decision to recommend sanctions to the governor.
(4) In a compliance hearing upon petition of a party, the board shall also reconsider its final order and decide((a)
(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or
(b)) if no determination of invalidity has been made, whether one now should be made ((under the standards in RCW 36.70A.300(2))) under section 12 of this act.
(5) The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section.

NEW SECTION. Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:
A county or city subject to an order of invalidity issued before the effective date of section 11 of this act, by motion may request the board to review the order of invalidity in light of the section 11, chapter . . . , Laws of 1997 (section 11 of this act) amendments to RCW 36.70A.300, the section 15, chapter . . . , Laws of 1997 (section 15 of this act) amendments to RCW 36.70A.330, and section 12 of this act. If a request is made, the board shall rescind or modify the order of invalidity as necessary to make it consistent with the section 11, chapter . . . , Laws of 1997 (section 11 of this act) amendments to RCW 36.70A.300, and to the section 15, chapter . . . , Laws of 1997 (section 15 of this act) amendments to RCW 36.70A.330, and section 12 of this act.

NEW SECTION, Sec. 17. A new section is added to chapter 36.70A RCW to read as follows:

(1) A county or a city may use a variety of innovative zoning techniques in areas designated as agricultural lands of long-term commercial significance under RCW 36.70A.170. The innovative zoning techniques should be designed to conserve agricultural lands and encourage the agricultural economy. A county or city should encourage nonagricultural uses to be limited to lands with poor soils or otherwise not suitable for agricultural purposes.

(2) Innovative zoning techniques a county or city may consider include, but are not limited to:

(a) Agricultural zoning, which limits the density of development and restricts or prohibits nonfarm uses of agricultural land;

(b) Cluster zoning, which allows new development on one portion of the land, leaving the remainder in agricultural or open space uses;

(c) Large lot zoning, which establishes as a minimum lot size the amount of land necessary to achieve a successful farming practice;

(d) Quarter/quarter zoning, which permits one residential dwelling on a one-acre minimum lot for each one-sixteenth of a section of land; and

(e) Sliding scale zoning, which allows the number of lots for single-family residential purposes with a minimum lot size of one acre to increase inversely as the size of the total acreage increases.

Sec. 18. RCW 36.70A.110 and 1995 c 400 s 2 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities within urban growth areas sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.
Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

Each county shall include designations of urban growth areas in its comprehensive plan.

NEW SECTION. Sec. 19. A new section is added to chapter 36.70A RCW to read as follows:

(1) Subject to the limitations in subsection (7) of this section, a county shall adopt, in consultation with its cities, county-wide planning policies to establish a review and evaluation program. This program shall be in addition to the requirements of RCW 36.70A.110, 36.70A.130, and 36.70A.210. In developing and implementing the review and evaluation program required by this section, the county and its cities shall consider information from other appropriate jurisdictions and sources. The purpose of the review and evaluation program shall be to:

(a) Determine whether a county and its cities are achieving urban densities within urban growth areas by comparing growth and development assumptions, targets, and objectives contained in the county-wide planning policies and the county and city comprehensive plans with actual growth and development that has occurred in the county and its cities; and

(b) Identify reasonable measures, other than adjusting urban growth areas, that will be taken to comply with the requirements of this chapter.

(2) The review and evaluation program shall:

(a) Encompass land uses and activities both within and outside of urban growth areas and provide for annual collection of data on urban and rural land uses, development, critical areas, and capital facilities to the extent necessary to determine the quantity and type of land suitable for development, both for residential and employment-based activities;

(b) Provide for evaluation of the data collected under (a) of this subsection every five years as provided in subsection (3) of this section. The first evaluation shall be completed not later than September 1, 2002. The county and its cities may establish in the county-wide planning policies indicators, benchmarks, and other similar criteria to use in conducting the evaluation;

(c) Provide for methods to resolve disputes among jurisdictions relating to the county-wide planning policies required by this section and procedures to resolve inconsistencies in collection and analysis of data; and

(d) Provide for the amendment of the county-wide policies and county and city comprehensive plans as needed to remedy an inconsistency identified through the evaluation required by this section, or to bring these policies into compliance with the requirements of this chapter.

(3) At a minimum, the evaluation component of the program required by subsection (1) of this section shall:

(a) Determine whether there is sufficient suitable land to accommodate the county-wide population projection established for the county pursuant to RCW 43.62.035 and the subsequent
population allocations within the county and between the county and its cities and the requirements of RCW 36.70A.110;

(b) Determine the actual density of housing that has been constructed and the actual amount of land developed for commercial and industrial uses within the urban growth area since the adoption of a comprehensive plan under this chapter or since the last periodic evaluation as required by subsection (1) of this section; and

(c) Based on the actual density of development as determined under (b) of this subsection, review commercial, industrial, and housing needs by type and density range to determine the amount of land needed for commercial, industrial, and housing for the remaining portion of the twenty-year planning period used in the most recently adopted comprehensive plan.

(4) If the evaluation required by subsection (3) of this section demonstrates an inconsistency between what has occurred since the adoption of the county-wide planning policies and the county and city comprehensive plans and development regulations and what was envisioned in those policies and plans and the planning goals and the requirements of this chapter, as the inconsistency relates to the evaluation factors specified in subsection (3) of this section, the county and its cities shall adopt and implement measures that are reasonably likely to increase consistency during the subsequent five-year period. If necessary, a county, in consultation with its cities as required by RCW 36.70A.210, shall adopt amendments to county-wide planning policies to increase consistency. The county and its cities shall annually monitor the measures adopted under this subsection to determine their effect and may revise or rescind them as appropriate.

(5)(a) Not later than July 1, 1998, the department shall prepare a list of methods used by counties and cities in carrying out the types of activities required by this section. The department shall provide this information and appropriate technical assistance to counties and cities required to or choosing to comply with the provisions of this section.

(b) By December 31, 2007, the department shall submit to the appropriate committees of the legislature a report analyzing the effectiveness of the activities described in this section in achieving the goals envisioned by the county-wide planning policies and the comprehensive plans and development regulations of the counties and cities.

(6) From funds appropriated by the legislature for this purpose, the department shall provide grants to counties, cities, and regional planning organizations required under subsection (7) of this section to conduct the review and perform the evaluation required by this section.

(7) The provisions of this section shall apply to counties, and the cities within those counties, that were greater than one hundred fifty thousand in population in 1995 as determined by office of financial management population estimates and that are located west of the crest of the Cascade mountain range. Any other county planning under RCW 36.70A.040 may carry out the review, evaluation, and amendment programs and procedures as provided in this section.

NEW SECTION. Sec. 20. A new section is added to chapter 42.17 RCW to read as follows:

(1) Notwithstanding other provisions of this chapter, a county or city that provides customized maps, products, or services from an electronic geographic information system may establish fees by ordinance or resolution for providing the customized maps, services, or products to persons who request them. The county or city shall not impose fees in excess of an amount necessary to recover the actual cost to the county or city of providing the customized maps, products, or services. The county or city may include in the fees a reasonable portion of the cost to the county or city of developing and maintaining an electronic geographic information system.

(2) A county or city shall by ordinance or resolution establish standards for the waiver of the fees provided for in subsection (1) of this section if the customized maps, services, or products are to be used for noncommercial public purposes, including but not limited to the support of other agencies, the support of public benefit nonprofit activities, public information or education, academic research, or other purposes that the county or city determines are beneficial to the public. The county or city shall apply fee reductions or waivers uniformly for each such noncommercial use.

(3) A county or city shall not recover through fees authorized by this section costs paid for by another governmental entity.

Sec. 21. RCW 43.62.035 and 1995 c 162 s 1 are each amended to read as follows:

The office of financial management shall determine the population of each county of the state annually as of April 1st of each year and on or before July 1st of each year shall file a certificate with
the secretary of state showing its determination of the population for each county. The office of financial management also shall determine the percentage increase in population for each county over the preceding ten-year period, as of April 1st, and shall file a certificate with the secretary of state by July 1st showing its determination. At least once every ((ten)) five years or upon the availability of decennial census data, whichever is later, the office of financial management shall prepare twenty-year growth management planning population projections required by RCW 36.70A.110 for each county that adopts a comprehensive plan under RCW 36.70A.040 and shall review these projections with such counties and the cities in those counties before final adoption. The county and its cities may provide to the office such information as they deem relevant to the office’s projection, and the office shall consider and comment on such information before adoption. Each projection shall be expressed as a reasonable range developed within the standard state high and low projection. The middle range shall represent the office’s estimate of the most likely population projection for the county. If any city or county believes that a projection will not accurately reflect actual population growth in a county, it may petition the office to revise the projection accordingly. The office shall complete the first set of ranges for every county by December 31, 1995.

A comprehensive plan adopted or amended before December 31, 1995, shall not be considered to be in noncompliance with the twenty-year growth management planning population projection if the projection used in the comprehensive plan is in compliance with the range later adopted under this section.

NEW SECTION. Sec. 22. In order to ensure that there will be no unfunded responsibilities imposed on counties and cities, if specific funding for the purposes of section 19 of this act, referencing this act by bill or chapter number, is not provided by June 30, 1997, in the omnibus appropriations act, sections 19 and 20 of this act are null and void.

Sec. 23. RCW 36.70A.500 and 1995 c 347 s 116 are each amended to read as follows:

(1) The department of community, trade, and economic development shall provide management services for the fund created by RCW 36.70A.490. The department ((by rule)) shall establish procedures for fund management. The department shall encourage participation in the grant program by other public agencies. The department shall develop the grant criteria, monitor the grant program, and select grant recipients in consultation with state agencies participating in the grant program through the provision of grant funds or technical assistance.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a county or city in paying for the cost of preparing (a detailed environmental impact statement) an environmental analysis under chapter 43.21C RCW, that is integrated with a comprehensive plan, subarea plan, plan element, county-wide planning policy, development regulation, monitoring program, or other planning activity adopted under or implementing this chapter that:

(a) Improves the process for project permit review while maintaining environmental quality; or
(b) Encourages use of plans and information developed for purposes of complying with this chapter to satisfy requirements of other state programs.

(3) In order to qualify for a grant, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW and subsection (2) of this section that is integrated with a comprehensive plan or subarea plan and development regulations;
(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by ((subsequent)) applicants for development permits within the geographic area analyzed in the plan;
(c) Demonstrate that procedures for review of development permit applications will be based on the integrated plans and environmental analysis;
(d) Include mechanisms ((in the plan)) to monitor the consequences of growth as it occurs in the plan area and ((provide ongoing)) to use the resulting data to update the plan, policy, or implementing mechanisms and associated environmental analysis;
((d) Be making)) (e) Demonstrate substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and
Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;
(b) Identification and monitoring of system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;
(c) Coordination with state, federal, and tribal governments in project review;
(d) Furtherance of important state objectives related to economic development, protection of areas of state-wide significance, and siting of essential public facilities;
(e) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans and prospective environmental analysis;
(f) Programs for effective citizen and neighborhood involvement that contribute to greater likelihood that planning decisions can be implemented with community support; and
(g) Programs to identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan.

(6) State agencies shall work with grant recipients to facilitate state and local project review processes that will implement the projects receiving grants under this section.

