"Sec. 1. RCW 15.54.270 and 1993 c 183 s 1 are each amended to read as follows:
Terms used in this chapter have the meaning given to them in this chapter unless the context clearly indicates otherwise.

(1) "Brand" means a term, design, or trademark used in connection with the distribution and sale of one or more grades of commercial fertilizers.

(2) "Bulk fertilizer" means commercial fertilizer distributed in a nonpackage form such as, but not limited to, tote bags, tote tanks, bins, tanks, trailers, spreader trucks, and railcars.

(3) "Calcium carbonate equivalent" means the acid-neutralizing capacity of an agricultural liming material expressed as a weight percentage of calcium carbonate.

(4) "Commercial fertilizer" means a substance containing one or more recognized plant nutrients and that is used for its plant nutrient content or that is designated for use or claimed to have value in promoting plant growth, and shall include limes, gypsum, manipulated animal and vegetable manures, and a material approved under section 5 of this act. Specialty fertilizers may be guaranteed in fractional units of less than one percent of total nitrogen, available phosphorus or phosphoric acid, and soluble potassium or potash. Fertilizer materials, bone meal, manures, and similar materials may be guaranteed in fractional units.

(11) "Guaranteed analysis."

(a) Until the director prescribes an alternative form of "guaranteed analysis" by rule the term "guaranteed analysis" shall mean the minimum percentage of plant nutrients claimed in the following order and form:

<table>
<thead>
<tr>
<th>Nutrient</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total nitrogen (N)</td>
<td>percent</td>
</tr>
<tr>
<td>Available phosphoric acid (P205)</td>
<td>percent</td>
</tr>
<tr>
<td>Soluble potash (K20)</td>

</tr>
</tbody>
</table>

The percentage shall be stated in whole numbers unless otherwise allowed by the department by rule.

The "guaranteed analysis" may also include elemental guarantees for phosphorus (P) and potassium (K).
For unacidulated mineral phosphatic material and basic slag, bone, tankage, and other organic phosphatic materials, the total phosphoric acid or degree of fineness may also be guaranteed.

Guarantees for plant nutrients other than nitrogen, phosphorus, and potassium shall be as allowed or required by rule of the department. The guarantees for such other nutrients shall be expressed in the form of the element.

The guaranteed analysis for limes shall include the percentage of calcium or magnesium expressed as their carbonate; the calcium carbonate equivalent as determined by methods prescribed by the association of official analytical chemists; and the minimum percentage of material that will pass respectively a one hundred mesh, sixty mesh, and ten mesh sieve. The mesh size declaration may also include the percentage of material that will pass additional mesh sizes.

In commercial fertilizer, the principal constituent of which is calcium sulfate (gypsum), the percentage of calcium sulfate (CaSO4.2H2O) shall be given along with the percentage of total sulfur.

The guaranteed analysis for a material approved under section 5 of this act and to be used as a soil amendment shall include the name and percentage of each soil amending ingredient and the total percentage of all other ingredients.

"Label" means the display of all written, printed, or graphic matter, upon the immediate container, or a statement accompanying a fertilizer.

NEW SECTION. Sec. 2. A new section is added to chapter 15.54 RCW to read as follows:
A material approved under section 5 of this act may be distributed as a commercial fertilizer and may be registered as a packaged commercial fertilizer. However, the department may refuse to register such a material as a packaged commercial fertilizer, may cancel the registration of the material as a packaged commercial fertilizer, and may prohibit its distribution as a commercial fertilizer if the department finds evidence that use of the material as a commercial fertilizer poses unacceptable hazards to human health or the environment that were not known during the approval process specified in section 5 of this act.

Sec. 3. RCW 15.54.800 and 1993 c 183 s 14 are each amended to read as follows:

(e) Regulation of the use and disposal of commercial fertilizers for the protection of ground water and surface water; and
(f) The safe handling, transportation, storage, display, and distribution of commercial fertilizers.

This section shall not:
(a) Prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance; or
(b) Apply to a person using a material or materials on the land as commercial fertilizer if (i) the department of ecology has issued written approval for the use of the material or materials as commercial fertilizer as provided in section 5 of this act, (ii) the registration of the material or materials as a packaged commercial fertilizer has not been canceled under section 2 of this act, and (iii) the distribution of the material or materials as a commercial fertilizer has not been prohibited by the department of agriculture under section 2 of this act.

(2)(a) It is a class 3 civil infraction as defined in RCW 7.80.120 for a person to litter in an amount less than or equal to one cubic foot.

(b) It is a class 1 civil infraction as defined in RCW 7.80.120 for a person to litter in an amount greater than one cubic foot. The court may, in addition to or in lieu of part or all of the cleanup fee, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property.

NEW SECTION. Sec. 5. A new section is added to chapter 70.95 RCW to read as follows:
(1) The legislature finds that an optional procedure should be established that provides certainty as to whether certain materials generated as byproducts from the manufacturing of wood products may clearly be distributed and used as commercial fertilizer. It is the intent of the legislature in establishing such a procedure that it be truly optional, and that the procedure or the legislature’s establishment of the procedure not be construed, except as provided in subsection (3) of this section, as suggesting in any manner whatsoever that a material submitted or not submitted for approval under the procedure or generated or not generated as a byproduct from the manufacturing of wood products is or is not to be regulated as a solid waste.

(2)(a) It is a class 3 civil infraction as defined in RCW 7.80.120 for a person to litter in an amount less than or equal to one cubic foot.

(b) It is a class 1 civil infraction as defined in RCW 7.80.120 for a person to litter in an amount greater than one cubic foot. Unless suspended or modified by a court, the person shall also pay a litter cleanup fee of twenty-five dollars per cubic foot of litter. The court may, in addition to or in lieu of part or all of the cleanup fee, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property.
the material characteristics and management methods will not pose unacceptable hazards to human health and the environment. The written approval shall certify, to the extent practicable, that the use of the material as a commercial fertilizer is consistent with the following:

(a) The biosolids standards set forth in rule or guidance under chapter 70.95J RCW, municipal sewage sludge;
(b) Chapter 70.105D RCW, model toxics control act;
(c) Chapter 90.48 RCW, water pollution control;
(d) Chapter 70.94 RCW, Washington clean air act;
(e) Chapter 70.105 RCW, hazardous waste management act; and
(f) Other factors intended to protect human health and the environment.

(3) A material generated as a byproduct from the manufacturing of wood products that is approved by the department under this section for use as commercial fertilizer and that is distributed and used as such shall not be regulated as solid waste.

(4) A party aggrieved by a decision of the department to issue a written approval under this section or to deny the issuance of such an approval may appeal the decision to the pollution control hearings board within thirty days of the decision. Review of such a decision shall be conducted in accordance with chapter 43.21B RCW. Any subsequent appeal of a decision of the hearings board shall be obtained in accordance with RCW 43.21B.180."

(581)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the extraction of minerals by surface mining is an essential activity making an important contribution to the economic well-being of the state and the nation. The citizens of the state are rapidly running out of approved or designated sites at which to conduct these activities. Therefore, the available sources of these minerals are nearly exhausted.

The state has enacted several laws in recent years directing local governments to make land use decisions for appropriate uses of land through designation in advance of or during the comprehensive planning process and then to limit the specific approval process to mitigating specific impacts of the use or uses allowed by the designation. The current planning and regulatory environment makes economically viable permits unobtainable for the vast majority of the sites where the minerals are located and needed.

While it is not possible to extract minerals without producing some environmental impacts, the current structure of regulation of mining operations is doing much more than preventing or mitigating conditions that would be detrimental to the environment and property rights of the citizens of the state. In the current regulatory environment, economically viable permits simply cannot be obtained for the vast majority of the sites where the minerals are located.

The cost of transportation of minerals for any significant distance can have a substantial effect on the costs to the taxpayers of the state. Surface mining must take place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. But surface, mining is a finite use of the land and another beneficial use must follow through reclamation.

Therefore, the legislature finds that designation, production, and conservation of adequate sources of minerals and a balance between appropriate environmental protection and the appropriate regulation of production operations and conservation of minerals is in the best interests of the citizens of the state.

Sec. 2. RCW 78.44.011 and 1993 c 518 s 1 are each amended to read as follows:

The legislature recognizes that the extraction of minerals through surface mining has historically included regulatory involvement by both state and local governments.

It is the intent of the legislature to clarify that surface mining is an appropriate land use, subject to reclamation authority exercised by the department of natural resources and land use designation and (operation) regulatory authority by counties, cities, and towns. The authority for any cities, counties, or towns to regulate operations is derived from this chapter and exercised only as described in RCW 78.44.040. The question of regulatory overlap, the scope of impacts to be regulated by local ordinances, development of model ordinances, the role of each state agency, and reclamation of abandoned mines, shall be the subjects of further study by the house of representatives and senate natural resources committees. The results of these studies must be reported to the legislature prior to the 1998 legislative session. Nothing in this section shall alter or preempt any local government’s authority under chapter 43.21C RCW, the state environmental policy act.

Sec. 3. RCW 78.44.020 and 1993 c 518 s 3 are each amended to read as follows:

The purposes of this chapter are to:

(1) Provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and reclamation at the earliest opportunity following completion of surface mining;

(2) Provide for the greatest practical degree of state-wide consistency in the regulation of surface mines;

(3) Apportion regulatory authority between state and local governments in order to minimize redundant regulation of mining;

(4) Ensure that reclamation is consistent with local land use plans; and
(5) Ensure the power of ((local government)) cities, counties, and towns to designate sites, and regulate land use and operations ((pursuant to section 16 of this act)) as provided in this chapter.

Sec. 4. RCW 78.44.040 and 1993 c 518 s 6 are each amended to read as follows:

(1) The department of natural resources is charged with the administration of reclamation under this chapter. In order to implement and enforce this chapter, the department, under the administrative procedure act (chapter 34.05 RCW), may from time to time adopt those rules necessary to carry out the purposes of this chapter.

(2)(a) Once designated under section 6 of this act, counties, cities, and towns may regulate surface mining operations only by ordinance and only in accordance with the requirements of this chapter. Ordinances required to implement this chapter must be adopted by July 1, 1998.

(b) Local surface mining operating standards shall:

(i) Be limited to those standards that address mitigation of impacts of operations;
(ii) Be performance-based, objective standards that:
(A) Are directly and proportionately related to limiting surface mining impacts;
(B) Are reasonable and generally capable of being achieved;
(C) Take into account existing and available technologies; and
(D) May be met by any lawful means selected by the applicant or operator that, in the judgment of the county, city, or town, achieve compliance with the standard. However, if compliance with the standards described in this section cannot be met by the applicant, after that applicant has had reasonable opportunity to propose mitigation measures that would meet the standards by all other means, the county, city, or town may impose limitations on the hours of operation of that portion of the operation creating the impact that cannot be mitigated any other way;
(iii) Limit application and monitoring fees to the amount necessary to pay the costs of administering, processing, monitoring, and enforcing the regulation of surface mining in accordance with this section;
(iv) Except as otherwise provided in this section, implement the ordinance through an operating plan review and approval process. Such approval process shall:
(A) Require submittal of sufficient, complete, and accurate information, as specified by the local ordinance, to allow the decision maker to review the plan for compliance with state, federal, and local standards;
(B) At the option of the county, city, or town, provide for administrative approval subject to appeal or for initial consideration through a public hearing process; and
(C) Require that project-specific conditions or restrictions be based upon written findings of facts demonstrating their need to achieve compliance with local standards;
(v) Subject to subsection (3) of this section, provide that approvals issued will be valid for fifty years or until the resource is exhausted, whichever is less.

(3) Operating regulations and amendments thereto adopted pursuant to this section may be applied to lawfully preexisting mining operations only if the local ordinance:

(a) Limits application of this section relating to traffic to the designation of approved haul routes;
(b) Provides for an expedited review process for operation plans submitted pursuant to this chapter;
(c) Provides reasonable time periods for compliance with new or amended local operating standards that in no event may be less than one year; and
(d) Includes a variance procedure to allow continuation of existing operations for a nonconforming surface mining operation where strict adherence to a local operating standard would be economically or operationally impractical due to conditions relating to site configuration, topography, or the nature of historic operations.

(4) Nothing in this section precludes a county, city, or town from exercising the express authority delegated to it by a state agency under state law, or from complying with state law when required as a regulated entity.

(5) Nothing in this section shall alter or preempt any local government's authority under chapter 43.21C RCW, the state environmental policy act.
Sec. 5. RCW 78.44.050 and 1993 c 518 s 7 are each amended to read as follows:

The department shall have the exclusive authority to regulate surface mine reclamation ((except that, by contractual agreement, the department may delegate some or all of its enforcement authority to a county, city, or town)). No county, city, or town may require for its review or approval a separate reclamation plan or application. The department may, however, delegate some or all of its enforcement authority by contractual agreement to a county, city, or town that employs personnel who are, in the opinion of the department, qualified to enforce plans approved by the department. All counties, cities, or towns shall have the authority to zone surface mines and adopt ordinances regulating operations ((pursuant to section 16 of this act)) as provided in this chapter, except that county, city, or town operations ordinances may be preempted by the department during the emergencies outlined in RCW 78.44.200 and related rules.

This chapter shall not alter or preempt any provisions of the state fisheries laws (Title 75 RCW), the state water allocation and use laws (chapters 90.03 and 90.44 RCW), the state water pollution control laws (chapter 90.48 RCW), the state wildlife laws (Title 77 RCW), state noise laws or air quality laws (Title 70 RCW), shoreline management (chapter 90.58 RCW), the state environmental policy act (chapter 43.21C RCW), state growth management (chapter 36.70A RCW), state drinking water laws (chapters 43.20 and 70.119A RCW), or any other state statutes.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in RCW 78.44.031, shall be established as an allowed use in local development regulations.

(b) The county shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

(c) This section has no applicability to metals mining and milling operations as defined in RCW 78.56.020.

(2) Nothing in this section precludes any unit of government from accepting the lowest responsible bid for purchase of mineral materials, regardless of source.

(3) Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, a county, city, or town shall discourage the siting of new applications of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

(4) Any additions or amendments to comprehensive plans or development regulations required by this section may be adopted during the normal course of adopting or amending the comprehensive plan or development regulations.

Reasonable notice of additions or amendments to comprehensive plans or development regulations shall be given to property owners and other affected and interested individuals. The county shall use either an existing reasonable notice provision already employed by the county or a new reasonable notice provision, including any of the following:

(a) Notifying owners of real property, as shown by the records of the county assessor, located within three hundred feet of the boundaries of the proposed designation;

(b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the mineral resource deposits are located;

(c) Notifying public or private groups with known interest in the proposed mineral resource designation;

(d) Placing notices in appropriate regional, neighborhood, or trade journals.

(5) For the purposes of this section:

(a) "Long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

(b) "Allowed use" means the use or uses specified by local development regulations as appropriate within those areas designated through the advance or comprehensive planning process. Once designated, a proposed allowed use shall be reviewed for project specific impacts and may be
conditioned to mitigate significant adverse impacts within the context of site plan approval, but such review shall not revisit the question of land use.

Sec. 7. RCW 36.70A.060 and 1991 sp. s. c 32 s 21 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) The development regulations adopted by such counties and cities regarding surface mining operations under RCW 78.44.040 shall not be inconsistent with rules adopted by the department of natural resources.

(5) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

Representative Clements moved the adoption of the following amendment by Representative Clements: (583)

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the shortage of temporary worker housing is due in part to inappropriate construction requirements for temporary worker shelter and related facilities. It is the intent of the legislature that temporary worker housing developers, including employers, be provided with a regulatory framework that allows shelter to be provided that meets the basic dignity, comfort, common decency, health, and safety needs of workers. It is the intent of chapter . . . . Laws of 1997 (this act) to provide a temporary worker housing building code that will encourage private development of temporary worker housing, and will accommodate a wide range of building materials and new and innovative construction formats that are not possible under previously applicable codes.

NEW SECTION. Sec. 2. A new section is added to chapter 19.27 RCW to read as follows:

Temporary worker housing shall be constructed, altered, or repaired as provided in chapter 70.114A RCW. The construction, alteration, or repair of temporary worker housing is not subject to the codes adopted under RCW 19.27.031, except as provided in any code adopted under chapter 70.114A RCW. For the purposes of this section "temporary worker housing" means a shelter, place, area, or piece of land where sleeping places or housing sites are provided by an employer for his or her employees for temporary seasonal occupancy, and includes labor camps under RCW 70.54.110. The rules adopted by the state board of health under RCW 70.54.110 apply to all temporary worker housing.

Sec. 3. RCW 70.114A.020 and 1995 c 220 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Dwelling unit" means a shelter, building, or portion of a building, that may include cooking and eating facilities, that is:

(a) Provided and designated by the operator as either a sleeping area, living area, or both, for occupants; and

(b) Physically separated from other sleeping and common-use areas.

(3) "Facility" means a sleeping place, drinking water, toilet, sewage disposal, food handling installation, or other installations required for compliance with this chapter.
(4) "Occupant" means a temporary worker or a person who resides with a temporary worker at the housing site.

(5) "Operator" means a person holding legal title to the land on which temporary worker housing is located. However, if the legal title and the right to possession are in different persons, "operator" means a person having the lawful control or supervision over the temporary worker housing under a lease or other arrangement.

(6) "Temporary worker" means a person employed intermittently and not residing year-round at the same site.

(7) "Temporary worker housing" means a place, area, or piece of land where sleeping places or housing sites are provided by an employer for his or her employees or by another person, including a temporary worker housing operator, who is providing such accommodations for employees, for temporary, seasonal occupancy, and includes "labor camps" under RCW 70.54.110. The rules adopted by the state board of health under RCW 70.54.110 apply to all temporary worker housing.

Sec. 4. RCW 70.114A.080 and 1995 c 220 s 8 are each amended to read as follows:

The (state building code council) department shall (develop) adopt by rule under chapter 34.05 RCW a temporary worker (housing) building code, in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, the rules adopted by the state board of health under RCW 70.54.110, and the following guidelines:

(1) The code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements.

(2) The code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing.

(3) In developing the code the (council) department shall consider: (a) The need for dormitory type housing for groups of unrelated individuals; and (b) the need for housing to accommodate families.

(4) The code shall include construction standards for a variety of formats, including, but not limited to: (a) (Tents and tent platforms) Straw bale exterior wall structures; and (b) hard-shell, single exterior wall structures.

(5) The code shall include standards for temporary worker housing that is to be used only during periods when no auxiliary heat is required.

In (developing) adopting the temporary worker (housing) building code, it is the intent of the legislature that the (building code council) department make exceptions to the codes listed in RCW 19.27.031, and chapter 19.27A RCW, in keeping with the guidelines set forth in this section. (The building code council shall appoint a technical advisory committee to assist in the development of the temporary worker housing code, which shall include representatives of industries that most frequently supply temporary housing to their employees.) It is also the intent of the legislature that the initial temporary worker building code adopted by the department be substantially equivalent to the temporary worker building code developed by the state building code council under section 8, chapter 220, Laws of 1995, and presented to the legislature on December 1, 1996.

A rule-making advisory and oversight committee is hereby established that shall participate fully throughout the rule-making process authorized by chapter 34.05, Laws of 1997 (this act). The advisory and oversight committee is composed of seven members as follows: One member from each caucus in the house of representatives, appointed by the speaker of the house of representatives; one member from each caucus in the senate, appointed by the president of the senate; one member representing migrant and seasonal agricultural workers; one member representing agricultural employers; and one member from the department of labor and industries to serve ex officio, appointed by the governor.

The temporary worker building code authorized and required by this section shall be enforced by the department.

Sec. 5. RCW 43.70.340 and 1990 c 253 s 3 are each amended to read as follows:
(1) The farmworker housing inspection fund is established in the custody of the state treasury. The department of health shall deposit all funds received under subsection (2) of this section and from the legislature to administer a labor camp inspection program conducted by the department of health. Disbursement from the fund shall be on authorization of the secretary of health or the secretary’s designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

(2) There is imposed a fee on each operating license issued by the department of health to every operator of a labor camp that is regulated by the state board of health. The fee paid under this subsection shall include all necessary inspection of the units to ensure compliance with applicable state board of health rules on labor camps.

(a) Fifty dollars shall be charged for each labor camp containing six or less units.

(b) Seventy-five dollars shall be charged for each labor camp containing more than six units.

(3) The term of the operating license and the application procedures shall be established, by rule, by the department of health.

(4) The department of health shall establish a building permit fee schedule for temporary worker housing subject to chapter 70.114A RCW. The department of health shall develop rules to establish a fee schedule sufficient to cover the cost of all necessary plan reviews and on-site construction inspections of the temporary worker housing to ensure compliance with the codes developed under RCW 70.114A.080.

POINT OF PERSONAL PRIVILEGE

Representative Appelwick: We have not prepared a floor resolution in recognition of the anniversary that the rest of the nation is celebrating today. I would like to take a moment to note that fifty years ago Jackie Robinson was brought into the major leagues because Branch Rickey of the Brooklyn Dodgers took a chance on a player’s ability and looked past the color of his skin. It was an enormous change in the face of America. The nation’s pasttime was big entertainment. Segregation was alive and well in many respects. Here was a man who understood his place in history; who tolerated demeaning treatment in order to pave the way for others. I think he stood the course very well. His wife was a woman of great courage and stood by him in this time. They both endured a lot so that progress could be made for others. To the point of different transportation from other members of the
team, staying in different hotels, having the equipment manager separate his uniform and clothing from the rest to take to a separate laundry. Things which might seem totally unthinkable today. It’s hard perhaps for many of us who are Caucasian to appreciate the significance that these breakthroughs in the race barrier meant. I know in law school, when they talked about bias in the court room or discrimination, it didn’t ring true to me. I didn’t feel I had grown up in an area or environment where any of that were the case. Justice Smith, who had been on the law faculty put it in context for me by using this example: Close your eyes and imagine that all the people you know in this chamber, every member you are serving with, is of a different race and you are the only white person here. Would you feel a little different? They are the same people but would you feel different? The nagging uneasiness, that’s the essence of the racial tension. And yet Jackie Robinson, who had great talent, had to put up with not only that nagging discomfort of being the only black face on the team, but with being unaccepted by the fans: of being sworn at, threatened, and intimidated. But he had the courage to go forward. He opened the door for a lot of people who are making a lot of money and should be really grateful. He did it at a time when there wasn’t the big money to be made. But he did it with the kind of class that demonstrated that you should be judged not by the color of your skin but by the quality of your character and the good talents the good Lord gave you.

It is appropriate that we share in the tribute to Jackie Robinson, and Branch Rickey who had the courage to take a chance and break convention, and respect human beings. Thank you.

SPEAKER’S PRIVILEGE

The Speaker: I wish to echo the remarks of the gentleman from the 46th District. We had the privilege of being in the audience when Jackie Robinson’s daughter received on his behalf a standing ovation by 57,000 people for his great courage. We have no idea of the significance of that courage. We see today an acceptance, without the appreciation of what it took to get here. We see a lot of people doing very well in this profession, not only with popularity, but with finances.

I would simply ask, that as we make our decisions, and as we share with one another, that we show the same kind of courage and respect that that gentleman demonstrated fifty years ago.

There being no objection, the House advanced to the eleventh order of business.

MOTION

On motion by Representative Robertson, the House adjourned until 9:00 a.m., Wednesday, April 16, 1997.

Representative Ballasiotes moved the adoption of the following amendment by Representative Ballasiotes: (606)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license, and to provide in certain circumstances for the forfeiture of such vehicles where the owner continues to drive despite having been previously convicted of the crime of driving with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420.

NEW SECTION. Sec. 2. A new section is added to chapter 46.20 RCW to read as follows:

(1) Notwithstanding RCW 46.55.113, whenever a motor vehicle is found to be operated by a person with a suspended or revoked driver's license or nonresident driving privileges, or while in a suspended or revoked status in violation of RCW 46.20.342 or 46.20.420, the vehicle is subject to impoundment, pursuant to applicable local ordinance, at the direction of a law enforcement officer. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license, and to provide in certain circumstances for the forfeiture of such vehicles where the owner continues to drive despite having been previously convicted of the crime of driving with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420.

(2) If a vehicle is impounded under this section because the operator is in violation of RCW 46.20.342(1)(c), the vehicle shall not be released until a person eligible to redeem it under RCW 46.55.120(1)(a) satisfies the requirements of RCW 46.55.120(1)(b), including paying all towing,
removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to fifteen days at the written direction of the agency ordering the vehicle impounded.

(3) If a vehicle is impounded under this section because the operator is in violation of RCW 46.20.342(1)(a) or (b), the vehicle may be held for up to fifteen days and must not be released until a person eligible to redeem it under RCW 46.55.120(1)(a) satisfies the requirements of RCW 46.55.120(1)(b), including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342(1)(a) or (b) or a similar local ordinance within the past five years and the operator has a financial interest in the vehicle, the vehicle is subject to forfeiture. If the vehicle is forfeited, then the forfeiting agency shall pay all the impoundment, towing, and storage fees for the vehicle and shall be entitled to recover those fees from the operator of the forfeited vehicle, including any attorneys’ fees, costs of collection, and interest at the statutory rate for judgment interest from the date of payment by the forfeiting agency of such fees.

(4) A forfeiture proceeding is commenced by the law enforcement agency causing notice of the intended forfeiture of the seized vehicle to be served not less than ten days after seizure on the registered tow truck operator which impounded the vehicle, the owner of the vehicle seized, the person in charge of the vehicle when it was seized, and any person having a known right or interest in the vehicle, including a community property interest. The notice may be served by any method authorized by law or court rule, including, but not limited to, service by certified mail with return receipt requested. Service by mail is complete upon mailing. Notice in the case of a vehicle subject to a security interest that has been perfected on a certificate of title must be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement, the certificate of title, or the transitional ownership record. Once the registered tow truck operator which impounded the vehicle receives notice, the vehicle must not be released except upon written order of the chief law enforcement officer of the agency directing the impoundment or his or her designee, an administrative law judge, or a court.

(5) The remaining procedures for forfeiting the vehicle are the same as set forth in RCW 46.61.5058 (5) through (14).

(6) Notwithstanding RCW 46.52.120(2), in any hearing under RCW 46.55.120 to contest the validity of the impoundment or under this section to contest the validity of the forfeiture, an abstract of the person’s driving record may be admitted as and is prima facie evidence of the status of the person’s driving privilege and that the person was convicted of each offense shown by the abstract. In addition, a certified vehicle registration of the vehicle sought to be forfeited shall be admissible without further evidentiary foundation.

(7) No determination of facts made by a person conducting a hearing under this section or RCW 46.55.120 shall have any collateral estoppel effect on a subsequent criminal prosecution and shall not preclude litigation of those same facts in a subsequent criminal prosecution.

Sec. 3. RCW 46.55.105 and 1995 c 219 s 4 are each amended to read as follows:

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner’s rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.
Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101(1) ((or a vehicle theft report filed with a law enforcement agency)) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under section 13 of this act. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.100, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(5), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court’s jurisdiction.

Sec. 4. RCW 46.55.113 and 1996 c 89 s 1 are each amended to read as follows:
Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, the arresting officer may take custody of the vehicle and provide for its prompt removal to a place of safety. In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:
(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;
(2) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;
(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;
(4) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;
(5) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;
(6) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;
(7) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.021 or with a license that has been expired for ninety days or more((, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420)).

Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

Sec. 5. RCW 46.55.110 and 1995 c 360 s 6 are each amended to read as follows:
(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the
identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) If the date on which a notice required by subsection (2) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(4) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

Sec. 6. RCW 46.55.120 and 1996 c 89 s 2 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, (46.55.113, or section 2 of this act may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle’s insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a person redeeming a vehicle impounded under section 2 of this act must prior to redemption establish with the agency that ordered the vehicle impounded that he or she has a valid driver’s license and is in compliance with RCW 46.30.020. A vehicle impounded under section 2 of this act can only be released pursuant to a written order from the agency that ordered the vehicle impounded.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. In addition, if a vehicle is impounded under section 2 of this act and was being operated by the registered owner when it was impounded, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded that any penalties, fines, or forfeitures owed by him or her have been satisfied. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer’s bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court
has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district or municipal court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in the small claims department of a district court. If the hearing request is not received by the district or municipal court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district or municipal court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The district or municipal court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer’s personal appearance at the hearing.

(c) At the conclusion of the hearing, the district or municipal court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment under section 2 of this act is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the local government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver’s license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 7. RCW 46.55.130 and 1989 c 111 s 12 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(2) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator’s lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within ((thirty)) forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(2).

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable.
Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available.

**NEW SECTION. Sec. 8.** A new section is added to chapter 46.55 RCW to read as follows:

In any administrative or judicial proceeding involving a forfeiture of a vehicle under section 2 of this act, the chief law enforcement officer or court shall provide for the protection of a bona fide community property interest in the vehicle of a person other than the person whose operation of the vehicle with a suspended or revoked license led to the forfeiture.

Sec. 10. RCW 46.55.100 and 1995 c 360 s 5 are each amended to read as follows:

(1) At the time of impoundment the registered tow truck operator providing the towing service
shall give immediate notification, by telephone or radio, to a law enforcement agency having
jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private
communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of
the impoundment, provide to a requesting operator the name and address of the legal and registered
owners of the vehicle, and the registered owner of any personal property registered or titled with the
department that is attached to or contained in or on the impounded vehicle, the vehicle identification
number, and any other necessary, pertinent information. The initial notice of impoundment shall be
followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle
from another state, time requirements of this subsection do not apply until the requesting law
enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any
vehicle, and for any items of personal property registered or titled with the department, that are in the
operator’s possession after the ((ninety-six)) one hundred twenty-hour abandonment period. Such report
need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner
notification and abandonment process shall be initiated by the registered tow truck operator
immediately following notification by a court or law enforcement officer that the writ, court order, or
police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the
registered tow truck operator with owner information within seventy-two hours.

(4) Within ((fifteen)) fourteen days of the sale of an abandoned vehicle at public auction, the
 towing operator shall send a copy of the abandoned vehicle report showing the disposition of the
abandoned vehicle and any other items of personal property registered or titled with the department to
the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department
finds no owner information, an operator may proceed with an inspection of the vehicle and any other
items of personal property registered or titled with the department to determine whether owner
 identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the
appropriate law enforcement agency, which shall search the vehicle and any other items of personal
property registered or titled with the department for the vehicle identification number or other
appropriate identification numbers and check the necessary records to determine the vehicle’s or other
property’s owners.

Sec. 11. RCW 46.12.095 and 1969 ex.s. c 170 s 16 are each amended to read as follows:

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer
and for which a certificate of ownership is required is perfected only by compliance with the
requirements of section 13 of this act under the circumstances provided for therein or by compliance
with the requirements of this section:

(1) A security interest is perfected ((only)) by the department’s receipt of: (a) The existing
certificate, if any, and (b) an application for a certificate of ownership containing the name and address
of the secured party, and (c) tender of the required fee.

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in ((the
preceding)) subsection (1) of this section are received by this department within ((eight department
business)) twenty calendar days ((exclusive)) of the day on which the security agreement was created;
or (b) if the secured party’s name and address appear on the outstanding certificate of ownership;
otherwise, as of the date on which the department has received the papers and fee required in
subsection (1) of this section.
If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

(a) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

(b) If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state.

Sec. 12. RCW 46.12.101 and 1991 c 339 s 19 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. (Within five days, excluding Saturdays, Sundays, and state and federal holidays.) The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number, if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided for that purpose by the department. The report of sale is deemed properly filed if all required information is provided on the form and includes a department authorized notation or receipt that the document was received by the department or its agents or subagents on or before the fifth day following the date of sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Any report of sale processed and recorded by the department’s agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.12.120 the transferee shall within fifteen days after delivery of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner’s assignment from the transferee, it shall transmit the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:
(a) The department requesting additional supporting documents;
(b) Extended hospitalization or illness of the purchaser;
(c) Failure of a legal owner to release his or her interest;
(d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller’s report has been received but no transfer of title has taken place.

NEW SECTION. Sec. 13. A new section is added to chapter 46.12 RCW to read as follows:

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department’s computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and
(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its authorized agents or subagents. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(4) "Transitional ownership record" means a record containing all of the following information:

(a) The date of sale;
(b) The name and address of each owner of the vehicle;
(c) The name and address of each security interest holder;
(d) If there are multiple security interest holders, the priorities of interest if the security interest holders do not jointly hold a single security interest;
(e) The vehicle identification number, the license plate number, if any, the year, make, and model of the vehicle; and
(f) The name of the selling dealer or security interest holder who is submitting the transitional ownership record.

(5) The report of sale form prescribed by the department under RCW 46.12.101 may be utilized by a vehicle dealer as the transitional ownership record.

(6) Notwithstanding the provisions of RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. Upon receipt of the certificate of ownership for the vehicle, or upon receipt of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1).
(7) The department shall adopt rules in accordance with chapter 34.05 RCW to develop the form for the transitional ownership record.

POINT OF ORDER

Representative Chandler requested a ruling on Scope and Object of amendment 564.

SPEAKER'S RULING
The Speaker (Representative Pennington presiding): Representative Chandler, the Speaker is ready to rule on your Scope and Object request on amendment 564.

The subject portion of the title of Second Substitute Senate Bill No. 5842 is: "AN ACT Relating to litter control and recycling." Both the bill and the proposed committee amendment propose changes to Chapter 70. 93, The Model Litter Control Act, and to Chapter 82.19, the Refuse Collection tax.

The Scope of the bill, as measured by the title of the act, is narrow, amendments must relate to litter control or recycling.

Amendment 564 by Representative Kessler would propose to amend the Recycled Products Procurement law, Chapter 43.19A RCW so as to exempt certain paper mills from meeting some of the recycling standards of that act.

The Speaker finds that amendment 564 does deal with recycling and is within the Scope of the title of Second Substitute Senate Bill No. 5842.

The Object of Second Substitute Senate Bill No. 5842 is to change the distribution formula of funds collected under the litter act so as to provide more monies for litter clean up along highways.

The Object of amendment 564 as noted above, is to exempt certain paper mills from meeting some of the recycling standards of the state Product Procurement Act.

The Speaker finds that amendment 564 is beyond the Object of Second Substitute Senate Bill No. 5842.

SUBSTITUTE SENATE BILL NO. 5569, by Senate Committee on Commerce & Labor (originally sponsored by Senators Schow, Sellar and Wood)
Revising provisions for overtime compensation for commissioned salespersons.

SPEAKER’S RULING

Mr. Speaker: Representative McMorris, the Speaker is prepared to rule on your request for Scope and Object of amendment 591 to Substitute Senate Bill No. 5569. (For amendment, see Journal, 93rd Day, April 15, 1997.)

The subject portion of the title of Substitute Senate Bill No. 5569 is: "ACT Relating to overtime compensation for commissioned salespersons."

The Scope of the bill, as measured by the title of the act, is narrow; any amendment must in some manner deal with overtime compensation for commissioned sales persons, in order to fall within the scope of this title.

Amendment 591 by Representative Conway proposes to remove farm workers from an exemption from overtime contained in the current law.

While amendment 591 seeks to amend the same section of RCW as does Substitute Senate Bill No. 569, the amendment does not relate to overtime compensation for commissioned salespersons.

The Speaker finds that amendment 591 is not within the Scope of the title of Substitute Senate Bill No. 5569.

Representative McMorris, your Point of Order is well taken.

Representative Conway moved the adoption of the following amendment by Representative Conway: (588)

On page 3, immediately after line 37, insert "This subsection (3) applies only to the hours of employment in which, except for de minimis other duties performed at the direction of the employer, the employee is engaged exclusively in sales duties."

On page 6, immediately after line 31, insert "(8) "Sales duties" include selling goods or services, duties incidental to or in conjunction with selling goods or services, inactivity pending a sales opportunity, or duties performed pending a sales opportunity in reasonable proximity to the employee’s customary sales location."

Representatives Conway and Kastama spoke in favor of the adoption of the amendment.

Representative McMorris spoke against the adoption of the amendment.

Representative Hatfield demanded an electronic roll call vote and the demand was sustained.

(4) Regional fisheries enhancement groups have been exceptionally successful in their efforts to work with private landowners to restore and enhance salmon habitat on private lands.

(5) Regional fisheries enhancement groups have provided the most cost-effective approach to assisting the recovery of salmon fisheries in Washington state. Expenditures from the account may be used for the sole purpose of fisheries enhancement and habitat restoration by regional fisheries enhancement groups.
(2) The salmonid recovery account is created in the custody of the state treasurer. All receipts from private gifts, grants, bequests, and donations must be deposited into the account. Expenditures from the account may be used for the sole purpose of fisheries enhancement and habitat restoration by regional fisheries enhancement groups. Only the director or the director’s designee may authorize expenditures from the account. caseloads.
(4) $26,000 of the general fund--state appropriation for fiscal year 1998, $59,000 of the
general fund--state appropriation for fiscal year 1999, and $85,000 of the general fund--federal

(9)(a) The department shall establish a shadow case mix payment system to educate facilities
about payment system alternatives. The department shall provide shadow rates beginning July 1, 1997,
based on the following:

Version 5.10 (or subsequent revision) 44 group index maximizing model based on the Minimum Data
Set (MDS) Version 2.0.
(ii) Payment to a facility shall be based on facility weighted average case mix data which
provides one rate to a facility reflecting its mix of residents. For purposes of determining the facility’s
cost per case mix unit, the facility average case mix score will be based on the case mix of all
residents. For purposes of determining the facility’s payment rate, the facility average case mix score
shall be based on the case mix of medicaid residents.
(iii) The direct care rates shall be adjusted prospectively each quarter based on the facility’s
MDS 2.0 data from the quarter commencing six months preceding the rate effective date. For example,
the MDSs for 1/1/97 - 3/31/97 shall be used to establish shadow rates for 7/1/97 - 9/30/97.
(iv) Those costs which currently comprise nursing services as defined by chapter 74.46 RCW,
excluding therapies, shall be included in the direct care component for case mix.
Data from 1994 cost reports (allowable and audited costs) shall be used to establish the shadow rates. The costs shall be inflated comparable to fiscal year 1998 payment rates, according to RCW 74.46.420.

