ESSB 6600 Prime Sponsor, Senate Committee on Education: Establishing an education program for juveniles incarcerated in adult correctional facilities. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 28A.150 RCW to read as follows:

(1) The legislature finds that the state is not required to provide basic or special education through the common schools to juveniles in adult correctional facilities of the department of corrections or local governments. The legislature intends to provide some education services to these inmates as part of their correctional services, doing so under difficult circumstances in an adult penal system because these inmates chose to commit crimes that cause society to treat them as adults.

(2) School districts shall not be required to provide any education services to inmates of local adult correctional facilities or department of corrections facilities even when the inmates are under age twenty-one.

NEW SECTION. Sec. 2. A new section is added to chapter 72.09 RCW to read as follows:

(1) To the extent the department is required or chooses to provide education services to juvenile inmates of its adult correctional facilities under RCW 72.09.460(2) and to the extent funds are appropriated, the department may contract with school districts, educational service districts, community and technical colleges, or private vendors to provide those educational programs. If a contract is not entered into with a willing and capable education provider, the department shall operate and staff its own educational programs.

(2) The department may consult with the superintendent of public instruction, the state board for community and technical colleges, and others, in finding willing and capable education providers and in designing programs to provide access to education services at its facilities.

(3) School districts shall not be required to provide any education services to inmates of department of corrections adult correctional facilities even when the inmates are under age twenty-one.

NEW SECTION. Sec. 3. A new section is added to chapter 70.48 RCW to read as follows:

(1) To the extent a local adult correctional facility chooses or is required to provide education services to juvenile inmates of its facilities, the local facility may, if the local school district chooses not to provide education services upon request of the facility, request that the local educational service district provide educational services. The educational service district may deny the request or may choose to provide education services and may request funds under section 4 of this act. The local adult correctional facility also may choose to provide the education services itself.

(2) The education services provided under this section necessarily may be limited services because the juvenile is housed at the facility generally for less than a year, there may be few juveniles at that facility, and the facility may be remote. The legislature intends to provide these limited
education services to help enable the juvenile to make some educational progress while confined for a year or less, and help to resume his or her education in more traditional methods upon release from the facility.

(3) The services may include some special education services to inmates as may be required by federal law.

(4) School districts shall not be required to provide any education services to inmates of local adult correctional facilities even when the inmates are under age twenty-one.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.305 RCW to read as follows:

To the extent funds are appropriated for the purposes of section 3(1) of this act, the superintendent of public instruction shall provide funds to educational service districts that have been requested by a local adult correctional facility to provide education services for its juvenile inmates.

NEW SECTION. Sec. 5. (1) The department of corrections, with the assistance of the superintendent of public instruction and the administrator for the courts, shall conduct a study to determine the educational needs of inmates under the age of twenty-one incarcerated in jail and prison, the impact of providing educational services to those inmates on the security and penological interests of the correctional institutions that incarcerate those inmates, and the ability of local school districts, the community and technical colleges, private vendors, juvenile detention centers, and the correctional institutions to provide those educational services.

(2) The department, the superintendent of public instruction, and the administrator for the courts shall consult with the following groups:

(a) The Washington association of school administrators;
(b) The individual school districts and educational service districts in which the department or a county jail may operate a school for inmates under age twenty-one;
(c) The Washington state association of counties;
(d) The state board for community and technical colleges;
(e) The higher education coordinating board;
(f) The United States department of education office of special education programs and the office for civil rights;
(g) The juvenile rehabilitation administration's residential school programs;
(h) The juvenile court administrators;
(i) The attorney general;
(j) The Washington association of prosecuting attorneys;
(k) The school districts that provide educational services to juvenile offenders incarcerated in state juvenile residential schools; and
(l) Any other person or association that in the opinion of the department, the superintendent of public instruction, or the administrator for the courts may assist in the study.

(3) No later than May 1, 1998, the department and the superintendent of public instruction shall provide to the house of representatives and senate committees on education, the house of representatives committee on criminal justice and corrections, the senate committee on human services and corrections, and the house of representatives and senate fiscal committees, a profile of all offenders under the age of twenty-one who are incarcerated in a department of corrections facility. The profile shall identify the offenders individually by the following:

(a) Age;
(b) Offense or offenses of commitment;
(c) Criminal history;
(d) Anticipated length of stay;
(e) The number of serious infractions committed by the offender during incarceration and the number of times, if any, the offender has been placed in an intensive management unit;
(f) The offender's custody level;
(g) Whether the offender has a high school diploma or a GED;
(h) The last grade the offender completed;
Whether the offender, in the educational placement before incarceration, was identified as a child with a disability or had an individualized education program;

(j) Whether the offender would qualify for transition planning and services under 20 U.S.C. Sec. 1414(d)(6);

(k) Whether the department has security or penological interests that warrant modification of an existing individualized education program or placement as provided by 20 U.S.C. Sec. 1414(d)(6);

(l) Whether the offender has participated in any educational programs offered by the department; and

(m) Whether the offender may be in need of special education and related services. This subsection (3)(m) does not require the department or the superintendent to evaluate an offender to determine if the offender is a child with disabilities in need of special education and related services.

(4) No later than September 1, 1998, the department of corrections, the superintendent of public instruction, and the administrator for the courts shall provide to the committees identified in subsection (3) of this section a profile of inmates under the age of twenty-one confined in county jails between the effective date of this section and August 1, 1998. The profile shall identify the inmates' characteristics as listed in subsection (3) of this section and shall include all inmates detained in a county correctional facility whether arrested, charged, pending trial, or convicted. The department, the superintendent of public instruction, and the administrator for the courts shall assist the counties in gathering this information.

(5) No later than September 1, 1998, the department, the superintendent of public instruction, and the administrator for the courts shall make a preliminary report to the committees listed in subsection (3) of this section, identifying the educational needs of inmates under the age of twenty-one in adult correctional facilities, the impact of providing educational services to those inmates on the security and penological interests of the correctional institutions that incarcerate those inmates, and the ability of local school districts, the community and technical colleges, private vendors, juvenile detention centers, and the correctional institutions to provide those educational services. The department and the superintendent, in consultation with the office of financial management, shall estimate the various capital and operating costs of providing educational services equivalent to a basic education or basic skills education to offenders under age twenty-one, and special education and related services to all inmates under age twenty-one or to only those inmates under age eighteen and between the ages of eighteen and twenty-one who were identified as a child with a disability or had an individualized education program in the educational placement before incarceration in an adult correctional facility. The department and the superintendent of public instruction shall inform the committees as to which educational entity or entities are able and willing to provide those educational services.

(6) No later than November 1, 1998, the department, the superintendent of public instruction, and the administrator for the courts shall make final recommendations to the legislative committees identified in subsection (3) of this section.

Sec. 6. RCW 72.09.460 and 1997 c 338 s 43 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2)(a) The department shall provide a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements. The program of education established by the department for offenders under the age of eighteen must provide each offender a (choose-of) curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma; the department shall determine the most
appropriate path depending on age, education history, inmate preference, and other considerations. The program of education may be coordinated with prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

(b) Access to special education in connection with education programs under (a) of this subsection may be provided for those under the age of twenty-two to the extent required by federal law.

(3) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and

(c) Other work and education programs as appropriate.

(4) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(5) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate’s education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate’s entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate’s release date and custody level, except an inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date;

(ii) An inmate’s education history and basic academic skills;

(iii) An inmate’s work history and vocational or work skills;

(iv) An inmate’s economic circumstances, including but not limited to an inmate’s family support obligations; and

(v) Where applicable, an inmate’s prior performance in department-approved education or work programs;

(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work...
program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate’s work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate’s work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate’s ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

Sec. 7. RCW 28A.155.020 and 1995 c 77 s 8 are each amended to read as follows:

There is established in the office of the superintendent of public instruction an administrative section or unit for the education of children with disabling conditions.

Children with disabilities are those children in school or out of school who are temporarily or permanently retarded in normal educational processes by reason of physical or mental disability, or by
reason of emotional maladjustment, or by reason of other disability, and those children who have specific learning and language disabilities resulting from perceptual-motor disabilities, including problems in visual and auditory perception and integration.

Except as provided in section 1 of this act, the superintendent of public instruction shall require each school district in the state to insure an appropriate educational opportunity for all children with disabilities between the ages of three and twenty-one. When a child's twenty-first birthday occurs during the school year, the educational program may be continued until the end of that school year. The superintendent of public instruction, by rule, shall establish for the purpose of excess cost funding, as provided in RCW 28A.150.390, 28A.160.030, and 28A.155.010 through 28A.155.100, functional definitions of the various types of disabling conditions and eligibility criteria for special education programs for students with disabilities. For the purposes of RCW 28A.155.010 through 28A.155.100, an appropriate education is defined as an education directed to the unique needs, abilities, and limitations of the children with disabilities. School districts are strongly encouraged to provide parental training in the care and education of the children and to involve parents in the classroom.

Nothing in this section shall prohibit the establishment or continuation of existing cooperative programs between school districts or contracts with other agencies approved by the superintendent of public instruction, which can meet the obligations of school districts to provide education for children with disabilities, or prohibit the continuation of needed related services to school districts by the department of social and health services.

This section shall not be construed as in any way limiting the powers of local school districts set forth in RCW 28A.155.070.

No child shall be removed from the jurisdiction of juvenile court, a local jail, or the department of corrections for training or education under RCW 28A.155.010 through 28A.155.100 without the approval of the superior court of the county.

Sec. 8. RCW 28A.225.010 and 1996 c 134 s 1 are each amended to read as follows:

(1) All parents in this state of any child eight years of age and under eighteen years of age shall cause such child to attend the public school of the district in which the child resides and such child shall have the responsibility to and therefore shall attend for the full time when such school may be in session unless:

   (a) The child is attending an approved private school for the same time or is enrolled in an extension program as provided in RCW 28A.195.010(4);
   (b) The child is receiving home-based instruction as provided in subsection (4) of this section;
   (c) The child is attending an education center as provided in chapter 28A.205 RCW;
   (d) The school district superintendent of the district in which the child resides shall have excused such child from attendance because the child is physically or mentally unable to attend school, is incarcerated in an adult correctional facility of the department of corrections or a local government, or has been temporarily excused upon the request of his or her parents for purposes agreed upon by the school authorities and the parent: PROVIDED, That such excused absences shall not be permitted if deemed to cause a serious adverse effect upon the student’s educational progress: PROVIDED FURTHER, That students excused for such temporary absences may be claimed as full time equivalent students to the extent they would otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260 and shall not affect school district compliance with the provisions of RCW 28A.150.220; or
   (e) The child is sixteen years of age or older and:
      (i) The child is regularly and lawfully employed and either the parent agrees that the child should not be required to attend school or the child is emancipated in accordance with chapter 13.64 RCW;
      (ii) The child has already met graduation requirements in accordance with state board of education rules and regulations; or
      (iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.
(2) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

(3) An approved private school for the purposes of this chapter and chapter 28A.200 RCW shall be one approved under regulations established by the state board of education pursuant to RCW 28A.305.130.

(4) For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:

(a) Provided by a parent who is instructing his or her child only and are supervised by a certificated person. A certificated person for purposes of this chapter and chapter 28A.200 RCW shall be a person certified under chapter 28A.410 RCW. For purposes of this section, "supervised by a certificated person" means: The planning by the certificated person and the parent of objectives consistent with this subsection; a minimum each month of an average of one contact hour per week with the child being supervised by the certificated person; and evaluation of such child’s progress by the certificated person. The number of children supervised by the certificated person shall not exceed thirty for purposes of this subsection; or

(b) Provided by a parent who is instructing his or her child only and who has either earned forty-five college level quarter credit hours or its equivalent in semester hours or has completed a course in home-based instruction at a postsecondary institution or a vocational-technical institute; or

(c) Provided by a parent who is deemed sufficiently qualified to provide home-based instruction by the superintendent of the local school district in which the child resides.

(5) The legislature recognizes that home-based instruction is less structured and more experiential than the instruction normally provided in a classroom setting. Therefore, the provisions of subsection (4) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. Funding for the education programs in this act for juveniles incarcerated in adult correctional facilities shall be provided in the omnibus appropriations act and shall be considered sufficient for the education needs of juveniles incarcerated in adult correctional facilities.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The commission shall plan and prepare to implement a program for the preservation and advancement of universal telecommunications service which shall not take effect until the legislature approves the program. The purpose of the universal service program is to benefit telecommunications ratepayers in the state by minimizing implicit sources of support and maximizing explicit sources of support that are specific, sufficient, competitively neutral, and technologically neutral to support basic telecommunications services for customers of telecommunications companies in high-cost locations."
(2) In preparing a universal service program for approval by the legislature, the commission shall:
   (a) Estimate the cost of supporting all lines located in high-cost locations and the cost of supporting one primary telecommunications line for each residential or business customer located in high-cost locations;
   (b) Determine the assessments that must be made on all telecommunications carriers, and the manner of collection, to provide support for:
      (i) All residential and business lines located in high-cost locations;
      (ii) Only one primary line for each residential or business customer located in high-cost locations;
   (c) Designate those telecommunications carriers serving high-cost locations that are eligible to receive support for the benefit of their customers in those locations;
   (d) Adopt or prepare to adopt all necessary rules for administration of the program; and
   (e) Provide a schedule of all fees and payments proposed or expected to be proposed by the commission under subsection (4)(d) of this section.

(3) The commission shall report by November 1, 1998, to the legislature on these steps taken to prepare for implementation and shall inform the legislature of the estimated cost to support all lines located in high-cost locations and the estimated cost to support only one primary line for each residential or business customer located in high-cost locations under a universal service program.

(4) Once a program is approved by the legislature and subsequently established, the following provisions apply unless otherwise directed by the legislature:
   (a) All transfers of money necessary to provide the support shall be outside the state treasury and not be subject to appropriation;
   (b) The commission may delegate to the commission secretary or other staff the authority to resolve disputes or make other decisions necessary to the administration of the program;
   (c) The commission may contract with an independent program administrator subject to the direction and control of the commission and may authorize the establishment of an account or accounts in independent financial institutions should that be necessary for administration of the program;
   (d) The expenses of an independent program administrator shall be authorized by the commission and shall be paid out of contributions by the telecommunications carriers participating in the program;
   (e) The commission may require the carriers participating in the program, as part of their contribution, to pay into the public service revolving fund the costs of the commission attributable to supervision and administration of the program that are not already recovered through existing fees paid to the commission.

(5) The commission shall establish standards for review or testing of all telecommunications carriers' compliance with the program for the purpose of ensuring the support received by a telecommunications carrier is used only for the purposes of the program and that each telecommunications carrier is making its proper contribution to the program. The commission may conduct the review or test, or contract with an independent administrator or other person to conduct the review or test.

(6) The commission shall coordinate administration of the program with any federal universal service program and may administer the federal fund in conjunction with the state program if so authorized by federal law.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
   (a) "Telecommunications carrier" has the same meaning as defined in 47 U.S.C. Sec. 153(44).
   (b) "Basic telecommunications services" means the following services:
      (i) Single-party service;
      (ii) Voice grade access to the public switched network;
      (iii) Support for local usage;
      (iv) Dual tone multifrequency signaling (touch-tone);
      (v) Access to emergency services (911);
      (vi) Access to operator services;
(vii) Access to interexchange services;
(viii) Access to directory assistance; and
(ix) Toll limitation services.

(c) "High-cost location" means a location where the cost of providing telecommunications services is greater than a benchmark established by the commission by rule.

NEW SECTION. Sec. 2. (1) The commission is authorized to take actions, conduct proceedings, and enter orders as permitted or contemplated for a state commission under the federal telecommunications act of 1996, P.L. 104-104 (110 Stat. 56), but the commission’s authority to either establish a new state program or to adopt new rules to preserve and advance universal service under section 254(f) of the federal act is limited to the actions expressly authorized by section 1 of this act. The commission may establish by rule fees to be paid by persons seeking commission action under the federal act, and by parties to proceedings under that act, to offset in whole or part the commission’s expenses that are not already recovered through existing fees in implementing the act, but new fees or assessments charged telecommunications carriers to either establish a state program or to adopt rules to preserve and advance universal service under section 254(f) of the federal act do not take effect until the legislature has approved a state universal service program.

(2) The legislature intends that under the future universal service program established in this state:
(a) Every telecommunications carrier that provides intrastate telecommunications services shall contribute, on an equitable and nondiscriminatory basis, to the preservation and advancement of universal service in the state;
(b) The contributions shall be competitively and technologically neutral; and
(c) The universal service program to be established in accordance with section 1 of this act shall not be inconsistent with the requirements of 47 U.S.C. Sec. 254.

NEW SECTION. Sec. 3. Any rules regarding universal service adopted by the utilities and transportation commission shall comply with the purpose, as stated in section 1 of this act, for establishing a program for the preservation and advancement of universal telecommunications service. Services to be supported are only those basic services defined in section 1(7) of this act.

Sec. 4. RCW 80.36.310 and 1989 c 101 s 14 are each amended to read as follows:
(1) Telecommunications companies may petition to be classified as competitive telecommunications companies under RCW 80.36.320 or to have services classified as competitive telecommunications services under RCW 80.36.330. The commission may initiate classification proceedings on its own motion. The commission may require all regulated telecommunications companies potentially affected by a classification proceeding to appear as parties for a determination of their classification.

(2) Any company petition or commission motion for competitive classification shall state an effective date not sooner than thirty days from the filing date. The company must provide notice and publication of the proposed competitive classification in the same manner as provided in RCW 80.36.110 for tariff changes. The proposed classification shall take effect on the stated effective date unless suspended by the commission and set for hearing under chapter 34.05 RCW or set for a formal investigation and fact-finding under RCW 80.36.145. The commission shall enter its final order with respect to any suspended classification within (ten) six months from the date of filing of a company’s petition or the commission’s motion.

Sec. 5. RCW 80.36.320 and 1989 c 101 s 15 are each amended to read as follows:
(1) The commission shall classify a telecommunications company (providing service in a relevant market) as a competitive telecommunications company if (it finds, after notice and hearing, that the telecommunications company has demonstrated that) the services it offers are subject to effective competition. Effective competition means that the company’s customers have reasonably available alternatives and that the company does not have a significant captive customer base. In
determining whether a company is competitive, factors the commission shall consider include but are not limited to:

(a) The number and sizes of alternative providers of service;
(b) The extent to which services are available from alternative providers in the relevant market;
(c) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
(d) Other indicators of market power which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

The commission shall conduct the initial classification and any subsequent review of the classification in accordance with such procedures as the commission may establish by rule.

(2) Competitive telecommunications companies shall be subject to minimal regulation.

Minimal regulation means that competitive telecommunications companies may file, instead of tariffs, price lists (which shall be effective after ten days' notice to the commission and customers. The commission shall prescribe the form of notice. The commission may also waive other regulatory requirements under this title for competitive telecommunications companies when it determines that competition will serve the same purposes as public interest regulation. The commission may waive different regulatory requirements for different companies if such different treatment is in the public interest.

A competitive telecommunications company shall at a minimum:

(a) Keep its accounts according to regulations as determined by the commission;
(b) File financial reports with the commission as required by the commission and in a form and at times prescribed by the commission;
(c) Keep on file at the commission such current price lists and service standards as the commission may require; and
(d) Cooperate with commission investigations of customer complaints.

(3) When a telecommunications company has demonstrated that the equal access requirements ordered by the federal district court in the case of U.S. v. AT&T, 552 F. Supp. 131 (1982), or in supplemental orders, have been met, the commission shall review the classification of telecommunications companies providing inter-LATA interexchange services. At that time, the commission shall classify all such companies as competitive telecommunications companies unless it finds that effective competition, as defined in subsection (1) of this section, does not then exist.

(4) The commission may revoke any waivers it grants and may reclassify any competitive telecommunications company if (such the revocation or reclassification would protect the public interest.

(5) The commission may waive the requirements of RCW 80.36.170 and 80.36.180 in whole or in part for a competitive telecommunications company if it finds that competition will serve the same purpose and protect the public interest.

Sec. 6. RCW 80.36.330 and 1989 c 101 s 16 are each amended to read as follows:

(1) The commission may classify a telecommunications service provided by a telecommunications company as a competitive telecommunications service if (it finds, after notice and hearing, that) the service is subject to effective competition. Effective competition means that customers of the service have reasonably available alternatives and that the service is not provided to a significant captive customer base. In determining whether a service is competitive, factors the commission shall consider include but are not limited to:

(a) The number and size of alternative providers of services;
(b) The extent to which services are available from alternative providers in the relevant market;
(c) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
(d) Other indicators of market power, which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

(2) When the commission finds that a telecommunications company has demonstrated that a telecommunications service is competitive, the commission may permit the service to be provided
under a price list effective on ten days notice to the commission and customers. The commission shall prescribe the form of notice. The commission may adopt procedural rules necessary to implement this section.

(3) Prices or rates charged for competitive telecommunications services shall cover their cost. The commission shall determine proper cost standards to implement this section, provided that in making any assignment of costs or allocating any revenue requirement, the commission shall act to preserve affordable universal telecommunications service.

(4) The commission may investigate prices for competitive telecommunications services upon complaint. In any complaint proceeding initiated by the commission, the telecommunications company providing the service shall bear the burden of proving that the prices charged cover cost, and are fair, just, and reasonable.

(5) Telecommunications companies shall provide the commission with all data it deems necessary to implement this section.

(6) No losses incurred by a telecommunications company in the provision of competitive services may be recovered through rates for noncompetitive services. The commission may order refunds or credits to any class of subscribers to a noncompetitive telecommunications service which has paid excessive rates because of below cost pricing of competitive telecommunications services.

(7) The commission may reclassify any competitive telecommunications service if reclassification would protect the public interest.

(8) The commission may waive the requirements of RCW 80.36.170 and 80.36.180 in whole or in part for a service classified as competitive if it finds that competition will serve the same purpose and protect the public interest.

NEW SECTION. Sec. 7. Sections 1 through 3 of this act are each added to chapter 80.36 RCW.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

ESB 6628 Prime Sponsor, Senator Benton: Clarifying transportation planning. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.06.040 and 1994 c 258 s 5 are each amended to read as follows:
The department shall develop a state-wide multimodal transportation plan under RCW 47.01.071(3) and in conformance with federal requirements, to ensure the continued mobility of people and goods within regions and across the state in a safe, cost-effective manner. The state-wide multimodal transportation plan shall consist of:

1. A state-owned facilities component, which shall guide state investment for state highways including bicycle and pedestrian facilities, and state ferries; and

2. A state-interest component, which shall define the state interest in aviation, marine ports and navigation, freight rail, intercity passenger rail, bicycle transportation and pedestrian walkways, and public transportation, and recommend actions in coordination with appropriate public and private transportation providers to ensure that the state interest in these transportation modes is met.

The plans developed under each component must be consistent with the state transportation policy plan and with each other, reflect public involvement, be consistent with regional transportation planning, high-capacity transportation planning, and local comprehensive plans prepared under chapter 36.70A RCW, and include analysis of intermodal connections and choices. A primary emphasis for these plans shall be the relief of congestion, the preservation of existing investments, the improvement of traveler safety, the efficient movement of freight and goods, and the improvement and integration of all transportation modes to create a seamless intermodal transportation system for people and goods.

In the development of the state-wide multimodal transportation plan, the department shall identify and document potential affected environmental resources, including, but not limited to, wetlands, storm water runoff, flooding, air quality, fish passage, and wildlife habitat. The department shall conduct its environmental identification and documentation in coordination with all relevant environmental regulatory authorities, including, but not limited to, local governments. The department shall give the relevant environmental regulatory authorities an opportunity to review the department’s environmental plans. The relevant environmental regulatory authorities shall provide comments on the department’s environmental plans in a timely manner.

Environmental identification and documentation as provided for in RCW 47.01.300 and this section is not intended to create a private right of action or require an environmental impact statement as provided in chapter 43.21C RCW.

Sec. 2. RCW 47.06.050 and 1993 c 446 s 5 are each amended to read as follows:

The state-owned facilities component of the state-wide transportation plan shall identify the most cost-effective combination of highway, ferry, passenger rail, and high-capacity transportation improvements that maximizes the efficient movement of people, freight, and goods within state transportation corridors and will consist of:

1. The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

   a. A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

   b. A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Congestion relief must be a primary emphasis of the capacity and operational improvement element. Strategies to enhance the operational efficiencies include but are not limited to access
management, transportation system management, demand management, and high-occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway program and the two-year biennial budget request to the legislature;

(c) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

(d) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the investment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, and develop strategies for ferry system investment that consider regional and state-wide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the ferry advisory committees.

Sec. 3. RCW 47.06.090 and 1993 c 446 s 9 are each amended to read as follows:

The state-interest component of the state-wide multimodal transportation plan shall include an intercity passenger rail plan, which shall analyze existing intercity passenger rail service and recommend improvements to that service under the state passenger rail service program including depot improvements, potential service extensions, and ways to achieve higher train speeds. The plan must include:

(1) A service preservation element that outlines the trackage, depots, and train investments needed to maintain established service levels; and

(2) A service improvement element that establishes service improvement objectives and outlines the trackage, depot, and train investments needed to meet improvement service objectives.

Sec. 4. RCW 81.75.030 and 1977 ex.s. c 217 s 3 are each amended to read as follows:

(1) To the extent feasible, the services available to the public at any transportation center may include taxi, auto rental, passenger trains, motor buses, ((travel agents,)) restrooms, food, ((telegraph,)) baggage handling, transfer and delivery of light freight and packages, commercial airlines, air charter, place of temporary rest for citizens and travelers (but not overnight), mail, private auto parking for users of public transportation through the transportation center, local transit, limousine, ((and any other use necessary to the foregoing)) limited retail services, professional services, limited banking services, day care services, and any other use necessary and convenient for the users of the public transportation system operating at the transportation center.

(2) Any city, town, county, public transportation benefit area authority, or municipal corporation, which elects to operate a transportation center shall operate the center for the general public good. The operator may establish the terms of usage for the various modes of transportation and for others that utilize its facilities, may make reasonable rules concerning public and private use, and may exclude all persons therefrom who refuse to comply with the terms or rules of use. The operator may own, operate, maintain, and manage a transportation center, but shall not engage in providing a transportation or other related service at the center unless otherwise authorized by law."

“NEW SECTION. Sec. 1. It is the intent of the legislature to provide the necessary access to quality upper division and graduate higher education opportunities for the citizens of Spokane. The
legislature intends that the Spokane branch campus of Washington State University, offering upper-
division and graduate programs, be located at the Riverpoint Higher Education Park and that
Washington State University be the administrative and fiscal agent for the Riverpoint Higher Education
Park. In addition, those programs offered by Eastern Washington University that meet the rules and
guidelines established by the higher education coordinating board’s program approval process may
serve students at the Riverpoint Higher Education Park. The legislature intends to streamline the
program planning and approval process in Spokane by eliminating the joint center for higher
education; thereby treating the Spokane higher education community like other public higher education
communities in Washington that receive program approval from the higher education coordinating
board. However, the legislature encourages partnerships, collaboration, and avoidance of program
duplication through regular communication among the presidents of Spokane’s public and private
institutions of higher education. The legislature further intends that the residential mission of Eastern
Washington University in Cheney be strengthened and that Eastern Washington University focus on
the excellence of its primary campus in Cheney.

In addition, the legislature finds that the Spokane intercollegiate research and technology
institute is a vital and necessary element in the academic and economic future of eastern Washington.
The legislature also finds that it is in the interest of the state of Washington to support and promote
applied research and technology in areas of the state that, because of geographic or historic
circumstances, have not developed fully balanced economies. It is the intent of the legislature that
institutions of higher education and the department of community, trade, and economic development
work cooperatively with the private sector in the development and implementation of a technology
transfer and integration program to promote the economic development and enhance the quality of life
in eastern Washington.

NEW SECTION. Sec. 2. (1) The higher education coordinating board shall manage an
assessment that determines the current higher education resources of the greater Spokane area and the
current and future capital and programmatic higher education needs of the Spokane area, including the
balance among anticipated, unmet, and fully met higher education needs. This assessment shall be
coordinated with an economic analysis of the greater Spokane area.

(2) The higher education coordinating board, in coordination with the office of financial
management, the employment security department, and the department of community, trade, and
economic development, shall oversee the administration of an economic assessment of the greater
Spokane area. This assessment shall reference previous economic studies of the greater Spokane area
and include:

(a) Input from Spokane area civic leaders as well as the higher education and business
communities;
(b) An evaluation of the current economic situation in the greater Spokane area and potential
sectors and subsectors for significant job expansion;
(c) An analysis of the possible transformation of the economic base toward high technology
and opportunities for industries producing higher wages; and
(d) An evaluation of the basic and applied research resources and needs of the present and
future economy of the area.

(c) Washington State University shall submit a preliminary higher education services plan for the Riverpoint Higher Education Park to the higher education coordinating board by September 1, 1998, and a final plan to the higher education coordinating board and the office of financial management by October 15, 1998. The plan shall incorporate, but not be limited to:

(i) Relocation of all Spokane-based upper-division and graduate course offerings and academic programs offered by public universities in the city of Spokane to the Riverpoint Higher Education Park, using existing and planned structures at the Riverpoint Higher Education Park, except that the nursing courses and programs located in the intercollegiate center for nursing education facility shall remain at that location; and

(ii) A plan to establish an intercollegiate health sciences consortium that would be modeled on the intercollegiate center for nursing education. The intercollegiate health sciences consortium shall include, but not be limited to, programs offered through the intercollegiate center for nursing education and public and private institutions of higher education. Programs offered by Eastern Washington University in physical therapy, communication disorders, nursing, and dental hygiene shall continue to be offered by Eastern Washington University in Spokane.

The draft of the report shall be submitted to the higher education coordinating board by September 1, 1998, and the final report shall be submitted to the higher education coordinating board by October 15, 1998;

(d) Ensuring that undergraduate programs that are offered at Washington State University Spokane branch campus do not duplicate undergraduate programs offered by Eastern Washington University at Cheney;

(e) Describing and targeting Washington State University Spokane branch campus’s primary student audience;

(f) Ensuring that Washington State University Spokane branch campus’s admission standards complement the primary student audience;

(g) Describing circumstances under which it is appropriate for Washington State University Spokane branch campus programs to serve nonprimary students;

(h) Establishing projected enrollment levels for Washington State University Spokane branch campus that reflect the needs of a upper-division and graduate level branch campus and that account for the demographic qualities and growth patterns associated with the areas from which the branch campus draws its students;

(j) Developing financial projections for serving these projected enrollment levels; and
(k) Analyzing and reviewing all capital and capacity information regarding the Washington State University Spokane branch campus, with particular attention to the current state of the existing physical plant and to the realistic enrollment capacity of the campus.

SSB 6751 Prime Sponsor, Senate Committee on Health & Long-Term Care:  Ensuring a choice of service and residential options for citizens with developmental disabilities.  Reported by Committee on Children & Family Services
MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 71A.10 RCW to read as follows:

It is the intent of the legislature to affirm its longtime commitment to secure for eligible persons with developmental disabilities in partnership with their families or legal guardians the opportunity to choose where they live. Consistent with this commitment, the legislature supports the existence of a complete spectrum of options, including community support services and residential habilitation centers.

The choice of service options must be supported by state policy, whether the choice is residential habilitation centers or community support services. The intent of the legislature is to ensure choice of service options to persons with developmental disabilities allowing, to the maximum extent possible, that they not have to leave their home or community.

The legislature supports the respective roles that both residential habilitation centers and community support services play in providing options and resources for people with developmental disabilities and their families who need services. The legislature recognizes that services must ensure credibility, responsiveness, and reasonable quality, whether they are state, county, or community funded.

Sec. 2. RCW 71A.10.020 and 1988 c 176 s 102 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

(2) "Department" means the department of social and health services.

(3) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole (determinant) of these conditions, and notify the legislature of this action.

(4) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

(5) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy.

(6) "Legal representative" means a parent of a person who is under eighteen years of age, a person’s legal guardian, a person’s limited guardian when the subject matter is within the scope of the limited guardianship, a person’s attorney at law, a person’s attorney in fact, or any other person who is authorized by law to act for another person.

(7) "Notice" or "notification" of an action of the secretary means notice in compliance with RCW 71A.10.060.

(8) "Residential habilitation center" means a state-operated facility for persons with developmental disabilities governed by chapter 71A.20 RCW.

(9) "Secretary" means the secretary of social and health services or the secretary’s designee.

(10) "Service" or "services" means services provided by state or local government to carry out this title.
"Vacancy" means an opening at a residential habilitation center, which when filled, would not require the center to exceed its biannually budgeted capacity.

Sec. 3. RCW 71A.16.010 and 1988 c 176 s 401 are each amended to read as follows:

(1) It is the intention of the legislature in this chapter to establish a single point of referral for persons with developmental disabilities and their families so that they may have a place of entry and continuing contact for services authorized under this title to persons with developmental disabilities. Eligible persons with developmental disabilities, whether they live in the community or residential habilitation centers, should have the opportunity to choose where they live.

(2) Until June 30, 2003, and subject to subsection (3) of this section, if there is a vacancy in a residential habilitation center, the department shall offer admittance to the center to any eligible adult, or eligible adolescent on an exceptional case-by-case basis, with developmental disabilities if his or her assessed needs require the funded level of resources that are provided by the center.

(3) The department shall not offer a person admittance to a residential habilitation center under subsection (2) of this section unless the department also offers the person appropriate community support services listed in RCW 71A.12.040.

(4) Community support services offered under subsection (3) of this section may only be offered using funds specifically designated for this purpose in the state operating budget. When these funds are exhausted, the department may not offer admittance to a residential habilitation center, or community support services under this section.

(5) Nothing in this section shall be construed to create an entitlement to state services for persons with developmental disabilities.

(6) Subsections (2) through (6) of this section expire June 30, 2003.

Sec. 4. RCW 71A.16.030 and 1988 c 176 s 403 are each amended to read as follows:

(1) The department will develop an outreach program to ensure that any eligible person with developmental disabilities services in homes, the community, and residential habilitation centers will be made aware of these services. This subsection (1) expires June 30, 2003.

(2) The secretary shall establish a single procedure for persons to apply for a determination of eligibility for services provided to persons with developmental disabilities.

(3) Until June 30, 2003, the procedure set out under subsection (1) of this section must require that all applicants and all persons with developmental disabilities currently receiving services from the division of developmental disabilities within the department be given notice of the existence and availability of residential habilitation center and community support services. For genuine choice to exist, people must know what the options are. Available options must be clearly explained, with services customized to fit the unique needs and circumstances of developmentally disabled clients and their families. Choice of providers and design of services and supports will be determined by the individual in conjunction with the department. When the person cannot make these choices, the person's legal guardian may make them, consistent with chapter 11.88 or 11.92 RCW. This subsection (3) expires June 30, 2003.

(4) An application may be submitted by a person with a developmental disability, by the legal representative of a person with a developmental disability, or by any other person who is authorized by rule of the secretary to submit an application.

NEW SECTION. Sec. 5. A new section is added to chapter 71A.12 RCW to read as follows:

(1) The legislature recognizes that residential habilitation center and community support services should be available to each eligible person with developmental disabilities in our state within appropriated funds.

(2) The legislature recognizes that there have been substantially increasing demands for all of these services. Therefore, the legislature believes that any reductions in the capacity of these services could jeopardize a needed balance in the developmental disabilities system. The legislature intends to stabilize the capacity of community support services and residential habilitation center services. The capacity of the residential habilitation centers shall not be reduced below the number of persons budgeted to be served in residential habilitation centers in chapter 149, Laws of 1997, subject to
budget direction from the governor or reductions needed to adhere to an agreement with the federal
department of justice regarding Fircrest School. The capacity of community support services shall not
be reduced below the capacity provided for by the appropriation specified in chapter 149, Laws of
1997, subject to budget direction from the governor. If the direction from the governor requires
reductions in the division of developmental disabilities, the budgets of both the residential habilitation
centers and community support services shall be given equal consideration.

(3) If such capacity is not needed for current clients of the department, any vacancies that may
occur in community support services or residential habilitation center services shall be used to expand
services to eligible persons with developmental disabilities not now receiving services. If a vacancy is
created it will be made available to any eligible individual who is seeking and desires the services of a
residential habilitation center pursuant to section 3 of this act. If residential habilitation center capacity
is not being used for permanent residents, the department shall make any residential habilitation center
vacancies available for respite care and any other services needed to care for this population in
residential habilitation centers, other than permanent residence.

NEW SECTION.  Sec. 6. A new section is added to chapter 71A.12 RCW to read as follows:
Any restrictions in staffing ratios that may be needed to implement section 5 of this act within
available resources may not result in reductions to direct care staff.

NEW SECTION.  Sec. 7. A new section is added to chapter 71A.20 RCW to read as follows:
As a means of implementing a choice-oriented system for people with developmental
disabilities, staff of residential habilitation centers will continue to increase vocational and community
access for current residents. Likewise, specialized residential habilitation services will be more easily
accessed by community residents within available funds.

NEW SECTION.  Sec. 8. A new section is added to chapter 71A.12 RCW to read as follows:
The department shall conduct an analysis whereby it identifies all persons with developmental
disabilities who are eligible for services under Title 71A RCW, and whether they are served,
unserved, or underserved. The department will gather data on the services and supports required by
this population, their families or their guardians, and the cost of providing these services. This
analysis will include assessing services such as those at residential habilitation centers, those
community support services listed in RCW 71A.12.040, and including, but not limited to, supported
employment, family support, post high school transition programs, crisis intervention services,
supports for persons who have a developmental disability and also a mental illness, alternative uses for
residential habilitation centers, community vocational services, respite care, specialized medical
treatment, and appropriate placements for persons with developmental disabilities who are also
offenders. The assessment shall be done with the participation of the developmental disabilities
stakeholders work group. The assessment will commence no later than July 1, 1998.

The assessment data will not be used to determine or allocate services for individual people. It
will be used by the department, with the participation of the developmental disabilities stakeholder
work group, to develop a long-term strategic plan. The plan will include three phases, the first one
beginning December 1, 1998; the second beginning December 1, 2000; and the third beginning
December 1, 2002. For each phase the department will provide incremental data and assessment of
programs, services, and funding for persons with developmental disabilities and their families. For
each phase the plan must also include budget and statutory recommendations intended to secure for all
persons with developmental disabilities the opportunity to choose where they live, and shall support
the existence of a complete spectrum of options including community support services, and residential
habilitation centers that are consistent with those needs.

NEW SECTION.  Sec. 9. A new section is added to chapter 71A.12 RCW to read as follows:
For the purposes of section 8 of this act, the developmental disabilities stakeholder work group
is the division of developmental disabilities strategies for the future stakeholder work group established
by the secretary in 1997 to develop recommendations on future directions and strategies for service
delivery improvement, resulting in an agreement on the directions the department should follow in
considering the respective roles of the residential habilitation centers and community support services, including a focus on the resources for people in need of services.

NEW SECTION. Sec. 10. Sections 1 and 5 through 9 of this act expire June 30, 2003.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

"Article XI, section … In addition to the methods of framing a county home rule charter which are contained in section 4 of this Article, a charter may be framed as provided in this section. The legislature shall without unreasonable delay enact legislation creating and appropriating funds for a temporary county home rule committee of fifteen members. The committee shall draft five alternative county "Home Rule" charters, a copy of which shall be submitted to the legislative authority of each county, and shall be retained by the state in its permanent records. As far as practical, all committees created under this section shall be representative of major geographic areas of the state and the state’s demographic distribution.

Any one alternative charter may be submitted at an election to voters of any county for their approval and ratification, or rejection, upon either: (1) An ordinance adopted by the county legislative authority; or (2) the filing of a petition calling for an election which is signed by registered voters of the county equal in number to ten percent of the voters voting at the last preceding general election in the county. Upon approval and ratification of a charter by the voters of the county under this section, the charter shall become the organic law of the county. 2SSB 6190 Prime Sponsor, Senate Committee on Transportation: Strengthening laws on disabled persons' parking permits. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.16.381 and 1995 c 384 s 1 are each amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician:
   (a) Cannot walk two hundred feet without stopping to rest;
   (b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
   (c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
   (d) Uses portable oxygen;
   (e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/ hg on room air at rest;
   (f) Impairment by cardiovascular disease or cardiac condition to the extent that the person’s functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or
   (g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) The applications for disabled parking permits and temporary disabled parking permits are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician’s signature and immediately below the applicant’s signature: “A disabled parking permit may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both.”

