INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.
(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative state-wide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:
   (a) System refurbishment, acquisitions, and development efforts;
   (b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
   (c) Assessment of overall information processing performance, resources, and capabilities;
   (d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
   (e) Progress toward enabling electronic access to public information.

(3) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project’s impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and state-wide information infrastructure; and (e) the impact of the proposed enhancements to an agency’s information technology capabilities on meeting service delivery demands.

(4) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency’s business functions within each development cycle.

(5) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(6) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(7) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project’s quality assurance plan.

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed bid procedure shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management; PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management; PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from four hundred dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to four hundred dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost; PROVIDED, That this four hundred dollar direct buy limit without competitive bids may be increased incrementally as required to a maximum of eight hundred dollars, if warranted by increases in purchasing costs due to inflationary trends;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management office under RCW 43.19.1935;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services; PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state’s vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in
RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases by institutions of higher education not exceeding thirty-five thousand dollars:

PROVIDED. That for purchases between two thousand five hundred dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between two thousand five hundred dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from two thousand five hundred to thirty-five thousand dollars shall be documented for audit purposes; and

(8) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars.

Sec. 607. RCW 88.16.090 and 1995 c 175 s 1 are each amended to read as follows:

(1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, 2001, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, 2001, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.
(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.

(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant’s heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician’s report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant’s vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots.

For the purposes of this section, the term "highway purposes of the state" does not include those expenditures of the Washington state patrol heretofore appropriated or reappropriated from the motor vehicle fund. Nothing in this section or in RCW 46.68.090 may be construed so as to violate terms or conditions contained in highway construction bond issues authorized by statute as of the effective date of this section or thereafter and whose payment is, by the statute, pledged to be paid from excise taxes on motor vehicle fuel and special fuels.

Sec. 613. RCW 47.26.425 and 1994 c 179 s 22 are each amended to read as follows:
Any funds required to repay the first authorization of two hundred million dollars of bonds authorized by RCW 47.26.420, as amended by section 18, chapter 317. arterial trust account ((and the small city account)) proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 614. RCW 47.26.4252 and 1995 c 274 s 12 are each amended to read as follows:

Any funds required to repay the authorization of series II bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, or the interest thereon when due, shall first be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and which is distributed to the urban arterial trust account in the motor vehicle fund ((and the certain sums received by the small city account in the motor vehicle fund imposed by)) pursuant to RCW ((82.36.025(3) and 46.68.100(9))) 46.68.090(1)(g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979. If the moneys distributed to the urban arterial trust account ((and the small city account)) shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW ((46.68.100 as now existing or hereafter amended)) 46.68.090. Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues which are distributable to the state, counties, cities, and towns, shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds or series II and series III bonds or interest on those bond issues.

If the moneys so distributed to the urban arterial trust account ((and the small city account)), after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW ((46.68.100)) 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account ((and the small city account)) are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW ((46.68.100(1))) 46.68.090(1)(i) and to the counties pursuant to RCW ((46.68.100(3)). Of the counties’, cities’, and towns’ share of any additional amounts required in each fiscal year ((thereafter)), the percentage thereof to be taken from the counties’ distributive share and from the cities’ and towns’ distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first
eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account (and the small city account) not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

Sec. 616. RCW 47.26.505 and 1994 c 179 s 29 are each amended to read as follows:
Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund (and the sums received by the small city account in the motor vehicle fund) under RCW ((46.68.095) 46.68.090, and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Sec. 617. RCW 47.30.030 and 1979 ex.s. c 121 s 1 are each amended to read as follows:
Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW (46.68.100) 46.68.090, as necessary for the planning, accommodation, establishment, and maintenance of such facilities.

Sec. 618. RCW 47.30.050 and 1979 ex.s. c 121 s 2 are each amended to read as follows:
(1) The amount expended by a city, town, or county as authorized by RCW 47.30.030((as now or hereafter amended,)) shall never in any one fiscal year be less than ((one-half of one)) 0.42 percent of the total amount of funds received from the motor vehicle fund according to ((the provisions of)) RCW ((46.68.100: PROVIDED, That)) 46.68.090. However, this section does not apply to a city or town in any year in which the ((one-half of one)) 0.42 percent equals five hundred dollars or less, or to a county in any year in which the ((one-half of one)) 0.42 percent equals three thousand dollars or less((: PROVIDED FURTHER, That)). Also, a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030.
(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030((as now or hereafter amended,)) a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.
(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with
a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980.

Sec. 619. RCW 47.56.725 and 1991 c 310 s 1 are each amended to read as follows:

(1) The department is hereby authorized to enter into a continuing agreement with Pierce, Skagit, and Whatcom counties pursuant to which the department shall, from time to time, direct the distribution to each of the counties the amounts authorized in subsection (2) of this section in accordance with RCW (((46.68.100)) 46.68.090).

(2) The department is authorized to include in each agreement a provision for the distribution of funds to each county to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by the county. The total amount to be reimbursed to Pierce, Skagit, and Whatcom counties collectively shall not exceed one million dollars in any biennium. Each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at least equal to tolls in place on January 1, 1990.

(3) The annual fiscal year operating and maintenance deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the department. The annual fiscal year operating and maintenance deficit is defined as the total of operations and maintenance expenditures less the sum of ferry toll revenues and that portion of fuel tax revenue distributions which are attributable to the county ferry as determined by the department. Distribution of the amounts authorized by subsection (2) of this section by the state treasurer shall be directed by the department upon the receipt of properly executed vouchers from each county.

(4) The county road administration board may evaluate requests by Pierce, Skagit, Wahkiakum, and Whatcom counties for county ferry capital improvement funds. The board shall evaluate the requests and, if approved by a majority of the board, submit the requests to the legislature for funding out of the amounts available under RCW (((46.68.100(3)) 46.68.090(1)(j). Any county making a request under this subsection shall first seek funding through the public works trust fund, or any other available revenue source, where appropriate.

Sec. 620. RCW 47.56.750 and 1995 c 274 s 16 are each amended to read as follows:

There is hereby created in the highway bond retirement fund in the state treasury a special account to be known as the Columbia river toll bridge account into which shall be deposited any capitalized interest from the proceeds of the bonds, and at least monthly all of the tolls and other revenues received from the operation of the toll bridge and from any interest which may be earned from the deposit or investment of these revenues after the payment of costs of operation, maintenance, management, and necessary repairs of the facility. The principal of and interest on the bonds shall be paid first from money deposited in the Columbia river toll bridge account in the highway bond retirement fund, and then, to the extent that money deposited in that account is insufficient to make any such payment when due, from the state excise taxes on motor vehicle and special fuels deposited in the highway bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the bonds if the money deposited in the Columbia river toll bridge account of the highway bond retirement fund is insufficient to make such payments. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional moneys as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the highway bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the state. If the proceeds from the excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state,
counties, cities, and towns pursuant to RCW ((46.68.100 as now existing or hereafter amended)) 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first moneys distributed to the state not required for redemption of the bonds or interest thereon. The legislature covenants and pledges that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the bonds.

(1) The refunding bonds authorized under RCW 47.56.770 shall be general obligation bonds of the state of Washington and shall be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued shall be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds shall be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last maturity date of the refunding bonds shall not be later than January 1, 2002.

There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW ((46.68.100 as now existing or hereafter amended)) 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first money distributed to the state not required for redemption of the refunding bonds or interest thereon. The legislature covenants that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds.

To the extent that the revenues from the Washington state ferry system available therefor are insufficient to meet required payments of principal and interest on bonds, sinking fund requirements, and payments into reserves, the department shall use moneys in the Puget Sound capital construction account for such purpose.

SENATE AMENDMENTS TO HOUSE BILL

April 6, 1999

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1163 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the contamination of properties used for illegal drug manufacturing poses a threat to public health. The toxic chemicals left behind by the illegal drug manufacturing must be cleaned up to prevent harm to subsequent occupants of the properties. It is the intent of the legislature that properties are decontaminated in a manner that is efficient, prompt, and that makes them safe to reoccupy.

Sec. 2. RCW 64.44.010 and 1990 c 213 s 2 are each amended to read as follows:

The words and phrases defined in this section shall have the following meanings when used in this chapter unless the context clearly indicates otherwise.

(1) "Authorized contractor" means a person who decontaminates, demolishes, or disposes of contaminated property as required by this chapter who is((a))) certified by the department as provided for in RCW 64.44.060((, or (b) until January 1, 1991, listed with the department as provided for in section 8, chapter 213, Laws of 1990)).
(2) "Contaminated" or "contamination" means polluted by hazardous chemicals so that the property is unfit for human habitation or use due to immediate or long-term hazards. Property that at one time was contaminated but has been satisfactorily decontaminated according to procedures established by the state board of health is not "contaminated."

(3) "Hazardous chemicals" means the following substances used in the manufacture of illegal drugs: (a) Hazardous substances as defined in RCW 70.105D.020, and (b) precursor substances as defined in RCW 69.43.010 which the state board of health, in consultation with the state board of pharmacy, has determined present an immediate or long-term health hazard to humans.

(4) "Officer" means a local health officer authorized under chapters 70.05, 70.08, and 70.46 RCW.

(5) "Property" means any property, site, structure, or part of a structure which is involved in the unauthorized manufacture or storage of hazardous chemicals. This includes but is not limited to single-family residences, units of multiplexes, condominiums, apartment buildings, boats, motor vehicles, trailers, manufactured housing, or any shop, booth, or garden.

Sec. 3. RCW 64.44.020 and 1990 c 213 s 3 are each amended to read as follows:

Whenever a law enforcement agency becomes aware that property has been contaminated by hazardous chemicals, that agency shall report the contamination to the local health officer. The local health officer shall ((cause a posting of a notice immediately upon being notified)) post a written warning on the premises within one working day of notification of the contamination and shall ((cause an inspection to be done on)) inspect the property within fourteen days after receiving the notice of contamination. The warning shall inform the potential occupants that hazardous chemicals may exist on, or have been removed from, the premises and that entry is unsafe. If a property owner believes that a tenant has contaminated property that was being leased or rented, and the property is vacated or abandoned, then the property owner shall contact the local health officer about the possible contamination. Local health officers or boards may charge property owners reasonable fees for inspections of suspected contaminated property requested by property owners. ((If property is determined to be contaminated, then the local health officer shall cause a posting of a notice on the premises.)) A local health officer may enter, inspect, and survey at reasonable times any properties for which there are reasonable grounds to believe that the property has become contaminated. If the property is contaminated, the local health officer shall post a written notice declaring that the officer intends to issue an order prohibiting use of the property as long as the property is contaminated.

Local health officers must report all cases of contaminated property to the state department of health. The department may make the list of contaminated properties available to health associations, landlord and realtor organizations, prosecutors, and other interested groups. The department shall promptly update the list of contaminated properties to remove those which have been decontaminated according to provisions of this chapter.

The local health officer may determine when the services of an authorized contractor are necessary.

Sec. 4. RCW 64.44.030 and 1990 c 213 s 4 are each amended to read as follows:

If after the inspection of the property, the local health officer finds that it is contaminated, then the property shall be found unfit for use. The local health officer shall cause to be served an order prohibiting use either personally or by certified mail, with return receipt requested, upon all occupants and persons having any interest therein as shown upon the records of the auditor’s office of the county in which such property is located. The local health officer shall also post the order prohibiting use in a conspicuous place on the property. If the whereabouts of such persons is unknown and the same cannot be ascertained by the local health officer in the exercise of reasonable diligence, and the health officer makes an affidavit to that effect, then the serving of the order upon such persons may be made either by personal service or by mailing a copy of the order by certified mail, postage prepaid, return receipt requested, to each person at the address appearing on the last equalized tax assessment roll of the county where the property is located or at the address known to the county assessor, and the order shall be posted conspicuously at the residence. A copy of the order

an interest in the property may file an appeal on any order issued by the local health board or officer
within thirty days from the date of service of the order with the appeals commission established
pursuant to RCW 35.80.030. All proceedings before the appeals commission, including any
subsequent appeals to superior court, shall be governed by the procedures established in chapter 35.80
RCW.

Sec. 5. RCW 64.44.040 and 1990 c 213 s 5 are each amended to read as follows:

or demolish property or to require the property be vacated or the contents removed from the property.
The city or county (must) may use an authorized contractor if property is demolished,
decontaminated, or removed under this section. No city or county may condemn or demolish property
pursuant to this section until all procedures granting the right of notice and the opportunity to appeal in
RCW 64.40.030 have been exhausted.

Sec. 6. RCW 64.44.050 and 1990 c 213 s 6 are each amended to read as follows:

shall use the services of an authorized contractor (to decontaminate the property) unless otherwise
authorized by the local health officer. The contractor shall prepare and submit a written work plan for
decontamination to the local health officer. The local health officer may charge a reasonable fee for
review of the work plan. If the work plan is approved and the decontamination is completed and the
property is retested according to the plan and properly documented, then the health officer shall allow
reuse of the property. A (notice) release for reuse document shall be recorded in the real property
records (if applicable) indicating the property has been decontaminated in accordance with rules of

drug manufacturing or storage site to determine hazard reduction measures needed, techniques for
adequately reducing contaminants, use of personal protective equipment, methods for proper
decontamination, demolition, removal, and disposal of contaminated property, and relevant federal and
state regulations. Upon successful completion of the training, the contractor or employee shall be
certified.

(2) The department may require the successful completion of annual refresher courses provided
or approved by the department for the continued certification of the contractor or employee.

(3) The department shall provide for reciprocal certification of any individual trained to engage
in decontamination, demolition, or disposal work in another state when the prior training is shown to

(6) The department of health shall prescribe fees as provided for in RCW 43.70.250 for the issuance and renewal of certificates, the administration of examinations, and for the review of training courses.

(7) The decontamination account is hereby established in the state treasury. All fees collected under this chapter shall be deposited in this account. Moneys in the account may only be spent after appropriation for costs incurred by the department in the administration and enforcement of this chapter.

(e) To investigate alternate arrangements made, or which might be created, by or on behalf of the alleged incapacitated person, such as revocable or irrevocable trusts, or durable powers of attorney; whether good cause exists for any such arrangements to be discontinued; and why such arrangements should not be continued or created in lieu of a guardianship;

(f) To provide the court with a written report which shall include the following:

(i) A description of the nature, cause, and degree of incapacity, and the basis upon which this judgment was made;

(ii) A description of the needs of the incapacitated person for care and treatment, the probable residential requirements of the alleged incapacitated person and the basis upon which these findings were made;

(iii) An evaluation of the appropriateness of the guardian or limited guardian whose appointment is sought and a description of the steps the proposed guardian has taken or intends to take to identify and meet current and emerging needs of the incapacitated person;

(iv) A description of any alternative arrangements previously made by the alleged incapacitated person or which could be made, and whether and to what extent such alternatives should be used in lieu of a guardianship, and if the guardian ad litem is recommending discontinuation of any such arrangements, specific findings as to why such arrangements are contrary to the best interest of the alleged incapacitated person;

Within forty-five days after notice of commencement of the guardianship proceeding has been served upon the guardian ad litem, and at least fifteen days before the hearing on the petition, unless an extension or reduction of time has been granted by the court for good cause, the guardian ad litem shall file its report and send a copy to the alleged incapacitated person and his or her counsel, spouse, all children not residing with a notified person, those persons described in (f)(viii) of this subsection, and persons who have filed a request for special notice pursuant to RCW 11.92.150. If the guardian ad litem needs additional time to finalize his or her report, then the guardian ad litem shall petition the court for a postponement of the hearing or, with the consent of all other parties, an extension or reduction of time for filing the report. If the hearing does not occur within sixty days of filing the petition, then upon the two-month anniversary of filing the petition and on or before the same day of
each following month until the hearing, the guardian ad litem shall file interim reports summarizing his or her activities on the proceeding during that time period as well as fees and costs incurred;

(((4))) (6) If the petition is brought by an interested person or entity requesting the appointment of some other qualified person or entity and a prospective guardian or limited guardian cannot be found, the court shall order the guardian ad litem to investigate the availability of a possible guardian or limited guardian and to include the findings in a report to the court pursuant to subsection (((4))) (5)(f) of this section.

(((4))) (7) The parties to the proceeding may file responses to the guardian ad litem report with the court and deliver such responses to the other parties and the guardian ad litem at any time up to the second day prior to the hearing. If a guardian ad litem fails to file his or her report in a timely manner, the hearing shall be continued to give the court and the parties at least fifteen days before the hearing to review the report. At any time during the proceeding upon motion of any party or on the court's own motion, the court may remove the guardian ad litem for failure to perform his or her duties as specified in this chapter, provided that the guardian ad litem shall have five days' notice of any motion to remove before the court enters such order. In addition, the court in its discretion may reduce a guardian ad litem's fee for failure to carry out his or her duties.

(((4))) (8) The court appointed guardian ad litem shall have the authority, in the event that the alleged incapacitated person is in need of emergency life-saving medical services, and is unable to consent to such medical services due to incapacity pending the hearing on the petition to give consent for such emergency life-saving medical services on behalf of the alleged incapacitated person.

(i) The proposed guardian’s knowledge of the duties, requirements, and limitations of a guardian; and

(ii) The steps the proposed guardian intends to take or has taken to identify and meet the needs of the alleged incapacitated person;

(d) To consult as necessary to complete the investigation and report required by this section with those known relatives, friends, or other persons the guardian ad litem determines have had a significant, continuing interest in the welfare of the alleged incapacitated person;

(e) To investigate alternate arrangements made, or which might be created, by or on behalf of the alleged incapacitated person, such as revocable or irrevocable trusts, or durable powers of attorney, or blocked accounts in cases of personal injury settlements; whether good cause exists for any such arrangements to be discontinued; and why such arrangements should not be continued or created in lieu of a guardianship;

(f) To provide the court with a written report which shall include the following:

(i) A description of the nature, cause, and degree of incapacity, and the basis upon which this judgment was made;
(ii) A description of the needs of the incapacitated person for care and treatment, the probable residential requirements of the alleged incapacitated person and the basis upon which these findings were made;

(iii) An evaluation of the appropriateness of the guardian or limited guardian whose appointment is sought and a description of the steps the proposed guardian has taken or intends to take to identify and meet current and emerging needs of the incapacitated person;

(iv) A description of any alternative arrangements previously made by the alleged incapacitated person or which could be made, and whether and to what extent such alternatives should be used in lieu of a guardianship, and if the guardian ad litem is recommending discontinuation of any such arrangements, specific findings as to why such arrangements are contrary to the best interest of the alleged incapacitated person;

(v) A description of the abilities of the alleged incapacitated person and a recommendation as to whether a guardian or limited guardian should be appointed. If appointment of a limited guardian is recommended, the guardian ad litem shall recommend the specific areas of authority the limited guardian should have and the limitations and disabilities to be placed on the incapacitated person;

(vi) An evaluation of the person’s mental ability to rationally exercise the right to vote and the basis upon which the evaluation is made;

(vii) Any expression of approval or disapproval made by the alleged incapacitated person concerning the proposed guardian or limited guardian or guardianship or limited guardianship;

(viii) Identification of persons with significant interest in the welfare of the alleged incapacitated person who should be advised of their right to request special notice of proceedings pursuant to RCW 11.92.150; (and)

(ix) Unless independent counsel has appeared for the alleged incapacitated person, an explanation of how the alleged incapacitated person responded to the advice of the right to jury trial, to independent counsel and to be present at the hearing on the petition; and

(x) In cases of personal injury settlements, information relevant to the court’s analysis of the offered settlement. The information relevant to the court’s analysis may be specified by local court rule, and need not include information specified in subsection (4)(f)(i) through (ix) of this section.

Within forty-five days after notice of commencement of the guardianship proceeding has been served upon the guardian ad litem, and at least fifteen days before the hearing on the petition, unless an extension or reduction of time has been granted by the court for good cause, the guardian ad litem shall file its report and send a copy to the alleged incapacitated person and his or her counsel, spouse, all children not residing with a notified person, those persons described in (f)(viii) of this subsection, and persons who have filed a request for special notice pursuant to RCW 11.92.150. If the guardian ad litem needs additional time to finalize his or her report, then the guardian ad litem shall petition the court for a postponement of the hearing or, with the consent of all other parties, an extension or reduction of time for filing the report. If the hearing does not occur within sixty days of filing the petition, then upon the two-month anniversary of filing the petition and on or before the same day of each following month until the hearing, the guardian ad litem shall file interim reports summarizing his or her activities on the proceeding during that time period as well as fees and costs incurred;

(g) To advise the court of the need for appointment of counsel for the alleged incapacitated person within five court days after the meeting described in (a) of this subsection unless (i) counsel has appeared, (ii) the alleged incapacitated person affirmatively communicated a wish not to be represented by counsel after being advised of the right to representation and of the conditions under which court-provided counsel may be available, or (iii) the alleged incapacitated person was unable to communicate at all on the subject, and the guardian ad litem is satisfied that the alleged incapacitated person does not affirmatively desire to be represented by counsel.

(5) If the petition is brought by an interested person or entity requesting the appointment of some other qualified person or entity and a prospective guardian or limited guardian cannot be found, the court shall order the guardian ad litem to investigate the availability of a possible guardian or limited guardian and to include the findings in a report to the court pursuant to subsection (4)(f) of this section.

(6) The parties to the proceeding may file responses to the guardian ad litem report with the court and deliver such responses to the other parties and the guardian ad litem at any time up to the
second day prior to the hearing. If a guardian ad litem fails to file his or her report in a timely manner, the hearing shall be continued to give the court and the parties at least fifteen days before the hearing to review the report. At any time during the proceeding upon motion of any party or on the court's own motion, the court may remove the guardian ad litem for failure to perform his or her duties as specified in this chapter, provided that the guardian ad litem shall have five days' notice of any motion to remove before the court enters such order. In addition, the court in its discretion may reduce a guardian ad litem's fee for failure to carry out his or her duties.

(7) The court appointed guardian ad litem shall have the authority, in the event that the alleged incapacitated person is in need of emergency life-saving medical services, and is unable to consent to such medical services due to incapacity pending the hearing on the petition to give consent for such emergency life-saving medical services on behalf of the alleged incapacitated person.

(8) The court-appointed guardian ad litem shall have the authority to move for temporary relief under chapter 7.40 RCW to protect the alleged incapacitated person from abuse, neglect, abandonment, or exploitation, as those terms are defined in RCW 74.34.020, or to address any other emergency needs of the alleged incapacitated person. Any alternative arrangement executed before filing the petition for guardianship shall remain effective unless the court grants the relief requested under chapter 7.40 RCW, or unless, following notice and a hearing at which all parties directly affected by the arrangement are present, the court finds that the alternative arrangement should not remain effective.

(9) The guardian ad litem shall receive a fee determined by the court. The fee shall be charged to the alleged incapacitated person unless the court finds that such payment would result in substantial hardship upon such person, in which case the county shall be responsible for such costs: PROVIDED, That if no guardian or limited guardian is appointed the court may charge such fee to the petitioner or the alleged incapacitated person, or divide the fee, as it deems just; and if the petition is found to be frivolous or not brought in good faith, the guardian ad litem fee shall be charged to the petitioner. The court shall not be required to provide for the payment of a fee to any salaried employee of a public agency. In cases of personal injury settlements, guardian ad litem fees shall be negotiated among the parties, and approved by the court.

(10) Upon the presentation of the guardian ad litem report and the entry of an order either dismissing the petition for appointment of guardian or limited guardian or appointing a guardian or limited guardian, the guardian ad litem shall be dismissed and shall have no further duties or obligations unless otherwise ordered by the court. If the court orders the guardian ad litem to perform further duties or obligations, they shall not be performed at county expense.

(11) The guardian ad litem shall appear in person at all hearings on the petition unless all parties provide a written waiver of the requirement to appear.

(12) At any hearing the court may consider whether any person who makes decisions regarding the alleged incapacitated person or estate has breached a statutory or fiduciary duty.

NEW SECTION. Sec. 4. A new section is added to chapter 11.88 RCW to read as follows: The court shall, in each order of appointment, specify the hourly rate the guardian ad litem may charge for his or her services, and shall specify the maximum amount the guardian ad litem may charge without additional court review and approval.

NEW SECTION. Sec. 5. A new section is added to chapter 11.88 RCW to read as follows: All guardians ad litem are prohibited from engaging in ex parte communications with any judicial officer regarding the matter for which he or she is appointed, except as approved pursuant to a hearing conducted with appropriate notice to all parties. All guardians ad litem may petition the court to shorten time to hear any emergency motions pursuant to court rules. Unauthorized communication shall be immediately reported to all parties and their attorneys. The court, upon its own motion, or upon the motion of a party, may consider the removal of any guardian ad litem who violates this section from any pending case or the guardian ad litem rotational registry, and if so removed may require forfeiture of any fees for professional services on any pending cases.

Sec. 6. RCW 13.34.100 and 1996 c 249 s 13 are each amended to read as follows:
(1) The court shall appoint a guardian ad litem for a child who is the subject of an action under this chapter, unless a court for good cause finds the appointment unnecessary. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by independent counsel in the proceedings.

(2) If the court does not have available to it a guardian ad litem program with a sufficient number of volunteers, the court may appoint a suitable person to act as guardian ad litem for the child under this chapter. Another party to the proceeding or the party’s employee or representative shall not be so appointed.

(3) Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background file shall include, but is not limited to, the following information:

(a) Level of formal education;
(b) Training related to the guardian’s duties;
(c) Number of years’ experience as a guardian ad litem;
(d) Number of appointments as a guardian ad litem and the county or counties of appointment;

(e) The name of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action that orders removal from the registry, and the cause number of any case in which the court orders removal of the person because the person fails to perform his or her duties as guardian ad litem; and

(f) Criminal history, as defined in RCW 9.94A.030.

The background information report shall be updated annually. As a condition of appointment, the guardian ad litem’s background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program the person shall provide the background information to the court.

Upon appointment, the guardian ad litem, or guardian ad litem program, shall provide the parties or their attorneys with a statement containing: His or her training relating to the duties as a guardian ad litem; the name of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action that orders removal from the registry, and the cause number of any case in which the court orders removal of the person because the person fails to perform his or her duties as guardian ad litem; and his or her criminal history as defined in RCW 9.94A.030 for the period covering ten years prior to the appointment. The background statement shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

(4) The appointment of the guardian ad litem shall remain in effect until the court discharges the appointment or no longer has jurisdiction, whichever comes first. The guardian ad litem may also be discharged upon entry of an order of guardianship.

(5) A guardian ad litem through counsel, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

(6) If the child requests legal counsel and is age twelve or older, or if the guardian ad litem or the court determines that the child needs to be independently represented by counsel, the court may appoint an attorney to represent the child’s position.

(7) For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93-247, or any related state or federal legislation, a person appointed pursuant to RCW 13.34.100 shall be deemed a guardian ad litem to represent the best interests of the minor in proceedings before the court.

(8) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends and the appointment shall be effective immediately. The court shall appoint the person recommended by the program. If a party in a case reasonably believes the court-appointed special advocate or volunteer is inappropriate or
unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate on the grounds the advocate or volunteer is inappropriate or unqualified.

Sec. 7. RCW 13.34.102 and 1997 c 41 s 6 are each amended to read as follows:

(1) (a) All guardians ad litem (who have not previously served or been trained as a guardian ad litem in this state, who are appointed after January 1, 1998) must (complete the curriculum developed by the office of the administrator for the courts) comply with the training requirements established under RCW 2.56.030(15), prior to their appointment in cases under Title 13 RCW, except that volunteer guardians ad litem or court-appointed special advocates (accepted into a volunteer program after January 1, 1998) may (complete an alternative curriculum) comply with alternative training requirements approved by the office of the administrator for the courts that meet((s)) or exceed((s)) the state-wide ((curriculum)) requirements.

(b) All persons appointed as guardians ad litem or court-appointed special advocates must comply with the continuing education requirements established under RCW 2.56.030(15).

(2) (a) Each guardian ad litem program for compensated guardians ad litem shall establish a rotational registry system for the appointment of guardians ad litem. If a judicial district does not have a program the court shall establish the rotational registry system. Guardians ad litem shall be selected from the registry except in exceptional circumstances as determined and documented by the court. The parties may make a joint recommendation for the appointment of a guardian ad litem from the registry.

(b) In judicial districts with a population over one hundred thousand, a list of three names shall be selected from the registry and given to the parties along with the background information as specified in RCW 13.34.100(3), including their hourly rate for services. Each party may, within three judicial days, strike one name from the list. If more than one name remains on the list, the court shall make the appointment from the names on the list. In the event all three names are stricken the person whose name appears next on the registry shall be appointed.

(c) If a party reasonably believes that the appointed guardian ad litem lacks the necessary expertise for the proceeding, charges an hourly rate higher than what is reasonable for the particular proceeding, or has a conflict of interest, the party may, within three judicial days from the appointment, move for substitution of the appointed guardian ad litem by filing a motion with the court.

(d) Upon the motion of any party the court shall, if located in a judicial district with a population over one hundred thousand, remove a compensated guardian ad litem who was not selected from a rotational registry system. This subsection (2)(d) does not apply when the guardian ad litem was appointed: (i) Under exceptional circumstances authorized under (a) of this subsection; or (ii) as a result of a joint recommendation of the parties.

(3) The rotational registry system shall not apply to court-appointed special advocate programs.

Sec. 8. RCW 13.34.105 and 1993 c 241 s 3 are each amended to read as follows:

(c) To monitor all court orders for compliance and to bring to the court’s attention any change in circumstances that may require a modification of the court’s order; ((and))

(d) To report to the court information on: (i) The legal status of a child’s membership in any Indian tribe or band; and (ii) the facts relating to the child’s best interests; and

(e) Court-appointed special advocates may make recommendations based upon an independent investigation in the best interests of the child, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(2) A guardian ad litem shall be deemed an officer of the court for the purpose of immunity from civil liability.
(3) Except for information or records specified in RCW 13.50.100(4), the guardian ad litem shall have access to all information available to the state or agency on the case. Upon presentation of the order of appointment by the guardian ad litem, any agency, hospital, school organization, division or department of the state, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the guardian ad litem to inspect and copy any records relating to the child or children involved in the case, without the consent of the parent or guardian of the child, or of the child if the child is under the age of thirteen years, unless such access is otherwise specifically prohibited by law.

(4) A guardian ad litem may release confidential information, records, and reports to the office of the family and children’s ombudsman for the purposes of carrying out its duties under chapter 43.06A RCW.

(5) The guardian ad litem shall release case information in accordance with the provisions of RCW 13.50.100.

NEW SECTION. Sec. 9. A new section is added to chapter 13.34 RCW to read as follows:
The court shall, in each order of appointment, specify the hourly rate the guardian ad litem may charge for his or her services, and shall specify the maximum amount the guardian ad litem may charge without additional court review and approval.

NEW SECTION. Sec. 10. A new section is added to chapter 13.34 RCW to read as follows:
All guardians ad litem and court-appointed special advocates are prohibited from engaging in ex parte communications with any judicial officer regarding the matter for which he or she is appointed, except as approved pursuant to a hearing conducted with appropriate notice to all parties. All guardians ad litem may petition the court to shorten time to hear any emergency motions pursuant to court rules. Unauthorized communication shall be immediately reported to all parties and their attorneys. The court, upon its own motion, or upon the motion of a party, may consider the removal of any guardian ad litem or court-appointed special advocate who violates this section from any pending case or from any court-authorized registry, and if so removed may require forfeiture of any fees for professional services on any pending cases.

The court may appoint a guardian ad litem from the court-appointed special advocate program, if that program exists in the county.
(b) Unless otherwise ordered, the guardian ad litem’s role is to investigate and report to the court concerning parenting arrangements for the child((and to represent the child’s best interests)). This should include factual information regarding the best interests of the child. Additionally, if a minor expresses his or her custody wishes, the guardian ad litem must report the wishes to the court. The child’s wishes do not determine placement. The court may require the guardian ad litem to provide periodic reports to the parties regarding the status of his or her investigation. The guardian ad litem shall file his or her report at least sixty days prior to trial.
(c) The court shall enter an order for costs, fees, and disbursements to cover the costs of the guardian ad litem. The court may order either or both parents to pay for the costs of the guardian ad litem, according to their ability to pay. If both parents are indigent, the county shall bear the cost of the guardian, subject to appropriation for guardians’ ad litem services by the county legislative authority. Guardians ad litem who are not volunteers shall provide the parties with an itemized accounting of their time and billing for services each month.
(2)(a) If the guardian ad litem appointed is from the county court-appointed special advocate program, the program shall supervise any guardian ad litem assigned to the case. The court-appointed special advocate program shall be entitled to notice of all proceedings in the case.
The legislative authority of each county may authorize creation of a court-appointed special advocate program. The county legislative authority may adopt rules of eligibility for court-appointed special advocate program services.

(f) Criminal history, as defined in RCW 9.94A.030.

The background information report shall be updated annually. As a condition of appointment, the guardian ad litem’s background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program the person shall provide the background information to the court.

Upon appointment, the guardian ad litem, or guardian ad litem program, shall provide the parties or their attorneys with a statement containing: His or her training relating to the duties as a guardian ad litem; the name of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action that orders removal from the registry, and the cause number of any case in which the court orders removal of the person because the person fails to perform his or her duties as guardian ad litem; and his or her criminal history as defined in RCW 9.94A.030 for the period covering ten years prior to the appointment. The background statement shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends and the appointment shall be effective immediately. POINT OF ORDER

Representative Dickerson requested a scope and object ruling on the Senate amendments to Substitute House Bill No. 1525.

SPEAKERS' RULING

The Speaker (Representative Ogden presiding): "The Co-Speakers have reviewed Substitute House Bill No. 1525 and the Senate amendments. The Title is AN ACT Relating to authorizing mediation in guardianship proceedings. They find that Substitute House Bill No. 1525 has a narrow scope and object that authorizes mediation in guardianship proceedings. The Senate amendments make a variety of changes to the statutes governing guardians ad litem including establishing new requirements for training, continuing education, grievance procedures, disclosure, appointment and removal. The Senate amendments go far beyond authorizing mediation and clearly exceed the scope and object of Substitute House Bill No. 1525. Representative Dickerson, your Point of Order is well taken."

There being no objection, the House refused to concur in the Senate Amendment(s) to Substitute House Bill No. 1525 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1569 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the purpose of Washington's accountability system is to improve student learning and student achievement of the essential academic learning standards. The legislature finds that only thirty-one percent of students who took the 1998 fourth grade Washington assessment of student learning met the standard for proficiency in mathematics. The legislature also finds that only twenty percent of students who took the seventh..."
grade trial assessment met the standard for proficiency in mathematics. The legislature intends to identify best practices in mathematics instruction for current and prospective mathematics teachers in the elementary and middle grades, and to provide training opportunities for teachers in using those instructional methods to help students in the classroom.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The excellence in mathematics training program is established to improve the mathematics performance of elementary, middle and junior high school students. The purpose of the program is to improve students’ proficiency in mathematics by enhancing teachers’ skills in using teaching methods that have been proven to be effective based upon empirical research. The program shall be administered by the office of the superintendent of public instruction.

(2) The superintendent of public instruction, to the extent funds are appropriated, shall establish training programs in mathematics instruction and assessment for educators working with elementary, middle, and junior high school students. The programs shall be designed to prepare educators to select and implement appropriate instructional strategies and effective programs to improve mathematics instruction. Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2005 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.40.020 and 1995 c 403 s 509 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(1) "Agency" means any state board, commission, bureau, committee, department, institution, division, or tribunal in the legislative, executive, or judicial branch of state government. "Agency" includes all elective offices, the state legislature, those institutions of higher education created and supported by the state government, and those courts that are part of state government.

(2) "Auditor" means the office of the state auditor.

(3) "Employee" means any individual employed or holding office in any department or agency of state government.

(4) "Good faith" means a reasonable basis in fact for the communication. "Good faith" is lacking when the employee knows or reasonably ought to know that the report is malicious, false, or frivolous.

(5) "Gross waste of funds" means to spend or use funds or to allow funds to be used without valuable result in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.

(6)(a) "Improper governmental action" means any action by an employee(;;i Which is(;;(i) Which is in violation of any state law or rule, is an abuse of authority, mismanagement or gross waste of public funds or resources as defined in this section; or (ii) Which is of substantial and specific danger to the public health or safety(;;(i) Which is of a minimum nature; or (iii) Which is of substantial and specific danger to the public health or safety(;;or is a gross waste of public funds)).

(4) "Mismanagement" means the exercise of an executive function in a manner grossly deviating from the standard of care or competence that a reasonable person would observe in the same situation.
(8) "Substantial and specific danger" means a risk of serious injury, illness, peril, or loss, to
which the exposure of the public is a gross deviation from the standard of care or competence which a
reasonable person would observe in the same situation.
(9) "Use of official authority or influence" includes taking, directing others to take,
recommending, processing, or approving any personnel action such as an appointment, promotion,
transfer, assignment, reassignment, reinstatement, restoration, reemployment, performance evaluation,
or any adverse action under chapter 41.06 RCW, or other disciplinary action.
((44)) (10) "Whistleblower" means an employee who in good faith reports alleged improper
governmental action to the auditor, initiating an investigation under RCW 42.40.040. For purposes of
the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the
term "whistleblower" also means: (a) An employee who in good faith provides information to the
auditor in connection with an investigation under RCW 42.40.040 and an employee who is believed to
have reported ((alleged)) asserted improper governmental action to the auditor or to have provided
information to the auditor in connection with an investigation under RCW 42.40.040 but who, in fact,
has not reported such action or provided such information; or (b) an employee who in good faith
identifies rules warranting review or provides information to the rules review committee, and an
employee who is believed to have identified rules warranting review or provided information to the
rules review committee but who, in fact, has not done so.

NEW SECTION. Sec. 2. An employee must make a reasonable attempt to ascertain the
 correctness of the information furnished and may be subject to disciplinary actions, including, but not
limited to, suspension or termination, for knowingly furnishing false information as determined by the
employee's appointing authority.

Sec. 3. RCW 42.40.040 and 1992 c 118 s 2 are each amended to read as follows:
(1) (a) In order to be investigated, an assertion of improper governmental action must be
provided to the auditor within one year after the occurrence of the asserted improper governmental
action.

(b) The auditor has the authority to determine whether to investigate any assertions received.
In determining whether to conduct either a preliminary or further investigation, the auditor shall
consider factors including, but not limited to: The nature and quality of evidence and the existence of
relevant laws and rules; whether the action was isolated or systematic; the history of previous
assertions regarding the same subject or subjects or subject matter; whether other avenues are available
for addressing the matter; whether the matter has already been investigated or is in litigation; the
degree or significance of the asserted improper governmental action; and the cost and benefit of the
investigation. The auditor has the sole discretion to determine the priority and weight given to these
and other relevant factors and to decide whether a matter is to be investigated. The auditor shall
document the factors considered and the analysis applied.

(c) The auditor also has the authority to investigate assertions as part of an audit conducted
under chapter 43.09 RCW. The auditor shall document the reasons for handling the matter as part of
such an audit.

(2) Subject to subsection (5)(c) of this section, the identity of a whistleblower is confidential at
all times unless the whistleblower consents to disclosure by written waiver or by acknowledging his or
her identity in a claim against the state for retaliation.

(3) Upon receiving specific information that an employee has engaged in improper
governmental action, the auditor shall, within five working days of receipt of the information, mail
written acknowledgement to the whistleblower at the address provided stating whether a preliminary
investigation will be conducted. For a period not to exceed thirty working days from receipt of the
assertion, the auditor shall conduct such preliminary investigation of the matter as the auditor deems
appropriate. ((In conducting the investigation, the identity of the whistleblower shall be kept
confidential.

(2) (4) In addition to the authority under subsection (((4))) (3) of this section, the auditor may,
on its own initiative, investigate incidents of improper state governmental action.
(5) (a) If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower.

(b) The written notification shall (be by memorandum containing) contain a summary of the information received (including a summary of the results of the preliminary investigation with regard to each assertion of improper governmental action and any determination made by the auditor under (c) of this subsection).

(c) In any case to which this section applies, the identity of the whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith.

(d) If it appears to the auditor that the matter does not meet the definition of an "improper governmental action" under RCW 42.40.020(3), or is other than a gross waste of public funds, the auditor may forward a summary of the allegations to the appropriate agency for investigation and require a response by memorandum no later than thirty days after the allegations are received from the auditor. The response shall contain a summary of the investigation with regard to each allegation and any determination of corrective action taken. The auditor will keep the identity of the whistleblower confidential. Upon receipt of the results of the investigation from the appropriate agency, the auditor will notify the whistleblower as prescribed under (a), (b), and (c) of this subsection.) With the agency's consent, the auditor may forward the assertions to an appropriate agency to investigate and report back to the auditor no later than sixty working days after the assertions are received from the auditor. The auditor is entitled to all investigative records resulting from such a referral. All procedural and confidentiality provisions of this chapter apply to investigations conducted under this subsection. The auditor shall document the reasons the assertions were referred.

(6) During the preliminary investigation, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts and laws known at the time and the procedure for the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation. This notification does not limit the auditor from considering additional facts or laws which become known during further investigation.

(7) (a) If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower, the subject or subjects of the investigation, and the agency head. The auditor may require by memorandum containing a summary of the results of the preliminary investigation with regard to each assertion of improper governmental action and any determination made by the auditor under (c) of this subsection, or issue a report under subsection ((6)) (10) of this section.

(b) If the preliminary investigation resulted from an anonymous assertion, a decision to conduct further investigation shall be subject to review by a three-person panel convened as necessary by the auditor prior to the commencement of any additional investigation. The panel shall include a state auditor representative knowledgeable of the subject agency operations, a citizen volunteer, and a representative of the attorney general's office. This group shall be briefed on the preliminary investigation and shall recommend whether the auditor should proceed with further investigation.

(c) If further investigation is to occur, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts known at the time and the procedure to be used by the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation.

(8) Within sixty working days after the ((thirty-day)) preliminary investigation period in subsection ((6)) (3) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower, agency head, and subject or subjects of the investigation. In all such cases, the report of the auditor's investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection ((6)) (3) of this section.

(9) (a) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or
failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(c) Agencies shall cooperate fully in the investigation and shall take appropriate action to preclude the destruction of any evidence during the course of the investigation.

(d) During the investigation the auditor shall interview each subject of the investigation. If it is determined there is reasonable cause to believe improper governmental action has occurred, the subject or subjects and the agency head shall be given fifteen working days to respond to the assertions prior to the issuance of the final report.

(a) If the auditor determines there is reasonable cause to believe improper governmental action has occurred, the auditor shall report the nature and details of the activity to:

(i) The subject or subjects of the investigation and the head of the employing agency; and

(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate.

(b) The auditor has no enforcement power except that in any case in which the auditor submits an investigatory report containing reasonable cause determinations to the agency, or to the attorney general, or to any other individual to which a report has been made under this section, the individual shall send its plan for resolution to the auditor within fifteen working days of having received the report. The auditor is encouraged to consult with the subject or subjects of the investigation in establishing the resolution plan. The auditor may require periodic reports of agency action until all resolution has occurred. If the auditor determines that appropriate action has not been taken within a reasonable time, the auditor shall report the determination to the governor and to the legislature and may include this determination in the agency audit under chapter 43.09 RCW.

(11) Once the auditor concludes that appropriate action has been taken to resolve the matter, the auditor shall notify the whistleblower, the agency head, and the subject or subjects of the investigation. If the resolution takes more than one year, the auditor shall provide annual notification of its status to the whistleblower, agency head, and subject or subjects of the investigation.

(12) This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

Sec. 4. RCW 42.40.050 and 1992 c 118 s 3 are each amended to read as follows:

(1) Any person who is a whistleblower, as defined in RCW 42.40.020, and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action has the remedies provided under chapter 49.60 RCW. For the purpose of this section "reprisal or retaliatory action" means but is limited to:

(a) Denial of adequate staff to perform duties;

(b) Frequent staff changes;

(c) Frequent and undesirable office changes;

(d) Refusal to assign meaningful work;

(e) Unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations;

(f) Demotion;

(g) Reduction in pay;

(h) Denial of promotion;
NEW SECTION.  Sec. 5. The auditor has the authority to contract for any assistance necessary to carry out the provisions of this chapter.

NEW SECTION.  Sec. 6. The cost of administering this chapter is funded through the auditing services revolving account created in RCW 43.09.410.

NEW SECTION.  Sec. 7. A whistleblower wishing to provide information under this chapter regarding asserted improper governmental action against the state auditor or an employee of that office shall provide the information to the attorney general who shall act in place of the auditor in investigating and reporting the matter.

NEW SECTION.  Sec. 8. Chapter . . . , Laws of 1999 (this act) does not affect the jurisdiction of the legislative ethics board, the executive ethics board, or the commission on judicial conduct, as set forth in chapter 42.52 RCW.

NEW SECTION.  Sec. 9. The office of financial management shall contract for a performance audit of the state employee whistleblower program on a cycle to be determined by the office of financial management. The audit shall be done in accordance with generally accepted government auditing standards beginning with the fiscal year ending June 30, 2001. The audit shall determine at a minimum: Whether the program is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; the causes of inefficiencies or uneconomical practices; and whether the program has complied with laws and rules on matters of economy and efficiency. The audit shall also at a minimum determine the extent to which the desired results or benefits established by the legislature are being achieved, the effectiveness of the program, and whether the auditor has complied with significant laws and rules applicable to the program.

The cost of the audit is a cost of operating the program and shall be funded by the auditing services revolving account created by RCW 43.09.410.

