(3) A conviction of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

(4) The court may reduce or restrict contact between the child and the parent with whom the child does not reside a majority of the time if it finds that the reduction or restriction would serve and protect the best interests of the child using the criteria in RCW 26.09.191.
(5) The court may order adjustments to the residential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a minor modification in the residential schedule that does not change the residence the child is scheduled to reside in the majority of the time and:
(a) Does not exceed twenty-four full days in a calendar year; or
(b) Is based on a change of residence of the parent with whom the child does not reside the majority of the time or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow; or
(c) Does not result in a schedule that exceeds ninety overnights per year in total, if the court finds that, at the time the petition for modification is filed, the decree of dissolution or parenting plan does not provide reasonable time with the parent with whom the child does not reside a majority of the time, and further, the court finds that it is in the best interests of the child to increase residential time with the parent in excess of the residential time period in (a) of this subsection. However, any motion under this subsection (5)(c) is subject to the factors established in subsection (2) of this section if the party bringing the petition has previously been granted a modification under this same subsection within twenty-four months of the current motion. Relief granted under this section shall not be the sole basis for adjusting or modifying child support.

(6) The court may order adjustments to the residential aspects of a parenting plan pursuant to a proceeding to permit or restrain a relocation of the child. The person objecting to the relocation of the child or the relocating person’s proposed revised residential schedule may file a petition to modify the parenting plan, including a change of the residence in which the child resides the majority of the time, without a showing of adequate cause other than the proposed relocation itself. A hearing to determine adequate cause for modification shall not be required so long as the request for relocation of the child is being pursued. In making a determination of a modification pursuant to relocation of the child, the court shall first determine whether to permit or restrain the relocation of the child using the procedures and standards provided in RCW 26.09.405 through 26.09.560. Following that determination, the court shall determine what modification pursuant to relocation should be made, if any, to the parenting plan or custody order or visitation order.

(7) A parent with whom the child does not reside a majority of the time and whose residential time with the child is subject to limitations pursuant to RCW 26.09.191 (2) or (3) may not seek expansion of residential time under subsection (5)(c) of this section unless that parent demonstrates a substantial change in circumstances specifically related to the basis for the limitation.

(8) If a parent with whom the child does not reside a majority of the time voluntarily fails to exercise residential time for an extended period, that is, one year or longer, the court upon proper motion may make adjustments to the parenting plan in keeping with the best interests of the minor child.

(9) A parent with whom the child does not reside a majority of the time who is required by the existing parenting plan to complete evaluations, treatment, parenting, or other classes may not seek expansion of residential time under subsection (5)(c) of this section unless that parent has fully complied with such requirements.

(10) The court may order adjustments to any of the nonresidential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of a child, and the adjustment is in the best interest of the child. Adjustments ordered under this section may be made without consideration of the factors set forth in subsection (2) of this section.

(11) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney’s fees and court costs of the nonmoving parent against the moving party.

Sec. 5. RCW 26.09.240 and 1996 c 177 s 1 are each amended to read as follows:

((44)) Under section 2 of this act, a person other than a parent may petition the court for visitation with a child (at any time) or may intervene in a pending dissolution, legal separation, or modification of parenting plan proceeding. (A person other than a parent may not petition for visitation under this section unless the child’s parent or parents have commenced an action under this chapter.

(2) A petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides.

(3) A petition for visitation or a motion to intervene pursuant to this section shall be dismissed unless the petitioner or intervenor can demonstrate by clear and convincing evidence that a significant relationship exists with the child with whom visitation is sought. If the petition or motion is dismissed for failure to establish the existence of a significant relationship, the petitioner or intervenor shall be ordered to pay reasonable attorney’s fees and costs to the parent, parents, other custodian, or representative of the child who responds to this petition or motion.

(4) The court may order visitation between the petitioner or intervenor and the child between whom a significant relationship exists upon a finding supported by the evidence that the visitation is in the child’s best interests.

(5)(a) Visitation with a grandparent shall be presumed to be in the child’s best interests when a significant relationship has been shown to exist. This presumption may be rebutted by a preponderance of evidence showing that visitation would endanger the child’s physical, mental, or emotional health.
(b) If the court finds that reasonable visitation by a grandparent would be in the child’s best interest except for hostilities that exist between the grandparent and one or both of the parents or person with whom the child lives, the court may set the matter for mediation under RCW 26.09.015.

(6) The court may consider the following factors when making a determination of the child’s best interests:

(a) The strength of the relationship between the child and the petitioner;
(b) The relationship between each of the child’s parents or the person with whom the child is residing and the petitioner;
(c) The nature and reason for either parent’s objection to granting the petitioner visitation;
(d) The effect that granting visitation will have on the relationship between the child and the child’s parents or the person with whom the child is residing;
(e) The residential time-sharing arrangements between the parents;
(f) The good faith of the petitioner;
(g) Any criminal history or history of physical, emotional, or sexual abuse or neglect by the petitioner; and
(h) Any other factor relevant to the child’s best interest.

(7) The restrictions of RCW 26.09.191 that apply to parents shall be applied to a petitioner or intervenor who is not a parent. The nature and extent of visitation, subject to these restrictions, is in the discretion of the court.

(8) The court may order an investigation and report concerning the proposed visitation or may appoint a guardian ad litem as provided in RCW 26.09.220.

(9) Visitation granted pursuant to this section shall be incorporated into the parenting plan for the child.

(10) The court may modify or terminate visitation rights granted pursuant to this section in any subsequent modification action upon a showing that the visitation is no longer in the best interest of the child.

Sec. 6. RCW 26.10.160 and 1996 c 303 s 2 are each amended to read as follows:

(1) A parent not granted custody of the child is entitled to reasonable visitation rights except as provided in subsection (2) of this section.

(2) Visitation with the child shall be limited if it is found that the parent seeking visitation has engaged in any of the following conduct: (i) Willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (ii) physical, sexual, or a pattern of emotional abuse of a child; (iii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm; or (iv) the parent has been convicted as an adult of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
(D) RCW 9A.44.089;
(E) RCW 9A.44.093;
(F) RCW 9A.44.096;
(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
(H) Chapter 9.68A RCW;
(I) Any predecessor or antecedent statute for the offenses listed in (a)(iv)(A) through (H) of this subsection;

(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (a)(iv)(A) through (H) of this subsection.

This subsection (2)(a) shall not apply when (c) or (d) of this subsection applies.

(b) The parent’s visitation with the child shall be limited if it is found that the parent resides with a person who has engaged in any of the following conduct: (i) Physical, sexual, or a pattern of emotional abuse of a child; (ii) a history of acts of domestic violence as defined in RCW 26.50.010(1) or an assault or sexual assault that causes grievous bodily harm or the fear of such harm; or (iii) the person has been convicted as an adult or as a juvenile has been adjudicated of a sex offense under:

(A) RCW 9A.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
(B) RCW 9A.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
(C) RCW 9A.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
(D) RCW 9A.44.089;
(E) RCW 9A.44.093;
(F) RCW 9A.44.096;
(G) RCW 9A.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
(H) Chapter 9.68A RCW;
(I) Any predecessor or antecedent statute for the offenses listed in (b)(iii)(A) through (H) of this subsection;
(J) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(A) through (H) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(c) If a parent has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 RCW or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent’s child except contact that occurs outside that person’s presence.

(d) There is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;
(ii) RCW 9A.44.073;
(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;
(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;
(v) RCW 9A.44.083;
(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;
(vii) RCW 9A.44.100;
(viii) Any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;
(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(e) There is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises visitation in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent’s child except for contact that occurs outside of the convicted or adjudicated person’s presence:

(i) RCW 9A.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;
(ii) RCW 9A.44.073;
(iii) RCW 9A.44.076, provided that the person convicted was at least eight years older than the victim;
(iv) RCW 9A.44.079, provided that the person convicted was at least eight years older than the victim;
(v) RCW 9A.44.083;
(vi) RCW 9A.44.086, provided that the person convicted was at least eight years older than the victim;
(vii) RCW 9A.44.100;
(viii) Any predecessor or antecedent statute for the offenses listed in (e)(i) through (vii) of this subsection;
(ix) Any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (e)(i) through (vii) of this subsection.

(f) The presumption established in (d) of this subsection may be rebutted only after a written finding that:

(i) If the child was not the victim of the sex offense committed by the parent requesting visitation, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (B) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or
(ii) If the child was the victim of the sex offense committed by the parent requesting visitation, (A) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child’s counselor believes such contact between the child and the offending parent is in the child’s best interest, and (C) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(g) The presumption established in (e) of this subsection may be rebutted only after a written finding that:
(i) If the child was not the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (A) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (B) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) If the child was the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (A) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (B) if the child is in or has been in therapy for victims of sexual abuse, the child’s counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child’s best interest, and (C) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(h) If the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have visitation with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(i) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been adjudicated as a juvenile of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(j) If the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(k) A court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order supervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised visitation has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of visitation between the parent and child in the presence of the convicted juvenile, and after consideration of evidence of the

(l) A court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised visitation has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9A.44 RCW, RCW 9A.64.020, or chapter 9.68A RCW, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of visitation between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the
adjudicated juvenile’s compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(m)(i) The limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting visitation. If the court expressly finds based on the evidence that limitations on visitation with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting visitation, the court shall restrain the person seeking visitation from all contact with the child.

(ii) The court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender’s presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) If the court limits visitation under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(n) If the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent’s or other person’s harmful or abusive conduct will recur is so remote that it would not be in the child’s best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent’s conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) Any person may petition the court for visitation rights at any time including, but not limited to, custody proceedings. The court may order visitation rights for any person when visitation may serve the best interest of the child whether or not there has been any change of circumstances.

(4) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child. Modification of a parent’s visitation rights shall be subject to the requirements of subsection (2) of this section.

(5) For the purposes of this section, a parent’s child means that parent’s natural child, adopted child, or stepchild.

PART 2 - BASIC ELECTRICAL WORK

Sec. 201. RCW 19.28.101 and 1996 c 241 s 4 are each amended to read as follows:

(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies except for basic electrical work as defined in this chapter. The department may not require an electrical work permit for class A basic electrical work unless deficiencies in the installation or repair require inspection. The department may inspect class B basic electrical work on a random basis as specified by the department in rule. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(3).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

(5) Persons, firms, partnerships, corporations, or other entities making electrical installations shall obtain inspection and approval from an authorized representative of the department as required by this chapter before requesting the electric utility to connect to the installations. Electric utilities may connect to the installations if approval is clearly indicated by certification of the electrical work permit required to be affixed to each installation or by equivalent means, except that increased or relocated services may be reconnected immediately at the discretion of the utility before approval if an electrical work permit is displayed. The permits shall be furnished upon payment of the fee to the department.

(6) The director, subject to the recommendations and approval of the board, shall set by rule a schedule of license and electrical work permit fees that will cover the costs of administration and enforcement of this chapter. The rules shall be adopted in accordance with the administrative procedure act, chapter 34.05 RCW. No fee may be charged for plug-in mobile homes, recreational vehicles, or portable appliances.

Sec. 801. RCW 18.106.070 and 1997 c 326 s 6 are each amended to read as follows:

(1) The department shall issue a certificate of competency to all applicants who have passed the examination and have paid the fee for the certificate. The certificate shall bear the date of issuance, and shall expire on the birthdate of the holder immediately following the date of issuance. The certificate shall be renewable every other year, upon application, on or before the birthdate of the holder. (\(A\) renewal fee shall be assessed for each certificate.) The department shall renew a certificate of competency if the applicant: (a) Pays the renewal fee assessed by the department; and (b) during the past two years has completed sixteen hours of continuing education approved by the department with the advice of the advisory board, including four hours related to electrical safety. If a person fails to renew the certificate by the renewal date, he or she must pay a doubled fee. If the person does not renew the certificate within ninety days of the renewal date, he or she must retake the examination and pay the examination fee. The journeyman plumber and specialty plumber certificates of competency, the medical gas piping installer endorsement, and the temporary permit provided for in this chapter grant the holder the right to engage in the work of plumbing as a journeyman plumber, specialty plumber, or medical gas piping installer, in accordance with their provisions throughout the state and within any of its political subdivisions on any job or any employment without additional proof of competency or any other license or permit or fee to engage in the work. This section does not preclude employees from adhering to a union security clause in any employment where such a requirement exists.

(2) A person who is indentured in an apprenticeship program approved under chapter 49.04 RCW for the plumbing construction trade or who is learning the plumbing construction trade may work in the plumbing construction trade if supervised by a certified journeyman plumber or a certified specialty plumber in that plumber’s specialty. All apprentices and individuals learning the plumbing construction trade shall obtain a plumbing training certificate from the department. The certificate shall authorize the holder to learn the plumbing construction trade while under the direct supervision of a journeyman plumber or a specialty plumber working in his or her specialty. The holder of the plumbing training certificate shall renew the certificate annually. At the time of renewal, the holder shall provide the department with an accurate list of the holder’s employers in the plumbing construction industry for the previous year and the number of hours worked for each employer. An annual fee shall be charged for the issuance or renewal of the certificate. The department shall set the fee by rule. The fee shall cover but not exceed the cost of administering and enforcing the trainee certification and supervision requirements of this chapter. Apprentices and individuals learning the plumbing construction trade shall have their plumbing training certificates in their possession at all times that they are performing plumbing work. They shall show their certificates to an authorized representative of the department at the representative’s request.

(3) Any person who has been issued a plumbing training certificate under this chapter may work if that person is under supervision. Supervision shall consist of a person being on the same job site and under the control of either a journeyman plumber or an appropriate specialty plumber who has an applicable certificate of competency issued under this chapter. Either a journeyman plumber or an appropriate specialty plumber shall be on the same job site as the noncertified individual for a minimum of seventy-five percent of each working day
unless otherwise provided in this chapter. The ratio of noncertified individuals to certified journeymen or specialty plumbers working on a job site shall be: (a) ((From July 28, 1985, through June 30, 1988, not more than three noncertified plumbers working on any one job site for every certified journeyman or specialty plumber; (b) effective July 1, 1988.)) Not more than two noncertified plumbers working on any one job site for every certified specialty plumber or journeyman plumber working as a specialty plumber; and ((c) effective July 1, 1988.)) (b) not more than one noncertified plumber working on any one job site for every certified journeyman plumber working as a journeyman plumber. An individual who has a current training certificate and who has successfully completed or is currently enrolled in an approved apprenticeship program or in a technical school program in the plumbing construction trade in a school approved by the work force training and education coordinating board, may work without direct on-site supervision during the last six months of meeting the practical experience requirements of this chapter.

(4) An individual who has a current training certificate and who has successfully completed or is currently enrolled in a medical gas piping installer training course approved by the department may work on medical gas piping systems if the individual is under the direct supervision of a certified medical gas piping installer who holds a medical gas piping installer endorsement one hundred percent of a working day on a one-to-one ratio.

(5) The training to become a certified plumber must include not less than sixteen hours of classroom training established by the director with the advice of the board. The classroom training must include, but not be limited to, electrical wiring safety, grounding, bonding, and other related items plumbers need to know to work under section 301 of this act.

(6) All persons who are certified plumbers before January 1, 2003, are deemed to have received the classroom training required in subsection (5) of this section.

SSB 5715 Prime Sponsor, Senate Committee On Financial Services, Insurance & Housing: Creating the financial fraud alert act. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that financial fraud and crimes against financial institutions and merchants are increasing exponentially in Washington state. Until recently, these crimes cost businesses and consumers thousands of dollars in losses. They now cost millions of dollars. The legislature further finds that noncredit losses to financial institutions, and credit card, debit card, and check fraud against
merchants impose danger to consumers and their financial privacy, and burden law enforcement and public prosecutors with crimes that are difficult to detect and prosecute. The growth in financial fraud also provides opportunities for organized crime and terrorist organizations, and undermines the stability and reliability of financial and other businesses upon which commerce and the economy rely.

The legislature intends to enable financial institutions and merchants, to the extent permitted by federal law, to exchange information to prevent, detect, deter, and assist in the prosecution of financial fraud, bank robbery, money laundering, and other financial crimes.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(3) "Financial institution" means: (a) Any person doing business under the laws of any state or the United States relating to commercial banks, bank holding companies, financial holding companies, savings banks, savings and loan associations, trust companies, or credit unions; (b) any office of an international banking corporation, branch of a foreign bank, or corporation organized pursuant to the Bank Service Corporation Act (12 U.S.C. Sec. 1861-1867) or a corporation organized under the Edge Act (12 U.S.C. Sec. 611-633); (c) subsidiaries, affiliates, service corporations of the persons in (a) and (b) of this subsection; (d) third-party service providers that provide servicing, processing, account maintenance, or security for the persons in (a), (b), and (c) of this subsection; or (e) any group, organization, or association consisting primarily of the persons in (a) through (c) of this subsection, including, without limitation, the Washington bankers association, the American bankers association, and other associations of banks, savings institutions, and/or credit unions, whether inside or outside the state of Washington. (a) Access to the fraud alert network is private, and limited to financial institutions, merchants, and law enforcement agencies;

(e) Information posted shall be accessible only to designated employees, and the distribution of information is limited to those employees, attorneys, and agents of participants who have job-related duties relevant to the use of such information in connection with preventing, detecting, deterring, or assisting in the prosecution of financial crimes;

(f) The fraud alert network has procedures reasonably calculated to ensure the security of the information obtained;

(g) Users of the fraud alert network are informed that the information obtained from the fraud alert network may not be used to evaluate and make decisions about applications for loans, lines of credit, and credit cards;

NEW SECTION. Sec. 4. The immunity of section 3 of this act shall not apply to any participant that:

However, if it is determined that the federal fair credit reporting act applies to a fraud alert network, the Washington fair credit reporting act shall likewise be applicable.

NEW SECTION. Sec. 6. (1) The fraud alert network and its participants shall notify the public regarding the existence of the fraud alert network and how it functions. confinement, release to community custody, and length of community custody established in RCW 9.94A.712, 9.94A.713, 72.09.335, and 9.95.420 through 9.95.440.

Sec. 3. RCW 9.95.055 and 2001 2nd sp.s. c 12 s 325 are each amended to read as follows:

The indeterminate sentence review board is hereby granted authority, in the event of a declaration by the governor that a war emergency exists, including a general mobilization, and for the duration thereof only, to reduce downward the minimum term, as set by the board, of any inmate under the jurisdiction of the board confined in a state correctional facility, who will be accepted by and inducted into the armed services:

Provided, That a reduction downward shall not be made under this section for those inmates who: (1) Are confined for (a) treason; (b) murder in the first degree; or (c) rape of a child in the first degree where the victim is under ten years of age or an equivalent offense under prior law; (2) are being considered for civil commitment as a sexually violent predator under chapter 71.09 RCW; or (3) were being sentenced under RCW 9.94A.712 for a crime committed on or after (July 1, 1984) September 1, 2001.

Sec. 4. RCW 9.95.070 and 2001 2nd sp.s. c 12 s 327 are each amended to read as follows:

(1) Every prisoner, convicted of a crime committed before July 1, 1984, who has a favorable record of conduct at ((the penitentiary or the reformatory)) a state correctional institution, and who performs in a faithful, diligent, industrious, orderly and peaceable manner the work, duties, and tasks assigned to him or her to the satisfaction of the superintendent of the ((penitentiary or reformatory)) institution, and whose conduct has been meritorious and recommending allowance of time credits to him or her, shall upon, but not until, the adoption of such recommendation by the indeterminate sentence review board, be allowed time credit reductions from the term of imprisonment fixed by the board.

(2) Offenders sentenced under RCW 9.94A.712 for a crime committed on or after ((July 1, 1984)) September 1, 2001, are subject to the earned release provisions for sex offenders established in RCW 9.94A.728.

Sec. 5. RCW 9.95.120 and 2001 2nd sp.s. c 12 s 333 are each amended to read as follows:

Whenever the board or a community corrections officer of this state has reason to believe a person convicted of a crime committed before July 1, 1984, has breached a condition of his or her parole or violated the law of any state where he or she may then be or the rules and regulations of the board, any community corrections officer of this state may arrest or cause the arrest and detention and suspension of parole of such convicted person pending a determination by the board whether the parole of such convicted person shall be revoked. All facts and circumstances surrounding the violation by such convicted person shall be reported to the board by the community corrections officer, with recommendations. The board, after consultation with the secretary of corrections, shall make all rules and regulations concerning procedural matters, which shall include the time when state community corrections officers shall file with the board reports required by this section, procedures pertaining thereto and the filing of such information as may be necessary to enable the board to perform its functions under this section. On the basis of the report by the community corrections officer, or at any time upon its own discretion, the board may revise or modify the conditions of parole or order the suspension of parole by the issuance of a written order bearing its seal, which order shall be sufficient warrant for all peace officers to take into custody any convicted person who may be on parole and retain such person in their custody until arrangements can be made by the board for his or her return to a state correctional institution for convicted felons. Any such revision or modification of the conditions of parole or the order suspending parole shall be personally served upon the parolee.

Any parolee arrested and detained in physical custody by the authority of a state community corrections officer, or upon the written order of the board, shall not be released from custody on bail or personal recognizance, except upon approval of the board and the issuance by the board of an order of reinstatement on parole on the same or modified conditions of parole.

All chiefs of police, marshals of cities and towns, sheriffs of counties, and all police, prison, and peace officers and constables shall execute any such order in the same manner as any ordinary criminal process.

Whenever a paroled prisoner is accused of a violation of his or her parole, other than the commission of, and conviction for, a felony or misdemeanor under the laws of this state or the laws of any state where he or she may then be, he or she shall be entitled to a fair and impartial hearing of such charges within thirty days from the time that he or she is served with charges of the violation of conditions of parole after his or her arrest and detention. The hearing shall be held before one or more members of the board at a place or places, within this state, reasonably near the site of the alleged violation or violations of parole.

In the event that the board suspends a parole by reason of an alleged parole violation or in the event that a parole is suspended pending the disposition of a new criminal charge, the board shall have the power to nullify the order of suspension and reinstate the individual to parole under previous conditions or any new conditions that the board may determine advisable. Before the board shall nullify an order of suspension and reinstate a parole they shall have determined that the best interests of society and the individual shall best be served by such reinstatement rather than a return to a ((penal)) correctional institution.
Sec. 6. RCW 9.95.440 and 2001 2nd sp.s. c 12 s 310 are each amended to read as follows:

In the event the board suspends the release status of an offender released under RCW 9.95.420 by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under RCW 9.94A.713(5). Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

Sec. 7. RCW 9.95.110 and 2001 2nd sp.s. c 12 s 331 are each amended to read as follows:

(1) The board may permit an offender convicted of a crime committed before July 1, 1984, to leave the buildings and enclosures of a state correctional institution on parole, after such convicted person has served the period of confinement fixed for him or her by the board, less time credits for good behavior and diligence in work: PROVIDED, That in no case shall an inmate be credited with more than one-third of his or her sentence as fixed by the board.

The board may establish rules and regulations under which an offender may be allowed to leave the confines of a state correctional institution on parole, and may return such person to the confines of the institution from which he or she was paroled, at its discretion.

(2) The board may permit an offender convicted of a crime committed on or after ((July)) September 1, 2001, and sentenced under RCW 9.94A.712, to leave a state correctional institution on community custody according to the provisions of RCW 9.94A.712, 9.94A.713, 72.09.335, and 9.95.420 through 9.95.440. The person may be returned to the institution following a violation of his or her conditions of release to community custody pursuant to the hearing provisions of RCW 9.95.435."

"NEW SECTION. Sec. 1. A new section is added to chapter 90.48 RCW to read as follows:

(1) In order to ensure that construction projects involving the use of fill material do not pose a threat to water quality, the department may require that the suitability of potential fill material be evaluated using a leaching test included in the soil clean-up rules adopted by the department under chapter 70.105D RCW in any water quality certification issued under section 401 of the federal clean water act and in any administrative order issued under this chapter, where such certification or administrative order authorizes the placement of fill material, some or all of which will be placed in waters of the state. Any such requirement imposed by the department in a water quality certification or administrative order issued prior to the effective date of this section is ratified and approved by the legislature as a valid and reliable method for determining concentrations of chemical constituents that can be present in fill material without posing an unacceptable risk of violating water quality standards, and shall be in effect as imposed by the department for all work not completed by June 1, 2003.

(2) If the department utilizes a leaching test identified in subsection (1) of this section for a construction project, neither the project proponent nor any person or entity working on the project proponent's behalf may import fill material that contains heavy metals in concentrations that exceed the standards specified in the soil cleanup rules adopted according to chapter 70.105D RCW. If these rules specify more than one cleanup standard for a heavy metal, the department shall determine which standard applies.

(3) Nothing in this section limits, in any way, the department's authority under this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

The department shall identify the leaching tests utilized for evaluating the potential impacts to water quality in situations where fill material is imported. The tests may include those identified in the soil clean-up rules adopted by the department under chapter 70.105D RCW. Within existing resources, the department shall assess whether this list of leaching tests provides appropriate methods for analyzing water quality impacts for all types of projects and in all circumstances where fill material is imported. The department shall also identify any
gaps in leaching test methodology. The department shall report both the leaching test list and the list of test methodology gaps to the appropriate committees of the legislature by December 31, 2003.

"NEW SECTION. Sec. 4. The legislature finds that a large group of children spend a significant part of their lives in foster care. Each individual connected to a child in an out-of-home placement must have an abiding appreciation of the seriousness of the child’s separation from his or her family and the past, whether that separation is short, long, or permanent in nature. It is the intent of the legislature to recognize and honor the history and the family connections that each child brings to an out-of-home placement. The legislature finds that creating and sanctioning a connection between a child’s birth parents and foster family, when appropriate, can result in better relationships among birth families, children, foster families, and social workers. Creating and sanctioning this connection can result in greater foster placement stability and fewer disruptions for children, as well as greater satisfaction for foster parents and social workers."

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile’s criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B
SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition’s execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:
    (a) Adjudicated of an A+ offense;
    (b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:
       (i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;
       (ii) Manslaughter in the first degree (RCW 9A.32.060); or
       (iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), intimidating a witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401(a)(1) (i) or (ii)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;
    (c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or
    (d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

OR

OPTION C
CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION ((C)) D
MANIFEST INJUSTICE

If the court determines that a disposition under option A ((or)), B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 2. RCW 13.40.160 and 2002 c 175 s 22 are each amended to read as follows:
(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

   (a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as provided in subsections (2), (3), (4), or (5) of this section. The disposition may be comprised of one or more local sanctions.

   (b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsections (2), (3), (4), and (5) of this section.

   (2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option (|(C)|) D of RCW 13.40.0357. The court’s finding of manifest injustice shall be supported by clear and convincing evidence.

   A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

   (3) When a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

   The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of problems in addition to alleged deviant behaviors, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the evaluator’s information.

   The examiner shall assess and report regarding the respondent’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

   (a) (i) Frequency and type of contact between the offender and therapist;
   (ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;
   (iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
   (iv) Anticipated length of treatment; and
   (v) Recommended crime-related prohibitions.

   The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

   After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option (|(C)|) D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

   (b) (i) Devote time to a specific education, employment, or occupation;
   (ii) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers without court approval after a hearing if the prosecutor or probation counselor object to the change;
   (iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender’s address, educational program, or employment;
   (iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;
   (v) Report as directed to the court and a probation counselor;
   (vi) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;
   (vii) Make restitution to the victim for the cost of any counseling reasonably related to the offense;
(viii) Comply with the conditions of any court-ordered probation bond; or
(ix) The court shall order that the offender may not attend the public or approved private elementary,
middle, or high school attended by the victim or the victim’s siblings. The parents or legal guardians of the
offender are responsible for transportation or other costs associated with the offender’s change of school that
would otherwise be paid by the school district. The court shall send notice of the disposition and restriction on
attending the same school as the victim or victim’s siblings to the public or approved private school the juvenile
will attend, if known, or if unknown, to the approved private schools and the public school district board of
directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest
possible date but not later than ten calendar days after entry of the disposition.

The sex offender treatment provider shall submit quarterly reports on the respondent’s progress in
treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum
the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the
respondent’s relative progress in treatment, and any other material specified by the court at the time of the
disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers
appropriate.

Except as provided in this subsection (3), after July 1, 1991, examinations and treatment ordered
pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the
department of health pursuant to chapter 18.155 RCW. A sex offender therapist who examines or treats a
juvenile sex offender pursuant to this subsection does not have to be certified by the department of health
pursuant to chapter 18.155 RCW if the court finds that: (A) The offender has already moved to another state or
plans to move to another state for reasons other than circumventing the certification requirements; (B) no certified
providers are available for treatment within a reasonable geographical distance of the offender’s home; and (C)
the evaluation and treatment plan comply with this subsection (3) and the rules adopted by the department of
health.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to
make satisfactory progress in treatment, the court may revoke the suspension and order execution of the
disposition or the court may impose a penalty of up to thirty days’ confinement for violating conditions of the
disposition. The court may order both execution of the disposition and up to thirty days’ confinement for the
violation of the conditions of the disposition. The court shall give credit for any confinement time previously
served if that confinement was for the offense for which the suspension is being revoked.

For purposes of this section, “victim” means any person who has sustained emotional, psychological,
physical, or financial injury to person or property as a direct result of the crime charged. “Victim” may also
include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the
perpetrator of the offense.

A disposition entered under this subsection (3) is not appealable under RCW 13.40.230.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks
of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative
under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the
disposition alternative under section 3 of this act.

(6) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in
violation of RCW 9.41.040(1)(b)(iii) or any crime in which a special finding is entered that the juvenile was
armed with a firearm.

(7) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a
dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(8) Except as provided under subsection (3) ((6)(4)), or (5) of this section, or option B of RCW
13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the
disposition.

In no case shall the term of confinement imposed by the court at disposition exceed that to
which an adult could be subjected for the same offense.

NEW SECTION. Sec. 3. A new section is added to chapter 13.40 RCW to read as follows:
(1) When an offender is subject to a standard range commitment of 15 to 65 weeks, the court may:
(a) Impose the standard range; or
(b) Suspend the standard range disposition on condition that the offender complies with the terms of this
mental health disposition alternative.

(2) The court may impose this disposition alternative when the court finds the following:
(a) The offender has a current diagnosis, consistent with the American psychiatry association diagnostic
and statistical manual of mental disorders, of axis I psychiatric disorder, excluding youth that are diagnosed as
solely having a conduct disorder, oppositional defiant disorder, substance abuse disorder, paraphilia, or
pedophilia;
(b) An appropriate treatment option is available in the local community;
(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxication, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. For any mental health treatment ordered for an offender under this section, the treatment option selected shall be chosen from among programs which have been successful in addressing mental health needs of juveniles and successful in mental health treatment of juveniles and identified as research-based best practice programs. A list of programs which meet these criteria shall be agreed upon by: The Washington association of juvenile court administrators, the juvenile rehabilitation administration of the department of social and health services, a representative of the division of public behavioral health and justice policy at the University of Washington, and the Washington institute for public policy. The list of programs shall be created not later than July 1, 2003. The group shall provide the list to all superior courts, its own membership, the legislature, and the governor. The group shall meet annually and revise the list as appropriate; and

(d) The offender, offender’s family, and community will benefit from use of the mental health disposition alternative.

(3) The court on its own motion may order, or on motion by either party, shall order a comprehensive mental health evaluation to determine if the offender has a designated mental disorder. The court may also order a chemical dependency evaluation to determine if the offender also has a co-occurring chemical dependency disorder. The evaluation shall include at a minimum the following: The offender’s version of the facts and the official version of the facts, the offender’s offense, an assessment of the offender’s mental health and drug-alcohol problems and previous treatment attempts, and the offender’s social, criminal, educational, and employment history and living situation.

(4) The evaluator shall determine if the offender is amenable to research-based treatment. A proposed case management and treatment plan shall include at a minimum:

(a) The availability of treatment;
(b) Anticipated length of treatment;
(c) Whether one or more treatment interventions are proposed and the anticipated sequence of those treatment interventions;
(d) The education plan;
(e) The residential plan; and
(f) The monitoring plan.

(5) The court on its own motion may order, or on motion by either party, shall order a second mental health or chemical dependency evaluation. The party making the motion shall select the evaluator. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim’s opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition of not more than 65 weeks, suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. Confinement in a secure county detention facility, other than county group homes, inpatient psychiatric treatment facilities, and substance abuse programs, shall be limited to thirty days. As a condition of a suspended disposition, the court shall require the offender to participate in the recommended treatment interventions.

(8) The treatment providers shall submit monthly reports to the court and parties on the offender’s progress in treatment. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, medication management, the offender’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

(9) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition’s execution.

(10) An offender is ineligible for the mental health disposition option under this section if the offender is adjudicated of a sex or violent offense as defined in RCW 9.94A.030.

Sec. 4. RCW 13.40.165 and 2002 c 175 s 23 and 2002 c 42 s 1 are each reenacted and amended to read as follows:

(1) The purpose of this disposition alternative is to ensure that successful treatment options to reduce recidivism are available to eligible youth, pursuant to RCW 70.96A.520. The court must consider eligibility for the chemical dependency disposition alternative when a juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, other than a first time B+ offense under chapter 69.50 RCW. The court, on its own motion or the motion of the state or the
respondent if the evidence shows that the offender may be chemically dependent or substance abusing, may order an examination by a chemical dependency counselor from a chemical dependency treatment facility approved under chapter 70.96A RCW to determine if the youth is chemically dependent or substance abusing. The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(2) The report of the examination shall include at a minimum the following: The respondent’s version of the facts and the official version of the facts, the respondent’s offense history, an assessment of drug-alcohol problems and previous treatment attempts, the respondent’s social, educational, and employment situation, and other evaluation measures used. The report shall set forth the sources of the examiner’s information.

(3) The examiner shall assess and report regarding the respondent’s relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:
   (a) Whether inpatient and/or outpatient treatment is recommended;
   (b) Availability of appropriate treatment;
   (c) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;
   (d) Anticipated length of treatment; and
   (e) Recommended crime-related prohibitions.

(4) The court on its own motion may order, or on a motion by the state or the respondent shall order, a second examination. The evaluator shall be selected by the party making the motion. The requesting party shall pay the cost of any examination ordered under this subsection unless the requesting party is the offender and the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(5)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this chemical dependency disposition alternative and consider the victim’s opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this chemical dependency disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option ((C)) D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of fifty-two weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol treatment and/or inpatient drug/alcohol treatment. For purposes of this section, inpatient treatment may not exceed ninety days. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to thirty days of confinement, one hundred fifty hours of community restitution, and payment of legal financial obligations and restitution.

(6) The drug/alcohol treatment provider shall submit monthly reports on the respondent’s progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent’s compliance with requirements, treatment activities, the respondent’s relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(7) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged.

(8) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(9) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(10) A disposition under this section is not appealable under RCW 13.40.230.

NEW SECTION. Sec. 5. Because model adherence and competent delivery of research-based intervention programs is critical for reducing recidivism, the Washington state institute for public policy shall develop adherence and outcome standards for measuring effectiveness of treatment programs referred to in this act. The standards shall be developed and presented to the governor and legislature no later than January 1, 2004. The standards shall include methods for measuring competent delivery of interventions as well as success factors following treatment. The standards shall include, but not be limited to hiring, training and retaining qualified providers, managing and overseeing the delivery of treatment services, and developing quality assurance measures. The department shall utilize these standards to assess program effectiveness. The courts shall also
utilize these standards in determining their continued use of these alternatives. The courts shall not continue to use programs that do not comply with these standards.