(3) Those individuals who have one or both legs amputated and do not use a prosthetic device are exempt from the physician certification requirement necessary to receive special parking privileges. In order to qualify for special parking privileges, leg amputees must apply at a licensing office and the licensing office supervisor must visually confirm the amputation. Based on this confirmation, the certification of the person’s disability is satisfied.

(4) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and
an individual serial number, along with a special identification card bearing the photograph and name of the person to whom the placard is issued, and the placard’s serial number. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person’s name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding homes, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(7) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(8) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. (The director may issue a second temporary placard during that period if requested by the person who is temporarily disabled.) If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person’s physician. The permanent parking placard and photo identification card of a disabled person shall be renewed(when) at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder’s death, the parking placard and photo identification card must be immediately surrendered to the department. The department shall match and purge its disabled permit data base with available death record information at least every twelve months.

(9) Each person who has been issued a permanent disabled parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(10) Additional fees shall not be charged for the issuance of the special placards or the photo identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(11) Any unauthorized use of the special placard ((or the)) special license plate, or photo identification card is a ((misdemeanor)) traffic infraction with a monetary penalty of two hundred fifty dollars.

(12) It is a parking infraction, with a monetary penalty of one hundred seventy-five dollars for a person to make inaccessible the access aisle located next to a space reserved for physically disabled persons. The clerk of the court shall report all violations related to this subsection to the department.

(13) It is a parking infraction, with a monetary penalty of one hundred seventy-five dollars for any person to park a vehicle in a parking place provided on private property without charge or on
public property reserved for physically disabled persons without a special license plate or placard. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the special license plate or placard required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for physically disabled persons may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards. All time restrictions must be clearly posted.

The penalties imposed under subsections (7) and (11) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate, placard, or photo identification card in a manner other than that established under this section.

A law enforcement agency authorized to enforce parking laws may appoint volunteers to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

A police officer or a volunteer may request a person to show the person’s photo identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

A police officer or a volunteer may confiscate the special parking placard and photo identification card from a person who fraudulently obtains or uses the placard or photo identification card.

For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community service for a nonprofit organization that serves the disabled community or persons having disabling diseases; or

(b) Any other community service that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

Sec. 2. RCW 46.61.581 and 1988 c 74 s 1 are each amended to read as follows:

A parking space or stall for a disabled person shall be indicated by a vertical sign, between thirty-six and eighty-four inches off the ground, with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120 and the notice "State disabled parking permit required." Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class civil infraction under chapter 7.80 RCW for each parking space that should be so designated.

Sec. 3. RCW 46.63.020 and 1997 c 229 s 13 and 1997 c 66 s 8 are each reenacted and amended to read as follows:

Failure to perform any act required or the performance of any act prohibited by this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution relating to traffic including parking, standing, stopping, and pedestrian offenses, is designated as a traffic infraction and may not be classified as a criminal offense, except for an offense contained in the following provisions of this title or a violation of an equivalent administrative regulation or local law, ordinance, regulation, or resolution:

SB 6220 Prime Sponsor, Senator Horn: Allowing airline employees to trade shifts without overtime pay. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that employees in the airline industry have a long-standing practice and tradition of trading shifts voluntarily among themselves. The legislature also finds that federal law exempts airline and other employees from the provisions of federal overtime regulations. This act is intended to specify that airline industry employers are not required to pay overtime compensation to an employee agreeing to work additional hours for a coemployee.

Sec. 2. RCW 49.46.130 and 1997 c 311 s 1 and 1997 c 203 s 2 are each reenacted and amended to read as follows:

(1) Except as otherwise provided in this section, no employer shall employ any of his employees for a work week longer than forty hours unless such employee receives compensation for his employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(5). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(5)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid, which may be an hourly based wage system, includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) Any individual employed (i) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity; or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption;

(h) Any industry in which federal law provides for an overtime payment based on a work week other than forty hours. However, the provisions of the federal law regarding overtime payment based on a work week other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law '93-259)).
(i) Any hours worked by an employee of a carrier by air subject to the provisions of subchapter II of the Railway Labor Act (45 U.S.C. Sec. 181 et seq.), when such hours are voluntarily worked by the employee pursuant to a shift-trading practice under which the employee has the opportunity in the same or in other work weeks to reduce hours worked by voluntarily offering a shift for trade or reassignment.

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a work week in excess of the applicable work week specified in subsection (1) of this section if:
   (a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and
   (b) More than half of the employee’s compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or services without regard to whether the computed commissions exceed the draw or guarantee.

(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:
   (a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or
   (b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

(5) No public agency shall be deemed to have violated subsection (1) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if: (a) In a work period of twenty-eight consecutive days the employee receives for tours of duty which in the aggregate exceed two hundred forty hours; or (b) in the case of such an employee to whom a work period of at least seven but less than twenty-eight days applies, in his or her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number of consecutive days in his or her work period as two hundred forty hours bears to twenty-eight days; compensation at a rate not less than one and one-half times the regular rate at which he or she is employed.

NEW SECTION.  Sec. 3. This act does not alter the terms, conditions, or practices contained in any collective bargaining agreement.

NEW SECTION.  Sec. 4. This act is remedial in nature and applies retroactively.

NEW SECTION.  Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

"NEW SECTION. Sec. 1. It is the intent of the legislature that expenditures associated with the implementation of using credit and debit cards in state liquor stores and agency liquor vendor stores not have a negative impact to the liquor revolving fund balance and that transfers to the state general fund, the cities, and the counties not be reduced because of these costs.

Sec. 2. RCW 66.08.026 and 1997 c 148 s 1 are each amended to read as follows:

Any equipment provided by the board to an agency liquor vendor store for this purpose may be used only for the purchase of liquor.
(3) If the revenues and expenditures associated with implementing the use of credit and debit cards for the purchase of alcohol by nonlicensees from state liquor stores and agency stores operated by liquor vendors results in a reduction of the liquor revolving fund balance for fiscal year 1999 and the 1999-01 biennium, the board shall consider increasing the price of alcohol products to offset the reduction.
(4) The board shall provide a report evaluating the implementation of this section, including revenue and expenditures, to the appropriate committees of the legislature by (January) December 1, 1998."

SSB 6306 Prime Sponsor, Senate Committee on Ways & Means: Creating the Washington school employees' retirement system. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that teachers and school district employees share the same educational work environment and academic calendar.

It is the intent of the legislature to achieve similar retirement benefits for all educational employees by transferring the membership of classified school employees in the public employees' retirement system plan II to the Washington school employees' retirement system plan II. The transfer of membership to the Washington school employees' retirement system plan II is not intended to cause
a diminution or expansion of benefits for affected members. It is enacted solely to provide public employees working under the same conditions with the same options for retirement planning.

As members of the Washington school employees' retirement system plan II, classified employees will have the same opportunity to transfer to the Washington school employees' retirement system plan III as their certificated coworkers. The ability to transfer to the Washington school employees’ retirement system plan III offers members a new public retirement system that balances flexibility with stability; provides increased employee control of investments and responsible protection of the public’s investment in employee benefits; and encourages the pursuit of public sector careers without creating barriers to other public or private sector employment.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise:

(1) "Retirement system" means the Washington school employees' retirement system provided for in this chapter.

(2) "Department" means the department of retirement systems created in chapter 41.50 RCW.

(3) "State treasurer" means the treasurer of the state of Washington.

(4) "Employer," for plan II and plan III members, means a school district or an educational service district.

(5) "Member" means any employee included in the membership of the retirement system, as provided for in section 4 of this act.

(6)(a) "Compensation earnable" for plan II and plan III members, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States internal revenue code, but shall exclude nonmoney maintenance compensation and lump sum or other payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay.

(b) "Compensation earnable" for plan II and plan III members also includes the following actual or imputed payments, which are not paid for personal services:

(i) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement, which are awarded or granted as the equivalent of the salary or wage which the individual would have earned during a payroll period shall be considered compensation earnable to the extent provided in this subsection, and the individual shall receive the equivalent service credit;

(ii) In any year in which a member serves in the legislature, the member shall have the option of having such member’s compensation earnable be the greater of:

(A) The compensation earnable the member would have received had such member not served in the legislature; or

(B) Such member’s actual compensation earnable received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because compensation earnable under (b)(ii)(A) of this subsection is greater than compensation earnable under this (b)(ii)(B) of this subsection shall be paid by the member for both member and employer contributions;

(iii) Assault pay only as authorized by RCW 27.04.100, 72.01.045, and 72.09.240;

(iv) Compensation that a member would have received but for a disability occurring in the line of duty only as authorized by RCW 41.40.038;

Compensation earnable earned for ninety or more hours in any calendar month shall constitute one service credit month except as provided in section 19 of this act. Compensation earnable earned for less than seventy hours in any calendar
month shall constitute one-quarter service credit month of service. Time spent in standby status, whether compensated or not, is not service.

Any fraction of a year of service shall be taken into account in the computation of such retirement allowance or benefits.

(a) Service in any state elective position shall be deemed to be full-time service.
(b) A member shall receive a total of not more than twelve service credit months of service for such calendar year. (14) "Average final compensation" for plan II and plan III members means the member’s average compensation earnable of the highest consecutive sixty months of service credit months prior to such member’s retirement, termination, or death. Periods constituting authorized leaves of absence may not be used in the calculation of average final compensation except under RCW 41.40.710(2).

NEW SECTION. Sec. 9. The deductions from the compensation of members, provided for in section 104 of this act, shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for in this chapter and receipt in full for his or her salary or compensation, and payment, less the deductions, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the person during the period covered by the payment, except as to benefits provided for under this chapter.

NEW SECTION. Sec. 10. (1) The director shall report to each employer the contribution rates required for the ensuing biennium or fiscal year, whichever is applicable.

(2) Beginning September 1, 1990, the amount to be collected as the employer's contribution shall be computed by applying the applicable rates established in chapter 41.45 RCW to the total compensation earnable of employer’s members as shown on the current payrolls of the employer. Each employer shall compute at the end of each month the amount due for that month and the same shall be paid as are its other obligations.

(3) In the event of failure, for any reason, of an employer other than a political subdivision of the state to have remitted amounts due for membership service of any of the employer's members rendered during a prior biennium, the director shall bill such employer for such employer's contribution together with such charges as the director deems appropriate in accordance with RCW 41.50.120. Such billing shall be paid by the employer as, and the same shall be, a proper charge against any moneys available or appropriated to such employer for payment of current biennial payrolls.

NEW SECTION. Sec. 11. (1) Subject to subsections (2) and (3) of this section, the right of a person to a pension, an annuity, or retirement allowance, any optional benefit, any other right accrued or accruing to any person under the provisions of this chapter, the various funds created by this
chapter, and all moneys and investments and income thereof, are hereby exempt from any state, county, municipal, or other local tax, and shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law whatsoever, and shall be unassignable.

(2) This section does not prohibit a beneficiary of a retirement allowance from authorizing deductions therefrom for payment of premiums due on any group insurance policy or plan issued for the benefit of a group comprised of public employees of the state of Washington or its political subdivisions and which has been approved for deduction in accordance with rules that may be adopted by the state health care authority and/or the department. This section also does not prohibit a beneficiary of a retirement allowance from authorizing deductions therefrom for payment of dues and other membership fees to any retirement association or organization the membership of which is composed of retired public employees, if a total of three hundred or more of such retired employees have authorized such deduction for payment to the same retirement association or organization.

(3) Subsection (1) of this section does not prohibit the department from complying with (a) a wage assignment order for child support issued pursuant to chapter 26.18 RCW, (b) an order to withhold and deliver issued pursuant to chapter 74.20A RCW, (c) a notice of payroll deduction issued pursuant to RCW 26.23.060, (d) a mandatory benefits assignment order issued by the department, (e) a court order directing the department of retirement systems to pay benefits directly to an obligee under a dissolution order as defined in RCW 41.50.500(3) which fully complies with RCW 41.50.670 and 41.50.700, or (f) any administrative or court order expressly authorized by federal law.

NEW SECTION. Sec. 12. A member shall not receive a disability retirement benefit under section 105 or 210 of this act if the disability is the result of criminal conduct by the member committed after April 21, 1997.

NEW SECTION. Sec. 13. Any person who knowingly makes any false statements, or falsifies or permits to be falsified any record or records of this retirement system in any attempt to defraud the retirement system as a result of such act, is guilty of a gross misdemeanor.

NEW SECTION. Sec. 14. (1) Any person who was a member of the state-wide city employees’ retirement system governed by chapter 41.44 RCW and who was never reemployed by an employer as defined in RCW 41.40.010 and who is employed by an employer as defined in section 2 of this act, may, in a writing filed with the director, elect to:

(a) Transfer to this retirement system all service currently credited under chapter 41.44 RCW;
(b) Reestablish and transfer to this retirement system all service which was previously credited under chapter 41.44 RCW but which was canceled by discontinuance of service and withdrawal of accumulated contributions as provided in RCW 41.44.190. The service may be reestablished and transferred only upon payment by the member to the employees’ savings fund of this retirement system of the amount withdrawn plus interest thereon from the date of withdrawal until the date of payment at a rate determined by the director. No additional payments are required for service credit described in this subsection if already established under this chapter; and
(c) Establish service credit for the initial period of employment not to exceed six months, prior to establishing membership under chapter 41.44 RCW, upon payment in full by the member of the total employer’s contribution to the benefit account fund of this retirement system that would have been made under this chapter when the initial service was rendered. The payment shall be based on the first month’s compensation earnable as a member of the state-wide city employees’ retirement system and as defined in RCW 41.44.030(13). However, a person who has established service credit under RCW 41.40.010(13) (c) or (d) shall not establish additional credit under this subsection nor may anyone who establishes credit under this subsection establish any additional credit under RCW 41.40.010(13) (c) or (d). No additional payments are required for service credit described in this subsection if already established under this chapter.

(2) The written election must be filed and the payments must be completed in full within one year after employment by an employer.

(3) Upon receipt of the written election and payments required by subsection (1) of this section from any retiree described in subsection (1) of this section, the department shall recompute the retiree’s allowance in accordance with this section and shall pay any additional benefit resulting from such recomputation retroactively to the date of retirement from the system governed by this chapter.
(4) Any person who was a member of the state-wide city employees’ retirement system under chapter 41.44 RCW and also became a member of the public employees’ retirement system established under chapter 41.40 RCW or the Washington school employees’ retirement system established under this chapter, and did not make the election under RCW 41.40.058 or subsection (1) of this section because he or she was not a member of the public employees’ retirement system prior to July 27, 1987, or did not meet the time limitations of RCW 41.40.058 or subsection (2) of this section, may elect to do any of the following:

(a) Transfer to this retirement system all service currently credited under chapter 41.44 RCW;
(b) Reestablish and transfer to this retirement system all service that was previously credited under chapter 41.44 RCW but was canceled by discontinuance of service and withdrawal of accumulated contributions as provided in RCW 41.44.190; and
(c) Establish service credit for the initial period of employment not to exceed six months, prior to establishing membership under chapter 41.44 RCW.

To make the election or elections, the person must pay the amount required under RCW 41.50.165(2) prior to retirement from this retirement system.

NEW SECTION.  Sec. 15.  Any person aggrieved by any decision of the department affecting his or her legal rights, duties, or privileges must, before he or she appeals to the courts, file with the director by mail or personally within sixty days from the day the decision was communicated to the person, a notice for a hearing before the director’s designee.  The notice of hearing shall set forth in full detail the grounds upon which the person considers the decision unjust or unlawful and shall include every issue to be considered by the department, and it must contain a detailed statement of facts upon which the person relies in support of the appeal.  These persons shall be deemed to have waived all objections or irregularities concerning the matter on which the appeal is taken, other than those specifically set forth in the notice of hearing or appearing in the records of the retirement system.

NEW SECTION.  Sec. 16.  Following its receipt of a notice for hearing in accordance with section 15 of this act, a hearing shall be held by the director or a duly authorized representative, in the county of the residence of the claimant at a time and place designated by the director.  Such hearing shall be conducted and governed in all respects by the provisions of chapter 34.05 RCW.

NEW SECTION.  Sec. 17.  Judicial review of any final decision and order by the director is governed by the provisions of chapter 34.05 RCW.

NEW SECTION.  Sec. 18.  No bond of any kind shall be required of a claimant appealing to the superior court, the court of appeals, or the supreme court from a finding of the department affecting the claimant’s right to retirement or disability benefits.

NEW SECTION.  Sec. 19.  (1) Except for any period prior to the member’s employment in an eligible position, a plan II or plan III member who is employed by a school district or districts or an educational service district:

(a) Shall receive a service credit month for each month of the period from September through August of the following year if he or she is employed in an eligible position, earns compensation earnable for eight hundred ten hours or more during that period, and is employed during nine months of that period;
(b) If a member in an eligible position for each month of the period from September through August of the following year does not meet the hours requirements of (a) of this subsection, the member is entitled to one-half service credit month for each month of the period if he or she earns earnable compensation for at least six hundred thirty hours but less than eight hundred ten hours during that period, and is employed nine months of that period;
(c) In all other instances, a member in an eligible position is entitled to service credit months as follows:

(i) One service credit month for each month in which compensation is earned for ninety or more hours;
(ii) One-half service credit month for each month in which compensation is earned for at least seventy hours but less than ninety hours; and
(iii) One-quarter service credit month for each month in which compensation is earned for less than seventy hours.

(2) The department shall adopt rules implementing this section.

**NEW SECTION. Sec. 20.** RCW 43.01.044 shall not result in any increase in retirement benefits. The rights extended to state officers and employees under RCW 43.01.044 are not intended to and shall not have any effect on retirement benefits under this chapter.

**NEW SECTION. Sec. 21.** (1) The annual compensation taken into account in calculating retiree benefits under this system shall not exceed the limits imposed by section 401(a)(17) of the federal internal revenue code for qualified trusts.

(2) The department shall adopt rules as necessary to implement this section.

**NEW SECTION. Sec. 22.** Beginning July 1, 1979, and every year thereafter, the department shall determine the following information for each retired member or beneficiary whose retirement allowance has been in effect for at least one year:

1. The original dollar amount of the retirement allowance;
2. The index for the calendar year prior to the effective date of the retirement allowance, to be known as "index A";
3. The index for the calendar year prior to the date of determination, to be known as "index B"; and
4. The ratio obtained when index B is divided by index A.

The value of the ratio obtained shall be the annual adjustment to the original retirement allowance and shall be applied beginning with the July payment. In no event, however, shall the annual adjustment:

(a) Produce a retirement allowance which is lower than the original retirement allowance;
(b) Exceed three percent in the initial annual adjustment; or
(c) Differ from the previous year’s annual adjustment by more than three percent.

For the purposes of this section, "index" means, for any calendar year, that year’s average consumer price index—Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

**NEW SECTION. Sec. 23.** (1) Upon retirement for service as prescribed in section 103 or 209 of this act or retirement for disability under section 105 or 210 of this act, a member shall elect to have the retirement allowance paid pursuant to one of the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member’s life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree’s accumulated contributions at the time of retirement, then the balance shall be paid to the member’s estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree’s death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree’s legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member’s reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a person nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) of this subsection. If a member is married and both the member and the member’s spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.
If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member’s retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

NEW SECTION. Sec. 24. (1) Except as provided in section 7 of this act, no retiree under the provisions of plan II shall be eligible to receive such retiree’s monthly retirement allowance if he or she is employed in an eligible position as defined in section 2 of this act, RCW 41.40.010 or 41.32.010, or as a law enforcement officer or fire fighter as defined in RCW 41.26.030, except that a retiree who ends his or her membership in the retirement system pursuant to RCW 41.40.023(3)(b) is not subject to this section if the retiree’s only employment is as an elective official.

(2) If a retiree’s benefits have been suspended under this section, his or her benefits shall be reinstated when the retiree terminates the employment that caused his or her benefits to be suspended. Upon reinstatement, the retiree’s benefits shall be actuarially recomputed pursuant to the rules adopted by the department.

(3) The department shall adopt rules implementing this section.

NEW SECTION. Sec. 25. Sections 1 through 24 of this act apply to members of plan II and plan III.

NEW SECTION. Sec. 101. A member of the retirement system shall receive a retirement allowance equal to two percent of such member’s average final compensation for each service credit year of service.

NEW SECTION. Sec. 102. (1) The director may pay a member eligible to receive a retirement allowance or the member’s beneficiary, subject to the provisions of subsection (5) of this section, a lump sum payment in lieu of a monthly benefit if the initial monthly benefit computed in accordance with section 101 of this act would be less than fifty dollars. The lump sum payment shall be the greater of the actuarial equivalent of the monthly benefits or an amount equal to the individual’s accumulated contributions plus accrued interest.

(2) A retiree or a beneficiary, subject to the provisions of subsection (5) of this section, who is receiving a regular monthly benefit of less than fifty dollars may request, in writing, to convert from a monthly benefit to a lump sum payment. If the director approves the conversion, the calculation of the actuarial equivalent of the total estimated regular benefit will be computed based on the beneficiary’s age at the time the benefit initially accrued. The lump sum payment will be reduced to reflect any payments received on or after the initial benefit accrual date.

(3) Persons covered under the provisions of RCW 41.40.625 or subsection (1) of this section may upon returning to member status reinstate all previous service by depositing the lump sum payment received, with interest as computed by the director, within two years of return to service or prior to reretiring, whichever comes first. In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(4) If a member fails to meet the time limitations under subsection (3) of this section, reinstatement of all previous service will occur if the member pays the amount required under RCW 41.50.165(2). The amount, however, shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(5) Only persons entitled to or receiving a service retirement allowance under section 101 of this act or an earned disability allowance under section 105 of this act qualify for participation under this section.

(6) It is the intent of the legislature that any member who receives a settlement under this section shall be deemed to be retired from this system.

NEW SECTION. Sec. 103. (1) NORMAL RETIREMENT. Any member with at least five service credit years who has attained at least age sixty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of section 101 of this act.
(2) EARLY RETIREMENT. Any member who has completed at least twenty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of section 101 of this act, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

NEW SECTION. Sec. 104. The required contribution rates to the retirement system for both members and employers shall be established by the director from time to time as may be necessary upon the advice of the state actuary. The state actuary shall use the aggregate actuarial cost method to calculate contribution rates. The employer contribution rate calculated under this section shall be used only for the purpose of determining the amount of employer contributions to be deposited in the plan II fund from the total employer contributions collected under section 10 of this act.

Contribution rates required to fund the costs of the retirement system shall always be equal for members and employers, except as herein provided. Any adjustments in contribution rates required from time to time for future costs shall likewise be shared equally by the members and employers.

Any increase in the contribution rate required as the result of a failure of an employer to make any contribution required by this section shall be borne in full by the employer not making the contribution.

The director shall notify all employers of any pending adjustment in the required contribution rate and such increase shall be announced at least thirty days prior to the effective date of the change.

Members contributions required by this section shall be deducted from the members compensation earnable each payroll period. The members contribution and the employers contribution shall be remitted directly to the department within fifteen days following the end of the calendar month during which the payroll period ends.

NEW SECTION. Sec. 105. (1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the department upon recommendation of the department shall be eligible to receive an allowance under the provisions of sections 101 through 112 of this act. The member shall receive a monthly disability allowance computed as provided for in section 101 of this act and shall have this allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age sixty-five.

Any member who receives an allowance under the provisions of this section shall be subject to comprehensive medical examinations as required by the department. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by an employer at a comparable compensation, the member shall cease to be eligible for the allowance.

(2) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member’s estate, or the person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no designated person or persons still living at the time of the recipient’s death, then to the surviving spouse, or, if there is no designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

NEW SECTION. Sec. 106. Any member or beneficiary eligible to receive a retirement allowance under the provisions of section 103, 105, or 107 of this act shall be eligible to commence receiving a retirement allowance after having filed written application with the department.

(1) Retirement allowances paid to members under the provisions of section 103 of this act shall accrue from the first day of the calendar month immediately following such member’s separation from employment.

(2) Retirement allowances paid to vested members no longer in service, but qualifying for such an allowance pursuant to section 103 of this act, shall accrue from the first day of the calendar month immediately following such qualification.

(3) Disability allowances paid to disabled members under the provisions of section 105 of this act shall accrue from the first day of the calendar month immediately following such member’s separation from employment for disability.
(4) Retirement allowances paid as death benefits under the provisions of section 107 of this act shall accrue from the first day of the calendar month immediately following the member's death.

NEW SECTION. Sec. 107. (1) Except as provided in RCW 11.07.010, if a member or a vested member who has not completed at least ten years of service dies, the amount of the accumulated contributions standing to such member's credit in the retirement system at the time of such member's death, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's surviving spouse as if in fact such spouse had been nominated by written designation, or if there be no such surviving spouse, then to such member's legal representatives.

(2) If a member who is eligible for retirement or a member who has completed at least ten years of service dies, the surviving spouse or eligible child or children shall elect to receive either:
   (a) A retirement allowance computed as provided for in section 103 of this act, actuarially reduced by the amount of any lump sum benefit identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670 and actuarially adjusted to reflect a joint and one hundred percent survivor option under section 23 of this act and if the member was not eligible for normal retirement at the date of death a further reduction as described in section 103 of this act; if a surviving spouse who is receiving a retirement allowance dies leaving a child or children of the member under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority; if there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike, calculated as herein provided making the assumption that the ages of the spouse and member were equal at the time of the member's death; or
   (b) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670.

(3) If a member who is eligible for retirement or a member who has completed at least ten years of service dies and is not survived by a spouse or an eligible child, then the accumulated contributions standing to the member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:
   (a) To a person or persons, estate, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or
   (b) If there is no such designated person or persons still living at the time of the member's death, then to the member's legal representatives.

NEW SECTION. Sec. 108. (1) A member who is on a paid leave of absence authorized by a member’s employer shall continue to receive service credit as provided for under the provisions of sections 101 through 112 of this act.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member’s leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The compensation earnable reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member’s entire working career for those periods when
a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes both the plan II employer and member contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner; or

(b) If not within five years of resumption of service but prior to retirement, pay the amount required under RCW 41.50.165(2).

The contributions required under (a) of this subsection shall be based on the average of the member’s compensation earnable at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the armed forces of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member’s honorable discharge from the United States armed forces, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the United States armed forces; and

(ii) The member makes the employee contributions required under section 104 of this act within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member’s honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2).

(b) Upon receipt of member contributions under (a)(ii) of this subsection, the department shall establish the member’s service credit and shall bill the employer for its contribution required under section 104 of this act for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

NEW SECTION. Sec. 109. A member who separates or has separated after having completed at least five years of service may remain a member during the period of such member’s absence from service for the exclusive purpose only of receiving a retirement allowance under the provisions of section 103 of this act if such member maintains the member’s accumulated contributions intact.

NEW SECTION. Sec. 110. A member who ceases to be an employee of an employer except by service or disability retirement may request a refund of the member’s accumulated contributions. The refund shall be made within ninety days following the receipt of the request and notification of termination through the contribution reporting system by the employer; except that in the case of death, an initial payment shall be made within thirty days of receipt of request for such payment and notification of termination through the contribution reporting system by the employer. A member who files a request for refund and subsequently enters into employment with another employer prior to the refund being made shall not be eligible for a refund. The refund of accumulated contributions shall terminate all rights to benefits under sections 101 through 112 of this act.

NEW SECTION. Sec. 111. (1) A member, who had left service and withdrawn the member’s accumulated contributions, shall receive service credit for such prior service if the member restores all withdrawn accumulated contributions together with interest since the time of withdrawal as determined by the department.

The restoration of such funds must be completed within five years of the resumption of service or prior to retirement, whichever occurs first.

(2) If a member fails to meet the time limitations of subsection (1) of this section, the member may receive service credit destroyed by the withdrawn contributions if the amount required under RCW 41.50.165(2) is paid.

NEW SECTION. Sec. 112. Sections 101 through 111 and 114 of this act apply only to plan II members.
NEW SECTION. Sec. 113. A new section is added to chapter 41.40 RCW to read as follows:

(1) Effective September 1, 2000, the membership of all plan II members currently employed in eligible positions in a school district or educational service district and all plan II service credit for such members, is transferred to the Washington school employees’ retirement system plan II. Plan II members who have withdrawn their member contributions for prior plan II service may restore contributions and service credit to the Washington school employees’ retirement system plan II as provided under RCW 41.40.740.

(2) The membership and previous service credit of a plan II member not employed in an eligible position on September 1, 2000, will be transferred to the Washington school employees’ retirement system plan II when he or she becomes employed in an eligible position. Plan II members not employed in an eligible position on September 1, 2000, who have withdrawn their member contributions for prior plan II service may restore contributions and service credit to the Washington school employees’ retirement system plan II as provided under RCW 41.40.740.

(3) Members who restore contributions and service credit under subsection (1) or (2) of this section shall have their contributions and service credit transferred to the Washington school employees’ retirement system.

NEW SECTION. Sec. 114. (1) Every plan II member employed by an employer in an eligible position has the option to make an irrevocable transfer to plan III.

(2) All service credit in plan II shall be transferred to the defined benefit portion of plan III.

(3) Any plan II member who wishes to transfer to plan III after February 28, 2001, may transfer during the month of January in any following year, provided that the member earns service credit for that month.

(4) The accumulated contributions in plan II, less fifty percent of any contributions made pursuant to RCW 41.50.165(2) shall be transferred to the member’s account in the defined contribution portion established in chapter 41.34 RCW, pursuant to procedures developed by the department and subject to RCW 41.34.090. Contributions made pursuant to RCW 41.50.165(2) that are not transferred to the member’s account shall be transferred to the fund created in RCW 41.50.075(2), except that interest earned on all such contributions shall be transferred to the member’s account.

(5) The legislature reserves the right to discontinue the right to transfer under this section.

(6) Anyone previously retired from plan II is prohibited from transferring to plan III.

NEW SECTION. Sec. 201. (1) Sections 201 through 213 of this act apply only to plan III members.

(2) Plan III consists of two separate elements: (a) A defined benefit portion covered under this subchapter; and (b) a defined contribution portion covered under chapter 41.34 RCW.

(3) Unless otherwise specified, all references to ”plan III” in this subchapter refer to the defined benefit portion of plan III.

NEW SECTION. Sec. 202. All classified employees who first become employed by an employer in an eligible position on or after September 1, 2000, shall be members of plan III.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member’s leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The earnable compensation reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member’s entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes the contribution on behalf of the employer, plus interest, as determined by the department; and

The department shall establish the member’s service credit and shall bill the employer for its contribution required under section 213 of this act for the period of military service, plus interest as determined by the department. Service credit under this subsection may be obtained only if the member makes the employee contribution to the defined contribution portion as determined by the department.

In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(3) Any member who receives a settlement under this section is deemed to be retired from this system.

NEW SECTION. Sec. 209. (1) NORMAL RETIREMENT. Any member who is at least age sixty-five and who has:

(2) EARLY RETIREMENT. Any member who has attained at least age fifty-five and has completed at least ten years of service shall be eligible to retire and to receive a retirement allowance computed according to the provisions of section 203 of this act, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

Any member who receives an allowance under the provisions of this section shall be subject to comprehensive medical examinations as required by the department. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by an employer at a comparable compensation, the member shall cease to be eligible for the allowance.
(2) If the recipient of a monthly retirement allowance under this section dies, any further benefit payments shall be conditioned by the payment option selected by the retiree as provided in section 23 of this act.

NEW SECTION. Sec. 211. (1) Any member who elects to transfer to plan III and has eligible unrestored withdrawn contributions in plan II, may restore such contributions under the provisions of section 113 of this act with interest as determined by the department. The restored plan II service credit will be automatically transferred to plan III. Restoration payments will be transferred to the member account in plan III. If the member fails to meet the time limitations of section 113 of this act, they may restore such contributions under the provisions of RCW 41.50.165(2). The restored plan II service credit will be automatically transferred to plan III. One-half of the restoration payments under RCW 41.50.165(2) plus interest shall be allocated to the member's account.

If the member fails to meet the time limitations of section 113 of this act, they may subsequently restore such contributions under the provisions of RCW 41.50.165(2). Purchased plan II service credit will be automatically transferred to plan III. One-half of the payments under RCW 41.50.165(2), plus interest, shall be allocated to the member's account.

NEW SECTION. Sec. 212. If a member dies prior to retirement, the surviving spouse or eligible child or children shall receive a retirement allowance computed as provided in section 203 of this act actuarially reduced to reflect a joint and one hundred percent survivor option and if the member was not eligible for normal retirement at the date of death a further reduction as described in section 209 of this act.

If the surviving spouse who is receiving the retirement allowance dies leaving a child or children under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority.

If there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike. The allowance shall be calculated with the assumption that the age of the spouse and member were equal at the time of the member's death.

NEW SECTION. Sec. 213. The required contribution rates to the retirement system for employers shall be established by the director from time to time as may be necessary upon the advice of the state actuary. The state actuary shall use the aggregate actuarial cost method to calculate contribution rates. The employer contribution rate calculated under this section shall be used only for the purpose of determining the amount of employer contributions to be deposited in the plan II fund from the total employer contributions collected under section 10 of this act.

Any increase in the contribution rate required as the result of a failure of an employer to make any contribution required by this section shall be borne in full by the employer not making the contribution.

The director shall notify all employers of any pending adjustment in the required contribution rate and such increase shall be announced at least thirty days prior to the effective date of the change. The employer's contribution shall be remitted directly to the department within fifteen days following the end of the calendar month during which the payroll period ends.

The state actuary shall determine the estimated cost using the same method and procedure as is used in preparing fiscal note costs for the legislature. However, the director may in the director's discretion decline to bill the employer if the amount due is less than fifty dollars. Accounts unsettled within thirty days of the receipt of the billing shall be assessed an interest penalty of one percent of the amount due for each month or fraction thereof beyond the original thirty-day period.

(1) Nothing in this chapter regarding mandatory assignment of benefits to enforce a spousal maintenance obligation shall abridge the right of an obligee to direct payments of retirement benefits to satisfy a property division obligation ordered pursuant to a court decree of dissolution or legal separation or any court order or court-approved property settlement agreement incident to any court decree of dissolution or legal separation as provided in RCW 2.10.180, 2.12.090, 41.04.310, 41.04.320, 41.04.330, 41.26.053, 41.32.052, section 11 of this act, 41.34.070(3), 41.40.052, 43.43.310, or 26.09.138, as those statutes existed before July 1, 1987, and as those statutes exist on and after July 28, 1991. The department shall pay benefits under this chapter in a lump sum or as a portion of periodic retirement payments as expressly provided by the dissolution order. A dissolution order may not order the department to pay a periodic retirement payment or lump sum unless that payment is specifically authorized under the provisions of chapter 2.10, 2.12, 41.26, 41.32, 41-- (sections 1 through 25, 101 through 112, 114, and 201 through 213 of this act), 41.34, 41.40, or 43.43 RCW, as applicable.

(2) The department shall pay directly to an obligee the amount of periodic retirement payments or lump sum payment, as appropriate, specified in the dissolution order if the dissolution order filed with the department pursuant to subsection (1) of this section includes a provision that states in the following form:

If . . . . . . (the obligor) receives periodic retirement payments as defined in RCW 41.50.500, the department of retirement systems shall pay to . . . . . . (the obligee) . . . . . . dollars from such payments or . . . percent of such payments. If the obligor's debt is expressed as a percentage of his or her periodic retirement payment and the obligee does not have a survivorship interest in the obligor's benefit, the amount received by the obligee shall be the percentage of the periodic retirement payment that the obligor would have received had he or she selected a standard allowance.

If . . . . . . (the obligor) requests or has requested a withdrawal of accumulated contributions as defined in RCW 41.50.500, or becomes eligible for a lump sum death benefit, the department of retirement systems shall pay to . . . . . . (the obligee) . . . . . . dollars plus interest at the rate paid by the department of retirement systems on member contributions. Such interest to accrue from the date of this order's entry with the court of record.

(3) This section does not require a member to select a standard allowance upon retirement nor does it require the department to recalculate the amount of a retiree's periodic retirement payment based on a change in survivor option.

(4) A court order under this section may not order the department to pay more than seventy-five percent of an obligor's periodic retirement payment to an obligee.

(5) Persons whose court decrees were entered between July 1, 1987, and July 28, 1991, shall also be entitled to receive direct payments of retirement benefits to satisfy court-ordered property divisions if the dissolution orders comply or are modified to comply with this section and RCW 41.50.680 through 41.50.720 and, as applicable, RCW 2.10.180, 2.12.090, 41.26.053, 41.32.052, section 11 of this act, 41.34.070, 41.40.052, 43.43.310, and 26.09.138.
(6) The obligee must file a copy of the dissolution order with the department within ninety
days of that order’s entry with the court of record.

(7) A division of benefits pursuant to a dissolution order under this section shall be based upon
the obligor’s gross benefit prior to any deductions. If the department is required to withhold a portion
of the member’s benefit pursuant to 26 U.S.C. Sec. 3402 and the sum of that amount plus the amount
owed to the obligee exceeds the total benefit, the department shall satisfy the withholding requirements
under 26 U.S.C. Sec. 3402 and then pay the remainder to the obligee. The provisions of this
subsection do not apply to amounts withheld pursuant to 26 U.S.C. Sec. 3402(i).

Sec. 514. RCW 41.50.790 and 1996 c 175 s 1 are each amended to read as follows:
(1) The department shall designate an obligee as a survivor beneficiary of a member under
RCW 2.10.146, 41.26.460, 41.32.530, 41.32.785, section 23 of this act, 41.40.188, or 41.40.660 if
the department has been served by registered or certified mail with a dissolution order as defined in
RCW 41.50.500 at least thirty days prior to the member’s retirement. The department’s duty to
comply with the dissolution order arises only if the order contains a provision that states in
substantially the following form:
When . . . . . . (the obligor) applies for retirement the department shall designate
. . . . . . . (the obligee) as survivor beneficiary with a . . . . . . survivor benefit.
The survivor benefit designated in the dissolution order must be consistent with the survivor benefit
options authorized by statute or administrative rule.
(2) The obligee’s entitlement to a survivor benefit pursuant to a dissolution order filed with the
department in compliance with subsection (1) of this section shall cease upon the death of the obligee.
(3)(a) A subsequent dissolution order may order the department to divide a survivor benefit
between a survivor beneficiary and an alternate payee. In order to divide a survivor benefit between
more than one payee, the dissolution order must:
(i) Be ordered by a court of competent jurisdiction following notice to the survivor
beneficiary;
(ii) Contain a provision that complies with subsection (1) of this section designating the
survivor beneficiary;
(iii) Contain a provision clearly identifying the alternate payee or payees; and
(iv) Specify the proportional division of the benefit between the survivor beneficiary and the
alternate payee or payees.
(b) The department will calculate actuarial adjustment for the court-ordered survivor benefit
based upon the life of the survivor beneficiary.
(c) If the survivor beneficiary dies, the department shall terminate the benefit. If the alternate
payee predeceases the survivor beneficiary, all entitlement of the alternate payee to a benefit ceases
and the entire benefit will revert to the survivor beneficiary.
(d) For purposes of this section, "survivor beneficiary" means:
(i) The obligee designated in the provision of dissolution filed in compliance with subsection
(1) of this section; or
(ii) In the event of more than one dissolution order, the obligee named in the first decree of
dissolution received by the department.
(e) For purposes of this section, "alternate payee" means a person, other than the survivor
beneficiary, who is granted a percentage of a survivor benefit pursuant to a dissolution order.
(4) The department shall under no circumstances be held liable for not designating an obligee
as a survivor beneficiary under subsection (1) of this section if the dissolution order or amendment
thereof is not served on the department by registered or certified mail at least thirty days prior to the
member’s retirement.
(5) If a dissolution order directing designation of a survivor beneficiary has been previously
filed with the department in compliance with this section, no additional obligation shall arise on the
part of the department upon filing of a subsequent dissolution order unless the subsequent dissolution
order:
(a) Specifically amends or supersedes the dissolution order already on file with the department; and
(b) Is filed with the department by registered or certified mail at least thirty days prior to the
member’s retirement.
(6) The department shall designate a court-ordered survivor beneficiary pursuant to a dissolution order filed with the department before June 6, 1996, only if the order:
   (a) Specifically directs the member or department to make such selection;
   (b) Specifies the survivor option to be selected; and
   (c) The member retires after June 6, 1996.