Sec. 10.  RCW 43.09.410 and 1995 c 301 s 25 are each amended to read as follows: An auditing services revolving account is hereby created in the state treasury for the purpose of a centralized funding, accounting, and distribution of the actual costs of the audits provided to state agencies by the state auditor and audits of the state employee whistleblower program under section 9 of this act.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1999

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1250 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature finds that financial information is personal and sensitive information that if unlawfully obtained by others may do significant harm to a person’s privacy, financial security, and other interests. The legislature finds that unscrupulous persons find ever more clever ways, including identity theft, to improperly obtain and use financial information. The legislature intends to penalize unscrupulous people for improperly obtaining financial information.

NEW SECTION. Sec. 2. PROHIBITING ATTEMPTS TO IMPROPERLY OBTAIN FINANCIAL INFORMATION. (1) No person may obtain or attempt to obtain, or cause to be disclosed or attempt to cause to be disclosed to any person, financial information from a financial information repository:
(a) By knowingly making a false, fictitious, or fraudulent statement or representation to an officer, employee, or agent of a financial information repository with the intent to deceive the officer, employee, or agent into relying on that statement or representation for purposes of releasing the financial information;

(b) By knowingly making a false, fictitious, or fraudulent statement or representation to a customer of a financial information repository with the intent to deceive the customer into releasing financial information or authorizing the release of such information;

(c) By knowingly providing any document to an officer, employee, or agent of a financial information repository, knowing that the document is forged, counterfeit, lost, or stolen; was fraudulently obtained; or contains a false, fictitious, or fraudulent statement or representation, if the document is provided with the intent to deceive the officer, employee, or agent to release the financial information.

(2) No person may request another person to obtain financial information from a financial information repository and knows or should have known that the person will obtain or attempt to obtain the information from the financial institution repository in any manner described in subsection (1) of this section.

(3) As used in this section, unless the context clearly requires otherwise:

(a) "Financial information" means, to the extent it is nonpublic, any of the following information identifiable to the individual that concerns the amount and conditions of an individual's assets, liabilities, or credit:
   (i) Account numbers and balances;
   (ii) Transactional information concerning any account; and
   (iii) Codes, passwords, social security numbers, tax identification numbers, driver's license or permit numbers, state identicard numbers issued by the department of licensing, and other information held for the purpose of account access or transaction initiation.

(b) "Financial information repository" means any person engaged in the business of providing services to customers who have a credit, deposit, trust, stock, or other financial account or relationship with the person.

(c) "Person" means an individual, partnership, corporation, or association.

(4) No provision of this section shall be construed so as to prevent any action by a law enforcement agency, or any officer, employee, or agent of such agency, or any action of an agent of the financial information repository when working in conjunction with a law enforcement agency.

(5) This section does not apply to:

(a) Efforts by the financial information repository to test security procedures or systems of the financial institution repository for maintaining the confidentiality of customer information;

(b) Investigation of alleged employee misconduct or negligence; or

(c) Efforts to recover financial or personal information of the financial institution obtained or received by another person in any manner described in subsection (1) or (2) of this section.

(6) Violation of this section is a class C felony.

(7) A person that violates this section is liable for five hundred dollars or actual damages, whichever is greater, and reasonable attorneys' fees. If the person violating this section is a business that repeatedly violates this section, that person also violates the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 3. PROHIBITING IDENTITY THEFT. (1) No person may knowingly use or knowingly transfer a means of identification of another person with the intent to commit, or to aid or abet, any unlawful activity harming or intending to harm the person whose identity is used, or for committing any felony.

(2) For purposes of this section, "means of identification" means any information or item that is not describing finances or credit but is personal to or identifiable with any individual or other person, including any current or former name of the person, telephone number, and electronic address or identifier of the individual or any member of his or her family, including the ancestor of such person; any information relating to a change in name, address, telephone number, or electronic address or identifier of the individual or his or her family; any social security, driver's license, or tax
identification number of the individual or any member of his or her family; and other information which could be used to identify the person, including unique biometric data.

(3) Violation of this section is a class C felony.

(4) A person that violates this section is liable for five hundred dollars or actual damages, including costs to repair the person’s credit record, whichever is greater, and reasonable attorneys' fees. If the person violating this section is a business that repeatedly violates this section, that person also violates the consumer protection act, chapter 19.86 RCW.

Sec. 4. RCW 9A.82.010 and 1995 c 285 s 34 and 1995 c 92 s 5 are each reenacted and amended to read as follows:

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1999

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1462 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"INTENT

NEW SECTION.  Sec. 1. INTENT. The legislature finds that the purpose of Washington’s accountability system is to improve student learning and student achievement of the essential academic learning requirement standards so that each individual student will be given the opportunity to become a responsible citizen and successfully live, learn, and work in the twenty-first century. To achieve this purpose, the accountability system should be based on continuous improvement at all levels of Washington’s education system and on a fundamental principle that all students have access to curriculum and instruction that is aligned to the standards.

The legislature further finds that the accountability system should rely on local responsibility and leadership. Districts and schools should be expected to improve and be evaluated based on their improvement over time. Districts should recognize exceptional progress and work closely with struggling schools. The state should provide technical assistance and expertise where needed.

The legislature further finds that the accountability system must be simple to use and understand. Consequences must be predictable and fair. Differences among students, schools, and districts should be recognized and respected as the system is implemented. There should be a balance of each student’s right to privacy and the public’s right to know the overall levels of learning and achievement at the school, district, and state levels. In addition, the accountability system should be continuously reviewed and improved as more is learned about how schools operate to meet the learning needs of Washington’s students.

PART 1
OVERSIGHT OF THE ACCOUNTABILITY SYSTEM

NEW SECTION.  Sec. 101. COMPOSITION OF THE COMMISSION. (1) The Washington commission on academic achievement is hereby established. The primary purpose of the commission is to provide oversight of the accountability system.

(2) The commission shall include one member of the state board of education, the superintendent of public instruction, and seven members appointed by the governor with the consent of the senate. All appointments shall be made by July 1, 1999. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. Gubernatorial and state board appointees shall serve for a term of four years. However, four of the initial seven gubernatorial appointments and the state board appointee shall serve two-year terms. Appointees may be reappointed to serve more than one term. The state board of education shall fill any vacancies of the state board of education appointment that may occur. Of the appointments made by the governor, one shall be from a list of names submitted by the superintendent of public instruction. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state’s
K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational improvement and accountability, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

NEW SECTION. Sec. 102. DUTIES OF THE COMMISSION. (1) For purposes of state-wide accountability, the commission shall:
   (a) Establish goals for reading, writing, communications, and mathematics at the appropriate grade level as the commission deems appropriate to improve student learning when assessments in reading, writing, communications, and mathematics are required to be administered state-wide. The commission may revise the state-wide accountability goals as necessary. The commission shall adopt the goals by rule. Before adopting or revising the rules, the commission shall present the goals to the education committees of the senate and the house of representatives for review and comment;
   (b) Develop criteria for deciding when it is appropriate for the commission to make recommendations to the superintendent about assistance and recognition;
   (c) Review data and make recommendations to the superintendent of public instruction about school districts requiring school assistance and recognition;
   (d) Submit recommendations to the superintendent of public instruction about appropriate assistance and recognition;
   (e) Develop recommendations to the legislature about criteria for deciding when it is appropriate for the commission to make recommendations for interventions and recommendations for appropriate types of interventions.
   (f) Annually review the reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and recommend to the superintendent of public instruction needed improvements;
   (g) Recommend changes to the superintendent and the legislature regarding accountability policy and legislation, as necessary;
   (h) Report annually by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission;
   (i) By December 1, 2000, and by December 31st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the goals, and on the setting of goals and progress in achieving goals; and
   (j) Make recommendations to the legislature and take other actions necessary or desirable to help students meet the student learning goals.

(2) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

(3) The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.

(4) The commission may hire an executive director and staff to perform the duties in support of the activities of the commission. The office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission’s resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

(5) Members of the commission shall be reimbursed for per diem and travel expenses as provided in RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 103. RECOGNITION. (1) The commission on academic achievement annually shall make recommendations to the superintendent of public instruction on school districts and schools that should be recognized based on the results of the Washington assessment of student learning. The commission shall develop the criteria for selecting districts and schools for recognition. Recognition shall be given to schools and school districts that have achieved exceptional growth:
(a) As measured by an increase in the percent of students meeting standards. The level of achievement required for recognition shall be based on the achievement goals established by the legislature and the commission on academic achievement under RCW 28A.630.887 (as recodified by this act);

(b) As measured by an improvement index that measures improvement in all levels of the assessment; and

(c) Despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

(2) When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate.

NEW SECTION. Sec. 104. INTERVENTION. (1) Improved student learning depends on the initiative of educators, parents, and students in each school, the school's local community, and state support. Schools should take responsibility for their own improvement while also having access to assistance from school districts, educational service districts, and the state.

(2) School districts have primary responsibility for intervening in schools with large numbers of students who are not achieving the essential academic learning requirements. In some cases, school district intervention may not prove successful. Beginning in the 2001-02 school year, continuing levels of low achievement in elementary schools in which there is little or no improvement shall trigger an evaluation by the commission on academic achievement. The purpose of the evaluation is to decide whether to initiate additional state-level assistance. For middle and high schools, the evaluation shall occur three years after assessments are required state-wide. When making recommendations to the superintendent of public instruction regarding additional state-level assistance, the commission on academic achievement shall use multiple sources of information including:

(a) The results of the Washington assessment of student learning;
(b) Student achievement evidence from district or other state assessments;
(c) The level of improvement in student achievement over time;
(d) Student mobility and poverty;
(e) Attendance and dropout rates;
(f) Graduation rates and posthigh school indicators;
(g) Percent of students in special programs; and
(h) Other factors presented by individual districts or schools.

PART 2
ACCOUNTABILITY GOALS

NOTE: Numbers in the first horizontal row of each seriousness category represent sentencing midpoints in years(y) and months(m). Numbers in the second and third rows represent presumptive sentencing ranges in months, or in days if so designated. 12+ equals one year and one day.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the presumptive sentence is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by 75 percent.

(3) The following additional times shall be added to the presumptive sentence for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.

(b) Three years for any felony defined under any law as a class B felony or with a maximum sentence of ten years, or both, and not covered under (f) of this subsection.

(c) Eighteen months for any felony defined under any law as a class C felony or with a maximum sentence of five years, or both, and not covered under (f) of this subsection.

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, any and all firearm enhancements under this subsection shall be twice the amount of the enhancement listed.

(e) Notwithstanding any other provision of law, any and all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter.

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.
(4) The following additional times shall be added to the presumptive sentence for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon as defined in this chapter other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection.
(b) One year for any felony defined under any law as a class B felony or with a maximum sentence of ten years, or both, and not covered under (f) of this subsection.
(c) Six months for any felony defined under any law as a class C felony or with a maximum sentence of five years, or both, and not covered under (f) of this subsection.
(d) If the offender is being sentenced under (a), (b), and/or (c) of this subsection for any deadly weapon enhancements and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (3)(a), (b), and/or (c) of this section, or both, any and all deadly weapon enhancements under this subsection shall be twice the amount of the enhancement listed.
(e) Notwithstanding any other provision of law, any and all deadly weapon enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter.
(f) The deadly weapon enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony.

(g) If the presumptive sentence under this section exceeds the statutory maximum for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender as defined in RCW 9.94A.030. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the presumptive sentence if the offender or an accomplice committed the offense while in a county jail or state correctional facility as that term is defined in this chapter and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility as that term is defined in this chapter, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the presumptive sentence determined under subsection (2) of this section:

(a) Eighteen months for offenses committed under RCW 69.50.401(a)(1) (i) or (ii) or 69.50.410;
(b) Fifteen months for offenses committed under RCW 69.50.401(a)(1) (iii), (iv), and (v);
(c) Twelve months for offenses committed under RCW 69.50.401(d).
For the purposes of this subsection, all of the real property of a state correctional facility or county jail shall be deemed to be part of that facility or county jail.

(6) An additional twenty-four months shall be added to the presumptive sentence for any ranked offense involving a violation of chapter 69.50 RCW if the offense was also a violation of RCW 69.50.435.
(7) An additional two years shall be added to the presumptive sentence for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department of corrections, means that the department is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.
(2) "Commission" means the sentencing guidelines commission.

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.
(6) "Community service" means compulsory service, without compensation, performed for the benefit of the community by the offender.

The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (9) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. (iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on, before, or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the
person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (9) of this section.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (9) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. If any person required to register pursuant to this section moves out of Washington state, the person must also send written notice within ten days of moving to the new state or a foreign country to the county sheriff with whom the person last registered in Washington state. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to

(7) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(8) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:
   (a) "Sex offense" means any offense defined as a sex offense by RCW 9.94A.030 and any violation of RCW 9.68A.040 (sexual exploitation of a minor), 9.68A.050 (dealing in depictions of minor engaged in sexually explicit conduct), 9.68A.060 (sending, bringing into state depictions of minor engaged in sexually explicit conduct), 9.68A.090 (communication with minor for immoral purposes), 9.68A.100 (patronizing juvenile prostitute), or 9A.44.096 (sexual misconduct with a minor in the second degree), as well as any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030.
   (b) "Kidnapping offense" means the crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor’s parent.
   (c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person’s employment is financially compensated, volunteered, or for the purpose of government or educational benefit.
   (d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(9) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (8)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (8)(a) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(10) A person who knowingly fails to register or who moves without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (8)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (8)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

Sec. 10. RCW 9.94A.360 and 1998 c 211 s 4 are each amended to read as follows:
The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:
The offender score is the sum of points accrued under this section rounded down to the nearest whole number.
(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.400.
(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class
C prior felony convictions other than sex offenses shall not be included in the offender score if, since
the last date of release from confinement (including full-time residential treatment) pursuant to a felony
conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in
the community without committing any crime that subsequently results in a conviction. Serious traffic
convictions shall not be included in the offender score if, since the last date of release from
confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry
of judgment and sentence, the offender spent five years in the community without committing any
crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior
convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense
definitions and sentences provided by Washington law. Federal convictions for offenses shall be
classified according to the comparable offense definitions and sentences provided by Washington law.
If there is no clearly comparable offense under Washington law or the offense is one that is usually
considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony
equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and
criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender
score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.400(1)(a), to encompass the same
criminal conduct, shall be counted as one offense, the offense that yields the highest offender score.
The current sentencing court shall determine with respect to other prior adult offenses for which
sentences were served concurrently or prior juvenile offenses for which sentences were served
consecutively, whether those offenses shall be counted as one offense or as separate offenses using the
"same criminal conduct" analysis found in RCW 9.94A.400(1)(a), and if the court finds that they shall
be counted as one offense, then the offense that yields the highest offender score shall be used. The
current sentencing court may presume that such other prior offenses were not the same criminal
conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in
separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the
purpose of computing the offender score, count all adult convictions served concurrently as one
offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction
for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence
was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was
judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or
parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation,
or conspiracy, count each prior conviction as if the present conviction were for a completed offense.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or
(12) of this section, count one point for each adult prior felony conviction and one point for each
juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony
conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10),
(11), or (12) of this section, count two points for each prior adult and juvenile violent felony
conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior
juvenile nonviolent felony conviction.

(9) If the present conviction is for ((Murder 1 or 2, Assault 1, Assault of a Child 1, Kidnapping
1, Homicide by Abuse, or Rape 1)) a serious violent offense, count three points for prior adult and
juvenile convictions for crimes in ((these categories)) this category, two points for each prior adult and
juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony
conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.
(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense (or serious traffic offense,) count one point for each adult and 1/2 point for each juvenile prior conviction; this subsection shall not apply when additional time is added to a sentence pursuant to RCW 46.61.520(2); for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for a drug offense count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Willful Failure to Return from Furlough, RCW 72.66.060, Willful Failure to Return from Work Release, RCW 72.65.070, or Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

Sec. 11. RCW 9.94A.400 and 1998 c 235 s 2 are each amended to read as follows:

(1)(a) Except as provided in (b) or (c) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.120 and 9.94A.390(2)(g) or any other provision of RCW 9.94A.390. "Same criminal conduct," as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

(b) Whenever a person is convicted of two or more serious violent offenses, as defined in RCW 9.94A.030, arising from separate and distinct criminal conduct, the sentence range for the offense with the highest seriousness level under RCW 9.94A.320 shall be determined using the offender’s prior convictions and other current convictions that are not serious violent offenses in the offender score and the sentence range for other serious violent offenses shall be determined by using an offender score of zero. The sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under (b) of this subsection shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection.

(c) If an offender is convicted under RCW 9.41.040 for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, the sentence range for each of these current offenses shall be determined by using all other current and prior convictions, except other current convictions for the felony crimes listed in this
subsection (1)(c), as if they were prior convictions. The offender shall serve consecutive sentences for each conviction of the felony crimes listed in this subsection (1)(c), and for each firearm unlawfully possessed.

(2)(a) Except as provided in (b) of this subsection, whenever a person while under sentence of felony commits another felony and is sentenced to another term of confinement, the latter term shall not begin until expiration of all prior terms.

(b) Whenever a second or later felony conviction results in community supervision with conditions not currently in effect, under the prior sentence or sentences of community supervision the court may require that the conditions of community supervision contained in the second or later sentence begin during the immediate term of community supervision and continue throughout the duration of the consecutive term of community supervision.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(4) Whenever any person granted probation under RCW 9.95.210 or 9.92.060, or both, has the probationary sentence revoked and a prison sentence imposed, that sentence shall run consecutively to any sentence imposed pursuant to this chapter, unless the court pronouncing the subsequent sentence expressly orders that they be served concurrently.

(5) However, in the case of consecutive sentences, all periods of total confinement shall be served before any partial confinement, community service, community supervision, or any other requirement or conditions of any of the sentences. Except for exceptional sentences as authorized under RCW 9.94A.120(2), if two or more sentences that run consecutively include periods of community supervision, the aggregate of the community supervision period shall not exceed twenty-four months."

On page 1, line 1 of the title, after "offenders:" strike the remainder of the title and insert "amending RCW 81.60.070, 9.40.120, 9.94A.030, 9.94A.360, and 9.94A.400; reenacting and amending RCW 9.94A.040, 9.94A.310, 9.94A.320, and 9A.44.130; creating new sections; and prescribing penalties."

and the same are herewith transmitted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 89.08.020 and 1973 1st ex.s. c 184 s 3 are each amended to read as follows:

Unless the context clearly indicates otherwise, as used in this chapter:

"Commission" and "state conservation commission" means the agency created hereunder. All former references to "state soil and water conservation committee", "state committee" or "committee" shall be deemed to be references to the "state conservation commission";

"District", or "conservation district" means a governmental subdivision of this state and a public body corporate and politic, organized in accordance with the provisions of (this 1973 amendatory act) chapter 184, Laws of 1973 1st ex. sess., for the purposes, with the powers, and subject to the restrictions set forth in this chapter. All districts created under (this 1973 amendatory act) chapter 184, Laws of 1973 1st ex. sess. shall be known as conservation districts and shall have all the powers and duties set out in (this 1973 amendatory act) chapter 184, Laws of 1973 1st ex. sess. All references in (this 1973 amendatory act) chapter 184, Laws of 1973 1st ex. sess. to "districts", or "soil and water conservation districts" shall be deemed to be reference to "conservation districts";

"Board" and "supervisors" mean the board of supervisors of a conservation district;

"Land occupier" or "occupier of land" includes any person, firm, political subdivision, government agency, municipality, public or private corporation, copartnership, association, or any other entity whatsoever which holds title to, or is in possession of, any lands lying within a district organized under the provisions of (this 1973 amendatory act) chapter 184, Laws of 1973 1st ex. sess., whether as owner, lessee, renter, tenant, or otherwise;

"District elector" or "voter" means a ((qualified county elector occupying land)) registered voter in the county where the district is located who resides within the district boundary or in the area affected by a petition;

"Due notice" means a notice published at least twice, with at least six days between publications, in a publication of general circulation within the affected area, or if there is no such publication, by posting at a reasonable number of public places within the area, where it is customary
to post notices concerning county and municipal affairs. Any hearing held pursuant to due notice may be postponed from time to time without a new notice;

"Renewable natural resources", "natural resources" or "resources" includes land, air, water, vegetation, fish, wildlife, wild rivers, wilderness, natural beauty, scenery and open space;

"Conservation" includes conservation, development, improvement, maintenance, preservation, protection and use, and alleviation of floodwater and sediment damages, and the disposal of excess surface waters.

"Farm and agricultural land" means either (a) land in any contiguous ownership of twenty or more acres devoted primarily to agricultural uses; (b) any parcel of land five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to one hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter; or (c) any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income of one thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Agricultural lands shall also include farm woodlots of less than twenty and more than five acres and the land on which appurtenances necessary to production, preparation or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands".

Sec. 2. RCW 89.08.080 and 1973 1st ex.s. c 184 s 9 are each amended to read as follows:

To form a conservation district, twenty percent of the voters within the area to be affected may file a petition with the commission asking that the area be organized into a district.

The petition shall give the name of the proposed district, state that it is needed in the interest of the public health, safety, and welfare, give a general description of the area proposed to be organized and request that the commission determine that it be created, and that it define the boundaries thereof and call an election on the question of creating the district.

If more than one petition is filed covering parts of the same area, the commission may consolidate all or any of them.

Sec. 3. RCW 89.08.110 and 1973 1st ex.s. c 184 s 12 are each amended to read as follows:

If the commission finds that the district is needed, it shall then determine whether it is practicable. To assist the commission in determining this question, it shall, within a reasonable time, submit the proposition to a vote of the district electors in the proposed district.

The commission shall fix the date of the election, designate the polling places, fix the hours for opening and closing the polls, and appoint the election officials. The election shall be conducted, the vote counted and returns canvassed and the results published by the commission.

Sec. 4. RCW 89.08.130 and 1973 1st ex.s. c 184 s 14 are each amended to read as follows:

The commission shall give due notice of the election, which shall state generally the purpose of the election, the date thereof, the place and hours of voting, and set forth the boundaries of the proposed district.

Only qualified district electors within the proposed district as determined by the commission may vote at the election. Each voter shall vote in the polling place nearest his residence. (If he resides outside the district, he shall vote at the nearest polling place of the district.)

Sec. 5. RCW 89.08.150 and 1973 1st ex.s. c 184 s 16 are each amended to read as follows:

If a majority of the votes cast at the election are against the creation of the district, the commission shall deny the petition. If a majority favor the district, the commission shall determine the practicability of the project.

In making such determination, the commission shall consider the attitude of the voters of the district; the number of eligible voters who voted at the election; the size of the
majority vote; the wealth and income of the land occupiers; the probable expense of carrying out the project; and any other economic factors relevant thereto.

If the commission finds that the project is impracticable it shall enter an order to that effect and deny the petition. When the petition has been denied, no new petition covering the same or substantially the same area may be filed within six months therefrom.

Sec. 6. RCW 89.08.180 and 1973 1st ex.s. c 184 s 19 are each amended to read as follows:
Territory may be added to an existing district upon filing a petition as in the case of formation with the commission by ((occupiers of the lands)) twenty percent of the voters of the affected area to be included. The same procedure shall be followed as for the creation of the district.

As an alternate procedure, the commission may upon the petition of a majority of the (land occupiers) voters in any one or more districts or in unorganized territory adjoining a conservation district change the boundaries of a district, or districts, if such action will promote the practical and feasible administration of such district or districts.

Upon petition of the boards of supervisors of two or more districts, the commission may approve the combining of all or parts of such districts and name the district, or districts, with the approval of the name by the secretary of state. A public hearing and/or a referendum may be held if deemed necessary or desirable by the commission in order to determine the wishes of (land occupiers) the voters.

When districts are combined, the joint boards of supervisors will first select a chairman, secretary and other necessary officers and select a regular date for meetings. All elected supervisors will continue to serve as members of the board until the expiration of their current term of office, and/or until the election date nearest their expiration date. All appointed supervisors will continue to serve until the expiration of their current term of office, at which time the commission will make the necessary appointments. In the event that more than two districts are combined, a similar procedure will be set up and administered by the commission.

When districts are combined or territory is moved from one district to another, the property, records and accounts of the districts involved shall be distributed to the remaining district or districts as approved by the commission. A new certificate of organization, naming and describing the new district or districts, shall be issued by the secretary of state.

NEW SECTION. Sec. 7. A new section is added to chapter 89.08 RCW to read as follows:
The local governing body of any city or incorporated town within an existing district may approve by majority vote a petition to withdraw from the district. The petition shall be submitted to the district for its approval. If approved by the district, the petition shall be sent to the commission. The commission shall approve the petition and forward it to the secretary of state and the boundary of the district shall be adjusted accordingly. If the petition is not approved by the district, the district shall adopt a resolution specifying the reasons why the petition is not approved. The petition and the district’s resolution shall be sent to the commission for its review. The commission shall approve or reject the petition based upon criteria it has adopted for the evaluation of petitions in dispute. If the commission approves the petition, it shall forward the petition to the secretary of state and the boundaries of the district shall be adjusted accordingly. The criteria used by the commission to evaluate petitions which are in dispute shall be adopted as rules by the commission under chapter 34.05 RCW, the administrative procedure act.

Sec. 8. RCW 89.08.350 and 1973 1st ex.s. c 184 s 25 are each amended to read as follows:
At any time after five years from the organization of a district, ((one hundred land occupiers)) twenty percent of the voters in the district may file with the commission a petition, praying that the district be dissolved. The commission may hold public hearings thereon, and within sixty days from receipt of the petition, shall give due notice of an election on the question of dissolution. It shall provide appropriate ballots, conduct the election, canvass the returns, and declare the results in the same manner as for elections to create a district.

All district electors may vote at the election. No informality relating to the election shall invalidate it if notice is substantially given and the election is fairly conducted.
Sec. 9. RCW 89.08.360 and 1973 1st ex.s. c 184 s 26 are each amended to read as follows:

If a majority of the votes cast at the election are for dissolution, the district shall be dissolved.

If two thirds of the votes are against dissolution, the commission shall determine whether the continuance of the district is practicable. In making the determination it shall consider all the factors considered by it in determining that the district was practicable originally. If it finds that further operation of the district is impracticable, it shall order it dissolved and certify its determination to the supervisors.

Sec. 10. RCW 89.08.370 and 1973 1st ex.s. c 184 s 27 are each amended to read as follows:

If the district is ordered dissolved, the supervisors shall forthwith terminate the affairs of the district and dispose of all district property at public auction, and pay the proceeds therefrom to pay any debts of the district and any remaining balance to the state treasurer.

They shall then file a verified application with the secretary of state for the dissolution of the district, accompanied by a certificate of the commission reciting the determination that further operation of the district is impracticable. The application shall recite that the property of the district has been disposed of, that the proceeds therefrom have been used to pay any debts of the district and any remaining balance paid to the treasurer, and contain a full accounting of the property and proceeds. Thereupon the secretary shall issue to the supervisors a certificate of dissolution and file a copy thereof in his or her records.

NEW SECTION. Sec. 11. RCW 89.08.380 (Effect of dissolution--Commission substituted) and 1973 1st ex.s. c 184 s 28 & 1955 c 304 s 28 are each repealed.

On page 1, line 2 of the title, after "liability," strike the remainder of the title and insert "amending RCW 89.08.020, 89.08.080, 89.08.110, 89.08.130, 89.08.150, 89.08.180, 89.08.350, 89.08.360, and 89.08.370; adding a new section to chapter 89.08 RCW; and repealing RCW 89.08.380."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1999

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1037 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.190.010 and 1998 c 149 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any practice that violates the consumer protection act."
(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(4) "Initiate the transmission" refers to the action by the original sender of an electronic mail message, not to the action by any intervening interactive computer service that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(5) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(6) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

(7) "Person" means a person, corporation, partnership, or association.

Sec. 2. RCW 19.190.020 and 1998 c 149 s 3 are each amended to read as follows:

(1) No person may initiate the transmission, conspire with another to initiate the transmission, or assist the transmission, of a commercial electronic mail message from a computer located in Washington or to an electronic mail address that the sender knows, or has reason to know, is held by a Washington resident that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) For purposes of this section, a person knows that the intended recipient of a commercial electronic mail message is a Washington resident if that information is available, upon request, from the registrant of the internet domain name contained in the recipient's electronic mail address.

Sec. 3. RCW 19.190.030 and 1998 c 149 s 4 are each amended to read as follows:

(1) It is a violation of the consumer protection act, chapter 19.86 RCW, to conspire with another person to initiate the transmission or to initiate the transmission of a commercial electronic mail message that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) It is a violation of the consumer protection act, chapter 19.86 RCW, to assist in the transmission of a commercial electronic mail message, when the person providing the assistance knows, or consciously avoids knowing, that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(3) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.
NEW SECTION. Sec. 4. RCW 19.190.005 (Findings) and 1998 c 149 s 1 are each repealed.

NEW SECTION. Sec. 5. (1) The legislature finds that:
(a) The internet presents a new medium of communication through which speakers can publish false or defamatory statements about businesses or individuals to vast audiences at little or no cost to the speaker;
(b) The publication of false or defamatory statements via the internet has the potential to cause serious injury to the victims of such statements, particularly financial injury to businesses that are the victims of false or defamatory on-line rumors about their stock, products or services, or executives or personnel;
(c) False or defamatory statements on the internet are often published anonymously, making it difficult for victims to determine the identity and physical location of the speakers; and
(d) Current legal procedures do not adequately address the challenges and opportunities the internet presents as a new medium of communication, both as a tool for publishing false or defamatory statements and for pursuing legal recourse against the speakers of such statements.

(2) The legislature therefore intends that:
(a) When the internet is used to publish false or defamatory statements about individuals residing in Washington or businesses doing business in Washington, a rebuttable presumption is created that the statements are published in Washington; and
(b) When the identity or physical location of a speaker who has published false or defamatory statements via the internet about an individual residing in Washington or a business doing business in Washington is not known, a plaintiff in an action for libel or slander may serve a summons by publication via the internet.

Sec. 6. RCW 4.36.120 and Code 1881 s 99 are each amended to read as follows:
In an action for libel or slander, it shall not be necessary to state in the complaint any extrinsic facts, for the purpose of showing the application to the plaintiff, of the defamatory matter out of which the cause arose, but it shall be sufficient to state generally, that the same was published or spoken concerning the plaintiff; and if such allegation be controverted, the plaintiff shall be bound to establish on trial that it was so published or spoken. Where false or defamatory statements concerning a person residing in Washington or a business doing business in Washington are posted or electronically transmitted via the internet, a rebuttable presumption is created that the statements have been published in Washington.

Sec. 7. RCW 4.28.100 and 1981 c 331 s 13 are each amended to read as follows:
When the defendant cannot be found within the state, and upon the filing of an affidavit of the plaintiff, his agent, or attorney, with the clerk of the court, stating that he believes that the defendant is not a resident of the state, or cannot be found therein, and that he has deposited a copy of the summons (substantially in the form prescribed in RCW 4.28.110) and complaint in the post office, directed to the defendant at his place of residence, unless it is stated in the affidavit that such residence is not known to the affiant, and stating the existence of one of the cases hereinafter specified, the service may be made by publication of the summons, by the plaintiff or his attorney in any of the following cases:
(1) When the defendant is a foreign corporation, and has property within the state;
(2) When the defendant, being a resident of this state, has departed therefrom with intent to defraud his creditors, or to avoid the service of a summons, or keeps himself concealed therein with like intent;
(3) When the defendant is not a resident of the state, but has property therein and the court has jurisdiction of the subject of the action;
(4) When the action is for divorce in the cases prescribed by law;
(5) When the subject of the action is real or personal property in this state, and the defendant has or claims a lien or interest, actual or contingent, therein, or the relief demanded consists wholly, or partly, in excluding the defendant from any interest or lien therein;
(6) When the action is to foreclose, satisfy, or redeem from a mortgage, or to enforce a lien of any kind on real estate in the county where the action is brought, or satisfy or redeem from the same;
(7) When the action is against any corporation, whether private or municipal, organized under the laws of the state, and the proper officers on whom to make service do not exist or cannot be found;
(8) When the action is brought under RCW 4.08.160 and 4.08.170 to determine conflicting claims to property in this state; and
(9) When the action is for defamation concerning a person residing in Washington or a business doing business in Washington, where the false or defamatory statements were posted or electronically transmitted via the internet and the identity of the defendant is not known or readily ascertainable.

Sec. 8. RCW 4.28.110 and 1985 c 469 s 2 are each amended to read as follows:
The publication shall be made in a newspaper of general circulation in the county where the action is brought once a week for six consecutive weeks: PROVIDED, That publication of summons shall not be made until after the filing of the complaint, and the service of the summons shall be deemed complete at the expiration of the time prescribed for publication. The summons must be subscribed by the plaintiff or his attorney or attorneys. The summons shall contain the date of the first publication, and shall require the defendant or defendants upon whom service by publication is desired, to appear and answer the complaint within sixty days from the date of the first publication of the summons; and the summons for publication shall also contain a brief statement of the object of the action. The summons for publication shall be substantially as follows:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 6.13.010 and 1993 c 200 s 1 are each amended to read as follows:

(1) The homestead consists of real or personal property that the owner uses as a residence. In the case of a dwelling house or mobile home, the homestead consists of the dwelling house or the mobile home in which the owner resides or intends to reside, with appurtenant buildings, and the land on which the same are situated and by which the same are surrounded, or improved or unimproved land owned with the intention of placing a house or mobile home thereon and residing thereon. A mobile home may be exempted under this chapter whether or not it is permanently affixed to the underlying land and whether or not the mobile home is placed upon a lot owned by the mobile home owner. Property included in the homestead must be actually intended or used as the principal home for the owner.

(2) As used in this chapter, the term "owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

If, from the report, it appears to the court that the value of the homestead, less liens and encumbrances senior to the judgment being executed upon and not including the judgment being executed upon, exceeds the homestead exemption and the property can be divided without material injury and without violation of any governmental restriction, the court may, by an order, direct the appraiser to set off to the owner so much of the land, including the residence, as will amount in net value to the homestead exemption, and the execution may be enforced against the remainder of the land.

Sec. 3. RCW 6.13.160 and 1987 c 442 s 216 are each amended to read as follows:
If, from the report, it appears to the court that the appraised value of the homestead property, less liens and encumbrances senior to the judgment being executed upon and not including the judgment being executed upon, exceeds the amount of the homestead exemption and the property is not divided, the court must make an order directing its sale under the execution. The order shall direct that at such sale no bid may be received unless it exceeds the amount of the homestead exemption.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 1999

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2260 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons: One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity.

PART I
LOCAL OPTION SALES AND USE TAX

Sec. 101. RCW 82.14.370 and 1998 c 55 s 6 are each amended to read as follows:

(1) The legislative authority of a ((distressed)) rural county may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall not exceed ((0.04)) 0.08 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax.

(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue shall perform the collection of such taxes on behalf of the county at no cost to the county.

(3) Moneys collected under this section shall only be used for the purpose of financing public facilities in rural counties. The public facility must be listed as an item in the officially adopted county overall economic development plan, or the economic development section of the county's comprehensive plan, or the comprehensive plan of a city or town located within the county for those counties planning under RCW 36.70A.040. For those counties that do not have an adopted overall economic development plan and do not plan under the growth management act, the public facility must be listed in the county's capital facilities plan or the capital facilities plan of a city or town located within the county. In implementing this section, the county shall consult with cities, towns, and port districts located within the county. For the purposes of this section, "public facilities" means bridges, roads, domestic and industrial water facilities, sanitary sewer facilities, storm sewer facilities, railroad, electricity, natural gas, buildings, structures, telecommunications infrastructure, transportation infrastructure, or commercial infrastructure, and port facilities in the state of Washington.

(4) No tax may be collected under this section before July 1, 1998. No tax may be collected under this section by a county more than twenty-five years after the date that a tax is first imposed under this section.

(5) For purposes of this section, "((distressed)) rural county" means ((a county in which the average level of unemployment for the three years before the year in which a tax is first imposed under this section exceeds the average state unemployment for those years by twenty percent)) an eligible area as defined in RCW 82.60.020.

PART II
DISTRESSED COUNTY ASSISTANCE ACCOUNT
Sec. 201. RCW 82.14.380 and 1998 c 321 s 10 (Referendum Bill No. 49) are each amended to read as follows:

(1) The distressed county assistance account is created in the state treasury. Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. At such times as distributions are made under RCW 82.44.150, the state treasurer shall distribute the funds in the distressed county assistance account to each county imposing the sales and use tax authorized under RCW 82.14.370 as of January 1, 1999, in the same proportions as distributions of the tax imposed under RCW 82.14.370 for these counties for the previous quarter.

(2) Funds distributed from the distressed county assistance account shall be expended by the counties for criminal justice and other purposes.

PART III TECHNOLOGY-BASED BUSINESSES

Software

NEW SECTION. Sec. 301. It is the intent of the legislature to attract and retain technology-based businesses in distressed counties. Section 302 of this act provides a tax incentive to those businesses that develop or manufacture software in distressed counties. Section 303 of this act provides a tax incentive to those businesses that are engaged in the business of providing technical support services from distressed counties. Encouragement of these types of business will stimulate the information technology industry and be of benefit to the state economy in general. To further the impact and benefit of this program, this incentive is limited to those counties of the state that are characterized by unemployment or low income. The legislature finds that providing this targeted incentive will both increase its effectiveness and create a high technology work force in distressed counties.

NEW SECTION. Sec. 302. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a distressed county in the business of manufacturing software or programming computers, as those terms are defined in this section.

(2) A person who partially or totally relocates a business from one distressed county to another distressed county is eligible for any qualifying new jobs created as a result of the relocation but is not eligible to receive credit for the jobs moved from one county to the other.

(3)(a) To qualify for the credit, the qualifying activity of the person must be conducted in a distressed county and the qualified employment position must be located in the distressed county.

(b) If an activity is conducted both from a distressed county and outside of a distressed county, the credit is available if at least ninety percent of the qualifying activity takes place within a distressed county. If the qualifying activity is a service taxable activity, the place where the work is performed is the place at which the activity is conducted.

(4)(a) The credit under this section shall equal one thousand dollars for each qualified employment position created after July 1, 1999, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to six years. The county must meet the definition of a distressed county at the time the position is filled. If the county does not have a distressed county status the following year or years, the position is still eligible for the remaining years if all other conditions are met.

(b) Credit may not be taken for hiring of persons into positions that exist before July 1, 1999. Credit is authorized for new employees hired for new positions created on or after July 1, 1999. New positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire. A business that is a sole proprietorship without any employees is equivalent to one employee position and this type of business is eligible to receive credit for one position.

(c) If a position is filled before July 1st, this position is eligible for the full yearly credit. If it is filled after June 30th, this position is eligible for half of the credit.
(d) A person that has engaged in qualifying activities in the distressed county before the effective date of this section qualifies for the credit under this section for positions created and filled after the effective date of this section.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes information relating to description of qualifying activity engaged in the distressed county and outside the distressed county by the person as well as detailed records on positions and employees. The department shall, in consultation with a representative group of affected taxpayers, develop a method of segregating activity and related income so that those persons who engage in multiple activities can determine eligibility for credit under this section.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. A person is not eligible to receive a credit under this section if the person is receiving credit for the same position under chapter 82.62 RCW or RCW 82.04.44525 or is taking the credit under section 303 of this act. No refunds may be granted for credits under this section.

(8) County eligibility under this section shall be based on the same list as published by the department under chapter 82.60 RCW. The eligibility period is from July 1st of each year to June 30th of the next year.

(9) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Number of positions for which credit is being claimed, type of position for which credit is being claimed, type of activity in which the person is engaged in the county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.

(10) Transfer of ownership does not affect credit eligibility; however, the credit is available to the successor for remaining periods in the seven years only if the eligibility conditions of this section are met.

(11) As used in this section:
(a) "Distressed county" means an eligible area as defined in RCW 82.60.020.
(b) "Manufacturing" means the same as "to manufacture" under RCW 82.04.120.
(c) "Programming" means the activities that involve the creation or modification of software, as that term is defined in this chapter, and that are taxable as a service under RCW 82.04.290(2) or as a retail sale under RCW 82.04.050.
(d) "Qualifying activity" means manufacturing of software or programming computers.
(e) "Qualified employment position" means a permanent full-time position doing programming of software or manufacturing of software. This excludes administrative, professional, service, executive, and other similar positions. If an employee is either voluntarily or involuntarily separated from employment, the employment position is considered filled on a full-time basis if the employer is either training or actively recruiting a replacement employee. Full-time means a position for at least thirty-five hours a week.
(f) "Software" has the same meaning as defined in RCW 82.04.215.
(12) No credit may be taken or accrued under this section on or after July 1, 2003.
(13) This section expires June 30, 2003.

Help Desk Services
NEW SECTION. Sec. 303. A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under this chapter for persons engaged in a distressed county in the business of providing information technology help desk services to third parties.

(2) To qualify for the credit, the help desk services must be conducted from a distressed county.

(3)(a) For the first eighty-four months in which the person is engaged in the activity of providing information technology help desk services in the distressed county, the amount of the credit shall be equal to one hundred percent of the amount of tax due under this chapter that is attributable to providing the services from the distressed county. In order to qualify for the credit under this subsection (3)(a), the county must meet the definition of "distressed county" at the time the person begins to conduct qualifying business in the county. If the county subsequently does not qualify for distressed county status, the person may continue to take the credit for the remaining time in the eighty-four months if all other conditions are met. A person who locates in a county during a period of time for which the county does not meet the distressed county status is not eligible to receive the credit under this subsection (3)(a).

(b) A person who is not eligible for the credit under (a) of this subsection is potentially eligible for credit under this subsection (3)(b). If the person is engaged in the activity of providing information technology help desk services in a distressed county, the amount of the credit shall equal sixty-eight percent of the amount of tax due under this chapter that is attributable to providing the service from the distressed county. In order to qualify for the credit under this subsection, the county must meet the definition of "distressed county" during the period of time for which the credit is being claimed. A person is not eligible for a credit under this subsection (3)(b) for activity conducted during any period of time the county does not have a distressed county status.

(c) A person who has engaged in providing information technology help desk services in the distressed county before the effective date of this section qualifies for the credit under (a) of this subsection for any remaining time in the eighty-four months, after which time the person is potentially eligible for the credit under (b) of this subsection. A person who has engaged in providing information technology help desk services in the distressed county before the effective date of this section for more than eighty-four months is potentially eligible for the credit under (b) of this subsection.

(4) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. These records include information relating to description of activity engaged in a distressed county by the person.

(5) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used is immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(6) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. A person is not eligible to receive a credit under this section if the person is receiving credit under section 302 of this act or RCW 82.04.44525 or chapter 82.62 RCW. No refunds may be granted for credits under this section.

(7) County eligibility under this section shall be based on the same list as published by the department under chapter 82.04 RCW. The eligibility period is from July 1st of each year to June 30th of the next year.

(8) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Type of activity in which the person is engaged in the county, number of employees in the distressed county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.

(9) Transfer of ownership does not affect credit eligibility; however, the credit is available to the successor only if the eligibility conditions of this section are met.
As used in this section:
(a) "Distressed county" means an eligible area as defined in RCW 82.60.020.
(b) "First eighty-four months" means the eighty-four months of operation in a county following commencement of business activity. Business activity is deemed to commence upon the act of engaging in the business of providing the help desk services from the county.
(c) "Information technology help desk services" means the following inbound technical or customer support services performed using electronic and telephonic communication:
   (i) Hardware and software maintenance;
   (ii) Hardware and software diagnostics and troubleshooting;
   (iii) Hardware and software installation;
   (iv) Hardware and software repair;
   (v) Hardware and software information and training; and
   (vi) Hardware and software upgrade.
(11) No credit may be taken or accrued under this section on or after July 1, 2003.
(12) This section expires June 30, 2003.

NEW SECTION. Sec. 304. A new section is added to chapter 82.62 RCW to read as follows:

The credit shall be taken in a form and manner as required by the department. The credit under this section shall not exceed twenty-five thousand dollars per calendar year per light and power business. The credit may not exceed the tax that would otherwise be due under this chapter. Refunds shall not be granted in the place of credits. Expenditures not used to earn a credit in one calendar year may not be used to earn a credit in subsequent years.

(3) The right to earn tax credits under this section expires December 31, 2005.

(4) To qualify for the credit in subsection (2) of this section, the light and power business shall establish an electric utility rural economic development revolving fund which is governed by a local board whose members shall reside in the qualifying rural area served by the light and power business. The local board shall have authority to determine all criteria and conditions for the expenditure of funds from the electric utility rural economic development fund, and for the terms and conditions of repayment.

SENATE AMENDMENTS TO HOUSE BILL

April 21, 1999

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1140 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The legislature finds that the higher education coordinating board, in consultation with the higher education community, has completed a review of the state need grant program. It is the intent of the legislature to endorse the board’s proposed changes to the state need grant program, including:
   (a) Reaffirmation that the primary purpose of the state need grant program is to assist low-income, needy, and disadvantaged Washington residents attending institutions of higher education;
   (b) A goal that the base state need grant amount over time be increased to be equivalent to the rate of tuition charged to resident undergraduate students attending Washington state public colleges and universities;
   (c) State need grant recipients be required to contribute a portion of the total cost of their education through self-help;
   (d) State need grant recipients be required to document their need for dependent care assistance after taking into account other public funds provided for like purposes; and
   (e) Institutional aid administrators be allowed to determine whether a student eligible for a state need grant in a given academic year may remain eligible for the ensuing year if the student's family income increases by no more than a marginal amount.

(2) The legislature further finds that the higher education coordinating board, under its authority to implement the proposed changes in subsection (1) of this section, should do so in a timely manner.