NEW SECTION. Sec. 6. (1) A task force is created for the purpose of examining the coordination of information, education services, and matters of public safety when juvenile offenders are placed into public schools, following their conviction.

(2) The task force shall be chaired by the superintendent of public instruction and include a representative from the juvenile rehabilitation administration of the department of social and health services, the state board of education, associations which represent school teachers, administrators, and school boards, superior court judges, the Washington association of juvenile court administrators, prosecuting attorneys, the governor, attorneys whose practice includes criminal defense work for juvenile defendants, three groups whose primary purpose is the delivery of services to families and children, and law enforcement. The three groups who deliver services shall be selected by the superintendent of public instruction.

ESSB 5904 Prime Sponsor, Senate Committee On Ways & Means: Concerning prescription drug assistance programs for seniors. Reported by Committee on Health Care

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to establish an evidence-based preferred drug list, develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.

(2) The department is directed to obtain necessary federal waivers to implement this program. Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.

(3) Eligibility for this program is limited to persons:
   (a) Who are eligible for medicare or age sixty-five and older;
   (b) Whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;
   (c) Who do not otherwise have insurance that provides prescription drug coverage; and
(d) Who are not otherwise eligible under Title XIX of the federal social security act.
(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.
(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriations for this program or to assure necessary compliance with federal waiver budget neutrality requirements. The department shall not reduce existing medical assistance program eligibility or benefits to assure compliance with federal waiver budget neutrality requirements.
(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.
(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the federal social security act.
(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:
(1) The health care authority shall establish a prescription drug purchasing consortium and shall coordinate the participation of state agencies and private individuals in the consortium. The authority shall establish a preferred drug list for use as provided in this chapter through an evidence-based process that evaluates the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, outcomes, and any unique impacts on specific populations based upon factors such as sex, age, ethnicity, race, or disability. The preferred drug list shall be used for entities and private individuals participating in the consortium.
(2) State purchased health care programs shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of retail pharmacies. The administrator shall not require that any supplemental rebate offered by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to state purchased health care programs other than medical assistance, or to private individuals participating in the consortium. The administrator shall explore joint purchasing opportunities with other states to achieve quality cost-effective prescription drug coverage for those participating in the consortium.
(3) Participation in the purchasing consortium and other related activities is purely voluntary for individuals who lack insurance or are underinsured for prescription drug coverage. Unaffiliated individuals who participate in the consortium shall receive reduced costs comparable to those negotiated by the consortium for its preferred prescription drugs. The administrator may set reasonable fees, including enrollment fees for participating individuals, to cover administrative costs attributable to participation in prescription drug consortium activities. A private individual may limit their participation to one or more of the consortium’s program components.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:
The consolidated prescription drug purchasing account is created in the custody of the state treasurer. All receipts under section 3(3) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:
(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:
(a) Determining whether an assistance program is offered for the needed drug or drugs;
(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;
(c) Assisting persons with the application and enrollment in an assistance program;
(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and
(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, "manufacturer-sponsored prescription drug assistance program" means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

NEW SECTION. Sec. 6. A new section is added to chapter 74.09 RCW to read as follows:
Each of the state’s area agencies on aging shall implement a program intended to inform and train persons sixty-five years and older in the safe and appropriate use of prescription and nonprescription medications. To further this purpose, the department shall award a development grant of up to twenty-five thousand dollars to each of the agencies upon a showing that:
(1) The agency has the ability to effectively administer such a program, including an understanding of the relevant issues and appropriate outreach and follow-up;
(2) The agency can bring resources to the program in addition to those funded by the grant; and
(3) The program will be a collaborative effort between the agency and other health care providers and programs in the location to be served, including doctors, pharmacists, and long-term care providers.

NEW SECTION. Sec. 7. A new section is added to chapter 41.05 RCW to read as follows:
The authority may adopt rules to implement this act.

NEW SECTION. Sec. 8. By January 1, 2005, the administrator of the health care authority and the director of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act.”

The use of unsafe and defective (lifting devices)) conveyances imposes a substantial probability of serious and preventable injury to employees and the public exposed to unsafe conditions. The prevention of these injuries and protection of employees and the public from unsafe conditions is in the best interest of the people of this state. ((Elevator)) Personnel performing work covered by this chapter must, by documented training or experience or both, be familiar with the operation and safety functions of the components and equipment. Training and experience must include, but not be limited to, recognizing the safety hazards and performing the procedures to which ((they)) the personnel performing conveyance work covered by this chapter are assigned in conformance with the requirements of ((the this)) this chapter. This chapter establishes the minimum standards for ((elevator)) personnel performing conveyance work.
(2) This chapter is not intended to prevent the use of systems, methods, or devices of equivalent or superior quality, strength, fire resistance, code effectiveness, durability, and safety to those required by this chapter, provided that there is technical documentation to demonstrate the equivalency of the system, method, or device, as prescribed in this chapter and the rules adopted under this chapter.
(3) In any suit for damages allegedly caused by a failure or malfunction of the conveyance, conformity with the rules of the department is prima facie evidence that the ((operation, erection, installation, alteration, maintenance, inspection, and repair of the)) conveyance work, operation, and inspection is reasonably safe to persons and property.

Sec. 11. RCW 70.87.030 and 2002 c 98 s 3 are each amended to read as follows:
The department shall adopt rules governing the mechanical and electrical operation, ((erection, installation, alteration, maintenance, inspection, and repair of conveyances)) acceptance tests, ((and repair of conveyances)) conveyance work, operation, and inspection that are necessary and appropriate and shall also adopt minimum standards governing existing installations. In the execution of this rule-making power and before the adoption of rules, the department shall consider the rules for (the safe mechanical operation, erection, installation, alteration, inspection, and repair of conveyances)) safe conveyance work, operation, and inspection, including the American National Standards Institute Safety Code for Personnel and Material Hoists, the American Society of Mechanical Engineers Safety Code for Elevators, Dumbwaiters, and Escalators, and any amendatory or supplemental provisions thereto. The department by rule shall establish a schedule of fees to pay the costs incurred by the department for the work related to administration and enforcement of this chapter. Nothing in this chapter limits the authority of the department to prescribe or enforce general or special safety orders as provided by law.

The department may consult with: Engineering authorities and organizations concerned with standard safety codes; rules and regulations governing ((the operation, maintenance, servicing, construction, alteration, installation, and/or inspection of elevators, dumbwaiters, and escalators, etcetera)) conveyance work, operation,

(1) The person (((installing, relocating, or altering a)), elevator contractor, or public agency performing conveyance work) is responsible for (((his))) operation and maintenance of the conveyance until the department has issued an operating permit for the conveyance, except during the period when a limited operating permit in accordance with RCW 70.87.090(2) is in effect, and is also responsible for all tests of a new, relocated, or altered conveyance until the department has issued an operating permit for the conveyance.
(2) The owner or his or her duly appointed agent shall be responsible for the safe operation and proper maintenance of the conveyance after the department has issued the operating permit and also during the period of effectiveness of any limited operating permit in accordance with RCW 70.87.090(2). After July 1, 2004, the department may not issue a permit for conveyance work on private residence conveyances to a person other than an elevator contractor.

Sec. 15. RCW 70.87.100 and 2002 c 98 s 5 are each amended to read as follows:

(2) The department may suspend or revoke a permit if:
(a) The permit was obtained through fraud or by error if, in the absence of error, the department would not have issued the permit;
The conveyance for which the permit was issued has not been constructed, installed, maintained, or repaired worked on in accordance with the requirements of this chapter; or

(c) The conveyance has become unsafe.

3 The department shall suspend any license issued under this chapter promptly after receiving notice from the department of social and health services that the holder of the license has been certified pursuant to RCW 74.20A.320 as a person who is not in compliance with a support order. If the person has continued to meet all the assessed civil penalties during the suspension, reissuance of the license shall be automatic upon the department’s receipt of a release issued by the department of social and health services stating that the person is in compliance with the order.

The order shall specify why the conveyance violates this chapter or is otherwise unsafe, and shall inform the owner or operator that he or she may request a hearing pursuant to RCW 70.87.170. The date the hearing was requested shall be the date the request for hearing was postmarked. The party requesting the hearing must accompany the request with a certified or cashier’s check for two hundred dollars payable to the department. The department shall refund the two hundred dollars if the party requesting the hearing prevails at the hearing; otherwise, the department shall retain the two hundred dollars.
If the department does not receive a timely request for hearing, the department’s order or action is final and may not be appealed.

(2) If the aggrieved party requests a hearing, the department shall ask an administrative law judge to preside over the hearing. The hearing shall be conducted in accordance with chapter 34.05 RCW.

Sec. 19. RCW 70.87.180 and 2002 c 98 s 9 are each amended to read as follows:

Each day of violation is a separate offense. (No) A prosecution may not be maintained ((where)) if a person has requested the issuance or renewal of a permit ((has been requested but upon which no action has been taken by)) but the department has not acted.

(2) Except as limited by RCW 70.87.050, municipalities having in effect an elevator code prior to June 13, 1963 may continue to assume jurisdiction over conveyances and to all rules pertaining to conveyances adopted and administered by the department. Upon the failure of a municipality having jurisdiction over conveyances to carry out the provisions of this chapter with regard to a conveyance, the department may assume jurisdiction over the conveyance. If a municipality elects not to maintain jurisdiction over certain conveyances located therein, it may enter into a written agreement with the department transferring exclusive jurisdiction of the conveyances to the department. A temporary elevator mechanic license ((must)) may be renewed by the department and a fee as established in rule must be charged for any temporary elevator mechanic license or renewal.

(3) The renewal of all licenses granted under this section is conditioned upon the submission of a certificate of completion of a course designed to ensure the continuing education of licensees on new and existing rules of the department. The course must consist of not less than eight hours of instruction that must be attended and completed within one year immediately preceding any license renewal.

(4) The courses must be taught by instructors through continuing education providers that may include, but are not limited to, association seminars and labor training programs. The department must approve the continuing education providers. All instructors must be approved by the department and are exempt from the requirements of subsection (3) of this section with regard to his or her application for license renewal, provided that such applicant was qualified as an instructor at any time during the one year immediately preceding the scheduled date for such renewal.

(5) A licensee who is unable to complete the continuing education course required under this section before the expiration of his or her license due to a temporary disability may apply for a waiver from the department. This will be on a form provided by the department and signed under the pains and penalties of perjury and accompanied by a certified statement of a competent physician attesting to the temporary disability. Upon the termination of the temporary disability, the licensee must submit to the department a certified statement from the same physician, if practicable, attesting to the termination of the temporary

NEW SECTION. Sec. 3. A new section is added to chapter 47.44 RCW to read as follows:

This chapter does not apply to leases issued for the deployment of personal wireless service facilities as provided in section 5 of this act.

Sec. 4. RCW 47.52.001 and 1961 c 13 s 47.52.001 are each amended to read as follows:

(1) Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed.

(2) Personal wireless service is critical to the state’s infrastructure. The rapid deployment of personal wireless service facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

(3) It is, therefore, the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities; except that the use of the rights of way of limited access facilities must be permitted for the deployment of personal wireless service facilities.

NEW SECTION. Sec. 5. A new section is added to chapter 47.04 RCW to read as follows:

(1) For the purposes of this section:

(a) "Right of way" means all state-owned land within a state highway corridor.

(b) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, or person that owns, operates, or manages any personal wireless service facility. "Service provider" includes a service provider’s contractors, subcontractors, and legal successors.

(2) The department shall establish a process for issuing a lease for the use of the right of way by a service provider and shall require that telecommunications equipment be co-located on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(3) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

If the department and the service provider are unable to agree on the cost of the lease, the service provider may submit the cost of the lease to binding arbitration by serving written notice on the department. Within thirty days of receiving the notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or panel shall determine the cost of the lease based on comparable siting agreements. Costs of the arbitration, including compensation for the arbitrator’s services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(4) The department shall act on an application for a lease within sixty days of receiving a completed application, unless a service provider consents to a different time period.

(5) The reasons for a denial of a lease application must be supported by substantial evidence contained in a written record.

(6) The department may adopt rules to implement this section.

(7) All lease money paid to the department under this section shall be deposited in the motor vehicle fund created in RCW 46.68.070.

NEW SECTION. Sec. 6. The process for issuing leases required in section 5(2) of this act must be established by the effective date of this act.
NEW SECTION. Sec. 7. The department of transportation shall report to the legislature on the implementation of the lease process. The department must submit this report to the house technology, telecommunications and energy committee and the senate technology and communications committee. An implementation report shall be submitted by January 15, 2004, and a status report shall be submitted by January 15, 2005.

NEW SECTION. Sec. 8. Applications for wireless site leases pending on the effective date of this act must be treated as applications under section 5 of this act with the consent of the applicant.

The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

(2) The department may ((propose)) adopt amendments to the guidelines not more than once each year. ((At least once every five years)) Such amendments shall be limited to: (a) Addressing technical or procedural issues that result from the review and adoption of master programs under the guidelines; or (b) issues of guideline compliance with statutory provisions. (b) Nothing in this subsection (2) shall preclude a local government from developing or amending its master program prior to the dates established by this subsection (2).

(3)(a) Following approval by the department of a new or amended master program, local governments required to develop or amend master programs on or before December 1, 2009, as provided by subsection (2)(a)(i) and (ii) of this section, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) of this section. Any jurisdiction listed in subsection (2)(a)(i) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before the effective date of this section, shall not be required to complete master program amendments until seven years after the applicable date provided by subsection (2)(a)(iii) of this section.

(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) through (vi) of this section and shall not be required to complete master program amendments until seven years after the applicable dates established by subsection (2)(a)(iii) through (vi) of this section.

(4) Local governments shall conduct a comprehensive review of their master programs at least once every seven years after the applicable dates established by subsection (2)(a)(iii) through (vi) of this section. (b) To assure consistency of the master program with the local government’s comprehensive plan and development regulations adopted under chapter 36.70A RCW, if applicable, and other local requirements.

(5) Local governments are encouraged to begin the process of developing or amending their master programs early and are eligible for grants from the department as provided by RCW 90.58.250, subject to available funding. Except for those local governments listed in subsection (2)(a)(i) and (ii) of this section, the deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(6)(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennia, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

(7) Notwithstanding the provisions of this section, all local governments subject to the requirements of this chapter that have not developed or amended master programs on or after March 1, 2002, shall, no later than December 1, 2014, develop or amend their master programs to comply with guidelines adopted by the department after January 1, 2003.

SJM 8000 Prime Sponsor, Senator Fraser: Requesting the federal energy regulatory commission to withdraw a proposal affecting electricity. Reported by Committee on Technology, Telecommunications & Energy

MAJORITY recommendation: Do pass as amended.

Beginning on page 1, line 1, strike all material through "Washington." on page 2, line 37, and insert the following:

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:

WHEREAS, The Federal Energy Regulatory Commission proposal establishing a standard market design (SMD) for electricity proceeds from the premise that a single market model will work for the entire nation, as a result it would fundamentally change the way the transmission system is operated, expand the Commission’s authority in state decisions regarding resource adequacy and demand response, and dismantle the regional benefits derived from public power; and

WHEREAS, Washington state has a comprehensive electricity policy, which encourages efficiency while reflecting our unique resource base; and

WHEREAS, The Northwest electricity system is different from most of the rest of the nation, including substantial differences in the transmission ownership, a hydro-based system where the amount of energy
generated is limited by the amount of water in the rivers and behind the dams, complex legal arrangements for multiple uses of the water to meet diverse goals (power, irrigation, fisheries, recreation, and treaty obligations), and a hydro-based system that requires substantial coordination among plant owners and utilities, rather than the competitive market-based structure the SMD promotes; and

WHEREAS, The Northwest electricity system has produced affordable, cost-based rates and reliable service for our region; and

WHEREAS, Deregulation broke up traditional regulated utilities in order to create trading markets with the promise of lower costs, more consumer choice, more reliability, and fewer government bailouts. It in fact produced higher prices, more manipulation of consumers, volatility, brownouts, and bailouts running into the tens of billions; and

WHEREAS, The SMD would harm consumers in our region through increased costs and decreased reliability;

NOW, THEREFORE, Your Memorialists respectfully pray that the Federal Energy Regulatory Commission leave the Northwest electricity system in place and withdraw the Notice of Proposed Rulemaking establishing a Standard Market Design (SMD) for electricity; and

Your Memorialists further pray that in the event that the Federal Energy Regulatory Commission does not withdraw its proposal, the President and Congress take action to prevent the Federal Energy Regulatory Commission from proceeding with their proposal.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Spencer Abraham, the Secretary of the United States Department of Energy, the Members of the Federal Energy Regulatory Commission, Chairman Patrick Wood, III, Commissioner Nora M. MAJORITY recommendation: Do pass as amended.

Beginning on page 1, after line 10, strike all material through "Washington." on page 3, line 20, and insert the following:

"WHEREAS, Wildfires in forest areas are increasing at an alarming rate with the 2002 fire season one of the most severe since the 1940s; and

WHEREAS, There are over 180 million acres of public land near communities with a high risk of fire; and

WHEREAS, Forest health both in Washington state and throughout the nation has been on a steady decline in many forests over the last thirty years; and

WHEREAS, Forest insect infestations, disease, overly dense forests, weeds, and brush and shrub build-up are increasing problems; and

WHEREAS, Federal government agencies can help address the issues faced by forests in Washington by working closely with the state and local communities to restore damaged landscapes and appropriately reforest and manage lands near homes and urban areas;

NOW, THEREFORE, Your Memorialists respectfully pray that there be appropriate forest health-related management activities conducted on all forestland and on all Washington national forests. Appropriate forest management will enhance and protect the health of federal, state, and private forestlands. Such efforts will reduce the effects of catastrophic wildfire that threaten all forest values, including wildlife, water quality, and recreation opportunities. Appropriate management will protect communities within and surrounding the forests.

BE IT FURTHER RESOLVED, That the United States Forest Service review the effectiveness of current fire fighting procedures and fire fighting procedures used in the past, including fire breaks established before fires and fire lines established during fires, to ensure that the most effective methods are used; and

BE IT FURTHER RESOLVED, That we strongly support federal management activities to reduce the risk of further spreading of insects and disease to state forestlands and private lands adjacent to federal lands; and

BE IT FURTHER RESOLVED, That we encourage the United States Forest Service to first focus management activities on federal lands that threaten adjacent private lands to decrease the risk of wildfire that
could spread on to privately owned timberland, and then request from Congress the authority to use revenue generated from harvest activities to fund ecosystem restoration and reforestation activities to benefit fish and wildlife and improve water quality; and

BE IT FURTHER RESOLVED, That we encourage the United States Forest Service to strongly consider current market conditions and the economic viability of timber sales when choosing harvest methods, encourage innovative and efficient logging techniques that ensure adequate protection for fish, wildlife, and water quality, and capture as much economic value from timber as possible without compromising water quality or wildlife habitat; and

BE IT FURTHER RESOLVED, That federal, state, and local agencies work together with the public to streamline the processes to jointly address all forest health issues in order to stem the tide of forest and grazing land wildfire, insect infestations, disease, and environmental degradation; and

BE IT FURTHER RESOLVED, That federal and state agencies work with all stakeholders to promote efforts that provide policy solutions and to conduct field operations so that our nation’s public forests’ health issues can be addressed; and

BE IT FURTHER RESOLVED, That Congress provide adequate funding levels for the United States Forest Service and continually assess the progress towards a healthy forest environment;

BE IT FURTHER RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the Honorable Ann M. Veneman, Secretary of the Department of Agriculture, Dale Bosworth, Chief of the Forest Service, and the Honorable Gail A. Norton, Secretary of the Department of the Interior, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.”

*NEW SECTION. Sec. 1.* A new section is added to chapter 70.54 RCW to read as follows: 
(1) The secretary of health shall design a state plan for the prevention, education, and treatment of hepatitis C by January 1, 2004. In developing the plan, the secretary shall seek the input of:
(a) The public;
(b) Patient groups and organizations;
(c) Relevant state agencies that have functions that involve hepatitis C or provide services to persons with hepatitis C;
(d) Local health departments;
(e) Public health and clinical laboratories;
(f) Providers of services to persons with hepatitis C;
(g) Research scientists;
(h) The University of Washington;
(i) Representatives from the pharmaceutical industry; and
(j) The Washington state medical association.
(2) The plan shall include implementation recommendations in the following areas:
(a) Hepatitis C virus prevention and treatment strategies for groups at risk for hepatitis C with an emphasis towards those groups that are disproportionately affected by hepatitis C, including persons infected with HIV, veterans, racial or ethnic minorities that suffer a higher incidence of hepatitis C, and persons who engage in high-risk behavior, such as intravenous drug use;

(b) Educational programs to promote public awareness about bloodborne infections and knowledge about risk factors, the value of early detection, screening, services, and available treatment options for hepatitis C;

(c) Educational curricula for appropriate health and health-related providers covered by the uniform disciplinary act, chapter 18.130 RCW;

(d) Training courses for persons providing hepatitis C counseling, public health clinic staff, and any other appropriate provider, which shall focus on disease prevention, early detection, and intervention;

(e) Capacity for voluntary hepatitis C testing programs to be performed at facilities providing voluntary HIV testing under chapter 70.24 RCW;

(f) A comprehensive model for the prevention and management of hepatitis C; and

(g) Sources and availability of funding to implement the plan.

(3) The secretary of health shall develop the state plan described in subsections (1) and (2) of this section only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants. Funding for this act shall not come from state sources.

(4) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.

(5) The state plan developed pursuant to this section shall be developed using only available federal and private sources, including grants.

(6) This section expires June 30, 2007.

Sec. 2. RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:

(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.

(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.

(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.

(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.

(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer's gross negligence.

Sec. 3. RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:

(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability; or the use of a trained dog guide or service animal by a disabled person.

(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.

(3) For the purposes of this chapter:

(a) "HIV" means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which damage the cellular branch of the human immune system and leave the infected person immunodeficient; and

(b) "Hepatitis C" means the hepatitis C virus of any genotype.

NEW SECTION. Sec. 4. A new section is added to chapter 50.20 RCW to read as follows:
(1) Credentialed health care professionals listed in RCW 18.130.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.

(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

NEW SECTION. Sec. 5. Section 1 of this act does not create a private right of action."

SB 5410  Prime Sponsor, Senator Stevens: Revising information available on the statewide registered sex offender web site. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Criminal Justice & Corrections.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or
convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender’s registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources other than state funds, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender’s name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender’s address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) A local law enforcement agency may post level II and level III community notification bulletins on the agency’s web site for sex offenders residing within the agency’s jurisdiction.

(7) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(8) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in
bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender’s release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

ESSB 5776 Prime Sponsor, Senate Land Use & Planning (originally sponsored by Senator Doumit: Providing an appeal process for state agency permit decisions. Reported by Committee on Appropriations

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects by establishing uniform, expedited, and consolidated appeal procedures and uniform criteria for reviewing such decisions in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the environmental and land use hearings board.
(2) "Final decision" means the highest and last decision available within the permit agency with respect to a permit application to the agency, including but not limited to decisions resulting from internal appeals available within the agency for the permit decision.
(3) "Participating permit agency" means any permit agency in which the applicant for a qualifying project has filed an application for an environmental or land use permit necessary for the economic development project.
(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, use of, or interference with the land, air, or water in the state. This document must be required to be obtained from a state agency or local government, including but not limited to counties, cities, and air agencies, prior to constructing or operating a qualifying project. Local government permits include, but are not limited to, subdivisions, binding site plans, planned unit developments, shoreline permits or other approvals under RCW 90.58.140, master plan approvals, site plan approvals, permits or approvals required by critical area ordinances, conditional use permits, variances, site-specific rezones authorized by a comprehensive plan or subarea plan, or other equivalent documents however titled or denominated. Local government permits excluded under this definition include the adoption or amendment of a comprehensive plan, subarea plan, legislative actions on development regulations, certifications by local health districts of water and sewer availability, and building, grading, flood hazard, utility connection, and other nondiscretionary construction permits.
(5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.
(6) "Qualifying project" means an economic development project (a) that is located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) that is reasonably expected to provide at least thirty full-time year-round jobs, (c) for which the project applicant reasonably believes will require a minimum of two permits prior to its construction or operation, (d) for which the applicant has timely requested from the office of permit assistance a determination designating the economic development project as a qualifying project, and (e) that is designated as a qualifying project by the office of permit assistance.
NEW SECTION. Sec. 3. The appeal process authorized in this chapter shall, notwithstanding any other provisions of law, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for qualifying projects. This chapter does not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

NEW SECTION. Sec. 4. (1) An applicant for a permit for an economic development project that meets the criteria set forth in section 2(5) (a), (b), and (c) of this act must file with the office of permit assistance a request for a determination designating the economic development project as a qualifying project. Such request must be filed with the office of permit assistance no later than thirty days after the date the first application for a permit required for the economic development project is filed with the permit agency. The permit applicant must provide a copy of the request to each permit agency with which a permit application has or will be filed.

(2) The request must include (a) evidence that the economic development project is located within a county that in its entirety qualifies as a distressed area and a rural natural resources impact area, (b) evidence that the economic development project is reasonably expected to provide at least thirty full-time year-round jobs, and (c) a list of permits that the project applicant reasonably believes will be required prior to construction or operation of the economic development project.

(3) The office of permit assistance must (a) approve the request if it is reasonably satisfied that the requirements of subsection (2) of this section are met, (b) respond to such request no later than thirty days after the filing of the request, and (c) provide a copy of the designation decision to each permit agency responsible for project permits listed in the request.

NEW SECTION. Sec. 5. (1) An environmental and land use hearings board is hereby established within the environmental hearings office created under RCW 43.21B.005. The environmental and land use hearings board shall be composed of six members, as provided in RCW 90.58.170. The chairperson of the pollution control hearings board shall be the chairperson of the environmental and land use hearings board. The members of the environmental and land use hearings board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and 43.03.060.

(2) All proceedings before the board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may adopt. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

NEW SECTION. Sec. 6. (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(a) The participating permit agencies, which for purposes of the petition shall be (i) if a state agency, the director thereof, and (ii) if a local government, the jurisdiction’s corporate entity which shall be served as provided in RCW 4.28.080; and

(b) Each of the following persons if the person is not the petitioner:

(i) Each person identified by name and address as applicant in the application to the participating permit agencies;

(ii) Each person identified in project application documents as an owner of the property at issue or, if none, each person identified as a taxpayer for the property at issue in the records of the county assessor.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section no more than twenty-one days after the issuance by the permit agency of the permit decision for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

NEW SECTION. Sec. 7. Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;
(2) A person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:
   (a) The permit decision has prejudiced or is likely to prejudice that person;
   (b) That person’s asserted interests are among those that the permit agency was required to consider when it made its permit decision;
   (c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and
   (d) The petitioner has exhausted his or her administrative remedies to the extent required by law;
   (3) A participating permit agency under this chapter.

NEW SECTION. Sec. 8. A petition must set forth:
(1) The name and mailing address of the petitioner;
(2) The name and mailing address of the petitioner’s attorney, if any;
(3) The name and mailing address of the permit agency whose permit is at issue, if any;
(4) A duplicate copy of the permit decision;
(5) Identification of each party to be made a party under this chapter;
(6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;
(7) A separate and concise statement of each error alleged to have been committed;
(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and
(9) A request for relief, specifying the type and extent of relief requested.

NEW SECTION. Sec. 9. (1) Within seven days after receipt of service of the petition filed pursuant to section 6 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been appealed to an administrative hearings board outside the permit agency or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant’s affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the scheduling one or more hearings on the merits.
(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall file with the board and serve on all parties an affidavit certifying the petition relates to the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant’s affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision on the last permit required for the qualifying project.
(3) The board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.
(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.
(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.
(6) The petitioner shall move the board for an order at the initial hearing setting the date the permit decision records of the applicable permit agencies must be submitted, setting a briefing schedule, setting a discovery schedule if discovery is to be allowed, and scheduling one or more hearings on the merits.
(7) The parties may waive the initial hearing by scheduling dates for the hearings on the merits.
(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

NEW SECTION. Sec. 10. The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 13(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 13(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.
NEW SECTION. Sec. 11. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 12. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner’s expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties’ conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section.

NEW SECTION. Sec. 13. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

NEW SECTION. Sec. 14. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;
(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;
(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;
(d) The permit decision is a clearly erroneous application of the law to the facts;
(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or
(f) The permit decision violates the constitutional rights of the party seeking relief.
(2) The board may affirm or reverse each permit decision under review or remand the permit decision to the appropriate permit agency for modification or further proceedings.

NEW SECTION. Sec. 15. (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties no more than thirty days after the final decision and order of the board. Any party may apply for direct review by the court of appeals. An application for direct review must be filed with the superior court no more than ten days after the petition for judicial review is filed in superior court. The superior court must presume that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.
(2) The presumption set forth in subsection (1) of this section shall require the superior court to certify the board decision for direct review not less than ten days and not more than fifteen days after the application therefore is filed unless, based on a motion of a party filed with supporting excerpts from the record no more than ten days after the application is filed, the superior court finds that the economic development project does not meet the definition of a qualifying project.
(3) A motion as set forth in subsection (2) of this section shall be heard no more than fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. The court may make such findings upon a showing that the record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.
(4) The court of appeals shall accept direct review of a case unless it finds that the superior court’s certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

Sec. 16. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:
(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43, be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.
(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:
(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;
(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;
(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and
(d) The appellate court’s determination in the proceeding would have significant precedential value. Procedures for certification shall be established by court rule.
(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.
(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:
(i) Fundamental and urgent statewide or regional issues are raised; or
(ii) The proceeding is likely to have significant precedential value.
The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.--

RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals.

Sec. 17. RCW 36.70C.030 and 1995 c 347 s 704 are each amended to read as follows:

(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:

(a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter.

Sec. 18. RCW 43.21B.005 and 1999 c 125 s 1 are each amended to read as follows:

(1) There is created an environmental hearings office of the state of Washington. The environmental hearings office shall consist of the pollution control hearings board created in RCW 43.21B.010, the forest practices appeals board created in RCW 76.09.210, the shorelines hearings board created in RCW 90.58.170, the environmental and land use hearings board created in chapter 43.--RCW (sections 1 through 15 of this act), and the hydraulic appeals board created in RCW (75.20.130) 77.55.170. The chairman of the pollution control hearings board shall be the chief executive officer of the environmental hearings office. Membership, powers, functions, and duties of the pollution control hearings board, the forest practices appeals board, the shorelines hearings board, and the hydraulic appeals board shall be as provided by law.

(2) The chief executive officer of the environmental hearings office may appoint an administrative appeals judge who shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, in cases before the boards comprising the office. The administrative appeals judge shall have a demonstrated knowledge of environmental law, and shall be admitted to the practice of law in the state of Washington. Additional administrative appeals judges may also be appointed by the chief executive officer on the same terms. Administrative appeals judges shall not be subject to chapter 41.06 RCW.

(3) The administrative appeals judges appointed under subsection (2) of this section are subject to discipline and termination, for cause, by the chief executive officer. Upon written request by the person so disciplined or terminated, the chief executive officer shall state the reasons for such action in writing. The person affected has a right of review by the superior court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

(4) The chief executive officer may appoint, discharge, and fix the compensation of such administrative or clerical staff as may be necessary.

(5) The chief executive officer may also contract for required services.

Sec. 19. RCW 43.21B.110 and 2001 c 220 s 2 are each amended to read as follows:

(6) The appeals board shall maintain at its principal office a journal which shall contain all official actions of the appeals board, with the exception of findings and decisions, together with the vote of each member on such actions. (8)(a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may, except as otherwise provided in chapter 43.-- RCW (sections 1 through 15 of this act), seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings.

Sec. 21. RCW 77.55.170 and 2000 c 107 s 20 are each amended to read as follows:

(1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director’s designee, the director of the department of agriculture or the director’s designee, and the director or the director’s designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board’s principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by the department: (a) Under the authority granted in RCW 77.55.110 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020; or (b) under the authority granted in RCW 77.55.230 for off-site mitigation proposals.

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. (4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter; or
(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
(c) Is arbitrary and capricious; or
(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

ESSB 5904 Prime Sponsor, Senate Committee on Ways & Means: Concerning prescription drug assistance programs for seniors. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Health Care.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to establish an evidence-based preferred drug list, develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:
(1) To the extent funds are appropriated specifically for this purpose, and subject to any conditions placed on appropriations made for this purpose, the department shall design the medicaid prescription drug assistance program. Neither the benefits of, nor eligibility for, the program is considered to be an entitlement.
(2) The department is directed to obtain necessary federal waivers to implement this program. Consistent with federal waiver conditions, the department is authorized to charge enrollment fees, premiums, or point-of-service cost-sharing to enrollees of the program.
(3) Eligibility for this program is limited to persons:
(a) Who are eligible for medicare or age sixty-five and older;
(b) Whose family income does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;
(c) Who do not otherwise have insurance that provides prescription drug coverage; and
(d) Who are not otherwise eligible under Title XIX of the federal social security act.
(4) The department is authorized to use a cost-effective prescription drug benefit design. Consistent with federal waiver conditions, this benefit design can be different than the benefit design offered under the medical assistance program. The benefit design may include a deductible benefit that provides coverage when enrollees..."
incur higher prescription drug costs as defined by the department. The department also may offer more than one benefit design.

(5) The department is authorized to limit enrollment of persons who qualify for the program so as to prevent an overexpenditure of appropriations for this program or to assure necessary compliance with federal waiver budget neutrality requirements. The department shall not reduce existing medical assistance program eligibility or benefits to assure compliance with federal waiver budget neutrality requirements.

(6) No funds from an approved federal waiver that allows for the collection of premiums from medicaid clients will be used to finance the medicaid prescription drug assistance program.

(7) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the federal social security act.

(8) The department shall provide recommendations to the appropriate committees of the senate and house of representatives by November 15, 2003, on financing options available to support the medicaid prescription drug assistance program. In recommending financing options, the department shall explore every opportunity to maximize federal funding to support the program.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:
(1) The health care authority shall establish a prescription drug purchasing consortium and shall coordinate the participation of state agencies and private individuals in the consortium. The authority shall establish a preferred drug list for use as provided in this chapter through an evidence-based process that evaluates the efficacy of prescription drugs, considering safety, efficacy, likelihood of compliance, outcomes, and any unique impacts on specific populations based upon factors such as sex, age, ethnicity, race, or disability. The preferred drug list shall be used for entities and private individuals participating in the consortium. In administering prescription drug benefits under state purchased health care programs, agencies shall honor an endorsing prescriber’s direction to dispense a prescription drug as written on the prescription order.

(2) State purchased health care programs shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of retail pharmacies. The administrator shall not require that any supplemental rebate offered by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to state purchased health care programs other than medical assistance, or to private individuals participating in the consortium. The administrator shall explore joint purchasing opportunities with other states to achieve quality cost-effective prescription drug coverage for those participating in the consortium.

(3) Participation in the purchasing consortium and other related activities is purely voluntary for individuals who lack insurance or are underinsured for prescription drug coverage. Unaffiliated individuals who participate in the consortium shall receive reduced costs comparable to those negotiated by the consortium for its preferred prescription drugs. The administrator may set reasonable fees, including enrollment fees for participating individuals, to cover administrative costs attributable to participation in prescription drug consortium activities. A private individual may limit their participation to one or more of the consortium’s program components.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:
The consolidated prescription drug purchasing account is created in the custody of the state treasurer. All receipts under section 3(3) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:
(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:
(a) Determining whether an assistance program is offered for the needed drug or drugs;
(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;
(c) Assisting persons with the application and enrollment in an assistance program;
(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and
(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.
(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, "manufacturer-sponsored prescription drug assistance program" means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

The authority may adopt rules to implement this act.

