Mr. Speaker:

The Senate has passed THIRD ENGROSSED SUBSTITUTE HOUSE BILL NO. 2195, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"PART 1
CERTIFICATE OF ACADEMIC ACHIEVEMENT

NEW SECTION. Sec. 101. A new section is added to chapter 28A.655 RCW to read as follows:
CERTIFICATE REQUIREMENTS. (1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (11) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of section 104 of this act, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of section 104 of this act, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student’s transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.
(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of section 104 of this act.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student’s transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar’s designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:
(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or
(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(12) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:
(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.
(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.
(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, strategies to help them improve their student’s skills, and the content of the student’s plan.
(iv) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.
(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.
(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, preferably through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student’s skills.

(ii) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 102. CERTIFICATE REPORTS REQUIRED ON THE CUT SCORES REQUIRED TO ACHIEVE THE CERTIFICATE, OBJECTIVE ALTERNATIVE ASSESSMENTS, AND ISSUES RELATED TO VALIDITY AND RELIABILITY. (1) The academic achievement and accountability commission shall review and adjust, if necessary, the performance standards needed to meet the high school standards and obtain a certificate of academic achievement as provided in section 101 of this act. The commission shall include in its review consideration of various conjunctive and compensatory score models, including the use of the standard error of measurement, into the decision regarding the award of the certificate of academic achievement. To assist in its deliberations, the commission shall seek advice from a committee that includes parents, practicing classroom teachers and principals, administrators, staff, and other interested parties. If the commission makes any adjustment of the student performance standards, then the commission shall present the recommended performance standard to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature.

(2) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards.

(a) By September 1, 2004, the office of the superintendent of public instruction shall report its recommendations for objective alternative assessments to the governor, the state board of education, and the house of representatives and senate education committees.

(b) In its deliberations, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, appropriate agencies, professional organizations, assessment experts, and other interested parties.

(c) Through the omnibus appropriations act, or by statute or concurrent resolution, the legislature shall formally approve the use of any objective alternative assessments before its implementation as a part of the high school assessment system.

(3) By September 15, 2004, the superintendent of public instruction shall develop recommendations on the best practices that may be used with students who need additional assistance to meet the requirements of the certificate of academic achievement.

(4) By November 30, 2004, the superintendent of public instruction and the state board of education shall provide to the house of representatives and senate education committees all available pertinent studies, information, and independent third-party analyses on the validity and reliability of the high school assessment system, especially as it pertains to the use of the system for individual student decisions.

Sec. 103. RCW 28A.230.090 and 1997 c 222 s 2 are each amended to read as follows:

CERTIFICATE OF ACADEMIC ACHIEVEMENT - STATE BOARD OF EDUCATION HIGH SCHOOL GRADUATION REQUIREMENTS, INCLUDING LOCAL DETERMINATION OF INDIVIDUAL STUDENT SUCCESS. (1) The state board of education shall establish high school graduation requirements or equivalencies for students.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements is encouraged to include information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under section 101 of this act or the certificate of individual achievement requirements under section 104 of this act are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board’s high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to
have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit. ((Subsection (4) of this section shall also apply to students enrolled in high school on April 11, 1990, who took the courses before attending high school.))

NEW SECTION  Sec. 104. A new section is added to chapter 28A.155 RCW to read as follows:

CERTIFICATE OF INDIVIDUAL ACHIEVEMENT. Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system as defined in section 101 of this act, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ways to demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student’s individual education program team. For these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation. When measures other than the high school assessment system as defined in section 101 of this act are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system as defined in section 101 of this act are used for high school graduation purposes, the student’s high school transcript shall note whether that student has earned a certificate of individual achievement.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system as defined in section 101 of this act, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.180 RCW to read as follows:

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not earned a certificate of academic achievement. By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, obtain a certificate of academic

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) ((above)) of this section provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

((4c)) (c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student's academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of ((mastery pursuant to RCW 28A.630.885)) academic achievement or a certificate of individual achievement pursuant to sections 101 and 104 of this act. The standardized test administered or the annual academic progress assessment written shall be made a part of the child’s permanent records. (2) The standardized high school transcript shall include the following information:

(a) The highest scale score and level achieved in each content area on the high school Washington assessment of student learning or other high school measures successfully completed by the student as provided by sections 101 and 104 of this act;

(b) All scholar designations as provided by section 101 of this act;

(c) A notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement by means of the Washington assessment of student learning or by an alternative assessment.

(3) Transcripts are important documents to students who will apply for admission to postsecondary institutions of higher education. Transcripts are also important to students who will seek employment upon or prior to graduation from high school. It is recognized that student transcripts may be the only record available to employers in their decision-making processes regarding prospective employees. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee's decision to release transcripts can be an important part of the process of applying for employment.

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the academic achievement and accountability commission.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum
extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its website any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the House of Representatives and the Senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

((4))) (b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system’s item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

((4))) (9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

((4))) (10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

((4))) (11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

((4))) (12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent’s website lists of resources and model assessments in social studies, the arts, and health and fitness.

Sec. 205. RCW 28A.655.030 and 2002 c 37 s 1 are each amended to read as follows:

ESSENTIAL ACADEMIC LEARNING REQUIREMENTS AND ASSESSMENTS - DUTIES OF THE ACADEMIC ACHIEVEMENT AND ACCOUNTABILITY COMMISSION. The powers and duties of the academic achievement and accountability commission shall include, but are not limited to the following:

(1) For purposes of statewide accountability, the commission shall:
(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics by subject and grade level as the commission deems appropriate to improve student learning, once assessments in these subjects are required statewide. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The commission may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. (The goals shall be in addition to any goals adopted in RCW 28A.655.050. The commission may also revise any goal adopted in RCW 28A.655.050.) The commission shall adopt the goals by rule. However, before each goal is implemented, the commission shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The commission shall also determine student scores that identify levels of student performance below and beyond the standard. The commission shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The commission shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the commission in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature (under RCW 28A.655.050) and by the commission under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the commission shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;
(h) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

(i) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving (the reading goal under RCW 28A.655.050 and any additional) goals adopted by the commission;

(j) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

(k) Seek advice from the public and all interested educational organizations in the conduct of its work; and

(l) Establish advisory committees, which may include persons who are not members of the commission;

(2) Holding meetings and public hearings, which may include regional meetings and hearings;

(3) Hiring necessary staff and determining the staff’s duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission’s resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

Representative Quall spoke in favor the passage of the bill.
Mr. Speaker: "The Speaker would like to make a brief statement. The majority in the Senate voted to adjourn until Monday after being presented with a motion to vote on HOUSE BILL NO. 1809 which this body passed to ban discrimination based on sexual orientation. Because they adjourned so early, nearly one hundred House bills died. Those bills included reforms to improve our schools and colleges, to create jobs, to help our small businesses, insure the safety of our food, and make health care more affordable for the people of Washington. We plan to go forth in the short time available to us. To take major steps forward to improve our schools and aid our children. As legislators we are here to govern for all the people."

There being no objection, the House advanced to the eleventh order of business.

There being no objection, the House adjourned until 10:00 a.m., March 8, 2004, the 57th Day of the Regular Session.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 2004

Mr. Speaker:

The Senate has passed SECOND ENGROSSED HOUSE BILL NO. 1645, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds and declares that:
(1) Domestic violence, sexual assault, and stalking are widespread societal problems that have devastating effects for individual victims, their children, and their communities. Victims of violence may be forced to remain in unsafe situations because they are bound by residential lease agreements. The legislature finds that the inability of victims to terminate their rental agreements hinders or prevents victims from being able to safely flee domestic violence, sexual assault, or stalking. The legislature further finds that victims of these crimes who do not have access to safe housing are more likely to remain in or return to abusive or dangerous situations. Also, the legislature finds that victims of these crimes are further victimized when they are unable to obtain or retain rental housing due to their history as a victim of these crimes. The legislature further finds that evidence that a prospective tenant has been a victim of domestic violence, sexual assault, or stalking is not relevant to the decision whether to rent to that prospective tenant.
(2) By this act, the legislature intends to increase safety for victims of domestic violence, sexual assault, and stalking by removing barriers to safety and offering protection against discrimination.

NEW SECTION.  Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:
The definitions in this section apply throughout this section and sections 3 through 5 of this act unless the context clearly requires otherwise.
(1) "Domestic violence" has the same meaning as set forth in RCW 26.50.010.
(2) "Sexual assault" has the same meaning as set forth in RCW 70.125.030.
(3) "Stalking" has the same meaning as set forth in RCW 9A.46.110.
(4) "Qualified third party" means any of the following people acting in their official capacity:
(a) Law enforcement officers;
(b) Persons subject to the provisions of chapter 18.120 RCW;
(c) Employees of a court of the state;
(d) Licensed mental health professionals or other licensed counselors;
(e) Employees of crime victim/witness programs as defined in RCW 7.69.020 who are trained advocates for the program; and
Members of the clergy as defined in RCW 26.44.020.

(5) "Household member" means a child or adult residing with the tenant other than the perpetrator of domestic violence, stalking, or sexual assault.

(6) "Tenant screening service provider" means any nongovernmental agency that provides, for a fee, background information on prospective tenants to landlords.

(7) "Credit reporting agency" has the same meaning as set forth in RCW 19.182.010(5).

NEW SECTION. Sec. 3. A new section is added to chapter 59.18 RCW to read as follows:

(1)(a) If a tenant notifies the landlord in writing that he or she or a household member was a victim of an act that constitutes a crime of domestic violence, sexual assault, or stalking, and either (a)(i) or (ii) of this subsection applies, then subsection (2) of this section applies:

(i) The tenant or the household member has a valid order for protection under one or more of the following: Chapter 26.50 or 26.26 RCW or RCW 9A.46.040, 9A.46.050, 10.14.080, 10.99.040 (2) or (3), or 26.09.050; or

(ii) The tenant or the household member has reported the domestic violence, sexual assault, or stalking to a qualified third party acting in his or her official capacity and the qualified third party has provided the tenant or the household member a written record of the report signed by the qualified third party.

(b) When a copy of a valid order for protection or a written record of a report signed by a qualified third party, as required under (a) of this subsection, is made available to the landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under chapter 59.12 RCW. However, the request to terminate the rental agreement must occur within ninety days of the reported act, event, or circumstance that gave rise to the protective order or report to a qualified third party. A record of the report to a qualified third party that is provided to the tenant or household member shall consist of a document signed and dated by the qualified third party stating: (i) That the tenant or the household member notified him or her that he or she was a victim of an act or acts that constitute a crime of domestic violence, sexual assault, or stalking; (ii) the time and date the act or acts occurred; (iii) the location where the act or acts occurred; (iv) a brief description of the act or acts of domestic violence, sexual assault, or stalking; and (v) that the tenant or household member informed him or her of the name of the alleged perpetrator of the act or acts. The record of the report provided to the tenant or household member shall not include the name of the alleged perpetrator of the act or acts. The record of the report to a qualified third party may be accomplished by completion of a form provided by the qualified third party, in substantially the following form:

[Name of organization, agency, clinic, professional service provider]

Dated this . . . day of . . . ., 20 . .

Signature of Tenant or Household Member

(2) A tenant who terminates a rental agreement under this section is discharged from the payment of rent for any period following the last day of the month of the quitting date. The tenant shall remain liable for the rent for the month in which he or she terminated the rental agreement unless the termination is in accordance with RCW 59.18.200(1). Notwithstanding lease provisions that allow for forfeiture of a deposit for early termination, a tenant who terminates under this section is entitled to the return of the full deposit, subject to RCW 59.18.020 and 59.18.280. Other tenants who are parties to the rental agreement, except household members who are the victims of sexual assault, stalking, or domestic violence, are not released from their obligations under the rental agreement or other obligations under this chapter.

(3) The provision of verification of a report under subsection (1)(b) of this section does not waive the confidential or privileged nature of the communication between a victim of domestic violence, sexual assault, or stalking with a qualified third party pursuant to RCW 5.60.060, 70.123.075, or 70.125.065. No record or evidence obtained from such disclosure may be used in any civil, administrative, or criminal proceeding against the victim unless a written waiver of applicable evidentiary privilege is obtained, except that the verification itself, and no other privileged information, under subsection (1)(b) of this section may be used in civil proceedings brought under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 59.18 RCW to read as follows:
(1) A landlord may not terminate a tenancy, fail to renew a tenancy, or refuse to enter into a rental agreement based on the tenant’s or applicant’s or a household member’s status as a victim of domestic violence, sexual assault, or stalking, or based on the tenant or applicant having terminated a rental agreement under section 3 of this act.
(2) A landlord who refuses to enter into a rental agreement in violation of this section may be liable to the tenant or applicant in a civil action for damages sustained by the tenant or applicant. The prevailing party may also recover court costs and reasonable attorneys’ fees.
(3) It is a defense to an unlawful detainer action under chapter 59.12 RCW that the action to remove the tenant and recover possession of the premises is in violation of subsection (1) of this section.
(4) This section does not prohibit adverse housing decisions based upon other lawful factors within the landlord’s knowledge.

NEW SECTION. Sec. 5. A new section is added to chapter 59.18 RCW to read as follows:
(1) A tenant who has obtained a court order from a court of competent jurisdiction granting him or her possession of a dwelling unit to the exclusion of one or more cotenants may request that a lock be replaced or configured for a new key at the tenant’s expense. The landlord shall, if provided a copy of the order, comply with the request and shall not provide copies of the new keys to the tenant restrained or excluded by the court’s order. This section does not release a cotenant, other than a household member who is the victim of domestic violence, sexual assault, or stalking, from liability or obligations under the rental agreement.
(2) A landlord who replaces a lock or configures for a new key of a residential housing unit in accordance with subsection (1) of this section shall be held harmless from liability for any damages that result directly from the lock change.

NEW SECTION. Sec. 6. RCW 59.18.356 (Threatening behavior--Violation of order for protection--Termination of agreement--Financial obligations) and 1992 c 38 s 7 are each repealed.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "housing;" strike the remainder of the title and insert "adding new sections to chapter 59.18 RCW; creating a new section; repealing RCW 59.18.356; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2382, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that community and technical colleges play a vital role for students obtaining baccalaureate degrees. In 2002, more than forty percent of students graduating with a baccalaureate degree had transferred from a community or technical college.

(2) The legislature also finds that demand continues to grow for baccalaureate degrees. Increased demand comes from larger numbers of students seeking access to higher education and greater expectations from employers for the knowledge and skills needed to expand the state's economy. Community and technical colleges are an essential partner in meeting this demand.

(3) However, the legislature also finds that current policies and procedures do not provide for efficient transfer of courses, credits, or prerequisites for academic majors. Furthermore, the state's public higher education system must expand its capacity to enroll transfer students in baccalaureate education. The higher education coordinating board must take a leadership role in working with the community and technical colleges and four-year institutions to ensure efficient and seamless transfer across the state.

(4) Therefore, it is the legislature's intent to build clearer pathways to baccalaureate degrees, improve statewide coordination of transfer and articulation, and ensure long-term capacity in the state's higher education system for transfer students.

NEW SECTION. Sec. 2. (1) The higher education coordinating board must convene work groups to develop transfer associate degrees that will satisfy lower division requirements at public four-year institutions of higher education for specific academic majors. Work groups must include representatives from the state board for community and technical colleges and the council of presidents, as well as faculty from two and four-year institutions. Work groups may include representatives from independent four-year institutions.

(2) Each transfer associate degree developed under this section must enable a student to complete the lower-division courses or competencies for general education requirements and preparation for the major that a direct-entry student would typically complete in the freshman and sophomore years for that academic major.
(3) Completion of a transfer associate degree does not guarantee a student admission into an institution of higher education or admission into a major, minor, or professional program at an institution of higher education that has competitive admission standards for the program based on grade point average or other performance criteria.

(4) During the 2004-05 academic year, the work groups must develop transfer degrees for elementary education, engineering, and nursing. Each year thereafter, the higher education coordinating board must convene additional groups to identify and develop additional transfer degrees. The board must give priority to majors in high demand by transfer students and majors that the general direct transfer agreement associate degree does not adequately prepare students to enter automatically upon transfer.

(5) The higher education coordinating board, in collaboration with the intercollege relations commission, must collect and maintain lists of courses offered by each community and technical college and public four-year institution of higher education that fall within each transfer associate degree.

(6) The higher education coordinating board must monitor implementation of transfer associate degrees by public four-year institutions to ensure compliance with subsection (2) of this section.

(7) Beginning January 10, 2005, the higher education coordinating board must submit a progress report on the development of transfer associate degrees to the higher education committees of the house of representatives and the senate. The first progress report must include measurable benchmark indicators to monitor the effectiveness of the initiatives in improving transfer and baseline data for those indicators before the implementation of the initiatives. Subsequent reports must be submitted by January 10 of each odd-numbered year and must monitor progress on the indicators, describe development of additional transfer associate degrees, and provide other data on improvements in transfer efficiency.

NEW SECTION Sec. 3. (1) The higher education coordinating board must create a statewide system of course equivalency for public institutions of higher education, so that courses from one institution can be transferred and applied toward academic majors and degrees in the same manner as equivalent courses at the receiving institution.

(2) The board must convene a work group including representatives from the state board for community and technical colleges and the council of presidents, as well as faculty from two and four-year institutions, to:

(a) Identify equivalent courses between community and technical colleges and public four-year institutions and among public four-year institutions, including identifying how courses meet requirements for academic majors and degrees; and

(b) Develop strategies for communicating course equivalency to students, faculty, and advisors.

(3) The work group may include representatives from independent four-year institutions. The work group must take into account the unique nature of the curriculum of The Evergreen State College in developing the course equivalency system.

(4) The higher education coordinating board must make a progress report on the development of the course equivalency system to the higher education committees of the senate and house of representatives by January 10, 2005. The report must include options and cost estimates for ongoing maintenance of the system.

NEW SECTION Sec. 4. (1) The higher education coordinating board must conduct a gap analysis of upper division capacity in the public higher education system to accommodate transfer students. The analysis must address the total number of enrollment slots, specific academic majors, and geographic location of demand and supply of upper division capacity.

(2) The board must examine the full range of options, including costs, to close the gap between demand and supply of upper division capacity. Options include expansion of main campuses, branch campuses, off-campus education centers, distance learning, and other strategies.

(3) The board must make a progress report by January 10, 2005, and a final report by December 10, 2006, with recommendations to the higher education committees of the senate and house of representatives for how the state should expand upper division capacity in various locations across the state.

Sec. 5. RCW 28B.80.290 and 1983 c 304 s 2 are each amended to read as follows:

The statewide transfer of credit policy and agreement ((shall)) must be designed to facilitate the transfer of students and the evaluation of transcripts, to better serve persons seeking information about courses and programs, to aid in academic planning, and to improve the review and evaluation of academic programs in the state institutions of higher education. The statewide transfer of credit policy and agreement ((shall)) must not require ((must)) or encourage the standardization of course content ((and shall not)) or prescribe course content or the credit value assigned by any institution to the course. Policies adopted by public four-year institutions concerning the transfer of lower division credit must treat students transferring from public community colleges the same as students transferring from public four-year institutions.

NEW SECTION Sec. 6. Sections 2 and 3 of this act are each added to chapter 28B.80 RCW."
On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "amending RCW 28B.80.290; adding new sections to chapter 28B.80 RCW; and creating new sections."

and the same is herewith transmitted. Milt H. Doumit, Secretary

**SENATE AMENDMENTS TO HOUSE BILL**

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2556, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that criminal history record information background checks for employment purposes are rapidly increasing in Washington state. While the demand for criminal history record information background checks is growing, the existing criminal history record information background check data transmission infrastructure and processes are not adequate to keep pace with the growing demand. Furthermore, employers are concerned with the current system's ability to quickly secure results. Without adequate data transmission infrastructure and processes to encourage efficient criminal history record information background checks and to receive results quickly, a public safety risk is created. This is especially true when new or prospective employees will be working with children.

The legislature has learned that some states have recently developed comprehensive criminal history record information background check programs. These programs focus on making criminal history record information background checks easily accessible to employers and prospective employees and have eliminated long response times."
NEW SECTION. Sec. 2. (1) A joint task force on criminal background check processes is established. The joint task force shall consist of the following members:
   (a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;
   (b) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;
   (c) The chief of the Washington state patrol, or the chief’s designee;
   (d) The secretary of the department of social and health services, or the secretary’s designee;
   (e) The state superintendent of public instruction, or the superintendent’s designee;
   (f) An elected sheriff or police chief, selected by the Washington association of sheriffs and police chiefs; and
   (g) The following seven members, jointly appointed by the speaker of the house of representatives and the president of the senate:
      (i) A representative from a nonprofit service organization that serves primarily children under sixteen years of age;
      (ii) A health care provider as defined in RCW 7.70.020;
      (iii) A representative from a business or organization that primarily serves persons with a developmental disability or vulnerable adults;
      (iv) A representative from a local youth athletic association;
      (v) A representative from the insurance industry; and
      (vi) Two representatives from a local parks and recreation program; one member shall be selected by the association of Washington cities and one member shall be selected by the Washington association of counties.
   (2) The task force shall choose two cochairs from among its membership.
   (3) The task force shall review and make recommendations to the legislature and the governor regarding criminal background check policy in Washington state. In preparing the recommendations, the committee shall, at a minimum, review the following issues:
      (a) What state and federal statutes require regarding criminal background checks, and determine whether any changes should be made;
      (b) What criminal offenses are currently reportable through the criminal background check program, and determine whether any changes should be made;
      (c) What information is available through the Washington state patrol and the federal bureau of investigation criminal background check systems, and determine whether any changes should be made;
      (d) What are the best practices among or organizations for obtaining criminal background checks on their employees and volunteers;
      (e) What is the feasibility and costs for businesses and organizations to do periodic background checks;
      (f) What is the feasibility of requiring all businesses and organizations, including nonprofit entities, to conduct criminal background checks for all employees, contractors, agents, and volunteers who have regularly scheduled supervised or unsupervised access to children, persons with a developmental disability, or vulnerable adults; and
      (g) A review of the benefits and obstacles of implementing a criminal history record information background check program created by the national child protection act of 1993. The national child protection act of 1993 increases the availability of criminal history record information background checks for employers who have employees or volunteers who work with children, elderly persons, or persons with disabilities.
   (4) The task force, where feasible, may consult with individuals from the public and private sector.
   (5) The task force shall use legislative facilities and staff from senate committee services and the house office of program research.
   (6) The task force shall report its findings and recommendations to the legislature by December 31, 2004.

NEW SECTION. Sec. 3. (1) In consultation with the Washington state patrol, the Washington association of sheriffs and police chiefs shall conduct a study on criminal history record information background check technology and systems. The study shall focus on how, through the use of modern technology, Washington state can reduce delays in the criminal history record information background check processing time and how Washington state can make criminal history record information background checks more accessible and efficient.
   (2) The study shall include, but is not limited to:
      (a) A review and analysis of the criminal history record information background check technology systems in states that have recently implemented or are soon to implement comprehensive criminal history record information background check programs;
      (b) Recommendations on how a comprehensive criminal history record information background check program should be designed in Washington state, and how much a comprehensive program would cost to implement in Washington state;
A review of how a comprehensive criminal history record information background check program could be paid for in Washington state, which includes a determination on whether the program could be funded solely by user fees.

The findings and recommendations from the Washington association of sheriffs and police chiefs shall be presented to the joint task force on criminal background check processes no later than November 30, 2004.

The requirement to perform the study under this section and to make findings and recommendations is subject to availability of funds appropriated for this specific purpose.

NEW SECTION. Sec. 4. This act expires January 31, 2005."

On page 1, line 1 of the title, after "processes;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

and the same is herewith transmitted.

A port district providing consulting services must create and maintain an open roster of Washington firms interested in bidding on opportunities generated as a result.

SUBSTITUTE HOUSE BILL NO. 2657, as amended by the Senate, having received the constitutional majority, was declared passed.

**SENATE AMENDMENTS TO HOUSE BILL**

March 2, 2004

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2707, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.45 RCW to read as follows:

(1) In 1989, the legislature created five branch campuses to be operated by the state’s two public research universities. Located in growing urban areas, the branch campuses were charged with two missions:

(a) Increasing access to higher education by focusing on upper division and graduate programs, targeting placebound students, and operating as models of a two plus two educational system in cooperation with the community colleges; and

(b) Promoting regional economic development by responding to demand for degrees from local businesses and supporting regional economies through research activities.

(2) Fifteen years later, the legislature finds that branch campuses are responding to their original mission:
(a) Branch campuses accounted for half of statewide upper division and graduate public enrollment growth since 1990;
(b) Branch campuses have grown steadily and enroll increasing numbers of transfer students each year;
(c) Branch campuses enroll proportionately more older and part-time students than their main campuses
and attract increasing proportions of students from nearby counties;
(d) Although the extent of their impact has not been measured, branch campuses positively affect local
economies and offer degree programs that roughly correspond with regional occupational projections; and
(e) The capital investments made by the state to support branch campuses represent a significant benefit
to regional economic development.

(3) However, the legislature also finds the policy landscape in higher education has changed since the
original creation of the branch campuses. Demand for access to baccalaureate and graduate education is
increasing rapidly. Economic development efforts increasingly recognize the importance of focusing on local and
regional economic clusters and improving collaboration among communities, businesses, and colleges and
universities. Each branch campus has evolved into a unique institution, and it is appropriate to assess the nature
of this evolution to ensure the role and mission of each campus is aligned with the state’s higher education goals
and the needs of the region where the campus is located.

(4) Therefore, it is the legislature’s intent to recognize the unique nature of Washington’s higher
education branch campuses, reaffirm the role and mission of each, and set the course for their continued future
development.

(5) It is the further intent of the legislature that the campuses be identified by the following names:
University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities,
and Washington State University Vancouver.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.45 RCW to read as follows:

1. The primary mission of the higher education branch campuses created under this chapter remains to
expand access to baccalaureate and master’s level graduate education in under-served urban areas of the state in
collaboration with community and technical colleges.

2. Branch campuses shall collaborate with the community and technical colleges in their region to
develop articulation agreements, dual admissions policies, and other partnerships to ensure that branch campuses
serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but
are not limited to joint development of curricula and degree programs, colocation of instruction, and
arrangements to share faculty.

3. In communities where a private postsecondary institution is located, representatives of the private
institution may be invited to participate in the conversation about meeting the baccalaureate and master’s level
graduate needs in underserved urban areas of the state.

4. However, the legislature recognizes there are alternative models for achieving this primary mission.
Some campuses may have additional missions in response to regional needs and demands. At selected branch
campuses, an innovative combination of instruction and research targeted to support regional economic
development may be appropriate to meet the region’s needs for both access and economic viability. Other
campuses should focus on becoming models of a two plus two educational system through continuous
improvement of partnerships and agreements with community and technical colleges. Still other campuses may
be best suited to transition to a four-year comprehensive university or be removed from designation as a branch
campus entirely.

5. It is the legislature’s intent that each branch campus be funded commensurate with its unique mission,
the degree programs offered, and the institutional combination of instruction and research, but at a level less than
a research university.

6. In consultation with the higher education coordinating board, a branch campus may propose
legislation to authorize practice-oriented or professional doctoral programs if: (a) Unique research facilities and
equipment are located near the campus; or (b) the campus can clearly demonstrate student and employer demand
in the region that is linked to regional economic development.

7. It is not the legislature’s intent to have each campus chart its own future path without legislative
guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits
each campus and best meets the needs of students, the community, and the region.

Sec. 3. RCW 28B.45.050 and 1991 c 205 s 11 are each amended to read as follows:
Washington State University and Eastern Washington University ((are responsible for providing upper-
division and graduate level)) shall collaborate with one another and with local community colleges in providing
educational pathways and programs to the citizens of the Spokane area((under rules or guidelines adopted by the
joint center for higher education). However, before any degree is authorized under this section it shall be subject
to the review and approval of the higher education coordinating board. Washington State University shall meet
its responsibility through the operation of a branch campus in the Spokane area. Eastern Washington University
shall meet its responsibility through the operation of programs and facilities in Spokane)).
NEW SECTION. Sec. 4. (1) Each branch campus shall examine its instructional programs, costs, research initiatives, student enrollment characteristics, programs offered in partnership with community and technical colleges, and regional context and make a recommendation by November 15, 2004, to the higher education coordinating board regarding the future evolution of the campus. Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.50.050 and 2001 c 175 s 1, 2001 c 174 s 1, and 2001 c 49 s 2 are each reenacted
and amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records
relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public
inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as
provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by
any juvenile justice or care agency may be released to other participants in the juvenile justice or care system
only when an investigation or case involving the juvenile in question is being pursued by the other participant
or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning
a juvenile or a juvenile’s family may be released to the public only when that information could not reasonably
be expected to identify the juvenile or the juvenile’s family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her
attorney, of law enforcement and prosecuting attorneys’ records pertaining to investigation, diversion, and
prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in
adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate
with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a
juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless
releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of
incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and
prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting
other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system
which may receive information on all alleged juvenile offenders against whom a complaint has been filed
pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central
record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the
diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has
agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system
without notification by the diversion unit of the date on which the offender agreed to diversion.

(18) If the court grants the motion to destroy records made pursuant to subsection (17) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

Beginning on page 1, line 10, strike all material through "Washington." on page 3, line 19 and insert the following:

"WHEREAS, Since the birth of this country, our nation owes our coal miners a debt we could never begin to repay for the difficult and dangerous job they perform so we could have the fuel we need to operate our industries and heat our homes; and

WHEREAS, The energy needs of communities throughout the nation have been met due to the hard work and dedication of American coal miners; and

WHEREAS, Millions of workers toiled in the nation's coal mines over the last century, risking both life and limb to fuel the nation's economic expansion, and through their manual labor made possible the technological conveniences of modern American life, though those contributions to the nation's welfare are generally unknown to the public; and

WHEREAS, During the last century, over 100,000 coal miners have been killed in mining accidents in the nation's coal mines, and 3,500,000 coal miners have suffered nonfatal injuries; and

WHEREAS, 100,000 coal miners have contracted Black Lung Disease as a direct result of their toil in the nation's coal mines; and

WHEREAS, Coal provides 50 percent of the nation's electricity and is an essential fuel for industries such as steel, cement, chemical, food, and paper; and

WHEREAS, Coal miners keep the nation supplied with an energy resource that produces electricity for the lowest cost, when compared to fuels other than nuclear, and which makes possible the country's unmatched productivity and prosperity; and
WHEREAS, Coal miners provide a vital pool of labor with the expertise to produce energy supplies from vast national coal reserves, which serves to buffer the country from a dangerous dependence on foreign energy fuels; and

WHEREAS, The United States has a demonstrated coal reserve of more than 500,000,000,000 tons, with an estimated 275,000,000,000 tons of recoverable reserves which, at current production rates, represents about 275 years of recoverable coal reserves; and

WHEREAS, These coal reserves represent about 95 percent of all fossil fuel reserves in the United States, about one-fourth of the world's known coal reserves; and

WHEREAS, Approximately two-thirds of all coal mined in the United States is transported by rail, making coal the largest single source of freight revenue for United States' railroads; and

WHEREAS, Transportation by railroad provided jobs for thousands of workers who built the infrastructure, maintained it, and loaded and unloaded coal; and

WHEREAS, It would be proper and fitting for our nation to recognize our coal miners, both past and present, for their contributions to this nation; and

WHEREAS, Coal mining continues to be the economic engine for many communities, providing jobs to areas with little economic diversity; and

WHEREAS, Coal mining provides an economic benefit far beyond its direct revenue, including billions of dollars in economic output and household earnings and hundreds of thousands of jobs in other industries;

NOW, THEREFORE, Your Memorialists respectfully pray that the United States Postal service issue a postage stamp commemorating American coal miners, which would hold the promise of illustrating a colorful and historically rich segment of society for the benefit of school children, stamp collectors, educators, and the public.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the United States Postmaster General, the Citizens' Stamp Advisory Committee of the United States Postal Service, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.

The higher education coordinating board shall establish procedures, by rule, to disburse the awards as direct grants to the students.

The board may accept appeals and grant waivers to the enrollment requirements of this section based on exceptional mitigating circumstances of individual grant recipients.

To maintain eligibility for the grants, recipients must maintain a minimum grade point average at the college or university equivalent to 3.30. Sec. 29. RCW 28B.04.020 and 1985 c 370 s 36 are each amended to read as follows:

The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves “displaced” in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries’ rights under employer’s pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines under which the state board for community and technical colleges shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life.

Sec. 30. RCW 28B.04.030 and 1985 c 370 s 37 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) “Board” means the state board for community and technical colleges.

(2) “Center” means a multipurpose service center for displaced homemakers as described in RCW 28B.04.040.

(3) “Program” means those programs described in RCW 28B.04.050 which provide direct, outreach, and information and training services which serve the needs of displaced homemakers.

(4) “Displaced homemaker” means an individual who:

(a) Has worked in the home for ten or more years providing unsalaried household services for family members on a full-time basis; and

(b) Is not gainfully employed;

(c) Needs assistance in securing employment; and

(d) Has been dependent on the income of another family member but is no longer supported by that income, or has been dependent on federal assistance but is no longer eligible for that assistance, or is supported as the parent of minor children by public assistance or spousal support but whose children are within two years of reaching their majority.

Sec. 31. RCW 28B.04.080 and 1985 c 370 s 42 are each amended to read as follows:

(1) The board shall consult and cooperate with the department of social and health services; the higher education coordinating board; the superintendent of public instruction; the work force training and education coordinating board; the employment security department; the department of labor and industries; sponsoring agencies under the federal comprehensive employment and training act (87 Stat. 839; 29 U.S.C. Sec. 801 et seq.), and any other persons or agencies as the board deems appropriate to facilitate the coordination of centers established under this chapter with existing programs of a similar nature.
(2) Annually on July 1st, each agency listed in subsection (1) of this section shall submit a description of each service or program under its jurisdiction which would support the programs and centers established by this chapter and the funds available for such support.

(3) The board shall serve as a clearinghouse for displaced homemaker information and resources and shall compile and disseminate statewide information to the centers, related agencies, and interested persons upon request.

Sec. 32. RCW 28B.04.085 and 1987 c 230 s 2 are each amended to read as follows:

(1) The executive coordinator of the (higher education coordinating) board shall establish an advisory committee, to be known as the displaced homemaker program advisory committee.

(2) The advisory committee shall be advisory to the executive coordinator and staff of the board.

(3) Committee membership shall not exceed twenty-two persons and shall be geographically and generally representative of the state. At least one member of the advisory committee shall either be or recently have been a displaced homemaker.

(4) Functions of the advisory committee shall be:

(a) To provide advice on all aspects of administration of the displaced homemaker program, including content of program rules, guidelines, and application procedures;

(b) To assist in coordination of activities under the displaced homemaker program with related activities of other state and federal agencies, with particular emphasis on facilitation of coordinated funding.

NEW SECTION. Sec. 33. Sections 28 through 32 of this act take effect July 1, 2005.

PART V

STATE NEED GRANT

Sec. 34. RCW 28B.10.800 and 1999 c 345 s 2 are each amended to read as follows:
The purposes of (RCW 28B.10.800 through 28B.10.824) this chapter are to establish the principles upon which the state financial aid programs will be based and to establish the state of Washington state need grant program, thus assisting financially needy or disadvantaged students domiciled in Washington to obtain the opportunity of attending an accredited institution of higher education (as defined in RCW 28B.10.802(1)). State need grants under (RCW 28B.10.800 through 28B.10.824) this chapter are available only to students who are resident students as defined in RCW 28B.10.012(2) (a) through (d).

Sec. 35. RCW 28B.10.802 and 2002 c 187 s 2 are each amended to read as follows:

As used in (RCW 28B.10.800 through 28B.10.824) this chapter:

(1) "Institution or institutions of higher education" (shall mean (1) (a)) means:

(a) Any public university, college, community college, or (vocational technical institute) technical college operated by the state of Washington or any political subdivision thereof; or

((2) (b)) (b) Any other university, college, school, or institute in the state of Washington offering instruction beyond the high school level which is a member institution of an accrediting association recognized by rule of the board for purposes of this section: PROVIDED. That any institution, branch, extension or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association, or a branch of a member institution of an accrediting association recognized by rule of the board for purposes of this section, that is eligible for federal student financial aid assistance and has operated as a nonprofit college or university delivering on-site classroom instruction for a minimum of twenty consecutive years within the state of Washington, and has an annual enrollment of at least seven hundred full-time equivalent students: PROVIDED FURTHER, That no institution of higher education shall be eligible to participate in a student financial aid program unless it agrees to and complies with program rules and regulations adopted pursuant to RCW 28B.10.822 (as recodified by this act).

(2) (The term) "Financial aid" (shall mean) means loans and/or grants to needy students enrolled or accepted for enrollment as a student at institutions of higher education.

(3) (The term) "Needy student" (shall mean) means a post high school student of an institution of higher (learning as defined in subsection (1) of this section) education who demonstrates to the board the financial inability, either through the student’s parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

(4) (The term) "Disadvantaged student" (shall mean) means a post high school student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full time student in an institution of higher (learning) education, who would otherwise qualify as a needy student, and who is attending an institution of higher (learning) education under an established program designed to qualify the student for enrollment as a full time student.

(5) (The term) "Board" (shall mean) means the higher education coordinating board.
RCW 28B.10.804 and 1999 c 345 s 3 are each amended to read as follows:
The board shall be cognizant of the following guidelines in the performance of its duties:
(1) The board shall be research oriented, not only at its inception but continually through its existence.
(2) The board shall coordinate all existing programs of financial aid except those specifically dedicated
to a particular institution by the donor.
(3) The board shall take the initiative and responsibility for coordinating all federal student financial aid
programs to ensure that the state recognizes the maximum potential effect of these programs, and shall
design state programs that complement existing federal, state, and institutional programs. The board shall
ensure that state programs continue to follow the principle that state financial aid funding follows the student to
the student’s choice of institution of higher education.
(4) Counseling is a paramount function of the state need grant and other state student financial aid
programs, and in most cases could only be properly implemented at the institutional levels; therefore, state
student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of
the board, are the reasons for the existence of a student financial aid program, and not solely with
administration of the program on an individual basis.
(5) The "package" approach of combining loans, grants and employment for student financial aid shall
be the conceptual element of the state’s involvement.
(6) The board shall ensure that allocations of state appropriations for financial aid are made to
individuals and institutions in a timely manner and shall closely monitor expenditures to avoid under or
overexpenditure of appropriated funds.

RCW 28B.10.808 and 1999 c 345 s 5 are each amended to read as follows:
In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing
contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following
another procedure when the best interest of the program so dictates:
(1) The board shall annually select the financial aid award recipients from among Washington
residents applying for student financial aid who have been ranked according to financial need as determined by
the amount of the family contribution and other considerations brought to the board’s attention.
(2) The financial need of the highest ranked students shall be met by grants depending upon the
evaluation of financial need until the total allocation has been disbursed. Funds from grants which are
declined, forfeited or otherwise unused shall be reawarded until dispersed.
(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock
hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the
student’s program. A student may not start a new associate degree program as a state need grant recipient until
at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student
may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory
academic progress toward completion of an eligible program as determined by the board. Should the recipient
terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall
be returned to the state educational grant fund by the institution according to the institution’s own policy for
issuing refunds, except as provided in RCW 28B.10.8081 (as recodified by this act).
(4) In computing financial need, the board shall determine a maximum student expense budget
allowance, not to exceed an amount equal to the total maximum student expense budget at the public
institutions plus the current average state appropriation per student for operating expense in the public
institutions.