(3) The legislature also finds that:
In most circumstances, need grant eligibility should not extend beyond five years or one hundred twenty-five percent of the published length of the program in which the student is enrolled or the credit or clock-hour equivalent; and

(b) State financial aid programs should continue to adhere to the principle that funding follows resident students to their choice of institution of higher education.

Sec. 2. RCW 28B.10.800 and 1993 sp.s. c 18 s 2 are each amended to read as follows:
The purposes of RCW 28B.10.800 through 28B.10.824 are to establish the principles upon which the state financial aid programs will be based and to establish the state need grant program, thus assisting financially needy or disadvantaged students domiciled in Washington to obtain the opportunity of attending an accredited institution of higher education, as defined in RCW 28B.10.802(1).

Sec. 3. RCW 28B.10.804 and 1995 c 269 s 801 are each amended to read as follows:
The board shall have the following powers and duties:
(1) Conduct a full analysis of student financial aid as a means of:
(a) Fulfilling educational aspirations of students of the state of Washington, and
(b) Improving the general, social, cultural, and economic character of the state.
Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid. The board will disseminate the information yielded by their analyses to all appropriate individuals and agents.

Sec. 4. RCW 28B.10.806 and 1989 c 254 s 3 are each amended to read as follows:
The board shall have the following powers and duties:
(1) Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs. The state programs of student financial aid will not exceed the difference between the budgetary costs of
attending an institution of higher education and the student's total resources, including family support, personal savings, employment, and federal, state, and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the board shall consider the following:

(a) Assets and income of the student.
(b) Assets and income of the parents, or the individuals legally responsible for the care and maintenance of the student.
(c) The cost of attending the institution the student is attending or planning to attend.
(d) Any other criteria deemed relevant to the board.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education.

Sec. 5. RCW 28B.10.808 and 1991 c 164 s 4 are each amended to read as follows:

In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the board's attention.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.

(3) A grant may be renewed until the course of study is completed, but not for more than an additional four academic years beyond the first year of the award. These shall not be required to be consecutive years. A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student’s program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.10.8081.

(4) In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions.

Sec. 6. RCW 28B.10.810 and 1989 c 254 s 5 are each amended to read as follows:

For a student to be eligible for a state need grant a student must:

(1) Be a "needy student" or "disadvantaged student" as determined by the board in accordance with RCW 28B.10.802 (3) and (4).

(2) Have been domiciled within the state of Washington for at least one year.
Be enrolled or accepted for enrollment on at least a half-time basis at an institution of higher education in Washington as defined in RCW 28B.10.802(1).

Have complied with all the rules and regulations adopted by the ((commission)) board for the administration of RCW 28B.10.800 through 28B.10.824.

Sec. 7. RCW 28B.10.822 and 1973 c 62 s 4 are each amended to read as follows:
The ((commission)) board shall adopt rules (and regulations) as may be necessary or appropriate for effecting the provisions of RCW 28B.10.800 through 28B.10.824 and section 1 of this act, and not in conflict with RCW 28B.10.800 through 28B.10.824, in accordance with the provisions of chapter 34.05 RCW, the ((state higher education)) administrative procedure act."

On page 1, line 1 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.10.800, 28B.10.804, 28B.10.806, 28B.10.808, 28B.10.810, and 28B.10.822; and adding a new section to chapter 28B.10 RCW."

and the same are herewith transmitted.

(1) For all partial or whole rate periods after December 31, 1984, the cost basis of land and depreciation base of depreciable assets shall be the historical cost of the contractor or lessor, when the assets are leased by the contractor, in acquiring the asset in an arm's-length transaction and preparing it for use, less goodwill, and less accumulated depreciation, if applicable, which has been incurred during periods that the assets have been used in or as a facility by any contractor, such accumulated depreciation to be measured in accordance with subsections (4), (5), and (6) of this section and RCW 74.46.350 and 74.46.370. If the department challenges the historical cost of an asset, or if the contractor cannot or will not provide the historical costs, the department will have the department of general administration, through an appraisal procedure, determine the fair market value of the assets at the time of purchase. The cost basis of land and depreciation base of depreciable assets will not exceed such fair market value.

(2) For new or replacement building construction or for substantial building additions requiring the acquisition of land and which commenced to operate on or after July 1, 1997, the department shall determine allowable land costs of the additional land acquired for the replacement construction or building additions to be the lesser of:

(a) The contractor’s or lessor’s actual cost per square foot; or

(b) The square foot land value as established by an appraisal that meets the latest publication of the Uniform Standards of Professional Appraisal Practice (USPAP) and the financial institutions reform, recovery, and enhancement act (FIRREA).

(3) Subject to the provisions of subsection (2) of this section, if, in the course of financing a project, an arm's-length lender has ordered a Uniform Standards of Professional Appraisal Practice appraisal on the land that meets financial institutions reform, recovery, and enhancement act standards and the arm's-length lender has accepted the ordered appraisal, the department shall accept the appraisal value as allowable land costs for calculation of payment.
If the contractor or lessor is unable or unwilling to provide or cause to be provided to the department, or the department is unable to obtain from the arm’s-length lender, a lender-approved appraisal that meets the standards of the Uniform Standards of Professional Appraisal Practice and financial institutions reform, recovery, and enhancement act, the department shall order such an appraisal and accept the appraisal as the allowable land costs. If the department orders the Uniform Standards of Professional Appraisal Practice and financial institutions reform, recovery, and enhancement act appraisal, the contractor shall immediately reimburse the department for the costs incurred.

(4) The historical cost of depreciable and nondepreciable donated assets, or of depreciable and nondepreciable assets received through testate or intestate distribution, shall be the lesser of:
   (a) Fair market value at the date of donation or death; or
   (b) The historical cost base of the owner last contracting with the department, if any.

(5) Estimated salvage value of acquired, donated, or inherited assets shall be deducted from historical cost where the straight-line or sum-of-the-years' digits method of depreciation is used.

(6)(a) For facilities, other than those described under subsection (2) of this section, operating prior to July 1, 1997, where land or depreciable assets are acquired that were used in the medical care program subsequent to January 1, 1980, the cost basis or depreciation base of the assets will not exceed the net book value which did exist or would have existed had the assets continued in use under the previous contract with the department; except that depreciation shall not be assumed to accumulate during periods when the assets were not in use in or as a facility.

(b) The provisions of (a) of this subsection shall not apply to the most recent arm’s-length acquisition if it occurs at least ten years after the ownership of the assets has been previously transferred in an arm's-length transaction nor to the first arm's-length acquisition that occurs after January 1, 1980, for facilities participating in the medical care program prior to January 1, 1980. The new cost basis or depreciation base for such acquisitions shall not exceed the fair market value of the assets as determined by the department of general administration through an appraisal procedure. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious. For all partial or whole rate periods after July 17, 1984, this subsection is inoperative for any transfer of ownership of any asset, depreciable or nondepreciable, occurring on or after July 18, 1984, leaving (a) of this subsection to apply alone to such transfers: PROVIDED, HOWEVER, That this subsection shall apply to transfers of ownership of assets occurring prior to January 1, 1985, if the costs of such assets have never been reimbursed under medicaid cost reimbursement on an owner-operated basis or as a related-party lease: PROVIDED FURTHER, That for any contractor that can document in writing an enforceable agreement for the purchase of a nursing home dated prior to July 18, 1984, and submitted to the department prior to January 1, 1988, the cost basis of allowable land and the depreciation base of the nursing home, for rates established after July 18, 1984, shall not exceed the fair market value of the assets at the date of purchase as determined by the department of general administration through an appraisal procedure. For medicaid cost reimbursement purposes, an agreement to purchase a nursing home dated prior to July 18, 1984, is enforceable, even though such agreement contains no legal description of the real property involved, notwithstanding the statute of frauds or any other provision of law.

(c) In the case of land or depreciable assets leased by the same contractor since January 1, 1980, in an arm’s-length lease, and purchased by the lessee/contractor, the lessee/contractor shall have the option:
   (i) To have the provisions of subsection (b) of this section apply to the purchase; or
   (ii) To have the reimbursement for property and ((return on investment continue to be)) financing allowance calculated pursuant to ((the provisions contained in RCW 74.46.530(1) (e) and (f)) this chapter based upon the provisions of the lease in existence on the date of the purchase, but only if the purchase date meets one of the following criteria:
      (A) The purchase date is after the lessor has declared bankruptcy or has defaulted in any loan or mortgage held against the leased property;
      (B) The purchase date is within one year of the lease expiration or renewal date contained in the lease;
(C) The purchase date is after a rate setting for the facility in which the reimbursement rate set pursuant to this chapter no longer is equal to or greater than the actual cost of the lease; or

(D) The purchase date is within one year of any purchase option in existence on January 1, 1988.

(d) For all rate periods past or future where land or depreciable assets are acquired from a related organization, the contractor's cost basis and depreciation base shall not exceed the base the related organization had or would have had under a contract with the department.

(e) Where the land or depreciable asset is a donation or distribution between related organizations, the cost basis or depreciation base shall be the lesser of (i) fair market value, less salvage value, or (ii) the cost basis or depreciation base the related organization had or would have had for the asset under a contract with the department.

Sec. 3. RCW 74.46.421 and 1998 c 322 s 18 are each amended to read as follows:

(1) The purpose of part E of this chapter is to determine nursing facility medicaid payment rates that, in the aggregate for all participating nursing facilities, are in accordance with the biennial appropriations act.

(2)(a) The department shall use the nursing facility medicaid payment rate methodologies described in this chapter to determine initial component rate allocations for each medicaid nursing facility.

(b) The initial component rate allocations shall be subject to adjustment as provided in this section in order to assure that the state-wide average payment rate to nursing facilities is less than or equal to the state-wide average payment rate specified in the biennial appropriations act.

(3) Nothing in this chapter shall be construed as creating a legal right or entitlement to any payment that (a) has not been adjusted under this section or (b) would cause the state-wide average payment rate to exceed the state-wide average payment rate specified in the biennial appropriations act.

(4)(a) The state-wide average payment rate for the capital portion of the rate for any state fiscal year under the nursing facility medicaid payment system, weighted by patient days, shall not exceed the annual state-wide weighted average nursing facility payment rate for the capital portion of the rate identified for that fiscal year in the biennial appropriations act.

(b) If the department determines that the weighted average nursing facility payment rate for the capital portion of the rate calculated in accordance with this chapter is likely to exceed the weighted average nursing facility payment rate for the capital portion of the rate identified in the biennial appropriations act, then the department shall adjust all nursing facility property and financing allowance payment rates proportional to the amount by which the weighted average rate allocations would otherwise exceed the budgeted capital portion of the rate amount. Any such adjustments shall only be made prospectively, not retrospectively, and shall be applied proportionately to each component rate allocation for each facility.

(5)(a) The state-wide average payment rate for the noncapital portion of the rate for any state fiscal year under the nursing facility medicaid payment system, weighted by patient days, shall not exceed the annual state-wide weighted average nursing facility payment rate for the noncapital portion of the rate identified for that fiscal year in the biennial appropriations act.

(b) If the department determines that the weighted average nursing facility payment rate for the noncapital portion of the rate calculated in accordance with this chapter is likely to exceed the weighted average nursing facility payment rate for the noncapital portion of the rate identified in the biennial appropriations act, then the department shall adjust all nursing facility direct care, therapy care, support services, operations, and variable return payment rates proportional to the amount by which the weighted average rate allocations would otherwise exceed the budgeted noncapital portion of the rate amount. Any such adjustments shall only be made prospectively, not retrospectively, and shall be applied proportionately to each direct care, therapy care, support services, operations, and variable return rate allocation for each facility.

Sec. 4. RCW 74.46.431 and 1998 c 322 s 19 are each amended to read as follows:

(1) Effective ((October 1, 1998)) July 1, 1999, nursing facility medicaid payment rate allocations shall be facility-specific and shall have ((six)) seven components: Direct care, therapy care,
support services, operations, property, financing allowance, and variable return ((on investment)). The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) All component rate allocations shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, direct care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2004, direct care component rate allocations.

(b) Direct care component rate allocations based on 1996 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(k).

(c) Direct care component rate allocations based on 1999 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(k).

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, therapy care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2004, therapy care component rate allocations.

(b) Therapy care component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, support services component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2004, support services component rate allocations.

(b) Support services component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, operations component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2004, operations component rate allocations.

(b) Operations component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(8) For July 1, 1998, through September 30, 1998, a facility’s property and return on investment component rates shall be the facility’s June 30, 1998, property and return on investment component rates, without increase. For October 1, 1998, through June 30, 1999, a facility’s property and return on investment component rates shall be rebased utilizing 1997 adjusted cost report data covering at least six months of data.

(9) Total payment rates under the nursing facility medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(10) Medicaid contractors shall pay to all facility staff a minimum wage of the greater of five dollars and fifteen cents per hour or the federal minimum wage.

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data,
newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

Sec. 5. RCW 74.46.506 and 1998 c 322 s 25 are each amended to read as follows:

(1) The direct care component rate allocation corresponds to the provision of nursing care for one resident of a nursing facility for one day, including direct care supplies. Therapy services and supplies, which correspond to the therapy care component rate, shall be excluded. The direct care component rate includes elements of case mix determined consistent with the principles of this section and other applicable provisions of this chapter.

(2) Beginning October 1, 1998, the department shall determine and update quarterly for each nursing facility serving medicaid residents a facility-specific per-resident day direct care component rate allocation, to be effective on the first day of each calendar quarter. In determining direct care component rates the department shall utilize, as specified in this section, minimum data set resident assessment data for each resident of the facility, as transmitted to, and if necessary corrected by, the department in the resident assessment instrument format approved by federal authorities for use in this state.

(3) The department may question the accuracy of assessment data for any resident and utilize corrected or substitute information, however derived, in determining direct care component rates. The department is authorized to impose civil fines and to take adverse rate actions against a contractor, as specified by the department in rule, in order to obtain compliance with resident assessment and data transmission requirements and to ensure accuracy.

(4) Cost report data used in setting direct care component rate allocations shall be 1996 and 1999, for rate periods as specified in RCW 74.46.431(4)(a).

(5) Beginning October 1, 1998, the department shall rebase each nursing facility's direct care component rate allocation as described in RCW 74.46.431, adjust its direct care component rate allocation for economic trends and conditions as described in RCW 74.46.431, and update its medicaid average case mix index, consistent with the following:

(a) Reduce total direct care costs reported by each nursing facility for the applicable cost report period specified in RCW 74.46.431(4)(a) to reflect any department adjustments, and to eliminate reported resident therapy costs and adjustments, in order to derive the facility's total allowable direct care cost;

(b) Divide each facility's total allowable direct care cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy of eighty-five percent; that is, the greater of actual or imputed occupancy at eighty-five percent of licensed beds, to derive the facility's allowable direct care cost per resident day;

(c) Adjust the facility's per resident day direct care cost by the applicable factor specified in RCW 74.46.431(4) (b) and (c) to derive its adjusted allowable direct care cost per resident day;

(d) Divide each facility's adjusted allowable direct care cost per resident day by the facility average case mix index for the applicable quarters specified by RCW 74.46.501(7)(b) to derive the facility's allowable direct care cost per case mix unit;

(e) Divide nursing facilities into two peer groups: Those located in metropolitan statistical areas as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government, and those not located in a metropolitan statistical area;
(f) Array separately the allowable direct care cost per case mix unit for all metropolitan statistical area and for all nonmetropolitan statistical area facilities, and determine the median allowable direct care cost per case mix unit for each peer group;

(g) Except as provided in (k) of this subsection, from October 1, 1998, through June 30, 2000, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than eighty-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to eighty-five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between eighty-five and one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(h) Except as provided in (k) of this subsection, from July 1, 2000, through June 30, 2002, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between ninety and one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(i) From July 1, 2002, through June 30, 2004, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety-five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred five percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);
(iii) Any facility whose allowable cost per case mix unit is between ninety-five and one hundred five percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(j) Beginning July 1, 2004, determine each facility's quarterly direct care component rate by multiplying the facility's peer group median allowable direct care cost per case mix unit by that facility's medicaid average case mix index from the applicable quarter as specified in RCW 74.46.501(7)(c).

(k)(i) Between October 1, 1998, and June 30, 2000, the department shall compare each facility's direct care component rate allocation calculated under (g) of this subsection with the facility's nursing services component rate in effect on June 30, 1998, less therapy costs, plus any exceptional care offsets as reported on the cost report, adjusted for economic trends and conditions as provided in RCW 74.46.431. A facility shall receive the higher of the two rates;

(ii) Between July 1, 2000, and June 30, 2002, the department shall compare each facility's direct care component rate allocation calculated under (h) of this subsection with the facility's direct care component rate in effect on June 30, 2000. A facility shall receive the higher of the two rates.

(6) The direct care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 6. RCW 74.46.511 and 1998 c 322 s 26 are each amended to read as follows:

(1) The therapy care component rate allocation corresponds to the provision of medicaid one-on-one therapy provided by a qualified therapist as defined in this chapter, including therapy supplies and therapy consultation, for one day for one medicaid resident of a nursing facility. The therapy care component rate allocation for October 1, 1998, through June 30, 2001, shall be based on adjusted therapy costs and days from calendar year 1996. The therapy component rate allocation for July 1, 2001, through June 30, 2004, shall be based on adjusted therapy costs and days from calendar year 1999. The therapy care component rate shall be adjusted for economic trends and conditions as specified in RCW 74.46.431(5)(b), and shall be determined in accordance with this section.

(2) In rebasing, as provided in RCW 74.46.431(5)(a), the department shall take from the cost reports of facilities the following reported information:

(a) Direct one-on-one therapy charges for all residents by payer including charges for supplies;

(b) The total units or modules of therapy care for all residents by type of therapy provided, for example, speech or physical. A unit or module of therapy care is considered to be fifteen minutes of one-on-one therapy provided by a qualified therapist or support personnel; and

(c) Therapy consulting expenses for all residents.

(3) The department shall determine for all residents the total cost per unit of therapy for each type of therapy by dividing the total adjusted one-on-one therapy expense for each type by the total units provided for that therapy type.

(4) The department shall divide medicaid nursing facilities in this state into two peer groups:

(a) Those facilities located within a metropolitan statistical area; and

(b) Those not located in a metropolitan statistical area.

Metropolitan statistical areas and nonmetropolitan statistical areas shall be as determined by the United States office of management and budget or other applicable federal office. The department shall array the facilities in each peer group from highest to lowest based on their total cost per unit of therapy for each therapy type. The department shall determine the median total cost per unit of therapy for each therapy type and add ten percent of median total cost per unit of therapy. The cost per unit of therapy for each therapy type at a nursing facility shall be the lesser of its cost per unit of therapy for
(5) The department shall calculate each nursing facility’s therapy care component rate allocation as follows:
   (a) To determine the allowable total therapy cost for each therapy type, the allowable cost per unit of therapy for each type of therapy shall be multiplied by the total therapy units for each type of therapy;
   (b) The medicaid allowable one-on-one therapy expense shall be calculated taking the allowable total therapy cost for each therapy type times the medicaid percent of total therapy charges for each therapy type;
   (c) The medicaid allowable one-on-one therapy expense for each therapy type shall be divided by total adjusted medicaid days to arrive at the medicaid one-on-one therapy cost per patient day for each therapy type;
   (d) The medicaid one-on-one therapy cost per patient day for each therapy type shall be multiplied by total adjusted patient days for all residents to calculate the total allowable one-on-one therapy expense. The lesser of the total allowable therapy consultant expense for the therapy type or a reasonable percentage of allowable therapy consultant expense for each therapy type, as established in rule by the department, shall be added to the total allowable one-on-one therapy expense to determine the allowable therapy cost for each therapy type;
   (e) The allowable therapy cost for each therapy type shall be added together, the sum of which shall be the total allowable therapy expense for the nursing facility;
   (f) The total allowable therapy expense will be divided by the greater of adjusted total patient days from the cost report on which the therapy expenses were reported, or patient days at eighty-five percent occupancy of licensed beds. The outcome shall be the nursing facility’s therapy care component rate allocation.

(6) The therapy care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 7. RCW 74.46.515 and 1998 c 322 s 27 are each amended to read as follows:
(1) The support services component rate allocation corresponds to the provision of food, food preparation, dietary, housekeeping, and laundry services for one resident for one day.
(2) Beginning October 1, 1998, the department shall determine each medicaid nursing facility’s support services component rate allocation using cost report data specified by RCW 74.46.431(6).
(3) To determine each facility’s support services component rate allocation, the department shall:
   (a) Array facilities’ adjusted support services costs per adjusted resident day for each facility from facilities' cost reports from the applicable report year, for facilities located within a metropolitan statistical area, and for those not located in any metropolitan statistical area and determine the median adjusted cost for each peer group;
   (b) Set each facility’s support services component rate at the lower of the facility’s per resident day adjusted support services costs from the applicable cost report period or the adjusted median per resident day support services cost for that facility’s peer group, either metropolitan statistical area or nonmetropolitan statistical area, plus ten percent; and
   (c) Adjust each facility’s support services component rate for economic trends and conditions as provided in RCW 74.46.431(6).
(4) The support services component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. (If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department...
shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.)

Sec. 8. RCW 74.46.521 and 1998 c 322 s 28 are each amended to read as follows:
(1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return ((on investment)).

(2) Beginning October 1, 1998, the department shall determine each medicaid nursing facility's operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a).

(3) To determine each facility's operations component rate the department shall:
   (a) Array facilities' adjusted general operations costs per adjusted resident day for each facility from facilities' cost reports from the applicable report year, for facilities located within a metropolitan statistical area and for those not located in a metropolitan statistical area and determine the median adjusted cost for each peer group;
   (b) Set each facility's operations component rate at the lower of the facility's per resident day adjusted operations costs from the applicable cost report period or the adjusted median per resident day general operations cost for that facility's peer group, metropolitan statistical area or nonmetropolitan statistical area; and
   (c) Adjust each facility's operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).

(4) The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. ((If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.))

NEW SECTION. Sec. 9. (1) The department shall establish for each medicaid nursing facility a variable return component rate allocation. In determining the variable return allowance:
   (a) The variable return array and percentage assigned at the October 1, 1998, rate setting shall remain in effect until June 30, 2001.
   (b) The department shall then compute the variable return allowance by multiplying the appropriate percentage amounts, which shall not be less than one percent and not greater than four percent, by the sum of the facility's direct care, therapy care, support services, and operations rate components. The percentage amounts will be based on groupings of facilities according to the rankings prescribed in (a) of this subsection, as applicable. Those groups of facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem costs.

   (2) The variable return rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

Sec. 10. 1998 c 322 s 29 (uncodified) is amended to read as follows:
(1) The property component rate allocation for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation, subject to RCW 74.46.310 through 74.46.380, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, by the greater of a facility's total resident days for the facility in the prior period or resident days as calculated on eighty-five percent facility occupancy. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the property component rate shall be adjusted to anticipated resident day level.
A nursing facility's property component rate allocation shall be rebased annually, effective July 1st or October 1st as applicable, in accordance with this section and this chapter.

When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

For the purpose of calculating a nursing facility’s property component rate, if a contractor elects to bank licensed beds or to convert banked beds to active service, under chapter 70.38 RCW, the department shall use the facility's anticipated resident occupancy level subsequent to the decrease or increase in licensed bed capacity. However, in no case shall the department use less than eighty-five percent occupancy of the facility’s licensed bed capacity after banking or conversion.

The property component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. If the department determines that the weighted average rate allocations for all rate components for all facilities is likely to exceed the weighted average total rate specified in the state biennial appropriations act, the department shall adjust the rate allocations calculated in this section proportional to the amount by which the total weighted average rate allocations would otherwise exceed the budgeted level. Such adjustments shall only be made prospectively, not retrospectively.

NEW SECTION. Sec. 11. (1) Beginning July 1, 1999, the department shall establish for each medicaid nursing facility a financing allowance component rate allocation. The financing allowance component rate shall be rebased annually, effective July 1st, in accordance with the provisions of this section and this chapter.

The financing allowance shall be determined by multiplying the net invested funds of each facility by .10, and dividing by the greater of a nursing facility's total resident days from the most recent cost report period or resident days calculated on eighty-five percent facility occupancy. However, assets acquired on or after the effective date of this section shall be grouped in a separate financing allowance calculation that shall be multiplied by .085. The financing allowance factor of .085 shall not be applied to the net invested funds pertaining to new construction or major renovations receiving certificate of need approval or an exemption from certificate of need requirements under chapter 70.38 RCW, or to working drawings that have been submitted to the department of health for construction review approval, prior to the effective date of this section. If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the financing allowance shall be adjusted to the greater of the anticipated resident day level or eighty-five percent of the new licensed bed capacity.

In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing resident care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer’s capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer’s capitalized cost, whichever is lower.

In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to RCW 74.46.360(1).

For the purpose of calculating a nursing facility’s financing allowance component rate, if a contractor elects to bank licensed beds or to convert banked beds to active service, under chapter 70.38 RCW, the department shall use the facility’s anticipated resident occupancy level subsequent to the decrease or increase in licensed bed capacity. However, in no case shall the department use less than eighty-five percent occupancy of the facility’s licensed bed capacity after banking or conversion.

The financing allowance rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.
NEW SECTION. Sec. 12. (1) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm’s-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor’s total resident days, minus the property component rate allocation, is more than the sum of the financing allowance and the variable return rate determined according to this chapter, the following shall apply:

(a) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor’s assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such a determination is shown to be arbitrary and capricious.

(b) The sum of the financing allowance computed under (a) of this subsection and the variable return rate shall be compared to the annualized lease payment, plus any interest and depreciation associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor’s total resident days, minus the property component rate. The lesser of the two amounts shall be called the alternate return on investment rate.

(c) The sum of the financing allowance and variable return rate determined according to this chapter or the alternate return on investment rate, whichever is greater, shall be added to the prospective rates of the contractor.

(2) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm’s-length agreement, if the lease is renewed or extended under a provision of the lease, the treatment provided in subsection (1) of this section shall be applied, except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(3) The alternate return on investment component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

Sec. 13. RCW 74.46.350 and 1980 c 177 s 35 are each amended to read as follows:

(1) Buildings, land improvements, and fixed equipment shall be depreciated using the straight-line method of depreciation. For new or replacement building construction or for major renovations, either of which receives certificate of need approval or certificate of need exemption under chapter 70.38 RCW on or after the effective date of this section, the number of years used to depreciate fixed equipment shall be the same number of years as the life of the building to which it is affixed. Major-minor equipment shall be depreciated using either the straight-line method, the sum-of-the-years’ digits method, or declining balance method not to exceed one hundred fifty percent of the straight line rate. Contractors who have elected to take either the sum-of-the-years’ digits method or the declining balance method of depreciation on major-minor equipment may change to the straight-line method without permission of the department.

(2) The annual provision for depreciation shall be reduced by the portion allocable to use of the asset for purposes which are neither necessary nor related to patient care.

(3) No further depreciation shall be claimed after an asset has been fully depreciated unless a new depreciation base is established pursuant to RCW 74.46.360.

Sec. 14. RCW 74.46.370 and 1997 c 277 s 2 are each amended to read as follows:

(1) Except for new buildings, major remodels, and major repair projects, as defined in subsection (2) of this section, the contractor shall use lives which reflect the estimated actual useful life of the asset and which shall be no shorter than guideline lives as established by the department. Lives shall be measured from the date on which the assets were first used in the medical care program or from the date of the most recent arm’s-length acquisition of the asset, whichever is more recent. In cases where RCW 74.46.360(6)(a) does apply, the shortest life that may be used for buildings is the...
remaining useful life under the prior contract. In all cases, lives shall be extended to reflect periods, if any, when assets were not used in or as a facility.

(2) Effective July 1, 1997, for asset acquisitions and new facilities, major remodels, and major repair projects that begin operations on or after July 1, 1997, the department shall use the most current edition of Estimated Useful Lives of Depreciable Hospital Assets, or as it may be renamed, published by the American Hospital Publishing, Inc., an American hospital association company, for determining the useful life of new buildings, major remodels, and major repair projects, however, the shortest life that may be used for new buildings receiving certificate of need approval or certificate of need exemptions under chapter 70.38 RCW on or after the effective date of this section, is thirty years. New buildings, major remodels, and major repair projects include those projects that meet or exceed the expenditure minimum established by the department of health pursuant to chapter 70.38 RCW.

(3) Building improvements, other than major remodels and major repairs, shall be depreciated over the remaining useful life of the building, as modified by the improvement.

(4) Improvements to leased property which are the responsibility of the contractor under the terms of the lease shall be depreciated over the useful life of the improvement.

(5) A contractor may change the estimate of an asset’s useful life to a longer life for purposes of depreciation.

(6) For new or replacement building construction or for major renovations, either of which receives certificate of need approval or certificate of need exemption under chapter 70.38 RCW on or after the effective date of this section, the number of years used to depreciate fixed equipment shall be the same number of years as the life of the building to which it is affixed.

NEW SECTION. Sec. 15. If a contractor experiences an increase in state or county property taxes as a result of new building construction, replacement building construction, or substantial building additions that require the acquisition of land, then the department shall adjust the contractor’s prospective rates to cover the medicaid share of the tax increase. The rate adjustments shall only apply to construction and additions completed on or after July 1, 1997. The rate adjustments authorized by this section are effective on the first day after July 1, 1999, on which the increased tax payment is due. Rate adjustments made under this section are subject to all applicable cost limitations contained in this chapter.

NEW SECTION. Sec. 16. Sections 9 through 12 and 15 of this act are each added to part E of chapter 74.46 RCW.

NEW SECTION. Sec. 17. The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2001:

(1) RCW 74.46.--- and 1999 c . . . s 9 (section 9 of this act);
(2) RCW 74.46.--- and 1999 c . . . s 10 (section 10 of this act) & 1998 c 322 s 29 (uncodified);

(6) RCW 74.46.370 (Lives of assets) and 1999 c . . . s 14 (section 14 of this act), 1997 c 277 s 2, & 1980 c 177 s 37; and
(7) RCW 74.46.--- and 1999 c . . . s 15 (section 15 of this act).

NEW SECTION. Sec. 18. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions. Section 11 of this act takes effect immediately, and sections 1 through 10 and 12 through 17 take effect July 1, 1999."

"NEW SECTION. Sec. 1. (1) The Washington supreme court in a case involving a ballot measure, State v. 119 Vote No! Committee, 135 Wn.2d 618 (1998), found the statute that prohibits persons from sponsoring, with actual malice, political advertising containing false statements of material fact to be invalid under the First Amendment to the United States Constitution.

April 21, 1999
(2) The legislature finds that a review of the opinions indicates that a majority of the supreme court may find valid a statute that limited such a prohibition on sponsoring with actual malice false statements of material fact in a political campaign to statements about a candidate in an election for public office.

(3) It is the intent of the legislature to amend the current law to provide protection for candidates for public office against false statements of material fact sponsored with actual malice.

(b) Political advertising that falsely represents that a candidate is the incumbent for the office sought when in fact the candidate is not the incumbent;

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1999

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1810 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.13.500 and 1997 c 305 s 2 are each amended to read as follows:

(1) Consistent with the provisions of chapter 42.17 RCW and applicable federal law, the secretary, or the secretary's designee, shall disclose information regarding the abuse or neglect of a child, the investigation of the abuse (or neglect), or near fatality of a child, and any services related to the abuse or neglect of a child if any one of the following factors is present:

(a) The subject of the report has been charged in an accusatory instrument with committing a crime related to a report maintained by the department in its case and management information system;

(b) The investigation of the abuse or neglect of the child by the department or the provision of services by the department has been publicly disclosed in a report required to be disclosed in the course of their official duties, by a law enforcement agency or official, a prosecuting attorney, any other state or local investigative agency or official, or by a judge of the superior court;

(c) There has been a prior knowing, voluntary public disclosure by an individual concerning a report of child abuse or neglect in which such individual is named as the subject of the report; or

(d) The child named in the report has died and the child's death resulted from abuse or neglect or the child was in the care of, or receiving services from the department at the time of death or within twelve months before death.

(2) The secretary is not required to disclose information if the factors in subsection (1) of this section are present if he or she specifically determines the disclosure is contrary to the best interests of the child, the child's siblings, or other children in the household.

(3) Except for cases in subsection (1)(d) of this section, requests for information under this section shall specifically identify the case about which information is sought and the facts that support a determination that one of the factors specified in subsection (1) of this section is present.

(4) For the purposes of this section, "near fatality" means an act that, as certified by a physician, places the child in serious or critical condition. The secretary is under no obligation to have an act certified by a physician in order to comply with this section.

Sec. 2. RCW 13.34.030 and 1998 c 130 s 1 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years.

(2) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.

(3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.

(4) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or
parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon:
  (b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or
  (c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(8) "Judicial proceeding" means an action in which a party challenges a finding of the court.

(9) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(10) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

Sec. 3. RCW 13.34.100 and 1996 c 249 s 13 are each amended to read as follows:

(1) The court shall appoint a guardian ad litem for a child who is the subject of an action under this chapter(, unless a court for good cause finds the appointment unnecessary)) that results in a judicial proceeding. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by independent counsel in the proceedings.

(2) If the court does not have available to it a guardian ad litem program with a sufficient number of volunteers, the court may appoint a suitable person to act as guardian ad litem for the child under this chapter. Another party to the proceeding or the party's employee or representative shall not be so appointed.

(3) Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background file shall include, but is not limited to, the following information:

(a) Level of formal education;
(b) Training related to the guardian's duties;
(c) Number of years' experience as a guardian ad litem;
(d) Number of appointments as a guardian ad litem and the county or counties of appointment; and

(e) Criminal history, as defined in RCW 9.94A.030.

The background information report shall be updated annually. As a condition of appointment, the guardian ad litem's background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program the person shall provide the background information to the court.
Upon appointment, the guardian ad litem, or guardian ad litem program, shall provide the parties or their attorneys with a statement containing his or her training relating to the duties as a guardian ad litem and criminal history as defined in RCW 9.94A.030 for the period covering ten years prior to the appointment. The background statement shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

(4) The appointment of the guardian ad litem shall remain in effect until the court discharges the appointment or no longer has jurisdiction, whichever comes first. The guardian ad litem may also be discharged upon entry of an order of guardianship.

(5) A guardian ad litem through counsel, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

(6) If the child requests legal counsel and is age twelve or older, or if the guardian ad litem or the court determines that the child needs to be independently represented by counsel, the court may appoint an attorney to represent the child’s position.

(7) For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93-247, or any related state or federal legislation, a person appointed pursuant to RCW 13.34.100 shall be deemed a guardian ad litem to represent the best interests of the minor in proceedings before the court.

(8) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends and the appointment shall be effective immediately. The court shall appoint the person recommended by the program. If a party in a case reasonably believes the court-appointed special advocate or volunteer is inappropriate or unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate on the grounds the advocate or volunteer is inappropriate or unqualified.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "amending RCW 74.13.500, 13.34.030, and 13.34.100; and declaring an emergency." and the same are herewith transmitted.

SECOND READING

Representative Lambert moved the adoption of amendment (243):

Strike everything after the enacting clause and insert the following:

“Sec. 1. RCW 28A.225.020 and 1996 c 134 s 2 are each amended to read as follows:
(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:
(a) Inform the child’s custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences;
(b) Schedule a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of
the child’s absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and
(c) Take steps to eliminate or reduce the child’s absences. These steps shall include, where appropriate, adjusting the child’s school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child’s parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child’s absence.

(2) For purposes of this chapter, an "unexcused absence" means that a child:
(a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and
(b) Has failed to meet the school district’s policy for excused absences.
(3) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and section 6 of this act.

Sec. 2. RCW 28A.225.030 and 1996 c 134 s 3 are each amended to read as follows:
(1) If a child is required to attend school under RCW 28A.225.010 and if the actions taken by a school district under RCW 28A.225.020 are not successful in substantially reducing an enrolled student’s absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year or not later than the tenth unexcused absence during the current school year the school district shall file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. Except as provided in this subsection, no additional documents need be filed with the petition.
(2) The district shall not later than the fifth unexcused absence in a month:
(a) Enter into an agreement with a student and parent that establishes school attendance requirements;
(b) Refer a student to a community truancy board, if available, as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child’s absences; or
(c) File a petition under subsection (1) of this section.
(3) The petition may be filed by a school district employee who is not an attorney.
(4) If the school district fails to file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.
(5) Petitions filed under this section may be served by certified mail, return receipt requested.
If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

Sec. 3. RCW 28A.225.035 and 1997 c 68 s 1 are each amended to read as follows:
(1) A petition for a civil action under RCW 28A.225.030 or section 6 of this act shall consist of a written notification to the court alleging that:
(a) The child has unexcused absences during the current school year;
(b) Actions taken by the school district have not been successful in substantially reducing the child’s absences from school; and
(c) Court intervention and supervision are necessary to assist the school district or parent to reduce the child’s absences from school.

(2) The petition shall set forth the name, age, school, and residence of the child and the names and residence of the child’s parents.

(3) The petition shall set forth facts that support the allegations in this section and shall generally request relief available under this chapter and provide information about what the court might order under RCW 28A.225.090.

(4) When a petition is filed under RCW 28A.225.030 or section 6 of this act, the juvenile court shall schedule a hearing at which the court shall consider the petition(, However), or if the court determines that a referral to an available community truancy board would substantially reduce the child’s unexcused absences, the court may refer the case to a community truancy board under the jurisdiction of the juvenile court.

(5) If a referral is made to a community truancy board, the truancy board must meet with the child, a parent, and the school district representative and enter into an agreement with the petitioner and respondent regarding expectations and any actions necessary to address the child’s truancy within thirty days of the referral. If the petition is based on section 6 of this act, the child shall not be required to attend and the agreement under this subsection shall be between the truancy board, the school district, and the child’s parent. The agreement shall be presented to the juvenile court for its approval.

(6) The court shall approve the agreement by order or schedule a hearing. The court may, if the school district and community truancy board agree, permit the truancy board to provide continued supervision over the student, or parent if the petition is based on section 6 of this act, and report on compliance with the order.

(7) If the truancy board fails to reach an agreement, the truancy board shall return the case to the juvenile court for a hearing.

(8) Notwithstanding the provisions in subsection (4) of this section, a hearing shall not be required if other actions by the court would substantially reduce the child’s unexcused absences. When a juvenile court hearing is held, the court shall:

(a) Separately notify the child, the parent of the child, and the school district of the hearing;

(b) Notify the parent and the child of their rights to present evidence at the hearing; and

(c) Notify the parent and the child of the options and rights available under chapter 13.32A RCW.

(((5))) (9) The court may require the attendance of ((both)) the child ((and)) if eight years old or older, the parents, and the school district at any hearing on a petition filed under RCW 28A.225.030.

(((6))) (10) A school district is responsible for determining who shall represent the school district at hearings on a petition filed under RCW 28A.225.030 or section 6 of this act.

(11) The court may permit the first hearing to be held without requiring that either party be represented by legal counsel, and to be held without a guardian ad litem for the child under RCW 4.08.050. At the request of the school district, the court ((may)) shall permit a school district representative who is not an attorney to represent the school district at any future hearings.

(((7))) (12) If the allegations in the petition are established by a preponderance of the evidence, the court shall grant the petition and enter an order assuming jurisdiction to intervene for the period of time determined by the court, after considering the facts alleged in the petition and the circumstances of the juvenile, to most likely cause the juvenile to return to and remain in school while the juvenile is subject to this chapter. In no case may the order expire before the end of the school year in which it is entered.

(((8))) (13) If the court assumes jurisdiction, the school district shall regularly report to the court any additional unexcused absences by the child.

(((9))) (14) Community truancy boards and the courts shall coordinate, to the extent possible, proceedings and actions pertaining to children who are subject to truancy petitions and at-risk youth petitions in RCW 13.32A.191 or child in need of services petitions in RCW 13.32A.140.
If after a juvenile court assumes jurisdiction in one county the child relocates to another county, the juvenile court in the receiving county shall, upon the request of a school district or parent, assume jurisdiction of the petition filed in the previous county.

Sec. 4. RCW 28A.225.090 and 1998 c 296 s 39 are each amended to read as follows:
(1) A court may order a child subject to a petition under RCW 28A.225.035 to:
(a) Attend the child's current school;
(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not be required to enter into or continue a contract if the child is no longer enrolled in the district;
(d) Be referred to a community truancy board, if available; or
(e) Submit to testing for the use of controlled substances or alcohol based on a determination that such testing is appropriate to the circumstances and behavior of the child and will facilitate the child's compliance with the mandatory attendance law.
(2) If the child fails to comply with the court order, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW.
(3) Any parent violating any of the provisions of either RCW 28A.225.010, section 6 of this act, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.
(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention such as meaningful community service. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.
(5) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year-old child required to attend public school under section 6 of this act.

Sec. 5. RCW 28A.225.025 and 1996 c 134 s 9 are each amended to read as follows:
For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court
and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other boards that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Members of the board shall be selected from representatives of the community.

Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.225 RCW to read as follows:

(1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year-old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled shall:

(a) Inform the child’s custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;

(b) Request a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child’s absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child’s absences. These steps shall include, where appropriate, adjusting the child’s school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district shall file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old-children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

NEW SECTION. Sec. 7. A new section is added to chapter 28A.300 RCW to read as follows:

Sec. 6. The superintendent of public instruction shall provide, to the extent funds are appropriated, start-up grants for alternative programs and services that provide instruction and learning for truant, at-risk, and expelled students. Each grant application shall contain proposed performance indicators and an evaluation plan to measure the success of the program and its impact on improved student learning. Applications shall contain the applicant’s plan for maintaining the program and services after the grant period.
NEW SECTION.  Sec. 8. If funds are appropriated by the legislature for this specific purpose, the superintendent of public instruction shall contract with the Institute of Public Policy or a similar agency to: Evaluate the effectiveness of the petition process and community truancy boards in chapter 28A.225 RCW in reducing truancy; determine whether students who do return to school after being subject to court action create disruptions for other students in the school, establish patterns of improved attendance, and successfully complete their education program; and determine the costs imposed on school districts by the petition process and other truancy-related procedural requirements required by the legislature in 1992 and thereafter.

The cost determination shall be submitted to the legislature by December 15, 1999. The evaluation shall be submitted to the appropriate committees of the legislature by December 15, 2000. This section expires December 31, 2000."

SENATE AMENDMENTS TO HOUSE BILL

April 14, 1999

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1176 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 40.14.060 and 1982 c 36 s 5 are each amended to read as follows:
(1) Any destruction of official public records shall be pursuant to a schedule approved under RCW 40.14.050. Official public records shall not be destroyed unless:
   (a) except as provided under RCW 40.14.070(2)(b), the records are six or more years old;
   (b) the department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly if lesser federal retention periods for records generated by the state under federal programs have been established; or
   (c) the originals of official public records less than six years old have been copied or reproduced by any photographic or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.
   (2) Any lesser term of retention than six years must have the additional approval of the director of financial management, the state auditor and the attorney general, except when records have federal retention guidelines the state records committee may adjust the retention period accordingly. An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the state records committee for approval or disapproval of the change to a retention period of six years.

Recommendations for the destruction or disposition of office files and memoranda shall be submitted to the records committee upon approved forms prepared by the records officer of the agency concerned and the archivist. The committee shall determine the period of time that any office file or memorandum shall be preserved and may authorize the division of archives and records management to arrange for its destruction or disposition.

Sec. 2. RCW 40.14.070 and 1995 c 301 s 71 are each amended to read as follows:
(1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

   (b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

   (2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:
The records are six or more years old;  
(iii) The department of origin of the records has made a satisfactory showing to the state  
records committee that the retention of the records for a minimum of six years is both unnecessary and  
uneconomical, particularly where lesser federal retention periods for records generated by the state  
under federal programs have been established; or  
(iii) The originals of official public records less than six years old have been copied or  
reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process  
approved by the state archivist which accurately reproduces or forms a durable medium for so  
reproducing the original.  
An automatic reduction of retention periods from seven to six years for official public records  
on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be  
reviewed individually by the local records committee for approval or disapproval of the change to a  
retention period of six years.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make
a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender’s current program is unavailable in the offender’s new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate’s current program; or (d) the offender’s training or education has demonstrated that the current program is not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

Money that remains unused in the inmate’s postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

(6) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims’ compensation and twenty percent to the department to contribute to the cost of incarceration.

(7) The interest earned on an inmate savings account created as a result of the plan in section 4 of this act shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.
In the event that the offender worker’s wages or gratuity is subject to garnishment for support enforcement, the crime victims’ compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate’s incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates’ wages and keep records of the amount inmates pay for the costs of incarceration and amenities.    (e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
   (f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

NEW SECTION.  Sec. 3. A new section is added to chapter 70.48 RCW to read as follows:

The fee is payable immediately from any money then possessed by the person being booked, or any money deposited with the sheriff’s department or city jail administration on the person’s behalf. If the person has no funds at the time of booking or during the period of incarceration, the sheriff or police chief may notify the court in the county or city where the charges related to the booking are pending, and may request the assessment of the fee. Unless the person is held on other criminal matters, if the person is not charged, is acquitted, or if all charges are dismissed, the sheriff or police chief shall return the fee to the person at the last known address listed in the booking records.

NEW SECTION.  Sec. 4. The secretary of corrections shall prepare a plan for depositing inmate savings account funds into an interest bearing account. The plan shall assume that the funds shall be deposited into a commingled account for all inmates and that the interest shall be paid in a manner pro rata to the inmate’s share of the total deposits. The secretary shall present the plan to the governor and the legislature not later than December 1, 1999. The plan shall minimize the costs of
administering the account and the inmates shall receive interest at a rate not less than the passbook savings rate."

On page 1, line 1 of the title, after "funds;" strike the remainder of the title and insert "amending RCW 72.09.480 and 72.09.111; adding a new section to chapter 70.48.RCW; and creating a new section."