NEW SECTION. Sec. 7. By January 1, 2005, the administrator of the health care authority and the secretary of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act.

SSB 5912 Prime Sponsor, Senate Committee on Highways & Transportation: Creating the Produce Railcar Pool. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. The legislature finds that an actively coordinated and cooperatively facilitated railcar pool for transportation of perishable agricultural commodities is necessary for the continued viability and competitiveness of Washington's agricultural industry. The legislature also finds that the rail transportation model established by the Washington Grain Train program has been successful in serving the shipping needs of the wheat industry.

It is, therefore, the intent of the legislature to authorize and direct the Washington department of transportation to develop a railcar program for Washington's perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities.

NEW SECTION. Sec. 2. DEFINITION. As used in this act "short line railroad" means a Class II or Class III railroad as defined by the United States Surface Transportation Board.

NEW SECTION. Sec. 3. DEPARTMENTAL AUTHORITY. In addition to powers otherwise granted by law, the department may establish a Washington Produce Railcar Pool to promote viable, cost-effective rail service for Washington produce, including but not limited to apples, onions, pears, and potatoes, both processed and fresh.

To the extent that funds are appropriated, the department may:
(1) Operate the Washington Produce Railcar Pool program while working in close coordination with the department of agriculture, interested commodity commissions, port districts, and other interested parties;

   (2) For the purposes of this program:
      (a) Purchase or lease new or used refrigerated railcars;
      (b) Accept donated refrigerated railcars; and
      (c) Refurbish and remodel the railcars.

   (3) Hire, in consultation with affected stakeholders, including but not limited to short line railroads, commodity commissions, and port districts, a transportation management firm to perform the function outlined in section 5 of this act; and

   (4) Contribute the efforts of a short line rail-financing expert to find funding for the project to help interested short line railroads in this state to accomplish the necessary operating arrangements once the railcars are ready for service.

NEW SECTION. Sec. 4. FUNDING. To the extent that funds are appropriated, the department shall fund the program as follows: The department may accept funding from the federal government, or other public or private sources, to purchase or lease new or used railcars and to refurbish and remodel the railcars as needed. Nothing in this section precludes other entities, including but not limited to short line railroads, from performing the remodeling under sections 1 through 6 of this act.

NEW SECTION. Sec. 5. RAILCAR POOL MANAGEMENT. (1) The transportation management firm hired under section 3(3) of this act shall manage the day-to-day operations of the railcars, such as monitoring the location of the cars, returning them to this state, distributing them, arranging for pretrips and repairs, and arranging for per diem, mileage allowances, and other freight billing charges with the railroads.

   (2) The railcar pool must be managed over the life of the railcars so that the railcars will be distributed to railroads and port districts around the state for produce loadings as market conditions warrant or to other users, including out-of-state users by contractual agreement, during times of excess capacity.

   (3) To maximize railcar availability and use, the department or the transportation management firm may make agreements with the transcontinental railroad systems to pool Washington-owned or Washington-managed railcars with those of the railroads. In such instances, the railroad must agree to provide immediately an equal number of railcars to the Washington railcar pool.

   (4) The department shall act in an oversight role to verify that the railcar pool is managed in accordance with subsections (2) and (3) of this section.

NEW SECTION. Sec. 6. PRODUCE RAILCAR POOL ACCOUNT. The produce railcar pool account is created in the custody of the state treasurer. All receipts from per diem charges, mileage charges, and freight billing charges paid by railroads and shippers that use the railcars in the Washington Produce Railcar Pool must be deposited into the account. Expenditures from the account may be used only for the purposes of sections 1 through 5 of this act. Only the secretary of transportation or the secretary’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 7. RCW 43.79A.040 and 2002 c 322 s 5, 2002 c 204 s 7, and 2002 c 61 s 6 are each reenacted and amended to read as follows:

(1) Money in the treasurer’s trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer’s trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer’s trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. Payments shall occur prior to distribution of earnings set forth in subsection (4) of this section.

(4)(a) Monthly, the state treasurer shall distribute the earnings credited to the investment income account to the state general fund except under (b) and (c) of this subsection.

   (b) The following accounts and funds shall receive their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The Washington promise scholarship account, the college savings program account, the Washington advanced college tuition payment program account, the agricultural local fund, the American Indian scholarship endowment fund, the basic health plan self-insurance reserve account, the Washington state combined fund drive account, the Washington international exchange scholarship endowment fund, the developmental disabilities endowment trust fund, the energy account, the fair fund, the fruit and vegetable inspection account, the game farm alternative account, the grain inspection revolving fund, the juvenile accountability incentive account, the produce railcar pool account, the rural rehabilitation
account, the stadium and exhibition center account, the youth athletic facility account, the self-insurance revolving fund, the sulfur dioxide abatement account, and the children’s trust fund. However, the earnings to be distributed shall first be reduced by the allocation to the state treasurer’s service fund pursuant to RCW 43.08.190.

(c) The following accounts and funds shall receive eighty percent of their proportionate share of earnings based upon each account’s or fund’s average daily balance for the period: The advanced right of way revolving fund, the advanced environmental mitigation revolving account, the city and county advance right-of-way revolving fund, the federal narcotics asset forfeitures account, the high occupancy vehicle account, the local rail service assistance account, and the miscellaneous transportation programs account.

(5) In conformance with Article II, section 37 of the state Constitution, no trust accounts or funds shall be allocated earnings without the specific affirmative directive of this section.

(b) "General hospital" means a hospital that provides general acute care services, including emergency services;
(c) "Specialty hospital" means a subclass of hospital that either provides hospital services within a specific branch of medicine or limits admission according to age, sex, type of disease, or medical condition;

(b) Patient safety;
(c) Continuity of patient care;
(d) The provision of emergency services, including the effect of the presence or absence of an emergency department in specialty hospitals;

(2) The study also shall include an evaluation of whether requirements for establishing specialty hospitals should be addressed through certificate of need or hospital licensing requirements.
(3) For the purposes of the study, "specialty hospitals" does not include specialty hospitals that provide only psychiatric, pediatric, long-term acute care, or rehabilitative services.
(4) The department of health shall prepare and present a report to the legislature regarding the study no later than December 1, 2003. The legislature shall reevaluate the requirements of this act based upon the study.

NEW SECTION. Sec. 3. SSB 5974 Prime Sponsor, Senate Committee on Highways & Transportation: Exercising sound business practices to enhance revenues for Washington State Ferries. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.60.135 and 1997 c 323 s 2 are each amended to read as follows:
(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible. In establishing chartering agreements, Washington State Ferries shall consider the special needs of local communities and interested parties. Washington State Ferries shall use sound business judgment and be sensitive to the interests of existing private enterprises.

(2) Consistent with the policy as established in subsection (1) of this section, the chief executive officer of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus a market-rate profit margin. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one-year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.

(d) All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.

(e)) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage.

("CHARTER CRUISE AGREEMENT"

On this ______ day of ________, Washington State Ferries (WSF) and ________, hereinafter called Lessee, enter into this agreement for rental of a ferry vessel for the purpose of a charter voyage to be held on ________, the parties agree as follows:

1. WSF agrees to supply the vessel ________ (subject to change) for the use of the Lessee from the period ________ to ________ on ________, (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is ________. This number MAY NOT be exceeded.

3. The voyage will originate at ________, and the route of travel during the voyage will be as follows:

4. The charge for the above voyage is ________ dollars ($______) plus a property damage deposit of $350 for a total price of $______, to be paid by cashier’s check three working days before the date of the voyage at the offices of the WSF at Seattle Ferry Terminal, Pier 52, Seattle, Washington 98101. The Lessee remains responsible for property damage in excess of $350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.
8. WSF is not obligated to provide shoreside parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. This indemnity provision does not require the Lessee to defend or indemnify WSF against any action based solely on the alleged negligence of WSF.

11. This writing is the full agreement between the parties.

Sec. 2. RCW 47.60.140 and 1995 1st sp.s. c 4 s 2 are each amended to read as follows:

(1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, parking lots, and landings, including the selling of commercial advertising space and licenses to use the Washington State Ferries trademarks, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030. All revenues from commercial advertising, concessions, parking, leases, and contracts must be deposited in the Puget Sound ferry operations account in accordance with RCW 47.60.150.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in RCW 79.24.580.

(a) When the department determines that an open solicitation is necessary, a request for proposal shall be released, consisting of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project.

(b) Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system’s core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public users of the ferry system facilities.
Sec. 3. RCW 47.60.150 and 1999 c 94 s 26 are each amended to read as follows:

Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and other revenues deposited in the Puget Sound ferry operations account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: PROVIDED, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected by the ferry system from any source shall be paid to the state treasurer for the account of the department and deposited into the Puget Sound ferry operations account. Nothing in this section requires tolls on the Hood Canal bridge except as may be required by any bond covenants.

Sec. 4. RCW 47.60.326 and 2001 1st sp. s c 1 s 1 are each amended to read as follows:

(1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:
   (a) The amount of subsidy available to the ferry system for maintenance and operation;
   (b) The time and distance of ferry runs;
   (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
   (d) The efficient distribution of traffic between cross-sound routes;
   (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;
   (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
   (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
   (h) The estimated revenues that are projected to be earned by the ferry system from commercial advertisements, parking, contracts, leases, and other sources;
   (i) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(7) Notwithstanding the provisions of this section and chapter 81.28 RCW, and using sound business judgment, the chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the transportation commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

Sec. 5. RCW 47.60.330 and 1983 c 15 s 26 are each amended to read as follows:

(c) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b) of this subsection, the state ferry system may proceed with state ferry system operating strategies designed to achieve state ferry system objectives without established partnerships.
Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department of transportation shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c). Promotional, discount, and special event fares that are not part of the published schedule of ferry charges or tolls are exempt. The department shall report an accounting of all exempt revenues to the transportation commission each fiscal year.

There is created a ferry system productivity council consisting of a representative of each ferry advisory committee empanelled under RCW 47.60.310, elected by the members thereof, and two representatives of employees of the ferry system appointed by mutual agreement of all of the unions representing ferry employees, which shall meet from time to time with ferry system management to discuss means of improving ferry system productivity.

Before increasing ferry tolls the department of transportation shall consider all possible cost reductions with full public participation as provided in subsection (1) of this section and, consistent with public policy, shall consider adapting service levels equitably on a route-by-route basis to reflect trends in and forecasts of traffic usage. Forecasts of traffic levels shall be developed by the bond covenant traffic engineering firm appointed under the provisions of RCW 47.60.450. Provisions of this section shall not alter obligations under RCW 47.60.450. Before including any toll increase in a budget proposal by the commission, the department of transportation shall consult with affected ferry users in the manner prescribed in (1)(b) of this section plus the procedure of either (1) (a) or (c) of this section."

Achieving transportation workforce efficiencies.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Transportation was adopted. (For committee amendment, see Journal, 73rd Day, March 26, 2003.)

With the consent of the House, amendments (331), (335), and (334) were withdrawn.

MOTION

On motion of Representative Clements, Representative Delvin was excused.

Representative Ericksen moved the adoption of amendment (357):

Strike everything after the enacting clause and insert the following:

The legislature finds that there is a pressing need for reform of the way in which the transportation system in Washington is constructed and maintained. The legislature finds that if the private sector can perform a service faster and in a more economical manner than state government, as demonstrated under chapter 354, Laws of 2002, then the department of transportation should not be hindered by state law from providing services in the most cost-effective manner. The legislature also finds that reforming current laws governing the payment of prevailing wages to ensure the accuracy of such wages is necessary to recapture public support for future expansion of the transportation system in Washington. The legislature intends that ten pilot projects should be conducted in a wide variety of locations in Washington state, both urban and rural, to test the process of having the department of transportation draft its own permits, subject to a single review by the regulatory agencies, in order to evaluate the use of this streamlined process.

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of personnel or the Washington personnel resources board adopted under section 203, chapter 354, Laws of 2002.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4).
(4) The committee shall select and conduct permit reform pilot projects in three locales: (a) Urban near built-out conditions; (b) urban centers serving as crucial rural connectors; and (c) rural corridors critical to statewide economic productivity. The pilot projects must test the assignment of responsibilities such as selected permit drafting and selected compliance activities to the department.

(5) The committee shall commence efforts to apply streamlining lessons learned from the streamlined permit process for the pilot projects to as many other transportation projects of statewide significance as quickly as possible. In reporting to the legislature, the committee may recommend statutory or regulatory changes that would result in streamlining for future projects.

(6) The department and permitting agencies shall apply an interim interdisciplinary permit review process for the pilot projects as set forth in this section. This process must provide coordinated review and approval of permit applications; provide coordinated and consolidated public hearings where required by one or more regulatory agencies under state law; and coordinate timelines for permit decision making.

(7) The committee shall give notice to the legislative authority of each affected county and city of the projects the committee has designated as pilot projects. Each county and city notified must be offered the opportunity to participate in the pilot projects as provided for in this chapter. The department shall provide funding assistance for participation.

(8) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, the streamlined process for pilot projects set forth in this section, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate. The dispute resolution process must be applied to the pilot projects.

(9) The streamlined process for the pilot projects must be based on the following model:

(a) Step 1: The department and permitting agencies will agree on coordination for environmental review under the state and national environmental policy acts, including document preparation, public comment opportunities, and timelines.

(b) Step 2: For each project, the department will convene a meeting of all entities with permitting authority to review:

(i) The proposed conceptual design for the project and alternative routes, construction approaches, or mitigation approaches;

(ii) All known reviewing entities, permit application and approval requirements, and timelines; and

(iii) A coordinated timeline that allows all statutory requirements to be met.

(c) Step 3: The department will draft all necessary permits to proceed with the preferred alternative using relevant agreements with permitting agencies.

(d) Step 4: The department will provide public notice in conformity with all applicable statutes and regulations and allow the required time for public hearings and written comments.

(e) Step 5: The department may revise the draft permits after consideration of public comments and applying all relevant agreed upon standards.

(f) Step 6: All permits will be disseminated to permitting agencies for final review. All reviews will be completed within forty-five days, at which time the permitting agencies will act upon the permit and either approve the permit or return it without approval.

(g) Step 7: If the permit is returned to the department without approval, the permitting agencies will have one opportunity to identify errors or omissions and any remaining specific deficiencies or circumstances not previously addressed by agreements between the department and agencies that must be met or addressed to be compliant with applicable law. The department may revise the permit as warranted and resubmit the permit to the permitting agency, which will have fifteen days from receipt of the revised permit to take final action.
(h) Step 8: Disputes related to permit decisions will be addressed by the dispute resolution process established by the committee.

(7) The committee shall select ten projects from the project lists that accompany any transportation budget passed in 2003 that are funded but do not yet have state permits in place. The committee should select projects in both urban and rural areas located from a wide variety of locations within Washington state. These will be designated as "Department of Transportation Permit Drafting Pilot Projects." These projects are not required to be projects of statewide significance under this chapter. The department of transportation will draft its own state permits under RCW 47.06C.080(2) and using a timeline developed by the committee. These permits drafted by the department are subject to a single review by state regulatory agencies before approval or denial. The process must be monitored by the committee and used to implement increased drafting of permits by the department of transportation on other projects.

(1) The "prevailing rate of wage", for the intents and purposes of this chapter, shall be the rate of hourly wage, usual benefits, and overtime paid in the locality, as hereinafter defined, to the majority of workers, laborers, or mechanics, in the same trade or occupation. In the event that there is not a majority in the same trade or occupation paid at the same rate, then the average rate of hourly wage and overtime paid to such laborers, workers, or mechanics in the same trade or occupation shall be the prevailing rate. If the wage paid by any contractor or subcontractor to laborers, workers, or mechanics on any public work is based on some period of time other than an hour, the hourly wage for the purposes of this chapter shall be mathematically determined by the number of hours worked in such period of time.

(2) The "locality" (for the purposes of this chapter shall be the largest city in) is the county wherein the physical work is being performed.

(3) The "usual benefits" for the purposes of this chapter shall include the amount of:
(a) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person pursuant to a fund, plan, or program; and
(b) The rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing benefits to workers, laborers, and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the workers, laborers, and mechanics affected, for medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of such benefits.

(4) An "interested party" for the purposes of this chapter shall include a contractor, subcontractor, an employee of a contractor or subcontractor, an organization whose members’ wages, benefits, and conditions of employment are affected by this chapter, and the director of labor and industries or the director's designee.

(1) All determinations of the prevailing rate of wage shall be made by the industrial statistician of the department of labor and industries. By January 1, 2004, the industrial statistician shall determine the prevailing rate of wage using a stratified random sampling method.

(2)(a) A stratified random sampling method must be used to the broadest extent possible, subject to available resources.
(b) If it is determined by the industrial statistician that sample size, strata size, or other factors do not permit the effective use of a stratified random sampling method, an equally reliable statistical method must be used.

(3) In order to ensure a fair and scientifically accurate stratified random sampling survey, the industrial statistician may consult with recognized experts in statistics and sampling, or with representatives of labor unions or business organizations regarding the necessary scientific methods, implementation parameters, and resource allocations.

(4) The department of labor and industries shall report to the legislature by December 1, 2004, and December 1, 2005, on the implementation of the stratified random sampling method.

Section 2 of this act takes effect July 1, 2004."

(b) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

NEW SECTION. Sec. 308. FOR THE DEPARTMENT OF TRANSPORTATION--WASHINGTON STATE FERRIES CONSTRUCTION--PROGRAM W
The appropriations in this section are provided for improving the Washington state ferry system, including, but not limited to, vessel acquisition, vessel construction, major and minor vessel improvements, and terminal construction and improvements. The appropriations in this section are subject to the following conditions and limitations:

1. $149,959,000 of the Puget Sound capital construction account--state appropriation, and $34,800,000 of the Puget Sound capital construction account--federal appropriation are provided solely to implement the activities and projects included in the transportation executive information systems project list named 03HTCPL4-house transportation committee project list. In order to provide the flexibility needed to manage a large ferry construction program with a significant amount of federal funds, changes to the list may occur under the following conditions and restrictions:
   a. Projects that have unplanned carry-forward expenditures from the 2001-03 biennium may be added to the list in order to complete the project following approval by the office of financial management;
   b. Projects that were completed in the 2001-03 biennium and do not require expenditure in the 2003-05 biennium may be removed from the list following approval by the office of financial management;
   c. Projects may be added when the department of transportation identifies the projects associated with activity funding allocations as long as the activity allocation is reduced by the amount of the projects added following approval by the office of financial management;
   d. If planned construction of a project is unavoidably delayed, the department may advance construction of a similar project provided that funding has been identified to complete both projects following approval by the office of financial management;
   e. In order to maximize federal funding and ensure that the state does not lose any available federal funds, projects may be added to the list that utilize additional federal funds provided that state match is available and there are no projects where the state funds can be supplanted following approval by the office of financial management; and
   f. In the event of an emergency, the department is allowed to add emergency projects to the list and delay currently funded projects in order to fund the emergency projects following approval by the office of financial management.

The department will provide every calendar quarter to the house transportation committee and the senate highway and transportation committee a report detailing any changes to the project list and the reasons for the change.

2. The Puget Sound capital construction account--state appropriation includes $45,000,000 in proceeds from the sale of bonds authorized by RCW 47.10.843 for vessel and terminal acquisition, major and minor improvements, and long lead time materials acquisition for the Washington state ferries. The transportation commission may authorize the use of current revenues available to the motor vehicle account in lieu of bond proceeds for any part of the state appropriation.

3. Of the funds appropriated in this section, $5,337,000 is provided for emergency repairs, $77,272,000 is provided for terminal preservation and improvements, $84,191,000 is provided for vessel preservation, $13,283,000 is provided for passenger-only vessel and terminal preservation and improvements, and $4,676,000 is reappropriated for work not completed in the 2001-03 biennium.

4. The Washington state ferries must prepare a strategic plan for the placement of multimodal terminals in Washington state. This plan should, at a minimum, identify and evaluate potential sites for multimodal terminals, and identify and evaluate possible financing options for placement of these terminals. No improvement funds may be spent on new terminals until the strategic plan has been completed. The department must report to the transportation committees of the legislature by December 1, 2004, on the options, strategies, and recommendations for locating and financing multimodal terminals.

5. The Washington state ferries must conduct an analysis of the long-term need for the Shaw Terminal. At a minimum, this analysis should address the viability and role of the terminal, as well as the availability and suitability of alternative methods of accessing Shaw Island. No preservation funds may be spent on the Shaw Terminal until the Shaw Terminal analysis has been completed. The department must report to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for the Shaw Island terminal.

6. The department of transportation should work with the Washington state treasurer and others, as appropriate, to identify and evaluate alternative financing options to add new boats to the Washington state ferries system. This evaluation should be focused on providing the department future flexibility. The current financing plan assumes that two auto boats and one passenger-only boat will be financed through revenues generated through mechanisms provided in current law, with an additional 2 auto boats and one passenger-only boat financed through additional revenues. The department shall evaluate the possibilities of financing a fifth auto boat
through operating savings, additional financing mechanisms, or a combination of the two approaches. In developing a plan for new boats, the department shall work with other parties interested in acquiring similar boats to determine if partnerships can be developed that would reduce the costs per boat for all parties through contracting with a shipbuilder for a larger number of boats to be delivered. The department must report to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for financing alternatives.

(7) The department shall evaluate the existing process for designing and building new vessels. In reviewing the process, the department shall compare and contrast standard shipbuilding industry methods with current authorized design-build processes; including the industry use of owner’s requirements or functional specifications as a basis for developing contract specifications and contract guidance drawings. Additional analysis of existing processes with industry practices should include a comparison of the impact of the two approaches on the overall, long-term vehicle operating, maintenance, and preservation costs. A report of the findings shall be provided to the transportation committees of the legislature by December 1, 2004.

(8) The next new class of auto ferries shall be known as the "San Juan" class ferry.

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

Puget Sound Ferry Operations Account--State Appropriation ($(311,312,000)) $312,612,000

The appropriation in this section is subject to the following conditions and limitations and specified amounts are provided solely for that activity:

(1) The appropriation is based on the budgeted expenditure of $35,159,000 for vessel operating fuel in the 2001-2003 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2001-2003 biennium may not exceed $207,065,000 plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of $432.82 a month annualized per eligible marine employee multiplied by the number of eligible marine employees for the respective fiscal year, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2001-2003
biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management’s policies, regulations, and procedures named under objects of expenditure “A” and “B” (7.2.6.2).

The prescribed salary and insurance benefit increase or decrease dollar amount that shall be allocated from the governor’s compensation appropriations is in addition to the appropriation contained in this section and may be used to increase or decrease compensation costs, effective July 1, 2001, and thereafter, as established in the 2001-2003 general fund operating budget.

(3) The department shall issue a request for information from entities interested in purchasing advertising on board Washington state ferry vessels. The department shall evaluate the proposals and report back to the legislature’s transportation committees in January 2002 regarding the potential for revenue from different types of advertising.

(4) The department may enter into contracts with private vendors to sell ferry tickets and medium at locations other than Washington state ferry terminals or facilities.

(a) The department may enter into the contracts only (i) with private vendors that are already established businesses offering goods for sale to the general public; and (ii) if it determines that the vendor’s established location has the potential to serve a significant percentage of the customers using a particular ferry route.

(b) The department may adopt necessary rules and procedures to allow the use of credit and debit cards to purchase ferry tickets or medium from a private vendor who has contracted with the department to sell ferry tickets or medium. The department may establish a convenience fee to be paid by all persons purchasing ferry tickets and medium at locations other than Washington state ferry terminals or facilities. The convenience fee must be sufficient to offset the charges imposed on the department by the credit and debit card companies. In no event may the use of credit or debit cards authorized by this section create a loss of revenue to the state. The use of a personal credit card does not rely upon the credit of the state as prohibited by Article VIII, section 5 of the state Constitution.

(5) The legislature recognizes the value of a regional fare collection system to promote intermodal travel throughout Washington state ferries’ Puget Sound service area and therefore encourages the department to resume participation in the regional fare coordination project (smart card). The department shall develop a request for funding of the on-going operating costs associated with the regional fare coordination project and shall present this request to the 2003 legislature. The request for funding shall be sufficient to support a system that prevents the disclosure of personally identifying information of persons who use a smart card to facilitate payment of ferry fares. The requested system may facilitate the disclosure of aggregate information on fare collection to governmental agencies or groups concerned with public transportation or public safety as long as the data does not contain any personally identifying information. The requested system shall not prevent the release of personally identifying information to law enforcement agencies when required by a subpoena.

POINT OF ORDER

Representative Kessler requested a Scope and Object ruling on amendment (358) to amendment (344).

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): "Substitute House Bill No. 1163 is the state transportation budget for the 2003-05 biennium. It provides state funds for various transportation projects.

Amendment 358 relates to the governing board of a regional transportation authority that receives no funds in the budget bill. The purpose of the amendment - to require changes in the method by which the authority's board members are chosen - is completely external to the purpose of the bill, providing state funds for various transportation projects.

The amendment is therefore beyond the scope and object of the bill.

Representative Kessler, your point of order is well taken."

The question before the House was the adoption of amendment (344) as amended.

The amendment as amended was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Murray, Wallace, Romero and Jarrett spoke in favor of passage of the bill.

Representatives Ericksen and Mielke spoke against the passage of the bill.

The Speaker assumed the chair.

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 1163.

Excused: Representative Delvin - 1.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1163, having received the necessary constitutional majority, was declared passed.

Strike everything after the enacting clause and insert the following:

"PART I - INTENT

NEW SECTION. Sec. 101. The legislature finds that the state’s transportation system is in critical need of repair, restoration, and enhancement. Bridges and major highway structures are at risk of failure during a seismic episode; ferry vessels are aged and nearing the end of their useful life; increased traffic congestion on state highways and local roadways threatens the state’s economic vitality and quality of life; highways in some areas are experiencing high accident rates; and the mobility of persons with special needs or who live in rural areas has been greatly impaired by cuts in public transportation services, thus threatening our citizens’ ability to access health care, job opportunities, and educational institutions. The revenues generated by this act are dedicated to funds, accounts, and activities that are critically necessary to improve the delivery of state transportation projects and services.

PART II - LICENSE FEES

Sec. 201. RCW 46.16.070 and 1994 c 262 s 8 are each amended to read as follows:
(1) In lieu of all other vehicle licensing fees, unless specifically exempt, and in addition to ((the excise tax prescribed in chapter 82.44 RCW and)) the mileage fees prescribed for buses and stages in RCW 46.16.125, there shall be paid and collected annually for each truck, motor truck, truck tractor, road tractor, tractor, bus, auto stage, or for hire vehicle with seating capacity of more than six, based upon the declared combined gross weight or declared gross weight thereof pursuant to the provisions of chapter 46.44 RCW, the following licensing fees by such gross weight:

Schedule A applies to vehicles either used exclusively for hauling logs or that do not tow trailers. Schedule B applies to vehicles that tow trailers and are not covered under Schedule A.

Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 202. RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:
All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall be forwarded to the state treasurer to be distributed into accounts according to the following method:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:
   (a) ((23.677)) 21.963 percent shall be deposited into the state patrol highway account of the motor vehicle fund;
   (b) ((1.521)) 1.411 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund; and
   (c) The remaining proceeds shall be deposited into the motor vehicle fund.

NEW SECTION. Sec. 203. Revenues attributable to the increased gross weight fees under section 201 of this act must be expended solely on transportation projects that directly benefit the movement of freight.

NEW SECTION. Sec. 204. The increased gross weight fees under section 201 of this act apply to registrations that become payable after July 1, 2003.

PART III - VEHICLE TRANSFER TAX

NEW SECTION. Sec. 301. A new section is added to chapter 82.44 RCW to read as follows:

(1) There is levied and there shall be collected a vehicle transfer tax on motor vehicles for the privilege of using the transportation system in this state. The tax authorized by this section shall be in addition to any other taxes authorized by law and shall be imposed on any retail sale, lease, or use of a motor vehicle upon which a state tax is imposed under chapter 82.08 or 82.12 RCW. However, the tax imposed by this section does not apply to the rental of a motor vehicle. The rate of the tax shall equal forty-six one-hundredths of one percent of the selling price when a state tax is imposed under chapter 82.08 RCW, or forty-six one-hundredths of one percent of the value of the article used when a state tax is imposed under chapter 82.12 RCW. The meaning ascribed to words and phrases in chapters 82.04, 82.08, and 82.12 RCW, insofar as they are applicable, have full force and effect with respect to the tax imposed by this section.

(2) For the purposes of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(3) The tax imposed in this section shall be collected and remitted in the same manner as excise taxes collected under chapters 82.08 and 82.12 RCW. The department of revenue shall collect and administer the tax imposed by this section. All administrative provisions in chapters 82.08, 82.12, and 82.32 RCW, insofar as they are applicable, apply to the tax imposed under this section. The department of revenue has the power to adopt rules as may be necessary to administer the provisions of this section. In the collection of tax imposed by this section, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. The county auditors shall collect and remit the tax imposed by this section in the same manner as the tax collected under RCW 82.12.045. No additional collection fee shall be deductible by a county auditor remitting the tax collected under this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting the tax revenue to the state treasurer.

(4) The revenue collected under this section shall be deposited into the multimodal transportation account created under RCW 47.66.070.

Sec. 402. RCW 82.38.030 and 2002 c 183 s 2 are each amended to read as follows:

(1) There is hereby levied and imposed upon special fuel users a tax at the rate ((computed in the manner provided in RCW 82.36.025 on each)) of twenty-three cents per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature.

(2)(a) Beginning July 1, 2003, an additional and cumulative tax rate of one cent per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel users.

(b) Beginning July 1, 2004, an additional and cumulative tax rate of one cent per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel users.

(c) Beginning July 1, 2005, an additional and cumulative tax rate of one cent per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel users.

(d) Beginning July 1, 2006, an additional and cumulative tax rate of one cent per gallon of special fuel, or each one hundred cubic feet of compressed natural gas, measured at standard pressure and temperature shall be imposed on special fuel users.

(3) The tax is imposed ((by subsection (1) of this section is imposed)) when:

(b) Special fuel is removed in this state from a refinery if either of the following applies:

(c) Special fuel enters into this state for sale, consumption, use, or storage if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensee; or

(ii) The entry is not by bulk transfer;

(d) Special fuel is sold or removed in this state to a unlicensed entity unless there was a prior taxable removal, entry, or sale of the special fuel;

(e) Blended special fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended special fuel subject to tax is the difference between the total number of gallons of blended special fuel removed or sold and the number of gallons of previously taxed special fuel used to produce the blended special fuel;

(f) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the special fuel tax;  

(g) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;

(h) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway: and

(4) The tax imposed by this chapter, if required to be collected by the licensee, is held in trust by the licensee until paid to the department, and a licensee who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a felony, or gross misdemeanor in accordance with the theft and anticipatory provisions of Title 9A RCW. A person, partnership, corporation, or corporate officer who fails to collect the tax imposed by this section, or who has collected the tax and fails to pay it to the department in the manner prescribed by this chapter, is personally liable to the state for the amount of the tax.

Sec. 403. RCW 46.68.090 and 1999 c 269 s 2 and 1999 c 94 s 6 are each reenacted and amended to read as follows:

(1) All moneys that have accrued or may accrue to the motor vehicle fund from the motor vehicle fuel tax and special fuel tax shall be first expended for purposes enumerated in (a) and (b) of this subsection. The remaining net tax amount shall be distributed monthly by the state treasurer in ((the proportions set forth in (c) through (d))) accordance with subsections (2), (3), and (4) of this (subsection) section.

(a) For payment of refunds of motor vehicle fuel tax and special fuel tax that has been paid and is refundable as provided by law;

(l) For distribution to the Puget Sound ferry operations account in the motor vehicle fund an amount equal to 2.3823 percent;

(2) All of the remaining net tax amount collected under RCW 82.36.025(2) and 82.38.030(1) shall be distributed to the incorporated cities and towns of the state as set forth in RCW 46.68.090((2)(g))

(i) Accident experience;

In making successor recommendation and appointment determinations, the following provisions apply:
(i) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers.
(ii) No subagent may receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment.
(iii) (a) and (b) of this subsection are intended to assist in the efficient transfer of appointments in order to minimize public inconvenience. They do not create a proprietary or property interest in the appointment.
(c) The auditor shall submit all proposals to the director, and shall recommend the appointment of one or more subagents who have applied through the open competitive process. The auditor shall include in his or her recommendation to the director, not only the name of the successor who is a relative or employee, if applicable and if otherwise qualified, but also the name of one other applicant who is qualified and was chosen through the open competitive process. (v) Describe the causes and procedures for termination of the contract, which may include mediation and binding arbitration.
(d) The department shall develop procedures that will standardize and prescribe allowable costs that may be assigned to vehicle licensing and vehicle registration and title activities performed by county auditors.
(e) The contracts may include any provision that the director deems necessary to ensure acceptable service and the full collection of vehicle and vessel tax revenues.
(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.
(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.
(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.
(c) Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law.
(d) The fees under (a) and (c) of this subsection, if paid to the county auditor as agent of the director, or if paid to a subagent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his or her expenses in handling the application.
(e) Applicants required to pay the three-dollar fee established under (a) of this subsection, must pay an additional ((fifty)) seventy-five cents on registrations that are due or are to become due November 1, 2003. Fifty cents must be deposited into the department of licensing services account of the motor vehicle fund((Revenue deposited into this account)) and must be used for agent and subagent support, which is to include but not be limited to the replacement of department-owned equipment in the possession of agents and subagents.
(ii) Twenty-five cents must be deposited into the license plate technology account created under section 603 of this act.
(5) A subagent shall collect a service fee of (a) eight dollars and fifty cents for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) three dollars and fifty cents for registration renewal only, issuing a transit permit, or any other service under this section.
(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.
(7) Any county revenues that exceed the cost of providing vehicle licensing and vessel registration and title activities in a county, calculated in accordance with the procedures in subsection (3)(d) of this section, shall be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.
(8) The director may adopt rules to implement this section.

In providing this service, the department must work with the requesting organization in determining the specific qualities of the new plate design and must provide full design services to the organization. The department shall collect from the requesting organization a fee of one thousand five hundred dollars for providing license plate design services. This fee includes one original license plate design and up to five additional renditions of the original design. If the organization requests the department to provide further renditions in addition to the five renditions provided under the original fee, the department shall collect an additional fee of five hundred dollars per rendition. (4) Every person engaged in making retail sales of new replacement vehicle tires in this state shall retain ten percent of the collected seventy-five cent fee imposed in subsection (1) of this section. The moneys retained may be used for costs associated with the proper management of the waste vehicle tires by the retailer.

**NEW SECTION. Sec. 702.** A new section is added to chapter 70.95 RCW to read as follows:

(1) The tire recycling account created within the state treasury. After the deposit of funds into the motor vehicle account as provided for in RCW 70.95.510(3), the remaining funds received under RCW 70.95.510(1) must be deposited in the vehicle tire recycling account and used by the department for purposes including but not limited to those specified in RCW 70.95.535. Expenditures from the account may occur only after appropriation by the legislature. The department of revenue shall deduct two percent from the funds collected under RCW 70.95.510 for the purpose of administering and collecting the fee from new replacement tire retailers.

The department should assist local jurisdictions, where appropriate, with enforcement actions against individuals unlawfully disposing of tires.

COLLOQUY

Representative Armstrong: "Does Engrossed Senate Bill No. 5256 create or add new requirements to the administrative procedures act for significant legislative rules?

