PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.
(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.
(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION C

(2) "Dredge" means a subsurface hose from one and one-half to ten inches in diameter that is powered by an engine and is used to draw up auriferous material that is then separated in the sluice portion of the unit.

(3) "Flume" means a trough used to convey water.

(4) "Mining claim" means a portion of the public lands claimed for the valuable minerals occurring in those lands and for which the mineral rights are obtained under federal law or a right that is recognized by the United States bureau of land management and given an identification number.

(6) "Rocker box" means a unit constructed of a short trough attached to curved supports that allow the unit to be rocked from side to side.

(7) "Sluice box" means a portable unit constructed of a wood or metal flume or trough equipped with transverse riffles across the bottom of the unit and that is used to recover heavy mineral sands.

NEW SECTION. Sec. 2. (1) A person commits the crime of mineral trespass if the person intentionally and without the permission of the claim holder or person conducting the mining operation:

(a) Interferes with a lawful mining operation or stops, or causes to be stopped, a lawful mining operation;

(b) Enters a mining claim posted as required in chapter 78.08 RCW and disturbs, removes, or attempts to remove any mineral from the claim site;

(d) Defaces a location stake, side post, corner post, landmark, monument, or posted written notice within a posted mining claim.

(2) Mineral trespass is a class C felony.

NEW SECTION. Sec. 3. (1) Section 2 of this act does not apply to conduct that would otherwise constitute an offense when it is required or authorized by law or judicial decree or is performed by a public servant in the reasonable exercise of official powers, duties, or functions.
(2) As used in subsection (1) of this section, "laws or judicial decrees" includes but is not limited to:

Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

**SENATE AMENDMENTS TO HOUSE BILL**  
April 15, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1712, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.44.130 and 2002 c 31 s 1 are each amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex
offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile: (a) Who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person’s residence of the person’s intent to attend the institution; (b) who gains employment at a public or private institution of higher education shall, within ten days of accepting employment or by the first business day after commencing work at the institution, whichever is earlier, notify the sheriff for the county of the person’s residence of the person’s employment by the institution; or (c) whose enrollment or employment at a public or private institution of higher education is terminated shall, within ten days of such termination, notify the sheriff for the county of the person’s residence of the person’s termination of enrollment or employment at the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution’s department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3) (a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term “conviction” refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender’s anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997,
must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.
(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person’s new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state’s offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance of the evidence that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of his or her residence if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. For the purpose of RCW 9A.44.130 or any other law that requires a sex offender to register, the county sheriff shall obtain a copy of the order changing the sex offender’s name. The sex offender shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff’s office, and shall occur during normal business hours. The county sheriff’s office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender’s risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section moves to a new county, the person must send written notice within ten days of the change of address in the new county to the sheriff with whom the person last registered. If any person required to register pursuant to this section changes his or her residence address to another county, the person must send written notice to the sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person’s residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person’s residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) “Sex offense” means:

(i) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

Sec. 2. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.
(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender’s registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources (other than state funds), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender’s name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender’s address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s release date. The juvenile court shall provide all law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender’s release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (offender) or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs.

On page 1, line 2 of the title, after "offenders;" strike the remainder of the title and insert "and amending RCW 9A.44.130 and 4.24.550."

SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1788, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. A new section is added to chapter 39.10 RCW to read as follows:

(1) Public bodies may use a job order contract for public works projects when:
(a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;
(b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;
(c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book;
(d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:
(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;
(b) The reasons for using job order contracts;
(c) A description of the qualifications required of the proposer;
(d) The identity of the specific unit price book to be used;
(e) The minimum contracted amount committed to the selected job order contractor;
(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; current, recent, and projected work loads of the proposer; location; and the concept of the proposal;
(g) The form of the contract to be awarded;
(h) The method for pricing renewals of or extensions to the job order contract;
(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and
(j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price books.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body’s decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women’s business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the contract for one year. All extensions or renewals must be priced as
provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.

(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(13) The requirements of RCW 39.10.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for a job order contract must be determined as of the time of the execution of the job order contract and any extension or renewal.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor’s sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district.

(1) The project must receive approval from the school district project review board established under RCW 39.10.115.
The school district project review board may not authorize more than twenty demonstration projects valued over five million dollars, of which only two demonstration projects must be valued between five and ten million dollars.

(here to be signed)

Such notice shall be signed by the person or corporation making the claim or giving the notice, and said notice, after being presented and filed, shall be a public record open to inspection by any person, and in any suit or action brought against such surety or sureties by any such person or corporation to recover for any of the items hereinbefore specified, the claimant shall be entitled to recover in addition to all other costs, attorney’s fees in such sum as the court shall adjudge reasonable: PROVIDED, HOWEVER, That no attorney’s fees shall be allowed in any suit or action brought or instituted before the expiration of thirty days following the date of filing of the notice hereinbefore mentioned: PROVIDED FURTHER, That any city may avail itself of the provisions of RCW 39.08.010 through 39.08.030, notwithstanding any charter provisions in conflict herewith: AND PROVIDED FURTHER, That any city or town may impose any other or further conditions and obligations in such bond as may be deemed necessary for its proper protection in the fulfillment of the terms of the contract secured thereby, and not in conflict herewith.

Sec. 5. RCW 39.30.060 and 2002 c 163 s 2 are each amended to read as follows:

(2) Under the job order contracting procedure described in section 1 of this act, bonds will be in an amount not less than the dollar value of all open work orders.
subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder’s bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor’s burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:
   (a) Refusal of the listed subcontractor to sign a contract with the prime contractor;
   (b) Bankruptcy or insolvency of the listed subcontractor;
   (c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;
   (d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or
   (e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder’s proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under section 1 of this act.

NEW SECTION.  Sec. 6. A new section is added to chapter 39.12 RCW to read as follows:
Job order contracts under section 1 of this act must pay prevailing wages for all work that would otherwise be subject to the requirements of this chapter. Prevailing wages for a job order contract must be determined as of the time the job order contract and any extension or renewal is executed.

Sec. 7. RCW 60.28.011 and 2000 c 185 s 1 are each amended to read as follows:
(1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of:
   (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.
(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.
(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.
   (a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.
   (b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.
(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:
   (a) Retained in a fund by the public body;
   (b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;
   (c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.
(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide
labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW ((39.10.060)) 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or material person who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.020.

Sec. 8. RCW 39.10.902 and 2002 c 46 s 4 are each amended to read as follows:

SECOND SUBSTITUTE HOUSE BILL NO. 1003, as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

April 15, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1113, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 87.80.005 and 1996 c 320 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter."
(1) "Area of jurisdiction" means all lands within the exterior boundary of the composite area served by the irrigation entities that comprise the board of joint control as the boundary is represented on the map filed under RCW 87.80.030.

(2) "Irrigation entity" means an irrigation district or an operating entity for a division within a federal reclamation project. For the purposes of this chapter, a water company, a water users' association, a municipality, a water right owner and user of irrigation water, or any other entity that provides irrigation water as a primary purpose, is an irrigation entity when creating or joining a board of joint control with an irrigation district or operating entity for a division within a federal reclamation project.

(3) "Joint use facilities" means those works, including reservoirs, canals, ditches, natural streams in which the irrigation entity has rights of conveyance under RCW 90.03.030, hydroelectric facilities, pumping stations, drainage works, reserved works as may be transferred by contracts with the United States, and system interties that are determined by the board of joint control to provide common benefit to its members.

(4) "Ownership interest" means the irrigation entity holds water rights in its name for the benefit of itself, its water users or, in federal reclamation projects, the irrigation entity has a contractual responsibility for delivery of water to its individual water users.

(5) "Source of water" means a hydrological distinct river and tributary system or aquifer system from which board of joint control member entities appropriate water.

Sec. 2. RCW 87.80.030 and 1996 c 320 s 4 are each amended to read as follows:

The petition for the creation of a board of joint control shall be addressed to the board of county commissioners, shall describe generally the relationship, if any, of the irrigation entities to an established federal reclamation project, the primary water works of the entities including reservoirs, main canals, hydroelectric facilities, pumping stations, and drainage facilities, giving them their local names, if any they have, and shall show generally the physical relationship of the lands being watered from the water facilities. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named shall by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must propose the formula for board of joint control apportionment of costs among its members, and may propose the composition of the board of joint control as to membership, chair, and voting structure. When a board of joint control includes irrigation entities other than an irrigation district or an operating entity for a division within a federal reclamation project as provided in RCW 87.80.005, the voting structure must be such that the votes apportioned to those entities are less than fifty percent of the total votes.

The petition shall also state generally the reasons for the creation of a board of joint control and any other matter the petitioner deems material, and shall allege that it is in the public interest and to the benefit of all the owners of the lands receiving water within the area of jurisdiction, that the board of joint control be created and request that the board of county commissioners consider the petition and take the necessary steps provided by law for the creation of a board of joint control. The petition shall be accompanied by a map showing the area of jurisdiction and the general location of the water supply and distribution facilities.

Sec. 3. RCW 87.80.130 and 1998 c 84 s 2 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2)(a) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or((e)) transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law.

(b) Prior to undertaking a water conservation or system efficiency improvement project ((which)) will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and, if the board's jurisdiction is within a United States reclamation project, the board must obtain the
approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

(e) A board of joint control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and, if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation. Any change in place of use that results from a transfer of water between the individual entities of the board of joint control shall not result in any reduction in the total water supply available in a federal reclamation project. In making the determination of whether a change of place of use in an area covered by a federal reclamation project will result in a reduction in the total water supply available, the board of joint control shall consult with the bureau of reclamation.

(d) The board of joint control shall notify the department of ecology, and any Indian tribe requesting notice, of transfers of water between the individual entities of the board of joint control. This subsection (2)(d) applies only to a board of joint control created after January 1, 2003.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in any case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

Sec. 4. RCW 9.94A.535 and 2002 c 169 s 1 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence unless it is imposed on an offender sentenced under RCW 9.94A.712. An exceptional sentence imposed on an offender sentenced under RCW 9.94A.712 shall be to a minimum term set by the court and a maximum term equal to the statutory maximum sentence for the offense of conviction under chapter 9A.20 RCW.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4). A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

The following are illustrative factors which the court may consider in the exercise of its discretion to impose an exceptional sentence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(1) Mitigating Circumstances
(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.
(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.
(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.
(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.
(e) The defendant’s capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.
(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.
(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.
(h) The defendant or the defendant’s children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances
(a) The defendant’s conduct during the commission of the current offense manifested deliberate cruelty to the victim.
(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance due to extreme youth, advanced age, disability, or ill health.
(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.
(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:
   (i) The current offense involved multiple victims or multiple incidents per victim;
(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;
(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or
(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:
(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;
(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;
(iii) The current offense involved the manufacture of controlled substances for use by other parties;
(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;
(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or
(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:
(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;
(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or
(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(j) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(k) The offense resulted in the pregnancy of a child victim of rape.

(l) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(n) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

Sec. 5. RCW 9A.82.090 and 2001 c 222 s 13 are each amended to read as follows:

Sec. 6. RCW 9A.82.100 and 2001 c 222 s 14 are each amended to read as follows:
(c) An action for damages filed by or on behalf of an injured person, the state, or the county shall be for the recovery of damages and the costs of the suit, including reasonable investigative and attorney’s fees.

(d) In an action filed to prevent, restrain, or remedy a pattern of criminal profiteering activity, or an offense defined in section 1 of this act, or a violation of RCW 9A.82.060 or 9A.82.080, the court, upon proof of the violation, may impose a civil penalty not exceeding two hundred fifty thousand dollars, in addition to awarding the cost of the suit, including reasonable investigative and attorney’s fees.

(2) The superior court has jurisdiction to prevent, restrain, and remedy a pattern of criminal profiteering, or an offense defined in section 1 of this act, or a violation of RCW 9A.82.060 or 9A.82.080 after making provision for the rights of all innocent persons affected by the violation and after hearing or trial, as appropriate, by issuing appropriate orders.

(3) Prior to a determination of liability, orders issued under subsection (2) of this section may include, but are not limited to, entering restraining orders or prohibitions or taking such other actions, including the acceptance of satisfactory performance bonds, in connection with any property or other interest subject to damages, forfeiture, or other restraints pursuant to this section as the court deems proper. The orders may also include attachment, receivership, or injunctive relief in regard to personal or real property pursuant to Title 7 RCW. In shaping the reach or scope of receivership, attachment, or injunctive relief, the superior court shall provide for the protection of bona fide interests in property, including community property, of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture under RCW 9A.82.100(4)(f).

(4) Following a determination of liability, orders may include, but are not limited to:

(a) Ordering any person to divest himself or herself of any interest, direct or indirect, in any enterprise.

(b) Imposing reasonable restrictions on the future activities or investments of any person, including prohibiting any person from engaging in the same type of endeavor as the enterprise engaged in, the activities of which affect the laws of this state, to the extent the Constitutions of the United States and this state permit.

(c) Ordering dissolution or reorganization of any enterprise.

(d) Ordering the payment of actual damages sustained to those persons injured by a violation of RCW 9A.82.060 or 9A.82.080, or an offense defined in section 1 of this act, or an act of criminal profiteering that is part of a pattern of criminal profiteering, and in the court’s discretion, increasing the payment to an amount not exceeding three times the actual damages sustained.

(e) Ordering the payment of all costs and expenses of the prosecution and investigation of a pattern of criminal profiteering, or an offense defined in section 1 of this act, activity or a violation of RCW 9A.82.060 or 9A.82.080, civil and criminal, incurred by the state or county, including any costs of defense provided at public expense, as appropriate to the state general fund or the antiprofiteering revolving fund of the county.

(f) Ordering forfeiture first as restitution to any person damaged by an act of criminal profiteering that is part of a pattern of criminal profiteering, or by an offense defined in section 1 of this act, then to the state general fund or antiprofiteering revolving fund of the county, as appropriate, to the extent not already ordered to be paid in other damages, of the following:

(i) Any property or other interest acquired or maintained in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds, and any appreciation or income attributable to the investment, from a violation of RCW 9A.82.060 or 9A.82.080.

(ii) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(iii) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in section 1 of this act, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate commission of the offense.

(g) Ordering payment to the state general fund or antiprofiteering revolving fund of the county, as appropriate, of an amount equal to the gain a person has acquired or maintained through an offense included in the definition of criminal profiteering.

(5) In addition to or in lieu of an action under this section, the attorney general or county prosecuting attorney may file an action for forfeiture to the state general fund or antiprofiteering revolving fund of the county, as appropriate, to the extent not already ordered paid pursuant to this section, of the following:

(a) Any interest acquired or maintained by a person in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds obtained from a violation of RCW 9A.82.060 or 9A.82.080 and any appreciation or income attributable to the investment.

(b) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(c) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in section 1 of this act, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate the commission of the offense.
(6) A defendant convicted in any criminal proceeding is precluded in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that appellate review of the conviction and sentence has been or may be sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(7) The initiation of civil proceedings under this section shall be commenced within three years after discovery of the pattern of criminal profiteering activity or after the pattern should reasonably have been discovered or, in the case of an offense that is defined in section 1 of this act, within three years after the final disposition of any criminal charges relating to the offense, whichever is later.

(8) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. A copy of that certificate shall be furnished immediately by the clerk to the presiding chief judge of the superior court in which the action is pending and, upon receipt of the copy, the judge shall immediately designate a judge to hear and determine the action. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(9) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test.

(10) A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person’s attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general’s opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general’s right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A private civil action under this section does not limit any other civil or criminal action under this chapter or any other provision. Private civil remedies provided under this section are supplemental and not mutually exclusive.

(14) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney’s fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant’s sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.

(15) In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial.

Sec. 7. RCW 9A.82.120 and 2001 c 222 s 16 are each amended to read as follows:

(1) The state, upon filing a criminal action under RCW 9A.82.060 or 9A.82.080 or for an offense defined in section 1 of this act, or a civil action under RCW 9A.82.100, may file in accordance with this section a criminal profiteering lien. A filing fee or other charge is not required for filing a criminal profiteering lien.

(2) A criminal profiteering lien shall be signed by the attorney general or the county prosecuting attorney representing the state in the action and shall set forth the following information:

(a) The name of the defendant whose property or other interests are to be subject to the lien;

(b) In the discretion of the attorney general or county prosecuting attorney filing the lien, any aliases or fictitious names of the defendant named in the lien;

(c) If known to the attorney general or county prosecuting attorney filing the lien, the present residence or principal place of business of the person named in the lien;

(d) A reference to the proceeding pursuant to which the lien is filed, including the name of the court, the title of the action, and the court’s file number for the proceeding;

(e) The name and address of the attorney representing the state in the proceeding pursuant to which the lien is filed;
(f) A statement that the notice is being filed pursuant to this section;

(g) The amount that the state claims in the action or, with respect to property or other interests that the state has requested forfeiture to the state or county, a description of the property or interests sought to be paid or forfeited;

(h) If known to the attorney general or county prosecuting attorney filing the lien, a description of property that is subject to forfeiture to the state or property in which the defendant has an interest that is available to satisfy a judgment entered in favor of the state; and

(i) Such other information as the attorney general or county prosecuting attorney filing the lien deems appropriate.

(3) The attorney general or the county prosecuting attorney filing the lien may amend a lien filed under this section at any time by filing an amended criminal profiteering lien in accordance with this section that identifies the prior lien amended.

(4) The attorney general or the county prosecuting attorney filing the lien shall, as soon as practical after filing a criminal profiteering lien, furnish to any person named in the lien a notice of the filing of the lien. Failure to furnish notice under this subsection does not invalidate or otherwise affect a criminal profiteering lien filed in accordance with this section.

(5)(a) A criminal profiteering lien is perfected against interests in personal property in the same manner as a security interest in like property pursuant to RCW (62A.9.302, 62A.9.303, 62A.9.304, 62A.9.305, and 62A.9.306) 62A.9A.301 through 62A.9A.316 or as otherwise required to perfect a security interest in like property under applicable law. In the case of perfection by filing, the state shall file, in lieu of a financing statement in the form prescribed by RCW (62A.9.402) 62A.9A.502, a notice of lien in substantially the following form:

NOTICE OF LIEN

Pursuant to RCW 9A.82.120, the state of Washington claims a criminal profiteering lien on all real and personal property of:

Name:

Address:

State of Washington

By (authorized signature)

On receipt of such a notice from the state, a filing officer shall, without payment of filing fee, file and index the notice as if it were a financing statement naming the state as secured party and the defendant as debtor.
A criminal profiteering lien is perfected against interests in real property by filing the lien in the office where a mortgage on the real estate would be filed or recorded. The filing officer shall file and index the criminal profiteering lien, without payment of a filing fee, in the same manner as a mortgage.

The filing of a criminal profiteering lien in accordance with this section creates a lien in favor of the state in:

(a) Any interest of the defendant, in real property situated in the county in which the lien is filed, then maintained, or thereafter acquired in the name of the defendant identified in the lien;
(b) Any interest of the defendant, in personal property situated in this state, then maintained or thereafter acquired in the name of the defendant identified in the lien; and
(c) Any property identified in the lien to the extent of the defendant’s interest therein.

The lien created in favor of the state in accordance with this section, when filed or otherwise perfected as provided in subsection (5) of this section, has, with respect to any of the property described in subsection (6) of this section, the same priority determined pursuant to the laws of this state as a mortgage or security interest given for value (but not a purchase money security interest) and perfected in the same manner with respect to such property; except that any lien perfected pursuant to Title 60 RCW by any person who, in the ordinary course of his or her business, furnishes labor, services, or materials, or rents, leases, or otherwise supplies equipment, without knowledge of the criminal profiteering lien, is superior to the criminal profiteering lien.

Upon entry of judgment in favor of the state, the state may proceed to execute thereon as in the case of any other judgment, except that in order to preserve the state’s lien priority as provided in this section the state shall, in addition to such other notice as is required by law, give at least thirty days’ notice of the execution to any person possessing at the time the notice is given, an interest recorded subsequent to the date the state’s lien was perfected.

Upon the entry of a final judgment in favor of the state providing for forfeiture of property to the state, the title of the state to the property:

(a) In the case of real property or a beneficial interest in real property, relates back to the date of filing the criminal profiteering lien or, if no criminal profiteering lien is filed, then to the date of recording of the final judgment or the abstract thereof; or
(b) In the case of personal property or a beneficial interest in personal property, relates back to the date the personal property was seized by the state, or the date of filing of a criminal profiteering lien in accordance with this section, whichever is earlier, but if the property was not seized and no criminal profiteering lien was filed then to the date the final judgment was filed with the department of licensing and, if the personal property is an aircraft, with the federal aviation administration.

This section does not limit the right of the state to obtain any order or injunction, receivership, writ, attachment, garnishment, or other remedy authorized under RCW 9A.82.100 or appropriate to protect the interests of the state or available under other applicable law.

In a civil or criminal action under this chapter, the superior court shall provide for the protection of bona fide interests in property, including community property, subject to liens of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture pursuant to RCW 9A.82.100(4)(f).

NEW SECTION. Sec. 8. Section 2 of this act expires July 1, 2004.

NEW SECTION. Sec. 9. Section 3 of this act takes effect July 1, 2004."

**SENATE AMENDMENTS TO HOUSE BILL**

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1442, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. A new section is added to chapter 64.36 RCW to read as follows:

(1) An effective registration pursuant to this chapter is required for any party to offer to sell a timeshare interest. A promoter who offers to sell or sells revocable timeshare interests in incomplete projects or facilities is limited by and must comply with all of the requirements of RCW 64.36.025. If a promoter seeks to enter into irrevocable purchase agreements with purchasers for timeshare interests in incomplete projects or facilities, the promoter must meet the requirements in this section in addition to RCW 64.36.020 and the following limitations and conditions apply:

(a) The promoter is limited to offering or selling only fee simple deeded timeshare interests;
(b) Construction on the project must have begun by the time the irrevocable purchase agreement is signed and the purchaser must have the right to occupy the unit and use all contracted for amenities no later than within two years of the date that the irrevocable purchase agreement is signed;
(c) The promoter must establish an independent third-party escrow account for the purpose of protecting the funds or other property paid, pledged, or deposited by purchasers;
(d) The promoter’s solicitations, advertisements, and promotional materials must clearly and conspicuously disclose that “THE PROJECT IS NOT YET COMPLETED; IT IS STILL UNDER CONSTRUCTION”; and
(e) The promoter’s solicitations, advertisements, and promotional materials and the timeshare interest purchase agreement must clearly and conspicuously provide for and disclose the last possible estimated date for completion of construction of any building the promoter is contractually obligated to the purchaser to complete.

(2) The timeshare interest purchase agreement must contain the following language in fourteen-point bold face type: "If the building in which the timeshare interest is located and all contracted for amenities are not completed by [estimated date of completion], the purchaser has the right to void the purchase agreement and is entitled to a full, unqualified refund of all moneys paid."

(3) One hundred percent of all funds or other property that is received from or on behalf of purchasers of timeshare interests prior to the occurrence of events required in this section must be deposited pursuant to a third-party escrow agreement approved by the director. For purposes of this section, "purchasers" includes all persons solicited, offered, or who purchased a timeshare interest by a promoter within the state of Washington. An escrow agent shall maintain the account only in such a manner as to be under the direct supervision and control of the escrow agent. The escrow agent has a fiduciary duty to each purchaser to maintain the escrow accounts in
accordance with good accounting practices and to release the purchaser's funds or other property from escrow only in accordance with this chapter. If the escrow agent receives conflicting demands for funds or property held in escrow, the escrow agent shall immediately notify the department of licensing of the dispute and the department shall determine if and how the funds should be distributed. If the purchaser, promoter, or escrow agent disagrees with the department's determination, the parties have the right to request an administrative hearing under chapter 34.05 RCW. Funds may be released from the escrow account to the purchaser if the purchaser cancels the timeshare purchase agreement or if the following conditions occur:

(a) The purchaser's cancellation period has expired;
(b) Closing has occurred; and
(c) Construction is complete and the building is ready to occupy.

(4) In lieu of depositing purchaser funds into an escrow account, the promoter may post with the department a bond in an amount equal to or greater than the amount that would otherwise be required to be placed into the escrow account.

(5) Any purchaser has the right to void the timeshare purchase agreement and request a full, unqualified refund if construction of the building in which the timeshare interest is located or all contracted for amenities are not completed within two years from the date that the irrevocable purchase agreement is signed or by the last estimated date of construction contained in the irrevocable purchase agreement, whichever is earlier.

(6) If the completed timeshare building or contracted for amenities are materially and adversely different from the building or amenities that were promised to purchasers at the time that the purchase agreements were signed, the director may declare any or all of the purchaser contracts void. Before declaring the contracts void, the director shall give the promoter the opportunity for a hearing in accordance with chapters 34.05 and 18.235 RCW.

(7) If the promoter intends to or does pledge or borrow against funds or properties, that are held in escrow or protected by a bond, to help finance in whole or in part the construction of the timeshare project or to help pay for operating costs, this must be fully, plainly, and conspicuously disclosed in all written advertising, in all written solicitations for the sale of the timeshare interests, in the registration with the director, and in the purchase agreement or contract.

(8) A promoter who obtains an effective registration for a revocable timeshare interest reservation must meet the requirements of this section in order to complete an irrevocable purchase agreement.

On page 1, line 1 of the title, after "timeshares;" strike the remainder of the title and insert "and adding a new section to chapter 64.36 RCW." and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1509, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that Washington's innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The legislature also finds that developing an effective economic development strategy for the state and operating effective economic development programs, including work force training, small business assistance, technology transfer, and export assistance, are vital to the state's efforts to encourage employment growth, increase state revenues, and generate economic well-being. In addition, the legislature finds that there is a need for responsive and consistent involvement of the private sector in the state's economic development efforts. It is the intent of the legislature to create an economic development commission that will develop and update the state's economic development strategy and performance measures and provide advice to and oversight of the department of community, trade, and economic development.

