(3) Local governments shall report information as requested by the department in funding agreements entered into by the department and a local government. The department shall report to the appropriate standing committees of the legislature by December of even-numbered years on the effectiveness of local government waste reduction, litter, and recycling programs funded under this section.

Sec. 38. RCW 70.155.080 and 1998 c 133 s 2 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in up to four hours of community ((~~service~~)) restitution, or both. The court may also require participation in a smoking cessation program. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

Sec. 39. RCW 72.09.060 and 1989 c 185 s 3 are each amended to read as follows:

The department of corrections may be organized into such divisions or offices as the secretary may determine, but shall include divisions for (1) correctional industries, (2) prisons and other custodial institutions and (3) probation, parole, community ((~~service~~)) restitution, restitution, and other nonincarcerative sanctions. The secretary shall have at least one person on his or her staff who shall have the responsibility for developing a program which encourages the use of volunteers, for citizen

advisory groups, and for similar public involvement programs in the corrections area. Minimum qualification for staff assigned to public involvement responsibilities shall include previous experience in working with volunteers or volunteer agencies.

Sec. 40. RCW 72.09.100 and 1995 1st sp.s. c 19 s 33 are each amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) **CLASS I: FREE VENTURE INDUSTRIES.** The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers. The correctional industries board of directors shall review these proposed industries before the department contracts to provide such products or services. The review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) **CLASS II: TAX REDUCTION INDUSTRIES.** Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons. Correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors. The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

Security and custody services shall be provided without charge by the department of corrections.

Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY ((~~SERVICE~~)) RESTITUTION PROGRAMS. Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community ((~~service~~)) restitution order as ordered by the sentencing court.

Employment shall be in a community ((~~service~~)) restitution program operated by the state, local units of government, or a nonprofit agency.

To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 41. RCW 72.09.260 and 1990 c 66 s 2 are each amended to read as follows:

(1) The department shall assist local units of government in establishing community ((~~service~~)) restitution programs for litter cleanup. Community ((~~service~~)) restitution litter cleanup programs must include the following: (a) Procedures for documenting the number of community ((~~service~~)) restitution hours worked in litter cleanup by each offender; (b) plans to coordinate litter cleanup activities with local governmental entities responsible for roadside and park maintenance; (c) insurance coverage for offenders during litter cleanup activities pursuant to RCW 51.12.045; (d) provision of adequate safety equipment and, if needed, weather protection gear; and (e) provision for including felons and misdemeanants in the program.

(2) Community ((~~service~~)) restitution programs established under this section shall involve, but not be limited to, persons convicted of nonviolent, drug-related offenses.

(3) Nothing in this section shall diminish the department's authority to place offenders in community ((service)) restitution programs or to determine the suitability of offenders for specific programs.

(4) As used in this section, "litter cleanup" includes cleanup and removal of solid waste that is illegally dumped."

SECOND READING

Representative Talcott moved the adoption of amendment (276):

Strike everything after the enacting clause and insert the following:

'INTENT

NEW SECTION. **Sec. 1.** INTENT. The legislature finds that the purpose of Washington's accountability system is to improve student learning and student achievement of the essential academic learning requirement standards so that each individual student will be given the opportunity to become a responsible citizen and successfully live, learn, and work in the twenty-first century. To achieve this purpose, the accountability system should be based on student achievement and continuous improvement at all levels of Washington's education system and on a fundamental principle that all public school students have access to curriculum and instruction that is aligned to the standards.

The legislature further finds that the accountability system should rely on local responsibility and leadership. Districts and schools should be expected to improve and be evaluated based on their improvement over time. Districts should recognize exceptional progress and work closely with schools needing assistance.

The legislature further finds that the accountability system must be simple to use and understand. Consequences must be predictable and fair. Differences among students, schools, and districts should be recognized and respected as the system is implemented. There should be a balance of each student's right to privacy and the public's right to know the overall levels of learning and achievement at the school, district, and state levels. In addition, the accountability system should be continuously reviewed and improved as more is learned about how schools operate to meet the learning needs of Washington's students.

**PART 1
OVERSIGHT OF THE ACCOUNTABILITY SYSTEM**

NEW SECTION. **Sec. 101.** COMMISSION FORMED AND MEMBERS APPOINTED. (1) The academic achievement and accountability commission is established.

(2) The primary purpose of the commission is to provide oversight of the state's educational accountability system.

(3) The commission shall consist of nine members selected as follows:

(a) One member shall be the superintendent of public instruction or the superintendent's designee; and

(b) Eight members shall be appointed by the governor. Four of the members shall be selected as follows: Each major caucus of the house of representatives and the senate shall submit a list of three names. The lists may not include the names of members of the legislature. The governor shall select a member from each list provided by each caucus. All members appointed by the governor shall be subject to confirmation by the senate.

(4) The governor shall appoint a chair from among the commission members.

(5) Appointees shall be individuals who are supportive of educational improvement, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved. The commission shall be composed of a balance of individuals from within and outside the public education system. The commission shall include educators, business leaders, and parents.

(6) The governor shall appoint its initial commission members by July 1, 1999. The first meeting of the commission shall be convened by the superintendent of public instruction no later than July 30, 1999.

(7) Appointed members shall serve for terms of four years, with the terms expiring on June 30th of the fourth year of the term. However, in the case of the initial members, four members shall serve four-year terms, two members shall serve three-year terms, and two members shall serve two-year terms, with each of the terms expiring on June 30th of the applicable year. Appointees may be reappointed to serve more than one term.

(8) The governor shall fill any vacancy in appointments that may occur. When filling a vacancy of a member nominated by a major caucus of the legislature, the governor shall select the new member from a list of three names submitted by the same caucus that provided the list from which the retiring member was appointed.

NEW SECTION. Sec. 102. COMMISSION'S POWERS AND DUTIES. The powers and duties of the academic achievement and accountability commission shall include, but are not limited to the following:

(1) For purposes of state-wide accountability, the commission shall:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics by subject and grade level as the commission deems appropriate to improve student learning, once assessments in these subjects are required state-wide. The goals shall be in addition to any goals adopted in RCW 28A.630.887 (as recodified by this act). The commission may also revise any goal adopted in RCW 28A.630.887 (as recodified by this act). The commission shall adopt the goals by rule. However, before each goal is implemented, the commission shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and determine student scores that identify levels of student performance below and beyond the standard. The commission shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature under RCW 28A.630.887 (as recodified by this act) and the commission under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the commission shall consider the use of all state-wide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

(i) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the reading goal under RCW 28A.630.887 (as recodified by this act) and any additional goals adopted by the commission;

(j) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

(k) Seek advice from the public and all interested educational organizations in the conduct of its work; and

(1) Establish advisory committees, which may include persons who are not members of the commission;

(2) Holding meetings and public hearings, which may include regional meetings and hearings;

(3) Hiring necessary staff and determining the staff's duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 103. COMMISSION'S REPORT ON ACCOUNTABILITY POLICIES. By September 5, 2000, the academic achievement and accountability commission shall recommend accountability policies to the governor, the superintendent of public instruction, and the

education and fiscal committees of the house of representatives and senate. The policies shall include, but need not be limited to:

(1) A graduated series of increasingly intensive state intervention strategies for schools and school districts in which low-performance persists over an identified period of time.

(a) The strategies shall be formulated in accordance with the assumption that school districts have primary responsibility for intervening in schools with relatively large numbers of students who are not achieving the essential academic learning requirements.

(b) The strategies shall be formulated in accordance with the assumption that continued low performance despite school district efforts shall trigger an evaluation by the commission. The evaluation is intended to identify the next steps needed to improve student performance. In its evaluation, the commission shall use multiple sources of information that may include, but need not be limited to:

- (i) The results of the Washington assessment of student learning;
- (ii) The results of state-mandated norm-referenced standardized tests;
- (iii) Student achievement evidence from other district or school assessments;
- (iv) The level of improvement in student achievement over time;
- (v) Student mobility and poverty;
- (vi) Attendance and dropout rates;
- (vii) Graduation rates and posthigh school indicators;
- (viii) The percent of students in special programs; and
- (ix) Other factors presented by individual districts or schools.

(c) In its deliberations, the commission shall consider issues of due process, student dropout rates, management and personnel, and educational options, including public school choice options, for students attending schools in which the state has intervened. The commission may consider intervention strategies underway in Washington and other states;

(2) Additional assistance measures for students and schools;

(3) Rewards for successful schools and school districts; and

(4) Any statutory changes necessary to give the superintendent of public instruction the authority to implement, in a school or school district, the state intervention strategies identified in subsection (1) of this section.

PART 2 ACCOUNTABILITY GOALS, INCLUDING GOALS IN READING AND MATHEMATICS

Sec. 201. RCW 28A.630.887 and 1998 c 319 s 101 are each amended to read as follows:

(1) (~~By December 15, 1998,~~) Each school district board of directors shall:

(a) Select the reading standard results on either the 1997 or 1998 fourth grade Washington assessment of student learning as the school district's initial baseline reading standard. Districts may select the 1997 results only if all of the elementary schools with fourth grade students administered the assessment;

(b) By December 15, 2001, select the mathematics standard results on the 1998, 1999, or 2000 fourth grade Washington assessment of student learning as the school district's fourth grade baseline mathematics standard, using for its baseline a year in which all of the elementary schools with fourth grade students administered the assessment;

(c) Establish ((a)) three-year, district-wide goals to increase, by the end of the 2000-01 school year, the percentage of students who meet or exceed the reading standard, and by the 2003-04 school year, the percentage of students who meet or exceed the mathematics standard on the fourth grade Washington assessment of student learning. The three-year percentage increase goal in each subject may not be less than the district's total percentage of students who did not meet the baseline ((reading)) standard in each subject multiplied by twenty-five percent;

~~(((c)))~~ (d) Specify the annual district-wide percentage improvement increments to meet the ((three-year)) goals; and

~~((d))~~ (e) Direct each elementary school to establish ~~((a))~~ three-year goals for its fourth grade students, subject to approval by the board. The aggregate of the elementary school goals must meet or exceed the district-wide goals established by the board.

~~(2) ((Each school district board of directors shall:~~

~~(a) Report biannually to parents in writing and to the community in a public meeting the following information:~~

~~(i) District wide and school level three year goals;~~

~~(ii) Student performance relative to the goals; and~~

~~(iii) District wide and school level plans to achieve the reading goal in kindergarten through fourth grade, including grade level expectations, curriculum and instruction, parental or guardian involvement, and resources available to parents and guardians to help students meet the reading standard;~~

~~(b) Report annually to the superintendent of public instruction and in a news release to the local media the district's progress toward meeting the district wide and school level goals; and~~

~~(c) Include the reported information in each school's annual school performance report under RCW 28A.320.205.~~

~~(3) By December 1, 2000, the superintendent of public instruction shall report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the three year reading goal, and provide recommendations to the legislature on setting reading goals for the next three years.~~

~~(4) This section expires July 1, 2006))~~ By December 15, 2001, each school district board of directors shall:

(a) Select the mathematics standard results on the 1998, 1999, 2000, or 2001 seventh grade Washington assessment of student learning as the school district's seventh grade baseline mathematics standard;

(b) Establish a three-year district-wide goal to increase, by the end of the 2003-04 school year, the percentage of students who meet or exceed the mathematics standard, on the seventh grade Washington assessment of student learning. The district shall select for its baseline a year in which all of the schools with seventh grade students administered the assessment. The percentage increase goal may not be less than the district's total percentage of students who did not meet the baseline standard in mathematics multiplied by twenty-five percent;

(c) Specify the annual district-wide percentage improvement increments necessary to meet the goal; and

(d) Direct each middle or junior high school, as appropriate, to establish a mathematics goal for its seventh grade students, subject to approval by the board. The aggregate of the middle or junior high school goals must meet or exceed the district-wide goals established by the board in each subject.

(3) Schools and school districts in which ten or fewer students are eligible to be assessed in a grade level are not required to establish numerical improvement goals and performance relative to the goals.

PART 3 REPORTING RESULTS

Sec. 301. RCW 28A.630.889 and 1998 c 319 s 301 are each amended to read as follows:

(1) By September 10, 1998, and by September 10th each year thereafter, the superintendent of public instruction shall~~((:~~

~~((a))~~ report to schools, school districts, and the legislature on the results of the ~~((fourth grade))~~ Washington assessment of student learning~~((; and~~

~~((b) Post individual school results of the fourth grade Washington assessment of student learning on the superintendent of public instruction's internet world wide web site))~~ and state-mandated norm-referenced standardized tests.

(2) The reports shall include the assessment results by school and school district, and include changes over time. For the Washington assessment of student learning, results shall be reported as follows:

- (a) The percentage of students meeting the standards;
 - (b) The percentage of students performing at each level of the assessment; and
 - (c) A learning improvement index that shows changes in student performance within the different levels of student learning reported on the Washington assessment of student learning.
 - (3) The reports shall contain data regarding the different characteristics of schools, such as poverty levels, percent of English as a second language students, dropout rates, attendance, percent of students in special education, and student mobility so that districts and schools can learn from the improvement efforts of other schools and districts with similar characteristics.
 - (4) The reports shall contain student scores on mandated tests by comparable Washington schools of similar characteristics.
 - (5) The reports shall contain information on public school choice options available to students, including vocational education.
 - (6) The reports shall be posted on the superintendent of public instruction's internet web site.
 - (7) To protect the privacy of students, the results of schools and districts that test fewer than ten students in a grade level shall not be reported. In addition, in order to ensure that results are reported accurately, the superintendent of public instruction shall maintain the confidentiality of state-wide data files until the superintendent determines that the data are complete and accurate.
 - (8) The superintendent of public instruction shall monitor the percentage and number of special education and limited English-proficient students exempted from taking the assessments by schools and school districts to ensure the exemptions are in compliance with exemption guidelines.
- ~~((2) This section expires July 1, 2006.)~~

NEW SECTION. Sec. 302. SCHOOL DISTRICT REPORTS ON PROGRESS TOWARD PERFORMANCE GOALS. Each school district board of directors shall:

- (1)(a) Annually report to parents and to the community in a public meeting and annually report in writing the following information:
 - (i) District-wide and school-level performance improvement goals;
 - (ii) Student performance relative to the goals; and
 - (iii) District-wide and school-level plans to achieve the goals, including curriculum and instruction, parental or guardian involvement, and resources available to parents and guardians to help students meet the state standards;
 - (b) Report annually in a news release to the local media the district's progress toward meeting the district-wide and school-level goals; and
 - (c) Include the school-level goals, student performance relative to the goals, and a summary of school-level plans to achieve the goals in each school's annual school performance report under RCW 28A.320.205 (as recodified by this act).
- (2) School districts in which ten or fewer students in the district or in a school in the district are eligible to be assessed in a grade level are not required to report numerical improvement goals and performance relative to the goals, but are required to report to parents and the community their plans to improve student achievement.

Sec. 303. RCW 28A.320.205 and 1993 c 336 s 1006 are each amended to read as follows:

- (1) Beginning with the 1994-95 school year, to provide the local community and electorate with access to information on the educational programs in the schools in the district, each school shall publish annually a school performance report and deliver the report to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. (3) The superintendent of public instruction shall develop by June 30, 1994, and update periodically, a model report form, which shall also be adapted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section. In order to make school performance reports broadly accessible to the public, the superintendent of public instruction, to the extent feasible, shall make information on each school's report available on or through the superintendent's internet web site.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons. One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity.

PART I
RURAL ECONOMIC DEVELOPMENT
Enhanced Flexibility for Use of Community Economic
Revitalization Board Funds

Sec. 101. RCW 43.160.010 and 1996 c 51 s 1 are each amended to read as follows:

(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

- (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
- (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
- (c) Encouraging wider access to financial resources for both large and small industrial development projects;
- (d) Encouraging new economic development or expansions to maximize employment;
- (e) Encouraging the retention of viable existing firms and employment; and
- (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways ~~((in the vicinity of new)), county roads, or city streets for industries considering locating or expanding in this state ((or existing industries that are considering significant expansion))~~.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) ~~((It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development.)) All ((such)) transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. ((It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.))~~

(3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that

supports business development, retention, and expansion in rural natural resources impact areas and rural counties of the state.

(4) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

~~((4))~~ (5) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region. The ability of these communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure (is one of several) are critical ingredients (that are critical) for economic development. Rural counties and rural natural resources impact areas generally lack (the infrastructure) these necessary tools and resources to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the (availability of funds to help provide infrastructure to rural natural resource impact areas) amount of funding available through the community economic revitalization board for rural counties and rural natural resources impact areas, and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

Sec. 103. RCW 43.160.060 and 1996 c 51 s 5 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the finding by the board that ~~((unique)) financial circumstances ((exist. The board shall not obligate more than twenty percent of its biennial appropriation as grants))~~ require grant assistance to enable the project to move forward.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only provide financial assistance:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited

to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to ~~((distressed))~~ rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

(3) The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located~~((—As long as there is more demand for financial assistance than there are funds available, the board is instructed to fund projects in order of their priority))~~; and

(b) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project.

~~((3) This section expires June 30, 2000.))~~

PART V
RURAL WASHINGTON LOAN FUND

Sec. 501. RCW 43.168.010 and 1985 c 164 s 1 are each amended to read as follows:

The legislature finds that:

- (1) The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.
- (2) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.
- (3) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.
- (4) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.
- (5) The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but under-financed, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington ~~((state development))~~ loan fund ~~((committee))~~ and vests in the ~~((committee))~~ department of community, trade, and economic development the authority to spend federal funds to stimulate the economy of distressed areas.

Sec. 502. RCW 43.168.020 and 1996 c 290 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

- ~~((1))~~ ~~(("Committee" means the Washington state development loan fund committee.~~
- ~~((2))~~ "Department" means the department of community, trade, and economic development.
- ~~((3))~~ ~~((2))~~ "Director" means the director of community, trade, and economic development.

A request from a county, city, or town planning under RCW 36.70A.040 shall be accorded no additional preference based on subsection (2) of this section over a request from a county, city, or town not planning under RCW 36.70A.040.

(4) Whenever a state agency is considering awarding grants or loans ~~((to a special district))~~ for public facilities to a special district requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town in whose planning jurisdiction the proposed facility is located ~~((is a party to a county wide planning policy under RCW 36.70A.210 relating to the type of public facility for which the grant or loan is sought))~~ has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040 and shall apply the preference specified in subsection (2) of this section and restricted in subsection (3) of this section.

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(h) Other criteria that the board considers advisable.

~~((3))~~ (5) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

~~((5))~~ (7) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

~~((6))~~ (8) Subsection ~~((5))~~ (7) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection ~~((7))~~ (9) of this section.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town ~~((that is required or chooses to plan))~~ planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan ~~((in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted))~~, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. April 24, 1999

Mr. Speaker:

The Senate receded from the Judiciary Committee striking amendment(s) to SUBSTITUTE HOUSE BILL NO. 1392 adopted as amended on 4/14/99. Under suspension of rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted Amendment #480 by Senators Heavey and others, and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.96 RCW to read as follows:

(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion clear the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information or indictment against the applicant.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense cleared if any one of the following is present: (a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense; (c) the offense was a violation of RCW 46.61.502 (Driving while under the influence), 46.61.504 (Actual physical control while under the influence), or 9.91.020 (Operating a railroad, etc. while intoxicated); (d) the offense was any misdemeanor or gross misdemeanor attempt to commit a sex offense as defined in RCW 9.94A.030; (e) the offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 (Obscenity and pornography) or 9.68A (Sexual exploitation of children) RCW; (f) the applicant has been convicted of a new crime in this state, another state, or federal court since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense; (g) the offense was a domestic violence offense as defined in RCW 10.99.020, and less than ten years have passed since the date the offender successfully completed all terms of his or her sentence, including probation. The court shall not grant the motion to vacate a domestic violence conviction if, upon review of the police report and any evidence from the prosecution or the defense, the court finds that the defendant's behavior in the commission of the crime was particularly egregious; or (h) less than five years have passed since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense, except that the fact that the person had been convicted of the offense may be used in any subsequent criminal prosecution consistent with any other legal use and may be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all other purposes, including responding to questions on employment applications, a person whose conviction has been vacated may state that the person has never been convicted of that crime.

The bill was read the second time.

Representative Conway moved the adoption of amendment (305):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.26.430 and 1993 c 517 s 3 are each amended to read as follows:

(1) **NORMAL RETIREMENT.** Any member with at least five service credit years of service who has attained at least age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420.

(2) **EARLY RETIREMENT.** Any member who has completed at least ~~((twenty))~~ fifteen service credit years of service and has attained age fifty shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420, except that a member retiring pursuant to this subsection shall have the retirement allowance ~~((actuarially))~~ reduced by two percent per year to reflect the difference in the number of years between age at retirement and the attainment of age fifty-five.

Sec. 2. RCW 41.26.470 and 1995 c 144 s 18 are each amended to read as follows:

(1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance ~~((actuarially))~~ reduced by two percent per year to reflect the difference in the number of years between age at disability and the attainment of age fifty-five.

(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the Administrative Procedure Act.

(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:

(a) No member may receive more than one month's service credit in a calendar month.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.26.450.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions."

SENATE BILL NO. 5670, by Senators Snyder and Rasmussen

Creating criteria for the issuance of water quality permits for the treatment of noxious weeds.

The bill was read the second time.

There being no objection, the committee amendment(s) by the Committee on Agriculture & Ecology was adopted. (For committee amendment(s), see Journal, 82nd Day, April 2, 1999.)

Representative Linville moved the adoption of amendment (316):

On page 3, after line 18, insert the following:

"**Sec. 1.** RCW 90.48.010 and 1973 c 155 s 1 are each amended to read as follows:

(1) It is declared to be the public policy of the state of Washington to maintain the highest possible standards to insure the purity of all waters of the state consistent with public health and public enjoyment thereof, the propagation and protection of (~~wild life, birds, game,~~) fish and (~~other aquatic life~~) wildlife, and the (~~industrial~~) economic development of the state, and to that end require the use of all known available and reasonable methods by industries and others to prevent and control the pollution of the waters of the state of Washington. Consistent with this policy, the state of Washington will exercise its powers, as fully and as effectively as possible, to retain and secure high quality for all waters of the state. Consistent with this policy, the experimental use of herbicides when appropriate for controlling aquatic noxious weeds such as spartina will help maintain current beneficial uses of water without degrading water quality. The state of Washington in recognition of the federal government's interest in the quality of the navigable waters of the United States, of which certain portions thereof are within the jurisdictional limits of this state, proclaims a public policy of working cooperatively with the federal government in a joint effort to extinguish the sources of water quality degradation, while at the same time preserving and vigorously exercising state powers to insure that present and future standards of water quality within the state shall be determined by the citizenry, through and by the efforts of state government, of the state of Washington.

(2) The legislature finds that while existing federal and state water pollution control laws have resulted in cleaner water for citizens of Washington state, too many water bodies still exceed existing water quality standards. Such exceedances are caused both by point and nonpoint sources of pollution. It is the policy of the state of Washington to ensure the attainment of water quality standards that protect and restore the ability of the state's waters to provide multiple benefits as defined in RCW 90.54.020.

(3) Water quality standards should be attained through a variety of means, including the development and implementation of total maximum daily loads as provided under the federal clean water act, and the implementation of other pollution controls. The legislature believes that such flexibility must be available if the state is to attain water quality standards as efficiently and effectively

as possible. The legislature also believes that many activities and programs are currently being implemented in watersheds across the state that will result in substantial water quality improvement, and that such activities and programs should have an opportunity to demonstrate success before the imposition of a total maximum daily load requirement.

(4) The burden of changing existing practices and obtaining pollutant discharge reductions as needed to attain water quality standards should be shared among the various contributors to water quality impairment in proportion to their contribution and in consideration of other equitable factors and natural background conditions. For water quality limited segments in waters that are shared with, or are upstream or downstream of waters subject to the jurisdiction of another state or Canada, the legislature intends that the department coordinate the development of total maximum daily loads with the United States environmental protection agency and with water quality regulatory agencies in other jurisdictions to ensure equity for dischargers in Washington.

(5) The legislature finds that a watershed approach to water quality improvement allows the consideration of multiple factors and of their interactions. It also provides a means for bringing together those persons who will need to implement necessary measures to improve water quality, as well as others who may be interested in water quality.

(6) Water quality monitoring is becoming increasingly important as the state makes commitments to attain water quality standards, recover aquatic species, and evaluate the effectiveness of actions taken to attain those goals. As a result, the legislature believes it is important to enhance the quality of existing water quality monitoring programs.

(7) While the legislature believes the state is the best manager of the state's water quality, it recognizes that the federal government has ultimate authority over any state total maximum daily load program under the federal clean water act. Therefore, it is the intent of the legislature that the department have no authority to implement or enforce this act if and when the federal government assumes direct responsibility for implementation of the total maximum daily load program by providing written notice to the department that this act, taken as a whole, is inconsistent with federal law. However, this subsection does not affect the ability of the state to continue implementing other programs that improve water quality.