Sec. 24. RCW 84.34.020 and 1992 c 69 s 4 are each amended to read as follows:

As used in this chapter, unless a different meaning is required by the context:

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means:
(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres;
(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;
(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture;
(iii) Other similar commercial activities as may be established by rule following consultation with the advisory committee established in section 19 of this act; or
(b) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:
(i) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
(ii) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the
five calendar years preceding the date of application for classification under this chapter;
(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has
produced a gross income as of January 1, 1993, of:
   (i) One thousand dollars or more per year for three of the five calendar years preceding the
date of application for classification under this chapter for all parcels of land that are classified under
this subsection or all parcels of land for which an application for classification under this subsection is
made with the granting authority prior to January 1, 1993; and

excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and (c)(ii) of this
subsection.

Agricultural lands shall also include such incidental uses as are compatible with agricultural
purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent
of the classified land and the land on which appurtenances necessary to the production, preparation, or
sale of the agricultural products exist in conjunction with the lands producing such products.
Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous,
but which otherwise constitutes an integral part of farming operations being conducted on land
qualifying under this section as "farm and agricultural lands"; or (d) the land on which housing for
employees and the principal place of residence of the farm operator or owner of land classified
pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the
classified parcel; and the use of the housing or the residence is integral to the use of the classified land
for agricultural purposes.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of
land that are contiguous and total five or more acres which is or are devoted primarily to the growth
and harvest of forest crops for commercial purposes. A timber management plan shall be filed with the
county legislative authority at the time (a) an application is made for classification as timber land
pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of
classification continuance is signed. Timber land means the land only.

for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:
   (a) Land that was previously classified under subsection (2) of this section, that no longer meets
   the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section;
   or
   (b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW,
   that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high
   potential for returning to commercial agriculture.

Sec. 25. RCW 84.40.030 and 1994 c 124 s 20 are each amended to read as follows:
All property shall be valued at one hundred percent of its true and fair value in money and
assessed on the same basis unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary
sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which
there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:
Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

In addition to sales as defined in subsection (1), consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection (2) shall be the dominant factors in valuation. When provisions of this subsection (2) are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

In valuing any tract or parcel of real property, the value of the land, exclusive of structures thereon shall be determined; also the value of structures thereon, but the valuation shall not exceed the value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

Sec. 26. RCW 90.60.030 and 1995 c 347 s 603 are each amended to read as follows:

The permit assistance center is established within the department. The center shall:
(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. (The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others.) To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of copies of application forms, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;
(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;
(3) Work closely and cooperatively with the business license center (and the business assistance center) in providing efficient and nonduplicative service to the public;
(4) Seek the assignment of employees from the permit agencies listed under RCW 90.60.020(6)(a) to serve on a rotating basis in staffing the center; and
(5) Collect and disseminate information to public and private entities on federal, state, local, and tribal government programs that rely on private professional expertise to assist governmental agencies in project permit review; and

(6) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996.

Sec. 27. RCW 35.13.130 and 1990 c 33 s 566 are each amended to read as follows:

A petition for annexation of an area contiguous to a city or town may be made in writing addressed to and filed with the legislative body of the municipality to which annexation is desired. Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, and except where the property to be annexed is within an urban growth area designated under RCW 36.70A.110, the petition must be signed by the owners of not less than seventy-five percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned. When the property to be annexed is within an urban growth area designated under RCW 36.70A.110, the petition
must be signed by the owners of not less than sixty percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned; PROVIDED, That in cities and towns with populations greater than one hundred sixty thousand located east of the Cascade mountains, the owner of tax exempt property may sign an annexation petition and have the tax exempt property annexed into the city or town, but the value of the tax exempt property shall not be used in calculating the sufficiency of the required property owner signatures unless only tax exempt property is proposed to be annexed into the city or town. The petition shall set forth a description of the property according to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or of any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements shall be set forth in the petition.

Sec. 28. RCW 35A.14.295 and 1967 ex.s. c 119 s 35A.14.295 are each amended to read as follows:

((When there is, within)) (1) The legislative body of a code city may resolve to annex territory containing residential property owners to the city if there is within the city, unincorporated territory:

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the code city; or

(b) Of any size and having at least eighty percent of the boundaries of such area contiguous to the city if such area existed before June 30, 1994, and is within the same county and within the same urban growth area designated under RCW 36.70A.110, and the city was planning under chapter 36.70A RCW as of June 30, 1994.

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

NEW SECTION. Sec. 29. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of a city or town planning under chapter 36.70A RCW as of June 30, 1994, may resolve to annex territory to the city or town if there is, within the city or town, unincorporated territory containing residential property owners within the same county and within the same urban growth area designated under RCW 36.70A.110 as the city or town:

(a) Containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the city or town if such area existed before June 30, 1994; or

(b) Of any size and having at least eighty percent of the boundaries of the area contiguous to the city if the area existed before June 30, 1994.

(2) The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing in the area as nearly as may be, and set a date for a public hearing on the resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the city or town and one or more newspapers of general circulation within the area to be annexed.

(3) For purposes of subsection (1)(b) of this section, territory bounded by a river, lake, or other body of water is considered contiguous to a city that is also bounded by the same river, lake, or other body of water.

shall fix a date on which an annexation election shall be held, which date will be not less than thirty days nor more than sixty days thereafter.

Sec. 31. RCW 36.93.170 and 1989 c 84 s 5 are each amended to read as follows:

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW.

Sec. 32. RCW 84.14.010 and 1995 c 375 s 3 are each amended to read as follows:

Sec. 33. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court’s determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 ((and growth management hearings boards as identified in RCW 36.70A.250)).

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent state-wide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals.

NEW SECTION. Sec. 34. Except as otherwise specifically provided in section 16 of this act, sections 1 through 15, chapter . . . , Laws of 1997 (sections 1 through 15 of this act) are prospective in

SECOND CONFERENCE COMMITTEE REPORT

SSB 2279 April 25, 1997

Includes "NEW ITEM": YES

Mr. President:
Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred SUBSTITUTE HOUSE BILL NO. 2279, Basic health plan, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and the striking amendment by the Second Conference Committee (see attached 2279-S AMC CONF H-3329.2) be adopted, and

that the bill do pass as recommended by the Second Conference Committee.

Strike everything after the enacting clause and insert the following:
“Sec. 1. RCW 70.47.015 and 1995 c 265 s 1 are each amended to read as follows:

(1) The legislature finds that the basic health plan has been an effective program in providing health coverage for uninsured residents. Further, since 1993, substantial amounts of public funds have been allocated for subsidized basic health plan enrollment.

(2) It is the intent of the legislature that the basic health plan enrollment be expanded expeditiously, consistent with funds available in the health services account, with the goal of two hundred thousand adult subsidized basic health plan enrollees and one hundred thirty thousand children covered through expanded medical assistance services by June 30, 1997, with the priority of providing needed health services to children in conjunction with other public programs.

(3) Effective January 1, 1996, basic health plan enrollees whose income is less than one hundred twenty-five percent of the federal poverty level shall pay at least a ten-dollar premium share.

(4) No later than July 1, 1996, the administrator shall implement procedures whereby hospitals licensed under chapters 70.41 and 71.12 RCW, health carrier, rural health care facilities regulated under chapter 70.175 RCW, and community and migrant health centers funded under RCW 41.05.220, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

(5) No later than July 1, 1996, the administrator shall implement procedures whereby health insurance agents and brokers, licensed under chapter 48.17 RCW, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. Brokers and agents may receive a commission for each individual sale of the basic health plan to anyone not signed up within the previous five years and a commission for each group sale of the basic health plan, if funding for this purpose is provided in a specific appropriation to the health care authority. No commission shall be provided upon a renewal. Commissions shall be determined based on the estimated annual cost of the basic health plan, however, commissions shall not result in a reduction in the premium amount paid to health carriers. For purposes of this section "health carrier" is as defined in RCW 48.43.005. The administrator may establish: (a) Minimum educational requirements that must be completed by the agents or brokers; (b) an appointment process for agents or brokers marketing the basic health plan; or (c) standards for revocation of the appointment of an agent or broker to submit applications for cause, including untrustworthy or incompetent conduct or harm to the public. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

Sec. 2. RCW 70.47.060 and 1995 c 266 s 1 and 1995 c 2 s 4 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive (covered basic health care services) covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic

(2) To establish procedures for agents or brokers marketing the basic health plan to ensure that applications are submitted directly to the administrator or department of social and health services. The administrator may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

(3) To design and from time to time revise a schedule of medical assistance services.
coverage through the plan only for their dependent children. In designing and revising the schedule of
services, the administrator shall consider the guidelines for assessing health services under the
mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems
appropriate.

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal
and postnatal services through the medical assistance program under chapter 74.09 RCW, the
administrator shall not contract for such services except to the extent that the services are necessary
over not more than a one-month period in order to maintain continuity of care after diagnosis of
pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from
subsidized enrollees that is based upon gross family income, giving appropriate consideration to family
size and the ages of all family members. The enrollment of children shall not require the enrollment of
their parent or parents who are eligible for the plan. The structure of periodic premiums shall be
applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section
and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees
pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the
managed health care system provider to the state for the plan plus the administrative cost of providing
the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator,
pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by
arrangement with the enrollee and through a mechanism acceptable to the administrator((, but in no
case shall the payment made on behalf of the enrollee exceed the total premiums due from the
enrollee)).

(d) To develop, as an offering by all health carriers providing coverage identical to the basic
health plan, a model plan benefits package with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost sharing due a managed health care
system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate
enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-
sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate
utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an
overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is
danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds
the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.
The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined
by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability
of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act
appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this
chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall
endeavor to assure that covered basic health care services are available to any enrollee of the plan from
among a selection of two or more participating managed health care systems. In adopting any rules or
procedures applicable to managed health care systems and in its dealings with such systems, the
administrator shall consider and make suitable allowance for the need for health care services and the
differences in local availability of health care resources, along with other resources, within and among
the several areas of the state. Contracts with participating managed health care systems shall ensure that
basic health plan enrollees who become eligible for medical assistance may, at their option, continue to
receive services from their existing providers within the managed health care system if such providers
have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees,
deposit them in the basic health plan operating account, keep records of enrollee status, and authorize
periodic payments to managed health care systems on the basis of the number of enrollees participating
in the respective managed health care systems.
(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee’s income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee’s behalf during the period of time that the enrollee’s income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

Sec. 3. RCW 48.43.025 and 1997 c . . . s 203 (Engrossed Substitute House Bill No. 2018) are each amended to read as follows:

(1) Except as permitted in RCW 48.43.035 or otherwise specified in this section ((and in RCW 48.43.035)): 
(a) No carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual.

(b) No carrier may deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that a carrier may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment within three months before the effective date of coverage.

(c) Every health carrier offering any individual health plan to any individual must allow open enrollment to eligible applicants into all individual health plans offered by the carrier during the full months of July and August of each year. The individual health plans exempt from guaranteed continuity under RCW 48.43.035(4) are exempt from this requirement. All applications for open enrollment coverage must be complete and postmarked to or received by the carrier in the months of July or August in any year following July 27, 1997. Coverage for these applicants must begin the first day of the next month subject to receipt of timely payment consistent with the terms of the policies.