NEW SECTION. Sec. 2. (1) The Washington state economic development commission is established to oversee the economic development strategies and policies of the department of community, trade, and economic development.

(2)(a) The Washington state economic development commission shall consist of at least seven and no more than nine members appointed by the governor.

(b) In making the appointments, the governor shall consult with organizations that have an interest in economic development, including, but not limited to, industry associations, labor organizations, minority business associations, economic development councils, chambers of commerce, port associations, tribes, and the chairs of the legislative committees with jurisdiction over economic development.

(c) The members shall be representative of the geographic regions of the state, including eastern and central Washington, as well as represent the ethnic diversity of the state. Representation shall derive primarily from the private sector, including, but not limited to, existing and emerging industries, small businesses, women-owned businesses, and minority-owned businesses, but other sectors of the economy that have experience in economic development, including labor organizations and nonprofit organizations, shall be represented as well. A minimum of seventy-five percent of the members shall represent the private sector. Members of the commission shall serve statewide interests while preserving their diverse perspectives, and shall be recognized leaders in their fields with demonstrated experience in disciplines related to economic development.

(3) Members appointed by the governor shall serve at the pleasure of the governor for three-year terms, except that through June 30, 2004, members currently serving on the economic development commission created by executive order may continue to serve at the pleasure of the governor. Of the initial members appointed to
serve after June 30, 2004, two members shall serve one-year terms, three members shall serve two-year terms, and the remainder of the commission members shall serve three-year terms.

(4) The commission chair shall be selected from among the appointed members by the majority vote of the members.

(5) The commission may establish committees as it desires, and may invite nonmembers of the commission to serve as committee members.

(6) The commission may adopt rules for its own governance.

NEW SECTION. Sec. 3. The Washington state economic development commission shall perform the following duties:

(1) Review and periodically update the state’s economic development strategy, including implementation steps, and performance measures, and perform an annual evaluation of the strategy and the effectiveness of the state’s laws, policies, and programs which target economic development;

(2) Provide policy, strategic, and programmatic direction to the department of community, trade, and economic development regarding strategies to:

(a) Promote business retention, expansion, and creation within the state;

(b) Promote the business climate of the state and stimulate increased national and international investment in the state;

(c) Promote products and services of the state;

(d) Enhance relationships and cooperation between local governments, economic development councils, federal agencies, state agencies, and the legislature;

(e) Integrate economic development programs, including workforce training, technology transfer, and export assistance; and

(f) Make the funds available for economic development purposes more flexible to meet emergent needs and maximize opportunities;

(3) Identify policies and programs to assist Washington’s small businesses;

(4) Assist the department of community, trade, and economic development with procurement and deployment of private funds for business development, retention, expansion, and recruitment as well as other economic development efforts;

(5) Meet with the chairs and ranking minority members of the legislative committees from both the house of representatives and the senate overseeing economic development policies; and

(6) Make a biennial report to the appropriate committees of the legislature regarding the commission’s review of the state’s economic development policy, the commission’s recommendations, and steps taken by the department of community, trade, and economic development to implement the recommendations. The first report is due by December 31, 2004.

NEW SECTION. Sec. 4. (1) The Washington state economic development commission shall receive the necessary staff support from the staff resources of the governor, the department of community, trade, and economic development, and other state agencies as appropriate, and within existing resources and operations.

(2) Creation of the Washington state economic development commission shall not be construed to modify any authority or budgetary responsibility of the governor or the department of community, trade, and economic development.

Sec. 5. RCW 43.330.040 and 1993 c 280 s 6 are each amended to read as follows:

(1) The director shall supervise and administer the activities of the department and shall advise the governor and the legislature with respect to community and economic development matters affecting the state.

(2) In addition to other powers and duties granted to the director, the director shall have the following powers and duties:

(f) Prepare and submit budgets for the department for executive and legislative action;

(g) Submit recommendations for legislative actions as are deemed necessary to further the purposes of this chapter;

(h) Adopt rules in accordance with chapter 34.05 RCW and perform all other functions necessary and proper to carry out the purposes of this chapter;
Delegate powers, duties, and functions as the director deems necessary for efficient administration, but the director shall be responsible for the official acts of the officers and employees of the department; and

Perform other duties as are necessary and consistent with law.

When federal or other funds are received by the department, they shall be promptly transferred to the state treasurer and thereafter expended only upon the approval of the director.

The director may request information and assistance from all other agencies, departments, and officials of the state, and may reimburse such agencies, departments, or officials if such a request imposes any additional expenses upon any such agency, department, or official.

The director shall, in carrying out the responsibilities of office, consult with governmental officials, private groups, and individuals and with officials of other states. All state agencies and their officials and the officials of any political subdivision of the state shall cooperate with and give such assistance to the department, including the submission of requested information, to allow the department to carry out its purposes under this chapter.

The director may establish additional advisory or coordinating groups with the legislature, within state government, with state and other governmental units, with the private sector and nonprofit entities or in specialized subject areas as may be necessary to carry out the purposes of this chapter.

The internal affairs of the department shall be under the control of the director in order that the director may manage the department in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the director shall have complete charge and supervisory powers over the department. The director may create such administrative structures as the director deems appropriate, except as otherwise specified by law, and the director may employ such personnel as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

NEW SECTION Sec. 6. Sections 1 through 4 of this act constitute a new chapter in Title 43 RCW."

On page 1, line 3 of the title, after "council:" strike the remainder of the title and insert "amending RCW 43.330.040; and adding a new chapter to Title 43 RCW."

and the same is herewith transmitted.

Yeas - 98, Nays - 0, Absent - 0, Excused - 0.

SUBSTITUTE HOUSE BILL NO. 1634, as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1640, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.42.005 and 1991 c 347 s 1 are each amended to read as follows:

(1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, particularly during the summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, issuance of new water rights, voluntary water transfers, and conservation and water use efficiency programs, including storage, ((should be the preferred)) all are acceptable methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water
required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies; (and)

(c) The interests of the state and its citizens will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state’s waters in order to resolve conflicts and to better satisfy both present and future needs for water; and

(d) Water banking as a function of the trust water program and as authorized by this chapter can provide an effective means to facilitate the voluntary transfer of water rights established through conservation, purchase, lease, or donation, to preserve water rights and provide water for presently unmet and future needs; and to achieve a variety of water resource management objectives throughout the state, including drought response, improving streamflows on a voluntary basis, providing water mitigation, or reserving water supply for future uses.

NEW SECTION. Sec. 2. A new section is added to chapter 90.42 RCW to read as follows:

(1) The department is hereby authorized to use the trust water rights program in the Yakima river basin for water banking purposes.

(2) Water banking may be used for one or more of the following purposes:

(a) To authorize the use of trust water rights to mitigate for water resource impacts, future water supply needs, or any beneficial use under chapter 90.03, 90.44, or 90.54 RCW, consistent with any terms and conditions established by the transferor, except that return flows from water rights authorized in whole or in part for any purpose shall remain available as part of the Yakima basin’s total water supply available and to satisfy existing rights for other downstream uses and users;

(b) To document transfers of water rights to and from the trust water rights program; and

(c) To provide a source of water rights the department can make available to third parties on a temporary or permanent basis for any beneficial use under chapter 90.03, 90.44, or 90.54 RCW.

(3) The department shall not use water banking to:

(a) Cause detriment or injury to existing rights;

(b) Issue temporary water rights or portions thereof for new potable uses requiring an adequate and reliable water supply under RCW 19.27.097;

(c) Administer federal project water rights, including federal storage rights; or

(d) Allow carryover of stored water from one water year to another water year.

(4) For purposes of this section and section 6 of this act, "total water supply available" shall be defined as provided in the 1945 consent decree between the United States and water users in the Yakima river basin, and consistent with later interpretation by state and federal courts.

NEW SECTION. Sec. 3. A new section is added to chapter 90.42 RCW to read as follows:

(1) The department, with the consent of the water right holder, may identify trust water rights for administration for water banking purposes, including trust water rights established before the effective date of this section.

(2) An application to transfer a water right to the trust water program shall be reviewed under RCW 90.03.380 at the time the water right is transferred to the trust water program for administration for water banking purposes, and notice of the application shall be published by the applicant as provided under RCW 90.03.280. The application must indicate the reach or reaches of the stream where the trust water right will be established before the transfer of the water right or portion thereof from the trust water program, and identify reasonably foreseeable future temporary or permanent beneficial uses for which the water right or portion thereof may be used by a third party upon transfer from the trust water right program. In the event the future place of use, period of use, or other elements of the water right are not specifically identified at the time of the transfer into the trust water program, another review under RCW 90.03.380 will be necessary at the time of a proposed transfer from the trust water program.

NEW SECTION. Sec. 4. A new section is added to chapter 90.42 RCW to read as follows:

(1) The department shall transfer a water right or portion thereof being administered for water banking purposes from the trust water program to a third party upon occurrence of all of the following:

(a) The department receives a request for transfer of a water right or portion thereof currently administered by the department for water banking purposes;

(b) The request is consistent with any previous review under RCW 90.03.380 of the water right and future temporary or permanent beneficial uses;

(c) The request is consistent with any condition, limitation, or agreement affecting the water right, including but not limited to any trust water right transfer agreement executed at the time the water right was transferred to the trust water rights program; and
(d) The request is accompanied by and is consistent with an assignment of interest or portion thereof from a person or entity retaining an interest in the trust water right or portion thereof to the party requesting transfer of the water right or portion thereof.

(2) The priority date of the water right or portion thereof transferred by the department from the trust water program for water banking purposes shall be the priority date of the underlying water right.

(3) The department shall issue documentation for that water right or portion thereof to the new water right holder based on the requirements applicable to the transfer of other water rights from the trust water rights program. Such documentation shall include a description of the property to which the water right will be appurtenant after the water right or portion thereof is transferred from the trust water program to a third party.

(4) The department’s decision on the transfer of a water right or portion thereof from the trust water program for water banking purposes may be appealed to the pollution control hearings board under RCW 43.21B.230, or to a superior court conducting a general adjudication under RCW 90.03.210.

NEW SECTION. Sec. 5. A new section is added to chapter 90.42 RCW to read as follows:

(1) The department shall seek input from agricultural organizations, federal agencies, tribal governments, local governments, watershed groups, conservation groups, and developers on water banking, including water banking procedures and identification of areas in Washington state where water banking could assist in providing water supplies for instream and out-of-stream uses. The department shall summarize any comments received on water banking and submit a report, including any recommendations, to the appropriate committees of the legislature for their consideration in the subsequent legislative session.

(2) By December 31st of every even-numbered year, the department shall submit a report to the appropriate committees of the legislature on water banking activities authorized under section 2 of this act. The report shall:

(a) Evaluate the effectiveness of water banking in meeting the policies and objectives of this chapter;

(b) Describe any statutory, regulatory, or other impediments to water banking in other areas of the state; and

(c) Identify other basins or regions that may benefit from authorization for the department to use the trust water program for water banking purposes.

NEW SECTION. Sec. 6. A new section is added to chapter 90.42 RCW to read as follows:

Nothing in this act shall:

(1) Cause detriment or injury to existing rights or to the operation of the federal Yakima project to provide water for irrigation purposes, existing water supply contracts, or existing water rights;

(2) Diminish in any way existing rights or the total water supply available for irrigation and other purposes in the Yakima basin;

(3) Affect or modify the authority of a court conducting a general adjudication pursuant to RCW 90.03.210; or

(4) Affect or modify the rights of any person or entity under a water rights adjudication or under any order of the court conducting a water rights adjudication.

NEW SECTION. Sec. 7. Nothing in this act may be construed to:

(1) Affect or modify any treaty or other federal rights of an Indian tribe, or the rights of any federal agency or other person or entity arising under state or federal law;

(2) Affect or modify the rights or jurisdictions of the United States, the state of Washington, the Yakama Nation, or other person or entity over waters of any river or stream or over any ground water resource;

(3) Alter, amend, repeal, interpret, modify, or be in conflict with any interstate compact made by the states;

(4) Affect, establish, or impair the respective rights of states, the United States, the Yakama Nation, or any other person or entity with respect to any water or water-related right;

(5) Alter, diminish, or abridge the rights and obligations of any federal, state, or local agency, the Yakama Nation, or other person or entity;

(6) Affect or modify the rights of the Yakama Indian Nation or its successors in interest to, and management and regulation of, those water resources arising or used, within the external boundaries of the Yakama Indian Reservation;

(7) Affect or modify the settlement agreement between the United States and the state of Washington filed in Yakima county superior court with regard to federal reserved water rights other than those rights reserved by the United States for the benefit of the Yakama Indian Nation and its members; or

(8) Affect or modify the rights of any federal, state, or local agency, the Yakama Nation, or any other person or entity, public or private, with respect to any unresolved and unsettled claims in any water right adjudications, or court decisions, including State v. Acquavella, or constitute evidence in any such proceeding in which any water or water-related right is adjudicated.
NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 90.42.005; adding new sections to chapter 90.42 RCW; creating a new section; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1734, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The intent of the adoption of the International Building Code by the legislature is to remain consistent with state laws regulating construction, including electrical, plumbing, and
energy codes established in chapters 19.27, 19.27A, and 19.28 RCW. The International Building Code references the International Residential Code for provisions related to the construction of single and multiple-family dwellings. No portion of the International Residential Code shall supersede or take precedence over provisions in chapter 19.28 RCW, regulating the electrical code; nor provisions in RCW 19.27.031(4), regulating the plumbing code; nor provisions in chapter 19.27A RCW, regulating the energy code.

(2) It is in the state's interest and consistent with the state building code act to have in effect provisions regulating the construction of single and multiple-family residences. It is the legislative intent that the state building code council adopt the International Residential Code through rule making granted in RCW 19.27.074, consistent with state law regulating construction for electrical, plumbing, and energy codes, and other state and federal laws regulating single and multiple-family construction.

(3) In accordance with RCW 19.27.020, the state building code council shall promote fire and life safety in buildings consistent with accepted standards. In adopting the codes for the state of Washington, the state building code council shall consider provisions related to fire fighter safety published by nationally recognized organizations. The state building code council shall review all nationally recognized codes as set forth in RCW 19.27.074.

(4) The legislature finds that building codes are an integral component of affordable housing. In accordance with this finding, the state building code council shall consider and review building code provisions related to improving affordable housing.

Sec. 2. RCW 19.27.031 and 1995 c 343 s 1 are each amended to read as follows: Except as otherwise provided in this chapter, there shall be in effect in all counties and cities the state building code which shall consist of the following codes which are hereby adopted by reference:

(b) The International Residential Code, published by the International Code Council, Inc.;

(2) (Uniform) The International Mechanical Code, (including Chapter 13, Fuel Gas Piping, Appendix B), published by the International ((Conference of Building Officials)) Code Council Inc., except that the standards for liquified petroleum gas installations shall be NFPA 58 (Storage and Handling of Liquefied Petroleum Gases) and ANSI Z223.1/NFPA 54 (National Fuel Gas Code);

(3) The (Uniform) International Fire Code ((and Uniform Fire Code Standards)), published by the International ((Fire Code Institute)) Code Council Inc., including those standards of the National Fire Protection Association specifically referenced in the International Fire Code: PROVIDED, That, notwithstanding any wording in this code, participants in religious ceremonies shall not be precluded from carrying hand-held candles;

(4) Except as provided in RCW 19.27.170, the Uniform Plumbing Code and Uniform Plumbing Code Standards, published by the International Association of Plumbing and Mechanical Officials: PROVIDED, That ((chapters 11 and 12)) any provisions of such code affecting sewers or fuel gas piping are not adopted; and

(5) The rules ((and regulations)) adopted by the council establishing standards for making buildings and facilities accessible to and usable by the physically ((handicapped)) disabled or elderly persons as provided in RCW 70.92.100 through 70.92.160.

In case of conflict among the codes enumerated in subsections (1), (2), (3), and (4) of this section, the first named code shall govern over those following.

The codes enumerated in this section shall be adopted by the council as provided in RCW 19.27.074. The council shall solicit input from first responders to ensure that fire fighter safety issues are addressed during the code adoption process.

The council may issue opinions relating to the codes at the request of a local official charged with the duty to enforce the enumerated codes.

Sec. 3. RCW 19.27.080 and 1990 c 33 s 555 are each amended to read as follows:

Nothing in this chapter affects the provisions of chapters 19.27A, 19.28, 43.22, 70.77, 70.79, 70.87, 48.48, 18.20, 18.46, 18.51, 28A.305, 70.41, 70.62, 70.75, 70.108, 71.12, 74.15, 70.94, 76.04, 90.76 RCW, or RCW 28A.195.010, or grants rights to duplicate the authorities provided under chapters 70.94 or 76.04 RCW.

Sec. 4. RCW 19.27.110 and 1975 2nd ex.s. c 37 s 1 are each amended to read as follows:

Each county government shall administer and enforce the (Uniform) International Fire Code in the unincorporated areas of the county: PROVIDED, That any political subdivision or municipal corporation providing fire protection pursuant to RCW 14.08.120 shall, at its sole option, be responsible for administration and enforcement of the (Uniform) International Fire Code on its facility. Any fire protection district or political subdivision may, pursuant to chapter 39.34 RCW, the interlocal cooperation act, assume all or a portion of the administering responsibility and coordinate and cooperate with the county government in the enforcement of the (Uniform) International Fire Code.

It is not the intent of RCW 19.27.110 and 19.27.111 to preclude or limit the authority of any city, town, county, fire protection district, state agency, or political subdivision from engaging in those fire prevention activities with which they are charged.
It is not the intent of the legislature by adopting the state building code or RCW 19.27.110 and 19.27.111 to grant counties any more power to suppress or extinguish fires than counties currently possess under the Constitution or other statutes.

Each county is authorized to impose fees sufficient to pay the cost of inspections, administration, and enforcement pursuant to RCW 19.27.110 and 19.27.111.”

(3) The department shall conduct such inspections of the activities permitted under this section as are reasonably necessary to ensure compliance with permit requirements.

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1755, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of a county, city, or town planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any city or town within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the city or town urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing city or town or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city or town, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city or town and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 2 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 2. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 1 of this act if:

(a) The county legislative body initiated an annexation process as provided in section 1 of this act; and

(b) The affected city or town legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 1 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the
county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 1(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.14 RCW to read as follows:

(1) The legislative body of a county or code city planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any code city within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the code city urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing code city or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 4 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of
general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.14 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 3 of this act if:
   (a) The county legislative body initiated an annexation process as provided in section 3 of this act; and
   (b) The affected city legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or
   (c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 3 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 3(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35A.14.070 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35A.14.070. In addition to the provisions of RCW 35A.14.070, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

Sec. 5. RCW 36.70A.110 and 1997 c 429 s 24 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only
if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

On page 1, line 2 of the title, after "territory;" strike the remainder of the title and insert "amending RCW 36.70A.110; adding new sections to chapter 35.13 RCW; and adding new sections to chapter 35A.14 RCW." and the same is herewith transmitted.

3) ((Property owned by humane societies in this state in actual use by such societies)) The use of property exempt under subsection (1)(a) or (b) of this section by entities not eligible for a property tax exemption under this chapter, except as provided in this section, nullifies the exemption otherwise available for the property for the assessment year. This property need not be irrevocably dedicated if it is leased or rented to those qualified for exemption under this chapter or RCW 84.36.560 for leased property, but only if under the terms of the lease or rental agreement the nonprofit organization, association, or corporation receives the benefit of the exemption.

(4) The facilities and services must be available to all regardless of race, color, national origin or ancestry.

(5) The organization, association, or corporation must be duly licensed or certified where such licensing or certification is required by law or regulation.

(6) Property sold to organizations, associations, or corporations with an option to be repurchased by the seller shall not qualify for exempt status. This subsection does not apply to property sold to a nonprofit entity, as defined in RCW 84.36.800(7), by:

(7) The department shall have access to its books in order to determine whether the nonprofit organization, association, or corporation is exempt from taxes under this chapter (RCW 84.36.560).

(8) This section does not apply to exemptions granted under RCW 84.36.020, 84.36.032, 84.36.250, and 84.36.260.

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2073, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 40.14.070 and 1999 c 326 s 2 are each amended to read as follows:
(1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division. The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention,
preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency’s retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.17.020 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:
(a) The records are seventy years old or more;
(b) The local records committee has approved the destruction of the public records; and
(c) The state archivist has determined that the public records have no historic interest.

On page 1, line 1 of the title, after "records;" strike the remainder of the title and insert "and amending RCW 40.14.070."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 11, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2111, with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that ten years have passed since the state attempted to redefine the relationship with its institutions of higher education based on trust, evidence, and a new alignment of responsibilities, as articulated in chapter 363, Laws of 1993.
(2) However, the legislature also finds that the intent to combine institutional flexibility and authority to make decisions at the local level with accountability for achieving statewide goals and objectives has never been fully achieved, in part because there has not been an operating mechanism through which to implement this relationship.
(3) Therefore, the legislature intends to explore opportunities to create performance contracts between the state and public institutions of higher education. It is the intent of the legislature that such a contract would constitute a negotiated agreement between the state and an institution, where the state’s primary interest would lie not in the management and operations of an institution, but in the institution’s contribution to achieving agreed-upon statewide goals and objectives for higher education.

NEW SECTION. Sec. 2. (1) A work group on higher education performance contracts is established. The work group shall consist of members as follows:
   (a) The members of the house and senate higher education and fiscal committees;
   (b) One representative of the higher education coordinating board, appointed by the board;
   (c) One representative of the state board for community and technical colleges, appointed by the state board;
   (d) Two representatives of public four-year institutions of higher education, appointed by the council of presidents;
   (e) Two representatives of the community and technical colleges, appointed by the Washington association of community and technical colleges; and
   (f) One representative of the governor’s office and one representative of the office of financial management, each appointed by the governor.
(2) The work group may invite input from other interested parties, including but not limited to faculty and student representatives and representatives of the business community. Within available funds, the work group may obtain additional expertise or engage consultants if necessary to carry out its work.
(3) The work group shall:
   (a) Examine the experience of other states in developing and implementing performance contracts with institutions of higher education;
   (b) Consider the feasibility of implementing performance contracts in Washington;
   (c) Identify whether amendments to current laws may be necessary to implement performance contracts; and
   (d) Develop guidelines and possible models for performance contracts, including:
      (i) The types of indicators and benchmarks that could be included in a contract to measure an institution’s progress in meeting the contract’s objectives; and
      (ii) The types of flexibility, exemptions, or commitments that could be included in a contract to reflect the state’s obligation to an institution.
(4) The work group shall use legislative facilities and staff from senate committee services and the office of program research. Each nonlegislative member of the work group shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Travel expenses for the nonlegislative members shall be paid by their respective institutions or agencies.
(5) The work group shall report its findings and recommendations to the higher education and fiscal committees of the legislature by December 15, 2003.

NEW SECTION. Sec. 3. This act expires June 30, 2004."

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 8, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2111, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 66.24.240 and 2000 c 142 s 2 are each amended to read as follows:

(2) Any domestic brewery, except for a brand owner of malt beverages under RCW 66.04.010(5), licensed under this section may also act as a distributor and/or retailer for beer of its own production. Any domestic brewery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers.

(3) Any domestic brewery licensed under this section may contract-produce beer for a brand owner of malt beverages defined under RCW 66.04.010(5), and this contract-production is not a sale for the purposes of RCW 66.28.170 and 66.28.180.

(a) A domestic brewery licensed under this section and qualified for a reduced rate of taxation pursuant to RCW 66.24.290(3)(b) may apply to the board for an endorsement to sell bottled beer of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars.

(b) For each month during which a domestic brewery will sell beer at a qualifying farmers market, the domestic brewery must provide the board or its designee a list of the dates, times, and locations at which bottled beer may be offered for sale. This list must be received by the board before the domestic brewery may offer beer for sale at a qualifying farmers market.

(c) The beer sold at qualifying farmers markets must be produced in Washington.

(d) Each approved location in a qualifying farmers market is deemed to be part of the domestic brewery license for the purpose of this title. The approved locations under an endorsement granted under this subsection do not include the tasting or sampling privilege of a domestic brewery. The domestic brewery may not store beer at a farmers market beyond the hours that the domestic brewery offers bottled beer for sale. The domestic brewery may not act as a distributor from a farmers market location."
(e) Before a domestic brewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any domestic brewery with an endorsement approved under this subsection to sell bottled beer at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved domestic brewery may sell bottled beer; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled beer may be sold. Before authorizing a qualifying farmers market to allow an approved domestic brewery to sell bottled beer at retail at its farmers market location, the board shall notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (4)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state’s county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state’s county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

Sec. 2. RCW 66.24.244 and 1998 c 126 s 3 are each amended to read as follows:

(1) There shall be a license for microbreweries; fee to be one hundred dollars for production of less than sixty thousand barrels of malt liquor per year.

(2) Any microbrewery license under this section may also act as a distributor and/or retailer for beer of its own production. Any microbrewery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers.

(3) The board may issue an endorsement to this license allowing for on-premises consumption of beer, wine, or both of other manufacture if purchased from a Washington state-licensed distributor. Each endorsement shall cost two hundred dollars per year, or four hundred dollars per year allowing the sale and service of both beer and wine.

(4) The microbrewer obtaining such endorsement must determine, at the time the endorsement is issued, whether the licensed premises will be operated either as a tavern with persons under twenty-one years of age not allowed as provided for in RCW 66.24.330, or as a beer and/or wine restaurant as described in RCW 66.24.320.

(5)(a) A microbrewery licensed under this section may apply to the board for an endorsement to sell bottled beer of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars.

(b) For each month during which a microbrewery will sell beer at a qualifying farmers market, the microbrewery must provide the board or its designee a list of the dates, times, and locations at which bottled beer may be offered for sale. This list must be received by the board before the microbrewery may offer beer for sale at a qualifying farmers market.