Sec. 2. RCW 90.48.020 and 1995 c 255 s 7 are each amended to read as follows:

((Whenever the word)) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Characteristic uses" means the uses for which a water body has been classified by the department under state law and the federal clean water act.

(2) "Person" ((is used in this chapter, it shall be construed to)) includes any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual or any other entity whatsoever.

((Wherever the words)) (3) "Waters of the state" ((shall be used in this chapter, they shall be construed to)) includes lakes, rivers, ponds, streams, inland waters, underground waters, salt waters and all other surface waters and watercourses within the jurisdiction of the state of Washington.

((Whenever the word)) (4) "Pollution" ((is used in this chapter, it shall be construed to)) means such contamination, or other alteration of the physical, chemical or biological properties, of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental or injurious to the public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish or other aquatic life.

((Wherever the word)) (5) "Department" ((is used in this chapter it shall)) means the department of ecology.

((Whenever the word)) (6) "Director" ((is used in this chapter it shall)) means the director of ecology.

((Whenever the words)) (7) "Clean water act" means the federal water pollution control act of 1972, as amended (86 Stat. 896; 33 U.S.C. Sec. 1251 et seq.).

(8) "Aquatic noxious weed" (~~(are used in this chapter, they have)~~) has the meaning prescribed under RCW 17.26.020.

(9) "Listing cycle" means the period, as determined by the federal environmental protection agency, between publication of a list of water quality limited segments by the department and the publication of the next list of such segments by the department.

(10) "Load" means an amount of matter or thermal energy that is introduced into a receiving water.

(11) "Loading capacity" means the greatest amount of loading that a water can receive without violating water quality standards.

(12) "Load allocation" means that portion of a receiving water's loading capacity that is attributed either to one of its existing or future nonpoint sources of pollution, or to natural background sources. Load allocations are best estimates of the loading, which may range from reasonably accurate estimates to gross allotments, depending on the availability of data and appropriate techniques for predicting loading. Wherever possible, natural background conditions and nonpoint sources shall be distinguished. Wherever possible, loads shall be allocated to categories of like sources, rather than to aggregates of different categories of sources.

(13) "Wasteload allocation" means that portion of a receiving water's loading capacity that is allocated to one of its existing or future point sources of pollution. Wasteload allocations constitute a type of water quality-based effluent limitation.

(14) "Total maximum daily loads" means the sum of the individual wasteload allocations for point sources and load allocations for nonpoint sources and natural background conditions. Such loads shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety, and may contain a reserve for growth. Total maximum daily loads may be expressed in terms other than mass per volume.

(15) "Other pollution controls" include, but are not limited to, the following list of laws, rules, regulations, programs, or activities:

(a) Provisions related to the federal conservation reserve enhancement program;

(b) Approved farm plans based on current field office technical guides;

(c) The dairy nutrient management act under chapter 90.64 RCW;

(d) The forest practices act under chapter 76.09 RCW;

(e) Irrigation district water quality management plans that meet the requirements of (k) of this subsection;

(f) Habitat conservation plans for aquatic species prepared under section 10 of the federal endangered species act (16 U.S.C. 1531 et seq.);

(g) Reasonable and prudent conditions established under a biological opinion under section 7 of the federal endangered species act;

(h) Watershed plans that implement best management practices approved by the conservation commission and the department;

(i) Implementation of cleanup of contaminated sediments under the federal comprehensive environmental response, compensation, and liability act of 1980 (42 U.S.C. 9601 et seq.); the model toxics control act, chapter 70.105D RCW; or other statutory authorities;

(j) Cooperative resource management plans administered by the department of natural resources that meet the requirements of (k) of this subsection; or

(k) Any other programs, measures, and activities that include:

(i) Specific methods and approaches intended to lead to water quality improvement and attainment of water quality standards;

(ii) Water quality improvement goals or milestones for identified water quality limited segments;

(iii) Monitoring provisions that enable the department to measure progress toward attainment of water quality standards; and

(iv) Enforcement mechanisms or feedback and modification strategies to ensure or promote compliance with the measures and goals identified in this subsection.

This definition shall not be construed as expanding the reach of existing regulatory controls.

(16) "Wastewater discharge permit" means an individual, model, or general permit issued by the department that specifies treatment, monitoring, and reporting requirements for the discharge of wastewater, and that is intended to satisfy the requirements of the clean water act and of this chapter.

(17) "Water quality limited segment" means any surface water segment, as defined by the department, where it is known that water quality does not meet applicable water quality standards, or is not expected to meet applicable water quality standards by the next listing cycle, even after the application of technology-based effluent limitations required by the federal clean water act.

(18) "Effluent trading" means a method to attain or maintain water quality standards by allowing sources of pollution that can achieve greater pollutant reduction than is otherwise required to sell or trade the credits for their excess reduction to another source.

(19) "Adaptive management" means the processes and principles designed to modify rules adopted under the forest practices act, and their application based on cooperative research, monitoring, and evaluation, and set out in Appendix L to the forestry module memorandum of agreement, also known as the Forests and Fish Report (1999).

NEW SECTION. Sec. 3. A new section is added to chapter 90.48 RCW to read as follows:
WATER QUALITY LIMITED SEGMENTS--DATA RELIABILITY FOR DECISIONS TO

LIST. (1) The list of water quality limited segments that is required to be submitted to the federal environmental protection agency under the clean water act shall be based upon data that are accurate and reflective of current conditions and that comply with high standards of quality assurance and quality control guidance as prescribed by the department under this section. A water segment may be listed as water quality limited under section 6 of this act only when:

(a) Documentation is provided showing the submitted data have met the data quality objectives and other requirements of an approved quality assurance program plan; or

(b) The department independently samples the water body segment in compliance with its data quality objectives and other requirements of an approved quality assurance program plan to verify the suspected water quality exceedance.

(2) The department shall coordinate a state-wide water quality monitoring network that relies upon existing water quality data collected by the department and others in compliance with the data quality objectives and the data quality assurance and quality control guidelines prescribed by the department under this section. To the extent possible and appropriate, the water quality monitoring network shall include other state agencies, tribes, counties, cities, federal agencies, sewer and water districts, and special purpose districts, as well as private entities that wish to provide such data. The network shall provide data for both ambient water quality monitoring and development of the list of water quality limited segments. The department shall coordinate the collection of water quality data among state agencies to ensure that monitoring for the purposes of this section is comprehensive without being duplicative, and that state monitoring resources are directed toward filling the most critical information gaps. In coordinating this network, the department shall ensure state-wide consistency, provide calibration of local monitoring efforts, provide data verification and validation, and assess long-term water quality trends.

(3) By September 1, 1999, the department shall appoint an advisory committee comprised of one representative selected by each of the following agencies and interests: The department, the Northwest Indian fisheries commission, the United States environmental protection agency, the United States geological survey, the department of health, the department of fish and wildlife, the department of transportation, the Puget Sound action team, the Washington state association of counties, the association of Washington cities, the Washington association of sewer and water districts, the conservation commission, the University of Washington, Washington State University, the association of Washington business, the Washington state farm bureau, the Washington state water resources association, and the Washington state office of the national Audubon society. Each of these representatives shall have experience in the collection, analysis, and interpretation of environmental data. The committee shall also consist of a state senator from each of the two major caucuses appointed by the president of the senate, and a state representative from each of the two major caucuses appointed by the speaker of the house of representatives. The committee shall have the following purposes:

(a) Development of data quality objectives regarding the precision, bias, representativeness, completeness, and comparability required for water quality monitoring data to serve program purposes;

(b) Development of data interpretation guidelines regarding the quantity and representativeness of data required to determine whether water quality standards are being met, and whether a water quality condition is caused by natural background or human factors;

(c) Development of quality assurance and quality control guidelines for the collection, analysis, and interpretation of water quality data for freshwater; and

(d) Comparison of the proposed use-based water quality standards with the current classification system in terms of the protection provided to characteristic uses, and the regulatory and economic impacts on point and nonpoint sources.

(4) The committee identified in subsection (3) of this section shall provide its recommendations on subsection (3)(a) through (c) of this section to the legislature by December 31, 2000. The committee shall provide its recommendations on subsection (3)(d) of this section to the legislature by December 31, 1999.

(5) The department shall develop a system of water quality standards, data quality objectives, data interpretation guidelines, and data quality assurance and quality control guidelines based upon the recommendations of the committee identified in subsection (3) of this section. The water quality standards shall be adopted by rule under RCW 90.48.035 and the administrative procedure act, chapter 34.05 RCW. After issuance, the data quality objectives, data interpretation guidelines, and data quality assurance and quality control guidelines shall be updated periodically to reflect new methods and instrumentation.

(6) After July 1, 2001, the department shall require that any water quality data submitted to the state for purposes of ambient monitoring or compiling a list of water quality limited segments comply with the department's data quality objectives and data quality assurance and quality control guidelines.

NEW SECTION. Sec. 4. A new section is added to chapter 90.48 RCW to read as follows:
ACCESS TO PRIVATE PROPERTY. (1) Except as provided in subsection (2) of this section, and before collecting water quality samples that can only be obtained by entering upon private property, the department or its designee must receive permission from either:

(a) The owner of the property to be entered;

(b) The lessee or operator of the property to be entered; or

(c) A superior court of the state of Washington. The superior courts of the state may issue administrative search warrants to the department to carry out the provisions of this chapter.

(2) If the department believes there is an imminent and substantial threat to human health or the environment from pollution of an acute or emergency nature, the department may collect such samples after first having made a reasonable attempt to obtain permission from the owner, lessee, or operator. The department shall subsequently inform the owner, lessee, or operator of such sampling and the results thereof.

(3) The department or its designee shall offer to divide any water sample and provide a portion to the property owner, lessee, or operator in sufficient quantity that he or she may have a separate analysis conducted at his or her expense.

NEW SECTION. Sec. 5. A new section is added to chapter 90.48 RCW to read as follows:
LISTING OF WATER QUALITY LIMITED SEGMENTS. (1) After July 1, 2001, the department shall prepare a revised list of water quality limited segments, as required under section 303(d) of the clean water act, that is based upon data that are collected and analyzed in compliance with the department's data quality objectives and quality assurance and quality control guidelines. The list shall include all surface water segments that do not meet water quality standards, or are not expected to meet water quality standards by the next listing cycle, even after the application of technology-based effluent limitations required by the federal clean water act. The list shall not include:

(a) Surface water segments that are expected to meet water quality standards before the next listing cycle;

(b) Surface water segments for which natural background conditions are the reason for not meeting the standards; or

(c) Ground waters.

(2) Surface water segments shall remain on the list until they meet water quality standards and shall be removed from the list when they are found to meet water quality standards. Deletions from the list shall be based on monitoring data of the same quality and rigor as data used for additions to the list. Additions to, and deletions from, the list of water quality limited segments shall be recorded when the list is updated in the next listing cycle. The list shall be submitted to the federal environmental protection agency at a frequency determined by the environmental protection agency.

(3) To ensure an opportunity for public participation in the process of listing water quality limited segments, the department shall:

(a) Provide notice in the Washington State Register that it is beginning a new cycle for listing of water quality limited segments;

(b) Develop a proposed list of water quality limited segments, and compare the proposed list to the previous list approved by the environmental protection agency to identify water quality trends;

(c) Submit the proposed list to the environmental protection agency and the general public for review;

(d) Develop responses to the comments received, and provide those responses to those persons who have requested them;

(e) Develop a final list of water quality limited segments and publish a notice of the availability of the final list in the Washington State Register; and

(f) Submit the final list to the environmental protection agency for approval.

(4) Publication of a notice of the availability of the final list of water quality limited segments in the Washington State Register is an agency action that may be appealed to the Thurston county superior court under RCW 34.05.570(4) within thirty days of the date of publication.

(5) Listing of water quality limited segments as required under this chapter is not subject to the state environmental policy act, chapter 43.21C RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 43.21C RCW to read as follows:
This chapter does not apply to:

(1) Publication by the department of a list of water quality limited segments;

(2) The authorization of other pollution controls in lieu of total maximum daily loads; and

(3) The development of total maximum daily loads.

NEW SECTION. Sec. 7. A new section is added to chapter 90.48 RCW to read as follows:

EFFECT OF LISTING. (1) No permit may be issued to a new source or to a new discharger, as these terms are defined in section 306 of the federal clean water act and in 40 C.F.R. 122.2 and 40 C.F.R. 122.29 as of the effective date of this section, if the discharge would cause or contribute to a violation of water quality standards.

(2) This chapter shall not prevent any existing point source discharge, or any activity that may lead to a nonpoint source discharge conducted in compliance with all applicable federal, state, or local laws, rules, regulations, and requirements affecting water quality, solely because a total maximum daily load has not been completed.

(3) This chapter shall not prevent any new or expanded activity that may lead to a nonpoint source discharge conducted in compliance with all applicable federal, state, or local laws, rules, regulations, and requirements that protect water quality, solely because a total maximum daily load has not been completed.

NEW SECTION. Sec. 8. A new section is added to chapter 90.48 RCW to read as follows:

WATER QUALITY LIMITED SEGMENTS--LIST--MANAGEMENT. (1) After a list of water quality limited segments has been submitted to the federal environmental protection agency, the department shall sort the list of water quality limited segments by WRIA as defined in RCW 90.82.020 for management purposes.

(2) By June 30, 2001, the department shall determine:

(a) Whether other pollution controls exist in each WRIA that address the causes of the problems that led to the listing of segments as water quality limited in 1996 and in 1998;

(b) Whether such measures are being implemented; and

(c) Whether such measures are expected to result in attainment of water quality standards within a reasonable period of time based upon the nature of the problem.

(3) For water quality limited segments on lists approved after January 1, 2000, the department shall make the determinations identified under subsection (2) of this section within two years of the approval of the list by the environmental protection agency.

(4) To make the determinations under subsections (2) and (3) of this section, the department:

(a) May request information and recommendations from other state and federal agencies, local governments, tribes, conservation districts, and other sources; and

(b) Shall gather available data and information on the other pollution controls being used to address water quality in the relevant WRIAs. If entities implementing other pollution controls collect water quality data, they shall provide such data to the department. The department shall conduct independent sampling to obtain any additional data or information necessary to make its determination.

(5) Where a planning group has chosen to address water quality under RCW 90.82.090, the group shall perform a preliminary evaluation as described in subsection (2) of this section within one year of receiving the first grant to conduct watershed assessments under RCW 90.82.040(2)(b), or within one year of the effective date of this section, whichever is later, and shall forward its findings and recommendations to the department. The department shall consider the planning group's findings and recommendations, if any, in making its initial determinations as to the existence and adequacy of the proposed other pollution controls.

(6) The department shall obtain public comment on its draft initial determinations, and shall finalize its determinations after considering the available information and comments received.

(7) If the department determines that other pollution controls in a WRIA are expected to result in attainment of water quality standards within a reasonable period of time, the department shall allow the use of those other pollution controls and shall not establish total maximum daily loads, except as provided under subsection (11) of this section.

(8) The department shall refer those dischargers who may not have fully implemented other pollution controls to appropriate agencies for technical assistance, or shall offer such assistance directly. The department's goal shall be to encourage the broad use of other pollution controls.

(9) For waters where the department determines that other pollution controls are available and are expected to attain water quality standards within a reasonable period of time, the department shall evaluate ambient water quality data at no greater than five-year intervals to determine whether substantial progress in water quality improvement has been achieved relative to specific listed segments, except that other pollution controls approved under subsection (7) of this section shall be allowed to perform for at least five years before their effectiveness is evaluated. The department may use its watershed approach to water quality management to focus and rotate its resources through succeeding areas of the state. Entities implementing other pollution controls shall provide any available monitoring data to the department so that it may determine the effectiveness of the controls in correcting the water quality problem. The department shall conduct independent sampling to obtain any additional information needed to determine the effectiveness of the other pollution controls.

(10) If the evaluation of ambient water quality data in a given WRIA as provided under subsection (9) of this section demonstrates other pollution controls have not made substantial progress toward the attainment of water quality standards within a reasonable period of time, the department shall enter into discussions with representatives selected by users of other pollution controls in that WRIA to revise the controls so that their implementation results in substantial progress toward the attainment of water quality standards. Such proposed revisions shall be submitted to the department within ninety days of the start of discussions under this subsection.

(11) The department shall develop total maximum daily loads for those water segments where:

(a) Other pollution controls do not exist, have not been implemented, or are not expected to attain water quality standards within a reasonable period of time based upon the nature of the problem;

(b) Discussions under subsection (10) of this section to revise other pollution controls are not successful within ninety days;

(c) Substantial progress toward meeting water quality standards has not been made five years after other pollution controls have been revised through discussions initiated under subsection (10) of this section; or

(d) The complexity of the problems and sources precludes a determination under subsection (2) of this section.

(12) Notwithstanding any other provisions of this chapter:

(a) Total maximum daily loads for water quality limited segments impaired by sediment, habitat degradation, flow, turbidity, or temperature caused by forest practices subject to regulation under the forest practices act, chapter 76.09 RCW, or covered in the forestry module memorandum of agreement, also known as the Forests and Fish Report (1999), are a lower priority for the department and need not be initiated before July 1, 2009;

(b) The department shall not require more stringent forest practices in a total maximum daily load or its implementation before July 1, 2009, except through adaptive management as defined in this act; and

(c) If the achievement of the total maximum daily load allocations cannot be met through forest practices rules, the adjustment of those management practices shall be through adaptive management as defined in this act.

(13) This section does not prohibit the department from completing the total maximum daily loads already in development upon the effective date of this section. Nothing in this act authorizes a shift in emphasis to point sources that would be inconsistent with the priorities established under this section.

Sec. 9. RCW 90.82.090 and 1998 c 247 s 5 are each amended to read as follows:

If the initiating governments choose to include a water quality component, the watershed plan shall include the following elements:

(1) An examination based on existing studies conducted by federal, state, and local agencies of the degree to which legally established water quality standards are being met in the management area;

(2) An examination based on existing studies conducted by federal, state, and local agencies of the causes of water quality violations in the management area, including an examination of information regarding pollutants, point and nonpoint sources of pollution, and pollution-carrying capacities of water bodies in the management area. The analysis shall take into account seasonal stream flow or level variations, natural events, and pollution from natural sources that occurs independent of human activities;

(3) An identification and evaluation of the existence of other pollution controls as defined in chapter 90.48 RCW in use in the management area, of the extent of implementation of such measures, and of the effectiveness of such measures in attaining water quality standards within a reasonable period of time, as well as any recommendations for improving the effectiveness of other pollution controls in the management area;

(4) An examination of the legally established characteristic uses of each of the nonmarine bodies of water in the management area;

~~((4))~~ (5) An examination of any total maximum daily load established for nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060;

~~((5))~~ (6) An examination of existing data related to the impact of fresh water on marine water quality;

~~((6))~~ (7) A recommended approach for implementing the total maximum daily load established for achieving compliance with water quality standards for the nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060; and

~~((7))~~ (8) Recommended means of monitoring by appropriate government agencies whether actions taken to implement the approach to bring about improvements in water quality are sufficient to achieve compliance with water quality standards.

This chapter does not obligate the state to undertake analysis or to develop strategies required under the federal clean water act (33 U.S.C. Sec. 1251 et seq.). This chapter does not authorize any

planning unit, lead agency, or local government to adopt water quality standards or total maximum daily loads under the federal clean water act.

NEW SECTION. Sec. 10. A new section is added to chapter 90.48 RCW to read as follows:

TOTAL MAXIMUM DAILY LOADS. (1) Total maximum daily loads shall only be established for surface waters and shall include the following elements:

(a) A determination of the pollutant of concern and a quantification of the target or desired end point of the total maximum daily load process that indicates compliance with water quality standards taking into account the assimilative capacity of the water segment;

(b) A quantification of the reduction in total pollutant load that must be achieved to meet water quality standards;

(c) Identification of the responsible sources, or categories of sources, of the pollutant that causes water quality standards not to be met, and a quantification of the degree to which each source or source category contributes to the failure to meet water quality standards; and

(d) Establishment of the wasteload and load allocations for identified sources, including categories of nonpoint sources, along with a quantified margin of safety, and any allocations for natural background and future growth.

(2) The department shall control sources of pollution to ground water as otherwise provided for in this chapter or under other state and federal programs and authorities. In identifying the responsible source or categories of sources, as set forth in subsection (1)(c) of this section, and in establishing wasteload and load allocations for identified sources, as set forth in subsection (1)(d) of this section, the department shall not attempt to identify sources of pollutants within ground water, nor shall the department allocate loads or wasteloads to ground water.

(3) Each total maximum daily load shall be implemented through a plan that includes the following elements:

(a) Identification and quantification of control actions and implementation tools, methods, and authorities that will be used to achieve the allocations, in addition to schedules, milestones, and funding options for implementing the identified actions;

(b) A determination of the degree to which uses are being supported, remaining variance from the target, compliance with implementation plans, and the accuracy of sources and source contributions identified in the total maximum daily load; and

(c) A description of how the implementation plan will be modified or revised to ensure water quality standards are met in response to follow-up monitoring and evaluation results.

(4) Department hearings and other public proceedings to initiate total maximum daily loads shall be held in the town or city nearest to the location of the water quality limited segment in order to facilitate participation by affected persons. Those persons who would be affected by an allocation of loads must be given an opportunity to be involved in the total maximum daily load development process from the outset.

(5) Allocations should be developed through consensus among those discharging or releasing pollutants into the relevant watershed. If consensus is not achievable, a mediator may be retained at the dischargers' expense to negotiate an allocation. If an agreement on allocations has not been developed within one hundred eighty days from the start of negotiations on allocations, the department shall allocate loads.

(6) To encourage public participation in the process of developing total maximum daily loads, the department shall provide an opportunity for public comment on any total maximum daily load that meets all of the requirements of this section before its adoption by the department.

(7) A notice and summary of a total maximum daily load that meets all of the requirements of this section shall be published in the Washington State Register. A total maximum daily load may be implemented only through wastewater discharge permits or through regulatory and nonregulatory programs that address nonpoint sources.

(8) Publication of a notice and summary of a total maximum daily load in the Washington State Register is an agency action that may be appealed to Thurston county superior court pursuant to RCW 34.05.570(4) within thirty days of the date of publication in the Washington State Register.

(9) Publications of total maximum daily loads as required under this chapter are not subject to the state environmental policy act, chapter 43.21C RCW.

(10) When information is available, load allocations for those nonpoint sources that have not made substantial progress toward water quality improvement as described in section 9 of this act shall be based on the following considerations:

(a) Loads shall first be reduced in proportion to the reductions made by others in the same source category for those sources that have not made expected reductions in their loads, either because they have failed to implement other pollution controls, or because the measures are not effective in making such reductions;

(b) Loads shall next be reduced proportionally, or as the department deems appropriate, across all sources in order to achieve the pollutant reductions necessary to achieve water quality standards.

(11) The department shall provide a report to the legislature by December 31, 2001, regarding the implementation of this act and its effects on the attainment of water quality standards for surface waters.

NEW SECTION. Sec. 11. A new section is added to chapter 90.48 RCW to read as follows:

EFFLUENT TRADING. (1) By July 1, 2001, the department shall investigate, develop, and implement a procedure for effluent trading. The procedure shall enable persons discharging or releasing pollutants to enter into contracts or other enforceable agreements with each other, appropriately overseen and administered by the department, to offset or trade quantifiable amounts of pollutants so as to efficiently and effectively attain or maintain water quality standards.

(2) Reductions in pollutant units from amounts or quantities authorized under a total maximum daily load as implemented through a federal clean water act discharge permit or a state wastewater discharge permit, or through nonpoint sources, may be freely exchanged with other persons within the same receiving watershed subject to the procedures and rules of the department.

(3) In developing the mechanisms and procedures required by this section, the department shall not:

(a) Compel or require any person to engage in effluent trading as an alternative to other means or mechanisms to attain or maintain water quality standards; or

(b) Set or determine the price or payment made, if any, in any effluent trade.

(4) The department shall seek any approvals, waivers, or authorizations from the environmental protection agency or other state and federal agencies needed to implement or to facilitate effluent trading to its fullest extent. However, such effluent trading shall not affect or restrict the authority of the department to implement categorical effluent limits or treatment requirements adopted by the department or the federal environmental protection agency, nor shall any effluent trade create any property rights of any sort.

(5) The department shall adopt rules as necessary implementing effluent trading. Such rules shall allow pollutant trading and other procedures to receive any necessary approvals with the minimum of administrative processing consistent with federal and state laws and rules.