RCW 28B.10.8081 and 1991 c 164 s 3 are each amended to read as follows:
Under rules adopted by the board, the provisions of RCW 28B.10.808(3) (as recodified by this act)
shall not apply to eligible students, as defined in RCW 28B.10.017, and eligible students shall not be required
to repay the unused portions of grants received under the state student financial aid program.

RCW 28B.10.810 and 1999 c 345 s 6 are each amended to read as follows:
For a student to be eligible for a state need grant a student must:
(1) Be a "needy student" or "disadvantaged student" as determined by the board in accordance with
RCW 28B.10.802 (3) and (4) (as recodified by this act).
(2) Have been domiciled within the state of Washington for at least one year.
(3) Be enrolled or accepted for enrollment on at least a half-time basis at an institution of higher
education in Washington as defined in RCW 28B.10.802(1) (as recodified by this act).
(4) Have complied with all the rules and regulations adopted by the board for the administration of
(§§ RCW 28B.10.800 through 28B.10.824) this chapter.

RCW 28B.10.816 and 1969 ex.s. c 222 s 16 are each amended to read as follows:
A state financial aid recipient under (RCW 28B.10.800 through 28B.10.824) this chapter shall apply the award toward the cost of tuition, room, board, books and fees at the institution of higher education attended.

Sec. 41. RCW 28B.10.818 and 1969 ex.s. c 222 s 17 are each amended to read as follows:
Funds appropriated for student financial assistance to be granted pursuant to (RCW 28B.10.800 through 28B.10.824) this chapter shall be disbursed as determined by the board.

Sec. 42. RCW 28B.10.820 and 1969 ex.s. c 222 s 18 are each amended to read as follows:
The board shall be authorized to accept grants, gifts, bequests, and devises of real and personal property from any source for the purpose of granting financial aid in addition to that funded by the state.

Sec. 43. RCW 28B.10.822 and 1999 c 345 s 7 are each amended to read as follows:
The board shall adopt rules as may be necessary or appropriate for effecting the provisions of (RCW 28B.10.800 through 28B.10.824) this chapter, in accordance with the provisions of chapter 34.05 RCW, the administrative procedure act.

Sec. 44. RCW 28B.10.790 and 1985 c 370 s 54 are each amended to read as follows:
Washington residents attending any nonprofit college or university in another state which has a reciprocity agreement with the state of Washington shall be eligible for the student financial aid program outlined in (RCW 28B.10.800 through 28B.10.824) if (1) they qualify as a "needy student" under RCW 28B.10.802(3) (as recodified by this act), and (2) the institution attended is a member institution of an accrediting association recognized by rule of the higher education coordinating board for the purposes of this section and is specifically encompassed within or directly affected by such reciprocity agreement and agrees to and complies with program rules and regulations pertaining to such students and institutions adopted pursuant to RCW 28B.10.822 (as recodified by this act).

PART VI
MISCELLANEOUS

Sec. 45. RCW 28B.10.650 and 1985 c 370 s 53 are each amended to read as follows:
It is the intent of the legislature that when the state and regional universities, The Evergreen State College, and community colleges grant professional leaves to faculty and exempt staff, such leaves be for the purpose of providing opportunities for study, research, and creative activities for the enhancement of the institution’s instructional and research programs.

The boards of regents of the state universities, the boards of trustees of the regional universities and of The Evergreen State College and the board of trustees of each community college district may grant remunerated professional leaves to faculty members and exempt staff, as defined in RCW (28B.16.040) 41.06.070, in accordance with regulations adopted by the respective governing boards for periods not to exceed twelve consecutive months in accordance with the following provisions:

(3) The grant of any such professional leave shall be contingent upon a signed contractual agreement between the respective governing board and the recipient providing that the recipient shall return to the granting institution or district following his or her completion of such leave and serve in a professional status for a period commensurate with the amount of leave so granted. Failure to comply with the provisions of such signed agreement shall constitute an obligation of the recipient to repay to the institution any remuneration received from the institution during the leave.

(4) The aggregate cost of remunerated professional leaves awarded at the institution or district during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves: PROVIDED, That for community college districts the aggregate cost shall not exceed one hundred fifty percent of the cost of salaries which would have otherwise been paid to personnel on leaves: PROVIDED FURTHER, That this subsection shall not apply to any community college district with fewer than seventy-five full time faculty members and granting fewer than three individuals such leaves in any given year.
(5) The average number of annual remunerated professional leaves awarded at any such institution or district shall not exceed four percent of the total number of full time equivalent faculty, as defined by the office of financial management, who are engaged in instruction, and exempt staff as defined in RCW (28B.16.040) 41.06.070.

However, the purchase or lease of major off-campus facilities is subject to the approval of the higher education coordinating board under (RCW 28B.80.340) section 9 of this act.

Sec. 48. RCW 28B.10.050 and 1985 c 370 s 91 are each amended to read as follows:

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. With the exception of tuition unit contracts purchased by qualified organizations as future scholarships, the beneficiary must reside in the state of Washington or otherwise be a resident of the state of Washington at the time the tuition unit contract is accepted by the governing body.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary.

Generally, the minimum purchase price is one percent of the undergraduate weighted average tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

(16) "Weighted average tuition" shall be calculated as the sum of the undergraduate tuition and services and activities fees for each four-year state institution of higher education, multiplied by the respective full-time equivalent student enrollment at each institution divided by the sum total of undergraduate full-time equivalent student enrollments of all four-year state institutions of higher education, rounded to the nearest whole dollar.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. students enrolled in the institution. No such loan shall be made to any student who is known by the institution
to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made

frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional financial aid fund that are not used in making long-term

Sec. 1 et seq. The governing documents may include reasonable rules and regulations, consistent with 4 U.S.C. Sec. 1 et seq., regarding the placement and manner of display of the flag of the United States.

(2) The governing documents may not prohibit the installation of a flagpole for the display of the flag of the United States. The governing documents may include reasonable rules and regulations regarding the location and the size of the flagpole.

(3) For purposes of this section, "flag of the United States" means the flag of the United States as defined in federal flag display law, 4 U.S.C. Sec. 1 et seq., that is made of fabric, cloth, or paper and that is displayed from a staff or flagpole or in a window. For purposes of this section, "flag of the United States" does not mean a flag depiction or emblem made of lights, paint, roofing, siding, paving materials, flora, or balloons, or of any similar building, landscaping, or decorative component.

POINT OF ORDER

Representative Lantz requested a scope and object ruling on the Senate amendment to House Bill No. 2935.

SPEAKER’S RULING
The Speaker (Representative Lovick presiding): "House Bill No. 2935 is entitled an act relating to "ensuring that members of homeowners' associations may display the flag of the United States on their properties." The bill as passed by the House provides that a homeowners' association may not prohibit residents from displaying the flag of the United States or installing a flagpole for the display of the flag of the United States but may adopt reasonable rules and regulations for the display of the flag and the size and location of the flagpole.

The Senate amendment provides similar protections for display of political yard signs.

The House bill is narrowly drawn to provide protections solely for the display of the flag of the United States. The amendment providing protections for the display of campaign signs is clearly beyond the scope and object of the bill.

Representative Lantz, your point of order is well taken."

There being no objection, the House refused to concur in the Senate amendment to HOUSE BILL NO. 2934, and asked the Senate to recede therefrom.

There being no objection, the House reverted to the fourth order of business.

Prior Biennia (Expenditures) $15,330,537
Sec. 112. 2003 1st sp.s. c 26 s 250 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF CORRECTIONS

DEPARTMENT OF CORRECTIONS

Monroe Corrections Center: 100 Bed Management and Segregation Unit (00-2-008)

The appropriations in this section are subject to the following conditions and limitations:

(1) It is the intent of the legislature to explore the concept of an anaerobic digester, also known as a BioGas facility, to treat dairy waste in Snohomish county, with the Monroe honor farm being one possible site for such a project.

(2) The department shall not sell, lease, or otherwise dispose of the Monroe honor farm site prior to December 1, 2004. The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.

(3) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed, the secretary of corrections shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.

(4) The department of corrections shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site and only if the tribe has concluded that development of such a facility is feasible. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington.

(5) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the secretary of corrections shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec. 901. A new section is added to chapter 89.08 RCW to read as follows:

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec. 902. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. (The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.)

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

Sec. 903. 2003 1st sp.s. c 26 s 907 (uncodified) is amended to read as follows:

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(i) Enter into a term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate.
than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state’s credit rating and the integrity of the state’s debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds. PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director’s designee, and recorded with the county auditor of the county in which the property is located.
NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution's operating budget request once the facility is completed: Washington State University’s agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. RCW 43.99E.025 and 1991 c 3 s 302 are each amended to read as follows:

The proceeds from the sale of the bonds deposited in the state and local improvements revolving account—water supply facilities of the general fund under the terms of this chapter shall be divided into two shares as follows:

(1) Seventy-five million dollars, or so much thereof as may be required, shall be used for domestic, municipal, and industrial water supply facilities; and

(2) Fifty million dollars, or so much thereof as may be required, shall be used for water supply facilities for agricultural use alone or in combination with fishery, recreational, or other beneficial uses of water; for the 2003-05 biennium, proceeds may also be used for water conveyance projects.

The share of seventy-five million dollars shall be administered by the department of health and the share of fifty million dollars shall be administered by the department of ecology, subject to legislative appropriation. The administering departments may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for the issuance of the bonds by direct expenditures and by grants or loans to public bodies, including grants to public bodies as matching funds in any case where federal, local, or other funds are made available on a matching basis for improvements within the purposes of this chapter.

Sec. 909. RCW 70.146.030 and 2003 1st sp.s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.
(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water related mitigation or settlements, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. (During the 2001-2003 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.)

NEW SECTION. Sec. 911. During the 2005-07 biennium, the state parks and recreation commission shall study, and implement if deemed appropriate by the commission, the transfer of Old Man House state park to the Suquamish tribe. Any agreements shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause included in RCW 79A.05.170.

Sec. 912. RCW 79.10.320 and 2003 c 334 s 538 are each amended to read as follows:

(1) The department shall manage the state-owned lands under its jurisdiction which are primarily valuable for the purpose of growing forest crops on a sustained yield basis as compatible with other statutory directives. To this end, the department shall periodically adjust the acreages designated for inclusion in the sustained yield management program and calculate a sustainable harvest level.

For the final sustainable harvest level intended to be adopted by the board during calendar year 2004, the board may identify a single preferred harvest level alternative. The board may adopt a final sustainable harvest level only after:

(a) The report required in section 230 of this act has been produced and delivered to the appropriate standing and fiscal committees of the legislature;

(b) A legislative review of the report has been conducted by the appropriate committees of the legislature; and

(c) At least one hearing has been held by the board on the findings in the report and the results of the legislative review.

(2) Local funds generated through operation of this facility shall be managed in a revolving fund, established herewith, by the university. This fund shall consist of all moneys received in connection with the operation of the facility and any moneys appropriated to the fund by law. Disbursements from the revolving fund shall be on authorization of the president of the university or the president’s designee. In order to maintain an effective expenditure and revenue control, this fund, to be known as the dairy/forage facility revolving fund, shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.
(3) In the event state funding is not sufficient to operate the dairy cattle herd, the university is authorized to lease the herd, together with the land necessary to maintain the same, for such period and upon such terms as the university board of regents shall deem proper.

Sec. 917. RCW 28B.30.820 and 1981 c 238 s 3 are each amended to read as follows:

"Forestry Certification Process (05-2-850)

(1) The appropriation in this section is for a forestry certification process. The legislature finds that the department of natural resources manages state forests consistent with the forest practices rules, habitat conservation plans, and under a sustained yield harvest plan. The forest management required by these constraints necessarily means that wood products originating from state forests are managed consistent with advanced principles of sustainable forestry stewardship that meet or exceed the environmental and social standards of most public and private timber growing operations in both the nation and the world. As such, the state of Washington should aggressively market its wood products to end consumers and product manufacturers that are concerned with the forest practices used to grow the timber they are choosing to purchase.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise:

(a) "Board" means the board of natural resources.
(b) "Council" means the evergreen sustainable forestry council created in subsection 3 of this act.
(c) "Department" means the department of natural resources.
(d) "Small forest landowner" has the same meaning as defined in RCW 76.09.450.
(3)(a) The evergreen sustainable forestry council is created.
The council is comprised of:

(i) The commissioner of public lands, or the commissioner’s designee;
(ii) The governor, or the governor’s designee;
(iii) The superintendent of public instruction, or the superintendent’s designee;
(iv) A designee representing the state university system, appointed by the governor;
(v) A designee representing those counties that contain state forest lands, appointed by the governor;
(vi) Two owners or operators of private commercial timberland, appointed by the governor, one being a small forest landowner;
(vii) Two members of the house of representatives from different political parties, appointed by the speaker of the house of representatives; and
(viii) Two members of the senate from different political parties, appointed by the president of the senate.

(b) Staff to the council shall be provided by the department.

(4) The council shall designate timber that satisfies the standards of this chapter as "evergreen certified." The council shall develop and implement a marketing plan for evergreen certified wood products. The goal of this plan is to:

(a) Educate wood purchasers about the environmental stewardship and sustainable forest practices involved in the planting, growing, and harvesting of evergreen certified wood;
(b) Promote evergreen certified wood in the marketplace as an alternative to the recognition of other third-party sustainable forestry certification organizations; and
(c) Develop a niche market for evergreen certified wood that will bring a premium price to the producers of evergreen certified wood.

(5) Timber produced on public lands in Washington shall be designated as "evergreen certified" by the council if the timber satisfies the following criteria:

(a) The timber was managed in compliance with the forest practices rules adopted under chapter 76.09 RCW;
(b) The timber was managed in compliance with any habitat conservation plan agreed to by the department and the federal government; and
(c) The timber was harvested pursuant to a sustainable harvest plan adopted by the board under RCW 79.10.320.

(6) Timber produced on private lands in Washington must be designated as "evergreen certified" by the council if the timber was managed under the forest practices rules adopted under chapter 76.09 RCW.

On page 82, after line 7, insert the following:

"Sec. 920. RCW 76.13.120 and 2002 c 120 s 2 are each amended to read as follows:

(1) The legislature finds that the state should acquire easements along riparian and other sensitive aquatic areas from small forest landowners willing to sell or donate such easements to the state provided that the state will not be required to acquire such easements if they are subject to unacceptable liabilities. The legislature therefore establishes a forestry riparian easement program.

(2) The definitions in this subsection apply throughout this section and RCW 76.13.100 and 76.13.110 unless the context clearly requires otherwise.

(a) "Forestry riparian easement" means an easement covering qualifying timber granted voluntarily to the state by a small forest landowner."
Within or bordering a forest landowner office shall attempt to determine the fair market value of the qualifying timber volume allowed by RCW 84.33.091, the small forest landowner office shall also present the landowner with both a compensation offer and a completed easement contract.

(c) "Small forest landowner" means a landowner meeting all of the following characteristics: (i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date the forest practices application associated with the easement is submitted; (ii) an entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small harvester under RCW 84.33.035; and (iii) an entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.035 during the ten years following application. If a landowner's prior three-year average harvest exceeds the limit of RCW 84.33.035, or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department of natural resources' reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forest landowner.

For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in RCW 76.13.110, shall evaluate the landowner under this definition as of the date that the forest practices application is submitted or the date the landowner notifies the department that the harvest is to begin with which the forestry riparian easement is associated. A small forest landowner can include an individual, partnership, corporate, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forest landowner under this section.

(d) "Completion of harvest" means that the trees have been harvested from an area and that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department of natural resources is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by small forest landowners covering qualifying timber and to pay compensation to such landowners in accordance with subsections (6) and (7) of this section. The department of natural resources may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date the forest practices application associated with the qualifying timber is submitted to the department of natural resources, unless the department determines that the harvest is to begin with which the forestry riparian easement is associated. A small forest landowner can include an individual, partnership, corporate, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) [(Upon)] Within sixty days of the department's receipt of a completed application ([(if)]) from a small forest landowner for a riparian easement that is associated with a forest practices application and the landowner's marking of the qualifying timber on the qualifying lands, the small forest landowner office shall determine the compensation to be offered to the small forest landowner as provided for in this section and simultaneously present the landowner with both a compensation offer and a completed easement contract. The small forest landowner office shall also, within sixty days from the time of a completed application, determine the compensation to be offered to a small forest landowner for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules and simultaneously present the landowner with both a compensation offer and a completed easement contract.

The legislature recognizes that there is not readily available market transaction evidence of value for easements of this nature, and thus establishes the following methodology to ascertain the value for forestry riparian easements. Values so determined shall not be considered competent evidence of value for any other purpose.

The small forest landowner office shall establish the volume of the qualifying timber. Based on that volume and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market value of the qualifying
timber as of the date the forest practices application associated with the qualifying timber was submitted or the date the landowner notifies the department that the harvest is to begin. Removal of any qualifying timber before the expiration of the easement must be in accordance with the forest practices rules and the terms of the easement. There shall be no reduction in compensation for reentry.

(7)(a) Except as provided in subsection (8) of this section, the small forest landowner office shall, subject to available funding, offer compensation to the small forest landowner in the amount of fifty percent of the value determined in subsection (6) of this section, plus the compliance and reimbursement costs as determined in accordance with RCW 76.13.140.

(b) If the landowner accepts the offer for qualifying timber that will be harvested pursuant to an approved forest practices application, the department ((of natural resources)) shall pay the compensation (promptly upon (a)) within thirty days of:

(i) Completion of harvest in the area covered by the forestry riparian easement; ((b))

(ii) Verification that there has been compliance with the rules requiring leave trees in the easement area; and ((c))

(iii) Execution and delivery of the easement to the department ((of natural resources)).

(c) If the landowner accepts the offer for qualifying timber for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules, the department ((of natural resources)) shall pay the compensation (promptly upon) within thirty days of:

(i) Verification that there has been compliance with the rules requiring leave trees in the easement area; and

(ii) Execution and delivery of the easement to the department ((of natural resources)).

(d) If the department fails to pay the agreed to compensation within the thirty days required by this section, the department is responsible for reimbursing the landowner all interest that accrues on the amount owed each day after the thirtieth day until final payment is delivered. Interest must be calculated according to the rules adopted by the department of revenue under RCW 84.69.100.

(e) Upon donation or payment of compensation, the department of natural resources may record the easement.

(8) For approved forest practices applications where the regulatory impact is greater than the average percentage impact for all small landowners as determined by the department ((of natural resources)) analysis under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes trees left in buffers, special management zones, and those rendered uneconomic to harvest by these rules. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(9) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

(a) A standard version or versions of all documents necessary or advisable to create the forestry riparian easements as provided for in this section;

(b) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

(c) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department ((of natural resources)) shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department ((of natural resources)), small forest landowners, and the small forest landowner office;

(d) A method to determine that a forest practices application involves a commercially reasonable harvest, and adopt criteria for entering into a forest riparian easement where a commercially reasonable harvest is not possible or a forest practices application that has been submitted cannot be approved because of restrictions under the forest practices rules;

(e) A method to address blowdown of qualified timber falling outside the easement premises;

(f) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an easement through the exercise or threats of eminent domain by a federal or state agency with eminent domain authority, based on the present value of the department’s ((of natural resources)) and the landowner’s relative interests in the qualified timber;

(g) High impact regulatory thresholds;

(h) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest by the rules adopted under RCW 76.09.055 and 76.09.370; and

(i) A method for internal department ((of natural resources)) review of small forest landowner office compensation decisions under subsection (7) of this section.

(10) The department of natural resources must provide payment, no more than thirty days after the effective date of this section, to any applicant to the forest riparian easement program who has satisfied, by the effective date of this section, the requirements for payment in this section. If the department of natural
resources fails to provide payment to the applicant within the required timelines, then interest will be payable to the applicant as specified in this section.

NEW SECTION. Sec. 101. A new section is added to chapter 29A.52 RCW to read as follows:

If a court of competent jurisdiction holds that a candidate may not identify a major or minor political party as best approximating his or her political philosophy, as provided in RCW 29A.24.030(3), and all appeals of that court order have been exhausted or waived, the secretary of state shall notify the governor, the majority and minority leaders of the two largest caucuses in the senate and the house of representatives, the code reviser, and all county auditors that the state can no longer conduct a qualifying primary and instead will conduct a nominating primary. Upon issuance of such a notification by the secretary of state, no qualifying primary may be held in Washington.

NEW SECTION. Sec. 102. A new section is added to chapter 29A.04 RCW to read as follows:

As used in this title:
(1) "Ballot" means, as the context implies, either:
(a) The issues and offices to be voted upon in a jurisdiction or portion of a jurisdiction at a particular primary, general election, or special election;
(b) A facsimile of the contents of a particular ballot whether printed on a paper ballot or ballot card or as part of a voting machine or voting device;
(c) A physical or electronic record of the choices of an individual voter in a particular primary, general election, or special election; or
(d) The physical document on which the voter’s choices are to be recorded;
(2) "Paper ballot" means a piece of paper on which the ballot for a particular election or primary has been printed, on which a voter may record his or her choices for any candidate or for or against any measure, and that is to be tabulated manually;
(3) "Ballot card" means any type of card or piece of paper of any size on which a voter may record his or her choices for any candidate and for or against any measure, and that is to be tabulated on a vote tallying system;
(4) "Sample ballot" means a printed facsimile of all the issues and offices on the ballot in a jurisdiction and is intended to give voters notice of the issues, offices, and candidates that are to be voted on at a particular primary, general election, or special election;
(5) "Provisional ballot" means a ballot issued to a voter at the polling place on election day by the precinct election board, for one of the following reasons:
(a) The voter’s name does not appear in the poll book;
(b) There is an indication in the poll book that the voter has requested an absentee ballot, but the voter wishes to vote at the polling place;
(c) There is a question on the part of the voter concerning the issues or candidates on which the voter is qualified to vote;
(6) "Party ballot" means a primary election ballot specific to a particular major political party that lists all partisan offices to be voted on at that primary, and the candidates for those offices who affiliate with that same major political party;

(7) "Nonpartisan ballot" means a primary election ballot that lists all nonpartisan races and ballot measures to be voted on at that primary.

NEW SECTION. Sec. 103. A new section is added to chapter 29A.04 RCW to read as follows:

"Major political party" means a political party of which at least one nominee for president, vice president, United States senator, or a statewide office received at least five percent of the total vote cast at the last preceding state general election in an even-numbered year. A political party qualifying as a major political party under this section retains such status until the next even-year election at which a candidate of that party does not achieve at least five percent of the vote for one of the previously specified offices. If none of these offices appear on the ballot in an even-year general election, the major party retains its status as a major party through that election. However, a political party of which no nominee received at least ten percent of the total vote cast may forgo its status as a major political party by filing with the secretary of state an appropriate party rule within sixty days of attaining major party status under this section, or within fifteen days of the effective date of this act, whichever is later.

NEW SECTION. Sec. 104. A new section is added to chapter 29A.04 RCW to read as follows:

The county auditor of each county shall be ex officio the supervisor of all primaries and elections, general or special, and it shall be the county auditor’s duty to provide places for holding such primaries and elections; to appoint the precinct election officers and to provide for their compensation; to provide the supplies and materials necessary for the conduct of elections to the precinct election officers; and to publish and post notices of calling such primaries and elections in the manner provided by law. The notice of a primary held in an even-numbered year must indicate that the office of precinct committee officer will be on the ballot. The auditor shall also apportion to each city, town, or district, and to the state of Washington in the odd-numbered year, its share of the expense of such primaries and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to section 106 of this act and RCW 29A.04.330; but all such elections must be held and conducted at the time, in the manner, and by the officials (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections.

NEW SECTION. Sec. 105. A new section is added to chapter 29A.04 RCW to read as follows:

Nominating primaries for general elections to be held in November, and the election of precinct committee officers, must be held on the third Tuesday of the preceding September or on the seventh Tuesday immediately preceding such general election, whichever occurs first.

NEW SECTION. Sec. 106. A new section is added to chapter 29A.04 RCW to read as follows:

(1) All state, county, city, town, and district general elections for the election of federal, state, legislative, judicial, county, city, town, and district officers, and for the submission to the voters of the state, county, city, town, or district of any measure for their adoption and approval or rejection, shall be held on the first Tuesday after the first Monday of November, in the year in which they may be called. A statewide general election shall be held on the first Tuesday after the first Monday of November of each year. However, the statewide general election held in odd-numbered years shall be limited to (a) city, town, and district general elections as provided for in RCW 29A.04.330, or as otherwise provided by law; (b) the election of federal officers for the remainder of any unexpired terms in the membership of either branch of the Congress of the United States; (c) the election of state and county officers for the remainder of any unexpired terms of offices created by or whose duties are described in Article II, section 15, Article III, sections 16, 17, 19, 20, 21, 22, and 23, and Article IV, sections 3 and 5 of the state Constitution and RCW 2.06.080; (d) the election of county officers in any county governed by a charter containing provisions calling for general county elections at this time; and (e) the approval or rejection of state measures, including proposed constitutional amendments, matters pertaining to any proposed constitutional convention, initiative measures and referendum measures proposed by the electorate, referendum bills, and any other matter provided by the legislature for submission to the electorate.

(2) A county legislative authority may, if it deems an emergency to exist, call a special county election by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. Except as provided in subsection (4) of this section, a special election called by the county legislative authority shall be held on one of the following dates as decided by such governing body:

(a) The first Tuesday after the first Monday in February;
(b) The second Tuesday in March;
(c) The fourth Tuesday in April;
(d) The third Tuesday in May;
(e) The day of the primary as specified by section 105 of this act; or

(3) In addition to the dates set forth in subsection (2)(a) through (f) of this section, a special election to validate an excess levy or bond issue may be called at any time to meet the needs resulting from fire, flood, earthquake, or other act of God. Such county special election shall be noticed and conducted in the manner provided by law.

(4) In a presidential election year, if a presidential preference primary is conducted in February, March, April, or May under chapter 29A.56 RCW, the date on which a special election may be called by the county legislative authority under subsection (2) of this section during the month of that primary is the date of the presidential primary.

(5) This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for such city, town, and district elections, the purpose of this section being to establish mandatory dates for holding elections except for those elections held pursuant to a home-rule charter adopted under Article XI, section 4 of the state Constitution. This section shall not be construed as fixing the time for holding primary elections, or elections for the recall of any elective public officer.

NEW SECTION. Sec. 107. A new section is added to chapter 29A.08 RCW to read as follows:
No record may be created or maintained by a state or local governmental agency or a political organization that identifies a voter with the information marked on the voter’s ballot, including the choice that a voter makes on a partisan primary ballot regarding political party affiliation.

NEW SECTION. Sec. 108. A new section is added to chapter 29A.08 RCW to read as follows:
Under no circumstances may an individual be required to affiliate with, join, adhere to, express faith in, or declare a preference for, a political party or organization upon registering to vote.

NEW SECTION. Sec. 109. A new section is added to chapter 29A.12 RCW to read as follows:
The secretary of state shall not approve a vote tallying system unless it:
(1) Correctly counts votes on ballots on which the proper number of votes have been marked for any office or issue;
(2) Ignores votes marked for any office or issue where more than the allowable number of votes have been marked, but correctly counts the properly voted portions of the ballot;
(3) Accumulates a count of the specific number of ballots tallied for each precinct, total votes by candidate for each office, and total votes for and against each issue of the ballot in that precinct;
(4) Produces precinct and cumulative totals in printed form; and
(5) Except for functions or capabilities unique to this state, has been tested, certified, and used in at least one other state or election jurisdiction.

NEW SECTION. Sec. 110. A new section is added to chapter 29A.20 RCW to read as follows:
(1) Any nomination of a candidate for partisan public office by other than a major political party may be made only: (a) In a convention held not earlier than the last Saturday in June and not later than the first Saturday in July or during any of the seven days immediately preceding the first day for filing declarations of candidacy as fixed in accordance with section 118 of this act; (b) as provided by section 147 of this act; or (c) as otherwise provided in this section. Minor political party and independent candidates may appear only on the general election ballot.

(2) Nominations of candidates for president and vice president of the United States other than by a major political party may be made either at a convention conducted under subsection (1) of this section, or at a similar convention taking place not earlier than the first Sunday in July and not later than seventy days before the general election. Conventions held during this time period may not nominate candidates for any public office other than president and vice president of the United States, except as provided in subsection (3) of this section.

(3) If a special filing period for a partisan office is opened under section 116 of this act, candidates of minor political parties and independent candidates may file for office during that special filing period. The names of those candidates may not appear on the general election ballot unless they are nominated by convention held no later than five days after the close of the special filing period and a certificate of nomination is filed with the filing officer no later than three days after the convention. The requirements of section 189 of this act do not apply to such a convention.

(4) A minor political party may hold more than one convention but in no case shall any such party nominate more than one candidate for any one partisan public office or position. For the purpose of nominating candidates for the offices of president and vice president, United States senator, United States representative, or a statewide office, a minor party or independent candidate holding multiple conventions may add together the number of signatures of different individuals from each convention obtained in support of the candidate or candidates in order to obtain the number required by section 111 of this act. For all other offices for which nominations are made, signatures of the requisite number of registered voters must be obtained at a single convention.
NEW SECTION. Sec. 111. A new section is added to chapter 29A.20 RCW to read as follows:

(1) To be valid, a convention must be attended by at least one hundred registered voters.

(2) In order to nominate candidates for the offices of president and vice president of the United States, United States senator, United States representative, or any statewide office, a nominating convention shall obtain and submit to the filing officer the signatures of at least one thousand registered voters of the state of Washington. In order to nominate candidates for any other office, a nominating convention shall obtain and submit to the filing officer the signatures of one hundred persons who are registered to vote in the jurisdiction of the office for which the nominations are made.

NEW SECTION. Sec. 112. A new section is added to chapter 29A.20 RCW to read as follows:

A nominating petition submitted under this chapter shall clearly identify the name of the minor party or independent candidate convention as it appears on the certificate of nomination as required by section 154(3) of this act. The petition shall also contain a statement that the person signing the petition is a registered voter of the state of Washington and shall have a space for the voter to sign his or her name and to print his or her name and address. No person may sign more than one nominating petition under this chapter for an office for an election.

NEW SECTION. Sec. 113. A new section is added to chapter 29A.20 RCW to read as follows:

Not later than the Friday immediately preceding the first day for candidates to file, the secretary of state shall notify the county auditors of the names and designations of all minor party and independent candidates who have filed valid convention certificates and nominating petitions with that office. Except for the offices of president and vice president, persons nominated under this chapter shall file declarations of candidacy as provided by section 158 of this act and RCW 29A.24.070. The name of a candidate nominated at a convention shall not be printed upon the general election ballot unless he or she pays the fee required by law to be paid by candidates for the same office to be nominated at a primary.

NEW SECTION. Sec. 114. A new section is added to chapter 29A.24 RCW to read as follows:

(1) The nominating petition authorized by section 160 of this act must be printed on sheets of uniform color and size, must include a place for each individual to sign and print his or her name and the address, city, and county at which he or she is registered to vote, and must contain no more than twenty numbered lines.

(2) For candidates for nonpartisan office and candidates of a major political party for partisan office, the nominating petition must be in substantially the following form:

The warning prescribed by RCW 29A.72.140; followed by:

We, the undersigned registered voters of (the state of Washington or the political subdivision for which the nomination is made), hereby petition that the name of (candidate's name) be printed on the official primary ballot for the office of (insert name of office).

(3) For independent candidates and candidates of a minor political party for partisan office, the nominating petition must be in substantially the following form:

The warning prescribed by RCW 29A.72.140; followed by:

We, the undersigned registered voters of (the state of Washington or the political subdivision for which the nomination is made), hereby petition that the name of (candidate's name) be printed on the official general election ballot for the office of (insert name of office).

NEW SECTION. Sec. 115. A new section is added to chapter 29A.24 RCW to read as follows:

A candidate may withdraw his or her declaration of candidacy at any time before the close of business on the Thursday following the last day for candidates to file under RCW 29A.24.050 by filing, with the officer with whom the declaration of candidacy was filed, a signed request that his or her name not be printed on the ballot. There shall be no withdrawal period for declarations of candidacy filed during special filing periods held under this title. The filing officer may permit the withdrawal of a filing for the office of precinct committee officer at the request of the candidate at any time if no absentee ballots have been issued for that office and the ballots for that precinct have not been printed. The filing officer may permit the withdrawal of a filing for any elected office of a city, town, or special district at the request of the candidate at any time before a primary if the primary ballots for that city, town, or special district have not been ordered. No filing fee may be refunded to any candidate who withdraws under this section. Notice of the deadline for withdrawal of candidacy and that the filing fee is not refundable shall be given to each candidate at the time he or she files.
NEW SECTION. Sec. 116. A new section is added to chapter 29A.24 RCW to read as follows:
Filing for a partisan elective office shall be opened for a period of three normal business days
whenever, on or after the first day of the regular filing period and before the sixth Tuesday prior to a primary, a vacancy occurs in that office, leaving an unexpired term to be filled by an election for which filings have not been held.  
Any such special three-day filing period shall be fixed by the election officer with whom declarations of candidacy for that office are filed. The election officer shall give notice of the special three-day filing period by notifying the press, radio, and television in the county or counties involved, and by such other means as may be required by law.  
Candidacies validly filed within the special three-day filing period shall appear on the ballot as if filed during the regular filing period.

NEW SECTION. Sec. 117. A new section is added to chapter 29A.24 RCW to read as follows:
Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in section 160 of this act.

Voters cast for write-in candidates who have filed such declarations of candidacy and write-in votes for persons appointed by major political parties pursuant to section 192 of this act need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number or political party, if the manner in which the write-in is done does not make the office or position clear.

No person may file as a write-in candidate where:
(1) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person’s name appeared on the ballot for the same office at the preceding primary;
(2) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;
(3) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is a precinct committeeperson.

The declaration of candidacy shall be similar to that required by section 158 of this act. No write-in candidate filing under this section may be included in any voter’s pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name printed on the general election ballot. The legislative authority of any jurisdiction producing a local voter’s pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets.

NEW SECTION. Sec. 118. A new section is added to chapter 29A.28 RCW to read as follows:
(1) Whenever a vacancy occurs in the United States house of representatives or the United States senate from this state, the governor shall order a special election to fill the vacancy. Minor political party candidates and independent candidates may be nominated through the convention procedures provided in chapter 29A.20 RCW.
(2) Within ten days of such vacancy occurring, he or she shall issue a writ of election fixing a date for the special vacancy election not less than ninety days after the issuance of the writ, fixing a date for the primary for nominating major political party candidates for the special vacancy election not less than thirty days before the day fixed for holding the special vacancy election, fixing the dates for the special filing period, and designating the term or part of the term for which the vacancy exists. If the vacancy is in the office of United States representative, the writ of election shall specify the congressional district that is vacant.
(3) If the vacancy occurs less than six months before a state general election and before the second Friday following the close of the filing period for that general election, the special primary, special vacancy election, and minor party and independent candidate nominating conventions must be held in concert with the state primary and state general election in that year.
(4) If the vacancy occurs on or after the first day for filing under RCW 29A.24.050 and on or before the second Friday following the close of the filing period, a special filing period of three normal business days shall be fixed by the governor and notice thereof given to all media, including press, radio, and television within the area in which the vacancy election is to be held, to the end that, insofar as possible, all interested persons will be aware of such filing period. The last day of the filing period shall not be later than the third Tuesday before the primary at which major political party candidates are to be nominated. The names of major political party candidates who have filed valid declarations of candidacy during this three-day period shall appear on the approaching primary ballot. The requirements of section 189 of this act do not apply to a minor political party or independent candidate convention held under this subsection.
(5) If the vacancy occurs later than the second Friday following the close of the filing period, a special primary, special vacancy election, and the minor party and independent candidate conventions to fill the position shall be held after the next state general election but, in any event, no later than the ninetieth day following the November election.

NEW SECTION. Sec. 119. A new section is added to chapter 29A.28 RCW to read as follows:
The general election laws and laws relating to partisan primaries shall apply to the special primaries and vacancy elections provided for in chapter 29A.28 RCW to the extent that they are not inconsistent with the provisions of these sections. Minor political party and independent candidates may appear only on the general election ballot. Statutory time deadlines relating to availability of absentee ballots, certification, canvassing, and related procedures that cannot be met in a timely fashion may be modified for the purposes of a specific primary or vacancy election under this chapter by the secretary of state through emergency rules adopted under section 151 of this act.

NEW SECTION. Sec. 120. A new section is added to chapter 29A.28 RCW to read as follows:
If a vacancy occurs in the office of precinct committee officer by reason of death, resignation, or disqualification of the incumbent, or because of failure to elect, the respective county chair of the county central committee shall fill the vacancy by appointment. However, in a legislative district having a majority of its precincts in a county with a population of one million or more, the appointment may be made only upon the recommendation of the legislative district chair. The person so appointed must have the same qualifications as candidates when filing for election to the office for that precinct. When a vacancy in the office of precinct committee officer exists because of failure to elect at a state primary, the vacancy may not be filled until after the organization meeting of the county central committee and the new county chair has been selected as provided by RCW 29A.80.030.

NEW SECTION. Sec. 121. A new section is added to chapter 29A.32 RCW to read as follows:
The voters' pamphlet must contain:
(1) Information about each ballot measure initiated by or referred to the voters for their approval or rejection as required by RCW 29A.32.070;
(2) In even-numbered years, statements, if submitted, advocating the candidacies of nominees for the office of president and vice president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, justice of the supreme court, judge of the court of appeals, or judge of the superior court. Candidates may also submit a campaign mailing address and telephone number and a photograph not more than five years old and of a size and quality that the secretary of state determines to be suitable for reproduction in the voters' pamphlet;
(3) In odd-numbered years, if any office voted upon statewide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;
(4) In even-numbered years, a section explaining how voters may participate in the election campaign process; the address and telephone number of the public disclosure commission established under RCW 42.17.350; and a summary of the disclosure requirements that apply when contributions are made to candidates and political committees;
(5) In even-numbered years the name, address, and telephone number of each political party with nominees listed in the pamphlet, if filed with the secretary of state by the state committee of a major political party or the presiding officer of the convention of a minor political party;

The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president;
(7) An application form for an absentee ballot;
(8) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080;
(9) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.

NEW SECTION. Sec. 122. A new section is added to chapter 29A.32 RCW to read as follows:
If the secretary of state prints and distributes a voters' pamphlet for a primary in an even-numbered year, it must contain:
(1) A description of the office of precinct committee officer and its duties;
(2) An explanation that, for partisan offices, only voters who choose to affiliate with a major political party may vote in that party’s primary election, and that voters must limit their participation in a partisan primary to one political party; and

(3) An explanation that minor political party candidates and independent candidates will appear only on the general election ballot.

**NEW SECTION. Sec. 123.** A new section is added to chapter 29A.32 RCW to read as follows:
The local voters’ pamphlet shall include but not be limited to the following:
(1) Appearing on the cover, the words “official local voters’ pamphlet,” the name of the jurisdiction producing the pamphlet, and the date of the election or primary;
(2) A list of jurisdictions that have measures or candidates in the pamphlet;
(3) Information on how a person may register to vote and obtain an absentee ballot;
(4) The text of each measure accompanied by an explanatory statement prepared by the prosecuting attorney for any county measure or by the attorney for the jurisdiction submitting the measure if other than a county measure. All explanatory statements for city, town, or district measures not approved by the attorney for the jurisdiction submitting the measure shall be reviewed and approved by the county prosecuting attorney or city attorney, when applicable, before inclusion in the pamphlet;
(5) The arguments for and against each measure submitted by committees selected pursuant to RCW 29A.32.280; and
(6) For partisan primary elections, information on how to vote the applicable ballot format and an explanation that minor political party candidates and independent candidates will appear only on the general election ballot.

**NEW SECTION. Sec. 124.** A new section is added to chapter 29A.36 RCW to read as follows:
On or before the day following the last day for major political parties to fill vacancies in the ticket as provided by section 191 of this act, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party designation, if any. Minor political party and independent candidates may appear only on the general election ballot.