(c) The beer sold at qualifying farmers markets must be produced in Washington.

(d) Each approved location in a qualifying farmers market is deemed to be part of the microbrewery license for the purpose of this title. The approved locations under an endorsement granted under this subsection (5) do not constitute the tasting or sampling privilege of a microbrewery. The microbrewery may not store beer at a farmers market beyond the hours that the microbrewery offers bottled beer for sale. The microbrewery may not act as a distributor from a farmers market location.

(e) Before a microbrewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any microbrewery with an endorsement approved under this subsection (5) to sell bottled beer at retail at the farmers market. SENATE AMENDMENTS TO HOUSE BILL

April 10, 2003]

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2146, with the following
amendment:

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.
(2) "Department" means the department of revenue.
(3) "Eligible area" means a county with fewer than one hundred persons per square mile as determined annually by the office of financial management and published by the department effective for the period July 1st through June 30th, or a county that has a population of less than two hundred twenty-five thousand as determined by the office of financial management and has an area greater than two hundred twenty-five square miles.
(4)(a) "Eligible investment project" means an investment project in an eligible area.
(b) The lessor or owner of a qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.
(c) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(5), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects which have already received deferrals under this chapter.
(5) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.
(6) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" includes computer programming, the production of computer software, and other computer-related services, and the activities performed by research and development laboratories and commercial testing laboratories.
(7) "Person" has the meaning given in RCW 82.04.030.
(8) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing and research and development activities, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.
(9) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.
(10) "Recipient" means a person receiving a tax deferral under this chapter.
(11) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.
(12) "Wood biomass fuel" means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

NEW SECTION. Sec. 2. (1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant’s average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department.

(2) The department shall rule on the application within sixty days. The department shall keep a running total of all deferrals granted under this chapter during each fiscal biennium.

NEW SECTION. Sec. 3. (1) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project that is located in an eligible area as defined in section 1 of this act, if the investment project is undertaken for the purpose of manufacturing wood biomass fuel.

(2) This section expires July 1, 2009.

NEW SECTION. Sec. 4. (1) For the purposes of this section:
(a) "Eligible area" means a designated community empowerment zone approved under RCW 43.31C.020 or a county containing a community empowerment zone.

(b) "Eligible investment project" means an investment project undertaken for the purpose of manufacturing wood biomass fuel that is located in an eligible area.

(c) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire year.

(2) In addition to the provisions of section 3 of this act, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and

(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

NEW SECTION. Sec. 5. (1) Each recipient of a deferral granted under this chapter after June 30, 2003, shall submit a report to the department on December 31st of the year in which the investment project is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years. The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately assessed and payable.

(2) If, on the basis of a report under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project are immediately due. For any taxes that are due, penalties and interest applicable to delinquent excise taxes shall be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(3) Deferred taxes need not be repaid if the department determines, in accordance with the provisions of subsection (1) of this section, that the recipient has met the requirements of this chapter for the seven calendar years following the certification by the department that the investment project has been operationally completed.

NEW SECTION. Sec. 6. The employment security department shall make, and certify to the department of revenue, all determinations of employment and wages as requested by the department under this chapter.

NEW SECTION. Sec. 7. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 8. Applications, reports, and any other information received by the department under this chapter shall not be confidential and shall be subject to disclosure.

NEW SECTION. Sec. 9. A new section is added to chapter 84.36 RCW to read as follows:

(1) For the purposes of this section, "wood biomass fuel" means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

(2)(a) All buildings, machinery, equipment, and other personal property which is used primarily for the manufacturing of wood biomass fuel, the land upon which this property is located, and land that is reasonably necessary in the manufacturing of wood biomass fuel, but not land necessary for growing of crops, which together comprise a new manufacturing facility or an addition to an existing manufacturing facility, are exempt from property taxation for the six assessment years following the date on which the facility or the addition to the existing facility becomes operational.
(b) For manufacturing facilities which produce products in addition to wood biomass fuel, the amount of the property tax exemption shall be based upon the annual percentage of the total value of all products manufactured that is the value of the wood biomass fuel manufactured.

(3) Claims for exemptions authorized by this section shall be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. Once filed, the exemption is valid for six years and shall not be renewed. The assessor shall verify and approve claims as the assessor determines to be justified and in accordance with this section. (b) For (alcohol) manufacturing facilities which produce (alcohol for use as) products in addition to alcohol fuel (and alcohol used for other purposes), wood biomass fuel, the amount of the leasehold tax exemption shall be based upon (an annually determined percentage of the total gallons of alcohol produced that is sold and used as alcohol fuel) the annual percentage of the total value of all products manufactured that is the value of the alcohol fuel or wood biomass fuel manufactured.

(3) Claims for exemptions authorized by this section shall be filed with the department of revenue on forms prescribed by the department of revenue and furnished by the department of revenue. Once filed, the exemption is valid for six years and shall not be renewed. The department of revenue shall verify and approve (such) claims as the department of revenue determines to be justified and in accordance with this section. (a) Symptoms, risks, especially as the risks relate to circumstances of group living arrangements, and treatment; and
(b) Information on the vaccination that may prevent the student from contracting the disease, that students in the high-risk group consider receiving the vaccine, and where the vaccination can be received.

(3) The department of health shall be consulted regarding the preparation of the information materials provided to the first-time students.
(4) If institutions provide electronic enrollment or registration to first-time students, the information required by this section shall be provided electronically and acknowledged by the student before completion of electronic enrollment or registration.

NEW SECTION. Sec. 2. This act takes effect July 1, 2004."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:
The Senate has passed HOUSE JOINT MEMORIAL NO. 4021, with the following amendment:

Beginning on page 1, after line 10, strike all material through "Washington." on page 3, line 2, and insert the following:

"WHEREAS, The State of Washington’s economy is constructed on affordable and reliable electricity; and

WHEREAS, Energy prices in the Northwest are threatening businesses and industries, including aluminum companies; and

WHEREAS, The Bonneville Power Administration is proposing yet another rate increase to go into effect on October 1, 2003; and

WHEREAS, The proposed increase is 15% more than the current rates, which are already extremely high due to the more than 50% increase that has already occurred in the last couple of years; and

WHEREAS, This increase will cost the state’s economy one billion dollars over the next three years; and

WHEREAS, Many industries moved to Washington to take advantage of low-cost hydroelectric power. They are now paying more for power in Washington than in most of their other locations in the nation; and

WHEREAS, Without affordable energy for these industries (aluminum, pulp and paper, aerospace, agriculture, etc.), thousands of family-wage jobs will be lost; and

WHEREAS, Many of these jobs are in rural and economically challenged areas. These industries are at the core of many Northwest communities and provide the foundation for numerous secondary employment opportunities and also provide substantial tax revenues; and

WHEREAS, The proposed rate increase will do more than jeopardize high paying jobs. The nation is suffering a severe recession and the Pacific Northwest is already the hardest hit region in the country; and

WHEREAS, Any increase in Bonneville Power Administration rates will only slow or prevent economic recovery as well as exacerbate the state’s budget crisis; and

WHEREAS, The Bonneville Power Administration has the tools available to meet all of its legal obligations, including protecting fish and wildlife, without raising rates; and

WHEREAS, As a result of its $500 million in prepayments to Treasury to avoid a rate increase, the Bonneville Power Administration can cut costs (not just slow its rate of growth) and utilize its newly acquired additional borrowing authority and the flexibility it has garnered; and

WHEREAS, This region simply cannot support an additional billion dollar hit to its economy over the next three years;

NOW, THEREFORE, Your Memorialists respectfully communicate their request for the Bonneville Power Administration to refrain from adopting rate increases at this time, unless absolutely necessary to preserve its bond rating, and to use other tools at its disposal to manage costs until economic recovery is in sight.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, Steven Wright, Administrator of the Bonneville Power Administration, Spencer Abraham, Secretary of Energy, Tom Ridge, Secretary of the Department of Homeland Security, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

and the same is herewith transmitted.

There being no objection, the House refused to concur in the Senate Amendment to HOUSE JOINT MEMORIAL NO. 4021 and asked the Senate to recede therefrom.

SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1250, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79.90.480 and 1998 c 185 s 2 are each amended to read as follows:

Except as otherwise provided by this chapter, annual rent rates for the lease of state-owned aquatic lands for water-dependent uses shall be determined as follows:
(1)(a) The assessed land value, exclusive of improvements, as determined by the county assessor, of the upland tax parcel used in conjunction with the leased area or, if there are no such uplands, of the nearest upland tax parcel used for water-dependent purposes divided by the parcel area equals the upland value.

(b) The upland value times the area of leased aquatic lands times thirty percent equals the aquatic land value.

(2) As of July 1, 1989, and each July 1 thereafter, the department shall determine the real capitalization rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The real capitalization rate shall be the real rate of return, except that until June 30, 1989, the real capitalization rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.

(3) The annual rent shall be:

(a) Determined initially, and redetermined every four years or as otherwise provided in the lease, by multiplying the aquatic land value times the real capitalization rate; and

(b) Adjusted by the inflation rate each year in which the rent is not determined under subsection (3)(a) of this section.

(4) If the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease, the nearest comparable upland parcel used for similar purposes shall be substituted and the lease payment determined in the same manner as provided in this section.

(5) For the purposes of this section, "upland tax parcel" is a tax parcel, some portion of which has upland characteristics. Filled tidelands or shorelands with upland characteristics which abut state-owned aquatic land shall be considered as uplands in determining aquatic land values.

(6) The annual rent for filled state-owned aquatic lands that have the characteristics of uplands shall be determined in accordance with RCW 79.90.500 in those cases in which the state owns the fill and has a right to charge for the fill.

(7)(a) For leases for marina uses only, (beginning on June 11, 1998) as of July 1, 2004, (the annual rental rates in effect on December 31, 1997, shall remain in effect until July 1, 1999, at which time the annual water-dependent rent shall be determined by the method in effect at that time. In order to be eligible for the rate to remain at this level, a marina lease must be in good standing, meaning that the lessee must be current with payment of rent, the lease not expired or in approved holdover status, and the lessee not in breach of other terms of the agreement)) lease rates will be a percentage of the annual gross revenues generated by that marina. It is the intent of the legislature that additional legislation be enacted prior to July 1, 2004, to establish the percentage of gross revenues that will serve as the basis for a marina’s rent and a definition of gross revenues. Annual rent must be recalculated each year based upon the marina’s gross revenues from the previous year, as reported to the department consistent with this subsection (7).

(b) By December 31, 2003, the department will develop a recommended formula for calculating marina rents consistent with this subsection (7) and report the recommendation to the legislature. The formula recommended by the department must include a percentage or a range of percentages of gross revenues, a system for implementing such percentages, and the designation of revenue sources to be considered for rent calculation purposes. The department must also ensure, given the available information, that the rent formula recommended by the department is initially calculated to maintain state proceeds from marina rents as of July 1, 2003, and that if the department does not receive income reporting forms representing at least ninety percent of the projected annual marina revenue and at least seventy-five percent of all marinas, the current model for calculating marina rents, as described in subsections (1) through (6) of this section, will continue to be the method used to calculate marina rents, and the income method, as described in (a) of this subsection, will not be applied. In addition to the percent of marina income, the department shall determine its direct administrative costs (cost of hours worked directly on applications and leases, based on salaries and benefits, travel reimbursements, and other actual out-of-pocket costs) to calculate, audit, execute, and monitor marina leases, and shall recover these costs from lessees. All administrative costs recovered by the department must be deposited into the resource management cost account created in RCW 79.64.020. Prior to making recommendations to the legislature, a work session consisting of the department, marina owners, and stakeholders must be convened to discuss the rate-setting criteria. The legislature directs the department to deliver recommendations to the legislature by December 2003, including any minority reports by the participating parties.

(c) When developing its recommendation for a marina lease formula consistent with this subsection (7), the department shall ensure that the percentage of revenue established is applied to the income of the direct lessee, as well as to the income of any person or entity that subleases, or contracts to operate the marina, with the direct lessee, less the amount paid by the sublease to the direct lessee.

(d) All marina operators under lease with the department must return to the department an income reporting form, provided by the department, and certified by a licensed certified public accountant, before July 1, 2003, and again annually on a date set by the department. On the income reporting form, the department may require a marina to disclose to the department any information about income from all marina-related sources, excluding restaurants and bars. All income reports submitted to the department are subject to either audit or verification, or both, by the department, and the department may inspect all of the lessee’s books, records, and documents, including state and federal income tax returns relating to the operation of the marina and leased
aquatic lands at all reasonable times. If the lessee fails to submit the required income reporting form once the new method for calculating marina rents is effective, the department may conduct an audit at the lessee’s expense or cancel the lease.

(e) Initially, the marina rent formula developed by the department pursuant to (b) of this subsection will be applied to each marina on its anniversary date, beginning on July 1, 2004, and will be based on that marina’s 2003 income information. Thereafter, rents will be recalculated each year, based on the marina’s gross revenue from the previous year.

(f) No marina lease may be for less than five hundred dollars plus direct administrative costs.

(8) For all new leases for (marinas, or any) other water-dependent uses, issued after December 31, 1997, the initial annual water-dependent rent shall be determined by the methods in subsections (1) through (6) of this section.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "moorage;" strike the remainder of the title and insert "amending RCW 79.90.480; and declaring an emergency."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 1250, as amended by the Senate, having received the constitutional majority, was declared passed.

SENATE AMENDMENTS TO HOUSE BILL

April 14, 2003
Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1418, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.55.060 and 1998 c 190 s 86 are each amended to read as follows:

(1) Subject to subsection (3) of this section, a dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director’s approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish.

(2) If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his or her agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his or her agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction.

(3) For the purposes of this section, "other obstruction" does not include tide gates, flood gates, and associated man-made agricultural drainage facilities that were originally installed as part of an agricultural drainage system on or before the effective date of this section or the repair, replacement, or improvement of such tide gates or flood gates.

Sec. 2. RCW 77.55.100 and 2002 c 368 s 2 are each amended to read as follows:

(1) In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the approval of the department as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld or unreasonably conditioned.

(2)(a) The department shall grant or deny approval of a standard permit within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(b) The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life.

(c) The forty-five day requirement shall be suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection; or

(iii) The applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(d) For purposes of this section, "standard permit" means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, "imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.
(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(4) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, "emergency" means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(6) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, bridge repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity under agreed-upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, "bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase "to construct any form of hydraulic project or perform other work" does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) The department shall not require a fishway on a tide gate, flood gate, or other associated man-made agricultural drainage facilities as a condition of a hydraulic project approval if such fishway was not originally installed as part of an agricultural drainage system existing on or before the effective date of this section.

(11) Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval under this section may not be enforced.

NEW SECTION. Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:

Upon written request of adversely affected landowners of land designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW or the associated special districts under RCW 85.38.180, the department shall authorize the removal of the self-regulating function of any self-regulating tide gate installed because of a condition imposed by the department in an approval issued according to RCW 77.55.100 or during implementation of fish passage requirements pursuant to RCW 77.55.060. The department shall make authorizing the removal of the self-regulating function of any self-regulating tide gate a priority. The department shall pay for any tide gate removal required by this section within existing resources.

NEW SECTION. Sec. 4. A new section is added to chapter 77.85 RCW to read as follows:

(c) A long-term plan for intertidal salmon habitat enhancement to meet the goals of salmon recovery and protection of agricultural lands. The proposal shall consider all other means to achieve salmon recovery without converting farmland. The proposal shall include methods to increase fish passage and otherwise enhance intertidal habitat on public lands pursuant to subsection (2) of this section, voluntary methods to increase fish passage on private lands, a priority list of intertidal salmon enhancement projects, and recommendations for funding of high priority projects. SENATE AMENDMENTS TO HOUSE BILL

April 16, 2003

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1973, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each.

Sec. 2. RCW 43.330.090 and 1998 c 245 s 85 are each amended to read as follows:

(1) The department shall work with private sector organizations, local governments, local ((economic)) associate development organizations, and higher education and training institutions to assist in the development of strategies to diversify the economy, facilitate technology transfer and diffusion, and increase value-added production by focusing on targeted sectors. The targeted sectors may include, but are not limited to, software, forest products, biotechnology, environmental industries, recycling markets and waste reduction, aerospace, food processing, tourism, film and video, microelectronics, new materials, robotics, and machine tools. The department shall, on a continuing basis, evaluate the potential return to the state from devoting additional resources to a targeted sector's approach to economic development and including additional sectors in its efforts. The department shall use information gathered in each service delivery region in formulating its sectoral strategies and in designating new targeted sectors.

(2) The department shall ((ensure that the state continues to)) pursue a coordinated program to expand the tourism industry throughout the state in cooperation with the public and private tourism development organizations. ((The department shall work to provide a balance of tourism activities throughout the state and during different seasons of the year. In addition,)) The department, in operating its tourism program, shall:

(a) Promote Washington as a tourism destination to national and international markets to include nature-based and wildlife viewing tourism;
(b) Provide information to businesses and local communities on tourism opportunities that could expand local revenues;
(c) Assist local communities to strengthen their tourism partnerships, including their relationships with state and local agencies;
(d) Provide leadership training and assistance to local communities to facilitate the development and implementation of local tourism plans;

(e) Coordinate the development of a statewide tourism and marketing plan. The department's tourism planning efforts shall be carried out in conjunction with public and private tourism development organizations including the department of fish and wildlife and other appropriate agencies. The plan shall specifically address mechanisms for: (i) Funding national and international marketing and nature-based tourism efforts; (ii) interagency cooperation; and (iii) integrating the state plan with local tourism plans.

(3) The department may, in carrying out its efforts to expand the tourism industry in the state:
(a) Solicit and receive gifts, grants, funds, fees, and endowments, in trust or otherwise, from tribal, local or other governmental entities, as well as private sources, and may expend the same or any income therefrom for tourism purposes. All revenue received for tourism purposes shall be deposited into the tourism development and promotion account created in RCW 43.330.094;
(b) Host conferences and strategic planning workshops relating to the promotion of nature-based and wildlife viewing tourism;
(c) Conduct or contract for tourism-related studies;
(d) Contract with individuals, businesses, or public entities to carry out its tourism-related activities under this section;
(e) Provide tourism-related organizations with marketing and other technical assistance;
(f) Evaluate and make recommendations on proposed tourism-related policies.

(4) The department shall promote, market, and encourage growth in the production of films and videos, as well as television commercials within the state; to this end the department is directed to assist in the location of a film and video production studio within the state.

(5) In assisting the development of a targeted sector, the department's activities may include, but are not limited to:
(a) Conducting focus group discussions, facilitating meetings, and conducting studies to identify members of the sector, appraise the current state of the sector, and identify issues of common concern within the sector;
(b) Supporting the formation of industry associations, publications of association directories, and related efforts to create or expand the activities or industry associations;
(c) Assisting in the formation of flexible networks by providing (i) agency employees or private sector consultants trained to act as flexible network brokers and (ii) funding for potential flexible network participants for the purpose of organizing or implementing a flexible network;
(d) Helping establish research consortia;
(e) Facilitating joint training and education programs;
(f) Promoting cooperative market development activities;
(g) Analyzing the need, feasibility, and cost of establishing product certification and testing facilities and services; and
(h) Providing for methods of electronic communication and information dissemination among firms and groups of firms to facilitate network activity.

NEW SECTION. Sec. 3. A new section is added to chapter 77.12 RCW to read as follows:
The department shall manage wildlife programs in a manner that provides for public opportunities to view wildlife and supports nature-based and wildlife viewing tourism without impairing the state's wildlife resources.

Sec. 4. RCW 43.330.094 and 1997 c 220 s 223 are each amended to read as follows:
The tourism development and promotion account is created in the state treasury. All receipts from RCW 36.102.060(10) and 43.330.090(3)(a) must be deposited into the account. Moneys in the account received under RCW 36.102.060(10) may be spent only after appropriation. No appropriation is required for expenditures from moneys received under RCW 43.330.090(3)(a). Expenditures from the account may be used by the department of community, trade, and economic development only for the purposes of ((promotion of)) expanding and promoting the tourism industry in the state of Washington.

NEW SECTION. Sec. 5. A new section is added to chapter 42.52 RCW to read as follows:
When soliciting charitable gifts, grants, or donations solely for the purposes of promoting the expansion of tourism as provided for in RCW 43.330.090, state officers and state employees are presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

Sec. 6. RCW 42.52.150 and 1998 c 7 s 2 are each amended to read as follows:
(1) No state officer or state employee may accept gifts, other than those specified in subsections (2) and (5) of this section, with an aggregate value in excess of fifty dollars from a single source in a calendar year or a single gift from multiple sources with a value in excess of fifty dollars. For purposes of this section, "single source" means any person, as defined in RCW 42.52.010, whether acting directly or through any agent or other
intermediary, and "single gift" includes any event, item, or group of items used in conjunction with each other or any trip including transportation, lodging, and attendant costs, not excluded from the definition of gift under RCW 42.52.010. The value of gifts given to an officer’s or employee’s family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family, or social relationship exists between the donor and the family member or guest.

(2) Except as provided in subsection (4) of this section, the following items are presumed not to influence under RCW 42.52.140, and may be accepted without regard to the limit established by subsection (1) of this section:

(a) Unsolicited flowers, plants, and floral arrangements;
(b) Unsolicited advertising or promotional items of nominal value, such as pens and note pads;
(c) Unsolicited tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item;

(e) Informational material, publications, or subscriptions related to the recipient’s performance of official duties;
(f) Food and beverages consumed at hosted receptions where attendance is related to the state officer’s or state employee’s official duties;

(h) Admission to, and the cost of food and beverages consumed at, events sponsored by or in conjunction with a civic, charitable, governmental, or community organization; and

((i)) Unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

(3) The presumption in subsection (2) of this section is rebuttable and may be overcome based on the circumstances surrounding the giving and acceptance of the item.

(4) Notwithstanding subsections (2) and (5) of this section, a state officer or state employee of a regulatory agency or of an agency that seeks to acquire goods or services who participates in those regulatory or contractual matters may receive, accept, take, or seek, directly or indirectly, only the following items from a person regulated by the agency or from a person who seeks to provide goods or services to the agency:

(4) "Nonoperating revenue" means income from activities not relating directly to the day-to-day operations of an organization. "Nonoperating revenue" includes such items as gains on disposal of a facility’s assets, dividends, and interest from security investments, gifts, grants, and endowments.
(5) "Patient day" means a calendar day of care provided to a nursing facility resident, excluding a medicare patient day. (3) The department of social and health services shall notify the department of revenue and the nursing facility operator of the nursing facilities that would be exempted from the quality maintenance fee pursuant to the waiver request submitted to the federal department of health and human services. The nursing facilities included in the waiver request may withhold payment of the fee pending final action by the federal government on the request for waiver.

(4) If the request for waiver is approved, the department of social and health services shall notify the department of revenue and the nursing facility operator that no quality maintenance fee is due from the facility. If the request for waiver is denied, nursing facility operators who have withheld payment of the fee shall pay all such fees as have been withheld.

(5) The department of social and health services shall take whatever action is necessary to continue the waiver from the federal government.

The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2004 increases by up to 5.0 percent over the amount actually paid to that regional support network in fiscal year 2003, and by up to an additional 5.0 percent in fiscal year 2005, if total
funding to the regional support network would otherwise increase by less than those percentages under the new formula, and provided that the nonfederal share of the higher medicaid payment rate is provided by the regional support network from local funds.

(f) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department’s medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(g) The department shall assure that each regional support network increases spending on direct client services in fiscal years 2004 and 2005 by at least the same percentage as the total state, federal, and local funds allocated to the regional support network in those years exceeds the amounts allocated to it in fiscal year 2003.

(h) The department shall reduce state funding otherwise payable to a regional support network in fiscal years 2004 and 2005 by the full amount by which the regional support network’s total administrative expenditures as of December 31, 2002, exceed ten percent of total funding.

(i) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. In accordance with the Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds (including medical, long-term care, mental health, and substance abuse treatment) as may be necessary to finance a unified health care plan for the WMIP program enrollment. The state may withhold from calculations of "available resources" as defined in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in this pilot program.

Modifications may include changes in enrollee premium obligations, enrollee cost-sharing, benefits, and incentives to access preventive services. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.
(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:
   (i) Special education students are basic education students first;
   (ii) As a class, special education students are entitled to the full basic education allocation; and
   (iii) Special education students are basic education students for the entire school day.
   (b) The S-275 and accounting changes in effect since the 2001-02 school year shall supersede any prior excess cost methodologies and shall be required of all school districts.
(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.
(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.
(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(6) The definitions in this subsection apply throughout this section.
(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $25,746,000 of the general fund-- federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. The funds provided by this subsection shall be from federal discretionary grants.

NEW SECTION. Sec. 902. INFORMATION SYSTEMS PROJECTS.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:
(a) System refurbishment, acquisitions, and development efforts;
(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
(c) Assessment of overall information processing performance, resources, and capabilities;
(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
(e) Progress toward enabling electronic access to public information.

Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project’s impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency’s information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency’s business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

Sec. 932. RCW 82.14.200 and 1998 c 321 s 8 are each amended to read as follows:
There is created in the state treasury a special account to be known as the “county sales and use tax equalization account.” Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110. Funds in this account shall be allocated by the state treasurer according to the following procedure:

1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the statewide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.
2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.
The department of revenue shall establish a governmental price index as provided in this subsection.
The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.
3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department.
of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the difference between the amount equal to the amount distributed to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the difference between the amount equal to the amount distributed to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (2) through (5) of this section in any calendar year shall not exceed an amount equal to seventy percent of the statewide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion an amount to the county public health account created in RCW 70.05.125 equal to the adjustment under RCW 70.05.125(2)(b).