NEW SECTION. Sec. 12. A new section is added to chapter 90.48 RCW to read as follows:

MARINE WATERS--TOTAL MAXIMUM DAILY LOADS. Because of their location downstream of most human activities, marine sediments tend to be the final repository of many pollutants generated by human activity. Sediment cleanup alone, however, may be insufficient to attain water quality standards, unless the record of decision issued under a cleanup under the federal comprehensive environmental response, compensation, and liability act of 1980, or chapter 70.105D RCW, or other cleanup authority also includes a plan for controlling ongoing pollutant sources.

For water quality limited segments caused by contaminated sediments in marine waters where a sediment cleanup has been planned or completed, but no source control plan has been adopted; a total maximum daily load shall be developed and implemented.

NEW SECTION. Sec. 13. A new section is added to chapter 90.48 RCW to read as follows:

LIMITATIONS ON COMPLIANCE ACTIONS. (1) Except as provided in subsections (2) and (3) of this section, the department shall not take compliance actions against persons causing

exceedances of water quality standards identified as limiting for salmonids, other aquatic life, or other water-dependent wildlife that are listed as threatened or endangered under the federal endangered species act, or that are candidates for such listing, if such persons have entered into binding agreements with the national marine fisheries service or the United States fish and wildlife service to implement mechanisms that:

- (a) Have been designed to meet water quality standards as identified in this subsection (1);
- (b) Have been designed to conserve listed species; and
- (c) Contain provisions for monitoring and adaptive management.

Such mechanisms may include, but are not limited to, the pollution controls identified in RCW 90.48.020.

(2) The immunity provided under subsection (1) of this section shall be provided:

(a) Only as long as substantial measurable progress toward attainment of water quality standards can be demonstrated at five-year intervals after adoption of the mechanisms described under subsection (2) of this section for up to fifteen years;

(b) Only for activities and facilities that are specifically addressed in the mechanisms described under subsection (1) of this section; and

(c) Only for pollutants that are specifically addressed in the mechanisms described in subsection (1) of this section.

(3) The immunity provided under subsection (1) of this section shall lapse:

(a) If substantial measurable progress cannot be demonstrated in each five-year period for up to fifteen years; or

(b) Following any violation of or failure to implement any of the terms of the binding agreements identified in subsection (1) of this section.

(4) Except as provided in subsections (1), (2), and (3) of this section, the authority of any regulatory agency to take any enforcement action authorized by law shall not be limited. This section shall not limit a regulatory agency's authority to take any compliance actions as authorized by law based upon a person's failure to comply with specific terms and conditions of any permit or license issued by the agency to that person, failure to obtain a permit for discharges requiring a permit under the federal clean water act, or knowing or willful violations of this chapter and implementing rules.

NEW SECTION. Sec. 14. STORM WATER ADVISORY COMMITTEE. (1) The department of ecology shall convene a storm water advisory committee for the purpose of updating the department's storm water management plan and the Puget Sound storm water management manual. The advisory committee shall include, but not be limited to, one representative selected by each of the following agencies and associations: The department of ecology; the department of natural resources; the department of community, trade, and economic development; the department of fish and wildlife; the department of transportation; the Puget Sound action team; the Washington state association of counties; the association of Washington cities; the Washington association of sewer and water districts; the American public works association; the national association of industrial and office properties; the American society of civil engineers; the association of Washington business; the Washington state farm bureau; people for Puget Sound; and the Washington environmental council.

(2) The advisory committee shall be appointed no later than September 1, 1999, and shall complete its work by June 30, 2001. The department of ecology shall provide a progress report to the legislature on storm water management issues and the approach to these issues taken by the advisory committee no later than December 31, 1999.

(3) This section expires December 31, 2001.

NEW SECTION. Sec. 15. A new section is added to chapter 90.48 RCW to read as follows:
CONFLICT WITH FEDERAL LAW--RESOLUTION. If notified by responsible officials of any conflict of this chapter with federal law or program requirements or with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the regulatory agency notified of the conflict shall actively seek to resolve the conflict. If the agency determines that the conflict cannot be resolved without the loss of benefits or authority to the state, the agency shall notify the

governor, the president of the senate, and the speaker of the house of representatives in writing within thirty days of making that determination.

NEW SECTION. **Sec. 16.** CAPTIONS NOT LAW. Captions used in this act are not any part of the law.

NEW SECTION. **Sec. 17.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 18.** If specific funding for the purposes of sections 2 through 18 of this act, referencing this act by bill or chapter and section numbers, is not provided by June 30, 1999, in the omnibus appropriations act, sections 2 through 18 of this act are null and void."

Renumber the remaining section consecutively and correct any internal references accordingly.

On page 3, beginning on line 19, strike all of section 2 and insert the following:

"NEW SECTION. **Sec. 19.** Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

The purpose of the pilot project is to develop interim guidelines to serve as a model for application state-wide. Nothing in this section prohibits the department from requiring a hydraulic project approval for those parts of hydraulic projects that are not specifically described in the pamphlet. The pilot will focus on natural watercourses that have been substantially altered by humans in previous times and are commonly referred to as drainage ditches. Management practices will be developed that provide for occasional maintenance to remove build up of silt and noxious weeds, such as reed canary grass, in a manner that does not decrease, and where possible increases, fish habitat and water quality in these watercourses. The growing of shade trees on one side of drainage ditches as a means of discouraging growth of reed canary grass while providing improved fish and wildlife benefits shall be considered. The project shall also include an investigation, in cooperation with the department of ecology, of the adequacy of storm water programs for upland urbanized land that may drain into the project area. "NEW SECTION. **Sec. 1.** The legislature finds that homelessness for families with children is a serious, widespread problem that has a devastating effect on children, including significant adverse effects upon their growth and development. Planning for and serving the shelter and housing needs of homeless families with children has been and continues to be a responsibility of the department of community, trade, and economic development. The legislature further finds that the department of social and health services also plays an important role in addressing the service needs of homeless families with children. In order to adequately and effectively address the complex issues confronting homeless families with children, planning for, implementing, and evaluating such services must be a collaborative effort between the department of community, trade, and economic development and the department of social and health services, other local, state, and federal agencies, and community organizations. It is the intent of the legislature that the department of community, trade, and economic development and the department of social and health services jointly present the plan to the appropriate committees of the legislature as required in section 3 of this act. It is the intent of the legislature that children should not be placed or retained in the foster care system if family homelessness is the primary reason for placement or the continuation of their placement. It is the further intent of the legislature that services to homeless families with children shall be provided within funds appropriated for that specific purpose by the legislature in the operating and capital budgets. Nothing in this act is intended to prevent the court's review of the plan developed by the department of social and health services and the department of community, trade, and economic development under *Washington State Coalition for the Homeless v. Department of Social and Health Services*, King County Superior Court No. 91-2-15889-4. However, it is the intent of the legislature that the court's review in that proceeding be confined solely to review of the plan submitted under the order of February 4, 1998. Nothing in sections 1 through 10 of this act is intended to grant the court in this proceeding continuing review over the department of social and health services after the effective date of this act.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.20A RCW to read as follows:
(1) The department shall collaborate with the department of community, trade, and economic development in the development of the coordinated and comprehensive plan for homeless families with

children required under RCW 43.63A.650, which designates the department of community, trade, and economic development as the state agency with primary responsibility for providing shelter and housing services to homeless families with children. In fulfilling its responsibilities to collaborate with the department of community, trade, and economic development pursuant to RCW 43.63A.650, the department shall develop, administer, supervise, and monitor its portion of the plan. The department's portion of the plan shall contain at least the following elements:

- (a) Coordination or linkage of services with shelter and housing;
 - (b) Accommodation and addressing the needs of homeless families in the design and administration of department programs;
 - (c) Participation of the department's local offices in the identification, assistance, and referral of homeless families; and
 - (d) Ongoing monitoring of the efficiency and effectiveness of the plan's design and implementation.
- (2) The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan.
- (3) The duties under this section shall be implemented within amounts appropriated for that specific purpose by the legislature in the operating and capital budgets.

Sec. 3. RCW 43.63A.650 and 1993 c 478 s 13 are each amended to read as follows:

(1) The department shall be the principal state department responsible for coordinating federal and state resources and activities in housing, except for programs administered by the Washington state housing finance commission under chapter 43.180 RCW, and for evaluating the operations and accomplishments of other state departments and agencies as they affect housing.

(2) The department shall work with local governments, tribal organizations, local housing authorities, nonprofit community or neighborhood-based organizations, and regional or state-wide nonprofit housing assistance organizations, for the purpose of coordinating federal and state resources with local resources for housing.

(3) The department shall be the principal state department responsible for providing shelter and housing services to homeless families with children. The department shall have the principal responsibility to coordinate, plan, and oversee the state's activities for developing a coordinated and comprehensive plan to serve homeless families with children. The plan shall be developed collaboratively with the department of social and health services. The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan. The department shall follow professionally recognized standards and procedures. The plan shall be implemented within amounts appropriated by the legislature for that specific purpose in the operating and capital budgets. The department shall submit the plan to the appropriate committees of the senate and house of representatives no later than September 1, 1999, and shall update the plan and submit it to the appropriate committees of the legislature by January 1st of every odd-numbered year through 2007. The plan shall address at least the following: (a) The need for prevention assistance; (b) the need for emergency shelter; (c) the need for transitional assistance to aid families into permanent housing; (d) the need for linking services with shelter or housing; and (e) the need for ongoing monitoring of the efficiency and effectiveness of the plan's design and implementation.

NEW SECTION. Sec. 4. A new section is added to chapter 43.63A RCW to read as follows:

(1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement a system for the ongoing collection and analysis of data about the extent and nature of homelessness in Washington state, giving emphasis to information about extent and nature of homelessness in Washington state families with children. The system may be merged with other data gathering and reporting systems and shall:

- (a) Protect the right of privacy of individuals;
- (b) Provide for consultation and collaboration with state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and

(c) Include related information held or gathered by other state agencies.

(2) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

NEW SECTION. Sec. 5. A new section is added to chapter 43.63A RCW to read as follows:
The department shall, by rule, establish program standards, eligibility standards, eligibility criteria, and administrative rules for emergency housing programs and specify other benefits that may arise in consultation with providers.

Sec. 6. RCW 13.34.030 and 1998 c 130 s 1 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years.

(2) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.

(3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.

(4) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(8) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(9) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing services, capable of preventing the need for out-

of-home placement while protecting the child. Housing services may include, but are not limited to, referrals to federal, state, local, or private agencies or organizations, assistance with forms and applications, or financial subsidies for housing.

Sec. 7. RCW 74.13.020 and 1979 c 155 s 76 are each amended to read as follows:

As used in Title 74 RCW, child welfare services shall be defined as public social services including adoption services which strengthen, supplement, or substitute for, parental care and supervision for the purpose of:

- (1) Preventing or remedying, or assisting in the solution of problems which may result in families in conflict, or the neglect, abuse, exploitation, or criminal behavior of children;
- (2) Protecting and caring for (~~homeless,~~) dependent(~~(-)~~) or neglected children;
- (3) Assisting children who are in conflict with their parents, and assisting parents who are in conflict with their children with services designed to resolve such conflicts;
- (4) Protecting and promoting the welfare of children, including the strengthening of their own homes where possible, or, where needed;
- (5) Providing adequate care of children away from their homes in foster family homes or day care or other child care agencies or facilities.

As used in this chapter, child means a person less than eighteen years of age.

The department's duty to provide services to homeless families with children is set forth in section 2 of this act and in appropriations provided by the legislature for implementation of the plan.

Sec. 8. RCW 74.13.031 and 1998 c 314 s 10 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

- (1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of (~~homeless,~~) runaway, dependent, or neglected children.
- (2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."
- (3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.
- (4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.
- (5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.
- (6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(12) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

Sec. 9. RCW 13.34.130 and 1998 c 314 s 2 and 1998 c 130 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services, including housing assistance, that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(~~((4)(a))~~) (2)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed

to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

- (i) There is no parent or guardian available to care for such child;
- (ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
- (iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or
- (iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds: (a) Termination is recommended by the supervising agency; (b) termination is in the best interests of the child; and (c) that because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

- (i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
- (ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
- (iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
- (iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;
- (v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection;
- (vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
- (vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. ~~((Sec.))~~ Sec. 1903), the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;
- (viii) An infant under three years of age has been abandoned as defined in RCW 13.34.030(4)(a);
- (ix) The mother has given birth to three or more drug-affected infants, resulting in the department filing a petition under section 23 of this act.

(3) If reasonable efforts are not ordered under subsection (2) of this section a permanency ~~((plan [planning]))~~ planning hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

- (a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; ~~((or))~~ long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older; or a responsible living skills program. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the

child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising

agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(8) The court's ability to order housing assistance under this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 10. Sections 10 through 26 of this act may be referred to as the homeless youth prevention, protection, and education act, or the HOPE act. Every day many youth in this state seek shelter out on the street. A nurturing nuclear family does not exist for them, and state-sponsored alternatives such as foster homes do not meet the demand and isolate youth, who feel like outsiders in families not their own. The legislature recognizes the need to develop placement alternatives for dependent youth ages sixteen to eighteen, who are living on the street. The HOPE act is an effort to engage youth and provide them access to services through development of life skills in a setting that supports them. Nothing in sections 10 through 26 of this act shall constitute an entitlement.

Sec. 11. RCW 74.15.020 and 1998 c 269 s 3 are each amended to read as follows:

For the purpose of chapter 74.15 RCW and RCW 74.13.031, and unless otherwise clearly indicated by the context thereof, the following terms shall mean:

(1) "Agency" means any person, firm, partnership, association, corporation, or facility which receives children, expectant mothers, or persons with developmental disabilities for control, care, or maintenance outside their own homes, or which places, arranges the placement of, or assists in the placement of children, expectant mothers, or persons with developmental disabilities for foster care or placement of children for adoption, and shall include the following irrespective of whether there is compensation to the agency or to the children, expectant mothers or persons with developmental disabilities for services rendered:

(a) "Child day-care center" means an agency which regularly provides care for a group of children for periods of less than twenty-four hours;

(b) "Child-placing agency" means an agency which places a child or children for temporary care, continued care, or for adoption;

(c) "Community facility" means a group care facility operated for the care of juveniles committed to the department under RCW 13.40.185. A county detention facility that houses juveniles committed to the department under RCW 13.40.185 pursuant to a contract with the department is not a community facility;

(d) "Crisis residential center" means an agency which is a temporary protective residential facility operated to perform the duties specified in chapter 13.32A RCW, in the manner provided in RCW 74.13.032 through 74.13.036;

(e) "Family day-care provider" means a child day-care provider who regularly provides child day care for not more than twelve children in the provider's home in the family living quarters;

(f) "Foster-family home" means an agency which regularly provides care on a twenty-four hour basis to one or more children, expectant mothers, or persons with developmental disabilities in the family abode of the person or persons under whose direct care and supervision the child, expectant mother, or person with a developmental disability is placed;

(g) "Group-care facility" means an agency, other than a foster-family home, which is maintained and operated for the care of a group of children on a twenty-four hour basis;

(h) "HOPE center" means an agency licensed by the secretary to provide temporary residential placement and other services to street youth. A street youth may remain in a HOPE center for thirty days while services are arranged and permanent placement is coordinated. No street youth may stay longer than thirty days unless approved by the department and any additional days approved by the department must be based on the unavailability of a long-term placement option. A street youth whose parent wants him or her returned to home may remain in a HOPE center until his or her parent arranges return of the youth, not longer. All other street youth must have court approval under chapter 13.34 or 13.32A RCW to remain in a HOPE center up to thirty days;

(i) "Maternity service" means an agency which provides or arranges for care or services to expectant mothers, before or during confinement, or which provides care as needed to mothers and their infants after confinement;

NEW SECTION. Sec. 12. A new section is added to chapter 74.15 RCW to read as follows:

The secretary shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator's designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(1) A license issued by the secretary;

(2) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(a) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

(b) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department. The department shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(c) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(d) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(e) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(f) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(3) Staff trained in development needs of street youth as determined by the secretary, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in

social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

(4) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary;

(5) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 13.32A.130(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary if the youth is a dependent of the state under chapter 13.34 RCW or the department is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(6) HOPE centers must identify to the department any street youth it serves who is not returning promptly to home. The department then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department;

(7) Services that provide counseling and education to the street youth; and

(8) The department shall only award contracts for the operation of HOPE center beds and responsible living skills programs in departmental regions: (a) With operating secure crisis residential centers; or (b) in which the secretary finds significant progress is made toward opening a secure crisis residential center.

NEW SECTION. Sec. 13. A new section is added to chapter 74.15 RCW to read as follows:

The secretary shall establish responsible living skills programs that provide no more than seventy-five beds across the state and may establish responsible living skills programs by contract, within funds appropriated by the legislature specifically for this purpose. Responsible living skills programs shall have the following:

(1) A license issued by the secretary;

(2) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth available to serve residents or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. The professional shall provide counseling services and interface with other relevant resources and systems to prepare the minor for adult living. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency;

(3) Staff trained in development needs of older adolescents eligible to participate in responsible living skills programs as determined by the secretary;

(4) Transitional living services and a therapeutic model of service delivery that provides necessary program supervision of residents and at the same time includes a philosophy, program structure, and treatment planning that emphasizes achievement of competency in independent living skills. Independent living skills include achieving basic educational requirements such as a GED, enrollment in vocational and technical training programs offered at the community and vocational colleges, obtaining and maintaining employment; accomplishing basic life skills such as money management, nutrition, preparing meals, and cleaning house. A baseline skill level in ability to function productively and independently shall be determined at entry. Performance shall be measured and must demonstrate improvement from involvement in the program. Each resident shall have a plan for achieving independent living skills by the time the resident leaves the placement. The plan shall be written within the first thirty days of placement and reviewed every ninety days. A resident who fails to consistently adhere to the elements of the plan shall be subject to reassessment by the professional staff of the program and may be placed outside the program; and

(5) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary.

(6) The department shall not award contracts for the operation of responsible living skills programs until HOPE center beds are operational.

NEW SECTION. Sec. 14. A new section is added to chapter 74.15 RCW to read as follows:

To be eligible for placement in a responsible living skills program, the minor must be dependent under chapter 13.34 RCW and must have lived in a HOPE center or in a secure crisis residential center. Responsible living skills centers are intended as a placement alternative for dependent youth that the department chooses for the youth because no other services or alternative placements have been successful. Responsible living skills centers are not for dependent youth whose permanency plan includes return to home or family reunification.

NEW SECTION. Sec. 15. A new section is added to chapter 74.15 RCW to read as follows:

The secretary is authorized to license HOPE centers and responsible living skills programs that meet statutory and rule requirements created by the secretary. The secretary is authorized to develop rules necessary to carry out the provisions of sections 10 through 26 of this act. The secretary may rely upon existing licensing provisions in development of licensing requirements for HOPE centers and responsible living skills programs, as are appropriate to carry out the intent of sections 10 through 26 of this act. HOPE centers and responsible living skills programs shall be required to adhere to departmental regulations prohibiting the use of alcohol, tobacco, controlled substances, violence, and sexual activity between residents.

Sec. 16. RCW 13.34.130 and 1998 c 314 s 2 and 1998 c 130 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(~~(4)~~) (2)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;

(iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds: (a) Termination is recommended by the supervising agency; (b) termination is in the best interests of the child; and (c) that because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection;

(vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. ~~((Sec.))~~ Sec. 1903), the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;

(viii) An infant under three years of age has been abandoned as defined in RCW 13.34.030(4)(a);

(ix) The mother has given birth to three or more drug-affected infants, resulting in the department filing a petition under section 23 ~~((of this act))~~, chapter 314, Laws of 1998.

(3) If reasonable efforts are not ordered under subsection (2) of this section a permanency ~~((plan [planning]))~~ planning hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; ~~((or))~~ long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and

nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 17. RCW 13.34.145 and 1998 c 314 s 3 and 1998 c 130 s 3 are each reenacted and amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; ~~((or))~~ long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) For purposes related to permanency planning:

(i) "Guardianship" means a dependency guardianship pursuant to this chapter, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.

(ii) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(3) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or permanent custody order is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(7) and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.130(7). If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. In cases where the primary permanency planning goal has not yet been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. In all cases, the court shall:

- (a)(i) Order the permanency plan prepared by the agency to be implemented; or
- (ii) Modify the permanency plan, and order implementation of the modified plan; and
- (b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or
- (ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.130(7), and the court shall determine the need for continued intervention.

(8) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when, (a) the court has ordered implementation of a permanency plan that includes legal guardianship or permanent legal custody, and (b) the party pursuing the legal guardianship or permanent legal custody is the party identified in the permanency plan as the prospective legal guardian or custodian. During the pendency of such proceeding, juvenile court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Except as otherwise provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.130(7), until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights.

(13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

NEW SECTION. Sec. 18. A new section is added to chapter 13.60 RCW to read as follows:

The department of social and health services shall develop a procedure for reporting missing children information to the missing children clearinghouse on children who are receiving departmental services in each of its administrative regions. The purpose of this procedure is to link parents to missing children. When the department has obtained information that a minor child has been located at a facility funded by the department, the department shall notify the clearinghouse and the child's legal custodian, advising the custodian of the child's whereabouts or that the child is subject to a dependency action. The department shall inform the clearinghouse when reunification occurs.

NEW SECTION. Sec. 19. The Washington institute for public policy shall review the effectiveness of the procedures established in section 18 of this act. The study shall include: (1) The number of legal custodians who utilize the clearinghouse; (2) the number of children who are located after the department's procedures are operational; (3) the impediments to effective utilization of the procedures and what steps may be taken to reduce or eliminate the impediments; (4) the methods of public education regarding the availability of the program and how to increase public awareness of the program.

The review shall be submitted to the legislature and the governor not later than December 1, 2001.

Sec. 20. RCW 26.44.030 and 1998 c 328 s 5 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) The reporting requirement shall also apply to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect, he or she shall report the incident, or

cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child or adult dependent or developmentally disabled person, who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute

and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

NEW SECTION. Sec. 21. A new section is added to chapter 74.15 RCW to read as follows:

The department shall provide technical assistance in preparation of grant proposals for HOPE centers and responsible living skills programs to nonprofit organizations unfamiliar with and inexperienced in submission of requests for proposals to the department.

NEW SECTION. **Sec. 22.** A new section is added to chapter 74.15 RCW to read as follows:
The department shall consider prioritizing, on an ongoing basis, the awarding of contracts for HOPE centers and responsible living skills programs to providers who have not traditionally been awarded contracts with the department.

NEW SECTION. **Sec. 23.** The department of social and health services shall seek any necessary federal waivers for federal funding of the programs created under sections 10 through 26 of this act. The department shall pursue federal funding sources for the programs created under sections 10 through 26 of this act, and report to the legislature any statutory barriers to federal funding.

NEW SECTION. **Sec. 24.** The Washington state institute for public policy shall review the effectiveness of the HOPE centers and the responsible living skills programs. The study shall include the characteristics of the youth being served, the services offered to participating youth, the success of permanent placement of youth, the number of youth participating in each program, the number of youth who successfully complete the responsible living skills program, educational achievement of participants, employment history of participants, the outcomes for youth who have progressed through the programs, and other measures that the institute deems helpful in determining the measurable outcomes of sections 10 through 26 of this act.

The review shall be submitted to the legislature and the governor not later than December 1, 2001.

NEW SECTION. **Sec. 25.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 26.** Within funds specifically appropriated by the legislature, HOPE center beds referenced in section 12 of this act and responsible living skills program beds referenced in section 13 of this act shall be phased in at the rate of twenty-five percent each year beginning January 1, 2000, until the maximum is attained.

NEW SECTION. **Sec. 27.** Sections 12 and 13 of this act take effect January 1, 2000."

SENATE AMENDMENTS TO HOUSE BILL

April 24, 1999

Mr. Speaker:

Under suspension of rules, the Senate returned SUBSTITUTE HOUSE BILL NO. 1774 to Second Reading for purpose of amendment(s). The Senate reconsidered the Judiciary Committee amendment adopted as amended on 4/14/99, and further amended the adopted amendment with amendment #487 by Senators Morton and Heavey, and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.20.391 and 1998 c 209 s 4 and 1998 c 207 s 9 are each reenacted and amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended under RCW 46.20.3101 (2)(a) or (3)(a), may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No

person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504 or pursuant to RCW 46.20.3101 (2)(a) or (3)(a). A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license if the applicant demonstrates to the satisfaction of the department that one of the following additional conditions are met:

(i) The applicant is in an apprenticeship program or an on-the-job training program for which a driver's license is required;

(ii) The applicant presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program and the program has certified that a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect no longer than fourteen days;

(iii) The applicant is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver's license; or

(iv) The applicant is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as alcoholics anonymous.

(b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, the applicant must enter into a payment plan with the court.

(c) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years.