**NEW SECTION. Sec. 125.** A new section is added to chapter 29A.36 RCW to read as follows:
Except for the candidates for the positions of president and vice president, for a partisan or nonpartisan office for which no primary is required, or for independent or minor party candidates, the names of all candidates who, under this title, filed a declaration of candidacy or were certified as a candidate to fill a vacancy on a major party ticket will appear on the appropriate ballot at the primary throughout the jurisdiction in which they are to be nominated.

**NEW SECTION. Sec. 126.** A new section is added to chapter 29A.36 RCW to read as follows:
Partisan primaries must be conducted using either:
(1) A consolidated ballot format that includes a major political party identification check-off box that allows a voter to select from a list of the major political parties the major political party with which the voter chooses to affiliate. The consolidated ballot must include all partisan races, nonpartisan races, and ballot measures to be voted on at that primary; or
(2) A physically separate ballot format that includes both party ballots and a nonpartisan ballot. A party ballot must be specific to a particular major political party and may include only the partisan offices to be voted on at that primary and the names of candidates for those partisan offices who designated that same major political party in their declarations of candidacy. The nonpartisan ballot must include all nonpartisan races and ballot measures to be voted on at that primary.

**NEW SECTION. Sec. 127.** A new section is added to chapter 29A.36 RCW to read as follows:
(1) If the consolidated ballot format is used, the major political party identification check-off box must appear on the primary ballot before all offices and ballot measures. Clear and concise instructions to the voter must be prominently displayed immediately before the list of major political parties, and must include:
(a) A question asking the voter to indicate the major political party with which the voter chooses to affiliate;
(b) A statement that, for a major political party candidate, only votes cast by voters who choose to affiliate with that same major political party will be tabulated and reported;
(c) A statement that votes cast for a major political party candidate by a voter who chooses to affiliate with a different major political party will not be tabulated or reported;
(d) A statement that votes cast for a major political party candidate by a voter who fails to select a major political party affiliation will not be tabulated or reported;
(e) A statement that votes cast for a major political party candidate by a voter who selects more than one major political party with which to affiliate will not be tabulated or reported; and

(f) A statement that the party identification option will not affect votes cast for candidates for nonpartisan offices, or for or against ballot measures.

(2) If the physically separate ballot format is used, clear and concise instructions to the voter must be prominently displayed, and must include:

(a) A statement explaining that only one party ballot and one nonpartisan ballot may be voted;

(b) A statement explaining that if more than one party ballot is voted, none of the party ballots will be tabulated or reported;

(c) A statement explaining that a voter’s affiliation with a major political party will be inferred from the act of voting the party ballot for that major political party; and

(d) A statement explaining that every eligible registered voter may vote a nonpartisan ballot, regardless of any party affiliation on the part of the voter.

NEW SECTION. Sec. 128. A new section is added to chapter 29A.36 RCW to read as follows:

Every ballot for a single combination of issues, offices, and candidates shall be uniform within a precinct and shall identify the type of primary or election, the county, and the date of the primary or election, and the ballot or voting device shall contain instructions on the proper method of recording a vote, including write-in votes. Each position, together with the names of the candidates for that office, shall be clearly separated from other offices or positions in the same jurisdiction. The offices in each jurisdiction shall be clearly separated from each other. No paper ballot or ballot card may be marked in any way that would permit the identification of the person who voted that ballot.

NEW SECTION. Sec. 129. A new section is added to chapter 29A.36 RCW to read as follows:

(1)(a) The positions or offices on a primary consolidated ballot shall be arranged in substantially the following order: United States senator; United States representative; governor; lieutenant governor; secretary of state; state treasurer; state auditor; attorney general; commissioner of public lands; superintendent of public instruction; insurance commissioner; state senator; state representative; county officers; justices of the supreme court; judges of the court of appeals; judges of the superior court; and judges of the district court. For all other jurisdictions on the primary consolidated ballot, the offices in each jurisdiction shall be grouped together and be in the order of the position numbers assigned to those offices, if any.

(b)(i) The positions or offices on a primary party ballot must be arranged in substantially the following order: United States senator; United States representative; governor; lieutenant governor; secretary of state; state treasurer; state auditor; attorney general; commissioner of public lands; insurance commissioner; state senator; state representative; and partisan county officers. For all other jurisdictions on the primary party ballot, the offices in each jurisdiction must be grouped together and be in the order of the position numbers assigned to those offices, if any.

(ii) The positions or offices on a primary nonpartisan ballot must be arranged in substantially the following order: Superintendent of public instruction; justices of the supreme court; judges of the court of appeals; judges of the superior court; and judges of the district court. For all other jurisdictions on the primary nonpartisan ballot, the offices in each jurisdiction must be grouped together and be in the order of the position numbers assigned to those offices, if any.

(2) The order of the positions or offices on an election ballot shall be substantially the same as on a primary consolidated ballot except that state ballot issues must be placed before all offices. The offices of president and vice president of the United States shall precede all other offices on a presidential election ballot. The positions on a ballot to be assigned to ballot measures regarding local units of government shall be established by the secretary of state by rule.

(3) The political party or independent candidacy of each candidate for partisan office shall be indicated next to the name of the candidate on the primary and election ballot. A candidate shall file a written notice with the filing officer within three business days after the close of the filing period designating the political party to be indicated next to the candidate’s name on the ballot if either: (a) The candidate has been nominated by two or more minor political parties or independent conventions; or (b) the candidate has both filed a declaration of candidacy declaring an affiliation with a major political party and been nominated by a minor political party or independent convention. If no written notice is filed the filing officer shall give effect to the party designation shown upon the first document filed. A candidate may be deemed nominated by a minor party or independent convention only if all documentation required by chapter 29A.20 RCW has been timely filed.

NEW SECTION. Sec. 130. A new section is added to chapter 29A.36 RCW to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on all primary, sample, and absentee ballots. The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office
under section 172 of this act or RCW 29A.52.220, or if any independent or minor party candidate files a declaration of candidacy, the names shall appear on the general election ballot in the order determined by lot.

NEW SECTION. Sec. 131. A new section is added to chapter 29A.36 RCW to read as follows:
Except in each county with a population of one million or more, on or before the fifteenth day before a primary or election, the county auditor shall prepare a sample ballot which shall be made readily available to members of the public. The secretary of state shall adopt rules governing the preparation of sample ballots in counties with a population of one million or more. The rules shall permit, among other alternatives, the preparation of more than one sample ballot by a county with a population of one million or more for a primary or election, each of which lists a portion of the offices and issues to be voted on in that county. The position of precinct committee officer shall be shown on the sample ballot for the primary, but the names of candidates for the individual positions need not be shown.

NEW SECTION. Sec. 132. A new section is added to chapter 29A.36 RCW to read as follows:
(1) On the top of each ballot must be printed clear and concise instructions directing the voter how to mark the ballot, including write-in votes. On the top of each primary ballot must be printed the instructions required by this chapter.
(2) The questions of adopting constitutional amendments or any other state measure authorized by law to be submitted to the voters at that election must appear after the instructions and before any offices.
(3) In a year that president and vice president appear on the general election ballot, the names of candidates for president and vice president for each political party must be grouped together with a single response position for a voter to indicate his or her choice.
(4) On a general election ballot, the candidate or candidates of the major political party that received the highest number of votes from the electors of this state for the office of president of the United States at the last presidential election must appear first following the appropriate office heading. The candidate or candidates of the other major political parties will follow according to the votes cast for their nominees for president at the last presidential election, and independent candidates and the candidate or candidates of all other parties will follow in the order of their qualification with the secretary of state.
(5) All paper ballots and ballot cards used at a polling place must be sequentially numbered in such a way to permit removal of such numbers without leaving any identifying marks on the ballot.

NEW SECTION. Sec. 133. A new section is added to chapter 29A.36 RCW to read as follows:
The name of a candidate for a partisan office for which a primary was conducted shall not be printed on the ballot for that office at the subsequent general election unless, at the preceding primary, the candidate receives a number of votes equal to at least one percent of the total number of votes cast for all candidates for that office and a plurality of the votes cast by voters affiliated with that party for candidates for that office affiliated with that party.

NEW SECTION. Sec. 134. A new section is added to chapter 29A.40 RCW to read as follows:
(1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. Otherwise, the county auditor shall notify the applicant of the reason or reasons why the request cannot be accepted.
Whenever two or more candidates have filed for the position of precinct committee officer for the same party in the same precinct, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot. The ballot must provide space designated for writing in the name of additional candidates.
(2) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.
(3) A copy of the state voters’ pamphlet must be sent to registered voters temporarily outside the state, out-of-state voters, overseas voters, and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election and is available to the county auditor at the time of mailing. The county auditor shall mail all absentee ballots and related material to voters outside the territorial limits of the United States and the District of Columbia under 39 U.S.C. 3406.

NEW SECTION. Sec. 135. A new section is added to chapter 29A.40 RCW to read as follows:
The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36
RCW. The larger return envelope must contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter’s signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

NEW SECTION. Sec. 136. A new section is added to chapter 29A.44 RCW to read as follows:
A voter desiring to vote shall give his or her name to the precinct election officer who has the precinct list of registered voters. This officer shall announce the name to the precinct election officer who has the copy of the inspector’s poll book for that precinct. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth or to operate a voting device. For a partisan primary in a jurisdiction using the physically separate ballot format, the voter must be issued a nonpartisan ballot and each party ballot. The number of the ballot or the voter must be recorded by the precinct election officers. If the right of the voter to participate is challenged, RCW 29A.08.810 and 29A.08.820 apply to that voter.

NEW SECTION. Sec. 137. A new section is added to chapter 29A.44 RCW to read as follows:
On signing the precinct list of registered voters or being issued a ballot, the voter shall, without leaving the polling place or disability access location, proceed to one of the voting booths or voting devices to cast his or her vote. When county election procedures so provide, the election officers may tear off and retain the numbered stub from the ballot before delivering it to the voter. If an election officer has not already done so, when the voter has finished, he or she shall either (1) remove the numbered stub from the ballot, place the ballot in the ballot box, and return the number to the election officers, or (2) deliver the entire ballot to the election officers, who shall remove the numbered stub from the ballot and place the ballot in the ballot box. For a partisan primary in a jurisdiction using the physically separate ballot format, the voter shall also return unvoted party ballots to the precinct election officers, who shall void the unvoted party ballots and return them to the county auditor. If poll-site ballot counting devices are used, the voter shall put the ballot in the device.

NEW SECTION. Sec. 138. A new section is added to chapter 29A.44 RCW to read as follows:
As each voter casts his or her vote, the precinct election officers shall insert in the poll books or precinct list of registered voters opposite that voter’s name, a notation to credit the voter with having participated in that primary or election. No record may be made of a voter’s party affiliation in a partisan primary. The precinct election officers shall record the voter’s name so that a separate record is kept.

NEW SECTION. Sec. 139. A new section is added to chapter 29A.52 RCW to read as follows:
Major political party candidates for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under section 172 of this act, must be nominated at primaries held under this chapter.

NEW SECTION. Sec. 140. A new section is added to chapter 29A.52 RCW to read as follows:
It is the intent of the legislature to create a primary for all partisan elected offices, except for president and vice president, precinct committee officer, and offices exempted from the primary under section 172 of this act, that:
(1) Allows each voter to participate;
(2) Preserves the privacy of each voter’s party affiliation;
(3) Rejects mandatory voter registration by political party;
(4) Protects ballot access for all candidates, including minor political party and independent candidates;
(5) Maintains a candidate’s right to self-identify with any major political party; and
(6) Upholds a political party’s First Amendment right of association.
NEW SECTION. Sec. 141. A new section is added to chapter 29A.52 RCW to read as follows:
Instructions for voting a consolidated ballot or a physically separate ballot, whichever is applicable, must appear, at the very least, in:
(1) Any primary voters’ pamphlet prepared by the secretary of state or a local government if a partisan office will appear on the ballot;
(2) Instructions that accompany any partisan primary ballot;
(3) Any notice of a partisan primary published in compliance with section 145 of this act;
(4) A sample ballot prepared by a county auditor under section 131 of this act for a partisan primary;
(5) The web site of the office of the secretary of state and any existing web site of a county auditor’s office; and
(6) Every polling place.

NEW SECTION. Sec. 142. A new section is added to chapter 29A.52 RCW to read as follows:
(1) Under a consolidated ballot format:
(a) Votes for a major political party candidate will only be tabulated and reported if cast by voters who choose to affiliate with that same major political party;
(b) Votes cast for a major political party candidate by a voter who chooses to affiliate with a different major political party may not be tabulated or reported;
(c) Votes cast for a major political party candidate by a voter who fails to select a major political party affiliation may not be tabulated or reported;
(d) Votes cast for a major political party candidate by a voter who selects more than one major political party with which to affiliate may not be tabulated or reported; and
(e) Votes properly cast may not be affected by votes improperly cast for other races.
(2) Under a physically separate ballot format:
(a) Only one party ballot and one nonpartisan ballot may be voted;
(b) If more than one party ballot is voted, none of the ballots will be tabulated or reported;
(c) A voter’s affiliation with a major political party will be inferred from the act of voting the party ballot for that major political party; and
(d) Every eligible registered voter may vote a nonpartisan ballot.

NEW SECTION. Sec. 143. A new section is added to chapter 29A.52 RCW to read as follows:
So far as applicable, the provisions of this title relating to conducting general elections govern the conduct of primaries.

NEW SECTION. Sec. 144. A new section is added to chapter 29A.52 RCW to read as follows:
Nothing in this chapter may be construed to mean that a voter may cast more than one vote for candidates for a given office.

NEW SECTION. Sec. 145. A new section is added to chapter 29A.52 RCW to read as follows:
Not more than ten nor less than three days before the primary the county auditor shall publish notice of such primary in one or more newspapers of general circulation within the county. The notice must contain the proper party designations, the names and addresses of all persons who have filed a declaration of candidacy to be voted upon at that primary, instructions for voting the applicable ballot, as provided in chapter 29A.36 RCW, the hours during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all party candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for the holding of any primary.

NEW SECTION. Sec. 146. A new section is added to chapter 29A.52 RCW to read as follows:
No later than the day following the certification of the returns of any primary, the secretary of state shall certify to the appropriate county auditors the names of all persons nominated for offices at a primary, or at an independent candidate or minor party convention.

NEW SECTION. Sec. 147. A new section is added to chapter 29A.60 RCW to read as follows:
(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by section 117 of this act and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party. No write-in vote made for any person who has not filed a declaration of candidacy pursuant to section 117 of this act is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at
the preceding primary. Any abbreviation used to designate office, position, or political party shall be accepted if the canvassing board can determine, to their satisfaction, the voter’s intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) Write-in votes cast for an individual candidate for an office need not be tallied if the total number of write-in votes and under votes recorded by the vote tabulation system for the office is not greater than the number of votes cast for the candidate apparently nominated or elected, and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election.

(4) In the case of statewide offices or jurisdictions that encompass more than one county, if the total number of write-in votes and under votes recorded by the vote tabulation system for an office within a county is greater than the number of votes cast for a candidate apparently nominated or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied.

NEW SECTION. Sec. 148. A new section is added to chapter 29A.80 RCW to read as follows:
Any member of a major political party who is a registered voter in the precinct may upon payment of a fee of one dollar file his or her declaration of candidacy as prescribed under section 158 of this act with the county auditor for the office of precinct committee officer of his or her party in that precinct. When elected at the primary, the precinct committee officer shall serve so long as the committee officer remains an eligible voter in that precinct.

NEW SECTION. Sec. 149. A new section is added to chapter 29A.80 RCW to read as follows:
The statutory requirements for filing as a candidate at the primaries apply to candidates for precinct committee officer. The office must be voted upon at the primaries, and the names of all candidates must appear under the proper party and office designations on the ballot for the primary for each even-numbered year, and the one receiving the highest number of votes will be declared elected. However, to be declared elected, a candidate must receive at least ten percent of the number of votes cast for the candidate of the candidate’s party receiving the greatest number of votes in the precinct. The term of office of precinct committee officer is two years, commencing the first day of December following the primary.

NEW SECTION. Sec. 150. A new section is added to chapter 29A.80 RCW to read as follows:
Within forty-five days after the statewide general election in even-numbered years, the county chair of each major political party shall call separate meetings of all elected precinct committee officers in each legislative district for the purpose of selecting a legislative district chair in such district. The district chair shall hold office until the next legislative district reorganizational meeting two years later, or until a successor is elected.

The district chair may be removed only by the majority vote of the elected precinct committee officers in the chair’s district.

NEW SECTION. Sec. 151. A new section is added to chapter 29A.04 RCW to read as follows:
The secretary of state as chief election officer shall make reasonable rules in accordance with chapter 34.05 RCW not inconsistent with the federal and state election laws to effectuate any provision of this title and to facilitate the execution of its provisions in an orderly, timely, and uniform manner relating to any federal, state, county, city, town, and district elections. To that end the secretary shall assist local election officers by devising uniform forms and procedures.

time requirements for availability of absentee ballots, certification, canvassing, and related procedures cannot
be met;
(47) Procedures for conducting partisan primary elections;

NEW SECTION. Sec. 152. A new section is added to chapter 29A.04 RCW to read as follows: "Primary" or "primary election" means a statutory procedure for nominating candidates to public office at the polls.

NEW SECTION. Sec. 153. A new section is added to chapter 29A.20 RCW to read as follows:

(1) A person filing a declaration of candidacy for an office shall, at the time of filing, be a registered voter and possess the qualifications specified by law for persons who may be elected to the office.

(2) Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, no person may file for more than one office.

(3) The name of a candidate for an office shall not appear on a ballot for that office unless, except as provided in RCW 3.46.067 and 3.50.057, the candidate is, at the time the candidate’s declaration of candidacy is filed, properly registered to vote in the geographic area represented by the office. For the purposes of this section, each geographic area in which registered voters may cast ballots for an office is represented by that office. If a person elected to an office must be nominated from a district or similar division of the geographic area represented by the office, the name of a candidate for the office shall not appear on a primary ballot for that office unless the candidate is, at the time the candidate’s declaration of candidacy is filed, properly registered to vote in that district or division. The officer with whom declarations of candidacy must be filed under this title shall review each such declaration filed regarding compliance with this subsection.

(4) The requirements of voter registration and residence within the geographic area of a district do not apply to candidates for congressional office. Qualifications for the United States congress are specified in the United States Constitution.

NEW SECTION. Sec. 154. A new section is added to chapter 29A.20 RCW to read as follows:

A certificate evidencing nominations made at a convention must:

(1) Be in writing;

(2) Contain the name of each person nominated, his or her residence, and the office for which he or she is named, and if the nomination is for the offices of president and vice president of the United States, a sworn statement from both nominees giving their consent to the nomination;

(3) Identify the minor political party or the independent candidate on whose behalf the convention was held;

(4) Be verified by the oath of the presiding officer and secretary;

(5) Be accompanied by a nominating petition or petitions bearing the signatures and addresses of registered voters equal in number to that required by section 111 of this act;

(6) Contain proof of publication of the notice of calling the convention; and

(7) Be submitted to the appropriate filing officer not later than one week following the adjournment of the convention at which the nominations were made. If the nominations are made only for offices whose jurisdiction is entirely within one county, the certificate and nominating petitions must be filed with the county auditor. If a minor party or independent candidate convention nominates any candidates for offices whose jurisdiction encompasses more than one county, all nominating petitions and the convention certificates must be filed with the secretary of state.

NEW SECTION. Sec. 155. A new section is added to chapter 29A.20 RCW to read as follows:

If two or more valid certificates of nomination are filed purporting to nominate different candidates for the same position using the same party name, the filing officer must give effect to both certificates. If conflicting claims to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the candidates must be treated as independent candidates. Disputes over the right to
the name must not be permitted to delay the printing of either ballots or a voters’ pamphlet. Other candidates nominated by the same conventions may continue to use the partisan affiliation unless a court of competent jurisdiction directs otherwise.

(2) A person affected may petition the superior court of the county in which the filing officer is located for a judicial determination of the right to the name of a minor political party, either before or after documents are filed with the filing officer. The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle; (c) the nomination of a more complete slate of candidates for a number of offices or in a number of different regions of the state; (d) documented affiliation with a national or statewide party organization with an established use of the name; (e) the first date of filing of a certificate of nomination; and (f) such other indicia of an established right to use of the name as the court may deem relevant. If more than one filing officer is involved, and one of them is the secretary of state, the petition must be filed in the superior court for Thurston county. Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail.

NEW SECTION. Sec. 156. A new section is added to chapter 29A.20 RCW to read as follows:

A minor political party or independent candidate convention nominating candidates for the offices of president and vice president of the United States shall, not later than ten days after the adjournment of the convention, submit a list of presidential electors to the office of the secretary of state. The list shall contain the names and the mailing addresses of the persons selected and shall be verified by the presiding officer of the convention.

NEW SECTION. Sec. 157. A new section is added to chapter 29A.20 RCW to read as follows:

Upon the receipt of the certificate of nomination, the officer with whom it is filed shall check the certificate and canvass the signatures on the accompanying nominating petitions to determine if the requirements of section 111 of this act have been met. Once the determination has been made, the filing officer shall notify the presiding officer of the convention and any other persons requesting the notification, of his or her decision regarding the sufficiency of the certificate or the nominating petitions. Any appeal regarding the filing officer’s determination must be filed with the superior court of the county in which the certificate or petitions were filed not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying.

NEW SECTION. Sec. 158. A new section is added to chapter 29A.24 RCW to read as follows:

A candidate who desires to have his or her name printed on the ballot for election to an office other than president of the United States, vice president of the United States, or an office for which ownership of property is a prerequisite to voting shall complete and file a declaration of candidacy. The secretary of state shall adopt, by rule, a declaration of candidacy form for the office of precinct committee officer and a separate standard form for candidates for all other offices filing under this chapter. Included on the standard form shall be:

(1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for which he or she is filing, and the address at which he or she is registered;
(2) A place for the candidate to indicate the position for which he or she is filing;
(3) A place for the candidate to indicate a party designation, if applicable;
(4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or for the candidate to indicate that he or she is filing a nominating petition in lieu of the filing fee under section 160 of this act;
(5) A place for the candidate to sign the declaration of candidacy, stating that the information provided on the form is true and swearing or affirming that he or she will support the Constitution and laws of the United States and the Constitution and laws of the state of Washington.

In the case of a declaration of candidacy filed electronically, submission of the form constitutes agreement that the information provided with the filing is true, that he or she will support the Constitutions and laws of the United States and the state of Washington, and that he or she agrees to electronic payment of the filing fee established in section 160 of this act.

The secretary of state may require any other information on the form he or she deems appropriate to facilitate the filing process.

NEW SECTION. Sec. 159. A new section is added to chapter 29A.24 RCW to read as follows:

Any candidate may mail his or her declaration of candidacy for an office to the filing officer. Such declarations of candidacy shall be processed by the filing officer in the following manner:
(1) Any declaration received by the filing officer by mail before the tenth business day immediately preceding the first day for candidates to file for office shall be returned to the candidate submitting it, together with a notification that the declaration of candidacy was received too early to be processed. The candidate shall then be permitted to resubmit his or her declaration of candidacy during the filing period.

(2) Any properly executed declaration of candidacy received by mail on or after the tenth business day immediately preceding the first day for candidates to file for office and before the close of business on the last day of the filing period shall be included with filings made in person during the filing period. In partisan and judicial elections the filing officer shall determine by lot the order in which the names of those candidates shall appear upon sample and absentee primary ballots.

(3) Any declaration of candidacy received by the filing officer after the close of business on the last day for candidates to file for office shall be rejected and returned to the candidate attempting to file it.

NEW SECTION. Sec. 160. A new section is added to chapter 29A.24 RCW to read as follows:
A filing fee of one dollar shall accompany each declaration of candidacy for precinct committee officer; a filing fee of ten dollars shall accompany the declaration of candidacy for any office with a fixed annual salary of one thousand dollars or less; a filing fee equal to one percent of the annual salary of the office at the time of filing shall accompany the declaration of candidacy for any office with a fixed annual salary of more than one thousand dollars per annum. No filing fee need accompany a declaration of candidacy for any office for which compensation is on a per diem or per meeting attended basis.

A candidate who lacks sufficient assets or income at the time of filing to pay the filing fee required by this section shall submit with his or her declaration of candidacy a nominating petition. The petition shall contain not less than a number of signatures of registered voters equal to the number of dollars of the filing fee. The signatures shall be of voters registered to vote within the jurisdiction of the office for which the candidate is filing.

When the candidacy is for:
(1) A legislative or judicial office that includes territory from more than one county, the fee shall be paid to the secretary of state for equal division between the treasuries of the counties comprising the district.
(2) A city or town office, the fee shall be paid to the county auditor who shall transmit it to the city or town clerk for deposit in the city or town treasury.

NEW SECTION. Sec. 161. A new section is added to chapter 29A.24 RCW to read as follows:
Nominating petitions may be rejected for the following reasons:
(1) The petition is not in the proper form;
(2) The petition clearly bears insufficient signatures;
(3) The petition is not accompanied by a declaration of candidacy;
(4) The time within which the petition and the declaration of candidacy could have been filed has expired.

If the petition is accepted, the officer with whom it is filed shall canvass the signatures contained on it and shall reject the signatures of those persons who are not registered voters and the signatures of those persons who are not registered to vote within the jurisdiction of the office for which the nominating petition is filed. He or she shall additionally reject any signature that appears on the nominating petitions of two or more candidates for the same office and shall also reject, each time it appears, the name of any person who signs the same petition more than once.

If the officer with whom the petition is filed refuses to accept the petition or refuses to certify the petition as bearing sufficient valid signatures, the person filing the petition may appeal that action to the superior court. The application for judicial review shall take precedence over other cases and matters and shall be speedily heard and determined.

NEW SECTION. Sec. 162. A new section is added to chapter 29A.24 RCW to read as follows:
A void in candidacy for a nonpartisan office occurs when an election for such office, except for the short term, has been scheduled and no valid declaration of candidacy has been filed for the position or all persons filing such valid declarations of candidacy have died or been disqualified.

NEW SECTION. Sec. 163. A new section is added to chapter 29A.24 RCW to read as follows:
The election officer with whom declarations of candidacy are filed shall give notice of a void in candidacy for a nonpartisan office, by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law. The notice shall state the office, and the time and place for filing declarations of candidacy.

NEW SECTION. Sec. 164. A new section is added to chapter 29A.24 RCW to read as follows:
Filings to fill a void in candidacy for nonpartisan office must be made in the same manner and with the same official as required during the regular filing period for such office, except that nominating signature
petitions that may be required of candidates filing for certain district offices during the normal filing period may not be required of candidates filing during the special three-day filing period.

NEW SECTION. Sec. 165. A new section is added to chapter 29A.24 RCW to read as follows:

Filings for a nonpartisan office shall be reopened for a period of three normal business days, such three day period to be fixed by the election officer with whom such declarations of candidacy are filed and notice thereof given by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law whenever before the sixth Tuesday prior to a primary:

(1) A void in candidacy occurs;
(2) A vacancy occurs in any nonpartisan office leaving an unexpired term to be filled by an election for which filings have not been held; or
(3) A nominee for judge of the superior court entitled to a certificate of election pursuant to Article 4, section 29, Amendment 41 of the state Constitution, dies or is disqualified.

Candidacies validly filed within said three-day period shall appear on the ballot as if made during the earlier filing period.

NEW SECTION. Sec. 166. A new section is added to chapter 29A.24 RCW to read as follows:

Filings for a nonpartisan office (other than judge of the supreme court or superintendent of public instruction) shall be reopened for a period of three normal business days, such three day period to be fixed by the election officer with whom such declarations of candidacy are filed and notice thereof given by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law, when:

(1) A void in candidacy for such nonpartisan office occurs on or after the sixth Tuesday prior to a primary before an election; or
(2) A nominee for judge of the superior court eligible after a contested primary for a certificate of election by Article 4, section 29, Amendment 41 of the state Constitution, dies or is disqualified within the ten day period immediately following the last day allotted for a candidate to withdraw; or
(3) A vacancy occurs in any nonpartisan office on or after the sixth Tuesday prior to a primary but prior to the sixth Tuesday before an election leaving an unexpired term to be filled by an election for which filings have not been held.

The candidate receiving a plurality of the votes cast for that office in the general election shall be deemed elected.

NEW SECTION. Sec. 167. A new section is added to chapter 29A.24 RCW to read as follows:

A scheduled election shall be lapsed, the office deemed stricken from the ballot, no purported write-in votes counted, and no candidate certified as elected, when:

(1) In an election for judge of the supreme court or superintendent of public instruction, a void in candidacy occurs on or after the sixth Tuesday prior to a primary, public filings and the primary being an indispensable phase of the election process for such offices;
(2) Except as otherwise specified in section 166 of this act, a nominee for judge of the superior court entitled to a certificate of election pursuant to Article 4, section 29, Amendment 41 of the state Constitution dies or is disqualified on or after the sixth Tuesday prior to a primary;
(3) In other elections for nonpartisan office a void in candidacy occurs or a vacancy occurs involving an unexpired term to be filled on or after the sixth Tuesday prior to an election.

NEW SECTION. Sec. 168. A new section is added to chapter 29A.32 RCW to read as follows:

(1) The maximum number of words for statements submitted by candidates is as follows: State representative, one hundred words; state senator, judge of the superior court, judge of the court of appeals, justice of the supreme court, and all state offices voted upon throughout the state, except that of governor, two hundred words; president and vice president, United States senator, United States representative, and governor, three hundred words.
(2) Arguments written by committees under RCW 29A.32.060 may not exceed two hundred fifty words in length.
(3) Rebuttal arguments written by committees may not exceed seventy-five words in length.
(4) The secretary of state shall allocate space in the pamphlet based on the number of candidates or nominees for each office.

NEW SECTION. Sec. 169. A new section is added to chapter 29A.36 RCW to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a
question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

NEW SECTION. Sec. 170. A new section is added to chapter 29A.36 RCW to read as follows:

(1) Except as provided in RCW 29A.36.180 and in subsection (2) of this section, on the ballot at the general election for a nonpartisan office for which a primary was held, only the names of the candidate who received the greatest number of votes and the candidate who received the next greatest number of votes for that office shall appear under the title of that office, and the names shall appear in that order. If a primary was conducted, no candidate’s name may be printed on the subsequent general election ballot unless he or she receives at least one percent of the total votes cast for that office at the preceding primary. On the ballot at the general election for any other nonpartisan office for which no primary was held, the names of the candidates shall be listed in the order determined under section 130 of this act.

(2) On the ballot at the general election for the office of justice of the supreme court, judge of the court of appeals, judge of the superior court, judge of the district court, or state superintendent of public instruction, if a candidate in a contested primary receives a majority of all the votes cast for that office or position, only the name of that candidate may be printed under the title of the office for that position.

NEW SECTION. Sec. 171. A new section is added to chapter 29A.36 RCW to read as follows:

(1) The names of the persons certified as nominees by the secretary of state or the county canvassing board shall be printed on the ballot at the ensuing election.

(2) No name of any candidate whose nomination at a primary is required by law shall be placed upon the ballot at a general or special election unless it appears upon the certificate of either (1) the secretary of state, or (2) the county canvassing board, or (3) a minor party convention or the state or county central committee of a major political party to fill a vacancy on its ticket under section 192 of this act.

Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, a candidate’s name shall not appear more than once upon a ballot for a position regularly nominated or elected at the same election.

NEW SECTION. Sec. 172. A new section is added to chapter 29A.52 RCW to read as follows:

Whenever it shall be necessary to hold a special election in an odd-numbered year to fill an unexpired term of any office which is scheduled to be voted upon for a full term in an even-numbered year, no September primary election shall be held in the odd-numbered year if, after the last day allowed for candidates to withdraw, either of the following circumstances exist:

(1) No more than one candidate of each qualified political party has filed a declaration of candidacy for the same partisan office to be filled; or

(2) No more than two candidates have filed a declaration of candidacy for a single nonpartisan office to be filled.

In either event, the officer with whom the declarations of candidacy were filed shall immediately notify all candidates concerned and the names of the candidates that would have been printed upon the September primary ballot, but for the provisions of this section, shall be printed as nominees for the positions sought upon the November general election ballot.

NEW SECTION. Sec. 173. A new section is added to chapter 29A.52 RCW to read as follows:

Candidates for the following offices shall be nominated at partisan primaries held pursuant to the provisions of this chapter:

(1) Congressional offices;

(2) All state offices except (a) judicial offices and (b) the office of superintendent of public instruction;

(3) All county offices except (a) judicial offices and (b) those offices where a county home rule charter provides otherwise.

NEW SECTION. Sec. 174. A new section is added to chapter 29A.52 RCW to read as follows:
The offices of superintendent of public instruction, justice of the supreme court, judge of the court of appeals, judge of the superior court, and judge of the district court shall be nonpartisan and the candidates therefor shall be nominated and elected as such.

All city, town, and special purpose district elective offices shall be nonpartisan and the candidates therefor shall be nominated and elected as such.

NEW SECTION. Sec. 175. A new section is added to chapter 29A.52 RCW to read as follows:
Except as provided in RCW 29A.32.260, notice for any state, county, district, or municipal election, whether special or general, must be given by at least one publication not more than ten nor less than three days before the election by the county auditor or the officer conducting the election as the case may be, in one or more newspapers of general circulation within the county. The legal notice must contain the title of each office under the proper party designation, the names and addresses of all officers who have been nominated for an office to be voted upon at that election, together with the ballot titles of all measures, the hours during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for a state, county, district, or municipal general or special election and supersedes the provisions of any and all other statutes, whether general or special in nature, having different requirements for the giving of notice of any general or special elections.

NEW SECTION. Sec. 176. A new section is added to chapter 29A.60 RCW to read as follows:
(1) If the requisite number of any federal, state, county, city, or district officers have not been nominated in a primary by reason of two or more persons having an equal and requisite number of votes for being placed on the general election ballot, the official empowered by state law to certify candidates for the general election ballot shall give notice to the several persons so having the equal and requisite number of votes to attend at the appropriate office at the time designated by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared nominated and placed on the general election ballot.

(2) If the requisite number of any federal, state, county, city, district, or precinct officers have not been elected by reason of two or more persons having an equal and highest number of votes for one and the same office, the official empowered by state law to issue the original certificate of election shall give notice to the several persons so having the highest and equal number of votes to attend at the appropriate office at the time to be appointed by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared duly elected, and the official shall make out and deliver to the person thus duly declared elected a certificate of election.

NEW SECTION. Sec. 177. A new section is added to chapter 29A.64 RCW to read as follows:
An officer of a political party or any person for whom votes were cast in a primary who was not declared nominated may file a written application for a recount of the votes or a portion of the votes cast at that primary for all persons for whom votes were cast for nomination to that office.

An officer of a political party or any person for whom votes were cast at any election may file a written application for a recount of the votes or a portion of the votes cast at that election for all candidates for election to that office.

Any group of five or more registered voters may file a written application for a recount of the votes or a portion of the votes cast upon any question or issue. They shall designate one of the members of the group as chair and shall indicate the voting residence of each member of the group.

An application for a recount of the votes cast for an office or on a ballot measure must be filed with the officer with whom filings are made for the jurisdiction.

An application for a recount must specify whether the recount will be done manually or by the vote tally system. A recount done by the vote tally system must use programming that recounts and reports only the office or ballot measure in question. The county shall also provide for a test of the logic and accuracy of that program.

An application for a recount must be filed within three business days after the county canvassing board or secretary of state has declared the official results of the primary or election for the office or issue for which the recount is requested.

This chapter applies to the recounting of votes cast by paper ballots and to the recounting of votes recorded on ballots counted by a vote tally system.

NEW SECTION. Sec. 178. A new section is added to chapter 29A.64 RCW to read as follows:
(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less
than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b) If the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, and sections 179 and 180 of this act. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

NEW SECTION. Sec. 179. A new section is added to chapter 29A.64 RCW to read as follows:
(1) At the time and place established for a recount, the canvassing board or its duly authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers containing the ballots to be recounted, and shall recount the votes for the offices or issues for which the recount has been ordered. Ballots shall be handled only by the members of the canvassing board or their duly authorized representatives.

Witnesses shall be permitted to observe the ballots and the process of tabulating the votes, but they shall not be permitted to handle the ballots. The canvassing board shall not permit the tabulation of votes for any nomination, election, or issue other than the ones for which a recount was applied for or required.

(2) At any time before the ballots from all of the precincts listed in the application for the recount have been recounted, the applicant may file with the board a written request to stop the recount.

(3) The recount may be observed by persons representing the candidates affected by the recount or the persons representing both sides of an issue that is being recounted. The observers may not make a record of the names, addresses, or other information on the ballots, poll books, or applications for absentee ballots unless authorized by the superior court. The secretary of state or county auditor may limit the number of observers to not less than two on each side if, in his or her opinion, a greater number would cause undue delay or disruption of the recount process.

NEW SECTION. Sec. 180. A new section is added to chapter 29A.64 RCW to read as follows:
Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.

If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

NEW SECTION. Sec. 181. A new section is added to chapter 29A.64 RCW to read as follows:
The canvassing board shall determine the expenses for conducting a recount of votes. The cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the nomination or election for which the recount was ordered.

NEW SECTION. Sec. 182. A new section is added to chapter 29A.68 RCW to read as follows:
Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith
correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:

(1) An error or omission has occurred or is about to occur in printing the name of any candidate on official ballots; or
(2) An error other than as provided in subsections (1) and (3) of this section has been committed or is about to be committed in printing the ballots; or
(3) The name of any person has been or is about to be wrongfully placed upon the ballots; or
(4) A wrongful act other than as provided for in subsections (1) and (3) of this section has been performed or is about to be performed by any election officer; or
(5) Any neglect of duty on the part of an election officer other than as provided for in subsections (1) and (3) of this section has occurred or is about to occur; or
(6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.

An affidavit of an elector under subsections (1) and (3) above when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the issuance of a certificate of election.

NEW SECTION. Sec. 183. A new section is added to chapter 29A.80 RCW to read as follows:
(1) Each political party organization may:
(a) Make its own rules and regulations; and

These restrictions shall be prepared in written form by the department, which document shall be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the occupational or temporary restricted driver’s license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor.

Sec. 8. RCW 46.20.400 and 1967 c 32 s 33 are each amended to read as follows:

If an occupational or a temporary restricted driver’s license is issued and is not revoked during the period for which issued the licensee may obtain a new driver’s license at the end of such period, but no new driver’s (permit shall) license may be issued to such person until he or she surrenders his or her occupational or
temporary restricted driver’s license and his or her copy of the order, and the director is satisfied that the person complies with all other provisions of law relative to the issuance of a driver’s license.

Any person convicted for violation of any restriction of an occupational or a temporary restricted driver’s license shall in addition to the immediate revocation of such license and any other penalties provided by law be fined not less than fifty nor more than two hundred dollars or imprisoned for not more than six months or both such fine and imprisonment.

Sec. 10. RCW 46.20.720 and 2003 c 366 s 1 are each amended to read as follows:

(1) The department may require that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock (or other biological or technical device). The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock (or other biological or technical device) device if the person is convicted of an alcohol-related violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and it is:

(i) The person’s first conviction or a deferred prosecution under chapter 10.05 RCW and his or her alcohol concentration was at least 0.15, or by reason of the person’s refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person’s alcohol concentration;

(ii) The person’s second or subsequent conviction;

(iii) The person’s first conviction and the person has a previous deferred prosecution under chapter 10.05 RCW or it is a deferred prosecution under chapter 10.05 RCW and the person has a previous conviction).

The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area. Nothing in this section may be interpreted as entitling a person to more than one deferred prosecution.