**NEW SECTION. Sec. 3.** A new section is added to chapter 70.48 RCW to read as follows:

A governing unit may require that each person who is booked at a city, county, or regional jail pay a fee of ten dollars to the sheriff’s department of the county or police chief of the city in which the jail is located. The fee is payable immediately from any money then possessed by the person being booked, or any money deposited with the sheriff’s department or city jail administration on the person’s behalf. If the person has no funds at the time of booking or during the period of incarceration, the sheriff or police chief may notify the court in the county or city where the charges related to the booking are pending, and may request the assessment of the fee. Unless the person is held on other criminal matters, if the person is not charged, is acquitted, or if all charges are dismissed, the sheriff or police chief shall return the fee to the person at the last known address listed in the booking records.

**NEW SECTION. Sec. 4.** The secretary of corrections shall prepare a plan for depositing inmate savings account funds into an interest bearing account. The plan shall assume that the funds shall be deposited into a commingled account for all inmates and that the interest shall be paid in a manner pro rata to the inmate’s share of the total deposits. The secretary shall present the plan to the governor and the legislature not later than December 1, 1999. The plan shall minimize the costs of administering the account and the inmates shall receive interest at a rate not less than the passbook savings rate."

**SENATE AMENDMENTS TO HOUSE BILL**

April 21, 1999

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1663 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature recognizes the increasing incidence of concurrent involvement of family members in multiple areas of the justice system. Analysis shows significant case overlap in the case types of juvenile offender, juvenile dependency, at-risk youth, child in need of services, truancy, domestic violence, and domestic relations. Also recognized is the increased complexity of the problems facing family members and the increased complexity of the laws affecting families. It is believed that in such situations, an efficient and effective response is through the creation of a unified court system centered around the family that: Provides a dedicated, trained,
informed judiciary; incorporates case management practices based on a family's judicial system needs; enables multiple case type resolution by one judicial officer or judicial team; provides coordinated legal and social services; and considers and evaluates the needs of the family as a whole.

NEW SECTION. Sec. 2. The administrator for the courts shall conduct a unified family court pilot program.

(1) Pilot program sites shall be selected through a request for proposal process, and shall be established in no more than three superior court judicial districts.

(2) To be eligible for consideration as a pilot project site, judicial districts must have a statutorily authorized judicial complement of at least five judges.

(3) The administrator for the courts shall develop criteria for the unified family court pilot program. The pilot program shall include:

(a) All case types under Title 13 RCW, chapters 26.09, 26.10, 26.12, 26.18, 26.19, 26.20, 26.26, 26.50, 26.27, and 28A.225 RCW;

(b) Unified family court judicial officers, who volunteer for the program, and meet training requirements established by local court rule;

(c) Case management practices that provide a flexible response to the diverse court-related needs of families involved in multiple areas of the justice system. Case management practices should result in a reduction in process redundancies and an efficient use of time and resources, and create a system enabling multiple case type resolution by one judicial officer or judicial team;

(d) A court facilitator to provide assistance to parties with matters before the unified family court; and

(e) An emphasis on providing nonadversarial methods of dispute resolution such as a settlement conference, evaluative mediation by attorney mediators, and facilitative mediation by nonattorney mediators.

(4) The office of the administrator for the courts shall publish and disseminate a state-approved listing of definitions of nonadversarial methods of dispute resolution so that court officials, practitioners, and users can choose the most appropriate process for the matter at hand.

(5) The office of the administrator for the courts shall provide to the judicial districts selected for the pilot program the computer resources needed by each judicial district to implement the unified family court pilot program.

(6) The office of the administrator for the courts shall conduct a study of the pilot program measuring improvements in the judicial system's response to family involvement in the judicial system. The administrator for the courts shall report preliminary findings and final results of the study to the governor, the chief justice of the supreme court, and the legislature on a biennial basis. The initial report is due by July 1, 2000, and the final report is due by December 1, 2004.

NEW SECTION. Sec. 3. The judges of the superior court judicial districts with unified family court pilot programs shall adopt local court rules directing the program. The local court rules shall comply with the criteria established by the administrator for the courts and shall include:

(1) A requirement that all judicial officers hearing cases in unified family court:

(a) Complete an initial training program including the topic areas of childhood development, domestic violence, cultural awareness, child abuse and neglect, chemical dependency, and mental illness; and

(b) Subsequent to the training in (a) of this subsection, annually attend a minimum of eight hours of continuing education of pertinence to the unified family court;

(2) Case management that is based on the practice of one judge or judicial team handling all matters relating to a family;

(3) An emphasis on coordinating or consolidating, to the extent possible, all cases before the unified family court relating to a family; and

(4) Programs that provide for record confidentiality to protect the confidentiality of court records in accordance with the law. However law enforcement agencies shall have access to the records to the extent permissible under the law.

Sec. 4. RCW 10.14.200 and 1995 c 246 s 35 are each amended to read as follows:
Any order available under this chapter may be issued in actions under chapter 13.32A, 26.09, 26.10, or 26.26 RCW. An order available under this chapter that is issued under those chapters shall be fully enforceable and shall be enforced pursuant to the provisions of this chapter.

(2) The revolving fund and all disbursements from the revolving fund are subject to the allotment procedure under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department of information services shall, in consultation with entities connected to the network under RCW 28D.02.070 (as recodified by this act) and subject to the review and approval of the office of financial management, establish and implement a billing structure for network services identified in subsection (1) of this section.

(3) The department shall charge those public entities connected to the K-20 telecommunications under RCW 28D.02.070 an annual copayment per unit of transport connection as determined by the legislature after consideration of the K-20 board’s recommendations. This copayment shall be deposited into the revolving fund to be used for the purposes in subsection (1) of this section. It is the intent of the legislature to appropriate to the revolving fund such moneys as necessary to cover the costs for transport, maintenance, and depreciation of data equipment located at the individual public
institutions, maintenance and depreciation of the network backbone, and services provided to the

(ii) The K-20 board determines that inclusion of the independent nonprofit institutions of higher
education will not significantly affect the network’s eligibility for federal universal service fund
discounts or subsidies.

SENATE AMENDMENTS TO HOUSE BILL

April 12, 1999

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1282 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that recruiting and retaining a highly qualified work force is essential to deliver high quality public programs. One factor that impairs recruitment or transfer of public employees is the housing cost differential between the rural and urban areas of the state. This housing cost differential can cause state employees to decline promotional or transfer opportunities if the costs associated with such moves are not compensated.

Therefore, the legislature finds that it is in the interest of the citizens of the state of Washington to authorize an employing agency to offer assistance to state employees to relocate from one part of the state to another. This assistance is referred to as relocation compensation and is commonplace with private and federal government employers.

NEW SECTION. Sec. 2. A new section is added to chapter 43.03 RCW to read as follows:

An agency may, within existing resources, authorize lump sum relocation compensation when it determines it is necessary to successfully recruit and retain qualified candidates who will have to make a domiciliary move in order to accept the position. It is lawful for a state office, commission, department, or institution to, within existing resources, authorize lump sum relocation compensation as authorized by rule under chapter 41.06 RCW and in accordance with the provisions of chapter 43.88 RCW. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency
director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation.

Sec. 3. RCW 41.06.150 and 1996 c 319 s 2 are each amended to read as follows:

The board shall adopt rules, consistent with the purposes and provisions of this chapter, as now or hereafter amended, and with the best standards of personnel administration, regarding the basis and procedures to be followed for:

1. The reduction, dismissal, suspension, or demotion of an employee;
2. Certification of names for vacancies, including departmental promotions, with the number of names equal to six more names than there are vacancies to be filled, such names representing applicants rated highest on eligibility lists: PROVIDED, That when other applicants have scores equal to the lowest score among the names certified, their names shall also be certified;
3. Examinations for all positions in the competitive and noncompetitive service;
4. Appointments;
5. Training and career development;
6. Probationary periods of six to twelve months and rejections of probationary employees, depending on the job requirements of the class, except that entry level state park rangers shall serve a probationary period of twelve months;
7. Transfers;
8. Sick leaves and vacations;
9. Hours of work;
10. Layoffs when necessary and subsequent reemployment, both according to seniority;
11. Determination of appropriate bargaining units within any agency: PROVIDED, That in making such determination the board shall consider the duties, skills, and working conditions of the employees, the history of collective bargaining by the employees and their bargaining representatives, the extent of organization among the employees, and the desires of the employees;
12. Certification and decertification of exclusive bargaining representatives: PROVIDED, That after certification of an exclusive bargaining representative and upon the representative’s request, the director shall hold an election among employees in a bargaining unit to determine by a majority whether to require as a condition of employment membership in the certified exclusive bargaining representative on or after the thirtieth day following the beginning of employment or the date of such election, whichever is the later, and the failure of an employee to comply with such a condition of employment constitutes cause for dismissal: PROVIDED FURTHER, That no more often than once in each twelve-month period after expiration of twelve months following the date of the original election in a bargaining unit and upon petition of thirty percent of the members of a bargaining unit the director shall hold an election to determine whether a majority wish to rescind such condition of employment: PROVIDED FURTHER, That for purposes of this clause, membership in the certified exclusive bargaining representative is satisfied by the payment of monthly or other periodic dues and does not require payment of initiation, reinstatement, or any other fees or fines and includes full and complete membership rights: AND PROVIDED FURTHER, That in order to safeguard the right of nonassociation of public employees, based on bona fide religious tenets or teachings of a church or religious body of which such public employee is a member, such public employee shall pay to the union, for purposes within the program of the union as designated by such employee that would be in harmony with his or her individual conscience, an amount of money equivalent to regular union dues minus any included monthly premiums for union-sponsored insurance programs, and such employee shall not be a member of the union but is entitled to all the representation rights of a union member;
13. Agreements between agencies and certified exclusive bargaining representatives providing for grievance procedures and collective negotiations on all personnel matters over which the appointing authority of the appropriate bargaining unit of such agency may lawfully exercise discretion;
14. Written agreements may contain provisions for payroll deductions of employee organization dues upon authorization by the employee member and for the cancellation of such payroll deduction by the filing of a proper prior notice by the employee with the appointing authority and the employee organization: PROVIDED, That nothing contained herein permits or grants to any employee the right to strike or refuse to perform his or her official duties;
(15) Adoption and revision of a comprehensive classification plan for all positions in the classified service, based on investigation and analysis of the duties and responsibilities of each such position.

(a) The board shall not adopt job classification revisions or class studies unless implementation of the proposed revision or study will result in net cost savings, increased efficiencies, or improved management of personnel or services, and the proposed revision or study has been approved by the director of financial management in accordance with chapter 43.88 RCW.

(b) Beginning July 1, 1995, through June 30, 1997, in addition to the requirements of (a) of this subsection:

(i) The board may approve the implementation of salary increases resulting from adjustments to the classification plan during the 1995-97 fiscal biennium only if:

(A) The implementation will not result in additional net costs and the proposed implementation has been approved by the director of financial management in accordance with chapter 43.88 RCW;

(B) The implementation will take effect on July 1, 1996, and the total net cost of all such actions approved by the board for implementation during the 1995-97 fiscal biennium does not exceed the amounts specified by the legislature specifically for this purpose; or

(C) The implementation is a result of emergent conditions. Emergent conditions are defined as emergency situations requiring the establishment of positions necessary for the preservation of the public health, safety, or general welfare, which do not exceed $250,000 of the moneys identified in section 718(2), chapter 18, Laws of 1995 2nd sp. sess.

(ii) The board shall approve only those salary increases resulting from adjustments to the classification plan if they are due to documented recruitment and retention difficulties, salary compression or inversion, increased duties and responsibilities, or inequities. For these purposes, inequities are defined as similar work assigned to different job classes with a salary disparity greater than 7.5 percent.

(iii) Adjustments made to the higher education hospital special pay plan are exempt from (b)(i) through (ii) of this subsection.

(c) Reclassifications, class studies, and salary adjustments to be implemented during the 1997-99 and subsequent fiscal biennia are governed by (a) of this subsection and RCW 41.06.152;

(16) Allocation and reallocation of positions within the classification plan;

(17) Adoption and revision of a state salary schedule to reflect the prevailing rates in Washington state private industries and other governmental units but the rates in the salary schedules or plans shall be increased if necessary to attain comparable worth under an implementation plan under RCW 41.06.155 and that, for institutions of higher education and related boards, shall be competitive for positions of a similar nature in the state or the locality in which an institution of higher education or related board is located, such adoption and revision subject to approval by the director of financial management in accordance with the provisions of chapter 43.88 RCW;

(18) Increment increases within the series of steps for each pay grade based on length of service for all employees whose standards of performance are such as to permit them to retain job status in the classified service;

(19) Optional lump sum relocation compensation approved by the agency director, whenever it is reasonably necessary that a person make a domiciliary move in accepting a transfer or other employment with the state. An agency must provide lump sum compensation within existing resources. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;

(20) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the board, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty.
or is discharged at the convenience of the government and who, upon termination of such service has
received an honorable discharge, a discharge for physical reasons with an honorable record, or a
release from active military service with evidence of service other than that for which an undesirable,
bad conduct, or dishonorable discharge shall be given: PROVIDED, HOWEVER, That the surviving
spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active
military service: PROVIDED FURTHER, That for the purposes of this section "veteran" does not
include any person who has voluntarily retired with twenty or more years of active military service and
whose military retirement pay is in excess of five hundred dollars per month;

(21) Permitting agency heads to delegate the authority to appoint, reduce, dismiss,
suspend, or demote employees within their agencies if such agency heads do not have specific statutory
authority to so delegate: PROVIDED, That the board may not authorize such delegation to any
position lower than the head of a major subdivision of the agency;

(22) Assuring persons who are or have been employed in classified positions before
July 1, 1993, will be eligible for employment, reemployment, transfer, and promotion in respect to
classified positions covered by this chapter;

(23) Affirmative action in appointment, promotion, transfer, recruitment, training, and
career development; development and implementation of affirmative action goals and timetables; and
monitoring of progress against those goals and timetables.
The board shall consult with the human rights commission in the development of rules
pertaining to affirmative action. The department of personnel shall transmit a report annually to the
human rights commission which states the progress each state agency has made in meeting affirmative
action goals and timetables."

On page 1, beginning on line 2 of the title, after "assistance;" strike the remainder of the title
and insert "amending RCW 41.06.150; adding a new section to chapter 43.03 RCW; and creating
a new section."

Sec. 6. RCW 9.94A.440 and 1996 c 93 s 2 are each amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and
(ii) Most members of society act as if it were no longer in existence; and
(iii) It serves no deterrent or protective purpose in today’s society; and
(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimus Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;
(ii) Conviction in the pending prosecution is imminent;
(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused’s information or testimony will reasonably
lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

- (i) Assault cases where the victim has suffered little or no injury;
- (ii) Crimes against property, not involving violence, where no major loss was suffered;
- (iii) Where doing so would not jeopardize the safety of society.

Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid prefiling agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.120(8).

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

Selection of Charges/Degree of Charge
(1) The prosecutor should file charges which adequately describe the nature of defendant’s conduct. Other offenses may be charged only if they are necessary to ensure that the charges:
   (a) Will significantly enhance the strength of the state’s case at trial; or
   (b) Will result in restitution to all victims.
(2) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
   (a) Charging a higher degree;
   (b) Charging additional counts.
This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant’s criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

GUIDELINES/COMMENTARY:
Police Investigation
A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:
   (1) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
   (2) The completion of necessary laboratory tests; and
   (3) The obtaining, in accordance with constitutional requirements, of the suspect’s version of the events.
If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

Exceptions
In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:
   (1) Probable cause exists to believe the suspect is guilty; and
   (2) The suspect presents a danger to the community or is likely to flee if not apprehended; or
   (3) The arrest of the suspect is necessary to complete the investigation of the crime.
In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

Investigation Techniques
The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:
   (1) Polygraph testing;
   (2) Hypnosis;
   (3) Electronic surveillance;
   (4) Use of informants.
Pre-Filing Discussions with Defendant
Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

Pre-Filing Discussions with Victim(s)
Discussions with the victim(s) or victims’ representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

SENATE AMENDMENTS TO HOUSE BILL

April 23, 1999

Mr. Speaker:

The Senate has passed Second Substitute House Bill No. 1037 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.190.010 and 1998 c 149 s 2 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(4) "Initiate the transmission" refers to the action by the original sender of an electronic mail message, not to the action by any intervening interactive computer service that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(5) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(6) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

(7) "Person" means a person, corporation, partnership, or association.

Sec. 2. RCW 19.190.020 and 1998 c 149 s 3 are each amended to read as follows:

(1) No person, corporation, partnership, or association may initiate the transmission, conspire with another to initiate the transmission, or assist the transmission, of a commercial electronic mail message from a computer located in Washington or to an electronic mail address that the sender knows, or has reason to know, is held by a Washington resident that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) For purposes of this section, a person, corporation, partnership, or association knows that the intended recipient of a commercial electronic mail message is a Washington resident if that information is available, upon request, from the registrant of the internet domain name contained in the recipient's electronic mail address.

Sec. 3. RCW 19.190.030 and 1998 c 149 s 4 are each amended to read as follows:

(1) It is a violation of the consumer protection act, chapter 19.86 RCW, to conspire with another person to initiate the transmission or to initiate the transmission of a commercial electronic mail message that:

(a) Uses a third party's internet domain name without permission of the third party, or otherwise misrepresents or obscures any information in identifying the point of origin or the transmission path of a commercial electronic mail message; or

(b) Contains false or misleading information in the subject line.

(2) It is a violation of the consumer protection act, chapter 19.86 RCW, to assist in the transmission of a commercial electronic mail message, when the person providing the assistance
knows, or consciously avoids knowing, that the initiator of the commercial electronic mail message is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(3) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. RCW 19.190.005 (Findings) and 1998 c 149 s 1 are each repealed."

On page 1, line 1 of the title, after "mail;" strike the remainder of the title and insert "amending RCW 19.190.010, 19.190.020, and 19.190.030; and repealing RCW 19.190.005."

and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 1999

Mr. Speaker:

The Senate has passed Substitute House Bill No. 1448 with the following amendment(s):

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. In order to encourage the cleanup of contaminated areas of aquatic lands, the legislature declares its intent to centralize and streamline the state's decision-making processes. The department of ecology shall assume primary responsibility, on behalf of the state, for working cooperatively with local communities to seek expeditious and innovative cleanup solutions for state-owned aquatic lands. The department of ecology’s decisions for remediation of state-owned aquatic lands shall be binding on all other state agencies.

The legislature recognizes that local governments, through the shoreline management act, chapter 90.58 RCW, and the growth management act, chapter 36.70A RCW, have planned comprehensively in conjunction with the state and with port districts for the land uses that will occur on and around aquatic lands.

In all land management matters involving state-owned aquatic land other than the cleanup of state-owned aquatic land, the department of natural resources shall retain all of its powers and responsibilities for implementing chapters 79.90 through 79.96 RCW and shall continue to exercise all of these existing land management powers and responsibilities.

NEW SECTION. Sec. 2. A new section is added to chapter 79.90 RCW to read as follows:

(1) The state finds that it may be appropriate to use state-owned aquatic lands as part of a remedial action for contaminated sediments from state or federally required cleanups of aquatic areas, or as mitigation for the habitat impacts of cleanup or disposal actions. In examining a proposal to use state-owned aquatic lands for disposal or habitat mitigation, the department of ecology, as required under chapters 70.105D, 90.48, and 43.21C RCW, shall evaluate a range of alternatives that consider habitat impacts, impacts to navigation and water-borne commerce, cost, and the benefits of expeditiously reducing the availability of hazardous substances to the environment.

(2) The department of ecology may require the disposal or containment of contaminated sediments on state-owned aquatic lands only in an approved multi-user confined aquatic disposal site, or when the following conditions are met:

(a) The department finds that such use presents the most environmentally protective option among a reasonable range of upland, nearshore, and in-water disposal options;
(b) The department of ecology finds that there are no unacceptable adverse environmental impacts from the loss of nearshore vegetated aquatic habitat; and
(c) The normal use of harbor areas for commerce and navigation is not impaired.

(3) In examining alternatives for remedial action, the department shall consult with affected state agencies, federal agencies, tribes, port districts, and local governments. In selecting disposal sites under this section, the department shall strive to limit the number of separate disposal locations.

(4) If the department of ecology, in exercising its regulatory authority to require cleanup of contaminated sediments, chooses a remedial action or concurs with an action required under the comprehensive environmental response, compensation, and liability act of 1980 that requires the use of state-owned aquatic land for containment or disposal of sediments, or for mitigation of habitat, the department of natural resources shall issue a use authorization within sixty days of the date the department of ecology issues or concurs in a final remedial action. This use authorization must contain the provisions needed to expeditiously allow the use of state-owned aquatic lands for the implementation of those activities required, or concurred with, by the department of ecology. The use authorization may not contain terms or conditions which, in the judgment of the department of ecology, delay or alter the purpose of the remedial action. Any such use authorization may contain measures to indemnify or otherwise hold the state harmless from any additional liability arising out of the use of...
state-owned aquatic lands. Nothing in this section shall be construed to impose liability on the state as a result of the department of ecology's exercise of its regulatory authority to require cleanup.

(5) This section only applies to the cleanup and mitigation of the impacts of cleanup of state-owned aquatic land. It does not affect the powers and responsibilities of the department of natural resources for implementing chapters 79.90 through 79.96 RCW in any other land management matters.

Sec. 3. RCW 79.90.465 and 1984 c 221 s 4 are each amended to read as follows:

The definitions in this section apply throughout chapters 79.90 through 79.96 RCW.

(1) "Water-dependent use" means a use which cannot logically exist in any location but on the water. Examples include, but are not limited to, water-borne commerce; terminal and transfer facilities; ferry terminals; watercraft sales in conjunction with other water-dependent uses; watercraft construction, repair, and maintenance; moorage and launching facilities; aquaculture; log booming; aquatic habitat mitigation; and public fishing piers and parks.

(2) "Water-oriented use" means a use which historically has been dependent on a waterfront location, but with existing technology could be located away from the waterfront. Examples include, but are not limited to, wood products manufacturing, watercraft sales, fish processing, petroleum refining, sand and gravel processing, log storage, and house boats. For the purposes of determining rent under this chapter, water-oriented uses shall be classified as water-dependent uses if the activity either is conducted on state-owned aquatic lands leased on October 1, 1984, or was actually conducted on the state-owned aquatic lands for at least three years before October 1, 1984. If, after October 1, 1984, the activity is changed to a use other than a water-dependent use, the activity shall be classified as a nonwater-dependent use. If continuation of the existing use requires leasing additional state-owned aquatic lands and is permitted under the shoreline management act of 1971, chapter 90.58 RCW, the department may allow reasonable expansion of the water-oriented use.

(3) "Nonwater-dependent use" means a use which can operate in a location other than on the waterfront. Examples include, but are not limited to, hotels, condominiums, apartments, restaurants, retail stores, and warehouses not part of a marine terminal or transfer facility.

(4) "Log storage" means the water storage of logs in rafts or otherwise prepared for shipment in water-borne commerce, but does not include the temporary holding of logs to be taken directly into a vessel or processing facility.

(5) "Log booming" means placing logs into and taking them out of the water, assembling and disassembling log rafts before or after their movement in water-borne commerce, related handling and sorting activities taking place in the water, and the temporary holding of logs to be taken directly into a processing facility. "Log booming" does not include the temporary holding of logs to be taken directly into a vessel.

(6) "Department" means the department of natural resources.

(7) "Port district" means a port district created under Title 53 RCW.

(8) The "real rate of return" means the average for the most recent ten calendar years of the average rate of return on conventional real property mortgages as reported by the federal home loan bank board or any successor agency, minus the average inflation rate for the most recent ten calendar years.

(9) The "inflation rate" for a given year is the percentage rate of change in the previous calendar year's all commodity producer price index of the bureau of labor statistics of the United States department of commerce. If the index ceases to be published, the department shall designate by rule a comparable substitute index.

(10) "Public utility lines" means pipes, conduits, and similar facilities for distribution of water, electricity, natural gas, telephone, other electronic communication, and sewers, including sewer outfall lines.

(11) "Terminal" means a point of interchange between land and water carriers, such as a pier, wharf, or group of such, equipped with facilities for care and handling of cargo and/or passengers.

(12) "State-owned aquatic lands" means those aquatic lands and waterways administered by the department of natural resources or managed under RCW 79.90.475 by a port district. "State-owned aquatic lands" does not include aquatic lands owned in fee by, or withdrawn for the use of, state agencies other than the department of natural resources."
On page 1, line 2 of the title, after "sediments;" strike the remainder of the title and insert "amending RCW 79.90.465; adding a new section to chapter 79.90 RCW; and creating a new section." and the same are herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed Second Substitute House Bill No. 1574 with the following amendment(s)

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.030 and 1998 c 130 s 1 are each amended to read as follows:

For purposes of this chapter:

(1) "Chemical dependency treatment" means a service certified by the department as qualified in helping individuals successfully recover from the nonprescription use of controlled substances.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs soonest. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.

(4) "Department" means the department of social and health services.

(5) "Dependency finding" means a determination by the court that a child is a dependent child.

(6) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.

(7) "Dependency petition" means a petition filed under this chapter.

(8) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(9) "Drug-affected infant" has the definition created by the department of health in conjunction with the department of social and health services under RCW 13.34.801 and the infant requires treatment for withdrawal from controlled substances the infant was exposed to from the mother's use of nonprescription controlled substances or the infant requires treatment and services related to conditions that extend beyond the point of withdrawal.

(10) "Family planning" means the process of limiting or spacing the birth of children, education, counseling, information, and services. "Family planning" does not include pregnancy termination.

(11) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(12) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.
"Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

"Newborn infant" means an infant within seven days after birth.

"Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

"Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services capable of preventing the need for out-of-home placement while protecting the child.

"Test" means use of a medically accepted standard of care for determining whether a newborn infant is a drug-affected infant.

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

In an effort to reduce the harmful effects of drug-affected infants:

(1)(a) A woman's primary health care provider shall:
   (i) Screen pregnant and lactating women for nonprescription use of controlled substances while pregnant. Screening criteria may include, but is not limited to, the criteria developed by the department of health pursuant to chapter 70.83E RCW;
   (ii) Convey to the infant's primary health care provider screening findings that would suggest the need for testing of the infant, or conduct the testing; and
   (iii) Inform each woman identified by screening for testing of her infant that if her infant is born drug-affected she can have a tubal ligation at no cost to her within six months following the birth if she is eligible for support under RCW 74.09.310, and how to access appropriate chemical dependency treatment.
   (b) The provider shall not be liable for a decision regarding testing or reporting unless the decision amounts to gross negligence or intentional misconduct.

(2)(a) The health care provider of a newborn infant shall:
   (i) Test any infant the provider reasonably believes is drug-affected; and
   (ii) Notify the department of the name and address of the parent or parents of a drug-affected infant.
   (b) The provider shall not be liable for a decision regarding testing or reporting unless the decision amounts to gross negligence or intentional misconduct.

(3) The department shall investigate all reports received under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 13.34 RCW to read as follows:

When an infant is determined to be a first drug-affected infant, the department shall file a dependency petition in appropriate cases. The drug-affected status of an infant is not by itself sufficient to establish a finding that the drug-affected infant is dependent.

(1) The department and the mother may enter an agreement in which the mother agrees to chemical dependency treatment on an inpatient or outpatient basis. The mother must be offered education regarding family planning and medically appropriate pharmaceutical pregnancy prevention during the course of chemical dependency treatment with a preference for those methods administered not less than once every thirty days. In addition, the agreement shall:
   (a) Specify completion dates for each of the conditions of treatment;
   (b) Expire within twelve months of the date of execution; and
   (c) Not be renegotiated or extended beyond twelve months of the date of execution unless the conditions, which were negotiated, cannot be fulfilled in twelve months and the reason the conditions cannot be fulfilled are completely beyond the control of the mother.

(2) If the department has filed a dependency petition and the department and the mother enter an agreement under subsection (1) of this section, the department shall request the court defer entry of
a dependency finding for as long as the mother abides by the terms of the agreement subject to the department’s monitoring compliance.

(3) As a condition of deferral of the dependency finding, the parties shall stipulate to facts sufficient to constitute a dependency. In the event a party unreasonably refuses to stipulate to facts sufficient to constitute a dependency, the court may proceed with hearings on the petition.

(4) If the court orders deferral of the dependency finding, the court shall order performance of the agreement and shall prohibit nonprescription use of controlled substances.

(5) The department or any party to the petition may request the court dismiss a deferred finding at any time if the mother demonstrates by clear and convincing evidence that she has not used controlled substances for at least twelve consecutive months unless the court finds compelling reasons to shorten the time after consulting with the substance abuse provider, but under no circumstances less than six months, and she can safely provide for the child’s welfare without continuing supervision by the department or court.

(6) In the event the department does not file a petition or enter an agreement, the department shall refer the mother to available chemical dependency treatment.

NEW SECTION. Sec. 4. A new section is added to chapter 13.34 RCW to read as follows:

When an infant is determined to be a second drug-affected infant, the department shall file a dependency petition for the second drug-affected infant unless compelling reasons exist to the contrary. The department may proceed immediately with a dependency petition on the first drug-affected infant. The drug-affected status of an infant is not by itself sufficient to establish a finding that the drug-affected infant is dependent.

(1) The department and the mother may enter an agreement in which the mother agrees to inpatient chemical dependency treatment unless the department determines outpatient treatment is in the best interest of the child and participation in a model project developed under RCW 13.34.800 for aftercare services if the model project is available. The mother must be offered education regarding family planning and medically appropriate pharmaceutical pregnancy prevention during the course of chemical dependency treatment with a preference for those methods administered not less than once every thirty days. In addition, the agreement shall:

(a) Specify completion dates for each of the conditions of treatment;
(b) Expire within twelve months of the date of execution; and
(c) Not be renegotiated or extended beyond twelve months of the date of execution unless the conditions, which were negotiated, cannot be fulfilled in twelve months and the reason the conditions cannot be fulfilled are completely outside the control of the mother.

(2) If the department has filed a dependency petition and the department and the mother enter an agreement under subsection (1) of this section, the department shall request the court defer entry of a dependency finding for as long as the mother abides by the terms of the agreement subject to the department’s monitoring compliance.

(3) As a condition of deferral of the dependency finding, the parties shall stipulate to facts sufficient to constitute a dependency. In the event a party unreasonably refuses to stipulate to facts sufficient to constitute a dependency, the court may proceed with hearings on the petition.

(4) If the court orders deferral of the dependency finding, the court shall order performance of the agreement and shall prohibit nonprescription use of controlled substances.

(5) The department or the mother may request the court dismiss a deferred finding at any time if the mother demonstrates by clear and convincing evidence that she has not used controlled substances for at least twelve consecutive months unless the court finds compelling reasons to shorten the time after consulting with the substance abuse provider, but under no circumstances less than six months, and she can safely provide for the child’s welfare without continuing supervision by the department or court.

(6) In the event the department does not file a petition or enter an agreement, the department shall refer the mother to available chemical dependency treatment programs.

NEW SECTION. Sec. 5. A new section is added to chapter 13.34 RCW to read as follows:
Unless compelling reasons exist to the contrary, the department shall file a dependency petition when an infant is determined to be a third or subsequent drug-affected infant. Unless compelling reasons exist to the contrary, the department shall proceed with dependency petitions on all drug-affected children born before the third or subsequent birth. The drug-affected status of an infant is not by itself sufficient to establish a finding that the drug-affected infant is dependent.

(1) The court shall order evaluation by a designated chemical dependency specialist, as defined in RCW 70.96A.020, who shall undertake the processes described in RCW 70.96A.140. If the mother enters chemical dependency treatment, the mother must be offered education regarding family planning and medically appropriate pharmaceutical pregnancy prevention during the course of chemical dependency treatment with a preference for those methods administered not less than once every thirty days.

(2) If the court has ordered removal of a child or children, the out-of-home placement order shall remain in effect until the petition is dismissed or the mother has successfully completed inpatient chemical dependency treatment and an aftercare chemical dependency treatment program unless compelling reasons exist to the contrary. The mother must establish to the court that she can safely provide for the welfare of her child or children.

NEW SECTION. Sec. 6. A new section is added to chapter 13.34 RCW to read as follows:
Nothing in sections 2 through 5 of this act may be interpreted to prohibit or compel action in the best interests of the child by the department independent from the drug-affected status of an infant.

NEW SECTION. Sec. 7. A new section is added to chapter 13.34 RCW to read as follows:
Notwithstanding sections 2 through 5 of this act, no provider of chemical dependency treatment services may be required by law or contract in any circumstance to participate in the provision of family planning services if the provider objects to so doing for reasons of conscience or religion. Each provider of chemical dependency treatment that invokes the exemption provided under this section shall promptly provide written notice to persons admitted to treatment listing the family planning services the provider refuses to provide for the reason of conscience or religion and how a person admitted to treatment may access family planning in an expeditious manner. When negotiating contracts for chemical dependency treatment services, the department shall prioritize contracted services under sections 3 through 5 of this act for the purpose of maximizing the number of providers who can show effective measurable outcomes in reducing chemical dependency and the birth of drug-affected infants through effective treatment regardless of whether or not they provide family planning services.

Sec. 8. RCW 13.34.070 and 1993 c 358 s 1 are each amended to read as follows:
(1) Upon the filing of the petition, the clerk of the court shall issue a summons, one directed to the child, if the child is twelve or more years of age, and another to the parents, guardian, or custodian, and such other persons as appear to the court to be proper or necessary parties to the proceedings, requiring them to appear personally before the court at the time fixed to hear the petition. If the child is developmentally disabled and not living at home, the notice shall be given to the child's custodian as well as to the child's parent. The developmentally disabled child shall not be required to appear unless requested by the court. Where the custodian is summoned, the parent or guardian or both shall also be served with a summons. The fact-finding hearing on the petition shall be held no later than seventy-five days after the filing of the petition, unless exceptional reasons for a continuance are found. In cases of a drug-affected infant, exceptional reasons for a continuance exist if the mother and the department have executed an agreement that will take more than seventy-five days to fulfill. The party requesting the continuance shall have the burden of proving by a preponderance of the evidence that exceptional circumstances do exist. To ensure that the hearing on the petition occurs within the seventy-five day time limit, the court shall schedule and hear the matter on an expedited basis.
(2) A copy of the petition shall be attached to each summons.
(3) The summons shall advise the parties of the right to counsel. The summons shall also inform the child's parent, guardian, or legal custodian of his or her right to appointed counsel, if indigent, and of the procedure to use to secure appointed counsel.
(4) The summons shall advise the parents that they may be held responsible for the support of the child if the child is placed in out-of-home care.

(5) The judge may endorse upon the summons an order directing any parent, guardian, or custodian having the custody or control of the child to bring the child to the hearing.

(6) If it appears from affidavit or sworn statement presented to the judge that there is probable cause for the issuance of a warrant of arrest or that the child needs to be taken into custody pursuant to RCW 13.34.050, the judge may endorse upon the summons an order that an officer serving the summons shall at once take the child into custody and take him to the place of shelter designated by the court.

(7) If the person summoned as provided in this section is subject to an order of the court pursuant to subsection (5) or (6) of this section, and if the person fails to abide by the order, he may be proceeded against as for contempt of court. The order endorsed upon the summons shall conspicuously display the following legend:

NOTICE:
VIOLATION OF THIS ORDER
IS SUBJECT TO PROCEEDING
FOR CONTEMPT OF COURT
PURSUANT TO RCW 13.34.070.

(8) If a party to be served with a summons can be found within the state, the summons shall be served upon the party personally as soon as possible following the filing of the petition, but in no case later than fifteen court days before the fact-finding hearing, or such time as set by the court. If the party is within the state and cannot be personally served, but the party’s address is known or can with reasonable diligence be ascertained, the summons may be served upon the party by mailing a copy thereof by certified mail as soon as possible following the filing of the petition, but in no case later than fifteen court days before the hearing, or such time as set by the court. If a party other than the child is without the state but can be found or the address is known, or can with reasonable diligence be ascertained, service of the summons may be made either by delivering a copy thereof to the party personally or by mailing a copy thereof to the party by certified mail at least ten court days before the fact-finding hearing, or such time as set by the court.

(9) Service of summons may be made under the direction of the court by any person eighteen years of age or older who is not a party to the proceedings or by any law enforcement officer, probation counselor, or department of social and health services social worker.

(10) In any proceeding brought under this chapter where the court knows or has reason to know that the child involved is a member of an Indian tribe, notice of the pendency of the proceeding shall also be sent by registered mail, return receipt requested, to the child’s tribe. If the identity or location of the tribe cannot be determined, such notice shall be transmitted to the secretary of the interior of the United States.

Sec. 9. RCW 13.34.130 and 1998 c 314 s 2 and 1998 c 130 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.
(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020((4)) (2)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child’s home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child’s parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;
(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
(iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger;
(iv) The extent of the child’s disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds: (a) Termination is recommended by the supervising agency; (b) termination is in the best interests of the child; and (c) that because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
(ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
(iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
(iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child’s other parent, sibling, or another child;
(v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection;
(vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
(vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. (Sec. 1903), the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;
(viii) An infant under three years of age has been abandoned as defined in RCW 13.34.030((4)) (8)(a);
(ix) The mother has given birth to three or more drug-affected infants, resulting in the department filing a petition under ((section 23 of this act)) section 5 of this act.
(3) If reasonable efforts are not ordered under subsection (2) of this section a permanency planning hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child’s home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; or long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child’s health, safety, or welfare.

(iii) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before
placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative’s home, subject to review by the court.

(7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to the child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child’s needs, including whether consideration and preference has been given to placement with the child’s relatives;
   (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
   (iv) Whether there has been compliance with the case plan by the child, the child’s parents, and the agency supervising the placement;
   (v) Whether progress has been made toward correcting the problems that necessitated the child’s placement in out-of-home care;
   (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
   (vii) Whether additional services are needed to facilitate the return of the child to the child’s parents; if so, the court shall order that reasonable services be offered specifying such services; and
   (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 10. RCW 74.09.310 and 1998 c 314 s 34 are each amended to read as follows:

The department may make available, or cause to be made available, pharmaceutical birth control services, information, and counseling to any person who enters chemical dependency treatment under ((section 20 or 21 of this act)) sections 3 through 5 of this act. Within available funds, the department may pay for any tubal ligations requested under ((section 19 of this act)) section 2 of this act if the mother’s income is less than two hundred percent of the federal poverty level. The department shall report by December 1st of each year to the governor and legislature: (1) The number of tubal ligations performed as a result of ((chapter 314, Laws of 1998)) this act; (2) the number of women who decline to undergo the surgery; (3) the number of women who obtain pharmaceutical birth control, by type of birth control; and (4) the number of women who are reported to the department.

Sec. 11. RCW 18.71.950 and 1998 c 314 s 36 are each amended to read as follows:
Nothing in sections 2 through 5 of this act imposes any additional duties or responsibilities on, or removes any duties or responsibilities from, a physician licensed under this chapter, except as specifically included in chapter 13.34 RCW and RCW 74.09.310.

Sec. 12. RCW 18.57.920 and 1998 c 314 s 37 are each amended to read as follows:

Sec. 13. RCW 18.79.903 and 1998 c 314 s 38 are each amended to read as follows:

NEW SECTION. Sec. 14. The following acts or parts of acts are each repealed:

NEW SECTION. Sec. 15. This act applies only to drug-affected infants born on or after the effective date of this act.

NEW SECTION. Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 17. The Washington institute for public policy shall evaluate the outcomes of this act and report its findings to the legislature and governor not later than December 1, 2001. The evaluation shall include:

(1) The number of women who use nonprescription controlled substances during pregnancy and give birth to drug-affected infants;
(2) The number of women who use nonprescription controlled substances during pregnancy and give birth to subsequent drug-affected infants;
(3) The number of women who accept pharmaceutical pregnancy prevention while in chemical dependency treatment;
(4) The number of women who continue to engage in pharmaceutical pregnancy prevention or other reliable pregnancy prevention methods after concluding chemical dependency treatment;
(5) The number of women who accept the offer of free tubal ligation;
(6) The rate of successful completion of chemical dependency treatment among women who enter treatment under this act;
(7) The number of dependencies filed and deferred under this act and outcomes of the deferrals; and
(8) A description of the mother’s chemical dependency including identification of the drugs and/or alcohol abused.
Sec. 18. RCW 71.24.310 and 1989 c 205 s 6 are each amended to read as follows:
The legislature finds that administration of chapter 71.05 RCW and this chapter can be most
efficiently and effectively implemented as part of the regional support network defined in RCW
71.24.025. For this reason, the legislature intends that any enhanced program funding for
implementation of chapter 71.05 RCW or this chapter, except for funds allocated for implementation of
mandatory state-wide programs as required by federal statute, and except for funds appropriated for the
purposes under section 19 of this act, be made available primarily to those counties participating in
regional support networks.

NEW SECTION. Sec. 19. A new section is added to chapter 71.24 RCW to read as follows:
(1) To the extent funds are specifically appropriated for this purpose, the department shall
establish a mechanism for providing financial assistance in accessing atypical antipsychotic medications
for low-income persons not eligible for such assistance through medicaid or other third party payors or
who are transitioning to medicaid eligibility. Persons eligible for atypical antipsychotic medication
financial assistance through the mechanism established by the department shall include persons who:
(a) Have been appropriately prescribed atypical antipsychotic medications for a mental health
condition; and
(b) (i) Are unable to function in daily activities, or (ii) cannot retain employment; or (iii) pose a
likelihood of serious harm as defined in RCW 71.05.020; and
(c) Are low income and not eligible for such assistance through medicaid or other third party
payors or are in the process of transitioning to medicaid eligibility. Persons must actively pursue
medicaid eligibility or other third party payment. The department shall offer assistance in achieving
medicaid eligibility to those persons who need assistance.
(2) The mechanism shall include an evaluation component measuring the outcomes and cost
savings resulting from state financial assistance for atypical antipsychotic medications.
(3) Atypical antipsychotic medications purchased through the mechanism shall be competitively
procured at a rate not greater than the rates paid for atypical antipsychotic medications under the
department’s medicaid program.
(4) The mechanism shall include provisions for distribution to communities state-wide based
upon need.

There being no objection, the House refused to concur in the Senate Amendment(s) to Second
Substitute House Bill No. 1574 and asked the Senate to recede therefrom.
SENATE AMENDMENTS TO HOUSE BILL

April 22, 1999

Mr. Speaker:

The Senate receded from the Ways & Means Committee amendment(s) adopted on 4/8/99. Under suspension of rules, the Senate returned SECOND SUBSTITUTE HOUSE BILL NO. 1681 to Second Reading for purpose of amendment(s). The Senate adopted Amendment #470 by Senator Swecker, and passed the bill as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is beneficial to improve opportunities for trout fishing in order to satisfy the public’s demand for recreational fishing during a time of declining opportunities to catch anadromous salmon and steelhead trout.

Fish farmers can produce trout in a triploid genetic configuration for the purpose of certifying that the fish are sterile and that they cannot interbreed with wild trout. These fish are ideally suited to planting into public lakes and ponds to provide immediate recreational fishing at a reasonable cost.

The fish continue to grow throughout their life cycle and have the potential to grow to trophy size. Planting of these catchable trout can provide increased angler participation, increased fishing license sales, increased tourism activities, and a boost to local economies.

The department of fish and wildlife is authorized to purchase these privately produced fish to supplement existing department trout hatchery production. The planting of these catchable trout in water bodies with water quality sufficient to support fish life must not have an adverse impact on the wild trout population.

NEW SECTION. Sec. 2. The fish and wildlife commission in consultation with the department is authorized to determine which waters of the state are appropriate for this use during the 1999 and 2000 calendar years. In making this determination, the commission shall seek geographic distribution to assure opportunity to fishers state-wide.

The commission in consultation with the department will determine the maximum number of fish that may be planted into state waters so as not to compete with the wild populations of fish species in the water body.

NEW SECTION. Sec. 3. The fish and wildlife commission may authorize purchase of privately produced fish for the purposes of sections 1 and 2 of this act only if the cost of the program will be recovered by the estimated increase in revenue from license sales and federal funds directly attributable to the planting of these privately purchased fish.

NEW SECTION. Sec. 4. The department of fish and wildlife shall report to the appropriate legislative committees by February 1, 2001, regarding the implementation of this act. The report shall include information regarding the location and number of fish planted, the size of the fish planted, and information relating to the cost-effectiveness of the catchable trout program, including an estimate of new license revenues generated by the programs.

NEW SECTION. Sec. 5. Sections 1 through 3 of this act are each added to Title 77 RCW.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "waters;" strike the remainder of the title and insert "adding new sections to Title 77 RCW; creating a new section; and declaring an emergency."
and the same is herewith transmitted.

The petition shall give the name of the proposed district, state that it is needed in the interest of the public health, safety, and welfare, give a general description of the area proposed to be organized and request that the commission determine that it be created, and that it define the boundaries thereof and call an election on the question of creating the district.

If more than one petition is filed covering parts of the same area, the commission may consolidate all or any of them.

Sec. 3. RCW 89.08.110 and 1973 1st ex.s. c 184 s 12 are each amended to read as follows:

In making such determination, the commission shall consider the attitude of the (land occupiers) voters of the district; the number of eligible voters who voted at the election; the size of the majority vote; the wealth and income of the land occupiers; the probable expense of carrying out the project; and any other economic factors relevant thereto.
If the commission finds that the project is impracticable it shall enter an order to that effect and deny the petition. When the petition has been denied, no new petition covering the same or substantially the same area may be filed within six months therefrom.