(9) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) and (8) of this section, then the additional revenues shall be credited and transferred as follows:
   (a) Fifty percent to the public facilities construction loan revolving account under RCW 43.160.080; and
   (b) Fifty percent to the distressed county public facilities construction loan account under RCW 43.160.220, or so much thereof as will not cause the balance in the account to exceed twenty-five million dollars.

(10) During the 2003-2005 fiscal biennium, the legislature may transfer from the county sales and use tax equalization account to the state general fund such amounts as reflect the excess fund balance of the account.

Cities imposing the tax for less than the full year shall line for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new city has received a full year's worth of revenues under RCW 82.14.030(1) as of the January municipal sales and use tax equalization distribution.

(a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the statewide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(f) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Recipients of general assistance based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits (terminated absent a clear showing of) discontinued unless the recipient demonstrates no material improvement in their medical or mental condition (not). The department may discontinue benefits when there was specific error in the prior determination that found the recipient eligible by reason of incapacitation. Recipients of general assistance based upon pregnancy who relinquish their child for adoption, remain otherwise eligible, and are not eligible to receive benefits under the federal temporary assistance for needy families program shall not have their benefits terminated until the end of the month in which the period of six weeks following the birth of the recipient’s child falls. Recipients of the federal temporary assistance for needy families program who lose their eligibility solely because of the birth and relinquishment of the qualifying child may receive general assistance through the end of the month in which the period of six weeks following the birth of the child falls.

(h) No person may be considered an eligible individual for general assistance with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or
(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(7) "Applicant" -- Any person who has made a request, or on behalf of whom a request has been made, to any county or local office for assistance.

(8) "Recipient" -- Any person receiving assistance and in addition those dependents whose needs are included in the recipient’s assistance.

(9) "Standards of assistance" -- The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(10) "Resource" -- Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant’s need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;
(b) Household furnishings and personal effects;
(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;
(d) A motor vehicle necessary to transport a physically disabled household member. This exclusion is limited to one vehicle per physically disabled person;
(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for
federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of general assistance shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(g) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant’s or recipient’s restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(11) "Income"--(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(12) "Need"--The difference between the applicant’s or recipient’s standards of assistance for himself or herself and the dependent members of his or her family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

(13) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

SB 6052 Prime Sponsor, Senator Johnson: Changing alternative route teacher certification provisions. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.660.020 and 2001 c 158 s 3 are each amended to read as follows:

(1) Each district or consortia of school districts applying for (state funds through this) the alternative route certification program shall submit a proposal to the Washington professional educator standards board specifying:

..."
(a) The route or routes the partnership program intends to offer and a detailed description of how the routes will be structured and operated by the partnership;

(b) The number of candidates that will be enrolled per route;

(c) An identification, indication of commitment, and description of the role of approved teacher preparation programs that are partnering with the district or consortia of districts;

(d) An assurance of district provision of adequate training for mentor teachers either through participation in a state mentor training academy or district-provided training that meets state-established mentor-training standards specific to the mentoring of alternative route candidates;

(e) An assurance that significant time will be provided for mentor teachers to spend with the alternative route teacher candidates throughout the internship. Partnerships must provide each candidate with intensive classroom mentoring until such time as the candidate demonstrates the competency necessary to manage the classroom with less intensive supervision and guidance from a mentor;

(f) A description of the rigorous screening process for applicants to alternative route programs, including entry requirements specific to each route, as provided in RCW 28A.660.040; and

(g) The design and use of a teacher development plan for each candidate. The plan shall specify the alternative route coursework and training required of each candidate and shall be developed by comparing the candidate’s prior experience and coursework with the state’s new performance-based standards for residency certification and adjusting any requirements accordingly. The plan may include the following components:

(i) A minimum of one-half of a school year, and an additional significant amount of time if necessary, of intensive mentorship, starting with full-time mentoring and progressing to increasingly less intensive monitoring and assistance as the intern demonstrates the skills necessary to take over the classroom with less intensive support. For route one and two candidates, before the supervision is diminished, the mentor of the teacher candidate at the school and the supervisor of the teacher candidate from the higher education teacher preparation program must both agree that the teacher candidate is ready to manage the classroom with less intensive supervision. For route three candidates, the mentor of the teacher candidate shall make the decision;

(ii) Identification of performance indicators based on the knowledge and skills standards required for residency certification by the state board of education;

(iii) Identification of benchmarks that will indicate when the standard is met for all performance indicators;

(iv) A description of strategies for assessing candidate performance on the benchmarks;

(v) Identification of one or more tools to be used to assess a candidate’s performance once the candidate has been in the classroom for about one-half of a school year; and

(vi) A description of the criteria that would result in residency certification after about one-half of a school year but before the end of the program.

(2) (Districts may apply for program funds to pay stipends to both mentor teachers and interns during their mentored internship. For both intern stipends and accompanying mentor stipends, the per intern district request for funds may not exceed the amount designated by the BA+ 0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships and mentorships that last less than a full school year. Interns in the program for a full year shall be provided a stipend of at least eighty percent of the amount generated by the BA+ 0 cell on the statewide teacher salary allocation schedule. This amount shall be prorated for internships that last less than a full school year)) To the extent funds are appropriated for this purpose, districts may apply for program funds to pay stipends to trained mentor teachers of interns during the mentored internship. The per intern amount of mentor stipend shall not exceed five hundred dollars.

Sec. 2. RCW 28A.660.030 and 2001 c 158 s 4 are each amended to read as follows:

(1) The professional educator standards board, with support from the office of the superintendent of public instruction, shall select school districts and consortia of school districts to receive partnership grants from funds appropriated by the legislature for this purpose. Factors to be considered in selecting proposals include, but are not limited to:

(a) The degree to which the district, or consortia of districts in partnership, are currently experiencing teacher shortages;

(b) The degree to which the proposal addresses criteria specified in RCW 28A.660.020 and is in keeping with specifications of program routes in RCW 28A.660.040;

(c) The cost-effectiveness of the proposed program; and

(d) Any demonstrated district and in-kind contributions to the program.

(2) Selection of proposals shall also take into consideration the need to ensure an adequate number of candidates for each type of route in order to evaluate their success.

(3) Funds appropriated for the partnership grant program in this chapter shall be administered by the office of the superintendent of public instruction.

Sec. 3. RCW 28A.660.050 and 2001 c 158 s 6 are each amended to read as follows:

The alternative route conditional scholarship program is created under the following guidelines:
The program shall be administered by the higher education coordinating board. In administering the program, the higher education coordinating board has the following powers and duties:

(a) To adopt necessary rules and develop guidelines to administer the program;

(b) To collect and manage repayments from participants who do not meet their service obligations; and

(c) To accept grants and donations from public and private sources for the program.

(2) Participation in the alternative route conditional scholarship program is limited to ([classified staff in routes one and two]) interns of the partnership grant programs under RCW 28A.660.040. The Washington professional educator standards board shall select ([classified staff]) interns to receive conditional scholarships.

(3) In order to receive conditional scholarship awards, recipients shall be accepted and maintain enrollment in alternative certification routes through the partnership grant program, as provided in RCW 28A.660.040. Recipients must continue to make satisfactory progress towards completion of the alternative route certification program and receipt of a residency teaching certificate.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients that fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The higher education coordinating board shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) To the extent funds are appropriated for this specific purpose, the annual amount of the scholarship is the annual cost of tuition for the alternative route certification program in which the recipient is enrolled, not to exceed ([four] eight thousand dollars). The board may adjust the annual award by the average rate of resident undergraduate tuition and fee increases at the state universities as defined in RCW 28B.10.016.

(7) The higher education coordinating board may deposit all appropriations, collections, and any other funds received for the program in this chapter in the student loan account authorized in RCW 28B.102.060.

SSB 6054 Prime Sponsor, Senate Committee On Ways & Means: Clarifying the application of the industrial welfare act to public employers. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that the enactment of chapter 236, Laws of 1988 amended the definition of employer under the industrial welfare act, chapter 49.12 RCW, to ensure that the family care provisions of that act applied to the state and political subdivisions. The legislature further finds that this amendment of the definition of employer may be interpreted as creating an ambiguity as to whether the other provisions of chapter 49.12 RCW have applied to the state and its political subdivisions. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 49.12 RCW and chapter 236, Laws of 1988 and resolve any ambiguity. It is the intent of the legislature to establish that, prior to the effective date of this act, chapter 49.12 RCW and the rules adopted thereunder did not apply to the state or its agencies and political subdivisions except as expressly provided for in RCW 49.12.265 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460.

business, industry, profession, or activity in this state and employs one or more employees ((and)) but does not include the state, any state institution, any state agency, political subdivision of the state, or any municipal corporation or quasi-municipal corporation. However, for the purposes of RCW ((49.12.270)) 49.12.265 through 49.12.295 ((and)) 49.12.350 through 49.12.370, 49.12.450, and 49.12.460 only, "employer" also includes the state, any state institution, any state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation.

(b) On and after the effective date of this act, "employer" means any person, firm, corporation, partnership, business trust, legal representative, or other business entity which engages in any business, industry, profession, or activity in this state and employs one or more employees, and includes the state, any state institution, state agency, political subdivisions of the state, and any municipal corporation or quasi-municipal corporation. However, this chapter and the rules adopted thereunder apply to these public employers only to the extent that this chapter and the rules adopted thereunder do not conflict with: (i) Any state statute or rule; and (ii) respect to political subdivisions of the state and any municipal or quasi-municipal corporation, any local resolution, ordinance, or rule adopted under the authority of the local legislative authority before April 1, 2003.

(4) ((The term)) "Employee" means an employee who is employed in the business of the employee’s employer whether by way of manual labor or otherwise.

(5) ((The term)) "Conditions of labor" ((shall)) means and includes the conditions of rest and meal periods for employees including provisions for personal privacy, practices, methods and means by or through which labor or services are performed by employees and includes bona fide physical qualifications in employment, but shall not include conditions of labor otherwise governed by statutes and rules and regulations relating to industrial safety and health administered by the department.

Employees of public employers may enter into collective bargaining contracts, labor/management agreements, or other mutually agreed to employment agreements that specifically vary from or supersede, in part or in total, rules adopted under this chapter regarding appropriate rest and meal periods.

Sec. 4. RCW 49.12.360 and 1989 1st ex.s. c 11 s 23 are each amended to read as follows:

(1) An employer must grant an adoptive parent or a stepparent, at the time of birth or initial placement for adoption of a child under the age of six, the same leave under the same terms as the employer grants to biological parents. As a term of leave, an employer may restrict leave to those living with the child at the time of birth or initial placement.

(2) An employer must grant the same leave upon the same terms for men as it does for women.

(3) The department shall administer and investigate violations of this section. Notices of infraction, penalties, and appeals shall be administered in the same manner as violations under RCW 49.12.285.

(5) For purposes of this section, "leave" means any leave from employment granted to care for a newborn or a newly adopted child at the time of placement for adoption.

(6) Nothing in this section requires an employer to:

(a) Grant leave equivalent to maternity disability leave; or

(b) Establish a leave policy to care for a newborn or newly placed child if no such leave policy is in place for any of its employees.

Sec. 5. RCW 49.12.460 and 2001 c 173 s 1 are each amended to read as follows:

(1) An employer may not discharge from employment or discipline a volunteer fire fighter because of leave taken related to an alarm of fire or an emergency call.

(2)(a) A volunteer fire fighter who believes he or she was discharged or disciplined in violation of this section may file a complaint alleging the violation with the director. The volunteer fire fighter may allege a violation only by filing such a complaint within ninety days of the alleged violation.

(b) Upon receipt of the complaint, the director must cause an investigation to be made as the director deems appropriate and must determine whether this section has been violated. Notice of the director’s determination must be sent to the complainant and the employer within ninety days of receipt of the complaint.

(c) If the director determines that this section was violated and the employer fails to reinstate the employee or withdraw the disciplinary action taken against the employee, whichever is applicable, within thirty days of receipt of notice of the director’s determination, the volunteer fire fighter may bring an action against the employer alleging a violation of this section and seeking reinstatement or withdrawal of the disciplinary action.
(d) In any action brought under this section, the superior court shall have jurisdiction, for cause shown, to restrain violations under this section and to order reinstatement of the employee or withdrawal of the disciplinary action.

(3) For the purposes of this section:
(a) "Alarm of fire or emergency call" means responding to, working at, or returning from a fire alarm or an emergency call, but not participating in training or other nonemergency activities.
(b) "Employer" means (any person) an employer who had twenty or more full-time equivalent employees in the previous year.

(ii) Is not already at his or her place of employment when called to serve as a volunteer, unless the employer agrees to provide such an accommodation; and
(iii) Has been ordered to remain at his or her position by the commanding authority at the scene of the fire.

(4) The legislature declares that the public policies articulated in this section depend on the procedures established in this section and no civil or criminal action may be maintained relying on the public policies articulated in this section without complying with the procedures set forth in this section, and to that end all civil actions and civil causes of action for such injuries and all jurisdiction of the courts of this state over such causes are hereby abolished, except as provided in this section.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SECOND READING

SUBSTITUTE SENATE BILL NO. 5179, By Senate Committee on Parks, Fish & Wildlife
(originally sponsored by Senators Oke, Mulliken, Rasmussen and T. Sheldon)

Allowing the use of body-gripping traps in certain circumstances.

The bill was read the second time.

With the consent of the House, amendments (444) and (443) were withdrawn.

Representative Buck moved the adoption of amendment (437):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.12 RCW to read as follows:
(1) The legislature finds that a professionally managed and regulated trapping program is not only vital to the health of Washington’s wildlife populations, but is also consistent with the state’s obligations to manage all natural resources in trust for the common good of all citizens.
(2) The legislature further finds that it is in the interest of all of the citizens of Washington to ensure that all trapping is done in accordance with sound scientific wildlife management principles using humane methods as set forth in this act. It is the legislature’s intent to implement a sound furbearer management program, administered using sound science by the department of fish and wildlife, that addresses an animal problem as defined in RCW 77.08.010.
(3) The legislature further finds that humanely regulated trapping practices used to control animal problems contribute positively to the economic well-being of the state of Washington, to public health and welfare by assisting to control the spread of animal-borne disease, and to the protection of private and public property from damage resulting from uncontrolled animal populations.
(4) The legislature further finds that the sale, trade, or barter of wild animal pelts is consistent with the legislature’s intent not to waste a valuable wildlife resource.
(5) The legislature recognizes that among the choices available for the trapping of animals, some may cause pain and suffering in the animals captured. The legislature further recognizes that some trapping methods can capture animals that are not targeted, including pets. It is the policy of the state of Washington to minimize the use of indiscriminate or painful traps and to use all traps humanely. When lethal trapping methods are used, such methods must be used in the most humane way that accomplishes the goal of reducing animal problems. All trappers in the state should use all practicable means necessary to avoid the capture of a nontargeted animal.

Sec. 3. RCW 77.15.194 and 2001 c 1 s 3 are each amended to read as follows:

It is the duty of every trapper to ensure that all trapping is done humanely. To ensure that this goal is met, all trappers must abide by the following:

(1) It is unlawful to use or authorize the use of any ([steel jawed leghold trap, neck snare, or other]) body-gripping trap to capture any mammal ((for recreation or commerce in fur)) without a permit issued by the director, except no trap with teeth or serrated edges may be permitted. The director may only issue a permit under this section for the purposes of addressing an animal problem, nuisance bird problem, capturing live raptors for falconry, for furbearer management program needs, or for conducting scientific research.

(2) It is unlawful to knowingly buy, sell, barter, or otherwise exchange, or offer to buy, sell, barter, or otherwise exchange the raw fur of a mammal or a mammal that has been trapped in ([this state with a steel jawed leghold trap or any other body-gripping trap, whether or not pursuant to permit.]

(3) It is unlawful to use or authorize the use of any steel jawed leghold trap or any other body-gripping trap to capture any animal, except as provided in subsections (1) and (5) of this section.

(4) Nothing in this section prohibits the use of a Conibear trap in water, a padded leghold trap, or a nonstrangling type foot snare with a special permit granted by [the] director under (a) through (d) of this subsection. Issuance of the special permits shall be governed by rules adopted by the department and in accordance with the requirements of this section. Every person granted a special permit to use a trap or device listed in this subsection shall check the trap or device at least every twenty-four hours.

(a) Nothing in this section prohibits the director, in consultation with the department of social and health services or the United States department of health and human services from granting a permit to use traps listed in this subsection for the purpose of protecting people from threats to their health and safety.

(b) Nothing in this section prohibits the director from granting a special permit to use traps listed in this subsection to a person who applies for such a permit in writing, and who establishes that there exists on a property an animal problem that has not been and cannot be reasonably abated by the use of nonlethal control tools, including but not limited to guard animals, electric fencing, or box and cage traps, or if such nonlethal means cannot be reasonably applied. Upon making a finding in writing that the animal problem has not been and cannot be reasonably abated by nonlethal control tools or if the tools cannot be reasonably applied, the director may authorize the use, setting, placing, or maintenance of the traps for a period not to exceed thirty days.

(c) Nothing in this section prohibits the director from granting a special permit to department employees or agents to use traps listed in this subsection where the use of the traps is the only practical means of protecting threatened or endangered species as designated under RCW 77.08.010.

(d) Nothing in this section prohibits the director from issuing a permit to use traps listed in this subsection, excluding Conibear traps, for the conduct of legitimate wildlife research.

(5) Nothing in this section prohibits the United States fish and wildlife service, its employees or agents, from using a trap listed in subsection (4) of this section where the fish and wildlife service determines, in consultation with the director, that the use of such traps is necessary to protect species listed as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.)) violation of subsection (1) of this section. To prevent wastage, nothing in this section prohibits the sale, barter, or trade of an animal carcass or pelt, or the donation of an animal carcass or pelt for scientific research or public health training lawfully taken under this title.

(3)(a) All trapping of wild animals using body-gripping traps must be conducted by trappers licensed by the department under RCW 77.65.450, under a permit from the director, and in accordance with the rules developed by the commission as they relate to wildlife trapping. However, nothing in this section prohibits the use of commonly used traps by public or private property owners or their agents operating on their property to control the following nuisance wildlife: Moles, mice, rats, mountain beavers, gophers, and nutria.
(b) Furbearing mammals may not be taken from the wild and held alive for sale or personal use. All trapping of furbearing mammals must be conducted in furtherance of a wildlife trapping program being implemented by the department for an animal problem, for scientific research, or for mammal population management as defined by the commission by rule.

(c) Wildlife unintentionally trapped while trapping to manage an animal problem, or while conducting scientific research, must, if possible, be released unharmed immediately upon discovery. The commission may adopt by rule or guideline procedures for the handling of any animal that is unable to be released unharmed.

(d) Lawfully trapped wild animals, if not intended for release, must be humanely dispatched, or if intended for release, must be either immediately released or immediately taken to a rehabilitation center, if necessary. The commission may adopt by rule or guideline procedures for the humane dispatch of captured animals.

(4)(a) It is unlawful for a licensed trapper to fail to complete and submit to the department a report of catch postmarked on or before April 20th of each year. The report must be submitted to the department regardless of trapping success, and indicate the number, general location, and species of all animals captured, including those animals captured that were not part of an animal problem. The report must also include details for domestic pets captured in traps, the circumstances for each specific incident, and if the domestic pet was injured or released unharmed. Trappers who fail to submit an accurate report of catch shall have their trapping privileges suspended for one year. False reports are considered failure to report. It is the responsibility of each licensed trapper to obtain and submit a report of catch on forms provided by the department.

(b) The department shall maintain and analyze all catch reports received pursuant to (a) of this subsection. Data collected on catch reports must be presented to the appropriate legislative committees by November 30th of each year.

(5) Federal wildlife management agencies and their employees and agents, while acting lawfully within the scope of their authority, are not subject to the provisions of this section.

NEW SECTION Sec. 4. A new section is added to chapter 77.12 RCW to read as follows:

The commission shall adopt appropriate rules regarding the types of traps and bait for use in capturing wildlife to ensure the humane treatment of captured animals. In adopting these rules, the commission may take into consideration the effectiveness of various trap sizes, approved best management practices, and the habitats in which the traps may be used. These rules must address the time intervals during which specific traps must be checked and animals removed. These rules may not allow for the use of traps with teeth or serrated edges or a neck or body snare attached to a spring pole or any spring pole type device. The commission must also adopt rules for the appropriate disposal of carcasses.

NEW SECTION Sec. 5. A new section is added to chapter 77.12 RCW to read as follows:

The department shall institute a furbearer management program that addresses animal problems and shall only issue programmatic trapping, conditional use, or restricted use trapping permits, as those terms are defined in RCW 77.08.010, and trapping licenses or propose rules consistent with this program.

Sec. 6. RCW 77.65.450 and 1991 sp.s. c 7 s 3 are each amended to read as follows:

A state trapping license in combination with a programmatic trapping permit, conditional use trapping permit, or restricted use trapping permit from the director allows the holder to trap fur-bearing animals throughout the state in accordance with the rules adopted by the commission under section 4 of this act; however, a trapper may not place traps on public or private property without permission of the owner, lessee, or tenant where the land is improved and apparently used, or where the land is fenced or enclosed in a manner designed to exclude intruders or to indicate a property boundary line, or where notice is given by posting in a conspicuous manner. A state trapping license is void on April 1st following the date of issuance. The fee for this license is thirty-six dollars for residents sixteen years of age or older, (fifteen) twenty dollars for residents under sixteen years of age, and (one) two hundred (eighty) dollars for nonresidents. Licensed trappers age fifteen years and younger must be under the direct supervision of a licensed adult trapper when engaged in trapping activities. The fee for a programmatic trapping permit for residents sixteen years of age or older and nonresidents, for animal problems as that term is defined in RCW 77.08.010, is twelve dollars and fifty cents. A trapping license is valid for using body-gripping traps in combination with a permit for the control of animal problems, as that term is defined in RCW 77.08.010, or for scientific research. The live capture of raptors for falconry, or scientific research, by use of a foot snare or other body-gripping trap may also be authorized by rule of the commission.

Sec. 7. RCW 77.65.460 and 1987 c 506 s 82 are each amended to read as follows:

Sec. 6. RCW 77.65.450 and 1991 sp.s. c 7 s 3 are each amended to read as follows:

instantly kill. The director shall cooperate with ((national and state animal, humane)) recognized Washington state based animal shelters, wildlife rehabilitation centers, and similar entities providing animal care and rehabilitation services, hunter education, and Washington state based trapping organizations in the development and instruction of ((a curriculum)) trapper training. Upon successful completion of the course, trainees shall receive a trapper’s training certificate signed by an authorized instructor. This certificate is evidence of compliance with this section.

Sec. 8. RCW 77.32.545 and 1998 c 190 s 121 are each amended to read as follows:
A property owner, lessee, or tenant may remove a trap placed on the owner’s, lessee’s, or tenant’s posted or fenced property by a trapper. A property owner, lessee, or tenant who discovers a trap placed on any portion of his or her property that is not authorized by the owner, lessee, or tenant, may report the finding to the department, including whether a live animal is captured in the trap. The commission may adopt by rule or guideline procedures for the handling of live animals discovered in such traps.

Trappers shall attach to the chain of their traps or devices a legible metal tag with either the department identification number of the trapper or the name and address of the trapper in English letters not less than one-eighth inch in height.

When a property owner, lessee, or tenant presents a trapper identification number to the department for a trap found upon the property of the owner, lessee, or tenant and requests identification of the trapper, the department shall provide the requestor with the name and address of the trapper. Prior to disclosure of the trapper’s name and address, the department shall obtain the name and address of the requesting individual in writing and after disclosing the trapper’s name and address to the requesting individual, the requesting individual’s name and address shall be disclosed in writing to the trapper whose name and address was disclosed.

Any person who violates RCW 77.15.194 or 77.15.196 is guilty of a gross misdemeanor. In addition to appropriate criminal penalties, the director shall revoke the trapping license of any person convicted of a repeat violation of RCW 77.15.194 or 77.15.196. The director shall not issue the violator a trapping license for a period of five years following the revocation. ((Following a subsequent conviction for a violation of RCW 77.15.194 or 77.15.196 by the same person, the director shall not issue a trapping license to the person at any time)) A person may not be granted a new trapping license following a revocation under this section unless that person completes the education program outlined in RCW 77.65.460 not more than one year before a new license is granted.

NEW SECTION. Sec. 10. RCW 77.15.192 (Definitions) and 2001 c 1 s 2 are each repealed.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

(2) The special trapping permit authorized by this section may be issued upon a written finding by the director that a threat of injury to livestock exists, and may authorize the use, setting, placing, or maintenance of a padded leghold trap or a nonstrangling type foot snare for a period not to exceed thirty days in order to capture the identified coyote or coyotes.

(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required. These strategies must include at least the following:

The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

NEW SECTION. Sec. 2. (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services for children in out-of-home placement.

The report shall: Include data that demonstrates whether the pilot project reduced actual barriers to access to services; identify statutory and administrative barriers for kin who give care; and recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:
   (1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:
      (a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;
      (b) Monitor the implementation of recommendations contained in the 2002 kinship care report;
      (c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.
   (3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.
   (4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004.
   (5) This section expires January 1, 2005."