(3) In the case of a person under subsection (1) of this section, the court shall establish a specific calibration setting at which the ignition interlock or other biological or technical device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. In the case of a person under subsection (2) of this section, the court shall establish the period of time for which interlock use will be required.

The ignition interlock (or other biological or technical device) shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. The period of time of the restriction will be as follows:

(a) For a person who is subject to RCW 46.61.5055 (1)(b), (2), or (3), or who is subject to a deferred prosecution program under chapter 10.05 RCW, and who has not previously been restricted under this section, a period of one year;

(b) For a person who has previously been restricted under (a) of this subsection, a period of five years;

(c) For a person who has previously been restricted under (b) of this subsection, a period of ten years.

The department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person’s license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 2004

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2300, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 17.21.020 and 2002 c 122 ss 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agricultural commodity" means any plant or part of a plant, or animal, or animal product, produced by a person (including farmers, ranchers, vineyardists, plant propagators, Christmas tree growers, aquaculturists, floriculturists, orchardists, foresters, or other comparable persons) primarily for sale, consumption, propagation, or other use by people or animals.

(2) "Agricultural land" means land on which an agricultural commodity is produced or land that is in a government-recognized conservation reserve program. This definition does not apply to private gardens where agricultural commodities are produced for personal consumption.

(3) "Antimicrobial pesticide" means a pesticide that is used for the control of microbial pests, including but not limited to viruses, bacteria, algae, and protozoa, and is intended for use as a disinfectant or sanitizer.

(4) "Apparatus" means any type of ground, water, or aerial equipment, device, or contrivance using motorized, mechanical, or pressurized power and used to apply any pesticide on land and anything that may be growing, habitating, or stored on or in such land, but shall not include any pressurized handheld household device used to apply any pesticide, or any equipment, device, or contrivance of which the person who is applying the pesticide is the source of power or energy in making such pesticide application, or any other small equipment, device, or contrivance that is transported in a piece of equipment licensed under this chapter as an apparatus.

(5) "Arthropod" means any invertebrate animal that belongs to the phylum arthropoda, which in addition to insects, includes allied classes whose members are wingless and usually have more than six legs; for example, spiders, mites, ticks, centipedes, and isopod crustaceans.

(6) "Certified applicator" means any individual who is licensed as a commercial pesticide applicator, commercial pesticide operator, public operator, private-commercial applicator, demonstration and research applicator, (or certified) private applicator, limited private applicator, rancher private applicator, or any other individual who is certified by the director to use or supervise the use of any pesticide which is classified by the EPA or the director as a restricted use pesticide.

(7) "Commercial pesticide applicator" means any person who engages in the business of applying pesticides to the land of another.

(8) "Commercial pesticide operator" means any employee of a commercial pesticide applicator who uses or supervises the use of any pesticide who is required to be licensed under provisions of this chapter.

(13) "Direct supervision" by certified private applicators shall mean that the designated restricted use pesticide shall be applied for purposes of producing any agricultural commodity on land owned or rented by the applicator or the applicator’s employer, by a competent person acting under the instructions and control of a certified private applicator who is available if and when needed, even though such certified private applicator is not physically present at the time and place the pesticide is applied. The certified private applicator shall have direct management responsibility and familiarity of the pesticide, manner of application, pest, and land to which the pesticide is being applied. Direct supervision by all other certified applicators means direct on-the-job
supervision and shall require that the certified applicator be physically present at the application site and that the person making the application be in voice and visual contact with the certified applicator at all times during the application. However, direct supervision for forest application does not require constant voice and visual contact when general use pesticides are applied using nonapparatus type equipment, the certified applicator is physically present and readily available in the immediate application area, and the certified applicator directly observes pesticide mixing and batching. Direct supervision of an aerial apparatus means the pilot of the aircraft must be appropriately certified.

(23) "Herbicide" means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate any weed or other higher plant.
(24) "Immediate service call" means a landscape application to satisfy an emergency customer request for service, or a treatment to control a pest to landscape plants.
(25) "Insect" means any small invertebrate animal, in any life stage, whose adult form is segmented and which generally belongs to the class insects, comprised of six-legged, usually winged forms, as, for example, beetles, bugs, bees, and flies. The term insect shall also apply to other allied classes of arthropods whose members are wingless and usually have more than six legs, for example, spiders, mites, ticks, centipedes, and isopod crustaceans.
(26) "Insecticide" means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate any insect.

(29) "Limited private applicator" means a certified applicator who uses or is in direct supervision, as defined for private applicators in this section, of the use of any herbicide classified by the EPA or the director as a restricted use pesticide, for the sole purpose of controlling weeds on nonproduction agricultural land owned or rented by the applicator or the applicator’s employer. Limited private applicators may also use restricted use pesticides on timber areas, excluding aquatic sites, to control weeds designated for mandatory control under chapters 17.04, 17.06, and 17.10 RCW and state and local regulations adopted under chapters 17.04, 17.06, and 17.10 RCW. A limited private applicator may apply restricted use herbicides to the types of land described in this subsection of another person if applied without compensation other than trading of personal services between the applicator and the other person. This license is only valid when making applications in counties of Washington located east of the crest of the Cascade mountains.
(30) "Limited production agricultural land" means land used to grow hay and grain crops that are consumed by the livestock on the farm where produced. No more than ten percent of the hay and grain crops grown on limited production agricultural land may be sold each crop year. Limited production agricultural land does not include aquatic sites.

“Pesticide” means, but is not limited to:

(a) Any substance or mixture of substances intended to prevent, destroy, control, repel, or mitigate any pest;
(b) Any substance or mixture of substances intended to be used as a plant regulator, defoliant or desiccant; and
(c) Any spray adjuvant (such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any pesticide as an aid to the application or effect thereof, and sold in a package or container separate from that of the pesticide with which it is to be used) as defined in RCW 15.58.030.

“Plant regulator” means any substance or mixture of substances intended through physiological action, to accelerate or retard the rate of growth or maturation, or to otherwise alter the behavior of ornamental or crop plants or their produce, but shall not include substances insofar as they are intended to be used as plant nutrients, trace elements, nutritional chemicals, plant inoculants, or soil amendments.

Rancher private applicators may also use restricted use pesticides on timber areas, excluding aquatic sites, to control weeds designated for mandatory control under chapters 17.04, 17.06, and 17.10 RCW and state and local regulations adopted under chapters 17.04, 17.06, and 17.10 RCW. A rancher private applicator may apply restricted use herbicides and rodenticides to the types of land described in this subsection of another person if applied without compensation other than trading of personal services between the applicant and the other person. This license is only valid when making applications in counties of Washington located east of the crest of the Cascade mountains.

“Residential property” includes property less than one acre in size zoned as residential by a city, town, or county, but does not include property zoned as agricultural or agricultural homesites.

“Restricted use pesticide” means any pesticide or device which, when used as directed or in accordance with a widespread and commonly recognized practice, the director determines, subsequent to a hearing, requires additional restrictions for that use to prevent unreasonable adverse effects on the environment including people, lands, beneficial insects, animals, crops, and wildlife, other than pests.

“Rodenticide” means any substance or mixture of substances intended to prevent, destroy, repel, or mitigate rodents, or any other vertebrate animal which the director may declare by rule to be a pest.

In determining these standards the director shall take into consideration standards of the EPA and is authorized to adopt these standards by rule.

(2) Application for a private pesticide applicator license shall be accompanied by a fee of twenty dollars. Application for a private applicator or a limited private applicator license, or the renewal of such licenses under RCW 17.21.132(4), shall be accompanied by a fee of twenty-five dollars. (a) Licensed pesticide applicators may qualify for continued licensure through accumulation of recertification credits.

(i) Private ((pesticide)) applicators shall accumulate a minimum of twenty department-approved credits every five years with no more than eight credits allowed per year;

(ii) Limited private applicators shall accumulate a minimum of eight department-approved credits every five years. All credits must be applicable to the control of weeds with at least one-half of the credits directly related to weed control and the remaining credits in topic areas indirectly related to weed control, such as the safe and legal use of pesticides;

(iii) Rancher private applicators shall accumulate a minimum of twelve department-approved credits every five years;

(iv) All other license types established under this chapter shall accumulate a minimum of forty department-approved credits every five years with no more than fifteen credits allowed per year.

(b) Certified pesticide applicators may qualify for continued licensure through meeting the examination requirements necessary to become licensed in those areas in which the licensee operates.

(3) At the termination of a licensee’s five-year recertification period, the director may waive the requirements identified in subsection (2) of this section if the licensee can demonstrate that he or she is meeting comparable recertification standards through another state or jurisdiction or through a federal environmental protection agency approved government agency plan.

Applicants for a private ((pesticide)) applicator, limited private applicator, or rancher private applicator license shall be at least sixteen years of age on the date that the application is made.

(3) Application for a license to apply pesticides shall be accompanied by the required fee. No license may be issued until the required fee has been received by the department.

(4) Each classification of license issued under this chapter ((shall)) except the limited private applicator and the rancher private applicator expires annually on a date set by rule by the director. Limited and rancher private applicator licenses expire on the fifth December 31st after issuance. Renewal applications shall be filed on or before the applicable expiration date.
Sec. 5. RCW 17.21.140 and 1991 c 109 s 36 are each amended to read as follows:
(1) If the application for renewal of any license provided for in this chapter is not filed on or prior to the expiration date of the license under this chapter or as set by rule by the director, a penalty of twenty-five dollars for the commercial pesticide applicator’s license and the rancher private applicator license, and a penalty equivalent to the license fee for any other license, shall be assessed and added to the original fee and shall be paid by the applicant before the renewal license (shall be) is issued ( provided that such). However, the penalty (shall) does not apply if the applicant furnishes an affidavit certifying that he or she has not acted as a licensee subsequent to the expiration of the license.

fishing license will be required for Dungeness crab to specifically identify the recreational crab harvesting population. The endorsement fee will significantly improve the precision of the catch estimates by eliminating the current practice of sampling fishers who do not participate in the recreational crab fishery.

Sec. 2. RCW 77.32.430 and 2003 c 318 s 1 are each amended to read as follows:

(1) Catch record card(s) information is necessary for proper management of the state’s food fish and game fish species and shellfish resources. Catch record card administration shall be ((administered)) under rules adopted by the commission ((and issued at no charge for the)). There is no charge for an initial catch record card ((and ten dollars for)). Each subsequent or duplicate catch record card(((A duplicate catch record card))) costs ten dollars.

(2) A license to take and possess Dungeness crab is only valid in Puget Sound waters east of the Bonilla-Tatoosh line if the fisher has in possession a valid catch record card officially endorsed for Dungeness crab. The endorsement shall cost no more than three dollars including any or all fees authorized under RCW 77.32.050.

(3) Catch record cards issued with affixed temporary short-term charter stamp licenses are not subject to the ten-dollar charge ((as)) nor to the Dungeness crab endorsement fee provided for in this section. Charter boat or guide operators issuing temporary short-term charter stamp licenses shall affix the stamp to each catch record card issued before fishing commences. Catch record cards issued with a temporary short-term charter stamp are valid for two consecutive days.

((4)) (4) The department shall include provisions for recording marked and unmarked salmon in catch record cards issued after March 31, 2004.

((4)) (5) The funds received from the sale of catch record cards and the Dungeness crab endorsement must be deposited into the wildlife fund. The funds received from the Dungeness crab endorsement may be used only for the sampling, monitoring, and management of catch associated with the Dungeness crab recreational fisheries. Moneys allocated under this section shall supplement and not supplant other federal, state, and local funds used for Dungeness crab recreational fisheries management.

NEW SECTION. Sec. 3. After the completion of one season using the Dungeness crab endorsement fee for Puget Sound recreational Dungeness crab fisheries, the department of fish and wildlife shall evaluate the effectiveness of the endorsement fee as a method for improving the accuracy of catch estimates for the Puget Sound recreational Dungeness crab fishery. The department’s report shall include how the method has affected their ability to more accurately estimate the preseason allocation of the Puget Sound recreational Dungeness crab fishery and monitor in-season catch. The department shall report their findings to the appropriate committees of the legislature by May 15, 2006.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 15, 2004."

On page 1, line 1 of the title, after "endorsement;" strike the remainder of the title and insert "amending RCW 77.32.430; creating new sections; providing an effective date; and declaring an emergency."

   (a) For a fossil-fueled thermal electric generation facility described under section 2(1) (a) and (b) of this act, the amount of carbon dioxide emitted over a thirty-year period based on the manufacturer's or designer's guaranteed total net station generating capability, new equipment heat rate, an assumed sixty percent capacity factor for facilities under the council's jurisdiction or sixty percent of the operational limitations on facilities subject to an order of approval, and taking into account any enforceable limitations on operational hours or fuel types and use; and
   (b) For a fossil-fueled thermal electric generation facility described under section 2(1) (c) and (d) of this act, the amount of carbon dioxide emitted over a thirty-year period based on the proposed increase in the amount of electrical output of the facility that exceeds the station generation capability of the facility prior to the applicant applying for certification or an order of approval pursuant to section 2(1) (c) and (d) of this act, new equipment heat rate, an assumed sixty percent capacity factor for facilities under the council's jurisdiction or sixty percent of the operational limitations on facilities subject to an order of approval, and taking into account any enforceable limitations on operational hours or fuel types and use.

NEW SECTION Sec. 2. (1) The provisions of this chapter apply to:
   (a) New fossil-fueled thermal electric generation facilities with station-generating capability of three hundred fifty thousand kilowatts or more and fossil-fueled floating thermal electric generation facilities of one hundred thousand kilowatts or more under RCW 80.50.020(14)(a), for which an application for site certification is made to the council after July 1, 2004;
   (b) New fossil-fueled thermal electric generation facilities with station-generating capability of more than twenty-five thousand kilowatts, but less than three hundred fifty thousand kilowatts, except for fossil-fueled
floating thermal electric generation facilities under the council’s jurisdiction, for which an application for an order of approval has been submitted after July 1, 2004;

(c) Fossil-fueled thermal electric generation facilities with station-generating capability of three hundred fifty thousand kilowatts or more that have an existing site certification agreement and, after July 1, 2004, apply to the council to increase the output of carbon dioxide emissions by fifteen percent or more through permanent changes in facility operations or modification or equipment; and

(d) Fossil-fueled thermal electric generation facilities with station-generating capability of more than twenty-five thousand kilowatts, but less than three hundred fifty thousand kilowatts, except for fossil-fueled floating thermal electric generation facilities under the council’s jurisdiction, that have an existing order of approval and, after July 1, 2004, apply to the department or authority, as appropriate, to permanently modify the facility so as to increase its station-generating capability by at least twenty-five thousand kilowatts or to increase the output of carbon dioxide emissions by fifteen percent or more, whichever measure is greater.

(2)(a) A proposed site certification agreement submitted to the governor under RCW 80.50.100 and a final site certification agreement issued under RCW 80.50.100 shall include an approved carbon dioxide mitigation plan.

(b) For fossil-fueled thermal electric generation facilities not under jurisdiction of the council, the order of approval shall require an approved carbon dioxide mitigation plan.

(c) Site certification agreement holders or order of approval holders may request, at any time, a change in conditions of an approved carbon dioxide mitigation plan if the council, department, or authority, as appropriate, finds that the change meets all requirements and conditions for approval of such plans.

(3) An applicant for a fossil-fueled thermal electric generation facility shall include one or a combination of the following carbon dioxide mitigation options as part of its mitigation plan:

(a) Payment to a third party to provide mitigation;

(b) Direct purchase of permanent carbon credits; or

(c) Investment in applicant-controlled carbon dioxide mitigation projects, including combined heat and power (cogeneration).

(4) Fossil-fueled thermal electric generation facilities that receive site certification approval or an order of approval shall provide mitigation for twenty percent of the total carbon dioxide emissions produced by the facility.

(5) If the certificate holder or order of approval holder chooses to pay a third party to provide the mitigation, the mitigation rate shall be one dollar and sixty cents per metric ton of carbon dioxide to be mitigated. For a cogeneration plant, the monetary amount is based on the difference between twenty percent of the total carbon dioxide emissions and the cogeneration credit.

(a) Through rule making, the council may adjust the rate per ton biennially as long as any increase or decrease does not exceed fifty percent of the current rate. The department or authority shall use the adjusted rate established by the council pursuant to this subsection for fossil-fueled thermal electric generation facilities subject to the provisions of this chapter.

(b) In adjusting the mitigation rate the council shall consider, but is not limited to, the current market price of a ton of carbon dioxide. The council’s adjusted mitigation rate shall be consistent with RCW 80.50.010(3).

(6) The applicant may choose to make to the third party a lump sum payment or partial payment over a period of five years.

(a) Under the lump sum payment option, the payment amount is determined by multiplying the total carbon dioxide emissions by the twenty percent mitigation requirement under subsection (4) of this section and by the per ton mitigation rate established under subsection (5) of this section.

(b) No later than one hundred twenty days after the start of commercial operation, the certificate holder or order of approval holder shall make a one-time payment to the independent qualified organization for the amount determined under subsection (5) of this section.

(c) As an alternative to a one-time payment, the certificate holder or order of approval holder may make a partial payment of twenty percent of the amount determined under subsection (5) of this section no later than one hundred twenty days after commercial operation and a payment in the same amount or as adjusted according to subsection (5)(a) of this section, on the anniversary date of the initial payment in each of the following four years. With the initial payment, the certificate holder or order of approval holder shall provide a letter of credit or other comparable security acceptable to the council or the department for the remaining eighty percent mitigation payment amount including possible changes to the rate per metric ton from rule making under subsection (5)(a) of this section.

NEW SECTION Sec. 3. (1) Carbon dioxide mitigation plans relying on purchase of permanent carbon credits must meet the following criteria:

(a) Credits must derive from real, verified, permanent, and enforceable carbon dioxide or carbon dioxide equivalents emission mitigation not otherwise required by statute, regulation, or other legal requirements;

(b) The credits must be acquired after July 1, 2004; and

(c) The credits may not have been used for other carbon dioxide mitigation projects.
(2) Permanent carbon credits purchased for project mitigation shall not be resold unless approved by the council, department, or authority.

NEW SECTION.  Sec. 4. (1) The carbon dioxide mitigation option that provides for direct investment shall be implemented through mitigation projects conducted directly by, or under the control of, the certificate holder or order of approval holder.

(2) Mitigation projects must be approved by the council, department, or authority, as appropriate, and made a condition of the proposed and final site certification agreement or order of approval. Direct investment mitigation projects shall be approved if the mitigation projects provide a reasonable certainty that the performance requirements of the mitigation projects will be achieved and the mitigation projects were implemented after July 1, 2004. No certificate holder or order of approval holder shall be required to make direct investments that would exceed the cost of making a lump sum payment to a third party, had the certificate holder or order of approval holder chosen that option under section 2 of this act.

(3) Mitigation projects must be fully in place within a reasonable time after the start of commercial operation. Failure to implement an approved mitigation plan is subject to enforcement under chapter 80.50 or 70.94 RCW.

(4) The certificate holder or order of approval holder may not use more than twenty percent of the total funds for the selection, monitoring, and evaluation of mitigation projects and the management and enforcement of contracts.

(5)(a) For facilities under the jurisdiction of the council, the implementation of a carbon dioxide mitigation project, other than purchase of a carbon credit shall be monitored by an independent entity for conformance with the performance requirements of the carbon dioxide mitigation plan. The independent entity shall make available the mitigation project monitoring results to the council.

(b) For facilities under the jurisdiction of the department or authority pursuant to section 2(1) (b) or (c) of this act, the implementation of a carbon dioxide mitigation project, other than a purchase of carbon dioxide equivalent emission reduction credits, shall be monitored by the department or authority issuing the order of approval.

(6) Upon promulgation of federal requirements for carbon dioxide mitigation for fossil-fueled thermal electric generation facilities, those requirements may be deemed by the council, department, or authority to be equivalent and a replacement for the requirements of this section.

NEW SECTION.  Sec. 5. (1) The council shall maintain a list of independent qualified organizations with proven experience in emissions mitigation activities and a demonstrated ability to carry out their activities in an efficient, reliable, and cost-effective manner.

(2) An independent qualified organization shall not use more than twenty percent of the total funds for selection, monitoring, and evaluation of mitigation projects and the management and enforcement of contracts. None of these funds shall be used to lobby federal, state, and local agencies, their elected officials, officers, or employees.

(3) Before signing contracts to purchase offsets with funds from certificate holders or order of approval holders, an independent qualified organization must demonstrate to the council that the mitigation projects it proposes to use provides a reasonable certainty that the performance requirements of the carbon dioxide mitigation projects will be achieved.

(4) The independent qualified organization shall permit the council to appoint up to three persons to inspect plans, operation, and compliance activities of the organization and to audit financial records and performance measures for carbon dioxide mitigation projects using carbon dioxide mitigation money paid by certificate holders or order of approval holders under this chapter.

(5) An independent qualified organization must file biennial reports with the council, the department, or authority on the performance of carbon dioxide mitigation projects, including the amount of carbon dioxide reductions achieved and a statement of cost for the mitigation period.

NEW SECTION.  Sec. 6. Reasonable and necessary costs incurred by the council in implementing and administering this chapter shall be assessed against applicants and holders of site certification agreements that are subject to the requirements of this chapter.

NEW SECTION.  Sec. 7. The council, department, and authority shall adopt rules to carry out this chapter.

NEW SECTION.  Sec. 8. A new section is added to chapter 70.94 RCW to read as follows:

(1) For fossil-fueled electric generation facilities having more than twenty-five thousand kilowatts station generating capability but less than three hundred fifty thousand kilowatts station generation capability, except for fossil-fueled floating thermal electric generation facilities under the jurisdiction of the energy facility site
evaluation council pursuant to RCW 80.50.010, the department or authority shall implement a carbon dioxide mitigation program consistent with the requirements of chapter 80.-- RCW (sections 1 through 7 of this act).

(2) For mitigation projects conducted directly by or under the control of the applicant, the department or local air authority shall approve or deny the mitigation plans, as part of its action to approve or deny an application submitted under RCW 70.94.152 based upon whether or not the mitigation plan is consistent with the requirements of chapter 80.-- RCW (sections 1 through 7 of this act).

(3) The department or authority may determine, assess, and collect fees sufficient to cover the costs to review and approve or deny the carbon dioxide mitigation plan components of an order of approval issued under RCW 70.94.152. The department or authority may also collect fees sufficient to cover its additional costs to monitor conformance with the carbon dioxide mitigation plan components of the registration and air operating permit programs authorized in RCW 70.94.151 and 70.94.161. The department or authority shall track its costs related to review, approval, and monitoring conformance with carbon dioxide mitigation plans.

NEW SECTION. Sec. 9. Sections 1 through 7 of this act constitute a new chapter in Title 80 RCW."

On page 1, line 2 of the title, after "generation;" strike the remainder of the title and insert "adding a new section to chapter 70.94 RCW; and adding a new chapter to Title 80 RCW."

and the same is herewith transmitted.

"Sec. 1. RCW 39.96.010 and 2000 c 184 s 1 are each amended to read as follows:
The legislature finds and declares that the issuance by state and local governments of bonds and other obligations involves exposure to changes in interest rates; that a number of financial instruments are available to lower the net cost of these borrowings, or to reduce the exposure of state and local governments to changes in interest rates; that these reduced costs for state and local governments will benefit taxpayers and ratepayers; and that the legislature desires to provide state and local governments with express statutory authority to take advantage of these instruments. In recognition of the complexity of these financial instruments, the legislature desires that this authority be subject to certain limitations (and be granted for a period of twelve years)).

Sec. 2. RCW 39.96.020 and 2003 c 47 s 1 are each amended to read as follows:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2381, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.85.020 and 1996 c 305 s 1 are each amended to read as follows:
(1) The board:
(a) Shall adopt by rule minimum standards for degree-granting institutions concerning granting of degrees, quality of education, unfair business practices, financial stability, and other necessary measures to protect citizens of this state against substandard, fraudulent, or deceptive practices. The board shall adopt the rules in accordance with chapter 34.05 RCW;
(b) May investigate any entity the board reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the board may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the board deems relevant or material to the investigation. The board, including its staff and any other authorized persons, may conduct site inspections, the cost of which shall be borne by the institution, and examine records of all institutions subject to this chapter;
(c) Shall develop an interagency agreement with the work force training and education coordinating board to regulate degree-granting private vocational schools with respect to degree and nondegree programs; and
(d) Shall develop and disseminate information to the public about entities that sell or award degrees without requiring appropriate academic achievement at the postsecondary level, including but not limited to, a description of the substandard and potentially fraudulent practices of these entities, and advice about how the public can recognize and avoid the entities. To the extent feasible, the information shall include links to additional resources that may assist the public in identifying specific institutions offering substandard or fraudulent degree programs.
(2) Financial disclosures provided to the board by degree-granting private vocational schools are not subject to public disclosure under chapter 42.17 RCW.

Sec. 2. RCW 28B.85.040 and 1996 c 97 s 1 are each amended to read as follows:
(1) An institution or person shall not advertise, offer, sell, or award a degree or any other type of educational credential unless the student has enrolled in and successfully completed a prescribed program of study, as outlined in the institution’s publications. This prohibition shall not apply to honorary credentials clearly designated as such on the front side of the diploma or certificate and awarded by institutions offering other educational credentials in compliance with state law.
(2) No exemption granted under this chapter is permanent. The board shall periodically review exempted degree-granting institutions, and continue exemptions only if an institution meets the statutory requirements for exemption in effect on the date of the review.
(3) Except as provided in subsection (1) of this section, this chapter shall not apply to:
(a) Any public college, university, community college, technical college, or institute operating as part of the public higher educational system of this state;
(b) Institutions that have been accredited by an accrediting association recognized by the agency for the purposes of this chapter: PROVIDED, That those institutions meet minimum exemption standards adopted by the agency; and PROVIDED FURTHER, That an institution, branch, extension, or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association to qualify for this exemption;
(c) Institutions of a religious character, but only as to those education programs devoted exclusively to religious or theological objectives if the programs are represented in an accurate manner in institutional catalogs and other official publications; ((or))
(d) Honorary credentials clearly designated as such on the front side of the diploma or certificate awarded by institutions offering other educational credentials in compliance with state law; or..."
(e) Institutions not otherwise exempt which offer only workshops or seminars (lasting no longer than three calendar days and for which academic credit is not awarded) and institutions offering only credit-bearing workshops or seminars lasting no longer than three calendar days.

Sec. 3. RCW 28B.119.010 and 2003 c 233 s 5 are each amended to read as follows:

The higher education coordinating board shall design the Washington promise scholarship program based on the following parameters:

(1) Scholarships shall be awarded to students graduating from public and approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, who meet both an academic and a financial eligibility criteria.

(a) Academic eligibility criteria shall be defined as follows:

(i) Beginning with the graduating class of 2002, students graduating from public and approved private high schools under chapter 28A.195 RCW must be in the top fifteen percent of their graduating class, as identified by each respective high school at the completion of the first term of the student’s senior year; or

(ii) Students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, must equal or exceed a cumulative scholastic assessment test I score of twelve hundred on their first attempt or must equal or exceed a composite American college test score of twenty-seven on their first attempt.

(b) To meet the financial eligibility criteria, a student’s family income shall not exceed one hundred thirty-five percent of the state median family income adjusted for family size, as determined by the higher education coordinating board for each graduating class. Students not meeting the eligibility requirements for the first year of scholarship benefits may reapply for the second year of benefits, but must still meet the income standard set by the board for the student’s graduating class.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington’s community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.

(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.

(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.

(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.

(7) The board at its discretion may allow the scholarship to be used for undergraduate education at Oregon and Idaho institutions, located in counties adjacent to the Washington border, in order to accommodate otherwise eligible students with special needs due to documented disabilities. The board may establish rules regarding acceptable documentation of disabilities and the special needs.

(8) The scholarships may be used for college-related expenses, including but not limited to, tuition, room and board, books, and materials.

(9) The scholarships may not be awarded to any student who is pursuing a degree in theology.

(10) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.

(11) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

On page 1, line 2 of the title, after "education;" strike the remainder of the title and insert "and amending RCW 28B.85.020, 28B.85.040, and 28B.119.010."

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6415, By Senate Committee on Natural Resources, Energy & Water (originally sponsored by Senators Morton, Doumit, Hewitt, Hargrove, Honeyford, T. Sheldon, Hale, Murray and Stevens)

Concerning the conditioning of industrial and construction storm water general discharge permits.

The bill was read the second time.

Representative Linville moved the adoption of amendment (1180):

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1.  (1) The legislature finds that the federal permit program under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control laws provide numerous environmental and public health benefits to the citizens of Washington and to the state. The legislature also finds that failure to prevent and control pollution discharges, including those associated with storm water runoff, can degrade water quality and damage the environment, public health, and industries dependent on clean water such as shellfish production.

(2) The legislature finds the nature of storm water presents unique challenges and difficulties in meeting the permitting requirements under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., including compliance with technology and water quality-based standards.

(3) The legislature finds that the federal clean water act, 33 U.S.C. Sec. 1251 et seq., requires certain larger construction sites and industrial facilities to obtain storm water permits under the national pollutant discharge elimination system permit program. The legislature also finds that under phase two of this program, smaller construction sites are also required to obtain storm water permits for their discharges.

(4) The legislature finds the department of ecology has been using general permits to permit categories of similar dischargers, including storm water associated with industrial and construction activities. The legislature also finds general permits must comply with all applicable requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control act including technology and water quality-based permitting requirements. The legislature further finds general permits may not always be the best solution for an individual discharger, especially when establishing water quality-based permitting requirements.

(5) The legislature finds that where sources within a specific category or subcategory of dischargers are subject to water quality-based limits imposed under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., the sources in that specific category or subcategory must be subject to the same water quality-based limits.

(6) For this reason, the legislature encourages, to the extent allowed under existing state and federal law, an adaptive management approach to permitting storm water discharges.

(7) The legislature finds that storm water management must satisfy state and federal water quality requirements while also providing for flexibility in meeting such requirement to help ensure cost-effective storm water management.

(8) The legislature finds that the permitting of new and existing dischargers into waters listed under 33 U.S.C. Sec. 1313(d) (section 303(d) of the federal clean water act) presents specific challenges and is subject to additional permitting restrictions under the federal clean water act, 33 U.S.C. Sec. 1251 et seq.

(9) The legislature declares that general permits can be an effective and efficient permitting mechanism for permitting large numbers of similar dischargers.

(10) The legislature declares that an inspection and technical assistance program for industrial and construction storm water general permits is needed to ensure an effective permitting program. The legislature also declares that such a program should be fully funded to ensure its success.

NEW SECTION.  Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) Effluent limitations shall be included in construction and industrial storm water general permits as required under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and its implementing regulations. In accordance with federal clean water act requirements, pollutant specific, water quality-based effluent limitations shall be included in construction and industrial storm water general permits if there is a reasonable potential to cause or contribute to an excursion of a state water quality standard.

(2) Subject to the provisions of this section, both technology and water quality-based effluent limitations may be expressed as:
(a) Numeric effluent limitations;
(b) Narrative effluent limitations; or
(c) A combination of numeric and narrative effluent discharge limitations.

(3) The department must condition storm water general permits for industrial and construction activities
issued under the national pollutant discharge elimination system of the federal clean water act to require
compliance with numeric effluent discharge limits when such discharges are subject to:
(a) Numeric effluent limitations established in federally adopted, industry-specific effluent guidelines;
(b) State developed, industry-specific performance-based numeric effluent limitations;
(c) Numeric effluent limitations based on a completed total maximum daily load analysis or other
pollution control measures; or
(d) A determination by the department that:
   (i) The discharges covered under either the construction or industrial storm water general permits have a
       reasonable potential to cause or contribute to violation of state water quality standards; and
   (ii) Effluent limitations based on nonnumeric best management practices are not effective in achieving
       compliance with state water quality standards.

(4) In making a determination under subsection (3)(d) of this section, the department shall use
procedures that account for:
(a) Existing controls on point and nonpoint sources of pollution;
(b) The variability of the pollutant or pollutant parameter in the storm water discharge; and
(c) As appropriate, the dilution of the storm water in the receiving waters.

(5) Narrative effluent limitations requiring both the implementation of best management practices, when
designed to satisfy the technology and water quality-based requirements of the federal clean water act, 33 U.S.C.
Sec. 1251 et seq., and compliance with water quality standards, shall be used for construction and industrial
storm water general permits, unless the provisions of subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed, unless discharge monitoring data or
other site specific information demonstrates that a discharge causes or contributes to violation of water quality
standards, when the permittee is:
(a) In full compliance with all permit conditions, including planning, sampling, monitoring, reporting,
and recordkeeping conditions; and
(b)(i) Fully implementing storm water best management practices contained in storm water technical
manuals approved by the department, or practices that are demonstrably equivalent to practices contained in
storm water technical manuals approved by the department, including the proper selection, implementation, and
maintenance of all applicable and appropriate best management practices for on-site pollution control.
(ii) For the purposes of this section, "demonstrably equivalent" means that the technical basis for the
selection of all storm water best management practices are documented within a storm water pollution prevention
plan. The storm water pollution prevention plan must document:
   (A) The method and reasons for choosing the storm water best management practices selected;
   (B) The pollutant removal performance expected from the practices selected;
   (C) The technical basis supporting the performance claims for the practices selected, including any
available existing data concerning field performance of the practices selected;
   (D) An assessment of how the selected practices will comply with state water quality standards; and
   (E) An assessment of how the selected practices will satisfy both applicable federal technology-based
   treatment requirements and state requirements to use all known, available, and reasonable methods of prevention,
control, and treatment.

(7)(a) The department shall modify the industrial storm water general permit to require compliance by
May 1, 2009, with appropriately derived numeric water quality-based effluent limitations for existing discharges
to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water
act, 33 U.S.C. Sec. 1251 et seq.).
(b) No later than September 1, 2008, the department shall report to the appropriate committees of the
legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The
report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated
compliance with the numeric effluent limitation established by (a) of this subsection.

(8)(a) Construction and industrial storm water general permits issued by the department shall include an
enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting.
The adaptive management mechanism shall include elements designed to result in permit compliance and shall
include, at a minimum, the following elements:
   (i) An adaptive management indicator, such as monitoring benchmarks;
   (ii) Monitoring;
   (iii) Review and revisions to the storm water pollution prevention plan;
   (iv) Documentation of remedial actions taken; and
   (v) Reporting to the department.
(b) Construction and industrial storm water general permits issued by the department also shall include
the timing and mechanisms for implementation of treatment best management practices.
(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation. (10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation.

(11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling.

(12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations.

NEW SECTION. Sec. 3. A new section is added to chapter 90.48 RCW to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) By January 1, 2005, the department shall initiate an inspection and compliance program for all permittees covered under the construction and industrial storm water general permits. The program shall include, but may not be limited to, the:

(a) Provision of compliance assistance and survey for evidence of permit violations and violations of water quality standards;
(b) Identification of corrective actions for actual or imminent discharges that violate or could violate the state's water quality standards;
(c) Monitoring of the development and implementation of storm water pollution prevention plans and storm water monitoring plans;
(d) Identification of dischargers who would benefit from follow-up inspection or compliance assistance programs; and
(e) Collection and analysis of discharge and receiving water samples whenever practicable and when deemed appropriate by the department, and other evaluation of discharges to determine the potential for causing or contributing to violations of water quality standards.

(2) The department's inspections under this section shall be conducted without prior notice to permittees whenever practicable.

(3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also take such additional actions as are necessary to ensure compliance with state and federal water quality requirements, provided that all permittees must be inspected once within two years of the start of this program and each permittee must be inspected at least once each permit cycle thereafter.

(4) Permittees must be prioritized for inspection based on the development of criteria that include, but are not limited to, the following factors:

(a) Compliance history, including submittal or nonsubmittal of discharge monitoring reports;
(b) Monitoring results in relationship to permit benchmarks; and
(c) Discharge to impaired waters of the state.

(5) Nothing in this section shall be construed to limit the department's enforcement discretion.

NEW SECTION. Sec. 4. No later than December 31, 2006, the department of ecology shall submit a report to the appropriate committees of the legislature regarding methods to improve the effectiveness of permit monitoring requirements in construction and industrial storm water general permits. The department of ecology shall study and evaluate how monitoring requirements could be improved to determine the effectiveness of storm water best management practices and compliance with state water quality standards. In this study the department also shall evaluate monitoring requirements that are necessary for determining compliance or noncompliance with state water quality standards and shall evaluate the feasibility of including such monitoring in future permits. When conducting this study, the department shall consult with experts in the fields of monitoring, storm water management, and water quality, and when necessary the department shall conduct field work to evaluate the practicality and usefulness of alternative monitoring proposals.

NEW SECTION. Sec. 5. A new section is added to chapter 90.48 RCW to read as follows:
(1) The department shall establish permit fees for construction and industrial storm water general permits as necessary to fund the provisions of sections 2 and 3 of this act. When calculating appropriate fee amounts, the department shall take into consideration differences between large and small businesses and the economic impacts caused by permit fees on those businesses. Fees established under this section shall be adopted in accordance with chapter 34.05 RCW.

(2) In its biennial discharge fees progress report required by RCW 90.48.465, the department shall include a detailed accounting regarding the method used to establish permit fees, the amount of permit fees collected, and the expenditure of permit fees. The detailed accounting shall include data on inspections conducted and the staff hired to implement the provisions of sections 2 and 3 of this act.

NEW SECTION. Sec. 9. APPROVAL CRITERIA. A sponsoring public school board may approve an application for a charter school, if in the sponsor’s reasonable judgment, after exercising due diligence and good faith, the sponsor finds:

(1) The applicant is an eligible public benefit nonprofit corporation and the individuals it proposes to manage and operate the school are qualified to operate a charter school and implement the proposed academic plan that is free from religious or sectarian influence;

(2) The public benefit nonprofit corporation has been approved or conditionally approved by the internal revenue service for tax exempt status under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3));

(4) The school’s educational program, including its curriculum and instructional strategies, is likely to assist its students, including its historically underserved populations of students, in meeting the state’s academic standards;

(5) The school’s admissions policy and marketing program is consistent with state and federal law, and includes community outreach to families of historically underserved populations of students;

(6) The school’s proposed educational program includes student academic performance standards and requirements that exceed those determined under chapter 28A.655 RCW and are measured according to the assessment system determined under chapter 28A.655 RCW;

(7) The application includes a viable plan to evaluate pupil performance and procedures to take appropriate corrective action if pupil performance at the charter school falls below standards established in its charter;

(13) The school has developed a program for parent involvement in the charter school;

The quality management plan for the school is adequate.

**NEW SECTION. Sec. 10. CHARTER AGREEMENT--AMENDMENT.** (1) A charter application approved by a school board sponsor with any changes or additions, and signed by an authorized representative of the applicant and the sponsor, constitutes a charter.

(2) A charter may be amended during its term at the request of the charter school management team and the nonprofit board of directors and on the approval of the sponsoring public school board.

(3) A charter may not prohibit and must provide for the application of laws applicable to charter schools or to charter school nonprofit boards of directors and management teams enacted after the effective date of this section.

**NEW SECTION. Sec. 11. CHARTER RENEWAL AND REVOCATION.** (1) An approved plan to establish a charter school is effective for one year from the first day of operation. At the conclusion of the first six months of operation, the charter school may apply to the sponsor for renewal. A request for renewal must be submitted no later than four months before the expiration of the charter.

(2) A charter school renewal application must include:

(a) A report on the progress of the charter school in achieving the goals; student academic achievement, including the student performance standards adopted by the academic achievement and accountability commission in accordance with RCW 28A.655.030; the number and percentage of historically underserved populations of students served; and other terms of the charter;

(b) A financial statement that discloses the costs of administration, instruction, and other expenditure objects and activities of the charter school; and

(c) All audit information from independent sources regarding the charter school, if available, and all self assessments and corresponding corrective action plans.