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first class mail to the driver that the occupational driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(e) The department shall not issue an occupational driver's license under (a)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant's participation in the programs referenced under (a)(iv) of this subsection.

(3) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle, except as allowed under subsection (2)(a) of this section; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

~~((3))~~ (4) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular

driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 2. RCW 46.20.394 and 1983 c 165 s 26 are each amended to read as follows:

In issuing an occupational driver's license under RCW 46.20.391, the department shall describe the type of occupation permitted and shall set forth in detail the specific hours of the day during which the person may drive to and from his place of work, which may not exceed twelve hours in any one day; the days of the week during which the license may be used; and the general routes over which the person may travel. In issuing an occupational driver's license under RCW 46.20.391(2)(a)(iv), the department shall set forth in detail the specific hours during which the person may drive to and from substance abuse treatment or meetings of a twelve-step group such as alcoholics anonymous, the days of the week during which the license may be used, and the general routes over which the person may travel. These restrictions shall be prepared in written form by the department, which document shall be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the occupational driver's license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor.

NEW SECTION. **Sec. 3.** This act takes effect January 1, 2000."

On page 1, line 1 of the title, after "licenses;" strike the remainder of the title and insert "amending RCW 46.20.394; reenacting and amending RCW 46.20.391; and providing an effective date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 24, 1999

Mr. Speaker:

The Senate receded from the Committee on Human Services and Corrections Amendment to HOUSE BILL NO. 1757 adopted 4/16/99. Under suspension of rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted Amendment #479 by Senators Hargrove, Costa, Long, Haugen and Stevens and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public's interest in enabling law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release.

Sec. 2. RCW 43.43.754 and 1994 c 271 s 402 are each amended to read as follows:

Every adult or juvenile individual convicted of a felony or adjudicated guilty of an equivalent juvenile offense defined as a sex offense under RCW 9.94A.030(~~((31))~~) (33)(a) or a violent offense as defined in RCW 9.94A.030 shall have a blood sample drawn for purposes of DNA identification analysis. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense who are serving or who are to serve a term of confinement in a county jail or detention facility, the county shall be responsible for obtaining blood samples (~~((prior to release from))~~) either as part of the intake process into the county jail or detention facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a division of juvenile rehabilitation facility, the facility holding the person shall be responsible for obtaining blood samples (~~((prior to release from))~~) either as part of the intake process into such facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. Any blood sample taken pursuant to RCW 43.43.752 through 43.43.758 shall be used solely for the purpose of providing DNA or other blood grouping tests for identification analysis and prosecution of a sex offense or a violent offense.

This section applies to all adults who are convicted after July 1, 1990; and to all adults who were convicted on or prior to July 1, 1990, and who are still incarcerated on or after the effective date of this act. This section applies to all juveniles who are adjudicated guilty after July 1, 1994; and to all

juveniles who were adjudicated guilty on or prior to July 1, 1994, and who are still incarcerated on or after the effective date of this act.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "identification;" strike the remainder of the title and insert "amending RCW 43.43.754; and creating a new section."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion clear the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information or indictment against the applicant.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense cleared if any one of the following is present: (a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense; (c) the offense was a violation of RCW 46.61.502 (Driving while under the influence), 46.61.504 (Actual physical control while under the influence), or 9.91.020 (Operating a railroad, etc. while intoxicated); (d) the offense was any misdemeanor or gross misdemeanor attempt to commit a sex offense as defined in RCW 9.94A.030; (e) the offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 (Obscenity and pornography) or 9.68A (Sexual exploitation of children) RCW; (f) the applicant has been convicted of a new crime in this state, another state, or federal court since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense; (g) the offense was a domestic violence offense as defined in RCW 10.99.020, and less than ten years have passed since the date the offender successfully completed all terms of his or her sentence, including probation. (3) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense, except that the fact that the person had been convicted of the offense may be used in any subsequent criminal prosecution consistent with any other legal use and may be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all other purposes, including responding to questions on employment applications, a person whose conviction has been vacated may state that the person has never been convicted of that crime.

(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. (9) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(10) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection ~~((22))~~ (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(11) The court has the discretion to grant the motion to seal records made pursuant to subsection (10) of this section if it finds that for class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition:

(12) The court shall grant the motion to seal records made pursuant to subsection (10) of this section if it finds that:

For class C offenses, gross misdemeanors, and misdemeanors, other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in conviction;

~~((12))~~ (13) The person making a motion pursuant to subsection (10) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

~~((13))~~ (14) If the court grants the motion to seal made pursuant to subsection (10) of this section, it shall, subject to subsection ~~((22))~~ (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter,

the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual. Any record that is sealed under this section shall be treated as nonconviction data as defined in chapter 10.97 RCW for the purposes of the defendant's criminal history. ~~((15))~~ (16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW.

~~((16))~~ (17) A person eighteen years of age or older whose criminal history consists of only one referral for diversion may request that the court order the records in that case destroyed. The request shall be granted, subject to subsection ~~((22))~~ (23) of this section, if the court finds that two years have elapsed since completion of the diversion agreement.

~~((17))~~ (18) If the court grants the motion to destroy records made pursuant to subsection ~~((16))~~ (17) of this section, it shall, subject to subsection ~~((22))~~ (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

~~((18))~~ (19) The person making the motion pursuant to subsection ~~((16))~~ (17) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

~~((19))~~ (20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

~~((20))~~ (21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

~~((21))~~ (22) Any juvenile justice or care agency may, subject to the limitations in subsection ~~((22))~~ (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

~~((23))~~ (24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. By July 1, 1999, the department shall adopt rules on an emergency basis pursuant to RCW 34.05.350 under which each nursing facility contractor shall continue to be paid the property, the financing allowance, and the variable return rate which it was paid on June 30, 1999. In accordance with RCW 74.46.431, the department shall use these funds to apply an additional economic trends and conditions adjustment factor to the rate of any facility whose total rate allocation would otherwise be less than its April 1, 1999, total rate, adjusted for case-mix changes. This supplemental adjustment factor shall be the percentage by which the facility's April 1, 1999, rate would otherwise exceed the rate calculated in accordance with chapter 74.46 RCW and sub-section (3) of this section, except that (a) no adjustment shall be provided for any amounts by which a facility's rate is lower due to a reduction in its facility-average medicaid case-mix score; and (b) the adjustment factor shall be reduced proportionately for all facilities by the percentage by which total supplemental payments would otherwise exceed the funds provided for such payments in this sub-section.

(5) \$50,000 of the general fund--state appropriation for fiscal year 2000 and \$50,000 of the general fund--state appropriation for fiscal year 2001 are provided solely for payments to any nursing facility licensed under chapter 18.51 RCW which meets all of the following criteria: (a) The nursing home entered into an arm's length agreement for a facility lease prior to January 1, 1980; (b) the lessee purchased the leased nursing home after January 1, 1980; and (c) the lessor defaulted on its loan or mortgage for the assets of the home after January 1, 1991, and prior to January 1, 1992. Payments provided pursuant to this subsection shall not be subject to the settlement, audit, or rate-setting requirements contained in chapter 74.46 RCW.

Payments to individual home care providers are to be increased from \$6.18 per hour to \$6.68 per hour on July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to agency providers are to increase to \$11.97 per hour on July 1, 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase to agency providers, and all but 15 cents per hour of the additional July 1, 2000, increase is to be used to increase wages for direct care workers. The appropriations in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(7) \$200,000 of the general fund--state appropriation for fiscal year 2000, \$80,000 of the general fund--state appropriation for fiscal year 2001, and \$280,000 of the general fund--federal appropriation are provided solely for enhancement and integration of existing management information systems to (a) provide data at the local office level on service utilization, costs, and recipient characteristics; and (b) reduce the staff time devoted to data entry.

If Second Substitute House Bill No. 1546 is not enacted by June 30, 1999, the amounts provided in this subsection shall lapse.

Such payments shall be distributed among the participating rural public hospital districts proportional to the number of days of medicaid-funded nursing home care provided by each district during the preceding calendar year, relative to the total number of such days of care provided by all participating rural public hospital districts. Prior to making any supplemental payments, the department shall first obtain federal approval for such payments under the medicaid state plan. NEW SECTION. Sec. 384. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer (00-2-001)

The state building construction account appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school

construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring real property of equal value to be managed as common school trust land.

(3) Property subject to easement agreements under this section shall be appraised at fair market value both with and without the imposition of the easement. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list in subsection (8) of this section if, based on new, substantive information, it is determined that transfer of the property is not in the state-wide interest of either the common school trust or the receiving agency.

(8) The appropriation in this section is provided to execute transfers or easements for the list of properties identified in LEAP capital document No. 99-3, as developed on April 8, 1999, as follows: Projects in category A shall be transferred; to the extent that local funding is provided for the land value of the property, projects in category B shall be transferred; and projects in category C and remaining projects in category B may be transferred or leased as funding allows.

(9) The department shall execute trust land transfers and easements such that 90 percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 90:10 ratio, the department may offset transfers of property with low timber-to-land ratios with easements on other properties.

(10) On June 30, 2001, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.

NEW SECTION. **Sec. 907.** The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts.

NEW SECTION. **Sec. 908.** "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 1999, from the 1997-99 biennial appropriations for each project.

NEW SECTION. **Sec. 909.** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. **Sec. 910.** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate committee on ways and means and the house of representatives capital budget committee.

NEW SECTION. **Sec. 911.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. **Sec. 912.** Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, shall be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. **Sec. 913.** The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes which govern the grants.

For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (1) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (2) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

A report of any transfer effected under this section except emergency projects or any transfer under \$250,000 shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 916. The legislature finds that opportunities for additional student enrollment capacity at higher education facilities can be created by increased course scheduling, more intensive space utilization practices, and the delivery of distance learning programs. By May 1, 2000, the institutions of higher education and the state board for community and technical colleges shall review course scheduling and weekly room use standards and determine if additional student capacity can be reasonably obtained by changes in practices. Further, this review shall include an assessment of options to increase distance learning programs as a means to further increase student full-time equivalent capacity. The findings of this review and the delineation of the course scheduling and weekly room use assumptions shall be submitted to the higher education coordinating board and the office of financial management for review and approval.

Institutions of higher education receiving appropriations for predesign, design, or construction of branch campus facilities in this act shall work with the higher education coordinating board and the office of financial management to identify options and prepare plans to increase the full-time equivalent capacity of these projects and all future construction phases for these campuses. The goal of these plans is to substantially increase full-time equivalent delivery capacity above the level identified in the appropriation section. The plans shall identify alternative program delivery strategies, options to increase use of distance learning and technology, plans to improve space utilization, and other recommendations to meet this goal. Branch campuses to be analyzed in these plans include Vancouver,

Tacoma, Bothell, Tri-Cities, and Spokane. The development of these plans shall include consultation with every institution that is planned to offer services at each site. Proposals for changes in the facilities to be constructed in future phases shall clearly identify costs and schedule alternatives, and currently designed construction projects shall proceed on schedule.

SENATE AMENDMENTS TO HOUSE BILL

April 25, 1999

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2201 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.16.160 and 1996 c 184 s 2 are each amended to read as follows:

(1) The owner of a vehicle which under reciprocal relations with another jurisdiction would be required to obtain a license registration in this state or an unlicensed vehicle which would be required to obtain a license registration for operation on public highways of this state may, as an alternative to such license registration, secure and operate such vehicle under authority of a trip permit issued by this state in lieu of a Washington certificate of license registration, and licensed gross weight if applicable. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles. Trip permits may also be issued for movement of mobile homes pursuant to RCW 46.44.170. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

(2) Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(3) Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, Washington state patrol, department of licensing, or other agents appointed by the department. For each permit issued, there shall be collected a filing fee as provided by RCW 46.01.140, an administrative fee of eight dollars, and an excise tax of one dollar. If the filing fee amount of one dollar prescribed by RCW 46.01.140 is increased or decreased after January 1, 1981, the administrative fee shall be adjusted to compensate for such change to insure that the total amount collected for the filing fee, administrative fee, and excise tax remain at ten dollars. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

(6) The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(7) A violation of or a failure to comply with any provision of this section is a gross misdemeanor.

(8) The department of licensing may adopt rules as it deems necessary to administer this section.

(9) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the

motor vehicle fund for the purpose of supporting congestion relief programs. All other administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140.

Sec. 2. RCW 82.38.100 and 1998 c 176 s 62 are each amended to read as follows:

(1) Any special fuel user operating a motor vehicle into this state for commercial purposes may make application for a trip permit that shall be good for a period of three consecutive days beginning and ending on the dates specified on the face of the permit issued, and only for the vehicle for which it is issued.

(2) Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety, signed, and dated by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, vehicle license number, or vehicle identification number invalidates the permit. A violation of, or a failure to comply with, this subsection is a gross misdemeanor.

(3) For each permit issued, there shall be collected a filing fee of one dollar, an administrative fee of ten dollars, and an excise tax of nine dollars. Such fees and tax shall be in lieu of the special fuel tax otherwise assessable against the permit holder for importing and using special fuel in a motor vehicle on the public highways of this state, and no report of mileage shall be required with respect to such vehicle. Trip permits will not be issued if the applicant has outstanding fuel taxes, penalties, or interest owing to the state or has had a special fuel license revoked for cause and the cause has not been removed.

(4) Blank permits may be obtained from field offices of the department of transportation, Washington state patrol, department of licensing, or other agents appointed by the department. The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(5) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other fees and excise taxes collected by the department for trip permits shall be credited and deposited in the same manner as the special fuel tax collected under this chapter and shall not be subject to exchange, refund, or credit.

In line 1 of the title, after "surcharges;" strike the remainder of the title and insert "and amending RCW 46.16.160 and 82.38.100."

and the same are herewith transmitted.

"Sec. 1. RCW 9A.44.130 and 1998 c 220 s 1 and 1998 c 139 s 1 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The

sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsections (3) and (4) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3) The person shall provide the following information when registering: (a) Name; (b) address; (c) date and place of birth; (d) place of employment; (e) crime for which convicted; (f) date and place of conviction; (g) aliases used; (h) social security number; (i) photograph; and (j) fingerprints.

(4) Any person who lacks a fixed residence shall be deemed to reside in any county where the person is physically present. Such person shall report in person to the county sheriff's office within twenty-four hours after entering the county. Thereafter, the person shall report in person monthly, if he or she has been classified as a risk level I sex offender, or weekly, if the person has been classified as a risk level II or III sex offender. When reporting, the person shall provide the information set out in subsection (3) of this section and shall additionally state where he or she plans to stay. The lack of a fixed residence is a factor to be considered in determining a sex offender's risk level.

(5)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection ~~((4))~~ (5)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (~~((4))~~) (5)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were

released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection ~~((4))~~ (5)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

~~((5))~~ (6)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) If any person required to register pursuant to this section ceases to have a fixed residence, he or she shall provide written notice to the sheriff of the county where he or she last registered within fourteen days after ceasing to have a fixed residence. The notice shall include the information required by subsection (3) of this section. The sheriff shall forward this information to the sheriff of the county in which the offender intends to be physically present.

(c) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address or that the defendant reported the lack of a fixed residence to the sheriff of the county where the defendant was found within fourteen days of ceasing to have a fixed residence.

~~((6))~~ (7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

~~((7))~~ (8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

~~((8))~~ (9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent.

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

~~((9))~~ (10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor."

(1) **Application.** The application of a person under the age of eighteen years for a driver's license or a motorcycle endorsement must be signed by a parent or guardian with custody of the minor. If the person under the age of eighteen has no father, mother, or guardian, then the application must be signed by the minor's employer.

Beginning January 1, 2000, the minor's father, mother, or guardian must attest in writing that the minor has completed the supervised driving practice as required under section 2 of this act. If the minor has no father, mother, or guardian, the minor's employer must make the attestation.

(2) **Traffic safety education requirement.** For a person under the age of eighteen years to obtain a driver's license he or she must meet the traffic safety education requirements of this subsection.

(a) To meet the traffic safety education requirement for a driver's license the applicant must satisfactorily complete a traffic safety education course as defined in RCW 28A.220.020. The course must meet the standards established by the office of the state superintendent of public instruction. The traffic safety education course may be provided by:

(i) A recognized secondary school; or

(ii) A commercial driving enterprise that is annually approved by the office of the superintendent of public instruction.

(b) To meet the traffic safety education requirement for a motorcycle endorsement, the applicant must successfully complete a motorcycle safety education course that meets the standards established by the department of licensing.

(c) The department may waive the traffic safety education requirement for a driver's license if the applicant demonstrates to the department's satisfaction that:

(i) He or she was unable to take or complete a traffic safety education course;

(ii) A need exists for the applicant to operate a motor vehicle; and

(iii) He or she has the ability to operate a motor vehicle in such a manner as not to jeopardize the safety of persons or property.

The department may adopt rules to implement this subsection (2)(c) in concert with the supervisor of the traffic safety education section of the office of the superintendent of public instruction.

(d) The department may waive the traffic safety education requirement if the applicant was licensed to drive a motor vehicle or motorcycle outside this state and provides proof that he or she has had education equivalent to that required under this subsection.

(3) Rescission. Until the minor turns eighteen years of age, the parent or guardian who signed the application may rescind his or her signature and terminate the driving privilege upon payment of a five-dollar fee.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.220 RCW to read as follows:

The superintendent of public instruction, in consultation with the department of licensing, shall adopt rules that establish a supervised driving practice requirement that a minor under the age of eighteen must satisfy in order to qualify for a driver's license. This requirement is in addition to the behind-the-wheel training required under RCW 28A.220.030 or 46.82.290.

(1) The rules must prescribe a required number of hours of practice in operating a motor vehicle. The required number of hours must be no less than fifteen hours and no more than fifty. The rules may require that the required hours include nighttime driving.

(2) In order for practice hours to count towards the requirement, the minor must hold a valid Washington learner's permit and must be accompanied by a licensed driver who has at least five years of driving experience and is occupying a seat beside the driver.

Sec. 3. RCW 28A.220.030 and 1979 c 158 s 196 are each amended to read as follows:

(1) The superintendent of public instruction (~~(is authorized to)~~) shall establish a section of traffic safety education, and through such section shall: Define a "realistic level of effort" required to provide an effective traffic safety education course, establish a level of driving competency required of each student to successfully complete the course, and ensure that an effective state-wide program is implemented and sustained, administer, supervise, and develop the traffic safety education program and shall assist local school districts in the conduct of their traffic safety education programs. The superintendent shall adopt necessary rules and regulations governing the operation and scope of the traffic safety education program; and each school district shall submit a report to the superintendent on the condition of its traffic safety education program(~~(: PROVIDED, That)~~). The superintendent shall monitor the quality of the program and carry out the purposes of this chapter.

(2) Effective September 1, 1999, the traffic safety education curriculum established by the superintendent under subsection (1) of this section must include a mandatory minimum of five hours of behind-the-wheel training for each student. The training must include a comprehensive driving skills test and individual knowledge test that a student must pass in order to receive a passing grade from a traffic safety education class.

(3) Effective September 1, 2000, the required curriculum must include a mandatory minimum of six hours of behind-the-wheel training for each student. In addition to the requirements of subsection (2) of this section, the training must include one training session for each student where the student drives a vehicle equipped with a device that simulates the loss of vehicular control that can occur when a vehicle skids from loss of traction. If a school is unable to provide training with the device, the six-hour training requirement is reduced to five and one-half hours. The superintendent

may authorize the use of another training device in lieu of the device described in this section if the superintendent concludes that the alternative device is as effective.

(4) The superintendent's curriculum must include a provision that the additional two hours of behind-the-wheel training required under subsections (2) and (3) of this section are not required of students who demonstrate to the instructor of the traffic safety education course that the student possesses the driving skills necessary to safely operate a motor vehicle upon a highway and:

(a) Have held a juvenile agricultural driving permit under RCW 46.20.070 before enrolling in a traffic safety education course; or

(b) Previously held a driver's license in another state.

(5) The superintendent shall establish a required minimum number of hours of continuing traffic safety education for traffic safety education instructors. The superintendent may phase in the requirement over not more than five years.

(6) The board of directors of any school district maintaining a secondary school which includes any of the grades 10 to 12, inclusive, may establish and maintain a traffic safety education course. If a school district elects to offer a traffic safety education course and has within its boundaries a private accredited secondary school which includes any of the grades 10 to 12, inclusive, at least one class in traffic safety education shall be given at times other than regular school hours if there is sufficient demand therefor.

~~((3))~~ (7) The board of directors of a school district, or combination of school districts, may contract with any drivers' school licensed under the provisions of chapter 46.82 RCW to teach the laboratory phase of the traffic safety education course. Instructors provided by any such contracting drivers' school must be properly qualified teachers of traffic safety education under the joint qualification requirements adopted by the superintendent of public instruction and the director of licensing.

(b) The state superintendent shall only provide per-pupil reimbursements to school districts where all the traffic educators have satisfied the continuing education requirement of RCW 28A.220.030(5).

(c) If a school district is unable to provide the training required by RCW 28A.220.030(3), the district reimbursement is reduced by the amount necessary to fund one-half hour of behind-the-wheel training.

(2) The board of directors of any school district or combination of school districts may establish a traffic safety education fee, which fee when imposed shall be required to be paid by any duly enrolled student in any such school district prior to or while enrolled in a traffic safety education course. Traffic safety education fees collected by a school district shall be deposited with the county

treasurer to the credit of such school district, to be used to pay costs of the traffic safety education course.

Sec. 6. RCW 46.20.091 and 1999 c 6 s 14 are each amended to read as follows:

(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; (~~or~~)

(b) The actual demonstration of the ability to operate a motor vehicle if the applicant:

(i) Surrenders a valid driver's license issued by the person's previous home state; and

(ii) Is otherwise qualified to be licensed; or

(c) The written examination and the actual demonstration of the ability to operate a motor vehicle for a driver who passed a traffic safety education class offered by a Washington state school district within one year of the date he or she applies for a license if the driver earned at least ninety-five percent of the total points available, as measured by numerical scoring.

(2) **Fee.** Each applicant for a new license must pay an examination fee of seven dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.

(b) "New license" means a license issued to a driver:

(i) Who has not been previously licensed in this state; or

(ii) Whose last previous Washington license has been expired for more than five years.

(3) A person whose license expired or will expire on or after January 1, 1998, while he or she was or is living outside the state may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail. If a person qualifies for a mail-in renewal he or she is not required to pass an examination nor provide an updated photograph. He or she must, however, pay the fee required by RCW 46.20.181 plus an additional five-dollar mail-in renewal fee. A license renewed by mail that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(4) If a person's driver's license is extended or renewed under subsection (3) of this section while he or she is outside the state, he or she must submit to the examination required under this section within sixty days of returning to this state. The department will not assess a penalty or examination fee for the examination.

Representative Buck moved the adoption of amendment (373):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 75.46 RCW and codified with the subchapter heading of "salmon recovery planning in areas involving forest practices" to read as follows:

(1) The legislature finds that the forests and fish report as defined in RCW 76.09.020 was developed through extensive negotiations with the federal agencies responsible for administering the endangered species act and the clean water act. The legislature further finds that the forestry industry, small landowners, tribal governments, state and federal agencies, and counties have worked diligently for nearly two years to reach agreement on scientifically based changes to the forest practices rules, set forth in the forests and fish report as defined in RCW 76.09.020. The legislature further finds that if existing forest practices rules are amended as proposed in the forests and fish report as defined in RCW 76.09.020, the resulting changes in forest practices (a) will lead to: (i) Salmon habitat that meets riparian functions vital to the long-term recovery of salmon on more than sixty thousand miles of streams in this state; (ii) identification of forest roads contributing to habitat degradation and corrective action to remedy those problems to protect salmon habitat; (iii) increased protection of steep and unstable slopes; and (iv) the implementation of scientifically based adaptive management and monitoring processes for evaluating the impacts of forest practices on aquatic resources, as defined in RCW 76.09.020, and a process for amending the forest practices rules to incorporate new information

as it becomes available; (b) will lead to the protection of aquatic resources to the maximum extent practicable consistent with maintaining commercial forest management as an economically viable use of lands suitable for that purpose; and (c) will provide a regulatory climate and structure more likely to keep landowners from converting forest lands to other uses that would be less desirable for salmon recovery.

(2) The legislature further finds that the changes in laws and rules contemplated by chapter . . . , Laws of 1999 (this act), taken as a whole, constitute a comprehensive and coordinated program to provide substantial and sufficient contributions to salmon recovery and water quality enhancement in areas impacted by forest practices and are intended to fully satisfy the requirements of the endangered species act (16 U.S.C. Sec. 1531 et seq.) with respect to incidental take of salmon and other aquatic resources and the clean water act (33 U.S.C. Sec. 1251 et seq.) with respect to nonpoint source pollution attributable to forest practices.