   (2) If the department determines that due to departmental error a member of plan III has suffered a loss of investment return, the department shall credit to the member’s account from the school employees' retirement system combined plan II and III fund the amount determined by the department as necessary to correct the error.

Beginning on page 14, after line 30, strike all of section 6 and insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 26.23 RCW to read as follows: The federal personal responsibility and work opportunity reconciliation act of 1996, P.L. 104-193, requires states to collect social security numbers as part of the application process for
professional licenses, driver’s licenses, occupational licenses, and recreational licenses. The legislature finds that if social security numbers are accessible to the public, it will be relatively easy for someone to use another’s social security number fraudulently to assume that person’s identity and gain access to bank accounts, credit services, billing information, driving history, and other sources of personal information. Public Law 104-193 could compound and exacerbate the disturbing trend of social security number-related fraud. In order to prevent fraud and curtail invasions of privacy, the governor, through the department of social and health services, shall seek a waiver to the federal mandate to record social security numbers on applications for professional, driver’s, occupational, and recreational licenses. If a waiver is not granted, the licensing agencies shall collect and disclose social security numbers as required under section 7 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 26.23 RCW to read as follows:
In order to prevent fraud and curtail invasions of privacy, the governor, through the department of social and health services, shall seek a waiver to the federal mandate to record social security numbers on applications for professional, driver’s, occupational, and recreational licenses. If a waiver is not granted, the licensing agencies shall collect and disclose social security numbers as required under section 7 of this act.

FOR THE INTERAGENCY COMMITTEE FOR OUTDOOR RECREATION

Washington Wildlife and Recreation Program (98-2-003)

The appropriations in this section for the Washington wildlife and recreation program under chapter 43.98A RCW are subject to the following conditions and limitations:

(1) $22,500,000 of the state building construction account appropriation shall be deposited in the habitat conservation account and is hereby appropriated from the habitat conservation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW.

(2) $20,000,000 of the state building account appropriation and $2,500,000 from the aquatic lands enhancement account appropriation shall be deposited in the outdoor recreation account, and $22,500,000 is hereby appropriated from the outdoor recreation account to the interagency committee for outdoor recreation for the fiscal biennium ending June 30, 1999, for the Washington wildlife and recreation program under chapter 43.98A RCW. Funds from the aquatic lands enhancement account appropriation shall be distributed to eligible water access projects under RCW 43.98A.050.

(3) The new appropriations in this section are provided for the approved list of projects included in LEAP CAPITAL DOCUMENT NO. 98-6 as developed on April 15, 1997, at 10:00 a.m., LEAP CAPITAL DOCUMENT NO. 99-1 as adopted on February 23, 1998, at 10:00 a.m., the pilot watershed plan implementation program under subsection (6) of this section, and for other projects approved by the legislature under RCW 43.98A.080 referencing this section.

(4) No moneys from the appropriations in this section may be spent on the Rocky Reach trailway project until an agreement with affected property owners has been reached.

(5) The legislature finds that, since the inception of the Washington wildlife and recreation program, over eighty-five percent of the moneys provided for the state parks category has been used for acquisition of property, and that demands for recreational facilities in state parks require that increased funding be devoted to development projects. The committee and the state parks and recreation commission shall ensure that at least forty percent of new funding provided for the state parks category during the 1997-99 biennium be allocated to development projects.

(6) $4,000,000 of the habitat conservation account appropriation from the unallocated portion of the fund distribution under RCW 43.98A.040(1)(d) is provided solely for matching grants for riparian zone habitat protection projects that implement watershed plans pursuant to this subsection. The interagency committee for outdoor recreation shall develop a pilot watershed plan implementation program within the Washington wildlife and recreation program. The program shall provide matching grants to eligible agencies for implementation of riparian zone habitat protection projects within watershed restoration plans under RCW 89.08.460(1), watershed action plans developed pursuant to rules adopted by the Puget Sound water quality action team, or plans developed pursuant to chapter 442, Laws of 1997. Projects shall have a useful life of at least thirty years. Eligible agencies include conservation districts, counties, cities, and private nonprofit land trust or nature conservancy organizations. Projects eligible for funding under this section include acquisition of land using less-than-fee-simple instruments such as conservation easements and purchase of development rights; and habitat restoration and enhancement projects on such lands including fencing and revegetation of native
trees and shrubs that enhance the long-term habitat values of protected lands. The committee shall develop an application process and project eligibility and evaluation criteria in consultation with the state conservation commission. The committee shall report to the appropriate committees of the legislature on the implementation of the pilot matching grant program. A preliminary status report shall be submitted by January 1, 1998, and a final report by January 1, 1999.

(7) Up to $400,000 of the reappropriations in this section is provided to develop an inventory of all lands in the state owned by federal agencies, state agencies, local governments, and Indian tribes. The committee shall develop the inventory in a computer database format that will facilitate the sharing and reporting of inventory data and provide options for future updates. The inventory shall include, at a minimum, the following information: Owner, location, acreage, and principal use. The inventory shall also include resource-based information for state and federally-owned recreation and habitat lands. The committee shall submit a status report on the inventory to the appropriate committees of the legislature by January 1, 1999, and a final report by January 1, 2000.

(8) All land acquired by a state agency with moneys from these appropriations shall comply with class A, B, and C weed control provisions of chapter 17.10 RCW.

MAJORITY recommendation: Do pass as amended by Committee on Education (For amendment, see Journal 47th Day, February 27, 1998) as such amendment is amended by Committee on Appropriations.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the ability to read fluently, accurately, and with comprehension is critical to success in school and in life. Research has found that reading instruction in the early grades must consist of a comprehensive program that builds upon the firm foundational skills of phonemic awareness, decoding, and reading comprehension, to provide students with the skills necessary to engage in rich literature activities, and further develop thinking and application skills. Schools and school districts should review their reading programs to verify they are using a comprehensive approach to teaching reading.

The role of professional development in supporting and sustaining a high-quality teaching force is critical. The legislature finds that many primary grade teachers would benefit from additional professional development instruction in beginning reading skills and access to current information
regarding research-based, scientifically proven instructional strategies to assist students in meeting the benchmarks established for the essential academic learning requirements.

The legislature also recognizes that when students are experiencing difficulties in advancing their reading skills, the use of volunteers to provide individualized tutoring and mentoring to those students will improve students' ability to overcome those difficulties and increase their reading achievement.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.415 RCW to read as follows:

Schools interested in providing assistance to improve student learning in reading may apply for the following opportunities to provide professional development in beginning reading instructional strategies and related instructional materials and to implement volunteer tutoring programs for students throughout their school.

(1) To the extent funds are appropriated in accordance with this section, elementary schools interested in providing professional development and the purchase of related instructional materials in accordance with (a) of this subsection for certificated instructional staff that provide direct instructional services to students in kindergarten, first, and second grade may apply for and receive funding from the superintendent of public instruction. The application for funding shall be limited to:

(a) Verification that the intended professional development and related instructional materials include primary emphasis on the following beginning reading skills:

(i) Phonemic awareness strategies;
(ii) Explicit and systematic decoding instruction and how to assess a student's ability to decode;
(iii) Explicit spelling instruction;
(iv) Explicit instruction in reading comprehension strategies; and
(v) Research findings on the skills needed by beginning and proficient readers, and how beginning reading skills are acquired; and

(b) Verification that grant funds expended in accordance with this section will not be used for staff development, intervention, or remediation programs.

(2) The training in reading instruction shall be provided by public or private nonsectarian contractors that provide training in the methods defined in this section. Priority for reading instruction grants shall be given to those schools in which less than one-quarter of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom quartile for the previous three years. Priority shall then be given to those schools in which less than one-third of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom third for the previous three years. Priority shall then be given to schools in which one-half of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom half for the previous three years.

(3) Reading instruction grants provided under subsection (1) of this section may be used to provide additional professional development materials for interested school principals and classroom volunteers providing assistance in kindergarten, first, and second grades, interested in attending the professional development opportunity identified in this section.

(4) An elementary school receiving funding in accordance with this section shall certify and provide documentation to the superintendent of public instruction that funds received were expended for professional development and related materials in accordance with this section.

(5) Schools or school districts that received funds under RCW 28A.300.330 are not eligible to apply for funding in accordance with subsection (1) of this section.

(6) The definitions in this section apply throughout this section unless the context clearly requires otherwise.

(a) "Phonemic awareness instruction" means teaching awareness of letter sounds, and segmenting and blending phonemes, syllables, and words in a sequential progression.

(b) "Explicit systematic decoding instruction" means direct, sequential teaching of how to read words fluently and automatically that includes instruction in letter-sound correspondences, letter
combinations, multisyllabic words, blending, and structural elements, and initially incorporates the use of decodable text. "Explicit systematic decoding instruction" does not include the use of context and syntax as word identification strategies in teaching beginning reading skills.

(c) "Decodable text" means connected text containing a high percentage of words that provide practice on the letter-sound correspondences and letter combinations previously taught.

(d) "Diagnosis of a student’s ability to decode" means regularly assessing the student’s mastery of word recognition, fluency and automaticity, and word analysis in order to plan future instructional activities.

(e) "Explicit and systematic instruction in spelling" means teaching a logical scope and sequence of word knowledge, spelling patterns, syllabication, and frequently used words connected to the sequence used in reading and writing instruction.

(f) "Instruction in reading comprehension skills" means explicit, systematic teaching of vocabulary development, text structure, context, syntax, and syntactic patterns, including but not limited to, strategies for higher order thinking skills such as interpretation, summarization, prediction, clarification, and question generation.

(7) To the extent funds are appropriated in accordance with this section, elementary schools interested in providing teacher training in the use of volunteer tutors and mentors to assist struggling readers in kindergarten through fourth grade may apply for grants from the superintendent of public instruction for volunteer tutoring and mentoring programs that are research based and have proven effectiveness in improving student reading performance. The programs must include the following elements:

(a) Teacher training in program planning and in the use of classroom volunteers;

(b) Training for tutor and mentor volunteers in working with students to overcome reading difficulties before their participation in the program;

(c) An established goal for a minimum number of volunteer contact hours for students to receive individual instruction per week;

(d) An established goal for a minimum number of volunteer contact hours during normal school hours for students to receive individual instruction per week;

(e) Teacher training in recruiting and retaining tutor and mentor volunteers for reading instruction; and

(f) A plan to assess student reading performance before entering the program and upon exit or at the end of the year as appropriate. The results must be compiled and reported to the superintendent of public instruction. The superintendent of public instruction shall provide a preliminary report to the legislature by March 1, 1999, and a final report to the legislature by December 1999 on the effectiveness of the various programs.

(8) By April 15th, the superintendent of public instruction shall notify all school districts that the funds under this section are available. Funding provided must be available to schools no later than June 1, 1998. Elementary schools may apply and become eligible for both funding opportunities.

(9) Teachers participating in the programs will receive a stipend from the funds.

(10) This section expires July 30, 2005.

NEW SECTION. Sec. 3. This act may be known and cited as the successful readers act.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 1998, in the omnibus appropriations act, this act is null and void.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

ESSB 6515 Prime Sponsor, Senate Committee on Energy & Utilities: Regulating franchises and the use of public rights of way. Reported by Committee on Transportation Policy & Budget

MAJORITY recommendation: Do pass as amended by Committee on Transportation Policy & Budget and without amendment by Committee on Energy & Utilities.

On page 1, beginning on line 7 of the amendment, strike the entire amendment and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the federal telecommunications act of 1996 has provided the opportunity to expand the uses of publicly owned rights of way to allow for the provision of enhanced telecommunications services. Presently, providers of these services are confronted with differing development regulations and franchise requirements across this state’s two hundred seventy-seven cities and thirty-nine counties. The legislature finds the array of varying regulations and requirements to be a significant barrier to enhancing the telecommunications services to the citizens of the state, and desires more uniformity and reasonableness in the application of these regulations. However, states that have recently enacted laws relating to the use of public rights of way for telecommunications services have been challenged in court. Court decisions and relevant federal communications commission rulings will be issued after the legislature adjourns. Therefore, the most prudent course of action requires further work and cooperation between public policymakers, government administrators, and the telecommunications industry to effectuate the policy of this state.

(2) The legislature hereby declares it the policy of the state of Washington to: Encourage the development of telecommunications infrastructure without violating the letter or spirit of Article VIII, sections 5 and 7 of the state Constitution; reduce regulatory obstacles that inhibit investment in the state’s telecommunications system; maintain safe public roads, highways, and streets; and provide responsible stewardship of the public’s investment in its rights of way.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout chapter . . ., Laws of 1998 (this act).

(1) "Authorized facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

(2) "Authorized user" means every corporation, company, association, joint stock association, partnership, and person, their lessees, trustees, or receivers appointed by any court whatsoever, and every city or town owning, operating, or managing any facilities used to provide telecommunications for hire, sale, or resale to the general public within this state.

(3) "Cable television service" means the one-way transmission to subscribers of video programming or other programming service and subscriber interaction, if any, which is required for the selection of use of such video programming or other programming service.
"Limited access highways" means those public rights of way designated as limited access under authority of the laws of the state of Washington.

"Public right of way" means roads, streets, and highways, and does not include:

(a) Limited access highways;
(b) Unopened, unimproved land dedicated for roads, streets, and highways;
(c) Structures located within the right of way;
(d) Federally granted trust lands and the forest board trust lands;
(e) Federally granted railroad rights of way acquired under 43 U.S.C. Sec. 912 and related provisions of federal law; and
(f) Lands owned or managed by the state parks and recreation commission.

"Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for the general public. For the purpose of chapter . . . ., Laws of 1998 (this act), telecommunications services excludes the over-the-air transmission of broadcast television or radio signals. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols.

Representative McMorris moved the adoption of amendment (1036):

On page 1, after line 4, insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to clarify requirements related to unemployment compensation for employees at educational institutions.

The legislature finds that, unless clarified, Washington’s unemployment compensation law may be out of conformity with the federal unemployment tax act, which finding poses a significant economic risk to the state’s private employers and to the administration of the state’s unemployment insurance system. It is the intent of the legislature, by the 1998 chapter . . . amendments to RCW 50.44.050 and 50.44.053 (sections 1 and 2 of this act), to bring Washington’s unemployment compensation law into conformity with federal law in these areas of concern.

The legislature finds that some instructional staff at the state’s educational institutions receive an appointment of employment for an indefinite period while others may face circumstances that do not provide a reasonable expectation of employment during an ensuing academic year or term.

Therefore, it is the intent of the legislature that the employment security department continue to make determinations of educational employees’ eligibility for unemployment compensation for the period between academic years or terms based on a finding of reasonable assurance that the employee will have employment for the ensuing academic year or term and that the determination in each employee’s case is made on an individual basis, consistent with federal guidelines. This determination must take into consideration contingencies that may exist in fact in an individual case. The 1998 chapter . . . amendment to RCW 50.44.053 (section 2 of this act) is not intended to change the practice used by the employment security department when determining reasonable assurance. If, during fact-finding, there is a disagreement about whether an individual has reasonable assurance, the educational institution must provide documentation that reasonable assurance exists for that individual."

On page 3, after line 15, insert the following:

"NEW SECTION. Sec. 3. 1995 c 296 s 4 (uncodified) is repealed."

Renumber the remaining sections consecutively, correct any internal references accordingly and correct the title.

COLLOQUY
Representative Conway: Will this bill result in a significant change in the eligibility of part
time community and technical college faculty members for unemployment insurance?

Representative McMorris: No. Under this bill, the Employment Security Department will
continue to make individual eligibility determinations that include consideration of contingencies and
their effect on assurances of future work.

REPORTS OF STANDING COMMITTEES

March 3, 1998

ESSB 6533 Prime Sponsor, Committee on Ways & Means: Providing property tax exemptions and deferrals for senior citizens and persons retired for reasons of physical disability. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.36.381 and 1996 c 146 s 1 are each amended to read as follows:
A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:
(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:
   (a) The residence is temporarily unoccupied;
   (b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or
   (c) The residence is rented for the purpose of paying nursing home or hospital costs;
(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by
cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be
deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December
31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired
from regular gainful employment by reason of physical disability: PROVIDED, That any surviving
spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the
surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this
section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on
the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the
exemption was retired for two months or more of the assessment year, the combined disposable income
of such person shall be calculated by multiplying the average monthly combined disposable income of
such person during the months such person was retired by twelve. If the income of the person claiming
exemption is reduced for two or more months of the assessment year by reason of the death of the
person's spouse, or when other substantial changes occur in disposable income that are likely to
continue for an indefinite period of time, the combined disposable income of such person shall be
calculated by multiplying the average monthly combined disposable income of such person after such
occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the
assessor may require confirming documentation of such income prior to May 31 of the year following
application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable
income of twenty-eight thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable
income of ((eighteen)) nineteen thousand dollars or less but greater than ((fifteen)) sixteen thousand
dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty
percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation
of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income
of ((fifteen)) sixteen thousand dollars or less shall be exempt from all regular property taxes on the
greater of thirty-four thousand dollars or fifty percent of the valuation of his or her residence; and

(6) For a person who otherwise qualifies under this section and has a combined disposable
income of twenty-eight thousand dollars or less, the valuation of the residence shall be the assessed
value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person
first qualifies under this section. If the person subsequently fails to qualify under this section only for
one year because of high income, this same valuation shall be used upon requalification. If the person
fails to qualify for more than one year in succession because of high income or fails to qualify for any
other reason, the valuation upon requalification shall be the assessed value on January 1st of the
assessment year in which the person requalifies. If the person transfers the exemption under this
section to a different residence, the valuation of the different residence shall be the assessed value of the
different residence on January 1st of the assessment year in which the person transfers the
exemption.

In no event may the valuation under this subsection be greater than the true and fair value of
the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which
the improvements are made. Subsequent improvements to the property shall be added to the value
otherwise determined under this subsection at their true and fair value in the year in which they are
made.

Sec. 2. RCW 84.36.383 and 1995 1st sp.s. c 8 s 2 are each amended to read as follows:

person claiming exemption can establish that his or her share represents the specific unit or portion of
such structure in which he or she resides. The term shall also include a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080 and 84.04.090, such a residence shall be deemed real property.

(c) Amounts deducted for depreciation;

(d) Pension and annuity receipts;

(e) Military pay and benefits other than attendant-care and medical-aid payments;

(f) Veterans benefits other than attendant-care and medical-aid payments;

(g) Federal social security act and railroad retirement benefits;

(h) Dividend receipts; and

(i) Interest received on state and municipal bonds.

(6) "Cotenant" means a person who resides with the person claiming the exemption and who has an ownership interest in the residence.

Sec. 3. RCW 84.38.020 and 1997 c 93 s 1 are each amended to read as follows:

Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a person who either elects or is required under RCW 84.64.050 to defer payment of the special assessments and/or real property taxes accrued on the claimant’s residence by filing a declaration to defer as provided by this chapter.

When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

"LEGISLATIVE INTENT FOR 1998 TRANSPORTATION BUDGET

NEW SECTION. Sec. 1. PURPOSE OF ENHANCED STATE AND LOCAL TRANSPORTATION FUNDING PROGRAM. (1) The legislature finds and declares that it is essential for the economic, social and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient and effective transportation system.
(2) This act provides funding, beyond that already provided in the 1997-99 biennium, from currently available revenue that is needed to prepare for and advance the timely construction of essential transportation projects and improve transportation services in preparation for meeting the following objectives:
(a) Investment strategies that deal equitably with the transportation needs of both eastern and western Washington and local governments, critical to maintaining and expanding essential multimodal, motorized and nonmotorized, urban, suburban and rural transportation programs and systems;
(b) Cost-effective funding strategies that address the most critical state-wide transportation needs for: Highway congestion relief, economic development and freight mobility, highway safety and bridge improvements, flood mitigation and fish passages, local government funding, ferry system capital improvements, and passenger and freight rail capital improvements; and
(c) Greater reliance on funding partnerships between the public and private sectors to leverage the state’s investment and assign transportation project costs to the entities to which benefits accrue.
(3) State and federal fiscal constraints have resulted in sprinkling limited resources over a wide variety of costly, critical transportation needs. This fragmented approach has hindered the development of a multimodal, state-wide system; failed to address regional transportation improvements essential to addressing congestion, expanding local economies, and maintaining environmental quality; and created competition for transportation dollars among various public beneficiaries. A legislative solution that addresses long-term funding for critical transportation priorities is highly dependent on public and private stakeholders coalescing to: Identify and prioritize those critical elements that must be addressed if the state is to continue to provide a transportation system that offers the level of safe, unfettered travel and economic and environmental well-being Washington’s citizens expect and deserve; develop a funding strategy for the future that provides
adequacy and reliability; and develop policy and program changes that will ensure the timely, cost-effective delivery of transportation programs, projects, and services.

The appropriations in this section are subject to the following conditions and limitations and specified amounts are provided solely for that activity:

1. In order to meet the growing demand for services the legislative transportation committee shall seek accountability and efficiencies within transportation agency programs through in-depth program evaluations. These program evaluations shall consider:
   a. Whether or not strategic planning and performance-based budgeting is a preferable planning and budgeting tool to the current incremental budgeting process for agency administrative programs and capital program budgeting;
   b. How the programs are performing currently and how service would be affected at different funding levels using performance measures; and
   c. What decision-making tools aid with the budgeting and oversight of these programs, such as tools developed during the maintenance accountability program (MAP) conducted by the legislative transportation committee during the 1995-97 biennium.

2. In consultation with other legislative committees, the legislative transportation committee shall study ways to enhance budget development tools and presentation documents that will better illustrate agencies’ full appropriation authority and the intended outcomes of the appropriation.

3. The legislative transportation committee shall conduct an evaluation of services provided by the county road administration board, the transportation improvement board and the TransAid division within the department of transportation. The evaluation shall assess whether consolidation of any of these activities will result in efficiencies and improved service delivery. The evaluation shall also assess the funding structure of these organizations to determine whether there are any benefits gained from a more simplified structure. The evaluation shall also assess other funding authorities to see if there is potential for further expansion of these revenues. The committee shall report its findings and recommendations to the 1998 legislature and, if needed, prepare legislation to implement those recommendations. $150,000 of the motor vehicle fund--state appropriation is provided for this evaluation.

4. The legislative transportation committee, in cooperation with the house appropriations committee, the senate ways and means committee, and the office of financial management, shall study and report to the legislature its findings regarding the process and procedures for calculation, determination, and collection of the amounts of motor vehicle excise tax (MVET) collected on the sale or lease of motor vehicles in this state. The report must also include a status report as to the progress and feasibility of using third party information providers or using private vendors to collect the MVET. $200,000 of the transportation fund--state appropriation is provided for this evaluation including the use of a consultant. This $200,000 amount is null and void if an appropriation for this activity is enacted in any other appropriations bill by June 30, 1997.

5. During the 1998 interim, the legislative transportation committee shall conduct a study relating to interagency reimbursements, cost allocations, debt service authorizations, and other budget accountability issues.
(6) The legislative transportation committee shall study and report to the legislature its findings regarding the design-build method of contracting. The report shall include findings as to opportunities where it might be appropriate to use design-build, the type of process to be used, and the budget savings potential to the state from the design-build method of contracting.

(7) The legislative transportation committee shall study the economic and transportation impact of a draw-down of the Columbia/Snake river. At a minimum, the study should address the following issues: (a) Impacts on alternate transportation modes: State and local road deterioration, congestion, safety, rail, and truck capacity; (b) impacts to producers, growers, and shippers, such as access to markets and transportation costs; (c) impacts to river, such as transportation, jobs, and businesses; and (d) impacts on the state’s export sales.

"NEW SECTION. Sec. 1. The legislature, in fulfilling its role as stated in the state Constitution, namely, that "It is the paramount duty of the state to make ample provision for the education of all children residing within its borders...", finds that families with children enrolled in approved private schools are an integral part of fulfilling the state's educational mission.

The legislature further recognizes that a significant percentage of students attend approved private schools and frequently move between the state's publicly and privately funded schools. The parents of these children are subject to taxes and levies to fulfill the education provided through our common schools. In addition, these parents pay for student learning materials their child uses in the approved private school that would be free of additional charge in the common school. In acknowledgement of this additional burden and in recognizing the role of our state's approved private schools in helping to fulfill the constitutional mandate to provide a basic education to our children, the legislature recognizes the need for equalization. The sole purpose of this act is to assist children, not schools.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.195 RCW to read as follows:

Students attending state-approved private schools may receive loaned learning materials from the local school district in which the private school is located. To provide these materials to students, approved private schools shall submit annual requests for learning materials to the local school district in which the private school is located. The local school district may provide through a loan agreement the learning materials in accordance with the following guidelines:
(1) Learning materials support shall not be limited, in any way, based on a student’s economic status.
(2) Learning materials eligible for loan shall be limited to textbooks.
(3) The local school district shall not loan learning materials that are not available to the school district at the time of the request.
(4) The local school district shall not loan learning materials that the local school district needs to educate public school students at the time of the request.
(5) Only textbooks listed on the official adoption list of the local school district are eligible.
(6) Loaned learning materials shall neither promote nor deter sectarian or religious activities of the private school.
(7) No approved private school may be required to participate in learning materials support provided by the state.
(8) Only students who attend state-approved private schools are eligible for learning materials support.
(9) Student learning materials designed for religious instruction are not eligible for learning materials support.
(10) No laws or rules may be added beyond those already in existence as of January 1, 1998, that have a direct or indirect impact on the autonomy of the private school as a result of the student’s receipt of learning materials support.
(11) The office of the superintendent of public instruction shall adopt guidelines for effective implementation of this section.
(12) To assist the state, the office of the superintendent of public instruction may identify currently existing, nonsectarian, state-wide private school organizations to serve as the liaison with the state for eligible private schools whose students are receiving or are interested in receiving loaned learning materials.
(13) Student learning materials loaned to students attending private schools under this section shall, at all times, be considered the property of the local school district.

NEW SECTION. Sec. 3. This act takes effect September 1, 1998.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.64.005 and 1993 c 221 s 1 are each amended to read as follows:

The legislature finds that there is a need to establish a clear and understandable process that provides for the proper and effective management of dairy wastewater nutrients that affect the quality of surface or ground waters in the state of Washington. The legislature finds that there is a need for a program that will provide a stable and predictable business climate upon which dairy farms may base future investment decisions.

The legislature finds that federal regulations require a permit program for dairies with over seven hundred head of mature cows and, other specified dairy farms that directly discharge into waters or are otherwise significant contributors of pollution. The legislature finds that significant work has been ongoing over a period of time and that the intent of this chapter is to take the consensus that has been developed and place it into statutory form.

It is also the intent of this chapter to establish an inspection and technical assistance program for dairy farms to address the discharge of pollution to surface and ground waters of the state that will lead to water quality compliance by the industry. A further purpose is to create a balanced program involving technical assistance, regulation, and enforcement with coordination and oversight of the program by a committee composed of industry, agency, and other representatives. Furthermore, it is the objective of this chapter to maintain the administration of the water quality program as it relates to dairy operations at the state level.

It is also the intent of this chapter to recognize the existing working relationships between conservation districts, the conservation commission, and the department of ecology in protecting water quality of the state. A further purpose of this chapter is to provide statutory recognition of the coordination of the functions of conservation districts, the conservation commission, and the department of ecology pertaining to development of dairy waste management plans for the protection of water quality.

Sec. 2. RCW 90.64.010 and 1993 c 221 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Advisory and oversight committee" means a balanced committee of agency, dairy farm, and interest group representatives convened to provide oversight and direction to the dairy nutrient management program.

(2) "Bypass" means the intentional diversion of waste streams from any portion of a treatment facility.

(3) "Catastrophic" means a tornado, hurricane, earthquake, flood, or other extreme condition that causes an overflow from a required waste retention structure.

(4) "Certification" means:

(a) The acknowledgment by a local conservation district that a dairy producer has constructed or otherwise put in place the elements necessary to implement his or her dairy nutrient management plan; and

(b) The acknowledgment by a dairy producer that he or she is managing dairy nutrients as specified in his or her approved dairy nutrient management plan.

(5) "Chronic" means a series of wet weather events that precludes the proper operation of a dairy nutrient management system that is designed for the current herd size.

(6) "Conservation commission" or "commission" means the conservation commission under chapter 89.08 RCW.
"Conservation districts" or "district" means a subdivision of state government organized under chapter 89.08 RCW.

"Concentrated dairy animal feeding operation" means a dairy animal feeding operation subject to regulation under this chapter which the director designates under RCW 90.64.020 or meets the following criteria:

(a) Has more than seven hundred mature dairy cows, whether milked or dry cows, that are confined; or
(b) Has more than two hundred head of mature dairy cattle, whether milked or dry cows, that are confined and either:
   (i) From which pollutants are discharged into navigable waters through a manmade ditch, flushing system, or other similar manmade device; or
   (ii) From which pollutants are discharged directly into surface or ground waters of the state that originate outside of and pass over, across, or through the facility or otherwise come into direct contact with the animals confined in the operation.

"Dairy animal feeding operation" means a lot or facility where the following conditions are met:

(a) Dairy animals that have been, are, or will be stabled or confined and fed for a total of forty-five days or more in any twelve-month period; and
(b) Crops, vegetation forage growth, or postharvest residues are not sustained in the normal growing season over any portion of the lot or facility. Two or more dairy animal feeding operations under common ownership are considered, for the purposes of this chapter, to be a single dairy animal feeding operation if they adjoin each other or if they use a common area for land application of wastes.

"Dairy farm" means any farm that is licensed to produce milk under chapter 15.36 RCW.

"Dairy nutrient" means any organic waste produced by dairy cows or a dairy farm operation.

"Dairy nutrient management plan" means a plan meeting the requirements established under section 6 of this act.

"Dairy nutrient management technical assistance team" means one or more professional engineers and local conservation district employees convened to serve one of four distinct geographic areas in the state.

"Dairy producer" means a person who owns or operates a dairy farm.

"Department" means the department of ecology under chapter 43.21A RCW.

"Director" means the director of the department of ecology, or his or her designee.

"Upset" means an exceptional incident in which there is an unintentional and temporary noncompliance with technology-based permit effluent limitations because of factors beyond the reasonable control of the dairy. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventive maintenance, or careless or improper operation.

"Violation" means the following acts or omissions:

(a) A discharge of pollutants into the waters of the state, except those discharges that are due to a chronic or catastrophic event, or to an upset as provided in 40 C.F.R. Sec. 122.41, or to a bypass as provided in 40 C.F.R. Sec. 122.41, and that occur when:
   (i) A dairy producer has a current national pollutant discharge elimination system permit with a wastewater system designed, operated, and maintained for the current herd size and that contains all process-generated wastewater plus average annual precipitation minus evaporation plus contaminated storm water runoff from a twenty-five year, twenty-four hour rainfall event for that specific location, and the dairy producer has complied with all permit conditions, including dairy nutrient management plan conditions for appropriate land application practices; or
   (ii) A dairy producer does not have a national pollutant discharge elimination system permit, but has complied with all of the elements of a dairy nutrient management plan that: Prevents the discharge of pollutants to waters of the state, is commensurate with the dairy producer’s current herd size, and is approved and certified under section 6 of this act;
(b) Failure to register as required under section 3 of this act; or
(c) The lack of an approved dairy nutrient management plan by July 1, 2002; or
NEW SECTION. Sec. 3. (1) Every dairy producer licensed under chapter 15.36 RCW shall register with the department by September 1, 1998, and shall reregister with the department by September 1st of every even-numbered year. Every dairy producer licensed after September 1, 1998, shall register with the department within sixty days of licensing. The purpose of registration is to provide and update baseline information for the dairy nutrient management program.

(2) To facilitate registration, the department shall obtain from the food safety and animal health division of the department of agriculture a current list of all licensed dairy producers in the state and mail a registration form to each licensed dairy producer no later than July 15, 1998.

(3) At a minimum, the form shall require the following information as of the date the form is completed:
   (a) The name and address of the operator of the dairy farm;
   (b) The name and address of the dairy farm;
   (c) The telephone number of the dairy farm;
   (d) The number of cows in the dairy farm;
   (e) The number of young stock in the dairy farm;
   (f) The number of acres owned and rented in the dairy farm;
   (g) Whether the dairy producer, to the best of his or her knowledge, has a plan for managing dairy nutrient discharges that is commensurate with the size of his or her herd, and whether the plan is being fully implemented; and
   (h) If the fields where dairy nutrients are being applied belong to someone other than the dairy producer whose farm operation generated the nutrients, the name, address, and telephone number of the owners of the property accepting the dairy nutrients.

(4) In the mailing to dairy producers containing the registration form, the department shall also provide clear and comprehensive information regarding the requirements of this chapter.

(5) The department shall require the registrant to provide only information that is not already available from other sources accessible to the department, such as dairy licensing information.

NEW SECTION. Sec. 4. Before October 1, 1998, the department and conservation commission shall jointly sponsor and hold an educational workshop for conservation districts from around the state. The purpose of the workshop is to inform local conservation districts about the requirements of this chapter, and for local conservation districts, the conservation commission, and the department to clearly understand their respective roles and responsibilities in carrying out these requirements.

NEW SECTION. Sec. 5. (1) By October 1, 1998, the department shall initiate an inspection program of all dairy farms in the state. The purpose of the inspections is to:
   (a) Survey for evidence of violations;
   (b) Identify corrective actions for actual or imminent discharges that violate or could violate the state's water quality standards;
   (c) Monitor the development and implementation of dairy nutrient management plans; and
   (d) Identify dairy producers who would benefit from technical assistance programs.

(2) Local conservation district employees may, at their discretion, accompany department inspectors on any scheduled inspection of dairy farms except random, unannounced inspections.

(3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also conduct such additional inspections as are necessary to ensure compliance with state and federal water quality requirements, provided that all licensed dairy farms shall be inspected once within two years of the start of this program. The department, in consultation with the advisory and oversight committee established in section 8 of this act, shall develop performance-based criteria to determine the frequency of inspections.

(4) Dairy farms shall be prioritized for inspection based on the development of criteria that include, but are not limited to, the following factors:
   (a) Existence or implementation of a dairy nutrient management plan;
   (b) Proximity to impaired waters of the state; and
   (c) Proximity to all other waters of the state. The criteria developed to implement this subsection (4) shall be reviewed by the advisory and oversight committee.
NEW SECTION. Sec. 6. (1) Except for those producers who already have a certified dairy nutrient management plan as required under the terms and conditions of an individual or general national pollutant discharge elimination system permit, all dairy producers licensed under chapter 15.36 RCW, regardless of size, shall prepare a dairy nutrient management plan. If at any time a dairy nutrient management plan fails to prevent the discharge of pollutants to waters of the state, it shall be required to be updated.

(2) By November 1, 1998, the conservation commission, in conjunction with the advisory and oversight committee established under section 8 of this act shall develop a document clearly describing the elements that a dairy nutrient management plan must contain to gain local conservation district approval.

(3) In developing the elements that an approved dairy nutrient management plan must contain, the commission may authorize the use of other methods and technologies than those developed by the natural resources conservation service when such alternatives have been evaluated by the advisory and oversight committee. Alternative methods and technologies shall meet the standards and specifications of:

(a) The natural resources conservation service as modified by the geographically based standards developed under section 10 of this act; or

(b) A professional engineer with expertise in the area of dairy nutrient management.

(4) In evaluating alternative technologies and methods, the principal objectives of the committee’s evaluation shall be determining:

(a) Whether there is a substantial likelihood that, once implemented, the alternative technologies and methods would not violate water quality requirements;

(b) Whether more cost-effective methods can be successfully implemented in some or all categories of dairy operations; and

(c) Whether the technologies and methods approved or provided by the natural resources conservation service for use by confined animal feeding operations are necessarily required for other categories of dairy operations.

In addition, the committee shall encourage the conservation commission and the conservation districts to apply in dairy nutrient management plans technologies and methods that are appropriate to the needs of the specific type of operation and the specific farm site and to avoid imposing requirements that are not necessary for the specific dairy producer to achieve compliance with water quality requirements.

(5) Such plans shall be submitted for approval to the local conservation district where the dairy farm is located, and shall be approved by conservation districts no later than by July 1, 2002. The conservation commission, in conjunction with conservation districts, shall develop a state-wide schedule of plan development and approval to ensure adequate resources are available to have all plans approved by July 1, 2002.

(6) If a dairy producer leases land for dairy production from an owner who has prohibited the development of capital improvements, such as storage lagoons, on the leased property, the dairy producer shall indicate in his or her dairy nutrient management plan that such improvements are prohibited by the landowner and shall describe other methods, such as land application, that will be employed by the dairy producer to manage dairy nutrients.

(7) If a plan contains the elements identified in subsection (2) of this section, a conservation district shall approve the plan no later than ninety days after receiving the plan. If the plan does not contain the elements identified in subsection (2) of this section, the local conservation district shall notify the dairy producer in writing of modifications needed in the plan no later than ninety days after receiving the plan. The dairy producer shall provide a revised plan that includes the needed modifications within ninety days of the date of the local conservation district notification. If the dairy producer does not agree with, or otherwise takes exception to, the modifications requested by the local conservation district, the dairy producer may initiate the appeals process described in section 7 of this act within thirty days of receiving the letter of notification.

(8) An approved plan shall be certified by a conservation district and a dairy producer when the elements necessary to implement the plan have been constructed or otherwise put in place, and are being used as designed and intended. A certification form shall be developed by the conservation commission for use state-wide and shall provide for a signature by both a conservation district representative and a dairy producer. Certification forms shall be signed by December 31, 2003, and a copy provided to the department for recording in the data base established in section 9 of this act.
The ability of dairy producers to comply with the planning requirements of this chapter depends, in many cases, on the availability of federal and state funding to support technical assistance provided by local conservation districts. Dairy producers shall not be held responsible for noncompliance with the planning requirements of this chapter if conservation districts are unable to perform their duties under this chapter because of insufficient funding.

NEW SECTION. Sec. 7. (1) Conservation district decisions pertaining to denial of approval or denial of certification of a dairy nutrient management plan; modification or amendment of a plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and the failure to adhere to plan review and approval timelines identified in section 6 of this act are appealable under this chapter. Department actions pertaining to water quality violations are appealable under chapter 90.48 RCW.

In addition, a dairy producer who is constrained from complying with the planning requirements of this chapter because of financial hardship or local permitting delays may request a hearing before the conservation commission and may request an extension of up to one year beyond the approval and certification dates prescribed in this chapter for plan approval and certification.

(2) Within thirty days of receiving a local conservation district notification regarding any of the decisions identified in subsection (1) of this section, a dairy producer who disagrees with any of these decisions may request an informal hearing before the conservation commission or may appeal directly to the pollution control hearings board. The commission shall issue a written decision no later than thirty days after the informal hearing.

(3) If the conservation commission upholds the decision of the local conservation district at the informal hearing, the decision of the local conservation district may be appealed to the pollution control hearings board according to the procedure in chapter 43.21B RCW within thirty days of receipt of the commission’s decision.

(4) If the conservation commission reverses the decision of the conservation district, the conservation district may appeal this reversal to the pollution control hearings board according to the procedure in chapter 43.21B RCW within thirty days of receipt of the commission’s decision.

(5) When an appeals process is initiated under this section, the length of time extending from the start of the appeals process to its conclusion shall be added onto the timelines provided in this chapter for plan development, approval, and certification only if an appeal is heard by the pollution control hearings board.

NEW SECTION. Sec. 8. (1) A dairy nutrient management program advisory and oversight committee is established. The committee shall be cochaired by the executive director of the conservation commission and a dairy industry representative. The purpose of the committee is to provide direction to and oversight of the dairy nutrient management inspection program, as well as to encourage the use of appropriate alternative technologies and methods for managing dairy nutrients.

(2) The committee shall include no less than eleven, and no more than thirteen members, including one representative from the department, one representative of the dairy industry from each of four geographic areas as referenced in section 10 of this act, one representative from the conservation commission, two representatives from local conservation districts, one representative from a local health department, one representative of an environmental organization, and one representative from the shellfish industry. In addition, the natural resources conservation service and the federal environmental protection agency shall each be invited to appoint a representative to the committee.