(d) At any time other than the open enrollment period specified in (c) of this subsection, a carrier may either decline to accept an applicant for enrollment or apply to such applicant’s coverage a preexisting condition benefit waiting period not to exceed the amount of time remaining until the next open enrollment period, or three months, whichever is greater, provided that in either case all of the following conditions are met:

(i) The applicant has not maintained coverage as required in (f) of this subsection;
(ii) The applicant is not applying as a newly eligible dependent meeting the requirements of (g) of this subsection; and
(iii) The carrier uses uniform health evaluation criteria and practices among all individual health plans it offers.

(e) If a carrier exercises the options specified in (d) of this subsection it must advise the applicant in writing within ten business days of such decision. Notice of the availability of Washington state health insurance pool coverage and a brochure outlining the benefits and exclusions of the Washington state health insurance pool policy or policies must be provided in accordance with RCW 48.41.180 to any person rejected for individual health plan coverage, who has had any health condition limited or excluded through health underwriting or who otherwise meets requirements for notice in chapter 48.41 RCW. Provided timely and complete application is received by the pool, eligible individuals shall be enrolled in the Washington state health insurance pool in an expeditious manner as determined by the board of directors of the pool.

(f) A carrier may not refuse enrollment at any time based upon health evaluation criteria to otherwise eligible applicants who have been covered for any part of the three-month period immediately preceding the date of application for the new individual health plan under a comparable group or individual health benefit plan with substantially similar benefits. For purposes of this subsection, in addition to provisions in RCW 48.43.015, the following publicly administered coverage shall be considered comparable health benefit plans: The basic health plan established by chapter 70.47 RCW; the medical assistance program established by chapter 74.09 RCW; and the Washington state health insurance pool, established by chapter 48.41 RCW, as long as the person is continuously enrolled in the pool until the next open enrollment period. If the person is enrolled in the pool for less than three months, she or he will be credited for that period up to three months.

(g) A carrier must accept for enrollment all newly eligible dependents of an enrollee for enrollment onto the enrollee’s individual health plan at any time of the year, provided application is made within sixty-three days of eligibility, or such longer time as provided by law or contract.

(h) At no time are carriers required to accept for enrollment any individual residing outside the state of Washington, except for qualifying dependents who reside outside the carrier service area.

(2) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. The provisions of this section apply only to individuals who are Washington residents.

Sec. 4. RCW 48.43.035 and 1997 c. . . s 204 (Engrossed Substitute House Bill No. 2018) are each amended to read as follows:
(1) Except as permitted in RCW 48.43.025 or otherwise specified in this section ((and in RCW 48.43.025)), every health carrier shall accept for enrollment any state resident within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (6) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. In the case of group plans, the carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:
   (a) Nonpayment of premium;
   (b) Violation of published policies of the carrier approved by the insurance commissioner;
   (c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
   (d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
   (e) Covered persons committing fraudulent acts as to the carrier;
   (f) Covered persons who materially breach the health plan;
   (g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage; or
   (h) Cessation of a plan in accordance with subsection (5) or (7) of this section.

(4) The provisions of this section do not apply in the following cases:
   (a) A carrier has zero enrollment on a product;
   (b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or
   (c) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) A health carrier may discontinue or materially modify a particular health plan, only if:
   (a) The health carrier provides notice to each covered person or group provided coverage of this type of such discontinuation or modification at least ninety days prior to the date of the discontinuation or modification of coverage;
   (b) The health carrier offers to each covered person or group provided coverage of this type the option to purchase any other health plan currently being offered by the health carrier to similar covered persons in the market category and geographic area; and
   (c) In exercising the option to discontinue or modify a particular health plan and in offering the option of coverage under (b) of this subsection, the health carrier acts uniformly without regard to any health-status related factor of covered persons or persons who may become eligible for coverage.

(6) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(7) A health carrier may discontinue all health plan coverage in one or more of the following lines of business:
   (a)(i) Individual; or
   (ii)(A) Small group (1-50 eligible employees); and
       (B) Large group (51+ eligible employees);
   (b) Only if:
The health carrier provides notice to the office of the insurance commissioner and to each person covered by a plan within the line of business of such discontinuation at least one hundred eighty days prior to the expiration of coverage; and

(ii) All plans issued or delivered in the state by the health carrier in such line of business are discontinued, and coverage under such plans in such line of business is not renewed; and

(iii) The health carrier may not issue any health plan coverage in the line of business and state involved during the five-year period beginning on the date of the discontinuation of the last health plan not so renewed.

(8) The portability provisions of RCW 48.43.015 continue to apply to all enrollees whose health insurance coverage is modified or discontinued pursuant to this section.

(9) Nothing in this section modifies a health carrier’s responsibility to offer the basic health plan model plan as required by RCW 70.47.060(2)(d).

Sec. 5. RCW 48.41.060 and 1997 c. . . s 211 (Engrossed Substitute House Bill No. 2018) are each amended to read as follows:

The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board may:

(1) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(2) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(3) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, agent referral fees, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state small group plan rating requirements under RCW 48.20.028, 48.44.022, and 48.46.064;

(4) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year;

(5) Issue policies of health coverage in accordance with the requirements of this chapter;

(6) Appoint appropriate legal, actuarial and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(7) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

In addition to the powers and duties specified in RCW 70.47.040 and 70.47.060, the administrator has the power to enter into contracts for the following functions and services:

1. With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.

2. With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

3. With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. 2. The purpose of the 1994 amendatory language to this section in chapter 309, Laws of 1994 is to clarify the intent of the legislature that premiums paid on behalf of nonsubsidized enrollees in the basic health plan are subject to the premium and prepayment tax. The legislature does not consider this clarifying language to either raise existing taxes nor to impose a tax that did not exist previously.

NEW SECTION. Sec. 9. Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 1997."

CONFERENCE COMMITTEE REPORT

2SSB 5127 Date: April 27, 1997

Includes "new item": YES

Mr. Speaker:

We of your CONFERENCE COMMITTEE, to whom was referred SECOND SUBSTITUTE SENATE BILL NO. 5127, providing additional funding for trauma care services, have had the same under consideration and we recommend that all previous amendments not be adopted, the attached amendment (S3354.1) be adopted, and the bill do pass as amended by the Conference Committee.

Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. A new section is added to chapter 70.168 RCW to read as follows: The department shall establish by rule a grant program for designated trauma care services. The grants shall be made from the emergency medical services and trauma care system trust account and shall require regional matching funds. The trust account funds and regional match shall be in a seventy-five to twenty-five percent ratio.

Sec. 2. RCW 70.168.040 and 1990 c 269 s 17 are each amended to read as follows: The emergency medical services and trauma care system trust account is hereby created in the state treasury. Moneys shall be transferred to the emergency medical services and trauma care system trust account from the public safety education account or other sources as appropriated, and as collected under RCW 46.63.110(6) and section 5 of this act. Disbursements shall be made by the department subject to legislative appropriation. Expenditures may be made only for the purposes of the state trauma care system under this chapter, including emergency medical services, trauma care services, rehabilitative services, and the planning and development of related services under this chapter and for reimbursement by the department of social and health services for trauma care services provided by designated trauma centers.

Sec. 3. RCW 46.63.110 and 1993 c 501 s 11 are each amended to read as follows: (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(3) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(4) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(5) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person’s driver’s license or driving privilege until the penalty has been paid and the penalty provided in subsection (3) of this section has been paid.

(6) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

Sec. 4. RCW 3.62.090 and 1995 c 332 s 7 are each amended to read as follows: (1) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions, by all courts organized under Title 3 or 35 RCW a public safety and education assessment equal to sixty percent of such fines, forfeitures, or penalties, which shall be remitted as provided in chapters 3.46, 3.50, 3.62, and 35.20 RCW. The assessment required by this section shall not be suspended or waived by the court.

(2) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions and for fines levied under RCW 46.61.5055, and in addition to the public safety and education assessment required under subsection (1) of this section, by
all courts organized under Title 3 or 35 RCW, an additional public safety and education assessment equal to fifty percent of the public safety and education assessment required under subsection (1) of this section, which shall be remitted to the state treasurer and deposited as provided in RCW 43.08.250. The additional assessment required by this subsection shall not be suspended or waived by the court.

(3) This section does not apply to the fee imposed under RCW 43.63.110(6).

NEW SECTION. Sec. 5. A new section is added to chapter 46.12 RCW to read as follows:

(1) Upon the retail sale or lease of any new or used motor vehicle by a vehicle dealer, the dealer shall collect from the consumer an emergency medical services fee for six dollars and fifty cents, two dollars and fifty cents of which shall be an administrative fee to be retained by the vehicle dealer. The remainder of the fee shall be forwarded with the required title application and all other fees to the department of licensing, or any of its authorized agents. The four-dollar fee collected in this section shall be deposited in the emergency medical services and trauma care system trust account created in RCW 70.168.040. The administrative fee charged by a dealer shall not be considered a violation of RCW 46.70.180(2).

(2) If a fee is not imposed under subsection (1) of this section, there is hereby imposed a fee of six dollars and fifty cents at the time of application for (a) an original title or transfer of title issued on any motor vehicle pursuant to this chapter or chapter 46.09 RCW, or (b) an original transaction or transfer of ownership transaction of a vehicle under chapter 46.10 RCW. The department of licensing or any of its authorized agents shall collect the fee when processing these transactions. The fee shall be transmitted to the emergency medical services and trauma care system trust account created in RCW 70.168.040.

(3) This section does not apply to a motor vehicle that has been declared a total loss by an insurer or self-insurer unless an application for certificate of ownership or license registration is made to the department of licensing after the declaration of total loss.

Sec. 6. RCW 63.14.010 and 1993 sp.s. c 5 s 1 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. The term includes but is not limited to merchandise certificates or coupons, issued by a retail seller, to be used in their face amount in lieu of cash in exchange for goods or services sold by such a seller and goods which, at the time of sale or subsequently, are to be so affixed to real property as to become a part thereof, whether or not severable therefrom;

(2) "Lender credit card" means a card or device under a lender credit card agreement pursuant to which the issuer gives to a cardholder residing in this state the privilege of obtaining credit from the issuer or other persons in purchasing or leasing property or services, obtaining loans, or otherwise, and the issuer of which is not: (a) Principally engaged in the business of selling goods; or (b) a financial institution;

(3) "Lender credit card agreement" means an agreement entered into or performed in this state prescribing the terms of retail installment transactions pursuant to which the issuer may, with the buyer's consent, purchase or acquire one or more retail sellers' indebtedness of the buyer under a sales slip or memorandum evidencing the purchase, lease, loan, or otherwise to be paid in accordance with the agreement. The issuer of a lender credit card agreement shall not be principally engaged in the business of selling goods or be a financial institution;

(4) "Financial institution" means any bank or trust company, mutual savings bank, credit union, or savings and loan association organized pursuant to the laws of any one of the United States of America or the United States of America, or the laws of a foreign country if also qualified to conduct business in any one of the United States of America or pursuant to the laws of the United States of America;