Sec. 6. RCW 89.08.180 and 1973 1st ex.s. c 184 s 19 are each amended to read as follows:
Territory may be added to an existing district upon filing a petition as in the case of formation with the commission by (occupiers of the lands) twenty percent of the voters of the affected area to be included. The same procedure shall be followed as for the creation of the district.
As an alternate procedure, the commission may upon the petition of a majority of the (land occupiers) voters in any one or more districts or in unorganized territory adjoining a conservation district change the boundaries of a district, or districts, if such action will promote the practical and feasible administration of such district or districts.
Upon petition of the boards of supervisors of two or more districts, the commission may approve the combining of all or parts of such districts and name the district, or districts, with the approval of the name by the secretary of state. A public hearing and/or a referendum may be held if deemed necessary or desirable by the commission in order to determine the wishes of (land occupiers) the voters.

When districts are combined, the joint boards of supervisors will first select a chairman, secretary and other necessary officers and select a regular date for meetings. All elected supervisors will continue to serve as members of the board until the expiration of their current term of office, and/or until the election date nearest their expiration date. All appointed supervisors will continue to serve until the expiration of their current term of office, at which time the commission will make the necessary appointments. In the event that more than two districts are combined, a similar procedure will be set up and administered by the commission.
When districts are combined or territory is moved from one district to another, the property, records and accounts of the districts involved shall be distributed to the remaining district or districts as approved by the commission. A new certificate of organization, naming and describing the new district or districts, shall be issued by the secretary of state.

NEW SECTION. Sec. 7. A new section is added to chapter 89.08 RCW to read as follows:

The commission shall approve or reject the petition based upon criteria it has adopted for the evaluation of petitions in dispute. If the commission approves the petition, it shall forward the petition to the secretary of state and the boundaries of the district shall be adjusted accordingly. The criteria used by the commission to evaluate petitions which are in dispute shall be adopted as rules by the commission under chapter 34.05 RCW, the administrative procedure act.

(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.

(2) A diversion agreement shall be limited to one or more of the following:

(a) Community service not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;

(b) Restitution limited to the amount of actual loss incurred by the victim;

(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. For purposes of this section,
"community agency" may also mean a community-based nonprofit organization, if approved by the
diversion unit. The state shall not be liable for costs resulting from the diversionary unit exercising the
option to permit diversion agreements to mandate attendance at up to ten hours of counseling and/or up
to twenty hours of educational or informational sessions;

(d) A fine, not to exceed one hundred dollars. In determining the amount of the fine, the
diversion unit shall consider only the juvenile’s financial resources and whether the juvenile has the
means to pay the fine. The diversion unit shall not consider the financial resources of the juvenile’s
parents, guardian, or custodian in determining the fine to be imposed; and

(e) Requirements to remain during specified hours at home, school, or work, and restrictions
on leaving or entering specified geographical areas.

(3) Notwithstanding the provisions of subsection (2) of this section, youth courts are not limited
to the conditions imposed by subsection (2) of this section in imposing sanctions on juveniles pursuant
to section 9 of this act.

(4) In assessing periods of community service to be performed and restitution to be paid by a
juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned
shall consult with the juvenile’s custodial parent or parents or guardian and victims who have contacted
the diversionary unit and, to the extent possible, involve members of the community. Such members
of the community shall meet with the juvenile and advise the court officer as to the terms of the
diversion agreement and shall supervise the juvenile in carrying out its terms.

(((4))) (5)(a) A diversion agreement may not exceed a period of six months and may include a
period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to the victim, the time
period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-
month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing
the amount of restitution still owed to the victim. In this order, the court shall also determine the terms
and conditions of the restitution, including a payment plan extending up to ten years if the court
determines that the juvenile does not have the means to make full restitution over a shorter period. For
the purposes of this subsection (((4))) (5)(c), the juvenile shall remain under the court’s jurisdiction for
a maximum term of ten years after the juvenile’s eighteenth birthday. Prior to the expiration of the
initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten
years. The court may not require the juvenile to pay full or partial restitution if the juvenile reasonably
satisfies the court that he or she does not have the means to make full or partial restitution and could
not reasonably acquire the means to pay the restitution over a ten-year period. The county clerk shall
make disbursements to victims named in the order. The restitution to victims named in the order shall
be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation
to pay restitution may petition the court for modification of the restitution order.

(((5))) (6) The juvenile shall retain the right to be referred to the court at any time prior to the
signing of the diversion agreement.

(((6))) (7) Divertees and potential divertees shall be afforded due process in all contacts with a
diversionary unit regardless of whether the juveniles are accepted for diversion or whether the
diversion program is successfully completed. Such due process shall include, but not be limited to, the
following:

(a) A written diversion agreement shall be executed stating all conditions in clearly
understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court
hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;
A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement.

The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

The diversion unit may refer a juvenile to community-based counseling or treatment programs.

The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process, including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversionary unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;

(b) The fact that a diversion agreement was entered into;

(c) The juvenile's obligations under such agreement;

(d) Whether the alleged offender performed his or her obligations under such agreement; and

(e) The facts of the alleged offense.

A diversionary unit may refuse to enter into a diversion agreement with a juvenile. When a diversionary unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection shall include the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020. A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules
setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversionary unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

((443)) (15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile’s eighteenth birthday and which includes a period extending beyond the divertee’s eighteenth birthday.

((445)) (16) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community service. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community service in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

((446)) (17) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended under RCW 46.20.3101 (2)(a) or (3)(a), may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504 or pursuant to RCW 46.20.3101 (2)(a) or (3)(a). A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2)(a) A person licensed under this chapter whose driver's license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver's license if the applicant demonstrates to the satisfaction of the department that one of the following additional conditions are met:

(ii) The applicant presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program and the program has certified that a driver's license is required to begin the program, provided that a license granted under this provision shall be in effect no longer than fourteen days;

(iii) The applicant is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver's license; or

(iv) The applicant is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as alcoholics anonymous.

(b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infractions or conviction, the applicant must enter into a payment plan with the court.

(c) An occupational driver's license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years.

(d) Upon receipt of evidence that a holder of an occupational driver's license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first class mail to the driver that the occupational driver's license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver's license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(3) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

((3)) (4) The director shall cancel an occupational driver’s license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver’s license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 2. RCW 46.20.394 and 1983 c 165 s 26 are each amended to read as follows:

The authority granted by this section for the use of moneys from such sources is in addition to, and not in limitation of, any other authority provided by law, and the proceeds of voter-approved bonds or tax levies may be used for such payments to the full extent allowed by Article VII, section 2 of the state Constitution.

Sec. 3. RCW 28A.530.010 and 1991 c 114 s 3 are each amended to read as follows:

(7) For any or all of these and other capital purposes.

Neither the amount of money borrowed nor bonds issued therefor shall exceed the limitation of indebtedness prescribed by chapter 39.36 RCW, as now or hereafter amended.

Except for bonds issued under RCW 28A.530.080, bonds may be issued only when authorized by the vote of the qualified electors of the district as provided by law.

(1) "Auditor" means the office of the state auditor.

(2) "Employee" means any individual employed or holding office in any department or agency of state government."

(5)(a) "Improper governmental action" means any action by an employee((i) Which is (whether or not the action is within the scope of the employee's employment; and))

(b) "Improper governmental action" does not include personnel actions, for which other remedies exist, including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, claims of discriminatory treatment, or any action which may be taken under chapter 41.06 RCW, or other disciplinary action except as provided in RCW 42.40.030.

((4)) (6) "Substantial and specific danger" means a risk of serious injury, illness, peril, or loss, to which the exposure of the public is a gross deviation from the standard of care or competence which a reasonable person would observe in the same situation.

(7) "Use of official authority or influence" includes taking, directing others to take, recommending, processing, or approving any personnel action such as an appointment, promotion, transfer, assignment, reassignment, reinstatement, restoration, reemployment, performance evaluation, or any adverse action under chapter 41.06 RCW, or other disciplinary action.

(5)) (8) "Whistleblower" means an employee who in good faith reports alleged improper governmental action to the auditor, initiating an investigation under RCW 42.40.040. For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means: (a) An employee who in good faith provides information to the auditor in connection with an investigation under RCW 42.40.040 and an employee who is believed to have reported ((alleged)) asserted improper governmental action to the auditor or to have provided information to the auditor in connection with an investigation under RCW 42.40.040 but who, in fact, has not reported such action or provided such information; or (b) an employee who in good faith identifies rules warranting review or provides information to the rules review committee, and an employee who is believed to have identified rules warranting review or provided information to the rules review committee but who, in fact, has not done so.

NEW SECTION. Sec. 2. An employee must make a reasonable attempt to ascertain the correctness of the information furnished and may be subject to disciplinary actions, including, but not limited to, suspension or termination, for knowingly furnishing false information as determined by the employee's appointing authority.

Sec. 3. RCW 42.40.040 and 1992 c 118 s 2 are each amended to read as follows:

(1)(a) In order to be investigated, an assertion of improper governmental action must be provided to the auditor within one year after the occurrence of the asserted improper governmental action.

(b) The auditor has the authority to determine whether to investigate any assertions received. In determining whether to conduct either a preliminary or further investigation, the auditor shall consider factors including, but not limited to: The nature and quality of evidence and the existence of relevant laws and rules; whether the action was isolated or systematic; the history of previous
assertions regarding the same subject or subjects or subject matter; whether other avenues are available for addressing the matter; whether the matter has already been investigated or is in litigation; the seriousness or significance of the asserted improper governmental action; and the cost and benefit of the investigation. The auditor has the sole discretion to determine the priority and weight given to these and other relevant factors and to decide whether a matter is to be investigated. The auditor shall document the factors considered and the analysis applied.

(c) The auditor also has the authority to investigate assertions of improper governmental actions as part of an audit conducted under chapter 43.09 RCW. The auditor shall document the reasons for handling the matter as part of such an audit.

(2) Subject to subsection (5)(c) of this section, the identity of a whistleblower is confidential at all times unless the whistleblower consents to disclosure by written waiver or by acknowledging his or her identity in a claim against the state for retaliation.

(3) Upon receiving specific information that an employee has engaged in improper governmental action, the auditor shall, within five working days of receipt of the information, mail written acknowledgement to the whistleblower at the address provided stating whether a preliminary investigation will be conducted. For a period not to exceed thirty working days from receipt of the assertion, the auditor shall conduct such preliminary investigation of the matter as the auditor deems appropriate. (In conducting the investigation, the identity of the whistleblower shall be kept confidential. (2))

(4) In addition to the authority under subsection (((3))) (3) of this section, the auditor may, on its own initiative, investigate incidents of improper state governmental action.

(((3))) (5)(a) If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower.

(b) The written notification shall (be by memorandum containing) contain a summary of the information received, a summary of the results of the preliminary investigation with regard to each assertion of improper governmental action, and any determination made by the auditor under (c) of this subsection).

(c) In any case to which this section applies, the identity of the whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith.

(d) (If it appears to the auditor that the matter does not meet the definition of an "improper governmental action" under RCW 42.40.020(3), or is other than a gross waste of public funds, the auditor may forward a summary of the allegations to the appropriate agency for investigation and require a response by memorandum no later than thirty days after the allegations are received from the auditor. The response shall contain a summary of the investigation with regard to each allegation and any determination of corrective action taken. The auditor will keep the identity of the whistleblower confidential. Upon receipt of the results of the investigation from the appropriate agency, the auditor will notify the whistleblower as prescribed under (a), (b), and (c) of this subsection) With the agency's consent, the auditor may forward the assertions to an appropriate agency to investigate and report back to the auditor no later than sixty working days after the assertions are received from the auditor. The auditor is entitled to all investigative records resulting from such a referral. All procedural and confidentiality provisions of this chapter apply to investigations conducted under this subsection. The auditor shall document the reasons the assertions were referred.

(((((5))) (6) During the preliminary investigation, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts and laws known at the time and the procedure for the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation. This notification does not limit the auditor from considering additional facts or laws which become known during further investigation.

(7)(a) If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the whistleblower, the subject or subjects of the investigation, and the agency head and either conduct a further investigation((s)) or issue a report under subsection (((5))) (10) of this section.
(b) If the preliminary investigation resulted from an anonymous assertion, a decision to conduct further investigation shall be subject to review by a three-person panel convened as necessary by the auditor prior to the commencement of any additional investigation. The panel shall include a state auditor representative knowledgeable of the subject agency operations, a citizen volunteer, and a representative of the attorney general's office. This group shall be briefed on the preliminary investigation and shall recommend whether the auditor should proceed with further investigation.

(c) If further investigation is to occur, the auditor shall provide written notification of the nature of the assertions to the subject or subjects of the investigation and the agency head. The notification shall include the relevant facts known at the time and the procedure to be used by the subject or subjects of the investigation and the agency head to respond to the assertions and information obtained during the investigation.

(8) Within sixty working days after the ((thirty-day)) preliminary investigation period in subsection (((4))) (3) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower, agency head, and subject or subjects of the investigation. In all such cases, the report of the auditor’s investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection (((4))) (3) of this section.

(((5))) (((5))) (a) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(((6))) (c) Agencies shall cooperate fully in the investigation and shall take appropriate action to preclude the destruction of any evidence during the course of the investigation.

(d) During the investigation the auditor shall interview each subject of the investigation. If it is determined there is reasonable cause to believe improper governmental action has occurred, the subject or subjects and the agency head shall be given fifteen working days to respond to the assertions prior to the issuance of the final report.

(((10))) (a) If the auditor determines ((that)) there is reasonable cause to believe ((that)) an employee has engaged in ((any)) improper ((activity)) governmental action, the auditor shall report the nature and details of the activity to:

(i) The ((employee)) subject or subjects of the investigation and the head of the employing agency; and

(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate.

(b) The auditor has no enforcement power except that in any case in which the auditor submits an investigative report ((of alleged improper activity)) containing reasonable cause determinations to the ((head of an)) agency, the ((attorney general, or any other individual to which a report has been made under this section, the individual shall report to the auditor with respect to any action taken by the individual regarding the activity, the first report being transmitted no later than thirty days after the date of the auditor’s report and monthly thereafter until final action is taken)) agency shall send its plan for resolution to the auditor within fifteen working days of having received the report. The agency is encouraged to consult with the subject or subjects of the investigation in establishing the resolution plan. The auditor may require periodic reports of agency action until all resolution has occurred. If the auditor determines that appropriate action ((is)) has not ((been)) been taken ((within a reasonable time)), the auditor shall report the determination to the governor and to the legislature and may include this determination in the agency audit under chapter 43.09 RCW.
Once the auditor concludes that appropriate action has been taken to resolve the matter, the auditor shall so notify the whistleblower, the agency head, and the subject or subjects of the investigation. If the resolution takes more than one year, the auditor shall provide annual notification of its status to the whistleblower, agency head, and subject or subjects of the investigation.

This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

NEW SECTION. Sec. 4. The auditor has the authority to contract for any assistance necessary to carry out the provisions of this chapter.

NEW SECTION. Sec. 5. The cost of administering this chapter is funded through the auditing services revolving account created in RCW 43.09.410.

A whistleblower wishing to provide information under this chapter regarding asserted improper governmental action against the state auditor or an employee of that office shall provide the information to the attorney general who shall act in place of the auditor in investigating and reporting the matter.

NEW SECTION. Sec. 7. Chapter . . , Laws of 1999 (this act) does not affect the jurisdiction of the legislative ethics board, the executive ethics board, or the commission on judicial conduct, as set forth in chapter 42.52 RCW. NEW SECTION. Sec. 8. The office of financial management shall contract for a performance audit of the state employee whistleblower program on a cycle to be determined by the office of financial management. The audit shall be done in accordance with generally accepted government auditing standards beginning with the fiscal year ending June 30, 2001. The audit shall determine at a minimum: Whether the program is acquiring, protecting, and using its resources such as personnel, property, and space economically and efficiently; the causes of inefficiencies or uneconomical practices; and whether the program has complied with laws and rules on matters of economy and efficiency. The audit shall also at a minimum determine the extent to which the desired results or benefits established by the legislature are being achieved, the effectiveness of the program, and whether the auditor has complied with significant laws and rules applicable to the program.

The cost of the audit is a cost of operating the program and shall be funded by the auditing services revolving account created by RCW 43.09.410.

Sec. 9. RCW 43.09.410 and 1995 c 301 s 25 are each amended to read as follows:

Mr. Speaker:

The Senate has passed Engrossed Substitute House Bill No. 2260 with the following amendment(s):

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. The legislature finds that while Washington's economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons: One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state's strengths while addressing threats to our prosperity.

PART I
LOCAL OPTION SALES AND USE TAX

Sec. 101. RCW 82.14.370 and 1998 c 55 s 6 are each amended to read as follows:
(1) The legislative authority of a ((distressed)) rural county may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall not exceed ((0.04)) 0.08 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax, except that for rural counties with population densities between sixty and one hundred persons per square mile, the rate shall not exceed 0.04 percent before January 1, 2000.
(2) The tax imposed under subsection (1) of this section shall be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue shall perform the collection of such taxes on behalf of the county at no cost to the county.
(3) Moneys collected under this section shall only be used for the purpose of financing public facilities in rural counties. The public facility must be listed as an item in the officially adopted county overall economic development plan, or the economic development section of the county’s comprehensive plan, or the comprehensive plan of a city or town located within the county for those counties planning under RCW 36.70A.040. For those counties that do not have an adopted overall economic development plan and do not plan under the growth management act, the public facility must be listed in the county’s capital facilities plan or the capital facilities plan of a city or town located within the county. In implementing this section, the county shall consult with cities, towns, and port districts located within the county. For the purposes of this section, "public facilities" means bridges, roads, domestic and industrial water facilities, sanitary sewer facilities, earth stabilization, storm sewer facilities, railroad, electricity, natural gas, buildings, structures, telecommunications infrastructure, transportation infrastructure, or commercial infrastructure, and port facilities in the state of Washington.
(4) No tax may be collected under this section before July 1, 1998. No tax may be collected under this section by a county more than twenty-five years after the date that a tax is first imposed under this section.
(5) For purposes of this section, "((distressed)) rural county" means a county ((in which the average level of unemployment for the three years before the year in which a tax is first imposed under this section exceeds the average state unemployment for those years by twenty percent)) with a population density of less than one hundred persons per square mile as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.

PART II
DISTRESSED COUNTY ASSISTANCE ACCOUNT

Sec. 201. RCW 82.14.380 and 1998 c 321 s 10 (Referendum Bill No. 49) are each amended to read as follows:
(1) The distressed county assistance account is created in the state treasury. Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. At such times as distributions are made under RCW 82.44.150, the state treasurer shall distribute the funds in the distressed county assistance account to each county imposing the sales and use tax
authorized under RCW 82.14.370 as of January 1, 1999, in the same proportions as distributions of the
tax imposed under RCW 82.14.370 for these counties for the previous quarter.

(2) Funds distributed from the distressed county assistance account shall be expended by the
counties for criminal justice and other purposes.

PART III

TECHNOLOGY-BASED BUSINESSES

NEW SECTION. Sec. 301. It is the intent of the legislature to attract and retain technology-based

that develop or manufacture software and hardware in rural counties. Section 303 of this act provides
a tax incentive to those businesses that are engaged in the business of providing technical support
services from rural counties. Encouragement of these types of business will stimulate the information
technology industry and be of benefit to the state economy in general. To further the impact and
benefit of this program, this incentive is limited to those counties of the state that are characterized by
unemployment or low income. The legislature finds that providing this targeted incentive will both
increase its effectiveness and create a high technology work force in rural counties.

NEW SECTION. Sec. 302. A new section is added to chapter 82.04 RCW to read as follows:
(1) Subject to the limits and provisions of this section, a credit is authorized against the tax
otherwise due under this chapter for persons engaged in a rural county in the business of manufacturing
software or programming, as those terms are defined in this section.
(2) A person who partially or totally relocates a business from one rural county to another rural
county is eligible for any qualifying new jobs created as a result of the relocation but is not eligible to
receive credit for the jobs moved from one county to the other.
(a) To qualify for the credit, the qualifying activity of the person must be conducted in a
rural county and the qualified employment position must be located in the rural county.
(b) If an activity is conducted both from a rural county and outside of a rural county, the credit
is available if at least ninety percent of the qualifying activity takes place within a rural county. If the
qualifying activity is a service taxable activity, the place where the work is performed is the place at
which the activity is conducted.
(4) The credit under this section shall equal one thousand dollars for each qualified
employment position created after July 1, 1999, in an eligible area. A credit is earned for the calendar
year the person is hired to fill the position. Additionally a credit is earned for each year the position is
maintained over the subsequent consecutive years, up to four years. The county must meet the
definition of a rural county at the time the position is filled. If the county does not have a rural county
status the following year or years, the position is still eligible for the remaining years if all other
conditions are met.
(b) Credit may not be taken for hiring of persons into positions that exist before July 1, 1999.
Credit is authorized for new employees hired for new positions created on or after July 1, 1999. New
positions filled by existing employees are eligible for the credit under this section only if the position
vacated by the existing employee is filled by a new hire. A business that is a sole proprietorship
without any employees is equivalent to one employee position and this type of business is eligible to
receive credit for one position.
(c) If a position is filled before July 1st, this position is eligible for the full yearly credit. If it
is filled after June 30th, this position is eligible for half of the credit.
(d) A person that has engaged in qualifying activities in the rural county before the effective
date of this section qualifies for the credit under this section for positions created and filled after the
effective date of this section.
(5) No application is necessary for the tax credit. The person must keep records necessary for
the department to verify eligibility under this section. This information includes information relating to
description of qualifying activity engaged in the rural county and outside the rural county by the person
as well as detailed records on positions and employees. The department shall, in consultation with a
representative group of affected taxpayers, develop a method of segregating activity and related income so that those persons who engage in multiple activities can determine eligibility for credit under this section.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The credit under this section may be used against the person's tax as a credit against taxes incurred in a subsequent calendar year. The department shall assess the interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(8) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Number of positions for which credit is being claimed, type of position for which credit is being claimed, type of activity in which the person is engaged in the county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.

(9) Transfer of ownership does not affect credit eligibility; however, the credit is available to the successor for remaining periods in the five years only if the eligibility conditions of this section are met.

(10) As used in this section:
   (a) "Manufacturing" means the same as "to manufacture" under RCW 82.04.120. Manufacturing includes the activities of both manufacturers and processors for hire.
   (b) "Programming" means the activities that involve the creation or modification of software, as that term is defined in this chapter, and that are taxable as a service under RCW 82.04.290(2) or as a retail sale under RCW 82.04.050.

   (d) "Qualified employment position" means a permanent full-time position doing programming of software or manufacturing of software. Full-time means a position for at least thirty-five hours a week.
   (e) "Rural county" means a county with a population density of less than one hundred persons per square mile as determined by the office of financial management and published each year by the department for the period July 1st to June 30th.
   (f) "Software" has the same meaning as defined in RCW 82.04.215.

(11) No credit may be taken or accrued under this section on or after January 1, 2004.
(12) This section expires December 31, 2003.

   (2) To qualify for the credit, the help desk services must be conducted from a rural county.

(5) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used is immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(6) The credit under this section may be used against any tax due under this chapter, but in no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(7) A person taking tax credits under this section shall make an annual report to the department. The report shall be in a letter form and shall include the following information: Type of activity in which the person is engaged in the county, number of employees in the rural county, and how long the person has been located in the county. The report must be filed by January 30th of each year for which credit was claimed during the previous year.

PART IV  
ELECTRIC UTILITIES

NEW SECTION. Sec. 401. The legislature finds that it is necessary to employ multiple approaches to revitalize the economy of Washington state's rural areas. The legislature also finds that where possible, Washington state should develop programs which can complement other private, state, and federal programs. It is the intent of section 402 of this act to complement such rural economic
development efforts by creating a public utility tax offset program to help establish locally based
electric utility revolving fund programs to be used for economic development and job creation.

an amount equal to fifty percent of contributions made in any calendar year directly to an electric utility
rural economic development revolving fund. The credit shall be taken in a form and manner as
required by the department. The credit under this section shall not exceed twenty-five thousand dollars

(3) The right to earn tax credits under this section expires December 31, 2005.

claimed as a tax credit under this section shall either be granted to a qualifying project or refunded to
the state within two years of termination.

There being no objection, amendment 247 was withdrawn.

Representative D. Schmidt moved the adoption of amendment (250):

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that:
(1) The current statute relating to the timing of the primary election may not allow adequate time for absentee voters, especially military personnel living overseas, to review the candidates and issues appearing on the general election ballot before casting their votes;
(2) The proliferation of permanent absentee voters presents increasing difficulties for county auditors to canvass ballots in a timely way, which in turn may adversely affect the general election campaign of a candidate involved in a close primary race; and
(3) A delay in counting votes and processing ballots negatively impacts the public's right to timely election results and thus harms our electoral process.

Therefore, the mission of the task force established by section 2 of this act includes, but is not limited to, a review of issues relating to the timing of the primary election, the canvassing of ballots, and the certification of election results. The task force shall consider alternates to the current statutes that relate to these issues, and shall provide recommendations accordingly.

NEW SECTION.  Sec. 2. A task force to study and make recommendations regarding the date for primary elections is established. The task force membership consists of the following thirteen members:
(1) Three citizen members from across the state, appointed jointly by the secretary of state, the president of the senate, and the co-speakers of the house of representatives;
(2) Two members of the senate, one from each of the largest two caucuses, appointed by the president of the senate, and two members of the house of representatives, one from each of the largest two caucuses, appointed by the co-speakers of the house of representatives;
(3) The secretary of state or the secretary's designee;
(4) Three county elections officials designated by the Washington Association of County Officials; and
(5) A representative of each major political party in the state, appointed by the chair of the state central committee for the party.

NEW SECTION.  Sec. 3. The task force shall report its recommendations to the governor, the secretary of state, and the appropriate standing committees of the senate and house of representatives no later than December 1, 1999. The task force terminates on December 31, 1999.

Sec. 4. RCW 29.62.020 and 1995 c 139 s 2 are each amended to read as follows:
(1) (No later than the tenth day after a special election or primary and no later than the fifteenth day after a general election, the county auditor shall convene the county canvassing board to process the absentee ballots and canvass the votes cast at that primary or election.)) At least every third day after a special election, primary, or general election and before certification of the election results, except Sundays and legal holidays, the county auditor shall convene the county canvassing board or their designees to process absentee ballots and canvass the votes cast at that special election, primary, or general election, if the county auditor is in possession of more than twenty-five ballots that have yet to be canvassed. The county auditor may use his or her discretion in determining when to convene the canvassing board or their designees during the final four days before the certification of election results in order to protect the secrecy of any ballot.

Each absentee ballot previously not canvassed that was received by the county auditor two days or more before the convening of the canvassing board or their designees and that either was received by the county auditor before the closing of the polls on the day of the special election, primary, or general election for which it was issued, or that bears a date of mailing on or before the special election, primary, or general election for which it was issued, must be processed at that time. The tabulation of votes that results from that day’s canvass must be made available to the general public immediately upon completion of the canvass.

(2) (On the tenth day after a special election or a primary and on the fifteenth day after a general election, the canvassing board shall complete the canvass and certify the results. Each absentee ballot that was returned before the closing of the polls on the day of the primary or election for which it was issued, and each absentee ballot with a date of mailing on or before the date of the primary or election for which it was issued and received on or before the date on which the primary or election is certified, shall be included in the canvass report.

((2))) (3) At the request of any caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or the chief clerk of the house."

(5) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned early release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

amended to read as follows:
(1) A sentencing guidelines commission is established as an agency of state government.
(2) The legislature finds that the commission, having accomplished its original statutory
directive to implement this chapter, and having expertise in sentencing practice and policies, shall:
(a) Evaluate state sentencing policy, to include whether the sentencing ranges and standards are
consistent with and further:
(i) The purposes of this chapter as defined in RCW 9.94A.010; and
(ii) The intent of the legislature to emphasize confinement for the violent offender and
alternatives to confinement for the nonviolent offender.
The commission shall provide the governor and the legislature with its evaluation and
recommendations under this subsection not later than December 1, 1996, and every two years
thereafter;
(b) Recommend to the legislature revisions or modifications to the standard sentence ranges,
state sentencing policy, prosecuting standards, and other standards. If implementation of the revisions
or modifications would result in exceeding the capacity of correctional facilities, then the commission
shall accompany its recommendation with an additional list of standard sentence ranges which are
consistent with correction capacity;
(c) Study the existing criminal code and from time to time make recommendations to the
legislature for modification;
(d)(i) Serve as a clearinghouse and information center for the collection, preparation, analysis,
and dissemination of information on state and local adult and juvenile sentencing practices; (ii) develop
and maintain a computerized adult and juvenile sentencing information system by individual superior
court judge consisting of offender, offense, history, and sentence information entered from judgment
and sentence forms for all adult felons; and (iii) conduct ongoing research regarding adult and juvenile
sentencing guidelines, use of total confinement and alternatives to total confinement, plea bargaining,
and other matters relating to the improvement of the adult criminal justice system and the juvenile justice system;

(e) Assume the powers and duties of the juvenile disposition standards commission after June 30, 1996;

(f) Evaluate the effectiveness of existing disposition standards and related statutes in implementing policies set forth in RCW 13.40.010 generally, specifically review the guidelines relating to the confinement of minor and first offenders as well as the use of diversion, and review the application of current and proposed juvenile sentencing standards and guidelines for potential adverse impacts on the sentencing outcomes of racial and ethnic minority youth;

(g) Solicit the comments and suggestions of the juvenile justice community concerning disposition standards, and make recommendations to the legislature regarding revisions or modifications of the standards. The evaluations shall be submitted to the legislature on December 1 of each odd-numbered year. The department of social and health services shall provide the commission with available data concerning the implementation of the disposition standards and related statutes and their effect on the performance of the department’s responsibilities relating to juvenile offenders, and with recommendations for modification of the disposition standards. The office of the administrator for the courts shall provide the commission with available data on diversion and dispositions of juvenile offenders under chapter 13.40 RCW; and

(h) Not later than December 1, 1997, and at least every two years thereafter, based on available information, report to the governor and the legislature on:

(3) Recidivism information on adult and juvenile offenders.

(3) Each of the commission’s recommended standard sentence ranges shall include one or more of the following: Total confinement, partial confinement, community supervision, community service, restitution, and a fine.

(4) The standard sentence ranges of total and partial confinement under this chapter are subject to the following limitations:

(a) If the maximum term in the range is one year or less, the minimum term in the range shall be no less than one-third of the maximum term in the range, except that if the maximum term in the range is ninety days or less, the minimum term may be less than one-third of the maximum;

(b) If the maximum term in the range is greater than one year, the minimum term in the range shall be no less than seventy-five percent of the maximum term in the range, except that for murder in the second degree in seriousness category XIII under RCW 9.94A.310, the minimum term in the range shall be no less than fifty percent of the maximum term in the range; and

(5) The commission shall exercise its duties under this section in conformity with chapter 34.05 RCW.

Sec. 7. RCW 9.94A.120 and 1998 c 260 s 3 are each amended to read as follows:
When a person is convicted of a felony, the court shall impose punishment as provided in this section.

(1) Except as authorized in subsections (2), (4), (5), (6), and (8) of this section, the court shall impose a sentence within the sentence range for the offense.

(2) The court may impose a sentence outside the standard sentence range for that offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(3) Whenever a sentence outside the standard range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard range shall be a determinate sentence.

(4) A persistent offender shall be sentenced to a term of total confinement for life without the possibility of parole or, when authorized by RCW 10.95.030 for the crime of aggravated murder in the first degree, sentenced to death, notwithstanding the maximum sentence under any other law. An
offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years. An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years. An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years. The foregoing minimum terms of total confinement are mandatory and shall not be varied or modified as provided in subsection (2) of this section. In addition, all offenders subject to the provisions of this subsection shall not be eligible for community custody, earned early release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release as defined under RCW 9.94A.150 (1), (2), (3), (5), (7), or (8), or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer or officers during such minimum terms of total confinement except in the case of an offender in need of emergency medical treatment or for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree.

(5) In sentencing a first-time offender the court may waive the imposition of a sentence within the sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include up to two years of community supervision, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to two years, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(e) Report as directed to the court and a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community service restitution work.

(6)(a) An offender is eligible for the special drug offender sentencing alternative if:

(i) The offender is convicted of the manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or a felony that is, under chapter 9A.28 RCW or RCW 69.50.407, a criminal attempt, criminal solicitation, or criminal conspiracy to commit such crimes, and the violation does not involve a sentence enhancement under RCW 9.94A.310 (3) or (4);

(ii) The offender has no prior convictions for a felony in this state, another state, or the United States; and

(iii) The offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance.

(b) If the midpoint of the standard range is greater than one year and the sentencing judge determines that the offender is eligible for this option and that the offender and the community will benefit from the use of the special drug offender sentencing alternative, the judge may waive imposition of a sentence within the standard range and impose a sentence that must include a period of total confinement in a state facility for one-half of the midpoint of the standard range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections. If the midpoint of the standard range is twenty-four months or less, no more than three months of the sentence may be served in a work release status. The court shall also impose one year of concurrent community custody and community supervision that must include appropriate outpatient substance abuse treatment, crime-related prohibitions including a condition not to use illegal controlled
substances, and a requirement to submit to urinalysis or other testing to monitor that status. The court may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court shall impose three or more of the following conditions:

(i) Devote time to a specific employment or training;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender’s address or employment;
(iii) Report as directed to a community corrections officer;
(iv) Pay all court-ordered legal financial obligations;
(v) Perform community restitution work;
(vi) Stay out of areas designated by the sentencing judge.
(c) If the offender violates any of the sentence conditions in (b) of this subsection, the department shall impose sanctions administratively, with notice to the prosecuting attorney and the sentencing court. Upon motion of the court or the prosecuting attorney, a violation hearing shall be held by the court. If the court finds that conditions have been willfully violated, the court may impose confinement consisting of up to the remaining one-half of the midpoint of the standard range. All total confinement served during the period of community custody shall be credited to the offender, regardless of whether the total confinement is served as a result of the original sentence, as a result of a sanction imposed by the department, or as a result of a violation found by the court. The term of community supervision shall be tolled by any period of time served in total confinement as a result of a violation found by the court.

(d) The department shall determine the rules for calculating the value of a day fine based on the offender’s income and reasonable obligations which the offender has for the support of the offender and any dependents. These rules shall be developed in consultation with the administrator for the courts, the office of financial management, and the commission.

(7) If a sentence range has not been established for the defendant’s crime, the court shall impose a determinate sentence which may include not more than one year of confinement, community restitution work, a term of community supervision not to exceed one year, and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence.

(8)(a)(i) When an offender is convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense and has no prior convictions for a sex offense or any other felony sex offenses in this or any other state, the sentencing court, on its own motion or the motion of the state or the defendant, may order an examination to determine whether the defendant is amenable to treatment. The report of the examination shall include at a minimum the following: The defendant’s version of the facts and the official version of the facts, the defendant’s offense history, an assessment of problems in addition to alleged deviant behaviors, the offender’s social and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the defendant's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(A) Frequency and type of contact between offender and therapist;
(B) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(C) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;
(D) Anticipated length of treatment; and
(E) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the
party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(ii) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this special sex offender sentencing alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this subsection. If the court determines that this special sex offender sentencing alternative is appropriate, the court shall then impose a sentence within the sentence range. If this sentence is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(A) The court shall place the defendant on community custody for the length of the suspended sentence or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section;

(B) The court shall order treatment for any period up to three years in duration. The court in its discretion shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court, and shall not change providers without court approval after a hearing if the prosecutor or community corrections officer object to the change. In addition, as conditions of the suspended sentence, the court may impose other sentence conditions including up to six months of confinement, not to exceed the sentence range of confinement for that offense, crime-related prohibitions, and requirements that the offender perform any one or more of the following:

(I) Devote time to a specific employment or occupation;

(II) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;

(III) Report as directed to the court and a community corrections officer;

(IV) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030, perform community service, restitution work, or any combination thereof; or

(V) Make recoupment to the victim for the cost of any counseling required as a result of the offender's crime; and

(C) Sex offenders sentenced under this special sex offender sentencing alternative are not eligible to accrue any earned early release time while serving a suspended sentence.

(iii) The sex offender therapist shall submit quarterly reports on the defendant's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, defendant's compliance with requirements, treatment activities, the defendant's relative progress in treatment, and any other material as specified by the court at sentencing.

(iv) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment. Prior to the treatment termination hearing, the treatment professional and community corrections officer shall submit written reports to the court and parties regarding the defendant's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community supervision conditions. Either party may request and the court may order another evaluation regarding the advisability of termination from treatment. The defendant shall pay the cost of any additional evaluation ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost. At the treatment termination hearing the court may: (A) Modify conditions of community custody, and either (B) terminate treatment, or (C) extend treatment for up to the remaining period of community custody.

(v) If a violation of conditions occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.205(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in (a)(vi) of this subsection.

(vi) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (A) The defendant violates the conditions of the suspended sentence, or (B) the court finds that the defendant is failing to make satisfactory progress in
treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(vii) Except as provided in (a)(viii) of this subsection, after July 1, 1991, examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW.

(viii) A sex offender therapist who examines or treats a sex offender pursuant to this subsection (8) does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with this subsection (8) and the rules adopted by the department of health.

(ix) For purposes of this subsection (8), "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(x) If the defendant was less than eighteen years of age when the charge was filed, the state shall pay for the cost of initial evaluation and treatment.

(b) When an offender commits any felony sex offense on or after July 1, 1987, and is sentenced to a term of confinement of more than one year but less than six years, the sentencing court may, on its own motion or on the motion of the offender or the state, request the department of corrections to evaluate whether the offender is amenable to treatment and the department may place the offender in a treatment program within a correctional facility operated by the department.

Except for an offender who has been convicted of a violation of RCW 9A.44.040 or 9A.44.050, if the offender completes the treatment program before the expiration of his or her term of confinement, the department of corrections may request the court to convert the balance of confinement to community supervision and to place conditions on the offender including crime-related prohibitions and requirements that the offender perform any one or more of the following:

(i) Devote time to a specific employment or occupation;
(ii) Remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;
(iii) Report as directed to the court and a community corrections officer;
(iv) Undergo available outpatient treatment.

If the offender violates any of the terms of his or her community supervision, the court may order the offender to serve out the balance of his or her community supervision term in confinement in the custody of the department of corrections.

Nothing in this subsection (8)(b) shall confer eligibility for such programs for offenders convicted and sentenced for a sex offense committed prior to July 1, 1987. This subsection (8)(b) does not apply to any crime committed after July 1, 1990.

(c) Offenders convicted and sentenced for a sex offense committed prior to July 1, 1987, may, subject to available funds, request an evaluation by the department of corrections to determine whether they are amenable to treatment. If the offender is determined to be amenable to treatment, the offender may request placement in a treatment program within a correctional facility operated by the department. Placement in such treatment program is subject to available funds.

(9)(a) When a court sentences a person to a term of total confinement to the custody of the department of corrections for an offense categorized as a sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990, assault in the second degree, assault of a child in the second degree, any crime against a person where it is determined in accordance with RCW 9.94A.125 that the defendant or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under subsection (6) of this section, committed on or after July 1, 1988, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2). When the
court sentences an offender under this subsection to the statutory maximum period of confinement then
the community placement portion of the sentence shall consist entirely of such community custody to
which the offender may become eligible, in accordance with RCW 9.94A.150 (1) and (2). Any period
of community custody actually served shall be credited against the community placement portion of the
sentence.

(b) When a court sentences a person to a term of total confinement to the custody of the
department of corrections for an offense categorized as a sex offense committed on or after July 1,
1990, but before June 6, 1996, a serious violent offense, vehicular homicide, or vehicular assault,
committed on or after July 1, 1990, the court shall in addition to other terms of the sentence, sentence
the offender to community placement for two years or up to the period of earned early release awarded
pursuant to RCW 9.94A.150 (1) and (2), whichever is longer. The community placement shall begin
either upon completion of the term of confinement or at such time as the offender is transferred to
community custody in lieu of earned early release in accordance with RCW 9.94A.150 (1) and (2).

When the court sentences an offender under this subsection to the statutory maximum period of
confinement then the community placement portion of the sentence shall consist entirely of the
community custody to which the offender may become eligible, in accordance with RCW 9.94A.150
(1) and (2). Any period of community custody actually served shall be credited against the community
placement portion of the sentence. Unless a condition is waived by the court, the terms of community
placement for offenders sentenced pursuant to this section shall include the following conditions:

(i) The offender shall report to and be available for contact with the assigned community
corrections officer as directed;

(ii) The offender shall work at department of corrections-approved education, employment,
and/or community ((service)) restitution;

(iii) The offender shall not possess or consume controlled substances except pursuant to
lawfully issued prescriptions;

(iv) The offender shall pay supervision fees as determined by the department of corrections;

(v) The residence location and living arrangements are subject to the prior approval of the
department of corrections during the period of community placement; and

(vi) The offender shall submit to affirmative acts necessary to monitor compliance with the
orders of the court as required by the department.

(c) As a part of any sentence imposed under (a) or (b) of this subsection, the court may also
order any of the following special conditions:

(i) The offender shall remain within, or outside of, a specified geographical boundary;

(ii) The offender shall not have direct or indirect contact with the victim of the crime or a
specified class of individuals;

(iii) The offender shall participate in crime-related treatment or counseling services;

(iv) The offender shall not consume alcohol;

(v) The offender shall comply with any crime-related prohibitions; or

(vi) For an offender convicted of a felony sex offense against a minor victim after June 6,
1996, the offender shall comply with any terms and conditions of community placement imposed by the
department of corrections relating to contact between the sex offender and a minor victim or a child of
similar age or circumstance as a previous victim.

(d) Prior to transfer to, or during, community placement, any conditions of community
placement may be removed or modified so as not to be more restrictive by the sentencing court, upon
recommendation of the department of corrections.

(10)(a) When a court sentences a person to the custody of the department of corrections for an
offense categorized as a sex offense committed on or after June 6, 1996, the court shall, in addition to
other terms of the sentence, sentence the offender to community custody for three years or up to the
period of earned early release awarded pursuant to RCW 9.94A.150 (1) and (2), whichever is longer.
The community custody shall begin either upon completion of the term of confinement or at such time as
the offender is transferred to community custody in lieu of earned early release in accordance with
RCW 9.94A.150 (1) and (2).

(b) Unless a condition is waived by the court, the terms of community custody shall be the
same as those provided for in subsection (9)(b) of this section and may include those provided for in
subsection (9)(c) of this section. As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department of corrections under subsection (14) of this section.

(c) At any time prior to the completion of a sex offender’s term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender’s term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender’s term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.195 and may be punishable as contempt of court as provided for in RCW 7.21.040.

(11) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(12) If a sentence imposed includes payment of a legal financial obligation, the sentence shall specify the total amount of the legal financial obligation owed, and shall require the offender to pay a specified monthly sum toward that legal financial obligation. Restitution to victims shall be paid prior to any other payments of monetary obligations. Any legal financial obligation that is imposed by the court may be collected by the department, which shall deliver the amount paid to the county clerk for credit. The offender’s compliance with payment of legal financial obligations shall be supervised by the department for ten years following the entry of the judgment and sentence or ten years following the offender’s release from total confinement. All monetary payments ordered shall be paid no later than ten years after the last date of release from confinement pursuant to a felony conviction or the date the sentence was entered unless the superior court extends the criminal judgment an additional ten years. If the legal financial obligations including crime victims’ assessments are not paid during the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years as provided in RCW 9.94A.140, 9.94A.142, and 9.94A.145. If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation. Nothing in this section makes the department, the state, or any of its employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations. If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order.

(13) Except as provided under RCW 9.94A.140(1) and 9.94A.142(1), a court may not impose a sentence providing for a term of confinement or community supervision or community placement which exceeds the statutory maximum for the crime as provided in chapter 9A.20 RCW.

(14) All offenders sentenced to terms involving community supervision, community restitution, community placement, or legal financial obligation shall be under the supervision of the department of corrections and shall follow explicitly the instructions and conditions of the department of corrections. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed.

(a) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender’s address or employment, and paying the supervision fee assessment.

(b) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (a) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals. The conditions authorized under this subsection (14)(b) may be imposed by the department prior to or during an offender’s community custody term. If a violation of conditions imposed by the court or the
department pursuant to subsection (10) of this section occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.207 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.205. At any time prior to the completion of a sex offender’s term of community custody, the department may recommend to the court that any or all of the conditions imposed by the court or the department pursuant to subsection (10) of this section be continued beyond the expiration of the offender’s term of community custody as authorized in subsection (10)(c) of this section.

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

(15) All offenders sentenced to terms involving community supervision, community((service)) restitution, or community placement under the supervision of the department of corrections shall not own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the appropriate violation process and sanctions. "Constructive possession" as used in this subsection means the power and intent to control the firearm or ammunition. "Firearm" as used in this subsection means a weapon or device from which a projectile may be fired by an explosive such as gunpowder.

(16) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(17) A departure from the standards in RCW 9.94A.400 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in subsections (2) and (3) of this section, and may be appealed by the defendant or the state as set forth in RCW 9.94A.210 (2) through (6).

(18) The court shall order restitution whenever the offender is convicted of a felony that results in injury to any person or damage to or loss of property, whether the offender is sentenced to confinement or placed under community supervision, unless extraordinary circumstances exist that make restitution inappropriate in the court’s judgment. The court shall set forth the extraordinary circumstances in the record if it does not order restitution.