Separate prices, ceilings, and corridors shall be established for the peer groups of metropolitan statistical area and nonmetropolitan statistical area.

The following methods shall be used to establish the shadow case mix rates:

(i) A pricing system in which payment to a facility shall be based on a price multiplied by each facility's medicaid case mix. The price, per peer group, shall be established at the median direct care cost per case mix unit.

(ii) A pricing system in which payment to a facility shall be based on a price multiplied by each facility's medicaid case mix. The price, per peer group, shall be based on the cost per case-mix unit of a group of cost-effective benchmark facilities which meet quality standards.

(iii) A corridor-based system in which payment to a facility shall be the facility's allowable cost per case-mix unit adjusted for case mix up to a ceiling and no less than a floor. The floor, per peer group, shall be established at 90 percent of the cost per case-mix unit of a group of cost-effective benchmark facilities which meet quality standards. The ceiling, per peer group, shall be established at 110 percent of the cost per case-mix unit of the group of benchmark facilities.

(iv) A corridor-based system in which payment to a facility shall be the facility’s allowable cost per case-mix unit adjusted for case mix up to a ceiling and no less than a floor. The floor, per peer group, shall be established at 90 percent of the industry-wide median direct care cost per case-mix unit. The ceiling, per peer group, shall be established at 110 percent of the industry-wide median direct care cost per case-mix unit.

The department shall provide all data, information, and specifications of the methods used in establishing the shadow case mix rates to the nursing home provider associations.

It is the legislature’s intent that the average state payment for nursing facility services under the new system increase by no more than 175 percent of the health care financing administration nursing home input price index, excluding capital costs. In designing the new payment system, the department shall develop and propose options for the combined direct and indirect rate components that assure this.

NEW SECTION. Sec. 502. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION-
-FOR GENERAL APPORTIONMENT (BASIC EDUCATION)

General Fund Appropriation (FY 1998) $ 3,429,727,000
General Fund Appropriation (FY 1999) $ 3,511,157,000
TOTAL APPROPRIATION $ 6,940,884,000

The appropriations in this section are subject to the following conditions and limitations:
(1) The appropriation for fiscal year 1998 includes such funds as are necessary for the remaining months of the 1996-97 school year.
(2) Allocations for certificated staff salaries for the 1997-98 and 1998-99 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection.

Certificated staffing allocations shall be as follows:
(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:
(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;
(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;
(iii) An additional 5.3 certificated instructional staff units for grades K-3. Any funds allocated for these additional certificated units shall not be considered as basic education funding;
(A) Funds provided under this subsection (2)(a)(iii) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full-time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district’s actual grades K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;
(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district’s staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district’s actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;
(C) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full-time equivalent students in grades K-3 may use allocations generated under this subsection (2)(a)(iii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. Funds allocated under this subsection (2)(a)(iii) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants; and
(iv) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12;
(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c) On the basis of full-time equivalent enrollment in:

(i) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 18.3 full-time equivalent vocational students. Beginning with the 1998-99 school year, districts documenting staffing ratios of less than 1 certificated staff per 18.3 students shall be allocated the greater of the total ratio in subsections (2)(a)(i) and (iv) of this section or the actual documented ratio;

(ii) Skills center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;

(iii) Indirect cost charges, as defined by the superintendent of public instruction, to vocational-secondary programs shall not exceed 10 percent; and

(iv) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and
(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1997-98 and 1998-99 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 20.22 percent in the 1997-98 and 1998-99 school years for certificated salary allocations provided under subsection (2) of this section, and a rate of 18.65 percent in the 1997-98 and 1998-99 school years for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of $7,950 per certificated staff unit in the 1997-98 school year and a maximum of $8,165 per certificated staff unit in the 1998-99 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of $15,147 per certificated staff unit in the 1997-98 school year and a maximum of $15,556 per certificated staff unit in the 1998-99 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $354.64 per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1996-97 school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $6,124,000 outside the basic education formula during fiscal years 1998 and 1999 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $447,000 may be expended in fiscal year 1998 and a maximum of $459,000 may be expended in fiscal year 1999;

(b) For summer vocational programs at skills centers, a maximum of $1,948,000 may be expended each fiscal year;

(c) A maximum of $321,000 may be expended for school district emergencies; and

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2) (b) through (h) of this section, the following shall apply:
   (a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and
   (b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2) (a) through (h) of this section shall be reduced in increments of twenty percent per year.

General Fund--Federal Appropriation $ 135,106,000

The appropriations in this section are subject to the following conditions and limitations:  
(1) The appropriation for fiscal year 1998 includes such funds as are necessary for the remaining months of the 1996-97 school year.  
(2) The superintendent of public instruction shall distribute state funds to school districts based on two categories, the optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.  
(3) For the 1997-98 and 1998-99 school years, the superintendent shall distribute state funds to each district based on the sum of:
(a) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, times the district's average basic education allocation per full-time equivalent student, times 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment times the funded enrollment percent determined pursuant to subsection (4)(c) of this section, times the district's average basic education allocation per full-time equivalent student times 0.9309.

(4) The definitions in this subsection apply throughout this section.

(a) "Average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 (i.e., 49/1000 certificated instructional staff in grades K-3, and 46/1000 in grades 4-12) and shall not include enhancements for K-3, secondary vocational education, or small schools.

(b) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(c) "Enrollment percent" means the district's resident special education annual average enrollment including those students counted under the special education demonstration projects, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment. For the 1997-98 and the 1998-99 school years, each district's funded enrollment percent shall be:

(i) For districts whose enrollment percent for 1994-95 was at or below 12.7 percent, the lesser of the district's actual enrollment percent for the school year for which the allocation is being determined or 12.7 percent.

(ii) For districts whose enrollment percent for 1994-95 was above 12.7 percent, the lesser of:

(A) The district's actual enrollment percent for the school year for which the special education allocation is being determined; or

(B) The district's actual enrollment percent for the school year immediately prior to the school year for which the special education allocation is being determined if greater than 12.7 percent; or

(C) For 1997-98, the 1994-95 enrollment percent reduced by 75 percent of the difference between the district's 1994-95 enrollment percent and 12.7 percent and for 1998-99, 12.7 percent.

(5) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in the aggregate rather than individual district units. For purposes of this subsection (4) of this section, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(6) A maximum of $12,000,000 of the general fund--state appropriation for fiscal year 1998 and a maximum of $12,000,000 of the general fund--state appropriation for fiscal year 1999 are provided as safety net funding for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (3) of this section. Safety net funding shall be awarded by the state safety net oversight committee.

(a) The safety net oversight committee shall first consider the needs of districts adversely affected by the 1995 change in the special education funding formula. Awards shall be based on the amount required to maintain the 1994-95 state special education excess cost allocation to the school district in aggregate or on a dollar per funded student basis.

(b) The committee shall then consider unusual needs of districts due to a special education population which differs significantly from the assumptions of the state funding formula. Awards shall be made to districts that convincingly demonstrate need due to the concentration and/or severity of disabilities in the district. Differences in program costs attributable to district philosophy or service delivery style are not a basis for safety net awards.

(7) Prior to June 1st of each year, the superintendent shall make available to each school district from available data the district's maximum funded enrollment percent for the coming school year.

(8) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules in place for the 1996-97 school year, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.
(9) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:
   (a) Staff of the office of superintendent of public instruction;
   (b) Staff of the office of the state auditor;
   (c) Staff from the office of the financial management; and
   (d) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.
(10) A maximum of $4,500,000 of the general fund--federal appropriation shall be expended for safety net funding to meet the extraordinary needs of one or more individual special education students.
(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.
(12) A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.
(13) A school district may carry over up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.
(14) Beginning in the 1997-98 school year, the superintendent shall increase the percentage of federal flow-through to school districts to at least 84 percent. In addition to other purposes, school districts may use increased federal funds for high cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.
(15) Up to one percent of the general fund--federal appropriation shall be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

NEW SECTION, Sec. 601. The appropriations in sections 603 through 609 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 603 through 609 of this act.

(2)(a) The salary increases provided or referenced in this subsection shall be the allowable salary increases provided at institutions of higher education, excluding increases associated with normally occurring promotions and increases related to faculty and professional staff retention, and excluding increases associated with employees under the jurisdiction of chapter 41.56 RCW pursuant to the provisions of RCW 28B.16.015.

(b) Each institution of higher education shall provide to each classified staff employee as defined by the office of financial management a salary increase of 3.0 percent on July 1, 1997. Each
institution of higher education shall provide to instructional and research faculty, exempt professional staff, academic administrators, academic librarians, counselors, teaching and research assistants as classified by the office of financial management, and all other nonclassified staff, including those employees under RCW 28B.16.015, an average salary increase of 3.0 percent on July 1, 1997. For employees under the jurisdiction of chapter 41.56 RCW pursuant to the provisions of RCW 28B.16.015, distribution of the salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee’s position is allocated. To collect consistent data for use by the legislature, the office of financial management, and other state agencies for policy and planning purposes, institutions of higher education shall report personnel data to be used in the department of personnel’s human resource data warehouse in compliance with uniform reporting procedures established by the department of personnel.

(c) Each institution of higher education receiving appropriations under sections 604 through 609 of this act may provide to instructional and research faculty, exempt professional staff, academic administrators, academic librarians, counselors, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under RCW 28B.16.015, an additional average salary increase of 1.0 percent on July 1, 1997, and an average salary increase of 2.0 percent on July 1, 1998. Any salary increases authorized under this subsection (2)(c) shall not be included in an institution’s salary base. It is the intent of the legislature that general fund—state support for an institution shall not increase during the current or any future biennium as a result of any salary increases authorized under this subsection (2)(c).

(d) Specific salary increases authorized in sections 603 through 609 of this act are in addition to any salary increase provided in this subsection.

(3)(a) Each institution receiving appropriations under sections 604 through 609 of this act shall submit plans for achieving measurable and specific improvements in academic years 1997-98 and 1998-99 to the higher education coordinating board. The plans, to be prepared at the direction of the board, shall be submitted by August 15, 1997 (for academic year 1997-98) and August 15, 1998 (for academic year 1998-99). The following measures and goals will be used for the 1997-99 biennium:

   Goal

   (i) Undergraduate graduation efficiency index:
       For students beginning as freshmen 95%
       For transfer students 90%
   (ii) Undergraduate student retention, defined as the percentage of all undergraduate students who return for the next year at the same institution, measured from fall to fall:
       Research universities 95%
       Comprehensive universities and college 90%
   (iii) Graduation rates, defined as the percentage of an entering freshmen class at each institution that graduates within five years:
       Research universities 65%
       Comprehensive universities and college 55%
   (iv) A measure of faculty productivity, with goals and targets in accord with the legislative intent to achieve measurable and specific improvements, to be determined by the higher education coordinating board, in consultation with the institutions receiving appropriations under sections 604 through 609 of this act.
   (v) An additional measure and goal to be selected by the higher education coordinating board for each institution, in consultation with each institution.

(b) Academic year 1995-96 shall be the baseline year against which performance in academic year 1997-98 shall be measured. Academic year 1997-98 shall be the baseline year against which performance in academic year 1998-99 shall be measured. The difference between each institution’s baseline year and the state-wide performance goals shall be calculated and shall be the performance gap for each institution for each measure for each year. The plan for each institution shall set as a performance target the closing of its performance gap for each measure by ten percent in each year. Each institution shall report to the higher education coordinating board on its actual performance achievement for each measure for academic year 1997-98 by October 15, 1998.

(4) The state board for community and technical colleges shall develop an implementation plan for measurable and specific improvements in productivity, efficiency, and student retention in academic
years 1997-98 and 1998-99 consistent with the performance management system developed by the work force training and education coordinating board and for the following long-term performance goals:

Goal

(a) Hourly wages for vocational graduates $12/hour
(b) Academic students transferring to Washington higher education institutions 67%
(c) Core course completion rates 85%
(d) Graduation efficiency index 95

(5) The state’s public institutions of higher education increasingly are being called upon to become more efficient in conducting the business operations necessary to support the carrying out of their academic missions. The legislature recognizes that state laws and regulations may have the unintended effect of acting as barriers to efficient operation in some instances, and desires to encourage the institutions of higher education to think beyond the constraints of current law in identifying opportunities for improved efficiency. Accordingly, the legislature requests that the institutions of higher education, working together through the council of presidents’ office and the state board for community and technical colleges, identify opportunities for changes in state law that would form the basis for a new efficiency compact with the state, for consideration no later than the 1999 legislative session.

NEW SECTION. Sec. 602. (1) The appropriations in sections 603 through 609 of this act provide state general fund support or employment and training trust account support for full-time equivalent student enrollments at each institution of higher education. POINT OF ORDER
Representative B. Thomas: Mr. Speaker, I request a ruling on Scope and Object ruling on amendment 542.

SPEAKER’S RULING

The Speaker (Representative Pennington presiding): Representative Thomas, the Speaker is ready to rule on your request for Scope and Object on amendment 542.

The subject portion of the title of Engrossed Substitute Senate Bill No. 5574 is: "AN ACTING Relating to property tax reform."

The Scope of the bill, as measured by the title of the act, is very broad, any amendment dealing with any type of property tax reform will fall within the scope of this title.

Amendment 542 by Representative Dunshee would propose to reform the property tax system by granting an owner occupied property tax credit.

Amendment 542 is clearly within the Scope of the title of Engrossed Substitute Senate Bill No. 5574.

The Object of Engrossed Substitute Senate Bill No. 5574 is to provide tax payers with more information about property taxes. Engrossed Substitute Senate Bill No. 5574 does not alter taxes or extend credits for taxes paid, it simply provides information.

The Object of amendment 542 as noted above is to grant credits for property taxes paid by home owners.

The Speaker finds that amendment 542 is beyond the Object of Engrossed Substitute Senate Bill No. 5574.

Creating the Washington pheasant enhancement program.

The bill was read the second time.

Representative Schoesler moved the adoption of the following amendment by Representative Schoesler: (624)
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that pheasant populations in eastern Washington have greatly decreased from their historic high levels and that pheasant hunting success rates have plummeted. The number of pheasant hunters has decreased due to reduced hunting success. There is an opportunity to enhance the pheasant population by release of pen-reared pheasants and habitat enhancements to create increased hunting opportunities on publicly owned and managed lands.

NEW SECTION. Sec. 2. There is created within the department the eastern Washington pheasant enhancement program. The purpose of the program is to improve the harvest of pheasants by releasing pen-reared rooster pheasants on sites accessible for public hunting and by providing grants for habitat enhancement on public or private lands under agreement with the department. The department may either purchase rooster pheasants from private contractors, or produce rooster pheasants from department-sanctioned cooperative projects, whichever is less expensive, provided that the pheasants released meet minimum department standards for health and maturity. Any surplus hen pheasants from pheasant farms or projects operated by the department or the department of corrections for this enhancement program shall be made available to landowners who voluntarily open their lands to public pheasant hunting. Pheasants produced for the eastern Washington pheasant enhancement program must not detrimentally affect the production or operation of the department’s western Washington pheasant release program. The release of pheasants for hunting purposes must not conflict with or supplant other department efforts to improve upland bird habitat or naturally produced upland birds.

NEW SECTION. Sec. 3. The commission must establish special pheasant hunting opportunities for juvenile hunters in eastern Washington for the 1998 season and future seasons.

NEW SECTION. Sec. 4. Beginning September 1, 1997, a person who hunts for pheasant in eastern Washington must pay an annual surcharge of ten dollars, in addition to other licensing requirements. Funds from the surcharge must be deposited in the eastern Washington pheasant enhancement account created in section 5 of this act.

NEW SECTION. Sec. 5. The eastern Washington pheasant enhancement account is created in the custody of the state treasurer. All receipts under section 4 of this act must be deposited in the account. Moneys in the account are subject to legislative appropriation and shall be used for the purpose of funding the eastern Washington pheasant enhancement program. The department may use moneys from the account to improve pheasant habitat or to purchase or produce pheasants. Not less than eighty percent of expenditures from the account must be used to purchase or produce pheasants. The eastern Washington pheasant enhancement account funds must not be used for the purchase of land. The account may be used to offer grants to improve pheasant habitat on public or private lands that are open to public hunting. The department may enter partnerships with private landowners, nonprofit corporations, cooperative groups, and federal or state agencies for the purposes of pheasant habitat enhancement in areas that will be available for public hunting.

NEW SECTION. Sec. 6. The department of fish and wildlife must jointly investigate with the department of corrections the feasibility of producing pheasants for the eastern Washington pheasant enhancement program utilizing inmate labor and facilities at the Walla Walla state penitentiary or other eastern Washington state correctional facilities. The investigation must include a comparison of the costs of producing pheasants at a correctional facility versus the costs of purchasing pheasants for this enhancement program. The two departments must report their findings to the senate and house of representatives natural resources committees on or before January 1, 1998.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act are each added to chapter 77.12 RCW.

Information about complaints that did not warrant an investigation, including the existence of the complaint, may be released only upon receipt of a written public disclosure request or pursuant to an interagency agreement as provided in (b) of this subsection. Complaints determined to warrant no cause for action after investigation are subject to public disclosure, must include an explanation of the determination to close the complaint, and must remain in the records and tracking system of the department."
(b) The secretary, on behalf of the disciplining authorities, shall enter into interagency agreements for the exchange of records, which may include complaints filed but not yet assessed, with other state agencies if access to the records will assist those agencies in meeting their federal or state statutory responsibilities. Records obtained by state agencies under the interagency agreements are subject to the limitations on disclosure contained in (a) of this subsection.

(2) The uniform procedures for conducting investigations shall provide that prior to taking a written statement:

(a) For violation of this chapter, the investigator shall inform such person, in writing of: (i) The nature of the complaint; (ii) that the person may consult with legal counsel at his or her expense prior to making a statement; and (iii) that any statement that the person makes may be used in an adjudicative proceeding conducted under this chapter; and

(b) From a witness or potential witness in an investigation under this chapter, the investigator shall inform the person, in writing, that the statement may be released to the licensee, applicant, or unlicensed person under investigation if a statement of charges is issued.

(3) Only upon the authorization of a disciplining authority identified in RCW 18.130.040(2)(b), the secretary, or his or her designee, may serve as the presiding officer for any disciplinary proceedings of the disciplining authority authorized under this chapter. Except as provided in RCW 18.130.050(8), the presiding officer shall not vote on or make any final decision. All functions performed by the presiding officer shall be subject to chapter 34.05 RCW. The secretary, in consultation with the disciplining authorities, shall adopt procedures for implementing this subsection.

(4) The uniform procedural rules shall be adopted by all disciplining authorities listed in RCW 18.130.040(2), and shall be used for all adjudicative proceedings conducted under this chapter, as defined by chapter 34.05 RCW. The uniform procedural rules shall address the use of a presiding officer authorized in subsection (3) of this section to determine and issue decisions on all legal issues and motions arising during adjudicative proceedings.

NEW SECTION. Sec. 2. A new section is added to chapter 42.17 RCW under the subchapter heading "public records" to read as follows:
Complaints filed under chapter 18.130 RCW after the effective date of this act are exempt from disclosure under this chapter to the extent provided in RCW 18.130.095(1).

NEW SECTION. Sec. 3. A new section is added to chapter 18.130 RCW to read as follows:

MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1190 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.88.090 and 1996 c 317 s 10 are each amended to read as follows:

(1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor’s duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations."
(3) For the purpose of assessing program performance, each state agency shall establish program objectives for each major program in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for continuous self-assessment of each program and activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section.

(5) It is the policy of the legislature that each agency’s budget proposals must be directly linked to the agency’s stated mission and program goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of a program’s success in achieving its goals. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor’s budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state’s budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect’s designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect’s designee with such information as will enable the governor-elect or the governor-elect’s designee to gain an understanding of the state’s budget requirements. The governor-elect or the governor-elect’s designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect’s designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect’s reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate.

Sec. 2. RCW 44.28.091 and 1996 c 288 s 14 are each amended to read as follows:
(1) No later than nine months after the final performance audit has been transmitted by the joint committee to the appropriate standing committees of the house of representatives and the senate, the agency or local government shall produce a preliminary compliance report on its compliance with the final performance audit recommendations and submit it to the joint committee. At the request of the joint committee, the agency or local government may attach its comments to the joint committee’s preliminary compliance report as a separate addendum. At the request of the joint committee, the agency or local government shall periodically provide updates to the preliminary compliance report until the joint committee determines that the agency or local government has complied with the final performance audit recommendations to the joint committee’s satisfaction.

(2) The joint committee may hold public hearings and receive public testimony regarding the findings and recommendations contained in the preliminary compliance report. The joint committee may waive the public hearing requirement if the preliminary compliance report demonstrates that the agency or local government is in compliance with the audit recommendations if the agency or local government is not making satisfactory progress in achieving compliance. The joint committee shall issue any final compliance report within four weeks after the public hearing or hearings after an agency or local government has satisfactorily complied with the final audit recommendations. The
legislative auditor shall transmit the final compliance report in the same manner as a final performance audit is transmitted under RCW 44.28.088."

On page 1, line 1 of the title, after "audits;" strike the remainder of the title and insert "and amending RCW 43.88.090 and 44.28.091."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 11, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1257 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) Thermal electric generation facilities play an important role in providing jobs for residents of the communities where such plants are located; and
(b) Taxes paid by thermal electric generation facilities help to support schools and local and state government operations.
(2) It is the intent of the legislature to assist thermal electric generation facilities placed in operation after December 31, 1969, and before July 1, 1975, to update their air pollution control equipment and abate pollution by extending certain tax exemptions and credits so that such plants may continue to play a long-term vital economic role in the communities where they are located.

NEW SECTION. Sec. 2. A new section is added to chapter 82.08 RCW to read as follows:
(1) For the purposes of this section, "air pollution control facilities" mean any treatment works, control devices and disposal systems, machinery, equipment, structures, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air
pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation.

(2) The tax levied by RCW 82.08.020 does not apply to:
   (a) Sales of tangible personal property to a light and power business, as defined in RCW 82.16.010, for construction or installation of air pollution control facilities at a thermal electric generation facility; or
   (b) Sales of, cost of, or charges made for labor and services performed in respect to the construction or installation of air pollution control facilities.

(3) The exemption provided under this section applies only to sales, costs, or charges:
   (a) Incurred for air pollution control facilities constructed or installed after the effective date of this act and used in a thermal electric generation facility placed in operation after December 31, 1969, and before July 1, 1975;
   (b) If the air pollution control facilities are constructed or installed to meet applicable regulatory requirements established under state or federal law, including the Washington clean air act, chapter 70.94 RCW; and
   (c) For which the purchaser provides the seller with an exemption certificate, signed by the purchaser or purchaser’s agent, that includes a description of items or services for which payment is made, the amount of the payment, and such additional information as the department reasonably may require.

(4) This section does not apply to sales of tangible personal property purchased or to sales of, costs of, or charges made for labor and services used for maintenance or repairs of pollution control equipment.

(5) If production of electricity at a thermal electric generation facility for any calendar year after 2002 and before 2023 falls below a twenty percent annual capacity factor for the generation facility, all or a portion of the tax previously exempted under this section in respect to construction or installation of air pollution control facilities at the generation facility shall be due as follows:

(6) Section 12 of this act applies to this section.

NEW SECTION. Sec. 3. A new section is added to chapter 82.12 RCW to read as follows:
(1) For the purposes of this section, "air pollution control facilities" mean any treatment works, control devices and disposal systems, machinery, equipment, structures, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation.

(2) The provisions of this chapter do not apply in respect to the use of air pollution control facilities installed and used by a light and power business, as defined in RCW 82.16.010, in generating electric power.

(3) The exemption provided under this section applies only to air pollution control facilities that are:
(a) Constructed or installed after the effective date of this act and used in a thermal electric generation facility placed in operation after December 31, 1969, and before July 1, 1975; and
(b) Constructed or installed to meet applicable regulatory requirements established under state or federal law, including the Washington clean air act, chapter 70.94 RCW.

(4) This section does not apply to the use of tangible personal property for maintenance or repairs of the pollution control equipment.

(5) If production of electricity at a thermal electric generation facility for any calendar year after 2002 and before 2023 falls below a twenty percent annual capacity factor for the generation facility, all or a portion of the tax previously exempted under this section in respect to construction or installation of air pollution control facilities at the generation facility shall be due according to the schedule provided in section 2(5) of this act.

(6) Section 12 of this act applies to this section.

NEW SECTION. Sec. 4. A new section is added to chapter 82.08 RCW to read as follows:
(1) For the purposes of this section:
(a) "Air pollution control facilities" means any treatment works, control devices and disposal systems, machinery, equipment, structure, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation; and
(b) "Generation facility" means a coal-fired thermal electric generation facility placed in operation after December 3, 1969, and before July 1, 1975.

(2) Beginning January 1, 1999, the tax levied by RCW 82.08.020 does not apply to sales of coal used to generate electric power at a generation facility operated by a business if the following conditions are met:
(a) The owners must make an application to the department of revenue for a tax exemption;
(b) The owners must make a demonstration to the department of ecology that the owners have made reasonable initial progress to install air pollution control facilities to meet applicable regulatory requirements established under state or federal law, including the Washington clean air act, chapter 70.94 RCW;
(c) Continued progress must be made on the development of air pollution control facilities to meet the requirements of the permit; and
(d) The generation facility must emit no more than ten thousand tons of sulfur dioxide during a previous consecutive twelve-month period.

(3) During a consecutive twelve-month period, if the generation facility is found to be in violation of excessive sulfur dioxide emissions from a regional air pollution control authority or the department of ecology, the department of ecology shall notify the department of revenue and the owners of the generation facility shall lose their tax exemption under this section. The owners of a generation facility may reapply for the tax exemption when they have once again met the conditions of subsection (2)(d) of this section.

(4) Section 12 of this act applies to this section.

NEW SECTION. Sec. 5. A new section is added to chapter 82.08 RCW to read as follows:
Any business that has received a tax exemption under section 4 of this act forfeits the exemption if, except for reasons or factors beyond the control of the owners or operator of the thermal electric generation facility, less than seventy percent of the coal consumed at the thermal electric generation facility during the previous calendar year was produced by a mine located in the same county as the facility or in a county contiguous to the county. The department of revenue may reinstate the exemption under section 4 of this act when the owners provide documentation that the seventy-percent requirement has been met during a subsequent calendar year. The definitions in section 4 of this act apply to this section.

NEW SECTION. Sec. 6. A new section is added to chapter 82.12 RCW to read as follows:
(1) For the purposes of this section:
(a) "Air pollution control facilities" means any treatment works, control devices and disposal systems, machinery, equipment, structure, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation; and
(b) "Generation facility" means a coal-fired thermal electric generation facility placed in operation after December 3, 1969, and before July 1, 1975.
(2) Beginning January 1, 1999, the provisions of this chapter do not apply in respect to the use of coal to generate electric power at a generation facility operated by a business if the following conditions are met:
(a) The owners must make an application to the department of revenue for a tax exemption;
(b) The owners must make a demonstration to the department of ecology that the owners have made reasonable initial progress to install air pollution control facilities to meet applicable regulatory requirements established under state or federal law, including the Washington clean air act, chapter 70.94 RCW;
(c) Continued progress must be made on the development of air pollution control facilities to meet the requirements of the permit; and
(d) The generation facility must emit no more than ten thousand tons of sulfur dioxide during a previous consecutive twelve-month period.
(3) During a consecutive twelve-month period, if the generation facility is found to be in violation of excessive sulfur dioxide emissions from a regional air pollution control authority or the department of ecology, the department of ecology shall notify the department of revenue and the owners of the generation facility shall lose their tax exemption under this section. The owners of a generation facility may reapply for the tax exemption when they have once again met the conditions of subsection (2)(d) of this section.
(4) Section 12 of this act applies to this section.

NEW SECTION. Sec. 7. A new section is added to chapter 82.12 RCW to read as follows:
Any business that has received a tax exemption under section 6 of this act forfeits the exemption if, except for reasons or factors beyond the control of the owners or operator of the thermal electric generation facility, less than seventy percent of the coal consumed at the thermal electric generation facility during the previous calendar year was produced by a mine located in the same county as the facility or in a county contiguous to the county. The department of revenue may reinstate the exemption under section 6 of this act when the owners provide documentation that the seventy-percent requirement has been met during a subsequent calendar year. The definitions in section 6 of this act apply to this section.

Sec. 8. RCW 43.79A.040 and 1996 c 253 s 409 are each amended to read as follows:
(1) Money in the treasurer’s trust fund may be deposited, invested and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.
(2) All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.
(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The agricultural local fund, the American Indian scholarship endowment fund, the Washington international exchange scholarship endowment fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the rural rehabilitation account, (and) the self-insurance revolving fund, and the sulfur dioxide abatement account. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The advanced right of way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, and the local rail service assistance account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

NEW SECTION. Sec. 9. A new section is added to chapter 82.32 RCW to read as follows:
An amount equal to all sales and use taxes paid under chapters 82.08, 82.12, and 82.14 RCW, that were obtained from the sales of coal to, or use of coal by, a business for use at a generation facility, and that meet the requirements of section 10 of this act, shall be deposited in the sulfur dioxide abatement account under section 10 of this act.

NEW SECTION. Sec. 10. A new section is added to chapter 70.94 RCW to read as follows:
(1) The sulfur dioxide abatement account is created. All receipts from subsection (2) of this section must be deposited in the account. Expenditures in the account may be used only for the purposes of subsection (3) of this section. Only the director of revenue or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Upon application by the owners of a generation facility, the department of ecology shall make a determination of whether the owners are making initial progress in the construction of air pollution control facilities. Evidence of initial progress may include, but is not limited to, engineering work, agreements to proceed with construction, contracts to purchase, or contracts for construction of air pollution control facilities. However, if the owners’ progress is impeded due to actions caused by regulatory delays or by defensive litigation, certification of initial progress may not be withheld.

Upon certification of initial progress by the department of ecology and after January 1, 1999, an amount equal to all sales and use taxes paid under chapters 82.08, 82.12, and 82.14 RCW, that were obtained from the sales of coal to, or use of coal by, a business for use at a generation facility shall be deposited in the account under section 9 of this act.

By June 1st of each year during construction of the air pollution control facilities and during the verification period required in sections 4(2)(d) and 6(2)(d) of this act, the department of ecology shall make an assessment regarding the continued progress of the pollution control facilities. Evidence of continued progress may include, but is not limited to, acquisition of construction material, visible progress on construction, or other actions that have occurred that would verify progress under general construction time tables. The treasurer shall continue to deposit an amount equal to the tax revenues to the sulfur dioxide abatement account unless the department of ecology fails to certify that reasonable progress has been made during the previous year. The operator of a generation facility shall file documentation accompanying its combined monthly excise tax return that identifies all sales and use tax payments made by the owners for coal used at the generation facility during the reporting period.
(3) When a generation facility emits no more than ten thousand tons of sulfur dioxide during a consecutive twelve-month period, the department of ecology shall certify this to the department of revenue and the state treasurer by the end of the following month. Within thirty days of receipt of certification under this subsection, the department of revenue shall approve the tax exemption application and the director or the director’s designee shall authorize the release of any moneys in the sulfur dioxide abatement account to the operator of the generation facility. The operator shall disburse the payment among the owners of record according to the terms of their contractual agreement.

(4)(a) If the department of revenue has not approved a tax exemption under sections 4 and 6 of this act by March 1, 2005, any moneys in the sulfur dioxide abatement account shall be transferred to the general fund and the appropriate local governments in accordance with chapter 82.14 RCW, and the sulfur dioxide abatement account shall cease to exist after March 1, 2005.

(b) The dates in (a) of this subsection must be extended if the owners of a generation facility have experienced difficulties in complying with this section, or sections 4 through 7 and 9 of this act, due to actions caused by regulatory delays or by defensive litigation.

(5) For the purposes of this section:

(a) "Air pollution control facilities" means any treatment works, control devices and disposal systems, machinery, equipment, structure, property, property improvements and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation; and

(b) "Generation facility" means a coal-fired thermal electric generation facility placed in operation after December 3, 1969, and before July 1, 1975.

NEW SECTION. Sec. 11. A new section is added to chapter 84.36 RCW to read as follows:

(1) Air pollution control equipment constructed or installed after the effective date of this act, by businesses engaged in the generation of electric energy at thermal electric generation facilities first placed in operation after December 31, 1969, and before July 1, 1975, shall be exempt from property taxation. The owners shall maintain the records in such a manner that the annual beginning and ending asset balance of the pollution control facilities and depreciation method can be identified.

(2) For the purposes of this section, "air pollution control equipment" means any treatment works, control devices and disposal systems, machinery, equipment, structures, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation.

(3) Section 12 of this act applies to this section.

NEW SECTION. Sec. 12. A new section is added to chapter 82.32 RCW to read as follows:

If a business is allowed an exemption under section 2, 3, 4, 6, or 11 of this act, and the business ceases operation of the facility for which the exemption is allowed, the business shall deposit into the displaced workers account established in section 13 of this act an amount equal to the fair market value of one-quarter of the total sulfur dioxide allowances authorized by federal law available to the facility at the time of cessation of operation of the generation facility as if the allowances were sold for a period of ten years following the time of cessation of operation of the generation facility. This section expires December 31, 2015.

NEW SECTION. Sec. 13. A new section is added to chapter 50.12 RCW to read as follows:

The displaced workers account is established. All moneys from section 12 of this act must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to provide for compensation and retraining of displaced workers of the thermal electric generation facility and of the coal mine that supplied coal to the facility. The benefits from the account are in addition to all other compensation and retraining benefits to which the displaced workers are entitled under existing state law. The employment security department shall administer the distribution of moneys from the account.
Sec. 14. RCW 80.04.130 and 1993 c 311 s 1 are each amended to read as follows:

(1) Whenever any public service company shall file with the commission any schedule, classification, rule or regulation, the effect of which is to change any rate, charge, rental or toll theretofore charged, the commission shall have power, either upon its own motion or upon complaint, upon notice, to enter upon a hearing concerning such proposed change and the reasonableness and justness thereof, and pending such hearing and the decision thereon the commission may suspend the operation of such rate, charge, rental or toll for a period not exceeding ten months from the time the same would otherwise go into effect, and after a full hearing the commission may make such order in reference thereto as would be provided in a hearing initiated after the same had become effective. The commission shall not suspend a tariff that makes a decrease in a rate, charge, rental, or toll filed by a telecommunications company pending investigation of the fairness, justness, and reasonableness of the decrease when the filing does not contain any offsetting increase to another rate, charge, rental, or toll and the filing company agrees to not file for an increase to any rate, charge, rental, or toll to recover the revenue deficit that results from the decrease for a period of one year. The filing company shall file with any decrease sufficient information as the commission by rule may require to demonstrate the decreased rate, charge, rental, or toll is above the long run incremental cost of the service. A tariff decrease that results in a rate that is below long run incremental cost, or is contrary to commission rule or order, or the requirements of this chapter, shall be rejected for filing and returned to the company. The commission may prescribe a different rate to be effective on the prospective date stated in its final order after its investigation, if it concludes based on the record that the originally filed and effective rate is unjust, unfair, or unreasonable.

For the purposes of this section, tariffs for the following telecommunications services, that temporarily waive or reduce charges for existing or new subscribers for a period not to exceed sixty days in order to promote the use of the services shall be considered tariffs that decrease rates, charges, rentals, or tolls:

(a) Custom calling service;
(b) Second access lines; or
(c) Other services the commission specifies by rule.

The commission may suspend any promotional tariff other than those listed in (a) through (c) of this subsection.

The commission may suspend the initial tariff filing of any water company removed from and later subject to commission jurisdiction because of the number of customers or the average annual gross revenue per customer provisions of RCW 80.04.010. The commission may allow temporary rates during the suspension period. These rates shall not exceed the rates charged when the company was last regulated. Upon a showing of good cause by the company, the commission may establish a different level of temporary rates.

(2) At any hearing involving any change in any schedule, classification, rule or regulation the effect of which is to increase any rate, charge, rental or toll theretofore charged, the burden of proof to show that such increase is just and reasonable shall be upon the public service company.

(3) The implementation of mandatory local measured telecommunications service is a major policy change in available telecommunications service. The commission shall not accept for filing or approve, prior to June 1, 1998, a tariff filed by a telecommunications company which imposes mandatory local measured service on any customer or class of customers, except that, upon finding that it is in the public interest, the commission may accept for filing and approve a tariff that imposes mandatory measured service for a telecommunications company’s extended area service or foreign exchange service. This subsection does not apply to land, air, or marine mobile service, or to pay telephone service, or to any service which has been traditionally offered on a measured service basis.

(4) The implementation of Washington telephone assistance program service is a major policy change in available telecommunications service. The implementation of Washington telephone assistance program service will aid in achieving the stated goal of universal telephone service.