(5) "Services" means work, labor, or services of any kind when purchased primarily for personal, family, or household use and not for commercial or business use whether or not furnished in connection with the delivery, installation, servicing, repair, or improvement of goods and includes repairs, alterations, or improvements upon or in connection with real property, but does not include services for which the price charged is required by law to be determined or approved by or to be filed, subject to approval or disapproval, with the United States or any state, or any department, division, agency, officer, or official of either as in the case of transportation services;
(6) "Retail buyer" or "buyer" means a person who buys or agrees to buy goods or obtain services or agrees to have services rendered or furnished, from a retail seller;
(7) "Retail seller" or "seller" means a person engaged in the business of selling goods or services to retail buyers;
(8) "Retail installment transaction" means any transaction in which a retail buyer purchases goods or services from a retail seller pursuant to a retail installment contract, a retail charge agreement, or a lender credit card agreement, as defined in this section, which provides for a service charge, as defined in this section, and under which the buyer agrees to pay the unpaid balance in one or more installments or which provides for no service charge and under which the buyer agrees to pay the unpaid balance in more than four installments;
(9) "Retail installment contract" or "contract" means a contract, other than a retail charge agreement, a lender credit card agreement, or an instrument reflecting a sale made pursuant thereto, entered into or performed in this state for a retail installment transaction. The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW;

(11) "Service charge" however denominated or expressed, means the amount which is paid or payable for the privilege of purchasing goods or services to be paid for by the buyer in installments over a period of time. It does not include the amount, if any, charged for insurance premiums, delinquency charges, attorneys' fees, court costs, any vehicle dealer administrative fee under section 5 of this act, or official fees;
(12) "Sale price" means the price for which the seller would have sold or furnished to the buyer, and the buyer would have bought or obtained from the seller, the goods or services which are the subject matter of a retail installment transaction. The sale price may include any taxes, registration and license fees, any vehicle dealer administrative fee, and charges for transferring vehicle titles, delivery, installation, servicing, repairs, alterations, or improvements;
(13) "Official fees" means the amount of the fees prescribed by law and payable to the state, county, or other governmental agency for filing, recording, or otherwise perfecting, and releasing or satisfying, a retained title, lien, or other security interest created by a retail installment transaction;
(14) "Time balance" means the principal balance plus the service charge;
(15) "Principal balance" means the sale price of the goods or services which are the subject matter of a retail installment contract less the amount of the buyer's down payment in money or goods or both, plus the amounts, if any, included therein, if a separate identified charge is made therefor and stated in the contract, for insurance, any vehicle dealer administrative fee, and official fees;
(16) "Person" means an individual, partnership, joint venture, corporation, association, or any other group, however organized;
(17) "Rate" means the percentage which, when multiplied times the outstanding balance for each month or other installment period, yields the amount of the service charge for such month or period.

Sec. 7. RCW 63.14.130 and 1992 c 193 s 1 are each amended to read as follows:
The service charge shall be inclusive of all charges incident to investigating and making the retail installment contract or charge agreement and for the privilege of making the installment payments thereunder and no other fee, expense or charge whatsoever shall be taken, received, reserved or
contracted therefor from the buyer, except for any vehicle dealer administrative fee under section 5 of this act.

(1) The service charge, in a retail installment contract, shall not exceed the dollar amount or rate agreed to by contract and disclosed under RCW 63.14.040(1)(7)(g).

(2) The service charge in a retail charge agreement, revolving charge agreement, lender credit card agreement, or charge agreement, shall not exceed the schedule or rate agreed to by contract and disclosed under RCW 63.14.120(1). If the service charge so computed is less than one dollar for any month, then one dollar may be charged.

NEW SECTION. Sec. 8. The legislature finds as follows:

Emergency medical services and trauma care are provided to all residents of the state regardless of a person's ability to pay. Historically, hospitals and health care providers have been able to recover some of their financial losses incurred in caring for an uninsured or underinsured person by charging persons able to pay more. In recent years, the health care industry has undergone substantial changes. With the advent of managed health care programs and the adoption of new cost control measures, some hospitals and health care providers assert that it is difficult to shift costs for uninsured and underinsured patients onto insured patients.

In 1990 the legislature established a coordinated trauma care system. Part of the 1990 legislation included funding for a study to determine the extent to which trauma care is uncompensated and undercompensated. This study focused exclusively on trauma care. The legislature finds that, as a prerequisite to determining the amount of state aid that may be necessary to assist health care providers and facilities, it is necessary to examine trauma care losses within the context of a health care provider or facility's total financial operations.

NEW SECTION. Sec. 9. The committees on finance and health care of the house of representatives and the committee on health and long-term care of the senate shall jointly review the rules implementing the grant program established pursuant to section 1 of this act. The committees shall additionally conduct joint work sessions and hearings during 1997 to verify that public funds are being used in a fiscally accountable and efficient fashion that maximizes the availability of quality trauma care services. Representatives of verified ambulance services, designated trauma services, physicians who are active members of a trauma care service team at a designated facility, and the department of health shall present financial information associated with trauma care and administrative costs of the trauma system at these hearings.

NEW SECTION. Sec. 10. The department of health, in cooperation with the department of social and health services, shall monitor the adequacy of the funding mechanisms created in this act. The department of health shall report to the legislature by December 1998 the extent to which these funds covered the cost of uncompensated care in designated trauma care services in the state.

NEW SECTION. Sec. 11. Sections 1 through 8 of this act take effect January 1, 1998."

On page 1, on line 1 of the title, after "services", strike the remainder of the title and insert "amending RCW 70.168.040, 46.63.110, 3.62.090, 63.14.010, and 63.14.130; adding a new section to chapter 70.168 RCW; adding a new section to chapter 46.12 RCW; creating new sections; prescribing penalties; and providing an effective date."

There being no objection, the House adopted the conference committee recommendation, and Second Substitute Senate Bill No. 5127 was placed on final passage.

SECOND CONFERENCE COMMITTEE REPORT

SB 5034 Date: April 27, 1997

Includes "new item": YES

Mr. Speaker:
Mr. President:

We of your CONFERENCE COMMITTEE, to whom was referred SENATE BILL NO. 5034, changing the definition of "bona fide charitable or nonprofit organization" for gambling statutes, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and the striking amendment by the Conference Committee (see attached S-3284.1/97) be adopted, and

that the bill do pass as recommended by the Conference Committee.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 9.46.0209 and 1987 c 4 s 4 are each amended to read as follows:
"Bona fide charitable or nonprofit organization," as used in this chapter, means: (1) Any organization duly existing under the provisions of chapters 24.12, 24.20, or 24.28 RCW, any agricultural fair authorized under the provisions of chapters 15.76 or 36.37 RCW, or any nonprofit corporation duly existing under the provisions of chapter 24.03 RCW for charitable, benevolent, eleemosynary, educational, civic, patriotic, political, social, fraternal, athletic or agricultural purposes only, or any nonprofit organization, whether incorporated or otherwise, when found by the commission to be organized and operating for one or more of the aforesaid purposes only, all of which in the opinion of the commission have been organized and are operated primarily for purposes other than the operation of gambling activities authorized under this chapter; or (2) any corporation which has been incorporated under Title 36 U.S.C. and whose principal purposes are to furnish volunteer aid to members of the armed forces of the United States and also to carry on a system of national and international relief and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods, and other national calamities and to devise and carry on measures for preventing the same. Such an organization must have been organized and continuously operating for at least twelve calendar months immediately preceding making application for any license to operate a gambling activity, or the operation of any gambling activity authorized by this chapter for which no license is required. It must have not less than ((fifteen)) seven bona fide active members each with the right to an equal vote in the
election of the officers, or board members, if any, who determine the policies of the organization in order to receive a gambling license. An organization must demonstrate to the commission that it has made significant progress toward the accomplishment of the purposes of the organization during the twelve consecutive month period preceding the date of application for a license or license renewal. The fact that contributions to an organization do not qualify for charitable contribution deduction purposes or that the organization is not otherwise exempt from payment of federal income taxes pursuant to the internal revenue code of 1954, as amended, shall constitute prima facie evidence that the organization is not a bona fide charitable or nonprofit organization for the purposes of this section.

Any person, association or organization which pays its employees, including members, compensation other than is reasonable therefor under the local prevailing wage scale shall be deemed paying compensation based in part or whole upon receipts relating to gambling activities authorized under this chapter and shall not be a bona fide charitable or nonprofit organization for the purposes of this chapter.

(2) The game (thereof) shall be conducted only by:

(a) A bona fide charitable or nonprofit organization which does not conduct or allow its premises to be used for conducting bingo on more than three occasions per week and which does not conduct bingo in any location which is used for conducting bingo on more than three occasions per week of said game; or (if)

(b) An agricultural fair authorized under chapters 15.76 and 36.37 RCW, which does not conduct bingo on more than twelve consecutive days in any calendar year of said game.

(3) Except in the case of any agricultural fair as authorized under chapters 15.76 and 36.37 RCW, no person other than a bona fide member or an employee of (said) the organization (takes) may take any part in the management or operation of (said) the game unless approved by the commission, and no person who takes any part in the management or operation of (said) the game (takes) may take any part in the management or operation of any game conducted by any other organization or any other branch of the same organization (unless approved by the commission of said game).

(4) No part of the proceeds (thereof) from a bingo game may inure to the benefit of any person other than the organization conducting (said) the game.

(5) A bingo game must be conducted only in the county where the sponsoring organization is principally located, except as authorized by the commission for joint bingo games. For the purposes of this section, the organization shall be deemed to be principally located in the county within which it has its primary business office. If the organization has no business office, the organization shall be deemed to be located in the county of principal residence of its chief executive officer (provided). Any organization which is conducting any licensed and established bingo game in any locale as of January 1, 1981, shall be exempt from the requirement that such game be conducted in the county in which the organization is principally located.

(6) The commission may authorize joint bingo games conducted by two or more bona fide charitable or nonprofit organizations if the prizes are pooled and the games are conducted during each organization's normal period of operation. The commission may adopt rules for the operation, management, and location of the games.

No person who takes any part in the management or operation of any such gambling activity shall take any part in the management or operation of any gambling activity conducted by any other organization or any other branch of the same
organization) unless approved by the commission. No part of the proceeds of the activity shall inure to the benefit of any person other than the organization conducting such gambling activities or if such gambling activities be for the charitable benefit of any specific persons designated in the application for a license, then only for such specific persons as so designated.

(2) No bona fide charitable or nonprofit organization or any other person, association or organization shall conduct any gambling activity authorized under this chapter in any leased premises if rental for such premises is unreasonable or to be paid, wholly or partly, on the basis of a percentage of the receipts or profits derived from such gambling activity.

**Sec. 4.** RCW 9.46.110 and 1994 c 301 s 2 are each amended to read as follows:

(1) The legislative authority of any county, city-county, city, or town, by local law and ordinance, and in accordance with the provisions of this chapter and rules promulgated hereunder adopted under this chapter, may provide for the taxing of any gambling activity authorized by this chapter within its jurisdiction, the tax receipts to go to the county, city-county, city, or town so taxing the activity. Any such tax imposed by a county alone shall not apply to any gambling activity within a county or town located therein in the county but the tax rate established by a county, if any, shall constitute the tax rate throughout the unincorporated areas of such county.

(2) The operation of punch boards and pull-tabs are subject to the following conditions:

(a) Chances may only be sold to adults, which shall have a fifty cent limit on a single chance thereon, shall be taxed on a basis which shall reflect only the gross receipts from such punch boards and pull-tabs and shall not exceed twenty dollars in cash or merchandise prizes, with a value over twenty dollars, must be removed immediately from the information flare when won, or such omission shall be deemed a fraud for the purposes of this chapter; and (b) The price of a single chance may not exceed one dollar.