(3) The legislature finds that coordination is needed between the laws relating to forestry in chapter 76.09 RCW and the state salmon recovery strategy being developed under this chapter. The coordination should ensure that nonfederal forest lands are managed in ways that make appropriate contributions to the recovery of salmonid fish, water quality, and related environmental amenities while encouraging continued investments in those lands for commercial forestry purposes. Specifically, the legislature finds that forest practices rules relating to water quality, salmon, certain other species of fish, certain species of stream-associated amphibians, and their respective habitats should be coordinated with the rules and policies relating to other land uses through the state-wide salmon recovery planning process. The legislature further finds that this subchapter is but one part of a comprehensive salmon strategy as required in this chapter, and this investment in salmon habitat will be of little value if a comprehensive state plan is not completed and fully implemented.

(4) The legislature recognizes that the adoption of forest practices rules consistent with the forests and fish report as defined in RCW 76.09.020 will impose substantial financial burdens on forest landowners which, if not partially offset through other changes in the laws and rules governing forestry, could lead to significantly reduced silvicultural investments on nonfederal lands, deterioration in the quality, condition, and amounts of forests on those lands, and long-term adverse effects on fish and wildlife habitat and other environmental amenities associated with well managed forests. Moreover, as the benefits of the proposed revisions to the forest practices rules will benefit the general public, chapter . . . , Laws of 1999 (this act) suggests that some of these costs be shared with the general public.

(5) As an integral part of implementing the salmon recovery strategy, chapter . . . , Laws of 1999 (this act) (a) provides direction to the forest practices board, the department of natural resources, and the department of ecology with respect to the adoption, implementation, and enforcement of rules relating to forest practices and the protection of aquatic resources; (b) provides additional enforcement tools to the department of natural resources to enforce the forest practices rules; (c) anticipates the need for adequate and consistent funding for the various programmatic elements necessary to fully implement the strategy over time and derive the long-term benefits; (d) provides for the acquisition by the state of forest lands within certain stream channel migration zones where timber harvest will not be allowed; (e) provides for small landowners to have costs shared for a portion of any extraordinary economic losses attributable to the revisions to the forest practices rules required by chapter . . . , Laws of 1999 (this act); and (f) amends other existing laws to aid in the implementation of the recommendations set forth in the forests and fish report as defined in RCW 76.09.020.

PART II RULE MAKING

NEW SECTION. Sec. 201. A new section is added to chapter 76.09 RCW to read as follows:

(1) The legislature finds that the declines of fish stocks throughout much of the state requires immediate action to be taken to help restore these fish runs where possible. The legislature also recognizes that federal and state agencies, tribes, county representatives, and private timberland owners have spent considerable effort and time to develop the forests and fish report. Given the agreement of the parties, the legislature believes that the immediate adoption of emergency rules is appropriate in

this particular instance. These rules can implement many provisions of the forests and fish report to protect the economic well-being of the state, and to minimize the risk to the state and landowners to legal challenges. This authority is not designed to set any precedents for the forest practices board in future rule making or set any precedents for other rule-making bodies of the state.

(2) The forest practices board is authorized to adopt emergency rules amending the forest practices rules with respect to the protection of aquatic resources, in accordance with RCW 34.05.350, except: (a) That the rules adopted under this section may remain in effect until permanent rules are adopted, or until June 30, 2001, whichever is sooner; (b) notice of the proposed rules must be published in the Washington State Register as provided in RCW 34.05.320; (c) at least one public hearing must be conducted with an opportunity to provide oral and written comments; and (d) a rule-making file must be maintained as required by RCW 34.05.370. In adopting the emergency rules, the board is not required to prepare a small business economic impact statement under chapter 19.85 RCW, prepare a statement indicating whether the rules constitute a significant legislative rule under RCW 34.05.328, prepare a significant legislative rule analysis under RCW 34.05.328, or follow the procedural requirements of the state environmental policy act, chapter 43.21C RCW. The forest practices board may only adopt recommendations contained in the forests and fish report as emergency rules under this section.

NEW SECTION. Sec. 202. A new section is added to chapter 34.05 RCW to read as follows: Emergency rules adopted by the forest practices board pertaining to forest practices and the protection of aquatic resources are subject to this chapter to the extent provided in section 201 of this act.

NEW SECTION. Sec. 203. A new section is added to chapter 43.21C RCW to read as follows:

The duration and process for adopting emergency rules by the forest practices board pertaining to forest practices and the protection of aquatic resources as provided in section 201 of this act are exempt from the procedural requirements of this chapter.

NEW SECTION. Sec. 204. A new section is added to chapter 76.09 RCW to read as follows:

(1) The legislature finds that the process that produced the forests and fish report was instigated by the forest practices board, the report is the product of considerable negotiations between several diverse interest groups, and the report has the support of key federal agencies. When adopting permanent rules under this section, the forest practices board is strongly encouraged to follow the recommendations of the forests and fish report, but may include other alternatives for protection of aquatic resources. If the forest practices board chooses to adopt rules under this section that are not consistent with the recommendations contained in the forests and fish report, the board must notify the appropriate legislative committees of the proposed deviations, the reasons for the proposed deviations, and whether the parties to the forests and fish report still support the agreement. The board shall defer final adoption of such rules for sixty days of the legislative session to allow for the opportunity for additional public involvement and legislative oversight.

(2) The forest practices board shall follow the regular rules adoption process contained in the administrative procedure act, chapter 34.05 RCW, when adopting permanent rules pertaining to forest practices and the protection of aquatic resources except as limited by subsection (1) of this section. The permanent rules must accomplish the policies stated in RCW 76.09.010 without jeopardizing the economic viability of the forest products industry.

(3) The rules adopted under this section should be as specific as reasonably possible while also allowing an applicant to propose alternate plans in response to site-specific physical features. Alternate plans should provide protection to public resources at least equal in overall effectiveness by alternate means.

(4) Rule making under subsection (2) of this section shall be completed by June 30, 2001.

(5) The board should consider coordinating any environmental review process under chapter 43.21C RCW relating to the adoption of rules under subsection (2) of this section with any review of a related proposal under the national environmental policy act (42 U.S.C. Sec. 4321, et seq.).

(6) After the board has adopted permanent rules under subsection (2) of this section, changes to those rules and any new rules covering aquatic resources may be adopted by the board but only if the changes or new rules are consistent with recommendations resulting from the scientifically based adaptive management process established by a rule of the board. Any new rules or changes under this subsection need not be based upon the recommendations of the adaptive management process if: (a) The board is required to adopt or modify rules by the final order of any court having jurisdiction thereof; or (b) future state legislation directs the board to adopt or modify the rules.

(7) In adopting permanent rules, the board shall incorporate the scientific-based adaptive management process described in the forests and fish report which will be used to determine the effectiveness of the new forest practices rules in aiding the state's salmon recovery effort. The purpose of an adaptive management process is to make adjustments as quickly as possible to forest practices that are not achieving the resource objectives. The adaptive management process shall incorporate the best available science and information, include protocols and standards, regular monitoring, a scientific and peer review process, and provide recommendations to the board on proposed changes to forest practices rules to meet timber industry viability and salmon recovery.

NEW SECTION. Sec. 205. A new section is added to chapter 76.09 RCW to read as follows:

Prior to the adoption of permanent rules as required by chapter . . . , Laws of 1999 (this act) and no later than January 1, 2000, the board shall report to the appropriate legislative committees regarding the substance of emergency rules that have been adopted under chapter . . . , Laws of 1999 (this act). In addition, the report shall include information on changes made to the forests and fish report after February 22, 1999, and an update on the status of the adoption of permanent rules, including the anticipated substance of the rules and the anticipated date of final adoption. The board shall additionally provide a report to the appropriate legislative committees by January 1, 2001.

On January 1, 2006, the board shall provide a summary to the appropriate legislative committees regarding modifications made to the forests and fish report made after January 1, 2000, and to the permanent rules according to the adaptive management process as set forth in the forests and fish report.

PART III DEFINITIONS

~~((7))~~ (9) "Forest landowner" ~~((shall))~~ means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner: PROVIDED, That any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

~~((8))~~ (10) "Forest practice" ~~((shall))~~ means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(20) "Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(21) "Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

PART IV TIMBER EXCISE TAX CREDIT

NEW SECTION. **Sec. 401.** A new section is added to chapter 84.33 RCW to read as follows:

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(3) As used in this section, a forest practice notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under sections 201 through 204 of this act, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the forest practices appeals board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the forest practices appeals board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resources requirements may be appealed to the forest practices appeals board under RCW 76.09.220.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

NEW SECTION. Sec. 402. The department of revenue and the department of natural resources shall conduct a joint study of the tax credits under section 401 of this act. The study shall examine the relationship between the amount of tax credit received by each taxpayer and the extent that the taxpayer's timber harvests have been limited as a result of complying with enhanced aquatic

resource requirements. The departments shall submit the study to the legislature by November 1, 2002.

PART V SMALL FOREST LANDOWNERS

NEW SECTION. Sec. 501. A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that increasing regulatory requirements continue to diminish the economic viability of small forest landowners. The concerns set forth in section 101 of this act about the importance of sustaining forestry as a viable land use are particularly applicable to small landowners because of the location of their holdings, the expected complexity of the regulatory requirements, and the need for significant technical expertise not readily available to small landowners. The further reduction in harvestable timber owned by small forest landowners as a result of the rules to be adopted under section 201 of this act will further erode small landowners' economic viability and willingness or ability to keep the lands in forestry use and, therefore, reduce the amount of habitat available for salmon recovery and conservation of other aquatic resources, as defined in RCW 76.09.020.

(2) The legislature finds that the concerns identified in subsection (1) of this section should be addressed by establishing within the department of natural resources a small forest landowner office that shall be a resource and focal point for small forest landowner concerns and policies. The legislature further finds that a forestry riparian easement program shall be established to acquire easements from small landowners along riparian and other areas of value to the state for protection of aquatic resources. The legislature further finds that small forest landowners should have the option of alternate management plans or alternate harvest restrictions on smaller harvest units that may have a relatively low impact on aquatic resources. The small forest landowner office should be responsible for assisting small landowners in the development and implementation of these plans or restrictions.

Sec. 502. RCW 76.13.010 and 1991 c 27 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply (~~throughout this chapter~~) to RCW 76.13.005, 76.13.007, 76.13.020, and 76.13.030.

(1) "Department" means the department of natural resources.

(2) "Landowner" means an individual, partnership, private, public or municipal corporation, Indian tribe, state agency, county, or local government entity, educational institution, or association of individuals of whatever nature that own nonindustrial forests and woodlands.

(3) "Nonindustrial forests and woodlands" are those suburban acreages and rural lands supporting or capable of supporting trees and other flora and fauna associated with a forest ecosystem, comprised of total individual land ownerships of less than five thousand acres and not directly associated with wood processing or handling facilities.

(4) "Stewardship" means managing by caring for, promoting, protecting, renewing, or reestablishing or both, forests and associated resources for the benefit of the landowner, the natural resources and the citizens of Washington state, in accordance with each landowner's objectives, best management practices, and legal requirements.

(5) "Cooperating organization" means federal, state, and local agencies, colleges and universities, landowner assistance organizations, consultants, forest resource-related industries, and environmental organizations which promote and maintain programs designed to provide information and technical assistance services to nonindustrial forest and woodland owners.

NEW SECTION. Sec. 503. A new section is added to chapter 76.13 RCW to read as follows:

(1) The department of natural resources shall establish and maintain a small forest landowner office. The small forest landowner office shall be a resource and focal point for small forest landowner concerns and policies, and shall have significant expertise regarding the management of small forest holdings, governmental programs applicable to such holdings, and the forestry riparian easement program.

(2) The small forest landowner office shall administer the provisions of the forestry riparian easement program created under section 504 of this act. With respect to that program, the office shall have the authority to contract with private consultants that the office finds qualified to perform timber cruises of forestry riparian easements.

(3) The small forest landowner office shall assist in the development of small landowner options through alternate management plans or alternate harvest restrictions appropriate to small landowners. The small forest landowner office shall develop criteria to be adopted by the forest practices board in a manual for alternate management plans or alternate harvest restrictions. These alternate plans or alternate harvest restrictions shall meet riparian functions while requiring less costly regulatory prescriptions. At the landowner's option, alternate plans or alternate harvest restrictions may be used to further meet riparian functions.

The small landowner office shall evaluate the cumulative impact of such alternate management plans or alternate harvest restrictions on essential riparian functions at the subbasin or watershed level. The small forest landowner office shall adjust future alternate management plans or alternate harvest restrictions in a manner that will minimize the negative impacts on essential riparian functions within a subbasin or watershed.

(4) An advisory committee is established to assist the small forest landowner office in developing policy and recommending rules to the forest practices board. The advisory committee shall consist of seven members, including a representative from the department of ecology, the department of fish and wildlife, and a tribal representative. Four additional committee members shall be small forest landowners who shall be appointed by the commissioner of public lands from a list of candidates submitted by the board of directors of the Washington farm forestry association or its successor organization. The association shall submit more than one candidate for each position. Appointees shall serve for a term of four years. The small forest landowner office shall review draft rules or rule concepts with the committee prior to recommending such rules to the forest practices board. The office shall reimburse nongovernmental committee members for reasonable expenses associated with attending committee meetings as provided in RCW 43.03.050 and 43.03.060.

(5) By December 1, 2000, the small forest landowner office shall provide a report to the board and the legislature containing:

(a) Estimates of the amounts of nonindustrial forests and woodlands in holdings of twenty acres or less, twenty-one to one hundred acres, one hundred to one thousand acres, and one thousand to five thousand acres, in western Washington and eastern Washington, and the number of persons having total nonindustrial forest and woodland holdings in those size ranges;

(b) Estimates of the number of parcels of nonindustrial forests and woodlands held in contiguous ownerships of twenty acres or less, and the percentages of those parcels containing improvements used: (i) As primary residences for half or more of most years; (ii) as vacation homes or other temporary residences for less than half of most years; and (iii) for other uses;

(c) The watershed administrative units in which significant portions of the riparian areas or total land area are nonindustrial forests and woodlands;

(d) Estimates of the number of forest practices applications and notifications filed per year for forest road construction, silvicultural activities to enhance timber growth, timber harvest not associated with conversion to nonforest land uses, with estimates of the number of acres of nonindustrial forests and woodlands on which forest practices are conducted under those applications and notifications; and

(e) Recommendations on ways the board and the legislature could provide more effective incentives to encourage continued management of nonindustrial forests and woodlands for forestry uses in ways that better protect salmon, other fish and wildlife, water quality, and other environmental values.

(6) By December 1, 2002, and every four years thereafter, the small forest landowner office shall provide to the board and the legislature an update of the report described in subsection (5) of this section, containing more recent information and describing:

(a) Trends in the items estimated under subsection (5)(a) through (d) of this section;

(b) Whether, how, and to what extent the forest practices act and rules contributed to those trends; and

(c) Whether, how, and to what extent: (i) The board and legislature implemented recommendations made in the previous report; and (ii) implementation of or failure to implement those recommendations affected those trends.

NEW SECTION. Sec. 504. A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that the state should acquire easements along riparian and other sensitive aquatic areas from small forest landowners willing to sell or donate such easements to the state provided that the state will not be required to acquire such easements if they are subject to unacceptable liabilities. The legislature therefore establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and sections 501 and 503 of this act unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a small forest landowner.

(b) "Qualifying timber" means those trees covered by a forest practices application that the small forest landowner is required to leave unharvested under the rules adopted under sections 201 and 204 of this act or that is made uneconomic to harvest by those rules, and for which the small landowner is willing to grant the state a forestry riparian easement. "Qualifying timber" is timber within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board.

(c) "Small forest landowner" means a landowner meeting all of the following characteristics: (i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date the forest practices application associated with the easement is submitted; (ii) an entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small timber harvester under RCW 84.33.073(1); and (iii) an entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.073(1) during the ten years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.073(1), or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department of natural resources' reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forest landowner.

For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in section 503 of this act, shall evaluate the landowner under this definition as of the date that the forest practices application is submitted with which the forestry riparian easement is associated. A small forest landowner can include an individual, partnership, corporate, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section.

(d) "Completion of harvest" means that the trees have been harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department of natural resources is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by small forest landowners covering qualifying timber and to pay compensation to such landowners in accordance with subsections (6) and (7) of this section. The department of natural resources may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date the forest practices application associated with the qualifying timber is submitted to the department of natural resources, unless the easement is terminated earlier by the department of natural resources voluntarily, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that

the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) Upon application of a small forest landowner for a riparian easement that is associated with a forest practices application and the landowner's marking of the qualifying timber on the qualifying lands, the small forest landowner office shall determine the compensation to be offered to the small landowner as provided for in this section. The legislature recognizes that there is not readily available market transaction evidence of value for easements of this nature, and thus establishes the following methodology to ascertain the value for forestry riparian easements. Values so determined shall not be considered competent evidence of value for any other purpose.

The small forest landowner office shall establish the volume of the qualifying timber. Based on that volume and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market value of the qualifying timber as of the date the forest practices application associated with the qualifying timber was submitted. If, under the forest practices rules adopted under chapter . . ., Laws of 1999 (this act), some qualifying timber may be removed prior to the expiration of the fifty-year term of the easement, the small forest landowner office shall apply a reduced compensation factor to ascertain the value of those trees based on the proportional economic value, considering income and growth, lost to the landowner.

(7) Except as provided in subsection (8) of this section, the small forest landowner office shall, subject to available funding, offer compensation to the small forest landowner in the amount of fifty percent of the value determined in subsection (6) of this section. If the landowner accepts the offer, the department of natural resources shall pay the compensation promptly upon (a) completion of harvest in the area covered by the forestry riparian easement; (b) verification that there has been compliance with the rules requiring leave trees in the easement area; and (c) execution and delivery of the easement to the department of natural resources. Upon donation or payment of compensation, the department of natural resources may record the easement.

(8) For approved forest practice applications where the regulatory impact is greater than the average percentage impact for all small landowners as determined by the department of natural resources analysis under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes trees left in buffers, special management zones, and those rendered uneconomic to harvest by these rules. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(9) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

(a) A standard version or versions of all documents necessary or advisable to create the forestry riparian easements as provided for in this section;

(b) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

(c) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department of natural resources shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department of natural resources, small forest landowners, and the small forest landowner office;

(d) A method to determine that a forest practice application involves a commercially reasonable harvest;

(e) A method to address blowdown of qualified timber falling outside the easement premises;

(f) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an easement through the exercise or threats of eminent domain by a federal or state agency with

eminent domain authority, based on the present value of the department of natural resources' and the landowner's relative interests in the qualified timber;

(g) High impact regulatory thresholds;

(h) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest by the rules adopted under sections 201 and 204 of this act; and

(i) A method for internal department of natural resources review of small landowner office compensation decisions under subsection (7) of this section.

NEW SECTION. Sec. 505. A new section is added to chapter 76.13 RCW to read as follows:

On parcels of twenty contiguous acres or less, landowners with a total parcel ownership of less than eighty acres shall not be required to leave riparian buffers adjacent to streams according to forest practices rules adopted under the forests and fish report as defined in RCW 76.09.020. These landowners shall be subject to the current forest practices rules in effect as of January 1, 1999, but may additionally be required to leave timber adjacent to streams that is equivalent to no greater than fifteen percent of a volume of timber contained in a stand of well managed fifty-year old commercial timber covering the harvest area. The additional fifteen percent leave tree level shall be computed as a rotating stand volume and shall be regulated through flexible forest practices as the stream buffer is managed over time to meet riparian functions.

On parcels of twenty contiguous acres or less the small forest landowner office shall work with landowners with a total parcel ownership of less than eighty acres to develop alternative management plans for riparian buffers. Such alternative plans shall provide for the removal of leave trees as other new trees grow in order to ensure the most effective protection of critical riparian function. The office may recommend reasonable modifications in alternative management plans of such landowners to further reduce risks to public resources and endangered species so long as the anticipated operating costs are not unreasonably increased and the landowner is not required to leave a greater volume than the threshold level. To qualify for the provisions of this section, parcels must be twenty acres or less in contiguous ownership, and owners cannot have ownership interests in a total of more than eighty acres of forest lands within the state.

PART VI LARGE WOODY DEBRIS

Sec. 601. RCW 76.42.060 and 1973 c 136 s 7 are each amended to read as follows:

It shall be unlawful to dispose of wood debris by depositing such material into any of the navigable waters of this state, except as authorized by law including any discharge or deposit allowed to be made under and in compliance with chapter 90.48 RCW and any rules ~~((or regulations))~~ ~~((promulgated))~~ adopted thereunder or any deposit allowed to be made under and in compliance with chapter 76.09 or 75.46 RCW and any rules duly adopted under those chapters. Violation of this section shall be a misdemeanor.

Sec. 602. RCW 76.09.330 and 1992 c 52 s 5 are each amended to read as follows:

The legislature hereby finds and declares that riparian ecosystems on forest lands in addition to containing valuable timber resources, provide benefits for wildlife, fish, and water quality. The legislature further finds and declares that leaving riparian areas unharvested and leaving snags and green trees for large woody debris recruitment for streams and rivers provides public benefits including but not limited to benefits for threatened and endangered salmonids, other fish, amphibians, wildlife, and water quality enhancement. The legislature further finds and declares that leaving upland areas unharvested for wildlife and leaving snags and green trees for future snag recruitment provides benefits for wildlife. Forest landowners may be required to leave trees standing in riparian and upland areas to benefit public resources. It is recognized that these trees may blow down or fall into streams and that organic debris may be allowed to remain in streams. This is beneficial to riparian dependent and other wildlife species. Further, it is recognized that trees may blow down, fall onto, or otherwise cause damage or injury to public improvements, private property, and persons. Notwithstanding any statutory provision, rule, or common law doctrine to the contrary, the landowner, the department, and

the state of Washington shall not be held liable for any injury or damages resulting from these actions, including but not limited to wildfire, erosion, flooding, personal injury, property damage, damage to public improvements, and other injury or damages of any kind or character resulting from the trees being left.

PART VII RIPARIAN OPEN SPACE

Sec. 701. RCW 76.09.040 and 1997 c 173 s 1 are each amended to read as follows:

(1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall ~~((promulgate))~~ adopt forest practices ~~((regulations))~~ rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

(a) Establish minimum standards for forest practices;

(b) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

(c) Set forth necessary administrative provisions; ~~((and))~~

(d) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

(e) Allow for the development of watershed analyses.

Forest practices ~~((regulations))~~ rules pertaining to water quality protection shall be ~~((promulgated individually))~~ adopted by the board ~~((and by the department of ecology))~~ after ~~((they have reached))~~ reaching agreement with the director of the department of ecology or the director's designee on the board with respect thereto. All other forest practices ~~((regulations))~~ rules shall be ~~((promulgated))~~ adopted by the board.

Forest practices ~~((regulations))~~ rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such ~~((regulations))~~ rules shall be ~~((promulgated))~~ adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices ~~((regulations))~~ rules. In addition to any forest practices ~~((regulations))~~ rules relating to water quality protection proposed by the board, the department of ecology ~~((shall prepare))~~ may submit to the board proposed forest practices ~~((regulations))~~ rules relating to water quality protection.

Prior to initiating the rule making process, the proposed ~~((regulations))~~ rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices ~~((regulations))~~ rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed ~~((regulations))~~ rules relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed ~~((regulations))~~ rules pursuant to chapter 34.05 RCW. At such hearing(s) any county may propose specific forest practices ~~((regulations))~~ rules relating to problems existing within such county. The board may adopt and the department of ecology may ~~((adopt))~~ approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3) The board shall establish by rule a riparian open space program that includes acquisition of a fee interest in, or at the landowner's option, a conservation easement on lands within unconfined avulsing channel migration zones. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservation corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for

acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. Because there are few, if any, comparable sales of forest land within unconfined avulsing channel migration zones, separate from the other lands or assets, these lands are likely to be extraordinarily difficult to appraise and the cost of a conventional appraisal often would be unreasonable in relation to the value of the land involved. Therefore, for the purposes of voluntary sales under this section, the legislature declares that these lands are presumed to have a value equal to: (a) The acreage in the sale multiplied by the average value of commercial forest land in the region under the land value tables used for property tax purposes under RCW 84.33.120; plus (b) the cruised volume of any timber located within the channel migration multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091. For purposes of this section, there shall be an eastside region and a westside region as defined in the forests and fish report as defined in RCW 76.09.020.

(4) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department is directed to purchase a fee interest or, at the owner's option, a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined avulsing channel migration zone. Lands acquired under this section shall become riparian open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(5) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(6) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space.