(3) The sponsor may reject the application for renewal if any of the following occurred:

(a) The charter school materially violated its charter with the sponsor;

(b) The charter school failed to meet generally accepted standards of fiscal management;

(c) The charter school violated provisions in law that have not been waived in accordance with this chapter; or

(d) The charter school has failed to deliver high academic standards to their students.

(4) A sponsor shall give written notice of its intent not to renew the charter school’s request for renewal to the charter school within one month of the request for renewal in order to allow the charter school an opportunity to correct identified deficiencies in its operation. At the request of the management team of the charter school, the sponsor shall review its decision for nonrenewal within forty-five days of receiving the request for review and the supporting documentation demonstrating the correction of the deficiencies.

(5)(a) The sponsor may revoke a previously approved charter before the expiration of the term of the charter, and before application for renewal, if any of the following occurred:

(i) The charter school materially violated its charter with the sponsor;

(ii) The charter school failed to meet generally accepted standards of fiscal management;

(iii) The charter school violated provisions in law that have not been waived in accordance with this chapter; or

(iv) The charter school failed to deliver high academic standards to their students.

(b) Except in cases of emergency where the health and safety of children are at risk, a charter may not be revoked unless the sponsor first provides:

(i) Written notice to the charter school of the specific violations alleged;

(ii) One or more public hearings in the school district in which the charter school is located; and

(iii) A reasonable opportunity and a sufficient period of time for the charter school to correct the identified deficiencies.

(c) If, after following the procedures in (b) of this subsection, the sponsor determines that revoking the charter is necessary to further the intent of this chapter, the sponsor may revoke the charter.

(d) If a sponsor revokes the charter, the sponsor, upon a request by the charter school, shall provide technical assistance to the charter school to complete the plan required and carry out the tasks identified in subsection (6) of this section.

(6) A charter school planning to close or anticipating revocation or nonrenewal of its charter shall provide a plan setting forth a timeline and the responsible parties for disposition of students and student records and disposition of finances.

(a) Immediately following the decision to close a school, the school must:
(i) Submit to the sponsor a list of parent addresses and proof that the school has communicated the impending closure of the school to all parents and staff;

(ii) Assign staff responsible for transition of student records and for providing assistance to students and parents in transferring from the charter school to the district public, private, or home school chosen by the family;

(iii) Provide the names and contact information for staff responsible for transfer of student records to the central administration of the sponsoring school district, as well as the projected transition tasks and timelines to the sponsor.

(b) Before closing the charter school the charter school management team shall:

(i) Determine the amount of anticipated revenue due to the school as well as anticipated liabilities, and provide a complete asset and liability report to the sponsor;

(ii) Create a current and projected payroll and payroll benefits commitment;

(iii) List each employee, job, and the funds necessary to complete the educational calendar balance of the year, the transition of students and records, and the administrative close-down tasks;

(iv) Determine the total moneys required to complete contracts;

(v) Schedule an audit and set aside funds to cover costs; and

(vi) Provide the sponsor with a plan to close the school.

NEW SECTION.  Sec. 12. FUNDING.  (1) The publicly elected district school board provides funding for a charter school including regular apportionment, special education, categorical, student achievement, and other nonbasic education moneys. Allocations shall be based on the statewide average staff mix ratio of all noncharter public schools from the prior school year and the school’s actual FTE enrollment, except that vocational education funding for grades nine through twelve shall be provided based on eighteen and one-half percent of the charter school’s actual FTE enrollment for grades nine through twelve. A charter school is not eligible for enhanced small school assistance funding. Categorical funding shall be allocated to a charter school based on the same funding criteria used for noncharter public schools. A charter school is eligible to apply for state grants on the same basis as a school district. Those allocations to a charter school that are included in RCW 84.52.0531(3) (a) through (c) shall be included in the levy base of the district in which the charter school is located.

(2) For levies submitted to voters after the start-up date of a charter school, the school shall be included in levy planning, budgets, and funding distribution in the same manner as other district-sponsored public schools.

NEW SECTION.  Sec. 13. STUDY OF CHARTER SCHOOLS. Subject to funding, the Washington institute for public policy shall study the implementation of charter school legislation in the forty states that have charter school laws and present data to the legislature by February 1, 2005, demonstrating that the system of charter schools in those states has provided innovative, high quality alternative programs for historically underserved populations of students; has not had a negative financial impact on the regular public school system; and that student achievement in charter schools exceeds student achievement in their public school counterparts, prior to the implementation of a charter school system in Washington state.

NEW SECTION.  Sec. 14. CAPTIONS NOT LAW. Captions used in this chapter are not any part of the law.

NEW SECTION.  Sec. 15. Sections 1 through 14 of this act constitute a new chapter in Title 28A RCW.

NEW SECTION.  Sec. 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "schools;" strike the remainder of the title and insert "and adding a new chapter to Title 28A RCW."

SECOND READING

SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5536, By Senate Committee on Judiciary (originally sponsored by Senators Finkbeiner, Reardon, Roach, Hale, Horn, Benton, Morton, Hewitt, Schmidt, Kastama, Sheahan, Mulliken, Johnson, Parlette, Stevens, West and Esser)

Resolving claims relating to condominium construction.

The bill was read the second time.

Representative Lantz moved the adoption of amendment (1209):

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. A new section is added to chapter 64.34 RCW to read as follows:
(1) The legislature finds, declares, and determines that:
(a) Washington's cities and counties under the growth management act are required to encourage urban growth in urban growth areas at densities that accommodate twenty-year growth projections;
(b) The growth management act's planning goals include encouraging the availability of affordable housing for all residents of the state and promoting a variety of housing types;
(c) Quality condominium construction needs to be encouraged to achieve growth management act mandated urban densities and to ensure that residents of the state, particularly in urban growth areas, have a broad range of ownership choices.
(2) It is the intent of the legislature that limited changes be made to the condominium act to ensure that a broad range of affordable homeownership opportunities continue to be available to the residents of the state, and to assist cities' and counties' efforts to achieve the density mandates of the growth management act."
Sec. 2. RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(2) Except as otherwise provided in chapter 64. -- RCW (sections 101 through 2002 of this act), any right or obligation declared by this chapter is enforceable by judicial proceeding.

Sec. 3. RCW 64.34.324 and 1992 c 220 s 16 are each amended to read as follows:

(1) Unless provided for in the declaration, the bylaws of the association shall provide for:

(a) The number, qualifications, powers and duties, terms of office, and manner of electing and removing the board of directors and officers and filling vacancies;

(b) Election by the board of directors of such officers of the association as the bylaws specify;

(c) Which, if any, of its powers the board of directors or officers may delegate to other persons or to a managing agent;

(d) Which of its officers may prepare, execute, certify, and record amendments to the declaration on behalf of the association; 

(e) The method of amending the bylaws; and

(f) A statement of the standard of care for officers and members of the board of directors imposed by RCW 64.34.308(1).

(2) Subject to the provisions of the declaration, the bylaws may provide for any other matters the association deems necessary and appropriate.

(3) In determining the qualifications of any officer or director of the association, notwithstanding the provision of RCW 64.34.020(32), the term "unit owner" in such context shall, unless the declaration or bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner. Any officer or director of the association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

Sec. 4. RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(c) A statement, which shall be current to within forty-five days, of any common expenses or special assessments against any unit in the condominium that are past due over thirty days;

(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(e) A statement of any other fees payable by unit owners;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;

(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year;

(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;

(l) A statement describing any insurance coverage provided for the benefit of unit owners;

(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;
(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; 

(q) A copy of the declaration, the bylaws, the rules or regulations of the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association; and

(r) A statement, as required by section 301 of this act, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty.

(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(l), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner's request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser's contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

Sec. 5. RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

(1) A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

(2) A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials; 

(b) Constructed in accordance with sound engineering and construction standards;

(c) Constructed in a workmanlike manner; and

(d) Constructed in compliance with all laws then applicable to such improvements.

(3) A declarant and any dealer warrants to a purchaser of a unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed by this section may be excluded or modified as specified in RCW 64.34.450.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

(6) Any conveyance of a unit transfers to the purchaser all of the declarant's implied warranties of quality.

(7) In a judicial proceeding for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. As used in this subsection, an "adverse effect" must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

Sec. 6. RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

(1) (Except as limited by subsection (2) of this section) For units intended for nonresidential use, implied warranties of quality:

(a) May be excluded or modified by written agreement of the parties; and

(b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(2) (With respect to a purchaser of a unit that may be occupied) For units intended for residential use, no ((general)) disclaimer of implied warranties of quality is effective, ((but)) except that a declarant ((and any)) or dealer may disclaim liability in ((an instrument)) writing, in type that is bold faced, capitalized, underlined, or
otherwise set out from surrounding material so as to be conspicuous, and separately signed by the purchaser, for a specified defect or specified failure to comply with applicable law, if: (a) The declarant or dealer knows or has reason to know that the specific defect or failure ((entered into and became a part of the basis of the bargain)) exists at the time of disclosure; (b) the disclaimer specifically describes the defect or failure; and (c) the disclaimer includes a statement as to the effect of the defect or failure.

(3) A declarant or dealer may offer an express written warranty of quality only if the express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445.

Sec. 7. RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:
(1) A judicial proceeding for breach of any obligations arising under RCW 64.34.443 ((and)), 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing an action for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.
(2) Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser’s lack of knowledge of the breach, accrues:
(a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and
(b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.
(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.
(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section must be commenced within four years after the cause of action accrues:
(5) Nothing in this section affects the time for filing a claim under chapter 64.-- RCW (sections 101 through 2002 of this act).

NEW SECTION. Sec. 8. (1) A committee is established to study:
(a) The required use of independent third-party inspections of residential condominiums as a way to reduce the problem of water penetration in residential condominiums; and
(b) The use of arbitration or other forms of alternative dispute resolution to resolve disputes involving alleged breaches of implied or express warranties under chapter 64.34 RCW.
(2) The committee consists of the following members who shall be persons with experience and expertise in condominium law or condominium construction:
(a) A member, who shall be the chair of the committee, to be appointed by the governor;
(b) Three members to be appointed by the majority leader of the senate; and
(c) Three members to be appointed by the speaker of the house of representatives.
(3) The committee shall:
(a) Examine the problem of water penetration of condominiums and the efficacy of requiring independent third-party inspections of condominiums, including plan inspection and inspection during construction, as a way to reduce the problem of water penetration;
(b) Examine issues relating to alternative dispute resolution, including but not limited to:
(i) When and how the decision to use alternative dispute resolution is made;
(ii) The procedures to be used in an alternative dispute resolution;
(iii) The nature of the right of appeal from an alternative dispute resolution decision; and
(iv) The allocation of costs and fees associated with an alternative dispute resolution proceeding or appeal;
(c) Deliver to the judiciary committees of the senate and house of representatives, not later than December 31, 2004, a report of the findings and conclusions of the committee, and any proposed legislation implementing third-party water penetration inspections or providing for alternative dispute resolution for warranty issues.

time the qualified warranty is issued.

(2) If an original owner or the association has not been provided with the manufacturer's documentation
or warranty information, or both, or with recommended maintenance and repair procedures for any component of

mitigate as set out in this section, the damage may, at the option of the qualified insurer, be excluded from
qualified warranty coverage.

ARTICLE 13
NOTICE OF CLAIM

NEW SECTION. Sec. 1301. (1) Within a reasonable time after the discovery of a defect and before the

third-party dispute resolution process for the warranty.
(3) Repairs must be undertaken in a timely manner, with reasonable consideration given to weather conditions and the availability of materials and labor.

(7) The first mediation session must occur within twenty-one days of the appointment of the mediator at the date, time, and place selected by the mediator.
(8) A party may attend a mediation session by representative if:

(17) Nothing in subsection (16) of this section precludes a party from introducing into evidence in a proceeding any information or records produced in the course of the mediation that are otherwise producible or compellable in those proceedings.

(18) A mediation session is concluded when:
(a) All issues are resolved;
(b) The mediator determines that the process will not be productive and so advises the parties or their representatives; or
(c) The mediation session is completed and there is no agreement to continue.

ARTICLE 16
ARBITRATION

NEW SECTION. Sec. 1601. A qualified warranty may include mandatory binding arbitration of all disputes arising out of or in connection with a qualified warranty. The provision may provide that all claims for a single condominium be heard by the same arbitrator, but shall not permit the joinder or consolidation of any other person or entity. The arbitration shall comply with the following minimum procedural standards:
(1) Any demand for arbitration shall be delivered by certified mail return receipt requested, and by ordinary first class mail. The party initiating the arbitration shall address the notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, for any entity which is required to have a registered agent in the state of Washington, to the address of the registered agent. Demand for arbitration is deemed effective three days after the date deposited in the mail;
(2) All disputes shall be heard by one qualified arbitrator, unless the parties agree to use three arbitrators. If three arbitrators are used, one shall be appointed by each of the disputing parties and the first two arbitrators shall appoint the third, who will chair the panel. The parties shall select the identity and number of the arbitrator or arbitrators after the demand for arbitration is made. If, within thirty days after the effective date of the demand for arbitration, the parties fail to agree on an arbitrator or the agreed number of arbitrators fail to be appointed, then an arbitrator or arbitrators shall be appointed under RCW 7.04.050 by the presiding judge of the superior court of the county in which the condominium is located;
(3) In any arbitration, at least one arbitrator must be a lawyer or retired judge. Any additional arbitrator must be either a lawyer or retired judge or a person who has experience with construction and engineering standards and practices, written construction warranties, or construction dispute resolution. No person may serve as an arbitrator in any arbitration in which that person has any past or present financial or personal interest;
(4) The arbitration hearing must be conducted in a manner that permits full, fair, and expeditious presentation of the case by both parties. The arbitrator is bound by the law of Washington state. Parties may be, but are not required to be, represented by attorneys. The arbitrator may permit discovery to ensure a fair hearing, but may limit the scope or manner of discovery for good cause to avoid excessive delay and costs to the parties. The parties and the arbitrator shall use all reasonable efforts to complete the arbitration within six months of the effective date of the demand for arbitration or, when applicable, the service of the list of defects in accordance with RCW 64.50.030;
(5) Except as otherwise set forth in this section, arbitration shall be conducted under chapter 7.04 RCW, unless the parties elect to use the construction industry arbitration rules of the American arbitration association, which are permitted to the extent not inconsistent with this section. The expenses of witnesses including expert witnesses shall be paid by the party producing the witnesses. All other expenses of arbitration shall be borne equally by the parties, unless all parties agree otherwise or unless the arbitrator awards expenses or any part thereof to any specified party or parties. The parties shall pay the fees of the arbitrator as and when specified by the arbitrator;
(6) Demand for arbitration given pursuant to subsection (1) of this section commences a judicial proceeding for purposes of RCW 64.34.452;
(7) The arbitration decision shall be in writing and must set forth findings of fact and conclusions of law that support the decision.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The department of health, in cooperation with the Washington state hospital association, shall oversee a pilot project to implement and evaluate strategies to reduce the burden on hospitals, and improve the quality and efficiency of hospital surveys or audits.

(2) The pilot project shall also include the state auditor’s office, the department of revenue, the department of social and health services, the state board of pharmacy, the department of ecology, the office of the state fire marshal, the department of labor and industries, local building and fire officials, and the joint commission on accreditation of health care organizations.

(3) Strategies to be implemented and evaluated by the pilot project include, but are not limited to, providing notice of survey and audit visits, consolidation of survey and audit visits, coordination of separate survey and audit visits, deeming of one agency’s visits for another, using a combined entrance meeting with hospital management, identifying a standard set of documents to be available for all surveys and audits, and minimizing duplication of required documents.

(4) The department of health shall report to the legislature by December 1, 2004, regarding the results of the pilot project and the strategies identified for adoption on a statewide basis to improve the regulatory environment for hospitals while assuring the safety and well-being of patients and full compliance with relevant state and local laws.

NEW SECTION. Sec. 2. A new section is added to chapter 70.41 RCW to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Agency" means a department of state government created under RCW 43.17.010 and the office of the state auditor.

(b) "Audit" means an examination of records or financial accounts to evaluate accuracy and monitor compliance with statutory or regulatory requirements.

(c) "Hospital" means a hospital licensed under chapter 70.41 RCW.

(2) By July 1, 2004, each state agency which conducts hospital surveys or audits shall post to its agency web site a list of the most frequent problems identified in its hospital surveys or audits along with information on how to avoid or address the identified problems, and a person within the agency that a hospital may contact with questions or for further assistance.

(3) By July 1, 2004, the department of health, in cooperation with other state agencies which conduct hospital surveys or audits, shall develop an instrument, to be provided to every hospital upon completion of a state survey or audit, which allows the hospital to anonymously evaluate the survey or audit process in terms of quality, efficacy, and the extent to which it supported improved patient care and compliance with state law without placing an unnecessary administrative burden on the hospital. The evaluation may be returned to the department of health for distribution to the appropriate agency. The department of health shall annually compile the evaluations in a report to the legislature.

(4) Except when responding to complaints or immediate public health and safety concerns or when such prior notice would conflict with other state or federal law, any state agency that provides notice of a hospital survey or audit must provide such notice to the hospital no less than four weeks prior to the date of the survey or audit.

Sec. 3. RCW 70.41.080 and 1995 c 369 s 40 are each amended to read as follows:
Standards for fire protection and the enforcement thereof, with respect to all hospitals to be licensed hereunder shall be the responsibility of the chief of the Washington state patrol, through the director of fire protection, who shall adopt, after approval by the department, such recognized standards as may be applicable to hospitals for the protection of life against the cause and spread of fire and fire hazards. Such standards shall be consistent with the standards adopted by the federal centers for medicare and medicaid services for hospitals that care for medicare or medicaid beneficiaries. The department upon receipt of an application for a license, shall submit to the director of fire protection in writing, a request for an inspection, giving the applicant’s name and the location of the premises to be licensed. Upon receipt of such a request, the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make an inspection of the hospital to be licensed, and if it is found that the premises do not comply with the required safety standards and fire regulations as adopted pursuant to this chapter, he or she shall promptly make a written report to the hospital and to the department listing the corrective actions required and the time allowed for accomplishing such corrections. The applicant or licensee shall notify the chief of the Washington state patrol, through the director of fire protection, upon completion of any corrections required by him or her, and the chief of the Washington state patrol, through the director of fire protection, or his or her deputy, shall make a reinspection of such premises. Whenever the hospital to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, he or she shall submit to the department a written report approving the hospital with respect to fire protection, and such report is required before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall make or cause to be made inspections of such hospitals at least once a year.

In cities which have in force a comprehensive building code, the provisions of which are determined by the chief of the Washington state patrol, through the director of fire protection, to be equal to the minimum standards of the code for hospitals adopted by the chief of the Washington state patrol, through the director of fire protection, the chief of the fire department, provided the latter is a paid chief of a paid fire department, shall make the inspection with the chief of the Washington state patrol, through the director of fire protection, or his or her deputy and they shall jointly approve the premises before a full license can be issued.

Sec. 4. RCW 70.41.120 and 1995 c 282 s 4 are each amended to read as follows:

The department may make an examination of all phases of the hospital operation necessary to determine compliance with the law and the standards, rules and regulations adopted thereunder. Any licensee or applicant desiring to make alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, comply with the regulations prescribed by the department.

No hospital licensed pursuant to the provisions of this chapter shall be required to be inspected or licensed under other state laws or rules and regulations promulgated thereunder, or local ordinances, relative to hotels, restaurants, lodging houses, boarding houses, places of refreshment, nursing homes, maternity homes, or psychiatric hospitals.

To avoid unnecessary duplication in inspections, the department shall coordinate with the department of social and health services, the office of the state fire marshal, and local agencies when inspecting facilities over which (both agencies have) each agency has jurisdiction, the facilities including but not necessarily being limited to hospitals with both acute care and skilled nursing or psychiatric nursing functions. The department shall notify the office of the state fire marshal and the relevant local agency at least four weeks prior to any inspection conducted under this section and invite their attendance at the inspection, and shall provide a copy of its inspection report to each agency upon completion.

NEW SECTION. Sec. 5. A new section is added to chapter 70.41 RCW to read as follows:

(vii) Acquisition of land; and
(viii) Refinancing of existing debt;
(e) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among acute care, nursing home care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months, or a change in bed capacity of a rural health care facility licensed under RCW 70.175.100 that increases the total number of nursing home beds or redistributes beds from acute care or boarding home care to nursing home care if the bed redistribution is to be effective for a period in excess of six months. A health care facility certified as a critical access hospital under 42 U.S.C. 1395i-4 may increase its total number of licensed beds to the total number of beds permitted under 42 U.S.C. 1395i-4 for acute care and may redistribute beds permitted under 42 U.S.C. 1395i-4 among acute care and nursing home care without being subject to certificate of need review. (g) Any expenditure for the construction, renovation, or alteration of a nursing home or change in nursing home services in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any subsequent undertaking with respect to which such predevelopment expenditures are made; and
(h) Any increase in the number of dialysis stations in a kidney disease center.
(5) The department is authorized to charge fees for the review of certificate of need applications and requests for exemptions from certificate of need review. The fees shall be sufficient to cover the full cost of review and exemption, which may include the development of standards, criteria, and policies.
(6) No person may divide a project in order to avoid review requirements under any of the thresholds specified in this section.

Sec. 7. RCW 70.44.240 and 1997 c 332 s 16 are each amended to read as follows:

(8) "Transportation project" means:
(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:
   (i) Adds a lane or new lanes to an existing state or federal highway; or
   (ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.
   (b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

   (c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:
      (i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;
      (ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;
      (iii) Matching money equal to one-third of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. (2) Taxes, fees, and tolls may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

Sec. 103. RCW 47.56.076 and 2002 c 56 s 403 are each amended to read as follows:

The department shall administer the collection of vehicle tolls on designated facilities unless otherwise specified in law or by contract, and the state transportation commission, or its successor, shall ((be the tolling authority)) set and impose the tolls in amounts sufficient to implement the plan and issue bonds and maintain and operate the toll facility within the scope and intent of the regional transportation investment plan.

NEW SECTION. Sec. 104. A new section is added to chapter 47.56 RCW to read as follows:

Notwithstanding any provision to the contrary in this chapter, a regional transportation investment district may impose vehicle tolls on either Lake Washington bridge upon approval of a majority of the voters voting on a regional transportation investment plan ballot measure within its boundaries as authorized in chapter 36.120 RCW and RCW 47.56.076.

((County legislative authorities)) The planning committee may draft ((a ballot title,)) the ballot measure on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot measures, and perform other duties as required to ((put the plan before)) submit the measure to the voters of the proposed district for their approval or rejection ((as a single ballot measure that both approves formation of the district and approves the plan)). Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the participating counties. A simple majority of the total persons voting on the single ballot measure ((to approve the plan, establish the district, and approve the taxes and fees)) is required for approval of the measure.

PART III - MOTOR VEHICLE SURCHARGE

Sec. 301. RCW 81.100.080 and 1990 c 43 s 19 are each amended to read as follows:
Funds collected under RCW 81.100.030 or 81.100.060 and any investment earnings accruing thereon shall be used by the county or the regional transportation investment district in a manner consistent with the regional transportation plan only for costs of collection, costs of preparing, adopting, and enforcing agreements under RCW 81.100.030(3), for construction of high occupancy vehicle lanes and related facilities, mitigation of environmental concerns that result from construction or use of high occupancy vehicle lanes and related facilities, payment of principal and interest on bonds issued for the purposes of this section, for high occupancy vehicle programs as defined in RCW 81.100.020(5), and for commuter rail projects in accordance with RCW 81.104.120. Except for funds raised by a regional transportation investment district, no funds collected under RCW 81.100.030 or 81.100.060 after June 30, 2000, may be pledged for the payment or security of the principal or interest on any bonds issued for the purposes of this section. Not more than ten percent of the funds may be used for transit agency high occupancy vehicle programs.

Priorities for construction of high occupancy vehicle lanes and related facilities shall be as follows:

(b) To finance or accelerate construction of high occupancy vehicle lanes on the noninterstate state highway system, as well as related facilities.
(2) To finance construction of high occupancy vehicle lanes on local arterials, as well as related facilities.

Moneys received by an agency under this chapter shall be used in addition to, and not as a substitute for, moneys currently used by the agency for the purposes specified in this section.

Counties and regional transportation investment districts may contract with cities or the state department of transportation for construction of high occupancy vehicle lanes and related facilities, and may issue general obligation bonds to fund such construction and use funds received under this chapter to pay the principal and interest on such bonds.

New Section, Sec. 302. A new section is added to chapter 82.80 RCW to read as follows:
A regional transportation investment district may, with voter approval and as part of a regional transportation investment plan, impose a local option surcharge of not more than three-tenths of one percent of the value on vehicles registered to a person residing within the district. The proceeds collected pursuant to this section shall be used for transportation projects as defined in RCW 36.120.020. No surcharge may be imposed on new vehicles, except that the surcharge shall apply to the initial registration of a vehicle previously licensed in another jurisdiction.

An investment district imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall insofar as they are applicable to motor vehicle excise taxes, be applicable to surcharges imposed under this section.

(Such) The transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway. However, if deemed appropriate by the governing body of the transportation benefit district, a transportation improvement may be owned by a participating port district or transit district, unless otherwise prohibited by law. Transportation improvements shall be administered and maintained as other public streets, roads, highways, and capital improvements. (The district may not include any area within the corporate limits of a city unless the city legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such powers as may be granted to the benefit district.)

(2) Subject to subsection (6) of this section, the district may include area within more than one county, city, or port district, county transportation authority, or public transportation benefit area, if the legislative authority of each participating jurisdiction has agreed to the inclusion as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. Developments consisting of less than twenty residences are exempt from the fee or charge under RCW 36.73.120; and

(ii) Vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, shall set and impose the tolls in amounts sufficient to implement the district's transportation improvement finance plan. The district shall administer the collection of vehicle tolls on city streets or county roads, and shall set and impose the tolls in amounts sufficient to implement the district's transportation improvement plan.

Subject to the provisions of section 420 of this act, the legislative ((authority)) authorities shall make provision for a district to be automatically dissolved when all indebtedness of the district has been retired and anticipated responsibilities have been satisfied. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the district. Additional notice of the hearing may be given by mail, by posting within the proposed district, or in any manner the ((city or county)) legislative ((authority deems)) authorities deem necessary to notify affected persons. All hearings shall be public and the ((city or county)) legislative ((authority)) authorities shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the district.

(2) Following the hearing held pursuant to subsection (1) of this section, the ((city or county)) legislative ((authority)) authorities may establish a ((transportation benefit)) district, modify the boundaries or functions of an existing district, or dissolve an existing district, if the ((city or county)) legislative ((authority finds)) authorities find the action to be in the public interest and ((adopts)) adopt an ordinance providing for the action. The ordinance establishing a district shall specify the functions or activities to be exercised or funded and establish the boundaries of the district. ((A district shall include only those areas which can reasonably be expected to benefit from improvements to be funded by the district.)) Subject to the provisions of section 419 of this act, functions or activities proposed to be provided or funded by the district may not be expanded beyond those specified in the notice of hearing, unless additional notices are made, further hearings on the expansion are held, and further determinations are made that it is in the public interest to so expand the functions or activities proposed to be provided or funded.

((3) At any time before the city or county legislative authority establishes a transportation benefit district pursuant to this section, all further proceedings shall be terminated upon the filing of a verified declaration of termination signed by the owners of real property consisting of at least sixty percent of the assessed valuation in the proposed district.))

A district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to ((one and one fourth)) five percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the district pursuant to Article VIII, section 6 of the
state Constitution, and ((is)) may also provide for the retirement thereof by excess property tax levies as provided in RCW 36.73.060(2). The district may, if applicable, submit a single proposition to the voters that, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the ((transportation benefit)) district shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the ((transportation benefit)) district (which issues the bonds) may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The district may also pledge any other revenues that may be available to the district.

(4) In addition to general obligation bonds, a district may issue revenue bonds to be issued and sold in accordance with chapter 39.46 RCW.

Further, no sale is authorized by this section unless the department is satisfied that the amounts to be received from the several purchasers will equal or exceed the appraised price of the entire parcel plus any costs of publishing notices.

(4) If no sale or exchange is consummated as provided in subsections (1) through (3) of this section, the department shall sell the properties in the same manner as state lands are sold.

SENATE AMENDMENTS TO HOUSE BILL

March 4, 2004

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2455, with the following amendments:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature recognizes that the average high school student lacks a basic knowledge of personal finance. In addition, the legislature recognizes the damaging effects of not properly preparing youth for the financial challenges of modern life, including bankruptcy, poor retirement planning, unmanageable debt, and a lower standard of living for Washington families. The legislature finds that the purpose of the state’s system of public education is to help students acquire the skills and knowledge they will need to be productive and responsible 21st century citizens. The legislature further finds that responsible citizenship includes an ability to make wise financial decisions. The legislature further finds that financial literacy could easily be included in lessons, courses, and projects that demonstrate each student’s understanding of the state’s four learning goals, including goal four: Understanding the importance of work and how performance, effort, and decisions directly affect future opportunities.

The legislature intends to assist school districts in their efforts to ensure that students are financially literate through identifying critical financial literacy skills and knowledge, providing information on instructional materials, and creating a public-private partnership to help provide instructional tools and professional development to school districts that wish to increase the financial literacy of their students.

NEW SECTION. Sec. 2. (1) A financial literacy public-private partnership is established, composed of up to four members representing the legislature, one from and appointed by the office of the superintendent of public instruction, one from and appointed by the department of financial institutions, up to four from the financial services sector, and four educators. One or two members of the senate, one of whom is a member of the senate committee on financial services, insurance and housing, shall be appointed by the president of the senate. One or two members of the house of representatives, one of whom is a member of the house committee on financial institutions and insurance, shall be appointed by the speaker of the house of representatives. The superintendent of public instruction shall appoint the members from the financial services sector and educator members. The chair of the partnership shall be selected by the members of the partnership.

(2) To the extent funds are appropriated or are available for this purpose, technical and logistical support may be provided by the office of the superintendent of public instruction, the organizations composing the
NEW SECTION. Sec. 3. (1) By September 30, 2004, the financial literacy public-private partnership shall adopt a definition of financial literacy to be used in educational efforts.

(2) By June 30, 2005, the financial literacy public-private partnership shall identify strategies to increase the financial literacy of public school students in our state. To the extent funds are available, strategies to be considered by the partnership shall include, but not be limited to:

(a) Identifying and making available to school districts:
   (i) Important financial literacy skills and knowledge;
   (ii) Ways in which teachers at different grade levels may integrate financial literacy in mathematics, social studies, and other course content areas;
   (iii) Instructional materials and programs, including schoolwide programs, that include the important financial literacy skills and knowledge;
   (iv) Assessments and other outcome measures that schools and communities may use to determine whether students are financially literate; and
   (v) Other strategies for expanding and increasing the quality of financial literacy instruction in public schools, including professional development for teachers;

(b) Developing a structure and set of operating principles for the financial literacy public-private partnership to assist interested school districts in improving the financial literacy of their students by providing such things as financial literacy instructional materials and professional development; and

(c) Providing a report to the governor, the house and senate financial institutions and education committees of the legislature, the superintendent of public instruction, the state board of education, and education stakeholder groups, on the results of work of the financial literacy public-private partnership. A final report shall be submitted to the same parties by June 30, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.230 RCW to read as follows:

(1) To the extent funds are appropriated or are available for this purpose, the superintendent of public instruction and other members of the partnership created in section 2 of this act, shall make available to school districts the list of identified financial literacy skills and knowledge, instructional materials, assessments, and other relevant information.

(2) Each school district is encouraged to provide its students with an opportunity to master the financial literacy skills and knowledge developed under section 3 of this act.

(3) For the purposes of this act, it is unnecessary to evaluate and apply the office of the superintendent of public instruction essential academic learning requirements, or to develop grade level expectations.

NEW SECTION. Sec. 5. The task of the financial literacy public-private partnership is to seek out and determine the best methods of equipping students with the knowledge and skills they need, before they become self-supporting, in order for them to make critical decisions regarding their personal finances. The components of personal financial literacy examined shall include, at a minimum, consumer financial education, personal finance, and personal credit. The partnership shall identify the types of outcome measures expected from participating students, in accordance with the definitions and outcomes developed under section 3 of this act.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2475, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.690 and 1983 c 247 s 1 are each amended to read as follows:

Any person who uses a toll bridge, toll tunnel, toll road, or toll ferry, and the approaches thereto, operated by the state of Washington, the department of transportation, a political subdivision or municipal corporation empowered to operate toll facilities, or an entity operating a toll facility under a contract with the department of transportation, a political subdivision, or municipal corporation, at the entrance to which appropriate signs have been erected to notify both pedestrian and vehicular traffic that it is entering a toll facility or its approaches and is subject to the payment of tolls at the designated station for collecting tolls, commits a traffic infraction if:

(1) The person does not pay, refuses to pay, evades, or attempts to evade the payment of such tolls, or uses or attempts to use any spurious, counterfeit, or stolen ticket(s), coupon(s), token(s), or electronic device for payment of any such tolls, or

(2) The person turns, or attempts to turn, the vehicle around in the bridge, tunnel, loading terminal, approach, or toll plaza where signs have been erected forbidding such turns, or

(3) The person refuses to move a vehicle through the toll facility after having come within the area where signs have been erected notifying traffic that it is entering the area where toll is collectible
or where vehicles may not turn around and where vehicles are required to pass through the toll (gates) facility for the purpose of collecting tolls.

Sec. 2. RCW 46.63.030 and 2002 c 279 s 14 are each amended to read as follows:
(1) A law enforcement officer has the authority to issue a notice of traffic infraction:
(a) When the infraction is committed in the officer’s presence;
(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed; ((or))
(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction; or
(d) When the notice of infraction is detected through the use of a photo enforcement system under section 6 of this act.
(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.
(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.
(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled "Littering--Abandoned Vehicle" and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle.

NEW SECTION. Sec. 3. A new section is added to chapter 46.63 RCW to read as follows:
(1) In a traffic infraction case involving an infraction detected through the use of a photo enforcement system under section 6 of this act, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of section 6 of this act, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was the person in control of the vehicle at the point where, and for the time during which, the violation occurred.
(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner.

Sec. 4. RCW 46.16.216 and 1990 2nd ex.s. c 1 s 401 are each amended to read as follows:
(1) To renew a vehicle license, an applicant shall satisfy all listed standing, stopping, and parking violations, and other infractions issued under RCW 46.63.030(1)(d) for the vehicle incurred while the vehicle was registered in the applicant’s name and forwarded to the department pursuant to RCW 46.20.270(3). For the purposes of this section, "listed" standing, stopping, and parking violations, and other infractions issued under RCW 46.63.030(1)(d) include only those violations for which notice has been received from state or local agencies or courts by the department one hundred twenty days or more before the date the vehicle license expires and that are placed on the records of the department. Notice of such violations received by the department later than one hundred twenty days before that date that are not satisfied shall be considered by the department in connection with any applications for license renewal in any subsequent license year. The renewal application may be processed by the department or its agents only if the applicant:
(a) Presents a preprinted renewal application showing no listed standing, stopping, ((and)) or parking violations, or other infractions issued under RCW 46.63.030(1)(d), or in the absence of such presentation, the agent verifies the information that would be contained on the preprinted renewal application; or
(b) If listed standing, stopping, ((and)) or parking violations, or other infractions issued under RCW 46.63.030(1)(d) exist, presents proof of payment and pays a fifteen dollar surcharge.
(2) The surcharge shall be allocated as follows:
(a) Ten dollars shall be deposited in the motor vehicle fund to be used exclusively for the administrative costs of the department of licensing; and
(b) Five dollars shall be retained by the agent handling the renewal application to be used by the agent for the administration of this section.
(3) If there is a change in the registered owner of the vehicle, the department shall forward the information regarding the change to the state or local charging jurisdiction and release any hold on the renewal of the vehicle license resulting from parking violations or other infractions issued under RCW 46.63.030(1)(d), incurred while the certificate of license registration was in a previous registered owner’s name.

(4) The department shall send to all registered owners of vehicles who have been reported to have outstanding listed parking violations or other infractions issued under RCW 46.63.030(1)(d), at the time of renewal, a statement setting out the dates and jurisdictions in which the violations occurred as well as the amounts of unpaid fines and penalties relating to them and the surcharge to be collected.

Sec. 5. RCW 46.20.270 and 1990 2nd ex.s. c 1 s 402 are each amended to read as follows:

(1) Whenever any person is convicted of any offense for which this title makes mandatory the suspension or revocation of the driver’s license of such person by the department, the privilege of the person to operate a vehicle is suspended until the department takes the action required by this chapter, and the court in which such conviction is had shall forthwith secure the immediate forfeiture of the driver’s license of such convicted person and immediately forward such driver’s license to the department, and on failure of such convicted person to deliver such driver’s license the judge shall cause such person to be confined for the period of such suspension or revocation or until such driver’s license is delivered to such judge: PROVIDED, That if the convicted person testifies that he or she does not and at the time of the offense did not have a current and valid vehicle driver’s license, the judge shall cause such person to be charged with the operation of a motor vehicle without a current and valid driver’s license and on conviction punished as by law provided, and the department may not issue a driver’s license to such persons during the period of suspension or revocation: PROVIDED, ALSO, That if the driver’s license of such convicted person has been lost or destroyed and such convicted person makes an affidavit to that effect, sworn to before the judge, the convicted person may not be so confined, but the department may not issue or reissue a driver’s license for such convicted person during the period of such suspension or revocation: PROVIDED, That perfection of notice of appeal shall stay the execution of sentence including the suspension and/or revocation of the driver’s license.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall forward to the department within ten days of a forfeiture of bail or collateral deposited to secure the defendant’s appearance in court, a payment of a fine or penalty, a plea of guilty or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

(3) Every state agency or municipality having jurisdiction over offenses committed under this chapter, or under any other act of this state or municipal ordinance adopted by a state or local authority regulating the operation of motor vehicles on highways, may forward to the department within ten days of failure to respond, failure to pay a penalty, failure to appear at a hearing to contest the determination that a violation of any statute, ordinance, or regulation relating to standing, stopping, ((or)) parking, or other infraction issued under RCW 46.63.030(1)(d) has been committed, or failure to appear at a hearing to explain mitigating circumstances, an abstract of the citation record in the form prescribed by rule of the department, showing the finding by such municipality that two or more violations of laws governing standing, stopping, and parking or one or more other infractions issued under RCW 46.63.030(1)(d) have been committed and indicating the nature of the defendant’s failure to act. Such violations or infractions may not have occurred while the vehicle is stolen from the registered owner or is leased or rented under a bona fide commercial vehicle lease or rental agreement between a lessor engaged in the business of leasing vehicles and a lessee who is not the vehicle’s registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.  

(4) For the purposes of Title 46 RCW the term "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant’s appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(5) For the purposes of Title 46 RCW the term "finding that a traffic infraction has been committed" means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding.

NEW SECTION. Sec. 6. A new section is added to chapter 46.63 RCW to read as follows:

(1) This section applies only to traffic infractions issued under RCW 46.61.690 for toll collection evasion.
(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) Toll collection systems include manual cash collection, electronic toll collection, and photo enforcement systems.

(4) "Electronic toll collection system" means a system of collecting tolls or charges that is capable of charging the account of the toll patron the appropriate toll or charge by electronic transmission from the motor vehicle to the toll collection system, which information is used to charge the appropriate toll or charge to the patron's account.

(5) "Photo enforcement system" means a vehicle sensor installed to work in conjunction with an electronic toll collection system that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of a vehicle operated in violation of an infraction under this chapter.