(c) No punch board or pull-tab license may award as a prize upon a winning number or symbol being drawn the opportunity of taking a chance upon any other punch board or pull-tab; (d) All prizes (for punch boards and pull-tabs) available to be won must be described on an information flare. All merchandise prizes must be on display within the immediate area of the premises in which any such punch board or pull-tab is located. Upon a winning number or symbol being drawn, a merchandise prize must be immediately removed from the display and awarded to the winner. All references to cash or merchandise prizes, with a value over twenty dollars, must be removed immediately from the information flare when won, or such omission shall be deemed a fraud for the purposes of this chapter; and (e) When any person wins money or merchandise from any punch board or pull-tab over an amount determined by the commission, every licensee shall keep a public record of the award for at least ninety days containing such information as the commission shall deem necessary.

(3) Taxation of amusement games shall only be in an amount sufficient to pay the actual costs of enforcement of the provisions of this chapter by the county, city or town law enforcement agency and in no event shall such taxation exceed two percent of the gross receipts from the amusement game less the amount awarded as prizes.

(a) Taxation of bingo and raffles shall never be in an amount greater than ten percent of the gross receipts from bingo or raffle games.

may not exceed a rate of five percent, or may be based on gross receipts from the operation of the
games less the amount awarded as cash or merchandise prizes, and may not exceed a rate of ten
percent.

(f) Taxation of social card games may not exceed twenty percent of the gross revenue from

SECOND CONFERENCE COMMITTEE REPORT
E2SHB 1850 April 26, 1997

Includes "NEW ITEM": YES

Mr. President:
Mr. Speaker:
We of your CONFERENCE COMMITTEE, to whom was referred ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1850, long-term care services, have had the same under consideration and we recommend that:

All previous amendments not be adopted, and the striking amendment by the Second Conference Committee (see attached 1850-S2.E AMC CONF H-3358.1) be adopted, and

Strike everything after the enacting clause and insert the following:

"PART I

NEW SECTION. Sec. 101. This act shall be known and may be cited as the Clara act.

NEW SECTION. Sec. 102. FINDINGS AND INTENT. The legislature finds and declares that the state’s current fragmented categorical system for administering services to persons with disabilities and the elderly is not client and family-centered and has created significant organizational barriers to providing high quality, safe, and effective care and support. The present fragmented system results in uncoordinated enforcement of regulations designed to protect the health and safety of disabled persons, lacks accountability due to the absence of management information systems' client tracking data, and perpetuates difficulty in matching client needs and services to multiple categorical funding sources.

The legislature further finds that Washington’s chronically functionally disabled population of all ages is growing at a rapid pace due to a population of the very old and increased incidence of disability due in large measure to technological improvements in acute care causing people to live longer. Further, to meet the significant and growing long-term care needs into the near future, rapid, fundamental changes must take place in the way we finance, organize, and provide long-term care services to the chronically functionally disabled.

The legislature further finds that the public demands that long-term care services be safe, client and family-centered, and designed to encourage individual dignity, autonomy, and development of the fullest human potential at home or in other residential settings, whenever practicable.

NEW SECTION. Sec. 103. A new section is added to chapter 74.39A RCW to read as follows:

DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a home licensed under chapter 70.128 RCW.

(2) "Adult residential care" means services provided by a boarding home that is licensed under chapter 18.20 RCW and that has a contract with the department under RCW 74.39A.020.

(3) "Assisted living services" means services provided by a boarding home that has a contract with the department under RCW 74.39A.010 and the resident is housed in a private apartment-like unit.

(4) "Boarding home" means a facility licensed under chapter 18.20 RCW.

(5) "Cost-effective care" means care provided in a setting of an individual's choice that is necessary to promote the most appropriate level of physical, mental, and psychosocial well-being consistent with client choice, in an environment that is appropriate to the care and safety needs of the individual, and such care cannot be provided at a lower cost in any other setting. But this in no way precludes an individual from choosing a different residential setting to achieve his or her desired quality of life.

(6) "Department" means the department of social and health services.

(7) "Enhanced adult residential care" means services provided by a boarding home that is licensed under chapter 18.20 RCW and that has a contract with the department under RCW 74.39A.010.

(8) "Functionally disabled person" is synonymous with chronic functionally disabled and means a person who because of a recognized chronic physical or mental condition or disease, including chemical dependency, is impaired to the extent of being dependent upon others for direct care, support, supervision, or monitoring to perform activities of daily living. "Activities of daily living", in this context, means self-care abilities related to personal care such as bathing, eating, using the toilet,
dressing, and transfer. Instrumental activities of daily living may also be used to assess a person's functional abilities as they are related to the mental capacity to perform activities in the home and the community such as cooking, shopping, house cleaning, doing laundry, working, and managing personal finances.

(9) "Home and community services" means adult family homes, in-home services, and other services administered or provided by contract by the department directly or through contract with area agencies on aging or similar services provided by facilities and agencies licensed by the department.

(10) "Long-term care" is synonymous with chronic care and means care and supports delivered indefinitely, intermittently, or over a sustained time to persons of any age disabled by chronic mental or physical illness, disease, chemical dependency, or a medical condition that is permanent, not reversible or curable, or is long-lasting and severely limits their mental or physical capacity for self-care. The use of this definition is not intended to expand the scope of services, care, or assistance by any individuals, groups, residential care settings, or professions unless otherwise expressed by law.

(11) "Nursing home" means a facility licensed under chapter 18.51 RCW.

(12) "Secretary" means the secretary of social and health services.

(13) "Tribally licensed boarding home" means a boarding home licensed by a federally recognized Indian tribe which home provides services similar to boarding homes licensed under chapter 18.20 RCW.

NEW SECTION. Sec. 104. JOINT LEGISLATIVE COMMITTEE ON LONG-TERM CARE OVERSIGHT. (1) There is created a joint legislative committee on long-term care oversight. The committee shall consist of: (a) Four members of the senate appointed by the president of the senate, two of whom shall be members of the majority party and two of whom shall be members of the minority party; and (b) four members of the house of representatives, two of whom shall be members of the majority party and two of whom shall be members of the minority party.

(2) The committee shall elect a chair and vice-chair. The chair shall be a member of the senate in even-numbered years and a member of the house of representatives in odd-numbered years. The vice-chair shall be a member of the senate in odd-numbered years and a member of the house of representatives in even-numbered years.

(3) The committee shall:

(a) Review the need for reorganization and reform of long-term care administration and service delivery;

PART II
QUALITY STANDARDS AND COMPLAINT ENFORCEMENT

NEW SECTION, Sec. 201. A new section is added to chapter 70.124 RCW to read as follows:

(1) An employee who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW, RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, financial exploitation, or abandonment by any person in a nursing home, state hospital, or adult family home may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to discharge a resident from a nursing home, state hospital, adult family home, or any type of discriminatory treatment of a resident by whom, or upon whose behalf, a complaint substantiated by the department has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident’s needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or employee of a nursing home, state hospital, or adult family home, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, exploitation, or abandonment to the department or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a nursing home, state hospital, or adult family home from exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, or adult family home from: (a) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (b) for facilities with six or fewer residents, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases where a whistleblower has been terminated or had hours of employment reduced due to the inability of a facility to meet payroll.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No frail elder or vulnerable person who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor
shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

NEW SECTION. Sec. 202. A new section is added to chapter 74.34 RCW to read as follows:

(1) An employee or contractor who is a whistleblower and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action, has the remedies provided under chapter 49.60 RCW. RCW 4.24.500 through 4.24.520, providing certain protection to persons who communicate to government agencies, apply to complaints made under this section. The identity of a whistleblower who complains, in good faith, to the department about suspected abuse, neglect, exploitation, or abandonment by any person in a boarding home licensed or required to be licensed pursuant to chapter 18.20 RCW or a veterans' home pursuant to chapter 72.36 RCW or care provided in a boarding home or a veterans' home by any person associated with a hospice, home care, or home health agency licensed under chapter 70.127 RCW or other in-home provider may remain confidential if requested. The identity of the whistleblower shall subsequently remain confidential unless the department determines that the complaint was not made in good faith.

(2)(a) An attempt to expel a resident from a boarding home or veterans' home, or any type of discriminatory treatment of a resident who is a consumer of hospice, home health, home care services, or other in-home services by whom, or upon whose behalf, a complaint substantiated by the department or the department of health has been submitted to the department or any proceeding instituted under or related to this chapter within one year of the filing of the complaint or the institution of the action, raises a rebuttable presumption that the action was in retaliation for the filing of the complaint.

(b) The presumption is rebutted by credible evidence establishing the alleged retaliatory action was initiated prior to the complaint.

(c) The presumption is rebutted by a functional assessment conducted by the department that shows that the resident or consumer's needs cannot be met by the reasonable accommodations of the facility due to the increased needs of the resident.

(3) For the purposes of this section:

(a) "Whistleblower" means a resident or a person with a mandatory duty to report under this chapter, or any person licensed under Title 18 RCW, who in good faith reports alleged abuse, neglect, exploitation, or abandonment to the department, or the department of health, or to a law enforcement agency;

(b) "Workplace reprisal or retaliatory action" means, but is not limited to: Denial of adequate staff to perform duties; frequent staff changes; frequent and undesirable office changes; refusal to assign meaningful work; unwarranted and unsubstantiated report of misconduct under Title 18 RCW; letters of reprimand or unsatisfactory performance evaluations; demotion; denial of employment; or a supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower.

The protections provided to whistleblowers under this chapter shall not prevent a nursing home, state hospital, boarding home, or adult family home from: (i) Terminating, suspending, or disciplining a whistleblower for other lawful purposes; or (ii) for facilities licensed under chapter 70.128 RCW, reducing the hours of employment or terminating employment as a result of the demonstrated inability to meet payroll requirements. The department shall determine if the facility cannot meet payroll in cases in which a whistleblower has been terminated or had hours of employment reduced because of the inability of a facility to meet payroll; and

(c) "Reasonable accommodation" by a facility to the needs of a prospective or current resident has the meaning given to this term under the federal Americans with disabilities act of 1990, 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

(4) This section does not prohibit a boarding home or veterans' home from exercising its authority to terminate, suspend, or discipline any employee who engages in workplace reprisal or retaliatory action against a whistleblower.

(5) The department shall adopt rules to implement procedures for filing, investigation, and resolution of whistleblower complaints that are integrated with complaint procedures under this chapter.

(6) No frail elder or vulnerable person who relies upon and is being provided spiritual treatment in lieu of medical treatment in accordance with the tenets and practices of a well-recognized religious denomination shall for that reason alone be considered abandoned, abused, or neglected, nor
shall anything in this chapter be construed to authorize, permit, or require medical treatment contrary to the stated or clearly implied objection of such a person.

(7) The department, and the department of health for facilities, agencies, or individuals it regulates, shall adopt rules designed to discourage whistleblower complaints made in bad faith or for retaliatory purposes.