(19) As a part of any sentence, the court may impose and enforce an order that relates directly to the circumstances of the crime for which the offender has been convicted, prohibiting the offender from having any contact with other specified individuals or a specific class of individuals for a period not to exceed the maximum allowable sentence for the crime, regardless of the expiration of the offender’s term of community supervision or community placement.

(20) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender’s competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(21) In any sentence of partial confinement, the court may require the defendant to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

(22) All court-ordered legal financial obligations collected by the department and remitted to the county clerk shall be credited and paid where restitution is ordered. Restitution shall be paid prior to any other payments of monetary obligations.

Sec. 8. RCW 9.94A.200 and 1998 c 260 s 4 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.
(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community ((service)) restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within seventy-two hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within fifteen days of receipt of the report, if the court is not satisfied with the sanctions, the court may schedule a hearing and may modify the department’s sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation.

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department’s sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender’s appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not exceeding sixty days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community ((service)) restitution obligation to total or partial confinement, (iii) convert monetary obligations, except restitution and the crime victim penalty assessment, to community ((service)) restitution hours at the rate of the state minimum wage as established in RCW 49.46.020 for each hour of community ((service)) restitution, or (iv) order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding payment of legal financial obligations and regarding community ((service)) restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) The community corrections officer may obtain information from the offender’s mental health treatment provider on the offender’s status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender’s consent, as described under RCW 71.05.630.

(5) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient
treatment provider and the supervising community corrections officer shall notify each other about the offender’s discharge, release, and legal status, and shall share other relevant information.

(6) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 9. RCW 9.94A.380 and 1988 c 157 s 4 and 1988 c 155 s 3 are each reenacted and amended to read as follows:

Alternatives to total confinement are available for offenders with sentences of one year or less. These alternatives include the following sentence conditions that the court may order as substitutes for total confinement: (1) One day of partial confinement may be substituted for one day of total confinement; (2) in addition, for offenders convicted of nonviolent offenses only, eight hours of community restitution may be substituted for one day of total confinement, with a maximum conversion limit of two hundred forty hours or thirty days. Community restitution hours must be completed within the period of community supervision or a time period specified by the court, which shall not exceed twenty-four months, pursuant to a schedule determined by the department.

For sentences of nonviolent offenders for one year or less, the court shall consider and give priority to available alternatives to total confinement and shall state its reasons in writing on the judgment and sentence form if the alternatives are not used.

Sec. 10. RCW 9.94A.400 and 1998 c 235 s 2 are each amended to read as follows:

(1) (a) Except as provided in (b) or (c) of this subsection, whenever a person is to be sentenced for two or more current offenses, the sentence range for each current offense shall be determined by using all other current and prior convictions as if they were prior convictions for the purpose of the offender score: PROVIDED, That if the court enters a finding that some or all of the current offenses encompass the same criminal conduct then those current offenses shall be counted as one crime. Sentences imposed under this subsection shall be served concurrently. Consecutive sentences may only be imposed under the exceptional sentence provisions of RCW 9.94A.120 and 9.94A.390(2)(g) or any other provision of RCW 9.94A.390. "Same criminal conduct," as used in this subsection, means two or more crimes that require the same criminal intent, are committed at the same time and place, and involve the same victim. This definition applies in cases involving vehicular assault or vehicular homicide even if the victims occupied the same vehicle.

(b) Whenever a person is convicted of two or more serious violent offenses, as defined in RCW 9.94A.030, arising from separate and distinct criminal conduct, the sentence range for the offense with the highest seriousness level under RCW 9.94A.320 shall be determined using the offender’s prior convictions and other current convictions that are not serious violent offenses in the offender score and the sentence range for other serious violent offenses shall be determined by using an offender score of zero. The sentence range for any offenses that are not serious violent offenses shall be determined according to (a) of this subsection. All sentences imposed under (b) of this subsection shall be served consecutively to each other and concurrently with sentences imposed under (a) of this subsection.

(c) If an offender is convicted under RCW 9.41.040 for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each conviction of the felony crimes listed in this subsection, and for each firearm unlawfully possessed.

(2) (a) Except as provided in (b) of this subsection, whenever a person while under sentence of felony commits another felony and is sentenced to another term of confinement, the latter term shall not begin until expiration of all prior terms. (b) Whenever a second or later felony conviction results in community supervision with conditions not currently in effect, under the prior sentence or sentences of community supervision the court may require that the conditions of community supervision contained in the second or later sentence begin during the immediate term of community supervision and continue throughout the duration of the consecutive term of community supervision.

(3) Subject to subsections (1) and (2) of this section, whenever a person is sentenced for a felony that was committed while the person was not under sentence of a felony, the sentence shall run concurrently with any felony sentence which has been imposed by any court in this or another state or
by a federal court subsequent to the commission of the crime being sentenced unless the court pronouncing the current sentence expressly orders that they be served consecutively.

(4) Whenever any person granted probation under RCW 9.95.210 or 9.92.060, or both, has the probationary sentence revoked and a prison sentence imposed, that sentence shall run consecutively to any sentence imposed pursuant to this chapter, unless the court pronouncing the subsequent sentence expressly orders that they be served concurrently.

(5) However, in the case of consecutive sentences, all periods of total confinement shall be served before any partial confinement, community service, community supervision, or any other requirement or conditions of any of the sentences. Except for exceptional sentences as authorized under RCW 9.94A.120(2), if two or more sentences that run consecutively include periods of community supervision, the aggregate of the community supervision period shall not exceed twenty-four months.

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.
(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.
(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile’s criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B
CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(5) and 13.40.165.
If the court determines that a disposition under option A or B would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 14. RCW 13.40.080 and 1997 c 338 s 70 are each amended to read as follows:
(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversionary unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution. Such agreements may be entered into only after the prosecutor, or probation counselor pursuant to this chapter, has determined that probable cause exists to believe that a crime has been committed and that the juvenile committed it. Such agreements shall be entered into as expeditiously as possible.
(2) A diversion agreement shall be limited to one or more of the following:
(a) Community restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;
(b) Restitution limited to the amount of actual loss incurred by the victim;
(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversionary unit exercising the option to permit diversion agreements to mandate attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions;
(d) A fine, not to exceed one hundred dollars. In determining the amount of the fine, the diversion unit shall consider only the juvenile’s financial resources and whether the juvenile has the means to pay the fine. The diversion unit shall not consider the financial resources of the juvenile’s parents, guardian, or custodian in determining the fine to be imposed; and
(e) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas.
(3) In assessing periods of community restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile’s custodial parent or parents or guardian and victims who have contacted the diversionary unit and, to the extent possible, involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.
(4)(a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.
(b) If additional time is necessary for the juvenile to complete restitution to the victim, the time period limitations of this subsection may be extended by an additional six months.
(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of an order establishing the amount of restitution still owed to the victim. In this order, the court shall also determine the terms and conditions of the restitution, including a payment plan extending up to ten years if the court determines that the juvenile does not have the means to make full restitution over a shorter period. For the purposes of this subsection (4)(c), the juvenile shall remain under the court’s jurisdiction for a maximum term of ten years after the juvenile’s eighteenth birthday. Prior to the expiration of the initial ten-year period, the juvenile court may extend the judgment for restitution an additional ten years. The court may not require the juvenile to pay full or partial restitution if the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reasonably acquire the means to pay the restitution over a ten-year period. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall
be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation
to pay restitution may petition the court for modification of the restitution order.

(5) The juvenile shall retain the right to be referred to the court at any time prior to the signing
of the diversion agreement.

(6) Divertees and potential divertees shall be afforded due process in all contacts with a
diversionary unit regardless of whether the juveniles are accepted for diversion or whether the
diversion program is successfully completed. Such due process shall include, but not be limited to, the
following:
   (a) A written diversion agreement shall be executed stating all conditions in clearly
   understandable language;
   (b) Violation of the terms of the agreement shall be the only grounds for termination;
   (c) No divertee may be terminated from a diversion program without being given a court
   hearing, which hearing shall be preceded by:
      (i) Written notice of alleged violations of the conditions of the diversion program; and
      (ii) Disclosure of all evidence to be offered against the divertee;
   (d) The hearing shall be conducted by the juvenile court and shall include:
      (i) Opportunity to be heard in person and to present evidence;
      (ii) The right to confront and cross-examine all adverse witnesses;
      (iii) A written statement by the court as to the evidence relied on and the reasons for
      termination, should that be the decision; and
      (iv) Demonstration by evidence that the divertee has substantially violated the terms of his or
      her diversion agreement.
   (e) The prosecutor may file an information on the offense for which the divertee was diverted:
      (i) In juvenile court if the divertee is under eighteen years of age; or
      (ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen
      years of age or older.

(7) The diversion unit shall, subject to available funds, be responsible for providing interpreters
when juveniles need interpreters to effectively communicate during diversion unit hearings or
negotiations.

(8) The diversion unit shall be responsible for advising a divertee of his or her rights as
provided in this chapter.

(9) The diversion unit may refer a juvenile to community-based counseling or treatment
programs.

(10) The right to counsel shall inure prior to the initial interview for purposes of advising the
juvenile as to whether he or she desires to participate in the diversion process or to appear in the
juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion
process, including intake interviews and termination hearings. The juvenile shall be fully advised at
the intake of his or her right to an attorney and of the relevant services an attorney can provide. For
the purpose of this section, intake interviews mean all interviews regarding the diversion agreement
process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's
criminal history as defined by RCW 13.40.020((9)(7)). A signed acknowledgment of such
advisement shall be obtained from the juvenile, and the document shall be maintained by the
diversionary unit together with the diversion agreement, and a copy of both documents shall be
delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules
setting forth the content of such advisement in simple language.

(11) When a juvenile enters into a diversion agreement, the juvenile court may receive only the
following information for dispositional purposes:
   (a) The fact that a charge or charges were made;
   (b) The fact that a diversion agreement was entered into;
   (c) The juvenile’s obligations under such agreement;
   (d) Whether the alleged offender performed his or her obligations under such agreement; and
   (e) The facts of the alleged offense.
(12) A diversionary unit may refuse to enter into a diversion agreement with a juvenile. When a diversionary unit refuses to enter into a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversionary unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(13) A diversionary unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection shall include the authority to refer the juvenile to community-based counseling or treatment programs. Any juvenile released under this subsection shall be advised that the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020((9) (7)). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversionary unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(14) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile’s eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(15) If a fine required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert an unpaid fine into community (service) restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community (service) restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour.

(16) Fines imposed under this section shall be collected and paid into the county general fund in accordance with procedures established by the juvenile court administrator under RCW 13.04.040 and may be used only for juvenile services. In the expenditure of funds for juvenile services, there shall be a maintenance of effort whereby counties exhaust existing resources before using amounts collected under this section.

Sec. 15. RCW 13.40.160 and 1997 c 338 s 25 and 1997 c 265 s 1 are each reenacted and amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (4), and (5) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (4), and (5) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option C of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.
A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) Where a respondent is found to have committed an offense for which the respondent declined to enter into a diversion agreement, the court shall impose a term of community supervision limited to the conditions allowed in a diversion agreement as provided in RCW 13.40.080(2).

(4) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a)(i) Frequency and type of contact between the offender and therapist;
(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
(iv) Anticipated length of treatment; and
(v) Recommended crime-related prohibitions.

The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option C, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(b)(i) Devote time to a specific education, employment, or occupation;
(ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;
(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender
treatment provider. This change shall have prior approval by the court;
(v) Report as directed to the court and a probation counselor;
(vi) Pay all court-ordered legal financial obligations, perform community service restitution,
or any combination thereof;
(vii) Make restitution to the victim for the cost of any counseling reasonably related to the
offense;
(viii) Comply with the conditions of any court-ordered probation bond; or
(ix) The court shall order that the offender may not attend the public or approved private
elementary, middle, or high school attended by the victim or the victim’s siblings. The parents or legal
guardians of the offender are responsible for transportation or other costs associated with the offender’s
change of school that would otherwise be paid by the school district. The court shall send notice of the
disposition and restriction on attending the same school as the victim or victim’s siblings to the public
or approved private school the juvenile will attend, if known, or if unknown, to the approved private
schools and the public school district board of directors of the district in which the juvenile resides or
intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar
days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress
in treatment to the court and the parties. The reports shall reference the treatment plan and include at a
minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment
activities, the respondent’s relative progress in treatment, and any other material specified by the court
at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court
considers appropriate.

Except as provided in this subsection (4), after July 1, 1991, examinations and treatment
ordered pursuant to this subsection shall only be conducted by sex offender treatment providers
certified by the department of health pursuant to chapter 18.155 RCW. A sex offender therapist who
examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by
the department of health pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has
already moved to another state or plans to move to another state for reasons other than circumventing
the certification requirements; (B) no certified providers are available for treatment within a reasonable
geographical distance of the offender’s home; and (C) the evaluation and treatment plan comply with
this subsection (4) and the rules adopted by the department of health.

If the offender violates any condition of the disposition or the court finds that the respondent is
failing to make satisfactory progress in treatment, the court may revoke the suspension and order
execution of the disposition or the court may impose a penalty of up to thirty days’ confinement for
violating conditions of the disposition. The court may order both execution of the disposition and up to
thirty days’ confinement for the violation of the conditions of the disposition. The court shall give
credit for any confinement time previously served if that confinement was for the offense for which the
suspension is being revoked.

For purposes of this section, "victim" means any person who has sustained emotional,
psychological, physical, or financial injury to person or property as a direct result of the crime
charged. "Victim" may also include a known parent or guardian of a victim who is a minor child
unless the parent or guardian is the perpetrator of the offense.

A disposition entered under this subsection (4) is not appealable under RCW 13.40.230.

(5) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to
36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the
disposition alternative under RCW 13.40.165.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a
firearm in violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that
the juvenile was armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a
dispositional order, the dispositional order shall specifically state the number of days of credit for time
served.
(8) Except as provided under subsection (4) or (5) of this section or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 16. RCW 13.40.165 and 1997 c 338 s 26 are each amended to read as follows:

(1) When a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent and amenable to treatment.

(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.

(3) The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(a) Whether inpatient and/or outpatient treatment is recommended;
(b) Availability of appropriate treatment;
(c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
(d) Anticipated length of treatment;
(e) Recommended crime-related prohibitions; and
(f) Whether the respondent is amenable to treatment.

(4) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any examination ordered under this subsection (4) or subsection (1) of this section unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, the sum of confinement time and inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community service, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order
execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

Sec. 17. RCW 13.40.180 and 1981 c 299 s 14 are each amended to read as follows:
Where a disposition is imposed on a youth for two or more offenses, the terms shall run consecutively, subject to the following limitations:

(1) Where the offenses were committed through a single act or omission, omission, or through an act or omission which in itself constituted one of the offenses and also was an element of the other, the aggregate of all the terms shall not exceed one hundred fifty percent of the term imposed for the most serious offense;

(2) The aggregate of all consecutive terms shall not exceed three hundred percent of the term imposed for the most serious offense; and

(3) The aggregate of all consecutive terms of community supervision shall not exceed two years in length, or require payment of more than two hundred dollars in fines or the performance of more than two hundred hours of community (restitution).

Sec. 18. RCW 13.40.200 and 1997 c 338 s 31 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, penalty assessments, or confinement of less than thirty days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent’s appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay a fine, penalty assessments, or restitution or to perform community (restitution) hours, as required by the court, it shall be the respondent’s burden to show that he or she did not have the means and could not reasonably have acquired the means to pay the fine, penalty assessments, or restitution or perform community (restitution).

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to thirty days' confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed thirty days' confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(4) If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community (restitution). The number of hours of community (restitution) in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.
(5) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

**Sec. 19.** RCW 13.40.205 and 1990 c 3 s 103 are each amended to read as follows:

(1) A juvenile sentenced to a term of confinement to be served under the supervision of the department shall not be released from the physical custody of the department prior to the release date established under RCW 13.40.210 except as otherwise provided in this section.

(2) A juvenile serving a term of confinement under the supervision of the department may be released on authorized leave from the physical custody of the department only if consistent with public safety and if:

(a) Sixty percent of the minimum term of confinement has been served; and

(b) The purpose of the leave is to enable the juvenile:

(i) To visit the juvenile's family for the purpose of strengthening or preserving family relationships;

(ii) To make plans for parole or release which require the juvenile's personal appearance in the community and which will facilitate the juvenile's reintegration into the community; or

(iii) To make plans for a residential placement out of the juvenile's home which requires the juvenile's personal appearance in the community.

(3) No authorized leave may exceed seven consecutive days. The total of all pre-minimum term authorized leaves granted to a juvenile prior to final discharge from confinement shall not exceed thirty days.

(4) Prior to authorizing a leave, the secretary shall require a written leave plan, which shall detail the purpose of the leave and how it is to be achieved, the address at which the juvenile shall reside, the identity of the person responsible for supervising the juvenile during the leave, and a statement by such person acknowledging familiarity with the leave plan and agreeing to supervise the juvenile and to notify the secretary immediately if the juvenile violates any terms or conditions of the leave. The leave plan shall include such terms and conditions as the secretary deems appropriate and shall be signed by the juvenile.

(5) Upon authorizing a leave, the secretary shall issue to the juvenile an authorized leave order which shall contain the name of the juvenile, the fact that the juvenile is on leave from a designated facility, the time period of the leave, and the identity of an appropriate official of the department to contact when necessary. The authorized leave order shall be carried by the juvenile at all times while on leave.

(6) Prior to the commencement of any authorized leave, the secretary shall give notice of the leave to the appropriate law enforcement agency in the jurisdiction in which the juvenile will reside during the leave period. The notice shall include the identity of the juvenile, the time period of the leave, the residence of the juvenile during the leave, and the identity of the person responsible for supervising the juvenile during the leave.

(7) The secretary may authorize a leave, which shall not exceed forty-eight hours plus travel time, to meet an emergency situation such as a death or critical illness of a member of the juvenile's family. The secretary may authorize a leave, which shall not exceed the period of time medically necessary, to obtain medical care not available in a juvenile facility maintained by the department. In cases of emergency or medical leave the secretary may waive all or any portions of subsections (2)(a), (3), (4), (5), and (6) of this section.

(8) If requested by the juvenile's victim or the victim's immediate family, the secretary shall give notice of any leave to the victim or the victim's immediate family.

(9) A juvenile who violates any condition of an authorized leave plan may be taken into custody and returned to the department in the same manner as an adult in identical circumstances.

(10) Notwithstanding the provisions of this section, a juvenile placed in minimum security status may participate in work, educational, community service, or treatment programs in the community up to twelve hours a day if approved by the secretary. Such a release shall not be deemed a leave of absence.

(11) Subsections (6), (7), and (8) of this section do not apply to juveniles covered by RCW 13.40.215.
Sec. 20. RCW 13.40.210 and 1997 c 338 s 32 are each amended to read as follows:

(1) The secretary shall, except in the case of a juvenile committed by a court to a term of confinement in a state institution outside the appropriate standard range for the offense(s) for which the juvenile was found to be guilty established pursuant to RCW 13.40.030, set a release or discharge date for each juvenile committed to its custody. The release or discharge date shall be within the prescribed range to which a juvenile has been committed except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile’s minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile’s release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department’s supervision without the prior approval of the secretary or the secretary’s designee.

(2) The secretary shall monitor the average daily population of the state’s juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the juvenile’s release under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section. The decision to place an offender on parole shall be based on an assessment by the department of the offender’s risk for reoffending upon release. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile’s reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile’s reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community (service) restitution. Community (service) restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the
offender. Community (service) restitution may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department’s supervision.

(4) (a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; and (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030.

(b) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Sec. 21. RCW 13.40.250 and 1997 c 338 s 36 are each amended to read as follows:

A traffic or civil infraction case involving a juvenile under the age of sixteen may be diverted in accordance with the provisions of this chapter or filed in juvenile court.

(1) If a notice of a traffic or civil infraction is filed in juvenile court, the juvenile named in the notice shall be afforded the same due process afforded to adult defendants in traffic infraction cases.

(2) A monetary penalty imposed upon a juvenile under the age of sixteen who is found to have committed a traffic or civil infraction may not exceed one hundred dollars. At the juvenile’s request, the court may order performance of a number of hours of community (service) restitution in lieu of a monetary penalty, at the rate of the prevailing state minimum wage per hour.

(3) A diversion agreement entered into by a juvenile referred pursuant to this section shall be limited to thirty hours of community (service) restitution, or educational or informational sessions.

(4) If a case involving the commission of a traffic or civil infraction offense by a juvenile under the age of sixteen has been referred to a diversion unit, an abstract of the action taken by the diversion unit may be forwarded to the department of licensing in the manner provided for in RCW 46.20.270(2).

Sec. 22. RCW 28A.225.090 and 1998 c 296 s 39 are each amended to read as follows:
(1) A court may order a child subject to a petition under RCW 28A.225.035 to:
(a) Attend the child’s current school;
(b) If there is space available and the program can provide educational services appropriate for
the child, order the child to attend another public school, an alternative education program, center, a
skill center, dropout prevention program, or another public educational program;
(c) Attend a private nonsectarian school or program including an education center. Before
ordering a child to attend an approved or certified private nonsectarian school or program, the court
shall: (i) Consider the public and private programs available; (ii) find that placement is in the best
interest of the child; and (iii) find that the private school or program is willing to accept the child and
will not charge any fees in addition to those established by contract with the student’s school district.
If the court orders the child to enroll in a private school or program, the child’s school district shall
contract with the school or program to provide educational services for the child. The school district
shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars
calculated on a weekly basis generated by the child and received by the district. A school district shall
not be required to enter into a contract that is longer than the remainder of the school year. A school
district shall not be required to enter into or continue a contract if the child is no longer enrolled in the
district;
(d) Be referred to a community truancy board, if available; or
(e) Submit to testing for the use of controlled substances or alcohol based on a determination
that such testing is appropriate to the circumstances and behavior of the child and will facilitate the
child’s compliance with the mandatory attendance law.
(2) If the child fails to comply with the court order, the court may order the child to be
punished by detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention
such as community (service) restitution. Failure by a child to comply with an order issued under this
subsection shall not be punishable by detention for a period greater than that permitted pursuant to a
civil contempt proceeding against a child under chapter 13.32A RCW.
(3) Any parent violating any of the provisions of either RCW 28A.225.010 or 28A.225.080
shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It
shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she
exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or
that the child’s school did not perform its duties as required in RCW 28A.225.020. The court may
order the parent to provide community (service) restitution instead of imposing a fine. Any fine
imposed pursuant to this section may be suspended upon the condition that a parent charged with
violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the
child’s attendance at school or upon condition that the parent attend a conference or conferences
scheduled by a school for the purpose of analyzing the causes of a child’s absence.

Sec. 23. RCW 35.21.209 and 1984 c 24 s 1 are each amended to read as follows:
The legislative authority of a city or town may purchase liability insurance in an amount it
deems reasonable to protect the city or town, its officers, and employees against liability for the
wrongful acts of offenders or injury or damage incurred by offenders in the course of court-ordered
community (service) restitution, and may elect to treat offenders as employees and/or workers under
Title 51 RCW.

Sec. 24. RCW 35A.21.220 and 1984 c 24 s 2 are each amended to read as follows:
The legislative authority of a code city may purchase liability insurance in an amount it deems
reasonable to protect the code city, its officers, and employees against liability for the wrongful acts of
offenders or injury or damage incurred by offenders in the course of court-ordered community
(service) restitution, and may elect to treat offenders as employees and/or workers under Title 51
RCW.

Sec. 25. RCW 36.16.139 and 1984 c 24 s 3 are each amended to read as follows:
The legislative authority of a county may purchase liability insurance in an amount it deems
reasonable to protect the county, its officers, and employees against liability for the wrongful acts of
Sec. 26. RCW 43.51.048 and 1996 c 263 s 3 are each amended to read as follows:
(1) The commission shall establish a policy and procedures for supervising and evaluating community restitution activities that may be imposed under RCW 70.93.060(3) including a description of what constitutes satisfactory completion of community restitution.
(2) The commission shall inform each state park of the policy and procedures regarding community restitution activities, and each state park shall then notify the commission as to whether or not the park elects to participate in the community restitution program. The commission shall transmit a list notifying the district courts of each state park that elects to participate.

Sec. 27. RCW 46.16.381 and 1998 c 294 s 1 are each amended to read as follows:
(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician:
   (a) Cannot walk two hundred feet without stopping to rest;
   (b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
   (c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
   (d) Uses portable oxygen;
   (e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
   (f) Impairment by cardiovascular disease or cardiac condition to the extent that the person’s functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or
   (g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.
(2) The applications for disabled parking permits and temporary disabled parking permits are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician’s signature and immediately below the applicant’s signature: “A disabled parking permit may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both.”
(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the photograph, name, and date of birth of the person to whom the placard is issued, and the placard’s serial number. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person’s name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances.
that regularly transport disabled persons who have been determined eligible for special parking
privileges provided under this section. The director may issue special license plates for a vehicle
registered in the name of the public transportation authority, nursing home, boarding homes, senior
citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to
transport persons with disabilities described in this section. Public transportation authorities, nursing
homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services
are responsible for insuring that the special placards and license plates are not used improperly and are
responsible for all fines and penalties for improper use.

(4) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the
special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the
disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the
vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is
not acquired by the disabled person, the removed plate shall be immediately surrendered to the
director.

(5) The special license plate shall be renewed in the same manner and at the time required for
the renewal of regular motor vehicle license plates under this chapter. No special license plate may be
issued to a person who is temporarily disabled. A person who has a condition expected to improve
within six months may be issued a temporary placard for a period not to exceed six months. If the
condition exists after six months a new temporary placard shall be issued upon receipt of a new
certification from the disabled person’s physician. The permanent parking placard and photo
identification card of a disabled person shall be renewed at least every five years, as required by the
director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit
holder’s death, the parking placard and photo identification card must be immediately surrendered to
the department. The department shall match and purge its disabled permit data base with available
death record information at least every twelve months.

(6) Each person who has been issued a permanent disabled parking permit on or before July 1,
1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the
department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the photo
identification cards. No additional fee may be charged for the issuance of the special license plates
except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon
registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate, or photo identification
card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person
to make inaccessible the access aisle located next to a space reserved for physically disabled persons.
The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any
person to park a vehicle in a parking place provided on private property without charge or on public
property reserved for physically disabled persons without a special license plate or placard. If a person
is charged with a violation, the person shall not be determined to have committed an infraction if the
person produces in court or before the court appearance the special license plate or placard required
under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for
physically disabled persons may impose by ordinance time restrictions of no less than four hours on the
use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less
than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special
parking placards. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that
local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty
sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage
of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a
monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate,
placard, or photo identification card in a manner other than that established under this section.
(13)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person’s photo identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves the disabled community or persons having disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(15) The court may not suspend more than one-half of any fine imposed under subsection (8), (9), (10), or (12) of this section.

Sec. 28. RCW 46.20.031 and 1995 c 219 s 1 are each amended to read as follows: The department shall not issue a driver’s license hereunder:

(1) To any person who is under the age of sixteen years;

(2) To any person whose license has been suspended during such suspension, nor to any person whose license has been revoked, except as provided in RCW 46.20.311;

(3) To any person who has been evaluated by a program approved by the department of social and health services as being an alcoholic, drug addict, alcohol abuser, and/or drug abuser: PROVIDED, That a license may be issued if the department determines that such person has been granted a deferred prosecution, pursuant to chapter 10.05 RCW, or is satisfactorily participating in or has successfully completed an alcohol or drug abuse treatment program approved by the department of social and health services and has established control of his or her alcohol and/or drug abuse problem;

(4) To any person who has previously been adjudged to be mentally ill or insane, or to be incompetent due to any mental disability or disease, and who has not at the time of application been restored to competency by the methods provided by law: PROVIDED, HOWEVER, That no person so adjudged shall be denied a license for such cause if the superior court should find him able to operate a motor vehicle with safety upon the highways during such incompetency;

(5) To any person who is required by this chapter to take an examination, unless such person shall have successfully passed such examination;

(6) To any person who is required under the laws of this state to deposit proof of financial responsibility and who has not deposited such proof;

(7) To any person when the department has good and substantial evidence to reasonably conclude that such person by reason of physical or mental disability would not be able to operate a motor vehicle with safety upon the highways; subject to review by a court of competent jurisdiction;

(8) To a person when the department has been notified by a court that the person has violated his or her written promise to appear, respond, or comply regarding a notice of infraction issued for a violation of RCW 46.55.105, unless the department has received notice from the court showing that the person has been found not to have committed the violation of RCW 46.55.105, or that the person has paid all monetary penalties owing, including completion of community restitution, and that the court is satisfied that the person has made restitution as provided by RCW 46.55.105(2).

Sec. 29. RCW 46.30.020 and 1991 sp.s. c 25 s 1 are each amended to read as follows:

(1)(a) No person may operate a motor vehicle subject to registration under chapter 46.16 RCW in this state unless the person is insured under a motor vehicle liability policy with liability limits of at
least the amounts provided in RCW 46.29.090, is self-insured as provided in RCW 46.29.630, is covered by a certificate of deposit in conformance with RCW 46.29.550, or is covered by a liability bond of at least the amounts provided in RCW 46.29.090. Written proof of financial responsibility for motor vehicle operation must be provided on the request of a law enforcement officer in the format specified under RCW 46.30.030.

(b) A person who drives a motor vehicle that is required to be registered in another state that requires drivers and owners of vehicles in that state to maintain insurance or financial responsibility shall, when requested by a law enforcement officer, provide evidence of financial responsibility or insurance as is required by the laws of the state in which the vehicle is registered.

(c) When asked to do so by a law enforcement officer, failure to display an insurance identification card as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community ((service)) restitution.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed. In lieu of personal appearance, a person cited for a violation of subsection (1) of this section may, before the date scheduled for the person's appearance before the court, submit by mail to the court written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, in which case the citation shall be dismissed without cost, except that the court may assess court administrative costs of twenty-five dollars at the time of dismissal.

(3) The provisions of this chapter shall not govern:

(a) The operation of a motor vehicle registered under RCW 46.16.305(1), governed by RCW 46.16.020, or registered with the Washington utilities and transportation commission as common or contract carriers;

(b) The operation of a motorcycle as defined in RCW 46.04.330, a motor-driven cycle as defined in RCW 46.04.332, or a moped as defined in RCW 46.04.304.

(4) RCW 46.29.490 shall not be deemed to govern all motor vehicle liability policies required by this chapter but only those certified for the purposes stated in chapter 46.29 RCW.

Sec. 30. RCW 46.63.120 and 1979 ex.s. c 136 s 14 are each amended to read as follows:

(1) An order entered after the receipt of a response which does not contest the determination, or after it has been established at a hearing that the infraction was committed, or after a hearing for the purpose of explaining mitigating circumstances is civil in nature.

(2) The court may include in the order the imposition of any penalty authorized by the provisions of this chapter for the commission of an infraction. The court may, in its discretion, waive, reduce, or suspend the monetary penalty prescribed for the infraction. At the person’s request the court may order performance of a number of hours of community ((service)) restitution in lieu of a monetary penalty, at the rate of the then state minimum wage per hour.

Sec. 31. RCW 51.12.045 and 1986 c 193 s 1 are each amended to read as follows:

Offenders performing community ((service)) restitution pursuant to court order or under RCW 13.40.080 may be deemed employees and/or workers under this title at the option of the state, county, city, town, or nonprofit organization under whose authorization the ((service)) community restitution is performed. Any premiums or assessments due under this title for community ((service)) restitution work shall be the obligation of and be paid for by the state agency, county, city, town, or nonprofit organization for which the offender performed the community ((service)) restitution. Coverage commences when a state agency, county, city, town, or nonprofit organization has given notice to the director that it wishes to cover offenders performing community ((service)) restitution before the occurrence of an injury or contraction of an occupational disease.

Sec. 32. RCW 66.20.200 and 1994 c 201 s 1 are each amended to read as follows:
It shall be unlawful for the owner of a card of identification to transfer the card to any other person for the purpose of aiding such person to procure alcoholic beverages from any licensee or store employee. Any person who shall permit his or her card of identification to be used by another or transfer such card to another for the purpose of aiding such transferee to obtain alcoholic beverages from a licensee or store employee or gain admission to a premise classified by the board as off-limits to persons under twenty-one years of age, shall be guilty of a misdemeanor punishable as provided by RCW 9A.20.021, except that a minimum fine of two hundred fifty dollars shall be imposed and any sentence requiring community (service) restitution shall require not fewer than twenty-five hours of (such service) community restitution. Any person not entitled thereto who unlawfully procures or has issued or transferred to him or her a card of identification, and any person who possesses a card of identification not issued to him or her, and any person who makes any false statement on any certification card required by RCW 66.20.190, as now or hereafter amended, to be signed by him or her, shall be guilty of a misdemeanor punishable as provided by RCW 9A.20.021, except that a minimum fine of two hundred fifty dollars shall be imposed and any sentence requiring community (service) restitution shall require not fewer than twenty-five hours of (such service) community restitution.

Sec. 33. RCW 66.44.291 and 1987 c 101 s 1 are each amended to read as follows:
Every person between the ages of eighteen and twenty, inclusive, who is convicted of a violation of RCW 66.44.290 is guilty of a misdemeanor punishable as provided by RCW 9A.20.021, except that a minimum fine of two hundred fifty dollars shall be imposed and any sentence requiring community (service) restitution shall require not fewer than twenty-five hours of (such service) community restitution.

Sec. 34. RCW 66.44.325 and 1987 c 101 s 2 are each amended to read as follows:
Any person who transfers in any manner an identification of age to a minor for the purpose of permitting such minor to obtain alcoholic beverages shall be guilty of a misdemeanor punishable as provided by RCW 9A.20.021, except that a minimum fine of two hundred fifty dollars shall be imposed and any sentence requiring community (service) restitution shall require not fewer than twenty-five hours of (such service) community restitution: PROVIDED, That corroborative testimony of a witness other than the minor shall be a condition precedent to conviction.

Sec. 35. RCW 69.50.425 and 1989 c 271 s 105 are each amended to read as follows:
A person who is convicted of a misdemeanor violation of any provision of this chapter shall be punished by imprisonment for not less than twenty-four consecutive hours, and by a fine of not less than two hundred fifty dollars. On a second or subsequent conviction, the fine shall not be less than five hundred dollars. These fines shall be in addition to any other fine or penalty imposed. Unless the court finds that the imposition of the minimum imprisonment will pose a substantial risk to the defendant’s physical or mental well-being or that local jail facilities are in an overcrowded condition, the minimum term of imprisonment shall not be suspended or deferred. If the court finds such risk or overcrowding exists, it shall sentence the defendant to a minimum of forty hours of community (service) restitution. If a minimum term of imprisonment is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. Unless the court finds the person to be indigent, the minimum fine shall not be suspended or deferred.

Sec. 36. RCW 70.93.060 and 1997 c 159 s 1 are each amended to read as follows:
(1) No person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or her or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:
(a) When the property is designated by the state or its agencies or political subdivisions for the disposal of garbage and refuse, and the person is authorized to use such property for that purpose;
(b) Into a litter receptacle in a manner that will prevent litter from being carried away or deposited by the elements upon any part of said private or public property or waters.

(2)(a) Except as provided in subsection (4) of this section, it is a class 3 civil infraction as provided in RCW 7.80.120 for a person to litter in an amount less than or equal to one cubic foot.

(b) It is a class 1 civil infraction as provided in RCW 7.80.120 for a person to litter in an amount greater than one cubic foot. Unless suspended or modified by a court, the person shall also pay a litter cleanup fee of twenty-five dollars per cubic foot of litter. The court may, in addition to or in lieu of part or all of the cleanup fee, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property.

(3) If the violation occurs in a state park, the court shall, in addition to any other penalties assessed, order the person to perform twenty-four hours of community service in the state park where the violation occurred if the state park has stated an intent to participate as provided in RCW 43.51.048(2).

(4) It is a class 1 civil infraction as provided in RCW 7.80.120 for a person to discard, in violation of this section, a cigarette, cigar, or other tobacco product that is capable of starting a fire.

Sec. 37. RCW 70.93.250 and 1998 c 257 s 10 and 1998 c 245 s 128 are each reenacted and amended to read as follows:

(1) The department shall provide funding to local units of government to establish, conduct, and evaluate community (service) restitution and other programs for waste reduction, litter and illegal dump cleanup, and recycling. Programs eligible for funding under this section shall include, but not be limited to, programs established pursuant to RCW 72.09.260.

(2) Funds may be offered for costs associated with community waste reduction, litter cleanup and prevention, and recycling activities. The funding program must be flexible, allowing local governments to use funds broadly to meet their needs to reduce waste, control litter and illegal dumping, and promote recycling. Local governments are required to contribute resources or in-kind services. The department shall evaluate funding requests from local government according to the same criteria as those developed in RCW 70.93.220, provide funds according to the effectiveness and efficiency of local government litter control programs, and monitor the results of all local government programs under this section.

(3) Local governments shall report information as requested by the department in funding agreements entered into by the department and a local government. The department shall report to the appropriate standing committees of the legislature by December of even-numbered years on the effectiveness of local government waste reduction, litter, and recycling programs funded under this section.

Sec. 38. RCW 70.155.080 and 1998 c 133 s 2 are each amended to read as follows:

(1) A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in up to four hours of community (service) restitution, or both. The court may also require participation in a smoking cessation program. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.

(2) Municipal and district courts within the state have jurisdiction for enforcement of this section.

Sec. 39. RCW 72.09.060 and 1989 c 185 s 3 are each amended to read as follows:

The department of corrections may be organized into such divisions or offices as the secretary may determine, but shall include divisions for (1) correctional industries, (2) prisons and other custodial institutions and (3) probation, parole, community (service) restitution, restitution, and other nonincarcerative sanctions. The secretary shall have at least one person on his or her staff who shall have the responsibility for developing a program which encourages the use of volunteers, for citizen
advisory groups, and for similar public involvement programs in the corrections area. Minimum qualification for staff assigned to public involvement responsibilities shall include previous experience in working with volunteers or volunteer agencies.

Sec. 40. RCW 72.09.100 and 1995 1st sp.s. c 19 s 33 are each amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES. The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers. The correctional industries board of directors shall review these proposed industries before the department contracts to provide such products or services. The review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES. Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons. Correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors. The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

Security and custody services shall be provided without charge by the department of corrections.
Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate’s work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate’s resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate’s wage.

The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY ((service)) RESTITUTION PROGRAMS. Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community ((service)) restitution order as ordered by the sentencing court.

Employment shall be in a community ((service)) restitution program operated by the state, local units of government, or a nonprofit agency.

To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 41. RCW 72.09.260 and 1990 c 66 s 2 are each amended to read as follows:

(1) The department shall assist local units of government in establishing community ((service)) restitution programs for litter cleanup. Community ((service)) restitution litter cleanup programs must include the following: (a) Procedures for documenting the number of community ((service)) restitution hours worked in litter cleanup by each offender; (b) plans to coordinate litter cleanup activities with local governmental entities responsible for roadside and park maintenance; (c) insurance coverage for offenders during litter cleanup activities pursuant to RCW 51.12.045; (d) provision of adequate safety equipment and, if needed, weather protection gear; and (e) provision for including felons and misdemeanants in the program.

(2) Community ((service)) restitution programs established under this section shall involve, but not be limited to, persons convicted of nonviolent, drug-related offenses.
(3) Nothing in this section shall diminish the department’s authority to place offenders in community service restitution programs or to determine the suitability of offenders for specific programs.

(4) As used in this section, "litter cleanup" includes cleanup and removal of solid waste that is illegally dumped."

Correct the title.

SECOND READING

Representative Talcott moved the adoption of amendment (276):

Strike everything after the enacting clause and insert the following:

"INTENT

NEW SECTION. Sec. 1. INTENT. The legislature finds that the purpose of Washington’s accountability system is to improve student learning and student achievement of the essential academic learning requirement standards so that each individual student will be given the opportunity to become a responsible citizen and successfully live, learn, and work in the twenty-first century. To achieve this purpose, the accountability system should be based on student achievement and continuous improvement at all levels of Washington’s education system and on a fundamental principle that all public school students have access to curriculum and instruction that is aligned to the standards.

The legislature further finds that the accountability system should rely on local responsibility and leadership. Districts and schools should be expected to improve and be evaluated based on their improvement over time. Districts should recognize exceptional progress and work closely with schools needing assistance.

The legislature further finds that the accountability system must be simple to use and understand. Consequences must be predictable and fair. Differences among students, schools, and districts should be recognized and respected as the system is implemented. There should be a balance of each student’s right to privacy and the public’s right to know the overall levels of learning and achievement at the school, district, and state levels. In addition, the accountability system should be continuously reviewed and improved as more is learned about how schools operate to meet the learning needs of Washington’s students.

PART 1

OVERSIGHT OF THE ACCOUNTABILITY SYSTEM

NEW SECTION. Sec. 101. COMMISSION FORMED AND MEMBERS APPOINTED. (1) The academic achievement and accountability commission is established.

(2) The primary purpose of the commission is to provide oversight of the state’s educational accountability system.
(3) The commission shall consist of nine members selected as follows:
(a) One member shall be the superintendent of public instruction or the superintendent's
designee; and
(b) Eight members shall be appointed by the governor. Four of the members shall be selected
as follows: Each major caucus of the house of representatives and the senate shall submit a list of three
names. The lists may not include the names of members of the legislature. The governor shall select a
member from each list provided by each caucus. All members appointed by the governor shall be
subject to confirmation by the senate.
(4) The governor shall appoint a chair from among the commission members.
(5) Appointees shall be individuals who are supportive of educational improvement, who have a
positive record of service, and who will devote sufficient time to the responsibilities of the commission
to ensure that the objectives of the commission are achieved. The commission shall be composed of a
balance of individuals from within and outside the public education system. The commission shall
include educators, business leaders, and parents.
(6) The governor shall appoint its initial commission members by July 1, 1999. The first
meeting of the commission shall be convened by the superintendent of public instruction no later than
July 30, 1999.
(7) Appointed members shall serve for terms of four years, with the terms expiring on June
30th of the fourth year of the term. However, in the case of the initial members, four members shall
serve four-year terms, two members shall serve three-year terms, and two members shall serve two-
year terms, with each of the terms expiring on June 30th of the applicable year. Appointees may be
reappointed to serve more than one term.
(8) The governor shall fill any vacancy in appointments that may occur. When filling a
vacancy of a member nominated by a major caucus of the legislature, the governor shall select the new
member from a list of three names submitted by the same caucus that provided the list from which the
retiring member was appointed.

NEW SECTION. Sec. 102. COMMISSION’S POWERS AND DUTIES. The powers and
duties of the academic achievement and accountability commission shall include, but are not limited to
the following:
(1) For purposes of state-wide accountability, the commission shall:
(a) Adopt and revise performance improvement goals in reading, writing, science, and
mathematics by subject and grade level as the commission deems appropriate to improve student
learning, once assessments in these subjects are required state-wide. The goals shall be in addition to
any goals adopted in RCW 28A.630.887 (as recodified by this act). The commission may also revise
any goal adopted in RCW 28A.630.887 (as recodified by this act). The commission shall adopt the
goals by rule. However, before each goal is implemented, the commission shall present the goal to the
education committees of the house of representatives and the senate for the committees’ review and
comment in a time frame that will permit the legislature to take statutory action on the goal if such
action is deemed warranted by the legislature;
(b) Identify the scores students must achieve in order to meet the standard on the Washington
assessment of student learning and determine student scores that identify levels of student performance
below and beyond the standard. The commission shall set such performance standards and levels in
consultation with the superintendent of public instruction and after consideration of any
recommendations that may be developed by any advisory committees that may be established for this
purpose;
(c) Adopt objective, systematic criteria to identify successful schools and school districts and
recommend to the superintendent of public instruction schools and districts to be recognized for two
types of accomplishments, student achievement and improvements in student achievement. Recognition
for improvements in student achievement shall include consideration of one or more of the following
accomplishments:
(i) An increase in the percent of students meeting standards. The level of achievement required
for recognition may be based on the achievement goals established by the legislature under RCW
28A.630.887 (as recodified by this act) and the commission under (a) of this subsection;
(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the commission shall consider the use of all state-wide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

(i) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the reading goal under RCW 28A.630.887 (as recodified by this act) and any additional goals adopted by the commission;

(j) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

(k) Seek advice from the public and all interested educational organizations in the conduct of its work; and

(l) Establish advisory committees, which may include persons who are not members of the commission;

(2) Holding meetings and public hearings, which may include regional meetings and hearings;

(3) Hiring necessary staff and determining the staff’s duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission’s resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 103. COMMISSION’S REPORT ON ACCOUNTABILITY POLICIES. By September 5, 2000, the academic achievement and accountability commission shall recommend accountability policies to the governor, the superintendent of public instruction, and the
education and fiscal committees of the house of representatives and senate. The policies shall include, but need not be limited to:

(1) A graduated series of increasingly intensive state intervention strategies for schools and school districts in which low-performance persists over an identified period of time.

(a) The strategies shall be formulated in accordance with the assumption that school districts have primary responsibility for intervening in schools with relatively large numbers of students who are not achieving the essential academic learning requirements.

(b) The strategies shall be formulated in accordance with the assumption that continued low performance despite school district efforts shall trigger an evaluation by the commission. The evaluation is intended to identify the next steps needed to improve student performance. In its evaluation, the commission shall use multiple sources of information that may include, but need not be limited to:

(i) The results of the Washington assessment of student learning;
(ii) The results of state-mandated norm-referenced standardized tests;
(iii) Student achievement evidence from other district or school assessments;
(iv) The level of improvement in student achievement over time;
(v) Student mobility and poverty;
(vi) Attendance and dropout rates;
(vii) Graduation rates and posthigh school indicators;
(viii) The percent of students in special programs; and
(ix) Other factors presented by individual districts or schools.