(3) The conservation commission shall contact agencies and organizations representing the interests identified in subsection (2) of this section and request that they notify their employees and membership of the opportunity to serve on the advisory and oversight committee. The commission shall also extend the invitations to the natural resources conservation service and the federal environmental protection agency. An association representing the dairy industry shall solicit interest broadly from both within and outside of the association. Persons interested in serving on the advisory and oversight committee shall submit their names to the conservation commission no later than May 1, 1998. By June 1, 1998, the commission shall appoint the required number of members from the nominations received.

(4) Advisory and oversight committee members shall be compensated under RCW 43.03.230 and shall be reimbursed for expenses as provided under RCW 43.03.050 and 43.03.060.

(5) The committee shall perform the following functions:
(a) Meet at least four times per calendar year;
(b) Maintain meeting minutes and account for the resolution of issues jointly identified by the committee chairs as needing to be addressed;
(c) Review the development of the data base, the quarterly data base summary, and the annual report provided by the department under section 9 of this act and RCW 90.64.050;
(d) Act as a forum to hear suggestions from any interested parties, including dairy farmers, regarding implementation of the dairy nutrient management program;
(e) Review and recommend standardized dairy farm inspection procedures, prioritization criteria, and frequencies and a reporting format to be used by the department;
(f) Assist the department and the conservation commission in developing reports to the legislature as required in section 18 of this act; and
(g) Review and recommend dairy nutrient management technologies and methods other than those approved or provided by the natural resources conservation service for use as components of nutrient management plans under this chapter.

NEW SECTION. Sec. 9. (1) By October 1, 1998, the department, in consultation with the advisory and oversight committee, shall develop and maintain a data base to account for the implementation of this chapter.
(2) The data base shall track registrations; inspection dates and results, including findings of violations; regulatory and enforcement actions; and the status of dairy nutrient management plans. In addition, the number of dairy farm inspections by inspector shall be tallied by month. A summary of data base information shall be provided quarterly to the advisory and oversight committee.
(3) Any information entered into the data base by the department about any aspect of a particular dairy operation may be reviewed by the affected dairy producer upon request. The department shall correct any information in the data base upon a showing that the information is faulty or inaccurate. Complaints that have been filed with the department and determined to be unfounded, invalid, or without merit shall not be recorded in the data base. Appeals of decisions related to dairy nutrient management plans to the pollution control hearings board or to any court shall be recorded, as well as the decisions of those bodies.

NEW SECTION. Sec. 10. (1) The conservation commission shall establish four dairy nutrient management technical assistance teams by June 1, 1998. The teams shall be geographically located throughout the state. Each team shall consist of one or more professional engineers, local conservation district employees, and dairy nutrient management experts from Washington State University. The purpose of the teams is to:
(a) Actively develop and promote new cost-effective approaches for managing dairy nutrients; and
(b) Assist dairy farms in developing dairy nutrient management plans.
(2) By January 1, 1999, each team shall develop one or more initial sets of standards and specifications to assist dairy producers in developing and implementing dairy nutrient management plans. Standards and specifications developed by a technical assistance team shall be appropriate to the soils and other conditions within that geographic area and shall be reviewed by the advisory and oversight committee.

Sec. 11. RCW 90.64.030 and 1993 c 221 s 4 are each amended to read as follows:
(1) Under the inspection program established in section 5 of this act, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.
(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. A copy of the findings shall be provided to the dairy producer subject to the complaint.
within twenty days. Only findings of violations shall be entered into the data base identified in section 9 of this act.

(Those dairy animal feeding operations that are) (3) A dairy farm that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information ((if immediate corrective actions are not possible, shall be designated as a concentrated dairy animal feeding operation and shall be)) is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144.

(4) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws. The department shall record all legitimate violations and subsequent enforcement actions.

(5) A discharge, including a storm water discharge, to surface waters of the state shall not be considered a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not occurring under RCW 90.64.010(18). In addition, a dairy producer shall not be held liable for violations of this chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of dairy nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy producer’s agent.

(6) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

(7) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of the United States as authorized by the permit.

(8) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. Failure to register as required in section 3 of this act shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department.

Sec. 12. RCW 90.64.050 and 1993 c 221 s 6 are each amended to read as follows:

(1) The department has the following duties:

(a) Identify existing or potential water quality problems resulting from dairy farms through implementation of the inspection program in section 5 of this act;

(b) Inspect a dairy farm upon the request of a dairy producer;

(c) Receive, process, and verify complaints concerning discharge of pollutants from all dairy farms ((regardless of size));

(d) Determine if a dairy-related water quality problem requires immediate corrective action under the Washington state water pollution control laws, chapter 90.48 RCW, or the Washington state water quality standards adopted under chapter 90.48 RCW((, or other authorities)). The department shall maintain the lead enforcement responsibility;

(e) Administer and enforce national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations((,)) and (administer) state laws or upon request of a dairy producer;

(f) Appoint representatives, including dairy industry representatives, to participate in the compliance review committee that will annually review and update policy and disseminate information as needed;

((g) Encourage) (h) Require the use of ((federal soil conservation service standards and specifications in designing best management practices for)) dairy ((waste)) nutrient management plans ((to protect water quality)) as required under this chapter for entities required to plan under this chapter; and
((hh)) (i) Provide to the commission and the advisory and oversight committee an annual report of dairy ((waste pollution)) farm inspection and enforcement activities.

(2) The department may not delegate its responsibilities in enforcement.

Sec. 13. RCW 90.64.060 and 1993 c 221 s 7 are each amended to read as follows:
((1) If the department determines that the operator of a dairy animal feeding operation has the means to correct a water quality problem in a manner that will prevent future contamination and does so promptly and such correction is maintained, the department shall cease pursuit of the complaint.
(2) If the department determines that an unresolved water quality problem from a dairy animal feeding operation farm requires immediate corrective action, the department shall notify the operator and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the local conservation district and to the appropriate dairy farm within twenty days.
((3) If immediate action is not necessary by the department, the handling of complaints will differ depending on the amount of information available and the compliance option selected by the conservation district involved.
(a) When the name and address of the party against whom the complaint was registered are known:
(i) Districts operating at levels 1 and 2 will receive a copy of complaint information, and
compliance letter if one was sent out.
(ii) Districts operating at levels 3 and 4 will receive a copy of complaint information and the letter sent by the department to the operator informing the operator of the complaint and providing the operator with the opportunity to work with the conservation district on a voluntary basis.
(b) The department and the conservation district will work together at the local level to resolve complaints when the name and address of the party against whom the complaint was registered are unknown.))

Sec. 14. RCW 90.64.070 and 1993 c 221 s 8 are each amended to read as follows:
(1) The conservation district has the following duties:
(a) ((Adopt and annually update the water quality section in the conservation district dairy waste management plan)) Provide technical assistance to the department in identifying and correcting existing water quality problems resulting from dairy farms through implementation of the inspection program in section 5 of this act;

(c) Encourage communication and cooperation between the conservation district personnel and local department personnel;
(d) ((Adopt and carry out a compliance option from level 1, level 2, level 3, or level 4)) Provide technical assistance to dairy producers in developing and implementing a dairy nutrient management plan; and
(e) Review, approve, and certify dairy nutrient management plans that meet the minimum standards developed under this chapter.
(2) The district’s capability to carry out its responsibilities ((in the four levels of compliance)) under this chapter is contingent upon the availability of funding and resources to implement a dairy ((waste)) nutrient management program.

Sec. 15. RCW 90.64.080 and 1993 c 221 s 9 are each amended to read as follows:
(1) The conservation commission has the following duties:
(a) ((Forward to the department the dairy waste management plan progress reports;
(b)) Provide assistance as may be appropriate to the conservation districts in the discharge of their responsibilities as management agencies in dairy nutrient management program implementation;
((c)) (b) Provide coordination for conservation district programs at the state level through special arrangements with appropriate federal and state agencies, including oversight of the review, approval, and certification of dairy nutrient management plans;
((d)) (c) Inform conservation districts of activities and experiences of other conservation districts relative to agricultural water quality protection, and facilitate an interchange of advice, experience, and cooperation between the districts;
(d) Provide an informal hearing for disputes between dairy producers and local conservation districts pertaining to: (i) Denial of approval or denial of certification of dairy nutrient management plans; (ii) modification or amendment of plans; (iii) conditions contained in plans; (iv) application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and (v) the failure to adhere to the plan review and approval timelines identified in section 6 of this act. An informal hearing may also provide an opportunity for dairy producers who are constrained from timely compliance with the planning requirements of this chapter because of financial hardship or local permitting delays to petition for additional time to comply.

(e) Encourage communication between the conservation district personnel and local department personnel;
(f) Accept nominations and appoint members to serve on the advisory and oversight committee with advice of the Washington association of conservation districts and the department;
(g) Appoint a commission representative to participate on the compliance review committee that will annually review and update policy and disseminate information as needed; Provide a cochair to the advisory and oversight committee;
(h) Report to the legislature by December 1st of each year until 2003 on the status of dairy nutrient management planning and on the technical assistance provided to dairy producers in carrying out the requirements of this chapter; and
(i) Work with the department to provide communication outreach to representatives of agricultural and environmental organizations to receive feedback on implementation of this chapter.

NEW SECTION. Sec. 16. The dairy waste management account is created in the custody of the state treasurer. All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the account. Expenditures from the account may be used only for the commission to provide grants to local conservation districts for the sole purpose of assisting dairy producers to develop and fully implement dairy nutrient management plans. Only the chairman of the commission or the chairman’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 17. RCW 90.48.465 and 1997 c 398 s 2 are each amended to read as follows:
(1) The department shall establish annual fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, and 90.48.260. An initial fee schedule shall be established by rule within one year of March 1, 1989, and thereafter the fee schedule shall be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.
(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162 and 90.48.260 shall not exceed the total of a maximum of fifteen cents per month per residence or residential equivalent contributing to the municipality’s wastewater system. The department shall adopt by rule a schedule of credits for any municipality engaging in a comprehensive monitoring program beyond the requirements imposed by the department, with the credits available for five years from March 1, 1989, and with the total amount of all credits not to exceed fifty thousand dollars in the five-year period.

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) The fee for an individual permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to one thousand one hundred sixty-seven dollars for fiscal year 1998 and one thousand two hundred fourteen dollars for fiscal year 1999. The fee for a general permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to eight hundred seventeen dollars for fiscal year 1998 and eight hundred fifty dollars for fiscal year 1999.

(6) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.48.160, 90.48.162, and 90.48.260.

(7) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the legislature. The report will be due December 31st of odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for the current and following fiscal years.

NEW SECTION. Sec. 18. The department, in conjunction with the conservation commission and advisory and oversight committee, shall report to the legislature by December 1st of each year until 2003, on progress made in implementing chapter . . . . Laws of 1998 (this act). At a minimum, the reports shall include data on inspections, the status of dairy nutrient planning, compliance with water quality standards, and enforcement actions. The report shall also provide recommendations on how implementation of chapter . . . ., Laws of 1998 (this act) could be facilitated for dairy producers and generally improved.

The conservation commission shall include in the report to the legislature filed December 1, 1999, an evaluation of whether the fiscal resources available to the commission, to conservation districts, and to Washington State University dairy nutrient management experts are adequate to fund the technical assistance teams established under section 10 of this act and to develop and certify plans as required by the schedule established in section 6 of this act. If the funding is insufficient, the report shall include an estimate of the amount of funding necessary to accomplish the schedule contained in section 6 of this act.

Sec. 19. RCW 43.21B.110 and 1993 c 387 s 22 are each amended to read as follows:

(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, the administrator of the office of marine safety, and the air pollution control boards or authorities as established pursuant to chapter 70.94 RCW, or local health departments:

(a) Civil penalties imposed pursuant to RCW 18.104.155, 70.94.431, 70.105.080, 70.107.050, 88.46.090, 90.03.600, 90.48.144, 90.56.310, and 90.56.330.

"NEW SECTION. Sec. 1. The legislature finds that many residents of long-term care facilities and recipients of in-home personal care services are exceptionally vulnerable and their health and well-being are heavily dependent on their caregivers. The legislature further finds that the quality of staff in long-term care facilities is often the key to good care. The need for well-trained staff and well-managed facilities is growing as the state’s population ages and the acuity of the health care problems of residents increases. In order to better protect and care for residents, the legislature directs that the minimum training standards be reviewed for management and caregiving staff, including those serving residents with special needs, such as mental illness, dementia, or a developmental disability, that management and caregiving staff receive appropriate training, and that the training delivery system be improved.

NEW SECTION. Sec. 2. A new section is added to chapter 18.20 RCW to read as follows:
(1) The department of social and health services shall review, in coordination with the department of health, the nursing care quality assurance commission, adult family home providers, boarding home providers, in-home personal care providers, and long-term care consumers and advocates, training standards for administrators and resident caregiving staff. The departments and the commission shall submit to the appropriate committees of the house of representatives and the senate by December 1, 1998, specific recommendations on training standards and the delivery system, including necessary statutory changes and funding requirements. Any proposed enhancements shall be consistent with this section, shall take into account and not duplicate other training requirements applicable to boarding homes and staff, and shall be developed with the input of boarding home and resident representatives, health care professionals, and other vested interest groups. Training standards and the delivery system shall be relevant to the needs of residents served by the boarding home and recipients of long-term in-home personal care services and shall be sufficient to ensure that administrators and caregiving staff have the skills and knowledge necessary to provide high quality, appropriate care.
(2) The recommendations on training standards and the delivery system developed under subsection (1) of this section shall be based on a review and consideration of the following: Quality of care; availability of training; affordability, including the training costs incurred by the department of social and health services and private providers; portability of existing training requirements; competency testing; practical and clinical course work; methods of delivery of training; standards for management and caregiving staff training; and necessary enhancements for special needs populations and resident rights training. Residents with special needs include, but are not limited to, residents with a diagnosis of mental illness, dementia, or developmental disability.
(3) The department of social and health services shall report to the appropriate committees of the house of representatives and the senate by December 1, 1998, on the cost of implementing the proposed training standards for state-funded residents, and on the extent to which that cost is covered by existing state payment rates.

NEW SECTION. Sec. 3. A new section is added to chapter 70.128 RCW to read as follows:
(1) The department of social and health services shall review, in coordination with the department of health, the nursing care quality assurance commission, adult family home providers, boarding home providers, in-home personal care providers, and long-term care consumers and advocates, training standards for providers, resident managers, and resident caregiving staff. The departments and the commission shall submit to the appropriate committees of the house of
representatives and the senate by December 1, 1998, specific recommendations on training standards and the delivery system, including necessary statutory changes and funding requirements. Any proposed enhancements shall be consistent with this section, shall take into account and not duplicate other training requirements applicable to adult family homes and staff, and shall be developed with the input of adult family home and resident representatives, health care professionals, and other vested interest groups. Training standards and the delivery system shall be relevant to the needs of residents served by the adult family home and recipients of long-term in-home personal care services and shall be sufficient to ensure that providers, resident managers, and caregiving staff have the skills and knowledge necessary to provide high quality, appropriate care.

(2) The recommendations on training standards and the delivery system developed under subsection (1) of this section shall be based on a review and consideration of the following: Quality of care; availability of training; affordability, including the training costs incurred by the department of social and health services and private providers; portability of existing training requirements; competency testing; practical and clinical course work; methods of delivery of training; standards for management; uniform caregiving staff training; necessary enhancements for special needs populations; and resident rights training. Residents with special needs include, but are not limited to, residents with a diagnosis of mental illness, dementia, or developmental disability. Development of training recommendations for developmental disabilities services shall be coordinated with the study requirements in section 5 of this act.

(3) The department of social and health services shall report to the appropriate committees of the house of representatives and the senate by December 1, 1998, on the cost of implementing the proposed training standards for state-funded residents, and on the extent to which that cost is covered by existing state payment rates.

The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents. The establishment of an advisory committee to the department of health and the department of social and health services under section 9 of this act formalizes a stable process for discussing and considering these issues among residents and their advocates, regulatory officials, and adult family home providers. The members shall generally represent the interests of aging residents, residents with dementia, residents with mental illness, and residents with developmental disabilities respectively. Members representing adult family home providers must have at least two years’ experience as licensees. The membership must generally reflect urban and rural areas and western and eastern parts of the state. A member may not serve more than two consecutive terms.

(2) The secretary may remove a member of the advisory committee for cause as specified by rule adopted by the department. If there is a vacancy, the secretary shall appoint a member to serve for the remainder of the unexpired term.
(3) The advisory committee shall meet at the times and places designated by the secretary and shall hold meetings during the year as necessary to provide advice to the secretary on matters relating to the regulation of adult family homes. A majority of the members may request a meeting of the committee for any express purpose directly related to the regulation of adult family homes. A majority of members currently serving shall constitute a quorum.

(4) Establishment of the advisory committee shall not prohibit the department of health from utilizing other advisory activities that the department of health deems necessary for program development.

(5) Each member of the advisory committee shall serve without compensation but may be reimbursed for travel expenses as authorized in RCW 43.03.060.

(6) The secretary, members of the advisory committee, or individuals acting on their behalf are immune from civil liability for official acts performed in the course of their duties.

NEW SECTION. Sec. 10. A new section is added to chapter 70.128 RCW to read as follows:

Adult family homes have developed rapidly in response to the health and social needs of the aging population in community settings, especially as the aging population has increased in proportion to the general population. The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents. The establishment of an advisory committee to the department of health and the department of social and health services under section 9 of this act formalizes a stable process for discussing and considering these issues among residents and their advocates, regulatory officials, and adult family home providers. The dialogue among all stakeholders interested in maintaining a healthy option for the aging population in community settings assures the highest regard for the well-being of these residents within a benign and functional regulatory environment. The secretary shall be advised by an advisory committee on adult family homes established under section 9 of this act. NEW SECTION. Sec. 4. (1) An electricity distribution utility shall provide the disclosures required in section 3 of this act to retail electric customers at the following times:

(a) At the time service is established;

(b) At least once a year after the adoption of the policies and procedures by the utility under section 5 or 6 of this act; and

(2) Required disclosures shall be provided in writing using plain language that is understandable to an ordinary customer and presented in a form that is clear and conspicuous.

NEW SECTION. Sec. 5. A consumer-owned distribution utility may modify the policies and procedures from time to time, subject to the approval of the utility's governing body after a public meeting on the matter.

(2) Upon request of the governing body of a consumer-owned distribution utility, the department, the attorney general, and the commission shall provide technical assistance to a consumer-owned distribution utility in the development of its policies and procedures.
NEW SECTION. Sec. 7. Nothing in chapter . . ., Laws of 1998 (this act) shall be construed as conferring on any state agency jurisdiction, supervision, or control over any consumer-owned utility.

NEW SECTION. Sec. 8. (1) The utilities and transportation commission and the department of community, trade, and economic development shall jointly study the following issues:
   (a) Variations in retail electricity rates within the state and in comparison with national averages, trends affecting the electric service costs for all customers in the state, and strategies available to minimize those costs in the future;
   (b) Demographics of retail electric customers in the state to include the distribution of customers by size of load;
   (c) The potential for cost-shifting among customer classes and among customers within the same class, and strategies available to minimize inappropriate cost shifts;
   (d) The consumer protection policies and procedures of electric utilities, including areas of consistency and inconsistency among the utilities in those policies and procedures;
   (e) The status, number, and primary characteristics of service territory agreements between electric utilities;

   (3) Each electricity distribution utility shall cooperate with the commission and the department in the preparation of the study and report required by this section, and shall provide all information requested by the commission or the department in a timely manner so that the study and report will be as thorough as possible and completed on schedule. The commission and department shall coordinate and cooperate with each other in preparing the study and report, particularly in requesting information from, or the assistance of, electric distribution utilities, to minimize the potential for redundant requests.

NEW SECTION. Sec. 9. Sections 11 through 17 of this act apply to electricity suppliers that are authorized to market, promote, sell, or provide electricity to retail electric customers as a product separate from the distribution services provided by the customers' electricity distribution utilities. However, nothing in this chapter shall be construed to provide electricity suppliers the authority to market, promote, sell, or provide electricity to retail electric customers as products separate from the distribution services provided by electricity distribution utilities.

NEW SECTION. Sec. 10. (1) An electricity supplier that makes an oral solicitation to sell electricity directly to a retail electric customer for distribution by the customer's electricity distribution utility shall disclose as part of the oral solicitation the following information:
   (a) The average price for various usage patterns, based on regional load profiles;
   (b) Notice that the price is for generation only and that additional rates and charges will apply from the customer’s electricity distribution utility;
   (c) A description of the contract length, including beginning and ending dates, and the method of renewal;
   (d) The fuel mix used to supply the product, except that when the electricity will be supplied without regard to a particular source of generation, then that fact shall be disclosed; and
   (e) Any other material terms or conditions of the sale.
   (2) Prior to selling electricity to a retail electric customer for distribution by the customer's electricity distribution utility, an electricity supplier shall disclose the following information in writing to the customer:
(a) The electricity supplier's policies and procedures regarding the consumer protection issues for which disclosure is required under section 3 of this act;
(b) The terms and conditions for which disclosure is required under subsection (1) of this section;
(c) The fuel mix used to supply the product, shown as a pie chart where each resource comprising five percent or more of the total fuel mix is separately listed;
(d) An explanation of whether the rates or charges are fixed or variable and, if variable, a description of the formula by which those rates or charges may change; and
(e) A description of any other products or services to be provided by the electricity supplier, if any, other than electricity.
(3) Required disclosures under this section shall be provided using plain language that is understandable to ordinary customers and presented in a form that is clear and conspicuous.

NEW SECTION. Sec. 11. (1) Prior to engaging in the business of selling or advertising to sell electricity directly to a retail electric customer for distribution by the customer's electricity distribution utility, an electricity supplier shall establish a customer service facility or other means to receive and respond to customer complaints and inquiries regarding service. The facility shall be adequately staffed from at least 7 a.m. until 7 p.m. and be reachable by a toll-free number.
(2) The customer service facility or other means shall, at a minimum, receive and respond to:
(a) Reports of interruption of service at any time of day;
(b) Inquiries from customers regarding billing amounts and practices;
(c) Requests for information regarding the price, product information, and terms of service provided by the electricity supplier;
(d) Inquiries regarding conservation efforts, if any, made by the electricity supplier;
(e) Requests for appealing a decision of the electricity supplier.
(3) There shall be no charge for use of the facility or other means by any person.

NEW SECTION. Sec. 12. (1) An agreement between an electricity supplier and a retail electric customer for the purchase and sale of electricity may only be made in writing.
(2) No electricity supplier shall change, or request or authorize any other entity to change, a retail electric customer’s electricity product or supplier unless and until the submitting electricity supplier has obtained the customer’s written or electronic authorization and provided verification of the authorization to the current electricity supplier and electricity distribution utility.
(3) Retail electric customers are not obligated for unauthorized charges resulting from an unwritten purchase and sale agreement or an unlawful charge, and electricity suppliers may not bill customers for the charges.
(4) An electricity supplier is liable to a retail electric customer for liquidated damages in the amount of one hundred dollars for each unauthorized change.

NEW SECTION. Sec. 13. It is an unfair or deceptive act or practice and a violation of this section for any electricity supplier to place a commercial telephone solicitation to any residence that will be received before 8:00 a.m. or after 5:00 p.m. at the retail electric customer’s local time, notwithstanding the provisions of RCW 19.158.040(2).

NEW SECTION. Sec. 14. (1) Any person making an express or implied claim concerning an electricity product must, at the time the claim is made, possess and rely upon a reasonable basis substantiating the claim.
(2) An electricity supplier making an expressed or implied claim relating to any aspect of an electricity product included in the disclosures required under section 10 of this act may substantiate the claims with the information required to be disclosed under those sections.
(3) Electricity suppliers may make express or implied marketing claims relating to their projected performance if, at the time the claim is made, they possess and rely upon a reasonable basis for substantiating the claim. If the actual performance differs from the projected performance in a material way during any six-month period that an agreement is in effect, the electricity service provider shall provide the retail electric customer, in a timely manner, with a brief, written explanation for the difference and a notice that as a result of the difference, the customer has the right to change suppliers without incurring any transfer charge.
NEW SECTION. Sec. 15. (1) All electricity distribution utilities and electricity suppliers shall protect the confidentiality of proprietary information of, and relating to, retail electric customers. An electricity distribution utility or electricity supplier that receives or obtains proprietary customer information from another electricity distribution utility or electricity supplier for the purposes of providing retail electric service shall use the information only for such a purpose, and shall not use the information for its own marketing efforts.

(2) Except as required by law or with the approval of the customer, an electricity distribution utility or electricity supplier that receives or obtains proprietary customer information by virtue of its provision of electricity or related services shall only use, disclose, or permit access to individually identifiable proprietary customer information in its provision of electricity from which the information is derived or services necessary to, or used in, the provision of electricity service. Nothing in this subsection shall be construed to prohibit an electricity distribution utility or electricity supplier from using, disclosing, or permitting access to proprietary customer information obtained from its customers to initiate, render, bill, or collect for electricity and related services.

(3) An electricity distribution utility or electricity supplier shall disclose proprietary customer information, upon affirmative written request by the customer, to any person designated by the customer.

(4) An electricity distribution utility or electricity supplier that receives or obtains proprietary customer information by virtue of its provision of electricity or related services may use, disclose, or permit access to aggregate customer information other than for the purposes described in subsection (2) of this section. An electricity distribution utility may use, disclose, or permit access to aggregate customer information other than for the purposes described in subsection (2) of this section only if it provides the information to other electricity suppliers on reasonable and nondiscriminatory terms and conditions upon reasonable request of the suppliers. For the purposes of this subsection, "aggregate information" means collective data that relates to a group or category of services or customers, from which individual customer identities and characteristics have been removed. Aggregate information shall not be released without permission of the affected customers when the information concerns a group of customers that is small enough to reveal the probable usage, billing, or payment behavior of any individual members of the customer group. There is a rebuttable presumption that a customer group with less than twenty-five members meets this criteria.

NEW SECTION. Sec. 16. (1) It is an unfair or deceptive act or practice and a violation of this section for any electricity supplier to engage in the following conduct:

(a) Failing to disclose in a clear and conspicuous manner, before a retail electric customer authorizes payment for an electricity product offered:

(i) The information required in section 10 of this act;
(ii) All material restrictions, limitations, or conditions to purchase, receive, or use the products or services that are the subject of the sales offer; and
(iii) In any one-time price inducements, all material restrictions, limitations, or conditions to receive or redeem the inducement that is the subject of the sales offer;

(b) Misrepresenting, directly or by implication, any of the following:

(i) The information required in section 10 of this act;
(ii) All material restrictions, limitations, or conditions to purchase, receive, or use the products or services that are the subject of the sales offer;
(iii) In any one-time price inducements, all material restrictions, limitations, or conditions to receive or redeem the inducement that is the subject of the sales offer; or
(iv) An electricity supplier’s affiliation with, or endorsement by, any government or third-party organization; or

(c) Making a false or misleading statement to induce any person to pay for electricity or other related services.

(2) For the purposes of this section, an electricity supplier includes any person authorized by the electricity supplier to market, promote, or sell electricity or other related services.

NEW SECTION. Sec. 17. (1) The acts and practices covered by sections 11 through 17 of this act vitally affect the public interest, the electricity bills of consumers, and the competitive positions of businesses and industries for the purposes of applying chapter 19.86 RCW, the consumer protection act. Unfair or deceptive methods of marketing, promoting, selling, and providing electricity and
ancillary services are unreasonable in relation to the development of competitive markets for power and are injurious to the public interest.

(2) Every electricity supplier that markets, promotes, sells, or provides electricity directly to retail electric customers for delivery by the customer’s electricity distribution utility must comply with the requirements of sections 11 through 17 of this act. Failure to comply with these sections constitutes an unfair or deceptive act or practice for the purposes of applying chapter 19.86 RCW, the consumer protection act.

(3) Any actions or transactions after the effective date of this act, related to the marketing, promoting, selling, or the provision of electricity directly to retail electric customers for delivery by the customer’s electricity distribution utility shall not be deemed otherwise permitted, prohibited, or regulated by the commission for the purposes of establishing an exemption under RCW 19.86.170, and shall be deemed to be acting in trade or commerce for the purposes of applying chapter 19.86 RCW, the consumer protection act.

NEW SECTION.  Sec. 18. Sections 1 through 6 and 10 through 13 of this act constitute a new chapter in Title 18 RCW.

NEW SECTION.  Sec. 19. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Representative Sheahan moved the adoption of amendment (1144):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in 1996 drunk drivers were involved in two hundred eighty-five fatal accidents killing three hundred thirty-one people and six thousand four hundred fifty injury accidents injuring ten thousand three hundred twenty-six people. The legislature has increased criminal penalties, including longer mandatory minimum jail sentences and fines, in order to punish and deter drunk driving. In addition to criminal sanctions, however, the legislature finds that authorizing the immediate impoundment of vehicles driven by drunk drivers is reasonably necessary to increase traffic safety and reduce the carnage caused by drunk driving. A number of studies in states that have adopted impound laws have found them effective in reducing drunk driving and related fatalities. Repeat drunk drivers are more likely to continue to reoffend and are substantially more likely to cause a fatal collision than first-time offenders. Temporary impoundment for first-time offenders will reduce drunk drivers' access to vehicles and help both prevent and deter drunk driving. The impoundment of a vehicle operated in violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws.

Sec. 2. RCW 46.55.113 and 1997 c 66 s 7 are each amended to read as follows:
Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, the ((arresting officer may take custody of the vehicle and provide for its prompt removal to a place of safety)) vehicle is subject to impoundment, pursuant to applicable local ordinance or state agency rule at the direction of a law enforcement officer. In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:
(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;
(2) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;
(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;
(4) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;
(5) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;
(6) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;"
(7) Upon determining that a person is operating a motor vehicle without a valid driver’s license in violation of RCW 46.20.005 or with a license that has been expired for ninety days or more, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420.

Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

Sec. 3. RCW 46.55.120 and 1996 c 89 s 2 are each amended to read as follows:

(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle’s insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, any person redeeming a vehicle impounded because the driver was arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, must prior to redemption establish with the agency that ordered the vehicle impounded that he or she has a valid driver’s license and is in compliance with RCW 46.30.020. A vehicle impounded because the driver is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, may be released only pursuant to a written order from the agency that ordered the vehicle impounded, or pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator’s criminal history and driving record. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to thirty days if the operator has no prior offense as defined in RCW 46.61.5055(8), for up to sixty days if the operator has one such prior offense, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, the vehicle may not be released until a person eligible to redeem it pays all towing, removal, and storage fees, notwithstanding the fact that the impoundment was ordered by a government agency.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer’s bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.
(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district or municipal court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in the small claims department of a district court. If the hearing request is not received by the district or municipal court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the (district) court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The (district) court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court (may) shall consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer’s personal appearance at the hearing.

(c) At the conclusion of the hearing, the (district) court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer had probable cause to believe the driver of the vehicle was in violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 4. RCW 46.12.095 and 1969 ex.s. c 170 s 16 are each amended to read as follows:

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer and for which a certificate of ownership is required is perfected only by compliance with the requirements of section 6 of this act under the circumstances provided for therein or by compliance with the requirements of this section:

(1) A security interest is perfected (only) by the department's receipt of: (a) The existing certificate, if any, and (b) an application for a certificate of ownership containing the name and address of the secured party, and (c) tender of the required fee.

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in (the preceding) subsection (1) of this section are received by this department within (eight department business) twenty calendar days (exclusive) of the day on which the security agreement was created; or (b) if the secured party's name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1) of this section.

(3) If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

(a) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

(b) If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state.

Sec. 5. RCW 46.12.101 and 1991 c 339 s 19 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. (Within five days, excluding Saturdays, Sundays, and state and federal holidays.) The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the
department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner’s assignment from the transferee, it shall transmit the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;
(b) Extended hospitalization or illness of the purchaser;
(c) Failure of a legal owner to release his or her interest;
(d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller’s report has been received but no transfer of title has taken place.

NEW SECTION. Sec. 6. A new section is added to chapter 46.12 RCW to read as follows:

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department’s computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and
(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Agents and subagents shall immediately electronically transmit the transitional
ownership records to the department. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140(4)(a) or (5)(b).

(4) "Transitional ownership record" means a record containing all of the following information:
   (a) The date of sale;
   (b) The name and address of each owner of the vehicle;
   (c) The name and address of each security interest holder;
   (d) If there are multiple security interest holders, the priorities of interest if the security interest holders do not jointly hold a single security interest;
   (e) The vehicle identification number, the license plate number, if any, the year, make, and model of the vehicle;
   (f) The name of the selling dealer or security interest holder who is submitting the transitional ownership record; and
   (g) The transferee’s driver’s license number, if available.

(5) The report of sale form prescribed or approved by the department under RCW 46.12.101 may be used by a vehicle dealer as the transitional ownership record.

(6) Notwithstanding RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. (3) Before any home impoundment is begun, the vehicle must be redeemed as provided for in RCW 46.55.120 if any impoundment has occurred under that section, and any towing fee incurred in getting the vehicle to the place of home impoundment must be paid.

(4) At the end of the period of home impoundment, the vehicle may be released only after all applicable fees have been paid and only after all other obligations imposed by rule or ordinance have been met, and only to a person who would qualify to redeem an impounded vehicle under RCW 46.55.120.

(5) A local ordinance or state agency rule may provide for impoundment by a registered tow truck operator if at the end of the period of home impoundment there is no qualified person to whom the vehicle may be released.

(6)(a) A local ordinance or state agency rule may provide that if the boot or other device on a vehicle in home impoundment is tampered with, damaged, removed or rendered inoperative, the vehicle may be immediately impounded and held for an additional period of time, not to exceed thirty days.

(b) Any person seeking to redeem a vehicle impounded by a registered tow truck operator under this section has a right to a hearing to contest the validity of the impoundment as provided in RCW 46.55.120.

(c) The vehicle may be released only upon payment of all applicable fees, including any fees for damage to the boot or other device, and upon compliance with the redemption requirements of RCW 46.55.120, including the payment of all towing, removal, and storage fees.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2894 with the following amendment(s):

On page 1, strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The purpose of this act is to reallocate the general fund portion of the state’s motor vehicle excise tax revenues among the taxpayers, local governments, and the state’s transportation programs. By realigning motor vehicle excise taxes, the state revenue portion can be dedicated to increased transportation funding purposes. Since the general fund currently has a budget surplus, due to a strong economy, the legislature feels that this reallocation is an appropriate short-term solution to the state’s transportation needs and is a first step in meeting longer-term transportation funding needs. These reallocated funds must be used to provide relief from traffic congestion, improve freight mobility, and increase traffic safety.

In realigning general fund resources, the legislature also ensures that other programs funded from the general fund are not adversely impacted by the reallocation of surplus general fund revenues. The legislature also adopts this act to continue the general fund revenue and expenditure limitations contained in chapter 43.135 RCW after this one-time transfer of funds.

In order to develop a long-term and comprehensive solution to the state’s transportation problems, a joint committee will be created to study the state’s transportation needs and the appropriate sources of revenue necessary to implement the state’s long-term transportation needs as provided in section 22 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 82.44 RCW to read as follows:

(1)(b) An excise tax is imposed for the privilege of using in the state any motor vehicle, except those operated under reciprocal agreements, the provisions of RCW 46.16.160 ((as now or hereafter amended)), or dealer’s licenses. The annual amount of such excise tax shall be two and ten-tenths percent of the value of such vehicle.

(2) An additional excise tax is imposed, in addition to any other tax imposed by this section, for the privilege of using in the state any such motor vehicle, and the annual amount of such additional excise tax shall be two tenths of one percent of the value of such vehicle.

(3) Effective with October 1992 motor vehicle registration expirations, A clean air excise tax is imposed in addition to any other tax imposed by this section, for the privilege of using in the state any motor vehicle as defined in RCW 82.44.010, except that farm vehicles defined in RCW 46.04.181 shall not be subject to the tax imposed by this subsection. The annual amount of the additional excise tax shall be two dollars and twenty-five cents. Effective with July 1994 motor vehicle registration expirations, the annual amount of additional excise tax shall be two dollars.

(4) An additional excise tax is imposed on truck-type power units that are used in combination with a trailer to transport loads in excess of forty thousand pounds combined gross weight. The annual amount of such additional excise tax shall be fifty-eight one-hundredths of one percent of the value of the vehicle.

The department shall distribute the additional tax collected under this subsection as follows:

(a) For each trailing unit subject to subsection (((4))) (4) of this section, an amount equal to the clean air excise tax prescribed in subsection (((4))) (2) of this section shall be distributed in the manner prescribed in RCW 82.44.110(((4))) (2);

(b) The remainder of the additional excise tax collected under this subsection((, ten percent shall be distributed in the manner prescribed in RCW 82.44.110(2) and ninety percent)) shall be distributed in the manner prescribed in RCW 82.44.110(1). This tax shall not apply to power units used exclusively for hauling logs.

(4) The excise taxes imposed by subsection (1) (((through (3))) and (2) of this section shall not apply to trailing units which are used in combination with a power unit subject to the additional excise tax imposed by subsection (((4))) (3) of this section. This subsection shall not apply to trailing units used for hauling logs.

(5) In no case shall the total tax be less than two dollars except for proportionally registered vehicles and except for vehicles on which a credit is granted under section 2 of this act.
Washington residents, as defined in RCW 46.16.028, who license motor vehicles in another state or foreign country and avoid Washington motor vehicle excise taxes are liable for such unpaid excise taxes. The department of revenue may assess and collect the unpaid excise taxes under chapter 82.32 RCW, including the penalties and interest provided therein.

Sec. 4. RCW 82.44.041 and 1990 c 42 s 303 are each amended to read as follows:

(1) For the purpose of determining the tax under this chapter, the value of a truck-type power or trailing unit shall be the latest purchase price of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the following percentage based on year of service of the vehicle since last sale. (b) The value determined in (a) of this subsection shall be divided by the applicable percentage listed in this subsection to establish a value equivalent to a manufacturer’s base suggested retail price. The applicable percentage shall be based on the year of service of the vehicle for which the value is determined.

PROVIDED, That no such legislative body shall impose such a sales and use tax without submitting such an authorizing proposition to the voters and obtaining the approval of a majority of persons voting thereon:

PROVIDED FURTHER, That where such a proposition is submitted by a county on behalf of an unincorporated transportation benefit area, it shall be voted upon by the voters residing within the boundaries of such unincorporated transportation benefit area and, if approved, the sales and use tax shall be imposed only within such area. Notwithstanding any provisions of this section to the contrary, any county in which a county public transportation plan has been adopted pursuant to RCW 36.57.070 and the voters of such county have authorized the imposition of a sales and use tax pursuant to the provisions of section 10, chapter 167, Laws of 1974 ex. sess., prior to July 1, 1975, shall be authorized to fix and impose a sales and use tax as provided in this section at not to exceed the rate so authorized without additional approval of the voters of such county as otherwise required by this section.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such city, public transportation benefit area, county, or metropolitan municipal corporation as the case may be. The rate of such tax shall be one-tenth, two-tenths, three-tenths, four-tenths, five-tenths, or six-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax shall not exceed the rate authorized by the voters unless such increase shall be similarly approved.

(2)(a) In the event a metropolitan municipal corporation shall impose a sales and use tax pursuant to this chapter no city, county which has created an unincorporated transportation benefit area, public transportation benefit area authority, or county transportation authority wholly within such metropolitan municipal corporation shall be empowered to levy and/or collect taxes pursuant to RCW 35.58.273, 35.95.040, and/or 82.14.045, but nothing herein shall prevent such city or county from imposing sales and use taxes pursuant to any other authorization.

(b) In the event a county transportation authority shall impose a sales and use tax pursuant to this section, no city, county which has created an unincorporated transportation benefit area, public transportation benefit area, or metropolitan municipal corporation, located within the territory of the authority, shall be empowered to levy or collect taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045.