(d) The resident has failed to make the required payment for his or her stay; or

(2) All long-term care facilities shall fully disclose to potential residents or their legal representative the service capabilities of the facility prior to admission to the facility. Sec. 207. RCW 74.39A.030 and 1995 1st sp.s. c 18 s 2 are each amended to read as follows:
(1) To the extent of available funding, the department shall expand cost-effective options for home and community services for consumers for whom the state participates in the cost of their care.
(2) In expanding home and community services, the department shall: (a) Take full advantage of federal funding available under Title XVIII and Title XIX of the federal social security act, including home health, adult day care, waiver options, and state plan services; and (b) be authorized to use funds available under its community options program entry system waiver granted under section
1915(c) of the federal social security act to expand the availability of in-home, adult residential care, adult family homes, enhanced adult residential care, and assisted living services. By June 30, 1997, the department shall undertake to reduce the nursing home medicaid census by at least one thousand six hundred by assisting individuals who would otherwise require nursing facility services to obtain services of their choice, including assisted living services, enhanced adult residential care, and other home and community services. The department shall make reasonable efforts to contract for at least one hundred eighty state clients who would otherwise be served in nursing facilities or in assisted living to instead be served in enhanced adult residential care settings by June 30, 1999. If a resident, or his or her legal representative, objects to a discharge decision initiated by the department, the resident shall not be discharged if the resident has been assessed and determined to require nursing facility services. In contracting with nursing homes and boarding homes for enhanced adult residential care placements, the department shall (a) require, by contract or through other means, structural modifications to existing building construction.

(3)(a) The department shall by rule establish payment rates for home and community services that support the provision of cost-effective care. In contracting with licensed boarding homes for providing additional enhanced adult residential care services for up to one hundred eighty clients pursuant to subsection (2)(b) of this section, the payment rate shall be established at no less than thirty-five and no greater than forty percent of the average state-wide nursing facility medicaid payment rate.

(b) The department may authorize an enhanced adult residential care rate for nursing homes that temporarily or permanently convert their bed use for the purpose of providing enhanced adult residential care under chapter 70.38 RCW, when the department determines that payment of an enhanced rate is cost-effective and necessary to foster expansion of contracted enhanced adult residential care services. As an incentive for nursing homes to permanently convert a portion of its nursing home bed capacity for the purpose of providing enhanced adult residential care, the department may authorize a supplemental add-on to the enhanced adult residential care rate.

(c) The department may authorize a supplemental assisted living services or an enhanced adult residential care services rate for up to four years for facilities that convert from nursing home use and do not retain rights to the converted nursing home beds under chapter 70.38 RCW, if the department determines that payment of a supplemental rate is cost-effective and necessary to foster expansion of contracted assisted living or enhanced adult residential care services.

Sec. 208. RCW 74.39A.040 and 1995 1st sp.s. c 18 s 6 are each amended to read as follows:

The department shall work in partnership with hospitals, who choose to participate, in assisting patients and their families to find long-term care services of their choice according to subsections (1) through (4) of this section. The department shall not delay hospital discharges but shall assist and support the activities of hospital discharge planners. The department also shall coordinate with home health and hospice agencies whenever appropriate. The role of the department is to assist the hospital and to assist patients and their families in making informed choices by providing information regarding home and community options to individuals who are hospitalized and likely to need long-term care.

(1) To the extent of available funds, the department shall assess individuals who:

(a) Are medicaid clients, medicaid applicants, or eligible for both medicare and medicaid; and

(b) Apply or are likely to apply for admission to a nursing facility.

(2) For individuals who are reasonably expected to become medicaid recipients within one hundred eighty days of admission to a nursing facility, the department shall, to the extent of available funds, offer an assessment and information regarding appropriate in-home and community services.

(3) When the department finds, based on assessment, that the individual prefers and could live appropriately and cost-effectively at home or in some other community-based setting, the department shall:

(a) Advise the individual that an in-home or other community service is appropriate;

(b) Develop, with the individual or the individual’s representative, a comprehensive community service plan;

(c) Inform the individual regarding the availability of services that could meet the applicant’s needs as set forth in the community service plan and explain the cost to the applicant of the available in-home and community services relative to nursing facility care; and

(d) Discuss and evaluate the need for on-going involvement with the individual or the individual’s representative.
When the department finds, based on assessment, that the individual prefers and needs nursing facility care, the department shall:

(a) Advise the individual that nursing facility care is appropriate and inform the individual of the available nursing facility vacancies;

(b) If appropriate, advise the individual that the stay in the nursing facility may be short term; and

(c) Describe the role of the department in providing nursing facility case management.

All hospitals who choose to not participate with the department according to subsections (1) through (4) of this section shall provide their own hospital long-term care discharge services for patients needing long-term care information or services. The hospital shall advise the individual regarding its recommended discharge placement for individuals requiring posthospital care and shall, consistent with the individual's expressed preferences and in accordance with his or her care needs, identify services, including known costs, available in the community and shall develop with the individual and his or her legal representative a comprehensive community service plan, if in-home or other community service is appropriate and preferred.

Sec. 209. RCW 74.39A.050 and 1995 1st sp.s. c 18 s 12 are each amended to read as follows:

The department's system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter . . . . Laws of 1997 (this act).

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, resident managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers.

(6) Providers generally should be assisted in addressing identified problems initially through consultation and technical assistance. Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, all long-term care staff directly responsible for the care, supervision, or treatment of vulnerable persons should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Whenever a state conviction record check is required by state law, persons may be employed as volunteers or independent contractors on a conditional basis according to law and rules adopted by the department.

(8) No provider or staff, or prospective provider or staff, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(10) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing
assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident’s care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules and accept some or all of the curriculum modules hour for hour towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training.

Sec. 210. RCW 74.39A.060 and 1995 1st sp.s. c 18 s 13 are each amended to read as follows:
(1) The aging and adult services administration of the department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the administration licenses or with which it contracts for long-term care services.
(2) All facilities that are licensed by, or that contract with the aging and adult services administration to provide chronic long-term care services shall post in a place and manner clearly visible to residents and visitors the department’s toll-free complaint telephone number and the toll-free number and program description of the long-term care ombudsman as provided by RCW 43.190.050.
(3) The aging and adult services administration shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis for investigating; or (c) corrective action has been taken as determined by the ombudsman or the department.
(4) The aging and adult services administration shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombudsman, or other entities if the department lacks authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.
(5) The department shall adopt rules that include the following complaint investigation protocols:
(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.
(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss the alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department’s course of action; and informed of the right to receive a written copy of the investigation report.
(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the resident or residents allegedly harmed by the violations, and, in addition to facility staff, any available independent sources of relevant information, including if appropriate the family members of the resident.
(d) Substantiated complaints involving harm to a resident, if an applicable law or regulation has been violated, shall be subject to one or more of the actions provided in RCW 74.39A.080 or 70.128.160. Whenever appropriate, the department shall also give consultation and technical assistance to the provider.
(e) In the best practices of total quality management and continuous quality improvement, after a department finding of a violation that is serious, recurring, or uncorrected following a previous citation, the department shall make an on-site revisit of the facility to ensure correction of the violation, except for license or contract suspensions or revocations.
(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal violations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may (aa) provide the substance of the complaint to the licensee or contractor before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombudsman program or department staff to monitor the department’s licensing, contract, and complaint investigation files for long-term care facilities.

((6a)) (7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility that provides long-term care services shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident’s wishes, or any type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, within one year of the filing of the complaint, raises a rebuttable presumption that such action was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident’s phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident’s request for service or assistance. A facility that provides long-term care services shall not willfully interfere with the performance of official duties by a long-term care ombudsman. The department shall sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection ((and require the facility to mitigate any damages incurred by the resident)).

Sec. 211. RCW 70.129.105 and 1994 c 214 s 17 are each amended to read as follows:

No long-term care facility or nursing facility licensed under chapter 18.51 RCW shall require or request residents to sign waivers of potential liability for losses of personal property or injury, or to sign waivers of residents’ rights set forth in this chapter or in the applicable licensing or certification laws.

Sec. 212. RCW 74.42.030 and 1979 ex.s. c 211 s 3 are each amended to read as follows:

Each resident or guardian or legal representative, if any, shall be fully informed and receive in writing, in a language the resident or his or her representative understands, the following information:

(1) The resident’s rights and responsibilities in the facility;
(2) Rules governing resident conduct;
(3) Services, items, and activities available in the facility; and
(4) Charges for services, items, and activities, including those not included in the facility's basic daily rate or not paid by medicaid.

The facility shall provide this information before admission, or at the time of admission in case of emergency, and as changes occur during the resident’s stay. The resident and his or her representative must be informed in writing in advance of changes in the availability or charges for services, items, or activities, or of changes in the facility’s rules. Except in unusual circumstances, thirty days’ advance notice must be given prior to the change. The resident or legal guardian or
The written information provided by the facility pursuant to this section, and the terms of any admission contract executed between the facility and an individual seeking admission to the facility, must be consistent with the requirements of this chapter and chapter 18.51 RCW and, for facilities certified under medicaid or medicare, with the applicable federal requirements.

NEW SECTION. Sec. 213. A new section is added to chapter 18.20 RCW to read as follows: The department’s system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be resident-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for residents consistent with chapter 70.129 RCW.

(2) The goal of the system is continuous quality improvement with the focus on resident satisfaction and outcomes for residents. This includes that when conducting licensing inspections, the department shall interview an appropriate percentage of residents, family members, and advocates in addition to interviewing appropriate staff.

(3) Facilities should be supported in their efforts to improve quality and address identified problems initially through training, consultation, and technical assistance.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to resident complaints and a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to facilities.

(6) Prompt and specific enforcement remedies shall also be implemented without delay, consistent with RCW 18.20.190, for facilities found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) To the extent funding is available, the licensee, administrator, and their staff should be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable adults. Employees may be provisionally hired pending the results of the background check if they have been given three positive references.

(8) The department shall promote the development of a training system that is practical and relevant to the needs of residents and staff. To improve access to training, especially for rural communities, the training system may include, but is not limited to, the use of satellite technology distance learning that is coordinated through community colleges or other appropriate organizations.

(9) No licensee, administrator, or staff, or prospective licensee, administrator, or staff, with a stipulated finding of fact, conclusion of law, and agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into the state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

NEW SECTION. Sec. 214. A new section is added to chapter 18.20 RCW to read as follows:

(1) The department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the department licenses.

(2) All facilities that are licensed under this chapter shall post in a place and manner clearly visible to residents and visitors the department’s toll-free complaint telephone number and the toll-free number and program description of the long-term care ombudsman as provided by RCW 43.190.050.

(3) The department shall investigate complaints if the subject of the complaint is within its authority unless the department determines that: (a) The complaint is intended to willfully harass a licensee or employee of the licensee; or (b) there is no reasonable basis for investigation; or (c) corrective action has been taken as determined by the ombudsman or the department.

(4) The department shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombudsman, or other entities if the department lacks
authority to investigate or if its investigation reveals that a follow-up referral to one or more of these entities is appropriate.

(5) The department shall adopt rules that include the following complaint investigation protocols:

(a) Upon receipt of a complaint, the department shall make a preliminary review of the complaint, assess the severity of the complaint, and assign an appropriate response time. Complaints involving imminent danger to the health, safety, or well-being of a resident must be responded to within two days. When appropriate, the department shall make an on-site investigation within a reasonable time after receipt of the complaint or otherwise ensure that complaints are responded to.

(b) The complainant must be: Promptly contacted by the department, unless anonymous or unavailable despite several attempts by the department, and informed of the right to discuss alleged violations with the inspector and to provide other information the complainant believes will assist the inspector; informed of the department's course of action; and informed of the right to receive a written copy of the investigation report.