Sec. 702. RCW 84.33.120 and 1999 c 233 s 20 are each amended to read as follows:

(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section

as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW

84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes; (~~(e)~~)

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under section 504 of this act;

or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

Sec. 703. RCW 84.33.140 and 1999 c 233 s 21 are each amended to read as follows:

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of

continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation:

PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of

delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes; ~~((or))~~

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under section 504 of this act;

or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

Sec. 704. RCW 84.33.145 and 1997 c 299 s 3 are each amended to read as follows:

(1) If no later than thirty days after removal of classification or designation the owner applies for classification under RCW 84.34.020 (1), (2), or (3), then the classified or designated forest land shall not be considered removed from classification or designation for purposes of the compensating tax under RCW 84.33.120 or 84.33.140 until the application for current use classification under RCW 84.34.030 is denied or the property is removed from designation under RCW 84.34.108. Upon removal from designation under RCW 84.34.108, the amount of compensating tax due under this chapter shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land when removed from designation under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against such land, multiplied by

(b) A number equal to:

(i) The number of years the land was classified or designated under this chapter, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is less than ten; or

(ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is at least ten.

(2) Nothing in this section authorizes the continued classification or designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section which does not meet the necessary definitions of forest land under RCW 84.33.100. Nothing in this section affects the additional tax imposed under RCW 84.34.108.

(3) In a county with a population of more than one million inhabitants, no amount of compensating tax is due under this section if the removal from classification under RCW 84.34.108 results from a transfer of property described in RCW 84.34.108~~((5))~~ (6).

Sec. 705. RCW 84.34.080 and 1992 c 69 s 11 are each amended to read as follows:

When land which has been classified under this chapter as open space land, farm and agricultural land, or timber land is applied to some other use, except through compliance with RCW 84.34.070, or except as a result solely from any one of the conditions listed in RCW 84.34.108~~((5))~~ (6), the owner shall within sixty days notify the county assessor of such change in use and additional real property tax shall be imposed upon such land in an amount equal to the sum of the following:

(1) The total amount of the additional tax and applicable interest due under RCW 84.34.108; plus

(2) A penalty amounting to twenty percent of the amount determined in subsection (1) of this section.

Sec. 706. RCW 84.34.108 and 1999 c 139 s 2 are each amended to read as follows:

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not, by itself, result in removal of classification. ~~((The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150.))~~ The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection ~~((3))~~ (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection ~~((3))~~ (4) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under section 504 of this act;

or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

~~((3))~~ (4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection ~~((5))~~ (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

~~((4))~~ (5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

~~((5))~~ (6) The additional tax, applicable interest, and penalty specified in subsection ~~((3))~~ (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection ~~((3))~~ (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d); ~~((e))~~

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under section 504 of this act;
or

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

NEW SECTION. Sec. 707. A new section is added to chapter 76.09 RCW to read as follows:

Prior to the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations under the forest practices rules adopted under section 204 of this act, as specifically identified in the forests and fish report the seller shall notify the buyer of the existence and nature of such a continuing obligation and the buyer shall sign a notice of continuing forest land obligation indicating the buyer's knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights and retained by the department. If the seller fails to notify the buyer about the continuing forest land obligation, the seller shall pay the buyer's costs related to such continuing forest land obligation, including all legal costs and reasonable attorneys' fees, incurred by the buyer in enforcing the continuing forest land obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to the continuing forest land obligation, that the seller did not notify the buyer of the continuing forest land obligation prior to sale.

PART VIII ENFORCEMENT

Sec. 801. RCW 76.09.140 and 1993 c 482 s 1 are each amended to read as follows:

(1) The department of natural resources may take any necessary action to enforce any final order or final decision, and may disapprove (~~for up to one year~~) any forest practices application or notification submitted by any person who has failed to comply with a final order or final decision or has failed to pay any civil penalties as provided in RCW 76.09.170, for up to one year from the issuance of a notice of intent to disapprove notifications and applications under this section or until the violator pays all outstanding civil penalties and complies with all validly issued and outstanding notices to comply and stop work orders, whichever is longer. For purposes of chapter 482, Laws of 1993, the terms "final order" and "final decision" shall mean the same as set forth in RCW 76.09.080, 76.09.090, and 76.09.110. The department shall provide written notice of its intent to disapprove an application or notification under this subsection. The department shall forward copies of its notice of intent to disapprove to any affected landowner. The disapproval period shall run from thirty days following the date of actual notice or when all administrative and judicial appellate processes, if any, have been exhausted. Any person provided the notice may seek review from the appeals board by filing a request for review within thirty days of the date of the notice of intent. While the notice of intent to disapprove is in effect, the violator may not serve as a person in charge of, be employed by, manage, or otherwise participate to any degree in forest practices.

(2) On request of the department, the attorney general may take action necessary to enforce this chapter, including, but not limited to ~~to~~: Seeking penalties, interest, costs, and attorneys' fees; enforcing final orders or decisions~~;~~; and seeking civil injunctions, show cause orders, or contempt orders.

(3) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department, the forest landowner, timber owner or operator to enforce the forest practice ~~((regulations))~~ rules or any final order of the department, or the appeals board. No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department. Injunctions, declaratory actions, or other actions for enforcement under this subsection may not be commenced unless the department fails to

take appropriate action after ten days written notice to the department by the county of a violation of the forest practices rules or final orders of the department or the appeals board.

(4)(a) The department may require financial assurance prior to the conduct of any further forest practices from an operator or landowner who within the preceding three-year period has:

(i) Operated without an approved forest practices application, other than an unintentional operation in connection with an approved application outside the approved boundary of such an application;

(ii) Continued to operate in breach of, or failed to comply with, the terms of an effective stop work order or notice to comply; or

(iii) Failed to pay any civil or criminal penalty.

(b) The department may deny any application for failure to submit financial assurances as required.

Sec. 802. RCW 76.09.150 and 1974 ex.s. c 137 s 15 are each amended to read as follows:

(1) The department shall make inspections of forest lands, before, during and after the conducting of forest practices as necessary for the purpose of ((insuring)) ensuring compliance with this chapter and the forest practices ((regulations)) rules and to ((insure)) ensure that no material damage occurs to the natural resources of this state as a result of such practices.

(2) Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices ((regulations)) rules.

(3) The department or the department of ecology may apply for an administrative inspection warrant to either Thurston county superior court, or the superior court in the county in which the property is located. An administrative inspection warrant may be issued where:

(a) The department has attempted an inspection of forest lands under this chapter to ensure compliance with this chapter and the forest practice rules or to ensure that no potential or actual material damage occurs to the natural resources of this state, and access to all or part of the forest lands has been actually or constructively denied; or

(b) The department has reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred.

(4) In connection with any watershed analysis, any review of a pending application by an identification team appointed by the department, any compliance studies, any effectiveness monitoring, or other research that has been agreed to by a landowner, the department may invite representatives of other agencies, tribes, and interest groups to accompany a department representative and, at the landowner's election, the landowner, on any such inspections. Reasonable efforts shall be made by the department to notify the landowner of the persons being invited onto the property and the purposes for which they are being invited.

Sec. 803. RCW 76.09.170 and 1993 c 482 s 2 are each amended to read as follows:

(1) Every person who violates any provision of RCW 76.09.010 through 76.09.280 or of the forest practices rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than ten thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty in this section. No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section. The board shall adopt by rule, pursuant to chapter 34.05

RCW, such penalty schedule to be effective no later than January 1, 1994. The schedule shall be developed in consideration of the following:

- (a) Previous violation history;
- (b) Severity of the impact on public resources;
- (c) Whether the violation of this chapter or its rules was intentional;
- (d) Cooperation with the department;
- (e) Repairability of the adverse effect from the violation; and

(f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation and has not received substantial economic benefits from the violation.

(3) The penalty in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rule as it may deem proper.

(4) Any person incurring a penalty under this section may appeal the penalty to the forest practices appeals board. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(5) The penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred under this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of the penalty incurred is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty, interest, costs, and attorneys' fees. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties, interest, costs, and attorneys' fees.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.

(8) Any person incurring a penalty imposed under this section is also responsible for the payment of all costs and attorneys' fees incurred in connection with the penalty and interest accruing on the unpaid penalty amount.

PART IX WATERSHED ANALYSIS

Sec. 901. RCW 76.09.010 and 1993 c 443 s 1 are each amended to read as follows:

(1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state's economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive state-wide system of laws and forest practices (~~(regulations)~~) rules which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;

(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;

(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;

(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such (~~(regulation)~~) rules;

(f) Provide for interagency input and intergovernmental and tribal coordination and cooperation;

(g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices;

(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations; (~~and~~)

(i) Foster cooperation among managers of public resources, forest landowners, Indian tribes and the citizens of the state; and

(j) Develop a watershed analysis system that addresses the cumulative effect of forest practices on, at a minimum, the public resources of fish, water, and public capital improvements of the state and its political subdivisions.

(3) The legislature further finds and declares that it is also in the public interest of the state to encourage forest landowners to undertake corrective and remedial action to reduce the impact of mass earth movements and fluvial processes.

(4) The legislature further finds and declares that it is in the public interest that the applicants for state forest practices permits should assist in paying for the cost of review and permitting necessary for the environmental protection of these resources.

Sec. 902. RCW 76.09.220 and 1999 c 90 s 1 are each amended to read as follows:

(1) The appeals board shall operate on either a part-time or a full-time basis, as determined by the governor. If it is determined that the appeals board shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor. If it is determined that the appeals board shall operate on a part-time basis, each member shall be compensated in accordance with RCW 43.03.250. The director of the environmental hearings office shall make the determination, required under RCW 43.03.250, as to what statutorily prescribed duties, in addition to attendance at a hearing or meeting of the board, shall merit compensation. This compensation shall not exceed ten thousand dollars in a fiscal year. Each member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with the provisions of RCW 43.03.050 and 43.03.060.

(2) The appeals board shall as soon as practicable after the initial appointment of the members thereof, meet and elect from among its members a chair, and shall at least biennially thereafter meet and elect or reelect a chair.

(3) The principal office of the appeals board shall be at the state capital, but it may sit or hold hearings at any other place in the state. A majority of the appeals board shall constitute a quorum for making orders or decisions, (~~(promulgating)~~) adopting rules (~~(and regulations)~~) necessary for the

conduct of its powers and duties, or transacting other official business, and may act though one position on the board be vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The appeals board shall perform all the powers and duties granted to it in this chapter or as otherwise provided by law.

(4) The appeals board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members and upon being filed at the appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The appeals board shall either publish at its expense or make arrangements with a publishing firm for the publication of those of its findings and decisions which are of general public interest, in such form as to assure reasonable distribution thereof.

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. The journal shall be available for public inspection at the principal office of the appeals board at all reasonable times.

(7) The forest practices appeals board shall have exclusive jurisdiction to hear appeals arising from an action or determination by the department, and the department of fish and wildlife, and the department of ecology with respect to management plans provided for under RCW 76.09.350.

(8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

PART X FOREST PRACTICES BOARD COMPOSITION

Sec. 1001. RCW 76.09.030 and 1995 c 399 s 207 are each amended to read as follows:

(1) There is hereby created the forest practices board of the state of Washington as an agency of state government consisting of members as follows:

(a) The commissioner of public lands or the commissioner's designee;

(b) The director of the department of community, trade, and economic development or the director's designee;

(c) The director of the department of agriculture or the director's designee;

(d) The director of the department of ecology or the director's designee;

(e) The director of the department of fish and wildlife or the director's designee;

(f) An elected member of a county legislative authority appointed by the governor:

PROVIDED, That such member's service on the board shall be conditioned on the member's continued service as an elected county official; and

~~((f))~~ (g) Six members of the general public appointed by the governor, one of whom shall be an owner of not more than five hundred acres of forest land, and one of whom shall be an independent logging contractor.

(2) The director of the department of fish and wildlife's service on the board may be terminated two years after the effective date of this section if the legislature finds that after two years the department has not made substantial progress toward integrating the laws, rules, and programs governing forest practices, chapter 76.09 RCW, and the laws, rules, and programs governing hydraulic projects, chapter 75.20 RCW. Such a finding shall be based solely on whether the department of fish and wildlife makes substantial progress as defined in this subsection, and will not be based on other actions taken as a member of the board. Substantial progress shall include recommendations to the legislature for closer integration of the existing rule-making authorities of the board and the department

of fish and wildlife, and closer integration of the forest practices and hydraulics permitting processes, including exploring the potential for a consolidated permitting process. These recommendations shall be designed to resolve problems currently associated with the existing dual regulatory and permitting processes.

(3) The members of the initial board appointed by the governor shall be appointed so that the term of one member shall expire December 31, 1975, the term of one member shall expire December 31, 1976, the term of one member shall expire December 31, 1977, the terms of two members shall expire December 31, 1978, and the terms of two members shall expire December 31, 1979. Thereafter, each member shall be appointed for a term of four years. Vacancies on the board shall be filled in the same manner as the original appointments. Each member of the board shall continue in office until his or her successor is appointed and qualified. The commissioner of public lands or the commissioner's designee shall be the chairman of the board.

~~((4))~~ (5) Members of the board, except public employees and elected officials, shall be compensated in accordance with RCW 43.03.250. Each member shall be entitled to reimbursement for travel expenses incurred in the performance of their duties as provided in RCW 43.03.050 and 43.03.060.

~~((5))~~ (6) The board may employ such clerical help and staff pursuant to chapter 41.06 RCW as is necessary to carry out its duties.

PART XI WATER QUALITY COORDINATION

Sec. 1101. RCW 90.48.420 and 1975 1st ex.s. c 200 s 13 are each amended to read as follows:

(1) The department of ecology, pursuant to powers vested in it previously by chapter 90.48 RCW and consistent with the policies of said chapter and RCW 90.54.020(3), shall be solely responsible for establishing water quality standards for waters of the state. On or before January 1, 1975, the department of ecology shall examine existing ~~((regulations))~~ rules containing water quality standards and other applicable rules ~~((and regulations))~~ of said department pertaining to waters of the state affected by nonpoint sources of pollution arising from forest practices and, when it appears appropriate to the department of ecology, modify said ~~((regulations))~~ rules. In any such examination or modification the department of ecology shall consider such factors, among others, as uses of the receiving waters, diffusion, down-stream cooling, and reasonable transient and short-term effects resulting from forest practices.

~~((Promulgation))~~ Adoption of forest practices ~~((regulations))~~ rules pertaining to water quality by ~~((the department of ecology and))~~ the forest practices board~~((s))~~ shall be accomplished after reaching agreement with the director of the department or the director's designee on the board. Adoption shall be accomplished so that compliance with such forest practice ~~((regulations))~~ rules will achieve compliance with water pollution control laws.

(2) The department of ecology shall monitor water quality to determine whether revisions in such water quality standards or revisions in such forest practices ~~((regulations))~~ rules are necessary to accomplish the foregoing result, and either ~~((promulgate))~~ adopt appropriate revisions to such water quality standards or propose appropriate revisions to such forest practices ~~((regulations))~~ rules or both.

(3) Notwithstanding any other provisions of chapter 90.48 RCW or of the rules ~~((and regulations promulgated))~~ adopted thereunder, no permit system pertaining to nonpoint sources of pollution arising from forest practices shall be authorized, and no civil or criminal penalties shall be imposed with respect to any forest practices conducted in full compliance with the applicable provisions of RCW 76.09.010 through 76.09.280, forest practices ~~((regulations))~~ rules, and any approvals or directives of the department of natural resources thereunder.

(4) Prior to the department of ecology taking action under statutes or (~~regulations~~) rules relating to water quality, regarding violations of water quality standards arising from forest practices, the department of ecology shall notify the department of natural resources.

PART XII STATE ENVIRONMENTAL POLICY ACT

NEW SECTION. **Sec. 1201.** A new section is added to chapter 43.21C RCW to read as follows:

(1) Decisions pertaining to the following kinds of actions under chapter . . . , Laws of 1999 (this act) are not subject to any procedural requirements implementing RCW 43.21C.030(2)(c): (a) Approval of forest road maintenance and abandonment plans under chapter 76.09 RCW and RCW 75.20.100; (b) approval by the department of natural resources of future timber harvest schedules involving east-side clear cuts under rules implementing chapter 76.09 RCW; (c) acquisitions of forest lands in stream channel migration zones under RCW 76.09.040; and (d) acquisitions of conservation easements pertaining to forest lands in riparian zones under section 504 of this act.

(2) For purposes of the department's threshold determination on a watershed analysis, the department shall not make a determination of significance unless the prescriptions themselves, compared to rules or prescriptions in place prior to the analysis, will cause probable significant adverse impact on elements of the environment other than those addressed in the watershed analysis process.

PART XIII FEDERAL ASSURANCES

NEW SECTION. **Sec. 1301.** A new section is added to chapter 75.46 RCW under the subchapter heading "federal assurances related to forest practices conducted under the state salmon recovery strategy" to read as follows:

(1) Chapter . . . , Laws of 1999 (this act) has been enacted on the assumption that the federal assurances described in the forests and fish report as defined in RCW 76.09.020 will be obtained and that forest practices conducted in accordance with chapter . . . , Laws of 1999 (this act) and the rules adopted under chapter . . . , Laws of 1999 (this act) will not be subject to additional regulations or restrictions for aquatic resources except as provided in the forests and fish report.

(2) The occurrence of any of the following events shall constitute a failure of assurances:

(a) Either (i) the national marine fisheries service or the United States fish and wildlife service fails to promulgate an effective rule under 16 U.S.C. Sec. 1533(d) covering each aquatic resource that is listed as threatened under the endangered species act within two years after the date on which the aquatic resource is so listed or, in the case of bull trout, within two years after the effective date of this section; or (ii) any such rule fails to permit any incidental take that would occur from the conduct of forest practices in compliance with the rules adopted under chapter . . . , Laws of 1999 (this act) or fails to confirm that such forest practices would not otherwise be in violation of the endangered species act and the regulations promulgated under that act. However, this subsection (2)(a) is not applicable to any aquatic resource covered by an incidental take permit described in (c) of this subsection;

(b) Either the national marine fisheries service or the United States fish and wildlife service shall promulgate an effective rule under 16 U.S.C. Sec. 1533(d) covering any aquatic resource that would preclude the conduct of forest practices consistent with the prescriptions outlined in the forests and fish report. However, this subsection (2)(b) is not applicable to any aquatic resource covered by an incidental take permit described in (c) of this subsection;

(c) Either the secretary of the interior or the secretary of commerce fails to issue an acceptable incidental take permit under 16 U.S.C. Sec. 1539(a) covering all fish and wildlife species included within aquatic resources on or before June 30, 2003. An acceptable incidental take permit will (i) permit the incidental take, if any, of all fish and wildlife species included within aquatic resources resulting from the conduct of forest practices in compliance with the prescriptions outlined in the forests and fish report; (ii) provide protection to the state of Washington and its subdivisions and to landowners and operators; (iii) not require the commitment of additional resources beyond those

required to be committed under the forests and fish report; and (iv) provide "no-surprises" protection as described in 50 C.F.R. Parts 17 and 222 (1998);

(d) The environmental protection agency or department of ecology fails to provide the clean water act assurances described in appendix M to the forests and fish report; or

(e) The assurances described in (a) through (d) of this subsection are reversed or otherwise rendered ineffective by subsequent federal legislation or rulemaking or by final decision of any court of competent jurisdiction.

Upon the occurrence of a failure of assurances, any agency, tribe, or other interested person including, without limitation, any forest landowner, may provide written notice of the occurrence of such failure of assurances to the legislature and to the office of the governor. Promptly upon receipt of such a notice, the governor shall review relevant information and if he or she determines that a failure of assurances has occurred, the governor shall make such a finding in a written report with recommendations and deliver such report to the legislature. Upon notice of the occurrence of a failure of assurances, the legislature shall review chapter . . . , Laws of 1999 (this act), all rules adopted by the forest practices board, the department of ecology, or the department of fish and wildlife at any time after January 1, 1999, that were adopted primarily for the protection of one or more aquatic resources and affect forest practices and the terms of the forests and fish report, and shall take such action, including the termination of funding or the modification of other statutes, as it deems appropriate.

(3) The governor may negotiate with federal officials, directly or through designated representatives, on behalf of the state and its agencies and subdivisions, to obtain assurances from federal agencies to the effect that compliance with the forest practices rules as amended under chapter . . . , Laws of 1999 (this act) and implementation of the recommendations in the forests and fish report will satisfy federal requirements under the endangered species act and the clean water act and related regulations, including the negotiation of a rule adopted under section 4(d) of the endangered species act, entering into implementation agreements and receiving incidental take permits under section 10 of the endangered species act or entering into other intergovernmental agreements.

PART XIV MISCELLANEOUS

NEW SECTION. **Sec. 1401.** RCW 90.28.150 (Improving streams for logging) and 1891 c 120 s 1 are each repealed.

NEW SECTION. **Sec. 1402.** A new section is added to chapter 76.09 RCW to read as follows:

The forests and fish account is created in the state treasury. Receipts from appropriations, federal grants, and gifts from private organizations and individuals or other sources may be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used for the establishment and operation of the small forest landowner office under section 503 of this act, the purchase of easements under section 504 of this act, the purchase of lands under RCW 76.09.040, or other activities necessary to implement chapter . . . , Laws of 1999 (this act).

NEW SECTION. **Sec. 1403.** Part headings used in this act are not any part of the law.

NEW SECTION. **Sec. 1404.** Sections 201, 202, and 203 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.23B.020 and 1997 c 449 s 2 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of four cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ~~((ten))~~ nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than ~~((nine))~~ eight million dollars.

Sec. 2. RCW 90.56.510 and 1997 c 449 s 3 are each amended to read as follows:

(1) The oil spill administration account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than ~~((ten))~~ nine million dollars and the balance of the oil spill administration account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, ~~((1997))~~ 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to ~~(((\$1,718,000))~~ one million dollars from the oil spill response account to the oil spill administration account to support appropriations made from the oil spill administration account in the omnibus ~~((and transportation))~~ appropriations act(s) adopted not later than June 30, ~~((1997))~~ 1999.

(2) Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies

related to prevention of oil spills priority in funding from the oil spill administration account. Costs of administration include the costs of:

- (a) Routine responses not covered under RCW 90.56.500;
- (b) Management and staff development activities;
- (c) Development of rules and policies and the state-wide plan provided for in RCW 90.56.060;
- (d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
- (e) Interagency coordination and public outreach and education;
- (f) Collection and administration of the tax provided for in chapter 82.23B RCW; and
- (g) Appropriate travel, goods and services, contracts, and equipment.

NEW SECTION. Sec. 3. The house of representatives, jointly with the senate, shall convene the Washington waters oil spill risk reduction work group. The work group shall develop recommendations for an oil spill risk management plan and maintaining maritime commerce for all Washington shipping corridors.

The work group shall: (1) Identify risk reduction measures already in place and build upon this work and the work of the scoping risk assessment; (2) identify new safety measures and determine if they are needed; (3) make an evaluation of the international tug of opportunity system; (4) evaluate current state, federal, and Canadian studies pertaining to marine safety, environmental protection, and the viability of maritime commerce in Washington state and the adjoining waters of the province of British Columbia; (5) evaluate the United States coast guard cost-benefit analysis of extending escorts or establishing a dedicated rescue tug; and (6) evaluate the port access route study, and other studies concerning marine safety and maritime commerce issues.

The work group will discuss and develop a recommended risk management plan for Washington state marine corridors after taking into consideration input from existing information and studies, ongoing initiatives, the reports of various stakeholders and experts, potential impact to the state's economy, and the cost-benefit analysis being conducted by the United States coast guard to be submitted to the legislature by December 1, 1999. The work group shall report to the legislature by January 10, 2000.

INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative state-wide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

(3) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and state-wide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(4) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(5) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(6) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the

approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(7) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

(3) The recommendations will be considered in future biennium transportation budgets in determining whether to enhance, streamline, retain, reduce, or eliminate programs based on value and benefits provided to the state.

NEW SECTION. Sec. 605. (1) Forty percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the Washington state department of transportation.

(2) Twenty-two percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for rural economic development projects in rural counties with population densities of less than one hundred persons per square mile pro rata based on population and community empowerment zones as defined in RCW 43.63A.700. These funds shall be used for the transportation component of identified,

emerging, nonspeculative economic development projects that create new employment or revitalize existing business. As required under federal law, these funds shall be administered by the Washington state department of transportation. The community economic revitalization board within the department of community, trade, and economic development shall work with local project proponents and the Washington state department of transportation to identify economic development projects with essential transportation components. The board shall make recommendations regarding funding for a project's transportation component to the Washington state transportation commission. Beginning in the fiscal year 2000, any economic development funds that are not obligated from the prior federal fiscal year by June first of each year shall be available for economic development projects state-wide in accordance with the same administration and selection process established in this subsection for rural economic development projects.