Representative Haigh: "No, Engrossed Senate Bill No. 5256 simply affirms the 1995 regulatory reform act in clarifying that "members of the public affected by administrative rules must have the opportunity for a meaningful role in their development." The Supreme Court got it right in its Hillis decision: "before adopting a rule" means meaningfully before. Engrossed Senate Bill No. 5256 affirms the 1995 regulatory reform act in proving that the public be provided that opportunity for a meaningful role in their development before a rule is adopted. In 2001, the Shorelines Hearing Board applied the 1995 regulatory reform act correctly to invalidate regulations when the agency had not made the cost benefit analysis available to the public until after the public comment period had closed. More recent Superior Court decisions have raised questions about this requirement of the 1995 regulatory reform act, and Engrossed Senate Bill No. 5256 resolves those questions."

With the consent of the House, the House deferred action on ENGROSSED SENATE BILL NO. 5256 and the bill held its place on Third Reading.

POINT OF ORDER

Representative Nixon requested a scope and object ruling on amendment (387) to the committee amendment Engrossed Senate Bill No. 5379.

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling on the scope and object challenge to amendment (387), the Speaker first notes that the amendment is drawn to the amendment proposed by the Children and Family Services Committee. The committee amendment has not been adopted by the body. Therefore, for purposes of the ruling, the Speaker looks to the bill as it passed the Senate and was introduced in the House.

Engrossed Senate Bill No. 5379 is entitled an act relating to "dependency petition hearings." The bill requires that dependency and termination hearings, which currently are open only to persons with a direct interest in the case, be open to the public, with certain exceptions.

Amendment (387) also requires the proceedings to be open to the public, but sets forth different exceptions, and expands the persons eligible to attend a proceeding that has been closed to the general public. The amendment additionally regulates access and dissemination of video recordings of the proceedings.

The bill and the amendment both revise the standards for public access to dependency and termination hearings. The different standards they propose present a policy choice for the body; not a change in the scope and object of the bill.

Representative Nixon, your point of order is not well taken."

Strike everything after line 2 of the amendment and insert the following:

"New section. Sec. 1. The legislature affirms that parents have a paramount right to raise their minor children. The legislature also recognizes that this paramount right must be considered in conjunction with a minor child's interest in maintaining the strong emotional bonds with others that the child has developed and relies upon. Therefore, the legislature intends to establish internally consistent and rigorous standards that must be met for a nonparent to obtain visitation with a minor child."
New section. Sec. 2. A new section is added to chapter 26.10 RCW to read as follows:

for purposes of section 3 of this act, the following definitions apply:

(1) "applicant" means a nonparent who initiates a proceeding under this statute.

(2) "contact" includes all court-ordered arrangements by which a nonparent is authorized to interact with a child other than custody, conservatorship, guardianship, or joint or shared custody.

(3) "harm" means harm other than custody, conservatorship, guardianship, or joint or shared custody.

(4) "substantially interfered" means to have unreasonably and greatly diminished the amount and quality of contact a nonparent has had with the child. A reasonable reduction in the frequency or length of contact previously enjoyed with the child is not a substantial interference.

New section. Sec. 3. A new section is added to chapter 26.10 RCW to read as follows:

(I) a nonparent who is related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

(A) (i) the application is filed during a pending dissolution, legal separation, or modification of a parenting plan;

(ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and

(iii) the relationship between the applicant and the child is beneficial to the child and to the applicant; or

(B) (i) the application is filed within twelve months from the date a final order is entered in a dissolution, legal separation, or modification of a parenting plan or within twelve months of the death of one of the child’s parents;

(ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions;

(iii) the child’s parent or custodian has substantially interfered with the applicant’s relationship with the child;

(iv) the applicant has unsuccessfully attempted to resolve any disagreement with the parent or custodian before going to court; and

(v) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(2) notwithstanding subsections 1 (a) and (b) of this section, a nonparent who is related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

(I) the application is filed within twelve months following the effective date of this act;

(ii) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and

(iii) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(3) a nonparent who is not related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:

(A) the application is filed during a pending dissolution, legal separation, or modification of a parenting plan;

(B) the applicant is an individual with a parent-like relationship with the child;

(C) the relationship has been parent-like in nature for a substantial period of time;

(D) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and

(E) the relationship between the applicant and the child is beneficial to the child and to the applicant.

(4) notwithstanding subsection 3 of this section, a nonparent who is not related to the child by blood, marriage, or adoption may initiate a court proceeding for contact with a child by filing a verified application to obtain court-ordered contact under the following circumstances:
(A) the application is filed within twelve months following the effective date of this act;
(B) the applicant is an individual with a parent-like relationship with the child;
(C) the relationship has been parent-like in nature for a substantial period of time;
(D) a parent or custodian of the child consented to or allowed the formation and establishment of the relationship or the relationship was formed as a result of the unavailability or inability of any legal parent to perform caretaking functions; and
(E) the relationship between the applicant and the child is beneficial to the child and to the applicant.
(5)(a) the court shall treat standing as a threshold issue. The applicant bears the burden of establishing standing. If the applicant does not satisfy this burden, the proceeding shall be dismissed.
(B) upon a finding that the applicant has standing, the applicant shall come forward with evidence to show that the child would very likely suffer harm if contact were not awarded. If the applicant presents evidence that could allow a reasonable fact finder to conclude that the child would very likely suffer harm, the burden shifts to the parent or custodian to present evidence why the decision to refuse contact is reasonable and in the best interests of the child.
(6) the court shall order contact if it finds that the applicant has satisfied the burden of showing by clear and convincing evidence that:
(A) the child would very likely suffer harm if contact is not awarded; and
(B) the parent’s or custodian’s denial of contact was unreasonable and not in the child’s best interests.
(7) if the court dismisses the proceeding for lack of standing, the court shall order reasonable and necessary costs and fees to the prevailing party unless there is a compelling reason to do otherwise. In all other cases, the court may award such costs and fees as it deems appropriate.
(8) if the parent or custodian fails to comply with a court order awarding contact between the nonparent and the child, the nonparent may file a motion to initiate a contempt action under rcw 26.09.160.

Sec. 4. Rcw 26.09.240 and 1996 c 177 s 1 are each amended to read as follows:
((44)) a person other than a parent may petition the court for visitation with a child under section 3 of this act ((at any time or may intervene in a pending dissolution, legal separation, or modification of parenting plan proceeding)). ((a person other than a parent may not petition for visitation under this section unless the child’s parent or parents have commenced an action under this chapter.))
(2) a petition for visitation with a child by a person other than a parent must be filed in the county in which the child resides.
(3) a petition for visitation or a motion to intervene pursuant to this section shall be dismissed unless the petitioner or intervenor can demonstrate by clear and convincing evidence that a significant relationship exists with the child with whom visitation is sought. If the petition or motion is dismissed for failure to establish the existence of a significant relationship, the petitioner or intervenor shall be ordered to pay reasonable attorney’s fees and costs to the parent, parents, other custodian, or representative of the child who responds to this petition or motion.
(4) the court may order visitation between the petitioner or intervenor and the child between whom a significant relationship exists upon a finding supported by the evidence that the visitation is in the child’s best interests.
(5)(a) visitation with a grandparent shall be presumed to be in the child’s best interests when a significant relationship has been shown to exist. This presumption may be rebutted by a preponderance of evidence showing that visitation would endanger the child’s physical, mental, or emotional health.
(B) if the court finds that reasonable visitation by a grandparent would be in the child’s best interest except for hostilities that exist between the grandparent and one or both of the parents or person with whom the child lives, the court may set the matter for mediation under rcw 26.09.015.
(6) the court may consider the following factors when making a determination of the child’s best interests:
(A) the strength of the relationship between the child and the petitioner;
(B) the relationship between each of the child’s parents or the person with whom the child is residing and the petitioner;
(C) the nature and reason for either parent’s objection to granting the petitioner visitation;
(D) the effect that granting visitation will have on the relationship between the child and the child’s parents or the person with whom the child is residing;
(E) the residential time sharing arrangements between the parents;
(F) the good faith of the petitioner;
(G) any criminal history or history of physical, emotional, or sexual abuse or neglect by the petitioner; and
(H) any other factor relevant to the child’s best interest.
(7) the restrictions of rcw 26.09.191 that apply to parents shall be applied to a petitioner or intervenor who is not a parent. The nature and extent of visitation, subject to these restrictions, is in the discretion of the court.
(8) the court may order an investigation and report concerning the proposed visitation or may appoint a guardian ad litem as provided in rcw 26.09.220.
(9) visitation granted pursuant to this section shall be incorporated into the parenting plan for the child.
(10) the court may modify or terminate visitation rights granted pursuant to this section in any subsequent modification action upon a showing that the visitation is no longer in the best interest of the child.)

Sec. 5. Rcw 26.10.160 and 1996 c 303 s 2 are each amended to read as follows:
(1) a parent not granted custody of the child is entitled to reasonable visitation rights except as provided in subsection (2) of this section.
(2)(a) visitation with the child shall be limited if it is found that the parent seeking visitation has engaged in any of the following conduct: (i) willful abandonment that continues for an extended period of time or substantial refusal to perform parenting functions; (ii) physical, sexual, or a pattern of emotional abuse of a child; (iii) a history of acts of domestic violence as defined in rcw 26.50.010(1) or an assault or sexual assault which causes grievous bodily harm or the fear of such harm; or (iv) the parent has been convicted as an adult of a sex offense under:
   (A) rcw 9a.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
   (B) rcw 9a.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
   (C) rcw 9a.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
   (D) rcw 9a.44.089;
   (E) rcw 9a.44.093;
   (F) rcw 9a.44.096;
   (G) rcw 9a.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (d) of this subsection;
   (H) chapter 9.68a rcw;
   (I) any predecessor or antecedent statute for the offenses listed in (a)(iv)(a) through (h) of this subsection;
   (J) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (a)(iv)(a) through (h) of this subsection.

This subsection (2)(a) shall not apply when (c) or (d) of this subsection applies.

(b) the parent’s visitation with the child shall be limited if it is found that the parent resides with a person who has engaged in any of the following conduct: (i) physical, sexual, or a pattern of emotional abuse of a child; (ii) a history of acts of domestic violence as defined in rcw 26.50.010(1) or an assault or sexual assault that causes grievous bodily harm or the fear of such harm; or (iii) the person has been convicted as an adult or as a juvenile has been adjudicated of a sex offense under:
   (A) rcw 9a.44.076 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
   (B) rcw 9a.44.079 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
   (C) rcw 9a.44.086 if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
   (D) rcw 9a.44.089;
   (E) rcw 9a.44.093;
   (F) rcw 9a.44.096;
   (G) rcw 9a.64.020 (1) or (2) if, because of the difference in age between the offender and the victim, no rebuttable presumption exists under (e) of this subsection;
   (H) chapter 9.68a rcw;
   (I) any predecessor or antecedent statute for the offenses listed in (b)(iii)(a) through (h) of this subsection;
   (J) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (b)(iii)(a) through (h) of this subsection.

This subsection (2)(b) shall not apply when (c) or (e) of this subsection applies.

(C) if a parent has been found to be a sexual predator under chapter 71.09 rcw or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter. If a parent resides with an adult or a juvenile who has been found to be a sexual predator under chapter 71.09 rcw or under an analogous statute of any other jurisdiction, the court shall restrain the parent from contact with the parent’s child except contact that occurs outside that person’s presence.

(D) there is a rebuttable presumption that a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection poses a present danger to a child. Unless the parent rebuts this presumption, the court shall restrain the parent from contact with a child that would otherwise be allowed under this chapter:
(I) rcw 9a.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;
(ii) rcw 9a.44.073;
(iii) rcw 9a.44.076, provided that the person convicted was at least eight years older than the victim;
(iv) rcw 9a.44.079, provided that the person convicted was at least eight years older than the victim;
(V) rcw 9a.44.083;
(Vi) rcw 9a.44.086, provided that the person convicted was at least eight years older than the victim;
(Vii) rcw 9a.44.100;
(Viii) any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;
(ix) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(E) there is a rebuttable presumption that a parent who resides with a person who, as an adult, has been convicted, or as a juvenile has been adjudicated, of the sex offenses listed in (e)(i) through (ix) of this subsection places a child at risk of abuse or harm when that parent exercises visitation in the presence of the convicted or adjudicated person. Unless the parent rebuts the presumption, the court shall restrain the parent from contact with the parent’s child except for contact that occurs outside of the convicted or adjudicated person’s presence:

(I) rcw 9a.64.020 (1) or (2), provided that the person convicted was at least five years older than the other person;
(ii) rcw 9a.44.073;
(iii) rcw 9a.44.076, provided that the person convicted was at least eight years older than the victim;
(iv) rcw 9a.44.079, provided that the person convicted was at least eight years older than the victim;
(V) rcw 9a.44.083;
(Vi) rcw 9a.44.086, provided that the person convicted was at least eight years older than the victim;
(Vii) rcw 9a.44.100;
(Viii) any predecessor or antecedent statute for the offenses listed in (d)(i) through (vii) of this subsection;
(ix) any statute from any other jurisdiction that describes an offense analogous to the offenses listed in (d)(i) through (vii) of this subsection.

(F) the presumption established in (d) of this subsection may be rebutted only after a written finding that:
(I) if the child was not the victim of the sex offense committed by the parent requesting visitation, (a) contact between the child and the offending parent is appropriate and poses minimal risk to the child, and (b) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) if the child was the victim of the sex offense committed by the parent requesting visitation, (a) contact between the child and the offending parent is appropriate and poses minimal risk to the child, (b) if the child is in or has been in therapy for victims of sexual abuse, the child’s counselor believes such contact between the child and the offending parent is in the child’s best interest, and (c) the offending parent has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child.

(G) the presumption established in (e) of this subsection may be rebutted only after a written finding that:
(I) if the child was not the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (a) contact between the child and the parent residing with the convicted or adjudicated person is appropriate and that parent is able to protect the child in the presence of the convicted or adjudicated person, and (b) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes such contact is appropriate and poses minimal risk to the child; or

(ii) if the child was the victim of the sex offense committed by the person who is residing with the parent requesting visitation, (a) contact between the child and the parent in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child, (b) if the child is in or has been in therapy for victims of sexual abuse, the child’s counselor believes such contact between the child and the parent residing with the convicted or adjudicated person in the presence of the convicted or adjudicated person is in the child’s best interest, and (c) the convicted or adjudicated person has successfully engaged in treatment for sex offenders or is engaged in and making progress in such treatment, if any was ordered by a court, and the treatment provider believes contact between the parent and child in the presence of the convicted or adjudicated person is appropriate and poses minimal risk to the child.

(H) if the court finds that the parent has met the burden of rebutting the presumption under (f) of this subsection, the court may allow a parent who has been convicted as an adult of a sex offense listed in (d)(i) through (ix) of this subsection to have visitation with the child supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is
willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(I) if the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the person adjudicated as a juvenile, supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(J) if the court finds that the parent has met the burden of rebutting the presumption under (g) of this subsection, the court may allow a parent residing with a person who, as an adult, has been convicted of a sex offense listed in (e)(i) through (ix) of this subsection to have visitation with the child in the presence of the convicted person supervised by a neutral and independent adult and pursuant to an adequate plan for supervision of such visitation. The court shall not approve of a supervisor for contact between the child and the parent unless the court finds, based on the evidence, that the supervisor is willing and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing or capable of protecting the child.

(K) a court shall not order unsupervised contact between the offending parent and a child of the offending parent who was sexually abused by that parent. A court may order unsupervised contact between the offending parent and a child who was not sexually abused by the parent after the presumption under (d) of this subsection has been rebutted and supervised visitation has occurred for at least two years with no further arrests or convictions of sex offenses involving children under chapter 9a.44 rcw, rcw 9a.64.020, or chapter 9.68a rcw and (i) the sex offense of the offending parent was not committed against a child of the offending parent, and (ii) the court finds that unsupervised contact between the child and the offending parent is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treating child sexual abuse victims who has supervised at least one period of visitation between the parent and the child, and after consideration of evidence of the offending parent’s compliance with community supervision requirements, if any. If the offending parent was not ordered by a court to participate in treatment for sex offenders, then the parent shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the offender has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child.

(L) a court may order unsupervised contact between the parent and a child which may occur in the presence of a juvenile adjudicated of a sex offense listed in (e)(i) through (ix) of this subsection who resides with the parent after the presumption under (e) of this subsection has been rebutted and supervised visitation has occurred for at least two years during which time the adjudicated juvenile has had no further arrests, adjudications, or convictions of sex offenses involving children under chapter 9a.44 rcw, rcw 9a.64.020, or chapter 9.68a rcw, and (i) the court finds that unsupervised contact between the child and the parent that may occur in the presence of the adjudicated juvenile is appropriate and poses minimal risk to the child, after consideration of the testimony of a state-certified therapist, mental health counselor, or social worker with expertise in treatment of child sexual abuse victims who has supervised at least one period of visitation between the parent and the child in the presence of the adjudicated juvenile, and after consideration of evidence of the adjudicated juvenile’s compliance with community supervision or parole requirements, if any. If the adjudicated juvenile was not ordered by a court to participate in treatment for sex offenders, then the adjudicated juvenile shall obtain a psychosexual evaluation conducted by a state-certified sex offender treatment provider indicating that the adjudicated juvenile has the lowest likelihood of risk to reoffend before the court grants unsupervised contact between the parent and a child which may occur in the presence of the adjudicated juvenile who is residing with the parent.

(M)(i) the limitations imposed by the court under (a) or (b) of this subsection shall be reasonably calculated to protect the child from the physical, sexual, or emotional abuse or harm that could result if the child has contact with the parent requesting visitation. If the court expressly finds based on the evidence that limitations on visitation with the child will not adequately protect the child from the harm or abuse that could result if the child has contact with the parent requesting visitation, the court shall restrain the person seeking visitation from all contact with the child.

(ii) the court shall not enter an order under (a) of this subsection allowing a parent to have contact with a child if the parent has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused the child, except upon recommendation by an evaluator or therapist for the child that the child is ready for contact with the parent and will not be harmed by the contact. The court shall not enter an order allowing a parent to have contact with the child in the offender’s presence if the parent resides with a person who has been found by clear and convincing evidence in a civil action or by a preponderance of the evidence in a dependency action to have sexually abused a child, unless the court finds that
the parent accepts that the person engaged in the harmful conduct and the parent is willing to and capable of protecting the child from harm from the person.

(iii) if the court limits visitation under (a) or (b) of this subsection to require supervised contact between the child and the parent, the court shall not approve of a supervisor for contact between a child and a parent who has engaged in physical, sexual, or a pattern of emotional abuse of the child unless the court finds based upon the evidence that the supervisor accepts that the harmful conduct occurred and is willing to and capable of protecting the child from harm. The court shall revoke court approval of the supervisor upon finding, based on the evidence, that the supervisor has failed to protect the child or is no longer willing to or capable of protecting the child.

(N) if the court expressly finds based on the evidence that contact between the parent and the child will not cause physical, sexual, or emotional abuse or harm to the child and that the probability that the parent’s or other person’s harmful or abusive conduct will recur is so remote that it would not be in the child’s best interests to apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection, or if the court expressly finds that the parent’s conduct did not have an impact on the child, then the court need not apply the limitations of (a), (b), and (m)(i) and (iii) of this subsection. The weight given to the existence of a protection order issued under chapter 26.50 RCW as to domestic violence is within the discretion of the court. This subsection shall not apply when (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), and (m)(ii) of this subsection apply.

(3) ((A) any person may petition the court for visitation rights at any time including, but not limited to, custody proceedings. The court may order visitation rights for any person when visitation may serve the best interest of the child whether or not there has been any change of circumstances.)) a person other than a parent may petition the court for visitation with a child under section 3 of this act.

(4) the court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child. Modification of a parent’s visitation rights shall be subject to the requirements of subsection (2) of this section.

(5) for the purposes of this section, a parent’s child means that parent’s natural child, adopted child, or stepchild.

Sec. 6. RCW 26.09.160 and 1991 c 367 s 4 are each amended to read as follows:

(1) the performance of parental functions and the duty to provide child support are distinct responsibilities in the care of a child. If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit contact with children is not suspended. An attempt by a parent, in either the negotiation or the performance of a parenting plan, to condition one aspect of the parenting plan upon another, to condition payment of child support upon an aspect of the parenting plan, to refuse to pay ordered child support, to refuse to perform the duties provided in the parenting plan, or to hinder the performance by the other parent of duties provided in the parenting plan, shall be deemed bad faith and shall be punished by the court by holding the party in contempt of court and by awarding to the aggrieved party reasonable attorneys’ fees and costs incidental in bringing a motion for contempt of court.

(2)(a) a motion may be filed to initiate a contempt action to coerce a parent to comply with an order establishing residential provisions for a child or awarding contact with a child to a nonparent under section 3 of this act. If the court finds there is reasonable cause to believe the parent has not complied with the order, the court may issue an order to show cause why the relief requested should not be granted.

(B) if, based on all the facts and circumstances, the court finds after hearing that the parent, in bad faith, has not complied with the order establishing residential provisions for the child or awarding contact with a nonparent, the court shall find the parent in contempt of court. Upon a finding of contempt, the court shall order:

(I) the noncomplying parent to provide the moving party additional time with the child. The additional time shall be equal to the time missed with the child, due to the parent’s noncompliance;

(II) the parent to pay, to the moving party, all court costs and reasonable attorneys’ fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(lii) the parent to pay, to the moving party, a civil penalty, not less than the sum of one hundred dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order, but in no event for more than one hundred eighty days.

(3) on a second failure within three years to comply with a residential provision of a court-ordered parenting plan or court order awarding contact with a nonparent, a motion may be filed to initiate contempt of court proceedings according to the procedure set forth in subsection (2)(a) and (b) of this section. On a finding of contempt under this subsection, the court shall order:

(A) the noncomplying parent to provide the other parent or party additional time with the child. The additional time shall be twice the amount of the time missed with the child, due to the parent’s noncompliance;

(B) the noncomplying parent to pay, to the other parent or party, all court costs and reasonable attorneys’ fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and
(C) the noncomplying parent to pay, to the moving party, a civil penalty of not less than two hundred fifty dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan or court order awarding contact with a nonparent and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order but in no event for more than one hundred eighty days.

(4) for purposes of subsections (1), (2), and (3) of this section, the parent shall be deemed to have the present ability to comply with the order establishing residential provisions or awarding contact with a nonparent unless he or she establishes otherwise by a preponderance of the evidence. The parent shall establish a reasonable excuse for failure to comply with the court-ordered contact with a nonparent or the residential provision of a court-ordered parenting plan by a preponderance of the evidence.

(5) any monetary award ordered under subsections (1), (2), and (3) of this section may be enforced, by the party to whom it is awarded, in the same manner as a civil judgment.

(6) subsections (1), (2), and (3) of this section authorize the exercise of the court’s power to impose remedial sanctions for contempt of court and is in addition to any other contempt power the court may possess.

(7) upon motion for contempt of court under subsections (1) through (3) of this section, if the court finds the motion was brought without reasonable basis, the court shall order the moving party to pay to the nonmoving party, all costs, reasonable attorneys’ fees, and a civil penalty of not less than one hundred dollars.

Sec. 7. Rcw 26.09.260 and 2000 c 21 s 19 are each amended to read as follows:

(1) except as otherwise provided in subsections (4), (5), (6), (8), and (10) of this section, the court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the nonmoving party and that the modification is in the best interest of the child and is necessary to serve the best interests of the child.

(2) in applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(A) the parents agree to the modification;

(B) the child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan;

(C) the child’s present environment is detrimental to the child’s physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(D) the court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with a court order awarding contact with a nonparent or the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under rcw 9a.40.060 or 9a.40.070.

(3) a conviction of custodial interference in the first or second degree under rcw 9a.40.060 or 9a.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

(4) the court may reduce or restrict contact between the child and the parent with whom the child does not reside a majority of the time if it finds that the reduction or restriction would serve and protect the best interests of the child using the criteria in rcw 26.09.191.

(5) the court may order adjustments to the residential aspects of a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a minor modification in the residential schedule that does not change the residence the child is scheduled to reside in the majority of the time and:

(A) does not exceed twenty-four full days in a calendar year; or

(B) is based on a change of residence of the parent with whom the child does not reside the majority of the time or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow; or

(C) does not result in a schedule that exceeds ninety overnights per year in total, if the court finds that, at the time the petition for modification is filed, the decree of dissolution or parenting plan does not provide reasonable time with the parent with whom the child does not reside a majority of the time, and further, the court finds that it is in the best interests of the child to increase residential time with the parent in excess of the residential time period in (a) of this subsection. However, any motion under this subsection (5)(c) is subject to the factors established in subsection (2) of this section if the party bringing the petition has previously been granted a modification under this same subsection within twenty-four months of the current motion. Relief granted under this section shall not be the sole basis for adjusting or modifying child support.

(6) the court may order adjustments to the residential aspects of a parenting plan pursuant to a proceeding to permit or restrain a relocation of the child. The person objecting to the relocation of the child or the relocating person’s proposed revised residential schedule may file a petition to modify the parenting plan, including a change of the residence in which the child resides the majority of the time, without a showing of adequate cause other than the proposed relocation itself. A hearing to determine adequate cause for modification
shall not be required so long as the request for relocation of the child is being pursued. In making a determination of a modification pursuant to relocation of the child, the court shall first determine whether to permit or restrain the relocation of the child using the procedures and standards provided in RCW 26.09.405 through 26.09.560. Following that determination, the court shall determine what modification pursuant to relocation should be made, if any, to the parenting plan or custody order or visitation order.

(7) A parent with whom the child does not reside a majority of the time and whose residential time with the child is subject to limitations pursuant to RCW 26.09.191 (2) or (3) may not seek expansion of residential time under subsection (5)(c) of this section unless that parent demonstrates a substantial change in circumstances specifically related to the basis for the limitation.

(8) If a parent with whom the child does not reside a majority of the time voluntarily fails to exercise residential time for an extended period, that is, one year or longer, the court upon proper motion may make adjustments to the parenting plan in keeping with the best interests of the minor child.

(9) A parent with whom the child does not reside a majority of the time who is required by the existing parenting plan to complete evaluations, treatment, parenting, or other classes may not seek expansion of residential time under subsection (5)(c) of this section unless that parent has fully complied with such requirements.

(10) The court may order adjustments to any of the nonresidential aspects of a parenting plan upon a showing of a substantial change of circumstances of either parent or of a child, and the adjustment is in the best interest of the child. Adjustments ordered under this section may be made without consideration of the factors set forth in subsection (2) of this section.

(11) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney’s fees and court costs of the nonmoving parent against the moving party.

New section. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

Consolidating fire service mobilization responsibilities within the Washington state patrol.

The bill was read the second time.

Representative Lovick moved the adoption of amendment (381):

On page 4, after line 26, insert the following:

"NEW SECTION. Sec. 5. (1) Because of the possibility of a disaster of unprecedented size and destruction, including acts of domestic terrorism and civil unrest, that requires law enforcement response for the protection of persons or property and preservation of the peace, the need exists to ensure that the state is adequately prepared to respond to such an incident. There is a need to (a) establish a mechanism and a procedure to provide for reimbursement to law enforcement agencies that respond to help others in time of need, and to host law enforcement agencies that incur expenses beyond the resources of the agencies; and (b) generally to protect the public safety, peace, health, lives, and property of the people of Washington.

(2) It is hereby declared necessary to:
(a) Provide the policy and organizational structure for large-scale mobilization of law enforcement resources in the state, using the incident command system, through creation of the Washington state law enforcement mobilization plan;
(b) Confer upon the chief of the Washington state patrol the powers provided in this chapter;
(c) Provide a means for reimbursement to law enforcement jurisdictions that incur expenses when mobilized by the chief under the Washington state law enforcement mobilization plan; and
(d) Provide for reimbursement of the host law enforcement agency when it has:
(i) Exhausted all of its resources; and
(ii) Invoked its local mutual aid network and exhausted those resources.

NEW SECTION. Sec. 6. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agency" means any general purpose law enforcement agency as defined in RCW 10.93.020.
(2) "Board" means the state law enforcement mobilization policy board.
(3) "Chief" means the chief of the Washington state patrol."
(4) "Chief law enforcement officer" means the chief of police or sheriff responsible for law enforcement services in the jurisdiction in which the emergency is occurring.

(5) "General authority Washington peace officer" means a general authority Washington peace officer as defined in RCW 10.93.020.

(6) "Host agency" means the law enforcement agency that requests statewide mobilization under sections 6 through 11 of this act.

(7) "Mobilization" means a redistribution of regional and statewide law enforcement resources in response to an emergency or disaster situation.

(8) "Mutual aid" means emergency interagency assistance provided without compensation pursuant to an agreement under chapter 39.34 RCW.

(9) "Resource coordination" means the effort to locate and arrange for the delivery of resources needed by chief law enforcement officers.

(10) "State law enforcement resource coordinator" means a designated individual or agency selected by the chief to perform the responsibilities of that position.

NEW SECTION. Sec. 7. (1) The state law enforcement mobilization policy board shall be established by the chief and shall have representatives from each of the regions established in section 10 of this act. In carrying out its duty, the board shall consult with and solicit recommendations from representatives of the state and local law enforcement and emergency management organizations, and regional law enforcement mobilization committees.

(2) The board shall establish and make recommendations to the chief on the refinement and maintenance of the Washington state law enforcement mobilization plan, including the procedures to be used during an emergency or disaster response requiring coordination of local, regional, and state law enforcement resources.

(3) The chief shall review the Washington state law enforcement mobilization plan, as submitted by the board, recommend changes as necessary, and may approve the plan. The plan shall be consistent with the Washington state comprehensive emergency management plan. The chief may recommend the plan for inclusion within the state comprehensive emergency management plan established under chapter 38.52 RCW.

NEW SECTION. Sec. 8. (1) Local law enforcement may request mobilization only in response to an emergency or disaster exceeding the capabilities of available local resources and those available through existing mutual aid agreements. Upon finding that the local jurisdiction has exhausted all available resources, it is the responsibility of the chief to determine whether mobilization is the appropriate response to the emergency or disaster and, if so, to mobilize jurisdictions under the Washington state law enforcement mobilization plan.

(2) Upon mobilization, the chief shall appoint a state law enforcement resource coordinator, and an alternate, who shall serve jointly with the chief law enforcement officer from the host agency to command the mobilization effort consistent with incident command system procedures.

(3) Upon mobilization, all law enforcement resources including those of the host agency and those that responded earlier under an existing mutual aid or other agreement shall be mobilized. Mobilization may include the redistribution of regional or statewide law enforcement resources to either direct emergency incident assignments or to assignments in communities where law enforcement resources are needed.

(4) For the duration of the mobilization:
   (a) Host agency resources shall become state law enforcement mobilization resources, under the command of the state law enforcement resource coordinator and the chief law enforcement officer from the host agency, consistent with the state law enforcement mobilization plan and incident command system procedures; and
   (b) All law enforcement authorities providing resources in response to a mobilization declaration shall be eligible for expense reimbursement as provided by this chapter.

(5) The chief, in consultation with the regional law enforcement resource coordinator, shall determine when mobilization is no longer required and shall then declare the end to the mobilization.

NEW SECTION. Sec. 9. (1) The state law enforcement resource coordinator, or alternate, shall serve in that capacity for the duration of the mobilization.

(2) The duties of the coordinator are to:
   (a) Coordinate the mobilization of law enforcement and other support resources within a region;
   (b) Be primarily responsible for the coordination of resources in conjunction with the regional law enforcement mobilization committees, in the case of incidents involving more than one region or when resources from more than one region must be mobilized; and
   (c) Advise and consult with the chief regarding what resources are required in response to the emergency or disaster and in regard to when the mobilization should end.

NEW SECTION. Sec. 10. (1) Regions within the state are initially established as follows and may be adjusted as necessary by the state law enforcement policy board, but should remain consistent with the Washington state fire defense regions:
(a) Central region - Grays Harbor, Thurston, Pacific, and Lewis counties;
(b) Lower Columbia region - Kittitas, Yakima, and Klickitat counties;
(c) Mid-Columbia region - Chelan, Douglas, and Grant counties;
(d) Northeast region - Okanogan, Ferry, Stevens, Pend Oreille, Spokane, Adams, and Lincoln counties;
(e) Northwest region - Whatcom, Skagit, Snohomish, San Juan, and Island counties;
(f) Olympic region - Clallam and Jefferson counties;
(g) South Puget Sound region - Kitsap, Mason, King, and Pierce counties;
(h) Southeast region - Benton, Franklin, Walla Walla, Columbia, Whitman, Garfield, and Asotin counties;
(i) Southwest region - Wahkiakum, Cowlitz, Clark, and Skamania counties.

(2) Within each of the regions there is created a regional law enforcement mobilization committee. The committees shall consist of the sheriff of each county in the region, the district commander of the Washington state patrol from the region, a number of police chiefs within the region equivalent to the number of counties within the region plus one, and the director of the counties' emergency management office. The police chief members of each regional committee must include the chiefs of police of each city of ninety-five thousand or more population, and the number of members of the committee shall be increased if necessary to accommodate such chiefs. Members of each regional mobilization committee shall select a chair, who shall have authority to implement the regional plan, and a secretary as officers. Members serving on the regional mobilization committees shall not be eligible for reimbursement for meeting-related expenses from the state.

(3) The regional mobilization committees shall work with the relevant local government entities to facilitate development of intergovernmental agreements if any such agreements are required to implement a regional law enforcement mobilization plan.

(4) Regional mobilization committees shall develop regional law enforcement mobilization plans that include provisions for organized law enforcement agencies to respond across municipal, county, or regional boundaries. Each regional mobilization plan shall be consistent with the incident command system, the Washington state law enforcement mobilization plan, and regional response plans adopted prior to the effective date of this act.

(5) Each regional plan, adopted under subsection (4) of this section shall be approved by the state law enforcement mobilization policy board before implementation.

NEW SECTION. Sec. 11. The state patrol in consultation with the Washington association of sheriffs and police chiefs and the office of financial management shall develop procedures to facilitate reimbursement to jurisdictions from funds appropriated specifically for this purpose when jurisdictions are mobilized under the Washington state law enforcement mobilization plan.

Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost law enforcement authority for reimbursement of expenses incurred in providing law enforcement resources for mobilization.

NEW SECTION. Sec. 12. Sections 6 through 11 of this act are each added to chapter 43.43 RCW."

Representative Moeller moved the adoption of amendment (404):

On page 12, after line 14, insert the following:

"NEW SECTION. Sec. 14. (1) The legislature finds that the inability of cities and towns to continue to utilize the petition method of annexation established by RCW 35.13.125 through 35.13.160 and 35A.14.120 through 35A.14.150 poses a threat to the public peace, health, and safety, and to the support of the state government and its existing public institutions. This threat results from, without limitation, the absence of a statutory means for municipal annexation of property that is unoccupied, or that is occupied only by persons ineligible to vote in city or town elections; the inability of cities and towns to complete annexations that are necessary for orderly implementation of plans, regulations, and ordinances relating to growth management; and the uncertainty regarding enforceability of agreements for municipal water and sewer service provided by cities and towns to customers outside municipal boundaries. The legislature further finds that this threat results from the decision of the Washington state supreme court in Grant County Fire Protection District No. 5 v. City of Moses Lake, 145 Wn.2d 702 (2002), holding that the petition method of annexation authorized by RCW 35.13.125 through 35.13.160 and 35A.14.120 through 35A.14.150 is unconstitutional. (2) The legislature intends this act to provide for a limited method of annexation by cities and towns based on utility service or utility agreements with property owners.