(f) Is the subject of an order, adjudication, or determination, after notice and opportunity for hearing, by the Securities and Exchange Commission, the Commodities Futures Trading Commission, the Federal Trade Commission, or a securities or insurance regulator of any state that the person has (willfully) violated the Securities Act of 1933, the Securities Exchange Act of 1934, the Investment Advisers Act of 1940, the Investment Company Act of 1940, the Commodities Exchange Act, the securities, insurance, or commodities law of any state, or a federal or state law under which a business involving investments, franchises, business opportunities, insurance, banking, or finance is regulated;

(g) Has engaged in dishonest or unethical practices in the securities or commodities business;

(h) Is insolvent, either in the sense that his or her liabilities exceed his or her assets or in the sense that he or she cannot meet his or her obligations as they mature; but the director may not enter an order against an applicant or registrant under this subsection (1)(h) without a finding of insolvency as to the applicant or registrant:

(i) Has not complied with a condition imposed by the director under RCW 21.20.100, or is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as otherwise provided in subsection (2) of this section;

(j) Has failed to supervise reasonably a salesperson or an investment adviser representative, or employee, if the salesperson, investment adviser representative, or employee was subject to the person’s supervision and committed a violation of this chapter or a rule adopted or order issued under this chapter. For the purposes of this subsection, no person fails to supervise reasonably another person, if:

(i) There are established procedures, and a system for applying those procedures, that would reasonably be expected to prevent and detect, insofar as practicable, any violation by another person of this chapter, or a rule or order under this chapter; and
(ii) The supervising person has reasonably discharged the duties and obligations required by these procedures and system without reasonable cause to believe that another person was violating this chapter or rules or orders under this chapter;

(k) Has failed to pay the proper filing fee within thirty days after being notified by the director of a deficiency, but the director shall vacate an order under this subsection (1)(k) when the deficiency is corrected;

(l) Within the past ten years has been found, after notice and opportunity for a hearing to have:

(i) Violated the law of a foreign jurisdiction governing or regulating the business of securities, commodities, insurance, or banking;

(2) The director, by rule or order, may require that an examination, including an examination developed or approved by an organization of securities administrators, be taken by any class of or all applicants. The director, by rule or order, may waive the examination as to a person or class of persons if the administrator determines that the examination is not necessary or appropriate in the public interest or for the protection of investors.

(3) The director may issue a summary order pending final determination of a proceeding under this section upon a finding that it is in the public interest and necessary or appropriate for the protection of investors.

(4) The director may not impose a fine under this section except after notice and opportunity for hearing. The fine imposed under this section may not exceed ($10,000) ten thousand dollars for each act or omission that constitutes the basis for issuing the order. If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director's order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order in the same manner as a judgment of the superior court. If a proceeding is pending, withdrawal becomes effective upon such conditions as the director, by order, determines. If no proceeding is pending or commenced and withdrawal automatically becomes effective, the administrator may nevertheless commence a revocation or suspension proceeding under subsection (1)(b) of this section within one year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(7) In any action under subsection (1) of this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

Whenever it appears to the director that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule or order hereunder, the director may in his or her discretion:
(1) Issue an order directing the person to cease and desist from continuing the act or practice and to take appropriate affirmative action within a reasonable period of time, as prescribed by the director, to correct conditions resulting from the act or practice including, without limitation, a requirement to provide restitution. The director may issue a ((temporary)) summary order pending the hearing which shall remain in effect until ten days after the hearing is held and which shall become final if the person to whom notice is addressed does not request a hearing within ((fifteen)) twenty days after the receipt of notice; or

(2) The director may without issuing a cease and desist order, bring an action in any court of competent jurisdiction to enjoin any such acts or practices and to enforce compliance with this chapter or any rule or order ((hereunder)) adopted under this chapter. The court may grant such ancillary relief, including a civil penalty, restitution, and disgorgement, as it deems appropriate. Upon a proper showing a permanent or temporary injunction, restraining order, or writ of mandamus shall be granted and a receiver or conservator may be appointed for the defendant or the defendant’s assets. The director may not be required to post a bond. If the director prevails, the director shall be entitled to a reasonable attorney’s fee to be fixed by the court.

(3) Whenever it appears to the director that any person who has received a permit to issue, sell, or otherwise dispose of securities under this chapter, whether current or otherwise, has become insolvent, the director may petition a court of competent jurisdiction to appoint a receiver or conservator for the defendant or the defendant’s assets. The director may not be required to post a bond.

(4) The director may bring an action for restitution or damages on behalf of the persons injured by a violation of this chapter, if the court finds that private civil action would be so burdensome or expensive as to be impractical.

(5) In any action under this section, the director may charge the costs, fees, and other expenses incurred by the director in the conduct of any administrative investigation, hearing, or court proceeding against any person found to be in violation of any provision of this section or any rule or order adopted under this section.

Sec. 6. RCW 21.20.395 and 1998 c 15 s 18 are each amended to read as follows:

(1) A person who, in an administrative action by the director, is found to have knowingly or recklessly violated any provision of this chapter, or any rule or order under this chapter, may be fined, after notice and opportunity for hearing, in an amount not to exceed ((five)) ten thousand dollars for each violation.

(3) The fines paid under subsections (1) and (2) of this section shall be deposited into the securities prosecution fund.

(4) If a petition for judicial review has not been timely filed under RCW 34.05.542(2), a certified copy of the director’s order requiring payment of the fine may be filed in the office of the clerk of the superior court in any county of this state. The clerk shall treat the order of the director in the same manner as a judgment of the superior court. The director’s order so filed has the same effect as a judgment of the superior court and may be recorded, enforced, or satisfied in like manner.

Sec. 7. RCW 9A.20.021 and 1982 c 192 s 10 are each amended to read as follows:

**SENATE AMENDMENTS TO HOUSE BILL**

April 15, 2003

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1444, with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 42.30.110 and 2001 c 216 s 1 are each amended to read as follows:
   (1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:
   (a) To consider matters affecting national security;
   (b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;
   (c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;
   (d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;
   (e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company.
   (f) To receive and evaluate complaints or charges brought against a public officer or employee. However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;
   (g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;
   (h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;
   (i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the
governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:

(A) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;

(B) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity; or

(C) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network’s ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;

(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would result in loss to such funds or in private loss to the providers of this information;

(l) To consider proprietary or confidential nonpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer.

Sec. 2. RCW 41.05.026 and 1991 c 79 s 1 are each amended to read as follows:

(4) The board of health may adopt rules necessary to implement subsection (2)(b) of this section.
(5) The secretary of health shall submit the completed state plan to the legislature by January 1, 2004. After the initial state plan is submitted, the department shall update the state plan biennially and shall submit the plan to the governor and make it available to other interested parties. The update and progress reports are due December 1, 2004, and every two years thereafter.
(6) The state plan recommendations described in subsection (2)(b) of this section shall be implemented by the secretary of health only to the extent that, and for as long as, federal or private funds are available for that purpose, including grants.
Sec. 2. RCW 49.60.172 and 1988 c 206 s 903 are each amended to read as follows:
(1) No person may require an individual to take an HIV test, as defined in chapter 70.24 RCW, or hepatitis C test, as a condition of hiring, promotion, or continued employment unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification for the job in question.
(2) No person may discharge or fail or refuse to hire any individual, or segregate or classify any individual in any way which would deprive or tend to deprive that individual of employment opportunities or adversely affect his or her status as an employee, or otherwise discriminate against any individual with respect to compensation, terms, conditions, or privileges of employment on the basis of the results of an HIV test or hepatitis C test unless the absence of HIV or hepatitis C infection is a bona fide occupational qualification of the job in question.
(3) The absence of HIV or hepatitis C infection as a bona fide occupational qualification exists when performance of a particular job can be shown to present a significant risk, as defined by the board of health by rule, of transmitting HIV or hepatitis C infection to other persons, and there exists no means of eliminating the risk by restructuring the job.
(4) For the purpose of this chapter, any person who is actually infected with HIV or hepatitis C, but is not disabled as a result of the infection, shall not be eligible for any benefits under the affirmative action provisions of chapter 49.74 RCW solely on the basis of such infection.
(5) Employers are immune from civil action for damages arising out of transmission of HIV or hepatitis C to employees or to members of the public unless such transmission occurs as a result of the employer’s gross negligence.

Sec. 3. RCW 49.60.174 and 1997 c 271 s 6 are each amended to read as follows:
(1) For the purposes of determining whether an unfair practice under this chapter has occurred, claims of discrimination based on actual or perceived HIV or hepatitis C infection shall be evaluated in the same manner as other claims of discrimination based on sensory, mental, or physical disability; or the use of a trained dog guide or service animal by a disabled person.
(2) Subsection (1) of this section shall not apply to transactions with insurance entities, health service contractors, or health maintenance organizations subject to RCW 49.60.030(1)(e) or 49.60.178 to prohibit fair discrimination on the basis of actual HIV or actual hepatitis C infection status when bona fide statistical differences in risk or exposure have been substantiated.
(3) For the purposes of this chapter:
(a) "HIV" means the human immunodeficiency virus, and includes all HIV and HIV-related viruses which damage the cellular branch of the human immune system and leave the infected person immunodeficient;
(b) "Hepatitis C" means the hepatitis C virus of any genotype.

NEW SECTION. Sec. 4. A new section is added to chapter 50.20 RCW to read as follows:
(1) Credentialed health care professionals listed in RCW 18.130.040 shall be deemed to be dislocated workers for the purpose of commissioner approval of training under RCW 50.20.043 if they are unemployed as a result of contracting hepatitis C in the course of employment and are unable to continue to work in their profession because of a significant risk that such work would pose to other persons and that risk cannot be eliminated.
(2) For purposes of subsection (1) of this section, a health care professional who was employed on a full-time basis in their profession shall be presumed to have contracted hepatitis C in the course of employment. This presumption may be rebutted by a preponderance of the evidence that demonstrates that the health care professional contracted hepatitis C as a result of activities or circumstances not related to employment.

NEW SECTION. Sec. 5. Section 1 of this act does not create a private right of action."

SENATE AMENDMENTS TO HOUSE BILL

April 17, 2003

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1376, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.03.250 and 1987 c 109 s 83 are each amended to read as follows:

(1) Any person, municipal corporation, firm, irrigation district, association, corporation, or water users' association hereafter desiring to appropriate water for a beneficial use shall make an application to the department for a permit to make such appropriation, and shall not use or divert such waters until he or she has received a permit from the department as in this chapter provided. The construction of any ditch, canal, or works, or performing any work in connection with said construction or appropriation, or the use of any waters, shall not be an appropriation of such water nor an act for the purpose of appropriating water unless a permit to make said appropriation has first been granted by the department.

(2) A temporary permit may be granted upon a proper showing made to the department to be valid only during the pendency of such application for a permit unless sooner revoked by the department.

(3) Nothing in this chapter shall be deemed to affect RCW 90.40.010 through 90.40.080 except that the notice and certificate provided for in RCW 90.40.030 shall be addressed to the department, and the department shall exercise the powers and perform the duties prescribed by RCW 90.40.030.

(4) No permit is required to capture or use water in rain barrels, cisterns, constructed ponds, or other storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be transferred to or used in a water resource inventory area (WRIA), as defined in RCW 90.82.020, other than the water resource inventory area in which the water is captured, and may not be stored in a manner that creates a public nuisance as specified in RCW 17.28.170.

Sec. 2. RCW 90.03.370 and 2002 c 329 s 10 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir
shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with
the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as
its source of water supply and shall show documentary evidence that an agreement has been entered into with the
owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the
purposes set forth in said application. When the beneficial use has been completed and perfected under the
secondary permit, the department shall take the proof of the water users under such permit and the final
certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the
reservoir described in the primary permit. The department may accept for processing a single application form
covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that
reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal
of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a
reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any
naturally occurring underground geological formation where water is collected and stored for subsequent use as
part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an
underground geological formation must meet standards for review and mitigation of adverse impacts identified,
for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial
storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of
RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each
underground geological formation for which an applicant seeks the status of a reservoir shall be through
applicant-initiated studies reviewed by the department.

(3) For the purposes of this section, "underground artificial storage and recovery project" means any
project in which it is intended to artificially store water in the ground through injection, surface spreading and
infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a)
this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the
irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an
irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and
(b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction,
operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the
irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water
subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of
permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and
standards for mitigation developed under subsection (3) of this section and on the status of any applications that
have been filed with the department for underground artificial storage and recovery projects by that date.

(6) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet
multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than
once per season of use.

(7) No permit is required to capture or use water in rain barrels, cisterns, constructed ponds, or other
storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public
facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be
transferred to or used in a water resource inventory area (WRIA), as defined in RCW 90.82.020, other than the
water resource inventory area in which the water is captured, and may not be stored in a manner that creates a
public nuisance as specified in RCW 17.28.170.

(8) This section does not apply to facilities to recapture and reuse return flow from irrigation operations
serving a single farm under an existing water right as long as the acreage irrigated is not increased beyond the
acreage allowed to be irrigated under the water right that applies to the property.
(9) In addition to the facilities exempted under subsection (8) of this section, this section does not apply to small irrigation impoundments. For purposes of this subsection, "small irrigation impoundments" means surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season; however, the limitations of this subsection (9) apply to such a carry over."

On page 1, line 2 of the title, after "requirements;" strike the remainder of the title and insert "and amending RCW 90.03.250 and 90.03.370."

and the same is herewith transmitted.

Milt H. Doumit, Secretary

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED HOUSE BILL NO. 1376 and asked the Senate to recede therefrom.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79A.05.380 and 1993 c 182 s 1 are each amended to read as follows:
The legislature recognizes the increase in water-oriented recreation by users of human and wind-powered, beachable vessels such as kayaks, canoes, or day sailors on Washington's waters. These recreationists frequently require overnight camping facilities along the shores of public or private beaches. The legislature now creates a water trail recreation program, to be administered by the Washington state parks and recreation commission. The legislature recognizes that the effort to develop water trail sites is a continuing need and that the commission provides beneficial expertise and consultation to water trail user groups, agencies, and private landowners for the existing Cascadia marine trail and Willapa Bay water trail.

(2) (Provide and issue, upon payment of the proper fee, with the assistance of those authorized agents as may be necessary for the convenience of the public, water trail permits to utilize designated water trail facilities.)

The commission may, after consultation with the water trail advisory committee, adopt rules authorizing the development of water trail sites in this state.

POINT OF ORDER

Representative Simpson requested a scope and object ruling on the Senate amendment to Substitute House Bill No. 1335.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): "Substitute House Bill No. 1335 is an act relating to the "water trail recreation program". The bill eliminates the water trail permit, Water Trail Advisory Committee and Water Trail Program Account.

The Senate amendment authorizes the transfer of certain state parks lands. The amendment is unrelated to the purpose of the underlying bill and is clearly beyond its scope and object.

Representative Simpson, your point of order is well taken."

There being no objection, the House refused to concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1335 and asked the Senate to recede therefrom.

MOTIONS

On motion of Representative Clements, Representatives McDonald and Pflug were excused. On motion of Representative Santos, Representatives Edwards, Grant, Kessler, McIntire and Sullivan were excused.

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1057, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state’s commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries' violations seriously. When dealing with individuals convicted of only one violation, the license suspension
Sec. 2. RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:
The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:
(1) If directed by statute for an offense;
(2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife. Such suspension of privileges may be permanent. This subsection (2) does not apply to violations involving commercial fishing;
(3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;
(4) If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all recreational hunting and fishing privileges for two years((4));
(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person's commercial fishing privileges for one year. A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension).

NEW SECTION. Sec. 3. A new section is added to chapter 77.15 RCW to read as follows:
(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person's privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishery license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternative operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishery license.
(2) For the purposes of this section only, "qualifying commercial fishing violation" means either:
(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.540, 77.15.570, 77.15.580, or 77.15.590;
(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;
(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvest, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued under this title, if:
(i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation and has a cumulative value greater than five hundred dollars; or (ii) the quantity, by weight, of the unlawfully commercially harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over-fished by the national marine fisheries service; or
(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals greater than six percent of the harvest available for inspection at the time of citation; and (ii) totals fifty or more individual shellfish.
(3)(a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual's license renewal privileges.
(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee.
(c) For the purposes of this section only, "egregious shellfish violation" means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.
(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed.
within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty-one days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.

(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.

(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

NEW SECTION. Sec. 4. A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.

(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.

(b) Two of the members must be appointed by the director and may be department employees.

(c) Three members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer-group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.

(d) All license suspension review committee members serve a two-year renewable term.

(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.

(3) The license suspension review committee must convene and deliver an opinion on a license renewal suspension within three months of appeal or of referral from the department. The director shall consider the committee’s opinion and make a decision and may issue, not issue, or modify the license suspension.

(4) The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

(5) All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

(6) Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(7) Staff of the license suspension review committee must be provided by the department.

Sec. 5. RCW 77.65.030 and 2001 c 244 s 2 are each amended to read as follows:

The application deadline for a commercial license or permit established in this chapter is December 31st of the calendar year for which the license or permit is sought. The department shall accept no license or permit applications after December 31st of the calendar year for which the license or permit is sought. The application deadline in this section does not apply to a license or permit that has not been renewed because of the death or incapacity of the license or permit holder. The license or permit holder’s surviving spouse, estate, ((ee)) estate beneficiary, attorney in fact, or guardian must be given ((a reasonable opportunity)) an additional one hundred eighty days to renew the license or permit.

NEW SECTION. Sec. 6. Section 5 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

On page 1, line 1 of the title, after "violations;" strike the remainder of the title and insert "amending RCW 77.15.700 and 77.65.030; adding new sections to chapter 77.15 RCW; creating a new section; and declaring an emergency.”

and the same is herewith transmitted.

(However, the fee shall in no case be less than one dollar) The commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this section. Any railroad association that qualifies as a not-for-profit charitable organization under the federal internal revenue code section 501(c)(3) is exempt from the fee required under this subsection.

(However, the fee paid shall in no case be less than two dollars and fifty cents) The commission may, by rule, set minimum fees that do not exceed the cost of collecting the fees. The commission may by rule waive any or all of the minimum fee established pursuant to this section.

(2) The percentage rate of gross operating revenue to be paid in any one year may be decreased by the commission by general order entered before the fifteenth day of the month preceding the month in which the fee is due.

All fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be by it transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund."

In line 2 of the title, after "fees;" strike the remainder of the title and insert "and amending RCW 80.24.010, 81.24.010, 81.24.020, 81.24.030, and 81.77.080."

"Sec. 1. RCW 9.94A.728 and 2002 c 290 s 21 and 2002 c 50 s 2 are each reenacted and amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(b)(i) In the case of an offender who qualifies under (b)(ii) of this subsection, the aggregate earned release time may not exceed fifty percent of the sentence.

(ii) An offender is qualified to earn up to fifty percent of aggregate earned release time under this subsection (1)(b) if he or she:

(A) Is classified in one of the two lowest risk categories under (b)(iii) of this subsection;
(B) Is not confined pursuant to a sentence for:
   (I) A sex offense;
   (II) A violent offense;
   (III) A crime against persons as defined in RCW 9.94A.411;
   (IV) A felony that is domestic violence as defined in RCW 10.99.020;
   (V) A violation of RCW 9A.52.025 (residential burglary);
   (VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or
   (VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor); and

(C) Has no prior conviction for:
   (I) A sex offense;
   (II) A violent offense;
   (III) A crime against persons as defined in RCW 9.94A.411;
   (IV) A felony that is domestic violence as defined in RCW 10.99.020;
   (V) A violation of RCW 9A.52.025 (residential burglary);
   (VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or
   (VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor).

(iii) For purposes of determining an offender’s eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW 9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine, or a violation of, or
an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor). The department must classify each assessed offender in one of four risk categories between highest and lowest risk.

The department shall recalculate the earned release time and reschedule the expected release dates for each qualified offender under this subsection (1)(b).

This subsection (1)(b) applies retroactively to eligible offenders serving terms of total confinement in a state correctional facility as of the effective date of this section.

(c) In no other case shall the aggregate earned release time exceed one-third of the total sentence;

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender’s release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department’s authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody or community placement;

The department may revoke an extraordinary medical placement under this subsection at any time((v));

Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.
NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:
The legislature declares that the changes to the maximum percentages of earned release time in this act do not create any expectation that the percentage of earned release time cannot be revised and offenders have no reason to conclude that the maximum percentage of earned release time is an entitlement or creates any liberty interest. The legislature retains full control over the right to revise the percentages of earned release time available to offenders at any time. This section applies to persons convicted on or after the effective date of this section.

NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

(3) The department is not authorized to, and may not, supervise any offender sentenced to a term of community custody, community placement, or community supervision unless the offender is one for whom supervision is required under subsection (2) of this section.
(4) This section expires July 1, 2010.

Sec. 4. RCW 9.94A.700 and 2002 c 175 s 13 are each amended to read as follows:
When a court sentences an offender to a term of total confinement in the custody of the department for any of the offenses specified in this section, the court shall also sentence the offender to a term of community placement as provided in this section. Except as provided in section 3 of this act, the department shall supervise any sentence of community placement imposed under this section.
(1) The court shall order a one-year term of community placement for the following:
(a) A sex offense or a serious violent offense committed after July 1, 1988, but before July 1, 1990; or

(3) The community placement ordered under this section shall begin either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release.

When the court sentences an offender to the statutory maximum sentence then the community placement portion of the sentence shall consist entirely of the community custody to which the offender may become eligible. Any period of community custody actually served shall be credited against the community placement portion of the sentence.

(4) Unless a condition is waived by the court, the terms of any community placement imposed under this section shall include the following conditions:
   (a) The offender shall report to and be available for contact with the assigned community corrections officer as directed;
   (b) The offender shall work at department-approved education, employment, or community restitution, or any combination thereof;
   (c) The offender shall not possess or consume controlled substances except pursuant to lawfully issued prescriptions;
   (d) The offender shall pay supervision fees as determined by the department; and
   (e) The residence location and living arrangements shall be subject to the prior approval of the department during the period of community placement.

(5) As a part of any terms of community placement imposed under this section, the court may also order one or more of the following special conditions:

(7) Prior to or during community placement, upon recommendation of the department, the sentencing court may remove or modify any conditions of community placement so as not to be more restrictive.

Sec. 5. RCW 9.94A.705 and 2000 c 28 s 23 are each amended to read as follows:
Except for persons sentenced under RCW 9.94A.700(2) or 9.94A.710, when a court sentences a person to a term of total confinement to the custody of the department for a violent offense, any crime against persons under RCW 9.94A.411(2), or any felony offense under chapter 69.50 or 69.52 RCW not sentenced under RCW 9.94A.660, committed on or after July 25, 1999, but before July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to a one-year term of community placement beginning either upon completion of the term of confinement or at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2). When the court sentences the offender under this section to the statutory maximum period of confinement, then the community placement portion of the sentence shall consist entirely of such community custody to which the offender may become eligible, in accordance with RCW 9.94A.728 (1) and (2). Any period of community custody actually served shall be credited against the community placement portion of the sentence. Except as provided in section 3 of this act, the department shall supervise any sentence of community placement or community custody imposed under this section.

Sec. 6. RCW 9.94A.715 and 2001 2nd sp. s. c 12 s 302 are each amended to read as follows:
(1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer. The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program. Except as provided in section 3 of this act, the department shall supervise any sentence of community custody imposed under this section.
(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender’s risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender’s risk of reoffense and may establish and modify additional conditions of the offender’s community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

(5) At any time prior to the completion or termination of a sex offender’s term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender’s term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender’s term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender’s compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender’s risk of reoffending; or (c) the safety of the community.

Sec. 7. RCW 9.94A.720 and 2002 c 175 s 14 are each amended to read as follows:

(1)(a) Except as provided in section 3 of this act, all offenders sentenced to terms involving community supervision, community restitution, community placement, or community custody ((or legal financial obligation)) shall be under the supervision of the department and shall follow explicitly the instructions and conditions of the department. The department may require an offender to perform affirmative acts it deems appropriate to monitor compliance with the conditions of the sentence imposed. The department may only supervise the offender’s compliance with payment of legal financial obligations during any period in which the department is authorized to supervise the offender in the community under section 3 of this act.

(b) The instructions shall include, at a minimum, reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, notifying the community corrections officer of any change in the offender’s address or employment, and paying the supervision fee assessment.

(c) For offenders sentenced to terms involving community custody for crimes committed on or after June 6, 1996, the department may include, in addition to the instructions in (b) of this subsection, any appropriate conditions of supervision, including but not limited to, prohibiting the offender from having contact with any other specified individuals or specific class of individuals.

(d) For offenders sentenced to terms of community custody for crimes committed on or after July 1, 2000, the department may impose conditions as specified in RCW 9.94A.715.

The conditions authorized under (c) of this subsection may be imposed by the department prior to or during an offender’s community custody term. If a violation of conditions imposed by the court or the department pursuant to RCW 9.94A.710 occurs during community custody, it shall be deemed a violation of community placement for the purposes of RCW 9.94A.740 and shall authorize the department to transfer an offender to a more restrictive confinement status as provided in RCW 9.94A.737. At any time prior to the completion of an offender’s term of community custody, the department may recommend to the court that any or
all of the conditions imposed by the court or the department pursuant to RCW 9.94A.710 or 9.94A.715 be continued beyond the expiration of the offender's term of community custody as authorized in RCW 9.94A.715 (3) or (5).

The department may require offenders to pay for special services rendered on or after July 25, 1993, including electronic monitoring, day reporting, and telephone reporting, dependent upon the offender’s ability to pay. The department may pay for these services for offenders who are not able to pay.

(2) No offender sentenced to terms involving community supervision, community restitution, community custody, or community placement under the supervision of the department may own, use, or possess firearms or ammunition. Offenders who own, use, or are found to be in actual or constructive possession of firearms or ammunition shall be subject to the violation process and sanctions under RCW 9.94A.634, 9.94A.737, and 9.94A.740. “Constructive possession” as used in this subsection means the power and intent to control the firearm or ammunition. “Firearm” as used in this subsection has the same definition as in RCW 9.41.010.