(3) Thirty-eight percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the state-wide competitive program for regionally significant projects. The transportation improvement board shall be responsible for selecting projects under this program. For federal fiscal years 2000 and 2001, to be eligible, projects shall: (a) Meet the criteria established by the transportation improvement board for selecting regionally significant projects; (b) be included in a metropolitan planning organization's transportation improvement plan; (c) meet the goal of targeting funds for coordinated projects within corridors that are regionally significant; and (d) support the functioning of corridors for their full length rather than in individual spot improvements.

NEW SECTION. Sec. 606. (1) Notwithstanding RCW 79.91.100, between July 1, 1999, and June 30, 2001, the department of natural resources shall grant easements to cities, towns, and counties for roadway purposes, including the right to make necessary fills, on, over, or across the beds of navigable waters if those easements are necessary to facilitate the construction of projects funded in this act.

(a) For purposes of this section, a project is funded in this act if it is specifically identified for full or partial funding in this act or is referenced for funding in whole or in part in the budget notes or projects lists produced as supporting documentation for this act

(b) The department of natural resources shall not charge the city, town, or county for the easement except as necessary to recover reasonable administrative costs.

(2) If a city, town, or county requests an easement under this section, the department of natural resources shall execute and deliver an instrument granting the easement to the requesting city, town, or county.

Sec. 607. RCW 43.19.1906 and 1995 c 269 s 1404 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in

purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 608. RCW 88.16.090 and 1995 c 175 s 1 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, ~~((1999))~~ 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, ~~((1999))~~ 2001, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

NEW SECTION. Sec. 609. The following bills, as enacted in the form passed by the legislature, are necessary to implement portions of this act: House Bill Nos. 1053, 1147, 1304, 1466, 1588, 2201, 2245, and 2259 and Senate Bill Nos. 5060, 5283, 5360, 5605, 5615, 5955, 6030, and 6068.

Sec. 610. RCW 47.26.425 and 1999 c 94 s 21 and 1999 c . . . (SHB 1053) s 6 are each reenacted to read as follows:

Any funds required to repay the first authorization of two hundred million dollars of bonds authorized by RCW 47.26.420, as amended by section 18, chapter 317, Laws of 1977 ex. sess. or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the urban arterial trust account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 611. RCW 47.26.4252 and 1999 c 94 s 22 and 1999 c . . . (SHB 1053) s 7 are each reenacted to read as follows:

Any funds required to repay the authorization of series II bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, or the interest thereon when due, shall first be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979. If the moneys distributed to the urban arterial trust account shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest thereon shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues which are distributable to the state, counties, cities, and towns, shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds or series II and series III bonds or interest on those bond issues.

Sec. 612. RCW 47.26.4254 and 1999 c 94 s 23 and 1999 c . . . (SHB 1053) s 8 are each reenacted and amended to read as follows:

(1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund pursuant to

RCW 46.68.090(1)((j)) (g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the urban arterial trust account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW 46.68.090(1)(i) and to the counties pursuant to RCW 46.68.090(1)(j). Of the counties', cities', and towns' share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

Sec. 613. RCW 47.26.505 and 1999 c 94 s 24 and 1999 c . . . (SHB 1053) s 9 are each reenacted and amended to read as follows:

Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund under RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 614. RCW 43.43.300 and 1965 c 8 s 43.43.300 are each amended to read as follows:

Beginning on July 1, 1963, every Washington state patrol employee who is a member of the retirement fund shall contribute seven percent of his or her monthly salary(~~(, which)~~). For the biennium beginning July 1, 1999, and ending June 30, 2001, the employee contribution rate for every member of a retirement system created under this chapter and: (1) Covering employees whose activities constitute a highway purpose under the eighteenth amendment (Article II, section 40) of the state Constitution; where (2) the majority of both the employer and employee contributions are funded from moneys appropriated from the state patrol highway account of the motor vehicle fund; shall be set so that the contribution rates required to fund the costs of the retirement system shall be equal for members and employers; except that in no event shall the member contribution rate exceed seven percent. If the pension funding council determines that contribution rates must exceed seven percent in order to fund the costs of the retirement system, any cost over seven percent shall be borne by the employer. The member contribution rate determined under this section shall be deducted from the compensation of each member on each and every payroll.

In the event a member severs his or her connection with the Washington state patrol or is dismissed, the amount paid by the state of Washington shall remain in the retirement fund.

NEW SECTION. Sec. 615. The joint committee on pension policy shall study the method for setting employer and employee contribution rates for the Washington state patrol retirement system. The study shall include options for implementing a method or methods that allow both the employer and members to share the benefits from investment gains that exceed the long-term investment return assumptions adopted by the pension funding council.

NEW SECTION. Sec. 616. The following acts or parts of acts are each repealed:

(1) RCW 46.68.095 (Distribution of additional state-wide taxes) and 1999 c 94 s 7, 1994 c 179 s 4, & 1990 c 42 s 103; and

The amendment to the striking amendment was adopted.

There being no objection, amendment 390 was withdrawn.

Representative K. Schmidt moved the adoption of amendment (397) to striking amendment (395):

On page 84, after line 19, insert the following:

"NEW SECTION. Sec. 615. The legislature finds and declares that it is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient and effective transportation system. The legislature, public officials, and citizens need to know the extent to which state agencies, programs, and activities that impact the state's transportation system are achieving the purposes for which they were created.

The legislature recognizes that if it is to adequately fulfill its responsibility to provide for a balanced, efficient state-wide transportation system, it is essential to establish a joint legislative transportation committee that will provide an opportunity for members of the house of representatives and the senate to examine, develop, and oversee critical transportation policy and fiscal issues and make recommendations on such issues to the house of representatives and senate standing committees on transportation.

In order to accomplish the mission and goals of the joint legislative transportation committee and to effectively serve the house of representatives and senate standing committees on transportation, the legislature acknowledges the need to provide for a level of staffing that will adequately address the exclusive needs of the house of representatives and senate standing committees and the administration and staffing of the joint legislative transportation committee.

Sec. 616. RCW 44.40.010 and 1980 c 87 s 39 are each amended to read as follows:

The joint fact-finding committee on highways, streets, and bridges originally created by chapter 111, Laws of 1947, recreated and renamed the joint committee on highways by chapter 3, Laws of 1963 extraordinary session, is hereby recreated and renamed the legislative transportation committee. The renaming of said committee shall not affect any powers invested in it or its duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said committee as renamed, the legislative transportation committee. The committee shall consist of ~~((eleven))~~ twelve senators to be appointed by the president of the senate and twelve members of the house of representatives to be appointed by the speaker thereof. Not more than six members from each house may be from the same political party. A list of appointees shall be submitted before the close of each regular legislative session during an odd-numbered year or any successive special session convened by the governor or the legislature prior to the close of such regular session or successive special session(s) for confirmation of senate members, by the senate, and house members, by the house. Vacancies occurring shall be filled by the appointing authority. All vacancies must be filled from the same political party and from the same house as the member whose seat was vacated.

The chair shall be elected biennially by the membership of the committee. The vice-chair must be from the opposite house.

On the effective date of this act, the president of the senate shall appoint an additional senate member as provided by the 1999 amendment of this section. With the appointment of the additional member, the terms of officers elected before the effective date of this act are terminated, and the committee shall hold an election of officers.

The committee shall adopt rules and procedures for its orderly operation.

NEW SECTION. Sec. 617. A new section is added to chapter 44.40 RCW to read as follows:

The members of the legislative transportation committee shall form an executive committee consisting of two members from each of the four major political caucuses, which will include the chair and vice-chair of the legislative transportation committee. There will be four alternates to the executive committee, one from each of the four major political caucuses. Each alternate may represent a member from the same political caucus from which they were chosen when that member is absent, and have voting privileges during that absence.

The executive committee is responsible for performing all general administrative and personnel duties assigned to it in the rules and procedures adopted by the committee, as well as other duties delegated to it by the committee. Except when those responsibilities are assumed by the legislative transportation committee, the executive committee is responsible for adopting interim work plans and meeting schedules, approving all contracts signed on behalf of the committee, approving policies for travel of members and staff, and setting policies for staff utilization."

"NEW SECTION. Sec. 3. The legislature recognizes that families and educators alike want schools to be institutions where learning can occur. The legislature also recognizes that learning cannot take place without a certain level of physical and emotional safety and that parents want and need to be able to send their children to school without concern over the physical and emotional safety of their children. The legislature finds that policies to ensure students' freedom from sexual and malicious harassment and even the existence of such policies vary from one Washington state public school district to the next. Whereas sexual and other malicious harassment are particularly pernicious threats to school safety, the legislature intends to require that public school districts establish, publicize and enforce policies prohibiting and punishing such behavior. It is also the intent of the legislature to ensure that all school personnel and students understand the importance of and the procedures for maintaining a safe learning environment and for enforcing their school districts' sexual and malicious harassment policies.

Sec. 4. RCW 28A.640.020 and 1994 c 213 s 1 are each amended to read as follows:

(1) The superintendent of public instruction shall develop regulations and guidelines to eliminate sex discrimination as it applies to public school employment, counseling and guidance services to students, recreational and athletic activities for students, access to course offerings, and in textbooks and instructional materials used by students.

(a) Specifically with respect to public school employment, all schools shall be required to:

(i) Maintain credential requirements for all personnel without regard to sex;

(ii) Make no differentiation in pay scale on the basis of sex;

(iii) Assign school duties without regard to sex except where such assignment would involve duty in areas or situations, such as but not limited to a shower room, where persons might be disrobed;

(iv) Provide the same opportunities for advancement to males and females; and

(v) Make no difference in conditions of employment including, but not limited to, hiring practices, leaves of absence, hours of employment, and assignment of, or pay for, instructional and noninstructional duties, on the basis of sex.

(b) Specifically with respect to counseling and guidance services for students, they shall be made available to all students equally. All certificated personnel shall be required to stress access to all career and vocational opportunities to students without regard to sex.

(c) Specifically with respect to recreational and athletic activities, they shall be offered to all students without regard to sex. Schools may provide separate teams for each sex. Schools which provide the following shall do so with no disparities based on sex: Equipment and supplies; medical care; services and insurance; transportation and per diem allowances; opportunities to receive coaching and instruction; laundry services; assignment of game officials; opportunities for competition, publicity and awards; scheduling of games and practice times including use of courts, gyms, and pools:

PROVIDED, That such scheduling of games and practice times shall be determined by local administrative authorities after consideration of the public and student interest in attending and participating in various recreational and athletic activities. Each school which provides showers, toilets, or training room facilities for athletic purposes shall provide comparable facilities for both sexes. Such facilities may be provided either as separate facilities or shall be scheduled and used separately by each sex.

The superintendent of public instruction shall also be required to develop a student survey to distribute every three years to each local school district in the state to determine student interest for male/female participation in specific sports.

(d) Specifically with respect to course offerings, all classes shall be required to be available to all students without regard to sex: PROVIDED, That separation is permitted within any class during sessions on sex education or gym classes.

(e) Specifically with respect to textbooks and instructional materials, which shall also include, but not be limited to, reference books and audio-visual materials, they shall be required to adhere to the guidelines developed by the superintendent of public instruction to implement the intent of this chapter: PROVIDED, That this subsection shall not be construed to prohibit the introduction of material deemed appropriate by the instructor for educational purposes.

(2)(a) (~~By December 31, 1994,~~) The superintendent of public instruction shall develop criteria for use by school districts in developing sexual harassment and malicious harassment policies as required under (b) of this subsection. The criteria shall address the subjects of grievance procedures, remedies to victims of sexual harassment and malicious harassment, disciplinary actions against violators of the policy, and other subjects at the discretion of the superintendent of public instruction. Disciplinary actions must conform with collective bargaining agreements and state and federal laws. The superintendent of public instruction also shall supply sample policies to school districts upon request.

(b) (~~By June 30, 1995,~~) Every school district shall adopt and implement ((a)) written ((policy)) policies concerning sexual harassment and malicious harassment. The ((policy)) policies shall apply to all school district employees, volunteers, parents, and students, including, but not limited to, conduct between students.

(c) School district policies on sexual harassment and malicious harassment shall be reviewed by the superintendent of public instruction considering the criteria established under (a) of this subsection as part of the monitoring process established in RCW 28A.640.030.

(d) The school district's sexual harassment ((policy)) and malicious harassment policies shall be conspicuously posted throughout each school building, and provided to each employee. The process shall ensure the discussion addresses the definition of sexual harassment and malicious harassment and issues covered in the sexual harassment ((policy)) and malicious harassment policies.

(ii) Each school district shall provide to employees and volunteers who have significant contact with students training on the school district's sexual harassment and malicious harassment policies in accordance with the guidelines adopted by the superintendent of public instruction under section 5(2) of this act.

(f) "Sexual harassment" as used in this section means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature if:

(i) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education or employment;

(ii) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education or employment; or

(iii) That conduct or communication has the purpose or effect of substantially interfering with an individual's educational or work performance, or of creating an intimidating, hostile, or offensive educational or work environment.

(g) "Malicious harassment" as used in this section means malicious harassment as defined in RCW 9A.36.080.

NEW SECTION. Sec. 5. (1) The superintendent of public instruction shall develop the criteria for use by school districts in developing malicious harassment policies, as required under RCW 28A.640.020(2)(a), by December 31, 1999. All school districts shall adopt and implement a written policy concerning malicious harassment, as required under RCW 28A.640.020(2)(b) by July 1, 2000.

(2)(a) The superintendent of public instruction shall adopt guidelines for use by school districts on training school district employees and volunteers about school district policies regarding sexual harassment and malicious harassment. The superintendent of public instruction shall establish training program guidelines that, to the extent possible, can be implemented within existing training programs for employees and volunteers and with minimal additional expenditure of time and resources.

NEW SECTION. **Sec. 524.** A new section is added to 1997 c 457 (uncodified) to read as follows:

INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative state-wide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

(3) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and state-wide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(4) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(5) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(6) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(7) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. **Sec. 525.** The following acts or parts of acts are each repealed:

- (1) 1997 c 457 s 502;
- (2) 1997 c 457 s 514; and
- (3) 1997 c 457 s 515.

PART VI PROVISIONS NECESSARY TO IMPLEMENT APPROPRIATIONS

NEW SECTION. **Sec. 601.** As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may offer voluntary separation and/or downshifting incentives and options according to procedures and guidelines established by the department of personnel and the department of retirement systems, in consultation with the office of financial management. The options may include, but are not limited to, financial incentives for: Voluntary resignation and retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, and temporary separation for development purposes.

The senate transportation committee and the house of representatives transportation committee shall also review and monitor the plans of agencies that receive funds appropriated under this act.

NEW SECTION. **Sec. 602.** It is the intent of the legislature that agencies may implement a voluntary retirement incentive program that is cost neutral or results in cost savings provided that such program is approved by the director of financial management. Agencies participating in this authorization are required to submit a report by June 30, 2001, to the legislature and the office of financial management on the outcome of their approved retirement incentive program. The report should include information on the details of the program including resulting service delivery changes, agency efficiencies, the cost of the retirement incentive per participant, the total cost to the state and the projected or actual net dollar and staff savings over the 1999-2001 biennium.

- (c) Submit and implement a plan to provide program managers with the training and technical assistance necessary to extend the practices of performance measurement and performance based budgeting throughout agency programs.

(2) The transportation agencies shall submit a strategic plan and activity summary with their agency request budgets and tie the plan's strategies together with the 2001-2003 budget requests. The strategic plan must include a six-year outlook and define and clarify the agency mission and vision,

provide the basis for budget development, and outline and prioritize the agency's goals and strategies. The agencies will continue to improve agency infrastructures to capture and report performance data for use by agency management, the office of financial management, the senate transportation committee, and the house of representatives transportation committee in the decision making process.

(3)(a) The agencies shall input monthly their financial information and quarterly program performance measurements into the transportation executive information system and will utilize the transportation executive information system investment system in the development of their agency policy request budgets.

(b) The department of licensing and the Washington state patrol shall submit budgets to the legislature at the subprogram level.

NEW SECTION. Sec. 604. PROGRAM ACCOUNTABILITY REVIEWS. The senate transportation committee, the house of representatives transportation committee, the office of financial management, and the transportation agencies shall establish the means of conducting program accountability reviews of all transportation programs. The reviews shall include:

(1) Review and analysis of existing programs to determine any program changes required to meet established criteria along with the list of programs to be reviewed as determined by the program accountability review steering committee made up of the senate transportation committee, the house of representatives transportation committee, the office of financial management, and agency personnel. Each review will have a plan with timelines, deliverables, and milestones to ensure it is completed on time with anticipated deliverables. Each review will have a review accountability report presented to the senate transportation committee and the house of representatives transportation committee with recommendations and implementation schedule agreed to by the reviewers and the agency program being reviewed.

(2) A concentration on:

(h) Methods for making trade off decisions within and between programs and activities;

(i) Development of tools that assist policymakers and managers in using performance measures and investment tradeoff methods;

(j) Development of long-term investment strategies; and

(k) Other program items that would be beneficial to include in the program accountability review.

(3) The recommendations will be considered in future biennium transportation budgets in determining whether to enhance, streamline, retain, reduce, or eliminate programs based on value and benefits provided to the state.

NEW SECTION. Sec. 605. (1) Forty percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the Washington state department of transportation.

(2) Twenty-two percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for rural economic development projects in rural counties with population densities of less than one hundred persons per square mile pro rata based on population and community empowerment zones as defined in RCW 43.63A.700. These funds shall be used for the transportation component of identified, emerging, nonspeculative economic development projects that create new employment or revitalize existing business. As required under federal law, these funds shall be administered by the Washington state department of transportation. The community economic revitalization board within the

department of community, trade, and economic development shall work with local project proponents and the Washington state department of transportation to identify economic development projects with essential transportation components. The board shall make recommendations regarding funding for a project's transportation component to the Washington state transportation commission. Beginning in the fiscal year 2000, any economic development funds that are not obligated from the prior federal fiscal year by June first of each year shall be available for economic development projects state-wide in accordance with the same administration and selection process established in this subsection for rural economic development projects.

(3) Thirty-eight percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the state-wide competitive program for regionally significant projects. The transportation improvement board shall be responsible for selecting projects under this program. For federal fiscal years 2000 and 2001, to be eligible, projects shall: (a) Meet the criteria established by the transportation improvement board for selecting regionally significant projects; (b) be included in a metropolitan planning organization's transportation improvement plan; (c) meet the goal of targeting funds for coordinated projects within corridors that are regionally significant; and (d) support the functioning of corridors for their full length rather than in individual spot improvements.

Sec. 606. RCW 43.19.1906 and 1995 c 269 s 1404 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 607. RCW 88.16.090 and 1995 c 175 s 1 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, ~~((1999))~~ 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, ~~((1999))~~ 2001,

the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

NEW SECTION. Sec. 608. The following bills, as enacted in the form passed by the legislature, are necessary to implement portions of this act: House Bill Nos. 1053, 1147, 1304, 1466, 1588, 2201, 2245, and 2259 and Senate Bill Nos. 5060, 5283, 5360, 5605, 5615, 5955, 6030, and 6068.

Sec. 609. RCW 47.26.425 and 1999 c 94 s 21 and 1999 c . . . (SHB 1053) s 6 are each reenacted to read as follows:

Any funds required to repay the first authorization of two hundred million dollars of bonds authorized by RCW 47.26.420, as amended by section 18, chapter 317, Laws of 1977 ex. sess. or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the urban arterial trust account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 610. RCW 47.26.4252 and 1999 c 94 s 22 and 1999 c . . . (SHB 1053) s 7 are each reenacted to read as follows:

Any funds required to repay the authorization of series II bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, or the interest thereon when due, shall first be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979. If the moneys distributed to the urban arterial trust account shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest thereon shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues which are distributable to the state, counties, cities, and towns, shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds or series II and series III bonds or interest on those bond issues.

Sec. 611. RCW 47.26.4254 and 1999 c 94 s 23 and 1999 c . . . (SHB 1053) s 8 are each reenacted and amended to read as follows:

(1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)((j)) (g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the urban arterial trust account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW 46.68.090(1)(i) and to the counties

pursuant to RCW 46.68.090(1)(j). Of the counties', cities', and towns' share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

Sec. 612. RCW 47.26.505 and 1999 c 94 s 24 and 1999 c . . . (SHB 1053) s 9 are each reenacted and amended to read as follows:

Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund under RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 613. RCW 43.43.300 and 1965 c 8 s 43.43.300 are each amended to read as follows:

Beginning on July 1, 1963, every Washington state patrol employee who is a member of the retirement fund shall contribute seven percent of his or her monthly salary(~~(, which)~~). For the biennium beginning July 1, 1999, and ending June 30, 2001, the employee contribution rate for every member of a retirement system created under this chapter and: (1) Covering employees whose activities constitute a highway purpose under the eighteenth amendment (Article II, section 40) of the state Constitution; where (2) the majority of both the employer and employee contributions are funded from moneys appropriated from the state patrol highway account of the motor vehicle fund; shall be set so that the contribution rates required to fund the costs of the retirement system shall be equal for members and employers; except that in no event shall the member contribution rate exceed seven percent. If the pension funding council determines that contribution rates must exceed seven percent in order to fund the costs of the retirement system, any cost over seven percent shall be borne by the employer. The member contribution rate determined under this section shall be deducted from the compensation of each member on each and every payroll.

In the event a member severs his or her connection with the Washington state patrol or is dismissed, the amount paid by the state of Washington shall remain in the retirement fund.

NEW SECTION. Sec. 614. The joint committee on pension policy shall study the method for setting employer and employee contribution rates for the Washington state patrol retirement system. The study shall include options for implementing a method or methods that allow both the employer and members to share the benefits from investment gains that exceed the long-term investment return assumptions adopted by the pension funding council.

NEW SECTION. Sec. 615. The legislature finds and declares that it is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient and effective transportation system. The legislature, public officials, and citizens need to know the extent to which state agencies, programs, and activities that impact the state's transportation system are achieving the purposes for which they were created.

The legislature recognizes that if it is to adequately fulfill its responsibility to provide for a balanced, efficient state-wide transportation system, it is essential to establish a joint legislative transportation committee that will provide an opportunity for members of the house of representatives

and the senate to examine, develop, and oversee critical transportation policy and fiscal issues and make recommendations on such issues to the house of representatives and senate standing committees on transportation.

Sec. 616. RCW 44.40.010 and 1980 c 87 s 39 are each amended to read as follows:

The joint fact-finding committee on highways, streets, and bridges originally created by chapter 111, Laws of 1947, recreated and renamed the joint committee on highways by chapter 3, Laws of 1963 extraordinary session, is hereby recreated and renamed the legislative transportation committee. The renaming of said committee shall not affect any powers invested in it or its duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said committee as renamed, the legislative transportation committee. MOTION

Representative Kessler moved that the House insist on its position on Engrossed Substitute House Bill No. 1125 and ask the Senate to recede therefrom.

POINT OF PERSONAL PRIVILEGE

Representative Lisk: "Thank you, Mr. Speaker. I don't think it is any secret among those of you who are on this floor in the House, that one of the most important things to me is how we conduct ourselves in this institution. We all come here with high hopes and a lot of eagerness to do the right thing. We all start out as new members; we all have to go through the learning process of how to conduct ourselves while we are here. It is no small task, as both of our Co-Speakers will admit, to run the business of the House with 96 members on this floor, all with passionate ideas and passionate principles and passionate positions on the issues. Issues will come and go while we are here. It's sometimes surprising how we can come together on the issues and hammer out policy for this State. Oh, it is not always a pretty process. It's not always a civil process. But there is a process and it is an institution where we must have a set of rules by which we conduct ourselves to make the process work. I'm still fascinated by how well it can work.

I used to sit, when we had a lot more members, over there next to the former Minority Leader from the 46th District. It never ceased to amaze me how a farm girl from a homestead in Zillah could sit next to a Seattle attorney and work together to make the process work. I deeply believe that the reason the process works is because of the respect we have for each other.

When I first came here as a new member there were women in this body whom I instantly recognized as being leaders, not only in their fields but in this institution. I feared them at first, I have to tell you. One time when I was a freshmen Representative Fisher was in the Ladies Lounge next to the window as I was coming through the door. As freshman sometimes do, I guess I must have been fairly vocal on the floor. She made a big impression on me that day with just one very short sentence. She looked at me up and down and she said, "You sure talk a lot." I stopped and I thought about that the rest of the session. I learned from her comments, and I learned from how she conducted herself. I also learned from the lady from the 23rd District. I think a good way to describe the representative from the 23rd District is she is brilliant and high strung.

I believe that between our two co-chairmen, there will never be more knowledge about the transportation system in Washington State here in this body than we have amassed between these two women. They have done a tremendous amount of work through the years. And they have conducted themselves in this 49-49 tie with honor and with integrity. They have certainly given us an example that we can all follow and be proud of. I would like to conclude my remarks, with one of my favorite sayings — "The true test of a leader is that he/she leaves in those behind them the will and the conviction to continue on".