(5) If a utility claims a sales or use tax exemption on the pollution control equipment for an electrical generation facility and abandons the generation facility before the pollution control equipment is fully depreciated, any tariff filing for a rate increase to recover abandonment costs for the pollution control equipment shall be considered unjust and unreasonable for the purposes of this section.
NEW SECTION. Sec. 15. The department of revenue and the department of ecology may adopt rules to implement this act.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 17. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE SENATE

April 10, 1997

Mr. Speaker:
The Senate has passed SUBSTITUTE HOUSE BILL NO. 1261 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many businesses have difficulty applying the small business credit under RCW 82.04.4451. Further, the legislature appreciates the valuable time and resources small businesses expend on calculating the amount of credit based upon a statutory formula. For the purpose of tax simplification, it is the intent of this act to direct the department of revenue to create a schedule, in standard increments, to replace required calculations for the small business credit. Each taxpayer can make reference to the taxpayer's tax range on the schedule and find the amount of the taxpayer's small business credit. Further, no taxpayer will owe a greater amount of tax nor will any taxpayer be responsible for a greater amount of taxes otherwise due.

Sec. 2. RCW 82.04.4451 and 1994 sp.s. c 2 s 1 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed against the amount of tax otherwise due under this chapter, as provided in this section. The maximum credit for a taxpayer for a reporting period is thirty-five dollars multiplied by the number of months in the reporting period, as determined under RCW 82.32.045.

(2) When the amount of tax otherwise due under this chapter is equal to or less than the maximum credit, a credit is allowed equal to the amount of tax otherwise due under this chapter.

(3) When the amount of tax otherwise due under this chapter exceeds the maximum credit, a reduced credit is allowed equal to twice the maximum credit, minus the tax otherwise due under this chapter, but not less than zero.

(4) The department may prepare a tax credit table consisting of tax ranges using increments of no more than five dollars and a corresponding tax credit to be applied to those tax ranges. The table shall be prepared in such a manner that no taxpayer will owe a greater amount of tax by using the table than would be owed by performing the calculation under subsections (1) through (3) of this section. A table prepared by the department under this subsection shall be used by all taxpayers in taking the credit provided in this section."

On page 1, line 2 of the title, after "credit;" strike the remainder of the title and insert "amending RCW 82.04.4451; and creating a new section."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 14, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1272 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds:
   (1) Voluntary water transfers between water users can reallocate water use in a manner that will result in more efficient use of water resources;
   (2) Voluntary water transfers can help alleviate water shortages, save capital outlays, reduce development costs, and provide an incentive for investment in water conservation efforts by water right holders; and
   (3) The state should expedite the administrative process for noncontested water transfers among water right holders, conveying greater operational control to water managers and water right holders.

NEW SECTION. Sec. 2. The following definitions apply throughout this chapter, unless the context clearly requires otherwise.
   (1) "Board" means a water conservancy board created under this chapter.
   (2) "Commissioner" means a member of a water conservancy board.
   (3) "Department" means the department of ecology.
   (4) "Director" means the director of the department of ecology.

NEW SECTION. Sec. 3. (1) The county legislative authority of a county may create a water conservancy board, subject to approval by the director, for the purpose of expediting voluntary water transfers within the county.

   (2) A water conservancy board may be initiated by: (a) A resolution of the county legislative authority; (b) a resolution presented to the county legislative authority calling for the creation of a board by the legislative authority of an irrigation district, public utility district that operates a public water system, a reclamation district, a city operating a public water system, or a water-sewer district that operates a public water system; (c) a resolution by the governing body of a cooperative or mutual corporation that operates a public water system serving one hundred or more accounts; (d) a petition signed by five or more water rights holders, including their addresses, who divert water for use within the county; or (e) any combination of (a) through (d) of this subsection. The resolution or petition must state the need for the board, include proposed bylaws or rules and procedures that will govern the operation of the board, identify the geographic boundaries where there is an initial interest in transacting water sales or transfers, and describe the proposed method for funding the operation of the board.

   (3) After receiving a resolution or petition to create a board, a county legislative authority shall determine its sufficiency. If the county legislative authority finds that the resolution or petition is sufficient, or if the county is initiating the creation of a board upon its own motion, it shall hold at least
one public hearing on the proposed creation of the board. Notice of the hearing shall be published at least once in a newspaper of general circulation in the county not less than ten days nor more than thirty days before the date of the hearing. The notice shall describe the time, date, place, and purpose of the hearing, as well as the purpose of the board. Following the hearing, the county legislative authority may adopt a resolution approving the creation of the board if it finds that the board’s creation is in the public interest.

NEW SECTION. Sec. 4. (1) The county legislative authority shall forward a copy of the resolution or petition calling for the creation of the board, a copy of the resolution approving the creation of the board, and a summary of the public testimony presented at the public hearing to the director following the adoption of the resolution calling for the board’s creation.

(2) The director shall approve or deny the creation of a board within forty-five days after the county legislative authority has submitted all information required under subsection (1) of this section. The director must determine whether the creation of the board would further the purposes of this chapter and is in the public interest. The director shall include a description of the necessary training requirements for commissioners in the notice of approval sent to the county legislative authority.

NEW SECTION. Sec. 5. The director of the department may, as deemed necessary by the director, adopt rules in accordance with chapter 34.05 RCW necessary to carry out this chapter, including minimum requirements for the training and continuing education of commissioners. Training courses for commissioners shall include an overview of state water law and hydrology. Prior to commissioners taking action on proposed water right transfers, the commissioners shall comply with training requirements that include state water law and hydrology.

NEW SECTION. Sec. 6. A water conservancy board constitutes a public body corporate and politic and a separate unit of local government in the state. Each board shall consist of three commissioners appointed by the county legislative authority for six-year terms. The county legislative authority shall stagger the initial appointment of commissioners so that the first commissioners who are appointed shall serve terms of two, four, and six years, respectively, from the date of their appointment. All vacancies shall be filled for the unexpired term. The county legislative authority shall consider, but is not limited in appointing, nominations to the board by people or entities petitioning or requesting the creation of the board. However, the county legislative authority shall ensure that individual water right holders who divert water for use within the county are represented on the board. In making appointments to the board, the county legislative authority shall choose from among persons who are residents of the county or a county that is contiguous to the county that the water conservancy board is to serve. No commissioner may participate in board decisions until he or she has successfully completed the necessary training required under section 5 of this act. Commissioners shall serve without compensation, but are entitled to reimbursement for necessary travel expenses in accordance with RCW 43.03.050 and 43.03.060 and costs incident to training.

NEW SECTION. Sec. 7. (1) A water conservancy board may acquire, purchase, hold, lease, manage, occupy, and sell real and personal property or any interest therein, enter into and perform all necessary contracts, appoint and employ necessary agents and employees and fix their compensation, employ contractors including contracts for professional services, sue and be sued, and do any and all lawful acts required and expedient to carry out the purposes of this chapter.

(2) A board constitutes an independently funded entity, and may provide for its own funding as determined by the commissioners. The board may accept grants and may adopt fees for processing applications for transfers of water rights to fund the activities of the board. A board may not impose taxes or acquire property by the exercise of eminent domain.

NEW SECTION. Sec. 8. A board shall operate on a county-wide basis, and shall have the following powers, in addition to any others granted in this chapter:

(1) A board may establish a water transfer exchange through which all or part of the water that any person is entitled to use by reason of owning or holding a water right may be listed for sale or
transfer. The board may approve water transfers involving a change in place of use, point of diversion or withdrawal, purpose of use, time of use, source of supply, quantity of use permitted, and the place of storage. Any water transfer approved by the board is subject to final approval by the director pursuant to section 11 of this act.

(2) The board may approve the transfer of a water right or a water right claim filed under chapter 90.14 RCW that has not been adjudicated. The board shall make a tentative determination as to the validity and extent of the existing right, and may only approve transfers of those rights to the extent they are deemed valid by the board. Neither the board’s approval of a transfer, nor the director’s approval of the board’s action constitutes an adjudication of the validity, priority, or quantity of the transferor’s water right as between the transferor or the transferee and the state, or as between the transferor or the transferee and one or more water use claimants, and such approvals do not preclude or prejudice a subsequent challenge to the validity, priority, or quantity of the right in an adjudicatory proceeding. The tentative determination of a water right by a board does not preclude a different conclusion in a subsequent adjudication.

(3) Water transfers approved by the board must remain within an existing category of beneficial use, and a transfer of water that is being used for agricultural applications is restricted to short-term or long-term leases.

(4) Each board shall maintain and publish all information made available to it concerning water rights listed with the board and any application to the board for approval of a water transfer. Each board shall establish policies and procedures, consistent with applicable law, for the administration of a system of timely local approvals for water transfers under this chapter. The administration shall be performed exclusively by the board, but the department may provide technical assistance to the board.

NEW SECTION. Sec. 9. (1) Applications to the board for transfers shall be made on a form provided by the department, and shall contain such additional information as may be required by the board in order to review and act upon the application. At a minimum, the application shall include information sufficient to establish to the board’s satisfaction of the transferor’s right to the quantity of water being transferred, and a description of any applicable limitations on the right to use water, including the point of diversion or withdrawal, place of use, source of supply, purpose of use, quantity of use permitted, time of use, period of use, and the place of storage.

(2) The transferor and the transferee of any proposed water transfer may apply to a board for approval of the transfer if the water proposed to be transferred is currently diverted or used within the geographic boundaries of the county, or would be diverted or used within the geographic boundaries of the county if the transfer is approved. In the case of a proposed water transfer in which the water is currently diverted or would be diverted outside the geographic boundaries of the county, the board shall hold a public hearing in the county of the diversion or proposed diversion. The board shall provide for prominent publication of notice of such hearing in a newspaper of general circulation published in the county in which the hearing is to be held for the purpose of affording an opportunity for interested persons to comment upon the application.

(3) After an application for a transfer is filed with the board, the board shall publish notice of the application in accordance with the publication requirements and send notice to state agencies as provided in RCW 90.03.280. Any person may submit comments to the board regarding the application. Any water right holder claiming detriment or injury to an existing water right may intervene in the application before the board pursuant to subsection (4) of this section. If a majority of the board determines that the application is complete, in accordance with the law and the transfer can be made without injury or detriment to existing water rights in accordance with RCW 90.03.380, the board shall issue the applicant a certificate conditionally approving the transfer, subject to review by the director.

(4) If a water right holder claims a proposed transfer will cause an impairment to that right, the water right holder is entitled to a hearing before the board. The board shall receive such evidence as it deems material and necessary to determine the validity of the claim of impairment. If the party claiming the impairment establishes by a preponderance of the evidence that his or her water right will be impaired by the proposed transfer, the board may not approve the transfer unless the applicant and the impaired party agree upon compensation for the impairment.
NEW SECTION. Sec. 10. (1) If an application for a transfer is proposed to transfer water from one irrigation district to another, approval of the transfer shall be conditioned upon receipt of the concurrence from each of the irrigation districts that the transfer will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(2) A transfer involving a change in place or use or a nonconsumptive use by an individual water user or users of water provided by an irrigation district need only receive the approval for the transfer from the board of directors of the irrigation district if the water continues within the irrigation district.

NEW SECTION. Sec. 11. (1) If a transfer is approved by the board, the board shall submit a copy of the proposed certificate conditionally approving the transfer to the department for review. The board shall also submit a report summarizing any factual findings on which the board relied in deciding to approve the proposed transfer. The board shall also transmit notice by mail to any person who objected to the transfer or who requested notice.

(2) The director shall review each proposed transfer conditionally approved by a board for compliance with state water transfer laws including RCW 90.03.380, 90.03.390, and 90.44.100, rules and guidelines adopted by the department, and other applicable law.

(3) Any party to a transfer or a third party who alleges his or her water right will be impaired by the proposed transfer may file objections with the department. If objections to the transfer are filed with the department, the board shall forward the files and records upon which it based its decision to the department.

(4) The director shall review the action of the board and affirm, reverse, or modify the action of the board within forty-five days of receipt. The forty-five day time period may be extended for an additional thirty days by the director, upon the consent of the parties to the transfer. If the director fails to act within this time period, the board’s action is final. Upon approval of a water transfer by the action or nonaction of the director, the conditional certificate issued by the board is final and valid.

NEW SECTION. Sec. 12. The decision of the director to approve an action to create a board, or to approve, deny, or modify a water transfer either by action or nonaction shall be appealable in the same manner as other water right decisions made pursuant to chapter 90.03 RCW.

NEW SECTION. Sec. 13. Neither the county nor the department shall be subject to any cause of action or claim for damages arising out of transfers approved by a board under this chapter.

NEW SECTION. Sec. 14. A person who, in good faith and without intent of circumventing water right relinquishment statutes, leases a water right under this chapter may not lose any portion of that water right by relinquishment due to the nonuse of the water by the lessee.

NEW SECTION. Sec. 15. Nothing in this chapter eliminates or lessens the requirements necessary for the approval of interties.

NEW SECTION. Sec. 16. (1) A commissioner of a water conservancy board who has an ownership interest in a water right subject to an application for approval of a transfer or change by the board, shall not participate in the board’s review or decision upon the application.

(2) A commissioner of a water conservancy board who also serves as an employee or upon the governing body of a municipally owned water system, shall not participate in the board’s review or decision upon an application for the transfer or change of a water right in which that water system has or is proposed to have an ownership interest.

NEW SECTION. Sec. 17. Water conservancy board activities are subject to the open public meetings act, chapter 42.30 RCW.

NEW SECTION. Sec. 18. Nothing in this chapter affects transfers that may be otherwise approved under chapter 90.03 RCW.
NEW SECTION, Sec. 19. The department shall report biennially by December 31st of each even-numbered year to the appropriate committees of the legislature on the boards formed or sought to be formed under the authority of this chapter, the transfer applications reviewed and other activities conducted by the boards, and the funding of such boards.

NEW SECTION, Sec. 20. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION, Sec. 21. Sections 1 through 19 of this act constitute a new chapter in Title 90 RCW."

On page 1, line 1 of the title, after "transfers;" strike the remainder of the title and insert "and adding a new chapter to Title 90 RCW."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1277 with the following amendments:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 84.08 RCW to read as follows:

(1) For purposes of this section, "tax information" means confidential income data and proprietary business information obtained by the department in the course of carrying out the duties now or hereafter imposed upon it in this title that has been communicated in confidence in connection with the assessment of property and that has not been publicly disseminated by the taxpayer, the disclosure of which would be either highly offensive to a reasonable person and not a legitimate concern to the public or would result in an unfair competitive disadvantage to the taxpayer.

(2) Tax information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose tax information.

(3) Subsection (2) of this section, however, does not prohibit the department from:
   (a) Disclosing tax information to any county assessor or county treasurer;
   (b) Disclosing tax information in a civil or criminal judicial proceeding or an administrative proceeding in respect to taxes or penalties imposed under this title or Title 82 RCW or in respect to assessment or valuation for tax purposes of the property to which the information or facts relate;
   (c) Disclosing tax information with the written permission of the taxpayer;
   (d) Disclosing tax information to the proper officer of the tax department of any state responsible for the imposition or collection of property taxes, or for the valuation of property for tax purposes, if the other state grants substantially similar privileges to the proper officers of this state;
   (e) Disclosing tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under chapter 42.17 RCW or is a document maintained by a court of record not otherwise prohibited from disclosure;
   (f) Disclosing tax information to a peace officer as defined in RCW 9A.04.110 or county prosecutor, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax enforcement. A peace officer or county prosecutor who receives the tax information may disclose the tax information only for use in the investigation and a related court proceeding, or in the court proceeding for which the tax information originally was sought; or
   (g) Disclosing information otherwise available under chapter 42.17 RCW.

(4) A violation of this section constitutes a gross misdemeanor.

Sec. 2. RCW 84.40.020 and 1973 c 69 s 1 are each amended to read as follows:

All real property in this state subject to taxation shall be listed and assessed every year, with reference to its value on the first day of January of the year in which it is assessed. Such listing and all supporting documents and records shall be open to public inspection during the regular office hours of the assessor’s office: PROVIDED, That confidential income data is hereby exempted from public inspection ((pursuant to RCW 42.17.310)) as noted in RCW 42.17.260 and 42.17.310. All personal property in this state subject to taxation shall be listed and assessed every year, with reference to its value and ownership on the first day of January of the year in which it is assessed: PROVIDED, That if the stock of goods, wares, merchandise or material, whether in a raw or finished state or in process of manufacture, owned or held by any taxpayer on January 1 of any year does not fairly represent the average stock carried by such taxpayer, such stock shall be listed and assessed upon the basis of the monthly average of stock owned or held by such taxpayer during the preceding calendar year or during such portion thereof as the taxpayer was engaged in business.

Sec. 3. RCW 84.40.340 and 1973 1st ex.s. c 74 s 1 are each amended to read as follows:

For the purpose of verifying any list, statement, or schedule required to be furnished to the assessor by any taxpayer, any assessor or his trained and qualified deputy at any reasonable time may visit, investigate and examine any personal property, and for this purpose the records, accounts and inventories also shall be subject to any such visitation, investigation and examination which shall aid in determining the amount and valuation of such property. Such powers and duties may be performed at any office of the taxpayer in this state, and the taxpayer shall furnish or make available all such information pertaining to property in this state to the assessor although the records may be maintained at any office outside this state.
Any information or facts obtained pursuant to this section shall be used by the assessor only for the purpose of determining the assessed valuation of the taxpayer’s property: PROVIDED, That such information or facts shall also be made available to the department of revenue upon request for the purpose of determining any sales or use tax liability with respect to personal property, and except in a civil or criminal judicial proceeding or an administrative proceeding in respect to penalties imposed pursuant to RCW 84.40.130, to such sales or use taxes, or to the assessment or valuation for tax purposes of the property to which such information and facts relate, shall not be disclosed by the assessor or the department of revenue without the permission of the taxpayer to any person other than public officers or employees whose duties relate to valuation of property for tax purposes or to the imposition and collection of sales and use taxes, and any violation of this secrecy provision shall constitute a gross misdemeanor.

Sec. 4. RCW 42.17.310 and 1996 c 305 s 2, 1996 c 253 s 302, 1996 c 191 s 88, and 1996 c 80 s 1 are each reenacted and amended to read as follows:

(1) The following are exempt from public inspection and copying:
   (a) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, or welfare recipients.
   (b) Personal information in files maintained for employees, appointees, or elected officials of any public agency to the extent that disclosure would violate their right to privacy.
   (c) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would (i) be prohibited to such persons by section 1 of this act, RCW 82.32.330, 84.40.020, or 84.40.340 or (ii) violate the taxpayer’s right to privacy or result in unfair competitive disadvantage to the taxpayer.
   (d) Specific intelligence information and specific investigative records compiled by investigative, law enforcement, and penology agencies, and state agencies vested with the responsibility to discipline members of any profession, the nondisclosure of which is essential to effective law enforcement or for the protection of any person’s right to privacy.
   (e) Information revealing the identity of persons who are witnesses to or victims of crime or who file complaints with investigative, law enforcement, or penology agencies, other than the public disclosure commission, if disclosure would endanger any person’s life, physical safety, or property. If at the time a complaint is filed the complainant, victim or witness indicates a desire for disclosure or nondisclosure, such desire shall govern. However, all complaints filed with the public disclosure commission about any elected official or candidate for public office must be made in writing and signed by the complainant under oath.
   (f) Test questions, scoring keys, and other examination data used to administer a license, employment, or academic examination.

MESSAGE FROM THE SENATE

April 15, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1325 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that nonprofit organizations provide a variety of social services that serve the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 43.63A RCW to read as follows:

If the legislature provides an appropriation to assist nonprofit organizations in acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential social services, the legislature may direct the department of community, trade, and economic development to establish a competitive process to prioritize applications for the assistance as follows:

(1) The department shall conduct a state-wide solicitation of project applications from local governments, nonprofit organizations, and other entities, as determined by the department. The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. At a minimum, applicants must demonstrate that the requested assistance will increase the efficiency or quality of the social services it provides to citizens. The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project. The nonstate portion of the total project cost may include, but is not limited to, land, facilities, and in-kind contributions.

(2) The department shall submit a prioritized list of recommended projects to the legislature by November 1st following the effective date of the appropriation. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(3) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant."
NEW SECTION. Sec. 3. A new section is added to chapter 43.88 RCW to read as follows:

(1) Each state agency shall submit a report to the office of the state auditor listing each nongovernment entity that received over three hundred thousand dollars in state moneys during the previous fiscal year under contract with the agency for purposes related to the provision of social services. The report must be submitted by September 1 each year, and must be in a form prescribed by the office of the state auditor.

(2) The office of the state auditor shall select two groups of entities from the reports for audit as follows:
   (a) The first group shall be selected at random using a procedure prescribed by the office of the state auditor. The office of the state auditor shall ensure that the number of entities selected under this subsection (2)(a) each year is sufficient to ensure a statistically representative sample of all reported entities.
   (b) The second group shall be selected based on a risk assessment of entities conducted by the office of the state auditor in consultation with state agencies. The office of the state auditor shall consider, at a minimum, the following factors when conducting risk assessments: Findings from previous audits; decentralization of decision making and controls; turnover in officials and key personnel; changes in management structure or operations; and the presence of new programs, technologies, or funding sources.

(3) Each entity selected under subsection (2) of this section shall be required to complete a comprehensive entity-wide audit in accordance with generally accepted government auditing standards. The audit shall determine, at a minimum, whether:
   (a) The financial statements of the entity are presented fairly in all material respects in conformity with generally accepted accounting principles;
   (b) The schedule of expenditures of state moneys is presented fairly in all material respects in relation to the financial statements taken as a whole;
   (c) Internal accounting controls exist and are effective; and
   (d) The entity has complied with laws, regulations, and contract and grant provisions that have a direct and material effect on performance of the contract and the expenditure of state moneys.

(4) The office of the state auditor shall prescribe policies and procedures for the conduct of audits under this section. The office of the state auditor shall deem single audits completed in compliance with federal requirements to be in fulfillment of the requirements of this section if the audit meets the requirements of subsection (3)(a) through (d) of this section.

(5) Completed audits must be delivered to the office of the state auditor and the state agency by April 1 in the year following the selection of the entity for audit. Entities must resolve any findings contained in the audit within six months of the delivery of the audit. Entities may not enter into new contracts with state agencies until all major audit findings are resolved.

(6) Nothing in this section limits the authority of the state auditor to carry out statutorily and contractually prescribed powers and duties."

PART I--CONSUMER PROTECTIONS

NEW SECTION. Sec. 101. UTILIZATION REVIEW--INTENT. It is therefore the purpose of this act to define standards for utilization review of health care services and to promote the delivery of health care in a cost-effective manner. The legislature reaffirms its commitment to improving health care services through encouraging the availability of effective and consistent utilization review throughout this state. The legislature believes that standards for utilization review will help assure quality oversight of individual case evaluations in this state.

NEW SECTION. Sec. 102. A new section is added to chapter 48.43 RCW to read as follows:
UTILIZATION REVIEW--REVIEW ORGANIZATION. (1) Beginning on January 1, 1998, every review organization that performs utilization review of inpatient and outpatient benefits for residents of this state shall meet the standards set forth in this section and section 103 of this act.

(a) Review organizations shall comply with all applicable state and federal laws to protect confidentiality of enrollee medical records.

(b) Any certification by a review organization as to the medical necessity or appropriateness of an admission, length of stay, extension of stay, or service or procedure must be made in accordance with medical standards or guidelines approved by a licensed physician.

(c) Any determination by a review organization to deny an admission, length of stay, extension of stay, or service or procedure on the basis of medical necessity or appropriateness must be made by a licensed physician who has reasonable access to board certified specialty providers in making such determinations.

(d) Review organizations shall make staff available to perform utilization review activities by toll-free or collect telephone, at least forty hours per week during normal business hours.

The program must include a method for reviewing and updating criteria. Review organizations shall make utilization review criteria available upon request to the participating provider involved in a specific case under review.

(g) Review organizations shall designate a licensed physician to participate in utilization review program implementation.

(2) The legislature finds that current utilization review accreditation commission and national committee for quality assurance utilization review standards meet or exceed the requirements of this section. Health carriers who continuously maintain such accreditation are hereby deemed in compliance with this section for their accredited health plans. The office of the insurance commissioner shall periodically examine the review organization accreditation standards of the utilization review accreditation commission and the national committee for quality assurance and report to the legislature to ensure that such standards continue to be substantially equivalent to or exceed the requirements of section 103 of this act.

NEW SECTION. Sec. 103. A new section is added to chapter 48.43 RCW to read as follows:

(2)(a) A complaint that is not submitted in writing may be resolved directly by the health carrier with the covered person, and is not considered a grievance subject to the review, recording, and reporting requirements of this section.

(b) The health carrier is required to provide telephone access to covered persons for purposes of presenting a complaint for review. Each telephone number provided shall be toll free or collect within the health carrier’s service area and provide reasonable access to the health carrier without undue delays during normal business hours.

(3)(a) A grievance may be submitted by a covered person or a representative acting on behalf of the covered person through written authority to assure protection of the covered person’s private information. Within three working days of receiving a grievance, the health carrier shall acknowledge in writing the receipt of the grievance and the department name and address where additional information may be submitted by the covered person or authorized representative of the covered person. The health carrier shall process the grievance in a reasonable length of time not to exceed thirty days from receipt of the written grievance. If the grievance involves the collection of information from sources external to the health carrier and its participating providers, the health carrier has an additional thirty days to process the covered person’s grievance.

(b) The health carrier shall provide the covered person, or authorized representative of the covered person, with a written determination of its review within the time frame specified in (a) of this subsection. The written determination shall contain at a minimum:

(i) The health carrier’s decision in clear terms and the rationale in sufficient detail for the covered person or authorized representative of the covered person to respond further to the health carrier’s decision; and

(ii) When the health carrier’s decision is not wholly favorable to the covered person, a description of the process to obtain a second level grievance review of the decision, including the time frames required for submission of a request by the covered person or authorized representative of the covered person.

(4)(a) A health carrier shall provide a second level grievance review for those covered persons who are dissatisfied with the first level grievance review decision and who submit a written request for review. The second level review process shall include an opportunity for the covered person or authorized representative of the covered person to appear in person before the representative or representatives of the health carrier. The covered person or authorized representative of the covered person must ask for a personal appearance in the written request for a second level review.
(b) The health carrier shall process the grievance in a reasonable length of time, not to exceed thirty days from receipt of the request for a second level review. The time required to resolve the second level review may be extended for a specified period if mutually agreed upon by the covered person or authorized representative of the covered person and the health carrier.

(c) A health carrier’s procedures for conducting a second level review must include the following:

(i) The second level review panel shall be comprised of representatives of the health carrier not otherwise participating in the first level review. If the grievance involves a clinical issue or issues, the health carrier shall appoint a health care professional with appropriate qualifications to assess the clinical considerations of the case who was not previously involved with the grievance under review and who has no financial interest in the outcome of the review;

(ii) The review panel shall schedule the review meeting to reasonably accommodate the covered person or authorized representative of the covered person and not unreasonably deny a request for postponement of the review requested by the covered person or authorized representative of the covered person; and

(iii) The health carrier shall notify the covered person or authorized representative of the covered person in writing at least fifteen days in advance of the scheduled review date unless a shorter time frame is agreed to by the health carrier and the covered person. The review meeting shall be held at a location within the health carrier’s service area that is reasonably accessible to the covered person or authorized representative of the covered person. In cases where a face-to-face meeting is not practical for geographic reasons, a health carrier shall offer the covered person or authorized representative of the covered person the opportunity to communicate with the review panel, at the health carrier’s expense, by conference call, video conferencing, or other appropriate technology as determined by the health carrier.

(d) The health carrier shall issue a written decision to the covered person or authorized representative of the covered person within five working days of completing the review meeting. The decision shall include:

(i) A statement of the health carrier’s understanding of the nature of the grievance and all pertinent facts;

(ii) The health carrier’s decision in clear terms and the rationale for the review panel’s decision; and

(iii) Notice of the covered person’s right to any further review by the health carrier.

(e) Determination of a grievance at the final level review that is unfavorable to the covered person may be submitted by the covered person or authorized representative of the covered person to nonbinding mediation. Mediation shall be conducted under mediation rules similar to those of the American arbitration association, the center for public resources, the judicial arbitration and mediation service, RCW 7.70.100, or any other rules of mediation agreed to by the parties.

(5) Each health carrier as defined in this chapter shall file with the commissioner its procedures for review and adjudication of grievances initiated by covered persons.

(6) The health carrier shall maintain accurate records of each grievance to include the following:

(a) A description of the grievance, the date received by the health carrier, and the name and identification number of the covered person; and

(b) A statement as to which level of the grievance procedure the grievance has been brought, the date at which it was brought to each level, the decision reached at each level, and a summary description of the rationale for the decision.

(7) Each health carrier shall make an annual report available to the commissioner. The report shall include for each type of health benefit plan offered by the health carrier: The number of covered lives; the total number of grievances received divided into the following categories: (a) Access, health carrier customer service, health care provider or facility service, and claim payment; (b) dispute resolution; (c) the number of grievances resolved at each level; and (d) the total number of decisions favorable and unfavorable to the covered person.

(8) A notice of the availability and the requirements of the grievance procedure, including the address where a written grievance may be filed, shall be included in or attached to the policy,
(9) The notice shall include a toll-free or collect telephone number for a covered person to obtain verbal explanation of the grievance procedure.

(10) A health carrier shall establish written procedures for the expedited review of a grievance involving a situation where the time to resolve a grievance according to the procedures set forth in this section would seriously jeopardize the life or health of a covered person. A request for an expedited review may be submitted orally or in writing by a covered person or authorized representative of the covered person. A health carrier’s procedures for establishing an expedited review process shall include the following:

(a) The health carrier shall appoint an appropriate health care professional to participate in expedited reviews and shall provide reasonable access to board-certified specialty providers as typically manage the issue under review.

(b) A health carrier shall provide expedited review to all requests concerning an admission, availability of care, continued stay, or review of a health care service for a covered person who has received emergency services but has not been discharged from a facility.

(c) All necessary information, including the health carrier’s decision, shall be transmitted between the health carrier and the covered person or authorized representative of the covered person by telephone, facsimile, or the most expeditious method available as determined by the health carrier.

(d) A health carrier shall make a decision and notify the covered person or authorized representative of the covered person as expeditiously as the medical condition of the covered person requires, but no more than two business days after the request for expedited review is received by the health carrier. If the expedited review is a concurrent review determination, the service shall be continued without liability to the covered person until the covered person or authorized representative of the covered person has been notified of the decision by the health carrier.

(e) A health carrier shall provide written confirmation of its decision concerning an expedited review within two working days of providing notification of that decision to the enrollee, if the initial notification was not in writing. The written notification shall contain the provisions required in subsection (3) of this section pertaining to a first level grievance review.

(f) In any case where the expedited review process does not resolve a difference of opinion between a health carrier and the covered person, the covered person or authorized representative of the covered person may request a second level grievance review. In conducting the second level grievance review, the health carrier shall adhere to time frames that are reasonable under the circumstances, but in no event to exceed the time frames specified in subsection (4) of this section pertaining to second level grievance review.

(11) The legislature finds that current national committee for quality assurance grievance procedure standards meet or exceed the requirements of this section. Health carriers who continuously maintain such accreditation are hereby deemed in compliance with this section for their accredited health plans. The office of the insurance commissioner shall periodically examine the accreditation standards of the national committee for quality assurance and report to the legislature to ensure that such standards continue to be substantially equivalent to or exceed the requirements of this section.

Sec. 107. RCW 48.43.055 and 1995 c 265 s 20 are each amended to read as follows:

GRIEVANCE PROCEDURE FOR HEALTH CARE PROVIDERS. Each health carrier as defined under RCW 48.43.005 shall file with the commissioner its procedures for review and adjudication of complaints initiated by ((covered persons or))) a health care provider((s))). Procedures filed under this section shall provide a fair review for consideration of complaints. Every health carrier shall provide reasonable means whereby ((any person)) a health care provider aggrieved by actions of the health carrier may be heard in person or by their authorized representative on their written request for review. If the health carrier fails to grant or reject such request within thirty days after it is made, the complaining ((person)) provider may proceed as if the complaint had been rejected. A complaint that has been rejected by the health carrier may be submitted to nonbinding mediation. Mediation shall be conducted pursuant to mediation rules similar to those of the American arbitration association, the
NEW SECTION. Sec. 108. GRIEVANCE PROCEDURES--REPEALER. RCW 48.46.100 and 1975 1st ex.s. c 290 s 11 are each repealed.

NEW SECTION. Sec. 109. NETWORK ADEQUACY--INTENT. The legislature declares that it is in the public interest that health carriers utilizing provider networks use reasonable means of assessing that their provider networks are adequate to provide covered services to their enrollees. The legislature finds that empirical assessment of provider network adequacy is in developmental stages, and that rigid, formulaic approaches are unworkable and inhibit innovation and approaches tailored to meet the needs of varying communities and populations. The legislature therefore finds that, given these limitations, an assessment is needed to determine whether network adequacy requirements are needed and, if necessary, whether the type of measures used by current accreditation programs, such as the national committee on quality assurance, meets these needs.

NEW SECTION. Sec. 110. NETWORK ADEQUACY--STUDY AND RESTRICTION. (1) The health care authority, in consultation with the office of the insurance commissioner, the department of social and health services, the department of health, consumers, providers, and health carriers, shall review the need for network adequacy requirements. The review must include an evaluation of the approaches used by the national committee on quality assurance and any similar, nationally recognized accreditation programs. The department shall submit its report and recommendations to the health care committees of the legislature by January 1, 1998, and include recommendations on:
   (a) Whether legislatively determined network adequacy requirements are necessary and advisable and the evidence to support this;
   (b) If standards are needed, to what extent such standards can be made consistent with the national committee on quality assurance standards, and whether national committee on quality assurance accredited carriers, or carriers accredited by other, nationally recognized accreditation programs, should be exempted from state review and requirements;
   (c) Whether and how the state could promote uniformity of approach across commercial purchaser requirements and state and federal agency requirements so as to assure adequate consumer access while promoting the most efficient use of public and private health care financial resources;
   (d) Means to assure that health carriers and health systems maintain the flexibility necessary to responsibly determine the best ways to meet the needs of the populations they serve while controlling the costs of the health care services provided;
   (e) Which types of health systems and health carriers should be subject to network adequacy requirements, if any; and
   (f) An objective estimate of the potential costs of such requirements and any recommended oversight functions.

   (2) No agency may engage in rule making relating to network adequacy until the legislature has reviewed the findings and recommendations of the study and has passed legislation authorizing the department of health or other appropriate agency to engage in rule making in this area in accordance with the policy direction set by the legislature.

NEW SECTION. Sec. 111. A new section is added to chapter 48.43 RCW to read as follows:
ACCESS PLAN REQUIREMENTS. (1) Beginning July 1, 1997, every health carrier, as defined in RCW 48.43.005, shall develop and update annually an access plan that meets the requirements of this section for each of the health care networks that the carrier offers in this state. The health carrier shall make the access plans available on its business premises and shall provide nonproprietary information to any interested party upon request. The carrier shall prepare an access plan prior to offering a health plan utilizing a substantially different health care network. The plan shall include, at least, the following:
   (a) The health carrier’s network of providers and facilities by license, certification and registration type, and by geographic location;
(b) The health carrier’s process for monitoring and assuring on an ongoing basis the sufficiency of the provider network to meet the covered health care needs of its enrolled populations; and
(c) The health carrier’s methods for assessing the health care needs of covered persons and their satisfaction with services.

(2) On or before August 1, 1997, each health carrier shall submit its access plan or plans to the Washington state health care authority for purposes of assisting the authority with its report and recommendations on network adequacy standards required under section 110 of this act.

(3) The legislature finds that current national committee for quality assurance network adequacy standards meet or exceed the requirements of this section. Health carriers who continuously maintain such accreditation are hereby deemed in compliance with this section for their accredited health plans. The office of the insurance commissioner shall periodically examine the accreditation standards of the national committee for quality assurance and report to the legislature to ensure that such standards continue to be substantially equivalent to or exceed the requirements of this section.

NEW SECTION. Sec. 112. A new section is added to chapter 74.09 RCW to read as follows:

MEDICAL ASSISTANCE WAIVERS. To the extent that federal statutes or regulations, or provisions of waivers granted to the department of social and health services by the federal department of health and human services, include standards that differ from the minimums stated in sections 101 through 106, 109, and 111 of this act, those sections do not apply to contracts with health carriers awarded pursuant to RCW 74.09.522.

PART II--MARKETPLACE STABILITY

NEW SECTION. Sec. 201. LEGISLATIVE INTENT. The legislature intends that individuals in the state of Washington have access to affordable individual health plan coverage. The legislature reaffirms its commitment to guaranteed issue and renewability, portability, and limitations on use of preexisting condition exclusions. The legislature also finds that the lack of incentives for individuals to purchase and maintain coverage independent of anticipated need for health care has contributed to soaring health care claims experience in many individual health plans. The legislature therefore intends that refinements be made to the state’s individual market reform laws to provide needed incentives and to help assure that more affordable coverage is accessible to Washington residents.

Sec. 203. RCW 48.43.025 and 1995 c 265 s 6 are each amended to read as follows:

PREEXISTING CONDITION LIMITATIONS MODIFIED. (1) Except as otherwise specified in this section and in RCW 48.43.035:

(a) No carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual.

(b) No carrier may deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that a carrier may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment within three months before the effective date of coverage.

(c) Every health carrier offering any individual health plan to any individual must allow open enrollment to eligible applicants into all individual health plans offered by the carrier during the full month of July of each year. The individual health plans exempt from guaranteed continuity under RCW 48.43.035(4) are exempt from this requirement. All applications for open enrollment coverage must be complete and postmarked to or received by the carrier in the months of July or August in any year following the effective date of this section. Coverage for these applicants must begin the first day of the next month subject to receipt of timely payment consistent with the terms of the policies.