Sec. 15. RCW 35.13.180 and 1994 c 81 s 11 are each amended to read as follows:
(1) City and town legislative bodies may by a majority vote annex new unincorporated territory outside the city or town limits, whether contiguous or noncontiguous for park, cemetery, or other municipal purposes when such territory is owned by the city or town or all of the owners of the real property in the territory give their written consent to the annexation. (2) City and town legislative bodies may by a majority vote annex new unincorporated contiguous territory outside the city or town limits where the city or town provides, or by agreement with property owners has committed to provide, retail sewer or retail water service to at least seventy-five percent of the territory proposed for annexation. (3) Territorial annexed pursuant to subsection (2) of this section must be within the urban growth areas established pursuant to RCW 36.70A.110, or, for jurisdictions not planning under RCW 36.70A.040, otherwise qualified for annexation. (4) Prior to a city or town legislative body voting on an annexation pursuant to subsection (2) of this section, the legislative body shall fix a date for a public hearing thereon and cause notice of the hearing to be published in one issue of a newspaper of general circulation in the city or town. The notice shall contain a legal description of the territory proposed for annexation, shall be posted in three public places within the territory proposed for annexation, and shall specify the time and place of the hearing and invite interested persons to appear and voice approval or disapproval of the annexation. (5) Following the hearing, the city or town legislative body shall determine by ordinance whether annexation shall be made. Subject to RCW 35.02.170, the legislative body may annex all or any portion of the
proposed area but may not include in the annexation any territory not described in the notice. Upon passage of
the ordinance a certified copy shall be filed with the board of county commissioners of the county in which the
annexed territory is located.

Sec. 16. RCW 35A.14.300 and 1981 c 332 s 7 are each amended to read as follows:
(1) Legislative bodies of code cities may by a majority vote annex territory outside the limits of such city
whether contiguous or noncontiguous for any municipal purpose when such territory is owned by the city.
(2) Legislative bodies of code cities may by a majority vote annex contiguous territory outside the limits
of such city where the city provides, or by agreement with property owners has committed to provide, retail
sewer or retail water service to at least seventy-five percent of the territory proposed for annexation.
(3) Territory annexed pursuant to subsection (2) of this section must be within the urban growth areas
established pursuant to RCW 36.70A.110, or, for jurisdictions not planning under RCW 36.70A.040, otherwise
qualified for annexation.
(4) Prior to a city legislative body voting on an annexation pursuant to subsection (2) of this section, the
legislative body shall fix a date for a public hearing thereon and cause notice of the hearing to be published in one
or more issues of a newspaper of general circulation in the city. The notice shall also contain a legal description
of the territory proposed for annexation, shall be posted in three public places within the territory proposed for
annexation, and shall specify the time and place of the hearing and invite interested persons to appear and voice
approval or disapproval of the annexation.
(5) Following the hearing, if the city legislative body determines to effect the annexation, they shall do
so by ordinance. Subject to RCW 35A.14.410, the ordinance may annex all or any portion of the proposed area
but may not include in the annexation any territory not described in the notice. Upon passage of the annexation
ordinance a certified copy shall be filed with the board of county commissioners of the county in which the
annexed territory is located.

NEW SECTION Sec. 17. The method of annexation provided for in sections 15 and 16 of this act
shall be an alternative to existing methods, not superseding any other.

Sec. 18. RCW 64.06.020 and 1996 c 301 s 2 are each amended to read as follows:
(1) In a transaction for the sale of residential real property, the seller shall, unless the buyer has
expressly waived the right to receive the disclosure statement, or unless the transfer is exempt under RCW
64.06.010, deliver to the buyer a completed real property transfer disclosure statement in the following format
and that contains, at a minimum, the following information:

POINT OF ORDER

Representative Schindler requested a Scope and Object ruling on amendment #404 to Substitute Senate Bill No. 5409.
SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "Under precedent established by previous rulings in the House, the Speaker first looks to the title of a bill in determining scope and object questions. Substitute Senate Bill No. 5409 is entitled an act relating to "providing a new direct petition annexation method". Amendment #404 does not relate to the direct petition annexation method, but rather a method of annexation based on utility service or utility agreements. The Speaker therefore finds that the amendment is beyond the scope and object of the bill.

Representative Schindler, your point of order is well taken."

There being no objection, the rules were suspended, the second reading considered the third and the bill as amended by the House, was placed on final passage.

Representatives Romero and Schindler spoke in favor of passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5409, as amended by the House.

ROLL CALL

The Clerk called the roll on the final passage of Substitute Senate Bill No. 5409, as amended by the House, and the bill passed the House by the following vote:

Yeas - 95, Nays - 1, Absent - 0, Excused - 2.

Voting nay: Representative Boldt - 1.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Agriculture & Natural Resources was before the House for purpose of amendment. (For committee amendment, see Journal, 82nd Day, April 4, 2003.)

Representative Holmquist moved the adoption of amendment (392) to the committee amendment:

On page 1, line 23 of the amendment, after "(1)" insert ""Affected tribes" means any tribal entity that owns either the land, or the land adjacent to the land, where a forest emergency operation that is exempt from the forest practices application or notification requirements, under RCW 76.09.060, will occur.

Representatives Holmquist and Schoesler spoke in favor of the adoption of the amendment.

Representatives Rockefeller and Linville spoke against the adoption of the amendment.

The amendment to the committee amendment was not adopted.

Representative Rockefeller moved the adoption of amendment (382) to the committee amendment:

On page 15, after line 13 of the amendment, insert the following:

"NEW SECTION. Sec. 7. The legislature finds that since 1995, large numbers of oak and tanoak trees have been dying in the coastal counties of California. The legislature also finds that the disease causing the tree loss, which is commonly referred to as Sudden Oak Death Syndrome, has, as of the effective date of this act, been confirmed in twelve California counties, and one Oregon county. The legislature also finds that in addition to affecting several species of oak, this disease has been confirmed to affect several plant species common in Washington’s forests, including Douglas Fir, big leaf maple, huckleberry, rhododendron, madrone, and manzanita. The legislature recognizes that the state of California and the United States department of agriculture have adopted restrictions on the movement of articles that may host the disease, and the state of Oregon and the Canadian government have adopted restrictions on the importation of potential host articles. The legislature finds that an introduction of Sudden Oak Death Syndrome into Washington could cause potential damage to the state’s forest health, leading to both economic and ecological losses.

NEW SECTION. Sec. 8. A new section is added to chapter 17.24 RCW to read as follows:
The department and the department of natural resources shall coordinate their Sudden Oak Death Syndrome response efforts with other plant pest agencies and private organizations to exchange information, monitor the confirmed incidences of the disease, and take action as appropriate under existing plant pest control authorities to prevent the introduction of the disease into Washington and to control or eradicate the disease if it is determined to be present in the state."

Correct the title.
POINT OF ORDER

Representative Schoesler requested a scope and object ruling on amendment (382) to Substitute Senate Bill No. 5144.

There being no objection, the House deferred action on SUBSTITUTE SENATE BILL NO. 5144, and the bill held its place on Second Reading.

SUBSTITUTE SENATE BILL NO. 5751, By Senate Committee on Natural Resources, Energy & Water (originally sponsored by Senator Hargrove)

Concerning the sale of valuable material from state lands.

The bill was read the second time.

There being no objection, the committee amendment by the Committee on Agriculture & Natural Resources was adopted. (For committee amendment, see Journal, 82nd Day, April 4, 2003.)

Representative Buck moved the adoption of amendment (383):

On page 5, after line 33, insert the following:

"Sec. 5. RCW 43.21C.037 and 1997 c 173 s 6 are each amended to read as follows:
(1) Decisions pertaining to ((applications for Class I, II, and III forest practices, as defined by rule of the forest practices board under RCW 76.09.050,)) the following are not subject to the requirements of RCW 43.21C.030(2)(c) as now or hereafter amended:
(a) Applications for class I, II, and III forest practices, as defined by rule of the forest practices board under RCW 76.09.050; and
(b) Individual sales of valuable materials, as that term is defined in RCW 79.01.038, from state trust lands, including federally granted trust lands, forest board transfer lands, forest board purchase lands, and community college reserve trust lands, that are harvested under a class I, II, or III forest practices application, if a programmatic detailed environmental impact statement has been finalized for the ten-year sustained yield plan required under chapter 79.68 RCW.
(2) When the applicable county, city, or town requires a license in connection with any proposal involving forest practices (a) on lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, or (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, then the local government, rather than the department of natural resources, is responsible for any detailed statement required under RCW 43.21C.030(2)(c).
(3) Those forest practices determined by rule of the forest practices board to have a potential for a substantial impact on the environment, and thus to be Class IV practices, require an evaluation by the department of natural resources as to whether or not a detailed statement must be prepared pursuant to this chapter. The evaluation shall be made within ten days from the date the department receives the application. A Class IV forest practice application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. This section shall not be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action regarding a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted.

NEW SECTION. Sec. 6. A new section is added to chapter 79.01 RCW to read as follows:
Individual sales of valuable materials from state trust lands, including federally granted trust lands, forest board transfer lands, forest board purchase lands, and community college reserve trust lands, that are harvested under a class I, II, or III forest practices application, are not subject to the requirements of RCW 43.21C.030(2)(c) if a programmatic detailed environmental impact statement has been finalized for the ten-year sustained yield plan required under chapter 79.68 RCW."

Correct the title.
POINTER OF ORDER

Representative Rockefeller requested a scope and object ruling on amendment #383 to Substitute Senate Bill No. 5751.

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling on the point of order raised by Representative Rockefeller, the Speaker finds that Substitute Senate Bill No. 5751 is entitled an act relating to "sales of valuable materials". The bill amends several sections of Chapter 79.01 RCW, the Public Lands Act, that relate to the dollar amounts and notice requirements for sales of valuable material under DNR purview.

The amendment also relates to the sales of valuable materials, and fits within the title of the bill. But its provisions are not related to the dollar amounts and notice requirements for such sales. Rather, the amendment relates to requirements for environmental impact statements and includes changes to the State Environmental Policy Act, Chapter 43.21C RCW.

The Speaker therefore finds that the amendment is beyond the scope and object of the bill. Representative Rockefeller, your point of order is well taken."

There being no objection, the rules were suspended, the second reading considered the third and the bill as amended by the House, was placed on final passage.

Representatives Rockefeller and Schoesler spoke in favor of passage of the bill.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Substitute Senate Bill No. 5751, as amended by the House.

SUBSTITUTE SENATE BILL NO. 5751, as amended by the House, having received the necessary constitutional majority, was declared passed.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5776, By Senate Committee on Land Use & Planning (originally sponsored by Senators Doumit, Morton, Hargrove, Mulliken, Rasmussen, Swecker, Haugen, Zarelli, Reardon, Parlette, McAuliffe and Winsley)

Providing an appeal process for state agency and local government permit decisions for economic development projects.

The bill was read the second time.
There being no objection, the committee amendment by the Committee on Appropriations was not adopted. (For committee amendment, see Journal, 85th Day, April 7, 2003.)

Representative Kessler moved the adoption of amendment (393):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects, by establishing uniform, expedited, and coordinated appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the environmental and land use hearings board established in this chapter.

(2) "Final decision" means the highest and last decision available within the permit agency with respect to a permit application to the agency, including but not limited to decisions resulting from internal appeals available within the agency for the permit decision.

(3) "Participating permit agency" means any permit agency in which the applicant for a qualifying project has filed an application for an environmental or land use permit that is required for the qualifying project.

(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, use of, or interference with the land, air, or water in the state. This document must be required to be obtained from a state agency or local government, including but not limited to counties, cities, and air agencies, prior to constructing or operating a qualifying project. Local government permits include, but are not limited to, subdivisions, binding site plans, planned unit developments, shoreline permits or other approvals under RCW 90.58.140, master plan approvals, site plan approvals, permits or approvals required by critical area ordinances, conditional use permits, variances, and site-specific rezones authorized by a comprehensive plan or subarea plan or other equivalent documents however titled or denominated. Local government permits excluded under this definition include the adoption or amendment of a comprehensive plan, subarea plan, legislative actions on development regulations, certifications by local health districts of water and sewer availability, and building, grading, flood hazard, utility connection, and other nondiscretionary construction permits.

(5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.

(6) "Qualifying project" means an economic development project that is (a) located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) designed to provide at least thirty full-time year-round jobs, and (c) designated as a qualifying project by the office of permit assistance established under chapter 43.42 RCW if a request for a determination of such designation is made to the office by the project applicant as provided under this chapter.

NEW SECTION. Sec. 3. The appeal process authorized in this chapter shall, notwithstanding any other provisions of this code, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for a qualifying project. This chapter shall not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter.

NEW SECTION. Sec. 4. (1) Any applicant for a project that meets the criteria set forth in section 2(6)(a) and (b) of this act may use the process of appeal and review of this chapter by filing with the office of permit assistance a request for a determination of designation as a qualifying project as required in section 2(6)(c) of this act. Such request shall be filed with the office no later than thirty days after the filing with a permit agency of the first application for a permit relating to the subject project that is filed after the effective date of this act. No requests may be filed with the office of permit assistance after December 31, 2010. The request shall include a list of permits that the project applicant reasonably believes will be required for the subject project.

(2) The office of permit assistance shall: (a) Respond to such request within thirty days after the filing of the request; and (b) if the office determines to designate the project as a qualifying project under section 2(6)(c) of this act, contemporaneously provide a copy of the designation response to all permit agencies responsible for the project permits listed in the request. The office of permit assistance shall provide notice of any project
designation to the code reviser for publication in the state register and to any persons that have filed with the office of permit assistance a general request for such notice. Nothing in this section creates an independent cause of action or affects any existing cause of action.

(3) All final decisions of a permit agency notified under subsection (2) of this section shall include the following sentence: Any appeal of this decision shall be in accordance with the provisions of this chapter.

NEW SECTION. Sec. 5. (1) An environmental and land use hearings board is hereby established within the environmental hearings office created under RCW 43.21B.005. The environmental and land use hearings board shall be composed of six members, as provided in RCW 90.58.170. The chairperson of the pollution control hearings board shall be the chairperson of the environmental and land use hearings board. The members of the environmental and land use hearings board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and 43.03.060.

(2) All proceedings before the board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may adopt. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter.

NEW SECTION. Sec. 6. (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(2) Such petition is barred, and the board may not grant review, unless the petition is timely filed with the board and timely served on the following persons who shall be parties to the review of the petition:

(a) The participating permit agencies, which for purposes of the petition shall be (i) if a state agency, the director thereof, and (ii) if a local government, the jurisdiction’s corporate entity which shall be served as provided in RCW 4.28.080; and

(b) Each of the following persons if the person is not the petitioner:

(i) Each person identified by name and address as applicant in the application to the participating permit agencies;

(ii) Each person identified in project application documents as an owner of the property at issue or, if none, each person identified as a taxpayer for the property at issue in the records of the county assessor.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance by the permit agency of the permit for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(a) Three days after a written decision is mailed by the permit agency to the project applicant or, if not mailed, the date on which the permit agency provides notice that a written decision is publicly available; or

(b) If (a) of this subsection does not apply, the date the decision is entered into the public record.

(5) Service on all parties shall be by personal service or by mail. Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

NEW SECTION. Sec. 7. Standing to bring a petition under this chapter is limited to the following persons:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) Another person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The permit decision has prejudiced or is likely to prejudice that person;

(b) That person’s asserted interests are among those that the permit agency was required to consider when it made its permit decision;

(c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law;

(3) A participating permit agency under this chapter.

NEW SECTION. Sec. 8. A petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner’s attorney, if any;

(3) The name and mailing address of the permit agency whose permit is at issue, if any;

(4) A duplicate copy of the permit decision;

(5) Identification of each person to be made a party under this chapter;

(6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;

(7) A separate and concise statement of each error alleged to have been committed;
(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and
(9) A request for relief, specifying the type and extent of relief requested.

NEW SECTION. Sec. 9. (1) Within seven days after receipt of service of the petition filed pursuant to section 6 of this act, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been issued and appealed to an administrative hearings board or to court prior to the date of service of the petition filed with the board under this chapter. The board shall request verification from the participating agencies of the permit applications certified in the project applicant’s affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant’s affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in this act.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to section 6 of this act.

NEW SECTION. Sec. 10. The board shall provide expedited review of petitions filed under this chapter. Any matter reviewed on the decision record as provided in section 13(1) of this act must be set for hearing within sixty days of the date set for submitting the decision record of all participating permit agencies, absent a showing of good cause for a different date or a stipulation of the parties. Any matter reviewed de novo as provided in section 13(3) of this act must be set for hearing or trial no later than one hundred twenty days after the initial hearing date. The board shall issue a final decision and order within thirty days after the final hearing required in this section.

NEW SECTION. Sec. 11. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.

NEW SECTION. Sec. 12. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner’s expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.
NEW SECTION. Sec. 13. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the body or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion, subject to any applicable rules adopted by the board, at any time after service of the petition. The board shall not grant permission unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section.

NEW SECTION. Sec. 14. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under section 13 of this act. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the permit decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;

(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;

(d) The permit decision is a clearly erroneous application of the law to the facts;

(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies.

NEW SECTION. Sec. 15. (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties within thirty days after the filing of the final decision and order of the board. Service by mail shall be deemed effective on the date of deposit with the United States postal service. Any party may apply for direct review by the court of appeals. An application for direct review must be filed with the superior court within ten days after the filing of the petition for judicial review. In considering an application for direct review
under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application; therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located. The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness competent to testify on employment matters.

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court’s certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals.

Sec. 16. RCW 34.05.518 and 1995 c 382 s 5 are each amended to read as follows:

(1) the final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43 -- RCW (sections 1 through 15 of this act), be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;
(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;
(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and
(d) The appellate court’s determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or
(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43 -- RCW (sections 1 through 15 of this act).

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.
(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals.

Sec. 17. RCW 36.70C.030 and 1995 c 347 s 704 are each amended to read as follows:
(1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:
(a) Judicial review of:
(i) Land use decisions made by bodies that are not part of a local jurisdiction;
(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental and land use hearings board, or the growth management hearings board;

Sec. 18. RCW 43.21B.005 and 1999 c 125 s 1 are each amended to read as follows:

The environmental hearings office shall consist of the pollution control hearings board created in RCW 43.21B.010, the forest practices appeals board created in RCW 76.09.210, the shorelines hearings board created in RCW 90.58.170, the environmental and land use hearings board created in chapter 43.-- RCW (sections 1 through 15 of this act), and the hydraulic appeals board created in RCW (sections 1 through 15 of this act). The chairman of the pollution control hearings board shall be the chief executive officer of the environmental hearings office. Membership, powers, functions, and duties of the pollution control hearings board, the forest practices appeals board, the shorelines hearings board, and the hydraulic appeals board shall be as provided by law.

(2) The chief executive officer of the environmental hearings office may appoint an administrative appeals judge who shall possess the powers and duties conferred by the administrative procedure act, chapter 34.05 RCW, in cases before the boards comprising the office. The administrative appeals judge shall have a demonstrated knowledge of environmental law, and shall be admitted to the practice of law in the state of Washington. Additional administrative appeals judges may also be appointed by the chief executive officer on the same terms. Administrative appeals judges shall not be subject to chapter 41.06 RCW.

(3) The administrative appeals judges appointed under subsection (2) of this section are subject to discipline and termination, for cause, by the chief executive officer. Upon written request by the person so disciplined or terminated, the chief executive officer shall state the reasons for such action in writing. The person affected has a right of review by the superior court of Thurston county on petition for reinstatement or other remedy filed within thirty days of receipt of such written reasons.

(4) The chief executive officer may appoint, discharge, and fix the compensation of such administrative or clerical staff as may be necessary.

(5) The chief executive officer may also contract for required services.

Sec. 19. RCW 43.21B.110 and 2001 c 220 s 2 are each amended to read as follows:
(1) The hearings board shall only have jurisdiction to hear and decide appeals from the following decisions of the department, the director, local conservation districts, and the air pollution control boards or authorities as established pursuant to chapter 70.94 RCW, or local health departments:

SUBSTITUTE SENATE BILL NO. 5144, By Senate Committee on Natural Resources, Energy & Water (originally sponsored by Senators Morton and Oke)

Protecting forest land from exotic forest insects or diseases.

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "In ruling upon the point of order raised by Representative Schoesler, the Speaker would first note that the challenged amendment is drawn to the committee amendment. The committee amendment has not been adopted or rejected by the body. The Speaker must consider the bill as it stands before the House, and that is the substitute Senate Bill. The title of Substitute Senate Bill No. 5144 is an act relating to "protecting forest health". The bill amends statutes relating to the Department of Natural Resources and the Department of Agriculture
to require coordination of efforts to control or eradicate forest insects and diseases, provides exemptions from forest practice permits when necessary to control and eradicate such insects and diseases, and empowers the Commissioner of Public Lands to declare a forest health emergency for the control and eradication of such insects and diseases.

Amendment (382) relates to the forest health issue posed by Sudden Oak Death Syndrome and requires the Department of Agriculture and the Department of Natural Resources to coordinate their responses to control and eradicate the disease.

While the bill deals with the topic of forest health in general terms, the amendment merely specifies one disease to be addressed within the framework set forth in the bill. The Speaker therefore finds that the amendment does not change the scope and object of the bill.

Representative Schoesler, your point of order is not well taken."

Representative Rockefeller spoke in favor of the adoption of the amendment.

There being no objection, the rules were suspended, the second reading considered the third and the bill as amended by the House, was placed on final passage.

**POINT OF ORDER**

Representative Schindler requested a scope and object ruling on the committee amendment to Substitute Senate Bill No. 6012.

**SPEAKER'S RULING**

The Speaker (Representative Lovick presiding): "In ruling on the point of order raised by Representative Schindler to the Local Government committee amendment to Substitute Senate Bill No. 6012, the Speaker finds and rules as follows:

Substitute Senate Bill No. 6012 is entitled an act relating to "shoreline management". This is a broad title encompassing the general topic of shoreline management. The bill establishes shoreline management guidelines in statute, and includes repeal of RCW 90.58.060 and .080. The amendment also relates to shoreline management guidelines. It establishes a staggered statutory schedule for development of shoreline management guidelines and requirements for periodic reviews. The Speaker would note that it amends the same two statutes cited above that the bill would repeal.

This simply presents a policy choice for the body to decide. The Speaker finds that the committee amendment is within the scope and object of the bill.

Representative Schindler, your point of order is not well taken."

With the consent of the House, amendment (308) was withdrawn.

Representative Schindler moved the adoption of amendment (389) to the committee amendment:

Beginning on page 1, after line 2 of the amendment, strike everything and insert the following:

"Sec. 1. RCW 90.58.080 and 1995 c 347 s 305 are each amended to read as follows:
Local governments shall develop or amend, within ((twenty-four)) sixty months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department."

SB 5725 Prime Sponsor, Senator Zarelli: Providing tax incentives to support the state's semiconductor cluster. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the welfare of the people of the state of Washington is positively impacted through the encouragement and expansion of family wage employment in the state’s manufacturing industries. The legislature further finds that targeting tax incentives to focus on key industry clusters is an important business climate strategy. The Washington competitiveness council has
recognized the semiconductor industry, which includes the design and manufacture of semiconductor materials, as one of the state’s existing key industry clusters. Businesses in this cluster in the state of Washington are facing increasing pressure to expand elsewhere. The sales and use tax exemptions for manufacturing machinery and equipment enacted by the 1995 legislature improved Washington’s ability to compete with other states for manufacturing investment. However, additional incentives for the semiconductor cluster need to be put in place in recognition of the unique forces and global issues involved in business decisions that key businesses in this cluster face.

Therefore, the legislature intends to enact comprehensive tax incentives for the semiconductor cluster that address activities of the lead product industry and its suppliers and customers. Tax incentives for the semiconductor cluster are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this cluster. The legislature also recognizes that the semiconductor industry involves major investment that results in significant construction projects, which will create jobs and bring many indirect benefits to the state during the construction phase.

(1) The chair of the regional committee shall schedule a hearing on the proposed transfer of territory at a location in the educational service district within sixty calendar days of being notified under RCW 28A.315.195 (7) or (8).

(2) Within thirty calendar days of the hearing under subsection (1) of this section, or final hearing if more than one is held by the committee, the committee shall issue its written findings and decision to approve or disapprove the proposed transfer of territory. The educational service district superintendent shall transmit a copy of the committee’s decision to the superintendents of the affected school districts within ten calendar days.

(3) In carrying out the purposes of RCW 28A.315.015 and in making decisions as authorized under RCW 28A.315.095(1), the regional committee shall base its judgment upon whether and to the extent the proposed change in school district organization complies with RCW 28A.315.015(2) and rules adopted by the state board under chapter 34.05 RCW.

(4) State board rules under subsection (3) of this section shall provide for giving consideration to all of the following:

(a) The annual school performance reports required under RCW 28A.320.205 in the affected districts and improvement of the educational opportunities of pupils in the territory proposed for a change in school district organization;

(d) Whether or not geographic accessibility warrants a favorable consideration of a recommended change in school district organization, including remoteness or isolation of places of residence and time required to travel to and from school; and

(e) All funding sources of the affected districts, equalization among school districts of the tax burden for general fund and capital purposes through a reduction in disparities in per pupil valuation when all funding sources are considered, improvement in the economies in the administration and operation of schools, and the extent the proposed change would potentially reduce or increase the individual and aggregate transportation costs of the affected school districts.

(5)(a)(i) A petitioner or school district may appeal a decision by the regional committee (to approve a change in school district organization) to the state board based on the claim that the regional committee failed to follow the applicable statutory and regulatory procedures or acted in an arbitrary and capricious manner. Any such appeal shall be based on the record and the appeal must be filed within thirty days of the final decision of the regional committee.

(ii) If the state board finds that all applicable procedures were not followed or that the regional committee acted in an arbitrary and capricious manner, it shall refer the matter back to the regional committee with an explanation of the board's findings. (b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.
(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. (b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70.040(1). (1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made, except as provided in subsection (3)(b) of this section. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

(2) After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsections (3) and (4) of this section.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year’s authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years;

(c) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

(d) Set the levy at a rate less than the maximum rate allowed for the district;

(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period; or

(f) Include any combination of the conditions in this subsection.
(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:
   a. The limited proposition under subsection (3) of this section had not been approved; and
   b. The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.

Sec. 5. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1)(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (((5))) (6) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

   b. Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that meets the requirements of this subsection, and a city located within the county, may be relieved from the requirement to plan under this section.

   a. A county may be relieved from the planning requirement of this section only if the county: (i) Has a population of less than ten thousand; (ii) has a privately owned taxable land base of less than twenty percent; and (iii) includes no more than one incorporated city.

   b. To be relieved from the planning requirement of this section, a county shall adopt a resolution that removes the county and the city from the requirement to plan and shall file the resolution with the department. Removal shall be deemed to occur on the date the resolution is filed with the department.

(4) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section and has not removed itself under subsection (3) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations, the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section and the county has not removed itself pursuant to subsection (3) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW
36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

((44)) (6) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

((44)) (7) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(1) The director shall cause an inspector to inspect all wiring, appliances, devices, and equipment to which this chapter applies except for basic electrical work as defined in this chapter. The department may not require an electrical work permit for class A basic electrical work unless deficiencies in the installation or repair require inspection. The department may inspect class B basic electrical work on a random basis as specified by the department in rule. Nothing contained in this chapter may be construed as providing any authority for any subdivision of government to adopt by ordinance any provisions contained or provided for in this chapter except those pertaining to cities and towns pursuant to RCW 19.28.010(3).

(2) Upon request, electrical inspections will be made by the department within forty-eight hours, excluding holidays, Saturdays, and Sundays. If, upon written request, the electrical inspector fails to make an electrical inspection within twenty-four hours, the serving utility may immediately connect electrical power to the installation if the necessary electrical work permit is displayed: PROVIDED, That if the request is for an electrical inspection that relates to a mobile home installation, the applicant shall provide proof of a current building permit issued by the local government agency authorized to issue such permits as a prerequisite for inspection approval or connection of electrical power to the mobile home.

No electrical wiring or equipment subject to this chapter may be concealed until it has been approved by the inspector making the inspection. At the time of the inspection, electrical wiring or equipment subject to this chapter must be sufficiently accessible to permit the inspector to employ any testing methods that will verify conformance with the national electrical code and any other requirements of this chapter.

Student/instructor contact time includes lecture and in-school lab.

(iii) The department may not allow credit for a program that accepts more than one thousand hours transferred from another school’s program.

(iv) Electrical specialty training school programs of less than two years will have all of the above student/instructor contact time hours proportionately reduced. Such programs may not apply to more than fifty percent of the work experience required to attain certification.

(v) Electrical training programs of less than two years may not be credited towards qualification for journeyman electrician unless the training program is used to gain qualification for a four thousand hour electrical specialty.

No other requirement for eligibility may be imposed. The department shall establish reasonable rules for the examinations to be given applicants for certificates of competency. In establishing the rules, the department shall consult with the board. Upon determination that the applicant is eligible to take the examination, the department shall so notify the applicant, indicating the time and place for taking the examination.

The administrator’s certificate must bear the date of issuance, expires on the holder’s birthday, and is nontransferable. The certificate must be renewed every three years, upon application, on or before the holder’s birthday.

(a) If the certificate holder demonstrates to the department that he or she has satisfactorily completed an annual eight-hour continuing education course, the certificate may be renewed by appropriate application without examination unless the certificate has been revoked, suspended, or not renewed within ninety days after the expiration date.

(b) The contents and requirements for satisfactory completion of the continuing education course must be determined by the director and approved by the board.

(c) The department must accept proof of a certificate holder’s satisfactory completion of a continuing education course offered in another state as meeting the requirements for maintaining a current Washington state certificate if the department is satisfied the course is comparable in nature to that required in Washington state for maintaining a current certificate.

(3) Before December 1, 2003, a person who provides evidence in a form prescribed by the department affirming that he or she has worked in the HVAC/refrigeration specialty for a minimum of eight thousand hours may obtain a HVAC/refrigeration specialty electrical administrator certificate of competency without examination.

(4) A fee must be assessed for each administrator’s certificate and for each renewal. An individual holding more than one administrator’s certificate under this chapter is not required to pay fees for more than one certificate. The department must set the fees by rule for issuance and renewal of a certificate. The fees must cover, but not exceed, the costs of issuing the certificates and of administering and enforcing the administrator certification requirements of this chapter.

(5) The department may deny an application for an administrator’s certificate for up to two years if the applicant’s previous administrator’s certificate has been revoked for a serious violation and all appeals concerning the revocation have been exhausted. For the purposes of this section only, a serious violation is a violation that presents imminent danger to the public. The certificate may be renewed for a three-year period without examination by appropriate application unless the certificate has been revoked, suspended, or not renewed within ninety days after the expiration date. If the certificate is not renewed before the expiration date, the individual shall pay twice the usual fee. A person may take the administrator’s examination as many times as necessary to pass without limit.

(6) The designated master electrician or administrator shall:

(a) Be a member of the firm or a supervisory employee and shall be available during working hours to carry out the duties of an administrator under this section;

(b) Ensure that all electrical work complies with the electrical installation laws and rules of the state;

(c) Ensure that the proper electrical safety procedures are used;

(d) Ensure that all electrical labels, permits, and licenses required to perform electrical work are used;

(e) See that corrective notices issued by an inspecting authority are complied with; and

(f) Notify the department in writing within ten days if the master electrician or administrator terminates the relationship with the electrical contractor.

(7) The department shall not by rule change the administrator’s duties under subsection (((5))) (6) of this section.

"NEW SECTION. Sec. 3. (1) The legislature finds that construction projects may create environmental impacts on the project site and in surrounding areas. The legislature recognizes that the state’s environmental and project review laws are intended to mitigate the impacts of construction projects for the benefit of citizens, property owners, and the public. The legislature also finds that the environmental impacts of large, complex construction projects may affect an area much larger than the project site and surrounding community.

(2) The legislature recognizes a concern that the importation of fill material according to the provisions of section 1 of this act for large, complex construction projects may pose environmental risk in an area much larger than the project site and surrounding community. The legislature also recognizes that identifying the areas affected by a large, complex construction project may be difficult.

(3) The legislature also finds that construction or expansion of large regional airports are large, complex construction projects which may raise the concern identified in subsection (2) of this section. The legislature finds that, while these projects provide benefits to the state, qualify as essential public facilities according to the state growth management act, and provide numerous job-making economic development benefits to businesses and individuals by moving goods to and from markets and by fostering travel, these projects may create substantial environmental and other impacts to local communities that prove financially disadvantageous and detrimental to the quality of life for residents in the impacted areas. This legislature finds that this concern is magnified when the construction project involves the importation of fill material, as fill importation creates the potential of introducing contaminants into the area or of exacerbating soil contamination in the area. The legislature also finds that fill importation raises the potential of affecting water quality if fill is placed in or near a water body or if contaminants from the soil leach into a surface or ground water body. The legislature recognizes a need to balance the pressing need for construction projects related to the construction or expansion of airport facilities and the impacts they may create.

(4) The legislature recognizes the inequitable burden borne by residents and communities of the surrounding areas affected by the activities, construction, or expansion of large regional airports. The Legislature therefore intends to establish a mechanism to provide mitigation to surrounding residents and communities affected by activities associated with large regional airports and the impacts of construction or expansion of those airports that involve the importation of fill material.

NEW SECTION. Sec. 4. A new section is added to chapter 36.70A RCW to read as follows:

(1) On or before October 1, 2003, the department shall establish an aviation mitigation zone for any large regional airport located in the state of Washington. An aviation mitigation zone shall only include the following:

(a) Cities with a population fewer than forty thousand adjacent to the city within which the large regional airport is located;

(b) Cities with a population fewer than ten thousand adjacent to a city qualifying for inclusion in the mitigation zone according to the criteria established by (a) of this subsection; and
NEW SECTION. Sec. 5. A new section is added to chapter 84.08 RCW to read as follows:

(1) For the purposes of establishing aviation mitigation zones in accordance with the provisions of section 4 of this act, on or before September 15, 2003, the department shall develop a noise exposure map for any large regional airport meeting the criteria established by section 4 of this act. The noise exposure map shall be prepared in accordance with the methodology described in 14 C.F.R., Appendix A to Part 150 -- Noise Exposure Maps, as of the effective date of this act. The noise exposure map shall include a 60 Ldn noise level contour. The department may use noise exposure data collected or produced by an applicable port district when developing a noise exposure map required by this section.

(2) For the purposes of this section, "Ldn" has the same meaning as in section 4 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 84.36 RCW to read as follows:

(1) If any portion of a tract or parcel of real property is within an aviation mitigation zone established under section 4 of this act, the entire tract or parcel is exempt from port taxes.

(2) If any portion of a tract or parcel of real property is within an aviation mitigation zone established under section 4 of this act, the entire tract or parcel is exempt from property taxes levied for any state purpose.

(3) The county assessor shall not require an exemption application for properties that the assessor knows are eligible for exemption under this section based on an aviation mitigation zone established under section 4 of this act. However, a property owner may submit a written request to the assessor requesting exemption under this section. After determining whether the property is eligible for exemption under this section, the assessor shall give written notice of denial or approval to the property owner within thirty days of the date the request was received. A denial may be appealed to the board of equalization of the county in which the property is located within thirty days of the date the denial notice is mailed.

(4) For the purposes of this section, "port taxes" means taxes imposed by a port district that operates a large regional airport for which an aviation mitigation zone is established under section 4 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 84.55 RCW to read as follows:

The levy for a taxing district in any year shall be reduced as necessary to prevent exemptions under section 6(1) of this act from resulting in a higher tax rate than would have occurred in the absence of the exemptions under section 6(1) of this act.