(6) The use of a toll collection system is subject to the following requirements:
   (a) The department of transportation shall adopt rules that allow an open standard for automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.
   (b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.

(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:
   (a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.
   (b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle with sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.
   (c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this chapter. No photograph, digital photograph, microphotograph, video tape, or other recorded image may be used for any purpose other than enforcement of violations under this chapter nor retained longer than necessary to enforce this chapter or verify that tolls are paid.
   (d) All locations where a photo enforcement system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by a photo enforcement system.

(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(9) If the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:
   (a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or
   (b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred; or
   (c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee. Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction."

In line 1 of the title, after "evasion;" strike the remainder of the title and insert "amending RCW 46.61.690, 46.63.030, 46.16.216, and 46.20.270; and adding new sections to chapter 46.63 RCW."

and the same is herewith transmitted.

Expenditures not used to earn a credit in one (calendar) fiscal year may not be used to earn a credit in subsequent years, except that this limitation does not apply to expenditures made between January 1, 2004, and March 31, 2004, which expenditures may be used to earn a credit through December 30, 2004.
(3) The right to earn tax credits under this section expires (December 31, 2005) June 30, 2011.
(4) To qualify for the credit in subsection (2) of this section, the light and power business shall establish, or have a local board establish with the business's contribution, an electric utility rural economic development revolving fund which is governed by a local board whose members shall reside or work in the qualifying rural area served by the light and power business. Expenditures from the electric utility rural economic development revolving fund shall be made solely on qualifying projects, and the local board shall have authority to determine all criteria and conditions for the expenditure of funds from the electric utility rural economic development revolving fund, and for the terms and conditions of repayment.
(5) Any funds repaid to the electric utility rural economic development (revolving) fund by recipients shall be made available for additional qualifying projects.
(6) If at any time the electric utility rural economic development (revolving) fund is dissolved, any moneys claimed as a tax credit under this section shall either be granted to a qualifying project or refunded to the state within two years of termination.
(7) The total amount of credits that may be used in any fiscal year shall not exceed three hundred fifty thousand dollars in any fiscal year. The department shall allow the use of earned credits on a first-come, first-served basis. Unused earned credits may be carried over to subsequent years.
The following provisions apply to expenditures under subsection (2) of this section made between January 1, 2004, and March 31, 2004:

(a) Credits earned from such expenditures are not considered in computing the statewide limitation set forth in subsection (7) of this section for the period July 1, 2004, through December 31, 2004; and

(b) For the fiscal year ending June 30, 2005, the credit allowed under this section for light and power businesses making expenditures is limited to thirty-seven thousand five hundred dollars.

NEW SECTION. Sec. 2. (1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(2) The goal of the tax credit available to light and power businesses for contributing to an electric utility rural economic development revolving fund in section 1 of this act is to support qualifying projects that create or retain jobs, add or upgrade health and safety facilities, facilitate energy and water conservation, or develop renewable sources of energy in a qualified area. The goal of this tax credit is achieved when the investment of the revolving funds established under section 1 of this act have generated capital investment in an amount of four million seven hundred fifty thousand dollars or more within a five-year period.

NEW SECTION. Sec. 3. This act takes effect July 1, 2004."

Representative Dickerson moved the adoption of amendment (787):

Strike everything after the enacting clause and insert the following:

'Sec. 1. RCW 13.34.160 and 1997 c 58 s 505 are each amended to read as follows:
(1) In an action brought under this chapter, the court may inquire into the ability of the parent or parents of the child to pay child support and may enter an order of child support as set forth in chapter 26.19 RCW. The court may enforce the same by execution, or in any way in which a court of equity may enforce its decrees. All child support orders entered pursuant to this chapter shall be in compliance with the provisions of RCW 26.23.050.
(2) For purposes of this section, if a dependent child's parent is an unmarried minor parent or pregnant minor applicant, then the parent or parents of the minor shall also be deemed a parent or parents of the dependent child. However, liability for child support under this subsection only exists if the parent or parents of the unmarried minor parent or pregnant minor applicant are provided the opportunity for a hearing on their ability to provide support. Any child support order requiring such a parent or parents to provide support for the minor parent's child may be effective only until the minor parent reaches eighteen years of age.
(3) In the absence of a court order setting support, the department may establish an administrative order for support upon receipt of a referral or application for support enforcement services.

Sec. 2. RCW 13.34.270 and 2000 c 122 s 33 are each amended to read as follows:
(1) Whenever the department places a child with a developmental disability in out-of-home care pursuant to RCW 74.13.350, the department shall obtain a judicial determination within one hundred eighty days of the placement that continued placement is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination is required.
(2) To obtain the judicial determination, the department shall file a petition alleging that there is located or residing within the county a child who has a developmental disability and that the child has been placed in out-of-home care pursuant to RCW 74.13.350. The petition shall request that the court review the child's placement, make a determination whether continued placement is in the best interests of the child, and take other necessary action as provided in this section. The petition shall contain the name, date of birth, and residence of the child and the names and residences of the child's parent or legal guardian who has agreed to the child's placement in out-of-home care. Reasonable attempts shall be made by the department to ascertain and set forth in the petition the identity, location, and custodial status of any parent who is not a party to the placement agreement and why that parent cannot assume custody of the child.
(3) Upon filing of the petition, the clerk of the court shall schedule the petition for a hearing to be held no later than fourteen calendar days after the petition has been filed. The department shall provide notification of the time, date, and purpose of the hearing to the parent or legal guardian who has agreed to the child's placement in out-of-home care. The department shall also make reasonable attempts to notify any parent who is not a party to the placement agreement, if the parent's identity and location is known. Notification under this section may be given by the most expedient means, including but not limited to, mail, personal service, and telephone.
(4) The court shall appoint a guardian ad litem for the child as provided in RCW 13.34.100, unless the court for good cause finds the appointment unnecessary.

(5) Permanency planning hearings shall be held as provided in this section. At the hearing, the court shall review whether the child’s best interests are served by continued out-of-home placement and determine the future legal status of the child.

(a) For children age ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree or guardianship order under chapter 11.88 RCW has not previously been entered. The hearing shall take place no later than twelve months following commencement of the child’s current placement episode.

(b) For children over age ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree or guardianship order under chapter 11.88 RCW has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(c) No later than ten working days before the permanency planning hearing, the department shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties. The plan shall be directed toward securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child’s parent or legal guardian; adoption; guardianship; or long-term out-of-home care, until the child is age eighteen, with a written agreement between the parties and the child’s care provider.

(d) If a goal of long-term out-of-home care has been achieved before the permanency planning hearing, the court shall review the child’s status to determine whether the placement and the plan for the child’s care remains appropriate. In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.

(e) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the voluntary placement agreement is terminated.

(6) Any party to the voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child’s parent or legal guardian, unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130. The department shall notify the court upon termination of the voluntary placement agreement and return of the child to the care of the child’s parent or legal guardian. Whenever a voluntary placement agreement is terminated, an action under this section shall be dismissed.

(7) When state or federal funds are expended for the care and maintenance of a child with a developmental disability, placed in care as a result of an action under this chapter, the department shall refer the case to the division of child support, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(8) This section does not prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030. An action filed under this section shall be dismissed upon the filing of a dependency petition regarding a child who is the subject of the action under this section.

Sec. 3. RCW 74.13.031 and 2001 c 192 s 1 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department’s success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled “Foster Home Turn-Over, Causes and Recommendations.”

(3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child’s parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.
(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children’s services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

With amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(13) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

Sec. 4. RCW 74.13.350 and 1998 c 229 s 1 are each amended to read as follows:

It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child’s developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, “voluntary placement agreement” means a written agreement between the department and a child’s parent or legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child’s placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child’s parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed in writing before the court and filed with the court as provided in RCW 13.34.245. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child’s parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

As used in this section, “out-of-home placement” and “out-of-home care” mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.
Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child’s placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child’s placement and care. Within the first one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and 13.34.270 that the placement is in the best interests of the child. If the child’s out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination under RCW 13.04.030(1)(b) is required. The permanency planning hearings shall review whether the child’s best interests are served by continued out-of-home placement and determine the future legal status of the child.

The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

Nothing in this section shall prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

The department shall adopt rules providing for the implementation of chapter 386, Laws of 1997 and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

It is the intent of the legislature that the department undertake voluntary out-of-home placement in cases where the child’s developmental disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child, and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home. If the department does not accept a voluntary placement agreement signed by the parent, a petition may be filed and an action pursued under chapter 13.34 RCW. The department shall inform the parent, guardian, or legal custodian in writing of their right to civil action under chapter 13.34 RCW.

Nothing in this section prohibits the department from seeking support from parents of a child, including a child with a developmental disability if the child has been placed into care as a result of an action under chapter 13.34 RCW, when state or federal funds are expended for the care and maintenance of that child or when the department receives an application for services from the physical custodian of the child, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents.

Sec. 5. RCW 74.20A.030 and 2000 c 86 s 7 are each amended to read as follows:

(1) The department shall be subrogated to the right of any dependent child or children or person having the care, custody, and control of said child or children, if public assistance money is paid to or for the benefit of the child, or for the care and maintenance of a child, including a child with a developmental disability if the child has been placed into care as a result of an action under 13.34 RCW, under a state-funded program, or a program funded under Title IV-A or IV-E of the federal social security act as amended by the personal responsibility and work opportunity reconciliation act of 1996, to prosecute or maintain any support action or execute any administrative remedy existing under the laws of the state of Washington to obtain reimbursement of moneys expended, based on the support obligation of the responsible parent established by a child support order. Distribution of any support moneys shall be made in accordance with RCW 26.23.035.

(2) The department may initiate, continue, maintain, or execute an action to establish, enforce, and collect a support obligation, including establishing paternity and performing related services, under this chapter and chapter 74.20 RCW, or through the attorney general or prosecuting attorney under chapter 26.09, 26.18, 26.20, 26.21, 26.23, or 26.26 RCW or other appropriate statutes or the common law of this state, for so long as and under such conditions as the department may establish by regulation.

(3) Public assistance moneys shall be exempt from collection action under this chapter except as provided in RCW 74.20A.270.

(4) ((No collection action shall be taken against parents of children eligible for admission to, or children who have been discharged from, a residential habilitation center as defined by RCW 71A.10.020(8). For the period July 1, 1993, through June 30, 1995, a collection action may be taken against parents of children with developmental disabilities who are placed in community based residential care. The amount of support the department may collect from the parents shall not exceed one half of the parents’ support obligation accrued while the child was in community based residential care.)) The child support obligation shall be calculated pursuant to chapter 26.19 RCW.

NEW SECTION. Sec. 6. This act takes effect July 1, 2004."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that requiring all patients who need to travel in a prone or supine position but are medically stable, to be transported by ambulance can be overly restrictive to individuals with disabilities. These individuals frequently travel by means of reclining wheelchairs or devices commonly referred to as banana carts. Expanding travel options for these individuals will give them greater opportunities for mobility and reduce their costs of travel.

Sec. 2. RCW 18.73.030 and 2000 c 93 s 16 are each amended to read as follows: Unless a different meaning is plainly required by the context, the following words and phrases as used in this chapter shall have the meanings indicated.

Representative Rockefeller moved the adoption of amendment (1134) to the committee amendment:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. A new section is added to chapter 76.06 RCW to read as follows:

(1) The legislature finds that Washington faces serious forest health problems where forests are overcrowded or trees are infested with or susceptible to insects, diseases, wind, ice storms, and fire. The causes and contributions to these susceptible conditions include fire suppression, past timber harvesting and silvicultural practices, and the amplified risks that occur when the urban interface penetrates forest land.

(2) The legislature further finds that forest health problems may exist on forest land regardless of ownership, and the state should explore all possible avenues for working in collaboration with the federal government to address common health deficiencies.

(3) The legislature further finds that healthy forests benefit not only the economic interests that rely on forest products but also provide environmental benefits, such as improved water quality and habitat for fish and wildlife.

NEW SECTION. Sec. 2. A new section is added to chapter 76.06 RCW to read as follows:

(1) The commissioner of public lands is designated as the state of Washington’s lead for all forest health issues.

(2) The commissioner of public lands shall strive to promote communications between the state and the federal government regarding forest land management decisions that potentially affect the health of forests in Washington and will allow the state to have an influence on the management of federally owned land in Washington. Such government-to-government cooperation is vital if the condition of the state’s public and private forest lands are to be protected. These activities may include, when deemed by the commissioner to be in the best interest of the state:

(a) Representing the state’s interest before all appropriate local, state, and federal agencies;

(b) Assuming the lead state role for developing formal comments on federal forest management plans that may have an impact on the health of forests in Washington; and

(c) Pursuing in an expedited manner any available and appropriate cooperative agreements, including cooperating agency status designation, with the United States forest service and the United States bureau of land management that allow for meaningful participation in any federal land management plans that could affect the department’s strategic plan for healthy forests and effective fire prevention and suppression, including the pursuit of any options available for giving effect to the cooperative philosophy contained within the national environmental policy act of 1969 (42 U.S.C. Sec. 4331).

(3) The commissioner of public lands shall report to the chairs of the appropriate standing committees of the legislature every year on progress under this section, including the identification, if deemed appropriate by the commissioner, of any needed statutory changes, policy issues, or funding needs.

NEW SECTION. Sec. 3. The commissioner of public lands shall develop a statewide plan for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington by December 30, 2004. In developing the statewide plan, the commissioner shall work with and consult the work group created in section 4 of this act.
NEW SECTION. Sec. 4. (1) A work group is created to study opportunities to improve the forest health issues enumerated in section 1 of this act that are facing forest land in Washington and to help the commissioner of public lands develop a strategic plan under section 3 of this act. The work group may, if deemed necessary, identify and focus on regions of the state where forest health issues enumerated in section 1 of this act are the most critical.

(2)(a) The work group is comprised of individuals selected on the basis of their knowledge of forests, forest ecology, or forest health issues and, if determined by the commissioner of public lands to be necessary, should represent a mix of individuals with knowledge regarding specific regions of the state. Members of the work group shall be appointed by the commissioner of public lands, unless otherwise specified, and shall include:
   (i) The commissioner of public lands or the commissioner’s designee, who shall serve as chair;
   (ii) A representative of a statewide industrial timber landowner’s group;
   (iii) A landowner representative from the small forest landowner advisory committee established in RCW 76.13.110;
   (iv) A representative of a college within a state university that specializes in forestry or natural resources science;
   (v) A representative of an environmental organization;
   (vi) A representative of a county that has within its borders state-owned forest lands that are known to suffer from the forest health deficiencies enumerated in section 1 of this act;
   (vii) A representative of the Washington state department of fish and wildlife;
   (viii) A forest hydrologist, an entomologist, and a fire ecologist, if available;
   (ix) A representative of the governor appointed by the governor; and
   (x) A representative of a professional forestry organization.

(b) In addition to the membership of the work group outlined in this section, the commissioner of public lands shall also invite the full and equal participation of:
   (i) A representative of a tribal government located in a region of the state where the forest health issues enumerated in section 1 of this act are present; and
   (ii) A representative of both the United States forest service and the United States fish and wildlife service stationed to work primarily in Washington.

(3) The work group shall:
   (a) Determine whether the goals and requirements of chapter 76.06 RCW are being met with regard to the identification, designation, and reduction of significant forest insect and disease threats to public and private forest resources, and whether the provisions of chapter 76.06 RCW are the most effective and appropriate way to address forest health issues;
   (b) Study what incentives could be used to assist landowners with the costs of creating and maintaining forest health;
   (c) Identify opportunities and barriers for improved prevention of losses of public and private resources to forest insects, diseases, wind, and fire;
   (d) Assist the commissioner in developing a strategic plan under section 3 of this act for increasing forest resistance and resilience to forest insects, disease, wind, and fire in Washington;
   (e) Develop funding alternatives for consideration by the legislature;
   (f) Explore possible opportunities for the state to enter into cooperative agreements with the federal government, or other avenues for the state to provide input on the management of federally owned land in Washington;
   (g) Develop recommendations for the proper treatment of infested and fire and wind damaged forests on public and private lands within the context of working with interdisciplinary teams under the forest practices act to ensure that forest health is achieved with the protection of fish, wildlife, and other public resources;
   (h) Analyze the state noxious weed control statutes and procedures (chapter 17.10 RCW) and the extreme hazard regulations adopted under the forest protection laws, to determine if the policies and procedures of these laws are applicable, or could serve as a model to support improved forest health; and
   (i) Recommend whether the work group should be extended beyond the time that the required report has been submitted.

(4) The work group shall submit to the department of natural resources and the appropriate standing committees of the legislature, no later than December 30, 2004, its findings and recommendations for legislation that is necessary to implement the findings.

(5) The department of natural resources shall provide technical and staff support from existing staff for the work group created by this section.

(6) This section expires June 30, 2005.

NEW SECTION. Sec. 5. A new section is added to chapter 79.15 RCW to read as follows:

(1) The legislature intends to ensure, to the extent feasible given all applicable trust responsibilities, that trust beneficiaries receive long-term income from timber lands through improved forest conditions and by reducing the threat of forest fire to state trust forest lands.
(2) In order to implement the intent of subsection (1) of this section, the department may initiate contract harvesting timber sales, or other silvicultural treatments when appropriate, in specific areas of state trust forest land where the department has identified forest health deficiencies as enumerated in section 1 of this act. All harvesting or silvicultural treatments applied under this section must be tailored to improve the health of the specific stand, must be consistent with any applicable state forest plans and other management agreements, and must comply with all applicable state and federal laws and regulations regarding the harvest of timber by the department of natural resources.

(3) In utilizing contract harvesting to address forest health issues as outlined in this section, the department shall give priority to silvicultural treatments that assist the department in meeting forest health strategies included in any management or landscape plans that exist for state forests.

Sec. 6. RCW 79.15.510 and 2003 c 313 s 3 are each amended to read as follows:
(1) The department may establish a contract harvesting program ([(by)]) for directly contracting for the removal of timber and other valuable materials from state lands and for conducting silvicultural treatments consistent with section 5 of this act.
(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.
(3) The department may not use contract harvesting for more than ten percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under section 5 of this act may not be included in calculating the ten percent annual limit of contract harvesting sales.

Sec. 7. RCW 79.15.520 and 2003 c 313 s 4 are each amended to read as follows:
(1) The contract harvesting revolving account is created in the custody of the state treasurer. All receipts from the gross proceeds of the sale of logs from a contract harvesting sale must be deposited into the account. Expenditures from the account may be used only for the payment of harvesting costs incurred on contract harvesting sales and for payment of costs incurred from silvicultural treatments necessary to improve forest health conducted under section 5 of this act. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The board of natural resources has oversight of the account, and the commissioner must periodically report to the board of natural resources as to the status of the account, its disbursement, and receipts. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.
(2) When the logs from a contract harvesting sale are sold, the gross proceeds must be deposited into the contract harvesting revolving account. Moneys equal to the harvesting costs must be retained in the account and be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the logs must be distributed in accordance with RCW ((43.85.130)) 43.30.325(1)(b). The final receipt of gross proceeds on a contract harvesting sale must be retained in the contract harvesting revolving account until all required costs for that sale have been paid. The contract harvesting revolving account is an interest-bearing account and the interest must be credited to the account. The account balance may not exceed one million dollars at the end of each fiscal year. Moneys in excess of one million dollars must be disbursed according to RCW ((76.12.030, 76.12.040, 79.22.040, 79.22.050, and 79.64.040). If the department permanently discontinues the use of contract harvesting sales, any sums remaining in the contract harvesting revolving account must be returned to the resource management cost account and the forest development account in proportion to each account's contribution to the initial balance of the contract harvesting revolving account.

Sec. 8. RCW 79.15.500 and 2003 c 313 s 2 are each amended to read as follows:
The definitions in this section apply throughout ([(this chapter)]) RCW 79.15.500 through 79.15.530 and section 5 of this act unless the context clearly requires otherwise.
(1) "Commissioner" means the commissioner of public lands.
(2) "Contract harvesting" means a timber operation occurring on state forest lands, in which the department contracts with a firm or individual to perform all the necessary harvesting work to process trees into logs sorted by department specifications. The department then sells the individual log sorts.
(3) "Department" means the department of natural resources.
(4) "Harvesting costs" are those expenses related to the production of log sorts from a stand of timber. These expenses typically involve road building, labor for felling, bucking, and yarding, as well as the transporting of sorted logs to the forest product purchasers.
(5) "Net proceeds" means gross proceeds from a contract harvesting sale less harvesting costs.
(6) "Silvicultural treatment" means any vegetative or other treatment applied to a managed forest to improve the conditions of the stand, and may include harvesting, thinning, prescribed burning, and pruning.

Sec. 9. 2003 c 313 s 13 (uncodified) is amended to read as follows:
By December 31, 2006, the department of natural resources must provide a report to the appropriate committees of the legislature ([(concerning)]) that provides:
(1) An accounting of the costs and effectiveness of the contract harvesting program; and
A summary of sales carried out under the contract harvesting program primarily for silvicultural treatments that are permitted under section 5 of this act. (The report must be submitted by December 31, 2006.)

NEW SECTION. Sec. 10. Sections 5 through 8 of this act are intended to provide interim tools to the department of natural resources to address forest health issues on state land prior to the completion of the assignment given to the work group in section 4 of this act. As such, sections 5 through 8 of this act expire December 31, 2007.

SENATE AMENDMENTS TO HOUSE BILL

March 10, 2004

Mr. Speaker:

The Senate receded from the amendments by Committee on Land Use & Planning to SUBSTITUTE HOUSE BILL NO. 2452. Under suspension of the rules Substitute House Bill No. 2452, was returned to second reading for purpose of amendment. The Senate adopted the following amendments, and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 58.17.040 and 2002 c 44 s 1 are each amended to read as follows: The provisions of this chapter shall not apply to:
(1) Cemeteries and other burial plots while used for that purpose;
(2) Divisions of land into lots or tracts each of which is one-one hundred twenty-eighth of a section of land or larger, or five acres or larger if the land is not capable of description as a fraction of a section of land,
unless the governing authority of the city, town, or county in which the land is situated shall have adopted a subdivision ordinance requiring plat approval of such divisions: PROVIDED, That for purposes of computing the size of any lot under this item which borders on a street or road, the lot size shall be expanded to include that area which would be bounded by the center line of the road or street and the side lot lines of the lot running perpendicular to such center line;

(3) Divisions made by testamentary provisions, or the laws of descent;

(4) Divisions of land into lots or tracts classified for industrial or commercial use when the city, town, or county has approved a binding site plan for the use of the land in accordance with local regulations;

(5) A division for the purpose of lease when no residential structure other than mobile homes or travel trailers are permitted to be placed upon the land when the city, town, or county has approved a binding site plan for the use of the land in accordance with local regulations;

(6) A division made for the purpose of alteration by adjusting boundary lines, between platted or unplatted lots or both, which does not create any additional lot, tract, parcel, site, or division nor create any lot, tract, parcel, site, or division which contains insufficient area and dimension to meet minimum requirements for width and area for a building site;

(7) Divisions of land into lots or tracts if: (a) Such division is the result of subjecting a portion of a parcel or tract of land to either chapter 64.32 or 64.34 RCW subsequent to the recording of a binding site plan for all such land; (b) the improvements constructed or to be constructed thereon are required by the provisions of the binding site plan to be included in one or more condominiums or owned by an association or other legal entity in which the owners of units therein or their owners’ associations have a membership or other legal or beneficial interest; (c) a city, town, or county has approved the binding site plan for all such land; (d) such approved binding site plan is recorded in the county or counties in which such land is located; and (e) the binding site plan contains thereon the following statement: "All development and use of the land described herein shall be in accordance with this binding site plan, as it may be amended with the approval of the city, town, or county having jurisdiction over the development of such land, and in accordance with such other governmental permits, approvals, regulations, requirements, and restrictions that may be imposed upon such land and the development and use thereof. Upon completion, the improvements on the land shall be included in one or more condominiums or owned by an association or other legal entity in which the owners of units therein or their owners’ associations have a membership or other legal or beneficial interest. This binding site plan shall be binding upon all now or hereafter having any interest in the land described herein." The binding site plan may, but need not, depict or describe the boundaries of the lots or tracts resulting from subjecting a portion of the land to either chapter 64.32 or 64.34 RCW. A site plan shall be deemed to have been approved if the site plan was approved by a city, town, or county: (i) In connection with the final approval of a subdivision plat or planned unit development with respect to all of such land; or (ii) in connection with the issuance of building permits or final certificates of occupancy with respect to all of such land; or (iii) if not approved pursuant to (i) and (ii) of this subsection (7)(e), then pursuant to such other procedures as such city, town, or county may have established for the approval of a binding site plan; ((and))

(8) A division for the purpose of leasing land for facilities providing personal wireless services while used for that purpose. "Personal wireless services" means any federally licensed personal wireless service. "Facilities" means unstaffed facilities that are used for the transmission or reception, or both, of wireless communication services including, but not necessarily limited to, antenna arrays, transmission cables, equipment shelters, and support structures; and

(9) A division of land into lots or tracts of less than three acres that is recorded in accordance with chapter 58.09 RCW and is used or to be used for the purpose of establishing a site for construction and operation of consumer-owned or investor-owned electric utility facilities. For purposes of this subsection, "electric utility facilities" means unstaffed facilities, except for the presence of security personnel, that are used for or in connection with or to facilitate the transmission, distribution, sale, or furnishing of electricity including, but not limited to, electric power substations. This subsection does not exempt a division of land from the zoning and permitting laws and regulations of cities, towns, counties, and municipal corporations. Furthermore, this subsection only applies to electric utility facilities that will be placed into service to meet the electrical needs of a utility’s existing and new customers. New customers are defined as electric service locations not already in existence as of the date that electric utility facilities subject to the provisions of this subsection are planned and constructed."

On page 1, line 2 of the title, after "facilities;" strike the remainder of the title and insert "and amending RCW 58.17.040."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

March 10, 2004

Mr. Speaker:

The Senate receded from the amendment by Senator Haugen to SUBSTITUTE HOUSE BILL NO. 2660. Under suspension of the rules Substitute House Bill No. 2660 was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 10.05.140 and 2003 c 220 s 2 are each amended to read as follows:

As a condition of granting a deferred prosecution petition, the court shall order that the petitioner shall not operate a motor vehicle upon the public highways without a valid operator’s license and proof of liability insurance. The amount of liability insurance shall be established by the court at not less than that established by RCW 46.29.490. As a condition of granting a deferred prosecution petition on any alcohol-dependency based case, the court shall also order the installation of an ignition interlock (or other device) under RCW 46.20.720 ((for a petitioner who has been convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance or a petitioner who has been charged with such an offense and had a first alcohol concentration of at least 0.15, or by reason of the person’s refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person’s alcohol concentration. For any other petitioner, the court may order the installation of an interlock device under RCW 46.20.720(1) as a condition of granting a deferred prosecution petition)). The required periods of use of the interlock shall be not less than the periods provided for in RCW 46.20.720(2) (a), (b), and (c). As a condition of granting a deferred prosecution petition, the court may order the petitioner to make restitution and to pay costs as defined in RCW 10.01.160. To help ensure continued sobriety and reduce the likelihood of reoffense, the court may order reasonable conditions during the period of the deferred prosecution including, but not limited to, attendance at self-help recovery support groups for alcoholism or drugs, complete abstinence from alcohol and all nonprescribed mind-altering drugs, periodic urinalysis or breath analysis, and maintaining law-abiding behavior. The court may terminate the deferred prosecution program upon violation of the deferred prosecution order."
Sec. 2. RCW 46.20.308 and 2004 c. . . (Substitute House Bill No. 3055) s 2 are each amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person’s breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor’s office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506.

The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver’s license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver will not be eligible for an occupational permit; and

(c) If the driver refuses to take the test, the driver’s refusal to take the test may be used in a criminal trial; and

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person’s blood or breath is administered and the test results indicate that the alcohol concentration of the person’s breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver’s breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person’s blood or breath is administered and the test results indicate that the alcohol concentration of the person’s breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more, or if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person’s blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person’s license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person’s Washington state driver’s license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person’s license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and
(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person’s breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person’s license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required one hundred dollar fee if the person is an indigent as defined in RCW 10.101.010.

Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person’s license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person’s breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final
order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner’s grounds for requesting review. Upon granting petitioner’s request for review, the court shall review the department’s final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk’s office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department’s action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10) If a person whose driver’s license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breach or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, or denial for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breach or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident’s privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person’s residence and of any state in which he or she has a license.

Sec. 3. RCW 46.20.311 and 2003 c 366 s 2 are each amended to read as follows:

(1) (a) The department shall not suspend a driver’s license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned (and/or) operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person’s license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.
(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(((bb)))(ii) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person’s eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned (and/or) or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person’s license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver’s license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver’s blood alcohol content, the reissue fee shall be one hundred fifty dollars.

Sec. 4. RCW 46.20.3101 and 1998 c 213 s 2, 1998 c 209 s 2, and 1998 c 207 s 8 are each reenacted and amended to read as follows:

(Revocation imposed under this subsection (1)(b) shall run consecutively to the period of any suspension, revocation, or denial imposed pursuant to a criminal conviction arising out of the same incident.)

(b) For a second or subsequent incident within seven years, revocation or denial for two years.
(3) In the case of an incident where a person under age twenty-one has submitted to or been administered a test or tests indicating that the alcohol concentration of the person’s breath or blood was in violation of RCW 46.61.502, 46.61.503, or 46.61.504:

(a) For a first incident within seven years, suspension or denial for ninety days;

(b) For a second or subsequent incident within seven years, revocation or denial for one year or until the person reaches age twenty-one, whichever is longer.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver’s license, the period of suspension or revocation shall not be extended.

Sec. 6. RCW 46.20.380 and 1985 ex.s. c 1 s 6 are each amended to read as follows:

No person may file an application for an occupational or a temporary restricted driver’s license as provided in RCW 46.20.391 unless he or she first pays to the director or other person authorized to accept applications and fees for driver’s licenses a fee of $(twenty-five) one hundred dollars. The applicant shall receive upon payment an official receipt for the payment of such fee. All such fees shall be forwarded to the director who shall transmit such fees to the state treasurer in the same manner as other driver’s license fees.

Sec. 7. RCW 46.20.391 and 1999 c 274 s 4 and 1999 c 272 s 1 are each reenacted and amended to read as follows:

(1)(a) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver’s license is mandatory, other than vehicular homicide or vehicular assault, or who has had his or her license suspended, revoked, or denied under RCW 46.20.3101 (2)(a) or (3)(a)), may submit to the department an application for (an occupational) a temporary restricted driver’s license. No person may petition for, and the department shall not issue, (an occupational) a temporary restricted driver’s license that is effective during the first thirty days of any suspension or revocation imposed (either) for a violation of RCW 46.61.502 or 46.61.504 or (under RCW 46.20.3101 (2)(a) or (3)(a), or for both a violation of RCW 46.61.502 or 46.61.504 and under RCW 46.20.3101 (2)(a) or (3(3)(a)) where the action arises from the same incident. A person aggrieved by the decision of the department on the application for an occupational driver’s license may request a hearing as provided by rule of the department for a suspension, revocation, or denial imposed under RCW 46.20.3101, during the required minimum portion of the periods of suspension, revocation, or denial established under (c) of this subsection.

(b) An applicant under this subsection whose driver’s license is suspended or revoked for an alcohol-related offense shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on a vehicle owned or operated by the person.

(c) The department shall provide by rule the minimum portions of the periods of suspension, revocation, or denial set forth in RCW 46.20.3101 after which a person may apply for a temporary restricted driver’s license

(d) Upon receipt of evidence that a holder of an occupational driver’s license granted under this subsection is no longer enrolled in an apprenticeship or on the job training program, the director shall give written notice by first class mail to the driver that the occupational driver’s license shall be canceled. The effective date of cancellation shall be fifteen days from the date of mailing the notice. If at any time before the cancellation goes into effect the driver submits evidence of continued enrollment in the program, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new occupational driver’s license upon submittal of evidence of enrollment in another program that meets the criteria set forth in this subsection.

(e) The department shall not issue an occupational driver’s license under (a)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant’s participation in the programs referenced under (a)(iv) of this subsection.)

The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.

Sec. 8. RCW 46.20.394 and 1999 c 272 s 2 are each amended to read as follows:

These restrictions shall be prepared in written form by the department, which document shall be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the occupational or temporary restricted driver’s license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor.

Sec. 9. RCW 46.20.400 and 1967 c 32 s 33 are each amended to read as follows:
If an occupational or a temporary restricted driver’s license is issued and is not revoked during the period for which issued the licensee may obtain a new driver’s license at the end of such period, but no new driver’s (((permit shall))) license may be issued to such person until he or she surrenders his or her occupational or temporary restricted driver’s license and his or her copy of the order, and the director is satisfied that (((he))) the person complies with all other provisions of law relative to the issuance of a driver’s license.

Sec. 10. RCW 46.20.410 and 1967 c 32 s 34 are each amended to read as follows:
Any person convicted for violation of any restriction of an occupational or a temporary restricted driver’s license shall be subject to the immediate revocation of such license and any other penalties provided by any other law if the court deems that such license would be involved in a similar violation of the terms of the original license.

Sec. 11. RCW 46.20.720 and 2003 c 366 s 1 are each amended to read as follows:
(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock (or other biological or technical device). The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.
   (2)(i) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock (or other biological or technical) device if the person is convicted of (i) an alcohol-related violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance (and it is:
   (i) The person’s first conviction or a deferred prosecution under chapter 10.05 RCW and his or her alcohol concentration was at least 0.15, or by reason of the person’s refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person’s alcohol concentration;
   (ii) The person’s second or subsequent conviction; or
   (iii) The person’s first conviction and the person has a previous deferred prosecution under chapter 10.05 RCW or it is a deferred prosecution under chapter 10.05 RCW and the person has a previous conviction).

   (ii) The department shall not issue an occupational driver’s license under (b)(iv) of this subsection if the applicant is able to receive transit services sufficient to allow for the applicant’s participation in the programs referenced under (b)(iv) of this subsection.

   (3) A person aggrieved by the decision of the department on the application for an occupational or temporary restricted driver’s license may request a hearing as provided by rule of the department.

   (4) The director shall cancel an occupational or temporary restricted driver’s license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of a separate offense that under chapter 46.20 RCW would warrant suspension or revocation of a regular driver’s license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title.
The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area. Nothing in this section may be interpreted as entitling a person to more than one deferred prosecution.

(3) In the case of a person under subsection (1) of this section, the court shall establish a specific calibration setting at which the ignition interlock or other biological or technical device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. In the case of a person under subsection (2) of this section, the device is not necessary on vehicles owned by a person’s employer and driven as a requirement of employment during working hours.

The ignition interlock (or other biological or technical) device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. The period of time of the restriction will be as follows:

(a) For a person (i) who is subject to RCW 46.61.5055 (1)(b), (2), or (3), or who is subject to a deferred prosecution program under chapter 10.05 RCW, and (ii) who has not previously been restricted under this section, a period of one year;
(b) For a person who has previously been restricted under (a) of this subsection, a period of five years;
(c) For a person who has previously been restricted under (b) of this subsection, a period of ten years.

(For purposes of this section, “convicted” means being found guilty of an offense or being placed on a deferred prosecution program under chapter 10.05 RCW.)

Sec. 12. RCW 46.20.740 and 2001 c 55 s 1 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720 stating that the person may operate only a motor vehicle equipped with (a) a functioning ignition interlock (or other biological or technical) device. The department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person’s license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped.

Sec. 13. RCW 46.61.5055 and 2003 c 103 s 1 are each amended to read as follows:

Representative Conway moved the adoption of amendment (1210):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.08.177 and 1986 c 9 s 3 are each amended to read as follows:

"Successor" means any person to whom a taxpayer quitting, selling out, exchanging, or disposing of a business sells or otherwise conveys, directly or indirectly, in bulk and not in the ordinary course of the taxpayer's business, a major part of the materials, supplies, merchandise, inventory, fixtures, or equipment property, whether real or personal, tangible or intangible, of the taxpayer.

Sec. 2. RCW 51.12.070 and 1981 c 128 s 4 are each amended to read as follows:

The provisions of this title (shall) apply to all work done by contract; the person, firm, or corporation who lets a contract for such work (shall) is responsible primarily and directly for all premiums upon the work. The contractor and any subcontractor (shall) are subject to the provisions of this title and the person, firm, or corporation letting the contract (shall) is entitled to collect from the contractor the full amount payable in premiums and the contractor in turn (shall) is entitled to collect from the subcontractor his or her proportionate amount of the payment.

For the purposes of this section, a contractor registered under chapter 18.27 RCW or licensed under chapter 19.28 RCW (shall) is not responsible for any premiums upon the work of any subcontractor if:

(1) The subcontractor is currently engaging in a business which is registered under chapter 18.27 RCW or licensed under chapter 19.28 RCW;

(2) The subcontractor has a principal place of business which would be eligible for a business deduction for internal revenue service tax purposes other than that furnished by the contractor for which the business has contracted to furnish services;

(3) The subcontractor maintains a separate set of books or records that reflect all items of income and expenses of the business; (and)

(4) The subcontractor has contracted to perform:
(a) The work of a contractor as defined in RCW 18.27.010; or
(b) The work of installing wires or equipment to convey electric current or installing apparatus to be operated by such current as it pertains to the electrical industry as described in chapter 19.28 RCW; and

(5) The subcontractor has an industrial insurance account in good standing with the department or is a self-insurer. For the purposes of this subsection, a contractor may consider a subcontractor's account to be in good standing if, within a year prior to letting the contract or master service agreement, and at least once a year.
thereafter, the contractor has verified with the department that the account is in good standing and the contractor has not received written notice from the department that the subcontractor’s account status has changed. Acceptable documentation of verification includes a department document which includes an issued date or a dated printout of information from the department’s internet web site showing a subcontractor’s good standing. The department shall develop an approach to provide contractors with verification of the date of inquiries validating that the subcontractor’s account is in good standing.

NEW SECTION. Sec. 3. A new section is added to chapter 51.48 RCW to read as follows:

(1) Upon termination, dissolution, or abandonment of a corporate or limited liability company business, any officer, member, manager, or other person having control or supervision of payment and/or reporting of industrial insurance, or who is charged with the responsibility for the filing of returns, is personally liable for any unpaid premiums and interest and penalties on those premiums if such officer or other person willfully fails to pay or to cause to be paid any premiums due the department under chapter 51.16 RCW.

For purposes of this subsection “willfully fails to pay or to cause to be paid” means that the failure was the result of an intentional, conscious, and voluntary course of action.

(2) The officer, member, manager, or other person is liable only for premiums that became due during the period he or she had the control, supervision, responsibility, or duty to act for the corporation described in subsection (1) of this section, plus interest and penalties on those premiums.

(3) The officer, member, manager, or other person is not liable if that person has qualified as a self-insurer.

NEW SECTION. Sec. 4. A new section is added to chapter 51.16 RCW to read as follows:

The department shall, working with business associations and other employer and employee groups when practical, publish information and provide training to promote understanding of the premium liability that may be incurred under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 51.48 RCW to read as follows:

The department shall, working with business associations and other employer and employee groups when practical, publish information and provide training to promote understanding of the premium liability that may be incurred under this chapter.

Sec. 6. RCW 51.36.110 and 1994 c 154 s 312 are each amended to read as follows:

The director of the department of labor and industries or the director’s authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director’s authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.52.050, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director’s authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW;

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and
(4) Pursue collection of unpaid overpayments and/or penalties plus interest accrued from health care providers pursuant to RCW 51.32.240(6).