(c) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the resident or residents allegedly harmed by the violations, and, in addition to facility staff, any available independent sources of relevant information, including if appropriate the family members of the resident.

(d) Substantiated complaints involving harm to a resident, if an applicable law or regulation has been violated, shall be subject to one or more of the actions provided in RCW 18.20.190. Whenever appropriate, the department shall also give consultation and technical assistance to the facility.

(e) In the best practices of total quality management and continuous quality improvement, after a department finding of a violation that is serious, recurring, or uncorrected following a previous citation, the department shall make an on-site revisit of the facility to ensure correction of the violation. This subsection does not prevent the department from enforcing license suspensions or revocations.

(f) Substantiated complaints of neglect, abuse, exploitation, or abandonment of residents, or suspected criminal violations, shall also be referred by the department to the appropriate law enforcement agencies, the attorney general, and appropriate professional disciplining authority.

(6) The department may provide the substance of the complaint to the licensee before the completion of the investigation by the department unless such disclosure would reveal the identity of a complainant, witness, or resident who chooses to remain anonymous. Neither the substance of the complaint provided to the licensee nor any copy of the complaint or related report published, released, or made otherwise available shall disclose, or reasonably lead to the disclosure of, the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the name of the provider and the name or names of any officer, employee, or agent of the department conducting the investigation shall be disclosed after the investigation has been closed and the complaint has been substantiated. The department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant. Nothing in this subsection shall be construed to interfere with the obligation of the long-term care ombudsman program to monitor the department’s licensing, contract, and complaint investigation files for long-term care facilities.

(7) The resident has the right to be free of interference, coercion, discrimination, and reprisal from a facility in exercising his or her rights, including the right to voice grievances about treatment furnished or not furnished. A facility licensed under this chapter shall not discriminate or retaliate in any manner against a resident, employee, or any other person on the basis or for the reason that such resident or any other person made a complaint to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, provided information, or otherwise cooperated with the investigation of such a complaint. Any attempt to discharge a resident against the resident’s wishes, or any type of retaliatory treatment of a resident by whom or upon whose behalf a complaint substantiated by the department has been made to the department, the attorney general, law enforcement agencies, or the long-term care ombudsman, within one year of the filing of the complaint, raises a rebuttable presumption that such action was in retaliation for the filing of the complaint. "Retaliatory treatment" means, but is not limited to, monitoring a resident’s phone, mail, or visits; involuntary seclusion or isolation; transferring a resident to a different room unless requested or based upon legitimate management reasons; withholding or threatening to withhold food or treatment unless authorized by a terminally ill resident or his or her representative pursuant to law; or persistently delaying responses to a resident’s request for service or assistance. A facility licensed under this chapter shall not willfully interfere with the performance of official duties by a long-term care ombudsman. The department shall
sanction and may impose a civil penalty of not more than three thousand dollars for a violation of this subsection.

NEW SECTION. Sec. 215. Within existing funds, the long-term care ombudsman shall conduct a follow-up review of the department of health's licensing inspections and complaint investigations of boarding homes and of the department of social and health services' monitoring of boarding homes with contracts under chapter 74.39A RCW. The review must include, but is not limited to, an examination of the enforcement of resident rights and care standards in boarding homes, the timeliness of complaint investigations, and compliance by the departments with the standards set forth in this act. The long-term care ombudsman shall consult with the departments of health and social and health services, long-term care facility organizations, resident groups, and senior and disabled citizen organizations and report to appropriate committees of the house of representatives and the senate concerning its review of the departments' enforcement activities and any applicable recommendations by January 5, 1998.

Sec. 216. RCW 74.42.450 and 1995 1st sp.s. c 18 s 64 are each amended to read as follows:
(1) The facility shall admit as residents only those individuals whose needs can be met by:
(a) The facility;
(b) The facility cooperating with community resources; or
(c) The facility cooperating with other providers of care affiliated or under contract with the facility.
(2) The facility shall transfer a resident to a hospital or other appropriate facility when a change occurs in the resident’s physical or mental condition that requires care or service that the facility cannot provide. The resident, the resident’s guardian, if any, the resident’s next of kin, the attending physician, and the department shall be consulted at least fifteen days before a transfer or discharge unless the resident is transferred under emergency circumstances. The department shall use casework services or other means to insure that adequate arrangements are made to meet the resident’s needs.
(3) A resident shall be transferred or discharged only for medical reasons, the resident's welfare or request, the welfare of other residents, or nonpayment. A resident may not be discharged for nonpayment if the discharge would be prohibited by the medicaid program.
(4) If a resident chooses to remain in the nursing facility, the department shall respect that choice, provided that if the resident is a medicaid recipient, the resident continues to require a nursing facility level of care.
(5) If the department determines that a resident no longer requires a nursing facility level of care, the resident shall not be discharged from the nursing facility until at least thirty days after written notice is given to the resident, the resident’s surrogate decision maker and, if appropriate, a family member or the resident’s representative. A form for requesting a hearing to appeal the discharge decision shall be attached to the written notice. The written notice shall include at least the following:
(a) The reason for the discharge;
(b) A statement that the resident has the right to appeal the discharge; and
(c) The name, address, and telephone number of the state long-term care ombudsman.
(6) If the resident appeals a department discharge decision, the resident shall not be discharged without the resident’s consent until at least thirty days after a final order is entered upholding the decision to discharge the resident.
(7) Before the facility transfers or discharges a resident, the facility must first attempt through reasonable accommodations to avoid the transfer or discharge unless the transfer or discharge is agreed to by the resident. The facility shall admit or retain only individuals whose needs it can safely and appropriately serve in the facility with available staff or through the provision of reasonable accommodations required by state or federal law. "Reasonable accommodations" has the meaning given to this term under the federal Americans with disabilities act of 1990. 42 U.S.C. Sec. 12101 et seq. and other applicable federal or state antidiscrimination laws and regulations.

PART III
ESTATE RECOVERY CONSUMER DISCLOSURE

NEW SECTION. Sec. 301. A new section is added to chapter 43.20B RCW to read as follows:
(1) It is the intent of the legislature to ensure that needy individuals have access to basic long-term care without requiring them to sell their homes. In the face of rising medical costs and limited funding for social welfare programs, however, the state’s medicaid and state-funded long-term care programs have placed an increasing financial burden on the state. By balancing the interests of individuals with immediate and future unmet medical care needs, surviving spouses and dependent children, adult nondependent children, more distant heirs, and the state, the estate recovery provisions of RCW 43.20B.080 and 74.39A.170 provide an equitable and reasonable method of easing the state’s financial burden while ensuring the continued viability of the medicaid and state-funded long-term care programs.

(2) It is further the intent of the legislature to confirm that chapter 21, Laws of 1994, effective July 1, 1994, repealed and substantially reenacted the state’s medicaid estate recovery laws and did not eliminate the department’s authority to recover the cost of medical assistance paid prior to October 1, 1993, from the estates of deceased recipients regardless of whether they received benefits before, on, or after July 1, 1994.

Sec. 302. RCW 43.20B.080 and 1995 1st sp.s. c 18 s 67 are each amended to read as follows:

(1) The department shall file liens, seek adjustment, or otherwise effect recovery for medical assistance correctly paid on behalf of an individual (as required by this chapter and) consistent with 42 U.S.C. Sec. 1396p.

(2) Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.

(3) In the case of an individual who was fifty-five years of age or older when the individual received medical assistance, the department shall seek adjustment or recovery from the individual’s estate, and from nonprobate assets of the individual as defined by RCW 11.02.005 (except property passing through a community property agreement), but only for medical assistance consisting of nursing facility services, home and community-based services, other services that the department determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual’s estate, including foreclosure of liens imposed under this section, shall be undertaken as soon as practicable, consistent with (the requirements of) 42 U.S.C. Sec. 1396p.

(4) The department shall apply the medical assistance estate recovery law as it existed on the date that benefits were received when calculating an estate’s liability to reimburse the department for those benefits.

(5)(a) The department shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship.

(b) Recovery of medical assistance from a recipient’s estate shall not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.

(6) A lien authorized under subsections (1) through (5) of this section relates Backlund to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date.

(7) The department is authorized to adopt rules to effect recovery under this section. The department may adopt by rule later enactments of the federal laws referenced in this section.

(8) The office of financial management shall review the cost and feasibility of the department of social and health services collecting the client copayment for long-term care consistent with the terms and conditions of RCW 74.39A.120, and the cost impact to community providers under the current system for collecting the client’s copayment in addition to the amount charged to the client for estate recovery, and report to the legislature by December 12, 1997.

Sec. 303. RCW 74.34.010 and 1995 1st sp.s. c 18 s 82 are each amended to read as follows:

The legislature finds that frail elders and vulnerable adults may be subjected to abuse, neglect, exploitation, or abandonment. The legislature finds that there are a number of adults sixty years of age or older who lack the ability to perform or obtain those services necessary to maintain or establish their well-being. The legislature finds that many frail elders and vulnerable adults have health problems that place them in a dependent position. The legislature further finds that a significant number of frail elders and vulnerable adults have mental and verbal limitations that leave them vulnerable and incapable of asking for help and protection.
It is the intent of the legislature to prevent or remedy the abuse, neglect, exploitation, or abandonment of persons sixty years of age or older who have a functional, mental, or physical inability to care for or protect themselves.

It is the intent of the legislature to assist frail elders and vulnerable adults by providing these persons with the protection of the courts and with the least-restrictive services, such as home care, and by preventing or reducing inappropriate institutional care. The legislature finds that it is in the interests of the public health, safety, and welfare of the people of the state to provide a procedure for identifying these vulnerable persons and providing the services and remedies necessary for their well-being.

It is further the intent of the legislature that the cost of protective services rendered to a frail elder or vulnerable adult under this chapter that are paid with state funds only not be subject to recovery from the recipient or the recipient’s estate, whether by lien, adjustment, or any other means of recovery, regardless of the income or assets of the recipient of the services. In making this exemption the legislature recognizes that receipt of such services is voluntary and incentives to decline services or delay permission must be kept to a minimum. There may be a need to act or intervene quickly to protect the assets, health, or well-being of a frail elder or vulnerable adult; to prevent or halt the exploitation, neglect, abandonment, or abuse of the person or assets of a frail elder or vulnerable adult; or to prevent or limit inappropriate placement or retention in an institution providing long-term care. The delivery of such services is less likely to be impeded, and consent to such services will be more readily obtained, if the cost of these services is not subject to recovery. The legislature recognizes that there will be a cost in not seeking financial recovery for such services, but that this cost may be offset by preventing costly and inappropriate institutional placement.

NEW SECTION, Sec. 304. A new section is added to chapter 74.34 RCW to read as follows:

The cost of benefits and services provided to a frail elder or vulnerable adult under this chapter that are paid with state funds only does not constitute an obligation or lien and is not recoverable from the recipient of the services or from the recipient’s estate, whether by lien, adjustment, or any other means of recovery.

Sec. 305. RCW 74.39A.170 and 1995 1st sp.s. c 18 s 56 are each amended to read as follows:

(1) All payments made in state-funded long-term care shall be recoverable as if they were medical assistance payments subject to recovery under 42 U.S.C. Sec. 1396p and chapter 43.20B RCW((but without regard to the recipient’s age, except the cost of state-funded adult protective services provided under chapter 74.34 RCW to frail elders and vulnerable adults.)