NEW SECTION. Sec. 8. A new section is added to chapter 43.79 RCW to read as follows:

(1) The aviation mitigation account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for aviation mitigation purposes within the following:

(a) Any city included wholly or partially within the aviation mitigation zone established by section 4 of this act; and

(b) Any unincorporated territory included within the aviation mitigation zone established by section 4 of this act.

(2) Only the director of the department of community, trade, and economic development or the director's designee may authorize expenditures from the account established by this section.

NEW SECTION. Sec. 9. Section 6 of this act applies to taxes levied for collection in 2004 and thereafter."

POINT OF ORDER

Representative Kessler requested a scope and object ruling on amendment (485) to amendment (366) to Substitution Senate Bill No. 5787.
SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "Substitute Senate Bill No. 5787 is entitled an act relating to "the use of a leaching test in state water quality certifications." The substitute bill, as passed by the Senate, authorizes the Department of Ecology to require use of a specified leaching test to evaluate the suitability of fill material that will be placed in the waters of the state.

Amendment (485) requires the Department of Community, Trade and Economic Development to establish an aviation mitigation zone for any qualifying large regional airport, provides tax preferences for properties within such zones, and establishes an aviation zone mitigation account.

The scope and object of the substitute bill is narrow – authorizing the Department of Ecology to require use of a certain water quality test. The amendment does not address testing or water quality certification and is clearly outside the scope and object of the bill.

Representative Kessler, your point of order is well taken."

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1057, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state’s commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries’ violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public’s resource.

Sec. 2. RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:
The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

1. If directed by statute for an offense;
2. If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;
3. If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;
4. If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years(+) (5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person's commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension.

NEW SECTION Sec. 3. A new section is added to chapter 77.15 RCW to read as follows:

1. If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.
2. For the purposes of this section only, "qualifying commercial fishing violation" means either:
   a. A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.550(1)(a), 77.15.570, 77.15.580, or 77.15.590;
   b. A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baits, totals greater than six percent, by weight, of the harvest available for inspection at the time of citation.
   c. A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if:
      i. The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and a cumulative value greater than five hundred dollars; or
      ii. The quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service; or
   d. A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; and (ii) totals fifty or more individual shellfish.
3. The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director finds that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual’s license renewal privileges.
4. A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty-one
days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

NEW SECTION. Sec. 4. A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.

(b) Two of the members must be appointed by the director and may be department employees.

(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.

(d) All license suspension review committee members serve a two-year renewable term.

(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.

(3) The license suspension review committee must convene and deliver an opinion on a license renewal suspension within three months of appeal or of referral from the department. The director shall consider the committee’s opinion and make a decision and may issue, not issue, or modify the license suspension.

(4) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

(6) Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(7) Staff of the license suspension review committee must be provided by the department.

On page 1, line 1 of the title, after "violations;" strike the remainder of the title and insert "amending RCW 77.15.700; adding new sections to chapter 77.15 RCW; and creating a new section." and the same is herewith transmitted.

There being no objection, the House refused to concur in the Senate Amendment to SUBSTITUTE HOUSE BILL NO. 1057 and asked the Senate to recede therefrom.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1571, with the following amendment

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be
avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. The legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support.

**Sec. 2.** RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

   (a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

   (i) Five percent to the public safety and education account for the purpose of crime victims’ compensation;
   (ii) Ten percent to a department personal inmate savings account;
   (iii) Twenty percent to the department to contribute to the cost of incarceration; and
   (iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

   (b) The formula shall include the following minimum deductions from class II gross gratuities:

   (i) Five percent to the public safety and education account for the purpose of crime victims’ compensation;
   (ii) Ten percent to a department personal inmate savings account;
   (iii) Fifteen percent to the department to contribute to the cost of incarceration; and
   (iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and
   (v) Fifteen percent for any child support owed under a support order.

   (c) The formula shall include the following minimum deduction from class III gross gratuities:

   (i) Five percent for the purpose of crime victims’ compensation; and
   (ii) Fifteen percent for any child support owed under a support order.

   (d) The formula shall include the following minimum deduction from class IV gross gratuities:

   (i) Five percent to the department to contribute to the cost of incarceration; and
   (ii) Fifteen percent for any child support owed under a support order.

   Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

   The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

   In the event that the offender worker’s wages or gratuity is subject to garnishment for support enforcement, the crime victims’ compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

   (2) The department shall explore other methods of recovering a portion of the cost of the inmate’s incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

   (3) The department shall develop the necessary administrative structure to recover inmates’ wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

   (4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

   (a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;

(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 3. RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsection (((6))) (7) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ((in RCW 72.09.111(1)(a)) and the priorities established in chapter 72.11 RCW:

(a) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(b) Ten percent to a department personal inmate savings account;

(c) Twenty percent to the department to contribute to the cost of incarceration;

(d) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(e) Fifteen percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection (7) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

(((4))) (4) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

(((4))) (5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is
not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

((((5)) (6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate’s postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

((6))) (7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims’ compensation and twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

((7))) (8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims’ compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(10) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate’s moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:
When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the municipality's intent to execute a contract for the project; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period.

NEW SECTION.  Sec. 2. A new section is added to chapter 39.04 RCW to read as follows:
A low bidder on a public works project who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

Sec. 3.  RCW 39.10.061 and 2002 c 46 s 2 are each amended to read as follows:
(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, “general contractor/construction manager” means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:
   (a) Implementation of the project involves complex scheduling requirements; or
   (b) The project involves construction at an existing facility which must continue to operate during construction; or
   (c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include: A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer’s accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:
   (a) Adequate financial resources or the ability to secure such resources;
   (b) History of successful completion of a contract of similar type and scope;
   (c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;
   (d) Current and projected workload and the impact the project will have on the subcontractor’s current and projected workload;
   (e) Ability to accurately estimate the subcontract bid package scope of work;
(f) Ability to meet subcontract bid package shop drawing and other coordination procedures;
(g) Eligibility to receive an award under applicable laws and regulations; and
(h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder. After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager’s intent to execute a contract for the subcontract bid package. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager’s intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

On page 1, line 1 of the title, after "bidding;" strike the remainder of the title and insert "amending RCW 39.10.061; and adding new sections to chapter 39.04 RCW."

April 9, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1058, with the following amendment:

Strike everything after the enacting clause and insert the following:

```
NEW SECTION. Sec. 1. The legislature finds that the educational attainment of children in foster care is significantly lower than that of children not in foster care. The legislature finds that many factors influence educational outcomes for children in foster care, including the disruption of the educational process because of repeatedly changing schools.

The legislature recognizes the importance of educational stability for foster children, and encourages the ongoing efforts of the department of social and health services and the office of the superintendent of public instruction to improve educational attainment of children in foster care. It is the intent of the legislature that efforts continue such as the recruitment of foster homes in school districts with high rates of foster care placements, the development and dissemination of informational materials regarding the challenges faced by children in foster care, and the expansion to other school districts of best practices identified in pilot projects.

NEW SECTION. Sec. 2. A new section is added to chapter 74.13 RCW to read as follows:

It is the policy of the state of Washington that, whenever practical and in the best interest of the child, children placed into foster care shall remain enrolled in the schools they were attending at the time they entered foster care.

NEW SECTION. Sec. 3. A new section is added to chapter 74.13 RCW to read as follows:

The administrative regions of the department shall develop protocols with the respective school districts in their regions specifying specific strategies for communication, coordination, and collaboration regarding the status and progress of foster children placed in the region, in order to maximize the educational continuity and achievement for foster children. The protocols shall include methods to assure effective sharing of information consistent with RCW 28A.225.330.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) The department shall establish an oversight committee composed of staff from the children’s administration of the department, the office of the superintendent of public instruction, and advocacy agencies to develop strategies for maintaining foster children in the schools they were attending at the time they entered foster care.

(2) The duties of the oversight committee shall include, but are not limited to:

(a) Developing strategies for school-based recruitment of foster homes;

(b) Monitoring the progress of current pilot projects that assist foster children to continue attending the schools they were attending at the time they entered foster care;

(c) Overseeing the expansion of the number of pilot projects;
```
(d) Promoting the use of best practices, throughout the state, demonstrated by the pilot projects and other programs relating to maintaining foster children in the schools they were attending at the time they entered foster care; and

(e) Informing the legislature of the status of efforts to maintain foster children in the schools they were attending at the time they entered foster care.

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:
The department shall work with the administrative office of the courts to develop protocols to ensure that educational stability is addressed during the shelter care hearing.

NEW SECTION. Sec. 6. A new section is added to chapter 74.13 RCW to read as follows:
The department shall perform the tasks provided in sections 2 through 5 of this act based on available resources.

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1061, with the following amendment:

Strike everything after the enacting clause and insert the following:
"NEW SECTION.  Sec. 1.  The legislature finds that:
(1) Apprenticeships are very rigorous and highly structured programs with specific academic and work training requirements;
(2) There is a misperception that apprenticeships are only for noncollege bound students; and
(3) The state should expand opportunities for individuals to progress from an apprenticeship to college by creating pathways that build on the apprenticeship experience and permit apprentices to earn an associate degree.

NEW SECTION.  Sec. 2.  A new section is added to chapter 49.04 RCW to read as follows:
(1) An apprenticeship committee may recommend to its community or technical college partner or partners that an associate degree pathway be developed for the committee’s program.
(2) In consultation with the state board for community and technical colleges, the apprenticeship committee and the college or colleges involved with the program shall consider the extent apprentices in the program are likely to pursue an associate degree and the extent a pathway could reduce redundancy of course requirements between the apprenticeship and a degree.
(3) If the apprenticeship committee and the college or colleges involved with the program determine that a pathway would be beneficial for apprentices and assist them in obtaining an associate degree, the apprenticeship committee may request that a pathway be established as provided in section 3 of this act.

NEW SECTION.  Sec. 3.  A new section is added to chapter 28B.50 RCW to read as follows:
(1) At the request of an apprenticeship committee pursuant to section 2 of this act, the community or technical college or colleges providing apprentice-related and supplemental instruction for an apprenticeship program shall develop an associate degree pathway for the apprentices in that program, if the necessary resources are available.
(2) In developing a degree program, the community or technical college or colleges shall ensure, to the extent possible, that related and supplemental instruction is credited toward the associate degree and that related and supplemental instruction and other degree requirements are not redundant.
(3) If multiple community or technical colleges provide related and supplemental instruction for a single apprenticeship committee, the colleges shall work together to the maximum extent possible to create consistent requirements for the pathway.

NEW SECTION.  Sec. 4.  (1) The state board for community and technical colleges shall convene a work group to examine current laws, administrative rules, and practices regarding related and supplemental instruction for apprentices that is provided by community and technical colleges.
(2) The objectives of the work group shall be to improve coordination of related and supplemental instruction by apprenticeship committees and community and technical colleges and remove or reduce barriers for apprentices to earn associate degrees.  The work group shall develop common standards for when it is appropriate to make related and supplemental instruction courses graded rather than ungraded courses and clarify the standards for tuition waivers for related and supplemental instruction courses.
(3) The work group shall include, but not be limited to, representatives from the state board for community and technical colleges, the higher education coordinating board, the state apprenticeship council, the department of labor and industries, local apprenticeship committees, and community and technical colleges.
(4) The work group shall report its findings and recommendations to the legislature, including recommendations for legislative action if necessary, by December 15, 2003.

On page 1, line 2 of the title, after "apprentices;" strike the remainder of the title and insert "adding a new section to chapter 49.04 RCW; adding a new section to chapter 28B.50 RCW; and creating new sections." and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 8, 2003

The Senate has passed ENGROSSED HOUSE BILL NO. 1079, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.15.012 and 2002 c 186 s 2 are each amended to read as follows: Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

(b) A dependent student, if one or both of the student’s parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution;

(c) A student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982-1983 academic year, so long as such student’s enrollment (excluding summer sessions) at an institution in this state is continuous;

(d) Any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five-year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year;

(e) Any person who has completed the full senior year of high school and obtained a high school diploma, both at a Washington public high school or private high school approved under chapter 28A.195 RCW, or a person who has received the equivalent of a diploma; who has lived in Washington for at least three years immediately prior to receiving the diploma or its equivalent; who has continuously lived in the state of Washington after receiving the diploma or its equivalent and until such time as the individual is admitted to an institution of higher education under subsection (1) of this section; and who provides to the institution an affidavit indicating that the individual will file an application to become a permanent resident at the earliest opportunity the individual is eligible to do so and a willingness to engage in any other activities necessary to acquire citizenship, including but not limited to citizenship or civics review courses:

(1) A student who is on active military duty stationed in the state or who is a member of the Washington national guard;
A student who is the spouse or a dependent of a person who is on active military duty stationed in the state;

A student who resides in the state of Washington and is the spouse or a dependent of a person who is a member of the Washington national guard;

A student of an out-of-state institution of higher education who is attending a Washington state institution of higher education pursuant to a home tuition agreement as described in RCW 28B.15.725; or

A student who meets the requirements of RCW 28B.15.0131:

Provided, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.012 and 28B.15.013. Except for students qualifying under subsection (2)((4))((e)) or (i) of this section, a nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require.

NEW SECTION.  Sec. 2.  It is the intent of the legislature to ensure that students who receive a diploma from a Washington state high school or receive the equivalent of a diploma in Washington state and who have lived in Washington for at least three years prior to receiving their diploma or its equivalent are eligible for in-state tuition rates when they enroll in a public institution of higher education in Washington state.

NEW SECTION.  Sec. 3.  A new section is added to chapter 28B.15 RCW to read as follows:
The provisions of RCW 28B.15.012(2)(e) apply only to families of those who hold or entered the United States with work visas, temporary protected status visas, or green cards, or who have received amnesty from the federal government.

NEW SECTION.  Sec. 4.  This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003.

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.15.012; adding a new section to chapter 28B.15 RCW; creating a new section; providing an effective date; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1095, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. (1) The legislature finds that chapter 4, Laws of 1999 sp. sess. strongly encouraged the forest practices board to adopt administrative rules that were substantially similar to the recommendations presented to the legislature in the form of the forests and fish report. The rules adopted pursuant to the 1999 legislation require all forest landowners to complete a road maintenance and abandonment plan, and those rules cannot be changed by the forest practices board without either a final order from a court, direct instructions from the legislature, or a recommendation from the adaptive management process. In the time since the enactment of chapter 4, Laws of 1999 sp. sess., it has become clear that both the planning aspect and the implementation aspect of the road maintenance and abandonment plan requirement may cause an unforeseen and unintended disproportionate financial hardship on small forest landowners.

(2) The legislature further finds that the commissioner of public lands and the governor have explored solutions that minimize the hardship caused to small forest landowners by the forest road maintenance and abandonment requirements of the forests and fish law, while maintaining protection for public resources. This act represents recommendations stemming from that process.

(3) The legislature further finds that it is in the state’s interest to help small forest landowners comply with the requirements of the forest practices rules in a way that does not require the landowner to spend unreasonably high and unpredictable amounts of money to complete road maintenance and abandonment plan preparation and implementation. Small forest landowners provide significant wildlife habitat and serve as important buffers between urban development and Washington’s public forest land holdings.

NEW SECTION.  Sec. 2. A new section is added to chapter 76.09 RCW to read as follows:

(1) The state may not require a small forest landowner to invest in upgrades, replacements, or other engineering of a forest road, and any fish passage barriers that are a part of the road, that do not threaten public resources or create a barrier to the passage of fish.

(2) Participation in the forests and fish agreement provides a benefit to both the landowner in terms of federal assurances, and the public in terms of aquatic habitat preservation and water quality enhancement; therefore, if conditions do threaten public resources or create a fish passage barrier, the road maintenance and abandonment planning process may not require a small forest landowner to take a positive action that will result in high cost without a significant portion of that cost being shared by the public.

(3) Some fish passage barriers are more of a threat to public resources than others; therefore, no small forest landowner should be required to repair a fish passage barrier until higher priority fish passage barriers on other lands in the watershed have been repaired.

(4) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) The preparation of a road maintenance and abandonment plan can require technical expertise that may require large expenditures before the time that the landowner plans to conduct any revenue-generating operations on his or her land; therefore, small forest landowners should be allowed to complete a simplified road maintenance and abandonment plan checklist, that does not require professional engineering or forestry expertise to complete, and that does not need to be submitted until the time that the landowner submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. This act is intended to provide an alternate way for small forest landowners to comply with the road maintenance and abandonment plan goals identified in the forest practices rules.

Sec. 3. RCW 76.09.020 and 2002 c 17 s 1 are each amended to read as follows:

(For purposes of this chapter) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Applications board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspisidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (Rhyacotriton kezeri), the Cascade torrent salamander (Rhyacotriton cascadae), the Olympic torrent salamander (Rhyacotriton olympian), the Dunn’s salamander (Plethodon dunni), the Van Dyke’s salamander (Plethodon vandyke), the tailed frog (Ascaphus truei), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right of way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(9) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(10) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(11) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(a) Road and trail construction;

(b) Harvesting, final and intermediate;

(c) Precommercial thinning;

(d) Reforestation;

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(12) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(13) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(14) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(15) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(16) "Application" means the application required pursuant to RCW 76.09.050.

(17) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(18) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.
"Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

"Small forest landowner" has the same meaning as defined in section 11 of this act.

"Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

"Timber owner" means any person having all or any part of the legal interest in timber.

Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

"Board" means the forest practices board created in RCW 76.09.030.

"Unconfined avulsing channel migration zone" means the area within which the active channel of an unconfined avulsing stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

"Unconfined avulsing stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex flood plain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 4. A new section is added to chapter 76.09 RCW to read as follows:

(1) The board must amend the forest practices rules relating to road maintenance and abandonment plans that exist on the effective date of this section to reflect the following:

(a) A forest landowner who owns a total of eighty acres or less of forest land in Washington is not required to submit a road maintenance and abandonment plan for any block of forest land that is twenty contiguous acres or less in area;

(b) A landowner who satisfies the definition of a small forest landowner, but who does not qualify under (a) of this subsection, is only required to submit a checklist road maintenance and abandonment plan with the abbreviated content requirements provided for in subsection (3) of this section, and is not required to comply with annual reporting and review requirements; and

(c) Existing forest roads must be maintained only to the extent necessary to prevent damage to public resources.

(2) The department must provide a landowner who is either exempted from submitting a road maintenance and abandonment plan under subsection (1)(a) of this section, or who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section, with an educational brochure outlining road maintenance standards and requirements. In addition, the department must develop a series of nonmandatory educational workshops on the rules associated with road construction and maintenance.

(3)(a) A landowner who qualifies for a checklist road maintenance and abandonment plan under subsection (1)(b) of this section is only required to submit a checklist, designed by the department in consultation with the small forest landowner office advisory committee created in RCW 76.13.110, that confirms that the landowner is applying the checklist criteria to forest roads covered or affected by a forest practices application or notification. When developing the checklist road maintenance and abandonment plan, the department shall ensure that the checklist does not exceed current state law. Nothing in this subsection increases or adds to small forest landowners’ duties or responsibilities under any other section of the forest practices rules or any other state law or rule.

(b) A landowner who qualifies for the checklist road maintenance and abandonment plan is not required to submit the checklist before the time that he or she submits a forest practices application or notification for final or intermediate harvesting, or for salvage of trees. The department may encourage and accept checklists prior to the time that they are due.

(4) The department must monitor the extent of the checklist road maintenance and abandonment plan approach and report its findings to the appropriate committees of the legislature by December 31, 2013.

(5) The board shall adopt emergency rules under RCW 34.05.090 by October 31, 2003, to implement this section. The emergency rules shall remain in effect until permanent rules can be adopted. The forest practices rules that relate to road maintenance and abandonment plans shall remain in effect as they existed on the effective date of this section until emergency rules have been adopted under this section.

(6) This section is only intended to relate to the board’s duties as they relate to the road maintenance and abandonment plan element of the forests and fish report. Nothing in this section alters any forest landowner’s duties and responsibilities under any other section of the forest practices rules, or any other state law or rule.

Sec. 5. RCW 76.09.055 and 2000 c 11 s 4 are each amended to read as follows:

(1) The legislature finds that the ([declines]) levels of fish stocks throughout much of the state require immediate action to be taken to help ([restores]) these fish runs where possible. The legislature also recognizes that federal and state agencies, tribes, county representatives, and private timberland owners have spent
considerable effort and time to develop the forests and fish report. Given the agreement of the parties, the legislature believes that the immediate adoption of emergency rules is appropriate in this particular instance. These rules can implement many provisions of the forests and fish report to protect the economic well-being of the state, and to minimize the risk to the state and landowners to legal challenges. This authority is not designed to set any precedents for the forest practices board in future rule making or set any precedents for other rule-making bodies of the state.

(2) The forest practices board is authorized to adopt emergency rules amending the forest practices rules with respect to the protection of aquatic resources, in accordance with RCW 34.05.350, except: (a)(i) That the rules adopted under this section may remain in effect until permanent rules are adopted, or until June 30, 2001, whichever is sooner; (ii) that the rules adopted under section 4(5) of this act must remain in effect until permanent rules are adopted; (b) notice of the proposed rules must be published in the Washington State Register as provided in RCW 34.05.320; (c) at least one public hearing must be conducted with an opportunity to provide oral and written comments; and (d) a rule-making file must be maintained as required by RCW 34.05.370. In adopting emergency rules, the board is not required to prepare a small business economic impact statement under chapter 19.85 RCW, prepare a statement indicating whether the rules constitute a significant legislative rule under RCW 34.05.328, prepare a significant legislative rule analysis under RCW 34.05.328, or follow the procedural requirements of the state environmental policy act, chapter 43.21C RCW. Except as provided in section 4 of this act, the forest practices board may only adopt recommendations contained in the forests and fish report as emergency rules under this section.

**Sec. 6.** RCW 76.09.390 and 1999 sp.s. c 4 s 707 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, prior to the sale or transfer of land or perpetual timber rights subject to continuing forest land obligations under the forest practices rules adopted under RCW 76.09.370, as specifically identified in the forests and fish report the seller shall notify the buyer of the existence and nature of such a continuing obligation and the buyer shall sign a notice of continuing forest land obligation indicating the buyer’s knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights and retained by the department. If the seller fails to notify the buyer about the continuing forest land obligation, the seller shall pay the buyer’s costs related to such continuing forest land obligation, including all legal costs and reasonable attorneys’ fees, incurred by the buyer in enforcing the continuing forest land obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to the continuing forest land obligation, that the seller did not notify the buyer of the continuing forest land obligation prior to sale.

(2) Subsection (1) of this section does not apply to checklist road maintenance and abandonment plans created by section 4 of this act.

NEW SECTION. **Sec. 7.** A new section is added to chapter 76.13 RCW to read as follows:

(1) The legislature finds that a state-led cost-sharing program is necessary to assist small forest landowners with removing and replacing fish passage barriers that were added to their land prior to the effective date of this section, to help achieve the goals of the forests and fish report, and to assist small forest landowners in complying with the state’s fish passage requirements.

(2) The small forest landowner office must, in cooperation with the department of fish and wildlife, establish a program designed to assist small forest landowners with repairing or removing fish passage barriers and assist lead entities in acquiring the data necessary to fill any gaps in fish passage barrier information. The small forest landowner office and the department of fish and wildlife must work closely with lead entities or other local watershed groups to make maximum use of current information regarding the location and priority of current fish passage barriers. Where additional fish passage barrier inventories are necessary, funding will be sought for the collection of this information. Methods, protocols, and formulas for data gathering and prioritizing must be developed in consultation with the department of fish and wildlife. The department of fish and wildlife must assist in the training and management of fish passage barrier location data collection.

(3) The small forest landowner office must actively seek out funding for the program authorized in this section. The small forest landowner office must work with consenting landowners to identify and secure funding from local, state, federal, tribal, or nonprofit habitat restoration organizations and other private sources, including the salmon recovery funding board, the United States department of agriculture, the United States department of transportation, the Washington state department of transportation, the United States department of commerce, and the federal highway administration.

(4)(a) Except as otherwise provided in this subsection, the small forest landowner office, in implementing the program established in this section, must provide the highest proportion of public funding available for the removal or replacement of any fish passage barrier.

(b) In no case shall a small forest landowner be required to pay more than the lesser of either: (i) Twenty-five percent of any costs associated with the removal or replacement of a particular fish passage barrier; or (ii) five thousand dollars for the removal or replacement of a particular fish passage barrier. No small forest landowner shall be required to pay more than the maximum total annual costs in (c) of this subsection.
(c) The portion of the total cost of removing or replacing fish passage barriers that a small forest landowner must pay in any calendar year shall be determined based on the average annual timber volume harvested from the landowner’s lands in this state during the three preceding calendar years, and whether the fish passage barrier is in eastern or western Washington.

(i) In western Washington (west of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of eight thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of thirty-two thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of thirty-two thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner’s lands during that calendar year.

(ii) In eastern Washington (east of the Cascade Crest), a small forest landowner who has harvested an average annual timber volume of less than five hundred thousand board feet shall not be required to pay more than a total of two thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume between five hundred thousand and nine hundred ninety-nine thousand board feet shall not be required to pay more than a total of four thousand dollars during that calendar year, a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of twelve thousand dollars during that calendar year, and a small forest landowner who has harvested an average annual timber volume greater than or equal to one million five hundred thousand board feet shall not be required to pay more than a total of sixteen thousand dollars during that calendar year, regardless of the number of fish passage barriers removed or replaced on the landowner’s lands during that calendar year.

(iii) Maximum total annual costs for small forest landowners with fish passage barriers in both western and eastern Washington shall be those specified under (c)(i) and (ii) of this subsection.

(d) If an existing fish passage barrier on land owned by a small forest landowner was installed under an approved forest practices application or notification, and hydraulics approval, and that fish passage barrier becomes a high priority for fish passage based on the watershed ranking in section 7 of this act, one hundred percent public funding shall be provided.

(5) If a small forest landowner is required to contribute a portion of the funding under the cost-share program established in this section, that landowner may satisfy his or her required proportion by providing either direct monetary contributions or in-kind services to the project. In-kind services may include labor, equipment, materials, and other landowner-provided services determined by the department to have an appropriate value to the removal of a particular fish passage barrier.

(6)(a) The department, using fish passage barrier assessments and ranked inventory information provided by the department of fish and wildlife and the appropriate lead entity as delineated in section 10 of this act, must establish a prioritized list for the funding of fish passage barrier removals on property owned by small forest landowners that ensures that funding is provided first to the known fish passage barriers existing on forest land owned by small forest landowners that cause the greatest harm to public resources.

(b) As the department collects information about the presence of fish passage barriers from submitted checklists, it must share this information with the department of fish and wildlife and the technical advisory groups established in RCW 77.85.070. If any changes to the scientific instruments described in section 10 of this act alter the analysis conducted under section 10 of this act, the department must alter the funding order appropriately to reflect the new information.

(7) The department may accept commitments from small forest landowners that they will participate in the program to remove fish passage barriers from their land at any time, regardless of the funding order given to the fish passage barriers on a particular landowner’s property.

NEW SECTION. Sec. 8. A new section is added to chapter 76.09 RCW to read as follows:

Section 7 of this act applies to road maintenance and abandonment plans under this chapter.

NEW SECTION. Sec. 9. A new section is added to chapter 76.09 RCW to read as follows:

The department shall not disapprove a forest practices application filed by a small forest landowner on the basis that fish passage barriers have not been removed or replaced if the small forest landowner filing the application has committed to participate in the program established in section 7 of this act for all fish passage barriers existing on the block of forest land covered by the forest practices application, and the fish passage barriers existing on the block of forest land covered by the forest practices application are lower on the funding order list established for the program than the current projects that are capable of being funded by the program.

NEW SECTION. Sec. 10. A new section is added to chapter 77.12 RCW to read as follows:
In coordination with the department of natural resources and lead entity groups, the department must establish a ranked inventory of fish passage barriers on land owned by small forest landowners based on the principle of fixing the worst first within a watershed consistent with the fish passage priorities of the forest and fish report. The department shall first gather and synthesize all available existing information about the locations and impacts of fish passage barriers in Washington. This information must include, but not be limited to, the most recently available limiting factors analysis conducted pursuant to RCW 77.85.060(2), the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available. The inventory of fish passage barriers must be kept current and at a minimum be updated by the beginning of each calendar year. Nothing in this section grants the department or others additional right of entry onto private property.

NEW SECTION.  Sec. 11. A new section is added to chapter 76.09 RCW to read as follows:
For the purposes of this chapter and sections 7 and 10 of this act, "small forest landowner" means an owner of forest land who, at the time of submission of required documentation to the department, has harvested from his or her own lands in this state no more than an average timber volume of two million board feet per year during the three years prior to submitting documentation to the department and who certifies that he or she does not expect to harvest from his or her own lands in the state more than an average timber volume of two million board feet per year during the ten years following the submission of documentation to the department. However, any landowner who exceeded the two million board feet annual average timber harvest threshold from their land in the three years prior to submitting documentation to the department, or who expects to exceed the threshold during any of the following ten years, shall still be deemed a "small forest landowner" if he or she establishes to the department’s reasonable satisfaction that the harvest limits were, or will be, exceeded in order to raise funds to pay estate taxes or for an equally compelling and unexpected obligation, such as for a court-ordered judgment or for extraordinary medical expenses.

NEW SECTION.  Sec. 12. The existing policy committees of the senate and house of representatives that deal with natural resources issues must review and study the implementation of this act, including checklist preparation and the meaning of both defined and undefined words in chapters 76.09 and 76.13 RCW, and report to the legislature by January 2004.

NEW SECTION.  Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Sec. 2. RCW 77.65.510 and 2002 c 301 s 2 are each amended to read as follows:

1. The department must establish and administer a direct retail endorsement to serve as a single license that permits the holder of a Washington ((salmon or crab commercial fishing)) license to commercially harvest retail-eligible species and to clean, dress, and sell his or her catch directly to consumers at retail, including over the internet. The direct retail endorsement must be issued as an optional addition to all holders of a ((salmon or crab)) commercial fishing license for retail-eligible species that the department offers under this chapter.

2. The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter may add a direct retail endorsement to their current license at (the) any time ((they renew their commercial fishing license)). Individuals who do not have a commercial fishing license for ((salmon or crab)) retail-eligible species issued under this chapter may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered
in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail (the harvest of salmon or crab) any retail-eligible species permitted by all of the underlying endorsed licenses. The direct retail endorsement applies only to the person named on the endorsed license, and may not be used by an alternate operator named on the endorsed license.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement.

(5) The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any (salmon or crab) retail-eligible species caught by the holder of a direct retail endorsement must be (landed in the round and) documented on fish tickets (as provided for by the department, before further processing).

(6) The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. The commission may require that the holder of a direct retail endorsement notify the department up to eighteen hours before conducting an in-person sale of retail-eligible species, except for in-person sales that have a cumulative retail sales value of less than one hundred fifty dollars in a twenty-four hour period that are sold directly from the vessel. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

(7) The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

(8) The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet, provided by the department of agriculture, with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.

(9) The holder of a qualifying commercial fishing license issued under this chapter must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

(10) The direct retail endorsement entitles the holder to sell (wild-caught salmon or crab) a retail-eligible species only at a temporary food service establishment as that term is defined in RCW 69.06.045, or directly to a restaurant or other similar food service business.

Sec. 3. RCW 77.65.515 and 2002 c 301 s 3 are each amended to read as follows:

(1) Prior to being issued a direct retail endorsement, an individual must:

(a) Obtain and submit to the department a signed letter on appropriate letterhead from the health department of the county in which the individual makes his or her official residence or where the hailing port for any documented vessel owned by the individual is located as to the fulfillment of all requirements related to county health rules, including the payment of all required fees. The local health department generating the letter may charge a reasonable fee for any necessary inspections. The letter must certify that the methods used by the individual to transport, store, and display any fresh (salmon and crabs) retail-eligible species meets that county’s standards and the statewide standards adopted by the board of health for food service operations; and

(b) Submit proof to the department that the individual making the direct retail sales is in possession of a valid food and beverage service worker’s permit, as provided for in chapter 69.06 RCW.

(2) The requirements of subsection (1) of this section must be completed each license year before a renewal direct retail endorsement can be issued.

(3) Any individual possessing a direct retail endorsement must notify the local health department of the county in which retail sales are to occur, except for the county that conducted the initial inspection, forty-eight hours before any transaction and make his or her facilities available for inspection by a fish and wildlife officer, the local health department of any county in which he or she sells (salmon or crab) any legally harvested retail-eligible species, and any designee of the department of health or the department of agriculture.

(4) Neither the department or a local health department may be held liable in any judicial proceeding alleging that consumption of or exposure to seafood sold by the holder of a direct retail endorsement resulted in a negative health consequence, as long as the department can show that the individual holding the direct retail endorsement complied with the requirements of subsection (1) of this section prior to being issued his or her
direct retail license, and neither the department nor a local health department acted in a reckless manner. For the purposes of this subsection, the department or a local health district shall not be deemed to be acting recklessly for not conducting a permissive inspection.

Sec. 4. RCW 77.65.520 and 2002 c 301 s 4 are each amended to read as follows:
(1) The direct retail endorsement is conditioned upon compliance:
(a) With the requirements of this chapter as they apply to wholesale fish dealers and to the rules of the department relating to the payment of fines for violations of rules for the accounting of the commercial harvest of salmon and crab retail eligible species, and
(b) With the state board of health and local rules for food service establishments.
(2) Violations of the requirements and rules referenced in subsection (1) of this section may result in the suspension of the direct retail endorsement. The suspended individual must not be reimbursed for any portion of the suspended endorsement. Suspension of the direct retail endorsement may not occur unless and until:
(a) The director has notified by order the holder of the direct retail endorsement when a violation of subsection (1) of this section has occurred. The notification must specify the type of violation, the liability to be imposed for damages caused by the violation, a notice that the amount of liability is due and payable by the holder of the direct retail endorsement, and an explanation of the options available to satisfy the liability; and
(b) The holder of the direct retail endorsement has had at least ninety days after the notification provided in (a) of this subsection was received to either make full payment for all liabilities owed or enter into an agreement with the department to pay off all liabilities within a reasonable time.
(3)(a) If, within ninety days after receipt of the order provided in subsection (2)(a) of this section, the amount specified in the order is not paid or the holder of the direct retail endorsement has not entered into an agreement with the department to pay off all liabilities, the prosecuting attorney for any county in which the persons to whom the order is directed do business, or the attorney general upon request of the department, may bring an action on behalf of the state in the superior court for Thurston county, or any county in which the persons to whom the order is directed do business, to seek suspension of the individual’s direct retail endorsement for up to five years.
(b) The department may temporarily suspend the privileges provided by the direct retail endorsement for up to one hundred twenty days following the receipt of the order provided in subsection (2)(a) of this section, unless the holder of the direct retail endorsement has deposited with the department an acceptable performance bond on forms prescribed and provided by the department. This performance bond must be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under chapter 48.28 RCW and approved by the department. The bond must be filed and maintained in an amount equal to one thousand dollars.
(4) For violations of state board of health and local rules under subsection (1)(b) of this section only, any person inspecting the facilities of a direct retail endorsement holder under RCW 77.65.515 may suspend the privileges granted by the endorsement for up to seven days. Within twenty-four hours of the discovery of the violation, the inspecting entity must notify the department of the violation. Upon notification, the department may proceed with the procedures outlined in this section for suspension of the endorsement. If the violation of a state board of health rule is discovered by a local health department, that local jurisdiction may fine the holder of the direct retail endorsement according to the local jurisdiction’s rules as they apply to retail food operations.
(5) Subsections (2) and (3) of this section do not apply to a holder of a direct retail endorsement that executes a surety bond and abides by the conditions established in RCW 77.65.320 and 77.65.330 as they apply to wholesale dealers.