(d) At any time other than the open enrollment period specified in (c) of this subsection, a carrier may either decline to accept an applicant for enrollment or apply to such applicant’s coverage a preexisting condition benefit waiting period not to exceed the amount of time remaining until the next open enrollment period, or three months, whichever is greater, provided that in either case all of the following conditions are met:

(i) The applicant has not maintained coverage as required in (f) of this subsection;

(ii) The applicant is not applying as a newly eligible dependent meeting the requirements of (g) of this subsection; and

(iii) The carrier uses uniform health evaluation criteria and practices among all individual health plans it offers.

(e) If a carrier exercises the options specified in (d) of this subsection it must advise the applicant in writing within ten business days of such decision. Notice of the availability of Washington state health insurance pool coverage and a brochure outlining the benefits and exclusions of the Washington state health insurance pool policy or policies must be provided in accordance with RCW 48.41.180 to any person rejected for individual health plan coverage, who has had any health condition limited or excluded through health underwriting or who otherwise meets requirements for notice in chapter 48.41 RCW. Provided timely and complete application is received by the pool, eligible individuals shall be enrolled in the Washington state health insurance pool in an expeditious manner as determined by the board of directors of the pool.

(f) A carrier may not refuse enrollment at any time based upon health evaluation criteria to otherwise eligible applicants who have been covered for any part of the three-month period immediately preceding the date of application for the new individual health plan under a comparable group or individual health benefit plan with substantially similar benefits. For purposes of this subsection, in addition to provisions in RCW 48.43.015, the following publicly administered coverage shall be considered comparable health benefit plans: The basic health plan established by chapter 70.47 RCW; the medical assistance program established by chapter 74.09 RCW; and the Washington state health insurance pool, established by chapter 48.41 RCW, as long as the person is continuously enrolled in the pool until the next open enrollment period. If the person is enrolled in the pool for less than three months, she or he will be credited for that period up to three months.

(g) A carrier must accept for enrollment all newly eligible dependents of an enrollee for enrollment onto the enrollee’s individual health plan at any time of the year, provided application is made within sixty-three days of eligibility, or such longer time as provided by law or contract.

(h) At no time are carriers required to accept for enrollment any individual residing outside the state of Washington, except for qualifying dependents who reside outside the carrier service area.
No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. The provisions of this section apply only to individuals who are Washington residents.

Sec. 204. RCW 48.43.035 and 1995 c 265 s 7 are each amended to read as follows:

GUARANTEED ISSUE AND CONTINUITY OF COVERAGE MODIFIED. (1) All health carriers shall accept for enrollment any state resident within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection ((5)) (6) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. In the case of group plans, the carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:
   (a) Nonpayment of premium;
   (b) Violation of published policies of the carrier approved by the insurance commissioner;
   (c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
   (d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
   (e) Covered persons committing fraudulent acts as to the carrier;
   (f) Covered persons who materially breach the health plan; (or)
   (g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage; or
   (h) Cessation of a plan in accordance with subsection (5) or (7) of this section.

(4) The provisions of this section do not apply in the following cases:
   (a) A carrier has zero enrollment on a product; (or)
   (b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or
   (c) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) A health carrier may discontinue or materially modify a particular health plan, only if:
   (a) The health carrier provides notice to each covered person or group provided coverage of this type of such discontinuation or modification at least ninety days prior to the date of the discontinuation or modification of coverage;
   (b) The health carrier offers to each covered person provided coverage of this type the option to purchase any other health plan currently being offered by the health carrier to similar covered persons in the market category and geographic area; and
(c) In exercising the option to discontinue or modify a particular health plan and in offering the option of coverage under (b) of this subsection, the health carrier acts uniformly without regard to any health-status related factor of covered persons or persons who may become eligible for coverage.

(6) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(7) A health carrier may discontinue all health plan coverage in one or more of the following lines of business:
   (a)(i) Individual; or
   (ii)(A) Small group (1-50 eligible employees); and
   (B) Large group (51+ eligible employees);
   (b) Only if:
      (i) The health carrier provides notice to the office of the insurance commissioner and to each person covered by a plan within the line of business of such discontinuation at least one hundred eighty days prior to the expiration of coverage; and
      (ii) All plans issued or delivered in the state by the health carrier in such line of business are discontinued, and coverage under such plans in such line of business is not renewed; and
      (iii) The health carrier may not issue any health plan coverage in the line of business and state involved during the five-year period beginning on the date of the discontinuation of the last health plan not so renewed.

(8) The portability provisions of RCW 48.43.015 continue to apply to all enrollees whose health insurance coverage is modified or discontinued pursuant to this section.

(9) Nothing in this section modifies a health carrier's responsibility to offer the basic health plan model plan as required by RCW 70.47.060(2)(d).

Sec. 205. RCW 48.43.045 and 1995 c 265 s 8 are each amended to read as follows:
MODIFYING CARRIER REPORTING REQUIREMENTS. Every health plan delivered, issued for delivery, or renewed by a health carrier on and after January 1, 1996, shall:
(1) Permit every category of health care provider to provide health services or care for conditions included in the basic health plan services to the extent that:
   (a) The provision of such health services or care is within the health care providers' permitted scope of practice; and
   (b) The providers agree to abide by standards related to:
      (i) Provision, utilization review, and cost containment of health services;
      (ii) Management and administrative procedures; and
      (iii) Provision of cost-effective and clinically efficacious health services.
   (2) Annually report the names and addresses of all officers, directors, or trustees of the health carrier during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals. This requirement does not apply to a foreign or alien insurer regulated under chapter 48.20 or 48.21 RCW that files a supplemental compensation exhibit in its annual statement as required by law.

Sec. 206. RCW 70.47.060 and 1995 c 266 s 1 and 1995 c 2 s 4 are each reenacted and amended to read as follows:
MODEL PLAN DEFINED. The administrator has the following powers and duties:
(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive (**covered basic health care services**) covered basic health care
services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 1996, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or
procedures applicable to managed health care systems and in its dealings with such systems, the
administrator shall consider and make suitable allowance for the need for health care services and the
differences in local availability of health care resources, along with other resources, within and among
the several areas of the state. Contracts with participating managed health care systems shall ensure that
basic health plan enrollees who become eligible for medical assistance may, at their option, continue to
receive services from their existing providers within the managed health care system if such providers
have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees,deposit them in the basic health plan operating account, keep records of enrollee status, and authorize
periodic payments to managed health care systems on the basis of the number of enrollees participating
in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of
themselves and their spouses and dependent children, for enrollment in the Washington basic health
plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for
enrollees as may be necessary, and to determine, upon application and on a reasonable schedule
defined by the authority, or at the request of any enrollee, eligibility due to current gross family income
for sliding scale premiums. No subsidy may be paid with respect to any enrollee whose current gross
family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a
recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an
eligibility review, the administrator determines that a subsidized enrollee’s income exceeds twice the
federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in
income, the administrator may bill the enrollee for the subsidy paid on the enrollee’s behalf during the
period of time that the enrollee’s income exceeded twice the federal poverty level. If a number of
enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate
rules or requirements that are applicable to such individuals before they will be allowed to reenroll in
the plan.

(10) To accept applications from business owners on behalf of themselves and their employees,
spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area
served by the plan. The administrator may require all or the substantial majority of the eligible
employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate
the orderly enrollment of groups in the plan and into a managed health care system. The administrator
may require that a business owner pay at least an amount equal to what the employee pays after the
state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in
the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and
choose to obtain the basic health care coverage and services from a managed care system participating
in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all
such enrollees whenever the amount negotiated by the administrator with the participating managed
health care system or systems is modified or the administrative cost of providing the plan to such
enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return
for the provision of covered basic health care services to enrollees in the system. Although the schedule
of covered basic health care services will be the same for similar enrollees, the rates negotiated with
participating managed health care systems may vary among the systems. In negotiating rates with
participating systems, the administrator shall consider the characteristics of the populations served by
the respective systems, economic circumstances of the local area, the need to conserve the resources of
the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health
care systems in order to assure enrollee access to good quality basic health care, to require periodic
data reports concerning the utilization of health care services rendered to enrollees in order to provide
adequate information for evaluation, and to inspect the books and records of participating managed
health care systems to assure compliance with the purposes of this chapter. In requiring reports from
participating managed health care systems, including data on services rendered enrollees, the
administrator shall endeavor to minimize costs, both to the managed health care systems and to the
plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

**Sec. 207.** RCW 48.20.028 and 1995 c 265 s 13 are each amended to read as follows:

TENURE DISCOUNTS--INDIVIDUAL DISABILITY COVERAGE. (1)(a) An insurer offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health ((services)) benefits that are required to be delivered to an individual enrolled in the basic health plan subject to RCW 48.43.025 and 48.43.035. Nothing in this subsection shall preclude an insurer from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.20.390, 48.20.393, 48.20.395, 48.20.397, 48.20.410, 48.20.411, 48.20.412, 48.20.416, and 48.20.420 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

(2) Premiums for health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier's entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age; (and)
(iv) Tenure discounts; and

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a
provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(3) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

Nothing in this subsection shall preclude a contractor from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. HEALTH INSURANCE POOL--BENEFITS MODIFIED. (1) The pool is authorized to offer one or more managed care plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. Covered persons enrolled in the pool on January 1, 1997, may continue coverage under the pool plan in which they are enrolled on that date. However, the pool may incorporate managed care features into such existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of the pool policy in plain language. After approval by the board of directors, such brochure shall be made reasonably available to participants or potential participants. The health insurance policy issued by the
pool shall pay only usual, customary, and reasonable charges for medically necessary eligible health
care services rendered or furnished for the diagnosis or treatment of illnesses, injuries, and conditions
which are not otherwise limited or excluded. Eligible expenses are the usual, customary, and
reasonable charges for the health care services and items for which benefits are extended under the
pool policy. Such benefits shall at minimum include, but not be limited to, the following services or
related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most
common private room if semiprivate rooms do not exist in the health care facility, or for the private
room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar
year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or
chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or
conditions, other than dental, which are rendered by a health care provider, or at the direction of a
health care provider, by a staff of registered or licensed practical nurses, or other health care
providers;

(c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more
mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a
calendar year by one or more physicians, psychologists, or community mental health professionals, or,
at the direction of a physician, by other qualified licensed health care practitioners, in the case of
mental or nervous conditions, and rendered by a state certified chemical dependency program approved
under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not
more than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(k) Durable medical equipment which has no personal use in the absence of the condition for
which prescribed;

(l) Diagnostic x-rays and laboratory tests;

(m) Oral surgery limited to the following: Fractures of facial bones; excisions of mandibular
joints, lesions of the mouth, lip, or tongue, tumors, or cysts excluding treatment for
temporomandibular joints; incision of accessory sinuses, mouth salivary glands or ducts; dislocations
of the jaw; plastic reconstruction or repair of traumatic injuries occurring while covered under the pool;
and excision of impacted wisdom teeth;

(n) Maternity care services, as provided in the managed care plan to be designed by the pool
board of directors, and for which no preexisting condition waiting periods may apply:

(o) Services of a physical therapist and services of a speech therapist;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the
illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and
medically necessary and consistent with the diagnosis, treatment, and condition.

(3) The board shall design and employ cost containment measures and requirements such as,
but not limited to, care coordination, provider network limitations, preadmission certification, and
concurrent inpatient review which may make the pool more cost-effective.

(4) The pool benefit policy may contain benefit limitations, exceptions, and
reductions) cost shares such as copayments, coinsurance, and deductibles that are consistent with
managed care products, except that differential cost shares may be adopted by the board for
nonnetwork providers under point of service plans. The pool benefit policy cost shares and limitations
must be consistent with those that are generally included in health ((insurance) plans ((and are)))
approved by the insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

(5) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that it may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment, within three months before the effective date of coverage. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification.

Sec. 214. RCW 48.41.200 and 1987 c 431 s 20 are each amended to read as follows:

HEALTH INSURANCE POOL--RATE MODIFIED. The pool shall determine the standard risk rate by calculating the average group standard rate for groups comprised of up to (ten) fifty persons charged by the five largest members offering coverages in the state comparable to the pool coverage. In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage. Maximum rates for pool coverage shall be one hundred fifty percent for the indemnity health plan and one hundred twenty-five percent for managed care plans of the rates established as applicable for group standard risks in groups comprised of up to (ten) fifty persons.

All rates and rate schedules shall be submitted to the commissioner for approval.

Sec. 215. RCW 48.41.130 and 1987 c 431 s 13 are each amended to read as follows:

HEALTH INSURANCE POOL--SUBSTANTIAL EQUIVALENT CLARIFIED. All policy forms issued by the pool shall conform in substance to prototype forms developed by the pool, and shall in all other respects conform to the requirements of this chapter, and shall be filed with and approved by the commissioner before they are issued. The pool shall not issue a pool policy to any individual who, on the effective date of the coverage applied for, already has or would have coverage substantially equivalent to a pool policy as an insured or covered dependent, or who would be eligible for such coverage if he or she elected to obtain it at a lesser premium rate. However, coverage provided by the basic health plan, as established pursuant to chapter 70.47 RCW, shall not be deemed substantially equivalent for the purposes of this section.

NEW SECTION. Sec. 216. A new section is added to chapter 48.44 RCW to read as follows:

LOSS RATIOS--HEALTH CARE SERVICE CONTRACTORS. (1) For purposes of RCW 48.44.020(2)(d), benefits in a contract shall be deemed reasonable in relation to the amount charged provided that the anticipated loss ratio is at least:

(a) Sixty-five percent for individual subscriber contract forms;
(b) Seventy percent for franchise plan contract forms;
(c) Eighty percent for group contract forms other than small group contract forms; and
(d) Seventy-five percent for small group contract forms.

(2) With the approval of the commissioner, contract, rider, and endorsement forms that provide substantially similar coverage may be combined for the purpose of determining the anticipated loss ratio.

(3) A health care service contractor may charge the rate for prepayment of health care services in any contract identified in RCW 48.44.020(1) upon filing of the rate with the commissioner. If the commissioner disapproves the rate, the commissioner shall explain in writing the specific reasons for the disapproval. A health care service contractor may continue to charge such rate pending a final order in any hearing held under chapters 48.04 and 34.05 RCW, or if applicable, pending a final order in any appeal. Any amount charged that is determined in a final order on appeal to be unreasonable in relation to the benefits provided is subject to refund.

(4) For the purposes of this section:

(a) "Anticipated loss ratio" means the ratio of all anticipated claims or costs for the delivery of covered health care services including incurred but not reported claims and costs and medical management costs to premium minus any applicable taxes.
(b) "Small group contract form" means a form offered to a small employer as defined in RCW 48.43.005(24).

NEW SECTION. Sec. 217. A new section is added to chapter 48.46 RCW to read as follows: LOSS RATIOS--HEALTH MAINTENANCE ORGANIZATIONS. (1) For purposes of RCW 48.46.060(3)(d), benefits shall be deemed reasonable in relation to the amount charged provided that the anticipated loss ratio is at least:
   (a) Sixty-five percent for individual subscriber contract forms;
   (b) Seventy percent for franchise plan contract forms;
   (c) Eighty percent for group contract forms other than small group contract forms; and
   (d) Seventy-five percent for small group contract forms.
   (2) With the approval of the commissioner, contract, rider, and endorsement forms that provide substantially similar coverage may be combined for the purpose of determining the anticipated loss ratio.
   (3) A health maintenance organization may charge the rate for prepayment of health care services in any contract identified in RCW 48.46.060(1) upon filing of the rate with the commissioner. If the commissioner disapproves the rate, the commissioner shall explain in writing the specific reasons for the disapproval. A health maintenance organization may continue to charge such rate pending a final order in any hearing held under chapters 48.04 and 34.05 RCW, or if applicable, pending a final order in any appeal. Any amount charged that is determined in a final order on appeal to be unreasonable in relation to the benefits provided is subject to refund.
   (4) For the purposes of this section:
      (a) "Anticipated loss ratio" means the ratio of all anticipated claims or costs for the delivery of covered health care services including incurred but not reported claims and costs and medical management costs to premium minus any applicable taxes.
      (b) "Small group contract form" means a form offered to a small employer as defined in RCW 48.43.005(24).

NEW SECTION. Sec. 218. A new section is added to chapter 48.21 RCW to read as follows: LOSS RATIOS--GROUPS' DISABILITY COVERAGE. The following standards and requirements apply to group and blanket disability insurance policy forms and manual rates:
   (1) Specified disease group insurance shall generate at least a seventy-five percent loss ratio regardless of the size of the group.
   (2) Group disability insurance, other than specified disease insurance, as to which the insureds pay all or substantially all of the premium shall generate loss ratios no lower than those set forth in the following table.

<table>
<thead>
<tr>
<th>Number of Certificate Holders at Issue, Renewal, or Rerating</th>
<th>Minimum Overall Loss Ratio</th>
</tr>
</thead>
<tbody>
<tr>
<td>9 or less</td>
<td>60%</td>
</tr>
<tr>

</tr>
<tr>
<td>50 to 99</td>
<td>75%</td>
</tr>
<tr>
<td>100 or more</td>

</tr>
</tbody>

   (3) Group disability policy forms, other than for specified disease insurance, for issue to single employers insuring less than one hundred lives shall generate loss ratios no lower than those set forth in subsection (2) of this section for groups of the same size.
   (4) The calculating period may vary with the benefit and premium provisions. The company may be required to demonstrate the reasonableness of the calculating period chosen by the actuary responsible for the premium calculations.
   (5) A request for a rate increase submitted at the end of the calculating period shall include a comparison of the actual to the expected loss ratios and shall employ any accumulation of reserves in
the determination of rates for the selected calculating period and account for the maintenance of such reserves for future needs. The request for the rate increase shall be further documented by the expected loss ratio for the new calculating period.

(6) A request for a rate increase submitted during the calculating period shall include a comparison of the actual to the expected loss ratios, a demonstration of any contributions to or support from the reserves, and shall account for the maintenance of such reserves for future needs. If the experience justifies a premium increase it shall be deemed that the calculating period has prematurely been brought to an end. The rate increase shall further be documented by the expected loss ratio for the next calculating period.

(7) The commissioner may approve a series of two or three smaller rate increases in lieu of one larger increase. These should be calculated to reduce the lapses and antiselection that often result from large rate increases. A demonstration of such calculations, whether for a single rate increase or a series of smaller rate increases, satisfactory to the commissioner, shall be attached to the filing.

(8) Companies shall review their experience periodically and file appropriate rate revisions in a timely manner to reduce the necessity of later filing of exceptionally large rate increases.

(9) The definitions in section 221 of this act and the provisions in section 220 of this act apply to this section.

NEW SECTION. Sec. 219. A new section is added to chapter 48.20 RCW to read as follows:

LOSS RATIOS--INDIVIDUAL DISABILITY COVERAGE. The following standards and requirements apply to individual disability insurance forms:

(1) The overall loss ratio shall be deemed reasonable in relation to the premiums if the overall loss ratio is at least sixty percent over a calculating period chosen by the insurer and satisfactory to the commissioner.

(2) The calculating period may vary with the benefit and renewal provisions. The company may be required to demonstrate the reasonableness of the calculating period chosen by the actuary responsible for the premium calculations. A brief explanation of the selected calculating period shall accompany the filing.

(3) Policy forms, the benefits of which are particularly exposed to the effects of inflation and whose premium income may be particularly vulnerable to an eroding persistency and other similar forces, shall use a relatively short calculating period reflecting the uncertainties of estimating the risks involved. Policy forms based on more dependable statistics may employ a longer calculating period. The calculating period may be the lifetime of the contract for guaranteed renewable and noncancellable policy forms if such forms provide benefits that are supported by reliable statistics and that are protected from inflationary or eroding forces by such factors as fixed dollar coverages, inside benefit limits, or the inherent nature of the benefits. The calculating period may be as short as one year for coverages that are based on statistics of minimal reliability or that are highly exposed to inflation.

(4) A request for a rate increase to be effective at the end of the calculating period shall include a comparison of the actual to the expected loss ratios, shall employ any accumulation of reserves in the determination of rates for the new calculating period, and shall account for the maintenance of such reserves for future needs. The request for the rate increase shall be further documented by the expected loss ratio for the new calculating period.

(5) A request for a rate increase submitted during the calculating period shall include a comparison of the actual to the expected loss ratios, a demonstration of any contributions to and support from the reserves, and shall account for the maintenance of such reserves for future needs. If the experience justifies a premium increase it shall be deemed that the calculating period has prematurely been brought to an end. The rate increase shall further be documented by the expected loss ratio for the next calculating period.

(6) The commissioner may approve a series of two or three smaller rate increases in lieu of one large increase. These should be calculated to reduce lapses and anti-selection that often result from large rate increases. A demonstration of such calculations, whether for a single rate increase or for a series of smaller rate increases, satisfactory to the commissioner, shall be attached to the filing.

(7) Companies shall review their experience periodically and file appropriate rate revisions in a timely manner to reduce the necessity of later filing of exceptionally large rate increases.
NEW SECTION, Sec. 220. A new section is added to chapter 48.20 RCW to read as follows:

LOSS RATIOS--DISABILITY COVERAGE EXEMPTIONS. Sections 218 and 219 of this act apply to all insurers and to every disability insurance policy form filed for approval in this state after the effective date of this section, except:

(1) Additional indemnity and premium waiver forms for use only in conjunction with life insurance policies;
(2) Medicare supplement policy forms that are regulated by chapter 48.66 RCW;
(3) Credit insurance policy forms issued pursuant to chapter 48.34 RCW;
(4) Group policy forms other than:
   (a) Specified disease policy forms;
   (b) Policy forms, other than loss of income forms, as to which all or substantially all of the premium is paid by the individuals insured thereunder;
   (c) Policy forms, other than loss of income forms, for issue to single employers insuring less than one hundred employees;
(5) Policy forms filed by health care service contractors or health maintenance organizations;
(6) Policy forms initially approved, including subsequent requests for rate increases and modifications of rate manuals.

NEW SECTION, Sec. 221. A new section is added to chapter 48.20 RCW to read as follows:

LOSS RATIOS--DISABILITY COVERAGE DEFINITIONS. (1) The "expected loss ratio" is a prospective calculation and shall be calculated as the projected "benefits incurred" divided by the projected "premiums earned" and shall be based on the actuary's best projections of the future experience within the "calculating period."
(2) The "actual loss ratio" is a retrospective calculation and shall be calculated as the "benefits incurred" divided by the "premiums earned," both measured from the beginning of the "calculating period" to the date of the loss ratio calculations.
(3) The "overall loss ratio" shall be calculated as the "benefits incurred" divided by the "premiums earned" over the entire "calculating period" and may involve both retrospective and prospective data.
(4) The "calculating period" is the time span over which the actuary expects the premium rates, whether level or increasing, to remain adequate in accordance with his or her best estimate of future experience and during which the actuary does not expect to request a rate increase.
(5) The "benefits incurred" is the "claims incurred" plus any increase, or less any decrease, in the "reserves."
(6) The "claims incurred" means:
   (a) Claims paid during the accounting period; plus
   (b) The change in the liability for claims that have been reported but not paid; plus
   (c) The change in the liability for claims that have not been reported but which may reasonably be expected.
   The "claims incurred" does not include expenses incurred in processing the claims, home office or field overhead, acquisition and selling costs, taxes or other expenses, contributions to surplus, or profit.
(7) The "reserves," as referred to in sections 218 and 219 of this act include:
   (a) Active life disability reserves;
   (b) Additional reserves whether for a specific liability purpose or not;
   (c) Contingency reserves;
   (d) Reserves for select morbidity experience; and
   (e) Increased reserves that may be required by the commissioner.
(8) The "premiums earned" means the premiums, less experience credits, refunds, or dividends, applicable to an accounting period whether received before, during, or after such period.
(9) Renewal provisions are defined as follows:
   (a) "Guaranteed renewable" means renewal cannot be declined by the insurance company for any reason, but the insurance company can revise rates on a class basis.
(b) "Noncancellable" means renewal cannot be declined nor can rates be revised by the insurance company.

PART III--BENEFITS AND SERVICE DELIVERY

NEW SECTION. Sec. 301. A new section is added to chapter 48.43 RCW to read as follows:

EMERGENCY MEDICAL SERVICES. (1) When conducting a review of the necessity and appropriateness of emergency services or making a benefit determination for emergency services:

(a) A health carrier shall cover emergency services necessary to screen and stabilize a covered person if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. In addition, a health carrier shall not require prior authorization of such services provided prior to the point of stabilization if a prudent layperson acting reasonably would have believed that an emergency medical condition existed. With respect to care obtained from a nonparticipating hospital emergency department, a health carrier shall cover emergency services necessary to screen and stabilize a covered person if a prudent layperson would have reasonably believed that use of a participating hospital emergency department would result in a delay that would worsen the emergency, or if a provision of federal, state, or local law requires the use of a specific provider or facility. In addition, a health carrier shall not require prior authorization of such services provided prior to the point of stabilization if a prudent layperson acting reasonably would have believed that an emergency medical condition existed and that use of a participating hospital emergency department would result in a delay that would worsen the emergency.

(b) If an authorized representative of a health carrier authorizes coverage of emergency services, the health carrier shall not subsequently retract its authorization after the emergency services have been provided, or reduce payment for an item or service furnished in reliance on approval, unless the approval was based on a material misrepresentation about the covered person’s health condition made by the provider of emergency services.

(c) Coverage of emergency services may be subject to applicable copayments, coinsurance, and deductibles, and a health carrier may impose reasonable differential cost-sharing arrangements for emergency services rendered by nonparticipating providers, if such differential between cost-sharing amounts applied to emergency services rendered by participating provider versus nonparticipating provider does not exceed fifty dollars. Differential cost sharing for emergency services may not be applied when a covered person presents to a nonparticipating hospital emergency department rather than a participating hospital emergency department when the health carrier requires preauthorization for postevaluation or poststabilization emergency services if:

(i) Due to circumstances beyond the covered person’s control, the covered person was unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person’s health; or

(ii) A prudent layperson possessing an average knowledge of health and medicine would have reasonably believed that he or she would be unable to go to a participating hospital emergency department in a timely fashion without serious impairment to the covered person’s health.

(d) If a health carrier requires preauthorization for postevaluation or poststabilization services, the health carrier shall provide access to an authorized representative twenty-four hours a day, seven days a week, to facilitate review. In order for postevaluation or poststabilization services to be covered by the health carrier, the provider or facility must make a documented good faith effort to contact the covered person’s health carrier within ten minutes of stabilization, if the covered person needs to be stabilized. The health carrier’s authorized representative is required to respond to a telephone request for preauthorization from a provider or facility within ten minutes. Failure of the health carrier to respond within ten minutes constitutes authorization for the provision of immediately required medically necessary postevaluation and poststabilization services, unless the health carrier documents that it made a good faith effort but was unable to reach the provider or facility within ten minutes after receiving the request.

(e) A health carrier shall immediately arrange for an alternative plan of treatment for the covered person if a nonparticipating emergency provider and health plan cannot reach an agreement on which services are necessary beyond those immediately necessary to stabilize the covered person consistent with state and federal laws.
(2) Nothing in this section is to be construed as prohibiting the health carrier from requiring notification within the time frame specified in the contract for inpatient admission or as soon thereafter as medically possible but no less than twenty-four hours. Nothing in this section is to be construed as preventing the health carrier from reserving the right to require transfer of a hospitalized covered person upon stabilization. Follow-up care that is a direct result of the emergency must be obtained in accordance with the health plan's usual terms and conditions of coverage. All other terms and conditions of coverage may be applied to emergency services.

PART IV--MISCELLANEOUS

NEW SECTION. Sec. 401. WICKLINE CLAUSE STUDY. (1) There is some question regarding who should be liable when a health carrier or other third-party payer refuses to pay for or provide health services recommended by a health care provider and the patient suffers injury as a result of not receiving the recommended care. This issue typically arises in managed care systems, which integrate the financing and delivery of health care services to covered persons through selected providers. Contracts between a health carrier and a provider may address potential liability issues regarding the relationship between the carrier and the provider. Some contracts shift potential liability for a health carrier's decision not to pay for recommended health services to the provider or patient through what are commonly referred to as "Wickline clauses." These clauses generally state it is a medical decision between the provider and patient as to whether the patient receives services that the carrier refuses to cover; this ignores the fact that the decision not to provide coverage influences the decision of the patient whether to receive the recommended care. The legislature intends to review the policy questions raised by this issue, particularly to what extent the carrier should be able to avoid liability for its decisions by insulating itself through its contracts with providers.

(2) A joint task force on Wickline clauses shall review the practice of contractually assigning or avoiding potential liability for decisions by a health carrier or other third-party payer not to pay for health care services recommended by a health care provider. The task force shall be comprised of two members of the house of representatives appointed by the speaker of the house, one from each major caucus, two members of the senate appointed by the president of the senate, one from each major caucus, and eight persons appointed by the legislative members of the task force. The eight nonlegislative persons on the task force shall consist of: Two representatives of health care providers; two representatives of health care consumers; two representatives of health carriers; and two representatives of self-funded health plans. The legislative members shall organize and administer the task force. Staffing shall be provided by the office of program research and senate committee services.

(3) The task force shall report to the health care committees of the legislature by December 1, 1997. The report shall discuss the policy issues regarding Wickline clauses and the more general issue of potential liability for decisions of a health carrier and others not to cover health care recommended by the provider. The report may contain recommendations for the legislature to consider.

NEW SECTION. Sec. 402. COMMON TITLE. This act shall be known as the consumer assistance and insurance market stabilization act.

NEW SECTION. Sec. 403. Part headings and section captions used in this act are not part of the law.

NEW SECTION. Sec. 404. SEVERABILITY CLAUSE. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 405. EFFECTIVE DATES. (1) Sections 104 through 108 and 301 of this act take effect January 1, 1998.

(2) Section 111 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997.
Section 205 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 1 of the title, after "reform;" strike the remainder of the title and insert "amending RCW 48.43.055, 48.43.005, 48.43.025, 48.43.035, 48.43.045, 48.20.028, 48.44.022, 48.46.064, 48.41.030, 48.41.060, 48.41.080, 48.41.110, 48.41.200, and 48.41.130; reenacting and amending RCW 70.47.060; adding new sections to chapter 48.43 RCW; adding a new section to chapter 74.09 RCW; adding a new section to chapter 48.44 RCW; adding a new section to chapter 48.46 RCW; adding a new section to chapter 48.21 RCW; adding new sections to chapter 48.20 RCW; creating new sections; repealing RCW 48.46.100; providing effective dates; and declaring an emergency."

MESSAGE FROM THE SENATE

April 16, 1997

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1111 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 401. (1) If a person placed surface or ground water to beneficial use before January 1, 1993, for irrigation, stock watering, or domestic use supplied by a public water supply system with one hundred fifty or fewer service connections for which a permit or certificate was not issued by the department or its predecessors, the person or the public water supply system, or their respective successors may continue to use water in the amount that has been beneficially used as provided in subsection (3) of this section if:

(a) The person or the public water supply system files with the department a statement of claim during the period beginning September 1, 1997, and ending midnight June 30, 1998, using the standard form prescribed by RCW 90.14.051; and

(b) The person or public water supply system has applied the water to beneficial use to the full extent stated in the statement of claim during at least one of the five years preceding the date the statement is filed and the person attests to having done so on the statement.

(2) The person or public water supply system must file with the statement of claim evidence that the quantity of water described in the claim was used beneficially before January 1, 1993, and during one of the five years preceding the date the statement was filed in the form of any two of the following:

(a) A statement signed by two persons other than the person filing the statement of claim verifying that the claimant beneficially used the water before January 1, 1993, and during one of the five years preceding the date the statement was filed as described in the statement of claim;

(b) A copy of a dated photograph clearly demonstrating the presence of grass or a crop requiring irrigation in the amounts asserted in the statement of claim or of livestock requiring water in such amounts; or records of receipts of the sale of crops by the person or the person's successor indicating that irrigation in the amount claimed was required to produce the crops;

(c) Receipts or records of irrigation or stockwatering equipment purchases or repairs associated with the water use specified in the statement of claim;

(d) Water well construction records identifying the date the well specified in the statement of claim as the point of withdrawal was constructed;

(e) Records of electricity bills directly associated with the withdrawal of water as specified in the statement of claim;

(f) Personal records such as photographs, journals, or correspondence indicating the use of water as asserted in the statement of claim.

(3) Public water supply systems must, in addition to the requirements of subsection (2) of this section, provide evidence of service connections existing and using water as of January 1, 1993, including documentation that the homes were built and occupied.

NEW SECTION. Sec. 402. If the claimant has not already filed an application for a water right under RCW 90.30.250 or 90.44.060 for the water use stated in the statement of claim, the claimant shall file such an application with the claimant's statement of claim. A claimant who has filed both a statement of claim and an application for a water right has standing to assert a claim of a water right in a general adjudication under RCW 90.03.110 for the water use stated in the statement of claim. The statement of claim shall be reviewed by the court as provided in section 4 of this act.

NEW SECTION. Sec. 403. A person may continue to use water described in the statement of claim until one of the following occurs:

(1) The department makes its final decision granting or denying the water right application filed by the applicant as provided in section 2 of this act; or
If the department has not made a final decision on the water right application, a court of competent jurisdiction issues a decree pursuant to a general adjudication under RCW 90.03.200 that defines or denies the claimant’s right to appropriate water as provided in section 4 of this act.

NEW SECTION. Sec. 404. The department or the court may authorize the continued use of water under section 3 of this act only if the claimant meets the requirements of RCW 90.03.247 through 90.03.330, chapter 90.44 RCW, and RCW 90.54.020. If the department finds that the applicable requirements are met, it shall grant the water right application and issue a certificate under RCW 90.03.330 authorizing the person to use that quantity of water that had been put to beneficial use, not to exceed that quantity requested in the application or documented in the statement of claim under section 1 of this act, whichever is less. If in a general adjudication the court finds that the requirements are met, it shall confirm such use of water in a decree issued under RCW 90.03.200 and the department shall issue a certificate under RCW 90.03.240. The court may not confirm a right in excess of the quantity of water that was applied to beneficial use as documented in the statement of claim under section 1 of this act or the quantity requested in the application for a water right, whichever is less. The priority date of any right issued by the department or confirmed by a court shall be the date a water right application authorizing the use of water was filed with the department.

NEW SECTION. Sec. 405. If the department or the court denies the claimant’s use of water under section 4 of this act, the claimant must cease the use of the water. A decision by the department or a court limiting or denying a claimant’s right to continue using water does not constitute a compensable taking under state or federal law because such claimants have no continuing legal right to use water.

NEW SECTION. Sec. 406. Sections 1 through 8 of this act do not apply to or authorize any use of water that was the subject of a water right application filed with the department, where the department denied such application.

NEW SECTION. Sec. 407. A continuing use of water authorized under sections 1 through 8 of this act do not affect or impair in any respect whatsoever a water right existing before September 1, 1997. Sections 1 through 8 of this act do not limit the ability of a senior water right holder to take legal action against any other water user to prevent impairment of his or her water right. A right granted under sections 1 through 8 of this act may be junior in every respect to a right with a more senior date of priority. Any right granted under sections 1 through 8 of this act may only be exercised in a manner that does not impair or interfere with a water right that is senior to it. The filing of a statement of claim under this section does not constitute an adjudication of any claim to the right to the use of waters as between the claimant and the state, or as between one or more water use claimants. A statement of claim filed under this section shall be admissible in a general adjudication of water rights as prima facie evidence of the times of use and the quantity of water the claimant was withdrawing or diverting to the same extent as is provided by RCW 90.14.081 for a statement of claim in the water rights claims registry on the effective date of this section.

NEW SECTION. Sec. 408. This section does not apply to ground water in an area that is, during the period established by section 1(2) of this act, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to ground water rights. This section does not apply to surface water in an area that is, during the period established by section 1(2) of this act, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to surface water rights.

NEW SECTION. Sec. 409. Sections 1 through 8 of this act do not apply to rights embodied in a water right permit or certificate issued by the department of ecology or its predecessors, a water right represented by a claim in the water rights claims registry, created under RCW 90.14.111, before
September 1, 1997, or a water right exempted from permit and application requirements by RCW 90.44.050.

NEW SECTION. Sec. 410. Sections 1 through 8 of this act do not apply to claims for the use of water in a ground water area or subarea for which a management program adopted by the department by rule and in effect on the effective date of this section establishes acreage expansion limitations for the use of ground water.

NEW SECTION. Sec. 411. Sections 1 through 10 of this act are each added to chapter 90.03 RCW."

On page 1, line 1 of the title, after "rights;" strike the remainder of the title and insert "adding new sections to chapter 90.03 RCW."

MESSAGE FROM THE SENATE

April 7, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1418 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 401. RCW 79.64.030 and 1993 c 460 s 2 are each amended to read as follows:
Funds in the account derived from the gross proceeds of leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, agricultural college lands, scientific school lands, normal school lands, capitol building lands, or institutional lands shall be pooled and expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering state lands of the same trust. Such funds may be used for similar costs and expenses in managing and administering other lands managed by the department provided that such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at a rate determined by the board of natural resources.

An accounting shall be made annually of the accrued expenditures from the pooled trust funds in the account. In the event the accounting determines that expenditures have been made from moneys derived from certain trust lands for the benefit of another trust or other lands, such expenditure shall be considered a debt and an encumbrance against the property or trust funds benefited, including property held under chapter 76.12 RCW. The results of the accounting shall be reported to the legislature at the next regular session. The state treasurer is authorized, upon request of the department, to transfer funds between the forest development account and the resource management cost account solely for purpose of repaying loans pursuant to this section.