An offender shall be on community custody as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community custody shall toll.*

hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. (However, the amount transferred to the criminal justice treatment account shall not exceed the limit of eight million two hundred fifty thousand dollars per fiscal year. After the first fiscal year in which the amount to be transferred equals or exceeds eight million two hundred fifty thousand dollars, this limit) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(4)(b) For the fiscal biennium beginning July 1, 2003, and each biennium thereafter, the state treasurer shall transfer (twenty-five percent of the amount reported in (b) of this subsection) two million nine hundred eighty-four thousand dollars from the general fund into the violence reduction and drug enforcement account, divided into eight quarterly payments. The amounts transferred pursuant to this subsection (4)((4)(b) shall be used solely for providing drug and alcohol treatment services to offenders confined in a state correctional facility (receiving a reduced sentence as a result of implementation of chapter 290, Laws of 2002 and) who are assessed with an addiction or a substance abuse problem that if not treated would result in addiction. (Any excess funds remaining after providing drug and alcohol treatment services to offenders receiving a reduced sentence as a result of implementation of chapter 290, Laws of 2002 may be expended to provide treatment for offenders confined in a state correctional facility and who are assessed with an addiction or a substance abuse problem that contributed to the crime.

(4)(c) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (((4)(4)) (a) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)((4)(c) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)((4)(c) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the division from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the sentencing guidelines commission, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges’ association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance abuse treatment providers, and any other person deemed by the division to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the division from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The division shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges’ association, the Washington state association of counties, the Washington defender’s association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance abuse treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 70.96A.090 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.28.170(3)(b).
NEW SECTION. Sec. 12. The Washington state institute for public policy shall study the results of the changes in earned release under section 1 of this act. The study shall determine whether the changes in earned release affect the rate of recidivism or the type of offenses committed by persons whose release dates were affected by the changes in this act. The Washington state institute for public policy shall report its findings to the governor and the appropriate committees of the legislature no later than December 1, 2008.

NEW SECTION. Sec. 13. The legislature intends to revise and improve the processes for billing and collecting legal financial obligations. The purpose of sections 13 through 27 of this act is to respond to suggestions and requests made by county government officials, and in particular county clerks, to assume the collection of such obligations in cooperation and coordination with the department of corrections and the administrative office for the courts. The legislature undertakes this effort following a collaboration between local officials, the department of corrections, and the administrative office for the courts. The intent of sections 13 through 27 of this act is to promote an increased and more efficient collection of legal financial obligations and, as a result, improve the likelihood that the affected agencies will increase the collections which will provide additional benefits to all parties and, in particular, crime victims whose restitution is dependent upon the collections.

Sec. 14. RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender’s monthly payment amount, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim’s child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender’s release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims’ assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court’s jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender’s compliance with payment of the legal financial obligations, until the

Sec. 14. RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender’s monthly payment amount, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim’s child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender’s release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims’ assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court’s jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender’s compliance with payment of the legal financial obligations, until the
obligation is completely satisfied, regardless of the statutory maximum for the crime. The department ((of corrections shall))) may only supervise the offender’s compliance with payment of the legal financial obligations ((for ten years following the entry of the judgment and sentence, or ten years following the offender’s release from total confinement, whichever period ends later)) during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(7) (a) During the period of supervision, the department may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(8) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department ((is)) and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94A.634, 9.94A.737, or 9.94A.740.

(11) (a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(b) Beginning January 1, 2004, the administrative office of the courts shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation.

(c) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(d) The county clerk shall provide the ((department with)) administrative office of the courts with notice of payments by such offenders no less frequently than weekly.
(e) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(12) The department (may) shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk((may)). The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility for collection pursuant to subsection (4) of this section. The costs for collection services shall be paid by the offender.

(13) Nothing in this chapter makes the department, the state, the counties, or any ((of its)) state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 15. RCW 9.94A.750 and 2000 c 28 s 32 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender’s present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender’s gain or the victim’s loss from the commission of the offense.

(4) For the purposes of this section, the offender shall remain under the court’s jurisdiction for a term of ten years following the offender’s release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. (If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period.) The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during either the initial ten-year period or subsequent ten-year period if the criminal judgment is extended, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender’s compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under

the court's jurisdiction until the offender has satisfied support obligations under the superior court or administrative order but not longer than a maximum term of twenty-five years following the offender's release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender's compliance with the restitution ordered under this subsection.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim.

Sec. 16. RCW 9.94A.753 and 2000 c 226 s 3 and 2000 c 28 s 33 are each reenacted and amended to read as follows:

This section applies to offenses committed after July 1, 1985.

(1) When restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days except as provided in subsection (7) of this section. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender's present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payment schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

(3) Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender's gain or the victim's loss from the commission of the crime.

(4) For the purposes of this section, for an offense committed prior to July 1, 2000, the offender shall remain under the court's jurisdiction for a term of ten years following the offender's release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court's jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms, and conditions during any period of time the offender remains under the court's jurisdiction, regardless of the expiration of the offender's term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender's compliance with the restitution shall be supervised by the department (for ten years following the entry of the judgment and sentence or ten years following the offender's release from total confinement. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction) only during any period which the department is authorized to supervise the offender in the community under RCW 9.94A.728, section 3 of this act, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is responsible for supervision of the offender only during confinement and authorized supervision and not during any subsequent period in which the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section unless
extraordinary circumstances exist which make restitution inappropriate in the court’s judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under the court’s jurisdiction until the offender has satisfied support obligations under the superior court or administrative order for the period provided in RCW 4.16.020 or a maximum term of twenty-five years following the offender’s release from total confinement or a maximum term of five years subsequent to the entry of the judgment and sentence, whichever period is longer. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The department shall supervise the offender’s compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims’ compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims’ compensation act, the department of labor and industries, as administrator of the crime victims’ compensation program, may petition the court within one year of entry of the judgment and sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim.

NEW SECTION. Sec. 17. A new section is added to chapter 9.94A RCW to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of community placement, community custody, or community supervision, or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of community placement, community custody, or community supervision, the department shall notify the administrative office of the courts of the termination of the offender’s supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The secretary of corrections and the administrator for the courts shall enter into an interagency agreement to facilitate the electronic transfer of information about offenders, unpaid obligations, and payees to carry out the purposes of this section.

Sec. 18. RCW 9.94A.780 and 1991 c 104 s 1 are each amended to read as follows:

(1) Whenever a punishment imposed under this chapter requires supervision services to be provided, the offender shall pay to the department of corrections the monthly assessment, prescribed under subsection (2) of this section, which shall be for the duration of the terms of supervision and which shall be considered as payment or part payment of the cost of providing supervision to the offender. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

(d) The offender’s age prevents him or her from obtaining employment.
(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.

(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that shall vary in accordance with the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars nor more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.

(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement with the department under that section, whether before or after the completion of any period of community placement, community custody, or community supervision, the clerk may impose a monthly or annual assessment for the cost of collections. The amount of the assessment shall not exceed the actual cost of collections. The county clerk may exempt or defer payment of all or part of the assessment based upon any of the factors listed in subsection (1) of this section. The offender shall pay the assessment under this subsection to the county clerk who shall apply it to the cost of collecting legal financial obligations under RCW 9.94A.760.

Sec. 19. RCW 9.94A.637 and 2002 c 16 § 2 are each amended to read as follows:

(1) (a) When an offender has completed all requirements of the sentence, including any and all legal financial obligations, and while under the custody and supervision of the department, the secretary or the secretary’s designee shall notify the sentencing court, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(b) (i) When an offender has reached the end of his or her supervision with the department and has completed all requirements of the sentence except his or her legal financial obligations, the secretary’s designee shall provide the county clerk with a notice that the offender has completed all nonfinancial requirements of the sentence.

(ii) When the department has provided the county clerk with notice that an offender has completed all the requirements of the sentence and the offender subsequently satisfies all legal financial obligations under the sentence, the county clerk shall notify the sentencing court, including the notice from the department, which shall discharge the offender and provide the offender with a certificate of discharge by issuing the certificate to the offender in person or by mailing the certificate to the offender’s last known address.

(2) The court shall send a copy of every signed certificate of discharge to the auditor for the county in which the court resides and to the department. The department shall create and maintain a database containing the names of all felons who have been issued certificates of discharge, the date of discharge, and the date of conviction and offense.

(3) An offender who is not convicted of a violent offense or a sex offense and is sentenced to a term involving community supervision may be considered for a discharge of sentence by the sentencing court prior to the completion of community supervision, provided that the offender has completed at least one-half of the term of community supervision and has met all other sentence requirements.

(4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender’s prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender’s prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender’s obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

(6) Upon release from custody, the offender may apply to the department for counseling and help in adjusting to the community. This voluntary help may be provided for up to one year following the release from custody.

NEW SECTION. Sec. 20. A new section is added to chapter 36.23 RCW to read as follows:

The Washington association of county officials, in consultation with county clerks, shall determine a funding formula for allocation of moneys to counties for purposes of collecting legal financial obligations, and report this formula to the legislature and the administrative office of the courts by September 1, 2003. The
Washington association of county officials shall report on the amounts of legal financial obligations collected by the county clerks to the appropriate committees of the legislature no later than December 1, 2004, and annually thereafter.

The administrative office of the courts shall not deduct any amount for indirect or direct costs, and shall distribute the entire amount appropriated by the legislature to the counties for county clerk collection budgets. The administrative office of the courts shall report on the amounts distributed to counties to the appropriate committees of the legislature no later than December 1, 2003, and annually thereafter.

The administrative office of the courts may expend for the purposes of billing for legal financial obligations, such funds as are appropriated for the legislature for this purpose.

NEW SECTION.  Sec. 22. A new section is added to chapter 9.94A RCW to read as follows:

Notwithstanding any other provision of state law, monthly payment or starting dates set by the court or the department before or after the effective date of this section shall not be construed as a limitation on the due date or amount of legal financial obligations, which may be immediately collected by civil means. Monthly payments and commencement dates are to be construed to be applicable solely as a limitation upon the deprivation of an offender’s liberty for nonpayment.

Sec. 23.  RCW 4.56.100 and 1997 c 358 s 4 are each amended to read as follows:

(1) When any judgment for the payment of money only shall have been paid or satisfied, the clerk of the court in which such judgment was rendered shall note upon the record in the execution docket satisfaction thereof giving the date of such satisfaction upon either the payment to such clerk of the amount of such judgment, costs and interest and any accrued costs by reason of the issuance of any execution, or the filing with such clerk of a satisfaction entitled in such action and identifying the same executed by the judgment creditor or his or her attorney of record in such action or his or her assignee acknowledged as deeds are acknowledged. The clerk has the authority to note the satisfaction of judgments for criminal and juvenile legal financial obligations when the clerk’s record indicates payment in full or as directed by the court. Every satisfaction of judgment and every partial satisfaction of judgment which provides for the payment of money shall clearly designate the judgment creditor and his or her attorney if any, the judgment debtor, the amount or type of satisfaction, whether the satisfaction is full or partial, the cause number, and the date of entry of the judgment. A certificate by such clerk of the entry of such satisfaction by him or her may be filed in the office of the clerk of any county in which an abstract of such judgment has been filed. When so satisfied by the clerk or the filing of such certificate the lien of such judgment shall be discharged.

(2) The department of social and health services shall file a satisfaction of judgment for welfare fraud conviction if a person does not pay money through the clerk as required under subsection (1) of this section.

((3) The department of corrections shall file a satisfaction of judgment if a person does not pay money through the clerk’s office as required under subsection (1) of this section.))

The provisions of sections 13 through 27 of this act apply to all offenders currently, or in the future, subject to sentences with unsatisfied legal financial obligations. The provisions of sections 13 through 27 of this act do not change the amount of any legal financial obligation or the maximum term for which any offender is, or may be, under the jurisdiction of the court for collection of legal financial obligations.

(1)(a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to twenty-four, consisting of up to fifteen transitional beds (shall be limited to fifteen) and up to nine pretransitional beds. The residents occupying these transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than fifteen residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the fifteen residents so designated, along with their photographs and physical descriptions, and the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.
(b) For purposes of this subsection, "transitional beds" means beds only for residents (in halfway house status) who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2)(a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1)(a)(i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility transitioned pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) In consultation with the joint select committee established in section 225, chapter 12, Laws of 2001 2nd sp. sess. (1) Develop and publish policy guidelines for the siting and operation of secure community transition facilities (by October 1, 2001; and

(c) Provide a status report to the appropriate committees of the legislature by December 1, 2002, on the development of facilities under the incentive program established in RCW 71.09.255. The report shall include a projection of the anticipated number of secure community transition facility beds that will become operational between May 2004 and May 2007. If it appears that an insufficient number of beds will be operational, the department's report shall recommend a progression of methods to facilitate siting in counties and cities including, if necessary, preemption of local land use planning process and other laws).

(7)(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.
(9)(a) "Equitable distribution" means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and
(b) "Jurisdiction" means a city, town, or geographic area of a county in which (district) distinct political or judicial authority may be exercised.

Sec. 4. RCW 71.09.275 and 2001 2nd sp.s. c 12 s 211 are each amended to read as follows:

**SENATE AMENDMENTS TO HOUSE BILL**

April 10, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2088 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.67.020 and 1997 c 447 s 8 are each amended to read as follows:

(1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits((.\(\text{.}\))) Every city and town has full jurisdiction and authority to manage, regulate, and control them and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

((4))) (a) The difference in cost of service and facilities to the various customers;

((4))) (b) The location of the various customers within and without the city or town;

((4))) (c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;

((4))) (d) The different character of the service and facilities furnished various customers;

((4))) (e) The quantity and quality of the sewage delivered and the time of its delivery;

((4))) (f) The achievement of water conservation goals and the discouragement of wasteful water use practices;

((4))) (g) Capital contributions made to the system, including but not limited to, assessments;

((4))) (h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

((4))) (i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 2. RCW 35.92.020 and 1997 c 447 s 9 are each amended to read as follows:

A city or town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

- (a) The difference in cost of service and facilities to customers;
- (b) The location of customers within and without the city or town;
- (c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;
- (d) The different character of the service and facilities furnished to customers;
- (e) The quantity and quality of the sewage delivered and the time of its delivery;
- (f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;
- (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
- (h) Any other factors that present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 3. RCW 36.89.080 and 1998 c 74 s 1 are each amended to read as follows:

In fixing rates and charges, the county legislative authority may in its discretion consider:

- (a) Services furnished or to be furnished;
- (b) Benefits received or to be received;
- (c) The character and use of land or its water runoff characteristics;
- (d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;
- (e) Income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or
- (f) Any other matters which present a reasonable difference as a ground for distinction.

2. The rate a county may charge under this section for storm water control facilities shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.
(3) Rates and charges authorized under this section may not be imposed on lands taxed as forest land under chapter 84.33 RCW or as timber land under chapter 84.34 RCW.

(4) The service charges and rates collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of all or any portion of any issue of general obligation or revenue bonds issued for such purpose.

Sec. 4. RCW 36.94.140 and 1997 c 447 s 12 are each amended to read as follows:

(1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it (and). Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(a) The difference in cost of service to the various customers within or without the area;

(b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(c) The different character of the service and facilities furnished various customers;

(d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(e) Capital contributions made to the system or systems, including, but not limited to, assessments;

(f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a county may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

Sec. 5. RCW 57.08.005 and 1999 c 153 s 2 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by the county shall have full jurisdiction and authority to fix, alter, regulate, and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district’s system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing
water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may construct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or
surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district’s system of sewers to connect their private drain and sewer systems with the district’s system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district’s systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer’s services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district’s sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district’s purposes and fix salaries and any bond requirements for those employees;

(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner’s discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;
Sec. 6. RCW 57.08.081 and 1999 c 153 s 11 are each amended to read as follows:

(1) Subject to RCW 57.08.005(6), the commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and facilities.

(2) In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. Prior to furnishing services, a district may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(3) The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district’s bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

(4) The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys’ fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

(5) In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of thirty days.

(6) A district may determine how to apply partial payments on past due accounts.

(7) A district may provide a real property owner or the owner’s designee with duplicate bills for service to tenants, or may notify an owner or the owner’s designee that a tenant’s service account is delinquent. However, if an owner or the owner’s designee notifies the district in writing that a property served by the district is a rental property, asks to be notified of a tenant’s delinquency, and has provided, in writing, a complete and accurate mailing address, the district shall notify the owner or the owner’s designee of a tenant’s delinquency at the same time and in the same manner the district notifies the tenant of the tenant’s delinquency or by mail. When a district provides a real property owner or the owner’s designee with duplicates of tenant utility service bills or notice that a tenant’s utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner’s designee. After January 1, 1999, if a district fails to notify the owner of a tenant’s delinquency after receiving a written request to do so and after receiving the other information required by this subsection (7), the district shall have no lien against the premises for the tenant’s delinquent and unpaid charges.

Sec. 7. RCW 84.33.210 and 2001 c 249 s 6 are each amended to read as follows:
(1) Any land that is designated as forest land under this chapter at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which the land is included or would have been included but for the designation, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have included the land but for the designation, shall be exempt from special benefit assessments, charges in lieu of assessment, or rates and charges for storm water control facilities under RCW 36.89.080 for such purposes as long as that land remains designated as forest land, except as otherwise provided in RCW 84.33.250.

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided under the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes designated forest land shall be filed with the assessor and the legislative authority of the county in which the land is located. The assessor, upon receiving notice of the creation of a local improvement district, shall send a notice to the owners of the designated forest lands listed on the tax rolls of the applicable treasurer of:

(a) The creation of the local improvement district;
(b) The exemption of that land from special benefit assessments;
(c) The fact that the designated forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and
(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from designated forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which designated forest land has been exempted under this section, it shall file a notice of this action with the assessor and the legislative authority of the county in which the land is located and with the treasurer of that local government. The notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been exempted. The filing of the notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that the exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if the land is removed from its designation as forest land.

(4) The owner of the land exempted from special benefit assessments under this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure to file this copy shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to the exempted land.

Sec. 8. RCW 86.15.160 and 1986 c 278 s 60 are each amended to read as follows:

For the purposes of this chapter the supervisors may authorize:

(1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054;
(2) An assessment upon property, including state property, specially benefited by flood control improvements or storm water control improvements imposed under chapter 86.09 RCW;
(3) Within any zone or participating zones an annual ad valorem property tax levy of not to exceed fifty cents per thousand dollars of assessed value when the levy will not take dollar rates that other taxing districts may lawfully claim and that will not cause the combined levies to exceed the constitutional and/or statutory limitations, and the additional levy, or any portion thereof, may also be made when dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies;
(4) A charge, under RCW 36.89.080, for the furnishing of service to those who are receiving or will receive benefits from storm water control facilities and who are contributing to an increase in surface water runoff. The rate or charge imposed under this section shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested;
(5) Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state and state property, shall be liable for the charges to the same extent a private person and privately owned property is liable for the charges, and in setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;
(6) The creation of local improvement districts and utility local improvement districts, the issuance of improvement district bonds and warrants, and the imposition, collection, and enforcement of special
assessments on all property, including any state-owned or other publicly-owned property, specially benefited from improvements in the same manner as provided for counties by chapter 36.94 RCW."

On page 1, line 1 of the title, after "charges;" strike the remainder of the title and insert "and amending RCW 35.67.020, 35.92.020, 36.89.080, 36.94.140, 57.08.005, 57.08.081, 84.33.210, and 86.15.160."

ENGROSSED SENATE BILL NO. 5389, By Senators Benton, Prentice, Winsley, Reardon, Roach, Shin, Zarelli, Regala and T. Sheldon

Managing clean and sober housing.

Representative Veloria moved the adoption of the following amendment (499):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 59.18 RCW to read as follows:
(1) For the purpose of this section, "drug and alcohol free housing" requires a rental agreement and means a dwelling in which:
(a) Each of the dwelling units on the premises is occupied or held for occupancy by at least one tenant who is a recovering alcoholic or drug addict and is participating in a program of recovery;
(b) The landlord is a nonprofit corporation incorporated under Title 24 RCW, a corporation for profit incorporated under Title 23B RCW, or a housing authority created under chapter 35.82 RCW, and is providing federally assisted housing as defined in chapter 59.28 RCW;
(c) The landlord provides:
   (i) A drug and alcohol free environment, covering all tenants, employees, staff, agents of the landlord, and guests;
   (ii) An employee who monitors the tenants for compliance with the requirements of (d) of this subsection;
   (iii) Individual and group support for recovery; and
   (iv) Access to a specified program of recovery; and
(d) The rental agreement is in writing and includes the following provisions:
   (i) The tenant may not use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, either on or off the premises;
   (ii) The tenant may not allow the tenant's guests to use, possess, or share alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, on the premises;
   (iii) The tenant must participate in a program of recovery, which specific program is described in the rental agreement;
   (iv) On at least a quarterly basis the tenant must provide written verification from the tenant's program of recovery that the tenant is participating in the program of recovery and the tenant has not used alcohol or illegal drugs;
   (v) The landlord has the right to require the tenant to take a urine analysis test regarding drug or alcohol usage, at the landlord's discretion and expense; and
   (vi) The landlord has the right to terminate the tenant's tenancy by delivering a three-day notice to terminate with one day to comply, if a tenant living in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription.
(2) For the purpose of this section, "program of recovery" means a verifiable program of counseling and rehabilitation treatment services, including a written plan, to assist recovering alcoholics or drug addicts to recover from their addiction to alcohol or illegal drugs while living in drug and alcohol free housing. A "program of recovery" includes Alcoholics Anonymous, Narcotics Anonymous, and similar programs."
(3) If a tenant living for less than two years in drug and alcohol free housing uses, possesses, or shares alcohol, illegal drugs, controlled substances, or prescription drugs without a medical prescription, the landlord may deliver a written notice to the tenant terminating the tenancy for cause as provided in this subsection. The notice must specify the acts constituting the drug or alcohol violation and must state that the rental agreement terminates in not less than three days after delivery of the notice, at a specified date and time. The notice must also state that the tenant can cure the drug or alcohol violation by a change in conduct or otherwise within one day after delivery of the notice. If the tenant cures the violation within the one-day period, the rental agreement does not terminate. If the tenant does not cure the violation within the one-day period, the rental agreement terminates as provided in the notice. If substantially the same act that constituted a prior drug or alcohol violation of which notice was given reoccurs within six months, the landlord may terminate the rental agreement upon at least three days’ written notice specifying the violation and the date and time of termination of the rental agreement. The tenant does not have a right to cure this subsequent violation.

"NEW SECTION. Sec. 1. The legislature finds that prescription drugs are an effective and important part of efforts to maintain and improve the health of Washington state residents. However, their increased cost and utilization is straining the resources of many people, particularly low-income elderly people who lack insurance coverage for such drugs. Furthermore, inappropriate use of prescription drugs can result in unnecessary expenditures and lead to serious health consequences. It is therefore the intent of the legislature to develop programs to provide prescription drugs at an affordable price to those in need, and increase public awareness regarding their safe and cost-effective use.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

(1) The Washington institute for public policy shall report to the appropriate committees of the legislature by November 15, 2003, on the projected five-year costs, benefits, enrollment levels, and implications for other state-funded Medicaid services of a Medicaid waiver program that would provide prescription drug benefits to persons aged sixty-five and older who would not otherwise be eligible for Medicaid. The department shall actively cooperate and assist the institute in preparation of this report.

(2) The report shall assess at least three alternative benefit designs, involving differing enrollee premium levels, point-of-service cost-sharing arrangements, and deductible levels.

(3) For each alternative benefit design, the institute shall provide five-year estimates of the number of state residents who would be eligible for the program, the number who would seek coverage, and the projected cost of covering all applicants if eligibility for the program were limited to legal residents aged sixty-five and older with incomes at or below:
   (a) One hundred fifty percent of the federal poverty level; and (b) two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

(4) For each alternative benefit design and income eligibility level, the institute shall estimate the type and amount of Medicaid expenditures on behalf of senior citizens that would need to be avoided as a result of the Medicaid waiver program in order to meet federal budget neutrality requirements; the likelihood of avoiding such expenditures; and an assessment of the impacts upon the state budget and upon enrollment in the Medicaid waiver program if the cost avoidance needed to meet federal budget neutrality requirements is not achieved.

(5) The report shall include suggestions about how the Medicaid waiver drug benefit should be designed to promote coordination with, and avoid duplication of, drug benefits that may be made available under the federal Medicare program.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:

(1) The health care authority shall implement a program whereby it negotiates with prescription drug manufacturers for price discounts, comparable to those preferred prices it negotiates for its own purchases, to be available to any Washington resident:
   (a) Whose family income does not exceed two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services;
   (b) Who does not otherwise have insurance that provides prescription drug coverage; and
(c) Who is: (i) At least fifty years old; or (ii) between the ages of nineteen and forty-nine and is otherwise eligible for benefits under Title II of the social security act, federal old age, survivors, and disability insurance benefits.

(2) The administrator shall charge participants in this program an annual enrollment fee sufficient to offset the cost of program administration.

(3) The price discounts available pursuant to this section shall not be at the expense of retail pharmacies.

(4) Within one hundred twenty days following the establishment of a pharmacy and therapeutics committee by the administrator for the purpose of evaluating the efficacy of prescription drugs, the drug utilization and education council within the department of social and health services shall be disbanded and its functions transferred to the pharmacy and therapeutics committee.

(5) In administering prescription drug benefits under state purchased health care programs, agencies shall honor an endorsing prescriber’s direction to dispense a prescription drug as written on the prescription order.

(6) The preferred drug list shall exclude drugs used to treat mental illness, cancer, the acquired human immunodeficiency virus, and diabetes.

(7) The administrator shall not impose requirements for prior approval based on a preferred drug list for a biologic product as defined in section 351 of the Public Health Services Act; 42 U.S.C. 262.