Sec. 7. RCW 51.32.240 and 2001 c 146 s 10 are each amended to read as follows:

(1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by “willful misrepresentation”, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim thereof has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. “Adjudicator error” includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient “willful misrepresentation”, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. “Adjudicator error” includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(5)(a) Whenever any payment of benefits under this title has been induced by “willful misrepresentation” the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the “willful misrepresentation” was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled.

Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), “willful” means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which
either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director’s designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director’s designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by certified mail accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff’s deputy, or by any authorized representative of the director, director’s designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director’s authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director’s designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer.

Sec. 8. RCW 51.52.050 and 1987 c 151 s 1 are each amended to read as follows:

Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, which shall be addressed to such person at his or her last known address as shown by the records of the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award shall become final within sixty days from the date the order is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia. PROVIDED, That a department order or decision making demand, whether with or without penalty, for repayment of sums paid to a provider of medical, dental, vocational, or other health services rendered to an industrially injured worker, shall state that such order or decision shall become final within twenty days from the date the order or decision is communicated to the
parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia.

Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the worker, beneficiary, employer, or other person aggrieved thereby may request reconsideration of the department, or may appeal to the board. In an appeal before the board, the appellant shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal: PROVIDED, That in an appeal from an order of the department that alleges (fraud) willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter.

NEW SECTION. Sec. 9. Section 7 of this act applies to willful misrepresentation determinations issued on or after July 1, 2004.

NEW SECTION. Sec. 10. The department shall adopt rules to implement this act."

On page 1, line 2 of the title, after "penalties;" strike the remainder of the title and insert "amending RCW 51.08.177, 51.12.070, 51.36.110, 51.32.240, and 51.52.050; adding new sections to chapter 51.48 RCW; adding a new section to chapter 51.16 RCW; and creating new sections."

Representatives Conway and Condotta spoke in favor of the adoption of the amendment.

The amendment was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Conway and Condotta spoke in favor of passage of the bill.

COLLOQUY

Representative Condotta: "Is it the intent of this legislation to penalize an injured worker who is exploring another type of work activity and for which he or she receives no income or wages?"

Representative Conway: "No. The legislation is not intended to apply to a worker (1) who explores a job for a short period of time to determine whether he or she can do the job, and (2) who is not receiving wages, income of any sort, including anything of value, and (3) who is exploring the job with a business in which the individual, or his or her family, has no financial interest.

Accordingly, an individual who goes to a friend’s business for a short time to learn what a customer service representative does, who observes the work of a customer service representative, and who attempts to perform that work but receives no compensation, income, goods, or services in return for his or her work should not be charged by the Department with the willful misrepresentation of a material fact to obtain payments or other benefits in an amount greater than that to which the individual would otherwise be entitled."

SENATE AMENDMENTS TO HOUSE BILL

March 10, 2004

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1777, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the voters of the state expressed their support for home-based long-term care services through their approval of Initiative Measure No. 775 in 2001. With passage of the initiative, the state has been directed to increase the quality of state-funded long-term care services provided to elderly and disabled persons in their own homes through recruitment and training of in-home individual providers, referral of qualified individual providers to seniors and persons with disabilities seeking a provider, and stabilization of the individual provider work force. The legislature further finds that the quality of care our elders and people with disabilities receive is highly dependent upon the quality and stability of the individual provider work force, and that the demand for the services of these providers will increase as our population ages.

(2) The legislature intends to stabilize the state-funded individual provider work force by providing funding to implement the collective bargaining agreement between the home care quality authority and the exclusive bargaining representative of individual providers. The agreement reflects the value and importance of"
the work done by individual providers to support the needs of elders and people with disabilities in Washington state.

NEW SECTION. Sec. 2. The sum of one hundred forty-five thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund--state for the fiscal year ending June 30, 2005, and the sum of one hundred forty-five thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund--federal for the biennium ending June 30, 2005, to the children and family services program of the department of social and health services. The appropriations in this section shall be used solely to implement the compensation-related provisions of the collective bargaining agreement between the home care quality authority and the exclusive bargaining representative of the individual providers of home care services. The appropriations in this section shall be reduced by any amounts appropriated by the 2004 legislature for this purpose in separate legislation enacted prior to June 30, 2004.

NEW SECTION. Sec. 3. **SENATE AMENDMENTS TO HOUSE BILL**

March 10, 2004

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2400, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. (1) The legislature finds that sex offenses against children are among the most heinous of crimes and that the legislature has a paramount duty to protect children from victimization by sex offenders. Sentencing policy in Washington state should ensure that punishment of sex offenders is pursued to the extent that such punishment does not jeopardize the safety of children or hinder the successful prosecution of sex offenses against children.

The legislature finds that offenders with the most serious sex offenses against children including, but not limited to, rape in the first and second degree, rape of a child in the first and second degree, child molestation in the first degree, indecent liberties with forcible compulsion, and kidnapping in the first or second degree with a sexual motivation should be subject to life sentences. The legislature finds that since September of 2001, these and other most serious sex offenses have been subject to life sentences under a determinate-plus sentencing structure. Those offenders who are more likely than not to reoffend are kept in prison and those who present a low risk to reoffend are released under supervision for the remainder of their life and may be reincarcerated for serious violations that do not constitute a new sex offense. The legislature further finds that persons subject to determinate-plus sentencing who receive a special sex offender sentencing alternative sentence that is subsequently revoked are subject to life sentences as if they had not received a sentencing alternative. The legislature also finds that these offenders’ failure in treatment is likely to make it harder for them to receive a release from prison to lifetime community custody. The legislature intends to reiterate its commitment to life
sentences for these offenders by reenacting the law on seriousness levels of offenses and determinate-plus sentencing that sets the minimum sentence levels for these offenders.

(2) The legislature also finds that the special sex offender sentencing alternative was enacted in 1984 to protect victims of sexual assault. A 1991 evaluation of the effectiveness of the sentencing alternative concluded that it accurately selected sex offenders who, with supervision and treatment, reoffend at lower rates and that the use of the sentencing alternative does not increase risk to the community. Today, strong support for the special sex offender sentencing alternative continues among advocates for children who are victims of sexual assault and prosecutors who prosecute sex offenses against children.

(3) The legislature further finds that several weaknesses in the structure and administration of the special sex offender sentencing alternative have been identified and should be addressed. In addition, a comprehensive analysis and evaluation of the special sex offender sentencing alternative is needed to ensure that efforts to reform the sentencing alternative do not result in jeopardizing the safety of children or hindering the successful prosecution of sex offenses against children.

(4) The legislature intends to protect children from victimization by sex offenders by taking immediate action to make changes in the special sex offender sentencing alternative to address perceived weaknesses in the program, and thoroughly evaluating its effectiveness to determine whether additional changes are needed to further increase the protection of children from victimization by sex offenders.

Sec. 3. RCW 9.94A.712 and 2001 2nd sp. s. c 12 s 303 are each reenacted to read as follows:
(1) An offender who is not a persistent offender shall be sentenced under this section if the offender:
(a) Is convicted of:
(i) Rape in the first degree, rape in the second degree, rape of a child in the first degree, child molestation in the first degree, rape of a child in the second degree, or indecent liberties by forcible compulsion;
(ii) Any of the following offenses with a finding of sexual motivation: Murder in the first degree, murder in the second degree, homicide by abuse, kidnapping in the first degree, kidnapping in the second degree, assault in the first degree, assault in the second degree, assault of a child in the first degree, or burglary in the first degree; or
(iii) An attempt to commit any crime listed in this subsection (1)(a);
(b) Has a prior conviction for an offense listed in RCW 9.94A.030(32)(b), and is convicted of any sex offense which was committed after September 1, 2001.
For purposes of this subsection (1)(b), failure to register is not a sex offense.
(2) An offender convicted of rape of a child in the first or second degree or child molestation in the first degree who was seventeen years of age or younger at the time of the offense shall not be sentenced under this section.
(3) Upon a finding that the offender is subject to sentencing under this section, the court shall impose a sentence to a maximum term consisting of the statutory maximum sentence for the offense and a minimum term either within the standard sentence range for the offense, or outside the standard sentence range pursuant to RCW 9.94A.535, if the offender is otherwise eligible for such a sentence.
A person sentenced under subsection (3) of this section shall serve the sentence in a facility or institution operated, or utilized under contract, by the state.

(5) When a court sentences a person to the custody of the department under this section, the court shall, in addition to the other terms of the sentence, sentence the offender to community custody under the supervision of the department and the authority of the board for any period of time the person is released from total confinement before the expiration of the maximum sentence.

(6)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender’s risk of reoffending, or the safety of the community, and the department and the board shall enforce such conditions pursuant to RCW 9.94A.713, 9.95.425, and 9.95.430.

(b) As part of any sentence under this section, the court shall also require the offender to comply with any conditions imposed by the board under RCW 9.94A.713 and 9.95.420 through 9.95.435.

Sec. 4. RCW 9.94A.670 and 2002 c 175 s 11 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.

(b) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.

(c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. “Victim” also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative if:

(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense;

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; ((and))

(c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;

(d) The offense did not result in substantial bodily harm to the victim;

(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and

(f) The offender’s standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender’s version of the facts and the official version of the facts;

(ii) The offender’s offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender’s social and employment situation; and

(v) Other evaluation measures used.

(b) The examiner shall assess and report regarding the offender’s amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions and affirmative conditions, which must include, to the extent known, an identification of specific activities or behaviors that are precursors to the offender’s offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender’s amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.
(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim’s opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim’s opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim’s opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(a) The court shall order the offender to serve a term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(2). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.

(b) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.

((b))) (c) The court shall order treatment for any period up to ((three)) five years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The court shall order the offender to serve a term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.

(d) As conditions of the suspended sentence, the court shall impose specific prohibitions and affirmative conditions relating to the known precursor activities or behaviors identified in the proposed treatment plan under subsection (3)(b)(v) of this section or identified in an annual review under subsection (7)(b) of this section.

(5) As conditions of the suspended sentence, the court may impose one or more of the following:

(a) Up to six months of confinement, not to exceed the sentence range of confinement for that offense;

(b) Crime-related prohibitions;

(c) Require the offender to remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender’s address or employment;

(d) Require the offender to report as directed to the court and a community corrections officer;

(e) Require the offender to pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;

(f) Require the offender to perform community restitution work; or

(g) Require the offender to reimburse the victim for the cost of any counseling required as a result of the offender’s crime.

(6) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(7)(a) The sex offender treatment provider shall submit quarterly reports on the offender’s progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender’s compliance with requirements, treatment activities, the offender’s relative progress in treatment, and any other material specified by the court at sentencing.

(b) The court shall conduct a hearing on the offender’s progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment. At the hearing, the court may modify conditions of community custody including, but not limited to, crime-related prohibitions and affirmative conditions relating to activities and behaviors identified as part of, or relating to precursor activities and behaviors in, the offender’s offense cycle or revoke the suspended sentence.

(8) At least fourteen days prior to the treatment termination hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender’s supervision and treatment. Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender’s compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. (Either party may request, and the court may order, another evaluation
regarding the advisability of termination from treatment. The offender shall pay the cost of any additional evaluation ordered unless the court finds the offender to be indigent in which case the state shall pay the cost.)

The court may order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (4) of this section unless the court has entered written findings that such evaluation is in the best interest of the victim and that a successful evaluation of the offender would otherwise be impractical. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in two-year increments for up to the remaining period of community custody.

(b) If a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (4)(d) or (7)(b) of this section occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (6) and (8) of this section.

(10) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(11) The offender’s sex offender treatment provider may not be the same person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender’s home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

(12) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

Sec. 5. RCW 9.92.151 and 1990 c 3 s 201 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under RCW 9.94A.670(4)(a) is not eligible for earned release credits under this section.

Sec. 6. RCW 9.94A.728 and 2003 c 379 s 1 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any
program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(b)(i) In the case of an offender who qualifies under (b)(ii) of this subsection, the aggregate earned release time may not exceed fifty percent of the sentence.

(ii) An offender is qualified to earn up to fifty percent of aggregate earned release time under this subsection (1)(b) if he or she:

(A) Is classified in one of the two lowest risk categories under (b)(iii) of this subsection;
(B) Is not confined pursuant to a sentence for:
(I) A sex offense;
(II) A violent offense;

(V) A violation of RCW 9A.52.025 (residential burglary);
(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery of a controlled substance to a minor); and
(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor).

(iii) For purposes of determining an offender’s eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW 9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery of a controlled substance to a minor); and

(c) In no other case shall the aggregate earned release time exceed one-third of the total sentence;

(b)(a) A person convicted of a sex offense or an offense categorized as a serious violent offense, assault in the second degree, vehicular homicide, vehicular assault, assault of a child in the second degree, any crime against persons where it is determined in accordance with RCW 9.94A.602 that the offender or an accomplice was armed with a deadly weapon at the time of commission, or any felony offense under chapter 69.50 or 69.52 RCW, committed before July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section;

(b) A person convicted of a sex offense, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, may become eligible, in accordance with a program developed by the department, for transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section;
(c) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community placement or community custody terms eligible for release to community custody status in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender’s release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department’s authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody or community placement;

(e) An offender serving a term of confinement imposed under RCW 9.94A.670(4)(a) is not eligible for earned release credits under this section.

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;

(4)(a) The secretary may authorize an extraordinary medical placement for an offender when all of the following conditions exist:
(i) The offender has a medical condition that is serious enough to require costly care or treatment;
(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition; and
(iii) Granting the extraordinary medical placement will result in a cost savings to the state.
(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender’s medical equipment or results in the loss of funding for the offender’s medical care. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(6) No more than the final six months of the sentence may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community;

(7) The governor may pardon any offender;

(8) The department may release an offender from confinement any time within ten days before a release date calculated under this section; and

(9) An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870.

Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.

NEW SECTION. Sec. 7. (1) The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of the impact and effectiveness of current sex offender sentencing policies. The institute shall analyze and evaluate the effectiveness of sex offender policies and programs, including the special sex offender sentencing alternative, the department of corrections’ treatment program for offenders in prison, and the validity of the risk assessment conducted by the end of sentence review committee prior to release from prison. Using detailed information from offender files and court records, and research conducted in Washington state and other states and nations, the analysis shall examine whether changes to sentencing policies and sex offender programming can increase public safety.

(2) Using the research results and other available data, the analysis of the special sex offender sentencing alternative shall specifically evaluate the impact of the sentencing alternative on protection of children from sexual victimization, reporting of sex offenses against children, prosecution of sex offenses against children, and child sex offense recidivism rates.

(3) As part of its study, the institute shall also investigate the views of victims whose cases resulted in a special sex offender sentencing alternative sentence. This study shall include victims whose cases have been prosecuted recently, as well as those whose cases were prosecuted in the past. The victims shall be asked whether they considered the special sex offender sentencing alternative sentence to be a just and appropriate sanction, whether it influenced their healing process, and, if so, whether the influence was negative or positive.
(4) The sentencing guidelines commission shall review the following issues to determine whether modifications in the special sex offender sentencing alternative will increase its effectiveness with respect to protecting children from sexual victimization, successfully prosecuting sex offenses against children, and appropriately punishing perpetrators of sex offenses against children:

(a) Eligibility for the sentencing alternative, including whether the commission of certain types of offenses should render an offender ineligible, whether the disclosure of multiple victims in the course of evaluating an offender should render an offender ineligible, and whether the sentencing alternative should be limited to offenses within families;
(b) Minimum terms of incarceration, including imprisonment at a state facility;
(c) Appropriate conditions or restrictions that should be placed on offenders who receive a sentence alternative; and
(d) Standards for revocation of a sentencing alternative suspended sentence.

(5) The institute and the sentencing guidelines commission shall report their results and recommendations to the appropriate standing committees of the legislature no later than December 31, 2004.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**MISCELLANEOUS**

**NEW SECTION. Sec. 901.** A new section is added to chapter 89.08 RCW to read as follows:

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

**Sec. 902.** 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:

(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

**Sec. 903.** 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2) (a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1 million each that are of a similar nature and can generally be completed within two years of the approval with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management.
management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION  Sec. 905. (1) The department of natural resources shall conduct an inventory on state lands of old growth forest stands as defined by a panel of scientists. The panel of scientists shall include three scientific scholars with well documented expertise in Pacific Northwest forest ecology, one of whom will serve as chair by consensus of the panel, one representative from the department of natural resources, and one representative from the Washington department of fish and wildlife. The panel shall review the best available scientific information and develop a definition for old growth forest stands in Washington state. The inventory shall include maps illustrating the distribution of old growth forest stands on state lands, and tables describing the number of acres of such stands in each county, the department’s administrative unit, and forest type. The maps and tables shall identify both structurally uniform and structurally complex stands. The department of natural resources shall make a report of the inventory to the appropriate committees of the legislature.

(2) For the duration of the study, cutting or removal of the trees and stands 160 years or older is subject to the department publishing notification of proposed cutting or removal of old growth timber.

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a
specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state’s credit rating and the integrity of the state’s debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate share of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle
cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director’s designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:
(a) The state college and universities for research or experimental purposes;
(b) The state liquor control board for liquor stores and warehouses; and
(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility is being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution’s operating budget request once the facility is completed: Washington State University’s agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. 2003 1st sp.s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.
(4) Transfers of funds to an agency’s infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(6) This section does not apply to sections 506 through 508, chapter 26, Laws of 2003 1st sp. sess.

Sec. 909. RCW 70.146.030 and 2003 1st sp. s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

(During the 2001-03 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.)
NEW SECTION. Sec. 911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION. Sec. 912. A new section is added to chapter 39.33 RCW to read as follows:
(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.
(2) This section expires June 30, 2005.

NEW SECTION. Sec. 913. A new section is added to chapter 79.19 RCW to read as follows:
(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.
(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.
(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION. Sec. 914. A new section is added to chapter 39.32 RCW to read as follows:
(1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.
(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the secretary of corrections shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.
(3) The department of corrections shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington.
(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the secretary of corrections shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec. 915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION. Sec. 916. (1) In order to enhance salmon recovery efforts funded in the 2003-05 biennium in eastern Washington, a management board for regional fish recovery is established for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The board shall consist of representatives of local and
regional interests, and the board shall invite state agencies and tribal governments with treaty fishing rights to participate as voting members on the board.

(2) The number of members, qualifications, terms, and responsibilities of the board shall be specified in an interlocal agreement under chapter 39.34 RCW or resolution of a local government.

(3) The board shall, at a minimum, have the following powers and duties:

(a) The board is responsible for the development and the adoption of a salmon and steelhead recovery plan.

(b) The habitat sections of the plan must be consistent with local watershed plans developed under chapter 90.82 RCW, the Northwest power and conservation council’s subbasin plans, and be based on critical pathway methodology under RCW 77.85.060. The board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of other units of local government.

(c) The harvest and hatchery sections of the plan must be consistent with the policies developed jointly by the comanagers, the department, and treaty Indian tribes.

(d) The hydropower sections of the plan must be consistent with policies developed by the federal agencies that operate or market power from the federal Columbia and Snake river power system.

(e) The board has authority to: Hire and fire staff, including an executive director; enter into contracts; accept grants and other moneys; and disburse funds.

(f) The board shall appoint and consult with a technical advisory committee. The board shall invite at least four representatives from state government and the treaty Indian tribes to participate on the technical advisory committee. The board may appoint additional members to the technical advisory committee.

(4) No action may be brought or maintained against any board member, the board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this chapter.

(5) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, nor as affecting or modifying any existing right of a federally recognized Indian tribe as determined under United States v. Washington, 384 F. Supp. 312 (W.D. Wash. 1974), or Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon 1969), and any applicable posttrial orders of those courts.

(6) This section expires June 30, 2005.

NEW SECTION. Sec. 917. Part headings in this act are not any part of the law.

NEW SECTION. Sec. 918. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 919. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for sections 117 and 202 of this act, which take effect April 16, 2004.

On page 1, beginning on line 1 of the title, after "budget;" strike the remainder of the title and insert "making appropriations and authorizing expenditures for capital improvements; amending RCW 43.82.010, 70.146.030, and 28B.50.360; amending 2003 1st sp.s. c 26 ss 101, 104, 105, 107, 110, 116, 159, 173, 169, 250, 234, 313, 312, 317, 309, 340, 367, 369, 354, 394, 398, 406, 408, 501, 604, 615, 743, 786, 788, 805, 782, 816, 821, 130, 134, 151, 135, 162, 267, 273, 304, 310, 315, 333, 356, 366, 379, 399, 397, 389, 390, 412, 426, 606, 628, 633, 659, 678, 695, 702, 784, 786, 798, 801, 787, 601, 603, 629, 650, 672, 685, 697, 708, 799, 902, 905, 907, and 915 (uncodified); adding new sections to 2003 1st sp.s. c 26 (uncodified); adding a new section to chapter 89.08 RCW; adding a new section to chapter 39.33 RCW; adding a new section to chapter 39.32 RCW; creating new sections; providing an effective date; providing expiration dates; and declaring an emergency."

SUBSTITUTE SENATE BILL NO. 6208, By Senate Committee on Government Operations & Elections (originally sponsored by Senators Roach, Kastama and McCaslin)

Regarding temporary water-sewer connections.

Representative Upthegrove moved the adoption of amendment (1213):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 57.08.005 and 2003 c 394 s 5 are each amended to read as follows:
A district shall have the following powers:
(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;
(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;"
(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district’s system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of such any lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly
sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district’s system of sewers to connect their private drain and sewer systems with the district’s system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district’s systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner’s expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer’s services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of
construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district’s sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;
(12) To employ such persons as are needed to carry out the district’s purposes and fix salaries and any bond requirements for those employees;
(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner’s discretion is necessary in carrying out their duties;
(14) To sue and be sued;
(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;
(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;
(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;
(18) To provide for making local improvements and to levy and collect special assessments on property benefited thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;
(19) To establish street lighting systems under RCW 57.08.060;
(20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and
(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage."

SENATE AMENDMENTS TO HOUSE BILL

March 11, 2004

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2518, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.16 RCW to read as follows:
(1) For the purposes of this section:
(a) "Chlor-alkali electrolytic processing business" means a person who is engaged in a business that uses more than ten average megawatts of electricity per month in a chlor-alkali electrolytic process to split the electrochemical bonds of sodium chloride and water to make chlorine and sodium hydroxide. A "chlor-alkali electrolytic processing business" does not include direct service industrial customers or their subsidiaries that contract for the purchase of power from the Bonneville power administration as of the effective date of this section.
(b) "Sodium chlorate electrolytic processing business" means a person who is engaged in a business that uses more than ten average megawatts of electricity per month in a sodium chlorate electrolytic process to split the electrochemical bonds of sodium chloride and water to make sodium chlorate and hydrogen. A "sodium chlorate electrolytic processing business" does not include direct service industrial customers or their subsidiaries that contract for the purchase of power from the Bonneville power administration as of the effective date of this section.
(2) Effective July 1, 2004, the tax levied under this chapter does not apply to sales of electricity made by a light and power business to a chlor-alkali electrolytic processing business or a sodium chlorate electrolytic processing business for the electrolytic process if the contract for sale of electricity to the business contains the following terms:
(a) The electricity to be used in the electrolytic process is separately metered from the electricity used for general operations of the business;
(b) The price charged for the electricity used in the electrolytic process will be reduced by an amount equal to the tax exemption available to the light and power business under this section; and
(c) Disallowance of all or part of the exemption under this section is a breach of contract and the damages to be paid by the chlor-alkali electrolytic processing business or the sodium chlorate electrolytic processing business are the amount of the tax exemption disallowed.
(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the electrolytic process.
(4) In order to claim an exemption under this section, the chlor-alkali electrolytic processing business or the sodium chlorate electrolytic processing business must provide the light and power business with an exemption certificate in a form and manner prescribed by the department.
(5)(a) This section does not apply to sales of electricity made after December 31, 2010.
(b) This section expires June 30, 2011.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:
(1) For the purposes of this section, "electrolytic processing business tax exemption" means the exemption and preferential tax rate under section 1 of this act."
(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the electrolytic processing business tax exemption are:
(a) To retain family wage jobs by enabling electrolytic processing businesses to maintain production of chlor-alkali and sodium chlorate at a level that will preserve at least seventy-five percent of the jobs that were on the payroll effective January 1, 2004; and
(b) To allow the electrolytic processing industries to continue production in this state through 2011 so that the industries will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occur.

(4)(a) A person who receives the benefit of an electrolytic processing business tax exemption shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax exemption is claimed or used. The report shall not include names of employees. The report shall detail employment by the total number of full-time, part-time, and temporary positions. The report shall indicate the quantity of product produced at the plant during the time period covered by the report. The first report filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax exemption. Employment reports shall include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department shall declare the amount of taxes exempted for that year to be immediately due and payable. Public utility taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By December 1, 2007, and by December 1, 2010, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the tax incentive under section 1 of this act. The report shall measure the effect of the incentive on job retention for Washington residents, and other factors as the committees select. The report shall also discuss expected trends or changes to electricity prices as they affect the industries that benefit from the incentives."

and the same is herewith transmitted.

Milt H. Doumit, Secretary

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and
(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2003-04 and 2004-05 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 9.68 percent in the 2003-04 school year and (9.68) 9.69 percent in the 2004-05 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 12.25 percent in the 2003-04 school year and 12.25 percent in the 2004-05 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $8,785 per certificated staff unit in the 2003-04 school year and a maximum of ((8,785) ($8,855) per certificated staff unit in the 2004-05 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of $21,573 per certificated staff unit in the 2003-04 school year and a maximum of ((21,983)) $21,746 per certificated staff unit in the 2004-05 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of $16,739 per certificated staff unit in the 2003-04 school year and a maximum of ((17,057)) $16,873 per certificated staff unit in the 2004-05 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $531.09 for the 2003-04 and 2004-05 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, substitute classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district’s financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of ((6,392,000)) $6,385,000 outside the basic education formula during fiscal years 2004 and 2005 as follows:

(c) A maximum of ((333,000)) $351,000 may be expended for school district emergencies; and

(d) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 3.4 percent from the 2002-03 school year to the 2003-04 school year and 2.5 percent from the 2003-04 school year to the 2004-05 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:
(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and
(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

(12) ($159,000) $401,000 of the general fund--state appropriation for fiscal year 2004 and $1,181,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for the implementation of Second Engrossed Substitute Senate Bill No. 5012 or Second Substitute House Bill No. 2295 (charter schools). If neither bill is enacted by June 30, 2004, the amount provided in this subsection shall lapse.

Sec. 503. 2003 1st sp.s. c 25 s 503 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district’s certificated instructional total base salary shown on LEAP Document 12E by the district’s average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1Sa for the 2003-04 school year and LEAP Document 1Sb for the 2004-05 school year; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district’s certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:

(a) "LEAP Document 1Sa" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2003-04 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours;

(b) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff for the 2004-05 school year according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours; and

(c) "LEAP Document 12E" means the computerized tabulation of 2003-04 and 2004-05 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 31, 2003, at 09:06 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 9.04 percent for school year 2003-04 and 9.05 percent for school year 2004-05 for certificated staff and for classified staff 8.75 percent for school year 2003-04 and 8.75 percent for the 2004-05 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+ (N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+ (N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.
(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:
   (a) The employee has a masters degree; or
   (b) The credits were used in generating state salary allocations before January 1, 1992.
(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.
(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

Sec. 504. 2003 1st sp.s. c 25 s 504 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

| General Fund--State Appropriation (FY 2004) (1(28,511,000)) | $28,604,000 |
| General Fund--State Appropriation (FY 2005) (1(116,670,000)) | $132,202,000 |
| General Fund--Federal Appropriation (1(550,000)) | $663,000 |
| TOTAL APPROPRIATION (1(145,740,000)) | $161,469,000 |

The appropriations in this section are subject to the following conditions and limitations:
1. $(1(31,313,000)) 8,944,000 of the general fund--state appropriation for fiscal year 2004 and $(20,238,000) 20,339,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.
   (a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.
   (b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and (9.44) 9.05 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.
2. $5,452,000 of the general fund--state appropriation is provided solely to provide a salary adjustment for state formula classified units of one percent effective September 1, 2004, and $126,598,000 is provided solely for adjustments to insurance benefit allocations.
   (a) In order to receive funding provided in this subsection for salary adjustments for state formula classified units, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection for this purpose shall be used exclusively for providing the percentage increases specified in this subsection to...
classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(ii) The appropriations include associated incremental fringe benefit allocations at rates of 8.75 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district’s basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The maintenance rate for insurance benefit allocations is $457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to $481.31 per month for the 2003-04 school year and $582.47 per month for the 2004-05 school year.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

Sec. 507. 2003 1st sp.s. c 25 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS
General Fund--State Appropriation (FY 2004) ((433,984,000)) $435,061,000
The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supersede any prior special education excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A “special education eligible student” means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district’s annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district’s average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district’s annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district’s average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment” means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent” means the district’s resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district’s annual average full-time equivalent basic education enrollment.

Each district’s general fund--state funded special education enrollment shall be the lesser of the district’s actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the
determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential Medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children’s orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly related to inclusion issues.

(14) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

MISCELLANEOUS

NEW SECTION. Sec. 901. A new section is added to 2003 1st sp. s. c 25 (uncodified) to read as follows:

FUND BALANCE TRANSFER.
At the end of fiscal year 2004, the office of financial management shall transfer to the general fund-state fund balance the unspent federal fiscal relief grant moneys received as a result of P.L. 108-27 (federal jobs and growth tax relief reconciliation act of 2003). Pursuant to RCW 43.135.035(5), the state expenditure limit shall be increased by the amount of the transfer.

NEW SECTION. Sec. 902. A new section is added to 2003 1st sp.s. c 25 (uncodified) to read as follows:

AGENCY EXPENDITURES FOR MOTOR VEHICLES. The use of hybrid motor vehicles reduces air contaminants, greenhouse gas emissions and reliance on imported sources of petroleum. To foster the use of hybrid motor vehicles, beginning July 1, 2004, before the purchase or lease of a motor vehicle, state agencies should first consider the feasibility of hybrid motor vehicles. State agencies should strive to purchase or lease a hybrid motor vehicle when the use of such vehicle is consistent with and can accomplish the agency’s mission and when the purchase is financially reasonable. The financial assessment should include savings accruing from reduced fuel purchases over the life of the vehicle. Agencies shall report on their purchases of hybrid vehicles in their biennial sustainability plans as required under executive order 02-03.

Sec. 903. RCW 9.46.100 and 2002 c 371 s 901 are each amended to read as follows:

There is hereby created the gambling revolving fund which shall consist of all moneys receivable for licensing, penalties, forfeitures, and all other moneys, income, or revenue received by the commission. The state treasurer shall be custodian of the fund. All moneys received by the commission or any employee thereof, except for change funds and an amount of petty cash as fixed by rule or regulation of the commission, shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the gambling revolving fund. Disbursements from the revolving fund shall be on authorization of the commission or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the gambling revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund. All expenses relative to commission business, including but not limited to salaries and expenses of the director and other commission employees shall be paid from the gambling revolving fund.

During the (2001-2003) 2003-2005 fiscal biennium, the legislature may transfer from the gambling revolving fund to the problem gambling treatment account, contingent on enactment of chapter ..., Laws of 2004 (Second Substitute House Bill No. 2776, problem gambling treatment). Also during the 2003-2005 fiscal biennium, the legislature may transfer from the gambling revolving fund to the state general fund such amounts as reflect the excess nontribal fund balance of the fund (and reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings). The commission shall not increase fees during the 2003-2005 fiscal biennium for the purpose of restoring the excess fund balance transferred under this section.

Sec. 904. RCW 28A.160.195 and 1995 1st sp.s. c 10 s 1 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the regional transportation coordinators of the educational service districts, shall establish a minimum number of school bus categories considering the capacity and type of vehicles required by school districts in Washington. The superintendent, in consultation with the regional transportation coordinators of the educational service districts, shall establish competitive specifications for each category of school bus. The categories shall be developed to produce minimum long-range operating costs, including costs of equipment and all costs in operating the vehicles. The categories, for purposes of comparative studies, will be at a minimum the same as those in the beginning of the 1994-95 school year. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts. In fiscal year 2005, the superintendent may solicit and accept price quotes for a rear-engine category school bus that shall be reimbursed at the price of the corresponding front engine category.

(2) After establishing school bus categories and competitive specifications, the superintendent of public instruction shall solicit competitive price quotes from school bus dealers to be in effect for one year and shall (a) except in fiscal year 2005, establish a list of the lowest competitive price quotes obtained under this subsection and (b) in fiscal year 2005, establish a list of all accepted price quotes in each category obtained under this subsection.

(3) The superintendent shall base the level of reimbursement to school districts and educational service districts for school buses on the lowest quote in each category.

(4) Notwithstanding RCW 28A.335.190, school districts and educational service districts may purchase at the quoted price directly from the dealer who is providing the lowest competitive price quote on the list established under subsection (2) of this section and in fiscal year 2005 from any dealer on the list established under subsection (2)(b) of this section. School districts and educational service districts may make their own selections for school buses, but shall be reimbursed at the rates determined under (this section) subsection (3) of this section and RCW 28A.160.200. District-selected options shall not be reimbursed by the state. For the 2003-
Sec. 905. RCW 28B.102.040 and 1987 c 437 s 4 are each amended to read as follows:
The higher education coordinating board shall establish a planning committee to develop criteria for the screening and selection of recipients of the conditional scholarships. These criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, and an ability to act as a role model for targeted ethnic minority students. These criteria also may include, for approximately half of the recipients, requirements that those recipients meet the definition of "needy student" under RCW 28B.10.802.
Subject to enactment of chapter . . ., Laws of 2004 (SHB 2708), for fiscal year 2005, additional priority shall be given to such individuals who are also bilingual. It is the intent of the legislature to develop a pool of dual-language teachers in order to meet the challenge of educating students who are dominant in languages other than English.

Sec. 906. RCW 28B.119.010 and 2003 c 233 s 5 are each amended to read as follows:
The higher education coordinating board shall design the Washington promise scholarship program based on the following parameters:
(1) Scholarships shall be awarded to students graduating from public and approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, who meet both an academic and a financial eligibility criteria.
(a) Academic eligibility criteria shall be defined as follows:

(ii) Students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, students participating in home-based instruction as provided in chapter 28A.200 RCW, and persons twenty-one years of age or younger receiving a GED certificate, must equal or exceed a cumulative scholastic assessment test I score of twelve hundred on their first attempt or must equal or exceed a composite American college test score of twenty-seven on their first attempt.
(b) To meet the financial eligibility criteria, a student’s family income shall not exceed one hundred thirty-five percent of the state median family income adjusted for family size, as determined by the higher education coordinating board for each graduating class. Students not meeting the eligibility requirements for the first year of scholarship benefits may reapply for the second year of benefits, but must still meet the income standard set by the board for the student’s graduating class.
Beginning with the graduating class of 2004, a student’s family income shall not exceed one hundred twenty percent of the state median family income adjusted for family size, as determined by the higher education coordinating board.
(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.
(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington’s community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.
(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.
(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.
(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.
(7) The scholarships may be used for college-related expenses, including but not limited to, tuition, room and board, books, and materials.
(8) The scholarships may not be awarded to any student who is pursuing a degree in theology.
(9) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.
(10) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

**Sec. 907.** RCW 43.83.020 and 1991 sp.s. c 13 s 46 are each amended to read as follows:

(1) The proceeds from the sale of the bonds authorized herein shall be deposited in the state building construction account which is hereby established in the state treasury and shall be used exclusively for the purposes of carrying out the provisions of the capital appropriation acts, and for payment of the expense incurred in the printing, issuance, and sale of such bonds.

(2) During the 2003-2005 biennium, the legislature may transfer moneys from the state building construction account to the conservation assistance revolving account such amounts as reflect the excess fund balance of the account.

**Sec. 908.** RCW 43.88.030 and 2002 c 371 s 911 are each amended to read as follows:

(1) The director of financial management shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least three months before agency budget documents are due into the office of financial management. The director shall provide agencies and committees that are required under RCW 44.40.070 to develop comprehensive six-year program and financial plans with a complete set of instructions for submitting these program and financial plans at the same time that instructions for submitting other budget requests are provided. The budget document or documents shall consist of the governor’s budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed six-year financial policies where applicable, and shall describe in connection therewith the important features of the budget. The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature. The budget document or documents shall set forth a proposal for expenditures in the ensuing fiscal period, or six-year period where applicable, based upon the estimated revenues and caseloads as approved by the economic and revenue forecast council and caseload forecast council or upon the estimated revenues and caseloads of the office of financial management for those funds, accounts, sources, and programs for which the forecast councils do not prepare an official forecast, including those revenues anticipated to support the six-year programs and financial plans under RCW 44.40.070. In estimating revenues to support financial plans under RCW 44.40.070, the office of financial management shall rely on information and advice from the transportation revenue forecast council. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and caseloads for use in the governor’s budget document may be adjusted to reflect budgetary revenue transfers and revenue and caseload estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and caseloads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under RCW 44.40.070. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

The budget document or documents shall also contain:

(a) Revenues classified by fund and source for the immediately past fiscal period, those received or anticipated for the current fiscal period, those anticipated for the ensuing biennium, and those anticipated for the ensuing six-year period to support the six-year programs and financial plans required under RCW 44.40.070;

(b) The undesignated fund balance or deficit, by fund;

(c) Such additional information dealing with expenditures, revenues, workload, performance, and personnel as the legislature may direct by law or concurrent resolution;

(d) Such additional information dealing with revenues and expenditures as the governor shall deem pertinent and useful to the legislature;

(e) Tabulations showing expenditures classified by fund, function, activity, and agency. However, documents submitted for the ((2003-05)) 2005-07 biennial budget request need not show expenditures by activity;

(f) A delineation of each agency’s activities, including those activities funded from nonbudgeted, nonappropriated sources, including funds maintained outside the state treasury;

(g) Identification of all proposed direct expenditures to implement the Puget Sound water quality plan under chapter 90.71 RCW, shown by agency and in total; and
(h) Tabulations showing each postretirement adjustment by retirement system established after fiscal year 1991, to include, but not be limited to, estimated total payments made to the end of the previous biennial period, estimated payments for the present biennium, and estimated payments for the ensuing biennium.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(a) Interest, amortization and redemption charges on the state debt;

SIGNED BY THE SPEAKER

The Speaker signed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2381,

GOVERNOR GARY LOCKE

The Sergeant at Arms announced that Governor Gary Locke was at the doors of the Chamber. The Speaker requested that the Sergeant at Arms escort Governor Locke to the Rostrum. The Governor addressed the body.

Governor Locke: "Thank you, Mr. Speaker and to the members of the House. It is a pleasure to be here. Emily and Dylan have been kind of floating around the last several days. Emily has just turned seven years old on Tuesday and Dylan turns five on Saturday. It's hard to believe that they have grown so much and so fast in just these few years. It's hard to believe that Emily was born just about five weeks after we took office in 1997. This is, of course unless you go into special session or there is some extraordinary circumstance between now and January, our last legislative session as the governor of the State of Washington. I want to tell you that it has been an incredible honor and privilege serving as governor of this incredible, wonderful, beautiful state.

It has been a pleasure being here in Olympia. I can't quite say where I would be sitting within these new chambers but I remember very well, very vividly the seat that I sat in for some 12 years in the House of Representatives in the Capitol Building. I have great memories of my days in Olympia as a legislator and now as governor.