Sec. 402. RCW 79.01.136 and 1979 ex.s. c 109 s 5 are each amended to read as follows:

Before any state lands are offered for sale, or lease, or are assigned, the department of natural resources may establish the fair market value of those authorized improvements not owned by the state. In the event that agreement cannot be reached between the state and the lessee on the fair market value, such valuation shall be submitted to a review board of appraisers. The board shall be as follows: One member to be selected by the lessee and his or her expense shall be borne by the lessee; one member selected by the state and his or her expense shall be borne by the state; these members so selected shall mutually select a third member and his or her expenses shall be shared equally by the lessee and the state. The majority decision of this appraisal review board shall be binding on both parties. For this purpose "fair market value" is defined as: The highest price in terms of money which a property will bring in a competitive and open market under all conditions of a fair sale, the buyer and seller, each prudently knowledgeable and assuming the price is not affected by undue stimulus. All damages and wastes committed upon such lands and other obligations due from the lessee shall be deducted from the appraised value of the improvements. However, the department of natural resources on behalf of the respective trust may purchase at fair market value those improvements if it appears to be in the best interest of the state from the RMCA of the general fund. Payment for the improvements may be made with funds held on behalf of the trust in the resource management cost account established under RCW 79.64.020.

Sec. 403. RCW 79.64.010 and 1967 ex.s. c 63 s 1 are each amended to read as follows:

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Account" means the resource management cost account in the state general fund.
(2) "Department" means the department of natural resources.
(3) "Board" means the board of natural resources of the department of natural resources.
(4) "Rule" means rule as that term is defined by RCW 34.05.010.
(5) The definitions set forth in RCW 79.01.004 shall be applicable.
(6) "Agricultural college lands" means all public lands awarded to the state of Washington under section 16 of the Omnibus Enabling Act (25 Stat. 180) and all lands acquired as the result of the sale or exchange of the lands.

Sec. 404. RCW 79.64.020 and 1993 c 460 s 1 are each amended to read as follows:

A resource management cost account in the state treasury is hereby created to be used solely for the purpose of defraying the costs and expenses necessarily incurred by the department in managing and administering public lands, and the making and administering of leases, sales, contracts, licenses, permits, easements, and rights of way on or with respect to such lands as authorized under the
provisions of this title. Appropriations from the account to the department shall be expended for no other purposes. The resource management cost account may receive and accept funds that are to be used for such purposes from any source. Funds in the account produced by a trust may be appropriated or transferred by the legislature (for the benefit of all of the trusts from which the funds were derived) only for the benefit of the trust.

**NEW SECTION, Sec. 405.** A new section is added to chapter 79.64 RCW to read as follows:

No part of the gross proceeds from leases, sales, contracts, licenses, permits, easements, and rights of way on or relating to the agricultural college lands may be used to defray costs or expenses incurred in managing and administering the lands, and all such gross proceeds shall be made available to the beneficiary of the agricultural college lands.

**Sec. 406.** RCW 79.64.040 and 1981 2nd ex.s. c 4 s 3 are each amended to read as follows:

The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the gross proceeds of all leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting public lands other than the agricultural college lands. Moneys received with respect to such lands as deposits from successful bidders, advance payments, and security under RCW 79.01.132 and 79.01.204 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section. The deductions authorized under this section shall in no event exceed twenty-five percent of the total sum received by the department in connection with any one transaction pertaining to public lands other than second class tide and shore lands and the beds of navigable waters, and fifty percent of the total gross proceeds received by the department pertaining to second class tide and shore lands and the beds of navigable waters.

**NEW SECTION, Sec. 407.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997."

and the same are herewith transmitted. Susan Carlson, Deputy Secretary

There being no objection, the House did not concur in the Senate amendments to Substitute House Bill No. 1418, and asked the Senate to recede therefrom.

APPOINTMENT OF CONFEREES

MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1581 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.40.160 and 1995 c 395 s 7 are each amended to read as follows:

(1) When the respondent is found to be a serious offender, the court shall commit the offender to the department for the standard range of disposition for the offense, as indicated in option A of schedule D-3, RCW 13.40.0357 except as provided in subsections (5) and (6) of this section.

If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option B of schedule D-3, RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(2) Where the respondent is found to be a minor or first offender, the court shall order that the respondent serve a term of community supervision as indicated in option A or option B of schedule D-1, RCW 13.40.0357 except as provided in subsections (5) and (6) of this section. If the court determines that a disposition of community supervision would effectuate a manifest injustice the court may impose another disposition under option C of schedule D-1, RCW 13.40.0357. Except as provided in subsection (5) of this section, a disposition other than a community supervision may be imposed only after the court enters reasons upon which it bases its conclusions that imposition of community supervision would effectuate a manifest injustice. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

Except for disposition of community supervision or a disposition imposed pursuant to subsection (5) of this section, a disposition may be appealed as provided in RCW 13.40.230 by the state or the respondent. A disposition of community supervision or a disposition imposed pursuant to subsection (5) of this section may not be appealed under RCW 13.40.230.

(3) Where a respondent is found to have committed an offense for which the respondent declined to enter into a diversion agreement, the court shall impose a term of community supervision limited to the conditions allowed in a diversion agreement as provided in RCW 13.40.080(2).

(4) If a respondent is found to be a middle offender:

(a) The court shall impose a determinate disposition within the standard range(s) for such offense, as indicated in option A of schedule D-2, RCW 13.40.0357 except as provided in subsections..."
(5) and (6) of this section. If the standard range includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement; or

(b) If the middle offender has less than 110 points, the court shall impose a determinate disposition of community supervision and/or up to thirty days confinement, as indicated in option B of schedule D-2, RCW 13.40.0357 in which case, if confinement has been imposed, the court shall state either aggravating or mitigating factors as set forth in RCW 13.40.150. If the middle offender has 110 points or more, the court may impose a disposition under option A and may suspend the disposition on the condition that the offender serve up to thirty days of confinement and follow all conditions of community supervision. If the offender violates any condition of the disposition including conditions of a probation bond, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(c) Only if the court concludes, and enters reasons for its conclusions, that disposition as provided in subsection (4)(a) or (b) of this section would effectuate a manifest injustice, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. The court’s finding of manifest injustice shall be supported by clear and convincing evidence.

(d) A disposition pursuant to subsection (4)(c) of this section is appealable under RCW 13.40.230 by the state or the respondent. A disposition pursuant to subsection (4)(a) or (b) of this section is not appealable under RCW 13.40.230.

(5) When a serious, middle, or minor first offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment. The report of the examination shall include at a minimum the following: The respondent's version of the facts and the official version of the facts, the respondent's offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent's social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator's information.

The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) (i) Frequency and type of contact between the offender and therapist;
(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
(iv) Anticipated length of treatment; and
(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, and the court may suspend the execution of the disposition and place the offender on community supervision for up to two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(i) Devote time to a specific education, employment, or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;

(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;

(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(v) Report as directed to the court and a probation counselor;

(vi) Pay all court-ordered legal financial obligations, perform community service, or any combination thereof;

(vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense; ((or))

(viii) Comply with the conditions of any court-ordered probation bond; or

(ix) The court shall order that the offender may not attend the public or approved private elementary, middle, or high school attended by the victim or the victim’s siblings. The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender’s change of school that would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on attending the same school as the victim or victim’s siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

Except as provided in this subsection (5), after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (5) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the disposition. The court may order both execution of the disposition and up to thirty days’ confinement for the violation of the conditions of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.
(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(1)((e)) (b)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(8) Except as provided for in subsection (4)(b) or (5) of this section or RCW 13.40.125, the court shall not suspend or defer the imposition or the execution of the disposition.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 2. RCW 13.40.215 and 1995 c 324 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, at the earliest possible date, and in no event later than thirty days before discharge, parole, or any other authorized leave or release, or before transfer to a community residential facility, the secretary shall send written notice of the discharge, parole, authorized leave or release, or transfer of a juvenile found to have committed a violent offense, a sex offense, or stalking, to the following:

(i) The chief of police of the city, if any, in which the juvenile will reside;

(ii) The sheriff of the county in which the juvenile will reside; and

(iii) The approved private schools and the common school district board of directors of the district in which the juvenile intends to reside or the approved private school or public school district in which the juvenile last attended school, whichever is appropriate, except when it has been determined by the department that the juvenile is twenty-one years old; is not required to return to school under chapter 28A.225 RCW; or will be in the community for less than seven consecutive days on approved leave and will not be attending school during that time.

(b) After the effective date of this act, the department shall send a written notice to approved private and public schools under the same conditions identified in subsection (1)(a)(iii) of this section when a juvenile adjudicated of any offense is transferred to a community residential facility.

(c) The same notice as required by (a) of this subsection shall be sent to the following, if such notice has been requested in writing about a specific juvenile:

(i) The victim of the offense for which the juvenile was found to have committed or the victim's next of kin if the crime was a homicide;

(ii) Any witnesses who testified against the juvenile in any court proceedings involving the offense; and

(iii) Any person specified in writing by the prosecuting attorney.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the juvenile. If previously requested, the secretary shall also notify the witnesses and the victim of the offense which the juvenile was found to have committed or the victim's next of kin if the crime was a homicide. If the juvenile is recaptured, the secretary shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(3) If the victim, the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) Upon discharge, parole, or other authorized leave or release, a convicted juvenile sex offender shall not attend a public or approved private elementary, middle, or high school that is attended by a victim or a sibling of a victim of the sex offender. Upon discharge, parole, or other authorized leave or release of a convicted juvenile sex offender, the secretary shall send written notice of the discharge, parole, or other authorized leave or release and the requirements of this subsection to the common school district board of directors of the district in which the sex offender intends to reside or the district in which the sex offender last attended school, whichever is appropriate. MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1924 with the following amendments:

On page 21, after line 31, insert the following:

"Sec. 3. RCW 9A.44.130 and 1996 c 275 s 11 are each amended to read as follows:

(1) Any adult or juvenile residing in this state who has been found to have committed or has been convicted of any sex offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense, shall register with the county sheriff for the county of the person’s residence.

(2) The person shall provide the county sheriff with the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; and (h) social security number.

(3)(a) Sex offenders shall register within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses:

(i) SEX OFFENDERS IN CUSTODY. Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The agency that has jurisdiction over the offender shall provide notice to the sex offender of the duty to register. Failure to register within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(ii) SEX OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders, who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(ii) as of July 28, 1991, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) SEX OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. A change in supervision status of a sex offender
who was required to register under this subsection (3)(a)(iii) as of July 23, 1995, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) SEX OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) SEX OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990. Sex offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) SEX OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released prior to July 23, 1995, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify offenders who were released prior to July 23, 1995. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (7) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (7) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff at least fourteen days before moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person
last registered. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(5) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(6) "Sex offense" for the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330 means any offense defined as a sex offense by RCW 9.94A.030 and any violation of RCW 9.68A.090 or 9A.44.096 as well as any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030.

(7) A person who knowingly fails to register or who moves without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a class A felony. If the crime was other than a class A felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a class A felony, violation of this section is a gross misdemeanor."

On page 21, after line 31, insert the following:

Sec. 3. RCW 9.94A.030 and 1996 c 289 s 1 and 1996 c 275 s 5 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

APPOINTMENT OF CONFEREES

The Speaker appointed Representatives Ballasiotes, Koster and Costa as Conferees on House Bill No. 1924.

MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2279 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.47.015 and 1995 c 265 s 1 are each amended to read as follows:

(1) The legislature finds that the basic health plan has been an effective program in providing health coverage for uninsured residents. Further, since 1993, substantial amounts of public funds have been allocated for subsidized basic health plan enrollment.

(2) It is the intent of the legislature that the basic health plan enrollment be expanded expeditiously, consistent with funds available in the health services account, with the goal of two hundred thousand adult subsidized basic health plan enrollees and one hundred thirty thousand children covered through expanded medical assistance services by June 30, 1997, with the priority of providing needed health services to children in conjunction with other public programs.

(3) Effective January 1, 1996, basic health plan enrollees whose income is less than one hundred twenty-five percent of the federal poverty level shall pay at least a ten-dollar premium share.

(4) No later than July 1, 1996, the administrator shall implement procedures whereby hospitals licensed under chapters 70.41 and 71.12 RCW, health carrier, rural health care facilities regulated under chapter 70.175 RCW, and community and migrant health centers funded under RCW 41.05.220, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

(5) No later than July 1, 1996, the administrator shall implement procedures whereby health insurance agents and brokers, licensed under chapter 48.17 RCW, may expeditiously assist patients and their families in applying for basic health plan or medical assistance coverage, and in submitting such applications directly to the health care authority or the department of social and health services."
Brokers and agents (shall be entitled to) may receive a commission for each individual sale of the basic health plan to anyone not (at anytime previously) signed up within the previous five years and a commission for each group sale of the basic health plan, if funding for this purpose is provided in a specific appropriation to the health care authority. No commission shall be provided upon a renewal. Commissions shall be determined based on the estimated annual cost of the basic health plan, however, commissions shall not result in a reduction in the premium amount paid to health carriers. For purposes of this section "health carrier" is as defined in RCW 48.43.005. The administrator may establish: (a) Minimum educational requirements that must be completed by the agents or brokers; (b) an appointment process for agents or brokers marketing the basic health plan; or (c) standards for revocation of the appointment of an agent or broker to submit applications for cause, including untrustworthy or incompetent conduct or harm to the public. The health care authority and the department of social and health services shall make every effort to simplify and expedite the application and enrollment process.

Sec. 2. RCW 70.47.060 and 1995 c 266 s 1 and 1995 c 2 s 4 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive (covered basic health care services) covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the
managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. (but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee).

(d) To develop, as an offering by all health carriers providing coverage identical to the basic health plan, a model plan benefits package with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee’s behalf during the period of time that the enrollee’s income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.
(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997."

and the same are herewith transmitted.

(1) Notwithstanding any other provision of law, school districts, educational service districts, or any other state or local governmental agency concerned with education, when declaring texts and other books, equipment, materials or relocatable facilities as surplus, shall, prior to other disposal thereof, serve notice in writing in a newspaper of general circulation in the school district and to any public school district or private school in Washington state annually requesting such a notice, that the same is available for sale, rent, or lease to public school districts or approved private schools, at depreciated cost or fair market value, whichever is greater: PROVIDED, That students wishing to purchase texts pursuant to RCW 28A.320.230(2) shall have priority as to such texts. Such districts or agencies shall not otherwise sell, rent or lease such surplus property to any person, firm, organization, or nongovernmental agency for at least thirty days following publication of notice in a newspaper of general circulation in the school district."
(2) In lieu of complying with subsection (1) of this section, school districts and educational service districts may elect to grant surplus personal property to a federal, state, or local governmental entity, or to indigent persons, at no cost on the condition the property be used for preschool through twelfth grade educational purposes, or elect to loan surplus personal property to a nonreligious, nonsectarian private entity on the condition the property be used for the preschool through twelfth grade education of members of the public on a nondiscriminatory basis.

Sec. 2. RCW 43.19.1919 and 1991 c 216 s 2 are each amended to read as follows:

Except as provided in section 1 of this act and RCW 43.19.20, the division of purchasing shall sell or exchange personal property belonging to the state for which the agency, office, department, or educational institution having custody thereof has no further use, at public or private sale, and cause the moneys realized from the sale of any such property to be paid into the fund from which such property was purchased or, if such fund no longer exists, into the state general fund: PROVIDED, Sales of capital assets may be made by the division of purchasing and a credit established in central stores for future purchases of capital items as provided for in RCW 43.19.190 through 43.19.1939, as now or hereafter amended: PROVIDED FURTHER, That personal property, excess to a state agency, including educational institutions, shall not be sold or disposed of prior to reasonable efforts by the division of purchasing to determine if other state agencies have a requirement for such personal property. Such determination shall follow sufficient notice to all state agencies to allow adequate time for them to make their needs known. Surplus items may be disposed of without prior notification to state agencies if it is determined by the director of general administration to be in the best interest of the state. The division of purchasing shall maintain a record of disposed surplus property, including date and method of disposal, identity of any recipient, and approximate value of the property: PROVIDED, FURTHER, That this section shall not apply to personal property acquired by a state organization under federal grants and contracts if in conflict with special title provisions contained in such grants or contracts.

This section does not apply to property under RCW 27.53.045."

On page 1, line 1 of the title, after "property;" strike the remainder of the title and insert "and amending RCW 28A.335.180 and 43.19.1919."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 15, 1997

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1372 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The Washington advanced college tuition payment program is established to help make higher education affordable and accessible to all citizens of the state of Washington by offering a savings incentive that will protect purchasers and beneficiaries against rising tuition costs. The program is designed to encourage savings and enhance the ability of Washington citizens to obtain financial access to institutions of higher education. In addition, the program encourages elementary and secondary school students to do well in school as a means of preparing for and aspiring to higher education attendance. This program is intended to promote a well-educated and financially secure population to the ultimate benefit of all citizens of the state of Washington.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between July 1st and June 30th.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units.

(3) "Board" means the higher education coordinating board as defined in chapter 28B.80 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members or their designees: The state treasurer, the director of the office of financial management, and the chair of the higher education coordinating board.

(5) "Governing body" means the entity empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the board. With the exception of tuition unit contracts purchased by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the board.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the board for the purchase of tuition units for an eligible beneficiary.

(9) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.
(10) "Institution of higher education" means an institution that offers education beyond the secondary level and is accredited by a nationally recognized accrediting association or is licensed to do business in the state in which it is located.

(11) "Investment board" means the state investment board as defined in chapter 43.33A RCW.

(12) "State institution of higher education" means institutions of higher education as defined in RCW 28B.10.016.

(13) "Tuition and fees" means tuition and services and activities fees as defined in RCW 28B.15.020 and 28B.15.041 rounded to the nearest whole dollar. The maximum tuition and fees charges recognized for beneficiaries enrolled in a state technical college shall be equal to the tuition and fees for the community college system.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the board, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account.

(16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(17) "Weighted average tuition unit" is the value of the weighted average tuition and fees divided by one hundred. The weighted average is the basis upon which tuition benefits are calculated for graduate program enrollments and for attendance at nonstate institutions of higher education and is the basis for any refunds provided from the program.

**NEW SECTION. Sec. 3.** (1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the representative from the higher education coordinating board. The committee shall be supported by staff of the board.

(2) The committee shall assess the administration and projected financial solvency of the program and make a recommendation to the legislature by the end of the second year after the effective date of this section as to disposition of the further administration of the program.

(3)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the board.

(c) The number of tuition units necessary to pay for a full year’s, full-time tuition and fee charges at a state institution of higher education shall be set by the board at the time a purchaser enters into a tuition unit contract.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(4)(a) No tuition unit may be redeemed until two years after the purchase of the unit. Units may be redeemed for enrollment at any institution of higher education.

(b) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the current weighted average tuition unit in effect at the time of redemption.

(5) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow
the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either
the beneficiary or the purchaser.

(6) The governing body shall administer the Washington advanced college tuition payment
program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will
be sufficient to defray the obligations of the trust including the costs of administration. The governing
body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as
those from families with young children, as long as the actuarial soundness of the account is not
jeopardized.

(7) The governing body shall annually determine current value of a tuition unit and the value of
the weighted average tuition unit.

(8) The governing body shall promote, advertise, and publicize the Washington advanced
college tuition payment program.

(9) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one
year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under
this chapter;

(d) Appoint and use advisory committees as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of
the program;

(f) Consider the addition of an advanced payment program for room and board contracts and
also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for
coverage against any loss in connection with the account’s property, assets, or activities or to further
insure the value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the
exercise and discharge of its powers and duties under this chapter;

(i) Contract for the provision for all or part of the services necessary for the management and
operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the board in the conduct of its business
under this chapter;

(k) Employ all personnel as necessary to carry out its responsibilities under this chapter and to
fix the compensation of these persons;

(l) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to
carry out its responsibilities under this chapter;

(m) Solicit and accept cash donations and grants from any person, governmental agency,
private business, or organization; and

(n) Perform all acts necessary and proper to carry out the duties and responsibilities of this
program under this chapter.

NEW SECTION. Sec. 4. The governing body may, at its discretion, allow an organization to
purchase tuition units for future use as scholarships. Such organizations electing to purchase tuition
units for this purpose must enter into a contract with the governing body which, at a minimum, ensures
that the scholarship shall be freely given by the purchaser to a scholarship recipient. For such
purchases, the purchaser need not name a beneficiary until four months before the date when the tuition
units are first expected to be used.

The governing body shall formulate and adopt such rules as are necessary to determine which
organizations may qualify to purchase tuition units for scholarships under this section. The governing
body also may consider additional rules for the use of tuition units if purchased as scholarships.

The governing body may establish a scholarship fund with moneys from the Washington
advanced college tuition payment program account. A scholarship fund established under this authority
shall be administered by the higher education coordinating board and shall be provided to students who
demonstrate financial need. Financial need is not a criterion that any other organization need consider
when using tuition units as scholarships. The board also may establish its own corporate-sponsored scholarship fund under this chapter.

**NEW SECTION. Sec. 5.** The Washington advanced college tuition payment program is an essential state governmental function. Contracts with eligible participants shall be contractual obligations legally binding on the state as set forth in this chapter. If, and only if, the moneys in the account are projected to be insufficient to cover the state’s contracted expenses for a given biennium, then the legislature shall appropriate to the account the amount necessary to cover such expenses.

The tuition and fees charged by a state institution of higher education to an eligible beneficiary for a current enrollment shall be paid by the account to the extent the beneficiary has remaining unused tuition units for the appropriate school. The tuition and fees charged to a beneficiary for graduate level enrollments or by a nonstate institution of higher education shall be paid by the account to the extent that the beneficiary has remaining weighted average tuition units.

**NEW SECTION. Sec. 6.** (1) The Washington advanced college tuition payment program account is created in the custody of the state treasurer. The account shall be a discrete nontreasury account retaining its interest earnings in accordance with RCW 43.79A.040.

(2) The governing body shall deposit in the account all money received for the program. The account shall be self-sustaining and consist of payments received from purchasers of tuition units and funds received from other sources, public or private. With the exception of investment and operating costs associated with the investment of money by the investment board paid under RCW 43.33A.160 and 43.84.160, the account shall be credited with all investment income earned by the account. Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment and budgetary controls of chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The assets of the account may be spent for the purpose of making payments to institutions of higher education on behalf of the qualified beneficiaries, making refunds, transfers, or direct payments upon the termination of the Washington advanced college tuition payment program, and paying the costs of administration of the program. Disbursements from the account shall be made only on the authorization of the board.

**NEW SECTION. Sec. 7.** (1) The investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the account. All investment and operating costs associated with the investment of money shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the account.

(2) All investments made by the investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policy established by the state investment board.

(3) As deemed appropriate by the investment board, money in the account may be commingled for investment with other funds subject to investment by the board.

(4) The authority to establish all policies relating to the account, other than the investment policies as set forth in subsections (1) through (3) of this section, resides with the board. With the exception of expenses of the investment board set forth in subsection (1) of this section, disbursements from the account shall be made only on the authorization of the governing body, and money in the account may be spent only for the purposes of the program as specified in this chapter.

(5) The investment board shall routinely consult and communicate with the governing body on the investment policy, earnings of the trust, and related needs of the program.

**NEW SECTION. Sec. 8.** The governing body shall annually evaluate, and cause to be evaluated by a nationally recognized actuary, the soundness of the account and determine the additional assets needed, if any, to defray the obligations of the account.

If funds are not sufficient to ensure the actuarial soundness of the account, the governing body shall adjust the price of subsequent tuition credit purchases to ensure its soundness.
If there are insufficient numbers of new purchases to ensure the actuarial soundness of the account, the governing body shall request such funds from the legislature as are required to ensure the integrity of the program. Funds may be appropriated directly to the account or appropriated under the condition that they be repaid at a later date. The repayment shall be made at such time that the account is again determined to be actuarially sound.

NEW SECTION. Sec. 9. (1) In the event that the state determines that the program is not financially feasible, or for any other reason, the state may declare the discontinuance of the program. At the time of such declaration, the governing body will cease to accept any further tuition unit contracts or purchases.

(2) The remaining tuition units for all beneficiaries who have either enrolled in higher education or who are within four years of graduation from a secondary school shall be honored until such tuition units have been exhausted, or for ten fiscal years from the date that the program has been discontinued, whichever comes first. All other contract holders shall receive a refund equal to the value of the current weighted average tuition units in effect at the time that the program was declared discontinued.

(3) At the end of the ten-year period, any tuition units remaining unused by currently active beneficiaries enrolled in higher education shall be refunded at the value of the current weighted average tuition unit in effect at the end of that ten-year period.

(4) At the end of the ten-year period, all other funds remaining in the account not needed to make refunds or to pay for administrative costs shall be deposited to the state general fund.

(5) The governing body may make refunds under other exceptional circumstances as it deems fit, however, no tuition units may be honored after the end of the tenth fiscal year following the declaration of discontinuance of the program.

NEW SECTION. Sec. 10. (1) The committee, in planning and devising the program, shall consult with the investment board, the state treasurer, the state actuary, the office of financial management, and the institutions of higher education.

(2) The governing body may seek the assistance of the state agencies named in subsection (1) of this section, private financial institutions, and any other qualified party with experience in the areas of accounting, actuary, risk management, or investment management to assist with preparing an accounting of the program and ensuring the fiscal soundness of the account.

(3) State agencies and public institutions of higher education shall fully cooperate with the governing body in matters relating to the program in order to ensure the solvency of the account and ability of the governing body to meet outstanding commitments.

NEW SECTION. Sec. 11. This chapter shall not be construed as a promise that any beneficiary shall be granted admission to any institution of higher education, will earn any specific or minimum number of academic credits, or will graduate from any such institution. In addition, this chapter shall not be construed as a promise of either course or program availability.

Participation in this program does not guarantee an eligible beneficiary the right to resident tuition and fees. To qualify for resident and respective tuition subsidies, the eligible beneficiary must meet the applicable provisions of RCW 28B.15.011 through 28B.15.015.

This chapter shall not be construed to imply that the redemption of tuition units shall be equal to any value greater than the undergraduate tuition and services and activities fees at a state institution of higher education as computed under this chapter. Eligible beneficiaries will be responsible for payment of any other fee that does not qualify as a services and activities fee including, but not limited to, any expenses for tuition surcharges, tuition overload fees, laboratory fees, equipment fees, book fees, rental fees, room and board charges, or fines.

NEW SECTION. Sec. 12. (1) The intent of the Washington advanced college tuition payment program is to redeem tuition units for attendance at an institution of higher education. Refunds shall be issued under specific conditions that may include the following:
(a) Certification that the beneficiary, who is eighteen years of age or older, will not attend an institution of higher education, will result in a refund not to exceed ninety-five percent of the current weighted average tuition and fees in effect at the time of such certification. No more than one hundred tuition units may be refunded per year to any individual making this certification. The refund shall be made no sooner than ninety days after such certification, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a greater penalty;

(b) If there is certification of the death or disability of the beneficiary, the refund shall be equal to one hundred percent of any remaining unused tuition units valued at the current weighted average tuition units at the time that such certification is submitted to the board, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a penalty if needed to comply with federal tax rules;

(c) If there is certification by the student of graduation or program completion, the refund may be as great as one hundred percent of any remaining unused weighted average tuition units at the time that such certification is submitted to the governing body, less any administrative processing fees assessed by the governing body. The governing body may, at its discretion, impose a penalty if needed;

(d) Certification of other tuition and fee scholarships, which will cover the cost of tuition for the eligible beneficiary. The refund shall be equal to one hundred percent of the current weighted average tuition units in effect at the time of the refund request, plus any administrative processing fees assessed by the governing body. The refund under this subsection may not exceed the value of the scholarship;

(e) Incorrect or misleading information provided by the purchaser or beneficiaries may result in a refund of the purchaser’s investment, less any administrative processing fees assessed by the governing body. The value of the refund will not exceed the actual dollar value of the purchaser’s contributions; and

(f) The governing body may determine other circumstances qualifying for refunds of remaining unused tuition units and may determine the value of that refund.

(2) With the exception of subsection (1)(b) and (e) of this section no refunds may be made before the beneficiary is at least eighteen years of age.

Sec. 13. RCW 43.79A.040 and 1996 c 253 s 409 are each amended to read as follows:

(1) Money in the treasurer’s trust fund may be deposited, invested and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

(b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the Washington international exchange scholarship endowment fund, the energy account, the fair fund, the game farm alternative account, the grain inspection revolving fund, the rural rehabilitation account, and the self-insurance revolving fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The advanced right of way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, and the local rail service assistance account.
In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

NEW SECTION. Sec. 14. Sections 1 through 12 of this act constitute a new chapter in Title 28B RCW.

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 43.79A.040; and adding a new chapter to Title 28B RCW."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 15, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1387 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.20.028 and 1995 c 265 s 13 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered
health services that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude an insurer from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.20.390, 48.20.393, 48.20.395, 48.20.397, 48.20.410, 48.20.411, 48.20.412, 48.20.416, and 48.20.420 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

(2) Premiums for health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier’s entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
   (i) Geographic area;
   (ii) Family size;
   (iii) Age; and
   (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
   (i) Changes to the family composition;
   (ii) Changes to the health benefit plan requested by the individual; or
   (iii) Changes in government requirements affecting the health benefit plan.

(g) The frequency of filing of rate adjustments for new and renewing individuals is limited to once every six months.

(3) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

(4) As used in this section, "health benefit plan," "basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 2. RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer shall offer and actively market to the small employer a health benefit plan providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health
plan. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits in the basic health plan shall clearly disclose these differences to the small employer in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, benefits in excess of the basic health plan services. MESSAGE FROM THE SENATE

April 17, 1997

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1458 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.70.023 and 1996 c 282 s 1 are each amended to read as follows:

(1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. The business of a vehicle dealer must be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. A vehicle dealer may display a vehicle for sale only at its established place of business, licensed subagency, or temporary subagency site, except at auction. The dealer shall keep the building open to the public so that the public may contact the vehicle dealer or the dealer’s salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house may not be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. A state-wide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business.
This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. ((A wholesale dealer need not maintain a display area as required in this section.)) When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) ((A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

((11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity.

NEW SECTION. Sec. 2. A new section is added to chapter 46.70 RCW to read as follows:

The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee.

NEW SECTION. Sec. 3. A new section is added to chapter 88.02 RCW to read as follows:

The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, or the director finds that the application was not filed in good faith. This section does not preclude the department from taking an action against a current licensee.
Sec. 4. RCW 46.70.051 and 1996 c 282 s 2 are each amended to read as follows:

(1) After the application has been filed, the fee paid, and bond posted, if required, the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer’s license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

(3) At the time the department issues a vehicle dealer license, the department shall provide to the dealer a current, up-to-date vehicle dealer manual setting forth the various statutes and rules applicable to vehicle dealers. In addition, at the time any such license is renewed under RCW 46.70.083, the department shall provide the dealer with any updates or current revisions to the vehicle dealer manual.

(4) The department may contract with responsible private parties to provide them elements of the vehicle data base on a regular basis. The private parties may only disseminate this information to licensed vehicle dealers.

(a) Subject to the disclosure agreement provisions of RCW 46.12.380 and the requirements of Executive Order 97-01, the department may provide to the contracted private parties the following information:

(i) All vehicle and title data necessary to accurately disclose known title defects, brands, or flags and odometer discrepancies;

(ii) All registered and legal owner information necessary to determine true ownership of the vehicle and the existence of any recorded liens, including but not limited to liens of the department of social and health services or its successor; and

(iii) Any data in the department’s possession necessary to calculate the motor vehicle excise tax, license, and registration fees including information necessary to determine the applicability of regional transit authority excise and use tax surcharges.

(b) The department may provide this information in any form the contracted private party and the department agree upon, but if the data is to be transmitted over the Internet or similar public network from the department to the contracted private party, it must be encrypted.

(c) The department shall give these contracted private parties advance written notice of any change in the information referred to in (a)(i), (ii), or (iii) of this subsection, including information pertaining to the calculation of motor vehicle excise taxes.

(d) The department shall revoke a contract made under this subsection (4) with a private party who disseminates information from the vehicle data base to anyone other than a licensed vehicle dealer. A private party who obtains information from the vehicle data base under a contract with the department and disseminates any of that information to anyone other than a licensed vehicle dealer is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.

(e) Nothing in this subsection (4) authorizes a vehicle dealer or any other organization or entity not otherwise appointed as a vehicle licensing subagent under RCW 46.01.140 to perform any of the functions of a vehicle licensing subagent so appointed.

Sec. 5. RCW 46.12.170 and 1994 c 262 s 6 are each amended to read as follows:

If, after a certificate of ownership is issued, a security interest is granted on the vehicle described therein, the registered owner or secured party shall, within ten days thereafter, present an application to the department, to which shall be attached the certificate of ownership last issued covering the vehicle, or such other documentation as may be required by the department, which application shall be upon a form provided by the department and shall be accompanied by a fee of one dollar and twenty-five cents in addition to all other fees. The department, if satisfied that there should be a reissue of the certificate, shall note such change upon the vehicle records and issue to the secured party a new certificate of ownership.
Whenever there is no outstanding secured obligation and no commitment to make advances and incur obligations or otherwise give value, the secured party must assign the certificate of ownership to the debtor or the debtor’s assignee or transferee, and transmit the certificate to the department with an accompanying fee of one dollar and twenty-five cents in addition to all other fees. The department shall then issue a new certificate of ownership and transmit it to the owner. If the affected secured party fails to either assign the certificate of ownership to the debtor or the debtor’s assignee or transferee or transmit the certificate of ownership to the department within ten days after proper demand, that secured party shall be liable to the debtor or the debtor’s assignee or transferee for one hundred dollars, and in addition for any loss caused to the debtor or the debtor’s assignee or transferee by such failure.

Sec. 6. RCW 46.12.370 and 1982 c 215 s 1 are each amended to read as follows:

In addition to any other authority which it may have, the department of licensing may furnish lists of registered and legal owners of motor vehicles only for the purposes specified in this section to:

1. The manufacturers of motor vehicles, or their authorized agents, to be used to enable those manufacturers to carry out the provisions of the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C. sec. 1382-1418), including amendments or additions thereto, respecting safety-related defects in motor vehicles;
2. Any governmental agency of the United States or Canada, or political subdivisions thereof, to be used by it or by its authorized commercial agents or contractors only in connection with the enforcement of motor vehicle or traffic laws by, or programs related to traffic safety of, that government agency. Only such parts of the list as are required for completion of the work required of the agent or contractor shall be provided to such agent or contractor; (or)
3. An authorized agent or contractor of the department, to be used only in connection with providing motor vehicle excise tax, licensing, title, and registration information to motor vehicle dealers; or
4. Any business regularly making loans to other persons to finance the purchase of motor vehicles, to be used to assist the person requesting the list to determine ownership of specific vehicles for the purpose of determining whether or not to provide such financing. In the event a list of registered and legal owners of motor vehicles is used for any purpose other than that authorized in this section, the manufacturer, governmental agency, authorized agent, contractor, financial institution, or their authorized agents or contractors responsible for the unauthorized disclosure or use will be denied further access to such information by the department of licensing.

Sec. 7. RCW 82.44.060 and 1990 c 42 s 304 are each amended to read as follows:

1. The excise tax hereby imposed shall be due and payable to the department or its agents at the time of registration of a motor vehicle. Whenever an application is made to the department or its agents for a license for a motor vehicle there shall be collected, in addition to the amount of the license fee or renewal license fee, the amount of the excise tax imposed by this chapter, and no dealer’s license or license plates, and no license or license plates for a motor vehicle shall be issued unless such tax is paid in full. The excise tax hereby imposed shall be collected for each registration year commencing on the date of the calendar year designated by the department and ending on the same date of the next succeeding calendar year. For vehicles registered under chapter 46.87 RCW, proportional registration, and for vehicle dealer plates issued under chapter 46.70 RCW, the registration year is the period provided in those chapters: PROVIDED, That the tax shall in no case be less than two dollars except for proportionally registered vehicles.
2. A motor vehicle shall be deemed licensed for the first time in this state when such vehicle was not previously licensed by this state for the registration year immediately preceding the registration year in which the application for license is made or when the vehicle has been registered in another jurisdiction subsequent to any prior registration in this state.
(3) No additional tax shall be imposed under this chapter upon any vehicle upon the transfer of ownership thereof if the tax imposed with respect to such vehicle has already been paid for the registration year or fraction of a registration year in which transfer of ownership occurs.

(4) The regional transit authority (RTA) must provide at no cost to the private parties referred to in RCW 46.70.051(4) accurate, up-to-date, and easily decipherable excise tax information in a machine readable ASCII text file. This file will allow the contracted private parties to accurately determine which individuals are subject to any such special excise or use taxes and the amount of any such special excise or use taxes. The file must contain the following items: (a) A list of five digit zip codes completely contained within the RTA taxation area; (b) a list of five digit zip codes for those areas on the border of the RTA taxation, with the border area defined as those zip codes where some residences may be subject to the RTA use or motor vehicle excise tax surcharge and some residences are not; and (c) for those residences described in (b) of this subsection, a complete list of only those street addresses subject to RTA taxation.

(5) No person may be denied issuance of a registration or license plates due to the nonpayment of any such special excise tax if the information referred to in subsection (4) of this section is not provided by the RTA to the contracted private parties.

(6) No motor vehicle dealer may be held liable for the remittance of any such special excise tax if the information referred to in subsection (4) of this section is not provided by the RTA to the contracted private parties.