Mr. Speaker, I would like to go on record as recognizing this House and this Institution as not having two more honorable and competent leaders, not only on our Transportation Committee, but in this body than Representative Ruth Fisher and Representative Karen Schmidt.

Thank you."

POINT OF PERSONAL PRIVILEGE

Representative Kessler: "Thank you, Mr. Speaker. And thank you to the Representative from Zillah Washington for your great remarks tonight.

Tonight the Institution did take a blow but this Institution does work. I think all of us in the House of Representatives have proven that this Institution works. We have taken a 49-49 split, we have taken our different philosophies, our burning desires, our burning issues and we have dealt with them with dignity. We have dealt with them with civility, and we have almost every time tried to cooperate.

Two of our Representatives we chose in our respective caucuses to chair one of the most important committees in this House, the Transportation Committee. We chose Representative Fisher and Representative Schmidt because they are not only the most competent people we could have chosen but because they truly care about the transportation issues of this State. It isn't a game to them. It isn't about power. It is about the transportation needs of this State. And these two co-chairs have worked so well together, and given their personalities, you have to admit that is no easy task, but because they respect each other very much for their abilities, and because they are women of integrity, because they have given and given and given to this Institution on behalf of their respected committee, the Transportation Committee. When most of us left the regular Session and had a three week break, Representative Schmidt and Representative Fisher negotiated earnestly and diligently to try to put together a budget that we could all agree on here and obviously they did a fabulous job; it left here unanimously which is not usually the case. They did try very, very hard to deal with a budget that they felt they had some agreement upon across the Rotunda. Now we can have disagreements, that's what this place is about, but we always, always have to remember to have the kind of integrity and respect for this Institution that both Representative Schmidt and Representative Fisher have shown to all of us as they dealt with the issue of transportation. I am very proud to be a member of this Washington State House of Representatives. I am very proud that all of us have dealt as well as we have with the varying issues that we have had to deal with this session. I think we owe a debt of gratitude to these women. I think that the public out there need to know we don't need to defend these women; look at their records. They are absolutely dedicated servants of this State and we should be very proud of them, and we are, and we showed that with our unanimous support of the budget they negotiated so well. Thank you to both of you and thank you to everyone on this floor for maintaining the dignity of this Institution. We will continue to do so because we believe in it.

Thank you."

On motion of Speaker Ballard, the remarks by Representatives Lisk and Kessler were spread upon the Journal.

NEW SECTION. Sec. 524. A new section is added to 1997 c 457 (uncodified) to read as follows:

INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative state-wide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

- (a) System refurbishment, acquisitions, and development efforts;
- (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
- (c) Assessment of overall information processing performance, resources, and capabilities;
- (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
- (e) Progress toward enabling electronic access to public information.

(3) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and state-wide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(4) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(5) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(6) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(7) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. Sec. 525. The following acts or parts of acts are each repealed:

- (1) 1997 c 457 s 502;
- (2) 1997 c 457 s 514; and
- (3) 1997 c 457 s 515.

PART VI PROVISIONS NECESSARY TO IMPLEMENT APPROPRIATIONS

NEW SECTION. Sec. 601. As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may offer voluntary separation and/or downshifting incentives and options according to procedures and guidelines established by the department of personnel and the department of retirement systems, in consultation with the office of financial management. The options may include, but are not limited to, financial incentives for: Voluntary resignation and retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, and temporary separation for development purposes.

Agency plans and offers shall be reviewed and monitored jointly by the department of personnel, office of financial management, and the department of retirement systems. The senate transportation committee and the house of representatives transportation committee shall also review and monitor the plans of agencies that receive funds appropriated under this act.

NEW SECTION. Sec. 602. It is the intent of the legislature that agencies may implement a voluntary retirement incentive program that is cost neutral or results in cost savings provided that such program is approved by the director of financial management. Agencies participating in this authorization are required to submit a report by June 30, 2001, to the legislature and the office of financial management on the outcome of their approved retirement incentive program. The report should include information on the details of the program including resulting service delivery changes, agency efficiencies, the cost of the retirement incentive per participant, the total cost to the state and the projected or actual net dollar and staff savings over the 1999-2001 biennium.

committee, and the house of representatives transportation committee will continue the implementation of performance based budgeting. The performance based budgeting process will provide a measurable link between agency objectives, service levels, and budget. The agencies shall:

- (a) Continue to develop, enhance, validate, and test indicators of performance, stated in achieving the agencies' goals; and
- (b) Refine performance based budgeting and investment levels in the following programs:

 - (iii) Washington state patrol: Field operations bureau; and
 - (iv) Washington traffic safety commission; and
- (c) Submit and implement a plan to provide program managers with the training and technical assistance necessary to extend the practices of performance measurement and performance based budgeting throughout agency programs.

(2) The transportation agencies shall submit a strategic plan and activity summary with their agency request budgets and tie the plan's strategies together with the 2001-2003 budget requests. The strategic plan must include a six-year outlook and define and clarify the agency mission and vision, provide the basis for budget development, and outline and prioritize the agency's goals and strategies. The agencies will continue to improve agency infrastructures to capture and report performance data for use by agency management, the office of financial management, the senate transportation committee, and the house of representatives transportation committee in the decision making process.

(3)(a) The agencies shall input monthly their financial information and quarterly program performance measurements into the transportation executive information system and will utilize the transportation executive information system investment system in the development of their agency policy request budgets.

(b) The department of licensing and the Washington state patrol shall submit budgets to the legislature at the subprogram level.

NEW SECTION. Sec. 604. PROGRAM ACCOUNTABILITY REVIEWS. The senate transportation committee, the house of representatives transportation committee, the office of financial management, and the transportation agencies shall establish the means of conducting program accountability reviews of all transportation programs. The reviews shall include:

(1) Review and analysis of existing programs to determine any program changes required to meet established criteria along with the list of programs to be reviewed as determined by the program accountability review steering committee made up of the senate transportation committee, the house of representatives transportation committee, the office of financial management, and agency personnel. Each review will have a plan with timelines, deliverables, and milestones to ensure it is completed on time with anticipated deliverables. Each review will have a review accountability report presented to the senate transportation committee and the house of representatives transportation committee with recommendations and implementation schedule agreed to by the reviewers and the agency program being reviewed.

- (2) A concentration on:

 - (i) Development of tools that assist policymakers and managers in using performance measures and investment tradeoff methods;
 - (j) Development of long-term investment strategies; and

(k) Other program items that would be beneficial to include in the program accountability review.

(3) The recommendations will be considered in future biennium transportation budgets in determining whether to enhance, streamline, retain, reduce, or eliminate programs based on value and benefits provided to the state.

NEW SECTION. Sec. 605. (1) Forty percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the Washington state department of transportation.

(2) Twenty-two percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for rural economic development projects in rural counties with population densities of less than one hundred persons per square mile pro rata based on population and community empowerment zones as defined in RCW 43.63A.700. These funds shall be used for the transportation component of identified, emerging, nonspeculative economic development projects that create new employment or revitalize existing business. As required under federal law, these funds shall be administered by the Washington state department of transportation. The community economic revitalization board within the department of community, trade, and economic development shall work with local project proponents and the Washington state department of transportation to identify economic development projects with essential transportation components. The board shall make recommendations regarding funding for a project's transportation component to the Washington state transportation commission. Beginning in the fiscal year 2000, any economic development funds that are not obligated from the prior federal fiscal year by June first of each year shall be available for economic development projects state-wide in accordance with the same administration and selection process established in this subsection for rural economic development projects.

(3) Thirty-eight percent of the funds available for surface transportation flexible funds available under Sections 105(c)(2) and 133(d)(3)(A)(ii) of Title 23, United States Code are made available for the state-wide competitive program for regionally significant projects. The transportation improvement board shall be responsible for selecting projects under this program. For federal fiscal years 2000 and 2001, to be eligible, projects shall: (a) Meet the criteria established by the transportation improvement board for selecting regionally significant projects; (b) be included in a metropolitan planning organization's transportation improvement plan; (c) meet the goal of targeting funds for coordinated projects within corridors that are regionally significant; and (d) support the functioning of corridors for their full length rather than in individual spot improvements.

Sec. 606. RCW 43.19.1906 and 1995 c 269 s 1404 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in

purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost: PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 607. RCW 88.16.090 and 1995 c 175 s 1 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, ~~((1999))~~ 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, ~~((1999))~~ 2001, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

NEW SECTION. Sec. 608. The following bills, as enacted in the form passed by the legislature, are necessary to implement portions of this act: House Bill Nos. 1053, 1147, 1304, 1466, 1588, 2201, 2245, and 2259 and Senate Bill Nos. 5060, 5283, 5360, 5605, 5615, 5955, 6030, and 6068.

Sec. 609. RCW 47.26.425 and 1999 c 94 s 21 and 1999 c . . . (SHB 1053) s 6 are each reenacted to read as follows:

Any funds required to repay the first authorization of two hundred million dollars of bonds authorized by RCW 47.26.420, as amended by section 18, chapter 317, Laws of 1977 ex. sess. or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the urban arterial trust account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 610. RCW 47.26.4252 and 1999 c 94 s 22 and 1999 c . . . (SHB 1053) s 7 are each reenacted to read as follows:

Any funds required to repay the authorization of series II bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, or the interest thereon when due, shall first be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and which is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979. If the moneys distributed to the urban arterial trust account shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest thereon shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues which are distributable to the state, counties, cities, and towns, shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds or series II and series III bonds or interest on those bond issues.

Sec. 611. RCW 47.26.4254 and 1999 c 94 s 23 and 1999 c . . . (SHB 1053) s 8 are each reenacted and amended to read as follows:

(1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund pursuant to

RCW 46.68.090(1)((j)) (g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the urban arterial trust account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW 46.68.090(1)(i) and to the counties pursuant to RCW 46.68.090(1)(j). Of the counties', cities', and towns' share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

Sec. 612. RCW 47.26.505 and 1999 c 94 s 24 and 1999 c . . . (SHB 1053) s 9 are each reenacted and amended to read as follows:

Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund under RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 613. RCW 43.43.300 and 1965 c 8 s 43.43.300 are each amended to read as follows:

Beginning on July 1, 1963, every Washington state patrol employee who is a member of the retirement fund shall contribute seven percent of his or her monthly salary(~~(, which)~~). For the biennium beginning July 1, 1999, and ending June 30, 2001, the employee contribution rate for every member of a retirement system created under this chapter and: (1) Covering employees whose activities constitute a highway purpose under the eighteenth amendment (Article II, section 40) of the state Constitution; where (2) the majority of both the employer and employee contributions are funded from moneys appropriated from the state patrol highway account of the motor vehicle fund; shall be set so that the contribution rates required to fund the costs of the retirement system shall be equal for members and employers; except that in no event shall the member contribution rate exceed seven percent. If the pension funding council determines that contribution rates must exceed seven percent in order to fund the costs of the retirement system, any cost over seven percent shall be borne by the employer. The member contribution rate determined under this section shall be deducted from the compensation of each member on each and every payroll.

In the event a member severs his or her connection with the Washington state patrol or is dismissed, the amount paid by the state of Washington shall remain in the retirement fund.

NEW SECTION. Sec. 614. The joint committee on pension policy shall study the method for setting employer and employee contribution rates for the Washington state patrol retirement system. The study shall include options for implementing a method or methods that allow both the employer and members to share the benefits from investment gains that exceed the long-term investment return assumptions adopted by the pension funding council.

NEW SECTION. Sec. 615. The legislature finds and declares that it is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient and effective transportation system. The legislature, public officials, and citizens need to know the extent to which state agencies, programs, and activities that impact the state's transportation system are achieving the purposes for which they were created.

The legislature recognizes that if it is to adequately fulfill its responsibility to provide for a balanced, efficient state-wide transportation system, it is essential to establish a joint legislative transportation committee that will provide an opportunity for members of the house of representatives and the senate to examine, develop, and oversee critical transportation policy and fiscal issues and make recommendations on such issues to the house of representatives and senate standing committees on transportation.

Sec. 616. RCW 44.40.010 and 1980 c 87 s 39 are each amended to read as follows:

The joint fact-finding committee on highways, streets, and bridges originally created by chapter 111, Laws of 1947, recreated and renamed the joint committee on highways by chapter 3, Laws of 1963 extraordinary session, is hereby recreated and renamed the legislative transportation committee. The renaming of said committee shall not affect any powers invested in it or its duties imposed upon it by any other statute. All appropriations made to the committee under its former name shall continue to be available to said committee as renamed, the legislative transportation committee. The committee shall consist of ~~((eleven))~~ twelve senators to be appointed by the president of the senate and twelve members of the house of representatives to be appointed by the speaker thereof. Not more than six members from each house may be from the same political party. A list of appointees shall be submitted before the close of each regular legislative session during an odd-numbered year or any successive special session convened by the governor or the legislature prior to the close of such regular session or successive special session(s) for confirmation of senate members, by the senate, and house members, by the house. Vacancies occurring shall be filled by the appointing authority. All vacancies must be filled from the same political party and from the same house as the member whose seat was vacated.

The chair will be elected biennially by the membership of the committee. After January 1, 2001, each succeeding chair must be from the opposite house of the current chair, and be from the majority party. The vice-chair must be from the opposite house.

On the effective date of this act, the president of the senate shall appoint an additional senate member as provided by the 1999 amendment of this section. With the appointment of the additional member, the terms of officers elected before the effective date of this act are terminated, and the committee shall hold a new election of officers.

The committee shall adopt rules and procedures for its orderly operation.

NEW SECTION. Sec. 617. A new section is added to chapter 44.40 RCW to read as follows:

The members of the legislative transportation committee shall form an executive committee consisting of two members from each of the four major political caucuses, which will include the chair and vice-chair of the legislative transportation committee. There will be four alternates to the executive committee, one from each of the four major political caucuses. Each alternate may represent a member from the same political caucus from which they were chosen when that member is absent, and have voting privileges during that absence.

The executive committee is responsible for performing all general administrative and personnel duties assigned to it in the rules and procedures adopted by the committee, as well as other duties delegated to it by the committee. Except when those responsibilities are assumed by the legislative transportation committee, the executive committee is responsible for adopting interim work plans and meeting schedules and approving all contracts signed on behalf of the committee.

SENATE AMENDMENTS TO HOUSE BILL

May 19, 1999

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1004 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of this act to revise the law on registration of sex and kidnapping offenders in response to the case of *State v. Pickett*, Docket number 41562-0-I. The legislature intends that all sex and kidnapping offenders whose history requires them to register shall do so regardless of whether the person has a fixed residence. The lack of a residential address is not to be construed to preclude registration as a sex or kidnapping offender. The legislature intends that persons who lack a residential address shall have an affirmative duty to report to the appropriate county sheriff, based on the level of risk of offending.

Sec. 2. RCW 9A.44.130 and 1998 c 220 s 1 and 1998 c 139 s 1 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3)(a) The person shall provide the following information when registering: ~~((a))~~ (i) Name; ~~((b))~~ (ii) address; ~~((c))~~ (iii) date and place of birth; ~~((d))~~ (iv) place of employment; ~~((e))~~ (v) crime for which convicted; ~~((f))~~ (vi) date and place of conviction; ~~((g))~~ (vii) aliases used; ~~((h))~~ (viii) social security number; ~~((i))~~ (ix) photograph; and ~~((j))~~ (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27,

1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection ~~((9))~~ (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual

notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within fourteen days after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report in person to the sheriff of the county where he or she is registered. If he or she has been classified as a risk level I sex or kidnapping offender, he or she must report monthly. If he or she has been classified as a risk level II or III sex or kidnapping offender, he or she must report weekly. The lack of a fixed residence is a factor that may be considered in determining a sex offender's risk level.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within fourteen days after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or

in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

~~((7))~~ (8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

~~((8))~~ (9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means any offense defined as a sex offense by RCW 9.94A.030 and any violation of RCW 9.68A.040 (sexual exploitation of a minor), 9.68A.050 (dealing in depictions of minor engaged in sexually explicit conduct), 9.68A.060 (sending, bringing into state depictions of minor engaged in sexually explicit conduct), 9.68A.090 (communication with minor for immoral purposes), 9.68A.100 (patronizing juvenile prostitute), or 9A.44.096 (sexual misconduct with a minor in the second degree), as well as any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030.

(b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor's parent.

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

~~((9))~~ (10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

NEW SECTION. **Sec. 3.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "offenders;" strike the remainder of the title and insert "reenacting and amending RCW 9A.44.130; creating a new section; and declaring an emergency."

and the same is herewith transmitted.

ELECTION OF CO-CHIEF CLERK

MOTION

Representative Kessler moved that with the resignation of Dean R. Foster as Co-Chief Clerk of the House of Representatives effective May 31, 1999 having been received, that nominations be open for the office of Co-Chief of the House of Representatives to be effective June 1, 1999. The motion was adopted.

Representative Kessler: "I am pleased and honored to nominate Cindy Zehnder to succeed Dean Foster as Co-Chief for the House of Representatives. Cindy quietly entered our Chamber a few weeks ago assuming the role of Assistant Chief Clerk. She took on her duties with enthusiasm utilizing her impressive list of skills and experience.

Her background in both public and private sectors as well as her involvement in civic activities is incredible. She received her Bachelor of Arts and Masters degrees from the University of Washington, a very good school in my opinion. She is a skilled administrator serving most recently as Deputy Commissioner for the Washington State Employment Security Department responsible for information systems, strategic planning, budget, legislation, and labor and management in state holder???? relations. She has a proven ability to unite diverse interests around a common program with extensive negotiation experience in both the public and private sectors. Cindy is currently a member of the University of Washington Board of Regents where she served as President of that board in 1998-99. In addition to her many other civic and community activities, Cindy served as a chair of the Personnel Committee and a member of the Executive Committee for the Fred Hutchinson Cancer Research Center Board of Trustees.

And finally her most impressive of all accomplishments, Cindy was a truck driver and dock worker for more than four years. Just by looking at her, you might find it difficult to visualize her punching those big boxes and containers and so forth down on the docks along with the fairly closed 'good ole boys' dock workers of the 1970s. I'm impressed. She gained the respect and admiration of those workers. I've heard her stories — this was not an easy accomplishment. Remember this was not in the 1990s, this was in the seventies.

I am absolute convinced that Cindy is more than up for the task of filling Dean's shoes which are rather large shoes as our Co-Chief Clerk. Please join me in voting for Cindy Zehnder for Co-Chief."

Representative Kessler moved that the nomination for Co-Chief Clerk be closed and by an unanimous voice vote, Cindy Zehnder be elected Co-Chief Clerk of the House of Representatives.

Cindy Zehnder was elected Co-Chief Clerk of the House of Representatives.

Speaker Ballard requested Representatives Kessler and Lisk escort newly elected Co-Chief Clerk Cindy Zehnder to the Rostrum. Speaker Ballard administered the Oath of Office to Co-Chief Clerk Cindy Zehnder.

ACCEPTANCE SPEECH OF CO-CHIEF CLERK ZEHNDER

Co-Chief Clerk Zehnder: "Thank you, Speaker Ballard, Speaker Chopp and members of the House of Representatives. At this late time my speech will be very brief. I am very honored to be part of you and to be part of this wonderful Institution. I will do all I can to support you in your very important work. Thank you."

WHEREAS, It is the goal of most working people to retire at a relatively young age and enjoy family and friends, travel, garden, read, and otherwise take life easy without the need to report to work daily; and

WHEREAS, Dean Foster, co-chief clerk of the House of Representatives, having committed his working life to serving the people of the state of Washington, retired from a long and distinguished career in state service in 1996, promising his loving wife Sharon that they would at last travel, and do things together; and

WHEREAS, To honor the occasion of his retirement, hundreds of friends did gather for dinner and speeches and to share "Dean Foster stories," and reminisce about his work, from humble beginnings as bill room clerk in the state House of Representatives, to serving as chief clerk of the House, co-chief clerk of the House, staff director for the Senate, and chief of staff for governor Booth Gardner; and

WHEREAS, With over five hundred witnesses to his retirement, his wife Sharon was prompted to think, "Wow, he really did it!"; and

WHEREAS, In November 1998, the state House of Representatives, for only the second time in the state's history, was tied, 49-49, and needing a co-chief clerk — someone who could help legislators navigate the choppy waters of shared power; and

WHEREAS, It was widely whispered that Dean Foster had served as co-chief clerk during the first tie, but was retired and serving as Sharon's secretary, which might mean he was available — or not; and

WHEREAS, Dean, forsaking friends and family and freedom, agreed to return to the House to help, but only for a short while, during which time his gracious manner, wise counsel, help, and guidance have been invaluable to members of both parties; and

WHEREAS, Dean Foster now once again forswears 80-hour work weeks and public service, returning home to reading, gardening, fishing, travel, and Sharon, who once again is relieved that he really did it;

NOW, THEREFORE, BE IT RESOLVED, That the members and staff of the House of Representatives publicly thank Dean Foster for his service as co-chief clerk during the 1999 Legislative Session, for his long and distinguished career as a public servant, and for the sacrifice of leaving retirement to come and serve as our mentor, friend, and colleague, and thank his wife, Sharon, for sharing him with us.

Representative Kessler moved adoption of the resolution.

Representatives Kessler and Pennington spoke in favor of the adoption of the resolution.

SPEAKER'S PRIVILEGE

Speaker Ballard: "You should look at him with a jacket and tie on for the last time for a long time because tomorrow I guarantee you when you run into him, he'll have his birkenstocks on and he will be in a casual manner. Dean, we have worked together a long. I used to stand in front there many times and ask you personal questions. You were always helpful, you were always straight with me and I want to say on behalf of this Institution, thank you very much."

House Resolution No. 99-4705 was adopted.

REMARKS OF CO-CHIEF CLERK DEAN FOSTER

Co-Chief Clerk Foster: "Thank you very much. I didn't know my wife had gone to work for the Code Reviser's Office writing floor resolutions. Last night about 10:30 I was waiting for Frank to take me home; he forgot me and I was here reading through the computer. I saw this floor resolution had been put in the computer with my name -- I didn't read it. Had I read it, I might not have come to work today.

The pleasure is mine in being able to serve and to be reminded what it is like to bring ninety eight people together from all corners of the State to go through the sacrifices -- the sacrifices your family give and that you give during these long days in a difficult situation. Thank you for the honor of serving again. I'll probably be back in twenty years in the next tie but not until then.

Thanks again. Let's get on with business."

RESOLUTION

HOUSE RESOLUTION NO. 99-4708, by Representatives Santos, Tokuda, Veloria, Murray, Kenney, H. Sommers, Lovick, Cody, Poulsen, McIntire, Constantine, Dickerson, Dunshee and Chopp

WHEREAS, The Washington State House of Representatives recognizes and values the role and the contributions of the church to the development of our citizens and our communities; and

WHEREAS, The church has historically encompassed roles beyond a religious dimension by providing critical social and economic support for immigrant populations to survive and prosper in our state and across our nation; and

WHEREAS, May 23, 1999, marks the centennial anniversary of the founding of the Japanese Baptist Church in Seattle, Washington; and

WHEREAS, Since its inception at the turn of the nineteenth century, the Japanese Baptist Church welcomed newly arrived Japanese immigrants in the Seattle area, facilitated their acculturation to their new surroundings, and laid the foundation for a strong and vibrant ethnic community of second-generation and third-generation Japanese Americans to flourish in the Pacific Northwest; and

WHEREAS, Forward-thinking congregants of the Japanese Baptist Church played a pivotal role in helping early Japanese immigrant women, many of whom came as picture brides to the United States, in their transition to a new land and to a new life by first providing safety and shelter through such group homes as the "Fujin Home" and by later providing guidance and fellowship for newly married couples; and

WHEREAS, Community organizations and affiliations, such as the Boys' Club and the Girls' Club, athletic interests, such as basketball and baseball leagues, choirs and musical groups, and critical educational needs, such as the Japanese Baptist Church Kindergarten (later renamed the Broadway Nursery School) were facilitated by the Church's active leadership; and

WHEREAS, The Japanese Baptist Church persevered through the war years despite profound prejudice and discrimination with help from remarkable individuals, like the Reverend Emery Andrews, and continued to worship together in the Minidoka Relocation Center, thereby sowing the seeds for the remarkable renewal and growth of the church in the postwar years; and

WHEREAS, The Japanese Baptist Church's centennial anniversary this year brings this organization into a small and select group of local churches to have achieved this level of longevity in our region;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives of this 56th Washington Legislature proudly honor this milestone in the remarkable one hundred year history of the Japanese Baptist Church, and in the history of the Japanese-American community in our state, both of which have contributed immeasurably to the rich heritage and culture of the Pacific Northwest; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Co-Chief Clerks of the House of Representatives to the Governor and to the congregation of the Japanese Baptist Church.