We have done a lot of good stuff. You should be very proud of the incredible progress that we have been able to make in our state. I have watched over TVW and the access channels to some of the debate and proceedings. I know there are major philosophical difference on a lot of issues but in the end, you are able to compromise, you are able to come together and make progress on some tough
issues. When you go across the country, and I think as you have learned from some of your ALEC or NCSL and some of the other associations that you work in and work with, Washington is highly acclaimed in some many different areas. So many of our state agencies are ranked number one in the country. State Patrol, the premiere law enforcement agency in the year 2002. The Washington State Printing Office – deemed the most efficient most productive printing operation in all of America even compared to the private sector against major Fortune 500 companies. And the list goes on and on – Retirement Systems, Department of Information Services, so many of the things that the public gets can now be done over the Internet from the ease of their homes or businesses. And we’ve advanced Washington’s reputation around the world with trade missions to Asia, to Mexico and to Europe. You have all been part of that.

I know that several of you will not be returning next year due to retirements. Representative Sehlin for one, Representative McMorris who is running for Congress and many others will be going on to other ventures. And quite frankly, given the political season, not everyone will come back given the nature of politics. But you can be proud of what you have done for the people of the State of Washington. I am very proud of you, of our legislative system and my work with all of you.

I wanted to come by and say thank you. I know there has been a lot of tough negotiating and compromising these last several days and especially today on a whole host of issues. I know that people are very anxious to get home. I wanted to say thank you for the great job that you do. I wish you all the very best.”

MISCELLANEOUS

NEW SECTION. Sec. 901. A new section is added to chapter 89.08 RCW to read as follows:
The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec. 902. 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:
(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.
(2) The legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

Sec. 903. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:
(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.
(2)(a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.
(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.
(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.
(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be onetime expenditures that do not require future state resources to complete.

The inventory shall include maps illustrating the distribution of old growth forest stands on state lands, and tables describing the number of acres of such stands in each county, the department’s administrative unit, and forest type. The maps and tables shall identify both structurally uniform and structurally complex stands. The department of natural resources shall make a report of the inventory to the appropriate committees of the legislature.

(2) For the duration of the study, cutting or removal of the trees and stands 160 years or older is subject to the department publishing notification of proposed cutting or removal of old growth timber.

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.
(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state’s credit rating and the integrity of the state’s debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for colocon and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for colocong the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general
administration or the director’s designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:
(a) The state college and universities for research or experimental purposes;
(b) The state liquor control board for liquor stores and warehouses; and
(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution’s operating budget request once the facility is completed: Washington State University’s agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. 2003 1st sp.s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor’s budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency’s infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current...
programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(6) This section does not apply to sections 506 through 508, chapter 26, Laws of 2003 1st sp. sess.

Sec. 909. RCW 70.146.030 and 2003 1st sp. s c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college capital projects account shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

NEW SECTION. Sec. 911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various
options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION, Sec. 912. A new section is added to chapter 39.33 RCW to read as follows:
(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.
(2) This section expires June 30, 2005.

NEW SECTION, Sec. 913. A new section is added to chapter 79.19 RCW to read as follows:
(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.
(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.
(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION, Sec. 914. (1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.
(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the state shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall enter into an agreement with the department of general administration to work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.
(3) The department of general administration shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington and be processed as surplus property. The tribe shall be liable or responsible for any environmental contamination occurring during the period the tribe owns the property.
(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the state shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION, Sec. 915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION, Sec. 916. (1) In order to enhance salmon recovery efforts funded in the 2003-05 biennium in eastern Washington, a management board for regional fish recovery is established for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The board shall consist of representatives of local and regional interests, and the board shall invite state agencies and tribal governments with treaty fishing rights to participate as voting members on the board.
(2) The number of members, qualifications, terms, and responsibilities of the board shall be specified in an interlocal agreement under chapter 39.34 RCW or resolution of a local government.
(3) The board shall, at a minimum, have the following powers and duties:
(a) The board is responsible for the development and the adoption of a salmon and steelhead recovery plan.
(b) The habitat sections of the plan must be consistent with local watershed plans developed under chapter 90.82 RCW, the Northwest power and conservation council’s subbasin plans, and be based on critical pathway methodology under RCW 77.85.060. The board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of other units of local government.
(c) The harvest and hatchery sections of the plan must be consistent with the policies developed jointly by the comanagers, the department, and treaty Indian tribes.
(d) The hydropower sections of the plan must be consistent with policies developed by the federal agencies that operate or market power from the federal Columbia and Snake river power system.
(e) The board has authority to: Hire and fire staff, including an executive director; enter into contracts; accept grants and other moneys; and disburse funds.
(f) The board shall appoint and consult with a technical advisory committee. The board shall invite at least four representatives from state government and the treaty Indian tribes to participate on the technical advisory committee. The board may appoint additional members to the technical advisory committee.
(4) No action may be brought or maintained against any board member, the board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this chapter.
(5) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, nor as affecting or modifying any existing right of a federally recognized Indian tribe as determined under United States v. Washington, 384 F. Supp. 312 (W.D. Wash. 1974), or Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon 1969), and any applicable posttrial orders of those courts.
(6) This section expires June 30, 2005.

NEW SECTION. Sec. 917. Washington State University shall retain ownership of 22 acres of the lower pasture area south of the WSU Puyallup research campus and continue its existing use for agricultural research.

NEW SECTION. Sec. 920. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for sections 117 and 202 of this act, which take effect April 16, 2004.

On page 1, beginning on line 1 of the title, after "budget;" strike the remainder of the title and insert "making appropriations and authorizing expenditures for capital improvements; amending RCW 43.82.010, 70.146.030, and 28B.50.360; amending 2003 1st sp.s. c 26 ss 101, 104, 105, 107, 110, 161, 159, 173, 169, 250, 234, 313, 312, 317, 309, 340, 367, 369, 354, 394, 398, 406, 408, 501, 604, 615, 743, 380, 738, 805, 782, 816, 821, 130, 134, 151, 135, 162, 267, 273, 304, 310, 315, 333, 356, 366, 379, 399, 397, 389, 390, 412, 426, 606, 628, 633, 659, 678, 695, 702, 784, 786, 798, 801, 787, 601, 603, 629, 650, 672, 685, 697, 708, 799, 902, 905, 907, and 915 (uncodified); adding new sections to 2003 1st sp.s. c 26 (uncodified); adding a new section to chapter 89.08 RCW; adding a new section to chapter 39.33 RCW; adding a new section to chapter 79.19 RCW; creating new sections; providing an effective date; providing expiration dates; and declaring an emergency."

(1)(a) An insurer offering any health benefit plan to a small employer (\"shall\"), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (\"providing benefits identical to the schedule\")
of covered health services that are required to be delivered to an individual enrolled in the basic health plan) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than ((the basic health plan, provided such plans are in accordance with this chapter)) those included in the product offered under this subsection. An insurer offering a health benefit plan ((that does not include benefits in the basic health plan)) under this subsection shall clearly disclose ((these differences)) all covered benefits to the small employer in a brochure ((approved by)) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 ((if (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees)).

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereunto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (not to exceed twenty percent).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. 2. His or her health care provider is part of another carrier’s provider network; and

3. Application for a health benefit plan under that carrier’s provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier’s provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health...

(b) With respect to application by a health carrier the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 4. RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the insurance commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.
(4) The provisions of this section do not apply in the following cases:

  (b) A carrier replaces a product and the replacement product is provided to all covered persons within
that class or line of business, includes all of the services covered under the replaced product, and does not
significantly limit access to the kind of services covered under the replaced product. The health plan may also
allow unrestricted conversion to a fully comparable product; (g)
  (c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit
plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the
 discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group
provided coverage of this type the option to enroll, with regard to small employer groups, in any other small
employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan,
currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to
discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier
acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may
become eligible for this coverage;
  (d) A carrier discontinues offering all health coverage in the small group market or for groups of up to
two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans
in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to
discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing
health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all
such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to
discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation.
In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this
state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of
the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the
commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not
discontinue coverage of existing enrollees under that health benefit plan; or
  (e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier
has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to
serve enrollees would be exceeded.
  (5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to
be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and
subsequent written approval by the insurance commissioner.
  (6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to
a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group
of one was eligible to enroll on the day prior to the effective date of this section; and (b) the person continues to
qualify as a group of one under the criteria in place on the day prior to the effective date of this section.

incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this
section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option,
the plan could have been terminated for other than nonpayment of premium.
(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier
from canceling or nonrenewing a health plan for:
  (a) Nonpayment of premium;
  (b) Violation of published policies of the carrier approved by the commissioner;
  (c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply
for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal
laws and regulations;
  (d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the
provider of health care services;
  (e) Covered persons committing fraudulent acts as to the carrier;
  (f) Covered persons who materially breach the health plan; or
  (g) Change or implementation of federal or state laws that no longer permit the continued offering of
such coverage.
(3) This section does not apply in the following cases:
  (a) A carrier has zero enrollment on a product;
  (b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier
has demonstrated to the commissioner that the carrier’s clinical, financial, or administrative capacity to serve
enrollees would be exceeded;
  (c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period
beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in
the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

Sec. 6. RCW 48.44.022 and 2000 c 79 s 30 are each amended to read as follows:

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. NEW SECTION. Sec. 504. A new section is added to 2003 c 360 (uncodified) to read as follows:
INFORMATION SYSTEMS PROJECTS.
Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.
(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.
(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:
(a) System refurbishment, acquisitions, and development efforts;
(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
(c) Assessment of overall information processing performance, resources, and capabilities;
(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
(e) Progress toward enabling electronic access to public information.
(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.
(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project’s impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency’s information technology capabilities on meeting service delivery demands.
(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency’s business functions within each development cycle.
(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.
(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of
taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project’s quality assurance plan.

NEW SECTION. Sec. 505. A new section is added to 2003 c 360 (uncodified) to read as follows:
(1) It is the intent of the legislature that the freight mobility account created in Substitute Senate Bill No. 6680 maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the Washington state department of transportation may make expenditures from the account before receiving reimbursements. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the freight mobility account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the freight mobility account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the freight mobility account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.
(2) This section is null and void unless either Engrossed Substitute Senate Bill No. 6701 or Engrossed Substitute Senate Bill No. 6680 is enacted by June 30, 2004.

NEW SECTION. Sec. 506. A new section is added to 2003 c 360 (uncodified) to read as follows: Washington state ferries are more than a symbol of the state’s natural beauty and economic vitality. They also are a critical component of our state’s transportation system, serving as an extension of our land-based highways and transit systems, connecting Washington’s people, jobs, and communities.

The investments made in the 2003 transportation funding package provide the foundation for a marine transportation system that coordinates Washington’s cross-Sound marine transportation and our land-based transportation alternatives to create a fully integrated marine/land multimodal transportation system. Achieving this will require the development of a long-range vision and supporting strategy that will provide the policy guidance to define and maximize efficient delivery of quality marine transportation service to the traveling public.

(1) To accomplish this, the Washington state department of transportation shall develop a vision statement and 10-year strategy for the future development of Washington’s multimodal water-based transportation system.

(a) This strategy shall recommend the most appropriate means of moving foot passengers across central Puget Sound, using Washington state ferries, alternative operators, or a combination of both, in the immediate future and over the longer term:

(i) Giving priority to those routes where passenger service likely will be provided at least for the near term on passenger-only vessels, such as Vashon-Seattle, Kingston-Seattle, Southworth-Seattle, and Clinton-Seattle. Consideration shall be given to existing public-private partnership opportunities;

(ii) Considering how service patterns will best fit in the near and long term with development goals and opportunities of Colman Dock as a major hub for integrating water transportation with other transportation modes in downtown Seattle;

(iii) Evaluating how operating economies and reasonable fare box recoveries can be established by scheduling A.M. and P.M. services to match commuter demand and to fit within existing collective bargaining agreements as interpreted and applied to facilitate "split shift” transit-like operations; and

(iv) Providing a vessel plan that most efficiently uses existing state ferry assets and provides for their likely repair and rehabilitation needs, while preserving flexibility to structure services around vessel availability that could rely on purchase or lease of additional vessels, as may suitably be required.

The strategy shall also consider the availability of partnering in operations, vessel deployment, or funding arrangements with other public transportation entities and with the private sector. The study shall also recommend the most effective use of federal funding opportunities for the overall support of integrated water transportation services on the central Puget Sound.

(b) Other components of the strategy shall include but not be limited to:

(i) A long-term plan for the ferry system’s existing terminals, considering the revenue generation opportunities and potential for partnering with the private sector where appropriate. This should include a plan for generating other revenues as identified in the 2003 5-5-5 plan; and

(ii) A more equitable fare structure for the San Juan Islands, particularly for island residents.

(2) The department shall consult with key public and private sector stakeholders including business, labor, environmental community representatives, local governments, and transit agencies as part of the development of the vision statement and supporting strategy.
The long-range strategy should also recommend a short-range implementation plan for the 2005-07 biennium. The department shall provide its recommendations to the transportation committees of the legislature by December 15, 2004.

NEW SECTION. Sec. 507. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 508. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 1 of the title, after "appropriations;" strike the remainder of the title and insert "amending RCW 70.94.996; amending 2003 1st sp.s. c 26 ss 506 and 508 (uncodified); amending 2003 c 360 ss 102, 202, 203, 204, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 304, 305, 308, 310, 401, 402, 403, 404, 405, 406, and 407 (uncodified); adding new sections to 2003 c 360 (uncodified); and declaring an emergency."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that bail bond agents and bail bond recovery agents serve a necessary and important purpose in the criminal justice system by locating, apprehending, and surrendering fugitive criminal defendants. The legislature also recognizes that locating, apprehending, and surrendering fugitives requires special skills and expertise; that bail bond agents and bail bond recovery agents are often required to perform their duties under stressful and demanding conditions; and that it serves the public interest to have qualified people performing such essential functions. Therefore, bail bond agencies that use the services of bail bond recovery agents must, in the interest of public safety, use bail bond recovery agents who possess the knowledge and competence necessary for the job.

Sec. 2. RCW 18.185.010 and 2000 c 171 s 40 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(9) "Branch office" means any office physically separated from the principal place of business of the licensee from which the licensee or an employee or agent of the licensee conducts any activity meeting the criteria of a bail bond agency.
(10) "Bail bond recovery agent" means a person who is under contract with a bail bond agent to receive compensation, reward, or any other form of lawful consideration for locating, apprehending, and surrendering a fugitive criminal defendant for whom a bail bond has been posted. The Washington state patrol shall forward the fingerprints of applicants to the federal bureau of investigation for a national criminal history records check. The director may accept proof of a recent national crime information center/III criminal background report or any national or interstate criminal background report in addition to fingerprints to accelerate the licensing and endorsement process. The director is authorized to periodically perform a background investigation of licensees to identify criminal convictions subsequent to the renewal of a license or endorsement.

NEW SECTION. Sec. 5. A new section is added to chapter 18.185 RCW to read as follows:

NEW SECTION. Sec. 6. A new section is added to chapter 18.185 RCW to read as follows:

A bail bond recovery agent must carry, in addition to the license issued by the department, a copy of the contract and, if requested, must present a copy of the contract and the license to the fugitive criminal defendant, the owner or manager of the property in which the agent entered in order to locate or apprehend the fugitive, other residents, if any, of the residence in which the agent entered in order to locate or apprehend the fugitive, and to the local law enforcement agency or officer. If presenting a copy of the contract or the license at the time of the request would unduly interfere with the location or apprehension of the fugitive, the agent shall present the copy of the contract or the license within a reasonable period of time after the exigent circumstances expire.

The records shall be open to inspection without notice by the director or authorized representatives of the director.

(2) Every qualified agent who receives collateral or security is a fiduciary of the property and shall keep adequate records for three years of the receipt, safekeeping, and disposition of the collateral or security. Every qualified agent shall maintain a trust account in a federally insured financial institution located in this state. All moneys, including cash, checks, money orders, wire transfers, and credit card sales drafts, received as collateral or security or otherwise held for a bail bond agency’s client shall be deposited in the trust account not later than the third banking day following receipt of the funds or money. A qualified agent shall not in any way encumber the corpus of the trust account or commingle any other moneys with moneys properly maintained in the trust account. Each qualified agent required to maintain a trust account shall report annually under oath to the director the account number and balance of the trust account, and the name and address of the institution that holds the trust account, and shall report to the director within ten business days whenever the trust account is changed or relocated or a new trust account is opened.

(3) Whenever a bail bond is exonerated by the court, the qualified agent shall, within five business days after written notification of exoneration (and upon written demand), return all collateral or security to the person entitled thereto.

(4) Records of contracts for fugitive apprehension must be retained by the bail bond agent and by the bail bond recovery agent for a period of three years.

Sec. 9. RCW 18.185.110 and 2002 c 86 s 251 are each amended to read as follows:

In addition to the unprofessional conduct described in RCW 18.235.130, the following conduct, acts, or condition constitute unprofessional conduct:

(1) Violating any of the provisions of this chapter or the rules adopted under this chapter;

(2) Failing to meet the qualifications set forth in RCW 18.185.020 and 18.185.030;

(3) Knowingly committing, or being a party to, any material fraud, misrepresentation, concealment, conspiracy, collusion, trick, scheme, or device whereby any other person lawfully relies upon the word, representation, or conduct of the licensee. However, this subsection (3) does not prevent a bail bond recovery agent from using any pretext to locate or apprehend a fugitive criminal defendant or gain any information regarding the fugitive.
Assigning or transferring any license issued pursuant to the provisions of this chapter, except as provided in RCW 18.185.030;

Conversion of any money or contract, deed, note, mortgage, or other evidence of title, to his or her own use or to the use of his or her principal or of any other person, when delivered to him or her in trust or on condition, in violation of the trust or before the happening of the condition; and failure to return any money or contract, deed, note, mortgage, or other evidence of title within thirty days after the owner is entitled to possession, and makes demand for possession, shall be prima facie evidence of conversion;

Failing to keep records, maintain a trust account, or return collateral or security, as required by RCW 18.185.100;

Any conduct in a bail bond transaction which demonstrates bad faith, dishonesty, or untrustworthiness;

Violation of an order to cease and desist that is issued by the director under this chapter;

Wearing, displaying, holding, or using badges not approved by the department;

Making any statement that would reasonably cause another person to believe that the bail bond recovery agent is a sworn peace officer;

Failing to carry a copy of the contract or to present a copy of the contract as required under section 6(1) of this act;

Using the services of an unlicensed bail bond recovery agent or using the services of a bail bond recovery agent without issuing the proper contract;

Misrepresenting or knowingly making a material misstatement or omission in the application for a license;

Using the services of a person performing the functions of a bail bond recovery agent who has not been licensed by the department as required by this chapter; or

Performing the functions of a bail bond recovery agent without being both (a) licensed under this chapter or supervised by a licensed bail bond recovery agent under section 11 of this act; and (b) under contract with a bail bond agent.

NEW SECTION. Sec. 10. A new section is added to chapter 18.185 RCW to read as follows:

(1) A person may not perform the functions of a bail bond recovery agent unless the person is licensed by the department under this chapter.

(2) A bail bond agent may contract with a person to perform the functions of a bail bond recovery agent. Before contracting with the bail bond recovery agent, the bail bond agent must check the license issued by the department under this chapter. The requirements established by the department under this chapter do not prevent the bail bond agent from imposing additional requirements that the bail bond agent considers appropriate.

(3) A contract entered into under this chapter is authority for the person to perform the functions of a bail bond recovery agent as specifically authorized by the contract and in accordance with applicable law. A contract entered into by a bail bond agent with a bail bond recovery agent is not transferable by the bail bond recovery agent to another bail bond recovery agent.

(4) Whenever a person licensed by the department as a bail bond recovery agent is engaged in the performance of the person’s duties as a bail bond recovery agent, the person must carry a copy of the license.

(5) A license or endorsement issued by the department under this chapter is valid from the date the license or endorsement is issued until its expiration date unless it is suspended or revoked by the department prior to its expiration date.

(6) No person may perform the functions of a bail bond recovery agent after December 31, 2005, unless the person has first complied with the provisions of this chapter.

(7) Nothing in this chapter is meant to prevent a bail bond agent from contacting a fugitive criminal defendant for the purpose of requesting the surrender of the fugitive, or from accepting the voluntary surrender of the fugitive.

NEW SECTION. Sec. 11. A new section is added to chapter 18.185 RCW to read as follows:

A bail bond recovery agent from another state who is not licensed under this chapter may not perform the functions of a bail bond recovery agent in this state unless the agent is working under the direct supervision of a licensed bail bond recovery agent.

NEW SECTION. Sec. 12. A new section is added to chapter 18.185 RCW to read as follows:

(1) Before a bail bond recovery agent may apprehend a person subject to a bail bond in a planned forced entry, the bail bond recovery agent must notify an appropriate law enforcement agency in the local jurisdiction in which the apprehension is expected to occur. Notification must include, at a minimum: The name of the defendant; the address, or the approximate location if the address is undeterminable, of the dwelling, building, or other structure where the planned forced entry is expected to occur; the name of the bail bond recovery agent; the name of the contracting bail bond agent; and the alleged offense or conduct the defendant committed that resulted in the issuance of a bail bond.

(2) During the actual planned forced entry, a bail bond recovery agent:
(a) Shall wear a shirt, vest, or other garment with the words "BAIL BOND RECOVERY AGENT" displayed in at least two-inch-high reflective print letters across the front and back of the garment and in a contrasting color to that of the garment; and

(b) May display a badge approved by the department with the words "BAIL BOND RECOVERY AGENT" prominently displayed.

Sec. 13. RCW 18.185.170 and 2002 c 86 s 254 are each amended to read as follows:

(1) ((After June 30, 1994,)) Any person who performs the functions and duties of a bail bond agent in this state without being licensed in accordance with the provisions of this chapter, or any person presenting or attempting to use as his or her own the license of another, or any person who gives false or forged evidence of any kind to the director in obtaining a license, or any person who falsely impersonates any other licensee, or any person who attempts to use an expired or revoked license, or any person who violates any of the provisions of this chapter is guilty of a gross misdemeanor.

(2) ((After January 1, 1994,)) A person is guilty of a gross misdemeanor if ((he or she)) the person owns or operates a bail bond agency in this state without first obtaining a bail bond agency license.

(3) ((After June 30, 1994,)) The owner or qualified agent of a bail bond agency is guilty of a gross misdemeanor if ((he or she)) the owner or qualified agent employs any person to perform the duties of a bail bond agent without the employee having in ((his or her)) the employee's possession a permanent bail bond agent license issued by the department.

(4) After December 31, 2005, a person is guilty of a gross misdemeanor if the person:

(a) Performs the functions of a bail bond recovery agent without first obtaining a license from the department and entering into a contract with a bail bond agent as required by this chapter; or, in the case of a bail bond recovery agent from another state, the person performs the functions of a bail bond recovery agent without operating under the direct supervision of a licensed bail bond recovery agent as required by this chapter; or,

(b) Conducts a planned forced entry without first complying with the requirements of this chapter.

On page 1, beginning on line 1 of the title, after "agents;" strike the remainder of the title and insert "amending RCW 18.185.010, 18.185.040, 18.185.090, 18.185.100, 18.185.110, and 18.185.170; adding new sections to chapter 18.185 RCW; creating a new section; and prescribing penalties."

MESSAGE FROM THE SENATE

March 11, 2004

Mr. Speaker:

The Senate has passed:

ENGROSSED HOUSE BILL NO. 1677,
SUBSTITUTE HOUSE BILL NO. 2510,
and the same are herewith transmitted.

Milt H. Doumit, Secretary

POINT OF PERSONAL PRIVILEGE

Representative Orcutt: "Thank you, Mr. Speaker. I wanted to rise and take a moment to thank all the members of this body for all of the assistance they have given me in this sixty day session. It has been very difficult for me to get around. The hardest part has been carrying anything so getting things from one place to another. I want to take a couple of minutes to thank some people. You know when you are sitting in a two hour long committee, and you’re asking a lot questions, your throat kind of dries out and that sort of thing so it really means a lot even though it seems like a very small thing for someone to bring you a cup of water. It seemed like I had somebody in all three of my committees that would do that. So in Finance, I want to thank the gentle lady from the 37th, even when she couldn’t talk, she’d tap me on the shoulder and hold the cup up – that was the way she would ask me if I wanted water. Capital Budget, the gentle lady from the 8th, I want to thank her. In Agriculture and Natural Resources, the gentleman from the 22nd. Most of you will notice that is across party lines. That is something that really strikes me. We have our floor debates and we do have our partisan issues and our party line votes but when it comes to something like this, the party affiliation doesn’t enter into
it. That means a lot to me. Carrying things like my laptop and other documents, that we get in committee, that I needed brought to the floor, there was the lady from the 13th, even though she was needing physical therapy on her arm. Both gentlemen from the 6th, the gentlemen from the 31st and the 39th. There are a number of pages, legislative aides and members of the security team have all been very helpful.

I also want to thank the gentleman from the 40th, he was willing to trade parking spaces so I didn't have to got so far on crutches and I really appreciate that, that was something he didn't have to do. I also want to thank the Speaker and the Speaker Pro Tempore because when a dozen people were popping up, they generally didn't make me pop up more than two or three times.

But there is one person I really need to thank more than anybody else – today makes five months since I broke my leg and the person who was there when I broke my leg has been here for me through the entire way. She had to take a week off to work to finish the move. She took another week off just to help me get settled when I got out of the hospital and help take care of me. Any though I started getting around and I could drive, I still couldn't carry things. So how do you live in Olympia and pack your suits in and out of the place you're staying without some help. So every Sunday, she has come up with me and she has packed all of my suits, clothing and supplies I needed – I really do need to thank my wife Marci. She has been a huge help, she has been very patient through all of this. So along with thanking all of you, I want to thank my wife Marci as well."

SPEAKER'S GIFT

Representative Kessler: "Mr. Speaker, the tradition of the House of Representatives is to
acknowledge your two years as Speaker, your first two year term I might add, and we all as members
of the House of Representatives sort of put some things together to give you a gift that we hope will
always be a reminder of your two years as Speaker, and how much we all appreciated the way you
directed this House chamber and how often you let the Speaker Pro Tempore preside. Your good
humor along the way, we really appreciated. This gift from both caucuses is a gift that we understand
you will be able to use for your great Croatian dinners and your political soirees around a table.

Please accept this gift from us to you and to your family."

Representative DeBolt: "So you are thinking, 'we gave all this money, and you gave me
apples.' What we did was to contact Nancy about something you have been wanting to purchase for a
while. So there is a dining room table that you have had your eye on. So as you sit around with your
family after session, now you will think about us."

Mr. Speaker: "This is amazing. Now I have to talk to my wife about this. For weeks, we've
been trying to pick out the color of the chairs. This is expensive by the way.

I want to say thank you for doing this and it's a great honor to serve with all of you. I've got
to say that it used to be in the old days that the press would complain about how little the Legislature
did, but I’ve got to say that the last couple of years here we’ve accomplished a tremendous amount of work including the work we did this Session. I also feel compelled to recognize the person who maybe this gift should really go to, our Speaker Pro Tempore John Lovick. Will you please join me in supporting him? I’ve told this to John, that it got to the point where John was presiding so much that my mother called to complain, she said ‘Frankie, where are you?’ I really appreciate you, John, and all the work you’ve done. Believe me, I know how much work it is.

Thank you.”

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2797, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.47.020 and 2000 c 79 s 43 are each amended to read as follows:

As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health authority.

(3) "Health coverage tax credit program" means the program created by the Trade Act of 2002 (P.L. 107-210) that provides a federal tax credit that subsidizes private health insurance coverage for displaced workers certified to receive certain trade adjustment assistance benefits and for individuals receiving benefits from the pension benefit guaranty corporation.

(4) "Health coverage tax credit eligible enrollee" means individual workers and their qualified family members who lose their jobs due to the effects of international trade and are eligible for certain trade adjustment assistance benefits; or are eligible for benefits under the alternative trade adjustment assistance program; or are people who receive benefits from the pension benefit guaranty corporation and are at least fifty-five years old.

(5) "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(7).

((44))) (6) "Subsidized enrollee" means an individual, or an individual plus the individual’s spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and (e) who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, "subsidized enrollee" also means an individual, or an individual’s spouse or dependent children, who meets the requirements in (a) through (c) and (e) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

((44))) (7) "Nonsubsidized enrollee" means an individual, or an individual plus the individual’s spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and (e) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

((44))) (6) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee’s responsibility under RCW 70.47.060(2)."
Sec. 2. RCW 70.47.030 and 1995 2nd sp. s. c 18 s 913 are each amended to read as follows:
(1) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan.
During the 1995-97 fiscal biennium, the legislature may transfer funds from the basic health plan trust account to the state general fund.
(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.
(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 3. RCW 70.47.060 and 2001 c 196 s 13 are each amended to read as follows:
The administrator has the following powers and duties:
(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.
(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (((4))) (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (((4))) (12) of this section.
(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.
(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of
2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for (either) subsidized enrollees, (either) nonsubsidized enrollees, or (both) health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family’s current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid.
due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

**Sec. 4.** RCW 70.47.100 and 2000 c 79 s 35 are each amended to read as follows:

1. A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

2. The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas
served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:
   (a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;
   (b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;
   (c) The administrator may then select one or more systems to provide the covered services within a local area; and
   (d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to ((either)) subsidized enrollees, ((or)) nonsubsidized enrollees, health coverage tax credit eligible enrollees, or ((both)) any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:
   (i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or
   (ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the statewide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.
   (b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.
   (c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator.

Sec. 5. RCW 48.43.015 and 2001 c 196 s 7 are each amended to read as follows:

(1) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).

(2) For a health benefit plan offered to a group other than a small group:
   (a) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.
   (b) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.
   (c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan’s offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:
   (a) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such
coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant’s immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan’s offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection (5) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier’s provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier’s provider network; and (iii) application for a health benefit plan under that carrier’s provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier’s provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection (4), a preceding health plan includes an employer-provided self-funded health plan, the basic health plan’s offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(5) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(6) Subject to the provisions of subsections (1) through (5) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group’s preexisting conditions or health history.

NEW SECTION Sec. 6. This act takes effect January 1, 2005.

The Speaker called upon Representative Lovick to preside.

SENATE AMENDMENTS TO HOUSE BILL

March 11, 2004

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2985, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.04.208 and 2002 c 319 s 2 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Disabled employee" means (an individual) a person eligible to receive a disability retirement allowance from the Washington law enforcement officers’ and fire fighters’ retirement system plan 2 and the public employees’ retirement system.

(b) "Health plan" means a contract, policy, fund, trust, or other program established jointly or individually by a county, municipality, or other political subdivision of the state that provides for all or a part of hospitalization or medical aid for its employees and their dependents under RCW 41.04.180.

(c) "Retired employee" means a public employee meeting the retirement eligibility, years of service requirements, and other criteria (set forth in) of the Washington law enforcement officers’ and fire fighters’ retirement system plan 2 and the public employees’ retirement system.

(2) A county, municipality, or other political subdivision that provides a health plan for its employees shall permit retired and disabled employees and their dependents to continue participation in a plan subject to the exceptions, limitations, and conditions set forth in this section. However, this section does not apply to a county, municipality, or other political subdivision participating in an insurance program administered under chapter 41.05 RCW if retired and disabled employees and their dependents of the participating county, municipality, or other political subdivision are covered under an insurance program administered under chapter 41.05 RCW. Nothing in this subsection or chapter 319, Laws of 2002 precludes the local government employer from offering retired or disabled employees a health plan with a benefit structure, copayment, deductible, coinsurance, lifetime benefit maximum, and other plan features which differ from those offered through a health plan provided to active employees. Further, nothing in this subsection precludes a local government employer from joining with other public agency employers, including interjurisdictional benefit pools and multi-employer associations or consortiums, to fulfill its obligations under chapter 319, Laws of 2002.

(3) A county, municipality, or other political subdivision has full authority to require a person who requests continued participation in a health plan under subsection (2) of this section to pay the full cost of such participation, including any amounts necessary for administration. However, this subsection does not require an employer who is currently paying for all or part of a health plan for its retired and disabled employees to discontinue those payments.

(4) Payments for continued participation in a former employer’s health plan may be assigned to the underwriter of the health plan from public pension benefits or may be paid to the former employer, as determined
by the former employer, so that an underwriter of the health plan that is an insurance company, health care
service contractor, or health maintenance organization is not required to accept individual payments from persons
continuing participation in the employer’s health plan.

(5) After an initial open enrollment period of ninety days after January 1, 2003, an employer may not be
required to permit a person to continue participation in the health plan if the person is responsible for a lapse in
coverage under the plan. In addition, an employer may not be required to permit a person to continue
participation in the employer’s health plan if the employer offered continued participation in a health plan that
meets the requirements of chapter 319, Laws of 2002.

(6) If a person continuing participation in the former employer’s health plan has medical coverage
available through another employer, the medical coverage of the other employer is the primary coverage for
purposes of coordination of benefits as provided for in the former employer’s health plan.

(7) If a person’s continued participation in a health plan was permitted because of the person’s
relationship to a retired or disabled employee of the employer providing the health plan and the retired or disabled
employee dies, then that person is permitted to continue participation in the health plan for a period of not more
than six months after the death of the retired or disabled employee. However, the employer providing the health
plan may permit continued participation beyond that time period.

(8) An employer may offer one or more health plans different from that provided for active employees
and designed to meet the needs of persons requesting continued participation in the employer’s health plan. An
employer, in designing or offering continued participation in a health plan, may utilize terms or conditions
necessary to administer the plan to the extent the terms and conditions do not conflict with this section.

(9) If an employer changes the underwriter of a health plan, the replaced underwriter has no further
responsibility or obligation to persons who continued participation in a health plan of the replaced underwriter.
However, the employer providing the health plan shall permit those persons to participate in any new health plan.

(10) The benefits granted under this section are not considered a matter of contractual right. Should the
legislature, a county, municipality, or other political subdivision of the state revoke or change any benefits
granted under this section, an affected person is not entitled to receive the benefits as a matter of contractual
right.

(11) This section does not affect any health plan contained in a collective bargaining agreement in
existence as of January 1, 2003. However, any plan contained in future collective bargaining agreements shall
conform to this section. In addition, this section does not affect any health plan contract or policy in existence as
of January 1, 2003. However, any renewal of the contract or policy shall conform to this section.

(12) Counties, municipalities, and other political subdivisions that make a documented good faith effort
to comply with the provisions of subsections (2) through (11) of this section and are unable to provide access to a
fully insured group health benefit plan are discharged from any obligations under subsections (2) through (11) of
this section but shall assist disabled employees and retired employees in applying for health insurance. Assistance
may include developing and distributing standardized information on the availability and cost of individual health
benefit plans, application packages, and health benefit fairs.

(13) The office of the insurance commissioner shall make available to counties, municipalities, and other
political subdivisions information regarding individual health benefit plans, including a list of carriers offering
individual coverage, the rates charged, and how to apply for coverage.

NEW SECTION. Sec. 2. 2002 c 319 s 5 (uncodified) is repealed.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its existing public institutions, and takes effect
immediately."

On page 1, line 2 of the title, after "employees;" strike the remainder of the title and insert "amending
RCW 41.04.208; repealing 2002 c 319 s 5 (uncodified); and declaring an emergency."

and the same is herewith transmitted.

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate receded from the amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2460. Under suspension of the rules Engrossed Substitute House Bill No. 2460 was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:
(1)(a) An insurer offering any health benefit plan to a small employer (shall), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (providing benefits identical to the schedule of covered health care services that are required to be delivered to an individual enrolled in the basic health plan) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than (the basic health plan, provided such plans are in accordance with this chapter) those included in the product offered under this subsection. An insurer offering a health benefit plan (that does not include benefits in the basic health plan) under this subsection shall clearly disclose (these differences) all covered benefits to the small employer in a brochure (approved by) filed with the commissioner.

(i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees).

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (basic health plan services) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:
(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.
(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.
(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).
(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.
(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (not to exceed twenty percent)."
(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
   (i) Changes to the enrollment of the small employer;
   (ii) Changes to the family composition of the employee;
   (iii) Changes to the health benefit plan requested by the small employer; or
   (iv) Changes in government requirements affecting the health benefit plan.
   (g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.
   (h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.
   (i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.
   (b) An insurer shall not require a minimum participation level greater than:
      (i) One hundred percent of eligible employees working for groups with three or less employees; and
      (ii) Seventy-five percent of eligible employees working for groups with more than three employees.
   (c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.
   (d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
   (6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.
   (e) As used in this section, "health benefit plan," "small employer," ("basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

(1) Except as provided in (a) through ((e)) (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:
   (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier’s provider network under his or her existing Washington individual health benefit plan; and
   (ii) His or her health care provider is part of another carrier’s provider network; and
   (iii) Application for a health benefit plan under that carrier’s provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier’s provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:
   (a) The carrier may decide not to accept the person’s application for enrollment in its individual health benefit plan; and
   (b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person’s application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 4. RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:
For group health benefit plans, the following shall apply:

1. All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

2. Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

3. The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:
   a. Nonpayment of premium;
   b. Violation of published policies of the carrier approved by the insurance commissioner;
   c. Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
   d. Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
   e. Covered persons committing fraudulent acts as to the carrier;
   f. Covered persons who materially breach the health plan; or
   g. Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

4. The provisions of this section do not apply in the following cases:
   a. A carrier has zero enrollment on a product; (which)
   b. A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; (which)
   c. No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;
   d. A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation.

In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

e. A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded.

5. The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

6. Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to the effective date of this section; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to the effective date of this section.
Sec. 5. RCW 48.43.038 and 2000 c 79 s 25 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;
(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;
(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or
(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

Sec. 6. RCW 48.44.022 and 2000 c 79 s 30 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age;
(iv) Tenure discounts; and
(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer.    (iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

(3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than (the basic health plan; provided such plans are in accordance with this chapter)) those included in the product offered under this subsection. A contractor offering a health benefit plan ((that does not include benefits in the basic health plan)) under this subsection shall clearly disclose (these differences) all covered benefits to the small employer in a brochure (approved by) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.404, 48.44.400, 48.44.440, and 48.44.450 ((if (1) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees)).

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (basic health plan services) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:
   (a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
      (i) Geographic area;
      (ii) Family size;
      (iii) Age; and
      (iv) Wellness activities.
   (b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.
   (c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).
   (d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.
(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (not to exceed twenty percent).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;
(ii) Changes to the family composition of the employer;
(iii) Changes to the health benefit plan requested by the small employer; or
(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and
(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 8. RCW 48.46.064 and 2000 c 79 s 33 are each amended to read as follows:

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization cost attributed to such programs (not to exceed twenty percent).

(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.46.066.

(3) As used in this section and RCW 48.46.066, "health benefit plan," "adjusted community rate," "small employer," and "wellness activities" mean the same as defined in RCW 48.43.005.

Nothing in this subsection shall preclude a health maintenance organization from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than ((the basic health plan provided such plans are in accordance with this chapter)) those included in the product offered under this subsection. A health maintenance organization offering a health benefit plan (that does not include benefits in the basic health plan) under this subsection shall clearly disclose (these differences) all the covered benefits to the small employer in a brochure ((approved by)) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.46.280, 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530 ((if (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees)).

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. (d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.
(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs ((not to exceed twenty percent)).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
(i) Changes to the enrollment of the small employer;

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier’s entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. (b) A health maintenance organization shall not require a minimum participation level greater than:
(i) One hundred percent of eligible employees working for groups with three or less employees; and
(ii) Seventy-five percent of eligible employees working for groups with more than three employees.
(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.
(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

**POINT OF PERSONAL PRIVILEGE**

Representative Mastin: "Thank you, Mr. Speaker. This is probably six years running, but each Sine Die I like to stand and speak for all of you to thank our families and those that we leave at home while we come here and do our best to represent our districts. While we are here late at night working and caught up in the stress of the policy that we are dealing with, sometimes we forget that those at home are waiting for us to come home. Mr. Speaker, I think that it is appropriate on Sine Die that we remember, recognize and honor those that allow us to come here and do the work of the people. Thank you."