If such a need is found to exist, then the county legislative authority shall, in the manner provided by RCW 17.10.050, appoint five persons to (hold seats on) the county’s noxious weed control board.

(2) If the county’s noxious weed control board is not activated within one year following a hearing by the county legislative authority to determine the need for activation, then upon the filing
with the state noxious weed control board of a petition comprised either of the signatures of at least two hundred registered voters within the county, or of the signatures of a majority of an adjacent county’s noxious weed control board, the state board shall, within six months of the date of (such) the filing, hold a hearing in the county to determine the need for activation. If a need for activation is found to exist, then the state board shall order the county legislative authority to activate the county’s noxious weed control board and to appoint members to (such) the board in the manner provided by RCW 17.10.050.

(3) The director, (with notice to) upon request of the state noxious weed control board, (may) shall order a county legislative authority to activate the noxious weed control board immediately if an infestation of a class A noxious weed or class B noxious weed designated for control within the region wherein the county lies as defined in RCW 17.10.080) on the state noxious weed list is confirmed in that county. The county legislative authority may, as an alternative to activating the noxious weed board, combat the class A noxious weed or class B noxious weed with county resources and personnel operating with the authorities and responsibilities imposed by this chapter on a county noxious weed control board. No county may continue without a noxious weed control board for a second consecutive year if the class A noxious weed or class B noxious weed designated for control within the region wherein the county lies) has not been eradicated.

Sec. 17. RCW 17.10.140 and 1969 ex.s. c 113 s 14 are each amended to read as follows:
(1) Except as is provided under ((RCW 17.10.150)) subsection (2) of this section, every owner

subsection (1)(c) of this section for a single five-year period following the harvesting of trees for
lumber.

Sec. 18. RCW 17.10.145 and 1995 c 374 s 75 are each amended to read as follows:
All state agencies shall control noxious weeds on lands they own, lease, or otherwise control

adjacent lands. ((County noxious weed control boards shall assist landowners to meet and exceed the
standards on state lands.))

Sec. 19. RCW 17.10.154 and 1987 c 438 s 16 are each amended to read as follows:
It is recognized that the prevention, control, and eradication of noxious weeds presents a
problem for immediate as well as for future action. It is further recognized that immediate prevention,
control, and eradication is practicable on some lands and that prevention, control, and eradication on
other lands should be extended over a period of time. Therefore, it is the intent of this chapter that
county noxious weed control boards may use their discretion and, by agreement with the owners of
land, may propose and accept plans for prevention, control, and eradication (((which))) that may be
extended over a period of years. The county noxious weed control board may make an agreement with the
owner of any parcel of land by contract between the landowner and the respective county noxious
weed control board, and the board shall enforce the terms of any agreement. The county noxious weed
control board may make any terms (((which))) that will best serve the interests of the owners of the
parcel of land and the common welfare (((which))) that comply with this chapter (((and the rules adopted
thereunder))). Agreements made under this section must include at least a one thousand foot buffer for
all adjacent agricultural land uses. Noxious weed control in this buffer must comply with RCW
17.10.140(1).

Sec. 20. RCW 17.10.160 and 1987 c 438 s 17 are each amended to read as follows:
Any authorized agent or employee of the county noxious weed control board or of the state
noxious weed control board or of the department of agriculture where not otherwise proscribed by law
may enter upon any property for the purpose of administering this chapter and any power exercisable
pursuant thereto, including the taking of specimens of weeds ((or other materials)), general inspection,
and the performance of eradication or control work. Prior to carrying out the purpose((s)) for which
the entry is made, the official making such entry or someone in his or her behalf, shall ((have first
made) make a reasonable attempt to notify the owner of the property as to the purpose and need for the entry.

(1) When there is probable cause to believe that there is property within this state not otherwise exempt from process or execution upon which noxious weeds are standing or growing and the owner (thereof) refuses permission to inspect the property, a judge of the superior court or district court in the county in which (such) the property is located may, upon the request of the county noxious weed control board or its agent, issue a warrant directed to (such) the board or agent authorizing the ((search for the noxious weeds described in the request for the warrant)) taking of specimens of weeds or other materials, general inspection, and the performance of eradication or control work.

(2) Application for issuance and execution and return of the warrant authorized by this section shall be in accordance with the applicable rules of the superior court or the district courts.

(3) Nothing in this section requires the application for and issuance of any warrant not otherwise required by law: PROVIDED, That civil liability for negligence shall lie in any case in which entry and any of the activities connected therewith are not undertaken with reasonable care.

(4) Any person who improperly prevents or threatens to prevent entry upon land as authorized in this section or any person who interferes with the carrying out of this chapter shall be upon conviction guilty of a misdemeanor.

Sec. 21. RCW 17.10.170 and 1987 c 438 s 18 are each amended to read as follows:

(1) Whenever the county noxious weed control board finds that noxious weeds are present on any parcel of land, and that the owner (thereof) is not taking prompt and sufficient action to control the (same) noxious weeds, pursuant to the provisions of RCW 17.10.140 ((and 17.10.150)), it shall notify the owner that a violation of this chapter exists. The notice shall be in writing and sent by certified mail, and shall identify the noxious weeds found to be present, order prompt control action, and specify the time, of at least ten days from issuance of the notice, within which the prescribed action must be taken. Upon deposit of the certified letter of notice, the noxious weed control authority shall make an affidavit of mailing (which shall be) that is prima facie evidence that proper notice was given. If seed (dispersion) or other propagule dispersion is imminent, immediate control action may be taken forty-eight hours following the time that notification is reasonably expected to have been received by the owner or agent by certified mail or personal service, instead of ten days. If a landowner received a notice of violation from the county noxious weed control board in a prior growing season, removal or destruction of all above ground plant parts may be required at the most effective point in the growing season, as determined by the county weed board, which may be before or after propagule dispersion.

(2) The county noxious weed control board or its authorized agents may issue a notice of civil infraction as provided for in RCW 17.10.230 ((and 17.10.310 (through)), and 17.10.350 to owners who do not take action to control noxious weeds in accordance with the notice.

(3) If the owner does not take action to control the noxious weeds in accordance with the notice, the county board may control them, or cause their being controlled, at the expense of the owner. The amount of ((such)) the expense (shall) constitutes a lien against the property and may be enforced by proceedings on (such) the lien except as provided for by RCW 79.44.060. The owner ((shall be)) is liable for payment of the expense, and nothing in this chapter shall be construed to prevent collection of any judgment on account thereof by any means available pursuant to law, in substitution for enforcement of the lien. Necessary costs and expenses including reasonable attorneys' fees incurred by the county noxious weed control board in carrying out this section may be recovered at the same time as a part of the action filed under this section. Funds received in payment for the expense of controlling noxious weeds shall be transferred to the county noxious weed control board to be expended as required to carry out the purposes of this chapter.

(4) The county auditor shall record in his or her office any lien created under this chapter, and any ((such)) lien shall bear interest at the rate of twelve percent per annum from the date on which the county noxious weed control board approves the amount expended in controlling ((such)) the weeds.

(5) As an alternative to the enforcement of any lien created under subsection (3) of this section, the county legislative authority may by resolution or ordinance require that each ((such)) lien created ((shall)) be collected by the treasurer in the same manner as a delinquent real property tax, if within
thirty days from the date the owner is sent notice of the lien, including the amount thereof, the lien remains unpaid and an appeal has not been made pursuant to RCW 17.10.180. Liens treated as delinquent taxes ((shall)) bear interest at the rate of twelve percent per annum and ((such)) the interest ((shall)) accrue as of the date notice of the lien is sent to the owner: PROVIDED, That any collections for ((such)) the lien shall not be considered as tax.

Sec. 22. RCW 17.10.180 and 1987 c 438 s 19 are each amended to read as follows:
Any owner, upon request pursuant to the rules and regulation of the county noxious weed control board, ((shall be)) is entitled to a hearing before the board on any charge or cost for which the owner is alleged to be liable pursuant to RCW 17.10.170 or 17.10.210. The board shall send notice by certified mail within thirty days, to each owner at the owner’s last known address, as to any ((such)) charge or cost and as to his or her right of a hearing. The hearing shall be scheduled within forty-five days of notification. Any determination or final action by the board ((shall be)) is subject to judicial review by a proceeding in the superior court in the county in which the property is located, and ((such)) the court ((shall have)) has original jurisdiction to determine any suit brought by the owner to recover damages allegedly suffered on account of control work negligently performed: PROVIDED, That no stay or injunction shall lie to delay any ((such)) control work subsequent to notice given pursuant to RCW 17.10.160 or pursuant to an order under RCW 17.10.210.

Sec. 23. RCW 17.10.190 and 1987 c 438 s 20 are each amended to read as follows:
Each activated county noxious weed control board ((shall cause to be published)) must publish annually, and at ((such)) other times as may be appropriate, in at least one newspaper of general circulation within its area, a general notice. The notice shall direct attention to the need for noxious weed control and ((shall)) give ((such)) other information ((with respect thereto)) concerning noxious weed control requirements as may be appropriate, or ((shall)) indicate where such information may be secured. In addition to the general notice required ((hereby)), the county noxious weed control board may use any appropriate media for the dissemination of information to the public as may be calculated to bring the need for noxious weed control to the attention of owners. The board may consult with individual owners concerning their problems of noxious weed control and may provide them with information and advice, including giving specific instructions and methods when and how certain named weeds are to be controlled. ((Such)) The methods may include ((definite systems of tillage, cropping, management, or use of livestock)) some combination of physical, mechanical, cultural, chemical, and/or biological methods, including livestock. Publication of a notice as required by this section ((shall)) is not ((be)) a condition precedent to the enforcement of this chapter.

Sec. 24. RCW 17.10.205 and 1975 1st ex.s. c 13 s 16 are each amended to read as follows:
Open areas subject to the spread of noxious weeds, ((other than crop land,)) including but not limited to subdivisions, school grounds, playgrounds, parks, and rights of way shall be subject to regulation by activated county noxious weed control boards in the same manner and to the same extent as is provided for ((agricultural lands)) all terrestrial and aquatic lands of the state.

Sec. 25. RCW 17.10.210 and 1987 c 438 s 22 are each amended to read as follows:
(1) Whenever the director ((of the department of agriculture)) of the county noxious weed control board, or a weed district finds that a parcel of land is so seriously infested with class A or class B noxious weeds that control measures cannot be undertaken thereon without quarantining the land and restricting or denying access thereto or use thereof, the director ((of the department of agriculture)) of the county noxious weed control board, or weed district, with the approval of the director of the department of agriculture, may issue an order for ((such)) the quarantine and restriction or denial of access or use. Upon issuance of the order, the director ((of the department of agriculture)) of the county noxious weed control board, or the weed district shall commence necessary control measures and ((shall prosecute them with due diligence)) may institute legal action for the collection of costs for control work, which may include attorneys’ fees and the costs of other appropriate actions.

(2) An order of quarantine shall be served, by any method sufficient for the service of civil process, on all persons known to qualify as owners of the land within the meaning of this chapter.
(3) The director shall, with the advice of the state noxious weed control board, determine how the expense of control work undertaken pursuant to this section, and the cost of any quarantine in connection therewith, \(\text{(shall be)}\) is apportioned.

Sec. 26. RCW 17.10.235 and 1987 c 438 s 30 are each amended to read as follows:

(1) \(\text{(Any person who knowingly or negligently sells a product, article, or feed stuff designated under subsection (2) of this section containing noxious weed seeds or toxic weeds designated for control under subsection (2) of this section and in an amount greater than the amount established by the director for the seed or weed under subsection (2) of this section is guilty of a misdemeanor.}\)

(2) \(\text{(The director of agriculture shall adopt, with the advice of the state noxious weed control board, rules designating noxious weed seeds \(\text{(the presence of)}\) which shall be controlled in products, screenings, or articles to prevent the spread of noxious weeds. The rules shall identify the products, screenings, and articles in which \(\text{(such)}\) the seeds must be controlled and the maximum amount of \(\text{(such)}\) the seed to be permitted in the product, screenings, or article to avoid a hazard of spreading the noxious weed by seed from the product, screenings, or article. The director shall also adopt, with the advice of the state board, rules designating toxic weeds \(\text{(the presence of)}\) which shall be controlled in feed stuffs and screenings to prevent injury to the animal that consumes the feed. The rules shall identify the feed stuffs and screenings in which the toxic weeds must be controlled and the maximum amount of the toxic weed to be permitted in \(\text{(such)}\) the feed. Rules developed under this section shall identify ways that products, screenings, articles, or feed stuffs containing noxious weed seeds or toxic weeds can be made available for beneficial uses.}\)

(2) \(\text{(Any person who knowingly or negligently sells or otherwise distributes a product, article, screenings, or feed stuff designated by rule containing noxious weed seeds or toxic weeds designated for control by rule and in an amount greater than the amount established by the director for the seed or weed by rule is guilty of a misdemeanor.}\)

(3) \(\text{(The department of agriculture shall, upon request of the buyer, inspect products, screenings, articles, or feed stuffs designated \(\text{(under subsection (2) of this section)}\) by rule and charge fees, in accordance with chapter 22.09 RCW, to determine the presence of designated noxious weed seeds or toxic weeds.}\)

Sec. 27. RCW 17.10.240 and 1995 c 374 s 77 are each amended to read as follows:

(1) \(\text{(The activated county noxious weed control board of each county shall annually submit a budget to the county legislative authority for the operating cost of the county's weed program for the ensuing fiscal year: PROVIDED, That if the board finds the budget approved by the legislative authority is insufficient for an effective county noxious weed control program it shall petition the county legislative authority to hold a hearing as provided in RCW 17.10.890. Control of weeds is a \(\text{(special)}\) benefit to the lands within any such section. Funding for the budget \(\text{(shall be)}\) is derived from any or all of the following:}\)

\(\text{(a) The county legislative authority may, in lieu of a tax, levy an assessment against the land for this purpose. Prior to the levying of an assessment the county noxious weed control board shall hold a public hearing at which it \(\text{(shall)}\) will gather information to serve as a basis for classification and \(\text{(shall)}\) then classify the lands into suitable classifications, including but not limited to dry lands, range lands, irrigated lands, nonuse lands, forest lands, or federal lands. The board shall develop and forward to the county legislative authority, as a proposed level of assessment for each class, \(\text{(such)}\) an amount as \(\text{(shall)}\) seems just. The assessment rate shall be either uniform per acre in its respective class or a flat rate per parcel rate plus a uniform rate per acre: PROVIDED, That if no \(\text{(special)}\) benefits \(\text{(should be)}\) are found to accrue to a class of land, a zero assessment may be levied. The county legislative authority, upon receipt of the proposed levels of assessment from the board, after a hearing, shall accept \(\text{(e)}\) or modify by resolution, or refer back to the board for its reconsideration all or any portion of the proposed levels of assessment. \(\text{(The findings by the county legislative authority of such special benefits, when so declared by resolution and spread upon the minutes of said authority shall be conclusive as to whether or not the same constitutes a special benefit to the lands within the section.)}\) The amount of \(\text{(such)}\) the assessment \(\text{(shall)}\) constitutes a lien against the property. The county legislative authority may by resolution or ordinance require that notice of the lien be sent to}
each owner of property for which the assessment has not been paid by the date it was due and that each
lien created (shall) be collected by the treasurer in the same manner as delinquent real
property tax, if within thirty days from the date the owner is sent notice of the lien, including the
amount thereof, the lien remains unpaid and an appeal has not been made pursuant to RCW 17.10.180.
Liens treated as delinquent taxes (shall) bear interest at the rate of twelve percent per annum and
the interest (shall) accrues as of the date notice of the lien is sent to the owner: PROVIDED
FURTHER, That any collections for (shall) the lien shall not be considered as tax; or
(b) The county legislative authority may appropriate money from the county general
fund necessary for the administration of the county noxious weed control program. In addition the
county legislative authority may make emergency appropriations as it deems necessary for the
implementation of this chapter.

(2) Forest lands used solely for the planting, growing, or harvesting of trees and which
are typified, except during a single period of five years following clear-cut logging, by canopies so
dense as to prohibit growth of an understory may be subject to an annual noxious weed assessment
levied by a county legislative authority that (shall) does not exceed one-tenth of the weighted average
per acre noxious weed assessment levied on all other lands in unincorporated areas within the county
that are subject to the weed assessment. This assessment shall be computed in accordance with the
formula in subsection (((4))) (3) of this section.

(3) The calculation of the "weighted average per acre noxious weed assessment" (shall be)
is a ratio expressed as follows:
   (a) The numerator (shall be) is the total amount of funds estimated to be collected from the
   per acre assessment on all lands except (i) forest lands as identified in subsection (((3))) (2) of this
   section, (ii) lands exempt from the noxious weed assessment, and (iii) lands located in an incorporated
   area.
   (b) The denominator (shall be) is the total acreage from which funds in (a) of this subsection
   are collected. For lands of less than one acre in size, the denominator calculation may be based on the
   following assumptions: (i) Unimproved lands (shall be) are calculated as being one-half acre in size
   on the average, and (ii) improved lands (shall be) are calculated as being one-third acre in size on the
   average. The county legislative authority may choose to calculate the denominator for lands of less than
   one acre in size using other assumptions about average parcel size based on local information.

(4) For those counties that levy a per parcel assessment to help fund noxious weed
control programs, the per parcel assessment on forest lands as defined in subsection (((3))) (2) of this
section shall not exceed one-tenth of the per parcel assessment on nonforest lands.

Sec. 28. RCW 17.10.250 and 1987 1st ex.s. c 438 s 32 are each amended to read as follows:
The legislative authority of any county with an activated noxious weed control board or the
board of any weed district may apply to the director for noxious weed control funds when informed by
the director that funds are available. Any (such) applicant must employ adequate administrative
personnel to supervise an effective weed control program as determined by the director with advice
from the state noxious weed control board. The director with advice from the state noxious weed
control board shall adopt rules on the distribution and use of noxious weed control account funds.

Sec. 29. RCW 17.10.300 and 1975 1st ex.s. c 13 s 15 are each amended to read as follows:
No lien created by RCW 17.10.280 (shall) exists, and no action to enforce the same shall be
maintained, unless within ninety days from the date of cessation of the performance of (such) the
labor, furnishing of materials, or the supplying of (such) equipment, a claim for (such) the lien
(shall be) is filed for record as (hereinafter) provided in this section, in the office of the county
auditor of the county in which the property, or some part (thereof) of the property to be affected
(thereby) by the claim for a lien, is situated. (Such) The claim shall state, as nearly as may be, the
time of the commencement and cessation of performing the labor, furnishing the material, or supplying
the equipment, the name of the county noxious weed control board (which) that performed the labor
or caused the labor to be performed, furnished the material, or supplied the equipment, a description of
the property to be charged with the lien sufficient for identification, the name of the owner, or reputed
owner if known, or his or her agent, and if the owner is not known, that fact shall be mentioned, the
amount for which the lien is claimed, and shall be signed by the county noxious weed control board, and be verified by the oath of the county noxious weed control board, to the effect that the affiant believes that claim to be just; and (such) the claim of lien may be amended in case of action brought to foreclose the same, by order of the court, as pleadings may be, insofar as the interest of third parties shall not be affected by such an amendment. (A claim or lien substantially in the same form provided by RCW 60.04.060 and not in conflict with this section shall be sufficient)

Sec. 30. RCW 17.10.310 and 1987 c 438 s 24 are each amended to read as follows:
The county noxious weed control board may issue a notice of civil infraction if after investigation it has reasonable cause to believe an infraction has been committed. (It shall be a misdemeanor for any person to refuse to identify himself or herself properly for the purpose of issuance of a notice of infraction. Any person willfully violating a written and signed promise to respond to a notice of infraction shall be guilty of a misdemeanor regardless of the disposition of the notice of infraction.) A civil infraction may be issued pursuant to RCW 7.80.005, 7.80.070 through 7.80.110, 7.80.120 (3) and (4), and 7.80.130 through 7.80.900.

Sec. 31. RCW 17.10.350 and 1987 c 438 s 28 are each amended to read as follows:
Any person found to have committed a civil infraction under this chapter shall be assessed a monetary penalty((No monetary penalty so assessed may not exceed one thousand dollars. The state noxious weed control board shall adopt a schedule of monetary penalties for each violation of this chapter classified as a civil infraction and ((shall)) submit the schedule to the appropriate court. If a monetary penalty is imposed by the court, the penalty is immediately due and payable. The court may, at its discretion, grant an extension of time, not to exceed thirty days, in which the penalty must be paid. Failure to pay any monetary penalties imposed under this chapter ((shall be)) is punishable as a misdemeanor.))

Sec. 32. RCW 17.10.890 and 1987 c 438 s 37 are each amended to read as follows:
The following procedures shall be followed to deactivate a county noxious weed control board:
(1) The county legislative authority ((shall)) holds a hearing to determine whether there continues to be a need for an activated county noxious weed control board if:
   (a) A petition is filed by one hundred registered voters within the county;
   (b) A petition is filed by a county noxious weed control board as provided in RCW 17.10.240;
   (c) The county legislative authority passes a motion to hold such a hearing.
(2) Except as provided in subsection (4) of this section, the hearing shall be held within sixty days of final action taken under subsection (1) of this section.
(3) If, after a hearing, the county legislative authority determines that no need exists for a county noxious weed control board, due to the absence of class A or class B noxious weeds designated for control in the region, the county legislative authority shall deactivate the board.
(4) The county legislative authority shall not convene a hearing as provided for in subsection (1) of this section more frequently than once a year.

Sec. 33. RCW 17.10.900 and 1987 c 438 s 38 are each amended to read as follows:
Any weed district formed under chapter 17.04 or 17.06 RCW prior to the enactment of this chapter, ((shall)) continues to operate under the provisions of the chapter under which it was formed: PROVIDED, That if ten percent of the landowners subject to any such weed district, and the county noxious weed control board upon its own motion, petition the county legislative authority for a dissolution of the weed district, the county legislative authority shall provide for an election to be conducted in the same manner as required for the election of directors under the provisions of chapter 17.04 RCW, to determine by majority vote of those casting votes, if ((such)) the weed district ((shall)) will continue to operate under the ((new)) chapter it was formed. The land area of any dissolved weed district ((shall forthwith)) becomes subject to the provisions of this chapter. Any district assessment funds may be transferred after the dissolution election under contract to the county noxious weed control board to fund the noxious weed control program.
NEW SECTION, Sec. 34. A new section is added to chapter 17.10 RCW to read as follows:
(1) The state noxious weed control board shall:
   (a) Work with the various federal and tribal land management agencies to coordinate state and
   federal noxious weed control;
   (b) Encourage the various federal and tribal land management agencies to devote more time and
   resources to noxious weed control; and
   (c) Assist the various federal and tribal land management agencies by seeking adequate funding
   for noxious weed control.
(2) County noxious weed control boards and weed districts shall work with the various federal
   and tribal land management agencies in each county in order to:
   (a) Identify new noxious weed infestations;
   (b) Outline and plan necessary noxious weed control actions;
   (c) Develop coordinated noxious weed control programs; and
   (d) Notify local federal and tribal agency land managers of noxious weed infestations.
(3) The department of agriculture, county noxious weed control boards, and weed districts are
   authorized to enter federal lands, with the approval of the appropriate federal agency, to survey for and
   control noxious weeds where control measures of a type and extent required under this chapter have
   not been taken.
(4) The department of agriculture, county noxious weed control boards, and weed districts may
   bill the federal land management agency that manages the land for all costs of the noxious weed control
   performed on federal land. If not paid by the federal agency that manages the land, the cost of
   the noxious weed control on federal land may be paid from any funds available to the county noxious weed
   control board or weed district that performed the noxious weed control. Alternatively, the costs of
   noxious weed control on federal land may be paid from any funds specifically appropriated to the
   department of agriculture for that purpose.
(5) The department of agriculture, county noxious weed control boards, and weed districts are
   authorized to enter into any reasonable agreement with the appropriate authorities for the control of
   noxious weeds on federal or tribal lands.
(6) The department of agriculture, county noxious weed control boards, and weed districts shall
   consult with state agencies managing federal land concerning noxious weed infestation and control
   programs.

MESSAGE FROM THE SENATE

April 14, 1997

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1472 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the availability of minerals through surface mining is essential to the economic well-being of the state and nation. The citizens of the state are rapidly running out of approved or designated sites to extract these minerals. Therefore, the available sources of these minerals are nearly exhausted.

The state has enacted several laws in recent years directing local governments to make land use decisions for appropriate uses of land through designation in advance of or during the comprehensive planning process and then to limit the specific approval process to mitigating specific impacts of the use or uses allowed by the designation. The current planning and regulatory environment makes economically viable permits unobtainable for the vast majority of the sites where the minerals are located and needed.

The cost of transportation of minerals for any significant distance can have an effect on the costs to the taxpayers of the state. Surface mining must take place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. But surface mining is a finite use of the land and another beneficial use must follow through reclamation.

Therefore, the legislature finds that designation, production, and conservation of adequate sources of minerals is in the best interests of the citizens of the state.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in RCW 78.44.031, shall be established as an allowed use in local development regulations.

(b) The county shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.
(c) This section has no applicability to metals mining and milling operations as defined in RCW 78.56.020.

(2) Nothing in this section precludes any unit of government from accepting the lowest responsible bid for purchase of mineral materials, regardless of source.

(3) Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, a county, city, or town shall discourage the siting of new applications of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

(4) Any additions or amendments to comprehensive plans or development regulations required by this section may be adopted during the normal course of adopting or amending the comprehensive plan or development regulations.

Reasonable notice of additions or amendments to comprehensive plans or development regulations shall be given to property owners and other affected and interested individuals. The county shall use either an existing reasonable notice provision already employed by the county or a new reasonable notice provision, including any of the following:

(a) Notifying owners of real property, as shown by the records of the county assessor, located within three hundred feet of the boundaries of the proposed designation;

(b) Publishing notice in a newspaper of general circulation in the county, city, or general area where the mineral resource deposits are located;

(c) Notifying public or private groups with known interest in the proposed mineral resource designation; or

(d) Placing notices in appropriate regional, neighborhood, or trade journals.

(5) For the purposes of this section:

(a) "Long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

(b) "Allowed use" means the use or uses specified by local development regulations as appropriate within those areas designated through the advance or comprehensive planning process. Once designated, a proposed allowed use shall be reviewed for project specific impacts and may be conditioned to mitigate significant adverse impacts within the context of site plan approval, but such review shall not revisit the question of land use."

On page 1, line 1 of the title, after "designation;" strike the remainder of the title and insert "adding a new section to chapter 36.70A RCW; and creating a new section."

and the same are herewith transmitted.

MESSAGE FROM THE SENATE

April 9, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1491 with the following amendment(s):

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 49.60.010 and 1995 c 259 s 1 are each amended to read as follows:
This chapter shall be known as the "law against discrimination". It is an exercise of the police power of the state for the protection of the public welfare, health, and peace of the people of this state, and in fulfillment of the provisions of the Constitution of this state concerning civil rights. The legislature hereby finds and declares that practices of discrimination against any of its inhabitants because of race, creed, color, national origin, families with children, sex, marital status, age, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a disabled person are a matter of state concern, that such discrimination threatens not only the rights and proper privileges of its inhabitants but menaces the institutions and foundation of a free democratic state. A state agency is herein created with powers with respect to elimination and prevention of discrimination in employment, in credit and insurance transactions, in places of public resort, accommodation, or amusement, and in real property transactions because of race, creed, color, national origin, families with children, sex, marital status, age, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a disabled person; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

This chapter shall be known as the "law against discrimination". It is an exercise of the police power of the state for the protection of the public welfare, health, and peace of the people of this state, and in fulfillment of the provisions of the Constitution of this state concerning civil rights. A state agency is herein created with powers with respect to elimination and prevention of discrimination in employment, in credit and insurance transactions, in places of public resort, accommodation, or amusement, and in real property transactions because of race, creed, color, national origin, families with children, sex, marital status, age, or the presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a disabled person; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

(2) Any person deeming himself or herself injured by any act in violation of this chapter shall have a civil action in a court of competent jurisdiction to enjoin further violations, or to recover the actual damages sustained by the person, or both, together with the cost of suit including reasonable attorneys’ fees or any other appropriate remedy authorized by this chapter or the United States Civil Rights Act of 1964 as amended, or the Federal Fair Housing Amendments Act of 1988 (42 U.S.C. Sec. 3601 et seq.).

(3) Except for any unfair practice committed by an employer against an employee or a prospective employee, or any unfair practice in a real estate transaction which is the basis for relief specified in the amendments to RCW 49.60.225 contained in chapter 69, Laws of 1993, any unfair practice prohibited by this chapter which is committed in the course of trade or commerce as defined in the Consumer Protection Act, chapter 19.86 RCW, is, for the purpose of applying that chapter, a matter affecting the public interest, is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce.

Such advisory agencies and conciliation councils shall be composed of representative citizens, serving without pay, but with reimbursement for travel expenses in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended, and the commission may make provision for technical and clerical assistance to such agencies and councils and for the expenses of such assistance. Sec. 14. RCW 49.60.222 and 1995 c 259 s 3 are each amended to read as follows:

(1) It is an unfair practice for any person, whether acting for himself, herself, or another, because of sex, marital status, race, creed, color, national origin, families with children status, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide (animal) or service (animal) by a disabled person:

MESSAGE FROM THE SENATE

April 10, 1997

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1589 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 7.69.030 and 1993 c 350 s 6 are each amended to read as follows:
There shall be a reasonable effort made to ensure that victims, survivors of victims, and witnesses of crimes have the following rights:
(1) With respect to victims of violent or sex crimes, to receive, at the time of reporting the crime to law enforcement officials, a written statement of the rights of crime victims as provided in this chapter. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county;
(2) To be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim, survivor, or witness is involved;
(3) To be notified by the party who issued the subpoena that a court proceeding to which they have been subpoenaed will not occur as scheduled, in order to save the person an unnecessary trip to court;
(4) To receive protection from harm and threats of harm arising out of cooperation with law enforcement and prosecution efforts, and to be provided with information as to the level of protection available;
(5) To be informed of the procedure to be followed to apply for and receive any witness fees to which they are entitled;
(6) To be provided, whenever practical, a secure waiting area during court proceedings that does not require them to be in close proximity to defendants and families or friends of defendants;
(7) To have any stolen or other personal property expeditiously returned by law enforcement agencies or the superior court when no longer needed as evidence. When feasible, all such property, except weapons, currency, contraband, property subject to evidentiary analysis, and property of which ownership is disputed, shall be photographed and returned to the owner within ten days of being taken;
(8) To be provided with appropriate employer intercession services to ensure that employers of victims, survivors of victims, and witnesses of crime will cooperate with the criminal justice process in order to minimize an employee’s loss of pay and other benefits resulting from court appearance;
(9) To access to immediate medical assistance and not to be detained for an unreasonable length of time by a law enforcement agency before having such assistance administered. However, an employee of the law enforcement agency may, if necessary, accompany the person to a medical facility to question the person about the criminal incident if the questioning does not hinder the administration of medical assistance;
(10) With respect to victims of violent and sex crimes, to have a crime victim advocate from a crime victim/witness program present at any prosecutorial or defense interviews with the victim, and at any judicial proceedings related to criminal acts committed against the victim. This subsection applies
if practical and if the presence of the crime victim advocate does not cause any unnecessary delay in
the investigation or prosecution of the case. The role of the crime victim advocate is to provide emotional support to the crime victim;

(11) With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified;
(12) With respect to victims and survivors of victims, to be informed by the prosecuting attorney of the date, time, and place of the trial and of the sentencing hearing for felony convictions upon request by a victim or survivor;
(13) To submit a victim impact statement or report to the court, with the assistance of the prosecuting attorney if requested, which shall be included in all presentence reports and permanently included in the files and records accompanying the offender committed to the custody of a state agency or institution;
(14) With respect to victims and survivors of victims, to present a statement personally or by representation, at the sentencing hearing for felony convictions; and
(15) With respect to victims and survivors of victims, to entry of an order of restitution by the court in all felony cases, even when the offender is sentenced to confinement, unless extraordinary circumstances exist which make restitution inappropriate in the court's judgment."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2018

MESSAGE FROM THE SENATE

April 14, 1997

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1647 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to provide for diverse educational opportunities at the state's institutions of higher education and to facilitate student participation in educational exchanges with institutions outside the state of Washington. To accomplish this, this act establishes a home tuition program allowing students at Washington state institutions of higher education to take advantage of out-of-state and international educational opportunities while paying an amount equal to their regularly charged tuition and required fees.

Sec. 2. RCW 28B.15.012 and 1994 c 188 s 2 are each amended to read as follows:
Whenever used in chapter 28B.15 RCW:
(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.
(2) The term "resident student" shall mean:
(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;
(b) A dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;
(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student's enrollment (excepting summer sessions) at an institution in this state is continuous;"
A any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) A student who is the spouse or a dependent of a person who is on active military duty stationed in the state; 

(f) A student of an out-of-state institution of higher education who is attending a Washington state institution of higher education pursuant to a home tuition agreement as described in RCW 28B.15.725; or

(g) A student who meets the requirements of RCW 28B.15.0131: PROVIDED, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.012 and 28B.15.013. Except for students qualifying under subsection (2)(f) of this section, a nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

(b) A person who is not a citizen of the United States of America who does not have permanent or temporary resident status or does not hold "Refugee-Parolee" or "Conditional Entrant" status with the United States immigration and naturalization service or is not otherwise permanently residing in the United States under color of law and who does not also meet and comply with all the applicable requirements in RCW 28B.15.012 and 28B.15.013.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student’s parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require.

Sec. 3. RCW 28B.15.014 and 1993 sp.s. c 18 s 5 are each amended to read as follows: Subject to the limitations of RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges may exempt the following nonresidents from paying all or a portion of the nonresident tuition fees differential:

(1) Any person who resides in the state of Washington and who holds a graduate service appointment designated as such by a public institution of higher education or is employed for an academic department in support of the instructional or research programs involving not less than twenty hours per week during the term such person shall hold such appointment.

(2) Any faculty member, classified staff member or administratively exempt employee holding not less than a half time appointment at an institution who resides in the state of Washington, and the dependent children and spouse of such persons.

(3) Active-duty military personnel stationed in the state of Washington.
Any immigrant refugee and the spouse and dependent children of such refugee, if the refugee (a) is on parole status, or (b) has received an immigrant visa, or (c) has applied for United States citizenship.

Domestic exchange students participating in the program created under RCW 28B.15.725.

Any dependent of a member of the United States congress representing the state of Washington.

Sec. 4. RCW 28B.15.725 and 1994 c 234 s 1 are each amended to read as follows:

The governing boards of the state universities, the regional universities, and The Evergreen State College may establish home tuition programs by negotiating home tuition agreements with an out-of-state institution or consortium of institutions of higher education (of other states and agree to exempt participating undergraduate students from payment of all or a portion of the nonresident tuition fees differential subject to the following restrictions:

1. In any given academic year, the number of students receiving a waiver at a state institution shall not exceed the number of that institution’s students receiving nonresident tuition waivers at participating out-of-state institutions. Waiver imbalances that may occur in one year shall be off-set in the year immediately following) if no loss of tuition and fee revenue occurs as a result of the agreements.

2. Home tuition agreements allow students at Washington state institutions of higher education to attend an out-of-state institution of higher education as part of a student exchange. Students participating in a home tuition program shall pay an amount equal to their regular, full-time tuition and required fees to either the Washington institution of higher education or the out-of-state institution of higher education depending upon the provisions of the particular agreement. Payment of course fees in excess of generally applicable tuition and required fees must be addressed in each home tuition agreement to ensure that the instructional programs of the Washington institution of higher education do not incur additional uncompensated costs as a result of the exchange.

3. Student participation in a home tuition agreement authorized by this section is limited to one academic year.

4. Students enrolled under a home tuition agreement shall reside in Washington state for the duration of the program, may not use the year of enrollment under this program to establish Washington state residency, and are not eligible for state financial aid.

Sec. 5. RCW 28B.15.910 and 1993 sp.s. c 18 s 31 are each amended to read as follows:

Except for revenue waived under programs listed in subsection (3) of this section, and unless otherwise expressly provided in the omnibus state appropriations act, the total amount of operating fees revenue waived, exempted, or reduced by a state university, a regional university, The Evergreen State College, or the community colleges as a whole, shall not exceed the percentage of total gross authorized operating fees revenue set forth below. As used in this section, "gross authorized operating fees revenue" means the estimated gross operating fees revenue as estimated under RCW 82.33.020 or as revised by the office of financial management, before granting any waivers. This limitation applies to all tuition waiver programs established before or after July 1, 1992.

(c) Eastern Washington University 11 percent
(d) Central Washington University 8 percent

MESSAGE FROM THE SENATE

April 11, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1693 with the following attached amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this act is to protect the interest of insureds, claimants, ceding insurers, assuming insurers, and the public generally.
(2) It is the intent of the legislature to ensure adequate regulation of insurers and reinsurers and adequate protection for those to whom they owe obligations.
(3) It is also the intent of the legislature to declare that the matters contained in this act are fundamental to the business of insurance and to exercise its powers and privileges under 15 U.S.C. Secs. 1011 and 1012.

NEW SECTION. Sec. 2. For purposes of this act, a "qualified United States financial institution" means an institution that complies with all of the following:
(1) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;
(2) Is regulated, supervised, and examined by United States federal or state authorities having regulatory authority over banks and trust companies;
(3) Has been determined by the commissioner, or, in the discretion of the commissioner, the securities valuation office of the national association of insurance commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner; and
(4) Is not affiliated with the assuming company.