(8) This program will be terminated within twelve months after implementation of a prescription drug benefit under Title XVIII of the social security act, or by June 30, 2009.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

The consolidated prescription drug purchasing account is created in the custody of the state treasurer. All receipts under section 3(2) of this act from the fees from the price discount program created in section 3 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes of section 3 of this act. Only the administrator or the administrator’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:

(1) The administrator shall establish and advertise a pharmacy connection program through which health care providers and members of the public can obtain information about manufacturer-sponsored prescription drug assistance programs. The administrator shall ensure that the program has staff available who can assist persons in procuring free or discounted medications from manufacturer-sponsored prescription drug assistance programs by:

(a) Determining whether an assistance program is offered for the needed drug or drugs;

(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;

(c) Assisting persons with the application and enrollment in an assistance program;

(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and

(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. Any pharmaceutical company that does business in this state and that offers a pharmaceutical assistance program shall notify the administrator of the existence of the program, the drugs covered by the program, and all information necessary to apply for assistance under the program.

(5) For purposes of this section, “manufacturer-sponsored prescription drug assistance program” means a program offered by a pharmaceutical company through which the company provides a drug or drugs to eligible persons at no charge or at a reduced cost. The term does not include the provision of a drug as part of a clinical trial.

NEW SECTION. Sec. 6 A new section is added to chapter 74.09 RCW to read as follows:

(1) The agency has the ability to effectively administer such a program, including an understanding of the relevant issues and appropriate outreach and follow-up;
(2) The agency can bring resources to the program in addition to those funded by the grant; and
(3) The program will be a collaborative effort between the agency and other health care providers and programs in the location to be served, including doctors, pharmacists, and long-term care providers.

NEW SECTION. Sec. 7. A new section is added to chapter 41.05 RCW to read as follows: The authority may adopt rules to implement this act.

NEW SECTION. Sec. 8. By January 1, 2005, the administrator of the health care authority and the director of the department of social and health services shall submit to the governor and the legislature a progress report regarding the implementation of the programs created in this act.

April 17, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2195, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on:

(a) The review, prioritization, and identification of the essential academic learning requirements and grade level content expectations in accordance with the following timelines:

(i) In the content areas of reading, writing, math, and science by November 1, 2004;

(ii) In the content area of social studies by November 1, 2005;

(iii) In the content area of the arts by November 1, 2006; and

(iv) In the content area of health and fitness by November 1, 2007; and

(b) Subject to available funding, the results of independent research on the alignment and technical review of the reading, writing, and science content areas of the Washington assessment of student learning for fourth and seventh grades and for high school. The review shall be comparable to the research conducted on the mathematics assessments.

(2) By November 30, 2004, the superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on the feasibility of returning the results of the Washington assessment of student learning, including individual student performance information, to schools, teachers, and parents in the same school year in which the assessment is administered. Subject to available funding, beginning no later than 2006, the results of the math component of the spring administration of the high school Washington assessment of student learning shall be available to students, parents, and schools before June 1st of each year."
By November 30, 2006, subject to available funding, the academic achievement and accountability commission shall report to the governor, the superintendent of public instruction, the state board of education, and the house of representatives and senate education committees on the results of its review of the student performance scores needed to meet all grade level content standards on the Washington assessment of student learning. In its report, the commission shall include a schedule for the regular review and adjustment of the student performance scores. If the commission makes any change or adjustment to the student performance standards, then the changes shall not be implemented until after the conclusion of the subsequent legislative session, providing an opportunity for the legislature to take action if any action is deemed warranted by the legislature.

Sec. 2. RCW 28A.655.070 and 1999 c 388 s 501 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the academic achievement and accountability commission.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

((5)(b) Assessments measuring the essential academic learning requirements in the content areas of reading, writing, mathematics, and science shall be available for voluntary use by school districts and shall be required to be administered by school districts according to the following schedule unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.}

(c) By the 2005-06 school year, the superintendent of public instruction shall develop high school level assessments for the content area of social studies. The assessments shall be designed to be classroom or project-based so that they can be administered by school staff and scored at the school level. Once the assessments are developed school districts shall administer the social studies assessments and shall report the student scores to the superintendent of public instruction.

(d) The superintendent of public instruction shall post on the website of the office of the superintendent model classroom-based assessments for the content areas of arts, and health and fitness that may be used by school districts. If a school district uses any of the models on the website, the district shall report such use to the office of the superintendent of public instruction.

(6) By September 2006, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) In order to assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system’s item bank. The superintendent shall also provide to school districts information on classroom-based and other assessments that may provide additional achievement information for individual students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.655 RCW to read as follows: Successful completion of the high school assessment developed under RCW 28A.655.070 and administered statewide shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation.

NEW SECTION. Sec. 4. RCW 28A.655.060 (Essential academic learning requirements--Statewide academic assessment system--Certificate of mastery--Educational pathways--Accountability--Reports and recommendations--Washington commission on student learning, creation and expiration) and 2001 2nd sp.s. c 20 s 1, 1999 c 373 s 501, 1998 c 225 s 1, & 1997 c 268 s 1 are each repealed."

On page 1, line 1 of the title, after "standards;" strike the remainder of the title and insert "amending RCW 28A.655.070; adding a new section to chapter 28A.655 RCW; creating a new section; and repealing RCW 28A.655.060."

SENATE AMENDMENTS TO HOUSE BILL

April 9, 2003

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1933, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the final decision and order in Everett Shorelines Coalition v. City of Everett and Washington State Department Of Ecology, Case No. 02-3-0009c, issued on January 9, 2003, by the central Puget Sound growth management hearings board was a case of first impression interpreting the addition of the shoreline management act into the growth management act, and that the board considered the appeal and issued its final order and decision without the benefit of shorelines guidelines to provide guidance on the implementation of the shoreline management act and the adoption of shoreline master programs.

(2) This act is intended to affirm the legislature’s intent that:

(a) The shoreline management act be read, interpreted, applied, and implemented as a whole consistent with decisions of the shoreline hearings board and Washington courts prior to the decision of the central Puget Sound growth management hearings board in Everett Shorelines Coalition v. City of Everett and Washington State Department of Ecology;

(b) The goals of the growth management act, including the goals and policies of the shoreline management act, set forth in RCW 36.70A.020 and included in RCW 36.70A.020 by RCW 36.70A.480, continue to be listed without an order of priority; and

(c) Shorelines of statewide significance may include critical areas as defined by RCW 36.70A.030(5), but that shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance.

(3) The legislature intends that critical areas within the jurisdiction of the shoreline management act shall be governed by the shoreline management act and that critical areas outside the jurisdiction of the shoreline management act shall be governed by the growth management act. The legislature further intends that the quality of information currently required by the shoreline management act to be applied to the protection of critical areas within shorelines of the state shall not be limited or changed by the provisions of the growth management act.

Sec. 2. RCW 90.58.030 and 2002 c 230 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(1) Administration:

(a) “Department” means the department of ecology;

(b) “Director” means the director of the department of ecology;

(c) "Local government” means any county, incorporated city, or town which contains within its boundaries any lands or waters subject to this chapter;

(d) "Person” means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state or local governmental unit however designated;
(e) "Hearing board" means the shoreline hearings board established by this chapter.
(2) Geographical:
(a) "Extreme low tide" means the lowest line on the land reached by a receding tide;
(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department:

PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoinig salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;
(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of statewide significance" within the state;
(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;
(e) "Shorelines of statewide significance" means the following shorelines of the state:
(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;
(ii) Those areas of Puget Sound and adjacent salt waters and the Strait of Juan de Fuca between the ordinary high water mark and the line of extreme low tide as follows:
   (A) Nisqually Delta--from DeWolf Bight to Tatsolo Point,
   (B) Birch Bay--from Point Whitehorn to Birch Point,
   (C) Hood Canal--from Tatsolo Point to Foulweather Bluff,
   (D) Skagit Bay and adjacent area--from Brown Point to Yokeko Point, and
   (E) Padilla Bay--from March Point to William Point;
(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;
(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;
(v) Those natural rivers or segments thereof as follows:
   (A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,
   (B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;
   (vi) Those shorelands associated with (i), (ii), (iv), and (v) of this subsection (2)(e);
(f) "Shorelands" or "shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology.

(i) Any county or city may determine that portion of a one-hundred- year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom;
(ii) Any city or county may also include in its master program land necessary for buffers for critical areas, as defined in chapter 36.70A RCW, that occur within shorelines of the state, provided that forest practices regulated under chapter 76.09 RCW, except conversions to nonforest land use, on lands subject to the provisions of this subsection (2)(f)(ii) are not subject to additional regulations under this chapter;
(g) "Floodway" means those portions of the area of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;
(h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities,
wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

(3) Procedural terms:
(a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;
(b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020;
(c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;
(d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;
(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds five thousand dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state. The dollar threshold established in this subsection (3)(e) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2007, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year’s annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect. The following shall not be considered substantial developments for the purpose of this chapter:
(i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;
(ii) Construction of the normal protective bulkhead common to single family residences;
(iii) Emergency construction necessary to protect property from damage by the elements;
(iv) Construction and practices normal or necessary for farming, irrigation, and ranching activities, including agricultural service roads and utilities on shorelands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels. A feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the shorelands by leveling or filling other than that which results from normal cultivation, shall not be considered normal or necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;
(v) Construction or modification of navigational aids such as channel markers and anchor buoys;
(vi) Construction on shorelands by an owner, lessee, or contract purchaser of a single family residence for his own use or for the use of his or her family, which residence does not exceed a height of thirty-five feet above average grade level and which meets all requirements of the state agency or local government having jurisdiction thereof, other than requirements imposed pursuant to this chapter;
(vii) Construction of a dock, including a community dock, designed for pleasure craft only, for the private noncommercial use of the owner, lessee, or contract purchaser of single and multiple family residences. This exception applies if either: (A) In salt waters, the fair market value of the dock does not exceed two thousand five hundred dollars; or (B) in fresh waters, the fair market value of the dock does not exceed ten thousand dollars, but if subsequent construction having a fair market value exceeding two thousand five hundred dollars occurs within five years of completion of the prior construction, the subsequent construction shall be considered a substantial development for the purpose of this chapter;
(viii) Operation, maintenance, or construction of canals, waterways, drains, reservoirs, or other facilities that now exist or are hereafter created or developed as a part of an irrigation system for the primary purpose of making use of system waters, including return flow and artificially stored ground water for the irrigation of lands;
(ix) The marking of property lines or corners on state owned lands, when such marking does not significantly interfere with normal public use of the surface of the water;
(x) Operation and maintenance of any system of dikes, ditches, drains, or other facilities existing on September 8, 1975, which were created, developed, or utilized primarily as a part of an agricultural drainage or diking system;
(xi) Site exploration and investigation activities that are prerequisite to preparation of an application for development authorization under this chapter, if:
(A) The activity does not interfere with the normal public use of the surface waters;
(B) The activity will have no significant adverse impact on the environment including, but not limited to, fish, wildlife, fish or wildlife habitat, water quality, and aesthetic values;

(C) The activity does not involve the installation of a structure, and upon completion of the activity the vegetation and land configuration of the site are restored to conditions existing before the activity;

(D) A private entity seeking development authorization under this section first posts a performance bond or provides other evidence of financial responsibility to the local jurisdiction to ensure that the site is restored to preexisting conditions;

(E) The activity is not subject to the permit requirements of RCW 90.58.550;

(xii) The process of removing or controlling an aquatic noxious weed, as defined in RCW 17.26.020, through the use of an herbicide or other treatment methods applicable to weed control that are recommended by a final environmental impact statement published by the department of agriculture or the department jointly with other state agencies under chapter 43.21C RCW.

Sec. 3. RCW 90.58.090 and 1997 c 429 s 50 are each amended to read as follows:

(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department’s discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government’s critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop and by rule adopt an alternative to the local government’s proposal.

(6) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its
jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(664) (2) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department’s action. The department’s approved document of record constitutes the official master program.

Sec. 4. 
RCW 90.58.190 and 1995 c 347 s 311 are each amended to read as follows:

(1) The appeal of the department’s decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090((4a)) (5) is governed by RCW 34.05.510 through 34.05.598.

(a) The department’s decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter ((and chapter 36.70A RCW)), the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department’s decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department’s written notice to the local government of the department’s decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government’s master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

Sec. 5. 
RCW 36.70A.480 and 1995 c 347 s 104 are each amended to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020 without creating an order of priority among the fourteen goals. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city’s comprehensive
plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city’s development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the goals, policies, and procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

(3) The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(a) As of the date the department of ecology approves a local government’s shoreline master program adopted under applicable shoreline guidelines, the protection of critical areas as defined by RCW 36.70A.030(5) within shorelines of the state shall be accomplished only through the local government’s shoreline master program and shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section.

(b) Critical areas within shorelines of the state that have been identified as meeting the definition of critical areas as defined by RCW 36.70A.030(5), and that are subject to a shoreline master program adopted under applicable shoreline guidelines shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in this act is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(c) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government’s shoreline master program and shall not be used to determine compliance of a local government’s shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(4) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that is at least equal to the level of protection provided to critical areas by the local government’s critical area ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(6) If a local jurisdiction’s master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by RCW 90.58.030(2)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2)."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "amending RCW 90.58.030, 90.58.090, 90.58.190, and 36.70A.480; and creating a new section."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

April 25, 2003

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1571, and under suspension of the rules returned bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. Unless otherwise proscribed by federal law or court order, the legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support.

Sec. 2. RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Twenty percent to the department to contribute to the cost of incarceration; and

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(b) The formula shall include the following minimum deductions from class II gross gratuities:

(i) Five percent for the purpose of crime victims' compensation;

(ii) Ten percent to a department personal inmate savings account;

(iii) Fifteen percent to the department to contribute to the cost of incarceration; (and)

(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and

(v) Fifteen percent for any child support owed under a support order.

(c) The formula shall include the following minimum deduction from class IV gross gratuities: Five percent to the department to contribute to the cost of incarceration.

(d) The formula shall include the following minimum deductions from class III gratuities:

(i) Five percent for the purpose of crime victims' compensation; and

(ii) Fifteen percent for any child support owed under a support order.

(d) The formula shall include the following minimum deduction from class IV gross gratuities:
(i) Five percent to the department to contribute to the cost of incarceration; and
(ii) Fifteen percent for any child support owed under a support order.

Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

In the event that the offender worker’s wages or gratuity is subject to garnishment for support enforcement, the crime victims’ compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate’s incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates’ wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number so employed on June 30, 1994;

(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number so employed on June 30, 1994;

(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number so employed on June 30, 1994;

(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number so employed on June 30, 1994;

(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number so employed on June 30, 1994;

(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate’s moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 3. RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) "Cost of incarceration" means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average per inmate costs established by the department and the office of financial management.

(b) "Minimum term of confinement" means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) "Program" means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.

(2) When an inmate, except as provided in subsection (((6))) (7) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ((in RCW 72.09.111(1)(a)) and the priorities established in chapter 72.11 RCW:

(i) Five percent to the department to contribute to the cost of incarceration; and
(ii) Fifteen percent for any child support owed under a support order.
(a) Five percent to the public safety and education account for the purpose of crime victims' compensation;
(b) Ten percent to a department personal inmate savings account;
(c) Twenty percent to the department to contribute to the cost of incarceration;
(d) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and
(e) Fifteen percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection (7) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

(4) (a) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

(5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

(6) The deductions required under subsection (2) of this section shall not apply to any money received by the department, on behalf of an inmate, from family or other outside sources for the payment of postage expenses. Money received under this subsection may only be used for the payment of postage expenses and may not be transferred to any other account or purpose. Money that remains unused in the inmate's postage fund at the time of release shall be subject to the deductions outlined in subsection (2) of this section.

(7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation; twenty percent to the department to contribute to the cost of incarceration; and fifteen percent to child support payments.

(8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111. Mr. Speaker:

The Senate receded from its amendment to HOUSE BILL NO. 1712, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.44.130 and 2002 c 31 s 1 are each amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile: (a) Who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person’s residence of the person’s intent to attend the institution; (b) who gains employment at a public or private institution of higher education shall, within ten days of accepting employment or by the first business day after commencing work at the institution, whichever is earlier, notify the sheriff for the county of the person’s residence of the person’s employment by the institution; or (c) whose enrollment or employment at a public or private institution of higher education is terminated shall, within ten days of such termination, notify the sheriff for the county of the person’s residence of the person’s termination of enrollment or employment at the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution’s department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW 4.24.500 upon the public safety department of any public or private institution of higher education.

(3) (a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.
(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section, the term “conviction” refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender’s anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction’s active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. If the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person’s school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.
(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person’s residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered
shall promptly forward the information concerning the change of address to the county sheriff for the county of the person’s new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state’s offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance of the evidence that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff’s office, and shall occur during normal business hours. The county sheriff’s office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender’s risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person’s residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person’s residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual’s fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(c) “Employed” or “carries on a vocation” means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person’s employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) “Student” means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.
(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section. If the crime was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor."

(1) For the purposes of this section, "prevention and early intervention services and programs" are the following state-operated or contracted programs or their successors:

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2228, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. DEFINITIONS. The definitions in this section apply throughout this chapter and section 9 of this act unless the context clearly requires otherwise.
(1) "Public agency" means any county, city, or other local government agency or any state government agency, board, or commission.
(2) "Public transportation" means the same as "public transportation service" as defined in RCW 36.57A.010 and includes passenger services of the Washington state ferries.
(3) "Nonmotorized commuting" means commuting to and from the workplace by an employee by walking or running or by riding a bicycle or other device not powered by a motor."
(4) "Ride sharing" means the same as "flexible commuter ride sharing" as defined in RCW 46.74.010, including ride sharing on Washington state ferries.

(5) "Car sharing" means a membership program intended to offer an alternative to car ownership under which persons or entities that become members are permitted to use vehicles from a fleet on an hourly basis.

(6) "Telework" means a program where work functions that are normally performed at a traditional workplace are instead performed by an employee at his or her home at least one day a week for the purpose of reducing the number of trips to the employee's workplace.

NEW SECTION. Sec. 2. TAX CREDITS--BUSINESS AND OCCUPATION AND PUBLIC UTILITY TAXES. (1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per year. The credit may not exceed the amount of tax that would otherwise be due under chapters 82.04 and 82.16 RCW.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

NEW SECTION. Sec. 3. TAX CREDIT FILING. (1) Application for tax credit under section 2 of this act may only be made in the form and manner prescribed in rules adopted by the department.

(2) The credit under this section must be taken or deferred under section 4 of this act against taxes due for the same fiscal year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting and must be claimed by the due date of the last tax return for the fiscal year in which the payment is made.

(3) Any person who knowingly makes a false statement of a material fact in the application for a credit under section 2 of this act is guilty of a gross misdemeanor.

NEW SECTION. Sec. 4. TAX CREDIT LIMITATIONS. (1) The department shall keep a running total of all credits accrued under section 2 of this act during each fiscal year. No person is eligible for tax credits under section 2 of this act if the credits would cause the tabulation for the total amount of credits taken in any fiscal year to exceed two million two hundred fifty thousand dollars. This limitation includes any credits carried forward under subsection (2)(b) of this section from prior years.

(2)(a) No person is eligible for tax credits under section 2 of this act in excess of the amount of tax that would otherwise be due under chapter 82.04 or 82.16 RCW.

(b) A person with taxes equal to or in excess of the credit under section 2 of this act, and therefore not subject to the limitation in (a) of this subsection, may defer tax credits for a period of not more than three years after the year in which the credits accrue. A person deferring tax credits under this subsection (2)(b) must submit an application in the year in which the tax credits will be applied. This application is subject to eligibility under subsection (1) of this section for the fiscal year in which the tax credits will be applied.

(3) No person is eligible for tax credits under section 2 of this act in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits deferred in prior years under subsection (2)(b) of this section.

(4) No person is eligible for tax credits, including deferred credits authorized under subsection (2)(b) of this section, after June 30, 2013.

(5) Credits may not be carried forward or carried backward other than as authorized in subsection (2)(b) of this section.

NEW SECTION. Sec. 5. FUND TRANSFER. (1) The director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under section 2 of this act during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.
(2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, shall deposit to the general fund a sum equal to the dollar amount of the credit provided under section 2 of this act from the multimodal transportation account.

NEW SECTION. Sec. 6. COMMUTE TRIP REDUCTION REPORTING. The commute trip reduction task force shall determine the effectiveness of the tax credit under section 2 of this act, the grant program in section 9 of this act, and the relative effectiveness of the tax credit and the grant program as part of its ongoing evaluation of the commute trip reduction law and report to the legislative transportation committee and to the fiscal committees of the house of representatives and the senate. The report must include information on the amount of tax credits claimed to date and recommendations on future funding between the tax credit program and the grant program. The report must be incorporated into the recommendations required in RCW 70.94.537(5).

However, no employer is eligible for both grants provided under this section and tax credits under section 2 of this act within the same fiscal year.
(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.
(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.
(4) The total of grants provided under this section may not exceed seven hundred fifty thousand dollars in any fiscal year.
(5) The department of transportation shall report to the department of revenue by the 15th day of each month the aggregate monetary amount of grants provided under this section in the prior month and the identity of the recipients of those grants.

Sec. 11. RCW 70.94.527 and 1997 c 250 s 2 are each amended to read as follows:
(1) Each county with a population over one hundred fifty thousand, and each city or town within those counties containing a major employer (shall, by October 1, 1992) may adopt by ordinance and implement a commute trip reduction plan for all major employers. The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction.
(2) All other counties, and cities and towns in those counties, may adopt and implement a commute trip reduction plan.
(3) The department of ecology may, after consultation with the department of transportation, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the guidelines established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee; (b) designation of commute trip reduction zones; (c) requirements for major public and private sector employers to implement commute trip reduction programs; (d) a commute trip reduction program for employees of the county, city, or town; (e) a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and (g) means for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the worksite base year value or the base year value for the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty percent reduction from the base year values by January 1, 1997, twenty-five percent reduction from the base year values by January 1, 1999, and a thirty-five percent reduction from the base year values by January 1, 2005.

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs.

(6) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, or towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns to take into account the location of major employer worksites when planning transit service changes or the expansion of public transportation services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070.

(7) Each county, city, or town implementing a commute trip reduction program shall, within thirty days submit a summary of its plan along with certification of adoption to the commute trip reduction task force established under RCW 70.94.537.

The commute trip reduction task force may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.

(11) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees’ work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle
use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite’s approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

(12) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

(13) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

Sec. 12. RCW 82.08.0287 and 2001 c 320 s 4 are each amended to read as follows:

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated (either) within (the state’s eight largest) counties that (are required to) develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program or used primarily for van or car pooling purposes.

Sec. 3. RCW 41.50.110 and 1998 c 341 s 508 are each amended to read as follows:

(1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department, the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 41.26, 41.32, 41.40, 41.34, 41.35, (and) 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

(2) In order to reimburse the department of retirement systems expense fund on an equitable basis the department shall ascertain and report to each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, or 41.40.010, the sum necessary to defray its proportional share of the entire expense of the administration of the retirement system that the employer participates in during the ensuing biennium or fiscal year whichever may be required. Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.
(6) Expenses other than those under RCW 41.34.060((2))) (3) shall be paid pursuant to subsection (1) of this section.

(2) Advise the legislature and the governor regarding pension benefit provisions, and funding policies and investment policies of the state investment board.
(3) Consult with the legislature and the governor concerning determination of actuarial assumptions used by the department of retirement systems.
(4) Prepare a report, to be known as the actuarial fiscal note, on each pension bill introduced in the legislature which briefly explains the financial impact of the bill. The actuarial fiscal note shall include: (a) The statutorily required contribution for the biennium and the following twenty-five years; (b) the biennial cost of the increased benefits if these exceed the required contribution; and (c) any change in the present value of the unfunded accrued benefits. An actuarial fiscal note shall also be prepared for all amendments which are offered in committee or on the floor of the house of representatives or the senate to any pension bill. However, a majority of the members present may suspend the requirement for an actuarial fiscal note for amendments offered on the floor of the house of representatives or the senate.
(5) Provide such actuarial services to the legislature as may be requested from time to time.
(6) Provide staff and assistance to the committee established under ((RCW 41.44.080)) section 1 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 41.04 RCW to read as follows:
The select committee on pension policy has the following powers and duties:
(1) Study pension issues, develop pension policies for public employees in state retirement systems, and make recommendations to the legislature;
(2) Study the financial condition of the state pension systems, develop funding policies, and make recommendations to the legislature;
(3) Consult with the chair and vice-chair on appointing members to the state actuary appointment committee upon the convening of the state actuary appointment committee established under section 13 of this act; and
(4) Receive the results of the actuarial audits of the actuarial valuations and experience studies administered by the pension funding council pursuant to RCW 41.45.110. The select committee on pension policy shall study and make recommendations on changes to assumptions or contribution rates to the pension funding council prior to adoption of changes under RCW 41.45.030, 41.45.035, or 41.45.060.

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree’s monthly retirement allowance will be reduced by five and one-half percent for every seven hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.
(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any monthly benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.
(2) Any retired teacher or retired administrator who enters service in any public educational institution in Washington state and who has satisfied the break in employment requirement of subsection (1) of this section shall cease to receive pension payments while engaged in such service, after the retiree has rendered service for more than one thousand five hundred hours in a school year. When a retired teacher or administrator renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member’s employment during that fiscal year.
(3) The department shall collect and provide the state actuary with information relevant to the use of this section for the ((guaranty)) select committee on pension policy.
(4) The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has a contractual right to be employed for more than five hundred twenty-five hours per year without a reduction of his or her pension.

(3) If the retiree opts to reestablish membership under RCW 41.40.023(12), he or she terminates his or her retirement status and becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.40.180. However, if the right to retire is exercised to become effective before the member has rendered two uninterrupted years of service, the retirement formula and survivor options the member had at the time of the member’s previous retirement shall be reinstated.

(4) The department shall collect and provide the state actuary with information relevant to the use of this section for the select committee on pension policy.