(c) In the event a public transportation benefit area shall impose a sales and use tax pursuant to this section, no city, county which has created an unincorporated transportation benefit area, or metropolitan municipal corporation, located wholly or partly within the territory of the public transportation benefit area, shall be empowered to levy or collect taxes pursuant to RCW 35.58.273, 35.95.040, or 82.14.045.
Any local sales and use tax revenue collected pursuant to this section by any city or by any county for transportation purposes pursuant to RCW 36.57.100 and 36.57.110 shall not be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized pursuant to RCW 35.58.273, except that the local sales and use tax revenue collected under this section by a city with a population greater than sixty thousand that as of January 1, 1998, owns and operates a municipal public transportation system shall be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized under RCW 35.58.273 as follows:

(a) For fiscal year 2000, revenues collected under this section shall be counted as locally generated tax revenues for up to 25 percent of the tax collected under RCW 35.58.273;
(b) For fiscal year 2001, revenues collected under this section shall be counted as locally generated tax revenues for up to 50 percent of the tax collected under RCW 35.58.273;
(c) For fiscal year 2002, revenues collected under this section shall be counted as locally generated tax revenues for up to 75 percent of the tax collected under RCW 35.58.273; and
(d) For fiscal year 2003 and thereafter, revenues collected under this section shall be counted as locally generated tax revenues for up to 100 percent of the tax collected under RCW 35.58.273.

Sec. 8. RCW 82.14.200 and 1997 c 333 s 2 are each amended to read as follows:
There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110((1)(f)). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, (as now or hereafter amended,) the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, (as now or hereafter amended,) the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing
distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred to the state general fund as follows:
(a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and
(b) Fifty percent to the distressed county public facilities construction loan account under section 9 of this act, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars. Any remaining funds shall be deposited into the public facilities construction loan revolving account.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:
The distressed county public facilities construction loan account is created in the state treasury. All funds provided under RCW 82.14.200 shall be deposited in the account. Moneys in the account may be spent only after appropriation. Moneys in the account shall only be used to provide financial assistance under this chapter to distressed counties that have experienced extraordinary costs due to the
location of a major new business facility or the substantial expansion of an existing business facility in the county.

For purposes of this section, the term "distressed counties" includes any county in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed exceeds the average state employment for those years by twenty percent.

NEW SECTION. Sec. 10. A new section is added to chapter 82.14 RCW to read as follows:
(1) The distressed county assistance account is created in the state treasury. Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. At such times as distributions are made under RCW 82.44.150, the state treasurer shall distribute the funds in the distressed county assistance account to each county imposing the sales and use tax authorized under RCW 82.14.370 in the same proportions as distributions of the tax imposed under RCW 82.14.370 for the previous quarter.
(2) Funds distributed from the distressed county assistance account shall be expended by the counties for criminal justice and other purposes.

Sec. 11. RCW 82.14.310 and 1995 c 398 s 11 are each amended to read as follows:
(1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer shall transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.
(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under ((RCW 82.44.110)) subsection (4) of this section, shall be distributed at such times as distributions are made under RCW 82.44.150 and on the relative basis of each county’s funding factor as determined under this subsection.
(a) A county’s funding factor is the sum of:
(i) The population of the county, divided by one thousand, and multiplied by two-tenths;
(ii) The crime rate of the county, multiplied by three-tenths; and
(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.
(b) Under this section and RCW 82.14.320 and 82.14.330:
(i) The population of the county or city shall be as last determined by the office of financial management;
(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;
(iii) The annual number of criminal cases filed in the county superior court shall be determined by the most recent annual report of the courts of Washington, as published by the office of the administrator for the courts;
(iv) Distributions and eligibility for distributions in the 1989-91 biennium shall be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions shall be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.
(3) Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar
year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures. (4) Not more than five percent of the funds deposited to the county criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

Sec. 12. RCW 82.14.320 and 1995 c 398 s 12 and 1995 c 312 s 84 are each reenacted and amended to read as follows:

(1) The municipal criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer shall transfer into the municipal criminal justice assistance account from the general fund the sum of four million six hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) No city may receive a distribution under this section from the municipal criminal justice assistance account unless:

(a) The city has a crime rate in excess of one hundred twenty-five percent of the state-wide average as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs;

(b) The city has levied the tax authorized in RCW 82.14.030(2) at the maximum rate or the tax authorized in RCW 82.46.010(3) at the maximum rate; and

(c) The city has a per capita yield from the tax imposed under RCW 82.14.030(1) at the maximum rate of less than one hundred fifty percent of the state-wide average per capita yield for all cities from such local sales and use tax.

(3) The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under (((RCW 82.44.110)) subsection (7) of this section, shall be distributed at such times as distributions are made under RCW 82.44.150. The distributions shall be made as follows:

(a) Unless reduced by this subsection, thirty percent of the moneys shall be distributed ratably based on population as last determined by the office of financial management to those cities eligible under subsection (2) of this section that have a crime rate determined under subsection (2)(a) of this section which is greater than one hundred seventy-five percent of the state-wide average crime rate. No city may receive more than fifty percent of any moneys distributed under this subsection (a) but, if a city distribution is reduced as a result of exceeding the fifty percent limitation, the amount not distributed shall be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, shall be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(4) No city may receive more than thirty percent of all moneys distributed under subsection (3) of this section.

(5) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), shall be made to the county in which the city is located.

(6) Moneys distributed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and publications and public educational efforts.
designed to provide information and assistance to parents in dealing with runaway or at-risk youth. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(7) Not more than five percent of the funds deposited to the municipal criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

Sec. 13. RCW 82.14.330 and 1995 c 398 s 13 are each amended to read as follows:

(1) Beginning in fiscal year 2000, the state treasurer shall transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of four million six hundred thousand dollars divided into four equal deposits occurring on July 1, September 1, January 1, and March 1. For each fiscal year thereafter, the state treasurer shall increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year. The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under RCW 82.44.110 subsection (4) of this section, shall be distributed to the cities of the state as follows:

(a) Twenty percent appropriated for distribution shall be distributed to cities with a three-year average violent crime rate for each one thousand in population in excess of one hundred fifty percent of the state-wide three-year average violent crime rate for each one thousand in population. The three-year average violent crime rate shall be calculated using the violent crime rates for each of the preceding three years from the annual reports on crime in Washington state as published by the Washington association of sheriffs and police chiefs. Moneys shall be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

(b) Sixteen percent shall be distributed to cities ratably based on population as last determined by the office of financial management, but no city may receive less than one thousand dollars. The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection shall be distributed at such times as distributions are made under RCW 82.44.150.

Moneys distributed under this subsection shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(2) In addition to the distributions under subsection (1) of this section:

(a) Fourteen percent shall be distributed to cities that have initiated innovative law enforcement strategies, including alternative sentencing and crime prevention programs. No city may receive more than one dollar per capita under this subsection (2)(a).
(b) Twenty percent shall be distributed to cities that have initiated programs to help at-risk children or child abuse victim response programs. No city may receive more than fifty cents per capita under this subsection (2)(b).

(c) Twenty percent shall be distributed to cities that have initiated programs designed to reduce the level of domestic violence within their jurisdictions or to provide counseling for domestic violence victims. No city may receive more than fifty cents per capita under this subsection (2)(c).

(d) Ten percent shall be distributed to cities that contract with another governmental agency for a majority of the city's law enforcement services.

Moneys distributed under this subsection shall be distributed to those cities that submit funding requests under this subsection to the department of community, trade, and economic development based on criteria developed under RCW 82.14.335. Allocation of funds shall be in proportion to the population of qualified jurisdictions, but the distribution to a city shall not exceed the amount of funds requested. Cities shall submit requests for program funding to the department of community, trade, and economic development by November 1 of each year for funding the following year. The department shall certify to the state treasurer the cities eligible for funding under this subsection and the amount of each allocation.

The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection, less any moneys appropriated for purposes under ((RCW 82.44.110)) subsection (4) of this section, shall be distributed at the times as distributions are made under RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

If a city is found by the state auditor to have expended funds received under this subsection in a manner that does not comply with the criteria under which the moneys were received, the city shall be ineligible to receive future distributions under this subsection until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund. The director may allow noncomplying use of moneys received under this subsection upon a showing of hardship or other emergent need.

(3) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), shall be made to the county in which the city is located. (4) Not more than five percent of the funds deposited to the municipal criminal justice assistance account shall be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements shall not supplant existing funds from the state general fund.

NEW SECTION. Sec. 14. A new section is added to chapter 43.135 RCW to read as follows:

(1) Initiative Measure No. 601 (chapter 43.135 RCW, as amended by chapter . . ., Laws of 1998 (this act) and the amendatory changes enacted by section 6, chapter 2, Laws of 1994) is hereby reenacted and reaffirmed. The legislature also adopts this act to continue the general fund revenue and expenditure limitations contained in this chapter 43.135 RCW after this one-time transfer of funds.

(2) RCW 43.135.035(4) does not apply to sections 5 through 13, chapter . . ., Laws of 1998 (sections 5 through 13 of this act).

Sec. 15. RCW 43.135.060 and 1994 c 2 s 5 are each amended to read as follows:

(1) After July 1, 1995, the legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any political subdivision of the state unless the subdivision is fully reimbursed ((by specific appropriation)) by the state for the costs of the new programs or increases in service levels. Reimbursement by the state may be made by: (a) A specific appropriation; or (b) increases in state distributions of revenue to political subdivisions occurring after January 1, 1998.
(2) If by order of any court, or legislative enactment, the costs of a federal or local government program are transferred to or from the state, the otherwise applicable state expenditure limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(3) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any political subdivision or transferred to or from the state.

(4) Subsection (1) of this section does not apply to the costs incurred for voting devices or machines under RCW 29.04.200.

NEW SECTION. Sec. 16. In order to provide funds necessary for the location, design, right of way, and construction of state and local highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission a maximum of one billion nine hundred million dollars of general obligation bonds of the state of Washington.

NEW SECTION. Sec. 17. Upon the request of the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by sections 16 through 21 of this act in accordance with chapter 39.42 RCW. Bonds authorized by sections 16 through 21 of this act shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

NEW SECTION. Sec. 18. The proceeds from the sale of bonds authorized by sections 16 through 21 of this act shall be deposited in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in section 16 of this act, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

NEW SECTION. Sec. 19. Bonds issued under the authority of sections 16 through 21 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in sections 16 through 21 of this act from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of sections 16 through 21 of this act, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of sections 16 through 21 of this act.

NEW SECTION. Sec. 20. Both principal and interest on the bonds issued for the purposes of sections 16 through 21 of this act shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by sections 16 through 21 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department of transportation for state highway purposes. Funds required shall never constitute a
charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the motor vehicle fund not required for bond retirement or interest on the bonds.

NEW SECTION.  Sec. 21. Bonds issued under the authority of sections 16 through 20 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes.

As used in this subsection, the term "municipality" means a municipality that is located within (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under subsection (a) of this subsection.

(Through June 30, 1992, any other) A municipality is authorized to levy and collect a special excise tax not exceeding (.815 percent, and beginning July 1, 1992,)) .725 percent on the value, as determined under chapter 82.44 RCW, of every motor vehicle owned by a resident of such municipality for the privilege of using such motor vehicle provided that in no event shall the tax be less than one dollar and, subject to RCW 82.44.150 (3) and (4), the amount of such tax shall be credited against the amount of the excise tax levied by the state under RCW 82.44.020(1). Before utilization of any excise tax moneys collected under authorization of this section for acquisition of right of way or construction of a mass transit facility on a separate right of way the municipality shall adopt rules affording the public an opportunity for "corridor public hearings" and "design public hearings" as herein defined, which rule shall provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic or environmental effect upon the locality upon which they are to be constructed or (b) on such mass rapid transit systems operating on a separate right of way whenever a substantial change is
proposed relating to location or design in the adopted plan. In adopting rules the municipality shall adhere to the provisions of the Administrative Procedure Act.

((4))) 2) A "corridor public hearing" is a public hearing that: (a) Is held before the municipality is committed to a specific mass transit route proposal, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the mass rapid transit system; (c) provides a public forum that affords a full opportunity for presenting views on the mass rapid transit system route location, and the social, economic, and environmental effects on that location and alternate locations: PROVIDED, That such hearing shall not be deemed to be necessary before adoption of an overall mass rapid transit system plan by a vote of the electorate of the municipality.

The rate of tax shall not exceed 1.944 percent. The rate of tax imposed under this subsection shall bear the same ratio to the 1.944 percent rate authorized that the rate imposed under ((RCW 82.08.020(2) as the excise tax rate imposed under)) subsection (1) of this section bears to the ((excise tax)) rate ((imposed under RCW 82.44.020 (1) and (2)) authorized under subsection (1) of this section. The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The tax imposed under this section shall be deducted from the amount of tax otherwise due under RCW 82.08.020(2). The revenue collected under this subsection shall be distributed in the same manner as special excise taxes under subsection((s)) (1) ((and (2))) of this section.

The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to authorize expenditures charged to component cities and sewer districts during the following budget year. As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and 35.58.273((5))) (4) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be
insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and 35.58.273((5))) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget.

For purposes of this section, the term "distressed counties" includes any county, in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed, exceeds the average state employment for those years by twenty percent.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties or rural natural resources impact areas are clearly insufficient to use up the seventy-five percent allocation under subsection (1) of this act, the board shall spend at least ninety percent of the funds available for financial assistance for projects in distressed counties or rural natural resources impact areas.

The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. Sec. 37. RCW 82.14.046 and 1995 c 298 s 1 are each amended to read as follows:
Beginning with distributions made to municipalities under RCW 82.44.150 on January 1, 1996, municipalities as defined in RCW 35.58.272 imposing local transit taxes, which for purposes of this section include the sales and use tax under RCW 82.14.045, the business and occupation tax under RCW 35.95.040, and excise taxes under RCW 35.95.040, shall be eligible for sales and use tax equalization payments from motor vehicle excise tax revenue collected under RCW 82.44.150 as follows:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each municipality imposing local transit taxes and the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW for the previous calendar year calculated for a sales and use tax rate of one-tenth percent. For purposes of this section, the department of revenue shall determine a local transit tax rate for each municipality for the previous calendar year. The tax rate shall be equivalent to the sales and use tax rate for the municipality that would have generated an amount of revenue equal to the amount of local transit taxes collected by the municipality.

(2) For each tenth of one percent of the local transit tax rate, the state treasurer shall apportion to each municipality receiving less than eighty percent of the state-wide weighted average per capita level of sales and use tax revenues imposed under chapters 82.08 and 82.12 RCW as determined by the department of revenue under subsection (1) of this section, an amount when added to the per capita level of revenues received the previous calendar year by the municipality, to equal eighty percent of the state-wide weighted average per capita level of revenues determined under subsection (1) of this section. In no event may the sales and use tax equalization distribution to a municipality in a single calendar year exceed: (a) Fifty percent of the amount of local transit taxes collected during the prior calendar year; or (b) the maximum amount of revenue that could have been collected at a local transit tax rate of three-tenths percent in the prior calendar year.
(3) For a municipality established after January 1, 1995, sales and use tax equalization distributions shall be made according to the procedures in this subsection. Sales and use tax equalization distributions to eligible new municipalities shall be made at the same time as distributions are made under subsection (2) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new municipality has received a full year’s worth of local transit tax revenues as of the January sales and use tax equalization distribution.

(a) Whether a newly established municipality determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October sales and use tax equalization distribution shall depend on the date the system first imposes local transit taxes.

(i) A newly established municipality imposing local transit taxes taking effect during the first calendar quarter shall be eligible to receive funds under this subsection beginning with the July sales and use tax equalization distribution of that year.

(ii) A newly established municipality imposing local transit taxes taking effect during the second calendar quarter shall be eligible to receive funds under this subsection beginning with the October sales and use tax equalization distribution of that year.

(iii) A newly established municipality imposing local transit taxes taking effect during the third calendar quarter shall be eligible to receive funds under this subsection beginning with the January sales and use tax equalization distribution of the next year.

(iv) A newly established municipality imposing local transit taxes taking effect during the fourth calendar quarter shall be eligible to receive funds under this subsection beginning with the April sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new municipality should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from local transit taxes that the new municipality would have received had the municipality received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (2) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the local transit taxes have been imposed.

(c) The department of revenue shall advise the state treasurer of the amounts calculated under (b) of this subsection and the state treasurer shall distribute these amounts to the new municipality from the motor vehicle excise tax (distributed under RCW 82.44.150(2)(d)) deposited into the transportation fund under RCW 82.44.110.

(4) A municipality whose governing body implements a tax change that reduces its local transit tax rate after January 1, 1994, may not receive distributions under this section.

Sec. 38.  RCW 82.44.023 and 1994 c 227 s 3 are each amended to read as follows:

Rental cars as defined in RCW 46.04.465 are exempt from the taxes imposed in RCW 82.44.020(1) ((and (2))). When a rental car ceases to be used for rental car purposes and at the time of its retail sale, the excise tax imposed in RCW 82.44.020(1) ((and (2))) shall be imposed in an amount equal to one-twelfth of the annual excise tax then in effect, for each full month remaining in the vehicle’s registration year.

Sec. 39.  RCW 82.44.025 and 1996 c 139 s 3 are each amended to read as follows:

MOTION

Representative Huff moved that the House concur in the Senate amendment(s) to Engrossed House Bill No. 2894 and advance the bill as amended by the Senate to final passage.

POINT OF ORDER

Representative Appelwick requested a Scope and Object ruling on the Senate amendments to Engrossed House Bill No. 2894.

SPEAKER’S RULING

Mr. Speaker: Representative Appelwick, the Speaker is prepared to rule on your request Point of Order which challenges the Scope and Object of the Senate striking amendment to Engrossed House Bill No. 2894.

The title of Engrossed House Bill No. 2894 is, "AN Act relating to the reallocation of motor vehicle excise tax and general fund resources for the purpose of providing transportation funding, local criminal justice funding, and tax reduction."

While the Senate striking amendment made a number of small changes to Engrossed House Bill No. 2894, the Speaker finds that the only portion of the amendment which might give rise to any scope and object concerns are sections 9 and 10, which can be found at pages 16 and 17 of the striking amendment.

Section 10 of the amendment reallocates motor vehicle excise taxes (MVET) to distressed cities for the purpose of local criminal justice funding. The Speaker is aware the amendment also suggests that the monies might be spent for other purposes. The language of the amendment must be read in light of the fact that the money transferred is not more than the local governments claim to need to meet their local criminal justice funding needs. The goal of section 10 is consistent with the scope and object of Engrossed House Bill No. 2894.

Section 9 of the amendment is more troubling. Section 9 creates a distressed county public facilities construction loan account in the state treasury. The amendment reallocates motor vehicle excise taxes to local transportation projects through the CERB program in those instances where the county has "experienced extraordinary costs due to the location of a major new business facility or the substantial expansion of an existing business facility in the county."

Major new business facilities or expansions often give rise to the need for transportation spending.

It is a very close call: Can this reallocation of motor vehicle excise taxes be found to be primarily for transportation purposes?

The Speaker, like every member of this House, is aware of the troubles that our distressed counties are having in providing employment opportunities to their citizens. A lack of transportation improvements in distressed counties too often means an absence of new jobs. The Speaker is convinced that the amendment found in Section 9 of the Senate striking amendment is intended to send MVET money toward some of the State’s most pressing transportation needs.

Representative Appelwick, the Speaker finds that the Senate striking amendment is within the Scope and Object of Engrossed House Bill No. 2894.

Your Point of Order is not well taken.
Representatives Huff, Clements, Mastin, D. Schmidt, Schoesler, Robertson, DeBolt, K. Schmidt, Pennington and Mitchell spoke in favor of the motion to concur in the Senate amendment(s) to Engrossed House Bill No. 2894.

On page 1, after line 6, strike the remaining sections of the amendment and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to provide for the operation of education programs for the department of corrections' juvenile inmates. School districts, educational service districts, or any combination thereof should be the primary providers of the education programs. However, the legislature does not intend to preclude community and technical colleges, four-year institutions of higher education, or other qualified entities from contracting to provide all or part of these education programs if no school district or educational service district is willing to operate all or part of the education programs.

The legislature finds that this chapter fully satisfies any constitutional duty to provide education programs for juvenile inmates in adult correctional facilities. The legislature further finds that biennial appropriations for education programs under this chapter amply provide for any constitutional duty to educate juvenile inmates in adult correctional facilities.

NEW SECTION. Sec. 2. Any school district or educational service district may operate all or any portion of an education program for juveniles in accordance with this chapter, notwithstanding the fact the services or benefits provided extend beyond the geographic boundaries of the school district or educational service district providing the service.

NEW SECTION. Sec. 3. The superintendent of public instruction shall solicit an education provider for the department of corrections’ juvenile inmates within sixty days as follows:

(1) The superintendent of public instruction shall notify and solicit proposals from all interested and capable school districts, educational service districts, institutions of higher education, private contractors, or any combination thereof. The notice shall describe the proposed education program’s requirements and the appropriated amount. The selection of an education provider shall be in the following order:

(a) The school district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections has first priority to operate an education program for inmates at that site. The district may elect to operate an education program by itself or with another school district, educational service district, institution of higher education, private
contractor, or any combination thereof. If the school district elects not to exercise its priority, it shall notify the superintendent of public instruction within thirty calendar days of the day of solicitation.

(b) The educational service district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections has second priority to operate an education program for inmates at that site. The educational service district may elect to do so by itself or with a school district, another educational service district, institution of higher education, private contractor, or any combination thereof. If the educational service district elects not to exercise its priority, it shall notify the superintendent of public instruction within forty-five calendar days of the day of solicitation.

(c) If neither the school district nor the educational service district chooses to operate an education program for inmates as provided for in (a) and (b) of this subsection, the superintendent of public instruction may contract with an entity, including, but not limited to, school districts, educational service districts, institutions of higher education, private contractors, or any combination thereof, within sixty calendar days of the day of solicitation. The selected entity may operate an education program by itself or with another school district, educational service district, institution of higher education, or private contractor, or any combination thereof.

(2) If the superintendent of public instruction does not contract with an interested entity within sixty days of the day of solicitation, the educational service district where there is an educational site for juveniles in an adult correctional facility maintained by the state department of corrections shall begin operating the education program for inmates at the site within ninety days from the day of solicitation in subsection (1) of this section.

NEW SECTION. Sec. 4. Except as otherwise provided for by contract under section 7 of this act, the duties and authority of a school district, educational service district, institution of higher education, or private contractor to provide for education programs under this chapter are limited to the following:

(1) Employing, supervising, and controlling administrators, teachers, specialized personnel, and other persons necessary to conduct education programs, subject to security clearance by the department of corrections;

(2) Purchasing, leasing, or renting and providing textbooks, maps, audiovisual equipment, paper, writing instruments, physical education equipment, and other instructional equipment, materials, and supplies deemed necessary by the provider of the education programs;

(3) Conducting education programs for inmates under the age of eighteen in accordance with program standards established by the superintendent of public instruction. The education provider shall develop the curricula, instructional methods, and educational objectives of the education programs, subject to applicable requirements of state and federal law. The department of corrections shall establish behavior standards that govern inmate participation in education programs, subject to applicable requirements of state and federal law;

(4) Students age eighteen who have participated in an education program governed by this chapter may continue in the program with the permission of the department of corrections and the education provider, under the rules adopted by the superintendent of public instruction.

NEW SECTION. Sec. 5. School districts and educational service districts providing an education program to juvenile inmates in an adult corrections facility, notwithstanding that their geographical boundaries do not include the facility, may:

(1) Award appropriate diplomas or certificates to inmates who successfully complete graduation requirements;

(2) Spend only funds appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs under this chapter, including direct and indirect costs of maintaining and operating the education programs, and funds from federal and private grants, bequests, and gifts made for that purpose. School districts may not expend excess tax levy proceeds authorized for school district purposes to pay costs incurred under this chapter.

NEW SECTION. Sec. 6. To support each education program under this chapter, the department of corrections and each superintendent or chief administrator of a correction facility shall:
(1) Through construction, lease, or rental of space, provide necessary building and exercise spaces for the education program that is secure, separate, and apart from space occupied by nonstudent inmates;

(2) Through construction, lease, or rental, provide vocational instruction machines; technology and supporting equipment; tools, building, and exercise facilities; and other equipment and fixtures deemed necessary by the department of corrections to conduct the education program;

(3) Provide heat, lights, telephone, janitorial services, repair services, and other support services for the building and exercise spaces, equipment, and fixtures provided under this section;

(4) Employ, supervise, and control security staff to safeguard agents of the education providers and inmates while engaged in educational and related activities conducted under this chapter;

(5) Provide clinical and medical evaluation services necessary for a determination by the education provider of the educational needs of inmates; and

(6) Provide such other support services and facilities as are reasonably necessary to conduct the education program.

NEW SECTION. Sec. 7. Each education provider under this chapter and the department of corrections shall negotiate and execute a written contract for each school year or such longer period as may be agreed to that delineates the manner in which their respective duties and authority will be cooperatively performed and exercised, and any disputes and grievances resolved through mediation, and if necessary, arbitration. Any such contract may provide for the performance of duties by an education provider in addition to those set forth in this chapter, including duties imposed upon the department of corrections and its agents under section 6 of this act if supplemental funding provided by the department of corrections is available to fully pay the direct and indirect costs of these additional duties.

NEW SECTION. Sec. 8. By April 15th of each school year, the department of corrections shall provide written notice to the superintendent of public instruction and education providers operating programs under this chapter of any reasonably foreseeable education site closures, reductions in the number of inmates or education services, or any other cause for a reduction in certificated or classified staff the next school year. In the event the department of corrections fails to provide notice as required by this section, the department is liable and responsible for the payment of the salary and employment-related costs for the next school year of each employee whose contract would or could have been nonrenewed but for the failure of the department to provide notice. Disputes arising under this section shall be resolved in accordance with the alternative dispute resolution method or methods specified in the contract required by section 7 of this act.

NEW SECTION. Sec. 9. The superintendent of public instruction shall:

(1) Allocate money appropriated by the legislature to administer and provide education programs under this chapter to school districts, educational service districts, and other education providers selected under section 3 of this act that have assumed the primary responsibility to administer and provide education programs under this chapter. The allocation of moneys to any private contractor is contingent upon and must be in accordance with a contract between the private contractor and the department of corrections; and

(2) Adopt rules in accordance with chapter 34.05 RCW that establish reporting, program compliance, audit, and such other accountability requirements as are reasonably necessary to implement this chapter and related provisions of the biennial operating act effectively.

Sec. 10. RCW 72.09.460 and 1997 c 338 s 43 are each amended to read as follows:

(1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (4) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.
The department shall provide access to a program of education to all offenders who are under the age of eighteen and who have not met high school graduation or general equivalency diploma requirements in accordance with chapter 28A.-- RCW (sections 1 through 9 of this act). The program of education established by the department and education provider under section 3 of this act for offenders under the age of eighteen must provide each offender a choice of curriculum that will assist the inmate in achieving a high school diploma or general equivalency diploma. The program of education may include but not be limited to basic education, prevocational training, work ethic skills, conflict resolution counseling, substance abuse intervention, and anger management counseling. The curriculum may balance these and other rehabilitation, work, and training components.

The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;
(b) Additional work and education programs based on assessments and placements under subsection (5) of this section; and
(c) Other work and education programs as appropriate.

The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in any available education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate’s education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate’s entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;
(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:
(i) An inmate’s release date and custody level, except an inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date;
(ii) An inmate’s education history and basic academic skills;
(iii) An inmate’s work history and vocational or work skills;
(iv) An inmate’s economic circumstances, including but not limited to an inmate’s family support obligations; and
(v) Where applicable, an inmate’s prior performance in department-approved education or work programs;
(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;
(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate’s work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate’s work program. Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(6) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate’s ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(7) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates’ preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(8) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(9) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release.

(6) A unit that includes only employees in vocational-technical institutes or occupational skill centers may be considered to constitute an appropriate bargaining unit if the history of bargaining in any such school district so justifies; and

(7) Notwithstanding the definition of collective bargaining, a unit that contains only supervisors and/or principals and assistant principals shall be limited in scope of bargaining to compensation, hours of work, and the number of days of work in the annual employment contracts; and

(8) The bargaining unit of certificated employees of school districts, educational service districts, or institutions of higher education that are education providers under chapter 28A.--RCW (sections 1 through 9 of this act) must be limited to the employees working as education providers to juveniles in each adult correctional facility maintained by the department of corrections and must be separate from other bargaining units in school districts, educational service districts, or institutions of higher education.

The director shall promptly notify the applicant in writing by certified mail of its intent to refuse to renew the registration. The registrant may, within twenty-one days after receipt of that notice...
or intent, request a hearing on the refusal. The director may permit the registrant to honor commitments already made to its customers, but no new commitments may be incurred, unless the director is satisfied that all new commitments are completely bonded or secured to insure that the general public is protected from loss of money paid to the registrant. It is the responsibility of the registrant to contest the decision regarding conditions imposed or registration denied through the process established by the administrative procedure act, chapter 34.05 RCW.

(3) The director shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a residential or visitation order. The seller of travel shall notify the department of any change in the account number or location within one business day of the change.

(4) The director, by rule, may allow for the use of other types of funds or accounts only if the protection for consumers is no less than that provided by this section.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. PURPOSE. The legislature finds that merger of the departments of fisheries and wildlife resulted in two criminal codes applicable to fish and wildlife, and that it has become increasingly difficult to administer and enforce the two criminal codes. Furthermore, laws defining crimes involving fish and wildlife have evolved over many years of changing uses and
management objectives for fish and wildlife. The resulting two codes make it difficult for citizens to comply with the law and unnecessarily complicate enforcement of laws against violators.

The legislature intends by chapter . . . , Laws of 1998 (this act) to revise and recodify the criminal laws governing fish and wildlife, ensuring that all people involved with fish and wildlife are able to know and understand the requirements of the laws and the risks of violation. Additionally, the legislature intends to create a more uniform approach to criminal laws governing fish and wildlife and to the laws authorizing prosecution, sentencing, and punishments, including defining new crimes and repealing crimes that are redundant to other provisions of the criminal code.

Chapter . . . , Laws of 1998 (this act) is not intended to alter existing powers of the commission or the director to adopt rules or exercise powers over fish and wildlife. In some places reference is made to violation of department rules, but this is intended to conform with current powers of the commission, director, or both, to adopt rules governing fish and wildlife activities.

NEW SECTION. Sec. 2. EXEMPTION FOR DEPARTMENT ACTIONS. A person is not guilty of a crime under this chapter if the person is an officer, employee, or agent of the department lawfully acting in the course of his or her authorized duties.

NEW SECTION. Sec. 3. AUTHORITY TO DEFINE VIOLATION OF A RULE AS AN INFRACTION. If the commission or director has authority to adopt a rule that is punishable as a crime under this chapter, then the commission or director may provide that violation of the rule shall be punished with notice of infraction under RCW 7.84.030.

NEW SECTION. Sec. 4. SEPARATE OFFENSES FOR EACH BIG GAME, PROTECTED, OR ENDANGERED ANIMAL. Where it is unlawful to hunt, take, kill, fish, or possess big game or protected or endangered fish or wildlife, then each individual animal unlawfully killed, taken, or possessed is a separate offense.

NEW SECTION. Sec. 5. JURISDICTION. District courts have jurisdiction concurrent with superior courts for misdemeanors and gross misdemeanors committed in violation of this chapter and may impose the punishment provided for these offenses. Superior courts have jurisdiction over felonies committed in violation of this chapter. Venue for offenses occurring in off-shore waters shall be in a county bordering on the Pacific Ocean, or the county where fish or wildlife from the offense are landed.

NEW SECTION. Sec. 6. CONVICTION IN A STATE OR MUNICIPAL COURT. Unless the context clearly requires otherwise, as used in this chapter, "conviction" means a final conviction in a state or municipal court or an unvacated forfeiture of bail or collateral deposited to secure the defendant’s appearance in court. A plea of guilty, or a finding of guilt for a violation of this title or rule of the commission or director constitutes a conviction regardless of whether the imposition of sentence is deferred or the penalty is suspended.

NEW SECTION. Sec. 7. REFERENCE TO CHAPTERS 7.84 AND 9A.20 RCW. Crimes defined by this chapter shall be punished as infractions, misdemeanors, gross misdemeanors, or felonies, based on the classification of crimes set out in chapters 7.84 and 9A.20 RCW.

NEW SECTION. Sec. 8. ACTING FOR COMMERCIAL PURPOSES--VALUE OF FISH OR WILDLIFE--PROOF. (1) For purposes of this chapter, a person acts for commercial purposes if the person:

(c) Exceeds the bag or possession limits for personal use by taking or possessing more than three times the amount of fish or wildlife allowed;

(d) Delivers or attempts to deliver fish or wildlife to a person who sells or resells fish or wildlife including any licensed or unlicensed wholesaler; or

(e) Takes fish using a vessel designated on a commercial fishery license and gear not authorized in a personal use fishery.
For purposes of this chapter, the value of any fish or wildlife may be proved based on evidence of legal or illegal sales involving the person charged or any other person, of offers to sell or solicitation of offers to sell by the person charged or by any other person, or of any market price for the fish or wildlife including market price for farm-raised game animals. The value assigned to specific wildlife by RCW 77.21.070 may be presumed to be the value of such wildlife. It is not relevant to proof of value that the person charged misrepresented that the fish or wildlife was taken in compliance with law if the fish or wildlife was unlawfully taken and had no lawful market value.

However, fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing into court a cash bond equal to the value of the seized property but not more than twenty-five thousand dollars. Such cash bond is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. The hearing shall be before the director or director’s designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in Title 34 RCW. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title or Title 75 RCW; or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner’s knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the wildlife fund, as provided for in RCW 77.12.170.

Sec. 85. RCW 75.20.040 and 1983 1st ex.s. c 46 s 70 are each amended to read as follows:

A diversion device used for conducting water from a lake, river, or stream for any purpose shall be equipped with a fish guard approved by the director to prevent the passage of fish into the diversion device. The fish guard shall be maintained at all times when water is taken into the diversion device. The fish guards shall be installed at places and times prescribed by the director upon thirty days' notice to the owner of the diversion device. (It is unlawful for the owner of a diversion device to fail to comply with this section.)

Each day the diversion device is not equipped with an approved fish guard is a separate offense. If within thirty days after notice to equip a diversion device the owner fails to do so, the director may take possession of the diversion device and close the device until it is properly equipped. Expenses incurred by the department constitute the value of a lien upon the diversion device and upon the real and personal property of the owner. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the action is taken.

Sec. 86. RCW 75.20.060 and 1983 1st ex.s. c 46 s 72 are each amended to read as follows:

A dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director's approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish. (It is unlawful for the owner, manager, agent, or person in charge of the dam or obstruction to fail to comply with this section.)

If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

Sec. 87. RCW 75.20.100 and 1997 c 385 s 1 and 1997 c 290 s 4 are each reenacted and amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld.

(2)(a) Except as provided in RCW 75.20.1001, the department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or
(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and ((4))((6))((5))((b)) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5) (If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

(6)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 75.20.103, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

((4))) (6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand
bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

((8)) (7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

((44)) (8) For the purposes of this section and RCW 75.20.103, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

((40)) (9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

Sec. 88. RCW 75.20.103 and 1993 sp.s. c 2 s 32 are each amended to read as follows:

In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 (and 75.20.1002), the department shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within
thirty days of the notice of decision. The burden shall be upon the department to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department may be appealed to the hydraulic appeals board within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

(If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.)

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control.

Sec. 89. RCW 75.20.110 and 1995 1st sp.s. c 2 s 27 are each amended to read as follows:

(1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment.

(2) Within the sanctuary area:

(a) (It is unlawful) The department shall not issue hydraulic project approval to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as determined by the commission.

(b) (Except by order of the commission, it is unlawful to) A person shall not divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The commission may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

Sec. 90. RCW 75.24.080 and 1983 1st ex.s. c 46 s 83 are each amended to read as follows:

The director may designate as "restricted shellfish areas" those areas in which infection or infestation of shellfish is present. (Except by) A permit (of) issued by the director is unlawful required to transplant or transport into or out of a restricted area shellfish or equipment used in culturing, taking, handling, or processing shellfish.

Sec. 91. RCW 75.24.100 and 1995 1st sp.s. c 2 s 29 are each amended to read as follows:
(1) (It is unlawful) The department may not authorize a person to take geoduck clams for commercial purposes outside the harvest area designated in a current department of natural resources geoduck harvesting agreement issued under RCW 79.96.080. (It is unlawful to commercially) The department may not authorize commercial harvest of geoduck clams from bottoms that are shallower than eighteen feet below mean lower low water (0.0 ft.), or that lie in an area bounded by the line of ordinary high tide (mean high tide) and a line two hundred yards seaward from and parallel to the line of ordinary high tide. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Commercial geoduck harvesting shall be done with a hand-held, manually operated water jet or suction device guided and controlled from under water by a diver. Periodically, the commission shall determine the effect of each type or unit of gear upon the geoduck population or the substrate they inhabit. The commission may require modification of the gear or stop its use if it is being operated in a wasteful or destructive manner or if its operation may cause permanent damage to the bottom or adjacent shellfish populations.

Sec. 92. RCW 75.24.110 and 1983 1st ex.s. c 46 s 87 are each amended to read as follows:

(It is unlawful for) The department may not authorize a person to import oysters or oyster seed into this state for the purpose of planting them in state waters without a permit from the director. The director shall issue a permit only after an adequate inspection has been made and the oysters or oyster seed are found to be free of disease, pests, and other substances which might endanger oysters in state waters.

Sec. 93. RCW 75.28.010 and 1997 c 58 s 883 are each amended to read as follows:

(1) Except as otherwise provided by this title, (it is unlawful to) a person may not engage in any of the following activities without a license or permit issued by the director:

(a) Commercially fish for or take food fish or shellfish;
(b) Deliver food fish or shellfish taken in offshore waters;
(c) Operate a charter boat or commercial fishing vessel engaged in a fishery;
(d) Engage in processing or wholesaling food fish or shellfish; or
(e) Act as a guide for salmon for personal use in freshwater rivers and streams, other than that part of the Columbia river below the bridge at Longview.

(2) No person may engage in the activities described in subsection (1) of this section unless the licenses or permits required by this title are in the person’s possession, and the person is the named license holder or an alternate operator designated on the license and the person’s license is not suspended.

(3) A valid Oregon license that is equivalent to a license under this title is valid in the concurrent waters of the Columbia river if the state of Oregon recognizes as valid the equivalent Washington license. The director may identify by rule what Oregon licenses are equivalent.

(4) No license or permit is required for the production or harvesting of private sector cultured aquatic products as defined in RCW 15.85.020 or for the delivery, processing, or wholesaling of such aquatic products. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing or permit requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules.

Sec. 94. RCW 75.28.045 and 1993 c 340 s 7 are each amended to read as follows:

This section applies to all commercial fishery licenses, delivery licenses, and charter licenses.

(1) An applicant for a license subject to this section may designate a vessel to be used with the license. Except for emergency salmon delivery licenses, the director may issue a license regardless of whether the applicant designates a vessel. An applicant may designate no more than one vessel on a license subject to this section.

(2) A license for a fishery that requires a vessel authorizes no taking or delivery of food fish or shellfish unless a vessel is designated on the license. A delivery license authorizes no delivery of food fish or shellfish unless a vessel is designated on the license.
It is unlawful to take food fish or shellfish in a fishery that requires a vessel except from a vessel designated on a commercial fishery license for that fishery.

It is unlawful to operate a vessel as a charter boat unless the vessel is designated on a charter license.

No vessel may be designated on more than one commercial fishery license unless the licenses are for different fisheries. No vessel may be designated on more than one delivery license, on more than one salmon charter license, or on more than one nonsalmon charter license.

Sec. 95. RCW 75.28.095 and 1997 c 76 s 2 are each amended to read as follows:
(1) The director shall issue the charter licenses and angler permits listed in this section according to the requirements of this title. The licenses and permits and their annual fees and surcharges are:

(2) (Except as provided in subsection (5) of this section, it is unlawful to operate a vessel as a charter boat from which salmon or salmon and other food fish or shellfish are taken without a salmon charter license designating the vessel)) A salmon charter license designating a vessel is required to operate a charter boat to take salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 75.30.065.

(3) (Except as provided in subsections (2) and (5) of this section, it is unlawful to operate a vessel as a charter boat from which food fish or shellfish are taken without a nonsalmon charter license)) A nonsalmon charter license designating a vessel is required to operate a charter boat to take food fish other than salmon and shellfish. As used in this subsection, "food fish" does not include salmon.

(4) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a "charter boat" within this definition. "Charter boat" does not mean a vessel used by a guide for clients fishing for food fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred-dollar enhancement surcharge, plus a fifteen-dollar handling charge, in order to be considered a valid renewal and eligible to renew the license the following year.