Sec. 5. RCW 36.71.090 and 2002 c 301 s 9 are each amended to read as follows:
(1) It shall be lawful for any farmer, gardener, or other person, without license, to sell, deliver, or peddle any fruits, vegetables, berries, eggs, or any farm produce or edibles raised, gathered, produced, or manufactured by such person and no city or town shall pass or enforce any ordinance prohibiting the sale by or requiring license from the producers and manufacturers of farm produce and edibles as ((herein)) defined((= PROV

Sec. 6. RCW 82.27.020 and 2001 c 320 s 9 are each amended to read as follows:
In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax (is the value of the) for all enhanced food fish, including retail-eligible fish sold with a direct retail endorsement pursuant to RCW 77.65.510, is the comparable sales price for similar species of fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:
   (a) Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;
   (b) Pink and sockeye salmon: Three and fifteen one-hundredths percent;
   (c) Other food fish and shellfish, except oysters, sea urchins, and sea cucumbers: Two and one-tenth percent;
   (d) Oysters: Eight one-hundredths of one percent;

   (f) Sea cucumbers: Four and six-tenths percent through December 31, 2005, and two and one-tenth percent thereafter.

(5) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (4) of this section."

Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals.

NEW SECTION. Sec. 2. A new section is added to chapter 69.50 RCW to read as follows:

The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The board may adopt rules to ensure strict compliance with the provisions of this section. The board, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The board shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law."

Sec. 701.  RCW 79A.25.800 and 2000 c 11 s 80 are each amended to read as follows:
(1) The legislature recognizes that coordinated funding efforts are needed to maintain, develop, and improve the state’s community outdoor athletic fields. Rapid population growth and increased urbanization have caused a decline in suitable outdoor fields for community athletic activities and has resulted in overcrowding and deterioration of existing surfaces. Lack of adequate community outdoor athletic fields directly affects the health and well-being of all citizens of the state, reduces the state’s economic viability, and prevents Washington from maintaining and achieving the quality of life that it deserves. Therefore, it is the policy of the state and its agencies to maintain, develop, fund, and improve youth or community athletic facilities, including but not limited to community outdoor athletic fields.
(2) In carrying out this policy, the legislature intends to promote the building of new community outdoor athletic fields, the upgrading of existing community outdoor athletic fields, and the maintenance of existing
community outdoor athletic fields across the state of Washington. (The purpose of RCW 79A.25.800 through 79A.25.830 is to create an advisory council to provide information and advice to the interagency committee for outdoor recreation in the distribution of the funds in the youth athletic facility grant account established in RCW 43.99N.060(4).)

Subject to available resources, the interagency committee for outdoor recreation (in consultation with the community outdoor athletic fields advisory council) may:

1. Prepare and update a strategic plan for the development, maintenance, and improvement of community outdoor athletic fields in the state. In the preparation of such plan, the interagency committee for outdoor recreation may use available data from federal, state, and local agencies having community outdoor athletic responsibilities, user groups, private sector interests, and the general public. The plan may include, but is not limited to:
   (a) An inventory of current community outdoor athletic fields;
   (b) A forecast of demand for these fields;
   (c) An identification and analysis of actual and potential funding sources; and
   (d) Other information the interagency committee for outdoor recreation deems appropriate to carry out the purposes of RCW 79A.25.800 through 79A.25.830;
2. Determine the eligibility requirements for cities, counties, and qualified nonprofit organizations to access funding from the youth athletic facility (grant) account created in RCW 43.99N.060(4);

4. Create and maintain data, studies, research, and other information relating to community outdoor athletic fields in the state, and to encourage the exchange of this information.

NEW SECTION. Sec. 703. RCW 79A.25.810 (Community outdoor athletic fields advisory council) and 2001 c 245 s 1 & 1998 c 264 s 2 are each repealed.

PART 8 ARTHRITIS ADVISORY GROUP

NEW SECTION. Sec. 1002. Sections 701 and 702 of this act expire one year after RCW 82.14.0494 expires.

NEW SECTION. Sec. 1003. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003.

On page 1, line 1 of the title, after "commissions;" strike the remainder of the title and insert "amending RCW 79A.05.385, 79A.05.400, 79A.05.410, 79A.25.800, and 79A.25.820; creating new sections; repealing RCW 41.05.150, 43.175.010, 43.175.020, 43.175.901, 79A.05.420, and 79A.25.810; providing an effective date; providing a contingent expiration date; and declaring an emergency." and the same is herewith transmitted.

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1409, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the littering of potentially dangerous products poses a greater danger to the public safety than other classes of litter. Broken glass, human waste, and other dangerous materials along roadways, within parking lots, and on pedestrian, bicycle, and recreation trails elevates the risk to public safety, such as vehicle tire punctures, and the risk to the community volunteers who spend their time gathering and properly disposing of the litter left behind by others. As such, the legislature finds that a higher penalty should be imposed on those who improperly dispose of potentially dangerous products, such as is imposed on those who improperly dispose of tobacco products."
Sec. 2. RCW 70.93.030 and 2000 c 154 s 1 are each amended to read as follows:

(As used in this section) The definitions in this section apply throughout this chapter unless the context otherwise requires.

(7) "Litter bag" means a bag, sack, or other container made of any material which is large enough to serve as a receptacle for litter inside the vehicle or watercraft of any person. It is not necessarily limited to the state approved litter bag but must be similar in size and capacity.

(8) "Litter receptacle" means those containers adopted by the department of ecology and which may be standardized as to size, shape, capacity, and color and which shall bear the state anti-litter symbol, as well as any other receptacles suitable for the depositing of litter.

Sec. 3. RCW 70.93.060 and 2002 c 175 s 45 are each amended to read as follows:

In addition, no person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or her or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:

(c) It is a gross misdemeanor for a person to litter in an amount of one cubic yard or more. The person shall also pay a litter cleanup restitution payment equal to twice the actual cost of cleanup, or one hundred dollars per cubic foot of litter, whichever is greater. The court may, in addition to or in lieu of part or all of the cleanup restitution payment, order the person to pick up and remove litter from the property, with prior permission of the legal owner or, in the case of public property, of the agency managing the property. The court may suspend or modify the litter cleanup restitution payment for a first-time offender under this section, if the person cleans up and properly disposes of the litter.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1512, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.36.020 and 1996 c 54 s 3 are each amended to read as follows:

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, and to kill the animals when no other practical means of damage control is feasible.

If the department receives recurring complaints regarding property being damaged as described in this section or RCW 77.36.030 from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall conduct a special hunt or special hunts or take remedial action to reduce the potential for such damage. The commission shall authorize either one or two antlerless permits per hunter for special hunts held in damage areas where qualified department staff, or their designee, have confirmed six incidents of crop damage by deer or elk.

As an alternative to hunting, the department shall work with affected entities to relocate deer and elk when needed to augment existing herds.

Sec. 2. RCW 77.12.150 and 1987 c 506 s 24 are each amended to read as follows:

(1) By emergency rule only, and in accordance with criteria established by the commission, the director may close or shorten a season for game animals, game birds, or game fish, and after a season has been closed or shortened, may reopen it and reestablish bag limits on game animals, game birds, or game fish during that season. The director shall advise the commission of the adoption of emergency rules. A copy of an emergency rule, certified as a true copy by the director or by a person authorized in writing by the director to make the certification, is admissible in court as prima facie evidence of the adoption and validity of the rule.

(2)(a) If the director finds that game animals have increased in numbers in an area of the state so that they are damaging public or private property or over-utilizing their habitat, the commission may establish a special hunting season and designate the time, area, and manner of taking the animals that may be killed or possessed by a licensed hunter. (The director shall determine by random selection the identity of hunters who may hunt within the area and shall determine the conditions and requirements of the selection process.) The director shall include notice of the special season in the rules establishing open seasons.

(b) When the department receives six complaints concerning damage to commercial agricultural and horticultural crop production by wildlife from the owner or tenant of real property, or from several owners or tenants in a locale, the commission shall conduct a special hunt or special hunts or take remedial action to reduce..."
the potential for the damage, and shall authorize either one or two permits per hunter. Each complaint must be confirmed by qualified department staff, or their designee.

(c) The director shall determine by random selection the identity of hunters who may hunt within the area of the special hunt and shall determine the conditions and requirements of the selection process. Within this process, the department must maintain a list of all persons holding valid wildlife hunting licenses, arranged by county of residence, who may hunt deer or elk that are causing damage to crops. The department must update the list annually and utilize the list when contacting persons to assist in controlling game damage to crops. The department must make all reasonable efforts to contact individuals residing within the county where the hunting of deer or elk will occur before contacting a person who is not a resident of that county. The department must randomize the names of people on the list in order to provide a fair distribution of the hunting opportunities. Hunters who participate in hunts under this section must report any kills to the department. The department must include a summary of the wildlife harvested in these hunts in the annual game management reports it makes available to the public."

On page 1, line 1 of the title, after "crops;" strike the remainder of the title and insert "and amending RCW 77.36.020 and 77.12.150."

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child’s welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. (15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

General Fund--State Appropriation (FY 2003) $239,013,000
General Fund--Federal Appropriation $372,408,000
General Fund--Private/Local Appropriation $400,000
Public Safety and Education Account--State Appropriation $987,000
Violence Reduction and Drug Enforcement Account--State Appropriation $5,702,000

TOTAL APPROPRIATION $844,299,000

The appropriations in this section are subject to the following conditions and limitations:
(1) $2,237,000 of the fiscal year 2002 general fund--state appropriation, $2,288,000 of the fiscal year 2003 general fund--state appropriation, and $1,590,000 of the general fund--federal appropriation are provided solely for the category of services titled "intensive family preservation services."
(2) $685,000 of the general fund--state fiscal year 2002 appropriation and $701,000 of the general fund--state fiscal year 2003 appropriation are provided to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.
(3) $524,000 of the general fund--state fiscal year 2002 appropriation and $536,000 of the general fund--state fiscal year 2003 appropriation are provided for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.
(4) $1,260,000 of the fiscal year 2002 general fund--state appropriation, $1,248,000 of the fiscal year 2003 general fund--state appropriation, and $4,196,000 of the violence reduction and drug enforcement account appropriation are provided solely for the family policy council and community public health and safety networks. The funding level for the family policy council and community public health and safety networks represents a 25 percent reduction below the funding level for the 1999-2001 biennium. Funding levels shall be reduced 25 percent for both the family policy council and network grants. Reductions to network grants shall be allocated so as to maintain current funding levels, to the greatest extent possible, for projects with the strongest evidence of positive outcomes and for networks with substantial compliance with contracts for network grants.
(5) $2,215,000 of the fiscal year 2002 general fund--state appropriation, $4,394,000 of the fiscal year 2003 general fund--state appropriation, and $5,604,000 of the general fund--federal appropriation are provided solely for reducing the average caseload level per case-carrying social worker. Average caseload reductions are intended to increase the amount of time social workers spend in direct contact with the children, families, and foster parents involved with their open cases. The department shall use some of the funds provided in several local offices to increase staff that support case-carrying social workers in ways that will allow social workers to increase direct contact time with children, families, and foster parents. To achieve the goal of reaching an average caseload ratio of 1:24 by the end of fiscal year 2003, the department shall develop a plan for redeploying 30 FTEs to case-carrying social worker and support positions from other areas in the children and family services budget. The FTE redeployment plan shall be submitted to the fiscal committees of the legislature by December 1, 2001.
(6) $1,000,000 of the fiscal year 2002 general fund--state appropriation and $1,000,000 of the fiscal year 2003 general fund--state appropriation are provided solely for increasing foster parent respite care services that improve the retention of foster parents and increase the stability of foster placements. ((The department shall report quarterly to the appropriate committees of the legislature progress against appropriate baseline measures for foster parent retention and stability of foster placements.))
(7) $1,050,000 of the general fund--federal appropriation is provided solely for increasing kinship care placements for children who otherwise would likely be placed in foster care. These funds shall be used for extraordinary costs incurred by relatives at the time of placement, or for extraordinary costs incurred by relatives after placement if such costs would likely cause a disruption in the kinship care placement. $50,000 of the funds provided shall be contracted to the Washington institute for public policy to conduct a study of kinship care placements. The study shall examine the prevalence and needs of families who are raising related children and shall compare services and policies of Washington state with other states that have a higher rate of kinship care placements in lieu of foster care placements. The study shall identify possible changes in services and policies that are likely to increase appropriate kinship care placements.
(8) $3,386,000 of the fiscal year 2002 general fund--state appropriation, $7,671,000 of the fiscal year 2003 general fund--state appropriation, and $20,819,000 of the general fund--federal appropriation are provided solely for increases in the cost per case for foster care and adoption support. $16,000,000 of the general fund--federal amount shall remain unallotted until the office of financial management approves a plan submitted by the department to achieve a higher rate of federal earnings in the foster care program. That plan shall also be submitted to the fiscal committees of the legislature and shall indicate projected federal revenue compared to actual fiscal year 2001 levels. Within the amounts provided for foster care, the department shall increase the basic rate for foster care to an average of $420 per month on July 1, 2001, and to an average of $440 per month on July 1, 2002. The department shall use the remaining funds provided in this subsection to pay for increases in the cost per case for foster care and adoption support. (9) $1,767,000 of the general fund--state appropriation for fiscal year 2002, $2,461,000 of the general fund--state appropriation for fiscal year 2003, and $1,485,000 of the general fund--federal appropriation are provided solely for rate and capacity increases for child placing agencies. Child placing agencies shall increase their capacity by 15 percent in fiscal year 2002 and 30 percent in fiscal year 2003.

(10) The department shall provide secure crisis residential facilities across the state in a manner that: (a) Retains geographic provision of these services; and (b) retains beds in high use areas.

(11) $125,000 of the general fund--state appropriation for fiscal year 2002 and $125,000 of the general fund--state appropriation for fiscal year 2003 are provided solely for a foster parent retention program. This program is directed at foster parents caring for children who act out sexually, as described in House Bill No. 1525 (foster parent retention program).

If the number and timing of residents choosing to move into community settings is not sufficient to achieve the RHC cottage consolidation plan assumed in the appropriations in subsection (2) of this section, the department shall transfer sufficient appropriations from this subsection to subsection (2) of this section to cover the added costs incurred in the RHCs. The department shall report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

(Prior to submitting to the health care financing authority any additional home and community based waiver request for persons with developmental disabilities, the department shall submit a summary of the waiver request to the appropriate committees of the legislature. The summary shall include eligibility criteria, program description, enrollment projections and limits, and budget and cost effectiveness projections that distinguish the requested waiver from other existing or proposed waivers.)

These funds, along with funding provided for vendor rate increases, are sufficient to raise wages an average of fifty cents and cover the employer share of unemployment and social security taxes on the amount of the wage increase. In consultation with the statewide associations representing such agencies, the department shall establish a mechanism for testing the extent to which funds have been used for this purpose, and report the results to the fiscal committees of the legislature by February 1, 2002.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1592, with the following amendment:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state’s ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

PART I
SPECIAL LICENSE PLATE REVIEW BOARD

NEW SECTION. Sec. 101. A new section is added to chapter 46.16 RCW to read as follows:

SPECIAL LICENSE PLATE REVIEW BOARD CREATED.

(1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor and who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. No member may be appointed for more than three consecutive terms.

(4) The legislative transportation committee may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

NEW SECTION. Sec. 102. A new section is added to chapter 46.16 RCW to read as follows:

ADMINISTRATION OF THE BOARD. (1) The board shall meet periodically at the call of the chair, but must meet at least one time each year within ninety days before an upcoming regular session of the legislature. The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the legislative transportation committee in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The board shall keep proper records and is subject to audit by the state auditor or other auditing entities.
(4) The department of licensing shall provide administrative support to the board, which must include at least the following:
   (a) Provide general staffing to meet the administrative needs of the board;
   (b) Report to the board on the reimbursement status of any new special license plate series for which the state had to pay the start-up costs;
   (c) Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization;
   (d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.

(5) The legislative transportation committee shall provide general oversight of the board, which must include at least the following:
   (a) Process and approve board member compensation requests;
   (b) Review the annual financial reports submitted to the board by sponsoring organizations;
   (c) Review annually the list of the board’s approved and rejected special license plate proposals submitted by sponsoring organizations.

NEW SECTION.  Sec. 103. A new section is added to chapter 46.16 RCW to read as follows:

AUTHORITY AND RESPONSIBILITIES OF THE BOARD.  (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:
   (a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the legislative transportation committee;
   (b) Report annually to the legislative transportation committee on the special license plate applications that were considered by the board;
   (c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;
   (d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The board may submit a recommendation to discontinue a special plate series to the chairs of the senate and house of representatives transportation committees.

PART II

NEW SECTION.  Sec. 201. A new section is added to chapter 46.16 RCW to read as follows:

NEW SECTION. Sec. 302. A new section is added to chapter 46.16 RCW to read as follows:

DISPOSITION OF REVENUES. (1)(a) Revenues generated from the sale of special license plates for those sponsoring organizations who used the application process in section 301(3) of this act must be deposited into the motor vehicle account until the department determines that the state’s implementation costs have been fully reimbursed. The department shall apply the application fee required under section 301(3)(a) of this act towards those costs.

(b) When it is determined that the state has been fully reimbursed the department must notify the house of representatives and senate transportation committees, the sponsoring organization, and the treasurer, and commence the distribution of the revenue as otherwise provided by law.

(2) If reimbursement does not occur within the two-year time frame, the special license plate series must be placed in probationary status for a period of one year from that date. If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Special plates issued before discontinuation are valid until replaced under RCW 46.16.233. The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public.

(3) The special license plate applicant trust account is created in the custody of the state treasurer. All receipts from special license plate applicants, except the application fee as provided in section 301(3) of this act, must be deposited into the account. Only the director of the department or the director’s designee may authorize disbursements from the account. The account is not subject to the allotment procedures under chapter 43.88 RCW, nor is an appropriation required for disbursements.

(4) The department shall provide the special license plate applicant with a written receipt for the payment.

(5) The department shall maintain a record of each special license plate applicant trust account deposit, including, but not limited to, the name and address of each special license plate applicant whose funds are being deposited, the amount paid, and the date of the deposit.

(6) After the department receives written notice that the special license plate applicant’s application has been:
(a) Approved by the legislature the director shall request that the money be transferred to the motor vehicle account;
(b) Denied by the special license plate review board or the legislature the director shall provide a refund to the applicant within thirty days; or
(c) Withdrawn by the special license plate applicant the director shall provide a refund to the applicant within thirty days.

**NEW SECTION. Sec. 303.** A new section is added to chapter 46.16 RCW to read as follows:

**SPECIAL LICENSE PLATE ON-GOING REQUIREMENTS.** (1) Within thirty days of legislative enactment of a new special license plate series for a qualifying organization meeting the requirements of section 201(1) of this act, the department shall enter into a written agreement with the organization that sponsored the special license plate. The agreement must identify the services to be performed by the sponsoring organization. The agreement must be consistent with all applicable state law and include the following provision:

“No portion of any funds disbursed under the agreement may be used, directly or indirectly, for any of the following purposes:

(a) Attempting to influence: (i) The passage or defeat of legislation by the legislature of the state of Washington, by a county, city, town, or other political subdivision of the state of Washington, or by the Congress; or (ii) the adoption or rejection of a rule, standard, rate, or other legislative enactment of a state agency;

(2) The sponsoring organization must submit an annual financial report by September 30th of each year to the department detailing actual revenues and expenditures of the revenues received from sales of the special license plate. Consistent with the agreement under subsection (1) of this section, the sponsoring organization must expend the revenues generated from the sale of the special license plate series for the benefit of the public, and it must be spent within this state. Disbursement of the revenue generated from the sale of the special license plate to the sponsoring organization is contingent upon the organization meeting all reporting and review requirements as required by the department.

(3) If the sponsoring organization ceases to exist or the purpose of the special license plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(4) A sponsoring organization may not seek to redesign its plate series until all of the inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization.

**NEW SECTION. Sec. 304.** A new section is added to chapter 46.16 RCW to read as follows:

**NONREVIEWED PLATES.** (1) A special license plate series created by the legislature after January 1, 2004, that has not been reviewed and approved by the special license plate review board is subject to the following requirements:

(a) The organization sponsoring the license plate series shall, within thirty days of enactment of the legislation creating the plate series, submit prepayment of all start-up costs associated with the creation and implementation of the special license plate in an amount determined by the department. The prepayment will be credited to the motor vehicle fund. The creation and implementation of the plate series may not commence until payment is received by the department.
(b) If the sponsoring organization is not able to meet the prepayment requirements in (a) of this subsection and can demonstrate this fact to the satisfaction of the department, the revenues generated from the sale of the special license plates must be deposited in the motor vehicle account until the department determines that the state’s portion of the implementation costs have been fully reimbursed. When it is determined that the state has been fully reimbursed the department must notify the treasurer to commence distribution of the revenue according to statutory provisions.
(c) The sponsoring organization must provide a proposed license plate design to the department within thirty days of enactment of the legislation creating the plate series.

(2) The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public. If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Those plates issued before discontinuation are valid until replaced under RCW 46.16.233.

(3) If the sponsoring organization ceases to exist or the purpose of the special plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.
A sponsoring organization may not seek to redesign their plate series until all of the existing inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization.

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1605, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.98 RCW to read as follows:
(1) The legislature finds that each of the state's justice agencies and the courts have developed independent information systems to address independent management and planning needs, that the state's justice information system is fragmented, and that access to complete, accurate, and timely justice information is difficult and inefficient.
(2) The legislature declares that the purpose of this act is to develop and maintain, in a cost-effective manner, a statewide network of criminal justice information that enables sharing and integrated delivery of justice information maintained in the state's independent information systems and that will:
(a) Maximize standardization of data and communications technology among law enforcement agencies, jails, prosecuting attorneys, the courts, corrections, and licensing;
(b) Reduce redundant data collection and input efforts;
(c) Reduce or eliminate paper-based information exchanges;
(d) Improve work flow within the criminal justice system;
(e) Provide complete, accurate, and timely information to criminal justice agencies and courts in a single computer session; and
(f) Maintain security and privacy rights respecting criminal justice information.
(3) Statewide coordination of criminal justice information will improve:
(a) The safety of the public and the safety of law enforcement officers and other public servants, by making more complete, accurate, and timely information concerning offenders available to all criminal justice agencies and courts;
(b) Decision making, by increasing the availability of statistical measures for review, evaluation, and promulgation of public policy; and
(c) Access to complete, accurate, and timely information by the public, to the extent permitted pursuant to chapters 10.97 and 42.17 RCW.
(4) The legislature encourages state and local criminal justice agencies and courts to collaborate in the development of justice information systems, as criminal justice agencies and courts collect the most complete, accurate, and timely information regarding offenders.
(5) The legislature finds that the implementation, operation, and continuing enhancement of a statewide justice information network that enables sharing and integrated delivery of information maintained in the state's independent information systems is critical to the complete, accurate, and timely performance of criminal background checks and to the effective communications between and among law enforcement, the courts, executive agencies, and political subdivisions of the state. The legislature further finds and declares that it is in
the best interests of the citizens of the state and for the enhancement of public safety that the Washington integrated justice information board be created as soon as possible.

(6) The legislature finds that the intent, purpose, and goals of this act will be implemented most effectively by a board having the power, authority, and responsibility to develop, maintain, and enhance a statewide justice information network that enables sharing and integrated delivery of justice information maintained in the state’s independent information systems.

Sec. 2. RCW 10.98.160 and 1999 c 143 s 53 are each amended to read as follows:

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1609, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that numerous changes to the sentencing reform act, chapter 9.94A RCW, as reported by the sentencing guidelines commission, have resulted in increases in the length of local jail and state prison sentences and in the number of local jail and state prison inmates. The intent of the sentencing reform act, particularly provisions regarding protection of the public, reduction of the risk of reoffense, and making frugal use of state and local government resources, would best be served, in many instances, by local and state corrections authorities sharing resources and jurisdiction over regional correctional facilities.

NEW SECTION. Sec. 2. (1) Not later than December 31, 2003, the sentencing guidelines commission shall present to the legislature a plan for establishing pilot regional correctional facilities.

(2) The plan for establishing pilot regional correctional facilities must include, but is not limited to, the following:

(a) A plan for increasing the space availability in local and county jails for pretrial detainees;
(b) An efficient and effective plan for joint use of total confinement beds by local and state government;
(c) A description of proposed shared and/or revised jurisdiction and operational responsibility, including the possibility of establishing a regional corrections authority;
(d) A summary of proposed changes to the criminal code reflecting revised housing jurisdiction;
(e) A plan to account for the inmate population eligible for placement in pilot regional correctional facilities which includes: Pretrial detainees, inmates serving sentences of sixty days to twenty-four months, and inmates serving terms of confinement totaling more than one year.
   (i) Other than pretrial detainees, only inmates serving sentences of sixty days to twenty-four months are eligible for placement in regional correctional facilities.
   (ii) Regional correctional facilities must accept inmates serving terms of confinement totaling more than one year;
   (f) A review of treatment services and programs intended to meet the needs of special populations including drug and substance abuse, mental health, and special medical needs;
   (g) An estimate of potential benefits to local and county jail operators and to the state, which could be realized by implementation of pilot programs;
   (h) A proposed method for identifying pilot regional correctional facility sites;
   (i) A methodology for evaluating the costs benefit of operation of pilot facilities; and
   (j) Recommendations for sharing capacity, resources, and funding of the construction and operation cost of the facilities."

and the same is herewith transmitted.

**SENATE AMENDMENTS TO HOUSE BILL**

April 9, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1624, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.36.005 and 2002 c 104 s 1 are each amended to read as follows:
The definitions in this section apply throughout RCW 80.36.410 through 80.36.475, unless the context clearly requires otherwise.
(1) "Community agency" means local community agencies that administer community service voice mail programs.
(2) "Community service voice mail" means a computerized voice mail system that provides low-income recipients with: (a) An individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a private security code to retrieve messages.
(3) "Department" means the department of social and health services.
(4) "Service year" means the period between July 1st and June 30th.
(5) "Community action agency" means local community action agencies or local community service agencies designated by the department of community, trade, and economic development under chapter 43.63A RCW.

Sec. 2. RCW 80.36.410 and 2002 c 104 s 2 are each amended to read as follows:"
(1) The legislature finds that universal telephone service is an important policy goal of the state. The legislature further finds that: 
(a) Recent changes in the telecommunications industry, such as federal access charges, raise concerns about the ability of low-income persons to continue to afford access to local exchange telephone service; and 
(b) many low-income persons making the transition to independence from receiving supportive services through community agencies do not qualify for economic assistance from the department.

(2) Therefore, the legislature finds that: 
(a) It is in the public interest to take steps to mitigate the effects of these changes on low-income persons; and 
(b) advances in telecommunications technologies, such as community service voice mail provide new and economically efficient ways to secure many of the benefits of universal service to low-income persons who are not customers of local exchange telephone service.

Sec. 3. RCW 80.36.420 and 1990 c 170 s 2 are each amended to read as follows:
The Washington telephone assistance program shall be available to participants of (department) programs set forth in RCW 80.36.470. Assistance shall consist of the following components:
(1) A discount on service connection fees of fifty percent or more as set forth in RCW 80.36.460.
(2) A waiver of deposit requirements on local exchange service, as set forth in RCW 80.36.460.
(3) A discounted flat rate service for local exchange service, which shall be subject to the following:
(a) The commission shall establish a single telephone assistance rate for all local exchange companies operating in the state of Washington. The telephone assistance rate shall include any federal end user (access) charges and any other charges necessary to obtain local exchange service.
(b) The commission shall, in establishing the telephone assistance rate, consider all charges for local exchange service, including federal end user (access) charges, mileage charges, extended area service, and any other charges necessary to obtain local exchange service.
(c) The telephone assistance rate shall only be available to eligible customers subscribing to the lowest (available) priced local exchange flat rate service, where the lowest priced local exchange flat rate service, including any federal end user (access) charges and any other charges necessary to obtain local exchange service, is greater than the telephone assistance rate. (Low-income senior citizens sixty years of age and older and other low-income persons identified by the department as medically needy shall, where single party service is available, be provided with single party service as the lowest available local exchange flat rate service.)
(d) The cost of providing the service shall be paid, to the maximum extent possible, by a waiver of all or part of (the) federal end user (access) charges and, to the extent necessary, from the telephone assistance fund created by RCW 80.36.430.
(4) A discount on a community service voice mailbox that provides recipients with (a) an individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a secure private security code to retrieve messages.

Sec. 4. RCW 80.36.430 and 1990 c 170 s 3 are each amended to read as follows:
(1) The Washington telephone assistance program shall be funded by a telephone assistance excise tax on all switched access lines and by funds from any federal government or other programs for this purpose. Switched access lines are defined in RCW 82.14B.020. The telephone assistance excise tax shall be applied equally to all residential and business access lines not to exceed fourteen cents per month. The telephone assistance excise tax shall be separately identified on each ratepayer’s bill as the “Washington telephone assistance program.” All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.
(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.
(3) The department shall enter into an agreement with the department of community, trade, and economic development for an amount not to exceed eight percent of the prior fiscal year’s total revenue for the administrative and program expenses of providing community service voice mail services. The community service voice mail service may include toll-free lines in community action agencies through which recipients can access their community service voice mailboxes at no charge.

Sec. 5. RCW 80.36.440 and 1990 c 170 s 4 are each amended to read as follows:
(1) The commission and the department may adopt any rules necessary to implement RCW 80.36.410 through 80.36.470.
(2) Rules necessary for the implementation of community service voice mail services shall be made by the commission and the department in consultation with the department of community, trade, and economic development.
Sec. 6. RCW 80.36.450 and 1993 c 249 s 2 are each amended to read as follows:
The Washington telephone assistance program shall ((be limited)) limit reimbursement to one residential switched access line per eligible household, or one discounted community service voice mailbox per eligible person.

Sec. 7. RCW 80.36.460 and 1990 c 170 s 5 are each amended to read as follows:
Local exchange companies shall ((file tariffs with the commission which)) waive deposits on local exchange service for eligible subscribers and ((which establish)) provide a fifty percent discount on the company’s customary charge for commencing telecommunications service ((connection fees)) for eligible subscribers. Part or all of the remaining fifty percent of service connection fees may be paid by funds from federal government or other programs for this purpose. The commission or other appropriate agency shall make timely application for any available federal funds. The remaining portion of the connection fee to be paid by the subscriber shall be expressly payable by installment fees spread over a period of months. A subscriber may, however, choose to pay the connection fee in a lump sum. Costs associated with the waiver and discount shall be accounted for separately and recovered from the telephone assistance fund. ((Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year.))

Sec. 8. RCW 80.36.470 and 2002 c 104 s 3 are each amended to read as follows:
(1) Adult recipients of department-administered programs for the financially needy which provide continuing financial or medical assistance, food stamps, or supportive services to persons in their own homes are eligible for participation in the telephone assistance program. The department shall notify the participants of their eligibility.
(2) Participants in community service voice mail programs are eligible for participation in ((the telephone assistance program)) services available under RCW 80.36.420 (1), (2), and (3) after completing use of community service voice mail services. Eligibility shall be for a period including the remainder of the current service year and the following service year. Community agencies shall notify the department of participants eligible under this subsection.

Sec. 9. RCW 80.36.475 and 1990 c 170 s 7 are each amended to read as follows:
The department shall report to the ((energy and utilities)) appropriate committees of the house of representatives and the senate by December 1 of each year on the status of the Washington telephone assistance program. The report shall include the number of participants by qualifying social service programs receiving benefits from the telephone assistance program and the type of benefits participants receive. The report shall also include a description of the geographical distribution of participants, the program’s annual revenue and expenditures, and any recommendations for legislative action.

NEW SECTION. Sec. 10. 1998 c 159 s 1, 1993 c 249 s 3, 1990 c 170 s 8, & 1987 c 229 s 12 (uncodified) are each repealed.

NEW SECTION. Sec. 11. 2002 c 104 s 4 (uncodified) is repealed.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003."

On page 1, beginning on line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 80.36.005, 80.36.410, 80.36.420, 80.36.430, 80.36.440, 80.36.450, 80.36.460, 80.36.470, and 80.36.475; repealing 1998 c 159 s 1, 1993 c 249 s 3, 1990 c 170 s 8, and 1987 c 229 s 12 (uncodified); repealing 2002 c 104 s 4 (uncodified); providing an effective date; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

April 15, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1753, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.79.040 and 1995 1st sp. s. c 18 s 50 are each amended to read as follows:

(1) "Registered nursing practice" means the performance of acts requiring substantial specialized knowledge, judgment, and skill based on the principles of the biological, physiological, behavioral, and sociological sciences in either:

(a) The observation, assessment, diagnosis, care or counsel, and health teaching of ((the ill, injured, or infirm)) individuals with illnesses, injuries, or disabilities, or in the maintenance of health or prevention of illness of others;

(b) The performance of such additional acts requiring education and training and that are recognized by the medical and nursing professions as proper and recognized by the commission to be performed by registered nurses licensed under this chapter and that are authorized by the commission through its rules;

(c) The administration, supervision, delegation, and evaluation of nursing practice. However, nothing in this subsection affects the authority of a hospital, hospital district, in-home service agency, community-based care setting, medical clinic, or office, concerning its administration and supervision;

(d) The teaching of nursing;

(e) The executing of medical regimen as prescribed by a licensed physician and surgeon, dentist, osteopathic physician and surgeon, pediatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner.

(2) Nothing in this section prohibits a person from practicing a profession for which a license has been issued under the laws of this state or specifically authorized by any other law of the state of Washington.

(3) This section does not prohibit (a) the nursing care of the sick, without compensation, by an unlicensed person who does not hold himself or herself out to be a registered nurse, (b) the practice of licensed practical nursing by a licensed practical nurse, or (c) the practice of a nursing assistant, providing delegated nursing tasks under chapter 18.88A RCW.

Sec. 2. RCW 18.79.260 and 2000 c 95 s 3 are each amended to read as follows:

(1) A registered nurse under his or her license may perform for compensation nursing care, as that term is usually understood, ((of the ill, injured, or infirm)) to individuals with illnesses, injuries, or disabilities.

(2) A registered nurse may, at or under the general direction of a licensed physician and surgeon, dentist, osteopathic physician and surgeon, naturopathic physician, pediatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner acting within the scope of his or her license, administer medications, treatments, tests, and inoculations, whether or not the severing or penetrating of tissues is involved and whether or not a degree of independent judgment and skill is required. Such direction must be for acts which are within the scope of registered nursing practice.

(3) A registered nurse may delegate tasks of nursing care to other individuals where the registered nurse determines that it is in the best interest of the patient.

(a) The delegating nurse shall:

(i) Determine the competency of the individual to perform the tasks;

(ii) Evaluate the appropriateness of the delegation;

(iii) Supervise the actions of the person performing the delegated task; and

(iv) Delegate only those tasks that are within the registered nurse’s scope of practice.
(b) A registered nurse, working for a home health or hospice agency regulated under chapter 70.127 RCW, may delegate the application, instillation, or insertion of medications to a registered or certified nursing assistant under a plan of care.

(c) Except as authorized in (b) or (e) of this subsection, a registered nurse may not delegate the administration of medications. Except as authorized in (e) of this subsection, a registered nurse may not delegate acts requiring substantial skill, ((the administration of medications, or)) and may not delegate piercing or severing of tissues except to registered or certified nursing assistants who provide care to individuals in community-based care settings as authorized under (d) of this subsection. Acts that require nursing judgment shall not be delegated.