(c) In its deliberations, the commission shall consider issues of due process, student dropout rates, management and personnel, and educational options, including public school choice options, for students attending schools in which the state has intervened. The commission may consider intervention strategies underway in Washington and other states;

(2) Additional assistance measures for students and schools;

(3) Rewards for successful schools and school districts; and

(4) Any statutory changes necessary to give the superintendent of public instruction the authority to implement, in a school or school district, the state intervention strategies identified in subsection (1) of this section.

PART 2
ACCOUNTABILITY GOALS, INCLUDING GOALS IN READING AND MATHEMATICS

Sec. 201. RCW 28A.630.887 and 1998 c 319 s 101 are each amended to read as follows:

(1) Each school district board of directors shall:

(a) Select the reading standard results on either the 1997 or 1998 fourth grade Washington assessment of student learning as the school district’s initial baseline reading standard. Districts may select the 1997 results only if all of the elementary schools with fourth grade students administered the assessment;

(b) By December 15, 2001, select the mathematics standard results on the 1998, 1999, or 2000 fourth grade Washington assessment of student learning as the school district’s fourth grade baseline mathematics standard, using for its baseline a year in which all of the elementary schools with fourth grade students administered the assessment;

(c) Establish three-year, district-wide goals to increase, by the end of the 2000-01 school year, the percentage of students who meet or exceed the reading standard, and by the 2003-04 school year, the percentage of students who meet or exceed the mathematics standard on the fourth grade Washington assessment of student learning. The three-year percentage increase goal in each subject may not be less than the district’s total percentage of students who did not meet the baseline reading standard in each subject multiplied by twenty-five percent;

(d) Specify the annual district-wide percentage improvement increments to meet the three-year goals; and
Direct each elementary school to establish three-year goals for its fourth grade students, subject to approval by the board. The aggregate of the elementary school goals must meet or exceed the district-wide goals established by the board.

(2) (a) Report biannually to parents in writing and to the community in a public meeting the following information:

(i) District-wide and school-level three-year goals;
(ii) Student performance relative to the goals; and
(iii) District-wide and school-level plans to achieve the reading goal in kindergarten through fourth grade, including grade-level expectations, curriculum and instruction, parental or guardian involvement, and resources available to parents and guardians to help students meet the reading standard;

(b) Report annually to the superintendent of public instruction and in a news release to the local media the district’s progress toward meeting the district-wide and school-level goals; and

(c) Include the reported information in each school’s annual school performance report under RCW 28A.320.205.

(3) By December 1, 2000, the superintendent of public instruction shall report to the education committees of the house of representatives and the senate on the progress that has been made in achieving the three-year reading goal, and provide recommendations to the legislature on setting reading goals for the next three years.

(4) By December 15, 2001, each school district board of directors shall:

(a) Select the mathematics standard results on the 1998, 1999, 2000, or 2001 seventh grade Washington assessment of student learning as the school district’s seventh grade baseline mathematics standard;

(b) Establish a three-year district-wide goal to increase, by the end of the 2003-04 school year, the percentage of students who meet or exceed the mathematics standard, on the seventh grade Washington assessment of student learning. The district shall select for its baseline a year in which all of the schools with seventh grade students administered the assessment. The percentage increase goal may not be less than the district’s total percentage of students who did not meet the baseline standard in mathematics multiplied by twenty-five percent;

(c) Specify the annual district-wide percentage improvement increments necessary to meet the goal; and

(d) Direct each middle or junior high school, as appropriate, to establish a mathematics goal for its seventh grade students, subject to approval by the board. The aggregate of the middle or junior high school goals must meet or exceed the district-wide goals established by the board in each subject.

(3) Schools and school districts in which ten or fewer students are eligible to be assessed in a grade level are not required to establish numerical improvement goals and performance relative to the goals.

PART 3

REPORTING RESULTS

Sec. 301. RCW 28A.630.889 and 1998 c 319 s 301 are each amended to read as follows:

(1) By September 10, 1998, and by September 10th each year thereafter, the superintendent of public instruction shall:

(a) Report to schools, school districts, and the legislature on the results of the fourth grade Washington assessment of student learning;

(b) Post individual school results of the fourth grade Washington assessment of student learning on the superintendent of public instruction’s internet world-wide web site; and

(c) Include the reported information in each school’s annual school performance report under RCW 28A.320.205.

(2) The reports shall include the assessment results by school and school district, and include changes over time. For the Washington assessment of student learning, results shall be reported as follows:
(a) The percentage of students meeting the standards;
(b) The percentage of students performing at each level of the assessment; and
(c) A learning improvement index that shows changes in student performance within the
different levels of student learning reported on the Washington assessment of student learning.

(3) The reports shall contain data regarding the different characteristics of schools, such as
poverty levels, percent of English as a second language students, dropout rates, attendance, percent of
students in special education, and student mobility so that districts and schools can learn from the
improvement efforts of other schools and districts with similar characteristics.

(4) The reports shall contain student scores on mandated tests by comparable Washington
schools of similar characteristics.

(5) The reports shall contain information on public school choice options available to students,
including vocational education.

(6) The reports shall be posted on the superintendent of public instruction's internet web site.

(7) To protect the privacy of students, the results of schools and districts that test fewer than
ten students in a grade level shall not be reported. In addition, in order to ensure that results are
reported accurately, the superintendent of public instruction shall maintain the confidentiality of state-
wide data files until the superintendent determines that the data are complete and accurate.

(8) The superintendent of public instruction shall monitor the percentage and number of special
education and limited English-proficient students exempted from taking the assessments by schools and
school districts to ensure the exemptions are in compliance with exemption guidelines.

NEW SECTION. Sec. 302. SCHOOL DISTRICT REPORTS ON PROGRESS TOWARD
PERFORMANCE GOALS. Each school district board of directors shall:

(1)(a) Annually report to parents and to the community in a public meeting and annually report
in writing the following information:
(i) District-wide and school-level performance improvement goals;
(ii) Student performance relative to the goals; and
(iii) District-wide and school-level plans to achieve the goals, including curriculum and
instruction, parental or guardian involvement, and resources available to parents and guardians to help
students meet the state standards;
(b) Report annually in a news release to the local media the district’s progress toward meeting
the district-wide and school-level goals; and
(c) Include the school-level goals, student performance relative to the goals, and a summary of
school-level plans to achieve the goals in each school’s annual school performance report under RCW
28A.320.205 (as recodified by this act).

(2) School districts in which ten or fewer students in the district or in a school in the district are
eligible to be assessed in a grade level are not required to report numerical improvement goals and
performance relative to the goals, but are required to report to parents and the community their plans to
improve student achievement.

publish annually a school performance report and deliver the report to each parent with children
enrolled in the school and make the report available to the community served by the school. The
annual performance report shall be in a form that can be easily understood and be used by parents,
 guardians, and other members of the community who are not professional educators to make informed
educational decisions. As data from the assessments in RCW 28A.630.885 (as recodified by this act)
becomes available, the annual performance report should enable parents, educators, and school board
members to determine whether students in the district’s schools are attaining mastery of the student
learning goals under RCW 28A.150.210, and other important facts about the schools’ performance in
assisting students to learn. The annual report shall make comparisons to a school’s performance in
preceding years and shall (((project goals in performance categories))) include school level goals under
RCW 28A.630.887 (as recodified by this act), student performance relative to the goals and the percentage of students performing at each level of the assessment, a comparison of student performance at each level of the assessment to the previous year’s performance, and information regarding school-level plans to achieve the goals.

(2) The annual performance report shall include, but not be limited to: (a) A brief statement of the mission of the school and the school district; (b) enrollment statistics including student demographics; (c) expenditures per pupil for the school year; (d) a summary of student scores on all mandated tests; (e) a concise annual budget report; (f) student attendance, graduation, and dropout rates; (g) information regarding the use and condition of the school building or buildings; (h) a brief description of the (restructuring) learning improvement plans for the school; and (i) an invitation to all parents and citizens to participate in school activities.

(3) The superintendent of public instruction shall develop by June 30, 1994, and update periodically, a model report form, which shall also be adapted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section. In order to make school performance reports broadly accessible to the public, the superintendent of public instruction, to the extent feasible, shall make information on each school’s report available on or through the superintendent’s internet web site.

SECOND READING

Representative Mulliken moved the adoption of amendment (270):

Strike everything after the enacting clause and insert the following:
"NEW SECTION.  Sec. 1. The legislature finds that while Washington’s economy is currently prospering, economic growth continues to be uneven, particularly as between metropolitan and rural areas. This has created in effect two Washingtons. One afflicted by inadequate infrastructure to support and attract investment, another suffering from congestion and soaring housing prices. In order to address these problems, the legislature intends to use resources strategically to build on our state’s strengths while addressing threats to our prosperity.

PART I
RURAL ECONOMIC DEVELOPMENT
Enhanced Flexibility for Use of Community Economic Revitalization Board Funds

Sec. 101. RCW 43.160.010 and 1996 c 51 s 1 are each amended to read as follows:
(1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state’s economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state’s purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:
   (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
   (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
   (c) Encouraging wider access to financial resources for both large and small industrial development projects;
   (d) Encouraging new economic development or expansions to maximize employment;
   (e) Encouraging the retention of viable existing firms and employment; and
   (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.
(2) The legislature also finds that the state’s economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways (in the vicinity of new or existing industries that are considering significant expansion). (It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development.) All such transportation improvements on state highways must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. (It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.)
(3) The legislature also finds that the state’s economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that
supports business development, retention, and expansion in rural natural resources impact areas and rural counties of the state.

(4) The legislature also finds that the state’s economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(((4))) (5) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Rural counties and rural natural resources impact areas do not share in the economic vitality of the Puget Sound region. The ability of these communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure ((is one of several)) are critical ingredients ((that are critical)) for economic development. Rural counties and rural natural resources impact areas generally lack ((the infrastructure)) these necessary tools and resources to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the ((availability of funds to help provide infrastructure to rural natural resource impact areas)) amount of funding available through the community economic revitalization board for rural counties and rural natural resources impact areas, and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

For the purpose of this definition, a zip code delivery area of which any part is ten miles or more from an urbanized area is considered nonurbanized. A zip code totally surrounded by zip codes qualifying as nonurbanized under this definition is also considered nonurbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter.

Sec. 103. RCW 43.160.060 and 1996 c 51 s 5 are each amended to read as follows:

The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, project-specific environmental, capital facilities, land use, permitting, feasibility and marketing studies and plans; project design, site planning, and analysis; project debt and revenue impact analysis; as well as the construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the finding by the board that financial circumstances exist. The board shall not obligate more than twenty percent of its biennial appropriation as grants require grant assistance to enable the project to move forward.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not provide financial assistance:

   (a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

   (b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

   (c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only provide financial assistance:

   (a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, advanced technology, research and development, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited
to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to distressed rural counties or rural natural resources impact areas; or (v) which substantially support the trading of goods or services outside of the state’s borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made.

3 The board shall prioritize each proposed project according to:

(a) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located; and

(b) The rate of return of the state’s investment, that includes the expected increase in state and local tax revenues associated with the project.

4 A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any financial assistance application is approved, the political subdivision seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Sec. 104. RCW 43.160.070 and 1998 c 321 s 27 (Referendum Bill No. 49) are each amended to read as follows:

Public facilities financial assistance, when authorized by the board, is subject to the following conditions:

1 The moneys in the public facilities construction loan revolving account and the distressed county public facilities construction loan account shall be used solely to fulfill commitments arising from financial assistance authorized in this chapter or, during the 1989-91 fiscal biennium, for economic development purposes as appropriated by the legislature. The total outstanding amount which the board shall dispense at any time pursuant to this section shall not exceed the moneys available from the accounts. The total amount of outstanding financial assistance in Pierce, King, and Snohomish counties shall never exceed sixty percent of the total amount of outstanding financial assistance disbursed by the board under this chapter without reference to financial assistance provided under RCW 43.160.220.

2 On contracts made for public facilities loans the board shall determine the interest rate which loans shall bear. The interest rate shall not exceed ten percent per annum. The board may provide reasonable terms and conditions for repayment for loans, including partial forgiveness of loan principal and interest payments on projects located in rural counties or rural natural resources impact areas, as the board determines. The loans shall not exceed twenty years in duration.

3 Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans shall be paid into the public facilities construction loan revolving account. Repayments of loans made from the distressed county public facilities construction loan account under the contracts for public facilities construction loans shall be paid into the distressed county public facilities construction loan account. Repayments of loans from moneys from the new appropriation from the public works assistance account for the fiscal biennium ending June 30, 1999, shall be paid into the public works assistance account.

4 When every feasible effort has been made to provide loans and loans are not possible, the board may provide grants upon finding that unique circumstances exist.
Sec. 105. RCW 43.160.076 and 1998 c 321 s 28 (Referendum Bill No. 49) and 1998 c 55 s 4 are each reenacted and amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter without reference to financial assistance provided under RCW 43.160.220, the board shall spend at least seventy-five percent for financial assistance for projects in ((distressed)) rural counties or rural natural resources impact areas. ((For purposes of this section, the term "distressed counties" includes any county, in which the average level of unemployment for the three years before the year in which an application for financial assistance is filed, exceeds the average state unemployment for those years by twenty percent.))

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in ((distressed)) rural counties or rural natural resources impact areas are clearly insufficient to use up the seventy-five percent allocation under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in ((distressed)) rural counties or rural natural resources impact areas.

(((This section expires June 30, 2000.)))

Sec. 106. RCW 43.160.900 and 1993 c 320 s 8 are each amended to read as follows:

(1) The community economic revitalization board shall report to the appropriate standing committees of the legislature biennially on the implementation of this chapter. The report shall include information on the number of applications for community economic revitalization board assistance, the number and types of projects approved, the grant or loan amount awarded each project, the projected number of jobs created or retained by each project, the actual number of jobs created or retained by each project, the amount of state and local tax revenue generated by projects funded under this chapter, the number of delinquent loans, and the number of project terminations. The report may also include additional performance measures and recommendations for programmatic changes. The first report shall be submitted by December 1, 1994.

(2) The joint legislative audit and review committee shall conduct performance reviews on the effectiveness of the program administered by the board under this chapter. The committee may contract for services to conduct the performance reviews. The costs for the performance reviews shall be paid from repayments of principal and interest on loans made under this chapter. (8) Board financing for tourism projects shall not exceed two hundred fifty thousand dollars. Other public facility construction projects under this section shall not exceed ((five hundred thousand)) one million dollars. Loans with flexible terms and conditions to meet the needs of the applicants shall be provided. (9) The board shall develop guidelines for allowable local match and planning and predevelopment activities.

(10) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the economic development project assisted under this section.

(12) The board shall establish guidelines for providing financial assistance under this section to ensure that the requirements of this chapter are complied with. The guidelines shall include:

The department shall assess interest at the rate provided for delinquent excise taxes, but not penalties, retroactively to the date of deferral.

PART V
RURAL WASHINGTON LOAN FUND

Sec. 501. RCW 43.168.010 and 1985 c 164 s 1 are each amended to read as follows:

The legislature finds that:

1. The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.

2. The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

3. The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.

4. The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.

5. The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but underfinanced, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the rural Washington (state development) loan fund (committee) and vests in the (committee) department of community, trade, and economic development the authority to spend federal funds to stimulate the economy of distressed areas.

Sec. 502. RCW 43.168.020 and 1996 c 290 s 3 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Committee" means the Washington state development loan fund committee.

2. "Department" means the department of community, trade, and economic development.

3. "Director" means the director of community, trade, and economic development.

4. "Distressed area" means: (a) A rural county; (b) a county which has an unemployment rate which is twenty percent above the state average for the immediately previous three years; (c) a county that has a median household income that is less than seventy-five percent of the state median household income for the previous three years; (d) a metropolitan statistical area, as defined by the office of federal statistical policy and standards, United States department of commerce, in which the average level of unemployment for the calendar year immediately preceding the year in which an application is filed under this chapter exceeds the average state unemployment for such calendar year by twenty percent; (e) an area within a county, which area: (i) Is composed of contiguous census tracts; (ii) has a minimum population of five thousand persons; (iii) has at least seventy percent of its families and unrelated individuals with incomes below eighty percent of the county's median income for families and unrelated individuals; and (iv) has an unemployment rate which is at least forty percent higher than the county's unemployment rate; or (f) a county designated as a rural natural resources impact area under RCW 43.31.601 if an application is filed by July 1, 1997.

For purposes of this definition, "families and unrelated individuals" has the same meaning that is ascribed to that term by the federal department of housing and urban development in its regulations authorizing action grants for economic development and neighborhood revitalization projects.

4. "Fund" means the rural Washington (state development) loan fund.
"Local development organization" means a nonprofit organization which is organized to operate within an area, demonstrates a commitment to a long-standing effort for an economic development program, and makes a demonstrable effort to assist in the employment of unemployed or underemployed residents in an area.

"Project" means the establishment of a new or expanded business in an area which when completed will provide employment opportunities. "Project" also means the retention of an existing business in an area which when completed will provide employment opportunities.

"Rural county" means a county with a population density of fewer that one hundred persons per square mile as determined by the office of financial management.

NEW SECTION. Sec. 503. A new section is added to chapter 43.168 RCW to read as follows:

In addition to the requirements of RCW 43.168.050, the department shall, subject to applicable federal funding criteria, give priority to applications that capitalize or recapitalize an existing or new local revolving fund based on criteria established by the department.

Sec. 504. RCW 43.168.110 and 1992 c 235 s 11 are each amended to read as follows:

There is established the rural Washington loan fund which shall be an account in the state treasury. All loan payments of principal and interest which are transferred under RCW 43.168.050 shall be deposited into the account. Moneys in the account may be spent only after legislative appropriation for loans under this chapter. Any expenditures of these moneys shall conform to federal law.

Sec. 505. RCW 43.168.120 and 1987 c 461 s 6 are each amended to read as follows:

(1) The department shall develop guidelines for rural Washington loan funds to be used to fund existing economic development revolving loan funds. Consideration shall be given to the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between rural Washington loan funds and local economic development revolving loan funds.

(2) If it appears that all of the funds appropriated to the fund for a biennium will not be fully granted to local governments within that biennium, the department may make available up to twenty percent of the eighty percent of the funds available to projects in distressed areas under RCW 43.168.050((9)) for grants to local governments to assist existing economic development revolving loan funds in distressed areas. The grants to local governments shall be utilized to make loans to businesses that meet the specifications for loans under this chapter. The local governments shall, to the extent permitted under federal law, agree to convey the fund the principal and interest payments from existing loans that the local governments have made through their revolving loan funds. Under circumstances where the federal law does not permit the department to require such transfer, the department shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

PART VI
PUBLIC FACILITIES GRANTS AND LOANS

Sec. 601. RCW 43.17.250 and 1991 sp.s. c 32 s 25 are each amended to read as follows:

(1) Whenever a state agency is considering awarding grants or loans for a county, city, or town planning under RCW 36.70A.040 to finance public facilities, it shall consider whether the county, city, or town (requesting the grant or loan (is a party to a county-wide planning policy under RCW 36.70A.210 relating to the type of public facility for which the grant or loan is sought, and shall accord additional preference to the county, city, or town if such county-wide planning policy exists)) has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(2) When reviewing competing requests from counties, cities, or towns planning under RCW 36.70A.040, a state agency considering awarding grants or loans for public facilities shall accord

A county, city, or town that is more than six months out of compliance with the time periods specified in RCW 36.70A.040 shall not be deemed to demonstrate substantial progress for purposes of this section.

(3) The preference specified in subsection (2) of this section applies only to competing requests for grants or loans from counties, cities, or towns planning under RCW 36.70A.040. A request from a county, city, or town planning under RCW 36.70A.040 shall be accorded no additional preference based on subsection (2) of this section over a request from a county, city, or town not planning under RCW 36.70A.040.

(4) Whenever a state agency is considering awarding grants or loans to a special district requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town in whose planning jurisdiction the proposed facility is located (is a party to a county-wide planning policy under RCW 36.70A.210 relating to the type of public facility for which the grant or loan is sought) has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040 and shall apply the preference specified in subsection (2) of this section and restricted in subsection (3) of this section.

Sec. 602. RCW 43.155.070 and 1997 c 429 s 29 are each amended to read as follows:

(1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board shall

assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress
resulting from natural disaster or emergency public works needs;

number of citizens;
(c) The cost of the project compared to the size of the local government and amount of loan

economic activity in the community and the existing local capacity to increase local economic activity
in communities that have low economic growth; and
(h) Other criteria that the board considers advisable.

(5) Existing debt or financial obligations of local governments shall not be refinanced

recommended for financial assistance, compared to authorized limits and state averages, including local
government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage,
water, garbage, and other utilities.

(7) The board shall not sign contracts or otherwise financially obligate funds from the
public works assistance account before the legislature has appropriated funds for a specific list of public
works projects. The legislature may remove projects from the list recommended by the board. The
legislature shall not change the order of the priorities recommended for funding by the board.

   ((6))) (f) The recommendations of the Puget Sound action team and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.
(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town (that is required or chooses to plan) planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan (in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted), including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. (((49)) (20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(((20)) (21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(((21)) (22) Any juvenile justice or care agency may, subject to the limitations in subsection (((22))) (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

Representative Conway moved the adoption of amendment (305):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.26.430 and 1993 c 517 s 3 are each amended to read as follows:
(1) NORMAL RETIREMENT. Any member with at least five service credit years of service who has attained at least age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420.
(2) EARLY RETIREMENT. Any member who has completed at least ((twenty)) fifteen service credit years of service and has attained age fifty shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420, except that a member retiring pursuant to this subsection shall have the retirement allowance ((actuarially)) reduced by two percent per year to reflect the difference in the number of years between age at retirement and the attainment of age fifty-five.

Sec. 2. RCW 41.26.470 and 1995 c 144 s 18 are each amended to read as follows:
(1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance ((actuarially)) reduced by two percent per year to reflect the difference in the number of years between age at disability and the attainment of age fifty-five.
(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the Administrative Procedure Act.
(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:
(a) No member may receive more than one month's service credit in a calendar month.
(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.
(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.
(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.26.450.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member’s estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient’s death, then to the surviving spouse, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member’s surviving spouse or, if there is no surviving spouse, then in equal shares to the member’s children. If there is no surviving spouse or children, the department shall retain the contributions."

SENATE BILL NO. 5670, by Senators Snyder and Rasmussen

The bill was read the second time.

There being no objection, the committee amendment(s) by the Committee on Agriculture & Ecology was adopted. (For committee amendment(s), see Journal, 82nd Day, April 2, 1999.)

Representative Linville moved the adoption of amendment (316):

On page 3, after line 18, insert the following:

"Sec. 1. RCW 90.48.010 and 1973 c 155 s 1 are each amended to read as follows:

(1) It is declared to be the public policy of the state of Washington to maintain the highest possible standards to insure the purity of all waters of the state consistent with public health and public enjoyment thereof, the propagation and protection of ((wildlife, birds, game,)) fish and ((other aquatic wildlife,)) economic development of the state, and to that end require the use of all known available and reasonable methods by industries and others to prevent and control the pollution of the waters of the state of Washington. Consistent with this policy, the state of Washington will exercise its powers, as fully and as effectively as possible, to retain and secure high quality for all waters of the state. Consistent with this policy, the experimental use of herbicides when appropriate for controlling aquatic noxious weeds such as spartina will help maintain current beneficial uses of water without degrading water quality. The state of Washington in recognition of the federal government's interest in the quality of the navigable waters of the United States, of which certain portions thereof are within the jurisdictional limits of this state, proclaims a public policy of working cooperatively with the federal government in a joint effort to extinguish the sources of water quality degradation, while at the same time preserving and vigorously exercising state powers to insure that present and future standards of water quality within the state shall be determined by the citizenry, through and by the efforts of state government, of the state of Washington.

(2) The legislature finds that while existing federal and state water pollution control laws have resulted in cleaner water for citizens of Washington state, too many water bodies still exceed existing water quality standards. Such exceedances are caused both by point and nonpoint sources of pollution. It is the policy of the state of Washington to ensure the attainment of water quality standards that protect and restore the ability of the state's waters to provide multiple benefits as defined in RCW 90.54.020.

(3) Water quality standards should be attained through a variety of means, including the development and implementation of total maximum daily loads as provided under the federal clean water act, and the implementation of other pollution controls. The legislature believes that such flexibility must be available if the state is to attain water quality standards as efficiently and effectively
as possible. The legislature also believes that many activities and programs are currently being implemented in watersheds across the state that will result in substantial water quality improvement, and that such activities and programs should have an opportunity to demonstrate success before the imposition of a total maximum daily load requirement.

(4) The burden of changing existing practices and obtaining pollutant discharge reductions as needed to attain water quality standards should be shared among the various contributors to water quality impairment in proportion to their contribution and in consideration of other equitable factors and natural background conditions. For water quality limited segments in waters that are shared with, or are upstream or downstream of waters subject to the jurisdiction of another state or Canada, the legislature intends that the department coordinate the development of total maximum daily loads with the United States environmental protection agency and with water quality regulatory agencies in other jurisdictions to ensure equity for dischargers in Washington.

(5) The legislature finds that a watershed approach to water quality improvement allows the consideration of multiple factors and of their interactions. It also provides a means for bringing together those persons who will need to implement necessary measures to improve water quality, as well as others who may be interested in water quality.

(6) Water quality monitoring is becoming increasingly important as the state makes commitments to attain water quality standards, recover aquatic species, and evaluate the effectiveness of actions taken to attain those goals. As a result, the legislature believes it is important to enhance the quality of existing water quality monitoring programs.

(7) While the legislature believes the state is the best manager of the state’s water quality, it recognizes that the federal government has ultimate authority over any state total maximum daily load program under the federal clean water act. Therefore, it is the intent of the legislature that the department have no authority to implement or enforce this act if and when the federal government assumes direct responsibility for implementation of the total maximum daily load program by providing written notice to the department that this act, taken as a whole, is inconsistent with federal law. However, this subsection does not affect the ability of the state to continue implementing other programs that improve water quality.

Sec. 2. RCW 90.48.020 and 1995 c 255 s 7 are each amended to read as follows:

(Whenever the word) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Characteristic uses" means the uses for which a water body has been classified by the department under state law and the federal clean water act.

(2) "Person" ((is used in this chapter, it shall be construed to)) includes any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual or any other entity whatsoever.

(Whenever the words) (3) "Waters of the state" ((shall be used in this chapter, they shall be construed to)) includes lakes, rivers, ponds, streams, inland waters, underground waters, salt waters and all other surface waters and watercourses within the jurisdiction of the state of Washington.

(Whenever the word) (4) "Pollution" ((is used in this chapter, it shall be construed to)) means such contamination, or other alteration of the physical, chemical or biological properties, of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental or injurious to the public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish or other aquatic life.

(Whenever the word) (5) "Department" ((is used in this chapter it shall)) means the department of ecology.

(Whenever the word) (6) "Director" ((is used in this chapter it shall)) means the director of ecology.

(Whenever the words) (7) "Clean water act" means the federal water pollution control act of 1972, as amended (86 Stat. 896; 33 U.S.C. Sec. 1251 et seq.).
(8) "Aquatic noxious weed" (as used in this chapter, they have) has the meaning prescribed under RCW 17.26.020.

(9) "Listing cycle" means the period, as determined by the federal environmental protection agency, between publication of a list of water quality limited segments by the department and the publication of the next list of such segments by the department.

(10) "Load" means an amount of matter or thermal energy that is introduced into a receiving water.

(11) "Loading capacity" means the greatest amount of loading that a water can receive without violating water quality standards.

(12) "Load allocation" means that portion of a receiving water's loading capacity that is attributed either to one of its existing or future nonpoint sources of pollution, or to natural background sources. Load allocations are best estimates of the loading, which may range from reasonably accurate estimates to gross allotments, depending on the availability of data and appropriate techniques for predicting loading. Wherever possible, natural background conditions and nonpoint sources shall be distinguished. Wherever possible, loads shall be allocated to categories of like sources, rather than to aggregates of different categories of sources.

(13) "Wasteload allocation" means that portion of a receiving water's loading capacity that is allocated to one of its existing or future point sources of pollution. Wasteload allocations constitute a type of water quality-based effluent limitation.

(14) "Total maximum daily loads" means the sum of the individual wasteload allocations for point sources and load allocations for nonpoint sources and natural background conditions. Such loads shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety, and may contain a reserve for growth. Total maximum daily loads may be expressed in terms other than mass per volume.

(15) "Other pollution controls" include, but are not limited to, the following list of laws, rules, regulations, programs, or activities:

(a) Provisions related to the federal conservation reserve enhancement program;

(b) Approved farm plans based on current field office technical guides;

(c) The dairy nutrient management act under chapter 90.64 RCW;

(d) The forest practices act under chapter 76.09 RCW;

(e) Irrigation district water quality management plans that meet the requirements of (k) of this subsection;

(f) Habitat conservation plans for aquatic species prepared under section 10 of the federal endangered species act (16 U.S.C. 1531 et seq.);

(g) Reasonable and prudent conditions established under a biological opinion under section 7 of the federal endangered species act;

(h) Watershed plans that implement best management practices approved by the conservation commission and the department;

(i) Implementation of cleanup of contaminated sediments under the federal comprehensive environmental response, compensation, and liability act of 1980 (42 U.S.C. 9601 et seq.); the model toxics control act, chapter 70.105D RCW; or other statutory authorities;

(j) Cooperative resource management plans administered by the department of natural resources that meet the requirements of (k) of this subsection; or

(k) Any other programs, measures, and activities that include:

(i) Specific methods and approaches intended to lead to water quality improvement and attainment of water quality standards;

(ii) Water quality improvement goals or milestones for identified water quality limited segments;

(iii) Monitoring provisions that enable the department to measure progress toward attainment of water quality standards; and

(iv) Enforcement mechanisms or feedback and modification strategies to ensure or promote compliance with the measures and goals identified in this subsection.

This definition shall not be construed as expanding the reach of existing regulatory controls.
"Wastewater discharge permit" means an individual, model, or general permit issued by the department that specifies treatment, monitoring, and reporting requirements for the discharge of wastewater, and that is intended to satisfy the requirements of the clean water act and of this chapter.

"Water quality limited segment" means any surface water segment, as defined by the department, where it is known that water quality does not meet applicable water quality standards, or is not expected to meet applicable water quality standards by the next listing cycle, even after the application of technology-based effluent limitations required by the federal clean water act.

"Effluent trading" means a method to attain or maintain water quality standards by allowing sources of pollution that can achieve greater pollutant reduction than is otherwise required to sell or trade the credits for their excess reduction to another source.

"Adaptive management" means the processes and principles designed to modify rules adopted under the forest practices act, and their application based on cooperative research, monitoring, and evaluation, and set out in Appendix L to the forestry module memorandum of agreement, also known as the Forests and Fish Report (1999).

NEW SECTION.  Sec. 3.  A new section is added to chapter 90.48 RCW to read as follows:

WATER QUALITY LIMITED SEGMENTS--DATA RELIABILITY FOR DECISIONS TO LIST. (1) The list of water quality limited segments that is required to be submitted to the federal environmental protection agency under the clean water act shall be based upon data that are accurate and reflective of current conditions and that comply with high standards of quality assurance and quality control guidance as prescribed by the department under this section.  A water segment may be listed as water quality limited under section 6 of this act only when:

(a) Documentation is provided showing the submitted data have met the data quality objectives and other requirements of an approved quality assurance program plan; or

(b) The department independently samples the water body segment in compliance with its data quality objectives and other requirements of an approved quality assurance program plan to verify the suspected water quality exceedance.

(2) The department shall coordinate a state-wide water quality monitoring network that relies upon existing water quality data collected by the department and others in compliance with the data quality objectives and the data quality assurance and quality control guidelines prescribed by the department under this section.  To the extent possible and appropriate, the water quality monitoring network shall include other state agencies, tribes, counties, cities, federal agencies, sewer and water districts, and special purpose districts, as well as private entities that wish to provide such data.  The network shall provide data for both ambient water quality monitoring and development of the list of water quality limited segments.  The department shall coordinate the collection of water quality data among state agencies to ensure that monitoring for the purposes of this section is comprehensive without being duplicative, and that state monitoring resources are directed toward filling the most critical information gaps.  In coordinating this network, the department shall ensure state-wide consistency, provide calibration of local monitoring efforts, provide data verification and validation, and assess long-term water quality trends.

(3) By September 1, 1999, the department shall appoint an advisory committee comprised of one representative selected by each of the following agencies and interests:  The department, the Northwest Indian fisheries commission, the United States environmental protection agency, the United States geological survey, the department of health, the department of fish and wildlife, the department of transportation, the Puget Sound action team, the Washington state association of counties, the association of Washington cities, the Washington association of sewer and water districts, the conservation commission, the University of Washington, Washington State University, the association of Washington business, the Washington state farm bureau, the Washington state water resources association, and the Washington state office of the national Audubon society.  Each of these representatives shall have experience in the collection, analysis, and interpretation of environmental data.  The committee shall also consist of a state senator from each of the two major caucuses appointed by the president of the senate, and a state representative from each of the two major caucuses appointed by the speaker of the house of representatives.  The committee shall have the following purposes:
(a) Development of data quality objectives regarding the precision, bias, representativeness, completeness, and comparability required for water quality monitoring data to serve program purposes;

(b) Development of data interpretation guidelines regarding the quantity and representativeness of data required to determine whether water quality standards are being met, and whether a water quality condition is caused by natural background or human factors;

(c) Development of quality assurance and quality control guidelines for the collection, analysis, and interpretation of water quality data for freshwater; and

(d) Comparison of the proposed use-based water quality standards with the current classification system in terms of the protection provided to characteristic uses, and the regulatory and economic impacts on point and nonpoint sources.

(4) The committee identified in subsection (3) of this section shall provide its recommendations on subsection (3)(a) through (c) of this section to the legislature by December 31, 2000. The committee shall provide its recommendations on subsection (3)(d) of this section to the legislature by December 31, 1999.

(5) The department shall develop a system of water quality standards, data quality objectives, data interpretation guidelines, and data quality assurance and quality control guidelines based upon the recommendations of the committee identified in subsection (3) of this section. The water quality standards shall be adopted by rule under RCW 90.48.035 and the administrative procedure act, chapter 34.05 RCW. After issuance, the data quality objectives, data interpretation guidelines, and data quality assurance and quality control guidelines shall be updated periodically to reflect new methods and instrumentation.

(6) After July 1, 2001, the department shall require that any water quality data submitted to the state for purposes of ambient monitoring or compiling a list of water quality limited segments comply with the department's data quality objectives and data quality assurance and quality control guidelines.

NEW SECTION. Sec. 4. A new section is added to chapter 90.48 RCW to read as follows:

ACCESS TO PRIVATE PROPERTY. (1) Except as provided in subsection (2) of this section, and before collecting water quality samples that can only be obtained by entering upon private property, the department or its designee must receive permission from either:

(a) The owner of the property to be entered;

(b) The lessee or operator of the property to be entered; or

(c) A superior court of the state of Washington. The superior courts of the state may issue administrative search warrants to the department to carry out the provisions of this chapter.

(2) If the department believes there is an imminent and substantial threat to human health or the environment from pollution of an acute or emergency nature, the department may collect such samples after first having made a reasonable attempt to obtain permission from the owner, lessee, or operator. The department shall subsequently inform the owner, lessee, or operator of such sampling and the results thereof.

(3) The department or its designee shall offer to divide any water sample and provide a portion to the property owner, lessee, or operator in sufficient quantity that he or she may have a separate analysis conducted at his or her expense.

NEW SECTION. Sec. 5. A new section is added to chapter 90.48 RCW to read as follows:

LISTING OF WATER QUALITY LIMITED SEGMENTS. (1) After July 1, 2001, the department shall prepare a revised list of water quality limited segments, as required under section 303(d) of the clean water act, that is based upon data that are collected and analyzed in compliance with the department's data quality objectives and quality assurance and quality control guidelines. The list shall include all surface water segments that do not meet water quality standards, or are not expected to meet water quality standards by the next listing cycle, even after the application of technology-based effluent limitations required by the federal clean water act. The list shall not include:

(a) Surface water segments that are expected to meet water quality standards before the next listing cycle;

(b) Surface water segments for which natural background conditions are the reason for not meeting the standards; or
(c) Ground waters.
(2) Surface water segments shall remain on the list until they meet water quality standards and shall be removed from the list when they are found to meet water quality standards. Deletions from the list shall be based on monitoring data of the same quality and rigor as data used for additions to the list. Additions to, and deletions from, the list of water quality limited segments shall be recorded when the list is updated in the next listing cycle. The list shall be submitted to the federal environmental protection agency at a frequency determined by the environmental protection agency.

(3) To ensure an opportunity for public participation in the process of listing water quality limited segments, the department shall:
   (a) Provide notice in the Washington State Register that it is beginning a new cycle for listing of water quality limited segments;
   (b) Develop a proposed list of water quality limited segments, and compare the proposed list to the previous list approved by the environmental protection agency to identify water quality trends;
   (c) Submit the proposed list to the environmental protection agency and the general public for review;
   (d) Develop responses to the comments received, and provide those responses to those persons who have requested them;
   (e) Develop a final list of water quality limited segments and publish a notice of the availability of the final list in the Washington State Register; and
   (f) Submit the final list to the environmental protection agency for approval.

(4) Publication of a notice of the availability of the final list of water quality limited segments in the Washington State Register is an agency action that may be appealed to the Thurston county superior court under RCW 34.05.570(4) within thirty days of the date of publication.

(5) Listing of water quality limited segments as required under this chapter is not subject to the state environmental policy act, chapter 43.21C RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 43.21C RCW to read as follows:
This chapter does not apply to:
(1) Publication by the department of a list of water quality limited segments;
(2) The authorization of other pollution controls in lieu of total maximum daily loads; and
(3) The development of total maximum daily loads.

NEW SECTION. Sec. 7. A new section is added to chapter 90.48 RCW to read as follows:
EFFECT OF LISTING. (1) No permit may be issued to a new source or to a new discharger, as these terms are defined in section 306 of the federal clean water act and in 40 C.F.R. 122.2 and 40 C.F.R. 122.29 as of the effective date of this section, if the discharge would cause or contribute to a violation of water quality standards.

(2) This chapter shall not prevent any existing point source discharge, or any activity that may lead to a nonpoint source discharge conducted in compliance with all applicable federal, state, or local laws, rules, regulations, and requirements affecting water quality, solely because a total maximum daily load has not been completed.

(3) This chapter shall not prevent any new or expanded activity that may lead to a nonpoint source discharge conducted in compliance with all applicable federal, state, or local laws, rules, regulations, and requirements that protect water quality, solely because a total maximum daily load has not been completed.

NEW SECTION. Sec. 8. A new section is added to chapter 90.48 RCW to read as follows:
WATER QUALITY LIMITED SEGMENTS--LIST--MANAGEMENT. (1) After a list of water quality limited segments has been submitted to the federal environmental protection agency, the department shall sort the list of water quality limited segments by WRIA as defined in RCW 90.82.020 for management purposes.

(2) By June 30, 2001, the department shall determine:
   (a) Whether other pollution controls exist in each WRIA that address the causes of the problems that led to the listing of segments as water quality limited in 1996 and in 1998;
(b) Whether such measures are being implemented; and
(c) Whether such measures are expected to result in attainment of water quality standards within a reasonable period of time based upon the nature of the problem.

(3) For water quality limited segments on lists approved after January 1, 2000, the department shall make the determinations identified under subsection (2) of this section within two years of the approval of the list by the environmental protection agency.

(4) To make the determinations under subsections (2) and (3) of this section, the department:
   (a) May request information and recommendations from other state and federal agencies, local governments, tribes, conservation districts, and other sources; and
   (b) Shall gather available data and information on the other pollution controls being used to address water quality in the relevant WRIAs. If entities implementing other pollution controls collect water quality data, they shall provide such data to the department. The department shall conduct independent sampling to obtain any additional data or information necessary to make its determination.

(5) Where a planning group has chosen to address water quality under RCW 90.82.090, the group shall perform a preliminary evaluation as described in subsection (2) of this section within one year of receiving the first grant to conduct watershed assessments under RCW 90.82.040(2)(b), or within one year of the effective date of this section, whichever is later, and shall forward its findings and recommendations to the department. The department shall consider the planning group’s findings and recommendations, if any, in making its initial determinations as to the existence and adequacy of the proposed other pollution controls.

(6) The department shall obtain public comment on its draft initial determinations, and shall finalize its determinations after considering the available information and comments received.

(7) If the department determines that other pollution controls in a WRIA are expected to result in attainment of water quality standards within a reasonable period of time, the department shall allow the use of those other pollution controls and shall not establish total maximum daily loads, except as provided under subsection (11) of this section.

(8) The department shall refer those dischargers who may not have fully implemented other pollution controls to appropriate agencies for technical assistance, or shall offer such assistance directly. The department’s goal shall be to encourage the broad use of other pollution controls.

(9) For waters where the department determines that other pollution controls are available and are expected to attain water quality standards within a reasonable period of time, the department shall evaluate ambient water quality data at no greater than five-year intervals to determine whether substantial progress in water quality improvement has been achieved relative to specific listed segments, except that other pollution controls approved under subsection (7) of this section shall be allowed to perform for at least five years before their effectiveness is evaluated. The department may use its watershed approach to water quality management to focus and rotate its resources through succeeding areas of the state. Entities implementing other pollution controls shall provide any available monitoring data to the department so that it may determine the effectiveness of the controls in correcting the water quality problem. The department shall conduct independent sampling to obtain any additional information needed to determine the effectiveness of the other pollution controls.

(10) If the evaluation of ambient water quality data in a given WRIA as provided under subsection (9) of this section demonstrates other pollution controls have not made substantial progress toward the attainment of water quality standards within a reasonable period of time, the department shall enter into discussions with representatives selected by users of other pollution controls in that WRIA to revise the controls so that their implementation results in substantial progress toward the attainment of water quality standards. Such proposed revisions shall be submitted to the department within ninety days of the start of discussions under this subsection.

(11) The department shall develop total maximum daily loads for those water segments where:
   (a) Other pollution controls do not exist, have not been implemented, or are not expected to attain water quality standards within a reasonable period of time based upon the nature of the problem;
   (b) Discussions under subsection (10) of this section to revise other pollution controls are not successful within ninety days;
(c) Substantial progress toward meeting water quality standards has not been made five years after other pollution controls have been revised through discussions initiated under subsection (10) of this section; or
(d) The complexity of the problems and sources precludes a determination under subsection (2) of this section.
(12) Notwithstanding any other provisions of this chapter:
(a) Total maximum daily loads for water quality limited segments impaired by sediment, habitat degradation, flow, turbidity, or temperature caused by forest practices subject to regulation under the forest practices act, chapter 76.09 RCW, or covered in the forestry module memorandum of agreement, also known as the Forests and Fish Report (1999), are a lower priority for the department and need not be initiated before July 1, 2009;
(b) The department shall not require more stringent forest practices in a total maximum daily load or its implementation before July 1, 2009, except through adaptive management as defined in this act; and
(c) If the achievement of the total maximum daily load allocations cannot be met through forest practices rules, the adjustment of those management practices shall be through adaptive management as defined in this act.
(13) This section does not prohibit the department from completing the total maximum daily loads already in development upon the effective date of this section. Nothing in this act authorizes a shift in emphasis to point sources that would be inconsistent with the priorities established under this section.

Sec. 9. RCW 90.82.090 and 1998 c 247 s 5 are each amended to read as follows:
If the initiating governments choose to include a water quality component, the watershed plan shall include the following elements:
(1) An examination based on existing studies conducted by federal, state, and local agencies of the degree to which legally established water quality standards are being met in the management area;
(2) An examination based on existing studies conducted by federal, state, and local agencies of the causes of water quality violations in the management area, including an examination of information regarding pollutants, point and nonpoint sources of pollution, and pollution-carrying capacities of water bodies in the management area. The analysis shall take into account seasonal stream flow or level variations, natural events, and pollution from natural sources that occurs independent of human activities;
(3) An identification and evaluation of the existence of other pollution controls as defined in chapter 90.48 RCW in use in the management area, of the extent of implementation of such measures, and of the effectiveness of such measures in attaining water quality standards within a reasonable period of time, as well as any recommendations for improving the effectiveness of other pollution controls in the management area;
(4) An examination of the legally established characteristic uses of each of the nonmarine bodies of water in the management area;
((44)) (5) An examination of any total maximum daily load established for nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060;
((45)) (6) An examination of existing data related to the impact of fresh water on marine water quality;
((46)) (7) A recommended approach for implementing the total maximum daily load established for achieving compliance with water quality standards for the nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060; and
((47)) (8) Recommended means of monitoring by appropriate government agencies whether actions taken to implement the approach to bring about improvements in water quality are sufficient to achieve compliance with water quality standards.
This chapter does not obligate the state to undertake analysis or to develop strategies required under the federal clean water act (33 U.S.C. Sec. 1251 et seq.). This chapter does not authorize any
planning unit, lead agency, or local government to adopt water quality standards or total maximum daily loads under the federal clean water act.

**NEW SECTION. Sec. 10.** A new section is added to chapter 90.48 RCW to read as follows:

**TOTAL MAXIMUM DAILY LOADS.** (1) Total maximum daily loads shall only be established for surface waters and shall include the following elements:

(a) A determination of the pollutant of concern and a quantification of the target or desired end point of the total maximum daily load process that indicates compliance with water quality standards taking into account the assimilative capacity of the water segment;

(b) A quantification of the reduction in total pollutant load that must be achieved to meet water quality standards;

(c) Identification of the responsible sources, or categories of sources, of the pollutant that causes water quality standards not to be met, and a quantification of the degree to which each source or source category contributes to the failure to meet water quality standards; and

(d) Establishment of the wasteload and load allocations for identified sources, including categories of nonpoint sources, along with a quantified margin of safety, and any allocations for natural background and future growth.