Sec. 96. RCW 75.28.113 and 1994 c 260 s 22 are each amended to read as follows:
It is unlawful to deliver salmon taken in offshore waters to a place or port in the state without a salmon delivery license (from the director). A salmon delivery license is required to deliver salmon taken in offshore waters to a place or port in the state. The annual fee for a salmon delivery license is three hundred eighty dollars for residents and six hundred eighty-five dollars for nonresidents. The annual surcharge under RCW 75.50.100 is one hundred dollars for each license. Holders of nonlimited entry delivery licenses issued under RCW 75.28.125 may apply the nonlimited entry delivery license fee against the salmon delivery license fee.

(2) Only a person who meets the qualifications established in RCW 75.30.120 may hold a salmon delivery license issued under this section.

(3) A salmon delivery license authorizes no taking of salmon or other food fish or shellfish from the waters of the state.

(4) If the director determines that the operation of a vessel under a salmon delivery license results in the depletion or destruction of the state’s salmon resource or the delivery into this state of salmon products prohibited by law, the director may revoke the license under the procedures of chapter 34.05 RCW.

Sec. 97. RCW 75.28.125 and 1994 c 260 s 21 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a person may not use a commercial fishing vessel to deliver food fish or shellfish taken in offshore waters to a port in the state without a nonlimited entry delivery license. As used in this section, "food fish" does not include salmon. As used in this section, "shellfish" does not include ocean pink shrimp or coastal crab. The annual license fee for a nonlimited entry delivery license is one hundred ten dollars for residents and two hundred dollars for nonresidents.

(2) Holders of salmon troll fishery licenses issued under RCW 75.28.110, salmon delivery licenses issued under RCW 75.28.113, crab pot fishery licenses issued under RCW 75.28.130, food fish trawl—Non-Puget Sound fishery licenses issued under RCW 75.28.120, Dungeness crab—coastal fishery licenses, ocean pink shrimp delivery licenses, and shrimp trawl—Non-Puget Sound fishery licenses issued under RCW 75.28.130 may deliver food fish or shellfish taken in offshore waters without a nonlimited entry delivery license.

(3) A nonlimited entry delivery license authorizes no taking of food fish or shellfish from state waters.

Sec. 98. RCW 75.28.710 and 1993 c 340 s 26 are each amended to read as follows:

(1) A person shall not offer or perform the services of a professional salmon guide in the taking of salmon for personal use in freshwater rivers and streams, other than in that part of the Columbia river below the bridge at Longview, without a professional salmon guide license.

(2) Only an individual at least sixteen years of age may hold a professional salmon guide license. No individual may hold more than one professional salmon guide license.

Sec. 99. RCW 75.28.740 and 1993 c 340 s 18 are each amended to read as follows:

(1) The director may by rule designate a fishery as an emerging commercial fishery. The director shall include in the designation whether the fishery is one that requires a vessel.

(2) "Emerging commercial fishery" means the commercial taking of a newly classified species of food fish or shellfish, the commercial taking of a classified species with gear not previously used for that species, or the commercial taking of a classified species in an area from which that species has not previously been commercially taken. Any species of food fish or shellfish commercially harvested in Washington state as of June 7, 1990, may be designated as a species in an emerging commercial fishery, except that no fishery subject to a license limitation program in chapter 75.30 RCW may be designated as an emerging commercial fishery.

(3) A person shall not take food fish or shellfish in a fishery designated as an emerging commercial fishery without an emerging commercial fishery license and a permit from the director. The director shall issue two types of permits to accompany emerging commercial fishery
licenses: Trial fishery permits and experimental fishery permits. Trial fishery permits are governed by subsection (4) of this section. Experimental fishery permits are governed by RCW 75.30.220.

(4) The director shall issue trial fishery permits for a fishery designated as an emerging commercial fishery unless the director determines there is a need to limit the number of participants under RCW 75.30.220. A person who meets the qualifications of RCW 75.28.020 may hold a trial fishery permit. The holder of a trial fishery permit shall comply with the terms of the permit. Trial fishery permits are not transferable from the permit holder to any other person.

Sec. 100. RCW 75.30.070 and 1993 c 340 s 29 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, a person shall not operate a vessel as a charter boat from which salmon are taken in salt water without an angler permit. The angler permit shall specify the maximum number of persons that may fish from the charter boat per trip. The angler permit expires if the salmon charter license is not renewed.

(2) Only a person who holds a salmon charter license issued under RCW 75.28.095 and 75.30.065 may hold an angler permit.

(3) An angler permit shall not be required for charter boats licensed in Oregon and fishing in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point under the same regulations as Washington charter boat operators, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

Sec. 101. RCW 75.30.130 and 1997 c 233 s 1 and 1997 c 115 s 1 are each reenacted and amended to read as follows:

(1) A person shall not commercially take Dungeness crab (Cancer magister) in Puget Sound without first obtaining a Dungeness crab--Puget Sound fishery license. As used in this section, "Puget Sound" has the meaning given in RCW 75.28.110(5)(a). A Dungeness crab--Puget Sound fishery license is not required to take other species of crab, including red rock crab (Cancer productus).

(2) Except as provided in subsections (3) and (6) of this section, after January 1, 1982, the director shall issue no new Dungeness crab--Puget Sound fishery licenses. Only a person who meets the following qualification may renew an existing license: The person shall have held the Dungeness crab--Puget Sound fishery license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and shall not have subsequently transferred the license to another person.

(3) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(4) This section does not restrict the issuance of commercial crab licenses for areas other than Puget Sound or for species other than Dungeness crab.

(5) Dungeness crab--Puget Sound fishery licenses are transferable from one license holder to another.

(6) If fewer than one hundred twenty-five persons are eligible for Dungeness crab--Puget Sound fishery licenses, the director may accept applications for new licenses. The director shall determine by random selection the successful applicants for the additional licenses. The number of additional licenses issued shall be sufficient to maintain one hundred twenty-five licenses in the Puget Sound Dungeness crab fishery. The director shall adopt rules governing the application, selection, and issuance procedures for new Dungeness crab--Puget Sound fishery licenses, based upon recommendations of a board of review established under RCW 75.30.050.

Sec. 102. RCW 75.30.140 and 1993 c 340 s 35 are each amended to read as follows:

(1) A person shall not fish commercially for herring in state waters without a herring fishery license. As used in this section, "herring fishery license" means any of the following
commercial fishery licenses issued under RCW 75.28.120: Herring dip bag net; herring drag seine; herring gill net; herring lampara; herring purse seine.

(2) Except as provided in this section, a herring fishery license may be issued only to a person who:

(a) Established initial eligibility for a herring fishery license as provided in subsection (3) of this section or acquired such a license by transfer;

(b) Held a herring fishery license during the previous year or acquired such a license by transfer; and

(c) Has not subsequently transferred the license to another person.

(3) A person may establish initial eligibility for a herring fishery license by:

(a) Documenting to the department that the person landed herring during the period January 1, 1971, through April 15, 1973;

(b) Documenting to the department that the person landed herring during the period January 1, 1969, through December 31, 1970, if the person was in the armed forces of the United States during the period January 1, 1971, through April 15, 1973; or

(c) Applying to the department and qualifying for a herring fishery license under hardship criteria established by rule of the director.

Landings may be documented only by a department fish receiving ticket.

(4) A herring fishery license may be issued only for the type of fishing gear used to establish initial eligibility for the license.

(5) The director may establish rules governing the administration of this section based upon recommendations of a board of review established under RCW 75.30.050.

(6) Except as provided in subsection (8) of this section, after January 1, 1995, the director shall issue no new herring fishery licenses. After January 1, 1995, a person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(7) Herring fishery licenses may be renewed each year. A herring fishery license that is not renewed each year shall not be renewed further.

(8) The department may issue additional herring fishery licenses if the stocks of herring will not be jeopardized by granting additional licenses.

(9) Subject to the restrictions of RCW 75.28.011, herring fishery licenses are transferable from one license holder to another.

Sec. 103. RCW 75.30.160 and 1993 c 340 s 38 are each amended to read as follows:

((It is unlawful to)) A person shall not commercially take whiting from areas that the department designates within the waters described in RCW 75.28.110(5)(a) without a whiting--Puget Sound fishery license.

Sec. 104. RCW 75.30.210 and 1993 c 340 s 41 are each amended to read as follows:

((It is unlawful to)) A person shall not commercially take any species of sea urchin using shellfish diver gear without first obtaining a sea urchin dive fishery license.

(2) Except as provided in subsections (3) and (6) of this section, after December 31, 1991, the director shall issue no new sea urchin dive fishery licenses. Only a person who meets the following qualifications may renew an existing license:

(a) The person shall have held the sea urchin dive fishery license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year; and

(b) The person shall document, by valid shellfish receiving tickets issued by the department, that twenty thousand pounds of sea urchins were caught and sold under the license sought to be renewed during the two-year period ending March 31 of the most recent odd-numbered year.

(3) Where the person failed to obtain the license during the previous year because of a license suspension or revocation by the department or the court, the person may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.
The director may reduce or waive the poundage requirement of subsection (2)(b) of this section upon the recommendation of a board of review established under RCW 75.30.050. The board of review may recommend a reduction or waiver of the poundage requirement in individual cases if, in the board’s judgment, extenuating circumstances prevent achievement of the poundage requirement. The director shall adopt rules governing the operation of the board of review and defining “extenuating circumstances.”

Sea urchin dive fishery licenses are not transferable from one license holder to another, except from parent to child, or from spouse to spouse during marriage or as a result of marriage dissolution, or upon the death of the license holder.

If fewer than forty-five persons are eligible for sea urchin dive fishery licenses, the director may accept applications for new licenses. The director shall determine by random selection the successful applicants for the additional licenses. The number of additional licenses issued shall be sufficient to maintain up to forty-five licenses in the sea urchin dive fishery. The director shall adopt rules governing the application, selection, and issuance procedure for new sea urchin dive fishery licenses, based upon recommendations of a board of review established under RCW 75.30.050.

Sec. 105. RCW 75.30.250 and 1993 c 340 s 44 are each amended to read as follows:

(1) A person shall not commercially take while using shellfish diver gear any species of sea cucumber without first obtaining a sea cucumber dive fishery license.

(2) Except as provided in subsection (6) of this section, after December 31, 1991, the director shall issue no new sea cucumber dive fishery licenses. Only a person who meets the following qualifications may renew an existing license:

(a) The person shall have held the sea cucumber dive fishery license sought to be renewed during the previous two years or acquired the license by transfer from someone who held it during the previous year; and

(b) The person shall establish, by means of dated shellfish receiving documents issued by the department, that thirty landings of sea cucumbers totaling at least ten thousand pounds were made under the license during the previous two-year period ending December 31 of the odd-numbered year.

(3) Where the person failed to obtain the license during either of the previous two years because of a license suspension by the department or the court, the person may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) The director may reduce or waive any landing or poundage requirement established under this section upon the recommendation of a board of review established under RCW 75.30.050. The board of review may recommend a reduction or waiver of any landing or poundage requirement in individual cases if, in the board’s judgment, extenuating circumstances prevent achievement of the landing or poundage requirement. The director shall adopt rules governing the operation of the board of review and defining “extenuating circumstances.”

(5) Sea cucumber dive fishery licenses are not transferable from one license holder to another except from parent to child, from spouse to spouse during marriage or as a result of marriage dissolution, or upon death of the license holder.

(6) If fewer than fifty persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses from those persons who can demonstrate two years’ experience in the Washington state sea cucumber dive fishery. The director shall determine by random selection the successful applicants for the additional licenses. The number of additional licenses issued shall be sufficient to maintain up to fifty licenses in the sea cucumber dive fishery. The director shall adopt rules governing the application, selection, and issuance procedure for new sea cucumber dive fishery licenses, based upon recommendations of a board of review established under RCW 75.30.050.

Sec. 106. RCW 75.30.280 and 1993 c 340 s 46 are each amended to read as follows:

(1) A person shall not harvest geoduck clams commercially without a geoduck fishery license. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020.

(2) Only a person who has entered into a geoduck harvesting agreement with the department of natural resources under RCW 79.96.080 may hold a geoduck fishery license.
A geoduck fishery license authorizes no taking of geoducks outside the boundaries of the public lands designated in the underlying harvesting agreement, or beyond the harvest ceiling set in the underlying harvesting agreement.

A geoduck fishery license expires when the underlying geoduck harvesting agreement terminates.

The director shall determine the number of geoduck fishery licenses that may be issued for each geoduck harvesting agreement, the number of units of gear whose use the license authorizes, and the type of gear that may be used, subject to RCW 75.24.100. In making those determinations, the director shall seek to conserve the geoduck resource and prevent damage to its habitat.

The holder of a geoduck fishery license and the holder’s agents and representatives shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979, 84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq. A violation of those regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are "employees" as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of a geoduck fishery license following a hearing under the procedures of chapter 34.05 RCW. The department shall not suspend or revoke a geoduck fishery license if the violation has been corrected within ten days of the date the license holder receives written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck clams, the department shall suspend the license immediately until the violation has been corrected. If the license holder is not the operator of the harvest vessel and has contracted with another person for the harvesting of geoducks, the department shall not suspend or revoke the license if the license holder terminates its business relationship with that person until compliance with this subsection is secured.

Sec. 107. RCW 75.30.290 and 1993 c 376 s 5 are each amended to read as follows:

(1) After December 31, 1993, it is unlawful to deliver into any Washington state port ocean pink shrimp caught in offshore waters without an ocean pink shrimp delivery license issued under RCW 75.28.730, or an ocean pink shrimp single delivery license issued under RCW 75.30.320. An ocean pink shrimp delivery license shall be issued to a vessel that:

(a) Landed a total of at least five thousand pounds of ocean pink shrimp in Washington in any single calendar year between January 1, 1983, and December 31, 1992, as documented by a valid shellfish receiving ticket; and

(b) Can show continuous participation in the Washington, Oregon, or California ocean pink shrimp fishery by being eligible to land ocean pink shrimp in either Washington, Oregon, or California each year since the landing made under subsection (1) of this section. Evidence of such eligibility shall be a certified statement from the relevant state licensing agency that the applicant for a Washington ocean pink shrimp delivery license held at least one of the following permits:

(i) For Washington: Possession of a delivery permit or delivery license issued under RCW 75.28.125 or a trawl license (other than Puget Sound) issued under RCW 75.28.140; and

(1) A person shall not commercially fish for coastal crab in Washington state waters without a Dungeness crab—coastal or a Dungeness crab—coastal class B fishery license. Gear used must consist of one buoy attached to each crab pot. Each crab pot must be fished individually.

(2) A Dungeness crab—coastal fishery license is transferable. Except as provided in subsection (3) of this section, such a license shall only be issued to a person who proved active historical participation in the coastal crab fishery by having designated, after December 31, 1993, a vessel or a replacement vessel on the qualifying license that singly or in combination meets the following criteria:
(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot—Non-Puget Sound license, issued under RCW 75.28.130(1)(b);

For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings; or

(c) Made any number of coastal crab landings totaling a minimum of twenty thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets, showed historical and continuous participation in the coastal crab fishery by having held one of the qualifying licenses each calendar year beginning 1990 through 1993, and the vessel was designated on the qualifying license of the person who held that license in 1994.

(3) A Dungeness crab—coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel was designated on the qualifying license of the person who held that license in 1994. All landings shall be documented by valid Washington state shellfish receiving tickets. License applications under this subsection may be subject to review by the advisory review board in accordance with RCW 75.30.050. For purposes of this subsection, "under construction" means either:

(4) A Dungeness crab—coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab—coastal fishery license, if the person has designated on a qualifying license after December 31, 1993, a vessel or replacement vessel that, singly or in combination, made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which qualifying landings were made through 1994. Dungeness crab—coastal class B fishery licenses cease to exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(5) The four qualifying seasons for purposes of this section are:

(a) December 1, 1988, through September 15, 1989;
(b) December 1, 1989, through September 15, 1990;

(6) For purposes of this section and RCW 75.30.420, "coastal crab" means Dungeness crab (cancer magister) taken in all Washington territorial and offshore waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver island), Grays Harbor, Willapa Bay, and the Columbia river.

(7) For purposes of this section, "replacement vessel" means a vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab—coastal or Dungeness crab—coastal class B fishery license. A Dungeness crab—coastal or Dungeness crab—coastal class B fishery license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995.

For purposes of this section, "exclusive economic zone" means that zone defined in the federal fishery conservation and management act (16 U.S.C. COLLOQUY

Representative Poulsen asked Representative Crouse to yield to a question.

Representative Poulsen: As you know, universal service is already a part of the telecommunications policy of this state. Under existing law, the Utilities and Transportation Commission can promote universal service in its regulation of rates and its adoption of rules applying to regulated services and companies. What effect, if any, do sections 1 through 3 of Engrossed Substitute Senate Bill No. 6622 as amended by the House have on the existing authority or responsibility of the Utilities and Transportation Commission?

Representative Crouse: Sections 1 through 3 have no effect on the existing authority or responsibility of the Utilities and Transportation Commission. Those sections direct the commission to develop a new mechanism for universal service, which cannot go into effect without further legislative action, but those sections neither increase nor reduce the commission’s authority and responsibility under existing law to promote universal service in the commission’s regulation of rates and adoption of rules.

Representative Hankins moved the adoption of amendment (1172):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the federal telecommunications act of 1996 has provided the opportunity to expand the uses of publicly owned rights of way to allow for the provision of enhanced telecommunications services. Presently, providers of these services are confronted with differing development regulations and franchise requirements across this state's two hundred seventy-seven cities and thirty-nine counties. The legislature finds the array of varying regulations and requirements to be a significant barrier to enhancing the telecommunications services to the citizens of the state, and desires more uniformity and reasonableness in the application of these regulations. However, states that have recently enacted laws relating to the use of public rights of way for telecommunications services have been challenged in court. Court decisions and relevant federal communications commission rulings will be issued after the legislature adjourns. Therefore, the most prudent course of action requires further work and cooperation between public policymakers, government administrators, and the telecommunications industry to effectuate the policy of this state.

(2) The legislature hereby declares it the policy of the state of Washington to: Promote policies that encourage competition in telecommunications and results in new entrants into the industry; encourage the development of telecommunications infrastructure without violating the letter or spirit of Article VIII, sections 5 and 7 of the state Constitution; reduce regulatory obstacles that inhibit investment in the state's telecommunications system; maintain safe public roads, highways, and streets; and provide responsible stewardship of the public's investment in its rights of ways.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout chapter . . ., Laws of 1998 (this act)."
(1) "Authorized facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

(2) "Authorized user" means every corporation, company, association, joint stock association, partnership, and person; their lessees, trustees, or receivers appointed by any court whatsoever; and every city or town owning, operating, or managing any facilities used to provide telecommunications for hire, sale, or resale to the general public within this state.

(3) "Cable television service" means the one-way transmission to subscribers of video programming or other programming service and subscriber interaction, if any, which is required for the selection or use of such video programming or other programming service.

(4) "Limited access highways" means those public rights of way designated as limited access under authority of the laws of the state of Washington.

(5) "Public right of way" means public roads, streets, and highways, and does not include:
   (a) Limited access highways;
   (b) Land dedicated for roads, streets, and highways not opened or improved for motor vehicle use;
   (c) Structures located within the right of way;
   (d) Federally granted trust lands and the forest board trust lands;
   (e) Private property or easement rights on private property; and

(6) "Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for the general public. For the purpose of chapter . . . , Laws of 1998 (this act), telecommunications services excludes the over-the-air transmission of broadcast television or radio signals. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols.

NEW SECTION. Sec. 3. (1) The state, counties, cities, or towns shall not unreasonably deny the use of public right of way for the purposes of locating authorized facilities for telecommunications services or cable television services, provided:
   (a) The authorized facilities comply with applicable land use and construction codes, regulations, standards, and lease and franchise requirements adopted by the state, counties, cities, and towns not inconsistent with state law;
   (b) The authorized facilities are installed and maintained within public rights of way in such manner and at such points so as not to inconvenience the public use of the rights of way;
   (c) The authorized users obtain all permits required for the installation of authorized facilities as required by the state, counties, cities, and towns;
   (d) The authorized facilities are installed, constructed, maintained, and operated at the expense and liability of the authorized user;
   (e) The use of the public right of way by authorized facilities does not create, expand, or extend liability of the state, counties, cities, or towns to a third party user of authorized facilities;
   (f) The use of a facility or structure in the public right of way, or attachment to it, or the use of public property that is not public right of way has received the explicit approval of, and is under such conditions as may be agreed to by, the owner of the facility, structure, or property.

(2) The reasons for a denial of the use of the right of way where the request complies with subsection (1)(a) through (f) of this section shall be clearly stated in writing.

(3) Nothing in this section creates, modifies, or diminishes the priority of use for authorized facilities over other users of the right of way for other purposes.
NEW SECTION. Sec. 4. (1) Counties, cities, and towns may not adopt or enforce land use and construction codes, regulations, standards, or lease and franchise requirements that:

(a) Conflict with or duplicate the jurisdiction or requirements of the Washington utilities and transportation commission for approval to offer telecommunications services;

(b) Conflict with federal or state laws, rules, and regulations that specifically apply to the design, construction, and operation of authorized facilities or with federal or state worker safety or public safety laws, rules, and regulations;

(c) Regulate services of authorized users based upon the content or type of signals that are carried or are capable of being carried over the telecommunications facilities, except where specifically authorized in state or federal law.

(2) Nothing in this section limits the authority of the counties, cities, and towns to regulate the placement of authorized facilities through local zoning authority as long as:

(a) The regulations do not prohibit the placement of authorized facilities within the county, city, or town nor have the effect of a barrier to entry;

(b) The regulations do not unreasonably discriminate or have the effect of unreasonably discriminating between similarly situated authorized users or authorized facilities.

NEW SECTION. Sec. 5. (1) Except as provided in subsection (2) of this section, a county, city, or town shall not place a moratorium on the acceptance and processing of applications, permitting, construction, maintenance, repair, replacement, extension, operation, or use of any personal wireless communication facility after the effective date of this section. An existing moratorium that expires after the effective date of this section shall not be extended in whole or in part.

(2)(a) A city or town incorporated after the effective date of this section shall be permitted to impose one moratorium that shall not exceed one hundred eighty days and shall not be extendable.

(b) Upon the expiration of the moratorium authorized by (a) of this subsection, the authorizing city or town is subject to subsection (1) of this section.

(3) Counties, cities, and towns are encouraged to work together with industry, using the experience of the industry and those counties, cities, and towns that have adopted wireless regulations, to develop policies and provisions for the siting of wireless telecommunications facilities.

(4) Subsections (1) and (2) of this section apply to moratoriums one hundred twenty days after the adoption of a model ordinance or on April 1, 1999, whichever occurs first.

(5) This section expires October 1, 2003.

NEW SECTION. Sec. 6. (1) The state, counties, cities, and towns shall adopt procedures that enable each of these jurisdictions to issue permits for authorized facilities within one hundred twenty days from an applicant’s filing of a complete application for a permit until issuance of the permit, except:

(a) Where required by specific procedures to assure cooperation of work within the right of way that provides reasonable opportunities for scheduling of work, including advance notice of planned work, and that do not impose unreasonable barriers to entry;

(b) With the agreement of the applicant;

(c) Where permits require the approval of another unit of government that cannot be obtained within the one hundred twenty-day period;

(d) Where franchises are required that require the approval of the legislative body of the jurisdiction, if procedures allow the interim installation of authorized facilities where the timeline to complete such a franchise agreement is expected to exceed one hundred twenty days;

(e) That issuance and renewals of franchises and related permits for cable television service are governed by federal law.

(2) For purposes of this section, the state, counties, cities, and towns shall adopt by rule or ordinance the specific requirements necessary to deem an application for a permit full and complete, and shall provide a copy of the requirements to all applicants.

NEW SECTION. Sec. 7. (1) Unless the legislative authority of a county, city, or town has taken legislative action prior to January 1, 1998, a county, city, or town shall not begin installation, or
cause to be installed, equipment, facilities, or other infrastructure, including but not limited to conduit, for the purpose of allowing a county, city, or town to provide for-profit telecommunications or cable television services to the general public.

(2) This section expires October 1, 2003.

NEW SECTION. Sec. 8. Except as provided in section 7 of this act, chapter . . . . Laws of 1998 (this act) does not amend, limit, repeal, or otherwise modify the authority of cities or counties to regulate cable television services as provided under federal law.

Sec. 9. RCW 35.21.860 and 1983 2nd ex.s. c 3 s 39 are each amended to read as follows:

(1) No city or town may impose a franchise fee or any other fee, charge, or compensation of whatever nature or description upon the light and power, or gas distribution businesses, as defined in RCW 82.16.010, or (telephone business, as defined in RCW 82.04.065) an authorized user for the use of public right of way, except that (a) a tax authorized by RCW 35.21.865 may be imposed and (b) fees and other requirements may be imposed on such businesses that, except for authorized users of a public right of way, recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW. A city or town may impose fees on authorized users for the use of a public right of way to recover costs as set forth under section 11 of this act.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and 35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section.

Any board of county commissioners may grant franchises to persons or private or municipal corporations to use the right of way of county roads in their respective counties for the construction and maintenance of waterworks, gas pipes, telephone, telegraph authorized facilities as defined in section 1 of this act, and electric light lines, sewers, and any other such facilities, except that no franchise fee or any other fee or charge or compensation of whatever nature or description may be imposed for the use of the public right of way for authorized facilities except as provided in section 11 of this act.

NEW SECTION. Sec. 11. (1) Counties, cities, and towns may impose fees to recover:

(a) The direct administrative expenses actually incurred by the county, city, or town in receiving and approving a construction or development permit, inspecting plans and construction, and development and maintenance of record systems and excavation authorizations systems;

(b) Costs of ongoing maintenance, repair, or restoration of the right of way reasonably related to the impact of the installation, maintenance, and use of the authorized facility; and

(c) Preparing a detailed statement pursuant to chapter 43.21C RCW.

(2) Nothing in this section or in RCW 35.21.860 and 36.55.010 limits or otherwise restricts counties, cities, or towns from collecting franchise fees, charges, or other compensation under terms mutually agreeable between a county, city, or town and an authorized user.

NEW SECTION. Sec. 12. (1) There is hereby created a telecommunications right of way advisory committee. The advisory committee shall develop policies and provisions for the state relating to franchises, fees, and compensation for use of the rights of way by providers of telecommunications services. The committee shall ensure that recommended policies allow all authorized users an opportunity to access the rights of way, and that any compensation for access to the rights of way are limited to amounts that are fair, just, reasonable, and sufficient.

Representative Johnson moved the adoption of amendment (1138):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the ability to read fluently, accurately, and with comprehension is critical to success in school and in life. Research has found that reading instruction in the early grades must consist of a comprehensive program that builds upon the firm foundational skills of phonemic awareness, decoding, and reading comprehension, to provide students with the skills necessary to engage in rich literature activities, and further develop thinking and application skills. Schools and school districts should review their reading programs to verify they are using a comprehensive approach to teaching reading.

The role of professional development in supporting and sustaining a high-quality teaching force is critical. The legislature finds that many primary grade teachers would benefit from additional professional development instruction in beginning reading skills and access to current information regarding research-based, scientifically proven instructional strategies to assist students in meeting the benchmarks established for the essential academic learning requirements.

The legislature also recognizes that when students are experiencing difficulties in advancing their reading skills, the use of volunteers to provide individualized tutoring and mentoring to those students will improve students’ ability to overcome those difficulties and increase their reading achievement.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.415 RCW to read as follows:

Schools interested in providing assistance to improve student learning in reading may apply for the following opportunities to provide professional development in beginning reading instructional strategies and related instructional materials and to implement volunteer tutoring programs for students throughout their school.

(1) To the extent funds are appropriated in accordance with this section, elementary schools interested in providing professional development and the purchase of related instructional materials in accordance with (a) of this subsection for certificated instructional staff that provide direct instructional services to students in kindergarten, first, and second grade may apply for and receive funding from the superintendent of public instruction. The application for funding shall be limited to:

(a) Verification that the intended professional development and related instructional materials include primary emphasis on the following beginning reading skills:

(i) Phonemic awareness instruction;

(ii) Explicit and systematic decoding instruction and diagnosis of a student’s ability to decode;

(iii) Explicit spelling instruction;

(iv) Explicit instruction in reading comprehension strategies; and
(v) Research findings on the skills needed by beginning and proficient readers, and how beginning reading skills are acquired;

(b) Verification that grant funds expended in accordance with this section will not be used for intervention or remediation programs; and

(c) Verification that the professional development will be provided by a public or private contractor that provides training in the methods required in this section.

(2) To the extent funds are appropriated in accordance with this section, elementary schools interested in providing programs that use volunteer tutors and mentors to assist struggling readers in kindergarten through sixth grade may apply for grants from the superintendent of public instruction for programs that are research-based and have proven effectiveness in improving student performance. The programs must include the following elements:

(a) Teacher training in research-based effective reading strategies and effective use of classroom volunteers with struggling readers;

(b) Training for tutor and mentor volunteers in research-based effective reading strategies before the volunteers participate in the program;

(c) An established goal for a minimum number of volunteer contact hours for students to receive individual instruction from teachers, and tutor or mentor volunteers during the summer, other intercessions for schools with year-round schedules or other vacation periods, or during normal school hours; and

(d) A plan to assess student reading performance before entering the program and upon exit or at the end of the year as appropriate. The results must be compiled and reported to the superintendent of public instruction. The superintendent of public instruction shall provide an initial report to the legislature by March 1, 1999, and a final report to the legislature by December 1999 on the effectiveness of the various programs.

(3) For applications submitted before June 1, 1998, priority for funds in accordance with this section shall be given to those schools in which less than one-quarter of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom quartile for the previous three years. Priority shall then be given to those schools in which less than one-third of all students tested on the fourth grade assessment in reading met the state-wide standard, or in schools where average performance on the reading component of the state-wide standardized test required in RCW 28A.230.190 were in the bottom third for the previous three years. THIRD READING
SENATE AMENDMENTS TO HOUSE BILL

March 3, 1998

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1121 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.030 and 1997 c 386 s 7 are each amended to read as follows:
For purposes of this chapter:
(1) "Child" and "juvenile" means any individual under the age of eighteen years.
(2) "Current placement episode" means the period of time that begins with the most recent date
that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.
(3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.
(4) "Dependent child" means any child:
(a) Who has been abandoned; that is, where the child’s parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child’s parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;
(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or
(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child’s psychological or physical development.
(5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.
(6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.
(7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.
(8) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child’s parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.
(9) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

Sec. 2. RCW 13.34.130 and 1997 c 280 s 1 are each amended to read as follows:
If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after
consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:
   (a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.
   (b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(4)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child’s home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child’s parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:
      (i) There is no parent or guardian available to care for such child;
      (ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
      (iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or
      (iv) The extent of the child’s disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.
   (2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds it is recommended by the supervising agency, that it is in the best interests of the child and that it is not reasonable to provide further services to reunify the family because the existence of aggravated circumstances make it unlikely that services will effectuate the return of the child to the child’s parents in the near future. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:
      (a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
      (b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
      (c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
      (d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child’s other parent, sibling, or another child;
      (e) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
      (f) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim.
(3) Whenever a child is ordered removed from the child’s home, the agency charged with his or her care shall provide the court with:
      (a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the
child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; or long-
term relative or foster care, until the child is age eighteen, with a written agreement between the parties
and the care provider; and independent living, if appropriate and if the child is age sixteen or older.
Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically
identify the services that will be provided to assist the child to make a successful transition from foster
care to independent living. Before the court approves independent living as a permanency plan of care,
the court shall make a finding that the provision of services to assist the child in making a transition
from foster care to independent living will allow the child to manage his or her financial affairs and to
manage his or her personal, social, educational, and nonfinancial affairs. The department shall not
discharge a child to an independent living situation before the child is eighteen years of age unless the
child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination
petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return
the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the
plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable
them to resume custody, what requirements the parents must meet in order to resume custody, and a
time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible,
including regular visitation and participation by the parents in the care of the child while the child is in
placement. Visitation may be limited or denied only if the court determines that such limitation or
denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's
own neighborhood, unless the court finds that placement at a greater distance is necessary to promote
the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable
services that are available within the agency, or within the community, or those services which the
department of social and health services has existing contracts to purchase. It shall report to the court
if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination
petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve
permanency for the child, services to be offered or provided to the child, and, if visitation would be in
the best interests of the child, a recommendation to the court regarding visitation between parent and
child pending a fact-finding hearing on the termination petition. The agency shall not be required to
develop a plan of services for the parents or provide services to the parents.

(4) If there is insufficient information at the time of the disposition hearing upon which to base
a determination regarding the suitability of a proposed placement with a relative, the child shall remain
in foster care and the court shall direct the supervising agency to conduct necessary background
investigations as provided in chapter 74.15 RCW and report the results of such investigation to the
court within thirty days. However, if such relative appears otherwise suitable and competent to
provide care and treatment, the criminal history background check need not be completed before
placement, but as soon as possible after placement. Any placements with relatives, pursuant to this
section, shall be contingent upon cooperation by the relative with the agency case plan and compliance
with court orders related to the care and supervision of the child including, but not limited to, court
orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance
with the case plan or court order shall be grounds for removal of the child from the relative's home,
subject to review by the court.

(5) Except for children whose cases are reviewed by a citizen review board under chapter
13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least
every six months from the beginning date of the placement episode or the date dependency is
established, whichever is first, at a hearing in which it shall be determined whether court supervision
should continue. The review shall include findings regarding the agency and parental completion of
disposition plan requirements, and if necessary, revised permanency time limits.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason
for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall
report to the court the efforts they have made to correct the conditions which led to removal. If a child
is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;
   (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
   (iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;
   (v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;
   (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
   (vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and
   (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 3. RCW 13.34.145 and 1995 c 311 s 20 and 1995 c 53 s 2 are each reenacted and amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) For purposes related to permanency planning:
   (i) "Guardianship" means a dependency guardianship pursuant to this chapter, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.
   (ii) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.
   (iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a
transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(3)(a) For children ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree ((or)), guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) For children over ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree ((or)), guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve or eighteen months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree ((or)), guardianship order, or permanent custody order is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(5) and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280. If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child’s status to determine whether the placement and the plan for the child’s care remain appropriate. In cases where the primary permanency planning goal has not yet been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. In all cases, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or
(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.130(5), and the court shall determine the need for continued intervention.

(8) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when, (a) the court has ordered implementation of a permanency plan that includes legal guardianship or permanent legal custody, and (b) the party pursuing the legal guardianship or permanent legal custody is the party identified in the permanency plan as the prospective legal guardian or custodian. During the pendency of such proceeding, juvenile court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.
Except as otherwise provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.130(5), until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights.

Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 26.10.030 and 1987 c 460 s 27 are each amended to read as follows:

(1) Except as authorized for proceedings brought under chapter 26.50 RCW in district or municipal courts, a child custody proceeding is commenced in the superior court by a person other than a parent, by filing a petition seeking custody of the child in the county where the child is permanently resident or where the child is found, but only if the child is not in the physical custody of one of its parents or if the petitioner alleges that neither parent is a suitable custodian. Prior to a child custody hearing, the court shall determine if the child is the subject of a pending dependency action. Notice of a child custody proceeding shall be given to the child’s parent, guardian and custodian, who may appear and be heard and may file a responsive pleading. The court may, upon a showing of good cause, permit the intervention of other interested parties."

On page 1, line 1 of the title, after "children;" strike the remainder of the title and insert "amending RCW 13.34.030, 13.34.130, and 26.10.030; and reenacting and amending RCW 13.34.145."

and the same are herewith transmitted.

It is the intent of this chapter to establish a policy of open competition for all personal service contracts ((and subcontracts to personal service contracts)) entered into by state agencies, unless specifically exempted under this chapter. It is further the intent to provide for legislative and executive review of all personal service contracts, to centralize the location of information about personal service contracts for ease of public review, and ensure proper accounting of personal services expenditures.

Sec. 2. RCW 39.29.006 and 1993 c 433 s 2 are each amended to read as follows:
As used in this chapter:
(1) "Agency" means any state office or activity of the executive and judicial branches of state government, including state agencies, departments, offices, divisions, boards, commissions, and educational, correctional, and other types of institutions.
(2) "Client services" means services provided directly to agency clients including, but not limited to, medical and dental services, employment and training programs, residential care, and subsidized housing.
(3) "Competitive solicitation" means a documented formal process providing an equal and open opportunity to qualified parties and culminating in a selection based on criteria which may include such factors as the consultant’s fees or costs, ability, capacity, experience, reputation, responsiveness to time limitations, responsiveness to solicitation requirements, quality of previous performance, and compliance with statutes and rules relating to contracts or services.
(4) "Consultant" means an independent individual or firm contracting with an agency to perform a service or render an opinion or recommendation according to the consultant’s methods and without being subject to the control of the agency except as to the result of the work. The agency monitors progress under the contract and authorizes payment.
(5) "Emergency" means a set of unforeseen circumstances beyond the control of the agency that either:
(a) Present a real, immediate threat to the proper performance of essential functions; or
(b) May result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken.
(6) "Evidence of competition" means documentation demonstrating that the agency has solicited responses from multiple firms in selecting a consultant.
(7) "Personal service" means professional or technical expertise provided by a consultant to accomplish a specific study, project, task, or other work statement. This term does not include
purchased services as defined under subsection (9) of this section. This term does include client
services.
(8) "Personal service contract" means an agreement, or any amendment thereto, with a
consultant for the rendering of personal services to the state which is consistent with RCW 41.06.380.
(9) "Purchased services" means services provided by a vendor to accomplish routine,
continuing and necessary functions. This term includes, but is not limited to, services acquired under
RCW 43.19.190 or 43.105.041 for equipment maintenance and repair; operation of a physical plant;
security; computer hardware and software maintenance; data entry; key punch services; and computer
time-sharing, contract programming, and analysis.
(10) "Sole source" means a consultant providing professional or technical expertise of such a
unique nature that the consultant is clearly and justifiably the only practicable source to provide the
service. The justification shall be based on either the uniqueness of the service or sole availability at
the location required.
((11) "Subcontract" means a contract assigning some of the work of a contract to a third
day party.))

Sec. 3. RCW 39.29.011 and 1987 c 414 s 3 are each amended to read as follows:
All personal service contracts shall be entered into pursuant to competitive solicitation, except
for:
(1) Emergency contracts;
(2) Sole source contracts;
(3) Contract amendments;
(4) Contracts between a consultant and an agency of less than ((ten)) twenty thousand dollars.
However, contracts of ((two)) five thousand ((five hundred)) dollars or greater but less than ((ten))
twenty thousand dollars shall have documented evidence of competition. Agencies shall not structure
contracts to evade these requirements; and
(5) Other specific contracts or classes or groups of contracts exempted from the competitive
solicitation process by the director of the office of financial management when it has been determined
that a competitive solicitation process is not appropriate or cost-effective.

Sec. 4. RCW 39.29.016 and 1996 c 288 s 29 are each amended to read as follows:
Emergency contracts shall be filed with the office of financial management ((and the joint
legislative audit and review committee)) and made available for public inspection within three working
days following the commencement of work or execution of the contract, whichever occurs first.
Documented justification for emergency contracts shall be provided to the office of financial
management ((and the joint legislative audit and review committee)) when the contract is filed.

(1) Sole source contracts shall be filed with the office of financial management ((and the joint
legislative audit and review committee)) and made available for public inspection at least ten working
days prior to the proposed starting date of the contract. Documented justification for sole source
contracts shall be provided to the office of financial management ((and the joint legislative audit and
review committee)) when the contract is filed. For sole source contracts of ((ten)) twenty thousand
dollars or more ((that are state funded)), documented justification shall include evidence that the agency
attempted to identify potential consultants by advertising through state-wide or regional newspapers.
(2) The office of financial management shall approve sole source contracts of ((ten)) twenty
thousand dollars or more ((that are state funded)) before any such contract becomes binding and before
any services may be performed under the contract. These requirements shall also apply to sole source
contracts of less than ((ten)) twenty thousand dollars if the total amount of such contracts between an
agency and the same consultant is ((ten)) twenty thousand dollars or more within a fiscal year.
Agencies shall ensure that the costs, fees, or rates negotiated in filed sole source contracts of ((ten))
twenty thousand dollars or more are reasonable.