(d) No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines that it is inappropriate to do so. Nurses shall not be subject to any employer reprisal or disciplinary action by the nursing care quality assurance commission for refusing to delegate tasks or refusing to provide the required training for delegation if the nurse determines delegation may compromise patient safety.

(e) For delegation in community-based care settings or in-home care settings, a registered nurse may delegate nursing care tasks only to registered or certified nursing assistants. Simple care tasks such as blood pressure monitoring, personal care service, or other tasks as defined by the nursing care quality assurance commission are exempted from this requirement.

(i) “Community-based care settings” includes: Community residential programs for the developmentally disabled, certified by the department of social and health services under chapter 71A.12 RCW; adult family homes licensed under chapter 70.128 RCW; and boarding homes licensed under chapter 18.20 RCW. Community-based care settings do not include acute care or skilled nursing facilities.

(ii) “In-home care settings” include an individual’s place of temporary or permanent residence, but does not include acute care or skilled nursing facilities, and does not include community-based care settings as defined in (i) of this subsection.

(iii) Delegation of nursing care tasks in community-based care settings and in-home care settings is only allowed for individuals who have a stable and predictable condition. “Stable and predictable condition” means a situation in which the individual’s clinical and behavioral status is known and does not require the frequent presence and evaluation of a registered nurse.

(iv) The determination of the appropriateness of delegation of a nursing task is at the discretion of the registered nurse. However, the administration of medications by injection, sterile procedures, and central line maintenance may never be delegated.

(v) The registered nurse shall verify that the nursing assistant has completed the required core nurse delegation training required in chapter 18.88A RCW prior to authorizing delegation.

(vi) The nurse is accountable for his or her own individual actions in the delegation process. Nurses acting within the protocols of their delegation authority are immune from liability for any action performed in the course of their delegation duties.

(vii) Nursing task delegation protocols are not intended to regulate the settings in which delegation may occur, but are intended to ensure that nursing care services have a consistent standard of practice upon which the public and the profession may rely, and to safeguard the authority of the nurse to make independent professional decisions regarding the delegation of a task.

(f) The nursing care quality assurance commission may adopt rules to implement this section.

Sec. 3. RCW 18.88A.140 and 2000 c 171 s 25 are each amended to read as follows:

Nothing in this chapter may be construed to prohibit or restrict:

(1) The practice by an individual licensed, certified, or registered under the laws of this state and performing services within their authorized scope of practice;

(2) The practice by an individual employed by the government of the United States while engaged in the performance of duties prescribed by the laws of the United States;

(3) The practice by a person who is a regular student in an educational program approved by the secretary, and whose performance of services is pursuant to a regular course of instruction or assignments from an instructor and under the general supervision of the instructor;

(4) A nursing assistant, while employed as a personal aide as defined in RCW 74.39.007, from accepting direction from an individual who is self-directing their care.
Sec. 4. RCW 18.88A.200 and 1995 1st sp. s. c 18 s 45 are each amended to read as follows: The legislature recognizes that nurses have been successfully delegating nursing care tasks to family members and auxiliary staff for many years. The opportunity for a nurse to delegate to nursing assistants qualifying under RCW 18.88A.210 may enhance the viability and quality of health care services in community-based care settings (for long-term care services)) and in-home care settings to allow individuals to live as independently as possible with maximum safeguards.

Sec. 5. RCW 18.88A.210 and 2000 c 95 s 1 are each amended to read as follows: (1) A nursing assistant meeting the requirements of this section who provides care to individuals in community-based care settings or in-home care settings, as defined in RCW 18.79.260(3), may accept delegation of nursing care tasks by a registered nurse as provided in RCW 18.79.260(3).
(2) For the purposes of this section, “nursing assistant” means a nursing assistant-registered or a nursing assistant-certified. Nothing in this section may be construed to affect the authority of nurses to delegate nursing tasks to other persons, including licensed practical nurses, as authorized by law.
(3) Before commencing any specific nursing care tasks authorized under this chapter, the nursing assistant must (a) provide to the delegating nurse a certificate of completion issued by the department of social and health services indicating the completion of basic core nurse delegation training, (b) be regulated by the department of health pursuant to this chapter, subject to the uniform disciplinary act under chapter 18.130 RCW, and (c) meet any additional training requirements identified by the nursing care quality assurance commission. Exceptions to these training requirements must adhere to RCW 18.79.260(3)((e)(iii)) (e)(v).

Sec. 6. RCW 18.88A.230 and 2000 c 95 s 2 are each amended to read as follows: (1) The nursing assistant shall be accountable for their own individual actions in the delegation process. Nursing assistants following written delegation instructions from registered nurses performed in the course of their accurately written, delegated duties shall be immune from liability.
(2) Nursing assistants shall not be subject to any employer reprisal or disciplinary action by the secretary for refusing to accept delegation of a nursing task based on patient safety issues. No community-based care setting as defined in RCW 18.79.260(3)((e)(ii)) (e), or in-home services agency as defined in RCW 70.127.010, may discriminate or retaliate in any manner against a person because the person made a complaint or cooperated in the investigation of a complaint.

Sec. 7. RCW 70.127.010 and 2000 c 175 s 1 are each amended to read as follows: Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Administrator" means an individual responsible for managing the operation of an agency.
(2) "Department" means the department of health.
(3) "Director of clinical services" means an individual responsible for nursing, therapy, nutritional, social, and related services that support the plan of care provided by in-home health and hospice agencies.
(4) "Family" means individuals who are important to, and designated by, the patient or client and who need not be relatives.
(5) "Home care agency" means a person administering or providing home care services directly or through a contract arrangement to individuals in places of temporary or permanent residence. A home care agency that provides delegated tasks of nursing under RCW 18.79.260(3)(e) is not considered a home health agency for the purposes of this chapter.
(6) "Home care services" means nonmedical services and assistance provided to ill, disabled, or vulnerable individuals that enable them to remain in their residences. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action;

(g) The tenant’s application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent;

(h) If the landlord serves a tenant three fifteen-day notices within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or park rules. The applicable twelve-month period shall commence on the date of the first violation;

(i) Failure of the tenant to comply with obligations imposed upon tenants by applicable provisions of municipal, county, and state codes, statutes, ordinances, and regulations, including this chapter ((59.20 RCW)). The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

(j) The tenant engages in disorderly or substantially annoying conduct upon the park premises that results in the destruction of the rights of others to the peaceful enjoyment and use of the premises. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1909, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the focus of transfer between institutions of higher education has been on students’ accumulation of credits, where courses necessary for entry to each successive level of higher education have been individually identified and vary by institution and academic discipline. It is the legislature’s intent to begin a process that will change the focus of transfer to defining and recognizing student competencies.
NEW SECTION. Sec. 2. (1) The higher education coordinating board, in consultation with the state board for community and technical colleges and the council of presidents, shall recruit and select institutions of higher education to participate in a pilot project to define transfer standards in selected academic disciplines on the basis of student competencies. Participants shall include one public four-year institution of higher education, two or more community or technical colleges that regularly transfer a substantial number of students to that four-year institution, and one or more private career colleges that prepare students in the academic disciplines selected under the pilot project. Such colleges shall be accredited and licensed under chapter 28C.10 RCW.

(2) The pilot project participants shall identify several academic disciplines to form the basis of the project and develop a work plan, timelines, and expected products for the project, which shall be presented by the higher education coordinating board in a preliminary report to the higher education committees of the legislature by December 1, 2004.

(3) Under the pilot project, participants shall develop standards, definitions, and procedures for quality assurance for a transfer system based on student competencies. It is the legislature’s intent that under such a system, four-year institutions of higher education, in collaboration with two-year institutions of higher education, define the knowledge, skills, and abilities students should possess in order to enter an upper division program in a particular academic discipline. The two and four-year institutions providing lower division preparation for such an upper division program are responsible for certifying that a student meets the expected standards, but have flexibility to determine how to assess whether the student has obtained the necessary knowledge, skills, and abilities. Such assessments need not be based on completion of particular courses or accumulation of credits.

(4) The pilot project participants may request assistance in their work from the higher education coordinating board, the western interstate commission on higher education, the state board for community and technical colleges, or the council of presidents. The pilot project participants and the higher education coordinating board shall structure the work of the project in such a way that development costs for the project are absorbed within existing institution and agency budgets.

(5) In collaboration with the higher education coordinating board, the pilot project participants shall report to the higher education committees of the legislature by December 1, 2005, on the progress and status of the pilot project. The report shall identify any barriers encountered by the project and make recommendations for next steps in developing a competency-based transfer system for higher education.

(6) This section expires June 30, 2006.

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1943, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.24.020 and 1994 sp.s. c 7 s 904 are each amended to read as follows:

(1) There is levied and there shall be collected as provided in this chapter, a tax upon the sale, use, consumption, handling, possession or distribution of all cigarettes, in an amount equal to the rate of eleven and one-half mills per cigarette.

(2) An additional tax is imposed upon the sale, use, consumption, handling, possession, or distribution of all cigarettes, in an amount equal to the rate of five and one-fourth mills per cigarette. All revenues collected during any month from this additional tax shall be deposited in the violence reduction and drug enforcement account under RCW 69.50.520 by the twenty-fifth day of the following month.

(3) An additional tax is imposed upon the sale, use, consumption, handling, possession, or distribution of all cigarettes, in an amount equal to the rate of ten mills per cigarette through June 30, 1994, eleven and one-fourth mills per cigarette for the period July 1, 1994, through June 30, 1995, twenty mills per cigarette for the period July 1, 1995, through June 30, 1996, and twenty and one-half mills per cigarette thereafter. All revenues collected during any month from this additional tax shall be deposited in the health services account created under RCW 43.72.900 by the twenty-fifth day of the following month.

(4) Wholesalers (and retailers) subject to the payment of this tax may, if they wish, absorb one-half mill per cigarette of the tax and not pass it on to purchasers without being in violation of this section or any other act relating to the sale or taxation of cigarettes.

(5) For purposes of this chapter, "possession" shall mean both (a) physical possession by the purchaser and, (b) when cigarettes are being transported to or held for the purchaser or his or her designee by a person other than the purchaser, constructive possession by the purchaser or his or her designee, which constructive possession shall be deemed to occur at the location of the cigarettes being so transported or held.

Sec. 2. RCW 82.24.030 and 1995 c 278 s 2 are each amended to read as follows:

(1) In order to enforce collection of the tax hereby levied, the department of revenue shall design and have printed stamps of such size and denominations as may be determined by the department. The stamps must
be affixed on the smallest container or package that will be handled, sold, used, consumed, or distributed, to permit the department to readily ascertain by inspection, whether or not such tax has been paid or whether an exemption from the tax applies.

(2) Except as otherwise provided in this chapter, ((every person)) only a wholesaler shall cause to be affixed on every package of cigarettes, stamps of an amount equaling the tax due thereon or stamps identifying the cigarettes as exempt before he or she sells, offers for sale, uses, consumes, handles, removes, or otherwise disturbs and distributes the same: PROVIDED, That where it is established to the satisfaction of the department that it is impractical to affix such stamps to the smallest container or package, the department may authorize the affixing of stamps of appropriate denomination to a large container or package.

(3) Only wholesalers may purchase or obtain cigarette stamps. Wholesalers shall not sell or provide stamps to any other wholesaler or person.

(4) Each roll of stamps, or group of sheets, shall have a separate serial number, which shall be legible at the point of sale. The department of revenue shall keep records of which wholesaler purchases each roll or group of sheets. If the department of revenue permits wholesalers to purchase partial rolls or sheets, in no case may stamps bearing the same serial number be sold to more than one wholesaler. The remainder of the roll or sheet, if any, shall either be retained for later purchases by the same wholesaler or destroyed.

(5) Nothing in this section shall be construed as limiting any otherwise lawful activity under a cigarette tax compact pursuant to chapter 43.06 RCW.

Sec. 3. RCW 82.24.040 and 1995 c 278 s 3 are each amended to read as follows:
(1) Except as authorized by this chapter, no person other than a licensed wholesaler shall possess in this state unstamped cigarettes.

(2) No wholesaler in this state may possess within this state unstamped cigarettes except that:
(a) Every wholesaler in the state who is licensed under Washington state law may possess within this state unstamped cigarettes for such period of time after receipt as is reasonably necessary to affix the stamps as required; and
(b) Any wholesaler in the state who is licensed under Washington state law and who furnishes a surety bond in a sum satisfactory to the department, shall be permitted to set aside, without affixing the stamps required by this chapter, such part of the wholesaler’s stock as may be necessary for the conduct of the wholesaler’s business in making sales to persons in another state or foreign country or to instrumentalities of the federal government. Such unstamped stock shall be kept separate and apart from stamped stock.

(3) Every wholesaler licensed under Washington state law shall, at the time of shipping or delivering any of the articles taxed herein to a point outside of this state or to a federal instrumentality, make a true duplicate invoice of the same which shall show full and complete details of the sale or delivery, whether or not stamps were affixed thereto, and shall transmit such true duplicate invoice to the department, at Olympia, not later than the fifteenth day of the following calendar month. For failure to comply with the requirements of this section, the department may revoke the permission granted to the taxpayer to maintain a stock of goods to which the stamps required by this chapter have not been affixed.

(4) Unstamped cigarettes possessed by a wholesaler under subsection (2) of this section that are transferred by the wholesaler to another facility of the wholesaler within the borders of Washington shall be transferred in compliance with RCW 82.24.250.

(5) Every wholesaler who is licensed by Washington state law shall sell cigarettes to retailers located in Washington only if the retailer has a current cigarette retailer’s license or is an Indian tribal organization authorized to possess untaxed cigarettes under this chapter and the rules adopted by the department.

(6) Nothing in this section shall be construed as limiting any otherwise lawful activity under a cigarette tax compact pursuant to chapter 43.06 RCW.

Sec. 4. RCW 82.24.050 and 1995 c 278 s 4 are each amended to read as follows:
(1) No retailer in this state may possess unstamped cigarettes within this state ((except as provided in this chapter)) unless the person is also a wholesaler in possession of the cigarettes in accordance with RCW 82.24.040.

(2) A retailer may obtain cigarettes only from a wholesaler subject to the provisions of this chapter.

Sec. 5. RCW 82.24.110 and 1999 c 193 s 2 are each amended to read as follows:

(g) To use any stamps more than once;
(h) To refuse to allow the department of revenue or its duly authorized agent, on demand, to make full inspection of any place of business where any of the articles herein taxed are sold or otherwise hinder or prevent such inspection;

(j) For any person to make, use, or present or exhibit to the department of revenue or its duly authorized agent, any invoice for any of the articles herein taxed which bears an untrue date or falsely states the nature or quantity of the goods therein invoiced;
(k) For any wholesaler or retailer or his or her agents or employees to fail to produce on demand of the department of revenue all invoices of all the articles herein taxed or stamps bought by him or her or received in his or her place of business within five years prior to such demand unless he or she can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond his or her control;
(l) For any person to receive in this state any shipment of any of the articles taxed herein, when the same are not stamped, for the purpose of avoiding payment of tax. It is presumed that persons other than dealers who purchase or receive shipments of unstamped cigarettes do so to avoid payment of the tax imposed herein;

(n) To possess, sell, or transport within this state any container or package of cigarettes that does not comply with this chapter.
(2) It is unlawful for any person knowingly or intentionally to possess or to transport in this state a quantity in excess of sixty thousand cigarettes unless the proper stamps required by this chapter are affixed thereto or unless: (a) Proper notice as required by RCW 82.24.250 has been given; (b) the person transporting the cigarettes actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the cigarettes so transported; and (e) the cigarettes are consigned to or purchased by a person in this state who is authorized by this chapter to possess unstamped cigarettes in this state. (b) The cigarette is not manufactured by the owner or holder of that trademark, service mark, trade name, label, term, design, or work, or by any authorized licensee of that person.

(3) Notwithstanding the foregoing provisions of this section, articles taxed in this chapter which are in the possession of a wholesaler ((or retailer)), licensed under Washington state law, for a period of time necessary to affix the stamps after receipt of the articles, shall not be considered contraband unless they are manufactured, sold, or possessed in violation of section 6 of this act.

Sec. 8. RCW 82.24.250 and 1997 c 420 s 7 are each amended to read as follows:

(5) Transportation of cigarettes from a point outside this state to a point in some other state will not be considered a violation of this section provided that the person so transporting such cigarettes has in his possession adequate invoices or delivery tickets which give the true name and address of such out-of-state seller or consignor and such out-of-state purchaser or consignee.
(6) In any case where the department or its duly authorized agent, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting cigarettes in violation of this section, the department, such agent, or such police officer, is authorized to stop such vehicle and to inspect the same for contraband cigarettes.

chapter by remitting the tax or causing stamps to be affixed in the manner provided in rules adopted by the department.

(2) When stamps are required to be affixed, the person may deduct from the tax collected the compensation allowable under this chapter. The remittance or the affixing of stamps shall, in the case of cigarettes obtained in the manner set forth in RCW 82.24.250(7)(c), be made at the same time and manner as required in RCW 82.24.250(7)(c).

SUBSTITUTE HOUSE BILL NO. 1943 as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

April 15, 2003
The Senate has passed SUBSTITUTE HOUSE BILL NO. 2007, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the number of unsolicited commercial text messages sent to cellular telephones and pagers is increasing. This practice is raising serious concerns on the part of cellular telephone and pager subscribers. These unsolicited messages often result in costs to the cellular telephone and pager subscriber in that they pay for use when a message is received through their devices. The limited memory of these devices can be exhausted by unwanted text messages resulting in the inability to receive necessary and expected messages.

The legislature intends to limit the practice of sending unsolicited commercial text messages to cellular telephone or pager numbers in Washington.

Sec. 2. RCW 19.190.010 and 1999 c 289 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

(4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(5) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

(6) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(7) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(8) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

(9) "Person" means a person, corporation, partnership, or association.

NEW SECTION. Sec. 3. A new section is added to chapter 19.190 RCW to read as follows:

(1) No person conducting business in the state may initiate or assist in the transmission of an electronic commercial text message to a telephone number assigned to a Washington resident for cellular telephone or pager service that is equipped with short message capability or any similar capability allowing the transmission of text messages.

(2) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 19.190 RCW to read as follows:

(1) It is not a violation of section 3 of this act if:
(a) The commercial electronic text message is transmitted at the direction of a person offering cellular telephone or pager service to the person’s existing subscriber at no cost to the subscriber unless the subscriber has indicated that he or she is not willing to receive further commercial text messages from the person; or

(b) The unsolicited commercial electronic text message is transmitted by a person to a subscriber and the subscriber has clearly and affirmatively consented in advance to receive these text messages.

(2) No person offering cellular or pager service may be held liable for serving merely as an intermediary between the sender and the recipient of a commercial electronic text message sent in violation of this chapter unless the person is assisting in the transmission of the commercial electronic text message.

Sec. 5. RCW 19.190.040 and 1998 c 149 s 5 are each amended to read as follows:

(1) Damages to the recipient of a commercial electronic mail message or a commercial electronic text message sent in violation of this chapter are five hundred dollars, or actual damages, whichever is greater.

(2) Damages to an interactive computer service resulting from a violation of this chapter are one thousand dollars, or actual damages, whichever is greater."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 2007 as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2012, with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Research has shown that early, intensive assistance can significantly improve reading and language skills for children who are struggling academically. This early research-based assistance has been successful in reducing the number of children who require specialized programs. However, by being effective in reducing the number of students eligible for these programs, school district funding is reduced.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.630 RCW to read as follows:
(1) The purpose of the program is to encourage participating school districts to provide early intensive reading and language assistance to students who are struggling academically. The goal of such assistance is to effectively address reading and language difficulties resulting in a substantially greater proportion of students meeting the progressively increasing performance standards for both the aggregate and disaggregated subgroups under federal law.
(2) A maximum of two school districts may participate. Interested districts shall apply no later than May 15, 2003, to the superintendent of public instruction to participate in the pilot program established by this section. The superintendent shall make a decision no later than June 15, 2003, regarding which two school districts may participate in the program.
(3) The pilot program is intended to be for four years, to begin in the 2003-04 school year and conclude in the 2006-07 school year, unless the program is extended by the legislature.
(4) School districts participating in the pilot program shall receive state special education funding in accordance with state special education funding formulas and a separate pilot program appropriation from sources other than special education funds. The separate appropriation shall be calculated as follows:
   (a) The school district’s estimated state special education funding for the current year based on the school district’s average percentage of students age three through twenty-one who were eligible for special education services in the 2001-02 and 2002-03 school years as reported to the office of the superintendent of public instruction;
   (b) Less the school district’s actual state special education funding based on the district’s current percentage of students age three through twenty-one eligible for special education services as reported to the superintendent of public instruction.
(5) Participation in the pilot program shall not increase or decrease a district’s ability to access the safety net for high cost students by virtue of the district’s participation in this pilot program. Districts participating in this pilot program shall have access to the special education safety net using a modified application approach for the office of the superintendent of public instruction Worksheet A - demonstration of financial need. The superintendent shall create a modified application to include all special education revenues received by the district, all pilot program funding, and include expenditures for students with individual education plans and expenditures for students generating pilot program revenue. Districts participating in this pilot project that seek safety net funding shall convincingly demonstrate to the committee that any change in demonstrated need on the Worksheet A is not attributable to their participation in this pilot project.
(6) School districts participating in the program must agree to:
   (a) Implement a tiered set of research-based instructional interventions addressing individual student needs that address reading and language deficits;
   (b) Use multiple diagnostic instruments to identify the literacy needs of each student;
   (c) Assure parents are informed of diagnosed student needs, and have input into designed interventions;
   (d) Actively engage parents as partners in the learning process;
   (e) Comply with state special education requirements; and
   (f) Participate in an evaluation of the program as determined by the superintendent of public instruction. This may include contributing funds and staff expertise for the design and implementation of the evaluation. Districts shall annually review and report progress, including objective measures or indicators that show the progress towards achieving the purpose and goal of the program, to the office of the superintendent of public instruction.
(7) By December 15, 2006, the superintendent of public instruction shall submit a report to the governor and legislature that summarizes the effectiveness of the pilot program. The report shall also include a recommendation as to whether or not the pilot program should be continued, expanded, or otherwise modified.
(8) This section expires June 30, 2007.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "$adding a new section to chapter 28A.630 RCW; creating a new section; providing an expiration date; and declaring an emergency."
and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2076, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) At the time the higher education coordinating board was created in 1985, the legislature wanted a board with a comprehensive mission that included planning, budget and program review authority, and program administration;
(b) Since its creation, the board has achieved numerous accomplishments, including proposals leading to creation of the branch campus system, and has made access and affordability of higher education a consistent priority;
(c) However, higher education in Washington state is currently at a crossroads. Demographic, economic, and technological changes present new and daunting challenges for the state and its institutions of
higher education. As the state looks forward to the future, the legislature, the governor, and institutions need a common strategic vision to guide planning and decision making.

(2) Therefore, it is the legislature’s intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature’s intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

(1) The board shall develop a statewide strategic master plan for higher education that proposes a vision and identifies goals and priorities for the system of higher education in Washington state. The board shall also specify strategies for maintaining and expanding access, affordability, quality, efficiency, and accountability among the various institutions of higher education.

(2) In developing the statewide strategic master plan for higher education, the board shall collaborate with the four-year institutions of higher education including the council of presidents, the community and technical college system, and, when appropriate, the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions. The board shall also seek input from students, faculty organizations, community and business leaders in the state, members of the legislature, and the governor.

(3) As a foundation for the statewide strategic master plan for higher education, the board shall develop and establish role and mission statements for each of the four-year institutions of higher education and the community and technical college system. The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(4) In assessing needs of the state’s higher education system, the board may consider and analyze the following information:

(a) Demographic, social, economic, and technological trends and their impact on service delivery;
(b) Business and industrial needs for a skilled workforce;
(c) Business and industrial needs for a skilled workforce;
(d) Needs and demands for access to higher education by placebound students and individuals in heavily populated areas underserved by public institutions.

(5) The statewide strategic master plan for higher education shall include, but not be limited to, the following:

(a) State or regional priorities for new or expanded degree programs or off-campus programs, including what models of service delivery may be most cost-effective;
(b) Recommended policies or actions to improve the efficiency of student transfer and graduation or completion;
(c) Demographic, social, economic, and technological trends and their impact on service delivery;
(d) Needs and demands for access to higher education by placebound students and individuals in heavily populated areas underserved by public institutions.

(6) The board shall present the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education in a way that provides guidance for institutions, the governor, and the legislature to make further decisions regarding institution-level plans, policies, legislation, and operating and capital funding for higher education. In the statewide strategic master plan for higher education, the board shall recommend specific actions to be taken and identify measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities.

(7) Every four years by December 15th, beginning December 15, 2003, the board shall submit an interim statewide strategic master plan for higher education to the governor and the legislature. The interim plan shall reflect the expectations and policy directions of the legislative higher education and fiscal committees, and shall provide a timely and relevant framework for the development of future budgets and policy proposals. The legislature shall, by concurrent resolution, approve or recommend changes to the interim plan, following public hearings. The board shall submit the final plan, incorporating legislative changes, to the governor and the legislature by June of the year in which the legislature approves the concurrent resolution. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan.

Sec. 3. RCW 28B.80.330 and 1997 c 369 s 10 are each amended to read as follows:

The board shall perform the following planning duties in consultation with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the work
force training and education coordinating board, the superintendent of public instruction, and the independent higher educational institutions:

The board shall consider the needs of residents of all geographic regions, but its initial priorities should be applied to heavily populated areas underserved by public institutions;
   (b) Recommendations on enrollment and other policies and actions to meet those needs;
   (c) Guidelines for continuing education, adult education, public service, and other higher education programs;
   (d) Mechanisms through which the state’s higher education system can meet the needs of employers hiring for industrial projects of statewide significance.

The initial plan shall be submitted to the governor and the legislature by December 1, 1987. Comments on the plan from the board’s advisory committees and the institutions shall be submitted with the plan.

The plan shall be updated every four years, and presented to the governor and the appropriate legislative policy committees. Following public hearings, the legislature shall, by concurrent resolution, approve or recommend changes to the initial plan, and the updates. The board shall also develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2183, with the following amendment:

Strike everything after the enacting clause and insert the following:
Sec. 1. RCW 57.08.050 and 2000 c 138 s 212 are each amended to read as follows:

(1) All work ordered, the estimated cost of which is in excess of $(five) ten thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier’s check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder’s bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder’s own plans and specifications. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. **SENATE AMENDMENTS TO HOUSE BILL**

April 10, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1218, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the extreme dangers present when the safety of our citizens requires first responders such as police and fire fighters to evacuate and secure a building. In an effort to prepare for responding to unintended disasters, criminal acts, and acts of terrorism, the legislature intends to create a statewide first responder building mapping information system that will provide all first responders with the information they need to be successful when disaster strikes. The first responder building mapping system in this act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes.

NEW SECTION. Sec. 2. A new section is added to chapter 36.28A RCW to read as follows:

(1) When funded, the Washington Association of Sheriffs and Police Chiefs shall create and operate a statewide first responder building mapping information system.

(2) All state agencies and local governments must utilize building mapping software that complies with the building mapping software standards established under section 3 of this act for any building mapped for this purpose after the statewide first responder building mapping information system is operational. If, prior to creation of the statewide building mapping information system, a local government has utilized building mapping software standards established under section 3 of this act, the local government may continue to use its own building mapping system unless the Washington association of sheriffs and police chiefs provides funding to bring the local government’s system in compliance with the standards established under section 3 of this act.

(3) All state and local government-owned buildings that are occupied by state or local government employees must be mapped when funding is provided by the Washington association of sheriffs and police chiefs, or from other sources. Nothing in this act requires any state agency or local government to map a building unless the entire cost of mapping the building is provided by the Washington association of sheriffs and police chiefs, or from other sources."
(4) Once the statewide first responder building mapping information system is operational, all state and local government buildings that are mapped must forward their building mapping information data to the Washington association of sheriffs and police chiefs. All participating privately, federally, and tribally owned buildings may voluntarily forward their mapping and emergency information data to the Washington association of sheriffs and police chiefs. The Washington association of sheriffs and police chiefs may refuse any building mapping information that does not comply with the specifications described in section 3 of this act.

(5) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall electronically make the building mapping information available to all state, local, federal, and tribal law enforcement agencies, the military department of Washington state, and fire departments.

(6) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall develop building mapping software standards that must be used to participate in the statewide first responder building mapping information system.

(7) The Washington association of sheriffs and police chiefs shall pursue federal funds to:
   (a) Create the statewide first responder building mapping information system; and
   (b) Develop grants for the mapping of all state and local government buildings in the order determined under section 3 of this act.

(8) All tactical and intelligence information provided to the Washington association of sheriffs and police chiefs under this act is exempt from public disclosure as provided in RCW 42.17.310(1)(d).

NEW SECTION. Sec. 3. A new section is added to chapter 36.28A RCW to read as follows:
(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the information services board, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:
   (a) Develop the type of information to be included in the statewide first responder building mapping information system. The information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;
   (b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;
   (c) Determine the order in which buildings shall be mapped when funding is received;
   (d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;
   (e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2)(a) Nothing in this section supersedes the authority of the information services board under chapter 43.105 RCW.
   (b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

NEW SECTION. Sec. 4. A new section is added to chapter 36.28A RCW to read as follows:
Units of local government and their employees, as provided in RCW 36.28A.010, are immune from civil liability for damages arising out of the creation and use of the statewide first responder building mapping information system, unless it is shown that an employee acted with gross negligence or bad faith."

On page 1, line 2 of the title, after "system;" strike the remainder of the title and insert "adding new sections to chapter 36.28A RCW; and creating a new section."

and the same is herewith transmitted.

((9)) (9)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of

The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

(((10)))(11) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(4).

The appropriations in this section are subject to the following conditions and limitations:

The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones:

(1) In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.
(2) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035.

Sec. 102. RCW 46.68.035 and 2000 2nd sp.s. c 4 s 8 are each amended to read as follows:

All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085 shall be forwarded to the state treasurer to be distributed into accounts according to the following method:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder shall be distributed as follows:

(a) 21.434 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

(b) 1.368 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund; and

(c) 11.771 percent shall be deposited into the transportation 2003 account; and

(d) The remaining proceeds shall be deposited into the motor vehicle fund.

Sec. 201. RCW 82.08.020 and 2000 2nd sp.s. c 4 s 1 are each amended to read as follows:

(1) There is levied and there shall be collected a tax on each retail sale in this state equal to six and five-tenths percent of the selling price.

(2) There is levied and there shall be collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than retail car rentals taxed under subsection (2) of this section. The revenue collected under this subsection shall be deposited in the multimodal transportation account created in RCW 47.66.070.

(4) For purposes of subsection (3) of this section, "motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(5) The taxes imposed under this chapter shall apply to successive retail sales of the same property. The rates provided in this section apply to taxes imposed under chapter 82.12 RCW as provided in RCW 82.12.020.

Sec. 202. RCW 82.12.020 and 2003 c 5 (EHB 1977) s 2 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a tax or excise for the privilege of using within this state as a consumer: (a) Any article of tangible personal property purchased at retail, or acquired by lease, gift, repossession, or bailment, or extracted or produced or manufactured by the person so using the same, or otherwise furnished to a person engaged in any business taxable under RCW 82.04.280 (2) or (7); or (b) any canned software, regardless of the method of delivery, but excluding canned software that is either provided free of charge or is provided for temporary use in viewing information, or both.

(2) This tax shall apply to the use of every service defined as a retail sale in RCW 82.04.050 (2)(a) or (3)(a) and the use of every article of tangible personal property, including property acquired at a casual or isolated sale, and including byproducts used by the manufacturer thereof, except as hereinafter provided, irrespective of whether the article or similar articles are manufactured or are available for purchase within this state.

(3) The provisions of this chapter do not apply in respect to the use of any article of tangible personal property or service taxable under RCW 82.04.050(2)(a) or (3)(a) purchased at retail or acquired by lease, gift, or bailment if the sale to, or the use by, the present user or his bailor or donor has already been subjected to the tax under chapter 82.08 RCW or this chapter and the tax has been paid by the present user or by his bailor or donor.

(4) Except as provided in this section, payment by one purchaser or user of tangible personal property or service of the tax imposed by chapter 82.08 or 82.12 RCW shall not have the effect of exempting any other purchaser or user of the same property or service from the taxes imposed by such chapters. (5) The tax shall be levied and collected in an amount equal to the value of the article used or value of the service used by the taxpayer multiplied by the rate in effect for the retail sales tax under RCW 82.08.020.

Sec. 203. RCW 82.12.045 and 1996 c 149 s 19 are each amended to read as follows:

All revenue received by the state treasurer under this section shall be credited to the general fund. The auditor’s collection fee shall be deposited in the county current expense fund. A duplicate of the county auditor’s transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

(5) Any applicant who has paid use tax to a county auditor under this section may apply to the department of revenue for refund thereof if he or she has reason to believe that such tax was not legally due and owing. No refund shall be allowed unless application therefor is received by the department of revenue within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050(3). Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180 and 82.32.190.

(6) The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to promulgate such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by said director in remitting use tax revenue to the state treasurer.

For the purposes of this chapter, the term dealer includes any person who purchases livestock on behalf of and for the account of another, or who purchases cattle in another state or country and imports these cattle into this state for resale.

(8) "Limited dealer" means any person who buys, agrees to buy, or pays for the production or increase of any agricultural product by paying to the consignor at the time of obtaining possession or control of any agricultural product the full agreed price of the agricultural product and who operates under the alternative bonding provision in RCW 20.01.211.

In the case of a claim against a limited dealer in hay or straw, default occurs when the licensee fails to make payment upon taking possession of the hay or straw. Upon verifying the consignor’s claim either through investigation or, if necessary, an administrative action, the director shall, within ten working days of the filing of the claim, make demand for payment of the claim by the licensee’s surety without regard to any other potentially valid claim. Any subsequent claim will likewise result in a demand against the licensee’s surety, subject to the availability of any remaining bond proceeds.)

(2) In the case of a claim against the bond of a commission merchant or dealer in hay or straw, default occurs when the licensee fails to make payment within thirty days of the date the licensee took possession of the hay or straw or at a date agreed to by both the consignor and commission merchant or dealer in written contract. In the case of a claim against a limited dealer in hay or straw, default occurs when the licensee fails to make payment upon taking possession of the hay or straw.

(3) Upon the filing of a claim under this subsection against any commission merchant or dealer handling any agricultural product, the director may, after investigation, proceed to ascertain the names and addresses of all consignor creditors of such commission merchant and dealer, together with the amounts due and owing to them by such commission merchant and dealer, and shall request all such consignor creditors to file a verified statement of their respective claims with the director. Such request shall be addressed to each known consignor creditor at his last known address.

The director shall distribute the proceeds of the valid bond claims to the claimants on a pro rata basis within the limits of the claims and the availability of the bond proceeds. If a claim is filed after the sixty-day deadline established in RCW 20.01.250, the director may investigate the claim and may demand payment for a valid claim. The director shall distribute the proceeds of any such payment made by the surety to the claimant on a first-to- file, first-to-be-paid basis within the limits of the claim and the availability of any bond proceeds remaining after the pro rata distribution. times have free and unimpeded access to all buildings, yards, warehouses, storage, and transportation facilities or
any other place where agricultural products are kept, stored, handled, or transported. If the director is denied
access, the director may apply to any court of competent jurisdiction for a search warrant authorizing access to
the premises and records. The court may upon the application issue the search warrant for the purposes
requested. The director may also, for the purpose of ((such)) the investigation, issue subpoenas to compel the