(2) The department shall control sources of pollution to ground water as otherwise provided for in this chapter or under other state and federal programs and authorities. In identifying the responsible source or categories of sources, as set forth in subsection (1)(c) of this section, and in establishing wasteload and load allocations for identified sources, as set forth in subsection (1)(d) of this section, the department shall not attempt to identify sources of pollutants within ground water, nor shall the department allocate loads or wasteloads to ground water.

(3) Each total maximum daily load shall be implemented through a plan that includes the following elements:

(a) Identification and quantification of control actions and implementation tools, methods, and authorities that will be used to achieve the allocations, in addition to schedules, milestones, and funding options for implementing the identified actions;

(b) A determination of the degree to which uses are being supported, remaining variance from the target, compliance with implementation plans, and the accuracy of sources and source contributions identified in the total maximum daily load; and

(c) A description of how the implementation plan will be modified or revised to ensure water quality standards are met in response to follow-up monitoring and evaluation results.

(4) Department hearings and other public proceedings to initiate total maximum daily loads shall be held in the town or city nearest to the location of the water quality limited segment in order to facilitate participation by affected persons. Those persons who would be affected by an allocation of loads must be given an opportunity to be involved in the total maximum daily load development process from the outset.

(5) Allocations should be developed through consensus among those discharging or releasing pollutants into the relevant watershed. If consensus is not achievable, a mediator may be retained at the dischargers' expense to negotiate an allocation. If an agreement on allocations has not been developed within one hundred eighty days from the start of negotiations on allocations, the department shall allocate loads.

(6) To encourage public participation in the process of developing total maximum daily loads, the department shall provide an opportunity for public comment on any total maximum daily load that meets all of the requirements of this section before its adoption by the department.

(7) A notice and summary of a total maximum daily load that meets all of the requirements of this section shall be published in the Washington State Register. A total maximum daily load may be implemented only through wastewater discharge permits or through regulatory and nonregulatory programs that address nonpoint sources.

(8) Publication of a notice and summary of a total maximum daily load in the Washington State Register is an agency action that may be appealed to Thurston county superior court pursuant to RCW 34.05.570(4) within thirty days of the date of publication in the Washington State Register.
(9) Publications of total maximum daily loads as required under this chapter are not subject to the state environmental policy act, chapter 43.21C RCW.

(10) When information is available, load allocations for those nonpoint sources that have not made substantial progress toward water quality improvement as described in section 9 of this act shall be based on the following considerations:

(a) Loads shall first be reduced in proportion to the reductions made by others in the same source category for those sources that have not made expected reductions in their loads, either because they have failed to implement other pollution controls, or because the measures are not effective in making such reductions;

(b) Loads shall next be reduced proportionally, or as the department deems appropriate, across all sources in order to achieve the pollutant reductions necessary to achieve water quality standards.

(11) The department shall provide a report to the legislature by December 31, 2001, regarding the implementation of this act and its effects on the attainment of water quality standards for surface waters.

NEW SECTION. Sec. 11. A new section is added to chapter 90.48 RCW to read as follows: EFFLUENT TRADING. (1) By July 1, 2001, the department shall investigate, develop, and implement a procedure for effluent trading. The procedure shall enable persons discharging or releasing pollutants to enter into contracts or other enforceable agreements with each other, appropriately overseen and administered by the department, to offset or trade quantifiable amounts of pollutants so as to efficiently and effectively attain or maintain water quality standards.

(2) Reductions in pollutant units from amounts or quantities authorized under a total maximum daily load as implemented through a federal clean water act discharge permit or a state wastewater discharge permit, or through nonpoint sources, may be freely exchanged with other persons within the same receiving watershed subject to the procedures and rules of the department.

(3) In developing the mechanisms and procedures required by this section, the department shall not:

(a) Compel or require any person to engage in effluent trading as an alternative to other means or mechanisms to attain or maintain water quality standards; or

(b) Set or determine the price or payment made, if any, in any effluent trade.

(4) The department shall seek any approvals, waivers, or authorizations from the environmental protection agency or other state and federal agencies needed to implement or to facilitate effluent trading to its fullest extent. However, such effluent trading shall not affect or restrict the authority of the department to implement categorical effluent limits or treatment requirements adopted by the department or the federal environmental protection agency, nor shall any effluent trade create any property rights of any sort.

(5) The department shall adopt rules as necessary implementing effluent trading. Such rules shall allow pollutant trading and other procedures to receive any necessary approvals with the minimum of administrative processing consistent with federal and state laws and rules.

NEW SECTION. Sec. 12. A new section is added to chapter 90.48 RCW to read as follows: MARINE WATERS--TOTAL MAXIMUM DAILY LOADS. Because of their location downstream of most human activities, marine sediments tend to be the final repository of many pollutants generated by human activity. Sediment cleanup alone, however, may be insufficient to attain water quality standards, unless the record of decision issued under a cleanup under the federal comprehensive environmental response, compensation, and liability act of 1980, or chapter 70.105D RCW, or other cleanup authority also includes a plan for controlling ongoing pollutant sources.

For water quality limited segments caused by contaminated sediments in marine waters where a sediment cleanup has been planned or completed, but no source control plan has been adopted; a total maximum daily load shall be developed and implemented.

NEW SECTION. Sec. 13. A new section is added to chapter 90.48 RCW to read as follows: LIMITATIONS ON COMPLIANCE ACTIONS. (1) Except as provided in subsections (2) and (3) of this section, the department shall not take compliance actions against persons causing
exceedances of water quality standards identified as limiting for salmonids, other aquatic life, or other water-dependent wildlife that are listed as threatened or endangered under the federal endangered species act, or that are candidates for such listing, if such persons have entered into binding agreements with the national marine fisheries service or the United States fish and wildlife service to implement mechanisms that:

(a) Have been designed to meet water quality standards as identified in this subsection (1);
(b) Have been designed to conserve listed species; and
(c) Contain provisions for monitoring and adaptive management.

Such mechanisms may include, but are not limited to, the pollution controls identified in RCW 90.48.020.

(2) The immunity provided under subsection (1) of this section shall be provided:
(a) Only as long as substantial measurable progress toward attainment of water quality standards can be demonstrated at five-year intervals after adoption of the mechanisms described under subsection (2) of this section for up to fifteen years;
(b) Only for activities and facilities that are specifically addressed in the mechanisms described under subsection (1) of this section; and
(c) Only for pollutants that are specifically addressed in the mechanisms described in subsection (1) of this section.

(3) The immunity provided under subsection (1) of this section shall lapse:
(a) If substantial measurable progress cannot be demonstrated in each five-year period for up to fifteen years; or
(b) Following any violation of or failure to implement any of the terms of the binding agreements identified in subsection (1) of this section.

(4) Except as provided in subsections (1), (2), and (3) of this section, the authority of any regulatory agency to take any enforcement action authorized by law shall not be limited. This section shall not limit a regulatory agency’s authority to take any compliance actions as authorized by law based upon a person’s failure to comply with specific terms and conditions of any permit or license issued by the agency to that person, failure to obtain a permit for discharges requiring a permit under the federal clean water act, or knowing or willful violations of this chapter and implementing rules.

NEW SECTION. Sec. 14. STORM WATER ADVISORY COMMITTEE. (1) The department of ecology shall convene a storm water advisory committee for the purpose of updating the department’s storm water management plan and the Puget Sound storm water management manual. The advisory committee shall include, but not be limited to, one representative selected by each of the following agencies and associations:

- The department of ecology;

- People for Puget Sound; and
- The Washington environmental council.

(2) The advisory committee shall be appointed no later than September 1, 1999, and shall complete its work by June 30, 2001. The department of ecology shall provide a progress report to the legislature on storm water management issues and the approach to these issues taken by the advisory committee no later than December 31, 1999.

(3) This section expires December 31, 2001.

NEW SECTION. Sec. 15. A new section is added to chapter 90.48 RCW to read as follows:

CONFLICT WITH FEDERAL LAW--RESOLUTION. If notified by responsible officials of any conflict of this chapter with federal law or program requirements or with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the regulatory agency notified of the conflict shall actively seek to resolve the conflict. If the agency determines that the conflict cannot be resolved without the loss of benefits or authority to the state, the agency shall notify the
governor, the president of the senate, and the speaker of the house of representatives in writing within thirty days of making that determination.

NEW SECTION. Sec. 16. CAPTIONS NOT LAW. Captions used in this act are not any part of the law.

NEW SECTION. Sec. 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 18. If specific funding for the purposes of sections 2 through 18 of this act, referencing this act by bill or chapter and section numbers, is not provided by June 30, 1999, in the omnibus appropriations act, sections 2 through 18 of this act are null and void."

Renumber the remaining section consecutively and correct any internal references accordingly.

On page 3, beginning on line 19, strike all of section 2 and insert the following:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that homelessness for families with children is a serious, widespread problem that has a devastating effect on children, including significant adverse effects upon their growth and development. Planning for and serving the shelter and housing needs of homeless families with children has been and continues to be a responsibility of the department of community, trade, and economic development. The legislature further finds that the department of social and health services also plays an important role in addressing the service needs of homeless families with children. In order to adequately and effectively address the complex issues confronting homeless families with children, planning for, implementing, and evaluating such services must be a collaborative effort between the department of community, trade, and economic development and the department of social and health services, other local, state, and federal agencies, and community organizations. It is the intent of the legislature that the department of community, trade, and economic development and the department of social and health services jointly present the plan to the appropriate committees of the legislature as required in section 3 of this act. It is the intent of the legislature that children should not be placed or retained in the foster care system if family homelessness is the primary reason for placement or the continuation of their placement. It is the further intent of the legislature that services to homeless families with children shall be provided within funds appropriated for that specific purpose by the legislature in the operating and capital budgets. Nothing in this act is intended to prevent the court's review of the plan developed by the department of social and health services and the department of community, trade, and economic development under Washington State Coalition for the Homeless v. Department of Social and Health Services, King County Superior Court No. 91-2-15889-4. However, it is the intent of the legislature that the court's review in that proceeding be confined solely to review of the plan submitted under the order of February 4, 1998. Nothing in sections 1 through 10 of this act is intended to grant the court in this proceeding continuing review over the department of social and health services after the effective date of this act.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.20A RCW to read as follows:

(1) The department shall collaborate with the department of community, trade, and economic development in the development of the coordinated and comprehensive plan for homeless families with
children required under RCW 43.63A.650, which designates the department of community, trade, and economic development as the state agency with primary responsibility for providing shelter and housing services to homeless families with children. In fulfilling its responsibilities to collaborate with the department of community, trade, and economic development pursuant to RCW 43.63A.650, the department shall develop, administer, supervise, and monitor its portion of the plan. The department’s portion of the plan shall contain at least the following elements:

(a) Coordination or linkage of services with shelter and housing;
(b) Accommodation and addressing the needs of homeless families in the design and administration of department programs;
(c) Participation of the department’s local offices in the identification, assistance, and referral of homeless families; and
(d) Ongoing monitoring of the efficiency and effectiveness of the plan’s design and implementation.

(2) The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan.

(3) The duties under this section shall be implemented within amounts appropriated for that specific purpose by the legislature in the operating and capital budgets.

**Sec. 3.** RCW 43.63A.650 and 1993 c 478 s 13 are each amended to read as follows:

(1) The department shall be the principal state department responsible for coordinating federal and state resources and activities in housing, except for programs administered by the Washington state housing finance commission under chapter 43.180 RCW, and for evaluating the operations and accomplishments of other state departments and agencies as they affect housing.

(2) The department shall work with local governments, tribal organizations, local housing authorities, nonprofit community or neighborhood-based organizations, and regional or state-wide nonprofit housing assistance organizations, for the purpose of coordinating federal and state resources with local resources for housing.

(3) The department shall be the principal state department responsible for providing shelter and housing services to homeless families with children. The department shall have the principal responsibility to coordinate, plan, and oversee the state’s activities for developing a coordinated and comprehensive plan to serve homeless families with children. The plan shall be developed collaboratively with the department of social and health services. The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan. The department shall follow professionally recognized standards and procedures. The plan shall be implemented within amounts appropriated by the legislature for that specific purpose in the operating and capital budgets. The department shall submit the plan to the appropriate committees of the senate and house of representatives no later than September 1, 1999, and shall update the plan and submit it to the appropriate committees of the legislature by January 1st of every odd-numbered year through 2007. The plan shall address at least the following: (a) The need for prevention assistance; (b) the need for emergency shelter; (c) the need for transitional assistance to aid families into permanent housing; (d) the need for linking services with shelter or housing; and (e) the need for ongoing monitoring of the efficiency and effectiveness of the plan’s design and implementation.

NEW SECTION. **Sec. 4.** A new section is added to chapter 43.63A RCW to read as follows:

(1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement a system for the ongoing collection and analysis of data about the extent and nature of homelessness in Washington state, giving emphasis to information about extent and nature of homelessness in Washington state families with children. The system may be merged with other data gathering and reporting systems and shall:

(a) Protect the right of privacy of individuals;
(b) Provide for consultation and collaboration with state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and
(c) Include related information held or gathered by other state agencies.

(2) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

NEW SECTION. Sec. 5. A new section is added to chapter 43.63A RCW to read as follows:

The department shall, by rule, establish program standards, eligibility standards, eligibility criteria, and administrative rules for emergency housing programs and specify other benefits that may arise in consultation with providers.

Sec. 6. RCW 13.34.030 and 1998 c 130 s 1 are each amended to read as follows:

For purposes of this chapter:

(1) "Child" and "juvenile" means any individual under the age of eighteen years.

(2) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until the child returns home, an adoption decree, a permanent custody order, or guardianship order is entered, or the dependency is dismissed, whichever occurs sooner. If the most recent date of removal occurred prior to the filing of a dependency petition under this chapter or after filing but prior to entry of a disposition order, such time periods shall be included when calculating the length of a child's current placement episode.

(3) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to RCW 13.34.232 for the limited purpose of assisting the court in the supervision of the dependency.

(4) "Dependent child" means any child:

(a) Who has been abandoned; that is, where the child's parent, guardian, or other custodian has expressed either by statement or conduct, an intent to forego, for an extended period, parental rights or parental responsibilities despite an ability to do so. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon;

(b) Who is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Who has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(5) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(6) "Guardian ad litem" means a person, appointed by the court to represent the best interest of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(7) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(8) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(9) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing services, capable of preventing the need for out-
of-home placement while protecting the child. Housing services may include, but are not limited to, referrals to federal, state, local, or private agencies or organizations, assistance with forms and applications, or financial subsidies for housing.

**Sec. 7.** RCW 74.13.020 and 1979 c 155 s 76 are each amended to read as follows:

As used in Title 74 RCW, child welfare services shall be defined as public social services including adoption services which strengthen, supplement, or substitute for, parental care and supervision for the purpose of:

1. Preventing or remedying, or assisting in the solution of problems which may result in families in conflict, or the neglect, abuse, exploitation, or criminal behavior of children;
2. Protecting and caring for ((homeless)) dependent((s)) or neglected children;
3. Assisting children who are in conflict with their parents, and assisting parents who are in conflict with their children with services designed to resolve such conflicts;
4. Protecting and promoting the welfare of children, including the strengthening of their own homes where possible, or, where needed;
5. Providing adequate care of children away from their homes in foster family homes or day care or other child care agencies or facilities.

As used in this chapter, child means a person less than eighteen years of age.

The department’s duty to provide services to homeless families with children is set forth in section 2 of this act and in appropriations provided by the legislature for implementation of the plan.

**Sec. 8.** RCW 74.13.031 and 1998 c 314 s 10 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

1. Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of ((homeless)) runaway, dependent, or neglected children.
2. Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department’s success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."
3. Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child’s parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child’s parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.
4. Offer, on a voluntary basis, family reconciliation services to families who are in conflict.
5. Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.
6. Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.
(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children’s services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(12) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

**Sec. 9.** RCW 13.34.130 and 1998 c 314 s 2 and 1998 c 130 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services, including housing assistance, that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020(4)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child’s home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child’s parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed
to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;
(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
(iii) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or
(iv) The extent of the child's disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds: (a) Termination is recommended by the supervising agency; (b) termination is in the best interests of the child; and (c) that because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
(ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
(iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
(iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;
(v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection;
(vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
(vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. Sec. 1903), the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;
(viii) An infant under three years of age has been abandoned as defined in RCW 13.34.030(4)(a);
(ix) The mother has given birth to three or more drug-affected infants, resulting in the department filing a petition under section 23 of this act.

(3) If reasonable efforts are not ordered under subsection (2) of this section a permanency planning hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child's home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; (or) long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; and independent living, if appropriate and if the child is age sixteen or older; or a responsible living skills program. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the
child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child’s health, safety, or welfare.

(iii) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

(7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising
agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child’s needs, including whether consideration and preference has been given to placement with the child’s relatives;
   (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
   (iv) Whether there has been compliance with the case plan by the child, the child’s parents, and the agency supervising the placement;
   (v) Whether progress has been made toward correcting the problems that necessitated the child’s placement in out-of-home care;
   (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
   (vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child’s parents; if so, the court shall order that reasonable services be offered specifying such services; and
   (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(8) The court’s ability to order housing assistance under this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 10. Sections 10 through 26 of this act may be referred to as the homeless youth prevention, protection, and education act, or the HOPE act. Every day many youth in this state seek shelter out on the street. A nurturing nuclear family does not exist for them, and state-sponsored alternatives such as foster homes do not meet the demand and isolate youth, who feel like outsiders in families not their own. The legislature recognizes the need to develop placement alternatives for dependent youth ages sixteen to eighteen, who are living on the street. The HOPE act is an effort to engage youth and provide them access to services through development of life skills in a setting that supports them. Nothing in sections 10 through 26 of this act shall constitute an entitlement.

Sec. 11. RCW 74.15.020 and 1998 c 269 s 3 are each amended to read as follows:
For the purpose of chapter 74.15 RCW and RCW 74.13.031, and unless otherwise clearly indicated by the context thereof, the following terms shall mean:
   (1) "Agency" means any person, firm, partnership, association, corporation, or facility which receives children, expectant mothers, or persons with developmental disabilities for control, care, or maintenance outside their own homes, or which places, arranges the placement of, or assists in the placement of children, expectant mothers, or persons with developmental disabilities for foster care or placement of children for adoption, and shall include the following irrespective of whether there is compensation to the agency or to the children, expectant mothers or persons with developmental disabilities for services rendered:

A street youth whose parent wants him or her returned to home may remain in a HOPE center until his or her parent arranges return of the youth, not longer. Sec. 1903(4);

NEW SECTION. Sec. 12. A new section is added to chapter 74.15 RCW to read as follows:

The secretary shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator’s designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth’s placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(1) A license issued by the secretary;

(2) A professional with a master’s degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(a) Conduct an assessment of the street youth that includes a determination of the street youth’s legal status regarding residential placement;

(b) Facilitate the street youth’s return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department. The department shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(c) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(d) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(e) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(f) Arrange an educational assessment to measure the street youth’s competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(3) Staff trained in development needs of street youth as determined by the secretary, including an administrator who is a professional with a master’s degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in
social work or a related field and five years of experience working with street youth, who must work
with the placement and liaison specialist to provide appropriate services on site;

(4) A data collection system that measures outcomes for the population served, and enables
research and evaluation that can be used for future program development and service delivery. Data
collection systems must have confidentiality rules and protocols developed by the secretary;

(5) Notification requirements that meet the notification requirements of chapter 13.32A RCW.
The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must
immediately notify law enforcement and dependency caseworkers if a street youth runs away from a
HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030
whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not
return after full consideration of the factors set forth in RCW 13.32A.130(2)(a) (i) and (ii). The street
youth's temporary placement in the HOPE center must be authorized by the court or the secretary if the
youth is a dependent of the state under chapter 13.34 RCW or the department is responsible for the
youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the
parent can retrieve the youth who is returning to home;

(6) HOPE centers must identify to the department any street youth it serves who is not
returning promptly to home. The department then must contact the missing children's clearinghouse
identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the
subject of a dependency action and the parent should receive notice from the department;

(7) Services that provide counseling and education to the street youth; and

(8) The department shall only award contracts for the operation of HOPE center beds and
responsible living skills programs in departmental regions: (a) With operating secure crisis residential
centers; or (b) in which the secretary finds significant progress is made toward opening a secure crisis
residential center.

NEW SECTION. Sec. 13. A new section is added to chapter 74.15 RCW to read as follows:
The secretary shall establish responsible living skills programs that provide no more than
seventy-five beds across the state and may establish responsible living skills programs by contract,
within funds appropriated by the legislature specifically for this purpose. Responsible living skills
programs shall have the following:

(1) A license issued by the secretary;

(2) A professional with a master's degree in counseling, social work, or related field and at
least one year of experience working with street youth available to serve residents or a bachelor of arts
degree in social work or a related field and five years of experience working with street youth. The
professional shall provide counseling services and interface with other relevant resources and systems
to prepare the minor for adult living. Preference shall be given to those professionals cross-
credentialed in mental health and chemical dependency;

(3) Staff trained in development needs of older adolescents eligible to participate in responsible
living skills programs as determined by the secretary;

(4) Transitional living services and a therapeutic model of service delivery that provides
necessary program supervision of residents and at the same time includes a philosophy, program
structure, and treatment planning that emphasizes achievement of competency in independent living
skills. Independent living skills include achieving basic educational requirements such as a GED,
enrollment in vocational and technical training programs offered at the community and vocational
colleges, obtaining and maintaining employment; accomplishing basic life skills such as money
management, nutrition, preparing meals, and cleaning house. A baseline skill level in ability to
function productively and independently shall be determined at entry. Performance shall be measured
and must demonstrate improvement from involvement in the program. Each resident shall have a plan
for achieving independent living skills by the time the resident leaves the placement. The plan shall be
written within the first thirty days of placement and reviewed every ninety days. A resident who fails
to consistently adhere to the elements of the plan shall be subject to reassessment by the professional
staff of the program and may be placed outside the program; and
A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary.

The department shall not award contracts for the operation of responsible living skills programs until HOPE center beds are operational.

NEW SECTION. Sec. 14. A new section is added to chapter 74.15 RCW to read as follows: To be eligible for placement in a responsible living skills program, the minor must be dependent under chapter 13.34 RCW and must have lived in a HOPE center or in a secure crisis residential center. Responsible living skills centers are intended as a placement alternative for dependent youth that the department chooses for the youth because no other services or alternative placements have been successful. Responsible living skills centers are not for dependent youth whose permanency plan includes return to home or family reunification.

NEW SECTION. Sec. 15. A new section is added to chapter 74.15 RCW to read as follows: The secretary is authorized to license HOPE centers and responsible living skills programs that meet statutory and rule requirements created by the secretary. The secretary is authorized to develop rules necessary to carry out the provisions of sections 10 through 26 of this act. The secretary may rely upon existing licensing provisions in development of licensing requirements for HOPE centers and responsible living skills programs, as are appropriate to carry out the intent of sections 10 through 26 of this act. HOPE centers and responsible living skills programs shall be required to adhere to departmental regulations prohibiting the use of alcohol, tobacco, controlled substances, violence, and sexual activity between residents.

Sec. 16. RCW 13.34.130 and 1998 c 314 s 2 and 1998 c 130 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030; after consideration of the predisposition report prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In selecting a program, the court should choose those services that least interfere with family autonomy, provided that the services are adequate to protect the child.

(b) Order that the child be removed from his or her home and ordered into the custody, control, and care of a relative or the department of social and health services or a licensed child placing agency for placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or in a home not required to be licensed pursuant to chapter 74.15 RCW. Unless there is reasonable cause to believe that the safety or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is related to the child as defined in RCW 74.15.020((4))) (2)(a) and with whom the child has a relationship and is comfortable, and who is willing and available to care for the child. Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(i) There is no parent or guardian available to care for such child;

(ii) The parent, guardian, or legal custodian is not willing to take custody of the child;
The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger; or

(iv) The extent of the child’s disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home.

(2) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the court finds: (a) Termination is recommended by the supervising agency; (b) termination is in the best interests of the child; and (c) that because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interest of the child. In determining whether aggravated circumstances exist, the court shall consider one or more of the following:

(i) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;
(ii) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;
(iii) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;
(iv) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child’s other parent, sibling, or another child;
(v) Conviction of the parent of attempting, soliciting, or conspiracy to commit a crime listed in (c)(i), (ii), (iii), or (iv) of this subsection;
(vi) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;
(vii) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. (Sec.)) Sec. 1903), the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;
(viii) An infant under three years of age has been abandoned as defined in RCW 13.34.030(4)(a);
(ix) The mother has given birth to three or more drug-affected infants, resulting in the department filing a petition under section 23 ((of this act)), chapter 314, Laws of 1998.

(3) If reasonable efforts are not ordered under subsection (2) of this section a permanency planning hearing shall be held within thirty days. Reasonable efforts shall be made to place the child in a timely manner in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) Whenever a child is ordered removed from the child’s home, the agency charged with his or her care shall provide the court with:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child’s parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; (or)
long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older. Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and
nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(b) Unless the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, and what actions the agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The agency plan shall specify what services the parents will be offered in order to enable them to resume custody, what requirements the parents must meet in order to resume custody, and a time limit for each service plan and parental requirement.

(ii) The agency shall be required to encourage the maximum parent-child contact possible, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child’s health, safety, or welfare.

(iii) A child shall be placed as close to the child’s home as possible, preferably in the child’s own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child’s or parents’ well-being.

(iv) The agency charged with supervising a child in placement shall provide all reasonable services that are available within the agency, or within the community, or those services which the department of social and health services has existing contracts to purchase. It shall report to the court if it is unable to provide such services.

(c) If the court has ordered, pursuant to subsection (2) of this section, that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The agency shall not be required to develop a plan of services for the parents or provide services to the parents.

(5) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative’s home, subject to review by the court.

(7) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.
(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in this section no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:
   (i) Whether reasonable services have been provided to or offered to the parties to facilitate reunification, specifying the services provided or offered;
   (ii) Whether the child has been placed in the least-restrictive setting appropriate to the child’s needs, including whether consideration and preference has been given to placement with the child’s relatives;
   (iii) Whether there is a continuing need for placement and whether the placement is appropriate;
   (iv) Whether there has been compliance with the case plan by the child, the child’s parents, and the agency supervising the placement;
   (v) Whether progress has been made toward correcting the problems that necessitated the child’s placement in out-of-home care;
   (vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;
   (vii) Whether additional services are needed to facilitate the return of the child to the child’s parents; if so, the court shall order that reasonable services be offered specifying such services; and
   (viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Sec. 17. RCW 13.34.145 and 1998 c 314 s 3 and 1998 c 130 s 3 are each reenacted and amended to read as follows:

(1) A permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent’s home.

(a) Whenever a child is placed in out-of-home care pursuant to RCW 13.34.130, the agency that has custody of the child shall provide the court with a written permanency plan of care directed towards securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child’s parent, guardian, or legal custodian; adoption; guardianship; permanent legal custody; ((or)) long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; a responsible living skills program; and independent living, if appropriate and if the child is age sixteen or older and the provisions of subsection (2) of this section are met.

(b) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(d) For purposes related to permanency planning:
   (i) "Guardianship" means a dependency guardianship pursuant to this chapter, a legal guardianship pursuant to chapter 11.88 RCW, or equivalent laws of another state or a federally recognized Indian tribe.
   (ii) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.
(iii) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or of a federally recognized Indian tribe.

(2) Whenever a permanency plan identifies independent living as a goal, the plan shall also specifically identify the services that will be provided to assist the child to make a successful transition from foster care to independent living. Before the court approves independent living as a permanency plan of care, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial affairs and to manage his or her personal, social, educational, and nonfinancial affairs. The department shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(3) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(4) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in subsection (3) of this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or permanent custody order is entered, or the dependency is dismissed.

(5) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(6) At the permanency planning hearing, the court shall enter findings as required by RCW 13.34.130(7) and shall review the permanency plan prepared by the agency. If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall also enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280 and 13.34.130(7). If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. In cases where the primary permanency planning goal has not yet been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. In all cases, the court shall:

(a)(i) Order the permanency plan prepared by the agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(7) If the court orders the child returned home, casework supervision shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.130(7), and the court shall determine the need for continued intervention.

(8) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when, (a) the court has ordered implementation of a permanency plan that includes legal guardianship or permanent legal custody, and (b) the party pursuing the legal guardianship or permanent legal custody is the party identified in the permanency plan as the prospective legal guardian or custodian. During the pendency of such proceeding, juvenile court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.
Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

Except as otherwise provided in RCW 13.34.235, the status of all dependent children shall continue to be reviewed by the court at least once every six months, in accordance with RCW 13.34.130(7), until the dependency is dismissed. Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights.

Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

NEW SECTION. Sec. 18. A new section is added to chapter 13.60 RCW to read as follows:

The department of social and health services shall develop a procedure for reporting missing children information to the missing children clearinghouse on children who are receiving departmental services in each of its administrative regions. The purpose of this procedure is to link parents to missing children. When the department has obtained information that a minor child has been located at a facility funded by the department, the department shall notify the clearinghouse and the child’s legal custodian, advising the custodian of the child’s whereabouts or that the child is subject to a dependency action. The department shall inform the clearinghouse when reunification occurs.

NEW SECTION. Sec. 19. The Washington institute for public policy shall review the effectiveness of the procedures established in section 18 of this act. The study shall include: (1) The number of legal custodians who utilize the clearinghouse; (2) the number of children who are located after the department’s procedures are operational; (3) the impediments to effective utilization of the procedures and what steps may be taken to reduce or eliminate the impediments; (4) the methods of public education regarding the availability of the program and how to increase public awareness of the program.

The review shall be submitted to the legislature and the governor not later than December 1, 2001.

Sec. 20. RCW 26.44.030 and 1998 c 328 s 5 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children’s ombudsman or any volunteer in the ombudsman’s office has reasonable cause to believe that a child or adult dependent or developmentally disabled person, has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) The reporting requirement shall also apply to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect, he or she shall report the incident, or
cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child or adult dependent or developmentally disabled person, who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(d) The report shall be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child or adult has suffered abuse or neglect. The report shall include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children, dependent adults, or developmentally disabled persons are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section shall apply.

(3) Any other person who has reasonable cause to believe that a child or adult dependent or developmentally disabled person has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report shall also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child or adult dependent or developmentally disabled person who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child, adult dependent, or developmentally disabled person's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services or department case services for the developmentally disabled. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child or developmentally disabled person. Information considered privileged by statute
and not directly related to reports required by this section shall not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child’s safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents’ choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child’s health or safety, and the department agrees with the physician’s assessment, the child may be left in the parents’ home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child’s home, or at other suitable locations outside of the presence of parents. Parental notification of the interview shall occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child’s wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

The department shall provide annual reports to the legislature on the effectiveness of the risk assessment process.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

NEW SECTION. Sec. 21. A new section is added to chapter 74.15 RCW to read as follows:
The department shall provide technical assistance in preparation of grant proposals for HOPE centers and responsible living skills programs to nonprofit organizations unfamiliar with and inexperienced in submission of requests for proposals to the department.
NEW SECTION. Sec. 22. April 24, 1999

Mr. Speaker:

Under suspension of rules, the Senate returned SUBSTITUTE HOUSE BILL NO. 1774 to Second Reading for purpose of amendment(s). The Senate reconsidered the Judiciary Committee amendment adopted as amended on 4/14/99, and further amended the adopted amendment with amendment #487 by Senators Morton and Heavey, and passed the bill as amended, Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.20.391 and 1998 c 209 s 4 and 1998 c 207 s 9 are each reenacted and amended to read as follows:

(1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver’s license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended under RCW 46.20.3101 (2)(a) or (3)(a), may submit to the department an application for an occupational driver’s license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that the petitioner operate a motor vehicle, may issue an occupational driver’s license and may set definite restrictions as provided in RCW 46.20.394. No
person may petition for, and the department shall not issue, an occupational driver’s license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504 or pursuant to RCW 46.20.3101 (2)(a) or (3)(a). A person aggrieved by the decision of the department on the application for an occupational driver’s license may request a hearing as provided by rule of the department.

(2)(a) A person licensed under this chapter whose driver’s license is suspended administratively due to failure to appear or pay a traffic ticket under RCW 46.20.289; a violation of the financial responsibility laws under chapter 46.29 RCW; or for multiple violations within a specified period of time under RCW 46.20.291, may apply to the department for an occupational driver’s license if the applicant demonstrates to the satisfaction of the department that one of the following additional conditions are met:

(i) The applicant is in an apprenticeship program or an on-the-job training program for which a driver’s license is required;

(ii) The applicant presents evidence that he or she has applied for a position in an apprenticeship or on-the-job training program and the program has certified that a driver’s license is required to begin the program, provided that a license granted under this provision shall be in effect no longer than fourteen days;

(iii) The applicant is in a program that assists persons who are enrolled in a WorkFirst program pursuant to chapter 74.08A RCW to become gainfully employed and the program requires a driver’s license; or

(iv) The applicant is undergoing substance abuse treatment or is participating in meetings of a twelve-step group such as Alcoholics Anonymous.

(b) If the suspension is for failure to respond, pay, or comply with a notice of traffic infraction or conviction, the applicant must enter into a payment plan with the court.

(c) An occupational driver’s license issued to an applicant described in (a) of this subsection shall be valid for the period of the suspension or revocation but not more than two years.

(d) Upon receipt of evidence that a holder of an occupational driver’s license granted under this subsection is no longer enrolled in an apprenticeship or on-the-job training program, the director shall give written notice by first class mail to the driver that the occupational driver’s license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver’s license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(e) The department shall not issue an occupational driver’s license under (a)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant’s participation in the programs referenced under (a)(iv) of this subsection.

(3) An applicant for an occupational driver’s license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver’s license is mandatory; and

(b) Within seven years immediately preceding the date of the offense that gave rise to the present conviction or incident, the applicant has not committed any of the following offenses: (i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor; (ii) vehicular homicide under RCW 46.61.520; or (iii) vehicular assault under RCW 46.61.522; and

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle, except as allowed under subsection (2)(a) of this section; and

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(4) The director shall cancel an occupational driver’s license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular
driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 2. RCW 46.20.394 and 1983 c 165 s 26 are each amended to read as follows:

In issuing an occupational driver's license under RCW 46.20.391, the department shall describe the type of occupation permitted and shall set forth in detail the specific hours of the day during which the person may drive to and from his place of work, which may not exceed twelve hours in any one day; the days of the week during which the license may be used; and the general routes over which the person may travel. In issuing an occupational driver's license under RCW 46.20.391(2)(a)(iv), the department shall set forth in detail the specific hours during which the person may drive to and from substance abuse treatment or meetings of a twelve-step group such as alcoholics anonymous, the days of the week during which the license may be used, and the general routes over which the person may travel. These restrictions shall be prepared in written form by the department, which document shall be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the occupational driver's license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor.

NEW SECTION. Sec. 3. This act takes effect January 1, 2000."

SENATE AMENDMENTS TO HOUSE BILL

April 24, 1999

Mr. Speaker:

The Senate receded from the Committee on Human Services and Corrections Amendment to HOUSE BILL NO. 1757 adopted 4/16/99. Under suspension of rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted Amendment #479 by Senators Hargrove, Costa, Long, Haugen and Stevens and passed the bill as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public's interest in enabling law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release.

Sec. 2. RCW 43.43.754 and 1994 c 271 s 402 are each amended to read as follows:

Every adult or juvenile individual convicted of a felony or adjudicated guilty of an equivalent juvenile offense defined as a sex offense under RCW 9.94A.030((31)) (33) or a violent offense as defined in RCW 9.94A.030 shall have a blood sample drawn for purposes of DNA identification analysis. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense who are serving or who are to serve a term of confinement in a county jail or detention facility, the county shall be responsible for obtaining blood samples (prior to release from) either as part of the intake process into the county jail or detention facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. For persons convicted of such offenses or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a division of juvenile rehabilitation facility, the facility holding the person shall be responsible for obtaining blood samples (prior to release from) either as part of the intake process into such facility for those persons convicted on or after the effective date of this act, or within a reasonable time after the effective date of this act for those persons incarcerated prior to the effective date of this act who have not yet had a blood sample drawn, beginning with those persons who will be released the soonest. Any blood sample taken pursuant to RCW 43.43.752 through 43.43.758 shall be used solely for the purpose of providing DNA or other blood grouping tests for identification analysis and prosecution of a sex offense or a violent offense.

This section applies to all adults who are convicted after July 1, 1990; and to all adults who were convicted on or prior to July 1, 1990, and who are still incarcerated on or after the effective date of this act. This section applies to all juveniles who are adjudicated guilty after July 1, 1994; and to all...
juveniles who were adjudicated guilty on or prior to July 1, 1994, and who are still incarcerated on or after the effective date of this act.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "identification;" strike the remainder of the title and insert "amending RCW 43.43.754; and creating a new section."

MESSAGE FROM THE SENATE

April 24, 1999
The Senate receded from its striking amendment(s) #480 to SUBSTITUTE HOUSE BILL NO. 1392, adopted on 4/24/99. Under suspension of rules, the Senate returned the bill to Second Reading for purpose of amendment(s). The Senate adopted Amendment #1392-S AMS HEAV S2969.2 (FLR #490), and passed the bill as amended,

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. A new section is added to chapter 9.96 RCW to read as follows:
(1) Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant’s record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion clear the record of conviction by: (a)(i) Permitting the applicant to withdraw the applicant’s plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information or indictment against the applicant.

(2) An applicant may not have the record of conviction for a misdemeanor or gross misdemeanor offense cleared if any one of the following is present: (a) There are any criminal charges against the applicant pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030 or an attempt to commit a violent offense; (c) the offense was a violation of RCW 46.61.502 (Driving while under the influence), 46.61.504 (Actual physical control while under the influence), or 9.91.020 (Operating a railroad, etc. while intoxicated); (d) the offense was any misdemeanor or gross misdemeanor attempt to commit a sex offense as defined in RCW 9.94A.030; (e) the offense was any misdemeanor or gross misdemeanor violation, including attempt, of chapter 9.68 (Obscenity and pornography) or 9.68A (Sexual exploitation of children) RCW; (f) the applicant has been convicted of a new crime in this state, another state, or federal court since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense; (g) the offense was a domestic violence offense as defined in RCW 10.99.020, and less than ten years have passed since the date the offender successfully completed all terms of his or her sentence, including probation. The court shall not grant the motion to vacate a domestic violence conviction if, upon review of the police report and any evidence from the prosecution or the defense, the court finds that the defendant’s behavior in the commission of the crime was particularly egregious; or (h) less than five years have passed since the date the applicant completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the person shall be released from all penalties and disabilities resulting from the offense, except that the fact that the person had been convicted of the offense may be used in any subsequent criminal prosecution consistent with any other legal use and may be included in the person’s criminal history for purposes of determining a sentence in any subsequent conviction. For all other purposes, including responding to questions on employment applications, a person whose conviction has been vacated may state that the person has never been convicted of that crime.

(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(5) Any conviction that is vacated under this section shall be treated as nonconviction data as defined in chapter 10.97 RCW for the purposes of the defendant’s criminal history. The clerk of the court in which the motion is brought shall transmit the order vacating the conviction to the Washington state patrol. The Washington state patrol shall transmit the order vacating the conviction to the federal bureau of investigation.

(6) No person may seek or be granted a vacation of record of conviction for an offense committed after the date upon which the person received a vacation of record of conviction for any other offense.

Sec. 2.  RCW 9.94A.230 and 1987 c 486 s 7 are each amended to read as follows:
(1) Every offender who has been discharged under RCW 9.94A.220 may apply to the sentencing court for a vacation of the offender’s record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may in its discretion clear the record of conviction by: (a)(i) Permitting the offender to withdraw the offender’s plea of guilty and to enter a plea of not guilty; or ((b)(ii)) (ii) if the offender has been convicted after a plea of not guilty, ((b)(iv)) the court setting aside the verdict of guilty; and ((c)-(b)) (b) the court dismissing the information or indictment against the offender.

(3) Once the court vacates a record of conviction under subsection (1) of this section, (the fact that the offender has been convicted of the offense shall not be included in the offender’s criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications,) an offender whose conviction has been vacated may state that the offender has never been convicted of that crime, including responses to questions when making application for employment. Nothing in this section affects or prevents the use of an offender’s prior conviction in a later criminal prosecution.

(4) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

(5) Any conviction that is vacated under this section shall be treated as nonconviction data as defined in chapter 10.97 RCW for the purposes of the defendant’s criminal history. The clerk of the court in which the motion is brought shall transmit the order vacating the conviction to the Washington state patrol. The Washington state patrol shall transmit the order vacating the conviction to the federal bureau of investigation.

(6) No person may seek or be granted a vacation of record of conviction for an offense committed after the date upon which the person received a vacation of record of conviction for any other offense.

Sec. 3. RCW 9.95.240 and 1957 c 227 s 7 are each amended to read as follows:

(1) Every defendant who has fulfilled the conditions of his or her probation for the entire period thereof, or who ((shall have)) has been discharged from probation prior to the termination of the period thereof, may ((at any time prior to the expiration of the maximum period of punishment for the offense for which he has been convicted be permitted in the discretion of the court to withdraw his plea of guilty and enter a plea of not guilty, or if he has been convicted after a plea of not guilty, the court may in its discretion set aside the verdict of guilty; and in either case, the court may thereupon dismiss the information or indictment against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense or crime of which he has been convicted.) apply to the sentencing court for a vacation of the defendant’s record of conviction. The Washington state patrol shall transmit the order vacating the conviction to the federal bureau of investigation.

Sec. 4. RCW 13.50.050 and 1997 c 338 s 40 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

On page 1, line 19, after "Title XXI" strike "." and insert "; and (e) who has a special health care need. A child with a special health care need is: (i) one who has a chronic health condition that is expected to last at least one year and have significant sequelae requiring ongoing extensive medical care. Examples of such conditions may include but are not limited to: birth defects including genetic, congenital, or acquired disorders; developmental disabilities; and chronic illnesses such as diabetes, sickle cell disease, cystic fibrosis, muscular dystrophy, and cerebral palsy. A child who has any of these conditions, as diagnosed by their primary care or specialty physician, shall be eligible for the Washington state children’s health insurance program with minimal ongoing evaluation; or (ii) one who has a condition that is initially severe but will improve over time as a result of appropriate treatment. Examples of these conditions may include but are not limited to: malignancies, chronic respiratory disease of prematurity, and severe injuries. A child who has any of these conditions, will require extensive medical services for a limited time, and will be initially eligible for the children’s health insurance program. In order for such a child to remain eligible in the children’s health insurance program, the health status of the child must be reviewed on an annual basis by a physician experienced in providing care to children with special health care needs.

(3) Upon notification to the Legislature that the department has exceeded by 10,000 the 1999-01 budget goal of the ongoing outreach project to enroll 21,500 additional children with family incomes at or below 200% of federal poverty level, the department may expand the children’s health insurance program to all children in families below 250 percent of the federal poverty level not otherwise eligible for Medicaid. Such expansion shall be contingent upon the Legislature’s acknowledgment of the achievement of this level of performance, at which time, subsection (2)(e) of this section shall no longer be applicable. The department shall report to the fiscal committees of the Legislature on December 1, 1999 and December 1, 2000 the incremental number of average monthly eligible children enrolled each month as a result of this outreach effort.

(4) By December 15, 1999, the Washington health care authority shall provide recommendations to the Legislature on the design of a state program to meet the health care coverage needs of children in families between 200 and 250 percent of the federal poverty level that meets the requirements of the federal Children’s Health Insurance Program. In preparing the recommendations the authority shall contract with an actuarial firm to develop the final recommendations reported to the Legislature. The firm must have extensive knowledge of the operations of health care coverage systems, both public and private, and must have experience in providing recommendations to at least one other state that has designed a state program that received approval by the federal government to serve children eligible for the Children’s Health Insurance Program as authorized by Congress. In preparing the final recommendations, the firm must evaluate and bring forward recommendations to implement all of the following program structures: employer partnership programs; premium payment assistance for eligible families; employer tax credits or other incentives to employers to provide family coverage; expansion of existing state programs other than Medicaid; and creation of a separate state program to specifically implement the Children’s Health Insurance Program.

NEW SECTION.  Sec. 384. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer (00-2-001)

The state building construction account appropriation in this section is subject to the following conditions and limitations:
(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements for certain trust lands of state-wide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.
(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school
construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring real property of equal value to be managed as common school trust land.

(3) Property subject to easement agreements under this section shall be appraised at fair market value both with and without the imposition of the easement. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of this appropriation. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department of natural resources, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list in subsection (8) of this section if, based on new, substantive information, it is determined that transfer of the property is not in the state-wide interest of either the common school trust or the receiving agency.

(8) The appropriation in this section is provided to execute transfers or easements for the list of properties identified in LEAP capital document No. 99-3, as developed on April 8, 1999, as follows: Projects in category A shall be transferred; to the extent that local funding is provided for the land value of the property, projects in category B shall be transferred; and projects in category C and remaining projects in category B may be transferred or leased as funding allows.

(9) The department shall execute trust land transfers and easements such that 90 percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 90:10 ratio, the department may offset transfers of property with low timber-to-land ratios with easements on other properties.

(10) On June 30, 2001, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriation in this section shall be reduced by an equivalent amount.