Sec. 6. RCW 39.29.025 and 1996 c 288 s 31 are each amended to read as follows:
(1) Substantial changes in either the scope of work specified in the contract or in the scope of
work specified in the formal solicitation document must generally be awarded as new contracts.
Substantial changes executed by contract amendments must be submitted to the office of financial
management (and the joint legislative audit and review committee), and are subject to approval by the office of financial management.

(2) An amendment or amendments to personal service contracts, if the value of the amendment or amendments, whether singly or cumulatively, exceeds fifty percent of the value of the original contract must be provided to the office of financial management (and the joint legislative audit and review committee).

(3) The office of financial management shall approve amendments provided to it under this section before the amendments become binding and before services may be performed under the amendments.

(4) The amendments must be filed with the office of financial management and made available for public inspection at least ten working days prior to the proposed starting date of services under the amendments.

(5) The office of financial management shall approve amendments provided to it under this section only if they meet the criteria for approval of the amendments established by the director of the office of financial management.

Sec. 7. RCW 39.29.040 and 1996 c 2 s 19 are each amended to read as follows:
This chapter does not apply to:

(1) Contracts specifying a fee of less than (two) five thousand (five hundred) dollars if the total of the contracts from that agency with the contractor within a fiscal year does not exceed (two) five thousand (five hundred) dollars;

(2) Contracts awarded to companies that furnish a service where the tariff is established by the utilities and transportation commission or other public entity;

(3) Intergovernmental agreements awarded to any governmental entity, whether federal, state, or local and any department, division, or subdivision thereof;

(1) (State-funded) Personal service contracts subject to competitive solicitation shall be (a) filed with the office of financial management (and the joint legislative audit and review committee) and made available for public inspection (at least ten working days before the proposed starting date of the contract); and (b) reviewed and approved by the office of financial management when those contracts provide services relating to management consulting, organizational development, marketing, communications, employee training, or employee recruiting.

(2) (The office of financial management shall review and approve state-funded) Personal service contracts subject to competitive solicitation that provide services relating to management consulting, organizational development, marketing, communications, employee training, or employee recruiting shall be made available for public inspection at least ten working days before the proposed starting date of the contract. All other contracts shall be effective no earlier than the date they are filed with the office of financial management.

Sec. 9. RCW 39.29.065 and 1987 c 414 s 8 are each amended to read as follows:

To implement this chapter, the director of the office of financial management shall establish procedures for the competitive solicitation and award of personal service contracts, recordkeeping requirements, and procedures for the reporting and filing of contracts. For reporting purposes, the director may establish categories for grouping of contracts. The procedures required under this section shall also include the criteria for amending personal service contracts. At the beginning of each biennium, the director may, by administrative policy, adjust the dollar thresholds prescribed in RCW
39.29.011, 39.29.018, 39.29.040, and 39.29.068 to levels not to exceed the percentage increase in the implicit price deflator. Adjusted dollar thresholds shall be rounded to the nearest five hundred dollar increment.

The office of financial management shall maintain a publicly available list of all personal service contracts entered into by state agencies during each fiscal year. The list shall identify the contracting agency, the contractor, the purpose of the contract, effective dates and periods of performance, the cost of the contract and funding source, any modifications to the contract, and whether the contract was competitively procured or awarded on a sole source basis. The office of financial management shall also ensure that state accounting definitions and procedures are consistent with RCW 39.29.006 and permit the reporting of personal services expenditures by agency and by type of service. Designations of type of services shall include, but not be limited to, management and organizational services, legal and expert witness services, financial services, computer and information services, social or technical research, marketing, communications, and employee training or recruiting services. The office of financial management shall report annually to the fiscal committees of the senate and house of representatives on sole source contracts filed under this chapter. The report shall describe: (1) The number and aggregate value of contracts for each category established in this section; (2) the number and aggregate value of contracts of ((two)) five thousand ((five hundred)) dollars or greater but less than ((ten)) twenty thousand dollars; (3) the number and aggregate value of contracts of ((ten)) twenty thousand dollars or greater; (4) the justification provided by agencies for the use of sole source contracts; and (5) any trends in the use of sole source contracts.

**NEW SECTION. Sec. 11.** A new section is added to chapter 39.29 RCW to read as follows: Personal service contracts awarded by institutions of higher education from nonstate funds do not have to be filed in advance and approved by the office of financial management. Any such contract is subject to all other requirements of this chapter, including the requirements under RCW 39.29.068 for annual reporting of personal service contracts to the office of financial management.

**NEW SECTION. Sec. 12.** RCW 39.29.035 and 1993 c 433 s 4 are each repealed."

**SENATE AMENDMENTS TO HOUSE BILL**

March 4, 1998

Mr. Speaker:

The Senate has passed House Bill No. 1835 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.88.160 and 1997 c 168 s 6 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;
(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer’s supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies’ acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head’s designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer’s surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head’s designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:
(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor’s discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor’s official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency’s financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state’s credit, for lessening expenditures, for promoting frugality and economy in agency affairs, and generally for an improved level of fiscal management."
On page 1, line 1 of the title, after "reports;" strike the remainder of the title and insert "and amending RCW 43.88.160."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 40.24.010 and 1991 c 23 s 1 are each amended to read as follows:

The legislature finds that persons attempting to escape from actual or threatened domestic violence or sexual assault frequently establish new addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for public records without disclosing the location of a victim of domestic violence or sexual assault, to enable interagency cooperation with the secretary of state in providing address confidentiality for victims of domestic violence or sexual assault, and to enable state and local agencies to accept a program participant’s use of an address designated by the secretary of state as a substitute mailing address.

Sec. 2. RCW 40.24.030 and 1991 c 23 s 3 are each amended to read as follows:

(1) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an incapacitated person, as defined in RCW 11.88.010, may apply to the secretary of state to have an address designated by the secretary of state serve as the person’s address or the address of the
minor or incapacitated person. The secretary of state shall approve an application if it is filed in the manner and on the form prescribed by the secretary of state and if it contains:

(a) A sworn statement by the applicant that the applicant has good reason to believe (i) that the applicant, or the minor or incapacitated person on whose behalf the application is made, is a victim of domestic violence or sexual assault; and (ii) that the applicant fears for his or her safety or his or her children’s safety, or the safety of the minor or incapacitated person on whose behalf the application is made;

(b) A designation of the secretary of state as agent for purposes of service of process and for the purpose of receipt of mail;

(c) The mailing address where the applicant can be contacted by the secretary of state, and the phone number or numbers where the applicant can be called by the secretary of state;

(d) The new address or addresses that the applicant requests not be disclosed for the reason that disclosure will increase the risk of domestic violence or sexual assault;

(e) The signature of the applicant and of any individual or representative of any office designated in writing under RCW 40.24.080 who assisted in the preparation of the application, and the date on which the applicant signed the application.

(2) Applications shall be filed with the office of the secretary of state.

(3) Upon filing a properly completed application, the secretary of state shall certify the applicant as a program participant. Applicants shall be certified for four years following the date of filing unless the certification is withdrawn or invalidated before that date. The secretary of state shall by rule establish a renewal procedure.

(4) A person who falsely attests in an application that disclosure of the applicant’s address would endanger the applicant’s safety or the safety of the applicant’s children or the minor or incapacitated person on whose behalf the application is made, or who knowingly provides false or incorrect information upon making an application, shall be punishable under RCW 40.16.030 or other applicable statutes.

Sec. 3. RCW 40.24.070 and 1991 c 23 s 7 are each amended to read as follows:

The secretary of state may not make any records in a program participant’s (other than the address designated by the secretary of state) file available for inspection or copying, except under the following circumstances:

(1) If requested by a law enforcement agency, to the law enforcement agency;

(2) If directed by a court order, to a person identified in the order;

(3) If certification has been canceled; or

(4) To verify the participation of a specific program participant, in which case the secretary may only confirm information supplied by the requester.

Sec. 4. RCW 40.24.080 and 1991 c 23 s 8 are each amended to read as follows:

The secretary of state shall designate state and local agencies and nonprofit agencies that provide counseling and shelter services to either victims of domestic violence or sexual assault to assist persons applying to be program participants. Any assistance and counseling rendered by the office of the secretary of state or its designees to applicants shall in no way be construed as legal advice.

NEW SECTION. Sec. 5. RCW 40.24.900 and 1991 c 23 s 16 are each repealed."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 40.24.010, 40.24.030, 40.24.070, and 40.24.080; and repealing RCW 40.24.900."

Sec. 9. RCW 57.08.081 and 1997 c 447 s 19 are each amended to read as follows:

The commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and ((facility such as but not limited to storm or surface water and sanitary)) facilities.

In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system.

The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district’s bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys’ fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of sixty days.

Mr. Speaker:

The Senate has passed House Bill No. 1172 with the following amendment(s)

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 9A.44.130 and 1997 c 340 s 3 and 1997 c 113 s 3 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person.

(2) The person shall provide ((the county sheriff with)) the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; ((and)) (h) social security number; (i) photograph; and (i) fingerprints.

(3)(a) Offenders shall register within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender’s anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (((44))) (8) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the...
custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (3)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (((7))) (8) of this section.
(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (((((c))))) (8) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (3)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(4)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff ((at least fourteen days before)) within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person’s new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state’s offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(5) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person’s residence and to the state patrol not fewer than five days before the entry of any order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person’s residence and to the state patrol within five days of the entry of the order.

(6) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(6)(a) "Sex offense" means any offense defined as a sex offense by RCW 9.94A.030 and any violation of RCW 9.68A.040 (sexual exploitation of a minor), 9.68A.050 (dealing in depictions of minor engaged in sexually explicit conduct), 9.68A.060 (sending, bringing into state depictions of minor engaged in sexually explicit conduct), 9.68A.090 (communication with minor for immoral purposes), 9.68A.100 (patronizing juvenile prostitute), or 9A.44.096 (sexual misconduct with a minor in the second degree), as well as any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030.
(b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent.

((4))) (c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(8) A person who knowingly fails to register or who moves without notifying the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

Sec. 2. RCW 9A.44.135 and 1995 c 248 s 3 are each amended to read as follows:

(1) When (a sex) an offender registers with the county sheriff pursuant to RCW 9A.44.130, the county sheriff shall make reasonable attempts to verify that the (sex) offender is residing at the registered address. Reasonable attempts at verifying an address shall include at a minimum (sending certified mail, with return receipt requested, to the sex offender at the registered address, and if the return receipt is not signed by the sex offender, talking in person with the residents living at the address):

(a) Each year the county sheriff shall send by certified mail, with return receipt requested, a nonforwardable verification form to the offender at the offender's last registered address.

(b) The offender must sign the verification form, state on the form whether he or she still resides at the last registered address, and return the form to the county sheriff within ten days after receipt of the form.

(2) The sheriff shall make reasonable attempts to locate any sex offender who fails to return the verification form or who cannot be located at the registered address. If the offender fails to return the verification form or the offender is not at the last registered address, the county sheriff shall promptly forward this information to the Washington state patrol for inclusion in the central registry of sex offenders.

Sec. 3. RCW 9A.44.140 and 1997 c 113 s 4 are each amended to read as follows:

(1) The duty to register under RCW 9A.44.130 shall end:

(a) For a person convicted of a class A felony, or a person convicted of any sex offense or kidnapping offense who has one or more prior conviction for a sex offense or kidnapping offense: Such person may only be relieved of the duty to register under subsection (3) or (4) of this section.

(b) For a person convicted of a class B felony, and the person does not have one or more prior conviction for a sex offense or kidnapping offense: Fifteen years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent fifteen consecutive years in the community without being convicted of any new offenses.

(c) For a person convicted of a class C felony, a violation of RCW 9.68A.090 or 9A.44.096, or an attempt, solicitation, or conspiracy to commit a class C felony, and the person does not have one or more prior conviction for a sex offense or kidnapping offense: Ten years after the last date of release from confinement, if any, (including full-time residential treatment) pursuant to the conviction, or entry of the judgment and sentence, if the person has spent ten consecutive years in the community without being convicted of any new offenses.

(2) The provisions of subsection (1) of this section shall apply equally to a person who has been found not guilty by reason of insanity under chapter 10.77 RCW of a sex offense or kidnapping offense.
Any person having a duty to register under RCW 9A.44.130 may petition the superior court to be relieved of that duty, if the person has spent ten consecutive years in the community without being convicted of any new offenses. The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, a foreign country, or a federal or military court, to the court in Thurston county.

The petition shall be made to the court in which the petitioner was convicted of the offense that subjects him or her to the duty to register, or, in the case of convictions in other states, a foreign country, or a federal or military court, to the court in Thurston county. The prosecuting attorney of the county shall be named and served as the respondent in any such petition. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after conviction, and may consider other factors. Except as provided in subsection (4) of this section, the court may relieve the petitioner of the duty to register only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

An offender having a duty to register under RCW 9A.44.130 for a sex offense or kidnapping offense committed when the offender was a juvenile may petition the superior court to be relieved of that duty. The court shall consider the nature of the registrable offense committed, and the criminal and relevant noncriminal behavior of the petitioner both before and after adjudication, and may consider other factors. The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was fifteen years of age or older only if the petitioner shows, with clear and convincing evidence, that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. The court may relieve the petitioner of the duty to register for a sex offense or kidnapping offense that was committed while the petitioner was under the age of fifteen if the petitioner (a) has not been adjudicated of any additional sex offenses or kidnapping offenses during the twenty-four months following the adjudication for the offense giving rise to the duty to register, and (b) the petitioner proves by a preponderance of the evidence that future registration of the petitioner will not serve the purposes of RCW 9A.44.130, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330.

This subsection shall not apply to juveniles prosecuted as adults.

Unless relieved of the duty to register pursuant to this section, a violation of RCW 9A.44.130 is an ongoing offense for purposes of the statute of limitations under RCW 9A.04.080.

Nothing in RCW 9.94A.220 relating to discharge of an offender shall be construed as operating to relieve the offender of his or her duty to register pursuant to RCW 9A.44.130.

Sec. 4. RCW 43.43.540 and 1997 c 113 s 6 are each amended to read as follows:

The county sheriff shall forward the information, photographs, and fingerprints obtained pursuant to RCW 9A.44.130, including any notice of change of address, to the Washington state patrol within five working days. The state patrol shall maintain a central registry of sex offenders and kidnapping offenders required to register under RCW 9A.44.130 and shall adopt rules consistent with chapters 10.97, 10.98, and 43.43 RCW as are necessary to carry out the purposes of RCW 9A.44.130, 9A.44.140, 10.01.200, 43.43.540, 46.20.187, 70.48.470, and 72.09.330. The Washington state patrol shall reimburse the counties for the costs of processing the offender registration, including taking the fingerprints and the photographs.

Sec. 5. RCW 4.24.130 and 1995 1st sp.s. c 19 s 14 are each amended to read as follows:

(1) Any person desiring a change of his or her name or that of his or her child or ward, may apply therefor to the district court of the judicial district in which he or she resides, by petition setting forth the reasons for such change; thereupon such court in its discretion may order a change of the name and thenceforth the new name shall be in place of the former.

(2) An offender under the jurisdiction of the department of corrections who applies to change his or her name under subsection (1) of this section shall submit a copy of the application to the department of corrections not fewer than five days before the entry of an order granting the name change. No offender under the jurisdiction of the department of corrections at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate penological interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. An offender under the jurisdiction of the department of corrections who receives an order changing his or
her name shall submit a copy of the order to the department of corrections within five days of the entry of the order. Violation of this subsection is a misdemeanor.

(3) A sex offender subject to registration under RCW 9A.44.130 who applies to change his or her name under subsection (1) of this section shall follow the procedures set forth in RCW 9A.44.130(5).

(4) The district court shall collect the fees authorized by RCW 36.18.010 for filing and recording a name change order, and transmit the fee and the order to the county auditor. The court may collect a reasonable fee to cover the cost of transmitting the order to the county auditor.

(((4))) (5) Name change petitions may be filed and shall be heard in superior court when the person desiring a change of his or her name or that of his or her child or ward is a victim of domestic violence as defined in RCW 26.50.010(1) and the person seeks to have the name change file sealed due to reasonable fear for his or her safety or that of his or her child or ward. Upon granting the name change, the superior court shall seal the file if the court finds that the safety of the person seeking the name change or his or her child or ward warrants sealing the file. In all cases filed under this subsection, whether or not the name change petition is granted, there shall be no public access to any court record of the name change filing, proceeding, or order, unless the name change is granted but the file is not sealed.

Sec. 6. RCW 4.24.550 and 1997 c 364 s 1 and 1997 c 113 s 2 are each reenacted and amended to read as follows:

(1) Public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) The extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; and (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large.

(4) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all ((sex)) offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.
An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify (a sex) an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

When a local law enforcement agency or official classifies (a sex) an offender differently than the offender is classified by the department of corrections, the department of social and health services, or the indeterminate sentence review board, the law enforcement agency or official shall notify the appropriate department or the board and submit its reasons supporting the change in classification.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "registration;" strike the remainder of the title and insert "amending RCW 9A.44.135, 9A.44.140, 43.43.540, and 4.24.130; and reenacting and amending RCW 9A.44.130 and 4.24.550."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 5, 1998

Mr. Speaker:
The Senate has passed House Bill No. 1487 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 1995 c 400 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the
county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Sec. 2. RCW 36.70A.070 and 1997 c 429 s 7 are each amended to read as follows:
The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:
(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs
and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection. An industrial area is not required to be principally designed to serve the existing and projected rural population;

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly
identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;
(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or
(C) On the date the office of financial management certifies the county’s population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

((iii)) (i) Land use assumptions used in estimating travel;

((iii)) ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

((iii)) (A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county’s jurisdiction boundaries;

((iii)) (B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

((iii)) (C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county’s or city’s six-year street, road, or transit program and the department of transportation’s six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of state-wide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance ((any)) locally owned transportation facilities or services that are below an established level of service standard;

((iv)) (E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

((iv)) (F) Identification of state and local system ((expansion needs and transportation system management)) needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the state-wide multimodal transportation plan required under chapter 47.06 RCW;

((iv)) (iv) Finance, including:

((v)) (A) An analysis of funding capability to judge needs against probable funding resources;

((v)) (B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public

-
transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030:

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

Sec. 3. RCW 36.70A.200 and 1991 sp.s. c 32 s 1 are each amended to read as follows:

(1) The comprehensive plan of each county and city that is planning under this chapter shall include a process for identifying and siting essential public facilities. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities as defined in section 7 of this act, state and local correctional facilities, solid waste handling facilities, and in-patient facilities including substance abuse facilities, mental health facilities, and group homes.

(2) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list. No local comprehensive plan or development regulation may preclude the siting of essential public facilities.

Sec. 4. RCW 36.70A.210 and 1994 c 249 s 28 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.
(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:
(a) Policies to implement RCW 36.70A.110;
(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
(c) Policies for siting public capital facilities of a county-wide or state-wide nature, including transportation facilities of state-wide significance as defined in section 7 of this act;
(d) Policies for county-wide transportation facilities and strategies;
(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
(f) Policies for joint county and city planning within urban growth areas;
(g) Policies for county-wide economic development and employment; and
(h) An analysis of the fiscal impact.
(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth management hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

Sec. 5. RCW 47.05.021 and 1993 c 490 s 2 are each amended to read as follows:

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the
interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission shall designate ((a system of)) state highways ((that have)) of state-wide significance under section 7 of this act, and shall submit a list of such facilities for adoption by the 1999 legislature. This state-wide system shall include at a minimum interstate highways and other state-wide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. The first report is due by December 15, 1993, and biennially thereafter.

Sec. 6. RCW 47.05.030 and 1993 c 490 s 3 are each amended to read as follows:

The transportation commission shall adopt a comprehensive six-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program shall consist of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The comprehensive six-year investment program for preservation shall identify projects for two years and an investment plan for the remaining four years.

(2) The improvement program shall consist of investments needed to address identified deficiencies on the state highway system to improve mobility, safety, support for the economy, and protection of the environment. The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give
The legislature declares the following transportation facilities and services to be of state-wide significance: The interstate highway system, interregional state principal arterials including ferry connections that serve state-wide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of state-wide significance in the state-wide multimodal plan. Improvements to facilities and services of state-wide significance identified in the state-wide multimodal plan are essential state public facilities under RCW 36.70A.200.

The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of state-wide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of state-wide significance. In establishing level of service standards for state highways and state ferry routes of state-wide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities.

Sec. 8. RCW 47.80.023 and 1994 c 158 s 2 are each amended to read as follows: Each regional transportation planning organization shall have the following duties:

1. Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. 2. Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

3. Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

4. Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;
(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

March 4, 1998

Mr. Speaker:

The Senate has passed Second Substitute House Bill No. 1618 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the self-imposed license surcharge on physician licenses to fund a program to help physicians with chemical dependency or mental illness is not being fully spent on that program. It is the intent of the legislature that the program be fully funded and that funds collected into the impaired physician account be spent only on the program.

Sec. 2. RCW 18.71.0195 and 1994 sp.s. c 9 s 328 are each amended to read as follows: (1) The contents of any report ((filed)) filed under RCW 18.130.070 shall be confidential and exempt from public disclosure pursuant to chapter 42.17 RCW, except that it may be reviewed (a) by
the licensee involved or his or her counsel or authorized representative who may submit any additional exculpatory or explanatory statements or other information, which statements or other information shall be included in the file, or (b) by a representative of the commission, or investigator thereof, who has been assigned to review the activities of a licensed physician.

Upon a determination that a report is without merit, the commission’s records may be purged of information relating to the report.

(2) Every individual, medical association, medical society, hospital, medical service bureau, health insurance carrier or agent, professional liability insurance carrier, professional standards review organization, (and) agency of the federal, state, or local government ((shall be)), or the entity established by RCW 18.71.300 and its officers, agents, and employees are immune from civil liability, whether direct or derivative, for providing information to the commission under RCW 18.130.070, or for which an individual health care provider has immunity under the provisions of RCW 4.24.240, 4.24.250, or 4.24.260.

Sec. 3. RCW 18.71.300 and 1994 sp.s. c 9 s 329 are each amended to read as follows:

(1) (("Committee")) "Entity" means a nonprofit corporation formed by physicians who have expertise in the areas of ((alcoholism)) alcohol abuse, drug abuse, ((or)) alcoholism, other drug addictions, and mental illness and who broadly represent the physicians of the state and that has been designated to perform any or all of the activities set forth in RCW 18.71.310(1) ((pursuant to rules adopted)) by the commission ((under chapter 34.05 RCW)).

(2) "Impaired" or "impairment" means the ((presence of the diseases of alcoholism, drug abuse, mental illness)) inability to practice medicine with reasonable skill and safety to patients by reason of physical or mental illness including alcohol abuse, drug abuse, alcoholism, other drug addictions, or other debilitating conditions.

(3) "Impaired physician program" means the program for the prevention, detection, intervention, ((and)) monitoring, and treatment of impaired physicians established by the commission pursuant to RCW 18.71.310(1).

(4) "Physician" or "practitioner" means a person licensed under this chapter, chapter 18.71A RCW, or a professional licensed under another chapter of Title 18 RCW whose disciplining authority has a contract with the entity for an impaired practitioner program for its license holders.

Sec. 4. RCW 18.71.310 and 1997 c 79 s 2 are each amended to read as follows:

(1) The commission shall enter into a contract with the ((committee)) entity to implement an impaired physician program. The commission may enter into a contract with the entity for up to six years in length. The impaired physician program may include any or all of the following:

(a) ((Contracting)) Entering into relationships supportive of the impaired physician program with ((providers of)) professionals who provide either evaluation or treatment ((programs)) services, or both;

(b) Receiving and ((evaluating)) assessing reports of suspected impairment from any source;

These moneys shall be placed in the impaired physician account to be used solely for the implementation of the impaired physician program.

Sec. 5. RCW 18.71.320 and 1994 sp.s. c 9 s 331 are each amended to read as follows:
The ((committee)) entity shall develop procedures in consultation with the commission for:
(1) Periodic reporting of statistical information regarding impaired physician activity;

However, impairment, in and of itself, shall not give rise to a presumption of the inability to practice medicine with reasonable skill and safety);
(5) Informing each participant of the impaired physician program of the program procedures, the responsibilities of program participants, and the possible consequences of noncompliance with the program.

Sec. 6. RCW 18.71.330 and 1994 sp.s. c 9 s 332 are each amended to read as follows:
If the commission has reasonable cause to believe that a physician is impaired, the commission shall cause an evaluation of such physician to be conducted by the ((committee)) entity or the ((committee)) entity’s designee or the commission’s designee for the purpose of determining if there is an impairment. The ((committee)) entity or appropriate designee shall report the findings of its evaluation to the commission.

Sec. 7. RCW 18.71.340 and 1987 c 416 s 6 are each amended to read as follows:
All ((committee)) entity records are not subject to disclosure pursuant to chapter 42.17 RCW.

Sec. 8. RCW 18.130.070 and 1989 c 373 s 19 are each amended to read as follows:
(1) The disciplining authority may adopt rules requiring any person, including, but not limited to, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by the disciplining authority and state or local governmental agencies, to report to the disciplining authority any conviction, determination, or finding that a license holder has committed an act which constitutes unprofessional conduct, or to report information to the disciplining authority, an impaired practitioner program, or voluntary substance abuse monitoring program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition. To facilitate meeting the intent of this section, the cooperation of agencies of the federal government is requested by reporting any conviction, determination, or finding that a federal employee or contractor regulated by the disciplinary authorities enumerated in this chapter has committed an act which constituted unprofessional conduct and reporting any information which indicates that a federal employee or contractor regulated by the disciplinary authorities enumerated in this chapter may not be able to practice his or her profession with reasonable skill and safety as a result of a mental or physical condition.
(2) If a person fails to furnish a required report, the disciplining authority may petition the superior court of the county in which the person resides or is found, and the court shall issue to the person an order to furnish the required report. A failure to obey the order is a contempt of court as provided in chapter 7.21 RCW.
(3) A person is immune from civil liability, whether direct or derivative, for providing information to the disciplining authority pursuant to the rules adopted under subsection (1) of this section.

(4) The holder of a license subject to the jurisdiction of this chapter shall report to the disciplining authority any conviction, determination, or finding that the licensee has committed unprofessional conduct or is unable to practice with reasonable skill or safety. Failure to report within thirty days of notice of the conviction, determination, or finding constitutes grounds for disciplinary action.

Sec. 9. RCW 18.130.080 and 1986 c 259 s 5 are each amended to read as follows:

A person, including but not limited to consumers, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by disciplining authorities, and state and local governmental agencies, may submit a written complaint to the disciplining authority charging a license holder or applicant with unprofessional conduct and specifying the grounds therefor or to report information to the disciplining authority, or voluntary substance abuse monitoring program, or an impaired practitioner program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition. If the disciplining authority determines that the complaint merits investigation, or if the disciplining authority has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the disciplining authority shall investigate to determine whether there has been unprofessional conduct. A person who files a complaint or reports information under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

Sec. 10. RCW 18.130.175 and 1993 c 367 s 3 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020(—PROVIDED, That) or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or
who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program’s requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from RCW 42.17.250 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from RCW 42.17.250 through 42.17.450 and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse,” as used in this section, means the impairment, as determined by the disciplining authority, of a license holder’s professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer’s right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

Sec. 11. RCW 18.130.300 and 1994 sp.s. c 9 s 605 are each amended to read as follows:

(1) The secretary, members of the boards or commissions, or individuals acting on their behalf are immune from suit in any action, civil or criminal, based on any disciplinary proceedings or other official acts performed in the course of their duties.

(2) A voluntary substance abuse monitoring program or an impaired practitioner program approved by a disciplining authority, or individuals acting on their behalf, are immune from suit in a civil action based on any disciplinary proceedings or other official acts performed in the course of their duties.

NEW SECTION. Sec. 12. A new section is added to chapter 18.71 RCW to read as follows:

The impaired physician account is created in the custody of the state treasurer. All receipts from RCW 18.71.310 from license surcharges on physicians and physician assistants shall be deposited into the account. Expenditures from the account may only be used for the impaired physician program under this chapter. Only the secretary of health or the secretary’s designee may authorize expenditures from the account. No appropriation is required for expenditures from this account.

Sec. 13. RCW 18.57A.020 and 1996 c 191 s 39 are each amended to read as follows:

(1) The board shall adopt rules fixing the qualifications and the educational and training requirements for licensure as an osteopathic physician assistant or for those enrolled in any physician assistant training program. The requirements shall include completion of an accredited physician assistant training program approved by the board and eligibility to take an examination approved by the
board, providing such examination tests subjects substantially equivalent to the curriculum of an accredited physician assistant training program.

(2)(a) The board shall adopt rules governing the extent to which:
   (i) Physician assistant students may practice medicine during training; and
   (ii) Physician assistants may practice after successful completion of a training course.

(b) Such rules shall provide:
   (i) That the practice of an osteopathic physician assistant shall be limited to the performance of those services for which he or she is trained; and
   (ii) That each osteopathic physician assistant shall practice osteopathic medicine only under the supervision and control of an osteopathic physician licensed in this state, but such supervision and control shall not be construed to necessarily require the personal presence of the supervising physicians at the place where services are rendered. The board may authorize the use of alternative supervisors who are licensed either under chapter 18.57 or 18.71 RCW.

(3) Applicants for licensure shall file an application with the board on a form prepared by the secretary with the approval of the board, detailing the education, training, and experience of the physician assistant and such other information as the board may require. The application shall be accompanied by a fee determined by the secretary as provided in RCW 43.70.250 and 43.70.280. A surcharge of twenty-five dollars per year may be charged on each license renewal or issuance of a new license to be collected by the department of health for physician assistant participation in an impaired practitioner program. Each applicant shall furnish proof satisfactory to the board of the following:
   (a) That the applicant has completed an accredited physician assistant program approved by the board and is eligible to take the examination approved by the board;
   (b) That the applicant is of good moral character; and
   (c) That the applicant is physically and mentally capable of practicing osteopathic medicine as an osteopathic physician assistant with reasonable skill and safety. The board may require any applicant to submit to such examination or examinations as it deems necessary to determine an applicant’s physical and/or mental capability to safely practice as an osteopathic physician assistant.

(4) The board may approve, deny, or take other disciplinary action upon the application for a license as provided in the uniform disciplinary act, chapter 18.130 RCW. The license shall be renewed as determined under RCW 43.70.250 and 43.70.280.

Sec. 14. RCW 18.71A.020 and 1996 c 191 s 57 are each amended to read as follows:

(1) The commission shall adopt rules fixing the qualifications and the educational and training requirements for licensure as a physician assistant or for those enrolled in any physician assistant training program. The requirements shall include completion of an accredited physician assistant training program approved by the commission and eligibility to take an examination approved by the commission, if the examination tests subjects substantially equivalent to the curriculum of an accredited physician assistant training program. Physician assistants licensed by the board of medical examiners as of June 7, 1990, shall continue to be licensed.

(2)(a) The commission shall adopt rules governing the extent to which:
   (i) Physician assistant students may practice medicine during training; and
   (ii) Physician assistants may practice after successful completion of a physician assistant training course.

(b) Such rules shall provide:
   (i) That the practice of a physician assistant shall be limited to the performance of those services for which he or she is trained; and
   (ii) That each physician assistant shall practice medicine only under the supervision and control of a physician licensed in this state, but such supervision and control shall not be construed to necessarily require the personal presence of the supervising physician or physicians at the place where services are rendered.

(3) Applicants for licensure shall file an application with the commission on a form prepared by the secretary with the approval of the commission, detailing the education, training, and experience of the physician assistant and such other information as the commission may require. The application shall be accompanied by a fee determined by the secretary as provided in RCW 43.70.250 and 43.70.280. A surcharge of twenty-five dollars per year shall be charged on each license renewal or issuance of a new license to be collected by the department and deposited into the impaired physician

(a) That the applicant has completed an accredited physician assistant program approved by the commission and is eligible to take the examination approved by the commission;

(b) That the applicant is of good moral character; and

(c) That the applicant is physically and mentally capable of practicing medicine as a physician assistant with reasonable skill and safety. The commission may require an applicant to submit to such examination or examinations as it deems necessary to determine an applicant’s physical or mental capability, or both, to safely practice as a physician assistant.

(4) The commission may approve, deny, or take other disciplinary action upon the application for license as provided in the Uniform Disciplinary Act, chapter 18.130 RCW. The license shall be renewed as determined under RCW 43.70.250 and 43.70.280. The commission may authorize the use of alternative supervisors who are licensed either under chapter 18.57 or 18.71 RCW.

NEW SECTION. Sec. 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.44.130 and 1997 c 340 s 3 and 1997 c 113 s 3 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence. In addition, any such adult or juvenile who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on the effective date of this act must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3) The person shall provide the county sheriff with the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; and (h) social security number.

For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection ((6)) of this section.

A change in supervision status of a sex offender who was required to register under this subsection ((4)) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. (iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on,

A change in supervision status of a sex offender who was required to register under this subsection (((4))) (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or before February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and kidnapping offenders who were convicted of (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (((4))) (8) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (((4))) (8) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this
section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(((54))) (5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff at least fourteen days before moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(((54))) (6) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(((54))) (7) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor’s parent.

(((54))) (8) A person who knowingly fails to register with the county sheriff or (who moves without notifying) notify the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 1998

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2459 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.82.040 and 1995 c 293 s 1 are each amended to read as follows:
Except as provided in section 2 of this act, when the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of ((five)) four years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in section 2 of this act, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

NEW SECTION. Sec. 2. A new section is added to chapter 35.82 RCW to read as follows:
(1) After the effective date of this section, the governing body of a city with a population of four hundred thousand or more, that has created a housing authority under RCW 35.82.040, shall adopt a resolution to expand the number of commissioners on the housing authority from five to seven. Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.
(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing project that is owned by the housing authority.
(3) After the effective date of this section, all commissioners shall be appointed to serve five-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.
(4) A commissioner may be reappointed only after review and approval by the city council.
(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.
(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.
(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

(8) The mayor, with consent of the city council, shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

Sec. 3. RCW 35.82.050 and 1965 c 7 s 35.82.050 are each amended to read as follows:

(1) No commissioner (of an authority), employee (of an authority), or appointee to any decision-making body for the housing authority shall (acquire any interest direct or indirect in any housing project or in any property included or planned to be included in any project, nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing project) own or hold an interest in any contract or property or engage in any business, transaction, or professional or personal activity, that would:

(a) Be, or appear to be, in conflict with the commissioner’s, employee’s, or appointee’s official duties to any decision-making body for the housing authority duties relating to the housing authority served by or subject to the authority of such commissioner, employee, or appointee to any decision-making body for the housing authority;

(b) Secure, or appear to secure, unwarranted privileges or advantages for such commissioner, employee, or appointee to any decision-making body for the housing authority, or others;

(c) Prejudice, or appear to prejudice, such commissioner’s, employee’s, or appointee’s to any decision-making body for the housing authority independence of judgment in exercise of his or her official duties relating to the housing authority served by or subject to the authority of the commissioner, employee, or appointee to any decision-making body for the housing authority.

(2) No commissioner, employee, or appointee to any decision-making body for the housing authority shall act in an official capacity in any manner in which such commissioner, employee, or appointee to any decision-making body of the housing authority has a direct or indirect financial or personal involvement.

(3) No commissioner, employee, or appointee to any decision-making body for the housing authority shall use his or her public office or employment to secure financial gain to such commissioner, employee, or appointee to any decision-making body for the housing authority.

(4) If any commissioner or employee of an authority or any appointee to any decision-making body for the housing authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure (of an authority) to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner (of an authority), employee, or appointee to any decision-making body for the housing authority shall not participate in any action by the authority affecting such property.

(5) No provision of this section shall preclude a tenant of the public housing authority from serving as a commissioner, employee, or appointee to any decision-making body of the housing authority. No provision of this section shall preclude a tenant of the public housing authority who is serving as a commissioner, employee, or appointee to any decision-making body of the housing authority from voting on any issue or decision, or participating in any action by the authority, unless a conflict of interest, as set forth in subsections (1) through (4) of this section, exists as to that particular tenant and the particular property or interest at issue before, or subject to action by the housing authority.

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2773 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the public interest to:
(1) Encourage private investment in renewable energy resources;
(2) Stimulate the economic growth of this state; and
(3) Enhance the continued diversification of the energy resources used in this state.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless
the context clearly indicates otherwise.
(1) "Commission" means the utilities and transportation commission.
(2) "Customer-generator" means a user of a net metering system.
(3) "Electrical company" means a company owned by investors that meets the definition of
RCW 80.04.010.
(4) "Electric cooperative" means a cooperative or association organized under chapter 23.86 or
24.06 RCW.
(5) "Electric utility" means any electrical company, public utility district, irrigation district,
port district, electric cooperative, or municipal electric utility that is engaged in the business of
distributing electricity to retail electric customers in the state.
(6) "Irrigation district" means an irrigation district under chapter 87.03 RCW.
(7) "Municipal electric utility" means a city or town that owns or operates an electric utility
authorized by chapter 35.92 RCW.
(8) "Net metering" means measuring the difference between the electricity supplied by an
electric utility and the electricity generated by a customer-generator that is fed back to the electric
utility over the applicable billing period.
(9) "Net metering system" means a facility for the production of electrical energy that:
(a) Uses as its fuel either solar, wind, or hydropower;
(b) Has a generating capacity of not more than twenty-five kilowatts;
(c) Is located on the customer-generator’s premises;
(d) Operates in parallel with the electric utility’s transmission and distribution facilities; and
(e) Is intended primarily to offset part or all of the customer-generator’s requirements for
electricity.
(10) "Port district" means a port district within which an industrial development district has
been established as authorized by Title 53 RCW.
(11) "Public utility district" means a district authorized by chapter 54.04 RCW.

NEW SECTION. Sec. 3. An electric utility:
(1) Shall offer to make net metering available to eligible customers-generators on a first-come,
first-served basis until the cumulative generating capacity of net metering systems equals 0.1 percent of
the utility’s peak demand during 1996;
(2) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(a) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(3) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(a) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(b) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

NEW SECTION. Sec. 4. Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with section 3 of this act; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

At the beginning of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

NEW SECTION. Sec. 5. (1) A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

(2) The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators that the commission determines are necessary to protect public safety and system reliability.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 80 RCW."

On page 1, line 2 of the title, after "systems;" strike the remainder of the title and insert "and adding a new chapter to Title 80 RCW."

Mr. Speaker:

The Senate has passed Engrossed House Bill No. 2791 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 1997 c 365 s 1, 1997 c 340 s 4, 1997 c 339 s 1, 1997 c 338 s 2, 1997 c 144 s 1, and 1997 c 70 s 1 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(2) "Commission" means the sentencing guidelines commission.

(3) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(4) "Community custody" means that portion of an inmate's sentence of confinement in lieu of earned early release time or imposed pursuant to RCW 9.94A.120 (6), (8), or (10) served in the community subject to controls placed on the inmate's movement and activities by the department of corrections.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.
(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(7) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. For first-time offenders, the supervision may include crime-related prohibitions and other conditions imposed pursuant to RCW 9.94A.120(5). For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(8) "Confinement" means total or partial confinement as defined in this section.

(9) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

Upon conviction for vehicular assault while under the influence of intoxicating liquor or any drug, RCW 46.61.522(1)(b), or vehicular homicide while under the influence of intoxicating liquor or any drug, RCW 46.61.520(1)(a), legal financial obligations may also include payment to a public agency of the expense of an emergency response to the incident resulting in the conviction, subject to the provisions in RCW 38.52.430.

(11) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(12) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere. The fact that an offender through "earned early release" can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(17) "Disposable earnings" means that part of the earnings of an individual remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(18) "Drug offense" means:
   (a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.401(d)) or forged prescription for a controlled substance (RCW 69.50.403);

Mr. Speaker:

"Sec. 1. RCW 19.28.010 and 1993 c 275 s 2 are each amended to read as follows:
(1) All wires and equipment, and installations thereof, that convey electric current and installations of equipment to be operated by electric current, in, on, or about buildings or structures, except for noncomposite fiber optic cables, telephone, telegraph, radio, and television wires and equipment, and television antenna installations, signal strength amplifiers, and coaxial installations pertaining thereto shall be in strict conformity with this chapter, the statutes of the state of Washington, and the rules issued by the department, and shall be in conformity with approved methods of construction for safety to life and property. All wires and equipment that fall within section 90.2(b)(5) of the National Electrical Code, 1981 edition, are exempt from the requirements of this chapter. The regulations and articles in the National Electrical Code, the national electrical safety code, and other installation and safety regulations approved by the national fire protection association, as modified or supplemented by rules issued by the department in furtherance of safety to life and property under authority hereby granted, shall be prima facie evidence of the approved methods of construction. All materials, devices, appliances, and equipment used in such installations shall be of a type that conforms to applicable standards or be indicated as acceptable by the established standards of any electrical product testing laboratory which is accredited by the department. Industrial control panels, utilization equipment, and their components do not need to be listed, labeled, or otherwise indicated as acceptable by an accredited electrical product testing laboratory unless specifically required by the National Electrical Code, 1993 edition.