NEW SECTION. Sec. 3. Upon insolvency of a non-United States insurer or reinsurer that provides security to fund its United States obligations in accordance with this act, the assets representing the security must be maintained in the United States and claims must be filed with and valued by the state insurance commissioner with regulatory oversight, and the assets distributed, in accordance with the insurance laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic United States insurance companies.

NEW SECTION. Sec. 4. (1) Credit for reinsurance in a reinsurance contract entered into after December 31, 1996, is allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with RCW 48.12.160 only if the reinsurance contract contains provisions that provide, in substance, as follows:
(a) The reinsurer shall indemnify the ceding insurer against all or a portion of the risk it assumed according to the terms and conditions contained in the reinsurance contract.

(b) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the portion of risk or obligation assumed by the reinsurer is payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by a court of competent jurisdiction or by a conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor failed to pay all or a portion of any claims. Payments by the reinsurer as provided in this subsection are made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance, reinsurance, or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.

(2) Payment under a reinsurance contract must be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the national association of insurance commissioners accounting practices and procedures manual.

(3) The original insured or policyholder may not have any rights against the reinsurer that are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder.

NEW SECTION. Sec. 5. Credit for reinsurance, as either an asset or a deduction, is prohibited in an accounting or financial statement of the ceding insurer in respect to the reinsurance contract unless, in such contract, the reinsurer undertakes to indemnify the ceding insurer against all or a part of the loss or liability arising out of the original insurance. This section only applies to those reinsurance contracts entered into after December 31, 1996.

Sec. 6. RCW 48.12.160 and 1996 c 297 s 1 are each amended to read as follows:

(1) Any insurance company organized under the laws of this state may take credit as an asset or as a deduction from loss or claim, unearned premium, or life policy or contract reserves on risks ceded to a reinsurer to the extent reinsured by an insurer or insurers holding a certificate of authority to transact that kind of business in this state, unless the assuming insurer is the subject of a regulatory order or regulatory oversight by a state in which it is licensed based upon a commissioner's determination that the assuming insurer is in a hazardous financial condition. The credit on ceded risks reinsured by any insurer which is not authorized to transact business in this state may be taken:

(a) Where the reinsurer is a group including incorporated and unincorporated underwriters, and the group maintains a trust fund in a United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance,

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after August 1, 1995, funds in trust in an amount not less than the group's several liabilities attributable to business written in the United States; and

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of this act, funds in trust in an amount not less than the group's several insurance and reinsurance liabilities attributable to business written in the United States.

In addition, the group shall maintain a trusteed surplus of which one hundred million dollars shall be held jointly and exclusively for the benefit of United States domiciled insurers of any member of the group;(i)

The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and the group
shall make available to the commissioner an annual certification of the solvency of each underwriter by the group’s domiciliary regulator and its independent public accountants;

(b) Where the reinsurer does not meet the definition of (a) of this subsection, the single assuming alien reinsurer that, as of the date of the ceding insurer’s statutory financial statement, maintains a trust fund in a ((United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance)) qualified United States financial institution, which trust fund must be in an amount ((equal to)) not less than the assuming alien reinsurer’s liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trusted surplus of not less than twenty million dollars , and the assuming alien reinsurer maintaining the trust fund must have received a registration from the commissioner under section 7 of this act. The assuming alien reinsurer shall report on or before February 28th to the commissioner substantially the same information as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers, to enable the commissioner to determine the sufficiency of the trust fund; ((or))

(c) In an amount not exceeding:

(i) The amount of deposits by and funds withheld from the assuming insurer pursuant to express provision therefor in the reinsurance contract, as security for the payment of the obligations thereunder, if the deposits or funds are assets of the types and amounts that are authorized under chapter 48.13 RCW and are held subject to withdrawal by and under the control of the ceding insurer or if the deposits or funds are placed in trust for these purposes in a bank which is a member of the federal reserve system and withdrawals from the trust cannot be made without the consent of the ceding company; or

(ii) The amount of a clean, irrevocable, and unconditional letter of credit issued by a United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance, and issued for a term of at least one year with provisions that it must be renewed unless the bank gives notice of nonrenewal at least thirty days before the expiration issued under arrangements satisfactory to the commissioner of insurance as constituting security to the ceding insurer substantially equal to that of a deposit under (c)(i) of this subsection.

(2) Credit for reinsurance may not be granted under subsection (1)(a), (b), and (c)(i) of this section unless:

(a) The form of the trust and amendments to the trust have been approved by the insurance commissioner of the state where the trust is located, or the insurance commissioner of another state who, pursuant to the terms of the trust agreement, has accepted principal regulatory oversight of the trust;

(b) The trust and trust amendments are filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled;

(c) The trust instrument provides that contested claims are valid, enforceable, and payable out of funds in trust to the extent remaining unsatisfied thirty days after entry of the final order of a court of competent jurisdiction in the United States;

(d) The trust vests legal title to its assets in the trustees of the trust for the benefit of the grantor’s United States ceding insurers, their assigns, and successors in interest;

(e) The trust and the assuming insurer are subject to examination as determined by the commissioner;

(f) The trust shall remain in effect for as long as the assuming insurer, member, or former member of a group of insurers has outstanding obligations due under the reinsurance agreements subject to the trust; and

(g) No later then February 28th of each year, the trustees of the trust report to the commissioner in writing setting forth the balance of the trust and listing the trust’s investments at the preceding year end. In addition, the trustees of the trust shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire within the next twelve months.

(3) Any reinsurance ceded by a company organized under the laws of this state or ceded by any company not organized under the laws of this state and transacting business in this state must be
payable by the assuming insurer on the basis of liability of the ceding company under the contract or contracts reinsured without diminution because of the insolvency of the ceding company, and any such reinsurance agreement which may be canceled on less than ninety days notice must provide for a run-off of the reinsurance in force at the date of cancellation.

(3) A reinsurance agreement may provide that the domiciliary conservator, liquidator, receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor. The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

(4) Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

(5) The domiciliary conservator, liquidator, receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor. The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

(6) The credit permitted by subsection (1)(b) of this section is prohibited unless the assuming alien insurer agrees in the trust agreement, notwithstanding other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (1)(b) of this section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile:

(a) To comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(b) That assets be distributed by, and insurance claims of United States trust beneficiaries be filed with and valued by, the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) That if the commissioner with regulatory oversight determines that the assets of the trust fund or a part thereof are not necessary to satisfy the claims of the United States ceding insurers, which are United States trust beneficiaries, the assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) That the grantor waives any right otherwise available to it under United States law that is inconsistent with this provision.

NEW SECTION. Sec. 7. (1) The assuming alien reinsurer must register with the commissioner and must:

(a) File with the commissioner evidence of its submission to this state’s jurisdiction and to this state’s authority to examine its books and records under chapter 48.03 RCW;

(b) Designate the commissioner as its lawful attorney upon whom service of all papers may be made for an action, suit, or proceeding instituted by or on behalf of the ceding insurer;

(c) File with the commissioner a certified copy of a letter or a certificate of authority or a certificate of compliance issued by the assuming alien insurer’s domiciliary jurisdiction and the domiciliary jurisdiction of its United States reinsurance trust;

(d) Submit a statement, signed and verified by an officer of the assuming alien insurer to be true and correct, that discloses whether the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer is currently known to be the subject of one or more of the following:

(i) An order or proceeding regarding conservation, liquidation, or receivership;

(ii) An order or proceeding regarding the revocation or suspension of a license or accreditation to transact insurance or reinsurance in any jurisdiction; or
(iii) An order or proceeding brought by an insurance regulator in any jurisdiction seeking to restrict or stop the assuming alien insurer from transacting insurance or reinsurance based upon a hazardous financial condition.

The assuming alien insurer shall provide the commissioner with copies of all orders or other documents initiating proceedings subject to disclosure under this subsection. The statement must affirm that no actions, proceedings, or orders subject to this subsection are outstanding against the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer, except as disclosed in the statement;

(e) File other information, financial or otherwise, which the commissioner reasonably requests.

(2) A registration continues in force until suspended, revoked, or not renewed. A registration is subject to renewal annually on the first day of July upon application of the assuming alien insurer and payment of the fee in the same amount as an insurer pays for renewal of a certificate of authority.

(3) The commissioner shall give an assuming alien insurer notice of his or her intention to revoke or refuse to renew its registration at least ten days before the order of revocation or refusal is to become effective.

(4) The commissioner shall, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer’s registration if the assuming alien insurer no longer qualifies or meets the requirements for registration.

(5) The commissioner may, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer’s registration if the assuming alien insurer:

(a) Fails to comply with a provision of this chapter or fails to comply with an order or regulation of the commissioner;

(b) Is found by the commissioner to be in such a condition that its further transaction of reinsurance would be hazardous to ceding insurers, policyholders, or the people in this state;

(c) Refuses to remove or discharge a trustee, director, or officer who has been convicted of a crime involving fraud, dishonesty, or moral turpitude;

(d) Usually compels policy-holding claimants either to accept less than the amount due them or to bring suit against the assuming alien insurer to secure full payment of the amount due;

(e) Refuses to be examined, or its trustees, directors, officers, employees, or representatives refuse to submit to examination or to produce its accounts, records, and files for examination by the commissioner when required, or refuse to perform a legal obligation relative to the examination;

(f) Refuses to submit to the jurisdiction of the United States courts;

(g) Fails to pay a final judgment rendered against it:

(i) Within thirty days after the judgment became final;

(ii) Within thirty days after time for taking an appeal has expired; or

(iii) Within thirty days after dismissal of an appeal before final determination; whichever date is later.

(h) Is found by the commissioner, after investigation or upon receipt of reliable information:

(i) To be managed by persons, whether by its trustees, directors, officers, or by other means, who are incompetent or untrustworthy or so lacking in insurance company management experience as to make proposed operation hazardous to the insurance-buying public; or

(ii) That there is good reason to believe it is affiliated directly or indirectly through ownership, control, or business relations, with a person or persons whose business operations are, or have been found to be, in violation of any law or rule, to the detriment of policyholders, stockholders, investors, creditors, or of the public, by bad faith or by manipulation of the assets, accounts, or reinsurance;

(i) Does business through reinsurance intermediaries or other representatives in this state or in any other state, who are not properly licensed under applicable laws and rules; or

(j) Fails to pay, by the date due, any amounts required by this code.

(6) A domestic ceding insurer is not allowed credit with respect to reinsurance ceded, if the assuming alien insurer’s registration has been revoked by the commissioner.

(7) The actual costs and expenses incurred by the commissioner for an examination of a registered alien insurer must be charged to and collected from the alien reinsurer.

(8) A registered alien reinsurer is included as a "class one" organization for the purposes of RCW 48.02.190.
NEW SECTION. Sec. 8. (1) Unless credit for reinsurance or deduction from liability is prohibited under section 5 of this act, a foreign ceding insurer is allowed credit for reinsurance or deduction from liability to the extent credit has been allowed by the ceding insurer’s state of domicile if:

(a) The state of domicile is accredited by the national association of insurance commissioners; or

(b) Credit or deduction from liability would be allowed under this act if the foreign ceding insurer were domiciled in this state.

(2) Notwithstanding subsection (1) of this section, credit for reinsurance or deduction from liability may be disallowed upon a finding by the commissioner that either the condition of the reinsurer, or the collateral or other security provided by the reinsurer, does not satisfy the credit for reinsurance requirements applicable to ceding insurers domiciled in this state.

NEW SECTION. Sec. 9. The commissioner may adopt rules to implement and administer this act.

NEW SECTION. Sec. 10. RCW 48.05.300 and 1993 c 91 s 1, 1977 ex.s. c 180 s 1, & 1947 c 79 s .05.30 are each repealed.

NEW SECTION. Sec. 11. Sections 2 through 5 and 7 through 9 of this act are each added to chapter 48.12 RCW."

On page 1, line 1 of the title, after "risks;" strike the remainder of the title and insert "amending RCW 48.12.160; adding new sections to chapter 48.12 RCW; creating a new section; and repealing RCW 48.05.300."

MESSAGE FROM THE SENATE

April 14, 1997

Mr. Speaker:

The Senate has passed SUBSTITUTE SENATE BILL NO. 1565 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that small scale prospecting and mining is an important part of the heritage of the state. The legislature further finds that small scale prospecting and mining provide economic benefits to the state, and help to meet the national security demand and industrial demand for minerals. The legislature further finds that it is critical that small scale miners and prospectors be allowed access to open public lands in the state. The legislature further finds that mineral prospecting and mining activities can be conducted in a manner that is consistent with fish habitat and fish-life population. Now, therefore, the legislature declares that small scale prospecting and mining must not be unreasonably regulated. The legislature further declares that small scale prospecting and mining must not be unfairly limited or obstructed from access to open public lands. The legislature further declares that all restrictions or regulations of small scale prospecting and mining activities must be based on sound scientific evidence and applicable documentation supporting the need for such restrictions.

Sec. 2. RCW 75.20.100 and 1993 sp.s. c 2 s 30 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 ((and 75.20.1002)), the department shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If
any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state’s water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

This section does not apply to small scale prospecting and mining activities, which are governed by section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 75.20 RCW to read as follows:

(1) Small scale prospecting and mining is exempt from the provisions of this chapter, provided that such activity does not undercut streambanks or disturb rooted live woody plants such as trees or shrubs.

(2) For the purposes of this chapter, "small scale prospecting and mining" means only the use of the following methods: Pans, sluice boxes, concentrators, and mini-rocker boxes for the discovery and recovery of minerals."

On page 1, line 1 of the title, after "mining:" strike the remainder of the title and insert "amending RCW 75.20.100; adding a new section to chapter 75.20 RCW; and creating a new section."

and the same are herewith transmitted.

Susan Carlson, Deputy Secretary

There being no objection, the House deferred further consideration of Substitute House Bill No. 1565 and the bill held its place on the second reading calendar.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1997

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1817 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.46.005 and 1995 c 342 s 1 are each amended to read as follows:

The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the use of reclaimed water as soon as is practicable, the legislature encourages the cooperative efforts of the public and private sectors and the use of pilot projects to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water.

It is hereby declared that the people of the state of Washington have a primary interest in the development of facilities to provide reclaimed water to replace potable water in nonpotable applications, to supplement existing surface and ground water supplies, and to assist in meeting the future water requirements of the state.

The legislature further finds and declares that the utilization of reclaimed water by local communities for domestic, agricultural, industrial, recreational, and fish and wildlife habitat creation and enhancement purposes, including wetland enhancement, will contribute to the peace, health, safety, and welfare of the people of the state of Washington. To the extent reclaimed water is appropriate for beneficial uses, it should be so used to preserve potable water for drinking purposes. Use of reclaimed water constitutes the development of new basic water supplies needed for future generations.

The legislature further finds and declares that the use of reclaimed water is not inconsistent with the policy of antidegradation of state waters announced in other state statutes, including the water pollution control act, chapter 90.48 RCW and the water resources act, chapter 90.54 RCW."
The legislature finds that other states, including California, Florida, and Arizona, have successfully used reclaimed water to supplement existing water supplies without threatening existing resources or public health.

It is the intent of the legislature that the department of ecology and the department of health undertake the necessary steps to encourage the development of water reclamation facilities so that reclaimed water may be made available to help meet the growing water requirements of the state.

The legislature further finds and declares that reclaimed water facilities are water pollution control facilities as defined in chapter 70.146 RCW and are eligible for financial assistance as provided in chapter 70.146 RCW. The legislature finds that funding demonstration projects will ensure the future use of reclaimed water. The demonstration projects in section 2 of this act are varied in nature and will provide the experience necessary to test different facets of the standards and refine a variety of technologies so that water purveyors can begin to use reclaimed water technology in a more cost-effective manner. This is especially critical in smaller cities and communities where the feasibility for such projects is great, but there are scarce resources to develop the necessary facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 90.46 RCW to read as follows:
(1) The department of ecology shall establish and administer a reclaimed water demonstration program for the purposes of funding and monitoring the progress of five demonstration projects. The department shall work in cooperation with the department of health.
(2) The five demonstration projects will be:
(a) The city of Ephrata, to use class A reclaimed water for surface spreading that will recharge the groundwater and reduce the nitrate concentrations that currently exceed drinking water standards in domestic wells;
(b) Lincoln county, for a study of the use of reclaimed water to transport twenty-two million gallons a day from Spokane to water sources that will rehydrate and restore long depleted streambeds;
(c) The city of Royal City to replace an interim emergency sprayfield by using one hundred percent of its discharge as class A reclaimed water to enhance local wetlands and lakes in the winter, and potentially irrigate a golf course;
(d) The city of Sequim to implement a tertiary treatment system and reuse one hundred percent of the city's wastewater to reopen an existing shellfish closure area to benefit state and tribal resources, improve streamflows in the Dungeness river, and provide a sustainable water supply for irrigation purposes;
(e) The city of Yelm to use one hundred percent of its wastewater to provide alternative water supply for irrigation and industrial uses in order to offset increased demand for water supply, to protect the Nisqually river chum salmon runs, and to develop experimental artificial wetlands to test low cost treatment options.
(3) By September 30, 1997, the department of ecology shall enter into a grant agreement with the demonstration project jurisdictions that includes reporting requirements, timelines, and a fund disbursement schedule based on the agreed project milestones.
(4) Upon completion of the projects, the department of ecology shall report to the appropriate committees of the legislature on the results of the program.
(5) Demonstration projects which will discharge or otherwise deliver reclaimed water to federal reclamation project facilities or irrigation district facilities shall meet the requirements of the facilities' operating entity for such discharges or deliveries.
(6) No irrigation district, its directors, officers, employees, or agents operating and maintaining irrigation works for any purpose authorized by law, including the production of food for human consumption and other agricultural and domestic purposes, is liable for damages to persons or property arising from the implementation of the demonstration projects in this section."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 90.46.005; and adding a new section to chapter 90.46 RCW."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 18.27 RCW to read as follows:

This chapter shall be strictly enforced. Therefore, the doctrine of substantial compliance shall not be used by the department in the application and construction of this chapter. Anyone engaged in the activities of a contractor is presumed to know the requirements of this chapter.

Sec. 2. RCW 18.27.010 and 1993 c 454 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Contractor" means any person, firm, or corporation who or which, in the pursuit of an independent business undertakes to, or offers to undertake, or submits a bid to, construct, alter, repair, add to, subtract from, improve, move, wreck or demolish, for another, any building, highway, road, railroad, excavation or other structure, project, development, or improvement attached to real estate or to do any part thereof including the installation of carpeting or other floor covering, the erection of scaffolding or other structures or works in connection therewith or who installs or repairs roofing or siding; or, who, to do similar work upon his or her own property, employs members of more than one trade upon a single job or project or under a single building permit except as otherwise provided herein. "Contractor" includes any person, firm, or corporation covered by this subsection, whether or not registered as required under this chapter.

(2) "General contractor" means a contractor whose business operations require the use of more than two unrelated building trades or crafts whose work the contractor shall superintend or do in whole or in part. "General contractor" shall not include an individual who does all work personally without employees or other "specialty contractors" as defined herein in this section. The terms "general contractor" and "builder" are synonymous.

(3) "Specialty contractor" means a contractor whose operations do not fall within the foregoing definition of "general contractor".

(4) "Unregistered contractor" means a person, firm, or corporation doing work as a contractor without being registered in compliance with this chapter. "Unregistered contractor" includes contractors whose registration is expired for more than thirty days beyond the renewal date or has been suspended.

(5) "Department" means the department of labor and industries.

(6) "Director" means the director of the department of labor and industries.

(7) "Verification" means the receipt and duplication by the city, town, or county of a contractor registration card that is current on its face, checking the department's contractor registration data base, or calling the department to confirm that the contractor is registered.

Sec. 3. RCW 18.27.020 and 1993 c 454 s 6 are each amended to read as follows:

(a) Advertise, offer to do work, submit a bid, or perform any work as a contractor without being registered as required by this chapter;

(b) Advertise, offer to do work, submit a bid, or perform any work as a contractor when the contractor's registration is suspended or revoked;

(c) Use a false or expired registration number in purchasing or offering to purchase an advertisement for which a contractor registration number is required; or

(d) Transfer a valid registration to an unregistered contractor or allow an unregistered contractor to work under a registration issued to another contractor.
It is not unlawful for a general contractor to employ an unregistered contractor who was registered at the time he or she entered into a contract with the general contractor, unless the general contractor or his or her representative has been notified in writing by the department of labor and industries that the contractor has become unregistered.

All misdemeanor actions under this chapter shall be prosecuted in the county where the infraction occurs.

A person is guilty of a separate misdemeanor for each day worked if, after the person receives a citation from the department, the person works while unregistered, or while his or her registration is suspended or revoked, or works under a registration issued to another contractor. A person is guilty of a separate misdemeanor for each worksite on which he or she violates subsection (2) of this section. Nothing in this subsection applies to a registered contractor.

The director by rule shall establish a two-year audit and monitoring program for a contractor not registered under this chapter who becomes registered after receiving an infraction or conviction under this chapter as an unregistered contractor. The director shall notify the departments of revenue and employment security of the infractions or convictions and shall cooperate with these departments to determine whether any taxes or registration, license, or other fees or penalties are owed the state.

Sec. 4. RCW 18.27.030 and 1996 c 147 s 1 are each amended to read as follows:

(1) An applicant for registration as a contractor shall submit an application under oath upon a form to be prescribed by the director and which shall include the following information pertaining to the applicant:

The information contained in such application shall be a matter of public record and open to public inspection.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(b) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The department shall deny an application for registration ((shall be denied)) if the applicant has been previously registered as a sole proprietor, partnership, or corporation((, and was a principal or officer of the corporation)) and ((4)) the applicant has an unsatisfied final judgment against him or her in an action based on this chapter that was incurred during a previous registration under this chapter.

Sec. 5. RCW 18.27.040 and 1988 c 139 s 1 are each amended to read as follows:

(1) Each applicant shall((, at the time of applying for or renewing a certificate of registration,)) file with the department a surety bond issued by a surety insurer who meets the requirements of chapter 48.28 RCW in ((a form acceptable to the department running to the state of Washington if a general contractor, in the sum of six thousand dollars; if a specialty contractor, in the sum of four thousand dollars,)) the sum of six thousand dollars if the applicant is a general contractor and four thousand dollars if the applicant is a specialty contractor. If no valid bond is already on file with the department at the time the application is filed, a bond must accompany the registration application. The bond shall have the state of Washington named as obligee with good and sufficient surety in a form to be approved by the department. The bond shall be continuous and may be canceled by the surety upon the surety
giving written notice to the director of its intent to cancel the bond. A cancellation or revocation of the bond or withdrawal of the surety from the bond suspends the registration issued to the registrant until a new bond or reinstatement notice has been filed and approved as provided in this section. The bond shall be conditioned that the applicant will pay all persons performing labor, including employee benefits, for the contractor, will pay all taxes and contributions due to the state of Washington, and will pay all persons furnishing labor or material or renting or supplying equipment to the contractor and will pay all amounts that may be adjudged against the contractor by reason of (negligent or improper work or) breach of contract including negligent or improper work in the conduct of the contracting business. A change in the name of a business or a change in the type of business entity shall not impair a bond for the purposes of this section so long as one of the original applicants for such bond maintains partial ownership in the business covered by the bond.

(2) Any contractor registered as of (the effective date of this 1983 act)) July 1, 1997, who maintains such registration in accordance with this chapter shall be in compliance with this chapter until the next annual renewal of the contractor’s certificate of registration. At that time, the contractor shall provide a bond, cash deposit, or other security deposit as required by this chapter and comply with all of the other provisions of this chapter before the department shall renew the contractor’s certificate of registration.

(3) Any person, firm, or corporation having a claim against the contractor for any of the items referred to in this section may bring suit upon (such) the bond or deposit in the superior court of the county in which the work was done or of any county in which jurisdiction of the contractor may be had. The surety issuing the bond shall be named as a party to any suit upon the bond. Action upon (such) the bond or deposit shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court within one year from the date of expiration of the certificate of registration in force at the time the claimed labor was performed and benefits accrued, taxes and contributions owing the state of Washington became due, materials and equipment were furnished, or the claimed contract work was completed or abandoned. Service of process in an action against the contractor, the contractor’s bond, or the deposit shall be exclusively by service upon the department.

Three copies of the summons and complaint and a fee of ten dollars to cover the handling costs shall be served by registered or certified mail upon the department at the time suit is started and the department shall maintain a record, available for public inspection, of all suits so commenced. Service is not complete until the department receives the ten-dollar fee and three copies of the summons and complaint. (Such) The service shall constitute service on the registrant and the surety for suit upon the bond or deposit and the department shall transmit the summons and complaint or a copy thereof to the registrant at the address listed in (his) the registrant’s application and to the surety within forty-eight hours after it shall have been received.

(4) The surety upon the bond shall not be liable in an aggregate amount in excess of the amount named in the bond nor for any monetary penalty assessed pursuant to this chapter for an infraction. The liability of the surety shall not cumulate where the bond has been renewed, continued, reinstated, reissued or otherwise extended. The surety upon the bond may, upon notice to the department and the parties, tender to the clerk of the court having jurisdiction of the action an amount equal to the claims thereunder or the amount of the bond less the amount of judgments, if any, previously satisfied therefrom and to the extent of such tender the surety upon the bond shall be exonerated but if the actions commenced and pending at any one time exceed the amount of the bond then unimpaired, claims shall be satisfied from the bond in the following order:

(a) Employee labor and claims of laborers, including employee benefits;
(b) Claims for breach of contract by a party to the construction contract;
(c) Subcontractors, material, and equipment;
(d) Taxes and contributions due the state of Washington;

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1997

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2042 with the following amendments:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature acknowledges the definition of reading as "Reading is the process of constructing meaning from written text. It is the complex skill requiring the coordination of a number of interrelated sources of information." Marilyn Adams, Becoming a Nation of Readers 7. The legislature also acknowledges the role that reading accuracy and fluency plays in the comprehension of text. The legislature finds that one way to determine if a child's inability to read is problematic is to compare the child's reading fluency and accuracy skills with that of other children. To accomplish this objective, the legislature finds that assessments that test students' reading fluency and accuracy skills must be scientifically valid and reliable. The legislature further finds that early identification of students with potential reading difficulties can provide valuable information to parents, teachers, and school administrators. The legislature finds that assessment of second grade students' reading fluency and accuracy skills can assist teachers in planning and implementing a reading curriculum that addresses students' deficiencies in reading.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:
(1) The superintendent of public instruction shall identify a collection of tests that can be used to measure second grade reading accuracy and fluency skills. The purpose of the second grade reading test is to provide information to parents, teachers, and school administrators on the level of acquisition of reading accuracy and fluency skills of each student at the beginning of second grade. Each of the tests in the collection must:
   (a) Provide a reliable and valid measure of student's reading accuracy and fluency skills;
   (b) Be able to be individually administered;
   (c) Have been approved by a panel of nationally recognized professionals in the area of beginning reading, whose work has been published in peer-reviewed education research journals, and professionals in the area of measurement and assessment; and
   (d) Assess student skills in recognition of letter sounds, phonemic awareness, word recognition, and reading connected text. Text used for the test of fluency must be ordered in relation to difficulty.
(2) The superintendent of public instruction shall select tests for use by schools and school districts participating in pilot projects under section 3 of this act during the 1997-98 school year. The final collection must be selected by June 30, 1998.
(3) The superintendent of public instruction shall develop a per-pupil cost for each of the tests in the collection that details the costs for booklets, scoring services, and training required to reliably administer the test. To the extent funds are appropriated, the superintendent of public instruction shall pay for booklets or other testing material, scoring services, and training required to administer the test.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.300 RCW to read as follows:
(1) The superintendent of public instruction shall create a pilot project to identify which second grade reading tests selected under section 2 of this act will be included in the final collection of tests that must be available by June 30, 1998.
(2) Schools and school districts may voluntarily participate in the second grade reading test pilot projects in the 1997-98 school year. Schools and school districts voluntarily participating in the pilot project test are not required to have the results available by the fall parent-teacher conference.
   (a) Starting in the 1998-99 school year, school districts must select a test from the collection adopted by the superintendent of public instruction. Selection must be at the entire school district level and must remain in place at that school district for at least three years.
   (b) Students who score substantially below grade level when tested in the fall shall be tested at least one more time during the second grade. Test performance deemed to be "substantially below grade level" is to be determined for each test in the collection by the superintendent of public instruction during the pilot year of 1997-98.
   (c) If a student, while taking the test, reaches a point at which the student's performance will be considered "substantially below grade level" regardless of the student's performance on the remainder of the test, the test may be discontinued.
   (d) Each school must have the test results available by the fall parent-teacher conference. Schools must notify parents about the second grade reading test during the conferences, inform the parents of their students' performance on the test, identify actions the school intends to take to improve the child's reading skills, and provide parents with strategies to help the parents improve their child's score.
NEW SECTION. Sec. 4. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction shall establish a primary grade reading grant program. The purpose of the grant program is to enhance teachers' skills in using teaching methods that have proven results gathered through quantitative research and to assist students in beginning reading.

(2) Schools and school districts may apply for primary grade reading grants. To qualify for a grant, the grant proposal shall provide that the grantee must:

   (a) Document that the instructional model the grantee intends to implement, including teaching methods and instructional materials, is based on results validated by quantitative methods;

   (b) Agree to work with the independent contractor identified under subsection (3) of this section to determine the effectiveness of the instructional model selected and the effectiveness of the staff development provided to implement the selected model; and

   (c) Provide evidence of a significant number of students who are not achieving at grade level.

To the extent funds are appropriated, the superintendent of public instruction shall make initial grants available by September 1, 1997, for schools and school districts voluntarily participating in pilot projects under section 3 of this act. Subject to available funding, additional applications may be submitted to the superintendent of public instruction by September 1, 1998, and by September 1st in subsequent years. Grants will be awarded for two years.

(3) The superintendent of public instruction shall contract with an independent contractor who has experience in program evaluation and quantitative methods to evaluate the impact of the grant activities on students' reading skills and the effectiveness of the staff development provided to teachers to implement the instructional model selected by the grantee. Five percent of the funds awarded for grants shall be set aside for the purpose of the grant evaluation conducted by the independent contractor.

(4) The superintendent of public instruction shall submit biennially to the legislature and the governor a report on the primary grade reading grant program. The first report must be submitted not later than December 1, 1999, and each succeeding report must be submitted not later than December 1st of each odd-numbered year. Reports must include information on how the schools and school districts used the grant money, the instructional models used, how they were implemented, and the findings of the independent contractor.

(5) The superintendent of public instruction shall disseminate information to the school districts five years after the beginning of the grant program regarding the results of the effectiveness of the instructional models and implementation strategies.

(6) Funding under this section shall not become part of the state's basic program of education obligation as set forth under Article IX of the state Constitution.

Sec. 5. RCW 28A.230.190 and 1990 c 101 s 6 are each amended to read as follows:

(1) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the school district. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district. School districts shall test students for second grade reading accuracy and fluency skills starting in the 1998-99 school year as provided in section 3 of this act.

(2) The superintendent of public instruction shall prepare and conduct, with the assistance of school districts, a standardized achievement test to be given annually to all pupils in grade four. The test shall assess students' skill in reading, mathematics, and language arts and shall focus upon appropriate input variables. Results of such tests shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature, to all local school districts and subsequently to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation.

(3) The superintendent of public instruction shall report annually to the legislature on the achievement levels of students in grade four.

NEW SECTION. Sec. 6. RCW 28A.630.886 and 1995 c 303 s 2 are each repealed.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.300 RCW to read as follows:
The superintendent of public instruction may use up to one percent of the appropriated funds for administration of the primary grade reading grant program established in chapter . . . , Laws of 1997 (this act).

(2) The superintendent of public instruction shall adopt timelines and rules as necessary under chapter 34.05 RCW to administer the primary reading grant program in section 2 of this act.

(3) Funding under this section shall not become a part of the state's basic program of education obligation as set forth under Article IX of the state Constitution.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 9. If specific funding for section 4 of this act, referencing this act by bill or chapter number and section number, is not provided by June 30, 1997, in the omnibus appropriations act, sections 4 and 7 of this act are null and void."

On page 1, line 1 of the title, after "grades;" strike the remainder of the title and insert "amending RCW 28A.230.190; adding new sections to chapter 28A.300 RCW; creating new sections; repealing RCW 28A.630.886; and declaring an emergency."

and the same are herewith transmitted.

(2) The finder of fact may presume intent to deprive if the finder of fact finds either of the following:

(a) That the person who rented or leased the property failed to return or make arrangements acceptable to the owner of the property or the owner’s agent to return the property to the owner or the owner’s agent within seventy-two hours after receipt of proper notice following the due date of the rental, lease, or lease-purchase agreement; or

(4) The replacement value of the property obtained must be utilized in determining the amount involved in the theft of rental, leased, or lease-purchased property. Theft of rental, leased, or lease-purchased property is a: Class B felony if the rental, leased, or lease-purchased property is valued at one thousand five hundred dollars or more; class C felony if the rental, leased, or lease-purchased property is valued at two hundred fifty dollars or more but less than one thousand five hundred dollars; and gross misdemeanor if the rental, leased, or lease-purchased property is valued at less than two hundred fifty dollars.

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2080 with the following amendments:

"NEW SECTION. Sec. 1. A new section is added to chapter 84.34 RCW to read as follows:
(1) An additional type of current use valuation is established in this section for agricultural lands that is called agricultural lands with long-term commercial significance.

(2) Lands shall be classified as agricultural lands with long-term commercial significance if: (a) The lands are designated as agricultural lands under RCW 36.70A.170(1) by a county, city, or town planning under RCW 36.70A.040; (b) the lands are devoted primarily to agricultural uses specified under RCW 36.70A.030(2) and not used for residential purposes, industrial purposes, or other commercial purposes; (c) the county, city, or town has adopted its comprehensive plan and development regulations under RCW 36.70A.070 and 36.70A.040; and (d) the owner files an application for this status with the county assessor.

The assessed valuation of agricultural lands with long-term commercial significance shall be one-half of the value of such lands established under RCW 84.40.030 or the value established under RCW 84.34.065, whichever is lower.

(3) The classification of any lands as agricultural lands with long-term commercial significance shall be removed if either: (a) The county, city, or town removes the designation of these lands under RCW 36.70A.170(1); or (b) the use of such lands changes to a use not permitted for designation as agricultural lands with long-term commercial significance under subsection (2) of this section. After the removal of the classification of agricultural lands with long-term commercial significance, the lands shall be valued at their full market value unless the lands are reclassified under another current use classification under this chapter. Lands removed from classification as agricultural lands with long-term commercial significance shall not be subject to an additional tax, penalties, or interest under RCW 84.34.070 through 84.34.108.

Sec. 2. RCW 84.34.020 and 1992 c 69 s 4 are each amended to read as follows:

transfer of the property excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and
(c)(ii) of this subsection. Agricultural lands shall also include such incidental uses as are compatible
with agricultural purposes, including wetlands preservation, provided such incidental use does not
exceed twenty percent of the classified land and the land on which appurtenances necessary to the
production, preparation, or sale of the agricultural products exist in conjunction with the lands
producing such products. Agricultural lands shall also include any parcel of land of one to five acres,
which is not contiguous, but which otherwise constitutes an integral part of farming operations being
conducted on land qualifying under this section as "farm and agricultural lands"; or (d) the land on
which housing for employees and the principal place of residence of the farm operator or owner of land

be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application
for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets
the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section;
or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW,
that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high
potential for returning to commercial agriculture.

(9) "Agricultural lands of long-term commercial significance" means lands designated by a
county, city, or town under RCW 36.70A.170(1) that have been classified as agricultural lands with
long-term commercial significance under section 1 of this act.

Sec. 3. RCW 84.34.070 and 1992 c 69 s 10 are each amended to read as follows:

(1) When land has once been classified under this chapter as open space land, farm and
agricultural land, or timber land, it shall remain under such classification and shall not be applied to
other use except as provided by subsection (2) of this section for at least ten years from the date of
classification and shall continue under such classification until and unless withdrawn from classification
after notice of request for withdrawal shall be made by the owner. During any year after eight years of
the initial ten-year classification period have elapsed, notice of request for withdrawal of all or a
portion of the land may be given by the owner to the assessor or assessors of the county or counties in
which such land is situated. In the event that a portion of a parcel is removed from classification, the
remaining portion must meet the same requirements as did the entire parcel when such land was
originally granted classification pursuant to this chapter unless the remaining parcel has different
income criteria. Within seven days the assessor shall transmit one copy of such notice to the legislative
body which originally approved the application. The assessor or assessors, as the case may be, shall,
when two assessment years have elapsed following the date of receipt of such notice, withdraw such
land from such classification and the land shall be subject to the additional tax and applicable interest
due under RCW 84.34.108. Agreement to tax according to use shall not be considered to be a contract
and can be abrogated at any time by the legislature in which event no additional tax or penalty shall be
imposed.
(2) The following reclassifications are not considered withdrawals or removals and are not subject to additional tax under RCW 84.34.108:

   (a) Reclassification between lands under RCW 84.34.020 (2) and (3);
   (b) Reclassification of land classified under RCW 84.34.020 (2) or (3) or chapter 84.33 RCW to open space land under RCW 84.34.020(1);
   (c) Reclassification of land classified under RCW 84.34.020 (2) or (3) to forest land classified under chapter 84.33 RCW; and
   (d) Reclassification of land classified as open space land under RCW 84.34.020(1)(c) and reclassified to farm and agricultural land under RCW 84.34.020(2) if the land had been previously classified as farm and agricultural land under RCW 84.34.020(2).

(3) Applications for reclassification shall be subject to applicable provisions of RCW 84.34.037, 84.34.035, 84.34.041, and chapter 84.33 RCW.