(2) In determining eligibility for state-funded long-term care services programs, except for protective services provided to frail elders and vulnerable adults, the department shall impose the same rules with respect to the transfer of assets for less than fair market value as are imposed under 42 U.S.C. 1396p with respect to nursing home and home and community services.

(3) It is the responsibility of the department to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery. The disclosure must include billing and recovery and copayment procedures to all persons offered long-term care services subject to recovery of payments.

(4) It is the intent of the legislature that the department collect, to the extent possible, all costs associated with the individual provider program including, but not limited to, training, taxes, and fringe benefits.

By November 15, 1997, the secretary shall identify and report to the legislature:

(a) The costs of identifying or tracking direct and indirect costs associated with the individual provider program, including any necessary changes to the department’s information systems; and

(b) Any federal or state laws limiting the department’s ability to recover direct or indirect costs of the individual provider program from the estate.

(5) To the extent funds are available and in compliance with federal law, the department is responsible for also notifying the client, or his or her advocate, quarterly of the types of services used, charges for services, credit amount of copayment, and the difference (debt) that will be charged against the estate.

PART IV
ADULT FAMILY HOMES
Sec. 401. RCW 70.128.175 and 1995 1st sp. s. c 18 s 29 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, these definitions shall apply throughout this section and RCW 35.63.140, 35A.63.149, 36.70.755, 35.22.680, and 36.32.560:

(a) "Adult family home" means a regular family abode in which a person or persons provides personal care, special care, room, and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services.

(b) "Residential care facility" means a facility that cares for at least five, but not more than fifteen functionally disabled persons, that is not licensed pursuant to chapter 70.128 RCW.

(c) "Department" means the department of social and health services.

(2) An adult family home shall be considered a residential use of property for zoning and public and private utility rate purposes. Adult family homes shall be a permitted use in all areas zoned for residential or commercial purposes, including areas zoned for single family dwellings.

NEW SECTION. Sec. 402. The department of social and health services shall implement a limited moratorium on the authorization of adult family home licenses until December 12, 1997, or until the secretary has determined that all adult family home and group home safety and quality of care standards have been reviewed by the department, determined by the secretary to reasonably protect the life, safety, and health of residents, and has notified all adult family home and group home operators of the standards of care or any modifications to the existing standards. This limited moratorium shall in no way prevent a person eligible to receive services from receiving the same or equivalent chronic long-term care services. In the event of a need for such services, the department shall develop a process for determining the availability of chronic long-term care residential services on a case-by-case basis to determine if an adult family home license should be granted to accommodate the needs of a particular geographical or ethnic community. The department may review the cost and feasibility of creating an adult family home advisory committee. The secretary shall make the final determination on individual case licensure until December 12, 1997, or until the moratorium has been removed and determine if an adult family home advisory committee should be developed.

NEW SECTION. Sec. 403. The department of social and health services is authorized to adopt rules, including emergency rules, for implementing the provisions of section 402 of this act.

PART V
MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 501. The department of health in cooperation with the department of social and health services may develop a plan for implementing a pilot program for accrediting boarding homes licensed under RCW 18.20.020 with a recognized national nongovernmental accreditation organization or an organization with experience in developing and implementing accreditation programs in at least two states. The pilot plan, if funded, shall be developed with the input of residents, provider representatives, and other vested interest groups. If funded, the plan shall review the overall feasibility of implementation, cost or savings to the department of health, impact on client health and safety, and financial and other impacts to the boarding industry. If funded, the pilot boarding home accreditation plan shall be presented to the appropriate committees of the house of representatives and the senate by January 5, 1998.

NEW SECTION. Sec. 502. The department of community, trade, and economic development, in collaboration with the organizations designated by state or federal law to provide protection and advocacy and ombuds services for older Americans and people with disabilities using publicly funded long-term care residential services, may conduct a study, make recommendations, and draft legislation necessary to implement changes that will result in a single coordinating umbrella for ombuds and advocacy services that maximizes efficiency, minimizes duplication, and allows for specialization in target populations such as developmental disabilities, older Americans, and mental illness, and assures that the providers of ombuds services have sufficient expertise and experience with target populations and the systems that serve them. The study, if funded, shall include review of all relevant federal and state laws and regulations, including but not limited to the older Americans act, 42 U.S.C. 3001 as amended, the developmental disabilities assistance and bill of rights act as amended, 42 U.S.C. 6000, the protection and advocacy for persons with mental illness act as amended, 42 U.S.C. 10801, the
rehabilitation act of 1973 as amended, 29 U.S.C. 701, the long-term care ombudsman statute chapter 43.190 RCW, developmental disabilities statute, Title 71A RCW, and the community mental health services regulations, chapter 275-57 WAC. If funded, the study shall identify the gaps in current ombuds and advocacy services, and develop a cost assessment for implementation of a comprehensive umbrella of ombuds and advocacy services. If funded, the department of community, trade, and economic development shall report to the appropriate committees of the house of representatives and the senate by January 10, 1998.

NEW SECTION. Sec. 503. The department of social and health services may review the cost and feasibility of implementing developmental disabilities certification standards for community residential alternatives to ensure that services are adequate for the health, safety, care, treatment, and support of persons with developmental disabilities. The community residential alternatives shall include, but not be limited to, entities that contract or directly provide services with the division of developmental disabilities such as group homes, agency alternative living, intensive and other tenant support services, adult family homes, or boarding homes. Certification standards shall review at a minimum the following areas. Administrative and financial capabilities of the provider, health and safety practices, the opportunities for the individuals served by the programs to have power and choice in their lives, opportunities to develop friendships and relationships, and opportunities to develop self-respect and to gain respect from others, to participate in the community, and to gain independent living skills. If the review is funded, the department shall also recommend whether adult family homes that choose to provide services only to persons with developmental disabilities should receive special certification or licensure apart from or in place of the existing adult family home license. The review may also recommend the type and amount of provider training necessary to appropriately support persons with developmental disabilities in community residential alternatives. The department may include the assistance of other departments, vested interest groups, and family members in the development of recommendations. If funded, the department shall report to the appropriate committees of the house of representatives and the senate by January 30, 1998.

NEW SECTION. Sec. 504. Any section or provision of this act that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department of health or the department of social and health services. If any section of this act is found to be in conflict with federal requirements that are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, the conflicting part is declared to be inoperative solely to the extent of the conflict. The rules issued under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 505. A new section is added to chapter 43.70 RCW to read as follows: The department of health, and the disciplining authorities as agents of the department of social and health services for purposes of this section in cooperation with the department of social and health services, shall implement a nursing home resident protection program in accordance with guidelines established by the federal health care financing administration. The department of social and health services shall retain authority to review and investigate all allegations of nursing home resident neglect, abuse, and misappropriation of resident property. The disciplining authority shall pursue administrative adjudicatory or disciplinary proceedings according to federal timelines and requirements, and consistent with the administrative procedure act, chapter 34.05 RCW. Other individuals used by a nursing home, including certified and registered nursing assistants, with a preliminary determination of neglect, abuse, or misappropriation of resident property shall receive notice and the right to an administrative fair hearing from the department of social and health services according to federal timelines and requirements. (1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol criminal identification system (may) shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant’s record for convictions of offenses against children or other persons, convictions for crimes relating to financial exploitation, but only if the victim was a vulnerable adult, adjudications of child abuse in a civil action, the issuance of a protection order against the respondent under chapter 74.34 RCW, and disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision. (When necessary, applicants may be employed on a conditional basis pending completion of such a background investigation.)

(2) The legislature also finds that the state board of education may request of the Washington state patrol criminal identification system information regarding a certificate applicant’s record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the department of social and health services must consider the information listed in subsection (1) of this section in the following circumstances:
(a) When considering persons for state positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults (or);
(b) When licensing (or authorizing such persons or) agencies (or pursuant to its authority) or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.51((c)) or 74.51((18.20, or 72.23)) RCW (or any later-enacted statute which purpose is to license or regulate a facility which handles vulnerable adults, must consider the information listed in subsection (1) of this section))
(c) When contracting with individuals or businesses or organizations for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW. ((However, when necessary))

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a
volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person’s most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant’s previous employer’s criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject’s rights to privacy and confidentiality.

(g) For the purposes of this subsection, “health care facility” means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

Sec. 525. RCW 43.20A.710 and 1993 c 210 § 1 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges or disciplinary board final decisions of:

(b) Individual providers who are paid by the state for in-home services and hired by individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment, including but not limited to services provided under chapter 74.39A RCW.

(2) The investigation may include an examination of state and national criminal identification data (and the child abuse and neglect register established under chapter 26.44 RCW. The secretary shall provide the results of the state background check on individual providers to the individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment who hired them and to their legal guardians, if any). The secretary shall use the information solely for the purpose of determining the character, suitability, and competence of these applicants (except that in the case of individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment who employ individual providers, the).

(3) The secretary shall provide the results of the state background check on individual providers to the individuals with physical disabilities, developmental disabilities, mental illness, or mental impairment or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If an individual elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from employment with the department, then the secretary may deny payment for any subsequent services rendered by the disqualified individual provider.
Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose. (If necessary, persons may be employed on a conditional basis pending completion of the background investigation.)

There being no objection, the House adopted the Conference Committee recommendation on Engrossed Second Substitute House Bill No. 1850 and advanced the bill to final passage.

POINT OF ORDER

Representative H. Sommers: Mr. Speaker, I request a ruling on Scope and Object on the Senate amendments, particularly section 207, to Engrossed Second Substitute House Bill No. 1850.

SPEAKER’S RULING

The Speaker: Representative Sommers, the Speaker is prepared to rule on your Point of Order which challenges section 207 of the conference committee report to Engrossed Second Substitute House Bill No. 1850 as being beyond the Scope and Object of the bill.

The title of House Bill No. 1850 is "AN ACT Relating to the long-term care reorganization and standards of care reform act." The title is very broad. HB 1850 amends numerous sections of the RCW’s related to health care issues, adds new sections and chapters to the RCW’s that deal with health care issues; repeals several RCW’s; prescribes penalties; provides effective and expiration dates; and declares an emergency.

Engrossed Second Substitute House Bill No. 1850 is a comprehensive bill making extensive changes to current law in order to improve and expand community long-term care options while maintaining standards of care.

Section 101 declares in part that the state’s current fragmented categorical system for administering services to persons with disabilities and the elderly perpetuates difficulty in matching client needs and services to multiple categorical funding sources, and that to meet the significant and growing long-term care needs into the near future, rapid, fundamental changes must take place in the way we finance, organize, and provide long-term care services to the chronically functionally disabled.

Section 207 of the conference report attempts to accomplish this in part by providing enhanced residential care services for up to 180 clients who would otherwise be served in nursing homes or
assisted living. Reimbursement for this care is established at no less than 35% and no greater than 40% of the nursing home rate.

Section 207 of the conference report addresses reforms that include cost-effective options for consumers who would otherwise be placed in higher level nursing home settings. This is rationally related to the original purposes of the bill to establish fundamental reforms including funding sources and financing of care.

The Speaker finds that section 207 of the conference report is not beyond the scope and object of the bill.

Representative H. Sommers, your Point of Order is not well taken.

FINAL PASSAGE OF HOUSE BILL