(2) Residential buildings or structures moved into or within a county, city, or town are not required to comply with all of the requirements of this chapter, if the original occupancy classification of the building or structure is not changed as a result of the move. This subsection shall not apply to residential buildings or structures that are substantially remodeled or rehabilitated.

(3) This chapter shall not limit the authority or power of any city or town to enact and enforce under authority given by law, any ordinance, rule, or regulation requiring an equal, higher, or better standard of construction and an equal, higher, or better standard of materials, devices, appliances, and equipment than that required by this chapter. A city or town shall require that its electrical inspectors meet the qualifications provided for state electrical inspectors in accordance with RCW 19.28.070. In a city or town having an equal, higher, or better standard the installations, materials, devices, appliances, and equipment shall be in accordance with the ordinance, rule, or regulation of the city or town. Electrical equipment associated with spas, hot tubs, swimming pools, and hydromassage bathtubs shall not be offered for sale or exchange unless the electrical equipment is certified as being in compliance with the applicable product safety standard by bearing the certification mark of an approved electrical products testing laboratory.

(4) Nothing in this chapter may be construed as permitting the connection of any conductor of any electric circuit with a pipe that is connected with or designed to be connected with a waterworks piping system, without the consent of the person or persons legally responsible for the operation and maintenance of the waterworks piping system.

Sec. 2. RCW 19.28.200 and 1992 c 240 s 1 are each amended to read as follows:
(1) No license under the provision of this chapter shall be required from any utility or any person, firm, partnership, corporation, or other entity employed by a utility because of work in
connection with the installation, repair, or maintenance of lines, wires, apparatus, or equipment owned by or under the control of a utility and used for transmission or distribution of electricity from the source of supply to the point of contact at the premises and/or property to be supplied and service connections and meters and other apparatus or appliances used in the measurement of the consumption of electricity by the customer.

(2) No license under the provisions of this chapter shall be required from any utility because of work in connection with the installation, repair, or maintenance of the following:

(a) Lines, wires, apparatus, or equipment used in the lighting of streets, alleys, ways, or public areas or squares;
(b) Lines, wires, apparatus, or equipment owned by a commercial, industrial, or public institution customer that are an integral part of a transmission or distribution system, either overhead or underground, providing service to such customer and located outside the building or structure:

PROVIDED, That a utility does not initiate the sale of services to perform such work;
(c) Lines and wires, together with ancillary apparatus, and equipment, owned by a customer that is an independent power producer who has entered into an agreement for the sale of electricity to a utility and that are used in transmitting electricity from an electrical generating unit located on premises used by such customer to the point of interconnection with the utility's system.

(3) Any person, firm, partnership, corporation, or other entity licensed under RCW 19.28.120 may enter into a contract with a utility for the performance of work under subsection (2) of this section.

(4) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of the work of installing and repairing ignition or lighting systems for motor vehicles.

(5) No license under the provisions of this chapter shall be required from any person, firm, partnership, corporation, or other entity because of work in connection with the installation, repair, or maintenance of wires and equipment, and installations thereof, exempted in RCW 19.28.010.

Nothing in RCW 19.28.510 through 19.28.620 shall be construed to require that a person obtain a license or a certified electrician in order to do electrical work at his or her residence or place of business or on other property owned by him or her unless the electrical work is on the construction of a new building intended for rent, sale, or lease. However, if the construction is of a new residential building with up to four units intended for rent, sale, or lease, the owner may receive an exemption from the requirement to obtain a license or use a certified electrician if he or she provides a signed affidavit to the department stating that he or she will be performing the work and will occupy one of the units as his or her principal residence. The owner shall apply to the department for this exemption and may only receive an exemption once every twenty-four months. It is intended that the owner receiving this exemption shall occupy the unit as his or her principal residence for twenty-four months after completion of the units. Nothing in RCW 19.28.510 through 19.28.620 shall be intended to derogate from or dispense with the requirements of any valid electrical code enacted by a city or town pursuant to RCW 19.28.010(3), except that no code shall require the holder of a certificate of competency to demonstrate any additional proof of competency or obtain any other license or pay any fee in order to engage in the electrical construction trade. RCW 19.28.510 through 19.28.620 shall not apply to common carriers subject to Part I of the Interstate Commerce Act, nor to their officers and employees. Nothing in RCW 19.28.510 through 19.28.620 shall be deemed to apply to the installation or maintenance of telephone, telegraph, radio, or television wires and equipment; nor to any electrical utility or its employees in the installation, repair, and maintenance of electrical wiring, circuits, and
equipment by or for the utility, or comprising a part of its plants, lines or systems. The licensing provisions of RCW 19.28.510 through 19.28.620 shall not apply to:

(1) Persons making electrical installations on their own property or to regularly employed employees working on the premises of their employer, unless the electrical work is on the construction of a new building intended for rent, sale, or lease; or

(2) Employees of an employer while the employer is performing utility type work of the nature described in RCW 19.28.200 so long as such employees have registered in the state of Washington with or graduated from a state-approved outside lineman apprenticeship course that is recognized by the department and that qualifies a person to perform such work; or

(3) Persons, firms, partnerships, corporations, or other entities engaged in the installation, repair, or maintenance of structured communication cabling as defined in RCW 19.28.200(6).

Nothing in RCW 19.28.510 through 19.28.620 shall be construed to restrict the right of any householder to assist or receive assistance from a friend, neighbor, relative or other person when none of the individuals doing the electrical installation hold themselves out as engaged in the trade or business of electrical installations. Nothing precludes any person who is exempt from the licensing requirements of this chapter under this section from obtaining a journeyman or specialty certificate of competency if they otherwise meet the requirements of this chapter.

NEW SECTION. Sec. 4. The department of labor and industries shall convene an advisory committee to study the inclusion of telecommunications infrastructure in the requirements of chapter 19.28 RCW, including licensure and certification. The committee shall include representatives of the groups and entities affected and shall present recommendations on alternatives by January 1, 1999, to the commerce and labor committees of the house of representatives and the senate.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 1998

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1043 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the important goal of maximizing local control of public policy issues sometimes needs to be balanced with the also important goal of providing predictability and consistency in laws likely to be encountered by citizens as they move or engage in business across the state.

(2) In order to provide a substantial measure of uniformity in the application of state landlord-tenant law while recognizing the importance of the process that has already led some local jurisdictions to adopt local laws, it is the intent of the legislature that:

(a) Local jurisdictions that have not adopted ordinances regulating residential landlord-tenant relationships before January 1, 1999, not adopt ordinances inconsistent with chapter 59.18 RCW, the state residential landlord-tenant act; and

(b) Local laws in existence as of January 1, 1999, not be amended in a manner inconsistent with section 2 of this act.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

Except as provided in section 3 of this act, the State of Washington hereby fully occupies and preempts the field of landlord-tenant regulation within the boundaries of the state. Local laws not in existence as of January 1, 1999, that are inconsistent with, more or less restrictive than, or exceed or fall below the requirements of state law shall not be enacted regardless of the nature of the code, charter, or home rule status of the city, town, county, or other municipality. Local laws in existence as of January 1, 1999, shall not be amended to create inconsistencies with this section.

Except as provided in section 3 of this act, affirmative defenses to an unlawful detainer action that change the duties of a landlord or tenant that are inconsistent with, more or less restrictive than, or exceed or fall below the requirements of state law shall not be enacted regardless of the nature of the code, charter, or home rule status of the city, town, county, or other municipality.

NEW SECTION. Sec. 3. A new section is added to chapter 59.18 RCW to read as follows:
Section 2 of this act does not apply to local laws that are intended to affect directly the physical safety of a residential tenant. For purposes of this section "physical safety" means the physical health or security of a tenant.

In any proceeding to determine whether a local law directly affects physical safety, a court shall not restrict its consideration to a statement of local legislative intent or finding and shall consider whether voiding a local law as inconsistent with this chapter will result in a direct and significant increase in the risk to the physical safety of residential tenants.

Section 2 of this act does not apply to local laws that are intended to protect tenants from discrimination on the basis of race, ancestry, gender, national origin, marital status, creed, color, age, parental status, participation in a program under section eight of the United States Housing Act (42 USC 1437 (f)) as now or hereafter amended, political ideology, the presence of any sensory, mental or physical disability, or the use of a trained guide dog or service dog by a disabled person.

Section 2 of this act does not apply to local ordinances dealing with landlord-tenant relations for houseboats, floating homes, or floating home docks.

On page 1, line 2 of the title, after "duties;" strike the remainder of the title and insert "adding new sections to chapter 59.18 RCW; and creating a new section."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1072 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.73 RCW to read as follows:

(1) As used in this section:
(a) "Wire communication" means any aural transfer made in whole or in part through the use of facilities for the transmission of communications by the aid of wire, cable, or other like connection between the point of origin and the point of reception, including the use of such connection in a switching station, furnished or operated by any person engaged in providing or operating such facilities for the transmission of intrastate, interstate, or foreign communications, and such term includes any electronic storage of such communication.
(b) "Electronic communication" means any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectronic, or photo-optical system, but does not include:
   (i) Any wire or oral communication;
   (ii) Any communication made through a tone-only paging device; or
   (iii) Any communication from a tracking device.
(c) "Electronic communication service" means any service that provides to users thereof the ability to send or receive wire or electronic communications.
(d) "Pen register" means a device that records or decodes electronic or other impulses that identify the numbers dialed or otherwise transmitted on the telephone line to which such device is attached, but such term does not include any device used by a provider or customer of a wire or electronic communication service for billing, or recording as an incident to billing, for communications services provided by such provider or any device used by a provider or customer of a wire communication service for cost accounting or other like purposes in the ordinary course of its business.
(e) "Trap and trace device" means a device that captures the incoming electronic or other impulses that identify the originating number of an instrument or device from which a wire or electronic communication was transmitted.

(2) No person may install or use a pen register or trap and trace device without a prior court order issued under this section except as provided under subsection (6) of this section or RCW 9.73.070.

(3) A law enforcement officer may apply for and the superior court may issue orders and extensions of orders authorizing the installation and use of pen registers and trap and trace devices as provided in this section. The application shall be under oath and shall include the identity of the officer making the application and the identity of the law enforcement agency conducting the investigation. The applicant must certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

(4) If the court finds that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation and finds that there is probable cause to believe that the pen register or trap and trace device will lead to obtaining evidence of a crime, contraband, fruits of crime, things criminally possessed, weapons, or other things by means of which a crime has been committed or reasonably appears about to be committed, or will lead to learning the location of a person who is unlawfully restrained or reasonably believed to be a witness in a criminal investigation or for whose arrest there is probable cause, the court shall enter an ex parte order authorizing the installation and use of a pen register or a trap and trace device. The order shall specify:
   (a) The identity, if known, of the person to whom is leased or in whose name is listed the telephone line to which the pen register or trap and trace device is to be attached;
   (b) The identity, if known, of the person who is the subject of the criminal investigation;
   (c) The number and, if known, physical location of the telephone line to which the pen register or trap and trace device is to be attached and, in the case of a trap and trace device, the geographic limits of the trap and trace order; and
(d) A statement of the offense to which the information likely to be obtained by the pen register or trap and trace device relates.

The order shall direct, if the applicant has requested, the furnishing of information, facilities, and technical assistance necessary to accomplish the installation of the pen register or trap and trace device. An order issued under this section shall authorize the installation and use of a pen register or a trap and trace device for a period not to exceed sixty days. An extension of the original order may only be granted upon: A new application for an order under subsection (3) of this section; and a showing that there is a probability that the information or items sought under this subsection are more likely to be obtained under the extension than under the original order. No extension beyond the first extension shall be granted unless: There is a showing that there is a high probability that the information or items sought under this subsection are much more likely to be obtained under the second or subsequent extension than under the original order; and there are extraordinary circumstances such as a direct and immediate danger of death or serious bodily injury to a law enforcement officer. The period of extension shall be for a period not to exceed sixty days.

An order authorizing or approving the installation and use of a pen register or a trap and trace device shall direct that the order be sealed until otherwise ordered by the court and that the person owning or leasing the line to which the pen register or trap and trace device is attached, or who has been ordered by the court to provide assistance to the applicant, not disclose the existence of the pen register or trap and trace device or the existence of the investigation to the listed subscriber or to any other person, unless or until otherwise ordered by the court.

(5) Upon the presentation of an order, entered under subsection (4) of this section, by an officer of a law enforcement agency authorized to install and use a pen register under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall furnish such law enforcement officer forthwith all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such assistance is directed by a court order as provided in subsection (4) of this section.

Upon the request of an officer of a law enforcement agency authorized to receive the results of a trap and trace device under this chapter, a provider of a wire or electronic communication service, landlord, custodian, or other person shall install such device forthwith on the appropriate line and shall furnish such law enforcement officer all additional information, facilities, and technical assistance including installation and operation of the device unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such installation and assistance is directed by a court order as provided in subsection (4) of this section. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the officer of a law enforcement agency, designated in the court order, at reasonable intervals during regular business hours for the duration of the order.

A provider of a wire or electronic communication service, landlord, custodian, or other person who furnishes facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

No cause of action shall lie in any court against any provider of a wire or electronic communication service, its officers, employees, agents, or other specified persons for providing information, facilities, or assistance in accordance with the terms of a court order under this section. A good faith reliance on a court order under this section, a request pursuant to this section, a legislative authorization, or a statutory authorization is a complete defense against any civil or criminal action brought under this chapter or any other law.

(6)(a) Notwithstanding any other provision of this chapter, a law enforcement officer and a prosecuting attorney or deputy prosecuting attorney who jointly and reasonably determine that there is probable cause to believe that an emergency situation exists that involves immediate danger of death or serious bodily injury to any person that requires the installation and use of a pen register or a trap and trace device before an order authorizing such installation and use can, with due diligence, be obtained, and there are grounds upon which an order could be entered under this chapter to authorize such installation and use, may have installed and use a pen register or trap and trace device if, within forty-eight hours after the installation has occurred, or begins to occur, an order approving the installation or use is issued in accordance with subsection (4) of this section. In the absence of an authorizing order,
such use shall immediately terminate when the information sought is obtained, when the application for the order is denied or when forty-eight hours have lapsed since the installation of the pen register or trap and trace device, whichever is earlier. If an order approving the installation or use is not obtained within forty-eight hours, any information obtained is not admissible as evidence in any legal proceeding. The knowing installation or use by any law enforcement officer of a pen register or trap and trace device pursuant to this subsection without application for the authorizing order within forty-eight hours of the installation shall constitute a violation of this chapter and be punishable as a gross misdemeanor. A provider of a wire or electronic service, landlord, custodian, or other person who furnished facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

(b) A law enforcement agency that authorizes the installation of a pen register or trap and trace device under this subsection (6) shall file a monthly report with the administrator for the courts. The report shall indicate the number of authorizations made, the date and time of each authorization, whether a court authorization was sought within forty-eight hours, and whether a subsequent court authorization was granted.

Sec. 2. RCW 9.73.095 and 1996 c 197 s 1 are each amended to read as follows:

(1) RCW 9.73.030 through 9.73.080 and section 1 of this act shall not apply to employees of the department of corrections in the following instances: Intercepting, recording, or divulging any telephone calls from an inmate or resident of a state correctional facility; or intercepting, recording, or divulging any monitored nontelephonic conversations in inmate living units, cells, rooms, dormitories, and common spaces where inmates may be present. For the purposes of this section, "state correctional facility" means a facility that is under the control and authority of the department of corrections, and used for the incarceration, treatment, or rehabilitation of convicted felons.

(2) All personal calls made by inmates shall be collect calls only. The calls will be "operator announcement" type calls. The operator shall notify the receiver of the call that the call is coming from a prison inmate, and that it will be recorded and may be monitored.

(3) The department of corrections shall adhere to the following procedures and restrictions when intercepting, recording, or divulging any telephone calls from an inmate or resident of a state correctional facility as provided for by this section. The department shall also adhere to the following procedures and restrictions when intercepting, recording, or divulging any monitored nontelephonic conversations in inmate living units, cells, rooms, dormitories, and common spaces where inmates may be present:

(a) Unless otherwise provided for in this section, after intercepting or recording any conversation, only the superintendent and his or her designee shall have access to that recording.

(b) The contents of any intercepted and recorded conversation shall be divulged only as is necessary to safeguard the orderly operation of the correctional facility, in response to a court order, or in the prosecution or investigation of any crime.

(c) All conversations that are recorded under this section, unless being used in the ongoing investigation or prosecution of a crime, or as is necessary to assure the orderly operation of the correctional facility, shall be destroyed one year after the intercepting and recording.

(4) So as to safeguard the sanctity of the attorney-client privilege, the department of corrections shall not intercept, record, or divulge any conversation between an inmate and an attorney. The department shall develop policies and procedures to implement this section. The department’s policies and procedures implemented under this section shall also recognize the privileged nature of confessions made by an offender to a member of the clergy or a priest in his or her professional character, in the course of discipline enjoined by the church to which he or she belongs as provided in RCW 5.60.060(3).

(5) The department shall notify in writing all inmates, residents, and personnel of state correctional facilities that their nontelephonic conversations may be intercepted, recorded, or divulged in accordance with the provisions of this section.

(6) The department shall notify all visitors to state correctional facilities who may enter inmate living units, cells, rooms, dormitories, or common spaces where inmates may be present, that their conversations may be intercepted, recorded, or divulged in accordance with the provisions of this section. The notice required under this subsection shall be accomplished through a means no less conspicuous than a general posting in a location likely to be seen by visitors entering the facility.
Sec. 3. RCW 9.73.120 and 1989 c 271 s 207 are each amended to read as follows:

(1) Within thirty days after the expiration of an authorization or an extension or renewal thereof issued pursuant to RCW 9.73.090(2) as now or hereafter amended, the issuing or denying judge shall make a report to the administrator for the courts stating that:
   (a) An authorization, extension or renewal was applied for;
   (b) The kind of authorization applied for;
   (c) The authorization was granted as applied for, was modified, or was denied;
   (d) The period of recording authorized by the authorization and the number and duration of any extensions or renewals of the authorization;
   (e) The offense specified in the authorization or extension or renewal of authorization;
   (f) The identity of the person authorizing the application and of the investigative or law enforcement officer and agency for whom it was made;
   (g) Whether an arrest resulted from the communication which was the subject of the authorization; and
   (h) The character of the facilities from which or the place where the communications were to be recorded.

(2) In addition to reports required to be made by applicants pursuant to federal law, all judges of the superior court authorized to issue authority pursuant to this chapter shall make annual reports on the operation of this chapter to the administrator for the courts. The reports made under this subsection must include information on authorizations for the installation and use of pen registers and trap and trace devices under section 1 of this act. The reports by the judges shall contain (a) the number of applications made; (b) the number of authorizations issued; (c) the respective periods of such authorizations; (d) the number and duration of any renewals thereof; (e) the crimes in connection with which the communications or conversations were sought; (f) the names of the applicants; and (g) such other and further particulars as the administrator for the courts may require, except that the administrator for the courts shall not require the reporting of information that might lead to the disclosure of the identity of a confidential informant.

The chief justice of the supreme court shall annually report to the governor and the legislature on such aspects of the operation of this chapter as he deems appropriate including any recommendations he may care to make as to legislative changes or improvements to effectuate the purposes of this chapter and to assure and protect individual rights.

NEW SECTION. Sec. 4. If this act mandates an increased level of service by local governments, the local government may, under RCW 43.135.060 and chapter 4.92 RCW, submit claims for reimbursement by the legislature. The claims shall be subject to verification by the office of financial management.

On page 1, line 2 of the title, after "communications;" strike the remainder of the title and insert "amending RCW 9.73.095 and 9.73.120; adding a new section to chapter 9.73 RCW; creating a new section; and prescribing penalties."

SENATE AMENDMENTS TO HOUSE BILL  

March 4, 1998

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1126 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that:

(1) The state enhanced 911 excise tax imposed at the current rate of twenty cents per switched access line per month generates adequate tax revenues to enhance the 911 telephone system for switched access lines state-wide by December 31, 1998, as mandated in RCW 38.52.510;

(2) The tax revenues generated from the state enhanced 911 excise tax when the tax rate decreases to a maximum of ten cents per switched access line on January 1, 1999, will not be adequate to fund the long-term operation and equipment replacement costs for the enhanced 911 telephone systems in the counties or multicounty regions that receive financial assistance from the state enhanced 911 office;

(3) Some counties or multicounty regions will need financial assistance from the state enhanced 911 office to implement and maintain enhanced 911 because the tax revenue generated from the county enhanced 911 excise tax is not adequate;

(4) Counties with populations of less than seventy-five thousand will need salary assistance to create multicounty regions and counties with populations of seventy-five thousand or more, if requested by smaller counties, will need technical assistance and incentives to provide multicounty services; and

(5) Counties should not request state financial assistance for implementation and maintenance of enhanced 911 for switched access lines unless the county has imposed the maximum enhanced 911 tax authorized in RCW 82.14B.030.

Sec. 2. RCW 82.14B.030 and 1994 c 96 s 3 are each amended to read as follows:

(1) The legislative authority of a county may impose a county enhanced 911 excise tax on the use of switched access lines in an amount not exceeding fifty cents per month for each switched access line. The amount of tax shall be uniform for each switched access line. Each county shall provide notice of such tax to all local exchange companies serving in the county at least sixty days in advance of the date on which the first payment is due.

(2) The legislative authority of a county may also impose a county 911 excise tax on the use of radio access lines located within the county in an amount not exceeding twenty-five cents per month for each radio access line. The amount of tax shall be uniform for each radio access line. The county shall provide notice of such tax to all radio communications service companies serving in the county at least sixty days in advance of the date on which the first payment is due. Any county imposing this tax shall include in its ordinance a refund mechanism whereby the amount of any tax ordered to be refunded by the judgment of a court of record, or as a result of the resolution of any appeal therefrom, shall be refunded to the radio communications service company or local exchange company that collected the tax, and those companies shall reimburse the users who paid the tax. The ordinance shall further provide that to the extent the users who paid the tax cannot be identified or located, the tax paid by those users shall be returned to the county.

(3) A state enhanced 911 excise tax is imposed on all switched access lines in the state. The tax shall be set at a rate of twenty cents per month for each switched access line. The tax shall be uniform for each switched access line. The tax imposed under this subsection shall be remitted to the state treasurer by local exchange companies on a tax return provided by the department within thirty days after the end of the month in which the tax was collected. A local exchange company that serves less than two percent of the access lines in the state of Washington may remit the tax to the state treasurer thirty days after the last day of the calendar quarter in which the tax was due to the local exchange company. Tax proceeds shall be deposited by the treasurer in the enhanced 911 account created in RCW 38.52.540.

(4) By August 31st of each year the state enhanced 911 coordinator shall recommend the level for the next year of the state enhanced 911 excise tax, based on a systematic cost and revenue analysis,
Sec. 3. RCW 38.52.540 and 1994 c 96 s 7 are each amended to read as follows:
The enhanced 911 account is created in the state treasury. All receipts from the state enhanced 911 excise tax imposed by RCW 82.14B.030 shall be deposited into the account. Moneys in the account shall be used only to help implement and operate enhanced 911 state-wide (including a study of the tax base and rate for the 911 excise tax). Moneys in the account may be used to provide salary assistance on a temporary basis not to exceed three years to counties with a population of less than seventy-five thousand that need additional resources to cover unfunded costs that can be shown to result from handling 911 calls. Moneys in the account may be used to assist multicounty regions, including ongoing salary assistance for multicounty regions consisting of counties with populations of less than seventy-five thousand. However, funds shall not be distributed to any county that has not imposed the maximum county enhanced 911 taxes allowed under RCW 82.14B.030 (1) and (2). The state enhanced 911 coordinator, with the advice and assistance of the enhanced 911 advisory committee, shall specify by rule the purposes for which moneys may be expended from this account.

NEW SECTION. Sec. 4. This act takes effect July 1, 1998.
NEW SECTION.  Sec. 2.  A new section is added to chapter 88.12 RCW to read as follows:
(1) "Serious bodily injury" means bodily injury which involves a substantial risk of death, serious permanent disfigurement, or protracted loss or impairment of the function of any part or organ of the body.
(2) A person is guilty of assault by watercraft if he or she operates any vessel:
   (a) In a reckless manner, and this conduct is the proximate cause of serious bodily injury to another; or
   (b) While under the influence of intoxicating liquor or any drug, as defined by RCW 88.12.025, and this conduct is the proximate cause of serious bodily injury to another.
(3) When the injury is caused by a skier towed by a vessel, the operator of the vessel is not guilty of assault by watercraft.
(4) A violation of this section is punishable as a class B felony according to chapter 9A.20 RCW.

NEW SECTION.  Sec. 3.  A new section is added to chapter 88.12 RCW to read as follows:
A person convicted under section 1 or 2 of this act shall, as a condition of community supervision imposed under RCW 9.94A.383 or community placement imposed under RCW 9.94A.120(9), complete a diagnostic evaluation by an alcohol or drug dependency agency approved by the department of social and health services or a qualified probation department, defined under RCW 46.61.516, that has been approved by the department of social and health services. If the person is found to have an alcohol or drug problem that requires treatment, the person shall complete treatment in a program approved by the department of social and health services under chapter 70.96A RCW. If the person is found not to have an alcohol or drug problem that requires treatment, he or she shall complete a course in an information school approved by the department of social and health services under chapter 70.96A RCW. The convicted person shall pay all costs for any evaluation, education, or treatment required by this section, unless the person is eligible for an existing program offered or approved by the department of social and health services. Nothing in chapter ... Laws of 1998 (this act) requires the addition of new treatment or assessment facilities nor affects the department of social and health services use of existing programs and facilities authorized by law.

SENATE AMENDMENTS TO HOUSE BILL

March 3, 1998

Mr. Speaker:

The Senate has passed Engrossed Substitute House Bill No. 1221 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that of the three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to
adequately protect public safety and to enforce the state’s driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws.

Sec. 2. RCW 46.55.105 and 1995 c 219 s 4 are each amended to read as follows:

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner’s rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101 (where a vehicle theft report filed with a law enforcement agency) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under section 12 of this act. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

Sec. 3. RCW 46.55.110 and 1995 c 360 s 6 are each amended to read as follows:

(1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall
also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) If the date on which a notice required by subsection (2) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

(4) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed.

Sec. 4. RCW 46.55.113 and 1997 c 66 s 7 are each amended to read as follows:
Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 or of RCW 46.20.342 or 46.20.420, the arresting officer may take custody of the vehicle and provide for its prompt removal to a place of safety vehicle is subject to impoundment, pursuant to applicable local ordinance or state agency rule at the direction of a law enforcement officer. In addition, a police officer may take custody of a vehicle and provide for its prompt removal to a place of safety under any of the following circumstances:

(1) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(2) Whenever a police officer finds a unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(3) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(4) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(5) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(6) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(7) Upon determining that a person is operating a motor vehicle without a valid driver’s license in violation of RCW 46.20.005 or with a license that has been expired for ninety days or more((, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420)).

Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

Sec. 5. RCW 46.55.120 and 1996 c 89 s 2 are each amended to read as follows:
(1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle’s insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (b) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department’s records show that the operator has been convicted of a violation of RCW
46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded. An agency may issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator’s criminal history and driving record.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (b) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.420 and was being operated by the registered owner when it was impounded, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded that any penalties, fines, or forfeitures owed by him or her have been satisfied. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer’s bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the (district) appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the (district) court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the (district) court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The (district) court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and
(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer’s personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.420 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver’s license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees.

Sec. 6. RCW 46.55.130 and 1989 c 111 s 12 are each amended to read as follows:

(1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(2) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the
vehicle is located not less than three days and no more than ten days before the date of the auction. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:
   (a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;
   (b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;
   (c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;
   (d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;
   (e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;
   (f) The successful bidder shall apply for title within fifteen days;
   (g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;
   (h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator’s lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;
   (i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within (((thirty))) forty-five days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(2).
   (b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available.

NEW SECTION. Sec. 7. A new section is added to chapter 46.55 RCW to read as follows:

(1) This section applies to any impoundment of a vehicle when a driver is arrested for a violation of RCW 46.61.502 or 46.61.504, or of RCW 46.61.520 or 46.61.522 if committed while under the influence, as provided for in RCW 46.55.113 and 46.55.120.

(2) Any local government ordinance or state agency rule that provides for impoundment and redemption of vehicles may allow for alternative home impoundment of vehicles for all or part of the impoundment periods authorized in RCW 46.55.120. Home impoundment is an alternative to impoundment by a registered tow truck operator. Home impoundment consists of removing a vehicle to the registered owner’s residence or other property, or to another place authorized by the ordinance or rule, and placing a boot or other device on the vehicle to render it immobile. The jurisdiction authorizing home impoundment may charge a reasonable rental fee for the use of the boot or other device during the period of home impoundment. The local government ordinance or state agency rule may provide that the owner or driver of the vehicle may elect whether to be subject to impoundment under RCW 46.55.120 or home impoundment under this section.
(3) Before any home impoundment is begun, the vehicle must be redeemed as provided for in RCW 46.55.120 if any impoundment has occurred under that section, and any towing fee incurred in getting the vehicle to the place of home impoundment must be paid.

(4) At the end of the period of home impoundment, the vehicle may be released only after all rental fees have been paid and only to a person who would qualify to redeem an impounded vehicle under RCW 46.55.120.

(5) A local ordinance or state agency rule may provide for impoundment by a registered tow truck operator if at the end of the period of home impoundment there is no qualified person to whom the vehicle may be released.

(6) A local ordinance or state agency rule may provide that if the boot or other device on a vehicle in home impoundment is tampered with, damaged, removed, or rendered inoperative, the vehicle may be released only upon payment of all applicable rental fees plus payment of a fee equal to the impoundment costs that would have been incurred had the vehicle been impounded under RCW 46.55.120 during the period of home impoundment.

Sec. 9. RCW 46.55.100 and 1995 c 360 s 5 are each amended to read as follows:

(1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator’s possession after the ((ninety-six)) one hundred twenty hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within ((fifteen)) fourteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle’s or other property’s owners.

Sec. 10. RCW 46.12.095 and 1969 ex.s. c 170 s 16 are each amended to read as follows:

A security interest in a vehicle other than one held as inventory by a manufacturer or a dealer and for which a certificate of ownership is required is perfected only by compliance with the requirements of section 12 of this act under the circumstances provided for therein or by compliance with the requirements of this section:

(1) A security interest is perfected ((only)) by the department’s receipt of: (a) The existing certificate, if any, and (b) an application for a certificate of ownership containing the name and address of the secured party, and (c) tender of the required fee.

(2) It is perfected as of the time of its creation: (a) If the papers and fee referred to in ((the preceding)) subsection (1) of this section are received by this department within ((eight department business)) twenty calendar days ((exclusive)) of the day on which the security agreement was created; or (b) if the secured party’s name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1) of this section.
(3) If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

(a) If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

(b) If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

(c) If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state.

Sec. 11. RCW 46.12.101 and 1991 c 339 s 19 are each amended to read as follows:

A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. (Within five days, excluding Saturdays, Sundays, and state and federal holidays.) The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller’s report of sale to the department. Reports of sale processed and recorded by the department’s agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b).

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner’s assignment from the transferee, it shall transmit the transferee’s application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;
(b) Extended hospitalization or illness of the purchaser;
(c) Failure of a legal owner to release his or her interest;
(d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place.

NEW SECTION. Sec. 12. A new section is added to chapter 46.12 RCW to read as follows:

(1) The purpose of a transitional ownership record is to enable a security interest in a motor vehicle to be perfected in a timely manner when the certificate of ownership is not available at the time the security interest is created, and to provide for timely notification to security interest holders under chapter 46.55 RCW.

(2) A transitional ownership record is only acceptable as an ownership record for vehicles currently stored on the department's computer system and if the certificate of ownership or other authorized proof of ownership for the motor vehicle:

(a) Is not in the possession of the selling vehicle dealer or new security interest holder at the time the transitional ownership record is submitted to the department; and

(b) To the best of the knowledge of the selling dealer or new security interest holder, the certificate of ownership will not be received for submission to the department within twenty calendar days of the date of sale of the vehicle, or if no sale is involved, within twenty calendar days of the date the security agreement or contract is executed.

(3) A person shall submit the transitional ownership record to the department or to any of its agents or subagents. Agents and subagents shall immediately electronically transmit the transitional ownership records to the department. A transitional ownership document processed and recorded by an agent or subagent may be subject to fees as specified in RCW 46.01.140(4)(a) or (5)(b).

(4) "Transitional ownership record" means a record containing all of the following information:

(a) The date of sale;
(b) The name and address of each owner of the vehicle;
(c) The name and address of each security interest holder;
(d) If there are multiple security interest holders, the priorities of interest if the security interest holders do not jointly hold a single security interest;
(e) The vehicle identification number, the license plate number, if any, the year, make, and model of the vehicle;
(f) The name of the selling dealer or security interest holder who is submitting the transitional ownership record; and

(g) The transferee's driver's license number, if available.

(5) The report of sale form prescribed or approved by the department under RCW 46.12.101 may be used by a vehicle dealer as the transitional ownership record.

(6) Notwithstanding RCW 46.12.095 (1) and (2), compliance with the requirements of this section shall result in perfection of a security interest in the vehicle as of the time the security interest was created. Upon receipt of the certificate of ownership for the vehicle, or upon receipt of written confirmation that only an electronic record of ownership exists or that the certificate of ownership has been lost or destroyed, the selling dealer or new security interest holder shall promptly submit the same to the department together with an application for a new certificate of ownership containing the name and address of the secured party and tender the required fee as provided in RCW 46.12.095(1).

NEW SECTION. Sec. 13. If this act mandates an increased level of service by local governments, the local government may, under RCW 43.135.060 and chapter 4.92 RCW, submit
claims for reimbursement by the legislature. The claims shall be subject to verification by the office of financial management.

NEW SECTION. Sec. 14. RCW 46.20.344 and 1965 ex.s. c 121 s 45 are each repealed."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed Second Engrossed Substitute House Bill No. 1746 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the protection of adolescents' health requires a strong set of comprehensive health and law enforcement interventions. We know that youth are deterred from using alcohol in public because of existing laws making possession illegal. However, while the purchase of tobacco by youth is clearly prohibited, the possession of tobacco is not. It is the legislature's intent that youth hear consistent messages from public entities, including law enforcement, about public opposition to their illegal use of tobacco products.

Sec. 2. RCW 70.155.080 and 1993 c 507 s 9 are each amended to read as follows:
(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in up to four hours of community service, or both. The court may also require participation in a smoking cessation program((, or both)). This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.
(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

Sec. 3. RCW 70.155.100 and 1993 c 507 s 11 are each amended to read as follows:

The sanctions that the liquor control board may impose against a person licensed under RCW 82.24.530 and 70.155.050 and 70.155.060 based upon one or more findings under subsection (1) of this section may not exceed the following:

(a) For violation of RCW 26.28.080(((4))) or 70.155.020:
   (i) A monetary penalty of one hundred dollars for the first violation within any two-year period;
   (ii) A monetary penalty of three hundred dollars for the second violation within any two-year period;
   (iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;
   (iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;
   (v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;
(b) For violations of RCW 70.155.030, a monetary penalty in the amount of one hundred dollars for each day upon which such violation occurred;

   (iii) A monetary penalty of one thousand dollars and suspension of the license for a period of six months for the third violation within any two-year period;
   (iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;
   (v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;
(d) For violations of RCW 70.155.050 and 70.155.060, a monetary penalty in the amount of three hundred dollars for each violation;
(e) For violations of RCW 70.155.070, a monetary penalty in the amount of one thousand dollars for each violation.

(3) The liquor control board may impose a monetary penalty upon any person other than a licensed cigarette retailer or licensed sampler if the liquor control board finds that the person has violated RCW 26.28.080(((4))), ((or)) 70.155.020, 70.155.030, 70.155.040, 70.155.050, 70.155.060, 70.155.070, or 70.155.090.

(e) For violations of RCW 70.155.070, one thousand dollars for each violation.

(5) The liquor control board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(6) The liquor control board may issue a cease and desist order to any person who is found by the liquor control board to have violated or intending to violate the provisions of this chapter, RCW 26.28.080(((4))) or 82.24.500, requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order shall not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(7) The liquor control board may seek injunctive relief to enforce the provisions of RCW 26.28.080(((4))) or 82.24.500 or this chapter. Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 69.06.010 and 1987 c 223 s 5 are each amended to read as follows:
It shall be unlawful for any person to be employed in the handling of unwrapped or unpackaged food unless he or she shall furnish and place on file with the person in charge of such establishment, a food and beverage service worker’s permit, as prescribed by the state board of health. Such permit shall be kept on file by the employer or kept by the employee on his or her person and open for inspection at all reasonable hours by authorized public health officials. Such permit shall be returned to the employee upon termination of employment. Initial permits, including limited duty permits, shall be valid for two years from the date of issuance. Subsequent renewal permits shall be valid for ((five)) three years from the date of issuance, except an employee may be granted a renewal permit that is valid for five years from the date of issuance if the employee demonstrates that he or she has obtained additional food safety training prior to renewal of the permit. Rules establishing minimum training requirements must be adopted by the state board of health and developed by the department of health in conjunction with local health jurisdictions and representatives of the food service industry.

NEW SECTION. Sec. 2. A new section is added to chapter 69.06 RCW to read as follows:
The local health officer may issue a limited duty permit when necessary to reasonably accommodate a person with a disability. The limited duty permit must specify the activities that the permit holder may perform, and must include only activities having low public health risk.

Sec. 3. RCW 69.06.020 and 1987 c 223 s 6 are each amended to read as follows:
The permit provided in RCW 69.06.010 or section 2 of this act shall be valid in every city, town and county in the state, for the period for which it is issued, and no other health certificate shall be required of such employees by any municipal corporation or political subdivision of the state. The cost of the permit shall be uniform throughout the state and shall be in that amount set by the state board of health. The cost of the permit shall reflect actual costs of food worker training and education, administration of the program, and testing of applicants. The state board of health shall periodically review the costs associated with the permit program and adjust the fee accordingly. The board shall also ensure that the fee is not set at an amount that would prohibit low-income persons from obtaining permits.

Sec. 4. RCW 69.06.030 and 1957 c 197 s 3 are each amended to read as follows:
It shall be unlawful for any person afflicted with any contagious or infectious disease that may be transmitted by food or beverage to work in or about any place where unwrapped or unpackaged food and/or beverage products are prepared or sold, or offered for sale for human consumption and it shall be unlawful for any person knowingly to employ a person so afflicted. Nothing in this section eliminates any authority or requirement to control or suppress communicable diseases pursuant to chapter 70.05 RCW and RCW 43.20.050(2)(e).

Sec. 5. RCW 69.06.050 and 1957 c 197 s 5 are each amended to read as follows:
Individuals under this chapter (shall have thirty days from commencement of employment to secure health permits) must obtain a food and beverage service workers’ permit within fourteen days from commencement of employment. Individuals under this chapter may work for up to fourteen calendar days without a food and beverage service workers’ permit, provided that they receive information or training regarding safe food handling practices from the employer prior to commencement of employment. Documentation that the information or training has been provided to the individual must be kept on file by the employer.

SENATE AMENDMENTS TO HOUSE BILL

March 5, 1998

Mr. Speaker:

The Senate has passed Substitute House Bill No. 2166 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. Lack of coordination produces irrational situations, such as several different vehicles arriving simultaneously at the same location to pick up several different persons with special needs. When separate vehicles arrive within minutes of each other to transport individuals with special needs to similar destinations, resources are wasted and fewer people are being served. In some cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies.