(4) The income criteria for land classified under RCW 84.34.020 (2) (b) and (c) may be deferred for land being reclassified from land classified under RCW 84.34.020 (1)(c) or (3), or chapter 84.33 RCW into RCW 84.34.020(2) (b) or (c) for a period of up to five years from the date of reclassification.

Sec. 4. RCW 84.34.108 and 1992 c 69 s 12 are each amended to read as follows:

(1) When land has once been classified under this chapter as open space land, farm and agricultural land, or timber land, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

   (a) Receipt of notice from the owner to remove all or a portion of such classification;
   (b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;
   (c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not, by itself, result in removal of classification. (The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.120, as now or hereafter amended.) The signed notice of classification continuance shall be part of the real estate excise tax affidavit provided for in RCW 82.45.120 or attached as a separate document to the real estate excise tax affidavit. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
   (d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

   The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Within thirty days after such removal of all or a portion of such land from current use classification as open space land, farm and agricultural land, or timber land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (5) of
this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(4) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The additional tax, applicable interest, and penalty specified in subsection (3) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (3) of this section shall be imposed; or

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d)."

On page 1, line 2 of the title, after "products;" strike the remainder of the title and insert "amending RCW 84.34.020, 84.34.070, and 84.34.108; and adding a new section to chapter 84.34 RCW."

(1) No state officer or state employee may receive any thing of economic value under any contract or grant outside of his or her official duties. The prohibition in this subsection does not apply where the state officer or state employee has complied with RCW 42.52.030(2) or each of the following conditions are met:

(a) The contract or grant is bona fide and actually performed;

(b) The performance or administration of the contract or grant is not within the course of the officer’s or employee’s official duties, or is not under the officer’s or employee’s official supervision;

(d) The contract or grant is neither performed for nor compensated by any person from whom such officer or employee would be prohibited by RCW 42.52.150(4) from receiving a gift;

(e) The contract or grant is not one expressly created or authorized by the officer or employee in his or her official capacity (or by his or her agency);

(f) The contract or grant would not require unauthorized disclosure of confidential information.

(2) In addition to satisfying the requirements of subsection (1) of this section, a state officer or state employee may have a beneficial interest in a grant or contract or a series of substantially identical contracts or grants with a state agency only if:

(a) The contract or grant is awarded or issued as a result of an open and competitive bidding process in which more than one bid or grant application was received; or

(b) The contract or grant is awarded or issued as a result of an open and competitive bidding or selection process in which the officer’s or employee’s bid or proposal was the only bid or proposal received and the officer or employee has been advised by the appropriate ethics board, before
execution of the contract or grant, that the contract or grant would not be in conflict with the proper
discharge of the officer's or employee's official duties; or

(c) The process for awarding the contract or issuing the grant is not open and competitive, but
the officer or employee has been advised by the appropriate ethics board that the contract or grant

contract with a governmental entity.

(5) As used in this section, "officer" and "employee" do not include officers and employees

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) A use element which considers the proposed general distribution and general location and extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources, recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single family residences and appurtenant structures against damage or loss due to shoreline erosion. The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The standards shall provide for methods which achieve effective and timely protection against loss or damage to single family residences and appurtenant structures due to shoreline erosion. The standards shall provide a preference for permit issuance for measures to protect single family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment.

Allocations to school districts of state funds provided by RCW 28A.525.160 through 28A.525.182 shall be made by the state board of education and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the state board of education.

(2) The state matching percentage for a school district shall be computed by the following formula:

\[
\text{Matching \%} = \frac{3 - \frac{\text{District adjusted valuation per pupil}}{\text{Total state adjusted valuation per pupil}}}{3 + \frac{\text{District adjusted valuation per pupil}}{\text{Total state adjusted valuation per pupil}}}\]

PROVIDED, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW 28A.525.160 through 28A.525.182, the state board of education may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the state board finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the state board of education: PROVIDED, FURTHER, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from industrial projects of state-wide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d) and (e) hereinafore, creating a like emergency.

   d. Mechanisms through which the state’s higher education system can meet the needs of employers hiring for industrial projects of state-wide significance.

Mr. Speaker:

The President has signed:
SENATE BILL NO. 5402,
SENATE BILL NO. 5559,
SENATE AMENDMENTS TO HOUSE BILL

April 14, 1997

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1327 with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.08.050 and 1993 sp.s. c 25 s 704 are each amended to read as follows:

(1)(a) The tax hereby imposed shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale in accordance with the schedule of collections adopted by the department pursuant to the provisions of RCW 82.08.060. The tax required by this chapter, to be collected by the seller, minus the amount retained by the seller for administration under subsection (2) of this section, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

(b) In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay ((#)) the amount owed to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax owed, unless the
seller has taken from the buyer in good faith a properly executed resale certificate under RCW 82.04.470.

(c) The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

(d) Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax owed to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax.

(2) Each seller shall retain, as reimbursement for the costs associated with collection and administration under this section, the following amounts each reporting period:

(a) 1.0 percent of the tax collected under this section on the first forty thousand dollars of taxable sales per month in the reporting period; and
(b) 0.5 percent of the tax collected under this section on sales greater than forty thousand dollars but less than or equal to one hundred twenty thousand dollars per month in the reporting period.

No reimbursement is allowed under this section for taxable sales in excess of one hundred twenty thousand dollars per month in the reporting period.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to amounts retained by a seller for administration under RCW 82.08.050(2).

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997."

On page 1, line 2 of the title, after "costs;" strike the remainder of the title and insert "amending RCW 82.08.050; adding a new section to chapter 82.04 RCW; providing an effective date; and declaring an emergency."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 79.71 RCW to read as follows:
The property currently designated as the Elk river natural area preserve is transferred from management under chapter 79.70 RCW as a natural area preserve to management under chapter 79.71 RCW as a natural resources conservation area. The legislature finds that hunting is a suitable low-impact public use within the Elk river natural resources conservation area. The department of natural resources shall incorporate this legislative direction into the management plan developed for the Elk river natural resources conservation area. The department shall work with the department of fish and wildlife to identify hunting opportunities compatible with the area's conservation purposes."

The Speaker stated the question before the House to be final passage of Engrossed Substitute House Bill No. 1056 as amended by the Senate.

Representatives Buck and Regala spoke in favor of passage of the bill.

COLLOQUY

Representative Buck: Would the gentleman from District 18 yield to a question? The Senate removed a provision in the underlying House bill that stated that upland uses of motorized vehicles do
not constitute a low-impact public use within the conservation area. Does this mean that the department is required to permit use of motorized vehicles?

Representative Hatfield: No. RCW 79.71.070 directs the Department of Natural Resources to develop a management plan for each conservation area. The plan must identify the significant resources to be conserved and the areas with potential for low-impact public and environmental educational uses. The plan must also specify the public uses that are permitted in the area, consistent with conservation purposes. Since the bill does not amend this section of current law, the department will go through the same process for this conservation area as it does for any conservation area in determining whether motorized uses are low-impact public uses consistent with the area’s conservation purposes.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1997

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1841 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the children of this state have the right to an effective public education and that both students and educators have the need to be safe and secure in the classroom if learning is to occur. The legislature also finds, however, that children in many of our public schools are forced to focus on the threat and message of violence contained in many aspects of our society and reflected through and in gang violence activities on school campuses.

The legislature recognizes that the prevalence of weapons, including firearms and dangerous knives, is an increasing problem that is spreading rapidly even to elementary schools throughout the state. Gang-related apparel and regalia compound the problem by easily concealing weapons that threaten and intimidate students and school personnel. These threats have resulted in tragic and unnecessary bloodshed over the past two years and must be eradicated from the system if student and staff security is to be restored on school campuses. Many educators believe that school dress significantly influences student behavior in both positive and negative ways. Special school dress up and color days signify school spirit and provide students with a sense of unity. Schools that have adopted school uniforms report a feeling of togetherness, greater school pride, and better student behavior in and out of the classroom. This sense of unity provides students with the positive attitudes needed to avert the pressures of gang involvement."
The legislature also recognizes there are other more significant factors that impact school safety such as the pervasive use of drugs and alcohol in school. In addition to physical safety zones, schools should also be drug-free zones that expressly prohibit the sale, use, or possession of illegal drugs on school property. Students involved in drug-related activity are unable to benefit fully from educational opportunities and are disruptive to the learning environment of their fellow students. Schools must be empowered to make decisions that positively impact student learning by eradicating drug use and possession on their campuses. This flexibility should also be afforded to schools as they deal with other harmful substance abuse activities engaged in by their students.

Toward this end, the legislature recognizes the important role of the classroom teacher who must be empowered to restore discipline and safety in the classroom. Teachers must have the ability to control the conduct of students to ensure that their mission of educating students may be achieved. Disruptive behavior must not be allowed to continue to divert attention, time, and resources from educational activities.

The legislature therefore intends to define gang-related activities as criminal behavior disruptive not only to the learning environment but to society as a whole, and to provide educators with the authority to restore order and safety to the student learning environment, eliminate the influence of gang activities, and eradicate drug and substance abuse on school campuses, thus empowering educators to regain control of our classrooms and provide our students with the best educational opportunities available in our schools.

The legislature also finds that students and school employees have been subjected to violence such as rapes, assaults, or harassment that has not been gang or drug-related criminal activity. The legislature intends that all violence and harassment directed at students and school personnel be eradicated in public schools.

NEW SECTION, Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:
(1) A student who is enrolled in a public school or an alternative school may be suspended or expelled if the student is a member of a gang and knowingly engages in gang activity on school grounds.
(2) "Gang" means a group which: (a) Consists of three or more persons; (b) has identifiable leadership; and (c) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

NEW SECTION, Sec. 3. A new section is added to chapter 9A.46 RCW to read as follows:
A person commits the offense of criminal gang intimidation if the person threatens another person with bodily injury because the other person refuses to join or has attempted to withdraw from a gang, as defined in section 2 of this act, if the person who threatens the victim or the victim attends or is registered in a public or alternative school. Criminal gang intimidation is a class C felony.

Sec. 4. RCW 28A.225.330 and 1995 c 324 s 2 and 1995 c 311 s 25 are each reenacted and amended to read as follows:

(b) Any past, current, or pending disciplinary action;
(c) Any history of violent behavior, or behavior listed in section 7 of this act;
(d) Any unpaid fines or fees imposed by other schools; and
(e) Any health conditions affecting the student's educational needs.
(2) The school enrolling the student shall request the school the student previously attended to send the student's permanent record including records of disciplinary action, attendance, immunization records, and academic performance. If the student has not paid a fine or fee under RCW 28A.635.060, or tuition, fees, or fines at approved private schools the school may withhold the student's official transcript, but shall transmit information about the student's academic performance, special placement, immunization records, and records of disciplinary action. If the official transcript is not sent due to unpaid tuition, fees, or fines, the enrolling school shall notify both the student and parent or guardian that the official transcript will not be sent until the obligation is met, and failure to have an official transcript may result in exclusion from extracurricular activities or failure to graduate.
(3) If information is requested under subsection (2) of this section, the information shall be transmitted within two school days after receiving the request and the records shall be sent as soon as possible. Any school district or district employee who releases the information in compliance with this section is immune from civil liability for damages unless it is shown that the school district employee acted with gross negligence or in bad faith. The state board of education shall provide by rule for the discipline under chapter 28A.410 RCW of a school principal or other chief administrator of a public school building who fails to make a good faith effort to assure compliance with this subsection.

(4) Any school district or district employee who releases the information in compliance with federal and state law is immune from civil liability for damages unless it is shown that the school district or district employee acted with gross negligence or in bad faith.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.195 RCW to read as follows:

4. Nothing in this section impairs or reduces in any manner whatsoever the authority of a board under other law to impose a dress and appearance code. However, if a board requires uniforms under such other authority, it shall accommodate students so that the uniform requirement is not an unfair barrier to school attendance and participation.

5. School district boards of directors may adopt dress and grooming code policies which prohibit students from wearing gang-related apparel. If a dress and grooming code policy contains this provision, the school board must also establish policies to notify students and parents of what clothing and apparel is considered to be gang-related apparel. This notice must precede any disciplinary action resulting from a student wearing gang-related apparel.

6. School district boards of directors may not adopt a dress and grooming code policy which precludes students who participate in nationally recognized youth organizations from wearing organization uniforms on days that the organization has a scheduled activity or prohibit students from wearing clothing in observance of their religion.

**Sec. 15.** RCW 9.94A.320 and 1996 c 302 s 6, 1996 c 205 s 3, and 1996 c 36 s 2 are each reenacted and amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2083 with the following amendments:

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:
Counties that are required or choose to plan under RCW 36.70A.040 may include existing resorts as master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. An existing resort means a resort in existence on July 1, 1990, and developed, in whole or in part, as a significantly self-contained and integrated development that includes short-term visitor accommodations associated with a range of indoor and outdoor recreational facilities within the property boundaries in a setting of significant natural amenities. An existing resort may include other permanent residential uses, conference facilities, and commercial activities supporting the resort, but only if these other uses are integrated into and consistent with the on-site recreational nature of the resort.

An existing resort may be authorized by a county only if:
(1) The comprehensive plan specifically identifies policies to guide the development of the existing resort;
(2) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the existing resort, except in areas otherwise designated for urban growth under RCW 36.70A.110 and 36.70A.360(1);
(3) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the existing resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;
(4) The county finds that the resort plan is consistent with the development regulations established for critical areas; and
(5) On-site and off-site infrastructure impacts are fully considered and mitigated.
A county may allocate a portion of its twenty-year population projection, prepared by the office of financial management, to the master planned resort corresponding to the projected number of permanent residents within the master planned resort."

On page 1, line 1 of the title, after "resorts;" strike the remainder of the title and insert "and adding a new section to chapter 36.70A RCW."

NEW SECTION. Sec. 329. FOR THE INTERAGENCY COMMITTEE FOR OUTDOOR RECREATION

Washington Wildlife and Recreation Program (98-2-003)

The appropriations in this section for the Washington wildlife and recreation program under chapter 43.98A RCW are subject to the following conditions and limitations:

1. $22,500,000 of the state building construction account appropriation shall be deposited in the habitat conservation account and is hereby appropriated from the habitat conservation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW.

2. $20,000,000 of the state building account appropriation and $2,500,000 from the aquatic lands enhancement account appropriation shall be deposited in the outdoor recreation account, and $22,500,000 is hereby appropriated from the outdoor recreation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW. Funds from the aquatic lands enhancement account appropriation shall be distributed to eligible water access projects under RCW 43.98A.050.

3. The new appropriations in this section are provided for the approved list of projects included in LEAP CAPITAL DOCUMENT NO. 98-6 as developed on April 15, 1997, at 10:00 a.m., the pilot watershed plan implementation program under subsection (6) of this section, and for other projects approved by the legislature under RCW 43.98A.080 referencing this section.

4. No moneys from the appropriations in this section may be spent on the Rocky Reach trailway project until an agreement with affected property owners has been reached.
The legislature finds that, since the inception of the Washington wildlife and recreation program, over eighty-five percent of the moneys provided for the state parks category has been used for acquisition of property, and that demands for recreational facilities in state parks require that increased funding be devoted to development projects. The committee and the state parks and recreation commission shall ensure that at least forty percent of new funding provided for the state parks category during the 1997-99 biennium be allocated to development projects.

$4,000,000 of the habitat conservation account appropriation from the unallocated portion of the fund distribution under RCW 43.98A.040(1)(d) is provided solely for matching grants for riparian zone habitat protection projects that implement watershed plans pursuant to this subsection. The interagency committee for outdoor recreation shall develop a pilot watershed plan implementation program within the Washington wildlife and recreation program. The program shall provide matching grants to eligible agencies for implementation of riparian zone habitat protection projects within watershed restoration plans under RCW 89.08.460(1), watershed action plans developed pursuant to rules adopted by the Puget Sound water quality action team, or plans developed pursuant to chapter . . . . , Laws of 1997 (Second Substitute House Bill No. 2054). Projects shall have a useful life of at least thirty years. Eligible agencies include conservation districts, counties, cities, and private nonprofit land trust or nature conservancy organizations. Projects eligible for funding under this section include acquisition of land using less-than-fee-simple instruments such as conservation easements and purchase of development rights; and habitat restoration and enhancement projects on such lands including fencing and revegetation of native trees and shrubs that enhance the long-term habitat values of protected lands. The committee shall develop an application process and project eligibility and evaluation criteria in consultation with the state conservation commission. The committee shall report to the appropriate committees of the legislature on the implementation of the pilot matching grant program. A preliminary status report shall be submitted by January 1, 1998, and a final report by January 1, 1999.

Up to $400,000 of the reappropriations in this section is provided to develop an inventory of all lands in the state owned by federal agencies, state agencies, local governments, and Indian tribes. The committee shall develop the inventory in a computer database format that will facilitate the sharing and reporting of inventory data and provide options for future updates. The inventory shall include, at a minimum, the following information: Owner, location, acreage, and principal use. The inventory shall also include resource-based information for state and federally-owned recreation and habitat lands. The committee shall submit a status report on the inventory to the appropriate committees of the legislature by January 1, 1999, and a final report by January 1, 2000.

All land acquired by a state agency with moneys from these appropriations shall comply with class A, B, and C weed control provisions of chapter 17.10 RCW.

Special land purchases and common school construction (98-2-015)
The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided to the department of natural resources solely for the purposes of transferring from trust status certain trust lands of state-wide significance to state park, wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes, acquiring replacement timber trust lands, and providing funding for common school construction.

(2) The appropriation in this section is provided solely for the transfer of the following list of trust properties to the identified agency:
   (a) Iron Horse/Bandera, King county, to the state parks and recreation commission;
   (b) Kitsap Forest, Kitsap county, to the department of natural resources for natural area preserve purposes;
   (c) Upper Sultan Basin, Snohomish county, to the department of natural resources for natural resource conservation area purposes;

   The department shall transfer the first trust property and then allocate the remaining funds to the remaining properties in roughly equal shares.

(3) Land and timber transferred under this section shall be appraised and transferred at full market value. The department of natural resources shall attempt to maintain a minimum aggregate ratio of 85:15 timber-to-land value in these transactions. The value of the timber transferred shall be deposited by the department of natural resources in the same manner as timber revenues from other common school trust lands, except that no deduction shall be made for the resource management cost account. The value of the land transferred, not to exceed $3,000,000, shall be deposited in the natural resources real property replacement account to be used for the acquisition of replacement timber lands solely to benefit the common school trust.

(6) The department of natural resources and receiving agencies shall work in good faith to carry out the intent of this section. However, the board of natural resources or a receiving agency may reject a transfer of property if it is determined that the transfer is not in the interest of either the common school trust or the receiving agency.
On June 30, 1999, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

NEW SECTION. Sec. 703. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 1997-99 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 shall be spent solely for direct acquisition of works of art.

NEW SECTION. Sec. 704. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. Sec. 705. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 1997, from the 1995-97 biennial appropriations for each project.

NEW SECTION. Sec. 706. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 707. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives capital budget committee.

NEW SECTION. Sec. 708. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 709. Notwithstanding any other provisions of law, for the 1997-99 biennium, transfers of reimbursement by the state treasurer to the general fund from the community college capital projects account for debt service payments made under Title 28B RCW shall occur only after such debt service payment has been made and only to the extent that funds are actually available to the account. Any unpaid reimbursements shall be a continued obligation against the community college capital projects account until paid. The state board for community and technical colleges need not accumulate any specific balance in the community college capital projects account in anticipation of transfers to reimburse the general fund.
NEW SECTION. Sec. 710. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 711. The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes which govern the grants.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (1) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under $250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 712. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act referencing this section or in excess of $5,000,000 shall not be expended until the office of financial management has reviewed and approved the agency’s predesign and other documents and approved an allotment for the project. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house and senate. Reports will be submitted on July 1 and December 31 each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 713. Allotments for appropriations shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations referring to this section until the allotment of the funds to be expended has been approved by the office of financial management. Projects that will be employing alternative public works construction procedures, under chapter 39.10 RCW, are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.
NEW SECTION. Sec. 714. Appropriations for design and construction of facilities on higher education branch campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 715. State agencies receiving appropriations from this act and from Senate Bill No. 5562 or Senate Bill No. 6091 (transportation budget) for land acquisition and environmental mitigation activities shall, to the extent feasible, coordinate those acquisitions and mitigation activities. When cost-effective and ecologically beneficial, the acquisition and development of environmental mitigation sites and activities, including but not limited to wetland banks and advance mitigation, should be provided in a manner that benefits both the department of transportation sites and activities and other agency sites and activities. The coordination of environmental mitigation shall also take into consideration the acquisitions and activities of local watershed groups. The coordination of environmental mitigation sites and activities is intended to improve ecological benefits gained from state expenditures, provide greater emphasis on shared natural resource management, and increase mitigation credit opportunities for the department of transportation. The credits earned from these activities are not intended to reduce department of transportation mitigation obligations, but to reduce the cost of meeting those obligations. The activities of this section shall be carried out in a manner consistent with recommendations developed by a work group consisting of state agencies with substantial environmental mitigation related responsibilities. The office of financial management shall report to the fiscal committees of the senate and house of representatives and to the legislative transportation committee by December 1, 1998, on the results of the coordination of these environmental mitigation activities and make recommendations to further improve the coordination among state agencies to achieve better cost-efficiencies and ecological benefits.

NEW SECTION. Sec. 716. No moneys in this act shall be used to develop facilities for juvenile offenders at Rainier school.

NEW SECTION. Sec. 717. When authority has been delegated to a local health district or county to administer and enforce the well tagging, sealing, and decommissioning portions of the water well construction program, the department of ecology shall provide to the local health district or county 75 percent of the fee revenue generated from well construction fees for wells constructed in the delegated county.

"PART I
GRANTS OF RULE-MAKING AUTHORITY

Sec. 101. RCW 76.09.010 and 1993 c 443 s 1 are each amended to read as follows:
(1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state’s economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.
(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive state-wide system of laws and forest practices regulations which will achieve the following purposes and policies:
   (a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;
   (b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;
   (c) Recognize both the public and private interest in the profitable growing and harvesting of timber;
   (d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;
   (e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such regulation;
   (f) Provide for interagency input and intergovernmental and tribal coordination and cooperation;
   (g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices;
   (h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations; and
   (i) Foster cooperation among managers of public resources, forest landowners, Indian tribes and the citizens of the state.

   The authority of the board to adopt forest practices rules is prescribed by this subsection (2) and RCW 76.09.040. After the effective date of this act, the board may not adopt forest practices rules based solely on any other section of law stating a statute’s intent or purpose, on the enabling provisions of the statute establishing the agency, or on any combination of those provisions.
(3) The legislature further finds and declares that it is also in the public interest of the state to encourage forest landowners to undertake corrective and remedial action to reduce the impact of mass earth movements and fluvial processes.
(4) The legislature further finds and declares that it is in the public interest that the applicants for state forest practice permits should assist in paying for the cost of review and permitting necessary for the environmental protection of these resources.

Sec. 102. RCW 76.09.040 and 1994 c 264 s 48 are each amended to read as follows:
(1) Where necessary to accomplish the purposes and policies specifically stated in RCW 76.09.010(2), and to implement the provisions of this chapter, the board shall ((promulgate)) adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:
   (a) Establish minimum standards for forest practices;
   (b) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a) of this subsection if the plan is consistent with the purposes and policies specifically stated in RCW 76.09.010(2) and the plan meets or exceeds the objectives of the minimum standards;
(c) Set forth necessary administrative provisions; and
(d) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter.

Forest practices ((regulations)) rules pertaining to water quality protection shall be ((promulgated)) adopted individually by the board and by the department of ecology after they have reached agreement with respect thereto. All other forest practices ((regulations)) rules shall be ((promulgated)) adopted by the board.

Forest practices ((regulations)) rules shall be administered and enforced by the department except as otherwise provided in this chapter. Such ((regulations)) rules shall be ((promulgated)) adopted and administered so as to give consideration to all purposes and policies specifically set forth in RCW 76.09.010(2).

(2) The board shall prepare proposed forest practices ((regulations)) rules. In addition to any forest practices ((regulations)) rules relating to water quality protection proposed by the board, the department of ecology shall prepare proposed forest practices ((regulations)) rules relating to water quality protection.

Prior to initiating the rule making process, the proposed ((regulations)) rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices ((regulations)) rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed ((regulations)) rules relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed ((regulations)) rules pursuant to chapter 34.05 RCW. At such hearing(s) any county may propose specific forest practices ((regulations)) rules relating to problems existing within such county. The board and the department of ecology may adopt such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

However, the commissioner may not adopt rules after the effective date of this act that are based solely on this section, a statute's statement of intent or purpose, or on the enabling provisions of the statute establishing the agency, or any combination of those provisions, for statutory authority to adopt any rule, except rules defining or clarifying terms in, or procedures necessary to the implementation of a statute. Nothing in this chapter shall be construed to prohibit the commissioner from requiring changes in procedures previously approved by the commissioner.

The commissioner shall deliver such order to such person direct or mail it to the person by registered mail with return receipt requested. If the person violates the order after expiration of ten days after the cease and desist order has been received by him or her, he or she may be fined by the commissioner a sum not to exceed two hundred and fifty dollars for each violation committed thereafter.

(1) (If the adoption of rules is not feasible and practicable.) An agency may file notice for the expedited adoption of rules in accordance with the procedures set forth in this section for rules meeting any one of the following criteria:

(a) The proposed rules relate only to internal governmental operations that are not subject to violation by a person;

(b) The proposed rules adopt or incorporate by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(c) The proposed rules only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(d) The content of the proposed rules is explicitly and specifically dictated by statute;

(e) The proposed rules have been the subject of negotiated rule making, pilot rule making, or some other process that involved substantial participation by interested parties before the development of the proposed rule; or

(f) The proposed rule is being amended after a review under RCW 34.05.328 or section 210 of this act.

(2) The expedited rule-making process must follow the requirements for rule making set forth in RCW 34.05.320, except that the agency is not required to prepare a small business economic impact statement under RCW 19.85.025, a statement indicating whether the rule constitutes a significant legislative rule under RCW 34.05.328(5)(c)(iii), or a significant legislative rule analysis under RCW 34.05.328. An agency is not required to prepare statements of inquiry under RCW 34.05.310 or conduct a hearing for the expedited adoption of rules. The notice for the expedited adoption of rules must contain a statement in at least ten-point type, that is substantially in the following form:

NOTICE

THIS RULE IS BEING PROPOSED TO BE ADOPTED USING AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS RULE BEING ADOPTED USING THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO (INSERT NAME AND ADDRESS) AND RECEIVED BY (INSERT DATE).

(3) The agency shall send a copy of the notice of the proposed expedited rule making to any person who has requested notification of proposals for the expedited adoption of rules or of agency rule making, as well as the joint administrative rules review committee, within three days after its publication in the Washington State Register. An agency may charge for the actual cost of providing a requesting party mailed copies of these notices. The notice of the proposed expedited rule making must be preceded by a statement substantially in the form provided in subsection (2) of this section. The notice must also include an explanation of the reasons the agency believes the expedited adoption of the rule is appropriate.

(4) The code reviser shall publish the text of all rules proposed for expedited adoption along with the notice required in this section in a separate section of the Washington State Register. Once the text of the proposed rules has been published in the Washington State Register, the only changes that an agency may make in the text of these proposed rules before their final adoption are to correct typographical errors.

(5) Any person may file a written objection to the expedited adoption of a rule. The objection must be filed with the agency rules coordinator within forty-five days after the notice of the proposed expedited rule making has been published in the Washington State Register. A person who has filed a written objection to the expedited adoption of a rule may withdraw the objection.

(6) If no written objections to the expedited adoption of a rule are filed with the agency within forty-five days after the notice of proposed expedited rule making is published, or if all objections that have been filed are withdrawn by the persons filing the objections, the agency may enter an order adopting the rule without further notice or a public hearing. The order must be published in the manner required by this chapter for any other agency order adopting, amending, or repealing a rule.
(7) If a written notice of objection to the expedited adoption of the rule is timely filed with the agency and is not withdrawn, the notice of proposed expedited rule making published under this section is considered a statement of inquiry for the purposes of RCW 34.05.310, and the agency may initiate further rule adoption proceedings in accordance with this chapter.

(8) Subsections (1) through (8) of this section expire on December 31, 2000.

(9) An agency is encouraged to advise the public of its current opinions, approaches, and likely courses of action by means of ((interpretive or policy statements. Current interpretive and policy statements)) issuances. Unless adopted under Part III of this chapter or exempted under the definition of de facto rule as defined in RCW 34.05.010, these issuances are advisory only. ((To better inform and involve the public, an agency is encouraged to convert long-standing interpretive and policy statements into rules.

(2)) (10) A person may petition an agency ((requesting the conversion of interpretive and policy statements into rules)) to adopt an issuance as a rule. Upon submission, the agency shall notify the joint administrative rules review committee of the petition. A person may petition an agency requesting the repeal or withdrawal of an interpretive or policy statement. Within sixty days after submission of ((a)) either type of petition, the agency shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with this chapter.

(2)) (11) Each agency shall maintain a roster of interested persons, consisting of persons who have requested in writing to be notified of all interpretive and policy statements issued by that agency. Each agency shall update the roster once each year and eliminate persons who do not indicate a desire to continue on the roster. Whenever an agency issues an interpretive or policy statement, it shall send a copy of the statement to each person listed on the roster. The agency may charge a nominal fee to the interested person for this service.

(2)) (12) Whenever an agency issues an interpretive or policy statement, it shall submit to the code reviser for publication in the Washington State Register a statement describing the subject matter of the interpretive or policy statement, and listing the person at the agency from whom a copy of the interpretive or policy statement may be obtained.

NEW SECTION. Sec. 203. A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:

In lieu of regular mail, an agency may send the contents of any notice pertaining to rule making required under this chapter by electronic mail or facsimile mail if requested in writing by the person entitled to receive the notice.

Sec. 204. RCW 34.05.325 and 1995 c 403 s 304 are each amended to read as follows:
(1) The agency shall make a good faith effort to insure that the information on the proposed rule published pursuant to RCW 34.05.320 accurately reflects the rule to be presented and considered at the oral hearing on the rule. Written comment about a proposed rule, including supporting data, shall be accepted by an agency if received no later than the time and date specified in the notice, or such later time and date established at the rule-making hearing.

(2) The agency shall provide an opportunity for oral comment to be received by the agency in a rule-making hearing.

(3) If the agency possesses equipment capable of receiving electronic mail, telefacsimile transmissions, or recorded telephonic communications, the agency ((may)) shall provide in its notice of hearing filed under RCW 34.05.320 that interested parties may comment on proposed rules by these means. If the agency ((chooses)) is able to receive comments by these means, the notice of hearing shall provide instructions for making such comments, including, but not limited to, appropriate telephone numbers to be used; the date and time by which comments must be received; required methods to verify the receipt and authenticity of the comments; and any limitations on the number of pages for telefacsimile transmission or electronic mail comments and on the minutes of tape recorded comments. The agency shall accept comments received by these means for inclusion in the ((official record)) rule-making file established under RCW 34.05.370 if the comments are made in accordance with the agency’s instructions.

(4) The agency head, a member of the agency head, or a presiding officer designated by the agency head shall preside at the rule-making hearing. Rule-making hearings shall be open to the public. The agency shall cause a record to be made of the hearing by stenographic, mechanical, or electronic means. Unless the agency head presides or is present at substantially all the hearings, the presiding
official shall prepare a memorandum for consideration by the agency head, summarizing the contents of the presentations made at the rule-making hearing. The summarizing memorandum is a public document and shall be made available to any person in accordance with chapter 42.17 RCW.

(5) Rule-making hearings are legislative in character and shall be reasonably conducted by the presiding official to afford interested persons the opportunity to present comment. Rule-making hearings may be continued to a later time and place established on the record without publication of further notice under RCW 34.05.320.

(6)(a) Before it files an adopted rule with the code reviser, an agency shall prepare a concise explanatory statement of the rule:

(i) Identifying the agency's reasons for adopting the rule;
(ii) Describing differences between the text of the proposed rule as published in the register and the text of the rule as adopted, other than editing changes, stating the reasons for differences; and
(iii) Summarizing all comments received regarding the proposed rule, and responding to the comments by category or subject matter, indicating how the final rule reflects agency consideration of the comments, or why it fails to do so.

(b) The agency shall provide the concise explanatory statement to any person upon request or from whom the agency received comment.

Sec. 205. RCW 34.05.328 and 1995 c 403 s 201 are each amended to read as follows:
(1) Before adopting a rule described in subsection (5) of this section, an agency shall:
(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;
(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;
(c) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;
(d) Determine, after considering alternative versions of the rule and the analysis required under (b) and (c) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;
(e) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;
(f) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;
(g) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:
(i) A state statute that explicitly allows the agency to differ from federal standards; or
(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and
(h) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.
(2) In making its determinations pursuant to subsection (1)(b) through (g) of this section, the agency shall place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.
(3) Before adopting rules described in subsection (5) of this section, an agency shall place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan shall describe how the agency intends to:
(a) Implement and enforce the rule, including a description of the resources the agency intends to use;
(b) Inform and educate affected persons about the rule;
(c) Promote and assist voluntary compliance; and
(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.
(4) After adopting a rule described in subsection (5) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency shall do all of the following:
   (a) Provide to the [(business assistance center)] department of community, trade, and economic development a list citing by reference the other federal and state laws that regulate the same activity or subject matter;
   (b) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:
      (i) Deferring to the other entity;
      (ii) Designating a lead agency; or
      (iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.
   If the agency is unable to comply with this subsection (4)(b), the agency shall report to the legislature pursuant to (c) of this subsection;
   (c) Report to the joint administrative rules review committee:
      (i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and
      (ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.

(5)(a) Except as provided in (b) of this subsection, this section applies to:
   (i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 75.20 RCW; and
   (ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within [forty-five] ninety days of receiving the notice of proposed rule making under RCW 34.05.320.
   (b) This section does not apply to:
      (i) Emergency rules adopted under RCW 34.05.350;
      (ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernment party;
      (iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of state-wide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;
      (iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;
      (v) Rules the content of which is explicitly and specifically dictated by statute; (or)
      (vi) Rules that set or adjust fees or rates pursuant to legislative standards; or
      (vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents.
   (c) For purposes of this subsection:
      (i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.
      (ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.
      (iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.
(d) In the notice of proposed rule making under RCW 34.05.320, an agency shall state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report shall document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;

(b) The costs incurred by state agencies in complying with this section;

(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;

(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;

(e) The extent to which this section has improved the acceptability of state rules to those regulated; and

(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section.

NEW SECTION, Sec. 206. A new section is added to chapter 34.05 RCW under the subchapter heading "Part III" to read as follows:

Each state agency shall prepare a semiannual agenda for rules under development. The agency shall file the agenda with the code reviser for publication in the state register not later than January 31st and July 31st of each year. Not later than three days after its publication in the state register, the agency shall send a copy of the agenda to each person who has requested receipt of a copy of the agenda. The agency shall also submit the agenda to the director of financial management, the rules review committee, and any other state agency that may reasonably be expected to have an interest in the subject of rules that will be developed.

Sec. 207. RCW 34.05.350 and 1994 c 249 s 3 are each amended to read as follows:

(1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; or

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule, the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. (The agency’s finding and a concise statement of the reasons for its finding shall be incorporated in) The order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee must contain the governor’s signature approving the adoption of the emergency rule or amendment if immediate adoption is found necessary for the preservation of the general welfare. In that case, the governor shall also include a statement explaining why the rule is necessary for that reason. For all other emergency rules, the order of adoption must contain the agency’s finding and a concise statement of the reasons for its finding.

(2) An emergency rule adopted under this section takes effect upon filing with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of
this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.

(4) In adopting an emergency rule, the agency shall comply with section 4 of this act or provide a written explanation for its failure to do so.)

Sec. 208. RCW 34.05.354 and 1995 c 403 s 701 are each amended to read as follows:

(1) Not later than (June 30th) April 1st or October 1st of each year, each agency shall submit to the code reviser, according to procedures and time lines established by the code reviser, rules that it determines should be repealed by the expedited repeal procedures provided for in this section. An agency shall file a copy of a preproposal notice of inquiry, as provided in RCW 34.05.310(1), that identifies the rule as one that is proposed for expedited repeal.

(2) An agency may propose the expedited repeal of rules meeting one or more of the following criteria:

(a) The statute on which the rule is based has been repealed and has not been replaced by another statute providing statutory authority for the rule;

(b) The statute on which the rule is based has been declared unconstitutional by a court with jurisdiction, there is a final judgment, and no statute has been enacted to replace the unconstitutional statute;

(c) The rule is no longer necessary because of changed circumstances; or

(d) Other rules of the agency or of another agency govern the same activity as the rule, making the rule redundant.

(3) The agency shall also send a copy of the preproposal notice of inquiry to any person who has requested notification of copies of proposals for the expedited repeal of rules or of agency rule making. The preproposal notice of inquiry shall include a statement that any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after the preproposal notice of inquiry is published. The notice of inquiry shall also include an explanation of the reasons the agency believes the expedited repeal of the rule is appropriate.

(4) The code reviser shall publish all rules proposed for expedited repeal in a separate section of a regular edition of the Washington state register or in a special edition of the Washington state register. The publication shall be not later than (July) May 31st or November 30th of each year, or in the first register published after that date.

(5) Any person may file a written objection to the expedited repeal of a rule. The notice shall be filed with the agency rules coordinator within thirty days after the notice of inquiry has been published in the Washington state register. The written objection need not state any reason for objecting to the expedited repeal of the rule.