(1) For the purposes of this section, "kin" means persons eighteen years of age or older to whom the child is related by blood, adoption, or marriage, including marriages that have been dissolved, and means: (a) Any person denoted by the prefix "grand" or "great"; (b) sibling, whether full, half, or step; (c) uncle or aunt; (d) nephew or niece; or (e) first cousin."
(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required. These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child's case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child's kin, within sixty days of the child entering out-of-home care;

(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;

(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child's individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions that kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services.

NEW SECTION. Sec. 2. (1) The department of social and health services shall collaborate with one or more nonprofit community-based agencies to develop a grant proposal for submission to potential funding sources, including governmental entities and private foundations, to establish a minimum of two pilot projects to assist kinship caregivers with understanding and navigating the system of services for children in out-of-home care. The proposal must seek to establish at least one project in eastern Washington and one project in western Washington, each project to be managed by a participating community-based agency.

(2) The kinship care navigators funded through the proposal shall be responsible for at least the following:

(a) Understanding the various state agency systems serving kinship caregivers;

(b) Working in partnership with local community service providers;

(c) Tracking trends, concerns, and other factors related to kinship caregivers; and

(d) Assisting in establishing stable, respectful relationships between kinship caregivers and department staff.

(3) Implementation of the kinship care navigator pilot projects is contingent upon receipt of nonstate or private funding for that purpose.

(4) For the purposes of this section, "kinship" has the same meaning as "kin" given in section 1(1) of this act.

(5) This section expires January 1, 2007.

NEW SECTION. Sec. 3. (1) The department of social and health services shall report to the legislature and the governor on the implementation of the kinship care navigator pilot projects with recommendations on statewide implementation of the pilot projects one year following implementation of the pilot projects. The report shall:

Include data that demonstrates whether the pilot project reduced actual barriers to access to services;

Identify statutory and administrative barriers for kin who give care; and

Recommend ways to reduce or eliminate the barriers without adverse consequences to children placed with kin.

(2) This section expires January 1, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 74.13 RCW to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood or marriage, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian
child welfare act, and a set of principles. If the committee concludes that one or more program or service would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation; (b) Monitor the implementation of recommendations contained in the 2002 kinship care report; (c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and (d) Assist with developing future recommendations on kinship care issues. (2) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included. (3) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee. (4) The kinship care oversight committee shall report to the legislature and the governor on the status of kinship care issues by December 1, 2004. (5) This section expires January 1, 2005.”

On page 1, line 1 of the title, after "caregivers;" strike the remainder of the title and insert "adding new sections to chapter 74.13 RCW; creating new sections; and providing expiration dates."

and the same is herewith transmitted. Milt H. Doumit, Secretary

SENATE AMENDMENTS TO HOUSE BILL
Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2215, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.70.180 and 2001 c 272 s 10 and 2001 c 64 s 9 are each reenacted and amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed thirty-five dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to thirty-five dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer’s, or his or her authorized representative’s future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer’s signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or
(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:
(i) Failure to disclose that the vehicle’s certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or
(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or
(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle’s odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle’s odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or
(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.
(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.
(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.
(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.
(8) To commit any offense relating to a dealer’s temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:
(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;
(b) The dealer has satisfied the lien; and
(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.
(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.
(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.
(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer’s agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer’s agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.
(12) For a buyer’s agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer’s agent to engage in any of the following acts on behalf of or in the name of the consumer:
(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer’s agent;
(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer’s agent appear on the vehicle purchase order, sales contract, lease, or title; or
(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.
It is unlawful for a buyer’s agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer’s agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer’s agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer’s agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer’s agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer’s agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties’ agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer’s agent for the agent’s services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer’s possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer’s order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

Sec. 2. RCW 63.14.010 and 1999 c 113 s 1 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. The service charge shall be inclusive of all charges incident to investigating and making the retail installment contract or charge agreement and for the privilege of making the installment payments thereunder and no other fee, expense or charge whatsoever shall be taken, received, reserved or contracted therefrom by the buyer, except for any vehicle dealer administrative fee under RCW 46.12.042 or for any vehicle dealer documentary service fee under RCW 46.70.180(2).

(1) The service charge, in a retail installment contract, shall not exceed the dollar amount or rate agreed to by contract and disclosed under RCW 63.14.040(1)(h).

On page 6, after line 25, insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 46.04 RCW to read as follows:
"Motorized foot scooter" means a device with no more than two ten-inch or smaller diameter wheels that has handlebars, is designed to be stood or sat upon by the operator, and is powered by an internal combustion engine or electric motor that is capable of propelling the device with or without human propulsion.

For purposes of this section, a motor-driven cycle, a moped, an electric-assisted bicycle, or a motorcycle is not a motorized foot scooter.

Sec. 7. RCW 46.04.332 and 2002 c 247 s 4 are each amended to read as follows:
"Motor-driven cycle" means every motorcycle, including every motor scooter, with a motor that produces not to exceed five brake horsepower (developed by a prime mover, as measured by a brake applied to the driving shaft). A motor-driven cycle does not include a moped, a motorized foot scooter, or an electric personal assistive mobility device.

Sec. 8. RCW 46.16.010 and 2000 c 229 s 1 are each amended to read as follows:
(1) It is unlawful for a person to operate any vehicle over and along a public highway of this state without first having obtained and having in full force and effect a current and proper vehicle license and display vehicle license number plates therefor as by this chapter provided. Failure to make initial registration before operation on the highways of this state is a misdemeanor, and any person convicted thereof must be punished by a fine of no less than three hundred thirty dollars, no part of which may be suspended or deferred.

(a) For a first offense, up to one year in the county jail and a fine equal to twice the amount of delinquent taxes and fees, no part of which may be suspended or deferred;
(b) For a second or subsequent offense, up to one year in the county jail and a fine equal to four times the amount of delinquent taxes and fees, no part of which may be suspended or deferred;
(c) For fines levied under (b) of this subsection, an amount equal to the avoided taxes and fees owed will be deposited in the vehicle licensing fraud account created in the state treasury;
(d) The avoided taxes and fees shall be deposited and distributed in the same manner as if the taxes and fees were properly paid in a timely fashion.

(3) These provisions shall not apply to the following vehicles:
(a) Motorized foot scooters;
(b) Electric-assisted bicycles;
(c) Farm vehicles if operated within a radius of fifteen miles of the farm where principally used or garaged, farm tractors and farm implements including trailers designed as cook or bunk houses used exclusively for animal herding temporarily operating or drawn upon the public highways, and trailers used exclusively to transport farm implements from one farm to another during the daylight hours or at night when such equipment has lights that comply with the law;
(d) Spray or fertilizer applicator rigs designed and used exclusively for spraying or fertilization in the conduct of agricultural operations and not primarily for the purpose of transportation, and nurse rigs or equipment auxiliary to the use of and designed or modified for the fueling, repairing, or loading of spray and fertilizer applicator rigs and not used, designed, or modified primarily for the purpose of transportation;
(e) Fork lifts operated during daylight hours on public highways adjacent to and within five hundred feet of the warehouses which they serve: PROVIDED FURTHER, That these provisions shall not apply to vehicles used by the state parks and recreation commission exclusively for park maintenance and operations upon public highways within state parks;
(f) "Special highway construction equipment" defined as follows: Any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property on a public highway and which is only incidentally operated or moved over the highway. road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditches, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self- propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (i) are in excess of the legal width, or (ii) which, because of their length, height, or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (iii) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:
"Special highway construction equipment" does not include any of the following:
Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.
(4) The following vehicles, whether operated solo or in combination, are exempt from license registration and displaying license plates as required by this chapter:
(a) A converter gear used to convert a semitrailer into a trailer or a two-axle truck or tractor into a three or more axle truck or tractor or used in any other manner to increase the number of axles of a vehicle. Converter gear includes an auxiliary axle, auxiliary axle, dolly, and jeep axle.

(5) Subsections (1), (2), and (4) of this section do not apply to electric-assisted bicycles. Electric-assisted bicycles and motorized foot scooters may have access to highways of the state to the same extent as bicycles. (b) A municipality may restrict the speed of an EPAMD in locations with congested pedestrian or nonmotorized traffic and where there is significant speed differential between pedestrians or nonmotorized traffic and EPAMD operators. The areas in this subsection must be designated by the city engineer or designee of the municipality. Municipalities shall not restrict the speed of an EPAMD in the entire community or in areas in which there is infrequent pedestrian traffic;

(c) A state agency or local government may regulate the operation of an EPAMD within the boundaries of any area used for recreation, open space, habitat, trails, or conservation purposes.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5889, By Senate Committee on Agriculture (originally sponsored by Senators Swecker and Rasmussen)

Concerning a livestock nutrient management program.

The bill was read the second time. There being no objection, the committee amendment by the Committee on Agriculture and Natural Resources was adopted. (For committee amendment, see Journal, 82nd Day, April 4, 2003.)

Representative Linville moved the adoption of amendment (517):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A livestock nutrient management program is essential to ensuring a healthy and productive livestock industry in Washington state. The goal of the program must be to provide clear guidance to livestock farms as to their responsibilities under state and federal law to protect water quality while maintaining a healthy business climate for these farms. The program should develop reasonable financial assistance resources, educational and technical assistance to meet these responsibilities, and provide for periodic inspection and enforcement actions to ensure compliance with state and federal water quality laws. The legislature intends that by 2006, there will be a fully functioning state program for concentrated animal feeding operations in the state, and that this program will be a single program for all livestock sectors.

The legislature finds that a livestock nutrient management program is necessary to address the federal rule changes with which livestock operations must comply. Furthermore, budgetary conditions demand efficient and effective governance. In addition, many of the existing requirements and goals for dairy farms will be completed by December 2003, and revisions will be needed.

NEW SECTION. Sec. 2. (1) A livestock nutrient management program development and oversight committee is created comprised of the following members, appointed as follows:

(a) The director of the department of agriculture, or the director’s designee, who shall serve as committee chair;
(b) The director of the department of ecology, or the director’s designee;
(c) A representative of the United States environmental protection agency, appointed by the regional director of the agency unless the agency chooses not to be represented on the committee;
(d) A representative of commercial shellfish growers, nominated by an organization representing these growers, appointed by the governor;
(e) A representative of an environmental interest organization with familiarity and expertise in water quality issues, appointed by the governor;
(f) A representative of tribal governments as nominated by an organization representing tribal governments, appointed by the governor;
(g) A representative of Washington State University appointed by the dean of the college of agriculture and home economics;
(h) A representative of the Washington association of conservation districts, appointed by the association's board of officers;
(i) Three representatives of dairy producers nominated by a statewide organization representing dairy producers in the state, appointed by the governor;
(j) Two representatives of beef cattle producers nominated by a statewide organization representing beef cattle producers in the state, appointed by the governor;
(k) One representative of poultry producers nominated by a statewide organization representing poultry producers in the state, appointed by the governor;
(l) One representative of the commercial cattle feedlots nominated by a statewide organization representing commercial cattle feedlots in the state, appointed by the governor; and
(m) A representative of any other segment of the livestock industry determined by the director of agriculture to be subject to federal rules regulating animal feeding or concentrated animal feeding operations.
(2) The state department of agriculture shall provide staff for the committee. The department of agriculture may request staff assistance be assigned by the United States environmental protection agency to assist the director in staffing the committee.
(3) The committee shall establish a work plan that includes a list of tasks and a projected completion date for each task.
(4) The committee may establish a subcommittee for each of the major industry segments that is covered by the recently adopted federal regulations that pertain to animal feeding operations and concentrated animal feeding operations. The subcommittee shall be composed of selected members of the full committee and additional representatives from that major segment of the livestock industry as determined by the director. The committee shall assign tasks to the subcommittees and shall establish dates for each subcommittee to report back to the full committee.
(5) The committee shall examine the recently adopted federal regulations that provide for the regulation of animal feeding operations and concentrated animal feeding operations and develop a program to be administered by the department of agriculture that meets the requirements and time frames contained in the federal rules. Elements that the committee shall evaluate include:
(a) A process for adopting standards and for developing plans for each operation that meet these standards;
(b) A process for revising current national pollution discharge elimination system permits currently held by livestock operations and to transition these permits into the new system; and
(c) Consultation with the director, a determination of what other work is needed and what other institutional relationships are needed or desirable. The committee shall consult with representatives of the statewide association of conservation districts regarding any functions or activities that are proposed to be provided through local conservation districts.
(6) The committee shall review and comment on proposals for grants from the livestock nutrient management account created in RCW 90.64.150.
(7) The committee shall develop draft proposed legislation that includes:
(a) Statutory changes, including a time line to achieve the phased-in levels of regulation under federal law, to comply with the minimum requirements under federal law and the minimum requirements under chapter 90.48 RCW. These changes must meet the requirements necessary to enable the department of agriculture and the department of ecology to pursue the United States environmental protection agency’s approval of the transfer of the permitting program as it relates to the concentrated animal feeding operations from the department of ecology to the department of agriculture;
(b) Statutory changes necessitated by the transfer of functions under chapter 90.64 RCW from the department of ecology to the department of agriculture;

(8) The committee shall provide a report by December 1, 2003, to appropriate committees of the legislature that includes the results of the committee’s evaluation under subsection (5) of this section and draft legislation to initiate the program.
(9) This section expires June 30, 2006.

Sec. 3. RCW 90.64.030 and 2002 c 327 s 1 are each amended to read as follows:
(1) Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.
(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a written complaint, a copy of the findings shall be provided to the dairy producer subject to the complaint, and to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.
(3) The department may consider past complaints against the same dairy farm from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:
(a) The same or a similar complaint or complaints have been filed against the same dairy farm within the 
immediately preceding six-month period; and
(b) The department made a determination that the activity that was the subject of the prior complaint was 
not a violation.
(4) If the decision of the department is not to conduct an inspection, it shall document the decision and 
the reasons for the decision within twenty days. The department shall provide the decision to the complainant if 
the name and address were provided to the department, and to the dairy producer subject to the complaint, and 
the department shall place the decision in the department’s administrative records.
(5) The report of findings of any inspection conducted as the result of either an oral or a written 
complaint shall be placed in the department’s administrative records. Only findings of violations shall be entered 
into the data base identified in RCW 90.64.130.
(6) A dairy farm that is determined to be a significant contributor of pollution based on actual water 
quality tests, photographs, or other pertinent information is subject to the provisions of this chapter and to the 
enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 
90.48.144.
(7) If the department determines that an unresolved water quality problem from a dairy farm requires 
immediate corrective action, the department shall notify the producer and the district in which the problem is 
located. When corrective actions are required to address such unresolved water quality problems, the department 
shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and 
enforcement actions taken by the department against that particular dairy farm to the local conservation district 
and to the appropriate dairy farm within twenty days.
(8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be 
waived to allow the producer to come into compliance with water quality laws. The department shall record all 
legitimate violations and subsequent enforcement actions.
(9) A discharge, including a storm water discharge, to surface waters of the state shall not be considered 
a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be 
enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not 
occurring under RCW 90.64.010(18). In addition, a dairy producer shall not be held liable for violations of this 
chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of 
dairy nutrients to waters of the state resulting from spreading these materials on lands other than where the 
nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy 
producer’s agent.
(10) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy 
nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a 
substantial adverse effect on public health and safety.
(11) This section specifically acknowledges that if a holder of a general or individual national pollutant 
discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions 
for appropriate land application practices, the permit provides compliance with the federal clean water act and 
acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of 
the United States as authorized by the permit.
(12) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or 
a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with 
the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a 
dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be 
considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not 
exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The 
department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan 
certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to 
register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred 
dollars. Penalties shall be levied by the department.

Sec. 4. RCW 90.64.120 and 1993 c 221 s 13 are each amended to read as follows:
(1) Nothing in this chapter shall affect the ((department’s)) department of ecology’s authority or 
responsibility to administer or enforce the national pollutant discharge elimination system permits for operators of 
concentrated dairy animal feeding operations, where required by federal regulations or to administer the 
provisions of chapter 90.48 RCW.
(2) Unless the department of ecology delegates its authority under chapter 90.48 RCW to the department 
of agriculture pursuant to RCW 90.48.260, and until any such delegation of authority receives federal approval, 
the transfer specified in section 6 of this act shall not preclude the department of ecology from taking action 
related to animal feeding operations or concentrated animal feeding operations to protect water quality pursuant to 
its authority in chapter 90.48 RCW. Before taking such actions, the department of ecology shall notify the 
department of agriculture.
NEW SECTION. **Sec. 5.** RCW 90.64.150 and 1998 c 262 s 15 are each amended to read as follows:

The (dairy waste) livestock nutrient management account is created in the custody of the state treasurer. All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the account. Expenditures from the account may be used only (for the commission) to provide grants (to local conservation districts for the purposes of assisting dairy producers to develop and fully implement dairy nutrient management plans) for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director of agriculture shall accept and prioritize research proposals and education proposals. Only the ((chairman)’s) director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION.**  **Sec. 6.** A new section is added to chapter 90.64 RCW to read as follows:

(1) All powers, duties, and functions of the department of ecology pertaining to chapter 90.64 RCW are transferred to the department of agriculture. All references to the director of ecology or the department of ecology in the Revised Code of Washington shall be construed to mean the director of agriculture or the department of agriculture when referring to the functions transferred in this section.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of ecology pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of agriculture. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of ecology in carrying out the powers, functions, and duties transferred shall be made available to the department of agriculture. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the department of agriculture.

(b) Any appropriations made to the department of ecology for carrying out the powers, functions, and duties transferred shall, on the effective date of this section, be transferred and credited to the department of agriculture.

(c) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of ecology pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the department of agriculture. All existing contracts and obligations shall remain in full force and shall be performed by the department of agriculture.

(4) The transfer of the powers, duties, and functions of the department of ecology shall not affect the validity of any act performed before the effective date of this section.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

**Sec. 7.** RCW 90.48.260 and 1988 c 220 s 1 are each amended to read as follows:

The department of ecology is hereby designated as the State Water Pollution Control Agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound water quality authority. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture’s adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. Violation of the duly imposed prohibition of the court may be treated as a separate offense under this section or as a contempt of court.

(2) In addition to the provisions of subsection (1) of this section, failure to register an aircraft, as required by this chapter, is subject to a civil penalty of one hundred dollars per aircraft for the first violation. Subsequent violations in the same year are subject to the following civil penalties:

Every aircraft shall be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of (eight) fifteen dollars shall be charged for each such registration and each annual renewal thereof.

Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of
using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section shall be the only requisites for registration of an aircraft under this section.

The registration fee imposed by this section shall be payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and shall be collected by the secretary at the time of the collection by him or her of the said excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she shall thereupon issue to the owner of the aircraft a certificate of registration therefor. The secretary shall pay to the state treasurer the registration fees collected under this section, which registration fees shall be credited to the aeronautics account in the transportation fund.

It shall not be necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary shall issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, shall require from an aircraft owner proof of aircraft registration or proof of intent to register an aircraft as a condition of leasing or selling tiedown or hangar space for an aircraft. The airport shall inform the lessee or purchaser of the tiedown or hangar space of the state law requiring registration and direct the person to comply with the state law if the person has not already done so. The airport may lease or sell tiedown or hangar space to owners of nonregistered aircraft after presenting them with the appropriate state registration forms. It is then the responsibility of the lessee or purchaser to register the aircraft. The airport shall report to the department’s aviation division at the end of each month, the names, addresses, and "N" numbers of those aircraft owners not yet registered. NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

General Fund--State Appropriation (FY 2005) $213,936,000
General Fund--Federal Appropriation $371,141,000
The appropriations in this subsection are subject to the following conditions and limitations:

(a) Regional support networks shall use portions of the general fund--state appropriation for implementation of working agreements with the vocational rehabilitation program which will maximize the use of federal funding for vocational programs.

(b) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and adult services program for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(c) $4,222,000 of the general fund--state appropriation for fiscal year 2004, $4,222,000 of the general fund--state appropriation for fiscal year 2005, and $8,444,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons whose treatment needs constitute substantial barriers to community placement and who no longer require active psychiatric treatment at an inpatient hospital level of care, no longer meet the criteria for inpatient involuntary commitment, and have been discharged from a state psychiatric hospital. Primary responsibility and accountability for provision of appropriate community support for persons placed with these funds shall reside with the mental health program and the regional support networks, with partnership and active support from the alcohol and substance abuse and from the aging and disability services administration. The department shall continue performance-based incentive contracts to provide appropriate community support services for individuals leaving the state hospitals under this subsection. The department shall first seek to contract with regional support networks before offering a contract to any other party. The funds appropriated in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(d) Within funds appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services are to be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department’s medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the department with (i) periodic reports on project service levels, methods, and outcomes; and (ii) an intergovernmental transfer equal to the state share of the increased medicaid payment provided for operation of this project.

(e) The health services account appropriation is provided solely for implementation of strategies which the department and the affected regional support networks conclude will best assure continued availability of community-based inpatient psychiatric services in all areas of the state. Such strategies may include, but are not limited to, emergency contracts for continued operation of inpatient facilities otherwise at risk of closure because of demonstrated uncompensated care; start-up grants for development of evaluation and treatment facilities; and increases in the rate paid for inpatient psychiatric services for medically indigent and/or general assistance for the unemployed patients. The funds provided in this subsection must be: (i) Prioritized for use in those areas of the state which are at greatest risk of lacking sufficient inpatient psychiatric treatment capacity, rather than being distributed on a formula basis; (ii) prioritized for use by those hospitals that do not receive low-income disproportionate share hospital payments as of the date of application for funding; and (iii) matched on a one-quarter local and three-quarters state basis by funding from the regional support network or networks in the area in which the funds are expended. Payments from the amount provided in this subsection shall not be made to any provider that has not agreed that, except for prospective rate increases, the payment shall offset, on a dollar-for-dollar basis, any liability that may be established against, or any settlement that may be agreed to by the state, regarding the rate of state reimbursement for inpatient psychiatric care. The funds provided in this subsection shall not be considered "available resources" as defined in RCW 71.24.025 and are not subject to the distribution formula established pursuant to RCW 71.24.035.

(f) The department is authorized to implement a new formula for allocating available resources among the regional support networks. The distribution formula shall use the number of persons eligible for the state medical programs funded under chapter 74.09 RCW as the measure of the requirement for the number of acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed in accordance with RCW 71.24.035(13)(a). The new formula shall be phased in over a period of no less than six years. Furthermore, the department shall increase the medicaid capitation rates which a regional support network would otherwise receive under the formula by an amount sufficient to assure that total funding allocated to the regional support network in fiscal year 2004 increases by up to 5.0 percent over the amount actually paid to that

(a) For three school years following consolidation, the number of basic education formula staff units shall be based on the districts' average basic education formula staff units received by the districts in the school year prior to consolidation; and
(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units received after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

(12) $159,000 of the general fund--state appropriation for fiscal year 2004 and $1,181,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for the implementation of Substitute Senate Bill No. 5012 (charter schools). If the bill is not enacted before June 30, 2003, the amounts provided in this subsection shall lapse.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.

SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:
(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E for the appropriate year, by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1Sa for the 2003-04 school year and LEAP Document 1Sb for the 2004-05 school year; and
(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E for the appropriate year.

(2) For the purposes of this section:
(a) "LEAP Document 1Sa" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2003-04 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours; and
(b) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2004-05 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours; and
(c) "LEAP Document 12E" means the computerized tabulation of 2003-04 and 2004-05 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 8.67 percent for school years 2003-04 and 2004-05 for certificated staff and 9.03 percent for school years 2003-04 and 2004-05 for classified staff.

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.
(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds for school years 2003-04 and 2004-05, only if two learning improvement days have been added to the 180-day contract year. If fewer than two days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

SUPERINTENDENT OF PUBLIC INSTRUCTION--SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004) $25,584,000

General Fund--State Appropriation (FY 2005) $104,057,000

General Fund--Federal Appropriation $423,000

TOTAL APPROPRIATION $130,065,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $9,015,000 of the general fund--state appropriation for fiscal year 2004 and $20,917,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 8.67 percent for school year 2003-04 and 8.67 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district’s basic education allocation.
per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) $5,424,000 of the general fund–state appropriation for fiscal year 2004 and $12,256,000 of the general fund–state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula classified staff units of one percent effective September 1, 2003, and another salary adjustment of one percent effective on September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.03 percent for the 2003-04 school year and 9.03 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district’s basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

The appropriations in this section provide for a rate increase to $471.12 per month for the 2003-04 school year and $542.48 per month for the 2004-05 school year at the following rates:

(2) A maximum of $768,000 of this fiscal year 2004 appropriation and a maximum of $782,000 of the fiscal year 2005 appropriation may be expended for regional transportation coordinators and related activities. SUPERINTENDENT OF PUBLIC INSTRUCTION--SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2004) $433,712,000
General Fund--State Appropriation (FY 2005) $429,085,000
General Fund--Federal Appropriation $409,762,000
TOTAL APPROPRIATION $1,272,559,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

   (i) Special education students are basic education students first;
   (ii) As a class, special education students are entitled to the full basic education allocation; and
   (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supersede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

   (i) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district’s average basic education allocation per full-time equivalent student, multiplied by 1.15; and
   (ii) A district’s annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district’s average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment” means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent” means the district’s resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district’s annual average full-time equivalent basic education enrollment. For the 2003-04 and the 2004-05 school years, each district’s general fund--state funded special education enrollment shall be the lesser of the district’s actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection
(8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential Medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) The superintendent may expend up to $120,000 per year of the amount provided from the general fund--federal appropriation in this subsection (8) to provide staff assistance to the committee in analyzing applications for safety net funds received by the committee.

(g) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(h) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

   (a) One staff from the office of superintendent of public instruction;

   (b) Staff of the office of the state auditor; and

   (c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(i) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(j) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(k) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(l) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(m) A school district may carry over from one year to the next year up to 10 percent of general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.
